5. the technology to recover energy and materials from solid waste is of demonstrated commercial feasibility; and

6. various communities throughout the nation have different needs and different potentials for conserving resources and for utilizing techniques for the recovery of energy and materials from waste, and Federal assistance in planning and implementing such energy and materials conservation and recovery programs should be available to all such communities on an equitable basis in relation to their needs and potential.

EDITORIAL NOTES

CODIFICATION

Section was enacted as part of the Solid Waste Disposal Act Amendments of 1980, and not as part of the Solid Waste Disposal Act which comprises this chapter.

§6942. Federal guidelines for plans

(a) Guidelines for identification of regions

For purposes of encouraging and facilitating the development of regional planning for solid waste management, the Administrator, within one hundred and eighty days after October 21, 1976, and after consultation with appropriate Federal, State, and local authorities, shall by regulation publish guidelines for the identification of those areas which have common solid waste management problems and are appropriate units for planning regional solid waste management services. Such guidelines shall consider—

1. the size and location of areas which should be included,

2. the volume of solid waste which should be included, and

3. the available means of coordinating regional planning with other related regional planning and for coordination of such regional planning into the State plan.

(b) Guidelines for State plans

Not later than eighteen months after October 21, 1976, and after notice and hearing, the Administrator shall, after consultation with appropriate Federal, State, and local authorities, promulgate regulations containing guidelines to assist in the development and implementation of State solid waste management plans (hereinafter in this chapter referred to as "State plans"). The guidelines shall contain methods for achieving the objectives specified in section 6941 of this title. Such guidelines shall be reviewed from time to time, but not less frequently than every three years, and revised as may be appropriate.

(c) Considerations for State plan guidelines

The guidelines promulgated under subsection (b) shall consider—

1. the varying regional, geologic, hydrologic, climatic, and other circumstances under which different solid waste practices are required in order to insur the reasonable protection of the quality of the ground and surface waters from leachate contamination, the reasonable protection of the quality of the surface waters from surface runoff contamination, and the reasonable protection of ambient air quality;

2. characteristics and conditions of collection, storage, processing, and disposal operating methods, techniques and practices, and location of facilities where such operating methods, techniques, and practices are conducted, taking into
account the nature of the material to be disposed;
(3) methods for closing or upgrading open dumps for purposes of eliminating potential health hazards;
(4) population density, distribution, and projected growth;
(5) geographic, geologic, climatic, and hydrologic characteristics;
(6) the type and location of transportation;
(7) the profile of industries;
(8) the constituents and generation rates of waste;
(9) the political, economic, organizational, financial, and management problems affecting comprehensive solid waste management;
(10) types of resource recovery facilities and resource conservation systems which are appropriate; and
(11) available new and additional markets for recovered material and energy and energy resources recovered from solid waste as well as methods for conserving such materials and energy.

EDITORIAL NOTES

AMENDMENTS

1980—Subsec. (c)(11). Pub. L. 96–482 required State plan guidelines to consider energy and energy resources recovered from solid waste as well as methods for conserving such materials and energy.

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6943. Requirements for approval of plans

(a) Minimum requirements

In order to be approved under section 6947 of this title, each State plan must comply with the following minimum requirements—

(1) The plan shall identify (in accordance with section 6946(b) of this title) (A) the responsibilities of State, local, and regional authorities in the implementation of the State plan, (B) the distribution of Federal funds to the authorities responsible for development and implementation of the State plan, and (C) the means for coordinating regional planning and implementation under the State plan.

(2) The plan shall, in accordance with sections 6944(b) and 6945(a) of this title, prohibit the establishment of new open dumps within the State, and contain requirements that all solid waste (including solid waste originating in other States, but not including hazardous waste) shall be (A) utilized for resource recovery or (B) disposed of in sanitary landfills (within the meaning of section 6944(a) of this title) or otherwise disposed of in an environmentally sound manner.

(3) The plan shall provide for the closing or upgrading of all existing open dumps within the State pursuant to the requirements of section 6945 of this title.

(4) The plan shall provide for the establishment of such State regulatory powers as may be necessary to implement the plan.

(5) The plan shall provide that no State or local government within the State shall be prohibited under State or local law from negotiating and entering into long-term contracts for the supply of solid waste to resource recovery facilities, from entering into long-term contracts for the operation of such facilities, or from securing long-term markets for material and energy recovered from such facilities or for conserving materials or energy by reducing the volume of waste.

(6) The plan shall provide for such resource conservation or recovery and for the disposal of solid waste in sanitary landfills or any combination of practices so as may be necessary to use or dispose of such waste in a manner that is environmentally sound.

(b) Discretionary plan provisions relating to recycled oil

Any State plan submitted under this subchapter may include, at the option of the State, provisions to carry out each of the following:

(1) Encouragement, to the maximum extent feasible and consistent with the protection of the public health and the environment, of the use of recycled oil in all appropriate areas of State and local government.

(2) Encouragement of persons contracting with the State to use recycled oil to the maximum extent feasible, consistent with protection of the public health and the environment.

(3) Informing the public of the uses of recycled oil.
(4) Establishment and implementation of a program (including any necessary licensing of persons and including the use, where appropriate, of manifests) to assure that used oil is collected, transported, treated, stored, reused, and disposed of, in a manner which does not present a hazard to the public health or the environment.

Any plan submitted under this chapter before October 15, 1980, may be amended, at the option of the State, at any time after such date to include any provision referred to in this subsection.

(c) Energy and materials conservation and recovery feasibility planning and assistance

(1) A State which has a plan approved under this subchapter or which has submitted a plan for such approval shall be eligible for assistance under section 6948(a)(3) of this title if the Administrator determines that under such plan the State will

(A) analyze and determine the economic and technical feasibility of facilities and programs to conserve resources which contribute to the waste stream or to recover energy and materials from municipal waste;

(B) analyze the legal, institutional, and economic impediments to the development of systems and facilities for conservation of energy or materials which contribute to the waste stream or for the recovery of energy and materials from municipal waste and make recommendations to appropriate governmental authorities for overcoming such impediments;

(C) assist municipalities within the State in developing plans, programs, and projects to conserve resources or recover energy and materials from municipal waste; and

(D) coordinate the resource conservation and recovery planning under subparagraph (C).

(2) The analysis referred to in paragraph (1)(A) shall include—

(A) the evaluation of, and establishment of priorities among, market opportunities for industrial and commercial users of all types (including public utilities and industrial parks) to utilize energy and materials recovered from municipal waste;

(B) comparisons of the relative costs of energy recovered from municipal waste in relation to the costs of energy derived from fossil fuels and other sources;

(C) studies of the transportation and storage problems and other problems associated with the development of energy and materials recovery technology, including curbside source separation;

(D) the evaluation and establishment of priorities among ways of conserving energy or materials which contribute to the waste stream;

(E) comparison of the relative total costs between conserving resources and disposing of or recovering such waste; and

(F) studies of impediments to resource conservation or recovery, including business practices, transportation requirements, or storage difficulties.

Such studies and analyses shall also include studies of other sources of solid waste from which energy and materials may be recovered or minimized.

(d) Size of waste-to-energy facilities

Notwithstanding any of the above requirements, it is the intention of this chapter and the planning process developed pursuant to this chapter that in determining the size of the waste-to-energy facility, adequate provision shall be given to the present and reasonably anticipated future needs of the recycling and resource recovery interest within the area encompassed by the planning process.

EDITORIAL NOTES

CODIFICATION

Another section 5(b) of Pub. L. 96–463 amended section 6948 of this title.

AMENDMENTS

1984—Subsecs. (b), (c). Pub. L. 98–616, §502(h), redesignated the subsec. (b) entitled energy and materials conservation and recovery feasibility planning and assistance, as subsec. (c).

Subsec. (a)(2). Pub. L. 96–482, §18(a), substituted reference to sections 6944(b) and 6945(a) of this title for reference to section 6945(c) of this title.

Subsec. (a)(5). Pub. L. 96–482, §§18(b), 32(d)(1), substituted "State or local government" for "local government" and required State plan recognition of right to enter into long-term contracts for operation of resource recovery facilities and to secure long-term markets for material and energy recovered from such facilities, and required State plan recognition of right to negotiate long-term contracts and to negotiate and enter into such contracts for conserving materials or energy by reducing the volume of waste.

Subsec. (b). Pub. L. 96–463, §5(b), added subsec. (b) relating to discretionary plan provisions for recycled oil.
Pub. L. 96–482, §32(d)(2), added subsec. (b) relating to energy and materials conservation and recovery feasibility planning and assistance.

§6944. Criteria for sanitary landfills; sanitary landfills required for all disposal

(a) Criteria for sanitary landfills

Not later than one year after October 21, 1976, after consultation with the States, and after notice and public hearings, the Administrator shall promulgate regulations containing criteria for determining which facilities shall be classified as sanitary landfills and which shall be classified as open dumps within the meaning of this chapter. At a minimum, such criteria shall provide that a facility may be classified as a sanitary landfill and not an open dump only if there is no reasonable probability of adverse effects on health or the environment from disposal of solid waste at such facility. Such regulations may provide for the classification of the types of sanitary landfills.

(b) Disposal required to be in sanitary landfills, etc.

For purposes of complying with section 6943(2) of this title each State plan shall prohibit the establishment of open dumps and contain a requirement that disposal of all solid waste within the State shall be in compliance with such section 6943(2) of this title.

(c) Effective date

The prohibition contained in subsection (b) shall take effect on the date six months after the date of promulgation of regulations under subsection (a).

AMENDMENTS

1984—Subsec. (c). Pub. L. 98–616 struck out "or on the date of approval of the State plan, whichever is later" at end.

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

1 See References in Text note below.

§6945. Upgrading of open dumps

(a) Closing or upgrading of existing open dumps

Upon promulgation of criteria under section 6907(a)(3) of this title, any solid waste management practice or disposal of solid waste or hazardous waste which constitutes the open dumping of solid waste or hazardous waste is prohibited, except in the case of any practice or disposal of solid waste under a timetable or schedule for compliance established under this section. The prohibition contained in the preceding sentence shall be enforceable under section 6972 of this title against persons engaged in the act of open dumping. For purposes of complying with section 6943(a)(2) and 6943(a)(3) of this title, each State plan shall contain a requirement that all existing disposal facilities or sites for solid waste in such State which are open dumps listed in the inventory under subsection (b) shall comply with such measures as may be promulgated by the Administrator to eliminate health hazards and minimize potential health hazards. Each such plan shall establish, for any entity which demonstrates that it has considered other public or private alternatives for solid waste management to comply with the prohibition on open dumping and is unable to utilize such alternatives to comply, a timetable or schedule for compliance for such practice or disposal of solid waste which specifies a schedule of remedial measures, including an enforceable sequence of actions or operations, leading to compliance with the prohibition on open dumping of solid waste within a reasonable time (not to exceed 5 years from the date of publication of criteria under section 6907(a)(3) of this title).
(b) Inventory

To assist the States in complying with section 6943(a)(3) of this title, not later than one year after promulgation of regulations under section 6944 of this title, the Administrator, with the cooperation of the Bureau of the Census shall publish an inventory of all disposal facilities or sites in the United States which are open dumps within the meaning of this chapter.

(c) Control of hazardous disposal

(1)(A) Not later than 36 months after November 8, 1984, each State shall adopt and implement a permit program or other system of prior approval and conditions to assure that each solid waste management facility within such State which may receive hazardous household waste or hazardous waste due to the provision of section 6921(d) of this title for small quantity generators (otherwise not subject to the requirement for a permit under section 6925 of this title) will comply with the applicable criteria promulgated under section 6944(a) and 6907(a)(3) of this title.

(B) Not later than eighteen months after the promulgation of revised criteria under subsection 1-6944(a) of this title (as required by section 6949a(c) of this title), each State shall adopt and implement a permit program or other system or prior approval and conditions, to assure that each solid waste management facility within such State which may receive hazardous household waste or hazardous waste due to the provision of section 6921(d) of this title for small quantity generators (otherwise not subject to the requirement for a permit under section 6925 of this title) will comply with the criteria revised under section 6944(a) of this title.

(C) The Administrator shall determine whether each State has developed an adequate program under this paragraph. The Administrator may make such a determination in conjunction with approval, disapproval or partial approval of a State plan under section 6947 of this title.

(2)(A) In any State that the Administrator determines has not adopted an adequate program for such facilities under paragraph (1)(B) by the date provided in such paragraph, the Administrator may use the authorities available under sections 6927 and 6928 of this title to enforce the prohibition contained in subsection (a) of this section with respect to such facilities.

(B) For purposes of this paragraph, the term "requirement of this subchapter" in section 6928 of this title shall be deemed to include criteria promulgated by the Administrator under sections 6907(a)(3) and 6944(a) of this title, and the term "hazardous wastes" in section 6927 of this title shall be deemed to include solid waste at facilities that may handle hazardous household wastes or hazardous wastes from small quantity generators.

(d) State programs for control of coal combustion residuals

(1) Approval by Administrator

(A) In general

Each State may submit to the Administrator, in such form as the Administrator may establish, evidence of a permit program or other system of prior approval and conditions under State law for regulation by the State of coal combustion residuals units that are located in the State that, after approval by the Administrator, will operate in lieu of regulation of coal combustion residuals units in the State by—

(i) application of part 257 of title 40, Code of Federal Regulations (or successor regulations promulgated pursuant to sections 6907(a)(3) and 6944(a) of this title); or

(ii) implementation by the Administrator of a permit program under paragraph (2)(B).

(B) Requirement

Not later than 180 days after the date on which a State submits the evidence described in subparagraph (A), the Administrator, after public notice and an opportunity for public comment, shall approve, in whole or in part, a permit program or other system of prior approval and conditions submitted under subparagraph (A) if the Administrator determines that the program or other system requires each coal combustion residuals unit located in the State to achieve compliance with—

(i) the applicable criteria for coal combustion residuals units under part 257 of title 40, Code of Federal Regulations (or successor regulations promulgated pursuant to sections 6907(a)(3) and 6944(a) of this title); or

(ii) such other State criteria that the Administrator, after consultation with the State, determines to be at least as protective as the criteria described in clause (i).

(C) Permit requirements

The Administrator shall approve under subparagraph (B)(ii) a State permit program or other system of prior approval and conditions that allows a State to include technical standards for individual permits or conditions of approval that differ from the criteria under part 257 of title 40, Code of Federal Regulations (or successor regulations promulgated pursuant to sections 6907(a)(3) and 6944(a) of this title) if, based on site-specific conditions, the Administrator determines that the technical standards established pursuant to a State permit program or other system are at least as protective as the criteria under that part.

(D) Program review and notification

(i) Program review

The Administrator shall review a State permit program or other system of prior approval and conditions that is approved under subparagraph (B)—

(I) from time to time, as the Administrator determines necessary, but not less frequently than once every 12 years;

(II) not later than 3 years after the date on which the Administrator revises the applicable criteria for coal combustion residuals units under part 257 of title 40, Code of Federal Regulations (or successor regulations promulgated pursuant to sections 6907(a)(3) and 6944(a) of this title);
(III) not later than 1 year after the date of a significant release (as defined by the Administrator), that was not authorized at the time the release occurred, from a coal combustion residuals unit located in the State; and

(IV) on request of any other State that asserts that the soil, groundwater, or surface water of the State is or is likely to be adversely affected by a release or potential release from a coal combustion residuals unit located in the State for which the program or other system was approved.

(ii) Notification and opportunity for a public hearing

The Administrator shall provide to a State notice of deficiencies with respect to the permit program or other system of prior approval and conditions of the State that is approved under subparagraph (B), and an opportunity for a public hearing, if the Administrator determines that—

(I) a revision or correction to the permit program or other system of prior approval and conditions of the State is necessary to ensure that the permit program or other system of prior approval and conditions continues to ensure that each coal combustion residuals unit located in the State achieves compliance with the criteria described in clauses (i) and (ii) of subparagraph (B);

(II) the State has not implemented an adequate permit program or other system of prior approval and conditions that requires each coal combustion residuals unit located in the State to achieve compliance with the criteria described in subparagraph (B); or

(III) the State has, at any time, approved or failed to revoke a permit for a coal combustion residuals unit, a release from which adversely affects or is likely to adversely affect the soil, groundwater, or surface water of another State.

(E) Withdrawal

(i) In general

The Administrator shall withdraw approval of a State permit program or other system of prior approval and conditions if, after the Administrator provides notice and an opportunity for a public hearing to the relevant State under subparagraph (D)(ii), the Administrator determines that the State has not corrected the deficiencies identified by the Administrator under subparagraph (D)(ii).

(ii) Reinstatement of State approval

Any withdrawal of approval under clause (i) shall cease to be effective on the date on which the Administrator makes a determination that the State has corrected the deficiencies identified by the Administrator under subparagraph (D)(ii).

(2) Nonparticipating states

(A) Definition of nonparticipating State

In this paragraph, the term "nonparticipating State" means a State—

(i) for which the Administrator has not approved a State permit program or other system of prior approval and conditions under paragraph (1)(B);

(ii) the Governor of which has not submitted to the Administrator for approval evidence to operate a State permit program or other system of prior approval and conditions under paragraph (1)(A);

(iii) the Governor of which provides notice to the Administrator that, not fewer than 90 days after the date on which the Governor provides the notice to the Administrator, the State will relinquish an approval under paragraph (1)(B) to operate a permit program or other system of prior approval and conditions; or

(iv) for which the Administrator has withdrawn approval for a permit program or other system of prior approval and conditions under paragraph (1)(E).

(B) Implementation of permit program

In the case of a nonparticipating State and subject to the availability of appropriations specifically provided in an appropriations Act to carry out a program in a nonparticipating State, the Administrator shall implement a permit program to require each coal combustion residuals unit located in the nonparticipating State to achieve compliance with applicable criteria established by the Administrator under part 257 of title 40, Code of Federal Regulations (or successor regulations promulgated pursuant to sections 6907(a)(3) and 6944(a) of this title).

(3) Applicability of criteria

The applicable criteria for coal combustion residuals units under part 257 of title 40, Code of Federal Regulations (or successor regulations promulgated pursuant to sections 6907(a)(3) and 6944(a) of this title), shall apply to each coal combustion residuals unit in a State unless—

(A) a permit under a State permit program or other system of prior approval and conditions approved by the Administrator under paragraph (1)(B) is in effect for the coal combustion residuals unit; or

(B) a permit issued by the Administrator in a State in which the Administrator is implementing a permit program under paragraph (2)(B) is in effect for the coal combustion residuals unit.

(4) Prohibition on open dumping

(A) In general

The Administrator may use the authority provided by sections 6927 and 6928 of this title to enforce the prohibition on open dumping under subsection (a) with respect to a coal combustion residuals unit—

(i) in a nonparticipating State (as defined in paragraph (2)); and
(ii) located in a State that is approved to operate a permit program or other system of prior approval and conditions under paragraph (1)(B), in accordance with subparagraph (B) of this paragraph.

(B) Federal enforcement in an approved State

(i) In general

In the case of a coal combustion residuals unit located in a State that is approved to operate a permit program or other system of prior approval and conditions under paragraph (1)(B), the Administrator may commence an administrative or judicial enforcement action under section 6928 of this title if—

(I) the State requests that the Administrator provide assistance in the performance of an enforcement action; or

(II) after consideration of any other administrative or judicial enforcement action involving the coal combustion residuals unit, the Administrator determines that an enforcement action is likely to be necessary to ensure that the coal combustion residuals unit is operating in accordance with the criteria established under the permit program or other system of prior approval and conditions.

(ii) Notification

In the case of an enforcement action by the Administrator under clause (i)(II), before issuing an order or commencing a civil action, the Administrator shall notify the State in which the coal combustion residuals unit is located.

(iii) Annual report to Congress

(I) In general

Subject to subclause (II), not later than December 31, 2017, and December 31 of each year thereafter, the Administrator shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Energy and Commerce of the House of Representatives a report that describes any enforcement action commenced under clause (i), including a description of the basis for the enforcement action.

(II) Applicability

Subclause (I) shall not apply for any calendar year during which the Administrator does not commence an enforcement action under clause (I).

(5) Indian country

The Administrator shall establish and carry out a permit program, in accordance with this subsection, for coal combustion residuals units in Indian country (as defined in section 1151 of title 18) to require each coal combustion residuals unit located in Indian country to achieve compliance with the applicable criteria established by the Administrator under part 257 of title 40, Code of Federal Regulations (or successor regulations promulgated pursuant to sections 6907(a)(3) and 6944(a) of this title).

(6) Treatment of coal combustion residuals units

A coal combustion residuals unit shall be considered to be a sanitary landfill for purposes of this chapter, including subsection (a), only if the coal combustion residuals unit is operating in accordance with—

(A) the requirements of a permit issued by—

(i) the State in accordance with a program or system approved under paragraph (1)(B); or

(ii) the Administrator pursuant to paragraph (2)(B) or paragraph (5); or

(B) the applicable criteria for coal combustion residuals units under part 257 of title 40, Code of Federal Regulations (or successor regulations promulgated pursuant to sections 6907(a)(3) and 6944(a) of this title).

(7) Effect of subsection

Nothing in this subsection affects any authority, regulatory determination, other law, or legal obligation in effect on the day before December 16, 2016.

EDITORIAL NOTES

CODIFICATION

Another section 19(b) of Pub. L. 96–482 amended section 6946 of this title.

AMENDMENTS

1984—Subsec. (a). Pub. L. 98–616, §403(c), inserted after first sentence "The prohibition contained in the preceding sentence shall be enforceable under section 6972 of this title against persons engaged in the act of open dumping."

Pub. L. 98–616, §502(c), inserted a closing parenthesis before the period at end.

Subsec. (c). Pub. L. 98–616, §302(c), added subsec. (c).
1980—Subsec. (a). Pub. L. 96–482, §19(a), (b)(1), struck out subsec. (a) which defined "open dump", which is covered in section 6903(14) of this title, redesignated subsec. (c) as (a) and substituted "Upon promulgation of criteria under section 6907(a)(3) of this title, any" for "Any", "section 6943(a)(2) and 6943(a)(3) of this title" for "section 6943(2) of this title", and "criteria under section 6907(a)(3) of this title" for "the inventory under subsection (b)".

Amendment by section 19(b)(1) of Pub. L. 96–482, directing that following reference to "4003(2)", which had been editorially translated as section 6943(2) of this title, the phrase "and 4003(3)" be inserted, was executed by translating "4003(2) and 4003(3)" as section 6943(a)(2) and 6943(a)(3) of this title, in view of the designation of the existing provisions of section 6943 of this title as subsec. (a) of section 6943 of this title by section 5(b) of Pub. L. 96–463 and also by section 32(d)(2) of Pub. L. 96–482.

Subsec. (b). Pub. L. 96–482, §19(b)(2), inserted introductory phrase "To assist the States in complying with section 6943(a)(3) of this title". Amendment referring to section "4003(3)" was executed by translating "4003(3)" as section 6943(a)(3) of this title, in view of the designation of the existing provisions of section 6943 of this title as subsec. (a) of section 6943 of this title by section 5(b) of Pub. L. 96–463 and also by section 32(d)(2) of Pub. L. 96–482.

Subsec. (c). Pub. L. 96–482, §19(a), redesignated subsec. (c) as (a).

2 So in original. Probably should be "of".

§6946. Procedure for development and implementation of State plan

(a) Identification of regions

Within one hundred and eighty days after publication of guidelines under section 6942(a) of this title (relating to identification of regions), the Governor of each State, after consultation with local elected officials, shall promulgate regulations based on such guidelines identifying the boundaries of each area within the State which, as a result of urban concentrations, geographic conditions, markets, and other factors, is appropriate for carrying out regional solid waste management. Such regulations may be modified from time to time (identifying additional or different regions) pursuant to such guidelines.

(b) Identification of State and local agencies and responsibilities

(1) Within one hundred and eighty days after the Governor promulgates regulations under subsection (a), for purposes of facilitating the development and implementation of a State plan which will meet the minimum requirements of section 6943 of this title, the State, together with appropriate elected officials of general purpose units of local government, shall jointly (A) identify an agency to develop the State plan and identify one or more agencies to implement such plan, and (B) identify which solid waste management activities will, under such State plan, be planned for and carried out by the State and which such management activities will, under such State plan, be planned for and carried out by a regional or local authority or a combination of regional or local and State authorities. If a multi-functional regional agency authorized by State law to conduct solid waste planning and management (the members of which are appointed by the Governor) is in existence on October 21, 1976, the Governor shall identify such authority for purposes of carrying out within such region clause (A) of this paragraph. Where feasible, designation of the agency for the affected area designated under section 1288 of title 33 shall be considered. A State agency identified under this paragraph shall be established or designated by the Governor of such State. Local or regional agencies identified under this paragraph shall be composed of individuals at least a majority of whom are elected local officials.

(2) If planning and implementation agencies are not identified and designated or established as required under paragraph (1) for any affected area, the governor shall, before the date two hundred and seventy days after promulgation of regulations under subsection (a), establish or designate a State agency to develop and implement the State plan for such area.

(c) Interstate regions

(1) In the case of any region which, pursuant to the guidelines published by the Administrator under section 6942(a) of this title (relating to identification of regions), would be located in two or more States, the Governors of the respective States, after consultation with local elected officials, shall consult, cooperate, and enter into agreements identifying the boundaries of such region pursuant to subsection (a).

(2) Within one hundred and eighty days after an interstate region is identified by agreement under paragraph (1), appropriate elected officials of general purpose units of local government within such region shall jointly establish or designate an agency to develop a plan for such region. If no such agency is established or designated within such period by
such officials, the Governors of the respective States may, by agreement, establish or designate for such purpose a single representative organization including elected officials of general purpose units of local government within such region.

(3) Implementation of interstate regional solid waste management plans shall be conducted by units of local government for any portion of a region within their jurisdiction, or by multijurisdictional agencies or authorities designated in accordance with State law, including those designated by agreement by such units of local government for such purpose. If no such unit, agency, or authority is so designated, the respective Governors shall designate or establish a single interstate agency to implement such plan.

(4) For purposes of this subchapter, so much of an interstate regional plan as is carried out within a particular State shall be deemed part of the State plan for such State.

EDITORIAL NOTES

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6947. Approval of State plan; Federal assistance

(a) Plan approval

The Administrator shall, within six months after a State plan has been submitted for approval, approve or disapprove the plan. The Administrator shall approve a plan if he determines that—

1. it meets the requirements of paragraphs (1), (2), (3), and (5) of section 6943(a) of this title; and

2. it contains provision for revision of such plan, after notice and public hearing, whenever the Administrator, by regulation, determines—

A. that revised regulations respecting minimum requirements have been promulgated under paragraphs (1), (2), (3), and (5) of section 6943(a) of this title with which the State plan is not in compliance;

B. that information has become available which demonstrates the inadequacy of the plan to effectuate the purposes of this subchapter; or

C. that such revision is otherwise necessary.

The Administrator shall review approved plans from time to time and if he determines that revision or corrections are necessary to bring such plan into compliance with the minimum requirements promulgated under section 6943 of this title (including new or revised requirements), he shall, after notice and opportunity for public hearing, withdraw his approval of such plan. Such withdrawal of approval shall cease to be effective upon the Administrator’s determination that such complies with such minimum requirements.

(b) Eligibility of States for Federal financial assistance

1. The Administrator shall approve a State application for financial assistance under this subchapter, and make grants to such State, if such State and local and regional authorities within such State have complied with the requirements of section 6946 of this title within the period required under such section and if such State has a State plan which has been approved by the Administrator under this subchapter.

2. The Administrator shall approve a State application for financial assistance under this subchapter, and make grants to such State, for fiscal years 1978 and 1979 if the Administrator determines that the State plan continues to be eligible for approval under subsection (a) and is being implemented by the State.

3. Upon withdrawal of approval of a State plan under subsection (a), the Administrator shall withhold Federal financial and technical assistance under this subchapter (other than such technical assistance as may be necessary to assist in obtaining the reinstatement of approval) until such time as such approval is reinstated.

(c) Existing activities

Nothing in this subchapter shall be construed to prevent or affect any activities respecting solid waste planning or management which are carried out by State, regional, or local authorities unless such activities are inconsistent with a State
plan approved by the Administrator under this subchapter.

EDITORIAL NOTES

AMENDMENTS

1996—Subsec. (a)(1), (2)(A). Pub. L. 104–119 substituted "section 6943(a) of this title" for "section 6943 of this title".

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6948. Federal assistance

(a) Authorization of Federal financial assistance

(1) There are authorized to be appropriated $30,000,000 for fiscal year 1978, $40,000,000 for fiscal year 1979, $20,000,000 for fiscal year 1980, $15,000,000 for fiscal year 1981, $20,000,000 for the fiscal year 1982, and $10,000,000 for each of the fiscal years 1985 through 1988 for purposes of financial assistance to States and local, regional, and interstate authorities for the development and implementation of plans approved by the Administrator under this subchapter (other than the provisions of such plans referred to in section 6943(b) 1 of this title, relating to feasibility planning for municipal waste energy and materials conservation and recovery).

(2)(A) The Administrator is authorized to provide financial assistance to States, counties, municipalities, and intermunicipal agencies and State and local public solid waste management authorities for implementation of programs to provide solid waste management, resource recovery, and resource conservation services and hazardous waste management. Such assistance shall include assistance for facility planning and feasibility studies; expert consultation; surveys and analyses of market needs; marketing of recovered resources; technology assessments; legal expenses; construction feasibility studies; source separation projects; and fiscal or economic investigations or studies; but such assistance shall not include any other element of construction, or any acquisition of land or interest in land, or any subsidy for the price of recovered resources. Agencies assisted under this subsection shall consider existing solid waste management and hazardous waste management services and facilities as well as facilities proposed for construction.

(B) An applicant for financial assistance under this paragraph must agree to comply with respect to the project or program assisted with the applicable requirements of section 6945 of this title and subchapter III of this chapter and apply applicable solid waste management practices, methods, and levels of control consistent with any guidelines published pursuant to section 6907 of this title. Assistance under this paragraph shall be available only for programs certified by the State to be consistent with any applicable State or areawide solid waste management plan or program. Applicants for technical and financial assistance under this section shall not preclude or foreclose consideration of programs for the recovery of recyclable materials through source separation or other resource recovery techniques.

(C) There are authorized to be appropriated $15,000,000 for each of the fiscal years 1978 and 1979 for purposes of this section. There are authorized to be appropriated $10,000,000 for fiscal year 1980, $10,000,000 for fiscal year 1981, $10,000,000 for fiscal year 1982, and $10,000,000 for each of the fiscal years 1985 through 1988 for purposes of this paragraph.

(D) There are authorized—

(i) to be made available $15,000,000 out of funds appropriated for fiscal year 1985, and

(ii) to be appropriated for each of the fiscal years 1986 through 2 1988, $20,000,000 3

for grants to States (and where appropriate to regional, local, and interstate agencies) to implement programs requiring compliance by solid waste management facilities with the criteria promulgated under section 6944(a) of this title and section 6907(a)(3) of this title and with the provisions of section 6945 of this title. To the extent practicable, such programs shall require such compliance not later than thirty-six months after November 8, 1984.

(3)(A) There is authorized to be appropriated for the fiscal year beginning October 1, 1981, and for each fiscal year thereafter before October 1, 1986, $4,000,000 for purposes of making grants to States to carry out section 6943(b) 1 of this title. No amount may be appropriated for such purposes for the fiscal year beginning on October 1, 1986, or for any fiscal year thereafter.
(B) Assistance provided by the Administrator under this paragraph shall be used only for the purposes specified in section 6943(b) of this title. Such assistance may not be used for purposes of land acquisition, final facility design, equipment purchase, construction, startup or operation activities.

(C) Where appropriate, any State receiving assistance under this paragraph may make all or any part of such assistance available to municipalities within the State to carry out the activities specified in section 6943(1)(A) and (B) of this title.

(b) State allotment

The sums appropriated in any fiscal year under subsection (a) shall be allotted by the Administrator among all States, in the ratio that the population in each State bears to the population in all of the States, except that no State shall receive less than one-half of 1 per centum of the sums so allotted in any fiscal year. No State shall receive any grant under this section during any fiscal year when its expenditures of non-Federal funds for other than non-recurring expenditures for solid waste management control programs will be less than its expenditures were for such programs during fiscal year 1975, except that such funds may be reduced by an amount equal to their proportionate share of any general reduction of State spending ordered by the Governor or legislature of such State. No State shall receive any grant for solid waste management programs unless the Administrator is satisfied that such grant will be so used as to supplement and, to the extent practicable, increase the level of State, local, regional, or other non-Federal funds that would in the absence of such grant be made available for the maintenance of such programs.

(c) Distribution of Federal financial assistance within the State

The Federal assistance allotted to the States under subsection (b) shall be allocated by the State receiving such funds to State, local, regional, and interstate authorities carrying out planning and implementation of the State plan. Such allocation shall be based upon the responsibilities of the respective parties as determined pursuant to section 6946(b) of this title.

(d) Technical assistance

(1) The Administrator may provide technical assistance to State and local governments for purposes of developing and implementing State plans. Technical assistance respecting resource recovery and conservation may be provided through resource recovery and conservation panels, established in the Environmental Protection Agency under subchapter II, to assist the State and local governments with respect to particular resource recovery and conservation projects under consideration and to evaluate their effect on the State plan.

(2) In carrying out this subsection, the Administrator may, upon request, provide technical assistance to States to assist in the removal or modification of legal, institutional, economic, and other impediments to the recycling of used oil. Such impediments may include laws, regulations, and policies, including State procurement policies, which are not favorable to the recycling of used oil.

(3) In carrying out this subsection, the Administrator is authorized to provide technical assistance to States, municipalities, regional authorities, and intermunicipal agencies upon request, to assist in the removal or modification of legal, institutional, and economic impediments which have the effect of impeding the development of systems and facilities to recovery energy and materials from municipal waste or to conserve energy or materials which contribute to the waste stream. Such impediments may include—

(A) laws, regulations, and policies, including State and local procurement policies, which are not favorable to resource conservation and recovery programs, systems, and facilities;

(B) impediments to the financing of facilities to conserve or recover energy and materials from municipal waste through the exercise of State and local authority to issue revenue bonds and the use of State and local credit assistance; and

(C) impediments to institutional arrangements necessary to undertake projects for the conservation or recovery of energy and materials from municipal waste, including the creation of special districts, authorities, or corporations where necessary having the power to secure the supply of waste of a project, to conserve resources, to implement the project, and to undertake related activities.

(e) Special communities

(1) The Administrator, in cooperation with State and local officials, shall identify local governments within the United States (A) having a solid waste disposal facility (i) which is owned by the unit of local government, (ii) for which an order has been issued by the State to cease receiving solid waste for treatment, storage, or disposal, and (iii) which is subject to a State-approved end-use recreation plan, and (B) which are located over an aquifer which is the source of drinking water for any person or public water system and which has serious environmental problems resulting from the disposal of such solid waste, including possible methane migration.

(2) There is authorized to be appropriated to the Administrator $2,500,000 for the fiscal year 1980 and $1,500,000 for each of the fiscal years 1981 and 1982 to make grants to be used for containment and stabilization of solid waste located at the disposal sites referred to in paragraph (1). Not more than one community in any State shall be eligible for grants under this paragraph and not more than one project in any State shall be eligible for such grants. No unit of local government shall be eligible for grants under this paragraph with respect to any site which exceeds 65 acres in size.

(f) Assistance to States for discretionary program for recycled oil

(1) The Administrator may make grants to States, which have a State plan approved under section 6947 of this title, or which have submitted a State plan for approval under such section, if such plan includes the discretionary provisions described in section 6943(b) of this title. Grants under this subsection shall be for purposes of assisting the State in carrying out such discretionary provisions. No grant under this subsection may be used for construction or for the acquisition of land or equipment.

(2) Grants under this subsection shall be allotted among the States in the same manner as provided in the first sentence of subsection (b).
(3) No grant may be made under this subsection unless an application therefor is submitted to, and approved by, the Administrator. The application shall be in such form, be submitted in such manner, and contain such information as the Administrator may require.

(4) For purposes of making grants under this subsection, there are authorized to be appropriated $5,000,000 for fiscal year 1982, $5,000,000 for fiscal year 1983, and $5,000,000 for each of the fiscal years 1985 through 1988.

(g) Assistance to municipalities for energy and materials conservation and recovery planning activities

(1) The Administrator is authorized to make grants to municipalities, regional authorities, and intermunicipal agencies to carry out activities described in subparagraphs (A) and (B) of section 6943(b)(1) of this title. Such grants may be made only pursuant to an application submitted to the Administrator by the municipality which application has been approved by the State and determined by the State to be consistent with any State plan approved or submitted under this subchapter or any other appropriate planning carried out by the State.

(2) There is authorized to be appropriated for the fiscal year beginning October 1, 1981, and for each fiscal year thereafter before October 1, 1986, $8,000,000 for purposes of making grants to municipalities under this subsection. No amount may be appropriated for such purposes for the fiscal year beginning on October 1, 1986, or for any fiscal year thereafter.

(3) Assistance provided by the Administrator under this subsection shall be used only for the purposes specified in paragraph (1). Such assistance may not be used for purposes of land acquisition, final facility design, equipment purchase, construction, startup or operation activities.

EDITORIAL NOTES

REFERENCES IN TEXT

Section 6943(b) of this title, referred to in subssecs. (a)(1), (3) and (g)(1), was redesignated section 6943(c) of this title by Pub. L. 98–616, title V, §502(h), Nov. 8, 1984, 98 Stat. 3277.

CODIFICATION

Section 2(d)–(g) of Pub. L. 98–616, cited as a credit to this section, appears to contain typographical error in that the text of subsec. (f)(1) of section 2007 of the Solid Waste Disposal Act (as added by section 2(i) of Pub. L. 98–616) is also shown as the text of subsec. "(f)(1)" of such section 2. Subsec. (f) of section 2, as set out in the Conference Report (H. Rept. 98–1133) to accompany H.R. 2867 (which became Pub. L. 98–616) read: "(f) Section 4008(e)(2) of the Solid Waste Disposal Act (relating to special communities) is amended by striking out 'and $1,500,000 for each of the fiscal years 1981 and 1982' and substituting ', $1,500,000 for each of the fiscal years 1981 and 1982, and $500,000 for each of the fiscal years 1985 through 1988'."

Another section 5(b) of Pub. L. 96–463 amended section 6943 of this title.

AMENDMENTS

Subsec. (d)(2). Pub. L. 98–616, §502(d), redesignated second par. (2), relating to recovery of energy and materials from municipal waste, as par. (3).

Subsec. (f). Pub. L. 98–616, §502(e), redesignated second subsec. (f), relating to assistance to municipalities for energy and materials conservation and recovery planning activities, as subsec. (g).

Subsec. (g). Pub. L. 98–616, §502(e), redesignated second subsec. (f), relating to assistance to municipalities for energy and materials conservation and recovery planning activities, as subsec. (g).

1980—Subsec. (a)(1). Pub. L. 96–482, §31(c), authorized appropriations of $20,000,000, $15,000,000, and $20,000,000 for fiscal years, 1980, 1981, and 1982, respectively, and substituted provision making appropriation available for financial assistance to States, and local, regional, and interstate authorities for development and implementation of plans approved by the Administrator, except plans referred to in section 6943(b) of this title, relating to feasibility planning for municipal waste energy and materials conservation and recovery for provision making appropriations available to State for development and implementation of State plans.

Subsec. (a)(2)(B). Pub. L. 96–482, §32(e)(1), provided that applicants for technical and financial assistance shall not preclude or foreclose consideration of programs for recovery of recyclable materials through source separation or other resource recovery techniques.
Subsec. (d)(2). Pub. L. 96–463, §6, added par. (2) authorizing the Administrator to provide technical assistance to States to assist in the removal or modification of legal, institutional, economic, and other impediments to the recycling of used oil.
Pub. L. 96–482, §32(f), added par. (2) authorizing the Administrator to provide technical assistance to States, municipalities, regional authorities, and intermunicipal agencies to assist in the removal or modification of legal, institutional, and economic impediments which have the effect of impeding the development of systems and facilities to recover energy and materials from municipal waste.
Subsec. (e)(1). Pub. L. 96–482, §20(1)–(5), substituted in provision preceding cl. (A) "identify local governments" for "identify communities", struck out cl. (A), which required the Administrator to identify populations of less than twenty-five thousand persons, redesignated cls. (B) and (C) as (A) and (B), respectively, in cl. (A) as so redesignated, substituted "a solid waste disposal facility (i) which is owned by the unit of local government, (ii) for which an order has been issued by the State to cease receiving solid waste for treatment, storage, or disposal, and (iii) which is subject to a State-approved end-use recreation plan" for "solid waste disposal facilities in which more than 75 per centum of the solid waste of is from areas outside the jurisdiction of the communities" in cl. (B) as so redesignated, substituted "which are located over an aquifer which is the source of drinking water for any person or public water system and which has" for "which have" and inserted ", including possible methane migration" after "such solid waste".
Subsec. (e)(2). Pub. L. 96–482, §20(6)–(8), substituted appropriations authorization of $2,500,000; $1,500,000; and $1,500,000 for fiscal years 1980, 1981, and 1982, for prior authorization of $2,500,000 for fiscal years 1978 and 1979, substituted provision for grants for "containment and stabilization of solid waste located at the disposal sites referred to in paragraph (1)" for such grants for "the conversion, improvement, or consolidation of existing solid waste disposal facilities, or for the construction of new solid waste disposal facilities, or for both, within communities identified under paragraph (1)", and prohibited grants to units of local government when site exceeds 65 acres in size.
Subsec. (e)(3). Pub. L. 96–482, §20(9), struck out par. (3) which required that grants to States be made only when the projects are consistent with applicable and approved State plan and will assist in carrying out such plan.
Subsec. (f). Pub. L. 96–463, §5(b), added subsec. (f) relating to assistance to States for discretionary program for recycled oil.
Pub. L. 96–482, §32(e)(3), added subsec. (f) relating to assistance to municipalities for energy and materials conservation and recovery planning activities.

**Executive Documents**

**TRANSFER OF FUNCTIONS**

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

1 See References in Text note below.
2 So in original. Probably should be "through".
3 So in original. Probably should be followed by a comma.

§6949. Rural communities assistance

(a) In general

The Administrator shall make grants to States to provide assistance to municipalities with a population of five thousand or less, or counties with a population of ten thousand or less or less than twenty persons per square mile and not within a metropolitan area, for solid waste management facilities (including equipment) necessary to meet the requirements of section 6945 of this title or restrictions on open burning or other requirements arising under the Clean Air Act [42 U.S.C. 7401 et seq.] or the Federal Water Pollution Control Act [33 U.S.C. 1251 et seq.]. Such assistance shall only be available—

1 to any municipality or county which could not feasibly be included in a solid waste management system or facility serving an urbanized, multijurisdictional area because of its distance from such systems;
2 where existing or planned solid waste management services or facilities are unavailable or insufficient to comply with the requirements of section 6945 of this title; and
(3) for systems which are certified by the State to be consistent with any plans or programs established under any State or areawide planning process.

(b) Allotment

The Administrator shall allot the sums appropriated to carry out this section in any fiscal year among the States in accordance with regulations promulgated by him on the basis of the average of the ratio which the population of rural areas of each State bears to the total population of rural areas of all the States, the ratio which the population of counties in each State having less than twenty persons per square mile bears to the total population of such counties in all the States, and the ratio which the population of such low-density counties in each State having 33 per centum or more of all families with incomes not in excess of 125 per centum of the poverty level bears to the total population of such counties in all the States.

(c) Limit

The amount of any grant under this section shall not exceed 75 per centum of the costs of the project. No assistance under this section shall be available for the acquisition of land or interests in land.

(d) Authorization of appropriations

There are authorized to be appropriated $25,000,000 for each of the fiscal years 1978 and 1979 to carry out this section. There are authorized to be appropriated $10,000,000 for the fiscal year 1980 and $15,000,000 for each of the fiscal years 1981 and 1982 to carry out this section.

(e) Additional appropriations

1. In general

There are authorized to be appropriated to carry out this section for the Denali Commission to provide assistance to municipalities in the State of Alaska $1,500,000 for each of fiscal years 2008 through 2012.

2. Administration

For the purpose of carrying out this subsection, the Denali Commission shall—

(A) be considered a State; and

(B) comply with all other requirements and limitations of this section.

REFERENCES IN TEXT

The Clean Air Act, referred to in subsec. (a), is act July 14, 1955, ch. 360, 69 Stat. 322, as amended, which is classified generally to chapter 85 (§7401 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 7401 of this title and Tables.

The Federal Water Pollution Control Act, referred to in subsec. (a), is act June 30, 1948, ch. 758, as amended generally by Pub. L. 92–500, §2, Oct. 18, 1972, 86 Stat. 816, which is classified generally to chapter 26 (§1251 et seq.) of title 33, Navigation and Navigable Waters. For complete classification of this Act to the Code, see Short title note set out under section 1251 of title 33 and Tables.

CODIFICATION

AMENDMENTS

1980—Subsec. (d). Pub. L. 96–482 authorized appropriation of $10,000,000, $15,000,000, and $15,000,000 for fiscal years 1980, 1981, 1982, respectively.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 2008 AMENDMENT

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS
For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6949a. Adequacy of certain guidelines and criteria

(a) Study
The Administrator shall conduct a study of the extent to which the guidelines and criteria under this chapter (other than guidelines and criteria for facilities to which subchapter III applies) which are applicable to solid waste management and disposal facilities, including, but not limited to landfills and surface impoundments, are adequate to protect human health and the environment from ground water contamination. Such study shall include a detailed assessment of the degree to which the criteria under section 6907(a) of this title and the criteria under section 6944 of this title regarding monitoring, prevention of contamination, and remedial action are adequate to protect ground water and shall also include recommendation with respect to any additional enforcement authorities which the Administrator, in consultation with the Attorney General, deems necessary for such purposes.

(b) Report
Not later than thirty-six months after November 8, 1984, the Administrator shall submit a report to the Congress setting forth the results of the study required under this section, together with any recommendations made by the Administrator on the basis of such study.

(c) Revisions of guidelines and criteria

(1) In general
Not later than March 31, 1988, the Administrator shall promulgate revisions of the criteria promulgated under paragraph (1) of section 6944(a) of this title and under section 6907(a)(3) of this title for facilities that may receive hazardous household wastes or hazardous wastes from small quantity generators under section 6921(d) of this title. The criteria shall be those necessary to protect human health and the environment and may take into account the practicable capability of such facilities. At a minimum such revisions for facilities potentially receiving such wastes should require ground water monitoring as necessary to detect contamination, establish criteria for the acceptable location of new or existing facilities, and provide for corrective action as appropriate.

(2) Additional revisions
Subject to paragraph (3), the requirements of the criteria described in paragraph (1) relating to ground water monitoring shall not apply to an owner or operator of a new municipal solid waste landfill unit, an existing municipal solid waste landfill unit, or a lateral expansion of a municipal solid waste landfill unit, that disposes of less than 20 tons of municipal solid waste daily, based on an annual average, if—

(A) there is no evidence of ground water contamination from the municipal solid waste landfill unit or expansion; and
(B) the municipal solid waste landfill unit or expansion serves—

(i) a community that experiences an annual interruption of at least 3 consecutive months of surface transportation that prevents access to a regional waste management facility; or
(ii) a community that has no practicable waste management alternative and the landfill unit is located in an area that annually receives less than or equal to 25 inches of precipitation.

(3) Protection of ground water resources

(A) Monitoring requirement
A State may require ground water monitoring of a solid waste landfill unit that would otherwise be exempt under paragraph (2) if necessary to protect ground water resources and ensure compliance with a State ground water protection plan, where applicable.

(B) Methods
If a State requires ground water monitoring of a solid waste landfill unit under subparagraph (A), the State may allow the use of a method other than the use of ground water monitoring wells to detect a release of contamination from the unit.

(C) Corrective action
If a State finds a release from a solid waste landfill unit, the State shall require corrective action as appropriate.

(4) No-migration exemption

(A) In general
Ground water monitoring requirements may be suspended by the Director of an approved State for a landfill operator if the operator demonstrates that there is no potential for migration of hazardous constituents from the unit to the uppermost aquifer during the active life of the unit and the post-closure care period.

(B) Certification
A demonstration under subparagraph (A) shall be certified by a qualified ground-water scientist and approved by the Director of an approved State.
(C) Guidance

Not later than 6 months after March 26, 1996, the Administrator shall issue a guidance document to facilitate small community use of the no migration exemption under this paragraph.

(5) Alaska Native villages

Upon certification by the Governor of the State of Alaska that application of the requirements described in paragraph (1) to a solid waste landfill unit of a Native village (as defined in section 1602 of title 43) or unit that is located in or near a small, remote Alaska village would be infeasible, or would not be cost-effective, or is otherwise inappropriate because of the remote location of the unit, the State may exempt the unit from some or all of those requirements. This paragraph shall apply only to solid waste landfill units that dispose of less than 20 tons of municipal solid waste daily, based on an annual average.

(6) Further revisions of guidelines and criteria

Recognizing the unique circumstances of small communities, the Administrator shall, not later than two years after March 26, 1996, promulgate revisions to the guidelines and criteria promulgated under this subchapter to provide additional flexibility to approved States to allow landfills that receive 20 tons or less of municipal solid waste per day, based on an annual average, to use alternative frequencies of daily cover application, frequencies of methane gas monitoring, infiltration layers for final cover, and means for demonstrating financial assurance: Provided, That such alternative requirements take into account climatic and hydrogeologic conditions and are protective of human health and environment.

EDITORIAL NOTES

AMENDMENTS

1996—Subsec. (c). Pub. L. 104–119 designated existing provisions as par. (1), inserted heading, and added pars. (2) to (6).

STATUTORY NOTES AND RELATED SUBSIDIARIES

REINSTATEMENT OF REGULATORY EXEMPTION

Pub. L. 104–119, §3(b), Mar. 26, 1996, 110 Stat. 833, provided that: "It is the intent of section 4010(c)(2) of the Solid Waste Disposal Act [42 U.S.C. 6949a(c)(2)], as added by subsection (a), to immediately reinstate subpart E of part 258 of title 40, Code of Federal Regulations, as added by the final rule published at 56 Federal Register 50798 on October 9, 1991."

1 So in original. Probably should be "no-migration".

SUBCHAPTER V—DUTIES OF SECRETARY OF COMMERCE IN RESOURCE AND RECOVERY

§6951. Functions

The Secretary of Commerce shall encourage greater commercialization of proven resource recovery technology by providing—
(1) accurate specifications for recovered materials;
(2) stimulation of development of markets for recovered materials;
(3) promotion of proven technology; and
(4) a forum for the exchange of technical and economic data relating to resource recovery facilities.

§6952. Development of specifications for secondary materials

The Secretary of Commerce, acting through the National Institute of Standards and Technology, and in conjunction with national standards-setting organizations in resource recovery, shall, after public hearings, and not later than two years after September 1, 1979, publish guidelines for the development of specifications for the classification of materials recovered from waste which were destined for disposal. The specifications shall pertain to the physical and chemical properties and characteristics of such materials with regard to their use in replacing virgin materials in various industrial, commercial, and governmental uses. In establishing such guidelines the Secretary shall also, to the extent feasible, provide such information as may be necessary to assist Federal agencies with procurement of items containing recovered materials. The Secretary
shall continue to cooperate with national standards-setting organizations, as may be necessary, to encourage the publication, promulgation and updating of standards for recovered materials and for the use of recovered materials in various industrial, commercial, and governmental uses.

EDITORIAL NOTES

AMENDMENTS

§6953. Development of markets for recovered materials

The Secretary of Commerce shall within two years after September 1, 1979, take such actions as may be necessary to—

1. identify the geographical location of existing or potential markets for recovered materials;

2. identify the economic and technical barriers to the use of recovered materials; and

3. encourage the development of new uses for recovered materials.

EDITORIAL NOTES

AMENDMENTS

§6954. Technology promotion

The Secretary of Commerce is authorized to evaluate the commercial feasibility of resource recovery facilities and to publish the results of such evaluation, and to develop a data base for purposes of assisting persons in choosing such a system.

§6955. Marketing policies, establishment; nondiscrimination requirement

In establishing any policies which may affect the development of new markets for recovered materials and in making any determination concerning whether or not to impose monitoring or other controls on any marketing or transfer of recovered materials, the Secretary of Commerce may consider whether to establish the same or similar policies or impose the same or similar monitoring or other controls on virgin materials.

§6956. Authorization of appropriations

There are authorized to be appropriated to the Secretary of Commerce $5,000,000 for each of fiscal years 1980, 1981, and 1982 and $1,500,000 for each of the fiscal years 1985 through 1988 to carry out the purposes of this subchapter.

AMENDMENTS

SUBCHAPTER VI—FEDERAL RESPONSIBILITIES
§6961. Application of Federal, State, and local law to Federal facilities

(a) In general

Each department, agency, and instrumentality of the executive, legislative, and judicial branches of the Federal Government (1) having jurisdiction over any solid waste management facility or disposal site, or (2) engaged in any activity resulting, or which may result, in the disposal or management of solid waste or hazardous waste shall be subject to, and comply with, all Federal, State, interstate, and local requirements, both substantive and procedural (including any requirement for permits or reporting or any provisions for injunctive relief and such sanctions as may be imposed by a court to enforce such relief), respecting control and abatement of solid waste or hazardous waste disposal and management in the same manner, and to the same extent, as any person is subject to such requirements, including the payment of reasonable service charges. The Federal, State, interstate, and local substantive and procedural requirements referred to in this subsection include, but are not limited to, all administrative orders and all civil and administrative penalties and fines, regardless of whether such penalties or fines are punitive or coercive in nature or are imposed for isolated, intermittent, or continuing violations. The United States hereby expressly waives any immunity otherwise applicable to the United States with respect to any such substantive or procedural requirement (including, but not limited to, any injunctive relief, administrative order or civil or administrative penalty or fine referred to in the preceding sentence, or reasonable service charge). The reasonable service charges referred to in this subsection include, but are not limited to, fees or charges assessed in connection with the processing and issuance of permits, renewal of permits, amendments to permits, review of plans, studies, and other documents, and inspection and monitoring of facilities, as well as any other nondiscriminatory charges that are assessed in connection with a Federal, State, interstate, or local solid waste or hazardous waste regulatory program. Neither the United States, nor any agent, employee, or officer thereof, shall be immune or exempt from any process or sanction of any State or Federal Court with respect to the enforcement of any such injunctive relief. No agent, employee, or officer of the United States shall be personally liable for any civil penalty under any Federal, State, interstate, or local solid or hazardous waste law with respect to any act or omission within the scope of the official duties of the agent, employee, or officer. An agent, employee, or officer of the United States shall be subject to any criminal sanction (including, but not limited to, any fine or imprisonment) under any Federal or State solid or hazardous waste law, but no department, agency, or instrumentality of the executive, legislative, or judicial branch of the Federal Government shall be subject to any such sanction. The President may exempt any solid waste management facility of any department, agency, or instrumentality in the executive branch from compliance with such a requirement if he determines it to be in the paramount interest of the United States to do so. No such exemption shall be granted due to lack of appropriation unless the President shall have specifically requested such appropriation as a part of the budgetary process and the Congress shall have failed to make available such requested appropriation. Any exemption shall be for a period not in excess of one year, but additional exemptions may be granted for periods not to exceed one year upon the President's making a new determination. The President shall report each January to the Congress all exemptions from the requirements of this section granted during the preceding calendar year, together with his reason for granting each such exemption.

(b) Administrative enforcement actions

(1) The Administrator may commence an administrative enforcement action against any department, agency, or instrumentality of the executive, legislative, or judicial branch of the Federal Government pursuant to the enforcement authorities contained in this chapter. The Administrator shall initiate an administrative enforcement action against such a department, agency, or instrumentality in the same manner and under the same circumstances as an action would be initiated against another person. Any voluntary resolution or settlement of such an action shall be set forth in a consent order.

(2) No administrative order issued to such a department, agency, or instrumentality shall become final until such department, agency, or instrumentality has had the opportunity to confer with the Administrator.

(c) Limitation on State use of funds collected from Federal Government

Unless a State law in effect on October 6, 1992, or a State constitution requires the funds to be used in a different manner, all funds collected by a State from the Federal Government from penalties and fines imposed for violation of any substantive or procedural requirement referred to in subsection (a) shall be used by the State only for projects designed to improve or protect the environment or to defray the costs of environmental protection or enforcement.

EDITORIAL NOTES

AMENDMENTS

1992—Pub. L. 102–386 designated existing provisions as subsec. (a), inserted heading, inserted in first sentence "and management" before "in the same manner", inserted second to fourth, sixth, and seventh sentences specifying Federal, State, interstate, and local substantive and procedural requirements, waiving sovereign immunity, determining reasonable service charges, and providing no agent, employee, or officer of the United States be personally liable for a civil penalty for an act or omission within the scope of official duties but be subject to criminal sanction, with no department, agency, or instrumentality of the executive, legislative, or judicial branch subject to such sanction, and added subsecs. (b) and (c).
1978—Pub. L. 95–609 inserted "or management" after "disposal" in cl. (2).

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 1992 AMENDMENT

Pub. L. 102–386, title I, §102(c), Oct. 6, 1992, 106 Stat. 1506, provided that:

"(1) IN GENERAL.—Except as otherwise provided in paragraphs (2) and (3), the amendments made by subsection (a) [amending this section] shall take effect upon the date of the enactment of this Act [Oct. 6, 1992].

"(2) DELAYED EFFECTIVE DATE FOR CERTAIN MIXED WASTE.—Until the date that is 3 years after the date of the enactment of this Act, the waiver of sovereign immunity contained in section 6001(a) of the Solid Waste Disposal Act [subsection (a) of this section] with respect to civil, criminal, and administrative penalties and fines (as added by the amendments made by subsection (a)) shall not apply to departments, agencies, and instrumentalities of the executive branch of the Federal Government for violations of section 3004(j) of the Solid Waste Disposal Act [42 U.S.C. 6924(j)] involving storage of mixed waste that is not subject to an existing agreement, permit, or administrative or judicial order, so long as such waste is managed in compliance with all other applicable requirements.

"(3) EFFECTIVE DATE FOR CERTAIN MIXED WASTE.—(A) Except as provided in subparagraph (B), after the date that is 3 years after the date of the enactment of this Act, the waiver of sovereign immunity contained in section 6001(a) of the Solid Waste Disposal Act with respect to civil, criminal, and administrative penalties and fines (as added by the amendments made by subsection (a)) shall apply to departments, agencies, and instrumentalities of the executive branch of the Federal Government for violations of section 3004(j) of the Solid Waste Disposal Act involving storage of mixed waste.

"(B) With respect to the Department of Energy, the waiver of sovereign immunity referred to in subparagraph (A) shall not apply after the date that is 3 years after the date of the enactment of this Act for violations of section 3004(j) of such Act involving storage of mixed waste, so long as the Department of Energy is in compliance with both—

"(i) a plan that has been submitted and approved pursuant to section 3021(b) of the Solid Waste Disposal Act [42 U.S.C. 6939c(b)] and which is in effect; and

"(ii) an order requiring compliance with such plan which has been issued pursuant to such section 3021(b) and which is in effect.

"(4) APPLICATION OF WAIVER TO AGREEMENTS AND ORDERS.—The waiver of sovereign immunity contained in section 6001(a) of the Solid Waste Disposal Act (as added by the amendments made by subsection (a)) shall take effect on the date of the enactment of this Act with respect to any agreement, permit, or administrative or judicial order existing on such date of enactment (and any subsequent modifications to such an agreement, permit, or order), including, without limitation, any provision of an agreement, permit, or order that addresses compliance with section 3004(j) of such Act with respect to mixed waste.

"(5) AGREEMENT OR ORDER.—Except as provided in paragraph (4), nothing in this Act [see Short Title of 1992 Amendment note set out under section 6901 of this title] shall be construed to alter, modify, or change in any manner any agreement, permit, or administrative or judicial order, including, without limitation, any provision of an agreement, permit, or order—

"(i) that addresses compliance with section 3004(j) of the Solid Waste Disposal Act with respect to mixed waste;

"(ii) that is in effect on the date of enactment of this Act; and

"(iii) to which a department, agency, or instrumentality of the executive branch of the Federal Government is a party.

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions in subsec. (a) of this section requiring the President to report annually to Congress, see section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and the 8th item on page 20 of House Document No. 103–7.

EXECUTIVE DOCUMENTS

EXECUTIVE ORDER NO. 12780

EXECUTIVE ORDER NO. 12873

EXECUTIVE ORDER NO. 13101

Ex. Ord. No. 13101, Sept. 14, 1998, 63 F.R. 49643, which directed executive agencies to incorporate waste prevention and recycling policies in their daily operations and created a Steering Committee, a Federal Environmental Executive, a Task Force, and Agency Environmental Executive positions responsible for ensuring the implementation of this order, was revoked by Ex. Ord. No. 13423, §11(a)(i), Jan. 24, 2007, 72 F.R. 3923, formerly set out in a note under section 4321 of this title.

§6962. Federal procurement

(a) Application of section

Except as provided in subsection (b), a procuring agency shall comply with the requirements set forth in this section and any regulations issued under this section, with respect to any purchase or acquisition of a procurement item where the purchase price of the item exceeds $10,000 or where the quantity of such items or of functionally equivalent items purchased or acquired in the course of the preceding fiscal year was $10,000 or more.

(b) Procurement subject to other law

Any procurement, by any procuring agency, which is subject to regulations of the Administrator under section 6964 of this title (as promulgated before October 21, 1976, under comparable provisions of prior law) shall not be subject to the requirements of this section to the extent that such requirements are inconsistent with such regulations.

(c) Requirements

(1) After the date specified in applicable guidelines prepared pursuant to subsection (e) of this section, each procuring agency which procures any items designated in such guidelines shall procure such items composed of the highest percentage of recovered materials practicable (and in the case of paper, the highest percentage of the postconsumer recovered materials referred to in subsection (h)(1) practicable), consistent with maintaining a satisfactory level of competition, considering such guidelines. The decision not to procure such items shall be based on a determination that such procurement items—

(A) are not reasonably available within a reasonable period of time;

(B) fail to meet the performance standards set forth in the applicable specifications or fail to meet the reasonable performance standards of the procuring agencies; or

(C) are only available at an unreasonable price. Any determination under subparagraph (B) shall be made on the basis of the guidelines of the National Institute of Standards and Technology in any case in which such material is covered by such guidelines.

(2) Agencies that generate heat, mechanical, or electrical energy from fossil fuel in systems that have the technical capability of using energy or fuels derived from solid waste as a primary or supplementary fuel shall use such capability to the maximum extent practicable.

(3)(A) After the date specified in any applicable guidelines prepared pursuant to subsection (e) of this section, contracting officers shall require that vendors:

(i) certify that the percentage of recovered materials to be used in the performance of the contract will be at least the amount required by applicable specifications or other contractual requirements and

(ii) estimate the percentage of the total material utilized for the performance of the contract which is recovered materials.

(B) Clause (ii) of subparagraph (A) applies only to a contract in an amount greater than $100,000.

(d) Specifications

All Federal agencies that have the responsibility for drafting or reviewing specifications for procurement items procured by Federal agencies shall—

(1) as expeditiously as possible but in any event no later than eighteen months after November 8, 1984, eliminate from such specifications—

(A) any exclusion of recovered materials and

(B) any requirement that items be manufactured from virgin materials; and

(2) within one year after the date of publication of applicable guidelines under subsection (e), or as otherwise specified in such guidelines, assure that such specifications require the use of recovered materials to the maximum extent possible without jeopardizing the intended end use of the item.

(e) Guidelines
The Administrator, after consultation with the Administrator of General Services, the Secretary of Commerce (acting through the National Institute of Standards and Technology), and the Director of the Government Publishing Office, shall prepare, review not less frequently than once every 5 years, and, if appropriate, revise, in consultation with recyclers and manufacturers of products containing recycled content, not later than 2 years after the completion of the initial review after November 15, 2021, and thereafter, as appropriate, guidelines for the use of procuring agencies in complying with the requirements of this section. Such guidelines shall—

(1) designate those items which are or can be produced with recovered materials and whose procurement by procuring agencies will carry out the objectives of this section, and in the case of paper, provide for maximizing the use of post consumer recovered materials referred to in subsection (h)(1); and

(2) set forth recommended practices with respect to the procurement of recovered materials and items containing such materials and with respect to certification by vendors of the percentage of recovered materials used,

and shall provide information as to the availability, relative price, and performance of such materials and items and where appropriate shall recommend the level of recovered material to be contained in the procured product. The Administrator shall prepare final guidelines for paper within one hundred and eighty days after November 8, 1984, and for three additional product categories (including tires) by October 1, 1985. In making the designation under paragraph (1), the Administrator shall consider, but is not limited in his considerations, to—

(A) the availability of such items;
(B) the impact of the procurement of such items by procuring agencies on the volume of solid waste which must be treated, stored or disposed of;
(C) the economic and technological feasibility of producing and using such items; and
(D) other uses for such recovered materials.

(f) Procurement of services

A procuring agency shall, to the maximum extent practicable, manage or arrange for the procurement of solid waste management services in a manner which maximizes energy and resource recovery.

(g) Executive Office

The Office of Procurement Policy in the Executive Office of the President, in cooperation with the Administrator, shall implement the requirements of this section. It shall be the responsibility of the Office of Procurement Policy to coordinate this policy with other policies for Federal procurement, in such a way as to maximize the use of recovered resources, and to, every two years beginning in 1984, report to the Congress on actions taken by Federal agencies and the progress made in the implementation of this section, including agency compliance with subsection (d).

(h) "Recovered materials" defined

As used in this section, in the case of paper products, the term "recovered materials" includes—

(1) postconsumer materials such as—
(A) paper, paperboard, and fibrous wastes from retail stores, office buildings, homes, and so forth, after they have passed through their end-usage as a consumer item, including: used corrugated boxes; old newspapers; old magazines; mixed waste paper; tabulating cards; and used cordage; and
(B) all paper, paperboard, and fibrous wastes that enter and are collected from municipal solid waste, and

(2) manufacturing, forest residues, and other wastes such as—
(A) dry paper and paperboard waste generated after completion of the papermaking process (that is, those manufacturing operations up to and including the cutting and trimming of the paper machine reel into smaller rolls or rough sheets) including: envelope cuttings, bindery trimmings, and other paper and paperboard waste, resulting from printing, cutting, forming, and other converting operations; bag, box, and carton manufacturing wastes; and butt rolls, mill wrappers, and rejected unused stock; and
(B) finished paper and paperboard from obsolete inventories of paper and paperboard manufacturers, merchants, wholesalers, dealers, printers, converters, or others;
(C) fibrous byproducts of harvesting, manufacturing, extractive, or wood-cutting processes, flax, straw, linters, bagasse, slash, and other forest residues;
(D) wastes generated by the conversion of goods made from fibrous material (that is, waste rope from cordage manufacture, textile mill waste, and cuttings); and
(E) fibers recovered from waste water which otherwise would enter the waste stream.

(i) Procurement program

(1) Within one year after the date of publication of applicable guidelines under subsection (e), each procuring agency shall develop an affirmative procurement program which will assure that items composed of recovered materials will be purchased to the maximum extent practicable and which is consistent with applicable provisions of Federal procurement law.

(2) Each affirmative procurement program required under this subsection shall, at a minimum, contain—
(A) a recovered materials preference program;
(B) an agency promotion program to promote the preference program adopted under subparagraph (A);
(C) a program for requiring estimates of the total percentage of recovered material utilized in the performance of a contract; certification of minimum recovered material content actually utilized, where appropriate; and reasonable verification procedures for estimates and certifications; and
(D) annual review and monitoring of the effectiveness of an agency's affirmative procurement program.
In the case of paper, the recovered materials preference program required under subparagraph (A) shall provide for the maximum use of the post consumer recovered materials referred to in subsection (h)(1).

(3) In developing the preference program, the following options shall be considered for adoption:

(A) Case-by-Case Policy Development: Subject to the limitations of subsection (c)(1)(A) through (C), a policy of awarding contracts to the vendor offering an item composed of the highest percentage of recovered materials practicable (and in the case of paper, the highest percentage of the post consumer recovered materials referred to in subsection (h)(1)). Subject to such limitations, agencies may make an award to a vendor offering items with less than the maximum recovered materials content.

(B) Minimum Content Standards: Minimum recovered materials content specifications which are set in such a way as to ensure that the recovered materials content (and in the case of paper, the content of post consumer materials referred to in subsection (h)(1)) required is the maximum available without jeopardizing the intended end use of the item, or violating the limitations of subsection (c)(1)(A) through (C).

Procuring agencies shall adopt one of the options set forth in subparagraphs (A) and (B) or a substantially equivalent alternative, for inclusion in the affirmative procurement program.

(j) Consultation and provision of information by Administrator

The Administrator shall—

(1) consult with each procuring agency, including contractors of the procuring agency, to clarify the responsibilities of the procuring agency under this section; and

(2) provide to each procuring agency information on the requirements under this section and the responsibilities of the procuring agency under this section.

(k) Reports

The Administrator, in consultation with the Administrator of General Services, shall submit to Congress an annual report describing—

(1) the quantity of federally procured recycled products listed in the guidelines under subsection (e); and

(2) with respect to the products described in paragraph (1), the percentage of recycled material in each product.

EDITORIAL NOTES

CODIFICATION

AMENDMENTS

2021—Subsec. (e). Pub. L. 117–58, §70402(c)(1), which directed substitution of "review not less frequently than once every 5 years, and, if appropriate, revise, in consultation with recyclers and manufacturers of products containing recycled content, not later than 2 years after the completion of the initial review after November 15, 2021, and thereafter, as appropriate" for "and from time to time, revise" in introductory provisions, was executed by making the substitution for "and from time to time revise" to reflect the probable intent of Congress.

Subsecs. (j), (k). Pub. L. 117–58, §70402(c)(2), added subsecs. (j) and (k).

1994—Subsec. (c)(3). Pub. L. 103–355, §4104(e), designated existing provisions as subpar. (A), redesignated subpars. (A) and (B) as cls. (i) and (ii), respectively, and added subpar. (B).

1984—Subsec. (c)(1). Pub. L. 98–616, §501(c), inserted "(and in the case of paper, the highest percentage of the postconsumer recovered materials referred to in subsection (h)(1) practicable)".

Subsec. (d)(1). Pub. L. 98–616, §501(e), substituted "eighteen months after November 8, 1984" for "five years after October 21, 1976".
Subsec. (e). Pub. L. 98–616, §501(b)(2), substituted "for paper within one hundred and eighty days after November 8, 1984, and for three additional product categories (including tires) by October 1, 1985" for "for at least three product categories, including paper, by May 1, 1981, and for two additional product categories, including construction materials, by September 30, 1982." in provisions following par. (2).

Subsec. (e)(1). Pub. L. 98–616, §501(b)(1), inserted ", and in the case of paper, for providing for the use of post consumer recovered materials referred to in subsection (h)(1)."

Subsec. (g). Pub. L. 98–616, §501(d), substituted "the requirements of " for "the policy expressed in" and inserted ", and to, every two years beginning in 1984, report to the Congress on actions taken by Federal agencies and the progress made in the implementation of this section, including agency compliance with subsection (d)".

Subsecs. (h), (i). Pub. L. 98–616, §501(a), added subsecs. (h) and (i).

1982—Subsec. (g). Pub. L. 97–375 struck out provision requiring the Office of Procurement Policy to report annually to Congress on actions taken by Federal agencies and the progress made in the implementation of the policy expressed in this section.

1980—Subsec. (c)(1). Pub. L. 96–482, §22(1), (2), in provision preceding subpar. (A), substituted "After the date specified in applicable guidelines prepared pursuant to subsection (e) of this section, each procuring agency which procures any item designated in such guidelines shall procure such" for "After two years after October 21, 1976, each procuring agency shall procure", and in subpar. (C), "subparagraph (B)" for "clause (B)".

Subsec. (c)(2). Pub. L. 96–482, §22(3), substituted "energy or fuels derived from solid waste" for "recovered material and recovered-material-derived fuel".

Subsec. (c)(3). Pub. L. 96–482, §22(4), substituted subpars. (A) and (B) for provision requiring certification of the percentage of the total material utilized for the performance of the contract which is recovered materials.

Subsec. (d). Pub. L. 96–482, §22(5), in par. (1), substituted provision requiring Federal agencies to eliminate from specifications as expeditiously as possible, but in no event later than 5 years after Oct. 21, 1976, any exclusion of recovered materials and any requirement that items be manufactured from virgin materials for provision that Federal agencies in reviewing specifications, ascertain whether those specifications violate prohibitions in par. (2)(A) to (C), with such review undertaken not later than 18 months after Oct. 21, 1976, and in par. (2), substituted provision that Federal agencies act within 1 year from publication of applicable guidelines under subsec. (e) of this section for provision that in drafting or revising specifications after Oct. 21, 1976, any exclusion of recovered materials be eliminated and specifications not require the item to be manufactured from virgin materials.

Subsec. (e). Pub. L. 96–482, §22(6), designated provision relating to requirements of guidelines as cl. (2) and subpars. (A) and (C), added cl. (1), subpars. (B) and (C), and provision preceding subpar. (A), and struck out provision requiring information on source of supply.

1978—Subsec. (c). Pub. L. 95–609, §7(n)(1), (2), redesignated subpar. (1)(A) as par. (1), subpars. (1)(B) and (C) as pars. (2) and (3), respectively, and cls. (i) to (iii) of former subpar. (1)(A) as subpars. (A) to (C), respectively, of par. (1), and in par. (3), as so redesignated, inserted "After the date specified in any applicable guidelines prepared pursuant to subsection (e) of this section," before "contracting".

Subsec. (e). Pub. L. 95–609, §7(n)(3), inserted provision dealing with certification by vendors of the materials used.

STATUTORY NOTES AND RELATED SUBSIDIARIES

CHANGE OF NAME

"Director of the Government Publishing Office" substituted for "Public Printer" in subsec. (e) on authority of section 1301(d) of Pub. L. 113–235, set out as a note under section 301 of Title 44, Public Printing and Documents.

EFFECTIVE DATE OF 1994 AMENDMENT

For effective date and applicability of amendment by Pub. L. 103–355, see section 10001 of Pub. L. 103–355, set out as a note under section 8752 of Title 10, Armed Forces.

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.
§6963. Cooperation with Environmental Protection Agency

(a) General rule
All Federal agencies shall assist the Administrator in carrying out his functions under this chapter and shall promptly make available all requested information concerning past or present Agency waste management practices and past or present Agency owned, leased, or operated solid or hazardous waste facilities. This information shall be provided in such format as may be determined by the Administrator.

(b) Information relating to energy and materials conservation and recovery
The Administrator shall collect, maintain, and disseminate information concerning the market potential of energy and materials recovered from solid waste, including materials obtained through source separation, and information concerning the savings potential of conserving resources contributing to the waste stream. The Administrator shall identify the regions in which the increased substitution of such energy for energy derived from fossil fuels and other sources is most likely to be feasible, and provide information on the technical and economic aspects of developing integrated resource conservation or recovery systems which provide for the recovery of source-separated materials to be recycled or the conservation of resources. The Administrator shall utilize the authorities of subsection (a) in carrying out this subsection.

EDITORIAL NOTES

AMENDMENTS

1980—Pub. L. 96–482 designated existing provision as subsec. (a), substituted provision that information be provided in a format determined by the Administrator for provision that information be furnished on a reimbursable basis, and added subsec. (b).

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6964. Applicability of solid waste disposal guidelines to Executive agencies

(a) Compliance

(1) If—
(A) an Executive agency (as defined in section 105 of title 5) or any unit of the legislative branch of the Federal Government has jurisdiction over any real property or facility the operation or administration of which involves such agency in solid waste management activities, or
(B) such an agency enters into a contract with any person for the operation by such person of any Federal property or facility, and the performance of such contract involves such person in solid waste management activities,

then such agency shall insure compliance with the guidelines recommended under section 6907 of this title and the purposes of this chapter in the operation or administration of such property or facility, or the performance of such contract, as the case may be.

(2) Each Executive agency or any unit of the legislative branch of the Federal Government which conducts any activity—
(A) which generates solid waste, and
(B) which, if conducted by a person other than such agency, would require a permit or license from such agency in order to dispose of such solid waste,

shall insure compliance with such guidelines and the purposes of this chapter in conducting such activity.

(3) Each Executive agency which permits the use of Federal property for purposes of disposal of solid waste shall insure compliance with such guidelines and the purposes of this chapter in the disposal of such waste.

(4) The President or the Committee on House Oversight of the House of Representatives and the Committee on Rules and Administration of the Senate with regard to any unit of the legislative branch of the Federal Government shall prescribe regulations to carry out this subsection.

(b) Licenses and permits
Each Executive agency which issues any license or permit for disposal of solid waste shall, prior to the issuance of such license or permit, consult with the Administrator to insure compliance with guidelines recommended under section 6907 of this title and the purposes of this chapter.

EDITORIAL NOTES

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 3254e of this title, prior to the general amendment of the Solid Waste Disposal Act by Pub. L. 94–580.

AMENDMENTS

Subsec. (a)(4). Pub. L. 96–482, §23(3), required House Committee on House Administration and Senate Committee on Rules and Administration with regard to any unit of the legislative branch of the Federal Government to prescribe implementing regulations.

Subsec. (b). Pub. L. 95–609, §7(o)(3), substituted "Administrator" for "Secretary".

STATUTORY NOTES AND RELATED SUBSIDIARIES

CHANGE OF NAME

Committee on House Oversight of House of Representatives changed to Committee on House Administration of House of Representatives by House Resolution No. 5, One Hundred Sixth Congress, Jan. 6, 1999.

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6965. Chief Financial Officer report

The Chief Financial Officer of each affected agency shall submit to Congress an annual report containing, to the extent practicable, a detailed description of the compliance activities undertaken by the agency for mixed waste streams, and an accounting of the fines and penalties imposed on the agency for violations involving mixed waste.

EDITORIAL NOTES

CODIFICATION

Section was enacted as part of the Federal Facility Compliance Act of 1992, and not as part of the Solid Waste Disposal Act which comprises this chapter.

§6966. Increased use of recovered mineral component in federally funded projects involving procurement of cement or concrete

(a) Definitions

In this section:
(1) Agency head
The term "agency head" means—
(A) the Secretary of Transportation; and
(B) the head of any other Federal agency that, on a regular basis, procures, or provides Federal funds to pay or assist in paying the cost of procuring, material for cement or concrete projects.

(2) Cement or concrete project
The term "cement or concrete project" means a project for the construction or maintenance of a highway or other transportation facility or a Federal, State, or local government building or other public facility that—
(A) involves the procurement of cement or concrete; and
(B) is carried out, in whole or in part, using Federal funds.

(3) Recovered mineral component
The term "recovered mineral component" means—
(A) ground granulated blast furnace slag, excluding lead slag;
(B) coal combustion fly ash; and
(C) any other waste material or byproduct recovered or diverted from solid waste that the Administrator, in consultation with an agency head, determines should be treated as recovered mineral component under this section for use in cement or concrete projects paid for, in whole or in part, by the agency head.

(b) Implementation of requirements

(1) In general
Not later than 1 year after August 8, 2005, the Administrator and each agency head shall take such actions as are necessary to implement fully all procurement requirements and incentives in effect as of August 8, 2005 (including guidelines under section 6962 of this title) that provide for the use of cement and concrete incorporating recovered mineral component in cement or concrete projects.

(2) Priority
In carrying out paragraph (1), an agency head shall give priority to achieving greater use of recovered mineral component in cement or concrete projects for which recovered mineral components historically have not been used or have been used only minimally.

(3) Federal procurement requirements
The Administrator and each agency head shall carry out this subsection in accordance with section 6962 of this title.

(c) Full implementation study

(1) In general
The Administrator, in cooperation with the Secretary of Transportation and the Secretary of Energy, shall conduct a study to determine the extent to which procurement requirements, when fully implemented in accordance with subsection (b), may realize energy savings and environmental benefits attainable with substitution of recovered mineral component in cement used in cement or concrete projects.

(2) Matters to be addressed
The study shall—
(A) quantify—
(i) the extent to which recovered mineral components are being substituted for Portland cement, particularly as a result of procurement requirements; and
(ii) the energy savings and environmental benefits associated with the substitution;

(B) identify all barriers in procurement requirements to greater realization of energy savings and environmental benefits, including barriers resulting from exceptions from the law; and
(C)(i) identify potential mechanisms to achieve greater substitution of recovered mineral component in types of cement or concrete projects for which recovered mineral components historically have not been used or have been used only minimally;
(ii) evaluate the feasibility of establishing guidelines or standards for optimized substitution rates of recovered mineral component in those cement or concrete projects; and
(iii) identify any potential environmental or economic effects that may result from greater substitution of recovered mineral component in those cement or concrete projects.

(3) Report
Not later than 30 months after August 8, 2005, the Administrator shall submit to Congress a report on the study.

(d) Additional procurement requirements
Unless the study conducted under subsection (c) identifies any effects or other problems described in subsection (c)(2)(C)(i) that warrant further review or delay, the Administrator and each agency head shall, not later than 1 year after the date on which the report under subsection (c)(3) is submitted, take additional actions under this chapter to establish procurement requirements and incentives that provide for the use of cement and concrete with increased substitution of recovered mineral component in the construction and maintenance of cement or concrete projects—
(1) to realize more fully the energy savings and environmental benefits associated with increased substitution; and
(2) to eliminate barriers identified under subsection (c)(2)(B).

(e) Effect of section

Nothing in this section affects the requirements of section 6962 of this title (including the guidelines and specifications for implementing those requirements).

EDITORIAL NOTES

CODIFICATION

Another section 6005 of Pub. L. 89–272 is classified to section 6966a of this title.

§6966a. Increased use of recovered mineral component in federally funded projects involving procurement of cement or concrete

(a) Definitions

In this section:

(1) Agency head

The term "agency head" means—
(A) the Secretary of Transportation; and
(B) the head of each other Federal agency that on a regular basis procures, or provides Federal funds to pay or assist in paying the cost of procuring, material for cement or concrete projects.

(2) Cement or concrete project

The term "cement or concrete project" means a project for the construction or maintenance of a highway or other transportation facility or a Federal, State, or local government building or other public facility that—
(A) involves the procurement of cement or concrete; and
(B) is carried out in whole or in part using Federal funds.

(3) Recovered mineral component

The term "recovered mineral component" means—
(A) ground granulated blast furnace slag other than lead slag;
(B) coal combustion fly ash;
(C) blast furnace slag aggregate other than lead slag aggregate;
(D) silica fume; and
(E) any other waste material or byproduct recovered or diverted from solid waste that the Administrator, in consultation with an agency head, determines should be treated as recovered mineral component under this section for use in cement or concrete projects paid for, in whole or in part, by the agency head.

(b) Implementation of requirements

(1) In general

Not later than 1 year after August 10, 2005, the Administrator and each agency head shall take such actions as are necessary to implement fully all procurement requirements and incentives in effect as of August 10, 2005 (including guidelines under section 6962 of this title) that provide for the use of cement and concrete incorporating recovered mineral component in cement or concrete projects.

(2) Priority

In carrying out paragraph (1) an agency head shall give priority to achieving greater use of recovered mineral component in cement or concrete projects for which recovered mineral components historically have not been used or have been used only minimally.

(3) Conformance

The Administrator and each agency head shall carry out this subsection in accordance with section 6962 of this title.

(c) Full implementation study

(1) In general

The Administrator, in cooperation with the Secretary of Transportation and the Secretary of Energy, shall conduct a study to determine the extent to which current procurement requirements, when fully implemented in accordance with subsection (b), may realize energy savings and environmental benefits attainable with substitution of recovered mineral component in cement used in cement or concrete projects.

(2) Matters to be addressed

The study shall—
(A) quantify the extent to which recovered mineral components are being substituted for Portland cement, particularly as a result of current procurement requirements, and the energy savings and environmental benefits associated with
that substitution;
(B) identify all barriers in procurement requirements to greater realization of energy savings and environmental
benefits, including barriers resulting from exceptions from current law; and
(C)(i) identify potential mechanisms to achieve greater substitution of recovered mineral component in types of
cement or concrete projects for which recovered mineral components historically have not been used or have been
used only minimally;
(ii) evaluate the feasibility of establishing guidelines or standards for optimized substitution rates of recovered mineral
component in those cement or concrete projects; and
(iii) identify any potential environmental or economic effects that may result from greater substitution of recovered
mineral component in those cement or concrete projects.

(3) Report
Not later than 30 months after August 10, 2005, the Administrator shall submit to Congress a report on the study.

(d) Additional procurement requirements
Unless the study conducted under subsection (c) identifies any effects or other problems described in subsection (c)(2)(C)
(iii) that warrant further review or delay, the Administrator and each agency head shall, not later than 1 year after the release
of the report in accordance with subsection (c)(3), take additional actions authorized under this chapter to establish
procurement requirements and incentives that provide for the use of cement and concrete with increased substitution of
recovered mineral component in the construction and maintenance of cement or concrete projects, so as to—
(1) realize more fully the energy savings and environmental benefits associated with increased substitution; and
(2) eliminate barriers identified under subsection (c).

(e) Effect of section
Nothing in this section affects the requirements of section 6962 of this title (including the guidelines and specifications for
implementing those requirements).

EDITORIAL NOTES

CODIFICATION

Another section 6005 of Pub. L. 89–272 is classified to section 6966 of this title.

§6966b. Use of granular mine tailings

(a) Mine tailings

(1) In general
Not later than 180 days after August 10, 2005, the Administrator, in consultation with the Secretary of Transportation
and heads of other Federal agencies, shall establish criteria (including an evaluation of whether to establish a numerical
standard for concentration of lead and other hazardous substances) for the safe and environmentally protective use of
granular mine tailings from the Tar Creek, Oklahoma Mining District, known as "chat", for—
(A) cement or concrete projects; and
(B) transportation construction projects (including transportation construction projects involving the use of asphalt)
that are carried out, in whole or in part, using Federal funds.

(2) Requirements
In establishing criteria under paragraph (1), the Administrator shall consider—
(A) the current and previous uses of granular mine tailings as an aggregate for asphalt; and
(B) any environmental and public health risks and benefits derived from the removal, transportation, and use in
transportation projects of granular mine tailings.

(3) Public participation
In establishing the criteria under paragraph (1), the Administrator shall solicit and consider comments from the public.

(4) Applicability of criteria
On the establishment of the criteria under paragraph (1), any use of the granular mine tailings described in paragraph
(1) in a transportation project that is carried out, in whole or in part, using Federal funds, shall meet the criteria established
under paragraph (1).

(b) Effect of sections
Nothing in this section or section 6966a of this title affects any requirement of any law (including a regulation) in effect on
August 10, 2005.

EDITORIAL NOTES
REFERENCES IN TEXT
Section 6966a of this title, referred to in subsec. (b), was in the original "section 6005" meaning section 6005 of Pub. L. 89–272, which was translated as meaning the section 6005 of Pub. L. 89–272 as added by section 6017(a) of Pub. L. 109–58, to reflect the probable intent of Congress.

§6966c. Best practices for battery recycling and labeling guidelines

(a) Definitions
In this section:

(1) Administrator
The term "Administrator" means the Administrator of the Environmental Protection Agency.

(2) Battery
The term "battery" means a device that—
(A) consists of 1 or more electrochemical cells that are electrically connected; and
(B) is designed to store and deliver electric energy.

(3) Recycling
The term "recycling" means the series of activities—
(A) during which recyclable materials are processed into specification-grade commodities, and consumed as raw-material feedstock, in lieu of virgin materials, in the manufacturing of new products;
(B) that may include collection, processing, and brokering; and
(C) that result in subsequent consumption by a materials manufacturer, including for the manufacturing of new products.

(b) Best practices for collection of batteries to be recycled

(1) In general
The Administrator shall develop best practices that may be implemented by State, Tribal, and local governments with respect to the collection of batteries to be recycled in a manner that—
(A) to the maximum extent practicable, is technically and economically feasible for State, Tribal, and local governments;
(B) is environmentally sound and safe for waste management workers; and
(C) optimizes the value and use of material derived from recycling of batteries.

(2) Consultation
The Administrator shall develop the best practices described in paragraph (1) in coordination with State, Tribal, and local governments and relevant nongovernmental and private sector entities.

(3) Report
Not later than 2 years after November 15, 2021, the Administrator shall submit to Congress a report describing the best practices developed under paragraph (1).

(4) Authorization of appropriations
There is authorized to be appropriated to the Administrator to carry out this subsection $10,000,000 for fiscal year 2022, to remain available until September 30, 2026.

(c) Voluntary labeling guidelines

(1) In general
There is established within the Environmental Protection Agency a program (referred to in this subsection as the "program") to promote battery recycling through the development of—
(A) voluntary labeling guidelines for batteries; and
(B) other forms of communication materials for battery producers and consumers about the reuse and recycling of critical materials from batteries.

(2) Purposes
The purposes of the program are to improve battery collection and reduce battery waste, including by—
(A) identifying battery collection locations and increasing accessibility to those locations;
(B) promoting consumer education about battery collection and recycling; and
(C) reducing safety concerns relating to the improper disposal of batteries.

(3) Other standards and law
The Administrator shall make every reasonable effort to ensure that voluntary labeling guidelines and other forms of communication materials developed under the program are consistent with—
(A) international battery labeling standards; and
(B) the Mercury-Containing and Rechargeable Battery Management Act (42 U.S.C. 14301 et seq.).

(4) Authorization of appropriations
There is authorized to be appropriated to the Administrator to carry out this subsection $15,000,000 for fiscal year 2022, to remain available until September 30, 2026.

EDITORIAL NOTES

REFERENCES IN TEXT

CODIFICATION

Section was enacted as part of the Infrastructure Investment and Jobs Act, and not as part of the Solid Waste Disposal Act which comprises this chapter.

§6966d. Consumer recycling education and outreach grant program; Federal procurement

(a) Definition of Administrator

In this section, the term "Administrator" means the Administrator of the Environmental Protection Agency.

(b) Consumer recycling education and outreach grant program

(1) In general

The Administrator shall establish a program (referred to in this subsection as the "grant program") to award competitive grants to eligible entities to improve the effectiveness of residential and community recycling programs through public education and outreach.

(2) Criteria

The Administrator shall award grants under the grant program for projects that, by using one or more eligible activities described in paragraph (5)—

(A) inform the public about residential or community recycling programs;

(B) provide information about the recycled materials that are accepted as part of a residential or community recycling program that provides for the separate collection of residential solid waste from recycled material; and

(C) increase collection rates and decrease contamination in residential and community recycling programs.

(3) Eligible entities

(A) In general

An entity that is eligible to receive a grant under the grant program is—

(i) a State;

(ii) a unit of local government;

(iii) an Indian Tribe (as defined in section 5304 of title 25);

(iv) a Native Hawaiian organization (as defined in section 7517 of title 20);

(v) the Department of Hawaiian Home Lands;

(vi) the Office of Hawaiian Affairs;

(vii) a nonprofit organization; or

(viii) a public-private partnership.

(B) Coordination of activities

2 or more entities described in subparagraph (A) may receive a grant under the grant program to coordinate the provision of information to residents that may access 2 or more residential recycling programs, including programs that accept different recycled materials, to provide to the residents information regarding differences among those residential recycling programs.

(4) Requirement

(A) In general

To receive a grant under the grant program, an eligible entity shall demonstrate to the Administrator that the grant funds will be used to encourage the collection of recycled materials that are sold to an existing or developing market.

(B) Business plans and financial data

(I) In general

An eligible entity may make a demonstration under subparagraph (A) through the submission to the Administrator of appropriate business plans and financial data.
(ii) Confidentiality

The Administrator shall treat any business plans or financial data received under clause (i) as confidential information.

(5) Eligible activities

An eligible entity that receives a grant under the grant program may use the grant funds for activities including—
(A) public service announcements;
(B) a door-to-door education and outreach campaign;
(C) social media and digital outreach;
(D) an advertising campaign on recycling awareness;
(E) the development and dissemination of—
   (i) a toolkit for a municipal and commercial recycling program;
   (ii) information on the importance of quality in the recycling stream;
   (iii) information on the economic and environmental benefits of recycling; and
   (iv) information on what happens to materials after the materials are placed into a residential or community recycling program;

(F) businesses recycling outreach;
(G) bin, cart, and other receptacle labeling and signs; and
(H) such other activities that the Administrator determines are appropriate to carry out the purposes of this subsection.

(6) Prohibition on use of funds

No funds may be awarded under the grant program for a residential recycling program that—
(A) does not provide for the separate collection of residential solid waste (as defined in section 246.101 of title 40, Code of Federal Regulations (as in effect on November 15, 2021)) from recycled material (as defined in that section), unless the funds are used to promote a transition to a system that separately collects recycled materials; or
(B) promotes the establishment of, or conversion to, a residential collection system that does not provide for the separate collection of residential solid waste from recycled material (as those terms are defined under subparagraph (A)).

(7) Model recycling program toolkit

(A) In general

In carrying out the grant program, the Administrator, in consultation with other relevant Federal agencies, States, Indian Tribes, units of local government, nonprofit organizations, and the private sector, shall develop a model recycling program toolkit for States, Indian Tribes, and units of local government that includes, at a minimum—
(i) a standardized set of terms and examples that may be used to describe materials that are accepted by a residential recycling program;
(ii) information that the Administrator determines can be widely applied across residential recycling programs, taking into consideration the differences in recycled materials accepted by residential recycling programs;
(iii) educational principles on best practices for the collection and processing of recycled materials;
(iv) a community self-assessment guide to identify gaps in existing recycling programs;
(v) training modules that enable States and nonprofit organizations to provide technical assistance to units of local government;
(vi) access to consumer educational materials that States, Indian Tribes, and units of local government can adapt and use in recycling programs; and
(vii) a guide to measure the effectiveness of a grant received under the grant program, including standardized measurements for recycling rates and decreases in contamination.

(B) Requirement

In developing the standardized set of terms and examples under subparagraph (A)(i), the Administrator may not establish any requirements for—
(i) what materials shall be accepted by a residential recycling program; or
(ii) the labeling of products.

(8) School curriculum

The Administrator shall provide assistance to the educational community, including nonprofit organizations, such as an organization the science, technology, engineering, and mathematics program of which incorporates recycling, to promote the introduction of recycling principles and best practices into public school curricula.

(9) Reports

(A) To the Administrator

Not earlier than 180 days, and not later than 2 years, after the date on which a grant under the grant program is awarded to an eligible entity, the eligible entity shall submit to the Administrator a report describing, by using the guide developed under paragraph (7)(A)(vii)—
(i) the change in volume of recycled material collected through the activities funded with the grant;
(ii) the change in participation rate of the recycling program funded with the grant;
(iii) the reduction of contamination in the recycling stream as a result of the activities funded with the grant; and
(iv) such other information as the Administrator determines to be appropriate.

(B) To Congress
The Administrator shall submit to Congress an annual report describing—
(i) the effectiveness of residential recycling programs awarded funds under the grant program, including statistics comparing the quantity and quality of recycled materials collected by those programs, as described in the reports submitted to the Administrator under subparagraph (A); and
(ii) recommendations on additional actions to improve residential recycling.

(c) Omitted
(d) Authorization of appropriations

(1) In general
There is authorized to be appropriated to the Administrator to carry out this section and the amendments made by this section $15,000,000 for each of fiscal years 2022 through 2026.

(2) Requirement
Of the amount made available under paragraph (1) for a fiscal year, not less than 20 percent shall be allocated to—
(A) low-income communities;
(B) rural communities; and
(C) communities identified as Native American pursuant to section 3001(9) of title 25.

EDITORIAL NOTES

REFERENCES IN TEXT
The amendments made by this section, referred to in subsec. (d)(1), means the amendments made by section 70402(c) of Pub. L. 117–58, which amended section 6962 of this title. See Codification note below.

CODIFICATION
Section is comprised of section 70402 of Pub. L. 117–58. Subsec. (c) of section 70402 of Pub. L. 117–58 amended section 6962 of this title.
Section was enacted as part of the Infrastructure Investment and Jobs Act, and not as part of the Solid Waste Disposal Act which comprises this chapter.

SUBCHAPTER VII—MISCELLANEOUS PROVISIONS

§6971. Employee protection

(a) General
No person shall fire, or in any other way discriminate against, or cause to be fired or discriminated against, any employee or any authorized representative of employees by reason of the fact that such employee or representative has filed, instituted, or caused to be filed or instituted any proceeding under this chapter or under any applicable implementation plan, or has testified or is about to testify in any proceeding resulting from the administration or enforcement of the provisions of this chapter or of any applicable implementation plan.

(b) Remedy
Any employee or a representative of employees who believes that he has been fired or otherwise discriminated against by any person in violation of subsection (a) of this section may, within thirty days after such alleged violation occurs, apply to the Secretary of Labor for a review of such firing or alleged discrimination. A copy of the application shall be sent to such person who shall be the respondent. Upon receipt of such application, the Secretary of Labor shall cause such investigation to be made as he deems appropriate. Such investigation shall provide an opportunity for a public hearing at the request of any party to such review to enable the parties to present information relating to such alleged violation. The parties shall be given written notice of the time and place of the hearing at least five days prior to the hearing. Any such hearing shall be of record and shall be subject to section 554 of title 5. Upon receiving the report of such investigation, the Secretary of Labor shall make findings of fact. If he finds that such violation did occur, he shall issue a decision, incorporating an order therein and his findings, requiring the party committing such violation to take such affirmative action to abate the violation as the Secretary of Labor deems appropriate, including, but not limited to, the rehiring or reinstatement of the employee or representative of employees to his former position with compensation. If he finds that there was no such violation, he shall issue an order denying the application. Such order issued by the Secretary of Labor under this subparagraph shall be subject to judicial review in the same manner as orders and decisions of the Administrator or subject to judicial review under this chapter.

(c) Costs
Whenever an order is issued under this section to abate such violation, at the request of the applicant, a sum equal to the aggregate amount of all costs and expenses (including the attorney's fees) as determined by the Secretary of Labor, to have been reasonably incurred by the applicant for, or in connection with, the institution and prosecution of such proceedings, shall be assessed against the person committing such violation.

(d) Exception

This section shall have no application to any employee who, acting without direction from his employer (or his agent) deliberately violates any requirement of this chapter.

(e) Employment shifts and loss

The Administrator shall conduct continuing evaluations of potential loss or shifts of employment which may result from the administration or enforcement of the provisions of this chapter and applicable implementation plans, including, where appropriate, investigating threatened plant closures or reductions in employment allegedly resulting from such administration or enforcement. Any employee who is discharged, or laid off, threatened with discharge or layoff, or otherwise discriminated against by any person because of the alleged results of such administration or enforcement, or any representative of such employee, may request the Administrator to conduct a full investigation of the matter. The Administrator shall thereupon investigate the matter and, at the request of any party, shall hold public hearings on not less than five days' notice, and shall at such hearings require the parties, including the employer involved, to present information relating to the actual or potential effect of such administration or enforcement on employment and on any alleged discharge, layoff, or other discrimination and the detailed reasons or justification therefor. Any such hearing shall be of record and shall be subject to section 554 of title 5. Upon receiving the report of such investigation, the Administrator shall make findings of fact as to the effect of such administration or enforcement on employment and on the alleged discharge, layoff, or discrimination and shall make such recommendations as he deems appropriate. Such report, findings, and recommendations shall be available to the public. Nothing in this subsection shall be construed to require or authorize the Administrator or any State to modify or withdraw any standard, limitation, or any other requirement of this chapter or any applicable implementation plan.

(f) Occupational safety and health

In order to assist the Secretary of Labor and the Director of the National Institute for Occupational Safety and Health in carrying out their duties under the Occupational Safety and Health Act of 1970 [29 U.S.C. 651 et seq.], the Administrator shall—

1. provide the following information, as such information becomes available, to the Secretary and the Director:
   a. the identity of any hazardous waste generation, treatment, storage, disposal facility or site where cleanup is planned or underway;
   b. information identifying the hazards to which persons working at a hazardous waste generation, treatment, storage, disposal facility or site or otherwise handling hazardous waste may be exposed, the nature and extent of the exposure, and methods to protect workers from such hazards; and
   c. incidents of worker injury or harm at a hazardous waste generation, treatment, storage or disposal facility or site;

2. notify the Secretary and the Director of the Administrator's receipt of notifications under section 6930 or reports under sections 6922, 6923, and 6924 of this title and make such notifications and reports available to the Secretary and the Director.

AMENDMENTS

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.
§6972. Citizen suits

(a) In general

Except as provided in subsection (b) or (c) of this section, any person may commence a civil action on his own behalf—

(1)(A) against any person (including (a) the United States, and (b) any other governmental instrumentality or agency, to the extent permitted by the eleventh amendment to the Constitution) who is alleged to be in violation of any permit, standard, regulation, condition, requirement, prohibition, or order which has become effective pursuant to this chapter; or

(B) against any person, including the United States and any other governmental instrumentality or agency, to the extent permitted by the eleventh amendment to the Constitution, and including any past or present generator, past or present transporter, or past or present owner or operator of a treatment, storage, or disposal facility, who has contributed or who is contributing to the past or present handling, storage, treatment, transportation, or disposal of any solid or hazardous waste which may present an imminent and substantial endangerment to health or the environment; or

(2) against the Administrator where there is alleged a failure of the Administrator to perform any act or duty under this chapter which is not discretionary with the Administrator.

Any action under paragraph (a)(1) of this subsection shall be brought in the district court for the district in which the alleged violation occurred or the alleged endangerment may occur. Any action brought under paragraph (a)(2) of this subsection may be brought in the district court for the district in which the alleged violation occurred or in the District Court of the District of Columbia. The district court shall have jurisdiction, without regard to the amount in controversy or the citizenship of the parties, to enforce the permit, standard, regulation, condition, requirement, prohibition, or order, referred to in paragraph (1)(A), to restrain any person who has contributed or who is contributing to the past or present handling, storage, treatment, transportation, or disposal of any solid or hazardous waste referred to in paragraph (1)(B), to order such person to take such other action as may be necessary, or both, or to order the Administrator to perform the act or duty referred to in paragraph (2), as the case may be, and to apply any appropriate civil penalties under section 6928(a) and (g) of this title.

(b) Actions prohibited

(1) No action may be commenced under subsection (a)(1)(A) of this section—

(A) prior to 60 days after the plaintiff has given notice of the violation to—

(i) the Administrator;

(ii) the State in which the alleged violation occurs; and

(iii) to any alleged violator of such permit, standard, regulation, condition, requirement, prohibition, or order,

except that such action may be brought immediately after such notification in the case of an action under this section respecting a violation of subchapter III of this chapter; or

(B) if the Administrator or State has commenced and is diligently prosecuting a civil or criminal action in a court of the United States or a State to require compliance with such permit, standard, regulation, condition, requirement, prohibition, or order.

In any action under subsection (a)(1)(A) in a court of the United States, any person may intervene as a matter of right.

(2)(A) No action may be commenced under subsection (a)(1)(B) of this section prior to ninety days after the plaintiff has given notice of the endangerment to—

(i) the Administrator;

(ii) the State in which the alleged endangerment may occur;

(iii) any person alleged to have contributed or to be contributing to the past or present handling, storage, treatment, transportation, or disposal of any solid or hazardous waste referred to in subsection (a)(1)(B),

except that such action may be brought immediately after such notification in the case of an action under this section respecting a violation of subchapter III of this chapter.

(B) No action may be commenced under subsection (a)(1)(B) of this section if the Administrator, in order to restrain or abate acts or conditions which may have contributed or are contributing to the activities which may present the alleged endangerment—

(i) has commenced and is diligently prosecuting an action under section 6973 of this title or under section 106 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 [42 U.S.C. 9606] ;

(ii) is actually engaging in a removal action under section 104 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 [42 U.S.C. 9604];

(iii) has incurred costs to initiate a Remedial Investigation and Feasibility Study under section 104 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 [42 U.S.C. 9604] and is diligently proceeding with a remedial action under that Act [42 U.S.C. 9601 et seq.]; or

(iv) has obtained a court order (including a consent decree) or issued an administrative order under section 106 of the Comprehensive Environmental Response, Compensation and Liability Act of 980 [42 U.S.C. 9606] or section 6973 of this title pursuant to which a responsible party is diligently conducting a removal action, Remedial Investigation and Feasibility Study (RIFS), or proceeding with a remedial action.
In the case of an administrative order referred to in clause (iv), actions under subsection (a)(1)(B) are prohibited only as to the scope and duration of the administrative order referred to in clause (iv).

(C) No action may be commenced under subsection (a)(1)(B) of this section if the State, in order to restrain or abate acts or conditions which may have contributed or are contributing to the activities which may present the alleged endangerment —

(i) has commenced and is diligently prosecuting an action under subsection (a)(1)(B);

(ii) is actually engaging in a removal action under section 104 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 [42 U.S.C. 9604]; or

(iii) has incurred costs to initiate a Remedial Investigation and Feasibility Study under section 104 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 [42 U.S.C. 9604] and is diligently proceeding with a remedial action under that Act [42 U.S.C. 9601 et seq.].

(D) No action may be commenced under subsection (a)(1)(B) by any person (other than a State or local government) with respect to the siting of a hazardous waste treatment, storage, or a disposal facility, nor to restrain or enjoin the issuance of a permit for such facility.

(E) In any action under subsection (a)(1)(B) in a court of the United States, any person may intervene as a matter of right when the applicant claims an interest relating to the subject of the action and he is so situated that the disposition of the action may, as a practical matter, impair or impede his ability to protect that interest, unless the Administrator or the State shows that the applicant's interest is adequately represented by existing parties.

(F) Whenever any action is brought under subsection (a)(1)(B) in a court of the United States, the plaintiff shall serve a copy of the complaint on the Attorney General of the United States and with the Administrator.

(c) Notice

No action may be commenced under paragraph (a)(2) of this section prior to sixty days after the plaintiff has given notice to the Administrator that he will commence such action, except that such action may be brought immediately after such notification in the case of an action under this section respecting a violation of subchapter III. Notice under this subsection shall be given in such manner as the Administrator shall prescribe by regulation. Any action respecting a violation under this chapter may be brought under this section only in the judicial district in which such alleged violation occurs.

(d) Intervention

In any action under this section the Administrator, if not a party, may intervene as a matter of right.

(e) Costs

The court, in issuing any final order in any action brought pursuant to this section or section 6976 of this title, may award costs of litigation (including reasonable attorney and expert witness fees) to the prevailing or substantially prevailing party, whenever the court determines such an award is appropriate. The court may, if a temporary restraining order or preliminary injunction is sought, require the filing of a bond or equivalent security in accordance with the Federal Rules of Civil Procedure.

(f) Other rights preserved

Nothing in this section shall restrict any right which any person (or class of persons) may have under any statute or common law to seek enforcement of any standard or requirement relating to the management of solid waste or hazardous waste, or to seek any other relief (including relief against the Administrator or a State agency).

(g) Transporters

A transporter shall not be deemed to have contributed or to be contributing to the handling, storage, treatment, or disposal, referred to in subsection (a)(1)(B) taking place after such solid waste or hazardous waste has left the possession or control of such transporter, if the transportation of such waste was under a sole contractual arrangement arising from a published tariff and acceptance for carriage by common carrier by rail and such transporter has exercised due care in the past or present handling, storage, treatment, transportation and disposal of such waste.

EDITORIAL NOTES

REFERENCES IN TEXT

The Federal Rules of Civil Procedure, referred to in subsec. (e), are set out in the Appendix to Title 28, Judiciary and Judicial Procedure.

AMENDMENTS

1984—Subsec. (a). Pub. L. 98–616, §401(a), (b), designated existing provisions of subsec. (a)(1) as subpar. (A) thereof, inserted "prohibition," after "requirement," added subpar. (B), and in provisions following par. (2) inserted "or the alleged endangerment may occur" in first sentence and substituted "to enforce the permit,
standard, regulation, condition, requirement, prohibition, or order, referred to in paragraph (1)(A), to restrain any person who has contributed or who is contributing to the past or present handling, storage, treatment, transportation, or disposal of any solid or hazardous waste referred to in paragraph (1)(B), to order such person to take such other action as may be necessary, or both, or to order the Administrator to perform the act or duty referred to in paragraph (2), as the case may be, and to apply any appropriate civil penalties under section 6928(a) and (g) of this title" for "to enforce such regulation or order, or to order the Administrator to perform such act or duty as the case may be".

Subsec. (b). Pub. L. 98–616, §401(d), amended subsec. (b) generally. Prior to amendment, subsec. (b) read as follows: "No action may be commenced under paragraph (a)(1) of this section—

"(1) prior to sixty days after the plaintiff has given notice of the violation (A) to the Administrator; (B) to the State in which the alleged violation occurs; and (C) to any alleged violator of such permit, standard, regulation, condition, requirement, or order; or

"(2) if the Administrator or State has commenced and is diligently prosecuting a civil or criminal action in a court of the United States or a State to require compliance with such permit, standard, regulation, condition, requirement, or order: Provided, however, That in any such action in a court of the United States, any person may intervene as a matter of right."

Subsec. (e). Pub. L. 98–616, §401(e), substituted "to the prevailing or substantially prevailing party" for "to any party" and inserted "or section 6976 of this title".

Subsec. (g). Pub. L. 98–616, §401(c), added subsec. (g).

1978—Subsec. (c). Pub. L. 95–609, §7(p)(1), substituted "subchapter III" for "section 212 of this Act."

Subsec. (e). Pub. L. 95–609, §7(p)(2), substituted "require" for "requiring".

**Executive Documents**

**Transfer of Functions**

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

1. *So in original. The comma probably should be a semicolon.*

2. *So in original. Probably should be "1980."

**§6973. Imminent hazard**

(a) Authority of Administrator

Notwithstanding any other provision of this chapter, upon receipt of evidence that the past or present handling, storage, treatment, transportation or disposal of any solid waste or hazardous waste may present an imminent and substantial endangerment to health or the environment, the Administrator may bring suit on behalf of the United States in the appropriate district court against any person (including any past or present generator, past or present transporter, or past or present owner or operator of a treatment, storage, or disposal facility) who has contributed or who is contributing to such handling, storage, treatment, transportation or disposal to restrain such person from such handling, storage, treatment, transportation, or disposal, to order such person to take such other action as may be necessary, or both. A transporter shall not be deemed to have contributed or to be contributing to such handling, storage, treatment, or disposal taking place after such solid waste or hazardous waste has left the possession or control of such transporter if the transportation of such waste was under a sole contractual arrangement arising from a published tariff and acceptance for carriage by common carrier by rail and such transporter has exercised due care in the past or present handling, storage, treatment, transportation, and disposal of such waste. The Administrator shall provide notice to the affected State of any such suit. The Administrator may also, after notice to the affected State, take other action under this section including, but not limited to, issuing such orders as may be necessary to protect public health and the environment.

(b) Violations

Any person who willfully violates, or fails or refuses to comply with, any order of the Administrator under subsection (a) may, in an action brought in the appropriate United States district court to enforce such order, be fined not more than $5,000 for each day in which such violation occurs or such failure to comply continues.

(c) Immediate notice

Upon receipt of information that there is hazardous waste at any site which has presented an imminent and substantial endangerment to human health or the environment, the Administrator shall provide immediate notice to the appropriate local government agencies. In addition, the Administrator shall require notice of such endangerment to be promptly posted at the site where the waste is located.

(d) Public participation in settlements
Whenever the United States or the Administrator proposes to covenant not to sue or to forbear from suit or to settle any claim arising under this section, notice, and opportunity for a public meeting in the affected area, and a reasonable opportunity to comment on the proposed settlement prior to its final entry shall be afforded to the public. The decision of the United States or the Administrator to enter into or not to enter into such Consent Decree, covenant or agreement shall not constitute a final agency action subject to judicial review under this chapter or chapter 7 of title 5.

EDITORIAL NOTES

CODIFICATION

In subsec. (d), "chapter 7 of title 5" substituted for "the Administrative Procedure Act" on authority of Pub. L. 89–554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

AMENDMENTS

1984—Subsec. (a). Pub. L. 98–616, §402, inserted "past or present" after "evidence that the", substituted "against any person (including any past or present generator, past or present transporter, or past or present owner or operator of a treatment, storage, or disposal facility who has contributed or, who is "for "to immediately restrain any person", substituted "to restrain such person from" for "to stop", substituted ", to order such person to take such other action as may be necessary, or both" for "or to take such other action as may be necessary", and inserted "A transporter shall not be deemed to have contributed or to be contributing to such handling, storage, treatment, or disposal, taking place after such solid waste or hazardous waste has left the possession or control of such transporter, if the transportation of such waste was under a sole contractual [sic] arrangement arising from a published tariff and acceptance for carriage by common carrier by rail and such transporter has exercised due care in the past or present handling, storage, treatment, transportation and disposal of such waste."
   Subsec. (c). Pub. L. 98–616, §403(a), added subsec. (c).

1980—Pub. L. 96–482, §25, designated existing provisions as subsec. (a), substituted "may present" for "is presenting" and "such handling, storage, treatment, transportation or disposal" for "the alleged disposal" and authorized other action to be taken by the Administrator after notice including issuance of protective orders relating to public health and the environment, and added subsec. (b).

1978—Pub. L. 95–609 struck out "for" after "restrain any person".

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

1 So in original. Probably should be "contractual".

§6974. Petition for regulations; public participation

(a) Petition

Any person may petition the Administrator for the promulgation, amendment, or repeal of any regulation under this chapter. Within a reasonable time following receipt of such petition, the Administrator shall take action with respect to such petition and shall publish notice of such action in the Federal Register, together with the reasons therefor.

(b) Public participation

(1) Public participation in the development, revision, implementation, and enforcement of any regulation, guideline, information, or program under this chapter shall be provided for, encouraged, and assisted by the Administrator and the States. The Administrator, in cooperation with the States, shall develop and publish minimum guidelines for public participation in such processes.

(2) Before the issuing of a permit to any person with any respect to any facility for the treatment, storage, or disposal of hazardous wastes under section 6925 of this title, the Administrator shall—
(A) cause to be published in major local newspapers of general circulation and broadcast over local radio stations notice of the agency's intention to issue such permit, and

(B) transmit in writing notice of the agency's intention to issue such permit to each unit of local government having jurisdiction over the area in which such facility is proposed to be located and to each State agency having any authority under State law with respect to the construction or operation of such facility.

If within 45 days the Administrator receives written notice of opposition to the agency's intention to issue such permit and a request for a hearing, or if the Administrator determines on his own initiative, he shall hold an informal public hearing (including an opportunity for presentation of written and oral views) on whether he should issue a permit for the proposed facility. Whenever possible the Administrator shall schedule such hearing at a location convenient to the nearest population center to such proposed facility and give notice in the aforementioned manner of the date, time, and subject matter of such hearing. No State program which provides for the issuance of permits referred to in this paragraph may be authorized by the Administrator under section 6926 of this title unless such program provides for the notice and hearing required by the paragraph.

EDITORIAL NOTES

AMENDMENTS

1980—Subsec. (b). Pub. L. 96–482 designated existing provisions as par. (1) and added par. (2).

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6975. Separability

If any provision of this chapter, or the application of any provision of this chapter to any person or circumstance, is held invalid, the application of such provision to other persons or circumstances, and the remainder of this chapter, shall not be affected thereby.

§6976. Judicial review

(a) Review of final regulations and certain petitions

Any judicial review of final regulations promulgated pursuant to this chapter and the Administrator's denial of any petition for the promulgation, amendment, or repeal of any regulation under this chapter shall be in accordance with sections 701 through 706 of title 5, except that—

(1) a petition for review of action of the Administrator in promulgating any regulation, or requirement under this chapter or denying any petition for the promulgation, amendment or repeal of any regulation under this chapter may be filed only in the United States Court of Appeals for the District of Columbia, and such petition shall be filed within ninety days from the date of such promulgation or denial, or after such date if such petition for review is based solely on grounds arising after such ninetieth day; action of the Administrator with respect to which review could have been obtained under this subsection shall not be subject to judicial review in civil or criminal proceedings for enforcement; and

(2) in any judicial proceeding brought under this section in which review is sought of a determination under this chapter required to be made on the record after notice and opportunity for hearing, if a party seeking review under this chapter applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that the information is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the Administrator, the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before the Administrator, and to be adduced upon the hearing in such manner and upon such terms and conditions as the court may deem proper; the Administrator may modify his findings as to the facts, or make new findings, by reason of the additional evidence so taken, and he shall file with the court such modified or new findings and his recommendation, if any, for the modification or setting aside of his original order, with the return of such additional evidence.

(b) Review of certain actions under sections 6925 and 6926 of this title

Review of the Administrator's action (1) in issuing, denying, modifying, or revoking any permit under section 6925 of this title (or in modifying or revoking any permit which is deemed to have been issued under section 6935(d)(1) of this title), or
(2) in granting, denying, or withdrawing authorization or interim authorization under section 6926 of this title, may be had by any interested person in the Circuit Court of Appeals of the United States for the Federal judicial district in which such person resides or transacts such business upon application by such person. Any such application shall be made within ninety days from the date of such issuance, denial, modification, revocation, grant, or withdrawal, or after such date only if such application is based solely on grounds which arose after such ninetieth day. Action of the Administrator with respect to which review could have been obtained under this subsection shall not be subject to judicial review in civil or criminal proceedings for enforcement. Such review shall be in accordance with sections 701 through 706 of title 5.

EDITORIAL NOTES

REFERENCES IN TEXT

Section 6935(d)(1) of this title, referred to in subsec. (b), was in the original a reference to section 3012(d)(1) of Pub. L. 89–272, which was renumbered section 3014(d)(1) of Pub. L. 89–272 by Pub. L. 98–616 and is classified to section 6935(d)(1) of this title.

AMENDMENTS

1984—Pub. L. 98–616 inserted "(or in modifying or revoking any permit which is deemed to have been issued under section 6935(d)(1) of this title)" and inserted "Action of the Administrator with respect to which review could have been obtained under this subsection shall not be subject to judicial review in civil or criminal proceedings for enforcement."

1980—Pub. L. 96–482, §27(a), designated existing provisions as subsec. (a), in provision preceding par. (1), included judicial review of Administrator's denial of any petition for promulgation, amendment, or repeal of any regulation in par. (1), included review of Administrator's denial of any petition for promulgation, amendment, or repeal of any regulation, and substituted "District of Columbia, and" for "District of Columbia. Any", "date of such promulgation or denial" for "date of such promulgation", "petition for review is based" for "petition is based", and ";" for "." Action", and in par. (2), substituted "proper; the" for "proper. The", and added subsec. (b).

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6977. Grants or contracts for training projects

(a) General authority

The Administrator is authorized to make grants to, and contracts with any eligible organization. For purposes of this section the term "eligible organization" means a State or interstate agency, a municipality, educational institution, and any other organization which is capable of effectively carrying out a project which may be funded by grant under subsection (b) of this section.

(b) Purposes

(1) Subject to the provisions of paragraph (2), grants or contracts may be made to pay all or a part of the costs, as may be determined by the Administrator, of any project operated or to be operated by an eligible organization, which is designed—

(A) to develop, expand, or carry out a program (which may combine training, education, and employment) for training persons for occupations involving the management, supervision, design, operation, or maintenance of solid waste management and resource recovery equipment and facilities; or

(B) to train instructors and supervisory personnel to train or supervise persons in occupations involving the design, operation, and maintenance of solid waste management and resource recovery equipment and facilities.

(2) A grant or contract authorized by paragraph (1) of this subsection may be made only upon application to the Administrator at such time or times and containing such information as he may prescribe, except that no such application shall be approved unless it provides for the same procedures and reports (and access to such reports and to other records)
as required by section 3254a(b)(4) and (5) \(^1\) of this title (as in effect before October 21, 1976) with respect to applications
made under such section (as in effect before October 21, 1976).

**EDITORIAL NOTES**

**REFERENCES IN TEXT**

Section 3254a(b)(4) and (5) of this title, referred to in subsec. (b)(2), was in the original "section 207(b)(4)
and (5)" meaning section 207(b)(4) and (5) of the Solid Waste Disposal Act, which was omitted in the general

**PRIOR PROVISIONS**

Provisions similar to those in this section were contained in section 3254d of this title, prior to the general

**AMENDMENTS**

1998—Subsec. (c). Pub. L. 105–362 struck out heading and text of subsec. (c) which related to
Administrator's study and report on State and local training needs and obstacles to employment and
occupational advancement in solid waste management and resource recovery field.

1978—Subsec. (b)(1). Pub. L. 95–609, §7(r)(1), (2), substituted "management" for "disposal" in two places,
and "resource" for "resources".

Subsec. (c)(3). Pub. L. 95–609, §7(r)(3), substituted "management" for "disposal".

**EXECUTIVE DOCUMENTS**

**TRANSFER OF FUNCTIONS**

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection
Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas
Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for
Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

\(^1\) See References in Text note below.

§6978. Payments

(a) General rule

Payments of grants under this chapter may be made (after necessary adjustment on account of previously made
underpayments or overpayments) in advance or by way of reimbursement, and in such installments and on such conditions
as the Administrator may determine.

(b) Prohibition

No grant may be made under this chapter to any private profitmaking organization.

**EDITORIAL NOTES**

**PRIOR PROVISIONS**

Provisions similar to those in this section were contained in section 3258 of this title, prior to the general

**EXECUTIVE DOCUMENTS**

**TRANSFER OF FUNCTIONS**

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection
Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas
Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for
Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.
§6979. Labor standards

No grant for a project of construction under this chapter shall be made unless the Administrator finds that the application contains or is supported by reasonable assurance that all laborers and mechanics employed by contractors or subcontractors on projects of the type covered by sections 3141–3144, 3146, and 3147 of title 40, will be paid wages at rates not less than those prevailing on similar work in the locality as determined by the Secretary of Labor in accordance with those sections; and the Secretary of Labor shall have with respect to the labor standards specified in this section the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176) and section 3145 of title 40.

EDITORIAL NOTES

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 3256 of this title, prior to the general amendment of the Solid Waste Disposal Act by Pub. L. 94–580.

AMENDMENTS

1980—Pub. L. 96–482 substituted "Administrator" for "Secretary".

§6979a. Transferred

EDITORIAL NOTES

CODIFICATION

§6979b. Law enforcement authority

The Attorney General of the United States shall, at the request of the Administrator and on the basis of a showing of need, deputize qualified employees of the Environmental Protection Agency to serve as special deputy United States marshals in criminal investigations with respect to violations of the criminal provisions of this chapter.

EDITORIAL NOTES

PRIOR PROVISIONS

A prior section 7010 of Pub. L. 89–272, which was classified to section 6979a of this title, was renumbered section 3020 and transferred to section 6939b of this title.

SUBCHAPTER VIII—RESEARCH, DEVELOPMENT, DEMONSTRATION, AND INFORMATION

112/151
§6981. Research, demonstration, training, and other activities

(a) General authority

The Administrator, alone or after consultation with the Secretary of Energy, shall conduct, and encourage, cooperate with, and render financial and other assistance to appropriate public (whether Federal, State, interstate, or local) authorities, agencies, and institutions, private agencies and institutions, and individuals in the conduct of, and promote the coordination of, research, investigations, experiments, training, demonstrations, surveys, public education programs, and studies relating to—

(1) any adverse health and welfare effects of the release into the environment of material present in solid waste, and methods to eliminate such effects;
(2) the operation and financing of solid waste management programs;
(3) the planning, implementation, and operation of resource recovery and resource conservation systems and hazardous waste management systems, including the marketing of recovered resources;
(4) the production of usable forms of recovered resources, including fuel, from solid waste;
(5) the reduction of the amount of such waste and unsalvageable waste materials;
(6) the development and application of new and improved methods of collecting and disposing of solid waste and processing and recovering materials and energy from solid wastes;
(7) the identification of solid waste components and potential materials and energy recoverable from such waste components;
(8) small scale and low technology solid waste management systems, including but not limited to, resource recovery source separation systems;
(9) methods to improve the performance characteristics of resources recovered from solid waste and the relationship of such performance characteristics to available and potentially available markets for such resources;
(10) improvements in land disposal practices for solid waste (including sludge) which may reduce the adverse environmental effects of such disposal and other aspects of solid waste disposal on land, including means for reducing the harmful environmental effects of earlier and existing landfills, means for restoring areas damaged by such earlier or existing landfills, means for rendering landfills safe for purposes of construction and other uses, and techniques of recovering materials and energy from landfills;
(11) methods for the sound disposal of, or recovery of resources, including energy, from, sludge (including sludge from pollution control and treatment facilities, coal slurry pipelines, and other sources);
(12) methods of hazardous waste management, including methods of rendering such waste environmentally safe; and
(13) any adverse effects on air quality (particularly with regard to the emission of heavy metals) which result from solid waste which is burned (either alone or in conjunction with other substances) for purposes of treatment, disposal or energy recovery.

(b) Management program

(1)(A) In carrying out his functions pursuant to this chapter, and any other Federal legislation respecting solid waste or discarded material research, development, and demonstrations, the Administrator shall establish a management program or system to insure the coordination of all such activities and to facilitate and accelerate the process of development of sound new technology (or other discoveries) from the research phase, through development, and into the demonstration phase.

(B) The Administrator shall (i) assist, on the basis of any research projects which are developed with assistance under this chapter or without Federal assistance, the construction of pilot plant facilities for the purpose of investigating or testing the technological feasibility of any promising new fuel, energy, or resource recovery or resource conservation method or technology; and (ii) demonstrate each such method and technology that appears justified by an evaluation at such pilot plant stage or at a pilot plant stage developed without Federal assistance. Each such demonstration shall incorporate new or innovative technical advances or shall apply such advances to different circumstances and conditions, for the purpose of evaluating design concepts or to test the performance, efficiency, and economic feasibility of a particular method or technology under actual operating conditions. Each such demonstration shall be so planned and designed that, if successful, it can be expanded or utilized directly as a full-scale operational fuel, energy, or resource recovery or resource conservation facility.

(2) Any energy-related research, development, or demonstration project for the conversion including bioconversion, of solid waste carried out by the Environmental Protection Agency or by the Secretary of Energy pursuant to this chapter or any other Act shall be administered in accordance with the May 7, 1976, Interagency Agreement between the Environmental Protection Agency and the Energy Research and Development Administration on the Development of Energy from Solid Wastes and specifically, that in accordance with this agreement, (A) for those energy-related projects of mutual interest, planning will be conducted jointly by the Environmental Protection Agency and the Secretary of Energy, following which project responsibility will be assigned to one agency; (B) energy-related portions of projects for recovery of synthetic fuels or other forms of energy from solid waste shall be the responsibility of the Secretary of Energy; (C) the Environmental Protection Agency shall retain responsibility for the environmental, economic, and institutional aspects of solid waste projects and for assurance that such projects are consistent with any applicable suggested guidelines published pursuant to section 6907 of this title, and any applicable State or regional solid waste management plan; and (D) any activities undertaken under provisions of sections 6982 and 6983 of this title as related to energy; as related to energy or synthetic fuels recovery from waste; or as related to energy conservation shall be accomplished through coordination and consultation with the Secretary of Energy.

(c) Authorities
(1) In carrying out subsection (a) of this section respecting solid waste research, studies, development, and demonstration, except as otherwise specifically provided in section 6984(d) of this title, the Administrator may make grants to or enter into contracts (including contracts for construction) with, public agencies and authorities or private persons.

(2) Contracts for research, development, or demonstrations or for both (including contracts for construction) shall be made in accordance with and subject to the limitations provided with respect to research contracts of the military departments in section 2353 of title 10, except that the determination, approval, and certification required thereby shall be made by the Administrator.

(3) Any invention made or conceived in the course of, or under, any contract under this chapter shall be subject to section 9 of the Federal Nonnuclear Energy Research and Development Act of 1974 [42 U.S.C. 5908] to the same extent and in the same manner as inventions made or conceived in the course of contracts under such Act [42 U.S.C. 5901 et seq.], except that in applying such section, the Environmental Protection Agency shall be substituted for the Secretary of Energy and the words "solid waste" shall be substituted for the word "energy" where appropriate.

(4) For carrying out the purpose of this chapter the Administrator may detail personnel of the Environmental Protection Agency to agencies eligible for assistance under this section.

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 3253 of this title, prior to the general amendment of the Solid Waste Disposal Act by Pub. L. 94–580.

AMENDMENTS

1978—Subsec. (a)(2). Pub. L. 95–609, §7(s)(1), substituted "management" for "disposal".

Subsec. (a)(13). Pub. L. 95–609, §7(s)(2), inserted "treatment," after "for purpose of".

STATUTORY NOTES AND RELATED SUBSIDIARIES

TRANSFER OF FUNCTIONS

"Secretary of Energy" was substituted for "Administrator of the Federal Energy Administration, the Administrator of the Energy Research and Development Administration, or the Chairman of the Federal Power Commission" in subsec. (a), and for "Energy Research and Development Administration" in subsecs. (b)(2) and (c)(3), in view of the termination of the Federal Energy Administration, the Energy Research and Development Administration, and the Federal Power Commission and the transfer of their functions and the functions of the Administrators and Chairman thereof (with certain exceptions) to the Secretary of Energy pursuant to sections 301, 703, and 707 of Pub. L. 95–91, which are classified to sections 7151, 7293, and 7297 of this title.

EPA STUDY OF METHODS TO REDUCE PLASTIC POLLUTION

Pub. L. 100–220, title II, §2202, Dec. 29, 1987, 101 Stat. 1465, directed Administrator of Environmental Protection Agency, in consultation with Secretary of Commerce, to conduct a study of the adverse effects of improper disposal of plastic articles on environment and on waste disposal, and various methods to reduce or eliminate such adverse effects, and directed Administrator, within 18 months after Dec. 29, 1987, to report results of this study to Congress.

NATIONAL ADVISORY COMMISSION ON RESOURCE CONSERVATION AND RECOVERY

Pub. L. 96–482, §33, Oct. 21, 1980, 94 Stat. 2356, as amended by Pub. L. 105–362, title V, §501(g), Nov. 10, 1998, 112 Stat. 3284, provided for establishment, membership, functions, etc., of a National Advisory Commission on Resource Conservation and Recovery, directed Commission, upon expiration of the two-year period beginning on the date when all initial members of the Commission have been appointed or the date initial funds become available, whichever is later, to transmit a final report to President and Congress containing a detailed statement of the findings and conclusions of the Commission, and terminated the Commission 30 days after submission of its final report.
SOLID WASTE CLEANUP ON FEDERAL LANDS IN ALASKA; STUDY AND REPORT TO CONGRESSIONAL COMMITTEES

LEACHATE CONTROL RESEARCH PROGRAM IN DELAWARE

Pub. L. 94–580, §4, Oct. 21, 1976, 90 Stat. 2840, directed Administrator of Environmental Protection Agency, in order to demonstrate effective means of dealing with contamination of public water supplies by leachate from abandoned or other landfills, to provide technical and financial assistance for a research program, designed by New Castle County area wide waste treatment management program, to control leachate from Llangollen Landfill in New Castle County, Delaware, and provided up to $250,000 in each of the fiscal years 1978 and 1979 for the operating costs of a counter-pumping program to contain the leachate from the Llangollen Landfill during the period of this study.

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6982. Special studies; plans for research, development, and demonstrations

(a) Glass and plastic

The Administrator shall undertake a study and publish a report on resource recovery from glass and plastic waste, including a scientific, technological, and economic investigation of potential solutions to implement such recovery.

(b) Composition of waste stream

The Administrator shall undertake a systematic study of the composition of the solid waste stream and of anticipated future changes in the composition of such stream and shall publish a report containing the results of such study and quantitatively evaluating the potential utility of such components.

(c) Priorities study

For purposes of determining priorities for research on recovery of materials and energy from solid waste and developing materials and energy recovery research, development, and demonstration strategies, the Administrator shall review, and make a study of, the various existing and promising techniques of energy recovery from solid waste (including, but not limited to, waterwall furnace incinerators, dry shredded fuel systems, pyrolysis, densified refuse-derived fuel systems, anaerobic digestion, and fuel and feedstock preparation systems). In carrying out such study the Administrator shall investigate with respect to each such technique—

1 the degree of public need for the potential results of such research, development, or demonstration,

2 the potential for research, development, and demonstration without Federal action, including the degree of restraint on such potential posed by the risks involved, and

3 the magnitude of effort and period of time necessary to develop the technology to the point where Federal assistance can be ended.

(d) Small-scale and low technology study

The Administrator shall undertake a comprehensive study and analysis of, and publish a report on, systems of small-scale and low technology solid waste management, including household resource recovery and resource recovery systems which have special application to multiple dwelling units and high density housing and office complexes. Such study and analysis shall include an investigation of the degree to which such systems could contribute to energy conservation.

(e) Front-end source separation

The Administrator shall undertake research and studies concerning the compatibility of front-end source separation systems with high technology resource recovery systems and shall publish a report containing the results of such research and studies.

(f) Mining waste

The Administrator, in consultation with the Secretary of the Interior, shall conduct a detailed and comprehensive study on the adverse effects of solid wastes from active and abandoned surface and underground mines on the environment, including, but not limited to, the effects of such wastes on humans, water, air, health, welfare, and natural resources, and on
the adequacy of means and measures currently employed by the mining industry, Government agencies, and others to dispose of and utilize such solid wastes and to prevent or substantially mitigate such adverse effects. Such study shall include an analysis of—

(1) the sources and volume of discarded material generated per year from mining;
(2) present disposal practices;
(3) potential dangers to human health and the environment from surface runoff of leachate and air pollution by dust;
(4) alternatives to current disposal methods;
(5) the cost of those alternatives in terms of the impact on mine product costs; and
(6) potential for use of discarded material as a secondary source of the mine product.

In furtherance of this study, the Administrator shall, as he deems appropriate, review studies and other actions of other Federal agencies concerning such wastes with a view toward avoiding duplication of effort and the need to expedite such study. Not later than thirty-six months after October 21, 1980, the Administrator shall publish a report of such study and shall include appropriate findings and recommendations for Federal and non-Federal actions concerning such effects. Such report shall be submitted to the Committee on Environment and Public Works of the United States Senate and the Committee on Energy and Commerce of the United States House of Representatives.

(g) Sludge
The Administrator shall undertake a comprehensive study and publish a report on sludge. Such study shall include an analysis of—

(1) what types of solid waste (including but not limited to sewage and pollution treatment residues and other residues from industrial operations such as extraction of oil from shale, liquefaction and gasification of coal and coal slurry pipeline operations) shall be classified as sludge;
(2) the effects of air and water pollution legislation on the creation of large volumes of sludge;
(3) the amounts of sludge originating in each State and in each industry producing sludge;
(4) methods of disposal of such sludge, including the cost, efficiency, and effectiveness of such methods;
(5) alternative methods for the use of sludge, including agricultural applications of sludge and energy recovery from sludge; and
(6) methods to reclaim areas which have been used for the disposal of sludge or which have been damaged by sludge.

(h) Tires
The Administrator shall undertake a study and publish a report respecting discarded motor vehicle tires which shall include an analysis of the problems involved in the collection, recovery of resources including energy, and use of such tires.

(i) Resource recovery facilities
The Administrator shall conduct research and report on the economics of, and impediments, to the effective functioning of resource recovery facilities.

(j) Resource Conservation Committee
(1) The Administrator shall serve as Chairman of a Committee composed of himself, the Secretary of Commerce, the Secretary of Labor, the Chairman of the Council on Environmental Quality, the Secretary of Treasury, the Secretary of the Interior, the Secretary of Energy, the Chairman of the Council of Economic Advisors, and a representative of the Office of Management and Budget, which shall conduct a full and complete investigation and study of all aspects of the economic, social, and environmental consequences of resource conservation with respect to—

(A) the appropriateness of recommended incentives and disincentives to foster resource conservation;
(B) the effect of existing public policies (including subsidies and economic incentives and disincentives, percentage depletion allowances, capital gains treatment and other tax incentives and disincentives) upon resource conservation, and the likely effect of the modification or elimination of such incentives and disincentives upon resource conservation;
(C) the appropriateness and feasibility of restricting the manufacture or use of categories of consumer products as a resource conservation strategy;
(D) the appropriateness and feasibility of employing as a resource conservation strategy the imposition of solid waste management charges on consumer products, which charges would reflect the costs of solid waste management services, litter pickup, the value of recoverable components of such product, final disposal, and any social value associated with the nonrecycling or uncontrolled disposal of such product; and
(E) the need for further research, development, and demonstration in the area of resource conservation.

(2) The study required in paragraph (1)(D) may include pilot scale projects, and shall consider and evaluate alternative strategies with respect to—

(A) the product categories on which such charges would be imposed;
(B) the appropriate state in the production of such consumer product at which to levy such charge;
(C) appropriate criteria for establishing such charges for each consumer product category;
(D) methods for the adjustment of such charges to reflect actions such as recycling which would reduce the overall quantities of solid waste requiring disposal; and
(E) procedures for amending, modifying, or revising such charges to reflect changing conditions.

(3) The design for the study required in paragraph (1) of this subsection shall include timetables for the completion of the study. A preliminary report putting forth the study design shall be sent to the President and the Congress within six months
following October 21, 1976, and followup reports shall be sent six months thereafter. Each recommendation resulting from
the study shall include at least two alternatives to the proposed recommendation.

(4) The results of such investigation and study, including recommendations, shall be reported to the President and the
Congress not later than two years after October 21, 1976.

(5) There are authorized to be appropriated not to exceed $2,000,000 to carry out this subsection.

(k) Airport landfills
The Administrator shall undertake a comprehensive study and analysis of and publish a report on systems to alleviate the
hazards to aviation from birds congregating and feeding on landfills in the vicinity of airports.

(l) Completion of research and studies
The Administrator shall complete the research and studies, and submit the reports, required under subsections (b), (c),
(d), (e), (f), (g), and (k) not later than October 1, 1978. The Administrator shall complete the research and studies, and
submit the reports, required under subsections (a), (h), and (i) not later than October 1, 1979. Upon completion, each study
specified in subsections (a) through (k) of this section, the Administrator shall prepare a plan for research, development, and
demonstration respecting the findings of the study and shall submit any legislative recommendations resulting from such
study to appropriate committees of Congress.

(m) Drilling fluids, produced waters, and other wastes associated with the exploration, development, or production
of crude oil or natural gas or geothermal energy

1 The Administrator shall conduct a detailed and comprehensive study and submit a report on the adverse effects, if
any, of drilling fluids, produced waters, and other wastes associated with the exploration, development, or production
of crude oil or natural gas or geothermal energy on human health and the environment, including, but not limited to, the effects
of such wastes on humans, water, air, health, welfare, and natural resources and on the adequacy of means and measures
currently employed by the oil and gas and geothermal drilling and production industry, Government agencies, and others to
dispose of and utilize such wastes and to prevent or substantially mitigate such adverse effects. Such study shall include an
analysis of—
(A) the sources and volume of discarded material generated per year from such wastes;
(B) present disposal practices;
(C) potential danger to human health and the environment from the surface runoff or leachate;
(D) documented cases which prove or have caused danger to human health and the environment from surface runoff or
leachate;
(E) alternatives to current disposal methods;
(F) the cost of such alternatives; and
(G) the impact of those alternatives on the exploration for, and development and production of, crude oil and natural gas
or geothermal energy.

In furtherance of this study, the Administrator shall, as he deems appropriate, review studies and other actions of other
Federal agencies concerning such wastes with a view toward avoiding duplication of effort and the need to expeditethe such
study. The Administrator shall publish a report of such study and shall include appropriate findings and recommendations for
Federal and non-Federal actions concerning such effects.

2 The Administrator shall complete the research and study and submit the report required under paragraph (1) not later
than twenty-four months from October 21, 1980. Upon completion of the study, the Administrator shall prepare a summary
of the findings of the study, a plan for research, development, and demonstration respecting the findings of the study, and
shall submit the findings and the study, along with any recommendations resulting from such study, to the Committee on
Environment and Public Works of the United States Senate and the Committee on Energy and Commerce of the United
States House of Representatives.

(3) There are authorized to be appropriated not to exceed $1,000,000 to carry out the provisions of this subsection.

(n) Materials generated from the combustion of coal and other fossil fuels
The Administrator shall conduct a detailed and comprehensive study and submit a report on the adverse effects on
human health and the environment, if any, of the disposal and utilization of fly ash waste, bottom ash waste, slag waste, flue
gas emission control waste, and other byproduct materials generated primarily from the combustion of coal or other fossil
fuels. Such study shall include an analysis of—
(1) the source and volumes of such material generated per year;
(2) present disposal and utilization practices;
(3) potential danger, if any, to human health and the environment from the disposal and reuse of such materials;
(4) documented cases in which danger to human health or the environment from surface runoff or leachate has been
proved;
(5) alternatives to current disposal methods;
(6) the costs of such alternatives;
(7) the impact of those alternatives on the use of coal and other natural resources; and
(8) the current and potential utilization of such materials.

In furtherance of this study, the Administrator shall, as he deems appropriate, review studies and other actions of other
Federal and State agencies concerning such material and invite participation by other concerned parties, including industry
and other Federal and State agencies, with a view toward avoiding duplication of effort. The Administrator shall publish a
report on such study, which shall include appropriate findings, not later than twenty-four months after October 21, 1980.
Such study and findings shall be submitted to the Committee on Environment and Public Works of the United States Senate and the Committee on Energy and Commerce of the United States House of Representatives.

(o) Cement kiln dust waste
The Administrator shall conduct a detailed and comprehensive study of the adverse effects on human health and the environment, if any, of the disposal of cement kiln dust waste. Such study shall include an analysis of—

1. the source and volumes of such materials generated per year;
2. present disposal practices;
3. potential danger, if any, to human health and the environment from the disposal of such materials;
4. documented cases in which danger to human health or the environment has been proved;
5. alternatives to current disposal methods;
6. the costs of such alternatives;
7. the impact of those alternatives on the use of natural resources; and
8. the current and potential utilization of such materials.

In furtherance of this study, the Administrator shall, as he deems appropriate, review studies and other actions of other Federal and State agencies concerning such waste or materials and invite participation by other concerned parties, including industry and other Federal and State agencies, with a view toward avoiding duplication of effort. The Administrator shall publish a report of such study, which shall include appropriate findings, not later than thirty-six months after October 21, 1980. Such report shall be submitted to the Committee on Environment and Public Works of the United States Senate and the Committee on Energy and Commerce of the United States House of Representatives.

(p) Materials generated from extraction, beneficiation, and processing of ores and minerals, including phosphate rock and overburden from uranium mining
The Administrator shall conduct a detailed and comprehensive study of the adverse effects on human health and the environment, if any, of the disposal and utilization of solid waste from the extraction, beneficiation, and processing of ores and minerals, including phosphate rock and overburden from uranium mining. Such study shall be conducted in conjunction with the study of mining wastes required by subsection (f) of this section and shall include an analysis of—

1. the source and volumes of such materials generated per year;
2. present disposal and utilization practices;
3. potential danger, if any, to human health and the environment from the disposal and reuse of such materials;
4. documented cases in which danger to human health or the environment has been proved;
5. alternatives to current disposal methods;
6. the costs of such alternatives;
7. the impact of those alternatives on the use of phosphate rock and uranium ore, and other natural resources; and
8. the current and potential utilization of such materials.

In furtherance of this study, the Administrator shall, as he deems appropriate, review studies and other actions of other Federal and State agencies concerning such waste or materials and invite participation by other concerned parties, including industry and other Federal and State agencies, with a view toward avoiding duplication of effort. The Administrator shall publish a report of such study, which shall include appropriate findings, in conjunction with the publication of the report of the study of mining wastes required to be conducted under subsection (f) of this section. Such report and findings shall be submitted to the Committee on Environment and Public Works of the United States Senate and the Committee on Energy and Commerce of the United States House of Representatives.

(q) Authorization of appropriations
There are authorized to be appropriated not to exceed $8,000,000 for the fiscal years 1978 and 1979 to carry out this section other than subsection (j).

(r) Minimization of hazardous waste
The Administrator shall compile, and not later than October 1, 1986, submit to the Congress, a report on the feasibility and desirability of establishing standards of performance or of taking other additional actions under this chapter to require the generators of hazardous waste to reduce the volume or quantity and toxicity of the hazardous waste they generate, and of establishing with respect to hazardous wastes required management practices or other requirements to assure such wastes are managed in ways that minimize present and future risks to human health and the environment. Such report shall include any recommendations for legislative changes which the Administrator determines are feasible and desirable to implement the national policy established by section 6902 of this title.

(s) Extending landfill life and reusing landfilled areas
The Administrator shall conduct detailed, comprehensive studies of methods to extend the useful life of sanitary landfills and to better use sites in which filled or closed landfills are located. Such studies shall address—

1. methods to reduce the volume of materials before placement in landfills;
2. more efficient systems for depositing waste in landfills;
3. methods to enhance the rate of decomposition of solid waste in landfills, in a safe and environmentally acceptable manner;
4. methane production from closed landfill units;
5. innovative uses of closed landfill sites, including use for energy production such as solar or wind energy and use for metals recovery;
6. potential for use of sewage treatment sludge in reclaiming landfilled areas; and
(7) methods to coordinate use of a landfill owned by one municipality by nearby municipalities, and to establish equitable rates for such use, taking into account the need to provide future landfill capacity to replace that so used.

The Administrator is authorized to conduct demonstrations in the areas of study provided in this subsection. The Administrator shall periodically report on the results of such studies, with the first such report not later than October 1, 1986. In carrying out this subsection, the Administrator need not duplicate other studies which have been completed and may rely upon information which has previously been compiled.

EDITORIAL NOTES

AMENDMENTS

Subsecs. (m) to (q). Pub. L. 96–482, §29(2), added subsecs. (m) to (p) and redesignated former subsec. (m) as (q).

1978—Subsec. (g)(1). Pub. L. 95–609, §7(t)(1), substituted "shale, liquefaction" for "shale liquefaction".
Subsec. (j)(1). Pub. L. 95–609, §7(t)(2), enacted a provision adding the Secretary of Energy and the Chairman of the Council of Economic Advisors to the Committee.
Subsec. (j)(2). Pub. L. 95–609, §7(t)(3), substituted "paragraph (1)(D)" for "paragraph (2)(D)".
Subsec. (j)(3). Pub. L. 95–609, §7(t)(4), substituted "paragraph (1)" for "paragraph (2)(D)".
Subsec. (l). Pub. L. 95–609, §7(t)(5), struck out requirement of submission of reports under subsec. (j) of this section.

STATUTORY NOTES AND RELATED SUBSIDIARIES

CHANGE OF NAME

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6983. Coordination, collection, and dissemination of information

(a) Information

The Administrator shall develop, collect, evaluate, and coordinate information on—

   (1) methods and costs of the collection of solid waste;
   (2) solid waste management practices, including data on the different management methods and the cost, operation, and maintenance of such methods;
   (3) the amounts and percentages of resources (including energy) that can be recovered from solid waste by use of various solid waste management practices and various technologies;
   (4) methods available to reduce the amount of solid waste that is generated;
(5) existing and developing technologies for the recovery of energy or materials from solid waste and the costs, reliability, and risks associated with such technologies;

(6) hazardous solid waste, including incidents of damage resulting from the disposal of hazardous solid wastes; inherently and potentially hazardous solid wastes; methods of neutralizing or properly disposing of hazardous solid wastes; facilities that properly dispose of hazardous wastes;

(7) methods of financing resource recovery facilities or, sanitary landfills, or hazardous solid waste treatment facilities, whichever is appropriate for the entity developing such facility or landfill (taking into account the amount of solid waste reasonably expected to be available to such entity);

(8) the availability of markets for the purchase of resources, either materials or energy, recovered from solid waste; and

(9) research and development projects respecting solid waste management.

(b) Library

(1) The Administrator shall establish and maintain a central reference library for (A) the materials collected pursuant to subsection (a) of this section and (B) the actual performance and cost effectiveness records and other data and information with respect to—

(i) the various methods of energy and resource recovery from solid waste,

(ii) the various systems and means of resource conservation,

(iii) the various systems and technologies for collection, transport, storage, treatment, and final disposition of solid waste, and

(iv) other aspects of solid waste and hazardous solid waste management.

Such central reference library shall also contain, but not be limited to, the model codes and model accounting systems developed under this section, the information collected under subsection (d), and, subject to any applicable requirements of confidentiality, information respecting any aspect of solid waste provided by officers and employees of the Environmental Protection Agency which has been acquired by them in the conduct of their functions under this chapter and which may be of value to Federal, State, and local authorities and other persons.

(2) Information in the central reference library shall, to the extent practicable, be collated, analyzed, verified, and published and shall be made available to State and local governments and other persons at reasonable times and subject to such reasonable charges as may be necessary to defray expenses of making such information available.

(c) Model accounting system

In order to assist State and local governments in determining the cost and revenues associated with the collection and disposal of solid waste and with resource recovery operations, the Administrator shall develop and publish a recommended model cost and revenue accounting system applicable to the solid waste management functions of State and local governments. Such system shall be in accordance with generally accepted accounting principles. The Administrator shall periodically, but not less frequently than once every five years, review such accounting system and revise it as necessary.

(d) Model codes

The Administrator is authorized, in cooperation with appropriate State and local agencies, to recommend model codes, ordinances, and statutes, providing for sound solid waste management.

(e) Information programs

(1) The Administrator shall implement a program for the rapid dissemination of information on solid waste management, hazardous waste management, resource conservation, and methods of resource recovery from solid waste, including the results of any relevant research, investigations, experiments, surveys, studies, or other information which may be useful in the implementation of new or improved solid waste management practices and methods and information on any other technical, managerial, financial, or market aspect of resource conservation and recovery facilities.

(2) The Administrator shall develop and implement educational programs to promote citizen understanding of the need for environmentally sound solid waste management practices.

(f) Coordination

In collecting and disseminating information under this section, the Administrator shall coordinate his actions and cooperate to the maximum extent possible with State and local authorities.

(g) Special restriction

Upon request, the full range of alternative technologies, programs or processes deemed feasible to meet the resource recovery or resource conservation needs of a jurisdiction shall be described in such a manner as to provide a sufficient evaluative basis from which the jurisdiction can make its decisions, but no officer or employee of the Environmental Protection Agency shall, in an official capacity, lobby for or otherwise represent an agency position in favor of resource recovery or resource conservation, as a policy alternative for adoption into ordinances, codes, regulations, or law by any State or political subdivision thereof.

EDITORIAL NOTES

AMENDMENTS

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6984. Full-scale demonstration facilities

(a) Authority

The Administrator may enter into contracts with public agencies or authorities or private persons for the construction and operation of a full-scale demonstration facility under this chapter, or provide financial assistance in the form of grants to a full-scale demonstration facility under this chapter only if the Administrator finds that—

(1) such facility or proposed facility will demonstrate at full scale a new or significantly improved technology or process, a practical and significant improvement in solid waste management practice, or the technological feasibility and cost effectiveness of an existing, but unproven technology, process, or practice, and will not duplicate any other Federal, State, local, or commercial facility which has been constructed or with respect to which construction has begun (determined as of the date action is taken by the Administrator under this chapter),

(2) such contract or assistance meets the requirements of section 6981 of this title and meets other applicable requirements of this chapter,

(3) such facility will be able to comply with the guidelines published under section 6907 of this title and with other laws and regulations for the protection of health and the environment,

(4) in the case of a contract for construction or operation, such facility is not likely to be constructed or operated by State, local, or private persons or in the case of an application for financial assistance, such facility is not likely to receive adequate financial assistance from other sources, and

(5) any Federal interest in, or assistance to, such facility will be disposed of or terminated, with appropriate compensation, within such period of time as may be necessary to carry out the basic objectives of this chapter.

(b) Time limitation

No obligation may be made by the Administrator for financial assistance under this subchapter for any full-scale demonstration facility after the date ten years after October 21, 1976. No expenditure of funds for any such full-scale demonstration facility under this subchapter may be made by the Administrator after the date fourteen years after October 21, 1976.

(c) Cost sharing

(1) Wherever practicable, in constructing, operating, or providing financial assistance under this subchapter to a full-scale demonstration facility, the Administrator shall endeavor to enter into agreements and make other arrangements for maximum practicable cost sharing with other Federal, State, and local agencies, private persons, or any combination thereof.

(2) The Administrator shall enter into arrangements, wherever practicable and desirable, to provide monitoring of full-scale solid waste facilities (whether or not constructed or operated under this chapter) for purposes of obtaining information concerning the other aspects, of such facilities. Where the Administrator provides only monitoring and evaluation instruments or personnel (or both) or funds for such instruments or personnel and provides no other financial assistance to a facility, notwithstanding section 6981(c)(3) of this title, title to any invention made or conceived of in the course of developing, constructing, or operating such facility shall not be required to vest in the United States and patents respecting such invention shall not be required to be issued to the United States.

(d) Prohibition

After October 21, 1976, the Administrator shall not construct or operate any full-scale facility (except by contract with public agencies or authorities or private persons).

EDITORIAL NOTES

AMENDMENTS

1984—Subsec. (c)(1). Pub. L. 98–616 inserted "(1)" before "Wherever".

1978—Subsec. (a)(1). Pub. L. 95–609 substituted "solid waste" for "discarded material".

EXECUTIVE DOCUMENTS
TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6985. Special study and demonstration projects on recovery of useful energy and materials

(a) Studies

The Administrator shall conduct studies and develop recommendations for administrative or legislative action on—

1. means of recovering materials and energy from solid waste, recommended uses of such materials and energy for national or international welfare, including identification of potential markets for such recovered resources, the impact of distribution of such resources on existing markets, and potentials for energy conservation through resource conservation and resource recovery;
2. actions to reduce waste generation which have been taken voluntarily or in response to governmental action, and those which practically could be taken in the future, and the economic, social, and environmental consequences of such actions;
3. methods of collection, separation, and containerization which will encourage efficient utilization of facilities and contribute to more effective programs of reduction, reuse, or disposal of wastes;
4. the use of Federal procurement to develop market demand for recovered resources;
5. recommended incentives (including Federal grants, loans, and other assistance) and disincentives to accelerate the reclamation or recycling of materials from solid wastes, with special emphasis on motor vehicle hulks;
6. the effect of existing public policies, including subsidies and economic incentives and disincentives, percentage depletion allowances, capital gains treatment and other tax incentives and disincentives, upon the recycling and reuse of materials, and the likely effect of the modification or elimination of such incentives and disincentives upon the reuse, recycling and conservation of such materials;
7. the necessity and method of imposing disposal or other charges on packaging, containers, vehicles, and other manufactured goods, which charges would reflect the cost of final disposal, the value of recoverable components of the item, and any social costs associated with nonrecycling or uncontrolled disposal of such items; and
8. the legal constraints and institutional barriers to the acquisition of land needed for solid waste management, including land for facilities and disposal sites;
9. in consultation with the Secretary of Agriculture, agricultural waste management problems and practices, the extent of reuse and recovery of resources in such wastes, the prospects for improvement, Federal, State, and local regulations governing such practices, and the economic, social, and environmental consequences of such practices; and
10. in consultation with the Secretary of the Interior, mining waste management problems, and practices, including an assessment of existing authorities, technologies, and economics, and the environmental and public health consequences of such practices.

(b) Demonstration

The Administrator is also authorized to carry out demonstration projects to test and demonstrate methods and techniques developed pursuant to subsection (a).

(c) Application of other sections

Section 6981(b) and (c) of this title shall be applicable to investigations, studies, and projects carried out under this section.

EDITORIAL NOTES

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 3253a of this title, prior to the general amendment of the Solid Waste Disposal Act by Pub. L. 94–580.

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.
§6986. Grants for resource recovery systems and improved solid waste disposal facilities

(a) Authority
The Administrator is authorized to make grants pursuant to this section to any State, municipal, or interstate or intermunicipal agency for the demonstration of resource recovery systems or for the construction of new or improved solid waste disposal facilities.

(b) Conditions
(1) Any grant under this section for the demonstration of a resource recovery system may be made only if it (A) is consistent with any plans which meet the requirements of subchapter IV of this chapter; (B) is consistent with the guidelines recommended pursuant to section 6907 of this title; (C) is designed to provide area-wide resource recovery systems consistent with the purposes of this chapter, as determined by the Administrator, pursuant to regulations promulgated under subsection (d) of this section; and (D) provides an equitable system for distributing the costs associated with construction, operation, and maintenance of any resource recovery system among the users of such system.

(2) The Federal share for any project to which paragraph (1) applies shall not be more than 75 percent.

(c) Limitations
(1) A grant under this section for the construction of a new or improved solid waste disposal facility may be made only if—

(A) a State or interstate plan for solid waste disposal has been adopted which applies to the area involved, and the facility to be constructed (i) is consistent with such plan, (ii) is included in a comprehensive plan for the area involved which is satisfactory to the Administrator for the purposes of this chapter, and (iii) is consistent with the guidelines recommended under section 6907 of this title, and

(B) the project advances the state of the art by applying new and improved techniques in reducing the environmental impact of solid waste disposal, in achieving recovery of energy or resources, or in recycling useful materials.

(2) The Federal share for any project to which paragraph (1) applies shall be not more than 50 percent in the case of a project serving an area which includes only one municipality, and not more than 75 percent in any other case.

(d) Regulations
(1) The Administrator shall promulgate regulations establishing a procedure for awarding grants under this section which—

(A) provides that projects will be carried out in communities of varying sizes, under such conditions as will assist in solving the community waste problems of urban-industrial centers, metropolitan regions, and rural areas, under representative geographic and environmental conditions; and

(B) provides deadlines for submission of, and action on, grant requests.

(2) In taking action on applications for grants under this section, consideration shall be given by the Administrator (A) to the public benefits to be derived by the construction and the propriety of Federal aid in making such grant; (B) to the extent applicable, to the economic and commercial viability of the project (including contractual arrangements with the private sector to market any resources recovered); (C) to the potential of such project for general application to community solid waste disposal problems; and (D) to the use by the applicant of comprehensive regional or metropolitan area planning.

(e) Additional limitations
A grant under this section—

(1) may be made only in the amount of the Federal share of (A) the estimated total design and construction costs, plus

(B) in the case of a grant to which subsection (b)(1) applies, the first-year operation and maintenance costs;

(2) may not be provided for land acquisition or (except as otherwise provided in paragraph (1)(B)) for operating or maintenance costs;

(3) may not be made until the applicant has made provision satisfactory to the Administrator for proper and efficient operation and maintenance of the project (subject to paragraph (1)(B)); and

(4) may be made subject to such conditions and requirements, in addition to those provided in this section, as the Administrator may require to properly carry out his functions pursuant to this chapter.

For purposes of paragraph (1), the non-Federal share may be in any form, including, but not limited to, lands or interests therein needed for the project or personal property or services, the value of which shall be determined by the Administrator.

(f) Single State
(1) Not more than 15 percent of the total of funds authorized to be appropriated for any fiscal year to carry out this section shall be granted under this section for projects in any one State.

(2) The Administrator shall prescribe by regulation the manner in which this subsection shall apply to a grant under this section for a project in an area which includes all or part of more than one State.

EDITORIAL NOTES
PRIOR PROVISIONS
Provisions similar to those in this section were contained in section 3254b of this title, prior to the general amendment of the Solid Waste Disposal Act by Pub. L. 94–580.

EXECUTIVE DOCUMENTS
TRANSFER OF FUNCTIONS
For transfer of certain enforcement functions of Administrator or other official of Environmental Protection Agency under this chapter to Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 6903 of this title.

§6987. Authorization of appropriations
There are authorized to be appropriated not to exceed $35,000,000 for the fiscal year 1978 to carry out the purposes of this subchapter (except for section 6982 of this title).

EDITORIAL NOTES
PRIOR PROVISIONS
Provisions similar to those in this section were contained in section 3259 of this title, prior to the general amendment of the Solid Waste Disposal Act by Pub. L. 94–580.

SUBCHAPTER IX—REGULATION OF UNDERGROUND STORAGE TANKS

§6991. Definitions and exemptions
In this subchapter:
(1) INDIAN TRIBE.—
   (A) IN GENERAL.—The term "Indian tribe" means any Indian tribe, band, nation, or other organized group or community that is recognized as being eligible for special programs and services provided by the United States to Indians because of their status as Indians.
   (B) INCLUSIONS.—The term "Indian tribe" includes any Alaska Native village, as defined in or established under the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.); and

(2) The term "nonoperational storage tank" means any underground storage tank in which regulated substances will not be deposited or from which regulated substances will not be dispensed after November 8, 1984.
(3) The term "operator" means any person in control of, or having responsibility for, the daily operation of the underground storage tank.
(4) The term "owner" means—
   (A) in the case of an underground storage tank in use on November 8, 1984, or brought into use after that date, any person who owns an underground storage tank used for the storage, use, or dispensing of regulated substances and
   (B) in the case of any underground storage tank in use before November 8, 1984, but no longer in use on November 8, 1984, any person who owned such tank immediately before the discontinuation of its use.
(5) The term "person" has the same meaning as provided in section 6903(15) of this title, except that such term includes a consortium, a joint venture, and a commercial entity, and the United States Government.
(6) The term "petroleum" means petroleum, including crude oil or any fraction thereof which is liquid at standard conditions of temperature and pressure (60 degrees Fahrenheit and 14.7 pounds per square inch absolute).
(7) The term "regulated substance" means—
   (A) any substance defined in section 9601(14) of this title (but not including any substance regulated as a hazardous waste under subchapter III), and
   (B) petroleum.
(8) The term "release" means any spilling, leaking, emitting, discharging, escaping, leaching, or disposing from an underground storage tank into ground water, surface water or subsurface soils.
(9) TRUST FUND.—The term "Trust Fund" means the Leaking Underground Storage Tank Trust Fund established by section 9508 of title 26.

124/151
(10) The term "underground storage tank" means any one or combination of tanks (including underground pipes connected thereto) which is used to contain an accumulation of regulated substances, and the volume of which (including the volume of the underground pipes connected thereto) is 10 per centum or more beneath the surface of the ground. Such term does not include any—
(A) farm or residential tank of 1,100 gallons or less capacity used for storing motor fuel for noncommercial purposes,
(B) tank used for storing heating oil for consumptive use on the premises where stored,
(C) septic tank,
(D) pipeline facility (including gathering lines)—
   (i) which is regulated under chapter 601 of title 49, or
   (ii) which is an intrastate pipeline facility regulated under State laws as provided in chapter 601 of title 49,

and which is determined by the Secretary to be connected to a pipeline or to be operated or intended to be capable of operating at pipeline pressure or as an integral part of a pipeline,
(E) surface impoundment, pit, pond, or lagoon,
(F) storm water or waste water collection system,
(G) flow-through process tank,
(H) liquid trap or associated gathering lines directly related to oil or gas production and gathering operations, or
(I) storage tank situated in an underground area (such as a basement, cellar, mineworking, drift, shaft, or tunnel) if the storage tank is situated upon or above the surface of the floor.

The term "underground storage tank" shall not include any pipes connected to any tank which is described in subparagraphs (A) through (I).

EDITORIAL NOTES

REFERENCES IN TEXT

The Alaska Native Claims Settlement Act, referred to in par. (1)(B), is Pub. L. 92–203, Dec. 18, 1971, 85 Stat. 688, as amended, which is classified generally to chapter 33 (§1601 et seq.) of Title 43, Public Lands. For complete classification of this Act to the Code, see Short Title note set out under section 1601 of Title 43 and Tables.

AMENDMENTS

2005—Pub. L. 109–58 substituted "In this subchapter:" for "For the purposes of this subchapter—" in introductory provisions, added pars. (1) and (9), redesignated former pars. (1) to (8) as pars. (10), (7), (4), (3), (8), (5), (2), and (6), respectively, and, in par. (4)(A), substituted "substances" for "stances".

1994—Par. (1)(D). Pub. L. 103–429 amended subpar. (D) generally. Prior to amendment, subpar. (D) read as follows: "pipeline facility (including gathering lines)—
   (i) which is regulated under the Natural Gas Pipeline Safety Act of 1968 (49 U.S.C. App. 1671 et seq.),
   (ii) which is regulated under the Hazardous Liquid Pipeline Safety Act of 1979 (49 U.S.C. App. 2001 et seq.), or
   (iii) which is an intrastate pipeline facility regulated under State laws as provided in the provisions of law referred to in clause (i) or (ii) of this subparagraph,
and which is determined by the Secretary to be connected to a pipeline or to be operated or intended to be capable of operating at pipeline pressure or as an integral part of a pipeline,"

1992—Par. (1)(D). Pub. L. 102–508 amended subpar. (D) generally. Prior to amendment, subpar. (D) read as follows: "pipeline facility (including gathering lines) regulated under—
   (i) the Natural Gas Pipeline Safety Act of 1968,
   (ii) the Hazardous Liquid Pipeline Safety Act of 1979, or
   (iii) which is an intrastate pipeline facility regulated under State laws comparable to the provisions of law referred to in clause (i) or (ii) of this subparagraph,"

1986—Par. (2)(B). Pub. L. 99–499 struck out ", including crude oil or any fraction thereof which is liquid at standard conditions of temperature and pressure (60 degrees Fahrenheit and 14.7 pounds per square inch absolute)", See par. (8).

STATUTORY NOTES AND RELATED SUBSIDIARIES

ABOVEGROUND STORAGE TANK GRANT PROGRAM
Pub. L. 106–554, §1(a)(4) [div. B, title XII, §1201], Dec. 21, 2000, 114 Stat. 2763, 2763A-313, provided that:

"(a) DEFINITIONS.—In this provision:

"(1) ABOVEGROUND STORAGE TANK.—The term 'aboveground storage tank' means any tank or combination of tanks (including any connected pipe)—

"(A) that is used to contain an accumulation of regulated substances; and

"(B) the volume of which (including the volume of any connected pipe) is located wholly above the surface of the ground.

"(2) ADMINISTRATOR.—The term 'Administrator' means the Administrator of the Environmental Protection Agency.

"(4) FEDERAL ENVIRONMENTAL LAW.—The term 'Federal environmental law' means—

"(A) the Oil Pollution Control Act of 1990 (33 U.S.C. 2701 et seq.);

"(B) the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9601 et seq.);

"(C) the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.);

"(D) the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.); or

"(E) any other Federal law that is applicable to the release into the environment of a regulated substance, as determined by the Administrator.

"(5) NATIVE VILLAGE.—The term 'Native village' has the meaning given the term in section 11(b) in Public Law 92–203 (85 Stat. 688) [43 U.S.C. 1610(b)].

"(6) PROGRAM.—The term 'program' means the Aboveground Storage Tank Grant Program established by subsection (b)(1).

"(7) REGULATED SUBSTANCE.—The term 'regulated substance' has the meaning given the term in section 9001 of the Solid Waste Disposal Act (42 U.S.C. 6991).

"(8) STATE.—The term 'State' means the State of Alaska.

"(b) ESTABLISHMENT.—

"(1) IN GENERAL.—There is established a grant program to be known as the 'Aboveground Storage Tank Grant Program'

"(2) GRANTS.—Under the program, the Administrator shall award a grant to—

"(A) the State, on behalf of a Native village; or

"(B) the Denali Commission.

"(c) USE OF GRANTS.—The State or the Denali Commission shall use the funds of a grant under subsection (b) to repair, upgrade, or replace one or more aboveground storage tanks that—

"(1) leaks or poses an imminent threat of leaking, as certified by the Administrator, the Commandant of the Coast Guard, or any other appropriate Federal or State agency (as determined by the Administrator); and

"(2) is located in a Native village—

"(A) the median household income of which is less than 80 percent of the median household income in the State;

"(B) that is located—

"(i) within the boundaries of—

"(I) a unit of the National Park System;

"(II) a unit of the National Wildlife Refuge System; or

"(III) a National Forest; or

"(ii) on public land under the administrative jurisdiction of the Bureau of Land Management; or

"(C) that receives payments from the Federal Government under chapter 69 of title 31, United States Code (commonly known as 'payments in lieu of taxes').

"(d) REPORTS.—Not later than 1 year after the date on which the State or the Denali Commission receives a grant under subsection (c), and annually thereafter, the State or the Denali Commission, as the case may be, shall submit a report describing each project completed with grant funds and any projects planned for the following year, to—

"(1) the Administrator;

"(2) the Committee on Resources [now Committee on Natural Resources] of the House of Representatives;

"(3) the Committee on Environment and Public Works of the Senate;

"(4) the Committee on Appropriations of the House of Representatives; and

"(5) the Committee on Appropriations of the Senate.

"(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this Act [probably means this section], to remain available until expended—

"(1) $20,000,000 for fiscal year 2001; and

"(2) such sums as are necessary for each fiscal year thereafter."
§6991a. Notification

(a) Underground storage tanks

(1) Within 18 months after November 8, 1984, each owner of an underground storage tank shall notify the State or local agency or department designated pursuant to subsection (b)(1) of the existence of such tank, specifying the age, size, type, location, and uses of such tank.

(2)(A) For each underground storage tank taken out of operation after January 1, 1974, the owner of such tank shall, within eighteen months after November 8, 1984, notify the State or local agency, or department designated pursuant to subsection (b)(1) of the existence of such tanks (unless the owner knows the tank subsequently was removed from the ground). The owner of a tank taken out of operation on or before January 1, 1974, shall not be required to notify the State or local agency under this subsection.

(B) Notice under subparagraph (A) shall specify, to the extent known to the owner—

(i) the date the tank was taken out of operation,
(ii) the age of the tank on the date taken out of operation,
(iii) the size, type and location of the tank, and
(iv) the type and quantity of substances left stored in such tank on the date taken out of operation.

(3) Any owner which brings into use an underground storage tank after the initial notification period specified under paragraph (1), shall notify the designated State or local agency or department within thirty days of the existence of such tank, specifying the age, size, type, location and uses of such tank.

(4) Paragraphs (1) through (3) of this subsection shall not apply to tanks for which notice was given pursuant to section 9603(c) of this title.

(5) Beginning thirty days after the Administrator prescribes the form of notice pursuant to subsection (b)(2) and for eighteen months thereafter, any person who deposits regulated substances in an underground storage tank shall reasonably notify the owner or operator of such tank of the owner’s notification requirements pursuant to this subsection.

(6) Beginning thirty days after the Administrator issues new tank performance standards pursuant to section 6991b(c) of this title, any person who sells a tank intended to be used as an underground storage tank shall notify the purchaser of such tank of the owner’s notification requirements pursuant to this subsection.

(b) Agency designation

(1) Within one hundred and eighty days after November 8, 1984, the Governors of each State shall designate the appropriate State agency or department or local agencies or departments to receive the notifications under subsection (a) (1), (2), or (3).

(2) Within twelve months after November 8, 1984, the Administrator, in consultation with State and local officials designated pursuant to subsection (b)(1), and after notice and opportunity for public comment, shall prescribe the form of the notice and the information to be included in the notifications under subsection (a)(1), (2), or (3). In prescribing the form of such notice, the Administrator shall take into account the effect on small businesses and other owners and operators.

(c) State inventories

Each State shall make 2 separate inventories of all underground storage tanks in such State containing regulated substances. One inventory shall be made with respect to petroleum and one with respect to other regulated substances. In making such inventories, the State shall utilize and aggregate the data in the notification forms submitted pursuant to subsections (a) and (b) of this section. Each State shall submit such aggregated data to the Administrator not later than 270 days after October 17, 1986.

(d) Public record

(1) In general

The Administrator shall require each State that receives Federal funds to carry out this subchapter to maintain, update at least annually, and make available to the public, in such manner and form as the Administrator shall prescribe (after consultation with States), a record of underground storage tanks regulated under this subchapter.

(2) Considerations

To the maximum extent practicable, the public record of a State, respectively, shall include, for each year—

(A) the number, sources, and causes of underground storage tank releases in the State;
(B) the record of compliance by underground storage tanks in the State with—
   (i) this subchapter; or
   (ii) an applicable State program approved under section 6991c of this title; and

[For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.]

1 So in original. The semicolon probably should be a period and the word "and" probably should not appear.
(C) data on the number of underground storage tank equipment failures in the State.

EDITORIAL NOTES

AMENDMENTS

§6991b. Release detection, prevention, and correction regulations

(a) Regulations

The Administrator, after notice and opportunity for public comment, and at least three months before the effective dates specified in subsection (f), shall promulgate release detection, prevention, and correction regulations applicable to all owners and operators of underground storage tanks, as may be necessary to protect human health and the environment.

(b) Distinctions in regulations

In promulgating regulations under this section, the Administrator may distinguish between types, classes, and ages of underground storage tanks. In making such distinctions, the Administrator may take into consideration factors, including, but not limited to: location of the tanks, soil and climate conditions, uses of the tanks, history of maintenance, age of the tanks, current industry recommended practices, national consensus codes, hydrogeology, water table, size of the tanks, quantity of regulated substances periodically deposited in or dispensed from the tank, the technical capability of the owners and operators, and the compatibility of the regulated substance and the materials of which the tank is fabricated.

(c) Requirements

The regulations promulgated pursuant to this section shall include, but need not be limited to, the following requirements respecting all underground storage tanks—

1. requirements for maintaining a leak detection system, an inventory control system together with tank testing, or a comparable system or method designed to identify releases in a manner consistent with the protection of human health and the environment;
2. requirements for maintaining records of any monitoring or leak detection system or inventory control system or tank testing or comparable system;
3. requirements for reporting of releases and corrective action taken in response to a release from an underground storage tank;
4. requirements for taking corrective action in response to a release from an underground storage tank;
5. requirements for the closure of tanks to prevent future releases of regulated substances into the environment; and
6. requirements for maintaining evidence of financial responsibility for taking corrective action and compensating third parties for bodily injury and property damage caused by sudden and nonsudden accidental releases arising from operating an underground storage tank.

(d) Financial responsibility

1. Financial responsibility required by this subsection may be established in accordance with regulations promulgated by the Administrator by any one, or any combination, of the following: insurance, guarantee, surety bond, letter of credit, qualification as a self-insurer or any other method satisfactory to the Administrator. In promulgating requirements under this subsection, the Administrator is authorized to specify policy or other contractual terms, conditions, or defenses which are necessary or are unacceptable in establishing such evidence of financial responsibility in order to effectuate the purposes of this subchapter.

2. In any case where the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the Federal Bankruptcy Code or where with reasonable diligence jurisdiction in any State court of the Federal courts cannot be obtained over an owner or operator likely to be solvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility must be provided under this subsection may be asserted directly against the guarantor providing such evidence of financial responsibility. In the case of any action pursuant to this paragraph such guarantor shall be entitled to invoke all rights and defenses which would have been available to the owner or operator if any action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.

3. The total liability of any guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this section. Nothing in this subsection shall be construed to limit any other State or Federal statutory, contractual or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of such guarantor for bad faith either in negotiating or in failing to negotiate the settlement of any claim. Nothing in this subsection shall be construed to diminish the liability of any person under section 9607 or 9611 of this title or other applicable law.

4. For the purpose of this subsection, the term “guarantor” means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this subsection.
(5)(A) The Administrator, in promulgating financial responsibility regulations under this section, may establish an amount of coverage for particular classes or categories of underground storage tanks containing petroleum which shall satisfy such regulations and which shall not be less than $1,000,000 for each occurrence with an appropriate aggregate requirement.

(B) The Administrator may set amounts lower than the amounts required by subparagraph (A) of this paragraph for underground storage tanks containing petroleum which are at facilities not engaged in petroleum production, refining, or marketing and which are not used to handle substantial quantities of petroleum.

(C) In establishing classes and categories for purposes of this paragraph, the Administrator may consider the following factors:

(i) The size, type, location, storage, and handling capacity of underground storage tanks in the class or category and the volume of petroleum handled by such tanks.

(ii) The likelihood of release and the potential extent of damage from any release from underground storage tanks in the class or category.

(iii) The economic impact of the limits on the owners and operators of each such class or category, particularly relating to the small business segment of the petroleum marketing industry.

(iv) The availability of methods of financial responsibility in amounts greater than the amount established by this paragraph.

(v) Such other factors as the Administrator deems pertinent.

(D) The Administrator may suspend enforcement of the financial responsibility requirements for a particular class or category of underground storage tanks in a particular State, if the Administrator makes a determination that methods of financial responsibility satisfying the requirements of this subsection are not generally available for underground storage tanks in that class or category, and—

(i) steps are being taken to form a risk retention group for such class of tanks; or

(ii) such State is taking steps to establish a fund pursuant to section 6991(c)(1) of this title to be submitted as evidence of financial responsibility.

A suspension by the Administrator pursuant to this paragraph shall extend for a period not to exceed 180 days. A determination to suspend may be made with respect to the same class or category or for the same State at the end of such period, but only if substantial progress has been made in establishing a risk retention group, or the owners or operators in the class or category demonstrate, and the Administrator finds, that the formation of such a group is not possible and that the State is unable or unwilling to establish such a fund pursuant to clause (ii).

(e) New tank performance standards

The Administrator shall, not later than three months prior to the effective date specified in subsection (f), issue performance standards for underground storage tanks brought into use on or after the effective date of such standards. The performance standards for new underground storage tanks shall include, but need not be limited to, design, construction, installation, release detection, and compatibility standards.

(f) Effective dates

(1) Regulations issued pursuant to subsections (c) and (d), and standards issued pursuant to subsection (e) of this section, for underground storage tanks containing regulated substances defined in section 6991(7)(B) of this title (petroleum, including crude oil or any fraction thereof which is liquid at standard conditions of temperature and pressure) shall be effective not later than thirty months after November 8, 1984.

(2) Standards issued pursuant to subsection (e) of this section (entitled "New Tank Performance Standards") for underground storage tanks containing regulated substances defined in section 6991(7)(A) of this title shall be effective not later than thirty-six months after November 8, 1984.

(3) Regulations issued pursuant to subsection (c) of this section (entitled "Requirements") and standards issued pursuant to subsection (d) of this section (entitled "Financial Responsibility") for underground storage tanks containing regulated substances defined in section 6991(7)(A) of this title shall be effective not later than forty-eight months after November 8, 1984.

(g) Interim prohibition

(1) Until the effective date of the standards promulgated by the Administrator under subsection (e) and after one hundred and eighty days after November 8, 1984, no person may install an underground storage tank for the purpose of storing regulated substances unless such tank (whether of single or double wall construction)—

(A) will prevent releases due to corrosion or structural failure for the operational life of the tank;

(B) is cathodically protected against corrosion, constructed of noncorrosive material, steel clad with a noncorrosive material, or designed in a manner to prevent the release or threatened release of any stored substance; and

(C) the material used in the construction or lining of the tank is compatible with the substance to be stored.

(2) Notwithstanding paragraph (1), if soil tests conducted in accordance with ASTM Standard G57–78, or another standard approved by the Administrator, show that soil resistivity in an installation location is 12,000 ohm/cm or more (unless a more stringent standard is prescribed by the Administrator by rule), a storage tank without corrosion protection may be installed in that location during the period referred to in paragraph (1).

(h) EPA response program for petroleum

(1) Before regulations
Before the effective date of regulations under subsection (c), the Administrator (or a State pursuant to paragraph (7)) is authorized to—

(A) require the owner or operator of an underground storage tank to undertake corrective action with respect to any release of petroleum when the Administrator (or the State) determines that such corrective action will be done properly and promptly by the owner or operator of the underground storage tank from which the release occurs; or

(B) undertake corrective action with respect to any release of petroleum into the environment from an underground storage tank if such action is necessary, in the judgment of the Administrator (or the State), to protect human health and the environment.

The corrective action undertaken or required under this paragraph shall be such as may be necessary to protect human health and the environment. The Administrator shall use funds in the Trust Fund for payment of costs incurred for corrective action under subparagraph (B), enforcement action under subparagraph (A), and cost recovery under paragraph (6) of this subsection. Subject to the priority requirements of paragraph (3), the Administrator (or the State) shall give priority in undertaking such actions under subparagraph (B) to cases where the Administrator (or the State) cannot identify a solvent owner or operator of the tank who will undertake action properly.

(2) After regulations

Following the effective date of regulations under subsection (c), all actions or orders of the Administrator (or a State pursuant to paragraph (7)) described in paragraph (1) of this subsection shall be in conformity with such regulations. Following such effective date, the Administrator (or the State) may undertake corrective action with respect to any release of petroleum into the environment from an underground storage tank only if such action is necessary, in the judgment of the Administrator (or the State), to protect human health and the environment and one or more of the following situations exists:

(A) No person can be found, within 90 days or such shorter period as may be necessary to protect human health and the environment, who is—

(i) an owner or operator of the tank concerned;

(ii) subject to such corrective action regulations, and

(iii) capable of carrying out such corrective action properly.

(B) A situation exists which requires prompt action by the Administrator (or the State) under this paragraph to protect human health and the environment.

(C) Corrective action costs at a facility exceed the amount of coverage required by the Administrator pursuant to the provisions of subsections (c) and (d)(5) of this section and, considering the class or category of underground storage tank from which the release occurred, expenditures from the Trust Fund are necessary to assure an effective corrective action.

(D) The owner or operator of the tank has failed or refused to comply with an order of the Administrator under this subsection or section 6991e of this title or with the order of a State under this subsection to comply with the corrective action regulations.

(3) Priority of corrective actions

The Administrator (or a State pursuant to paragraph (7)) shall give priority in undertaking corrective actions under this subsection, and in issuing orders requiring owners or operators to undertake such actions, to releases of petroleum from underground storage tanks which pose the greatest threat to human health and the environment.

(4) Corrective action orders

The Administrator is authorized to issue orders to the owner or operator of an underground storage tank to carry out subparagraph (A) of paragraph (1) or to carry out regulations issued under subsection (c)(4). A State acting pursuant to paragraph (7) of this subsection is authorized to carry out subparagraph (A) of paragraph (1) only until the State’s program is approved by the Administrator under section 6991c of this title. Such orders shall be issued and enforced in the same manner and subject to the same requirements as orders under section 6991e of this title.

(5) Allowable corrective actions

The corrective actions undertaken by the Administrator (or a State pursuant to paragraph (7)) under paragraph (1) or (2) may include temporary or permanent relocation of residents and alternative household water supplies. In connection with the performance of any corrective action under paragraph (1) or (2), the Administrator may undertake an exposure assessment as defined in paragraph (10) of this subsection or provide for such an assessment in a cooperative agreement with a State pursuant to paragraph (7) of this subsection. The costs of any such assessment may be treated as corrective action for purposes of paragraph (6), relating to cost recovery.

(6) Recovery of costs

(A) In general

Whenever costs have been incurred by the Administrator, or by a State pursuant to paragraph (7), for undertaking corrective action or enforcement action with respect to the release of petroleum from an underground storage tank, the owner or operator of such tank shall be liable to the Administrator or the State for such costs. The liability under this paragraph shall be construed to be the standard of liability which obtains under section 1321 of title 33.

(B) Recovery

In determining the equities for seeking the recovery of costs under subparagraph (A), the Administrator (or a State pursuant to paragraph (7) of this subsection) may consider the amount of financial responsibility required to be
maintained under subsections (c) and (d)(5) of this section and the factors considered in establishing such amount under subsection (d)(5).

(C) Effect on liability

(i) No transfers of liability

No indemnification, hold harmless, or similar agreement or conveyance shall be effective to transfer from the owner or operator of any underground storage tank or from any person who may be liable for a release or threat of release under this subsection, to any other person the liability imposed under this subsection. Nothing in this subsection shall bar any agreement to insure, hold harmless, or indemnify a party to such agreement for any liability under this section.

(ii) No bar to cause of action

Nothing in this subsection, including the provisions of clause (i) of this subparagraph, shall bar a cause of action that an owner or operator or any other person subject to liability under this section, or a guarantor, has or would have, by reason of subrogation or otherwise against any person.

(D) Facility

For purposes of this paragraph, the term “facility” means, with respect to any owner or operator, all underground storage tanks used for the storage of petroleum which are owned or operated by such owner or operator and located on a single parcel of property (or on any contiguous or adjacent property).

(E) Inability or limited ability to pay

(i) In general

In determining the level of recovery effort, or amount that should be recovered, the Administrator (or the State pursuant to paragraph (7)) shall consider the owner or operator's ability to pay. An inability or limited ability to pay corrective action costs must be demonstrated to the Administrator (or the State pursuant to paragraph (7)) by the owner or operator.

(ii) Considerations

In determining whether or not a demonstration is made under clause (i), the Administrator (or the State pursuant to paragraph (7)) shall take into consideration the ability of the owner or operator to pay corrective action costs and still maintain its basic business operations, including consideration of the overall financial condition of the owner or operator and demonstrable constraints on the ability of the owner or operator to raise revenues.

(iii) Information

An owner or operator requesting consideration under this subparagraph shall promptly provide the Administrator (or the State pursuant to paragraph (7)) with all relevant information needed to determine the ability of the owner or operator to pay corrective action costs.

(iv) Alternative payment methods

The Administrator (or the State pursuant to paragraph (7)) shall consider alternative payment methods as may be necessary or appropriate if the Administrator (or the State pursuant to paragraph (7)) determines that an owner or operator cannot pay all or a portion of the costs in a lump sum payment.

(v) Misrepresentation

If an owner or operator provides false information or otherwise misrepresents their financial situation under clause (ii), the Administrator (or the State pursuant to paragraph (7)) shall seek full recovery of the costs of all such actions pursuant to the provisions of subparagraph (A) without consideration of the factors in subparagraph (B).

(7) State authorities

(A) General

A State may exercise the authorities in paragraphs (1), (2), and (12), subject to the terms and conditions of paragraphs (3), (5), (9), (10), and (11), and the authority under sections 699fj and 6991k of this title and paragraphs (4), (6), and (8), if—

(i) the Administrator determines that the State has the capabilities to carry out effective corrective actions and enforcement activities; and

(ii) the Administrator enters into a cooperative agreement with the State setting out the actions to be undertaken by the State.

The Administrator may provide funds from the Trust Fund for the reasonable costs of the State's actions under the cooperative agreement.

(B) Cost share

Following the effective date of the regulations under subsection (c) of this section, the State shall pay 10 per centum of the cost of corrective actions undertaken either by the Administrator or by the State under a cooperative agreement, except that the Administrator may take corrective action at a facility where immediate action is necessary to respond to an imminent and substantial endangerment to human health or the environment if the State fails to pay the cost share.

(8) Emergency procurement powers
Notwithstanding any other provision of law, the Administrator may authorize the use of such emergency procurement powers as he deems necessary.

(9) Definition of owner or operator

(A) In general

As used in this subchapter, the terms "owner" and "operator" do not include a person that, without participating in the management of an underground storage tank and otherwise not engaged in petroleum production, refining, or marketing, holds indicia of ownership primarily to protect the person's security interest.

(B) Security interest holders

The provisions regarding holders of security interests in subparagraphs (E) through (G) of section 9601(20) of this title and the provisions regarding fiduciaries at section 9607(n) of this title shall apply in determining a person's liability as an owner or operator of an underground storage tank for the purposes of this subchapter.

(C) Effect on rule

Nothing in subparagraph (B) shall be construed as modifying or affecting the final rule issued by the Administrator on September 7, 1995 (60 Fed. Reg. 46,692), or as limiting the authority of the Administrator to amend the final rule, in accordance with applicable law. The final rule in effect on September 30, 1996, shall prevail over any inconsistent provision regarding holders of security interests in subparagraphs (E) through (G) of section 9601(20) of this title or any inconsistent provision regarding fiduciaries in section 9607(n) of this title. Any amendment to the final rule shall be consistent with the provisions regarding holders of security interests in subparagraphs (E) through (G) of section 9601(20) of this title and the provisions regarding fiduciaries in section 9607(n) of this title. This subparagraph does not preclude judicial review of any amendment of the final rule made after September 30, 1996.

(10) Definition of exposure assessment

As used in this subsection, the term "exposure assessment" means an assessment to determine the extent of exposure of, or potential for exposure of, individuals to petroleum from a release from an underground storage tank based on such factors as the nature and extent of contamination and the existence of or potential for pathways of human exposure (including ground or surface water contamination, air emissions, and food chain contamination), the size of the community within the likely pathways of exposure, and the comparison of expected human exposure levels to the short-term and long-term health effects associated with identified contaminants and any available recommended exposure or tolerance limits for such contaminants. Such assessment shall not delay corrective action to abate immediate hazards or reduce exposure.

(11) Facilities without financial responsibility

At any facility where the owner or operator has failed to maintain evidence of financial responsibility in amounts at least equal to the amounts established by subsection (d)(5)(A) of this section or a lesser amount if such amount is applicable to such facility as a result of subsection (d)(5)(B) of this section for whatever reason the Administrator shall expend no monies from the Trust Fund to clean up releases at such facility pursuant to the provisions of paragraph (1) or (2) of this subsection. At such facilities the Administrator shall use the authorities provided in subparagraph (A) of paragraph (1) and paragraph (4) of this subsection and section 6991e of this title to order corrective action to clean up such releases. States acting pursuant to paragraph (7) of this subsection shall use the authorities provided in subparagraph (A) of paragraph (1) and paragraph (4) of this subsection to order corrective action to clean up such releases. Notwithstanding the provisions of this paragraph, the Administrator may use monies from the fund to take the corrective actions authorized by paragraph (5) of this subsection to protect human health at such facilities and shall seek full recovery of the costs of all such actions pursuant to the provisions of paragraph (6)(A) of this subsection and without consideration of the factors in paragraph (6)(B) of this subsection. Nothing in this paragraph shall prevent the Administrator (or a State pursuant to paragraph (7) of this subsection) from taking corrective action at a facility where there is no solvent owner or operator or where immediate action is necessary to respond to an imminent and substantial endangerment of human health or the environment.

(12) Remediation of oxygenated fuel contamination

(A) In general

The Administrator and the States may use funds made available under section 6991m(2)(B) of this title to carry out corrective actions with respect to a release of a fuel containing an oxygenated fuel additive that presents a threat to human health or welfare or the environment.

(B) Applicable authority

The Administrator or a State shall carry out subparagraph (A) in accordance with paragraph (2), and in the case of a State, in accordance with a cooperative agreement entered into by the Administrator and the State under paragraph (7).

(i) Additional measures to protect groundwater from contamination

The Administrator shall require each State that receives funding under this subchapter to require one of the following:

(1) Tank and piping secondary containment

(A) Each new underground storage tank, or piping connected to any such new tank, installed after the effective date of this subsection, or any existing underground storage tank, or existing piping connected to such existing tank, that is replaced after the effective date of this subsection, shall be secondarily contained and monitored for leaks if the new or replaced underground storage tank or piping is within 1,000 feet of any existing community water system or any existing potable drinking water well.
(B) In the case of a new underground storage tank system consisting of one or more underground storage tanks and connected by piping, subparagraph (A) shall apply to all underground storage tanks and connected pipes comprising such system.

(C) In the case of a replacement of an existing underground storage tank or existing piping connected to the underground storage tank, subparagraph (A) shall apply only to the specific underground storage tank or piping being replaced, not to other underground storage tanks and connected pipes comprising such system.

(D) Each installation of a new motor fuel dispenser system, after the effective date of this subsection, shall include under-dispenser spill containment if the new dispenser is within 1,000 feet of any existing community water system or any existing potable drinking water well.

(E) This paragraph shall not apply to repairs to an underground storage tank, piping, or dispenser that are meant to restore a tank, pipe, or dispenser to operating condition.

(F) As used in this subsection:
   (i) The term "secondarily contained" means a release detection and prevention system that meets the requirements of 40 CFR 280.43(g), but shall not include under-dispenser spill containment or control systems.
   (ii) The term "underground storage tank" has the meaning given to it in section 6991 of this title, except that such term does not include tank combinations or more than a single underground pipe connected to a tank.
   (iii) The term "installation of a new motor fuel dispenser system" means the installation of a new motor fuel dispenser and the equipment necessary to connect the dispenser to the underground storage tank system, but does not mean the installation of a motor fuel dispenser installed separately from the equipment needed to connect the dispenser to the underground storage tank system.

(2) Evidence of financial responsibility and certification

(A) Manufacturer and installer financial responsibility

A person that manufactures an underground storage tank or piping for an underground storage tank system or that installs an underground storage tank system is required to maintain evidence of financial responsibility under subsection (d) in order to provide for the costs of corrective actions directly related to releases caused by improper manufacture or installation unless the person can demonstrate themselves to be already covered as an owner or operator of an underground storage tank under this section.

(B) Installer certification

The Administrator and each State that receives funding under this subchapter, as appropriate, shall require that a person that installs an underground storage tank system is—
   (i) certified or licensed by the tank and piping manufacturer;
   (ii) certified or licensed by the Administrator or a State, as appropriate;
   (iii) has their underground storage tank system installation certified by a registered professional engineer with education and experience in underground storage tank system installation;
   (iv) has had their installation of the underground storage tank inspected and approved by the Administrator or the State, as appropriate;
   (v) compliant with a code of practice developed by a nationally recognized association or independent testing laboratory and in accordance with the manufacturer's instructions; or
   (vi) compliant with another method that is determined by the Administrator or a State, as appropriate, to be no less protective of human health and the environment.

(C) Savings clause

Nothing in subparagraph (A) alters or affects the liability of any owner or operator of an underground storage tank.

(j) Government-owned tanks

(1) State compliance report

(A) Not later than 2 years after August 8, 2005, each State that receives funding under this subchapter shall submit to the Administrator a State compliance report that—
   (i) lists the location and owner of each underground storage tank described in subparagraph (B) in the State that, as of the date of submission of the report, is not in compliance with this section; and
   (ii) specifies the date of the last inspection and describes the actions that have been and will be taken to ensure compliance of the underground storage tank listed under clause (i) with this subchapter.

(B) An underground storage tank described in this subparagraph is an underground storage tank that is—
   (i) regulated under this subchapter; and
   (ii) owned or operated by the Federal, State, or local government.

(C) The Administrator shall make each report, received under subparagraph (A), available to the public through an appropriate media.

(2) Financial incentive

The Administrator may award to a State that develops a report described in paragraph (1), in addition to any other funds that the State is entitled to receive under this subchapter, not more than $50,000, to be used to carry out the report.

(3) Not a safe harbor
This subsection does not relieve any person from any obligation or requirement under this subchapter.

EDITORIAL NOTES

REFERENCES IN TEXT

The Federal Bankruptcy Code, referred to in subsec. (d)(2), probably means a reference to Title 11, Bankruptcy.

The effective date of this subsection, referred to in subsec. (i)(1)(A), (D), is 18 months after Aug. 8, 2005. See Effective Date of 2005 Amendment note set out below.

AMENDMENTS

2006—Subsecs. (i), (j). Pub. L. 109–168 redesignated subsec. (i), relating to government-owned tanks, as (j). Subsec. (j) was editorially transferred to the end of the section to reflect the probable intent of Congress.

2005—Subsec. (f)(1). Pub. L. 109–58, §1533(2), substituted "subsections (c) and (d)" for "subsection (c) and (d) of this section".

Pub. L. 109–58, §1532(b)(1)(A), substituted "6991(7)(B)" for "6991(2)(B)".

Pub. L. 109–58, §1525(1), in introductory provisions, substituted "paragraphs (1), (2), and (12)" for "paragraphs (1) and (2) of this subsection" and "and the authority under sections 6991 and 6991k of this title and paragraphs (4), (6), and (8)," for "and including the authorities of paragraphs (4), (6), and (8) of this subsection".

Subsec. (i). Pub. L. 109–58, §1530(a), added subsec. (i) relating to additional measures to protect groundwater from contamination.

Pub. L. 109–58, §1526(b), added subsec. (i) relating to government-owned tanks.

1996—Subsec. (h)(9). Pub. L. 104–208 added par. (9) and struck out heading and text of former par. (9). Text read as follows: "As used in this subsection, the term 'owner' does not include any person who, without participating in the management of an underground storage tank and otherwise not engaged in petroleum production, refining, and marketing, holds indicia of ownership primarily to protect the owner's security interest in the tank."

Subsec. (d)(1). Pub. L. 99–499, §205(c)(3), which directed that par. (1) be amended by "striking out 'or after credit,' and by striking out the period at the end thereof and inserting in lieu thereof the following: 'or any other method satisfactory to the Administrator.'", was executed by striking the period and making insertion at end of first sentence, rather than at end of par. (1), as the probable intent of Congress, because an earlier version of the amending legislation had provided that such amendment be made to first sentence.

Pub. L. 99–499, §205(c)(2), redesignated par. (2) as (1) and struck out former par. (1) which read as follows: "As he deems necessary or desirable, the Administrator shall promulgate regulations containing requirements for maintaining evidence of financial responsibility as he deems necessary and desirable for taking corrective action and compensating third parties for bodily injury and property damage caused by sudden and nonsudden accidental releases arising from operating an underground storage tank."

Subsec. (d)(2) to (5). Pub. L. 99–499, §205(c)(2), (4), added par. (5) and redesignated pars. (3) to (5) as (2) to (4), respectively. Former par. (2) redesignated (1).

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 2005 AMENDMENT

Pub. L. 109–58, title XV, §1530(b), Aug. 8, 2005, 119 Stat. 1104, provided that: "This subsection [probably means this section, which amended this section and section 6991e of this title and enacted provisions set out as
notes under this section] shall take effect 18 months after the date of enactment of this subsection [Aug. 8, 2005]."

**Effective Date of 1996 Amendment**

**Regulations**

Pub. L. 109–58, title XV, §1530(c), Aug. 8, 2005, 119 Stat. 1104, provided that: "The Administrator shall issue regulations or guidelines implementing the requirements of this subsection [probably means this section, which amended this section and section 6991e of this title and enacted provisions set out as notes under this section], including guidance to differentiate between the terms 'repair' and 'replace' for the purposes of section 9003(i)(1) of the Solid Waste Disposal Act [42 U.S.C. 6991b(i)(1)]."

**Assistance Agreements With Indian Tribes**

Pub. L. 105–276, title III, Oct. 21, 1998, 112 Stat. 2497, provided in part: "That hereafter, the Administrator is authorized to enter into assistance agreements with Federally recognized Indian tribes on such terms and conditions as the Administrator deems appropriate for the same purposes as are set forth in section 9003(h) (7) of the Resource Conservation and Recovery Act [probably means section 9003(h)(7) of Pub. L. 89–272, 42 U.S.C. 6991b(h)(7)]."

**Pollution Liability Insurance**

"(1) STUDY.—The Comptroller General shall conduct a study of the availability of pollution liability insurance, leak insurance, and contamination insurance for owners and operators of petroleum storage and distribution facilities. The study shall assess the current and projected extent to which private insurance can contribute to the financial responsibility of owners and operators of underground storage tanks and the ability of owners and operators of underground storage tanks to maintain financial responsibility through other methods. The study shall consider the experience of owners and operators of marine vessels in getting insurance for their liabilities under the Federal Water Pollution Control Act [33 U.S.C. 1251 et seq.] and the operation of the Water Quality Insurance Syndicate.

"(2) REPORT.—The Comptroller General shall report the findings under this subsection to the Congress within 15 months after the enactment of this subsection [Oct. 17, 1986]. Such report shall include recommendations for legislative or administrative changes that will enable owners and operators of underground storage tanks to maintain financial responsibility sufficient to provide all clean-up costs and damages that may result from reasonably foreseeable releases and events."

\[1 \text{ So in original.} \]

\[2 \text{ So in original. Probably should be "medium."} \]

§6991c. Approval of State programs

(a) Elements of State program

Beginning 30 months after November 8, 1984, any State may,\[1\] submit an underground storage tank release detection, prevention, and correction program for review and approval by the Administrator. The program may cover tanks used to store regulated substances referred to in subparagraph (A) or (B) of section 6991(7) of this title. A State program may be approved by the Administrator under this section only if the State demonstrates that the State program includes the following requirements and standards and provides for adequate enforcement of compliance with such requirements and standards—

(1) requirements for maintaining a leak detection system, an inventory control system together with tank testing, or a comparable system or method designed to identify releases in a manner consistent with the protection of human health and the environment;

(2) requirements for maintaining records of any monitoring or leak detection system or inventory control system or tank testing system;

(3) requirements for reporting of any releases and corrective action taken in response to a release from an underground storage tank;

(4) requirements for taking corrective action in response to a release from an underground storage tank;

(5) requirements for the closure of tanks to prevent future releases of regulated substances into the environment;
(6) requirements for maintaining evidence of financial responsibility for taking corrective action and compensating third parties for bodily injury and property damage caused by sudden and nonsudden accidental releases arising from operating an underground storage tank;

(7) standards of performance for new underground storage tanks;

(8) requirements—
(A) for notifying the appropriate State agency or department (or local agency or department) designated according to section 6991a(b)(1) of this title of the existence of any operational or non-operational underground storage tank; and
(B) for providing the information required on the form issued pursuant to section 6991a(b)(2) of this title; and

(9) State-specific training requirements as required by section 6991i of this title.

(b) Federal standards

(1) A State program submitted under this section may be approved only if the requirements under paragraphs (1) through (7) of subsection (a) are less stringent than the corresponding requirements standards promulgated by the Administrator pursuant to section 6991b(a) of this title.

(2)(A) A State program may be approved without regard to whether or not the requirements referred to in paragraphs (1), (2), (3), and (5) of subsection (a) are less stringent than the corresponding standards under section 6991b(a) of this title during the one-year period commencing on the date of promulgation of regulations under section 6991b(a) of this title if State regulatory action but no State legislative action is required in order to adopt a State program.

(B) If such State legislative action is required, the State program may be approved without regard to whether or not the requirements referred to in paragraphs (1), (2), (3), and (5) of subsection (a) are less stringent than the corresponding standards under section 6991b(a) of this title during the two-year period commencing on the date of promulgation of regulations under section 6991b(a) of this title (and during an additional one-year period after such legislative action if regulations are required to be promulgated by the State pursuant to such legislative action).

(c) Financial responsibility

(1) Corrective action and compensation programs administered by State or local agencies or departments may be submitted for approval under subsection (a)(6) as evidence of financial responsibility.

(2) Financial responsibility required by this subsection may be established in accordance with regulations promulgated by the Administrator by any one, or any combination, of the following: insurance, guarantee, surety bond, letter of credit, qualification as a self-insurer or any other method satisfactory to the Administrator. In promulgating requirements under this subsection, the Administrator is authorized to specify policy or other contractual terms including the amount of coverage required for various classes and categories of underground storage tanks pursuant to section 6991b(d)(5) of this title, conditions, or defenses which are necessary or are unacceptable in establishing such evidence of financial responsibility in order to effectuate the purposes of this subchapter.

(3) In any case where the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the Federal Bankruptcy Code or where with reasonable diligence jurisdiction in any State court of the Federal courts cannot be obtained over an owner or operator likely to be solvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility must be provided under this subsection may be asserted directly against the guarantor providing such evidence of financial responsibility. In the case of any action pursuant to this paragraph such guarantor shall be entitled to invoke all rights and defenses which would have been available to the owner or operator if any action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.

(4) The total liability of any guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this section. Nothing in this subsection shall be construed to limit any other State or Federal statutory, contractual or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of such guarantor for bad faith either in negotiating or in failing to negotiate the settlement of any claim. Nothing in this subsection shall be construed to diminish the liability of any person under section 9607 or 9611 of this title or other applicable law.

(5) For the purpose of this subsection, the term "guarantor" means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this subsection.

(6) Withdrawal of approval.—After an opportunity for good faith, collaborative efforts to correct financial deficiencies with a State fund, the Administrator may withdraw approval of any State fund or State assurance program to be used as a financial responsibility mechanism without withdrawing approval of a State underground storage tank program under subsection (a).

(d) EPA determination

(1) Within one hundred and eighty days of the date of receipt of a proposed State program, the Administrator shall, after notice and opportunity for public comment, make a determination whether the State's program complies with the provisions of this section and provides for adequate enforcement of compliance with the requirements and standards adopted pursuant to this section.

(2) If the Administrator determines that a State program complies with the provisions of this section and provides for adequate enforcement of compliance with the requirements and standards adopted pursuant to this section, he shall approve the State program in lieu of the Federal program and the State shall have primary enforcement responsibility with respect to requirements of its program.

(e) Withdrawal of authorization

Whenever the Administrator determines after public hearing that a State is not administering and enforcing a program authorized under this subchapter in accordance with the provisions of this section, he shall so notify the State. If appropriate
action is not taken within a reasonable time, not to exceed one hundred and twenty days after such notification, the Administrator shall withdraw approval of such program and reestablish the Federal program pursuant to this subchapter.

(f) Trust Fund distribution

(1) In general

(A) Amount and permitted uses of distribution
The Administrator shall distribute to States not less than 80 percent of the funds from the Trust Fund that are made available to the Administrator under section 6991m(2)(A) of this title for each fiscal year for use in paying the reasonable costs, incurred under a cooperative agreement with any State for—
(i) corrective actions taken by the State under section 6991b(h)(7)(A) of this title;
(ii) necessary administrative expenses, as determined by the Administrator, that are directly related to State fund or State assurance programs under subsection (c)(1); or
(iii) enforcement, by a State or a local government, of State or local regulations pertaining to underground storage tanks regulated under this subchapter.

(B) Use of funds for enforcement
In addition to the uses of funds authorized under subparagraph (A), the Administrator may use funds from the Trust Fund that are not distributed to States under subparagraph (A) for enforcement of any regulation promulgated by the Administrator under this subchapter.

(C) Prohibited uses
Funds provided to a State by the Administrator under subparagraph (A) shall not be used by the State to provide financial assistance to an owner or operator to meet any requirement relating to underground storage tanks under subparts B, C, D, H, and G of part 280 of title 40, Code of Federal Regulations (as in effect on August 8, 2005).

(2) Allocation

(A) Process
Subject to subparagraphs (B) and (C), in the case of a State with which the Administrator has entered into a cooperative agreement under section 6991b(h)(7)(A) of this title, the Administrator shall distribute funds from the Trust Fund to the State using an allocation process developed by the Administrator.

(B) Diversion of State funds
The Administrator shall not distribute funds under subparagraph (A)(iii) of subsection (f)(1) to any State that has diverted funds from a State fund or State assurance program for purposes other than those related to the regulation of underground storage tanks covered by this subchapter, with the exception of those transfers that had been completed earlier than August 8, 2005.

(C) Revisions to process
The Administrator may revise the allocation process referred to in subparagraph (A) after—
(i) consulting with State agencies responsible for overseeing corrective action for releases from underground storage tanks; and
(ii) taking into consideration, at a minimum, each of the following:
(I) The number of confirmed releases from federally regulated leaking underground storage tanks in the States.
(II) The number of federally regulated underground storage tanks in the States.
(III) The performance of the States in implementing and enforcing the program.
(IV) The financial needs of the States.
(V) The ability of the States to use the funds referred to in subparagraph (A) in any year.

(3) Distributions to State agencies
Distributions from the Trust Fund under this subsection shall be made directly to a State agency that—
(A) enters into a cooperative agreement referred to in paragraph (2)(A); or
(B) is enforcing a State program approved under this section.

EDITORIAL NOTES

REFERENCES IN TEXT
The Federal Bankruptcy Code, referred to in subsec. (c)(3), probably means a reference to Title 11, Bankruptcy.

AMENDMENTS
2005—Subsec. (a). Pub. L. 109–58, §1533(3), substituted "in subparagraph (A) or (B) of section 6991(7)" for "in 6991(2)(A) or (B) or both".
§6991d. Inspections, monitoring, testing, and corrective action

(a) Furnishing information

For the purposes of developing or assisting in the development of any regulation, conducting any study, taking any corrective action, or enforcing the provisions of this subchapter, any owner or operator of an underground storage tank (or any tank subject to study under section 6991h of this title that is used for storing regulated substances) shall, upon request of any officer, employee or representative of the Environmental Protection Agency, duly designated by the Administrator, or upon request of any duly designated officer, employee, or representative of a State acting pursuant to subsection (h)(7) of section 6991b of this title or with an approved program, furnish information relating to such tanks, their associated equipment, their contents, conduct monitoring or testing, permit such officer at all reasonable times to have access to, and to copy all records relating to such tanks and permit such officer to have access for corrective action. For the purposes of developing or assisting in the development of any regulation, conducting any study, taking corrective action, or enforcing the provisions of this subchapter, such officers, employees, or representatives are authorized—

1. to enter at reasonable times any establishment or other place where an underground storage tank is located;
2. to inspect and obtain samples from any person of any regulated substances contained in such tank;
3. to conduct monitoring or testing of the tanks, associated equipment, contents, or surrounding soils, air, surface water or ground water; and
4. to take corrective action.

Each such inspection shall be commenced and completed with reasonable promptness.

(b) Confidentiality

1. Any records, reports, or information obtained from any persons under this section shall be available to the public, except that upon a showing satisfactory to the Administrator (or the State, as the case may be) by any person that records, reports, or information, or a particular part thereof, to which the Administrator or the State, as the case may be, or any officer, employee, or representative thereof has access under this section if made public, would divulge information entitled to protection under section 1905 of title 18, such information or particular portion thereof shall be considered confidential in accordance with the purposes of that section, except that such record, report, document, or information may be disclosed to other officers, employees, or authorized representatives of the United States concerned with carrying out this chapter, or when relevant in any proceeding under this chapter.

2. Any person not subject to the provisions of section 1905 of title 18 who knowingly and willfully divulges or discloses any information entitled to protection under this subsection shall, upon conviction, be subject to a fine of not more than $5,000 or to imprisonment not to exceed one year, or both.

3. In submitting data under this subchapter, a person required to provide such data may—
A. designate the data which such person believes is entitled to protection under this subsection, and
B. submit such designated data separately from other data submitted under this subchapter.

A designation under this paragraph shall be made in writing and in such manner as the Administrator may prescribe.

4. Notwithstanding any limitation contained in this section or any other provision of law, all information reported to, or otherwise obtained, by the Administrator (or any representative of the Administrator) under this chapter shall be made available, upon written request of any duly authorized committee of the Congress, to such committee (including records, reports, or information obtained by representatives of the Environmental Protection Agency).

(c) Inspection requirements

1. Uninspected tanks

In the case of underground storage tanks regulated under this subchapter that have not undergone an inspection since December 22, 1998, not later than 2 years after August 8, 2005, the Administrator or a State that receives funding under this subchapter, as appropriate, shall conduct on-site inspections of all such tanks to determine compliance with this subchapter and the regulations under this subchapter (40 CFR 280) or a requirement or standard of a State program developed under section 6991c of this title.

2. Periodic inspections

After completion of all inspections required under paragraph (1), the Administrator or a State that receives funding under this subchapter, as appropriate, shall conduct on-site inspections of each underground storage tank regulated under this subchapter at least once every 3 years to determine compliance with this subchapter and the regulations under
this subchapter (40 CFR 280) or a requirement or standard of a State program developed under section 6991c of this title. The Administrator may extend for up to one additional year the first 3-year inspection interval under this paragraph if the State demonstrates that it has insufficient resources to complete all such inspections within the first 3-year period.

(3) Inspection authority

Nothing in this section shall be construed to diminish the Administrator’s or a State’s authorities under subsection (a).

EDITORIAL NOTES

AMENDMENTS

Subsec. (c). Pub. L. 109–58, §1523(a), added subsec. (c).

Subsec. (a). Pub. L. 99–499, §205(f)(1), in first sentence, inserted "taking any corrective action" after "conducing any study", inserted "acting pursuant to subsection (h)(7) of section 6991b of this title or", struck out "and" before "permit such officer", and inserted "and permit such officer to have access for corrective action", and in second sentence, inserted "taking corrective action," after "study,". The amendment directing insertion of "taking any corrective action" after "study" in first sentence was executed by inserting that language after "conducing any study" rather than after "subject to study", as the probable intent of Congress.

§6991e. Federal enforcement

(a) Compliance orders

(1) Except as provided in paragraph (2), whenever on the basis of any information, the Administrator determines that any person is in violation of any requirement of this subchapter, the Administrator may issue an order requiring compliance within a reasonable specified time period or the Administrator may commence a civil action in the United States district court in which the violation occurred for appropriate relief, including a temporary or permanent injunction.

(2) In the case of a violation of any requirement of this subchapter where such violation occurs in a State with a program approved under section 6991c of this title, the Administrator shall give notice to the State in which such violation has occurred prior to issuing an order or commencing a civil action under this section.

(3) If a violator fails to comply with an order under this subsection within the time specified in the order, he shall be liable for a civil penalty of not more than $25,000 for each day of continued noncompliance.

(b) Procedure

Any order issued under this section shall become final unless, no later than thirty days after the order is served, the person or persons named therein request a public hearing. Upon such request the Administrator shall promptly conduct a public hearing. In connection with any proceeding under this section the Administrator may issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, and documents, and may promulgate rules for discovery procedures.

(c) Contents of order

Any order issued under this section shall state with reasonable specificity the nature of the violation, specify a reasonable time for compliance, and assess a penalty, if any, which the Administrator determines is reasonable taking into account the seriousness of the violation and any good faith efforts to comply with the applicable requirements.

(d) Civil penalties

(1) Any owner who knowingly fails to notify or submits false information pursuant to section 6991a(a) of this title shall be subject to a civil penalty not to exceed $10,000 for each tank for which notification is not given or false information is submitted.

(2) Any owner or operator of an underground storage tank who fails to comply with—

(A) any requirement or standard promulgated by the Administrator under section 6991b of this title;

(B) any requirement or standard of a State program approved pursuant to section 6991c of this title;

(C) the provisions of section 6991b(g) of this title (entitled "Interim Prohibition"); or

(D) the requirements established in section 6991b(i) of this title;

(E) the delivery prohibition requirement established by section 6991k of this title,
shall be subject to a civil penalty not to exceed $10,000 for each tank for each day of violation. Any person making or accepting a delivery or deposit of a regulated substance to an underground storage tank at an ineligible facility in violation of section 6991k of this title shall also be subject to the same civil penalty for each day of such violation.

(e) Incentive for performance

Both of the following may be taken into account in determining the terms of a civil penalty under subsection (d):

1. The compliance history of an owner or operator in accordance with this subchapter or a program approved under section 6991c of this title.

2. Any other factor the Administrator considers appropriate.

EDITORIAL NOTES

AMENDMENTS

2005—Subsec. (d)(2). Pub. L. 109–58, §1527(b)(2), inserted at end "Any person making or accepting a delivery or deposit of a regulated substance to an underground storage tank at an ineligible facility in violation of section 6991k of this title shall also be subject to the same civil penalty for each day of such violation."

Subsec. (d)(2)(B). Pub. L. 109–58, §1530(d)(1), which directed amendment of subpar. (B) by striking out "or" at end, could not be executed because "or" did not appear subsequent to amendment by Pub. L. 109–58, §1524(c)(1). See below.

Pub. L. 109–58, §1524(c)(1), struck out "or" at end.

Subsec. (d)(2)(D). Pub. L. 109–58, §1530(d)(3), added subpar. (D) relating to requirements established in section 6991b(i) of this title.

Pub. L. 109–58, §1524(c)(2), added subpar. (D) relating to training requirements established by States pursuant to section 6991b of this title.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 2005 AMENDMENT

Amendment by section 1530(d) of Pub. L. 109–58 effective 18 months after Aug. 8, 2005, see section 1530(b) of Pub. L. 109–58, set out as a note under section 6991b of this title.

1. So in original. The word "or" probably should not appear.

2. So in original. Two subpars. (D) have been enacted.

3. So in original. The comma probably should be a semicolon.

§6991f. Federal facilities

(a) In general

Each department, agency, and instrumentality of the executive, legislative, and judicial branches of the Federal Government (1) having jurisdiction over any underground storage tank or underground storage tank system, or (2) engaged in any activity resulting, or which may result, in the installation, operation, management, or closure of any underground storage tank, release response activities related thereto, or in the delivery, acceptance, or deposit of any regulated substance to an underground storage tank or underground storage tank system shall be subject to, and comply with, all Federal, State, interstate, and local requirements, both substantive and procedural (including any requirement for permits or reporting or any provisions for injunctive relief and such sanctions as may be imposed by a court to enforce such relief), respecting underground storage tanks in the same manner, and to the same extent, as any person is subject to such requirements, including the payment of reasonable service charges. The Federal, State, interstate, and local substantive and procedural requirements referred to in this subsection include, but are not limited to, all administrative orders and all civil and administrative penalties and fines, regardless of whether such penalties or fines are punitive or coercive in nature or are imposed for isolated, intermittent, or continuing violations. The United States hereby expressly waives any immunity otherwise applicable to the United States with respect to any such substantive or procedural requirement (including, but not limited to, any injunctive relief, administrative order or civil or administrative penalty or fine referred to in the preceding sentence, or reasonable service charge). The reasonable service charges referred to in this subsection include, but are not limited to, fees or charges assessed in connection with the processing and issuance of permits, renewal of permits,
amendments to permits, review of plans, studies, and other documents, and inspection and monitoring of facilities, as well as any other nondiscriminatory charges that are assessed in connection with a Federal, State, interstate, or local underground storage tank regulatory program. Neither the United States, nor any agent, employee, or officer thereof, shall be immune or exempt from any process or sanction of any State or Federal Court with respect to the enforcement of any such injunctive relief. No agent, employee, or officer of the United States shall be personally liable for any civil penalty under any Federal, State, interstate, or local law concerning underground storage tanks with respect to any act or omission within the scope of the official duties of the agent, employee, or officer. An agent, employee, or officer of the United States shall be subject to any criminal sanction (including, but not limited to, any fine or imprisonment) under any Federal or State law concerning underground storage tanks, but no department, agency, or instrumentality of the executive, legislative, or judicial branch of the Federal Government shall be subject to any such sanction. The President may exempt any underground storage tank of any department, agency, or instrumentality in the executive branch from compliance with such a requirement if he determines it to be in the paramount interest of the United States to do so. No such exemption shall be granted due to lack of appropriation unless the President shall have specifically requested such appropriation as a part of the budgetary process and the Congress shall have failed to make available such requested appropriation. Any exemption shall be for a period not in excess of 1 year, but additional exemptions may be granted for periods not to exceed 1 year upon the President's making a new determination. The President shall report each January to the Congress all exemptions from the requirements of this section granted during the preceding calendar year, together with his reason for granting each such exemption.

(b) Review of and report on Federal underground storage tanks

(1) Review

Not later than 12 months after August 8, 2005, each Federal agency that owns or operates one or more underground storage tanks, or that manages land on which one or more underground storage tanks are located, shall submit to the Administrator, the Committee on Energy and Commerce of the United States House of Representatives, and the Committee on the Environment and Public Works of the Senate a compliance strategy report that—

(A) lists the location and owner of each underground storage tank described in this paragraph;
(B) lists all tanks that are not in compliance with this subchapter that are owned or operated by the Federal agency;
(C) specifies the date of the last inspection by a State or Federal inspector of each underground storage tank owned or operated by the agency;
(D) lists each violation of this subchapter respecting any underground storage tank owned or operated by the agency;
(E) describes the operator training that has been provided to the operator and other persons having primary daily on-site management responsibility for the operation and maintenance of underground storage tanks owned or operated by the agency; and
(F) describes the actions that have been and will be taken to ensure compliance for each underground storage tank identified under subparagraph (B).

(2) Not a safe harbor

This subsection does not relieve any person from any obligation or requirement under this subchapter.

EDITORIAL NOTES

AMENDMENTS

2005—Pub. L. 109–58 amended section generally. Prior to amendment, section required each department, agency, and instrumentality of the executive, legislative, and judicial branches of the Federal Government having jurisdiction over any underground storage tank to comply with all Federal, State, interstate, and local requirements, applicable to such tank, both substantive and procedural, in the same manner, and to the same extent, as any other person is subject to such requirements, including payment of reasonable service charges, provided that neither the United States, nor any agent, employee, or officer thereof, was immune or exempt from any process or sanction of any State or Federal court with respect to the enforcement of any such injunctive relief, and authorized the President to exempt any tank from compliance with such requirements upon certain determinations.

§6991g. State authority

Nothing in this subchapter shall preclude or deny any right of any State or political subdivision thereof to adopt or enforce any regulation, requirement, or standard of performance respecting underground storage tanks that is more stringent than a regulation, requirement, or standard of performance in effect under this subchapter or to impose any additional liability with respect to the release of regulated substances within such State or political subdivision.

EDITORIAL NOTES

AMENDMENTS

1986—Pub. L. 99–499 amended section generally. Prior to amendment, section read as follows: "Nothing in this subchapter shall preclude or deny any right of any State or political subdivision thereof to adopt or enforce any regulation, requirement or standard of performance respecting underground storage tanks that is more stringent than a regulation, requirement, or standard of performance in effect under this subchapter."

§6991h. Study of underground storage tanks

(a) Petroleum tanks

Not later than twelve months after November 8, 1984, the Administrator shall complete a study of underground storage tanks used for the storage of regulated substances defined in section 6991(7)(B) of this title.

(b) Other tanks

Not later than thirty-six months after November 8, 1984, the Administrator shall complete a study of all other underground storage tanks.

(c) Elements of studies

The studies under subsections (a) and (b) shall include an assessment of the ages, types (including methods of manufacture, coatings, protection systems, the compatibility of the construction materials and the installation methods) and locations (including the climate of the locations) of such tanks; soil conditions, water tables, and the hydrogeology of tank locations; the relationship between the foregoing factors and the likelihood of releases from underground storage tanks; the effectiveness and costs of inventory systems, tank testing, and leak detection systems; and such other factors as the Administrator deems appropriate.

(d) Farm and heating oil tanks

Not later than thirty-six months after November 8, 1984, the Administrator shall conduct a study regarding the tanks referred to in subparagraphs (A) and (B) of section 6991(10) of this title. Such study shall include estimates of the number and location of such tanks and an analysis of the extent to which there may be releases or threatened releases from such tanks into the environment.

(e) Reports

Upon completion of the studies authorized by this section, the Administrator shall submit reports to the President and to the Congress containing the results of the studies and recommendations respecting whether or not such tanks should be subject to the preceding provisions of this subchapter.

(f) Reimbursement

(1) If any owner or operator (excepting an agency, department, or instrumentality of the United States Government, a State or a political subdivision thereof) shall incur costs, including the loss of business opportunity, due to the closure or interruption of operation of an underground storage tank solely for the purpose of conducting studies authorized by this section, the Administrator shall provide such person fair and equitable reimbursement for such costs.

(2) All claims for reimbursement shall be filed with the Administrator not later than ninety days after the closure or interruption which gives rise to the claim.

(3) Reimbursements made under this section shall be from funds appropriated by the Congress pursuant to the authorization contained in section 6916(g) 1 of this title.

(4) For purposes of judicial review, a determination by the Administrator under this subsection shall be considered final agency action.

EDITORIAL NOTES

REFERENCES IN TEXT

Section 6916(g) of this title, referred to in subsec. (f)(3), probably means section 6916(f) of this title which authorizes appropriations for this subchapter. There is no subsec. (g) of section 6916.

AMENDMENTS

2005—Subsec. (a). Pub. L. 109–58, §1532(b)(3)(A), substituted "6991(7)(B)" for "6991(2)(B)". Subsec. (d). Pub. 109–58, §1532(b)(3)(B), substituted "subparagraphs (A) and (B) of section 6991(10)" for "section 6991(1)(A) and (B)".

1 See References in Text note below.
§6991i. Operator training

(a) Guidelines

(1) In general
Not later than 2 years after August 8, 2005, in consultation and cooperation with States and after public notice and opportunity for comment, the Administrator shall publish guidelines that specify training requirements for—
(A) persons having primary responsibility for on-site operation and maintenance of underground storage tank systems;
(B) persons having daily on-site responsibility for the operation and maintenance of underground storage tanks systems; and
(C) daily, on-site employees having primary responsibility for addressing emergencies presented by a spill or release from an underground storage tank system.

(2) Considerations
The guidelines described in paragraph (1) shall take into account—
(A) State training programs in existence as of the date of publication of the guidelines;
(B) training programs that are being employed by tank owners and tank operators as of August 8, 2005;
(C) the high turnover rate of tank operators and other personnel;
(D) the frequency of improvement in underground storage tank equipment technology;
(E) the nature of the businesses in which the tank operators are engaged;
(F) the substantial differences in the scope and length of training needed for the different classes of persons described in subparagraphs (A), (B), and (C) of paragraph (1); and
(G) such other factors as the Administrator determines to be necessary to carry out this section.

(b) State programs

(1) In general
Not later than 2 years after the date on which the Administrator publishes the guidelines under subsection (a)(1), each State that receives funding under this subchapter shall develop State-specific training requirements that are consistent with the guidelines developed under subsection (a)(1).

(2) Requirements
State requirements described in paragraph (1) shall—
(A) be consistent with subsection (a);
(B) be developed in cooperation with tank owners and tank operators;
(C) take into consideration training programs implemented by tank owners and tank operators as of August 8, 2005; and
(D) be appropriately communicated to tank owners and operators.

(3) Financial incentive
The Administrator may award to a State that develops and implements requirements described in paragraph (1), in addition to any funds that the State is entitled to receive under this subchapter, not more than $200,000, to be used to carry out the requirements.

(c) Training
All persons that are subject to the operator training requirements of subsection (a) shall—
(1) meet the training requirements developed under subsection (b); and
(2) repeat the applicable requirements developed under subsection (b), if the tank for which they have primary daily on-site management responsibilities is determined to be out of compliance with—
(A) a requirement or standard promulgated by the Administrator under section 6991b of this title; or
(B) a requirement or standard of a State program approved under section 6991c of this title.

EDITORIAL NOTES

REFERENCES IN TEXT
August 8, 2005, referred to in subsec. (b)(2)(C), was in the original "the date of enactment of this section", which was translated as meaning the date of enactment of Pub. L. 109–58, which amended this section generally, to reflect the probable intent of Congress.

AMENDMENTS
2005—Pub. L. 109–58 amended section catchline and text generally. Prior to amendment, text read as follows: "For authorization of appropriations to carry out this subchapter, see section 6916(g) of this title."
§6991j. Use of funds for release prevention and compliance

Funds made available under section 6991m(2)(D) of this title from the Trust Fund may be used to conduct inspections, issue orders, or bring actions under this subchapter—

(1) by a State, in accordance with a grant or cooperative agreement with the Administrator, of State regulations pertaining to underground storage tanks regulated under this subchapter; and

(2) by the Administrator, for tanks regulated under this subchapter (including under a State program approved under section 699 fc of this title).

1 So in original.

§6991k. Delivery prohibition

(a) Requirements

(1) Prohibition of delivery or deposit

Beginning 2 years after August 8, 2005, it shall be unlawful to deliver to, deposit into, or accept a regulated substance into an underground storage tank at a facility which has been identified by the Administrator or a State implementing agency to be ineligible for such delivery, deposit, or acceptance.

(2) Guidance

Within 1 year after August 8, 2005, the Administrator shall, in consultation with the States, underground storage tank owners, and product delivery industries, publish guidelines detailing the specific processes and procedures they will use to implement the provisions of this section. The processes and procedures include, at a minimum—

(A) the criteria for determining which underground storage tank facilities are ineligible for delivery, deposit, or acceptance of a regulated substance;

(B) the mechanisms for identifying which facilities are ineligible for delivery, deposit, or acceptance of a regulated substance to the underground storage tank owning and fuel delivery industries;

(C) the process for reclassifying ineligible facilities as eligible for delivery, deposit, or acceptance of a regulated substance;

(D) one or more processes for providing adequate notice to underground storage tank owners and operators and supplier industries that an underground storage tank has been determined to be ineligible for delivery, deposit, or acceptance of a regulated substance; and

(E) a delineation of, or a process for determining, the specified geographic areas subject to paragraph (4).

(3) Compliance

States that receive funding under this subchapter shall, at a minimum, comply with the processes and procedures published under paragraph (2).

(4) Consideration

(A) Rural and remote areas

Subject to subparagraph (B), the Administrator or a State may consider not treating an underground storage tank as ineligible for delivery, deposit, or acceptance of a regulated substance if such treatment would jeopardize the availability of, or access to, fuel in any rural and remote areas unless an urgent threat to public health, as determined by the Administrator, exists.

(B) Applicability

Subparagraph (A) shall apply only during the 180-day period following the date of a determination by the Administrator or the appropriate State under subparagraph (A).

(b) Effect on State authority

Nothing in this section shall affect or preempt the authority of a State to prohibit the delivery, deposit, or acceptance of a regulated substance to an underground storage tank.

(c) Defense to violation

A person shall not be in violation of subsection (a)(1) if the person has not been provided with notice pursuant to subsection (a)(2)(D) of the ineligibility of a facility for delivery, deposit, or acceptance of a regulated substance as determined by the Administrator or a State, as appropriate, under this section.

EDITORIAL NOTES
AMENDMENTS

§6991j. Tanks on tribal lands

(a) Strategy
The Administrator, in coordination with Indian tribes, shall, not later than 1 year after August 8, 2005, develop and implement a strategy—

(1) giving priority to releases that present the greatest threat to human health or the environment, to take necessary corrective action in response to releases from leaking underground storage tanks located wholly within the boundaries of—

(A) an Indian reservation; or
(B) any other area under the jurisdiction of an Indian tribe; and

(2) to implement and enforce requirements concerning underground storage tanks located wholly within the boundaries of—

(A) an Indian reservation; or
(B) any other area under the jurisdiction of an Indian tribe.

(b) Report
Not later than 2 years after August 8, 2005, the Administrator shall submit to Congress a report that summarizes the status of implementation and enforcement of this subchapter in areas located wholly within—

(1) the boundaries of Indian reservations; and
(2) any other areas under the jurisdiction of an Indian tribe.

The Administrator shall make the report under this subsection available to the public.

(c) Not a safe harbor
This section does not relieve any person from any obligation or requirement under this subchapter.

(d) State authority
Nothing in this section applies to any underground storage tank that is located in an area under the jurisdiction of a State, or that is subject to regulation by a State, as of August 8, 2005.

§6991m. Authorization of appropriations

There are authorized to be appropriated to the Administrator the following amounts:

(1) To carry out this subchapter (except sections 6991b(h), 6991d(c), 6991j, and 6991k of this title) $50,000,000 for each of fiscal years 2006 through 2011.
(2) From the Trust Fund—

(A) to carry out section 6991b(h) of this title (except section 6991b(h)(12) of this title) $200,000,000 for each of fiscal years 2006 through 2011;
(B) to carry out section 6991b(h)(12) of this title, $200,000,000 for each of fiscal years 2006 through 2011;
(C) to carry out sections 6991b(i), 6991c(f), and 6991d(c) of this title $100,000,000 for each of fiscal years 2006 through 2011; and
(D) to carry out sections 6991i, 6991j, 6991k, and 6991l of this title $55,000,000 for each of fiscal years 2006 through 2011.

EDITORIAL NOTES

AMENDMENTS

§6992. Scope of demonstration program for medical waste

(a) Covered States

The States within the demonstration program established under this subchapter for tracking medical wastes shall be New York, New Jersey, Connecticut, the States contiguous to the Great Lakes and any State included in the program through the petition procedure described in subsection (c), except for any of such States in which the Governor notifies the Administrator under subsection (b) that such State shall not be covered by the program.

(b) Opt out

(1) If the Governor of any State covered under subsection (a) which is not contiguous to the Atlantic Ocean notifies the Administrator that such State elects not to participate in the demonstration program, the Administrator shall remove such State from the program.

(2) If the Governor of any other State covered under subsection (a) notifies the Administrator that such State has implemented a medical waste tracking program that is no less stringent than the demonstration program under this subchapter and that such State elects not to participate in the demonstration program, the Administrator shall, if the Administrator determines that such State program is no less stringent than the demonstration program under this subchapter, remove such State from the demonstration program.

(3) Notifications under paragraphs (1) or (2) shall be submitted to the Administrator no later than 30 days after the promulgation of regulations implementing the demonstration program under this subchapter.

(c) Petition in

The Governor of any State may petition the Administrator to be included in the demonstration program and the Administrator may, in his discretion, include any such State. Such petition may not be made later than 30 days after promulgation of regulations establishing the demonstration program under this subchapter, and the Administrator shall determine whether to include the State within 30 days after receipt of the State's petition.

(d) Expiration of demonstration program

The demonstration program shall expire on the date 24 months after the effective date of the regulations under this subchapter.

(Pub. L. 89–272, title II, §11001, as added Pub. L. 100–582, §2(a), Nov. 1, 1988, 102 Stat. 2950.)

§6992a. Listing of medical wastes

(a) List

Not later than 6 months after November 1, 1988, the Administrator shall promulgate regulations listing the types of medical waste to be tracked under the demonstration program. Except as provided in subsection (b), such list shall include, but need not be limited to, each of the following types of solid waste:

(1) Cultures and stocks of infectious agents and associated biologicals, including cultures from medical and pathological laboratories, cultures and stocks of infectious agents from research and industrial laboratories, wastes from the production of biologicals, discarded live and attenuated vaccines, and culture dishes and devices used to transfer, inoculate, and mix cultures.

(2) Pathological wastes, including tissues, organs, and body parts that are removed during surgery or autopsy.

(3) Waste human blood and products of blood, including serum, plasma, and other blood components.

(4) Sharps that have been used in patient care or in medical, research, or industrial laboratories, including hypodermic needles, syringes, pasteur pipettes, broken glass, and scalpel blades.

(5) Contaminated animal carcasses, body parts, and bedding of animals that were exposed to infectious agents during research, production of biologicals, or testing of pharmaceuticals.

(6) Wastes from surgery or autopsy that were in contact with infectious agents, including soiled dressings, sponges, drapes, lavage tubes, drainage sets, underpads, and surgical gloves.

(7) Laboratory wastes from medical, pathological, pharmaceutical, or other research, commercial, or industrial laboratories that were in contact with infectious agents, including slides and cover slips, disposable gloves, laboratory coats, and aprons.

(8) Dialysis wastes that were in contact with the blood of patients undergoing hemodialysis, including contaminated disposable equipment and supplies such as tubing, filters, disposable sheets, towels, gloves, aprons, and laboratory coats.

(9) Discarded medical equipment and parts that were in contact with infectious agents.

(10) Biological waste and discarded materials contaminated with blood, excretion, exudates or secretion from human beings or animals who are isolated to protect others from communicable diseases.

(11) Such other waste material that results from the administration of medical care to a patient by a health care provider and is found by the Administrator to pose a threat to human health or the environment.

(b) Exclusions from list

The Administrator may exclude from the list under this section any categories or items described in paragraphs (6) through (10) of subsection (a) which he determines do not pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, disposed of, or otherwise managed.
§6992b. Tracking of medical waste

(a) Demonstration program
Not later than 6 months after November 1, 1988, the Administrator shall promulgate regulations establishing a program for the tracking of the medical waste listed in section 6992a of this title which is generated in a State subject to the demonstration program. The program shall (1) provide for tracking of the transportation of the waste from the generator to the disposal facility, except that waste that is incinerated need not be tracked after incineration, (2) include a system for providing the generator of the waste with assurance that the waste is received by the disposal facility, (3) use a uniform form for tracking in each of the demonstration States, and (4) include the following requirements:

(A) A requirement for segregation of the waste at the point of generation where practicable.

(B) A requirement for placement of the waste in containers that will protect waste handlers and the public from exposure.

(C) A requirement for appropriate labeling of containers of the waste.

(b) Small quantities
In the program under subsection (a), the Administrator may establish an exemption for generators of small quantities of medical waste listed under section 6992a of this title, except that the Administrator may not exempt from the program any person who, or facility that, generates 50 pounds or more of such waste in any calendar month.

(c) On-site incinicators
Concurrently with the promulgation of regulations under subsection (a), the Administrator shall promulgate a recordkeeping and reporting requirement for any generator in a demonstration State of medical waste listed in section 6992a of this title that (1) incinerates medical waste listed in section 6992a of this title on site and (2) does not track such waste under the regulations promulgated under subsection (a). Such requirement shall require the generator to report to the Administrator on the volume and types of medical waste listed in section 6992a of this title that the generator incinerated on site during the 6 months following the effective date of the requirements of this subsection.

(d) Type of medical waste and types of generators
For each of the requirements of this section, the regulations may vary for different types of medical waste and for different types of medical waste generators.

§6992c. Inspections

(a) Requirements for access
For purposes of developing or assisting in the development of any regulation or report under this subchapter or enforcing any provision of this subchapter, any person who generates, stores, treats, transports, disposes of, or otherwise handles or has handled medical waste shall, upon request of any officer, employee, or representative of the Environmental Protection Agency duly designated by the Administrator, furnish information relating to such waste, including any tracking forms required to be maintained under section 6992b of this title, conduct monitoring or testing, and permit such person at all reasonable times to have access to, and to copy, all records relating to such waste. For such purposes, such officers, employees, or representatives are authorized to—

(1) enter at reasonable times any establishment or other place where medical wastes are or have been generated, stored, treated, disposed of, or transported from;

(2) conduct monitoring or testing; and

(3) inspect and obtain samples from any person of any such wastes and samples of any containers or labeling for such wastes.

(b) Procedures
Each inspection under this section shall be commenced and completed with reasonable promptness. If the officer, employee, or representative obtains any samples, prior to leaving the premises he shall give to the owner, operator, or agent in charge a receipt describing the sample obtained and, if requested, a portion of each such sample equal in volume or weight to the portion retained if giving such an equal portion is feasible. If any analysis is made of such samples, a copy of the results of such analysis shall be furnished promptly to the owner, operator, or agent in charge of the premises concerned.

(c) Availability to public
The provisions of section 6927(b) of this title shall apply to records, reports, and information obtained under this section in the same manner and to the same extent as such provisions apply to records, reports, and information obtained under section 6927 of this title.

1 So in original. Probably should be “exudates.”
§6992d. Enforcement

(a) Compliance orders

(1) Violations

Whenever on the basis of any information the Administrator determines that any person has violated, or is in violation of, any requirement or prohibition in effect under this subchapter (including any requirement or prohibition in effect under regulations under this subchapter) (A) the Administrator may issue an order (i) assessing a civil penalty for any past or current violation, (ii) requiring compliance immediately or within a specified time period, or (iii) both, or (B) the Administrator may commence a civil action in the United States district court in the district in which the violation occurred for appropriate relief, including a temporary or permanent injunction. Any order issued pursuant to this subsection shall state with reasonable specificity the nature of the violation.

(2) Orders assessing penalties

Any penalty assessed in an order under this subsection shall not exceed $25,000 per day of noncompliance for each violation of a requirement or prohibition in effect under this subchapter. In assessing such a penalty, the Administrator shall take into account the seriousness of the violation and any good faith efforts to comply with applicable requirements.

(3) Public hearing

Any order issued under this subsection shall become final unless, not later than 30 days after issuance of the order, the persons named therein request a public hearing. Upon such request, the Administrator shall promptly conduct a public hearing. In connection with any proceeding under this section, the Administrator may issue subpoenas for the production of relevant papers, books, and documents, and may promulgate rules for discovery procedures.

(4) Violation of compliance orders

In the case of an order under this subsection requiring compliance with any requirement of or regulation under this subchapter, if a violator fails to take corrective action within the time specified in an order, the Administrator may assess a civil penalty of not more than $25,000 for each day of continued noncompliance with the order.

(b) Criminal penalties

Any person who—

(1) knowingly violates the requirements of or regulations under this subchapter;

(2) knowingly omits material information or makes any false material statement or representation in any label, record, report, or other document filed, maintained, or used for purposes of compliance with this subchapter or regulations thereunder; or

(3) knowingly generates, stores, treats, transports, disposes of, or otherwise handles any medical waste (whether such activity took place before or takes place after November 1, 1988) and who knowingly destroys, alters, conceals, or fails to file any record, report, or other document required to be maintained or filed for purposes of compliance with this subchapter or regulations thereunder

shall, upon conviction, be subject to a fine of not more than $50,000 for each day of violation, or imprisonment not to exceed 2 years (5 years in the case of a violation of paragraph (1)). If the conviction is for a violation committed after a first conviction of such person under this paragraph, the maximum punishment under the respective paragraph shall be doubled with respect to both fine and imprisonment.

(c) Knowing endangerment

Any person who knowingly violates any provision of subsection (b) who knows at that time that he thereby places another person in imminent danger of death or serious bodily injury, shall upon conviction be subject to a fine of not more than $250,000 or imprisonment for not more than 15 years, or both. A defendant that is an organization shall, upon conviction under this subsection, be subject to a fine of not more than $1,000,000. The terms of this paragraph shall be interpreted in accordance with the rules provided under section 6928(f) of this title.

(d) Civil penalties

Any person who violates any requirement of or regulation under this subchapter shall be liable to the United States for a civil penalty in an amount not to exceed $25,000 for each such violation. Each day of such violation shall, for purposes of this section, constitute a separate violation.

(e) Civil penalty policy

Civil penalties assessed by the United States or by the States under this subchapter shall be assessed in accordance with the Administrator’s "RCRA Civil Penalty Policy", as such policy may be amended from time to time.

(Pub. L. 89–272, title II, §11005, as added Pub. L. 100–582, §2(a), Nov. 1, 1988, 102 Stat. 2953.)

§6992e. Federal facilities

(a) In general

Each department, agency, and instrumentality of the executive, legislative, and judicial branches of the Federal Government in a demonstration State (1) having jurisdiction over any solid waste management facility or disposal site at
which medical waste is disposed of or otherwise handled, or (2) engaged in any activity resulting, or which may result, in the disposal, management, or handling of medical waste shall be subject to, and comply with, all Federal, State, interstate, and local requirements, both substantive and procedural (including any requirement for permits or reporting or any provisions for injunctive relief and such sanctions as may be imposed by a court to enforce such relief), respecting control and abatement of medical waste disposal and management in the same manner, and to the same extent, as any person is subject to such requirements, including the payment of reasonable service charges. The Federal, State, interstate, and local substantive and procedural requirements included in this subsection include, but are not limited to, all administrative orders, civil, criminal, and administrative penalties, and other sanctions, including injunctive relief, fines, and imprisonment. Neither the United States, nor any agent, employee, or officer thereof, shall be immune or exempt from any process or sanction of any State or Federal court with respect to the enforcement of any such order, penalty, or other sanction. For purposes of enforcing any such substantive or procedural requirement (including, but not limited to, any injunctive relief, administrative order, or civil, criminal, administrative penalty, or other sanction) against any such department, agency, or instrumentality, the United States hereby expressly waives any immunity otherwise applicable to the United States. The President may exempt any department, agency, or instrumentality in the executive branch from compliance with such a requirement if he determines it to be in the paramount interest of the United States to do so. No such exemption shall be granted due to lack of appropriation unless the President shall have specifically requested such appropriation as a part of the budgetary process and the Congress shall have failed to make available such requested appropriation. Any exemption shall be for a period not in excess of one year, but additional exemptions may be granted for periods not to exceed one year upon the President's making a new determination. The President shall report each January to the Congress all exemptions from the requirements of this section granted during the preceding calendar year, together with his reason for granting each such exemption.

(b) "Person" defined
For purposes of this chapter, the term "person" shall be treated as including each department, agency, and instrumentality of the United States.

STATUTORY NOTES AND RELATED SUBSIDIARIES

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions in subsec. (a) of this section requiring the President to report annually to Congress, see section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and the 10th item on page 20 of House Document No. 103–7.

§6992f. Relationship to State law

(a) State inspections and enforcement

A State may conduct inspections under 1 6992c of this title and take enforcement actions under section 6992d of this title against any person, including any person who has imported medical waste into a State in violation of the requirements of, or regulations under, this subchapter, to the same extent as the Administrator. At the time a State initiates an enforcement action under section 6992d of this title against any person, the State shall notify the Administrator in writing.

(b) Retention of State authority

Nothing in this subchapter shall—

1. preempt any State or local law; or
2. except as provided in subsection (c), otherwise affect any State or local law or the authority of any State or local government to adopt or enforce any State or local law.

(c) State forms

Any State or local law which requires submission of a tracking form from any person subject to this subchapter shall require that the form be identical in content and format to the form required under section 6992b of this title, except that a State may require the submission of other tracking information which is supplemental to the information required on the form required under section 6992b of this title through additional sheets or such other means as the State deems appropriate.

(Pub. L. 89–272, title II, §11007, as added Pub. L. 100–582, §2(a), Nov. 1, 1988, 102 Stat. 2955.)

1 So in original. Probably should be "under section".

§6992h. Health impacts report

Within 24 months after November 1, 1988, the Administrator of the Agency for Toxic Substances and Disease Registry shall prepare for Congress a report on the health effects of medical waste, including each of the following—

1. A description of the potential for infection or injury from the segregation, handling, storage, treatment, or disposal of medical wastes.

2. An estimate of the number of people injured or infected annually by sharps, and the nature and seriousness of those injuries or infections.

3. An estimate of the number of people infected annually by other means related to waste segregation, handling, storage, treatment, or disposal, and the nature and seriousness of those infections.

4. For diseases possibly spread by medical waste, including Acquired Immune Deficiency Syndrome and hepatitis B, an estimate of what percentage of the total number of cases nationally may be traceable to medical wastes.

EDITORIAL NOTES

PRIOR PROVISIONS

§6992i. General provisions

(a) Consultation

1. In promulgating regulations under this subchapter, the Administrator shall consult with the affected States and may consult with other interested parties.

2. The Administrator shall also consult with the International Joint Commission to determine how to monitor the disposal of medical waste emanating from Canada.

(b) Public comment

In the case of the regulations required by this subchapter to be promulgated within 9 months after November 1, 1988, the Administrator may promulgate such regulations in interim final form without prior opportunity for public comment, but the Administrator shall provide an opportunity for public comment on the interim final rule. The promulgation of such regulations shall not be subject to the Paperwork Reduction Act of 1980.1

(c) Relationship to subchapter III

Nothing in this subchapter shall affect the authority of the Administrator to regulate medical waste, including medical waste listed under section 6992a of this title, under subchapter III of this chapter.

EDITORIAL NOTES

PRIOR PROVISIONS

A prior section 11009 of Pub. L. 89–272 was renumbered section 11008 and is classified to section 6992h of this title.

1. See References in Text note below.

§6992j. Effective date

The regulations promulgated under this subchapter shall take effect within 90 days after promulgation, except that, at the time of promulgation, the Administrator may provide for a shorter period prior to the effective date if he finds the regulated
community does not need 90 days to come into compliance.

**Editorial Notes**

**Prior Provisions**
A prior section 11010 of Pub. L. 89–272 was renumbered section 11009 and is classified to section 6992l of this title.

§6992k. Authorization of appropriations

There are authorized to be appropriated to the Administrator such sums as may be necessary for each of the fiscal years 1989 through 1991 for purposes of carrying out activities under this subchapter.

**Editorial Notes**

**Prior Provisions**
A prior section 11011 of Pub. L. 89–272 was renumbered section 11010 and is classified to section 6992j of this title.
49-104. Powers and duties of the department and director

A. The department shall:

1. Formulate policies, plans and programs to implement this title to protect the environment.

2. Stimulate and encourage all local, state, regional and federal governmental agencies and all private persons and enterprises that have similar and related objectives and purposes, cooperate with those agencies, persons and enterprises and correlate department plans, programs and operations with those of the agencies, persons and enterprises.

3. Conduct research on its own initiative or at the request of the governor, the legislature or state or local agencies pertaining to any department objectives.

4. Provide information and advice on request of any local, state or federal agencies and private persons and business enterprises on matters within the scope of the department.

5. Consult with and make recommendations to the governor and the legislature on all matters concerning department objectives.

6. Promote and coordinate the management of air resources to ensure their protection, enhancement and balanced utilization consistent with the environmental policy of this state.

7. Promote and coordinate the protection and enhancement of the quality of water resources consistent with the environmental policy of this state.

8. Encourage industrial, commercial, residential and community development that maximizes environmental benefits and minimizes the effects of less desirable environmental conditions.

9. Ensure the preservation and enhancement of natural beauty and man-made scenic qualities.

10. Provide for the prevention and abatement of all water and air pollution including that related to particulates, gases, dust, vapors, noise, radiation, odor, nutrients and heated liquids in accordance with article 3 of this chapter and chapters 2 and 3 of this title.

11. Promote and recommend methods for the recovery, recycling and reuse or, if recycling is not possible, the disposal of solid wastes consistent with sound health, scenic and environmental quality policies. The department shall report annually on its revenues and expenditures relating to the solid and hazardous waste programs overseen or administered by the department.

12. Prevent pollution through the regulation of the storage, handling and transportation of solids, liquids and gases that may cause or contribute to pollution.

13. Promote the restoration and reclamation of degraded or despoiled areas and natural resources.

14. Participate in the state civil defense program and develop the necessary organization and facilities to meet wartime or other disasters.

15. Cooperate with the Arizona-Mexico commission in the governor's office and with researchers at universities in this state to collect data and conduct projects in the United States and Mexico on issues that are within the scope of the department's duties and that relate to quality of life, trade and economic development in this state in a manner that will help the Arizona-Mexico commission to assess and enhance the economic competitiveness of this state and of the Arizona-Mexico region.

16. Unless specifically authorized by the legislature, ensure that state laws, rules, standards, permits, variances and orders are adopted and construed to be consistent with and no more stringent than the corresponding federal law that addresses the same subject matter. This paragraph does not adversely affect standards adopted by an Indian tribe under federal law.
17. Provide administrative and staff support for the oil and gas conservation commission.

B. The department, through the director, shall:

1. Contract for the services of outside advisers, consultants and aides reasonably necessary or desirable to enable the department to adequately perform its duties.

2. Contract and incur obligations reasonably necessary or desirable within the general scope of department activities and operations to enable the department to adequately perform its duties.

3. Utilize any medium of communication, publication and exhibition when disseminating information, advertising and publicity in any field of its purposes, objectives or duties.

4. Adopt procedural rules that are necessary to implement the authority granted under this title, but that are not inconsistent with other provisions of this title.

5. Contract with other agencies, including laboratories, in furthering any department program.

6. Use monies, facilities or services to provide matching contributions under federal or other programs that further the objectives and programs of the department.

7. Accept gifts, grants, matching monies or direct payments from public or private agencies or private persons and enterprises for department services and publications and to conduct programs that are consistent with the general purposes and objectives of this chapter. Monies received pursuant to this paragraph shall be deposited in the department fund corresponding to the service, publication or program provided.

8. Provide for the examination of any premises if the director has reasonable cause to believe that a violation of any environmental law or rule exists or is being committed on the premises. The director shall give the owner or operator the opportunity for its representative to accompany the director on an examination of those premises. Within forty-five days after the date of the examination, the department shall provide to the owner or operator a copy of any report produced as a result of any examination of the premises.

9. Supervise sanitary engineering facilities and projects in this state, authority for which is vested in the department, and own or lease land on which sanitary engineering facilities are located, and operate the facilities, if the director determines that owning, leasing or operating is necessary for the public health, safety or welfare.

10. Adopt and enforce rules relating to approving design documents for constructing, improving and operating sanitary engineering and other facilities for disposing of solid, liquid or gaseous deleterious matter.

11. Define and prescribe reasonably necessary rules regarding the water supply, sewage disposal and garbage collection and disposal for subdivisions. The rules shall:

(a) Provide for minimum sanitary facilities to be installed in the subdivision and may require that water systems plan for future needs and be of adequate size and capacity to deliver specified minimum quantities of drinking water and to treat all sewage.

(b) Provide that the design documents showing or describing the water supply, sewage disposal and garbage collection facilities be submitted with a fee to the department for review and that no lots in any subdivision be offered for sale before compliance with the standards and rules has been demonstrated by approval of the design documents by the department.

12. Prescribe reasonably necessary measures to prevent pollution of water used in public or semipublic swimming pools and bathing places and to prevent deleterious conditions at those places. The rules shall prescribe minimum standards for the design of and for sanitary conditions at any public or semipublic swimming pool or bathing place and provide for abatement as public nuisances of premises and facilities that do not comply with the minimum standards. The rules shall be developed in cooperation with the director of the department of health services and shall be consistent with the rules adopted by the director of the department of health services pursuant to section 36-136, subsection 1, paragraph 10.
13. Prescribe reasonable rules regarding sewage collection, treatment, disposal and reclamation systems to prevent the transmission of sewage borne or insect borne diseases. The rules shall:

(a) Prescribe minimum standards for the design of sewage collection systems and treatment, disposal and reclamation systems and for operating the systems.

(b) Provide for inspecting the premises, systems and installations and for abating as a public nuisance any collection system, process, treatment plant, disposal system or reclamation system that does not comply with the minimum standards.

(c) Require that design documents for all sewage collection systems, sewage collection system extensions, treatment plants, processes, devices, equipment, disposal systems, on-site wastewater treatment facilities and reclamation systems be submitted with a fee for review to the department and may require that the design documents anticipate and provide for future sewage treatment needs.

(d) Require that construction, reconstruction, installation or initiation of any sewage collection system, sewage collection system extension, treatment plant, process, device, equipment, disposal system, on-site wastewater treatment facility or reclamation system conform with applicable requirements.

14. Prescribe reasonably necessary rules regarding excreta storage, handling, treatment, transportation and disposal. The rules may:

(a) Prescribe minimum standards for human excreta storage, handling, treatment, transportation and disposal and shall provide for inspection of premises, processes and vehicles and for abating as public nuisances any premises, processes or vehicles that do not comply with the minimum standards.

(b) Provide that vehicles transporting human excreta from privies, septic tanks, cesspools and other treatment processes shall be licensed by the department subject to compliance with the rules. The department may require payment of a fee as a condition of licensure. The department may establish by rule a fee as a condition of licensure, including a maximum fee. As part of the rulemaking process, there must be public notice and comment and a review of the rule by the joint legislative budget committee. The department shall not increase that fee by rule without specific statutory authority for the increase. The fees shall be deposited, pursuant to sections 35-146 and 35-147, in the solid waste fund established by section 49-881.

15. Perform the responsibilities of implementing and maintaining a data automation management system to support the reporting requirements of title III of the superfund amendments and reauthorization act of 1986 (P.L. 99-499) and article 2 of this chapter.

16. Approve remediation levels pursuant to article 4 of this chapter.

17. Establish or revise fees by rule pursuant to the authority granted under title 44, chapter 9, article 8 and chapters 4 and 5 of this title for the department to adequately perform its duties. All fees shall be fairly assessed and impose the least burden and cost to the parties subject to the fees. In establishing or revising fees, the department shall base the fees on:

(a) The direct and indirect costs of the department's relevant duties, including employee salaries and benefits, professional and outside services, equipment, in-state travel and other necessary operational expenses directly related to issuing licenses as defined in title 41, chapter 6 and enforcing the requirements of the applicable regulatory program.

(b) The availability of other funds for the duties performed.

(c) The impact of the fees on the parties subject to the fees.

(d) The fees charged for similar duties performed by the department, other agencies and the private sector.

18. Appoint a person with a background in oil and gas conservation to act on behalf of the oil and gas conservation commission and administer and enforce the applicable provisions of title 27, chapter 4 relating to the oil and gas
conservation commission.

C. The department may:

1. Charge fees to cover the costs of all permits and inspections it performs to ensure compliance with rules adopted under section 49-203, except that state agencies are exempt from paying those fees that are not associated with the dredge and fill permit program established pursuant to chapter 2, article 3.2 of this title. For services provided under the dredge and fill permit program, a state agency shall pay either:

(a) The fees established by the department under the dredge and fill permit program.

(b) The reasonable cost of services provided by the department pursuant to an interagency service agreement.

2. Monies collected pursuant to this subsection shall be deposited, pursuant to sections 35-146 and 35-147, in the water quality fee fund established by section 49-210.

3. Contract with private consultants for the purposes of assisting the department in reviewing applications for licenses, permits or other authorizations to determine whether an applicant meets the criteria for issuance of the license, permit or other authorization. If the department contracts with a consultant under this paragraph, an applicant may request that the department expedite the application review by requesting that the department use the services of the consultant and by agreeing to pay the department the costs of the consultant's services. Notwithstanding any other law, monies paid by applicants for expedited reviews pursuant to this paragraph are appropriated to the department for use in paying consultants for services.

D. The director may:

1. If the director has reasonable cause to believe that a violation of any environmental law or rule exists or is being committed, inspect any person or property in transit through this state and any vehicle in which the person or property is being transported and detain or disinfect the person, property or vehicle as reasonably necessary to protect the environment if a violation exists.

2. Authorize in writing any qualified officer or employee in the department to perform any act that the director is authorized or required to do by law.
49-203. **Powers and duties of the director and department**

A. The director shall:

1. Adopt, by rule, water quality standards in the form and subject to the considerations prescribed by article 2 of this chapter.

2. Adopt, by rule, a permit program for WOTUS that is consistent with but not more stringent than the requirements of the clean water act for the point source discharge of any pollutant or combination of pollutants into WOTUS. The program and the rules shall be sufficient to enable this state to administer the permit program identified in section 402(b) of the clean water act, including the sewage sludge requirements of section 405 of the clean water act and as prescribed by article 3.1 of this chapter.

3. Apply the program and rules authorized under paragraph 2 of this subsection to point source discharges to non-WOTUS protected surface waters, consistent with section 49-255.04, which establishes the program components and rules that do not apply to non-WOTUS protected surface waters. The following are exempt from the non-WOTUS protected surface waters point source discharge program:

   (a) Discharges to a non-WOTUS protected surface water incidental to a recharge project.

   (b) Established or ongoing farming, ranching and silviculture activities such as plowing, seeding, cultivating, minor drainage or harvesting for the production of food, fiber or forest products or upland soil and water conservation practices.

   (c) Maintenance but not construction of drainage ditches.

   (d) Construction and maintenance of irrigation ditches.

   (e) Maintenance of structures such as dams, dikes and levees.

4. Adopt, by rule, a program to control nonpoint source discharges of any pollutant or combination of pollutants into WOTUS.

5. Adopt, by rule, an aquifer protection permit program to control discharges of any pollutant or combination of pollutants that are reaching or may with a reasonable probability reach an aquifer. The permit program shall be as prescribed by article 3 of this chapter.

6. Adopt, by rule, the permit program for underground injection control described in the safe drinking water act.

7. Adopt, by rule, technical standards for conveyances of reclaimed water and a permit program for the direct reuse of reclaimed water.

8. Adopt, by rule or as permit conditions, discharge limitations, best management practice standards, new source performance standards, toxic and pretreatment standards and other standards and conditions as reasonable and necessary to carry out the permit programs and regulatory duties described in paragraphs 2 through 6 of this subsection.

9. Assess and collect fees to revoke, issue, deny, modify or suspend permits issued pursuant to this chapter and to process permit applications. The director may also assess and collect costs reasonably necessary if the director must conduct sampling or monitoring relating to a facility because the owner or operator of the facility has refused or failed to do so on order by the director. The director shall set fees that are reasonably related to the department's costs of providing the service for which the fee is charged. Monies collected from aquifer protection permit fees and from Arizona pollutant discharge elimination system permit fees shall be deposited, pursuant to sections 35-146 and 35-147, in the water quality fee fund established by section 49-210. Monies from other permit fees shall be deposited, pursuant to sections 35-146 and 35-147, in the water quality fee fund unless otherwise provided by law. Monies paid by an applicant for review by consultants for the department pursuant to section 49-241.02, subsection D shall be deposited, pursuant to sections 35-146 and 35-147, in the water quality fee fund established by section 49-210. State
49-257.01. Underground injection control permit program; permits; prohibitions; rules

A. The department shall establish an underground injection control permit program, including a permitting process.

B. An underground injection is prohibited unless the underground injection is into a well authorized by rule or unless it is authorized by a permit issued pursuant to this article or by a permit issued by the United States environmental protection agency. A person may not construct any well that is required to have a permit until the person is issued the permit or is otherwise authorized under the permit program established pursuant to this article or federal law.

C. Any underground injection activity is prohibited if it is conducted in a manner that allows the movement of fluid containing any contaminant into underground sources of drinking water and if the presence of that contaminant may endanger underground sources of drinking water.

D. The director shall adopt rules for the purposes of establishing and operating the underground injection control permit program pursuant to this article. Rules adopted by the director shall meet the minimum requirements prescribed by 42 United States Code section 300h(b).
date of the installment payment, the Department may suspend
the licensee's authorization to make installment payments and
require the licensee to pay all pending fees.

G. If a licensee fails to submit an installment payment within 30
days after its due date, the Department may initiate action
under A.R.S. § 36-495.09.

Historical Note
Adopted effective August 16, 1985 (Supp. 85-4). Former
Section R9-14-608 repealed, new Section R9-14-608
adopted effective December 20, 1991 (Supp. 91-4). Sec-
tion citation corrected in preceding historical note; Sec-
tion R9-14-608 renumbered to R9-14-609; new Section
R9-14-608 renumbered from R9-14-607 and amended
effective June 20, 1997 (Supp. 97-2). Former Section R9-
14-608 renumbered to R9-14-610; new Section R9-14-
608 adopted by final rulemaking at 7 A.A.R. 184, effec-
tive December 15, 2000 (Supp. 00-4). Amended by final
rulemaking at 12 A.A.R. 4798, effective December 5,
2006 (Supp. 06-4). Amended by final rulemaking at 22
A.A.R. 2683, effective October 1, 2016 (Supp. 16-3).

R9-14-609. Proficiency Testing
A. At least once in each 12-month period, and more often if
requested by the Department, each licensee or applicant shall
have at least one laboratory analyst participate in proficiency
testing provided by the Department, the EPA, or a proficiency
testing service that:
1. Includes at least one proficiency testing sample for each
parameter for which an initial license or renewal license
has been issued or requested and for which proficiency
testing samples are available;
2. Demonstrates the laboratory analyst's proficiency in compliance
testing of:
   a. Applicable drinking water parameters in Table
       6.2.A, if:
      i. The applicant plans to perform compliance test-
         ing of drinking water parameters, or
      ii. The licensee is approved to perform compli-
          iance testing of drinking water parameters; and
   b. Applicable parameters other than drinking water
      parameters, if:
      i. The applicant plans to perform compliance test-
         ing of the parameters, or
      ii. The licensee is approved to perform compli-
          ance testing of the parameters; and
3. If the licensee or applicant has been issued or has
   requested a license that includes approval for testing
   an analyte by different methods, may use the same
   proficiency testing sample for each method.

B. To demonstrate proficiency for a parameter, test results
reported for the parameter shall be within acceptance limits
established for:
1. Drinking water inorganic chemistry parameters by the
   EPA, as provided in 40 CFR 141.23;
2. Drinking water organic chemistry parameters by the EPA,
   as provided in 40 CFR 141.24;
3. Lead or copper in drinking water by the EPA, as provided
   in 40 CFR 141.89;
4. Disinfection byproducts in drinking water by the EPA, as
   provided in 40 CFR 141.131; and
5. Other parameters by the EPA or the proficiency testing
   service.

C. A licensee or applicant shall ensure that:
1. Each proficiency testing sample accepted at the licensee's
   or applicant's laboratory is analyzed at the licensee's or
   applicant's laboratory;
2. Each proficiency testing sample is tested within the maxi-
   mum holding times allowed for its parameter, using the
   same procedures and techniques employed for routine
   sample testing, and calculating the holding time from the
   time the sample seal is broken or as indicated in the
   instructions accompanying the sample;
3. A proficiency testing service provides proficiency testing
   results directly to the Department;
4. If proficiency testing is provided by the Department, the
   licensee or applicant submits to the Department payment
   for the actual costs of the proficiency testing materials; and
5. If proficiency testing is not provided by the Department
   or the EPA, the licensee or applicant selects a proficiency
   testing service and contracts with and pays the pro-
   ficiency testing service directly for proficiency testing.

D. The Department may submit blind proficiency testing samples
to a licensed laboratory at any time during the license period.

Historical Note
Adopted effective December 20, 1991 (Supp. 91-4). For-
ter Section R9-14-609 renumbered to R9-14-610; new
Section R9-14-609 renumbered from R9-14-608 and amended
effective June 20, 1997 (Supp. 97-2). Former Section R9-
14-609 renumbered to R9-14-611; new Section R9-
14-609 renumbered to R9-14-607 and amended by final rule-
making at 7 A.A.R. 184, effective December 15, 2000 (Supp.
00-4). Amended by final rulemaking at 12 A.A.R. 4798, effec-
tive December 5, 2006 (Supp. 06-4). Amended by final rule-
making at 22 A.A.R. 2683, effective October 1, 2016 (Supp.
16-3).

R9-14-610. Approved Methods and References
A. A licensee or applicant shall ensure that compliance testing is
performed according to an approved method and may use
method alterations approved by the Department under subsec-
tion (C).
B. The approved methods listed by parameter in Tables 6.2.A
through 6.2.D are found in the following references, which are
incorporated by reference with the modifications described
below; are on file with the Department; include no future edi-
tions or amendments; and are available as provided below.

C. If an approved method is not available for a particular parameter, or a method or method alteration that is not an approved method is required or authorized to be used for a particular parameter by the EPA, ADEQ, the U.S. Food and Drug Administration, or 9 A.A.C. 8, the Department may approve an alternate method or method alteration by submitting to the Department:

1. For an alternate method or method alteration required or authorized by the EPA, ADEQ, the U.S. Food and Drug Administration, or 9 A.A.C. 8, the following information:
   a. The name, address, and telephone number of the laboratory for which approval of the alternate method or method alteration is requested;
   b. Identification of the parameter for which approval of the alternate method or method alteration is requested; and
   c. Written justification for using the alternate method or method alteration for which approval is requested, including the following:
      i. A detailed description of the alternate method or method alteration;
      ii. References to published or other studies confirming the general applicability of the alternate method or method alteration to the parameter for which its use is intended;
      iii. Reference to the EPA, ADEQ, U.S. Food and Drug Administration, or 9 A.A.C. 8 requirement to test the parameter; and
      iv. Data that demonstrate the performance of the alternate method or method alteration in terms of accuracy, precision, reliability, ruggedness, ease of use, and ability to achieve a detection limit appropriate for the proposed use of the alternate method or method alteration; and
   d. A detailed description of the alternate method or method alteration approved, including:
      i. The name, address, and telephone number of the laboratory for which approval of the alternate method or method alteration is requested;
      ii. Identification of the parameter for which approval of the alternate method or method alteration is requested; and
      iii. Written justification for using the alternate method or method alteration for which approval is requested, including the following:
         a. A detailed description of the alternate method or method alteration;
         b. Identification of the parameter for which approval of the alternate method or method alteration is requested; and
         c. Written justification for using the alternate method or method alteration for which approval is requested, including:
            i. A detailed description of the alternate method or method alteration;
            ii. References to published or other studies confirming the general applicability of the alternate method or method alteration to the parameter for which its use is intended;
            iii. Reference to the EPA, ADEQ, U.S. Food and Drug Administration, or 9 A.A.C. 8 requirement to test the parameter; and
   e. An alternate method or method alteration approval fee of $50, payable to the Arizona Department of Health Services, in the form of a certified check, business check, money order, or credit card payment.

D. Before approving an alternate method or method alteration that is not required or authorized by the EPA, ADEQ, the U.S. Food and Drug Administration, or 9 A.A.C. 8, the Department may require that the alternate method or method alteration be performed by a laboratory designated by the Department to verify that, using the parameter for which its use is intended, the alternate method or method alteration produces data that comply with subsection (C)(2)(d)(iv).

E. The Department may approve an alternate method or method alteration if the Department determines:

1. One of the following:
   a. Use of the alternate method or method alteration is required or authorized by the EPA, ADEQ, the U.S. Food and Drug Administration, or 9 A.A.C. 8.
   b. Use of the alternate method or method alteration is justified as described in subsection (C)(2)(d);
   c. If the alternate method or method alteration pertains to drinking water compliance testing, the EPA concurs that the alternate method or method alteration may be used.

F. The Department may rescind the approval of an alternate method or method alteration approved by the Department according to subsection (E), if, as applicable:

1. For an alternate method or method alteration approved under subsection (C)(1), the alternate method or method alteration is no longer required or authorized by the EPA, ADEQ, the U.S. Food and Drug Administration, or 9 A.A.C. 8;
2. For an alternate method or method alteration requested under subsection (C)(2), an approved method becomes available for the particular parameter.

Historical Note
Adopted effective December 20, 1991 (Supp. 91-4). Former Section R9-14-610 renumbered to R9-14-611; new Section R9-14-610 renumbered from R9-14-609 and amended effective June 20, 1997 (Supp. 97-2). Former Section R9-14-610 renumbered to R9-14-612; new Section R9-14-610 renumbered from R9-14-608 and amended by final rulemaking at 7 A.A.R. 184, effective December 15, 2000 (Supp. 00-4). 4798, effective December 5, 2006 (Supp. 06-4). Amended by final rulemaking at 22 A.A.R. 2683, effective October 1, 2016 (Supp. 16-3).

R9-14-611. Compliance Testing for Drinking Water Parameters
A. A licensee for a laboratory at which compliance testing for drinking water parameters is performed, including compliance testing performed according to 9 A.A.C. 8, Article 2, shall ensure that:
1. Except as provided in subsection (B), the laboratory is operated in compliance with the guidelines in Key References D4, D5, and D6, excluding the requirements for laboratory personnel education and experience;
2. Each sample for Arizona drinking water parameter compliance testing is analyzed:
   a. Using an approved method:
      i. Listed in Table 6.2.A; or
      ii. Approved by the Department for compliance testing for drinking water parameters under R9-14-610(E); and
   b. If the approved method is from Key Reference C, following the quality control guidelines in Key Reference C associated with the approved method; and
3. If the licensee requests approval to perform testing for vinyl chloride, the licensee also obtains approval to perform testing for each of the analytes listed in 40 CFR 141.61(a)(2)(21).
B. If an approved method does not include a specific quality control guideline, a licensee for a laboratory at which compliance testing for drinking water parameters is performed shall ensure that the laboratory is operated in compliance with the guidelines in Key References C4, D7, D9, D10, D11, D12, D13, or D14, as applicable.

Historical Note
Adopted effective December 20, 1991 (Supp. 91-4). Former Section R9-14-611 renumbered to R9-14-612; new Section R9-14-611 renumbered from R9-14-610 and amended effective June 20, 1997 (Supp. 97-2). Former Section R9-14-611 renumbered to R9-14-613; new Section R9-14-611 renumbered from R9-14-609 and amended by final rulemaking at 7 A.A.R. 184, effective December 15, 2000 (Supp. 00-4). Amended by final rulemaking at 12 A.A.R. 4798, effective December 5, 2006 (Supp. 06-4). Amended by final rulemaking at 22 A.A.R. 2683, effective October 1, 2016 (Supp. 16-3).

R9-14-612. Compliance Testing for Wastewater Parameters
A licensee for a laboratory at which compliance testing for wastewater parameters is performed shall ensure that:
1. The laboratory is operated in compliance with the guidelines in Key References C5 and C6; and
2. Each sample for Arizona wastewater parameter compliance testing is analyzed:
   a. Using an approved method:
      i. Listed in Table 6.2.B; or
      ii. Approved by the Department for wastewater parameter compliance testing under R9-14-610(E); and
   b. If the approved method is from Key Reference C, following the quality control guidelines in Key Reference C associated with the approved method.

Historical Note
Adopted effective December 20, 1991 (Supp. 91-4). Former Section R9-14-612 renumbered to R9-14-614; new Section R9-14-612 renumbered from R9-14-610 and amended effective June 20, 1997 (Supp. 97-2). Former Section R9-14-612 renumbered to R9-14-613; new Section R9-14-612 renumbered from R9-14-610 and amended by final rulemaking at 7 A.A.R. 184, effective December 15, 2000 (Supp. 00-4). Amended by final rulemaking at 12 A.A.R. 4798, effective December 5, 2006 (Supp. 06-4). Amended by final rulemaking at 22 A.A.R. 2683, effective October 1, 2016 (Supp. 16-3).

R9-14-613. Compliance Testing for Waste Parameters
A. A licensee for a laboratory at which compliance testing for waste parameters is performed shall ensure that each waste sample for Arizona compliance testing is analyzed using an approved method:
1. Listed in Table 6.2.C; or
2. Approved by the Department for waste compliance testing under R9-14-610(E).
B. A licensee for a laboratory at which compliance testing for waste parameters is performed using an 8000 series method from Key Reference F shall:
1. If the method includes specific quality control requirements, follow the specific quality control requirements in the method;
2. If the method does not include specific quality control requirements, follow all requirements in Key Reference F14; and
3. If the method does not include specific sample extraction procedures, follow the procedures in the following from Key Reference F, as applicable:
   a. Method 3500B;
   b. Method 3600C; or
   c. Method 5000.
C. A licensee for a laboratory at which compliance testing for waste parameters is performed using a non-8000 series method from Key Reference F shall comply with Chapters I through 8 of Update IV, February 2007, of Key Reference F, as applicable, according to the requirements of the specific method.

Historical Note
Adopted effective December 20, 1991 (Supp. 91-4). Former Section R9-14-613 renumbered to R9-14-614; new Section R9-14-613 renumbered from R9-14-610 and amended effective June 20, 1997 (Supp. 97-2). Former Section R9-14-613 renumbered to R9-14-615; new Section R9-14-613 renumbered from R9-14-610 and amended by final rulemaking at 7 A.A.R. 184, effective December 15, 2000 (Supp. 00-4). Amended by final rulemaking at 12 A.A.R. 4798, effective December 5, 2006 (Supp. 06-4). Amended by final rulemaking at 22 A.A.R. 2683, effective October 1, 2016 (Supp. 16-3).

R9-14-614. Compliance Testing for Air and Stack Parameters
A licensee for a laboratory at which compliance testing for air or stack parameters is performed shall ensure that each air or stack sample for Arizona compliance testing is analyzed using an approved method:
1. Listed in Table 6.2.D; or
2. Approved by the Department for compliance testing for air or stack parameters under R9-14-610(E).

Summary:

This regular rulemaking from the Arizona State Retirement System Board (ASRS) relates to rules in Title 2, Chapter 8. ASRS seeks to amend its rules relating to Domestic Relation Order (DRO) requirements. The ASRS is required to disburse benefits to alternate payees pursuant to acceptable. DROs on file with the ASRS. Specifically, this rulemaking will amend its transfer rules to clarify how and if a member may transfer service credit in or out of the ASRS if the member has a DRO on file. Additionally, the rulemaking will also amend its retirement rules to clarify how community property is split with regard to retirement benefits based on a DRO and how a former spouse may renounce a community property assertion with regard to retirement benefits.
The ASRS received an exception to the rule moratorium from the Governor’s Office on June 1, 2021, and final approval to submit to the Council on May 6, 2022.

1. **Are the rules legal, consistent with legislative intent, and within the agency’s statutory authority?**

   Yes, the ASRS cites to both general and specific statutory authority.

2. **Do the rules establish a new fee or contain a fee increase?**

   No, the rules do not establish a new fee or fee increase.

3. **Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?**

   No, the ASRS indicates they did not rely on any study.

4. **Summary of the agency’s economic impact analysis:**

   The Arizona State Retirement System (ASRS) is amending its rules relating to Domestic Relations Order (DRO) requirements. The ASRS is required to disburse benefits to alternate payees pursuant to acceptable DROs on file with the ASRS. In particular, the ASRS is amending its transfer rules to clarify:

   - how and if a member may transfer service credit in or out of the ASRS if the member has a DRO on file with the ASRS,
   - how community property is split with regard to retirement benefits based on a DRO and,
   - how a former spouse may renounce a community property assertion with regard to retirement benefits.

   The ASRS is also making clarifying changes to ensure its rules are consistent regarding DRO requirements. These rules will increase understandability of how the ASRS uses DROs, but the rules do not impose any additional requirements or burdens on members. Thus, there is little to no economic, small business, or consumer impact, other than the minimal cost to the ASRS to prepare the rule package. The rule will have minimal economic impact, if any, because it merely clarifies in further detail how ASRS uses DROs.
5. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The ASRS believes this is the least costly and least intrusive method because it will clarify how the ASRS processes DROs without imposing additional requirements on the public.

6. **What are the economic impacts on stakeholders?**

According to the ASRS, all members of the ASRS, as well as their beneficiaries and alternate payees, will be directly affected by, bear the costs of, and directly benefit from this rulemaking. The ASRS incurred the cost of the rulemaking. The ASRS currently has a total membership of approximately 627,975.

Members and alternate payees may be affected based on how a DRO may be submitted to the ASRS. This rule will provide direction to the public about how to submit an acceptable DRO. Such clarification will benefit members and alternate payees by increasing the readability of the rules and DRO requirements.

7. **Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?**

No, the ASRS did not make any changes to the rules between the Notice of Proposed Rulemaking and the Notice of Final Rulemaking.

8. **Does the agency adequately address the comments on the proposed rules and any supplemental proposals?**

Yes, the ASRS indicates they did not receive any comments.

9. **Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

No, the rules do not require the issuance of a general permit or license.

10. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

No, the ASRS indicates there are corresponding federal laws to the rules.

11. **Conclusion**

This regular rulemaking seeks to amend its rules relating to Domestic Relations Orders. The rules will increase understandability of how the ASRS uses DROs, and will not impose any additional requirements or burdens on members.
The ASRS is seeking the standard 60-day delayed effective date for this rulemaking. Council staff recommends approval of this rulemaking.
4/28/2022

Ms. Nicole Sornsin, Chair
The Governor's Regulatory Review Council
100 North 15th Avenue, Ste. 305
Phoenix, AZ 85007

Re: A.A.C. Title 2. Administration
Chapter 8. State Retirement System Board

Dear Ms. Sornsin:

The attached final rule package is submitted for review and approval by the Council. The following information is provided for Council's use in reviewing the rule package:

1. Close of record date: The rulemaking record was closed on April 25, 2022 following a period for public comment and an oral proceeding.

2. Relation of the rulemaking to a five-year-review report: This rulemaking does not relate to a Five-year Review Report.

3. New fee or fee increase: This rulemaking does not establish a new fee or increase an existing fee.

4. Immediate effective date: An immediate effective date is not requested pursuant to A.R.S. § 41-1032(A).

5. Certification regarding studies: I certify that the Board did not rely on any studies for this rulemaking.

6. Certification that the preparer of the EIS notified the JLBC of the number of new full-time employees necessary to implement and enforce the rule: I certify that the rules in this rulemaking will not require a state agency to employ a new full-time employee. No notification was provided to JLBC.

7. List of documents enclosed:
   a. Cover letter signed by the Board's Assistant Director;
   b. Notice of Final Rulemaking including the preamble, table of contents for the rulemaking, and rule text; and

Sincerely,

[Signature]
Jeremiah Scott
Assistant Director

            Phoenix, AZ 85012-0250  
   Telephone: (602) 240-2039  
   E-Mail: Ruleswriter@azasrs.gov

6. **An agency's justification and reason why a rule should be made, amended, repealed, or renumbered, to include an explanation about the rulemaking:**

   The ASRS needs to amend its rules relating to Domestic Relations Order (DRO) requirements. The ASRS is required to disburse benefits to alternate payees pursuant to acceptable DROs on file with the ASRS. In particular, the ASRS needs to amend its transfer rules to clarify how and if a member may transfer service credit in or out of the ASRS if the member has a DRO on file with the ASRS. The ASRS also needs to amend its retirement rules to clarify how community property is split with regard to retirement benefits based on a DRO and how a former spouse may renounce a community property assertion with regard to retirement benefits. Finally, the ASRS needs to make additional clarifying changes to ensure its rules are consistent regarding DRO requirements. These rules will increase understandability of how the ASRS uses DROs, but the rules do not impose any additional requirements or burdens on members.

7. **A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

   No study was reviewed.

8. **A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

   Not applicable.

9. **A summary of the economic, small business, and consumer impact:**

   The ASRS promulgates rules that allow the agency to provide for the proper administration of the state retirement trust fund. ASRS rules affect ASRS members and ASRS employers regarding how they contribute to, and receive benefits from, the ASRS. The ASRS effectively administers how public-sector employers and employees participate in the ASRS. As such, the ASRS does not issue permits or licenses, or charge fees, and its rules
have little to no economic impact on private-sector businesses, with the exception of some employer partner charter schools, which have voluntarily contracted to join the ASRS. Thus, there is little to no economic, small business, or consumer impact, other than the minimal cost to the ASRS to prepare the rule package. The rule will have minimal economic impact, if any, because it merely clarifies in further detail how ASRS uses DROs.

10. A description of any changes between the proposed rulemaking, including supplemental notices, and the final rulemaking:
None

11. An agency’s summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:
The ASRS received no written comments regarding the rulemaking. No one attended the oral proceedings on December 20, 2021 or April 25, 2022.

12. All agencies shall list any other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:
None.

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:
The rules do not require a permit.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:
There are no federal laws applicable to these rules.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:
No analysis was submitted.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:
No materials are incorporated by reference.
14. Whether the rule was previously made, amended, or repealed as an emergency rule. If so, cite the notice published in the *Register* as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:

Not applicable.

15. The full text of the rules follows:
TITLE 2. ADMINISTRATION
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD
ARTICLE 1. RETIREMENT SYSTEM

Section
R2-8-104. Definitions

R2-8-115. Return of Contributions Upon Termination of Membership by Separation from All ASRS Employment by Other Than Retirement or Death

R2-8-126. Retirement Application

R2-8-128. Joint and Survivor Retirement Benefit Options

R2-8-130. Rescind or Revert Retirement Election; Change of Contingent Annuitant

R2-8-131. Designating a Beneficiary; Spousal Consent to Beneficiary Designation

ARTICLE 8. RECOVERY OF OVERPAYMENTS

R2-8-801. Definitions

ARTICLE 11. TRANSFER OF SERVICE CREDIT

R2-8-1103. Transferring Service to Other Retirement Plans
ARTICLE 1. RETIREMENT SYSTEM

R2-8-104. Definitions

A. The definitions in A.R.S. § 38-711 apply to this Chapter.

B. Unless otherwise specified, in this Chapter:

1. “Actuarial assumption” means an estimate of an uncertain future event that affects pension liabilities, or assets, or both.

2. “Assumed actuarial investment earnings rate” means the assumed rate of investment return approved by the Board and contained in R2-8-118(A).

3. “Authorized employer representative” means an individual specified by the Employer to provide the ASRS with information about a member who previously worked for the ASRS employer.

4. “Contribution” means:
   a. Amounts required by A.R.S. Title 38, Chapter 5, Articles 2 and 2.1 to be paid to the ASRS by a member or an employer on behalf of a member;
   b. Any voluntary amounts paid to the ASRS pursuant to 2 A.A.C. 8, Article 5 by a member to be placed in the member’s account; and
   c. Amounts credited by transfer under 2 A.A.C. 8, Article 11.

5. “Day” means a calendar day, and excludes the:
   a. Day of the act or event from which a designated period of time begins to run; and
   b. Last day of the period if a Saturday, Sunday, or official state holiday.

6. “Designated beneficiary” means the same as in A.R.S. § 38-762(G) or another person designated as a beneficiary by law.

7. “Director” means the Director appointed by the Board as provided in A.R.S. § 38-715.
8. “Individual retirement account” or “IRA” means the types of eligible retirement plans specified in A.R.S. § 38-770(D)(3)(a) and (b).

9. “DRO” means a copy of an original domestic relations order specified in A.R.S. § 38-773(H)(1) that contains all of the following:

   a. The requirements of A.R.S. § 38-773(C);
   b. The date of the member and alternate payee’s marriage;
   c. The date of divorce or the date in which the community property interest ended;
   d. A court stamp indicating the domestic relations order is a true and correct copy of the original domestic relations order on file with the court;
   e. How the member’s ASRS benefits should be split in specific amounts for the following possible events;
      i. The member’s retirement;
      ii. Return of contributions and termination of membership according to R2-8-115; and
      iii. The death of the member prior to retirement;
   f. Whether the member may transfer all ASRS service credit to another retirement system;
   g. Whether the member is required to maintain the alternate payee as the member’s beneficiary;
   h. Whether the member may rescind their retirement option according to A.R.S. § 38-760; and
   i. The judge’s dated signature.
“Party” means the same as in A.R.S. § 41-1001(14).

“Person” means the same as in A.R.S. § 41-1001(15).

“Plan” means the same as “defined benefit plan” in A.R.S. § 38-712(B), and as administered by the ASRS.

“Retirement account” means the same as in A.R.S. § 38-771(J)(2).

“Rollover” means a contribution to the ASRS by an eligible member of an eligible rollover distribution from one or more of the retirement plans listed in A.R.S. § 38-747(H)(2) and (H)(3).

“Terminate employment” means to end the employment relationship between a member and an ASRS employer with the intent that the member does not return to employment with an ASRS employer.

“United States” means the same as in A.R.S. § 1-215(39).

R2-8-115. Return of Contributions Upon Termination of Membership by Separation from All ASRS Employment by Other Than Retirement or Death

A. The following definitions apply to this Section unless otherwise specified:

1. “DRO” means the same as “domestic relations order” in A.R.S. § 38-773(H)(1).

2. “Eligible retirement plan” means the same as in A.R.S. § 38-770(D)(3).

3. “Employer Number” means a unique identifier the ASRS assigns to a member employer.

4. “Employer plan” means the types of eligible retirement plans specified in A.R.S. § 38-770(D)(3)(c), (d), (e), and (f).

5. “LTD” Means the same as in R2-8-301.
6-5. “On File” means ASRS has received the information.

7-6. “Process date” means the calendar day the ASRS generates contribution withdrawal documents to be sent to a member.

8-7. “Warrant” means a voucher authorizing payment of funds due to a member.

B. A member who terminates from all ASRS employment by other than retirement or death and desires a return of the member’s contributions, including amounts received for the purchase of service, any employer contributions authorized under A.R.S. § 38-740, and interest on the contributions, shall request from the ASRS, in writing or verbally, the documents necessary to apply for the withdrawal of the member’s contributions.

C. Upon request to withdraw by the member, the ASRS shall provide:

1. An Application for Withdrawal of Contributions and Termination of Membership form to the member, and

2. An Ending Payroll Verification - Withdrawal of Contribution and Termination of Membership form to the employer, if ASRS has received contributions for the member within the six months immediately preceding the date the member submitted the request to ASRS.

D. The member shall complete and return to the ASRS the Application for Withdrawal of Contributions and Termination of Membership form that includes the following information:

1. The member’s full name;

2. The member’s Social Security number or U.S. Tax Identification number;

3. The member’s current mailing address, if not On File with ASRS;

4. The member’s birth date, if not On File with ASRS;

5. Notarized signature of the member certifying that the member:
a. Is no longer employed by any Employer;

b. Is neither under contract nor has any verbal or written agreement for future employment with an Employer;

c. Is not currently in a leave of absence status with an Employer;

d. Understands that each of the member’s former Employers will complete an ending payroll verification form if ASRS has received contributions for the member within the six months immediately preceding the date the member submitted the request to ASRS;

e. Understands that the member’s most recent Employer will complete an ending payroll verification form for the member if the member has reached the member’s required beginning date pursuant to A.R.S. § 38-775;

f. Has read and understands the Special Tax Notice Regarding Plan Payments the member received with the application and the member elects to waive the member’s 30-day waiting period to consider a roll over or a cash distribution;

g. Understands that the member is forfeiting all future retirement rights and privileges of membership with ASRS;

h. Understands that LTD benefits will be canceled if the member elects to withdraw contributions while receiving or electing to receive long-term disability benefits;

i. Understands that if the member elects to roll over all or any portion of the member’s distribution to another employer plan, it is the member’s responsibility to verify that the receiving employer plan will accept the rollover and, if applicable, agree to separately account for the pre-tax and post-tax amounts rolled over and the related subsequent earnings on the amounts;
j. Understands that if the member elects to roll over all or any portion of the member’s distribution to an individual retirement account, it is the member’s responsibility to separately account for pre-tax and post-tax amounts; and

k. Understands that if the member elects a rollover to another employer plan or individual retirement account, any portion of the distribution not designated for rollover will be paid directly to the member and any taxable amounts will be subject to applicable state and federal tax withholding;

l. Understands that the member is not considered terminated and cannot withdraw the member’s ASRS contribution if the member was called to active military service and is not currently performing services for an Employer;

m. Understands that any person who knowingly makes any false statement with an intent to defraud the ASRS is guilty of a Class 6 felony in accordance with A.R.S. § 38-793.

6. Specify that:
   a. The entire amount of the distribution be paid directly to the member,
   b. The entire amount of the distribution be rolled over to an eligible retirement plan, or
   c. An identified amount of the distribution be rolled over to an eligible retirement plan and the remaining amount be paid directly to the member; and

7. If the member selects all or a portion of the withdrawal be rolled over to an eligible retirement plan, specify;
   a. The type of eligible retirement plan; and
   b. The name and mailing address of the eligible retirement plan.

E. If ASRS has received contributions for the member within six months immediately preceding the date the member submitted the request to ASRS each Employer shall complete an Ending
Payroll Verification - Withdrawal of Contributions and Termination of Membership form electronically that includes the following information:

1. The member’s full name;

2. The member’s Social Security number or U.S. Tax Identification number;

3. The member’s termination date;

4. The member’s final pay period ending date;

5. The final amount of contributions, including any adjustments or corrections, but not including any long-term disability contributions;

6. The Employer’s name and telephone number;

7. The Employer Number;

8. The name and title of the authorized Employer representative;

9. Certification by the authorized Employer representative that:
   
   a. The member Terminated Employment and is neither under contract nor bound by any verbal or written agreement for employment with the Employer;
   
   b. There is no agreement to re-employ the member;
   
   c. Any person who knowingly makes any false statement or who falsifies any record of the retirement plan with an intent to defraud the plan, is guilty of a Class 6 felony according to A.R.S. § 38-793; and
   
   d. The authorized Employer representative certifies that they are the Employer user named on the Ending Payroll Verification - Withdrawal of Contributions and Termination of Membership form and their title and contact information is current and correct.
F. If the member has attained a required beginning distribution date as of the date the member submitted the request to ASRS, the most recent Employer shall complete an Ending Payroll Verification - Withdrawal of Contributions and Termination of Membership form electronically that includes the information contained in subsection (E).

G. If the member requests a return of contributions and a Warrant is distributed during the fiscal year that the member began membership in the ASRS, no interest is paid to the account of the member.

H. If the member requests a return of contributions after the first fiscal year of membership, the ASRS shall credit interest at the rate specified in Column 3 of the table in R2-8-118(A) to the account of the member as of June 30 of each year, on the basis of the balance in the account of the member as of the previous June 30. The ASRS shall credit interest for a partial fiscal year of membership in the ASRS on the previous June 30 balance based on the number of days of membership up to and including the day the ASRS issues the Warrant divided by the total number days in the fiscal year. Contributions made after the previous June 30 are returned without interest.

I. Upon submitting to the ASRS the completed and accurate Application for Withdrawal of Contributions and Termination of Membership form and, if applicable, after the ASRS has received any Ending Payroll Verification - Withdrawal of Contributions and Termination of Membership forms, a member is entitled to payment of the amount due to the member as specified in subsection (G) or (H) unless a present or former spouse submits to the ASRS a certified copy or original DRO that specifies entitlement to all or part of the return of contributions under A.R.S. § 38-773. ASRS has received a DRO before the ASRS returns the contributions as specified by the member.
J. A member may cancel an Application for Withdrawal of Contributions and Termination of Membership form at any time before the return of contributions is disbursed by submitting written notice to ASRS to cancel the request.

K. If an Application for Withdrawal of Contributions and Termination of Membership form is completed through the member’s secure ASRS account, the secure login and successful submission of the knowledge based answers shall serve as the member’s notarized signature required under subsection (D)(5).

R2-8-126. Retirement Application

A. For the purposes of this Section, the following definitions apply, unless stated otherwise:

1. “Acceptable documentation” means any written request containing all the accurate, required information, dates, and signatures necessary to process the request.

2. “Acceptable form” means any ASRS form request containing all the accurate, required information, dates, and signatures necessary to process the form request.

3. “Applicable retirement date” means the later of:
   a. The date a member retires from the ASRS for the first time; or
   b. The date a member re-retires from the ASRS after returning to active membership.

4. “Conservator” means the same as in A.R.S. § 14-7651.

5. “DRO” means the same as in R2-8-115.

7. “Legal documentation” means:
   a. One document issued from a United States government entity; or
b. Two documents issued from one or more federal, state, local, sovereign, medical, or religious institution.

8.7. “LTD” means the same as in R2-8-301.

9.8. “Irrevocable PDA” means the same as in R2-8-501.

10.9. “On File” means the same as in R2-8-115.

11.10. “Original retirement date” means the later of:
   a. The date a member retires from the ASRS for the first time; or
   b. The date a member re-retires from the ASRS after returning to active membership for 60 consecutive months or more according to A.R.S. § 38-766(C).

12. “Spouse” means the individual to whom a member is married under Arizona law.

13. “Straight life annuity” means the same as monthly life annuity according to A.R.S. § 38-757.

B. A member may retire from the ASRS by submitting a Retirement Application to the ASRS that contains the following information:

1. The member’s full name;

2. The member’s Social Security number or U.S. Tax Identification number;

3. The member’s marital status, if not On File with ASRS;

4. The member’s current mailing address; if not On File with ASRS;

5. The member’s date of birth, if not On File with ASRS;

6. A retirement date according to A.R.S. § 38-764(A);

7. The retirement option the member is electing;
8. If the member is electing to roll over a lump sum distribution amount to another retirement account, then:
   a. The type of account and account number, if applicable, to which the member is electing to roll over the lump sum distribution; and
   b. The name and address of the financial institution of the account to which the member is electing to roll over the lump sum distribution;

9. The following information for each primary beneficiary, unless the member is receiving a mandatory lump sum distribution under subsection (M):
   a. The beneficiary’s full name;
   b. The beneficiary’s Social Security number, if the beneficiary is a U.S. citizen;
   c. The beneficiary’s date of birth;
   d. The beneficiary’s relationship to the member; and
   e. The percent of benefit the beneficiary may receive upon death of the member, if the member is designating more than one beneficiary.

10. Whether the member is electing the Optional Health Insurance Premium Benefit;

11. The following spousal consent information, if the member is married and is electing a retirement option other than a Joint and Survivor Retirement Benefit Option with at least 50% of the retirement benefit designated to the member’s spouse:
   a. Whether the member’s spouse consents to the member making a beneficiary election that provides the member’s spouse with less than 50% of the member’s account balance;
   b. Whether the member’s spouse consents to the member electing a retirement option other than a Joint and Survivor Retirement Benefit Option;
c. The member’s spouse’s full name; and

d. The member’s spouse’s notarized signature;

12. Whether the member is electing to receive a partial lump sum distribution according to A.R.S. § 38-760 and if so:

a. How many months of annuity, up to 36 months, the member is electing to receive as a partial lump sum;

b. Whether the member is electing to directly receive the partial lump sum distribution reduced by applicable tax withholding amounts;

c. Whether the member is electing to roll over all or a portion of the partial lump sum distribution amount to one other retirement account; and

d. Whether the member is electing to use the partial lump sum distribution to purchase service credit with ASRS based on a service purchase request dated before January 6, 2013;

13. Acknowledgement of the following statements of understanding:

a. The member is aware of the member’s LTD stop-payment date and any disability benefits the member is receiving shall cease upon the retirement date the member elects according to subsection (B)(6);

b. The member understands that if an overpayment exists, ASRS shall collect the remaining overpayment amount according to 2 A.A.C. 8, Article 8 and all repayment plans previously established with ASRS LTD claims administrator shall cease;

c. The member understands that if the member is submitting written notice of a changed retirement date, benefit option, or partial lump sum increment selection, ASRS shall distribute the member’s benefit as of the later of:
i. The date ASRS receives the most recent Acceptable Documentation; or
ii. The retirement date contained in the most recent Acceptable Documentation.

d. The member has received the Special Tax Notice Regarding Plan Payments;
e. The member has received the Return to Work information and will comply with the laws and rules governing the member’s return to work;
f. The member authorizes ASRS and the banking institution identified in subsection (W) to debit the member’s account for the purposes of correcting errors and returning any payments inadvertently made after the member’s death;
g. The member understands that the member may have a one-time option to rescind a Joint and Survivor Retirement Benefit Option or a Period Certain and Life Annuity Retirement Benefit Option according to R2-8-130;
h. The member understands that any person who knowingly makes any false statement with the intent to defraud ASRS is guilty of a Class 6 felony in accordance with A.R.S. § 38-793; and
i. The member acknowledges that the member has complied with A.R.S. §§ 38-755 and 38-776 regarding spousal consent; and

14. The member’s notarized signature.

C. If a Retirement Application is completed through the member’s secure ASRS account, the member’s notarized signature is not required under subsection (B)(14).

D. If the retirement date the member elects according to subsection (B)(6) is not allowed, the ASRS shall change the retirement date to the earliest eligible date according to A.R.S. 38-764(A), unless the member is not eligible to retire.
E. A member who elects to roll over all or a portion of the partial lump sum distribution amount according to subsection (B)(12)(c), shall submit the following written information to the ASRS:

1. The type of account and account number to which the member is electing to roll over;
2. The name and address of the financial institution of the account to which the member is electing to roll over; and
3. If the member is electing to roll over a portion of the partial lump sum distribution, then the amount the member is electing to roll over.

F. If the member elects to roll over all or a portion of their lump sum or partial lump sum distribution, the ASRS shall only roll over the distribution to one retirement account.

G. Any portion of the partial lump sum distribution that is not rolled over to another retirement account according to subsection (B) shall be distributed directly to the member.

H. If the member elects to use the partial lump sum distribution to purchase service credit according to subsection (B)(12)(d) the member shall submit the following written information to the ASRS:

1. The number of the service purchase invoice;
2. Whether the member is electing to apply the partial lump sum distribution to all eligible service on that invoice;
3. If the member is not electing to apply the partial lump sum distribution to all eligible service on that invoice, then:
   a. The amount of the partial lump sum distribution to be applied to that invoice; or
   b. The number of years on that invoice the member is electing to purchase with the partial lump sum distribution;
4. If the member is electing to make a payment on that service purchase invoice with after-tax payments, a rollover, or termination pay according to A.R.S. § 38-747;

5. Whether the member is electing to authorize the ASRS to increase the number of months of annuity, not to exceed 36 months, to purchase the eligible service on that service purchase invoice, if the member elected an insufficient number of months of annuity to receive as a partial lump sum according to subsection (G) to complete the service purchase invoice;

6. If the member does not have eligible service to purchase on that invoice, whether the member is electing to cancel the member’s election to receive a partial lump sum distribution.

**I.** A member who elects to receive a partial lump sum distribution shall receive an actuarially reduced annuity retirement benefit according to A.R.S. § 38-760.

**J.** ASRS shall disburse any partial lump sum amount that is not applied to a service purchase invoice according to subsection (G) directly to the member after withholding applicable taxes.

**K.** After submitting a Retirement Application according to subsection (B), a member may make changes to the member’s Retirement Application by submitting written notice to the ASRS of the specific changes according to A.R.S. § 38-764(H).

**L.** If ASRS has received contributions for the member within the three years immediately preceding the member’s retirement date, the ASRS shall send a New Retirement Ending Payroll Verification form to the Employer. If ASRS has received contributions for the member within the six months immediately preceding the member’s retirement date and the
member shall receive a one-time lump sum payment according to subsection (P), the ASRS shall send a New Retirement Ending Payroll Verification form to the Employer.

M. If the member has reached the age for minimum required distribution according to A.R.S. § 38-775(H)(4), the ASRS shall send a New Retirement Ending Payroll Verification form to the member’s most recent Employer.

N. The Employer shall submit the completed New Retirement Ending Payroll Verification form to ASRS with the following information:

1. The member’s Termination date or last day of ASRS membership with that Employer, if applicable;
2. The member’s total salary paid during their last fiscal year;
3. The member’s compensation for the last pay period;
4. The name and title of the authorized Employer representative;
5. Certification by the authorized Employer representative that:
   a. Any person who knowingly makes any false statement or who falsifies any record of the retirement plan with an intent to defraud the plan, is guilty of a Class 6 felony according to A.R.S. § 38-793; and
   b. The authorized Employer representative certifies that they are the Employer user named on the New Retirement Ending Payroll Verification form and their title and contact information is current and correct.

O. The ASRS shall cancel a member’s Retirement Application if ASRS does not receive all forms and information required under this Section within six months immediately after the member’s retirement date.
P. As authorized under A.R.S. § 38-764(F), if a member’s Straight Life Annuity, after any applicable early retirement reduction factor, is less than a monthly amount of $100, the ASRS shall not pay the annuity. Instead, the ASRS shall make a one-time mandatory lump sum payment in the amount determined by using appropriate actuarial assumptions.

Q. For purposes of calculating a member’s retirement benefit according to A.R.S. §§ 38-758 and 38-759, ASRS shall calculate age to the nearest day as of the member’s retirement date.

R. Based on the retirement option the member elects according to A.R.S. § 38-760, the ASRS shall calculate a member’s actuarially reduced benefits, based on the attained age of the member, and if necessary, the attained age of the contingent annuitant as of the date of the member’s retirement as follows:

1. For a partial lump sum retirement benefit option, ASRS shall calculate age to the nearest day as of the member’s retirement date;

2. For a Joint and Survivor Retirement Benefit Option, ASRS shall calculate age to the nearest day as of the member’s retirement date; and

3. For a mandatory lump sum payment according to subsection (O) or a Period Certain and Life Annuity Retirement Benefit Option, ASRS shall calculate age to the nearest full month in addition to calculating age according to subsection (P) as necessary.

S. If the ASRS is unable to verify the age of the member or a contingent annuitant, the member or contingent annuitant shall provide Legal Documentation showing the member’s or contingent annuitant’s age.

T. If a member does not retire by the date minimum distribution payments are required according to A.R.S. §§ 38-759 and 38-775, the required minimum distribution payments will
accrue interest at the Assumed Actuarial Investment Earnings Rate specified in R2-8-118(A) and in effect on the date the required minimum distribution payments should have begun.

U. The ASRS shall distribute any required minimum distribution payments with interest according to subsection (T) with the member’s first finalized benefits payment.

V. If a member submits a retirement application after the member’s minimum required distribution date, the ASRS shall determine that the member’s Applicable Retirement Date is the date the required minimum distribution payments should have begun.

W. Notwithstanding any other Section, an inactive member who does not have contributions related to compensation is not eligible for retirement.

X. The ASRS shall issue a debit benefit card, if the annuitant does not provide the following direct deposit information through the annuitant’s secure ASRS account or by a notarized Direct Deposit form:
   1. The member’s full name;
   2. The member’s bank account routing number;
   3. The member’s bank account number; and
   4. The type of the account.

Y. The ASRS shall disburse benefits payments according to subsection (R), only retroactive to the later date specified in A.R.S. § 38-759(B).

Z. ASRS shall not issue additional estimate checks to a member whose retirement is canceled.

R2-8-128. Joint and Survivor Retirement Benefit Options

A. The definitions in R2-8-126 apply to this Section.
B. A member who is ten years and one day, or more, older than the member’s non-spouse contingent annuitant is not eligible to elect a 100% Joint and Survivor Retirement Benefit Option.

C. A member who is 24 years and one day, or more, older than the member’s non-spouse contingent annuitant is not eligible to elect a 66 2/3% Joint and Survivor Retirement Benefit Option.

D. For members whose Original Retirement Date is on or after March 6, 2016, notwithstanding subsection (B), a member who is ten years and one day, or more, older than the member’s ex-spouse contingent annuitant is eligible to participate in a 100% Joint and Survivor Retirement Benefit Option, if:
   1. The member elected the ex-spouse as the contingent annuitant prior to divorce from the ex-spouse; and
   2. The member submits an original or certified copy of a DRO to ASRS which requires the ex-spouse to remain as the contingent annuitant on the member’s account.

E. For members whose Original Retirement Date is on or after March 6, 2016, notwithstanding subsection (C), a member who is 24 years and one day, or more, older than the member’s ex-spouse contingent annuitant is eligible to participate in a 66 2/3% Joint and Survivor Retirement Benefit Option, if:
   1. The member elected the ex-spouse as the contingent annuitant prior to divorce from the ex-spouse; and
   2. The member submits an original or certified copy of a DRO to the ASRS which requires the ex-spouse to remain as the contingent annuitant on the member’s account.
F. Notwithstanding any other Section, for purposes of determining whether a member is eligible to participate in a Joint and Survivor Retirement Benefit Option, the ASRS shall calculate the difference in a member’s age and the contingent annuitant’s age based on the birthdates of the member and the contingent annuitant. For purposes of this Section, a contingent annuitant must be a living person.

R2-8-130. Rescind or Revert Retirement Election; Change of Contingent Annuitant

A. The definitions in R2-8-126 apply to this Section.

B. According to A.R.S. § 38-760(B)(2), for a member whose Original Retirement Date is after August 9, 2001, upon the expiration of a member’s period certain term the ASRS shall rescind the member’s election and the ASRS shall provide the member a Straight Life Annuity retirement benefit subject to any retirement reductions applicable at the member’s Original Retirement Date.

C. According to A.R.S. § 38-760(B)(2), a member whose Original Retirement Date is after August 9, 2001 and before July 1, 2008 and who elected a Period Certain and Life Annuity Retirement Benefit Option, may rescind the election and elect to receive a Straight Life Annuity retirement benefit prior to the expiration of the member’s period certain term.

D. According to A.R.S. § 38-760(B)(1), a member whose Original Retirement Date is before July 1, 2008 and who elected a Joint and Survivor Retirement Benefit Option may rescind the election and elect to receive a Straight Life Annuity retirement benefit prior to the member’s death.

E. A member whose Original Retirement Date is on or after July 1, 2008 and who elected a Period Certain and Life Annuity Retirement Benefit Option may exercise a one-time election
to rescind the election and elect to receive a Straight Life Annuity retirement benefit prior to the expiration of the member’s period certain term if the member provides proof to ASRS of the death of the primary beneficiary or an original or certified copy of a DRO showing that the primary beneficiary has ceased to be a primary beneficiary.

**F.** A member whose Original Retirement Date is on or after July 1, 2008 and who elected a Joint and Survivor Retirement Benefit Option may exercise a one-time election to rescind the election and elect to receive a Straight Life Annuity retirement benefit prior to the death of the member if the member provides proof to ASRS of the death of the contingent annuitant or an original or certified copy of a DRO showing that the contingent annuitant has ceased to be a contingent annuitant.

**G.** A member who elected to rescind a Period Certain and Life Annuity Retirement Benefit Option according to subsection (C) may elect to revert to the Period Certain and Life Annuity Retirement Benefit Option by submitting an Application to Rescind, Revert or Change Contingent Annuitant as specified in subsection (M).

**H.** A member who elected to rescind a Joint and Survivor Retirement Benefit Option according to subsection (D) may elect to revert to the Joint and Survivor Retirement Benefit Option by submitting an Application to Rescind, Revert or Change Contingent Annuitant as specified in subsection (M).

**I.** A member may only revert to the same Period Certain and Life Annuity Retirement Benefit Option the member rescinded according to subsection (C) prior to the expiration of the period certain term the member elected at the member’s most recent retirement.
J. A member who rescinds their election according to subsections (E) or (F) is not eligible to revert to a Period Certain and Life Annuity Retirement Benefit Option or a Joint and Survivor Retirement Benefit Option.

K. Notwithstanding any other provision, the time period of a Period Certain and Life Annuity Retirement Benefit Option shall be continuous from the member’s retirement date until the term expires regardless of whether the member rescinds or reverts to another retirement option.

L. A member who wants to rescind or revert a retirement election according to subsections (C) through (H) shall ensure ASRS receives an Application to Rescind, Revert or Change Contingent Annuitant at least one day prior to the member’s death.

M. In order to rescind, revert, or change a contingent annuitant, the member shall submit an Application to Rescind, Revert or Change Contingent Annuitant with the following information:

1. The member’s full name;
2. The member’s Social Security number or U.S. Tax Identification number;
3. The member’s marital status, if not On File with ASRS;
4. Whether the member is electing to rescind, revert, or change a contingent annuitant;
5. The member’s notarized signature acknowledging the following statements of understanding:
   a. For rescinding a retirement election:
      i. By this action, and the member’s signature, the member is aware that the member’s designated beneficiary or contingent annuitant will not continue with monthly benefits after the member’s death;
ii. The member is aware that a certified copy of the member’s designated beneficiary’s or contingent annuitant’s death certificate or an original or certified copy of a DRO is required if the member retired or re-retired on or after July 1, 2008;

iii. At the time of the member’s death, if the ASRS has not disbursed the total employee contributions on the member’s account, plus interest at the Assumed Actuarial Investment Earnings Rate specified in R2-8-118(A) through the month prior to the member’s retirement date, the balance will be payable in a lump sum to the beneficiary named on the member’s most recent Acceptable Form.

b. For changing a contingent annuitant or beneficiary:

i. For a Joint and Survivor Retirement Benefit Option, by this action, and the member’s signature, the contingent annuitant named on the member’s most recent Acceptable Form will receive the previously elected percentage amount of the member’s monthly benefit for their lifetime following the member’s death;

ii. For a Joint and Survivor Retirement Benefit Option, the member is aware that a copy of the contingent annuitant’s Legal Documentation is required and the member’s benefit will be recalculated based on the member’s age and the age of the member’s new contingent annuitant as of the effective date of the member’s request according to this Section;

iii. For a Joint and Survivor Retirement Benefit Option, the member is in compliance with the age difference limitations in R2-8-128; and
iv. For a Period Certain and Life Annuity Retirement Benefit Option, by this action, and the member’s signature, the beneficiary named on the member’s most recent Acceptable Form will receive the remaining term of monthly payments.

c. For reverting to a previously elected retirement benefit option according to A.R.S. § 38-760:

i. For a Joint and Survivor Retirement Benefit Option, by this action, and the member’s signature, the contingent annuitant named the member’s most recent Acceptable Form will receive the previously elected percentage amount of the member’s monthly benefit for their lifetime following the member’s death;

ii. For a Joint and Survivor Retirement Benefit Option, the member is aware that a copy of Legal Documentation showing the contingent annuitant’s date of birth is required and the member’s benefit will be recalculated based on the member’s age and the age of the member’s contingent annuitant as of the effective date of the member’s request according to this Section;

iii. For a Joint and Survivor Retirement Benefit Option, the member is in compliance with the age difference limitations in R2-8-128; and

iv. For a Period Certain and Life Annuity Retirement Benefit Option, by this action, and the member’s signature, the beneficiary named on the member’s most recent Acceptable Form will receive the remaining term of monthly payments.

6. If the member is electing to change a contingent annuitant, the following information for the new contingent annuitant:

a. Full name;

b. Social Security number, if the contingent annuitant is a U.S. citizen;
c. Date of birth; and
d. Legal relationship to the member.

7. If the member is married, whether the member’s spouse consents to the following with the spouse’s notarized signature:
   a. The member making a beneficiary designation that provides the member’s spouse with less than 50% of the member’s account balance;
   b. The member electing a retirement option other than a Joint and Survivor Retirement Benefit Option; or
   c. The member changing or ending the spouse’s contingent annuitant status.

8. Whether the spouse’s consent is not required because:
   a. The spouse predeceased the member and if so, provide a copy of the spouse’s death certificate; or
   b. The member is divorced and if so, provide an original or certified copy of a DRO.

N. If the ASRS is unable to verify the age of the member or a contingent annuitant, the member or contingent annuitant shall provide Legal Documentation showing the member’s or contingent annuitant’s age.

O. The effective date of the member’s request according to this Section is the date on which ASRS receives the Application to Rescind, Revert or Change Contingent Annuitant.

P. According to A.R.S. § 38-760(B)(2), a member whose Original Retirement Date is on or after July 1, 2008 and who elects a Period Certain and Life Annuity Retirement Benefit Option, may rescind the election according to subsection (E) and elect to receive a Straight Life Annuity prior to the expiration of the member’s period certain term if one or more of the
member’s primary beneficiaries dies or ceases to be a beneficiary according to the terms of an original or certified copy of a DRO.

Q. The ASRS shall cancel a member’s Application to Rescind, Revert, or Change Contingent Annuitant if ASRS does not receive all forms and information required under this Section within six months immediately after the ASRS receives the application.

R2-8-131. Designating a Beneficiary; Spousal Consent to Beneficiary Designation

A. The definitions in R2-8-126 apply to this Section.

B. In order to designate a beneficiary, a member shall submit an Acceptable Form containing the following information:

1. The Member’s full name and one or more of the following information:
   a. The Member’s Social Security number or U.S. Tax Identification number; or
   b. The Member’s address; or
   c. The Member’s date of birth;

2. The following information for the beneficiary:
   a. The full name of the person or entity the member is designating as beneficiary;
   b. Whether the beneficiary is being designated as primary or secondary beneficiary;
   c. The percentage of the benefit the member is allocating to the beneficiary; and

3. The member’s notarized signature.

C. If a change in a designated beneficiary is completed through the member’s secure ASRS account, the member’s notarized signature is not required under subsection (B)(3).

D. If a member submits an Acceptable Form designating a beneficiary without indicating the percentage of the benefit the member is allocating to the beneficiary, the ASRS shall determine that each beneficiary is designated to receive an equal amount of the benefit.
E. Effective July 1, 2013, a married member:

1. Who is not retired shall name and maintain the member’s current spouse as primary beneficiary of at least 50% of the member’s retirement account unless:
   a. Naming or maintaining the current spouse as beneficiary violates another law, existing contract, or court order; or
   b. The spouse consents to an alternate beneficiary;

2. Who retires shall choose a Joint and Survivor Retirement Benefit Option and name the member’s current spouse as contingent annuitant unless:
   a. Naming or maintaining the current spouse as contingent annuitant violates another law, existing contract, or court order; or
   b. The spouse consents to an alternate contingent annuitant; or
   c. The spouse consents to an alternate annuity option under A.R.S. §§ 38-757 or 38-760.

F. The ASRS shall honor a beneficiary designation last made or a retirement election submitted before July 1, 2013, even if the beneficiary designation or retirement election fails to comply with subsection (E).

G. Subsection (E) does not apply to a member who is receiving a mandatory lump sum distribution according to A.R.S. § 38-764.

H. Subsection (E) does not apply to a member who submits a Spousal Consent Exception form that contains the member’s notarized signature to the ASRS affirming under penalty of perjury that the member’s spouse’s consent is not required because of one of the reasons specified in A.R.S. § 38-776(C).

I. In order to change a beneficiary designation, a member shall submit the information contained in subsection (B) and:
1. A married member who changes a beneficiary designation on or after July 1, 2013, shall ensure the new beneficiary designation is consistent with subsection (E); or

2. A married member who retired before July 1, 2013, and who wishes to change the contingent annuitant or beneficiary, shall ensure that the new designation is consistent with subsection (E).

J. A married member who re-retires according to A.R.S. § 38-766:

1. Within less than 60 consecutive months of active membership from the member’s previous retirement date, is not eligible to elect a different annuity option or different beneficiary than the member elected at the time of the previous retirement; or

2. At least 60 consecutive months of active membership after the member’s previous retirement date, may elect a different annuity option and different beneficiary than the member elected at the time of the previous retirement, and the election shall comply with subsection (E).

K. If a married member submits a retirement application that fails to comply with subsection (E), the member shall submit a new retirement application or written notice of new retirement elections that comply with subsection (E) within six months of the member’s Original Retirement Date. The member’s new Original Retirement Date is the date ASRS receives the new application or written notice unless the member elects a later date according to A.R.S. § 38-764.

L. If a married member made a beneficiary designation on or after July 1, 2013 that is not consistent with the requirements specified in subsection (E), the ASRS shall, at the time of the member’s death:

1. Notify both the spouse and designated beneficiary and:
a. Provide the spouse with an opportunity to waive the right under subsection (E); and
b. Provide the designated beneficiary with an opportunity to provide documentation that
revokes the spouse’s right under subsection (E); and

2. Designate 50% of the member’s retirement benefit to the spouse if neither the spouse nor
designated beneficiary respond to notification according to subsection (L)(1) within 30
days after notification.

M. If a married member designated a beneficiary before July 1, 2013 that does not comply with
subsection (E), upon the death of the member, the member’s spouse may submit written
notice to the ASRS prior to disbursement of the member’s account with the following
information:

1. The member’s full name;
2. The member’s Social Security number or U.S. Tax Identification number;
3. The spouse’s assertion to the spouse’s right to community property;
4. An original or copy of the marriage certificate; and
5. An original or certified copy of the member’s death certificate.

N. If a spouse submits written notice according to subsection (M), the ASRS shall designate the
spouse as beneficiary of a percentage of the member’s account according to A.R.S. §§ 25-
211 and 25-214 and notify the member’s designated beneficiary of the spouse’s assertion.

O. The ASRS shall determine a spouse’s percentage of the member’s account according to
subsection (L) based on the amount of service credit the member acquired during the
marriage divided by the total amount of service credit the member acquired, multiplied by
50%.
P. If a beneficiary is notified of a spouse’s assertion according to subsection (N), then before ASRS disburses a survivor benefit, the beneficiary may notify ASRS of the beneficiary’s intent to appeal the spouse’s right to a survivor benefit.

Q. Within 30 days, a beneficiary who has notified ASRS of the beneficiary’s intent to appeal a survivor benefit disbursement according to subsection (P), shall submit an appeal to ASRS according to 2 A.A.C. 8, Article 4.

R. An original or certified copy of a DRO may supersede the requirements in subsection (B).

S. To consent to an alternative retirement benefit option or beneficiary designation, a member’s spouse shall complete and have notarized a Spousal Consent form containing the following information:

1. Member’s full name;

2. Member’s Social Security number or U.S. Tax Identification number;

3. Whether the member’s spouse is consenting to one or more of the following:
   a. The member making a beneficiary designation that provides the spouse with less than 50% of the member’s account balance;
   b. The member electing a retirement option other than a Joint and Survivor Retirement Benefit Option;
   c. The member naming a contingent annuitant other than the spouse; and
   d. The spouse’s notarized signature.

T. A member’s spouse may revoke the spouse’s consent to an alternative retirement benefit option or beneficiary designation by sending written notice to ASRS with the following information:

1. The member’s full name
2. The member’s Social Security number or U.S. Tax Identification number;
3. The spouse’s full name;
4. The spouse’s dated signature indicating the spouse is revoking all previous Spousal Consent forms.

U. A spouse who is revoking a Spousal Consent form shall ensure the written notice is received no later than the earlier of one day before the member dies or ASRS disburses a retirement benefit to the member.

ARTICLE 8. RECOVERY OF OVERPAYMENTS

R2-8-801. Definitions

For purposes of this article, the following definitions apply, unless specified otherwise:

1. “DRO” means the same as in R2-8-120.

2-1. “Estimated Social Security disability income amount” and “Revised Social Security disability income amount” mean the amount of funds the ASRS is entitled to collect pursuant to R2-8-802.

3-2. “LTD” means long-term disability program as described in A.R.S. § 38-797 et seq.

4-3. “LTD benefit” means the same as in R2-8-301

5-4. “Overpayment” means:

   a. Any funds the ASRS distributes in excess of the amount to which the recipient is legally entitled; and

   b. Any estimated social security disability income amount or revised social security disability income amount the ASRS is entitled to collect pursuant to A.R.S. § 38-765.
ARTICLE 11. TRANSFER OF SERVICE CREDIT

R2-8-1103. Transferring Service to Other Retirement Plans

A. Upon receipt of a request to transfer a member’s service credit from the ASRS to the Other Retirement Plan, the ASRS shall calculate:

1. The ASRS Funded Actuarial Present Value pursuant to A.R.S. §§ 38-730 and 38-922;

and

2. The Member’s Accumulated Contribution Account Balance in the ASRS.

B. Upon completing the calculations specified in subsection (A), the ASRS shall submit the calculations and member information to the Other Retirement Plan with a due date for the Other Retirement Plan to submit a fund request to the ASRS pursuant to subsection (C).

C. If a member elects to transfer service credit to the Other Retirement Plan, the member shall ensure that the Other Retirement Plan submits a fund request on the Other Retirement Plan’s letterhead by the due date specified in subsection (B) to the ASRS with the following information:

1. The member’s full name;

2. The last four digits of the member’s Social Security number;

3. The name of the Other Retirement Plan; and

4. The Actuarial Present Value necessary to transfer full service credit to the Other Retirement Plan.

D. Upon receipt of the information specified in subsection (C), the ASRS shall compare the calculations specified in subsection (A) to the Other Retirement Plan’s Actuarial Present Value specified in subsection (C) and transfer funds as follows:
1. If the Other Retirement Plan’s Actuarial Present Value specified in subsection (C) is greater than the ASRS Funded Actuarial Present Value specified in subsection (A), then the ASRS shall transfer the greater of:
   a. The ASRS Funded Actuarial Present Value specified in subsection (A); or
   b. The Member’s Accumulated Contribution Account Balance in the ASRS.

2. If the Other Retirement Plan’s Actuarial Present Value specified in subsection (C) is less than or equal to the ASRS Funded Actuarial Present Value, then the ASRS shall transfer the greater of:
   a. The Other Retirement Plan’s Actuarial Present Value specified in subsection (C); or
   b. The Member’s Accumulated Contribution Account Balance in the ASRS.

E. Transferring service credit to the Other Retirement Plan pursuant to this Section constitutes a withdrawal from ASRS membership and results in a forfeiture of all other benefits under ASRS.

F. Notwithstanding subsection (E), pursuant to A.R.S. § 38-750, a transferred employee who continues an Irrevocable PDA after transferring service credit to the Other Retirement Plan may be eligible to:

1. Transfer service credit associated with the remaining balance of the Irrevocable PDA for which the transferred employee paid for the purchase of service credit plus interest at the Assumed Actuarial Investment Earnings Rate pursuant to A.R.S. § 38-922, not including any administrative interest charge the transferred employee paid pursuant to an Irrevocable PDA; or

2. Receive a return of contributions plus interest as specified in R2-8-118(A), column 3, pursuant to A.R.S. § 38-740.
G. If the ASRS has a DRO on file for a member, the ASRS shall not transfer a member’s service credit from the ASRS to the Other Retirement Plan unless the DRO indicates whether the member may transfer all ASRS service credit to the Other Retirement Plan.

H. Notwithstanding subsection (G), if the ASRS has a DRO on file for a member that does not indicate whether the member may transfer all ASRS service credit to the Other Retirement Plan, the ASRS shall not transfer a member’s service credit from the ASRS to the Other Retirement Plan unless the alternate payee submits written acceptance of the transfer with the alternate payee’s notarized signature.
1. Identification of the rulemaking:

The ASRS needs to amend its rules relating to Domestic Relations Order (DRO) requirements. The ASRS is required to disburse benefits to alternate payees pursuant to acceptable DROs on file with the ASRS. In particular, the ASRS needs to amend its transfer rules to clarify how and if a member may transfer service credit in or out of the ASRS if the member has a DRO on file with the ASRS. The ASRS also needs to amend its retirement rules to clarify how community property is split with regard to retirement benefits based on a DRO and how a former spouse may renounce a community property assertion with regard to retirement benefits. Finally, the ASRS needs to make additional clarifying changes to ensure its rules are consistent regarding DRO requirements. These rules will increase understandability of how the ASRS uses DROs, but the rules do not impose any additional requirements or burdens on members.

a. The conduct and its frequency of occurrence that the rule is designed to change:

Each year, the ASRS processes approximately 1,200 DROs. With the changes completed in this rulemaking, the processes for submitting an acceptable DRO, will be clearer and more effective. Ultimately, the rules will clarify how a member may submit a DRO.

b. The harm resulting from the conduct the rule is designed to change and the likelihood it will continue to occur if the rule is not changed:

If adequate data are not reasonably available, the agency shall explain the limitations of the data, the methods used in an attempt to obtain the data, and characterize the probable impacts in qualitative terms. (A.R.S. § 41-1055(C)).
This rulemaking will ensure that members are aware of how to submit an acceptable DRO which will reduce mistakes on DROs and increase efficiency in processing DROs. Implementing clear and concise language will ensure members understand how the ASRS will process such requests. This rulemaking will ensure the ASRS is consistent with Arizona statutes.

c. The estimated change in frequency of the targeted conduct expected from the rule change:

Arizona statutes require the ASRS to review DROs to determine whether they meet statutory requirements related to retirement benefits. This rulemaking simply clarifies those statutory requirements. As discussed above and below, this rulemaking will increase the clarity of submitting an acceptable DRO, which will incorporate consistent language and reduce confusion.

2. A brief summary of the information included in the economic, small business, and consumer impact statement:

The ASRS promulgates rules that allow the agency to provide for the proper administration of the state retirement trust fund. ASRS rules affect ASRS members and ASRS employers regarding how they contribute to, and receive benefits from, the ASRS. The ASRS effectively administrates how public-sector employers and employees participate in the ASRS. As such, the ASRS does not issue permits or licenses, or charge fees, and its rules have little to no economic impact on private-sector businesses, with the exception of some employer partner charter schools, which have voluntarily contracted to join the ASRS. Thus, there is little to no economic, small business, or consumer impact, other than the minimal cost to the ASRS to prepare the rule package. The rule will have minimal economic impact, if any, because it merely clarifies in further detail how ASRS uses DROs.

3. The person to contact to submit or request additional data on the information included in the economic, small business, and consumer impact statement:

Name: Jessica A.R. Thomas, Rules Writer
4. **Persons who will be directly affected by, bear the costs of, or directly benefit from the rulemaking:**

In general, all members of the ASRS, as well as their beneficiaries and alternate payees, will be directly affected by, bear the costs of, and directly benefit from this rulemaking. The ASRS incurred the cost of the rulemaking. The ASRS currently has a total membership of approximately 627,975.

Specifically, members and alternate payees may be affected based on how a DRO may be submitted to the ASRS. This rule will provide direction to the public about how to submit an acceptable DRO. Such clarification will benefit members and alternate payees by increasing the readability of the rules and DRO requirements.

5. **Cost-benefit analysis:**

   a. **Costs and benefits to state agencies directly affected by the rulemaking**
      
      including the number of new full-time employees at the implementing agency required to implement and enforce the proposed rule:

      This rulemaking does not directly affect state agencies and the ASRS has determined that no new full-time employees will be required to implement and enforce the rules.

   b. **Costs and benefits to political subdivisions directly affected by the rulemaking:**

      This rulemaking does not provide any benefits or impose any costs on political subdivisions.

   c. **Costs and benefits to businesses directly affected by the rulemaking:**

      No businesses are directly affected by the rulemaking.
6. **Impact on private and public employment:**
   The rulemaking will have no impact on private or public employment.

7. **Impact on small businesses:2**
   a. **Identification of the small business subject to the rulemaking:**
      No businesses, regardless of size, are subject to the rulemaking.
   
   b. **Administrative and other costs required for compliance with the rulemaking:**
      Not applicable.
   
   c. **Description of methods that may be used to reduce the impact on small businesses:**
      Not applicable.

8. **Cost and benefit to private persons and consumers who are directly affected by the rulemaking:**
   All ASRS members and alternate payees are directly affected by the rulemaking. The effect has been previously described above.

9. **Probable effects on state revenues:**
   There will be no effect on state revenues.

10. **Less intrusive or less costly alternative methods considered:**
    The ASRS believes this is the least costly and least intrusive method because it will clarify how the ASRS processes DROs without imposing additional requirements on the public.

---

2 Small business has the meaning specified in A.R.S. § 41-1001(20).
TITLE 2. ADMINISTRATION

CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

Supp. 21-1

This Chapter contains rule Sections that were filed to be codified in the Arizona Administrative Code between the dates of January 1, 2021 through March 31, 2021.

ARTICLE 1. RETIREMENT SYSTEM

R2-8-101. Repealed

Historical Note
Former Rule, Social Security Regulation 1; Former Section R2-8-01 renumbered as Section R2-8-101 without change effective May 21, 1982 (Supp. 82-3). Amended subsections (A) and (C) effective April 12, 1984 (Supp. 84-2). Section repealed by final rulemaking at 10 A.A.R. 669, effective February 3, 2004 (Supp. 04-1).

R2-8-102. Repealed

Historical Note
Former Rule, Social Security Regulation 2; Amended effective April 15, 1980 (Supp. 80-2). Former Section R2-8-02 renumbered as Section R2-8-102 without change effective May 21, 1982 (Supp. 82-3). Amended as an emergency by adding subsection (E) effective January 1, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6). Emergency expired. Permanent rule, subsections (A), (B), and (D), amended effective April 12, 1984 (Supp. 84-2). Correction, subsection (B), as amended effective April 12, 1984 (Supp. 84-3). Section repealed by final rulemaking at 10 A.A.R. 669, effective February 3, 2004 (Supp. 04-1).

R2-8-103. Repealed

Historical Note
Former Rule, Social Security Regulation 3; Amended effective April 15, 1980 (Supp. 80-2). Former Section R2-8-03 renumbered as Section R2-8-103 without change effective May 21, 1982 (Supp. 82-3). Amended as an emergency by adding subsection (E) effective January 1, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6). Emergency expired. Permanent rule, subsections (A) thru (C), amended effective April 12, 1984 (Supp. 84-2). Section repealed by final rulemaking at 10 A.A.R. 669, effective February 3, 2004 (Supp. 04-1).

R2-8-104. Definitions
A. The definitions in A.R.S. § 38-711 apply to this Chapter.
B. Unless otherwise specified, in this Chapter:
1. “Actuarial assumption” means an estimate of an uncertain future event that affects pension liabilities, or assets, or both.
2. “Assumed actuarial investment earnings rate” means the assumed rate of investment return approved by the Board and contained in R2-8-118(A).
3. “Authorized employer representative” means an individual specified by the Employer to provide the ASRS with information about a member who previously worked for the ASRS employer.
4. “Contribution” means:
   a. Amounts required by A.R.S. Title 38, Chapter 5, Articles 2 and 2.1 to be paid to the ASRS by a member or an employer on behalf of a member;
   b. Any voluntary amounts paid to the ASRS pursuant to 2 A.A.C. 8, Article 5 by a member to be placed in the member’s account; and
   c. Amounts credited by transfer under 2 A.A.C. 8, Article 11.
5. “Day” means a calendar day, and excludes the:
   a. Day of the act or event from which a designated period of time begins to run; and
   b. Last day of the period if a Saturday, Sunday, or official state holiday.
6. “Designated beneficiary” means the same as in A.R.S. § 38-762(G) or another person designated as a beneficiary by law.
7. “Director” means the Director appointed by the Board as provided in A.R.S. § 38-715.
8. “Individual retirement account” or “IRA” means the types of eligible retirement plans specified in A.R.S. § 38-770(D)(3)(a) and (b).
10. “Person” means the same as in A.R.S. § 41-1001(15).
11. “Plan” means the same as “defined benefit plan” in A.R.S. § 38-712(B), and as administered by the ASRS.
13. “Rollover” means a contribution to the ASRS by an eligible member of an eligible rollover distribution from one or more of the retirement plans listed in A.R.S. § 38-747(H)(2) and (H)(3).
14. “Terminate employment” means to end the employment relationship between a member and an ASRS employer with the intent that the member does not return to employment with an ASRS employer.
15. “United States” means the same as in A.R.S. § 1-215(39).

Historical Note
Former Rule, Social Security Regulation 4; Former Section R2-8-04 renumbered as Section R2-8-104 without change effective May 21, 1982 (Supp. 82-3). Amended subsections (G), (J), and (K) effective April 12, 1984 (Supp. 84-2). Typographical error corrected in subsection (5)(c) “required” corrected to “required” (Supp. 97-1). Amended by final rulemaking at 21 A.A.R. 2515, ef-
R2-8-105. Repealed

Historical Note
Former Rule, Social Security Regulation 5; Amended effective April 15, 1980 (Supp. 80-2). Former Section R2-8-05 renumbered as Section R2-8-105 without change effective May 21, 1982 (Supp. 82-2). Amended as an emergency by adding subsection (E) effective January 1, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6). Emergency expired. Permanent rule amended effective April 12, 1984 (Supp. 84-2). Section repealed by final rulemaking at 10 A.A.R. 669, effective February 3, 2004 (Supp. 04-1).

R2-8-114. Emergency Expired

Historical Note
New Section made by emergency rulemaking at 11 A.A.R. 579, effective January 4, 2005 (05-1). Emergency rule expired (Supp. 05-2).

R2-8-115. Return of Contributions Upon Termination of Membership by Separation from All ASRS Employment by Other Than Retirement or Death

A. The following definitions apply to this Section unless otherwise specified:
1. “DRO” means the same as “domestic relations order” in A.R.S. § 38-773(H)(1).
2. “Eligible retirement plan” means the same as in A.R.S. § 38-770(D)(3).
3. “Employer Number” means a unique identifier the ASRS assigns to a member employer.
4. “Employer plan” means the types of eligible retirement plans specified in A.R.S. § 38-770(D)(3)(c), (d), (e), and (f).
5. “LTD” Means the same as in R2-8-301.
6. “On File” means ASRS has received the information.
7. “Process date” means the calendar day the ASRS generates contribution withdrawal documents to be sent to a member.
8. “Warrant” means a voucher authorizing payment of funds due to a member.

B. A member who terminates from all ASRS employment by other than retirement or death and desires a return of the member’s contributions, including amounts received for the purchase of service, any employer contributions authorized under A.R.S. § 38-740, and interest on the contributions, shall request from the ASRS, in writing or verbally, the documents necessary to apply for the withdrawal of the member’s contributions.

C. Upon request to withdraw by the member, the ASRS shall provide:
1. An Application for Withdrawal of Contributions and Termination of Membership form to the member, and
2. An Ending Payroll Verification - Withdrawal of Contribution and Termination of Membership form to the employer, if ASRS has received contributions for the member within the six months immediately preceding the date the member submitted the request to ASRS.

D. The member shall complete and return to the ASRS the Application for Withdrawal of Contributions and Termination of Membership form that includes the following information:
1. The member’s full name;
2. The member’s Social Security number or U.S. Tax Identification number;
3. The member’s current mailing address, if not On File with ASRS;
4. The member’s birth date, if not On File with ASRS;
5. Notarized signature of the member certifying that the member:
   a. Is no longer employed by any Employer;
   b. Is neither under contract nor has any verbal or written agreement for future employment with an Employer;
   c. Is not currently in a leave of absence status with an Employer;
   d. Understands that each of the member’s former Employers will complete an ending payroll verification form if ASRS has received contributions for the member within the six months immediately preceding the date the member submitted the request to ASRS;
   e. Understands that the member’s most recent Employer will complete an ending payroll verification form for the member if the member has reached the member’s required beginning date pursuant to A.R.S. § 38-775;
   f. Has read and understands the Special Tax Notice Regarding Plan Payments the member received with the application and the member elects to waive the member’s 30-day waiting period to consider a rollover or a cash distribution;
   g. Understands that the member is forfeiting all future retirement rights and privileges of membership with ASRS;
   h. Understands that LTD benefits will be canceled if the member elects to withdraw contributions while receiving or electing to receive long-term disability benefits;
   i. Understands that if the member elects to roll over all or any portion of the member’s distribution to another employer plan, it is the member’s responsibility to verify that the receiving employer plan will accept the rollover and, if applicable, agree to separately account for the pre-tax and post-tax amounts rolled over and the related subsequent earnings on the amounts;
   j. Understands that if the member elects to roll over all or any portion of the member’s distribution to a retirement account, it is the member’s responsibility to separately account for pre-tax and post-tax amounts; and
   k. Understands that if the member elects a rollover to another employer plan or individual retirement account, any portion of the distribution not designated for rollover will be paid directly to the member and any taxable amounts will be subject to applicable state and federal tax withholding;
   l. Understands that the member is not considered terminated and cannot withdraw the member’s ASRS contribution if the member was called to active military service and is not currently performing services for an Employer;
   m. Understands that any person who knowingly makes any false statement with an intent to defraud the ASRS is guilty of a Class 6 felony in accordance with A.R.S. § 38-793.

6. Specify that:
   a. The entire amount of the distribution be paid directly to the member,
   b. The entire amount of the distribution be rolled over to an eligible retirement plan, or
   c. An identified amount of the distribution be rolled over to an eligible retirement plan and the remaining amount be paid directly to the member; and
7. If the member selects all or a portion of the withdrawal be rolled over to an eligible retirement plan, specify;
   a. The type of eligible retirement plan; and
   b. The name and mailing address of the eligible retirement plan.

E. If ASRS has received contributions for the member within six months immediately preceding the date the member submitted the request to ASRS each Employer shall complete an Ending Payroll Verification - Withdrawal of Contributions and Termination of Membership form electronically that includes the following information:
1. The member’s full name;
2. The member’s Social Security number or U.S. Tax Identification number;
3. The member’s termination date;
4. The member’s final pay period ending date;
5. The final amount of contributions, including any adjustments or corrections, but not including any long-term disability contributions;
6. The Employer’s name and telephone number;
7. The Employer Number;
8. The name and title of the authorized Employer representative;
9. Certification by the authorized Employer representative that:
   a. The member Terminated Employment and is neither under contract nor bound by any verbal or written agreement for employment with the Employer;
   b. There is no agreement to re-employ the member;
   c. Any person who knowingly makes any false statement or who falsifies any record of the retirement plan with an intent to defraud the plan, is guilty of a Class 6 felony according to A.R.S. § 38-793; and
   d. The authorized Employer representative certifies that they are the Employer user named on the Ending Payroll Verification - Withdrawal of Contributions and Termination of Membership form and their title and contact information is current and correct.

F. If the member has attained a required beginning distribution date as of the date the member submitted the request to ASRS, the most recent Employer shall complete an Ending Payroll Verification - Withdrawal of Contributions and Termination of Membership form electronically that includes the information contained in subsection (E).

G. If the member requests a return of contributions and a Warrant is distributed during the fiscal year that the member began membership in the ASRS, no interest is paid to the account of the member.
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

H. If the member requests a return of contributions after the first fiscal year of membership, the ASRS shall credit interest at the rate specified in Column 3 of the table in R2-8-118(A) to the account of the member as of June 30 of each year, on the basis of the balance in the account of the member as of the previous June 30. The ASRS shall credit interest for a partial fiscal year of membership in the ASRS on the previous June 30 balance based on the number of days of membership up to and including the day the ASRS issues the Warrant divided by the total number days in the fiscal year. Contributions made after the previous June 30 are returned without interest.

I. Upon submitting to the ASRS the completed and accurate Application for Withdrawal of Contributions and Termination of Membership form and, if applicable, after the ASRS has received any Ending Payroll Verification - Withdrawal of Contributions and Termination of Membership forms, a member is entitled to payment of the amount due to the member as specified in subsection (G) or (H) unless a present or former spouse submits to the ASRS a certified copy or original DRO that specifies entitlement to all or part of the return of contributions under A.R.S. § 38-773 before the ASRS returns the contributions as specified by the member.

J. A member may cancel an Application for Withdrawal of Contributions and Termination of Membership form at any time before the return of contributions is disbursed by submitting written notice to ASRS to cancel the request.

K. If an Application for Withdrawal of Contributions and Termination of Membership form is completed through the member’s secure ASRS account, the secure login and successful submission of the knowledge based answers shall serve as the member’s notarized signature required under subsection (D)(5).

Historical Note

R2-8-116. Alternate Contribution Rate

A. For purposes of this Section, the following definitions apply:
1. “ACR” means an alternate contribution rate pursuant to A.R.S. § 38-766.02, the resulting amount of which is not deducted from the employee’s compensation.
2. “Class of positions” means all employment positions of the employer that perform the same, or substantially similar, function or duties, for the employer as determined by the ASRS in subsection (B).
3. “Compensation” has the same meaning as A.R.S. § 38-711(7) and does not include ACR amounts.
4. “Leased from a third party” means:
   a. The employee is not employed by an employer; and
   b. A co-employment relationship, as defined in A.R.S. § 23-561(4), does not exist.

B. An employer that employs a retired member shall pay an ACR to the ASRS, unless the employer provides proof that:
1. The retired member is leased from a third party; and
2. All employees in the entire class of positions, to which the retired member’s position belongs, have been leased from a third party; and
3. No employee who has not been leased is performing the same, or substantially similar, function or duties, as the retired member.

C. In order to determine whether an employer satisfies the criteria in subsection (B), the employer shall submit information and documentation, pursuant to A.R.S. § 38-766.02(E), within 14 days of written request by the ASRS.

D. The employer shall directly remit payment of an ACR to the ASRS from the employer’s funds, through the employer’s secure ASRS account within 14 days of the first pay period end date after the hire of the retired member.

E. If the employer does not remit the ACR by the date it is due pursuant to subsection (D), the ASRS shall charge interest on the ACR amount from the date it was due to the date the ACR payment is remitted to the ASRS at the assumed actuarial investment earnings rate listed in R2-8-118(A).

F. A payment of an ACR on behalf of a retired member pursuant to A.R.S. § 38-766.02, shall not entitle a retired member to a refund of an ACR payment or any additional ASRS benefit as described in A.R.S. § 38-766.01(E).

Historical Note
Former Rule, Retirement System Regulation 2; Former Section R2-8-16 renumbered as Section R2-8-116 without change effective May 21, 1982 (Supp. 82-3). Section expired under A.R.S. § 41-1056(E) at 16 A.A.R. 1765, effective July 14, 2010 (Supp. 10-3). New Section made by final rulemaking at 22 A.A.R. 1341, effective July 4, 2016 (Supp. 16-2). Amended by final rulemaking at 24 A.A.R. 1861, effective June 11, 2018 (Supp. 18-2).

R2-8-117. Return to Work After Retirement

A. Unless otherwise specified, in this Section:
1. “Commencing employment” means the date a retired member who is not independently contracted or leased from a third party pursuant to R2-8-116(A)(4) renders services directly to an Employer for which the retired member is entitled to be paid.
2. “Returns to work” means the member retired from the ASRS prior to Commencing Employment with an Employer.
B. Pursuant to A.R.S. § 38-766.01(C), a retired member who returns to work directly with an Employer shall submit a Working After Retirement form to each of the retired member’s current Employers through the retired member’s secure website account within 30 days of the retired member Commencing Employment with an Employer.

C. Pursuant to A.R.S. § 38-766.02(E), within 14 days of receipt of a Working After Retirement form, an Employer shall verify the retired member’s employment information and submit the verified Working After Retirement form to the ASRS through the Employer’s secure website account for each retired member who returns to work with the Employer.

D. After a retired member returns to work, the Employer shall submit a verified Working After Retirement form to the ASRS through the Employer’s secure website account within 30 days of a change in the actual hours or intent of each retired member’s employment that results in:
   1. The member’s number of hours worked per week increasing from less than 20 hours per week to 20 or more hours per week; or
   2. The member’s number of weeks worked in a fiscal year increasing from less than 20 weeks per fiscal year to 20 or more weeks per fiscal year.

E. The Working After Retirement form shall contain the following information:
   1. The retired member’s Social Security number or U.S. Tax Identification number;
   2. The retired member’s full name;
   3. The date the member retired;
   4. Whether the retired member terminated employment, and if so, the date the retired member terminated employment;
   5. The first date of Commencing Employment upon the retired member’s return to work;
   6. The intent of the retired member’s employment reflected as:
      a. The anticipated number of hours the retired member is engaged to work per week and the anticipated number of weeks the retired member is engaged to work per fiscal year; or
      b. The actual number of hours the retired member works for an Employer per week and the actual number of weeks the retired member works for an Employer in a fiscal year.
   7. Acknowledgement by the retired member that the retired member has read the Return to Work information on the ASRS website and intends to submit the Working After Retirement form to the Employer and submit any additional Working After Retirement forms to the Employer as required.

F. Upon discovering that the retired member’s employment violates A.R.S. §§ 38-766 or 38-766.01, the ASRS shall send the retired member a Retiree Return to Work Notice of Non-Compliance with ASRS Statutes form.

G. By the due date specified on the Retiree Return to Work Notice of Non-Compliance with ASRS Statutes form, the retired member shall return the completed form and any supporting documentation to the ASRS indicating the action the retired member will take to correct the violation of A.R.S. §§ 38-766 or 38-766.01.

H. If the member does not submit the Retiree Return to Work Notice of Non-Compliance with ASRS Statutes form pursuant to subsection (G), the ASRS shall suspend the retired member’s retirement benefits from the date on the Retiree Return to Work Notice of Non-Compliance with ASRS Statutes form.

I. If the ASRS suspends the retired member’s retirement benefits pursuant to subsection (H), the ASRS shall reinstate the retired member’s retirement benefits upon notice from the Employer that all violations pursuant to subsection (F) have been corrected.

**Historical Note**
Former Rule, Retirement System Regulation 3; Former Section R2-8-17 renumbered as Section R2-8-117 without change effective May 21, 1982 (Supp. 82-3). Section repealed by final rulemaking at 11 A.A.R. 2640, effective June 30, 2005 (Supp. 05-2). New Section made by final rulemaking at 23 A.A.R. 209, effective March 5, 2017 (Supp. 17-1). Amended by final expedited rulemaking at 27 A.A.R. 479, with an immediate effective of March 5, 2021 (Supp. 21-1).

**R2-8-118. Application of Interest Rates**

A. Application of interest from inception of the ASRS Plan through the present is as follows:

<table>
<thead>
<tr>
<th>Effective Date of Interest Rate Change</th>
<th>Assumed Actuarial Investment Earnings Rate</th>
<th>Interest Rate Used to Determine Return of Contributions Upon Termination of Membership by Separation from Service by Other Than Retirement or Death</th>
</tr>
</thead>
<tbody>
<tr>

</table>
B. At the beginning of each fiscal year, interest is credited to the retirement account of each member on the June 30 that marks the end of the fiscal year based on the balance in the member’s account as of the previous June 30. The balance on which interest is credited includes:
1. Employer and employee contributions;
2. Voluntary additional contributions made by members pursuant to A.R.S. §§ 38-742, 38-743, 38-744, and 38-745, if applicable;
3. Amounts credited by transfer under 2 A.A.C. 8, Article 11; and
4. Interest credited in previous years.
C. Notwithstanding subsection (B), the retirement account of each member stops accruing interest the last full month prior to the member’s retirement date.

Historical Note
Former Rule, Retirement System Regulation 4; Amended effective July 1, 1975 (Supp. 75-1). Amended effective June 23, 1976 (Supp. 76-3). Former Section R2-8-18 renumbered and amended as Section R2-8-118 effective May 21, 1982 (Supp. 82-3). Amended by final rulemaking at 11 A.A.R. 1416, effective April 5, 2005 (Supp. 05-2). Amended by final rulemaking at 19 A.A.R. 764, effective June 1, 2013 (Supp. 13-2). Amended by final rulemaking at 21 A.A.R. 2515, effective December 5, 2015 (Supp. 15-4). Amended by final rulemaking at 22 A.A.R. 79, effective March 6, 2016 (Supp. 16-1). Amended by final rulemaking at 24 A.A.R. 1861, effective June 11, 2018 (Supp. 18-2). Amended by final expedited rulemaking at 27 A.A.R. 479, with an immediate effective of March 5, 2021 (Supp. 21-1).

R2-8-119. Expired

Historical Note
Former Rule, Retirement System Regulation 5; Amended effective July 1, 1975 (Supp. 75-1). Amended effective June 23, 1976 (Supp. 76-3). Former Section R2-8-19 renumbered and amended as Section R2-8-119 effective May 21, 1982 (Supp. 82-3). Section R2-8-119 and Appendix A and B expired under A.R.S. § 41-1056(E) at 16 A.A.R. 1765, effective July 14, 2010 (Supp. 10-3).

R2-8-120. Repealed

Historical Note

R2-8-121. Employer Payments for Ineligible Contributions; Unfunded Liability Invoice
A. Upon calculating an unfunded liability amount under A.R.S. § 38-748, the ASRS shall send an Unfunded Liability Invoice to the Employer through the Employer’s secure ASRS account.
B. An Employer that owes an unfunded liability amount to the ASRS pursuant to A.R.S. § 38-748, shall remit full payment of the unfunded liability amount within 90 days of being notified of the unfunded liability pursuant to subsection (A).
C. Pursuant to A.R.S. § 38-735(C), if the ASRS does not receive full payment from the Employer of the unfunded liability amount within 90 days of being notified of the unfunded liability amount, the unpaid portion of the unfunded liability amount shall accrue interest at the assumed actuarial investment earnings rate listed in R2-8-118(A).
D. The ASRS may collect any unfunded liability and interest amount pursuant to A.R.S. §§ 38-723 and 38-735(C).

Historical Note
Former Rule, Retirement System Regulation 7; Amended effective April 15, 1980 (Supp. 80-2). Former Section R2-8-21 renumbered as Section R2-8-121 without change effective May 21, 1982 (Supp. 82-3). Amended subsection (A) effective May 30, 1985 (Supp. 85-3). Section repealed by final rulemaking at 11 A.A.R. 444, effective January 4, 2005 (05-1). New Section made by final rulemaking at 27 A.A.R. 458, effective May 2, 2021 (Supp. 21-1).
R2-8-122. Remittance of Contributions
A. Each Employer shall remit the amount of employee member contributions to the ASRS not later than 14 days after the last day of each payroll period. Payments of employee member contributions not received in the offices of the ASRS by the 14th day after the last day of the applicable payroll period shall become delinquent after that date and shall accrue interest at the assumed actuarial investment earnings rate listed in R2-8-118(A) per annum from and after the date of delinquency until payment is received by the ASRS.
B. Each Employer shall remit the amount of employer contributions to the ASRS not later than 14 days after the last day of each payroll period. Payments of employer contributions not received in the offices of the ASRS by the 14th day after the last day of the applicable payroll period shall become delinquent after that date and shall accrue interest at the assumed actuarial investment earnings rate listed in R2-8-118(A) per annum from and after the date of delinquency until payment is received by the ASRS.
C. Each Employer shall remit contributions pursuant to this Section based on the contribution rate in effect on the pay period end date.
D. Each Employer shall certify on each payroll that each employee included on that payroll has met the requirements for active member eligibility and that all contributions to be remitted are for eligible compensation under A.R.S. § 38-711.
E. If an Employer improperly certifies that an employee has met the requirements for active member eligibility and that all contributions remitted for the employee are eligible for compensation under subsection (D), the ASRS may charge the employer an unfunded liability amount under A.R.S. § 38-748.

Historical Note
Former Rule, Retirement System Regulation 8; Amended effective Dec. 8, 1978 (Supp. 78-6). Former Section R2-8-22 renumbered as Section R2-8-122 without change effective May 21, 1982 (Supp. 82-3). Amended by final rulemaking at 22 A.A.R. 79, effective March 6, 2016 (Supp. 16-1). Amended by final rulemaking at 24 A.A.R. 1861, effective June 11, 2018 (Supp. 18-2). Amended by final rulemaking at 26 A.A.R. 371, effective April 11, 2020 (Supp. 20-1). Section amended by final rulemaking at 27 A.A.R. 458, effective May 2, 2021 (Supp. 21-1).

R2-8-123. Actuarial Assumptions and Actuarial Value of Assets
A. For the purposes of this Section, “market value” means an estimated monetary worth of an asset based on the current demand for the asset and the amount of that type of asset available for sale.
B. The Board adopts the following actuarial assumptions and asset valuation method:
1. The interest and investment return rate assumptions are determined by the Board.
2. The actuarial value of assets equals the market value of assets:
   a. Minus a 10-year phase-in of the excess for years in which actual investment return exceeds expected investment return; and
   b. Plus a 10-year phase-in of the shortfall for years in which actual investment return falls short of expected investment return.

Historical Note
Adopted effective July 1, 1975 (Supp. 75-1). Amended effective June 23, 1976 (Supp. 76-3). Amended effective December 20, 1977 (Supp. 77-6). Former Section R2-8-23 renumbered and amended as Section R2-8-123 effective May 21, 1982 (Supp. 82-3).

R2-8-124. Termination Incentive Program by Agreement; Unfunded Liability Calculations

A. The following definitions apply to this Section unless otherwise specified:
1. “Compensation” means the same as in A.R.S. § 38-711(7).

B. An Employer that intends to implement a Termination Incentive Program shall provide the following information to the ASRS through the Employer’s secure ASRS account:
1. Within 90 days before implementation of the program, a complete description of the program terms and conditions, including the program contract, understanding, or agreement; and
2. Within 90 days before implementation of the program, the following information for each member who may be eligible to participate in the program:
Upon receipt of all the information identified in subsection (E) and in consultation with the ASRS actuary, the ASRS shall calculate:

D. If the ASRS determines an estimated unfunded liability amount pursuant to subsection (C), the ASRS may send a Notice of Estimated Liability to the Employer through the Employer’s secure ASRS account, in order to notify the Employer of the estimated unfunded liability amount the Employer may owe to the ASRS as a result of implementing the Termination Incentive Program identified under subsection (B). An Employer may owe the ASRS more or less than the estimated unfunded liability amount based on actual employee participation in the Employer’s Termination Incentive Program pursuant to subsection (F).

E. Within 30 days of termination of employment of each member who participated in a Termination Incentive Program identified under subsection (B), the Employer shall provide the following information to the ASRS through the Employer’s secure ASRS account:
   1. The member’s full name;
   2. The member’s date of birth;
   3. The member’s Compensation at termination;
   4. The date the member terminated employment; and
   5. The amount and type of any additional pay the member received, or was entitled to receive, from the Employer as a result of participating in the Employer’s Termination Incentive Program.

Upon receipt of all the information identified in subsection (E) and in consultation with the ASRS actuary, the ASRS shall calculate the actual unfunded liability amount which resulted from the implementation of the Employer’s Termination Incentive Program.

If the ASRS calculates an unfunded liability of less than $0.00 for any member who participated in the Employer’s Termination Incentive Program, the amount will be applied against the aggregate unfunded liability of the Employer.

The ASRS may send the Employer a Termination Incentive Program Liability Invoice through the Employer’s secure ASRS account.

Pursuant to A.R.S. § 38-735(C), if the ASRS does not receive full payment from the Employer of the unfunded liability amount by the due date specified in the Termination Incentive Program Liability Invoice, the unpaid portion of the unfunded liability amount shall accrue interest at the assumed actuarial investment earnings rate listed in R2-8-118(A).

The ASRS may collect any unfunded liability amount pursuant to A.R.S. §§ 38-723 and 38-735(C).

Historical Note
Adopted as an emergency effective August 25, 1975 (Supp. 75-1). Former Section R2-8-24 renumbered as Section R2-8-124 without change effective May 21, 1982 (Supp. 82-3). Section repealed by final rulemaking at 10 A.A.R. 669, effective February 3, 2004 (Supp. 04-1). New Section made by final rulemaking at 23 A.A.R. 2743, effective January 1, 2018 (Supp. 17-3). Amended by final rulemaking at 24 A.A.R. 1861, effective June 11, 2018 (Supp. 18-2).

R2-8-125. Termination Incentive Program by 30% Salary Increase; Unfunded Liability Calculations

A. The following definitions apply to this Section unless otherwise specified:
   1. “Average monthly compensation” means the same as in A.R.S. § 38-711(5).
   2. “Baseline salary” means a member’s Average Monthly Compensation during the 12 consecutive months in which the member received Compensation immediately preceding the first month of Compensation used to calculate the member’s retirement benefit. The Baseline Salary shall include only Compensation from the Same Employer that paid the Compensation used in the calculation of a member’s retirement benefit. If the member has less than 12 consecutive months in which the member received Compensation immediately preceding the first month of Compensation used to calculate the member’s retirement benefit, then the ASRS will calculate the member’s Baseline Salary as the total of the 12 months of Compensation the member received:
      a. Starting with the first month of Compensation the member received in the 12 months immediately preceding the member’s Average Monthly Compensation, or within the Average Monthly Compensation; and
      b. Ending with the 12th month of Compensation the member received after the first month of Compensation used in subsection (A)(2)a).
   3. “Compensation” means the same as in A.R.S. § 38-711(7).
   4. “Job reclassification” means a change in the classification of an employment position made by the Employer when it finds the duties and responsibilities of the position have changed significantly, materially, and permanently from when the position was last classified.
   5. “Promotion” means, excluding a Salary Regrade or Job Reclassification, the act of advancing an employee to a higher salary or higher rank within the organization, which is characterized by:
      a. A change in the employee’s primary job responsibilities; and
      b. A pay increase that is supported by a standard salary administration practice that is documented by the Employer; and
      c. A competitive selection process or a noncompetitive selection process supported by a standard hiring practice that is documented by the Employer.
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

6. “Salary regrade” means a change in the salary scale of an employment position made by the Employer in order to align the position’s salary scale with market factors and/or the Employer’s current salary practices.
7. “Same employer” means the Employer has the same ownership as another Employer, except that for purposes of this Section, each agency, board, commission, and department of the State of Arizona shall be considered a separate Employer.

B. Upon a member’s retirement on or after January 1, 2018, the ASRS shall compare the member’s Baseline Salary to the Average Monthly Compensation for each consecutive 12 months of Compensation used to calculate the member’s retirement benefit in order to determine whether an Employer utilized a Termination Incentive Program as defined in A.R.S. § 38-749(D)(1). This subsection only applies to members who earned the Compensation used to calculate the member’s Baseline Salary, or on or after July 1, 2005.

C. Upon determining that a Termination Incentive Program exists under subsection (B), the ASRS shall send a Request for Documentation to the Employer through the Employer’s secure ASRS account, in order to notify the Employer that the ASRS has identified a Termination Incentive Program for a particular member and the Employer may be required to pay the ASRS for the unfunded liability resulting from the Termination Incentive Program, unless the Employer can prove the increase in the member’s salary was the result of a Promotion.

D. Within 90 days of the date on the Request for Documentation, the Employer shall respond to the Request for Documentation by:
   1. Submitting documentation through the Employer’s secure ASRS account that shows the member’s increase in Compensation was the result of a Promotion; or
   2. Acknowledging in writing that the increase in the member’s salary was not the result of a Promotion.

E. Pursuant to subsection (D), the Employer bears the burden of producing evidence that a Promotion has occurred as defined in subsection (A)(5).

F. The ASRS shall use any evidence the Employer submits to the ASRS pursuant to subsection (D) to determine whether a Promotion occurred.

G. If the Employer does not respond to the Request for Documentation within 90 days of the date on the Request for Documentation, the ASRS shall determine that the increase in the member’s salary was not the result of a Promotion.

H. If the ASRS determines that the increase in the member’s salary was not the result of a Promotion pursuant to subsections (F) or (G), the ASRS shall calculate the unfunded liability amount pursuant to subsection (I).

I. In consultation with the ASRS actuary, the ASRS shall use a determination under subsection (B) to calculate the unfunded liability resulting from the implementation of the Employer’s Termination Incentive Program.

J. Upon calculating an unfunded liability amount pursuant to subsection (I), the ASRS shall send a Request for Documentation to the Employer through the Employer’s secure ASRS account, in order to notify the Employer of the unfunded liability amount the Employer shall owe to the ASRS as a result of implementing the Termination Incentive Program identified under subsection (B).

K. An Employer that owes an unfunded liability amount to the ASRS pursuant to A.R.S. § 38-749, shall remit full payment of the unfunded liability amount by the due date specified in the Termination Incentive Program Liability Invoice.

L. Pursuant to A.R.S. § 38-735(C), if the ASRS does not receive full payment from the Employer of the unfunded liability amount by the due date specified in the Termination Incentive Program Liability Invoice, the unpaid portion of the unfunded liability amount shall accrue interest at the assumed actuarial investment earnings rate listed in R2-8-118(A).

M. The ASRS may collect any unfunded liability amount pursuant to A.R.S. §§ 38-723 and 38-735(C).

Historical Note
Adopted as an emergency effective July 30, 1975 (Supp. 75-1). Former Section R2-8-25 renumbered as Section R2-8-125 without change effective May 21, 1982 (Supp. 82-3). Section repealed by final rulemaking at 10 A.A.R. 669, effective February 3, 2004 (Supp. 04-1). New Section made by final rulemaking at 23 A.A.R. 2743, effective January 1, 2018 (Supp. 17-3). Amended by final rulemaking at 24 A.A.R. 1861, effective June 11, 2018 (Supp. 18-2).

R2-8-126. Retirement Application
A. For the purposes of this Section, the following definitions apply, unless stated otherwise:
   1. “Acceptable documentation” means any written request containing all the accurate, required information, dates, and signatures necessary to process the request.
   2. “Acceptable form” means any ASRS form request containing all the accurate, required information, dates, and signatures necessary to process the form request.
   3. “Applicable retirement date” means the later of:
      a. The date a member retires from the ASRS for the first time; or
      b. The date a member re-retires from the ASRS after returning to active membership.
   4. “Conservator” means the same as in A.R.S. § 14-7651.
   5. “DRO” means the same as in R2-8-115.
   7. “Legal documentation” means:
      a. One document issued from a United States government entity; or
      b. Two documents issued from one or more federal, state, local, sovereign, medical, or religious institution.
   8. “LTD” means the same as in R2-8-301.
   9. “Irrevocable PDA” means the same as in R2-8-501.
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

10. “On File” means the same as in R2-8-115.
11. “Original retirement date” means the later of:
   a. The date a member retires from the ASRS for the first time; or
   b. The date a member re-retires from the ASRS after returning to active membership for 60 consecutive months or more ac-
      cording to A.R.S. § 38-766(C).
13. “Spouse” means the individual to whom a member is married under Arizona law.
13. “Straight life annuity” means the same as monthly life annuity according to A.R.S. § 38-757.

B. A member may retire from the ASRS by submitting a Retirement Application to the ASRS that contains the following information:

1. The member’s full name;
2. The member’s Social Security number or U.S. Tax Identification number;
3. The member’s marital status, if not On File with ASRS;
4. The member’s current mailing address; if not On File with ASRS;
5. The member’s date of birth, if not On File with ASRS;
6. A retirement date according to A.R.S. § 38-764(A);
7. The retirement option the member is electing;
8. If the member is electing to roll over a lump sum distribution amount to another retirement account, then:
   a. The type of account and account number, if applicable, to which the member is electing to roll over the lump sum distribu-
      tion; and
   b. The name and address of the financial institution of the account to which the member is electing to roll over the lump sum
      distribution;
9. The following information for each primary beneficiary, unless the member is receiving a mandatory lump sum distribution un-
   der subsection (M):
   a. The beneficiary’s full name;
   b. The beneficiary’s Social Security number, if the beneficiary is a U.S. citizen;
   c. The beneficiary’s date of birth;
   d. The beneficiary’s relationship to the member; and
   e. The percent of benefit the beneficiary may receive upon death of the member, if the member is designating more than one
      beneficiary.
10. Whether the member is electing the Optional Health Insurance Premium Benefit;
11. The following spousal consent information, if the member is married and is electing a retirement option other than a Joint an-
    d Survivor Retirement Benefit Option with at least 50% of the retirement benefit designated to the member’s spouse:
   a. Whether the member’s spouse consents to the member making a beneficiary election that provides the member’s spouse
      with less than 50% of the member’s account balance;
   b. Whether the member’s spouse consents to the member electing a retirement option other than a Joint and Survivor Retire-
      ment Benefit Option;
   c. The member’s spouse’s full name; and
   d. The member’s spouse’s notarized signature;
12. Whether the member is electing to receive a partial lump sum distribution according to A.R.S. § 38-760 and if so:
   a. How many months of annuity, up to 36 months, the member is electing to receive as a partial lump sum;
   b. Whether the member is electing to directly receive the partial lump sum distribution reduced by applicable tax withholding
      amounts;
   c. Whether the member is electing to roll over all or a portion of the partial lump sum distribution amount to one other retire-
      ment account; and
   d. Whether the member is electing to use the partial lump sum distribution to purchase service credit with ASRS based on a
      service purchase request dated before January 6, 2013;
13. Acknowledgement of the following statements of understanding:
   a. The member is aware of the member’s LTD stop-payment date and any disability benefits the member is receiving shall
      cease upon the retirement date the member elects according to subsection (B)(6);
   b. The member understands that if an overpayment exists, ASRS shall collect the remaining overpayment amount according to
      2 A.A.C. 8, Article 8 and all repayment plans previously established with ASRS LTD claims administrator shall cease;
   c. The member understands that if the member is submitting written notice of a changed retirement date, benefit option, or par-
      tial lump sum increment selection, ASRS shall distribute the member’s benefit as of the later of:
      i. The date ASRS receives the most recent Acceptable Documentation; or
      ii. The retirement date contained in the most recent Acceptable Documentation.
   d. The member has received the Special Tax Notice Regarding Plan Payments;
   e. The member has received the Return to Work information and will comply with the laws and rules governing the member’s
      return to work;
   f. The member authorizes ASRS and the banking institution identified in subsection (W) to debit the member’s account for the
      purposes of correcting errors and returning any payments inadvertently made after the member’s death;
As authorized under A.R.S. § 38-764(F), if a member’s Straight Life Annuity, after any applicable early retirement reduction factor, is

Title 2

Arizona Administrative Code

CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

g. The member understands that the member may have a one-time option to rescind a Joint and Survivor Retirement Benefit Option or a Period Certain and Life Annuity Retirement Benefit Option according to R2-8-130;

h. The member understands that any person who knowingly makes any false statement with the intent to defraud ASRS is guilty of a Class 6 felony in accordance with A.R.S. § 38-793; and

i. The member acknowledges that the member has complied with A.R.S. §§ 38-755 and 38-776 regarding spousal consent; and

14. The member’s notarized signature.

C. If a Retirement Application is completed through the member’s secure ASRS account, the member’s notarized signature is not required under subsection (B)(14).

D. If the retirement date the member elects according to subsection (B)(6) is not allowed, the ASRS shall change the retirement date to the earliest eligible date according to A.R.S. 38-764(A), unless the member is not eligible to retire.

E. A member who elects to roll over all or a portion of the partial lump sum distribution amount according to subsection (B)(12)(c), shall submit the following written information to the ASRS:

1. The type of account and account number to which the member is electing to roll over;

2. The name and address of the financial institution of the account to which the member is electing to roll over; and

3. If the member is electing to roll over a portion of the partial lump sum distribution, then the amount the member is electing to roll over.

F. If the member elects to roll over all or a portion of their lump sum or partial lump sum distribution, the ASRS shall only roll over the distribution to one retirement account.

G. Any portion of the partial lump sum distribution that is not rolled over to another retirement account according to subsection (B) shall be distributed directly to the member.

H. If the member elects to use the partial lump sum distribution to purchase service credit according to subsection (B)(12)(d) the member shall submit the following written information to the ASRS:

1. The number of the service purchase invoice;

2. Whether the member is electing to apply the partial lump sum distribution to all eligible service on that invoice;

3. If the member is not electing to apply the partial lump sum distribution to all eligible service on that invoice, then:
   a. The amount of the partial lump sum distribution to be applied to that invoice; or
   b. The number of years on that invoice the member is electing to purchase with the partial lump sum distribution;

4. If the member is electing to make a payment on that service purchase invoice with after-tax payments, a rollover, or termination pay according to A.R.S. § 38-747;

5. Whether the member is electing to authorize the ASRS to increase the number of months of annuity, not to exceed 36 months, to purchase the eligible service on that service purchase invoice, if the member elected an insufficient number of months of annuity to receive as a partial lump sum according to subsection (G) to complete the service purchase invoice;

6. If the member does not have eligible service to purchase on that invoice, whether the member is electing to cancel the member’s election to receive a partial lump sum distribution.

I. A member who elects to receive a partial lump sum distribution shall receive an actuarially reduced annuity retirement benefit according to A.R.S. § 38-760.

J. ASRS shall disburse any partial lump sum amount that is not applied to a service purchase invoice according to subsection (G) directly to the member after withholding applicable taxes.

K. After submitting a Retirement Application according to subsection (B), a member may make changes to the member’s Retirement Application by submitting written notice to the ASRS of the specific changes according to A.R.S. § 38-764(H).

L. If ASRS has received contributions for the member within the three years immediately preceding the member’s retirement date, the ASRS shall send a New Retirement Ending Payroll Verification form to the Employer. If ASRS has received contributions for the member within the six months immediately preceding the member’s retirement date and the member shall receive a one-time lump sum payment according to subsection (P), the ASRS shall send a New Retirement Ending Payroll Verification form to the Employer.

M. If the member has reached the age for minimum required distribution according to A.R.S. § 38-775(H)(4), the ASRS shall send a New Retirement Ending Payroll Verification form to the member’s most recent Employer.

N. The Employer shall submit the completed New Retirement Ending Payroll Verification form to ASRS with the following information:

1. The member’s Termination date or last day of ASRS membership with that Employer, if applicable;

2. The member’s total salary paid during their last fiscal year;

3. The member’s compensation for the last pay period;

4. The name and title of the authorized Employer representative;

5. Certification by the authorized Employer representative that:
   a. Any person who knowingly makes any false statement or who falsifies any record of the retirement plan with an intent to defraud the plan, is guilty of a Class 6 felony according to A.R.S. § 38-793; and
   b. The authorized Employer representative certifies that they are the Employer user named on the New Retirement Ending Payroll Verification form and their title and contact information is current and correct.

O. The ASRS shall cancel a member’s Retirement Application if ASRS does not receive all forms and information required under this Section within six months immediately after the member’s retirement date.

P. As authorized under A.R.S. § 38-764(F), if a member’s Straight Life Annuity, after any applicable early retirement reduction factor, is less than a monthly amount of $100, the ASRS shall not pay the annuity. Instead, the ASRS shall make a one-time mandatory lump sum payment in the amount determined by using appropriate actuarial assumptions.
Q. For purposes of calculating a member’s retirement benefit according to A.R.S. §§ 38-758 and 38-759, ASRS shall calculate age to the nearest day as of the member’s retirement date.

R. Based on the retirement option the member elects according to A.R.S. § 38-760, the ASRS shall calculate a member’s actuarially reduced benefits, based on the attained age of the member, and if necessary, the attained age of the contingent annuitant as of the date of the member’s retirement as follows:

1. For a partial lump sum retirement benefit option, ASRS shall calculate age to the nearest day as of the member’s retirement date;
2. For a Joint and Survivor Retirement Benefit Option, ASRS shall calculate age to the nearest day as of the member’s retirement date; and
3. For a mandatory lump sum payment according to subsection (O) or a Period Certain and Life Annuity Retirement Benefit Option, ASRS shall calculate age to the nearest full month in addition to calculating age according to subsection (P) as necessary.

S. If the ASRS is unable to verify the age of the member or a contingent annuitant, the member or contingent annuitant shall provide Legal Documentation showing the member’s or contingent annuitant’s age.

T. If a member does not retire by the date minimum distribution payments are required according to A.R.S. §§ 38-759 and 38-775, the required minimum distribution payments will accrue interest at the Assumed Actuarial Investment Earnings Rate specified in R2-8-118(A) and in effect on the date the required minimum distribution payments should have begun.

U. The ASRS shall distribute any required minimum distribution payments with interest according to subsection (T) with the member’s first finalized benefits payment.

V. If a member submits a retirement application after the member’s minimum required distribution date, the ASRS shall determine that the member’s Applicable Retirement Date is the date the required minimum distribution payments should have begun.

W. Notwithstanding any other Section, an inactive member who does not have contributions related to compensation is not eligible for retirement.

X. The ASRS shall issue a debit benefit card, if the annuitant does not provide the following direct deposit information through the annuitant’s secure ASRS account or by a notarized Direct Deposit form:

1. The member’s full name;
2. The member’s bank account routing number;
3. The member’s bank account number; and
4. The type of the account.

Y. The ASRS shall disburse benefits payments according to subsection (R), only retroactive to the later date specified in A.R.S. § 38-759(B).

Z. ASRS shall not issue additional estimate checks to a member whose retirement is canceled.

Historical Note

R2-8-127. Re-Retirement Application
A. The definitions in R2-8-126 apply to this Section.
B. If a member has previously retired from ASRS, the member may re-retire from ASRS by submitting a Re-Retirement Application to the ASRS that contains:

1. The information identified in R2-8-126(B)(1) through (B)(8);
2. The retirement option the member is electing, if the member suspended the member’s annuity from the member’s previous retirement from ASRS and returned to work for 60 consecutive months or more according to A.R.S. § 38-766(C);
3. The information identified in R2-8-126(B)(11);
4. Whether the member is electing the Optional Health Insurance Premium Benefit, if the member suspended the member’s annuity from the member’s previous retirement from ASRS and returned to work for 60 consecutive months or more according to A.R.S. § 38-766(C);
5. The information identified in R2-8-126(B)(13), if the member suspended the member’s annuity from the member’s previous retirement from ASRS and returned to work for 60 consecutive months or more according to A.R.S. § 38-766(C);
6. Acknowledgement of the following statements of understanding:
   a. The member’s signature confirms the member’s intent to re-retire and applies to all the sections included in the Re-Retirement Application.
b. The member understands that as a re-retiree, the member must keep the same retirement option and beneficiary the member elected when the member previously retired from ASRS, unless the member returned to active membership for 60 consecutive months or more according to A.R.S. § 38-766(C);

c. The member may change the member’s beneficiary after re-retiring and changing the beneficiary may change the member’s monthly annuity;

d. The member has complied with A.R.S. §§ 38-755 and 38-766 regarding spousal consent;

e. The member certifies that the member has read and understands the instructions and Special Tax Notice Regarding Plan Payments;

f. The member authorizes ASRS and the banking institution the member listed for direct deposit to debit the member’s account for the purpose of correcting errors and returning any payments inadvertently paid after the member’s death;

g. The member understands that any person who knowingly makes any false statement with the intent to defraud ASRS is guilty of a Class 6 felony in accordance with A.R.S. § 38-793; and

h. The member understands that if an overpayment exists, the ASRS shall collect the remaining overpayment amount according to 2 A.A.C. 8, Article 8 and all repayment plans previously established with the ASRS LTD claims administrator shall cease.

7. The member’s notarized signature.

C. If the retirement date the member elects according to R2-8-126(B)(6) is not allowed, the ASRS shall change the retirement date to the earliest eligible date according to A.R.S. 38-764(A), unless the member is not eligible to retire.

Historical Note
New Section made by final rulemaking at 26 A.A.R. 2036, effective November 8, 2020 (Supp. 20-3).

R2-8-128. Joint and Survivor Retirement Benefit Options

A. The definitions in R2-8-126 apply to this Section.

B. A member who is ten years and one day, or more, older than the member’s non-spouse contingent annuitant is not eligible to elect a 100% Joint and Survivor Retirement Benefit Option.

C. A member who is 24 years and one day, or more, older than the member’s non-spouse contingent annuitant is not eligible to elect a 66 2/3% Joint and Survivor Retirement Benefit Option.

D. For members whose Original Retirement Date is on or after March 6, 2016, notwithstanding subsection (B), a member who is ten years and one day, or more, older than the member’s ex-spouse contingent annuitant is eligible to participate in a 100% Joint and Survivor Retirement Benefit Option, if:

1. The member elected the ex-spouse as the contingent annuitant prior to divorce from the ex-spouse; and

2. The member submits an original or certified copy of a DRO to ASRS which requires the ex-spouse to remain as the contingent annuitant on the member’s account.

E. For members whose Original Retirement Date is on or after March 6, 2016, notwithstanding subsection (C), a member who is 24 years and one day, or more, older than the member’s ex-spouse contingent annuitant is eligible to participate in a 66 2/3% Joint and Survivor Retirement Benefit Option, if:

1. The member elected the ex-spouse as the contingent annuitant prior to divorce from the ex-spouse; and

2. The member submits an original or certified copy of a DRO to the ASRS which requires the ex-spouse to remain as the contingent annuitant on the member’s account.

F. Notwithstanding any other Section, for purposes of determining whether a member is eligible to participate in a Joint and Survivor Retirement Benefit Option, the ASRS shall calculate the difference in a member’s age and the contingent annuitant’s age based on the birthdates of the member and the contingent annuitant. For purposes of this Section, a contingent annuitant must be a living person.

Historical Note
New Section made by final rulemaking at 26 A.A.R. 2036, effective November 8, 2020 (Supp. 20-3).

R2-8-129. Period Certain and Life Annuity Retirement Options

A. The definitions in R2-8-126 apply to this Section.

B. An individual who is 104 years of age or older at the time of retirement is not eligible to elect a Period Certain and Life Annuity Retirement Benefit Option.

C. An individual who is 93 years of age or older at the time of retirement is not eligible to elect a Period Certain and Life Annuity Retirement Benefit Option with ten years certain or 15 years certain.

D. An individual who is 85 years of age or older at the time of retirement is not eligible to elect a Period Certain and Life Annuity Retirement Benefit Option with 15 years certain.

E. The ASRS shall calculate the period certain term as beginning on the first day of the first full calendar month following the member’s Applicable Retirement Date.

F. Notwithstanding subsection (E), the ASRS shall calculate the period certain term as beginning on the member’s Applicable Retirement Date if the member’s Applicable Retirement Date is the first day of the month.

Historical Note
New Section made by final rulemaking at 26 A.A.R. 2036, effective November 8, 2020 (Supp. 20-3).
R2-8-130. Rescind or Revert Retirement Election; Change of Contingent Annuitant

A. The definitions in R2-8-126 apply to this Section.

B. According to A.R.S. § 38-760(B)(2), for a member whose Original Retirement Date is after August 9, 2001, upon the expiration of a member’s period certain term the ASRS shall rescind the member’s election and the ASRS shall provide the member a Straight Life Annuity retirement benefit subject to any retirement reductions applicable at the member’s Original Retirement Date.

C. According to A.R.S. § 38-760(B)(2), a member whose Original Retirement Date is after August 9, 2001 and before July 1, 2008 and who elected a Period Certain and Life Annuity Retirement Benefit Option, may rescind the election and elect to receive a Straight Life Annuity retirement benefit prior to the expiration of the member’s period certain term.

D. According to A.R.S. § 38-760(B)(1), a member whose Original Retirement Date is before July 1, 2008 and who elected a Joint and Survivor Retirement Benefit Option may rescind the election and elect to receive a Straight Life Annuity retirement benefit prior to the member’s death.

E. A member whose Original Retirement Date is on or after July 1, 2008 and who elected a Period Certain and Life Annuity Retirement Benefit Option may exercise a one-time election to rescind the election and elect to receive a Straight Life Annuity retirement benefit prior to the expiration of the member’s period certain term if the member provides proof to ASRS of the death of the primary beneficiary or an original or certified copy of a DRO showing that the primary beneficiary has ceased to be a primary beneficiary.

F. A member whose Original Retirement Date is on or after July 1, 2008 and who elected a Joint and Survivor Retirement Benefit Option may exercise a one-time election to rescind the election and elect to receive a Straight Life Annuity retirement benefit prior to the death of the member if the member provides proof to ASRS of the death of the contingent annuitant or an original or certified copy of a DRO showing that the contingent annuitant has ceased to be a contingent annuitant.

G. A member who elected to rescind a Period Certain and Life Annuity Retirement Benefit Option according to subsection (C) may elect to revert to the Period Certain and Life Annuity Retirement Benefit Option by submitting an Application to Rescind, Revert or Change Contingent Annuitant as specified in subsection (M).

H. A member who elected to rescind a Joint and Survivor Retirement Benefit Option according to subsection (D) may elect to revert to the Joint and Survivor Retirement Benefit Option by submitting an Application to Rescind, Revert or Change Contingent Annuitant as specified in subsection (M).

I. A member may only revert to the same Period Certain and Life Annuity Retirement Benefit Option the member rescinded according to subsection (C) prior to the expiration of the period certain term the member elected at the member’s most recent retirement.

J. A member who rescinds their election according to subsections (E) or (F) is not eligible to revert to a Period Certain and Life Annuity Retirement Benefit Option or a Joint and Survivor Retirement Benefit Option.

K. Notwithstanding any other provision, the time period of a Period Certain and Life Annuity Retirement Benefit Option shall be continuous from the member’s retirement date until the term expires regardless of whether the member rescinds or reverts to another retirement option.

L. A member who wants to rescind or revert a retirement election according to subsections (C) through (H) shall ensure ASRS receives an Application to Rescind, Revert or Change Contingent Annuitant at least one day prior to the member’s death.

M. In order to rescind, revert, or change a contingent annuitant, the member shall submit an Application to Rescind, Revert or Change Contingent Annuitant with the following information:

1. The member’s full name;
2. The member’s Social Security number or U.S. Tax Identification number;
3. The member’s marital status, if not On File with ASRS;
4. Whether the member is electing to rescind, revert, or change a contingent annuitant;
5. The member’s notarized signature acknowledging the following statements of understanding:
   a. For rescinding a retirement election:
      i. By this action, and the member’s signature, the member is aware that the member’s designated beneficiary or contingent annuitant will not continue with monthly benefits after the member’s death;
      ii. The member is aware that a certified copy of the member’s designated beneficiary’s or contingent annuitant’s death certificate or an original or certified copy of a DRO is required if the member retired or re-retired on or after July 1, 2008;
      iii. At the time of the member’s death, if the ASRS has not disbursed the total employee contributions on the member’s account, plus interest at the Assumed Actuarial Investment Earnings Rate specified in R2-8-118(A) through the month prior to the member’s retirement date, the balance will be payable in a lump sum to the beneficiary named on the member’s most recent Acceptable Form.
   b. For changing a contingent annuitant or beneficiary:
      i. For a Joint and Survivor Retirement Benefit Option, by this action, and the member’s signature, the contingent annuitant named on the member’s most recent Acceptable Form will receive the previously elected percentage amount of the member’s monthly benefit for their lifetime following the member’s death;
      ii. For a Joint and Survivor Retirement Benefit Option, the member is aware that a copy of the contingent annuitant’s legal documentation is required and the member’s benefit will be recalculated based on the member’s age and the age of the member’s new contingent annuitant as of the effective date of the member’s request according to this Section;
      iii. For a Joint and Survivor Retirement Benefit Option, the member is in compliance with the age difference limitations in R2-8-128; and
      iv. For a Period Certain and Life Annuity Retirement Benefit Option, by this action, and the member’s signature, the beneficiary named on the member’s most recent Acceptable Form will receive the remaining term of monthly payments.
For reverting to a previously elected retirement benefit option according to A.R.S. § 38-760:

i. For a Joint and Survivor Retirement Benefit Option, by this action, and the member’s signature, the contingent annuitant named the member’s most recent Acceptable Form will receive the previously elected percentage amount of the member’s monthly benefit for their lifetime following the member’s death;

ii. For a Joint and Survivor Retirement Benefit Option, the member is aware that a copy of Legal Documentation showing the contingent annuitant’s date of birth is required and the member’s benefit will be recalculated based on the member’s age and the age of the member’s contingent annuitant as of the effective date of the member’s request according to this Section;

iii. For a Joint and Survivor Retirement Benefit Option, the member is in compliance with the age difference limitations in R2-8-128; and

iv. For a Period Certain and Life Annuity Retirement Benefit Option, by this action, and the member’s signature, the beneficiary named on the member’s most recent Acceptable Form will receive the remaining term of monthly payments.

6. If the member is electing to change a contingent annuitant, the following information for the new contingent annuitant:

a. Full name;

b. Social Security number, if the contingent annuitant is a U.S. citizen;

c. Date of birth; and

d. Legal relationship to the member.

7. If the member is married, whether the member’s spouse consents to the following with the spouse’s notarized signature:

a. The member making a beneficiary designation that provides the member’s spouse with less than 50% of the member’s account balance;

b. The member electing a retirement option other than a Joint and Survivor Retirement Benefit Option; or

c. The member changing or ending the spouse’s contingent annuitant status.

8. Whether the spouse’s consent is not required because:

a. The spouse predeceased the member and if so, provide a copy of the spouse’s death certificate; or

b. The member is divorced and if so, provide an original or certified copy of a DRO.

If the ASRS is unable to verify the age of the member or a contingent annuitant, the member or contingent annuitant shall provide Legal Documentation showing the member’s or contingent annuitant’s age.

The effective date of the member’s request according to this Section is the date on which ASRS receives the Application to Rescind, Revert or Change Contingent Annuitant.

According to A.R.S. § 38-760(B)(2), a member whose Original Retirement Date is on or after July 1, 2008 and who elects a Period Certain and Life Annuity Retirement Benefit Option, may rescind the election according to subsection (E) and elect to receive a Straight Life Annuity prior to the expiration of the member’s period certain term if one or more of the member’s primary beneficiaries dies or ceases to be a beneficiary according to the terms of an original or certified copy of a DRO.

The ASRS shall cancel a member’s Application to Rescind, Revert, or Change Contingent Annuitant if ASRS does not receive all forms and information required under this Section within six months immediately after the ASRS receives the application.

Historical Note

New Section made by final rulemaking at 26 A.A.R. 2036, effective November 8, 2020 (Supp. 20-3).
The ASRS shall honor a beneficiary designation last made or a retirement election submitted before July 1, 2013, even if the beneficiary designation or retirement election fails to comply with subsection (E).

Subsection (E) does not apply to a member who is receiving a mandatory lump sum distribution according to A.R.S. § 38-764.

Subsection (E) does not apply to a member who submits a Spousal Consent Exception form that contains the member’s notarized signature to the ASRS affirming under penalty of perjury that the member’s spouse’s consent is not required because of one of the reasons specified in A.R.S. § 38-776(C).

In order to change a beneficiary designation, a member shall submit the information contained in subsection (B) and:

1. A married member who changes a beneficiary designation on or after July 1, 2013, shall ensure the new beneficiary designation is consistent with subsection (E); or
2. A married member who retired before July 1, 2013, and who wishes to change the contingent annuitant or beneficiary, shall ensure that the new designation is consistent with subsection (E).

A married member who re-retires according to A.R.S. § 38-766:

1. Within less than 60 consecutive months of active membership, from the member’s previous retirement date, is not eligible to elect a different annuity option or different beneficiary than the member elected at the time of the previous retirement; or
2. At least 60 consecutive months of active membership after the member’s previous retirement date, may elect a different annuity option and different beneficiary than the member elected at the time of the previous retirement, and the election shall comply with subsection (E).

If a married member submits a retirement application that fails to comply with subsection (E), the member shall submit a new retirement application or written notice of new retirement elections that comply with subsection (E) within six months of the member’s Original Retirement Date. The member’s new Original Retirement Date is the date ASRS receives the new application or written notice unless the member elects a later date according to A.R.S. § 38-764.

If a married member made a beneficiary designation on or after July 1, 2013 that is not consistent with the requirements specified in subsection (E), the ASRS shall, at the time of the member’s death:

1. Notify both the spouse and designated beneficiary and:
   a. Provide the spouse with an opportunity to waive the right under subsection (E); and
   b. Provide the designated beneficiary with an opportunity to provide documentation that revokes the spouse’s right under subsection (E); and
2. Designate 50% of the member’s retirement benefit to the spouse if neither the spouse nor designated beneficiary respond to notification according to subsection (L)(1) within 30 days after notification.

If a married member designated a beneficiary before July 1, 2013 that does not comply with subsection (E), upon the death of the member, the member’s spouse may submit written notice to the ASRS prior to disbursement of the member’s account with the following information:

1. The member’s full name;
2. The member’s Social Security number or U.S. Tax Identification number;
3. The spouse’s assertion to the spouse’s right to community property;
4. An original or copy of the marriage certificate; and
5. An original or certified copy of the member’s death certificate.

If a spouse submits written notice according to subsection (M), the ASRS shall designate the spouse as beneficiary of a percentage of the member’s account according to A.R.S. §§25-211 and 25-214 and notify the member’s designated beneficiary of the spouse’s assertion.

The ASRS shall determine a spouse’s percentage of the member’s account according to subsection (L) based on the amount of service credit the member acquired during the marriage divided by the total amount of service credit the member acquired, multiplied by 50%.

If a beneficiary is notified of a spouse’s assertion according to subsection (N), then before ASRS disburses a survivor benefit, the beneficiary may notify ASRS of the beneficiary’s intent to appeal the spouse’s right to a survivor benefit.

Within 30 days, a beneficiary who has notified ASRS of the beneficiary’s intent to appeal a survivor benefit disbursement according to subsection (P), shall submit an appeal to ASRS according to 2 A.A.C. 8, Article 4.

An original or certified copy of a DRO may supersede the requirements in subsection (B).

To consent to an alternative retirement benefit option or beneficiary designation, a member’s spouse shall complete and have notarized a Spousal Consent form containing the following information:

1. Member’s full name;
2. Member’s Social Security number or U.S. Tax Identification number;
3. Whether the member’s spouse is consenting to one or more of the following:
   a. The member making a beneficiary designation that provides the spouse with less than 50% of the member’s account balance;
   b. The member electing a retirement option other than a Joint and Survivor Retirement Benefit Option;
   c. The member naming a contingent annuitant other than the spouse; and
   d. The spouse’s notarized signature.

A member’s spouse may revoke the spouse’s consent to an alternative retirement benefit option or beneficiary designation by sending written notice to ASRS with the following information:
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

R2-8-132. Survivor Benefit Options

A. The definitions in R2-8-126 apply to this Section.

B. If the beneficiary is eligible to elect the survivor benefit as monthly income for life according to A.R.S. § 38-762(C), the ASRS shall calculate the benefits based on the attained age of the beneficiary, calculated to the nearest full month, as of the date of the member’s death.

C. If the beneficiary elects to receive the survivor benefit as monthly income for life according to A.R.S. § 38-762(C), the ASRS shall calculate the benefits effective date as of the day after the member’s death and the ASRS shall pay interest up to the benefits effective date.

D. According to A.R.S. § 38-763, if the member elected a Period Certain and Life Annuity Retirement Benefit Option and deceases prior to the expiration of the period certain term, the member’s beneficiary may elect to complete the remaining period certain term or the beneficiary may elect to receive a lump sum distribution which is the greater of:
   1. The present value of the benefits based on the remaining period certain term; or
   2. The member’s ASRS account balance plus interest at the Assumed Actuarial Investment Earnings Rate specified in R2-8-118(A) through the month prior to the member’s retirement date, reduced by all retirement benefits due to the member.

E. Notwithstanding subsection (D), a beneficiary is not eligible to elect to complete the remaining period certain term if the period certain term has expired.

F. If the beneficiary elects to complete the remaining period certain term or elects to receive a lump sum that is the present value of the benefits based on the remaining period certain term according to subsection (D), the ASRS shall not pay interest.

G. If a member’s beneficiary or contingent annuitant does not want to receive a survivor benefit according to 26 U.S.C. § 2518, within nine months after the member’s death, the beneficiary or contingent annuitant may submit a written request to the ASRS with the following information for the beneficiary or contingent annuitant:
   1. Full name;
   2. Social Security number if the beneficiary or contingent annuitant is a U.S. citizen;
   3. Address; and
   4. Notarized signature acknowledging the following statements:
      a. The beneficiary or contingent annuitant is aware that, as a beneficiary or contingent annuitant of the member, the beneficiary or contingent annuitant is entitled to a survivor benefit in the amount specified by the ASRS;
      b. The beneficiary is renouncing a portion or all of the beneficiary’s rights to the member’s benefit;
      c. The contingent annuitant is renouncing all of the contingent annuitant’s rights to the member’s benefit;
      d. The beneficiary understands that by renouncing rights to the member’s benefit, the portion that the beneficiary is renouncing will be paid to any other survivor on the member’s account, or if there is no other designated survivor, the benefit will be paid to the member’s estate; and
      e. The contingent annuitant understands that by renouncing rights to the member’s benefit, the ASRS shall pay the member’s ASRS account balance plus interest at the Assumed Actuarial Interest and Investment Return Rate specified in R2-8-118(A) through the month prior to the member’s retirement date, reduced by all retirement benefits due to the member, to any other survivor on the member’s account, or if there is no other designated survivor, to the member’s estate.

H. According to 26 U.S.C. § 2518, a minor beneficiary’s or contingent annuitant’s survivor benefit cannot be renounced.

R2-8-133. Survivor Benefit Applications

A. The definitions in R2-8-126 apply to this Section.

B. The ASRS shall not distribute a survivor benefit until a claimant notifies the ASRS of a member’s death by telephone or submission of a death certificate, unless the member elected a Joint and Survivor Benefit Option upon retirement.

C. Upon notification of the death of a member, the ASRS shall distribute the survivor benefits according to the most recent, Acceptable Form that is On File with the ASRS that was received at least one day prior to the date of the member’s death, unless otherwise provided by law.

D. The designated beneficiary or other person specified in A.R.S. § 38-762(E) shall provide the following:
   1. An original certified death certificate or a certified copy of a court order that establishes the member’s death;
   2. If the claimant is not a designated beneficiary, but is a person specified in A.R.S. § 38-762(E), a copy of a document issued from a federal, state, local, sovereign, or medical institution showing the claimant’s relationship to the deceased member;
   3. A certified copy of the court order of appointment as administrator, if applicable; and
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

4. Except if the deceased member was retired and elected the joint and survivor option, complete and have notarized an Application for Survivor Benefits, provided by the ASRS that includes:
   a. The deceased member’s full name,
   b. The deceased member’s Social Security number or U.S. Tax Identification number,
   c. The benefit the designated beneficiary or other person specified in A.R.S. § 38-762(E) is electing;
   d. If the designated beneficiary or other person specified in A.R.S. § 38-762(E) is electing to roll over a benefit, the following information:
      i. The claimant’s full name;
      ii. The name of the institution to which the claimant is electing to roll over;
      iii. The address of the institution to which the claimant is electing to roll over;
      iv. The full name of the authorized representative of the institution to which the claimant is electing to roll over;
      v. The signature of the authorized representative of the institution to which the claimant is electing to roll over;
   e. If the beneficiary is electing to have any of the survivor benefits directly deposited into a bank account, the following information:
      i. Whether the bank account is a checking or savings account;
      ii. The name of the banking institution to which the benefit is being sent;
      iii. The routing number;
      iv. The account number; and
   f. The following information for the designated beneficiary or other person specified in A.R.S. § 38-762(E):
      i. Full name;
      ii. Mailing address, if not On File with ASRS;
      iii. Date of birth, if applicable; and
      iv. Social Security number or U.S. Tax Identification number, if not On File with ASRS.
   g. The following statements of understanding:
      i. The designated beneficiary or other person specified in A.R.S. § 38-762(E) has read and understands the Special Tax Notice Regarding Plan Payments they received with this application;
      ii. The designated beneficiary or other person specified in A.R.S. § 38-762(E) authorizes the ASRS to make payments as indicated above and agree on behalf of themselves and their heirs that such payments shall be a complete discharge of the claim and shall constitute a release of the ASRS from any further obligation on account of the benefit;
      iii. The designated beneficiary or other person specified in A.R.S. § 38-762(E) authorizes the ASRS and the Banking Institution listed above to debit their account for the purposes of correcting errors and returning any payments inadvertently made after their death;
      iv. Under penalties of perjury, the designated beneficiary or other person specified in A.R.S. § 38-762(E) certifies that:
         (1) The Social Security number or U.S. Tax Identification number shown on this application is correct;
         (2) They are not subject to backup withholding because:
            (a) They are exempt from backup withholding, or
            (b) They have not been notified by the Internal Revenue Service that they are subject to backup withholding as a result of a failure to report all interest or dividends, or
            (c) The Internal Revenue Service has notified them that they are no longer subject to backup withholding; and
         (3) They are a legal resident of the United States, unless they are an estate or trust.
      v. The designated beneficiary or other person specified in A.R.S. § 38-762(E) understands their right to a 30-day notice period to consider a rollover or a cash distribution and they elect to waive the notice period by their election for payment on this application;
      vi. The designated beneficiary or other person specified in A.R.S. § 38-762(E) understands if they elect to roll over all or any portion of their distribution to another eligible retirement plan, it is their responsibility to verify that the receiving plan will accept the rollover and, if applicable, agree to separately account for the taxable and nontaxable amounts rolled over and the related subsequent earnings on such amounts;
      vii. The designated beneficiary or other person specified in A.R.S. § 38-762(E) understands if they elect to roll over all or any portion of their distribution to an IRA plan, it is their responsibility to verify that the receiving IRA institution will accept the rollover and, if applicable, it is their responsibility to separately account for taxable and nontaxable amounts rolled over and the related subsequent earnings on such amounts;
      viii. The designated beneficiary or other person specified in A.R.S. § 38-762(E) understands if they elect to roll over to another eligible retirement plan, any portion of the distribution not designated for a rollover will be paid directly to them and any taxable amounts will be subject to federal and state income tax withholding;
      ix. The designated beneficiary or other person specified in A.R.S. § 38-762(E) understands if they elect to roll over to an inherited IRA plan, any portion of the distribution not designated for a rollover will be paid directly to them and any taxable amounts will be subject to federal and state income tax withholding;
      xi. The designated beneficiary or other person specified in A.R.S. § 38-762(E) understands if they elect to roll over to an inherited IRA plan, they may be required to receive a minimum distribution and they certify that the date of birth shown on this form is correct.

5. For a member who elected a Joint and Survivor Retirement Benefit Option, a contingent annuitant shall submit a Joint and Survivor Certification form containing:
   a. The following information for the member:
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

i. Full name;
ii. Social Security number or U.S. Tax Identification number;
iii. Date of death; and

b. The following information for the beneficiary:
   i. Legal relationship to the member;
   ii. Full name;
   iii. Social Security number or United States Tax Identification number, if not On File with ASRS;
   iv. Mailing address, if not On File with ASRS;
   v. Date of birth, if not On File with ASRS;
   vi. If the contingent annuitant is electing to have any of the survivor benefits directly deposited into a bank account, the
       following information:
       (1) Whether the bank account is a checking or savings account;
       (2) The name of the banking institution to which the benefit is being sent;
       (3) The routing number;
       (4) The account number; and

c. The following statements of understanding:
   i. The contingent annuitant has read and understands the Special Tax Notice Regarding Plan Payments they received with
      the Joint and Survivor Certification form;
   ii. The contingent annuitant authorizes the ASRS to make payments as indicated above and agree on behalf of themselves
      and their heirs that such payments shall be a complete discharge of the claim and shall constitute a release of the ASRS
      from any further obligation on account of the benefit; and
   iii. The contingent annuitant authorizes the ASRS and the Banking Institution listed above to debit their account for the
       purposes of correcting errors and returning any payments inadvertently made after their death.

   d. The contingent annuitant’s notarized signature.

E. Notwithstanding R2-8-132(H), if the beneficiary or contingent annuitant is a minor as of the date of the member’s death, the benefi-
   ciary or contingent annuitant may submit a written request with the information contained in R2-8-132(G)(1) through (4) within nine
   months after the minor attains 18 years of age.

F. For a member who deceases prior to the member’s retirement date, if there is no designation of beneficiary or if the designated benefi-
   ciary predeceases the member, the ASRS shall pay a survivor benefit as specified in A.R.S. § 38-762(E).

G. The ASRS shall begin disbursing a survivor benefit to a contingent annuitant according to A.R.S. § 38-760(B)(1) upon notification
   and verification of the member’s death by a third party.

H. The ASRS shall suspend a survivor benefit for a contingent annuitant unless the contingent annuitant provides the information in sub-
   section (D) within two months of the ASRS disbursing a survivor benefit.

I. If the member is domiciled in Arizona, according to A.R.S. § 14-3971, and there is no designated beneficiary, the ASRS shall distrib-
   ute the balance of a member’s account to a claimant if the claimant submits an Affidavit for Collection of Personal Property to ASRS
   with the following:
   1. The claimant’s name;
   2. The claimant’s Social Security number or U.S. Tax Identification number;
   3. The claimant’s mailing address;
   4. The member’s name;
   5. The member’s Social Security number or U.S. Tax Identification number;
   6. The date of the member’s death;
   7. The state and county where the member died;
   8. Statements indicating:
      a. According to A.R.S. § 14-3971(B)(2)(a), no application or petition for the appointment of a personal representative is pend-
         ing or has been granted in any jurisdiction and the value of the member’s entire estate, less liens and encumbrances, does not
         exceed the amount in A.R.S. § 14-3971 as valued as of the date of the member’s death;
      b. According to A.R.S. § 14-3971(B)(2)(b), the personal representative has been discharged, or more than a year has elapsed
         since a closing statement has been filed and the value of the member’s entire estate, less liens and encumbrances, does not
         exceed the amount in A.R.S. § 14-3971 as valued as of the date the ASRS receives the Affidavit for Collection of Personal
         Property;
      c. The claimant is the successor of the member and is entitled to the member’s personal property because:
         i. The claimant is named in the member’s will; or
         ii. The member did not have a will and the claimant is entitled to the member’s personal property by right of intestate
             succession according to A.R.S. § 14-2103;
      d. If the claimant is entitled to the member’s personal property according to subsection (I)(8)(c)(i), then a copy of the mem-
         ber’s will;
      e. If the claimant is entitled to the member’s personal property according to subsection (I)(8)(c)(ii), then the relationship be-
         tween the member and the claimant and whether there are other surviving heirs;
      f. If there are other surviving heirs, then the name and relationship of each surviving heir;
      g. A statement indicating the claimant is making the Affidavit for Collection of Personal Property according to A.R.S. §
         14-3971 for the purpose of making a claim to the member’s ASRS account; and
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

h. The claimant’s notarized signature.

J. If the member is not domiciled in Arizona and there is no designated beneficiary, the ASRS shall distribute the balance of a member’s account to a claimant if the claimant submits legal documentation to claim the member’s ASRS account that complies with the statutory requirements of the state in which the member was domiciled at the time of the member’s death.

K. Notwithstanding any other provision, if the amount of the survivor benefit as valued at the date of disbursement is less than $10,000 per annum, the ASRS shall not distribute a survivor benefit to a minor beneficiary unless the minor beneficiary’s legal guardian submits the following written information:
   1. The member’s full name;
   2. The member’s Social Security number or U.S. Tax Identification number;
   3. The minor beneficiary’s full name;
   4. The minor beneficiary’s Social Security number or U.S. Tax Identification number;
   5. The full name of the minor beneficiary’s legal guardian;
   6. The minor beneficiary’s legal guardian’s address, if not On File with ASRS; and
   7. The minor beneficiary’s legal guardian’s signature certifying the minor beneficiary’s legal guardian has care and custody of the minor beneficiary.

L. Notwithstanding any other provision, if the amount of the survivor benefit as valued at the date of disbursement is $10,000 or more per annum, the ASRS shall not distribute a survivor benefit to a minor beneficiary unless the minor beneficiary’s conservator submits proof of court-appointed fiduciary responsibility for the minor beneficiary.

M. The ASRS shall remit payment to the minor beneficiary according to subsection (K) by sending the minor beneficiary’s conservator a check, if the document providing proof of the court-appointed fiduciary responsibility requires payment to be made to a restricted or secure account.

N. If a person claims that a beneficiary or claimant is not entitled to a survivor benefit, then before ASRS disburses a survivor benefit, the person may notify ASRS of the person’s intent to appeal the beneficiary’s or claimant’s right to a survivor benefit.

O. Within 30 days, a person who has notified ASRS of the person’s intent to appeal a survivor benefit disbursement according to subsection (N), shall submit an appeal to ASRS according to 2 A.A.C. 8, Article 4.

P. If the ASRS receives documentation from, or confirmed by, a law enforcement agency, that a beneficiary or claimant may be guilty of the felonious and intentional killing of the member, the ASRS shall not distribute any benefits to the beneficiary or claimant that may be guilty of the felonious and intentional killing of the member until the matter has been adjudicated.

Q. If the member’s estate has an appointed personal representative, the member’s estate shall submit a court document identifying the personal representative for the member’s estate before ASRS may distribute a survivor benefit.

R. If the member’s estate is closed, the person claiming a right to the member’s ASRS account shall provide a court document proving the estate is closed.

S. If the survivor receives a monthly annuity and does not provide the direct deposit information according to subsection (D)(4)(e) or (D)(5)(b)(vi), ASRS shall issue a debit benefit card.

ARTICLE 2. HEALTH INSURANCE PREMIUM BENEFIT

R2-8-201. Definitions
The following definitions apply to this Article unless otherwise specified:
1. “Coverage” means a medical and/or dental insurance plan a retired member, Disabled member, or beneficiary obtains through the ASRS or an Employer.
2. “Contingent annuitant” means the same as in A.R.S. § 38-711(8) and the person is eligible for Coverage.
3. “Disabled” means the member has a disability and is receiving long-term disability benefits pursuant to A.R.S. § 38-797 et seq.
4. “Family calculation” means the family Coverage premium described in A.R.S. § 38-783(B).
5. “Joint & survivor” means the annuity option described in A.R.S. § 38-760(B)(1).
6. “Net premium” means the amount of the Coverage premium reduced by the amount of the Premium Benefit provided by the ASRS.
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

7. “On file” means the same as in R2-8-115.
8. “Original retirement date” means the same as in R2-8-126.
9. “Optional premium benefit” means the election, upon retirement, to have the Premium Benefit paid on behalf of the member’s Contingent Annuitant upon death of the member pursuant to A.R.S. § 38-783.
10. “Period-certain” means the annuity option described in A.R.S. § 38-760(B)(2).
11. “Premium benefit” means the amount the ASRS provides on behalf of a retired member or Disabled member in order to offset the Coverage premium of the retired or Disabled member pursuant to A.R.S. § 38-783.

Historical Note

R2-8-202. Premium Benefit Eligibility and Benefit Determination
A. A retired member or Disabled member who has five or more years of service and who elects to maintain Coverage is eligible for a Premium Benefit as follows:
1. A retired member or Disabled member who elects to maintain Coverage for the retired member or Disabled member only, is eligible for a Single Calculation of the Premium Benefit as described in R2-8-204(A);
2. A retired member or Disabled member who elects to maintain Coverage for the retired member or Disabled member and a dependent who is not a retired member or Disabled member is eligible for a Family Calculation of the Premium Benefit as described in R2-8-204(B).
3. A retired member or Disabled member who elects to maintain Coverage for the retired member or Disabled member and a dependent who is a retired member or Disabled member is eligible for the greater of:
   a. Two Single Calculations of the Premium Benefit described in R2-8-204(A); or
   b. One Family Calculation of the Premium Benefit described in R2-8-204(B).
4. A retired member or Disabled member who is enrolled as a dependent on a member’s insurance plan is eligible for a Single Calculation of the Premium Benefit described in R2-8-204(A) if:
   a. The retired member has an Original Retirement Date prior to August 2, 2012; or
   b. The Disabled member became Disabled prior to August 2, 2012;
5. A retired member or Disabled member who elects to maintain Coverage for the retired member or Disabled member and multiple dependents, some of whom are retired members or Disabled members, is eligible for the greater of:
   a. Two Single Calculations of the Premium Benefit described in R2-8-204(A); or
   b. One Family Calculation of the Premium Benefit described in R2-8-204(B).
B. Pursuant to A.R.S. § 38-783(E), a retired member who returns to work with an Employer and elects to maintain Coverage is eligible to receive a Premium Benefit if the member has an Original Retirement Date prior to August 2, 2012.
C. Pursuant to A.R.S. § 38-783(E), a Disabled member who elects to maintain Coverage is eligible to receive a Premium Benefit if the Disabled member became Disabled prior to August 2, 2012.
D. A member who receives a lump sum distribution from the ASRS upon retirement is eligible to receive a Premium Benefit pursuant to this Article.
E. Notwithstanding any other Section, a retired member who has an Original Retirement Date on or after August 2, 2012, or a Disabled member who became Disabled on or after August 2, 2012 is eligible to receive a Premium Benefit pursuant to this Article, only if Coverage is not Subsidized.

Historical Note

R2-8-203. Payment of Premium Benefit
A. Every month, the ASRS shall provide a Premium Benefit to the Employer on behalf of a retired member, Disabled member, or Contingent Annuitant who maintains Coverage and is eligible to receive a Premium Benefit pursuant to R2-8-202.
B. Notwithstanding subsection (A), if a retired member who is eligible to receive a Premium Benefit pursuant to R2-8-202 elects to maintain Coverage with the Arizona Department of Administration or the ASRS, the ASRS shall reduce the retired member’s pension amount by the amount of the retired member’s Net Premium for Coverage pursuant to this Article, unless the Net Premium exceeds the pension amount.
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

C. Notwithstanding subsection (A), if a retired member who is eligible to receive a Premium Benefit pursuant to R2-8-202 elects to maintain Coverage with the ASRS and the Net Premium exceeds the retired member’s pension amount, the retired member shall be responsible for remitting the Net Premium to the retired member’s insurance company and the ASRS shall:
1. Not reduce the retired member’s pension amount; and
2. Remit payment of the Premium Benefit to the retired member’s insurance company.

D. Notwithstanding subsection (A), if a retired member who is eligible to receive a Premium Benefit pursuant to R2-8-202 elects to maintain Coverage with the Arizona Department of Administration and the Net Premium exceeds the retired member’s pension amount, the retired member shall be responsible for remitting the Net Premium to the Arizona Department of Administration and the ASRS shall:
1. Not reduce the retired member’s pension amount; and
2. Remit payment of the Premium Benefit to the Arizona Department of Administration.

E. If a Disabled member who is eligible to receive a Premium benefit pursuant to R2-8-202 maintains Coverage with the Arizona Department of Administration, the ASRS shall remit the Premium Benefit to the Arizona Department of Administration, unless the Disabled member is participating in the Six-Month Reimbursement Program pursuant to R2-8-206.

F. If a Disabled member who is eligible to receive a Premium Benefit pursuant to R2-8-202 maintains Coverage with the ASRS, the ASRS shall remit the Premium Benefit to the Disabled member’s insurance company and the Disabled member shall be responsible for remitting the Net Premium to the Disabled member’s insurance company.

G. If a retired member or Disabled member who is eligible to receive a Premium Benefit pursuant to R2-8-202 maintains Coverage with an Employer other than the ASRS or the Arizona Department of Administration, the ASRS shall remit the Premium Benefit to the retired member’s or Disabled member’s Employer, unless the retired member or Disabled member is participating in the Six-Month Reimbursement Program pursuant to R2-8-206.

H. If a retired member or Disabled member is eligible to receive a Premium Benefit pursuant to R2-8-202, the ASRS shall provide the lesser of the following for any one retired member or Disabled member:
1. The actual cost of the Coverage premium; or
2. The greatest Premium Benefit calculation for which the retired member or Disabled member is eligible pursuant to R2-8-202.

I. If a retired member is eligible to receive a Premium Benefit pursuant to R2-8-202 and the member retires from the ASRS in addition to retiring from another State retirement system or plan described in A.R.S. § 38-921, each month, the ASRS shall remit any Premium Benefit for which the retired member is eligible under this Article to the other State retirement system or plan from which the member retired.

Historical Note

R2-8-204. Premium Benefit Calculation

A. A Single Calculation for a Premium Benefit is based on the retired member’s or Disabled member’s Coverage election, years of service, and Medicare or non-Medicare status.

B. A Family Calculation for a Premium Benefit is based on the retired member’s or Disabled member’s Coverage election, years of service, and Medicare or Non-Medicare status, and the Medicare or Non-Medicare status of any dependents for which the retired member or Disabled member has obtained Coverage.

C. A Contingent Annuitant who is eligible to receive an Optional Premium Benefit pursuant to R2-8-207 shall receive an Optional Premium Benefit amount based on:
1. The retired member’s years of service and optional retirement benefit election pursuant to A.R.S. § 38-760; and
2. The Contingent Annuitant’s Coverage and Medicare or non-Medicare status.

D. Notwithstanding R2-8-203(H), if a Contingent Annuitant is a retired member, the Contingent Annuitant may be entitled to receive more than one Premium Benefit.

Historical Note

R2-8-205. Premium Benefit Documentation

A. Every year, prior to the effective date of Coverage, an Employer shall report to the ASRS all the Coverage plans and premium rates the Employer offers to its retired or Disabled employees.

B. An Employer shall inform the ASRS of any changes to the retired member’s, Disabled member’s, or Contingent Annuitant’s Coverage, including enrollment in Coverage, maintained through the Employer within 30 days of the changes taking effect.

C. Using the Employer’s secure ASRS website account, or another ASRS approved method, an Employer shall submit the following health insurance enrollment, change, and/or deletion information pursuant to subsection (B):
1. The retired member’s, Disabled member’s, or Contingent Annuitant’s Social Security number or U.S. Tax Identification number;
2. The retired member’s, Disabled member’s, or Contingent Annuitant’s full name;
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

3. The retired member’s, Disabled member’s, or Contingent Annuitant’s date of birth;
4. The Coverage in which the retired member, Disabled member, or Contingent Annuitant is enrolling;
5. The type of change that is being made to the Coverage;
6. The following information for each dependent enrolled in, or to be enrolled in, Coverage:
   a. First and last name;
   b. Social Security number or U.S. Tax Identification number;
   c. Date of birth; and
   d. Medicare number, if applicable.
7. The old and new premium amounts for Coverage;
8. The effective date of the change, deletion, and/or enrollment;
9. The Employer’s name and telephone number;
10. A certification by the Employer representative’s dated signature that the information is current and correct.

Historical Note

R2-8-206. Six-Month Reimbursement Program
A. For a retired member or Disabled member who is eligible for a Premium Benefit pursuant to R2-8-202(A)(4) or (B), the ASRS shall remit the Premium Benefit to the retired member or Disabled member pursuant to subsection (B).
B. Pursuant to subsection (A), the ASRS shall remit the Premium Benefit to the retired member or Disabled member every six months, payable in July and January. For purposes of this Section, the Premium Benefit shall be the aggregate amounts of the Premium Benefit the retired member or Disabled member is entitled to receive during the previous six months.
C. In order to receive a Premium Benefit payment pursuant to subsection (B), a retired member or Disabled member shall submit to the ASRS the Reimbursement of Medical and/or Dental Cost (Six-Month Reimbursement Program) form after the last day of the last month for which the retired member or Disabled member is seeking reimbursement.
D. The Reimbursement of Medical and/or Dental Cost (Six-Month Reimbursement Program) form that a retired member or Disabled member submits pursuant to subsection (C) shall include the following information:
1. The retired member’s or Disabled member’s Social Security number or U.S. Tax Identification number;
2. The retired member’s or Disabled member’s full name;
3. The retired member’s or Disabled member’s mailing address and phone number;
4. The retired member’s or Disabled member’s date of birth;
5. The retired member’s or Disabled member’s status with the ASRS;
6. The retired member’s or Disabled member’s status with the retired member’s or Disabled member’s Employer;
7. The following Coverage information for the Coverage policy holder:
   a. First and last names;
   b. Social Security number or U.S. Tax Identification number;
   c. Date of birth; and
   d. Effective date of Coverage;
8. The following information for each dependent enrolled in, or to be enrolled in, Coverage:
   a. First and last name;
   b. Social Security number or U.S. Tax Identification number;
   c. Date of birth; and
   d. Effective date of Coverage;
9. Six-month reimbursement totals identified by:
   a. The month and year the premium is due for Coverage;
   b. The total medical plan premium per month;
   c. The total dental plan premium per month;
   d. The employee’s out-of-pocket payroll deduction for a medical premium per month;
   e. The employee’s out-of-pocket payroll deduction for a dental premium per month;
   f. The employee’s total out-of-pocket payroll deduction for medical and dental premiums per month;
10. The Employer’s name;
11. The Employer’s phone number;
12. The Employer’s email address;
13. The name of the Employer’s representative; and
14. The dated signature of the Employer’s representative.

Historical Note
New Section made by final rulemaking at 10 A.A.R. 1962, effective May 4, 2004 (Supp. 04-2). Section expired under A.R.S. § 41-1056(E) at 16 A.A.R. 1765, effective July 14, 2010 (Supp. 10-3). New Section made by final rulemaking at 23 A.A.R. 1414,
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

effective July 3, 2017 (Supp. 17-2). Amended by final expedited rulemaking at 27 A.A.R. 479, with an immediate effective of March 5, 2021 (Supp. 21-1).

R2-8-207. Optional Premium Benefit

A. A member who retires on or after January 1, 2004 is eligible to elect the Optional Premium Benefit to be effective on the date of the retired member’s retirement and may designate a Contingent Annuitant to receive the Optional Premium Benefit upon the death of the retired member if:

1. The retired member elects a retirement option under A.R.S. § 38-760; and
2. The retired member elects to maintain Coverage.

B. A retired member who returns to active membership for 60 consecutive months or more before retiring again, may elect or re-elect the Optional Premium Benefit pursuant to subsection (A).

C. A retired member who does not return to active membership for 60 consecutive months or more before retiring again is not eligible to elect the Optional Premium Benefit pursuant to subsection (A) unless the retired member elected the Optional Premium Benefit to be effective on the date of the retired member’s Original Retirement Date.

D. In order to elect, re-elect, or terminate the Optional Premium Benefit pursuant to subsection (A), the retired member shall submit to the ASRS the Optional Premium Benefit Program Election or Termination form containing the following information:

1. The retired member’s Social Security number or U.S. Tax Identification number;
2. Whether the retired member is electing, declining, or terminating the Optional Premium Benefit;
3. The following information for the Contingent Annuitant if the retired member is electing or re-electing the Optional Premium Benefit:
   a. The Social Security number or U.S. Tax Identification number;
   b. The full name; and
   c. The date of birth, if not On File; and
4. Certification of understanding by the retired member’s dated signature of the following statements:
   a. I have a one-time election at the time of retirement for this benefit, and have a retirement date on or after January 1, 2004;
   b. I must elect a Joint & Survivor or Period-Certain annuity option;
   c. If I elect to participate, my Contingent Annuitant must be either participating or eligible to participate in my retiree health care plan at the time of my death;
   d. I must provide proof of birth date for my Contingent Annuitant;
   e. The Premium Benefit will be actuarially reduced for the remainder of my benefit and my Contingent Annuitant’s benefit as long as the Optional Premium Benefit is elected; and
   f. I may rescind the election at any time and be eligible for the unreduced Premium Benefit payable as provided by law.

E. In order to elect or re-elect the Optional Premium Benefit, a member shall submit the Optional Premium Benefit Program Election or Termination form to the ASRS prior to the member’s Original Retirement Date.

F. A Contingent Annuitant the retired member designates to receive the Optional Premium Benefit upon the retired member’s death is eligible to receive a Premium Benefit if:

1. The retired member designates the Contingent Annuitant as the primary beneficiary on the member’s retirement account;
2. The Contingent Annuitant is enrolled in a Coverage plan at the time of the member’s death or the Contingent Annuitant enrolls in a Coverage plan within six months of the retired member’s death pursuant to A.R.S. § 38-782(A); and
3. The Contingent Annuitant is eligible to receive at least one monthly payment.

G. Upon the death of a retired member who elected the Optional Premium Benefit pursuant to subsection (A), the ASRS shall provide the Optional Premium Benefit on behalf of the retired member’s Contingent Annuitant who is eligible to receive the Optional Premium Benefit pursuant to subsection (F).

H. Notwithstanding subsection (G), the amount of the Optional Premium Benefit the ASRS provides on behalf of a Contingent Annuitant shall not exceed the actual amount of the Coverage premium.

I. Unless otherwise indicated by law, the Optional Premium Benefit shall not terminate upon the death of the retired member if a Contingent Annuitant is eligible for the Optional Premium Benefit pursuant to subsection (F).

Historical Note

ARTICLE 3. LONG-TERM DISABILITY

R2-8-301. Definitions
The following definitions apply to this Article unless otherwise specified:

1. “Attending Physician” means a provider:
   a. Who is a qualified medical provider or other legally qualified practitioner of a healing art that the claims administrator recognizes or is required by law to recognize;
   b. Whose medical training and clinical experience are qualified to treat the member’s disabling condition;
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

2. “Direct Care” means the member is actively receiving treatment from a provider for the member’s disability at least once per calendar year.
3. “Estimated Social Security disability income amount” means the same as in R2-8-801(2).
4. “LTD” means the Long-Term Disability program described in A.R.S. § 38-797 et seq.
5. “LTD benefit” means the amount of funds the member receives from the ASRS or the ASRS contracted LTD claims administrator, for the period of time a member has an eligible disability as described in A.R.S. § 38-797.07(A)(11).
6. “LTD contribution” means the amount of funds the member remits to the ASRS from the member’s compensation as payment for the LTD program.

Historical Note

R2-8-302. Application for Long-Term Disability Benefit
A. In order to claim an LTD benefit, a disabled member shall submit to the disabled member’s Employer all the completed forms prescribed by the ASRS contracted LTD claims administrator within 12 months of the date the disabled member became disabled.
B. Pursuant to A.R.S. § 38-797.07(D), in order to continue receiving an LTD benefit, a disabled member shall submit documentation regarding the disabled member’s ongoing disability and occupation as required by the ASRS contracted LTD claims administrator to determine the disabled member’s continuing eligibility for an LTD benefit.
C. Pursuant to A.R.S. § 38-797.07(11), in order to submit an application for an LTD benefit, a member must provide objective medical evidence from an Attending Physician.
D. Pursuant to A.R.S. § 38-797.07(7)(b)(i), in order to continue receiving an LTD benefit, the disabled member must be under the Direct Care of a doctor.

Historical Note

R2-8-303. Long-Term Disability Calculation
A. The ASRS contracted LTD claims administrator shall calculate an LTD benefit for a member using the member’s monthly compensation as described in A.R.S. § 38-797(11).
B. For a member whose monthly compensation is $0 as of the date of disability, the ASRS shall pay a monthly benefit of $50 unless the benefit is reduced pursuant to R2-8-807 or required to be reduced pursuant to A.R.S. § 38-797.07(A)(2).
C. The ASRS shall reduce a member’s LTD benefit in accordance with A.R.S. § 38-797.07(A).
D. Notwithstanding any other section, a member who became disabled on or after August 27, 2019, shall not receive a benefit under this article that would increase the member’s monthly compensation after disability to an amount that exceeds 100% of the member’s monthly compensation before disability.

Historical Note

R2-8-304. Payment of Long-Term Disability Benefit
A. The ASRS contracted LTD claims administrator shall begin providing an LTD benefit to an eligible disabled member no sooner than six months after the date the disabled member became disabled.
B. Notwithstanding subsection (A), the ASRS contracted LTD claims administrator may begin providing an LTD benefit to an eligible disabled member sooner than six months if the disability is related to the member’s disability that occurred within six months immediately preceding the disability.
C. The ASRS contracted LTD claims administrator may provide an eligible disabled member’s LTD benefit to a third party pursuant to A.R.S. § 38-797.09.

Historical Note
R2-8-305. Social Security Disability Appeal

A. Upon request by the ASRS contracted LTD claims administrator, a member who claims an LTD benefit pursuant to R2-8-302(A) shall submit a Social Security disability income application as prescribed by the ASRS contracted LTD claims administrator.

B. In order to continue receiving an LTD benefit, a member whose application for Social Security disability income has been denied or terminated must appeal the most recent determination of denial or termination through a hearing before an administrative law judge pursuant to A.R.S. § 38-797.07(A)(10)(a) until the ASRS contracted LTD claims administrator or the Social Security Claims Administrator determines the member is not eligible for a Social Security benefit.

C. Within 10 days after a member receives notice of the status of the member’s Social Security disability income application, the member shall notify:
   1. The ASRS of the member’s application status by submitting a copy of the notice identifying the status of the member’s Social Security disability income application to the ASRS, if the member is not receiving an LTD benefit; or
   2. The ASRS contracted LTD claims administrator of the member’s application status by submitting a copy of the notice identifying the status of the member’s Social Security disability income application to the ASRS contracted LTD claims administrator, if the member is not receiving an LTD benefit.

D. A member who disagrees with an LTD determination by the ASRS contracted LTD claims administrator may submit an appeal pursuant to 2 A.A.C. 8, Article 4.

Historical Note
New Section made by final rulemaking at 23 A.A.R. 2746, effective November 13, 2017 (Supp. 17-3).

R2-8-306. Approval of Social Security Disability

Upon receipt of a Social Security disability income benefit, a member shall immediately remit to:
   1. The ASRS the amount of the Social Security disability income benefit necessary to offset the LTD benefit; or
   2. The ASRS contracted LTD claims administrator the amount of the Social Security disability income benefit necessary to offset the LTD benefit.

Historical Note
New Section made by final rulemaking at 23 A.A.R. 2746, effective November 13, 2017 (Supp. 17-3).

ARTICLE 4. PRACTICE AND PROCEDURE BEFORE THE BOARD

R2-8-401. Definitions

The following definitions apply to this Article, unless otherwise specified:
   1. “Appealable agency action” has the same meaning as in A.R.S. § 41-1092.
   2. “Board” means, if established, a Committee designated by the Board to take action on appeals as described in A.R.S. § 38-714(E)(1) or, if a Committee is not established, the same as in A.R.S. § 38-711(6).
   3. “Final administrative action” has the same meaning as in A.R.S. § 41-1092 and is rendered by the Board.

Historical Note

R2-8-402. General Procedures

In computing any time period, parties shall exclude the day from which the designated time period begins to run. Parties shall include the last day of the period unless it falls on a Saturday, Sunday, or legal holiday. When the time period is 10 days or less, parties shall exclude Saturdays, Sundays, and legal holidays.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 444, effective January 4, 2005 (Supp. 05-1).

R2-8-403. Letters of Appeal; Request for a Hearing of an Appealable Agency Action

A. After receipt of an agency decision, a person who is not satisfied with the agency decision, may submit a letter of appeal:
   1. To the ASRS’s vendor for long-term disability benefits, if the appeal relates to a long-term disability decision; or
   2. To the ASRS Member Services Division Assistant Director, or such director’s designee, if the appeal relates to an agency decision other than a long-term disability decision.

B. Upon receipt of a letter of appeal, the long-term disability vendor, or the Member Services Division Assistant Director, or such director’s designee, shall send a response letter to the person requesting the appeal notifying the person of:
   1. The decision the agency is making in response to the letter of appeal; and
   2. The person’s right to appeal the agency response by submitting a letter of appeal to the ASRS Director or such director’s designee.

C. A person who is not satisfied with the agency response pursuant to subsection (B) may submit a letter of appeal to the ASRS Director or such director’s designee within 60 days of the date on the agency response letter.
D. Within 30 days of the date the ASRS receives a letter of appeal pursuant to subsection (C), the ASRS director or such director’s designee shall send a response letter by certified mail to the person requesting the appeal that includes:
   1. The agency action the ASRS is taking in response to the letter of appeal; and
   2. Notice of Appealable Agency Action, as required pursuant to A.R.S. § 41-1092.03 informing the person requesting the appeal, that the person has a right to appeal the agency action by submitting a Request for Hearing pursuant to subsections (E) and (F).

E. For an appealable agency action, a person who is not satisfied with an agency action pursuant to subsection (D) may file a Request for a Hearing, in writing, with the ASRS. The date the Request is filed is established by the ASRS date stamp on the face of the first page of the Request. The Request shall include the following:
   1. The name and mailing address of the member, employer, or other person filing the Request;
   2. The name and mailing address of the attorney for the person filing the Request, if applicable;
   3. A concise statement of the reasons for the appeal.

F. The person requesting a hearing shall file the Request for a Hearing with the ASRS within 30 days after receiving a response letter including a Notice of an Appealable Agency Action, pursuant to subsection (E).

G. Upon receipt of the Request for a Hearing, the ASRS shall notify the Office of Administrative Hearings as required in A.R.S. § 41-1092.03(B).

H. Pursuant to subsection (B):
   1. The long-term disability vendor shall send a response letter to the person requesting the appeal within 120 days of the date the long-term disability vendor receives the letter of appeal; and
   2. The Member Services Division Assistant Director, or such director’s designee, shall send a response letter to the person requesting the appeal within 30 days of the date the ASRS receives the letter of appeal.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 444, effective January 4, 2005 (Supp. 05-1). Amended by final rulemaking at 23 A.A.R. 487, effective April 8, 2017 (Supp. 17-1).

R2-8-404. Board Decisions on Hearings before the Office of Administrative Hearings
A recommended decision from the Office of Administrative Hearings that is sent to ASRS at least 30 days before the Board’s next regular meeting, shall be reviewed by the Board at that meeting. At the meeting, the Board shall render a decision to accept, reject, or modify the findings of fact, conclusions of law and recommendations in whole or in part. If the Board modifies or rejects a recommended decision, the Board shall state the reasons for the modification or rejection. The Board shall deliver the Board’s final decision to the Office of Administrative Hearings within five days after the meeting at which the Board made the final decision.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 444, effective January 4, 2005 (Supp. 05-1). Amended by final expedited rulemaking at 27 A.A.R. 479, with an immediate effective of March 5, 2021 (Supp. 21-1).

R2-8-405. Motion for Rehearing Before the Board; Motion for Review of a Final Decision
A. Except as provided in subsection (H), within 30 days after service of the final administrative decision, any aggrieved party in an appealable agency action may file with the Board a Motion for Rehearing Before the Board, in writing, specifying the particular grounds for rehearing before the Board.

B. Except as provided in subsection (H), within 30 days after service of the final administrative decision, any aggrieved party in an appealable agency action may file with the Board a Motion for Review of a Final Decision, in writing, specifying the particular grounds for reviewing the Board’s final administrative decision.

C. A party may amend a Motion for Rehearing Before the Board or a Motion for Review of a Final Decision at any time before the Board rules on the motion. A party may file a response within 15 days after the motion or the amended motion is filed. The Board may require the filing of written briefs upon the issues raised in the motion or the amended motion, and may provide for oral argument.

D. The Board may grant a Motion for Rehearing Before the Board or a Motion for Review of a Final Decision for any of the following causes that materially affects the moving party’s rights:
   1. Irregularity in the administrative proceedings of the agency or the hearing officer, or any order or abuse of discretion that deprives the moving party of a fair hearing;
   2. Misconduct of the Board, the hearing officer, or the prevailing party;
   3. Accident or surprise that could not have been prevented by ordinary prudence;
   4. Newly discovered material evidence that could not with reasonable diligence have been discovered and produced at the original hearing;
   5. Excessive or insufficient penalties;
   6. Error in the admission or rejection of evidence or other errors of law occurring at the administrative hearing or during the process of the action; or
   7. That the decision, or findings of fact, is not justified by the evidence or is contrary to law.

E. The Board may affirm or modify the final administrative decision or grant a rehearing before the Board or review of final administrative decision to all or any of the parties on all or part of the issues for any of the reasons in subsection (C). An order granting a rehearing or review shall specify with particularity the grounds for the order.

F. Not later than 10 days after the final administrative decision, the Board may, after giving each party notice and an opportunity to be heard, order a rehearing or review of its final administrative decision for any reason for which it might have granted a rehearing or re-
view on motion of a party. After giving the parties or their counsel notice and an opportunity to be heard on the matter, the Board may grant a motion for rehearing or review for a reason not stated in the motion. In either case, the order granting a rehearing or review shall specify the grounds on which it is granted.

G. When a motion for rehearing or review is based upon an affidavit, the affidavit shall be filed with the motion. An opposing party may, within 15 days after filing, file an opposing affidavit. The Board may extend the period for filing an opposing affidavit for not more than 20 days for good cause shown or by written stipulation of the parties. The Board may permit a reply affidavit.

H. The Board shall rule on the motion within 15 days after the response to the motion is filed or if a response is not filed, within five days of the expiration of the response period.

I. If the Board makes a specific finding that the immediate effectiveness of a particular decision is necessary for the preservation of the public peace, health, and safety and that a rehearing or review of the decision is impracticable, unnecessary, or contrary to the public interest, the decision may be issued as a final decision without an opportunity for a rehearing or review. If a decision is issued as a final decision without an opportunity for rehearing or review, an application for judicial review of the decision may be made within the time limits permitted for applications for judicial review of the Board’s final decisions.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 444, effective January 4, 2005 (Supp. 05-1). Amended by final rulemaking at 23 A.A.R. 487, effective April 8, 2017 (Supp. 17-1).

ARTICLE 5. PURCHASING SERVICE CREDIT

R2-8-501. Definitions
The following definitions apply to this Article unless otherwise specified:

1. “Active duty” means full-time duty in a branch of the United States uniformed service, other than Active Reserve Duty.
2. “Active reserve duty” means participating in required meetings and annual training in a Reserve or National Guard branch of the United States uniformed service.
3. “Actuarial present value” means an amount in today’s dollars of a member’s future retirement benefit calculated using appropriate actuarial assumptions and the:
   a. Eligible Member’s Current Years of Credited Service;
   b. Eligible Member’s age as of the date the Eligible Member submits to the ASRS a request to purchase service pursuant to this Article;
   c. Amount of Service Credit the member wishes to purchase; and
   d. Member’s current annual compensation.
4. “Authorized representative” means an individual who has been delegated the authority to act on behalf of a Custodian, Trustee, Plan Administrator, or a member, if the member’s IRA or 403(b) is not maintained by the member’s Employer.
5. “Current years of credited service” means the amount of credited service a member has earned or purchased, and the amount of Service Credit for which an Irrevocable PDA is in effect for which the member has not yet completed payment, but does not include any current requests to purchase Service Credit for which the member has not yet paid.
6. “Custodian” means a financial institution that holds financial assets for guaranteed safekeeping.
7. “Direct rollover” means distribution of Eligible Funds made payable to the ASRS as a contribution for the benefit of an eligible member from a retirement plan listed in A.R.S. § 38-747(H)(2) or (H)(3).
8. “Eligible funds” means payments listed in A.R.S. § 38-747(H)(2) and (H)(3).
9. “Eligible member” means a member who is eligible to purchase service pursuant to A.R.S. §§ 38-742, 38-743, 38-744, or 38-745.
10. “Forfeited service” means credited service for which the ASRS has returned retirement contributions to the member under A.R.S. § 38-740.
12. “Irrevocable PDA” means an irrevocable “Payroll Deduction Authorization” contract between an Eligible Member, an Employer, and the ASRS that requires the Employer to withhold payments from an Eligible Member’s pay for a specified amount and for a specified number of payments, as provided in A.R.S. § 38-747.
14. “LTD” means the same as in R2-8-301.
15. “Military Call-up service” means a member is called to Active Duty in a branch of the United States Uniformed Services.
16. “Military service” means Active Duty or Active Reserve Duty with any branch of the United States Uniformed Services or the Commissioned Corps of the National Oceanic and Atmospheric Administration.
17. “Military service record” means a United States Uniformed Services or National Oceanic and Atmospheric Administration document that provides the following information:
   a. The member’s full name;
   b. The member’s Social Security number;
   c. Type of discharge the member received; and
   d. Active Duty dates, if applicable; or
   e. Active Reserve Duty dates, if applicable; and
   f. Point history for Active Reserve Duty dates, if applicable.
19. “PDA pay-off invoice” means written correspondence from the ASRS to an Eligible Member that specifies the amount necessary to be paid by the Eligible Member to complete an Irrevocable PDA to receive the total credited service specified in the Irrevocable PDA.

20. “Plan administrator” means the person authorized to represent a specific eligible plan as addressed in IRC § 414(g).

21. “Service credit” means Forfeited Service, Leave of Absence Service, Military Service and Military Call-up Service under A.R.S. § 38-745, and Other Public Service that an Eligible Member may purchase.

22. “SP invoice” means a written correspondence from the ASRS informing an Eligible Member of the amount of money required to purchase a specified amount of Service Credit.

23. “Termination pay” means an Employer’s payment to the ASRS of an Eligible Member’s pay received as a result of terminating employment to purchase Service Credit as specified in A.R.S. § 38-747(B)(2).

24. “Three full calendar months” means the first day of the first full month through the last day of the third consecutive full month.

25. “Transfer employment” means to terminate employment with one Employer with which an Eligible Member has an Irrevocable PDA:
   a. After accepting an offer to work for a new Employer;
   b. While working as an active member for a different Employer; or
   c. Before returning to work with any Employer within 120 days of terminating employment.

26. “Trustee-to-Trustee transfer” means a transfer of assets to the ASRS as authorized in A.R.S. § 38-747(I), from a retirement program from which, at the time of the transfer, a member is not eligible to receive a distribution.

27. “Uniformed services” means the United States Army, Army Reserve, Army National Guard, Navy, Navy Reserve, Air Force, Air Force Reserve, Air Force National Guard, Marine Corps, Marine Corps Reserve, Coast Guard, Coast Guard Reserve, and the Commissioned Corps of the Public Health Service.

28. “Window credit” means overpayments made on previously purchased Service Credit by members of the ASRS as provided by Laws 1997, Ch. 280, § 21, and Laws 2003, Ch. 164, § 3.

**Historical Note**

**R2-8-502. Request to Purchase Service Credit and Notification of Cost**

A. An Eligible Member may request to purchase Service Credit electronically. The Eligible Member shall verify at the time of request, the following information for the Eligible Member:
   1. Name;
   2. Mailing address;
   3. Date of birth;
   4. Marital status;
   5. Gender;
   6. Primary email address;
   7. Primary phone number; and
   8. Which category of Service Credit the Eligible Member is requesting to purchase.

B. An Eligible Member who requests to purchase Service Credit pursuant to subsection (A) shall acknowledge the following statements of understanding:
   1. Any person who knowingly makes any false statement or who falsifies or permits to be falsified any record of the retirement plan with an intent to defraud the plan is guilty of a class 6 felony per A.R.S. § 38-793; and
   2. This transaction is subject to audit. If any errors or misrepresentations are discovered as a result of an audit, the Eligible Member’s total credited service with the ASRS will be adjusted as necessary and if the Eligible Member is retired, the Eligible Member’s retirement benefit will also be adjusted. Any overpayment or overpayments will be refunded. However, if a payment made with a rollover or pre-tax dollars is returned to the Eligible Member, there may be tax consequences as a result of this refund.

C. Upon receipt of the documentation required by this Article from the Eligible Member and if the Eligible Member’s request to purchase Service Credit meets the requirements of this Article, the ASRS shall provide the following to the Eligible Member:
   1. An SP Invoice stating the cost to purchase the amount of Service Credit the member is eligible to purchase;
   2. Instructions for electing method of payment; and
   3. The date payment election is due.

D. An Eligible Member who requests to purchase Service Credit pursuant to this Section shall elect one or more methods of payment and submit the election to the ASRS by the date payment election is due.

E. An Eligible Member who elects to purchase Service Credit using after-tax payments shall acknowledge the following information:
   1. After-tax payments must be from the Eligible Member and remitted to the ASRS by the Eligible Member;
   2. After-tax payments cannot be used to purchase political subdivision employment with a United States territory, commonwealth, overseas possession, or insular area; and
3. If the Eligible Member joined the ASRS on or after July 1, 1999, §§ 415(b) and 415(c) of the IRC limit the after-tax money the Eligible Member can use to purchase Service Credit.

Historical Note

R2-8-503. Requirements Applicable to All Service Credit Purchases
A. To purchase Service Credit at the amount provided in an SP Invoice, an Eligible Member shall purchase the Service Credit by check or money order, or request an Irrevocable PDA, Direct Rollover, Trustee-to-Trustee Transfer, or Termination Pay as specified in this Article, by the due date specified by the method of payment the Eligible Member elected.

B. An Eligible Member may purchase all of the Service Credit or a portion of the Service Credit. If the Eligible Member wishes to purchase only a portion of the Service Credit, the Eligible Member shall specify:
   1. Either the number of years or partial years of Service Credit the Eligible Member wishes to purchase; or
   2. The cost for the number of years or partial years of Service Credit the Eligible Member wishes to purchase, not exceeding the years or partial years and cost specified on the SP Invoice.

C. The ASRS shall not consider more than one active request at a time from a member to purchase Service Credit in a single category. The categories are:
   1. Leave of Absence Service;
   2. Military Service;
   3. Forfeited Service; and
   4. Other Public Service.

D. An Eligible Member may cancel an active request by notifying the ASRS in writing.

E. If an Eligible Member is entitled to a Window Credit, the Eligible Member may apply the Window Credit to purchase Service Credit. To apply a Window Credit to a purchase of Service Credit, the Eligible Member shall make a request to the ASRS in writing by the date payment election is due as specified on the SP Invoice and include the following information:
   1. The amount the Eligible Member wants to apply, and
   2. The Eligible Member’s dated signature.

F. On or before the due date specified on the SP Invoice, an Eligible Member may request an extension of a due date for purchasing Service Credit.

Historical Note

R2-8-504. Service Credit Calculation for Purchasing Service Credit
A. An Eligible Member who purchases Service Credit shall receive one month of credited service for one or more days of service in a calendar month.

B. Pursuant to A.R.S. 38-739(B), an Eligible Member who purchases Service Credit shall receive a proportionate amount of credited service based on the length of the Eligible Member’s service year.

C. Notwithstanding any other provision, an Eligible Member whose membership date is on or after July 20, 2011, cannot purchase more than five years of Service Credit for each of the following based on the length of the Eligible Member’s service year:
   1. Leave of Absence Service;
   2. Military Service; and
   3. Other Public Service.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 2640, effective June 30, 2005 (Supp. 05-2). Amended by final rulemaking at 25 A.A.R. 303, effective March 18, 2019 (Supp. 19-1).

R2-8-505. Restrictions on Purchasing Overlapping Service Credit
The ASRS shall not permit an Eligible Member to purchase Service Credit that, when added to credited service earned in any plan year, results in more than:
   1. One year of credited service in any plan year, or
   2. One month of credited service in any one calendar month.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 2640, effective June 30, 2005 (Supp. 05-2). Amended by final rulemaking at 25 A.A.R. 303, effective March 18, 2019 (Supp. 19-1).
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

R2-8-506. Cost Calculation for Purchasing Service Credit
A. For Service Credit for Leave of Absence Service, Military Service, and Other Public Service, the ASRS shall calculate, as of the date of the request to purchase Service Credit:
   1. The Actuarial Present Value of the future retirement benefit for the Eligible Member including the Service Credit that the Eligible Member requests to purchase, and
   2. The Actuarial Present Value of the future retirement benefit for the Eligible Member without the Service Credit that the Eligible Member requests to purchase.
B. The cost for purchasing the Service Credit that the Eligible Member requests to purchase is the difference between the Actuarial Present Value in subsection (A)(1) and the Actuarial Present Value in subsection (A)(2).

Historical Note
New Section made by final rulemaking at 11 A.A.R. 2640, effective June 30, 2005 (Supp. 05-2). Amended by final rulemaking at 25 A.A.R. 303, effective March 18, 2019 (Supp. 19-1).

R2-8-507. Required Documentation and Calculations for Forfeited Service Credit
A. An Eligible Member who requests to purchase Service Credit for Forfeited Service under A.R.S. § 38-742 shall provide the ASRS:
   1. The name of an Employer, if known, for which the Eligible Member is requesting to purchase Service Credit for Forfeited Service; and
   2. The year and month the Eligible Member believes the ASRS returned retirement contributions.
B. Upon receipt of payment as specified in subsection (D), the ASRS shall apply the Service Credit to the Eligible Member’s account based on the most recent Forfeited Service available for purchase.
C. Notwithstanding subsection (B), if an Eligible Member has more than one return of contributions pursuant to A.R.S. § 38-740, the Eligible Member may elect to purchase Forfeited Service for any of the return of contributions and the ASRS shall apply the Service Credit to the Eligible Member’s account based on the most recent Forfeited Service available for purchase.
D. The amount the Eligible Member shall pay to purchase Service Credit for previously Forfeited Service is the amount of retirement contributions that the ASRS issued, plus interest on that amount from the date on the return of retirement contributions check to the date of redeposit at the Assumed Actuarial Investment Earnings Rate specified in R2-8-118(A).

Historical Note

R2-8-508. Required Documentation and Calculations for Leave of Absence Service Credit
A. An Eligible Member who requests to purchase Service Credit for Leave of Absence Service under A.R.S. § 38-744 shall provide to the ASRS an Approved Leave of Absence form that includes:
   1. The following information completed by the Eligible Member:
      a. The start date and end date of the approved leave of absence;
      b. The date the Eligible Member returned to work or a statement of why employment was not resumed;
      c. The name of the Employer;
      d. Whether the Eligible Member participated in another public retirement system during this leave of absence; and
      e. If the Eligible Member participated in another public retirement system during the leave of absence, whether the Eligible Member is receiving a benefit or is eligible to receive a benefit, from the other public retirement system; and
   2. Acknowledgement of the following statements of understanding:
      a. The Eligible Member understands that up to one year of Service Credit may be purchased for each approved leave of absence, if the Eligible Member returns to work for the Employer that approved the leave of absence unless employment could not be resumed because of disability or nonavailability of a position;
      b. The Eligible Member authorizes the Employer to provide any necessary personal information to ASRS in order to process this request; and
      c. The Eligible Member certifies that if the Eligible Member participated in another public retirement system during the approved leave of absence, the Eligible Member is not receiving, and is not eligible to receive, a benefit from the other public retirement system for the time during the approved leave of absence; and
   3. The Eligible Member’s dated signature.
B. Pursuant to A.R.S. § 38-744, a member who participated in another public retirement system during the leave of absence, and is receiving a benefit or is eligible to receive a benefit from the other public retirement system, is not an Eligible Member for purposes of this Section.
C. If the information provided by the Eligible Member pursuant to subsection (A) is correct, the Employer shall validate the information and submit the information to the ASRS through the Employer’s secure ASRS account. If the information provided by the Eligible Member pursuant to subsection (A) is incorrect, the Employer shall correct the information and submit the information to the ASRS through the Employer’s secure ASRS account.
D. Upon submitting the information specified in subsection (B), the Employer shall acknowledge the following statements of understanding:

CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

1. The Employer has verified all the dates for the approved leave of absence period are correct; and
2. The contact individual has the legal power to bind the Employer in transactions with the ASRS.

E. The amount the Eligible Member shall pay to purchase Service Credit for an approved leave of absence is determined as provided in R2-8-506.

Historical Note

R2-8-509. Required Documentation and Calculations for Military Service Credit

A. An Eligible Member who requests to purchase Service Credit for Military Service under A.R.S. § 38-745(A) and (B) shall provide to the ASRS:
   1. A copy of the Eligible Member’s Military Service Record within 30 days of the Eligible Member’s request to purchase Service Credit; and
   2. A Military Service form that contains:
      a. Whether the Eligible Member is receiving a benefit or is eligible to receive a benefit, from the military.
      b. The branch of the Uniformed Services the Eligible Member was in;
      c. Whether the Eligible Member was on Active Duty or Active Reserve Duty;
      d. The start date and end date of the Eligible Member’s Military Service for which the Eligible Member is requesting to purchase Service Credit;
      e. Acknowledgement that the Eligible Member will submit to the ASRS:
         i. Proof of honorable separation for each type of Military Service listed on the form; and
         ii. The Eligible Member’s Military Service Record that supports all of the service listed on the form;
      f. Acknowledgement of the following statements of understanding:
         i. The Eligible Member understands that the service listed on this form does not include time that the Eligible Member either volunteered or was ordered into Active Duty service as part of a military call-up while employed by an Employer. This service is purchased under Military Call-up Service and requires a Military Call-up form to be completed by the Eligible Member’s Employer; and
         ii. The Eligible Member understands that any time the Eligible Member has listed on this form for Reserve or National Guard time reflects the months that the Eligible Member attended at least one drill or assembly for each month listed.

B. The amount the Eligible Member pays to purchase Service Credit for Military Service is determined as provided in R2-8-506.

C. The ASRS determines the amount of Service Credit an Eligible Member receives for Active Duty and Active Reserve Duty time by the time listed on the Military Service form, if the service listed is supported by the information contained in the Eligible Member’s Military Service Record.

D. If the ASRS has not received complete and correct documents pursuant to this Section within 30 days of the request to purchase Service Credit, the ASRS shall cancel the Eligible Member’s request to purchase Service Credit.

Historical Note

R2-8-510. Required Documentation and Calculations for Military Call-up Service Credit

A. An Eligible Member who meets the requirements under A.R.S. § 38-745(D) shall receive up to 60 months of Service Credit, not to exceed 5 years of Service Credit for Military Call-up Service under A.R.S. § 38-745(D) through (K). In order to determine the amount of contributions the Employer owes to purchase Service Credit for Military Call-up Service, the Eligible Member’s Employer shall provide to the ASRS a copy of the Eligible Member’s Military Service Record and a completed Military Call-up form that includes the following:
   1. The Eligible Member’s full name;
   2. The Eligible Member’s Social Security number;
   3. The start date of Military Call-up Service;
   4. The end date of Military Call-up Service;
   5. The date the Eligible Member returned to work for the Employer;
   6. The salary for each pay period in each fiscal year while the Eligible Member was on military call-up, including any salary increases the Eligible Member would have received had the Eligible Member not left work due to military call-up;
   7. The name of a contact individual for the Employer, and that individual’s business telephone number;
   8. The contact individual’s dated signature;
   9. If applicable, the dates that the Eligible Member was hospitalized and released from the hospital as a result of participating in a military call-up;
   10. If applicable, the date the Eligible Member became disabled during or as a result of participating in a military call-up;
   11. If applicable, the date of the Eligible Member’s death during or as a result of participating in a military call-up; and
   12. Acknowledgement of the following statements of understanding:
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

a. All the dates and payroll information for the Military Call-up Service are correct;

b. The Eligible Member:
   i. Was honorably separated from Active Duty and returned to the same Employer within 90 days of either discharge from Active Duty or release from service-related hospitalization; or
   ii. Was disabled and unable to return to work; or
   iii. Died during or as a result of Active Duty.

c. The Employer must pay both the employee and Employer contributions in a lump sum upon the Eligible Member returning to employment, receipt of a declaration of disability, or receipt of a death certificate. These contributions are based on the salary the Eligible Member would have earned if the Eligible Member had not volunteered or been ordered into Active Duty.

d. The Eligible Member may receive a maximum of 60 months of Service Credit for Military Call-up Service pursuant to A.R.S. § 38-745; and

e. The contact individual has the legal power to bind the Employer in transactions with the ASRS.

B. An Employer shall make the request to purchase Service Credit for Military Call-up Service within 30 days after the earlier of the dates listed in A.R.S. § 38-745(E).

C. The ASRS calculates the amount the Employer pays to purchase Military Call-up Service pursuant to A.R.S. § 38-745(G) by multiplying the Eligible Member’s salary per pay period at the time Active Duty commences, by the contribution rate in effect for the period of Active Duty. Included in the calculation are any salary increases the Eligible Member would have received if the Eligible Member had not left work to participate in a military call-up.

D. The ASRS shall send the Employer a statement of cost for purchase of the Service Credit for Military Call-up Service based on the calculation in subsection (C). Within 90 days from the date on the ASRS statement of cost, the Employer shall pay to the ASRS the amount on the statement. If the Employer fails to make full payment within 90 days, interest shall accrue on the unpaid balance at the Assumed Actuarial Investment Earnings Rate in effect on the date of the statement of cost as specified in R2-8-118(A). The ASRS may collect the unpaid balance plus interest pursuant to A.R.S. § 38-735(C).

E. If an Employer remits retirement or long-term disability contributions on behalf of an Eligible Member while the Eligible Member is on military call-up, the Employer shall reverse the contributions after the ASRS receives the information in subsection (A).

F. If an Employer remits retirement contributions on behalf of an Eligible Member while the Eligible Member is on military call-up, and the Eligible Member does not return to the Employer after separation from active Military Service, the ASRS shall apply the retirement contributions to the Eligible Member’s credited service.

Historical Note

R2-8-511. Required Documentation and Calculations for Other Public Service Credit

A. An Eligible Member who requests to purchase Service Credit for Other Public Service under A.R.S. § 38-743 shall provide to the ASRS a completed Other Public Service form, signed and dated by the Eligible Member, that includes the following:

1. The name and mailing address of the Other Public Service employer;
2. The position the Eligible Member held while working for the Other Public Service employer;
3. The start date and end date of the Eligible Member’s employment with the Other Public Service employer;
4. The actual months and years the Eligible Member was employed with the Other Public Service employer;
5. A statement of whether the Eligible Member participated in the Other Public Service employer’s retirement plan;
6. If the Eligible Member participated in the Other Public Service employer’s retirement plan, the name of the retirement plan, identifying whichever one of the following applies:
   a. The approximate date the Eligible Member took a return of retirement contributions;
   b. The plan is non-contributory and the Eligible Member is not eligible for benefits from the plan; or
   c. That, if not using all of the retirement contributions as a rollover, the Eligible Member will request a return of retirement contributions and forfeit all rights to any benefits from the plan and provide the ASRS with documentation that the Eligible Member has forfeited all rights to benefits from the plan no later than the due date specified on the SP Invoice; and
7. Acknowledgement that if an audit determines that the Eligible Member is eligible for a benefit from the Other Public Service employer’s retirement plan, the Eligible Member is required to take necessary steps to forfeit the benefit, and if the forfeiture is not completed within 90 days of being notified of the audit results, the Service Credit purchase listed on this application will be revoked and any funds paid to purchase the Service Credit will be refunded to the member.

B. The amount the Eligible Member shall pay to purchase Service Credit for Other Public Service is determined as provided in R2-8-506.

C. Notwithstanding R2-8-512, the ASRS shall not accept after-tax monies for the purchase of Service Credit for Other Public Service with a territory, commonwealth, overseas possession or insular area pursuant to A.R.S. § 38-743.

Historical Note
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

R2-8-512. Purchasing Service Credit by Check, Cashier’s Check, or Money Order
A. An Eligible Member may purchase Service Credit by personal check in the Eligible Member’s name, cashier’s check, or money order remitted by the Eligible Member.
B. By the due date specified by the method of payment the Eligible Member elected, the Eligible Member shall ensure that the ASRS receives a check, cashier’s check, or money order made payable to the ASRS in the amount to purchase the requested Service Credit.

Historical Note

R2-8-513. Purchasing Service Credit by Irrevocable PDA
A. An Eligible Member may purchase Service Credit by Irrevocable PDA.
B. If the Eligible Member elects to pay for Service Credit by Irrevocable PDA, the Eligible Member shall elect the terms of the Irrevocable PDA and submit the Irrevocable PDA to the ASRS and the Employer with the following:
   1. Acknowledgements:
      a. This Irrevocable PDA is binding and irrevocable;
      b. This Irrevocable PDA shall remain in effect until the earlier of:
         i. The authorized payroll deductions are completed; or
         ii. The Eligible Member terminates employment.
      c. The ASRS cannot terminate the Irrevocable PDA due to financial hardship;
      d. The amount of Irrevocable PDA payments the Eligible Member makes is subject to federal laws;
      e. The cost to purchase Service Credit by Irrevocable PDA includes an administrative interest charge at the Assumed Actuarial Investment Earnings Rate in effect at the time of the authorization as specified in R2-8-118(A);
      f. Payments specified in this Irrevocable PDA are in addition to the regular contributions required pursuant to A.R.S. §§ 38-736 and 38-797.05;
      g. The ASRS shall apply credited service to the Eligible Member’s account upon receipt of payments authorized by the Eligible Member under this Irrevocable PDA; and
      h. The ASRS shall not transfer, refund, or disburse the administrative interest that the ASRS charges pursuant to subsection (B)(1)(e); and
   2. Statements of Understanding:
      a. It is the Eligible Member’s responsibility to ensure the Eligible Member’s Employer properly deducts payments and submits contributions as provided by the terms of the Irrevocable PDA;
      b. Payments specified by the terms of this Irrevocable PDA shall be made directly to the ASRS from the Eligible Member’s Employer and the Eligible Member does not have the option of receiving such payments directly from the Employer;
      c. The Eligible Member’s Employer shall make payments pursuant to this Irrevocable PDA after other mandatory deductions are made;
      d. The Eligible Member’s Employer cannot accept an election to change this Irrevocable PDA;
      e. The Eligible Member has up to 14 days to request the ASRS calculate the remaining balance of this Irrevocable PDA after the earlier of:
         i. Terminating employment;
         ii. Terminating LTD without returning to work with an Employer; or
         iii. The effective ASRS retirement date;
      f. The Eligible Member must complete a purchase of the remaining balance on this Irrevocable PDA by the due date specified on the PDA Pay-off Invoice;
      g. It is the Eligible Member’s responsibility to notify the ASRS of any changes in the Eligible Member’s employment that may affect the status of this Irrevocable PDA;
      h. If the Eligible Member terminates employment and returns to work with an Employer within 120 days of terminating employment, this Irrevocable PDA must continue with the new Employer pursuant to R2-8-513.01; and
      i. If the Eligible member terminates employment and does not return to work with an Employer within 120 days of terminating employment, the ASRS shall terminate this Irrevocable PDA pursuant to R2-8-513.01.
C. By submitting the Irrevocable PDA to the ASRS, the Irrevocable PDA is deemed to be signed by the Eligible Member.
D. At the time the Eligible Member elects the Irrevocable PDA, the Eligible Member may elect to use Termination Pay towards the balance of the Irrevocable PDA if the Eligible Member terminates employment. If the Eligible Member elects to use Termination Pay, the Eligible Member shall submit the Irrevocable PDA to the ASRS with the following information:
   1. A statement that the Eligible Member:
      a. Understands and agrees that the Eligible Member must continue working at least Three Full Calendar Months after the date of submission of the form before Termination Pay may be used on a pre-tax basis;
      b. Understands that if the Termination Pay exceeds the balance owed on the Irrevocable PDA, the overage will be returned to the Employer to be distributed to the Eligible Member;
      c. Understands that the election to use Termination Pay is binding and irrevocable;
R2-8-513.01. Irrevocable PDA and Transfer of Employment to a Different Employer

1. The Employer shall implement the payroll deduction on the first pay period after receiving the Irrevocable PDA.

2. The ASRS shall:
   a. Charge interest on the unpaid balance at the Assumed Actuarial Investment Earnings Rate in effect at the time the Eligible Member submitted the request to purchase service as specified in R2-8-118(A);
   b. Limit the payroll deduction time period to a maximum of 520 payments;
   c. Require a minimum payment of $10.00 per payroll period, or payment in an amount to purchase at least .001 years of Service Credit per payroll period, whichever is greater.

3. The Employer shall implement the payroll deduction on the first pay period after receiving the Irrevocable PDA.

4. If an Eligible Member terminates employment without having accepted an offer to work with an Employer, the ASRS shall terminate the Eligible Member’s Termination Pay account.

5. If an Eligible Member Transfers Employment, the Eligible Member’s new Employer shall continue to make deductions pursuant to an Irrevocable PDA.

6. Whether the Eligible Member is electing either all Termination Pay or a specified amount of Termination Pay to be applied to the balance of the Irrevocable PDA.

E. The ASRS shall:
   1. Require a minimum payment of $10.00 per payroll period, or payment in an amount to purchase at least .001 years of Service Credit per payroll period, whichever is greater.
   2. Limit the payroll deduction time period to a maximum of 520 payments;
   3. Require a minimum payment of $10.00 per payroll period, or payment in an amount to purchase at least .001 years of Service Credit per payroll period, whichever is greater.

F. The ASRS shall send the Eligible Member a PDA Pay-off Invoice through the Eligible Member’s secure ASRS account. The ASRS shall calculate the amount owed by the Eligible Member.

G. If a deduction is not made under an Irrevocable PDA within six months after the Eligible Member submits the authorization, the authorization lapses and the Eligible Member may make another request, which is recalculated based on the new request date unless the failure to begin deductions is due to an ASRS error.

H. A period of leave of absence, LTD, or military call-up shall not cancel the Irrevocable PDA. The Employer shall resume deductions immediately upon the Eligible Member’s return to that Employer. The period during which the Eligible Member is on leave of absence, on LTD, or leaves work because of a military call-up is not included in the payment time limitation under subsection (D)(2). If the Eligible Member does not return to active working status, whether due to termination of employment or retirement, the Eligible Member may elect to purchase the balance of unpaid service under the Irrevocable PDA at the time of termination or retirement as specified in this Section.

I. Deductions made pursuant to an Irrevocable PDA continue until the:
   1. Irrevocable PDA is completed;
   2. Eligible Member retires, whether or not the Eligible Member continues employment as allowed in A.R.S. §§ 38-766.01 and 38-764(I);
   3. Eligible Member terminates all ASRS employment without transferring employment; or
   4. Date of the Eligible Member’s death.

J. If an Eligible Member retires or terminates employment from all Employers without transferring employment as stated in R2-8-513.01 before all deductions are made as authorized by the Irrevocable PDA, the ASRS shall cancel the Eligible Member’s Irrevocable PDA unless the Eligible Member notifies the ASRS of the Eligible Member’s intent to purchase the remaining amount within 14 days after the earlier of either termination or retirement.

K. When the Eligible Member notifies the ASRS of retirement or termination from all ASRS employment and requests to pay off the Irrevocable PDA, the ASRS shall send the Eligible Member a PDA Pay-off Invoice through the Eligible Member’s secure ASRS account. The ASRS shall calculate the amount owed by the Eligible Member.

L. By the date payment election is due, the Eligible Member shall ensure that the ASRS receives the information specified in R2-8-502(C).

M. The Eligible Member may purchase the remaining Service Credit by one or more of the following methods by the due date specified on the PDA Pay-off Invoice:
   1. By any method specified in R2-8-512;
   2. By making a request to the ASRS for a rollover or transfer under R2-8-514 and completing the rollover or transfer by the due date specified on the PDA Pay-off Invoice; or
   3. By Termination Pay under R2-8-519, if the Eligible Member authorized this option at the time the Eligible Member signed the Irrevocable PDA.

Historical Note

R2-8-513.01. Irrevocable PDA and Transfer of Employment to a Different Employer

A. If an Eligible Member Transfers Employment, the Eligible Member’s new Employer shall continue to make deductions pursuant to an Irrevocable PDA.

B. If an Eligible Member terminates employment without having accepted an offer to work with an Employer, the ASRS shall terminate an Irrevocable PDA.

C. Notwithstanding subsection (B), if a retirement contribution is due from a new Employer within 120 days from the Eligible Member’s termination date with the previous Employer, the ASRS shall determine that the Eligible Member Transferred Employment, unless the Eligible Member notified the ASRS of the termination of employment.
D. If an Eligible Member who has elected Termination Pay pursuant to R2-8-513(D) Transfers Employment, the ASRS shall not accept any Termination Pay that the ASRS receives from the Eligible Member’s previous Employer.

Historical Note

R2-8-513.02. Termination Date
For the purpose of an Irrevocable PDA, the date an Eligible Member is considered terminated from an Employer is:
1. For an Eligible Member terminating employment, the Eligible Member’s last pay period end date with that Employer;
2. For an Eligible Member on military call-up who does not return to the same Employer:
   a. 90 days from the date of separation from military call-up;
   b. 90 days from the date released from the hospital, if injured while on military call-up; or
   c. The date the Eligible Member has been hospitalized for two years for injuries sustained as a result of participating in a military call-up.
3. For an Eligible Member on leave of absence without pay who does not return to the same Employer, the date the Employer required the Eligible Member to return to work;
4. For an Eligible Member who is unable to work because of a disability, the later of:
   a. The date the Eligible Member’s request for long-term disability benefits are denied;
   b. The date the Eligible Member no longer has leave with pay available; or
   c. For an Eligible Member on long-term disability who does not return to the same Employer or Transfer Employment, the date long-term disability benefits are terminated.

Historical Note

R2-8-514. Purchasing Service Credit by Direct Rollover or Trustee-to-Trustee Transfer
A. An Eligible Member may purchase Service Credit by Direct Rollover or Trustee-to-Trustee Transfer pursuant to this Article.
B. By the due date specified by the method of payment the Eligible Member elected, the Eligible Member shall ensure that the ASRS receives the payment for the service purchase and a completed Direct Rollover/Transfer Certification to Purchase Service Credit form.
C. An Eligible Member who chooses to purchase Service Credit shall provide the following to the ASRS:
   1. The name of the financial institution or plan;
   2. Whether the Eligible Member is choosing to rollover/transfer the entire balance of their account and if not, the amount of the rollover/transfer;
   3. Acknowledgement of the following information:
      a. After-tax funds are only acceptable from 401(a) and 403(b) plans and must be listed separately from the portion that is pre-tax on the payment as after-tax amounts. This information must be provided to the ASRS with the payment.
      b. The only fund types that the ASRS accepts are:
         i. 401(a);
         ii. 401(k) pre-tax only;
         iii. 403(b);
         iv. Governmental 457 pre-tax only;
         v. 403(a) pre-tax only;
         vi. 408 Traditional IRA pre-tax only;
         vii. 408(k) SEP IRA pre-tax only;
         viii. 408(p) Simple IRA pre-tax only and only if the Eligible Member participated for at least 2 years in this plan;
      c. The ASRS shall not accept the following fund types:
         i. Roth funds;
         ii. Funds already distributed to the Eligible Member from a retirement plan listed in subsection (C)(3)(b);
         iii. Inherited IRA;
         iv. Coverdale Education Savings Account funds;
         v. Hardship distributions;
         vi. Funds not includable in gross income;
         vii. Funds required under § 401(a)(9) of the IRC because the Eligible Member have attained age 70 1/2;
         viii. One of a series of substantially equal periodic payments made at least annually for the Eligible Member’s life;
         ix. One of a series of substantially equal periodic payments made for 10 years or more;
         x. After-tax contributions from any plan other than a 401(a) or 403(b) qualified plan;
      d. The funds must be sent as a Direct Rollover from a plan listed in subsection (C)(3)(b) and issued to the ASRS for the benefit of the Eligible Member. If the payment is issued to anyone other than the ASRS, including the Eligible Member, then within 60 days of the plan issuing the payment, the Eligible Member must place the payment into a plan specified in subsection (C)(3)(b) to be reissued directly to the ASRS.
e. It is the Eligible Member’s responsibility to contact the administrator of the plan from which the Direct Rollover will be made and have it initiated. The Eligible Member must also ensure all rollovers are completed by the due date. If the ASRS does not receive payment by the due date, the invoice will expire and the payment will be returned to the Eligible Member.

f. If the ASRS accepts a rollover and later determines that it was not eligible, the ASRS will distribute the invalid payment directly to the Eligible Member. Any taxes, penalties, and interest that the IRS, any taxing authority, or financial institution may assess against the Eligible Member due to an invalid payment are solely the Eligible Member’s responsibility.

g. The plan from which the Eligible Member is rolling over funds must be solely in the Eligible Member’s name. The Eligible Member may be a spousal beneficiary of a deceased person or an alternate payee on the plan from which the Eligible Member is rolling over funds.

D. An Eligible Member who chooses to purchase Service Credit pursuant to this Section shall submit a Direct Rollover/Transfer Certification to Purchase Service Credit form that includes:

1. The Eligible Member’s full name;
2. The last 4 digits of the Eligible Member’s Social Security number;
3. The Eligible Member’s signature certifying that the Eligible Member understands the requirements, limitations, and entitlements for the rollover/transfer that is being used to purchase Service Credit, and has read and understands the Direct Rollover/Transfer Certification to Purchase Service Credit form and any accompanying instructions and information;
4. The Authorized Representative’s name and title;
5. The Authorized Representative’s telephone number; and
6. Certification by the Authorized Representative’s dated signature that:
   a. The plan is either:
      i. A qualified pension, profit sharing, or 401(k) plan described in IRC § 401(a), or a qualified annuity plan described in IRC § 403(a);
      ii. A deferred compensation plan described in IRC § 457(b) maintained by a state of the United States, a political subdivision of a state of the United States, or an agency or instrumentality of a state of the United States;
      iii. An annuity contract described in IRC § 403(b); or
      iv. An IRA described in A.R.S. § 38-747(H)(3);
   b. The rollover/transfer specified on the form from which the pre-tax funds are being rolled over or transferred is intended to satisfy the requirements of the applicable Section of the IRC;
   c. The Authorized Representative is not aware of any plan provision or any other reason that would cause the plan/IRA not to satisfy the applicable Section of the IRC; and
   d. The funds will be sent to the ASRS as a direct plan rollover, IRA rollover, or a Trustee-to-Trustee Transfer.

E. The Eligible Member shall contact the Plan Administrator to have the funds distributed and transferred to the ASRS. Unless the ASRS receives a check for the correct amount from the plan and all documents required by this Article by the due date specified by the method of payment the Eligible Member elected, the ASRS shall cancel the request to purchase Service Credit.

F. The Eligible Member shall ensure that the ASRS receives a check from the plan, made payable to the ASRS, for an amount that does not exceed the amount specified on the SP Invoice.

G. If the payment from the eligible plan exceeds the amount specified on the SP Invoice, the ASRS shall return the entire payment to the Eligible Member.

CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

R2-8-518. Repealed

Historical Note

R2-8-519. Purchasing Service Credit by Termination Pay
A. To purchase Service Credit using Termination Pay, an Eligible Member shall elect to use Termination Pay by the date payment election is due.
B. An Eligible Member who elects to use Termination Pay pursuant to this Section, shall provide the ASRS with the Eligible Member’s anticipated termination date which cannot be more than six months from the date the ASRS issues the SP Invoice and must be at least Three Full Calendar Months after the date the Eligible Member elects and submits Termination Pay as a method of payment.
C. An Eligible Member who elects to use Termination Pay pursuant to this Section, shall provide the ASRS with a Termination Pay Authorization for the Purchase of Service Credit form with the following information:
1. The name of the Employer that will be submitting the Termination Pay to the ASRS;
2. Whether the Eligible Member elects to use all Termination Pay or a specific amount of Termination Pay;
3. Signature of the Eligible Member, certifying that the Eligible Member understands that:
   a. The Eligible Member is required to continue working at least Three Full Calendar Months after the date the Eligible Member submits the Termination Pay Authorization for the Purchase of Service Credit form before Termination Pay may be used on a pre-tax basis;
   b. If the Eligible Member terminates employment more than six months after the date on the SP Invoice, the Eligible Member may purchase the Service Credit at a newly calculated rate and possibly at a higher cost;
   c. The terms elected in the Termination Pay Authorization for the Purchase of Service Credit form are binding and irrevocable;
   d. The Eligible Member’s Employer is required to make payment directly to the ASRS after mandatory deductions are made, and the Eligible Member does not have the option of receiving the funds directly from the Employer;
   e. The Eligible Member’s Termination Pay must be received and processed before the ASRS will accept any other form of payment;
   f. It is the Eligible Member’s responsibility to ensure that the Eligible Member’s Employer properly deducts Termination Pay, as provided in the Termination Pay Authorization for the Purchase of Service Credit form; and
   g. The amount of Termination Pay the Eligible Member elects is irrevocable pursuant to § 414(h)(2) of the IRC;
   h. If the Termination Pay exceeds the balance due on the SP Invoice, the ASRS will return the difference to the Eligible Member’s Employer to be distributed to the Eligible Member;
   i. If the Eligible Member terminates employment and immediately retires, the Eligible Member’s retirement processing may be delayed; and
   j. The ASRS will send a notification to the Eligible Member’s Employer two weeks prior to the Eligible Member’s termination date, as indicated on the Termination Pay Authorization form, to notify the Employer that the Eligible Member’s Termination Pay must be sent directly to the ASRS.
D. The ASRS shall not apply Termination Pay to an SP Invoice covered by an Irrevocable PDA in effect at the time of termination, unless the Eligible Member elected the Termination Pay pursuant to R2-8-513(D) at the time the member authorized the Irrevocable PDA.
E. If an Eligible Member elects to use Termination Pay to purchase Service Credit, the ASRS shall not apply any other form of payment to the Service Credit purchase until the ASRS receives the Termination Pay.
F. Notwithstanding any other Section, if an Eligible Member dies prior to terminating employment, the ASRS shall not accept Termination Pay.
G. If an Eligible Member Transfers Employment, the ASRS shall not accept Termination Pay from the Eligible Member’s previous Employer.

Historical Note

R2-8-520. Termination of Employment and Request Return of Retirement Contributions or Death of Member While Purchasing Service Credit by an Irrevocable PDA
A. If an Eligible Member terminates employment without transferring employment as specified in R2-8-513.01 while purchasing Service Credit by an Irrevocable PDA and requests return of retirement contributions pursuant to A.R.S. § 38-740, the ASRS shall return any principal payments made for the purchase of Service Credit including interest earned on those principal payments at the interest rate specified in R2-8-118(A), column 3.
B. If an Eligible Member dies while purchasing Service Credit, the ASRS shall credit the Eligible Member’s account with:
   1. The Service Credit for which the ASRS received payment pursuant to a PDA before the Eligible Member’s death;
   2. The principal payments made by the Eligible Member; and
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

3. Interest earned on payment through the date of distribution at the Assumed Actuarial Investment Earnings Rate specified in R2-8-118(A).

C. If an Eligible Member dies while purchasing Service Credit, the ASRS shall not permit the survivor or an estate to purchase the remaining balance.

D. The ASRS shall not transfer, disburse, or refund the administrative interest the ASRS charged as part of an Irrevocable PDA as specified in R2-8-513.

E. The ASRS shall not credit a member’s account with the administrative interest the ASRS charged as part of an Irrevocable PDA as specified in R2-8-513.

Historical Note

R2-8-521. Adjustment of Errors
A. If the ASRS determines an error has been made in the information provided by the member or in the calculations made by the ASRS, the ASRS shall make an adjustment to the member’s account and return ineligible payments, if any.

B. The ASRS shall notify the member in writing of any adjustments.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 2640, effective June 30, 2005 (Supp. 05-2). Amended by final rulemaking at 25 A.A.R. 303, effective March 18, 2019 (Supp. 19-1).

ARTICLE 6. PUBLIC PARTICIPATION IN RULEMAKING

R2-8-601. Definitions
The following definitions apply to this Article unless otherwise specified:

1. “Rulemaking record” means a file the ASRS maintains as specified in A.R.S. § 41-1029.

2. “Oral proceeding” means a public gathering the ASRS holds for the purpose of receiving comment and answering questions about a proposed rule as specified in A.R.S. § 41-1023.

3. “Presiding officer” means an individual selected by the ASRS Director to oversee oral proceedings.

4. “Substantive policy statement” means the same as in A.R.S. § 41-1001(22).

Historical Note
New Section made by final rulemaking at 12 A.A.R. 964, effective March 7, 2006 (Supp. 06-1). Amended by final rulemaking at 21 A.A.R. 2515, effective December 5, 2015 (Supp. 15-4).

R2-8-602. Reviewing Agency Rulemaking Record and Directory of Substantive Policy Statements
Except on a state holiday, a person may review a rulemaking record or the directory of substantive policy statements at the Phoenix office of the ASRS, Monday through Friday, from 8:00 a.m. until 5:00 p.m.

Historical Note
New Section made by final rulemaking at 12 A.A.R. 964, effective March 7, 2006 (Supp. 06-1). Section amended by final rulemaking at 22 A.A.R. 3323, effective January 1, 2017 (Supp. 16-4).

R2-8-603. Petition for Rulemaking
A. A person submitting a petition to the ASRS to make or amend a rule under A.R.S. § 41-1033 shall include the following in the petition:

1. The name and current address of the person submitting the petition;

2. An identification of the rule to be made or amended;

3. The suggested language of the rule;

4. The reason why a new rule should be made or a current rule should be amended with supporting information, including:
   a. An identification of the persons who would be affected by the rule and how the persons would be affected; and
   b. If applicable, statistical data with references to attached exhibits;

5. The signature of the person submitting the petition; and

6. The date the person signs the petition.

B. The ASRS shall send a written notice of the ASRS’s decision regarding the Petition for Rulemaking to the person within 60 days of receipt of the petition.

Historical Note
New Section made by final rulemaking at 12 A.A.R. 964, effective March 7, 2006 (Supp. 06-1).
Section amended by final rulemaking at 22 A.A.R. 3323, effective January 1, 2017 (Supp. 16-4).
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

R2-8-604.  Review of a Rule, Agency Practice, or Substantive Policy Statement
A. A person submitting a petition to the ASRS under A.R.S. § 41-1033 requesting that the ASRS review an agency practice or substantive policy statement that the person alleges constitutes a rule shall include the following in the petition:
   1. The name and current address of the person submitting the petition,
   2. The reason the person alleges that the agency practice or substantive policy statement constitutes a rule,
   3. The signature of the person submitting the petition, and
   4. The date the person signs the petition.
B. The person who submits a petition under subsection (A) shall attach a copy of the substantive policy statement or a description of the agency practice to the petition.
C. The ASRS shall send a written notice of the ASRS’s decision regarding the petition to the person within 60 days of receipt of the petition.

Historical Note
New Section made by final rulemaking at 12 A.A.R. 964, effective March 7, 2006 (Supp. 06-1). Section amended by final rulemaking at 22 A.A.R. 3323, effective January 1, 2017 (Supp. 16-4).

R2-8-605.  Objection to Rule Based Upon Economic, Small Business and Consumer Impact
A. A person submitting an objection to a rule based upon the economic, small business and consumer impact under A.R.S. § 41-1056.01 shall include the following in the objection:
   1. The name and current address of the person submitting the objection;
   2. Identification of the rule;
   3. Either evidence that the actual economic, small business and consumer impact:
      a. Significantly exceeded the impact estimated in the economic, small business and consumer impact statement submitted during the making of the rule with supporting information attached as exhibits; or
      b. Was not estimated in the economic, small business and consumer impact statement submitted during the making of the rule and that actual impact imposes a significant burden on persons subject to the rule with supporting information attached as exhibits; or
      c. Reflects that the ASRS did not select the alternative that imposes the least burden and costs to persons regulated by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective.
   4. The signature of the person submitting the objection; and
   5. The date the person signs the objection.
B. The ASRS shall respond to the objection as specified in A.R.S. § 41-1056.01(C).

Historical Note
New Section made by final rulemaking at 12 A.A.R. 964, effective March 7, 2006 (Supp. 06-1). Section amended by final rulemaking at 22 A.A.R. 3323, effective January 1, 2017 (Supp. 16-4).

R2-8-606.  Oral Proceedings
A. A person requesting an oral proceeding under A.R.S. § 41-1023(C) shall submit a written request to the ASRS that includes:
   1. The name and current address of the person making the request;
   2. If applicable, the name of the public or private organization, partnership, corporation or association, or the name of the governmental entity the person represents; and
   3. Reference to the proposed rule including, if known, the date and issue of the Arizona Administrative Register in which the Notice of Proposed Rulemaking was published.
B. The ASRS shall record an oral proceeding by either electronic or stenographic means and any CDs, cassette tapes, transcripts, lists, speaker slips, and written comments received shall become part of the official record.
C. A presiding officer shall perform the following acts on behalf of the ASRS when conducting an oral proceeding as prescribed under A.R.S. § 41-1023:
   1. Provide a method for a person who attends the oral proceeding to voluntarily note the person’s attendance;
   2. Provide a Request to Present Oral Comment form that includes space for:
      a. The name of the person submitting the Request to Present Oral Comment form,
      b. The entity the person represents, if applicable, and
      c. The rule on which the person wishes to comment or about which the person has a question;
   3. Open the proceeding by identifying the rules to be considered, the location, date, time, purpose of the proceeding, and the agenda;
   4. Explain the background and general content of the proposed rulemaking;
   5. Provide for public comment as specified in A.R.S. § 41-1023(D); and
   6. Close the oral proceeding by announcing the location where written public comments are to be sent and specifying the close of record date and time.
D. A presiding officer may limit comments to a reasonable time period, as determined by the presiding officer. Oral comments may be limited to prevent undue repetition.
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

Historical Note
New Section made by final rulemaking at 12 A.A.R. 964, effective March 7, 2006 (Supp. 06-1). Section amended by final rulemaking at 22 A.A.R. 3323, effective January 1, 2017 (Supp. 16-4).

R2-8-607. Petition for Delayed Effective Date
A. A person who wishes to delay the effective date of a rule under A.R.S. § 41-1032 shall file a petition with the ASRS prior to the proposed rule’s close of record date. The petition shall contain the:
1. Name and current address of the person submitting the petition;
2. Identification of the proposed rule;
3. Need for the delay, specifying the undue hardship or other adverse impact that may result if the request for a delayed effective date is not granted;
4. Reason why the public interest will not be harmed by the delayed effective date;
5. Signature of the person submitting the petition; and
6. Date the person signs the petition.

B. The ASRS shall send a written notice of the ASRS’s decision to the person within 30 days of receipt of the Petition for Delayed Effective Date.

Historical Note
New Section made by final rulemaking at 12 A.A.R. 964, effective March 7, 2006 (Supp. 06-1). Section amended by final rulemaking at 22 A.A.R. 3323, effective January 1, 2017 (Supp. 16-4).

ARTICLE 7. CONTRIBUTIONS NOT WITHHELD

R2-8-701. Definitions
The following definitions apply to this Article unless otherwise specified:
1. “218 agreement” means a written agreement between the state, political subdivision, or political subdivision entity and the Social Security Administration, under the provisions of § 218 of the Social Security Act, to provide Social Security and Medicare or Medicare-only coverage to employees of the state, political subdivision, or political subdivision entity.
2. “Documentation” means a pay stub, completed W-2 form, completed Verification of Contributions Not Withheld form, Employer letter or spreadsheet, completed State Personnel Action Request Form, Social Security Earnings Report, employment contract, payroll record, timesheet, or other Employer-provided form that includes:
   a. Whether the employee was covered under the Employer’s 218 Agreement prior to July 24, 2014,
   b. The number of hours the member worked for the Employer per pay period, and
   c. The amount and type of compensation earned by the member within each pay period.
3. “Eligible service” means employment with an Employer:
   a. That is no more than 15 years before the date the ASRS receives written credible evidence that less than the correct amount of contributions were paid into the ASRS or the ASRS otherwise determines that less than the correct amount of contributions were made as specified in A.R.S. § 38-738(C); and
   b. In which the member was Engaged to Work for an Employer.
4. “Engaged to Work” means the same as in R2-8-1001.

Historical Note

R2-8-702. General Information
A. The Employer shall pay the Employer’s portion of the contributions the ASRS determines is owed under R2-8-706 whether or not the member pays the member’s portion of the contributions.
B. The person who initiates the claim that contributions were not withheld for Eligible Service has the burden to prove a contribution error was made.
C. The ASRS shall not waive payment of contributions or interest owed under this Article.
D. If a member is not able to establish eligibility for purchasing service credit pursuant to this Article, the member may be eligible to purchase service pursuant to A.R.S. § 38-743 and Article 5 of this Chapter.

Historical Note

R2-8-703. Employer’s Discovery of Error
If an Employer determines that any amount of contributions have not been withheld for a member for a period of Eligible Service, the Employer shall notify the ASRS by submitting through the Employer’s secure ASRS account a Verification of Contributions Not Withheld form with the following information:
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

1. The member’s full name;
2. The member’s Social Security number;
3. The range of dates that any contribution was not withheld;
4. The member’s position title during the date range listed in subsection (3);
5. The amount and type of compensation the member was entitled to receive, and the number of hours the member worked for the Employer per pay period for each fiscal year;
6. The member’s hire date;
7. Whether the member was Engaged to Work for the Employer;
8. Whether the position was covered under the Employer’s 218 Agreement for periods prior to July 24, 2014; and
9. The dated signature of the Employer’s authorized agent certifying:
   a. All the dates and salary information is correct;
   b. The person submitting this form has the legal power to enter into binding transactions with the ASRS;
   c. Acknowledgement the Employer will receive an invoice for the contributions owed for Eligible Service only, as well as the accumulated interest on the contributions that were not withheld for both the member and Employer contributions; and
   d. Acknowledgement the member will receive an invoice for their contributions owed.

Historical Note
New Section made by final rulemaking at 12 A.A.R. 4793, effective December 5, 2006 (Supp. 06-4). Amended by final rulemaking at 25 A.A.R. 303, effective March 18, 2019 (Supp. 19-1).

R2-8-704. Member’s Discovery of Error
A. If a member believes that an Employer has not withheld contributions for the member for a period of Eligible Service, the member shall:
   1. Notify the member’s Employer that the Employer has not withheld contributions correctly by contacting the Employer directly; or
   2. Submit to the ASRS a Contributions Not Withheld Request form through the member’s secure ASRS account with the following:
      a. The name of the Employer that should have remitted contributions;
      b. The range of dates that any contribution was not withheld;
      c. The member’s position title during the date range listed in subsection (b);
      d. Whether the member was Engaged to Work for the Employer; and
      e. Dated signature of the member certifying the member understands:
         i. The ASRS will be providing the member’s Social Security number to the Employer for verification; and
         ii. If the member’s Employer cannot verify this request, it is the member’s responsibility to provide Documentation of Eligible Service.
B. If the information provided by the eligible member pursuant to subsection (A) is correct, the Employer shall validate the information and submit the information to the ASRS through the Employer’s secure ASRS account. If the information provided by the eligible member pursuant to subsection (A) is incorrect, the Employer shall correct the information and submit the information to the ASRS through the Employer’s secure ASRS account, along with the information identified in R2-8-703.
C. If the Employer refuses to fill out the Verification of Contributions Not Withheld form, or if the member disputes the information the Employer completes on the form, the member shall provide the ASRS with the Documentation the member believes supports the allegation that contributions should have been withheld.

Historical Note

R2-8-705. ASRS’ Discovery of Error
If the ASRS determines, as specified in A.R.S. § 38-738(B)(7), that all contributions have not been withheld for a member for a period of Eligible Service, the ASRS shall notify the Employer in writing and shall request the Employer submit through the Employer’s secure ASRS account a Verification of Contributions Not Withheld form pursuant to R2-8-703.

Historical Note
New Section made by final rulemaking at 12 A.A.R. 4793, effective December 5, 2006 (Supp. 06-4). Amended by final rulemaking at 25 A.A.R. 303, effective March 18, 2019 (Supp. 19-1).

R2-8-706. Determination of Contributions Not Withheld
A. Upon receipt of the information listed in R2-8-703, R2-8-704, or R2-8-705, the ASRS shall review the information to determine whether or not member contributions should have been withheld by the Employer, the length of time those contributions should have been withheld, and the amount of contributions that should have been withheld.
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

B. Except for a member who met the requirements to be an active member while simultaneously contributing to another retirement plan listed in subsection (B)(2), for purposes of this Article, the ASRS shall determine that contributions should not have been withheld for the period of service in question if:

1. An Employer remits an accurate ACR amount pursuant to R2-8-116; or
2. The employee participates in:
   a. Another Arizona retirement plan listed in A.R.S. Title 38, Chapter 5, Articles 3, 4, or 6; or
   b. In an optional retirement plan listed in A.R.S. Title 15, Chapter 12, Article 3 or A.R.S. Title 15, Chapter 13, Article 2.

C. Except for returning to work under A.R.S. § 38-766.01, the presence of a contract between a member and the Employer does not alter the contribution requirements of A.R.S. §§ 38-736 and 38-737.

D. If there is any discrepancy between the Documentation provided by the Employer and the Documentation provided by the member, a document used in the usual course of business prepared at the time in question is controlling.

E. The ASRS shall provide to each, the Employer and the member, an invoice with the following:

1. The amount of Eligible Service for which contributions were not withheld,
2. The dollar amount of the contributions to be paid to the ASRS by the Employer,
3. The interest on the Employer contributions and member contributions to be paid to the ASRS by the Employer pursuant to A.R.S. § 38-738,
4. The amount of the delinquent interest late charge to be paid to the ASRS by the Employer pursuant to A.R.S. § 38-735, and
5. The dollar amount of contributions to be paid to the ASRS by the member.

Historical Note

R2-8-707. Submission of Payment
A. Within 90 days from the date on the statement identified in R2-8-706(E), the Employer shall pay to the ASRS the amount due to be paid by the Employer. An Employer who makes payment under A.R.S. § 38-738(B)(3) is not liable for additional interest that may accrue as a result of a member’s failure to remit payment required by A.R.S. § 38-738(B)(1). If the ASRS does not receive full payment of the Employer’s amount due within 90 days after the ASRS notifies the Employer of the amount due, the full amount due will accrue interest as provided in A.R.S. § 38-738. The ASRS may collect the unpaid balance plus interest pursuant to A.R.S. § 38-735(C).

B. The member shall make payment to the ASRS pursuant to A.R.S. § 38-738 by the due date specified on the member’s invoice identified in R2-8-706(E).

C. If the ASRS does not receive full payment of the member’s amount due by the due date specified on the member’s invoice identified in R2-8-706(E), the full amount due will accrue interest, as provided in A.R.S. § 38-738.

D. A member does not receive service credit or credit for salary until both the Employer and member portions of the contributions and all interest has been paid pursuant to A.R.S. § 38-738.

Historical Note
New Section made by final rulemaking at 12 A.A.R. 4793, effective December 5, 2006 (Supp. 06-4). Amended by final rulemaking at 25 A.A.R. 303, effective March 18, 2019 (Supp. 19-1).

R2-8-708. Expired

Historical Note
New Section made by final rulemaking at 12 A.A.R. 4793, effective December 5, 2006 (Supp. 06-4). Section expired under A.R.S. § 41-1056(J) at 22 A.A.R. 2982, effective September 15, 2016 (Supp. 16-3).

R2-8-709. Repealed

Historical Note
New Section made by final rulemaking at 12 A.A.R. 4793, effective December 5, 2006 (Supp. 06-4). Repealed by final rulemaking at 25 A.A.R. 303, effective March 18, 2019 (Supp. 19-1).

ARTICLE 8. RECOVERY OF OVERPAYMENTS

R2-8-801. Definitions
For purposes of this article, the following definitions apply, unless specified otherwise:

1. “DRO” means the same as in R2-8-120.
2. “Estimated Social Security disability income amount” and “Revised Social Security disability income amount” mean the amount of funds the ASRS is entitled to collect pursuant to R2-8-802.
3. “LTD” means long-term disability program as described in A.R.S. § 38-797 et seq.
4. “LTD benefit” means the same as in R2-8-301

5. “Overpayment” means:
   a. Any funds the ASRS distributes in excess of the amount to which the recipient is legally entitled; and
   b. Any estimated social security disability income amount or revised social security disability income amount the ASRS is entitled to collect pursuant to A.R.S. § 38-765.

Historical Note
New Section made by final rulemaking at 23 A.A.R. 2750, effective November 13, 2017 (Supp. 17-3).

R2-8. Estimated Social Security Disability Income Amount and Revised Social Security Disability Income Amount

A. The ASRS contracted LTD claims administrator shall determine a member’s estimated Social Security disability income amount as follows:
   1. Prior to the death, retirement, or forfeiture of a member, the estimated Social Security disability income amount shall be equal to the member’s full monthly LTD benefit reduced by $50 per month pursuant to A.R.S. § 38-797.07(A)(9); and
   2. Upon the member’s death, retirement, or forfeiture, the estimated Social Security disability income amount shall be equal to the total amount of the member’s LTD benefit, reduced by $50 per month pursuant to A.R.S. § 38-797.07(A)(9).

B. A member or survivor who disputes the estimated Social Security disability income amount based on the conclusions of a legal proceeding may request a revised Social Security disability income amount by submitting supporting documentation from the legal proceeding to the ASRS contracted LTD claims administrator within 30 days of the date of conclusion of the legal proceeding.

C. Pursuant to subsection (B), the ASRS or the ASRS contracted LTD claims administrator shall determine whether the estimated Social Security disability income amount needs to be revised based on the conclusions of the legal proceeding.

D. If the ASRS or the ASRS contracted LTD claims administrator determines the estimated Social Security disability income amount was inaccurate, the ASRS or the ASRS contracted LTD claims administrator shall calculate a revised Social Security disability income amount based on the supporting documentation provided by the member or survivor pursuant to subsection (B).

E. Pursuant to subsection (B), if the revised Social Security disability income amount is less than the amount of the estimated Social Security disability benefit, the ASRS or the ASRS contracted LTD claims administrator shall:
   1. Refund a portion of the amount of the estimated Social Security disability benefit that the ASRS retained upon forfeiture of the member in order to offset the difference between the estimated Social Security disability income amount and the revised Social Security disability income amount, or
   2. Adjust the member’s retirement benefits or the survivor’s benefits to offset the difference between the estimated Social Security disability income amount and the revised Social Security disability income amount.

F. If a member or survivor is not satisfied with the determination on the request for a revised Social Security disability income amount, the member or survivor may appeal the determination pursuant to 2 A.A.C. 8, Article 4.

Historical Note
New Section made by final rulemaking at 23 A.A.R. 2750, effective November 13, 2017 (Supp. 17-3).

R2-8. Reimbursement of Overpayments

A. Upon the ASRS discovering that it has made an overpayment to a member, survivor, or alternate payee, the ASRS shall send a letter to notify the necessary person that an overpayment was provided and the person shall reimburse the ASRS in the amount of the overpayment.

B. A person who reimburses the ASRS for an overpayment shall do so by remitting a check, made payable to the ASRS, by the due date specified in the letter providing notice of the overpayment.

C. If the ASRS is unable to collect the amount of an overpayment by reducing future payments to members, survivors, or alternate payees as provided in this Article, the ASRS shall allow the appropriate person to reimburse the ASRS for the amount of the overpayment by making payments over the course of as many months as the number of months in which an overpayment was made by the ASRS, not to exceed 36 months.

D. A person may request to reimburse the amount of the overpayment to the ASRS sooner than provided in this Article.

Historical Note
New Section made by final rulemaking at 23 A.A.R. 2750, effective November 13, 2017 (Supp. 17-3).

R2-8. Collection of Overpayments from Forfeiture

A. Unless a member cancels a forfeiture request by submitting written notice to the ASRS within 30 days of the request to forfeit, the ASRS shall reduce a member’s refund amount in order to offset the member’s overpayment amount pursuant to subsection (B).

B. The ASRS shall reduce the member’s refund amount by the amount of any overpayment and the ASRS shall:
   1. Pursue collection of any remaining overpayment amount pursuant to this Article; and
   2. Distribute the remaining refund amount to the member pursuant to R2-8-115.

Historical Note
New Section made by final rulemaking at 23 A.A.R. 2750, effective November 13, 2017 (Supp. 17-3).
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

R2-8-805. Collection of Overpayments from Retirement Benefit
A. Notwithstanding A.R.S. § 38-768, the ASRS may reduce a person’s benefit pursuant to this Section.
B. Upon retirement, the ASRS shall reduce the amount of a member’s retirement benefit by the amount of any overpayments that have not been reimbursed to the ASRS, pursuant to R2-8-803 as follows:
   1. If the member elects to receive a lump sum or partial lump sum benefit, the amount of the lump sum or partial lump sum shall be reduced by the amount of the overpayment to no less than $5.00 and the ASRS shall pursue overpayment collections for any remaining overpayment amount pursuant to this Article;
   2. If the member elects to receive retirement benefits as a monthly annuity and the amount of the overpayment is equal to or less than the amount of the member’s first annuity disbursement minus $5.00, the ASRS shall reduce the amount of the first annuity disbursement by the amount of any overpayment to no less than $5.00;
   3. If the member elects to receive retirement benefits as a monthly annuity and the amount of the overpayment exceeds the amount of the member’s first annuity disbursement plus $5.00, the ASRS shall reduce the amount of the first annuity disbursement by the amount of the overpayment to no less than $5.00 and pursue collection pursuant to subsection (C).
C. The ASRS shall reduce a member’s or alternate payee’s monthly annuity as follows in order to offset any overpayments which have not been reimbursed or collected pursuant to this Article:
   1. The ASRS shall reduce the member’s monthly annuity by up to 10% for 36 months, if the amount of the overpayment can be collected by the ASRS within that time.
   2. If the amount of the overpayment cannot be collected pursuant to subsection (C)(1), the ASRS will notify the member that the member must make payment arrangements within 60 days of the date on the notice. If the member does not make payment arrangements within 60 days of the date on the notice, the ASRS shall actuarially reduce the amount of the member’s monthly annuity.
D. Notwithstanding subsection (B), the ASRS shall not reduce a member’s or alternate payee’s monthly annuity by an estimated Social Security disability income amount while the member is pursuing a Social Security disability income determination pursuant to R2-8-305, if the member submits documentation to the ASRS every six months informing the ASRS of the status of the member’s Social Security disability income request until a determination is made regarding the amount of Social Security disability income.

Historical Note
New Section made by final rulemaking at 23 A.A.R. 2750, effective November 13, 2017 (Supp. 17-3).

R2-8-806. Collection of Overpayments from Survivor Benefit
A. Notwithstanding A.R.S. § 38-768, the ASRS may reduce a person’s benefit pursuant to this Section.
B. If a member, survivor, or alternate payee does not repay the amount of an overpayment pursuant to this Article, the ASRS shall reduce the necessary person’s amount of benefits pursuant to subsection (C).
C. The ASRS shall collect the amount of any remaining overpayment by reducing the necessary person’s monthly annuity over the same number of months in which the overpayment was made, up to 3 months for each month an overpayment was made by the ASRS.
D. If the ASRS is unable to collect the amount of any overpayment pursuant to subsection (C), the ASRS shall pursue collection of any remaining overpayment amount pursuant to this Article.
E. Notwithstanding subsection (C), the ASRS shall not reduce a survivor’s monthly annuity by an estimated Social Security disability income amount while the survivor is pursuing a Social Security disability income determination on behalf of the member pursuant to R2-8-305, if the survivor submits documentation to the ASRS every six months informing the ASRS of the status of the member’s Social Security disability income request until a determination is made regarding the amount of Social Security disability income to which the member was entitled.

Historical Note
New Section made by final rulemaking at 23 A.A.R. 2750, effective November 13, 2017 (Supp. 17-3).

R2-8-807. Collection of Overpayments from LTD Benefit
Upon disability of the member, the ASRS shall reduce the amount of the disabled member’s LTD benefit by the amount of any overpayment the member received from the ASRS and has not reimbursed pursuant to this Section.

Historical Note
New Section made by final rulemaking at 23 A.A.R. 2750, effective November 13, 2017 (Supp. 17-3).
Amended by final rulemaking at 25 A.A.R. 2471, effective November 3, 2019 (Supp. 19-3).

R2-8-808. Collection of Overpayments by the Attorney General
If a member does not reimburse the ASRS for an overpayment pursuant to R2-8-802, the ASRS may submit the overpayment amount for collection by the Arizona Attorney General’s Office.

Historical Note
New Section made by final rulemaking at 23 A.A.R. 2750, effective November 13, 2017 (Supp. 17-3).

R2-8-809. Collection of Overpayments by the Arizona Department of Revenue
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

If a member does not reimburse the ASRS for an overpayment pursuant to R2-8-802, the ASRS may submit the overpayment amount for collection by the Arizona Department of Revenue.

**Historical Note**
New Section made by final rulemaking at 23 A.A.R. 2750, effective November 13, 2017 (Supp. 17-3).

R2-8-810. Collection of Overpayments by Garnishment or Levy

Pursuant to A.R.S. § 38-723, the ASRS may collect the amount of any overpayment that has not been reimbursed or collected pursuant to this article by garnishing wages and/or placing a levy on the appropriate person’s bank account.

**Historical Note**
New Section made by final rulemaking at 23 A.A.R. 2750, effective November 13, 2017 (Supp. 17-3).

ARTICLE 9. COMPENSATION

R2-8-901. Definitions

“Services rendered” means the duties which a member performs for an Employer as required by the member’s employment with the Employer.

**Historical Note**
New Section made by final rulemaking at 23 A.A.R. 2754, effective January 1, 2018 (Supp. 17-3).

Section expired under A.R.S. § 41-1056(J) at 24 A.A.R. 1872, effective June 12, 2018 (Supp. 18-2). New Section made by final rulemaking at 27 A.A.R. 91, effective March 9, 2021 (Supp. 21-1).

R2-8-902. Remitting Contributions

Pursuant to A.R.S. §§ 38-736, 38-737, and 38-797.05, an Employer shall remit contributions to the ASRS through the Employer’s secure ASRS account for any payment the Employer provides to the member that is eligible to be included as compensation under this Section.

**Historical Note**
New Section made by final rulemaking at 23 A.A.R. 2754, effective January 1, 2018 (Supp. 17-3).

Section expired under A.R.S. § 41-1056(J) at 24 A.A.R. 1872, effective June 12, 2018 (Supp. 18-2). New Section made by final rulemaking at 27 A.A.R. 91, effective March 9, 2021 (Supp. 21-1).

R2-8-903. Accrual of Credited Service

A. A member shall accrue service credits pursuant A.R.S. § 38-739 for each month in which the Employer’s pay period ends and for which contributions have been remitted to the ASRS, except for pay the member receives from the Employer for services rendered in a prior pay period for which contributions were remitted pursuant to R2-8-902.

B. Regardless of whether the member meets membership requirements with more than one Employer, a member may not earn more than one month of service credit in a calendar month and not more than one year of service credit during a fiscal year.

**Historical Note**
New Section made by final rulemaking at 23 A.A.R. 2754, effective January 1, 2018 (Supp. 17-3).

Section expired under A.R.S. § 41-1056(J) at 24 A.A.R. 1872, effective June 12, 2018 (Supp. 18-2). New Section made by final rulemaking at 27 A.A.R. 91, effective March 9, 2021 (Supp. 21-1).

R2-8-904. Compensation from An Additional Employer

A. For purposes of remitting contributions pursuant to R2-8-902, compensation includes pay the member receives from an additional Employer if:

1. The member meets membership pursuant to A.R.S. § 38-711 with at least one Employer;
2. The member was employed with the additional Employer and did not meet membership with the additional Employer pursuant to A.R.S. § 38-711 between January 1, 2005 through December 31, 2009;
3. The member resumed or continued employment with the additional Employer and did not meet membership with the additional Employer prior to January 1, 2012; and
4. The member does not leave employment with an Employer or the additional Employer in an unpaid status for more than 30 consecutive days during the member’s service year.

B. For purposes of calculating average monthly compensation according to A.R.S. § 38-711, compensation includes the pay identified in subsection (A).

C. Notwithstanding any other subsection, for a member whose membership began after December 31, 2009, compensation includes pay the member receives from an additional Employer if the member meets membership pursuant to A.R.S. § 38-711 with the additional Employer.

**Historical Note**
New Section made by final rulemaking at 23 A.A.R. 2754, effective January 1, 2018 (Supp. 17-3).
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

Section expired under A.R.S. § 41-1056(J) at 24 A.A.R. 1872, effective June 12, 2018 (Supp. 18-2). New Section made by final rulemaking at 27 A.A.R. 91, effective March 9, 2021 (Supp. 21-1).

R2-8-905. Expired

Historical Note
New Section made by final rulemaking at 23 A.A.R. 2754, effective January 1, 2018 (Supp. 17-3).

Section expired under A.R.S. § 41-1056(J) at 24 A.A.R. 1872, effective June 12, 2018 (Supp. 18-2).

ARTICLE 10. MEMBERSHIP

R2-8-1001. Definitions
The following definitions apply to this Article unless otherwise specified:

1. “218 Agreement” means the same as in R2-8-701.
2. “218 Resolution” means written authorization for a potential Employer to provide Social Security and Medicare or Medicare-only coverage to employees under the provisions of § 218 of the Social Security Act.
3. “Acceptable Documentation” means the same as in R2-8-115.
4. “Designated Employer Administrator” means an individual designated by the Employer and who has authorized access to the Employer’s secure ASRS account in order to fulfill the Employer’s responsibilities.
5. “Engaged To Work” means the earlier of:
   a. The date the employee begins rendering services for the Employer and the Employer intends the employee to work for at least 20 hours a week for at least 20 weeks in a fiscal year or;
   b. The week an employee renders services to an Employer for at least 20 hours a week for at least 20 weeks in a fiscal year.
7. “State Social Security Administrator” means the ASRS staff designated by the Board to approve 218 Agreements.
8. “Week” means 12:00 a.m. on Sunday through 11:59 p.m. on the following Saturday.

Historical Note
New Section made by final rulemaking at 24 A.A.R. 3407, effective February 4, 2019 (Supp. 18-4).

R2-8-1002. Employee Membership

A. For purposes of active member eligibility, an employee of an Employer becomes a member of the ASRS pursuant to A.R.S. § 38-711(23) when the employee is Engaged To Work for the Employer.

B. If the Employer does not provide an accurate date for which an employee was Engaged To Work pursuant to subsection (A), the ASRS shall determine that an employee’s membership effective date will be the member’s hire date, if provided by the Employer and within 30 days of the first pay period end date after the hire date, for which the Employer was required to submit contributions.

C. If the Employer does not provide a hire date pursuant to subsection (B), the effective date is the first pay period end date of contributions received for that member.

D. Unless a member terminates employment or retires from the ASRS, for purposes of determining active member eligibility, a member will continue to be an active member for the remainder of a fiscal year in which the employee met the requirements to be an active member in the ASRS with that Employer pursuant to A.R.S. § 38-711.

E. Within 30 days of employment, an employee who is eligible for ASRS membership pursuant to A.R.S. § 38-711(23) shall create a secure ASRS account and submit to the ASRS through the employee’s secure ASRS account the following information:
   1. The Employee’s full name;
   2. The Employee’s Social Security number;
   3. The Employee’s date of birth;
   4. The Employee’s gender;
   5. The Employee’s marital status;
   6. The Employee’s primary phone number;
   7. The Employee’s personal email address;
   8. The Employee’s current mailing address; and
   9. The Employee’s designated beneficiary.

F. Within 30 days of a change in the member’s name, the member shall submit to the ASRS through the member’s secure ASRS account a Change of Name form that contains:
   1. The member’s full name that is on file with the ASRS;
   2. The member’s Social Security number;
   3. The member’s current mailing address;
   4. The member’s date of birth;
   5. The member’s personal email address;
   6. The member’s primary phone number;
   7. The member’s gender;
   8. The member’s marital status;
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

9. The member’s retired, active, inactive, or LTD status with the ASRS;
10. The member’s full name;
11. The type of legal document establishing the member’s new name;
12. A copy of the legal document establishing the member’s new name; and
13. The member’s dated signature.

G. Within 30 days of a change in the member’s contact information, the member shall notify the ASRS of the change.

H. If an employee of an Employer meets the requirements of A.R.S. § 38-727(A)(8), the employee may elect to not participate in the ASRS.

I. Within 30 days after employment, an Employer whose employee is 65 years of age or older as of the date of employment and who has elected not to participate in the ASRS pursuant to subsection (H), shall submit to the ASRS through the Employer’s secure ASRS account a 65+ Membership Waiver form that contains:
   1. The employee’s full name;
   2. The employee’s Social Security number;
   3. The employee’s current mailing address;
   4. The employee’s date of birth;
   5. The employee’s dated signature acknowledging the following statements:
      a. The employee is electing to waive any rights to ASRS membership and the employee will not be eligible for any retirement, disability, or health insurance benefits offered by the ASRS;
      b. The employee is a member of the ASRS as of the date of employment; and
      c. The employee understands that this election is irrevocable for the remainder of the employee’s employment with that Employer and the time the employee works under this election is not eligible for purchase in the ASRS;
   6. The Employer’s name;
   7. The date employee’s employment began; and
   8. The name and dated signature of the Employer’s representative.

J. A corrected and completed 65+ Membership Waiver form must be resubmitted to the ASRS pursuant to subsection (I) within 14 days of the date the ASRS notifies the employee that the 65+ Membership Waiver form is incorrect or incomplete.

Historical Note
New Section made by final rulemaking at 24 A.A.R. 3407, effective February 4, 2019 (Supp. 18-4).

R2-8-1003. Charter School Employer Membership

A. Pursuant to A.R.S. § 15-187(C), a charter school in Arizona is considered a political subdivision that is eligible to participate in the ASRS if the charter school is sponsored by:
   1. A state university;
   2. A community college district;
   3. A group of community college districts;
   4. The state board of education; or
   5. The state board for charter schools.

B. In order to participate as an Employer in the ASRS, a charter school shall notify the ASRS in writing of the charter school’s intent to join the ASRS and provide:
   1. A copy of the current and active Charter Contract, including any amendments, which is approved by the entity sponsoring the charter school pursuant to subsection (A);
   2. Documentation showing the name and location of all schools authorized by the Charter Contract identified in subsection (B)(1); and
   3. Documentation showing the charter school board’s approval to pursue ASRS membership and complete ASRS requirements for membership.

C. Upon receipt of the information contained in subsection (B), the ASRS shall determine if the charter school is eligible to participate in the ASRS. If the charter school is not eligible to participate in the ASRS, the ASRS shall send the charter school a notice of ineligibility. If the charter school is eligible to participate, the ASRS shall provide the charter school a Potential New Employer Letter.

D. In order to participate as an Employer in the ASRS, an eligible charter school shall submit to the ASRS the following original documents by the due date listed on the Potential New Employer Letter:
   1. The current retirement plan or a statement signed by the designated authorized agent for the charter school acknowledging there is no current retirement plan.
   2. Two ASRS Agreements showing:
      a. The legal name and current mailing address of the charter school as sponsored pursuant to subsection (A);
      b. What amount of prior service the charter school shall purchase for employees pursuant to R2-8-1006;
      c. The approximate number of employees that will become members upon the effective date of the ASRS Agreement;
      d. The name, title, email address, and telephone number of the designated authorized agent for the charter school;
      e. The designated authorized agent is authorized and directed to conduct all negotiations, conclude all arrangements, and sign all documents necessary to administer the supplemental ASRS retirement plan pursuant to A.R.S. Title 38, Chapter 5, Articles 2 and 2.1; and
      f. The ASRS Agreement is binding and irrevocable;
C. Any charter school that is established under the charter contract of a participating charter school shall participate in the ASRS.

F. A political subdivision or political subdivision entity, other than a charter school, may be eligible to participate in the ASRS pursuant to A.R.S. § 38-729. If the request to join the ASRS is approved, the state Social Security administrator shall sign the 218 Agreements and the ASRS Director shall sign the ASRS Resolutions before the ASRS shall send one of each of the original documents identified in subsection (D) to the charter school.

G. Any charter school that is established under the charter contract of a participating charter school shall participate in the ASRS.

R2-8-1004. Other Political Subdivision and Political Subdivision Entity Employer Membership

A. A political subdivision or political subdivision entity, other than a charter school, may be eligible to participate in the ASRS pursuant to A.R.S. §§ 38-711 and 38-729 if it notifies the ASRS in writing of the political subdivision’s or political subdivision entity’s intent to join the ASRS and provides to the ASRS:
1. A copy of the current legal authority establishing the political subdivision or political subdivision entity;
2. Documentation showing the name and location of the political subdivision or political subdivision entity; and
3. Documentation showing the political subdivision or political subdivision entity has taken the necessary legal action to be eligible to participate pursuant to A.R.S. § 38-729.

B. Upon receipt of the information contained in subsection (C), the ASRS shall determine if the political subdivision or political subdivision entity is eligible to participate in the ASRS. If the political subdivision or political subdivision entity is not eligible to participate in the ASRS, the ASRS shall send the political subdivision or political subdivision entity a notice of ineligibility. If the political subdivision or political subdivision entity is eligible to participate, the ASRS shall provide the political subdivision or political subdivision entity a Potential New Employer Letter.

C. In order to participate as an Employer in the ASRS, an eligible political subdivision or political subdivision entity shall submit to the ASRS the following original documents by the due date listed on the Potential New Employer Letter:
1. The current retirement plan or a statement signed by the designated authorized agent for the political subdivision or political subdivision entity acknowledging there is no current retirement plan.
2. Two ASRS Agreements showing:
   a. The legal name and current mailing address of the political subdivision or political subdivision entity;
   b. What amount of prior service the political subdivision or political subdivision entity shall purchase for employees pursuant to R2-8-1006;
   c. The approximate number of employees that will become members upon the effective date of the ASRS Agreement;
   d. The name, title, email address, and telephone number of the designated authorized agent for the political subdivision or political subdivision entity;
   e. The designated authorized agent is authorized and directed to conduct all negotiations, conclude all arrangements, and sign all documents necessary to administer the supplemental ASRS retirement plan pursuant to A.R.S. Title 38, Chapter 5, Articles 2 and 2.1; and
   f. The dated and notarized signature of the designated authorized agent.
3. Two ASRS Resolutions showing:
   a. The legal name of the charter school as sponsored pursuant to subsection (A);
   b. The charter school is adopting a supplemental ASRS retirement plan pursuant to A.R.S. § 38-729;
   c. The charter school agrees to be bound by the provisions of A.R.S. Title 38, Chapter 5, Article 2 and Article 2.1 unless otherwise indicated by law;
   d. The designated authorized agent for the charter school;
   e. The designated authorized agent is authorized and directed to conduct all negotiations, conclude all arrangements, and sign all documents necessary to administer the supplemental ASRS retirement plan pursuant to A.R.S. Title 38, Chapter 5, Articles 2 and 2.1; and
   f. The dated signature of the designated authorized agent for the charter school.
4. Two 218 Agreements either electing or declining coverage. If the charter school is electing coverage pursuant to a 218 Agreement, the 218 Agreement must be completed and approved by the Social Security Administration prior to joining the ASRS.
5. Two 218 Resolutions, if the charter school is electing coverage pursuant to subsection (D)(4). The 218 Resolutions must be completed and approved by the Social Security Administration prior to joining the ASRS.

E. Upon receipt of Acceptable Documentation identified in subsection (D), the ASRS may approve the charter school’s request for membership pursuant to A.R.S. § 38-729. If the request to join the ASRS is approved, the state Social Security administrator shall sign the 218 Agreements and the ASRS Director shall sign the ASRS Agreements before the ASRS shall send one of each of the original documents identified in subsection (D) to the charter school.

F. Upon receipt of Acceptable Documentation identified in subsection (D), the ASRS may approve the charter school’s request for membership pursuant to A.R.S. § 38-729. If the request to join the ASRS is approved, the state Social Security administrator shall sign the 218 Agreements and the ASRS Director shall sign the ASRS Resolutions before the ASRS shall send one of each of the original documents identified in subsection (D) to the charter school.
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

b. The political subdivision or political subdivision entity is adopting a supplemental ASRS retirement plan pursuant to A.R.S. § 38-729;
c. The political subdivision or political subdivision entity agrees to be bound by the provisions of A.R.S. Title 38, Chapter 5, Article 2 and Article 2.1 unless otherwise indicated by law;
d. The designated authorized agent for the political subdivision or political subdivision entity;
e. The designated authorized agent is authorized and directed to conduct all negotiations, conclude all arrangements, and sign all documents necessary to administer the supplemental ASRS retirement plan pursuant to A.R.S. Title 38, Chapter 5, Articles 2 and 2.1; and
f. The dated and notarized signature of the designated authorized agent.

4. Two 218 Agreements either electing or declining coverage. If the political subdivision or political subdivision entity is electing coverage pursuant to a 218 Agreement, the 218 Agreement must be completed and approved by the Social Security Administration prior to joining the ASRS.

5. Two 218 Resolutions, if the political subdivision or political subdivision entity is electing coverage pursuant to subsection (C)(4). The 218 Resolutions must be completed and approved by the Social Security Administration prior to joining the ASRS.

D. Upon receipt of Acceptable Documentation identified in subsection (B), the ASRS may approve the political subdivision’s or political subdivision entity’s request for membership pursuant to A.R.S. § 38-729. If the request to join the ASRS is approved, the state Social Security administrator shall sign the 218 Agreements and the ASRS Director shall sign the ASRS Agreements before the ASRS shall send one of each of the original documents identified in subsection (B) to the political subdivision or political subdivision entity.

Historical Note
New Section made by final rulemaking at 24 A.A.R. 3407, effective February 4, 2019 (Supp. 18-4).

R2-8-1005. Employer Reporting
A. An Employer shall submit contribution information and contribution payments pursuant to A.R.S. § 38-735, through the Employer’s secure ASRS account.
B. Within 14 days of receiving the information contained in subsection R2-8-1002(E)(1) through (E)(3), the Employer shall:
1. Verify the information the employee provided;
2. Confirm the employee meets membership requirements pursuant to A.R.S. § 38-711; and
3. Submit the verified information to the ASRS through the Employer’s secure ASRS account.
C. For an Employer whose employee elects to participate in an Optional Retirement Plan in lieu of the ASRS pursuant to A.R.S. §15-1628, within 30 days of electing to participate in an Optional Retirement Plan, the Employer shall submit to the ASRS through the Employer’s secure ASRS account the:
1. Employee’s full name;
2. Employee’s Social Security number;
3. Date of the employee’s employment; and
4. Date of the employee’s Optional Retirement Plan election.
D. For an Employer who has submitted information pursuant to subsection (C), within 30 days of that employee terminating employment with that Employer, the Employer shall notify the ASRS through the Employer’s secure ASRS account of the employee’s termination date.
E. Within 14 days before the effective date of joining the ASRS, an Employer shall submit an initial online authorization and designation form in writing to the ASRS with the following information:
1. The Employer’s name;
2. The following information for the person authorized by the Employer to approve the Employer’s Designated Employer Administrator:
   a. The person’s full name;
   b. The person’s title;
   c. The person’s phone number;
   d. The person’s email address;
   e. The person’s dated signature affirming that person has the authority to approve the Employer’s Designated Employer Administrator;
3. The full name of the individual the Employer is designating as the Employer’s Designated Employer Administrator;
4. The title of the individual the Employer is designating as the Employer’s Designated Employer Administrator;
5. The phone number of the individual the Employer is designating as the Employer’s Designated Employer Administrator;
6. The email address of the individual the Employer is designating as the Employer’s Designated Employer Administrator;
7. The dated signature of the individual the Employer is designating as the Employer’s Designated Employer Administrator.
F. An Employer’s Designated Employer Administrator shall establish a new Employer’s Designated Employer Administrator as needed through the Employer’s secure ASRS account.
G. Within 30 days of an Employer no longer having an Employer’s Designated Employer Administrator, the Employer shall submit in writing an initial online authorization and designation form pursuant to subsection (E).
H. Within 30 days of change in the Employer’s address, the Employer shall notify the ASRS of the change through the Employer’s secure ASRS account.
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

I. Within 10 days of any change in the name or ownership of the Employer, the Employer shall provide written notice of the change to the ASRS through the Employer’s secure ASRS account by providing the Employer’s previous account information and the changes to that information.

J. Within 30 days of any change in the character of an Employer’s organizational structure, the Employer shall send to the ASRS through the Employer’s secure ASRS account, written notice of the previous organizational structure and the effective changes to the Employer’s organizational structure.

K. Within 30 days of Leasing An Employee From A Third Party, an Employer shall submit the following information:
   1. The employee’s full name;
   2. The number of hours per week the employee works for the Employer;
   3. The title of the employee’s position;
   4. A copy of the agreement showing the Employer Leasing An Employee From A Third Party; and
   5. Whether the employee is retired from the ASRS.

Historical Note
New Section made by final rulemaking at 24 A.A.R. 3407, effective February 4, 2019 (Supp. 18-4).

R2-8-1006. Prior Service Purchase Cost for New Employers

A. Pursuant to A.R.S. § 38-729, upon the effective date of joining the ASRS, an Employer may elect to purchase service credit for a period of employment prior to the effective date of joining the ASRS for employees Engaged To Work for the Employer on the effective date of joining the ASRS who are members of the ASRS as of the effective date of joining the ASRS.

B. The ASRS may provide to a potential Employer an estimated cost to purchase service credit pursuant to this Section. In order for the ASRS to estimate the cost to purchase service pursuant to this Section, a potential Employer shall provide the following information to the ASRS for each employee of the potential Employer who is Engaged To Work for the potential Employer and for whom the potential Employer intends to purchase service credit pursuant to this Section:
   1. The employee’s full name;
   2. The employee’s date of birth;
   3. The employee’s Social Security number;
   4. The employee’s current salary; and
   5. The date the employee began employment with the potential Employer.

C. An Employer who elects to purchase service credit pursuant to this Section shall submit the following information for each member for which the Employer is purchasing service credit:
   1. Member’s full name;
   2. Member’s date of birth;
   3. Member’s Social Security number;
   4. Member’s date of employment;
   5. Documentation showing the Member is Engaged To Work for the Employer as of the effective date of joining the ASRS;
   6. Member’s current salary as of the effective date of joining the ASRS; and
   7. The number of years the Employer is electing to purchase for the member pursuant to this Section or the dollar amount the Employer is electing to pay to purchase service for the member pursuant to this Section.

D. The cost to purchase service credit pursuant to this Section shall be determined using an actuarial present value calculation.

E. An Employer who elects to purchase service credit pursuant to this Section shall submit payment for the full cost of the service purchase to the ASRS within 90 days of the date of notification by the ASRS.

F. If an Employer who elects to purchase service credit pursuant to this Section does not submit payment for the full cost of the service purchase within 90 days of the date of notification, the Employer is not eligible to purchase service credit pursuant to this Section.

Historical Note
New Section made by final rulemaking at 24 A.A.R. 3407, effective February 4, 2019 (Supp. 18-4).

ARTICLE 11. TRANSFER OF SERVICE CREDIT

R2-8-1101. Definitions

The following definitions apply to this Article unless otherwise specified:

1. “Actuarial present value” means an amount in today’s dollars of a member’s future retirement benefit calculated using appropriate actuarial assumptions and the:
   a. Member’s Current Years of Credited Service;
   b. Member’s age as of the date the Member submits to the ASRS a request to transfer service credit pursuant to this Article; and
   c. Member’s most recent annual compensation.

2. “Current years of credited service” means:
   a. For Transfer In Service, the amount of credited service a member has earned or purchased, and the amount of service credit for which an Irrevocable PDA is in effect for which the member has not yet completed payment, but does not include any current requests to purchase service credit for which the member has not yet paid; and
b. For transferring service credit to the Other Retirement Plan, the amount of credited service a member has earned or pur-
chased, but does not include service credit for which the member has not yet paid.
3. “Irrevocable PDA” means the same as in R2-8-501.
4. “Funded Actuarial Present Value” means the Actuarial Present Value reduced to the extent funded on market value basis as of the most recent actuarial evaluation of the ASRS.
5. “Member’s accumulated contribution account balance” means the sum of all the member’s retirement contributions and any principal payments made for:
   a. The purchase of service credit;
   b. Contributions not withheld; and
   c. Previous transfers of service credit.
6. “Other retirement plan” means the state retirement plans specified in A.R.S. § 38-921, other than the ASRS, or a retirement plan of a charter city as specified in A.R.S. § 38-730.
7. “Other Retirement Plan’s cost” means the amount determined by the ASRS pursuant to R2-8-1102(D).
8. “Other public service” means the same as in R2-8-501.
9. “Transfer in service” means credited service with the Other Retirement Plan that a member is eligible to transfer to the ASRS pursuant to A.R.S. §§ 38-730 and 38-921.

Historical Note
New Section made by final rulemaking at 25 A.A.R. 303, effective March 18, 2019 (Supp. 19-1).

R2-8-1102. Required Documentation and Calculations for Transfer In Service Credit
A. A member who is eligible to Transfer In Service credit, may request to transfer service credit by providing a Transfer In form to the ASRS with the following:
   1. The name of the Other Retirement Plan;
   2. The date the member either terminated employment with an employer of the Other Retirement Plan or ceased to participate in the Other Retirement Plan;
   3. The date the member began employment with the employer through which the member was participating in the Other Retirement Plan;
   4. The number of years the member participated in the Other Retirement Plan;
   5. Acknowledgement the member agrees that:
      a. Knowingly making a false statement or falsifying or permitting falsification of any record of the ASRS with an intent to de-
         fraud ASRS is a Class 6 felony, pursuant to A.R.S. § 38-793; and
      b. The Transfer In Service credit transaction is subject to audit and if any errors are discovered, the ASRS shall adjust a mem-
         ber's account, or if the member is already retired, adjustments to the member’s account may affect the member’s retirement
         benefit.
B. Upon receipt of the information specified in subsection (A), the ASRS shall submit the information to the Other Retirement Plan and request:
   1. The Other Retirement Plan’s Funded Actuarial Present Value pursuant to A.R.S. §§ 38-730 and 38-922;
   2. The Member’s Accumulated Contribution Account Balance in the Other Retirement Plan;
   3. The amount of service credit the member has accumulated in the Other Retirement Plan; and
   4. The start date and end date for the member’s participation in the Other Retirement Plan.
C. Upon receipt of the information specified in subsection (B), the ASRS shall calculate the Actuarial Present Value as specified in R2-8-506 necessary to transfer full service credit to the ASRS.
D. The ASRS shall calculate the Other Retirement Plan’s Cost as follows:
   1. If the ASRS Actuarial Present Value is greater than the Other Retirement Plan’s Funded Actuarial Present Value, then the Other
      Retirement Plan’s Cost is the greater of:
         a. The Other Retirement Plan’s Funded Actuarial Present Value; or
         b. The Member’s Accumulated Contribution Account Balance in the Other Retirement Plan;
   2. If the ASRS Actuarial Present Value is less than or equal to the Other Retirement Plan’s Funded Actuarial Present Value, then
      the Other Retirement Plan’s Cost is the greater of:
         a. The ASRS Actuarial Present Value; or
         b. The Member’s Accumulated Contribution Account Balance in the Other Retirement Plan.
E. The ASRS shall compare the Other Retirement Plan’s Cost to the ASRS Actuarial Present Value calculated pursuant to subsection (C) and:
   1. If the Other Retirement Plan’s Cost is less than the ASRS Actuarial Present Value, then the member may elect to transfer service
      credit to the ASRS and:
         a. Pay the difference between the Other Retirement Plan’s Cost and the ASRS Actuarial Present Value; or
         b. Accept a proportionately reduced amount of service credit;
   2. If the Other Retirement Plan’s Cost is greater than or equal to the ASRS Actuarial Present Value, then the member may elect to
      transfer the service to the ASRS pursuant to subsection (F).
F. Upon completion of the comparison specified in subsections (D) and (E), the ASRS shall send the member a transfer in invoice noti-
   fying the member of the member’s options to complete the transfer of service credit through the member’s secure ASRS account.
CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

G. The member may elect to complete a transfer of service credit pursuant to this Section by submitting the member’s election by the election due date specified on the transfer in invoice.

H. Upon receipt of the member’s election to complete a transfer of service credit, the ASRS shall send the transfer in invoice to the Other Retirement Plan and the Other Retirement Plan shall make payment to the ASRS by submitting a check made payable to the ASRS for the Other Retirement Plan’s Cost specified on the transfer in invoice by the payment due date specified on the transfer in invoice.

I. If a member elects to pay the total difference between the ASRS Actuarial Present Value and the Other Retirement Plan’s Cost pursuant to R2-8-1102(E), the member shall elect the method of payment by the payment due date specified on the transfer in invoice.

J. A member may elect to pay the total difference between the ASRS Actuarial Present Value and the Other Retirement Plan’s Cost pursuant to R2-8-1102(E) by any one or more methods specified in R2-8-512, R2-8-513, R2-8-514, or R2-8-519.

K. For a member who elects to accept a proportionately reduced amount of service pursuant to subsection (E)(1)(b), the ASRS shall calculate the proportionately reduced amount of service credit based on the member’s service credits in the Other Retirement Plan multiplied by the ratio of the Other Retirement Plan’s Cost to the ASRS Actuarial Present Value.

L. The member shall submit payment to transfer service credit pursuant to this Section by the payment due date specified on the transfer in invoice.

M. If the member does not submit payment for the total difference in the calculations pursuant to R2-8-1102(E) by the payment due date specified on the transfer in invoice, the member may be eligible to purchase the remaining service credit as Other Public Service, and the member is not eligible to purchase the remaining service credit based on the cost specified in the transfer in invoice.

New Section made by final rulemaking at 25 A.A.R. 303, effective March 18, 2019 (Supp. 19-1).

R2-8-1103. Transferring Service to Other Retirement Plans

A. Upon receipt of a request to transfer a member’s service credit from the ASRS to the Other Retirement Plan, the ASRS shall calculate:
   1. The ASRS Funded Actuarial Present Value pursuant to A.R.S. §§ 38-730 and 38-922; and
   2. The Member’s Accumulated Contribution Account Balance in the ASRS.

B. Upon completing the calculations specified in subsection (A), the ASRS shall submit the calculations and member information to the Other Retirement Plan with a due date for the Other Retirement Plan to submit a fund request to the ASRS pursuant to subsection (C).

C. If a member elects to transfer service credit to the Other Retirement Plan, the member shall ensure that the Other Retirement Plan submits a fund request on the Other Retirement Plan’s letterhead by the due date specified in subsection (B) to the ASRS with the following information:
   1. The member’s full name;
   2. The last four digits of the member’s Social Security number;
   3. The name of the Other Retirement Plan; and
   4. The Actuarial Present Value necessary to transfer full service credit to the Other Retirement Plan.

D. Upon receipt of the information specified in subsection (C), the ASRS shall compare the calculations specified in subsection (A) to the Other Retirement Plan’s Actuarial Present Value specified in subsection (C) and transfer funds as follows:
   1. If the Other Retirement Plan’s Actuarial Present Value specified in subsection (C) is greater than the ASRS Funded Actuarial Present Value specified in subsection (A), then the ASRS shall transfer the greater of:
      a. The ASRS Funded Actuarial Present Value specified in subsection (A); or
      b. The Member’s Accumulated Contribution Account Balance in the ASRS.
   2. If the Other Retirement Plan’s Actuarial Present Value specified in subsection (C) is less than or equal to the ASRS Funded Actuarial Present Value, then the ASRS shall transfer the greater of:
      a. The Other Retirement Plan’s Actuarial Present Value specified in subsection (C); or
      b. The Member’s Accumulated Contribution Account Balance in the ASRS.

E. Transferring service credit to the Other Retirement Plan pursuant to this Section constitutes a withdrawal from ASRS membership and results in a forfeiture of all other benefits under ASRS.

F. Notwithstanding subsection (E), pursuant to A.R.S. § 38-750, a transferred employee who continues an Irrevocable PDA after transferring service credit to the Other Retirement Plan may be eligible to:
   1. Transfer service credit associated with the remaining balance of the Irrevocable PDA for which the transferred employee paid for the purchase of service credit plus interest at the Assumed Actuarial Investment Earnings Rate pursuant to A.R.S. § 38-922, not including any administrative interest charge the transferred employee paid pursuant to an Irrevocable PDA; or
   2. Receive a return of contributions plus interest as specified in R2-8-118(A), column 3, pursuant to A.R.S. § 38-740.

Historical Note
New Section made by final rulemaking at 25 A.A.R. 303, effective March 18, 2019 (Supp. 19-1).
38-711. Definitions

In this article, unless the context otherwise requires:

1. "Active member" means a member as defined in paragraph 23, subdivision (b) of this section who satisfies the eligibility criteria prescribed in section 38-727 and who is currently making member contributions as prescribed in section 38-736.

2. "Actuarial equivalent" means equality in value of the aggregate amounts expected to be received under two different forms of payment, based on mortality and interest rate assumptions approved from time to time by the board.

3. "ASRS" means the Arizona state retirement system established by this article.

4. "Assets" means the resources of ASRS including all cash, investments or securities.

5. "Average monthly compensation" means:

   (a) For a member whose membership in ASRS commenced before January 1, 1984 and who left the member's contributions on deposit or reinstated forfeited credited service pursuant to section 38-742 for a period of employment that commenced before January 1, 1984, the higher of either:

      (i) The monthly average of compensation that is calculated pursuant to subdivision (b) of this paragraph.

      (ii) The monthly average of compensation on which contributions were remitted during a period of sixty consecutive months during which the member receives the highest compensation within the last one hundred twenty months of credited service. Any month for which no contributions are reported to ASRS or that falls within a period of nonpaid or partially paid leave of absence or sabbatical leave shall be excluded from the computation. The sixty consecutive months may entirely precede, may be both before and after or may be completely after any excluded months. If the member was employed for less than sixty consecutive months, the average monthly compensation is based on the total consecutive months worked. Payments for accumulated vacation or annual leave, sick leave, compensatory time or other forms of termination pay that, before August 12, 2005, constitute compensation for members whose membership in ASRS commenced before January 1, 1984, do not cease to be included as compensation if paid in the form of nonelective employer contributions under a 26 United States Code section 403(b) plan if all payments of employer and employee contributions are made at the time of termination. Contributions shall be made to ASRS on these amounts pursuant to sections 38-735, 38-736 and 38-737.

   (b) For a member whose membership in ASRS commenced on or after January 1, 1984 but before July 1, 2011, the monthly average of compensation on which contributions were remitted during a period of thirty-six consecutive months during which a member receives the highest compensation within the last one hundred twenty months of credited service. Any month for which no contributions are reported to ASRS or that falls within a period of nonpaid or partially paid leave of absence or sabbatical leave shall be excluded from the computation. The thirty-six consecutive months may entirely precede, may be both before and after or may be completely after any excluded months. If the member was employed for less than thirty-six consecutive months, the average monthly compensation shall be based on the total consecutive months worked.
(c) For a member whose membership in ASRS commenced on or after July 1, 2011, the monthly average of compensation on which contributions were remitted during a period of sixty consecutive months during which a member receives the highest compensation within the last one hundred twenty months of credited service. Any month for which no contributions are reported to ASRS or that falls within a period of nonpaid or partially paid leave of absence or sabbatical leave shall be excluded from the computation. The sixty consecutive months may entirely precede, may be both before and after or may be completely after any excluded months. If the member was employed for less than sixty consecutive months, the average monthly compensation shall be based on the total consecutive months worked.

6. "Board" means the ASRS board established in section 38-713.

7. "Compensation" means:

(a) For members whose membership began on or before December 31, 2019, the gross amount paid to a member by an employer as salary or wages, including amounts that are subject to deferred compensation or tax shelter agreements, for services rendered to or for an employer, or that would have been paid to the member except for the member's election or a legal requirement that all or part of the gross amount be used for other purposes, but does not include amounts paid in excess of compensation limits established in section 38-746. Compensation includes amounts paid as salary or wages to a member by a second employer if the member meets the requirements prescribed in paragraph 23, subdivision (b) of this section with that second employer. Compensation, as provided in paragraph 5, subdivision (b) or (c) of this section, does not include:

(i) Lump sum payments, on termination of employment, for accumulated vacation or annual leave, sick leave, compensatory time or any other form of termination pay whether the payments are made in one payment or by installments over a period of time.

(ii) Damages, costs, attorney fees, interest or other penalties paid pursuant to a court order or a compromise settlement or agreement to satisfy a grievance or claim even though the amount of the payment is based in whole or in part on previous salary or wage levels, except that, if the court order or compromise settlement or agreement directs salary or wages to be paid for a specific period of time, the payment is compensation for that specific period of time. If the amount directed to be paid is less than the actual salary or wages that would have been paid for the period if service had been performed, the contributions for the period shall be based on the amount of compensation that would have been paid if the service had been performed.

(iii) Payment, at the member's option, in lieu of fringe benefits that are normally paid for or provided by the employer.

(iv) Merit awards pursuant to section 38-613 and performance bonuses paid to assistant attorneys general pursuant to section 41-192.

(v) Amounts that are paid as salary or wages to a member for which employer contributions have not been paid.

(b) For a member whose membership began on or after January 1, 2020, only gross wages paid to a member by the employer for services rendered to the employer during the period considered as credited service, including amounts reported as wages and tips and other compensation on the member's federal form W-2 wage and tax statement, including pretax deductions, except for the following:
(i) Payments made for accrued leave that is not being used to replace regular work hours, whether paid in a lump sum or in installments.

(ii) Payments made on termination from employment, whether paid in a lump sum or in installments or as a bonus or an incentive for termination or retirement.

(iii) Employer-paid contributions that are made to, and any distributions from, plans, programs or arrangements qualified under section 117, 125, 129, 401, 403, 408 or 457 of the internal revenue code.

(iv) Payments for allowances.

(v) Reimbursements for employee business expenses or employee personal expenses.

(vi) Employer-paid contributions for coverage under, or distributions from, an accident, health or life insurance plan, program or arrangement.

(vii) Payments made in lieu of any employer-paid insurance coverage.

(viii) Workers' compensation, unemployment compensation payments and disability payments.

(ix) Merit awards pursuant to section 38-613.

(x) Payments paid pursuant to a court order or settlement agreement to satisfy a claim even though the amount of the payment is based on previous salary or wage levels, except if the court order or settlement agreement directs salary or wages to be paid for a specific period of time, the payment is compensation for that specific period of time.

(xi) Payments made in the form of goods or services in lieu of gross wages.

(xii) Any other payment that is not reported as wages and tips and other compensation on the member's federal W-2 wage and tax statement for actual services rendered.

(xiii) Payments in excess of the section 415 of the internal revenue code limits established in section 38-746.

(xiv) Payments for any other employment benefit.

(xv) Payments for which employer or employee contributions have not been paid.

8. "Contingent annuitant" means the person named by a member to receive retirement income payable following a member's death after retirement as provided in section 38-760.

9. "Credited service" means, subject to section 38-739, the number of years standing to the member's credit on the books of ASRS during which the member made the required contributions.

10. "Current annual compensation" means the greater of:
(a) Annualized compensation of the typical pay period amount immediately before the date of a request to ASRS to purchase credited service pursuant to section 38-743, 38-744 or 38-745. The typical pay period amount shall be determined by taking the five pay periods immediately before the date of a request, disregarding the highest and lowest compensation amount pay periods and averaging the three remaining pay periods.

(b) Annualized compensation of the partial year, disregarding the first compensation amount pay period, if the member has less than twelve months total compensation on the date of a request to purchase credited service pursuant to section 38-743, 38-744 or 38-745.

(c) The sum of the twelve months of compensation immediately before the date of a request to ASRS to purchase credited service pursuant to section 38-743, 38-744 or 38-745.

(d) The sum of the thirty-six months of compensation immediately before the date of a request to ASRS to purchase credited service pursuant to section 38-743, 38-744 or 38-745 divided by three.

(e) If the member has retired one or more times from ASRS, the average monthly compensation that was used for calculating the member's last pension benefit times twelve.

11. "Early retirement" means retirement before a member's normal retirement date after five years of total credited service and attainment of age fifty.

12. "Effective date" means July 1, 1970, except with respect to employers and members whose contributions to ASRS commence thereafter, the effective date of their membership in ASRS is as specified in the applicable joinder agreement.

13. "Employer" means:

   (a) This state.

   (b) Participating political subdivisions.

   (c) Participating political subdivision entities.

14. "Employer contributions" means all amounts paid into ASRS by an employer on behalf of a member.

15. "Fiscal year" means the period from July 1 of any year to June 30 of the following year.

16. "Inactive member" means a member who previously made contributions to ASRS and who satisfies each of the following:

   (a) Has not retired.

   (b) Is not eligible for active membership in ASRS.

   (c) Is not currently making contributions to ASRS.

   (d) Has not withdrawn contributions from ASRS.
17. "Interest" means the assumed actuarial investment earnings rate approved by the board.

18. "Internal revenue code" means the United States internal revenue code of 1986, as amended.

19. "Investment manager" means the persons, companies, banks, insurance company investment funds, mutual fund companies, management or any combinations of those entities that are appointed by ASRS and that have responsibility and authority for investment of the monies of ASRS.

20. "Late retirement" means retirement after normal retirement.

21. "Leave of absence" means any unpaid leave authorized by the employer, including leaves authorized for sickness or disability or to pursue education or training.

22. "Life annuity" means equal monthly installments payable during the member's lifetime after retirement.

23. "Member":

(a) Means any employee of an employer on the effective date.

(b) Means all employees of an employer who are eligible for membership pursuant to section 38-727 and who are engaged to work at least twenty weeks in each fiscal year and at least twenty hours each week.

(c) Means any person receiving a benefit under ASRS.

(d) Means any person who is a former active member of ASRS and who has not withdrawn contributions from ASRS pursuant to section 38-740.

(e) Does not include any employee of an employer who is otherwise eligible pursuant to this article and who begins service in a limited appointment for not more than eighteen months on or after July 1, 1979. If the employment exceeds eighteen months, the employee shall be covered by ASRS as of the beginning of the nineteenth month of employment. In order to be excluded under this subdivision, classifications of employees designated by employers as limited appointments must be approved by the director.

(f) Does not include any leased employee. For the purposes of section 414(n) of the internal revenue code, "leased employee" means an individual who:

(i) Is not otherwise an employee of an employer.

(ii) Pursuant to a leasing agreement between the employer and another person, performs services for the employer on a substantially full-time basis for at least one year.

(iii) Performs services under the primary direction or control of the employer.

24. "Member contributions" means all amounts paid to ASRS by a member.
25. "Normal costs" means the sum of the individual normal costs for all active members for each fiscal year. The normal cost for an individual active member is the cost that is assigned to the fiscal year, through June 29, 2016, using the projected unit credit method and, beginning June 30, 2016, using the actuarial cost method determined by the board pursuant to section 38-714.

26. "Normal retirement age" means the age at which a member reaches the member's normal retirement date.

27. "Normal retirement date" means the earliest of the following:

(a) For a member whose membership commenced before July 1, 2011:
   (i) A member's sixty-fifth birthday.
   (ii) A member's sixty-second birthday and completion of at least ten years of credited service.
   (iii) The first day that the sum of a member's age and years of total credited service equals eighty.

(b) For a member whose membership commenced on or after July 1, 2011:
   (i) A member's sixty-fifth birthday.
   (ii) A member's sixty-second birthday and completion of at least ten years of credited service.
   (iii) A member's sixtieth birthday and completion of at least twenty-five years of credited service.
   (iv) A member's fifty-fifth birthday and completion of at least thirty years of credited service.

28. "Political subdivision" means any political subdivision of this state and includes a political subdivision entity.

29. "Political subdivision entity" means an entity:

(a) That is located in this state.

(b) That is created in whole or in part by political subdivisions, including instrumentalities of political subdivisions.

(c) Where a majority of the membership of the entity is composed of political subdivisions.

(d) Whose primary purpose is the performance of a government-related service.

30. "Retired member" means a member who is receiving retirement benefits pursuant to this article.

31. "Service year" means fiscal year, except that:

(a) If the normal work year required of a member is less than the full fiscal year but is for a period of at least nine months, the service year is the normal work year.
(b) For a salaried member employed on a contract basis under one contract, or two or more consecutive contracts, for a total period of at least nine months, the service year is the total period of the contract or consecutive contracts.

(c) In determining average monthly compensation pursuant to paragraph 5 of this section, the service year is considered to be twelve months of compensation.

32. "State" means this state, including any department, office, board, commission, agency, institution or other instrumentality of this state.

33. "Vested" means that a member is eligible to receive a future retirement benefit.

38-714. Powers and duties of ASRS and board

A. ASRS shall have the powers and privileges of a corporation, shall have an official seal and shall transact all business in the name "Arizona state retirement system", and in that name may sue and be sued.

B. The board is responsible for supervising the administration of this article by the director of ASRS.

C. The board is responsible for the performance of fiduciary duties and other responsibilities required to preserve and protect the retirement trust fund established by section 38-712.

D. The board shall not advocate for or against legislation providing for benefit modifications, except that the board shall provide technical and administrative information regarding the impact of benefit modification legislation.

E. The board may:

1. Determine the rights, benefits or obligations of any person under this article and any member under articles 2.1 and 7 of this chapter and afford any person dissatisfied with a determination a hearing on the determination. The board may delegate the duty and authority to act on the board's behalf to a committee of the board for the purposes of this paragraph and title 41, chapter 6, article 10 relating to any decision made under this paragraph by that committee of the board.

2. Determine the amount, manner and time of payment of any benefits under this article.

3. Recommend amendments to this article and articles 2.1 and 7 of this chapter that are required for efficient and effective administration.

4. Adopt, amend or repeal rules for the administration of the plan, this article and articles 2.1 and 7 of this chapter.

F. Beginning June 30, 2016, the board shall determine which of the generally accepted actuarial cost methods shall be used in the annual actuarial valuation of the plan.

G. The board and ASRS are not subject to title 41, chapter 6, except title 41, chapter 6, article 10, for actuarial assumptions and calculations, investment strategy and decisions and accounting methodology.
H. The board shall submit to the governor and legislature for each fiscal year no later than eight months after the close of the fiscal year a report of its operations and the operations of ASRS. The report shall follow generally accepted accounting principles and generally accepted financial reporting standards and shall include:

1. A report on an actuarial valuation of ASRS assets and liabilities.

2. Any other statistical and financial data that may be necessary for the proper understanding of the financial condition of ASRS and the results of board operations.

3. On request of the governor or the legislature, a list of investments owned. This list shall be provided in an electronic format.

4. An estimate of the aggregate fees paid for private equity investments, including management fees and performance fees.

I. The board shall:

1. Prepare and publish a synopsis of the annual report for the information of ASRS members.

2. Contract for a study of the mortality, disability, service and other experiences of the members and employers participating in ASRS. The study shall be conducted for fiscal year 1990-1991 and for at least every fifth fiscal year thereafter. A report of the study shall be completed within eight months after the close of the applicable fiscal year and shall be submitted to the governor and the legislature.

3. Conduct an annual actuarial valuation of ASRS assets and liabilities.

J. The auditor general may make an annual audit of ASRS and transmit the results to the governor and the legislature.

38-783. Retired members; dependents; health insurance; premium payment; separate account; definitions

A. Subject to subsections G, H and I of this section, the board shall pay from ASRS assets part of the single coverage premium of any health and accident insurance for each retired member, contingent annuitant or member with a disability of ASRS if the member elects to participate in the coverage provided by ASRS or section 38-651.01 or elects to participate in a health and accident insurance program provided or administered by an employer or paid for, in whole or in part, by an employer to an insurer. A contingent annuitant must be receiving a monthly retirement benefit from ASRS in order to obtain any premium payment provided by this section. The board shall pay:

1. Up to $150 per month for a member of ASRS who is not eligible for medicare if the retired member or member with a disability has ten or more years of credited service.

2. Up to $100 per month for each member of ASRS who is eligible for medicare if the retired member or member with a disability has ten or more years of credited service.

B. Subject to subsections G, H and I of this section, the board shall pay from ASRS assets part of the family coverage premium of any health and accident insurance for a retired member, contingent
annuitant or member with a disability of ASRS who elects family coverage and who otherwise qualifies for payment pursuant to subsection A of this section. If a member of ASRS and the member's spouse are both either retired or have disabilities under ASRS and apply for family coverage, the member who elects family coverage is entitled to receive the payments under this section as if they were both applying under a single coverage premium unless the payment under this section for family coverage is greater. Payment under this subsection is in the following amounts:

1. Up to $260 per month if the member of ASRS and one or more dependents are not eligible for medicare.

2. Up to $170 per month if the member of ASRS and one or more dependents are eligible for medicare.

3. Up to $215 per month if either:

   (a) The member of ASRS is not eligible for medicare and one or more dependents are eligible for medicare.

   (b) The member of ASRS is eligible for medicare and one or more dependents are not eligible for medicare.

C. In addition each retired member, contingent annuitant or member with a disability of ASRS with less than ten years of credited service and a dependent of such a retired member, contingent annuitant or member with a disability who elects to participate in the coverage provided by ASRS or section 38-651.01 or who elects to participate in a health and accident insurance program provided or administered by an employer or paid for, in whole or in part, by an employer to an insurer is entitled to receive a proportion of the full benefit prescribed by subsection A or B of this section according to the following schedule:

1. 9.0 to 9.9 years of credited service, ninety percent.

2. 8.0 to 8.9 years of credited service, eighty percent.

3. 7.0 to 7.9 years of credited service, seventy percent.

4. 6.0 to 6.9 years of credited service, sixty percent.

5. 5.0 to 5.9 years of credited service, fifty percent.

6. Those with less than five years of credited service do not qualify for the benefit.

D. The board shall not pay more than the amount prescribed in this section for a member of ASRS.

E. Notwithstanding subsections A, B and C of this section, for a member who retires on or after August 2, 2012, the board shall not make a payment under this section to a retired member, contingent annuitant or member with a disability who is enrolled in an employer's active employee group health and accident insurance program either as the insured or as a dependent, except that if the retired member, contingent annuitant or member with a disability is enrolled as a dependent and the premium paid to the employer's active employee group health and accident insurance program is
not subsidized by the employer, the retired member, contingent annuitant or member with a disability is entitled to receive the amount provided in subsection A of this section.

F. The board shall establish a separate account that consists of the benefits provided by this section. The board shall not use or divert any part of the corpus or income of the account for any purpose other than the provision of and the cost of administering the benefits under this section or the self-insurance program pursuant to section 38-782 unless the liabilities of ASRS to provide the benefits are satisfied. If the liabilities of ASRS to provide the benefits described in this section and section 38-782 are satisfied, the board shall return any amount remaining in the account to the employer.

G. Payment of the benefits provided by this section is subject to the following conditions:

1. The payment of the benefits is subordinate to the payment of retirement benefits payable by ASRS.

2. The total of contributions for the benefits and actual contributions for life insurance protection, if any, shall not exceed twenty-five percent of the total actual employer and employee contributions to ASRS, less contributions to fund past service credits, after the day the account is established.

3. The board shall deposit the benefits provided by this section in the account.

4. The contributions by the employer to the account shall be reasonable and ascertainable.

H. A member who elects to receive a retirement benefit pursuant to section 38-760, subsection B, paragraph 1 may elect at the time of retirement an optional form of health and accident insurance premium benefit payment pursuant to this subsection as follows:

1. The optional premium benefit payment shall be an amount prescribed by subsection A, B or C of this section that is actuarially reduced to the retiring member for life. The amount of the optional premium benefit payment shall be the actuarial equivalent of the premium benefit payment to which the retired member would otherwise be entitled. The election in a manner prescribed by the board shall name the contingent annuitant and may be revoked at any time before the retiring member's effective date of retirement. At any time after benefits have commenced, the member may name a different contingent annuitant or rescind the election by written notice to the board as follows:

   (a) If the retired member names a different contingent annuitant, the optional premium benefit payment shall be adjusted to the actuarial equivalent of the original premium benefit payment based on the age of the new contingent annuitant. The adjustment shall include all postretirement increases or decreases in amounts prescribed by subsection A, B or C of this section that are authorized by law after the retired member's date of retirement. Payment of this adjusted premium benefit payment shall continue under the provisions of the optional premium benefit payment previously elected by the retired member. A retired member cannot name a different contingent annuitant if the retired member has at any time rescinded the optional form of health and accident insurance premium benefit payment.

   (b) If the retired member rescinds the election, the retired member shall thereafter receive the premium benefit payment that the retired member would otherwise be entitled to receive if the retired member had not elected the optional premium benefit payment, including all postretirement increases or decreases in amounts prescribed by subsection A, B or C of this section that are authorized by law after the member's date of retirement. The increased benefit payment shall
continue during the remainder of the retired member's lifetime. The decision to rescind shall be irrevocable.

2. If, at the time of the retired member's death:

(a) The retired member was receiving a reduced premium benefit payment based on an amount prescribed in subsection B or C of this section and the contingent annuitant is eligible for family health and accident insurance coverage, the contingent annuitant is entitled to receive a premium benefit payment based on an amount prescribed in subsection B or C of this section times the reduction factor applied to the retired member's premium benefit payment times the joint and survivor option reduction factor elected by the retired member at the time of retirement pursuant to section 38-760, subsection B, paragraph 1.

(b) The retired member was receiving a reduced premium benefit payment based on an amount prescribed in subsection A or C of this section and the contingent annuitant is eligible for single health and accident insurance coverage, the contingent annuitant is entitled to receive a premium benefit payment based on an amount prescribed in subsection A or C of this section times the reduction factor applied to the retired member's premium benefit payment times the joint and survivor option reduction factor elected by the retired member at the time of retirement pursuant to section 38-760, subsection B, paragraph 1.

(c) The retired member was receiving a reduced premium benefit payment based on an amount prescribed in subsection B or C of this section and the contingent annuitant is not eligible for family health and accident insurance coverage, the contingent annuitant is entitled to receive a premium benefit payment based on an amount prescribed in subsection A or C of this section times the reduction factor applied to the retired member's premium benefit payment times the joint and survivor option reduction factor elected by the retired member at the time of retirement pursuant to section 38-760, subsection B, paragraph 1.

I. A member who elects to receive a retirement benefit pursuant to section 38-760, subsection B, paragraph 2 may elect at the time of retirement an optional form of health and accident insurance premium benefit payment pursuant to this subsection as follows:

1. The optional premium benefit payment shall be an amount prescribed by subsection A, B or C of this section that is actuarially reduced with payments for five, ten or fifteen years that are not dependent on the continued lifetime of the retired member but whose payments continue for the retired member's lifetime beyond the five, ten or fifteen year period. The election in a manner prescribed by the board shall name the contingent annuitant and may be revoked at any time before the retiring member's effective date of retirement. At any time after benefits have commenced, the member may name a different contingent annuitant or rescind the election by written notice to the board. If the retired member rescinds the election, the retired member shall thereafter receive the premium benefit payment that the retired member would otherwise be entitled to receive if the retired member had not elected the optional premium benefit payment, including all postretirement increases or decreases in amounts prescribed by subsection A, B or C of this section that are authorized by law after the member's date of retirement. The increased benefit payment shall continue during the remainder of the retired member's lifetime. The decision to rescind shall be irrevocable.

2. If, at the time of the retired member's death:
(a) The retired member was receiving a reduced premium benefit payment based on an amount prescribed in subsection B or C of this section and the contingent annuitant is eligible for family health and accident insurance coverage, the contingent annuitant is entitled to receive a premium benefit payment based on an amount prescribed in subsection B or C of this section times the period certain and life option reduction factor elected by the retired member at the time of retirement pursuant to section 38-760, subsection B, paragraph 2.

(b) The retired member was receiving a reduced premium benefit payment based on an amount prescribed in subsection A or C of this section and the contingent annuitant is eligible for single health and accident insurance coverage, the contingent annuitant is entitled to receive a premium benefit payment based on an amount prescribed in subsection A or C of this section times the period certain and life option reduction factor elected by the retired member at the time of retirement pursuant to section 38-760, subsection B, paragraph 2.

(c) The retired member was receiving a reduced premium benefit payment based on an amount prescribed in subsection B or C of this section and the contingent annuitant is not eligible for family health and accident insurance coverage, the contingent annuitant is entitled to receive a premium benefit payment based on an amount prescribed in subsection A or C of this section times the period certain and life option reduction factor elected by the retired member at the time of retirement pursuant to section 38-760, subsection B, paragraph 2.

J. If, at the time of retirement, a retiring member does not elect to receive a reduced premium benefit payment pursuant to subsection H or I of this section, the retired member's contingent annuitant is not eligible at any time for the optional premium benefit payment.

K. If a member who is eligible for benefits pursuant to this section forfeits the member's interest in the account before the termination of ASRS, an amount equal to the amount of the forfeiture shall be applied as soon as possible to reduce employer contributions to fund the benefits provided by this section.

L. A contingent annuitant is not eligible for any premium benefit payment if the contingent annuitant was not enrolled in an eligible health and accident insurance plan at the time of the retired member's death or if the contingent annuitant is not the dependent beneficiary or insured surviving dependent as provided in section 38-782.

M. For the purposes of this section:

1. "Account" means the separate account established pursuant to subsection F of this section.

2. "Credited service" includes prior service.

3. "Prior service" means service for this state or a political subdivision of this state before membership in the defined contribution program administered by ASRS.

4. "Subsidized" means a portion of the total premium is paid by the employer, but does not necessarily mean a plan in which the employer uses blended rates to determine the total premium.

38-711. Definitions

In this article, unless the context otherwise requires:
1. "Active member" means a member as defined in paragraph 23, subdivision (b) of this section who satisfies the eligibility criteria prescribed in section 38-727 and who is currently making member contributions as prescribed in section 38-736.

2. "Actuarial equivalent" means equality in value of the aggregate amounts expected to be received under two different forms of payment, based on mortality and interest rate assumptions approved from time to time by the board.

3. "ASRS" means the Arizona state retirement system established by this article.

4. "Assets" means the resources of ASRS including all cash, investments or securities.

5. "Average monthly compensation" means:

(a) For a member whose membership in ASRS commenced before January 1, 1984 and who left the member's contributions on deposit or reinstated forfeited credited service pursuant to section 38-742 for a period of employment that commenced before January 1, 1984, the higher of either:

(i) The monthly average of compensation that is calculated pursuant to subdivision (b) of this paragraph.

(ii) The monthly average of compensation on which contributions were remitted during a period of sixty consecutive months during which the member receives the highest compensation within the last one hundred twenty months of credited service. Any month for which no contributions are reported to ASRS or that falls within a period of nonpaid or partially paid leave of absence or sabbatical leave shall be excluded from the computation. The sixty consecutive months may entirely precede, may be both before and after or may be completely after any excluded months. If the member was employed for less than sixty consecutive months, the average monthly compensation is based on the total consecutive months worked. Payments for accumulated vacation or annual leave, sick leave, compensatory time or other forms of termination pay that, before August 12, 2005, constitute compensation for members whose membership in ASRS commenced before January 1, 1984, do not cease to be included as compensation if paid in the form of nonelective employer contributions under a 26 United States Code section 403(b) plan if all payments of employer and employee contributions are made at the time of termination. Contributions shall be made to ASRS on these amounts pursuant to sections 38-735, 38-736 and 38-737.

(b) For a member whose membership in ASRS commenced on or after January 1, 1984 but before July 1, 2011, the monthly average of compensation on which contributions were remitted during a period of thirty-six consecutive months during which a member receives the highest compensation within the last one hundred twenty months of credited service. Any month for which no contributions are reported to ASRS or that falls within a period of nonpaid or partially paid leave of absence or sabbatical leave shall be excluded from the computation. The thirty-six consecutive months may entirely precede, may be both before and after or may be completely after any excluded months. If the member was employed for less than thirty-six consecutive months, the average monthly compensation shall be based on the total consecutive months worked.

(c) For a member whose membership in ASRS commenced on or after July 1, 2011, the monthly average of compensation on which contributions were remitted during a period of sixty consecutive months during which a member receives the highest compensation within the last one hundred twenty months of credited service. Any month for which no contributions are reported to ASRS or that falls within a period of nonpaid or partially paid leave of absence or sabbatical leave shall be
excluded from the computation. The sixty consecutive months may entirely precede, may be both before and after or may be completely after any excluded months. If the member was employed for less than sixty consecutive months, the average monthly compensation shall be based on the total consecutive months worked.

6. "Board" means the ASRS board established in section 38-713.

7. "Compensation" means:

(a) For members whose membership began on or before December 31, 2019, the gross amount paid to a member by an employer as salary or wages, including amounts that are subject to deferred compensation or tax shelter agreements, for services rendered to or for an employer, or that would have been paid to the member except for the member's election or a legal requirement that all or part of the gross amount be used for other purposes, but does not include amounts paid in excess of compensation limits established in section 38-746. Compensation includes amounts paid as salary or wages to a member by a second employer if the member meets the requirements prescribed in paragraph 23, subdivision (b) of this section with that second employer. Compensation, as provided in paragraph 5, subdivision (b) or (c) of this section, does not include:

(i) Lump sum payments, on termination of employment, for accumulated vacation or annual leave, sick leave, compensatory time or any other form of termination pay whether the payments are made in one payment or by installments over a period of time.

(ii) Damages, costs, attorney fees, interest or other penalties paid pursuant to a court order or a compromise settlement or agreement to satisfy a grievance or claim even though the amount of the payment is based in whole or in part on previous salary or wage levels, except that, if the court order or compromise settlement or agreement directs salary or wages to be paid for a specific period of time, the payment is compensation for that specific period of time. If the amount directed to be paid is less than the actual salary or wages that would have been paid for the period if service had been performed, the contributions for the period shall be based on the amount of compensation that would have been paid if the service had been performed.

(iii) Payment, at the member's option, in lieu of fringe benefits that are normally paid for or provided by the employer.

(iv) Merit awards pursuant to section 38-613 and performance bonuses paid to assistant attorneys general pursuant to section 41-192.

(v) Amounts that are paid as salary or wages to a member for which employer contributions have not been paid.

(b) For a member whose membership began on or after January 1, 2020, only gross wages paid to a member by the employer for services rendered to the employer during the period considered as credited service, including amounts reported as wages and tips and other compensation on the member's federal form W-2 wage and tax statement, including pretax deductions, except for the following:

(i) Payments made for accrued leave that is not being used to replace regular work hours, whether paid in a lump sum or in installments.
(ii) Payments made on termination from employment, whether paid in a lump sum or in installments or as a bonus or an incentive for termination or retirement.

(iii) Employer-paid contributions that are made to, and any distributions from, plans, programs or arrangements qualified under section 117, 125, 129, 401, 403, 408 or 457 of the internal revenue code.

(iv) Payments for allowances.

(v) Reimbursements for employee business expenses or employee personal expenses.

(vi) Employer-paid contributions for coverage under, or distributions from, an accident, health or life insurance plan, program or arrangement.

(vii) Payments made in lieu of any employer-paid insurance coverage.

(viii) Workers' compensation, unemployment compensation payments and disability payments.

(ix) Merit awards pursuant to section 38-613.

(x) Payments paid pursuant to a court order or settlement agreement to satisfy a claim even though the amount of the payment is based on previous salary or wage levels, except if the court order or settlement agreement directs salary or wages to be paid for a specific period of time, the payment is compensation for that specific period of time.

(xi) Payments made in the form of goods or services in lieu of gross wages.

(xii) Any other payment that is not reported as wages and tips and other compensation on the member's federal W-2 wage and tax statement for actual services rendered.

(xiii) Payments in excess of the section 415 of the internal revenue code limits established in section 38-746.

(xiv) Payments for any other employment benefit.

(xv) Payments for which employer or employee contributions have not been paid.

8. "Contingent annuitant" means the person named by a member to receive retirement income payable following a member's death after retirement as provided in section 38-760.

9. "Credited service" means, subject to section 38-739, the number of years standing to the member's credit on the books of ASRS during which the member made the required contributions.

10. "Current annual compensation" means the greater of:

(a) Annualized compensation of the typical pay period amount immediately before the date of a request to ASRS to purchase credited service pursuant to section 38-743, 38-744 or 38-745. The typical pay period amount shall be determined by taking the five pay periods immediately before the
date of a request, disregarding the highest and lowest compensation amount pay periods and averaging the three remaining pay periods.

(b) Annualized compensation of the partial year, disregarding the first compensation amount pay period, if the member has less than twelve months total compensation on the date of a request to purchase credited service pursuant to section 38-743, 38-744 or 38-745.

(c) The sum of the twelve months of compensation immediately before the date of a request to ASRS to purchase credited service pursuant to section 38-743, 38-744 or 38-745.

(d) The sum of the thirty-six months of compensation immediately before the date of a request to ASRS to purchase credited service pursuant to section 38-743, 38-744 or 38-745 divided by three.

(e) If the member has retired one or more times from ASRS, the average monthly compensation that was used for calculating the member's last pension benefit times twelve.

11. "Early retirement" means retirement before a member's normal retirement date after five years of total credited service and attainment of age fifty.

12. "Effective date" means July 1, 1970, except with respect to employers and members whose contributions to ASRS commence thereafter, the effective date of their membership in ASRS is as specified in the applicable joinder agreement.

13. "Employer" means:

(a) This state.

(b) Participating political subdivisions.

(c) Participating political subdivision entities.

14. "Employer contributions" means all amounts paid into ASRS by an employer on behalf of a member.

15. "Fiscal year" means the period from July 1 of any year to June 30 of the following year.

16. "Inactive member" means a member who previously made contributions to ASRS and who satisfies each of the following:

(a) Has not retired.

(b) Is not eligible for active membership in ASRS.

(c) Is not currently making contributions to ASRS.

(d) Has not withdrawn contributions from ASRS.

17. "Interest" means the assumed actuarial investment earnings rate approved by the board.
18. "Internal revenue code" means the United States internal revenue code of 1986, as amended.

19. "Investment manager" means the persons, companies, banks, insurance company investment funds, mutual fund companies, management or any combinations of those entities that are appointed by ASRS and that have responsibility and authority for investment of the monies of ASRS.

20. "Late retirement" means retirement after normal retirement.

21. "Leave of absence" means any unpaid leave authorized by the employer, including leaves authorized for sickness or disability or to pursue education or training.

22. "Life annuity" means equal monthly installments payable during the member's lifetime after retirement.

23. "Member":
   (a) Means any employee of an employer on the effective date.
   (b) Means all employees of an employer who are eligible for membership pursuant to section 38-727 and who are engaged to work at least twenty weeks in each fiscal year and at least twenty hours each week.
   (c) Means any person receiving a benefit under ASRS.
   (d) Means any person who is a former active member of ASRS and who has not withdrawn contributions from ASRS pursuant to section 38-740.
   (e) Does not include any employee of an employer who is otherwise eligible pursuant to this article and who begins service in a limited appointment for not more than eighteen months on or after July 1, 1979. If the employment exceeds eighteen months, the employee shall be covered by ASRS as of the beginning of the nineteenth month of employment. In order to be excluded under this subdivision, classifications of employees designated by employers as limited appointments must be approved by the director.
   (f) Does not include any leased employee. For the purposes of section 414(n) of the internal revenue code, "leased employee" means an individual who:
      (i) Is not otherwise an employee of an employer.
      (ii) Pursuant to a leasing agreement between the employer and another person, performs services for the employer on a substantially full-time basis for at least one year.
      (iii) Performs services under the primary direction or control of the employer.

24. "Member contributions" means all amounts paid to ASRS by a member.

25. "Normal costs" means the sum of the individual normal costs for all active members for each fiscal year. The normal cost for an individual active member is the cost that is assigned to the fiscal
year, through June 29, 2016, using the projected unit credit method and, beginning June 30, 2016, using the actuarial cost method determined by the board pursuant to section 38-714.

26. "Normal retirement age" means the age at which a member reaches the member's normal retirement date.

27. "Normal retirement date" means the earliest of the following:

(a) For a member whose membership commenced before July 1, 2011:

(i) A member's sixty-fifth birthday.

(ii) A member's sixty-second birthday and completion of at least ten years of credited service.

(iii) The first day that the sum of a member's age and years of total credited service equals eighty.

(b) For a member whose membership commenced on or after July 1, 2011:

(i) A member's sixty-fifth birthday.

(ii) A member's sixty-second birthday and completion of at least ten years of credited service.

(iii) A member's sixtieth birthday and completion of at least twenty-five years of credited service.

(iv) A member's fifty-fifth birthday and completion of at least thirty years of credited service.

28. "Political subdivision" means any political subdivision of this state and includes a political subdivision entity.

29. "Political subdivision entity" means an entity:

(a) That is located in this state.

(b) That is created in whole or in part by political subdivisions, including instrumentalities of political subdivisions.

(c) Where a majority of the membership of the entity is composed of political subdivisions.

(d) Whose primary purpose is the performance of a government-related service.

30. "Retired member" means a member who is receiving retirement benefits pursuant to this article.

31. "Service year" means fiscal year, except that:

(a) If the normal work year required of a member is less than the full fiscal year but is for a period of at least nine months, the service year is the normal work year.
(b) For a salaried member employed on a contract basis under one contract, or two or more consecutive contracts, for a total period of at least nine months, the service year is the total period of the contract or consecutive contracts.

(c) In determining average monthly compensation pursuant to paragraph 5 of this section, the service year is considered to be twelve months of compensation.

32. "State" means this state, including any department, office, board, commission, agency, institution or other instrumentality of this state.

33. "Vested" means that a member is eligible to receive a future retirement benefit.

41-1092.01. Office of administrative hearings; director; powers and duties; fund

A. An office of administrative hearings is established.

B. The governor shall appoint the director pursuant to section 38-211. At a minimum, the director shall have the experience necessary for appointment as an administrative law judge. The director also shall possess supervisory, management and administrative skills, as well as knowledge and experience relating to administrative law.

C. The director shall:

1. Serve as the chief administrative law judge of the office.

2. Make and execute the contracts and other instruments that are necessary to perform the director's duties.

3. Subject to chapter 4, article 4 of this title, hire employees, including full-time administrative law judges, and contract for special services, including temporary administrative law judges, that are necessary to carry out this article. An administrative law judge employed or contracted by the office shall have graduated from an accredited college of law or shall have at least two years of administrative or managerial experience in the subject matter or agency section the administrative law judge is assigned to in the office.

4. Make rules that are necessary to carry out this article, including rules governing ex parte communications in contested cases.

5. Submit a report to the governor, speaker of the house of representatives and president of the senate by November 1 of each year describing the activities and accomplishments of the office. The director's annual report shall include a summary of the extent and effect of agencies' utilization of administrative law judges, court reporters and other personnel in proceedings under this article and recommendations for changes or improvements in the administrative procedure act or any agency's practice or policy with respect to the administrative procedure act. The director shall provide a copy of the report to the secretary of state.

6. Secure, compile and maintain all decisions, opinions or reports of administrative law judges issued pursuant to this article and the reference materials and supporting information that may be appropriate.
7. Develop, implement and maintain a program for the continuing training and education of administrative law judges and agencies in regard to their responsibilities under this article. The program shall require that an administrative law judge receive training in the technical and subject matter areas of the sections to which the administrative law judge is assigned.

8. Develop, implement and maintain a program of evaluation to aid the director in the evaluation of administrative law judges appointed pursuant to this article that includes comments received from the public.

9. Annually report the following to the governor, the president of the senate and the speaker of the house of representatives and provide a copy of this report to the secretary of state by December 1 for the prior fiscal year:

(a) The number of administrative law judge decisions rejected or modified by agency heads.

(b) By category, the number and disposition of motions filed pursuant to section 41-1092.07, subsection A to disqualify office administrative law judges for bias, prejudice, personal interest or lack of expertise.

(c) By agency, the number and type of violations of section 41-1009.

10. Schedule hearings pursuant to section 41-1092.05 on the request of an agency or the filing of a notice of appeal pursuant to section 41-1092.03.

D. The director shall not require legal representation to appear before an administrative law judge.

E. Except as provided in subsection F of this section, all state agencies supported by state general fund sources, unless exempted by this article, and the registrar of contractors shall use the services and personnel of the office to conduct administrative hearings. All other agencies shall contract for services and personnel of the office to conduct administrative hearings.

F. An agency head, board or commission that directly conducts an administrative hearing as an administrative law judge is not required to use the services and personnel of the office for that hearing.

G. Each state agency, and each political subdivision contracting for office services pursuant to subsection I of this section, shall make its facilities available, as necessary, for use by the office in conducting proceedings pursuant to this article.

H. The office shall employ full-time administrative law judges to conduct hearings required by this article or other laws as follows:

1. The director shall assign administrative law judges from the office to an agency, on either a temporary or a permanent basis, at supervisory or other levels, to preside over contested cases and appealable agency actions in accordance with the special expertise of the administrative law judge in the subject matter of the agency.

2. The director shall establish the subject matter and agency sections within the office that are necessary to carry out this article. Each subject matter and agency section shall provide training in
the technical and subject matter areas of the section as prescribed in subsection C, paragraph 7 of this section.

I. If the office cannot furnish an office administrative law judge promptly in response to an agency request, the director may contract with qualified individuals to serve as temporary administrative law judges. These temporary administrative law judges are not employees of this state.

J. The office may provide administrative law judges on a contract basis to any governmental entity to conduct any hearing not covered by this article. The director may enter into contracts with political subdivisions of this state, and these political subdivisions may contract with the director for the purpose of providing administrative law judges and reporters for administrative proceedings or informal dispute resolution. The contract may define the scope of the administrative law judge’s duties. Those duties may include the preparation of findings, conclusions, decisions or recommended decisions or a recommendation for action by the political subdivision. For these services, the director shall request payment for services directly from the political subdivision for which the services are performed, and the director may accept payment on either an advance or reimbursable basis.

K. The office shall apply monies received pursuant to subsections E and J of this section to offset its actual costs for providing personnel and services.

L. The office shall receive complaints against a county, a local government as defined in section 9-1401 or a video service provider as defined in section 9-1401 or 11-1901 and shall comply with the duties imposed on the office pursuant to title 9, chapter 13 for complaints involving local governments and title 11, chapter 14 for complaints involving counties.

41-1092.02. Appealable agency actions; application of procedural rules; exemption from article

A. This article applies to all contested cases as defined in section 41-1001 and all appealable agency actions, except contested cases with or appealable agency actions of:

1. The state department of corrections.

2. The board of executive clemency.

3. The industrial commission of Arizona.

4. The Arizona corporation commission.

5. The Arizona board of regents and institutions under its jurisdiction.

6. The state personnel board.

7. The department of juvenile corrections.

8. The department of transportation, except as provided in title 28, chapter 30, article 2.

9. The department of economic security except as provided in section 46-458.
10. The department of revenue regarding:

(a) Income tax or withholding tax.

(b) Any tax issue related to information associated with the reporting of income tax or withholding tax unless the taxpayer requests in writing that this article apply and waives confidentiality under title 42, chapter 2, article 1.

11. The board of tax appeals.

12. The state board of equalization.

13. The state board of education, but only in connection with contested cases and appealable agency actions related to either:

(a) Applications for issuance or renewal of a certificate and discipline of certificate holders and noncertificated persons pursuant to sections 15-203, 15-505, 15-534, 15-534.01, 15-535, 15-545 and 15-550.

(b) The Arizona empowerment scholarship account program pursuant to title 15, chapter 19.

14. The board of fingerprinting.

15. The department of child safety except as provided in sections 8-506.01 and 8-811.

B. Unless waived by all parties, an administrative law judge shall conduct all hearings under this article, and the procedural rules set forth in this article and rules made by the director apply.

C. Except as provided in subsection A of this section:

1. A contested case heard by the office of administrative hearings regarding taxes administered under title 42 shall be subject to section 42-1251.

2. A final decision of the office of administrative hearings regarding taxes administered under title 42 may be appealed by either party to the director of the department of revenue, or a taxpayer may file and appeal directly to the board of tax appeals pursuant to section 42-1253.

D. Except as provided in subsections A, B, E, F and G of this section and notwithstanding any other administrative proceeding or judicial review process established in statute or administrative rule, this article applies to all appealable agency actions and to all contested cases.

E. Except for a contested case or an appealable agency action regarding unclaimed property, sections 41-1092.03, 41-1092.08 and 41-1092.09 do not apply to the department of revenue.

F. The board of appeals established by section 37-213 is exempt from:

1. The time frames for hearings and decisions provided in section 41-1092.05, subsection A, section 41-1092.08 and section 41-1092.09.
2. The requirement in section 41-1092.06, subsection A to hold an informal settlement conference at
the appellant's request if the sole subject of an appeal pursuant to section 37-215 is the estimate of
value reported in an appraisal of lands or improvements.

G. Auction protest procedures pursuant to title 37, chapter 2, article 4.1 are exempt from this article.

41-1092.03. Notice of appealable agency action or contested case; hearing; informal settlement
conference; applicability

A. Except as provided in subsection D of this section, an agency shall serve notice of an appealable
agency action or contested case pursuant to section 41-1092.04. The notice shall:

1. Identify the statute or rule that is alleged to have been violated or on which the action is based.

2. Identify with reasonable particularity the nature of any alleged violation, including, if applicable, the
conduct or activity constituting the violation.

3. Include a description of the party's right to request a hearing on the appealable agency action or
contested case.

4. Include a description of the party's right to request an informal settlement conference pursuant to
section 41-1092.06.

B. A party may obtain a hearing on an appealable agency action or contested case by filing a notice
of appeal or request for a hearing with the agency within thirty days after receiving the notice
prescribed in subsection A of this section. The notice of appeal or request for a hearing may be filed
by a party whose legal rights, duties or privileges were determined by the appealable agency action
or contested case. A notice of appeal or request for a hearing also may be filed by a party who will
be adversely affected by the appealable agency action or contested case and who exercised any
right provided by law to comment on the action being appealed or contested, provided that the
grounds for the notice of appeal or request for a hearing are limited to issues raised in that party's
comments. The notice of appeal or request for a hearing shall identify the party, the party's address,
the agency and the action being appealed or contested and shall contain a concise statement of the
reasons for the appeal or request for a hearing. The agency shall notify the office of the appeal or
request for a hearing and the office shall schedule an appeal or contested case hearing pursuant to
section 41-1092.05, except as provided in section 41-1092.01, subsection F.

C. If good cause is shown an agency head may accept an appeal or request for a hearing that is not
filed in a timely manner.

D. This section does not apply to a contested case if the agency:

1. Initiates the contested case hearing pursuant to law other than this chapter and not in response to
a request by another party.

2. Is not required by law, other than this chapter, to provide an opportunity for an administrative
hearing before taking action that determines the legal rights, duties or privileges of an applicant for a
license.

41-1092.04. Service of documents
Unless otherwise provided in this article, every notice or decision under this article shall be served by personal delivery or certified mail, return receipt requested, or by any other method reasonably calculated to effect actual notice on the agency and every other party to the action to the party's last address of record with the agency. Each party shall inform the agency and the office of any change of address within five days of the change.

41-1092.05. Scheduling of hearings; prehearing conferences

A. Except as provided in subsections B and C, hearings for:

1. Appealable agency actions shall be held within sixty days after the notice of appeal is filed.

2. Contested cases shall be held within sixty days after the agency's request for a hearing.

B. Hearings for appealable agency actions of or contested cases with self-supporting regulatory boards that meet quarterly or less frequently shall be held at the next meeting of the board after the board receives the written decision of an administrative law judge or the issuance of the notice of hearing, except that:

1. If the decision of the administrative law judge is received or the notice of hearing is issued within thirty days before the board meets, the hearing shall be held at the following meeting of the board.

2. If good cause is shown, the hearing may be held at a later meeting of the board.

C. The date scheduled for the hearing may be advanced or delayed on the agreement of the parties or on a showing of good cause.

D. The agency shall prepare and serve a notice of hearing on all parties to the appeal or contested case at least thirty days before the hearing. The notice shall include:

1. A statement of the time, place and nature of the hearing.

2. A statement of the legal authority and jurisdiction under which the hearing is to be held.

3. A reference to the particular sections of the statutes and rules involved.

4. A short and plain statement of the matters asserted. If the agency or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. After the initial notice and on application, a more definite and detailed statement shall be furnished.

E. Notwithstanding subsection D, a hearing shall be expedited as provided by law or upon a showing of extraordinary circumstances or the possibility of irreparable harm if the parties to the appeal or contested case have actual notice of the hearing date. Any party to the appeal or contested case may file a motion with the director asserting the party's right to an expedited hearing. The right to an expedited hearing shall be listed on any abatement order. The Arizona health care cost containment system administration may file a motion with every member grievance and eligibility appeal that cites federal law and that requests that a hearing be set within thirty days after the motion is filed.

F. Prehearing conferences may be held to:
1. Clarify or limit procedural, legal or factual issues.

2. Consider amendments to any pleadings.

3. Identify and exchange lists of witnesses and exhibits intended to be introduced at the hearing.

4. Obtain stipulations or rulings regarding testimony, exhibits, facts or law.

5. Schedule deadlines, hearing dates and locations if not previously set.

6. Allow the parties opportunity to discuss settlement.

41-1092.06. Appeals of agency actions and contested cases; informal settlement conferences; applicability

A. If requested by the appellant of an appealable agency action or the respondent in a contested case, the agency shall hold an informal settlement conference within fifteen days after receiving the request. A request for an informal settlement conference shall be in writing and shall be filed with the agency no later than twenty days before the hearing. If an informal settlement conference is requested, the agency shall notify the office of the request and the outcome of the conference, except as provided in section 41-1092.01, subsection F. The request for an informal settlement conference does not toll the sixty day period in which the administrative hearing is to be held pursuant to section 41-1092.05.

B. If an informal settlement conference is held, a person with the authority to act on behalf of the agency must represent the agency at the conference. The agency representative shall notify the appellant in writing that statements, either written or oral, made by the appellant at the conference, including a written document, created or expressed solely for the purpose of settlement negotiations are inadmissible in any subsequent administrative hearing. The parties participating in the settlement conference shall waive their right to object to the participation of the agency representative in the final administrative decision.

41-1092.07. Hearings

A. A party to a contested case or appealable agency action may file a nonperemptory motion with the director to disqualify an office administrative law judge from conducting a hearing for bias, prejudice, personal interest or lack of technical expertise necessary for a hearing.

B. The parties to a contested case or appealable agency action have the right to be represented by counsel or to proceed without counsel, to submit evidence and to cross-examine witnesses.

C. The administrative law judge may issue subpoenas to compel the attendance of witnesses and the production of documents. The subpoenas shall be served and, on application to the superior court, enforced in the manner provided by law for the service and enforcement of subpoenas in civil matters. The administrative law judge may administer oaths and affirmations to witnesses.

D. All parties shall have the opportunity to respond and present evidence and argument on all relevant issues. All relevant evidence is admissible, but the administrative law judge may exclude evidence if its probative value is outweighed by the danger of unfair prejudice, by confusion of the issues or by considerations of undue delay, waste of time or needless presentation of cumulative
evidence. The administrative law judge shall exercise reasonable control over the manner and order of cross-examining witnesses and presenting evidence to make the cross-examination and presentation effective for ascertaining the truth, avoiding needless consumption of time and protecting witnesses from harassment or undue embarrassment.

E. All hearings shall be recorded. The administrative law judge shall secure either a court reporter or an electronic means of producing a clear and accurate record of the proceeding at the agency's expense. Any party that requests a transcript of the proceeding shall pay the costs of the transcript to the court reporter or other transcriber.

F. Unless otherwise provided by law, the following apply:

1. A hearing may be conducted in an informal manner and without adherence to the rules of evidence required in judicial proceedings. Neither the manner of conducting the hearing nor the failure to adhere to the rules of evidence required in judicial proceedings is grounds for reversing any administrative decision or order if the evidence supporting the decision or order is substantial, reliable and probative.

2. Copies of documentary evidence may be received in the discretion of the administrative law judge. On request, parties shall be given an opportunity to compare the copy with the original.

3. Notice may be taken of judicially cognizable facts. In addition, notice may be taken of generally recognized technical or scientific facts within the agency's specialized knowledge. Parties shall be notified either before or during the hearing or by reference in preliminary reports or otherwise of the material noticed including any staff memoranda or data and they shall be afforded an opportunity to contest the material so noticed. The agency's experience, technical competence and specialized knowledge may be used in the evaluation of the evidence.

4. On application of a party or the agency and for use as evidence, the administrative law judge may permit a deposition to be taken, in the manner and on the terms designated by the administrative law judge, of a witness who cannot be subpoenaed or who is unable to attend the hearing. Subpoenas for the production of documents may be ordered by the administrative law judge if the party seeking the discovery demonstrate that the party has reasonable need of the materials being sought. All provisions of law compelling a person under subpoena to testify are applicable. Fees for attendance as a witness shall be the same as for a witness in court, unless otherwise provided by law or agency rule. Notwithstanding section 12-2212, subpoenas, depositions or other discovery shall not be permitted except as provided by this paragraph or subsection C of this section.

5. Informal disposition may be made by stipulation, agreed settlement, consent order or default.

6. Findings of fact shall be based exclusively on the evidence and on matters officially noticed.

7. A final administrative decision shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts supporting the findings. Conclusions of law shall specifically address the agency's authority to make the decision consistent with section 41-1030.

G. Except as otherwise provided by law:

1. At a hearing on an agency's denial of a license or permit or a denial of an application or request for modification of a license or permit, the applicant has the burden of persuasion.
2. At a hearing on an agency action to suspend, revoke, terminate or modify on its own initiative material conditions of a license or permit, the agency has the burden of persuasion.

3. At a hearing on an agency's imposition of fees or penalties or any agency compliance order, the agency has the burden of persuasion.

4. At a hearing held pursuant to chapter 23 or 24 of this title, the appellant or claimant has the burden of persuasion.

H. Subsection G of this section does not affect the law governing burden of persuasion in an agency denial of, or refusal to issue, a license renewal.

41-1092.08. Final administrative decisions; review; exception

A. The administrative law judge of the office shall issue a written decision within twenty days after the hearing is concluded. The written decision shall contain a concise explanation of the reasons supporting the decision, including the findings of fact and conclusions of law. The administrative law judge shall serve a copy of the decision on the agency. On request of the agency, the office shall also transmit to the agency the record of the hearing as described in section 12-904, except as provided in section 41-1092.01, subsection F.

B. Within thirty days after the date the office sends a copy of the administrative law judge's decision to the head of the agency, executive director, board or commission, the head of the agency, executive director, board or commission may review the decision and accept, reject or modify it. If the head of the agency, executive director, board or commission declines to review the administrative law judge's decision, the agency shall serve a copy of the decision on all parties. If the head of the agency, executive director, board or commission rejects or modifies the decision, the agency head, executive director, board or commission must file with the office, except as provided in section 41-1092.01, subsection F, and serve on all parties a copy of the administrative law judge's decision with the rejection or modification and a written justification setting forth the reasons for the rejection or modification of each finding of fact or conclusion of law. If there is a rejection or modification of a conclusion of law, the written justification shall be sent to the president of the senate and the speaker of the house of representatives.

C. A board or commission whose members are appointed by the governor may review the decision of the agency head, as provided by law, and make the final administrative decision.

D. Except as otherwise provided in this subsection, if the head of the agency, the executive director or a board or commission does not accept, reject or modify the administrative law judge's decision within thirty days after the date the office sends a copy of the administrative law judge's decision to the head of the agency, executive director, board or commission, as evidenced by receipt of such action by the office by the thirtieth day, the office shall certify the administrative law judge's decision as the final administrative decision. If the board or commission meets monthly or less frequently, if the office sends the administrative law judge's decision at least thirty days before the next meeting of the board or commission and if the board or commission does not accept, reject or modify the administrative law judge's decision at the next meeting of the board or commission, as evidenced by receipt of such action by the office within five days after the meeting, the office shall certify the administrative law judge's decision as the final administrative decision.
E. For the purposes of subsections B and D of this section, a copy of the administrative law judge's decision is sent on personal delivery of the decision or five days after the decision is mailed to the head of the agency, executive director, board or commission.

F. The decision of the agency head is the final administrative decision unless either:

1. The agency head, executive director, board or commission does not review the administrative law judge's decision pursuant to subsection B of this section or does not reject or modify the administrative law judge's decision as provided in subsection D of this section, in which case the administrative law judge's decision is the final administrative decision.

2. The decision of the agency head is subject to review pursuant to subsection C of this section.

G. If a board or commission whose members are appointed by the governor makes the final administrative decision as an administrative law judge or on review of the decision of the agency head, the decision is not subject to review by the head of the agency.

H. A party may appeal a final administrative decision pursuant to title 12, chapter 7, article 6, except as provided in section 41-1092.09, subsection B and except that if a party has not requested a hearing on receipt of a notice of appealable agency action pursuant to section 41-1092.03, the appealable agency action is not subject to judicial review.

I. This section does not apply to the Arizona peace officer standards and training board established by section 41-1821.

41-1092.09. Rehearing or review

A. Except as provided in subsection B of this section:

1. A party may file a motion for rehearing or review within thirty days after service of the final administrative decision.

2. The opposing party may file a response to the motion for rehearing within fifteen days after the date the motion for rehearing is filed.

3. After a hearing has been held and a final administrative decision has been entered pursuant to section 41-1092.08, a party is not required to file a motion for rehearing or review of the decision in order to exhaust the party's administrative remedies.

B. A party to an appealable agency action of or contested case with a self-supporting regulatory board shall exhaust the party's administrative remedies by filing a motion for rehearing or review within thirty days after the service of the administrative decision that is subject to rehearing or review in order to be eligible for judicial review pursuant to title 12, chapter 7, article 6. The board shall notify the parties in the administrative decision that is subject to rehearing or review that a failure to file a motion for rehearing or review within thirty days after service of the decision has the effect of prohibiting the parties from seeking judicial review of the board's decision.

C. Service is complete on personal service or five days after the date that the final administrative decision is mailed to the party's last known address.
D. Except as provided in this subsection, the agency head, executive director, board or commission shall rule on the motion within fifteen days after the response to the motion is filed or, if a response is not filed, within five days of the expiration of the response period. A self-supporting regulatory board shall rule on the motion within fifteen days after the response to the motion is filed or at the board's next meeting after the motion is received, whichever is later.

41-1092.10. Compulsory testimony; privilege against self-incrimination

A. A person may not refuse to attend and testify or produce evidence sought by an agency in an action, proceeding or investigation instituted by or before the agency on the ground that the testimony or evidence, documentary or otherwise, required of the person may tend to incriminate the person or subject the person to a penalty or forfeiture unless it constitutes the compelled testimony or the private papers of the person that would be privileged evidence either pursuant to the fifth amendment of the Constitution of the United States or article II, section 10, Constitution of Arizona, and the person claims the privilege before the production of the testimony or papers.

B. If a person asserts the privilege against self-incrimination and the agency seeks to compel production of the testimony or documents sought, the office or agency as provided in section 41-1092.01, subsection F may issue, with the prior written approval of the attorney general, a written order compelling the testimony or production of documents in proceedings and investigations before the office or agency as provided in section 41-1092.01, subsection F or apply to the appropriate court for such an order in other actions or proceedings.

C. Evidence produced pursuant to subsection B of this section is not admissible in evidence or usable in any manner in a criminal prosecution, except for perjury, false swearing, tampering with physical evidence or any other offense committed in connection with the appearance made pursuant to this section against the person testifying or the person producing the person's private papers.

41-1092.11. Licenses; renewal; revocation; suspension; annulment; withdrawal

A. If a licensee makes timely and sufficient application for the renewal of a license or a new license with reference to any activity of a continuing nature, the existing license does not expire until the application has been finally determined by the agency, and, in case the application is denied or the terms of the new license limited, until the last day for seeking review of the agency order or a later date fixed by order of the reviewing court.

B. Revocation, suspension, annulment or withdrawal of any license is not lawful unless, before the action, the agency provides the licensee with notice and an opportunity for a hearing in accordance with this article. If the agency finds that the public health, safety or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, the agency may order summary suspension of a license pending proceedings for revocation or other action. These proceedings shall be promptly instituted and determined.

41-1092.12. Private right of action; recovery of costs and fees; definitions

A. If an agency takes an action against a party that is arbitrary, capricious or not in accordance with law, the action is an appealable agency action if all of the following apply:

1. Within ten days after the action that is arbitrary, capricious or not in accordance with law, the party notifies the director of the agency in writing of the party's intent to file a claim pursuant to this section. This notice shall include a description of the action the party claims to be arbitrary,
capricious or not in accordance with law and reasons why the action is arbitrary, capricious or not in accordance with law.

2. The agency continues the action that is arbitrary, capricious or not in accordance with law more than ten days after the agency receives the notice.

3. The action is not excluded from the definition of appealable agency action as defined in section 41-1092.

B. This section only applies if an administrative remedy or an administrative or a judicial appeal of final agency action is not otherwise provided by law.

C. If the party prevails, the agency shall pay reasonable costs and fees to the party from any monies appropriated to the agency and available for that purpose or from other operating monies of the agency. If the agency fails or refuses to pay the award within fifteen days after the demand, and if no further review or appeal of the award is pending, the prevailing party may file a claim with the department of administration. The department of administration shall pay the claim within thirty days in the same manner as an uninsured property loss under title 41, chapter 3.1, article 1, except that the agency is responsible for the total amount awarded and shall pay it from its operating monies. If the agency had appropriated monies available for paying the award at the time it failed or refused to pay, the legislature shall reduce the agency's operating appropriation for the following fiscal year by the amount of the award and shall appropriate that amount to the department of administration as reimbursement for the loss.

D. If the administrative law judge determines that the appealable agency action is frivolous, the administrative law judge may require the party to pay reasonable costs and fees to the agency in responding to the appeal filed before the office of administrative hearings.

E. For the purposes of this section:

1. "Action against the party" means any of the following that results in the expenditure of costs and fees:
   (a) A decision.
   (b) An inspection.
   (c) An investigation.
   (d) The entry of private property.

2. "Agency" means the department of environmental quality established pursuant to title 49, chapter 1, article 1.

3. "Costs and fees" means reasonable attorney and professional fees.

4. "Party" means an individual, partnership, corporation, association and public or private organization at whom the action was directed and who has expended costs and fees as a result of the action against the party.
REGULATORY BOARD OF PHYSICIAN ASSISTANTS
Title 4, Chapter 17

Amend: R4-17-203, R4-17-206

New Section: R4-17-307
MEETING DATE:  July 6, 2022

TO:  Members of the Governor’s Regulatory Review Council (Council)

FROM:  Council Staff

DATE:  June 10, 2022

SUBJECT:  Arizona Regulatory Board of Physicians Assistants

Title 4, Chapter 17, Arizona Regulatory Board of Physicians Assistants

Amend  R4-17-203
Amend  R4-17-206
New Section  R4-17-307

Summary:

This regular rulemaking from the Board of Physicians Assistants relates to rules in Title 4, Chapter 17, Articles 2 and 3. The Board seeks to amend the rules in response to their Five-Year-Review Report (5YRR) proposed course of action approved by the Council on May 5, 2020. More specifically, the Board is adding a new section prescribing procedures for appealing the Board of an action by the Executive Director. Additionally, the Board is also amending two of their rules in response to a U.S. Department of Justice report concluding that questions similar to those asked by the Board single out applicants based on their status of having a mental health disability rather than their conduct and violate the Americans with Disabilities Act.

The Board received an exception to the rule moratorium to initiate this rulemaking on November 29, 2021 and December 9, 2021, and final approval to submit to the Council on April 13, 2022.
1. **Are the rules legal, consistent with legislative intent, and within the agency’s statutory authority?**

Yes, the Board cites to both general and specific statutory authority.

2. **Do the rules establish a new fee or contain a fee increase?**

No, the rules do not establish a new fee or fee increase.

3. **Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?**

Yes, the Board indicates they reviewed and were informed by the following report: *Physician, Heal Thy Double Stigma—Doctors with Mental Illness and Structural Barriers to Disclosure*, by Omar S. Haque, M.D., PhD., Michael A. Stein, J.D. Ph.D., and Amelia Marvit, *New England Journal of Medicine*, March 11, 2021

4. **Summary of the agency’s economic impact analysis:**

The Board indicates that the addition of R4-17-307 will benefit individuals aggrieved by a decision made by the executive director. They go on to state that the amendments to R4-17-203 and R4-17-206 will benefit physician assistants who might be reluctant to obtain needed help for medical conditions that potentially impair practice. Stakeholders include the Board, applicants and licensees. The Board indicates there are currently 4,211 licensed physician assistants in Arizona.

5. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The Board believes that the costs of this rulemaking are minimal and considerably outweighed by the benefits. They know of no other less intrusive or less costly alternative method.

6. **What are the economic impacts on stakeholders?**

The Board incurred the cost of completing and will incur the cost of implementing the rule. The Board is the only state agency directly affected by the rulemaking. They indicated that no political subdivisions are directly affected and that physician’s assistants are the only businesses directly affected by the rulemaking. A licensee who wishes to appeal an action by the executive director is required to submit a written request and to provide evidence of how the executive director erred. Applicants for initial or renewal licensure are required to complete and submit an application form that includes questions regarding the applicant’s current medical condition. The rulemaking does not directly affect private persons or consumers.
7. **Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?**

No, the Board did not make any changes to the rules between the Notice of Proposed Rulemaking and the Notice of Final Rulemaking.

8. **Does the agency adequately address the comments on the proposed rules and any supplemental proposals?**

Yes, the Board indicates they did not receive any comments.

9. **Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

No, the rules do not require the issuance of a general permit.

10. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

No, the Board indicates there are no corresponding federal laws to the rules being amended.

11. **Conclusion**

In this regular rulemaking the Board seeks to amend its rules in response to a proposed course of action in a recent 5YRR. The Board is seeking the standard 60-day delayed effective date for this rulemaking. Council staff recommends approval of this rulemaking.
April 13, 2022

Ms. Nicole Sornsin, Chair
The Governor's Regulatory Review Council
100 North 15th Avenue, Ste. 305
Phoenix, AZ 85007

Re: A.A.C. Title 4. Professions and Occupations
Chapter 17. Arizona Regulatory Board of Physician Assistants

Dear Ms. Sornsin:

The attached final rule package is submitted for review and approval by the Council. The following information is provided for Council’s use in reviewing the rule package:

A. Close of record date: The rulemaking record was closed on April 12, 2022, following a period for public comment and an oral proceeding. This rule package is being submitted within the 120 days provided by A.R.S. § 41-1024(B). Approval to submit the rulemaking to Council for its review and approval was provided by Brian Norman, of the Governor’s Office, in an e-mail dated April 13, 2022.

B. Relation of the rulemaking to a five-year-review report: The rulemaking relates, in part, to a five-year-review report approved by the Council on May 5, 2020.

C. New fee: The rulemaking does not establish a new fee.

D. Fee increase: The rulemaking does not increase an existing fee.

E. Immediate effective date: An immediate effective date is not requested.

F. Certification regarding studies: I certify that the Board reviewed and was informed by the following report on a study: Physician, Heal Thy Double Stigma—Doctors with Mental Illness and Structural Barriers to Disclosure, by Omar S. Haque, M.D., PhD., Michael A. Stein, J.D. Ph.D., and Amelia Marvit, New England Journal of Medicine, March 11, 2021. The article can be accessed at:

G. Certification that the preparer of the EIS notified the JLBC of the number of new full-time employees necessary to implement and enforce the rule: I certify that none of the rules in this rulemaking will require a state agency to employ a new full-time employee. No notification was provided to JLBC.

H. List of documents enclosed:
   1. Cover letter signed by the Executive Director;
   2. Notice of Final Rulemaking including the preamble, table of contents, and rule text;

Sincerely,

Patricia McSorley
Executive Director
NOTICE OF FINAL RULEMAKING

TITLE 4. PROFESSIONS AND OCCUPATIONS
CHAPTER 17. ARIZONA REGULATORY BOARD OF PHYSICIAN ASSISTANTS

PREAMBLE

1. Articles, Parts, and Sections Affected
   Rulemaking Action
   R4-17-203       Amend
   R4-17-206       Amend
   R4-17-307       New Section

2. Citations to the agency's statutory rulemaking authority to include both the authorizing statute (general) and the implementing statute (specific):
   Authorizing statute:  A.R.S. § 32-2504(C)
   Implementing statute:  A.R.S. §§ 32-2521, 32-2522, and 32-2505(E)

3. The effective date for the rules:
   As specified under A.R.S. § 41-1032(A), the rule will be effective 60 days after the rule package is filed with the Office of the Secretary of State.
   a. If the agency selected a date earlier than the 60-day effective date as specified in A.R.S. § 41-1032(A), include the earlier date and state the reason or reasons the agency selected the earlier effective date as provided in A.R.S. § 41-1032(A)(1) through (5):
      Not applicable
   b. If the agency selected a date later than the 60-day effective date as specified in A.R.S. § 41-1032(A), include the later date and state the reason or reasons the agency selected the later effective date as provided in A.R.S. § 41-1032(B):
      Not applicable

4. Citation to all related notices published in the Register to include the Register as specified in R1-1-409(A) that pertain to the record of the final rulemaking package:
   Notice of Rulemaking Docket Opening: 28 A.A.R. 279, January 28, 2022
   Notice of Proposed Rulemaking: 28 A.A.R. 549, March 11, 2022

5. The agency's contact person who can answer questions about the rulemaking:
   Name: Patricia McSorley, Executive Director
   Address: Arizona Medical Board
            1740 W Adams Street, Suite 4000
            Phoenix, AZ 85007
6. **An agency’s justification and reason why a rule should be made, amended, repealed, or renumbered, to include an explanation about the rulemaking:**

The Board is completing the rulemaking plan of work identified in a 5YRR approved by the Council on May 5, 2020. Specifically, the Board is adding a Section prescribing procedures for appealing for Board review of an action by the executive director. An exemption from Executive Order 2021-02 was provided for this rulemaking by Trista Guzman Glover of the Governor’s Office in an e-mail dated November 29, 2021.

In response to a U.S. Department of Justice report concluding that questions similar to those asked by the Board single out applicants based on their status of having a mental health disability rather than their conduct and violate the Americans with Disabilities Act, the Board is amending relevant application questions at R4-17-203 and R4-17-206. An exemption from Executive Order 2021-02 for this provision was provided by Ms Guzman in an email dated December 9, 2021.

Approval to submit the rulemaking to Council for its review and approval was provided by Brian Norman, of the Governor’s Office, in an e-mail dated April 13, 2022.

7. **A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

8. **A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable

9. **A summary of the economic, small business, and consumer impact:**
The addition of R4-17-307 will benefit individuals aggrieved by a decision made by the executive director. The amendments to R4-17-203 and R4-17-206 will benefit physician assistants who might be reluctant to obtain needed help for medical conditions that potentially impair practice.

10. **A description of any changes between the proposed rulemaking, including supplemental notices, and the final rulemaking:**
   No changes were made between the proposed and final rulemakings.

11. **An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to comments:**
   The Board received no written comments regarding the rulemaking. No one attended the oral proceeding on April 11, 2022.

12. **All agencies shall list any other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:**
   None
   a. **Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**
      The Board does not issue general permits. Rather, the Board issues individual licenses as required by the Board’s statutes to each individual who is qualified by statute (See A.R.S. § 32-2521) and rule.
   b. **Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**
      No federal law is directly applicable to the subject of any rule in this rulemaking. There are numerous federal laws relating to health care and controlled substances with which a physician assistant must comply.
   c. **Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**
      No analysis was submitted.

13. **A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:**
   None

14. **Whether the rule was previously made, amended, or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall**
state where the text was changed between the emergency and the final rulemaking packages:

No rule in the rulemaking was previously made, amended, or repealed as an emergency rule.

15. The full text of the rules follows:
TITLE 4. PROFESSIONS AND OCCUPATIONS
CHAPTER 17. ARIZONA REGULATORY BOARD OF PHYSICIAN ASSISTANTS
ARTICLE 2. PHYSICIAN ASSISTANT LICENSURE

Section
R4-17-203. Regular License Application
R4-17-206. License Renewal

ARTICLE 3. DUTIES OF THE EXECUTIVE DIRECTOR

Section
R4-17-307. Appealing Executive Director Actions
ARTICLE 2. PHYSICIAN ASSISTANT LICENSURE

R4-17-203. Regular License Application

A. An applicant for a regular license shall submit a completed application to the Board that includes:

1. The applicant’s:
   a. First, last, and middle name;
   b. Every other name used by the applicant;
   c. Social Security number;
   d. Office, mailing, e-mail, and home addresses;
   e. Office, mobile, and home telephone numbers; and
   f. Birth date and state or country of birth;

2. The name and address of the approved physician assistant program completed by the applicant and the date of completion;

3. The name of each state or province in which the applicant has ever been certified, registered, or licensed as a physician assistant, including the certificate, registration, or license number, and current status;

4. Whether the applicant has practiced as a physician assistant since graduation from a physician assistant program or for 10 continuous years before the date the application was submitted to the Board or since graduation from a physician assistant program and if not, an explanation;

5. A questionnaire that includes answers to the following:
   a. Whether the applicant has had an application for a certificate, registration, or license refused or denied by any licensing authority, and if so, an explanation;
   b. Whether the applicant has had the privilege of taking an examination for a professional license refused or denied by any entity, and if so, an explanation;
   c. Whether the applicant has ever resigned or been requested to resign, been suspended or expelled from, been placed on probation, or been fined while enrolled in an approved physician assistant program in a medical school or a postsecondary educational program, and if so, an explanation;
   d. Whether, while attending an approved physician assistant program, the applicant has ever had any action taken against the applicant by the approved program, resigned, or been asked to leave the approved program for any amount of time, and if so, an explanation;
   e. Whether the applicant has ever surrendered a health professional license, and if so, an explanation;
f. Whether the applicant has ever had a health professional license suspended or revoked, or whether any other disciplinary action has ever been taken against a health professional license held by the licensee, and if so, an explanation;
g. Whether the applicant is currently under investigation by any health profession regulatory authority, health care association, licensed health care institution, or there are any pending complaints or disciplinary actions against the applicant, and if so, an explanation;
h. Whether the applicant has ever had any action taken against the applicant’s privileges, including termination, resignation, or withdrawal by a health care institution or health profession regulatory authority, and if so, an explanation;
i. Whether the applicant has ever had a federal or state regulatory authority take any action against the applicant’s authority to prescribe, dispense, or administer controlled substances including revocation, suspension, or denial, or whether the applicant ever surrendered the authority in lieu of any of these actions, and if so, an explanation;
j. Whether the applicant has ever been charged with, convicted of, pleaded guilty to, or entered into a plea of no contest to a felony or misdemeanor involving moral turpitude or has been pardoned or had a record expunged or vacated, and if so, an explanation;
k. Whether the applicant has ever been charged with or convicted of a violation of any federal or state drug statute, rule, or regulation, regardless of whether a sentence was or was not imposed, and if so, an explanation;
l. Whether the applicant has been named as a defendant in a malpractice matter currently pending or that resulted in a judgment or settlement entered against the applicant, and if so, an explanation;
m. Whether the applicant has ever been court-martialed or discharged other than honorably from any branch of military service component of the uniformed services of the United States, and if so, an explanation;
n. Whether the applicant has ever been involuntarily terminated from a health professional position, resigned, or been asked to leave the health care position, and if so, an explanation;
o. Whether the applicant has ever been convicted of insurance fraud or received a sanction, including limitation, suspension, or removal from practice, imposed by any state or the federal government, and if so, an explanation; and
p. Whether the applicant, within the three years before the date of the application, has completed 45 hours in pharmacology or clinical management of drug therapy or is certified by a national commission on the certification of physician assistants or its successor;

6. A confidential questionnaire that includes answers to the following:
a. Whether the applicant currently has received treatment within the last five years for use of alcohol or a controlled substance, prescription-only drug, or dangerous drug or narcotic or a physical, mental, emotional, or nervous disorder or a medical condition that currently impairs the applicant’s judgment or ability to exercise the judgment and skills of a medical practice medicine in a competent, ethical, and professional manner;

b. If the answer to subsection (A)(6)(a) is yes:
   i. A detailed description of the use, disorder, or condition. Provide an explanation of the medical condition; and
   ii. An explanation of whether the use, disorder, or condition is reduced or ameliorated because the applicant receives ongoing treatment and if so, the name and contact information for all current treatment providers and for all monitoring or support programs in which the applicant is currently participating. If currently practicing under a monitoring agreement with a licensing board in another state, attach a copy of the monitoring agreement to the application; and

c. A copy of any public or confidential agreement or order relating to the use, disorder, or condition, issued by a licensing agency or health care institution within the last five years, if applicable;

7. Consistent with the Board’s statutory authority, other information the Board may deem necessary to evaluate the applicant fully; and

B. In addition to the requirements in subsection (A), an applicant shall submit the following to the Board:

1. Documentation of citizenship or alien status that conforms to A.R.S. § 41-1080;
2. Documentation of a legal name change if the applicant’s legal name is different from that shown on the document submitted in accordance with subsection (B)(1);
3. A form provided by the Board and completed by the applicant that lists all current or past employment with health professionals, health professions educational institutions, or health care institutions within five years before the date of application or since graduation from a physician assistant program, if less than five years, including each health professional’s, health professions educational institution’s, or health care institution’s name, address, and dates of employment;
4. Verification of any medical malpractice matter currently pending or resulting in a settlement or judgment against the applicant, including a copy of the complaint and either the agreed terms of settlement or the judgment and a narrative statement specifying the nature of the occurrence resulting in the medical malpractice action. An applicant who is unable to obtain a document
required under this subsection may submit a written request for a waiver of the requirement. The applicant shall include the following information in a request for waiver:
   a. The document for which waiver is requested;
   b. Detailed description of efforts made by the applicant to provide the required document; and
   c. Reason the applicant’s inability to provide the required document is due to no fault of the applicant; and

5. The fee required in R4-17-204.

C. In addition to the requirements in subsections (A) and (B), an applicant shall have the following directly submitted to the Board:

   1. A copy of the applicant’s certificate of successful completion of the PANCE or PANRE and the applicant’s examination score provided by the NCCPA;
   2. An approved program form provided by the Board, completed and signed by the director or administrator of the approved program that granted the applicant a physician assistant degree, that includes the:
      a. Applicant’s full name,
      b. Type of degree earned by the applicant,
      c. Name of the physician assistant program completed by the applicant,
      d. Starting and ending dates, and
      e. Date the applicant’s degree was granted.

D. The Board’s issuance of a regular license to an applicant certifies the applicant to issue, dispense, or administer schedule II or schedule III controlled substances, subject to the limits and requirements specified in A.R.S. § 32-2532. Additionally, beginning October 1, 2018, a physician assistant previously certified by the Board for 30-day prescription privileges for schedule II or schedule III controlled substances is certified for 90-day prescription privileges for schedule II or schedule III controlled substances that are not opioids or benzodiazepine.

R4-17-206. License Renewal

A. To renew a license, a licensee shall submit a completed application to the Board that includes:

   1. An application form that contains the licensee’s:
      a. First, last, and middle names;
      b. Arizona license number;
      c. Office, mailing, e-mail, and home addresses;
      d. Office, mobile, and home telephone numbers;
   2. A questionnaire that includes answers to the following since the last renewal date:
a. Whether the licensee has had an application for a certificate, registration, or license refused or denied by any licensing authority, and if so, an explanation;
b. Whether the licensee has had the privilege of taking an examination for a professional license refused or denied by any entity, and if so, an explanation;
c. Whether the licensee has voluntarily surrendered a health care professional license, and if so, an explanation;
d. Whether the licensee has had a health professional license suspended or revoked, or whether any other disciplinary action has been taken against a health professional license held by the licensee, and if so, an explanation;
e. Whether the licensee has had any action taken against the applicant’s privileges, including termination, resignation, or withdrawal by a health care institution or health profession regulatory authority, and if so, an explanation;
f. Whether the licensee has had a federal or state regulatory authority take any action against the license’s authority to prescribe, dispense, or administer controlled substances including revocation, suspension, or denial, or whether the applicant surrendered the authority in lieu of any of these actions, and if so, an explanation;
g. Whether the licensee has been charged with, convicted of, pleaded guilty to, or entered into a plea of no contest to a felony or misdemeanor involving moral turpitude or an alcohol- or drug-related offense in any state, or has been pardoned or had a record expunged or vacated, and if so, an explanation;
h. Whether the licensee has been court-martialed or discharged other than honorably from any branch of military service component of the uniformed services of the United States, and if so, an explanation;
i. Whether the licensee has been involuntarily terminated from a health professional position with any city, county, state, or federal government, and if so, an explanation;
j. Whether the licensee has been convicted of insurance fraud or a state or the federal government has sanctioned or taken any action against the licensee, such as suspension or removal from practice, and if so, an explanation;

3. Consistent with the Board’s statutory authority, other information the Board may deem necessary to evaluate the licensee fully;

4. A dated and sworn statement by the licensee verifying that during the past biennial license period, the licensee completed at least 40 hours of Category I continuing medical education as required by A.R.S. § 32-2523;

5. The fee required in R4-17-204;
6. A confidential questionnaire that includes answers to the following:
   a. Whether the applicant licensee currently has received treatment since the last renewal for use of alcohol or a controlled substance, prescription-only drug, or dangerous drug or narcotic or a physical, mental, emotional, or nervous disorder or a medical condition that currently impairs the applicant’s licensee’s judgment or ability to exercise the judgment and skills of a medical practice medicine in a competent, ethical, and professional manner;
   b. If the answer to subsection (A)(6)(a) is yes:
      i. A detailed description of the use, disorder, or condition Provide an explanation of the medical condition; and
      ii. An explanation of whether the use, disorder, or condition is reduced or ameliorated because the applicant receives ongoing treatment and if so, the name and contact information for all current treatment providers and for all monitoring or support programs in which the applicant is currently participating If currently practicing under a monitoring agreement with a licensing board in another state, attach a copy of the monitoring agreement to the application; and
   c. A copy of any public or confidential agreement or order relating to the use, disorder, or condition, issued by a licensing agency or health care institution since the last renewal, if applicable; and

7. If the document submitted under R4-17-203(B)(1) was a limited form of work authorization issued by the federal government, evidence that the licensee’s presence in the U.S. continues to be authorized under federal law.

B. Under A.R.S. §32-2523(A), the Board shall randomly select at least 10 percent of renewal applications submitted by licensees who are not currently certified by a national certification organization to verify compliance with the continuing medical education requirement specified in R4-17-205(A). If selected, a licensee shall submit to the Board documents that verify compliance with the continuing medical education requirement.

ARTICLE 3. DUTIES OF THE EXECUTIVE DIRECTOR

R4-17-307. Appealing Executive Director Actions

A. Any person aggrieved by an action taken by the executive director under the authority delegated in this Article may appeal that action to the Board. The aggrieved person shall file a written request with the Board no later than:

1. Thirty days after notification of the action, if personally served; or
2. Thirty-five days after the date on the notification, if mailed.

B. The aggrieved person shall provide, in the written request, evidence showing:
   1. An irregularity in the investigative process or the executive director’s review deprived the party of a fair decision;
   2. Misconduct by Board staff, a Board consultant, or the executive director that deprived the party of a fair decision; or
   3. Material evidence newly discovered that could have a bearing on the decision and that, with reasonable diligence, could not have been discovered and produced earlier.

C. The fact that the aggrieved party does not agree with the executive director’s action is not grounds for a review by the Board.

D. If an aggrieved person fails to submit a written request within the time specified in subsection (A), the Board is relieved of the requirement to review actions taken by the executive director. The executive director may, however, evaluate newly provided information that is material or substantial in content to determine whether the Board should review the case.

E. If a written request is submitted that meets the requirements of subsection (B):
   1. The Board shall consider the written request at its next regularly scheduled meeting.
   2. If the written request provides new material or substantial evidence that requires additional investigation, the investigation shall be conducted as expeditiously as possible and the case shall be forwarded to the Board at the first possible regularly scheduled meeting.
1. Identification of the rulemaking:

The Board is completing the rulemaking plan of work identified in a 5YRR approved by the Council on May 5, 2020. Specifically, the Board is adding a Section prescribing procedures to appeal for Board review of an action by the executive director. An exemption from Executive Order 2021-02 was provided for this rulemaking by Trista Guzman Glover of the Governor’s Office in an e-mail dated November 29, 2021.

In response to a U.S. Department of Justice report concluding that questions similar to those asked by the Board single out applicants based on their status of having a mental health disability rather than their conduct and violate the Americans with Disabilities Act, the Board is amending relevant application questions at R4-17-203 and R4-17-206. An exemption from Executive Order 2021-02 for this provision was provided by Ms Guzman in an email dated December 9, 2021.

a. The conduct and its frequency of occurrence that the rule is designed to change:

Until the rulemaking is completed, the rules will continue to lack prescribed procedures for appealing for Board review of an action by the executive director and will continue to violate the Americans with Disabilities Act.

b. The harm resulting from the conduct the rule is designed to change and the likelihood it will continue to occur if the rule is not changed:

Until the rulemaking is completed, the lack of a prescribed procedure for appealing for Board review of an action by the executive director may cause some applicants and licensees to be unaware of the right to appeal. Others may call the Board office for information, consuming staff time and other resources.

Because of application questions regarding a health disability, some applicants may be reluctant to apply for licensure and others may not answer accurately.

c. The estimated change in frequency of the targeted conduct expected from the rule change:

---

1 If adequate data are not reasonably available, the agency shall explain the limitations of the data, the methods used in an attempt to obtain the data, and characterize the probable impacts in qualitative terms.
When the rulemaking is completed, the identified issues will no longer exist.

2. **A brief summary of the information included in the economic, small business, and consumer impact statement:**
   The addition of R4-17-307 will benefit individuals aggrieved by a decision made by the executive director. The amendments to R4-17-203 and R4-17-206 will benefit physician assistants who might be reluctant to obtain needed help for medical conditions that potentially impair practice.

3. **The person to contact to submit or request additional data on the information included in the economic, small business, and consumer impact statement:**
   Name: Patricia McSorley, Executive Director
   Address: Arizona Medical Board
            1740 W Adams Street, Suite 4000
            Phoenix, AZ 85007
   Telephone: (480) 551-2700
   Fax: (480) 551-2704
   E-mail: patricia.mcsorley@azmd.gov
   Web site: www.azmd.gov

4. **Persons who will be directly affected by, bear the costs of, or directly benefit from the rulemaking:**
   Applicants, licensees, and the Board will be directly affected by, bear the costs of, and directly benefit from this rulemaking.

There are currently 4,211 licensed physician assistants in Arizona. During the last year, there were 512 applications for initial licensure and 714 for renewal licensure. Twenty-three of the renewal applicants (3.2 percent) indicated they have a mental health disability. None of the applicants for initial licensure indicated they have a mental health disability. This may indicate that those with a disability choose not to apply for licensure because of the application question.

During the last year, two licensees appealed an action by the executive director to the Board. In both cases, the Board upheld the executive director’s action. The rule change will provide information needed by licensees who wish to appeal an action by the executive director.

(A.R.S. § 41-1055(C)).
The Board incurred the cost of completing this rulemaking and will incur the cost of implementing it. The Board determined these costs are outweighed by the benefits, which are described above.

5. Cost-benefit analysis:
   a. Costs and benefits to state agencies directly affected by the rulemaking including the number of new full-time employees at the implementing agency required to implement and enforce the proposed rule:
      The Board is the only state agency directly affected by the rulemaking. The Board will not need a new full-time employee to implement or enforce the rulemaking.
   b. Costs and benefits to political subdivisions directly affected by the rulemaking:
      No political subdivision is directly affected by the rulemaking.
   c. Costs and benefits to businesses directly affected by the rulemaking:
      Physician assistants are the only businesses directly affected by the rulemaking. Their costs and benefits are described in item 4.

6. Impact on private and public employment:
   The rulemaking will have no impact on private or public employment.

7. Impact on small businesses:
   a. Identification of the small business subject to the rulemaking:
      Physician assistants are small businesses subject to this rulemaking.
   b. Administrative and other costs required for compliance with the rulemaking:
      A licensee who wishes to appeal an action by the executive director is required to submit a written request and to provide evidence of how the executive director erred.
      Applicants for initial or renewal licensure are required to complete and submit an application form that includes questions regarding the applicant’s current medical condition.
   c. Description of methods that may be used to reduce the impact on small businesses:
      The Board determined there are no methods that will reduce the impact of the rulemaking on small businesses because all licensees are small businesses.

8. Cost and benefit to private persons and consumers who are directly affected by the rulemaking:
   The rulemaking will not directly affect private persons or consumers.

9. Probable effects on state revenues:
   There will be no effect on state revenues.
10. Less intrusive or less costly alternative methods considered:

The costs of the rulemaking are minimal and considerably outweighed by the benefits. No less intrusive or less costly alternative method was considered.

2 Small business has the meaning specified in A.R.S. § 41-1001(21).
32-2501. Definitions

In this chapter, unless the context otherwise requires:

1. "Active license" means a regular license issued pursuant to this chapter.

2. "Adequate records" means legible medical records containing, at a minimum, sufficient information to identify the patient, support the diagnosis, justify the treatment, accurately document the results, indicate advice and cautionary warnings provided to the patient and provide sufficient information for another practitioner to assume continuity of the patient's care at any point in the course of treatment.

3. "Advisory letter" means a nondisciplinary letter to notify a physician assistant that either:
   (a) While there is insufficient evidence to support disciplinary action, the board believes that continuation of the activities that led to the investigation may result in further board action against the licensee.
   (b) The violation is a minor or technical violation that is not of sufficient merit to warrant disciplinary action.
   (c) While the licensee has demonstrated substantial compliance through rehabilitation or remediation that has mitigated the need for disciplinary action, the board believes that repetition of the activities that led to the investigation may result in further board action against the licensee.

4. "Approved program" means a physician assistant educational program accredited by the accreditation review commission on education for physician assistants, or one of its predecessor agencies, the committee on allied health education and accreditation or the commission on the accreditation of allied health educational programs.

5. "Board" means the Arizona regulatory board of physician assistants.

6. "Completed application" means an application for which the applicant has supplied all required fees, information and correspondence requested by the board on forms and in a manner acceptable to the board.

7. "Immediate family" means the spouse, natural or adopted children, father, mother, brothers and sisters of the physician assistant and the natural or adopted children, father, mother, brothers and sisters of the physician assistant's spouse.

8. "Letter of reprimand" means a disciplinary letter that is issued by the board and that informs the physician assistant that the physician assistant's conduct violates state or federal law and may require the board to monitor the physician assistant.

9. "Limit" means a nondisciplinary action that is taken by the board and that alters a physician assistant's practice or medical activities if there is evidence that the physician assistant is or may be mentally or physically unable to safely engage in health care tasks.
10. "Medically incompetent" means that a physician assistant lacks sufficient medical knowledge or skills, or both, in performing delegated health care tasks to a degree likely to endanger the health or safety of patients.

11. "Minor surgery" means those invasive procedures that may be delegated to a physician assistant by a supervising physician, that are consistent with the training and experience of the physician assistant, that are normally taught in courses of training approved by the board and that have been approved by the board as falling within a scope of practice of a physician assistant. Minor surgery does not include a surgical abortion.

12. "Physician" means a physician who is licensed pursuant to chapter 13 or 17 of this title.

13. "Physician assistant" means a person who is licensed pursuant to this chapter and who practices medicine with physician supervision.

14. "Regular license" means a valid and existing license that is issued pursuant to section 32-2521 to perform health care tasks.

15. "Restrict" means a disciplinary action that is taken by the board and that alters a physician assistant's practice or medical activities if there is evidence that the physician assistant is or may be medically incompetent or guilty of unprofessional conduct.

16. "Supervising physician" means a physician who holds a current unrestricted license, who supervises a physician assistant and who assumes legal responsibility for health care tasks performed by the physician assistant.

17. "Supervision" means a physician's opportunity or ability to provide or exercise direction and control over the services of a physician assistant. Supervision does not require a physician's constant physical presence if the supervising physician is or can be easily in contact with the physician assistant by telecommunication.

18. "Unprofessional conduct" includes the following acts by a physician assistant that occur in this state or elsewhere:

(a) Violating any federal or state law or rule that applies to the performance of health care tasks as a physician assistant. Conviction in any court of competent jurisdiction is conclusive evidence of a violation.

(b) Claiming to be a physician or knowingly permitting another person to represent that person as a physician.

(c) Performing health care tasks that have not been delegated by the supervising physician.

(d) Exhibiting a pattern of using or being under the influence of alcohol or drugs or a similar substance while performing health care tasks or to the extent that judgment may be impaired and the ability to perform health care tasks detrimentally affected.

(e) Signing a blank, undated or predated prescription form.
(f) Committing gross malpractice, repeated malpractice or any malpractice resulting in the death of a patient.

(g) Representing that a manifestly incurable disease or infirmity can be permanently cured or that a disease, ailment or infirmity can be cured by a secret method, procedure, treatment, medicine or device, if this is not true.

(h) Refusing to divulge to the board on demand the means, method, procedure, modality of treatment or medicine used in the treatment of a disease, injury, ailment or infirmity.

(i) Prescribing or dispensing controlled substances or prescription-only drugs for which the physician assistant is not approved or in excess of the amount authorized pursuant to this chapter.

(j) Committing any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public.

(k) Violating a formal order, probation or stipulation issued by the board.

(l) Failing to clearly disclose the person's identity as a physician assistant in the course of the physician assistant's employment.

(m) Failing to use and affix the initials "P.A." or "P.A.-C." after the physician assistant's name or signature on charts, prescriptions or professional correspondence.

(n) Procuring or attempting to procure a physician assistant license by fraud, misrepresentation or knowingly taking advantage of the mistake of another.

(o) Having professional connection with or lending the physician assistant's name to an illegal practitioner of any of the healing arts.

(p) Failing or refusing to maintain adequate records on a patient.

(q) Using controlled substances that have not been prescribed by a physician, physician assistant, dentist or nurse practitioner for use during a prescribed course of treatment.

(r) Prescribing or dispensing controlled substances to members of the physician assistant's immediate family.

(s) Prescribing, dispensing or administering any controlled substance or prescription-only drug for other than accepted therapeutic purposes.

(t) Dispensing a schedule II controlled substance that is an opioid, except as provided in section 32-2532.

(u) Knowingly making any written or oral false or fraudulent statement in connection with the performance of health care tasks or when applying for privileges or renewing an application for privileges at a health care institution.
(v) Committing a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case, conviction by a court of competent jurisdiction or a plea of no contest is conclusive evidence of the commission.

(w) Having a certification or license refused, revoked, suspended, limited or restricted by any other licensing jurisdiction for the inability to safely and skillfully perform health care tasks or for unprofessional conduct as defined by that jurisdiction that directly or indirectly corresponds to any act of unprofessional conduct as prescribed by this paragraph.

(x) Having sanctions including restriction, suspension or removal from practice imposed by an agency of the federal government.

(y) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate a provision of this chapter.

(z) Using the term "doctor" or the abbreviation "Dr." on a name tag or in a way that leads the public to believe that the physician assistant is licensed to practice as an allopathic or an osteopathic physician in this state.

(aa) Failing to furnish legally requested information to the board or its investigator in a timely manner.

(bb) Failing to allow properly authorized board personnel to examine on demand documents, reports and records of any kind relating to the physician assistant's performance of health care tasks.

(cc) Knowingly making a false or misleading statement on a form required by the board or in written correspondence or attachments furnished to the board.

(dd) Failing to submit to a body fluid examination and other examinations known to detect the presence of alcohol or other drugs pursuant to an agreement with the board or an order of the board.

(ee) Violating a formal order, probation agreement or stipulation issued or entered into by the board or its executive director.

(ff) Except as otherwise required by law, intentionally betraying a professional secret or intentionally violating a privileged communication.

(gg) Allowing the use of the licensee's name in any way to enhance or permit the continuance of the activities of, or maintaining a professional connection with, an illegal practitioner of medicine or the performance of health care tasks by a person who is not licensed pursuant to this chapter.

(hh) Committing false, fraudulent, deceptive or misleading advertising by a physician assistant or the physician assistant's staff or representative.

(ii) Knowingly failing to disclose to a patient on a form that is prescribed by the board and that is dated and signed by the patient or guardian acknowledging that the patient or guardian has read and understands that the licensee has a direct financial interest in a separate diagnostic or treatment agency or in nonroutine goods or services that the patient is being prescribed and if the prescribed treatment, goods or services are available on a competitive basis. This subdivision does not apply to a referral by one
physician assistant to another physician assistant or to a doctor of medicine or a doctor of osteopathic medicine within a group working together.

(jj) With the exception of heavy metal poisoning, using chelation therapy in the treatment of arteriosclerosis or as any other form of therapy without adequate informed patient consent or without conforming to generally accepted experimental criteria including protocols, detailed records, periodic analysis of results and periodic review by a medical peer review committee, or without approval by the United States food and drug administration or its successor agency.

(kk) Prescribing, dispensing or administering anabolic or androgenic steroids for other than therapeutic purposes.

(ll) Prescribing, dispensing or furnishing a prescription medication or a prescription-only device as defined in section 32-1901 to a person unless the licensee first conducts a physical examination of that person or has previously established a professional relationship with the person. This subdivision does not apply to:

(i) A physician assistant who provides temporary patient care on behalf of the patient's regular treating licensed health care professional.

(ii) Emergency medical situations as defined in section 41-1831.

(iii) Prescriptions written to prepare a patient for a medical examination.

(iv) Prescriptions written or antimicrobials dispensed to a contact as defined in section 36-661 who is believed to have had significant exposure risk as defined in section 36-661 with another person who has been diagnosed with a communicable disease as defined in section 36-661 by the prescribing or dispensing physician assistant.

(mm) Engaging in sexual conduct with a current patient or with a former patient within six months after the last medical consultation unless the patient was the licensee's spouse at the time of the contact or, immediately preceding the professional relationship, was in a dating or engagement relationship with the licensee. For the purposes of this subdivision, "sexual conduct" includes:

(i) Engaging in or soliciting sexual relationships, whether consensual or nonconsensual.

(ii) Making sexual advances, requesting sexual favors or engaging in other verbal conduct or physical contact of a sexual nature with a patient.

(iii) Intentionally viewing a completely or partially disrobed patient in the course of treatment if the viewing is not related to patient diagnosis or treatment under current practice standards.

(nn) Performing health care tasks under a false or assumed name in this state.

32-2502. Arizona regulatory board of physician assistants; membership; appointment; terms; immunity

A. The Arizona regulatory board of physician assistants is established consisting of the following members:
1. Five physician assistants who hold a current regular license pursuant to this chapter. The governor may appoint these members from a list of qualified candidates submitted by the Arizona state association of physician assistants. The governor may seek additional input and nominations before the governor makes the physician assistant appointments.

2. Two public members who are appointed by the governor.

3. Two physicians who are actively engaged in the practice of medicine and who are licensed pursuant to chapter 17 of this title, one of whom supervises a physician assistant at the time of appointment, and who are appointed by the governor.

4. Two physicians who are actively engaged in the practice of medicine and who are licensed pursuant to chapter 13 of this title, one of whom supervises a physician assistant at the time of appointment, and who are appointed by the governor.

B. Before appointment by the governor, a prospective member of the board shall submit a full set of fingerprints to the governor for the purpose of obtaining a state and federal criminal records check pursuant to section 41-1750 and Public Law 92-544. The department of public safety may exchange this fingerprint data with the federal bureau of investigation.

C. The term of office of members of the board is four years to begin and end on July 1.

D. Each board member is eligible for appointment to not more than two full terms, except that the term of office for a member appointed to fill a vacancy that is not caused by the expiration of a full term is for the unexpired portion of that term and the governor may reappoint that member to not more than two additional full terms. Each board member may continue to hold office until the appointment and qualification of that member's successor. However, the governor may remove a member after notice and a hearing, on a finding of continued neglect of duty, incompetence or unprofessional or dishonorable conduct. That member's term ends when the finding is made.

E. A board member's term automatically ends:

1. On written resignation submitted to the board chairperson or to the governor.

2. If the member is absent from this state for more than six months during a one-year period.

3. If the member fails to attend three consecutive regular board meetings.

4. Five years after retirement from active practice.

F. Board members are immune from civil liability for all good faith actions they take pursuant to this chapter.

32-2503. Organization; meetings; payment for service

A. The board shall annually elect a chairperson and vice chairperson from among its members.

B. The board shall hold a regular meeting at least quarterly on a date and at a time and place it designates. The board shall hold special meetings, including meetings using communications equipment
that allows all members participating in the meeting to hear each other, as the chairperson determines are necessary to carry out the functions of the board. The board shall hold a special meeting on any day that the chairperson determines is necessary to carry out the functions of the board. The vice chairperson may call regular meetings and special meetings if the chairperson is not available.

C. Members of the board are eligible to receive up to $200 for each day of service in the business of the board and for all expenses necessarily and properly incurred in attending board meetings.

32-2504. Powers and duties; delegation of authority; rules; subcommittees; immunity

A. The board shall:

1. As its primary duty, protect the public from unlawful, incompetent, unqualified, impaired or unprofessional physician assistants.

2. License and regulate physician assistants pursuant to this chapter.

3. Order and evaluate physical, psychological, psychiatric and competency testing of licensees and applicants the board determines is necessary to enforce this chapter.

4. Review the credentials and the abilities of applicants for licensure whose professional records or physical or mental capabilities may not meet the requirements of this chapter.

5. Initiate investigations and determine on its own motion whether a licensee has engaged in unprofessional conduct or is or may be incompetent or mentally or physically unable to safely perform health care tasks.

6. Establish fees and penalties pursuant to section 32-2526.

7. Develop and recommend standards governing the profession.

8. Engage in the full exchange of information with the licensing and disciplinary boards and professional associations of other states and jurisdictions of the United States and foreign countries and a statewide association for physician assistants.

9. Direct the preparation and circulation of educational material the board determines is helpful and proper for its licensees.

10. Discipline and rehabilitate physician assistants pursuant to this chapter.

11. Certify physician assistants for thirty-day prescription privileges for schedule II, schedule III, schedule IV and schedule V controlled substances that are opioids or benzodiazepine and ninety-day prescription privileges for schedule II, schedule III, schedule IV and schedule V controlled substances that are not opioids or benzodiazepine if the physician assistant either:

   (a) Within the preceding three years of application, completed forty-five hours in pharmacology or clinical management of drug therapy or at the time of application is certified by a national commission on the certification of physician assistants or its successor.
Met any other requirement established by board rule.

B. The board may delegate to the executive director the board's authority pursuant to this section or section 32-2551. The board shall adopt a substantive policy statement pursuant to section 41-1091 for each specific licensing and regulatory authority the board delegates to the executive director.

C. The board may make and adopt rules necessary or proper for the administration of this chapter.

D. The chairperson may establish subcommittees consisting of board members and define their duties as the chairperson deems necessary to carry out the functions of the board.

E. Board employees, including the executive director, temporary personnel and professional medical investigators, are immune from civil liability for good faith actions they take to enforce this chapter.

F. In performing its duties pursuant to subsection A of this section, the board may receive and review staff reports on complaints, malpractice cases and all investigations.

G. The chairperson and vice chairperson of the Arizona regulatory board of physician assistants are members of the committee on executive director selection and retention established by section 32-1403, subsection G, which is responsible for the appointment of the executive director pursuant to section 32-1405.

32-2505. Personnel; consultants; compensation

A. The executive director employed by the Arizona medical board is the executive director of the Arizona regulatory board of physician assistants. The staff of the Arizona medical board shall carry out the administrative responsibilities of the Arizona regulatory board of physician assistants.

B. The executive director is eligible to receive compensation set by the board within the range determined under section 38-611.

C. The executive director or the executive director's designee shall:

1. Employ, evaluate, dismiss, discipline and direct professional, clerical, technical, investigative and administrative personnel necessary to carry on the work of the board.

2. Set compensation for board employees within the range determined under section 38-611.

3. As directed by the board, prepare and submit recommendations for amendments to the physician assistant practice act for consideration by the legislature.

4. Appoint and employ medical consultants and agents necessary to conduct investigations, gather information and perform those duties the executive director determines are necessary and appropriate to enforce this chapter.

5. Issue licenses, registrations and permits to applicants who meet the requirements of this chapter.

6. Manage the board's offices.
7. Prepare minutes, records, reports, registries, directories, books and newsletters and record all board transactions and orders.

8. Collect all monies due and payable to the board.

10. Prepare an annual budget.

11. Submit a copy of the budget each year to the governor, the speaker of the house of representatives and the president of the senate.

12. Initiate an investigation if evidence appears to demonstrate that a physician assistant may be engaged in unprofessional conduct or may be medically incompetent or mentally or physically unable to safely practice as a physician assistant.

13. Issue subpoenas if necessary to compel the attendance and testimony of witnesses and the production of books, records, documents and other evidence.

14. Provide assistance to the attorney general in preparing and sign and execute disciplinary orders, rehabilitative orders and notices of hearings as directed by the board.

15. Enter into contracts to procure goods and services pursuant to title 41, chapter 23 that are necessary to carry out board policies and directives.

16. Execute board directives.

17. Represent the board in matters with the federal government, other states or jurisdictions of the United States, this state, political subdivisions of this state, the news media and the public.

18. Enter into stipulated agreements on behalf of the board with persons under the jurisdiction of the board for the treatment, rehabilitation or monitoring of chemical substance abuse or misuse.

19. Review all complaints filed pursuant to section 32-2551. If delegated by the board, the executive director may also dismiss a complaint if the complaint is without merit.

20. If delegated by the board, directly refer cases to a formal hearing.

21. If delegated by the board, close cases resolved through mediation.

22. If delegated by the board, issue advisory letters.

23. If delegated by the board, enter into a consent agreement if there is evidence of danger to the public health and safety.

24. If delegated by the board, grant uncontested requests for inactive status and cancellation of a license pursuant to this chapter.

25. If delegated by the board, refer cases to the board for a formal interview.
26. Perform all other administrative, licensing or regulatory duties required by the board.

D. Medical consultants and agents appointed pursuant to subsection C, paragraph 4 of this section are eligible to receive compensation determined by the executive director in an amount not to exceed two hundred dollars for each day of service.

E. A person who is aggrieved by an action taken by the executive director may request the board to review that action by filing with the board a written request within thirty days after that person is notified of the executive director's action by personal delivery, or if mailed to that person's last known residence or place of business, within thirty-five days after the date on the notification. At the next regular board meeting, the board shall review the executive director's action. On review, the board shall approve, modify or reject the executive director's action.

32-2506. Arizona medical board fund

A. Pursuant to sections 35-146 and 35-147, the board shall deposit ten per cent of all monies collected pursuant to this chapter in the state general fund and deposit the remaining ninety per cent in the Arizona medical board fund.

B. Monies deposited in the fund pursuant to this section are subject to section 35-143.01.

32-2507. Licensee profiles; civil penalty

A. The board shall make available to the public a profile of each licensee. The board shall make this information available through an internet website and, if requested, in writing. The profile shall contain the following information:

1. A description of any conviction of a felony or a misdemeanor involving moral turpitude within the last five years. For the purposes of this paragraph, a licensee is deemed to be convicted of a crime if the licensee pled guilty or was found guilty by a court of competent jurisdiction.

2. A description of any felony charges or misdemeanor charges involving moral turpitude within the last five years to which the licensee pled no contest.

3. The number of pending complaints and final board disciplinary and nondisciplinary actions within the last five years. Information concerning pending complaints shall contain the following statement:

   Pending complaints represent unproven allegations. On investigation, many complaints are found to be without merit and are dismissed.

4. All medical malpractice court judgments and all medical malpractice awards or settlements in which a payment is made to a complaining party within the last five years. Information concerning malpractice actions shall contain the following statement:

   The settlement of a medical malpractice action may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the physician assistant. A payment in settlement of a medical malpractice action does not create a presumption that medical malpractice occurred.
5. The name and location of the licensee's training and the date of graduation.

6. The licensee's primary practice location.

B. Each licensee shall submit the information required pursuant to subsection A of this section as directed by the board. An applicant for licensure shall submit this information at the time of application. The applicant and licensee shall submit the information on a form prescribed by the board. A licensee shall submit immediately any changes in information required pursuant to subsection A, paragraphs 1, 2 and 4 of this section. The board shall update immediately its internet website to reflect changes in information relating to subsection A, paragraphs 1, 2, 3 and 4 of this section. The board shall update the internet website information after receipt of the renewal application pursuant to section 32-2523.

C. The board shall provide each licensee with a copy of the licensee's profile and give the licensee reasonable time to correct the profile before it is available to the public.

D. It is an act of unprofessional conduct for a licensee to provide erroneous information pursuant to this section. In addition to other disciplinary action, the board may impose a civil penalty of not more than one thousand dollars for each erroneous statement.

32-2508. Preceptorship awareness campaign; definitions

A. The board shall develop a preceptorship awareness campaign that educates medical professionals who are licensed pursuant to this chapter on how to become and the benefits of being a medical preceptor for students.

B. For the purposes of this section:

1. "Medical preceptor" means a medical professional who is licensed pursuant to this chapter and who maintains an active practice in this state.

2. "Preceptorship":

(a) Means a mentoring experience in which a medical preceptor provides a program of personalized instruction, training and supervision to a student to enable the student to obtain a medical professional degree to become licensed pursuant to this chapter.

(b) Does not include mentoring for medical services that are prescribed in section 36-2301.01, subsection C, paragraph 1.

3. "Student" means an individual who is matriculating at the graduate level at an accredited institution of higher education in this state and who is seeking a medical professional degree to become licensed pursuant to this chapter.

32-2521. Qualifications

A. An applicant for licensure shall:

1. Have graduated from a physician assistants educational program approved by the board.
2. Pass a certifying examination approved by the board.

3. Be physically and mentally able to safely perform health care tasks as a physician assistant.

4. Have a professional record that indicates that the applicant has not committed any act or engaged in any conduct that constitutes grounds for disciplinary action against a licensee pursuant to this chapter. This paragraph does not prevent the board from considering the application of an applicant who was the subject of disciplinary action in another jurisdiction if the applicant's act or conduct was subsequently corrected, monitored and resolved to the satisfaction of that jurisdiction's regulatory board.

5. Not have had a license to practice revoked by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter.

6. Not be currently under investigation, suspension or restriction by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter. If the applicant is under investigation by a regulatory board in another jurisdiction, the board shall suspend the application process and may not issue or deny a license to the applicant until the investigation is resolved.

7. Not have surrendered, relinquished or given up a license in lieu of disciplinary action by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter. This paragraph does not prevent the board from considering the application of an applicant who surrendered, relinquished or gave up a license in lieu of disciplinary action by a regulatory board in another jurisdiction if that regulatory board subsequently reinstated the applicant's license.

8. Have submitted verification of all hospital affiliations and employment for the five years preceding application. Each hospital must verify the applicant's affiliation or employment on the hospital's official letterhead or the electronic equivalent.

B. The board shall require an applicant to have all credentials submitted from the primary source where the document originated, either electronically or by hard copy, except that the board may accept primary-source verified credentials from a credentials verification service approved by the board.

C. The board may make investigations it deems necessary to advise itself with respect to the qualifications of the applicant, including physical examinations, mental evaluations, written competency examinations or any combination of these examinations and evaluations.

D. If the board finds that the applicant committed an act or engaged in conduct that would constitute grounds for disciplinary action in this state, before issuing a license the board must determine to its satisfaction that the act or conduct has been corrected, monitored and resolved. If the act or conduct has not been resolved, before issuing a license the board must determine to its satisfaction that mitigating circumstances exist that prevent its resolution.

E. If another jurisdiction has taken disciplinary action against an applicant, before issuing a license the board must determine to its satisfaction that the cause for the action was corrected and the matter was resolved. If the other jurisdiction has not resolved the matter, before issuing a license the board must determine to its satisfaction that mitigating circumstances exist that prevent its resolution.
F. The board may delegate to the executive director the authority to deny licenses to applicants who do not meet the requirements of this section.

32-2522. Applications; interview; withdrawal

A. Each applicant shall file a verified completed application in the form required and supplied by the board that is accompanied by the prescribed application fee.

B. The application shall be designed to require the submission of evidence, credentials and other proof necessary to satisfy the board that the applicant qualifies for licensure.

C. The application shall contain the oath of the applicant that:

1. All information contained in the application and evidence submitted with it are true and correct.

2. The credentials submitted were not procured by fraud or misrepresentation or any mistake of which the applicant is aware.

3. The applicant is the lawful holder of the credentials.

D. All applications submitted to the board and any attendant evidence, credentials or other proof submitted with an application are the property of the board and part of the permanent record of the board and shall not be returned to an applicant.

E. After the board has received a completed application the board either shall grant or deny a license to the applicant. If an applicant has submitted an incomplete application, the board shall promptly notify an applicant, in writing, of the deficiencies, if any, in the application that prevent it from being a completed application.

F. The board or its representatives may interview an applicant to determine whether the application is sufficient.

G. Applications are considered withdrawn on any of the following conditions:

1. Written request of the applicant.

2. Failure of the applicant to appear for an interview with the board unless good cause is shown.

3. Failure to submit a completed application within one year from the date of the mailing by the board of a statement to the applicant of the deficiencies in the application pursuant to subsection E of this section.

H. On request of an applicant who disagrees with the statement of deficiency, the board shall grant a hearing before the board at its next regular meeting if there is time at that meeting to hear the matter. The board shall not delay this hearing beyond one regularly scheduled meeting. At any hearing granted pursuant to this subsection, the burden of proof is on the applicant to demonstrate that the alleged deficiencies do not exist.

I. The board may deny a license to an applicant who does not meet the requirements of this article.
J. If an applicant does not meet the requirements of section 32-2521, subsection A, paragraph 3, the board may issue a license subject to any of the following probationary conditions:

1. Restrict the licensee's practice.
2. Require the licensee to continue medical or psychiatric treatment.
3. Require the licensee to participate in a specified rehabilitation program.
4. Require the licensee to abstain from alcohol and other drugs.

K. If the board offers a probationary license to an applicant pursuant to subsection J of this section, it shall notify the applicant in writing of the following:

1. The applicant's specific deficiencies.
2. The probationary period.
3. The applicant's right to reject the terms of probation.
4. If the applicant rejects the terms of probation, the applicant's right to a hearing on the board's denial of the application.

32-2523. Licensure; renewal; continuing education; audit; penalty fee; expiration

A. Except as provided in section 32-4301, each holder of a regular license shall renew the license every other year on or before the licensee's birthday by paying the prescribed renewal fee and supplying the board with information it deems necessary, including proof of having completed, before the renewal date, forty hours of category I continuing medical education approved by the American academy of physician assistants, the American medical association, the American osteopathic association or any other accrediting organization acceptable to the board. The board shall verify continuing medical education compliance and shall randomly audit at least ten percent of physician assistants who are renewing their license within the calendar year and who do not hold a current national certification from a national certification organization for physician assistants that is approved by the board.

B. Except as provided in section 32-4301, a holder of a regular license who fails to renew the license within thirty days after the licensee's birthday shall pay a penalty fee as set forth in rule for late renewal.

C. Except as provided in section 32-4301, if a holder of a regular license fails to renew the license within ninety days after the licensee's birthday, the license automatically expires. It is unlawful for a person to perform health care tasks of a physician assistant after the license expires.

D. A person whose license expires may reapply for licensure pursuant to this chapter.

E. If a licensee does not meet the requirements of subsection A of this section because of that person's illness, religious missionary activity or residence in a foreign country or any other extenuating circumstance, the board may grant an extension of the deadline if it receives a written request to do so from the licensee that details the reasons for this request.
F. The continuing medical education requirement in subsection A of this section is deemed satisfied if, at the time of renewal, the licensee holds a certification in good standing from a certifying body approved by the board.

32-2524. Exemption from licensure

This chapter does not require licensure of:

1. A student who is enrolled in a physician assistant education program approved by the board.

2. A physician assistant who is an employee of the United States government and who works on land or in facilities owned or operated by the United States government.

3. A physician assistant who is a member of the armed forces of the United States and who is on official orders or performing official duties as outlined in the appropriate regulation of that branch of military service.

32-2525. Cancellation of license

A. A person who holds an active regular license as a physician assistant, who is not presently under investigation by the board as the result of a complaint or information received by it, and against whom the board has not commenced any disciplinary proceedings may request and the board shall grant cancellation of the license.

B. The board may accept the request to cancel the active regular license of a physician assistant who has been charged with a violation of this chapter or rules adopted pursuant to this chapter if the physician assistant admits the charges and stipulates this admission for the record.

32-2526. Fees

A. By a vote at its annual fall meeting, the board shall establish nonrefundable fees and penalties that do not exceed the following:

1. Processing an application for an active license, four hundred dollars.

2. Issuing an active license, four hundred dollars.

3. Annual renewal of a regular license, four hundred dollars.

4. Penalty fee for late renewal of a regular license, three hundred fifty dollars.

5. Issuance of a duplicate license, twenty-five dollars.

6. Verification of a license, ten dollars.

7. Copying records, documents, letters, minutes, applications and files, one dollar for the first three pages and twenty-five cents for each additional page.

8. The sale of computerized tapes or diskettes that do not require programming, one hundred dollars.
9. Services not required to be provided by this chapter, but that the board deems appropriate to carry out the intent and purpose of this chapter, a fee of not to exceed the actual cost of providing the services. Notwithstanding section 32-2506, the board shall deposit, pursuant to sections 35-146 and 35-147, all of the monies collected under this paragraph in the Arizona medical board fund established by section 32-1406.

B. Notwithstanding subsection A of this section, on written request the board may return the license renewal fee for good cause shown.

C. The board may collect from a drawer of a dishonored check, draft, order or note an amount allowed pursuant to section 44-6852.

32-2527. Change of address; penalty

A. A person holding an active license as a physician assistant in this state shall inform the board in writing within thirty days of that person's current residence address, office address and telephone number and of each change in residence and office address or telephone number that occurs. A residential address is not available to the public unless it is the only address of record.

B. The board may assess its costs incurred in locating a physician assistant who fails to comply with subsection A of this section within thirty days after the date of change. The board may also assess a penalty of not to exceed one hundred dollars against the physician assistant. Notwithstanding section 32-2506, monies collected pursuant to this subsection shall be deposited, pursuant to sections 35-146 and 35-147, in the Arizona medical board fund established by section 32-1406.

32-2528. Inactive license; application; prohibited activities

A. A person who holds a regular license pursuant to this chapter may request an inactive license from the board if both of the following are true:

1. The licensee is not under investigation by the board.

2. The board has not begun disciplinary proceedings against the licensee.

B. The board may grant an inactive license and shall waive the annual renewal fee and requirements for continuing medical education if the person certifies total retirement from the performance of health care tasks in this state, any jurisdiction of the United States and any foreign country and is current on all fees required by this chapter.

C. An inactive licensee shall not perform health care tasks.

D. The board may convert an inactive license to a regular license on payment of the annual renewal fee and presentation of evidence to the board that the holder possesses the medical knowledge and the physical and mental ability to safely engage in the performance of health care tasks. The board may require any combination of physical examination, psychiatric or psychological evaluation, oral competency examination or a board qualified written examination or interview it believes necessary to assist it in determining the ability of a physician assistant who holds an inactive license to return to regular licensure.
A supervising physician may delegate health care tasks to a physician assistant.

B. A physician assistant shall not perform surgical abortions as defined in section 36-2151.

C. The physician assistant may perform those duties and responsibilities, including the ordering, prescribing, dispensing and administration of drugs and medical devices, that are delegated by the supervising physician.

D. The physician assistant may provide any medical service that is delegated by the supervising physician if the service is within the physician assistant's skills, is within the physician's scope of practice and is supervised by the physician.

E. The physician assistant may pronounce death and, if delegated, may authenticate by the physician assistant's signature any form that may be authenticated by a physician's signature.

F. The physician assistant is the agent of the physician assistant's supervising physician in the performance of all practice related activities, including the ordering of diagnostic, therapeutic and other medical services.

G. The physician assistant may perform health care tasks in any setting authorized by the supervising physician, including physician offices, clinics, hospitals, ambulatory surgical centers, patient homes, nursing homes and other health care institutions. These tasks may include:

1. Obtaining patient histories.
2. Performing physical examinations.
3. Ordering and performing diagnostic and therapeutic procedures.
4. Formulating a diagnostic impression.
5. Developing and implementing a treatment plan.
7. Assisting in surgery.
8. Offering counseling and education to meet patient needs.
9. Making appropriate referrals.
10. Prescribing schedule IV or V controlled substances as defined in the federal controlled substances act of 1970 (P.L. 91-513; 84 Stat. 1242; 21 United States Code section 802) and prescription-only medications.
11. Prescribing schedule II and III controlled substances as defined in the federal controlled substances act of 1970.

12. Performing minor surgery as defined in section 32-2501.

13. Performing other nonsurgical health care tasks that are normally taught in courses of training approved by the board, that are consistent with the training and experience of the physician assistant and that have been properly delegated by the supervising physician.

H. The supervising physician shall:

1. Meet the requirements established by the board for supervising a physician assistant.

2. Accept responsibility for all tasks and duties the physician delegates to a physician assistant.

3. Notify the board and the physician assistant in writing if the physician assistant exceeds the scope of the delegated health care tasks.

4. Maintain a written agreement with the physician assistant. The agreement must state that the physician will exercise supervision over the physician assistant and retains professional and legal responsibility for the care rendered by the physician assistant. The agreement must be signed by the supervising physician and the physician assistant and updated annually. The agreement must be kept on file at the practice site and made available to the board on request. Each year the board shall randomly audit at least five percent of these agreements for compliance.

I. A physician's ability to supervise a physician assistant is not affected by restrictions imposed by the board on a physician assistant pursuant to disciplinary action taken by the board.

J. Supervision must be continuous but does not require the personal presence of the physician at the place where health care tasks are performed if the physician assistant is in contact with the supervising physician by telecommunication. If the physician assistant practices in a location where a supervising physician is not routinely present, the physician assistant must meet in person or by telecommunication with a supervising physician at least once each week to ensure ongoing direction and oversight of the physician assistant's work. The board by order may require the personal presence of a supervising physician when designated health care tasks are performed.

K. At all times while a physician assistant is on duty, the physician assistant shall wear a name tag with the designation "physician assistant" on it.

L. The board by rule may prescribe a civil penalty for a violation of this article. The penalty shall not exceed fifty dollars for each violation. The board shall deposit, pursuant to sections 35-146 and 35-147, all monies it receives from this penalty in the state general fund. A physician assistant and the supervising physician may contest the imposition of this penalty pursuant to board rule. The imposition of a civil penalty is public information, and the board may use this information in any future disciplinary actions.

32-2532. Prescribing, administering and dispensing drugs; limits and requirements; notice

A. Except as provided in subsection F of this section, a physician assistant shall not prescribe, dispense or administer:
1. A schedule II or schedule III controlled substance as defined in the federal controlled substances act of 1970 (P.L. 91-513; 84 Stat. 1242; 21 United States Code section 802) without delegation by the supervising physician, board approval and United States drug enforcement administration registration.

2. A schedule IV or schedule V controlled substance as defined in the federal controlled substances act of 1970 without United States drug enforcement administration registration and delegation by the supervising physician.

3. Prescription-only medication without delegation by the supervising physician.

4. Prescription medication intended to perform or induce an abortion.

B. All prescription orders issued by a physician assistant shall contain the name, address and telephone number of the physician assistant. A physician assistant shall issue prescription orders for controlled substances under the physician assistant's own United States drug enforcement administration registration number.

C. If certified for prescription privileges pursuant to section 32-2504, subsection A, initial prescriptions for schedule II controlled substances that are opioids are subject to the limits prescribed in sections 32-3248 and 32-3248.01 if the physician assistant has been delegated to prescribe schedule II controlled substances by the supervising physician pursuant to this section. For each schedule IV or schedule V controlled substance, the physician assistant may not prescribe the controlled substance more than five times in a six-month period for each patient.

D. A prescription for a schedule III controlled substance that is an opioid or benzodiazepine is not refillable without the written consent of the supervising physician.

E. Prescription-only drugs shall not be dispensed, prescribed or refillable for a period exceeding one year.

F. Except in an emergency, a physician assistant may dispense schedule II or schedule III controlled substances for a period of use of not to exceed seventy-two hours with board approval or any other controlled substance for a period of use of not to exceed ninety days and may administer controlled substances without board approval if it is medically indicated in an emergency dealing with potential loss of life or limb or major acute traumatic pain. Notwithstanding the authority granted in this subsection, a physician assistant may not dispense a schedule II controlled substance that is an opioid, except for an implantable device or an opioid that is for medication-assisted treatment for substance use disorders.

G. Except for samples provided by manufacturers, all drugs dispensed by a physician assistant shall be labeled to show the name of the physician assistant.

H. A physician assistant shall not obtain a drug from any source other than the supervising physician or a pharmacist. A physician assistant may receive manufacturers' samples if delegated to do so by the supervising physician.

I. If a physician assistant is approved by the board to prescribe, administer or dispense schedule II and schedule III controlled substances, the physician assistant shall maintain an up-to-date and complete log of all schedule II and schedule III controlled substances the physician assistant administers or dispenses. The board may not grant a physician assistant the authority to dispense schedule II controlled substances that are opioids, except for implantable devices or opioids that are for medication-assisted treatment for substance use disorders.
J. The board shall advise the Arizona state board of pharmacy and the United States drug enforcement administration of all physician assistants who are authorized to prescribe or dispense drugs and any modification of their authority.

K. The Arizona state board of pharmacy shall notify all pharmacies at least quarterly of physician assistants who are authorized to prescribe or dispense drugs.

32-2533. Supervising physician; responsibilities

A. A supervising physician is responsible for all aspects of the performance of a physician assistant, whether or not the supervising physician actually pays the physician assistant a salary. The supervising physician is responsible for supervising the physician assistant and ensuring that the health care tasks performed by a physician assistant are within the physician assistant's scope of training and experience and have been properly delegated by the supervising physician.

B. Each physician-physician assistant team must ensure that:

1. The physician assistant's scope of practice is identified.

2. The delegation of medical tasks is appropriate to the physician assistant's level of competence.

3. The relationship of, and access to, the supervising physician is defined.

4. A process for evaluating the physician assistant's performance is established.

C. A supervising physician shall not supervise more than six physician assistants who work at the same time.

D. A supervising physician shall develop a system for recording and reviewing all instances in which the physician assistant prescribes schedule II or schedule III controlled substances.

32-2534. Initiation of practice

A physician assistant may not perform health care tasks until the physician assistant has completed and signed a written agreement with a supervising physician pursuant to section 32-2531, subsection H, paragraph 4.

32-2535. Emergency medical care; supervision

A. Notwithstanding the requirements of this article, in response to a natural disaster, accident or other emergency, a physician assistant who is licensed pursuant to this chapter, licensed or certified by another regulatory jurisdiction in the United States or credentialed as a physician assistant by a federal employer may provide medical care at any location and with or without supervision.

B. A physician who supervises a physician assistant who is providing medical care pursuant to this section is not required to comply with the requirements of this article relating to supervising physicians.

32-2551. Grounds for disciplinary action; duty to report; immunity; proceedings; board action; notice; civil penalty
A. The board on its own motion may investigate any evidence that appears to show that a physician assistant is or may be medically incompetent, is or may be guilty of unprofessional conduct or is or may be mentally or physically unable to carry out approved health care tasks. Any physician, physician assistant or health care institution as defined in section 36-401 shall, and any other person may, report to the board any information the physician, physician assistant, health care institution or other person has that appears to show that a physician assistant is or may be medically incompetent, is or may be guilty of unprofessional conduct or is or may be mentally or physically unable to carry out approved health care tasks. If the board begins an investigation pursuant to this section, it may require the physician assistant to promptly provide the name and address of the physician assistant's supervising physician or physicians. The board or the executive director shall notify the physician assistant and the supervising physician of the content of the reported information in writing within one hundred twenty days of its receipt of the information. Any physician, physician assistant, health care institution or other person that reports or provides information to the board in good faith is not subject to an action for civil damages as a result of reporting or providing information, and, if requested, the name of the reporter shall not be disclosed unless the information is essential to proceedings conducted pursuant to this section.

B. The board or, if delegated by the board, the executive director may require a mental, physical or medical competency examination or any combination of those examinations or may make investigations including investigational interviews between representatives of the board and the physician assistant and the supervising physician as it deems necessary to fully inform itself with respect to any information reported pursuant to subsection A of this section. These examinations may include biological fluid testing and other examinations known to detect the presence of alcohol or other drugs. The board or, if delegated by the board, the executive director may require the physician assistant, at the physician assistant's expense, to undergo assessment by a board approved rehabilitative, retraining or assessment program.

C. If the board finds, based on the information it receives under subsections A and B of this section, that the public safety imperatively requires emergency action, and incorporates a finding to that effect in its order, the board may restrict a license or order a summary suspension of a license pending proceedings for revocation or other action. If the board acts pursuant to this subsection, the physician assistant shall also be served with a written notice of complaint and formal hearing, setting forth the charges, and is entitled to a formal hearing before the board or an administrative law judge on the charges within sixty days pursuant to title 41, chapter 6, article 10.

D. If, after completing its investigation, the board finds that the information provided pursuant to subsection A of this section is not of sufficient seriousness to merit disciplinary action against the physician assistant's license, it may take the following actions:

1. Dismiss if, in the opinion of the board, the complaint is without merit.

2. File an advisory letter. The licensee may file a written response with the board within thirty days after receiving the advisory letter.

3. Require the licensee to complete designated continuing medical education courses.

E. If the board finds that it can take rehabilitative or disciplinary action without the presence of the physician assistant at a formal interview it may enter into a consent agreement with the physician assistant to limit or restrict the physician assistant's practice or to rehabilitate the physician assistant, protect the public and ensure the physician assistant's ability to safely practice. The board may also require the
physician assistant to successfully complete a board approved rehabilitative, retraining or assessment program at the physician assistant's own expense.

F. The board shall not disclose the name of the person who provided the information regarding a licensee's drug or alcohol impairment or the name of the person who files a complaint if that person requests anonymity.

G. If, after completing its investigation, the board believes that the information is or may be true and that the information may be of sufficient seriousness to merit direct action against the physician assistant's license, it may request a formal interview with the physician assistant and the supervising physician. If the physician assistant refuses the invitation for a formal interview, the board may issue a formal complaint and order that a hearing be held pursuant to title 41, chapter 6, article 10. The board shall notify the physician assistant in writing of the time, date and place of the formal interview at least twenty days before the interview. The notice shall include the right to be represented by counsel and shall fully set forth the conduct or matters to be discussed.

H. After the formal interview, the board may take the following actions:

1. Dismiss if, in the opinion of the board, the information is without merit.

2. File an advisory letter. The licensee may file a written response with the board within thirty days after receiving the advisory letter.

3. Enter into a stipulation with the physician assistant to restrict or limit the physician assistant's practice or medical activities or to rehabilitate, retrain or assess the physician assistant, in order to protect the public and ensure the physician assistant's ability to safely perform health care tasks. The board may also require the physician assistant to successfully complete a board approved rehabilitative, retraining or assessment program at the physician assistant's own expense as prescribed in subsection E of this section.

4. File a letter of reprimand.

5. Issue a decree of censure. A decree of censure is a disciplinary action against the physician assistant's license and may include a requirement for restitution of fees to a patient resulting from violations of this chapter or rules adopted under this chapter.

6. Fix a period and terms of probation best adapted to protect the public health and safety and rehabilitate or educate the physician assistant. Failure to comply with any terms of probation is cause for initiating formal proceedings pursuant to title 41, chapter 6, article 10. Probation may include:

(a) Restrictions on the health care tasks the physician assistant may perform.

(b) Temporary suspension for not to exceed twelve months.

(c) Restitution of patient fees.

(d) Education or rehabilitation at the licensee's own expense.

7. Require the licensee to complete designated continuing medical education courses.
I. If the board finds that the information provided pursuant to subsection A of this section warrants suspension or revocation of a physician assistant's license, it shall immediately initiate formal proceedings for the suspension or revocation of the license as provided in title 41, chapter 6, article 10. The notice of complaint and hearing is fully effective by mailing a true copy of the notice of complaint and hearing by certified mail addressed to the physician assistant's last known address of record in the board's files. The notice of complaint and hearing is complete at the time of its deposit in the mail.

J. A physician assistant who after a formal hearing pursuant to title 41, chapter 6, article 10 is found to be medically incompetent, guilty of unprofessional conduct or mentally or physically unable to safely carry out the physician assistant's approved health care tasks, or any combination of these, is subject to censure, probation, suspension or revocation, or any combination of these, for a period of time or permanently and under conditions the board deems appropriate for the protection of the public health and safety.

K. In a formal interview pursuant to subsection G of this section or in a hearing pursuant to subsection I of this section, the board in addition to any other action may impose a civil penalty in the amount of not less than three hundred dollars nor more than ten thousand dollars for each violation of this chapter or a rule adopted under this chapter.

L. An advisory letter is a public document and may be used in future disciplinary actions against a physician assistant.

M. The board may charge the costs of a formal hearing to the licensee if it finds the licensee in violation of this chapter.

N. If the board acts to modify a physician assistant's prescription writing privileges, the Arizona regulatory board of physician assistants shall immediately notify the Arizona state board of pharmacy and the United States drug enforcement administration of this modification.

O. If during the course of an investigation the Arizona regulatory board of physician assistants determines that a criminal violation may have occurred involving the performance of health care tasks, it shall provide evidence of the violation to the appropriate criminal justice agency.

P. The board may accept the surrender of an active license from a person who admits in writing to any of the following:

1. Being unable to safely engage in the practice of medicine.

2. Having committed an act of unprofessional conduct.

3. Having violated this chapter or a board rule.

Q. In determining the appropriate disciplinary action under this section, the board shall consider all previous nondisciplinary and disciplinary actions against a licensee.

32-2552. Right to examine and copy evidence; subpoena authority; right to counsel; confidentiality of records

A. In connection with an investigation conducted by the board on its own motion or as the result of information received pursuant to section 32-2551, subsection A, the board or its duly authorized agent or
employee at all reasonable times shall have access to, for the purpose of examination, and the right to copy any documents, reports, records or other physical evidence of any person being investigated or the reports, the records and any other documents maintained by and in the possession of any hospital, clinic, physician's office, physician assistant's office, laboratory, pharmacy, health care institution as defined in section 36-401 or other public or private agency if the documents, reports, records or evidence relate to a physician assistant's medical competence, unprofessional conduct or mental or physical ability to safely engage in the physician assistant's approved health care tasks.

B. For the purpose of all investigations and proceedings conducted by the board:

1. On its own motion or on application of a person involved in an investigation, the board may issue subpoenas compelling the attendance and testimony of witnesses or demanding the production of documents or any other physical evidence for examination or copying if the evidence relates to the medical incompetence, unprofessional conduct or mental or physical ability of a physician assistant to safely perform health care tasks. Within five days after service of a subpoena requiring the production of evidence in the person's possession or under the person's control, the person may petition the board to revoke, limit or modify the subpoena. The board shall do so if it believes that the evidence required does not relate to violations of this chapter, is not relevant to the subject matter of the hearing or investigation or does not describe with sufficient particularity the physical evidence requested.

2. A person appearing before the board may be represented by counsel.

3. A board member or agent designated by the board may administer oaths or affirmations, examine witnesses and receive evidence.

4. On application by the board or by the person subpoenaed, the superior court has jurisdiction to issue an order to do either of the following:

(a) Require a person to appear before the board or its authorized agent to produce evidence relating to the investigation.

(b) Revoke, limit or modify a subpoena if the court determines that the evidence does not relate to a violation of this chapter, is not relevant to the hearing or investigation or does not describe with sufficient particularity the physical evidence requested.

C. The following items are not available to the public:

1. Patient records, including clinical records, medical reports and laboratory statements and reports.

2. Files, films, reports or oral statements relating to diagnostic findings or treatment of patients.

3. Any information from which a patient or the patient's family might be identified.

4. Information received and records kept by the board in its investigations.

D. This section and any other provision of law that makes communications between a physician or a physician assistant and the physician assistant's patient a privileged communication does not apply to investigations or proceedings conducted pursuant to this chapter. The board and its employees, agents and
representatives shall keep in confidence the names of any patients whose records are reviewed during the course of investigations and proceedings pursuant to this chapter.

E. Hospital records, medical staff records, medical staff review committee records, testimony concerning those records and proceedings related to the creation of those records are not available to the public, shall be kept confidential by the board and are subject to the same provisions of law concerning discovery and use in legal actions as are the original records in the possession and control of hospitals, medical staffs and medical staff review committees.

32-2553. Judicial review

Except as provided in section 41-1092.08, subsection H, final decisions of the board are subject to judicial review pursuant to title 12, chapter 7, article 6.

32-2554. Violation; classification

A. A person who does any of the following is guilty of a class 6 felony:

1. Performs a health care task if that person is not licensed pursuant to this chapter or is not exempt from licensure pursuant to this chapter.

2. Secures a license to perform health care tasks by fraud or deceit.

3. Impersonates a member of the board.

B. A person who is not licensed pursuant to this chapter shall not use the designation "P.A.", "P.A.-C." or "Physician assistant" or use any other words, initials or symbols in a way that leads the public to believe that the person is licensed pursuant to this chapter. A person who violates this subsection is guilty of a class 2 misdemeanor.

32-2555. Injunctions

A. The superior court may issue an injunction to enjoin:

1. A person who is not licensed pursuant to this chapter or who is not exempt from licensure pursuant to this chapter from performing health care tasks.

2. A physician assistant from performing health care tasks if the court determines that the licensee will or may cause irreparable damage to the public health and safety before the board has an opportunity to act pursuant to section 32-2551.

3. An act proscribed in section 32-2554, subsection B.

B. In a petition for an injunction pursuant to subsection A, paragraph 1 of this section, it is sufficient for the petitioner to charge that the respondent on a day certain in a named county engaged in the performance of health care tasks without being licensed or exempt from licensure pursuant to this chapter. It is not necessary for the petitioner to show damage or injury.
C. In a petition for an injunction pursuant to subsection A, paragraph 2 of this section, the petitioner shall specify the facts regarding the licensee's threat to the public health and safety.

D. The board shall file the petition in the superior court in Maricopa county or in the county where the respondent resides or is found.

32-2556. Human immunodeficiency virus; disclosure; immunity; definition

A. It is not an act of unprofessional conduct for a licensee to report to the department of health services the name of a patient's spouse, sex partner or person with whom the patient has shared hypodermic needles or syringes if the licensee knows that the patient tests positive for the human immunodeficiency virus and that the patient has not or will not notify these people and refer them to testing. Before reporting this information to the department of health services the licensee shall ask the patient to release this information voluntarily.

B. It is not an act of unprofessional conduct for a licensee who knows or who has reason to believe that a significant exposure has occurred between a patient who tests positive for the human immunodeficiency virus and a health care worker or a public safety employee to inform the worker or employee of the exposure. Before disclosing this information the licensee shall ask the patient to disclose this information voluntarily. If the patient does not agree to do this the licensee may disclose the information in a manner that does not identify the patient.

C. This section does not impose a duty to disclose information. A licensee is not subject to civil or criminal liability for either disclosing or not disclosing information.

D. If a licensee decides to make a disclosure pursuant to this section the licensee may request the department of health services to make the disclosure on the licensee's behalf.

E. For the purposes of this section, "significant exposure" means contact of a person's ruptured or broken skin or mucous membranes with another person's blood or body fluid, other than tears, saliva or perspiration, of a magnitude that the centers for disease control of the United States public health service have epidemiologically demonstrated can result in the transmission of the human immunodeficiency virus.

32-2557. Disciplinary action; reciprocity

A. The board shall initiate an investigation pursuant to section 32-2551 if a professional regulatory board in another jurisdiction in the United States has taken disciplinary action against a licensee for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter.

B. The board shall order the summary suspension of a license pending proceedings for revocation or other action if a professional regulatory board in another jurisdiction in the United States has taken the same action because of its belief that the public health, safety or welfare imperatively required emergency action.

32-2558. Reinstatement of revoked or surrendered license

A. On written application, the board may issue a new license to a physician assistant whose license was previously revoked by the board or surrendered if the applicant demonstrates to the board's satisfaction
that the applicant is completely rehabilitated with respect to the conduct that was the basis for the revocation or surrender. In making its decision, the board shall determine:

1. That the applicant has not engaged in any conduct during the revocation or surrender period that would have constituted a basis for revocation or surrender pursuant to section 32-2551.

2. If a criminal conviction was a basis of the revocation or surrender, that the applicant's civil rights have been fully restored pursuant to statute or any other applicable recognized judicial or gubernatorial order.

3. That the applicant has made restitution to any aggrieved person as ordered by a court of competent jurisdiction.

4. That the applicant demonstrates any other standard of rehabilitation the board determines is appropriate.

B. Except as provided in subsection C of this section, a person shall not submit an application for reinstatement less than two years after the date of revocation or surrender.

C. The board shall vacate its previous order to revoke or accept the surrender of a license if that revocation or surrender was based on a conviction of a felony or an offense involving moral turpitude and that conviction has been reversed on appeal. The physician assistant may submit an application for reinstatement as soon as the court enters the reversal.

D. An applicant for reinstatement shall comply with all initial licensing requirements prescribed by this chapter.

New Article: Article 13

New Section: R20-6-1301, R20-6-1302, R20-6-1303, R20-6-1304, R20-6-1035

New Exhibit: Exhibit A
GOVERNOR’S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - REGULAR RULEMAKING

MEETING DATE:  July 6, 2022

TO:  Members of the Governor’s Regulatory Review Council (Council)

FROM:  Council Staff

DATE:  June 13, 2022

SUBJECT:  DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS
Title 20, Chapter 6

New Article:  Article 13

New Section:  R20-6-1301, R20-6-1302, R20-6-1303, R20-6-1304, R20-6-1035

New Exhibit:  Exhibit A

Summary:

This regular rulemaking from the Department of Insurance and Financial Institutions (Department) seeks to add a new Article containing six (6) new rules to Title 20, Chapter 6, Article 13 related to Mental Health Parity.

In 2020, the Arizona Legislature enacted the Arizona Mental Health Parity Act (also known as “Jake’s Law”) at A.R.S. §§ 20-3501 through 20-3505 to implement the provisions of the federal Mental Health Parity and Addiction Equity Act (“MHPAEA” 42 U.S.C. 300gg-26 and implementing regulations) on the state level. MHPAEA generally establishes that health insurance issuers that provide mental health or substance use disorder (MH/SUD) benefits may not, among other things, impose less favorable benefit limitations on MH/SUD benefits than on medical/surgical benefits. State insurance authorities, the U.S. Department of Health and Human Services, and the U.S. Department of Labor (U.S. DOL) have jurisdiction over applicable
individual and group health insurance policies. MHPAEA regulations establish standards related to health care insurers’ application of financial requirements (e.g., deductibles and co-payments), quantitative treatment limitations (e.g., visit limits), and nonquantitative treatment limitations (e.g., step therapy, prior authorization). Health care insurers cannot apply financial requirements (FRs) or quantitative treatment limitations (QTLs) to MH/SUD policy benefits that are more restrictive than the predominant financial requirements or treatment limitations that apply to substantially all medical/surgical benefits. Nor can health care insurers impose nonquantitative treatment limitations (NQTLs) with respect to MH/SUD benefits in any classification unless the processes, strategies, evidentiary standards, or other factors used in applying the NQTL to MH/SUD benefit classifications are comparable to those used with medical surgical/benefits classifications.

The Arizona Legislature also charged the Department of Insurance and Financial Institutions (“Department”) to: “adopt by rule both of the following: 1. Forms or worksheets that health care insurers must use to prepare the reports required by section 20-3502 . . . and 2. Standards to determine compliance with the mental health parity and addiction equity act.” Laws 2020, Chap. 4, Sec. 8. (SB1523). This rulemaking is intended to fulfill the Legislature’s charge to create forms and worksheets that health care insurers must use to prepare the reports required by A.R.S. § 20-3502 and establish standards to determine compliance with MHPAEA.

1. **Are the rules legal, consistent with legislative intent, and within the agency’s statutory authority?**

   The Department cites both general and specific statutory authority for these rules.

2. **Do the rules establish a new fee or contain a fee increase?**

   This rulemaking does not establish a new fee or contain a fee increase.

3. **Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?**

   The Department did not review or rely on any study in conducting this rulemaking.

4. **Summary of the agency’s economic impact analysis:**

   The Department is required by statute to implement the provisions of the MHPAEA on the state level. MHPAEA generally establishes that health insurance issuers that provide MH/SUD benefits may not, among other things, impose less favorable benefit limitations on MH/SUD benefits than on medical/surgical benefits. The Department states that this rulemaking is intended to fulfill the Legislature’s charge to create forms and worksheets that health care insurers must use to prepare the reports required by A.R.S. § 20-3502, to enforce MHPAEA, and to establish standards to determine compliance with MHPAEA. The Article applies to all health care insurers that issue health plans in Arizona.
5. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The Department states that the enacting statutes require them to adopt rules to create forms and worksheets that health insurers must use to prepare reports required by A.R.S. § 20-3502, to enforce MHPAEA, and establish standards to determine compliance with MHPAEA. The final rulemaking requires no more than the statutes mandate. Therefore, the Department believes that the current rulemaking offers the least intrusive and least costly alternative method to achieve the purpose of the proposed rulemaking.

6. **What are the economic impacts on stakeholders?**

The Department will incur costs associated with implementation of the rules. The Department believes that no political subdivision of the state is directly affected by the implementation and enforcement of the proposed rulemaking. The Department anticipates that health care insurers will incur costs in complying with the requirements but the rulemaking does not impose any compliance costs not already imposed by the Federal and state laws, which require health insurers to perform and report detailed, internal analyses related to their compliance with MHPAEA. The Department indicates that no health insurers provided specific cost information including any anticipated effect on revenue or payroll expenditures to the Department. The Department is not aware of any impact on the private employment of health insurers subject to reporting. In addition, the Department indicates that the proposed rulemaking has no probable impact on small business because it only applies to health insurers.

7. **Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?**

The Department indicates that it made the following changes to the rules between the Notice of Proposed Rulemaking and the Notice of Final Rulemaking now before the Council:

- A correction has been made to the exhibit instructions in Exhibit A. The rule reference has been corrected from Section R20-6-1303(B) to Section R20-6-1302(B).
- Citation references to the Code of Federal Regulations have been changed from “C.F.R.” to “CFR” to conform to rulewriting standards throughout.

Council staff does not believe these changes between the Notice of Proposed Rulemaking and the Notice of Final Rulemaking make the rules “substantially different” as described in A.R.S. § 41-1025.

8. **Does the agency adequately address the comments on the proposed rules and any supplemental proposals?**

The Department received numerous comments related to this rulemaking. Summaries of those comments and the Department’s responses are found in Section 11 of the Notice of Final Rulemaking Preamble. The Department notes it received one comment in opposition to this
rulemaking from insurer Medica and two comments suggesting substantive changes to the rules from the Arizona Psychiatric Society and Mental Health America of Arizona/Arizona Council of Human Service Providers. The Department indicates the remaining commenters made general, non-substantive comments in support of the rulemaking.

Additionally, the Council received one comment from Teri Harnisch, the Executive Director of the Arizona Psychiatric Society, on behalf of the Arizona Coalition for Insurance Parity in support of this rulemaking.

Copies of the comments have been included in the final materials for the Council’s consideration.

9. **Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

The Department indicates the rules do not require a permit, license, or agency authorization. Instead, the Department states the rules are designed to provide guidance to health care insurers on the reporting requirements of A.R.S. § 20-3502 and the standards to determine compliance with MHPAEA.

10. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Department indicates the Mental Health Parity and Addiction Equity Act (“MHPAEA”) (42 U.S.C. 300gg-26 and implementing regulations) is applicable to the subject of this rulemaking. The Department states the rules are not more stringent than the federal law and comply with the statutory mandates established by the Legislature. (Laws 2020, Chap. 4, Sec. 8.) Instead, the rules require health care insurers to submit their analyses that demonstrate their compliance with the provisions of MHPAEA (Exhibit A).

11. **Conclusion**

This regular rulemaking from the Department seeks to add a new Article containing six (6) new rules to Title 20, Chapter 6, Article 13 in order to fulfill the Legislature’s charge to create forms and worksheets that health care insurers must use to prepare the reports required by A.R.S. § 20-3502 and establish standards to determine compliance with MHPAEA.

The Department is seeking the standard 60-day delayed effective date for these rules pursuant to A.R.S. § 41-1032(A).

Council staff recommends approval of this rulemaking.

Nicole Sornsin, Chairperson
Governor’s Regulatory Review Council
100 North 15th Ave., Suite 305
Phoenix, AZ 85007

RE: Arizona Department of Insurance and Financial Institutions
Mental Health Parity Rulemaking

Dear Chairperson Sornsin:

Please find enclosed the Final Rulemaking for Mental Health Parity being submitted by the Arizona Department of Insurance and Financial Institutions, Insurance Division ("Department").

Pursuant to A.A.C. R1-6-201(A)(1), the Department responds as follows:

a. The Department closed the record on this rulemaking on March 6, 2022.

b. This rulemaking does not relate to a five-year review report. Instead, the Department initiated this rulemaking in response to the Legislature’s enactment of the Arizona Mental Health Parity Act also known as “Jakes Law.” The Legislature charged the Department to “adopt by rule both of the following: 1. Forms or worksheets that health care insurers must use to prepare the reports required by section 20-3502 . . . and 2. Standards to determine compliance with the mental health parity and addiction equity act.” Laws 2020, Chap. 4, Sec. 8. (SB1523)

c. The rulemaking does not establish a new fee.

d. The rulemaking does not contain a fee increase.

e. The rulemaking does not request an immediate effective date under A.R.S. § 41-1032.

f. The Department certifies that the preamble discloses a reference to any study relevant to the rule that it reviewed and either did or did not rely on in its evaluation of or justification for the rulemaking. The Department did not review or rely on any study relevant to the rulemaking.

g. One full-time employee is necessary to implement and enforce Jake’s Law and the accompanying rules. Laws 2020, Chap. 4., Sec. 10. The Department certifies that on April 7, 2022, Mary Kosinski, the preparer of the economic, small business, and consumer impact statement, notified Nate Belcher, the Department’s JLBC Analyst, of the appropriation by the Legislature for one FTE
to administer Jake's Law and the accompanying rules. The Department filled that position in 2021.

h. The following documents are also submitted to the Council with this cover letter:
   i. The Notice of Final Rulemaking;
   ii. An economic, small business, and consumer impact statement that contains the information required by A.R.S. § 41-1055;
   iii. The written comments received by the Department concerning the proposed rule (please note that six of the comments are redacted to protect personal health information);
   iv. The general and specific statutes authorizing the rulemaking; and
   v. The Federal regulation containing the definitions referred to in the rules.

By this submission, the Department is requesting approval of this rulemaking from the Council.

For questions about this rulemaking, please contact Mary Kosinski at (602) 364-3476 or mary.kosinski@difi.az.gov.

Sincerely,

Evan G. Daniels
Director
NOTICE OF FINAL RULEMAKING
TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS AND INSURANCE
CHAPTER 6. DEPARTMENT OF INSURANCE

PREAMBLE

1. Article, Part, or Section Affected (as applicable) | Rulemaking Action

| Article 13 | New Article |
| R20-6-1301 | New Section |
| R20-6-1302 | New Section |
| R20-6-1303 | New Section |
| R20-6-1304 | New Section |
| R20-6-1305 | New Section |
| Exhibit A | New Exhibit |

2. Citations to the agency’s statutory rulemaking authority to include both the authorizing statute (general) and the implementing statute (specific):

Authorizing statute: A.R.S. § 20-143
Implementing statute: Laws 2020, Chap. 4, Sec. 8. (SB1523)

3. The effective date of the rule:

a. If the agency selected a date earlier than the 60 day effective date as specified in A.R.S. § 41-1032(A), include the earlier date and state the reason or reasons the agency selected the earlier effective date as provided in A.R.S. § 41-1032(A)(1) through (5):

Not applicable.

b. If the agency selected a date later than the 60 day effective date as specified in A.R.S. § 41-1032(A), include the later date and state the reason or reasons the agency selected the later effective date as provided in A.R.S. § 41-1032(B):
Not applicable.

4. **Citations to all related notices published in the Register as specified in R1-1-409(A) that pertain to the record of the final rulemaking package:**

Notice of Rulemaking Docket Opening: 28 A.A.R. 347, February 4, 2022

5. **The agency’s contact person who can answer questions about the rulemaking:**

Name: Mary E. Kosinski  
Address: Department of Insurance and Financial Institutions  
100 N. 15th Ave., Suite 261  
Phoenix, Arizona 85007-2630  
Telephone: (602)364-3476  
E-mail: mary.kosinski@difi.az.gov  
Web site: [https://difi.az.gov](https://difi.az.gov)

6. **An agency’s justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

In 2020, the Arizona Legislature enacted the Arizona Mental Health Parity Act (also known as “Jake’s Law”) at A.R.S. §§ 20-3501 through 20-3505 to implement the provisions of the federal Mental Health Parity and Addiction Equity Act (“MHPAEA”) 42 U.S.C. 300gg-26 and implementing regulations) on the state level. It also charged the Department of Insurance and Financial Institutions (“Department”) to: “adopt by rule both of the following: 1. Forms or worksheets that health care insurers must use to prepare the reports required by section 20-3502 . . . and 2. Standards to determine compliance with the mental health parity and addiction equity act.” Laws 2020, Chap. 4, Sec. 8. (SB1523).

MHPAEA generally establishes that health insurance issuers that provide mental health or substance use disorder (MH/SUD) benefits may not, among other things, impose less favorable benefit limitations on MH/SUD benefits than on medical/surgical benefits. State insurance authorities, the U.S. Department of Health and Human Services, and the U.S. Department of Labor (U.S. DOL) have jurisdiction over applicable individual and group health insurance policies. MHPAEA regulations establish standards related to health care insurers’ application of financial requirements (e.g., deductibles and co-payments), quantitative treatment limitations (e.g., visit limits), and nonquantitative treatment limitations (e.g., step therapy, prior authorization).
Health care insurers cannot apply financial requirements (FRs) or quantitative treatment limitations (QTLs) to MH/SUD policy benefits that are more restrictive than the predominant financial requirements or treatment limitations that apply to substantially all medical/surgical benefits. Nor can health care insurers impose nonquantitative treatment limitations (NQTLs) with respect to MH/SUD benefits in any classification unless the processes, strategies, evidentiary standards, or other factors used in applying the NQTL to MH/SUD benefit classifications are comparable to those used with medical surgical/benefits classifications.

This rulemaking is intended to fulfill the Legislature’s charge to create forms and worksheets that health care insurers must use to prepare the reports required by A.R.S. § 20-3502 and establish standards to determine compliance with MHPAEA.

7. **A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

   The Department did not review and does not propose to rely on any study relevant to this rulemaking.

8. **A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

   The rulemaking does not diminish a previous grant of authority granted to the Department.

9. **A summary of the economic, small business, and consumer impact:**

   Pursuant to A.R.S. § 41-1055(A):
   
   - The conduct the rulemaking is designed to change is the practice of health care insurers that provide mental health or substance use disorder (“MH/SUD”) benefits to provide those benefits on parity with the provision of medical and surgical (“Med/Surg”) benefits. This means that limitations health care insurers impose on MH/SUD benefits can be no
more stringent or less favorable than the limitations the health care insurer imposes on Med/Surg benefits.

- The failure of a health care insurer to provide MH/SUD benefits on parity with Med/Surg benefits may result in having an insured unable to obtain MH/SUD medical care because the limitations imposed on those benefits are more stringent or less favorable than imposed on other types of benefits.

- The Department does not presume that the health care insurers in Arizona are non-compliant with the parity requirements of the Arizona Mental Health Parity Act (A.R.S. §§ 20-3501 through 20-3505). However, the reporting requirements of the rulemaking will ensure that health care insurers remain in compliance with the Act.

- The costs incurred by health care insurers are not expected to impact revenues or payroll expenditures. Instead, the costs incurred are compliance costs driven by the reporting requirements imposed by the proposed rulemaking. Many health care insurers are already familiar with MHPAEA and have been complying through federal regulations imposed on portions of their business. These already incurred costs are not expected to change appreciably under the proposed rulemaking. Additional costs, however, may arise in order to comply with the additional statutory reporting requirements. But, these costs are not anticipated to impact revenues or payroll expenditures.

- Groups participating in the listening sessions allowed under the bill generally requested that the Department demonstrate that it has selected an alternative that imposes the least burden and costs to persons regulated by the rule under A.R.S. § 41-1052 although they did not enumerate any anticipated costs.

- The employee listed in Item 5 may be contacted to submit or request additional data on the information included in the economic, small business and consumer impact statement.

10. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:

The following corrections have been made from the Notice of Proposed Rulemaking:

- A correction has been made to the exhibit instructions in Exhibit A. The rule reference has been corrected from Section R20-6-1303(B) to Section R20-6-1302(B).

- Citation references to the Code of Federal Regulations have been changed from “C.F.R.” to “CFR” to conform to rulewriting standards throughout.

11. An agency’s summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:
The Insurance Division received a number of comments on the Proposed Rulemaking. The Division has posted the comments on its website (https://difi.az.gov/proposed-draft-rule-public-comments). Someone reading these comments should be aware that prior to this rulemaking, the Department opened a Docket (26 A.A.R. 1882, September 11, 2020) and published a Notice of Proposed Rulemaking (27 A.A.R. 195, February 12, 2021) on Jake’s Law which it terminated (27 A.A.R. 1037, July 9, 2021). Some commenters reference this original rulemaking in their comments.

**Opposition Comment:** Only one insurer, Medica, submitted a comment requesting that the Department postpone its rulemaking activity in anticipation of expected changes by the Federal government to MHPAEA regulations in 2022. Medica further requested alignment with other states by asking Arizona to abandon the Arizona-specific data request (Exhibit A) in favor of comparative analyses. Lastly, Medica recommended that the Department recognize the limitations of the CMS MHPAEA tool in assessing compliance.

**Department Response:** The Department declines to delay this rulemaking. As stated above, this is the Department’s second attempt to enact rules implementing Jake’s Law. The Legislature charged the Department with adopting rules on or before April 1, 2021. Laws 2020, Chap. 4, Sec. 8. (SB1523). The Department has been working diligently to comply with the Legislature’s mandate. Nothing prevents the Department from conducting future rulemakings to adopt any changes made by the Federal government in 2022 or later.

The Department recognizes the challenges posed to insurers trying to comply with different states’ regulatory schemes. However, the Legislature has charged the Department with adopting rules that comply with Arizona’s law. The Department is not authorized to adopt rules that comply with regulatory schemes in other states.

Lastly, even if the Department recognizes the limitations of the CMS MHPAEA tool in assessing compliance, it has outlined the reporting requirements the Legislature requires in order for the Department to assess compliance under Arizona law.

**Comments suggesting substantive changes to the Rulemaking:** The Department received two comments suggesting substantive changes to the Proposed Rulemaking.

**Comment #1:** The first comment came from the Arizona Psychiatric Society (“APS”). APS restricted its comment to Exhibit A, Medical Necessity Criteria and Nonquantitative Treatment Limitation (“NQTL”) Reports. APS prefaces its substantive comment with a demonstration of how the Arizona proposed MHPAEA rule is compatible with and does not exceed the comparative analysis requirements of the Federal law. The substantive change request is that the Department pluralize the terms “process,” “strategy,” “evidentiary standard,” and “other factor” at Exhibit A - Part IV to be consistent with 42 U.S.C. 300gg-26(a)(8)(A)(iv) which uses the term “analyses.”

This comment was supported by commenters Dr. Irene Kitzman, Dr. Gary Grove, Dr. Chandan Nayak, Dr. Marc Lieb, Dr. Karen Weihs, and the Arizona Medical Association.

**Department Response:** The Department agrees that its rulemaking is compatible with and does not exceed the authority granted to it by the Legislature under Jake’s Law. On the
pluralization request, the Department declines to make the suggested change. Insurers should be familiar with MHPAEA and its requirements. Jake’s law states:

“Demonstrate through analysis that for any nonquantitative treatment limit applied to mental health and substance use disorder benefits in a classification of benefits, as written and in operation, any process, strategy, evidentiary standard or other factor used in applying the nonquantitative treatment limit to mental health and substance use disorder benefits in the classification are comparable to, and applied not more stringently than, any process, strategy, evidentiary standard or other factor used in applying the treatment limit for medical and surgical benefits in the classification.” A.R.S. § 20-3502(B)(3). (Emphasis added.)

The Department’s position is that insurers should interpret this language to mean “every and all” processes, strategies, evidentiary standards and other factors must be reported. For insurers who fail to make complete reports, the Department is empowered to request information or data that is necessary to verify compliance pursuant to A.R.S. § 20-3502(F).

Comment #2: Mental Health America of Arizona/Arizona Council of Human Service Providers urged the Department to add a definition for “medical necessity/medically necessary.” The Department had added such a definition which adopted language used by CMS for Medicare coverage in a draft circulated among stakeholders during listening sessions. The Department removed it in the Proposed Rule when objected to by insurers.

This comment was supported by commenter AZ Family Peer Coalition.

Department Response: The Department declines to include the definition. Although the Department acknowledges that “medical necessity criteria . . . are where the most profound and consequential barriers to mental health and addiction coverage occur,” neither MHPAEA nor Jake’s Law defines “medical necessity/medically necessary.” The Department’s position is that the better place to adopt the definition is in statute and not in rule.

Comments in support of the Rulemaking: The remaining commenters made general, non-substantive comments in support of the rulemaking which fell into the following subject categories:

- The Kennedy Forum expressed its disappointment that the current rules are a significant step back from the prior proposed rules. It feels that oversight efforts will be more difficult and less likely to be effective in identifying potential compliance issues. This comment was supported by commenters Denise Denslow, Joanna Booher, Stacie J. Whitaker-Harris, and Nadine Smith who all expressed the need for stronger reporting requirements.
- The following commenters noted that most parity violations occur within managed care practices and urged the Department to ensure maximum transparency regarding NQTLs and medical necessity criteria: Amina Donna Kruck, Lutheran Social Services of the Southwest, Jill Friedberg, Jewish Family & Children’s Services, Melinda Hickman, Cheryl L. Martin, Christine Lee Kinchen, and the National Alliance on Mental Illness – White Mountains.
- 6 commenters shared their or their family’s personal struggles with trying to obtain coverage for mental health issues and emphasized the need for equal insurance protection and its importance for Arizona’s children.
12. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

No other matters prescribed by statute are applicable to the Insurance Division or to any specific rule or class of rules.

a. **Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

The rule does not require a permit and does not use a general permit. Instead, the rule is designed to provide guidance to health care insurers on the reporting requirements of A.R.S. § 20-3502 and the standards to determine compliance with MHPAEA.

b. **Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**

The Mental Health Parity and Addiction Equity Act (“MHPAEA”) (42 U.S.C. 300gg-26 and implementing regulations) is applicable to the subject of the rule. The rule is not more stringent than the federal law and complies with the statutory mandates established by the Legislature. (Laws 2020, Chap. 4, Sec. 8.) Instead, the rule requires health care insurers to submit their analyses that demonstrate their compliance with the provisions of MHPAEA (Exhibit A).

c. **Whether a person submitted an analysis to the agency that compares the rule’s impact of the competitiveness of business in this state to the impact on business in other states:**

No formal analysis has been submitted to the Department that compares the rule’s impact of the competitiveness of business in this state to the impact of business in other states.
13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:

The rule does not incorporate any reference material into the rule as specified at A.R.S. § 41-1028. However, the rule has multiple references to portions of the federal act for consistency and clarity for insurers having to comply with MHPAEA and Jake’s Law.

14. Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:

This rule was not previously made, amended, or repealed as an emergency rule.

15. The full text of the rules follows:

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS AND INSURANCE
CHAPTER 6. DEPARTMENT OF INSURANCE
ARTICLE 13. MENTAL HEALTH PARITY

Section
R20-6-1301. Definitions
R20-6-1302. Medical Necessity Criteria and NQTL Reporting
R20-6-1303. FR and QTL Reporting
R20-6-1304. Additional Information or Data
R20-6-1305. Confidentiality of Information
   Exhibit A. Medical Necessity Criteria and NQTL Reports

ARTICLE 13. MENTAL HEALTH PARITY

R20-6-1301. Definitions
The definitions in A.R.S. § 20-3501 and the following definitions apply to this Article:
   “Arizona Mental Health Parity Act” means the statutes found at A.R.S. §§ 20-3501 through 20-3505.
   “Coverage unit” has the meaning prescribed at 45 CFR § 146.136(a) "Coverage unit."
“Department of Insurance and Financial Institutions (Department)” has the meaning prescribed at A.R.S. § 20-101.

“CMS MHPAEA tool” means the Microsoft Excel Mental Health Parity tool maintained by the Center for Medicare and Medicaid Services.

“Financial requirements (FR)” has the meaning at 45 CFR § 146.136(a) "Financial requirements."

“Health care insurer” has the meaning prescribed at A.R.S. § 20-3501(2).

“Health plan” has the meaning prescribed at A.R.S. § 20-3501(3).

“Inpatient, in-network benefits” are benefits furnished on an inpatient basis and within a network of contracted providers under a health plan.

“Inpatient, out-of-network benefits” are benefits furnished on an inpatient basis by providers without a contract under a health plan or for a health plan that has no network of providers.

“Large group health plan” is a health plan issued to an employer group that is not a small employer as defined at A.R.S. § 20-2301(A)(20).

“Medical/surgical (Med/Surg) benefits” has the meaning prescribed at 45 CFR § 146.136(a) "Medical/surgical benefits."

“Mental (MH) health benefits” has the meaning prescribed at 45 CFR § 146.136(a) "Mental health benefits."

“MHPAEA” means the Mental Health Parity and Addiction Equity Act prescribed in A.R.S. § 20-3501(4).

“Nonquantitative treatment limitation (NQTL)” is a limitation that restricts the scope or duration of benefits for treatment under a health plan or coverage. Illustrations of NQTLs include: medical management standards limiting or excluding benefits based on medical necessity or appropriateness or based on whether the treatment is experimental or investigative as identified under 45 CFR 146.136(c)(4)(ii)(A); formulary design for prescription drugs as identified under 45 CFR 146.136(c)(4)(ii)(B); network tier design (for health plans with multiple network tiers such as preferred providers and participating providers) as identified under 45 CFR 146.136(c)(4)(ii)(C); standards for provider admission to participate in a network, including reimbursement rates as identified under 45 CFR 146.136(c)(4)(ii)(D); methods for determining usual, customary, and reasonable charges as identified under 45 CFR 146.136(c)(4)(ii)(E); refusal to pay for higher-cost therapies until it can be shown that a lower-cost therapy is not effective (also known as “fail-first policies” or “step therapy protocols”) as identified under 45 CFR 146.136(c)(4)(ii)(F); exclusions based on failure to complete a course of
treatment; and restrictions based on geographic location as identified under 45 CFR 146.136(c)(4)(ii)(G), facility type, provider specialty, and other criteria than limit the scope or duration of benefits for services provided under the health plan or coverage as identified under 45 CFR 146.136(c)(4)(ii)(H).

“Outpatient, in-network benefits” are benefits furnished on an outpatient basis and within a network of providers established or recognized under a health plan.

“Outpatient, out-of-network benefits” are benefits furnished on an outpatient basis and outside any network of providers established or recognized under a health plan or under a health plan that has no network of providers.

“Predominant test” means that if a type of FR or QTL applies to substantially all of the Med/Surg benefits in a classification, the predominant level of the FR or QTL is the level that applies to more than 1/2 of the Med/Surg benefits in that classification subject to the FR or QTL. If no single level can be determined, the health plan (or health insurance issuer) may combine levels until the combination of levels applies to more than 1/2 of Med/Surg benefits subject to the FR or QTL in the classification. The least restrictive level within the combination is considered the predominant level of that type of classification. For this purpose, a health plan may combine the most restrictive levels first with each less restrictive level added to the combination until the combination applies to more than 1/2 of the benefits subject to the FR or QTL.

“Quantitative treatment limitation (QTL)” is a limitation on the scope or duration of a benefit that can be expressed numerically that includes day or visit limits such as “50 outpatient visits per year.” QTLs include annual, episode, and lifetime day and visit limits such as number of treatments, number of visits, or days of coverage.

“Substance use disorder (SUD) benefits has the meaning prescribed at 45 CFR § 146.136(a) "Substance use disorder benefits."

“Substantially all test” means that a FR or QTL applies to at least 2/3 of all Med/Surg benefits in a classification of benefits for a coverage unit. (For this purpose, benefits expressed as subject to a zero level of a type of FR are treated as not subject to that type of FR. In addition, benefits expressed as subject to an unlimited QTL are treated as not subject to that type of QTL.) If a type of FR or QTL does not apply to at least 2/3 of all Med/Surg benefits in a classification, then that type of FR or QTL cannot be applied to MH or SUD benefits in that classification.

R20-6-1302. Medical Necessity Criteria and NQTL Reporting
A. Health care insurers subject to the reporting requirement. A health care insurer that issues health plans in Arizona is required to file the reports required by this Section with the Department.
B. Health plans subject to reporting. A health care insurer shall submit a report for all health plans it offers in this state (including grandfathered and non-grandfathered health plans) that meet all of the
criteria listed in subsections (B)(1) through (B)(4) of this Section. If a health care insurer determines that the information to be reported varies by network plan, or varies in the individual, small group, or large group market, the health care insurer must submit a separate report for each variation.

1. The health plan offers MH and/or SUD benefits in addition to Med/Surg benefits.
2. The health plan offers MH and/or SUD benefits in at least one of the following classifications:
   a. Inpatient, in-network;
   b. Inpatient, out-of-network;
   c. Outpatient, in-network;
   d. Outpatient, out-of-network;
   e. Emergency care; or
   f. Prescription drugs.
3. The health plan is offered on a group (large or small) or individual basis.
4. The health plan has not received and notified the Department of an increased cost exemption pursuant to 45 CFR 146.136(g).

C. Health plans exempt from reporting. A health plan that meets the criteria of Subsection (B) above is exempt from reporting under this Article if it is one of the following types of health plans:
1. A small group grandfathered health plan;
2. A small group non-grandfathered health plan subject to the HHS transitional policy; or
3. A health plan that meets the definition of excepted benefit provided in 45 CFR 146.145(b) or 45 CFR 148.220.

D. Required reports. A health care insurer shall file a separate report for each fully insured product network type the health care insurer issues in Arizona. If the information to be reported varies by network or health plan, or varies in the individual, small group or large group market, the health care insurer must file a separate report for each variation.

E. Triennial Reports.
1. Existing health care insurers. Beginning on March 15, 2023 and every third year thereafter, a health care insurer issuing health plans and collecting premium in Arizona as of January 1, 2022 shall file a triennial report with the Department for each health plan subject to reporting.
2. Entering or re-entering health care insurers. On or before March 15 of the second year an entering or re-entering health care insurer issues health plans and collects premiums in Arizona, the health care insurer shall file an original triennial report with the Department for each health plan subject to reporting. Following the filing of the original triennial report, the health care insurer shall submit subsequent triennial reports on the schedule described in subsection (E)(1) of this Section.
3. Due date for triennial reports. Triennial reports are due on or before March 15 of each reporting year.
4. Content of the original triennial report. Health care insurers shall file an original triennial report with the Department under A.R.S. § 20-3502(B) that provides the required information in Exhibit A.
5. Subsequent triennial reports.
   a. A health care insurer must file an updated triennial report, including the information required in Exhibit A, unless the health care insurer can attest that it has made no changes since the previously filed triennial report.
b. As required by A.R.S. § 20-3502(E), a health care insurer shall file the following with the Department for each health plan subject to reporting:
   i. An updated triennial report, including the information required in Exhibit A; or
   ii. The last triennial report filed with the Department and a written attestation that the health care insurer has made no changes since it filed the previous triennial report.

F. Annual Reports. Pursuant to A.R.S. § 20-3502(E), on or before March 15 of each intervening year between the filing of a triennial report, a health care insurer shall file:
1. A report that summarizes any changes made to its medical necessity criteria and NQTLs (Exhibit A, Parts I, II, and III);
2. A written attestation by an officer or director of the health care insurer that the health care insurer is in compliance with MHPAEA; and
3. If requested by the Department, any additional data required by the Department including Exhibit A, Part IV.

G. Additional information. At any time after a health care insurer files a report under this Section, the Department may request additional information, including an updated triennial or annual report, by contacting the health care insurer and making the request in writing. The health care insurer shall provide contact information to the Department when it files any of the reports required by this Section. The Department may set a deadline for a health care insurer to respond to its request and specify the format for the response.

R20-6-1303. FR and QTL Reporting

A. Method of reporting. A health care insurer that issues health plans in Arizona and whose policy forms are not exempt from the form filing requirement shall demonstrate its compliance with the FR and QTL parity requirements of MHPAEA through its form and rate filings with the Department.

B. Department’s authority to require additional data. In addition to the forms filed by a health care insurer, the Department may require a health care insurer to submit additional data relating to its methods for meeting the MHPAEA FR and QTL standards. The Department may utilize the CMS MHPAEA tool and may request samples of a health care insurer’s internal testing to demonstrate compliance with the substantially all and predominant tests within each classification of benefits for a health plan.

C. Separate consolidated report for large group health plans. The Department may require a health care insurer that issues large group health plans to file a consolidated report that demonstrates compliance with the substantially all and predominant tests within each classification of benefits for a sample of large group health plans with similar benefit structures.

D. Special rule for FRs - Prescription Drug Classification. The multi-tiered prescription drug benefits exception of A.R.S. § 20-3502(D)(1) applies to the FRs for the prescription drug classification. For example, a health plan applies 4 tiers as follows: Tier 1: Generic Drugs for which the health plan pays 90%; Tier 2: Preferred Brand-name Drugs for which the health plan pays 80%; Tier 3: Non-preferred Brand-name Drugs for which the health plan pays 60%; and Tier 4: Specialty Drugs for which the health plan pays 50%. These FRs are applied without regard to whether a drug is prescribed for Med/Surg or MH/SUD benefits. In addition, the process for certifying a particular drug
within a tier complies with the rules for NQTLs. Therefore, the FRs applied to prescription drug benefits meet the parity requirements under MHPAEA.

E. Special rules for FRs and QTLs.

1. In-network Classifications. The multiple network tiers exception of A.R.S. § 20-3502(D)(2) applies to the FRs and QTLs for the in-network classifications. For example, a health plan has 2 tiers of in-network providers: Tier 1: Preferred provider; and Tier 2: Participating provider. Placement of a provider into a tier complies with the rules for NQTLs and is determined without regard to whether the provider specializes in the treatment of Med/Surg conditions or MH/SUD disorders. The in-network classifications are divided into 2 subclassifications: 1. In-network preferred; and 2. In-network participating. The health plan does not impose any FR or QTL on MH/SUD benefits in either subclassification that is more restrictive than the predominant FR or QTL that applies to all Med/Surg benefits in each subclassification. Therefore, the FRs or QTLs applied to the in-network subclassifications that reflect the provider tiers meet the parity requirements under MHPAEA.

2. Outpatient Classifications. The sub-classification permitted for the office visits exception of A.R.S. § 20-3502(D)(3) applies to the FRs and QTLs for the outpatient classifications. For example, a health plan divides the outpatient, in-network classification into 2 subclassifications: 1. In-network office visits; and 2. All other outpatient, in-network items and services. The health plan does not impose any FR or QTL on MH/SUD benefits in either subclassification that is more restrictive than the predominant FR or QTL that applies to Med/Surg benefits in each subclassification. Therefore, the FRs or QTLs applied to the outpatient subclassifications for office visits and all other outpatient items and services meet the parity requirements under MHPAEA.

The health plan cannot use a subclassification for generalists and specialists. The only subclassifications permitted for the in-network classifications are: 1. Office visits (such as physician visits); and 2. All other outpatient items and services (such as outpatient surgery, facility charges for day treatment centers, laboratory charges, or other medical items).

R20-6-1304. Additional Information or Data

Pursuant to A.R.S. § 20-3502(F), the Department is not prohibited from otherwise requesting information or data that is necessary to verify compliance with MHPAEA and the Arizona Mental Health Parity Act.

R20-6-1305. Confidentiality of Information

Pursuant to A.R.S. § 20-3502(G), all documents, reports, or other materials provided to the Department pursuant this Article are confidential and are not subject to disclosure and are subject to the restrictions of A.R.S. § 20-157.01(B).

Exhibit A
Medical Necessity Criteria and NQTL Reports
Instructions for Exhibit A:
Submit an Exhibit A for each fully insured, major medical health plan subject to reporting under Section R20-6-1302(B). Please submit the information in a word-searchable PDF file which is organized and identified by the numbered sections that appear below.

Part I: Identify Plan and Reporting Year.
Instructions for Part I:
The reporting year is the year, from January 1 through December 31, immediately preceding the submission of this Exhibit A.

Part II: Medical necessity criteria.
Instructions for Part II:
To comply with A.R.S. § 20-3502(B)(1), describe the process that is used to develop or select medical necessity criteria for the plan and reporting year identified in Part I. When the plan describes the process used to develop or select criteria for MH/SUD benefits, then it must also describe the process used to develop or select criteria for Med/Surg benefits.

To comply with ARS § 20-3502(B)(1), report:

A. Describe the process used to develop or select medical necessity criteria for MH/SUD benefits.
B. Describe the process used to develop or select medical necessity criteria for Med/Surg benefits.

Part III: Identify all NQTLs.
Instructions for Part III:
To comply with A.R.S. § 20-3502(B)(2), identify all NQTLs that are applied to MH/SUD benefits and all NQTLs that are applied to Med/Surg benefits for the plan and reporting year identified in Part I. NQTLs shall be identified within each classification of benefits.

A. Identify and report all NQTLs applied to MH/SUD benefits:

1. All NQTLs applied to In-Patient, In-Network Classification.
2. All NQTLs applied to In-Patient, Out-of-Network Classification.
3. All NQTLs applied to Out-Patient, In-Network Classification.
4. All NQTLs applied to Out-Patient, Out-of-Network Classification.
5. All NQTLs applied to Emergency Care.
6. All NOTSs applied to Prescription Benefits.

B. Identify and report all NQTLs applied to Med/Surg benefits:

1. All NQTLs applied to In-Patient, In-Network Classification.
2. All NQTLs applied to In-Patient, Out-of-Network Classification.
3. All NQTLs applied to Out-Patient, In-Network Classification.
4. All NQTLs applied to Out-Patient, Out-of-Network Classification.
5. All NQTLs applied to Emergency Care.
6. All NOTSs applied to Prescription Benefits.

**Part IV: Demonstrate parity through analysis.**

**Instructions for Part IV:**

To comply with A.R.S. § 20-3502(B)(3), for each NQTL listed in Part III, demonstrate through analysis that the process, strategy, evidentiary standard, and other factor of applying the NQTL to MH/SUD benefits in a classification of benefits, as written and in operation, is comparable to, and applied not more stringently than, any process, strategy, evidentiary standard or other factor used in applying the NQTL to Med/Surg benefits in the same classification. The report should define each “Other Factor” and include qualitative and quantitative statistical data to support and explain the analysis.

Identify and report on the NQTLs reported in Part III as follows:

A. Classification - Inpatient, in-network

1. Process
   c. Analysis showing that the process of applying the NQTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the process of applying the NQTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

2. Strategy
   a. Strategy applying NQTL to MH/SUD benefit.
   c. Analysis showing that the strategy of applying the NQTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the strategy of applying the NQTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

3. Evidentiary Standard
   a. Evidentiary standard applying NQTL to MH/SUD benefit.
   c. Analysis showing that the evidentiary standard of applying the NQTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the evidentiary standard of applying the NQTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

4. Other Factor
   a. Other factor applying NQTL to MH/SUD benefit.
   b. Other factor applying NQTL to Med/Surg benefit.
   c. Analysis showing that other factors used to apply the NQTL to MH/SUD benefits, as written, are comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that other factors used to apply the NQTL to MH/SUD benefits, in operation, are comparable to and not applied more stringently than to Med/Surg benefits.
B. Classification - Inpatient, out-of-network

1. Process
   c. Analysis showing that the process of applying the NOTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the process of applying the NOTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

2. Strategy
   a. Strategy applying NQTL to MH/SUD benefit.
   c. Analysis showing that the strategy of applying the NOTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the strategy of applying the NOTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

3. Evidentiary Standard
   a. Evidentiary standard applying NQTL to MH/SUD benefit.
   c. Analysis showing that the evidentiary standard of applying the NOTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the evidentiary standard of applying the NOTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

4. Other Factor
   a. Other factor applying NQTL to MH/SUD benefit.
   b. Other factor applying NOTL to Med/Surg benefit.
   c. Analysis showing that other factors used to apply the NOTL to MH/SUD benefits, as written, are comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that other factors used to apply the NOTL to MH/SUD benefits, in operation, are comparable to and not applied more stringently than to Med/Surg benefits.

C. Classification - Outpatient, in-network

1. Process
   c. Analysis showing that the process of applying the NOTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the process of applying the NOTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

2. Strategy
   a. Strategy applying NQTL to MH/SUD benefit.
   c. Analysis showing that the strategy of applying the NOTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the strategy of applying the NOTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

3. Evidentiary Standard
   a. Evidentiary standard applying NQTL to MH/SUD benefit.
   c. Analysis showing that the evidentiary standard of applying the NOTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the evidentiary standard of applying the NOTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

4. Other Factor
   a. Other factor applying NQTL to MH/SUD benefit.
b. Other factor applying NQTL to Med/Surg benefit.

c. Analysis showing that other factors used to apply the NQTL to MH/SUD benefits, as written, are comparable to and not applied more stringently than to Med/Surg benefits.

d. Analysis showing that other factors used to apply the NQTL to MH/SUD benefits, in operation, are comparable to and not applied more stringently than to Med/Surg benefits.

D. Classification – Outpatient, out-of-network

1. Process
   c. Analysis showing that the process of applying the NQTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the process of applying the NQTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

2. Strategy
   a. Strategy applying NQTL to MH/SUD benefit.
   c. Analysis showing that the strategy of applying the NQTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the strategy of applying the NQTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

3. Evidentiary Standard
   a. Evidentiary standard applying NQTL to MH/SUD benefit.
   c. Analysis showing that the evidentiary standard of applying the NQTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the evidentiary standard of applying the NQTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

4. Other Factor
   a. Other factor applying NQTL to MH/SUD benefit.
   b. Other factor applying NQTL to Med/Surg benefit.
   c. Analysis showing that other factors used to apply the NQTL to MH/SUD benefits, as written, are comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that other factors used to apply the NQTL to MH/SUD benefits, in operation, are comparable to and not applied more stringently than to Med/Surg benefits.

E. Classification – Emergency care

1. Process
   c. Analysis showing that the process of applying the NQTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the process of applying the NQTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

2. Strategy
   a. Strategy applying NQTL to MH/SUD benefit.
   c. Analysis showing that the strategy of applying the NQTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the strategy of applying the NQTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

3. Evidentiary Standard
   a. Evidentiary standard applying NQTL to MH/SUD benefit.
c. Analysis showing that the evidentiary standard of applying the NOTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
d. Analysis showing that the evidentiary standard of applying the NOTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

4. Other Factor
   a. Other factor applying NOTL to MH/SUD benefit.
   b. Other factor applying NOTL to Med/Surg benefit.
   c. Analysis showing that other factors used to apply the NOTL to MH/SUD benefits, as written, are comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that other factors used to apply the NOTL to MH/SUD benefits, in operation, are comparable to and not applied more stringently than to Med/Surg benefits.

F. Classification – Prescription benefits

1. Process
   a. Process applying NOTL to MH/SUD benefit.
   c. Analysis showing that the process of applying the NOTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the process of applying the NOTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

2. Strategy
   a. Strategy applying NOTL to MH/SUD benefit.
   c. Analysis showing that the strategy of applying the NOTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the strategy of applying the NOTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

3. Evidentiary Standard
   a. Evidentiary standard applying NOTL to MH/SUD benefit.
   c. Analysis showing that the evidentiary standard of applying the NOTL to MH/SUD benefits, as written, is comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that the evidentiary standard of applying the NOTL to MH/SUD benefits, in operation, is comparable to and not applied more stringently than to Med/Surg benefits.

4. Other Factor
   a. Other factor applying NOTL to MH/SUD benefit.
   b. Other factor applying NOTL to Med/Surg benefit.
   c. Analysis showing that other factors used to apply the NOTL to MH/SUD benefits, as written, are comparable to and not applied more stringently than to Med/Surg benefits.
   d. Analysis showing that other factors used to apply the NOTL to MH/SUD benefits, in operation, are comparable to and not applied more stringently than to Med/Surg benefits.
A.R.S. § 41-1055(B) Economic, Small Business, And Consumer Impact Statement
Title 20. Commerce, Financial Institutions and Insurance
Chapter 6. Department of Insurance
Article 13. Mental Health Parity

In 2020, the Arizona Legislature enacted the Arizona Mental Health Parity Act (also known as “Jake’s Law”) at A.R.S. §§ 20-3501 through 20-3505 to implement the provisions of the federal Mental Health Parity and Addiction Equity Act (“MHPAEA” 42 U.S.C. 300gg-26 and implementing regulations) on the state level. It also charged the Department of Insurance and Financial Institutions (“Department”) to: “adopt by rule both of the following: 1. Forms or worksheets that health care insurers must use to prepare the reports required by section 20-3502 . . . and 2. Standards to determine compliance with the mental health parity and addiction equity act.” Laws 2020, Chap. 4, Sec. 8. (SB1523).

MHPAEA generally establishes that health insurance issuers that provide mental health or substance use disorder (MH/SUD) benefits may not, among other things, impose less favorable benefit limitations on MH/SUD benefits than on medical/surgical benefits. State insurance authorities, the U.S. Department of Health and Human Services, and the U.S. Department of Labor (U.S. DOL) have jurisdiction over applicable individual and group health insurance policies. MHPAEA regulations establish standards related to health care insurers’ application of financial requirements (e.g., deductibles and copayments), quantitative treatment limitations (e.g., visit limits), and nonquantitative treatment limitations (e.g., step therapy, prior authorization). Health care insurers cannot apply financial requirements (FRs) or quantitative treatment limitations (QTLs) to MH/SUD policy benefits that are more restrictive than the predominant financial requirements or treatment limitations that apply to substantially all medical/surgical benefits. Nor can health care insurers impose nonquantitative treatment limitations (NQTLs) with respect to MH/SUD benefits in any classification unless the processes, strategies, evidentiary standards, or other factors used in applying the NQTL to MH/SUD
benefit classifications are comparable to those used with medical surgical/benefits classifications.

This rulemaking is intended to fulfill the Legislature’s charge to create forms and worksheets that health care insurers must use to prepare the reports required by A.R.S. § 20-3502, to enforce MHPAEA, and to establish standards to determine compliance with MHPAEA.

This rulemaking creates a new Article 13 in A.A.C. Title 20, Chapter 6 entitled “Mental Health Parity” which consists of five new rules and one exhibit. Questions about this Economic Impact Statement can be directed to: Mary E. Kosinski (mary.kosinski@ difi.az.gov).

A.R.S. § 41-1055(B)(2): An identification of the persons who will be directly affected by, bear the costs of or directly benefit from the proposed rulemaking.

This Article applies to all health care insurers that issue health plans in Arizona. Exceptions are made for certain types of health plans.

A.R.S. § 41-1055(B)(3): A cost benefit analysis of the following:

(a) The probable costs and benefits to the implementing agency and other agencies directly affected by the implementation and enforcement of the proposed rulemaking. The probable costs to the implementing agency shall include the number of new full-time employees necessary to implement and enforce the proposed rule. The preparer of the economic, small business and consumer impact statement shall notify the joint legislative budget committee of the number of new full-time employees necessary to implement and enforce the rule before the rule is approved by the council.

The Department’s initial assessment was that three FTEs would be needed to implement, educate, and enforce Jake’s law and the accompanying rules. Ultimately, the Legislature authorized funding for one FTE. Laws 2020, Chap. 4, Sec. 10 (SB1523). The Department hired one full-time employee in 2021. Additional costs will be incurred by the Department by adding additional duties to existing Department employees and hiring contractors in order to perform the
duties associated with the implementation, education, and enforcement of Jake’s Law and the accompanying rules. The Department also anticipates additional computer hardware and software costs.

(b) The probable costs and benefits to a political subdivision of this state directly affected by the implementation and enforcement of the proposed rulemaking.

No political subdivision of this state is directly affected by the implementation and enforcement of the proposed rulemaking.

(c) The probable costs and benefits to businesses directly affected by the proposed rulemaking, including any anticipated effect on the revenues or payroll expenditures of employers who are subject to the proposed rulemaking.

The Department anticipates that health care insurers will incur costs in complying with requirements imposed by MHPAEA (42 U.S.C. 300gg-26 and implementing regulations) and Jake’s Law. The rulemaking does not impose any compliance costs not already imposed by the Federal and state laws, which require health insurers to perform and report detailed, internal analyses related to their compliance with MHPAEA. No health insurers provided specific cost information including any anticipated effect on revenues or payroll expenditures to the Department.

A.R.S. § 41-1055(B)(4): A general description of the probable impact on private and public employment in businesses, agencies and political subdivisions of this state directly affected by the proposed rulemaking.

The Department is not aware of any impact on the private employment of health insurers subject to reporting. Likewise, the Department does not anticipate any impact on public employment in the Department other than the single FTE authorized in the legislation. Laws 2020, Chap. 4, Sec. 10 (SB1523).
A.R.S. § 41-1055(B)(5): A statement of the probable impact of the proposed rulemaking on small businesses. The statement shall include:

(a) An identification of the small businesses subject to the proposed rulemaking.

(b) The administrative and other costs required for compliance with the proposed rulemaking.

(c) A description of the methods prescribed in section 41-1035 that the agency may use to reduce the impact on small businesses, with reasons for the agency's decision to use or not to use each method.

(d) The probable cost and benefit to private persons and consumers who are directly affected by the proposed rulemaking.

The proposed rulemaking has no probable impact on small business because it only applies health insurers. However, behavioral health providers, many of which are small businesses, may experience a “trickle-down” impact as health insurers are brought into compliance with MHPAEA and Jake’s Law.

A.R.S. § 41-1055(B)(6): A statement of the probable effect on state revenues.

No impact on state revenues is anticipated.

A.R.S. § 41-1055(B)(7): A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed rulemaking, including the monetizing of the costs and benefits for each option and providing the rationale for not using nonselected alternatives.

The enacting statutes require that the Department adopt rules to create forms and worksheets that health insurers must use to prepare the reports required by A.R.S. § 20-3502, to enforce MHPAEA, and establish standards to determine compliance with MHPAEA. The Final Rulemaking requires no more than the statutes mandate. The Department believes that the current rulemaking offers the least intrusive and least costly alternative method to achieve the purpose of the proposed rulemaking.
A.R.S. § 41-1055(B)(8): A description of any data on which a rule is based with a detailed explanation of how the data was obtained and why the data is acceptable data. An agency advocating that any data is acceptable data has the burden of proving that the data is acceptable. For the purposes of this paragraph, "acceptable data" means empirical, replicable and testable data as evidenced in supporting documentation, statistics, reports, studies or research.

The rule is not based on any data.

Arizona Department of Insurance and Financial Institutions

Submitted electronically via email to public_comments@dif.az.gov

Re: Mental Health Parity II

To Whom It May Concern:

Thank you for the opportunity to provide comments in response to the Arizona Department of Insurance and Financial Institutions’ (“DIFI”) draft regulations (“draft rule”) implementing Arizona SB 1523 (Chapter 4, Laws 2020) published February 4, 2022. Medica (also referred to as “we,” “our,” or “us,”) is an independent and nonprofit health care organization with approximately 900,000 members, and is proud to be a new entrant to the Arizona individual health insurance market in 2022. Medica’s mission is to be the trusted health plan of choice for customers, members, partners, and our employees. Medica offers health insurance coverage in Minnesota, Wisconsin, North Dakota, South Dakota, Iowa, Nebraska, Kansas, Oklahoma, and Missouri.

Medica appreciates DIFI’s engagement with health care insurers on this subject. We understand the importance of ensuring compliance with MHPAEA, and we are familiar with a number of different approaches adopted by states to evaluate MHPAEA compliance. We submitted comments on a previous version of the draft rule; Medica’s comment letter was dated November 29, 2021, and those comments are generally still applicable to the version of the draft rules published in February 2022. We thank DIFI for using the term “health care insurer” consistently in the draft rule to provide clarity. We also thank DIFI for removing the extraneous definition of “medical necessity / medically necessary.”

We reiterate, however, our concerns about DIFI’s approach regarding MHPAEA compliance. There is significant federal legislative and regulatory activity expected in 2022 on MHPAEA, and it is imprudent for DIFI to develop its own reporting mechanisms when the underlying federal requirements are transforming.

The U.S. Departments of Health and Human Services and Labor are required to release revised MHPAEA regulations in 2022 under the Consolidated Appropriations Act of 2021 (Pub. L. 116-260). The U.S. Department of Labor also recently released its MHPAEA Compliance Report to Congress and provided indications to health plans on how they should conduct the comparative analyses of nonquantitative treatment limits under the Consolidated Appropriations Act of 2021 (Pub. L. 116-260). Finally, the U.S. Senate is working on a bipartisan legislative packaged to strengthen behavioral health care in the United States, including by strengthening MHPAEA. The federal activities will drive the future of MHPAEA.
compliance, and DIFI should defer to existing federal tools for overseeing MHPAEA compliance until additional federal guidance is released.

Specifically, rather than developing its own reporting tool for MHPAEA NTQL reporting, we recommend DIFI leverage the Consolidated Appropriations Act of 2021’s comparative analyses for NTQLs. Health insurers have been required to make these comparative analyses available to state regulators upon request since February of 2021. We recommend DIFI ask health insurers to provide the comparative analyses rather than completing an Arizona-specific data request. As a health insurer offering fully-insured products across 10 different states, we recommend alignment so that we do not have to create unique reporting processes for each state.

Additionally, we recommend DIFI clarify its approach to requiring the use of the CMS MHPAEA Tool for QTL reporting in the draft rule. The CMS MHPAEA Tool is not automatically available to health insurers; it is a tool developed for state regulators to use, and health insurers do not have access to the tool during the filing season to run it on their plan designs. We also note that the CMS MHPAEA Tool does not incorporate the subclassification safe harbor for outpatient office visits and outpatient other visits. As such, the tool acknowledges that it may give “false positives” of parity violations. We recommend the DIFI recognize the limitations of the tool in assessing MHPAEA Compliance.

Thank you once again for the opportunity to provide these comments. Please do not hesitate to contact me if you have any questions or would like to discuss Medica’s comments in more detail.

Sincerely,

Jay McLaren
Vice President, Public Policy and Government Relations

Re: Comments to Proposed MHPAEA Rulemaking

Dear Department of Insurance and Financial Institutions,

On behalf of the Arizona Healthcare Advocacy Coalition, which collectively represents the majority of Arizona physicians, I write in support of the written comments offered in this cycle by the Arizona Psychiatric Society (APS) in response to proposed rules promulgated by the Department of Insurance and Financial Institutions (DIFI), as required by Arizona Senate Bill SB1523 (“Jake’s Law”) and ARS § 20-3502 to ensure compliance with the Mental Health Parity and Addiction Equity Act (MHPAEA).

In the 2020 legislative session, Jake’s Law was adopted by unanimous vote of both chambers of the Arizona legislature and signed into law by Governor Ducey. This mental health omnibus had such widespread support because of the imperative need to address mental health care access in our community and suicide awareness and prevention. A crucial piece of ensuring that care can be accessed is compliance with MHPAEA. The important work to be done under Jake’s Law is left unfinished until this final piece of rulemaking is completed.

We support the scope of comments offered by the Arizona Psychiatric Society, with particular emphasis on the assertion that the draft rules are compatible with and did not exceed the comparative analysis requirements of MHPAEA. As such, we request that these rules move forward, with benefit of the clarifying term comments submitted by APS. Implementation of these rules will open the door so the important work of DIFI to provide support to Arizona insurers and consumers and appropriate oversight to compliance with the MHPAEA can begin.

Multiple lines of evidence indicate that the coronavirus disease 2019 (COVID-19) pandemic has profound psychological and social effects. Mental health consequences of the COVID-19 crisis
including suicidal behavior are likely to be present for a long time and peak later than the actual pandemic. Jake’s Law has the potential to save lives with even more urgency than when it was signed into law in March of 2020. We applaud the work of DIFI to bring forward rulemaking that enforces the MHPAEA with equivalency and stand in support of the comments submitted by the Arizona Psychiatric Society.

Respectfully submitted,

Marc Leib
Marc Leib, M.D., J.D.
Chairman, Arizona Healthcare Advocacy Coalition
I believe that mental health and substance abuse therapy should be treated the same as physical health by insurance companies. Mental health and addiction treatment saves lives. Our opioid crisis would not be as severe if these services were easier to access.

The purpose of Jake’s Law is to require state enforcement of federal laws and regulations that end insurance discrimination of mental health and substance use conditions. To do this, the Department of Insurance and Financial Institutions needs strong rules that ensure insurance companies are transparent about their plan designs, especially more complicated areas of a plan’s design like nonquantitative treatment limitations and medical necessity criteria. These are managed care practices like prior authorization and fail first requirements, prescription formulary design, medical management standards like medical necessity criteria, provider admission standards, exclusions for failing to complete a course of treatment, and other limitations on the scope or duration of benefits. Most parity violations occur within managed care practices. Parity compliance cannot be determined simply by looking at a plan’s covered benefits. The most profound and consequential barriers to mental health and addiction coverage occur in plans’ NQTLs. Understanding whether those barriers exist requires a robust comparative analysis as required by Jake’s Law. An analysis that the average non-professional patient is unable to carry out themselves.

Please do not let the insurance industry weaken the rules implementing Jake's Law. Please ensure there is maximum transparency regarding NQTLs and medical necessity criteria. Mental health and addiction treatment saves lives. Thank you!

Sincerely,
Amina Donna Kruck

Phoenix, AZ 85007

Dear Director Daniels,

The Arizona Peer and Family Coalition (APFC) was established in 2009 with a mission of advocating for, connecting, promoting, and developing leadership by peers and family members throughout our state. Today, the APFC has 180 members located throughout the state and represents the perspectives of individuals and family members who have first-hand lived experience navigating the integrated private and public health systems for themselves or on behalf of a loved one with mental illness.

On behalf of the Board of Directors for the Arizona Peer and Family Coalition, we want to echo the comments submitted by Mental Health America of Arizona (MHA Arizona) and the Arizona Council of Human Service Providers (the Council), which were submitted on March 2, 2022. We would like to thank you for considering these comments regarding the proposed rule operationalizing Laws 2020, Chapter 4 (SB 1523), also known as “Jake’s Law.”

As mental health peers (aka patients) and their family members, we are disappointed with the industry’s attempts to undermine the intent of Jake’s Law. This law has always been to enforce federal law and ensure transparency and accountability, especially where the most profound and consequential barriers to mental health and addiction coverage occur – medical necessity criteria and other non-quantitative treatment limitations (NQTLs).

We need you to ensure you are requiring strict reporting guidelines for NQTLs. There must be transparency. Without strong oversight by regulators as your office, the promise of parity cannot be achieved, and we will continue to see vulnerable people that require mental health services denied care. As more of our loved ones are denied care, the more likely they may be to resort to suicide. This is unacceptable.

Please do what you can for all of Arizona by requiring strict guidelines and transparency.

Sincerely,

Kathy Bashor, Board President, APFC
APFC Board of Directors
Laurie Verdier, Northern APFC Chair
Kristina Sabetta and Eddie Sissons, APFC Advocacy Committee Co-Chairs

Please feel free to contact us at azpeerandfamily@gmail.com or 602-935-6079.
I believe that mental health should be treated no differently than physical health by insurance companies. The purpose of Jake’s Law is to require state enforcement of federal laws and regulations that end insurance discrimination of mental health and substance use conditions. To do this, the Department of Insurance and Financial Institutions needs strong rules that ensure insurance companies are transparent about their plan designs, especially more complicated areas of a plan’s design like non quantitative treatment limitations and medical necessity criteria.

These are managed care practices like prior authorization and fail first requirements, prescription formulary design, medical management standards like medical necessity criteria, provider admission standards, exclusions for failing to complete a course of treatment, and other limitations on the scope or duration of benefits.

Most parity violations occur within managed care practices. Parity compliance cannot be determined simply by looking at a plan’s covered benefits. The most profound and consequential barriers to mental health and addiction coverage occur in plans’ NQTLs. Understanding whether those barriers exist requires a robust comparative analysis as required by Jake’s Law.

Please do not let the insurance industry weaken the rules implementing Jake’s Law. Please ensure there is maximum transparency regarding NQTLs and medical necessity criteria.

Sincerely,
Cheryl L Martin

Hi, my name is Denise and Jake’s Law was named after my son Jacob Machovsky who was lost to suicide on January 11, 2016, due to our insurance company denying him care. Unfortunately, my story is not the only one. I work with families on a regular basis that are dealing with the same issues I struggled with. I have remained engaged with what’s transpired since Jake’s Law was enacted. I’ve gone through the new rules and noticed the significant paring back of information DIFI will request of the insurance industry, specifically surrounding NQTL’s. As you know NQTL’s can be difficult to identify for those not in the industry. It was the issues with NQTL’s that caused the problems for our son, and that still cause so many problems for other families. It can be easy to identify a QTL like a copay, it is far more complex to identify a NQTL violation, which I am sure you know. I’m disappointed, but understand the complexities DIFI is facing.

I really think more information, especially concerning NQTL’s would provide important insight into what is happening within the Arizona insurance market, and give DIFI more insight into where red flags might exist. Given that the current draft looks at the absolute bare minimum already required by the federal government since the end of 2020, it concerns me that we will not get an accurate picture of possible violations that affect many families seeking care. It would be helpful to know more about claims denial trends, prior authorization and step therapy trends, how much more likely Arizonans are to go out-of-network for mental health/SUDs treatment, approval of only lower level of care (this is exactly what happened with Jake), and provider networks. I can’t tell you how many times people tell me they struggle to find an in-network therapist or psychiatrist, especially without extraordinarily long waits, and while I know this is in part due to a provider shortage, insurers should be making the same effort to beef up their mental health/SUDs network as they do for their med/surg network.

As I mentioned in my previous comments, The Texas Department of Insurance (TDI)
adopted regulations that require insurers to provide their non-quantitative treatment limitation (NQTL) parity compliance analyses, which is now part of MHPAEA, with the enactment of the Consolidated Appropriations Act, 2021. TDI is also requiring reporting of comparative quantitative data relating to claims, utilization review, and reimbursement rates for both behavioral and physical health.

I appreciate the ability to comment and I hope you will take this into consideration. This is about saving lives and I hope we can come to some middle ground or compromise.

With gratitude,
Denise

Dear Department of Insurance and Financial Institutions,

I want to ensure you understand the critical importance of enforcing Jake's Law for our family and other Arizona families. Please take the needed time to create regulations that will let mental illness receive the same level of care as physical illness. The criteria for medical necessity for mental health services in Arizona managed care plans needs to have transparency. Please take the time to do the deep comparative analysis that is need, even though it takes time and effort.

Mental health needs shouldn't require jumping through more hoops. Federal law already makes this clear, and now Jake's Law reinforces this in Arizona. It is up to you to please pave the pathway that these laws will be followed and enforced in Arizona. Our kids need you. My kids need you.

Please put the regulations, policies, and requirements in place to ensure that Jake's Law is enforced for Arizona's children.

As one of our state license plate choices say, "It shouldn't hurt to be a child."

Thank you,
Diana Hernandez, parent
Phoenix, AZ 85053
At a time when individuals and families are unexpectedly faced with educating themselves about the idea, they are discovering the treatments needed to help either themselves or their loved ones are not covered by insurance and out of reach. The lack of insurance coverage to treat mental illness compounds an already difficult and scary situation.

The purpose of Jake’s Law is to require state enforcement of federal law and regulation that end inurance discrimination of mental health and substance use conditions. To do this, the Department of Insurance and Financial Institutions needs strong rules that ensure insurance companies are transparent about their plan designs, especially more complicated areas of a plan’s design like nonquantitative treatment limitations and medical necessity criteria. These are managed care practices like prior authorization and fail for treatment requirements, pre prescription formulary design, medical management standards like medical necessity criteria, provider admission standards, exclusions for failing to complete a course of treatment, and other limitations on the scope or duration of benefits.

Most parity violations occur within managed care practices. Parity compliance cannot be determined simply by looking at a plan’s covered benefits. The most profound and consequential barriers to mental health and addiction coverage occur in plan NQTL. Understanding whether the barrier is a robust comparative analysis required by Jake’s Law.

Please do not let the insurance industry weaken the rules implementing Jake’s Law. Please ensure there is maximum transparency regarding NQTLs and medical necessity criteria.

Best –

Doreen Myles

Hello,

I have been a mental health provider in the state of Arizona since 2002, and I have struggled every year to help my patients understand their coverage for mental health and substance abuse treatment. I continue to work with Arizonans who are denied care to adequate mental health and substance use care even though their insurance company is federally required to ensure coverage.

As a healthcare consumer myself, I have found my own insurance network to be shamefully inadequate in inclusivity of providers who are trained at the advanced level in delivering mental health and substance use disorder care. I have had to pay out of pocket for quality care that is effective and efficient for myself and my family and that is just not acceptable.

I believe that mental health should be treated no differently than physical health by insurance companies. The purpose of Jake’s Law is to require state enforcement of federal laws and regulations that end insurance discrimination of mental health and substance use condition. To do this, the Department of Insurance and Financial Institutions need strong rules that ensure insurance companies are transparent about their plan designs, especially more complicated areas of a plan’s design like nonquantitative treatment limitations and medical necessity criteria. These are managed care practices like prior authorization and fail first requirements, prescription formulary design, medical management standard like medical necessity criteria, provider admission standard, e clue ion for failing to complete a course of treatment, and other limitations on the scope or duration of benefits.

Most parity violations occur within managed care practices. Parity compliance cannot be determined simply by looking at a plan’s covered benefit. The most profound and consequent barrier to mental health and addiction coverage occur in plans’ NQTLs. Understanding whether those barriers exist requires a robust comparative analysis as required by Jake’s Law.

Please do not let the insurance industry weaken the rules implementing Jake’s Law. Please ensure there is maximum transparency regarding NQTLs and medical necessity criteria.

Dear Department of Insurance and Financial Institutions,

We write this letter to join in support of the written comments offered in this cycle by the Arizona Psychiatric Society (APS) in response to proposed rules promulgated by the Department of Insurance and Financial Institutions (DIFI), as required by Arizona Senate Bill SB1523 (“Jake’s Law”) and ARS § 20-3502 to ensure compliance with the Mental Health Parity and Addiction Equity Act (MHPAEA).

In the 2020 legislative session, Jake’s Law was adopted by unanimous vote of both chambers of the Arizona legislature and signed into law by Governor Ducey. This mental health omnibus had such widespread support because of the imperative need to address mental health care access in our community and suicide awareness and prevention. A crucial piece of ensuring that care can be accessed is compliance with MHPAEA. The important work to be done under Jake’s Law is left unfinished until this final piece of rulemaking is completed.

We support the scope of comments offered by the Arizona Psychiatric Society, with particular emphasis on the assertion that the draft rules are compatible with and did not exceed the comparative analysis requirements of MHPAEA. As such, we request that these rules move forward, with benefit of the clarifying term comments submitted by APS. Implementation of these rules will open the door so the important work of DIFI to provide support to Arizona insurers and consumers and appropriate oversight to compliance with the MHPAEA can begin.

Multiple lines of evidence indicate that the coronavirus disease 2019
(COVID-19) pandemic has profound psychological and social effects. Mental health consequences of the COVID-19 crisis including suicidal behavior are likely to be present for a long time and peak later than the actual pandemic. Jake’s Law has the potential to save lives with even more urgency than when it was signed into law in March of 2020. We applaud the work of DIFI to bring forward rulemaking that enforces the MHPAEA with equivalency and stand in support of the comments submitted by the Arizona Psychiatric Society.

Respectfully submitted,
Chandan

Attention: DIFI
Re: MHPAEA

We believe that mental health should be treated no differently than physical health by insurance companies. The purpose of Jake’s Law is to require state enforcement of federal laws and regulations that end insurance discrimination of mental health and substance use conditions. To do this, the Department of Insurance and Financial Institutions needs strong rules that ensure insurance companies are transparent about their plan designs, especially more complicated areas of a plan’s design like non-quantitative treatment limitations and medical necessity criteria. These are managed care practices like prior authorization and fail first requirements, prescription formulary design, medical management standards like medical necessity criteria, provider admission standards, exclusions for failing to complete a course of treatment, and other limitations on the scope or duration of benefits.

Most parity violations occur within managed care practices. Parity compliance cannot be determined simply by looking at a plan’s covered benefits. The most profound and consequential barriers to mental health and addiction coverage occur in plans’ NQTLs. Understanding whether those barriers exist requires a robust comparative analysis as required by Jake’s Law.

Please do not let the insurance industry weaken the rules implementing Jake’s Law. Please ensure there is maximum transparency regarding NQTLs and medical necessity criteria.

Sincerely,

Lorrie Henderson, Ph.D., MBA, LCSW
President & CEO

Hello, I'm appealing you on behalf of my friend Denise Denslow to provide strong reporting requirements for claims denial trends, prior authorization and step therapy trends, how much more likely Arizonans are to go out-of-network for mental health/substance abuse disorder (SUDs) treatment, approval of only lower level of care, and provider networks. We must kindly and professionally demand transparency and strong reporting requirements.

--
Joanna
~Dream big, inspire, serve
March 6, 2021

The Honorable Evans G. Daniels
Director
Arizona Department of Insurance and Financial Institutions
100 North 15th Avenue, Suite 261
Phoenix, AZ 85007

Dear Director Daniels,

Thank you for the opportunity to provide comments on the proposed rule on Mental Health Parity dated February 4, 2022 as required by Senate Bill 1523 (“Jake’s Law”) to ensure compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA). Jake’s Law is a critical step forward toward increasing access to mental health and addiction care in Arizona. Realizing its promise, however, requires strong implementation, including data collection that can guide the Department of Insurance and Financial Institution’s oversight efforts and help determine insurer’s “in-operation” compliance with MHPAEA.

Unfortunately, the proposed rules dated February 4, 2022 were a significant step backwards from the draft rules the Department previously put forward. While the revised rules to implement Jake’s Law would still collect useful information, the large reduction in data available to the Department will likely mean that oversight efforts will be more difficult and likely less effective at identifying potential issues relating to plans’ compliance with state and federal parity rules. Indeed, without important data to steer the Department’s oversight efforts, the revised rules will likely result in less cost-effective use of valuable taxpayer dollars than under the original draft rules.

Prioritizing limited oversight resources should be a priority for any department to ensure that these resources increase access to the mental health and addiction services that residents are entitled to under the law. The original draft rules – including Exhibits B through N – would have given the Department such information. The removal of these exhibits from the new draft proposed rules leaves the Department with significantly less ability to target its oversight efforts in a cost-effective manner and determine compliance.

The removals are particularly ill-timed, because increased treatment and access to services are essential to addressing the mental health and addiction crises Arizona and other states are experiencing. In just 12 months – from April 2020 to April 2021 – fatal overdose deaths in
Arizona surged 28.5 percent. Additionally, mental health needs have surged among youth. While multiple policy responses are needed, Arizona has the opportunity to put in place meaningful rules to implement Jake’s Law and ensure compliance with MHPAEA, which is a foundational component of increasing access to treatment.

Other states are now collecting similar data as was contained in the proposed rules from earlier this year. Notably, the Texas Department of Insurance (TDI) recently adopted regulations that not only require insurers to provide their non-quantitative treatment limitation (NQTL) parity compliance analyses – which MHPAEA now explicitly requires insurers to conduct with the enactment of the Consolidated Appropriations Act, 2021 – but also to report comparative quantitative data relating to claims, utilization review, and reimbursement rates for both behavioral and physical health. In adopting these requirements, TDI knew that such comparative quantitative data was essential to guide its parity oversight efforts, even if disparities do not, of course, by themselves prove that any violations have occurred. Similarly, the Department recognized in its original draft proposed rules that submitted data “does not establish a per se MHPAEA violation.”

Unfortunately, it appears that some insurers have suggested that collecting data to help the Department identify potential red flags is somehow inconsistent with MHPAEA. This is not the case. Additionally, the federal NQTL rule applies to the terms of the plan “as written and in operation.” Thus, without any quantitative data, it becomes nearly impossible to evaluate full compliance. Again, such data is not alone determinative of whether an imposition of an NQTL violates MHPAEA, but without such data, it would be extraordinarily difficult to determine whether a plan’s imposition of an NQTL on mental health or substance use disorder benefits in a given classification of care meets the in-operation component of the federal NQTL rule. As mentioned, such data is also critical to identify NQTLS deserving special attention for an “as-written” analysis. Not surprisingly, TDI’s title for its data collection tool – “MH/SUD Parity Rule Division 2 Data Collection Reporting Form” – indicated that data collection and parity are intimately linked.

Collecting the data contained in the original proposed regulations is also clearly allowed by Arizona law. Subsection F of Section 20-3502, which was added by Jake’s Law, stipulates:

   Except as otherwise provided in this section, if a health care insurer provided the information required by this section in an existing filing or report, the department may not require the health care insurer to submit any additional filing or report. The department is not prohibited from otherwise requesting information or data that is necessary to verify compliance with the mental health parity and addiction equity act or this chapter. The department shall analyze the

---

The Department clearly has the power to request additional “information or data” that is necessary to verify compliance with MHPAEA. It is unfortunate that, in its revised rules, the Department is no longer set to collect such important data within the revised draft proposed rules. While we encourage the Department to restore the information requested in the original draft proposed rules, if the Department declines to do so, it should nonetheless request this information pursuant to R20-6-1302(G) of the revised rules.

Thank you for the opportunity to provide comments on this important issue. Please do not hesitate to contact me at david@thekennedyforum.org if you have any questions.

Sincerely,

David Lloyd
Senior Policy Advisor
The Kennedy Forum
Dear Dept. of Insurance and Financial Institutions:

I’m writing to ask that DIFI require strict reporting guidelines for Non-Quantitative Treatment Limitations (NQTLs). There must be transparency. Mental healthcare is as important as physical healthcare. And now, more than ever, we need to make sure people have access to the professional care they’ve paid for through their purchase of health insurance. If we fail to do this, suicide rates, and deaths by overdose, will increase.

We need to have strong reporting requirements for claims denial trends, prior authorization, and step therapy trends. Many patients have had to go out-of-network for mental health/ substance abuse disorder (SUDs) treatment, or have been forced to accept approval of lower level of care, and provider networks.

I served on the committee that brought Jake’s Law to the AZ Legislature in 2020. I devoted 2 years to that important cause because this is personal for me and my family. Navigating an almost non-existent mental healthcare “system” has been arduous, to say the least. Insurance companies are MASSIVE and they hold ALL the power, unless and until government institutions hold them accountable to their stakeholders.

I thank you for reading my letter and for the opportunity to share my concerns about loosening the reporting guidelines.

Lisa Olson

The most profound and consequential barriers to mental health and addiction coverage occur in plans’ NQTLs. Understanding whether those barriers exist requires a robust comparative analysis as required by Jake’s Law.

Please do not let the insurance industry weaken the rules implementing Jake’s Law. Please ensure there is maximum transparency regarding NQTLs and medical necessity criteria.

Thank you,
Marie Raymond

I believe that mental health should be treated no differently than physical health by insurance companies. The purpose of Jake’s Law is to require state enforcement of federal laws and regulations that end insurance discrimination of mental health and substance use conditions. To do this, the Department of Insurance and Financial Institutions needs strong rules that ensure insurance companies are transparent about their plan designs, especially more complicated areas of a plan’s design like nonquantitative treatment limitations and medical necessity criteria. These are managed care practices like prior authorization and fail first requirements, prescription formulary design, medical management standards like medical necessity criteria, provider admission standards, exclusions for failing to complete a course of treatment, and other limitations on the scope or duration of benefits.

Most parity violations occur within managed care practices. Parity compliance cannot be determined simply by looking at a plan’s covered benefits. The most profound and consequential barriers to mental health and addiction coverage occur in plans’ NQTLs. Understanding whether those barriers exist requires a robust comparative analysis as required by Jake’s Law.

Please do not let the insurance industry weaken the rules implementing Jake’s Law. Please ensure there is maximum transparency regarding NQTLs and medical necessity criteria.
March 2, 2022

Evans G. Daniels, Director
Arizona Department of Insurance and Financial Institutions
100 North 15th Avenue, Suite 261
Phoenix, AZ 85007

Dear Director Daniels,

On behalf of the Board of Directors for Mental Health America of Arizona (MHA Arizona) and the Arizona Council of Human Service Providers (the Council), we want to thank you for your consideration of our comments regarding the proposed rule operationalizing Laws 2020, Chapter 4 (SB 1523), also known as “Jake’s Law.” As mental health advocates and providers, we are disappointed and deeply frustrated with the industry’s repeated attempts to undermine the intent of Jake’s Law which is, and has always been, to enforce federal law and ensure transparency and accountability, especially where the most profound and consequential barriers to mental health and addiction coverage occur—medical necessity criteria and other nonquantitative treatment limitations (NQTLs).

MHA Arizona and the Council supported the rulemaking package the Department of Insurance and Financial Institutions (DIFI or the Department) first developed in March 2021. We were disappointed with the enormous backwards pivot in the current proposal because it eliminates important oversight of NQTLs. We disagree with the industry’s assertions that the March 2021 proposal exceeded DIFI’s statutory authority and is overly burdensome. However, we believe the current proposal will still go a long way to achieving our goal of transparency and accountability and vociferously oppose any proposed changes requested by the industry in their response to the current proposal.

As evidenced by the disparity between the likelihood of going out-of-network for mental healthcare versus medical/surgical care, Arizonans continue to experience barriers to access for mental health treatment even when they have private insurance. We believe one reason for this disparity is due to how health plans operationally apply NQTLs. Unfortunately, the health plans have attempted to undermine the examination of NQTLs from the outset and continue to do so. In their response to the original draft proposed rules from March 2021, the health plans inaccurately claim that the Department exceeded its authority under federal parity regulations and state statute. Those claims seem to have resulted in the Department’s massive departure from the original draft.

We know that access to mental healthcare remains an enormous issue for Arizonans. According to Mental Health America’s 2021 State of Mental Health in America report, Arizona ranks 40th in the country for access to care and 49th for youth mental health.1 People with insurance experience

1 https://mhanational.org/issues/2021/mental-health-america-youth-data
significant difficulty locating in-network providers and facilities for mental health care compared to general or specialty medical care (inpatient and outpatient). Indeed, the disparity uncovered by Milliman Research, is shocking. Arizonans are 10x more likely to go out-of-network for inpatient behavioral health facilities than med/surg facilities. Additionally, Arizonans are 6.69x more likely to go out-of-network for outpatient behavioral health facilities. These statistics are indicative of the desperate need Arizona has to look under the proverbial hood of health plans purporting to provide mental health coverage at parity and hold accountable those who are failing.

Our organizations advocated fiercely for the passage of Jake’s Law during the 2020 Legislative Session. We participated in stakeholder meetings on our own behalf and as part of a coalition with other advocacy organizations like the JEM Foundation. Our recollection of the stakeholder process was strong opposition by the insurance industry to the inclusion of data collection regarding NQTLs. In fact, in one of their proposed amendments, they suggested eliminating the NQTL provisions entirely. We, and many other advocates, successfully fought for the inclusion of the NQTL provision knowing that many patients experience disparity in how NQTLs, like medical management standards, are applied for mental health and substance use treatment. In fact, during their testimony before four separate legislative committees, Jake’s parents described how their son needed additional in-patient treatment for his mental health condition but despite his doctor’s insistence about the medical necessity of such treatment, the insurance company denied coverage as not medically necessary. His young life ended at the age of 15 and, sadly, his is NOT an uncommon story. The industry’s strong opposition against the original proposed rules, as articulated in their 28-page public comment dated March 12, 2021, and the resulting elimination of a wealth of data collection on NQTLs in the new draft rule is a major blow to that hard fought and won battle.

In their comment to the Department regarding the original draft rules from March 2021, the health plans argued that the Department far exceeded federal regulations and its statutory authority. MHA Arizona strongly disagrees with this assertion. ARS 20-3502(F) clearly states, “the department is not prohibited from otherwise requesting information or data that is necessary to verify compliance with the mental health parity and addiction equity act or this chapter.” Further, the health plans additionally claim that statute and federal regulation merely require that health plans report “a list of plan benefits and an identification of which NQTLs apply.” They additionally assert that federal regulation and state statute require only an analysis of the “process, not outcomes.” Jake’s Law and federal guidance suggests that both are required. ARS 20-3502(B)(3) requires demonstration through analysis the application of NQTL’s “as written and in operation.” The term “in operation” is so important to federal regulators that it was emphasized in bold and underline throughout the self-compliance tool developed by the United States Department of Labor. The tool explicitly states in several places that “while outcomes are NOT determinative of compliance” they “may be reviewed as a warning sign, or indicator of potential operational MHPAEA parity noncompliance.” DOL additionally states, “While results alone are not determinative of noncompliance, measuring and evaluating results and quantitative outcomes can be helpful to identify potential areas of noncompliance.”

3 [https://assets.milliman.com/ektron/Addiction_and_mental_health_vs_physical_health_Widening_disparities_in_network_use_and_provider_reimbursement.pdf](https://assets.milliman.com/ektron/Addiction_and_mental_health_vs_physical_health_Widening_disparities_in_network_use_and_provider_reimbursement.pdf)
In their comments regarding the current proposed rules, which were released in draft form and dated November 1, 2021, the industry pushed back on definitions of medical necessity and medically necessary. This is deeply concerning to mental health advocates and providers as we know that medical necessity criteria, among other nonquantitative treatment limitations, are where the most profound and consequential barriers to mental health and addiction coverage occur. In fact, Jacob Edward Machovsky’s case is a precise illustration of how medical necessity criteria was used to justify the insurance company’s denial for in-patient treatment. Jake unnecessarily died at the age of 15 despite his doctors and parents fighting for his life and this law and its rules are meant to help prevent such discriminatory claims denials from occurring. While plan policies may look superficially compliant, inequities often exist in how benefits are being applied “in operation.” The industry boldly claims in their comments that only their medical professionals are capable of developing definitions of medical necessity and medically necessary.

“The plans are concerned that a clinical standard is being defined in a rule by an agency with limited clinical resources to create such a definition. Such definitions are better suited to be created by the medical professionals within each health plan, under the direction of the plan’s chief medical officer.” (Marc Osborn’s letter dated November 30, 2021, on behalf of the industry)

This is a paternalistic, outrageous, and circuitous claim and belies the agency’s purpose to regulate the activities of the industry. This claim suggests that the agency established to regulate its activities is not only ill-equipped to do so but should not even try. As advocates seeking transparency, especially regarding medical necessity criteria and NQTLs, we reject this notion and ask that you do so as well. Further, the definition of medical necessity within the definition of “nonquantitative treatment limitation” provided in the proposed rule comes directly from the United States Department of Health and Human Services code of federal regulations of mental health parity:

“(ii) Illustrative list of nonquantitative treatment limitations. Nonquantitative treatment limitations include— (A) Medical management standards limiting or excluding benefits based on medical necessity or medical appropriateness, or based on whether the treatment is experimental or investigative; (B) Formulary design for prescription drugs; (C) Standards for provider admission to participate in a network, including reimbursement rates; (D) Plan methods for determining usual, customary, and reasonable charges; (E) Refusal to pay for higher-cost therapies until it can be shown that a lower-cost therapy is not effective (also known as fail-first policies or step therapy protocols)” (45 C.F.R.146.136)

This same standard is additionally used in the Department of Labor’s self-compliance tool. Further, insurers cannot claim in good faith claim, as they have tried, that the definition of medical necessity in the proposed rule is not “consistent with the intent of the authorizing legislation, nor is it the least burdensome approach” because the purpose of Title 20, Chapter 28, is compliance with the federal law as stated in 20-3502(A), “Each health care insurer that issues a health plan in this state shall comply with the mental health parity and addiction equity act.” It would be disingenuous to suggest that the implementing federal regulation is somehow not within the scope of the law, especially since the definition of the mental health parity and addiction equity act in 20-3501 includes “implementing regulations.” Additionally, the importance of these provisions and the intent of the legislature to allow
DIFI to have robust purview over medical necessity criteria is clear. Not only is each report under 20-3502 required to include the process used to develop or select medical necessity criteria but subsection E requires insurers to file a summary of any changes to medical necessity criteria in years in which the report is not required to be filed. Advocates fought to ensure transparency over medical necessity criteria, and we ask that you do not yield authority over this to the insurance industry regardless of the false claims they made in their letter regarding the proposed rules.

The industry’s suggestion regarding Medical Necessity Criteria Instructions for Part II is inconsistent with the underlying state law and we ask DIFI to ignore it (20-3502(B)(1)).

The industry’s response with regard to Part IV suggests that “qualitative and quantitative statistical data” demonstrating each NQTL exceeds statutory authority and is overly burdensome. The industry is once again attempting to undermine the intent advocates fought so hard to protect with regard to transparency within NQTLs. It is also demonstrably false. 20-3501 defines treatment limitations as “both quantitative treatment limits that are expressed numerically and nonquantitative treatment limits that otherwise limit the scope or duration of benefits for treatment under a health plan.” As any public policy professional can attest, nonquantitative information is inherently qualitative but can sometimes additionally be expressed through statistical data. Further, 20-3502 requires that health plans “demonstrate through analysis” nonquantitative treatment limitations “as written and in operation any process, strategy, evidentiary standard or other factors.” It is clear that the proposed rules do not exceed statutory authority and that it is not overly burdensome. It is, in fact, necessary for the full implementation of Jake’s Law. We reject the industry’s assertion that the more appropriate approach is to request this data after initial filing, and we request that you do the same. This is yet another attempt by the industry to limit transparency into NQTLs with nonsensical legal arguments.

Insurers have requested further clarity and definitions surrounding terms like “strategy” used in the proposed rulemaking package but over the last year, each attempt by DIFI to operationalize Jake’s Law, which was structured using terminology from federal law and regulation, with such clarity is met with opposition by the industry as “overly burdensome” or “exceeding” the agency’s “statutory authority.” The terms strategy and strategies are used throughout the federal parity law and its implementing regulations, guidance, and self-reporting tools. As such, we believe there is a common meaning and understanding.

MHA Arizona and the Council are deeply concerned about the industry’s repeated assault on transparency and accountability, particularly around NQTLs and medical necessity criteria. They are not working in good faith and are only seeking to undermine the efforts of mental health advocates. They fought advocates during the legislative stakeholder process, attempting to remove nonquantitative treatment limitations from the scope of the law. They disingenuously argued during these same meetings that the bulk of the provisions should be left up to DIFI to determine in the rulemaking process only to then argue repeatedly that DIFI has exceeded its statutory authority with overly burdensome rules. The industry further fought DIFI over the more robust examination of NQTLs in DIFI’s March 2021 proposed rules. Now they are fighting to water down the NQTLs and medical necessity criteria in this current draft. Meanwhile, the insurance industry is relentless in creating backstops to meaningful enforcement of state law by using the legislature to unwittingly neuter DIFI’s ability to enforce laws like Jake’s Law. HB 2599, among many other problematic provisions, will impede DIFI’s ability to efficiently hold insurers accountable for patterns of non-compliance (changes
in 41-1009). Many of the arguments the industry used to kill the March 2021 proposed rules are also being codified in this bill (changes in 41-1030, 41-1033). They even go so far as to try to codify that GRRC cannot make a decision based on whether any person commented on the rulemaking (41-1033(L)) which could mean that comments made by advocates like MHA Arizona or the Council could not be weighed in the rulemaking process. These actions, especially in combination, cause us great concern over the future of Jake’s Law and its ability to be meaningfully enforced.

Advocates are weary of fighting for meaningful reform only to be met at every possible juncture with bureaucratic obstacles erected through the orchestration of the insurance industry for their own benefit. Organizations like ours are no match for their power and influence. These tactics, as they’ve continuously played out through the entire process of enacting Jake’s Law and its rules, demonstrate that insurers are afraid of what regulators will find beneath the proverbial hood of their plans. Please hold them accountable and do not relent to their continued aggressive lobbying against meaningful transparency and accountability.

Respectfully,

Ericka Irvin

Subject: MHPAEA” (Mental Health Parity and Addiction Equity Act)

Please provide strong reporting requirements and transparency for claims denial trends, prior authorization and step therapy trends. Arizonans have to go out-of-network for mental health/ substance abuse disorder (SUDs) treatment and they don’t do that because it is so costly. With this COVID 19, our community (especially the children) need this help.

Sincerely
Nadine Smith

Subject: Insurance Company Malfeasance

I believe that mental health should be treated no differently than physical health by insurance companies. The purpose of Jake’s Law is to require state enforcement of federal laws and regulations that end insurance discrimination of mental health and substance use conditions. To do this, the Department of Insurance and Financial Institutions needs strong rules that ensure insurance companies are transparent about their plan designs, especially more complicated areas of a plan's design like nonquantitative treatment limitations and medical necessity criteria. These are managed care practices like prior authorization and fail first requirements, prescription formulary design, medical management standards like medical necessity criteria, provider admission standards, exclusions for failing to complete a course of treatment, and other limitations on the scope or duration of benefits.

Most parity violations occur within managed care practices. Parity compliance cannot be determined simply by looking at a plan’s covered benefits. The most profound and consequential barriers to mental health and addiction coverage occur in plans’ NQTLs. Understanding whether those barriers exist requires a robust comparative analysis as required by Jake’s Law.

Please do not let the insurance industry weaken the rules implementing Jake’s Law. Please ensure there is maximum transparency regarding NQTLs and medical necessity criteria.

Re: Comments to Proposed MHPAEA Rulemaking

Dear Department of Insurance and Financial Institutions,

On behalf of the Arizona Psychiatric Society (APS), which represents over 500 psychiatrist members in the state that serve as advocates for the mentally ill, we thank you for considering our comments in response to proposed rules promulgated by the Department of Insurance and Financial Institutions (DIFI), as required by Arizona Senate Bill SB1523 and ARS § 20-3502 to ensure compliance with the Mental Health Parity and Addiction Equity Act (MHPAEA). We have restricted the scope of our comments to commentary on Exhibit A, Medical Necessity Criteria and Nonquantitative Treatment Limitation (NQTL) Reports, as we found the text regarding definitions, quantitative treatment limitations (QTLs), and financial requirements (FRs) to be completely appropriate and in need of no revision.

In submitting these comments to the proposed rules, we are resubmitting significant portions of our commentary to the draft rules. The focus of those previous comments were threefold:

1. Explain in careful detail how the draft rules were compatible with and did not exceed the comparative analysis requirements of MHPAEA.

2. Request that the terms process, strategy, evidentiary standard, and other factor be pluralized as they are in the MHPAEA statute and final rules.

3. Request that the draft rules explicitly require that the comparative analyses must define every factor, as is required by the MHPAEA statute comparative analysis requirements.

We feel it is important to restate the first item in full for the sake of putting it on the record. While some stakeholders may think that the proposed rules go beyond what is required by MHPAEA, they do not, and we feel it is necessary to point this out and explain how.
We also feel it is important to restate the second item and expound on it to demonstrate why it is important that the terms be pluralized as they are in the MHPAEA statute and final rules. We have no need to restate the third item as the Department adopted our suggestion that Exhibit A explicitly require that every factor be defined. We thank the Department for adopting this suggestion and also appreciate how it is currently worded in the proposed rules.

Exhibit A

Before we provide any commentary on Exhibit A of the proposed draft rules, we think it is necessary to highlight the amendments made to MHPAEA in 2020 within Section 203 of Division BB of the Consolidated Appropriations Act (CAA), which President Trump signed into law on December 27, 2020. We know that DIFI and other stakeholders are well aware of these amendments, but we think it is appropriate to bring attention to them again because our commentary on Exhibit A flows from the new MHPAEA obligations for health insurance issuers (issuers).

The most relevant of the amendments made was the addition of a new subsection (a)(8)(A) to 42 U.S.C. 300gg-26, which is the MHPAEA statute that DIFI (and other state insurance departments) can enforce. This new subsection established NQTL compliance requirements for state-regulated health insurance issuers. The text is as follows (emphasis added):

(8) Compliance requirements

(A) Nonquantitative treatment limitation (NQTL) requirements

In the case of a group health plan or a health insurance issuer offering group or individual health insurance coverage that provides both medical and surgical benefits and mental health or substance use disorder benefits and that imposes nonquantitative treatment limitations (referred to in this section as "NQTLs") on mental health or substance use disorder benefits, such plan or issuer shall perform and document comparative analyses of the design and application of NQTLs and, beginning 45 days after December 27, 2020, make available to the applicable State authority (or, as applicable, to the Secretary of Labor or the Secretary of Health and Human Services), upon request, the comparative analyses and the following information:

(i) The specific plan or coverage terms or other relevant terms regarding the NQTLs and a description of all mental health or substance use disorder and medical or surgical benefits to which each such term applies in each respective benefits classification.

(ii) The factors used to determine that the NQTLs will apply to mental health or substance use disorder benefits and medical or surgical benefits.

(iii) The evidentiary standards used for the factors identified in clause (ii), when applicable, provided that every factor shall be defined, and any other source or evidence relied upon to design and apply the NQTLs to mental health or substance use disorder benefits and medical or surgical benefits.
The most obvious matter the text reveals is that issuers in Arizona have been obligated under federal law to perform NQTL analyses since February 10 of 2021 (45 days after December 27, 2020). And, they must make these analyses available to the applicable state authority upon request, which in Arizona is DIFI. Therefore, the main question at hand is whether the stipulated reporting format in Exhibit A is inconsistent with or exceeds the requirements of 42 U.S.C. 300gg-26(a)(8)(A). The answer is no. First, it is necessary to explain how the format of Exhibit A does not exceed the requirements of 42 U.S.C. 300gg-26(a)(8)(A). And, this is necessary because some commenters may note that within each classification of benefits there appear to be more comparative analysis steps involved than what is in 42 U.S.C. 300gg-26(a)(8)(A). Exhibit A requires a distinct as written comparative analysis requirement for each process, each strategy, each evidentiary standard, and each factor along with a distinct in operation comparative analysis requirement for each process, each strategy, each evidentiary standard, and each factor. However, this is exactly what is required under clause (iv) of 42 U.S.C. 300gg-26(a)(8)(A), even if it may not appear to be salient. Again, here is clause (iv) (emphasis added): (iv) The comparative analyses demonstrating that the processes, strategies, evidentiary standards, and other factors used to apply the NQTLs to mental health or substance use disorder benefits, as written and in operation, are comparable to, and are applied no more stringently than, the processes, strategies, evidentiary standards, and other factors used to apply the NQTLs to medical or surgical benefits in the benefits classification.

Note that the term analyses is plural. That means that the comparative analysis requirement fundamentally requires multiple analyses. In other words, a single comparative analysis addressing all of the terms processes, strategies, evidentiary standards, and factors does not meet the requirements of clause (iv). Further, the text clearly separates the concepts of as written and in operation. And, even further, each term—processes, strategies, evidentiary standards, and factors—is listed in terms of applying to mental health or substance use disorder (MH/SUD) benefits and again in terms of applying to medical or surgical (M/S) benefits. That means that each as written process that applies to MH/SUD benefits must be compared and analyzed to its corresponding as written process that applies to M/S benefits. Each in operation process that applies to MH/SUD benefits must be compared and analyzed to its corresponding in operation process that applies to M/S benefits. This reality repeats itself for each of strategies, evidentiary standards, and factors, both as written and in operation. This is exactly the same as what is required under Exhibit A. Congress simply chose to be more parsimonious in its phrasing. Please note that we conferred with our colleagues at the American Psychiatric Association.
(APA) and they confirmed that this interpretation is correct. The APA is a good authority on this matter as they supplied Congress with the legislative text that became codified in section 203 of Division BB of the CAA (including what is now 42 U.S.C. 300gg-26(a)(8)(A)).

However, we do believe that slight modification is necessary in order to fully match the requirements of 42 U.S.C. 300gg-26(a)(8)(A). First, for each classification of benefits the comparative analysis steps of Exhibit A list the terms as process, strategy, evidentiary standard, and factor. By framing the terms in the singular, instead of the plural as 42 U.S.C. 300gg-26(a)(8)(A) does, it creates the possibility that issuers will interpret the language as only requiring them to report on one process as written, one process in operation, one strategy as written, one strategy in operation and so on. For most NQTLs there are multiple as written processes and in operation processes, and multiples of all of the other terms as well.

To illustrate why this is important, we will examine the NQTL of concurrent review in the inpatient classification of benefits. When concurrent review is performed by an issuer, there will always be multiple processes, in operation, that are in play. The first in operation process is often called “first level review”, which is the initial review of clinical information provided by the facility to the issuer. This process happens 100 percent of the time during concurrent review. This first-level reviewer is not a physician and may be a social worker or a nurse practitioner, or other non-MD provider type. The first-level reviewer can approve a concurrent review request for a continued stay but cannot deny a request.

When the first-level reviewer comes across a request that he or she can’t approve as being medically necessary given the clinical information provided, the request for a continued stay—and all of the clinical information—is then sent to what is called a “second level review” or “physician review”. As the title implies, this reviewer is a physician and does have the authority to deny the request for a continued inpatient stay on the grounds of medical necessity. Sometimes the second-level reviewer approves the request, sometimes the second-level reviewer denies the request.

However, sometimes the second-level reviewer will initiate a third in-operation process before officially approving or denying the request: peer-to-peer review. During this in-operation process a physician working for the issuer will conduct a phone or other type of virtual meeting with the attending physician at the facility to discuss further before making a conclusion as to the medical necessity of the request for a continued stay. Usually, although not always, this physician is the same physician that acts as the second-level reviewer. The frequency with which peer-to-peer reviews take place and the way they transpire is significant in terms of determining MHPAEA compliance. It has been our members’ experience that these peer-to-peer reviews often occur more frequently for MH/SUD concurrent review requests and their clinical judgment is questioned in ways that their medical/surgical colleagues do not experience. This is also true for second-level review.

In fact, if an issuer’s reporting on the NQTL of concurrent review inpatient, in-network neglects to provide significant detail and comparative analysis regarding second-level review and peer-to-peer review between MH/SUD and medical/surgical, then it will have not supplied the Department with an
adequate comparative analysis. Every issuer conducts second-level and peer-to-peer review during concurrent review, broadly speaking (not for every single request), for both MH/SUD and medical/surgical. Failing to provide analyses of these two in-operation processes would be a willful withholding of very relevant information.

That is why it is so important that the Department pluralize the terms processes, strategies, evidentiary standards, and factors. If an issuer is presented with a format that seems to encourage merely reporting on one process as written, one process in operation, one strategy as written, etc., that is likely all they will report on.

We could provide real-world examples for as written processes, or as written and in operation examples for any of the other terms but we do not want to belabor the point. What is described above crystalizes our thoughts on this. With that in mind, we respectfully request that DIFI modify the language to pluralize each of the four terms.

Thank you for allowing APS to provide comment. We have been very encouraged by the good work DIFI has done so far in implementing MHPAEA and are impressed by the team at the Department. We look forward to working with you to further implement MHPAEA and Jake’s Law and we are available to respond to any questions that you may have regarding these comments or related matters.

Respectfully yours,

Jasleen Chhatwal, MBBS, MD
Don J. Fowls, MD
President, Arizona Psychiatric Society
Government Affairs Committee Chair,
Past President, Arizona Psychiatric Society
Great Afternoon,
Please provide strong reporting requirements for claims denial trends, prior authorization and step therapy trends, how much more likely Arizonans are to go out-of-network for mental health/substance abuse disorder (SUDs) treatment, approval of only lower level of care, and provider networks. We must kindly and professionally demand transparency and strong reporting requirements.

Thank you,
Stacie

I fully support parity for all in AZ with mental illness.

Mental illness can wreck havoc with a person's life. It is as challenging as other major diseases, physical disabilities and other forms of social maladjustment.

Thus, mental illness requires equal insurance protection.

Re: Comments to Proposed MHPAEA Rulemaking

Dear Department of Insurance and Financial Institutions,

I write this letter to join in support of the written comments offered in this cycle by the Arizona Psychiatric Society (APS) in response to proposed rules promulgated by the Department of Insurance and Financial Institutions (DIFI), as required by Arizona Senate Bill SB1523 (“Jake’s Law”) and ARS § 20-3502 to ensure compliance with the Mental Health Parity and Addiction Equity Act (MHPAEA).

In the 2020 legislative session, Jake’s Law was adopted by unanimous vote of both chambers of the Arizona legislature and signed into law by Governor Ducey. This mental health omnibus had such widespread support because of the imperative need to address mental health care access in our community and suicide awareness and prevention. A crucial piece of ensuring that care can be accessed is compliance with MHPAEA. The important work to be done under Jake’s Law is left unfinished until this final piece of rulemaking is completed.

We support the scope of comments offered by the Arizona Psychiatric Society, with particular emphasis on the assertion that the draft rules are compatible with and did not exceed the comparative analysis requirements of MHPAEA. As such, we request that these rules move forward, with benefit of the clarifying term comments submitted by APS. Implementation of these rules will open the door so the important work of DIFI to provide support to Arizona insurers and consumers and appropriate oversight to compliance with the MHPAEA can begin.

Multiple lines of evidence indicate that the coronavirus disease 2019 (COVID-19) pandemic has profound psychological and social effects. Mental health consequences of the COVID-19 crisis including suicidal behavior are likely to be present for a long time and peak later than the actual pandemic. Jake’s Law has the potential to save lives with even more urgency than when it was signed into law in March of 2020. We applaud the work of DIFI to bring forward rulemaking that enforces the MHPAEA with equivalency and stand in support of the comments submitted by the Arizona Psychiatric Society.

Respectfully submitted,

Karen Weihs, M.D. Professor Psychiatry and of Family & Community Medicine, University of Arizona
Fwd: Comments of Arizona Coalition for Insurance Parity in Support of Notice of Rulemaking pursuant to Laws 2020, Chapter 4 (SB1523) (“Jake’s Law”) for June 28, 2022 Study Session

grrccomments@azdoa.gov

Dear Honorable Members of the Governor’s Regulatory Review Council and Legal Staff,

On behalf of the Arizona Coalition for Insurance Parity, attached is a comment letter in support of the Department of Insurance and Financial Institution’s (“DIFI”) proposed Notice of Rulemaking pursuant to Laws 2020, Chapter 4 (SB1523), also known as “Jake’s Law.” The bill was unanimously passed by both the Senate and the House and signed into law by Governor Doug Ducey in 2020. We believe the DIFI Notice of Rulemaking regarding Jake’s Law has been placed on the Agenda for the June 28, 2022 Study Session of the Governor’s Regulatory Review Council (“GRRC”). If the Rulemaking is placed on the Agenda for a different meeting, we would sincerely appreciate a courtesy notice of that hearing date and presentation of this letter to GRRC as support for the DIFI Notice of Rulemaking under Jake’s Law.

As stated in the attached Coalition letter, DIFI’s proposed rules do not exceed statutory authority, are not overly burdensome, and are an appropriate and necessary approach to implement Jake’s Law and satisfy its purpose of state oversight and enforcement of federal mental health parity requirements. The Coalition is pleased to support the proposed implementing rules for Jake’s Law for which the Governor and the Legislature strongly advocated. The rules will provide critical care so those suffering from mental health and substance use will receive proper medical treatment.

With gratitude for your service to our state, the Coalition respectfully requests that you vote to approve the proposed rules to implement Jake’s Law. Please reach out if you require any additional information in this matter.

Warm regards,

Governor’s Regulatory Review Council
100 North 15th Avenue #305
Phoenix, AZ 85007
grrccomments@azdoa.gov

Dear Honorable Members of the Governor’s Regulatory Review Council and Legal Staff,

On behalf of the Arizona Coalition for Insurance Parity, we are writing in support of the Department of Insurance and Financial Institution’s (“DIFI”) proposed implementing rules pursuant to Laws 2020, Chapter 4 (SB 1523), also known as “Jake’s Law.” The bill was unanimously passed by both the Senate and the House and signed into law by Governor Doug Ducey in 2020.

DIFI’s proposed rules do not exceed statutory authority, are not overly burdensome, and are an appropriate and necessary approach to implement Jake’s Law and satisfy its purpose of state oversight and enforcement of federal mental health parity requirements. DIFI’s implementing rules are substantially identical to the federal parity analysis requirements and do not exceed them in any way. They provide state level enforcement and oversight of the federal mental health parity law for health plans under state purview. State oversight ensures that plans are consistent with the requirements of federal law, especially where the most consequential barriers to mental health and addiction coverage occur – medical necessity criteria and other nonquantitative treatment limitations (NQTLs).

Access to mental healthcare remains a critical problem for Arizonans. According to Mental Health America’s 2022 report, Arizona ranks 49th in the country for overall mental health and 49th for youth mental health. This ranking represents a high prevalence of mental illness and low access to care. People with insurance experience significant difficulty locating in-network providers and facilities for mental health care compared to general or specialty medical care (inpatient and outpatient). Arizonans are 10 times more likely to go out-of-network for inpatient behavioral health facilities than med/surg facilities. Additionally, Arizonans are 6.69 times more likely to go out-of-network for outpatient behavioral health facilities. We believe these statistics illustrate the necessity of the proposed rulemaking requiring a comparative analysis demonstrating that limitations health care insurers impose on mental health and substance use disorder (“MH” and “SUD”) benefits are no more

1 https://mhanational.org/issues/2022/ranking-states#overall-ranking
3 https://assets.milliman.com/ektron/Addiction_and_mental_health_vs_physical_health_Widening_disparities_in_network_use_and_provider_reimbursement.pdf
stringent or less favorable than the limitations imposed on Medical and Surgical ("MD" and "SUG") benefits.

No comments to DIFI’s 2022 proposed rules were provided by the health care insurance industry, except for Medica. In anticipation that individual insurers or the industry association, Arizona Health Care Insurance Plans ("AHIP"), may testify at GRRC’s Study Session, the following is a response to the industry comments regarding DIFI’s 2022 proposed rules and DIFI’s November, 2021 draft rules.

**Instructions for Part II Medical Necessity Criteria**

The industry asked that this section be modified to “allow health plans to utilize the NQTL analysis of their medical management techniques to satisfy the reporting requirement of this section.” They suggest this will streamline the filing process and DIFI can request supplemental information if the provided information is not adequate. This request is not supported by the underlying state law (20-3502(B)(1)), which explicitly requires each report to “Describe the process that is used to develop or select the medical necessity criteria for mental health and substance use disorder benefits and the process used to develop or select the medical necessity criteria for medical and surgical benefits.” Given that the statute specifically requires the industry to provide this information, this requested change contravenes the statute.

**Instructions for Part IV Demonstrate Parity Through Analysis**

The industry’s response regarding Part IV suggests that “qualitative and quantitative statistical data” demonstrating each NQTL exceeds statutory authority and is overly burdensome. This assertion is false. A.R.S. 20-3501 defines treatment limitations as “both quantitative treatment limits that are expressed numerically and nonquantitative treatment limits that otherwise limit the scope or duration of benefits for treatment under a health plan.” The industry comment is incorrect as nonquantitative treatment limitation information is primarily qualitative in nature but can sometimes additionally be expressed through statistical data. Further, 20-3502 requires that health plans “demonstrate through analysis” nonquantitative treatment limitations “as written and in operation any process, strategy, evidentiary standard or other factors.” It is clear from the plain reading of the statute that the proposed rules do not exceed statutory authority and are not overly burdensome. It is, in fact, necessary for the full implementation of Jake’s Law.

Additionally, federal statute and regulation do not explicitly mention quantitative or qualitative information. However, federal guidance does state, "To the extent the plan or issuer defines any of the factors, evidentiary standards, strategies, or processes in a quantitative manner, it must include the precise definitions used and any supporting sources." Federal guidance is clear that if quantitative information is in play, they must account for it.
Industry also brought up concerns over the confidentiality of the data collected. Jake’s Law explicitly requires that “All documents, reports or other materials provided to the director pursuant to this section are confidential and are not subject to disclosure” (20-3502(G)). It is not necessary for DIFI to augment the rule, as suggested, to describe those protections. The industry can request the list of standard confidentiality precautions directly from DIFI. Moreover, these are likely the same privacy protections DIFI utilizes to protect the data provided pursuant to the federal health insurance parity law.

The industry additionally requested that the term “strategy” be defined for further clarity. The terms strategy and strategies are used throughout the federal parity law and its implementing regulations, guidance, and self-compliance tool. Although there is no definition of strategy in federal law or regulation, we believe there is a common meaning and understanding and are concerned that an attempt to further define it may be met with opposition by the industry for being “overly burdensome” or “exceeding authority.” Furthermore, it is not the role of the state regulator to define a term found in federal regulations.

Finally, in a letter from Arizona Complete Health, insurers described concern over the requirement to report on “all” NQTLs triennially. They claim that the universe of NQTLs is “unbounded” and that these concepts evolve over time and often overlap. They suggest limiting the scope to 4-6 discrete types of NQTLs to be determined by DIFI and further request six months advance notice of the selected NQTLs. This recommendation is problematic because NQTLs may vary from insurer to insurer. Only insurers know which NQTLs they apply within their plan designs. Moreover, this recommendation is not supported by the authorizing state law or federal statute. State law requires insurers to “identify all nonquantitative treatment limitations” and to further demonstrate that “any nonquantitative treatment limit applied to mental health and substance use disorder benefits...are comparable to and applied no more stringently than...the treatment limit for medical and surgical benefits” (ARS 20-3502(B)(2-3)). Further, federal statute does not limit NQTL analysis to a specified and limited list. Finally, under federal statute, a full and complete comparative analysis must be made available to regulators at any time, this includes all NQTLs essentially on demand.

The federal statute already requires the insurers to have comparative analyses available for inspection for ALL NQTLs at any time under federal law. As of February 10, 2021, all insurers in America must have analyses available for every NTQL and must make them available to state and federal regulators upon request. The industry’s claim that it is overly burdensome to request this information is invalid.

Insurers, including Medica, additionally expressed concern about aligning the form and manner of DIFI’s reporting requirement with federal statute. Unfortunately, federal statute does not prescribe a specific form or manner of reporting. DIFI’s direction in the proposed rules will satisfy federal statute and, therefore, is not duplicative or burdensome. If insurers are faithfully performing their analyses under federal law, they should be able to merely copy and paste that into DIFI’s form. In fact, insurers would be best served by using DIFI’s format when preparing their analyses for federal regulators. DIFI’s format ensures that no analysis steps will be skipped.
Medica also expressed concern about the March 15th reporting deadline. They believe May would be more appropriate as claims processing often occurs through the end of March. However, the comparative analysis required by the proposed rules does not mandate providing claims data. Further, federal statute requires that insurers make their analyses available at any time, on demand. Therefore, the March requirement is not overly burdensome as by federal law the information is continuously required to be available when requested. It is not more burdensome than the federal regulations. However, should GRRC determine that the date is problematic and a rule change is necessary, it would require a third year before Jake’s Law passed in 2020 is implemented. Alternatively, if it can be changed by Bulletin or administrative activities, that is fine.

Two years have passed since the Legislature unanimously enacted Jake’s Law in 2020. The sharp rise in suicidal ideation and substance use following the pandemic have gravely worsened the crisis. There is an urgent need for adequate mental health services to save the lives of youth and adults in our state. After years of advocacy, the Coalition is pleased to support the proposed implementing rules for Jake’s Law for which the Governor and the Legislature strongly advocated. The rules will provide critical care so those suffering from mental health and substance use will receive proper medical treatment.

With gratitude for your service to our state, the Coalition respectfully requests that you vote to approve the proposed rules to implement Jake’s Law.

Sincerely,

Cori Reese, Arizona & New Mexico Executive Director

Candy Espino, Executive Director

Jasleen Chhatwal, MD, MBBS, President

Denise Denslow, Executive Director

Ericka Irvin, Executive Director

Jeffrey Kazmierczak RN, MSN, MBA, Chief Executive Officer
20-143. Rule-making power

A. The director may make reasonable rules necessary for effectuating any provision of this title.

B. The director shall make rules concerning proxies, consents or authorizations in respect of securities issued by domestic stock insurance companies having a class of equity securities held of record by one hundred or more persons to conform with the requirements of section 12(g)(2)(G)(ii) of the securities exchange act of 1934, as amended, and as may be amended. Such rule shall not apply to any such company having a class of equity securities which are registered or are required to be registered pursuant to section 12 of the securities exchange act of 1934, as amended, or as may be amended. Whenever such equity securities of any such company are registered or are required to be registered pursuant to section 12 of the securities exchange act of 1934, as amended, or as may be amended, then, no person shall solicit or permit the use of his name to solicit, in any manner whatsoever, any proxy, consent or authorization in respect of any equity security of such company without having first complied with the rules prescribed by the securities and exchange commission pursuant to section 14 of the securities exchange act of 1934, as amended, or as may be amended.

C. All rules made pursuant to this section shall be subject to title 41, chapter 6.

D. In addition to any other penalty provided, wilful violation of any rule made by the director is a violation of this title.
CHAPTER 4
SENATE BILL 1523

AN ACT
AMENDING SECTION 20-157.01, ARIZONA REVISED STATUTES; AMENDING TITLE 20, CHAPTER 5, ARTICLE 1, ARIZONA REVISED STATUTES, BY ADDING SECTION 20-1138; AMENDING TITLE 20, ARIZONA REVISED STATUTES, BY ADDING CHAPTER 28; AMENDING TITLE 36, CHAPTER 1, ARIZONA REVISED STATUTES, BY ADDING ARTICLE 7; AMENDING TITLE 36, CHAPTER 34, ARTICLE 3, ARIZONA REVISED STATUTES, BY ADDING SECTIONS 36-3436 AND 36-3436.01; AMENDING SECTION 36-3504, ARIZONA REVISED STATUTES; APPROPRIATING MONIES; RELATING TO MENTAL HEALTH.

(TEXT OF BILL BEGINS ON NEXT PAGE)
Be it enacted by the Legislature of the State of Arizona:

Section 1. Section 20-157.01, Arizona Revised Statutes, is amended to read:

20-157.01. Confidentiality of insurer files and records; access by director; definition

A. Pursuant to the director's authority under sections 20-156, 20-157, 20-160, and 20-466 and 20-3502, an insurer shall comply with a request to produce any documents, reports or other materials, whether maintained in written or electronic format, from an insurer's claim file or an insurer's record that is required to comply with chapter 28, article 1 of this title.

B. Any documents, reports or other materials that are provided to the director pursuant to this section are confidential and are not subject to disclosure, including discovery or subpoena, unless the subpoena is issued by the attorney general or a county attorney or by a court at the request of the attorney general, a county attorney or any other law enforcement agency. The director may only disclose the information only to a state or federal agency or officer pursuant to a lawful request, subpoena or formal discovery procedure. If the requesting party cannot warrant confidentiality pursuant to section 20-158, subsection I, the information that is provided pursuant to discovery, subpoena or lawful request as provided for in this subsection remains confidential. The director shall make reasonable efforts to notify an insurer of any request for a subpoena for documents, reports or other materials in an insurer's claim file or other record that are produced by the insurer pursuant to this section so that the insurer may assert, in a court of competent jurisdiction, any applicable privileges.

C. The director may use the documents, reports or other materials in the furtherance of any regulatory action brought by the director or in actions brought against the director.

D. For the purposes of this section, "insurer claim file" includes medical records, repair estimates, adjuster notes, insurance policy provisions, recordings or transcripts of witness interviews and any other records regarding coverage, settlement, payment or denial or adjustment of a claim asserted under an insurance policy.

Sec. 2. Title 20, chapter 5, article 1, Arizona Revised Statutes, is amended by adding section 20-1138, to read:

20-1138. Health insurance policies; member identification cards; applicability

A. An identification card that includes information facilitating a subscriber's, enrollee's or insured's access to services or coverage under an individual or group health insurance contract, evidence of coverage or policy issued or renewed in this state by a hospital and medical service corporation, health care services organization or disability insurer must prominently display the letters "AZDOI" in capital letters on the bottom
S.B. 1523

FRONT OF THE IDENTIFICATION CARD AND A TELEPHONE NUMBER THAT A SUBSCRIBER, ENROLLEE OR INSURED MAY CALL FOR CUSTOMER ASSISTANCE.

B. THIS SECTION APPLIES TO IDENTIFICATION CARDS FOR ANY INDIVIDUAL OR GROUP CONTRACT, EVIDENCE OF COVERAGE OR POLICY ISSUED OR RENEWED FROM AND AFTER DECEMBER 31, 2021.

Sec. 3. Title 20, Arizona Revised Statutes, is amended by adding chapter 28, to read:

CHAPTER 28
MENTAL HEALTH PARITY
ARTICLE 1. GENERAL PROVISIONS

20-3501. Definitions
IN THIS CHAPTER, UNLESS THE CONTEXT OTHERWISE REQUIRES:
1. "CLASSIFICATION OF BENEFITS" MEANS THE FOLLOWING CLASSIFICATIONS OF BENEFITS PROVIDED BY A HEALTH PLAN:
(a) INPATIENT, IN-NETWORK.
(b) INPATIENT, OUT-OF-NETWORK.
(c) OUTPATIENT, IN-NETWORK.
(d) OUTPATIENT, OUT-OF-NETWORK.
(e) EMERGENCY CARE.
(f) PRESCRIPTION BENEFITS.
2. "HEALTH CARE INSURER" MEANS A DISABILITY INSURER, GROUP DISABILITY INSURER, BLANKET DISABILITY INSURER, HEALTH CARE SERVICES ORGANIZATION, HOSPITAL SERVICE CORPORATION, MEDICAL SERVICE CORPORATION OR HOSPITAL, MEDICAL, DENTAL AND OPTOMETRIC SERVICE CORPORATION THAT ISSUES A HEALTH PLAN IN THIS STATE.
3. "HEALTH PLAN" MEANS AN INDIVIDUAL HEALTH PLAN OR ACCOUNTABLE HEALTH PLAN THAT PROVIDES MENTAL HEALTH SERVICES OR MENTAL HEALTH BENEFITS, THAT FINANCES OR PROVIDES COVERED HEALTH CARE SERVICES, THAT IS ISSUED BY A HEALTH CARE INSURER IN THIS STATE AND THAT IS SUBJECT TO THE MENTAL HEALTH PARITY AND ADDICTION EQUITY ACT.
4. "MENTAL HEALTH PARITY AND ADDICTION EQUITY ACT" MEANS THE MENTAL HEALTH PARITY AND ADDICTION EQUITY ACT OF 2008 (42 UNITED STATES CODE SECTION 300gg-26) AND IMPLEMENTING REGULATIONS.
5. "PRODUCT NETWORK TYPE" MEANS THE NETWORK MODEL ASSOCIATED WITH THE TYPE OF HEALTH PLAN UNDER WHICH COVERED HEALTH CARE IS DELIVERED, SUCH AS A HEALTH CARE SERVICES ORGANIZATION, PREFERRED PROVIDER NETWORK ORGANIZATION, POINT OF SERVICE PLAN OR INDEMNITY PLAN.
6. "TREATMENT LIMITS":
(a) MEANS LIMITS ON BENEFITS BASED ON THE FREQUENCY OF TREATMENT, NUMBER OF VISITS, DAYS OF COVERAGE, DAYS IN A WAITING PERIOD OR OTHER SIMILAR LIMITS ON THE SCOPE OR DURATION OF TREATMENT.
(b) INCLUDES BOTH QUANTITATIVE TREATMENT LIMITS THAT ARE EXPRESSED NUMERICALLY AND NONQUANTITATIVE TREATMENT LIMITS THAT OTHERWISE LIMIT THE SCOPE OR DURATION OF BENEFITS FOR TREATMENT UNDER A HEALTH PLAN.
(c) DOES NOT INCLUDE A PERMANENT EXCLUSION OF ALL BENEFITS FOR A PARTICULAR CONDITION OR DISORDER.

20-3502. Compliance with federal law; report

A. EACH HEALTH CARE INSURER THAT ISSUES A HEALTH PLAN IN THIS STATE SHALL COMPLY WITH THE MENTAL HEALTH PARITY AND ADDICTION EQUITY ACT.

B. AFTER JANUARY 1, 2022, ON A DATE SPECIFIED BY THE DIRECTOR, EACH HEALTH CARE INSURER THAT ISSUES A HEALTH PLAN IN THIS STATE SHALL SUBMIT A REPORT TO THE DEPARTMENT FOR EACH FULLY INSURED PRODUCT NETWORK TYPE THE HEALTH CARE INSURER ISSUES. IF THE HEALTH CARE INSURER DETERMINES THAT THE INFORMATION TO BE REPORTED VARIES BY NETWORK OR PLAN, OR VARIES IN THE INDIVIDUAL, SMALL GROUP OR LARGE GROUP MARKET, THE HEALTH CARE INSURER MUST SUBMIT A REPORT FOR EACH VARIATION. EACH REPORT MUST DO THE FOLLOWING:

1. DESCRIBE THE PROCESS THAT IS USED TO DEVELOP OR SELECT THE MEDICAL NECESSITY CRITERIA FOR MENTAL HEALTH AND SUBSTANCE USE DISORDER BENEFITS AND THE PROCESS USED TO DEVELOP OR SELECT THE MEDICAL NECESSITY CRITERIA FOR MEDICAL AND SURGICAL BENEFITS.

2. IDENTIFY ALL NONQUANTITATIVE TREATMENT LIMITS THAT ARE APPLIED TO MENTAL HEALTH AND SUBSTANCE USE DISORDER BENEFITS AND ALL NONQUANTITATIVE TREATMENT LIMITS THAT ARE APPLIED TO MEDICAL AND SURGICAL BENEFITS WITHIN EACH CLASSIFICATION OF BENEFITS.

3. DEMONSTRATE THROUGH ANALYSIS THAT FOR ANY NONQUANTITATIVE TREATMENT LIMIT APPLIED TO MENTAL HEALTH AND SUBSTANCE USE DISORDER BENEFITS IN A CLASSIFICATION OF BENEFITS, AS WRITTEN AND IN OPERATION, ANY PROCESS, STRATEGY, EVIDENTIARY STANDARD OR OTHER FACTOR USED IN APPLYING THE NONQUANTITATIVE TREATMENT LIMIT TO MENTAL HEALTH AND SUBSTANCE USE DISORDER BENEFITS IN THE CLASSIFICATION ARE COMPARABLE TO, AND APPLIED NOT MORE STRINGENTLY THAN, ANY PROCESS, STRATEGY, EVIDENTIARY STANDARD OR OTHER FACTOR USED IN APPLYING THE TREATMENT LIMIT FOR MEDICAL AND SURGICAL BENEFITS IN THE CLASSIFICATION.

C. IN ADDITION TO ANALYZING THE REPORTS PRESCRIBED IN SUBSECTION B OF THIS SECTION, THE DEPARTMENT SHALL ALSO EVALUATE HEALTH PLAN COMPLIANCE WITH THE STANDARDS RELATED TO FINANCIAL REQUIREMENTS AND QUANTITATIVE TREATMENT LIMITS DESCRIBED IN THIS SECTION. THE DEPARTMENT SHALL PERFORM THIS ANALYSIS DURING ITS REVIEW OF REQUIRED HEALTH CARE INSURER FORM FILINGS, BUT MAY ALSO REQUIRE A HEALTH CARE INSURER TO SUBMIT ADDITIONAL DATA RELATING TO ITS METHODS FOR COMPLYING WITH FINANCIAL REQUIREMENTS AND QUANTITATIVE TREATMENT LIMIT STANDARDS. THE DEPARTMENT MAY COLLECT AND ANALYZE DATA FOR EACH HEALTH CARE INSURER’S LARGE GROUP PLANS THROUGH A SEPARATE, CONSOLIDATED REPORT.

D. THE HEALTH PLAN MAY NOT APPLY ANY FINANCIAL REQUIREMENT OR QUANTITATIVE TREATMENT LIMIT TO MENTAL HEALTH AND SUBSTANCE USE DISORDER BENEFITS IN ANY CLASSIFICATION THAT IS MORE RESTRICTIVE THAN THE PREDOMINANT FINANCIAL REQUIREMENT OR QUANTITATIVE TREATMENT LIMIT OF THAT TYPE APPLIED TO SUBSTANTIALLY ALL MEDICAL AND SURGICAL BENEFITS IN THE
SAME CLASSIFICATION, UNLESS THE REQUIREMENT OR TREATMENT LIMIT IS MODIFIED
BY ONE OF THE FOLLOWING EXCEPTIONS:

1. MULTITIERED PRESCRIPTION DRUG BENEFITS. IF A HEALTH PLAN
APPLIES DIFFERENT LEVELS OF FINANCIAL REQUIREMENTS TO DIFFERENT TIERS OF
PRESCRIPTION DRUG BENEFITS THAT ARE BASED ON REASONABLE FACTORS DETERMINED
IN ACCORDANCE WITH THE REQUIREMENTS FOR NONQUANTITATIVE TREATMENT LIMITS
AND WITHOUT REGARD TO WHETHER A DRUG IS GENERALLY PRESCRIBED WITH RESPECT
TO MEDICAL AND SURGICAL BENEFITS OR WITH RESPECT TO MENTAL HEALTH OR
SUBSTANCE USE DISORDER BENEFITS, THE HEALTH PLAN SATISFIES THE PARITY
REQUIREMENTS OF THIS SECTION WITH RESPECT TO PRESCRIPTION DRUG BENEFITS.
FOR THE PURPOSES OF THIS PARAGRAPH, "REASONABLE FACTORS" INCLUDE COST,
EFFICACY, GENERIC VERSUS BRAND NAME AND MAIL ORDER VERSUS PHARMACY PICK
UP.

2. MULTIPLE NETWORK TIERS. IF A HEALTH PLAN PROVIDES BENEFITS
THROUGH MULTIPLE TIERS OF IN-NETWORK PROVIDERS, INCLUDING AN IN-NETWORK
TIER OF PREFERRED PROVIDERS WITH MORE GENEROUS COST SHARING TO
PARTICIPANTS THAN A SEPARATE IN-NETWORK TIER OF PARTICIPATING PROVIDERS,
THE HEALTH PLAN MAY DIVIDE ITS BENEFITS PROVIDED ON AN IN-NETWORK BASIS
INTO SUBCLASSIFICATIONS THAT REFLECT NETWORK TIERS, IF THE TIERING IS
BASED ON REASONABLE FACTORS DETERMINED IN ACCORDANCE WITH THE REQUIREMENTS
FOR NONQUANTITATIVE TREATMENT LIMITS AND WITHOUT REGARD TO WHETHER A
PROVIDER PROVIDES SERVICES WITH RESPECT TO MEDICAL AND SURGICAL BENEFITS
OR MENTAL HEALTH OR SUBSTANCE USE DISORDER BENEFITS IN ANY
SUBCLASSIFICATION THAT IS MORE RESTRICTIVE THAN THE PREDOMINANT FINANCIAL
REQUIREMENT OR TREATMENT LIMIT THAT APPLIES TO SUBSTANTIALLY ALL MEDICAL
AND SURGICAL BENEFITS IN THE SUBCLASSIFICATION.

3. SUBCLASSIFICATIONS ALLOWED FOR OFFICE VISITS THAT ARE SEPARATE
FROM OTHER OUTPATIENT SERVICES. FOR THE PURPOSES OF APPLYING THE
FINANCIAL REQUIREMENTS AND TREATMENT LIMITS PRESCRIBED BY THIS SECTION, A
HEALTH PLAN MAY DIVIDE ITS BENEFITS PROVIDED ON AN OUTPATIENT BASIS INTO
THE TWO SUBCLASSIFICATIONS DESCRIBED IN THIS PARAGRAPH. AFTER THE
SUBCLASSIFICATIONS ARE ESTABLISHED, THE HEALTH PLAN OR HEALTH CARE INSURER
MAY NOT IMPOSE ANY FINANCIAL REQUIREMENT OR QUANTITATIVE TREATMENT LIMIT
ON MENTAL HEALTH OR SUBSTANCE USE DISORDER BENEFITS IN ANY
SUBCLASSIFICATION THAT IS MORE RESTRICTIVE THAN THE PREDOMINANT FINANCIAL
REQUIREMENT OR TREATMENT LIMIT THAT APPLIES TO SUBSTANTIALLY ALL MEDICAL
AND SURGICAL BENEFITS IN THE SUBCLASSIFICATION.
SUBCLASSIFICATIONS FOR GENERALISTS AND SPECIALISTS ARE PROHIBITED. ONLY
THE FOLLOWING TWO SUBCLASSIFICATIONS ARE ALLOWED UNDER THIS PARAGRAPH:

(a) OFFICE AND PHYSICIAN VISITS.

(b) ALL OTHER OUTPATIENT ITEMS AND SERVICES, INCLUDING OUTPATIENT
SURGERY, FACILITY CHARGES FOR DAY TREATMENT CENTERS, LABORATORY CHARGES OR
OTHER SIMILAR MEDICAL ITEMS.
E. A HEALTH INSURER SHALL FILE THE REPORT REQUIRED BY SUBSECTION B OF THIS SECTION ONCE EVERY THREE YEARS. IN YEARS IN WHICH THE REPORT REQUIRED BY SUBSECTION B OF THIS SECTION IS NOT REQUIRED TO BE FILED, THE HEALTH CARE INSURER SHALL FILE A SUMMARY OF CHANGES MADE TO THE MEDICAL NECESSITY CRITERIA AND NONQUANTITATIVE TREATMENT LIMITS AND A WRITTEN ATTESTATION THAT SPECIFIES THAT THE HEALTH CARE INSURER IS IN COMPLIANCE WITH THE MENTAL HEALTH PARITY AND ADDICTION EQUITY ACT. THE DEPARTMENT MAY REQUIRE THE HEALTH CARE INSURER TO RESPOND TO ADDITIONAL QUESTIONS THAT ARE RELATED TO THE SUMMARY OF CHANGES OR TO SUPPLY ADDITIONAL DATA TO VERIFY COMPLIANCE. THREE YEARS AFTER THE HEALTH CARE INSURER SUBMITS AN ORIGINAL REPORT REQUIRED BY SUBSECTION B OF THIS SECTION OR AN UPDATED OR REFILED REPORT DESCRIBED IN THIS SUBSECTION, THE HEALTH CARE INSURER MAY EITHER:

1. FILE AN UPDATED REPORT.
2. RESUBMIT THE HEALTH CARE INSURER'S CURRENTLY FILED REPORT IF THE HEALTH CARE INSURER FILES A WRITTEN ATTESTATION TO THE DEPARTMENT THAT SPECIFIES THAT THERE HAVE BEEN NO CHANGES.

F. EXCEPT AS OTHERWISE PROVIDED IN THIS SECTION, IF A HEALTH CARE INSURER PROVIDED THE INFORMATION REQUIRED BY THIS SECTION IN AN EXISTING FILING OR REPORT, THE DEPARTMENT MAY NOT REQUIRE THE HEALTH CARE INSURER TO SUBMIT ANY ADDITIONAL FILING OR REPORT. THE DEPARTMENT IS NOT PROHIBITED FROM OTHERWISE REQUESTING INFORMATION OR DATA THAT IS NECESSARY TO VERIFY COMPLIANCE WITH THE MENTAL HEALTH PARITY AND ADDICTION EQUITY ACT OR THIS CHAPTER. THE DEPARTMENT SHALL ANALYZE THE INFORMATION REQUIRED BY THIS SECTION THAT THE HEALTH CARE INSURER PREVIOUSLY SUBMITTED IN AN EXISTING FILING OR REPORT TO DETERMINE COMPLIANCE WITH THE REPORT REQUIRED BY THIS SECTION. THE DEPARTMENT MAY ESTABLISH BY RULE THE TERMS REGARDING ANY REQUIRED RESUBMITTAL OF INFORMATION.

G. ALL DOCUMENTS, REPORTS OR OTHER MATERIALS PROVIDED TO THE DIRECTOR PURSUANT TO THIS SECTION ARE CONFIDENTIAL AND ARE NOT SUBJECT TO DISCLOSURE. SECTION 20-157.01, SUBSECTION B APPLIES TO THIS SECTION.
COMPLAINTS BY CONSUMERS WHO ARE COVERED BY SELF-INSURED PLANS THAT ARE
REGULATED BY THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974
(P.L. 93-406; 88 STAT. 829).

C. ON OR BEFORE JANUARY 1, 2023, THE DEPARTMENT SHALL POST TO THE
WEB PAGE PRESCRIBED IN SUBSECTION B OF THIS SECTION AN AGGREGATED SUMMARY
OF ITS ANALYSIS OF THE REPORTS FILED BY HEALTH CARE INSURERS PURSUANT TO
SECTION 20-3502, SUBSECTION B, INCLUDING ANY CONCLUSIONS REGARDING
INDUSTRY COMPLIANCE WITH THE MENTAL HEALTH PARITY AND ADDICTION EQUITY
ACT. THE DEPARTMENT MAY NOT POST ANY INFORMATION THAT:

1. CONTAINS ANY PROPRIETARY OR CONFIDENTIAL INFORMATION OF A HEALTH
CARE INSURER.

2. ENABLES A PERSON TO DETERMINE THE IDENTITY OF A HEALTH CARE
INSURER.

D. BEGINNING IN 2022, THE DEPARTMENT SHALL INCLUDE IN ITS ANNUAL
REPORT A SUMMARY OF ALL STAKEHOLDER OUTREACH AND REGULATORY ACTIVITY
RELATED TO THE IMPLEMENTATION, OVERSIGHT AND ENFORCEMENT OF THE MENTAL
HEALTH PARITY AND ADDICTION EQUITY ACT AND THE REQUIREMENTS OF THIS
CHAPTER.

20-3504. Access to behavioral health services for minors

A. NOTWITHSTANDING ANY OTHER PROVISION OF THIS TITLE, ANY HEALTH
CARE INSURER THAT ISSUES A HEALTH PLAN IN THIS STATE THAT INCLUDES MENTAL
HEALTH OR SUBSTANCE USE DISORDER BENEFITS MAY NOT DENY ANY CLAIM FOR
MENTAL HEALTH OR SUBSTANCE USE DISORDER BENEFITS FOR A MINOR SOLELY ON
GROUNDS THAT THE MENTAL HEALTH OR SUBSTANCE USE DISORDER SERVICE WAS
PROVIDED IN A SCHOOL OR OTHER EDUCATIONAL SETTING OR ORDERED BY A COURT IF
THE SERVICE WAS PROVIDED BY AN IN-NETWORK PROVIDER OR BY AN OUT-OF-NETWORK
PROVIDER ONLY AS ALLOWED BY THE HEALTH PLAN THAT COVERS THE SUBSCRIBER,
ENROLLEE OR INSURED.

B. THIS SECTION DOES NOT REQUIRE A HEALTH CARE INSURER TO APPROVE A
CLAIM OR PROVIDE REIMBURSEMENT FOR A MENTAL HEALTH OR SUBSTANCE USE
DISORDER SERVICE PROVIDED BY AN OUT-OF-NETWORK PROVIDER EXCEPT AS ALLOWED
BY THE HEALTH PLAN THAT COVERS THE SUBSCRIBER, ENROLLEE OR INSURED.

C. A HEALTH CARE INSURER MAY REQUIRE THAT ANY MENTAL HEALTH OR
SUBSTANCE USE DISORDER SERVICE OFFERED BY A MENTAL HEALTH PROVIDER IN AN
EDUCATIONAL SETTING BE PROVIDED IN A FACILITY OR LOCATION THAT IS
APPROPRIATE FOR THE TYPE OF SERVICE PROVIDED AND IN A MANNER THAT COMPLIES
WITH APPLICABLE LAWS GOVERNING THE PROVISION OF HEALTH CARE SERVICES,
INCLUDING PRIVACY AND PARENTAL CONSENT LAWS.

D. CLAIMS FOR COVERED MENTAL HEALTH OR SUBSTANCE USE DISORDER
SERVICES THAT ARE PROVIDED BY AN OUT-OF-NETWORK PROVIDER AND THAT ARE NOT
COVERED BY THE SUBSCRIBER'S, ENROLLEE'S OR INSURED'S HEALTH PLAN SOLELY
BECAUSE THE PROVIDER IS AN OUT-OF-NETWORK PROVIDER SHALL BE PAID FROM THE
CHILDREN'S BEHAVIORAL HEALTH SERVICES FUND ESTABLISHED BY SECTION 36-3436.
20-3505. Mental health parity advisory committee; members; committee termination

A. THE MENTAL HEALTH PARITY ADVISORY COMMITTEE IS ESTABLISHED TO ADVISE THE DIRECTORS OF THE DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS AND DEPARTMENT OF HEALTH SERVICES RELATING TO MATTERS PERTINENT TO MENTAL HEALTH PARITY, INCLUDING RECOMMENDATIONS RELATED TO CASE MANAGEMENT, DISCHARGE PLANNING AND EXPEDITED REVIEW AND APPEALS PROCESSES FOR CASES INVOLVING SUICIDAL IDEATION. THE DIRECTOR OF THE DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS SHALL APPOINT THE FOLLOWING MEMBERS TO THE COMMITTEE:

1. FOUR MEMBERS WHO REPRESENT HEALTH CARE INSURERS.
2. ONE MEMBER WHO IS A LICENSED BEHAVIORAL HEALTH SERVICES PROVIDER.
3. ONE MEMBER WHO REPRESENTS A BEHAVIORAL HEALTH ADVOCACY ORGANIZATION.
4. AT LEAST THREE MEMBERS OR FAMILY MEMBERS WHO ARE NOT EMPLOYED BY OR CONTRACTED WITH THE STATE AND WHO HAVE BEEN AFFECTED BY SUICIDE, SUBSTANCE USE OR A MENTAL HEALTH DISORDER.
5. AT LEAST ONE MEMBER WHO REPRESENTS A HOSPITAL THAT PROVIDES INPATIENT BEHAVIORAL HEALTH SERVICES.

C. THE COMMITTEE ESTABLISHED BY THIS SECTION ENDS ON JULY 1, 2028 PURSUANT TO SECTION 41-3103.

Sec. 4. Title 36, chapter 1, Arizona Revised Statutes, is amended by adding article 7, to read:

ARTICLE 7. SUICIDE MORTALITY

36-199. Suicide mortality review team; members; duties; review team termination

A. THE SUICIDE MORTALITY REVIEW TEAM IS ESTABLISHED IN THE DEPARTMENT OF HEALTH SERVICES. THE HEAD OF EACH OF THE FOLLOWING ENTITIES OR THAT PERSON'S DESIGNEE SHALL SERVE ON THE REVIEW TEAM:

1. THE DEPARTMENT OF HEALTH SERVICES.
2. THE ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM.
3. THE DEPARTMENT OF ECONOMIC SECURITY.
4. THE GOVERNOR'S OFFICE OF YOUTH, FAITH AND FAMILY.
5. THE DEPARTMENT OF EDUCATION.
6. THE ARIZONA COUNCIL OF HUMAN SERVICES PROVIDERS.
7. THE DEPARTMENT OF PUBLIC SAFETY.

B. THE DIRECTOR OF THE DEPARTMENT OF HEALTH SERVICES SHALL APPOINT THE FOLLOWING MEMBERS TO SERVE ON THE REVIEW TEAM:

1. A MEDICAL EXAMINER WHO IS A RURAL FORENSIC PATHOLOGIST.
2. A MEDICAL EXAMINER WHO IS A METROPOLITAN FORENSIC PATHOLOGIST.
3. A REPRESENTATIVE OF A TRIBAL GOVERNMENT.
4. A REPRESENTATIVE OF A HEALTH CARE INSURER.
5. A PUBLIC MEMBER.
6. A REPRESENTATIVE OF AN EMERGENCY MANAGEMENT SYSTEM PROVIDER.
7. A HEALTH CARE PROFESSIONAL FROM A STATEWIDE ASSOCIATION REPRESENTING PEDIATRICIANS.
8. A HEALTH CARE PROFESSIONAL FROM A STATEWIDE ASSOCIATION REPRESENTING PHYSICIANS.
9. A HEALTH CARE PROFESSIONAL FROM A STATEWIDE ASSOCIATION REPRESENTING NURSES.
10. A REPRESENTATIVE OF AN ASSOCIATION OF COUNTY HEALTH OFFICERS.
11. A REPRESENTATIVE OF AN ASSOCIATION REPRESENTING HOSPITALS.
12. A PROFESSIONAL WHO SPECIALIZES IN THE PREVENTION, DIAGNOSIS AND TREATMENT OF BEHAVIORAL HEALTH PROBLEMS.
13. A COUNTY SHERIFF, OR THE SHERIFF’S DESIGNEE, WHO REPRESENTS A COUNTY WITH A POPULATION OF LESS THAN FIVE HUNDRED THOUSAND PERSONS AND A COUNTY SHERIFF, OR THE SHERIFF’S DESIGNEE, WHO REPRESENTS A COUNTY WITH A POPULATION OF AT LEAST FIVE HUNDRED THOUSAND PERSONS.
14. A REPRESENTATIVE OF A VETERANS ORGANIZATION OR MILITARY FAMILY ADVOCACY PROGRAM.
15. A REPRESENTATIVE OF A STATEWIDE ASSOCIATION REPRESENTING AREA AGENCIES ON AGING.
16. A REPRESENTATIVE OF A NONPROFIT COMMUNITY-BASED ORGANIZATION PROVIDING SUICIDE PREVENTION SERVICES.
17. A REPRESENTATIVE OF A RURAL HEALTH ORGANIZATION.
C. THE REVIEW TEAM SHALL:
1. DEVELOP A SUICIDE MORTALITIES DATA COLLECTION SYSTEM.
2. CONDUCT AN ANNUAL ANALYSIS ON THE INCIDENCES AND CAUSES OF SUICIDES IN THIS STATE DURING THE PRECEDING FISCAL YEAR.
3. ENCOURAGE AND ASSIST IN THE DEVELOPMENT OF LOCAL SUICIDE MORTALITY REVIEW TEAMS.
4. DEVELOP STANDARDS AND PROTOCOLS FOR LOCAL SUICIDE MORTALITY REVIEW TEAMS AND PROVIDE TRAINING AND TECHNICAL ASSISTANCE TO THESE TEAMS.
5. DEVELOP PROTOCOLS FOR SUICIDE INVESTIGATIONS, INCLUDING PROTOCOLS FOR LAW ENFORCEMENT AGENCIES, PROSECUTORS, MEDICAL EXAMINERS, HEALTH CARE FACILITIES AND SOCIAL SERVICE AGENCIES.
6. STUDY THE ADEQUACY OF STATUTES, ORDINANCES, RULES, TRAINING AND SERVICES TO DETERMINE WHAT CHANGES ARE NEEDED TO DECREASE THE INCIDENCE OF PREVENTABLE SUICIDES AND, AS APPROPRIATE, TAKE STEPS TO IMPLEMENT THESE CHANGES.
7. EDUCATE THE PUBLIC REGARDING THE INCIDENCES AND CAUSES OF SUICIDE AS WELL AS THE PUBLIC’S ROLE IN PREVENTING THESE DEATHS.
8. DESIGNATE A MEMBER OF THE REVIEW TEAM TO SERVE AS CHAIRPERSON.
D. REVIEW TEAM MEMBERS ARE NOT ELIGIBLE TO RECEIVE COMPENSATION, BUT MEMBERS APPOINTED PURSUANT TO SUBSECTION B OF THIS SECTION ARE
ELIGIBLE FOR REIMBURSEMENT OF EXPENSES PURSUANT TO TITLE 38, CHAPTER 4, ARTICLE 2.

E. THE DEPARTMENT OF HEALTH SERVICES SHALL PROVIDE PROFESSIONAL AND ADMINISTRATIVE SUPPORT TO THE TEAM.

F. THE REVIEW TEAM ESTABLISHED BY THIS SECTION ENDS ON JULY 1, 2028 PURSUANT TO SECTION 41-3103.

36-199.01. Access to information; confidentiality; violation; classification

A. ON REQUEST OF THE CHAIRPERSON OF THE SUICIDE MORTALITY REVIEW TEAM OR A LOCAL TEAM AND AS NECESSARY TO CARRY OUT THE TEAM’S DUTIES, THE CHAIRPERSON SHALL BE PROVIDED, WITHIN FIVE DAYS EXCLUDING WEEKENDS AND HOLIDAYS, WITH ACCESS TO INFORMATION AND RECORDS REGARDING A SUICIDE THAT IS BEING REVIEWED BY THE TEAM. THE TEAM MAY REQUEST THE INFORMATION AND RECORDS FROM ANY OF THE FOLLOWING:

1. A PROVIDER OF MEDICAL, DENTAL, NURSING OR MENTAL HEALTH CARE.
2. A HEALTH CARE INSURER.
3. THIS STATE OR A POLITICAL SUBDIVISION OF THIS STATE THAT MIGHT ASSIST THE TEAM IN REVIEWING THE FATALITY.

B. A LAW ENFORCEMENT AGENCY, WITH THE APPROVAL OF THE PROSECUTING ATTORNEY, MAY WITHHOLD FROM A REVIEW TEAM INVESTIGATIVE RECORDS THAT MIGHT INTERFERE WITH A PENDING CRIMINAL INVESTIGATION OR PROSECUTION.

C. THE DIRECTOR OF THE DEPARTMENT OF HEALTH SERVICES OR THE DIRECTOR’S DESIGNEE MAY APPLY TO THE SUPERIOR COURT FOR A SUBPOENA AS NECESSARY TO COMPEL THE PRODUCTION OF BOOKS, RECORDS, DOCUMENTS AND OTHER EVIDENCE RELATED TO THE PERSON WHO DIED BY SUICIDE. SUBPOENAS ISSUED UNDER THIS SUBSECTION SHALL BE SERVED AND, ON APPLICATION TO THE COURT BY THE DIRECTOR OR THE DIRECTOR’S DESIGNEE, ENFORCED IN THE MANNER PROVIDED BY LAW FOR THE SERVICE AND ENFORCEMENT OF SUBPOENAS. A LAW ENFORCEMENT AGENCY IS NOT REQUIRED TO PRODUCE THE INFORMATION REQUESTED UNDER THE SUBPOENA IF THE SUBPOENNAED EVIDENCE RELATES TO A PENDING CRIMINAL INVESTIGATION OR PROSECUTION. ALL RECORDS SHALL BE RETURNED TO THE AGENCY OR ORGANIZATION ON COMPLETING THE REVIEW. THE REVIEW TEAM MAY NOT KEEP WRITTEN REPORTS OR RECORDS CONTAINING IDENTIFYING INFORMATION.

D. ALL INFORMATION AND RECORDS ACQUIRED BY THE SUICIDE MORTALITY REVIEW TEAM OR ANY LOCAL TEAM ARE CONFIDENTIAL AND ARE NOT SUBJECT TO SUBPOENA, DISCOVERY OR INTRODUCTION INTO EVIDENCE IN ANY CIVIL OR CRIMINAL PROCEEDING, EXCEPT THAT INFORMATION, DOCUMENTS AND RECORDS THAT ARE OTHERWISE AVAILABLE FROM OTHER SOURCES ARE NOT IMMUNE FROM SUBPOENA, DISCOVERY OR INTRODUCTION INTO EVIDENCE THROUGH THOSE SOURCES SOLELY BECAUSE THEY WERE PRESENTED TO OR REVIEWED BY A TEAM PURSUANT TO THIS ARTICLE.

E. MEMBERS OF A TEAM, PERSONS ATTENDING A TEAM MEETING AND PERSONS WHO PRESENT INFORMATION TO A TEAM MAY NOT BE QUESTIONED IN ANY CIVIL OR CRIMINAL PROCEEDING REGARDING INFORMATION PRESENTED IN OR OPINIONS FORMED AS A RESULT OF A MEETING. THIS SUBSECTION DOES NOT PREVENT A PERSON FROM
TESTIFYING TO INFORMATION THAT IS OBTAINED INDEPENDENTLY OF THE TEAM OR THAT IS PUBLIC INFORMATION.

F. PURSUANT TO POLICIES ADOPTED BY THE SUICIDE MORTALITY REVIEW TEAM, A MEMBER OF THE SUICIDE MORTALITY REVIEW TEAM OR A LOCAL TEAM MAY CONTACT, INTERVIEW OR OBTAIN INFORMATION BY REQUEST OR SUBPOENA FROM A FAMILY MEMBER OF A DECEASED PERSON WHO DIED BY SUICIDE. THE SUICIDE MORTALITY REVIEW TEAM OR A LOCAL TEAM MUST APPROVE ANY CONTACT, INTERVIEW, REQUEST OR SUBPOENA BEFORE THE TEAM MEMBER CONTACTS, INTERVIEWS OR OBTAINS INFORMATION FROM THE FAMILY MEMBER OF A DECEASED PERSON WHO DIED BY SUICIDE.

G. MEETINGS OF THE SUICIDE MORTALITY REVIEW TEAM OR A LOCAL TEAM ARE CLOSED TO THE PUBLIC AND ARE NOT SUBJECT TO TITLE 38, CHAPTER 3, ARTICLE 3.1 IF THE TEAM IS REVIEWING INFORMATION ON AN INDIVIDUAL WHO DIED BY SUICIDE. ALL OTHER TEAM MEETINGS ARE OPEN TO THE PUBLIC.

H. A PERSON WHO VIOLATES THE CONFIDENTIALITY REQUIREMENTS OF THIS SECTION IS GUILTY OF A CLASS 2 MISDEMEANOR.

Sec. 5. Title 36, chapter 34, article 3, Arizona Revised Statutes, is amended by adding sections 36-3436 and 36-3436.01, to read:

36-3436. Children's behavioral health services fund; exemption; use of monies

A. THE CHILDREN'S BEHAVIORAL HEALTH SERVICES FUND IS ESTABLISHED CONSISTING OF MONIES APPROPRIATED TO THE FUND, ANY GIFTS OR DONATIONS TO THE FUND AND INTEREST EARNED ON THOSE MONIES. THE DIRECTOR SHALL ADMINISTER THE FUND.

B. MONIES IN THE FUND:
1. ARE EXEMPT FROM THE PROVISIONS OF SECTION 35-190 RELATING TO LAPSE APPROPRIATIONS.
2. ARE CONTINUOUSLY APPROPRIATED.

C. THE ADMINISTRATION SHALL ENTER INTO AN AGREEMENT WITH ONE OR MORE CONTRACTORS FOR CHILDREN'S BEHAVIORAL HEALTH SERVICES USING MONIES FROM THE CHILDREN'S BEHAVIORAL HEALTH SERVICES FUND TO PAY FOR BEHAVIORAL HEALTH SERVICES FOR CHILDREN. TO BE ELIGIBLE TO RECEIVE BEHAVIORAL HEALTH SERVICES PAID BY THE FUND, AN INDIVIDUAL MUST MEET ALL OF THE FOLLOWING CONDITIONS:
1. MEET THE LEGAL AGE REQUIREMENTS FOR SCHOOL ADMISSION UNDER TITLE 15 AT THE TIME THE INDIVIDUAL WAS ADMITTED AND BE ENROLLED IN SCHOOL.
2. BE UNINSURED OR UNDERINSURED.
3. BE REFERRED FOR BEHAVIORAL HEALTH SERVICES BY AN EDUCATIONAL INSTITUTION.
4. HAVE WRITTEN PARENTAL CONSENT TO OBTAIN THE BEHAVIORAL HEALTH SERVICES.
5. RECEIVE THE BEHAVIORAL HEALTH SERVICES BY A CONTRACTED LICENSED BEHAVIORAL HEALTH PROVIDER.
6. RECEIVE THE BEHAVIORAL HEALTH SERVICES ON OR OFF SCHOOL GROUNDS.
D. In addition to terms and conditions the director deems appropriate, the agreement between the administration and each contractor shall require that:

1. The monies allocated in the agreement not be used for persons who are eligible under Title XIX or Title XXI of the Social Security Act. Preference shall be given to persons with lower household incomes.

2. The contractor coordinate benefits provided under this section with any third parties that are legally responsible for the cost of services.

3. The contractor make payments to providers based on contracts with providers or, in the absence of a contract, at the capped fee schedule established by the administration.

4. The contractor submit expenditure reports monthly in a format determined by the director for reimbursement of services provided under the agreement. The agreement may also provide for additional reimbursement for administering the agreement in an amount not to exceed eight percent of the expenditures for services.

5. The administration not be held financially responsible to the contractor for any costs incurred by the contractor in excess of the monies allocated in the agreement.

E. The administration may impose cost sharing requirements on a sliding fee scale for behavioral health services provided by contractors.

F. The administration shall act as payor of last resort for persons who are eligible pursuant to this section. On receipt of services under this section, a person is deemed to have assigned to the administration all rights to any type of medical benefit to which the person is entitled.

G. This section does not establish:

1. An entitlement for any person to receive any particular service.

2. A duty on the administration to provide services or spend monies in excess of the monies allocated in the fund.

36-3436.01. School-based behavioral health services; referrals; requirements; annual report

A. Before a school provides school-based referrals for behavioral health services to a contracted behavioral health services provider either pursuant to the children's behavioral health services fund established by section 36-3436 or for services provided through the Arizona health care cost containment system, the school district governing board or charter school governing body shall adopt policies relating to school-based referrals. These policies shall be vetted at a public meeting in which the school district governing board or charter school governing body considers any comments submitted by the public before the governing board or governing body adopts the policies. The school district governing board or charter school governing body shall post the policies adopted pursuant to this section on each applicable school website. The policies shall include the following:
1. A PROCESS TO ALLOW A PARENT TO ANNUALLY OPT INTO THE
SCHOOL-BASED REFERRALS.

2. A PROCESS TO CONDUCT A SURVEY OF PARENTS WHOSE CHILDREN WERE
REFERRED TO AND RECEIVED BEHAVIORAL HEALTH SERVICES PURSUANT TO THIS
SECTION. THE SURVEY MAY BE COMPLETED ONLINE. THE SURVEY SHALL INCLUDE AT
LEAST THE FOLLOWING:
   (a) WHETHER THE PARENT OPTED INTO THE PROGRAM.
   (b) WHETHER THE PARENT WAS NOTIFIED BEFORE THE REFERRAL TOOK PLACE.
   (c) WHETHER THE BEHAVIORAL HEALTH SERVICES REFERRED WERE
      APPROPRIATE TO MEET THE STUDENT'S NEED.
   (d) WHETHER THE PARENT IS SATISFIED WITH THE CHOICE OF BEHAVIORAL
      HEALTH SERVICES PROVIDERS.
   (e) WHETHER THE PARENT INTENDS TO OPT INTO A PROGRAM AGAIN IN THE
      FOLLOWING SCHOOL YEAR.

3. A REQUIREMENT THAT EACH SCHOOL'S WEBSITE CONTAIN A LIST OF
BEHAVIORAL HEALTH SERVICES PROVIDERS WITH WHOM THE SCHOOL CONTRACTS.

B. AT THE END OF EACH SCHOOL YEAR, EACH PARTICIPATING SCHOOL
DISTRICT AND CHARTER SCHOOL SHALL REPORT TO THE ADMINISTRATION THE SCHOOL
SURVEY RESULTS.

C. THE ADMINISTRATION SHALL COMPILE A REPORT BASED ON THE SURVEYS
RECEIVED FROM PARTICIPATING SCHOOL DISTRICTS AND CHARTER SCHOOLS AS WELL
AS UTILIZATION DATA FOR BEHAVIORAL HEALTH SERVICES RECEIVED PURSUANT TO
THE CHILDREN'S BEHAVIORAL HEALTH SERVICES FUND ESTABLISHED BY SECTION
36-3436. ON OR BEFORE DECEMBER 31 EACH YEAR, THE ADMINISTRATION SHALL
PROVIDE THE REPORT TO THE GOVERNOR, THE PRESIDENT OF THE SENATE AND THE
SPEAKER OF THE HOUSE OF REPRESENTATIVES AND PROVIDE A COPY OF THE REPORT
TO THE SECRETARY OF STATE. THE REPORT SHALL INCLUDE AT LEAST ALL OF THE
FOLLOWING INFORMATION:
   1. THE NUMBER OF STUDENTS SERVED.
   2. THE TYPES OF BEHAVIORAL HEALTH SERVICES PROVIDED.
   3. THE COSTS OF THE BEHAVIORAL HEALTH SERVICES PROVIDED.

Sec. 6. Section 36-3504, Arizona Revised Statutes, is amended to
read:

36-3504. Child fatality review fund
A. The child fatality review fund is established consisting of
appropriations, monies received pursuant to section 36-342 36-341,
subsection E and gifts, grants and donations made to the department of
health services to implement subsection B of this section. The department
of health services shall administer the fund. The department shall
deposit, pursuant to sections 35-146 and 35-147, all monies it receives in
the fund.

B. The department of health services shall use fund monies to staff
the state child fatality review team AND THE SUICIDE MORTALITY REVIEW TEAM
and to train and support local child fatality review teams AND SUICIDE
MORTALITY REVIEW TEAMS.
C. Monies spent for the purposes specified in subsection B of this section are subject to legislative appropriation. Any fee revenue collected in excess of one hundred thousand dollars ($200,000) in any fiscal year is appropriated from the child fatality review fund to the child abuse prevention fund established pursuant to section 8-550.01, subsection A, to be used for healthy start programs.

Sec. 7. Arizona health care cost containment system; behavioral health survey of schools; report; delayed repeal
A. The Arizona health care cost containment system shall conduct a survey of public schools to obtain information regarding the referral of behavioral health services to students by contracted licensed behavioral health providers. The survey shall include all of the following:
1. The types of behavioral health providers providing the services.
2. The types of settings where behavioral health services were delivered to students.
3. The number of students who received services.
4. The most common diagnoses that resulted in the need for services.
B. On or before December 31, 2022, the Arizona health care cost containment system shall provide a copy of the result of the survey to the governor, the president of the senate and the speaker of the house of representatives and provide a copy of the report to the secretary of state.
C. This section is repealed from and after June 30, 2023.

Sec. 8. Rulemaking; department of insurance and financial institutions
A. On or before April 1, 2021, the department of insurance and financial institutions shall adopt by rule both of the following:
1. Forms or worksheets that health care insurers must use to prepare the reports required by section 20-3502, Arizona Revised Statutes, as added by this act.
2. Standards to determine compliance with the mental health parity and addiction equity act.
B. The department of insurance and financial institutions may also allow health care insurers to demonstrate compliance with subsection A of this section and section 20-3502, Arizona Revised Statutes, as added by this act, by other means that are at least as comprehensive as the forms or worksheets required by subsection A, paragraph 1 of this section.
C. In developing the forms, worksheets or other means that health care insurers must use to prepare the reports required by section 20-3502, Arizona Revised Statutes, as added by this act, the department of insurance and financial institutions shall:
1. Conduct workshops and listening sessions to seek and obtain input from stakeholders, including health care insurers, behavioral health providers, advocacy organizations and individuals who have been impacted by mental health or substance use disorders.

2. Review the United States department of labor's self-compliance tool for the mental health parity and addiction equity act and other reasonable and applicable resources.

Sec. 9. **Rulemaking; department of health services**

A. The department of health services shall adopt rules relating to admitting and discharging patients who have attempted suicide or exhibit suicidal ideation from inpatient care at a health care institution. The rules shall include protocols based on best practices for requiring health care institutions to implement discharge protocols and provide information to patients and caregivers on a continuum during the stay, including at admission and before and at discharge.

B. The rules shall address the following topics:

1. The availability and contact information of age appropriate crisis services.

2. Information and referrals to the next appropriate level of treatment and care after discharge, including scheduling treatment when practicable.

3. Information on the department of insurance and financial institution's website relating to how to challenge an adverse decision by a health care insurer or health plan.

4. Conducting a suicide assessment before discharging a patient and informing the patient and caregivers of the results.

C. Notwithstanding any other law, for the purposes of this section, the department of health services is exempt from the rulemaking requirements of title 41, chapter 6, Arizona Revised Statutes, for eighteen months after the effective date of this section, except that the department shall provide public notice and an opportunity for public comment on proposed rules at least sixty days before the rules are amended or adopted.

Sec. 10. **Appropriation; department of insurance and financial institutions; exemption**

A. The sum of $250,000 and one FTE position are appropriated from the state general fund in fiscal year 2020-2021 to the department of insurance and financial institutions to administer title 20, chapter 28, Arizona Revised Statutes, as added by this act.

B. The appropriation made in subsection A of this section is exempt from the provisions of section 35-190, Arizona Revised Statutes, relating to lapsing of appropriations.
Sec. 11. Appropriation; children's behavioral health services fund; exemption
A. The sum of $8,000,000 is appropriated from the state general fund in fiscal year 2020-2021 to the children's behavioral health services fund established by section 36-3436, Arizona Revised Statutes, as added by this act, to pay contractors for services as prescribed in section 36-3436, Arizona Revised Statutes, as added by this act.
B. The appropriation made in subsection A of this section is exempt from the provisions of section 35-190, Arizona Revised Statutes, relating to lapsing of appropriations until June 30, 2022.

Sec. 12. Short title
This act may be cited as "Jake's Law".

BOARD OF DENTAL EXAMINERS
Title 4, Chapter 11

Amend: R4-11-1202, R4-11-1203, R4-11-1204, R4-11-1205, R4-11-1206,
        R4-11-1207, R4-11-1208, R4-11-1209
GOVERNOR’S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - REGULAR RULEMAKING

MEETING DATE:    July 6, 2022

TO:            Members of the Governor’s Regulatory Review Council (Council)

FROM:    Council Staff

DATE:    June 13, 2022

SUBJECT:    BOARD OF DENTAL EXAMINERS
Title 4, Chapter 11

Amend:    R4-11-1202, R4-11-1203, R4-11-1204, R4-11-1205, R4-11-1206,
R4-11-1207, R4-11-1208, R4-11-1209

Summary:

This regular rulemaking from the Board of Dental Examiners (Board) seeks to amend eight (8) rules in Title 4, Chapter 11, Article 12 related to Continuing Dental Education and Renewal Requirements. Specifically, the Board states, having gone through the Five-Year Review Report process, it recognizes that Arizona has one of the highest continuing education requirements for dental professionals in the country. The Board also states that, while they are not in a “race to the bottom,” the Board intends to require continuing education that is more in line with those requirements throughout the United States. As such, the proposed amendments lower the continuing education requirements for all dental professionals by nine (9) credit hours per renewal cycle. The Board is also amending the rules to allow licensees to obtain those hours through online means.

1. **Are the rules legal, consistent with legislative intent, and within the agency’s statutory authority?**

   The Board cites both general and specific statutory authority for these rules.
2. **Do the rules establish a new fee or contain a fee increase?**

   This rulemaking does not establish a new fee or contain a fee increase.

3. **Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?**

   The Board did not review or rely on any study in conducting this rulemaking.

4. **Summary of the agency’s economic impact analysis:**

   According to the Board, there is little to no economic, small business, or consumer impact, other than the cost to the Board to prepare the rule package, because the rulemaking simply clarifies statutory requirements that already exist. There may be some reduced economic impact to licensees with regard to a reduction in the number of hours that are required for continuing education and how a licensee may obtain those hours. Reducing the number of required continuing education hours and allowing licensees to obtain those hours through “online” means reduces the economic impact of these rules.

5. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

   The Board believes that amending its rules to lower the continuing education requirements for dental professionals is the less intrusive and less costly alternative.

6. **What are the economic impacts on stakeholders?**

   The Board is the only state agency affected by the rulemaking amendment and there will not be any costs, including the hiring of more personnel, to manage the effects of the amendment. The benefits, as stated above, lower the amount of continuing education for dental professionals when submitting their triennial renewals.

   The rulemaking amendment has minimal impact on the Board’s licensees. There is no financial impact to small businesses other than dental businesses, but there are no new costs. No new costs will be incurred to individuals. In fact, the dental licensees will benefit from a lower continuing education requirement to renew their respective license.

7. **Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?**

   The Board indicates there were no changes to the rules between the Notice of Proposed Rulemaking published in the Administrative Register and the Notice of Final Rulemaking now before the Council.
8. **Does the agency adequately address the comments on the proposed rules and any supplemental proposals?**

The Board indicates it received two written comments from the Arizona Oral Health Coalition and A.T. Still University recommending that the Board include courses that address cultural competency and health disparities to R4-11-1203, R4-11-1204, and R4-11-1205. The Board discussed these comments in open session and determined that adding those courses to those rules was not necessary because those rules already allow dental professionals to complete courses that include “current research, new concepts in dentistry, chemical dependency, tobacco cessation, and behavioral and biological sciences that are oriented to dentistry.” The Board believes that this would include courses related to cultural competency and health disparities.

Council staff believes the Board has adequately addressed the comments on the proposed rules.

9. **Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

Pursuant to A.R.S. § 41-1037(A), if an agency proposes an amendment to an existing rule that requires the issuance of a regulatory permit, license, or agency authorization, the agency shall use a general permit, as defined by A.R.S. § 41-1001(11), if the facilities, activities or practices in the class are substantially similar in nature unless certain exceptions apply.

The Board indicates it issues general permits to licensees who meet the criteria established in statute and rule. As such, the Board is in compliance with A.R.S. § 41-1037.

10. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

Not applicable. The Board indicates there is no corresponding federal law directly applicable to the subject of the proposed rulemaking.

11. **Conclusion**

This regular rulemaking from the Board seeks to amend eight (8) rules in Title 4, Chapter 11, Article 12 related to Continuing Dental Education and Renewal Requirements. Specifically, the proposed amendments lower the continuing education requirements for all dental professionals by nine (9) credit hours per renewal cycle and allow licensees to obtain those hours through online means.

The Board is seeking the standard 60-day delayed effective date for these rules pursuant to A.R.S. § 41-1032(A).

Council staff recommends approval of this rulemaking.
May 11, 2022

Ms. Nicole Sornsins, Chair
The Governor's Regulatory Review Council
100 North 15th Avenue, Ste. 402
Phoenix, AZ 85007

Re: A.A.C. Title 4. Professions and Occupations
Chapter 11. State Board of Dental Examiners
Continuing Education

Dear Ms. Sornsins:

The attached final rule package is submitted for review and approval by the Council. The following information is provided for Council's use in reviewing the rule package:

1. Close of record date: The rulemaking record was closed on February 15, 2022 following a period for public comment and an oral proceeding.

2. Relation of the rulemaking to a five-year-review report: This rulemaking does not relate to a Five-year Review Report.

3. New fee or fee increase: This rulemaking does not establish a new fee or increase an existing fee.

4. Immediate effective date: An immediate effective date is not requested.

5. Certification regarding studies: I certify that the Board did not rely on any studies for this rulemaking.

6. Certification that the preparer of the EIS notified the JLBC of the number of new full-time employees necessary to implement and enforce the rule: I certify that the rules in this rulemaking will not require a state agency to employ a new full-time employee. No notification was provided to JLBC.

7. List of documents enclosed:
   a. Cover letter signed by the Board's Executive Director;
   b. Notice of Final Rulemaking including the preamble, table of contents for the rulemaking, and rule text; and

Sincerely,

Ryan P. Edmonson
Executive Director
NOTICE OF FINAL RULEMAKING
TITLE 4. PROFESSIONS AND OCCUPATIONS
CHAPTER 11. STATE BOARD OF DENTAL EXAMINERS

PREAMBLE

1. Articles, Parts, and Sections Affected
   Rulemaking Action
   R4-11-1202     Amend
   R4-11-1203     Amend
   R4-11-1204     Amend
   R4-11-1205     Amend
   R4-11-1206     Amend
   R4-11-1207     Amend
   R4-11-1208     Amend
   R4-11-1209     Amend

2. Citations to the agency’s statutory rulemaking authority to include both the authorizing statute (general) and the implementing statute (specific):
   Authorizing statute: A.R.S. § 32-1207
   Implementing statutes: A.R.S. §§ 32-1201 et seq.

3. The effective date for the rules:
   a. If the agency selected a date earlier than the 60 day effective date as specified in A.R.S. § 41-1032(A), include the earlier date and state the reason or reasons the agency selected the earlier effective date as provided in A.R.S. § 41-1032(A)(1) through (5):
      None
   b. If the agency selected a date later than the 60 day effective date as specified in A.R.S. § 41-1032(A), include the later date and state the reason or reasons the agency selected the later effective date as provided in A.R.S. § 41-1032(B):
      None
4. Citations to all related notices published in the Register as specified in R1-1-409(A) that pertain to the record of the final rulemaking package:
Notice of Rulemaking Docket Opening: 28 A.A.R. 202, January 14, 2022

5. The agency's contact person who can answer questions about the rulemaking:
Name: Ryan Edmonson, Executive Director
Address: Arizona State Board of Dental Examiners
         1740 W. Adams St., Ste. 2470
         Phoenix, AZ 85007
Telephone: (602) 542-4493
E-Mail: ryan.edmonson@dentalboard.az.gov

6. An agency's justification and reason why a rule should be made, amended, repealed, or renumbered, to include an explanation about the rulemaking:
The Board needs to amend its rules to update the continuing education requirements. The Board previously amended R4-11-1202, R4-11-1206, and R4-11-1207 to update the licensing renewal time frames to be consistent with statutory changes. As such, this rulemaking is making additional changes to those rules and other rules in Article 12 in order amend the continuing education requirements.

7. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:
No study was reviewed.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:
Not applicable.

9. A summary of the economic, small business, and consumer impact:
There is little to no economic, small business, or consumer impact, other than the cost to the Board to prepare the rule package, because the rulemaking simply clarifies statutory
requirements that already exist. There may be some reduced economic impact to licensees with regard to a reduction in the number of hours that are required for continuing education and how a licensee may obtain those hours. Reducing the number of required continuing education hours and allowing licensees to obtain those hours through “online” means reduces the economic impact of these rules.

10. A description of any changes between the proposed rulemaking, including supplemental notices, and the final rulemaking:

None

11. An agency’s summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:

The Board received two written comments from the Arizona Oral Health Coalition and A.T. Still University respectively recommending that the Board include courses that address cultural competency and health disparities courses to R4-11-1203, R4-11-1204, and R4-11-1205.

The Board discussed these comments in open session and determined that adding those courses to those rules was not necessary because those rules already allow dental professionals to complete courses that include “current research, new concepts in dentistry, chemical dependency, tobacco cessation, and behavioral and biological sciences that are oriented to dentistry.” The Board believes that this would include courses related to cultural competency and health disparities.

12. All agencies shall list any other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

None.

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

The Board issues general permits to licensees who meet the criteria established in statute and rule.
b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:
There are no federal laws applicable to these rules.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:
No analysis was submitted.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:
No materials are incorporated by reference.

14. Whether the rule was previously made, amended, or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:
Not applicable.

15. The full text of the rules follows:
R4-11-1202. Continuing Dental Education Compliance and Renewal Requirements

A. When applying for a renewal license, certificate, or restricted permit, a licensee, certificate holder, or restricted permit holder shall complete a renewal application provided by the Board.

B. Before receiving a renewal license or certificate, each licensee or certificate holder shall possess a current form of one of the following:

1. A current cardiopulmonary resuscitation (CPR) healthcare provider level certificate from the American Red Cross, the American Heart Association, or another certifying agency;

2. Advanced cardiac life support (ACLS) course completion confirmation from the American Heart Association or another agency. The confirmation must indicate that the course was completed within two years immediately before submitting a renewal application; or

3. Pediatric advanced life support (PALS) course completion confirmation from the American Heart Association or another agency. The confirmation must indicate that the course was completed within two years immediately before submitting a renewal application.

C. A licensee or certificate holder shall include an affidavit affirming the completion of the prescribed credit hours of recognized continuing dental education with a renewal application. A licensee or certificate holder shall...
include on the affidavit the licensee’s or certificate holder’s denturist’s name, license or certificate number, the number of hours completed in each category, and the total number of hours completed for activities defined in R4-11-1209(A)(4).

D. A licensee or certificate holder denturist shall submit a written request for an extension before the renewal deadline prescribed in A.R.S. §§ 32-1236, 32-1276.02, 32-1287, and 32-1297.06. If a licensee or certificate holder denturist fails to meet the credit hours requirement because of military service, dental or religious missionary activity, residence in a foreign country, or other extenuating circumstances as determined by the Board, the Board, upon written request, may grant an extension of time to complete the recognized continuing dental education credit hour requirement.

E. The Board shall:

1. Only accept recognized continuing dental education credits accrued during the prescribed period immediately before license or certificate renewal, and

2. Not allow recognized continuing dental education credit accrued in a renewal period in excess of the amount required in this Article to be carried forward to the next renewal period.

F. A licensee or certificate holder denturist shall maintain documentation of attendance for each program for which credit is claimed that verifies the recognized continuing dental education credit hours the licensee or certificate holder denturist participated in during the most recently completed renewal period.
G. Each year, the Board shall audit continuing dental education requirement compliance on a random basis or when information is obtained which indicates a licensee or certificate holder may not be in compliance with this Article. A licensee or certificate holder selected for audit shall provide the Board with documentation of attendance that shows compliance with the continuing dental education requirements within 60 calendar days from the date the Board issues notice of the audit by certified mail.

H. If a licensee or certificate holder is found to not be in compliance with the continuing dental education requirements, the Board may take any disciplinary or non-disciplinary action authorized by A.R.S. Title 32, Chapter 11.

R4-11-1203. Dentists and Dental Consultants

Dentists and dental consultants shall complete 72 hours of recognized continuing dental education in each renewal period as follows:

1. At least 42 credit hours in any one or more of the following areas:
   - Dental and medical health, preventive services, dental diagnosis and treatment planning,
   - Dental and medical health, preventive services, dental diagnosis and treatment planning,
   - Dental recordkeeping, dental clinical procedures, managing medical emergencies,
   - Dental recordkeeping, dental clinical procedures, managing medical emergencies,
   - Pain management, dental public health, and courses in corrective and restorative oral health
   - Pain management, dental public health, and courses in corrective and restorative oral health
   - And basic dental sciences, which may include current research, new concepts in dentistry,
   - And basic dental sciences, which may include current research, new concepts in dentistry,
   - Chemical dependency, tobacco cessation, and behavioral and biological sciences that are
   - Chemical dependency, tobacco cessation, and behavioral and biological sciences that are
   - Oriented to dentistry. A licensee who holds a permit to administer general anesthesia, deep sedation, parenteral sedation, or oral sedation who is required to obtain continuing
education pursuant to Article 13 may apply those credit hours Credit Hours to the
requirements of this Section;

2. No more than 18–15 credit hours Credit Hours in one or more of the following areas:
Dental practice organization and management, patient management skills, and methods of
health care delivery;

3. At least three credit hours Credit Hours in chemical dependency opioid education, which
may include tobacco cessation;

4. At least three credit hours Credit Hours in infectious diseases or infectious disease
control;

5. At least three credit hours Credit Hours in CPR cardiopulmonary resuscitation-healthcare
provider level, ACLS advanced cardiac life support and or PALS pediatric advanced life
support. Coursework may be completed online if the course requires a physical
demonstration of skills; and

6. At least three credit hours Credit Hours in ethics or Arizona dental jurisprudence.

R4-11-1204. Dental Hygienists

A. A dental hygienist shall complete 54–45 credit hours Credit Hours of recognized
continuing dental education Recognized Continuing Dental Education in each renewal
period as follows:

1. At least 34–25 credit hours Credit Hours in any one or more of the following areas:
Dental and medical health, and dental hygiene services, periodontal disease, care
of implants, maintenance of cosmetic restorations and sealants, radiology safety
and techniques, managing medical emergencies, pain management, dental
recordkeeping, dental public health, and new concepts in dental hygiene;

2. No more than 1411 credit hours Credit Hours in one or more of the following areas: Dental hygiene practice organization and management, patient management skills, and methods of health care delivery;

3. At least three credit hours Credit Hours in one or more of the following areas: chemical dependency, tobacco cessation, ethics, risk management, or Arizona dental jurisprudence;

4. At least three credit hours Credit Hours in infectious diseases or infectious disease control; and

5. At least three credit hours Credit Hours in CPR cardiopulmonary resuscitation healthcare provider level, ACLS advanced cardiac life support and PALS pediatric advanced life support. Coursework may be completed online if the course requires a physical demonstration of skills.

B. A licensee who performs dental hygiene services under an affiliated practice relationship who is required to obtain continuing education under R4-11-609 may apply those credit hours Credit Hours to the requirements of this Section.

R4-11-1205. Denturists

Denturists shall complete 3627 credit hours Credit Hours of recognized continuing dental education Recognized Continuing Dental Education in each renewal period as follows:

1. At least 2115 credit hours Credit Hours in any one or more of the following areas: Medical and dental health, laboratory procedures, clinical procedures, dental
recordkeeping, removable prosthetics, pain management, dental public health, and new technology in dentistry;

2. No more than **six** three credit hours **Credit Hours** in one or more of the following areas: Denturist practice organization and management, patient management skills, and methods of health care delivery;

3. **At least one** credit hour **Credit Hour** in chemical dependency, which may include tobacco cessation;

4. **At least two** credit hours **Credit Hours** in infectious diseases or infectious disease control;

5. **At least three** credit hours **Credit Hours** in **CPR-cardiopulmonary resuscitation**-healthcare provider level, **ACLS advanced cardiac life support** and **PALS pediatric advanced life support**. Coursework may be completed online if the course requires a physical demonstration of skills; and

6. **At least three** credit hours **Credit Hours** in ethics or Arizona dental jurisprudence.

**R4-11-1206. Restricted Permit Holders - Dental**

In addition to the requirements in R4-11-1202, a dental restricted permit holder **Restricted Permit Holder** shall comply with the following requirements:

1. When applying for renewal under A.R.S. § 32-1238, the restricted permit holder **Restricted Permit Holder** shall provide information to the Board that the restricted permit holder **Restricted Permit Holder** has completed **2415** credit hours **Credit Hours** of recognized continuing dental education **Recognized Continuing Dental Education** yearly.
2. To determine whether to grant the renewal, the Board shall only consider recognized continuing dental education Recognized Continuing Dental Education credits accrued during the 36 months immediately before the renewal deadline prescribed in A.R.S. § 32-1236.

3. A dental restricted permit holder Restricted Permit Holder shall complete the 2415 hours of recognized continuing dental education Recognized Continuing Dental Education before renewal as follows:
   a. At least 12 six credit hours Credit Hours in one or more of the subjects enumerated in R4-11-1203(1);
   b. No more than six three credit hours Credit Hours in one or more of the subjects enumerated in R4-11-1203(2);
   c. At least one credit hour Credit Hour in the subjects enumerated in R4-11-1203(3);
   d. At least one credit hour Credit Hour in the subjects enumerated in R4-11-1203(4).
   e. At least three credit hours Credit Hours in the subjects enumerated in R4-11-1203(5); and
   f. At least one credit hour Credit Hour in the subjects enumerated in R4-11-1203(6).

R4-11-1207. Restricted Permit Holders - Dental Hygiene

In addition to the requirements in R4-11-1202, a dental hygiene restricted permit holder Restricted Permit Holder shall comply with the following:

1. When applying for renewal under A.R.S. § 32-1292, the restricted permit holder Restricted Permit Holder shall provide information to the Board that the restricted permit
holder Restricted Permit Holder has completed 18 nine credit hours Credit Hours of recognized continuing dental education Recognized Continuing Dental Education yearly.

2. To determine whether to grant renewal, the Board shall only consider recognized continuing dental education Recognized Continuing Dental Education credits accrued during the 36 months immediately before the renewal deadline prescribed in A.R.S. § 32-1287.

3. A dental hygiene restricted permit holder Restricted Permit Holder shall complete the 18 nine hours of recognized continuing dental education Recognized Continuing Dental Education before renewal as follows:
   a. At least 93 credit hours Credit Hours in one or more of the subjects enumerated in R4-11-1204(1);
   b. No more than three credit hours Credit Hours in one or more of the subjects enumerated in R4-11-1204(2);
   c. At least one credit hour Credit Hour in the subjects enumerated in R4-11-1204(3);
   d. At least two credit hours Credit Hours in the subjects enumerated in R4-11-1204(4) and
   e. At least three credit hours Credit Hours in the subjects enumerated in R4-11-1204(5).

R4-11-1208. Retired Licensees or Retired Certificate Holders Denturists

A retired Retired licensee Licensee or certificate holder Retired denturist shall:

1. Except for the number of credit hours Credit Hours required, comply with the requirements in R4-11-1202; and
2. When applying for renewal under A.R.S. § 32-1236 for a dentist, A.R.S. § 32-1276.02 for a dental therapist, A.R.S. § 32-1287 for a dental hygienist, and A.R.S. § 32-1297.06 for a denturist, provide information to the Board that the retired licensee or certificate holder has completed the following credit hours of recognized continuing dental education per renewal period:

   a. Dentist - 2724 credit hours of which no less than three credit hours shall be for CPR—cardiopulmonary resuscitation healthcare provider level;
   b. Dental therapist – 21 Credit Hours of which no less than three Credit Hours shall be for cardiopulmonary resuscitation healthcare provider level;
   c. Dental hygienist - 21 Credit Hours of which no less than three Credit Hours shall be for CPR—cardiopulmonary resuscitation healthcare provider level; and
   e-d. Denturist – 9 Credit Hours of which no less than three Credit Hours shall be for CPR—cardiopulmonary resuscitation healthcare provider level.

R4-11-1209. Types of Courses

A. A licensee or certificate holder shall obtain recognized continuing dental education from one or more of the following activities:

   1. Seminars, symposiums, lectures, or programs designed to provide an understanding of current developments, skills, procedures, or treatment related to the practice of dentistry;
2. Seminars, symposiums, lectures, or programs designed to provide an understanding of current developments, skills, procedures, or treatment related to the practice of dentistry by means of audio-video technology in which the licensee is provided all seminar, symposium, lecture or program materials and the technology permits attendees to fully participate; or

3. Curricula designed to prepare for specialty board certification as a specialist or recertification examinations or advanced training at an accredited institution as defined in A.R.S. Title 32, Chapter 11; and

4. Subject to the limitations in subsection (B), any of the following activities that provide an understanding of current developments, skills, procedures, or treatment related to the practice of dentistry:
   a. A correspondence course, video, internet or similar self-study course, if the course includes an examination and the licensee or certificate holder passes the examination;
   b. Participation on the Board, in Board complaint investigations including clinical evaluations or anesthesia and sedation permit evaluations;
   c. Participation in peer review of a national or state dental, dental therapy, dental hygiene, or denturist association or participation in quality of care or utilization review in a hospital, institution, or governmental agency;
   d. Providing dental-related instruction to dental, dental therapy, dental hygiene, or denturist students, or allied health professionals in a recognized dental school, recognized dental therapy school, recognized dental hygiene school, or recognized
denturist school or providing dental-related instruction sponsored by a national, state, or local dental, dental therapy, dental hygiene, or denturist association;

e. Publication or presentation of a dental paper, report, or book authored by the licensee or certificate holder: 
   that provides information on current developments, skills, procedures, or treatment related to the practice of dentistry. A licensee or certificate holder may claim credit hours:
   i. Only once for materials presented;
   ii. Only if the date of publication or original presentation was during the applicable renewal period; and
   iii. One credit hour for each hour of preparation, writing, and presentation; or

f. Providing dental, dental therapy, dental hygiene, or denturist services in a Board-recognized charitable dental clinical or organization.

B. The following limitations apply to the total number of credit hours earned per renewal period in any combination of the activities listed in subsection (A)(4):

1. Dentists and Dental Hygienists, no more than 2421 hours;
2. Dental therapists, no more than 18 hours;
3. Dental hygienists, no more than 15 hours;
4. Denturists, no more than 12 hours;
3.5. Retired or Restricted Permit Holder Dentists, dental therapists, or Dental Hygienists, no more than 92 hours; and
4.6. Retired Denturists, no more than 3 hours.
1. Identification of the rulemaking:

The Board needs to amend its rules related to continuing education ("CE") requirements.

   a. The conduct and its frequency of occurrence that the rule is designed to change:

   Licensees are required to renew their licenses every three years on or before their birthdays. Along with completing a renewal application, licensees are required to report completed hours of CE per renewal cycle.

   b. The harm resulting from the conduct the rule is designed to change and the likelihood it will continue to occur if the rule is not changed:

   There is no harm if the rule is not changed. However, the Arizona CE requirements for dentists rank as the 5th highest state behind only Arkansas, California, Delaware and Kansas. The Arizona CE requirements for hygienists rank as the 2nd highest state behind only Arkansas and in a tie with California.

   c. The estimated change in frequency of the targeted conduct expected from the rule change:

   There will be no change in the frequency of reporting CE.

2. A brief summary of the information included in the economic, small business, and consumer impact statement:

Having gone through a previous 5YRR, the Board recognized that Arizona has one of the highest CE requirements for dental professionals in the country. The Board also

---

1 If adequate data are not reasonably available, the agency shall explain the limitations of the data, the methods used in an attempt to obtain the data, and characterize the probable impacts in qualitative terms. (A.R.S. § 41-1055(C)).
understood that they are not in a “race to the bottom”. Meaning the Board is not competing to see which state would be first to require no CE reporting for dental professionals, but rather to require CE that is more acceptable throughout the United States. The amendment lowers the CE requirements for all dental professionals by 9 credits per renewal cycle.

3. The person to contact to submit or request additional data on the information included in the economic, small business, and consumer impact statement:

Name: Ryan Edmonson, Executive Director
Address: Arizona State Board of Dental Examiners
1740 W. Adams St., Ste. 2470
Phoenix, AZ 85007
Telephone: (602) 542-4493
E-Mail: ryan.edmonson@dentalboard.az.gov

4. Persons who will be directly affected by, bear the costs of, or directly benefit from the rulemaking:

The costs for CE are the Board’s licensees’ responsibilities. However, dental professionals can complete numerous CE courses that are free and many dental professionals work for employers who pay all, or a portion, the CE taken to meet the Board’s renewal requirements.

5. Cost-benefit analysis:

a. Costs and benefits to state agencies directly affected by the rulemaking including the number of new full-time employees at the implementing agency required to implement and enforce the proposed rule:
The Arizona State Board of Dental Examiners is the only state agency affected by the rulemaking amendment and there will not be any costs, including the hiring of more personnel to manage the effects of the
amendment. The benefits, as stated above, lowers the amount of CE for dental professionals when submitting their triennial renewals.

b. **Costs and benefits to political subdivisions directly affected by the rulemaking:**
   N/A

c. **Costs and benefits to businesses directly affected by the rulemaking:**
   No new costs will be incurred to businesses; they are relatively the same whether the licensees complete CE at higher or lower levels.

6. **Impact on private and public employment:**
   N/A

7. **Impact on small businesses**
   a. **Identification of the small business subject to the rulemaking:**
      The Arizona State Board of Dental Examiners’ licensees, but this is no different than currently. There is no financial impact to small businesses other than dental businesses, but there are *no* new costs.

   b. **Administrative and other costs required for compliance with the rulemaking:**
      Negligible

   c. **Description of methods that may be used to reduce the impact on small businesses:**
      Minimal, if any, and only based on the cost to employers who pay for CE course fees for its hired dental professionals.

---

2 Small business has the meaning specified in A.R.S. § 41-1001(20).
8. **Cost and benefit to private persons and consumers who are directly affected by the rulemaking:**

   No new costs will be incurred to individuals. In fact, the dental licensees will benefit from a lower CE requirement to renew their respective license.

9. **Probable effects on state revenues:**

   No new revenues or expenses will be incurred.

10. **Less intrusive or less costly alternative methods considered:**

    The Arizona State Board of Dental Examiners believes that by amending its rules to lower the CE requirements for dental professionals is the less intrusive and less costly alternative.
February 8, 2022

Ryan Edmonson, Executive Director
Arizona State Board of Dental Examiners
Ryan.edmonson@azdentalboard.az.gov

Dear Mr. Edmonson,

The Arizona Oral Health Coalition and other oral health stakeholders and community members are
grateful for the opportunity to submit public comment on NPR [R21-255] concerning articles R4-11-1202
through R4-11-1209: continuing dental education and renewal requirements.

As stakeholders and community members concerned with fair access to oral health for all Arizonans, we
ask that you consider adding language specifically including Cultural Competence and Health Disparities
courses as acceptable for CE credit for the licensing of oral health providers by specifically inserting the
words cultural competence, health disparities, after “skills” and before “and methods” in each applicable
section within R4-11-1203, R4-11-1204, and R4-11-1205.

CE courses that address Cultural Competency and Health Disparities improve outcomes for not just
vulnerable Arizonans but all Arizonans. These courses highlight:

- The importance of preventive oral health care and the positive impact on Arizonans.
- How they improve overall health outcomes for all Arizonans.
- The need to understand how homelessness, history or job loss, loss of portions of one’s income,
  loss of a spouse or wage earner, lack of childcare causing the inability to work, no insurance, can
  lead to failure to access oral healthcare, later to dental cavities, dental infections, and eventual
  pain and suffering, loss of wages and hours from work and in rare cases, death.
- The rate of morbidity and mortality associated with maternal and infant health care and why,
  and the need to provide care and ensure good oral health before pregnancy occurs.
- The overwhelming cost to our economy to address health disparities and how a little more
  knowledge in cultural competency and health disparities could provide the savings that can be
  employed to address other issues that affect Arizonans.

See examples of some of the courses available.

COVID 19 has demonstrated how everyday working Arizonans can be thrust into varying levels of family
economic challenges and, for some, severe poverty. Understanding the challenges that others face by
having some meaningful level of knowledge around cultural competency and health disparities can
prepare our healthcare providers for the next pandemic or new and existing challenges that impact
health outcomes in our communities.

Thank you for your time and consideration.

Ryan Edmonson, Executive Director
Arizona State Board of Dental Examiners
Ryan.edmonson@azdentalboard.az.gov

Dear Mr. Edmonson,

A. T. Still University (ATSU) appreciates the opportunity to submit public comments on NPR [R21-255] concerning articles R4-11-1202 through R4-11-1209: continuing dental education and renewal requirements.

As stakeholders concerned with equitable access to oral health, we ask that you consider including Cultural Competence education (e.g., cultural proficiency, cultural humility, or cultural responsiveness), and Health Disparities courses for CE credit for the licensure of oral health providers in each applicable section within R4-11-1203, R4-11-1204, and R4-11-1205.

Cultural proficiency is a way of being that allows one to respond appropriately in different cultural settings. It isn’t enough for dentists to know cultural differences exist; they should also learn about the differences these differences make. By understanding the potential for misinterpretation and their own biases, dentists will mitigate these differences more effectively. Improving patient confidence and adherence to treatment plans results in culturally proficient behavior. Cultural proficiency is inherent in every ATSU graduate. ATSU-MOSDOH (Missouri School of Dentistry & Oral Health) and ATSU-ASDOH (Arizona School of Dentistry & Oral Health) have core courses required of every student. Elements of cultural proficiency are spread throughout the curricula more explicitly embedded in the Professionalism, Ethical Practice, and Behavioral Science curriculum for ATSU-MOSDOH. ATSU-ASDOH also has course elements strewn throughout its curricula. However, it has a 5300 Practice Management & Professional Development curriculum that includes a course for cultural proficiency (attached).

Cultural proficiency education improves health outcomes for those who do not have a dental benefit for preventative dental services. These courses highlight:

- How culturally proficient behavior improves overall health outcomes.
- The rate of morbidity and mortality associated with maternal and infant health care and why, and the need to provide care and ensure good oral health before pregnancy occurs.
- The overwhelming costs addressing health disparities and how culturally proficient behavior improves efficiencies for a better ROI.
- Improving multi-generational communication.

Culturally proficient education will better prepare healthcare providers for external threats like COVID-19 and reimbursements. CE courses that refresh or improve one’s ability to mitigate conflict in interpersonal, intrapersonal, and group dynamics, impact the bottom line by increasing patient compliance while promoting healthy lifestyles.

Sincerely,

Clinton J. Normore, Vice President
Diversity & Inclusion

ARTICLE 1. DEFINITIONS

The following definitions, and definitions in A.R.S. § 32-1201, apply to this Chapter:

“Analgesia” means a state of decreased sensibility to pain produced by using nitrous oxide (N2O) and oxygen (O2) with or without local anesthesia.

“Application” means, for purposes of Article 3 only, forms designated as applications and all documents and additional information the Board requires to be submitted with an application.

“Business Entity” means a business organization that offers to the public professional services regulated by the Board and is established under the laws of any state or foreign country, including a sole practitioner, partnership, limited liability partnership, corporation, and limited liability company, unless specifically exempted by A.R.S. § 32-1213(J).

“Calculus” means a hard mineralized deposit attached to the teeth.

“Certificate holder” means a denturist who practices denture technology under A.R.S. Title 32, Chapter 11, Article 5.

“Charitable Dental Clinic or Organization” means a non-profit organization meeting the requirements of 26 U.S.C. 501(c)(3) and providing dental or dental hygiene services.

“Clinical evaluation” means a dental examination of a patient named in a complaint regarding the patient's dental condition as it exists at the time the examination is performed.

“Closed subgingival curettage” means the removal of the inner surface of the soft tissue wall of a periodontal pocket in a situation where a flap of tissue has not been intentionally or surgically opened.

“Controlled substance” has the meaning prescribed in A.R.S. § 36-2501(A)(3).

“Credit hour” means one clock hour of participation in a recognized continuing dental education program.

“Deep sedation” is a drug-induced depression of consciousness during which a patient cannot be easily aroused but responds purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function may be impaired. The patient may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is maintained.

“Dental laboratory technician” or “dental technician” has the meaning prescribed in A.R.S. § 32-1201(7).

“Dentist of record” means a dentist who examines, diagnoses, and formulates treatment plans for a patient and may provide treatment to the patient.

“Designee” means a person to whom the Board delegates authority to act on the Board’s behalf regarding a particular task specified by this Chapter.

“Direct supervision” means, for purposes of Article 7 only, that a licensed dentist is present in the office and available to provide immediate treatment or care to a patient and observe a dental assistant’s work.

“Disabled” means a dentist, dental hygienist, or denturist has totally withdrawn from the active practice of dentistry, dental hygiene, or denturism due to a permanent medical disability and based on a physician’s order.

“Dispense for profit” means selling a drug or device for any amount above the administrative overhead costs to inventory.

“Documentation of attendance” means documents that contain the following information:

  Name of sponsoring entity;
  Course title;
  Number of credit hours;
  Name of speaker; and
Date, time, and location of the course.

“Drug” means:
Articles recognized, or for which standards or specifications are prescribed, in the official compendium;
Articles intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in the human body;
Articles other than food intended to affect the structure of any function of the human body; or
Articles intended for use as a component of any articles specified in this definition but does not include devices or components, parts, or accessories of devices.

“Emerging scientific technology” means any technology used in the treatment of oral disease that is not currently generally accepted or taught in a recognized dental or dental hygiene school and use of the technology poses material risks.

“Epithelial attachment” means the layer of cells that extends apically from the depth of the gingival (gum) sulcus (crevice) along the tooth, forming an organic attachment.

“Ex-parte communication” means a written or oral communication between a decision maker, fact finder, or Board member and one party to the proceeding, in the absence of other parties.

“General anesthesia” is a drug-induced loss of consciousness during which the patient is not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. The patient often requires assistance in maintaining a patent airway, and positive-pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired.

“General supervision” means, for purposes of Article 7 only, a licensed dentist is available for consultation, whether or not the dentist is in the office, regarding procedures or treatment that the dentist authorizes and for which the dentist remains responsible.

“Homebound patient” means a person who is unable to receive dental care in a dental office as a result of a medically diagnosed disabling physical or mental condition.

“Irreversible procedure” means a single treatment, or a step in a series of treatments, that causes change in the affected hard or soft tissues and is permanent or may require reconstructive or corrective procedures to correct the changes.

“Jurisdiction” means the Board’s power to investigate and rule on complaints that allege grounds for disciplinary action under A.R.S. Title 32, Chapter 11 or this Chapter.

“Licensee” means a dentist, dental hygienist, dental consultant, retired licensee, or person who holds a restricted permit under A.R.S. §§ 32-1237 or 32-1292.

“Local anesthesia” is the elimination of sensations, such as pain, in one part of the body by the injection of an anesthetic drug.

“Minimal sedation” is a minimally depressed level of consciousness that retains a patient’s ability to independently and continuously maintain an airway and respond appropriately to light tactile stimulation, not limited to reflex withdrawal from a painful stimulus, or verbal command and that is produced by a pharmacological or non-pharmacological method or a combination thereof. Although cognitive function and coordination may be modestly impaired, ventilatory and cardiovascular functions are unaffected. In accord with this particular definition, the drugs or techniques used should carry a margin of safety wide enough to render unintended loss of consciousness unlikely.

“Moderate sedation” is a drug-induced depression of consciousness during which a patient responds purposefully to verbal commands either alone or accompanied by light tactile stimulation, not limited to reflex withdrawal from a painful stimulus. No interventions are required to maintain a patent airway, and spontaneous ventilation is adequate. Cardiovascular function is maintained. The drugs or techniques used should carry a margin of safety wide enough to render unintended loss of consciousness unlikely. Repeated dosing of a drug before the effects of previous dosing can be fully recognized may result in a greater alteration of the state of consciousness than intended by the permit holder.

“Nitrous oxide analgesia” means nitrous oxide (N2O/O2) used as an inhalation analgesic.
“Nonsurgical periodontal treatment” means plaque removal, plaque control, supragingival and subgingival scaling, root planing, and the adjunctive use of chemical agents.

“Official compendium” means the latest revision of the United States Pharmacopeia and the National Formulary and any current supplement.

“Oral sedation” is the enteral administration of a drug or nondrug substance or combination inhalation and enterally administered drug or non-drug substance in a dental office or dental clinic to achieve minimal or moderate sedation.

“Parenteral sedation” is a minimally depressed level of consciousness that allows the patient to retain the ability to independently and continuously maintain an airway and respond appropriately to physical stimulation or verbal command and is induced by a pharmacological or non-pharmacological method or a combination of both methods of administration in which the drug bypasses the gastrointestinal tract.

“Patient of record” means a patient who has undergone a complete dental evaluation performed by a licensed dentist.

“Periodontal examination and assessment” means to collect and correlate clinical signs and patient symptoms that point to either the presence of or the potential for periodontal disease.

“Periodontal pocket” means a pathologic fissure bordered on one side by the tooth and on the opposite side by crevicular epithelium and limited in its depth by the epithelial attachment.

“Plaque” means a film-like sticky substance composed of mucoidal secretions containing bacteria and toxic products, dead tissue cells, and debris.

“Polish” means, for the purposes of A.R.S. § 32-1291(B) only, a procedure limited to the removal of plaque and extrinsic stain from exposed natural and restored tooth surfaces that utilizes an appropriate rotary instrument with rubber cup or brush and polishing agent. A licensee or dental assistant shall not represent that this procedure alone constitutes an oral prophylaxis.

“Prescription-only device” means:
Any device that is restricted by the federal act, as defined in A.R.S. § 32-1901, to use only under the supervision of a medical practitioner; or
Any device required by the federal act, as defined in A.R.S. § 32-1901, to bear on its label the legend “Rx Only.”

“Prescription-only drug” does not include a controlled substance but does include:
Any drug that, because of its toxicity or other potentiality for harmful effect, the method of its use, or the collateral measures necessary to its use, is not generally recognized among experts, qualified by scientific training and experience to evaluate its safety and efficacy, as safe for use except by or under the supervision of a medical practitioner;
Any drug that is limited by an approved new drug application under the federal act or A.R.S. § 32-1962 to use under the supervision of a medical practitioner; Every potentially harmful drug, the labeling of which does not bear or contain full and adequate directions for use by the consumer; or
Any drug required by the federal act to bear on its label the legend “RX Only.”

“President’s designee” means the Board’s executive director, an investigator, or a Board member acting on behalf of the Board president.

“Preventative and therapeutic agents” means substances used in relation to dental hygiene procedures that affect the hard or soft oral tissues to aid in preventing or treating oral disease.

“Prophylaxis” means a scaling and polishing procedure performed on patients with healthy tissues to remove coronal plaque, calculus, and stains.

“Public member” means a person who is not a dentist, dental hygienist, dental assistant, denturist, or dental technician.

“Recognized continuing dental education” means a program whose content directly relates to the art and science of oral health and treatment, provided by a recognized dental school as defined in A.R.S. § 32-1201(18), recognized dental hygiene school as defined in A.R.S. § 32-1201(17), or recognized denturist school as defined in A.R.S. § 32-1201(19), or sponsored by a national or state dental, dental hygiene, or denturist association, American Dental Association, Continuing Education Recognition Program (ADA CERP) or Academy of General Dentistry, Program
Approval for Continuing Education (AGD PACE) approved provider, dental, dental hygiene, or denturist study club, governmental agency, commercial dental supplier, non-profit organization, accredited hospital, or programs or courses approved by other state, district, or territorial dental licensing boards.

“Restricted permit holder” means a dentist who meets the requirements of A.R.S. § 32-1237 or a dental hygienist who meets the requirements of A.R.S. § 32-1292 and is issued a restricted permit by the Board.

“Retired” means a dentist, dental hygienist, or denturist is at least 65 years old and has totally withdrawn from the active practice of dentistry, dental hygiene, or denturism.

“Root planing” means a definitive treatment procedure designed to remove cementum or surface dentin that is rough, impregnated with calculus, or contaminated with toxins or microorganisms.

“Scaling” means use of instruments on the crown and root surfaces of the teeth to remove plaque, calculus, and stains from these surfaces.

“Section 1301 permit” means a permit to administer general anesthesia and deep sedation, employ or work with a physician anesthesiologist, or employ or work with a Certified Registered Nurse Anesthetist (CRNA) under Article 13.

“Section 1302 permit” means a permit to administer parenteral sedation, employ or work with a physician anesthesiologist, or employ or work with a Certified Registered Nurse Anesthetist (CRNA) under Article 13.

“Section 1303 permit” means a permit to administer oral sedation, employ or work with a physician anesthesiologist, or employ or work with a Certified Registered Nurse Anesthetist (CRNA) under Article 13.

“Section 1304 permit” means a permit to employ or work with a physician anesthesiologist, or employ or work with a Certified Registered Nurse Anesthetist (CRNA) under Article 13.

“Study club” means a group of at least five Arizona licensed dentists, dental hygienists, or denturists who provide written course materials or a written outline for a continuing education presentation that meets the requirements of Article 12.

“Treatment records” means all documentation related directly or indirectly to the dental treatment of a patient.

R4-11-102. Renumbered

Historical Note

Adopted effective May 12, 1977 (Supp. 77-3). Former Section R4-11-02 renumbered as Section R4-11-102 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-101 renumbered to R4-11-201, new Section R4-11-101 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-103. Renumbered

Historical Note
Adopted effective May 12, 1977 (Supp. 77-3). Former Section R4-11-03 renumbered as Section R4-11-103 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-103 renumbered to R4-11-203 by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-104. Repealed

Historical Note
Adopted effective May 12, 1977 (Supp. 77-3). Former Section R4-11-04 renumbered as Section R4-11-104 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-104 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-105. Repealed

Historical Note
Adopted effective May 12, 1977 (Supp. 77-3). Former Section R4-11-05 renumbered as Section R4-11-105 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-105 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

ARTICLE 2. LICENSURE BY CREDENTIAL

R4-11-201. Clinical Examination; Requirements
A. If an applicant is applying under A.R.S. §§ 32-1240(A) or 32-1292.01(A), the Board shall ensure that the applicant has passed the clinical examination of another state, United States territory, District of Columbia or a regional testing agency. Satisfactory completion of the clinical examination may be demonstrated by one of the following:
   1. Certified documentation, sent directly from another state, United States territory, District of Columbia or a regional testing agency, that confirms successful completion of the clinical examination or multiple examinations administered by the state, United States territory, District of Columbia or regional testing agency. The certified documentation shall contain the name of the applicant, date of examination or examinations and proof of a passing score; or
   2. Certified documentation sent directly from another state, United States territory or District of Columbia dental board that shows the applicant passed that state's, United States territory's or District of Columbia's clinical examination before that state's, United States territory's or District of Columbia's participation in a regional examination. The certified documentation shall contain the name of applicant, date of examination or examinations and proof of a passing score.
B. An applicant shall meet the licensure requirements in R4-11-301 and R4-11-303.

Historical Note

R4-11-202. Dental Licensure by Credential; Application
A. A dentist applying under A.R.S. § 32-1240(A) shall comply with all other applicable requirements in A.R.S. Title 32, Chapter 11 and this Article.
B. A dentist applying under A.R.S. § 32-1240(A)(1) shall:
1. Have a current dental license in another state, territory or district of the United States; 2. Submit a written affidavit affirming that the dentist has practiced dentistry for a minimum of 5000 hours during the five years immediately before applying for licensure by credential. For purposes of this subsection, dental practice includes experience as a dental educator at a dental program accredited by the American Dental Association Commission on Dental Accreditation or employment as a dentist in a public health setting; 3. Submit a written affidavit affirming that the applicant has complied with the continuing dental education requirement of the state in which the applicant is currently licensed; and 4. Provide evidence regarding the clinical examination by complying with one of the subsections in R4-11-201(A)(1).

C. A dentist applying under A.R.S. § 32-1240(A)(2) shall submit certified documentation sent directly from the applicable state, United States territory, District of Columbia or regional testing agency to the Board that contains the name of applicant, date of examination or examinations and proof of a passing score.

D. For any application submitted under A.R.S. § 32-1240(A), the Board may request additional clarifying evidence required under the applicable subsection in R4-11-201(A)(1).

E. An applicant for dental licensure by credential shall pay the fee prescribed in A.R.S. § 32-1240, except the fee is reduced by 50% for applicants who will be employed or working under contract in:
   1. Underserved areas, such as declared or eligible Health Professional Shortage Areas (HPSAs); or
   2. Other facilities caring for underserved populations as recognized by the Arizona Department of Health Services and approved by the Board.

F. An applicant for dental licensure by credential who works in areas or facilities described in subsection (E) shall:
   1. Commit to a three-year, exclusive service period,
   2. File a copy of a contract or employment verification statement with the Board, and
   3. As a licensee, submit an annual contract or employment verification statement to the Board by December 31 of each year.

G. A licensee’s failure to comply with the requirements in subsection (F) is considered unprofessional conduct and may result in disciplinary action based on the circumstances of the case.

Historical Note
Former Rule 2b; Former Section R4-11-12 renumbered as Section R4-11-202 and amended effective July 29, 1981 (Supp. 81-4). Former Section R4-11-202 repealed, new Section R4-11-202 renumbered from R4-11-102 and the heading amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Labeling changes made to reflect current style requirements (Supp. 99-1). Section expired under A.R.S. § 41-1056(E), effective April 30, 2001 (Supp. 01-2). New Section made by final rulemaking at 9 A.A.R. 4126, effective November 8, 2003 (Supp. 03-3). Amended by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).

R4-11-203. Dental Hygienist Licensure by Credential; Application
A. A dental hygienist applying under A.R.S. § 32-1292.01(A) shall comply with all other applicable requirements in A.R.S. Title 32, Chapter 11 and this Article.
B. A dental hygienist applying under A.R.S. § 32-1292.01(A)(1) shall:
   1. Have a current dental hygienist license in another state, territory, or district of the United States;
   2. Submit a written affidavit affirming that the applicant has practiced as a dental hygienist for a minimum of 1000 hours during the two years immediately before applying for licensure by credential. For purposes of this subsection, dental hygienist practice includes experience as a dental hygienist educator at a dental program accredited by the American Dental Association Commission on Dental Accreditation or employment as a dental hygienist in a public health setting;
3. Submit a written affidavit affirming that the applicant has complied with the continuing dental hygienist education requirement of the state in which the applicant is currently licensed; and
4. Provide evidence regarding the clinical examination by complying with one of the subsections in R4-11-201(A)(1).

C. A dental hygienist applying under A.R.S. § 32-1292.01(A)(2) shall submit certified documentation sent directly from the applicable state, United States territory, District of Columbia or regional testing agency to the Board that contains the name of applicant, date of examination or examinations and proof of a passing score.

D. For any application submitted under A.R.S. § 32-1292.01(A), the Board may request additional clarifying evidence as required under the applicable subsection in R4-11-201(A).

E. An applicant for dental hygienist licensure by credential shall pay the fee prescribed in A.R.S. § 32-1292.01, except the fee is reduced by 50% for applicants who will be employed or working under contract in:
   1. Underserved areas such as declared or eligible Health Professional Shortage Areas (HPSAs); or
   2. Other facilities caring for underserved populations, as recognized by the Arizona Department of Health Services and approved by the Board.

F. An applicant for dental hygienist licensure by credential who works in areas or facilities described in subsection (E) shall:
   1. Commit to a three-year exclusive service period,
   2. File a copy of a contract or employment verification statement with the Board, and
   3. As a licensee, submit an annual contract or employment verification statement to the Board by December 31 of each year.

G. A licensee’s failure to comply with the requirements in R4-11-203(F) is considered unprofessional conduct and may result in disciplinary action based on the circumstances of the case.

Historical Note
Former Rule 2c; Former Section R4-11-13 repealed, new Section R4-11-13 adopted effective November 20, 1979 (Supp. 79-6). Amended effective October 30, 1980 (Supp. 80-5). Former Section R4-11-13 renumbered as Section R4-11-203 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-203 renumbered to R4-11-302, new Section R4-11-203 renumbered from R4-11-103 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section expired under A.R.S. § 41-1056(E), effective April 30, 2001 (Supp. 01-2). New Section made by final rulemaking at 9 A.A.R. 4126, effective November 8, 2003 (Supp. 03-3). Amended by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).

R4-11-204. Dental Assistant Radiography Certification by Credential
Eligibility. To be eligible for dental assistant radiography certification by credential, an applicant shall have a current certificate or other form of approval for taking dental radiographs, issued by a professional licensing agency in another state, United States territory or the District of Columbia that required successful completion of a written dental radiography examination.

Historical Note
Former Rule 2d; Former Section R4-11-14 repealed, new Section R4-11-14 adopted effective April 27, 1977 (Supp. 77-2). Former Section R4-11-14 renumbered as Section R4-11-204, repealed, and new Section R4-11-204 adopted effective July 29, 1981 (Supp. 81-4). Former Section R4-11-204 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). New Section made by final rulemaking at 9 A.A.R. 4126, effective November 8, 2003 (Supp. 03-3). Amended by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).
R4-11-205. Application for Dental Assistant Radiography Certification by Credential
A. An applicant for dental assistant radiography certification by credential shall provide to the Board a completed application, on a form furnished by the Board that contains the following information:
   1. A sworn statement of the applicant’s eligibility, and
   2. A letter of endorsement that verifies compliance with R4-11-204.
B. Based upon review of information provided under subsection (A), the Board or its designee shall request that an applicant for dental assistant radiography certification by credential provide a copy of a certified document that indicates the reason for a name change if the applicant’s documentation contains different names.

Historical Note
Former Rule 2e; Former Section R4-11-15 renumbered as Section R4-11-205 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-205 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). New Section made by final rulemaking at 9 A.A.R. 4126, effective November 8, 2003 (Supp. 03-3).

R4-11-206. Repealed

Historical Note
Former Rule 2f; Amended as an emergency effective July 7, 1978, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 78-4). Former emergency adoption now adopted and amended effective September 7, 1979 (Supp. 79-5). Former Section R4-11-16 renumbered as Section R4-11-206 and amended effective July 29, 1981 (Supp. 81-4). Former Section R4-11-206 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-207. Repealed

Historical Note
Former Rule 2g; Former Section R4-11-17 renumbered as Section R4-11-207, repealed, and new Section R4-11-207 adopted effective July 29, 1981 (Supp. 81-4). Former Section R4-11-207 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-208. Repealed

Historical Note
Former Section R4-11-20 repealed, new Section R4-11-20 adopted effective May 12, 1977 (Supp. 77-3). Amended effective October 30, 1980 (Supp. 80-5). Former Section R4-11-20 renumbered as Section R4-11-208 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-208 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-209. Repealed

Historical Note
Adopted effective March 23, 1976 (Supp. 76-2). Former Section R4-11-19 renumbered as R4-11-209 and repealed. Former Section R4-11-21 renumbered as Section R4-11-209 and amended effective July 29, 1981 (Supp. 81-4). Former Section R4-11-209 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-210. Repealed

Historical Note
Adopted effective March 23, 1976 (Supp. 76-2). Amended effective June 7, 1978 (Supp. 78-3). Former Section R4-11-22 renumbered as Section R4-11-210 and amended effective July
R4-11-211. Repealed

Historical Note
Adopted effective August 26, 1977 (Supp. 77-4). Former Section R4-11-23 renumbered as Section R4-11-211 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-211 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-212. Repealed

Historical Note

R4-11-213. Repealed

Historical Note
Adopted as an emergency effective July 7, 1978, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 78-4). Former emergency adoption now adopted effective September 7, 1979 (Supp. 79-5). Former Section R4-11-25 renumbered as Section R4-11-213, repealed, and new Section R4-11-213 adopted effective July 29, 1981 (Supp. 81-4). Former Section R4-11-213 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-214. Repealed

Historical Note
Former Rule 2h; Amended effective March 23, 1976 (Supp. 76-2). Former Section R4-11-18 renumbered as Section R4-11-214 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-214 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-215. Repealed

Historical Note
Adopted effective June 16, 1982 (Supp. 82-3). Former Section R4-11-215 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-216. Repealed

Historical Note
Adopted effective June 16, 1982 (Supp. 82-3). Former Section R4-11-216 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

ARTICLE 3. EXAMINATION, LICENSING QUALIFICATIONS, APPLICATION AND RENEWAL, TIME-FRAMES

R4-11-301. Application
A. An applicant for licensure or certification shall provide the following information and documentation:
   1. A sworn statement of the applicant’s qualifications for the license or certificate on a form provided by the Board;
   2. A photograph of the applicant that is no more than 6 months old;
3. An official, sealed transcript sent directly to the Board from either:
   a. The applicant's dental, dental hygiene, or denturist school, or
   b. A verified third-party transcript provider.
4. Except for a dental consultant license applicant, dental and dental hygiene license applicants provide proof of successfully completing a clinical examination by submitting:
   a. If applying for dental licensure by examination, a copy of the certificate or score card from the Western Regional Examining Board, indicating that the applicant passed the Western Regional Examining Board examination within the five years immediately before the date the application is filed with the Board;
   b. If applying for dental hygiene licensure by examination, a copy of the certificate or scorecard from the Western Regional Examining Board or an Arizona Board-approved clinical examination administered by a state, United States territory, District of Columbia or regional testing agency. The certificate or scorecard must indicate that the applicant passed the examination within the five years immediately before the date the application is filed with the Board; or
   c. If applying for licensure by credential, certified documentation sent directly from the applicable state, United States territory, District of Columbia or regional testing agency to the Board containing the name of the applicant, date of examination or examinations and proof of a passing score;
5. Except for a dental consultant license applicant as provided in A.R.S. § 32-1234(A)(7), dental and dental hygiene license applicants must have an official score card sent directly from the National Board examination to the Board;
6. A copy showing the expiration date of the applicant's current cardiopulmonary resuscitation healthcare provider level certificate from the American Red Cross, the American Heart Association, or another certifying agency that follows the same procedures, standards, and techniques for CPR training and certification as the American Red Cross or American Heart Association;
7. A license or certification verification from any other jurisdiction in which an applicant is licensed or certified, sent directly from that jurisdiction to the Board. If the license verification cannot be sent directly to the Board from the other jurisdiction, the applicant must submit a written affidavit affirming that the license verification submitted was issued by the other jurisdiction;
8. If a dental or dental hygiene applicant has been licensed in another jurisdiction for more than six months, a copy of the self-inquiry from the National Practitioner Data Bank that is no more than 30 days old;
9. If a denturist applicant has been certified in another jurisdiction for more than six months, a copy of the self-inquiry from the Health Integrity and Protection Data Bank that is no more than 30 days old;
10. If the applicant is in the military or employed by the United States government, a letter of endorsement from the applicant’s commanding officer or supervisor that confirms the applicant's military service or United States government employment record; and
11. The jurisprudence examination fee.
B. The Board may request that an applicant provide:
   1. An official copy of the applicant’s dental, dental hygiene, or denturist school diploma,
   2. A copy of a certified document that indicates the reason for a name change if the applicant’s application contains different names,
   3. Written verification of the applicant’s work history, and
   4. A copy of a high school diploma or equivalent certificate.
C. An applicant shall pass the Arizona jurisprudence examination with a minimum score of 75%.

Historical Note
Former Rule 3A; Former Section R4-11-29 repealed, new Section R4-11-29 adopted effective April 27, 1977 (Supp. 77-2). Former Section R4-11-29 renumbered as Section R4-
R4-11-302. Repealed

Historical Note
Former Rule 3B; Former Section R4-11-30 repealed, new Section R4-11-30 adopted effective April 27, 1977 (Supp. 77-2). Former Section R4-11-30 renumbered as Section R4-11-302 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-302 repealed, new Section R4-11-302 renumbered from R4-11-203 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).

R4-11-303. Application Processing Procedures: Issuance, Denial, and Renewal of Dental Licenses, Restricted Permits, Dental Hygiene Licenses, Dental Consultant Licenses, Denturist Certificates, Drug or Device Dispensing Registrations, Business Entity Registration and Mobile Dental Facility and Portable Dental Unit Permits
A. The Board office shall complete an administrative completeness review within 24 days of the date of receipt of an application for a license, certificate, permit, or registration.
   1. Within 14 calendar days of receiving an initial or renewal application for a dental license, restricted permit, dental hygiene license, dental consultant license, denturist certificate, drug dispensing registration, business entity registration, mobile dental facility or portable dental unit permit, the Board office shall notify the applicant, in writing, whether the application package is complete or incomplete.
   2. If the application package is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 24-day timeframe for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.
   3. If the Board office does not provide the applicant with notice regarding administrative completeness, the application package shall be deemed complete 24 days after receipt by the Board office.
B. An applicant with an incomplete application package shall submit all missing information within 60 calendar days of service of the notice of incompleteness.
C. Upon receipt of all missing information, the Board office shall notify the applicant, in writing, within 10 calendar days, that the application package is complete. If an applicant fails to submit a complete application package within the time allowed in subsection (B), the Board office shall close the applicant's file. An applicant whose file is closed and who later wishes to obtain a license, certificate, permit, or registration shall apply again as required in R4-11-301.
D. The Board shall not approve or deny an application until the applicant has fully complied with the requirements of A.A.C. Title 4, Chapter 11, Article 3.
E. The Board shall complete a substantive review of the applicant's qualifications in no more than 90 calendar days from the date on which the administrative completeness review of an application package is complete.
   1. If the Board finds an applicant to be eligible for a license, certificate, permit, or registration and grants the license, certificate, permit, or registration, the Board office shall notify the applicant in writing.
   2. If the Board finds an applicant to be ineligible for a license, certificate, permit, or registration, the Board office shall issue a written notice of denial to the applicant that includes:
a. Each reason for the denial, with citations to the statutes or rules on which the denial is based;
b. The applicant's right to request a hearing on the denial, including the number of days the applicant has to file the request;
c. The applicant's right to request an informal settlement conference under A.R.S. § 41-1092.06; and
d. The name and telephone number of an agency contact person who can answer questions regarding the application process.

3. If the Board finds deficiencies during the substantive review of an application package, the Board office may issue a comprehensive written request to the applicant for additional documentation. An additional supplemental written request for information may be issued upon mutual agreement between the Board or Board office and the applicant.

4. The 90-day time-frame for a substantive review of an applicant's qualifications is suspended from the date of a written request for additional documentation until the date that all documentation is received. The applicant shall submit the additional documentation before the next regularly scheduled Board meeting.

5. If the applicant and the Board office mutually agree in writing, the 90-day substantive review time-frame may be extended once for no more than 28 days.

F. The following time-frames apply for an initial or renewal application governed by this Section:
   1. Administrative completeness review time-frame: 24 calendar days.
   2. Substantive review time-frame: 90 calendar days.
   3. Overall time-frame: 114 calendar days.

G. An applicant whose license is denied has a right to a hearing, an opportunity for rehearing, and, if the denial is upheld, may seek judicial review pursuant to A.R.S. Title 41, Chapter 6, Article 10, and A.R.S. Title 12, Chapter 7, Article 6.

Historical Note
Former Rule 3C; Former Section R4-11-31 renumbered as Section R4-11-303 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-303 repealed, new Section R4-11-303 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section amended by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1). Amended by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).

R4-11-304. Application Processing Procedures: Issuance and Denial of Dental Assistant Certificates Radiography Certification by Credential
A. Within 14 calendar days of receiving an application from an applicant for a dental assistant radiography certification by credential, the Board or its designee shall notify the applicant, in writing, that the application package is complete or incomplete. If the package is incomplete, the notice shall specify what information is missing.
B. An applicant with an incomplete application package shall supply the missing information within 60 calendar days from the date of the notice. If the applicant fails to do so, an applicant shall begin the application process anew.
C. Upon receipt of all missing information, within 10 calendar days, the Board or its designee shall notify the applicant, in writing, that the application is complete.
D. The Board or its designee shall not process an application until the applicant has fully complied with the requirements of this Article.
E. The Board or its designee shall notify an applicant, in writing, whether the certificate is granted or denied, no later than 90 calendar days after the date of the notice advising the applicant that the package is complete.
F. The notice of denial shall inform the applicant of the following:
   1. The reason for the denial, with a citation to the statute or rule which requires the applicant to pass the examination;
2. The applicant’s right to request a hearing on the denial, including the number of days the applicant has to file the request;
3. The applicant’s right to request an informal settlement conference under A.R.S. § 41-1092.06; and
4. The name and telephone number of an agency contact person or a designee who can answer questions regarding the application process.

G. The following time-frames apply for certificate applications governed by this Section:
1. Administrative completeness review time-frame: 24 calendar days.
2. Substantive review time-frame: 90 calendar days.
3. Overall time-frame: 114 calendar days.

H. An applicant whose certificate is denied has a right to a hearing, an opportunity for rehearing, and, if the denial is upheld, may seek judicial review pursuant to A.R.S. Title 41, Chapter 6, Article 10, and A.R.S. Title 12, Chapter 7, Article 6.

Historical Note
Former Rule 3D; Former Section R4-11-32 renumbered as Section R4-11-304 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-304 repealed, new Section R4-11-304 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Amended by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).

R4-11-305. Application Processing Procedures: Issuance, Denial, and Renewal of General Anesthesia and Deep Sedation Permits, Parenteral Sedation Permits, Oral Sedation Permits, and Permit to Employ a Physician Anesthesiologist or CRNA

A. The Board office shall complete an administrative completeness review within 24 days from the date of the receipt of an application for a permit.
   1. Within 14 calendar days of receiving an initial or renewal application for a general anesthesia and deep sedation permit, parenteral sedation permit, oral sedation permit or permit to employ a physician anesthesiologist or CRNA the Board office shall notify the applicant, in writing, whether the application package is complete or incomplete.
   2. If the application package is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 24-day time-frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.
   3. If the Board office does not provide the applicant with notice regarding administrative completeness, the application package shall be deemed complete 24 days after receipt by the Board office.

B. An applicant with an incomplete application package shall submit all missing information within 60 calendar days of service of the notice of incompleteness.

C. Upon receipt of all missing information, the Board office shall notify the applicant, in writing, within 10 calendar days, that the application package is complete. If an applicant fails to submit a complete application package within the time allowed in subsection (B), the Board office shall close the applicant's file. An applicant whose file is closed and who later wishes to obtain a permit shall apply again as required in A.A.C. Title 4, Chapter 11, Article 13.

D. The Board shall not approve or deny an application until the applicant has fully complied with the requirements of this Section and A.A.C. Title 4, Chapter 11, Article 13.

E. The Board shall complete a substantive review of the applicant's qualifications in no more than 120 calendar days from the date on which the administrative completeness review of an application package is complete.
   1. If the Board finds an applicant to be eligible for a permit and grants the permit, the Board office shall notify the applicant in writing.
2. If the Board finds an applicant to be ineligible for a permit, the Board office shall issue a written notice of denial to the applicant that includes:
   a. Each reason for the denial, with citations to the statutes or rules on which the denial is based;
   b. The applicant's right to request a hearing on the denial, including the number of days the applicant has to file the request;
   c. The applicant's right to request an informal settlement conference under A.R.S. § 41-1092.06; and
   d. The name and telephone number of an agency contact person who can answer questions regarding the application process.

3. If the Board finds deficiencies during the substantive review of an application package, the Board office shall issue a comprehensive written request to the applicant for additional documentation.

4. The 120-day time-frame for a substantive review of an applicant's qualifications is suspended from the date of a written request for additional documentation until the date that all documentation is received.

5. If the applicant and the Board office mutually agree in writing, the 120-day substantive review time-frame may be extended once for no more than 36 days.

F. The following time-frames apply for an initial or renewal application governed by this Section:
   1. Administrative completeness review time-frame: 24 calendar days.
   2. Substantive review time-frame: 120 calendar days.
   3. Overall time-frame: 144 calendar days.

**Historical Note**

**ARTICLE 4. FEES**

**R4-11-401. Retired or Disabled Licensure Renewal Fee**
As expressly authorized under A.R.S. § 32-1207(B)(3)(c), the licensure renewal fee for a retired or disabled dentist or dental hygienist is $15.

**Historical Note**
Adopted effective December 6, 1974 (Supp. 75-1). Amended effective March 23, 1976 (Supp. 76-2). Former Section R4-11-42 renumbered as Section R4-11-401 and repealed effective July 29, 1981 (Supp. 81-4). Adopted effective February 16, 1995 (Supp. 95-1). Former Section R4-11-401 repealed, new Section R4-11-401 renumbered from R4-11-901 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 748, effective February 2, 2000 (Supp. 00-1). Section amended by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1). Amended by final rulemaking at 22 A.A.R. 3697, effective February 6, 2017 (Supp. 16-4).

**R4-11-402. Business Entity Fees**
As expressly authorized under A.R.S. § 32-1213, the Board establishes and shall collect the following fees from a Business Entity offering dental services:
   1. Initial triennial registration, $300 per location;
   2. Renewal of triennial registration, $300 per location; and
   3. Late triennial registration renewal, $100 per location in addition to the fee under subsection (2).

**Historical Note**
R4-11-403. Licensing Fees

A. As expressly authorized under A.R.S. §§ 32-1236, 32-1287, and 32-1297.06, the Board establishes and shall collect the following licensing fees:

1. Dentist triennial renewal fee: $510;
2. Dentist prorated initial license fee: $110;
3. Dental hygienist triennial renewal fee: $255;
4. Dental hygienist prorated initial license fee: $55;
5. Denturist triennial renewal fee: $233; and
6. Denturist prorated initial license fee: $46.

B. The following license-related fees are established in or expressly authorized by statute. The Board shall collect the fees:

1. Jurisprudence examination fee:
   a. Dentists: $300;
   b. Dental Hygienists: $100; and
   c. Denturists: $250.
2. Licensure by credential fee:
   a. Dentists: $2,000; and
   b. Dental Hygienists: $1,000.
3. Penalty to reinstate an expired license or certificate: $100 for a dentist, dental hygienist, or denturist in addition to renewal fee specified under subsection (A).
4. Penalty for a dentist, dental hygienist, or denturist who fails to notify Board of a change of mailing address:
   a. Failure after 10 days: $50; and
   b. Failure after 30 days: $100.

Historical Note

Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-43 renumbered as Section R4-11-402, repealed, and new Section R4-11-402 adopted effective July 29, 1981 (Supp. 81-4). Amended effective February 16, 1995 (Supp. 95-1). Former Section R4-11-402 renumbered to R4-11-601, new Section R4-11-402 renumbered from R4-11-902 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 748, effective February 2, 2000 (Supp. 00-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (05-1). Amended by final rulemaking at 22 A.A.R. 3697, effective February 6, 2017 (Supp. 16-4).

R4-11-404. Repealed

Historical Note

Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-45 renumbered as Section R4-11-404 and repealed effective July 29, 1981 (Supp. 81-4). Adopted effective February 16, 1995 (Supp. 95-1). Former Section R4-11-404 renumbered to R4-11-602, new Section R4-11-404 renumbered from R4-11-903 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 748, effective February 2, 2000 (Supp. 00-1). Section repealed by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (05-1).
R4-11-405. Charges for Board Services
The Board shall charge the following for the services provided:

1. Duplicate license: $25;
2. Duplicate certificate: $25;
3. License verification:
   a. For licensee: $25; and
   b. For non-licensee: $5;
4. Copy of audio recording: $10;
5. Photocopies (per page): $.25;
6. Mailing lists:
   a. Dentists:
      i. In-state licensees - paper or labels: $150;
      ii. All licensees - paper or labels: $175; and
      iii. Mailing list in digital format: $100;
   b. Dental hygienists:
      i. In-state licensees - paper or labels: $150;
      ii. All licensees - paper or labels: $175; and
      iii. Mailing list in digital format: $100; and
   c. Denturists: All certificate holders - paper, labels, or digital format: $5; and
7. Board meeting agendas and minutes (mailed directly to consumer):
   a. Agendas and minutes: $75 for 12 months;
   b. Agendas only: $25 for 12 months; and
   c. Minutes only: $50 for 12 months.

Historical Note

R4-11-406. Anesthesia and Sedation Permit Fees
A. As expressly authorized under A.R.S. § 32-1207, the Board establishes and shall collect the following fees:
   1. Section 1301 permit fee: $300 plus $25 for each additional location;
   2. Section 1302 permit fee: $300 plus $25 for each additional location;
   3. Section 1303 permit fee: $300 plus $25 for each additional location; and
   4. Section 1304 permit fee: $300 plus $25 for each additional location.
B. Upon successful completion of an initial onsite evaluation and upon receipt of the required permit fee, the Board shall issue a separate Section 1301, 1302, 1303, or 1304 permit to a dentist for each location requested by the dentist. A permit expires on December 31 of every fifth year.
C. Permit renewal fees:
   1. Section 1301 permit renewal fee: $300 plus $25 for each additional location;
   2. Section 1302 permit renewal fee: $300 plus $25 for each additional location;
   3. Section 1303 permit renewal fee: $300 plus $25 for each additional location; and
   4. Section 1304 permit renewal fee: $300 plus $25 for each additional location.

Historical Note
Adopted effective March 23, 1976 (Supp. 76-2). Former Section R4-11-47 renumbered as Section R4-11-406 without change effective July 29, 1981 (Supp. 81-4). Repealed effective
February 16, 1995 (Supp. 95-1). New Section R4-11-406 renumbered from R4-11-906 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section R4-11-406 renumbered from R4-11-407 and amended by final rulemaking at 6 A.A.R. 748, effective February 2, 2000 (Supp. 00-1). Amended by final rulemaking at 9 A.A.R. 4130, effective November 8, 2003 (Supp. 03-3). Amended by final rulemaking at 22 A.A.R. 3697, effective February 6, 2017 (Supp. 16-4).

ARTICLE 5. DENTISTS

R4-11-501. Dentist of Record
A. A dentist of record shall ensure that each patient record has the treatment records for a patient treated in any dental office, clinic, hospital dental clinic, or charitable organization that offers dental services, and the full name of a dentist who is responsible for all of the patient’s treatment.
B. A dentist of record shall obtain a patient’s consent to change the treatment plan before changing the treatment plan that the patient originally agreed to, including any additional costs the patient may incur because of the change.
C. When a dentist who is a dentist of record decides to leave the practice of dentistry or a particular place of practice in which the dentist is the dentist of record, the dentist shall ensure before leaving the practice that a new dentist of record is entered on each patient record.
D. A dentist of record is responsible for the care given to a patient while the dentist was the dentist of record even after being replaced as the dentist of record by another dentist.
E. A dentist of record shall:
   1. Remain responsible for the care of a patient during the course of treatment; and
   2. Be available to the patient through the dentist’s office, an emergency number, an answering service, or a substituting dentist.
F. A dentist’s failure to comply with subsection (E) constitutes patient abandonment, and the Board may impose discipline under A.R.S. Title 32, Chapter 11, Article 3.

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-62 renumbered as Section R4-11-501 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-501 repealed, new Section R4-11-501 renumbered from R4-11-1102 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section amended by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).
R4-11-502. Affiliated Practice
A. A dentist in a private for profit setting shall not enter into more than 15 affiliated practice relationships under A.R.S. § 32-1289 at one time.
B. There is no limit to the number of affiliated practice relationships a dentist may enter into when working in a government, public health, or non-profit organization under Section 501(C)(3) of the Internal Revenue Code.
C. Each affiliated practice dentist shall be available telephonically or electronically during the business hours of the affiliated practice dental hygienist to provide an appropriate level of contact, communication, and consultation.
D. The affiliated practice agreement shall include a provision for a substitute dentist in addition to the requirements of A.R.S. § 32-1289(F), to cover an extenuating circumstance that renders the affiliated practice dentist unavailable for contact, communication, or consultation with the affiliated practice dental hygienist.

R4-11-506. Repealed

Historical Note

ARTICLE 6. DENTAL HYGIENISTS
R4-11-601. Duties and Qualifications
A. A dental hygienist may apply preventative and therapeutic agents under the general supervision of a licensed dentist.
B. A dental hygienist may perform a procedure not specifically authorized by A.R.S. § 32-1281 when all of the following conditions are satisfied:
   1. The procedure is recommended or prescribed by the supervising dentist;
   2. The hygienist has received instruction, training, or education to perform the procedure in a safe manner; and
   3. The procedure is performed under the general supervision of a licensed dentist.

C. The Board shall ensure that a dental hygienist is qualified to administer local anesthesia and nitrous oxide analgesia as authorized by A.R.S. § 32-1281(F)(1) and (2), by requiring evidence that the hygienist has completed courses in techniques taught at a recognized dental hygiene school or recognized dental school, as defined in A.R.S. § 32-1201(16) and (17), that consist of a minimum of 36 clock hours of instruction, and has passed examinations in theoretical knowledge and clinical competency in the following subject areas:
   1. Review of head and neck anatomy;
   2. Pharmacology of anesthetic and analgesic agents;
   3. Medical - dental history considerations;
   4. Emergency procedures;
   5. Selection of appropriate armamentarium and agents;
   6. Nitrous oxide administration;
   7. Clinical practice, under direct supervision, as defined in A.R.S. § 32-1281(H)(1), including at least three experiences administering each of the following:
      a. Posterior superior alveolar injection,
      b. Middle superior alveolar injection,
      c. Anterior superior alveolar injection,
      d. Nasopalatine injection,
      e. Greater - palatine injection,
      f. Inferior alveolar nerve injection,
      g. Lingual injection,
      h. Mental injection,
      i. Long buccal injections, and
      j. Nitrous oxide analgesia.

D. In addition to the recognized course of study described in subsection (C), the hygienist shall successfully complete the examination in local anesthesia given by the Western Regional Examining Board. The hygienist shall submit proof of the successful completion of the local anesthesia examination to the Board. The Board shall then issue a Local Anesthesia Certificate.

E. For purposes of qualification of a dental hygienist to place interrupted sutures as authorized by A.R.S. § 32-1281(F)(3), the Board recognizes courses in advanced periodontal therapy offered by a recognized dental hygiene school or a recognized dental school, as defined in A.R.S. § 32-1201(16) and (17), that consist of a minimum of 200 clock hours of instruction and require a dental hygienist’s successful completion of those examinations of a theoretical knowledge and clinical competency in the following subject areas:
   1. A review of oral histology,
   2. Inflammation and pathogenesis of a periodontal pocket,
   3. Patient assessment,
   4. Dental hygiene treatment planning,
   5. Advanced root planing and debridement,
   6. Subgingival curettage,
   7. Suturing,
   8. Wound repair and new attachment, and
   9. Clinical experience in each of the following:
      a. Root planing,
      b. Subgingival curettage, and
      c. Suturing.
F. The hygienist shall submit proof of the successful completion of a recognized course in advanced periodontal therapy, as described in subsection (E), to the Board. The Board shall then issue a certification sticker for Suture Placement, which shall be affixed to the hygienist’s license.

G. A dental hygienist shall not perform an irreversible procedure.

H. To qualify to use emerging scientific technology as authorized by A.R.S. § 32-1281(D)(2), a dental hygienist shall successfully complete a course of study that meets the following criteria:
   1. Is a course offered by a recognized dental school as defined in A.R.S. § 32-1201(17), a recognized dental hygiene school as defined in A.R.S. § 32-1201(16), or sponsored by a national or state dental or dental hygiene association or government agency;
   2. Includes didactic instruction with a written examination;
   3. Includes hands-on clinical instruction; and
   4. Is technology that is scientifically based and supported by studies published in peer reviewed dental journals.

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-82 renumbered as Section R4-11-601 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-601 repealed, new Section R4-11-601 renumbered from R4-11-402 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Amended by final rulemaking at 13 A.A.R. 962, effective May 5, 2007 (Supp. 07-1).

R4-11-602. Care of Homebound Patients
Dental hygienists treating homebound patients shall provide only treatment prescribed by the dentist of record in the diagnosis and treatment plan. The diagnosis and treatment plan shall be based on examination data obtained not more than 12 months before the treatment is administered.

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-83 renumbered as Section R4-11-602 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-602 renumbered to R4-11-1001, new Section R4-11-602 renumbered from R4-11-403 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-603. Limitation on Number Supervised
A dentist shall not supervise more than three dental hygienists at a time.

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-84 renumbered as Section R4-11-603 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-603 renumbered to R4-11-1002, new Section R4-11-603 renumbered from R4-11-408 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-604. Selection Committee and Process
A. The Board shall appoint a selection committee to screen candidates for the dental hygiene committee. The selection committee consists of three members. The Board shall appoint at least two members who are dental hygienists and one member who is a current Board member. The Board shall fill any vacancy for the unexpired portion of the term.
B. Each selection committee member’s term is one year.
C. By majority vote, the selection committee shall nominate each candidate for the dental hygiene committee and transmit a list of names to the Board for approval, including at least one alternate.

Historical Note
New Section R4-11-604 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).
R4-11-605. Dental Hygiene Committee
A. The Board shall appoint seven members to the dental hygiene committee as follows:
   1. One dentist appointed at the annual December Board meeting, currently serving as a Board member, for a one year term;
   2. One dental hygienist appointed at the annual December Board meeting, currently serving as a Board member and possessing the qualifications required in Article 6, for a one-year term;
   3. Four dental hygienists that possess the qualifications required in Article 6; and
   4. One lay person.
B. Except for members appointed as prescribed in subsections (A)(1) and (2), the Board shall appoint dental hygiene committee members for staggered terms of three years, beginning January 1, 1999, and limit each member to two consecutive terms. The Board shall fill any vacancy for the unexpired portion of the term.
C. The dental hygiene committee shall annually elect a chairperson at the first meeting convened during the calendar year.

Historical Note
New Section R4-11-605 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-606. Candidate Qualifications and Submissions
A. A dental hygienist who seeks membership on the dental hygiene committee shall possess a license in good standing, issued by the Board.
B. A dental hygienist who is not a Board member and qualifies under subsection (A) shall submit a letter of intent and resume to the Board.
C. The selection committee shall consider all of the following criteria when nominating a candidate for the dental hygiene committee:
   1. Geographic representation,
   2. Experience in postsecondary curriculum analysis and course development,
   3. Public health experience, and
   4. Dental hygiene clinical experience.

Historical Note
New Section R4-11-606 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-607. Duties of the Dental Hygiene Committee
A. The committee shall advise the Board on all matters relating to the regulation of dental hygienists.
B. In performing the duty in subsection (A), the committee may:
   1. Act as a liaison for the Board, promoting communication and providing a forum for discussion of dental hygiene regulatory issues;
   2. Review applications, syllabi, and related materials and make recommendations to the Board regarding certification of courses in local anesthesia, nitrous oxide analgesia, and suture placement under Article 6 and other procedures which may require certification under Article 6;
   3. Review documentation submitted by dental hygienists to determine compliance with the continuing education requirement for license renewal under Article 12 and make recommendations to the Board regarding compliance;
   4. Make recommendations to the Board concerning statute and rule development which affect dental hygienists’ education, licensure, regulation, or practice;
   5. Provide advice to the Board on standards and scope of practice which affect dental hygiene practice; 6. Provide ad hoc committees to the Board upon request;
7. Request that the Board consider recommendations of the committee at the next regularly scheduled Board meeting; and
8. Make recommendations to the Board for approval of dental hygiene consultants.

C. Committee members who are licensed dentists or dental hygienists may serve as Western Regional Examining Board (WREB) examiners or Board consultants.

D. The committee shall meet at least two times per calendar year. The chairperson or the president of the Board, or their respective designees, may call a meeting of the committee.

E. The Board may assign additional duties to the committee.

**Historical Note**

New Section R4-11-607 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

---

**R4-11-608. Dental Hygiene Consultants**

After submission of a current curriculum vitae or resume and approval by the Board, dental hygiene consultants may:

1. Act as Western Regional Examining Board (WREB) examiners for the clinical portion of the dental hygiene examination;
2. Act as Western Regional Examining Board (WREB) examiners for the local anesthesia portion of the dental hygiene examination;
3. Participate in Board-related procedures, including clinical evaluations, investigation of complaints concerning infection control, insurance fraud, or the practice of supervised personnel, and any other procedures not directly related to evaluating a dentist's quality of care; and
4. Participate in onsite office evaluations for infection control, as part of a team.

**Historical Note**

New Section R4-11-608 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

---

**R4-11-609. Affiliated Practice**

A. To perform dental hygiene services under an affiliated practice relationship pursuant to A.R.S. § 32-1289, a dental hygienist shall:
   1. Provide evidence to the Board of successfully completing a total of 12 hours of recognized continuing dental education that consists of the following subject areas:
      a. A minimum of four hours in medical emergencies; and
      b. A minimum of eight hours in at least two of the following areas:
         i. Pediatric or other special health care needs,
         ii. Preventative dentistry, or
         iii. Public health community-based dentistry, and
   2. Hold a current certificate in basic cardiopulmonary resuscitation (CPR).

B. A dental hygienist shall complete the required continuing dental education before entering an affiliated practice relationship. The dental hygienist shall complete the continuing dental education in subsection (A) before renewing the dental hygienist's license. The dental hygienist may take the continuing dental education online but shall not exceed the allowable hours indicated in R4-11-1209(B)(1).

C. To comply with A.R.S. § 32-1289(E) and (F) and this Section, a dental hygienist shall submit a completed affidavit on a form supplied by the Board office. Board staff shall review the affidavit to determine compliance with all requirements.

D. A dental hygienist who practices or applies to practice under an affiliated practice relationship shall ensure that all signatures in an affiliated practice agreement, amendment, notification, and affidavit are notarized.
E. Each affiliated practice dentist shall be available telephonically or electronically during the business hours of the affiliated practice dental hygienist to provide an appropriate level of contact, communication, and consultation.

F. The affiliated practice agreement shall include a provision for a substitute dentist, to cover an extenuating circumstance that renders the affiliated practice dentist unavailable for contact, communication, and consultation with the affiliated practice dental hygienist.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 962, effective May 5, 2007 (Supp. 07-1).

### ARTICLE 7. DENTAL ASSISTANTS

**R4-11-701. Procedures and Functions Performed by a Dental Assistant under Supervision**

A. A dental assistant may perform the following procedures and functions under the direct supervision of a licensed dentist:

1. Place dental material into a patient's mouth in response to a licensed dentist's instruction;
2. Cleanse the supragingival surface of the tooth in preparation for:
   a. The placement of bands, crowns, and restorations;
   b. Dental dam application;
   c. Acid etch procedures; and
   d. Removal of dressings and packs;
3. Remove excess cement from inlays, crowns, bridges, and orthodontic appliances with hand instruments;
4. Remove temporary cement, interim restorations, and periodontal dressings with hand instruments;
5. Remove sutures;
6. Place and remove dental dams and matrix bands;
7. Fabricate and place interim restorations with temporary cement;
8. Apply sealants;
9. Apply topical fluorides;
10. Prepare a patient for nitrous oxide and oxygen analgesia administration upon the direct instruction and presence of a dentist; or
11. Observe a patient during nitrous oxide and oxygen analgesia as instructed by the dentist.

B. A dental assistant may perform the following procedures and functions under the general supervision of a licensed dentist:

1. Train or instruct patients in oral hygiene techniques, preventive procedures, dietary counseling for caries and plaque control, and provide pre-and post-operative instructions relative to specific office treatment;
2. Collect and record information pertaining to extraoral conditions; and
3. Collect and record information pertaining to existing intraoral conditions.

**Historical Note**

Adopted effective April 27, 1977 (Supp. 77-2). Former Section R4-11-100 renumbered as Section R4-11-701 and amended effective July 29, 1981 (Supp. 81-4). Former Section R4-11-701 renumbered to R4-11-1701, new Section R4-11-701 renumbered from R4-11-502 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

**R4-11-702. Limitations on Procedures or Functions Performed by a Dental Assistant under Supervision**

A dental assistant shall not perform the following procedures or functions:

1. A procedure which by law only licensed dentists, licensed dental hygienists, or certified denturists can perform;
2. Intraoral carvings of dental restorations or prostheses;
3. Final jaw registrations;
4. Taking final impressions for any activating orthodontic appliance, fixed or removable prosthesis;
5. Activating orthodontic appliances; or
6. An irreversible procedure.

**Historical Note**
Adopted effective April 27, 1977 (Supp. 77-2). Former Section R4-11-101 renumbered as Section R4-11-702 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-702 repealed, new Section R4-11-702 renumbered from R4-11-504 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

ARTICLE 9. RESTRICTED PERMITS

R4-11-901. Application for Restricted Permit

A. An applicant for a restricted permit shall provide the following information and documentation on a form provided by the Board:

1. A sworn statement of the applicant’s qualifications for a restricted permit;
2. A photograph of the applicant that is no more than six months old;
3. A letter of endorsement from any other jurisdiction in which an applicant is licensed, sent directly from that jurisdiction to the Board;
4. A letter of endorsement from the applicant’s commanding officer or superior if the applicant is in the military or employed by the United States government;
5. A copy of the applicant’s current cardiopulmonary resuscitation certification that meets the requirements of R4-11-301(A)(6); and
6. A copy of the applicant’s pending contract with a charitable dental clinic or organization offering dental or dental hygiene services.

B. The Board may request that an applicant provide a copy of a certified document that indicates the reason for a name change if the applicant’s application contains different names.

Historical Note

R4-11-902. Issuance of a Restricted Permit

Before issuing a restricted permit under A.R.S. §§ 32-1237 through 32-1239 or 32-1292, the Board shall investigate the statutory qualifications of the charitable dental clinic or organization. The Board shall not recognize a dental clinic or organization under A.R.S. §§ 32-1237 through 32-1239 or 32-1292 as a charitable dental clinic or organization permitted to employ dentists or dental hygienists not licensed in Arizona who hold restricted permits unless the Board makes the following findings of fact:

1. That the entity is a dental clinic or organization offering professional dental or dental hygiene services in a manner consistent with the public health;
2. That the dental clinic or organization offering dental or dental hygiene services is operated for charitable purposes only, offering dental or dental hygiene services either without compensation to the clinic or organization or with compensation at the minimum rate to provide only reimbursement for dental supplies and overhead costs;
3. That the persons performing dental or dental hygiene services for the dental clinic or organization do so without compensation; and
4. That the charitable dental clinic or organization operates in accordance with applicable provisions of law.

**Historical Note**

**R4-11-903. Recognition of a Charitable Dental Clinic Organization**
In order for the Board to make the findings required in R4-11-902, the charitable clinic or organization shall provide information to the Board, such as employment contracts with restricted permit holders, Articles and Bylaws, and financial records.

**Historical Note**
Adopted effective September 7, 1979 (Supp. 79-5). Former Section R4-11-132 renumbered as Section R4-11-903, repealed, and new Section R4-11-903 adopted effective July 29, 1981 (Supp. 81-4). Former Section R4-11-903 renumbered to R4-11-403, new Section R4-11-903 renumbered from R4-11-1003 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

**R4-11-904. Determination of Minimum Rate**
In determining whether professional services are provided at the minimum rate to provide reimbursement for dental supplies and overhead costs under A.R.S. §§ 32-1237(1) or 32-1292(A)(1), the Board shall obtain and review information relating to the actual cost of dental supplies to the dental clinic or organization, the actual overhead costs of the dental clinic or organization, the amount of charges for the dental or dental hygiene services offered, and any other information relevant to its inquiry.

**Historical Note**
Adopted effective September 7, 1979 (Supp. 79-5). Former Section R4-11-133 renumbered as Section R4-11-904 without change effective July 29, 1981 (Supp. 81-4). ARTICLE 11. ADVERTISING

R4-11-1101. Advertising
A dentist may advertise specific dental services or certification in a non-specialty area only if the advertisement includes the phrase “Services provided by an Arizona licensed general dentist.” A dental hygienist may advertise specific dental hygiene services only if the advertisement includes the phrase “Services provided by an Arizona licensed dental hygienist.” A denturist may advertise specific denture services only if the advertisement includes the phrase “Services provided by an Arizona certified denturist.”

Historical Note

R4-11-1102. Advertising as a Recognized Specialist
A. A dentist may advertise as a specialist or use the terms “specialty” or “specialist” to describe professional services only if the dentist limits the dentist’s practice exclusively to one or more specialty area that are:
1. Recognized by a board that certifies specialists for the area of specialty; and
2. Accredited by the Commission on Dental Accreditation of the American Dental Association.
B. The following specialty areas meet the requirements of subsection (A):
1. Endodontics,
2. Oral and maxillofacial surgery,
3. Orthodontics and dentofacial orthopedics,
4. Pediatric dentistry,
5. Periodontics,
6. Prosthodontics,
7. Dental Public Health,
8. Oral and Maxillofacial Pathology, and
C. For purposes of this Article, a dentist who wishes to advertise as a specialist or a multiple-specialist in a recognized field under subsection (B) shall meet the criteria in one or more of the following categories:
1. Grandfathered: A dentist who declared a specialty area before December 31, 1964, according to requirements established by the American Dental Association, and has a practice limited to a dentistry area approved by the American Dental Association;
2. Educationally qualified: A dentist who has successfully completed an educational program of two or more years in a specialty area accredited by the Commission on Dental Accreditation of the American Dental Association, as specified by the Council on Dental Education of the American Dental Association;
3. Board eligible: A dentist who has met the guidelines of a specialty board that operates in accordance with the requirements established by the American Dental Association in a specialty area recognized by the Board, if the specialty board:
   a. Has established examination requirements and standards,
   b. Appraised an applicant’s qualifications,
   c. Administered comprehensive examinations, and
   d. Upon completion issues a certificate to a dentist who has achieved diplomate status; or
4. Board certified: A dentist who has met the requirements of a specialty board referenced in subsection (C)(3), and who has received a certificate from the specialty board, indicating the dentist has achieved diplomate status.

D. A dentist, dental hygienist, or denturist whose advertising implies that services rendered in a dental office are of a specialty area other than those listed in subsection (B) and recognized by a specialty board that has been accredited by the Commission on Dental Accreditation of the American Dental Association violates this Article and A.R.S. § 32-1201(18)(u), and is subject to discipline under A.R.S. Title 32, Chapter 11.

**ARTICLE 12. CONTINUING DENTAL EDUCATION AND RENEWAL REQUIREMENTS**

R4-11-1201. Continuing Dental Education
A. A licensee or certificate holder shall:
   1. Satisfy a continuing dental education requirement that is designed to provide an understanding of current developments, skills, procedures, or treatment related to the licensee’s or certificate holder’s practice; and
   2. Complete the recognized continuing dental education required by this Article each renewal period.
B. A licensee or certificate holder receiving an initial license or certificate shall complete the prescribed credit hours of recognized continuing dental education by the end of the first full renewal period.
R4-11-1202. Continuing Dental Education Compliance and Renewal Requirements

A. When applying for a renewal license, certificate, or restricted permit, a licensee, certificate holder, or restricted permit holder shall complete a renewal application provided by the Board.

B. Before receiving a renewal license or certificate, each licensee or certificate holder shall possess a current form of one of the following:

1. A current cardiopulmonary resuscitation (CPR) healthcare provider certificate from the American Red Cross, the American Heart Association, or another certifying agency;
2. Advanced cardiac life support (ACLS) course completion confirmation from the American Heart Association or another agency. The confirmation must indicate that the course was completed within two years immediately before submitting a renewal application; or
3. Pediatric advanced life support (PALS) course completion confirmation from the American Heart Association or another agency. The confirmation must indicate that the course was completed within two years immediately before submitting a renewal application.

C. A licensee or certificate holder shall include an affidavit affirming the licensee's or certificate holder’s completion of the prescribed credit hours of recognized continuing dental education with a renewal application. A licensee or certificate holder shall include on the affidavit the licensee’s or certificate holder’s name, license or certificate number, the number of hours completed in each category, and the total number of hours completed for activities defined in R4-11-1209(A)(4).

D. A licensee or certificate holder shall submit a written request for an extension before the renewal deadline prescribed in A.R.S. §§ 32-1236, 32-1276.02, 32-1287, and 32-1297.06. If a licensee or certificate holder fails to meet the credit hour requirement because of military service, dental or religious missionary activity, residence in a foreign country, or other extenuating circumstances as determined by the Board, the Board, upon written request, may grant an extension of time to complete the recognized continuing dental education credit hour requirement.

E. The Board shall:

1. Only accept recognized continuing dental education credits accrued during the prescribed period immediately before license or certificate renewal, and
2. Not allow recognized continuing dental education credit accrued in a renewal period in excess of the amount required in this Article to be carried forward to the next renewal period.

F. A licensee or certificate holder shall maintain documentation of attendance for each program for which credit is claimed that verifies the recognized continuing dental education credit hours the licensee or certificate holder participated in during the most recently completed renewal period.

G. Each year, the Board shall audit continuing dental education requirement compliance on a random basis or when information is obtained which indicates a licensee or certificate holder may not be in compliance with this Article. A licensee or certificate holder selected for audit shall provide the Board with documentation of attendance that shows compliance with the continuing dental education requirements within 60 days from the date the licensee or certificate holder received notice of the audit by certified mail.

H. If a licensee or certificate holder is found to not be in compliance with the continuing dental education requirements, the Board may take any disciplinary or non-disciplinary action authorized by A.R.S. Title 32, Chapter 11.

Historical Note
Adopted effective May 21, 1982 (Supp. 82-3). Former Section R4-11-1202 renumbered to R4-11-802, new Section R4-11-1202 renumbered from R4-11-1402 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section amended by
R4-11-1203. Dentists and Dental Consultants
Dentists and dental consultants shall complete 72 hours of recognized continuing dental education in each renewal period as follows:
1. At least 42 credit hours in any of the following areas: Dental and medical health, preventive services, dental diagnosis and treatment planning, dental recordkeeping, dental clinical procedures, managing medical emergencies, pain management, dental public health, and courses in corrective and restorative oral health and basic dental sciences, which may include current research, new concepts in dentistry, and behavioral and biological sciences that are oriented to dentistry. A licensee who holds a permit to administer general anesthesia, deep sedation, parenteral sedation, or oral sedation who is required to obtain continuing education pursuant to Article 13 may apply those credit hours to the requirements of this Section;
2. No more than 18 credit hours in the following areas: Dental practice organization and management, patient management skills, and methods of health care delivery;
3. At least three credit hours in chemical dependency, which may include tobacco cessation;
4. At least three credit hours in infectious diseases or infectious disease control;
5. At least three credit hours in CPR healthcare provider, ACLS and PALS. Coursework may be completed online if the course requires a physical demonstration of skills; and
6. At least three credit hours in ethics or Arizona dental jurisprudence.

Historical Note

R4-11-1204. Dental Hygienists
A. A dental hygienist shall complete 54 credit hours of recognized continuing dental education in each renewal period as follows:
1. At least 31 credit hours in any of the following areas: Dental and medical health, and dental hygiene services, periodontal disease, care of implants, maintenance of cosmetic restorations and sealants, radiology safety and techniques, managing medical emergencies, pain management, dental recordkeeping, dental public health, and new concepts in dental hygiene;
2. No more than 14 credit hours in one or more of the following areas: Dental hygiene practice organization and management, patient management skills, and methods of health care delivery;
3. At least three credit hours in one or more of the following areas: chemical dependency, tobacco cessation, ethics, risk management, or Arizona dental jurisprudence;
4. At least three credit hours in infectious diseases or infectious disease control; and
5. At least three credit hours in CPR healthcare provider, ACLS and PALS. Coursework may be completed online if the course requires a physical demonstration of skills.
B. A licensee who performs dental hygiene services under an affiliated practice relationship who is required to obtain continuing education under R4-11-609 may apply those credit hours to the requirements of this Section.

Historical Note

R4-11-1205. Denturists
Denturists shall complete 36 credit hours of recognized continuing dental education in each renewal period as follows:
1. At least 21 credit hours in any of the following areas: Medical and dental health, laboratory procedures, clinical procedures, dental recordkeeping, removable prosthetics, pain management, dental public health, and new technology in dentistry;
2. No more than six credit hours in one or more of the following areas: Denturist practice organization and management, patient management skills, and methods of health care delivery;
3. At least one credit hour in chemical dependency, which may include tobacco cessation;
4. At least two credit hours in infectious diseases or infectious disease control;
5. At least three credit hours in CPR healthcare provider, ACLS and PALS. Coursework may be completed online if the course requires a physical demonstration of skills; and
6. At least three credit hours in ethics or Arizona dental jurisprudence.

Historical Note

R4-11-1206. Restricted Permit Holders - Dental
In addition to the requirements in R4-11-1202, a dental restricted permit holder shall comply with the following requirements:
1. When applying for renewal under A.R.S. § 32-1238, the restricted permit holder shall provide information to the Board that the restricted permit holder has completed 24 credit hours of recognized continuing dental education yearly.
2. To determine whether to grant the renewal, the Board shall only consider recognized continuing dental education credits accrued during the 36 months immediately before the renewal deadline prescribed in A.R.S. § 32-1236.
3. A dental restricted permit holder shall complete the 24 hours of recognized continuing dental education before renewal as follows:
   a. At least 12 credit hours in one or more of the subjects enumerated in R4-11-1203(1);
   b. No more than six credit hours in one or more of the subjects enumerated in R4-11-1203(2);
   c. At least one credit hour in the subjects enumerated in R4-11-1203(3);
   d. At least one credit hour in the subjects enumerated in R4-11-1203(4);
   e. At least three credit hours in the subjects enumerated in R4-11-1203(5); and
   f. At least one credit hour in the subjects enumerated in R4-11-1203(6).

Historical Note

R4-11-1207. Restricted Permit Holders - Dental Hygiene
In addition to the requirements in R4-11-1202, a dental hygiene restricted permit holder shall comply with the following:

1. When applying for renewal under A.R.S. § 32-1292, the restricted permit holder shall provide information to the Board that the restricted permit holder has completed 18 credit hours of recognized continuing dental education yearly.
2. To determine whether to grant renewal, the Board shall only consider recognized continuing dental education credits accrued during the 36 months immediately before the renewal deadline prescribed in A.R.S. § 32-1287.
3. A dental hygiene restricted permit holder shall complete the 18 hours of recognized continuing dental education before renewal as follows:
   a. At least 9 credit hours in one or more of the subjects enumerated in R4-11-1204(1);
   b. No more than three credit hours in one or more of the subjects enumerated in R4-11-1204(2);
   c. At least one credit hour in the subjects enumerated in R4-11-1204(3);
   d. At least two credit hours in the subjects enumerated in R4-11-1204(4) and
e. At least three credit hours in the subjects enumerated in R4-11-1204(5).

Historical Note
New Section R4-11-1207 renumbered from R4-11-1408 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1). Amended by final rulemaking at 19 A.A.R. 3873, effective January 5, 2014 (Supp. 13-4).

R4-11-1208. Retired Licensees or Certificate Holders
A retired licensee or certificate holder shall:
1. Except for the number of credit hours required, comply with the requirements in R4-11-1202; and
2. When applying for renewal under A.R.S. § 32-1236 for a dentist, A.R.S. § 32-1287 for a dental hygienist, and A.R.S. § 32-1297.06 for a denturist, provide information to the Board that the retired licensee or certificate holder has completed the following credit hours of recognized continuing dental education per renewal period:
   a. Dentist - 27 credit hours of which no less than three credit hours shall be for CPR;
   b. Dental hygienist - 21 credit hours of which no less than three credit hours shall be for CPR; and
c. Denturist - 9 credit hours of which no less than three credit hours shall be for CPR.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

R4-11-1209. Types of Courses
A. A licensee or certificate holder shall obtain recognized continuing dental education from one or more of the following activities:
1. Seminars, symposiums, lectures, or programs designed to provide an understanding of current developments, skills, procedures, or treatment related to the practice of dentistry;
2. Seminars, symposiums, lectures, or programs designed to provide an understanding of current developments, skills, procedures, or treatment related to the practice of dentistry by means of audio-video technology in which the licensee is provided all seminar, symposium, lecture or program materials and the technology permits attendees to fully participate; or
3. Curricula designed to prepare for specialty board certification as a specialist or recertification examinations or advanced training at an accredited institution as defined in A.R.S. Title 32, Chapter 11; and
4. Subject to the limitations in subsection (B), any of the following activities that provide an understanding of current developments, skills, procedures, or treatment related to the practice of dentistry:
   a. A correspondence course, video, internet or similar self-study course, if the course includes an examination and the licensee or certificate holder passes the examination;
   b. Participation on the Board, in Board complaint investigations including clinical evaluations or anesthesia and sedation permit evaluations;
   c. Participation in peer review of a national or state dental, dental hygiene, or denturist association or participation in quality of care or utilization review in a hospital, institution, or governmental agency;
   d. Providing dental-related instruction to dental, dental hygiene, or denturist students, or allied health professionals in a recognized dental school, recognized dental hygiene school, or recognized denturist school or providing dental-related instruction sponsored by a national, state, or local dental, dental hygiene, or denturist association;
   e. Publication or presentation of a dental paper, report, or book authored by the licensee or certificate holder that provides information on current developments, skills, procedures, or treatment related to the practice of dentistry. A licensee or certificate holder may claim credit hours:
      i. Only once for materials presented;
      ii. Only if the date of publication or original presentation was during the applicable renewal period; and
      iii. One credit hour for each hour of preparation, writing, and presentation; or
   f. Providing dental, dental hygiene, or denturist services in a Board-recognized charitable dental clinical or organization.

B. The following limitations apply to the total number of credit hours earned per renewal period in any combination of the activities listed in subsection (A)(4):
   1. Dentists and Dental Hygienists, no more than 24 hours;
   2. Denturists, no more than 12 hours;
   3. Retired or Restricted Permit Holder Dentists or Dental Hygienists, no more than nine hours; and
   4. Retired Denturists, no more than three hours.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).
Amended by final rulemaking at 19 A.A.R. 3873, effective January 5, 2014 (Supp. 13-4).

ARTICLE 13. GENERAL ANESTHESIA AND SEDATION
R4-11-1301. General Anesthesia and Deep Sedation
A. Before administering general anesthesia, or deep sedation by any means, in a dental office or dental clinic, a dentist shall possess a Section 1301 permit issued by the Board. The dentist may renew a Section 1301 permit every five years by complying with R4-11-1307.
B. To obtain or renew a Section 1301 permit, a dentist shall:
   1. Submit a completed application on a form provided by the Board office that, in addition to the requirements of subsections (B)(2) and (3), and R4-11-1307, includes:
      a. General information about the applicant such as:
         i. Name;
         ii. Home and office addresses and telephone numbers;
         iii. Limitations of practice;
         iv. Hospital affiliations;
         v. Denial, curtailment, revocation, or suspension of hospital privileges;
vi. Denial of membership in, denial of renewal of membership in, or disciplinary action by a dental organization; and
vii. Denial of licensure by, denial of renewal of licensure by, or disciplinary action by a dental regulatory body; and
b. The dentist’s dated and signed affidavit stating that the information provided is true, and that the dentist has read and complied with the Board’s statutes and rules;

2. On forms provided by the Board, provide a dated and signed affidavit attesting that any office or dental clinic where the dentist will administer general anesthesia or deep sedation:
   a. Contains the following properly operating equipment and supplies during the provision of general anesthesia and deep sedation:
      i. Emergency drugs;
      ii. Electrocardiograph monitor;
      iii. Pulse oximeter;
      iv. Cardiac defibrillator or automated external defibrillator (AED);
      v. Positive pressure oxygen and supplemental oxygen;
      vi. Suction equipment, including endotracheal, tonsillar, or pharyngeal and emergency backup medical suction device;
      vii. Laryngoscope, multiple blades, backup batteries, and backup bulbs;
      viii. Endotracheal tubes and appropriate connectors;
      ix. Magill forceps;
      x. Oropharyngeal and nasopharyngeal airways;
      xi. Auxiliary lighting; xii. Stethoscope; and
      xiii. Blood pressure monitoring device; and
   b. Maintains a staff of supervised personnel capable of handling procedures, complications, and emergency incidents. All personnel involved in administering and monitoring general anesthesia or deep sedation shall hold a current course completion confirmation in cardiopulmonary resuscitation (CPR) Health Care Provider Level;

3. Hold a valid license to practice dentistry in this state;
4. Maintain a current permit to prescribe and administer controlled substances in this state issued by the United States Drug Enforcement Administration; and
5. Provide confirmation of completing coursework within the two years prior to submitting the permit application in one or more of the following:
   a. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
   b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
   c. A recognized continuing education course in advanced airway management.

C. Initial applicants shall meet one or more of the following conditions:
   1. Complete, within the three years before submitting the permit application, a full credit load, as defined by the training program, during one calendar year of training, in anesthesiology or related academic subjects, beyond the undergraduate dental school level in a training program described in R4-11-1306(A), offered by a hospital accredited by the Joint Commission on Accreditation of Hospitals Organization, or sponsored by a university accredited by the American Dental Association Commission on Dental Accreditation;
   2. Be, within the three years before submitting the permit application, a Diplomate of the American Board of Oral and Maxillofacial Surgeons or eligible for examination by the American Board of Oral and Maxillofacial surgeons, a Fellow of the American Association of Oral and Maxillofacial surgeons, a Fellow of the American Dental Society of Anesthesiology, a Diplomate of the National Dental Board of Anesthesiology, or a Diplomate of the American Dental Board of Anesthesiology; or
3. For an applicant who completed the requirements of subsections (C)(1) or (C)(2) more than three years before submitting the permit application, provide the following documentation:
   a. On a form provided by the Board, a written affidavit affirming that the applicant has administered general anesthesia or deep sedation to a minimum of 25 patients within the year before submitting the permit application or 75 patients within the last five years before submitting the permit application;
   b. A copy of the general anesthesia or deep sedation permit in effect in another state or certification of military training in general anesthesia or deep sedation from the applicant’s commanding officer; and
   c. On a form provided by the Board, a written affidavit affirming the completion of 30 clock hours of continuing education taken within the last five years as outlined in R4-11-1306(B)(1)(a) through (f).

D. After submitting the application and written evidence of compliance with requirements in subsection (B) and, if applicable, subsection (C) to the Board, the applicant shall schedule an onsite evaluation by the Board during which the applicant shall administer general anesthesia or deep sedation. After the applicant completes the application requirements and successfully completes the onsite evaluation, a Section 1301 permit shall be issued to the applicant.

1. The onsite evaluation team shall consist of: a. Two dentists who are Board members, or Board designees for initial applications; or b. One dentist who is a Board member or Board designee for renewal applications.

2. The onsite team shall evaluate the following:
   a. The availability of equipment and personnel as specified in subsection (B)(2);
   b. Proper administration of general anesthesia or deep sedation to a patient by the applicant in the presence of the evaluation team;
   c. Successful responses by the applicant to oral examination questions from the evaluation team about patient management, medical emergencies, and emergency medications;
   d. Proper documentation of controlled substances, that includes a perpetual inventory log showing the receipt, administration, dispensing, and destruction of controlled substances;
   e. Proper recordkeeping as specified in subsection (E) by reviewing the records generated for the patient specified in subsection (D)(2)(b); and
   f. For renewal applicants, records supporting continued competency as specified in R4-11-1306.

3. The evaluation team shall recommend one of the following:
   a. Pass. Successful completion of the onsite evaluation;
   b. Conditional Approval for failing to have appropriate equipment, proper documentation of controlled substances, or proper recordkeeping. The applicant must submit proof of correcting the deficiencies before a permit is issued;
   c. Category 1 Evaluation Failure. The applicant must review the appropriate subject matter and schedule a subsequent evaluation by two Board Members or Board designees not less than 30 days from the failed evaluation. An example is failure to recognize and manage one emergency;
   d. Category 2 Evaluation Failure. The applicant must complete Board approved continuing education in subject matter within the scope of the onsite evaluation as identified by the evaluators and schedule a subsequent evaluation by two Board Members or Board designees not less than 60 days from the failed evaluation. An example is failure to recognize and manage more than one emergency; or
   e. Category 3 Evaluation Failure. The applicant must complete Board approved remedial continuing education with the subject matter outlined in R4-11-1306 as identified by the evaluators and reapply not less than 90 days from the failed evaluation. An example is failure to recognize and manage an anesthetic urgency.
4. The onsite evaluation of an additional dental office or dental clinic in which general anesthesia or deep sedation is administered by an existing Section 1301 permit holder may be waived by the Board staff upon receipt in the Board office of an affidavit verifying compliance with subsection (D)(2)(a).

5. A Section 1301 mobile permit may be issued if a Section 1301 permit holder travels to dental offices or dental clinics to provide anesthesia or deep sedation. The applicant must submit a completed affidavit verifying:
   a. That the equipment and supplies for the provision of anesthesia or deep sedation as required in subsection (B)(2)(a) either travel with the Section 1301 permit holder or are in place and in appropriate condition at the dental office or dental clinic where anesthesia or deep sedation is provided, and
   b. Compliance with subsection (B)(2)(b).

E. A Section 1301 permit holder shall keep an anesthesia or deep sedation record for each general anesthesia or deep sedation procedure that includes the following entries:
   1. Pre-operative and post-operative electrocardiograph documentation;
   2. Pre-operative, intra-operative, and post-operative pulse oximeter documentation;
   3. Pre-operative, intra-operative, and post-operative blood pressure and vital sign documentation;
   4. A list of all medications given, with dosage and time intervals, and route and site of administration;
   5. Type of catheter or portal with gauge;
   6. Indicate nothing by mouth or time of last intake of food or water;
   7. Consent form; and
   8. Time of discharge and status, including name of escort.

F. The Section 1301 permit holder, for intravenous access, shall use a new infusion set, including a new infusion line and new bag of fluid, for each patient.

G. The Section 1301 permit holder shall utilize supplemental oxygen for patients receiving general anesthesia or deep sedation for the duration of the procedure.

H. The Section 1301 permit holder shall continuously supervise the patient from the initiation of anesthesia or deep sedation until termination of the anesthesia or deep sedation procedure and oxygenation, ventilation, and circulation are stable. The Section 1301 permit holder shall not commence with the administration of a subsequent anesthetic case until the patient is in monitored recovery or meets the guidelines for discharge.

I. A Section 1301 permit holder may employ the following health care professionals to provide anesthesia or sedation services and shall ensure that the health care professional continuously supervises the patient from the administration of anesthesia or sedation until termination of the anesthesia or sedation procedure and oxygenation, ventilation, and circulation are stable:
   1. An allopathic or osteopathic physician currently licensed in Arizona by the Arizona Medical Board or the Arizona Board of Osteopathic Examiners who has successfully completed a residency program in anesthesiology approved by the American Council on Graduate Medical Education (ACGME) or the American Osteopathic Association (AOA) or who is certified by either the American Board of Anesthesiology or the American Osteopathic Board of Anesthesiology and is credentialed with anesthesia privileges through an Arizona licensed medical facility, or
   2. A Certified Registered Nurse Anesthetist (CRNA) currently licensed in Arizona who provides services under the Nurse Practice Act in A.R.S. Title 32, Chapter 15.

J. A Section 1301 permit holder may also administer parenteral sedation without obtaining a Section 1302 permit.

**Historical Note**

New Section R4-11-1301 renumbered from R4-11-802 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Amended by final rulemaking at 9
R4-11-1302. Parenteral Sedation
A. Before administering parenteral sedation in a dental office or dental clinic, a dentist shall possess a Section 1302 permit issued by the Board. The dentist may renew a Section 1302 permit every five years by complying with R4-11-1307.
   1. A Section 1301 permit holder may also administer parenteral sedation.
   2. A Section 1302 permit holder shall not administer or employ any agents which have a narrow margin for maintaining consciousness including, but not limited to, ultrashort acting barbiturates, propofol, parenteral ketamine, or similarly acting drugs, agents, or techniques, or any combination thereof that would likely render a patient deeply sedated, generally anesthetized or otherwise not meeting the conditions of moderate sedation.

B. To obtain or renew a Section 1302 permit, the dentist shall:
   1. Submit a completed application on a form provided by the Board office that, in addition to the requirements of subsections (B)(2) and (3) and R4-11-1307, includes:
      a. General information about the applicant such as:
         i. Name;
         ii. Home and office addresses and telephone numbers;
         iii. Limitations of practice;
         iv. Hospital affiliations;
         v. Denial, curtailment, revocation, or suspension of hospital privileges;
         vi. Denial of membership in, denial of renewal of membership in, or disciplinary action by a dental organization; and
         vii. Denial of licensure by, denial of renewal of licensure by, or disciplinary action by a dental regulatory body; and
      b. The dentist’s dated and signed affidavit stating that the information provided is true, and that the dentist has read and complied with the Board’s statutes and rules;
   2. On forms provided by the Board, provide a dated and signed affidavit attesting that any dental office or dental clinic where the dentist will administer parenteral sedation by intravenous or intramuscular route:
      a. Contains the following properly operating equipment and supplies during the provision of parenteral sedation by the permit holder or general anesthesia or deep sedation by a physician anesthesiologist or Certified Registered Nurse Anesthetist (CRNA):
         i. Emergency drugs;
         ii. Positive pressure oxygen and supplemental oxygen;
         iii. Stethoscope;
         iv. Suction equipment, including tonsillar or pharyngeal and emergency backup medical suction device;
         v. Oropharyngeal and nasopharyngeal airways;
         vi. Pulse oximeter;
         vii. Auxiliary lighting;
         viii. Blood pressure monitoring device; and
         ix. Cardiac defibrillator or automated external defibrillator (AED); and
      b. Maintains a staff of supervised personnel capable of handling procedures, complications, and emergency incidents, including at least one staff member who:
         i. Holds a current course completion confirmation in cardiopulmonary resuscitation (CPR) health care provider level;
         ii. Is present during the parenteral sedation procedure; and
         iii. After the procedure, monitors the patient until discharge;
   3. Hold a valid license to practice dentistry in this state;
4. Maintain a current permit to prescribe and administer controlled substances in this state issued by the United States Drug Enforcement Administration;
5. Provide confirmation of completing coursework within the two years prior to submitting the permit application in one or more of the following:
   a. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
   b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
   c. A recognized continuing education course in advanced airway management.
C. Initial applicants shall meet one of the following conditions:
   1. Successfully complete Board-recognized undergraduate, graduate, or postgraduate education within the three years before submitting the permit application, that includes the following:
      a. Sixty (60) didactic hours of basic parenteral sedation to include:
         i. Physical evaluation;
         ii. Management of medical emergencies;
         iii. The importance of and techniques for maintaining proper documentation; and
         iv. Monitoring and the use of monitoring equipment; and
      b. Hands-on administration of parenteral sedative medications to at least 20 patients in a manner consistent with this Section; or
   2. An applicant who completed training in parenteral sedation more than three years before submitting the permit application shall provide the following documentation:
      a. On a form provided by the Board, a written affidavit affirming that the applicant has administered parenteral sedation to a minimum of 25 patients within the year or 75 patients within the last five years before submitting the permit application;
      b. A copy of the parenteral sedation permit in effect in another state or certification of military training in parenteral sedation from the applicant's commanding officer; and
      c. On a form provided by the Board, a written affidavit affirming the completion of 30 clock hours of continuing education taken within the last five years as outlined in R4-11-1306(B)(1)(b) through (f).
D. After submitting the application and written evidence of compliance with requirements outlined in subsection (B) and, if applicable, subsection (C) to the Board, the applicant shall schedule an onsite evaluation by the Board during which the applicant shall administer parenteral sedation. After the applicant completes the application requirements and successfully completes the onsite evaluation, the Board shall issue a Section 1302 permit to the applicant.
   1. The onsite evaluation team shall consist of:
      a. Two dentists who are Board members, or Board designees for initial applications, or
      b. One dentist who is a Board member or Board designee for renewal applications.
   2. The onsite team shall evaluate the following:
      a. The availability of equipment and personnel as specified in subsection (B)(2);
      b. Proper administration of parenteral sedation to a patient by the applicant in the presence of the evaluation team;
      c. Successful responses by the applicant to oral examination questions from the evaluation team about patient management, medical emergencies, and emergency medications;
      d. Proper documentation of controlled substances, that includes a perpetual inventory log showing the receipt, administration, dispensing, and destruction of all controlled substances;
      e. Proper recordkeeping as specified in subsection (E) by reviewing the records generated for the patient receiving parenteral sedation as specified in subsection (D)(2)(b); and
f. For renewal applicants, records supporting continued competency as specified in R4-11-1306.

3. The evaluation team shall recommend one of the following:
   a. Pass. Successful completion of the onsite evaluation;
   b. Conditional Approval for failing to have appropriate equipment, proper documentation of controlled substances, or proper recordkeeping. The applicant must submit proof of correcting the deficiencies before a permit is issued;
   c. Category 1 Evaluation Failure. The applicant must review the appropriate subject matter and schedule a subsequent evaluation by two Board Members or Board designees not less than 30 days from the failed evaluation. An example is failure to recognize and manage one emergency;
   d. Category 2 Evaluation Failure. The applicant must complete Board approved continuing education in subject matter within the scope of the onsite evaluation as identified by the evaluators and schedule a subsequent evaluation by two Board Members or Board designees not less than 60 days from the failed evaluation. An example is failure to recognize and manage more than one emergency; or
   e. Category 3 Evaluation Failure. The applicant must complete Board approved remedial continuing education with the subject matter outlined in R4-11-1306 as identified by the evaluators and reapply not less than 90 days from the failed evaluation. An example is failure to recognize and manage an anesthetic urgency.

4. The onsite evaluation of an additional dental office or dental clinic in which parenteral sedation is administered by an existing Section 1302 permit holder may be waived by the Board staff upon receipt in the Board office of an affidavit verifying compliance with subsection (D)(2)(a).

5. A Section 1302 mobile permit may be issued if a Section 1302 permit holder travels to dental offices or dental clinics to provide parenteral sedation. The applicant must submit a completed affidavit verifying:
   a. That the equipment and supplies for the provision of parenteral sedation as required in R4-11-1302(B)(2)(a) either travel with the Section 1302 permit holder or are in place and in appropriate working condition at the dental office or dental clinic where parenteral sedation is provided, and
   b. Compliance with R4-11-1302(B)(2)(b).

E. A Section 1302 permit holder shall keep a parenteral sedation record for each parenteral sedation procedure that:
   1. Includes the following entries:
      a. Pre-operative, intra-operative, and post-operative pulse oximeter documentation;
      b. Pre-operative, intra-operative, and post-operative blood pressure and vital sign documentation;
      c. A list of all medications given, with dosage and time intervals and route and site of administration;
      d. Type of catheter or portal with gauge;
      e. Indicate nothing by mouth or time of last intake of food or water;
      f. Consent form; and
      g. Time of discharge and status, including name of escort; and
   2. May include pre-operative and post-operative electrocardiograph report.

F. The Section 1302 permit holder shall establish intravenous access on each patient receiving parenteral sedation utilizing a new infusion set, including a new infusion line and new bag of fluid.

G. The Section 1302 permit holder shall utilize supplemental oxygen for patients receiving parenteral sedation for the duration of the procedure.

H. The Section 1302 permit holder shall continuously supervise the patient from the initiation of parenteral sedation until termination of the parenteral sedation procedure and oxygenation, ventilation and circulation are stable. The Section 1302 permit holder shall not commence with the
administration of a subsequent anesthetic case until the patient is in monitored recovery or meets the guidelines for discharge.

I. A Section 1302 permit holder may employ a health care professional as specified in R4-11-1301(I).

Historical Note

R4-11-1303. Oral Sedation

A. Before administering oral sedation in a dental office or dental clinic, a dentist shall possess a Section 1303 permit issued by the Board. The dentist may renew a Section 1303 permit every five years by complying with R4-11-1307.

1. A Section 1301 permit holder or Section 1302 permit holder may also administer oral sedation without obtaining a Section 1303 permit.

2. The administration of a single drug for minimal sedation does not require a Section 1303 permit if:

   a. The administered dose is within the Food and Drug Administration's (FDA) maximum recommended dose as printed in FDA approved labeling for unmonitored home use;
      i. Incremental multiple doses of the drug may be administered until the desired effect is reached, but does not exceed the maximum recommended dose; and
      ii. During minimal sedation, a single supplemental dose may be administered. The supplemental dose may not exceed one-half of the initial dose and the total aggregate dose may not exceed one and one-half times the FDA maximum recommended dose on the date of treatment; and
   b. Nitrous oxide/oxygen may be administered in addition to the oral drug as long as the combination does not exceed minimal sedation.

B. To obtain or renew a Section 1303 permit, a dentist shall:

1. Submit a completed application on a form provided by the Board office that, in addition to the requirements of subsections (B)(2) and (3) and R4-11-1307, includes:

   a. General information about the applicant such as:
      i. Name;
      ii. Home and office addresses and telephone numbers;
      iii. Limitations of practice;
      iv. Hospital affiliations;
      v. Denial, curtailment, revocation, or suspension of hospital privileges;
      vi. Denial of membership in, denial of renewal of membership in, or disciplinary action by a dental organization; and
      vii. Denial of licensure by, denial of renewal of licensure by, or disciplinary action by a dental regulatory body; and

   b. The dentist’s dated and signed affidavit stating that the information provided is true, and that the dentist has read and complied with the Board’s statutes and rules;

2. On forms provided by the Board, provide a dated and signed affidavit attesting that any dental office or dental clinic where the dentist will administer oral sedation:

   a. Contains the following properly operating equipment and supplies during the provision of sedation:
      i. Emergency drugs;
      ii. Cardiac defibrillator or automated external defibrillator (AED);
      iii. Positive pressure oxygen and supplemental oxygen;
      iv. Stethoscope;
v. Suction equipment, including tonsillar or pharyngeal and emergency backup medical suction device;
vi. Pulse oximeter;
vii. Blood pressure monitoring device; and
viii. Auxiliary lighting; and
b. Maintains a staff of supervised personnel capable of handling procedures, complications, and emergency incidents, including at least one staff member who:
   i. Holds a current certificate in cardiopulmonary resuscitation (CPR) Health Care Provider Level;
   ii. Is present during the oral sedation procedure; and
   iii. After the procedure, monitors the patient until discharge;
3. Hold a valid license to practice dentistry in this state;
4. Maintain a current permit to prescribe and administer controlled substances in this state issued by the United States Drug Enforcement Administration;
5. Provide confirmation of completing coursework within the two years prior to submitting the permit application in one or more of the following:
   a. Cardiopulmonary resuscitation (CPR) Health Care Provider Level from the American Heart Association, American Red Cross, or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association or American Red Cross;
   b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
   c. A recognized continuing education course in advanced airway management.
C. Initial applicants shall meet one of the following:
   1. Complete a Board-recognized post-doctoral residency program that includes documented training in oral sedation within the last three years before submitting the permit application; or
   2. Complete a Board recognized post-doctoral residency program that includes documented training in oral sedation more than three years before submitting the permit application shall provide the following documentation:
      a. On a form provided by the Board, a written affidavit affirming that the applicant has administered oral sedation to a minimum of 25 patients within the year or 75 patients within the last five years before submitting the permit application;
      b. A copy of the oral sedation permit in effect in another state or certification of military training in oral sedation from the applicant’s commanding officer; and
      c. On a form provided by the Board, a written affidavit affirming the completion of 30 hours of continuing education taken within the last five years as outlined in R4-11-1306(C)(1)(a) through (f); or
   3. Provide proof of participation in 30 clock hours of Board recognized undergraduate, graduate, or post-graduate education in oral sedation within the three years before submitting the permit application that includes:
      a. Training in basic oral sedation,
      b. Pharmacology,
      c. Physical evaluation,
      d. Management of medical emergencies,
      e. The importance of and techniques for maintaining proper documentation, and
      f. Monitoring and the use of monitoring equipment.
D. After submitting the application and written evidence of compliance with requirements in subsection (B) and, if applicable, subsection (C) to the Board, the applicant shall schedule an onsite evaluation by the Board. After the applicant completes the application requirements and successfully completes the onsite evaluation, the Board shall issue a Section 1303 permit to the applicant.
   1. The onsite evaluation team shall consist of:
      a. For initial applications, two dentists who are Board members, or Board designees.
      b. For renewal applications, one dentist who is a Board member, or Board designee.
   2. The onsite team shall evaluate the following:
a. The availability of equipment and personnel as specified in subsection (B)(2);
b. Successful responses by the applicant to oral examination questions from the 
evaluation team about patient management, medical emergencies, and emergency 
medications;
c. Proper documentation of controlled substances, that includes a perpetual 
inventory log showing the receipt, administration, dispensing, and destruction of 
controlled substances;
d. Proper recordkeeping as specified in subsection (E) by reviewing the forms that 
document the oral sedation record; and
e. For renewal applicants, records supporting continued competency as specified in 
R4-11-1306.

3. The evaluation team shall recommend one of the following:
a. Pass. Successful completion of the onsite evaluation;
b. Conditional Approval for failing to have appropriate equipment, proper 
documentation of controlled substance, or proper recordkeeping. The applicant must 
submit proof of correcting the deficiencies before permit will be issued;
c. Category 1 Evaluation Failure. The applicant must review the appropriate subject 
matter and schedule a subsequent evaluation by two Board Members or Board 
designees not less than 30 days from the failed evaluation. An example is failure to 
recognize and manage one emergency; or
d. Category 2 Evaluation Failure. The applicant must complete Board approved 
continuing education in subject matter within the scope of the onsite evaluation as 
identified by the evaluators and schedule a subsequent evaluation by two Board 
Members or Board designees not less than 60 days from the failed evaluation. An 
example is failure to recognize and manage more than one emergency.

4. The onsite evaluation of an additional dental office or dental clinic in which oral sedation is 
administered by a Section 1303 permit holder may be waived by the Board staff upon receipt 
in the Board office of an affidavit verifying compliance with subsection (D)(2)(a).

5. A Section 1303 mobile permit may be issued if the Section 1303 permit holder travels to 
dental offices or dental clinics to provide oral sedation. The applicant must submit a 
completed affidavit verifying:
a. That the equipment and supplies for the provision of oral sedation as required in 
R4-11-1303(B)(2)(a) either travel with the Section 1303 permit holder or are in place 
and in appropriate condition at the dental office or dental clinic where oral sedation is 
provided, and
b. Compliance with R4-11-1303(B)(2)(b).

E. A Section 1303 permit holder shall keep an oral sedation record for each oral sedation procedure 
that:

1. Includes the following entries:
a. Pre-operative, intra-operative, and post-operative, pulse oximeter oxygen 
saturation and pulse rate documentation;
b. Pre-operative and post-operative blood pressure;
c. Documented reasons for not taking vital signs if a patient’s behavior or emotional 
state prevents monitoring personnel from taking vital signs;
d. List of all medications given, including dosage and time intervals;
e. Patient’s weight;
f. Consent form;
g. Special notes, such as, nothing by mouth or last intake of food or water; and
h. Time of discharge and status, including name of escort; and

2. May include the following entries:
a. Pre-operative and post-operative electrocardiograph report; and
b. Intra-operative blood pressures.
F. The Section 1303 permit holder shall utilize supplemental oxygen for patients receiving oral sedation for the duration of the procedure.

G. The Section 1303 permit holder shall ensure the continuous supervision of the patient from the administration of oral sedation until oxygenation, ventilation and circulation are stable and the patient is appropriately responsive for discharge from the dental office or dental clinic.

H. A Section 1303 permit holder may employ a health care professional to provide anesthesia services, if all of the following conditions are met:

1. The physician anesthesiologist or CRNA meets the requirements as specified in R4-11-1301(I);
2. The Section 1303 permit holder has completed coursework within the two years prior to submitting the permit application in one or more of the following:
   a. ACLS from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
   b. PALS in a practice treating pediatric patients;
   c. A recognized continuing education course in advanced airway management;
3. The Section 1303 permit holder ensures that:
   a. The dental office or clinic contains the equipment and supplies listed in R4-11-1304(B)(2)(a) during the provision of anesthesia or sedation by the physician anesthesiologist or CRNA;
   b. The anesthesia or sedation record contains all the entries listed in R4-11-1304(D);
   c. For intravenous access, the physician anesthesiologist or CRNA uses a new infusion set, including a new infusion line and new bag of fluid for each patient; and
   d. The patient is continuously supervised from the administration of anesthesia or sedation until the termination of the anesthesia or sedation procedure and oxygenation, ventilation and circulation are stable. The Section 1303 permit holder shall not commence with a subsequent procedure or treatment until the patient is in monitored recovery or meets the guidelines for discharge.

Historical Note

New Section R4-11-1303 renumbered from R4-11-805 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Former Section R4-11-1303 renumbered to R4-11-1304; new Section R4-11-1303 made by final rulemaking at 9 A.A.R. 1054, effective May 6, 2003 (Supp. 03-1). Amended by final rulemaking at 19 A.A.R. 341, effective April 6, 2013 (Supp. 13-1).

R4-11-1304. Permit to Employ or Work with a Physician Anesthesiologist or Certified Registered Nurse Anesthetist (CRNA)

A. This Section does not apply to a Section 1301 permit holder or a Section 1302 permit holder practicing under the provisions of R4-11-1302(I) or a Section 1303 permit holder practicing under the provisions of R4-11-1303(H). A dentist may utilize a physician anesthesiologist or certified registered nurse anesthetist (CRNA) for anesthesia or sedation services while the dentist provides treatment in the dentist’s office or dental clinic after obtaining a Section 1304 permit issued by the Board.

   1. The physician anesthesiologist or CRNA meets the requirements as specified in R4-11-1301(I).
   2. The dentist permit holder shall provide all dental treatment and ensure that the physician anesthesiologist or CRNA remains on the dental office or dental clinic premises until any patient receiving anesthesia or sedation services is discharged.
   3. A dentist may renew a Section 1304 permit every five years by complying with R4-11-1307.

B. To obtain or renew a Section 1304 permit, a dentist shall:

   1. Submit a completed application on a form provided by the Board office that, in addition to the requirements of subsections (B)(2) and (3) and R4-11-1307 includes:
a. General information about the applicant such as:
   i. Name;
   ii. Home and office addresses and telephone numbers;
   iii. Limitations of practice;
   iv. Hospital affiliations;
   v. Denial, curtailment, revocation, or suspension of hospital privileges;
   vi. Denial of membership in, denial of renewal of membership in, or disciplinary action by a dental organization; and
   vii. Denial of licensure by, denial of renewal of licensure by, or disciplinary action by a dental regulatory body; and
b. The dentist’s dated and signed affidavit stating that the information provided is true, and that the dentist has read and complied with the Board’s statutes and rules;

2. On forms provided by the Board, provide a dated and signed affidavit attesting that any dental office or dental clinic where the dentist provides treatment during administration of general anesthesia or sedation by a physician anesthesiologist or CRNA:
   a. Contains the following properly operating equipment and supplies during the provision of general anesthesia and sedation:
      i. Emergency drugs;
      ii. Electrocardiograph monitor;
      iii. Pulse oximeter;
      iv. Cardiac defibrillator or automated external defibrillator (AED);
      v. Positive pressure oxygen and supplemental continuous flow oxygen;
      vi. Suction equipment, including endotracheal, tonsillar or pharyngeal and emergency backup medical suction device;
      vii. Laryngoscope, multiple blades, backup batteries and backup bulbs;
      viii. Endotracheal tubes and appropriate connectors;
      ix. Magill forceps;
      x. Oropharyngeal and nasopharyngeal airways;
      xi. Auxiliary lighting;
      xii. Stethoscope; and
      xiii. Blood pressure monitoring device; and
   b. Maintains a staff of supervised personnel capable of handling procedures, complications, and emergency incidents. All personnel involved in administering and monitoring general anesthesia or sedation shall hold a current course completion confirmation in cardiopulmonary resuscitation (CPR) Health Care Provider level;

3. Hold a valid license to practice dentistry in this state; and

4. Provide confirmation of completing coursework within the last two years prior to submitting the permit application in one or more of the following:
   a. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
   b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
   c. A recognized continuing education course in advanced airway management.

C. After submitting the application and written evidence of compliance with requirements in subsection (B) to the Board, the applicant shall schedule an onsite evaluation by the Board. After the applicant completes the application requirements and successfully completes the onsite evaluation, the Board shall issue the applicant a Section 1304 permit.
   1. The onsite evaluation team shall consist of one dentist who is a Board member, or Board designee.
   2. The onsite team shall evaluate the following:
      a. The availability of equipment and personnel as specified in subsection (B)(2);
b. Proper documentation of controlled substances, that includes a perpetual inventory log showing the receipt, administration, dispensing, and destruction of controlled substances; and
c. Proper recordkeeping as specified in subsection (E) by reviewing previous anesthesia or sedation records.
3. The evaluation team shall recommend one of the following:
   a. Pass. Successful completion of the onsite evaluation; or
   b. Conditional approval for failing to have appropriate equipment, proper documentation of controlled substances, or proper recordkeeping. The applicant must submit proof of correcting the deficiencies before a permit is issued.
4. The evaluation of an additional dental office or dental clinic in which a Section 1304 permit holder provides treatment during the administration general anesthesia or sedation by a physician anesthesiologist or CRNA may be waived by the Board staff upon receipt in the Board office of an affidavit verifying compliance with subsection (B)(2).

D. A Section 1304 permit holder shall keep an anesthesia or sedation record for each general anesthesia and sedation procedure that includes the following entries:
   1. Pre-operative and post-operative electrocardiograph documentation;
   2. Pre-operative, intra-operative, and post-operative, pulse oximeter documentation;
   3. Pre-operative, intra-operative, and post-operative blood pressure and vital sign documentation; and
   4. A list of all medications given, with dosage and time intervals and route and site of administration;
   5. Type of catheter or portal with gauge;
   6. Indicate nothing by mouth or time of last intake of food or water;
   7. Consent form; and
   8. Time of discharge and status, including name of escort.
E. For intravenous access, a Section 1304 permit holder shall ensure that the physician anesthesiologist or CRNA uses a new infusion set, including a new infusion line and new bag of fluid for each patient.
F. A Section 1304 permit holder shall ensure that the physician anesthesiologist or CRNA utilizes supplemental continuous flow oxygen for patients receiving general anesthesia or sedation for the duration of the procedure.
G. The Section 1304 permit holder shall continuously supervise the patient from the administration of anesthesia or sedation until termination of the anesthesia or sedation procedure and oxygenation, ventilation and circulation are stable. The Section 1304 permit holder shall not commence with a subsequent procedure or treatment until the patient is in monitored recovery or meets the guidelines for discharge.

**Historical Note**

New Section R4-11-1304 renumbered from R4-11-805 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Former Section R4- 11-1304 renumbered to R4-11-1305; new Section R4-11- 1304 renumbered from R4-11-1303 and amended by final rulemaking at 9 A.A.R. 1054, effective May 6, 2003 (Supp. 03-1). Section repealed; new Section made by final rulemaking at 19 A.A.R. 341, effective April 6, 2013 (Supp. 13-1).

**R4-11-1305. Reports of Adverse Occurrences**
If a death, or incident requiring emergency medical response, occurs in a dental office or dental clinic during the administration of or recovery from general anesthesia, deep sedation, moderate sedation, or minimal sedation, the permit holder and the treating dentist involved shall submit a complete report of the incident to the Board within 10 days after the occurrence.
Historical Note
New Section R4-11-1305 renumbered from R4-11-806 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Former Section R4-11-1305 renumbered to R4-11-1306; new Section R4-11-1305 renumbered from R4-11-1304 and amended by final rulemaking at 9 A.A.R. 1054, effective May 6, 2003 (Supp. 03-1). Section repealed; new Section made by final rulemaking at 19 A.A.R. 341, effective April 6, 2013 (Supp. 13-1).

R4-11-1306. Education; Continued Competency
A. To obtain a Section 1301, permit by satisfying the education requirement of R4-11-1301(B)(6), a dentist shall successfully complete an advanced graduate or post-graduate education program in pain control.
   1. The program shall include instruction in the following subject areas:
      a. Anatomy and physiology of the human body and its response to the various pharmacologic agents used in pain control;
      b. Physiological and psychological risks for the use of various modalities of pain control;
      c. Psychological and physiological need for various forms of pain control and the potential response to pain control procedures;
      d. Techniques of local anesthesia, sedation, and general anesthesia, and psychological management and behavior modification, as they relate to pain control in dentistry; and
      e. Handling emergencies and complications related to pain control procedures, including the maintenance of respiration and circulation, immediate establishment of an airway, and cardiopulmonary resuscitation.
   2. The program shall consist of didactic and clinical training. The didactic component of the program shall:
      a. Be the same for all dentists, whether general practitioners or specialists; and
      b. Include each subject area listed in subsection (A)(1).
   3. The program shall provide at least one calendar year of training as prescribed in R4-11-1301(B)(6)(a).
B. To maintain a Section 1301 or 1302 permit under R4-11-1301 or R4-11-1302 a permit holder shall:
   1. Participate in 30 clock hours of continuing education every five years in one or more of the following areas:
      a. General anesthesia,
      b. Parenteral sedation,
      c. Physical evaluation,
      d. Medical emergencies,
      e. Monitoring and use of monitoring equipment, or
      f. Pharmacology of drugs and non-drug substances used in general anesthesia or parenteral sedation; and
   2. Provide confirmation of completing coursework within the two years prior to submitting the renewal application from one or more of the following:
      a. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
      b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
      c. A recognized continuing education course in advanced airway management;
   3. Complete at least 10 general anesthesia, deep sedation or parenteral sedation cases a calendar year; and
   4. Apply a maximum of six hours from subsection (B)(2) toward the continuing education requirements for subsection (B)(1).
C. To maintain a Section 1303 permit issued under R4-11-1303, a permit holder shall:
   1. Participate in 30 clock hours of continuing education every five years in one or more of the following areas:
      a. Oral sedation,
      b. Physical evaluation,
      c. Medical emergencies,
      d. Monitoring and use of monitoring equipment, or
      e. Pharmacology of oral sedation drugs and non-drug substances; and
   2. Provide confirmation of completing coursework within the two years prior to submitting the renewal application from one or more of the following:
      a. Cardiopulmonary resuscitation (CPR) Health Care Provider level from the American Heart Association, American Red Cross or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association or American Red Cross;
      b. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
      c. Pediatric advanced life support (PALS);
      d. A recognized continuing education course in advanced airway management; and
   3. Complete at least 10 oral sedation cases a calendar year.

Historical Note
Section R4-11-1306 renumbered from R4-11-1305 and amended by final rulemaking at 9 A.A.R. 1054, effective May 6, 2003 (Supp. 03-1). Amended by final rulemaking at 19 A.A.R. 341, effective April 6, 2013 (Supp. 13-1).

R4-11-1307. Renewal of Permit
A. To renew a Section 1301, 1302, or 1303 permit, the permit holder shall:
   1. Provide written documentation of compliance with the applicable continuing education requirements in R4-11-1306;
   2. Provide written documentation of compliance with the continued competency requirements in R4-11-1306;
   3. Before December 31 of the year the permit expires, submit a completed application on a form provided by the Board office as described in R4-11-1301, R4-11-1302, or R4-11-1303; and
   4. Not less than 90 days before the expiration of a permit holder’s current permit, arrange for an onsite evaluation as described in R4-11-1301, R4-11-1302, or R4-11-1303.
B. To renew a Section 1304 permit, the permit holder shall:
   1. Before December 31 of the year the permit expires, submit a completed application on a form provided by the Board office as described in R4-11-1304; and
   2. Not less than 90 days before the expiration of a permit holder’s current permit, arrange for an onsite evaluation as described in R4-11-1304.
C. After the permit holder successfully completes the evaluation and submits the required affidavits, the Board shall renew a Section 1301, 1302, 1303, 1304 permit, as applicable.
D. The Board may stagger due dates for renewal applications.

Historical Note
Made by final rulemaking at 19 A.A.R. 341, effective April 6, 2013 (Supp. 13-1).
ARTICLE 14. DISPENSING DRUGS AND DEVICES

R4-11-1401. Prescribing
A. In addition to the requirements of A.R.S. § 32-1298(C), a dentist shall ensure that a prescription order contains the following information:
   1. Date of issuance;
   2. Name and address of the patient to whom the prescription is issued;
   3. Name, strength, dosage form, and quantity of the drug or name and quantity of the device prescribed;
   4. Name and address of the dentist prescribing the drug; and
   5. Drug Enforcement Administration registration number of the dentist, if prescribing a controlled substance.
B. Before dispensing a drug or device, a dentist shall present to the patient a written prescription for the drug or device being dispensed that includes on the prescription the following statement in bold type: “This prescription may be filled by the prescribing dentist or by a pharmacy of your choice.”

Historical Note
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1401 repealed, new Section R4-11-1401 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

R4-11-1402. Labeling and Dispensing
A. A dentist shall include the following information on the label of all drugs and devices dispensed:
   1. The dentist’s name, address, and telephone number;
   2. The serial number;
   3. The date the drug or device is dispensed;
   4. The patient’s name;
   5. Name, strength, and quantity of drug or name and quantity of device dispensed;
   6. The name of the drug or device manufacturer or distributor;
   7. Directions for use and cautionary statement necessary for safe and effective use of the drug or device; and
   8. If a controlled substance is prescribed, the cautionary statement “Caution: Federal law prohibits the transfer of this drug to any person other than the patient for whom it was prescribed.”
B. Before delivery to the patient, the dentist shall prepare and package the drug or device to ensure compliance with the prescription and personally inform the patient of the name of the drug or device, directions for its use, precautions, and storage requirements.
C. A dentist shall purchase all dispensed drugs and devices from a manufacturer, distributor, or pharmacy that is properly licensed in this state or one of the other 49 states, the District of Columbia, the Commonwealth of Puerto Rico, or a territory of the United States of America.
D. When dispensing a prescription drug or device from a prescription order, a dentist shall perform the following professional practices:
   1. Verify the legality and pharmaceutical feasibility of dispensing a drug based upon:
      a. A patient’s allergies,
      b. Incompatibilities with a patient’s currently-taken medications,
      c. A patient’s use of unusual quantities of dangerous drugs or narcotics, and
      d. The frequency of refills;
   2. Verify that the dosage is within proper limits;
   3. Interpret the prescription order;
   4. Prepare, package, and label, or assume responsibility for preparing, packaging, and labeling, the drug or device dispensed under each prescription order;
   5. Check the label to verify that the label precisely communicates the prescriber’s directions and hand-initial each label;
6. Record, or assume responsibility for recording, the serial number and date dispensed on the front of the original prescription order; and
7. Record on the original prescription order the name or initials of the dentist who dispensed the order.

**Historical Note**
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1402 renumbered to R4-11-1201, new Section R4-11-1402 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

**R4-11-1403. Storage and Packaging**
A dentist shall:
1. Keep all prescription-only drugs and devices in a secured area and control access to the secured area by written procedure. The dentist shall make the written procedure available to the Board or its authorized agents on demand for inspection or copying;
2. Keep all controlled substances secured in a locked cabinet or room, control access to the cabinet or room by written procedure, and maintain an ongoing inventory of the contents. The dentist shall make the written procedure available to the Board or its authorized agents on demand for inspection or copying;
3. Maintain drug storage areas so that the temperature in the drug storage areas does not exceed 85º F;
4. Not dispense a drug or device that has expired or is improperly labeled;
5. Not redispense a drug or device that has been returned;
6. Dispense a drug or device:
   a. In a prepackaged container or light-resistant container with a consumer safety cap, unless the patient or patient’s representative requests a non-safety cap; and
   b. With a label that is mechanically or electronically printed;
7. Destroy an outdated, deteriorated, or defective controlled substance according to Drug Enforcement Administration regulations or by using a reverse distributor. A list of reverse distributors may be obtained from the Drug Enforcement Administration; and
8. Destroy an outdated, deteriorated, or defective non-controlled substance drug or device by returning it to the supplier or by using a reverse distributor. A list of reverse distributors may be obtained from the Drug Enforcement Administration.

**Historical Note**
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1403 renumbered to R4-11-1202, new Section R4-11-1403 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

**R4-11-1404. Recordkeeping**
A. A dentist shall:
1. Chronologically date and sequentially number prescription orders in the order that the drugs or devices are originally dispensed;
2. Sequentially file orders separately from patient records, as follows:
   a. File Schedule II drug orders separately from all other prescription orders;
   b. File Schedule III, IV, and V drug orders separately from all other prescription orders; and
   c. File all other prescription orders separately from orders specified in subsections (A)(2)(a) and (b);
3. Record the name of the manufacturer or distributor of the drug or device dispensed on each prescription order and label;
4. Record the name or initials of the dentist dispensing the drug or device on each prescription order and label; and
5. Record the date the drug or device is dispensed on each prescription order and label.

B. A dentist shall record in the patient’s dental record the name, dosage form, and strength of the drug or device dispensed, the quantity or volume dispensed, the date the drug or device is dispensed, and the dental therapeutic reasons for dispensing the drug or device.

C. A dentist shall maintain:
   1. Purchase records of all drugs and devices for three years from the date purchased; and
   2. Dispensing records of all drugs and devices for three years from the date dispensed.

D. A dentist who dispenses controlled substances:
   1. Shall inventory Schedule II, III, IV, and V controlled substances as prescribed by A.R.S. § 36-2523;
   2. Shall perform a controlled substance inventory on March 1 annually, if directed by the Board, and at the opening or closing of a dental practice;
   3. Shall maintain the inventory for three years from the inventory date;
   4. May use one inventory book for all controlled substances;
   5. When conducting an inventory of Schedule II controlled substances, shall take an exact count;
   6. When conducting an inventory of Schedule III, IV, and V controlled substances, shall take an exact count or may take an estimated count if the stock container contains fewer than 1001 units.

E. A dentist shall maintain invoices for drugs and devices dispensed for three years from the date of the invoices, filed as follows:
   1. File Schedule II controlled substance invoices separately from records that are not Schedule II controlled substance invoices;
   2. File Schedule III, IV, and V controlled substance invoices separately from records that are not Schedule III, IV, and V controlled substance invoices; and
   3. File all non-controlled substance invoices separately from the invoices referenced in subsections (E)(1) and (2).

F. A dentist shall file Drug Enforcement Administration order form (DEA Form 222) for a controlled substance sequentially and separately from every other record.

Historical Note
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1404 renumbered to R4-11-1203, new Section R4-11-1404 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

R4-11-1405. Compliance
A. A dentist who determines that there has been a theft or loss of drugs or controlled substances from the dentist’s office shall immediately notify a local law enforcement agency and the Board and provide written notice of the theft or loss in the following manner:
   1. For non-controlled substance drug theft or loss, provide the law enforcement agency and the Board with a written report explaining the theft or loss; or
   2. For controlled substance theft or loss, complete a DEA 106 form; and
   3. Provide copies of the DEA 106 form to the Drug Enforcement Administration and the Board within seven days of the discovery.

B. A dentist who dispenses drugs or devices in a manner inconsistent with this Article is subject to discipline under A.R.S. Title 32, Chapter 11, Article 3.

Historical Note
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1405 renumbered to R4-11-1204, new Section R4-11-1405 adopted by final rulemaking at 5 A.A.R. 580, effective
February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

R4-11-1406. Dispensing for Profit Registration and Renewal
A. A dentist who is currently licensed to practice dentistry in Arizona may dispense controlled substances, prescription-only drugs, and prescription-only devices for profit only after providing the Board the following information:
   1. A completed registration form that includes the following information:
      a. The dentist's name and dental license number;
      b. A list of the types of drugs and devices to be dispensed for profit, including controlled substances; and
      c. Locations where the dentist desires to dispense the drugs and devices for profit; and
   2. A copy of the dentist’s current Drug Enforcement Administration Certificate of Registration for each dispensing location from which the dentist desires to dispense the drugs and devices for profit.
B. The Board shall issue a numbered certificate indicating the dentist is registered with the Board to dispense drugs and devices for profit.
C. A dentist shall renew a registration to dispense drugs and devices for profit by complying with the requirements in subsection (A) before the dentist’s license renewal date. When a dentist has made timely and complete application for the renewal of a registration, the dentist may continue to dispense until the Board approves or denies the application. Failure to renew a registration shall result in immediate loss of dispensing for profit privileges.

Historical Note
Adopted effective July 21, 1995; inadvertently not published with Supp. 95-3 (Supp. 95-4). Former Section R4- 11-1406 renumbered to R4-11-1205, new Section R4-11- 1406 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

R4-11-1407. Renumbered
Historical Note
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1407 renumbered to R4-11-1206 by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-1408. Renumbered
Historical Note
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1408 renumbered to R4-11-1207 by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-1409. Repealed
Historical Note
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1409 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

ARTICLE 15. COMPLAINTS, INVESTIGATIONS, DISCIPLINARY ACTION
R4-11-1501. Ex-parte Communication
A complainant, licensee, certificate holder, business entity or mobile dental permit holder against whom a complaint is filed, shall not engage in ex-parte communication by means of a written or oral communication between a decision maker, fact finder, or Board member and only one party to the proceeding.
R4-11-1502. Dental Consultant Qualifications  A dentist, dental hygienist, or denturist approved as a Board dental consultant shall:
   1. Possess a valid license or certificate to practice in Arizona;
   2. Have practiced at least five years in Arizona; and
   3. Not have been disciplined by the Board within the past five years.

R4-11-1503. Initial Complaint Review
A. The Board’s procedures for complaint notification are:
   1. Board personnel shall notify the complainant and licensee, certificate holder, business entity or mobile dental permit holder by certified U.S. Mail when the following occurs:
      a. A formal interview is scheduled,
      b. The complaint is tabled,
      c. A postponement or continuance is granted, and
      d. A subpoena, notice, or order is issued.
   2. Board personnel shall provide the licensee, certificate holder, business entity, or mobile dental permit holder with a copy of the complaint.
   3. If a complaint alleges a violation of the state or federal criminal code, the Board shall refer the complaint to the proper law enforcement agency.

B. The Board’s procedures for complaints referred to clinical evaluation are:
   1. Except as provided in subsection (B)(1)(a), the president’s designee shall appoint one or more dental consultants to perform a clinical evaluation. If there is more than one dental consultant, the dental consultants do not need to be present at the same time.
      a. If the complaint involves a dental hygienist, denturist, or dentist who is a recognized specialist in one of the areas listed in R4-11-1102(B), the president’s designee shall appoint a dental consultant from that area of practice or specialty.
      b. The Board shall not disclose the identity of the licensee to a dental consultant performing a clinical examination before the Board receives the dental consultant’s report.
   2. The dental consultant shall prepare and submit a clinical evaluation report. The president’s designee shall provide a copy of the clinical evaluation report to the licensee or certificate holder. The licensee or certificate holder may submit a written response to the clinical evaluation report.

R4-11-1504. Postponement of Interview
A. The licensee, certificate holder, business entity, or mobile dental permit holder may request a postponement of a formal interview. The Board or its designee shall grant a postponement until the
next regularly scheduled Board meeting if the licensee, certificate holder, business entity, or mobile dental permit holder makes a postponement request and the request:

1. Is made in writing,
2. States the reason for the postponement, and
3. Is received by the Board within 15 calendar days after the date the respondent received the formal interview request.

B. Within 48 hours of receipt of a request for postponement of a formal interview, the Board or its designee shall:

1. Review and either deny or approve the request for postponement; and
2. Notify in writing the complainant and licensee, certificate holder, business entity, or mobile dental permit holder of the decision to either deny or approve the request for postponement.

**Historical Note**

**ARTICLE 16. EXPIRED**

**R4-11-1601. Expired**

**Historical Note**

**ARTICLE 17. REHEARING OR REVIEW**

**R4-11-1701. Procedure**

A. Except as provided in subsection (F), a licensee, certificate holder, or business entity who is aggrieved by an order issued by the Board may file a written motion for rehearing or review with the Board, pursuant to A.R.S. Title 41, Chapter 6, Article 10, specifying the grounds for rehearing or review.

B. A licensee, certificate holder, or business entity filing a motion for rehearing or review under this rule may amend the motion at any time before it is ruled upon by the Board. The opposing party may file a response within 15 days after the date the motion for rehearing or review is filed. The Board may require that the parties file supplemental memoranda explaining the issues raised in the motion, and may permit oral argument.

C. The Board may grant a rehearing or review of the order for any of the following causes materially affecting a licensee, certificate holder, or business entity's rights:

1. Irregularity in the proceedings of the Board or any order or abuse of discretion, which deprived a licensee, certificate holder, or business entity of a fair hearing;
2. Misconduct of the Board, its personnel, the administrative law judge, or the prevailing party;
3. Accident or surprise which could not have been prevented by ordinary prudence;
4. Excessive or insufficient penalties;
5. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the progress of the proceeding;
6. That the findings of fact or decision is arbitrary, capricious, or an abuse of discretion;
7. That the findings of fact of decision is not justified by the evidence or is contrary to law; or
8. Newly discovered, material evidence which could not, with reasonable diligence, have been discovered and produced at the original hearing.
D. The Board may affirm or modify the order or grant a rehearing or review to all or part of the issues for any of the reasons in subsection (C). The Board, within the time for filing a motion for rehearing or review, may grant a rehearing or review on its own initiative for any reason for which it might have granted relief on motion of a party. An order granting a rehearing or review shall specify the grounds on which rehearing or review is granted, and any rehearing or review shall cover only those matters specified.

E. When a motion for rehearing or review is based upon affidavits, they shall be served with the motion. An opposing party may, within 15 days after such service, serve opposing affidavits.

F. If the Board makes specific findings that the immediate effectiveness of the order is necessary for the preservation of public health and safety and that a rehearing or review is impracticable, unnecessary, or contrary to the public interest, the order may be issued as a final order without an opportunity for a rehearing or review. If an order is issued as a final order without an opportunity or rehearing or review, the aggrieved party shall make an application for judicial review of the order within the time limits permitted for application for judicial review of the Board's final order.

G. The Board shall rule on the motion for rehearing or review within 15 days after the response has been filed, or at the Board's next meeting after the motion is received, whichever is later.

Historical Note
New Section R4-11-1701 renumbered from R4-11-701 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Amended by final rulemaking at 21 A.A.R. 2971, effective January 2, 2016 (Supp. 15-4).

ARTICLE 18. BUSINESS ENTITIES

R4-11-1801. Application
Before offering dental services, a business entity required to be registered under A.R.S. § 32-1213 shall apply for registration on an application form supplied by the Board. In addition to the requirements of A.R.S. § 32-1213(B) and the fee under R4-11-402, the registration application shall include a sworn statement from the applicant that:

1. The information provided by the business entity is true and correct, and
2. No information is omitted from the application.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

R4-11-1802. Display of Registration
A. A business entity shall ensure that the receipt for the current registration period is:

1. Conspicuously displayed in the dental practice in a manner that is always readily observable by patients and visitors, and
2. Exhibited to members of the Board or to duly authorized agents of the Board on request.

B. A business entity’s receipt for the licensure period immediately preceding shall be kept on display until replaced by the receipt for the current period.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).
TABLE OF CONTENTS

ARIZONA REVISED STATUTES

Article 1 – Dental Board

R4-11-1701 Procedure

Article 18 – Business Entities
R4-11-1801 Application
R4-11-1802 Display of Registration
In this chapter, unless the context otherwise requires:

1. "Affiliated practice dental hygienist" means any licensed dental hygienist who is able, pursuant to section 32-1289.01, to initiate treatment based on the dental hygienist's assessment of a patient's needs according to the terms of a written affiliated practice agreement with a dentist, to treat the patient without the presence of a dentist and to maintain a provider-patient relationship.

2. "Auxiliary personnel" means all dental assistants, dental technicians, dental x-ray technicians and other persons employed by dentists or firms and businesses providing dental services to dentists.

3. "Board" means the state board of dental examiners.

4. "Business entity" means a business organization that has an ownership that includes any persons who are not licensed or certified to provide dental services in this state, that offers to the public professional services regulated by the board and that is established pursuant to the laws of any state or foreign country.

5. "Dental assistant" means any person who acts as an assistant to a dentist, dental therapist or dental hygienist by rendering personal services to a patient that involve close proximity to the patient while the patient is under treatment or observation or undergoing diagnostic procedures.

6. "Dental hygienist" means any person who is licensed and engaged in the general practice of dental hygiene and all related and associated duties, including educational, clinical and therapeutic dental hygiene procedures.

7. "Dental incompetence" means lacking in sufficient dentistry knowledge or skills, or both, in that field of dentistry in which the dentist, dental therapist, denturist or dental hygienist concerned engages, to a degree likely to endanger the health of that person's patients.

8. "Dental laboratory technician" means any person, other than a licensed dentist, who, pursuant to a written work order of a dentist, fabricates artificial teeth, prosthetic appliances or other mechanical and artificial contrivances designed to correct or alleviate injuries or defects, both developmental and acquired, disorders or deficiencies of the human oral cavity, teeth, investing tissues, maxilla or mandible or adjacent associated structures.

9. "Dental therapist" means any person who is licensed and engaged in the general practice of dental therapy and all related and associated duties, including educational, clinical and therapeutic dental therapy procedures.

10. "Dental x-ray laboratory technician" means any person, other than a licensed dentist, who, pursuant to a written work order of a dentist, performs dental and maxillofacial radiography, including cephalometrics, panoramic and maxillofacial tomography and other dental related nonfluoroscopic diagnostic imaging modalities.
11. "Dentistry", "dentist" and "dental" mean the general practice of dentistry and all specialties or restricted practices of dentistry.

12. "Denturist" means a person practicing denture technology pursuant to article 5 of this chapter.

13. "Disciplinary action" means regulatory sanctions that are imposed by the board in combination with, or as an alternative to, revocation or suspension of a license and that may include:

(a) Imposition of an administrative penalty in an amount not to exceed two thousand dollars for each violation of this chapter or rules adopted under this chapter.

(b) Imposition of restrictions on the scope of practice.

(c) Imposition of peer review and professional education requirements.

(d) Imposition of censure or probation requirements best adapted to protect the public welfare, which may include a requirement for restitution to the patient resulting from violations of this chapter or rules adopted under this chapter.

14. "Irregularities in billing" means submitting any claim, bill or government assistance claim to any patient, responsible party or third-party payor for dental services rendered that is materially false with the intent to receive unearned income as evidenced by any of the following:

(a) Charges for services not rendered.

(b) Any treatment date that does not accurately reflect the date when the service and procedures were actually completed.

(c) Any description of a dental service or procedure that does not accurately reflect the actual work completed.

(d) Any charge for a service or procedure that cannot be clinically justified or determined to be necessary.

(e) Any statement that is material to the claim and that the licensee knows is false or misleading.

(f) An abrogation of the copayment provisions of a dental insurance contract by a waiver of all or a part of the copayment from the patient if this results in an excessive or fraudulent charge to a third party or if the waiver is used as an enticement to receive dental services from that provider. This subdivision does not interfere with a contractual relationship between a third-party payor and a licensee or business entity registered with the board.

(g) Any other practice in billing that results in excessive or fraudulent charges to the patient.

15. "Letter of concern" means an advisory letter to notify a licensee or a registered business entity that, while the evidence does not warrant disciplinary action, the board believes that the licensee or registered business entity should modify or eliminate certain practices and that continuation of the activities that led to the information being submitted to the board may result in board action against the practitioner's license or the business entity's registration. A letter of concern is not a disciplinary action. A letter of concern is a public document and may be used in a future disciplinary action.
16. "Licensed" means licensed pursuant to this chapter.

17. "Place of practice" means each physical location at which a person who is licensed pursuant to this chapter performs services subject to this chapter.

18. "Primary mailing address" means the address on file with the board and to which official board correspondence, notices or documents are delivered in a manner determined by the board.

19. "Recognized dental hygiene school" means a school that has a dental hygiene program with a minimum two academic year curriculum, or the equivalent of four semesters, and that is approved by the board and accredited by the American dental association commission on dental accreditation.

20. "Recognized dental school" means a dental school that is accredited by the American dental association commission on dental accreditation.

21. "Recognized dental therapy school" means a school that is accredited or that has received initial accreditation by the American dental association commission on dental accreditation.

22. "Recognized denturist school" means a denturist school that maintains standards of entrance, study and graduation and that is accredited by the United States department of education or the council on higher education accreditation.

24. "Teledentistry" means the use of data transmitted through interactive audio, video or data communications for the purposes of examination, diagnosis, treatment planning, consultation and directing the delivery of treatment by dentists and dental providers in settings permissible under this chapter or specified in rules adopted by the board.

32-1201.01. Definition of unprofessional conduct

For the purposes of this chapter, "unprofessional conduct" means the following acts, whether occurring in this state or elsewhere:

1. Intentionally betraying a professional confidence or intentionally violating a privileged communication except as either of these may otherwise be required by law. This paragraph does not prevent members of the board from the full and free exchange of information with the licensing and disciplinary boards of other states, territories or districts of the United States or foreign countries, with the Arizona state dental association or any of its component societies or with the dental societies of other states, counties, districts, territories or foreign countries.

2. Using controlled substances as defined in section 36-2501, narcotic drugs, dangerous drugs or marijuana as defined in section 13-3401, or hypnotic drugs, including acetylsalicylic acid derivatives, barbituric acid derivatives, chloral, paraldehyde, phenylhydantoin derivatives, sulfonmethane derivatives or any compounds, mixtures or preparations that may be used for producing hypnotic effects, or alcohol to the extent that it affects the ability of the dentist, dental therapist, denturist or dental hygienist to practice that person's profession.
3. Prescribing, dispensing or using drugs for other than accepted dental therapeutic purposes or for other than medically indicated supportive therapy in conjunction with managing a patient's dental needs.

4. Committing gross malpractice or repeated acts constituting malpractice.

5. Acting or assuming to act as a member of the board if this is not true.

6. Procuring or attempting to procure a certificate of the national board of dental examiners or a license to practice dentistry or dental hygiene by fraud or misrepresentation or by knowingly taking advantage of the mistake of another.

7. Having professional connection with or lending one's name to an illegal practitioner of dentistry or any of the other healing arts.

8. Representing that a manifestly not correctable condition, disease, injury, ailment or infirmity can be permanently corrected, or that a correctable condition, disease, injury, ailment or infirmity can be corrected within a stated time, if this is not true.

9. Offering, undertaking or agreeing to correct, cure or treat a condition, disease, injury, ailment or infirmity by a secret means, method, device or instrumentality.

10. Refusing to divulge to the board, on reasonable notice and demand, the means, method, device or instrumentality used in the treatment of a condition, disease, injury, ailment or infirmity.

11. Dividing a professional fee or offering, providing or receiving any consideration for patient referrals among or between dental care providers or dental care institutions or entities. This paragraph does not prohibit the division of fees among licensees who are engaged in a bona fide employment, partnership, corporate or contractual relationship for the delivery of professional services.

12. Knowingly making any false or fraudulent statement, written or oral, in connection with the practice of dentistry.

13. Having a license refused, revoked or suspended or any other disciplinary action taken against a dentist by, or voluntarily surrendering a license in lieu of disciplinary action to, any other state, territory, district or country, unless the board finds that this action was not taken for reasons that relate to the person's ability to safely and skillfully practice dentistry or to any act of unprofessional conduct.

14. Committing any conduct or practice that constitutes a danger to the health, welfare or safety of the patient or the public.

15. Obtaining a fee by fraud or misrepresentation, or wilfully or intentionally filing a fraudulent claim with a third party for services rendered or to be rendered to a patient.

17. Employing unlicensed persons to perform or aiding and abetting unlicensed persons in the performance of work that can be done legally only by licensed persons.
18. Practicing dentistry under a false or assumed name in this state, other than as allowed by section 32-1262.

19. Wilfully or intentionally causing or permitting supervised personnel or auxiliary personnel operating under the licensee's supervision to commit illegal acts or perform an act or operation other than that permitted under article 4 of this chapter and rules adopted by the board pursuant to section 32-1282.

20. Committing the following advertising practices:

(a) Publishing or circulating, directly or indirectly, any false, fraudulent or misleading statements concerning the skill, methods or practices of the licensee or of any other person.

(b) Advertising in any manner that tends to deceive or defraud the public.

21. Failing to dispense drugs and devices in compliance with article 6 of this chapter.

22. Failing to comply with a board order, including an order of censure or probation.

23. Failing to comply with a board subpoena in a timely manner.

24. Failing or refusing to maintain adequate patient records.

25. Failing to allow properly authorized board personnel, on demand, to inspect the place of practice and examine and have access to documents, books, reports and records maintained by the licensee or certificate holder that relate to the dental practice or dental-related activity.

26. Refusing to submit to a body fluid examination as required through a monitored treatment program or pursuant to a board investigation into a licensee's or certificate holder's alleged substance abuse.

27. Failing to inform a patient of the type of material the dentist will use in the patient's dental filling and the reason why the dentist is using that particular filling.

28. Failing to report in writing to the board any evidence that a dentist, dental therapist, denturist or dental hygienist is or may be:

(a) Professionally incompetent.

(b) Engaging in unprofessional conduct.

(c) Impaired by drugs or alcohol.

(d) Mentally or physically unable to safely engage in the activities of a dentist, dental therapist, denturist or dental hygienist pursuant to this chapter.

29. Filing a false report pursuant to paragraph 28 of this section.
30. Practicing dentistry, dental therapy, dental hygiene or denturism in a business entity that is not registered with the board as required by section 32-1213.

31. Dispensing a schedule II controlled substance that is an opioid.

32. Providing services or procedures as a dental therapist that exceed the scope of practice or exceed the services or procedures authorized in the written collaborative practice agreement.

32-1202. Scope of practice; practice of dentistry

For the purposes of this chapter, the practice of dentistry is the diagnosis, surgical or nonsurgical treatment and performance of related adjunctive procedures for any disease, pain, deformity, deficiency, injury or physical condition of the human tooth or teeth, alveolar process, gums, lips, cheek, jaws, oral cavity and associated tissues, including the removal of stains, discolorations and concretions.

32-1203. State board of dental examiners; qualifications of members; terms

A. The state board of dental examiners is established consisting of six licensed dentists, two licensed dental hygienists, two public members and one business entity member appointed by the governor for a term of four years, to begin and end on January 1.

B. Before appointment by the governor, a prospective member of the board shall submit a full set of fingerprints to the governor for the purpose of obtaining a state and federal criminal records check pursuant to section 41-1750 and Public Law 92-544. The department of public safety may exchange this fingerprint data with the federal bureau of investigation.

C. The business entity member and the public members may participate in all board proceedings and determinations, except in the preparing, giving or grading of examinations for licensure. Dental hygienist board members may participate in all board proceedings and determinations, except in the preparing, giving and grading of examinations that do not relate to dental hygiene procedures.

D. A board member shall not serve more than two consecutive terms.

E. For the purposes of this section, business entity member does not include a person who is licensed pursuant to this chapter.

32-1204. Removal from office

The governor may remove a member of the board for persistent neglect of duty, incompetency, unfair, biased, partial or dishonorable conduct, or gross immorality. Conviction of a felony or revocation of the dental license of a member of the board shall ipso facto terminate his membership.

32-1205. Organization; meetings; quorum; staff

A. The board shall elect from its membership a president and a vice-president who shall act also as secretary-treasurer.

B. Board meetings shall be conducted pursuant to title 38, chapter 3, article 3.1. A majority of the board constitutes a quorum. Beginning September 1, 2015, meetings held pursuant to this
subsection shall be audio recorded and the audio recording shall be posted to the board's website within five business days after the meeting.

C. The board may employ an executive director, subject to title 41, chapter 4, article 4 and legislative appropriation.

D. The board or the executive director may employ personnel, as necessary, subject to title 41, chapter 4, article 4 and legislative appropriation.

**32-1206. Compensation of board**

Members of the board are entitled to receive compensation in the amount of two hundred fifty dollars for each day actually spent in performing necessary work authorized by the board and all expenses necessarily and properly incurred while performing this work.

**32-1207. Powers and duties; executive director; immunity; fees; definition**

A. The board shall:

1. Adopt rules that are not inconsistent with this chapter for regulating its own conduct, for holding examinations and for regulating the practice of dentists and supervised personnel and registered business entities, provided:

   (a) Regulation of supervised personnel is based on the degree of education and training of the supervised personnel, the state of scientific technology available and the necessary degree of supervision of the supervised personnel by dentists.

   (b) Except as provided pursuant to sections 32-1276.03 and 32-1281, only licensed dentists may perform diagnosis and treatment planning, prescribe medication and perform surgical procedures on hard and soft tissues.

   (c) Only a licensed dentist, a dental therapist either under the direct supervision of a dentist or pursuant to a written collaborative practice agreement or a dental hygienist in consultation with a dentist may perform examinations, oral health assessments and treatment sequencing for dental hygiene procedures.

2. Adopt a seal.

3. Maintain a record that is available to the board at all times of its acts and proceedings, including the issuance, denial, renewal, suspension or revocation of licenses and the disposition of complaints. The existence of a pending complaint or investigation shall not be disclosed to the public. Records of complaints shall be available to the public, except only as follows:

   (a) If the board dismisses or terminates a complaint, the record of the complaint shall not be available to the public.

   (b) If the board has issued a nondisciplinary letter of concern, the record of the complaint shall be available to the public only for a period of five years after the date the board issued the letter of concern.
(c) If the board has required additional nondisciplinary continuing education pursuant to section 32-1263.01 but has not taken further action, the record of the complaint shall be available to the public only for a period of five years after the licensee satisfies this requirement.

(d) If the board has assessed a nondisciplinary civil penalty pursuant to section 32-1208 but has not taken further action, the record of the complaint shall be available to the public only for a period of five years after the licensee satisfies this requirement.

4. Establish a uniform and reasonable standard of minimum educational requirements consistent with the accreditation standards of the American dental association commission on dental accreditation to be observed by dental schools, dental therapy schools and dental hygiene schools in order to be classified as recognized dental schools, dental therapy schools or dental hygiene schools.

5. Establish a uniform and reasonable standard of minimum educational requirements that are consistent with the accreditation standards of the United States department of education or the council on higher education accreditation and that must be observed by denture technology schools in order to be classified as recognized denture technology schools.

6. Determine the reputability and classification of dental schools, dental therapy schools, dental hygiene schools and denture technology schools in accordance with their compliance with the standard set forth in paragraph 4 or 5 of this subsection, whichever is applicable.

7. Issue licenses to persons who the board determines are eligible for licensure pursuant to this chapter.

8. Determine the eligibility of applicants for restricted permits and issue restricted permits to those found eligible.

9. Pursuant to section 32-1263.02, investigate charges of misconduct on the part of licensees and persons to whom restricted permits have been issued.

10. Issue a letter of concern, which is not a disciplinary action but refers to practices that may lead to a violation and to disciplinary action.

11. Issue decrees of censure, fix periods and terms of probation, suspend or revoke licenses, certificates and restricted permits, as the facts may warrant, and reinstate licenses, certificates and restricted permits in proper cases.

12. Collect and disburse monies.

13. Perform all other duties that are necessary to enforce this chapter and that are not specifically or by necessary implication delegated to another person.

14. Establish criteria for the renewal of permits issued pursuant to board rules relating to general anesthesia and sedation.

B. The board may:

1. Sue and be sued.
2. Issue subpoenas, including subpoenas to the custodian of patient records, compel attendance of witnesses, administer oaths and take testimony concerning all matters within the board's jurisdiction. If a person refuses to obey a subpoena issued by the board, the refusal shall be certified to the superior court and proceedings shall be instituted for contempt of court.

3. Adopt rules:

(a) Prescribing requirements for continuing education for renewal of all licenses issued pursuant to this chapter.

(b) Prescribing educational and experience prerequisites for the administration of intravenous or intramuscular drugs for the purpose of sedation or for use of general anesthetics in conjunction with a dental treatment procedure.

(c) Prescribing requirements for obtaining licenses for retired licensees or licensees who have a disability, including the triennial license renewal fee.

4. Hire consultants to assist the board in the performance of its duties and employ persons to provide investigative, professional and clerical assistance as the board deems necessary.

5. Contract with other state or federal agencies as required to carry out the purposes of this chapter.

6. If determined by the board, order physical, psychological, psychiatric and competency evaluations of licensed dentists, dental therapists and dental hygienists, certified denturists and applicants for licensure and certification at the expense of those individuals.

C. The executive director or the executive director's designee may:

1. Issue and renew licenses, certificates and permits to applicants who meet the requirements of this chapter.

2. Initiate an investigation if evidence appears to demonstrate that a dentist, dental therapist, dental hygienist, denturist or restricted permit holder may be engaged in unprofessional conduct or may be unable to safely practice dentistry.

3. Initiate an investigation if evidence appears to demonstrate that a business entity may be engaged in unethical conduct.

4. Subject to board approval, enter into a consent agreement with a dentist, dental therapist, denturist, dental hygienist or restricted permit holder if there is evidence of unprofessional conduct.

5. Subject to board approval, enter into a consent agreement with a business entity if there is evidence of unethical conduct.

6. Refer cases to the board for a formal interview.

7. If delegated by the board, enter into a stipulation agreement with a person under the board's jurisdiction for the treatment, rehabilitation and monitoring of chemical substance abuse or misuse.
D. Members of the board are personally immune from liability with respect to all acts done and actions taken in good faith and within the scope of their authority.

E. The board by rule shall require that a licensee obtain a permit for the application of general anesthesia, semiconscious sedation or conscious sedation, shall establish and collect a fee of not more than three hundred dollars to cover administrative costs connected with issuing the permit and shall conduct inspections to ensure compliance.

F. The board by rule may establish and collect fees for license verification, board meeting agendas and minutes, published lists and mailing labels.

G. This section does not prohibit the board from conducting its authorized duties in a public meeting.

H. For the purposes of this section, "record of complaint" means the document reflecting the final disposition of a complaint or investigation.

32-1208. Failure to respond to subpoena; civil penalty

In addition to any disciplinary action authorized by statute, the board may assess a nondisciplinary civil penalty in an amount not to exceed five hundred dollars for a licensee who fails to respond to a subpoena issued by the board pursuant to this chapter.

32-1209. Admissibility of records in evidence

A copy of any part of the recorded proceedings of the board certified by the executive director, or a certificate by the executive director that any asserted or purported record, name, license number, restricted permit number or action is not entered in the recorded proceedings of the board, may be admitted as evidence in any court in this state. A person making application and paying a fee set by the board may procure from the executive director a certified copy of any portion of the records of the board unless these records are classified as confidential as provided by law. Unless otherwise provided by law, all records concerning an investigation, examination materials, records of examination grading and applicants' performance and transcripts of educational institutions concerning applicants are confidential and are not public records. "Records of applicants' performance" does not include records of whether an applicant passed or failed an examination.

32-1210. Annual report

A. Not later than October 1 of each year, the board shall make an annual written report to the governor for the preceding year that includes the following information:

1. The number of licensed dentists in the state.

2. The number of licenses issued during the preceding year and to whom issued.

3. The number of examinations held and the dates of the examinations.

4. The facts with respect to accusations filed with the board, of hearings held in connection with those accusations and the results of those hearings.

5. The facts with respect to prosecution of persons charged with violations of this chapter.
6. A full and complete statement of financial transactions of the board.

7. Any other matters that the board wishes to include in the report or that the governor requires.

B. On request of the governor the board shall submit a supplemental report.

32-1212. Dental board fund

A. Except as provided in subsection C of this section, pursuant to sections 35-146 and 35-147, the executive director of the board shall each month deposit ten per cent of all fees, fines and other revenue received by the board, in the state general fund and deposit the remaining ninety per cent in the dental board fund.

B. Monies deposited in the dental board fund shall be subject to the provisions of section 35-143.01.

C. Monies from administrative penalties received pursuant to section 32-1263.01 shall be deposited, pursuant to sections 35-146 and 35-147, in the state general fund.

32-1213. Business entities; registration; renewal; civil penalty; exceptions

A. A business entity may not offer dental services pursuant to this chapter unless:

1. The entity is registered with the board pursuant to this section.

2. The services are conducted by a licensee pursuant to this chapter.

B. The business entity must file a registration application on a form provided by the board. The application must include:

1. A description of the entity’s services offered to the public.

2. The name of any dentist who is authorized to provide and who is responsible for providing the dental services offered at each office.

3. The names and addresses of the officers and directors of the business entity.

4. A registration fee prescribed by the board in rule.

C. A business entity must file a separate registration application and pay a fee for each branch office in this state.

D. A registration expires three years after the date the board issues the registration. A business entity that wishes to renew a registration must submit an application for renewal as prescribed by the board on a triennial basis on a form provided by the board before the expiration date. An entity that fails to renew the registration before the expiration date is subject to a late fee as prescribed by the board by rule. The board may stagger the dates for renewal applications.

E. The business entity must notify the board in writing within thirty days after any change:
1. In the entity's name, address or telephone number.

2. In the officers or directors of the business entity.

3. In the name of any dentist who is authorized to provide and who is responsible for providing the dental services in any facility.

F. The business entity shall establish a written protocol for the secure storage, transfer and access of the dental records of the business entity's patients. This protocol must include, at a minimum, procedures for:

1. Notifying patients of the future locations of their records if the business entity terminates or sells the practice.

2. Disposing of unclaimed dental records.

3. The timely response to requests by patients for copies of their records.

G. The business entity must notify the board within thirty days after the dissolution of any registered business entity or the closing or relocation of any facility and must disclose to the board the entity's procedure by which its patients may obtain their records.

H. The board may do any of the following pursuant to its disciplinary procedures if an entity violates the board's statutes or rules:

1. Refuse to issue a registration.

2. Suspend or revoke a registration.

3. Impose a civil penalty of not more than $2,000 for each violation.

4. Enter a decree of censure.

5. Issue an order prescribing a period and terms of probation that are best adapted to protect the public welfare and that may include a requirement for restitution to a patient for a violation of this chapter or rules adopted pursuant to this chapter.

6. Issue a letter of concern if a business entity's actions may cause the board to take disciplinary action.

I. The board shall deposit, pursuant to sections 35-146 and 35-147, civil penalties collected pursuant to this section in the state general fund.

J. This section does not apply to:

1. A sole proprietorship or partnership that consists exclusively of dentists who are licensed pursuant to this chapter.

2. Any of the following entities licensed under title 20:
(a) A service corporation.
(b) An insurer authorized to transact disability insurance.
(c) A prepaid dental plan organization that does not provide directly for prepaid dental services.
(d) A health care services organization that does not provide directly for dental services.

3. A professional corporation or professional limited liability company, the shares of which are exclusively owned by dentists who are licensed pursuant to this chapter and that is formed to engage in the practice of dentistry pursuant to title 10, chapter 20 or title 29 relating to professional limited liability companies.

4. A facility regulated by the federal government or a state, district or territory of the United States.

5. An administrator or executor of the estate of a deceased dentist or a person who is legally authorized to act for a dentist who has been adjudicated to be mentally incompetent for not more than one year after the date the board receives notice of the dentist's death or incapacitation pursuant to section 32-1270.

K. A facility that offers dental services to the public by persons licensed under this chapter shall be registered by the board unless the facility is any of the following:

1. Owned by a dentist who is licensed pursuant to this chapter.
2. Regulated by the federal government or a state, district or territory of the United States.

L. Except for issues relating to insurance coding and billing that require the name, signature and license number of the dentist providing treatment, this section does not:

1. Authorize a licensee in the course of providing dental services for an entity registered pursuant to this section to disregard or interfere with a policy or practice established by the entity for the operation and management of the business.
2. Authorize an entity registered pursuant to this section to establish or enforce a business policy or practice that may interfere with the clinical judgment of the licensee in providing dental services for the entity or may compromise a licensee's ability to comply with this chapter.

M. The board shall adopt rules that provide a method for the board to receive the assistance and advice of business entities licensed pursuant to this chapter in all matters relating to the regulation of business entities.

N. An individual currently holding a surrendered or revoked license to practice dentistry or dental hygiene in any state or jurisdiction in the United States may not have a majority ownership interest in the business entity registered pursuant to this section. Revocation and surrender of licensure shall be limited to disciplinary actions resulting in loss of license or surrender of license instead of disciplinary action. Dentists or dental hygienists affected by this subsection shall have one year after the surrender or revocation to divest themselves of their ownership interest. This subsection does not apply to publicly held companies. For the purposes of this subsection, "majority ownership interest" means an ownership interest greater than fifty percent.
Article 2 – Licensure

32-1231. Persons not required to be licensed

This chapter does not prohibit:

1. A dentist, dental therapist or dental hygienist who is officially employed in the service of the United States from practicing dentistry in the dentist's, dental therapist's or dental hygienist's official capacity, within the scope of that person's authority, on persons who are enlisted in, directly connected with or under the immediate control of some branch of service of the United States.

2. A person, whether or not licensed by this state, from practicing dental therapy either:

   (a) In the discharge of official duties on behalf of the United States government, including the United States department of veterans affairs, the United States public health service and the Indian health service.

   (b) While employed by tribal health programs authorized pursuant to Public Law 93-638 or urban Indian health programs.

3. An intern or student of dentistry, dental therapy or dental hygiene from operating in the clinical departments or laboratories of a recognized dental school, dental therapy school, dental hygiene school or hospital under the supervision of a dentist.

4. An unlicensed person from performing for a licensed dentist merely mechanical work on inert matter not within the oral cavity in the construction, making, alteration or repairing of any artificial dental substitute or any dental restorative or corrective appliance, if the casts or impressions for that work have been furnished by a licensed dentist and the work is directly supervised by the dentist for whom done or under a written authorization signed by the dentist, but the burden of proving that written authorization or direct supervision is on the person charged with having violated this provision.

5. A clinician who is not licensed in this state from giving demonstrations, before bona fide dental societies, study clubs and groups of professional students, that are free to the persons on whom made.

6. The state director of dental public health from performing the director's administrative duties as prescribed by law.

7. A dentist or dental hygienist to whom a restricted permit has been issued from practicing dentistry or dental hygiene in this state as provided in sections 32-1237 and 32-1292.

8. A dentist, dental therapist or dental hygienist who is not practicing on the public at large from practicing in a recognized dental school, recognized dental therapy school or recognized dental hygiene school.

32-1232. Qualifications of applicant; application; fee; fingerprint clearance card

A. An applicant for licensure shall be of good moral character, shall meet the requirements of section 32-1233 and shall hold a diploma conferring a degree of doctor of dental medicine or doctor of dental surgery from a recognized dental school.
B. Each candidate shall submit a written application to the board accompanied by a nonrefundable Arizona dental jurisprudence examination fee of three hundred dollars. The board shall waive this fee for candidates who are holders of valid restricted permits. Each candidate shall also obtain a valid fingerprint clearance card issued pursuant to section 41-1758.03.

C. The board may deny an application for a license, for license renewal or for a restricted permit if the applicant:

1. Has committed any act that would be cause for censure, probation or suspension or revocation of a license under this chapter.

2. While unlicensed, committed or aided and abetted the commission of any act for which a license is required by this chapter.

3. Knowingly made any false statement in the application.

4. Has had a license to practice dentistry revoked by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

5. Is currently under suspension or restriction by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Has surrendered, relinquished or given up a license to practice dentistry in lieu of disciplinary action by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

D. The board shall suspend an application for a license, for license renewal or for a restricted permit if the applicant is currently under investigation by a dental regulatory board in another jurisdiction. The board shall not issue or deny a license to the applicant until the investigation is resolved.

32-1233. Applicants for licensure; examination requirements

An applicant for licensure shall have passed all of the following:

1. The written national dental board examinations.

2. The western regional examining board examination or a clinical examination administered by another state or regional testing agency in the United States within five years preceding filing the application.

3. The Arizona dental jurisprudence examination.

32-1234. Dental consultant license

A. A person may apply for a dental consultant license if the applicant demonstrates to the board's satisfaction that the applicant:
1. Has continuously held a license to practice dentistry for at least twenty-five years issued by one or more states or territories of the United States or the District of Columbia, but is not currently licensed to practice dentistry in Arizona.

2. Is of good moral character.

3. Has not had a license to practice dentistry revoked by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

4. Is not currently under suspension or restriction by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

5. Has not surrendered, relinquished or given up a license to practice dentistry in lieu of disciplinary action by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Meets the applicable requirements of section 32-1232.

7. Meets the requirements of section 32-1233, paragraphs 1 and 3. If an applicant has taken a state written theory examination instead of the written national dental board examinations, the applicant must provide the board with official documentation of passing the written theory examinations in the state where the applicant holds a current license. The board shall then determine the applicant's eligibility for a license pursuant to this section.

8. Meets the application requirements as prescribed in rule by the board.

B. The board shall suspend an application for a dental consultant license if the applicant is currently under investigation by a dental regulatory board in another jurisdiction in the United States. The board shall not issue or deny a license to the applicant until the investigation is resolved.

C. A person to whom a dental consultant license is issued shall practice dentistry only in the course of the person’s employment or on behalf of an entity licensed under title 20 with the practice limited to supervising or conducting utilization review or other claims or case management activity on behalf of the entity licensed pursuant to title 20. A person who holds a dental consultant license is prohibited from providing direct patient care.

D. This section shall not be deemed to require a person to apply for or hold a dental consultant license in order for that person to serve as a consultant to or engage in claims review activity for an entity licensed pursuant to title 20.

E. Except as provided in subsection B of this section, a dental consultant licensee is subject to all of the provisions of this chapter that are applicable to licensed dentists.

32-1235. Reinstatement of license or certificate; application for previously denied license or certificate

A. On written application the board may issue a new license or certificate to a dentist, dental therapist, dental hygienist or denturist whose license or certificate was previously suspended or
revoked by the board or surrendered by the applicant if the applicant demonstrates to the board’s satisfaction that the applicant is completely rehabilitated with respect to the conduct that was the basis for the suspension, revocation or surrender. In making its decision, the board shall determine:

1. That the applicant has not engaged in any conduct during the suspension, revocation or surrender period that would have constituted a basis for revocation pursuant to section 32-1263.

2. If a criminal conviction was a basis for the suspension, revocation or surrender, that the applicant’s civil rights have been fully restored pursuant to statute or any other applicable recognized judicial or gubernatorial order.

3. That the applicant has made restitution to any aggrieved person as ordered by a court of competent jurisdiction.

4. That the applicant demonstrates any other standard of rehabilitation the board determines is appropriate.

B. Except as provided in subsection C of this section, a person may not submit an application for reinstatement less than five years after the date of suspension, revocation or surrender.

C. The board shall vacate its previous order to suspend or revoke a license or certificate if that suspension or revocation was based on a conviction of a felony or an offense involving moral turpitude and that conviction has been reversed on appeal. The person may submit an application for reinstatement as soon as the court enters the reversal.

D. An applicant for reinstatement must comply with all initial licensing or certification requirements prescribed by this chapter.

E. A person whose application for a license or certificate has been denied for failure to meet academic requirements may apply for licensure or certification not less than two years after the denial.

F. A person whose application for a license has been denied pursuant to section 32-1232, subsection C may apply for licensure not less than five years after the denial.

32-1236. Dentist triennial licensure; continuing education; license reinstatement; license for each place of practice; notice of change of address or place of practice; retired and disabled license status; penalties

A. Except as provided in section 32-4301, a license expires thirty days after the licensee’s birthday every third year. On or before the licensee’s birthday every third year, every licensed dentist shall submit to the board a complete renewal application and pay a license renewal fee of not more than $650, established by a formal vote of the board. At least once every three years, before establishing the fee, the board shall review the amount of the fee in a public meeting. Any change in the amount of the fee shall be applied prospectively to a licensee at the time of licensure renewal. The fee prescribed by this subsection does not apply to a retired dentist or to a dentist with a disability.

B. A licensee shall include a written affidavit with the renewal application that affirms that the licensee complies with board rules relating to continuing education requirements. A licensee is not required to complete the written affidavit if the licensee received an initial license within the year
immediately preceding the expiration date of the license or the licensee is in disabled status. If the licensee is not in compliance with board rules relating to continuing education, the board may grant an extension of time to complete these requirements if the licensee includes a written request for an extension with the renewal application instead of the written affidavit and the renewal application is received on or before the licensee's birthday of the expiration year. The board shall consider the extension request based on criteria prescribed by the board by rule. If the board denies an extension request, the license expires thirty days after the licensee's birthday.

C. A person applying for licensure for the first time in this state shall pay a prorated fee for the period remaining until the licensee's next birthday. This fee shall not exceed one-third of the fee established pursuant to subsection A of this section. Subsequent licensure renewal shall be conducted pursuant to this section.

D. An expired license may be reinstated by submitting a complete renewal application within the twenty-four-month period immediately following the expiration of the license with payment of the renewal fee and a $100 penalty. Whenever issued, reinstatement is as of the date of application and entitles the applicant to licensure only for the remainder of the applicable three-year period. If a person does not reinstate a license pursuant to this subsection, the person must reapply for licensure pursuant to this chapter.

E. Each licensee must provide to the board in writing both of the following:

1. A primary mailing address.

2. The address for each place of practice.

F. A licensee maintaining more than one place of practice shall obtain from the board a duplicate license for each office. A fee set by the board shall be charged for each duplicate license. The licensee shall notify the board in writing within ten days after opening the additional place or places of practice. The board shall impose a penalty of $50 for failure to notify the board.

G. A licensee who is fully retired and a licensee who has a permanent disability may contribute services to a recognized charitable institution and still retain that classification for triennial registration purposes on payment of a reduced renewal fee as prescribed by the board by rule.

H. A licensee applying for retired or disabled status shall:

1. Relinquish any prescribing privileges and shall attest by affidavit that the licensee has surrendered to the United States drug enforcement administration any registration issued pursuant to the federal controlled substances act and has surrendered to the board any registration issued pursuant to section 36-2606.

2. If the licensee holds a permit to dispense drugs and devices pursuant to section 32-1298, surrender that permit to the board.

3. Attest by affidavit that the licensee is not currently engaged in the practice of dentistry.

I. A licensee who changes the licensee's primary mailing address or place of practice address shall notify the board of that change in writing within ten days. The board shall impose a penalty of $50 if
a licensee fails to notify the board of the change within that time. The board shall increase the penalty imposed to $100 if a licensee fails to notify it of the change within thirty days.

32-1237. Restricted permit

A person may apply for a restricted permit if the applicant demonstrates to the board’s satisfaction that the applicant:

1. Has a pending contract with a recognized charitable dental clinic or organization that offers dental services without compensation or at a rate that only reimburses the clinic for dental supplies and overhead costs and the applicant will receive no compensation for dental services provided at the clinic or organization.

2. Has a license to practice dentistry issued by another state or territory of the United States or the District of Columbia.

3. Has been actively engaged in one or more of the following for three years immediately preceding the application:
   (a) The practice of dentistry.
   (b) An approved dental residency training program.
   (c) Postgraduate training deemed by the board equivalent to an approved dental residency training program.

4. Is competent and proficient to practice dentistry.

5. Meets the requirements of section 32-1232, subsection A, other than the requirement to meet section 32-1233.

32-1238. Issuance of restricted permit

A restricted permit may be issued by the board without examination or payment of fee for a period not to exceed one year or until June 30th, whichever is lesser, and shall automatically expire at that time. The board may, in its discretion and pursuant to rules or regulations not inconsistent with this chapter, renew such restricted permit for periods not to exceed one year.

32-1239. Practice under restricted permit

A person to whom a restricted permit is issued shall be entitled to practice dentistry only in the course of his employment by a recognized charitable dental clinic or organization as approved by the board, on the following conditions:

1. He shall file a copy of his employment contract with the board and such contract shall contain the following provisions:
   (a) That applicant understands and acknowledges that if his employment by the charitable dental clinic or organization is terminated prior to the expiration of his restricted permit, his restricted permit
will be automatically revoked and he will voluntarily surrender the permit to the board and will no longer be eligible to practice unless or until he has satisfied the requirements of section 32-1237 or has successfully passed the examination as provided in this article.

(b) He shall be employed by a dental clinic or organization organized and operated for charitable purposes offering dental services without compensation. The term “employed” as used in this subdivision shall include the performance of dental services without compensation.

(c) He shall be subject to all the provisions of this chapter applicable to licensed dentists.

32-1240. Licensure by credential; examinations; waiver; fee

A. The board by rule may waive the examination requirements of this article on receipt of evidence satisfactory to the board that the applicant has passed the clinical examination of another state or testing agency more than five years before submitting an application for licensure pursuant to this chapter and the other state or testing agency maintains a standard of licensure that is substantially equivalent to that of this state as determined by the board. The board by rule shall require:

1. A minimum number of active practice hours within a specific time period before the applicant submits the application. The board shall define what constitutes active practice.

2. An affirmation that the applicant has completed the continuing education requirements of the jurisdiction where the applicant is licensed.

B. The applicant shall pay a licensure by credential fee of not more than two thousand dollars as prescribed by the board.

32-1241. Training permits; qualified military health professionals

A. The board shall issue a training permit to a qualified military health professional who is practicing dentistry in the United States armed forces and who is discharging the health professional’s official duties by participating in a clinical training program based at a civilian hospital affiliated with the United States department of defense.

B. Before the board issues the training permit, the qualified military health professional must submit a written statement from the United States department of defense that the applicant:

1. Is a member of the United States armed forces who is performing duties for and at the direction of the United States department of defense at a location in this state approved by the United States department of defense.

2. Has a current license or is credentialed to practice dentistry in a jurisdiction of the United States.

3. Meets all required qualification standards prescribed pursuant to 10 United States Code section 1094(d) relating to the licensure requirements for health professionals.

4. Has not had a license to practice revoked by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter.
5. Is not currently under investigation, suspension or restriction by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter.

6. Has not surrendered, relinquished or given up a license in lieu of disciplinary action by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter. This paragraph does not prevent the board from considering the request for a training permit of a qualified military health professional who surrendered, relinquished or gave up a license in lieu of disciplinary action by a regulatory board in another jurisdiction if that regulatory board subsequently reinstated the qualified military health professional’s license.

C. The qualified military health professional may not open an office or designate a place to meet patients or receive calls relating to the practice of dentistry in this state outside of the facilities and programs of the approved civilian hospital.

D. The qualified military health professional may not practice outside of the professional's scope of practice.

E. A training permit issued pursuant to this section is valid for one year. The qualified military health professional may apply annually to the board to renew the permit. With each application to renew the qualified military health professional must submit a written statement from the United States department of defense asking the board for continuation of the training permit.

F. The board may not impose a fee to issue or renew a training permit to a qualified military health professional pursuant to this section.

**Article 3 – Regulation**

**32-1261. Practicing without license; classification**

Except as otherwise provided a person is guilty of a class 6 felony who, without a valid license or business entity registration as prescribed by this chapter:

1. Practices dentistry or any branch of dentistry as described in section 32-1202.

2. In any manner or by any means, direct or indirect, advertises, represents or claims to be engaged or ready and willing to engage in that practice as described in section 32-1202.

3. Manages, maintains or carries on, in any capacity or by any arrangement, a practice, business, office or institution for the practice of dentistry, or that is advertised, represented or held out to the public for that purpose.

**32-1262. Corporate practice; display of name and license receipt or license; duplicate licenses; fee**

A. It is lawful to practice dentistry as a professional corporation or professional limited liability company.

B. It is lawful to practice dentistry as a business organization if the business organization is registered as a business entity pursuant to this chapter.
C. It is lawful to practice dentistry under a name other than that of the licensed practitioners if the name is not deceptive or misleading.

D. If practicing as a professional corporation or professional limited liability company, the name and address of record of the dentist owners of the practice shall be conspicuously displayed at the entrance to each owned location.

E. If practicing as a business organization that is registered as a business entity pursuant to section 32-1213, the receipt for the current registration period must be conspicuously displayed at the entrance to each place of practice.

F. A licensee's receipt for the current licensure period shall be displayed in the licensee's place of practice in a manner that is always readily observable by patients or visitors and shall be exhibited to members of the board or to duly authorized agents of the board on request. The receipt for the licensure period immediately preceding shall be kept on display until replaced by the receipt for the current period. During the year in which the licensee is first licensed and until the receipt for the following period is received, the license shall be displayed in lieu of the receipt.

G. If a dentist maintains more than one place of practice, the board may issue one or more duplicate licenses or receipts on payment of a fee fixed by the board not exceeding twenty-five dollars for each duplicate.

H. If a licensee legally changes the licensee's name from that in which the license was originally issued, the board, on satisfactory proof of the change and surrender of the original license, if obtainable, may issue a new license in the new name and shall charge the established fee for duplicate licenses.

32-1263. Grounds for disciplinary action; definition

A. The board may invoke disciplinary action against any person who is licensed under this chapter for any of the following reasons:

1. Unprofessional conduct as defined in section 32-1201.01.

2. Conviction of a felony or of a misdemeanor involving moral turpitude, in which case the record of conviction or a certified copy is conclusive evidence.

3. Physical or mental incompetence to practice pursuant to this chapter.

4. Committing or aiding, directly or indirectly, a violation of or noncompliance with any provision of this chapter or of any rules adopted by the board pursuant to this chapter.

5. Dental incompetence as defined in section 32-1201.

B. This section does not establish a cause of action against a licensee or a registered business entity that makes a report of unprofessional conduct or unethical conduct in good faith.

C. The board may take disciplinary action against a business entity that is registered pursuant to this chapter for unethical conduct.
D. For the purposes of this section, "unethical conduct" means the following acts occurring in this state or elsewhere:

1. Failing to report in writing to the board any evidence that a dentist, dental therapist, denturist or dental hygienist is or may be professionally incompetent, is or may be guilty of unprofessional conduct, is or may be impaired by drugs or alcohol or is or may be mentally or physically unable to safely engage in the permissible activities of a dentist, dental therapist, denturist or dental hygienist.

2. Falsely reporting to the board that a dentist, dental therapist, denturist or dental hygienist is or may be guilty of unprofessional conduct, is or may be impaired by drugs or alcohol or is or may be mentally or physically unable to safely engage in the permissible activities of a dentist, dental therapist, denturist or dental hygienist.

3. Obtaining or attempting to obtain a registration or registration renewal by fraud or by misrepresentation.

4. Knowingly filing with the board any application, renewal or other document that contains false information.

5. Failing to register or failing to submit a renewal registration with the board pursuant to section 32-1213.

6. Failing to provide the following persons with access to any place for which a registration has been issued or for which an application for a registration has been submitted in order to conduct a site investigation, inspection or audit:
   
   (a) The board or its employees or agents.
   
   (b) An authorized federal or state official.

7. Failing to notify the board of a change in officers and directors, a change of address or a change in the dentists providing services pursuant to section 32-1213, subsection E.

8. Failing to provide patient records pursuant to section 32-1264.

9. Obtaining a fee by fraud or misrepresentation or wilfully or intentionally filing a fraudulent claim with a third party for services rendered or to be rendered to a patient.

10. Engaging in repeated irregularities in billing.

11. Engaging in the following advertising practices:

   (a) Publishing or circulating, directly or indirectly, any false or fraudulent or misleading statements concerning the skill, methods or practices of a registered business entity, a licensee or any other person.

   (b) Advertising in any manner that tends to deceive or defraud the public.

12. Failing to comply with a board subpoena in a timely manner.
13. Failing to comply with a final board order, including a decree of censure, a period or term of probation, a consent agreement or a stipulation.

14. Employing or aiding and abetting unlicensed persons to perform work that must be done by a person licensed pursuant to this chapter.

15. Engaging in any conduct or practice that constitutes a danger to the health, welfare or safety of the patient or the public.

16. Engaging in a policy or practice that interferes with the clinical judgment of a licensee providing dental services for a business entity or compromising a licensee's ability to comply with this chapter.

17. Engaging in a practice by which a dental hygienist, dental therapist or dental assistant exceeds the scope of practice or restrictions included in a written collaborative practice agreement.

32-1263.01. Types of disciplinary action; letter of concern; judicial review; notice; removal of notice; violation; classification

A. The board may take any one or a combination of the following disciplinary actions against any person licensed under this chapter:

1. Revocation of license to practice.

2. Suspension of license to practice.

3. Entering a decree of censure, which may require that restitution be made to an aggrieved party.

4. Issuance of an order fixing a period and terms of probation best adapted to protect the public health and safety and to rehabilitate the licensed person. The order fixing a period and terms of probation may require that restitution be made to the aggrieved party.

5. Imposition of an administrative penalty in an amount not to exceed two thousand dollars for each violation of this chapter or rules adopted under this chapter.

6. Imposition of a requirement for restitution of fees to the aggrieved party.

7. Imposition of restrictions on the scope of practice.

8. Imposition of peer review and professional education requirements.

9. Imposition of community service.

B. The board may issue a letter of concern if a licensee’s continuing practices may cause the board to take disciplinary action. The board may also issue a nondisciplinary order requiring the licensee to complete a prescribed number of hours of continuing education in an area or areas prescribed by the board to provide the licensee with the necessary understanding of current developments, skills, procedures or treatment.
C. Failure to comply with any order of the board, including an order of censure or probation, is cause for suspension or revocation of a license.

D. All disciplinary and final nondisciplinary actions or orders, not including letters of concern or advisory letters, issued by the board against a licensee or certificate holder shall be posted to that licensee's or certificate holder's profile on the board's website. For the purposes of this subsection, only final nondisciplinary actions and orders that are issued after January 1, 2018 shall be posted.

E. Except as provided in section 41-1092.08, subsection H, final decisions of the board are subject to judicial review pursuant to title 12, chapter 7, article 6.

F. If the state board of dental examiners acts to modify any dentist's prescription-writing privileges, it shall immediately notify the Arizona state board of pharmacy of the modification.

G. The board may post a notice of its suspension or revocation of a license at the licensee's place of business. This notice shall remain posted for sixty days. A person who removes this notice without board or court authority before that time is guilty of a class 3 misdemeanor.

H. A licensee or certificate holder shall respond in writing to the board within twenty days after a notice of hearing is served. A licensee who fails to answer the charges in a complaint and notice of hearing issued pursuant to this article and title 41, chapter 6, article 10 is deemed to admit the acts charged in the complaint, and the board may revoke or suspend the license without a hearing.

32-1263.02. Investigation and adjudication of complaints; disciplinary action; civil penalty; immunity; subpoena authority; definitions

A. The board on its motion, or the executive director if delegated by the board, may investigate any evidence that appears to show the existence of any of the causes or grounds for disciplinary action as provided in section 32-1263. The board may investigate any complaint that alleges the existence of any of the causes or grounds for disciplinary action as provided in section 32-1263. The board shall not act on its own motion or on a complaint received by the board if the allegation of unprofessional conduct, unethical conduct or any other violation of this chapter against a professional who holds an Arizona license occurred more than four years before the complaint is received by the board. The four-year time limitation does not apply to:

1. Medical malpractice settlements or judgments, allegations of sexual misconduct or an incident or occurrence that involved a felony, diversion of a controlled substance or impairment while practicing by the licensee.

2. The board's consideration of the specific unprofessional conduct related to the licensee's failure to disclose conduct or a violation as required by law.

B. At the request of the complainant, the board shall not disclose to the respondent the complainant name unless the information is essential to proceedings conducted pursuant to this article.

C. The board or its designees shall conduct necessary investigations, including interviews between representatives of the board and the licensee with respect to any information obtained by or filed with the board under subsection A of this section. The results of the investigation conducted by a designee shall be forwarded to the board for its review.
D. If, based on the information it receives under subsection A of this section, the board finds that the public health, safety or welfare imperatively requires emergency action and incorporates a finding to that effect in its order, the board may order a summary suspension of the respondent's license pursuant to section 41-1092.11 pending proceedings for revocation or other action.

E. If a complaint refers to quality of care, the patient may be referred for a clinical evaluation at the discretion of the board.

F. If, after completing its investigation, the board finds that the information provided pursuant to subsection A of this section is insufficient to merit disciplinary action against the licensee, the board may take any of the following actions:

1. Dismiss the complaint.

2. Issue a nondisciplinary letter of concern to the licensee.

3. Issue a nondisciplinary order requiring the licensee to complete a prescribed number of hours of continuing education in an area or areas prescribed by the board to provide the licensee with the necessary understanding of current developments, skills, procedures or treatment.

4. Assess a nondisciplinary civil penalty in an amount not to exceed five hundred dollars if the complaint involves the licensee's failure to respond to a board subpoena.

G. If, after completing its investigation, the board finds that the information provided pursuant to subsection A of this section is sufficient to merit disciplinary action against the licensee, the board may request that the licensee participate in a formal interview before the board. If the licensee refuses or accepts the invitation for a formal interview and the results indicate that grounds may exist for revocation or suspension, the board shall issue a formal complaint and order that a hearing be held pursuant to title 41, chapter 6, article 10. If, after completing a formal interview, the board finds that the protection of the public requires emergency action, it may order a summary suspension of the license pursuant to section 41-1092.11 pending formal revocation proceedings or other action authorized by this section.

H. If, after completing a formal interview, the board finds that the information provided under subsection A of this section is insufficient to merit suspension or revocation of the license, it may take any of the following actions:

1. Dismiss the complaint.

2. Order disciplinary action pursuant to section 32-1263.01, subsection A.

3. Enter into a consent agreement with the licensee for disciplinary action.

4. Order nondisciplinary continuing education pursuant to section 32-1263.01, subsection B.

5. Issue a nondisciplinary letter of concern to the licensee.

I. A copy of the board's order issued pursuant to this section shall be given to the complainant and to the licensee. Pursuant to title 41, chapter 6, article 10, the licensee may petition for rehearing or review.
J. Any person who in good faith makes a report or complaint as provided in this section to the board or to any person or committee acting on behalf of the board is not subject to liability for civil damages as a result of the report.

K. The board, through its president or the president's designee, may issue subpoenas to compel the attendance of witnesses and the production of documents and may administer oaths, take testimony and receive exhibits in evidence in connection with an investigation initiated by the board or a complaint filed with the board. In case of disobedience to a subpoena, the board may invoke the aid of any court of this state in requiring the attendance and testimony of witnesses and the production of documentary evidence.

L. Patient records, including clinical records, medical reports, laboratory statements and reports, files, films, reports or oral statements relating to diagnostic findings or treatment of patients, any information from which a patient or a patient's family may be identified or information received and records kept by the board as a result of the investigation procedures taken pursuant to this chapter, are not available to the public.

M. The board may charge the costs of formal hearings conducted pursuant to title 41, chapter 6, article 10 to a licensee it finds to be in violation of this chapter.

N. The board may accept the surrender of an active license from a licensee who is subject to a board investigation and who admits in writing to any of the following:

1. Being unable to safely engage in the practice of dentistry.

2. Having committed an act of unprofessional conduct.

3. Having violated this chapter or a board rule.

O. In determining the appropriate disciplinary action under this section, the board may consider any previous nondisciplinary and disciplinary actions against a licensee.

P. If a licensee who is currently providing dental services for a registered business entity believes that the registered business entity has engaged in unethical conduct as defined pursuant to section 32-1263, subsection D, paragraph 16, the licensee must do both of the following before filing a complaint with the board:

1. Notify the registered business entity in writing that the licensee believes that the registered business entity has engaged in a policy or practice that interferes with the clinical judgment of the licensee or that compromises the licensee's ability to comply with the requirements of this chapter. The licensee shall specify in the notice the reasons for this belief.

2. Provide the registered business entity with at least ten calendar days to respond in writing to the assertions made pursuant to paragraph 1 of this subsection.

Q. A licensee who files a complaint pursuant to subsection P of this section shall provide the board with a copy of the licensee's notification and the registered business entity's response, if any.

R. A registered business entity may not take any adverse employment action against a licensee because the licensee complies with the requirements of subsection P of this section.
S. For the purposes of this section:

1. "License" includes a certificate issued pursuant to this chapter.

2. "Licensee" means a dentist, dental therapist, dental hygienist, denturist, dental consultant, restricted permit holder or business entity regulated pursuant to this chapter.

32-1263.03. Executive director; complaints; termination; review

A. If delegated by the board, the executive director, with the concurrence of the board's investigative staff, may terminate a complaint if the investigative staff's review indicates the complaint is without merit and that termination is appropriate.

B. The executive director may not terminate a complaint if a court has entered a medical malpractice judgment against a person licensed under this chapter.

C. At each regularly scheduled board meeting, the executive director shall provide to the board a list of each complaint the executive director terminated pursuant to subsection A since the preceding board meeting.

D. A person who is aggrieved by an action taken by the executive director pursuant to subsection A may file a written request that the board review that action. The request must be filed within thirty days after that person is notified of the executive director's action by personal delivery or, if the notification is mailed to that person's last known residence or place of business, within thirty-five days after the date on the notification. At the next regular board meeting, the board shall review the executive director's action. On review, the board shall approve, modify or reject the executive director's action.

32-1264. Maintenance of records

A. A person who is licensed or certified pursuant to this chapter shall make and maintain legible written records concerning all diagnoses, evaluations and treatments of each patient of record. A licensee or certificate holder shall maintain records that are stored or produced electronically in retrievable paper form. These records shall include:

1. All treatment notes, including current health history and clinical examinations.

2. Prescription and dispensing information, including all drugs, medicaments and dental materials used for patient care.

3. Diagnosis and treatment planning.

4. Dental and periodontal charting. Specialist charting must include areas of requested care and notation of visual oral examination describing any areas of potential pathology or radiographic irregularities.

5. All radiographs.

B. Records are available for review and for treatment purposes to the dentist, dental therapist, dental hygienist or denturist providing care.
C. On request, the licensee or certificate holder shall allow properly authorized board personnel to have access to the licensee’s or certificate holder’s place of practice to conduct an inspection and must make the licensee’s or certificate holder’s records, books and documents available to the board as part of an investigation process.

D. Within fifteen business days after a patient's written request, that patient's dentist, dental therapist, dental hygienist or denturist or a registered business entity shall transfer legible and diagnostic quality copies of that patient's records to another licensee or certificate holder or that patient. The patient may be charged for the reasonable costs of copying and forwarding these records. A dentist, dental therapist, dental hygienist, denturist or registered business entity may require that payment of reproduction costs be made in advance, unless the records are necessary for continuity of care, in which case the records shall not be withheld. Copies of records shall not be withheld because of an unpaid balance for dental services.

E. Unless otherwise required by law, a person who is licensed or certified pursuant to this chapter or a business entity that is registered pursuant to this chapter must retain the original or a copy of a patient's dental records as follows:

1. If the patient is an adult, for at least six years after the last date the adult patient received dental services from that provider.

2. If the patient is a child, for at least three years after the child's eighteenth birthday or for at least six years after the last date the child received dental services from the provider, whichever occurs later.

32-1265. Interpretation of chapter

Nothing in this chapter shall be construed to abridge a license issued under laws of this state relating to medicine or surgery.

32-1266. Prosecution of violations

The attorney general shall act for the board in all matters requiring legal assistance, but the board may employ other or additional counsel in its own behalf. The board shall assist prosecuting officers in enforcement of this chapter, and in so doing may engage suitable persons to assist in investigations and in the procurement and presentation of evidence. Subpoenas or other orders issued by the board may be served by any officer empowered to serve processes, who shall receive the fees prescribed by law. Expenditures made in carrying out provisions of this section shall be paid from the dental board fund.

32-1267. Use of fraudulent instruments; classification

A person is guilty of a class 5 felony who:

1. Knowingly presents to or files with the board as his own a diploma, degree, license, certificate or identification belonging to another, or which is forged or fraudulent.

2. Exhibits or displays any instrument described in paragraph 1 with intent that it be used as evidence of the right of such person to practice dentistry in this state.
3. With fraudulent intent alters any instrument described in paragraph 1 or uses or attempts to use it when so altered.

4. Sells, transfers or offers to sell or transfer, or who purchases, procures or offers to purchase or procure a diploma, license, certificate or identification, with intent that it be used as evidence of the right to practice dentistry in this state by a person other than the one to whom it belongs or is issued.

32-1268. Violations; classification; required proof

A. A person is guilty of a class 2 misdemeanor who:

1. Employs, contracts with, or by any means procures the assistance of, or association with, for the purpose of practicing dentistry, a person not having a valid license therefor.

2. Fails to obey a summons or other order regularly and properly issued by the board.

3. Violates any provision of this chapter for which the penalty is not specifically prescribed.

B. In a prosecution or hearing under this chapter, it is necessary to prove only a single act of violation and not a general course of conduct, and where the violation is continued over a period of one or more days each day constitutes a separate violation subject to the penalties prescribed in this chapter.

32-1269. Violation; classification; injunctive relief

A. A person convicted under this chapter is guilty of a class 2 misdemeanor unless another classification is specifically prescribed in this chapter. Violations shall be prosecuted by the county attorney and tried before the superior court in the county in which the violation occurs.

B. In addition to penalties provided in this chapter, the courts of the state are vested with jurisdiction to prevent and restrain violations of this chapter as nuisances per se, and the county attorneys shall, and the board may, institute proceedings in equity to prevent and restrain violations. A person damaged, or threatened with loss or injury, by reason of a violation of this chapter is entitled to obtain injunctive relief in any court of competent jurisdiction against any damage or threatened loss or injury by reason of a violation of this chapter.

32-1270. Deceased or incapacitated dentists; notification

A. An administrator or executor of the estate of a deceased dentist, or a person who is legally authorized to act for a dentist who has been adjudicated to be mentally incompetent, must notify the board within sixty days after the dentist's death or incapacitation. The administrator or executor may employ a licensed dentist for a period of not more than one year to:

1. Continue the deceased or incapacitated dentist's practice.

2. Conclude the affairs of the deceased or incapacitated dentist, including the sale of any assets.

B. An administrator or executor operating a practice pursuant to this section for more than one year must register as a business entity pursuant to section 32-1213.
32-1271. Marking of dentures for identification; retention and release of information

A. Every complete upper or lower denture fabricated by a licensed dentist, or fabricated pursuant to the dentist's work order, must be marked with the patient's name unless the patient objects. The marking must be done during fabrication and must be permanent, legible and cosmetically acceptable. The dentist or the dental laboratory shall determine the location of the marking and the methods used to implant or apply it. The dentist must inform the patient that the marking is used only to identify the patient, and the patient may choose which marking is to appear on the dentures.

B. The dentist must retain the records of marked dentures and may not release the records to any person except to law enforcement officers in any emergency that requires personal identification by means of dental records or to anyone authorized by the patient to receive this information.

Article 3.1 – Licensing and Regulation of Dental Therapists

32-1276. Definitions

In this article, unless the context otherwise requires:

1. "Applicant" means a person who is applying for licensure to practice dental therapy in this state.

2. "Direct supervision" means that a licensed dentist is present in the office and available to provide treatment or care to a patient and observe a dental therapist's work.

3. "Licensee" means a person who holds a license to practice dental therapy in this state.

32-1276.01. Application for licensure; requirements; fingerprint clearance card; denial or suspension of application

A. An applicant for licensure as a dental therapist in this state shall do all of the following:

1. Apply to the board on a form prescribed by the board.

2. Verify under oath that all statements in the application are true to the applicant's knowledge.

3. Enclose with the application:

   (a) A recent photograph of the applicant.

   (b) The application fee established by the board by rule.

B. The board may grant a license to practice dental therapy to an applicant who meets all of the following requirements:

1. Is licensed as a dental hygienist pursuant to article 4 of this chapter.

2. Graduates from a dental therapy education program that is accredited by or holds an initial accreditation from the American dental association commission on dental accreditation and that is offered through an accredited higher education institution recognized by the United States department of education.
3. Successfully passes both of the following:

(a) Within five years before filing the application, a clinical examination that is either:

(i) The western regional examining board examination.

(ii) An examination in dental therapy administered by another state or testing agency that is substantially equivalent to the western regional examining board examination, as determined by the state board of dental examiners.

(b) The Arizona dental jurisprudence examination.

4. Is not subject to any grounds for denial of the application under this chapter.

5. Obtains a valid fingerprint clearance card issued pursuant to title 41, chapter 12, article 3.1.

6. Meets all requirements for licensure established by the board by rule.

C. The board may deny an application for licensure or license renewal if the applicant:

1. Has committed an act that would be cause for censure, probation or suspension or revocation of a license under this chapter.

2. While unlicensed, committed or aided and abetted the commission of an act for which a license is required by this chapter.

3. Knowingly made any false statement in the application.

4. Has had a license to practice dental therapy revoked by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

5. Is currently suspended or restricted by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Has surrendered, relinquished or given up a license to practice dental therapy instead of having disciplinary action taken against the applicant by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

D. The board shall suspend an application for licensure if the applicant is currently under investigation by a dental regulatory board in another jurisdiction. The board shall not issue a license or deny an application for licensure until the investigation is completed.
A. Except as provided in section 32-4301, a license issued under this article expires thirty days after the licensee's birthday every third year. On or before the licensee's birthday every third year, each licensed dental therapist shall submit to the board a complete renewal application and pay a license renewal fee established by a formal vote of the board. At least once every three years, before establishing the fee, the board shall review the amount of the fee in a public meeting. Any change in the amount of the fee shall be applied prospectively to a licensee at the time of licensure renewal. The fee prescribed by this subsection does not apply to a retired dental therapist or to a dental therapist with a disability.

B. A licensee shall include a written affidavit with the renewal application that affirms that the licensee complies with board rules relating to continuing education requirements. A licensee is not required to complete the written affidavit if the licensee received an initial license within the year immediately preceding the expiration date of the license or the licensee is in disabled status. If the licensee is not in compliance with board rules relating to continuing education, the board may grant an extension of time to complete these requirements if the licensee includes a written request for an extension with the renewal application instead of the written affidavit and the renewal application is received on or before the licensee's birthday of the expiration year. The board shall consider the extension request based on criteria prescribed by the board by rule. If the board denies an extension request, the license expires thirty days after the licensee's birthday of the expiration year.

C. An applicant for a dental therapy license for the first time in this state shall pay a prorated fee for the period remaining until the licensee's next birthday. This fee may not exceed one-third of the fee prescribed pursuant to subsection A of this section. Subsequent applications shall be conducted pursuant to this section.

D. An expired license may be reinstated by submitting a complete renewal application within the twenty-four-month period immediately following the expiration of the license with payment of the renewal fee and a $100 penalty. When the license is issued, reinstatement is as of the date of application and entitles the applicant to licensure only for the remainder of the applicable three-year period. If a person does not reinstate a license pursuant to this subsection, the person must reapply for licensure pursuant to this article.

E. A licensee shall notify the board in writing within ten days after the licensee changes the primary mailing address listed with the board. The board shall impose a civil penalty of $50 if a licensee fails to notify the board of the change within that time. The board shall increase the civil penalty to $100 if a licensee fails to notify the board of the change within thirty days.

F. A licensee who is at least sixty-five years of age and who is fully retired and a licensee who has a permanent disability may contribute services to a recognized charitable institution and still retain that classification for triennial registration purposes by paying a reduced renewal fee as prescribed by the board by rule.

G. A licensee is not required to maintain a dental hygienist license.
A. A person is deemed to be a practicing dental therapist if the person does any of the acts or performs any operations included in the general practice of dental therapists or dental therapy or any related and associated duties.

B. Either under the direct supervision of a dentist or pursuant to a written collaborative practice agreement, a licensed dental therapist may do any of the following:

1. Perform oral evaluations and assessments of dental disease and formulate individualized treatment plans.

2. Perform comprehensive charting of the oral cavity.

3. Provide oral health instruction and disease prevention education, including motivational interviewing, nutritional counseling and dietary analysis.

4. Expose and process dental radiographic images.

5. Perform dental prophylaxis, scaling, root planing and polishing procedures.

6. Dispense and administer oral and topical nonnarcotic analgesics and anti-inflammatory and antibiotic medications as prescribed by a licensed health care provider.

7. Apply topical preventive and prophylactic agents, including fluoride varnishes, antimicrobial agents, silver diamine fluoride and pit and fissure sealants.

8. Perform pulp vitality testing.

9. Apply desensitizing medicaments or resins.

10. Fabricate athletic mouth guards and soft occlusal guards.

12. Administer nitrous oxide analgesics and local anesthetics.

13. Perform simple extraction of erupted primary teeth.

14. Perform nonsurgical extractions of periodontally diseased permanent teeth that exhibit plus three or grade three mobility and that are not impacted, fractured, unerupted or in need of sectioning for removal.

15. Perform emergency palliative treatments of dental pain that is related to care or a service described in this section.

16. Prepare and place direct restorations in primary and permanent teeth.
17. Fabricate and place single-tooth temporary crowns.

18. Prepare and place preformed crowns on primary teeth.

19. Perform indirect and direct pulp capping on permanent teeth.

20. Perform indirect pulp capping on primary teeth.

22. Provide minor adjustments and repairs on removable prostheses.

23. Place and remove space maintainers.

24. Perform all functions of a dental assistant and expanded function dental assistant.

25. Perform other related services and functions that are authorized by the supervising dentist within the dental therapist's scope of practice and for which the dental therapist is trained.

27. Perform any other duties of a dental therapist that are authorized by the board by rule.

C. A dental therapist may not:

1. Dispense or administer a narcotic drug.

2. Independently bill for services to any individual or third-party payor.

D. A person may not claim to be a dental therapist unless that person is licensed as a dental therapist under this article.

32-1276.04. Dental therapists; clinical practice; supervising dentists; written collaborative practice agreements

A. A dental therapist may practice only in the following practice settings or locations, including mobile dental units, that are operated or served by any of the following:

1. A federally qualified community health center.

2. A health center program that has received a federal look-alike designation.

3. A community health center.

4. A nonprofit dental practice or a nonprofit organization that provides dental care to low-income and underserved individuals.
5. A private dental practice that provides dental care for community health center patients of record who are referred by the community health center.

B. A dental therapist may practice in this state either under the direct supervision of a dentist or pursuant to a written collaborative practice agreement. Before a dental therapist may enter into a written collaborative practice agreement, the dental therapist shall complete one thousand hours of dental therapy clinical practice under the direct supervision of a dentist who is licensed in this state and shall provide documentation satisfactory to the board of having completed this requirement.

C. A practicing dentist who holds an active license pursuant to this chapter and a licensed dental therapist who holds an active license pursuant to this article may enter into a written collaborative practice agreement for the delivery of dental therapy services. The supervising dentist shall provide or arrange for another dentist or specialist to provide any service needed by the dental therapist's patient that exceeds the dental therapist's authorized scope of practice.

D. A dentist may not enter into more than four separate written collaborative practice agreements for the delivery of dental therapy services.

E. A written collaborative practice agreement between a dentist and a dental therapist shall do all of the following:

1. Address any limit on services and procedures to be performed by the dental therapist, including types of populations and any age-specific or procedure-specific practice protocol, including case selection criteria, assessment guidelines and imaging frequency.

2. Address any limit on practice settings established by the supervising dentist and the level of supervision required for various services or treatment settings.

3. Establish practice protocols, including protocols for informed consent, recordkeeping, managing medical emergencies and providing care to patients with complex medical conditions, including requirements for consultation before initiating care.

4. Establish protocols for quality assurance, administering and dispensing medications and supervising dental assistants.

5. Include specific protocols to govern situations in which the dental therapist encounters a patient requiring treatment that exceeds the dental therapist's authorized scope of practice or the limits imposed by the collaborative practice agreement.

6. Specify that the extraction of permanent teeth may be performed only under the direct supervision of a dentist and consistent with section 32-1276.03, subsection B, paragraph 14.

F. Except as provided in section 32-1276.03, subsection B, paragraph 14, to the extent authorized by the supervising dentist in the written collaborative practice agreement, a dental therapist may practice dental therapy procedures authorized under this article in a practice setting in which the supervising dentist is not on-site and has not previously examined the patient or rendered a diagnosis.

G. The written collaborative practice agreement must be signed and maintained by both the supervising dentist and the dental therapist and may be updated and amended as necessary by both
the supervising dentist and dental therapist. The supervising dentist and dental therapist shall submit a copy of the agreement and any amendment to the agreement to the board.

32-1276.05. Dental therapists; supervising dentists; collaborative practice relationships

A. A dentist who holds an active license pursuant to this chapter and a dental therapist who holds an active license pursuant to this article may enter into a collaborative practice relationship through a written collaborative practice agreement for the delivery of dental therapy services.

B. Each dental practice shall disclose to a patient whether the patient is scheduled to see the dentist or dental therapist.

C. Each dentist in a collaborative practice relationship shall:

1. Be available to provide appropriate contact, communication and consultation with the dental therapist.

2. Adopt procedures to provide timely referral of patients whom the dental therapist refers to a licensed dentist for examination. The dentist to whom the patient is referred shall be geographically available to see the patient.

D. Each dental therapist in a collaborative practice relationship shall:

1. Perform only those duties within the terms of the written collaborative practice agreement.

2. Maintain an appropriate level of contact with the supervising dentist.

E. The dental therapist and the supervising dentist shall notify the board of the beginning of the collaborative practice relationship and provide the board with a copy of the written collaborative practice agreement and any amendments to the agreement within thirty days after the effective date of the agreement or amendment. The dental therapist and supervising dentist shall also notify the board within thirty days after the termination date of the written collaborative practice agreement if the date is different than the termination date provided in the agreement.

F. Subject to the terms of the written collaborative practice agreement, a dental therapist may perform all dental therapy procedures authorized in section 32-1276.03. The dentist's presence, examination, diagnosis and treatment plan are not required unless specified by the written collaborative practice agreement.

32-1276.06. Practicing without a license; violation; classification

It is a class 6 felony for a person to practice dental therapy in this state unless the person has obtained a license from the board as provided in this article.

32-1276.07. Licensure by credential; examination waiver; fee

A. The board by rule may waive the examination requirements of this article on receipt of evidence satisfactory to the board that the applicant has passed the clinical examination of another state or testing agency more than five years before submitting the application for licensure pursuant to this article and the other state or testing agency maintains a standard of licensure or certification that is
substantially equivalent to that of this state as determined by the board. The board by rule shall require:

1. A minimum number of active practice hours within a specific time period before the applicant submits the application. The board shall prescribe what constitutes active practice.

2. An affirmation that the applicant has completed the continuing education requirements of the jurisdiction where the applicant is licensed or certified.

B. The applicant shall pay a licensure by credential fee as established by the board in rule.

C. An applicant under this section is not required to obtain a dental hygienist license in this state if the board determines that the applicant otherwise meets the requirements for dental therapist licensure.

32-1276.08. Dental therapy schools; credit for prior experience or coursework

Notwithstanding any other law, a recognized dental therapy school may grant advanced standing or credit for prior learning to a student who has prior experience or has completed coursework that the school determines is equivalent to didactic and clinical education in its accredited program.

Article 4 – Licensing and Regulation of Dental Hygienists

32-1281. Practicing as dental hygienist; supervision requirements; definitions

A. A person is deemed to be practicing as a dental hygienist if the person does any of the acts or performs any of the operations included in the general practice of dental hygienists, dental hygiene and all related and associated duties.

B. A licensed dental hygienist may perform the following:

1. Prophylaxis.

2. Scaling.

3. Closed subgingival curettage.

4. Root planing.

5. Administering local anesthetics and nitrous oxide.

6. Inspecting the oral cavity and surrounding structures for the purposes of gathering clinical data to facilitate a diagnosis.

7. Periodontal screening or assessment.

8. Recording clinical findings.

9. Compiling case histories.
10. Exposing and processing dental radiographs.

11. All functions authorized and deemed appropriate for dental assistants.

12. Except as provided in paragraph 13 of this subsection, those restorative functions permissible for an expanded function dental assistant if qualified pursuant to section 32-1291.01.

13. Placing interim therapeutic restorations after successfully completing a course at an institution accredited by the commission on dental accreditation of the American dental association.

C. The board by rule shall prescribe the circumstances under which a licensed dental hygienist may:

1. Apply preventive and therapeutic agents to the hard and soft tissues.

2. Use emerging scientific technology and prescribe the necessary training, experience and supervision to operate newly developed scientific technology. A dentist who supervises a dental hygienist whose duties include the use of emerging scientific technology must have training on using the emerging technology that is equal to or greater than the training the dental hygienist is required to obtain.

3. Perform other procedures not specifically authorized by this section.

D. Except as provided in subsections E, F and I of this section, a dental hygienist shall practice under the general supervision of a dentist who is licensed pursuant to this chapter.

E. A dental hygienist may practice under the general supervision of a physician who is licensed pursuant to chapter 13 or 17 of this title in an inpatient hospital setting.

F. A dental hygienist may perform the following procedures on meeting the following criteria and under the following conditions:

1. Administering local anesthetics under the direct supervision of a dentist who is licensed pursuant to this chapter after:

   (a) The dental hygienist successfully completes a course in administering local anesthetics that includes didactic and clinical components in both block and infiltration techniques offered by a dental or dental hygiene program accredited by the commission on dental accreditation of the American dental association.

   (b) The dental hygienist successfully completes an examination in local anesthesia given by the western regional examining board or a written and clinical examination of another state or regional examination that is substantially equivalent to the requirements of this state, as determined by the board.

   (c) The board issues to the dental hygienist a local anesthesia certificate on receipt of proof that the requirements of subdivisions (a) and (b) of this paragraph have been met.

2. Administering local anesthetics under general supervision to a patient of record if all of the following are true:
(a) The dental hygienist holds a local anesthesia certificate issued by the board.

(b) The patient is at least eighteen years of age.

(c) The patient has been examined by a dentist who is licensed pursuant to this chapter within the previous twelve months.

(d) There has been no change in the patient's medical history since the last examination. If there has been a change in the patient's medical history within that time, the dental hygienist must consult with the dentist before administering local anesthetics.

(e) The supervising dentist who performed the examination has approved the patient for being administered local anesthetics by the dental hygienist under general supervision and has documented this approval in the patient's record.

3. Administering nitrous oxide analgesia under the direct supervision of a dentist who is licensed pursuant to this chapter after:

(a) The dental hygienist successfully completes a course in administering nitrous oxide analgesia that includes didactic and clinical components offered by a dental or dental hygiene program accredited by the commission on dental accreditation of the American dental association.

(b) The board issues to the dental hygienist a nitrous oxide analgesia certificate on receipt of proof that the requirements of subdivision (a) of this paragraph have been met.

G. The board may issue local anesthesia and nitrous oxide analgesia certificates to a licensed dental hygienist on receipt of evidence satisfactory to the board that the dental hygienist holds a valid certificate or credential in good standing in the respective procedure issued by a licensing board of another jurisdiction of the United States.

H. A dental hygienist may perform dental hygiene procedures in the following settings:

1. On a patient of record of a dentist within that dentist's office.

2. Except as prescribed in section 32-1289.01, in a health care facility, long-term care facility, public health agency or institution, public or private school or homebound setting on patients who have been examined by a dentist within the previous year.

3. In an inpatient hospital setting pursuant to subsection E of this section.

I. A dental hygienist may provide dental hygiene services under an affiliated practice relationship with a dentist as prescribed in section 32-1289.01.

J. For the purposes of this article:

1. "Assessment" means a limited, clinical inspection that is performed to identify possible signs of oral or systemic disease, malformation or injury and the potential need for referral for diagnosis and treatment, and may include collecting clinical information to facilitate an examination, diagnosis and treatment plan by a dentist.
2. "Direct supervision" means that the dentist is present in the office while the dental hygienist is treating a patient and is available for consultation regarding procedures that the dentist authorizes and for which the dentist is responsible.

3. "General supervision" means:

(a) That the dentist is available for consultation, whether or not the dentist is in the dentist's office, over procedures that the dentist has authorized and for which the dentist remains responsible.

(b) With respect to an inpatient hospital setting, that a physician who is licensed pursuant to chapter 13 or 17 of this title is available for consultation, whether or not the physician is physically present at the hospital.

4. "Interim therapeutic restoration" means a provisional restoration that is placed to stabilize a primary or permanent tooth and that consists of removing soft material from the tooth using only hand instrumentation, without using rotary instrumentation, and subsequently placing an adhesive restorative material.

5. "Screening" means determining an individual's need to be seen by a dentist for diagnosis and does not include an examination, diagnosis or treatment planning.

32-1282. Administration and enforcement

A. So far as applicable, the board shall have the same powers and duties in administering and enforcing this article that it has under section 32-1207 in administering and enforcing articles 1, 2 and 3 of this chapter.

B. The board shall adopt rules that provide a method for the board to receive the assistance and advice of dental hygienists licensed pursuant to this chapter in all matters relating to the regulation of dental hygienists.

32-1283. Disposition of revenues

The provisions of section 32-1212 shall apply to all fees, fines and other revenues received by the board under this article.

32-1284. Qualifications of applicant; application; fee; fingerprint clearance card; rules; denial or suspension of application

A. An applicant for licensure as a dental hygienist shall be at least eighteen years of age, shall be of good moral character, shall meet the requirements of section 32-1285 and shall present to the board evidence of graduation or a certificate of satisfactory completion in a course or curriculum in dental hygiene from a recognized dental hygiene school. A candidate shall make written application to the board accompanied by a nonrefundable Arizona dental jurisprudence examination fee of one hundred dollars. The board shall waive this fee for candidates who are holders of valid restricted permits. Each candidate shall also obtain a valid fingerprint clearance card issued pursuant to section 41-1758.03.

B. The board shall adopt rules that govern the practice of dental hygienists and that are not inconsistent with this chapter.
C. The board may deny an application for licensure or an application for license renewal if the applicant:

1. Has committed an act that would be cause for censure, probation or suspension or revocation of a license under this chapter.

2. While unlicensed, committed or aided and abetted the commission of an act for which a license is required by this chapter.

3. Knowingly made any false statement in the application.

4. Has had a license to practice dental hygiene revoked by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

5. Is currently under suspension or restriction by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Has surrendered, relinquished or given up a license to practice dental hygiene instead of disciplinary action by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

D. The board shall suspend an application for a license if the applicant is currently under investigation by a dental regulatory board in another jurisdiction. The board shall not issue or deny a license to the applicant until the investigation is resolved.

32-1285. Applicants for licensure; examination requirements

An applicant for licensure shall have passed all of the following:

1. The national dental hygiene board examination.

2. A clinical examination that is completed within five years preceding filing the application and that is either of the following:

   (a) The western regional examining board examination.
   
   (b) An examination administered by another state or testing agency that is substantially equivalent to the requirements of this state, as determined by the board.

3. The Arizona dental jurisprudence examination.

32-1286. Recognized dental hygiene schools; credit for prior learning

Notwithstanding any law to the contrary, a recognized dental hygiene school may grant advanced standing or credit for prior learning to a student who has prior experience or course work that the school determines is equivalent to didactic and clinical education in its accredited program.
32-1287. Dental hygienist triennial licensure; continuing education; license reinstatement; notice of change of address; penalties; retired and disabled license status

A. Except as provided in section 32-4301, a license expires thirty days after the licensee's birthday every third year. On or before the licensee's birthday every third year, every licensed dental hygienist shall submit to the board a complete renewal application and pay a license renewal fee of not more than $325, established by a formal vote of the board. At least once every three years, before establishing the fee, the board shall review the amount of the fee in a public meeting. Any change in the amount of the fee shall be applied prospectively to a licensee at the time of licensure renewal. The fee prescribed by this section does not apply to a retired hygienist or a hygienist with a disability.

B. A licensee shall include a written affidavit with the renewal application that affirms that the licensee complies with board rules relating to continuing education requirements. A licensee is not required to complete the written affidavit if the licensee received an initial license within the year immediately preceding the expiration date of the license or the licensee is in disabled status. If the licensee is not in compliance with board rules relating to continuing education, the board may grant an extension of time to complete these requirements if the licensee includes a written request for an extension with the renewal application instead of the written affidavit and the renewal application is received on or before the licensee's birthday of the expiration year. The board shall consider the extension request based on criteria prescribed by the board by rule. If the board denies an extension request, the license expires thirty days after the licensee's birthday of the expiration year.

C. A person applying for a license for the first time in this state shall pay a prorated fee for the period remaining until the licensee's next birthday. This fee shall not exceed one-third of the fee established pursuant to subsection A of this section. Subsequent registrations shall be conducted pursuant to this section.

D. An expired license may be reinstated by submitting a complete renewal application within the twenty-four-month period immediately following the expiration of the license with payment of the renewal fee and a $100 penalty. Whenever issued, reinstatement is as of the date of application and entitles the applicant to licensure only for the remainder of the applicable three-year period. If a person does not reinstate a license pursuant to this subsection, the person must reapply for licensure pursuant to this chapter.

E. A licensee shall notify the board in writing within ten days after the licensee changes the primary mailing address listed with the board. The board shall impose a penalty of $50 if a licensee fails to notify the board of the change within that time. The board shall increase the penalty imposed to $100 if a licensee fails to notify it of the change within thirty days.

F. A licensee who is over sixty-five years of age and who is fully retired and a licensee who has a permanent disability may contribute services to a recognized charitable institution and still retain that classification for triennial registration purposes on payment of a reduced renewal fee as prescribed by the board by rule.

32-1288. Practicing without license; classification

It is a class 1 misdemeanor for a person to practice dental hygiene in this state unless the person has obtained a license from the board as provided in this article.
32-1289. Employment of dental hygienist by public agency, institution or school

A. A public health agency or institution or a public or private school authority may employ dental hygienists to perform necessary dental hygiene procedures under either direct or general supervision pursuant to section 32-1281.

B. A dental hygienist employed by or working under contract or as a volunteer for a public health agency or institution or a public or private school authority before an examination by a dentist may perform a screening or assessment and apply sealants and topical fluoride.

32-1289.01. Dental hygienists; affiliated practice relationships; rules; definition

A. A dentist who holds an active license pursuant to this chapter and a dental hygienist who holds an active license pursuant to this article may enter into an affiliated practice relationship to deliver dental hygiene services.

B. A dental hygienist shall satisfy all of the following to be eligible to enter into an affiliated practice relationship with a dentist pursuant to this section to deliver dental hygiene services in an affiliated practice relationship:

1. Hold an active license in good standing pursuant to this article.

2. Enter into an affiliated practice relationship with a dentist who holds an active license pursuant to this chapter.

3. Be actively engaged in dental hygiene practice for at least five hundred hours in each of the two years immediately preceding the affiliated practice relationship.

C. An affiliated practice agreement between a dental hygienist and a dentist shall be in writing and:

1. Shall identify at least the following:

   (a) The affiliated practice settings in which the dental hygienist may deliver services pursuant to the affiliated practice relationship.

   (b) The services to be provided and any procedures and standing orders the dental hygienist must follow. The standing orders shall include the circumstances in which a patient may be seen by the dental hygienist.

   (c) The conditions under which the dental hygienist may administer local anesthesia and provide root planing.

   (d) Circumstances under which the affiliated practice dental hygienist must consult with the affiliated practice dentist before initiating further treatment on patients who have not been seen by a dentist within twelve months after the initial treatment by the affiliated practice dental hygienist.

2. May include protocols for supervising dental assistants.
D. The following requirements apply to all dental hygiene services provided through an affiliated practice relationship:

1. Patients who have been assessed by the affiliated practice dental hygienist shall be directed to the affiliated practice dentist for diagnosis, treatment or planning that is outside the dental hygienist’s scope of practice, and the affiliated practice dentist may make any necessary referrals to other dentists.

2. The affiliated practice dental hygienist shall consult with the affiliated practice dentist if the proposed treatment is outside the scope of the agreement.

3. The affiliated practice dental hygienist shall consult with the affiliated practice dentist before initiating treatment on patients presenting with a complex medical history or medication regimen.

4. The patient shall be informed in writing that the dental hygienist providing the care is a licensed dental hygienist and that the care does not take the place of a diagnosis or treatment plan by a dentist.

E. A contract for dental hygiene services with licensees who have entered into an affiliated practice relationship pursuant to this section may be entered into only by:

1. A health care organization or facility.

2. A long-term care facility.

3. A public health agency or institution.

4. A public or private school authority.

5. A government-sponsored program.

6. A private nonprofit or charitable organization.

7. A social service organization or program.

F. An affiliated practice dental hygienist may not provide dental hygiene services in a setting that is not listed in subsection E of this section.

G. Each dentist in an affiliated practice relationship shall:

1. Be available to provide an appropriate level of contact, communication and consultation with the affiliated practice dental hygienist during the business hours of the affiliated practice dental hygienist.

2. Adopt standing orders applicable to dental hygiene procedures that may be performed and populations that may be treated by the affiliated practice dental hygienist under the terms of the applicable affiliated practice agreement and to be followed by the affiliated practice dental hygienist in each affiliated practice setting in which the affiliated practice dental hygienist performs dental hygiene services under the affiliated practice relationship.
3. Adopt procedures to provide timely referral of patients referred by the affiliated practice dental hygienist to a licensed dentist for examination and treatment planning. If the examination and treatment planning is to be provided by the dentist, that treatment shall be scheduled in an appropriate time frame. The affiliated practice dentist or the dentist to whom the patient is referred shall be geographically available to see the patient.

4. Not permit the provision of dental hygiene services by more than six affiliated practice dental hygienists at any one time.

H. Each affiliated practice dental hygienist, when practicing under an affiliated practice relationship:

1. May perform only those duties within the terms of the affiliated practice relationship.

2. Shall maintain an appropriate level of contact, communication and consultation with the affiliated practice dentist.

3. Is responsible and liable for all services rendered by the affiliated practice dental hygienist under the affiliated practice relationship.

I. The affiliated practice dental hygienist and the affiliated practice dentist shall notify the board of the beginning of the affiliated practice relationship and provide the board with a copy of the agreement and any amendments to the agreement within thirty days after the effective date of the agreement or amendment. The affiliated practice dental hygienist and the affiliated practice dentist shall also notify the board within thirty days after the termination date of the affiliated practice relationship if this date is different than the agreement termination date.

J. Subject to the terms of the written affiliated practice agreement entered into between a dentist and a dental hygienist, a dental hygienist may:

1. Perform all dental hygiene procedures authorized by this chapter, except for performing any diagnostic procedures that are required to be performed by a dentist and administering nitrous oxide. The dentist's presence and an examination, diagnosis and treatment plan are not required unless specified by the affiliated practice agreement.

2. Supervise dental assistants, including dental assistants who are certified to perform functions pursuant to section 32-1291.

K. The board shall adopt rules regarding participation in affiliated practice relationships by dentists and dental hygienists that specify the following:

1. Additional continuing education requirements that must be satisfied by a dental hygienist.

2. Additional standards and conditions that may apply to affiliated practice relationships.

3. Compliance with the dental practice act and rules adopted by the board.

L. For the purposes of this section, "affiliated practice relationship" means the delivery of dental hygiene services, pursuant to an agreement, by a dental hygienist who is licensed pursuant to this article and who refers the patient to a dentist who is licensed pursuant to this chapter for any necessary further diagnosis, treatment and restorative care.
32-1290. **Grounds for censure, probation, suspension or revocation of license; procedure**

After a hearing pursuant to title 41, chapter 6, article 10, the board may suspend or revoke the license issued to a person under this article or censure or place on probation any such person for any of the causes set forth as grounds for censure, probation, suspension or revocation in section 32-1263.

32-1291. **Dental assistants; regulation; duties**

A. A dental assistant may expose radiographs for dental diagnostic purposes under either the general supervision of a dentist or the direct supervision of an affiliated practice dental hygienist licensed pursuant to this chapter if the assistant has passed an examination approved by the board.

B. A dental assistant may polish the natural and restored surfaces of the teeth under either the general supervision of a dentist or the direct supervision of an affiliated practice dental hygienist licensed pursuant to this chapter if the assistant has passed an examination approved by the board.

32-1291.01. **Expanded function dental assistants; training and examination requirements; duties**

A. A dental assistant may perform expanded functions after meeting one of the following:

1. Successfully completing a board-approved expanded function dental assistant training program at an institution accredited by the American dental association commission on dental accreditation and on successfully completing examinations in dental assistant expanded functions approved by the board.

2. Providing both:

   (a) Evidence of currently holding or having held within the preceding ten years a license, registration, permit or certificate in expanded functions in restorative procedures issued by another state or jurisdiction in the United States.

   (b) Proof acceptable to the board of clinical experience in the expanded functions listed in subsection B of this section.

B. Expanded functions include the placement, contouring and finishing of direct restorations or the placement and cementation of prefabricated crowns following the preparation of the tooth by a licensed dentist. The restorative materials used shall be determined by the dentist.

C. An expanded function dental assistant may place interim therapeutic restorations under the general supervision and direction of a licensed dentist following a consultation conducted through teledentistry.

D. An expanded function dental assistant may apply sealants and fluoride varnish under the general supervision and direction of a licensed dentist.

E. A licensed dental hygienist may engage in expanded functions pursuant to section 32-1281, subsection B, paragraph 12 following a course of study and examination equivalent to that required for an expanded function dental assistant as specified by the board.
A. The board may issue a restricted permit to practice dental hygiene to an applicant who:

1. Has a pending contract with a recognized charitable dental clinic or organization that offers dental hygiene services without compensation or at a rate that reimburses the clinic only for dental supplies and overhead costs and the applicant will not receive compensation for dental hygiene services provided at the clinic or organization.

2. Has a license to practice dental hygiene issued by a regulatory jurisdiction in the United States.

3. Has been actively engaged in the practice of dental hygiene for three years immediately preceding the application.

4. Is, to the board's satisfaction, competent to practice dental hygiene.

5. Meets the requirements of section 32-1284, subsection A that do not relate to examination.

B. A person who holds a restricted permit issued by the board may practice dental hygiene only in the course of the person's employment by a recognized charitable dental clinic or organization approved by the board.

C. The applicant for a restricted permit must file a copy of the person's employment contract with the board that includes a statement signed by the applicant that the applicant:

1. Understands that if that person's employment is terminated before the restricted permit expires, the permit is automatically revoked and that person must voluntarily surrender the permit to the board and is no longer eligible to practice unless that person meets the requirements of sections 32-1284 and 32-1285 or passes the examination required in this article.

2. Must be employed without compensation by a dental clinic or organization that is operated for a charitable purpose.

3. Is subject to the provisions of this chapter that apply to the regulation of dental hygienists.

D. The board may deny an application for a restricted permit if the applicant:

1. Has committed an act that is a cause for disciplinary action pursuant to this chapter.

2. While unlicensed, committed or aided and abetted the commission of any act for which a license is required pursuant to this chapter.

3. Knowingly made a false statement in the application.

4. Has had a license to practice dental hygiene revoked by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.
5. Is currently under suspension or restriction by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Has surrendered, relinquished or given up a license to practice dental hygiene instead of disciplinary action by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

E. The board shall suspend an application for a restricted permit or an application for restricted permit renewal if the applicant is currently under investigation by a dental regulatory board in another jurisdiction. The board shall not issue or deny a restricted permit to the applicant until the investigation is resolved.

F. A restricted permit expires either one year after the date of issue or June 30, whichever date first occurs. The board may renew a restricted permit for terms that do not exceed one year.

32-1292.01. Licensure by credential; examinations; waiver; fee

A. The board by rule may waive the examination requirements of this article on receipt of evidence satisfactory to the board that the applicant has passed the clinical examination of another state or testing agency more than five years before submitting an application for licensure pursuant to this chapter and the other state or testing agency maintains a standard of licensure that is substantially equivalent to that of this state as determined by the board. The board by rule shall require:

1. A minimum number of active practice hours within a specific time period before the applicant submits the application. The board shall define what constitutes active practice.

2. An affirmation that the applicant has completed the continuing education requirements of the jurisdiction where the applicant is licensed.

B. The applicant shall pay a licensure by credential fee of not more than one thousand dollars as prescribed by the board.

Article 5 – Certification and Regulation of Denturists

32-1293. Practicing as denturist; denture technology; dental laboratory technician

A. Notwithstanding the provisions of section 32-1202, nothing in this chapter shall be construed to prohibit a denturist certified pursuant to the provisions of this article from practicing denture technology.

B. A person is deemed to be practicing denture technology who:

1. Takes impressions and bite registrations for the purpose of or with a view to the making, producing, reproducing, construction, finishing, supplying, altering or repairing of complete upper or lower prosthetic dentures, or both, or removable partial dentures for the replacement of missing teeth.

2. Fits or advertises, offers, agrees, or attempts to fit any complete upper or lower prosthetic denture, or both, or adjusts or alters the fit of any full prosthetic denture, or fits or adjusts or alters the fit of removable partial dentures for the replacement of missing teeth.
C. In addition to the practices described in subsection B of this section, a person certified to practice denture technology may also construct, repair, reline, reproduce or duplicate full or partial prosthetic dentures or otherwise engage in the activities of a dental laboratory technician.

D. No person may perform an act described in subsection B of this section except a licensed dentist, a holder of a restricted permit pursuant to section 32-1238, a certified denturist or auxiliary personnel authorized to perform any such act by rule or regulation of the board pursuant to section 32-1207, subsection A, paragraph 1.

32-1294. Supervision by dentist; definitions; mouth preparation by dentist; liability; business association

A. A denturist may practice only in the office of a licensed dentist, denominated as such.

B. All work by a denturist shall be performed under the general supervision of a licensed dentist. For the purposes of this section, "general supervision" means the dentist is available for consultation in person or by phone during the performance of the procedures by a denturist pursuant to section 32-1293, subsection B. The dentist shall examine the patient initially, check the completed denture as to fit, form and function and perform such other procedures as the board may specify by rule or regulation. For the purposes of this section "completed denture" means a relined, rebased, duplicated or repaired denture or a new denture. Both the dentist and the denturist shall certify that the dentist has performed the initial examination and the final fitting as required in this subsection, and retain the certification in the patient's file.

C. When taking impressions or bite registrations for the purpose of constructing removable partial dentures or when checking the fit of a partial denture, all mouth preparation must be done by the dentist. The denturist is specifically prohibited from performing any cutting or surgery on hard or soft tissue in the mouth. By rule and regulation the board may further regulate the practice of the denturist in regard to removable partial dentures.

D. No more than two denturists may perform their professional duties under a dentist's general supervision at any one time.

E. A licensed dentist supervising a denturist shall be personally liable for any consequences arising from the performance of the denturist's duties.

F. A certified denturist and the dentist supervising his work may make any lawful agreement between themselves regarding fees, compensation and business association.

G. Any sign, advertisement or other notice displaying the name of the office must include the name of the responsible dentist.

32-1295. Board of dental examiners; additional powers and duties

A. In addition to other powers and duties prescribed by this chapter, the board shall:

1. As far as applicable, exercise the same powers and duties in administering and enforcing this article as it exercises under section 32-1207 in administering and enforcing other articles of this chapter.
2. Determine the eligibility of applicants for certification and issue certificates to applicants who it determines are qualified for certification.

3. Investigate charges of misconduct on the part of certified denturists.

4. Issue decrees of censure, fix periods and terms of probation, suspend or revoke certificates as the facts may warrant and reinstate certificates in proper cases.

B. The board may:

1. Adopt rules prescribing requirements for continuing education for renewal of all certificates issued pursuant to this article.

2. Hire consultants to assist the board in the performance of its duties.

C. In all matters relating to discipline and certifying of denturists and the approval of examinations, the board, by rule, shall provide for receiving the assistance and advice of denturists who have been previously certified pursuant to this chapter.

32-1296. Qualifications of applicant

A. To be eligible for certification to practice denture technology an applicant shall:

1. Be of good moral character.

2. Hold a high school diploma or its equivalent.

3. Present to the board evidence of graduation from a recognized denturist school or a certificate of satisfactory completion of a course or curriculum in denture technology from a recognized denturist school.

4. Pass a board approved examination.

B. A candidate for certification shall submit a written application to the board that includes a nonrefundable Arizona dental jurisprudence examination fee as prescribed by the board.

32-1297.01. Application for certification; fingerprint clearance card; denial; suspension

A. Each applicant for certification shall submit a written application to the board accompanied by a nonrefundable jurisprudence examination fee and obtain a valid fingerprint clearance card issued pursuant to section 41-1758.03.

B. The board may deny an application for certification or for certification renewal if the applicant:

1. Has committed any act that would be cause for censure, probation, suspension or revocation of a certificate under this chapter.

2. Has knowingly made any false statement in the application.
3. While uncertified, has committed or aided and abetted the commission of any act for which a certificate is required under this chapter.

4. Has had a certificate to practice denture technology revoked by a regulatory board in another jurisdiction in the United States or Canada for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

5. Is currently under investigation, suspension or restriction by a regulatory board in another jurisdiction in the United States or Canada for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Has surrendered, relinquished or given up a certificate to practice denture technology in lieu of disciplinary action by a regulatory board in another jurisdiction in the United States or Canada for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

C. The board shall suspend an application for certification if the applicant is currently under investigation by a denturist regulatory board in another jurisdiction. The board shall not issue or deny certification to the applicant until the investigation is resolved.

32-1297.03. Qualification for reexamination

An applicant for examination who has previously failed two or more examinations, as a condition of eligibility to take any further examination, shall furnish to the board satisfactory evidence of having successfully completed additional training in a recognized denturist school or refresher courses approved by the board or the board’s testing agency.

32-1297.04. Fees

The board shall establish and collect fees, not to exceed the following amounts:

1. For an examination in jurisprudence, two hundred fifty dollars.

2. For each replacement or duplicate certificate, twenty-five dollars.

32-1297.05. Disposition of revenues

The provisions of section 32-1212 shall apply to all fees, penalties and other revenues received by the board under this article.

32-1297.06. Denturist certification; continuing education; certificate reinstatement; certificate for each place of practice; notice of change of address or place of practice; penalties

A. Except as provided in section 32-4301, a certification expires thirty days after the certificate holder’s birthday every third year. On or before the certificate holder’s birthday every third year, every certified denturist shall submit to the board a complete renewal application and shall pay a certificate renewal fee of not more than $300, established by a formal vote of the board. At least once every three years, before establishing the fee, the board shall review the amount of the fee in a public meeting. Any change in the amount of the fee shall be applied prospectively to a certificate
holder at the time of certification renewal. This requirement does not apply to a retired denturist or to a denturist with a disability.

B. A certificate holder shall include a written affidavit with the renewal application that affirms that the certificate holder complies with board rules relating to continuing education requirements. A certificate holder is not required to complete the written affidavit if the certificate holder received an initial certification within the year immediately preceding the expiration date of the certificate or the certificate holder is in disabled status. If the certificate holder is not in compliance with board rules relating to continuing education, the board may grant an extension of time to complete these requirements if the certificate holder includes a written request for an extension with the renewal application instead of the written affidavit and the renewal application is received on or before the certificate holder's birthday of the expiration year. The board shall consider the extension request based on criteria prescribed by the board by rule. If the board denies an extension request, the certificate expires thirty days after the certificate holder's birthday of the expiration year.

C. A person applying for a certificate for the first time in this state shall pay a prorated fee for the period remaining until the certificate holder's next birthday. This fee shall not exceed one-third of the fee established pursuant to subsection A of this section. Subsequent certifications shall be conducted pursuant to this section.

D. An expired certificate may be reinstated by submitting a complete renewal application within the twenty-four-month period immediately following the expiration of the certificate with payment of the renewal fee and a $100 penalty. Whenever issued, reinstatement is as of the date of application and entitles the applicant to certification only for the remainder of the applicable three-year period. If a person does not reinstate a certificate pursuant to this subsection, the person must reapply for certification pursuant to this chapter.

E. Each certificate holder must provide to the board in writing both of the following:

1. A primary mailing address.

2. The address for each place of practice.

F. A certificate holder maintaining more than one place of practice shall obtain from the board a duplicate certificate for each office. The board shall set and charge a fee for each duplicate certificate. A certificate holder shall notify the board in writing within ten days after opening an additional place of practice.

G. A certificate holder shall notify the board in writing within ten days after changing a primary mailing address or place of practice address listed with the board. The board shall impose a $50 penalty if a certificate holder fails to notify the board of the change within that time. The board shall increase the penalty imposed to $100 if a certificate holder fails to notify it of the change within thirty days.

32-1297.07. Discipline; procedure

A. After a hearing pursuant to title 41, chapter 6, article 10, the board may suspend or revoke the license issued to a person under this article or censure or place on probation any person for any of the causes set forth as grounds for censure, probation, suspension or revocation in section 32-1263.
B. The board on its own motion may investigate any evidence which appears to show the existence of any of the causes set forth in section 32-1263. The board shall investigate the report under oath of any person which appears to show the existence of any of the causes set forth in section 32-1263. Any person reporting pursuant to this section who provides the information in good faith shall not be subject to liability for civil damages as a result.

C. Except as provided in section 41-1092.08, subsection H, final decisions of the board are subject to judicial review pursuant to title 12, chapter 7, article 6.

32-1297.08. Injunction

A. An injunction shall issue to enjoin the practice of denture technology by any of the following:

1. One neither certified to practice as a denturist nor licensed to practice as a dentist.

2. One certified as a denturist from practicing without proper supervision by a dentist as required by this article.

3. A denturist whose continued practice will or might cause irreparable damage to the public health and safety prior to the time proceedings pursuant to section 32-1297.07 could be instituted and completed.

B. A petition for injunction shall be filed by the board in the superior court for Maricopa county or in the county where the defendant resides or is found. Any citizen is also entitled to obtain injunctive relief in any court of competent jurisdiction because of the threat of injury to the public health and welfare.

C. Issuance of an injunction shall not relieve the respondent from being subject to any other proceedings provided for by law.

32-1297.09. Violations; classification

A person is guilty of a class 2 misdemeanor who:

1. Not licensed as a dentist, practices denture technology without certification as provided by this article.

2. Exhibits or displays a certificate, diploma, degree or identification of another or a forged or fraudulent certificate, diploma, degree or identification with the intent that it be used as evidence of the right of such person to practice as a denturist in this state.

3. Fails to obey a summons or other order regularly and properly issued by the board.

4. Is a licensed dentist responsible for a denturist under this article who fails to personally supervise the work of the denturist.
Article 6 – Dispensing of Drugs and Devices

32-1298. Dispensing of drugs and devices; conditions; civil penalty; definition

A. A dentist may dispense drugs, except schedule II controlled substances that are opioids, and devices kept by the dentist if:

1. All drugs are dispensed in packages labeled with the following information:

   (a) The dispensing dentist's name, address and telephone number.

   (b) The date the drug is dispensed.

   (c) The patient's name.

   (d) The name and strength of the drug, directions for its use and any cautionary statements.

2. The dispensing dentist enters into the patient's dental record the name and strength of the drug dispensed, the date the drug is dispensed and the therapeutic reason.

3. The dispensing dentist keeps all drugs in a locked cabinet or room, controls access to the cabinet or room by a written procedure and maintains an ongoing inventory of its contents.

B. Except in an emergency situation, a dentist who dispenses drugs for a profit without being registered by the board to do so is subject to a civil penalty by the board of not less than three hundred dollars and not more than one thousand dollars for each transaction and is prohibited from further dispensing for a period of time as prescribed by the board.

C. Before dispensing a drug pursuant to this section, the patient shall be given a written prescription on which appears the following statement in bold type: "This prescription may be filled by the prescribing dentist or by a pharmacy of your choice."

D. A dentist shall dispense for profit only to the dentist's own patient and only for conditions being treated by that dentist. The dentist shall provide direct supervision of an attendant involved in the dispensing process. For the purposes of this subsection, "direct supervision" means that a dentist is present and makes the determination as to the legitimacy or advisability of the drugs or devices to be dispensed.

E. This section shall be enforced by the board, which shall establish rules regarding labeling, recordkeeping, storage and packaging of drugs that are consistent with the requirements of chapter 18 of this title. The board may conduct periodic inspections of dispensing practices to ensure compliance with this section and applicable rules.

F. For the purposes of this section, "dispense" means the delivery by a dentist of a prescription drug or device to a patient, except for samples packaged for individual use by licensed manufacturers or repackagers of drugs, and includes the prescribing, administering, packaging, labeling and security necessary to prepare and safeguard the drug or device for delivery.
Article 7 – Rehabilitation

32-1299. Substance abuse treatment and rehabilitation program; private contract; funding; confidential stipulation agreement

A. The board may establish a confidential program for the treatment and rehabilitation of dentists, dental therapists, denturists and dental hygienists who are impaired by alcohol or drug abuse. This program shall include education, intervention, therapeutic treatment and posttreatment monitoring and support.

B. The board may contract with other organizations to operate the program established pursuant to this section. A contract with a private organization shall include the following requirements:

1. Periodic reports to the board regarding treatment program activity.

2. Release to the board on demand of all treatment records.

3. Periodic reports to the board regarding each dentist's, dental therapist's, denturist's or dental hygienist's diagnosis and prognosis and recommendations for continuing care, treatment and supervision.

4. Immediate reporting to the board of the name of an impaired practitioner whom the treating organization believes to be a danger to self or others.

5. Immediate reporting to the board of the name of a practitioner who refuses to submit to treatment or whose impairment is not substantially alleviated through treatment.

C. The board may allocate an amount of not more than twenty dollars annually or sixty dollars triennially from each fee it collects from the renewal of active licenses for the operation of the program established by this section.

D. A dentist, dental therapist, denturist or hygienist who, in the opinion of the board, is impaired by alcohol or drug abuse shall agree to enter into a confidential nondisciplinary stipulation agreement with the board. The board shall place a licensee or certificate holder on probation if the licensee or certificate holder refuses to enter into a stipulation agreement with the board and may take other action as provided by law. The board may also refuse to issue a license or certificate to an applicant if the applicant refuses to enter into a stipulation agreement with the board.

E. In the case of a licensee or certificate holder who is impaired by alcohol or drug abuse after completing a second monitoring program pursuant to a stipulation agreement under subsection D of this section, the board shall determine whether:

1. To refer the matter for a formal hearing for the purpose of suspending or revoking the license or certificate.

2. The licensee or certificate holder should be placed on probation for a minimum of one year with restrictions necessary to ensure public safety.

3. To enter into another stipulation agreement under subsection D of this section with the licensee or certificate holder.
In this article, unless the context otherwise requires:

1. "Mobile dental facility" means a facility in which dentistry is practiced and that is routinely towed, moved or transported from one location to another.

2. "Permit holder" means a dentist, dental hygienist, denturist or registered business entity that is authorized by this chapter to offer dental services in this state or a nonprofit organization, school district or school or institution of higher education that may employ a licensee to provide dental services and that is authorized by this article to operate a mobile dental facility or portable dental unit.

3. "Portable dental unit" means a nonfacility in which dental equipment used in the practice of dentistry is transported to and used on a temporary basis at an out-of-office location.

A. Beginning January 1, 2012, every mobile dental facility and, except as provided in subsection B, every provider, program or entity using portable dental units in this state must obtain a permit pursuant to this article.

B. A licensee who does not hold a permit for a mobile dental facility or portable dental unit may provide dental services if:

1. Occasional services are provided to a patient of record of a fixed dental office who is treated outside of the dental office.

2. Services are provided by a federal, state or local government agency.

3. Occasional services are performed outside of the licensee's office without charge to a patient or a third party.

4. Services are provided to a patient by an accredited dental or dental hygiene school.

5. The licensee holds a valid permit to provide mobile dental anesthesia services.

6. The licensee is an affiliated practice dental hygienist.

A. An individual or entity that seeks a permit to operate a mobile dental facility or portable dental unit must submit an application on a form provided by the board and pay an annual registration fee prescribed by the board by rule. The permit must be renewed annually not later than the last day of the month in which the permit was issued. Permits not renewed by the expiration date are subject to a late fee as prescribed by the board by rule.
B. A permit holder shall notify the board of any change in address or contact person within ten days after that change. The board shall impose a penalty as prescribed by the board by rule if the permit holder fails to notify the board of that change within that time.

C. If ownership of the mobile dental facility or portable dental unit changes, the prior permit is invalid and a new permit application must be submitted.

32-1299.24. Standards of operation and practice

A. A permit holder must:

1. Comply with all applicable federal, state and local laws, regulations and ordinances dealing with radiographic equipment, flammability, sanitation, zoning and construction standards, including construction standards relating to required access for persons with disabilities.

2. Establish written protocols for follow-up care for patients who are treated in a mobile dental facility or through a portable dental unit. The protocols must include referrals for treatment in a dental office that is permanently established within a reasonable geographic area and may include follow-up care by the mobile dental facility or portable dental unit.

3. Ensure that each mobile dental facility or portable dental unit has access to communication equipment that will enable dental personnel to contact appropriate assistance in an emergency.

4. Identify a person who is licensed pursuant to this chapter, who is responsible to supervise treatment and who, if required by law, will be present when dental services are rendered. This paragraph does not prevent supervision by a dentist providing services or supervision pursuant to the exceptions prescribed in section 32-1231.

5. Display in or on the mobile dental facility or portable dental unit a current valid permit issued pursuant to this article in a manner that is readily observable by patients or visitors.

6. Provide a means of communication during and after business hours to enable the patient or the parent or guardian of a patient to contact the permit holder of the mobile dental facility or portable dental unit for emergency care, follow-up care or information about treatment received.

7. Comply with all requirements for maintenance of records pursuant to section 32-1264 and all other statutory requirements applicable to health care providers and patient records. All records, whether in paper or electronic form, if not in transit, must be maintained in a permanent, secure facility. Records of prior treatment must be readily available during subsequent treatment visits whenever practicable.

8. Ensure that all dentists, dental hygienists and denturists working in the mobile dental facility or portable dental unit hold a valid, current license issued by the board and that all delegated duties are within their respective scopes of practice as prescribed by the applicable laws of this state.

9. Maintain a written or electronic record detailing each location where services are provided, including:

(a) The street address of the service location.
(b) The dates of each session.

(c) The number of patients served.

(d) The types of dental services provided and the quantity of each service provided.

10. Provide to the board or its representative within ten days after a request for a record the written or electronic record required pursuant to paragraph 9 of this subsection.

11. Comply with current recommended infection control practices for dentistry as published by the national centers for disease control and prevention and as adopted by the board.

B. A mobile dental facility or portable dental unit must:

1. Contain equipment and supplies that are appropriate to the scope and level of treatment provided.

2. Have ready access to an adequate supply of potable water.

C. A permit holder or licensee who fails to comply with applicable statutes and rules governing the practice of dentistry, dental hygiene and denturism, the requirements for registered business entities or the requirements of this article is subject to disciplinary action for unethical or unprofessional conduct, as applicable.

32-1299.25. Informed consent; information for patients

A. The permit holder of a mobile dental facility or portable dental unit must obtain appropriate informed consent, in writing or by verbal communication, that is recorded by an electronic or digital device from the patient or the parent or guardian of the patient authorizing specific treatment before it is performed. The signed consent form or verbal communication shall be maintained as part of the patient's record as required in section 32-1264.

B. If services are provided to a minor, the signed consent form or verbal communication must inform the parent or guardian that the treatment of the minor by the mobile dental facility or portable dental unit may affect future benefits the minor may receive under private insurance, the Arizona health care cost containment system or the children's health insurance program.

C. At the conclusion of each patient's visit, the permit holder of a mobile dental facility or portable dental unit shall provide each patient with an information sheet that must contain:

1. Pertinent contact information as required by this section.

2. The name of the dentist or dental hygienist, or both, who provided services.

3. A description of the treatment rendered, including billed service codes, fees associated with treatment and tooth numbers if appropriate.

4. If necessary, referral information to another dentist as required by this article.
D. If the patient or the minor patient's parent or guardian has provided written consent to an institutional facility to access the patient's dental health records, the permit holder shall provide the institution with a copy of the information sheet provided in subsection C.

32-1299.26. Disciplinary actions; cessation of operation

A. A permit holder for a mobile dental facility or portable dental unit that provides dental services to a patient shall refer the patient for follow-up treatment with a licensed dentist or the permit holder if treatment is clinically indicated. A permit holder or licensee who fails to comply with this subsection commits an act of unprofessional conduct or unethical conduct and is subject to disciplinary action pursuant to section 32-1263, subsection A, paragraph 1 or subsection C.

B. The board may do any of the following pursuant to its disciplinary procedures if a mobile dental facility or portable dental unit violates any statute or board rule:

1. Refuse to issue a permit.

2. Suspend or revoke a permit.

3. Impose a civil penalty of not more than two thousand dollars for each violation.

C. If a mobile dental facility or portable dental unit ceases operations, the permit holder must notify the board within thirty days after the last day of operation and must report on the disposition of patient records and charts. In accordance with applicable laws and rules, the permit holder must also notify all active patients of the disposition of records and make reasonable arrangements for the transfer of patient records, including copies of radiographs, to a succeeding practitioner or, if requested, to the patient. For the purposes of this subsection, "active patient" means any person whom the permit holder has examined, treated, cared for or consulted with during the two year period before the discontinuation of practice.
Amend: R4-11-205, R4-11-303, R4-11-304, R4-11-305, R4-11-402, R4-11-405, R4-11-601, R4-11-607, R4-11-608, R4-11-609, R4-11-901, R4-11-1301, R4-11-1302, R4-11-1303, R4-11-1405
GOVERNOR’S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - REGULAR RULEMAKING

MEETING DATE: July 6, 2022

TO: Members of the Governor’s Regulatory Review Council (Council)

FROM: Council Staff

DATE: June 13, 2022

SUBJECT: BOARD OF DENTAL EXAMINERS
Title 4, Chapter 11

Amend: R4-11-205, R4-11-303, R4-11-304, R4-11-305, R4-11-402,
R4-11-405, R4-11-601, R4-11-607, R4-11-608, R4-11-609,
R4-11-901, R4-11-1301, R4-11-1302, R4-11-1303, R4-11-1405

Summary:

This regular rulemaking from the Board of Dental Examiners (Board) seeks to amend fifteen (15) rules in Title 4, Chapter 11, Articles 2-4, 6, 9, 13, and 14 which are related to the following:

- Article 2 - Licensure by Credential
- Article 3 - Examinations, Licensing Qualifications, Application and Renewal, Time-Frames
- Article 4 - Fees
- Article 6 - Dental Hygienists
- Article 9 - Restricted Permits
- Article 13 - General Anesthesia and Sedation
- Article 14 - Dispensing Drugs and Devices
The Board proposes to update various rules to update statutory references, process time-frames and submission methods; remove outdated language including some fees; and other formatting changes. Specifically, the Board proposes to increase the processing timeframes for the Board for applications for licenses, certificates, permits, or registrations, specify that fees can be paid “by credit card on the Board’s website or by money order or cashier’s check,” and remove subsections R4-11-601(C) through (F) because state law superseded these sections rendering them obsolete and unenforceable. A.R.S. § 32-1281 already allows a dental hygienist to administer local anesthesia and nitrous oxide and no longer allows a dental hygienist to place interrupted sutures.

1. **Are the rules legal, consistent with legislative intent, and within the agency’s statutory authority?**

   The Board cites both general and specific statutory authority for these rules.

2. **Do the rules establish a new fee or contain a fee increase?**

   This rulemaking does not establish a new fee or contain a fee increase. In fact, the proposed amendments to R4-11-405 remove a variety of fees charged for Board services.

3. **Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?**

   The Board did not review or rely on any study in conducting this rulemaking.

4. **Summary of the agency’s economic impact analysis:**

   The Board indicates that there is little to no economic impact because the rulemaking simply clarifies statutory requirements that already exist. Stakeholders include the Board and the Board’s licensees.

5. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

   The Board believes that amending its rules, which are not substantive, is the least intrusive and less costly alternative. They believe the rules are the least burdensome while still achieving their objective and the economic impact is minimized.

6. **What are the economic impacts on stakeholders?**

   The Board is the only state agency affected by the rulemaking amendment and indicates that there will be no costs, including the hiring of more personnel, to manage the effects of the amendments. The benefit is the cleanup of some outdated rules for various reasons and providing more uniformity. There are no new costs to businesses.
7. **Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?**

The Board indicates it removed subsections R4-11-601(C) through (F) relating to Dental Hygienists and relettered the remaining subsections accordingly. The Board indicates it removed these sections based on public comments it received as discussed below. However, the Board states these changes do not render the rule substantially different that the published proposed rule pursuant to A.R.S. § 41-1025(B) because state law superseded these sections rendering them obsolete and unenforceable. The Board states, A.R.S. § 32-1281 already allows a dental hygienist to administer local anesthesia and nitrous oxide and no longer allows a dental hygienist to place interrupted sutures. Thus, the Board states there is no difference in the effect of removing these subsections and all persons affected by the rule will not be regulated any differently.

Council staff does not believe these changes between the Notice of Proposed Rulemaking and the Notice of Final Rulemaking make the rules “substantially different” as described in A.R.S. § 41-1025.

8. **Does the agency adequately address the comments on the proposed rules and any supplemental proposals?**

The Board indicates it received one written comment from the Arizona Dental Hygienists’ Association recommending that the Board eliminate R4-11-601(C) and (D) because statutory authority for those sections changed in 2017. The Board agreed with the recommendation and is removing those sections as discussed above.

The Board indicates the same comment from the Arizona Dental Hygienists’ Association recommended removing R4-11-601(E) and (F) because statutory changes in 2015 eliminated the placement of interrupted sutures from the scope of practice for dental hygienists. The Board agreed with the recommendation and is removing those sections as discussed above.

Council staff believes the Board has adequately addressed the comments on the proposed rules.

9. **Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

Pursuant to A.R.S. § 41-1037(A), if an agency proposes an amendment to an existing rule that requires the issuance of a regulatory permit, license, or agency authorization, the agency shall use a general permit, as defined by A.R.S. § 41-1001(11), if the facilities, activities or practices in the class are substantially similar in nature unless certain exceptions apply.

The Board indicates it issues general permits to licensees who meet the criteria established in statute and rule. As such, the Board is in compliance with A.R.S. § 41-1037.
10. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

Not applicable. The Board indicates there is no corresponding federal law directly applicable to the subject of the proposed rulemaking.

11. **Conclusion**

This regular rulemaking from the Board seeks to amend fifteen (15) rules in Title 4, Chapter 11, Articles 2-4, 6, 9, 13, and 14. The Board proposes to update various rules to update statutory references, process time-frames and submission methods; remove outdated language including some fees; and other formatting changes. Specifically, the Board proposes to increase the processing timeframes for the Board for applications for licenses, certificates, permits, or registrations, specify that fees can be paid “by credit card on the Board’s website or by money order or cashier’s check,” and remove subsections R4-11-601(C) through (F) because state law superseded these sections rendering them obsolete and unenforceable. A.R.S. § 32-1281 already allows a dental hygienist to administer local anesthesia and nitrous oxide and no longer allows a dental hygienist to place interrupted sutures.

The Board is seeking the standard 60-day delayed effective date for these rules pursuant to A.R.S. § 41-1032(A).

Council staff recommends approval of this rulemaking.
May 11, 2022

Ms. Nicole Sornsín, Chair  
The Governor's Regulatory Review Council  
100 North 15th Avenue, Ste. 402  
Phoenix, AZ 85007

Re: A.A.C. Title 4. Professions and Occupations  
Chapter 11. State Board of Dental Examiners  
General Changes

Dear Ms. Sornsín:

The attached final rule package is submitted for review and approval by the Council. The following information is provided for Council's use in reviewing the rule package:

1. **Close of record date:** The rulemaking record was closed on February 15, 2022 following a period for public comment and an oral proceeding.

2. **Relation of the rulemaking to a five-year-review report:** This rulemaking does not relate to a Five-year Review Report.

3. **New fee or fee increase:** This rulemaking does not establish a new fee or increase an existing fee.

4. **Immediate effective date:** An immediate effective date is not requested.

5. **Certification regarding studies:** I certify that the Board did not rely on any studies for this rulemaking.

6. **Certification that the preparer of the EIS notified the JLBC of the number of new full-time employees necessary to implement and enforce the rule:** I certify that the rules in this rulemaking will not require a state agency to employ a new full-time employee. No notification was provided to JLBC.

7. **List of documents enclosed:**
   a. Cover letter signed by the Board's Executive Director;
   b. Notice of Final Rulemaking including the preamble, table of contents for the rulemaking, and rule text; and

Sincerely,

Ryan P. Edmonson  
Executive Director
NOTICE OF FINAL RULEMAKING
TITLE 4. PROFESSIONS AND OCCUPATIONS
CHAPTER 11. STATE BOARD OF DENTAL EXAMINERS

PREAMBLE

1. Articles, Parts, and Sections Affected   Rulemaking Action
R4-11-205       Amend
R4-11-303       Amend
R4-11-304       Amend
R4-11-305       Amend
R4-11-402       Amend
R4-11-405       Amend
R4-11-601       Amend
R4-11-607       Amend
R4-11-608       Amend
R4-11-609       Amend
R4-11-901       Amend
R4-11-1301      Amend
R4-11-1302      Amend
R4-11-1303      Amend
R4-11-1405      Amend

2. Citations to the agency's statutory rulemaking authority to include both the authorizing statute (general) and the implementing statute (specific):
Authorizing statute:  A.R.S. § 32-1207
Implementing statutes:  A.R.S. §§ 32-1201 et seq.

3. The effective date for the rules:
   a. If the agency selected a date earlier than the 60 day effective date as specified in A.R.S. § 41-1032(A), include the earlier date and state the reason or reasons the
agency selected the earlier effective date as provided in A.R.S. § 41-1032(A)(1) through (5):
None

b. If the agency selected a date later than the 60 day effective date as specified in A.R.S. § 41-1032(A), include the later date and state the reason or reasons the agency selected the later effective date as provided in A.R.S. § 41-1032(B):
None

4. Citations to all related notices published in the Register as specified in R1-1-409(A) that pertain to the record of the final rulemaking package:
Notice of Rulemaking Docket Opening: 28 A.A.R. 201, January 14, 2022
Notice of Proposed Rulemaking: 28 A.A.R. 161, January 14, 2022

5. The agency's contact person who can answer questions about the rulemaking:
Name: Ryan Edmonson, Executive Director
Address: Arizona State Board of Dental Examiners
1740 W. Adams St., Ste. 2470
Phoenix, AZ 85007
Telephone: (602) 542-4493
E-Mail: ryan.edmonson@dentalboard.az.gov

6. An agency's justification and reason why a rule should be made, amended, repealed, or renumbered, to include an explanation about the rulemaking:
The Board needs to amend its rules to update various rules to update statutory references, process time-frames and submission methods; remove outdated language including some fees; and other formatting changes.

7. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:
No study was reviewed.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:
Not applicable.

9. **A summary of the economic, small business, and consumer impact:**

There is little to no economic, small business, or consumer impact, other than the cost to the Board to prepare the rule package, because the rulemaking simply clarifies statutory requirements that already exist. There may be some economic impact to licensees with regard to how they may submit forms and fees to the Board and how the Board processes forms and fees. However, the Board believes the submission requirements are necessary to ensure the licensees have met the statutory requirements to practice safely. Thus, the rules are the least burdensome while still achieving their objective and the economic impact is minimized.

10. **A description of any changes between the proposed rulemaking, including supplemental notices, and the final rulemaking:**

The Board removed subsections (C) through (F) and relettered the remaining subsections accordingly in R4-11-601 relating to Dental Hygienists. The Board removed these sections based on the public comments it received as discussed below. However, this change does not render the rule substantially different that the published proposed rule pursuant to A.R.S. § 41-1025(B) because state law superseded these sections rendering them obsolete and unenforceable. A.R.S. § 32-1281 already allows a dental hygienist to administer local anesthesia and nitrous oxide and no longer allows a dental hygienist to place interrupted sutures. Thus, there is no difference in the effect of removing these subsections and all persons affected by the rule will not be regulated any differently.

11. **An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:**

The Board received one written comment from the Arizona Dental Hygienists’ Association recommending that the Board eliminate R4-11-601(C) and (D) because statutory authority for those sections changed in 2017. The Board agreed with the recommendation and is removing those sections as discussed above.

Similarly, the comment from the Arizona Dental Hygienists’ Association recommended removing R4-11-601(E) and (F) because statutory changes in 2015 eliminated the placement of interrupted sutures from the scope of practice for dental hygienists. The Board agreed with the recommendation and is removing those sections as discussed above.
12. All agencies shall list any other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:
None.

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:
The Board issues general permits to licensees who meet the criteria established in statute and rule.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:
There are no federal laws applicable to these rules.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:
No analysis was submitted.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:
No materials are incorporated by reference.

14. Whether the rule was previously made, amended, or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:
Not applicable.

15. The full text of the rules follows:
Title 4. professions and occupations
Chapter 11. state board of dental examiners
Article 2. licensure by credential

Section

R4-11-205. Application for Dental Assistant Radiography Certification by Credential

Article 3. Examinations, Licensing Qualifications, Application and Renewal, Time-frames

R4-11-303. Application Processing Procedures: Issuance, Denial, and Renewal of Dental Licenses, Restricted Permits, Dental Hygiene Licenses, Dental Consultant Licenses, Denturist Certificates, Drug or Device Dispensing Registrations, Business Entity Registration and Mobile Dental Facility and Portable Dental Unit Permit

R4-11-304. Application Processing Procedures: Issuance and Denial of Dental Assistant Certificates Radiography Certification by Credential

R4-11-305. Application Processing Procedures: Issuance, Denial, and Renewal of General Anesthesia and Deep Sedation Permits, Parenteral Sedation Permits, Oral Sedation Permits, and Permit to Employ a Physician Anesthesiologist or CRNA Certified Registered Nurse Anesthetist

ARTICLE 14. DISPENSING DRUGS AND DEVICES

R4-11-1405. Compliance
R4-11-205. Application for Dental Assistant Radiography Certification by Credential

A. An applicant for dental assistant radiography certification by credential shall provide to the Board a completed application, on a form furnished by the Board that contains the following information:

1. A sworn statement of the applicant’s eligibility, and

2. A letter from the issuing institution of endorsement that verifies compliance with R4-11-204.

B. Based upon review of information provided under subsection (A), the Board or its designee shall request that an applicant for dental assistant radiography certification by credential provide a copy of a certified document that indicates the reason for a name change if the applicant’s documentation contains different names.

ARTICLE 3. EXAMINATIONS, LICENSING QUALIFICATIONS, APPLICATION AND RENEWAL, TIME-FRAMES

R4-11-303. Application Processing Procedures: Issuance, Denial, and Renewal of Dental Licenses, Restricted Permits, Dental Hygiene Licenses, Dental Consultant Licenses, Denturist Certificates, Drug or Device Dispensing Registrations, Business Entity Registration and Mobile Dental Facility and Portable Dental Unit Permits
A. The Board office shall complete an administrative completeness review within 24–30 calendar days of the date of receipt of an application for a license, certificate, permit, or registration.

1. Within 14–30 calendar days of receiving an initial or renewal application for a dental license, restricted permit, dental hygiene license, dental consultant license, denturist certificate, drug dispensing registration, business entity Business Entity registration, mobile dental facility or portable dental unit permit, the Board office shall notify the applicant, in writing, whether the application package is complete or incomplete.

2. If the application package is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 24–30 calendar day time-frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.

3. If the Board office does not provide the applicant with notice regarding administrative completeness, the application package shall be deemed complete 24–30 calendar days after receipt by the Board office.

B. An applicant with an incomplete application package shall submit all missing information within 60 calendar days of service of the notice of incompleteness.

C. Upon receipt of all missing information, the Board office shall notify the applicant, in writing, within 10 30 calendar days, that the application package is complete. If an applicant fails to submit a complete application package within the time allowed in subsection (B), the Board office shall close the applicant's file. An applicant whose file is closed and who later
wishes to obtain a license, certificate, permit, or registration shall apply again as required in R4-11-301.

D. The Board shall not approve or deny an application until the applicant has fully complied with the requirements of A.A.C. Title 4, Chapter 11, Article 3.

E. The Board shall complete a substantive review of the applicant's qualifications in no more than 90 calendar days from the date on which the administrative completeness review of an application package is complete.

1. If the Board finds an applicant to be eligible for a license, certificate, permit, or registration and grants the license, certificate, permit, or registration, the Board office shall notify the applicant in writing.

2. If the Board finds an applicant to be ineligible for a license, certificate, permit, or registration, the Board office shall issue a written notice of denial to the applicant that includes:
   a. Each reason for the denial, with citations to the statutes or rules on which the denial is based;
   b. The applicant's right to request a hearing on the denial, including the number of days the applicant has to file the request;
   c. The applicant's right to request an informal settlement conference under A.R.S. § 41-1092.06; and
   d. The name and telephone number of an agency contact person who can answer questions regarding the application process.

3. If the Board finds deficiencies during the substantive review of an application package, the Board office may issue a comprehensive written request to the applicant for
additional documentation. An additional supplemental written request for information may be issued upon mutual agreement between the Board or Board office and the applicant.

4. The 90-day time-frame for a substantive review of an applicant's qualifications is suspended from the date of a written request for additional documentation until the date that all documentation is received. The applicant shall submit the additional documentation before the next regularly scheduled Board meeting.

5. If the applicant and the Board office mutually agree in writing, the 90-day substantive review time-frame may be extended once for no more than 28 days.

F. The following time-frames apply for an initial or renewal application governed by this Section:

1. Administrative completeness review time-frame: 24–30 calendar days.

2. Substantive review time-frame: 90 calendar days.

3. Overall time-frame: 114–120 calendar days.

G. An applicant whose license is denied has a right to a hearing, an opportunity for rehearing, and, if the denial is upheld, may seek judicial review pursuant to A.R.S. Title 41, Chapter 6, Article 10, and A.R.S. Title 12, Chapter 7, Article 6.

R4-11-304. Application Processing Procedures: Issuance and Denial of Dental Assistant Certificates Radiography Certification by Credential

A. Within 44–30 calendar days of receiving an application from an applicant for a dental assistant radiography certification by credential, the Board or its designee shall notify the
applicant, in writing, that the application package is complete or incomplete. If the package is incomplete, the notice shall specify what information is missing.

B. An applicant with an incomplete application package shall supply the missing information within 60 calendar days from the date of the notice. If the applicant fails to do so, an applicant shall begin the application process anew.

C. Upon receipt of all missing information, within 10 calendar days, the Board or its designee shall notify the applicant, in writing, that the application is complete.

D. The Board or its designee shall not process an application until the applicant has fully complied with the requirements of this Article.

E. The Board or its designee shall notify an applicant, in writing, whether the certificate is granted or denied, no later than 90 calendar days after the date of the notice advising the applicant that the package is complete.

F. The notice of denial shall inform the applicant of the following:

1. The reason for the denial, with a citation to the statute or rule which requires the applicant to pass the examination;

2. The applicant’s right to request a hearing on the denial, including the number of days the applicant has to file the request;

3. The applicant’s right to request an informal settlement conference under A.R.S. § 41-1092.06; and

4. The name and telephone number of an agency contact person or a designee who can answer questions regarding the application process.

G. The following time-frames apply for certificate applications governed by this Section:

1. Administrative completeness review time-frame: 24 calendar days.
2. Substantive review time-frame: 90 calendar days.

3. Overall time-frame: 114 calendar days.

H. An applicant whose certificate is denied has a right to a hearing, an opportunity for rehearing, and, if the denial is upheld, may seek judicial review pursuant to A.R.S. Title 41, Chapter 6, Article 10, and A.R.S. Title 12, Chapter 7, Article 6.

R4-11-305. Application Processing Procedures: Issuance, Denial, and Renewal of General Anesthesia and Deep Sedation Permits, Parenteral Sedation Permits, Oral Sedation Permits, and Permit to Employ a Physician Anesthesiologist or CRNA Certified Registered Nurse Anesthetist

A. The Board office shall complete an administrative completeness review within 24 days from the date of the receipt of an application for a permit.

1. Within 14-30 calendar days of receiving an initial or renewal application for a general anesthesia General Anesthesia and deep sedation Deep Sedation permit, parenteral sedation permit, oral sedation Oral Sedation permit or permit to employ a physician anesthesiologist or CRNA Certified Registered Nurse Anesthetist the Board office shall notify the applicant, in writing, whether the application package is complete or incomplete.

2. If the application package is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 24-day time-frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.
3. If the Board office does not provide the applicant with notice regarding administrative completeness, the application package shall be deemed complete 24 days after receipt by the Board office.

**B.** An applicant with an incomplete application package shall submit all missing information within 60 calendar days of service of the notice of incompleteness.

**C.** Upon receipt of all missing information, the Board office shall notify the applicant, in writing, within 10 calendar days, that the application package is complete. If an applicant fails to submit a complete application package within the time allowed in subsection (B), the Board office shall close the applicant's file. An applicant whose file is closed and who later wishes to obtain a permit shall apply again as required in A.A.C. Title 4, Chapter 11, Article 13.

**D.** The Board shall not approve or deny an application until the applicant has fully complied with the requirements of this Section and A.A.C. Title 4, Chapter 11, Article 13.

**E.** The Board shall complete a substantive review of the applicant's qualifications in no more than 120 calendar days from the date on which the administrative completeness review of an application package is complete.

1. If the Board finds an applicant to be eligible for a permit and grants the permit, the Board office shall notify the applicant in writing.

2. If the Board finds an applicant to be ineligible for a permit, the Board office shall issue a written notice of denial to the applicant that includes:
   a. Each reason for the denial, with citations to the statutes or rules on which the denial is based;
b. The applicant's right to request a hearing on the denial, including the number of days the applicant has to file the request;

c. The applicant's right to request an informal settlement conference under A.R.S. § 41-1092.06; and

d. The name and telephone number of an agency contact person who can answer questions regarding the application process.

3. If the Board finds deficiencies during the substantive review of an application package, the Board office shall issue a comprehensive written request to the applicant for additional documentation.

4. The 120-day time-frame for a substantive review of an applicant's qualifications is suspended from the date of a written request for additional documentation until the date that all documentation is received.

5. If the applicant and the Board office mutually agree in writing, the 120-day substantive review time-frame may be extended once for no more than 36 days.

F. The following time-frames apply for an initial or renewal application governed by this Section:

1. Administrative completeness review time-frame: 24 calendar days.

2. Substantive review time-frame: 120 calendar days.

3. Overall time-frame: 144 calendar days.

ARTICLE 4. FEES

R4-11-402. Business Entity Fees
As expressly authorized under A.R.S. § 32-1213, the Board establishes and shall collect the following fees from a Business Entity offering dental services paid by credit card on the Board’s website or by money order or cashier’s check:

1. Initial triennial registration, $300 per location;
2. Renewal of triennial registration, $300 per location; and
3. Late triennial registration renewal, $100 per location in addition to the fee under subsection (2).

**R4-11-405. Charges for Board Services**

The Board shall charge the following fees for the services provided paid by credit card on the Board’s website or by money order or cashier’s check:

1. Duplicate license: $25;
2. Duplicate certificate: $25;
3. License verification:
   a. For licensee: $25; and
   b. For non-licensee: $5;
4. Copy of audio recording: $10;
5. Photocopies (per page): $.25;
6. Mailing lists of Licensees in digital format: $100
   a. Dentists:
      i. In-state licensees - paper or labels: $150;
      ii. All licensees - paper or labels: $175; and
      iii. Mailing list in digital format: $100;
b. Dental hygienists:
   i. In-state licensees—paper or labels: $150;
   
   ii. All licensees—paper or labels: $175; and
   
   iii. Mailing list in digital format: $100; and

   c. Denturists: All certificate holders—paper, labels, or digital format: $5; and

7. Board meeting agendas and minutes (mailed directly to consumer):
   a. Agendas and minutes: $75 for 12 months;
   
   b. Agendas only: $25 for 12 months; and
   
   e. Minutes only: $50 for 12 months.

ARTICLE 6. DENTAL HYGIENISTS

R4-11-601. Duties and Qualifications

A. A dental hygienist may apply preventative and therapeutic agents under the general supervision of a licensed dentist.

B. A dental hygienist may perform a procedure not specifically authorized by A.R.S. § 32-1281 when all of the following conditions are satisfied:

1. The procedure is recommended or prescribed by the supervising dentist;

2. The dental hygienist has received instruction, training, or education to perform the procedure in a safe manner; and

3. The procedure is performed under the general supervision of a licensed dentist.

C. The Board shall ensure that a dental hygienist is qualified to administer local anesthesia and nitrous oxide analgesia as authorized by A.R.S. § 32-1281(F)(1) and (2), by requiring
evidence that the hygienist has completed courses in techniques taught at a recognized dental hygiene school or recognized dental school, as defined in A.R.S. § 32-1201(16) and (17), that consist of a minimum of 36 clock hours of instruction, and has passed examinations in theoretical knowledge and clinical competency in the following subject areas:

1. Review of head and neck anatomy;
2. Pharmacology of anesthetic and analgesic agents;
3. Medical—dental history considerations;
4. Emergency procedures;
5. Selection of appropriate armamentarium and agents;
6. Nitrous oxide administration;
7. Clinical practice, under direct supervision, as defined in A.R.S. § 32-1281(H)(1), including at least three experiences administering each of the following:
   a. Posterior superior alveolar injection,
   b. Middle superior alveolar injection,
   c. Anterior superior alveolar injection,
   d. Nasopalatine injection,
   e. Greater palatine injection,
   f. Inferior alveolar nerve injection,
   g. Lingual injection,
   h. Mental injection,
   i. Long buccal injections, and
   j. Nitrous oxide analgesia.
D. In addition to the recognized course of study described in subsection (C), the hygienist shall successfully complete the examination in local anesthesia given by the Western Regional Examining Board. The hygienist shall submit proof of the successful completion of the local anesthesia examination to the Board. The Board shall then issue a Local Anesthesia Certificate.

E. For purposes of qualification of a dental hygienist to place interrupted sutures as authorized by A.R.S. § 32-1281(F)(3), the Board recognizes courses in advanced periodontal therapy offered by a recognized dental hygiene school or a recognized dental school, as defined in A.R.S. § 32-1201(16) and (17), that consist of a minimum of 200 clock hours of instruction and require a dental hygienist’s successful completion of those examinations of a theoretical knowledge and clinical competency in the following subject areas:

1. A review of oral histology,

2. Inflammation and pathogenesis of a periodontal pocket,

3. Patient assessment,

4. Dental hygiene treatment planning,

5. Advanced root planning and debridement,

6. Subgingival curettage,

7. Suturing,

8. Wound repair and new attachment, and

9. Clinical experience in each of the following:
   a. Root planning,
   b. Subgingival curettage, and
   c. Suturing.
F. The hygienist shall submit proof of the successful completion of a recognized course in advanced periodontal therapy, as described in subsection (E), to the Board. The Board shall then issue a certification sticker for Suture Placement, which shall be affixed to the hygienist's license.

G.C. A dental hygienist shall not perform an irreversible procedure Irreversible Procedure.

H.D. To qualify to use emerging scientific technology Emerging Scientific Technology as authorized by A.R.S. § 32-1281(D)(2), a dental hygienist shall successfully complete a course of study that meets the following criteria:

1. Is a course offered by a recognized dental school as defined in A.R.S. § 32-1201(17), a recognized dental hygiene school as defined in A.R.S. § 32-1201(16), or sponsored by a national or state dental or dental hygiene association or government agency;
2. Includes didactic instruction with a written examination;
3. Includes hands-on clinical instruction; and
4. Is technology that is scientifically based and supported by studies published in peer reviewed dental journals.

R4-11-607. Duties of the Dental Hygiene Committee

A. The committee shall advise the Board on all matters relating to the regulation of dental hygienists.

B. In performing the duty in subsection (A), the committee may:

1. Act as a liaison for the Board, promoting communication and providing a forum for discussion of dental hygiene regulatory issues;
2. Review applications, syllabi, and related materials and make recommendations to the Board regarding certification of courses in local anesthesia—local anesthesia, nitrous oxide analgesia—nitrous oxide analgesia, and suture placement under Article 6 and other procedures which may require certification under Article 6;

3. Review documentation submitted by dental hygienists to determine compliance with the continuing education requirement for license renewal under Article 12 and make recommendations to the Board regarding compliance;

4. Make recommendations to the Board concerning statute and rule development which affect dental hygienists’ education, licensure, regulation, or practice;

5. Provide advice to the Board on standards and scope of practice which affect dental hygiene practice;

6. Provide ad hoc committees to the Board upon request;

7. Request that the Board consider recommendations of the committee at the next regularly scheduled Board meeting; and

8. Make recommendations to the Board for approval of dental hygiene consultants.

C. Committee members who are licensed dentists or dental hygienists may serve as Western Regional Examining Board (WREB) dental hygiene examiners or Board consultants.

D. The committee shall meet at least two times per calendar year. The chairperson or the president of the Board, or their respective designees, may call a meeting of the committee.

E. The Board may assign additional duties to the committee.

R4-11-608. Dental Hygiene Consultants
After submission of a current curriculum vitae or resume and approval by the Board, dental hygiene consultants may:

1. Act as Western Regional Examining Board (WREB) dental hygiene examiners for the clinical portion of the dental hygiene examination;

2. Act as Western Regional Examining Board (WREB) dental hygiene examiners for the local anesthesia Local Anesthesia portion of the dental hygiene examination;

3. Participate in Board-related procedures, including clinical evaluations—Clinical Evaluations, investigation of complaints concerning infection control, insurance fraud, or the practice of supervised personnel, and any other procedures not directly related to evaluating a dentist’s quality of care; and

4. Participate in onsite office evaluations for infection control, as part of a team.

R4-11-609. Affiliated Practice

A. To perform dental hygiene services under an affiliated practice relationship pursuant to A.R.S. § 32-1289 32-1289.01, a dental hygienist shall:

1. Provide evidence to the Board of successfully completing a total of 12 hours of recognized continuing dental education—Recognized Continuing Dental Education that consists of the following subject areas:

   a. A minimum of four hours in medical emergencies; and

   b. A minimum of eight hours in at least two of the following areas:

      i. Pediatric or other special health care needs,

      ii. Preventative dentistry, or
iii. Public health community-based dentistry, and

2. Hold a current certificate in basic cardiopulmonary resuscitation (CPR).

B. A dental hygienist shall complete the required continuing dental education before entering an affiliated practice relationship. The dental hygienist shall complete the continuing dental education in subsection (A) before renewing the dental hygienist’s license. The dental hygienist may take the continuing dental education online but shall not exceed the allowable hours indicated in R4-11-1209(B)(1).

C. To comply with A.R.S. § 32-1289(E) and (F) 32-1287(B) and this Section, a dental hygienist shall submit a completed affidavit on a form supplied by the Board office. Board staff shall review the affidavit to determine compliance with all requirements.

D. A dental hygienist who practices or applies to practice under an affiliated practice relationship shall ensure that all signatures in an affiliated practice agreement, amendment, notification, and affidavit are notarized.

E. D. Each affiliated practice dentist shall be available telephonically or electronically during the business hours of the affiliated practice dental hygienist to provide an appropriate level of contact, communication, and consultation.

F. E. The affiliated practice agreement shall include a provision for a substitute dentist, to cover an extenuating circumstance that renders the affiliated practice dentist unavailable for contact, communication, and consultation with the affiliated practice dental hygienist.

ARTICLE 9. RESTRICTED PERMITS

R4-11-901. Application for Restricted Permit
A. An applicant for a restricted permit shall provide the following information and documentation on a form provided by the Board:

1. A sworn statement of the applicant’s qualifications for a restricted permit;
2. A photograph of the applicant that is no more than six months old;
3. A letter of endorsement from any other jurisdiction in which an applicant is licensed or certified verifying that the applicant is licensed or certified in that jurisdiction, sent directly from that jurisdiction to the Board;
4. If the applicant is in the military or employed by the United States government, a letter of endorsement from the applicant’s commanding officer or superior supervisor verifying the applicant is licensed or certified by the military or United States government if the applicant is in the military or employed by the United States government;
5. A copy of the applicant’s current cardiopulmonary resuscitation certification that meets the requirements of R4-11-301(A)(6); and
6. A copy of the applicant’s pending contract with a charitable dental clinic or organization offering dental or dental hygiene services.

B. The Board may request that an applicant provide a copy of a certified document that indicates the reason for a name change if the applicant’s application contains different names.

ARTICLE 13. GENERAL ANESTHESIA AND SEDATION

R4-11-1301. General Anesthesia and Deep Sedation

A. Before administering general anesthesia General Anesthesia, or deep sedation Deep Sedation by any means, in a dental office or dental clinic, a dentist shall possess a Section 1301 permit
Permit issued by the Board. The dentist may renew a Section 1301 permit every five years by complying with R4-11-1307.

B. To obtain or renew a Section 1301 permit, a dentist shall:

1. Submit a completed application on a form provided by the Board office that, in addition to the requirements of subsections (B)(2) and (3), and R4-11-1307, includes:
   a. General information about the applicant such as:
      i. Name;
      ii. Home and office addresses and telephone numbers;
      iii. Limitations of practice;
      iv. Hospital affiliations;
   v. Denial, curtailment, revocation, or suspension of hospital privileges;
   vi. Denial of membership in, denial of renewal of membership in, or disciplinary action by a dental organization; and
   vii. Denial of licensure by, denial of renewal of licensure by, or disciplinary action by a dental regulatory body; and
   b. The dentist’s dated and signed affidavit stating that the information provided is true, and that the dentist has read and complied with the Board’s statutes and rules;

2. On forms provided by the Board, provide a dated and signed affidavit attesting that any office or dental clinic where the dentist will administer general anesthesia or deep sedation:
a. Contains the following properly operating equipment and supplies during the provision of general anesthesia General Anesthesia and deep sedation Deep Sedation:

i. Emergency drugs Drugs;

ii. Electrocardiograph monitor;

iii. Pulse oximeter;

iv. Cardiac defibrillator or automated external defibrillator (AED);

v. Positive pressure oxygen and supplemental oxygen;

vi. Suction equipment, including endotracheal, tonsillar, or pharyngeal and emergency backup medical suction device;

vii. Laryngoscope, multiple blades, backup batteries, and backup bulbs;

viii. Endotracheal tubes and appropriate connectors;

ix. Magill forceps;

x. Oropharyngeal and nasopharyngeal airways;

xi. Auxiliary lighting;

xii. Stethoscope; and

xiii. Blood pressure monitoring device; and

b. Maintains a staff of supervised personnel capable of handling procedures, complications, and emergency incidents. All personnel involved in administering and monitoring general anesthesia General Anesthesia or deep sedation Deep Sedation
shall hold a current course completion confirmation in cardiopulmonary resuscitation (CPR) Health Care Provider Level healthcare provider level;

3. Hold a valid license to practice dentistry in this state;

4. Maintain a current permit to prescribe and administer controlled substances Controlled Substances in this state issued by the United States Drug Enforcement Administration; and

5. Provide confirmation of completing coursework within the two years prior to submitting the permit application in one or more of the following:
   a. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
   b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
   c. A recognized continuing education course in advanced airway management.

C. Initial applicants shall meet one or more of the following conditions by submitting to the Board verification of meeting the condition directly from the issuing institution:

1. Complete, within the three years before submitting the permit application, a full credit load, as defined by the training program, during one calendar year of training, in anesthesiology or related academic subjects, beyond the undergraduate dental school level in a training program described in R4-11-1306(A), offered by a hospital accredited by the Joint Commission on Accreditation of Hospitals Organization, or sponsored by a university accredited by the American Dental Association Commission on Dental Accreditation;
2. Be, within the three years before submitting the permit application, a Diplomate of the American Board of Oral and Maxillofacial Surgeons or eligible for examination by the American Board of Oral and Maxillofacial surgeons, a Fellow of the American Association of Oral and Maxillofacial surgeons, a Fellow of the American Dental Society of Anesthesiology, a Diplomate of the National Dental Board of Anesthesiology, or a Diplomate of the American Dental Board of Anesthesiology; or

3. For an applicant who completed the requirements of subsections (C)(1) or (C)(2) more than three years before submitting the permit application, provide the following documentation:

   a. On a form provided by the Board, a written affidavit affirming that the applicant has administered general anesthesia General Anesthesia or deep sedation Deep Sedation to a minimum of 25 patients within the year before submitting the permit application or 75 patients within the last five years before submitting the permit application;

   b. A copy of the general anesthesia General Anesthesia or deep sedation Deep Sedation permit in effect in another state or certification of military training in general anesthesia General Anesthesia or deep sedation Deep Sedation from the applicant’s commanding officer; and

   c. On a form provided by the Board, a written affidavit affirming the completion of 30 clock hours of continuing education taken within the last five years as outlined in R4-11-1306(B)(1)(a) through (f).

D. After submitting the application and written evidence of compliance with requirements in subsection (B) and, if applicable, subsection (C) to the Board, the applicant shall schedule an onsite evaluation by the Board during which the applicant shall administer general anesthesia
General Anesthesia or deep sedation Deep Sedation. After the applicant completes the application requirements and successfully completes the onsite evaluation, a Section 1301 permit Permit shall be issued to the applicant.

1. The onsite evaluation team shall consist of:
   a. Two dentists who are Board members, or Board designees for initial applications; or
   b. One dentist who is a Board member or Board designee for renewal applications.

2. The onsite team shall evaluate the following:
   a. The availability of equipment and personnel as specified in subsection (B)(2);
   b. Proper administration of General Anesthesia or deep sedation Deep Sedation to a patient by the applicant in the presence of the evaluation team;
   c. Successful responses by the applicant to oral examination questions from the evaluation team about patient management, medical emergencies, and emergency medications;
   d. Proper documentation of Controlled Substances, that includes a perpetual inventory log showing the receipt, administration, dispensing, and destruction of Controlled Substances;
   e. Proper recordkeeping as specified in subsection (E) by reviewing the records generated for the patient specified in subsection (D)(2)(b); and
   f. For renewal applicants, records supporting continued competency as specified in R4-11-1306.

3. The evaluation team shall recommend one of the following:
   a. Pass. Successful completion of the onsite evaluation;
b. Conditional Approval for failing to have appropriate equipment, proper
documentation of controlled substances—Controlled Substances, or proper
recordkeeping. The applicant must submit proof of correcting the deficiencies before
a permit is issued;

c. Category 1 Evaluation Failure. The applicant must review the appropriate subject
matter and schedule a subsequent evaluation by two Board Members or Board
designees not less than 30 days from the failed evaluation. An example is failure to
recognize and manage one emergency;

d. Category 2 Evaluation Failure. The applicant must complete Board approved
continuing education in subject matter within the scope of the onsite evaluation as
identified by the evaluators and schedule a subsequent evaluation by two Board
Members or Board designees not less than 60 days from the failed evaluation. An
example is failure to recognize and manage more than one emergency; or

e. Category 3 Evaluation Failure. The applicant must complete Board approved
remedial continuing education with the subject matter outlined in R4-11-1306 as
identified by the evaluators and reapply not less than 90 days from the failed
evaluation. An example is failure to recognize and manage an anesthetic urgency.

4. The onsite evaluation of an additional dental office or dental clinic in which general
anesthesia General Anesthesia or deep sedation Deep Sedation is administered by an
existing Section 1301 permit—Permit holder may be waived by the Board staff upon
receipt in the Board office of an affidavit verifying compliance with subsection (D)(2)(a).
5. A Section 1301 mobile permit may be issued if a Section 1301 permit Permit holder travels to dental offices or dental clinics to provide anesthesia or deep sedation Deep Sedation. The applicant must submit a completed affidavit verifying:
   a. That the equipment and supplies for the provision of anesthesia or deep sedation Deep Sedation as required in subsection (B)(2)(a) either travel with the Section 1301 permit Permit holder or are in place and in appropriate condition at the dental office or dental clinic where anesthesia or deep sedation Deep Sedation is provided, and
   b. Compliance with subsection (B)(2)(b).

E. A Section 1301 permit Permit holder shall keep an anesthesia or deep sedation Deep Sedation record for each general anesthesia General Anesthesia and deep sedation Deep Sedation procedure that includes the following entries:
   1. Pre-operative and post-operative electrocardiograph documentation;
   2. Pre-operative, intra-operative, and post-operative pulse oximeter documentation;
   3. Pre-operative, intra-operative, and post-operative blood pressure and vital sign documentation;
   4. A list of all medications given, with dosage and time intervals, and route and site of administration;
   5. Type of catheter or portal with gauge;
   6. Indicate nothing by mouth or time of last intake of food or water;
   7. Consent form; and
   8. Time of discharge and status, including name of escort.

F. The Section 1301 permit Permit holder, for intravenous access, shall use a new infusion set, including a new infusion line and new bag of fluid, for each patient.
G. The Section 1301 

permit Permit holder shall utilize supplemental oxygen for patients receiving general anesthesia General Anesthesia or deep sedation Deep Sedation for the duration of the procedure.

H. The Section 1301 permit Permit holder shall continuously supervise the patient from the initiation of anesthesia or deep sedation Deep Sedation until termination of the anesthesia or deep sedation Deep Sedation procedure and oxygenation, ventilation, and circulation are stable. The Section 1301 permit Permit holder shall not commence with the administration of a subsequent anesthetic case until the patient is in monitored recovery or meets the guidelines for discharge.

I. A Section 1301 permit Permit holder may employ the following health care professionals to provide anesthesia or sedation services and shall ensure that the health care professional continuously supervises the patient from the administration of anesthesia or sedation until termination of the anesthesia or sedation procedure and oxygenation, ventilation, and circulation are stable:

1. An allopathic or osteopathic physician currently licensed in Arizona by the Arizona Medical Board or the Arizona Board of Osteopathic Examiners who has successfully completed a residency program in anesthesiology approved by the American Council on Graduate Medical Education (ACGME) or the American Osteopathic Association (AOA) or who is certified by either the American Board of Anesthesiology or the American Osteopathic Board of Anesthesiology and is credentialed with anesthesia privileges through an Arizona licensed medical facility, or

2. A Certified Registered Nurse Anesthetist (CRNA) currently licensed in Arizona who provides services under the Nurse Practice Act in A.R.S. Title 32, Chapter 15.
A Section 1301 permit holder may also administer parenteral sedation without obtaining a Section 1302 permit.

R4-11-1302. Parenteral Sedation

A. Before administering parenteral sedation in a dental office or dental clinic, a dentist shall possess a Section 1302 permit issued by the Board. The dentist may renew a Section 1302 permit every five years by complying with R4-11-1307.

1. A Section 1301 permit holder may also administer parenteral sedation.

2. A Section 1302 permit holder shall not administer or employ any agents which have a narrow margin for maintaining consciousness including, but not limited to, ultra-short acting barbiturates, propofol, parenteral ketamine, or similarly acting drugs, agents, or techniques, or any combination thereof that would likely render a patient deeply sedated, generally anesthetized or otherwise not meeting the conditions of moderate sedation.

B. To obtain or renew a Section 1302 permit, the dentist shall:

1. Submit a completed application on a form provided by the Board office that, in addition to the requirements of subsections (B)(2) and (3) and R4-11-1307, includes:

   a. General information about the applicant such as:

      i. Name;

      ii. Home and office addresses and telephone numbers;

      iii. Limitations of practice;

      iv. Hospital affiliations;
v. Denial, curtailment, revocation, or suspension of hospital privileges;

vi. Denial of membership in, denial of renewal of membership in, or disciplinary action by a dental organization; and

vii. Denial of licensure by, denial of renewal of licensure by, or disciplinary action by a dental regulatory body; and

b. The dentist’s dated and signed affidavit stating that the information provided is true, and that the dentist has read and complied with the Board’s statutes and rules;

2. On forms provided by the Board, provide a dated and signed affidavit attesting that any dental office or dental clinic where the dentist will administer parenteral sedation by intravenous or intramuscular route:

a. Contains the following properly operating equipment and supplies during the provision of parenteral sedation by the permit holder or general anesthesia General Anesthesia or deep sedation Deep Sedation by a physician anesthesiologist or Certified Registered Nurse Anesthetist (CRNA):

i. Emergency drugs Drugs;

ii. Positive pressure oxygen and supplemental oxygen;

iii. Stethoscope;

iv. Suction equipment, including tonsillar or pharyngeal and emergency backup medical suction device;

v. Oropharyngeal and nasopharyngeal airways;

vi. Pulse oximeter;
vii. Auxiliary lighting;

viii. Blood pressure monitoring device; and

ix. Cardiac defibrillator or automated external defibrillator (AED); and

b. Maintains a staff of supervised personnel capable of handling procedures, complications, and emergency incidents, including at least one staff member who:
   i. Holds a current course completion confirmation in cardiopulmonary resuscitation (CPR) health care provider level;
   ii. Is present during the parenteral sedation procedure; and
   iii. After the procedure, monitors the patient until discharge;

3. Hold a valid license to practice dentistry in this state;

4. Maintain a current permit to prescribe and administer controlled substances in this state issued by the United States Drug Enforcement Administration;

5. Provide confirmation of completing coursework within the two years prior to submitting the permit application in one or more of the following:
   a. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
   b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
   c. A recognized continuing education course in advanced airway management.

C. Initial applicants shall meet one of the following conditions by submitting to the Board verification of meeting the condition directly from the issuing institution:
1. Successfully complete Board-recognized undergraduate, graduate, or postgraduate education within the three years before submitting the permit application, that includes the following:
   a. Sixty (60) didactic hours of basic parenteral sedation to include:
      i. Physical evaluation;
      ii. Management of medical emergencies;
      iii. The importance of and techniques for maintaining proper documentation; and
      iv. Monitoring and the use of monitoring equipment; and
   b. Hands-on administration of parenteral sedative medications to at least 20 patients in a manner consistent with this Section; or

2. An applicant who completed training in parenteral sedation more than three years before submitting the permit application shall provide the following documentation:
   a. On a form provided by the Board, a written affidavit affirming that the applicant has administered parenteral sedation to a minimum of 25 patients within the year or 75 patients within the last five years before submitting the permit application;
   b. A copy of the parenteral sedation permit in effect in another state or certification of military training in parenteral sedation from the applicant's commanding officer; and
   c. On a form provided by the Board, a written affidavit affirming the completion of 30 clock hours of continuing education taken within the last five years as outlined in R4-11-1306(B)(1)(b) through (f).

D. After submitting the application and written evidence of compliance with requirements outlined in subsection (B) and, if applicable, subsection (C) to the Board, the applicant shall
schedule an onsite evaluation by the Board during which the applicant shall administer parenteral sedation. After the applicant completes the application requirements and successfully completes the onsite evaluation, the Board shall issue a Section 1302 permit to the applicant.

1. The onsite evaluation team shall consist of:
   a. Two dentists who are Board members, or Board designees for initial applications, or
   b. One dentist who is a Board member or Board designee for renewal applications.

2. The onsite team shall evaluate the following:
   a. The availability of equipment and personnel as specified in subsection (B)(2);
   b. Proper administration of parenteral sedation to a patient by the applicant in the presence of the evaluation team;
   c. Successful responses by the applicant to oral examination questions from the evaluation team about patient management, medical emergencies, and emergency medications;
   d. Proper documentation of controlled substances, that includes a perpetual inventory log showing the receipt, administration, dispensing, and destruction of all controlled substances;
   e. Proper recordkeeping as specified in subsection (E) by reviewing the records generated for the patient receiving parenteral sedation as specified in subsection (D)(2)(b); and
   f. For renewal applicants, records supporting continued competency as specified in R4-11-1306.

3. The evaluation team shall recommend one of the following:
a. Pass. Successful completion of the onsite evaluation;

b. Conditional Approval for failing to have appropriate equipment, proper documentation of controlled substances—Controlled Substances, or proper recordkeeping. The applicant must submit proof of correcting the deficiencies before a permit is issued;

c. Category 1 Evaluation Failure. The applicant must review the appropriate subject matter and schedule a subsequent evaluation by two Board Members or Board designees not less than 30 days from the failed evaluation. An example is failure to recognize and manage one emergency;

d. Category 2 Evaluation Failure. The applicant must complete Board approved continuing education in subject matter within the scope of the onsite evaluation as identified by the evaluators and schedule a subsequent evaluation by two Board Members or Board designees not less than 60 days from the failed evaluation. An example is failure to recognize and manage more than one emergency; or

e. Category 3 Evaluation Failure. The applicant must complete Board approved remedial continuing education with the subject matter outlined in R4-11-1306 as identified by the evaluators and reapply not less than 90 days from the failed evaluation. An example is failure to recognize and manage an anesthetic urgency.

4. The onsite evaluation of an additional dental office or dental clinic in which parenteral sedation is administered by an existing Section 1302 permit Permit holder may be waived by the Board staff upon receipt in the Board office of an affidavit verifying compliance with subsection (D)(2)(a).
5. A Section 1302 mobile permit may be issued if a Section 1302 permit holder travels to dental offices or dental clinics to provide parenteral sedation. The applicant must submit a completed affidavit verifying:

a. That the equipment and supplies for the provision of parenteral sedation as required in R4-11-1302(B)(2)(a) either travel with the Section 1302 permit holder or are in place and in appropriate working condition at the dental office or dental clinic where parenteral sedation is provided, and

b. Compliance with R4-11-1302(B)(2)(b).

E. A Section 1302 permit holder shall keep a parenteral sedation record for each parenteral sedation procedure that:

1. Includes the following entries:
   a. Pre-operative, intra-operative, and post-operative pulse oximeter documentation;
   b. Pre-operative, intra-operative, and post-operative blood pressure and vital sign documentation;
   c. A list of all medications given, with dosage and time intervals and route and site of administration;
   d. Type of catheter or portal with gauge;
   e. Indicate nothing by mouth or time of last intake of food or water;
   f. Consent form; and
   g. Time of discharge and status, including name of escort; and

2. May include pre-operative and post-operative electrocardiograph report.
F. The Section 1302 permit holder shall establish intravenous access on each patient receiving parenteral sedation utilizing a new infusion set, including a new infusion line and new bag of fluid.

G. The Section 1302 permit holder shall utilize supplemental oxygen for patients receiving parenteral sedation for the duration of the procedure.

H. The Section 1302 permit holder shall continuously supervise the patient from the initiation of parenteral sedation until termination of the parenteral sedation procedure and oxygenation, ventilation and circulation are stable. The Section 1302 permit holder shall not commence with the administration of a subsequent anesthetic case until the patient is in monitored recovery or meets the guidelines for discharge.

I. A Section 1302 permit holder may employ a health care professional as specified in R4-11-1301(I).

R4-11-1303. Oral Sedation

A. Before administering oral sedation in a dental office or dental clinic, a dentist shall possess a Section 1303 permit issued by the Board. The dentist may renew a Section 1303 permit every five years by complying with R4-11-1307.

1. A Section 1301 permit holder or Section 1302 permit holder may also administer oral sedation without obtaining a Section 1303 permit.

2. The administration of a single drug for minimal sedation does not require a Section 1303 permit if:
a. The administered dose is within the Food and Drug Administration’s (FDA) maximum recommended dose as printed in FDA the Food and Drug Administration’s approved labeling for unmonitored home use;

i. Incremental multiple doses of the drug Drug may be administered until the desired effect is reached, but does not exceed the maximum recommended dose; and

ii. During minimal sedation Minimal Sedation, a single supplemental dose may be administered. The supplemental dose may not exceed one-half of the initial dose and the total aggregate dose may not exceed one and one-half times the FDA Food and Drug Administration’s maximum recommended dose on the date of treatment; and

b. Nitrous oxide/oxygen may be administered in addition to the oral drug Drug as long as the combination does not exceed minimal sedation Minimal Sedation.

B. To obtain or renew a Section 1303 permit Permit, a dentist shall:

1. Submit a completed application on a form provided by the Board office that, in addition to the requirements of subsections (B)(2) and (3) and R4-11-1307, includes:

   a. General information about the applicant such as:

      i. Name;

      ii. Home and office addresses and telephone numbers;

      iii. Limitations of practice;

      iv. Hospital affiliations;
v. Denial, curtailment, revocation, or suspension of hospital privileges;

vi. Denial of membership in, denial of renewal of membership in, or disciplinary action by a dental organization; and

vii. Denial of licensure by, denial of renewal of licensure by, or disciplinary action by a dental regulatory body; and

b. The dentist’s dated and signed affidavit stating that the information provided is true, and that the dentist has read and complied with the Board’s statutes and rules;

2. On forms provided by the Board, provide a dated and signed affidavit attesting that any dental office or dental clinic where the dentist will administer oral sedation contains the following properly operating equipment and supplies during the provision of sedation:

   a. Contains the following properly operating equipment and supplies during the provision of sedation:

      i. Emergency drugs;

      ii. Cardiac defibrillator or automated external defibrillator (AED);

      iii. Positive pressure oxygen and supplemental oxygen;

      iv. Stethoscope;

      v. Suction equipment, including tonsillar or pharyngeal and emergency backup medical suction device;

      vi. Pulse oximeter;

      vii. Blood pressure monitoring device; and
viii. Auxiliary lighting; and

b. Maintains a staff of supervised personnel capable of handling procedures, complications, and emergency incidents, including at least one staff member who:
   i. Holds a current certificate in cardiopulmonary resuscitation (CPR) Health Care Provider Level healthcare provider level;
   
   ii. Is present during the oral sedation Oral Sedation procedure; and

   iii. After the procedure, monitors the patient until discharge;

3. Hold a valid license to practice dentistry in this state;

4. Maintain a current permit to prescribe and administer controlled substances Controlled Substances in this state issued by the United States Drug Enforcement Administration;

5. Provide confirmation of completing coursework within the two years prior to submitting the permit application in one or more of the following:
   a. Cardiopulmonary resuscitation (CPR) Health Care Provider Level healthcare provider level from the American Heart Association, American Red Cross, or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association or American Red Cross;
   b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
   c. A recognized continuing education course in advanced airway management.

C. Initial applicants shall meet one of the following by submitting to the Board verification of meeting the condition directly from the issuing institution:
1. Complete a Board-recognized post-doctoral residency program that includes documented training in oral sedation Oral Sedation within the last three years before submitting the permit application; or

2. Complete a Board recognized post-doctoral residency program that includes documented training in oral sedation Oral Sedation more than three years before submitting the permit application shall provide the following documentation:
   a. On a form provided by the Board, a written affidavit affirming that the applicant has administered oral sedation Oral Sedation to a minimum of 25 patients within the year or 75 patients within the last five years before submitting the permit application;
   b. A copy of the oral sedation Oral Sedation permit in effect in another state or certification of military training in oral sedation Oral Sedation from the applicant’s commanding officer; and
   c. On a form provided by the Board, a written affidavit affirming the completion of 30 hours of continuing education taken within the last five years as outlined in R4-11-1306(C)(1)(a) through (f); or

3. Provide proof of participation in 30 clock hours of Board-recognized undergraduate, graduate, or post-graduate education in oral sedation Oral Sedation within the three years before submitting the permit application that includes:
   a. Training in basic oral sedation Oral Sedation,
   b. Pharmacology,
   c. Physical evaluation,
   d. Management of medical emergencies,
   e. The importance of and techniques for maintaining proper documentation, and
f. Monitoring and the use of monitoring equipment.

D. After submitting the application and written evidence of compliance with requirements in subsection (B) and, if applicable, subsection (C) to the Board, the applicant shall schedule an onsite evaluation by the Board. After the applicant completes the application requirements and successfully completes the onsite evaluation, the Board shall issue a Section 1303 permit to the applicant.

1. The onsite evaluation team shall consist of:
   a. For initial applications, two dentists who are Board members, or Board designees.
   b. For renewal applications, one dentist who is a Board member, or Board designee.

2. The onsite team shall evaluate the following:
   a. The availability of equipment and personnel as specified in subsection (B)(2);
   b. Successful responses by the applicant to oral examination questions from the evaluation team about patient management, medical emergencies, and emergency medications;
   c. Proper documentation of controlled substances, that includes a perpetual inventory log showing the receipt, administration, dispensing, and destruction of controlled substances;
   d. Proper recordkeeping as specified in subsection (E) by reviewing the forms that document the oral sedation record; and
   e. For renewal applicants, records supporting continued competency as specified in R4-11-1306.

3. The evaluation team shall recommend one of the following:
   a. Pass. Successful completion of the onsite evaluation;
b. Conditional Approval for failing to have appropriate equipment, proper documentation of controlled substance—Controlled Substance, or proper recordkeeping. The applicant must submit proof of correcting the deficiencies before permit will be issued;

c. Category 1 Evaluation Failure. The applicant must review the appropriate subject matter and schedule a subsequent evaluation by two Board Members or Board designees not less than 30 days from the failed evaluation. An example is failure to recognize and manage one emergency; or

d. Category 2 Evaluation Failure. The applicant must complete Board approved continuing education in subject matter within the scope of the onsite evaluation as identified by the evaluators and schedule a subsequent evaluation by two Board Members or Board designees not less than 60 days from the failed evaluation. An example is failure to recognize and manage more than one emergency.

4. The onsite evaluation of an additional dental office or dental clinic in which oral sedation—Oral Sedation is administered by a Section 1303 permit—Permit holder may be waived by the Board staff upon receipt in the Board office of an affidavit verifying compliance with subsection (D)(2)(a).

5. A Section 1303 mobile permit may be issued if the Section 1303 permit—Permit holder travels to dental offices or dental clinics to provide oral sedation—Oral Sedation. The applicant must submit a completed affidavit verifying:

a. That the equipment and supplies for the provision of oral sedation—Oral Sedation as required in R4-11-1303(B)(2)(a) either travel with the Section 1303 permit—Permit
holder or are in place and in appropriate condition at the dental office or dental clinic where oral sedation Oral Sedation is provided, and

b. Compliance with R4-11-1303(B)(2)(b).

E. A Section 1303 permit Permit holder shall keep an oral sedation Oral Sedation record for each oral sedation Oral Sedation procedure that:

1. Includes the following entries:
   a. Pre-operative, intra-operative, and post-operative, pulse oximeter oxygen saturation and pulse rate documentation;
   b. Pre-operative and post-operative blood pressure;
   c. Documented reasons for not taking vital signs if a patient’s behavior or emotional state prevents monitoring personnel from taking vital signs;
   d. List of all medications given, including dosage and time intervals;
   e. Patient’s weight;
   f. Consent form;
   g. Special notes, such as, nothing by mouth or last intake of food or water; and
   h. Time of discharge and status, including name of escort; and

2. May include the following entries:
   a. Pre-operative and post-operative electrocardiograph report; and
   b. Intra-operative blood pressures.

F. The Section 1303 permit Permit holder shall utilize supplemental oxygen for patients receiving oral sedation Oral Sedation for the duration of the procedure.

G. The Section 1303 permit Permit holder shall ensure the continuous supervision of the patient from the administration of oral sedation Oral Sedation until oxygenation, ventilation and
circulation are stable and the patient is appropriately responsive for discharge from the dental office or dental clinic.

H. A Section 1303 permit Permit holder may employ a health care professional to provide anesthesia services, if all of the following conditions are met:

1. The physician anesthesiologist or CRNA Certified Registered Nurse Anesthetist meets the requirements as specified in R4-11-1301(I);

2. The Section 1303 permit Permit holder has completed coursework within the two years prior to submitting the permit application in one or more of the following:
   a. ACLS Advanced cardiac life support from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
   b. PALS Pediatric advanced life support in a practice treating pediatric patients;
   c. A recognized continuing education course in advanced airway management;

3. The Section 1303 permit Permit holder ensures that:
   a. The dental office or clinic contains the equipment and supplies listed in R4-11-1304(B)(2)(a) during the provision of anesthesia or sedation by the physician anesthesiologist or CRNA Certified Registered Nurse Anesthetist;
   b. The anesthesia or sedation record contains all the entries listed in R4-11-1304(D);
   c. For intravenous access, the physician anesthesiologist or CRNA Certified Registered Nurse Anesthetist uses a new infusion set, including a new infusion line and new bag of fluid for each patient; and
   d. The patient is continuously supervised from the administration of anesthesia or sedation until the termination of the anesthesia or sedation procedure and
oxygenation, ventilation and circulation are stable. The Section 1303 permit holder shall not commence with a subsequent procedure or treatment until the patient is in monitored recovery or meets the guidelines for discharge.

ARTICLE 14. DISPENSING DRUGS AND DEVICES

R4-11-1405. Compliance

A. A dentist who determines that there has been a theft or loss of drugs or controlled substances from the dentist’s office shall immediately notify a local law enforcement agency and the Board and provide written notice of the theft or loss in the following manner:

1. For non-controlled substance drug theft or loss, provide the law enforcement agency and the Board with a written report explaining the theft or loss; or

2. For controlled substance theft or loss, complete a DEA Drug Enforcement Administration’s 106 form; and

3. Provide copies of the DEA Drug Enforcement Administration’s 106 form to the Drug Enforcement Administration and the Board within seven days of the discovery.

B. A dentist who dispenses drugs or devices in a manner inconsistent with this Article is subject to discipline under A.R.S. Title 32, Chapter 11, Article 3.
1. **Identification of the rulemaking:**

The Board needs to amend various rules for general purposes, but nothing substantive.

   a. **The conduct and its frequency of occurrence that the rule is designed to change:**

   The Board needs to amend its rules to update various rules to update statutory references, process time-frames and submission methods; remove outdated language including some fees; and other formatting changes.

   b. **The harm resulting from the conduct the rule is designed to change and the likelihood it will continue to occur if the rule is not changed:**

   There is no harm if the rules are not changed. However, there are some statutory references that are inaccurate, time-frames that are not uniform, outdated language, including reference to a clinical exam organization that is no longer operational. By not amending its rules, the Board would continue to operate with rules that will have to be amended at some point.

   c. **The estimated change in frequency of the targeted conduct expected from the rule change:**

   N/A

2. **A brief summary of the information included in the economic, small business, and consumer impact statement:**

   After going through other Notices of Proposed Rule changes, the Board recognized other ancillary needs that did not fit within the scopes of those NPRs, and therefore, sought out an additional NPR to make non-substantive amendments to its rules.

---

1 If adequate data are not reasonably available, the agency shall explain the limitations of the data, the methods used in an attempt to obtain the data, and characterize the probable impacts in qualitative terms. (A.R.S. § 41-1055(C)).
3. **The person to contact to submit or request additional data on the information included in the economic, small business, and consumer impact statement:**

   Name: Ryan Edmonson, Executive Director  
   Address: Arizona State Board of Dental Examiners  
   1740 W. Adams St., Ste. 2470  
   Phoenix, AZ 85007  
   Telephone: (602) 542-4493  
   E-Mail: ryan.edmonson@dentalboard.az.gov

4. **Persons who will be directly affected by, bear the costs of, or directly benefit from the rulemaking:**

   Other than the costs to the Arizona State Board of Dental Examiners’, the costs are shared by the Board’s licensees.

5. **Cost-benefit analysis:**

   a. **Costs and benefits to state agencies directly affected by the rulemaking** including the number of new full-time employees at the implementing agency required to implement and enforce the proposed rule:

   The Arizona State Board of Dental Examiners is the only state agency affected by the rulemaking amendment and there will not be any costs, including the hiring of more personnel to manage the effects of the amendments. The benefits, as stated above, cleans up some outdated rules for various reasons and provides for more uniformity.

   b. **Costs and benefits to political subdivisions directly affected by the rulemaking:**

   N/A
c. Costs and benefits to businesses directly affected by the rulemaking:
   No new costs will be incurred to businesses; they remain the same whether or not the rules are amended.

6. Impact on private and public employment:
   N/A

7. Impact on small businesses:
   a. Identification of the small business subject to the rulemaking:
      There is no financial impact to small businesses.
   
   b. Administrative and other costs required for compliance with the rulemaking:
      Negligible
   
   c. Description of methods that may be used to reduce the impact on small businesses:
      Again, the Board did not recognize a financial impact to small businesses.

8. Cost and benefit to private persons and consumers who are directly affected by the rulemaking:
   No new costs will be incurred to individuals.

9. Probable effects on state revenues:
   No new revenues or expenses will be incurred.

10. Less intrusive or less costly alternative methods considered:
    The Arizona State Board of Dental Examiners believes that by amending its rules, which are non-substantive, is the less intrusive and less costly alternative.

---

2 Small business has the meaning specified in A.R.S. § 41-1001(20).
February 11, 2022

To: Arizona State Board of Dental Examiners

From: Deborah Kappes, RDH, MPH
      Chair, AzDHA Advocacy Committee

Subject: NPR amending R4-11-601

The AzDHA recommends that the Board take this opportunity to eliminate antiquated rules that no longer make sense due to various changes in statute. We believe our suggestions are consistent with the Board’s justification and explanation in the NPR as to why these rule amendments are necessary. As stated in the Notice, “The Board needs to amend its rules to update various rules to update statutory references, process time-frames and submission methods; remove outdated language including some fees; and other formatting changes.”

1. Strike R4-11-601(C) & (D) pertaining to local anesthesia and nitrous oxide courses and certification as they are outdated and in conflict with § 32-1281(F)(1) and (F)(3) due to statutory changes.

   Prior to 2017, statute required a dental hygienist to complete a “course of study recognized by the Board” and that course was described in rule. That is no longer required by statute. In addition, local anesthesia and nitrous oxide were combined into one certification. That is no longer the case. We refer to the Board’s own instructions for obtaining certification in local anesthesia and/or nitrous oxide as justification for deleting this conflicting language so that rule will align with statute and its own procedures. Allowing this language to remain just adds confusion.

2. Strike R4-11-601(E) & (F) pertaining to qualifications to place interrupted sutures and certification as this procedure was eliminated from a dental hygienist’s scope as of July 2015 and certification stickers for Suture Placement are no longer issued and have not been for many years. Therefore, there is no statutory reason or authority to retain these rules.

It is also our belief that these recommendations would not constitute a “substantial change” to the proposed rules as defined in A.R.S. 41-1025 and therefore would not require the Board to file a Notice of Supplemental Proposed Rulemaking. Instead, the Board may simply make the changes in the Notice of Final Rulemaking and explain the changes in item #10 of the Preamble.

Thank you for the opportunity to provide these comments for your consideration.
ARTICLE 1. DEFINITIONS
R4-11-101. Definitions
The following definitions, and definitions in A.R.S. § 32-1201, apply to this Chapter:
“Analgesia” means a state of decreased sensibility to pain produced by using nitrous oxide (N2O) and oxygen (O2) with or without local anesthesia.
“Application” means, for purposes of Article 3 only, forms designated as applications and all documents and additional information the Board requires to be submitted with an application.
“Business Entity” means a business organization that offers to the public professional services regulated by the Board and is established under the laws of any state or foreign country, including a sole practitioner, partnership, limited liability partnership, corporation, and limited liability company, unless specifically exempted by A.R.S. § 32-1213(J).
“Calculus” means a hard mineralized deposit attached to the teeth.
“Certificate holder” means a denturist who practices denture technology under A.R.S. Title 32, Chapter 11, Article 5.
“Charitable Dental Clinic or Organization” means a non-profit organization meeting the requirements of 26 U.S.C. 501(c)(3) and providing dental or dental hygiene services.
“Clinical evaluation” means a dental examination of a patient named in a complaint regarding the patient's dental condition as it exists at the time the examination is performed.
“Closed subgingival curettage” means the removal of the inner surface of the soft tissue wall of a periodontal pocket in a situation where a flap of tissue has not been intentionally or surgically opened.
“Controlled substance” has the meaning prescribed in A.R.S. § 36-2501(A)(3).
“Credit hour” means one clock hour of participation in a recognized continuing dental education program.
“Deep sedation” is a drug-induced depression of consciousness during which a patient cannot be easily aroused but responds purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function may be impaired. The patient may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is maintained.
“Dental laboratory technician” or “dental technician” has the meaning prescribed in A.R.S. § 32-1201(7).
“Dentist of record” means a dentist who examines, diagnoses, and formulates treatment plans for a patient and may provide treatment to the patient.
“Designee” means a person to whom the Board delegates authority to act on the Board’s behalf regarding a particular task specified by this Chapter.
“Direct supervision” means, for purposes of Article 7 only, that a licensed dentist is present in the office and available to provide immediate treatment or care to a patient and observe a dental assistant’s work.
“Disabled” means a dentist, dental hygienist, or denturist has totally withdrawn from the active practice of dentistry, dental hygiene, or denturism due to a permanent medical disability and based on a physician’s order.
“Dispense for profit” means selling a drug or device for any amount above the administrative overhead costs to inventory.
“Documentation of attendance” means documents that contain the following information:
  Name of sponsoring entity;
  Course title;
  Number of credit hours;
  Name of speaker; and
Date, time, and location of the course.

“Drug” means:
Articles recognized, or for which standards or specifications are prescribed, in the official compendium;
Articles intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in the human body;
Articles other than food intended to affect the structure of any function of the human body; or
Articles intended for use as a component of any articles specified in this definition but does not include devices or components, parts, or accessories of devices.

“Emerging scientific technology” means any technology used in the treatment of oral disease that is not currently generally accepted or taught in a recognized dental or dental hygiene school and use of the technology poses material risks.

“Epithelial attachment” means the layer of cells that extends apically from the depth of the gingival (gum) sulcus (crevice) along the tooth, forming an organic attachment.

“Ex-parte communication” means a written or oral communication between a decision maker, fact finder, or Board member and one party to the proceeding, in the absence of other parties.

“General anesthesia” is a drug-induced loss of consciousness during which the patient is not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. The patient often requires assistance in maintaining a patent airway, and positive-pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired.

“General supervision” means, for purposes of Article 7 only, a licensed dentist is available for consultation, whether or not the dentist is in the office, regarding procedures or treatment that the dentist authorizes and for which the dentist remains responsible.

“Homebound patient” means a person who is unable to receive dental care in a dental office as a result of a medically diagnosed disabling physical or mental condition.

“Irreversible procedure” means a single treatment, or a step in a series of treatments, that causes change in the affected hard or soft tissues and is permanent or may require reconstructive or corrective procedures to correct the changes.

“Jurisdiction” means the Board’s power to investigate and rule on complaints that allege grounds for disciplinary action under A.R.S. Title 32, Chapter 11 or this Chapter.

“Licensee” means a dentist, dental hygienist, dental consultant, retired licensee, or person who holds a restricted permit under A.R.S. §§ 32-1237 or 32-1292.

“Local anesthesia” is the elimination of sensations, such as pain, in one part of the body by the injection of an anesthetic drug.

“Minimal sedation” is a minimally depressed level of consciousness that retains a patient’s ability to independently and continuously maintain an airway and respond appropriately to light tactile stimulation, not limited to reflex withdrawal from a painful stimulus, or verbal command and that is produced by a pharmacological or non-pharmacological method or a combination thereof. Although cognitive function and coordination may be modestly impaired, ventilatory and cardiovascular functions are unaffected. In accord with this particular definition, the drugs or techniques used should carry a margin of safety wide enough to render unintended loss of consciousness unlikely.

“Moderate sedation” is a drug-induced depression of consciousness during which a patient responds purposefully to verbal commands either alone or accompanied by light tactile stimulation, not limited to reflex withdrawal from a painful stimulus. No interventions are required to maintain a patent airway, and spontaneous ventilation is adequate. Cardiovascular function is maintained. The drugs or techniques used should carry a margin of safety wide enough to render unintended loss of consciousness unlikely. Repeated dosing of a drug before the effects of previous dosing can be fully recognized may result in a greater alteration of the state of consciousness than intended by the permit holder.

“Nitrous oxide analgesia” means nitrous oxide (N2O/O2) used as an inhalation analgesic.
“Nonsurgical periodontal treatment” means plaque removal, plaque control, supragingival and subgingival scaling, root planing, and the adjunctive use of chemical agents.

“Official compendium” means the latest revision of the United States Pharmacopeia and the National Formulary and any current supplement.

“Oral sedation” is the enteral administration of a drug or nondrug substance or combination inhalation and enterally administered drug or non-drug substance in a dental office or dental clinic to achieve minimal or moderate sedation.

“Parenteral sedation” is a minimally depressed level of consciousness that allows the patient to retain the ability to independently and continuously maintain an airway and respond appropriately to physical stimulation or verbal command and is induced by a pharmacological or non-pharmacological method or a combination of both methods of administration in which the drug bypasses the gastrointestinal tract.

“Patient of record” means a patient who has undergone a complete dental evaluation performed by a licensed dentist.

“Periodontal examination and assessment” means to collect and correlate clinical signs and patient symptoms that point to either the presence of or the potential for periodontal disease.

“Periodontal pocket” means a pathologic fissure bordered on one side by the tooth and on the opposite side by crevicular epithelium and limited in its depth by the epithelial attachment.

“Plaque” means a film-like sticky substance composed of mucoidal secretions containing bacteria and toxic products, dead tissue cells, and debris.

“Polish” means, for the purposes of A.R.S. § 32-1291(B) only, a procedure limited to the removal of plaque and extrinsic stain from exposed natural and restored tooth surfaces that utilizes an appropriate rotary instrument with rubber cup or brush and polishing agent. A licensee or dental assistant shall not represent that this procedure alone constitutes an oral prophylaxis.

“Prescription-only device” means:
- Any device that is restricted by the federal act, as defined in A.R.S. § 32-1901, to use only under the supervision of a medical practitioner; or
- Any device required by the federal act, as defined in A.R.S. § 32-1901, to bear on its label the legend “Rx Only.”

“Prescription-only drug” does not include a controlled substance but does include:
- Any drug that, because of its toxicity or other potentiality for harmful effect, the method of its use, or the collateral measures necessary to its use, is not generally recognized among experts, qualified by scientific training and experience to evaluate its safety and efficacy, as safe for use except by or under the supervision of a medical practitioner;
- Any drug that is limited by an approved new drug application under the federal act or A.R.S. § 32-1962 to use under the supervision of a medical practitioner; Every potentially harmful drug, the labeling of which does not bear or contain full and adequate directions for use by the consumer; or
- Any drug required by the federal act to bear on its label the legend “RX Only.”

“President’s designee” means the Board’s executive director, an investigator, or a Board member acting on behalf of the Board president.

“Preventative and therapeutic agents” means substances used in relation to dental hygiene procedures that affect the hard or soft oral tissues to aid in preventing or treating oral disease.

“Prophylaxis” means a scaling and polishing procedure performed on patients with healthy tissues to remove coronal plaque, calculus, and stains.

“Public member” means a person who is not a dentist, dental hygienist, dental assistant, denturist, or dental technician.

“Recognized continuing dental education” means a program whose content directly relates to the art and science of oral health and treatment, provided by a recognized dental school as defined in A.R.S. § 32-1201(18), recognized dental hygiene school as defined in A.R.S. § 32-1201(17), or recognized denturist school as defined in A.R.S. § 32-1201(19), or sponsored by a national or state dental, dental hygiene, or denturist association, American Dental Association, Continuing Education Recognition Program (ADA CERP) or Academy of General Dentistry, Program
Approval for Continuing Education (AGD PACE) approved provider, dental, dental hygiene, or denturist study club, governmental agency, commercial dental supplier, non-profit organization, accredited hospital, or programs or courses approved by other state, district, or territorial dental licensing boards.

“Restricted permit holder” means a dentist who meets the requirements of A.R.S. § 32-1237 or a dental hygienist who meets the requirements of A.R.S. § 32-1292 and is issued a restricted permit by the Board.

“Retired” means a dentist, dental hygienist, or denturist is at least 65 years old and has totally withdrawn from the active practice of dentistry, dental hygiene, or denturism.

“Root planing” means a definitive treatment procedure designed to remove cementum or surface dentin that is rough, impregnated with calculus, or contaminated with toxins or microorganisms.

“Scaling” means use of instruments on the crown and root surfaces of the teeth to remove plaque, calculus, and stains from these surfaces.

“Section 1301 permit” means a permit to administer general anesthesia and deep sedation, employ or work with a physician anesthesiologist, or employ or work with a Certified Registered Nurse Anesthetist (CRNA) under Article 13.

“Section 1302 permit” means a permit to administer parenteral sedation, employ or work with a physician anesthesiologist, or employ or work with a Certified Registered Nurse Anesthetist (CRNA) under Article 13.

“Section 1303 permit” means a permit to administer oral sedation, employ or work with a physician anesthesiologist, or employ or work with a Certified Registered Nurse Anesthetist (CRNA) under Article 13.

“Section 1304 permit” means a permit to employ or work with a physician anesthesiologist, or employ or work with a Certified Registered Nurse Anesthetist (CRNA) under Article 13.

“Study club” means a group of at least five Arizona licensed dentists, dental hygienists, or denturists who provide written course materials or a written outline for a continuing education presentation that meets the requirements of Article 12.

“Treatment records” means all documentation related directly or indirectly to the dental treatment of a patient.

Historical Note

R4-11-102. Renumbered

Historical Note
Adopted effective May 12, 1977 (Supp. 77-3). Former Section R4-11-02 renumbered as Section R4-11-102 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-102 renumbered to R4-11-201, new Section R4-11-101 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-103. Renumbered

Historical Note
R4-11-104. Repealed

**Historical Note**

Adopted effective May 12, 1977 (Supp. 77-3). Former Section R4-11-04 renumbered as Section R4-11-104 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-104 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-105. Repealed

**Historical Note**

Adopted effective May 12, 1977 (Supp. 77-3). Former Section R4-11-05 renumbered as Section R4-11-105 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-105 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

**ARTICLE 2. LICENSURE BY CREDENTIAL**

**R4-11-201. Clinical Examination; Requirements**

A. If an applicant is applying under A.R.S. §§ 32-1240(A) or 32-1292.01(A), the Board shall ensure that the applicant has passed the clinical examination of another state, United States territory, District of Columbia or a regional testing agency. Satisfactory completion of the clinical examination may be demonstrated by one of the following:

1. Certified documentation, sent directly from another state, United States territory, District of Columbia or a regional testing agency, that confirms successful completion of the clinical examination or multiple examinations administered by the state, United States territory, District of Columbia or regional testing agency. The certified documentation shall contain the name of the applicant, date of examination or examinations and proof of a passing score; or
2. Certified documentation sent directly from another state, United States territory or District of Columbia dental board that shows the applicant passed that state's, United States territory's or District of Columbia's clinical examination before that state's, United States territory's or District of Columbia's participation in a regional examination. The certified documentation shall contain the name of applicant, date of examination or examinations and proof of a passing score.

B. An applicant shall meet the licensure requirements in R4-11-301 and R4-11-303.

**Historical Note**

**R4-11-202. Dental Licensure by Credential; Application**

A. A dentist applying under A.R.S. § 32-1240(A) shall comply with all other applicable requirements in A.R.S. Title 32, Chapter 11 and this Article.

B. A dentist applying under A.R.S. § 32-1240(A)(1) shall:
1. Have a current dental license in another state, territory or district of the United States; 2. Submit a written affidavit affirming that the dentist has practiced dentistry for a minimum of 5000 hours during the five years immediately before applying for licensure by credential. For purposes of this subsection, dental practice includes experience as a dental educator at a dental program accredited by the American Dental Association Commission on Dental Accreditation or employment as a dentist in a public health setting; 3. Submit a written affidavit affirming that the applicant has complied with the continuing dental education requirement of the state in which the applicant is currently licensed; and 4. Provide evidence regarding the clinical examination by complying with one of the subsections in R4-11-201(A)(1).

C. A dentist applying under A.R.S. § 32-1240(A)(2) shall submit certified documentation sent directly from the applicable state, United States territory, District of Columbia or regional testing agency to the Board that contains the name of applicant, date of examination or examinations and proof of a passing score.

D. For any application submitted under A.R.S. § 32-1240(A), the Board may request additional clarifying evidence required under the applicable subsection in R4-11-201(A)(1).

E. An applicant for dental licensure by credential shall pay the fee prescribed in A.R.S. § 32-1240, except the fee is reduced by 50% for applicants who will be employed or working under contract in: 1. Underserved areas, such as declared or eligible Health Professional Shortage Areas (HPSAs); or 2. Other facilities caring for underserved populations as recognized by the Arizona Department of Health Services and approved by the Board.

F. An applicant for dental licensure by credential who works in areas or facilities described in subsection (E) shall: 1. Commit to a three-year, exclusive service period; 2. File a copy of a contract or employment verification statement with the Board, and 3. As a licensee, submit an annual contract or employment verification statement to the Board by December 31 of each year.

G. A licensee’s failure to comply with the requirements in subsection (F) is considered unprofessional conduct and may result in disciplinary action based on the circumstances of the case.

Historical Note
Former Rule 2b; Former Section R4-11-12 renumbered as Section R4-11-202 and amended effective July 29, 1981 (Supp. 81-4). Former Section R4-11-202 repealed, new Section R4-11-202 renumbered from R4-11-102 and the heading amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Labeling changes made to reflect current style requirements (Supp. 99-1). Section expired under A.R.S. § 41-1056(E), effective April 30, 2001 (Supp. 01-2). New Section made by final rulemaking at 9 A.A.R. 4126, effective November 8, 2003 (Supp. 03-3). Amended by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).

R4-11-203. Dental Hygienist Licensure by Credential; Application
A. A dental hygienist applying under A.R.S. § 32-1292.01(A) shall comply with all other applicable requirements in A.R.S. Title 32, Chapter 11 and this Article.
B. A dental hygienist applying under A.R.S. § 32-1292.01(A)(1) shall:
1. Have a current dental hygienist license in another state, territory, or district of the United States;
2. Submit a written affidavit affirming that the applicant has practiced as a dental hygienist for a minimum of 1000 hours during the two years immediately before applying for licensure by credential. For purposes of this subsection, dental hygienist practice includes experience as a dental hygienist educator at a dental program accredited by the American Dental Association Commission on Dental Accreditation or employment as a dental hygienist in a public health setting;
3. Submit a written affidavit affirming that the applicant has complied with the continuing dental hygienist education requirement of the state in which the applicant is currently licensed; and
4. Provide evidence regarding the clinical examination by complying with one of the subsections in R4-11-201(A)(1).

C. A dental hygienist applying under A.R.S. § 32-1292.01(A)(2) shall submit certified documentation sent directly from the applicable state, United States territory, District of Columbia or regional testing agency to the Board that contains the name of applicant, date of examination or examinations and proof of a passing score.

D. For any application submitted under A.R.S. § 32-1292.01(A), the Board may request additional clarifying evidence as required under the applicable subsection in R4-11-201(A).

E. An applicant for dental hygienist licensure by credential shall pay the fee prescribed in A.R.S. § 32-1292.01, except the fee is reduced by 50% for applicants who will be employed or working under contract in:
   1. Underserved areas such as declared or eligible Health Professional Shortage Areas (HPSAs); or
   2. Other facilities caring for underserved populations, as recognized by the Arizona Department of Health Services and approved by the Board.

F. An applicant for dental hygienist licensure by credential who works in areas or facilities described in subsection (E) shall:
   1. Commit to a three-year exclusive service period,
   2. File a copy of a contract or employment verification statement with the Board, and
   3. As a licensee, submit an annual contract or employment verification statement to the Board by December 31 of each year.

G. A licensee’s failure to comply with the requirements in R4-11-203(F) is considered unprofessional conduct and may result in disciplinary action based on the circumstances of the case.

Historical Note
Former Rule 2c; Former Section R4-11-13 repealed, new Section R4-11-13 adopted effective November 20, 1979 (Supp. 79-6). Amended effective October 30, 1980 (Supp. 80-5). Former Section R4-11-13 renegotiated as Section R4-11-203 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-203 renegotiated to R4-11-302, new Section R4-11-203 renumbered from R4-11-103 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section expired under A.R.S. § 41-1056(E), effective April 30, 2001 (Supp. 01-2). New Section made by final rulemaking at 9 A.A.R. 4126, effective November 8, 2003 (Supp. 03-3). Amended by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).

R4-11-204. Dental Assistant Radiography Certification by Credential
Eligibility. To be eligible for dental assistant radiography certification by credential, an applicant shall have a current certificate or other form of approval for taking dental radiographs, issued by a professional licensing agency in another state, United States territory or the District of Columbia that required successful completion of a written dental radiography examination.

Historical Note
Former Rule 2d; Former Section R4-11-14 repealed, new Section R4-11-14 adopted effective April 27, 1977 (Supp. 77-2). Former Section R4-11-14 renegotiated as Section R4-11-204, repealed, and new Section R4-11-204 adopted effective July 29, 1981 (Supp. 81-4). Former Section R4-11-204 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). New Section made by final rulemaking at 9 A.A.R. 4126, effective November 8, 2003 (Supp. 03-3). Amended by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).
R4-11-205. Application for Dental Assistant Radiography Certification byCredential

A. An applicant for dental assistant radiography certification by credential shall provide to the Board a completed application, on a form furnished by the Board that contains the following information:
   1. A sworn statement of the applicant’s eligibility, and
   2. A letter of endorsement that verifies compliance with R4-11-204.

B. Based upon review of information provided under subsection (A), the Board or its designee shall request that an applicant for dental assistant radiography certification by credential provide a copy of a certified document that indicates the reason for a name change if the applicant’s documentation contains different names.

Historical Note

Former Rule 2e; Former Section R4-11-15 renumbered as Section R4-11-205 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-205 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). New Section made by final rulemaking at 9 A.A.R. 4126, effective November 8, 2003 (Supp. 03-3).

R4-11-206. Repealed

Historical Note

Former Rule 2f; Amended as an emergency effective July 7, 1978, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 78-4). Former emergency adoption now adopted and amended effective September 7, 1979 (Supp. 79-5). Former Section R4-11-16 renumbered as Section R4-11-206 and amended effective July 29, 1981 (Supp. 81-4). Former Section R4-11-206 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-207. Repealed

Historical Note

Former Rule 2g; Former Section R4-11-17 renumbered as Section R4-11-207, repealed, and new Section R4-11-207 adopted effective July 29, 1981 (Supp. 81-4). Former Section R4-11-207 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-208. Repealed

Historical Note

Former Section R4-11-20 repealed, new Section R4-11-20 adopted effective May 12, 1977 (Supp. 77-3). Amended effective October 30, 1980 (Supp. 80-5). Former Section R4-11-20 renumbered as Section R4-11-208 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-208 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-209. Repealed

Historical Note

Adopted effective March 23, 1976 (Supp. 76-2). Former Section R4-11-19 renumbered as R4-11-209 and repealed. Former Section R4-11-21 renumbered as Section R4-11-209 and amended effective July 29, 1981 (Supp. 81-4). Former Section R4-11-209 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-210. Repealed

Historical Note

Adopted effective March 23, 1976 (Supp. 76-2). Amended effective June 7, 1978 (Supp. 78-3). Former Section R4-11-22 renumbered as Section R4-11-210 and amended effective July
R4-11-211. Repealed

**Historical Note**
Adopted effective August 26, 1977 (Supp. 77-4). Former Section R4-11-23 renumbered as Section R4-11-211 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-211 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-212. Repealed

**Historical Note**

R4-11-213. Repealed

**Historical Note**
Adopted as an emergency effective July 7, 1978, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 78-4). Former emergency adoption now adopted effective September 7, 1979 (Supp. 79-5). Former Section R4-11-25 renumbered as Section R4-11-213, repealed, and new Section R4-11-213 adopted effective July 29, 1981 (Supp. 81-4). Former Section R4-11-213 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-214. Repealed

**Historical Note**
Former Rule 2h; Amended effective March 23, 1976 (Supp. 76-2). Former Section R4-11-18 renumbered as Section R4-11-214 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-214 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-215. Repealed

**Historical Note**
Adopted effective June 16, 1982 (Supp. 82-3). Former Section R4-11-215 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-216. Repealed

**Historical Note**
Adopted effective June 16, 1982 (Supp. 82-3). Former Section R4-11-216 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

**ARTICLE 3. EXAMINATION, LICENSING QUALIFICATIONS, APPLICATION AND RENEWAL, TIME-FRAMES**

**R4-11-301. Application**
A. An applicant for licensure or certification shall provide the following information and documentation:

1. A sworn statement of the applicant’s qualifications for the license or certificate on a form provided by the Board;
2. A photograph of the applicant that is no more than 6 months old;
3. An official, sealed transcript sent directly to the Board from either:
   a. The applicant’s dental, dental hygiene, or denturist school, or
   b. A verified third-party transcript provider.
4. Except for a dental consultant license applicant, dental and dental hygiene license
   applicants provide proof of successfully completing a clinical examination by submitting:
   a. If applying for dental licensure by examination, a copy of the certificate or score
      card from the Western Regional Examining Board, indicating that the applicant
      passed the Western Regional Examining Board examination within the five years
      immediately before the date the application is filed with the Board;
   b. If applying for dental hygiene licensure by examination, a copy of the certificate or
      scorecard from the Western Regional Examining Board or an Arizona Board-approved
      clinical examination administered by a state, United States territory, District
      of Columbia or regional testing agency. The certificate or scorecard must indicate
      that the applicant passed the examination within the five years immediately before
      the date the application is filed with the Board; or
   c. If applying for licensure by credential, certified documentation sent directly from
      the applicable state, United States territory, District of Columbia or regional testing
      agency to the Board containing the name of the applicant, date of examination or
      examinations and proof of a passing score;
5. Except for a dental consultant license applicant as provided in A.R.S. § 32-1234(A)(7),
   dental and dental hygiene license applicants must have an official score card sent directly
   from the National Board examination to the Board;
6. A copy showing the expiration date of the applicant’s current cardiopulmonary
   resuscitation healthcare provider level certificate from the American Red Cross, the
   American Heart Association, or another certifying agency that follows the same procedures,
   standards, and techniques for CPR training and certification as the American Red Cross or
   American Heart Association;
7. A license or certification verification from any other jurisdiction in which an applicant is
   licensed or certified, sent directly from that jurisdiction to the Board. If the license verification
   cannot be sent directly to the Board from the other jurisdiction, the applicant must submit a
   written affidavit affirming that the license verification submitted was issued by the other
   jurisdiction;
8. If a dental or dental hygiene applicant has been licensed in another jurisdiction for more
   than six months, a copy of the self-inquiry from the National Practitioner Data Bank that is no
   more than 30 days old;
9. If a denturist applicant has been certified in another jurisdiction for more than six months,
   a copy of the self-inquiry from the Health Integrity and Protection Data Bank that is no more
   than 30 days old;
10. If the applicant is in the military or employed by the United States government, a letter of
    endorsement from the applicant’s commanding officer or supervisor that confirms the
    applicant's military service or United States government employment record; and
11. The jurisprudence examination fee.
B. The Board may request that an applicant provide:
   1. An official copy of the applicant’s dental, dental hygiene, or denturist school diploma,
   2. A copy of a certified document that indicates the reason for a name change if the
      applicant’s application contains different names,
   3. Written verification of the applicant’s work history, and
   4. A copy of a high school diploma or equivalent certificate.
C. An applicant shall pass the Arizona jurisprudence examination with a minimum score of 75%.

Historical Note
Former Rule 3A; Former Section R4-11-29 repealed, new Section R4-11-29 adopted
effective April 27, 1977 (Supp. 77-2). Former Section R4-11-29 renumbered as Section R4-
11-301 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-301 repealed, new Section R4-11-301 renumbered from R4-11-201 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section amended by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1). Amended by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).

R4-11-302. Repealed

Historical Note
Former Rule 3B; Former Section R4-11-30 repealed, new Section R4-11-30 adopted effective April 27, 1977 (Supp. 77-2). Former Section R4-11-30 renumbered as Section R4-11-302 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-302 repealed, new Section R4-11-302 renumbered from R4-11-203 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).

R4-11-303. Application Processing Procedures: Issuance, Denial, and Renewal of Dental Licenses, Restricted Permits, Dental Hygiene Licenses, Dental Consultant Licenses, Denturist Certificates, Drug or Device Dispensing Registrations, Business Entity Registration and Mobile Dental Facility and Portable Dental Unit Permits

A. The Board office shall complete an administrative completeness review within 24 days of the date of receipt of an application for a license, certificate, permit, or registration.

1. Within 14 calendar days of receiving an initial or renewal application for a dental license, restricted permit, dental hygiene license, dental consultant license, denturist certificate, drug dispensing registration, business entity registration, mobile dental facility or portable dental unit permit, the Board office shall notify the applicant, in writing, whether the application package is complete or incomplete.

2. If the application package is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 24-day time-frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.

3. If the Board office does not provide the applicant with notice regarding administrative completeness, the application package shall be deemed complete 24 days after receipt by the Board office.

B. An applicant with an incomplete application package shall submit all missing information within 60 calendar days of service of the notice of incompleteness.

C. Upon receipt of all missing information, the Board office shall notify the applicant, in writing, within 10 calendar days, that the application package is complete. If an applicant fails to submit a complete application package within the time allowed in subsection (B), the Board office shall close the applicant's file. An applicant whose file is closed and who later wishes to obtain a license, certificate, permit, or registration shall apply again as required in R4-11-301.

D. The Board shall not approve or deny an application until the applicant has fully complied with the requirements of A.A.C. Title 4, Chapter 11, Article 3.

E. The Board shall complete a substantive review of the applicant's qualifications in no more than 90 calendar days from the date on which the administrative completeness review of an application package is complete.

1. If the Board finds an applicant to be eligible for a license, certificate, permit, or registration and grants the license, certificate, permit, or registration, the Board office shall notify the applicant in writing.

2. If the Board finds an applicant to be ineligible for a license, certificate, permit, or registration, the Board office shall issue a written notice of denial to the applicant that includes:
a. Each reason for the denial, with citations to the statutes or rules on which the denial is based;
b. The applicant's right to request a hearing on the denial, including the number of days the applicant has to file the request;
c. The applicant's right to request an informal settlement conference under A.R.S. § 41-1092.06; and
d. The name and telephone number of an agency contact person who can answer questions regarding the application process.

3. If the Board finds deficiencies during the substantive review of an application package, the Board office may issue a comprehensive written request to the applicant for additional documentation. An additional supplemental written request for information may be issued upon mutual agreement between the Board or Board office and the applicant.

4. The 90-day time-frame for a substantive review of an applicant's qualifications is suspended from the date of a written request for additional documentation until the date that all documentation is received. The applicant shall submit the additional documentation before the next regularly scheduled Board meeting.

5. If the applicant and the Board office mutually agree in writing, the 90-day substantive review time-frame may be extended once for no more than 28 days.

F. The following time-frames apply for an initial or renewal application governed by this Section:
1. Administrative completeness review time-frame: 24 calendar days.
2. Substantive review time-frame: 90 calendar days.
3. Overall time-frame: 114 calendar days.

G. An applicant whose license is denied has a right to a hearing, an opportunity for rehearing, and, if the denial is upheld, may seek judicial review pursuant to A.R.S. Title 41, Chapter 6, Article 10, and A.R.S. Title 12, Chapter 7, Article 6.

Historical Note
Former Rule 3C; Former Section R4-11-31 renumbered as Section R4-11-303 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-303 repealed, new Section R4-11-303 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section amended by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1). Amended by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).

R4-11-304. Application Processing Procedures: Issuance and Denial of Dental Assistant Certificates Radiography Certification by Credential
A. Within 14 calendar days of receiving an application from an applicant for a dental assistant radiography certification by credential, the Board or its designee shall notify the applicant, in writing, that the application package is complete or incomplete. If the package is incomplete, the notice shall specify what information is missing.
B. An applicant with an incomplete application package shall supply the missing information within 60 calendar days from the date of the notice. If the applicant fails to do so, an applicant shall begin the application process anew.
C. Upon receipt of all missing information, within 10 calendar days, the Board or its designee shall notify the applicant, in writing, that the application is complete.
D. The Board or its designee shall not process an application until the applicant has fully complied with the requirements of this Article.
E. The Board or its designee shall notify an applicant, in writing, whether the certificate is granted or denied, no later than 90 calendar days after the date of the notice advising the applicant that the package is complete.
F. The notice of denial shall inform the applicant of the following:
   1. The reason for the denial, with a citation to the statute or rule which requires the applicant to pass the examination;
2. The applicant’s right to request a hearing on the denial, including the number of days the applicant has to file the request;
3. The applicant’s right to request an informal settlement conference under A.R.S. § 41-1092.06; and
4. The name and telephone number of an agency contact person or a designee who can answer questions regarding the application process.

G. The following time-frames apply for certificate applications governed by this Section:
   1. Administrative completeness review time-frame: 24 calendar days.
   2. Substantive review time-frame: 90 calendar days.
   3. Overall time-frame: 114 calendar days.

H. An applicant whose certificate is denied has a right to a hearing, an opportunity for rehearing, and, if the denial is upheld, may seek judicial review pursuant to A.R.S. Title 41, Chapter 6, Article 10, and A.R.S. Title 12, Chapter 7, Article 6.

Historical Note
Former Rule 3D; Former Section R4-11-32 renumbered as Section R4-11-304 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-304 repealed, new Section R4-11-304 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Amended by final rulemaking at 22 A.A.R. 371, effective April 3, 2016 (Supp. 16-1).

R4-11-305. Application Processing Procedures: Issuance, Denial, and Renewal of General Anesthesia and Deep Sedation Permits, Parenteral Sedation Permits, Oral Sedation Permits, and Permit to Employ a Physician Anesthesiologist or CRNA

A. The Board office shall complete an administrative completeness review within 24 days from the date of the receipt of an application for a permit.
   1. Within 14 calendar days of receiving an initial or renewal application for a general anesthesia and deep sedation permit, parenteral sedation permit, oral sedation permit or permit to employ a physician anesthesiologist or CRNA the Board office shall notify the applicant, in writing, whether the application package is complete or incomplete.
   2. If the application package is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 24-day time-frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.
   3. If the Board office does not provide the applicant with notice regarding administrative completeness, the application package shall be deemed complete 24 days after receipt by the Board office.

B. An applicant with an incomplete application package shall submit all missing information within 60 calendar days of service of the notice of incompleteness.

C. Upon receipt of all missing information, the Board office shall notify the applicant, in writing, within 10 calendar days, that the application package is complete. If an applicant fails to submit a complete application package within the time allowed in subsection (B), the Board office shall close the applicant's file. An applicant whose file is closed and who later wishes to obtain a permit shall apply again as required in A.A.C. Title 4, Chapter 11, Article 13.

D. The Board shall not approve or deny an application until the applicant has fully complied with the requirements of this Section and A.A.C. Title 4, Chapter 11, Article 13.

E. The Board shall complete a substantive review of the applicant's qualifications in no more than 120 calendar days from the date on which the administrative completeness review of an application package is complete.
   1. If the Board finds an applicant to be eligible for a permit and grants the permit, the Board office shall notify the applicant in writing.
2. If the Board finds an applicant to be ineligible for a permit, the Board office shall issue a written notice of denial to the applicant that includes:
   a. Each reason for the denial, with citations to the statutes or rules on which the denial is based;
   b. The applicant's right to request a hearing on the denial, including the number of days the applicant has to file the request;
   c. The applicant's right to request an informal settlement conference under A.R.S. § 41-1092.06; and
   d. The name and telephone number of an agency contact person who can answer questions regarding the application process.
3. If the Board finds deficiencies during the substantive review of an application package, the Board office shall issue a comprehensive written request to the applicant for additional documentation.
4. The 120-day time-frame for a substantive review of an applicant's qualifications is suspended from the date of a written request for additional documentation until the date that all documentation is received.
5. If the applicant and the Board office mutually agree in writing, the 120-day substantive review time-frame may be extended once for no more than 36 days.

F. The following time-frames apply for an initial or renewal application governed by this Section:
1. Administrative completeness review time-frame: 24 calendar days.
2. Substantive review time-frame: 120 calendar days.
3. Overall time-frame: 144 calendar days.

Historical Note

ARTICLE 4. FEES

R4-11-401. Retired or Disabled Licensure Renewal Fee
As expressly authorized under A.R.S. § 32-1207(B)(3)(c), the licensure renewal fee for a retired or disabled dentist or dental hygienist is $15.

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Amended effective March 23, 1976 (Supp. 76-2). Former Section R4-11-42 renumbered as Section R4-11-401 and repealed effective July 29, 1981 (Supp. 81-4). Adopted effective February 16, 1995 (Supp. 95-1). Former Section R4-11-401 repealed, new Section R4-11-401 renumbered from R4-11-901 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 748, effective February 2, 2000 (Supp. 00-1). Section amended by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1). Amended by final rulemaking at 22 A.A.R. 3697, effective February 6, 2017 (Supp. 16-4).

R4-11-402. Business Entity Fees
As expressly authorized under A.R.S. § 32-1213, the Board establishes and shall collect the following fees from a Business Entity offering dental services:
1. Initial triennial registration, $300 per location;
2. Renewal of triennial registration, $300 per location; and
3. Late triennial registration renewal, $100 per location in addition to the fee under subsection (2).

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). amended effective March 23, 1976 (Supp. 76-2). Former Section R4-11-43 renumbered as Section R4-11-402, repealed, and new Section R4-11-402 adopted effective July 29, 1981 (Supp. 81-4). Amended effective February 16, 1995 (Supp. 95-1). Former Section R4-11-402 renumbered to R4-11-601, new Section R4-11-402 renumbered from R4-11-902 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 748, effective February 2, 2000 (Supp. 00-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (05-1). Amended by final rulemaking at 22 A.A.R. 3697, effective February 6, 2017 (Supp. 16-4).

R4-11-403. Licensing Fees
A. As expressly authorized under A.R.S. §§ 32-1236, 32-1287, and 32-1297.06, the Board establishes and shall collect the following licensing fees:
1. Dentist triennial renewal fee: $510;
2. Dentist prorated initial license fee: $110;
3. Dental hygienist triennial renewal fee: $255;
4. Dental hygienist prorated initial license fee: $55;
5. Denturist triennial renewal fee: $233; and
6. Denturist prorated initial license fee: $46.
B. The following license-related fees are established in or expressly authorized by statute. The Board shall collect the fees:
1. Jurisprudence examination fee:
   a. Dentists: $300;
   b. Dental Hygienists: $100; and
   c. Denturists: $250.
2. Licensure by credential fee:
   a. Dentists: $2,000; and
   b. Dental Hygienists: $1,000.
3. Penalty to reinstate an expired license or certificate: $100 for a dentist, dental hygienist, or denturist in addition to renewal fee specified under subsection (A).
4. Penalty for a dentist, dental hygienist, or denturist who fails to notify Board of a change of mailing address:
   a. Failure after 10 days: $50; and
   b. Failure after 30 days: $100.

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-44 renumbered as Section R4-11-403 and repealed effective July 29, 1981 (Supp. 81-4). Adopted effective February 16, 1995 (Supp. 95-1). Former Section R4-11-403 renumbered to R4-11-602, new Section R4-11-403 renumbered from R4-11-903 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 748, effective February 2, 2000 (Supp. 00-1). Section repealed by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (05-1). New Section made by final rulemaking at 22 A.A.R. 3697, effective February 6, 2017 (Supp. 16-4).

R4-11-404. Repealed

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-45 renumbered as Section R4-11-404 without change effective July 29, 1981 (Supp. 81-4). Repealed effective February 16, 1995 (Supp. 95-1). New Section R4-11-404 renumbered from R4-11-904 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Amended by final rulemaking at 6 A.A.R. 748, effective February 2, 2000 (Supp. 00-1). Section repealed by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (05-1).
R4-11-405. Charges for Board Services
The Board shall charge the following for the services provided:
1. Duplicate license: $25;
2. Duplicate certificate: $25;
3. License verification:
   a. For licensee: $25; and
   b. For non-licensee: $5;
4. Copy of audio recording: $10;
5. Photocopies (per page): $.25;
6. Mailing lists:
   a. Dentists:
      i. In-state licensees - paper or labels: $150;
      ii. All licensees - paper or labels: $175; and
      iii. Mailing list in digital format: $100;
   b. Dental hygienists:
      i. In-state licensees - paper or labels: $150;
      ii. All licensees - paper or labels: $175; and
      iii. Mailing list in digital format: $100; and
   c. Denturists: All certificate holders - paper, labels, or digital format: $5; and
7. Board meeting agendas and minutes (mailed directly to consumer):
   a. Agendas and minutes: $75 for 12 months;
   b. Agendas only: $25 for 12 months; and
   c. Minutes only: $50 for 12 months.

Historical Note

R4-11-406. Anesthesia and Sedation Permit Fees
A. As expressly authorized under A.R.S. § 32-1207, the Board establishes and shall collect the following fees:
   1. Section 1301 permit fee: $300 plus $25 for each additional location;
   2. Section 1302 permit fee: $300 plus $25 for each additional location;
   3. Section 1303 permit fee: $300 plus $25 for each additional location; and
   4. Section 1304 permit fee: $300 plus $25 for each additional location.
B. Upon successful completion of an initial onsite evaluation and upon receipt of the required permit fee, the Board shall issue a separate Section 1301, 1302, 1303, or 1304 permit to a dentist for each location requested by the dentist. A permit expires on December 31 of every fifth year.
C. Permit renewal fees:
   1. Section 1301 permit renewal fee: $300 plus $25 for each additional location;
   2. Section 1302 permit renewal fee: $300 plus $25 for each additional location;
   3. Section 1303 permit renewal fee: $300 plus $25 for each additional location; and
   4. Section 1304 permit renewal fee: $300 plus $25 for each additional location.

Historical Note
Adopted effective March 23, 1976 (Supp. 76-2). Former Section R4-11-47 renumbered as Section R4-11-406 without change effective July 29, 1981 (Supp. 81-4). Repealed effective
February 16, 1995 (Supp. 95-1). New Section R4-11-406 renumbered from R4-11-906 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section R4-11-406 renumbered from R4-11-407 and amended by final rulemaking at 6 A.A.R. 748, effective February 2, 2000 (Supp. 00-1). Amended by final rulemaking at 9 A.A.R. 4130, effective November 8, 2003 (Supp. 03-3). Amended by final rulemaking at 22 A.A.R. 3697, effective February 6, 2017 (Supp. 16-4).

ARTICLE 5. DENTISTS

R4-11-501. Dentist of Record
A. A dentist of record shall ensure that each patient record has the treatment records for a patient treated in any dental office, clinic, hospital dental clinic, or charitable organization that offers dental services, and the full name of a dentist who is responsible for all of the patient’s treatment.
B. A dentist of record shall obtain a patient’s consent to change the treatment plan before changing the treatment plan that the patient originally agreed to, including any additional costs the patient may incur because of the change.
C. When a dentist who is a dentist of record decides to leave the practice of dentistry or a particular place of practice in which the dentist is the dentist of record, the dentist shall ensure before leaving the practice that a new dentist of record is entered on each patient record.
D. A dentist of record is responsible for the care given to a patient while the dentist was the dentist of record even after being replaced as the dentist of record by another dentist.
E. A dentist of record shall:
   1. Remain responsible for the care of a patient during the course of treatment; and
   2. Be available to the patient through the dentist’s office, an emergency number, an answering service, or a substituting dentist.
F. A dentist’s failure to comply with subsection (E) constitutes patient abandonment, and the Board may impose discipline under A.R.S. Title 32, Chapter 11, Article 3.

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-62 renumbered as Section R4-11-501 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-501 repealed, new Section R4-11-501 renumbered from R4-11-1102 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section amended by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).
R4-11-502. Affiliated Practice
A. A dentist in a private for profit setting shall not enter into more than 15 affiliated practice relationships under A.R.S. § 32-1289 at one time.
B. There is no limit to the number of affiliated practice relationships a dentist may enter into when working in a government, public health, or non-profit organization under Section 501(C)(3) of the Internal Revenue Code.
C. Each affiliated practice dentist shall be available telephonically or electronically during the business hours of the affiliated practice dental hygienist to provide an appropriate level of contact, communication, and consultation.
D. The affiliated practice agreement shall include a provision for a substitute dentist in addition to the requirements of A.R.S. § 32-1289(F), to cover an extenuating circumstance that renders the affiliated practice dentist unavailable for contact, communication, or consultation with the affiliated practice dental hygienist.

Historical Note

R4-11-503. Repealed

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-64 repealed, new Section R4-11-64 adopted effective March 23, 1976 (Supp. 76-2). Former Section R4-11-64 renumbered as Section R4-11-503 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-503 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-504. Renumbered

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-65 repealed, new Section R4-11-65 adopted effective May 23, 1976 (Supp. 76-2). Former Section R4-11-65 renumbered as Section R4-11-504, repealed, and new Section R4-11-504 adopted effective July 29, 1981 (Supp. 81-4). Former Section R4-11-504 renumbered to R4-11-702 by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-505. Repealed

R4-11-506. Repealed

Historical Note

ARTICLE 6. DENTAL HYGIENISTS
R4-11-601. Duties and Qualifications
A. A dental hygienist may apply preventative and therapeutic agents under the general supervision of a licensed dentist.
B. A dental hygienist may perform a procedure not specifically authorized by A.R.S. § 32-1281 when all of the following conditions are satisfied:
   1. The procedure is recommended or prescribed by the supervising dentist;
   2. The hygienist has received instruction, training, or education to perform the procedure in a safe manner; and
   3. The procedure is performed under the general supervision of a licensed dentist.

C. The Board shall ensure that a dental hygienist is qualified to administer local anesthesia and nitrous oxide analgesia as authorized by A.R.S. § 32-1281(F)(1) and (2), by requiring evidence that the hygienist has completed courses in techniques taught at a recognized dental hygiene school or recognized dental school, as defined in A.R.S. § 32-1201(16) and (17), that consist of a minimum of 36 clock hours of instruction, and has passed examinations in theoretical knowledge and clinical competency in the following subject areas:
   1. Review of head and neck anatomy;
   2. Pharmacology of anesthetic and analgesic agents;
   3. Medical - dental history considerations;
   4. Emergency procedures;
   5. Selection of appropriate armamentarium and agents;
   6. Nitrous oxide administration;
   7. Clinical practice, under direct supervision, as defined in A.R.S. § 32-1281(H)(1), including at least three experiences administering each of the following:
      a. Posterior superior alveolar injection,
      b. Middle superior alveolar injection,
      c. Anterior superior alveolar injection,
      d. Nasopalatine injection,
      e. Greater - palatine injection,
      f. Inferior alveolar nerve injection,
      g. Lingual injection,
      h. Mental injection,
      i. Long buccal injections, and
      j. Nitrous oxide analgesia.

D. In addition to the recognized course of study described in subsection (C), the hygienist shall successfully complete the examination in local anesthesia given by the Western Regional Examining Board. The hygienist shall submit proof of the successful completion of the local anesthesia examination to the Board. The Board shall then issue a Local Anesthesia Certificate.

E. For purposes of qualification of a dental hygienist to place interrupted sutures as authorized by A.R.S. § 32-1281(F)(3), the Board recognizes courses in advanced periodontal therapy offered by a recognized dental hygiene school or a recognized dental school, as defined in A.R.S. § 32-1201(16) and (17), that consist of a minimum of 200 clock hours of instruction and require a dental hygienist’s successful completion of those examinations of a theoretical knowledge and clinical competency in the following subject areas:
   1. A review of oral histology,
   2. Inflammation and pathogenesis of a periodontal pocket,
   3. Patient assessment,
   4. Dental hygiene treatment planning,
   5. Advanced root planing and debridement,
   6. Subgingival curettage,
   7. Suturing,
   8. Wound repair and new attachment, and
   9. Clinical experience in each of the following:
      a. Root planing,
      b. Subgingival curettage, and
      c. Suturing.
F. The hygienist shall submit proof of the successful completion of a recognized course in advanced periodontal therapy, as described in subsection (E), to the Board. The Board shall then issue a certification sticker for Suture Placement, which shall be affixed to the hygienist’s license.

G. A dental hygienist shall not perform an irreversible procedure.

H. To qualify to use emerging scientific technology as authorized by A.R.S. § 32-1281(D)(2), a dental hygienist shall successfully complete a course of study that meets the following criteria:
   1. Is a course offered by a recognized dental school as defined in A.R.S. § 32-1201(17), a recognized dental hygiene school as defined in A.R.S. § 32-1201(16), or sponsored by a national or state dental or dental hygiene association or government agency;
   2. Includes didactic instruction with a written examination;
   3. Includes hands-on clinical instruction; and
   4. Is technology that is scientifically based and supported by studies published in peer reviewed dental journals.

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-82 renumbered as Section R4-11-601 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-601 repealed, new Section R4-11-601 renumbered from R4-11-402 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Amended by final rulemaking at 13 A.A.R. 962, effective May 5, 2007 (Supp. 07-1).

R4-11-602. Care of Homebound Patients
Dental hygienists treating homebound patients shall provide only treatment prescribed by the dentist of record in the diagnosis and treatment plan. The diagnosis and treatment plan shall be based on examination data obtained not more than 12 months before the treatment is administered.

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-83 renumbered as Section R4-11-602 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-602 renumbered to R4-11-1001, new Section R4-11-602 renumbered from R4-11-403 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-603. Limitation on Number Supervised
A dentist shall not supervise more than three dental hygienists at a time.

Historical Note
Adopted effective December 6, 1974 (Supp. 75-1). Former Section R4-11-84 renumbered as Section R4-11-603 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-603 renumbered to R4-11-1002, new Section R4-11-603 renumbered from R4-11-408 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-604. Selection Committee and Process
A. The Board shall appoint a selection committee to screen candidates for the dental hygiene committee. The selection committee consists of three members. The Board shall appoint at least two members who are dental hygienists and one member who is a current Board member. The Board shall fill any vacancy for the unexpired portion of the term.
B. Each selection committee member’s term is one year.
C. By majority vote, the selection committee shall nominate each candidate for the dental hygiene committee and transmit a list of names to the Board for approval, including at least one alternate.

Historical Note
New Section R4-11-604 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).
R4-11-605. Dental Hygiene Committee
A. The Board shall appoint seven members to the dental hygiene committee as follows:
   1. One dentist appointed at the annual December Board meeting, currently serving as a Board member, for a one year term;
   2. One dental hygienist appointed at the annual December Board meeting, currently serving as a Board member and possessing the qualifications required in Article 6, for a one-year term;
   3. Four dental hygienists that possess the qualifications required in Article 6; and
   4. One lay person.
B. Except for members appointed as prescribed in subsections (A)(1) and (2), the Board shall appoint dental hygiene committee members for staggered terms of three years, beginning January 1, 1999, and limit each member to two consecutive terms. The Board shall fill any vacancy for the unexpired portion of the term.
C. The dental hygiene committee shall annually elect a chairperson at the first meeting convened during the calendar year.

Historical Note
New Section R4-11-605 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-606. Candidate Qualifications and Submissions
A. A dental hygienist who seeks membership on the dental hygiene committee shall possess a license in good standing, issued by the Board.
B. A dental hygienist who is not a Board member and qualifies under subsection (A) shall submit a letter of intent and resume to the Board.
C. The selection committee shall consider all of the following criteria when nominating a candidate for the dental hygiene committee:
   1. Geographic representation,
   2. Experience in postsecondary curriculum analysis and course development,
   3. Public health experience, and
   4. Dental hygiene clinical experience.

Historical Note
New Section R4-11-606 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-607. Duties of the Dental Hygiene Committee
A. The committee shall advise the Board on all matters relating to the regulation of dental hygienists.
B. In performing the duty in subsection (A), the committee may:
   1. Act as a liaison for the Board, promoting communication and providing a forum for discussion of dental hygiene regulatory issues;
   2. Review applications, syllabi, and related materials and make recommendations to the Board regarding certification of courses in local anesthesia, nitrous oxide analgesia, and suture placement under Article 6 and other procedures which may require certification under Article 6;
   3. Review documentation submitted by dental hygienists to determine compliance with the continuing education requirement for license renewal under Article 12 and make recommendations to the Board regarding compliance;
   4. Make recommendations to the Board concerning statute and rule development which affect dental hygienists’ education, licensure, regulation, or practice;
   5. Provide advice to the Board on standards and scope of practice which affect dental hygiene practice; 6. Provide ad hoc committees to the Board upon request;
7. Request that the Board consider recommendations of the committee at the next regularly scheduled Board meeting; and
8. Make recommendations to the Board for approval of dental hygiene consultants.
C. Committee members who are licensed dentists or dental hygienists may serve as Western Regional Examining Board (WREB) examiners or Board consultants.
D. The committee shall meet at least two times per calendar year. The chairperson or the president of the Board, or their respective designees, may call a meeting of the committee.
E. The Board may assign additional duties to the committee.

Historical Note
New Section R4-11-607 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-608. Dental Hygiene Consultants
After submission of a current curriculum vitae or resume and approval by the Board, dental hygiene consultants may:
1. Act as Western Regional Examining Board (WREB) examiners for the clinical portion of the dental hygiene examination;
2. Act as Western Regional Examining Board (WREB) examiners for the local anesthesia portion of the dental hygiene examination;
3. Participate in Board-related procedures, including clinical evaluations, investigation of complaints concerning infection control, insurance fraud, or the practice of supervised personnel, and any other procedures not directly related to evaluating a dentist's quality of care; and
4. Participate in onsite office evaluations for infection control, as part of a team.

Historical Note
New Section R4-11-608 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-609. Affiliated Practice
A. To perform dental hygiene services under an affiliated practice relationship pursuant to A.R.S. § 32-1289, a dental hygienist shall:
1. Provide evidence to the Board of successfully completing a total of 12 hours of recognized continuing dental education that consists of the following subject areas:
   a. A minimum of four hours in medical emergencies; and
   b. A minimum of eight hours in at least two of the following areas:
      i. Pediatric or other special health care needs,
      ii. Preventative dentistry, or
      iii. Public health community-based dentistry, and
2. Hold a current certificate in basic cardiopulmonary resuscitation (CPR).
B. A dental hygienist shall complete the required continuing dental education before entering an affiliated practice relationship. The dental hygienist shall complete the continuing dental education in subsection (A) before renewing the dental hygienist's license. The dental hygienist may take the continuing dental education online but shall not exceed the allowable hours indicated in R4-11-1209(B)(1).
C. To comply with A.R.S. § 32-1289(E) and (F) and this Section, a dental hygienist shall submit a completed affidavit on a form supplied by the Board office. Board staff shall review the affidavit to determine compliance with all requirements.
D. A dental hygienist who practices or applies to practice under an affiliated practice relationship shall ensure that all signatures in an affiliated practice agreement, amendment, notification, and affidavit are notarized.
E. Each affiliated practice dentist shall be available telephonically or electronically during the business hours of the affiliated practice dental hygienist to provide an appropriate level of contact, communication, and consultation.

F. The affiliated practice agreement shall include a provision for a substitute dentist, to cover an extenuating circumstance that renders the affiliated practice dentist unavailable for contact, communication, and consultation with the affiliated practice dental hygienist.

**Historical Note**
New Section made by final rulemaking at 13 A.A.R. 962, effective May 5, 2007 (Supp. 07-1).

**ARTICLE 7. DENTAL ASSISTANTS**

**R4-11-701. Procedures and Functions Performed by a Dental Assistant under Supervision**

A. A dental assistant may perform the following procedures and functions under the direct supervision of a licensed dentist:

1. Place dental material into a patient’s mouth in response to a licensed dentist’s instruction;
2. Cleanse the supragingival surface of the tooth in preparation for:
   a. The placement of bands, crowns, and restorations;
   b. Dental dam application;
   c. Acid etch procedures; and
   d. Removal of dressings and packs;
3. Remove excess cement from inlays, crowns, bridges, and orthodontic appliances with hand instruments;
4. Remove temporary cement, interim restorations, and periodontal dressings with hand instruments;
5. Remove sutures;
6. Place and remove dental dams and matrix bands;
7. Fabricate and place interim restorations with temporary cement;
8. Apply sealants;
9. Apply topical fluorides;
10. Prepare a patient for nitrous oxide and oxygen analgesia administration upon the direct instruction and presence of a dentist; or
11. Observe a patient during nitrous oxide and oxygen analgesia as instructed by the dentist.

B. A dental assistant may perform the following procedures and functions under the general supervision of a licensed dentist:

1. Train or instruct patients in oral hygiene techniques, preventive procedures, dietary counseling for caries and plaque control, and provide pre-and post-operative instructions relative to specific office treatment;
2. Collect and record information pertaining to extraoral conditions; and
3. Collect and record information pertaining to existing intraoral conditions.

**Historical Note**
Adopted effective April 27, 1977 (Supp. 77-2). Former Section R4-11-100 renumbered as Section R4-11-701 and amended effective July 29, 1981 (Supp. 81-4). Former Section R4-11-701 renumbered to R4-11-1701, new Section R4-11-701 renumbered from R4-11-502 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

**R4-11-702. Limitations on Procedures or Functions Performed by a Dental Assistant under Supervision**

A dental assistant shall not perform the following procedures or functions:

1. A procedure which by law only licensed dentists, licensed dental hygienists, or certified denturists can perform;
2. Intraoral carvings of dental restorations or prostheses;
3. Final jaw registrations;
4. Taking final impressions for any activating orthodontic appliance, fixed or removable prosthesis;
5. Activating orthodontic appliances; or
6. An irreversible procedure.

**Historical Note**
Adopted effective April 27, 1977 (Supp. 77-2). Former Section R4-11-101 renumbered as Section R4-11-702 without change effective July 29, 1981 (Supp. 81-4). Former Section R4-11-702 repealed, new Section R4-11-702 renumbered from R4-11-504 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-703. Repealed

**Historical Note**

ARTICLE 9. RESTRICTED PERMITS

R4-11-901. Application for Restricted Permit
A. An applicant for a restricted permit shall provide the following information and documentation on a form provided by the Board:
1. A sworn statement of the applicant’s qualifications for a restricted permit;
2. A photograph of the applicant that is no more than six months old;
3. A letter of endorsement from any other jurisdiction in which an applicant is licensed, sent directly from that jurisdiction to the Board;
4. A letter of endorsement from the applicant’s commanding officer or superior if the applicant is in the military or employed by the United States government;
5. A copy of the applicant’s current cardiopulmonary resuscitation certification that meets the requirements of R4-11-301(A)(6); and
6. A copy of the applicant’s pending contract with a charitable dental clinic or organization offering dental or dental hygiene services.

B. The Board may request that an applicant provide a copy of a certified document that indicates the reason for a name change if the applicant’s application contains different names.

Historical Note

R4-11-902. Issuance of a Restricted Permit
Before issuing a restricted permit under A.R.S. §§ 32-1237 through 32-1239 or 32-1292, the Board shall investigate the statutory qualifications of the charitable dental clinic or organization. The Board shall not recognize a dental clinic or organization under A.R.S. §§ 32-1237 through 32-1239 or 32-1292 as a charitable dental clinic or organization permitted to employ dentists or dental hygienists not licensed in Arizona who hold restricted permits unless the Board makes the following findings of fact:
1. That the entity is a dental clinic or organization offering professional dental or dental hygiene services in a manner consistent with the public health;
2. That the dental clinic or organization offering dental or dental hygiene services is operated for charitable purposes only, offering dental or dental hygiene services either without compensation to the clinic or organization or with compensation at the minimum rate to provide only reimbursement for dental supplies and overhead costs;
3. That the persons performing dental or dental hygiene services for the dental clinic or organization do so without compensation; and
4. That the charitable dental clinic or organization operates in accordance with applicable provisions of law.

**Historical Note**

**R4-11-903. Recognition of a Charitable Dental Clinic Organization**
In order for the Board to make the findings required in R4-11-902, the charitable clinic or organization shall provide information to the Board, such as employment contracts with restricted permit holders, Articles and Bylaws, and financial records.

**Historical Note**
Adopted effective September 7, 1979 (Supp. 79-5). Former Section R4-11-132 renumbered as Section R4-11-903, repealed, and new Section R4-11-903 adopted effective July 29, 1981 (Supp. 81-4). Former Section R4-11-903 renumbered to R4-11-403, new Section R4-11-903 renumbered from R4-11-1003 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

**R4-11-904. Determination of Minimum Rate**
In determining whether professional services are provided at the minimum rate to provide reimbursement for dental supplies and overhead costs under A.R.S. §§ 32-1237(1) or 32-1292(A)(1), the Board shall obtain and review information relating to the actual cost of dental supplies to the dental clinic or organization, the actual overhead costs of the dental clinic or organization, the amount of charges for the dental or dental hygiene services offered, and any other information relevant to its inquiry.

**Historical Note**
Adopted effective September 7, 1979 (Supp. 79-5). Former Section R4-11-133 renumbered as Section R4-11-904 without change effective July 29, 1981 (Supp. 81-4). ARTICLE 11. ADVERTISING

R4-11-1101. Advertising
A dentist may advertise specific dental services or certification in a non-specialty area only if the advertisement includes the phrase “Services provided by an Arizona licensed general dentist.” A dental hygienist may advertise specific dental hygiene services only if the advertisement includes the phrase “Services provided by an Arizona licensed dental hygienist.” A denturist may advertise specific denture services only if the advertisement includes the phrase “Services provided by an Arizona certified denturist.”

Historical Note

R4-11-1102. Advertising as a Recognized Specialist
A. A dentist may advertise as a specialist or use the terms “specialty” or “specialist” to describe professional services only if the dentist limits the dentist’s practice exclusively to one or more specialty area that are:
   1. Recognized by a board that certifies specialists for the area of specialty; and
   2. Accredited by the Commission on Dental Accreditation of the American Dental Association.
B. The following specialty areas meet the requirements of subsection (A):
   1. Endodontics,
   2. Oral and maxillofacial surgery,
   3. Orthodontics and dentofacial orthopedics,
   4. Pediatric dentistry,
   5. Periodontics,
   6. Prosthodontics,
   7. Dental Public Health,
   8. Oral and Maxillofacial Pathology, and
C. For purposes of this Article, a dentist who wishes to advertise as a specialist or a multiple-specialist in a recognized field under subsection (B) shall meet the criteria in one or more of the following categories:
1. Grandfathered: A dentist who declared a specialty area before December 31, 1964, according to requirements established by the American Dental Association, and has a practice limited to a dentistry area approved by the American Dental Association;

2. Educationally qualified: A dentist who has successfully completed an educational program of two or more years in a specialty area accredited by the Commission on Dental Accreditation of the American Dental Association, as specified by the Council on Dental Education of the American Dental Association;

3. Board eligible: A dentist who has met the guidelines of a specialty board that operates in accordance with the requirements established by the American Dental Association in a specialty area recognized by the Board, if the specialty board:
   a. Has established examination requirements and standards,
   b. Appraised an applicant's qualifications,
   c. Administered comprehensive examinations, and
   d. Upon completion issues a certificate to a dentist who has achieved diplomate status; or

4. Board certified: A dentist who has met the requirements of a specialty board referenced in subsection (C)(3), and who has received a certificate from the specialty board, indicating the dentist has achieved diplomate status.

D. A dentist, dental hygienist, or denturist whose advertising implies that services rendered in a dental office are of a specialty area other than those listed in subsection (B) and recognized by a specialty board that has been accredited by the Commission on Dental Accreditation of the American Dental Association violates this Article and A.R.S. § 32-1201(18)(u), and is subject to discipline under A.R.S. Title 32, Chapter 11.

**ARTICLE 12. CONTINUING DENTAL EDUCATION AND RENEWAL REQUIREMENTS**

R4-11-1201. Continuing Dental Education
A. A licensee or certificate holder shall:
   1. Satisfy a continuing dental education requirement that is designed to provide an understanding of current developments, skills, procedures, or treatment related to the licensee’s or certificate holder’s practice; and
   2. Complete the recognized continuing dental education required by this Article each renewal period.

B. A licensee or certificate holder receiving an initial license or certificate shall complete the prescribed credit hours of recognized continuing dental education by the end of the first full renewal period.
R4-11-1202. Continuing Dental Education Compliance and Renewal Requirements

A. When applying for a renewal license, certificate, or restricted permit, a licensee, certificate holder, or restricted permit holder shall complete a renewal application provided by the Board.

B. Before receiving a renewal license or certificate, each licensee or certificate holder shall possess a current form of one of the following:
   1. A current cardiopulmonary resuscitation (CPR) healthcare provider certificate from the American Red Cross, the American Heart Association, or another certifying agency;
   2. Advanced cardiac life support (ACLS) course completion confirmation from the American Heart Association or another agency. The confirmation must indicate that the course was completed within two years immediately before submitting a renewal application; or
   3. Pediatric advanced life support (PALS) course completion confirmation from the American Heart Association or another agency. The confirmation must indicate that the course was completed within two years immediately before submitting a renewal application.

C. A licensee or certificate holder shall include an affidavit affirming the licensee’s or certificate holder’s completion of the prescribed credit hours of recognized continuing dental education with a renewal application. A licensee or certificate holder shall include on the affidavit the licensee’s or certificate holder’s name, license or certificate number, the number of hours completed in each category, and the total number of hours completed for activities defined in R4-11-1209(A)(4).

D. A licensee or certificate holder shall submit a written request for an extension before the renewal deadline prescribed in A.R.S. §§ 32-1236, 32-1276.02, 32-1287, and 32-1297.06. If a licensee or certificate holder fails to meet the credit hour requirement because of military service, dental or religious missionary activity, residence in a foreign country, or other extenuating circumstances as determined by the Board, the Board, upon written request, may grant an extension of time to complete the recognized continuing dental education credit hour requirement.

E. The Board shall:
   1. Only accept recognized continuing dental education credits accrued during the prescribed period immediately before license or certificate renewal, and
   2. Not allow recognized continuing dental education credit accrued in a renewal period in excess of the amount required in this Article to be carried forward to the next renewal period.

F. A licensee or certificate holder shall maintain documentation of attendance for each program for which credit is claimed that verifies the recognized continuing dental education credit hours the licensee or certificate holder participated in during the most recently completed renewal period.

G. Each year, the Board shall audit continuing dental education requirement compliance on a random basis or when information is obtained which indicates a licensee or certificate holder may not be in compliance with this Article. A licensee or certificate holder selected for audit shall provide the Board with documentation of attendance that shows compliance with the continuing dental education requirements within 60 days from the date the licensee or certificate holder received notice of the audit by certified mail.

H. If a licensee or certificate holder is found to not be in compliance with the continuing dental education requirements, the Board may take any disciplinary or non-disciplinary action authorized by A.R.S. Title 32, Chapter 11.

R4-11-1203. Dentists and Dental Consultants
Dentists and dental consultants shall complete 72 hours of recognized continuing dental education in each renewal period as follows:

1. At least 42 credit hours in any of the following areas: Dental and medical health, preventive services, dental diagnosis and treatment planning, dental recordkeeping, dental clinical procedures, managing medical emergencies, pain management, dental public health, and courses in corrective and restorative oral health and basic dental sciences, which may include current research, new concepts in dentistry, and behavioral and biological sciences that are oriented to dentistry. A licensee who holds a permit to administer general anesthesia, deep sedation, parenteral sedation, or oral sedation who is required to obtain continuing education pursuant to Article 13 may apply those credit hours to the requirements of this Section;
2. No more than 18 credit hours in the following areas: Dental practice organization and management, patient management skills, and methods of health care delivery;
3. At least three credit hours in chemical dependency, which may include tobacco cessation;
4. At least three credit hours in infectious diseases or infectious disease control;
5. At least three credit hours in CPR healthcare provider, ACLS and PALS. Coursework may be completed online if the course requires a physical demonstration of skills; and
6. At least three credit hours in ethics or Arizona dental jurisprudence.

Historical Note

R4-11-1204. Dental Hygienists
A. A dental hygienist shall complete 54 credit hours of recognized continuing dental education in each renewal period as follows:

1. At least 31 credit hours in any of the following areas: Dental and medical health, and dental hygiene services, periodontal disease, care of implants, maintenance of cosmetic restorations and sealants, radiology safety and techniques, managing medical emergencies, pain management, dental recordkeeping, dental public health, and new concepts in dental hygiene;
2. No more than 14 credit hours in one or more of the following areas: Dental hygiene practice organization and management, patient management skills, and methods of health care delivery;
3. At least three credit hours in one or more of the following areas: chemical dependency, tobacco cessation, ethics, risk management, or Arizona dental jurisprudence;
4. At least three credit hours in infectious diseases or infectious disease control; and
5. At least three credit hours in CPR healthcare provider, ACLS and PALS. Coursework may be completed online if the course requires a physical demonstration of skills.

B. A licensee who performs dental hygiene services under an affiliated practice relationship who is required to obtain continuing education under R4-11-609 may apply those credit hours to the requirements of this Section.

Historical Note
R4-11-1205. Denturists
Denturists shall complete 36 credit hours of recognized continuing dental education in each renewal period as follows:

1. At least 21 credit hours in any of the following areas: Medical and dental health, laboratory procedures, clinical procedures, dental recordkeeping, removable prosthetics, pain management, dental public health, and new technology in dentistry;
2. No more than six credit hours in one or more of the following areas: Denturist practice organization and management, patient management skills, and methods of health care delivery;
3. At least one credit hour in chemical dependency, which may include tobacco cessation;
4. At least two credit hours in infectious diseases or infectious disease control;
5. At least three credit hours in CPR healthcare provider, ACLS and PALS. Coursework may be completed online if the course requires a physical demonstration of skills; and
6. At least three credit hours in ethics or Arizona dental jurisprudence.

R4-11-1206. Restricted Permit Holders - Dental
In addition to the requirements in R4-11-1202, a dental restricted permit holder shall comply with the following requirements:

1. When applying for renewal under A.R.S. § 32-1238, the restricted permit holder shall provide information to the Board that the restricted permit holder has completed 24 credit hours of recognized continuing dental education yearly.
2. To determine whether to grant the renewal, the Board shall only consider recognized continuing dental education credits accrued during the 36 months immediately before the renewal deadline prescribed in A.R.S. § 32-1236.
3. A dental restricted permit holder shall complete the 24 hours of recognized continuing dental education before renewal as follows:
   a. At least 12 credit hours in one or more of the subjects enumerated in R4-11-1203(1);
   b. No more than six credit hours in one or more of the subjects enumerated in R4-11-1203(2);
   c. At least one credit hour in the subjects enumerated in R4-11-1203(3);
   d. At least one credit hour in the subjects enumerated in R4-11-1203(4);
   e. At least three credit hours in the subjects enumerated in R4-11-1203(5); and
   f. At least one credit hour in the subjects enumerated in R4-11-1203(6).

R4-11-1207. Restricted Permit Holders - Dental Hygiene
In addition to the requirements in R4-11-1202, a dental hygiene restricted permit holder shall comply with the following:

1. When applying for renewal under A.R.S. § 32-1292, the restricted permit holder shall provide information to the Board that the restricted permit holder has completed 18 credit hours of recognized continuing dental education yearly.
2. To determine whether to grant renewal, the Board shall only consider recognized continuing dental education credits accrued during the 36 months immediately before the renewal deadline prescribed in A.R.S. § 32-1287.
3. A dental hygiene restricted permit holder shall complete the 18 hours of recognized continuing dental education before renewal as follows:
   a. At least 9 credit hours in one or more of the subjects enumerated in R4-11-1204(1);
   b. No more than three credit hours in one or more of the subjects enumerated in R4-11-1204(2);
   c. At least one credit hour in the subjects enumerated in R4-11-1204(3);
   d. At least two credit hours in the subjects enumerated in R4-11-1204(4) and
   e. At least three credit hours in the subjects enumerated in R4-11-1204(5).

Historical Note
New Section R4-11-1207 renumbered from R4-11-1408 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1). Amended by final rulemaking at 19 A.A.R. 3873, effective January 5, 2014 (Supp. 13-4).

R4-11-1208. Retired Licensees or Certificate Holders
A retired licensee or certificate holder shall:

1. Except for the number of credit hours required, comply with the requirements in R4-11-1202; and
2. When applying for renewal under A.R.S. § 32-1236 for a dentist, A.R.S. § 32-1287 for a dental hygienist, and A.R.S. § 32-1297.06 for a denturist, provide information to the Board that the retired licensee or certificate holder has completed the following credit hours of recognized continuing dental education per renewal period:
   a. Dentist - 27 credit hours of which no less than three credit hours shall be for CPR;
   b. Dental hygienist - 21 credit hours of which no less than three credit hours shall be for CPR; and
   c. Denturist - 9 credit hours of which no less than three credit hours shall be for CPR.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

R4-11-1209. Types of Courses
A. A licensee or certificate holder shall obtain recognized continuing dental education from one or more of the following activities:

1. Seminars, symposiums, lectures, or programs designed to provide an understanding of current developments, skills, procedures, or treatment related to the practice of dentistry;
2. Seminars, symposiums, lectures, or programs designed to provide an understanding of current developments, skills, procedures, or treatment related to the practice of dentistry by means of audio-video technology in which the licensee is provided all seminar, symposium, lecture or program materials and the technology permits attendees to fully participate; or
3. Curricula designed to prepare for specialty board certification as a specialist or recertification examinations or advanced training at an accredited institution as defined in A.R.S. Title 32, Chapter 11; and
4. Subject to the limitations in subsection (B), any of the following activities that provide an understanding of current developments, skills, procedures, or treatment related to the practice of dentistry:
   a. A correspondence course, video, internet or similar self-study course, if the course includes an examination and the licensee or certificate holder passes the examination;
   b. Participation on the Board, in Board complaint investigations including clinical evaluations or anesthesia and sedation permit evaluations;
   c. Participation in peer review of a national or state dental, dental hygiene, or denturist association or participation in quality of care or utilization review in a hospital, institution, or governmental agency;
   d. Providing dental-related instruction to dental, dental hygiene, or denturist students, or allied health professionals in a recognized dental school, recognized dental hygiene school, or recognized denturist school or providing dental-related instruction sponsored by a national, state, or local dental, dental hygiene, or denturist association;
   e. Publication or presentation of a dental paper, report, or book authored by the licensee or certificate holder that provides information on current developments, skills, procedures, or treatment related to the practice of dentistry. A licensee or certificate holder may claim credit hours:
      i. Only once for materials presented;
      ii. Only if the date of publication or original presentation was during the applicable renewal period; and
      iii. One credit hour for each hour of preparation, writing, and presentation; or
   f. Providing dental, dental hygiene, or denturist services in a Board-recognized charitable dental clinical or organization.

B. The following limitations apply to the total number of credit hours earned per renewal period in any combination of the activities listed in subsection (A)(4):
   1. Dentists and Dental Hygienists, no more than 24 hours;
   2. Denturists, no more than 12 hours;
   3. Retired or Restricted Permit Holder Dentists or Dental Hygienists, no more than nine hours; and
   4. Retired Denturists, no more than three hours.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).
Amended by final rulemaking at 19 A.A.R. 3873, effective January 5, 2014 (Supp. 13-4).

ARTICLE 13. GENERAL ANESTHESIA AND SEDATION
R4-11-1301. General Anesthesia and Deep Sedation
A. Before administering general anesthesia, or deep sedation by any means, in a dental office or dental clinic, a dentist shall possess a Section 1301 permit issued by the Board. The dentist may renew a Section 1301 permit every five years by complying with R4-11-1307.
B. To obtain or renew a Section 1301 permit, a dentist shall:
   1. Submit a completed application on a form provided by the Board office that, in addition to the requirements of subsections (B)(2) and (3), and R4-11-1307, includes:
      a. General information about the applicant such as:
         i. Name;
         ii. Home and office addresses and telephone numbers;
         iii. Limitations of practice;
         iv. Hospital affiliations;
         v. Denial, curtailment, revocation, or suspension of hospital privileges;
vi. Denial of membership in, denial of renewal of membership in, or disciplinary action by a dental organization; and
vii. Denial of licensure by, denial of renewal of licensure by, or disciplinary action by a dental regulatory body; and
b. The dentist’s dated and signed affidavit stating that the information provided is true, and that the dentist has read and complied with the Board’s statutes and rules.

2. On forms provided by the Board, provide a dated and signed affidavit attesting that any office or dental clinic where the dentist will administer general anesthesia or deep sedation:
   a. Contains the following properly operating equipment and supplies during the provision of general anesthesia and deep sedation:
      i. Emergency drugs;
      ii. Electrocardiograph monitor;
      iii. Pulse oximeter;
      iv. Cardiac defibrillator or automated external defibrillator (AED);
      v. Positive pressure oxygen and supplemental oxygen;
      vi. Suction equipment, including endotracheal, tonsillar, or pharyngeal and emergency backup medical suction device;
      vii. Laryngoscope, multiple blades, backup batteries, and backup bulbs;
      viii. Endotracheal tubes and appropriate connectors;
      ix. Magill forceps;
      x. Oropharyngeal and nasopharyngeal airways;
      xi. Auxiliary lighting; xii. Stethoscope; and
      xiii. Blood pressure monitoring device; and
   b. Maintains a staff of supervised personnel capable of handling procedures, complications, and emergency incidents. All personnel involved in administering and monitoring general anesthesia or deep sedation shall hold a current course completion confirmation in cardiopulmonary resuscitation (CPR) Health Care Provider Level;

3. Hold a valid license to practice dentistry in this state;
4. Maintain a current permit to prescribe and administer controlled substances in this state issued by the United States Drug Enforcement Administration; and
5. Provide confirmation of completing coursework within the two years prior to submitting the permit application in one or more of the following:
   a. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
   b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
   c. A recognized continuing education course in advanced airway management.

C. Initial applicants shall meet one or more of the following conditions:
   1. Complete, within the three years before submitting the permit application, a full credit load, as defined by the training program, during one calendar year of training, in anesthesiology or related academic subjects, beyond the undergraduate dental school level in a training program described in R4-11-1306(A), offered by a hospital accredited by the Joint Commission on Accreditation of Hospitals Organization, or sponsored by a university accredited by the American Dental Association Commission on Dental Accreditation;
   2. Be, within the three years before submitting the permit application, a Diplomate of the American Board of Oral and Maxillofacial Surgeons or eligible for examination by the American Board of Oral and Maxillofacial surgeons, a Fellow of the American Association of Oral and Maxillofacial surgeons, a Fellow of the American Dental Society of Anesthesiology, a Diplomate of the National Dental Board of Anesthesiology, or a Diplomate of the American Dental Board of Anesthesiology; or
3. For an applicant who completed the requirements of subsections (C)(1) or (C)(2) more than three years before submitting the permit application, provide the following documentation:
   a. On a form provided by the Board, a written affidavit affirming that the applicant has administered general anesthesia or deep sedation to a minimum of 25 patients within the year before submitting the permit application or 75 patients within the last five years before submitting the permit application;
   b. A copy of the general anesthesia or deep sedation permit in effect in another state or certification of military training in general anesthesia or deep sedation from the applicant’s commanding officer; and
   c. On a form provided by the Board, a written affidavit affirming the completion of 30 clock hours of continuing education taken within the last five years as outlined in R4-11-1306(B)(1)(a) through (f).

D. After submitting the application and written evidence of compliance with requirements in subsection (B) and, if applicable, subsection (C) to the Board, the applicant shall schedule an onsite evaluation by the Board during which the applicant shall administer general anesthesia or deep sedation. After the applicant completes the application requirements and successfully completes the onsite evaluation, a Section 1301 permit shall be issued to the applicant.

1. The onsite evaluation team shall consist of:
   a. Two dentists who are Board members, or Board designees for initial applications; or
   b. One dentist who is a Board member or Board designee for renewal applications.

2. The onsite team shall evaluate the following:
   a. The availability of equipment and personnel as specified in subsection (B)(2);
   b. Proper administration of general anesthesia or deep sedation to a patient by the applicant in the presence of the evaluation team;
   c. Successful responses by the applicant to oral examination questions from the evaluation team about patient management, medical emergencies, and emergency medications;
   d. Proper documentation of controlled substances, that includes a perpetual inventory log showing the receipt, administration, dispensing, and destruction of controlled substances;
   e. Proper recordkeeping as specified in subsection (E) by reviewing the records generated for the patient specified in subsection (D)(2)(b); and
   f. For renewal applicants, records supporting continued competency as specified in R4-11-1306.

3. The evaluation team shall recommend one of the following:
   a. Pass. Successful completion of the onsite evaluation;
   b. Conditional Approval for failing to have appropriate equipment, proper documentation of controlled substances, or proper recordkeeping. The applicant must submit proof of correcting the deficiencies before a permit is issued;
   c. Category 1 Evaluation Failure. The applicant must review the appropriate subject matter and schedule a subsequent evaluation by two Board Members or Board designees not less than 30 days from the failed evaluation. An example is failure to recognize and manage one emergency;
   d. Category 2 Evaluation Failure. The applicant must complete Board approved continuing education in subject matter within the scope of the onsite evaluation as identified by the evaluators and schedule a subsequent evaluation by two Board Members or Board designees not less than 60 days from the failed evaluation. An example is failure to recognize and manage more than one emergency; or
   e. Category 3 Evaluation Failure. The applicant must complete Board approved remedial continuing education with the subject matter outlined in R4-11-1306 as identified by the evaluators and reapply not less than 90 days from the failed evaluation. An example is failure to recognize and manage an anesthetic urgency.
4. The onsite evaluation of an additional dental office or dental clinic in which general anesthesia or deep sedation is administered by an existing Section 1301 permit holder may be waived by the Board staff upon receipt in the Board office of an affidavit verifying compliance with subsection (D)(2)(a).

5. A Section 1301 mobile permit may be issued if a Section 1301 permit holder travels to dental offices or dental clinics to provide anesthesia or deep sedation. The applicant must submit a completed affidavit verifying:
   a. That the equipment and supplies for the provision of anesthesia or deep sedation as required in subsection (B)(2)(a) either travel with the Section 1301 permit holder or are in place and in appropriate condition at the dental office or dental clinic where anesthesia or deep sedation is provided, and
   b. Compliance with subsection (B)(2)(b).

E. A Section 1301 permit holder shall keep an anesthesia or deep sedation record for each general anesthesia and deep sedation procedure that includes the following entries:
   1. Pre-operative and post-operative electrocardiograph documentation;
   2. Pre-operative, intra-operative, and post-operative pulse oximeter documentation;
   3. Pre-operative, intra-operative, and post-operative blood pressure and vital sign documentation;
   4. A list of all medications given, with dosage and time intervals, and route and site of administration;
   5. Type of catheter or portal with gauge;
   6. Indicate nothing by mouth or time of last intake of food or water;
   7. Consent form; and
   8. Time of discharge and status, including name of escort.

F. The Section 1301 permit holder, for intravenous access, shall use a new infusion set, including a new infusion line and new bag of fluid, for each patient.

G. The Section 1301 permit holder shall utilize supplemental oxygen for patients receiving general anesthesia or deep sedation for the duration of the procedure.

H. The Section 1301 permit holder shall continuously supervise the patient from the initiation of anesthesia or deep sedation until termination of the anesthesia or deep sedation procedure and oxygenation, ventilation, and circulation are stable. The Section 1301 permit holder shall not commence with the administration of a subsequent anesthetic case until the patient is in monitored recovery or meets the guidelines for discharge.

I. A Section 1301 permit holder may employ the following health care professionals to provide anesthesia or sedation services and shall ensure that the health care professional continuously supervises the patient from the administration of anesthesia or sedation until termination of the anesthesia or sedation procedure and oxygenation, ventilation, and circulation are stable:
   1. An allopathic or osteopathic physician currently licensed in Arizona by the Arizona Medical Board or the Arizona Board of Osteopathic Examiners who has successfully completed a residency program in anesthesia approved by the American Council on Graduate Medical Education (ACGME) or the American Osteopathic Association (AOA) or who is certified by either the American Board of Anesthesiology or the American Osteopathic Board of Anesthesiology and is credentialed with anesthesia privileges through an Arizona licensed medical facility, or
   2. A Certified Registered Nurse Anesthetist (CRNA) currently licensed in Arizona who provides services under the Nurse Practice Act in A.R.S. Title 32, Chapter 15.

J. A Section 1301 permit holder may also administer parenteral sedation without obtaining a Section 1302 permit.

**Historical Note**

New Section R4-11-1301 renumbered from R4-11-802 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Amended by final rulemaking at 9
R4-11-1302. Parenteral Sedation

A. Before administering parenteral sedation in a dental office or dental clinic, a dentist shall possess a Section 1302 permit issued by the Board. The dentist may renew a Section 1302 permit every five years by complying with R4-11-1307.

1. A Section 1301 permit holder may also administer parenteral sedation.

2. A Section 1302 permit holder shall not administer or employ any agents which have a narrow margin for maintaining consciousness including, but not limited to, ultrashort acting barbiturates, propofol, parenteral ketamine, or similarly acting drugs, agents, or techniques, or any combination thereof that would likely render a patient deeply sedated, generally anesthetized or otherwise not meeting the conditions of moderate sedation.

B. To obtain or renew a Section 1302 permit, the dentist shall:

1. Submit a completed application on a form provided by the Board office that, in addition to the requirements of subsections (B)(2) and (3) and R4-11-1307, includes:
   a. General information about the applicant such as:
      i. Name;
      ii. Home and office addresses and telephone numbers;
      iii. Limitations of practice;
      iv. Hospital affiliations;
      v. Denial, curtailment, revocation, or suspension of hospital privileges;
      vi. Denial of membership in, denial of renewal of membership in, or disciplinary action by a dental organization; and
      vii. Denial of licensure by, denial of renewal of licensure by, or disciplinary action by a dental regulatory body; and
   b. The dentist’s dated and signed affidavit stating that the information provided is true, and that the dentist has read and complied with the Board’s statutes and rules;

2. On forms provided by the Board, provide a dated and signed affidavit attesting that any dental office or dental clinic where the dentist will administer parenteral sedation by intravenous or intramuscular route:
   a. Contains the following properly operating equipment and supplies during the provision of parenteral sedation by the permit holder or general anesthesia or deep sedation by a physician anesthesiologist or Certified Registered Nurse Anesthetist (CRNA):
      i. Emergency drugs;
      ii. Positive pressure oxygen and supplemental oxygen;
      iii. Stethoscope;
      iv. Suction equipment, including tonsillar or pharyngeal and emergency backup medical suction device;
      v. Oropharyngeal and nasopharyngeal airways;
      vi. Pulse oximeter;
      vii. Auxiliary lighting;
      viii. Blood pressure monitoring device; and
      ix. Cardiac defibrillator or automated external defibrillator (AED); and
   b. Maintains a staff of supervised personnel capable of handling procedures, complications, and emergency incidents, including at least one staff member who:
      i. Holds a current course completion confirmation in cardiopulmonary resuscitation (CPR) health care provider level;
      ii. Is present during the parenteral sedation procedure; and
      iii. After the procedure, monitors the patient until discharge;

3. Hold a valid license to practice dentistry in this state;
4. Maintain a current permit to prescribe and administer controlled substances in this state issued by the United States Drug Enforcement Administration;
5. Provide confirmation of completing coursework within the two years prior to submitting the permit application in one or more of the following:
   a. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
   b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
   c. A recognized continuing education course in advanced airway management.

C. Initial applicants shall meet one of the following conditions:
   1. Successfully complete Board-recognized undergraduate, graduate, or postgraduate education within the three years before submitting the permit application, that includes the following:
      a. Sixty (60) didactic hours of basic parenteral sedation to include:
         i. Physical evaluation;
         ii. Management of medical emergencies;
         iii. The importance of and techniques for maintaining proper documentation; and
         iv. Monitoring and the use of monitoring equipment; and
      b. Hands-on administration of parenteral sedative medications to at least 20 patients in a manner consistent with this Section; or
   2. An applicant who completed training in parenteral sedation more than three years before submitting the permit application shall provide the following documentation:
      a. On a form provided by the Board, a written affidavit affirming that the applicant has administered parenteral sedation to a minimum of 25 patients within the year or 75 patients within the last five years before submitting the permit application;
      b. A copy of the parenteral sedation permit in effect in another state or certification of military training in parenteral sedation from the applicant's commanding officer; and
      c. On a form provided by the Board, a written affidavit affirming the completion of 30 clock hours of continuing education taken within the last five years as outlined in R4-11-1306(B)(1)(b) through (f).

D. After submitting the application and written evidence of compliance with requirements outlined in subsection (B) and, if applicable, subsection (C) to the Board, the applicant shall schedule an onsite evaluation by the Board during which the applicant shall administer parenteral sedation. After the applicant completes the application requirements and successfully completes the onsite evaluation, the Board shall issue a Section 1302 permit to the applicant.
   1. The onsite evaluation team shall consist of:
      a. Two dentists who are Board members, or Board designees for initial applications, or
      b. One dentist who is a Board member or Board designee for renewal applications.
   2. The onsite team shall evaluate the following:
      a. The availability of equipment and personnel as specified in subsection (B)(2);
      b. Proper administration of parenteral sedation to a patient by the applicant in the presence of the evaluation team;
      c. Successful responses by the applicant to oral examination questions from the evaluation team about patient management, medical emergencies, and emergency medications;
      d. Proper documentation of controlled substances, that includes a perpetual inventory log showing the receipt, administration, dispensing, and destruction of all controlled substances;
      e. Proper recordkeeping as specified in subsection (E) by reviewing the records generated for the patient receiving parenteral sedation as specified in subsection (D)(2)(b); and
f. For renewal applicants, records supporting continued competency as specified in R4-11-1306.

3. The evaluation team shall recommend one of the following:
   a. Pass. Successful completion of the onsite evaluation;
   b. Conditional Approval for failing to have appropriate equipment, proper documentation of controlled substances, or proper recordkeeping. The applicant must submit proof of correcting the deficiencies before a permit is issued;
   c. Category 1 Evaluation Failure. The applicant must review the appropriate subject matter and schedule a subsequent evaluation by two Board Members or Board designees not less than 30 days from the failed evaluation. An example is failure to recognize and manage one emergency;
   d. Category 2 Evaluation Failure. The applicant must complete Board approved continuing education in subject matter within the scope of the onsite evaluation as identified by the evaluators and schedule a subsequent evaluation by two Board Members or Board designees not less than 60 days from the failed evaluation. An example is failure to recognize and manage more than one emergency; or
   e. Category 3 Evaluation Failure. The applicant must complete Board approved remedial continuing education with the subject matter outlined in R4-11-1306 as identified by the evaluators and reapply not less than 90 days from the failed evaluation. An example is failure to recognize and manage an anesthetic urgency.

4. The onsite evaluation of an additional dental office or dental clinic in which parenteral sedation is administered by an existing Section 1302 permit holder may be waived by the Board staff upon receipt in the Board office of an affidavit verifying compliance with subsection (D)(2)(a).

5. A Section 1302 mobile permit may be issued if a Section 1302 permit holder travels to dental offices or dental clinics to provide parenteral sedation. The applicant must submit a completed affidavit verifying:
   a. That the equipment and supplies for the provision of parenteral sedation as required in R4-11-1302(B)(2)(a) either travel with the Section 1302 permit holder or are in place and in appropriate working condition at the dental office or dental clinic where parenteral sedation is provided, and
   b. Compliance with R4-11-1302(B)(2)(b).

E. A Section 1302 permit holder shall keep a parenteral sedation record for each parenteral sedation procedure that:
   1. Includes the following entries:
      a. Pre-operative, intra-operative, and post-operative pulse oximeter documentation;
      b. Pre-operative, intra-operative, and post-operative blood pressure and vital sign documentation;
      c. A list of all medications given, with dosage and time intervals and route and site of administration;
      d. Type of catheter or portal with gauge;
      e. Indicate nothing by mouth or time of last intake of food or water;
      f. Consent form; and
      g. Time of discharge and status, including name of escort; and
   2. May include pre-operative and post-operative electrocardiograph report.

F. The Section 1302 permit holder shall establish intravenous access on each patient receiving parenteral sedation utilizing a new infusion set, including a new infusion line and new bag of fluid. 

G. The Section 1302 permit holder shall utilize supplemental oxygen for patients receiving parenteral sedation for the duration of the procedure.

H. The Section 1302 permit holder shall continuously supervise the patient from the initiation of parenteral sedation until termination of the parenteral sedation procedure and oxygenation, ventilation and circulation are stable. The Section 1302 permit holder shall not commence with the
administration of a subsequent anesthetic case until the patient is in monitored recovery or meets the guidelines for discharge.

I. A Section 1302 permit holder may employ a health care professional as specified in R4-11-1301(I).

**Historical Note**

### R4-11-1303. Oral Sedation

A. Before administering oral sedation in a dental office or dental clinic, a dentist shall possess a Section 1303 permit issued by the Board. The dentist may renew a Section 1303 permit every five years by complying with R4-11-1307.

1. A Section 1301 permit holder or Section 1302 permit holder may also administer oral sedation without obtaining a Section 1303 permit.

2. The administration of a single drug for minimal sedation does not require a Section 1303 permit if:

   a. The administered dose is within the Food and Drug Administration’s (FDA) maximum recommended dose as printed in FDA approved labeling for unmonitored home use;

   i. Incremental multiple doses of the drug may be administered until the desired effect is reached, but does not exceed the maximum recommended dose; and

   ii. During minimal sedation, a single supplemental dose may be administered. The supplemental dose may not exceed one-half of the initial dose and the total aggregate dose may not exceed one and one-half times the FDA maximum recommended dose on the date of treatment; and

   b. Nitrous oxide/oxygen may be administered in addition to the oral drug as long as the combination does not exceed minimal sedation.

B. To obtain or renew a Section 1303 permit, a dentist shall:

1. Submit a completed application on a form provided by the Board office that, in addition to the requirements of subsections (B)(2) and (3) and R4-11-1307, includes:

   a. General information about the applicant such as:

   i. Name;

   ii. Home and office addresses and telephone numbers;

   iii. Limitations of practice;

   iv. Hospital affiliations;

   v. Denial, curtailment, revocation, or suspension of hospital privileges;

   vi. Denial of membership in, denial of renewal of membership in, or disciplinary action by a dental organization; and

   vii. Denial of licensure by, denial of renewal of licensure by, or disciplinary action by a dental regulatory body; and

   b. The dentist’s dated and signed affidavit stating that the information provided is true, and that the dentist has read and complied with the Board’s statutes and rules;

2. On forms provided by the Board, provide a dated and signed affidavit attesting that any dental office or dental clinic where the dentist will administer oral sedation:

   a. Contains the following properly operating equipment and supplies during the provision of sedation:

   i. Emergency drugs;

   ii. Cardiac defibrillator or automated external defibrillator (AED);

   iii. Positive pressure oxygen and supplemental oxygen;

   iv. Stethoscope;
v. Suction equipment, including tonsillar or pharyngeal and emergency backup medical suction device;
vi. Pulse oximeter;

vii. Blood pressure monitoring device; and
viii. Auxiliary lighting; and

b. Maintains a staff of supervised personnel capable of handling procedures, complications, and emergency incidents, including at least one staff member who:
i. Holds a current certificate in cardiopulmonary resuscitation (CPR) Health Care Provider Level;
ii. Is present during the oral sedation procedure; and
iii. After the procedure, monitors the patient until discharge;

3. Hold a valid license to practice dentistry in this state;
4. Maintain a current permit to prescribe and administer controlled substances in this state issued by the United States Drug Enforcement Administration;
5. Provide confirmation of completing coursework within the two years prior to submitting the permit application in one or more of the following:
   a. Cardiopulmonary resuscitation (CPR) Health Care Provider Level from the American Heart Association, American Red Cross, or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association or American Red Cross;
   b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
   c. A recognized continuing education course in advanced airway management.

C. Initial applicants shall meet one of the following:
   1. Complete a Board-recognized post-doctoral residency program that includes documented training in oral sedation within the last three years before submitting the permit application; or
   2. Complete a Board recognized post-doctoral residency program that includes documented training in oral sedation more than three years before submitting the permit application shall provide the following documentation:
      a. On a form provided by the Board, a written affidavit affirming that the applicant has administered oral sedation to a minimum of 25 patients within the year or 75 patients within the last five years before submitting the permit application;
      b. A copy of the oral sedation permit in effect in another state or certification of military training in oral sedation from the applicant’s commanding officer; and
      c. On a form provided by the Board, a written affidavit affirming the completion of 30 hours of continuing education taken within the last five years as outlined in R4-11-1306(C)(1)(a) through (f); or
   3. Provide proof of participation in 30 clock hours of Board recognized undergraduate, graduate, or post-graduate education in oral sedation within the three years before submitting the permit application that includes:
      a. Training in basic oral sedation,
      b. Pharmacology,
      c. Physical evaluation,
      d. Management of medical emergencies,
      e. The importance of and techniques for maintaining proper documentation, and
      f. Monitoring and the use of monitoring equipment.

D. After submitting the application and written evidence of compliance with requirements in subsection (B) and, if applicable, subsection (C) to the Board, the applicant shall schedule an onsite evaluation by the Board. After the applicant completes the application requirements and successfully completes the onsite evaluation, the Board shall issue a Section 1303 permit to the applicant.
   1. The onsite evaluation team shall consist of:
      a. For initial applications, two dentists who are Board members, or Board designees.
      b. For renewal applications, one dentist who is a Board member, or Board designee.
   2. The onsite team shall evaluate the following:
a. The availability of equipment and personnel as specified in subsection (B)(2);
b. Successful responses by the applicant to oral examination questions from the 
evaluation team about patient management, medical emergencies, and emergency 
medications;
c. Proper documentation of controlled substances, that includes a perpetual 
inventory log showing the receipt, administration, dispensing, and destruction of 
controlled substances;
d. Proper recordkeeping as specified in subsection (E) by reviewing the forms that 
document the oral sedation record; and

e. For renewal applicants, records supporting continued competency as specified in 
R4-11-1306.

3. The evaluation team shall recommend one of the following:

a. Pass. Successful completion of the onsite evaluation;
b. Conditional Approval for failing to have appropriate equipment, proper 
documentation of controlled substance, or proper recordkeeping. The applicant must 
submit proof of correcting the deficiencies before permit will be issued;
c. Category 1 Evaluation Failure. The applicant must review the appropriate subject 
matter and schedule a subsequent evaluation by two Board Members or Board 
designees not less than 30 days from the failed evaluation. An example is failure to 
recognize and manage one emergency; or
d. Category 2 Evaluation Failure. The applicant must complete Board approved 
continuing education in subject matter within the scope of the onsite evaluation as 
identified by the evaluators and schedule a subsequent evaluation by two Board 
Members or Board designees not less than 60 days from the failed evaluation. An 
example is failure to recognize and manage more than one emergency.

4. The onsite evaluation of an additional dental office or dental clinic in which oral sedation is 
administered by a Section 1303 permit holder may be waived by the Board staff upon receipt 
in the Board office of an affidavit verifying compliance with subsection (D)(2)(a).

5. A Section 1303 mobile permit may be issued if the Section 1303 permit holder travels to 
dental offices or dental clinics to provide oral sedation. The applicant must submit a 
completed affidavit verifying:

a. That the equipment and supplies for the provision of oral sedation as required in 
R4-11-1303(B)(2)(a) either travel with the Section 1303 permit holder or are in place 
and in appropriate condition at the dental office or dental clinic where oral sedation is 
provided, and

b. Compliance with R4-11-1303(B)(2)(b).

E. A Section 1303 permit holder shall keep an oral sedation record for each oral sedation procedure 
that:

1. Includes the following entries:
   a. Pre-operative, intra-operative, and post-operative, pulse oximeter oxygen 
saturation and pulse rate documentation;
   b. Pre-operative and post-operative blood pressure;
   c. Documented reasons for not taking vital signs if a patient’s behavior or emotional 
state prevents monitoring personnel from taking vital signs;
   d. List of all medications given, including dosage and time intervals;
   e. Patient’s weight;
   f. Consent form;
   g. Special notes, such as, nothing by mouth or last intake of food or water; and
   h. Time of discharge and status, including name of escort; and

2. May include the following entries:
   a. Pre-operative and post-operative electrocardiograph report; and
   b. Intra-operative blood pressures.
F. The Section 1303 permit holder shall utilize supplemental oxygen for patients receiving oral sedation for the duration of the procedure.

G. The Section 1303 permit holder shall ensure the continuous supervision of the patient from the administration of oral sedation until oxygenation, ventilation and circulation are stable and the patient is appropriately responsive for discharge from the dental office or dental clinic.

H. A Section 1303 permit holder may employ a health care professional to provide anesthesia services, if all of the following conditions are met:
   1. The physician anesthesiologist or CRNA meets the requirements as specified in R4-11-1301(I);
   2. The Section 1303 permit holder has completed coursework within the two years prior to submitting the permit application in one or more of the following:
      a. ACLS from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
      b. PALS in a practice treating pediatric patients;
      c. A recognized continuing education course in advanced airway management;
   3. The Section 1303 permit holder ensures that:
      a. The dental office or clinic contains the equipment and supplies listed in R4-11-1304(B)(2)(a) during the provision of anesthesia or sedation by the physician anesthesiologist or CRNA;
      b. The anesthesia or sedation record contains all the entries listed in R4-11-1304(D);
      c. For intravenous access, the physician anesthesiologist or CRNA uses a new infusion set, including a new infusion line and new bag of fluid for each patient; and
      d. The patient is continuously supervised from the administration of anesthesia or sedation until the termination of the anesthesia or sedation procedure and oxygenation, ventilation and circulation are stable. The Section 1303 permit holder shall not commence with a subsequent procedure or treatment until the patient is in monitored recovery or meets the guidelines for discharge.

Historical Note
New Section R4-11-1303 renumbered from R4-11-805 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Former Section R4-11-1303 renumbered to R4-11-1304; new Section R4-11-1303 made by final rulemaking at 9 A.A.R. 1054, effective May 6, 2003 (Supp. 03-1). Amended by final rulemaking at 19 A.A.R. 341, effective April 6, 2013 (Supp. 13-1).

R4-11-1304. Permit to Employ or Work with a Physician Anesthesiologist or Certified Registered Nurse Anesthetist (CRNA)
A. This Section does not apply to a Section 1301 permit holder or a Section 1302 permit holder practicing under the provisions of R4-11-1302(I) or a Section 1303 permit holder practicing under the provisions of R4-11-1303(H). A dentist may utilize a physician anesthesiologist or certified registered nurse anesthetist (CRNA) for anesthesia or sedation services while the dentist provides treatment in the dentist’s office or dental clinic after obtaining a Section 1304 permit issued by the Board.
   1. The physician anesthesiologist or CRNA meets the requirements as specified in R4-11-1301(I).
   2. The dentist permit holder shall provide all dental treatment and ensure that the physician anesthesiologist or CRNA remains on the dental office or dental clinic premises until any patient receiving anesthesia or sedation services is discharged.
   3. A dentist may renew a Section 1304 permit every five years by complying with R4-11-1307.
B. To obtain or renew a Section 1304 permit, a dentist shall:
   1. Submit a completed application on a form provided by the Board office that, in addition to the requirements of subsections (B)(2) and (3) and R4-11-1307 includes:
a. General information about the applicant such as:
   i. Name;
   ii. Home and office addresses and telephone numbers;
   iii. Limitations of practice;
   iv. Hospital affiliations;
   v. Denial, curtailment, revocation, or suspension of hospital privileges;
   vi. Denial of membership in, denial of renewal of membership in, or disciplinary action by a dental organization; and
   vii. Denial of licensure by, denial of renewal of licensure by, or disciplinary action by a dental regulatory body; and

b. The dentist’s dated and signed affidavit stating that the information provided is true, and that the dentist has read and complied with the Board’s statutes and rules;

2. On forms provided by the Board, provide a dated and signed affidavit attesting that any dental office or dental clinic where the dentist provides treatment during administration of general anesthesia or sedation by a physician anesthesiologist or CRNA:
   a. Contains the following properly operating equipment and supplies during the provision of general anesthesia and sedation:
      i. Emergency drugs;
      ii. Electrocardiograph monitor;
      iii. Pulse oximeter;
      iv. Cardiac defibrillator or automated external defibrillator (AED);
      v. Positive pressure oxygen and supplemental continuous flow oxygen;
      vi. Suction equipment, including endotracheal, tonsillar or pharyngeal and emergency backup medical suction device;
      vii. Laryngoscope, multiple blades, backup batteries and backup bulbs;
      viii. Endotracheal tubes and appropriate connectors;
      ix. Magill forceps;
      x. Oropharyngeal and nasopharyngeal airways;
      xi. Auxiliary lighting;
      xii. Stethoscope; and
      xiii. Blood pressure monitoring device; and
   b. Maintains a staff of supervised personnel capable of handling procedures, complications, and emergency incidents. All personnel involved in administering and monitoring general anesthesia or sedation shall hold a current course completion confirmation in cardiopulmonary resuscitation (CPR) Health Care Provider level;

3. Hold a valid license to practice dentistry in this state; and

4. Provide confirmation of completing coursework within the last two years prior to submitting the permit application in one or more of the following:
   a. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
   b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
   c. A recognized continuing education course in advanced airway management.

C. After submitting the application and written evidence of compliance with requirements in subsection (B) to the Board, the applicant shall schedule an onsite evaluation by the Board. After the applicant completes the application requirements and successfully completes the onsite evaluation, the Board shall issue the applicant a Section 1304 permit.
   1. The onsite evaluation team shall consist of one dentist who is a Board member, or Board designee.
   2. The onsite team shall evaluate the following:
      a. The availability of equipment and personnel as specified in subsection (B)(2);
b. Proper documentation of controlled substances, that includes a perpetual inventory log showing the receipt, administration, dispensing, and destruction of controlled substances; and
c. Proper recordkeeping as specified in subsection (E) by reviewing previous anesthesia or sedation records.

3. The evaluation team shall recommend one of the following:
   a. Pass. Successful completion of the onsite evaluation; or
   b. Conditional approval for failing to have appropriate equipment, proper documentation of controlled substances, or proper recordkeeping. The applicant must submit proof of correcting the deficiencies before a permit is issued.

4. The evaluation of an additional dental office or dental clinic in which a Section 1304 permit holder provides treatment during the administration general anesthesia or sedation by a physician anesthesiologist or CRNA may be waived by the Board staff upon receipt in the Board office of an affidavit verifying compliance with subsection (B)(2).

D. A Section 1304 permit holder shall keep an anesthesia or sedation record for each general anesthesia and sedation procedure that includes the following entries:
   1. Pre-operative and post-operative electrocardiograph documentation;
   2. Pre-operative, intra-operative, and post-operative, pulse oximeter documentation;
   3. Pre-operative, intra-operative, and post-operative blood pressure and vital sign documentation; and
   4. A list of all medications given, with dosage and time intervals and route and site of administration;
   5. Type of catheter or portal with gauge;
   6. Indicate nothing by mouth or time of last intake of food or water;
   7. Consent form; and
   8. Time of discharge and status, including name of escort.

E. For intravenous access, a Section 1304 permit holder shall ensure that the physician anesthesiologist or CRNA uses a new infusion set, including a new infusion line and new bag of fluid for each patient.

F. A Section 1304 permit holder shall ensure that the physician anesthesiologist or CRNA utilizes supplemental continuous flow oxygen for patients receiving general anesthesia or sedation for the duration of the procedure.

G. The Section 1304 permit holder shall continuously supervise the patient from the administration of anesthesia or sedation until termination of the anesthesia or sedation procedure and oxygenation, ventilation and circulation are stable. The Section 1304 permit holder shall not commence with a subsequent procedure or treatment until the patient is in monitored recovery or meets the guidelines for discharge.

Historical Note

New Section R4-11-1304 renumbered from R4-11-805 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Former Section R4- 11-1304 renumbered to R4-11-1305; new Section R4-11-1304 renumbered from R4-11-1303 and amended by final rulemaking at 9 A.A.R. 1054, effective May 6, 2003 (Supp. 03-1). Section repealed; new Section made by final rulemaking at 19 A.A.R. 341, effective April 6, 2013 (Supp. 13-1).

R4-11-1305. Reports of Adverse Occurrences

If a death, or incident requiring emergency medical response, occurs in a dental office or dental clinic during the administration of or recovery from general anesthesia, deep sedation, moderate sedation, or minimal sedation, the permit holder and the treating dentist involved shall submit a complete report of the incident to the Board within 10 days after the occurrence.
Historical Note
New Section R4-11-1305 renumbered from R4-11-806 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Former Section R4-11-1305 renumbered to R4-11-1306; new Section R4-11-1305 renumbered from R4-11-1304 and amended by final rulemaking at 9 A.A.R. 1054, effective May 6, 2003 (Supp. 03-1). Section repealed; new Section made by final rulemaking at 19 A.A.R. 341, effective April 6, 2013 (Supp. 13-1).

R4-11-1306. Education; Continued Competency
A. To obtain a Section 1301, permit by satisfying the education requirement of R4-11-1301(B)(6), a dentist shall successfully complete an advanced graduate or post-graduate education program in pain control.
   1. The program shall include instruction in the following subject areas:
      a. Anatomy and physiology of the human body and its response to the various pharmacologic agents used in pain control;
      b. Physiological and psychological risks for the use of various modalities of pain control;
      c. Psychological and physiological need for various forms of pain control and the potential response to pain control procedures;
      d. Techniques of local anesthesia, sedation, and general anesthesia, and psychological management and behavior modification, as they relate to pain control in dentistry; and
      e. Handling emergencies and complications related to pain control procedures, including the maintenance of respiration and circulation, immediate establishment of an airway, and cardiopulmonary resuscitation.
   2. The program shall consist of didactic and clinical training. The didactic component of the program shall:
      a. Be the same for all dentists, whether general practitioners or specialists; and
      b. Include each subject area listed in subsection (A)(1).
   3. The program shall provide at least one calendar year of training as prescribed in R4-11-1301(B)(6)(a).
B. To maintain a Section 1301 or 1302 permit under R4-11-1301 or R4-11-1302 a permit holder shall:
   1. Participate in 30 clock hours of continuing education every five years in one or more of the following areas:
      a. General anesthesia,
      b. Parenteral sedation,
      c. Physical evaluation,
      d. Medical emergencies,
      e. Monitoring and use of monitoring equipment, or
      f. Pharmacology of drugs and non-drug substances used in general anesthesia or parenteral sedation; and
   2. Provide confirmation of completing coursework within the two years prior to submitting the renewal application from one or more of the following:
      a. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
      b. Pediatric advanced life support (PALS) in a practice treating pediatric patients; or
      c. A recognized continuing education course in advanced airway management;
   3. Complete at least 10 general anesthesia, deep sedation or parenteral sedation cases a calendar year; and
   4. Apply a maximum of six hours from subsection (B)(2) toward the continuing education requirements for subsection (B)(1).
C. To maintain a Section 1303 permit issued under R4-11-1303, a permit holder shall:
   1. Participate in 30 clock hours of continuing education every five years in one or more of the following areas:
      a. Oral sedation,
      b. Physical evaluation,
      c. Medical emergencies,
      d. Monitoring and use of monitoring equipment, or
      e. Pharmacology of oral sedation drugs and non-drug substances; and
   2. Provide confirmation of completing coursework within the two years prior to submitting the renewal application from one or more of the following:
      a. Cardiopulmonary resuscitation (CPR) Health Care Provider level from the American Heart Association, American Red Cross or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association or American Red Cross;
      b. Advanced cardiac life support (ACLS) from the American Heart Association or another agency that follows the same procedures, standards, and techniques for training as the American Heart Association;
      c. Pediatric advanced life support (PALS);
      d. A recognized continuing education course in advanced airway management; and
   3. Complete at least 10 oral sedation cases a calendar year.

Historical Note
Section R4-11-1306 renumbered from R4-11-1305 and amended by final rulemaking at 9 A.A.R. 1054, effective May 6, 2003 (Supp. 03-1). Amended by final rulemaking at 19 A.A.R. 341, effective April 6, 2013 (Supp. 13-1).

R4-11-1307. Renewal of Permit
A. To renew a Section 1301, 1302, or 1303 permit, the permit holder shall:
   1. Provide written documentation of compliance with the applicable continuing education requirements in R4-11-1306;
   2. Provide written documentation of compliance with the continued competency requirements in R4-11-1306;
   3. Before December 31 of the year the permit expires, submit a completed application on a form provided by the Board office as described in R4-11-1301, R4-11-1302, or R4-11-1303; and
   4. Not less than 90 days before the expiration of a permit holder’s current permit, arrange for an onsite evaluation as described in R4-11-1301, R4-11-1302, or R4-11-1303.
B. To renew a Section 1304 permit, the permit holder shall:
   1. Before December 31 of the year the permit expires, submit a completed application on a form provided by the Board office as described in R4-11-1304; and
   2. Not less than 90 days before the expiration of a permit holder’s current permit, arrange for an onsite evaluation as described in R4-11-1304.
C. After the permit holder successfully completes the evaluation and submits the required affidavits, the Board shall renew a Section 1301, 1302, 1303, 1304 permit, as applicable.
D. The Board may stagger due dates for renewal applications.

Historical Note
Made by final rulemaking at 19 A.A.R. 341, effective April 6, 2013 (Supp. 13-1).
ARTICLE 14. DISPENSING DRUGS AND DEVICES

R4-11-1401. Prescribing
A. In addition to the requirements of A.R.S. § 32-1298(C), a dentist shall ensure that a prescription order contains the following information:
   1. Date of issuance;
   2. Name and address of the patient to whom the prescription is issued;
   3. Name, strength, dosage form, and quantity of the drug or name and quantity of the device prescribed;
   4. Name and address of the dentist prescribing the drug; and
   5. Drug Enforcement Administration registration number of the dentist, if prescribing a controlled substance.
B. Before dispensing a drug or device, a dentist shall present to the patient a written prescription for the drug or device being dispensed that includes on the prescription the following statement in bold type: “This prescription may be filled by the prescribing dentist or by a pharmacy of your choice.”

Historical Note
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1401 repealed, new Section R4-11-1401 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

R4-11-1402. Labeling and Dispensing
A. A dentist shall include the following information on the label of all drugs and devices dispensed:
   1. The dentist’s name, address, and telephone number;
   2. The serial number;
   3. The date the drug or device is dispensed;
   4. The patient’s name;
   5. Name, strength, and quantity of drug or name and quantity of device dispensed;
   6. The name of the drug or device manufacturer or distributor;
   7. Directions for use and cautionary statement necessary for safe and effective use of the drug or device; and
   8. If a controlled substance is prescribed, the cautionary statement “Caution: Federal law prohibits the transfer of this drug to any person other than the patient for whom it was prescribed.”
B. Before delivery to the patient, the dentist shall prepare and package the drug or device to ensure compliance with the prescription and personally inform the patient of the name of the drug or device, directions for its use, precautions, and storage requirements.
C. A dentist shall purchase all dispensed drugs and devices from a manufacturer, distributor, or pharmacy that is properly licensed in this state or one of the other 49 states, the District of Columbia, the Commonwealth of Puerto Rico, or a territory of the United States of America.
D. When dispensing a prescription drug or device from a prescription order, a dentist shall perform the following professional practices:
   1. Verify the legality and pharmaceutical feasibility of dispensing a drug based upon:
      a. A patient’s allergies,
      b. Incompatibilities with a patient’s currently-taken medications,
      c. A patient’s use of unusual quantities of dangerous drugs or narcotics, and
      d. The frequency of refills;
   2. Verify that the dosage is within proper limits;
   3. Interpret the prescription order;
   4. Prepare, package, and label, or assume responsibility for preparing, packaging, and labeling, the drug or device dispensed under each prescription order;
   5. Check the label to verify that the label precisely communicates the prescriber’s directions and hand-initial each label;
6. Record, or assume responsibility for recording, the serial number and date dispensed on the front of the original prescription order; and
7. Record on the original prescription order the name or initials of the dentist who dispensed the order.

**Historical Note**
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1402 renumbered to R4-11-1201, new Section R4-11-1402 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

**R4-11-1403. Storage and Packaging**
A dentist shall:
1. Keep all prescription-only drugs and devices in a secured area and control access to the secured area by written procedure. The dentist shall make the written procedure available to the Board or its authorized agents on demand for inspection or copying;
2. Keep all controlled substances secured in a locked cabinet or room, control access to the cabinet or room by written procedure, and maintain an ongoing inventory of the contents. The dentist shall make the written procedure available to the Board or its authorized agents on demand for inspection or copying;
3. Maintain drug storage areas so that the temperature in the drug storage areas does not exceed 85°F;
4. Not dispense a drug or device that has expired or is improperly labeled;
5. Not redispense a drug or device that has been returned;
6. Dispense a drug or device:
   a. In a prepackaged container or light-resistant container with a consumer safety cap, unless the patient or patient’s representative requests a non-safety cap; and
   b. With a label that is mechanically or electronically printed;
7. Destroy an outdated, deteriorated, or defective controlled substance according to Drug Enforcement Administration regulations or by using a reverse distributor. A list of reverse distributors may be obtained from the Drug Enforcement Administration; and
8. Destroy an outdated, deteriorated, or defective non-controlled substance drug or device by returning it to the supplier or by using a reverse distributor. A list of reverse distributors may be obtained from the Drug Enforcement Administration.

**Historical Note**
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1403 renumbered to R4-11-1202, new Section R4-11-1403 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

**R4-11-1404. Recordkeeping**
A. A dentist shall:
1. Chronologically date and sequentially number prescription orders in the order that the drugs or devices are originally dispensed;
2. Sequentially file orders separately from patient records, as follows:
   a. File Schedule II drug orders separately from all other prescription orders;
   b. File Schedule III, IV, and V drug orders separately from all other prescription orders; and
   c. File all other prescription orders separately from orders specified in subsections (A)(2)(a) and (b);
3. Record the name of the manufacturer or distributor of the drug or device dispensed on each prescription order and label;
4. Record the name or initials of the dentist dispensing the drug or device on each prescription order and label; and
5. Record the date the drug or device is dispensed on each prescription order and label.

B. A dentist shall record in the patient’s dental record the name, dosage form, and strength of the drug or device dispensed, the quantity or volume dispensed, the date the drug or device is dispensed, and the dental therapeutic reasons for dispensing the drug or device.

C. A dentist shall maintain:
   1. Purchase records of all drugs and devices for three years from the date purchased; and
   2. Dispensing records of all drugs and devices for three years from the date dispensed.

D. A dentist who dispenses controlled substances:
   1. Shall inventory Schedule II, III, IV, and V controlled substances as prescribed by A.R.S. § 36-2523;
   2. Shall perform a controlled substance inventory on March 1 annually, if directed by the Board, and at the opening or closing of a dental practice;
   3. Shall maintain the inventory for three years from the inventory date;
   4. May use one inventory book for all controlled substances;
   5. When conducting an inventory of Schedule II controlled substances, shall take an exact count;
   6. When conducting an inventory of Schedule III, IV, and V controlled substances, shall take an exact count or may take an estimated count if the stock container contains fewer than 1001 units.

E. A dentist shall maintain invoices for drugs and devices dispensed for three years from the date of the invoices, filed as follows:
   1. File Schedule II controlled substance invoices separately from records that are not Schedule II controlled substance invoices;
   2. File Schedule III, IV, and V controlled substance invoices separately from records that are not Schedule III, IV, and V controlled substance invoices; and
   3. File all non-controlled substance invoices separately from the invoices referenced in subsections (E)(1) and (2).

F. A dentist shall file Drug Enforcement Administration order form (DEA Form 222) for a controlled substance sequentially and separately from every other record.

**Historical Note**
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1404 renumbered to R4-11-1203, new Section R4-11-1404 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

**R4-11-1405. Compliance**
A. A dentist who determines that there has been a theft or loss of drugs or controlled substances from the dentist’s office shall immediately notify a local law enforcement agency and the Board and provide written notice of the theft or loss in the following manner:
   1. For non-controlled substance drug theft or loss, provide the law enforcement agency and the Board with a written report explaining the theft or loss; or
   2. For controlled substance theft or loss, complete a DEA 106 form; and
   3. Provide copies of the DEA 106 form to the Drug Enforcement Administration and the Board within seven days of the discovery.

B. A dentist who dispenses drugs or devices in a manner inconsistent with this Article is subject to discipline under A.R.S. Title 32, Chapter 11, Article 3.

**Historical Note**
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1405 renumbered to R4-11-1204, new Section R4-11-1405 adopted by final rulemaking at 5 A.A.R. 580, effective
February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

R4-11-1406. Dispensing for Profit Registration and Renewal
A. A dentist who is currently licensed to practice dentistry in Arizona may dispense controlled substances, prescription-only drugs, and prescription-only devices for profit only after providing the Board the following information:
   1. A completed registration form that includes the following information:
      a. The dentist’s name and dental license number;
      b. A list of the types of drugs and devices to be dispensed for profit, including controlled substances; and
      c. Locations where the dentist desires to dispense the drugs and devices for profit; and
   2. A copy of the dentist’s current Drug Enforcement Administration Certificate of Registration for each dispensing location from which the dentist desires to dispense the drugs and devices for profit.
B. The Board shall issue a numbered certificate indicating the dentist is registered with the Board to dispense drugs and devices for profit.
C. A dentist shall renew a registration to dispense drugs and devices for profit by complying with the requirements in subsection (A) before the dentist’s license renewal date. When a dentist has made timely and complete application for the renewal of a registration, the dentist may continue to dispense until the Board approves or denies the application. Failure to renew a registration shall result in immediate loss of dispensing for profit privileges.

Historical Note
Adopted effective July 21, 1995; inadvertently not published with Supp. 95-3 (Supp. 95-4). Former Section R4-11-1406 renumbered to R4-11-1205, new Section R4-11-1406 adopted by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

R4-11-1407. Renumbered
Historical Note
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1407 renumbered to R4-11-1206 by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-1408. Renumbered
Historical Note
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1408 renumbered to R4-11-1207 by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

R4-11-1409. Repealed
Historical Note
Adopted effective July 21, 1995 (Supp. 95-3). Former Section R4-11-1409 repealed by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1).

ARTICLE 15. COMPLAINTS, INVESTIGATIONS, DISCIPLINARY ACTION

R4-11-1501. Ex-parte Communication
A complainant, licensee, certificate holder, business entity or mobile dental permit holder against whom a complaint is filed, shall not engage in ex-parte communication by means of a written or oral communication between a decision maker, fact finder, or Board member and only one party to the proceeding.
R4-11-1502. Dental Consultant Qualifications
A dentist, dental hygienist, or denturist approved as a Board dental consultant shall:
1. Possess a valid license or certificate to practice in Arizona;
2. Have practiced at least five years in Arizona; and
3. Not have been disciplined by the Board within the past five years.

R4-11-1503. Initial Complaint Review
A. The Board’s procedures for complaint notification are:
   1. Board personnel shall notify the complainant and licensee, certificate holder, business entity or mobile dental permit holder by certified U.S. Mail when the following occurs:
      a. A formal interview is scheduled,
      b. The complaint is tabled,
      c. A postponement or continuance is granted, and
      d. A subpoena, notice, or order is issued.
   2. Board personnel shall provide the licensee, certificate holder, business entity, or mobile dental permit holder with a copy of the complaint.
   3. If a complaint alleges a violation of the state or federal criminal code, the Board shall refer the complaint to the proper law enforcement agency.

B. The Board’s procedures for complaints referred to clinical evaluation are:
   1. Except as provided in subsection (B)(1)(a), the president’s designee shall appoint one or more dental consultants to perform a clinical evaluation. If there is more than one dental consultant, the dental consultants do not need to be present at the same time.
      a. If the complaint involves a dental hygienist, denturist, or dentist who is a recognized specialist in one of the areas listed in R4-11-1102(B), the president’s designee shall appoint a dental consultant from that area of practice or specialty.
      b. The Board shall not disclose the identity of the licensee to a dental consultant performing a clinical examination before the Board receives the dental consultant’s report.
   2. The dental consultant shall prepare and submit a clinical evaluation report. The president’s designee shall provide a copy of the clinical evaluation report to the licensee or certificate holder. The licensee or certificate holder may submit a written response to the clinical evaluation report.

R4-11-1504. Postponement of Interview
A. The licensee, certificate holder, business entity, or mobile dental permit holder may request a postponement of a formal interview. The Board or its designee shall grant a postponement until the
next regularly scheduled Board meeting if the licensee, certificate holder, business entity, or mobile dental permit holder makes a postponement request and the request:
1. Is made in writing,
2. States the reason for the postponement, and
3. Is received by the Board within 15 calendar days after the date the respondent received the formal interview request.

B. Within 48 hours of receipt of a request for postponement of a formal interview, the Board or its designee shall:
1. Review and either deny or approve the request for postponement; and
2. Notify in writing the complainant and licensee, certificate holder, business entity, or mobile dental permit holder of the decision to either deny or approve the request for postponement.

**Historical Note**

**ARTICLE 16. EXPIRED**
R4-11-1601. Expired

**Historical Note**

**ARTICLE 17. REHEARING OR REVIEW**
R4-11-1701. Procedure
A. Except as provided in subsection (F), a licensee, certificate holder, or business entity who is aggrieved by an order issued by the Board may file a written motion for rehearing or review with the Board, pursuant to A.R.S. Title 41, Chapter 6, Article 10, specifying the grounds for rehearing or review.

B. A licensee, certificate holder, or business entity filing a motion for rehearing or review under this rule may amend the motion at any time before it is ruled upon by the Board. The opposing party may file a response within 15 days after the date the motion for rehearing or review is filed. The Board may require that the parties file supplemental memoranda explaining the issues raised in the motion, and may permit oral argument.

C. The Board may grant a rehearing or review of the order for any of the following causes materially affecting a licensee, certificate holder, or business entity's rights:
1. Irregularity in the proceedings of the Board or any order or abuse of discretion, which deprived a licensee, certificate holder, or business entity of a fair hearing;
2. Misconduct of the Board, its personnel, the administrative law judge, or the prevailing party;
3. Accident or surprise which could not have been prevented by ordinary prudence;
4. Excessive or insufficient penalties;
5. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the progress of the proceeding;
6. That the findings of fact or decision is arbitrary, capricious, or an abuse of discretion;
7. That the findings of fact or decision is not justified by the evidence or is contrary to law; or
8. Newly discovered, material evidence which could not, with reasonable diligence, have been discovered and produced at the original hearing.
D. The Board may affirm or modify the order or grant a rehearing or review to all or part of the issues for any of the reasons in subsection (C). The Board, within the time for filing a motion for rehearing or review, may grant a rehearing or review on its own initiative for any reason for which it might have granted relief on motion of a party. An order granting a rehearing or review shall specify the grounds on which rehearing or review is granted, and any rehearing or review shall cover only those matters specified.

E. When a motion for rehearing or review is based upon affidavits, they shall be served with the motion. An opposing party may, within 15 days after such service, serve opposing affidavits.

F. If the Board makes specific findings that the immediate effectiveness of the order is necessary for the preservation of public health and safety and that a rehearing or review is impracticable, unnecessary, or contrary to the public interest, the order may be issued as a final order without an opportunity for a rehearing or review. If an order is issued as a final order without an opportunity or rehearing or review, the aggrieved party shall make an application for judicial review of the order within the time limits permitted for application for judicial review of the Board's final order.

G. The Board shall rule on the motion for rehearing or review within 15 days after the response has been filed, or at the Board's next meeting after the motion is received, whichever is later.

Historical Note
New Section R4-11-1701 renumbered from R4-11-701 and amended by final rulemaking at 5 A.A.R. 580, effective February 4, 1999 (Supp. 99-1). Amended by final rulemaking at 21 A.A.R. 2971, effective January 2, 2016 (Supp. 15-4).

ARTICLE 18. BUSINESS ENTITIES

R4-11-1801. Application
Before offering dental services, a business entity required to be registered under A.R.S. § 32-1213 shall apply for registration on an application form supplied by the Board. In addition to the requirements of A.R.S. § 32-1213(B) and the fee under R4-11-402, the registration application shall include a sworn statement from the applicant that:

1. The information provided by the business entity is true and correct, and
2. No information is omitted from the application.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

R4-11-1802. Display of Registration
A. A business entity shall ensure that the receipt for the current registration period is:

1. Conspicuously displayed in the dental practice in a manner that is always readily observable by patients and visitors, and
2. Exhibited to members of the Board or to duly authorized agents of the Board on request.

B. A business entity’s receipt for the licensure period immediately preceding shall be kept on display until replaced by the receipt for the current period.

Historical Note
New Section made by final rulemaking at 11 A.A.R. 793, effective April 2, 2005 (Supp. 05-1).

Article 18 – Business Entities
   R4-11-1801 Application
   R4-11-1802 Display of Registration
In this chapter, unless the context otherwise requires:

1. "Affiliated practice dental hygienist" means any licensed dental hygienist who is able, pursuant to section 32-1289.01, to initiate treatment based on the dental hygienist's assessment of a patient's needs according to the terms of a written affiliated practice agreement with a dentist, to treat the patient without the presence of a dentist and to maintain a provider-patient relationship.

2. "Auxiliary personnel" means all dental assistants, dental technicians, dental x-ray technicians and other persons employed by dentists or firms and businesses providing dental services to dentists.

3. "Board" means the state board of dental examiners.

4. "Business entity" means a business organization that has an ownership that includes any persons who are not licensed or certified to provide dental services in this state, that offers to the public professional services regulated by the board and that is established pursuant to the laws of any state or foreign country.

5. "Dental assistant" means any person who acts as an assistant to a dentist, dental therapist or dental hygienist by rendering personal services to a patient that involve close proximity to the patient while the patient is under treatment or observation or undergoing diagnostic procedures.

6. "Dental hygienist" means any person who is licensed and engaged in the general practice of dental hygiene and all related and associated duties, including educational, clinical and therapeutic dental hygiene procedures.

7. "Dental incompetence" means lacking in sufficient dentistry knowledge or skills, or both, in that field of dentistry in which the dentist, dental therapist, denturist or dental hygienist concerned engages, to a degree likely to endanger the health of that person's patients.

8. "Dental laboratory technician" means any person, other than a licensed dentist, who, pursuant to a written work order of a dentist, fabricates artificial teeth, prosthetic appliances or other mechanical and artificial contrivances designed to correct or alleviate injuries or defects, both developmental and acquired, disorders or deficiencies of the human oral cavity, teeth, investing tissues, maxilla or mandible or adjacent associated structures.

9. "Dental therapist" means any person who is licensed and engaged in the general practice of dental therapy and all related and associated duties, including educational, clinical and therapeutic dental therapy procedures.

10. "Dental x-ray laboratory technician" means any person, other than a licensed dentist, who, pursuant to a written work order of a dentist, performs dental and maxillofacial radiography, including cephalometrics, panoramic and maxillofacial tomography and other dental related nonfluoroscopic diagnostic imaging modalities.
11. "Dentistry", "dentist" and "dental" mean the general practice of dentistry and all specialties or restricted practices of dentistry.

12. "Denturist" means a person practicing denture technology pursuant to article 5 of this chapter.

13. "Disciplinary action" means regulatory sanctions that are imposed by the board in combination with, or as an alternative to, revocation or suspension of a license and that may include:

(a) Imposition of an administrative penalty in an amount not to exceed two thousand dollars for each violation of this chapter or rules adopted under this chapter.

(b) Imposition of restrictions on the scope of practice.

(c) Imposition of peer review and professional education requirements.

(d) Imposition of censure or probation requirements best adapted to protect the public welfare, which may include a requirement for restitution to the patient resulting from violations of this chapter or rules adopted under this chapter.

14. "Irregularities in billing" means submitting any claim, bill or government assistance claim to any patient, responsible party or third-party payor for dental services rendered that is materially false with the intent to receive unearned income as evidenced by any of the following:

(a) Charges for services not rendered.

(b) Any treatment date that does not accurately reflect the date when the service and procedures were actually completed.

(c) Any description of a dental service or procedure that does not accurately reflect the actual work completed.

(d) Any charge for a service or procedure that cannot be clinically justified or determined to be necessary.

(e) Any statement that is material to the claim and that the licensee knows is false or misleading.

(f) An abrogation of the copayment provisions of a dental insurance contract by a waiver of all or a part of the copayment from the patient if this results in an excessive or fraudulent charge to a third party or if the waiver is used as an enticement to receive dental services from that provider. This subdivision does not interfere with a contractual relationship between a third-party payor and a licensee or business entity registered with the board.

(g) Any other practice in billing that results in excessive or fraudulent charges to the patient.

15. "Letter of concern" means an advisory letter to notify a licensee or a registered business entity that, while the evidence does not warrant disciplinary action, the board believes that the licensee or registered business entity should modify or eliminate certain practices and that continuation of the activities that led to the information being submitted to the board may result in board action against the practitioner's license or the business entity's registration. A letter of concern is not a disciplinary action. A letter of concern is a public document and may be used in a future disciplinary action.
16. "Licensed" means licensed pursuant to this chapter.

17. "Place of practice" means each physical location at which a person who is licensed pursuant to this chapter performs services subject to this chapter.

18. "Primary mailing address" means the address on file with the board and to which official board correspondence, notices or documents are delivered in a manner determined by the board.

19. "Recognized dental hygiene school" means a school that has a dental hygiene program with a minimum two academic year curriculum, or the equivalent of four semesters, and that is approved by the board and accredited by the American dental association commission on dental accreditation.

20. "Recognized dental school" means a dental school that is accredited by the American dental association commission on dental accreditation.

21. "Recognized dental therapy school" means a school that is accredited or that has received initial accreditation by the American dental association commission on dental accreditation.

22. "Recognized denturist school" means a denturist school that maintains standards of entrance, study and graduation and that is accredited by the United States department of education or the council on higher education accreditation.

24. "Teledentistry" means the use of data transmitted through interactive audio, video or data communications for the purposes of examination, diagnosis, treatment planning, consultation and directing the delivery of treatment by dentists and dental providers in settings permissible under this chapter or specified in rules adopted by the board.

32-1201.01. Definition of unprofessional conduct

For the purposes of this chapter, "unprofessional conduct" means the following acts, whether occurring in this state or elsewhere:

1. Intentionally betraying a professional confidence or intentionally violating a privileged communication except as either of these may otherwise be required by law. This paragraph does not prevent members of the board from the full and free exchange of information with the licensing and disciplinary boards of other states, territories or districts of the United States or foreign countries, with the Arizona state dental association or any of its component societies or with the dental societies of other states, counties, districts, territories or foreign countries.

2. Using controlled substances as defined in section 36-2501, narcotic drugs, dangerous drugs or marijuana as defined in section 13-3401, or hypnotic drugs, including acetyurea derivatives, barbituric acid derivatives, chloral, paraldehyde, phenylhydantoin derivatives, sulfonmethane derivatives or any compounds, mixtures or preparations that may be used for producing hypnotic effects, or alcohol to the extent that it affects the ability of the dentist, dental therapist, denturist or dental hygienist to practice that person's profession.
3. Prescribing, dispensing or using drugs for other than accepted dental therapeutic purposes or for other than medically indicated supportive therapy in conjunction with managing a patient's dental needs.

4. Committing gross malpractice or repeated acts constituting malpractice.

5. Acting or assuming to act as a member of the board if this is not true.

6. Procuring or attempting to procure a certificate of the national board of dental examiners or a license to practice dentistry or dental hygiene by fraud or misrepresentation or by knowingly taking advantage of the mistake of another.

7. Having professional connection with or lending one's name to an illegal practitioner of dentistry or any of the other healing arts.

8. Representing that a manifestly not correctable condition, disease, injury, ailment or infirmity can be permanently corrected, or that a correctable condition, disease, injury, ailment or infirmity can be corrected within a stated time, if this is not true.

9. Offering, undertaking or agreeing to correct, cure or treat a condition, disease, injury, ailment or infirmity by a secret means, method, device or instrumentality.

10. Refusing to divulge to the board, on reasonable notice and demand, the means, method, device or instrumentality used in the treatment of a condition, disease, injury, ailment or infirmity.

11. Dividing a professional fee or offering, providing or receiving any consideration for patient referrals among or between dental care providers or dental care institutions or entities. This paragraph does not prohibit the division of fees among licensees who are engaged in a bona fide employment, partnership, corporate or contractual relationship for the delivery of professional services.

12. Knowingly making any false or fraudulent statement, written or oral, in connection with the practice of dentistry.

13. Having a license refused, revoked or suspended or any other disciplinary action taken against a dentist by, or voluntarily surrendering a license in lieu of disciplinary action to, any other state, territory, district or country, unless the board finds that this action was not taken for reasons that relate to the person's ability to safely and skillfully practice dentistry or to any act of unprofessional conduct.

14. Committing any conduct or practice that constitutes a danger to the health, welfare or safety of the patient or the public.

15. Obtaining a fee by fraud or misrepresentation, or wilfully or intentionally filing a fraudulent claim with a third party for services rendered or to be rendered to a patient.

17. Employing unlicensed persons to perform or aiding and abetting unlicensed persons in the performance of work that can be done legally only by licensed persons.
18. Practicing dentistry under a false or assumed name in this state, other than as allowed by section 32-1262.

19. Wilfully or intentionally causing or permitting supervised personnel or auxiliary personnel operating under the licensee's supervision to commit illegal acts or perform an act or operation other than that permitted under article 4 of this chapter and rules adopted by the board pursuant to section 32-1282.

20. Committing the following advertising practices:

   (a) Publishing or circulating, directly or indirectly, any false, fraudulent or misleading statements concerning the skill, methods or practices of the licensee or of any other person.

   (b) Advertising in any manner that tends to deceive or defraud the public.

21. Failing to dispense drugs and devices in compliance with article 6 of this chapter.

22. Failing to comply with a board order, including an order of censure or probation.

23. Failing to comply with a board subpoena in a timely manner.

24. Failing or refusing to maintain adequate patient records.

25. Failing to allow properly authorized board personnel, on demand, to inspect the place of practice and examine and have access to documents, books, reports and records maintained by the licensee or certificate holder that relate to the dental practice or dental-related activity.

26. Refusing to submit to a body fluid examination as required through a monitored treatment program or pursuant to a board investigation into a licensee's or certificate holder's alleged substance abuse.

27. Failing to inform a patient of the type of material the dentist will use in the patient's dental filling and the reason why the dentist is using that particular filling.

28. Failing to report in writing to the board any evidence that a dentist, dental therapist, denturist or dental hygienist is or may be:

   (a) Professionally incompetent.

   (b) Engaging in unprofessional conduct.

   (c) Impaired by drugs or alcohol.

   (d) Mentally or physically unable to safely engage in the activities of a dentist, dental therapist, denturist or dental hygienist pursuant to this chapter.

29. Filing a false report pursuant to paragraph 28 of this section.
30. Practicing dentistry, dental therapy, dental hygiene or denturism in a business entity that is not registered with the board as required by section 32-1213.

31. Dispensing a schedule II controlled substance that is an opioid.

32. Providing services or procedures as a dental therapist that exceed the scope of practice or exceed the services or procedures authorized in the written collaborative practice agreement.

32-1202. Scope of practice; practice of dentistry

For the purposes of this chapter, the practice of dentistry is the diagnosis, surgical or nonsurgical treatment and performance of related adjunctive procedures for any disease, pain, deformity, deficiency, injury or physical condition of the human tooth or teeth, alveolar process, gums, lips, cheek, jaws, oral cavity and associated tissues, including the removal of stains, discolorations and concretions.

32-1203. State board of dental examiners; qualifications of members; terms

A. The state board of dental examiners is established consisting of six licensed dentists, two licensed dental hygienists, two public members and one business entity member appointed by the governor for a term of four years, to begin and end on January 1.

B. Before appointment by the governor, a prospective member of the board shall submit a full set of fingerprints to the governor for the purpose of obtaining a state and federal criminal records check pursuant to section 41-1750 and Public Law 92-544. The department of public safety may exchange this fingerprint data with the federal bureau of investigation.

C. The business entity member and the public members may participate in all board proceedings and determinations, except in the preparing, giving or grading of examinations for licensure. Dental hygienist board members may participate in all board proceedings and determinations, except in the preparing, giving and grading of examinations that do not relate to dental hygiene procedures.

D. A board member shall not serve more than two consecutive terms.

E. For the purposes of this section, business entity member does not include a person who is licensed pursuant to this chapter.

32-1204. Removal from office

The governor may remove a member of the board for persistent neglect of duty, incompetency, unfair, biased, partial or dishonorable conduct, or gross immorality. Conviction of a felony or revocation of the dental license of a member of the board shall ipso facto terminate his membership.

32-1205. Organization; meetings; quorum; staff

A. The board shall elect from its membership a president and a vice-president who shall act also as secretary-treasurer.

B. Board meetings shall be conducted pursuant to title 38, chapter 3, article 3.1. A majority of the board constitutes a quorum. Beginning September 1, 2015, meetings held pursuant to this
subsection shall be audio recorded and the audio recording shall be posted to the board's website within five business days after the meeting.

C. The board may employ an executive director, subject to title 41, chapter 4, article 4 and legislative appropriation.

D. The board or the executive director may employ personnel, as necessary, subject to title 41, chapter 4, article 4 and legislative appropriation.

32-1206. **Compensation of board**

Members of the board are entitled to receive compensation in the amount of two hundred fifty dollars for each day actually spent in performing necessary work authorized by the board and all expenses necessarily and properly incurred while performing this work.

32-1207. **Powers and duties; executive director; immunity; fees; definition**

A. The board shall:

1. Adopt rules that are not inconsistent with this chapter for regulating its own conduct, for holding examinations and for regulating the practice of dentists and supervised personnel and registered business entities, provided:

   (a) Regulation of supervised personnel is based on the degree of education and training of the supervised personnel, the state of scientific technology available and the necessary degree of supervision of the supervised personnel by dentists.

   (b) Except as provided pursuant to sections 32-1276.03 and 32-1281, only licensed dentists may perform diagnosis and treatment planning, prescribe medication and perform surgical procedures on hard and soft tissues.

   (c) Only a licensed dentist, a dental therapist either under the direct supervision of a dentist or pursuant to a written collaborative practice agreement or a dental hygienist in consultation with a dentist may perform examinations, oral health assessments and treatment sequencing for dental hygiene procedures.

2. Adopt a seal.

3. Maintain a record that is available to the board at all times of its acts and proceedings, including the issuance, denial, renewal, suspension or revocation of licenses and the disposition of complaints. The existence of a pending complaint or investigation shall not be disclosed to the public. Records of complaints shall be available to the public, except only as follows:

   (a) If the board dismisses or terminates a complaint, the record of the complaint shall not be available to the public.

   (b) If the board has issued a nondisciplinary letter of concern, the record of the complaint shall be available to the public only for a period of five years after the date the board issued the letter of concern.
(c) If the board has required additional nondisciplinary continuing education pursuant to section 32-1263.01 but has not taken further action, the record of the complaint shall be available to the public only for a period of five years after the licensee satisfies this requirement.

(d) If the board has assessed a nondisciplinary civil penalty pursuant to section 32-1208 but has not taken further action, the record of the complaint shall be available to the public only for a period of five years after the licensee satisfies this requirement.

4. Establish a uniform and reasonable standard of minimum educational requirements consistent with the accreditation standards of the American dental association commission on dental accreditation to be observed by dental schools, dental therapy schools and dental hygiene schools in order to be classified as recognized dental schools, dental therapy schools or dental hygiene schools.

5. Establish a uniform and reasonable standard of minimum educational requirements that are consistent with the accreditation standards of the United States department of education or the council on higher education accreditation and that must be observed by denture technology schools in order to be classified as recognized denture technology schools.

6. Determine the reputability and classification of dental schools, dental therapy schools, dental hygiene schools and denture technology schools in accordance with their compliance with the standard set forth in paragraph 4 or 5 of this subsection, whichever is applicable.

7. Issue licenses to persons who the board determines are eligible for licensure pursuant to this chapter.

8. Determine the eligibility of applicants for restricted permits and issue restricted permits to those found eligible.

9. Pursuant to section 32-1263.02, investigate charges of misconduct on the part of licensees and persons to whom restricted permits have been issued.

10. Issue a letter of concern, which is not a disciplinary action but refers to practices that may lead to a violation and to disciplinary action.

11. Issue decrees of censure, fix periods and terms of probation, suspend or revoke licenses, certificates and restricted permits, as the facts may warrant, and reinstate licenses, certificates and restricted permits in proper cases.

12. Collect and disburse monies.

13. Perform all other duties that are necessary to enforce this chapter and that are not specifically or by necessary implication delegated to another person.

14. Establish criteria for the renewal of permits issued pursuant to board rules relating to general anesthesia and sedation.

B. The board may:

1. Sue and be sued.
2. Issue subpoenas, including subpoenas to the custodian of patient records, compel attendance of witnesses, administer oaths and take testimony concerning all matters within the board’s jurisdiction. If a person refuses to obey a subpoena issued by the board, the refusal shall be certified to the superior court and proceedings shall be instituted for contempt of court.

3. Adopt rules:

   (a) Prescribing requirements for continuing education for renewal of all licenses issued pursuant to this chapter.

   (b) Prescribing educational and experience prerequisites for the administration of intravenous or intramuscular drugs for the purpose of sedation or for use of general anesthetics in conjunction with a dental treatment procedure.

   (c) Prescribing requirements for obtaining licenses for retired licensees or licensees who have a disability, including the triennial license renewal fee.

4. Hire consultants to assist the board in the performance of its duties and employ persons to provide investigative, professional and clerical assistance as the board deems necessary.

5. Contract with other state or federal agencies as required to carry out the purposes of this chapter.

6. If determined by the board, order physical, psychological, psychiatric and competency evaluations of licensed dentists, dental therapists and dental hygienists, certified denturists and applicants for licensure and certification at the expense of those individuals.

C. The executive director or the executive director’s designee may:

1. Issue and renew licenses, certificates and permits to applicants who meet the requirements of this chapter.

2. Initiate an investigation if evidence appears to demonstrate that a dentist, dental therapist, dental hygienist, denturist or restricted permit holder may be engaged in unprofessional conduct or may be unable to safely practice dentistry.

3. Initiate an investigation if evidence appears to demonstrate that a business entity may be engaged in unethical conduct.

4. Subject to board approval, enter into a consent agreement with a dentist, dental therapist, denturist, dental hygienist or restricted permit holder if there is evidence of unprofessional conduct.

5. Subject to board approval, enter into a consent agreement with a business entity if there is evidence of unethical conduct.

6. Refer cases to the board for a formal interview.

7. If delegated by the board, enter into a stipulation agreement with a person under the board’s jurisdiction for the treatment, rehabilitation and monitoring of chemical substance abuse or misuse.
D. Members of the board are personally immune from liability with respect to all acts done and actions taken in good faith and within the scope of their authority.

E. The board by rule shall require that a licensee obtain a permit for the application of general anesthesia, semiconscious sedation or conscious sedation, shall establish and collect a fee of not more than three hundred dollars to cover administrative costs connected with issuing the permit and shall conduct inspections to ensure compliance.

F. The board by rule may establish and collect fees for license verification, board meeting agendas and minutes, published lists and mailing labels.

G. This section does not prohibit the board from conducting its authorized duties in a public meeting.

H. For the purposes of this section, "record of complaint" means the document reflecting the final disposition of a complaint or investigation.

32-1208. Failure to respond to subpoena; civil penalty

In addition to any disciplinary action authorized by statute, the board may assess a nondisciplinary civil penalty in an amount not to exceed five hundred dollars for a licensee who fails to respond to a subpoena issued by the board pursuant to this chapter.

32-1209. Admissibility of records in evidence

A copy of any part of the recorded proceedings of the board certified by the executive director, or a certificate by the executive director that any asserted or purported record, name, license number, restricted permit number or action is not entered in the recorded proceedings of the board, may be admitted as evidence in any court in this state. A person making application and paying a fee set by the board may procure from the executive director a certified copy of any portion of the records of the board unless these records are classified as confidential as provided by law. Unless otherwise provided by law, all records concerning an investigation, examination materials, records of examination grading and applicants' performance and transcripts of educational institutions concerning applicants are confidential and are not public records. "Records of applicants' performance" does not include records of whether an applicant passed or failed an examination.

32-1210. Annual report

A. Not later than October 1 of each year, the board shall make an annual written report to the governor for the preceding year that includes the following information:

1. The number of licensed dentists in the state.

2. The number of licenses issued during the preceding year and to whom issued.

3. The number of examinations held and the dates of the examinations.

4. The facts with respect to accusations filed with the board, of hearings held in connection with those accusations and the results of those hearings.

5. The facts with respect to prosecution of persons charged with violations of this chapter.
6. A full and complete statement of financial transactions of the board.

7. Any other matters that the board wishes to include in the report or that the governor requires.

B. On request of the governor the board shall submit a supplemental report.

32-1212. Dental board fund

A. Except as provided in subsection C of this section, pursuant to sections 35-146 and 35-147, the executive director of the board shall each month deposit ten per cent of all fees, fines and other revenue received by the board, in the state general fund and deposit the remaining ninety per cent in the dental board fund.

B. Monies deposited in the dental board fund shall be subject to the provisions of section 35-143.01.

C. Monies from administrative penalties received pursuant to section 32-1263.01 shall be deposited, pursuant to sections 35-146 and 35-147, in the state general fund.

32-1213. Business entities; registration; renewal; civil penalty; exceptions

A. A business entity may not offer dental services pursuant to this chapter unless:

1. The entity is registered with the board pursuant to this section.

2. The services are conducted by a licensee pursuant to this chapter.

B. The business entity must file a registration application on a form provided by the board. The application must include:

1. A description of the entity’s services offered to the public.

2. The name of any dentist who is authorized to provide and who is responsible for providing the dental services offered at each office.

3. The names and addresses of the officers and directors of the business entity.

4. A registration fee prescribed by the board in rule.

C. A business entity must file a separate registration application and pay a fee for each branch office in this state.

D. A registration expires three years after the date the board issues the registration. A business entity that wishes to renew a registration must submit an application for renewal as prescribed by the board on a triennial basis on a form provided by the board before the expiration date. An entity that fails to renew the registration before the expiration date is subject to a late fee as prescribed by the board by rule. The board may stagger the dates for renewal applications.

E. The business entity must notify the board in writing within thirty days after any change:
1. In the entity's name, address or telephone number.

2. In the officers or directors of the business entity.

3. In the name of any dentist who is authorized to provide and who is responsible for providing the dental services in any facility.

F. The business entity shall establish a written protocol for the secure storage, transfer and access of the dental records of the business entity's patients. This protocol must include, at a minimum, procedures for:

1. Notifying patients of the future locations of their records if the business entity terminates or sells the practice.

2. Disposing of unclaimed dental records.

3. The timely response to requests by patients for copies of their records.

G. The business entity must notify the board within thirty days after the dissolution of any registered business entity or the closing or relocation of any facility and must disclose to the board the entity's procedure by which its patients may obtain their records.

H. The board may do any of the following pursuant to its disciplinary procedures if an entity violates the board's statutes or rules:

1. Refuse to issue a registration.

2. Suspend or revoke a registration.

3. Impose a civil penalty of not more than $2,000 for each violation.

4. Enter a decree of censure.

5. Issue an order prescribing a period and terms of probation that are best adapted to protect the public welfare and that may include a requirement for restitution to a patient for a violation of this chapter or rules adopted pursuant to this chapter.

6. Issue a letter of concern if a business entity's actions may cause the board to take disciplinary action.

I. The board shall deposit, pursuant to sections 35-146 and 35-147, civil penalties collected pursuant to this section in the state general fund.

J. This section does not apply to:

1. A sole proprietorship or partnership that consists exclusively of dentists who are licensed pursuant to this chapter.

2. Any of the following entities licensed under title 20:
(a) A service corporation.

(b) An insurer authorized to transact disability insurance.

(c) A prepaid dental plan organization that does not provide directly for prepaid dental services.

(d) A health care services organization that does not provide directly for dental services.

3. A professional corporation or professional limited liability company, the shares of which are exclusively owned by dentists who are licensed pursuant to this chapter and that is formed to engage in the practice of dentistry pursuant to title 10, chapter 20 or title 29 relating to professional limited liability companies.

4. A facility regulated by the federal government or a state, district or territory of the United States.

5. An administrator or executor of the estate of a deceased dentist or a person who is legally authorized to act for a dentist who has been adjudicated to be mentally incompetent for not more than one year after the date the board receives notice of the dentist's death or incapacitation pursuant to section 32-1270.

K. A facility that offers dental services to the public by persons licensed under this chapter shall be registered by the board unless the facility is any of the following:

1. Owned by a dentist who is licensed pursuant to this chapter.

2. Regulated by the federal government or a state, district or territory of the United States.

L. Except for issues relating to insurance coding and billing that require the name, signature and license number of the dentist providing treatment, this section does not:

1. Authorize a licensee in the course of providing dental services for an entity registered pursuant to this section to disregard or interfere with a policy or practice established by the entity for the operation and management of the business.

2. Authorize an entity registered pursuant to this section to establish or enforce a business policy or practice that may interfere with the clinical judgment of the licensee in providing dental services for the entity or may compromise a licensee's ability to comply with this chapter.

M. The board shall adopt rules that provide a method for the board to receive the assistance and advice of business entities licensed pursuant to this chapter in all matters relating to the regulation of business entities.

N. An individual currently holding a surrendered or revoked license to practice dentistry or dental hygiene in any state or jurisdiction in the United States may not have a majority ownership interest in the business entity registered pursuant to this section. Revocation and surrender of licensure shall be limited to disciplinary actions resulting in loss of license or surrender of license instead of disciplinary action. Dentists or dental hygienists affected by this subsection shall have one year after the surrender or revocation to divest themselves of their ownership interest. This subsection does not apply to publicly held companies. For the purposes of this subsection, "majority ownership interest" means an ownership interest greater than fifty percent.
Article 2 – Licensure

32-1231. Persons not required to be licensed

This chapter does not prohibit:

1. A dentist, dental therapist or dental hygienist who is officially employed in the service of the United States from practicing dentistry in the dentist's, dental therapist's or dental hygienist's official capacity, within the scope of that person's authority, on persons who are enlisted in, directly connected with or under the immediate control of some branch of service of the United States.

2. A person, whether or not licensed by this state, from practicing dental therapy either:

(a) In the discharge of official duties on behalf of the United States government, including the United States department of veterans affairs, the United States public health service and the Indian health service.

(b) While employed by tribal health programs authorized pursuant to Public Law 93-638 or urban Indian health programs.

3. An intern or student of dentistry, dental therapy or dental hygiene from operating in the clinical departments or laboratories of a recognized dental school, dental therapy school, dental hygiene school or hospital under the supervision of a dentist.

4. An unlicensed person from performing for a licensed dentist merely mechanical work on inert matter not within the oral cavity in the construction, making, alteration or repairing of any artificial dental substitute or any dental restorative or corrective appliance, if the casts or impressions for that work have been furnished by a licensed dentist and the work is directly supervised by the dentist for whom done or under a written authorization signed by the dentist, but the burden of proving that written authorization or direct supervision is on the person charged with having violated this provision.

5. A clinician who is not licensed in this state from giving demonstrations, before bona fide dental societies, study clubs and groups of professional students, that are free to the persons on whom made.

6. The state director of dental public health from performing the director’s administrative duties as prescribed by law.

7. A dentist or dental hygienist to whom a restricted permit has been issued from practicing dentistry or dental hygiene in this state as provided in sections 32-1237 and 32-1292.

8. A dentist, dental therapist or dental hygienist who is not practicing on the public at large from practicing in a recognized dental school, recognized dental therapy school or recognized dental hygiene school.

32-1232. Qualifications of applicant; application; fee; fingerprint clearance card

A. An applicant for licensure shall be of good moral character, shall meet the requirements of section 32-1233 and shall hold a diploma conferring a degree of doctor of dental medicine or doctor of dental surgery from a recognized dental school.
B. Each candidate shall submit a written application to the board accompanied by a nonrefundable Arizona dental jurisprudence examination fee of three hundred dollars. The board shall waive this fee for candidates who are holders of valid restricted permits. Each candidate shall also obtain a valid fingerprint clearance card issued pursuant to section 41-1758.03.

C. The board may deny an application for a license, for license renewal or for a restricted permit if the applicant:

1. Has committed any act that would be cause for censure, probation or suspension or revocation of a license under this chapter.

2. While unlicensed, committed or aided and abetted the commission of any act for which a license is required by this chapter.

3. Knowingly made any false statement in the application.

4. Has had a license to practice dentistry revoked by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

5. Is currently under suspension or restriction by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Has surrendered, relinquished or given up a license to practice dentistry in lieu of disciplinary action by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

D. The board shall suspend an application for a license, for license renewal or for a restricted permit if the applicant is currently under investigation by a dental regulatory board in another jurisdiction. The board shall not issue or deny a license to the applicant until the investigation is resolved.

32-1233. Applicants for licensure; examination requirements

An applicant for licensure shall have passed all of the following:

1. The written national dental board examinations.

2. The western regional examining board examination or a clinical examination administered by another state or regional testing agency in the United States within five years preceding filing the application.

3. The Arizona dental jurisprudence examination.

32-1234. Dental consultant license

A. A person may apply for a dental consultant license if the applicant demonstrates to the board's satisfaction that the applicant:
1. Has continuously held a license to practice dentistry for at least twenty-five years issued by one or more states or territories of the United States or the District of Columbia, but is not currently licensed to practice dentistry in Arizona.

2. Is of good moral character.

3. Has not had a license to practice dentistry revoked by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

4. Is not currently under suspension or restriction by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

5. Has not surrendered, relinquished or given up a license to practice dentistry in lieu of disciplinary action by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Meets the applicable requirements of section 32-1232.

7. Meets the requirements of section 32-1233, paragraphs 1 and 3. If an applicant has taken a state written theory examination instead of the written national dental board examinations, the applicant must provide the board with official documentation of passing the written theory examinations in the state where the applicant holds a current license. The board shall then determine the applicant’s eligibility for a license pursuant to this section.

8. Meets the application requirements as prescribed in rule by the board.

B. The board shall suspend an application for a dental consultant license if the applicant is currently under investigation by a dental regulatory board in another jurisdiction in the United States. The board shall not issue or deny a license to the applicant until the investigation is resolved.

C. A person to whom a dental consultant license is issued shall practice dentistry only in the course of the person’s employment or on behalf of an entity licensed under title 20 with the practice limited to supervising or conducting utilization review or other claims or case management activity on behalf of the entity licensed pursuant to title 20. A person who holds a dental consultant license is prohibited from providing direct patient care.

D. This section shall not be deemed to require a person to apply for or hold a dental consultant license in order for that person to serve as a consultant to or engage in claims review activity for an entity licensed pursuant to title 20.

E. Except as provided in subsection B of this section, a dental consultant licensee is subject to all of the provisions of this chapter that are applicable to licensed dentists.

32-1235. Reinstatement of license or certificate; application for previously denied license or certificate

A. On written application the board may issue a new license or certificate to a dentist, dental therapist, dental hygienist or denturist whose license or certificate was previously suspended or
revoked by the board or surrendered by the applicant if the applicant demonstrates to the board's satisfaction that the applicant is completely rehabilitated with respect to the conduct that was the basis for the suspension, revocation or surrender. In making its decision, the board shall determine:

1. That the applicant has not engaged in any conduct during the suspension, revocation or surrender period that would have constituted a basis for revocation pursuant to section 32-1263.

2. If a criminal conviction was a basis for the suspension, revocation or surrender, that the applicant's civil rights have been fully restored pursuant to statute or any other applicable recognized judicial or gubernatorial order.

3. That the applicant has made restitution to any aggrieved person as ordered by a court of competent jurisdiction.

4. That the applicant demonstrates any other standard of rehabilitation the board determines is appropriate.

B. Except as provided in subsection C of this section, a person may not submit an application for reinstatement less than five years after the date of suspension, revocation or surrender.

C. The board shall vacate its previous order to suspend or revoke a license or certificate if that suspension or revocation was based on a conviction of a felony or an offense involving moral turpitude and that conviction has been reversed on appeal. The person may submit an application for reinstatement as soon as the court enters the reversal.

D. An applicant for reinstatement must comply with all initial licensing or certification requirements prescribed by this chapter.

E. A person whose application for a license or certificate has been denied for failure to meet academic requirements may apply for licensure or certification not less than two years after the denial.

F. A person whose application for a license has been denied pursuant to section 32-1232, subsection C may apply for licensure not less than five years after the denial.

32-1236. Dentist triennial licensure; continuing education; license reinstatement; license for each place of practice; notice of change of address or place of practice; retired and disabled license status; penalties

A. Except as provided in section 32-4301, a license expires thirty days after the licensee's birthday every third year. On or before the licensee's birthday every third year, every licensed dentist shall submit to the board a complete renewal application and pay a license renewal fee of not more than $650, established by a formal vote of the board. At least once every three years, before establishing the fee, the board shall review the amount of the fee in a public meeting. Any change in the amount of the fee shall be applied prospectively to a licensee at the time of licensure renewal. The fee prescribed by this subsection does not apply to a retired dentist or to a dentist with a disability.

B. A licensee shall include a written affidavit with the renewal application that affirms that the licensee complies with board rules relating to continuing education requirements. A licensee is not required to complete the written affidavit if the licensee received an initial license within the year
immediately preceding the expiration date of the license or the licensee is in disabled status. If the licensee is not in compliance with board rules relating to continuing education, the board may grant an extension of time to complete these requirements if the licensee includes a written request for an extension with the renewal application instead of the written affidavit and the renewal application is received on or before the licensee's birthday of the expiration year. The board shall consider the extension request based on criteria prescribed by the board by rule. If the board denies an extension request, the license expires thirty days after the licensee's birthday.

C. A person applying for licensure for the first time in this state shall pay a prorated fee for the period remaining until the licensee's next birthday. This fee shall not exceed one-third of the fee established pursuant to subsection A of this section. Subsequent licensure renewal shall be conducted pursuant to this section.

D. An expired license may be reinstated by submitting a complete renewal application within the twenty-four-month period immediately following the expiration of the license with payment of the renewal fee and a $100 penalty. Whenever issued, reinstatement is as of the date of application and entitles the applicant to licensure only for the remainder of the applicable three-year period. If a person does not reinstate a license pursuant to this subsection, the person must reapply for licensure pursuant to this chapter.

E. Each licensee must provide to the board in writing both of the following:

1. A primary mailing address.

2. The address for each place of practice.

F. A licensee maintaining more than one place of practice shall obtain from the board a duplicate license for each office. A fee set by the board shall be charged for each duplicate license. The licensee shall notify the board in writing within ten days after opening the additional place or places of practice. The board shall impose a penalty of $50 for failure to notify the board.

G. A licensee who is fully retired and a licensee who has a permanent disability may contribute services to a recognized charitable institution and still retain that classification for triennial registration purposes on payment of a reduced renewal fee as prescribed by the board by rule.

H. A licensee applying for retired or disabled status shall:

1. Relinquish any prescribing privileges and shall attest by affidavit that the licensee has surrendered to the United States drug enforcement administration any registration issued pursuant to the federal controlled substances act and has surrendered to the board any registration issued pursuant to section 36-2606.

2. If the licensee holds a permit to dispense drugs and devices pursuant to section 32-1298, surrender that permit to the board.

3. Attest by affidavit that the licensee is not currently engaged in the practice of dentistry.

I. A licensee who changes the licensee's primary mailing address or place of practice address shall notify the board of that change in writing within ten days. The board shall impose a penalty of $50 if
a licensee fails to notify the board of the change within that time. The board shall increase the penalty imposed to $100 if a licensee fails to notify it of the change within thirty days.

32-1237. Restricted permit

A person may apply for a restricted permit if the applicant demonstrates to the board’s satisfaction that the applicant:

1. Has a pending contract with a recognized charitable dental clinic or organization that offers dental services without compensation or at a rate that only reimburses the clinic for dental supplies and overhead costs and the applicant will receive no compensation for dental services provided at the clinic or organization.

2. Has a license to practice dentistry issued by another state or territory of the United States or the District of Columbia.

3. Has been actively engaged in one or more of the following for three years immediately preceding the application:

   (a) The practice of dentistry.

   (b) An approved dental residency training program.

   (c) Postgraduate training deemed by the board equivalent to an approved dental residency training program.

4. Is competent and proficient to practice dentistry.

5. Meets the requirements of section 32-1232, subsection A, other than the requirement to meet section 32-1233.

32-1238. Issuance of restricted permit

A restricted permit may be issued by the board without examination or payment of fee for a period not to exceed one year or until June 30th, whichever is lesser, and shall automatically expire at that time. The board may, in its discretion and pursuant to rules or regulations not inconsistent with this chapter, renew such restricted permit for periods not to exceed one year.

32-1239. Practice under restricted permit

A person to whom a restricted permit is issued shall be entitled to practice dentistry only in the course of his employment by a recognized charitable dental clinic or organization as approved by the board, on the following conditions:

1. He shall file a copy of his employment contract with the board and such contract shall contain the following provisions:

   (a) That applicant understands and acknowledges that if his employment by the charitable dental clinic or organization is terminated prior to the expiration of his restricted permit, his restricted permit
will be automatically revoked and he will voluntarily surrender the permit to the board and will no longer be eligible to practice unless or until he has satisfied the requirements of section 32-1237 or has successfully passed the examination as provided in this article.

(b) He shall be employed by a dental clinic or organization organized and operated for charitable purposes offering dental services without compensation. The term "employed" as used in this subdivision shall include the performance of dental services without compensation.

(c) He shall be subject to all the provisions of this chapter applicable to licensed dentists.

32-1240. Licensure by credential; examinations; waiver; fee

A. The board by rule may waive the examination requirements of this article on receipt of evidence satisfactory to the board that the applicant has passed the clinical examination of another state or testing agency more than five years before submitting an application for licensure pursuant to this chapter and the other state or testing agency maintains a standard of licensure that is substantially equivalent to that of this state as determined by the board. The board by rule shall require:

1. A minimum number of active practice hours within a specific time period before the applicant submits the application. The board shall define what constitutes active practice.

2. An affirmation that the applicant has completed the continuing education requirements of the jurisdiction where the applicant is licensed.

B. The applicant shall pay a licensure by credential fee of not more than two thousand dollars as prescribed by the board.

32-1241. Training permits; qualified military health professionals

A. The board shall issue a training permit to a qualified military health professional who is practicing dentistry in the United States armed forces and who is discharging the health professional's official duties by participating in a clinical training program based at a civilian hospital affiliated with the United States department of defense.

B. Before the board issues the training permit, the qualified military health professional must submit a written statement from the United States department of defense that the applicant:

1. Is a member of the United States armed forces who is performing duties for and at the direction of the United States department of defense at a location in this state approved by the United States department of defense.

2. Has a current license or is credentialed to practice dentistry in a jurisdiction of the United States.

3. Meets all required qualification standards prescribed pursuant to 10 United States Code section 1094(d) relating to the licensure requirements for health professionals.

4. Has not had a license to practice revoked by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter.
5. Is not currently under investigation, suspension or restriction by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter.

6. Has not surrendered, relinquished or given up a license in lieu of disciplinary action by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter. This paragraph does not prevent the board from considering the request for a training permit of a qualified military health professional who surrendered, relinquished or gave up a license in lieu of disciplinary action by a regulatory board in another jurisdiction if that regulatory board subsequently reinstated the qualified military health professional's license.

C. The qualified military health professional may not open an office or designate a place to meet patients or receive calls relating to the practice of dentistry in this state outside of the facilities and programs of the approved civilian hospital.

D. The qualified military health professional may not practice outside of the professional's scope of practice.

E. A training permit issued pursuant to this section is valid for one year. The qualified military health professional may apply annually to the board to renew the permit. With each application to renew the qualified military health professional must submit a written statement from the United States department of defense asking the board for continuation of the training permit.

F. The board may not impose a fee to issue or renew a training permit to a qualified military health professional pursuant to this section.

**Article 3 – Regulation**

**32-1261. Practicing without license; classification**

Except as otherwise provided a person is guilty of a class 6 felony who, without a valid license or business entity registration as prescribed by this chapter:

1. Practices dentistry or any branch of dentistry as described in section 32-1202.

2. In any manner or by any means, direct or indirect, advertises, represents or claims to be engaged or ready and willing to engage in that practice as described in section 32-1202.

3. Manages, maintains or carries on, in any capacity or by any arrangement, a practice, business, office or institution for the practice of dentistry, or that is advertised, represented or held out to the public for that purpose.

**32-1262. Corporate practice; display of name and license receipt or license; duplicate licenses; fee**

A. It is lawful to practice dentistry as a professional corporation or professional limited liability company.

B. It is lawful to practice dentistry as a business organization if the business organization is registered as a business entity pursuant to this chapter.
C. It is lawful to practice dentistry under a name other than that of the licensed practitioners if the name is not deceptive or misleading.

D. If practicing as a professional corporation or professional limited liability company, the name and address of record of the dentist owners of the practice shall be conspicuously displayed at the entrance to each owned location.

E. If practicing as a business organization that is registered as a business entity pursuant to section 32-1213, the receipt for the current registration period must be conspicuously displayed at the entrance to each place of practice.

F. A licensee's receipt for the current licensure period shall be displayed in the licensee's place of practice in a manner that is always readily observable by patients or visitors and shall be exhibited to members of the board or to duly authorized agents of the board on request. The receipt for the licensure period immediately preceding shall be kept on display until replaced by the receipt for the current period. During the year in which the licensee is first licensed and until the receipt for the following period is received, the license shall be displayed in lieu of the receipt.

G. If a dentist maintains more than one place of practice, the board may issue one or more duplicate licenses or receipts on payment of a fee fixed by the board not exceeding twenty-five dollars for each duplicate.

H. If a licensee legally changes the licensee's name from that in which the license was originally issued, the board, on satisfactory proof of the change and surrender of the original license, if obtainable, may issue a new license in the new name and shall charge the established fee for duplicate licenses.

32-1263. Grounds for disciplinary action; definition

A. The board may invoke disciplinary action against any person who is licensed under this chapter for any of the following reasons:

1. Unprofessional conduct as defined in section 32-1201.01.

2. Conviction of a felony or of a misdemeanor involving moral turpitude, in which case the record of conviction or a certified copy is conclusive evidence.

3. Physical or mental incompetence to practice pursuant to this chapter.

4. Committing or aiding, directly or indirectly, a violation of or noncompliance with any provision of this chapter or of any rules adopted by the board pursuant to this chapter.

5. Dental incompetence as defined in section 32-1201.

B. This section does not establish a cause of action against a licensee or a registered business entity that makes a report of unprofessional conduct or unethical conduct in good faith.

C. The board may take disciplinary action against a business entity that is registered pursuant to this chapter for unethical conduct.
D. For the purposes of this section, "unethical conduct" means the following acts occurring in this state or elsewhere:

1. Failing to report in writing to the board any evidence that a dentist, dental therapist, denturist or dental hygienist is or may be professionally incompetent, is or may be guilty of unprofessional conduct, is or may be impaired by drugs or alcohol or is or may be mentally or physically unable to safely engage in the permissible activities of a dentist, dental therapist, denturist or dental hygienist.

2. Falsely reporting to the board that a dentist, dental therapist, denturist or dental hygienist is or may be guilty of unprofessional conduct, is or may be impaired by drugs or alcohol or is or may be mentally or physically unable to safely engage in the permissible activities of a dentist, dental therapist, denturist or dental hygienist.

3. Obtaining or attempting to obtain a registration or registration renewal by fraud or by misrepresentation.

4. Knowingly filing with the board any application, renewal or other document that contains false information.

5. Failing to register or failing to submit a renewal registration with the board pursuant to section 32-1213.

6. Failing to provide the following persons with access to any place for which a registration has been issued or for which an application for a registration has been submitted in order to conduct a site investigation, inspection or audit:
   (a) The board or its employees or agents.
   (b) An authorized federal or state official.

7. Failing to notify the board of a change in officers and directors, a change of address or a change in the dentists providing services pursuant to section 32-1213, subsection E.

8. Failing to provide patient records pursuant to section 32-1264.

9. Obtaining a fee by fraud or misrepresentation or wilfully or intentionally filing a fraudulent claim with a third party for services rendered or to be rendered to a patient.

10. Engaging in repeated irregularities in billing.

11. Engaging in the following advertising practices:
   (a) Publishing or circulating, directly or indirectly, any false or fraudulent or misleading statements concerning the skill, methods or practices of a registered business entity, a licensee or any other person.
   (b) Advertising in any manner that tends to deceive or defraud the public.

12. Failing to comply with a board subpoena in a timely manner.
13. Failing to comply with a final board order, including a decree of censure, a period or term of probation, a consent agreement or a stipulation.

14. Employing or aiding and abetting unlicensed persons to perform work that must be done by a person licensed pursuant to this chapter.

15. Engaging in any conduct or practice that constitutes a danger to the health, welfare or safety of the patient or the public.

16. Engaging in a policy or practice that interferes with the clinical judgment of a licensee providing dental services for a business entity or compromising a licensee's ability to comply with this chapter.

17. Engaging in a practice by which a dental hygienist, dental therapist or dental assistant exceeds the scope of practice or restrictions included in a written collaborative practice agreement.

32-1263.01. Types of disciplinary action; letter of concern; judicial review; notice; removal of notice; violation; classification

A. The board may take any one or a combination of the following disciplinary actions against any person licensed under this chapter:

1. Revocation of license to practice.

2. Suspension of license to practice.

3. Entering a decree of censure, which may require that restitution be made to an aggrieved party.

4. Issuance of an order fixing a period and terms of probation best adapted to protect the public health and safety and to rehabilitate the licensed person. The order fixing a period and terms of probation may require that restitution be made to the aggrieved party.

5. Imposition of an administrative penalty in an amount not to exceed two thousand dollars for each violation of this chapter or rules adopted under this chapter.

6. Imposition of a requirement for restitution of fees to the aggrieved party.

7. Imposition of restrictions on the scope of practice.

8. Imposition of peer review and professional education requirements.

9. Imposition of community service.

B. The board may issue a letter of concern if a licensee's continuing practices may cause the board to take disciplinary action. The board may also issue a nondisciplinary order requiring the licensee to complete a prescribed number of hours of continuing education in an area or areas prescribed by the board to provide the licensee with the necessary understanding of current developments, skills, procedures or treatment.
C. Failure to comply with any order of the board, including an order of censure or probation, is cause for suspension or revocation of a license.

D. All disciplinary and final nondisciplinary actions or orders, not including letters of concern or advisory letters, issued by the board against a licensee or certificate holder shall be posted to that licensee's or certificate holder's profile on the board's website. For the purposes of this subsection, only final nondisciplinary actions and orders that are issued after January 1, 2018 shall be posted.

E. Except as provided in section 41-1092.08, subsection H, final decisions of the board are subject to judicial review pursuant to title 12, chapter 7, article 6.

F. If the state board of dental examiners acts to modify any dentist's prescription-writing privileges, it shall immediately notify the Arizona state board of pharmacy of the modification.

G. The board may post a notice of its suspension or revocation of a license at the licensee's place of business. This notice shall remain posted for sixty days. A person who removes this notice without board or court authority before that time is guilty of a class 3 misdemeanor.

H. A licensee or certificate holder shall respond in writing to the board within twenty days after a notice of hearing is served. A licensee who fails to answer the charges in a complaint and notice of hearing issued pursuant to this article and title 41, chapter 6, article 10 is deemed to admit the acts charged in the complaint, and the board may revoke or suspend the license without a hearing.

32-1263.02. Investigation and adjudication of complaints; disciplinary action; civil penalty; immunity; subpoena authority; definitions

A. The board on its motion, or the executive director if delegated by the board, may investigate any evidence that appears to show the existence of any of the causes or grounds for disciplinary action as provided in section 32-1263. The board may investigate any complaint that alleges the existence of any of the causes or grounds for disciplinary action as provided in section 32-1263. The board shall not act on its own motion or on a complaint received by the board if the allegation of unprofessional conduct, unethical conduct or any other violation of this chapter against a professional who holds an Arizona license occurred more than four years before the complaint is received by the board. The four-year time limitation does not apply to:

1. Medical malpractice settlements or judgments, allegations of sexual misconduct or an incident or occurrence that involved a felony, diversion of a controlled substance or impairment while practicing by the licensee.

2. The board's consideration of the specific unprofessional conduct related to the licensee's failure to disclose conduct or a violation as required by law.

B. At the request of the complainant, the board shall not disclose to the respondent the complainant name unless the information is essential to proceedings conducted pursuant to this article.

C. The board or its designees shall conduct necessary investigations, including interviews between representatives of the board and the licensee with respect to any information obtained by or filed with the board under subsection A of this section. The results of the investigation conducted by a designee shall be forwarded to the board for its review.
D. If, based on the information it receives under subsection A of this section, the board finds that the public health, safety or welfare imperatively requires emergency action and incorporates a finding to that effect in its order, the board may order a summary suspension of the respondent's license pursuant to section 41-1092.11 pending proceedings for revocation or other action.

E. If a complaint refers to quality of care, the patient may be referred for a clinical evaluation at the discretion of the board.

F. If, after completing its investigation, the board finds that the information provided pursuant to subsection A of this section is insufficient to merit disciplinary action against the licensee, the board may take any of the following actions:

1. Dismiss the complaint.

2. Issue a nondisciplinary letter of concern to the licensee.

3. Issue a nondisciplinary order requiring the licensee to complete a prescribed number of hours of continuing education in an area or areas prescribed by the board to provide the licensee with the necessary understanding of current developments, skills, procedures or treatment.

4. Assess a nondisciplinary civil penalty in an amount not to exceed five hundred dollars if the complaint involves the licensee's failure to respond to a board subpoena.

G. If, after completing its investigation, the board finds that the information provided pursuant to subsection A of this section is sufficient to merit disciplinary action against the licensee, the board may request that the licensee participate in a formal interview before the board. If the licensee refuses or accepts the invitation for a formal interview and the results indicate that grounds may exist for revocation or suspension, the board shall issue a formal complaint and order that a hearing be held pursuant to title 41, chapter 6, article 10. If, after completing a formal interview, the board finds that the protection of the public requires emergency action, it may order a summary suspension of the license pursuant to section 41-1092.11 pending formal revocation proceedings or other action authorized by this section.

H. If, after completing a formal interview, the board finds that the information provided under subsection A of this section is insufficient to merit suspension or revocation of the license, it may take any of the following actions:

1. Dismiss the complaint.

2. Order disciplinary action pursuant to section 32-1263.01, subsection A.

3. Enter into a consent agreement with the licensee for disciplinary action.

4. Order nondisciplinary continuing education pursuant to section 32-1263.01, subsection B.

5. Issue a nondisciplinary letter of concern to the licensee.

I. A copy of the board's order issued pursuant to this section shall be given to the complainant and to the licensee. Pursuant to title 41, chapter 6, article 10, the licensee may petition for rehearing or review.
J. Any person who in good faith makes a report or complaint as provided in this section to the board or to any person or committee acting on behalf of the board is not subject to liability for civil damages as a result of the report.

K. The board, through its president or the president's designee, may issue subpoenas to compel the attendance of witnesses and the production of documents and may administer oaths, take testimony and receive exhibits in evidence in connection with an investigation initiated by the board or a complaint filed with the board. In case of disobedience to a subpoena, the board may invoke the aid of any court of this state in requiring the attendance and testimony of witnesses and the production of documentary evidence.

L. Patient records, including clinical records, medical reports, laboratory statements and reports, files, films, reports or oral statements relating to diagnostic findings or treatment of patients, any information from which a patient or a patient's family may be identified or information received and records kept by the board as a result of the investigation procedures taken pursuant to this chapter, are not available to the public.

M. The board may charge the costs of formal hearings conducted pursuant to title 41, chapter 6, article 10 to a licensee it finds to be in violation of this chapter.

N. The board may accept the surrender of an active license from a licensee who is subject to a board investigation and who admits in writing to any of the following:

1. Being unable to safely engage in the practice of dentistry.

2. Having committed an act of unprofessional conduct.

3. Having violated this chapter or a board rule.

O. In determining the appropriate disciplinary action under this section, the board may consider any previous nondisciplinary and disciplinary actions against a licensee.

P. If a licensee who is currently providing dental services for a registered business entity believes that the registered business entity has engaged in unethical conduct as defined pursuant to section 32-1263, subsection D, paragraph 16, the licensee must do both of the following before filing a complaint with the board:

1. Notify the registered business entity in writing that the licensee believes that the registered business entity has engaged in a policy or practice that interferes with the clinical judgment of the licensee or that compromises the licensee’s ability to comply with the requirements of this chapter. The licensee shall specify in the notice the reasons for this belief.

2. Provide the registered business entity with at least ten calendar days to respond in writing to the assertions made pursuant to paragraph 1 of this subsection.

Q. A licensee who files a complaint pursuant to subsection P of this section shall provide the board with a copy of the licensee's notification and the registered business entity's response, if any.

R. A registered business entity may not take any adverse employment action against a licensee because the licensee complies with the requirements of subsection P of this section.
S. For the purposes of this section:

1. "License" includes a certificate issued pursuant to this chapter.

2. "Licensee" means a dentist, dental therapist, dental hygienist, denturist, dental consultant, restricted permit holder or business entity regulated pursuant to this chapter.

32-1263.03. Executive director; complaints; termination; review

A. If delegated by the board, the executive director, with the concurrence of the board's investigative staff, may terminate a complaint if the investigative staff's review indicates the complaint is without merit and that termination is appropriate.

B. The executive director may not terminate a complaint if a court has entered a medical malpractice judgment against a person licensed under this chapter.

C. At each regularly scheduled board meeting, the executive director shall provide to the board a list of each complaint the executive director terminated pursuant to subsection A since the preceding board meeting.

D. A person who is aggrieved by an action taken by the executive director pursuant to subsection A may file a written request that the board review that action. The request must be filed within thirty days after that person is notified of the executive director's action by personal delivery or, if the notification is mailed to that person's last known residence or place of business, within thirty-five days after the date on the notification. At the next regular board meeting, the board shall review the executive director's action. On review, the board shall approve, modify or reject the executive director's action.

32-1264. Maintenance of records

A. A person who is licensed or certified pursuant to this chapter shall make and maintain legible written records concerning all diagnoses, evaluations and treatments of each patient of record. A licensee or certificate holder shall maintain records that are stored or produced electronically in retrievable paper form. These records shall include:

1. All treatment notes, including current health history and clinical examinations.

2. Prescription and dispensing information, including all drugs, medicaments and dental materials used for patient care.

3. Diagnosis and treatment planning.

4. Dental and periodontal charting. Specialist charting must include areas of requested care and notation of visual oral examination describing any areas of potential pathology or radiographic irregularities.

5. All radiographs.

B. Records are available for review and for treatment purposes to the dentist, dental therapist, dental hygienist or denturist providing care.
C. On request, the licensee or certificate holder shall allow properly authorized board personnel to have access to the licensee's or certificate holder's place of practice to conduct an inspection and must make the licensee's or certificate holder's records, books and documents available to the board as part of an investigation process.

D. Within fifteen business days after a patient's written request, that patient's dentist, dental therapist, dental hygienist or denturist or a registered business entity shall transfer legible and diagnostic quality copies of that patient's records to another licensee or certificate holder or that patient. The patient may be charged for the reasonable costs of copying and forwarding these records. A dentist, dental therapist, dental hygienist, denturist or registered business entity may require that payment of reproduction costs be made in advance, unless the records are necessary for continuity of care, in which case the records shall not be withheld. Copies of records shall not be withheld because of an unpaid balance for dental services.

E. Unless otherwise required by law, a person who is licensed or certified pursuant to this chapter or a business entity that is registered pursuant to this chapter must retain the original or a copy of a patient's dental records as follows:

1. If the patient is an adult, for at least six years after the last date the adult patient received dental services from that provider.

2. If the patient is a child, for at least three years after the child's eighteenth birthday or for at least six years after the last date the child received dental services from the provider, whichever occurs later.

32-1265. Interpretation of chapter

Nothing in this chapter shall be construed to abridge a license issued under laws of this state relating to medicine or surgery.

32-1266. Prosecution of violations

The attorney general shall act for the board in all matters requiring legal assistance, but the board may employ other or additional counsel in its own behalf. The board shall assist prosecuting officers in enforcement of this chapter, and in so doing may engage suitable persons to assist in investigations and in the procurement and presentation of evidence. Subpoenas or other orders issued by the board may be served by any officer empowered to serve processes, who shall receive the fees prescribed by law. Expenditures made in carrying out provisions of this section shall be paid from the dental board fund.

32-1267. Use of fraudulent instruments; classification

A person is guilty of a class 5 felony who:

1. Knowingly presents to or files with the board as his own a diploma, degree, license, certificate or identification belonging to another, or which is forged or fraudulent.

2. Exhibits or displays any instrument described in paragraph 1 with intent that it be used as evidence of the right of such person to practice dentistry in this state.
3. With fraudulent intent alters any instrument described in paragraph 1 or uses or attempts to use it when so altered.

4. Sells, transfers or offers to sell or transfer, or who purchases, procures or offers to purchase or procure a diploma, license, certificate or identification, with intent that it be used as evidence of the right to practice dentistry in this state by a person other than the one to whom it belongs or is issued.

32-1268. Violations; classification; required proof

A. A person is guilty of a class 2 misdemeanor who:

1. Employs, contracts with, or by any means procures the assistance of, or association with, for the purpose of practicing dentistry, a person not having a valid license therefor.

2. Fails to obey a summons or other order regularly and properly issued by the board.

3. Violates any provision of this chapter for which the penalty is not specifically prescribed.

B. In a prosecution or hearing under this chapter, it is necessary to prove only a single act of violation and not a general course of conduct, and where the violation is continued over a period of one or more days each day constitutes a separate violation subject to the penalties prescribed in this chapter.

32-1269. Violation; classification; injunctive relief

A. A person convicted under this chapter is guilty of a class 2 misdemeanor unless another classification is specifically prescribed in this chapter. Violations shall be prosecuted by the county attorney and tried before the superior court in the county in which the violation occurs.

B. In addition to penalties provided in this chapter, the courts of the state are vested with jurisdiction to prevent and restrain violations of this chapter as nuisances per se, and the county attorneys shall, and the board may, institute proceedings in equity to prevent and restrain violations. A person damaged, or threatened with loss or injury, by reason of a violation of this chapter is entitled to obtain injunctive relief in any court of competent jurisdiction against any damage or threatened loss or injury by reason of a violation of this chapter.

32-1270. Deceased or incapacitated dentists; notification

A. An administrator or executor of the estate of a deceased dentist, or a person who is legally authorized to act for a dentist who has been adjudicated to be mentally incompetent, must notify the board within sixty days after the dentist's death or incapacitation. The administrator or executor may employ a licensed dentist for a period of not more than one year to:

1. Continue the deceased or incapacitated dentist's practice.

2. Conclude the affairs of the deceased or incapacitated dentist, including the sale of any assets.

B. An administrator or executor operating a practice pursuant to this section for more than one year must register as a business entity pursuant to section 32-1213.
32-1271. **Marking of dentures for identification; retention and release of information**

A. Every complete upper or lower denture fabricated by a licensed dentist, or fabricated pursuant to the dentist's work order, must be marked with the patient's name unless the patient objects. The marking must be done during fabrication and must be permanent, legible and cosmetically acceptable. The dentist or the dental laboratory shall determine the location of the marking and the methods used to implant or apply it. The dentist must inform the patient that the marking is used only to identify the patient, and the patient may choose which marking is to appear on the dentures.

B. The dentist must retain the records of marked dentures and may not release the records to any person except to law enforcement officers in any emergency that requires personal identification by means of dental records or to anyone authorized by the patient to receive this information.

**Article 3.1 – Licensing and Regulation of Dental Therapists**

32-1276. **Definitions**

In this article, unless the context otherwise requires:

1. "Applicant" means a person who is applying for licensure to practice dental therapy in this state.

2. "Direct supervision" means that a licensed dentist is present in the office and available to provide treatment or care to a patient and observe a dental therapist's work.

3. "Licensee" means a person who holds a license to practice dental therapy in this state.

32-1276.01. **Application for licensure; requirements; fingerprint clearance card; denial or suspension of application**

A. An applicant for licensure as a dental therapist in this state shall do all of the following:

1. Apply to the board on a form prescribed by the board.

2. Verify under oath that all statements in the application are true to the applicant's knowledge.

3. Enclose with the application:
   
   (a) A recent photograph of the applicant.

   (b) The application fee established by the board by rule.

B. The board may grant a license to practice dental therapy to an applicant who meets all of the following requirements:

1. Is licensed as a dental hygienist pursuant to article 4 of this chapter.

2. Graduates from a dental therapy education program that is accredited by or holds an initial accreditation from the American dental association commission on dental accreditation and that is offered through an accredited higher education institution recognized by the United States department of education.
3. Successfully passes both of the following:

(a) Within five years before filing the application, a clinical examination that is either:

(i) The western regional examining board examination.

(ii) An examination in dental therapy administered by another state or testing agency that is substantially equivalent to the western regional examining board examination, as determined by the state board of dental examiners.

(b) The Arizona dental jurisprudence examination.

4. Is not subject to any grounds for denial of the application under this chapter.

5. Obtains a valid fingerprint clearance card issued pursuant to title 41, chapter 12, article 3.1.

6. Meets all requirements for licensure established by the board by rule.

C. The board may deny an application for licensure or license renewal if the applicant:

1. Has committed an act that would be cause for censure, probation or suspension or revocation of a license under this chapter.

2. While unlicensed, committed or aided and abetted the commission of an act for which a license is required by this chapter.

3. Knowingly made any false statement in the application.

4. Has had a license to practice dental therapy revoked by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

5. Is currently suspended or restricted by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Has surrendered, relinquished or given up a license to practice dental therapy instead of having disciplinary action taken against the applicant by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

D. The board shall suspend an application for licensure if the applicant is currently under investigation by a dental regulatory board in another jurisdiction. The board shall not issue a license or deny an application for licensure until the investigation is completed.
A. Except as provided in section 32-4301, a license issued under this article expires thirty days after the licensee's birthday every third year. On or before the licensee's birthday every third year, each licensed dental therapist shall submit to the board a complete renewal application and pay a license renewal fee established by a formal vote of the board. At least once every three years, before establishing the fee, the board shall review the amount of the fee in a public meeting. Any change in the amount of the fee shall be applied prospectively to a licensee at the time of licensure renewal. The fee prescribed by this subsection does not apply to a retired dental therapist or to a dental therapist with a disability.

B. A licensee shall include a written affidavit with the renewal application that affirms that the licensee complies with board rules relating to continuing education requirements. A licensee is not required to complete the written affidavit if the licensee received an initial license within the year immediately preceding the expiration date of the license or the licensee is in disabled status. If the licensee is not in compliance with board rules relating to continuing education, the board may grant an extension of time to complete these requirements if the licensee includes a written request for an extension with the renewal application instead of the written affidavit and the renewal application is received on or before the licensee's birthday of the expiration year. The board shall consider the extension request based on criteria prescribed by the board by rule. If the board denies an extension request, the license expires thirty days after the licensee's birthday of the expiration year.

C. An applicant for a dental therapy license for the first time in this state shall pay a prorated fee for the period remaining until the licensee's next birthday. This fee may not exceed one-third of the fee prescribed pursuant to subsection A of this section. Subsequent applications shall be conducted pursuant to this section.

D. An expired license may be reinstated by submitting a complete renewal application within the twenty-four-month period immediately following the expiration of the license with payment of the renewal fee and a $100 penalty. When the license is issued, reinstatement is as of the date of application and entitles the applicant to licensure only for the remainder of the applicable three-year period. If a person does not reinstate a license pursuant to this subsection, the person must reapply for licensure pursuant to this article.

E. A licensee shall notify the board in writing within ten days after the licensee changes the primary mailing address listed with the board. The board shall impose a civil penalty of $50 if a licensee fails to notify the board of the change within that time. The board shall increase the civil penalty to $100 if a licensee fails to notify the board of the change within thirty days.

F. A licensee who is at least sixty-five years of age and who is fully retired and a licensee who has a permanent disability may contribute services to a recognized charitable institution and still retain that classification for triennial registration purposes by paying a reduced renewal fee as prescribed by the board by rule.

G. A licensee is not required to maintain a dental hygienist license.
A. A person is deemed to be a practicing dental therapist if the person does any of the acts or performs any operations included in the general practice of dental therapists or dental therapy or any related and associated duties.

B. Either under the direct supervision of a dentist or pursuant to a written collaborative practice agreement, a licensed dental therapist may do any of the following:

1. Perform oral evaluations and assessments of dental disease and formulate individualized treatment plans.

2. Perform comprehensive charting of the oral cavity.

3. Provide oral health instruction and disease prevention education, including motivational interviewing, nutritional counseling and dietary analysis.

4. Expose and process dental radiographic images.

5. Perform dental prophylaxis, scaling, root planing and polishing procedures.

6. Dispense and administer oral and topical nonnarcotic analgesics and anti-inflammatory and antibiotic medications as prescribed by a licensed health care provider.

7. Apply topical preventive and prophylactic agents, including fluoride varnishes, antimicrobial agents, silver diamine fluoride and pit and fissure sealants.

8. Perform pulp vitality testing.

9. Apply desensitizing medicaments or resins.

10. Fabricate athletic mouth guards and soft occlusal guards.

12. Administer nitrous oxide analgesics and local anesthetics.

13. Perform simple extraction of erupted primary teeth.

14. Perform nonsurgical extractions of periodontally diseased permanent teeth that exhibit plus three or grade three mobility and that are not impacted, fractured, unerupted or in need of sectioning for removal.

15. Perform emergency palliative treatments of dental pain that is related to care or a service described in this section.

16. Prepare and place direct restorations in primary and permanent teeth.
17. Fabricate and place single-tooth temporary crowns.

18. Prepare and place preformed crowns on primary teeth.

19. Perform indirect and direct pulp capping on permanent teeth.

20. Perform indirect pulp capping on primary teeth.

22. Provide minor adjustments and repairs on removable prostheses.

23. Place and remove space maintainers.

24. Perform all functions of a dental assistant and expanded function dental assistant.

25. Perform other related services and functions that are authorized by the supervising dentist within the dental therapist's scope of practice and for which the dental therapist is trained.

27. Perform any other duties of a dental therapist that are authorized by the board by rule.

C. A dental therapist may not:

1. Dispense or administer a narcotic drug.

2. Independently bill for services to any individual or third-party payor.

D. A person may not claim to be a dental therapist unless that person is licensed as a dental therapist under this article.

32-1276.04. Dental therapists; clinical practice; supervising dentists; written collaborative practice agreements

A. A dental therapist may practice only in the following practice settings or locations, including mobile dental units, that are operated or served by any of the following:

1. A federally qualified community health center.

2. A health center program that has received a federal look-alike designation.

3. A community health center.

4. A nonprofit dental practice or a nonprofit organization that provides dental care to low-income and underserved individuals.
5. A private dental practice that provides dental care for community health center patients of record who are referred by the community health center.

B. A dental therapist may practice in this state either under the direct supervision of a dentist or pursuant to a written collaborative practice agreement. Before a dental therapist may enter into a written collaborative practice agreement, the dental therapist shall complete one thousand hours of dental therapy clinical practice under the direct supervision of a dentist who is licensed in this state and shall provide documentation satisfactory to the board of having completed this requirement.

C. A practicing dentist who holds an active license pursuant to this chapter and a licensed dental therapist who holds an active license pursuant to this article may enter into a written collaborative practice agreement for the delivery of dental therapy services. The supervising dentist shall provide or arrange for another dentist or specialist to provide any service needed by the dental therapist's patient that exceeds the dental therapist's authorized scope of practice.

D. A dentist may not enter into more than four separate written collaborative practice agreements for the delivery of dental therapy services.

E. A written collaborative practice agreement between a dentist and a dental therapist shall do all of the following:

1. Address any limit on services and procedures to be performed by the dental therapist, including types of populations and any age-specific or procedure-specific practice protocol, including case selection criteria, assessment guidelines and imaging frequency.

2. Address any limit on practice settings established by the supervising dentist and the level of supervision required for various services or treatment settings.

3. Establish practice protocols, including protocols for informed consent, recordkeeping, managing medical emergencies and providing care to patients with complex medical conditions, including requirements for consultation before initiating care.

4. Establish protocols for quality assurance, administering and dispensing medications and supervising dental assistants.

5. Include specific protocols to govern situations in which the dental therapist encounters a patient requiring treatment that exceeds the dental therapist's authorized scope of practice or the limits imposed by the collaborative practice agreement.

6. Specify that the extraction of permanent teeth may be performed only under the direct supervision of a dentist and consistent with section 32-1276.03, subsection B, paragraph 14.

F. Except as provided in section 32-1276.03, subsection B, paragraph 14, to the extent authorized by the supervising dentist in the written collaborative practice agreement, a dental therapist may practice dental therapy procedures authorized under this article in a practice setting in which the supervising dentist is not on-site and has not previously examined the patient or rendered a diagnosis.

G. The written collaborative practice agreement must be signed and maintained by both the supervising dentist and the dental therapist and may be updated and amended as necessary by both
the supervising dentist and dental therapist. The supervising dentist and dental therapist shall submit a copy of the agreement and any amendment to the agreement to the board.

32-1276.05. Dental therapists; supervising dentists; collaborative practice relationships

A. A dentist who holds an active license pursuant to this chapter and a dental therapist who holds an active license pursuant to this article may enter into a collaborative practice relationship through a written collaborative practice agreement for the delivery of dental therapy services.

B. Each dental practice shall disclose to a patient whether the patient is scheduled to see the dentist or dental therapist.

C. Each dentist in a collaborative practice relationship shall:

1. Be available to provide appropriate contact, communication and consultation with the dental therapist.

2. Adopt procedures to provide timely referral of patients whom the dental therapist refers to a licensed dentist for examination. The dentist to whom the patient is referred shall be geographically available to see the patient.

D. Each dental therapist in a collaborative practice relationship shall:

1. Perform only those duties within the terms of the written collaborative practice agreement.

2. Maintain an appropriate level of contact with the supervising dentist.

E. The dental therapist and the supervising dentist shall notify the board of the beginning of the collaborative practice relationship and provide the board with a copy of the written collaborative practice agreement and any amendments to the agreement within thirty days after the effective date of the agreement or amendment. The dental therapist and supervising dentist shall also notify the board within thirty days after the termination date of the written collaborative practice agreement if the date is different than the termination date provided in the agreement.

F. Subject to the terms of the written collaborative practice agreement, a dental therapist may perform all dental therapy procedures authorized in section 32-1276.03. The dentist's presence, examination, diagnosis and treatment plan are not required unless specified by the written collaborative practice agreement.

32-1276.06. Practicing without a license; violation; classification

It is a class 6 felony for a person to practice dental therapy in this state unless the person has obtained a license from the board as provided in this article.

32-1276.07. Licensure by credential; examination waiver; fee

A. The board by rule may waive the examination requirements of this article on receipt of evidence satisfactory to the board that the applicant has passed the clinical examination of another state or testing agency more than five years before submitting the application for licensure pursuant to this article and the other state or testing agency maintains a standard of licensure or certification that is
substantially equivalent to that of this state as determined by the board. The board by rule shall require:

1. A minimum number of active practice hours within a specific time period before the applicant submits the application. The board shall prescribe what constitutes active practice.

2. An affirmation that the applicant has completed the continuing education requirements of the jurisdiction where the applicant is licensed or certified.

B. The applicant shall pay a licensure by credential fee as established by the board in rule.

C. An applicant under this section is not required to obtain a dental hygienist license in this state if the board determines that the applicant otherwise meets the requirements for dental therapist licensure.

32-1276.08. Dental therapy schools; credit for prior experience or coursework

Notwithstanding any other law, a recognized dental therapy school may grant advanced standing or credit for prior learning to a student who has prior experience or has completed coursework that the school determines is equivalent to didactic and clinical education in its accredited program.

Article 4 – Licensing and Regulation of Dental Hygienists

32-1281. Practicing as dental hygienist; supervision requirements; definitions

A. A person is deemed to be practicing as a dental hygienist if the person does any of the acts or performs any of the operations included in the general practice of dental hygienists, dental hygiene and all related and associated duties.

B. A licensed dental hygienist may perform the following:

1. Prophylaxis.

2. Scaling.

3. Closed subgingival curettage.

4. Root planing.

5. Administering local anesthetics and nitrous oxide.

6. Inspecting the oral cavity and surrounding structures for the purposes of gathering clinical data to facilitate a diagnosis.

7. Periodontal screening or assessment.

8. Recording clinical findings.

9. Compiling case histories.
10. Exposing and processing dental radiographs.

11. All functions authorized and deemed appropriate for dental assistants.

12. Except as provided in paragraph 13 of this subsection, those restorative functions permissible for an expanded function dental assistant if qualified pursuant to section 32-1291.01.

13. Placing interim therapeutic restorations after successfully completing a course at an institution accredited by the commission on dental accreditation of the American dental association.

C. The board by rule shall prescribe the circumstances under which a licensed dental hygienist may:

1. Apply preventive and therapeutic agents to the hard and soft tissues.

2. Use emerging scientific technology and prescribe the necessary training, experience and supervision to operate newly developed scientific technology. A dentist who supervises a dental hygienist whose duties include the use of emerging scientific technology must have training on using the emerging technology that is equal to or greater than the training the dental hygienist is required to obtain.

3. Perform other procedures not specifically authorized by this section.

D. Except as provided in subsections E, F and I of this section, a dental hygienist shall practice under the general supervision of a dentist who is licensed pursuant to this chapter.

E. A dental hygienist may practice under the general supervision of a physician who is licensed pursuant to chapter 13 or 17 of this title in an inpatient hospital setting.

F. A dental hygienist may perform the following procedures on meeting the following criteria and under the following conditions:

1. Administering local anesthetics under the direct supervision of a dentist who is licensed pursuant to this chapter after:

   (a) The dental hygienist successfully completes a course in administering local anesthetics that includes didactic and clinical components in both block and infiltration techniques offered by a dental or dental hygiene program accredited by the commission on dental accreditation of the American dental association.

   (b) The dental hygienist successfully completes an examination in local anesthesia given by the western regional examining board or a written and clinical examination of another state or regional examination that is substantially equivalent to the requirements of this state, as determined by the board.

   (c) The board issues to the dental hygienist a local anesthesia certificate on receipt of proof that the requirements of subdivisions (a) and (b) of this paragraph have been met.

2. Administering local anesthetics under general supervision to a patient of record if all of the following are true:
(a) The dental hygienist holds a local anesthesia certificate issued by the board.

(b) The patient is at least eighteen years of age.

(c) The patient has been examined by a dentist who is licensed pursuant to this chapter within the previous twelve months.

(d) There has been no change in the patient's medical history since the last examination. If there has been a change in the patient's medical history within that time, the dental hygienist must consult with the dentist before administering local anesthetics.

(e) The supervising dentist who performed the examination has approved the patient for being administered local anesthetics by the dental hygienist under general supervision and has documented this approval in the patient's record.

3. Administering nitrous oxide analgesia under the direct supervision of a dentist who is licensed pursuant to this chapter after:

(a) The dental hygienist successfully completes a course in administering nitrous oxide analgesia that includes didactic and clinical components offered by a dental or dental hygiene program accredited by the commission on dental accreditation of the American dental association.

(b) The board issues to the dental hygienist a nitrous oxide analgesia certificate on receipt of proof that the requirements of subdivision (a) of this paragraph have been met.

G. The board may issue local anesthesia and nitrous oxide analgesia certificates to a licensed dental hygienist on receipt of evidence satisfactory to the board that the dental hygienist holds a valid certificate or credential in good standing in the respective procedure issued by a licensing board of another jurisdiction of the United States.

H. A dental hygienist may perform dental hygiene procedures in the following settings:

1. On a patient of record of a dentist within that dentist's office.

2. Except as prescribed in section 32-1289.01, in a health care facility, long-term care facility, public health agency or institution, public or private school or homebound setting on patients who have been examined by a dentist within the previous year.

3. In an inpatient hospital setting pursuant to subsection E of this section.

I. A dental hygienist may provide dental hygiene services under an affiliated practice relationship with a dentist as prescribed in section 32-1289.01.

J. For the purposes of this article:

1. "Assessment" means a limited, clinical inspection that is performed to identify possible signs of oral or systemic disease, malformation or injury and the potential need for referral for diagnosis and treatment, and may include collecting clinical information to facilitate an examination, diagnosis and treatment plan by a dentist.
2. "Direct supervision" means that the dentist is present in the office while the dental hygienist is treating a patient and is available for consultation regarding procedures that the dentist authorizes and for which the dentist is responsible.

3. "General supervision" means:

(a) That the dentist is available for consultation, whether or not the dentist is in the dentist's office, over procedures that the dentist has authorized and for which the dentist remains responsible.

(b) With respect to an inpatient hospital setting, that a physician who is licensed pursuant to chapter 13 or 17 of this title is available for consultation, whether or not the physician is physically present at the hospital.

4. "Interim therapeutic restoration" means a provisional restoration that is placed to stabilize a primary or permanent tooth and that consists of removing soft material from the tooth using only hand instrumentation, without using rotary instrumentation, and subsequently placing an adhesive restorative material.

5. "Screening" means determining an individual's need to be seen by a dentist for diagnosis and does not include an examination, diagnosis or treatment planning.

32-1282. Administration and enforcement

A. So far as applicable, the board shall have the same powers and duties in administering and enforcing this article that it has under section 32-1207 in administering and enforcing articles 1, 2 and 3 of this chapter.

B. The board shall adopt rules that provide a method for the board to receive the assistance and advice of dental hygienists licensed pursuant to this chapter in all matters relating to the regulation of dental hygienists.

32-1283. Disposition of revenues

The provisions of section 32-1212 shall apply to all fees, fines and other revenues received by the board under this article.

32-1284. Qualifications of applicant; application; fee; fingerprint clearance card; rules; denial or suspension of application

A. An applicant for licensure as a dental hygienist shall be at least eighteen years of age, shall be of good moral character, shall meet the requirements of section 32-1285 and shall present to the board evidence of graduation or a certificate of satisfactory completion in a course or curriculum in dental hygiene from a recognized dental hygiene school. A candidate shall make written application to the board accompanied by a nonrefundable Arizona dental jurisprudence examination fee of one hundred dollars. The board shall waive this fee for candidates who are holders of valid restricted permits. Each candidate shall also obtain a valid fingerprint clearance card issued pursuant to section 41-1758.03.

B. The board shall adopt rules that govern the practice of dental hygienists and that are not inconsistent with this chapter.
C. The board may deny an application for licensure or an application for license renewal if the applicant:

1. Has committed an act that would be cause for censure, probation or suspension or revocation of a license under this chapter.

2. While unlicensed, committed or aided and abetted the commission of an act for which a license is required by this chapter.

3. Knowingly made any false statement in the application.

4. Has had a license to practice dental hygiene revoked by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

5. Is currently under suspension or restriction by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Has surrendered, relinquished or given up a license to practice dental hygiene instead of disciplinary action by a regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

D. The board shall suspend an application for a license if the applicant is currently under investigation by a dental regulatory board in another jurisdiction. The board shall not issue or deny a license to the applicant until the investigation is resolved.

32-1285. Applicants for licensure; examination requirements

An applicant for licensure shall have passed all of the following:

1. The national dental hygiene board examination.

2. A clinical examination that is completed within five years preceding filing the application and that is either of the following:

   (a) The western regional examining board examination.

   (b) An examination administered by another state or testing agency that is substantially equivalent to the requirements of this state, as determined by the board.

3. The Arizona dental jurisprudence examination.

32-1286. Recognized dental hygiene schools; credit for prior learning

Notwithstanding any law to the contrary, a recognized dental hygiene school may grant advanced standing or credit for prior learning to a student who has prior experience or course work that the school determines is equivalent to didactic and clinical education in its accredited program.
32-1287. Dental hygienist triennial licensure; continuing education; license reinstatement; notice of change of address; penalties; retired and disabled license status

A. Except as provided in section 32-4301, a license expires thirty days after the licensee's birthday every third year. On or before the licensee's birthday every third year, every licensed dental hygienist shall submit to the board a complete renewal application and pay a license renewal fee of not more than $325, established by a formal vote of the board. At least once every three years, before establishing the fee, the board shall review the amount of the fee in a public meeting. Any change in the amount of the fee shall be applied prospectively to a licensee at the time of licensure renewal. The fee prescribed by this section does not apply to a retired hygienist or a hygienist with a disability.

B. A licensee shall include a written affidavit with the renewal application that affirms that the licensee complies with board rules relating to continuing education requirements. A licensee is not required to complete the written affidavit if the licensee received an initial license within the year immediately preceding the expiration date of the license or the licensee is in disabled status. If the licensee is not in compliance with board rules relating to continuing education, the board may grant an extension of time to complete these requirements if the licensee includes a written request for an extension with the renewal application instead of the written affidavit and the renewal application is received on or before the licensee's birthday of the expiration year. The board shall consider the extension request based on criteria prescribed by the board by rule. If the board denies an extension request, the license expires thirty days after the licensee's birthday of the expiration year.

C. A person applying for a license for the first time in this state shall pay a prorated fee for the period remaining until the licensee's next birthday. This fee shall not exceed one-third of the fee established pursuant to subsection A of this section. Subsequent registrations shall be conducted pursuant to this section.

D. An expired license may be reinstated by submitting a complete renewal application within the twenty-four-month period immediately following the expiration of the license with payment of the renewal fee and a $100 penalty. Whenever issued, reinstatement is as of the date of application and entitles the applicant to licensure only for the remainder of the applicable three-year period. If a person does not reinstate a license pursuant to this subsection, the person must reapply for licensure pursuant to this chapter.

E. A licensee shall notify the board in writing within ten days after the licensee changes the primary mailing address listed with the board. The board shall impose a penalty of $50 if a licensee fails to notify the board of the change within that time. The board shall increase the penalty imposed to $100 if a licensee fails to notify it of the change within thirty days.

F. A licensee who is over sixty-five years of age and who is fully retired and a licensee who has a permanent disability may contribute services to a recognized charitable institution and still retain that classification for triennial registration purposes on payment of a reduced renewal fee as prescribed by the board by rule.

32-1288. Practicing without license; classification

It is a class 1 misdemeanor for a person to practice dental hygiene in this state unless the person has obtained a license from the board as provided in this article.
32-1289. **Employment of dental hygienist by public agency, institution or school**

A. A public health agency or institution or a public or private school authority may employ dental hygienists to perform necessary dental hygiene procedures under either direct or general supervision pursuant to section 32-1281.

B. A dental hygienist employed by or working under contract or as a volunteer for a public health agency or institution or a public or private school authority before an examination by a dentist may perform a screening or assessment and apply sealants and topical fluoride.

32-1289.01. **Dental hygienists; affiliated practice relationships; rules; definition**

A. A dentist who holds an active license pursuant to this chapter and a dental hygienist who holds an active license pursuant to this article may enter into an affiliated practice relationship to deliver dental hygiene services.

B. A dental hygienist shall satisfy all of the following to be eligible to enter into an affiliated practice relationship with a dentist pursuant to this section to deliver dental hygiene services in an affiliated practice relationship:

1. Hold an active license in good standing pursuant to this article.

2. Enter into an affiliated practice relationship with a dentist who holds an active license pursuant to this chapter.

3. Be actively engaged in dental hygiene practice for at least five hundred hours in each of the two years immediately preceding the affiliated practice relationship.

C. An affiliated practice agreement between a dental hygienist and a dentist shall be in writing and:

1. Shall identify at least the following:

   (a) The affiliated practice settings in which the dental hygienist may deliver services pursuant to the affiliated practice relationship.

   (b) The services to be provided and any procedures and standing orders the dental hygienist must follow. The standing orders shall include the circumstances in which a patient may be seen by the dental hygienist.

   (c) The conditions under which the dental hygienist may administer local anesthesia and provide root planing.

   (d) Circumstances under which the affiliated practice dental hygienist must consult with the affiliated practice dentist before initiating further treatment on patients who have not been seen by a dentist within twelve months after the initial treatment by the affiliated practice dental hygienist.

2. May include protocols for supervising dental assistants.
D. The following requirements apply to all dental hygiene services provided through an affiliated practice relationship:

1. Patients who have been assessed by the affiliated practice dental hygienist shall be directed to the affiliated practice dentist for diagnosis, treatment or planning that is outside the dental hygienist's scope of practice, and the affiliated practice dentist may make any necessary referrals to other dentists.

2. The affiliated practice dental hygienist shall consult with the affiliated practice dentist if the proposed treatment is outside the scope of the agreement.

3. The affiliated practice dental hygienist shall consult with the affiliated practice dentist before initiating treatment on patients presenting with a complex medical history or medication regimen.

4. The patient shall be informed in writing that the dental hygienist providing the care is a licensed dental hygienist and that the care does not take the place of a diagnosis or treatment plan by a dentist.

E. A contract for dental hygiene services with licensees who have entered into an affiliated practice relationship pursuant to this section may be entered into only by:

1. A health care organization or facility.

2. A long-term care facility.

3. A public health agency or institution.

4. A public or private school authority.

5. A government-sponsored program.

6. A private nonprofit or charitable organization.

7. A social service organization or program.

F. An affiliated practice dental hygienist may not provide dental hygiene services in a setting that is not listed in subsection E of this section.

G. Each dentist in an affiliated practice relationship shall:

1. Be available to provide an appropriate level of contact, communication and consultation with the affiliated practice dental hygienist during the business hours of the affiliated practice dental hygienist.

2. Adopt standing orders applicable to dental hygiene procedures that may be performed and populations that may be treated by the affiliated practice dental hygienist under the terms of the applicable affiliated practice agreement and to be followed by the affiliated practice dental hygienist in each affiliated practice setting in which the affiliated practice dental hygienist performs dental hygiene services under the affiliated practice relationship.
3. Adopt procedures to provide timely referral of patients referred by the affiliated practice dental hygienist to a licensed dentist for examination and treatment planning. If the examination and treatment planning is to be provided by the dentist, that treatment shall be scheduled in an appropriate time frame. The affiliated practice dentist or the dentist to whom the patient is referred shall be geographically available to see the patient.

4. Not permit the provision of dental hygiene services by more than six affiliated practice dental hygienists at any one time.

H. Each affiliated practice dental hygienist, when practicing under an affiliated practice relationship:

1. May perform only those duties within the terms of the affiliated practice relationship.

2. Shall maintain an appropriate level of contact, communication and consultation with the affiliated practice dentist.

3. Is responsible and liable for all services rendered by the affiliated practice dental hygienist under the affiliated practice relationship.

I. The affiliated practice dental hygienist and the affiliated practice dentist shall notify the board of the beginning of the affiliated practice relationship and provide the board with a copy of the agreement and any amendments to the agreement within thirty days after the effective date of the agreement or amendment. The affiliated practice dental hygienist and the affiliated practice dentist shall also notify the board within thirty days after the termination date of the affiliated practice relationship if this date is different than the agreement termination date.

J. Subject to the terms of the written affiliated practice agreement entered into between a dentist and a dental hygienist, a dental hygienist may:

1. Perform all dental hygiene procedures authorized by this chapter, except for performing any diagnostic procedures that are required to be performed by a dentist and administering nitrous oxide. The dentist’s presence and an examination, diagnosis and treatment plan are not required unless specified by the affiliated practice agreement.

2. Supervise dental assistants, including dental assistants who are certified to perform functions pursuant to section 32-1291.

K. The board shall adopt rules regarding participation in affiliated practice relationships by dentists and dental hygienists that specify the following:

1. Additional continuing education requirements that must be satisfied by a dental hygienist.

2. Additional standards and conditions that may apply to affiliated practice relationships.

3. Compliance with the dental practice act and rules adopted by the board.

L. For the purposes of this section, "affiliated practice relationship" means the delivery of dental hygiene services, pursuant to an agreement, by a dental hygienist who is licensed pursuant to this article and who refers the patient to a dentist who is licensed pursuant to this chapter for any necessary further diagnosis, treatment and restorative care.
32-1290. **Grounds for censure, probation, suspension or revocation of license; procedure**

After a hearing pursuant to title 41, chapter 6, article 10, the board may suspend or revoke the license issued to a person under this article or censure or place on probation any such person for any of the causes set forth as grounds for censure, probation, suspension or revocation in section 32-1263.

32-1291. **Dental assistants; regulation; duties**

A. A dental assistant may expose radiographs for dental diagnostic purposes under either the general supervision of a dentist or the direct supervision of an affiliated practice dental hygienist licensed pursuant to this chapter if the assistant has passed an examination approved by the board.

B. A dental assistant may polish the natural and restored surfaces of the teeth under either the general supervision of a dentist or the direct supervision of an affiliated practice dental hygienist licensed pursuant to this chapter if the assistant has passed an examination approved by the board.

32-1291.01. **Expanded function dental assistants; training and examination requirements; duties**

A. A dental assistant may perform expanded functions after meeting one of the following:

1. Successfully completing a board-approved expanded function dental assistant training program at an institution accredited by the American dental association commission on dental accreditation and on successfully completing examinations in dental assistant expanded functions approved by the board.

2. Providing both:

   (a) Evidence of currently holding or having held within the preceding ten years a license, registration, permit or certificate in expanded functions in restorative procedures issued by another state or jurisdiction in the United States.

   (b) Proof acceptable to the board of clinical experience in the expanded functions listed in subsection B of this section.

B. Expanded functions include the placement, contouring and finishing of direct restorations or the placement and cementation of prefabricated crowns following the preparation of the tooth by a licensed dentist. The restorative materials used shall be determined by the dentist.

C. An expanded function dental assistant may place interim therapeutic restorations under the general supervision and direction of a licensed dentist following a consultation conducted through teledentistry.

D. An expanded function dental assistant may apply sealants and fluoride varnish under the general supervision and direction of a licensed dentist.

E. A licensed dental hygienist may engage in expanded functions pursuant to section 32-1281, subsection B, paragraph 12 following a course of study and examination equivalent to that required for an expanded function dental assistant as specified by the board.
32-1292. Restricted permits; suspension; expiration; renewal

A. The board may issue a restricted permit to practice dental hygiene to an applicant who:

1. Has a pending contract with a recognized charitable dental clinic or organization that offers dental hygiene services without compensation or at a rate that reimburses the clinic only for dental supplies and overhead costs and the applicant will not receive compensation for dental hygiene services provided at the clinic or organization.

2. Has a license to practice dental hygiene issued by a regulatory jurisdiction in the United States.

3. Has been actively engaged in the practice of dental hygiene for three years immediately preceding the application.

4. Is, to the board's satisfaction, competent to practice dental hygiene.

5. Meets the requirements of section 32-1284, subsection A that do not relate to examination.

B. A person who holds a restricted permit issued by the board may practice dental hygiene only in the course of the person's employment by a recognized charitable dental clinic or organization approved by the board.

C. The applicant for a restricted permit must file a copy of the person's employment contract with the board that includes a statement signed by the applicant that the applicant:

1. Understands that if that person's employment is terminated before the restricted permit expires, the permit is automatically revoked and that person must voluntarily surrender the permit to the board and is no longer eligible to practice unless that person meets the requirements of sections 32-1284 and 32-1285 or passes the examination required in this article.

2. Must be employed without compensation by a dental clinic or organization that is operated for a charitable purpose.

3. Is subject to the provisions of this chapter that apply to the regulation of dental hygienists.

D. The board may deny an application for a restricted permit if the applicant:

1. Has committed an act that is a cause for disciplinary action pursuant to this chapter.

2. While unlicensed, committed or aided and abetted the commission of any act for which a license is required pursuant to this chapter.

3. Knowingly made a false statement in the application.

4. Has had a license to practice dental hygiene revoked by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.
5. Is currently under suspension or restriction by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Has surrendered, relinquished or given up a license to practice dental hygiene instead of disciplinary action by a dental regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

E. The board shall suspend an application for a restricted permit or an application for restricted permit renewal if the applicant is currently under investigation by a dental regulatory board in another jurisdiction. The board shall not issue or deny a restricted permit to the applicant until the investigation is resolved.

F. A restricted permit expires either one year after the date of issue or June 30, whichever date first occurs. The board may renew a restricted permit for terms that do not exceed one year.

32-1292.01. Licensure by credential; examinations; waiver; fee

A. The board by rule may waive the examination requirements of this article on receipt of evidence satisfactory to the board that the applicant has passed the clinical examination of another state or testing agency more than five years before submitting an application for licensure pursuant to this chapter and the other state or testing agency maintains a standard of licensure that is substantially equivalent to that of this state as determined by the board. The board by rule shall require:

1. A minimum number of active practice hours within a specific time period before the applicant submits the application. The board shall define what constitutes active practice.

2. An affirmation that the applicant has completed the continuing education requirements of the jurisdiction where the applicant is licensed.

B. The applicant shall pay a licensure by credential fee of not more than one thousand dollars as prescribed by the board.

Article 5 – Certification and Regulation of Denturists

32-1293. Practicing as denturist; denture technology; dental laboratory technician

A. Notwithstanding the provisions of section 32-1202, nothing in this chapter shall be construed to prohibit a denturist certified pursuant to the provisions of this article from practicing denture technology.

B. A person is deemed to be practicing denture technology who:

1. Takes impressions and bite registrations for the purpose of or with a view to the making, producing, reproducing, construction, finishing, supplying, altering or repairing of complete upper or lower prosthetic dentures, or both, or removable partial dentures for the replacement of missing teeth.

2. Fits or advertises, offers, agrees, or attempts to fit any complete upper or lower prosthetic denture, or both, or adjusts or alters the fit of any full prosthetic denture, or fits or adjusts or alters the fit of removable partial dentures for the replacement of missing teeth.
C. In addition to the practices described in subsection B of this section, a person certified to practice denture technology may also construct, repair, reline, reproduce or duplicate full or partial prosthetic dentures or otherwise engage in the activities of a dental laboratory technician.

D. No person may perform an act described in subsection B of this section except a licensed dentist, a holder of a restricted permit pursuant to section 32-1238, a certified denturist or auxiliary personnel authorized to perform any such act by rule or regulation of the board pursuant to section 32-1207, subsection A, paragraph 1.

32-1294. Supervision by dentist; definitions; mouth preparation by dentist; liability; business association

A. A denturist may practice only in the office of a licensed dentist, denominated as such.

B. All work by a denturist shall be performed under the general supervision of a licensed dentist. For the purposes of this section, "general supervision" means the dentist is available for consultation in person or by phone during the performance of the procedures by a denturist pursuant to section 32-1293, subsection B. The dentist shall examine the patient initially, check the completed denture as to fit, form and function and perform such other procedures as the board may specify by rule or regulation. For the purposes of this section "completed denture" means a relined, rebased, duplicated or repaired denture or a new denture. Both the dentist and the denturist shall certify that the dentist has performed the initial examination and the final fitting as required in this subsection, and retain the certification in the patient's file.

C. When taking impressions or bite registrations for the purpose of constructing removable partial dentures or when checking the fit of a partial denture, all mouth preparation must be done by the dentist. The denturist is specifically prohibited from performing any cutting or surgery on hard or soft tissue in the mouth. By rule and regulation the board may further regulate the practice of the denturist in regard to removable partial dentures.

D. No more than two denturists may perform their professional duties under a dentist's general supervision at any one time.

E. A licensed dentist supervising a denturist shall be personally liable for any consequences arising from the performance of the denturist's duties.

F. A certified denturist and the dentist supervising his work may make any lawful agreement between themselves regarding fees, compensation and business association.

G. Any sign, advertisement or other notice displaying the name of the office must include the name of the responsible dentist.

32-1295. Board of dental examiners; additional powers and duties

A. In addition to other powers and duties prescribed by this chapter, the board shall:

1. As far as applicable, exercise the same powers and duties in administering and enforcing this article as it exercises under section 32-1207 in administering and enforcing other articles of this chapter.
2. Determine the eligibility of applicants for certification and issue certificates to applicants who it
determines are qualified for certification.

3. Investigate charges of misconduct on the part of certified denturists.

4. Issue decrees of censure, fix periods and terms of probation, suspend or revoke certificates as the
facts may warrant and reinstate certificates in proper cases.

B. The board may:

1. Adopt rules prescribing requirements for continuing education for renewal of all certificates issued
pursuant to this article.

2. Hire consultants to assist the board in the performance of its duties.

C. In all matters relating to discipline and certifying of denturists and the approval of examinations,
the board, by rule, shall provide for receiving the assistance and advice of denturists who have been
previously certified pursuant to this chapter.

32-1296. Qualifications of applicant

A. To be eligible for certification to practice denture technology an applicant shall:

1. Be of good moral character.

2. Hold a high school diploma or its equivalent.

3. Present to the board evidence of graduation from a recognized denturist school or a certificate of
satisfactory completion of a course or curriculum in denture technology from a recognized denturist
school.

4. Pass a board approved examination.

B. A candidate for certification shall submit a written application to the board that includes a
nonrefundable Arizona dental jurisprudence examination fee as prescribed by the board.

32-1297.01. Application for certification; fingerprint clearance card; denial; suspension

A. Each applicant for certification shall submit a written application to the board accompanied by a
nonrefundable jurisprudence examination fee and obtain a valid fingerprint clearance card issued
pursuant to section 41-1758.03.

B. The board may deny an application for certification or for certification renewal if the applicant:

1. Has committed any act that would be cause for censure, probation, suspension or revocation of a
certificate under this chapter.

2. Has knowingly made any false statement in the application.
3. While uncertified, has committed or aided and abetted the commission of any act for which a certificate is required under this chapter.

4. Has had a certificate to practice denture technology revoked by a regulatory board in another jurisdiction in the United States or Canada for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

5. Is currently under investigation, suspension or restriction by a regulatory board in another jurisdiction in the United States or Canada for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

6. Has surrendered, relinquished or given up a certificate to practice denture technology in lieu of disciplinary action by a regulatory board in another jurisdiction in the United States or Canada for an act that occurred in that jurisdiction and that constitutes unprofessional conduct pursuant to this chapter.

C. The board shall suspend an application for certification if the applicant is currently under investigation by a denturist regulatory board in another jurisdiction. The board shall not issue or deny certification to the applicant until the investigation is resolved.

32-1297.03. Qualification for reexamination

An applicant for examination who has previously failed two or more examinations, as a condition of eligibility to take any further examination, shall furnish to the board satisfactory evidence of having successfully completed additional training in a recognized denturist school or refresher courses approved by the board or the board's testing agency.

32-1297.04. Fees

The board shall establish and collect fees, not to exceed the following amounts:

1. For an examination in jurisprudence, two hundred fifty dollars.

2. For each replacement or duplicate certificate, twenty-five dollars.

32-1297.05. Disposition of revenues

The provisions of section 32-1212 shall apply to all fees, penalties and other revenues received by the board under this article.

32-1297.06. Denturist certification; continuing education; certificate reinstatement; certificate for each place of practice; notice of change of address or place of practice; penalties

A. Except as provided in section 32-4301, a certification expires thirty days after the certificate holder's birthday every third year. On or before the certificate holder's birthday every third year, every certified denturist shall submit to the board a complete renewal application and shall pay a certificate renewal fee of not more than $300, established by a formal vote of the board. At least once every three years, before establishing the fee, the board shall review the amount of the fee in a public meeting. Any change in the amount of the fee shall be applied prospectively to a certificate.
holder at the time of certification renewal. This requirement does not apply to a retired denturist or to a denturist with a disability.

B. A certificate holder shall include a written affidavit with the renewal application that affirms that the certificate holder complies with board rules relating to continuing education requirements. A certificate holder is not required to complete the written affidavit if the certificate holder received an initial certification within the year immediately preceding the expiration date of the certificate or the certificate holder is in disabled status. If the certificate holder is not in compliance with board rules relating to continuing education, the board may grant an extension of time to complete these requirements if the certificate holder includes a written request for an extension with the renewal application instead of the written affidavit and the renewal application is received on or before the certificate holder's birthday of the expiration year. The board shall consider the extension request based on criteria prescribed by the board by rule. If the board denies an extension request, the certificate expires thirty days after the certificate holder's birthday of the expiration year.

C. A person applying for a certificate for the first time in this state shall pay a prorated fee for the period remaining until the certificate holder's next birthday. This fee shall not exceed one-third of the fee established pursuant to subsection A of this section. Subsequent certifications shall be conducted pursuant to this section.

D. An expired certificate may be reinstated by submitting a complete renewal application within the twenty-four-month period immediately following the expiration of the certificate with payment of the renewal fee and a $100 penalty. Whenever issued, reinstatement is as of the date of application and entitles the applicant to certification only for the remainder of the applicable three-year period. If a person does not reinstate a certificate pursuant to this subsection, the person must reapply for certification pursuant to this chapter.

E. Each certificate holder must provide to the board in writing both of the following:

1. A primary mailing address.
2. The address for each place of practice.

F. A certificate holder maintaining more than one place of practice shall obtain from the board a duplicate certificate for each office. The board shall set and charge a fee for each duplicate certificate. A certificate holder shall notify the board in writing within ten days after opening an additional place of practice.

G. A certificate holder shall notify the board in writing within ten days after changing a primary mailing address or place of practice address listed with the board. The board shall impose a $50 penalty if a certificate holder fails to notify the board of the change within that time. The board shall increase the penalty imposed to $100 if a certificate holder fails to notify it of the change within thirty days.

32-1297.07. Discipline; procedure

A. After a hearing pursuant to title 41, chapter 6, article 10, the board may suspend or revoke the license issued to a person under this article or censure or place on probation any person for any of the causes set forth as grounds for censure, probation, suspension or revocation in section 32-1263.
B. The board on its own motion may investigate any evidence which appears to show the existence of any of the causes set forth in section 32-1263. The board shall investigate the report under oath of any person which appears to show the existence of any of the causes set forth in section 32-1263. Any person reporting pursuant to this section who provides the information in good faith shall not be subject to liability for civil damages as a result.

C. Except as provided in section 41-1092.08, subsection H, final decisions of the board are subject to judicial review pursuant to title 12, chapter 7, article 6.

32-1297.08. Injunction

A. An injunction shall issue to enjoin the practice of denture technology by any of the following:

1. One neither certified to practice as a denturist nor licensed to practice as a dentist.

2. One certified as a denturist from practicing without proper supervision by a dentist as required by this article.

3. A denturist whose continued practice will or might cause irreparable damage to the public health and safety prior to the time proceedings pursuant to section 32-1297.07 could be instituted and completed.

B. A petition for injunction shall be filed by the board in the superior court for Maricopa county or in the county where the defendant resides or is found. Any citizen is also entitled to obtain injunctive relief in any court of competent jurisdiction because of the threat of injury to the public health and welfare.

C. Issuance of an injunction shall not relieve the respondent from being subject to any other proceedings provided for by law.

32-1297.09. Violations; classification

A person is guilty of a class 2 misdemeanor who:

1. Not licensed as a dentist, practices denture technology without certification as provided by this article.

2. Exhibits or displays a certificate, diploma, degree or identification of another or a forged or fraudulent certificate, diploma, degree or identification with the intent that it be used as evidence of the right of such person to practice as a denturist in this state.

3. Fails to obey a summons or other order regularly and properly issued by the board.

4. Is a licensed dentist responsible for a denturist under this article who fails to personally supervise the work of the denturist.
A. A dentist may dispense drugs, except schedule II controlled substances that are opioids, and devices kept by the dentist if:

1. All drugs are dispensed in packages labeled with the following information:

   (a) The dispensing dentist's name, address and telephone number.

   (b) The date the drug is dispensed.

   (c) The patient's name.

   (d) The name and strength of the drug, directions for its use and any cautionary statements.

2. The dispensing dentist enters into the patient's dental record the name and strength of the drug dispensed, the date the drug is dispensed and the therapeutic reason.

3. The dispensing dentist keeps all drugs in a locked cabinet or room, controls access to the cabinet or room by a written procedure and maintains an ongoing inventory of its contents.

B. Except in an emergency situation, a dentist who dispenses drugs for a profit without being registered by the board to do so is subject to a civil penalty by the board of not less than three hundred dollars and not more than one thousand dollars for each transaction and is prohibited from further dispensing for a period of time as prescribed by the board.

C. Before dispensing a drug pursuant to this section, the patient shall be given a written prescription on which appears the following statement in bold type: "This prescription may be filled by the prescribing dentist or by a pharmacy of your choice."

D. A dentist shall dispense for profit only to the dentist's own patient and only for conditions being treated by that dentist. The dentist shall provide direct supervision of an attendant involved in the dispensing process. For the purposes of this subsection, "direct supervision" means that a dentist is present and makes the determination as to the legitimacy or advisability of the drugs or devices to be dispensed.

E. This section shall be enforced by the board, which shall establish rules regarding labeling, recordkeeping, storage and packaging of drugs that are consistent with the requirements of chapter 18 of this title. The board may conduct periodic inspections of dispensing practices to ensure compliance with this section and applicable rules.

F. For the purposes of this section, "dispense" means the delivery by a dentist of a prescription drug or device to a patient, except for samples packaged for individual use by licensed manufacturers or repackagers of drugs, and includes the prescribing, administering, packaging, labeling and security necessary to prepare and safeguard the drug or device for delivery.
Article 7 – Rehabilitation

32-1299. Substance abuse treatment and rehabilitation program; private contract; funding; confidential stipulation agreement

A. The board may establish a confidential program for the treatment and rehabilitation of dentists, dental therapists, denturists and dental hygienists who are impaired by alcohol or drug abuse. This program shall include education, intervention, therapeutic treatment and posttreatment monitoring and support.

B. The board may contract with other organizations to operate the program established pursuant to this section. A contract with a private organization shall include the following requirements:

1. Periodic reports to the board regarding treatment program activity.

2. Release to the board on demand of all treatment records.

3. Periodic reports to the board regarding each dentist's, dental therapist's, denturist's or dental hygienist's diagnosis and prognosis and recommendations for continuing care, treatment and supervision.

4. Immediate reporting to the board of the name of an impaired practitioner whom the treating organization believes to be a danger to self or others.

5. Immediate reporting to the board of the name of a practitioner who refuses to submit to treatment or whose impairment is not substantially alleviated through treatment.

C. The board may allocate an amount of not more than twenty dollars annually or sixty dollars triennially from each fee it collects from the renewal of active licenses for the operation of the program established by this section.

D. A dentist, dental therapist, denturist or hygienist who, in the opinion of the board, is impaired by alcohol or drug abuse shall agree to enter into a confidential nondisciplinary stipulation agreement with the board. The board shall place a licensee or certificate holder on probation if the licensee or certificate holder refuses to enter into a stipulation agreement with the board and may take other action as provided by law. The board may also refuse to issue a license or certificate to an applicant if the applicant refuses to enter into a stipulation agreement with the board.

E. In the case of a licensee or certificate holder who is impaired by alcohol or drug abuse after completing a second monitoring program pursuant to a stipulation agreement under subsection D of this section, the board shall determine whether:

1. To refer the matter for a formal hearing for the purpose of suspending or revoking the license or certificate.

2. The licensee or certificate holder should be placed on probation for a minimum of one year with restrictions necessary to ensure public safety.

3. To enter into another stipulation agreement under subsection D of this section with the licensee or certificate holder.
Article 8 – Mobile Dental Facilities and Portable Dental Units

32-1299.21. Definitions

In this article, unless the context otherwise requires:

1. "Mobile dental facility" means a facility in which dentistry is practiced and that is routinely towed, moved or transported from one location to another.

2. "Permit holder" means a dentist, dental hygienist, denturist or registered business entity that is authorized by this chapter to offer dental services in this state or a nonprofit organization, school district or school or institution of higher education that may employ a licensee to provide dental services and that is authorized by this article to operate a mobile dental facility or portable dental unit.

3. "Portable dental unit" means a nonfacility in which dental equipment used in the practice of dentistry is transported to and used on a temporary basis at an out-of-office location.

32-1299.22. Mobile dental facilities; portable dental units; permits; exceptions

A. Beginning January 1, 2012, every mobile dental facility and, except as provided in subsection B, every provider, program or entity using portable dental units in this state must obtain a permit pursuant to this article.

B. A licensee who does not hold a permit for a mobile dental facility or portable dental unit may provide dental services if:

1. Occasional services are provided to a patient of record of a fixed dental office who is treated outside of the dental office.

2. Services are provided by a federal, state or local government agency.

3. Occasional services are performed outside of the licensee's office without charge to a patient or a third party.

4. Services are provided to a patient by an accredited dental or dental hygiene school.

5. The licensee holds a valid permit to provide mobile dental anesthesia services.

6. The licensee is an affiliated practice dental hygienist.

32-1299.23. Permit application; fees; renewal; notification of changes

A. An individual or entity that seeks a permit to operate a mobile dental facility or portable dental unit must submit an application on a form provided by the board and pay an annual registration fee prescribed by the board by rule. The permit must be renewed annually not later than the last day of the month in which the permit was issued. Permits not renewed by the expiration date are subject to a late fee as prescribed by the board by rule.
B. A permit holder shall notify the board of any change in address or contact person within ten days after that change. The board shall impose a penalty as prescribed by the board by rule if the permit holder fails to notify the board of that change within that time.

C. If ownership of the mobile dental facility or portable dental unit changes, the prior permit is invalid and a new permit application must be submitted.

32-1299.24. Standards of operation and practice

A. A permit holder must:

1. Comply with all applicable federal, state and local laws, regulations and ordinances dealing with radiographic equipment, flammability, sanitation, zoning and construction standards, including construction standards relating to required access for persons with disabilities.

2. Establish written protocols for follow-up care for patients who are treated in a mobile dental facility or through a portable dental unit. The protocols must include referrals for treatment in a dental office that is permanently established within a reasonable geographic area and may include follow-up care by the mobile dental facility or portable dental unit.

3. Ensure that each mobile dental facility or portable dental unit has access to communication equipment that will enable dental personnel to contact appropriate assistance in an emergency.

4. Identify a person who is licensed pursuant to this chapter, who is responsible to supervise treatment and who, if required by law, will be present when dental services are rendered. This paragraph does not prevent supervision by a dentist providing services or supervision pursuant to the exceptions prescribed in section 32-1231.

5. Display in or on the mobile dental facility or portable dental unit a current valid permit issued pursuant to this article in a manner that is readily observable by patients or visitors.

6. Provide a means of communication during and after business hours to enable the patient or the parent or guardian of a patient to contact the permit holder of the mobile dental facility or portable dental unit for emergency care, follow-up care or information about treatment received.

7. Comply with all requirements for maintenance of records pursuant to section 32-1264 and all other statutory requirements applicable to health care providers and patient records. All records, whether in paper or electronic form, if not in transit, must be maintained in a permanent, secure facility. Records of prior treatment must be readily available during subsequent treatment visits whenever practicable.

8. Ensure that all dentists, dental hygienists and denturists working in the mobile dental facility or portable dental unit hold a valid, current license issued by the board and that all delegated duties are within their respective scopes of practice as prescribed by the applicable laws of this state.

9. Maintain a written or electronic record detailing each location where services are provided, including:

   (a) The street address of the service location.
(b) The dates of each session.

(c) The number of patients served.

(d) The types of dental services provided and the quantity of each service provided.

10. Provide to the board or its representative within ten days after a request for a record the written or electronic record required pursuant to paragraph 9 of this subsection.

11. Comply with current recommended infection control practices for dentistry as published by the national centers for disease control and prevention and as adopted by the board.

B. A mobile dental facility or portable dental unit must:

1. Contain equipment and supplies that are appropriate to the scope and level of treatment provided.

2. Have ready access to an adequate supply of potable water.

C. A permit holder or licensee who fails to comply with applicable statutes and rules governing the practice of dentistry, dental hygiene and denturism, the requirements for registered business entities or the requirements of this article is subject to disciplinary action for unethical or unprofessional conduct, as applicable.

32-1299.25. Informed consent; information for patients

A. The permit holder of a mobile dental facility or portable dental unit must obtain appropriate informed consent, in writing or by verbal communication, that is recorded by an electronic or digital device from the patient or the parent or guardian of the patient authorizing specific treatment before it is performed. The signed consent form or verbal communication shall be maintained as part of the patient's record as required in section 32-1264.

B. If services are provided to a minor, the signed consent form or verbal communication must inform the parent or guardian that the treatment of the minor by the mobile dental facility or portable dental unit may affect future benefits the minor may receive under private insurance, the Arizona health care cost containment system or the children's health insurance program.

C. At the conclusion of each patient's visit, the permit holder of a mobile dental facility or portable dental unit shall provide each patient with an information sheet that must contain:

1. Pertinent contact information as required by this section.

2. The name of the dentist or dental hygienist, or both, who provided services.

3. A description of the treatment rendered, including billed service codes, fees associated with treatment and tooth numbers if appropriate.

4. If necessary, referral information to another dentist as required by this article.
D. If the patient or the minor patient's parent or guardian has provided written consent to an institutional facility to access the patient's dental health records, the permit holder shall provide the institution with a copy of the information sheet provided in subsection C.

32-1299.26. Disciplinary actions; cessation of operation

A. A permit holder for a mobile dental facility or portable dental unit that provides dental services to a patient shall refer the patient for follow-up treatment with a licensed dentist or the permit holder if treatment is clinically indicated. A permit holder or licensee who fails to comply with this subsection commits an act of unprofessional conduct or unethical conduct and is subject to disciplinary action pursuant to section 32-1263, subsection A, paragraph 1 or subsection C.

B. The board may do any of the following pursuant to its disciplinary procedures if a mobile dental facility or portable dental unit violates any statute or board rule:

1. Refuse to issue a permit.

2. Suspend or revoke a permit.

3. Impose a civil penalty of not more than two thousand dollars for each violation.

C. If a mobile dental facility or portable dental unit ceases operations, the permit holder must notify the board within thirty days after the last day of operation and must report on the disposition of patient records and charts. In accordance with applicable laws and rules, the permit holder must also notify all active patients of the disposition of records and make reasonable arrangements for the transfer of patient records, including copies of radiographs, to a succeeding practitioner or, if requested, to the patient. For the purposes of this subsection, "active patient" means any person whom the permit holder has examined, treated, cared for or consulted with during the two year period before the discontinuation of practice.
GAME AND FISH COMMISSION
Title 12, Chapter 4, Article 3
This Five-Year-Review Report (5YRR) from the Arizona Game & Fish Commission relates to rules in Title 12, Chapter 4, Article 3 regarding the taking and handling of live wildlife.

In the last 5YRR of these rules, the Commission proposed to amend its rules. The Commission completed a rulemaking addressing the proposed changes in 2018. The Council approved the NFR on February 9, 2019.

**Proposed Action**

The Commission is proposing to amend several of its rules to improve their overall clarity, consistency, effectiveness and consistency with other rules and statutes. The Commission indicates it plans to submit a Notice of Final Rulemaking to the Council by September 2022.

1. **Has the agency analyzed whether the rules are authorized by statute?**

   Yes, the Commission cites to both general and specific statutory authority.
2. **Summary of the agency’s economic impact comparison and identification of stakeholders:**

   According to the Department, overall, the rulemaking resulted in the estimated economic, small business, and consumer impacts as stated in the last making of the rule except as indicated:

   - **R12-4-310. Fishing Permits:** The Commission anticipated the rulemaking would benefit persons regulated by the rule by reducing regulatory ambiguity and providing greater opportunities for fishing. However, by expanding the applicant eligibility criteria and not placing a limit on the number of permits an applicant may apply for in any given time-frame, the rule has resulted in a large increase in the number of applicants and permits being issued, with some entities applying almost monthly. The Department will continue to review and streamline processes and seek assistance from other work units in order to keep up with the demand for these permits.

   - **R12-4-313. Lawful Methods of Taking Aquatic Wildlife:** The rule was recently amended to establish a limited-entry season for fishing events. The Commission envisioned these events occurring at high demand locations owned by the Department. The Department has not held a limited-entry angling event and is unable to assess the economic impact of the rule.

   - **R12-4-318. Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles:** The rule was amended to establish a limited-entry season for hunting events. The Commission envisioned these events occurring at high demand locations or for high demand hunts. The Department has not held a limited-entry angling event and is unable to assess the economic impact of the rule.

3. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

   The Commission believes the majority of the rules benefit persons regulated by the rule and Department by increasing consistency between Commission Order and rule, reducing regulatory ambiguity to ease compliance, providing greater opportunities for hunting and fishing, reducing the burden on persons regulated by the rules where practical, allowing the Department additional oversight to handle advances in hunting and angling technology, and protecting the spirit of fair chase.
The Department has determined that once the following amendments are made, the probable benefits of the rules within this state outweigh the probably costs of the rule and the rules impose the least burden and costs to persons regulated by the rule.

R12-4-302. Use of Tags: Currently, the rule prohibits any person from possessing another person’s tag or allowing another person to possess your tag. The Department recognizes that a parent or guardian will often hold their minor child’s tag for safekeeping and believes this practice does not violate the intent of the law. The commission is currently pursuing rulemaking to establish that a person may possess a tag issued to another person who is under 18 years of age to reduce burdens and costs to persons regulated by the rule.

4. **Has the agency received any written criticisms of the rules over the last five years?**

   Yes, the Commission indicates they received written criticisms to the rules. The Commission properly responded to the comments.

5. **Has the agency analyzed the rules’ clarity, conciseness, and understandability?**

   Yes, for the reasons mentioned in the report, the Commission indicates the following rules are not clear, concise, and understandable:

   - R12-4-302 - Use of Tags
   - R12-4-305 - Possessing, Transporting, Importing, Exporting and Selling Carcasses or Parts of Wildlife
   - R12-4-306 - Bison Hunt Requirements
   - R12-4-319 - Use of Aircraft to Take Wildlife

6. **Has the agency analyzed the rules’ consistency with other rules and statutes?**

   Yes, for the reasons mentioned in the report the Commission indicates the following rules are not consistent with other rules and statutes:

   - R12-4-303 - Unlawful Devices, Methods and Ammunition
   - R12-4-305 - Possessing, Transporting, Importing, Exporting and Selling Carcasses or Parts of Wildlife
   - R12-4-322 - Pickup and Possession of Wildlife Carcasses or Parts

7. **Has the agency analyzed the rules’ effectiveness in achieving its objectives?**

   Yes, for the reasons mentioned in the report, the Commission indicates the following rules are not effective in achieving their objectives:

   - R12-4-301 - Definitions
R12-4-305 - Possessing, Transporting, Importing, Exporting and Selling Carcasses or Parts of Wildlife
R12-4-306 - Bison Hunt Requirements
R12-4-308 - Wildlife Inspections, Check Stations, and Roadblocks
R12-4-311 - Exemptions from Requirement to Possess an Arizona Fishing License or Hunting License While Taking Wildlife
R12-4-314 - Possession, Transportation, or Importation of Aquatic Wildlife
R12-4-318 - Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles

8. **Has the agency analyzed the current enforcement status of the rules?**

   Yes, for the reasons mentioned in the report the Commission indicates the following rules are not enforced as written:

   - R12-4-302 - Use of Tags
   - R12-4-305 - Possessing, Transporting, Importing, Exporting and Selling Carcasses or Parts of Wildlife

9. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

   No, the Commission indicates the rules are not more stringent than corresponding federal laws; 50 C.F.R. 20.21 and 50 C.F.R. 19

10. **For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

    Yes, the Commission indicates two rules (R12-4-309 & R12-4-310) require the issuance of a general permit and are in compliance with A.R.S. § 41-1037.

11. **Conclusion**

    As mentioned above, the Commission is proposing to amend several of its rules to make them more clear, concise, understandable, effective, and consistent with other rules and statutes. The Commission plans to submit a Notice of Final Rulemaking to the Council by September 2022.

    Council staff recommends approval of this report.
March 8, 2022

The Governor's Regulatory Review Council  
100 North 15th Avenue, Suite 305  
Phoenix, AZ 85007

**RE:** Five-year-Review Report: 12 A.A.C. 4, Article 3. Taking and Handling of Wildlife

Dear Ms Sornsin:

Please find enclosed the Five Year Review Report of the Arizona Game and Fish Commission for 12 A.A.C. 4, Article 3. Taking and Handling of Wildlife which is due on March 31, 2022.

The Arizona Game and Fish Commission hereby certifies compliance with A.R.S. 41-1091.

For questions about this report, please contact Celeste Cook at (623) 236-7390 or at CCook@azgfd.gov.

Sincerely,

Ty E. Gray  
Director

For T Finley as Acting Deputy Director
# TITLE 12. NATURAL RESOURCES  
## CHAPTER 4. GAME AND FISH COMMISSION  
### ARTICLE 3 TAKING AND HANDLING OF LIVE WILDLIFE  
#### FIVE-YEAR REVIEW REPORT

1. General and specific statutes authorizing the rule, including any statute that authorizes the agency to make rules.

For all rules within Article 3, the authorizing statute is A.R.S. § 17-231.

For each rule within Article 3, the implementing statutes are as follows:

<table>
<thead>
<tr>
<th>Rule</th>
<th>Description</th>
</tr>

| but would | Use of Aircraft to Take Wildlife | A.R.S. §§ 17-102, 17-231(A)(2), 17-231(A)(3), 17-

2. Objective of the rule, including the purpose for the existence of the rule.

R12-4-301. Definitions. The objective of the rule is to establish definitions that assist members of the public understand the unique terms that are used throughout Article 3. The rule was adopted to facilitate consistent interpretation of Article 3 rules and to prevent persons regulated by the rule from misinterpreting the intent of Commission rules.

R12-4-302. Use of Tags. The objective of the rule is to establish requirements for the possession and lawful use of tags issued by the Department. A.R.S. § 17-332 authorizes the Commission to prescribe the manner in which a hunter must attach a tag to a big game animal. The rule was adopted to establish the manner and method in which a person must attach a tag to wildlife and ensure consistent interpretation of and compliance with A.R.S. § 17-332.

R12-4-303. Unlawful Devices, Methods, and Ammunition. The objective of the rule is to establish those devices, methods, and ammunition that are unlawful for taking of any wildlife in Arizona. A.R.S. § 17-231(A) requires the Commission to adopt rules prescribing the manner and methods that may be used in taking wildlife. The rule was adopted to establish methods and devices that are unlawful for the take of wildlife.

R12-4-304. Lawful Methods for Taking Wild Mammals, Birds, and Reptiles. The objective of the rule is to establish lawful devices and methods a person may use to take wild mammals, birds, and reptiles during seasons established by Commission Order. A.R.S. § 17-231(A) requires the Commission to adopt rules prescribing the manner and methods that may be used in taking wildlife. A.R.S. § 17-301(D)(2) authorizes the Commission to adopt rules establishing the taking of wildlife with firearms, archery equipment, or other implements in hand as may be defined. The rule was adopted to establish methods and devices that may be used for the take of specific wildlife.

R12-4-305. Possessing, Transporting, Importing, Exporting, and Selling Carcasses or Parts of Wildlife. The
objective of the rule is to conserve wildlife resources by establishing requirements for the lawful possession, transport, import, export, or sale of carcasses or parts of wildlife. The Commission’s rule protects wildlife by discouraging illegal trade of native wildlife. The rule was adopted to prevent the unlawful possession, transport, import, export, or sale of wildlife and allow for lawful possession by establishing the methods for complying with governing statutes.

R12-4-306. Bison Hunt Requirements. The objective of the rule is to establish rules of practice governing bison hunts, which are conducted by the Department to harvest bison appropriate to management objectives and land carrying capacity. In Arizona, bison are found on or adjacent to two wildlife areas operated solely by the Department: Raymond, located east of Flagstaff, and House Rock, located east of the North Kaibab National Forest. Both wildlife areas are managed to provide viewing opportunities as well as hunting opportunity. The rule was adopted to ensure the Department manages these herds on a sustainable basis.

R12-4-307. Trapping Regulations, Licensing; Methods; Tagging of Bobcat Pelts. The objective of the rule is to establish requirements and restrictions necessary to regulate trapping in a fair and humane manner with the utmost regard for wildlife management principles and public safety. In addition, the rule establishes trapping reporting requirements as required under A.R.S. § 17-361(D). Trapping is the use of a device to remotely catch an animal. Fur-bearing and predatory animals may be trapped for a variety of purposes, including food, the fur trade, pest control, and wildlife management. Under A.R.S. § 17-301, it is unlawful to take wildlife with any leghold trap, instant kill body gripping design trap, or by a poison or a snare on any public land. The rule was adopted to establish requirements and restrictions to ensure responsible trapping and safeguard the future of trapping and ensure consistent interpretation of and compliance with A.R.S. § 17-301.

R12-4-308. Wildlife Inspections, Check Stations, and Roadblocks. The objective of the rule is to establish requirements for wildlife check stations and wildlife inspections, as authorized by the Director. Wildlife check stations and inspections enable the Department to obtain biological data and verify evidence of legality. Under A.R.S. § 17-211(E), game rangers and wildlife managers may inspect all wildlife taken or transported and seize all wildlife taken or possessed in violation of law, or showing evidence of illegal taking. The rule was adopted to ensure consistent interpretation of and compliance with A.R.S. § 17-211(E) and other applicable laws and rules.

R12-4-309. Authorization for Use of Drugs on Wildlife. The objective of the rule is to establish the restrictions, application, reporting, and exemption from requirements for the authorization for use of drugs on wildlife, including but not limited to, fertility drugs, growth hormones, and tranquilizers. Such drugs are used in research and population management for fertility control, disease prevention or treatment, immobilization, or growth stimulation. The rule was adopted to proactively provide the Department with measures designed to ensure the necessary regulatory measures are in place for the use of drugs on wildlife.

R12-4-310. Fishing Permits. The objective of the rule is to establish requirements for the fishing permit available
to governmental agencies and nonprofit organizations that provide rehabilitation and treatment services for persons with disabilities. The Commission recognizes fishing and hunting as a fundamental requirement of wildlife conservation in Arizona and introductory fishing or hunting events actively promote participation in a variety of recreational opportunities. The rule was adopted to permit these agencies to provide outdoor fishing opportunities to persons with physical, developmental, or mental disabilities, without requiring them to obtain a fishing license.

R12-4-311. Exemptions from Requirement to Possess an Arizona Fishing License or Hunting License While Taking Wildlife. The objective of the rule is to establish the circumstances under which a person is not required to possess a fishing or hunting license while taking wildlife. A.R.S. § 17-331 states, “Except as provided by this title, rules prescribed by the Commission or Commission Order, a person shall not take any wildlife in this state without a valid license or a Commission approved proof of purchase.” The rule was adopted to identify the circumstances under which a fishing or hunting license is not required due to statutory exemptions or when determined necessary by the Commission. The Commission recognizes fishing or hunting as a fundamental requirement of wildlife conservation in Arizona and introductory fishing or hunting events actively promote participation in a variety of recreational opportunities.

R12-4-313. Lawful Methods of Take and Season for Aquatic Wildlife. The objective of the rule is to establish lawful devices and methods a person may use to take aquatic wildlife during seasons established by Commission Order; and the special restrictions and requirements for various seasons to allow the Department to achieve management plans and goals for the preservation and harvest of aquatic wildlife, while providing maximum fishing opportunities for the public. A.R.S. § 17-301 authorizes the Commission to determine lawful methods for the taking of fish; and A.R.S. § 17-301(D)(2) authorizes the Commission to adopt rules establishing the taking of wildlife with firearms, fishing equipment, archery equipment, or other implements in hand as may be defined. The rule was adopted to establish additional devices and methods by which a person may lawfully take aquatic wildlife and ensure consistent interpretation of and compliance with A.R.S. § 17-301.

R12-4-314. Possession, Transportation, or Importation of Aquatic Wildlife. The objective of the rule is to establish requirements for the temporary possession of live fish and restrictions necessary to control the introduction of undesirable species and to reduce the likelihood that baitfish, crayfish, and waterdogs (larval salamanders) may be released in waters where they could establish populations that compete with existing and native aquatic wildlife. All freshwater game fish are listed as restricted live wildlife. Under R12-4-406, a person must possess a valid special license and any required federal authorization or have a lawful exemption in order to lawfully possess restricted live wildlife. The rule was adopted to provide a lawful mechanism by which a person can temporarily hold certain aquatic wildlife to be used as bait to capture freshwater game fish while protecting and preserving the State's native aquatic wildlife and habitat.

R12-4-318. Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles. The objective of the rule is to
establish special restrictions and requirements for various hunt structures in order to allow the Department to achieve management goals for the preservation and harvest of wildlife, while at the same time providing maximum wildlife-oriented recreational opportunities for the public. Under A.R.S. § 17-301(D)(2), the Commission has the authority to adopt rules establishing the taking of wildlife with firearms, with fishing equipment, with archery equipment, or other implements in hand as may be defined. The rule was adopted to ensure consistent interpretation of and compliance with A.R.S. § 17-301(D)(2).

R12-4-319. Use of Aircraft to Take Wildlife. The objective of the rule is to prohibit the use of aircraft for the purpose of hunting or harassing wildlife to provide for fair chase and pursuit of game animals. A.R.S. § 17-301(B) states, “A person shall not take wildlife, except aquatic wildlife, or discharge a firearm or shoot any other device from a motor vehicle, including an automobile, aircraft, train or powerboat, or from a sailboat, boat under sail, or a floating object towed by powerboat or sailboat except as expressly permitted by the commission.” The rule was adopted to ensure consistent interpretation of and compliance with A.R.S. § 17-301(B).

R12-4-320. Harassment of Wildlife. The objective of the rule is to prohibit the use of vehicles for the purpose of hunting or harassing wildlife to provide for fair chase and pursuit of game animals. A.R.S. § 17-301(B) states, “A person shall not take wildlife, except aquatic wildlife, or discharge a firearm or shoot any other device from a motor vehicle, including an automobile, aircraft, train or powerboat, or from a sailboat, boat under sail, or a floating object towed by powerboat or sailboat except as expressly permitted by the commission.” The rule was adopted to ensure consistent interpretation of and compliance with A.R.S. § 17-301(B).

R12-4-321. Restrictions for Taking Wildlife in City, County, or Town Parks and Preserves. The objective of the rule is to establish restrictions for hunting in city, county, or town parks and preserves. The Maricopa County Parks and Recreation Commission and the Arizona Game and Fish Commission entered into an agreement in 1976 with the following stated objective: “To recognize hunting, fishing and trapping as practical methods for harvesting wildlife resources and to limit restrictions on such methods of harvest to recreational facilities and other developments where people are congregated and require safety precautions.” The agreement further specifies restrictions necessary to meet the objectives of the agreement. Because the restrictions affect the public and are more restrictive than methods commonly prescribed under R12-4-304, R12-4-313, R12-4-317, and R12-4-318, they are appropriately established within this rule as well as within the agreement. The agreement remains in effect to date without change.

R12-4-322. Pickup and Possession of Wildlife Carcasses or Parts. The objective of the rule is to allow persons to pick up and possess naturally shed antlers, horns, or other wildlife parts that are not fresh without a permit or Department inspection when it can be determined the animal died of natural causes and prohibit the pickup and possession of any threatened or endangered species carcass or its parts. Prior to adopting this rule, law and rule did not adequately address the legality of picking up fresh wildlife parts.
3. Effectiveness of the rule in achieving the objective, including a summary of any available data supporting the conclusion reached.

At the beginning of each rule review, Department employees are asked to provide comments and suggested rule changes. In addition, comments received since the last rule review was conducted are reviewed. Comments indicate the rules are understandable and applicable. The Department believes this data indicates the following rules are effective in achieving the objectives stated above:

R12-4-302. Use of Tags
R12-4-307. Trapping Regulations, Licensing; Methods; Tagging of Bobcat Pelts
R12-4-310. Fishing Permits.
R12-4-313. Lawful Methods of Take and Season for Aquatic Wildlife
R12-4-319. Use of Aircraft to Take Wildlife
R12-4-320. Harassment of Wildlife
R12-4-321. Restrictions for Taking Wildlife in City, County, or Town Parks and Preserves
R12-4-322. Pickup and Possession of Wildlife Carcasses or Parts

The Department recommends amending the following rules as indicated to increase their effectiveness:

R12-4-301. Definitions. The development of pre-manufactured powder charges to be used in newly developed muzzleloading firearms allows the charges to be safely loaded and unloaded while the projectile must still be loaded through the muzzle. These new devices are not currently a lawful method for muzzleloader seasons. The Department believes the merits of this new technology, namely increases in safety, outweigh concerns over it being allow during muzzleloader seasons. The Department recommends the definition for muzzleloaders be updated to allow this new technology while still requiring a muzzleloading rifle to be limited to a single barrel that requires reloading of the projectile between shots.

The Department also recommends adding definitions for “traditional muzzleloader” and “traditional archery” to accommodate public input for creating opportunity via more traditional seasons when listed in Commission Order.

The Department also recommends defining “lure” and/or “umbrella rig” (also known as an “Alabama rig”) to clarify the lawful use of multiple lure/hook devices.

R12-4-305. Possessing, Transporting, Importing, Exporting, and Selling Carcasses or Parts of Wildlife. In an effort to prevent the spread of Chronic Wasting Disease (CWD), the rule places restrictions on the import of a cervid taken in another state. This has been problematic for some hunters who wish to bring the cervid carcass to a taxidermist or meat processor in Arizona. The Department recommends easing transport and possession requirements while maintaining appropriate CVWD measures.
R12-4-306. Bison Hunt Requirements. The Department recommends amending the rule to allow a person to check out using the Department's online check out system instead of telephoning a Department office and require the Department employee accompanying the hunter to conduct the check-out at the end of the hunt to simplify the bison hunt check out processes and make them more effective.

R12-4-308. Wildlife Inspections, Check Stations, and Roadblocks. The rule currently requires the submission of a biological sample (such as teeth) for bear, bison, and mountain lion. Biological samples and other data are collected to analyze wildlife health, population trends, demographics, and more. These samples assist Department biologists in the planning stages of their developments, identify critical habitats, and make better decisions to protect, restore, and manage game populations. To better manage Arizona's game populations, the Department recommends amending the rule to require the submission of biological samples when required by Commission Order.

R12-4-311. Exemptions from Requirement to Possess an Arizona Fishing License or Hunting License While Taking Wildlife. The Department recommends correcting the reference to decolatte snails, including their scientific name \((\text{Rumina decollata})\), and adding two species of crustacean, \(\text{Armadillidium vulgare}\) and \(\text{A.nasatum}\).

R12-4-314. Possession, Transportation, or Importation of Aquatic Wildlife. The Department believes this rule exists to establish requirements for the temporary possession of live fish and restrictions necessary to control the introduction of undesirable species and to reduce the likelihood that baitfish, crayfish, and waterdogs (larval salamanders) may be released in waters where they could establish populations that compete with existing and native aquatic wildlife. The Department recommends amending the rule to prohibit the transport of waterdogs for their use as live bait except their use will remain lawful only on those waters where they are taken.

R12-4-318. Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles. The Commission offers Handgun, Archery, and Muzzleloader (HAM) hunts to provide a challenging hunt opportunity for weapons with shorter effective ranges. The Department is aware that some persons participating in a HAM hunt are using a handgun with a brace, which functions similarly to a rifle stock and provides the hunter with additional stability. The most commonly encountered firearm used in this manner is the A.R. pistol, chambered with a .223 or 300 rifle cartridge. These rifle cartridges when combined with the increased stability of a brace are believed to provide a significant advantage over the traditional handgun and handgun cartridge combination. In addition, there is some confusion as to whether to whether the use of a brace is lawful during a HAM season. The Department recommends amending the rule to clarify the use of a handgun with a brace is prohibited during a HAM season. This recommendation is a result of customer comments received by the Department.

The Commission also offers HAM and limited weapon-muzzleloader hunts to provide additional opportunities for hunters to use a muzzleloader in harvesting big game. The intent of these hunts is to provide a challenging hunt opportunity for weapons with shorter effective ranges. The Department is aware that some persons
participating in a HAM or limited weapon-muzzleloader hunt are using magnifying optics that can extend the effective range of a muzzleloader from 200 to 500 yards or more in some cases, thus circumventing the original intent of the HAM and muzzleloader hunt. While muzzleloaders with magnifying optics may continue to be a legal device in a general hunt, the Department recommends amending the rule to state that only open sights, iron sights or a 1x optic may be used during a HAM or limited weapon-muzzleloader hunt. This recommendation is a result of customer comments received by the Department.

4. Consistency of the rule with state and federal statutes and other rules made by the agency, and a listing of the statutes or rules used in determining the consistency.

Statutes and rules used in determining consistency include A.R.S. Title 17 and A.A.C. Title 12, Chapter 4. The following rules are consistent with state and federal statutes and other rules made by the agency and are not in conflict:

R12-4-301. Definitions
R12-4-302. Use of Tags
R12-4-304. Lawful Methods for Taking Wild Mammals, Birds, and Reptiles
R12-4-306. Bison Hunt Requirements
R12-4-307. Trapping Regulations, Licensing; Methods; Tagging of Bobcat Pelts
R12-4-308. Wildlife Inspections, Check Stations, and Roadblocks
R12-4-309. Authorization for Use of Drugs on Wildlife
R12-4-310. Fishing Permits.
R12-4-311. Exemptions from Requirement to Possess an Arizona Fishing License or Hunting License While Taking Wildlife
R12-4-313. Lawful Methods of Take and Season for Aquatic Wildlife
R12-4-314. Possession, Transportation, or Importation of Aquatic Wildlife
R12-4-318. Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles
R12-4-319. Use of Aircraft to Take Wildlife
R12-4-320. Harassment of Wildlife
R12-4-321. Restrictions for Taking Wildlife in City, County, or Town Parks and Preserves

The Department recommends amending the following rules to increase their consistency with statutes and rules as indicated:

R12-4-303. Unlawful Devices, Methods, and Ammunition. Subsection A of this rule references a special license issued under Article 4 that was renamed from "Scientific Collecting License" to "Scientific Activity License." The Department recommends amending the rule to replace references to "Scientific Collecting License" with "Scientific Activity License." to increase consistency between Commission rules.
R12-4-305. Possessing, Transporting, Importing, Exporting, and Selling Carcasses or Parts of Wildlife. Subsection N of this rule regulates the transportation of live crayfish from the site where taken. An exemption is provided as permitted under R12-4-316. R12-4-316 was repealed by final rulemaking, see 25 A.A.R. 1047, effective June 1, 2019. The Department recommends amending the rule to replace references to R12-4-316 with R12-4-314 to increase consistency between rules within Article 3.

In addition, the Department is developing an electronic tagging system that would require a hunter who harvests an animal to immediately attach an electronic tag to a lawfully harvested big game animal. The Department recommends amending the rule to further clarify how the hunter attaches an electronic tag to a big game animal.

R12-4-322. Pickup and Possession of Wildlife Carcasses or Parts. During the 2021 First Regular Session, the Fifty-fifth Legislature amended A.R.S. § 17-319 to expand the conditions under which the Department may issue a big game salvage permit. While it has been determined the rule is not in conflict with the amended statute, the Department recommends amending the rule to reference A.R.S. § 17-319 and clarify the requirements established under the statute are separate from the requirements of the rule.

5. **Agency enforcement policy, including whether the rule is currently being enforced and, if so, whether there are any problems with enforcement.**

The rules are currently being enforced. All peace officers of the state (including city and county) are charged with enforcement. Officers can check for rule compliance during routine patrols. Officers may issue a warning or a citation. To the extent that the Department is aware, there have been no problems with the enforcement of the following rules:
R12-4-301. Definitions
R12-4-303. Unlawful Devices, Methods, and Ammunition
R12-4-304. Lawful Methods for Taking Wild Mammals, Birds, and Reptiles
R12-4-306. Bison Hunt Requirements
R12-4-307. Trapping Regulations, Licensing; Methods; Tagging of Bobcat Pelts
R12-4-309. Authorization for Use of Drugs on Wildlife
R12-4-310. Fishing Permits.
R12-4-311. Exemptions from Requirement to Possess an Arizona Fishing License or Hunting License While Taking Wildlife
R12-4-313. Lawful Methods of Take and Season for Aquatic Wildlife
R12-4-314. Possession, Transportation, or Importation of Aquatic Wildlife.
R12-4-318. Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles
R12-4-319. Use of Aircraft to Take Wildlife
R12-4-320. Harassment of Wildlife
R12-4-321. Restrictions for Taking Wildlife in City, County, or Town Parks and Preserves
R12-4-322. Pickup and Possession of Wildlife Carcasses or Parts

The Department recommends amending the following rules to increase their enforceability as indicated:

R12-4-302. Use of Tags. Currently, the rule prohibits any person from possessing another person's tag or allowing another person to possess your tag. The Department recognizes that a parent or guardian will often hold their minor child's tag for safekeeping and believes this practice does not violate the intent of the law. The Commission is currently pursuing rulemaking to establish that a person may possess a tag issued to another person who is under 18 years of age to increase consistency in how the rule is enforced.

R12-4-305. Possessing, Transporting, Importing, Exporting, and Selling Carcasses or Parts of Wildlife. The current rule establishes the requirements for evidence of legality for a person possessing or transporting certain wildlife. The Department issues permit-tags according to the rules of supply and demand. The number of animals that can be removed from a population without harming the resource establishes the number of permit-tags available for any given species. The Department pays close attention to population trends and hunter success rates in order to determine how permit-tags are distributed to the public. Hunters must comply with established bag and possession limits. Subsection (B)(1) states a person shall ensure the tag is attached to a pheasant. Because the Department no longer issues permit-tags for the take of pheasant, the Department recommends amending the rule to remove the reference to pheasant tag requirements.

In addition, subsection (B)(3) states the requirement for quail to have a fully feathered head, or a fully feathered wing, or a leg with foot attached, when the current Commission Order has established separate bag or possession limits for any species of quail. The Department recommends amending the rule to remove, “when the current Commission Order has established separate bag or possession limits for any species of quail” to clarify that regardless of the overlapping quail seasons for various species, all harvested quail must retain evidence of legality while possessed or transported.

6. Clarity, conciseness, and understandability of the rule.

Except as noted below, the following rules are clear, concise, understandable, are logically organized, and generally written in the active voice:
R12-4-301. Definitions
R12-4-303. Unlawful Devices, Methods, and Ammunition
R12-4-304. Lawful Methods for Taking Wild Mammals, Birds, and Reptiles
R12-4-307. Trapping Regulations, Licensing; Methods; Tagging of Bobcat Pelts
R12-4-308. Wildlife Inspections, Check Stations, and Roadblocks
R12-4-309. Authorization for Use of Drugs on Wildlife
R12-4-310. Fishing Permits
R12-4-311. Exemptions from Requirement to Possess an Arizona Fishing License or Hunting License While Taking Wildlife
R12-4-313. Lawful Methods of Take and Season for Aquatic Wildlife
R12-4-314. Possession, Transportation, or Importation of Aquatic Wildlife
R12-4-318. Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles
R12-4-320. Harassment of Wildlife
R12-4-321. Restrictions for Taking Wildlife in City, County, or Town Parks and Preserves
R12-4-322. Pickup and Possession of Wildlife Carcasses or Parts

The Department recommends amending the following rules to make them more concise as indicated:

R12-4-302. Use of Tags. In the past, a hunter was required to cut or notch their tag when they harvested the animal. Over time, tag features have changed and it is no longer necessary to cut or notch the tag. In addition, the wording of subsection (G), which relates to transportation and shipping permits, can be confusing. The Commission is currently pursuing rulemaking to repeal language referencing the requirement to cut or notch a tag and reword subsection (G) to make the rule more concise.

R12-4-305. Possessing, Transporting, Importing, Exporting, and Selling Carcasses or Parts of Wildlife. The wording of subsection (C), which relates to transportation and shipping permits, can be confusing. The Department recommends pursuing rulemaking to reword subsection (C) to make the rule more concise.

R12-4-306. Bison Hunt Requirements. Under subsection (D), the Department may invalidate a bison hunt permit-tag or nonpermit-tag if the hunter fails to comply with the requirements of subsection (B). The Department recommends amending the rule to reformat the rule to place requirements in chronological order to make the rule more concise.

R12-4-319. Use of Aircraft to Take Wildlife. The Department recommends amending the rule to clarify the use of an aircraft/drone is prohibited in a hunt unit with any open big game season. There is confusion as to whether the prohibition on the use of aircraft/drones applies to a hunt unit for which a person has a tag or any hunt unit with any open big game season.

7. Summary of the written criticisms of the rule received by the agency within the five years immediately preceding the Five-year Review Report, including letters, memoranda, reports, written analyses submitted to the agency questioning whether the rules is based on scientific or reliable principles, or methods, and written allegations made in litigation and administrative proceedings in which the agency was a party that the rule is discriminatory, unfair, unclear, inconsistent with statute, or beyond the authority of the agency to enact, and the conclusion of the litigation and administrative proceedings.
The Department did not receive any written comments for the following rules:

R12-4-301. Definitions
R12-4-302. Use of Tags
R12-4-305. Possessing, Transporting, Importing, Exporting, and Selling Carcasses or Parts of Wildlife
R12-4-306. Bison Hunt Requirements
R12-4-307. Trapping Regulations, Licensing; Methods; Tagging of Bobcat Pelts
R12-4-309. Authorization for Use of Drugs on Wildlife
R12-4-310. Fishing Permits
R12-4-311. Exemptions from Requirement to Possess an Arizona Fishing License or Hunting License While Taking Wildlife
R12-4-313. Lawful Methods of Take and Season for Aquatic Wildlife
R12-4-314. Possession, Transportation, or Importation of Aquatic Wildlife
R12-4-319. Use of Aircraft to Take Wildlife
R12-4-320. Harassment of Wildlife
R12-4-321. Restrictions for Taking Wildlife in City, County, or Town Parks and Preserves
R12-4-322. Pickup and Possession of Wildlife Carcasses or Parts

The Department received the following comments:

**R12-4-303. Unlawful Devices, Methods, and Ammunition:**

Comments suggest the Commission should prohibit the use of dogs to pursue wildlife (especially black bears) so that an inexperienced hunter cannot simply follow their dogs to a treed bear and shoot it without actually having any hunting skills.

**Agency Response:** The sport of using dogs to take wildlife has existed in North America since Colonial days and is a traditional and acceptable method of take in Arizona. Dogs have long been prized partners of waterfowl and upland bird hunters. The use of dogs for these pursuits remains non-controversial and greatly enhances game retrieval. However, there's a common misconception that hunting with dogs ensures an animal will be harvested, every time. In reality, the dogs track an animal and run it up a tree or otherwise provide the hunter with an opportunity to take that animal with a firearm. In addition, wildlife are familiar with their surrounding habitat and know the best ways to elude and escape from predators. Even the strongest-nosed dog can be duped by a 'backtrack.' Currently, the use of dogs for pursuit is lawful for furbearing and predatory animals, mountain lion, nongame mammals, and small game; the use of dogs for these pursuits greatly enhances game retrieval. The use of dogs for the pursuit or take of black bear is lawful August 1 through December 31. Arizona's black bear populations are robust and healthy and can sustain current harvest levels. Harvest levels are evaluated annually; if it becomes necessary to further restrict harvest the Department will recommend changes to methods of take and harvest limits. As to hunting for black bear with dogs, this activity has been shown to allow for selection against
female harvest, thus further protecting the female segment of the black bear population in Arizona.

*Comments suggest the Commission should prohibit camping and hunting over water and the use of water as bait to increase consistency between rules because the use of trail cameras for the purpose of hunting is prohibited near water.*

**Agency Response:** A.R.S. § 17-308 prohibits camping within one-fourth mile of a natural water hole containing water or a man-made watering facility containing water in such a place that wildlife or domestic stock will be denied access to the only reasonably available water. In addition, feedback from wildlife managers in the Department suggests that baiting with water is not a widespread practice. Certainly hunters take advantage of waters while hunting for animals, but there have been few public comments voicing this concern. The Department coordinates with land management agencies to regulate the placement or installation of artificial waters, and the land management agencies have their own statements regarding any artificial structures placed or installed on the landscape. For example, US Forest Service policy in 36 CFR 261.10 (Occupancy and use) states that “the following are prohibited: Constructing, placing, or maintaining any kind of road, trail, structure, fence, enclosure, communication equipment, significant surface disturbance, or other improvement on National Forest System lands or facilities without a special-use authorization, contract, or approved operating plan when such authorization is required.” Given the Department also maintains over 3000 waters across Arizona and hauled more than 2.5 million gallons of water in 2020 to keep water on the landscape, at this time, the Department recommends no action on defining water as an illegal ingestible substance to bait wildlife. The Fair Chase Committee has also determined hunting over water is not a fair chase issue.

*Comments suggest the Commission should prohibit the use of trail cameras for the take of wildlife for many reasons such as, but not limited to, they violate fair chase ethics, they prevent wildlife from accessing water, they destroy habitat, etc.*

**Agency Response:** After a lengthy public process, the Commission recently approved a final rulemaking prohibiting the use of trail cameras for the purpose of taking or aiding in the take of wildlife, or locating wildlife for the purpose of taking or aiding in the take of wildlife. The proposed rule would be in place on all lands in the state of Arizona with the exception of tribal reservation lands, and is intended to address the divisive and social aspects of trail cameras used for the purpose of hunting. The prohibition on the use of trail cameras for the purpose of hunting becomes effective January 1, 2022.

*Comments suggest the Commission should prohibit the use of remote listening devices for the take of wildlife because their use for hunting violates fair chase ethics.*

**Agency Response:** The Department considers listening and georeferencing technology to be in the prototype phase. To be effective, this technology will require a structured network grid of ‘listening’ or ‘acoustic stations’
to be installed on the ground and synced to GPS satellites for proper functioning. While acoustic location and GPS devices are available to the public, the ability to locate animals with the suggested technology still requires that the acoustic devices be physically retrieved from the field, audio files downloaded, cleaned, and then analyzed through manual or partially automated processes. The retrieval and analytical processes are not evolved to the state where files can be uplinked via satellites or through fully automated steps, though the technology is advancing in that direction. While the current technology does not allow for real-time or near-real-time transmission and analysis to locate an animal on the landscape, the Department recommends amending language in R12-4-303, Unlawful Devices, Methods, and Ammunition, to prohibit the use of audio/acoustic location devices for taking or aiding in the take of wildlife or locating wildlife for the purpose of taking or aiding in the take of wildlife.

Comments suggest the Commission should prohibit predator hunting contests because they violate fair chase ethics.

Agency Response: After a lengthy public process, the Commission approved a final rulemaking establishing that a person shall not by any means participate in, organize, promote, sponsor, or solicit participation in a contest where a participant uses or intends to use any device or implement to capture or kill predatory animals or fur-bearing animals as defined under A.R.S. § 17-101. The rule is in place on all lands in the state of Arizona with the exception of tribal reservation lands, and is intended to address the divisive and social aspects of predator hunting contests. The prohibition on participating in a predator hunting contest became effective November 3, 2019.

R12-4-304. Lawful Methods for Taking Wild Mammals, Birds, and Reptiles

Comments suggest the Commission should allow the use of trained dogs to aid in the recovery of wounded big game because they aid in the recovery of wounded game and assist in preventing game meat from going to waste.

Agency Response: The Department is reviewing the potential addition of blood trailing/tracking dogs as a legal method for aiding big game recovery due to the potential benefits of reducing lost game and wasted meat.

Comments suggest the Commission should allow the use of an atlatl for the take of wildlife because it would provide additional opportunities for persons who wish to use them and the efficacy of hunting and fishing with spears and spear throwers have been evaluated by other states and were found to be effective methods for harvesting big game, small game, and rough fish.

Agency Response: The Department is reviewing the potential addition of additional hand held implements (e.g., atlatl, spear, etc.) as a lawful method of take. The Department will evaluate kinetic energy and momentum data for these implements and benchmark with other states as potential new opportunities for hand-held implements.
Comments suggest the Commission should allow the use of a high-powered triggered slingshot for the take of predators because they are capable of taking coyotes, fox, bobcats, etc.

Agency Response: The Commission currently allows multiple small game species to be taken with a slingshot. In evaluating the triggered slingshot, the 8-10mm ball bearing that is loaded as the projectile is a solid piece of metal that does not expand or fragment, which greatly limits the killing effectiveness of the projectile. Video demonstrations of triggered high-powered slingshots demonstrated the bearings were unable to penetrate the side of a thin metal bucket, consequently casting significant doubt on the effective ability and ethical use of this weapon to take, rather than just wound, a larger animal like a coyote or bobcat. The Commission already restricts the use of other non-expanding or non-fragmenting projectiles on big game species because they do not represent humane methods of take, resulting in wounded animals and wasted meat. For these reasons, the Department does not recommend allowing the use of triggered slingshots as a legal method of take for predators, furbearers, or big game.

R12-4-308. Wildlife Inspections, Check Stations, and Roadblocks

Comments suggest the Commission should require harvest reporting for all big game species to allow for more responsive game management.

Agency Response: Mandatory harvest reporting has been evaluated in the past but has not been implemented because the Department believes the harvest data currently being collected is statistically sufficient to aid in developing hunt recommendations. In addition, because mandatory reporting doesn't provide better data (just different data), the Department would lose the ability to compare the current year harvest data with historical harvest trend data to identify changes in populations. In addition, the Department would have to gather harvest data for five to ten years before any of the trend data would have value. However, the Department recommends including mandatory reporting and submission of biological samples (teeth, hair, tissue, etc.) in this section as a tool that can be implemented via Commission Order for seasons where additional data may be useful. This may include developing a definition for "harvest objective" to make the rule more concise. Additionally, the Department is developing an electronic tagging system that would require a hunter who harvests an animal to enter harvest data into the Department's system in order to obtain their tagging details. The Department recognizes this method will not gather participation information from hunters who did not harvest and does not intend to rely solely on the information provided through the electronic tagging system.

R12-4-313. Lawful Methods of Take and Season for Aquatic Wildlife.

Comments suggest the Commission should allow the use of a spear or spear gun for the take of bass.
Agency Response: The Department is reviewing the potential addition of allowing the use of spear guns for the take of bass species in an effort to expand opportunity for anglers who choose to use this method of take.

R12-4-318. Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles

Comments suggest the Commission should prohibit the ability to use a pre-charged pneumatic device shooting darts or arrows during an archery-only hunt and HAM hunts because they provide an unfair advantage to those who use them.

Agency Response: A pre-charged pneumatic device that discharges a dart or arrow is defined as a hybrid device and is considered a lawful method of take during general hunts. It does not meet the definition of a bow or crossbow and is therefore not legal for use in an archery-only hunt.

Comments suggest the Commission should prohibit the use of muzzleloaders with scopes, handguns with braces, and pneumatic weapons that discharge a bolt or arrow during Handgun, Archery, Muzzleloader (HAM) and Limited Weapon-Muzzleloader hunts because they provide an unfair advantage to those who use them.

Agency Response: The Commission offers Handgun, Archery, and Muzzleloader (HAM) hunts to provide a challenging hunt opportunity for weapons with shorter effective ranges. The Department agrees that eliminating the use of magnifying optics on muzzleloaders during these hunts will help to preserve the original intent of HAM and limited weapon-muzzleloader hunts by offering more challenging hunts with primitive weapons. Benchmarking with 13 western states revealed 8 of those states prohibit the use of magnifying optics for muzzleloader hunts. The Department recommends amending the rule to state that only open or iron sights or a 1x optic (i.e. red dot or acog) may be used during HAM or limited weapon-muzzleloader hunts, when established by Commission Order.

The Department is aware that some persons are using a handgun with a brace during the HAM hunts. The brace functions similarly to a rifle stock and provides the hunter with additional stability. The most commonly encountered firearm used in this manner is the A.R. pistol, chambered with a .223 or 300 Blackout cartridge. When combined with the increased stability of a brace, these rifle cartridges are believed to provide a significant advantage over the traditional combination of a handgun and handgun cartridge. The Department recommends amending the rule to prohibit the use of a handgun with a brace during the HAM hunt.

Commission rule defines a hybrid device as a device with a combination of components from two or more lawful devices and is used for the take of wildlife. A pneumatic weapon that discharges a bolt or arrow is a hybrid device and is considered a lawful method of take during a general hunt. The Department recommends clarifying that hybrid devices are not legal for archery-only hunts but would be legal for HAM hunts when they combine...
components of two or more lawful devices (e.g. Airbow). However, the Department recommends clarifying that crossbows and hybrid devices are limited to a single drawstring and that bolts or broadheads used on hybrid devices should be equivalent to legal broadhead sizes (i.e. \( \frac{3}{8} \)" on legal archery arrows).

*Comments suggest the Commission should prohibit the use of all night spotlighting and heat sensing equipment during any big game hunting season because their use for hunting violates fair chase ethics.*

**Agency Response:** Commission laws and rules address the use of spotlighting and heat sensing equipment. Current statute does not allow for harassment of wildlife or the use of thermal imagery in the taking of wildlife. A.R.S. 17-101 (A20) defines ‘take’ as “pursuing, shooting, hunting, fishing, trapping, killing, capturing, snaring or netting wildlife or placing or using any net or other device or trap in a manner that may result in capturing or killing wildlife.” R12-4-303(A)(3)(d) states that “a person shall not use or possess any of the following while taking wildlife: electronic night vision equipment, electronically enhanced light-gathering devices, thermal imaging devices or laser sights projecting a visible light, except for devices such as laser range finders projecting a non-visible light, scopes with self-illuminating reticles, and fiber optic sights with self-illuminating sights or pins that do not project a visible light onto an animal.”

*Comments suggest the Commission offer primitive archery (e.g., longbow, self-bow, or recurve) and muzzleloader hunts (black powder, side hammer, flintlock, or percussion rifles with loose black powder and iron sights) to provide a more challenging hunt.*

**Agency Response:** The Department carefully balances demand among archery, muzzleloader, and general seasons. It is the Department’s goal to establish seasons that provide desirable hunt structures or more opportunity for hunters. The Department is reviewing the potential addition of additional primitive seasons for archery and muzzleloaders.

*Comments suggest the Commission should allow devices using new technologies to be used in muzzleloader seasons to increase opportunity for muzzleloader hunters.*

**Agency Response:** The Department is currently benchmarking with other states and evaluating new muzzleloader technology as well as potential options for modifying the type of muzzleloaders that can be used during the muzzleloader season, while still requiring that the projectile be loaded from the muzzle. Hunters who choose to use new technology may experience a simpler loading and unloading process and greater reliability during inclement weather.

*Comments suggest the Commission should prohibit the use of crossbows during an archery-only hunt or establish a crossbow season because they provide an unfair advantage to those who use them.*
Agency Response: The Crossbow Permit under R12-4-216 allows a person who cannot physically draw and hold a bow to use a crossbow during an archery-only hunt and was created to provide a mechanism that afforded persons with a disability the opportunity to participate in hunting. The Department does not want to further stratify the season hunt structure by recommending the addition of a crossbow season.

Comments suggest the Commission should allow the use of crossbows during an archery-only hunt season to increase opportunity for crossbow hunters.

Agency Response: The Department disagrees. In general, crossbows discharge an arrow or bolt with higher levels of kinetic energy, more speed, and greater accuracy, which provides an advantage to a hunter who uses a crossbow over one who uses a bow and arrow. At this time, crossbows may be used during general season for the take of big game, small game, predators, furbearers, nongame, and the handgun, archery and during HAM season for the take of javelina. In addition, Commission rule already permits the use of a crossbow during an archery-only hunt when the hunter possesses a Crossbow Permit issued under R12-4-216.

Comments suggest the Commission should allow youth ages 10-14 to use of crossbows during an Archery-only hunt season so they can hunt until they are strong enough to hunt with a bow and arrow.

Agency Response: The Department acknowledges that some youth may not be strong enough to draw back a bow. However, the Department also believes these young hunters can learn much about the hunting process and techniques by participating in an archery hunt as an observer until they are strong enough to use a bow themselves.

Comments suggest the Commission should eliminate youth hunts because the odds of drawing a tag are higher and this gives the next generation the false impression of how easy it is to be drawn for other hunts.

Agency Response: The Commission disagrees. The Commission believes providing youth with hunting opportunities is not only designed to recruit new hunters, but also to retain them.

Comments suggest the Commission should establish a seniors-only season because they deserve recognition for having supported the Department for a long time, it is customary to offer a discount or special service to seniors, and they do not have many hunting years left.

Agency Response: The Department believes the random draw process provides an equitable allocation of hunt permit-tags to all persons, regardless of age. Creating additional methods for issuing big game hunt permit-tags would not only be discriminatory, it is inconsistent with the Department’s hunter retention efforts. The Department strives to encourage participation in a greater diversity of wildlife opportunities outside of big game hunting.
8. A comparison of the estimated economic, small business, and consumer impact of the rule with the economic, small business, and consumer impact statement prepared on the last making of the rule or, if no economic, small business, and consumer impact statement was prepared on the last making of the rule, an assessment of the actual economic, small business, and consumer impact of the rule.

Overall, the rulemaking resulted in the estimated economic, small business, and consumer impacts as stated in the last making of the rule except as indicated:

R12-4-310. Fishing Permits. The Commission anticipated the rulemaking would benefit persons regulated by the rule by reducing regulatory ambiguity and providing greater opportunities for fishing. However, by expanding the applicant eligibility criteria and not placing a limit on the number of permits an applicant may apply for in any given time-frame, the rule has resulted in a large increase in the number of applicants and permits being issued, with some entities applying almost monthly. The Department will continue to review and streamline processes and seek assistance from other work units in order to keep up with the demand for these permits.

R12-4-313. Lawful Methods of Taking Aquatic Wildlife. The rule was recently amended to establish a limited-entry season for fishing events, see 27 A.A.R 283 February 26, 2021. The Commission envisions these events occurring at high demand locations owned by the Department, such as Becker Lake or for high demand species. The rule was approved by G.R.R.C. on February 2, 2021 and became effective July 1, 2021. The Department has not held a limited-entry angling event and is unable to assess the economic impact of the rule.

R12-4-318. Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles. The rule was recently amended to establish a limited-entry season for hunting events, see 27 A.A.R 283 February 26, 2021. The Commission envisions these events occurring at high demand locations or for high demand hunts. The rule was approved by G.R.R.C. on February 2, 2021 and became effective July 1, 2021. The Department has not held a limited-entry angling event and is unable to assess the economic impact of the rule.

9. Any analysis submitted to the agency by another person regarding the rule’s impact on the competitiveness of businesses in this state as compared to the competitiveness of businesses in other states.

The Department did not receive any analyses.

10. If applicable, how the agency completed the course of action indicated in the agency’s previous five-year review report.

The Department completed the course of action indicated in the previous five-year review report as follows:

11. A determination after analysis that the probable benefits of the rule within this state outweigh the probable costs of the rule and the rule imposes the least burden and costs to persons regulated by the rule, including paperwork and other compliance costs necessary to achieve the underlying regulatory objective.

Arizona's great abundance and diversity of native wildlife can be attributed to careful management and the important role of the conservation programs the Arizona Game and Fish Department has developed. The Department’s management of both game and nongame species as a public resource depends on sound science and active management. As trustee, the state has no power to delegate its trust duties and no freedom to transfer trust ownership or management of assets to private establishments. Without strict agency oversight and management, the fate of many of our native species would be in jeopardy. Wildlife can be owned by no individual and is held by the state in trust for all the people. As areas within Arizona become increasingly urbanized, more people are now living isolated from nature and outdoor activities such as hunting. As hunters represent a smaller percentage of the overall population, growing segments of society are questioning the validity of hunting including its benefits, how it is conducted, and if it should continue as a legal activity. Regulated hunting fundamentally supports wildlife conservation efforts in North America. The loss of hunting would equate to a measurable loss in conservation efforts. Hunting and angling are the cornerstones of the North American Model of Wildlife Conservation and continue to be the primary source of funding for conservation efforts in Arizona. Hunters and anglers support 18,220 jobs in Arizona; this especially benefits rural communities. Spending by sportsmen and women in Arizona generated $132 million in State and local taxes in 2011; enough to support the average salaries of 2,311 police and sheriff's patrol officers. The economic stimulus of hunting and fishing equates to $3.4 million a day being pumped into Arizona’s economy. ~ Congressional Sportsmen’s Foundation: 2013 Sportsman’s Economic Report - Arizona. The Article 3 rules address the ethical taking and handling of wildlife, increase hunter opportunity, and encourage hunter recruitment and retention. These areas include the use of tags, lawful and unlawful methods of taking and possessing wildlife and wildlife parts, seasons, check-in/check-out requirements, and reporting requirements. The Commission believes the majority of the rules benefit persons regulated by the rule and the Department by increasing consistency between Commission Order and rule, reducing regulatory ambiguity to ease compliance, providing greater opportunities for hunting and fishing, reducing the burden on persons regulated by the rules where practical, allowing the Department additional oversight to handle advances in hunting and angling technology and protecting the spirit of fair chase. Fair Chase issues can erode public support of hunting and angling and threaten the funding that drives Arizona’s conservation mission and the
economic benefit of those activities to our State. In addition, there exists a general expectation that hunting be conducted under appropriate conditions; animals are taken for legitimate purposes such as food, to accomplish wildlife agency management goals, and to mitigate property damage. It is also expected that the hunting is done sustainably and legally, and that hunters show respect for the land and animals they hunt. In the broadest sense, hunters are guided by a conservation ethic, but the most common term used to describe the actual ethical pursuit of an animal is “fair chase.” “Fair Chase” means the ethical and lawful pursuit and take of free-range wildlife in a manner that does not give the hunter or angler improper or unfair advantage over such wildlife. The following criteria are used to evaluate whether a new technology or practice violates the Fair Chase ethic; does the technology or practice allow a hunter or angler to: locate or take wildlife without acquiring necessary hunting and angling skills or competency; pursue or take wildlife without being physically present and pursuing wildlife in the field; or almost guarantee the harvest of wildlife when the technology or practice prevents wildlife from eluding take.

The Department has determined that once the following amendments are made, the probable benefits of the rules within this state outweigh the probable costs of the rule and the rules impose the least burden and costs to persons regulated by the rule.

R12-4-302. Use of Tags. Currently, the rule prohibits any person from possessing another person's tag or allowing another person to possess your tag. The Department recognizes that a parent or guardian will often hold their minor child's tag for safekeeping and believes this practice does not violate the intent of the law. The Commission is currently pursuing rulemaking to establish that a person may possess a tag issued to another person who is under 18 years of age to reduce burdens and costs to persons regulated by the rule.

12. A determination after analysis that the rule is not more stringent than a corresponding federal law unless there is statutory authority to exceed the requirements of that federal law.

The following rules are based on state law and federal law is not directly applicable to the rule:
   R12-4-301. Definitions
   R12-4-302. Use of Tags
   R12-4-305. Possessing, Transporting, Importing, Exporting, and Selling Carcasses or Parts of Wildlife
   R12-4-306. Bison Hunt Requirements
   R12-4-307. Trapping Regulations, Licensing; Methods; Tagging of Bobcat Pelts
   R12-4-308. Wildlife Inspections, Check Stations, and Roadblocks
   R12-4-309. Authorization for Use of Drugs on Wildlife
   R12-4-310. Fishing Permits
   R12-4-311. Exemptions from Requirement to Possess an Arizona Fishing License or Hunting License While Taking Wildlife
   R12-4-313. Lawful Methods of Take and Season for Aquatic Wildlife

R12-4-314. Possession, Transportation, or Importation of Aquatic Wildlife
R12-4-318. Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles
R12-4-320. Harassment of Wildlife
R12-4-321. Restrictions for Taking Wildlife in City, County, or Town Parks and Preserves
R12-4-322. Pickup and Possession of Wildlife Carcasses or Parts

The Department has determined the following rules are not more stringent than their corresponding federal law(s):

R12-4-303. Unlawful Devices, Methods, and Ammunition. Federal regulation 50 C.F.R. 20.21 is applicable to the subject of the rule. 50 C.F.R. 20.21 establishes general requirements, exceptions, and specific provisions for migratory bird hunting.

R12-4-304. Lawful Methods for Taking Wild Mammals, Birds, and Reptiles. Federal regulation 50 C.F.R. 20.21 is applicable to the subject of the rule. 50 C.F.R. 20.21 establishes general requirements, exceptions, and specific provisions for migratory bird hunting. The Department has determined the rule is not more stringent than the corresponding federal law.

R12-4-319. Use of Aircraft to Take Wildlife. Federal regulation 50 C.F.R. 19 is applicable to the subject of the rule. The Department has determined the rule is not more stringent than the corresponding federal law. 50 C.F.R. 19 establishes general prohibitions and exceptions for the use of aircraft for the taking of wildlife, requirements for the contents and filing of annual reports by the States regarding permits issued for such shooting or harassing, and regulations necessary for effective enforcement of the Fish and Wildlife Act of 1956 as amended.

13. For a rule adopted after July 29, 2010, that require the issuance of a regulatory permit, license, or agency authorization, whether the rule complies with A.R.S. § 41-1037.

The following rules require the issuance of a "general permit" as defined under A.R.S. § 41-1001(11) and are in compliance with A.R.S. § 41-1037:
R12-4-309. Authorization for Use of Drugs on Wildlife
R12-4-310. Fishing Permits

The following rules do not require the issuance of a regulatory permit, license, or agency authorization:
R12-4-301. Definitions
R12-4-302. Use of Tags
R12-4-303. Unlawful Devices, Methods, and Ammunition
R12-4-304. Lawful Methods for Taking Wild Mammals, Birds, and Reptiles
R12-4-305. Possessing, Transporting, Importing, Exporting, and Selling Carcasses or Parts of Wildlife
R12-4-306. Bison Hunt Requirements
The Department proposes no action for the following rules:

R12-4-301. Definitions
R12-4-307. Trapping Regulations, Licensing; Methods; Tagging of Bobcat Pelts
R12-4-309. Authorization for Use of Drugs on Wildlife.
R12-4-310. Fishing Permits
R12-4-319. Use of Aircraft to Take Wildlife
R12-4-320. Harassment of Wildlife
R12-4-321. Restrictions for Taking Wildlife in City, County, or Town Parks and Preserves

The Department proposes to amend the following rules as indicated in this report:

R12-4-303. Unlawful Devices, Methods, and Ammunition
R12-4-304. Lawful Methods for Taking Wild Mammals, Birds, and Reptiles
R12-4-305. Possessing, Transporting, Importing, Exporting, and Selling Carcasses or Parts of Wildlife
R12-4-306. Bison Hunt Requirements
R12-4-308. Wildlife Inspections, Check Stations, and Roadblocks
R12-4-311. Exemptions from Requirement to Possess an Arizona Fishing License or Hunting License While Taking Wildlife
R12-4-313. Lawful Methods of Take and Season for Aquatic Wildlife
R12-4-314. Possession, Transportation, or Importation of Aquatic Wildlife
R12-4-318. Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles
R12-4-322. Pickup and Possession of Wildlife Carcasses or Parts
The Department anticipates requesting an exception to the rulemaking moratorium by August 2021 and submitting the Notice of Final Rulemaking for actions proposed in this report to the Council by September 2022, provided the Commission is granted permission to pursue rulemaking.
12 A.A.C. 4

TITLE 12. NATURAL RESOURCES

CHAPTER 4. GAME AND FISH COMMISSION

The table of contents on page one contains links to the referenced page numbers in this Chapter. Refer to the notes at the end of a Section to learn about the history of a rule as it was published in the Arizona Administrative Register.

This Chapter contains rules that were filed to be codified in the Arizona Administrative Code between the dates of October 1, 2021 through December 31, 2021

TITLE 12. NATURAL RESOURCES
CHAPTER 4. GAME AND FISH COMMISSION
Authority: A.R.S. § 17-201 et seq.

Supp. 21-4

Editor’s Note: The Office of the Secretary of State publishes all Chapters on white paper (Supp. 01-2).

Editor’s Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to A.R.S. § 41-1005(A)(1). Exemption from A.R.S. Title 41, Chapter 6 means that the Game and Fish Commission did not submit notice of this rulemaking to the Secretary of State’s Office for publication in the Arizona Administrative Register; the Governor’s Regulatory Review Council did not review these rules; the Commission was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.
ARTICLE 3. TAKING AND HANDLING OF WILDLIFE

**R12-4-301. Definitions**

In addition to the definitions provided under A.R.S. § 17-101 and R12-4-101, the following definitions apply to this Article unless otherwise specified:

- “Administer” means to apply a drug directly to wildlife by injection, inhalation, ingestion, or any other means.
- “Aircraft” means any contrivance used for flight in the air or any lighter-than-air contrivance, including unmanned aircraft systems also known as drones.
- “Artificial flies and lures” means man-made devices intended as visual attractants to catch fish. Artificial flies and lures do not include living or dead organisms or edible parts of those organisms, natural or prepared food stuffs, or chemicals or organic materials intended to create a scent, flavor, or chemical stimulant to the device regardless of whether it is added or applied during or after the manufacturing process.
- “Barbless hook” means any fish hook manufactured without barbs or on which the barbs have been completely closed or removed.
- “Body-gripping trap” means a device designed to capture an animal by gripping the animal’s body.
- “Confinement trap” means a device designed to capture wildlife alive and hold it without harm.
- “Crayfish net” means a net that does not exceed 36 inches on a side or in diameter and is retrieved by means of a hand-held line.
- “Deadly weapon” has the same meaning as provided under A.R.S. § 13-3101.
- “Device” has the same meaning as provided under A.R.S. § 17-101.
- “Dip net” means any net, excluding the handle, that is no greater than three feet in the greatest dimension, that is hand-held, non-motorized, and the motion of the net is caused by the physical effort of the person.
- “Drug” means any chemical substance, other than food or mineral supplements, that affects the structure or biological function of wildlife.
- “Edible portions of game meat” means, for:
  - Upland game birds, migratory game birds and wild turkey: breast.
  - Bear, bighorn sheep, bison, deer, elk, javelina, mountain lion, and pronghorn antelope: front quarters, hind quarters, loins (backstraps), neck meat, and tenderloins.
  - Game fish: fillets of the fish.
- “Evidence of legality” means the wildlife is accompanied by the applicable license, tag, stamp, or permit required by law and is identifiable as the “legal wildlife” prescribed by Commission Order, which may include evidence of species, gender, antler or horn growth, maturity, and size.
- “Foothold trap” means a device designed to capture an animal by the leg or foot.
- “Hybrid device” means a device with a combination of components from two or more lawful devices and is used for the take of wildlife, such as but not limited to a firearm, pneumatic weapon, or slingshot that shoots arrows or bolts.
“Instant kill trap” means a device designed to render an animal unconscious and insensitive to pain quickly with inevitable subsidence into death without recovery of consciousness.

“Land set” means any trap used on land rather than in water.

“Minnow trap” means a trap with dimensions that do not exceed 12 inches in depth, 12 inches in width, and 24 inches in length.

“Muzzleloading handgun” means a firearm intended to be fired from the hand, incapable of firing fixed ammunition, and loaded with black powder or synthetic black powder and a single projectile.

“Muzzleloading rifle” means a firearm intended to be fired from the shoulder, incapable of firing fixed ammunition, having a single barrel, and loaded through the muzzle with black powder or synthetic black powder and a single projectile.

“Muzzleloading shotgun” means a firearm intended to be fired from the shoulder, incapable of firing fixed ammunition, having a single or double smooth barrel and loaded through the muzzle with black powder or synthetic black powder and using ball shot as a projectile.

“Paste-type bait” means a partially liquefied substance used as a lure for animals.

“Pneumatic weapon” means a device that fires a projectile by means of air pressure or compressed gas. This does not include tools that are common in the construction and art trade such as, but not limited to, nail and rivet guns.

“Pre-charged pneumatic weapon” means an air gun or pneumatic weapon that is charged from a high compression source such as an air compressor, air tank, or internal or external hand pump.

“Prohibited possessor” has the same meaning as provided under A.R.S. § 13-3101.

“Prohibited weapon” has the same meaning as provided under A.R.S. § 13-3101.

“Rifle” means a firearm intended to be fired from the shoulder that uses the energy from an explosive in a fixed cartridge to fire a single projectile through a rifled bore for each single pull of the trigger. This does not include a pre-charged pneumatic weapon.

“Shotgun” means a firearm intended to be fired from the shoulder and that uses the energy from an explosive in a fixed shotgun shell to fire either ball shot or a single projectile through a smooth bore or rifled barrel for each pull of the trigger.

“Sight-exposed bait” means a carcass, or parts of a carcass, lying openly on the ground or suspended in a manner so that it can be seen from above by a bird. This does not include a trap flag, dried or bleached bone with no attached tissue, or less than two ounces of paste-type bait.

“Simultaneous fishing” means taking fish by using only two lines at one time and not more than two hooks or two artificial flies or lures per line.

“Single-point barbless hook” means a fishhook with a single point, manufactured without barbs, or on which the barbs have been completely closed or removed. This does not include a treble fishhook.

“Sinkbox” means a low-floating device with a depression that affords a hunter a means of concealment beneath the surface of the water.

“Smart device” means any device equipped with a target-tracking system or an electronically-controlled, electronically-assisted, or computer-linked trigger or release. This includes but is not limited to smart rifles.

“Trail Camera” means any device that is not held or manually operated by a person and is used to capture images, video, or location, time, or date data of wildlife.

“Trap flag” means an attractant made from materials other than animal parts that is suspended at least three feet above the ground.

“Water set” means any trap used and anchored in water rather than on land.

**Historical Note**

CHAPTER 4. GAME AND FISH COMMISSION

R12-4-302. Use of Tags

A. In addition to meeting requirements prescribed under A.R.S. § 17-331, a person who takes wildlife shall have in possession any tag required for the particular season or hunt area.

B. A tag obtained in violation of statute or rule is invalid and shall not be used to take, transport, or possess wildlife.

C. A person who lawfully possesses both a nonpermit-tag and a hunt permit-tag shall not take a genus or species in excess of the bag limit established by Commission Order for that genus or species.

D. A person shall:
   1. Take and tag only the wildlife identified on the tag.
   2. Use a tag only in the season and hunt for which the tag is valid as specified by Commission Order.

E. Except as permitted under R12-4-217, a person shall not:
   1. Allow their tag to be attached to wildlife killed by another person,
   2. Allow their tag to be possessed by another person while taking wildlife,
   3. Allow wildlife killed by that person to be tagged with another person’s tag,
   4. Attach their tag to wildlife killed by another person, or
   5. Possess a tag issued to another person while taking wildlife.
   6. Subsections (E)(2) and (5) do not apply to a tag issued to a person under 18 years of age.

F. Except as permitted under R12-4-217, immediately after a person kills wildlife, the person shall attach:
   1. The tag to the wildlife carcass in the manner indicated on the tag, or
   2. The validation code to the wildlife carcass in the manner indicated by the Department through the person’s electronic device.

G. A person who authorizes another person to possess, transport, or ship a portion of their lawfully taken animal shall complete the transportation and shipping portion of the tag in the manner indicated on the tag or by the Department through the person’s electronic device, as applicable.

H. A tag is no longer valid for the take of wildlife if:
   1. The tag is mutilated or the Transportation and Shipping Permit portion of the tag is signed or filled out, or
   2. The validation code is attached to a carcass.

Historical Note

R12-4-303. Unlawful Devices, Methods, and Ammunition

A. In addition to the prohibitions prescribed under A.R.S. §§ 17-301 and 17-309, the following devices, methods, and ammunition are unlawful for taking wildlife in this state:

1. A person shall not use any of the following to take wildlife:
   a. Fully automatic firearms, including firearms capable of selective automatic fire.
   b. Tracer or armor-piercing ammunition designed for military use.
   c. Any smart device as defined under R12-4-301.
   d. Any self-guided projectiles.

2. A person shall not take big game using full-jacketed or total-jacketed bullets that are not designed to expand upon impact,

3. A person shall not use or possess any of the following while taking wildlife:
   a. Poisoned projectiles or projectiles that contain explosives or a secondary propellant.
   b. Pitfalls of greater than 5-gallon size, explosives, poisons, or stupefying substances, except as permitted under A.R.S. § 17-239 or as allowed by a scientific collecting permit issued under A.R.S. § 17-238.
   c. Any lure, attractant, or cover scent containing any cervid urine.
   d. Electronic night vision equipment, electronically enhanced light-gathering devices, thermal imaging devices or laser sights projecting a visible light; except for devices such as laser range finders projecting a non-visible light, scopes with self-illuminating reticles, and fiber optic sights with self-illuminating sights or pins that do not project a visible light onto an animal.

4. A person shall not by any means:
   a. Hold wildlife at bay other than during daylight hours, unless authorized by Commission Order.
   b. Injure, confine, place, or use a tracking device in or on wildlife for the purpose of taking or aiding in the take of wildlife.
   c. Place any substance, device, or object in, on, or by any water source to prevent wildlife from using that water source.
   d. Place any substance in a manner intended to attract bears.
   e. Use a manual or powered jacking or prying device to take reptiles or amphibians.
   f. Use dogs to pursue, tree, corner or hold at bay any wildlife for a hunter, unless that hunter is present for the entire hunt.
   g. Take migratory game birds, except Eurasian collared-doves:
      i. Using a shotgun larger than 10 gauge, a shotgun of any description capable of holding more than three shells unless it is plugged with a one-piece filler that cannot be removed without disassembling the shotgun so that its total capacity does not exceed three shells.
      ii. Using electronically amplified bird calls or baits.
      iii. By means or aid of any motor-driven land, water, or air conveyance, or any sailboat used for the purpose of or resulting in the concentrating, driving, rallying, or stirring up of any migratory bird.
      iv. Activities described under subsections (A)(4)(g)(i) through (A)(4)(g)(iii) are prohibited under 50 C.F.R. 20.21, revised October 1, 2015. The material incorporated by reference in this Section does not include any later amendments or editions. The incorporated material is available at any Department office, online from the Government Printing Office website www.gpoaccess.gov, or may be ordered from the Superintendent of Documents, P.O. Box 979050, St. Louis, MO 63197-9000.
   h. Discharge any of the following devices while taking wildlife within one-fourth mile (440 yards) of an occupied farmhouse or other residence, cabin, lodge or building without permission of the owner or resident:
      i. Arrow or bolt,
      ii. Hybrid device, or
      iii. Pneumatic weapon .35 caliber or larger.
i. Participate in, organize, promote, sponsor, or solicit participation in a contest where a participant uses or intends to use any device or implement to capture or kill predatory animals or fur-bearing animals as defined under A.R.S. § 17-101. For the purposes of this subsection, “contest” means a competition among participants where participants must register or record entry and pay a fee, and prizes or cash are awarded to winning or successful participants.

5. A person shall not place, maintain, or use a trail camera, or images, video, to include location, time, or data from a trail camera, for the purpose of taking or aiding in the take of wildlife or locating wildlife for the purpose of taking or aiding in the take of wildlife.

6. A person shall not use images of wildlife produced or transmitted from a satellite or other device that orbits the earth for the purpose of:
   a. Taking or aiding in the take of wildlife, or
   b. Locating wildlife for the purpose of taking or aiding in the take of wildlife.
   c. This subsection does not prohibit the use of mapping systems or programs.

7. A person shall not use edible or ingestible substances to aid in taking big game. The use of edible or ingestible substances to aid in taking big game is unlawful when:
   a. A person places edible or ingestible substances for the purpose of attracting or taking big game, or
   b. A person knowingly takes big game with the aid of edible or ingestible substances placed for the purpose of attracting wildlife to a specific location.

8. Subsection (A)(7) does not limit Department employees or Department agents in the performance of their official duties.

9. For the purposes of subsection (A)(7), edible or ingestible substances do not include any of the following:
   a. Water.
   b. Salt.
   c. Salt-based materials produced and manufactured for the livestock industry.
   d. Nutritional supplements produced and manufactured for the livestock industry and placed during the course of livestock or agricultural operations.

B. It is unlawful for a person who is a prohibited possessor to take wildlife with a deadly weapon or prohibited weapon.

C. Wildlife taken in violation of this Section is unlawfully taken.

D. This Section does not apply to any activity allowed under A.R.S. § 17-302, to a person acting within the scope of their official duties as an employee of the state or United States, or as authorized by the Department.

Historical Note

R12-4-304. Lawful Methods for Taking Wild Mammals, Birds, and Reptiles

A. A hybrid device is lawful for the take of wildlife provided all components of the device are authorized for the take of that species under this Section.

B. A person may only use the following methods to take big game when authorized by Commission Order and subject to the restrictions under R12-4-303 and R12-4-318.

1. To take bear:
a. Centerfire rifles;
b. Muzzleloading rifles;
c. All other rifles using black powder or synthetic black powder;
d. Centerfire handguns;
e. Muzzleloading handguns;
f. Shotguns shooting slugs, only;
g. Pre-charged pneumatic weapons .35 caliber or larger;
h. Pre-charged pneumatic weapons using arrows or bolts with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges and capable of firing a minimum of 250 feet per second;
i. Bows with a standard pull of 30 or more pounds, using arrows with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges; and
j. Crossbows with a minimum draw weight of 125 pounds, using bolts with a minimum length of 16 inches and broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges or bows as described in subsection (B)(1)(i) to be drawn and held with an assisting device; and
k. Pursuit with dogs only between August 1 and December 31, provided the person shall immediately kill or release the bear after it is treed, cornered, or held at bay. For the purpose of this subsection, “release” means the person removes the dogs from the area so the bear can escape on its own after it is treed, cornered, or held at bay.

2. To take bighorn sheep:
   a. Centerfire rifles;
   b. Muzzleloading rifles;
   c. All other rifles using black powder or synthetic black powder;
   d. Centerfire handguns;
   e. Muzzleloading handguns;
   f. Shotguns shooting slugs, only;
   g. Pre-charged pneumatic weapons .35 caliber or larger;
   h. Pre-charged pneumatic weapons using arrows or bolts with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges and capable of firing a minimum of 250 feet per second;
   i. Bows with a standard pull of 30 or more pounds, using arrows with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges; and
   j. Crossbows with a minimum draw weight of 125 pounds, using bolts with a minimum length of 16 inches and broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges or bows as described in subsection (B)(2)(i) to be drawn and held with an assisting device.

3. To take bison:
   a. Statewide, except for the management units identified under subsection (B)(3)(b):
      i. Centerfire rifles;
      ii. Muzzleloading rifles;
      iii. All other rifles using black powder or synthetic black powder;
      iv. Centerfire handguns no less than .41 Magnum or centerfire handguns with an overall cartridge length of no less than two inches;
      v. Pre-charged pneumatic weapons 40 caliber or larger a minimum of 500 foot pounds of energy;
      vi. Pre-charged pneumatic weapons using arrows or bolts with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges and capable of firing a minimum of 250 feet per second; and
vii. Bows with a standard pull of 40 or more pounds, using arrows with broadheads of no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges;

viii. Crossbows with a minimum draw weight of 125 pounds, using bolts with a minimum length of 16 inches and broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges or bows as described in subsection (B)(3)(a)(vi) to be drawn and held with an assisting device.

b. In Management Units 5A and 5B:
   i. Centerfire rifles,
   ii. Muzzleloading rifles, and
   iii. All other rifles using black powder or synthetic black powder.

4. To take deer:
   a. Centerfire rifles;
   b. Muzzleloading rifles;
   c. All other rifles using black powder or synthetic black powder;
   d. Centerfire handguns;
   e. Muzzleloading handguns;
   f. Shotguns shooting slugs, only;
   g. Pre-charged pneumatic weapons .35 caliber or larger;
   h. Pre-charged pneumatic weapons using arrows or bolts with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges and capable of firing a minimum of 250 feet per second;
   i. Bows with a standard pull of 30 or more pounds, using arrows with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges; and
   j. Crossbows with a minimum draw weight of 125 pounds, using bolts with a minimum length of 16 inches and broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges or bows as described in subsection (B)(4)(i) to be drawn and held with an assisting device.

5. To take elk:
   a. Centerfire rifles;
   b. Muzzleloading rifles;
   c. All other rifles using black powder or synthetic black powder;
   d. Centerfire handguns;
   e. Muzzleloading handguns;
   f. Shotguns shooting slugs, only;
   g. Pre-charged pneumatic weapons 40 caliber or larger and capable of firing a minimum of 500 foot pounds of energy;
   h. Pre-charged pneumatic weapons using arrows or bolts with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges and capable of firing a minimum of 250 feet per second;
   i. Bows with a standard pull of 30 or more pounds, using arrows with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges; and
   j. Crossbows with a minimum draw weight of 125 pounds, using bolts with a minimum length of 16 inches and broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges or bows as described in subsection (B)(5)(h) to be drawn and held with an assisting device.

6. To take javelina:
   a. Centerfire rifles;
   b. Muzzleloading rifles;
   c. All other rifles using black powder or synthetic black powder;
d. Centerfire handguns;
e. Muzzleloading handguns;
f. Shotguns shooting slugs, only;
g. Pre-charged pneumatic weapons .35 caliber or larger;
h. Pre-charged pneumatic weapons using arrows or bolts with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges and capable of firing a minimum of 250 feet per second;
i. Bows with a standard pull of 30 or more pounds, using arrows with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges;
j. Crossbows with a minimum draw weight of 125 pounds, using bolts with a minimum length of 16 inches and broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges or bows as described in subsection (B)(6)(i) to be drawn and held with an assisting device;
k. .22 rimfire magnum rifles; and
l. 5 mm rimfire magnum rifles.

7. To take mountain lion:
a. Centerfire rifles;
b. Muzzleloading rifles;
c. All other rifles using black powder or synthetic black powder;
d. Centerfire handguns;
e. Muzzleloading handguns;
f. Shotguns shooting slugs or shot;
g. Pre-charged pneumatic weapons .35 caliber or larger;
h. Pre-charged pneumatic weapons using arrows or bolts with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges and capable of firing a minimum of 250 feet per second;
i. Bows with a standard pull of 30 or more pounds, using arrows with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges;
j. Crossbows with a minimum draw weight of 125 pounds, using bolts with a minimum length of 16 inches and broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges or bows as described in subsection (B)(7)(i) to be drawn and held with an assisting device;
k. Artificial light, during seasons with day-long hours, provided the light is not attached to or operated from a motor vehicle, motorized watercraft, watercraft under sail, or floating object towed by a motorized watercraft or a watercraft under sail; and
l. Pursuit with dogs, provided the person shall immediately kill or release the mountain lion after it is treed, cornered, or held at bay. For the purpose of this subsection, “release” means the person removes the dogs from the area so the mountain lion can escape on its own after it is treed, cornered, or held at bay.

8. To take pronghorn antelope:
a. Centerfire rifles;
b. Muzzleloading rifles;
c. All other rifles using black powder or synthetic black powder;
d. Centerfire handguns;
e. Muzzleloading handguns;
f. Shotguns shooting slugs, only;
g. Pre-charged pneumatic weapons .35 caliber or larger;
h. Pre-charged pneumatic weapons using arrows or bolts with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges and capable of firing a minimum of 250 feet per second;
i. Bows with a standard pull of 30 or more pounds, using arrows with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges; and

j. Crossbows with a minimum draw weight of 125 pounds, using bolts with a minimum length of 16 inches and broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges or bows as described in subsection (B)(8)(i) to be drawn and held with an assisting device.

9. To take turkey:
   a. Shotguns shooting shot;
   b. Bows with a standard pull of 30 or more pounds, using arrows with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges; and
   c. Crossbows with a minimum draw weight of 125 pounds, using bolts with a minimum length of 16 inches and broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges or bows as described in subsection (B)(9)(b) to be drawn and held with an assisting device.
   d. Pre-charged pneumatic weapons using arrows or bolts with broadheads no less than 7/8 inch in width with metal, ceramic-coated metal, or ceramic cutting edges and capable of firing a minimum of 250 feet per second;

C. A person may only use the following methods to take small game, when authorized by Commission Order and subject to the restrictions under R12-4-303, R12-4-318, and R12-4-422.

1. To take cottontail rabbits and tree squirrels:
   a. Firearms,
   b. Bow and arrow,
   c. Crossbow,
   d. Pneumatic weapons,
   e. Slingshots,
   f. Hand-held projectiles,
   g. Falconry, and
   h. Dogs.

2. To take all upland game birds and Eurasian collared-dove:
   a. Bow and arrow;
   b. Falconry;
   c. Pneumatic weapons;
   d. Shotguns shooting shot, only;
   e. Handguns shooting shot, only;
   f. Crossbow;
   g. Slingshot;
   h. Hand-held projectiles; and
   i. Dogs.

3. To take migratory game birds, except Eurasian collared-dove:
   a. Bow and arrow;
   b. Crossbow;
   c. Falconry;
   d. Dogs;
   e. Shotguns shooting shot:
      i. Ten gauge or smaller, except that lead shot shall not be used or possessed while taking ducks, geese, swans, mergansers, common moorhens, or coots; and
ii. Incapable of holding more than a total of three shells as prescribed under 50 C.F.R. 20.21, published October 1, 2015. The material incorporated by reference in this subsection does not include any later amendments or editions. The material is available at any Department office, online from the Government Printing Office website www.gpoaccess.gov, or may be ordered from the Superintendent of Documents, P.O. Box 979050, St. Louis, MO 63197-9000.

D. A person may take waterfowl from any watercraft, except a sinkbox, subject to the following conditions:
   1. The motor is shut off, the sail is furled, as applicable, and any progress from a motor or sail has ceased;
   2. The watercraft may be:
      a. Adrift as a result of current or wind action;
      b. Beached;
      c. Moored;
      d. Resting at anchor; or
      e. Propelled by paddle, oars, or pole; and
   3. The person may only use the watercraft under power to retrieve dead or crippled waterfowl; shooting is prohibited while the watercraft is under power.

E. A person may take predatory and fur-bearing animals by using the following methods, when authorized by Commission Order and subject to the restrictions under R12-4-303 and R12-4-318:
   1. Firearms;
   2. Pre-charged pneumatic weapons .22 caliber or larger;
   3. Bow and arrow;
   4. Crossbow;
   5. Traps not prohibited under R12-4-307;
   6. Artificial light while taking raccoon provided the light is not attached to or operated from a motor vehicle, motorized watercraft, watercraft under sail, or floating object towed by a motorized watercraft or a watercraft under sail;
   7. Artificial light while taking coyote during seasons with day-long hours, provided the light is not attached to or operated from a motor vehicle, motorized watercraft, watercraft under sail, or floating object towed by a motorized watercraft or a watercraft under sail; and
   8. Dogs.

F. A person may take nongame mammals and birds by any method authorized by Commission Order and not prohibited under R12-4-303, R12-4-318, and R12-4-422, subject to the following restrictions. A person:
   1. Shall not take nongame mammals and birds using foothold traps;
   2. Shall check pitfall traps of any size daily, release non-target species, remove pitfalls when no longer in use, and fill any holes;
   3. Shall not use firearms at night; and
   4. May use artificial light while taking nongame mammals and birds, if the light is not attached to or operated from a motor vehicle, motorized watercraft, watercraft under sail, or floating object towed by a motorized watercraft or a watercraft under sail.

G. A person may take reptiles by any method not prohibited under R12-4-303 or R12-4-318 subject to the following restrictions. A person:
   1. Shall check pitfall traps of any size daily, release non-target species, remove pitfalls when no longer in use, and fill any holes;
   2. Shall not use firearms at night; and
   3. May use artificial light while taking reptiles provided the light is not attached to or operated from a motor vehicle, motorized watercraft, watercraft under sail, or floating object towed by a motorized watercraft or a watercraft under sail.
CHAPTER 4. GAME AND FISH COMMISSION

R12-4-305. Possessing, Transporting, Importing, Exporting, and Selling Carcasses or Parts of Wildlife

A. A person shall ensure that evidence of legality remains with the carcass or parts of a carcass of any wildlife that the person possesses, transports, or imports until arrival at the person’s permanent abode, a commercial processing plant, or the place where the wildlife is to be consumed.

B. In addition to the requirement under subsection (A), a person possessing or transporting the following wildlife shall ensure each:

1. Big game animal, sandhill crane, and pheasant has the required valid tag attached in the manner indicated on the tag or as indicated by the Department through the person’s electronic device, as applicable;
2. Migratory game bird, except sandhill cranes, has one fully feathered wing attached;
3. Sandhill crane and Eurasian-collared dove has either the fully feathered head or one fully feathered wing attached;
4. Quail has attached a fully feathered head, or a fully feathered wing, or a leg with foot attached, when the current Commission Order has established separate bag or possession limits for any species of quail; and
5. Freshwater fish has the head, tail, or skin attached so the species can be identified and the total number and required length determined.

C. A person who has lawfully taken wildlife that requires a valid tag when prescribed by the Commission may authorize its transportation or shipment by completing and signing the Transportation and Shipping Permit portion of the valid tag or as indicated by the Department through the person’s electronic device, as applicable, for that animal. A separate Transportation and Shipping Permit issued by the Department is necessary to transport or ship to another state or country any big game taken with a resident license. Under A.R.S. § 17-372(B), a person may ship other lawfully taken wildlife by common carrier after obtaining a valid Transportation and Shipping Permit issued by the Department. The person shall provide the following information:

1. Number and description of the wildlife to be transported or shipped;
2. Name, address, license number, and license class of the person who took the wildlife;
3. Tag number;
4. Name and address of the person receiving a portion of the carcass of the wildlife as authorized under subsection (D), if applicable;
5. Address of destination where the wildlife is to be transported or shipped; and
6. Name and address of transporter or shipper.

D. A person who lawfully takes wildlife under a tag may authorize another individual to possess the head or carcass of the wildlife as prescribed under R12-4-302.

E. A person who receives a portion of the wildlife shall provide the identity of the person who took and gave the portion of the wildlife upon request to any peace officer, wildlife manager, or game ranger.
F. A person shall not possess the horns of a bighorn sheep, taken by a hunter in this state, unless the horns are marked or sealed as established under R12-4-308.

G. Except as provided under R12-4-307, before a person may sell, offer for sale, or export the raw pelt or unskinned carcass of a bobcat taken in this state, the person shall:
   1. Present the bobcat for inspection at any Department office, and
   2. Purchase a bobcat seal by paying the fee established under R12-4-102 at any Department office or other location as determined and published by the Department. Department personnel or an authorized agent shall attach and lock the bobcat seal only to a pelt or unskinned carcass presented with a validated transportation tag.

H. A person who takes bear or mountain lion under A.R.S. § 17-302 may retain the carcass of the wildlife if the person has a valid hunting license and the carcass is immediately tagged with a nonpermit-tag or a valid hunt permit-tag as required under R12-4-114 and R12-4-302, provided the person has not reached the applicable bag limit for that big game animal. An animal retained under this subsection shall count toward the applicable bag limit for bear or mountain lion as authorized by Commission Order. The person shall comply with inspection and reporting requirements established under R12-4-308.

I. A person may possess, transport, or import only the following portions of a cervid lawfully taken in another state or country:
   1. Boneless portions of meat, or meat that has been cut and packaged either personally or commercially;
   2. Clean hides and capes with no skull or soft tissue attached, except as required for proof of legality;
   3. Clean skulls with antlers, clean skull plates, or antlers with no meat or soft tissue attached, this includes velvet antlers;
   4. Finished taxidermy mounts or products; and
   5. Upper canine teeth with no meat or tissue attached.

J. A private game farm license holder may transport a cervid lawfully killed or slaughtered at the license holder’s game farm to a licensed meat processor.

K. A person may possess or transport only the following portions of a cervid lawfully killed or slaughtered at a private game farm authorized under R12-4-413:
   1. Boneless portions of meat, or meat that has been cut and packaged either personally or commercially;
   2. Clean hides and capes with no skull or soft tissue attached;
   3. Clean skulls with antlers, clean skull plates, or antlers with no meat or soft tissue attached, this includes velvet antlers;
   4. Finished taxidermy mounts or products; and
   5. Upper canine teeth with no meat or tissue attached.

L. A person who obtains bison meat as authorized under R12-4-306 may sell the meat.

M. Except for cervids, which are subject to requirements established under subsections (I), (J), and (K), a person may import into this state the carcasses or parts of wildlife, including aquatic wildlife, lawfully taken in another state or country if transported and exported in accordance with the laws of the state or country of origin.

N. A person shall not transport live crayfish from the site where taken, except as permitted under R12-4-316.

O. A person in possession of a common carp (Cyprinus carpio), buffalofish (Ictiobus spp.), or crayfish (families Astacidae, Cambaridae, and Parastacidae) carcass taken under Commission Order may sell the carcass.

Historical Note
R12-4-306. Bison Hunt Requirements

A. When authorized by Commission Order, the Department shall conduct a hunt to harvest bison from the state’s bison herds.

B. A hunter with a bison permit-tag or nonpermit-tag shall, when required:
   1. Provide a signed written acknowledgment that the hunter received, read, understands, and agrees to comply with the requirements of this Section.
   2. Hunt in the order scheduled.
   3. Be accompanied by an authorized Department employee who:
      a. Shall designate the bison to be harvested, and
      b. May assist in taking the bison if the hunter fails to dispatch a wounded bison within a reasonable period of time.
   4. Take only the bison designated by the Department employee.

C. A hunter issued a bison permit-tag or nonpermit-tag shall check out no more than three days after the end of the hunt, regardless of whether the hunter harvested a bison, did not harvest a bison, or did not participate in the bison hunt.
   1. House Rock Herd (Units 12A, 12B, and 13A): a hunter may check out either in person, electronically, or by telephone with the Department’s Flagstaff regional office or Jacob Lake Check station, when open during deer season.
   2. Raymond Herd (Units 5A and 5B):
      a. A hunter may check out either in person, electronically, or by telephone with the Department’s Flagstaff regional office, or when required, with the Raymond Wildlife Area headquarters.
      b. A hunter may be required to present the harvested bison to the Department for the purpose of gathering biological data when the bison was taken in Units 5A or 5B and a Department employee did not accompany the hunter during the bison hunt.
   3. At the time of check out, the hunter shall provide all of the following information:
      a. Hunter’s name,
      b. Hunter’s contact number,
      c. Tag number,
      d. Sex of bison taken,
      e. Age of the bison taken: adult or yearling,
      f. Number of days hunted, and
      g. Number of bison seen while hunting.
   4. An authorized Department employee who accompanies the hunter, shall conduct the check out at the end of the hunt.

D. Failure to comply with the requirements of this Section shall result in the invalidation of the hunter’s permit-tag or nonpermit-tag, consistent with the written acknowledgment signed and agreed to by the hunter.

Historical Note
Former Section R12-4-55 renumbered as Section R12-4-306 without change effective August 13, 1981 (Supp. 81-4). Amended subsections (A), (B), and (D) effective May 12, 1982 (Supp. 82-3). Amended effective December 30, 1988 (Supp. 88-4). Correction, former Historical Note should read “Amended effective January 1, 1989, filed December 30, 1988” (Supp. 89-2). Amended by final rulemaking at 10 A.A.R. 850, effective April 3, 2004 (Supp. 04-1). Amended by final rulemaking at 19 A.A.R. 826, effective July 1, 2013 (Supp. 13-2). Amended by final rulemaking at 25 A.A.R. 1047, effective June 1, 2019 (Supp. 19-2). The spelling of Bison was corrected in the Section heading (Supp. 21-4).

R12-4-307. Trapping Regulations, Licensing; Methods; Tagging of Bobcat Pelts

A. An Arizona trapping license permits a person to trap predatory and fur-bearing animals.
CHAPTER 4. GAME AND FISH COMMISSION

B. A trapping license is required for any person 10 years of age and older. A person under the age of 10 is not required to purchase a trapping license, but shall apply for and obtain a registration number. The trapper registration number is not transferable.

C. A person born on or after January 1, 1967 shall successfully complete a Department-approved trapping education course before applying for a trapping license.

D. A person applying for a trapping registration number or trapping license shall pay the applicable fees established under R12-4-102.

E. A person applying for a trapping registration number or trapping license shall apply using a form furnished by the Department. The form is available at any Department office and online at www.azgfd.gov. The person shall provide all of the following information on the form:

1. The applicant’s personal information:
   a. Name;
   b. Date of birth;
   c. Physical description, to include the applicant’s eye color, hair color, height, and weight;
   d. Department identification number;
   e. Residency status and number of years of residency immediately preceding application, when applicable;
   f. Mailing address, when applicable;
   g. Physical address;
   h. Telephone number, when available; and
   i. E-mail address, when available;

2. Category of license:
   a. Resident,
   b. Nonresident, or
   c. Youth, and

3. The applicant’s signature and date.

F. A trapper may only trap predatory and fur-bearing animals during trapping seasons established by Commission Order.

G. A trapper shall:

1. Inspect traps daily;
2. Kill or release all predatory and fur-bearing animals;
3. Possess a choke restraint device that enables the trapper to release a javelina from a trap when trapping in a javelina hunt unit as designated by Commission Order;
4. Possess a device that is designed or manufactured to restrain a trapped animal while it is being removed from a trap when its release is required under this Section; and
5. Release, without additional injury, all animals that cannot lawfully be taken by trap.
6. Subsections (G)(3) and (G)(4) do not apply when the trapper is using a confinement trap.

H. A trapper shall not:

1. Bait a confinement trap with:
   a. A live animal;
   b. Any edible parts of small game, big game, or game fish; or
   c. Any part of any game bird or nongame bird.
2. Set any trap within:
   a. One-half mile (880 yards) of any of the following areas developed for public use:
      i. Boat ramp or launching area,
ii. Camping area,
iii. Picnic area,
iv. Roadside rest area, or
v. Developed wildlife viewing platform.

b. One-half mile of any occupied farmhouse or other residence, cabin, lodge or building without permission of the owner or resident.

c. One-hundred yards of an interstate highway or any other highway maintained by the Arizona Department of Transportation.

d. Fifty feet of any trail maintained for public use by a government agency.

e. Seventy-five feet of any other road as defined under A.R.S. § 17-101.

f. Subsections (H)(2)(b), (H)(2)(c), (H)(2)(d), and (H)(2)(e) do not apply when the trapper is using a confinement trap.

3. Set a foothold trap within 30 feet of sight-exposed bait.

4. Use any:
   a. Body-gripping or other instant kill trap with an open jaw spread that exceeds 5 inches for any land set or 10 inches for any water set;
   b. Foothold trap with an open jaw spread that exceeds 7 1/2 inches for any water set;
   c. Snare, unless authorized under subsection (I);
   d. Trap with an open jaw spread that exceeds 6 1/2 inches for any land set; or
   e. Trap with teeth.

I. A trapper who uses a foothold trap to take wildlife with a land set shall use commercially manufactured traps that meet the following specifications:
   1. A padded or rubber-jawed trap or an unpadded trap with jaws permanently offset to a minimum of 3/16 inch and a device that allows for pan tension adjustment;
   2. A foothold trap that captures wildlife by means of an enclosed bar or spring designed to prevent the capture of non-targeted wildlife or domestic animals; or
   3. A powered cable device with an inside frame hinge width no wider than 6 inches, a cable loop stop size of at least 2 inches in diameter to prevent capture of small non-target species, and a device that allows for a pan tension adjustment.

J. A trapper who uses a foothold trap to take wildlife with a land set shall ensure that the trap has an anchor chain equipped with at least two swivels as follows:
   1. An anchor chain 12 inches or less in length shall have a swivel attached at each end.
   2. An anchor chain greater than 12 inches in length shall have one swivel attached at the trap and one swivel attached within 12 inches of the trap. The anchor chain shall be equipped with a shock-absorbing spring that requires less than 40 pounds of force to extend or open the spring.

K. A trapper shall ensure that each trap has either the name and address or the registration number of the trapper marked on a metal tag attached to the trap. The registration number assigned by the Department is the only acceptable registration number.

L. A trapper shall immediately attach a valid bobcat transportation tag to the pelt or unskinned carcass of a bobcat taken in this state. The trapper shall validate the transportation tag by providing all of the following information on the bobcat transportation tag:
   1. Current trapping license number,
   2. Management unit where the bobcat was taken,
   3. Sex of the bobcat, and
   4. Method by which the bobcat was taken.
M. The Department shall provide transportation tags with each trapping license. Additional transportation tags are available at any Department office at no charge.

N. A trapper shall ensure that all bobcats taken in this state have a bobcat seal attached and locked either through the mouth and an eye opening or through both eye openings no later than April 1 of each year.
   1. When available, bobcat seals are issued on a first-come, first-served basis at Department offices and other locations at those times and places as determined and published by the Department.
   2. The trapper shall pay the bobcat seal fee established under R12-4-102.
   3. Department personnel or an authorized agent shall attach and lock a bobcat seal only to a pelt or unskinned carcass presented with a validated transportation tag and a complete lower jaw identified with labels provided with the transportation tag. Department personnel or authorized agents shall collect the transportation tags and jaws before attaching the bobcat seal.

O. Department personnel shall attach a bobcat seal to a bobcat pelt seized under A.R.S. § 17-211(E)(4) before disposal by the Department to the public.

P. A licensed trapper shall file the annual report prescribed under A.R.S. § 17-361(D). The report form is available at any Department office and online at www.azgfd.gov.
   1. The trapper shall submit the report to Arizona Game and Fish Department, Terrestrial Wildlife Branch, 5000 W. Carefree Highway, Phoenix, AZ 85086 by April 1 of each year.
   2. A report is required even when trapping activities were not conducted.
   3. The Department shall deny a trapping license to any trapper who fails to submit an annual report until the trapper complies with reporting requirements.

Q. Persons suffering property loss or damage due to wildlife and who take responsive measures as permitted under A.R.S. §§ 17-239 and 17-302 are exempt from this Section. This exemption does not authorize any form of trapping prohibited under A.R.S. § 17-301.

Historical Note

R12-4-308. Wildlife Inspections, Check Stations, and Roadblocks
A. The Department has the authority to establish mandatory wildlife check stations.
   1. The Department shall publish in the Commission Order establishing the season the:
      a. Location,  
      b. Check in requirements, and  
      c. Check out requirements for that specific season.
   2. The Department shall ensure a wildlife check station with a published:
      a. Check in requirement is open:
CHAPTER 4. GAME AND FISH COMMISSION

i. 8:00 a.m. the day before the season until 8:00 p.m. the first day of the season, and

ii. 8:00 a.m. to 8:00 p.m. during each day of the season.

b. Check out requirement is open:

i. 8:00 a.m. to 8:00 p.m. during each day of the season, and

ii. Until 12:00 p.m. on the day after the close of the season.

3. A hunter shall:

a. Check in at a wildlife check station in person before hunting when the Department includes a check in require-

ment in the Commission Order for that season;

b. Check out at a wildlife check station in person after hunting when the Department includes a check out re-

quirement in the Commission Order for that season and shall:

i. Present for inspection any wildlife taken; and

ii. Display any license, tag, or permit required for taking or transporting wildlife.

B. The Department may conduct inspections of lawfully taken wildlife at the Department’s Phoenix and regional offices or

designated locations during the posted business hours.

1. A bighorn sheep hunter shall check out either in person or by designee within three days after the close of the sea-

on. The hunter or designee shall submit the intact horns and skull for inspection and photographing. A Department

representative shall affix a mark or seal to one horn of each bighorn sheep lawfully taken under Commission Order.

It is unlawful for any person to remove, alter, or obliterate the mark or seal.

2. A hunter who harvests a bear or mountain lion shall:

a. Report information about the kill to the Department either in person or by telephone within 48 hours of taking

the wildlife. The report shall include the:

i. Name of the hunter,

ii. Hunter’s hunting license number,

iii. Sex of the wildlife taken,

iv. Management unit where the wildlife was taken,

v. Telephone number where the hunter can be reached for additional information, and

vi. Any additional information required by the Department.

b. Present either in person or by designee the skull, hide, and attached proof of sex for inspection within 10 days of

taking the wildlife. If a hunter freezes the skull or hide before presenting it for inspection, the hunter shall prop

the jaw open to allow access to the teeth and ensure that the attached proof of sex is identifiable and accessible.

3. For seasons other than bear, bighorn sheep, or mountain lion, a hunter who harvests wildlife for which a harvest ob-

jective is established, shall report information about the kill either in person or by telephone within 48 hours of tak-

ing the wildlife. The report shall include the information required under subsection (B)(2)(a).

C. The Director may establish vehicle roadblocks at specific locations when necessary to ensure compliance with applicable

wildlife laws. Any occupant of a vehicle at a roadblock shall, upon request, present for inspection all wildlife in posses-

sion, and provide evidence of legality as defined under R12-4-301.

D. This Section does not limit the game ranger or wildlife manager’s authority to conduct stops, searches, and inspections

authorized under A.R.S. §§ 17-211(E), 17-250(A)(4), and 17-331, or to establish voluntary wildlife survey stations to

gather biological information.

Historical Note

Amended effective June 29, 1978 (Supp. 78-3). Former Section R12-4-57 renumbered as Section R12-4-308 without

change effective August 13, 1981 (Supp. 81-4). Former Section R12-4-308 repealed, new Section R12-4-308 adopted effective May 12, 1982 (Supp. 82-3). Amended subsections (B), (D), and (F), and added subsection (G) ef-
fective July 3, 1984 (Supp. 84-4). Former Section R12-4-308 repealed, new Section R12-4-308 adopted effective December 30, 1988 (Supp. 88-4). Correction, former Historical Note should read “Former Section R12-4-308 re-
pealed, new Section R12-4-308 adopted effective January 1, 1989, filed December 30, 1988” (Supp. 89-2). Amend-

R12-4-309. Authorization for Use of Drugs on Wildlife

A. A person shall not administer any drug to any wildlife under the jurisdiction of the state, including but not limited to drugs used for fertility control, disease prevention or treatment, immobilization, or growth stimulation without written authorization from the Department or as otherwise provided under subsection (E). This authorization does not:

1. Exempt a person from any state or federal statute, rule, or regulation, or any municipal or county code or ordinance; or
2. Authorize a person to engage in any activity using federally protected wildlife.

B. A person requesting written authorization for the use of drugs on wildlife shall submit the request in writing to the Department at 5000 W. Carefree Highway, Phoenix, AZ 85086 and at least 120 days before the anticipated start date of the activity. The written request shall include all of the following:

1. A plan that includes:
   a. The purpose and need for the proposed activity;
   b. A clear statement of the objectives; for fertility control the statement shall include the target wildlife population goals or densities and the anticipated time-frame for meeting these objectives;
   c. A description of the agent, drug, or method and any mandated labeling restrictions or limitations designed to reduce or minimize detrimental effects to wildlife and humans;
   d. Citations of published scientific literature documenting field studies on the efficacy and safety for both target and non-target species, including predators, scavengers, and humans;
   e. A description of the activity area;
   f. A description of the target species population and current status;
   g. A description of the field methodology for delivery that includes the following, as applicable:
      i. Timing,
      ii. Sex and number of animals to be treated,
      iii. Percentage of the population to be treated,
      iv. Calculated population effect, and
      v. Short and long term monitoring and evaluation procedures.
2. Documentation regarding the experience and credentials of the applicant or the applicant’s agents as it applies to the requested activity;
3. Written permission from landowners or lessees in all locations where the drug will be administered; and
4. Written endorsement from the agency or institution; required when the applicant is a government agency, university, or other institution. The person signing the written endorsement shall have the authority to execute the written endorsement on behalf of the agency or institution.

C. The Department shall notify the applicant of the Department’s decision to grant or deny the request within 90 days. The Department has the authority to place conditions on the written authorization regarding:

1. Locations and time-frames,
2. Drugs and methodology,
3. Limitations,
4. Reporting requirements, and
5. Any other conditions deemed necessary by the Department.

D. A person with authorization shall:
CHAPTER 4. GAME AND FISH COMMISSION

1. Carry written authorization while engaged in the activity and exhibit it upon request to any peace officer, wildlife manager, or game ranger;
2. Allow Department personnel to be present to monitor activities for compliance, public safety, and proper treatment of animals;
3. Adhere to all drug label restrictions and precautions;
4. Provide an annual and final report:
   a. The annual report shall include the number of animals treated, the level of treatment effect obtained to date, and any problems including mortalities or morbidities of target animals. The person shall submit the annual report to the Department by January 31 of each year or as otherwise specified in the written authorization.
   b. The final report shall include the end results, including the number of wildlife treated and treatment effects on target and non-target wildlife, including mortalities, morbidities, and reproductive rate changes. The person shall submit the final report to the Department no later than 90 days after the completion of the project for which the permit was issued.
5. Comply with all conditions and requirements set forth in the written authorization.

E. This Section does not prohibit the treatment of wildlife by a licensed veterinarian or holder of a special license in accordance with R12-4-407(B)(2) and (8), R12-4-413(K)(5), R12-4-420(J)(3), activities as authorized under R12-4-418, R12-4-420, R12-4-421, and R12-4-423, a person exempt from special licensing under R12-4-407(A)(4) and (5), or reasonable lethal removal activities for wildlife control as authorized under A.R.S. § 17-239(A).

F. This Section does not limit:
1. Department employees or Department agents in the performance of their official duties related to wildlife management,
2. The practices of aquaculture facilities administered by the U.S. Fish and Wildlife Service, and commercial aquaculture facilities operating under a valid license from the Arizona Department of Agriculture, or
3. The use of supplements or drugs as a part of conventional livestock operations where those supplements may incidentally be consumed by wildlife.

G. The Department shall take possession of and dispose of any remaining wildlife drugs administered in violation of this Section and any devices and paraphernalia used to administer those drugs as authorized under A.R.S. §§ 17-211(E), 17-231(A), and 17-240(B).

H. Require the person with authorization to indemnify the Department against any injury or damage resulting from the use of animal drugs.

Historical Note

R12-4-310. Fishing Permits
A. The Department may issue a fishing permit to state, county, or municipal agencies or departments and to nonprofit organizations whose primary purpose is to provide treatment and care for persons with physical, developmental, or mental disabilities.
B. The permit:
1. Is valid for any two days within a 30 day period;
2. Authorizes persons with physical, developmental, or mental disabilities to fish without a fishing license upon any public waters except that fishing in the waters of the Colorado River is restricted to fishing from the Arizona shoreline only, unless the persons fishing under the authority of the permit also possess a valid Colorado River stamp from the adjacent state; and
3. Does not exempt persons fishing under the authority of the permit from compliance with other statutes, Commission Orders, and rules not contained in this Section.

C. An applicant for a fishing permit shall submit a properly completed application to the Department. The application is furnished by the Department and is available from any Department office and online at www.azgfd.gov.

1. The applicant shall provide all of the following information:
   a. The name, address, and telephone number of the agency, department, or nonprofit organization requesting the permit;
   b. The name, position title, and telephone number of the persons responsible for supervising the persons fishing under the authority of the permit;
   c. The total number of persons who will be fishing under the authority of the permit;
   d. The dates for which the permit will be used; and
   e. The location for which the permit will be valid.
2. In addition to the information required under subsection (C)(1), nonprofit organizations shall also submit:
   a. A copy of the organization’s articles of incorporation and evidence that the organization has tax-exempt status under Section 501(c) of the Internal Revenue Code, unless a current and correct copy is already on file with the Department; and
   b. Document identifying the organization’s mission.

D. The Department shall either grant or deny the fishing permit within the applicable overall time-frame established under R12-4-106.

E. The fishing permit holder shall provide instruction on fish identification, fishing ethics, safety, and techniques to the persons who will be fishing under authority of the permit curriculum outline provided by the Department.

F. Each person fishing under the sole authority of the fishing permit may take only one-half the regular bag limit established by Commission Order for any species, unless the regular bag limit is one, in which case the permit authorizes the regular bag limit.

G. The permit holder shall submit a report to the Department no later than 30 days after the end of the authorized fishing dates. The report form is furnished by the Department and is available at any Department office. The permit holder shall report all of the following information on the form:
   1. The fishing permit number and the information contained in the permit;
   2. The total number of persons who fished and total hours fished;
   3. The total number of fish caught, kept, and released, by species.

H. The Department may deny future fishing permits to a permit holder who failed to submit the report required under subsection (G) until the permit holder complies with reporting requirements.

Historical Note
R12-4-311. Exemptions from Requirement to Possess an Arizona Fishing License or Hunting License While Taking Wildlife

In addition to the exemptions prescribed under A.R.S. § 17-335, R12-4-206(E), R12-4-207(E), and R12-4-209(E) and provided the person’s fishing, hunting, or trapping license privileges are not currently revoked by the Commission:

1. A fishing license is not required when a person is:
   a. Fishing from artificial ponds, tanks, and lakes contained entirely on private lands that are not:
      i. Open to the public, and
      ii. Managed by the Department.
   b. Taking from private property nonnative terrestrial mollusks, such as but not limited to brown garden snails (Helix aspersa) and decollata snails (Rumina decollata), or crustaceans, such as crayfish.
   c. Fishing in Arizona on any designated Saturday occurring during National Fishing and Boating Week, except in waters of the Colorado River forming the common boundaries between Arizona and California, Nevada, or Utah where fishing without a license is limited to the shoreline, unless the state with concurrent jurisdiction removes licensing requirements on the same day.
   d. Participating in an introductory fishing education program sanctioned by the Department, during scheduled program hours, only. A sanctioned program shall have a Department employee, or authorized volunteer instructor present during scheduled program hours. For the purposes of this subsection, “authorized volunteer instructor” means a person who has successfully passed the Department’s required background check, or provided documentation of the person’s application for a fingerprint clearance card, and sport fishing education workshop.

2. A hunting license is not required when a person is participating in an introductory hunting event organized, sanctioned, or sponsored by the Department. The person may hunt small game, fur-bearing, predator, and designated mammals during scheduled event hours, only. To hunt migratory game birds, the person shall have any stamps required by federal regulation. The introductory hunting event shall have a Department employee, certified hunter education instructor, or authorized volunteer present during scheduled hunting hours. For the purposes of this subsection, “authorized volunteer” means a person who has successfully passed the Department’s required background check, or provided documentation of the person’s application for a fingerprint clearance card, and Department event best practices training. This subsection does not apply to any event that requires a participant to obtain a permit-tag or nonpermit-tag.

Historical Note
Amended as an emergency effective April 10, 1975 (Supp. 75-1). Amended effective May 3, 1976 (Supp. 76-3). Amended effective May 26, 1978 (Supp. 78-3). Amended effective May 31, 1979. Amended effective June 4, 1979 (Supp. 79-3). Amended effective April 22, 1980 (Supp. 80-2). Former Section R12-4-60 renumbered as Section R12-4-311 without change effective August 13, 1981 (Supp. 81-4). Amended subsections (A), (B), and (D) and added subsections (F) and (G) effective December 17, 1981 (Supp. 81-6). Amended as an emergency effective May 12, 1982, pursuant to A.R.S. § 41-1003, valid for 90 days (Supp. 82-3). Emergency certification expired. Amended subsections (A) through (E) effective December 7, 1982 (Supp. 82-6). Amended subsections (C) and (D) effective February 9, 1984 (Supp. 84-1). Amended effective December 13, 1985 (Supp. 85-6). Amended subsections (A) and (D) effective December 16, 1986 (Supp. 86-6). Former Section R12-4-311 repealed, new Section R12-4-311 adopted effective December 30, 1988 (Supp. 88-4). Correction, former Historical Note should read “Former Section R12-4-322 repealed, new Section R12-4-311 adopted effective January 1, 1989, filed effective December 30, 1988” (Supp. 89-2). Amended by final rulemaking at 10 A.A.R. 850, effective April 3, 2004 (Supp. 04-1). Amended by final rulemaking at 19 A.A.R. 826, effective July 1, 2013 (Supp. 13-2). Amended by final rulemaking at 19 A.A.R. 3225, effective January 1, 2014 (Supp. 13-3). Amended by final rulemaking at 25 A.A.R. 1047, effective June 1, 2019 (Supp. 19-2).

R12-4-312. Repealed

Historical Note
Amended effective June 4, 1979 (Supp. 79-3). Amended effective April 22, 1980 (Supp. 80-2). Former Section R12-4-61 renumbered as Section R12-4-312 without change effective August 13, 1981 (Supp. 81-4). Amended subsections (B), (E) and (F) effective December 17, 1981 (Supp. 81-6). Amended subsections (A), (C), (D), (E), and
R12-4-313. Lawful Methods of Take and Season for Aquatic Wildlife

A. Subject to the restrictions of this Section, a person may take aquatic wildlife during the day or night using artificial light as prescribed under A.R.S. § 17-301. When a fish die-off is imminent or when otherwise deemed appropriate, the Commission may designate a special season by Commission Order to allow fish to be taken by hand or by any hand-held, non-motorized implement that does not discharge a projectile.

B. A person who possesses a valid Arizona fishing license may take aquatic wildlife by angling or simultaneous fishing as defined under R12-4-301 with any bait, artificial fly, or lure subject to the following restrictions:
   1. Except for sunfish of the genus *Lepomis*, the flesh of game fish may not be used as bait.
   2. Live baitfish, as defined under R12-4-101, may only be used in designated areas prescribed by Commission Order and designated areas may subsequently be closed or restricted by Commission Order.
   3. Waterdogs may not be used as live bait in that portion of Santa Cruz County lying east and south of State Highway 82 or that portion of Cochise County lying west of the San Pedro River and south of State Highway 82.
   4. Shall not use more than two lines at any one time.
   5. The Commission may further restrict the lawful methods of take on particular waters by designating one or more of the following special seasons by Commission Order:
      a. An “artificial flies and lures” season in which only artificial flies and lures may be used in designated areas,
      b. A “barbless hooks” season in which only the use of barbless or single-point barbless hooks may be used in designated areas,
      c. An “immediate kill or release” season in which a person must kill and retain the designated species as part of the person’s bag limit or immediately release the wildlife,
      d. A “catch and immediate release” in which a person must immediately release the designated species,
      e. An “immediate kill” season in which a person must immediately kill and retain the designated species as part of the person’s bag limit, or
      f. A “limited-entry” season in which a limited number of permits is made available to the public for a designated species, a particular water, or both.

C. In addition to angling, a person who possesses a valid Arizona fishing license may also take the following aquatic wildlife using the following methods:
   1. A hybrid device is lawful for the take of aquatic wildlife provided all components of the device are authorized for the take of that species under this subsection.
   2. Carp (*Cyprinus carpio*), buffalo fish, mullet, tilapia, goldfish, and shad may be taken by:
      a. Bow and arrow,
      b. Crossbow,
      c. Snare,
      d. Gig,
      e. Spear or spear gun, or
      f. Snagging.
   3. A person shall not use any of the methods of take listed under subsection (C)(2) within 200 yards of a designated swimming area as indicated by way of posted signs or notices.
   4. Except for snagging, a person shall not use any of the methods of take listed under subsection (C)(2) within 200 yards of any boat dock or fishing pier.
5. Striped bass may be taken by spear or spear gun in waters designated by Commission Order.
6. Catfish may be taken by bow and arrow or crossbow in waters designated by Commission Order.
7. Amphibians, soft-shelled turtles, mollusks, and crustaceans may be taken by minnow trap, crayfish net, hand, or with any hand-held, non-motorized implement that does not discharge a projectile, unless otherwise permitted under this Section.
8. In addition to the methods described under subsection (C)(7), bullfrogs may be taken by:
   a. Bow and arrow,
   b. Crossbow,
   c. Pneumatic weapon, or
   d. Slingshot.
9. Live baitfish may be taken for personal use as bait by:
   a. A cast net not to exceed a radius of 4 feet measured from the horn to the leadline;
   b. A minnow trap, as defined under R12-4-301;
   c. A seine net not to exceed 10 feet in length and 4 feet in width; or
   d. A dip net.
10. In addition to the methods described under subsection (C)(7), crayfish may be taken with the following devices:
    a. A trap not more than 3 feet in the greatest dimension,
    b. A dip net as defined under R12-4-301, or
    c. A seine net not larger than 10 feet in length and 4 feet in width.
11. The Commission may further restrict the lawful methods of take on particular waters by designating one or more of the following special seasons by Commission Order:
    a. A “snagging” season in which a person may use this method only at times and locations designated by Commission Order,
    b. A “spear or spear gun” season in which a person may use this method only at times and locations designated by Commission Order.

D. Aquatic wildlife taken in violation of this Section is unlawfully taken.

**Historical Note**
2. A person may transport live waterdogs except in the portion of Santa Cruz County lying east and south of State Highway 82 or the portion of Cochise County lying west of the San Pedro River and south of State Highway 82; and

3. Any crayfish taken on waters within Yuma or La Paz Counties may be transported alive for use as live bait in that portion of La Paz County west of Highway 95 and south of Interstate 10, Yuma County, and on the Colorado River from the Palo Verde Diversion Dam downstream to the Southern international boundary with Mexico.

C. A person who possesses a valid Arizona fishing license may import, transport, or possess live baitfish, crayfish, or waterdogs for personal use as live bait only as follows:

1. A person may possess or transport only the following live baitfish for personal use as live bait:
   a. Fathead minnow (*Pimephales promelas*),
   b. Golden shiners (*Notemigonus crysoleucas*),
   c. Goldfish (*Carassius auratus*),
   d. Longfin Dace (*Agosia chrysogaster*),
   e. Sonora Sucker (*Catostomus insignis*),
   f. Speckled Dace (*Rhynicthys osculus*), and
   g. Desert Sucker (*Catostomus clarki*).

2. A person may import for personal use live baitfish listed in subsection (C)(1) from:
   a. California or Nevada, or
   b. From any other state with accompanying documentation certifying that the fish are free of Furunculosis.

3. A person may import, transport, or possess live waterdogs for personal use as bait, except in the portion of Santa Cruz County lying east and south of State Highway 82 or the portion of Cochise County lying west of the San Pedro River and south of State Highway 82.

4. A person shall not import, transport, or move live crayfish between waters for personal use as live bait except as allowed in 12 A.A.C. 4, Article 4, or except as allowed in subsection (B)(3).

D. A person shall attach water-resistant identification to any unattended live boxes or stringers holding fish and ensure the identification bears the person’s:

1. Name,
2. Address, and
3. Fishing license number.

E. A person who uses a crayfish net or a minnow trap shall raise and empty the trap daily and shall attach water-resistant identification to any unattended traps and ensure the identification bears the person’s:

1. Name,
2. Address, and
3. Fishing license number.

F. A person shall not knowingly disturb the crayfish net, live box, minnow trap, or stringer of another unless authorized to do so by the owner.

**Historical Note**

CHAPTER 4. GAME AND FISH COMMISSION

Historical Note

R12-4-316. Repealed

Historical Note
Amended effective May 3, 1976 (Supp. 76-3). Amended effective June 4, 1979 (Supp. 79-3). Amended subsections (A), (B), (C), and (D) effective December 29, 1980 (Supp. 80-6). Former Section R12-4-65 renumbered as Section R12-4-316 without change effective August 13, 1981 (Supp. 81-4). Amended subsections (B), (C) and (F) effective February 9, 1984 (Supp. 84-1). Amended effective December 31, 1984 (Supp. 84-6). Former Section R12-4-316 repealed, new Section R12-4-316 adopted effective December 30, 1988 (Supp. 88-4). Correction, former Historical Note should read “Former Section R12-4-316 repealed, new Section R12-4-316 adopted effective January 1, 1989, filed December 30, 1988” (Supp. 89-2). Amended by final rulemaking at 7 A.A.R. 2147, effective May 25, 2001 (Supp. 01-2). Amended by final rulemaking at 10 A.A.R. 850, effective April 3, 2004 (Supp. 04-1). Amended by final rulemaking at 19 A.A.R. 826, effective July 1, 2013 (Supp. 13-2). Repealed by final rulemaking at 25 A.A.R. 1047, effective June 1, 2019 (Supp. 19-2).

R12-4-317. Repealed

Historical Note
Renumbered, then repealed and readopted as Section R12-4-43 effective February 20, 1981 (Supp. 81-1). Former Section R12-4-66 renumbered as Section R12-4-317 without change effective August 13, 1981 (Supp. 81-4). Correction, Section R12-4-317 formerly shown as repealed should have read reserved. Former Historical Note erroneous, see R12-4-202. Section R12-4-317 adopted effective June 20, 1984 (Supp. 84-3). Repealed effective December 30, 1988 (Supp. 88-4). Correction, former Historical Note should read “Repealed effective January 1, 1989, filed December 30, 1988” (Supp. 89-2). New Section made by final rulemaking at 10 A.A.R. 850, effective April 3, 2004 (Supp. 04-1). Amended by final rulemaking at 19 A.A.R. 826, effective July 1, 2013 (Supp. 13-2). Repealed by final rulemaking at 25 A.A.R. 1047, effective June 1, 2019 (Supp. 19-2).

R12-4-318. Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles

A. Methods of lawfully taking wild mammals, birds, and reptiles during seasons designated by Commission Order as “general” seasons are designated under R12-4-304.
   1. Lawful devices are defined under R12-4-101 and R12-4-301.
   2. Lawful devices are listed under this Section by the range of effectiveness, from greatest range to least range.
   3. A hybrid device may be used in a general season, provided:
      a. All components of the hybrid device are designated as lawful for a given species under R12-4-304, and
      b. No components are prohibited under R12-4-303.

B. Methods of lawfully taking big game during seasons designated by Commission Order as “special” are designated under R12-4-304. “Special” seasons are open only to a person who possesses a special big game license tag authorized under A.R.S. § 17-346 and R12-4-120.

C. When designated by Commission Order, the following seasons have specific requirements and lawful methods of take more restrictive than those for general and special seasons, as established under this Section. While taking the species authorized by the season, a person participating in:
   1. A “CHAMP” season shall be a challenged hunter access/mobility permit holder as established under R12-4-217.
   2. A “youth-only hunt” shall be under the age of 18. A youth hunter whose 18th birthday occurs during a “youth-only hunt” for which the youth hunter has a valid permit or tag may continue to participate for the duration of that “youth-only hunt.”
   3. A “pursuit-only” season may use dogs to pursue bears, mountain lions, or raccoons as designated by Commission Order, but shall not kill or capture the quarry.
a. A person participating in a “pursuit-only” season shall possess and, at the request of Department personnel, produce an appropriate and valid hunting license and any required tag or pursuit-only permit for the wildlife pursued, even though there shall be no kill.

b. Pursuit is allowed regardless of whether a person has met the bag limit established under R12-4-104(J) for that genus.

c. A person does not commit an offense under A.R.S. § 17-309 where the person causes or allows a dog to pursue a bear, mountain lion, or raccoon when all of the following apply:
   i. A pursuit-only season for the wildlife pursued is authorized by Commission Order;
   ii. The person possesses a valid hunting license and tag;
   iii. The bear, mountain lion, or raccoon is not injured or killed in the course of the pursuit.

4. A “restricted season” may use any lawful method authorized for a specific species under R12-4-304, except dogs may not be used to pursue the wildlife for which the season was established.

5. An “archery-only” season shall not use any other weapons, including crossbows or bows with a device that holds the bow in a drawn position except as authorized under R12-4-216. A person participating in an “archery-only” season may use one or more of the following methods or devices if authorized under R12-4-304 as lawful for the species hunted:
   a. Bows and arrows, and
   b. Falconry.

6. A “handgun, archery, and muzzleloader (HAM)” season may use one or more of the following methods or devices if authorized under R12-4-304 as lawful for the species hunted:
   a. Muzzleloading rifles,
   b. Handguns,
   c. Muzzleloading handguns,
   d. Bows and arrows,
   e. Crossbows or bows to be drawn and held with an assisting device, and
   f. Pre-charged pneumatic weapons capable of holding and discharging a single projectile .35 caliber or larger.

7. A “muzzleloader” season may use one or more of the following methods or devices if authorized under R12-4-304 as lawful for the species hunted:
   a. Muzzleloading rifles or muzzleloading handguns,
   b. Bows and arrows, and
   c. Crossbows or bows to be drawn and held with an assisting device.

8. A “limited weapon” season may use one or more of the following methods or devices for taking wildlife, if authorized under R12-4-304 as lawful for the species hunted:
   a. Bows and arrows,
   b. Crossbows or bows to be drawn and held with an assisting device,
   c. Pneumatic weapons capable of holding and discharging a single projectile .25 caliber or smaller,
   d. Hand-propelled projectiles,
   e. Any trap except foothold traps,
   f. Slingshots,
   g. Dogs,
   h. Falconry,
   i. Nets, or
   j. Capture by hand.
9. A “limited weapon hand or hand-held implement” season may use one or more of the following methods or devices for taking wildlife, if authorized under R12-4-304 as lawful for the species hunted:
   a. Catch-pole,
   b. Hand,
   c. Snake hook, or
   d. Snake tongs.

10. A “limited weapon-pneumatic” season may use one or more of the following methods or devices for taking wildlife, if authorized under R12-4-304 as lawful for the species hunted:
   a. Pneumatic weapons discharging a single projectile .25 caliber or smaller,
   b. Hand-propelled projectiles,
   c. Slingshots,
   d. Dogs,
   e. Falconry,
   f. Nets, or
   g. Capture by hand.

11. A “limited weapon-rimfire” season may use one or more of the following methods or devices for taking wildlife, if authorized under R12-4-304 as lawful for the species hunted:
   a. Rifled firearms using rimfire cartridges,
   b. Shotgun shooting shot or slug,
   c. Bows and arrows,
   d. Crossbows or bows to be drawn and held with an assisting device,
   e. Pneumatic weapons,
   f. Hand-propelled projectiles,
   g. Any trap except foothold traps,
   h. Slingshots,
   i. Dogs,
   j. Falconry,
   k. Nets, or
   l. Capture by hand.

12. A “limited weapon-shotgun” season may use one or more of the following methods or devices for taking wildlife, if authorized under R12-4-304 as lawful for the species hunted:
   a. Shotgun shooting shot or slug,
   b. Muzzleloading shotgun,
   c. Bows and arrows,
   d. Crossbows or bows to be drawn and held with an assisting device,
   e. Pneumatic weapons,
   f. Hand-propelled projectiles,
   g. Any trap except foothold traps,
   h. Slingshots,
   i. Dogs,
   j. Falconry,
   k. Nets, or
1. Capture by hand.

13. A “limited weapon-shotgun shooting shot” season may use one or more of the following methods or devices for taking wildlife, if authorized under R12-4-304 as lawful for the species hunted:
   a. Shotgun shooting shot,
   b. Muzzleloading shotgun shooting shot,
   c. Bows and arrows,
   d. Crossbows or bows to be drawn and held with an assisting device,
   e. Pneumatic weapons,
   f. Hand-propelled projectiles,
   g. Any trap except foothold traps,
   h. Slingshots,
   i. Dogs,
   j. Falconry,
   k. Nets, or
   l. Capture by hand.

14. A “falconry-only” season shall be a falconer licensed under R12-4-422 unless exempt under A.R.S. § 17-236(C) or R12-4-407. A falconer participating in a “falconry-only” season shall use no other method of take except falconry.

15. A “raptor capture” season shall be a falconer licensed under R12-4-422 unless exempt under R12-4-407.

16. A “limited-entry” season means any hunting opportunity for which a limited number of permits is made available to the public.

Historical Note

R12-4-319. Use of Aircraft to Take Wildlife
A. A person shall not take or assist in taking wildlife from or with the aid of aircraft, including drones.

B. Except in hunt units with Commission-ordered special seasons under R12-4-115 and R12-4-120 and hunt units with seasons only for mountain lion and no other concurrent big game season, a person shall not locate or assist in locating wildlife from or with the aid of an aircraft, including drones, in a hunt unit with an open big game season. This restriction begins 48 hours before the opening of a big game season in a hunt unit and extends until the close of the big game season for that hunt unit.

C. A person who possesses a special big game license tag for a special season under R12-4-115 or R12-4-120 or a person who assists or will assist such a licensee shall not use an aircraft, including drones, to locate wildlife beginning 48 hours before and during a Commission-ordered special season.

D. This Section does not apply to any person acting within the scope of official duties as an employee or authorized agent of the state or the United States to manage or protect or aid in the management or protection of land, water, wildlife, livestock, domesticated animals, human life, or crops.
E. For the purposes of this Section, “locate” means any act or activity that does not take or harass wildlife and is directed at locating or finding wildlife in a hunt area.

**Historical Note**

R12-4-320. Harassment of Wildlife

A. In addition to the provisions established under A.R.S. § 17-301, it is unlawful to harass, molest, chase, rally, concentrate, herd, intercept, torment, or drive wildlife with or from any aircraft, including drones, as defined under R12-4-301, or with or from any motorized terrestrial or aquatic vehicle.

B. This Section does not apply to person’s acting:
   1. In accordance with the provisions established under A.R.S. § 17-239; or
   2. Within the scope of official duties as an employee or authorized agent of the state or the United States to manage or protect or aid in the management or protection of land, water, wildlife, livestock, domesticated animals, human life, or crops.

**Historical Note**

R12-4-321. Restrictions for Taking Wildlife in City, County, or Town Parks and Preserves

A. All city, county, and town parks and preserves are closed to hunting and trapping, unless open by Commission Order.

B. Unless otherwise provided under Commission Order or rule, a city, county, or town may:
   1. Limit or prohibit any person from hunting within one-fourth mile (440 yards) or trapping within one half mile (880 yards) of any:
      a. Developed picnic area,
      b. Developed campground,
      c. Developed trailhead,
      d. Developed wildlife viewing platform,
      e. Boat ramp,
      f. Shooting range,
      g. Occupied structure, or
      h. Golf course.
   2. Require a person entering a city, county, or town park or preserve, for the purpose of hunting, to declare the person’s intent to hunt within the park or preserve, if the park or preserve has a check in process established.
   3. Allow a person to take wildlife in a city, county, or town park or preserve only during the posted park or preserve hours.

C. The requirements of subsection (B)(1) do not apply to a reptile and amphibian limited weapon hand or hand-held implement season established by Commission Order.

**Historical Note**
New Section R12-4-321 renumbered from R12-4-301 and amended by final rulemaking at 18 A.A.R. 1458, effective January 1, 2013 (Supp. 12-2). Amended by final rulemaking at 25 A.A.R. 1047, effective June 1, 2019 (Supp. 19-2).
R12-4-322. Pickup and Possession of Wildlife Carcasses or Parts

A. For the purposes of this Section, the following definitions apply:
   1. “Fresh” means the majority of the wildlife carcass or part is not exposed dry bone and is comprised mainly of hair, hide, or flesh.
   2. “Not fresh” means the majority of the wildlife carcass or part is exposed dry bone due to natural processes such as scavenging, decomposition, or weathering.

B. If not contrary to federal law or regulation, a person may pick up and possess naturally shed antlers or horns or other wildlife parts that are not fresh without a permit or inspection by a Department law enforcement officer.

C. If not contrary to federal law or regulation, a person may only pick up and possess a fresh wildlife carcass or its parts under this Section if the person notifies the Department prior to pick up and possession and:
   1. The Department’s first report or knowledge of the carcass or its parts is voluntarily provided by the person wanting to possess the carcass or its parts;
   2. A Department law enforcement officer or an authorized Department employee or agent is able to observe the carcass or its parts at the site where the animal was found in the same condition and location as when the animal was originally found by the person wanting to possess the carcass or its parts; and
   3. A Department law enforcement officer, using the officer’s education, training, and experience, determines the animal died from natural causes. The Department may require the person to take the officer to the site where the animal carcass or parts were found when an adequate description or location cannot be provided to the officer.

D. If a Department law enforcement officer determines that the person wanting to possess the carcass or its parts is authorized to do so under subsection (C), the officer may authorize possession of the carcass or its parts.

E. Wildlife parts picked up and possessed from areas under control of jurisdictions that prohibit such activity, such as other states, reservations, or national parks, are illegal to possess in this state.

F. This Section does not authorize the pickup and possession of a threatened or endangered species carcass or its parts.

Historical Note
New Section made by final rulemaking at 19 A.A.R. 826, effective July 1, 2013 (Supp. 13-2). Amended by final rulemaking at 25 A.A.R. 1047, effective June 1, 2019 (Supp. 19-2).
17-102. **Wildlife as state property; exceptions**

Wildlife, both resident and migratory, native or introduced, found in this state, except fish and bullfrogs impounded in private ponds or tanks or wildlife and birds reared or held in captivity under permit or license from the commission, are property of the state and may be taken at such times, in such places, in such manner and with such devices as provided by law or rule of the commission.
17-231. General powers and duties of the commission

A. The commission shall:

1. Adopt rules and establish services it deems necessary to carry out the provisions and purposes of this title.

2. Establish broad policies and long-range programs for the management, preservation and harvest of wildlife.

3. Establish hunting, trapping and fishing rules and prescribe the manner and methods that may be used in taking wildlife, but the commission shall not limit or restrict the magazine capacity of any authorized firearm.

4. Be responsible for the enforcement of laws for the protection of wildlife.

5. Provide for the assembling and distribution of information to the public relating to wildlife and activities of the department.

6. Prescribe rules for the expenditure, by or under the control of the director, of all funds arising from appropriation, licenses, gifts or other sources.

7. Exercise such powers and duties necessary to carry out fully the provisions of this title and in general exercise powers and duties that relate to adopting and carrying out policies of the department and control of its financial affairs.

8. Prescribe procedures for use of department personnel, facilities, equipment, supplies and other resources in assisting search or rescue operations on request of the director of the division of emergency management.

9. Cooperate with the Arizona-Mexico commission in the governor's office and with researchers at universities in this state to collect data and conduct projects in the United States and Mexico on issues that are within the scope of the department's duties and that relate to quality of life, trade and economic development in this state in a manner that will help the Arizona-Mexico commission to assess and enhance the economic competitiveness of this state and of the Arizona-Mexico region.

B. The commission may:

1. Conduct investigations, inquiries or hearings in the performance of its powers and duties.

2. Establish game management units or refuges for the preservation and management of wildlife.

3. Construct and operate game farms, fish hatcheries, fishing lakes or other facilities for or relating to the preservation or propagation of wildlife.

4. Expend funds to provide training in the safe handling and use of firearms and safe hunting practices.

5. Remove or permit to be removed from public or private waters fish which hinder or prevent propagation of game or food fish and dispose of such fish in such manner as it may designate.

6. Purchase, sell or barter wildlife for the purpose of stocking public or private lands and waters and take at any time in any manner wildlife for research, propagation and restocking purposes or for use at a game farm or fish hatchery and declare wildlife salable when in the public interest or the interest of conservation.

7. Enter into agreements with the federal government, with other states or political subdivisions of the state and with private organizations for the construction and operation of facilities and for management studies, measures or procedures for or relating to the preservation and propagation of wildlife and expend funds for carrying out such agreements.

8. Prescribe rules for the sale, trade, importation, exportation or possession of wildlife.
9. Expend monies for the purpose of producing publications relating to wildlife and activities of the department for sale to the public and establish the price to be paid for annual subscriptions and single copies of such publications. All monies received from the sale of such publications shall be deposited in the game and fish publications revolving fund.

10. Contract with any person or entity to design and produce artwork on terms that, in the commission's judgment, will produce an original and valuable work of art relating to wildlife or wildlife habitat.

11. Sell or distribute the artwork authorized under paragraph 10 of this subsection on such terms and for such price as it deems acceptable.

12. Consider the adverse and beneficial short-term and long-term economic impacts on resource dependent communities, small businesses and the state of Arizona, of policies and programs for the management, preservation and harvest of wildlife by holding a public hearing to receive and consider written comments and public testimony from interested persons.

13. Adopt rules relating to range operations at public shooting ranges operated by and under the jurisdiction of the commission, including the hours of operation, the fees for the use of the range, the regulation of groups and events, the operation of related range facilities, the type of firearms and ammunition that may be used at the range, the safe handling of firearms at the range, the required safety equipment for a person using the range, the sale of firearms, ammunition and shooting supplies at the range, and the authority of range officers to enforce these rules, to remove violators from the premises and to refuse entry for repeat violations.

14. Solicit and accept grants, gifts or donations of money or other property from any source, which may be used for any purpose consistent with this title.

C. The commission shall confer and coordinate with the director of water resources with respect to the commission's activities, plans and negotiations relating to water development and use, restoration projects under the restoration acts pursuant to chapter 4, article 1 of this title, where water development and use are involved, the abatement of pollution injurious to wildlife and in the formulation of fish and wildlife aspects of the director of water resources' plans to develop and utilize water resources of the state and shall have jurisdiction over fish and wildlife resources and fish and wildlife activities of projects constructed for the state under or pursuant to the jurisdiction of the director of water resources.

D. The commission may enter into one or more agreements with a multi-county water conservation district and other parties for participation in the lower Colorado river multispecies conservation program under section 48-3713.03, including the collection and payment of any monies authorized by law for the purposes of the lower Colorado river multispecies conservation program.
17-251. Possession or use of a firearm silencer or muffler while hunting; definition

A. The commission shall not adopt or enforce any rule that prohibits the lawful possession or use of a firearm silencer or muffler, including for the taking of wildlife or while hunting.

B. This section does not limit the authority of the commission to prescribe the type and caliber of firearm or ammunition that may be used for taking wildlife.

C. For the purposes of this section, "firearm silencer or muffler" means any device that is designed, made or adapted to muffle the report of a firearm.
17-301. *Times when wildlife may be taken; exceptions; methods of taking*

A. A person may take wildlife, except aquatic wildlife, only during daylight hours unless otherwise prescribed by the commission. A person shall not take any species of wildlife by the aid or with the use of a jacklight, other artificial light, or illegal device, except as provided by the commission.

B. A person shall not take wildlife, except aquatic wildlife, or discharge a firearm or shoot any other device from a motor vehicle, including an automobile, aircraft, train or powerboat, or from a sailboat, boat under sail, or a floating object towed by powerboat or sailboat except as expressly permitted by the commission. No person may knowingly discharge any firearm or shoot any other device upon, from, across or into a road or railway.

C. Fish may be taken only by angling unless otherwise provided by the commission. The line shall be constantly attended. In every case the hook, fly or lure shall be used in such manner that the fish voluntarily take or attempt to take it in their mouths.

D. It shall be unlawful to take wildlife with any leghold trap, any instant kill body gripping design trap, or by a poison or a snare on any public land, including state owned or state leased land, lands administered by the United States forest service, the federal bureau of land management, the national park service, the United States department of defense, the state parks board and any county or municipality. This subsection shall not prohibit:

1. The use of the devices prescribed in this subsection by federal, state, county, city, or other local departments of health which have jurisdiction in the geographic area of such use, for the purpose of protection from or surveillance for threats to human health or safety.

2. The taking of wildlife with firearms, with fishing equipment, with archery equipment, or other implements in hand as may be defined or regulated by the Arizona game and fish commission, including but not limited to the taking of wildlife pursuant to a hunting or fishing license issued by the Arizona game and fish department.

3. The use of snares, traps not designed to kill, or nets to take wildlife for scientific research projects, sport falconry, or for relocation of the wildlife as may be defined or regulated by the Arizona game and fish commission or the government of the United States or both.

4. The use of poisons or nets by the Arizona game and fish department to take or manage aquatic wildlife as determined and regulated by the Arizona game and fish commission.

5. The use of traps for rodent control or poisons for rodent control for the purpose of controlling wild and domestic rodents as otherwise allowed by the laws of the state of Arizona, excluding any fur-bearing animals as defined in section 17-101.
17-331. License or proof of purchase required; violation of child support order

A. Except as provided by this title, rules prescribed by the commission or commission order, a person shall not take any wildlife in this state without a valid license or a commission approved proof of purchase. The person shall carry the license or proof of purchase and produce it on request to any game ranger, wildlife manager or peace officer.

B. A certificate of noncompliance with a child support order issued pursuant to section 25-518 invalidates any license or proof of purchase issued to the support obligor for taking wildlife in this state and prohibits the support obligor from applying for any additional licenses issued by an automated drawing system under this title.

C. On receipt of a certificate of compliance with a child support order from the court pursuant to section 25-518 and without further action:

1. Any license or proof of purchase issued to the support obligor for taking wildlife that was previously invalidated by a certificate of noncompliance and that has not otherwise expired shall be reinstated.

2. Any ineligibility to apply for any license issued by an automated drawing system shall be removed.
BOARD OF MANUFACTURED HOUSING
Title 4, Chapter 34
This Five-Year-Review Report (5YRR) from the Board of Manufactured Housing relates to rules in Title 3, Chapter 34.

In the last 5YRR of these rules the Board proposed to amend all of its existing rules. The Board completed the proposed changes in a rulemaking approved by the Council in 2018. The rulemaking also addressed the legislative decision to move the Office from the Department of Fire, Building and Life Safety to the Department of Housing. Since the 2018 Rulemaking, the Board has completed two separate rulemakings in 2020 and 2021.

**Proposed Action**

The Board is not proposing any changes to the rules.

1. **Has the agency analyzed whether the rules are authorized by statute?**

   Yes, the Board cites to both the general and statutory authority.
2. **Summary of the agency’s economic impact comparison and identification of stakeholders:**

   The Office of Manufactured Housing, which is located within the Department of Housing, is required to maintain and enforce certain standards of quality and safety for mobile/manufactured homes and factory-built buildings. In addition, they are required to conduct business consistent with the minimum standards of the U.S. Department of Housing and Urban Development. The Board of Manufactured Housing is responsible for making rules regarding quality and safety standards for mobile/manufactured and factory-built buildings. The Department issues four kinds of licenses: manufacturer, dealer, installer, and salesperson. The Department indicates that during FY2021, they issued 1,130 new or renewed licenses. They state that fifty-six percent of the licenses were to salespersons. The Department goes on to state that there are currently three manufactured-housing companies operating four factories in Arizona and employing approximately 800 individuals. Each year, approximately 3,050 new manufactured homes are constructed in Arizona. During FY 2021, the Department collected $1,037,513 in licensing, inspecting, and permitting fees. The Department receives no appropriation for this activity because fees collected are required by statute to cover at least 95 percent of costs.

3. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

   The Board of Manufactured Housing has determined that the benefits of the rules, protecting public safety, outweigh the costs of the rules and impose the least burden and costs on the manufacturers, installers, and retailers required to comply with the rules.

4. **Has the agency received any written criticisms of the rules over the last five years?**

   No, the Board indicates they did not receive any written criticisms to the rules.

5. **Has the agency analyzed the rules’ clarity, conciseness, and understandability?**

   Yes, the Board indicates the rules are overall clear, concise, and understandable.

6. **Has the agency analyzed the rules’ consistency with other rules and statutes?**

   Yes, the Board indicates the rules are consistent with other rules and statutes.

7. **Has the agency analyzed the rules’ effectiveness in achieving its objectives?**

   Yes, the Board indicates the rules are effective in achieving their objectives.

8. **Has the agency analyzed the current enforcement status of the rules?**
Yes, the Board indicates the rules are enforced as written.

9. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

   No, the Board indicates the rules are not more stringent than the corresponding federal laws 24 C.F.R. § 3280.1.

10. **For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

    Not applicable. The rules do not require the issuance of a general permit.

11. **Conclusion**

    The Board is not proposing any changes to the rules.

    Council staff finds the rules to be overall clear, concise, understandable, and effective. Council staff recommends approval of this report.

Nicole Sornsin, Chair
Governor’s Regulatory Review Council
100 North 15th Avenue, Suite 305
Phoenix, Arizona 85007

RE: Board of Manufactured Housing
Five-year-review Report
4 A.A.C. 34

Dear Ms Sornsin:

The Board submits the referenced report for the Council’s review and approval. The report is due on June 28, 2022, under an extension.

The Board certifies compliance with A.R.S. § 41-1091.

For questions about this report, please contact Tara Brunetti at 602-771-1000 or tara.brunetti@azhousing.gov.

Sincerely,

Tara Brunetti
Tara Brunetti
Assistant Deputy Director
INTRODUCTION

Under A.R.S. § 41-4002, the Office of Manufactured Housing (“Office”), which is located within the Arizona Department of Housing, is required to maintain and enforce certain standards of quality and safety for mobile/manufactured homes and factory-built buildings. Additionally, the Office is required to conduct its business consistently with the minimum standards of the U.S. Department of Housing and Urban Development (“HUD”) so the Office can be designated the “state inspector” for manufactured homes and related industries. The Board of Manufactured Housing (Board) is responsible for making rules regarding quality and safety standards for mobile/manufactured homes and factory-built buildings.

Since the Board’s last 5YRR was approved by the Council on July 6, 2017, the Board completed four rulemakings and recodified two rules.

- In 2018, the Board amended or repealed all of its rules in response to the legislative decision to move the Office from the Department of Fire, Building and Life Safety to the Department of Housing, the previously referenced 5YRR, and a review conducted at the direction of the Governor’s office.
- In 2020, the Board amended rules in response to legislative change giving the Office regulatory authority over commercial FBBs, components, assemblies, and systems manufactured using closed panelized construction.
- In 2021, the Board updated materials incorporated by reference.
- Also in 2021, in response to recently identified statutory inconsistencies, the Board updated the scope of work for individuals licensed to install commercial FBBs and accessory structures to ensure all the work of installers is covered by the rules.
Statute that generally authorizes the agency to make rules: A.R.S. § 41-4010(A)

1. Specific statute authorizing the rule:
   R4-34-101. Definitions: A.R.S. §§ 41-4001 through 41-4010
   R4-34-102. Materials Incorporated by Reference: A.R.S. § 41-4010(A)(1), (2), (3), (11), and (14)
   R4-34-103. Exceptions: A.R.S. § 41-4010(A)(1), (2), (3), (10), (11), and (14)
   R4-34-201. General: A.R.S. §§ 41-4010(A)(6) through (9) and (13) and 41-1073
   R4-34-202. Manufacturers: A.R.S. § 41-4010(A)(6) and (13)
   R4-34-203. Retailers: A.R.S. § 41-4010(A)(7) and (13)
   R4-34-204. Installers: A.R.S. § 41-4010(A)(8) and (13)
   R4-34-301. Transaction Copies: A.R.S. § 41-4030
   R4-34-302. Advertising: A.R.S. § 41-4039(10) and (14)
   R4-34-303. Brokered Transactions: A.R.S. §§ 41-4030(L) and 41-4039(14)
   R4-34-401. Surety Bond Forms: A.R.S. § 41-4010(A)(6) through (8)
   R4-34-402. Cash Deposits: A.R.S. § 41-4010(A)(6) through (8)
   R4-34-403. License Bond Amounts: A.R.S. § 41-4010(A)(6) through (8)
   R4-34-501. General: A.R.S. § 41-4010(A)(4), (12), (13), and (16)
   R4-34-505. Plans and Supplements: A.R.S. §§ 41-1005, 41-4010(A)(3) and (13)
   R4-34-603. FBBs: A.R.S. §§ 41-4001(17), 41-4005, and 41-4010(A)(1), (5), and (13)
   R4-34-605. Reconstruction of FBBs: A.R.S. §§ 41-4005(B) and 41-4010(A)(3) and (13)
   R4-34-606. Rehabilitation of Mobile Homes: A.R.S. § 41-4010(A)(3) and (13)
   R4-34-607. Manufacturing Inspection and Certification: A.R.S. §§ 41-4004(A)(4), 41-4005, and 41-4010(A)(1) and (13)
   R4-34-701. General: A.R.S. §§ 41-1005 and 41-4010(A)(3) and (13)
   R4-34-703. Drawings and Specifications: A.R.S. §§ 41-4005(A) through (C) and 41-4010(A)(3) and (17)
   R4-34-704. Reconstruction Plans: A.R.S. §§ 41-4001(32), 41-4005(B) and 41-4010(A)(3)
   R4-34-705. Accessory Structures: A.R.S. §§ 41-4001(1), 41-4005(B) and 41-4010(A)(3), (5), (14), and (16)
2. **Objective of the rules:**

   R4-34-101. Definitions: The objective of the rule is to define terms used in the rules in a manner that is not explained adequately by a dictionary definition.

   R4-34-102. Materials Incorporated by Reference: The objective of this rule is to list materials the Board has incorporated by reference into the rules and with which licensees must comply.

   R4-34-103. Exceptions: The objective of this rule is to list exceptions to the materials incorporated under R4-34-102 and provide a procedure for a local jurisdiction to petition for an exception to the materials.

   R4-34-201. General: The objective of this rule is to establish general application requirements, including an administrative review of an application upon receipt by the Department.

   R4-34-202. Manufacturers: The objective of this rule is to provide descriptions of manufacturers’ license classifications and the activities that define the scope of each license class.

   R4-34-203. Retailers: The objective of this rule is to provide descriptions of retailers’ license classifications and the activities that define the scope of each license class.
R4-34-204. Installers: The objective of this rule is to provide descriptions of installers’ license classifications and the activities that define the scope of each license class. The rule also specifies license requirements specific to an installer.

R4-34-301. Transaction Copies: The objective of this rule is to establish requirements for records of sales transactions pertaining to the purchase of manufactured/mobile homes and FBBs.

R4-34-302. Advertising: The objective of this rule is to establish advertising requirements for the sale of manufactured/mobile homes and FBBs.

R4-34-303. Brokered Transactions: The objective of this rule is to establish requirements for brokered transactions pertaining to the purchase of manufactured/mobile homes and FBBs.

R4-34-401. Surety Bond Forms: The objective of this rule is to specify an applicant for a manufacturer, installer, or dealer license is required to submit a surety bond with a surety bond form.

R4-34-402. Cash Deposits: The objective of this rule is to provide applicants for a license or renewal of a license with an option to post cash or other payment methods in place of a commercial surety bond.

R4-34-403. License Bond Amounts: The objective of this rule is to establish bond amounts for each applicable license class.

R4-34-501. General: The objective of this rule is to provide information regarding a schedule of fees in accordance with A.R.S. §§ 41-4010(A)(4), and ensure services provided to the industry by the Office generate fees to cover the Office’s expenses within the margin defined by statute.
R4-34-505. Plans and Supplements: The objective of this rule is to establish a timeline for submitting corrections to plans or supplements.

R4-34-603. FBBs: The objective of this rule is to specify requirements for manufacturers of FBBs and require that FBBs be built according standards in R4-34-102.

R4-34-605. Reconstruction of FBBs: The objective of this rule is to specify a manufacturer is required to perform reconstruction in a manner consistent with applicable standards and codes.

R4-34-606. Rehabilitation of Mobile Homes: The objective of this rule is to establish requirements for rehabilitation of a mobile home, the issuance of a rehabilitation permit, and through inspection, ensure the appropriate certificate of compliance is issued.

R4-34-607. Manufacturing Inspection and Certification: The objective of this rule is to ensure manufactured-home plant certification is conducted according to HUD requirements, and regular inspections of retailer lots are conducted to ensure compliance with approved plans, standards, and A.R.S. § 41-4048.

R4-34-701. General: The objective of this rule is to establish requirements with which a manufacturer, retailer, or installer must comply regarding plans, drawings, and specifications that must be submitted for approval by the Office.

R4-34-702. Compliance Assurance Manuals: The objective of this rule is to specify a manufacturer of manufactured homes is required to prepare a compliance assurance manual that includes appropriate charts detailing compliance personnel, in-plant inspection requirements, descriptions of tests performed and test equipment, and other compliance assurance materials. The rule also contains similar requirements for manufacturers of FBBs.

R4-34-703. Drawings and Specifications: The objective of this rule is to specify a manufacturer of manufactured homes is required to submit drawings and specifications, and
a manufacturer of factory-built buildings and FBB subassemblies is required to submit plans that comply with applicable requirements and standards in accordance with R4-34-102.

R4-34-704. Reconstruction Plans: The objective of this rule is to establish procedures for sending notification of an alteration of a unit and ensure manufactured home plans comply with construction and safety standards specified in R4-34-102.

R4-34-705. Accessory Structures: The objective of this rule is to require installers to comply with applicable building codes when preparing accessory structure plans or have an alternative design developed by an appropriate Arizona registered professional.

R4-34-706. FBB Installation: The objective of this rule is to require installers to complete and submit an application form obtained from the Department and include in installation plans, site and foundation plans and electrical and plumbing drawings.

R4-34-707. Designated Flood-prone Area Installation: The objective of this rule is to specify the information installers must include in a plan submitted to the Department for approval before installing in a designated flood-prone area.

R4-34-801. Permits: The objective of this rule is to require a licensee or consumer to obtain a permit for the installation of a manufactured/mobile home, FBB, accessory structure, or rehabilitation of a mobile home before beginning work and to display the permit in a conspicuous place onsite.

R4-34-802. General Installation: The objective of this rule is to establish procedures for affixing the appropriate approval insignia to each unit in the approved location and to require installers and contractors to check with local jurisdictions regarding frost line requirements and to join the sections of a multi-sectional manufactured home according to manufacturer’s instructions.
R4-34-805. Accessory Structures: The objective of this rule is to require an installer or contractor to comply with applicable standards incorporated by reference in R4-34-102(3) when installing, assembling, or constructing accessory structures.

R4-34-1001. Rehearing or Review: The objective of this rule is to specify the procedures for requesting a rehearing or review of a decision by the Director.

3. Are the rules effective in achieving their objectives? Yes
   The rules are up-to-date and consistent with statute and industry standards. All identified issues have been addressed so there are no remaining negative or conflicting requirements. The Office is able to apply the required HUD regulations and building codes to protect public safety.

4. Are the rules consistent with other rules and statutes? Yes

5. Are the rules enforced as written? Yes

6. Are the rules clear, concise, and understandable? Yes

7. Has the agency received written criticisms of the rules within the last five years? No

8. Economic, small business, and consumer impact comparison:
   2018 rulemaking (24A.A.R. 1499)
   The rules that have not been amended since this rulemaking are: R4-34-103, R4-34-201, R4-34-202, R4-34-301 through R4-34-303, R4-34-401 through R4-34-403 (R4-34-401 and R4-34-403 recodified in 2021), R4-34-501, R4-34-505, R4-34-605, R4-34-707, and R4-34-1001.

   The Department issues four kinds of licenses: manufacturer, dealer, installer, and salesperson. During FY2021, the Department issued 1,130 new or renewed licenses. Fifty-six percent of the licenses were to salespersons. The Department issues a new license in an average of two days. There are currently three manufactured-housing companies operating four factories in Arizona. They employ approximately 800 individuals. Cavco employs 40 to 50 individuals at its corporate headquarters in
Phoenix. Each year, approximately 3,050 new manufactured homes are constructed in Arizona. Approximately 371,000 Arizona families live in manufactured homes.

During 2021, the Department received 41 complaints regarding licensees. Most of the consumer complaints alleged that manufacturers, dealers, or installers failed to provide all goods or services or failed to manufacture or install in a workmanlike manner. None of the complaints went to hearing. The Department issued three cease and desist orders regarding unlicensed activity. During FY2021, the Department issued 64 citations against licensees. Most of the citations were for failure to file a sales report.

During FY2021, the Department collected $1,037,513 in licensing, inspecting, and permitting fees. It receives no appropriation because fees collected are required by statute to cover at least 95 percent of costs. The Office of Manufactured Housing within the Department of Housing has 18 FTE employees.

2020 rulemaking (26 A.A.R. 1509)
The rules that have not been amended since this rulemaking are: R4-34-101, R4-34-203, R4-34-603, R4-34-606, R4-34-702, R4-34-704, R4-34-706, and R4-34-801.

This rulemaking was done in response to legislative change giving the Office regulatory authority over FBBs, components, assemblies, and systems manufactured using panelized closed construction. The Department currently has one licensee producing, selling, or installing closed panel products.

2021 rulemaking (26 A.A.R. 3327)
The only rule in this rulemaking was R4-34-102.

In this rulemaking, the Department updated the building codes incorporated by reference. Manufacturers and installers must comply with the building codes. The Department currently licenses 99 manufacturers and 127 installers. Updating the materials incorporated by reference benefited manufacturers and installers who no longer have to adjust their work to using an out-of-date code that is inconsistent with that used for other projects.
The rules that have not been amended since this rulemaking are: R4-34-204, R4-34-607, R4-34-701, R4-34-703, R4-34-705, R4-34-802, and R4-34-805.

In this rulemaking, the Department expanded the scope of work for various classes of installers. The Department currently licenses 88 category I-10C general installers; 15 category I-10D accessory structure installers, and 24 category I-10G master installers. When installation of commercial FBBs was added to the scope of work for a master installer, 25 licensed master installers were qualified to perform the new scope of work. The 65 master installers not qualified to install commercial FBBs became general installers. The rulemaking also expanded the scope of work for licensed general installers to include installation of accessory structures. During the last year, the Department provided 30 training courses regarding installation of accessory structures.

To protect the public, the Department reviews and approves engineered plans for the construction and installation of manufactured homes and FBBs. The Department enters Installation Service Agreements with local jurisdictions to support the volume of installation inspections that must be conducted. During FY2021, the Department approved 737 plans and supplements and conducted 11,606 inspections. After approving plans, the Department issued 1,798 permits. The Department generally completes a plan review and approval within 40 days. It issues permits within 10 days.

9. **Has the agency received any business competitiveness analyses of the rules?** No

10. **Has the agency completed the course of action indicated in the agency’s previous 5YRR?** Yes

   In the 5YRR approved by the Council on July 6, 2017, the Board indicated it would amend or repeal all of the existing rules. This was accomplished in a rulemaking that went into effect on June 30, 2018 (See 24 A.A.R. 1499).

11. **A determination after analysis that the probable benefits of the rule outweigh within this state the probable costs of the rule and the rule imposes the least burden and costs to persons regulated by the rule, including paperwork and other compliance costs necessary to achieve the underlying regulatory objective:**
The Board determined the benefits of the rules, protecting public safety, outweigh the costs of the rules and impose the least burden and costs on the manufacturers, installers, and retailers required to comply with the rules.

- **Article 1**: This Article specifies the various building codes with which a manufactured/mobile home, FBB, or accessory structure must conform. The codes are industry standards. Complying with the codes is necessary to protect the public. Updated codes minimize regulatory burdens for licensees required to comply with them.

- **Article 2**: Statute requires that manufacturers, installers, and retailers be licensed. This Article specifies the scope of work for various classes of licenses within each category and provides guidance regarding a license application. Completing a license application, posting a surety bond, and paying a licensing fee are costs of becoming licensed. The minimal costs are outweighed by the benefits of being able to work in the industry.

- **Article 3**: This Article establishes recordkeeping and advertising requirements for retailers and disclosure requirements regarding brokered transactions. These minor paperwork requirements are necessary to protect to interests of the purchaser of a manufactured/mobile home, FBB, or accessory structure.

- **Article 4**: Statute requires that licensees maintain a bond. This Article establishes the form and amount of the required surety bond and the alternative of maintaining a cash deposit rather than a bond. There is a minimal cost associated with obtaining and maintaining a surety bond. However, the bonds are necessary to mitigate any harm caused to consumers of manufactured/mobile homes, FBBs, or accessory structures.

- **Article 5**: Statute requires the Board to establish fees that cover at least 95 percent of the cost to operate the Office. This Article informs licensees and applicants that the Board charges a fee for a license, inspection, plan review, permit, and administrative functions. The fees established are minimal for each licensee or applicant, a necessary cost of doing business, and required by statute. Paying the fee and becoming licensed has the benefit of enabling an individual to work in the industry.

- **Article 6**: This Article establishes requirements for a manufacturer of an FBB or reconstruction of an FBB. The requirements include submitting drawings and specifications and affixing numbers and certificates. The Article also addresses the
standards for rehabilitating a mobile home. The cost of these administrative requirements is minimal compared to the benefits for consumers of FBBs and mobile homes.

- Article 7: This Article addresses multiple administrative and paperwork requirements regarding construction, installation, and reconstruction of manufactured/mobile homes, FBBs, and accessory structures. There are costs associated with developing plans, drawings, and specifications, obtaining plan approval, hiring a properly licensed entity, and complying with building codes. These costs are outweighed by the benefit of safe housing for the public.

- Article 8: Statute requires that a permit be obtained before a manufactured/mobile home or FBB is installed. This Article provides guidance for obtaining a required permit and preliminary matters regarding installation of a manufactured/mobile home or FBB. There are costs associated with obtaining a permit and an installation certificate, filing a monthly report, conducting a site assessment, and employing a properly licensed entity. These costs are outweighed by the benefit to public safety.

- Article 10: This Article provides guidance regarding a motion for rehearing or review and the Department’s response to a motion. There are minimal costs associated with completing and filing a motion. The benefits include the possibility of obtaining a new rehearing or review and exhausting administrative remedies.

12. Are the rules more stringent than corresponding federal laws? No

Under A.R.S. § 41-4002, the Office of Manufactured Housing is to implement all existing laws and regulations mandated by the federal government. Under 24 CFR § 3280.1, the federal government mandates 24 CFR, Subtitle B, Chapter XX.

Under agreement with HUD, Arizona has a state-qualifying installation program. The Department enforces the installation program in jurisdictions with which the Department does not have an agreement. In jurisdictions with which the Department has an agreement, the jurisdiction is required under the agreement to comply with 24 CFR, Subtitle B, Chapter XX.

13. For a rule made after July 29, 2010, that require issuance of a regulatory permit, license, or agency authorization, whether the rule complies with A.R.S. § 41-1037:
All the reviewed rules were made after July 29, 2010. The Board does not issue general permits. Rather, the Board issues individual licenses, certificates, and approvals as required by the Board’s statutes to each person that is qualified by statute (See A.R.S. § 41-4010(A)(3) and (A)(6) through (A)(9) and rule.

14. Proposed course of action:

The Board has no plan to conduct rulemaking in the near future.
Chapter 34. Board of Manufactured Housing

Authority: A.R.S. § 41-4010(A)(13)

Supp. 21-3

CHAPTER TABLE OF CONTENTS

ARTICLE 1. GENERAL

Article 1, consisting of Sections R4-34-101 through R4-34-104, adopted by final rulemaking at 6 A.A.R. 145, effective December 8, 1999 (Supp. 99-4).

Article 1, consisting of Sections R4-34-101 through R4-34-107, repealed by final rulemaking at 6 A.A.R. 47, effective December 8, 1999 (Supp. 99-4).

ARTICLE 11. RENUMBERED

Article 11, consisting of Section R4-34-1101, renumbered to 4 A.A.C. 36, R4-36-201 (Supp. 95-4).

Article 11, consisting of Section R4-34-1101, adopted as a permanent rule effective November 16, 1988.

Article 11, consisting of Section R4-34-1101, adopted as an emergency effective March 14, 1988 pursuant to A.R.S. § 41-1026, valid for only 90 days. Emergency expired.

Section
R4-34-1101. Renumbered ...................................................... 15
R4-34-101. Definitions
The definitions in A.R.S. §§ 41-4001, and 41-4008 apply to this Chapter. Additionally, in this Chapter:

2. “Agency” means the seller or purchaser of a used home has given a licensed salesperson written legal authority to act on behalf of the seller or purchaser when dealing with a third party. The written legal authority is also binding on the salesperson’s licensed and employing retailer.
3. “Agency disclosure” means a document that specifies the person a licensed salesperson or licensed retailer represents in a brokered transaction.
4. “Agent” means a licensed retailer authorized to act on behalf of a seller, purchaser, or both the seller and purchaser of a used home.
5. “Attached” means an accessory is fastened or affixed to a regulated structure in a manner that imposes a load on the structure.
6. “Branch location” means a satellite office, in addition to the principal office, where business may be transacted.
7. “Brokered transaction” means a transaction in which a licensed broker acts as an agent for the seller, purchaser, or both.
8. “Certificate” means an Arizona Insignia with which a licensee certifies all work performed complies with applicable law, including this Chapter, relating to modular manufacture and reconstruction, installation of modular, manufactured, and mobile homes, or rehabilitation work and construction.
9. “Co-brokered transaction” means a transaction in which the listing retailer and the selling retailer are not the same person.
10. “Consummation of sale, as defined at A.R.S. § 41-1001, includes filing an Affidavit of Affixture, if applicable.
12. “Field installed” means components, equipment, and/or construction that is to be completed or installed at the site. Field installed does not include reconstruction.
13. “HVAC” means heating, ventilation, and air conditioning.
14. “Modular” means a type of FBB built in a factory and transported in three-dimensional sections to an installation site.
15. “New” means a unit not previously sold, bargained, exchanged, or given away to a purchaser.
16. “Panelized” means a type of commercial FBB built in a factory using closed construction, including partly or fully finished walls, floors, or roof panels, and transported in two-dimensional condition to an assembly site.
17. “Permanent foundation” means a system of support and perimeter enclosure, with or without crawl space, that is:
   a. Constructed of durable materials;
   b. Developed in accordance with the manufacturer’s installation instructions or designed by an Arizona registered engineer;
   c. Attached in a manner that effectively transfers all vertical and horizontal design loads that could be imposed on the structure by wind, snow, frost, seismic, or flood conditions, as applicable, to the underlying soil or rock; and
   d. Designed to exclude unwanted elements and varmints, ensure sufficient ventilation, and provide adequate access to the building.
18. “Repair” means work performed on a manufactured home, mobile home, or FBB to restore the building to a habitable condition but does not impact the original structure, electrical, plumbing, HVAC, mechanical, use occupancy, or energy design.
19. “Retailer” means a broker or dealer as prescribed at A.R.S. § 41-4001(5) and (10).
20. “Site” means a parcel of land bounded by a property line or a designated portion of a public right-of-way.
21. “Site work” means soil preparation including soil analysis, grading, drainage, utility trenches, and foundation systems preparation, and field-installed work including terminal and connections, on-site utility connections, accessibility structures, egress paths, parking, lighting, landscaping, and similar work.
22. “Standards” means the materials referenced in R4-34-102.
23. “Supplement” means a submittal noting change of a floor plan design, system, component, or configuration, and is incorporated as part of an originally approved plan.
24. “Temporary” means an accessory that is not permanent.
25. “Used home” means a previously titled manufactured home, mobile home, or FBB designed for use as a residential dwelling.

Historical Note
R4-34-103. Exceptions

A. The Board makes the following exceptions to the materials incorporated by reference in R4-34-102:

1. International Building Code and International Residential Code. A water or gas connection may be a flexible connector if the flexible connector:
   a. Is not more than 6 feet long,
   b. Is of the rated size necessary to supply the total demand of the unit, and
   c. Made of materials that comply with the International Plumbing Code and International Fuel Gas Code; and

B. Under A.R.S. § 41-4010(D), a local jurisdiction may petition the Board for an exception to a standard. If the Board grants a local jurisdiction an exception to a standard, the local jurisdiction shall be bound by any conditions in the exception order issued by the Board. The local jurisdiction shall ensure the petition for an exception:

1. Specifies the standard sections affected;
2. Justifies the requested exception with documented evidence of the local conditions that support the requested exception;
3. Specifies the boundaries of the area affected by the local conditions;
4. States why the exception is necessary to protect the health and safety of the public; and
5. Provides an estimate of the economic impact the requested exception will have on the petitioning jurisdiction, other affected governmental entities, the public, unit owners, and licensees, and the facts upon which the estimate is based.

C. An exception ordered by the Board applies only within the jurisdiction that petitioned for the exception.

D. An exception order is effective on the date specified in the order, which will be at least 60 days after a Departmental Substantive Policy Statement has been issued to all licensed installers describing the exception, the area within which it applies, and any provisions applicable to its use.

ARTICLE 2. LICENSING

R4-34-201. General
A. Within five business days following receipt, the Department shall perform an administrative review of an application. If the Department determines the application is incomplete, the applicant will be provided an opportunity to complete the application. Within 14 business days following receipt of a completed application and after the applicant has passed any required license examination, the Department shall issue a conditional license.

B. Corporate applicants shall submit a copy of their organizational documents, including articles of incorporation or organization, with all amendments, filed with the state, as applicable, and a certificate of good standing to transact business in this state.

C. An exemption from any applicable examination requirement may be granted if a new license application identifies the same license classification and the same qualifying party listed on a previously held license, provided the previous license was in good standing before it expired.

D. A licensee will be given notice that a conditional license is automatically effective as a permanent license to transact business within the scope of the license following review and approval by the Department of the licensee’s criminal background analysis.

E. Unless otherwise stated in the purchase contract, a retailer selling a mobile home, manufactured home, or FBB shall know the ordinances of the town, city, or county where the unit is to be installed regardless of whether the retailer is obligated to provide for the delivery or installation of the unit.

Historical Note

R4-34-202. Manufacturers
Manufacturers’ license applications fall into one of the following license classes:
1. M-9A Manufacturer of FBBs
   manufactures or reconstructs FBBs;
2. M-9C Manufacturer of manufactured homes
   manufactures or reconstructs manufactured homes; and

September 30, 2021 Supp. 21-3 Page 7
CHAPTER 34. BOARD OF MANUFACTURED HOUSING

3. M-9E Master Manufacturer performs work within the scope of classes M-9A and M-9C.

Historical Note

R4-34-203. Retailers
Retailers’ license applications fall into one of the following license classes:

1. D-8 Retailer of manufactured homes or mobile homes:
   a. Buys, sells, or exchanges new or used manufactured homes and used mobile homes;
   b. May sell new or used accessory structures included in a sales agreement;
   c. Acts as an agent for the sale or exchange of used manufactured homes or mobile homes including existing or new accessory structures included in a sales agreement;
   d. Makes alterations to new manufactured homes before a sale to a purchaser; or
   e. Contracts with licensed installers or contractors for the installation of manufactured homes, mobile homes, and existing or new accessory structures included in a sales agreement.

2. D-8B Broker of manufactured homes or mobile homes:
   a. Acts as an agent for the sale or exchange of used manufactured homes or mobile homes that may include existing or new accessory structures included in a sales agreement;
   b. Contracts with licensed installers or contractors for the installation of manufactured homes, mobile homes, and existing or new accessory structures included in a sales agreement.

3. D-10 Retailer of FBBs:
   a. Buys, sells, or exchanges new or used FBBs;
   b. Acts as an agent for the sale or exchange of new or used FBBs;
   c. Makes alterations to new FBBs before sale to a purchaser; or
   d. Contracts with licensed installers or contractors holding an appropriate license issued by the Registrar of Contractors for the installation of FBBs including any existing or new accessory structures included in a sales agreement.

4. D-12 Master Retailer: Performs work within the scope of classes D-8, D-8B, and D-10.

Historical Note

R4-34-204. Installers
Installers’ license applications fall into one of the following license classes:

1. I-10C General installer of manufactured homes, mobile homes, or residential FBBs:
   a. Installs manufactured homes, mobile homes, or residential FBBs on foundation systems;
   b. Installs ground anchors and tie-downs for manufactured homes or mobile homes;
   c. Connects water, sanitary waste, gas, and electrical systems of all amperages to the proper onsite utility terminals provided by others;
   d. Installs HVAC and evaporative cooler systems, including electrical wiring, gas connections, and ductwork on manufactured homes, mobile homes, or residential FBBs. Provides roof jack to cooler ducts, installs exterior duct work, provides electrical service and controls to cooler from nearest supply source, provides water to the cooler from nearest fresh water source, and performs cooler repair work. An I-10C installer does not provide service, maintenance, repair, discharging, adding, or re-claiming refrigerants, or other work that requires certification;

Historical Note
CHAPTER 34. BOARD OF MANUFACTURED HOUSING

A retailer shall maintain a record of all transaction documents. In every transaction:

1. The retailer shall provide the purchaser with a copy of all completed and signed documents;
2. If a purchaser is unrepresented, the listing retailer shall provide the purchaser with a copy of all completed and signed documents; and
3. If a transaction is co-brokered, the listing retailer shall provide a copy of the listing agreement to the selling retailer, and the selling retailer shall provide a copy of all completed and signed documents to the listing retailer.

Historical Note

R4-34-205. Repealed

Historical Note

ARTICLE 3. SALES TRANSACTIONS AND TRUST OR ESCROW ACCOUNT

R4-34-301. Transaction Copies
A retailer shall maintain a record of all transaction documents. In every transaction:

1. The retailer shall provide the purchaser with a copy of all completed and signed documents;
2. If a purchaser is unrepresented, the listing retailer shall provide the purchaser with a copy of all completed and signed documents; and
3. If a transaction is co-brokered, the listing retailer shall provide a copy of the listing agreement to the selling retailer, and the selling retailer shall provide a copy of all completed and signed documents to the listing retailer.

Historical Note
Adopted effective January 31, 1979 (Supp. 79-1). Amended subsections (A) and (C) effective October 20, 1981 (Supp. 81-5). Amended by adding subsection (D) effective April 20, 1982 (Supp. 82-2). Former Section R4-34-301 renumbered to R4-34-701, new Section R4-34-301 renumbered from R4-34-701 and amended effective July 3, 1991 (Supp. 91-3). Amended effective September 3, 1992 (Supp. 92-3). Section repealed by final rulemaking at 6 A.A.R. 47, effective December 8, 1999; new Section adopted by final rulemaking at 6 A.A.R. 145, effective December 8, 1999 (Supp. 99-4). Amended by final rulemaking at 24 A.A.R. 1499, effective June 30, 2018 (Supp. 18-2).

R4-34-302. Advertising
A. A retailer shall include the retailer’s licensed business name in all advertising.
B. A retailer shall not advertise or market a used home for more than the listed price.

**Historical Note**

R4-34-303. Brokered Transactions
A. A broker shall provide a copy of the agency disclosure to the party or parties the broker represents.
B. A seller’s retailer shall place all earnest money deposits received in connection with the sales transaction in the retailer’s trust or escrow account in accordance with A.R.S. § 41-4030 except as provided in the exception provision.
C. Upon consummation of a brokered transaction, the seller’s broker shall provide the seller with a closing statement that includes an accounting of all expenses charged to the seller, all pro rations, and all credits.
D. In a co-brokered transaction, the seller shall pay the commission shown on the listing agreement as the total commission.
E. The seller’s broker shall prepare an addendum to the listing agreement if any of the terms of the listing agreement change. The seller’s signature is required for the addendum to be valid. The addendum to the listing agreement shall reflect the date the seller signs the addendum to the listing agreement.
F. If the seller or broker elects to finance the unpaid balance reflected on the offer to purchase or purchase contract, the broker shall:
   1. Maintain evidence of the original portion of the purchase price being financed by the seller or broker, and
   2. Maintain evidence the title has been transferred into the name of the purchaser and the lienholder’s position has been secured on the title.

ARTICLE 4. SURETY BONDS

R4-34-401. Surety Bond Forms
A. Manufacturers, installers, and retailers (except those with a D-8B license classification), shall submit the applicable surety bond amount from the list in R4-34-403, with a form provided by the Office of Administration.
B. A rider to the bond is required for the following changes:
   1. Location of the licensee’s principal place of business,
   2. Business name,
   3. Branch address,
   4. License classification, or
   5. Bond amount.

Historical Note
Adopted effective January 31, 1979 (Supp. 79-1). Amended subsection (A) effective October 20, 1981 (Supp. 81-5). Amended subsection (B) effective April 30, 1982 (Supp. 82-2). Former Section R4-34-401 renumbered to R4-34-501, new Section R4-34-401 renumbered from R4-34-901 and amended effective July 3, 1991 (Supp. 91-3). Section repealed by final rulemaking at 6 A.A.R. 47, effective December 8, 1999; new Section adopted by final rulemaking at 6 A.A.R. 145, effective December 8, 1999 (Supp. 99-4). Amended by final rulemaking at 11 A.A.R. 464, effective March 5, 2005 (Supp. 05-1). Amended by final rulemaking at 14 A.A.R. 286, effective March 8, 2008 (Supp. 08-1). Amended by final rulemaking at 24 A.A.R. 1499, effective June 30, 2018 (Supp. 18-2). Section R4-34-502 referenced in subsection (A) has been changed to agree with the recodification of R4-34-502 to R4-34-403 under A.R.S. 41-1011(C) in Supp. 21-3.

R4-34-402. Cash Deposits
A. Unless exempt under R4-34-401, an applicant or licensee posting cash in lieu of a commercial surety bond shall pay by:
   1. Cash. A cash deposit is not transferable and shall be made in the name of the applicant or licensee as the name appears on the license application or issued license; or
   2. Certified or cashier’s check or bank or postal money order made payable to the Arizona State Treasurer.
B. Upon receipt of an order from a court of competent jurisdiction directing payment of funds on deposit, the Director shall make payment as directed and suspend the license under A.R.S. § 41-4029. To reinstate the license, the licensee shall return the cash deposit to the required balance or file a commercial surety bond for the full amount, and pay all applicable reinstatement fees.
C. A cash deposit may be withdrawn by the applicant, licensee, or someone having authority to act on behalf of the applicant or licensee, under the following circumstances:
   1. A license is not issued to the applicant;
   2. The license has been terminated, expired, revoked, or voluntary canceled for at least two years, and there are no outstanding claims; and
   3. Two years after the licensee files a commercial surety bond that replaces the cash deposit if there are no outstanding claims.

Historical Note

R4-34-403. License Bond Amounts
A. An applicant shall submit the license bond amount listed for each license class.

Adopted effective January 31, 1979 (Supp. 79-1). Amended effective October 20, 1981 (Supp. 81-5). Former Section R4-34-403 renumbered to R4-34-503, new Section R4-34-403 renumbered from R4-34-903 and amended effective July 3, 1991 (Supp. 91-3). Section repealed by final rulemaking at 6 A.A.R. 47, effective December 8, 1999 (Supp. 99-4). New Section R4-34-403 renumbered from R4-34-502 by recodification, at 27 A.A.R. 1440, with an immediate effective date of August 4, 2021 (Supp. 21-3).

**R4-34-404. Repealed**

**Historical Note**
R4-34-904 adopted effective January 31, 1979 (Supp. 79-1). Amended subsections (A) and (B) effective October 20, 1981 (Supp. 81-5). Editor’s correction, subsection (B)(2) (Supp. 85-2). Former Section R4-34-904 renumbered to R4-34-404 and amended effective July 3, 1991 (Supp. 91-3). Section repealed by final rulemaking at 6 A.A.R. 47, effective December 8, 1999 (Supp. 99-4).

**ARTICLE 5. FEES**

**R4-34-501. General**
A. The Board shall establish a fee schedule before May 15 for the coming fiscal year.
B. The Director shall notify all licensees of the established fee schedule before June 1 of each year and post the fee schedule on the Department’s website.
C. Licensees shall pay fees for the following services:
   1. Manufacturer license,
   2. Retailer license,
   3. Installer license,
   4. Salesperson license,
   5. Inspection and technical service,
   6. Plans and supplements,
   7. Installation permits and insignias, and
   8. Administrative functions.

CHAPTER 34. BOARD OF MANUFACTURED HOUSING

R4-34-505. Plans and Supplements
If a licensee submits a plan or supplement that is not complete and correct, the Department shall provide written notice the plan or supplement is not acceptable and provide 60 days from the date on the notice for the licensee to submit a complete and correct plan or supplement. If the licensee fails to submit a complete and correct plan or supplement within the time provided, the Department shall return the submitted plan or supplement and treat the submittal fee paid as forfeited. To resubmit a plan or supplement, the licensee shall pay a new submittal fee.

R4-34-506. Repealed

ARTICLE 6. MANUFACTURING, CONSTRUCTION, AND INSPECTION

R4-34-601. Repealed

R4-34-602. Repealed

R4-34-603. FBBs
A. A manufacturer shall construct an FBB according to the applicable standards in R4-34-102 and:
   1. Provide a complete set of drawings and specifications to the Department under R4-34-703(B);
   2. Affix a permanent serial or identification number to each module or panel during the first stage of manufacturing. If an FBB has multiple sections, the manufacturer shall ensure each module or panel is separately identified. The serial or identification number location and application method shall be shown in the plans required under R4-34-703; and
   3. Affix a Modular Manufacturer’s Certificate to each completed module of each modular building where indicated in the plan required under R4-34-703(B)(5). A Modular Manufacturer’s Certificate is not required for a panelized building.
B. The Department may require a manufacturer of an FBB that is produced and shipped before plan approval to remove the FBB from this state and remove the Modular Manufacturer’s Certificate based on the Department’s assessment of the following factors:
   1. Probable harm to public safety and welfare,
   2. Previous violations of a similar nature, and
   3. Manufacturer’s failure to comply with plan submittal and requirements.

R4-34-604. Repealed
R4-34-605. Reconstruction of FBBs
A manufacturer shall ensure reconstruction of an FBB is consistent with applicable standards prescribed in R4-34-102 and:

1. Existing construction, systems (electrical, plumbing, HVAC, energy, etc.), and components are structurally and otherwise sound and compliant with standards governing at the time of manufacture;
2. New construction, systems, and components comply with applicable standards in R4-34-102;
3. A permanent serial or identification number is affixed to each reconstructed FBB as required under R4-34-603(A);
4. An Arizona Reconstruction Certificate is affixed to each module;
5. The reconstructed FBB complies with R4-34-102.

Historical Note

R4-34-606. Rehabilitation of Mobile Homes
A. A rehabilitation permit shall be obtained from the Department before any modification of a mobile home.
B. The following requirements shall be met for a mobile home to be issued a certificate of compliance:

1. A smoke detector shall be installed in each sleeping room and outside each separate sleeping area in the immediate vicinity of the sleeping rooms. Each smoke detector shall be installed in accordance with its manufacturer’s instructions;
2. The walls, ceilings, and doors of each gas-fired furnace and water-heater compartment shall be lined with gypsum board that is a minimum of 5/16 inches except a door to the compartment that opens to the exterior of the mobile home and is of all metal construction. All exterior compartments shall seal to the interior of the mobile home;
3. Each room designated expressly for sleeping purposes shall have at least one outside egress window or an approved exit device. The window or exit shall have a minimum clear width dimension of 22 inches, a minimum clear opening of five square feet, and the bottom of the exit is not more than 36 inches above the floor;
4. The electrical system is tested for continuity to ensure metallic parts are properly bonded, tested for operation to demonstrate all equipment is connected and in working order, and given a polarity check to determine connections are proper. The electrical system shall have proper overcurrent protection for the required amperage load. If aluminum conductors are used, all receptacles and switches rated 20 amperes or less and directly connected to the aluminum conductors shall be marked CO/ALR. Conductors of dissimilar metals (Copper/Aluminum/or Copper Clad Aluminum) shall be connected in accordance with the National Electrical Code referenced at R4-36-102. Ground Fault Circuit Interrupter protection shall be provided in compliance with the National Electrical Code referenced in R4-36-102; and
5. Gas piping shall be tested with methods incorporated at R4-36-102. All gas furnaces and water heaters shall be installed in compliance with materials incorporated at R4-36-102. If a rehabilitated mobile home is to be relocated following rehabilitation, the gas tests required under this subsection may be performed and inspected at the time of installation at the new location.
C. The rehabilitated mobile home shall be inspected by the Department to ascertain compliance with subsection (B).
D. The Department shall issue a certificate of compliance for each rehabilitated mobile home in compliance with subsection (B), and affix an insignia of approval to the exterior wall nearest the point of entrance of the electrical service.
E. If the Department determines a rehabilitated mobile home does not comply with subsection (B), the Department shall serve a correction notice and require the person served to make corrections within the time specified in the notice. The Department shall determine the time for correction based on the severity of the hazard or violation and the time reasonably needed to make the correction. The Department shall allow at least 30 days for correction unless an imminent safety hazard is found or the correction has been unreasonably delayed, in which case, the Department shall serve an Order to Vacate to the person occupying the rehabilitated mobile home.
F. The Department shall serve an Order to Vacate on a person occupying a non-rehabilitated mobile home within five days after an inspection of the non-rehabilitated mobile home finds an imminent safety hazard.

Historical Note

R4-34-607. Manufacturing Inspection and Certification
A. The Department shall conduct manufactured home plant certification under applicable HUD requirements.
Before issuing Certificates, the Department shall certify that a manufacturing facility of FBBs is capable of manufacturing the FBBs to the specifications in the approved drawings and procedures in the approved compliance assurance manual required under R4-34-702.

C. A manufacturer of FBBs and reconstructed FBBs shall certify compliance with approved plans by affixing a Modular Manufacturer Certificate or Reconstruction Certificate, as appropriate, to each FBB before delivery to a retailer.

D. Records and reporting: By the 15th of each month:
1. A manufacturer of manufactured homes shall establish and maintain records and submit to the Department reports required under applicable HUD requirements; and
2. An FBB manufacturer shall report to the Department affixing Arizona Modular and Reconstruction Certificates during the previous month.

E. The Department may decertify a manufacturing facility if:
1. A serious defect exists in more than one FBB;
2. An inspector identifies three or more failures to comply with specifications in the approved plans, standards, or compliance assurance manual;
3. An in-state licensee fails to produce approved units for more than six consecutive months; or
4. An out-of-state licensee fails to file quarterly inspection reports for six consecutive months.

F. Before resuming production, a decertified manufacturing facility shall be recertified by the Department. When the manufacturer successfully completes the recertification process, the Department shall issue Certificates or Labels to the manufacturer.

G. The Department may conduct regular inspections of retailer lots to ensure compliance with approved plans, standards, and A.R.S. § 41-4048.

**R4-34-610.** Repealed

**Historical Note**

**ARTICLE 7. PLAN APPROVALS**

**R4-34-701.** General

A. Before construction of an FBB, a manufacturer shall submit to the office:
1. The compliance assurance manual required by R4-34-702, and
2. The drawings and specifications required by R4-34-703.

B. Before performing one of the following, a person shall obtain plan approval:
1. Under R4-34-704(A) for an alteration,
2. Under R4-34-704(B) for a reconstruction,
3. Under R4-34-705 to install an attached accessory structure, and
4. Under R4-34-706 to install an FBB.

C. Within 20 business days after receiving a plan submitted under subsection (B), the Department shall perform an administrative review of the plan submittal and if incomplete, require the licensee to provide a complete plan submittal. Within 20 business days after receiving a complete plan submittal, the Department shall approve or disapprove the plan submittal.

D. A person that submits a plan under subsection (B) shall ensure the plan conforms to the following standards:
1. Each page is at least 8 1/2 X 11 inches and printed to the scale referenced on the drawing;
2. The font is at least eight point;
CHAPTER 34. BOARD OF MANUFACTURED HOUSING

3. The cover page includes an index and provides a 3 X 5 inch blank space near the title block;
4. The plan and all details and calculations are sealed by an Arizona registered engineer; and
5. The plan is consistent with all applicable standards referenced at R4-34-102.

Historical Note

R4-34-702. Compliance Assurance Manuals
A manufacturer of FBBs shall prepare a compliance assurance manual that has all of the following:

1. An 8 1/2 X 11 inch format with page numbers and revision traceability;
2. The manufacturer’s name and address of the factory to which the manual applies;
3. A table of contents that identifies key elements in the quality and compliance control process;
4. An organizational chart that shows titles and functions of all positions responsible for any aspect of quality and compliance control;
5. A description of the design-document control process and procedures for ensuring the current approved design package or building plans are available to production, quality, and compliance personnel;
6. A description of procedures for handling materials, including treatment and disposal of rejected materials, in compliance with standards;
7. A description of the FBB-identification system including a unique identifier, such as a serial or identification number, that is permanently affixed to each module or panel of the FBB at the beginning of manufacturing and where the unique identifier is located on the FBB;
8. A drawing showing the layout of the factory and location of the work area for each step in the manufacturing sequence with a description of the scope of work performed at each work area, including off-line processes;
9. An inspection checklist, keyed to the drawing required in subsection (8), that identifies the inspections and tests to be performed at each step in the manufacturing sequence and title of the position responsible for ensuring inspections and tests are performed;
10. A list that includes step-by-step procedures for ensuring all required tests are performed, the equipment needed to perform each test, and procedures for maintaining test equipment;
11. A description of procedures for maintaining control of certificates, installing certificates on FBBs, and making the monthly report of certificates and title of the position responsible for ensuring these tasks are performed;
12. A description of the procedures for storing completed FBBs at the facility including the manner in which stored FBBs are protected from the elements and other sources of potential damage; and
13. A description of procedures for ensuring building documents are retained and title of the position responsible for ensuring document retention.

Historical Note

R4-34-703. Drawings and Specifications
A manufacturer of FBBs shall submit to the Department plans that comply with the applicable standards in R4-34-102. The manufacturer shall ensure the plans provide or have the following information or format attributes:

1. Dimensioned drawings and details identifying process descriptions, component specification lists, shop drawings, and other documents that specify and identify each component, process, assembly operation, and manufacturing step. Include electrical, plumbing, gas, and HVAC systems;
2. A traceable identification for each closed panel component listed;
CHAPTER 34. BOARD OF MANUFACTURED HOUSING

R4-34-704. Reconstruction Plans

A. A manufacturer shall comply with the standards in R4-34-102 when preparing a reconstruction plan.

B. A manufacturer preparing a reconstruction plan shall ensure the plan contains the following:
   1. A depiction of the configuration before reconstruction;
   2. The serial or identification number of the unit;
   3. Dimensioned drawings and details identifying all components and specification lists affected by the reconstruction. Electrical, plumbing, gas, and HVAC systems, as applicable, shall be addressed; and
   4. Design-analysis calculations for all loads and systems affected by the reconstruction.

C. A manufacturer shall include with a reconstruction plan a certification statement regarding existing components, construction, and systems indicating they are structurally sound, functional, and do not pose a life safety threat.

Historical Note

R4-34-705. Accessory Structures

A. For manufactured homes, mobile homes, and FBBs, a properly licensed entity or person shall comply with R4-34-102 and applicable HUD requirements when preparing attached accessory structure plans. The plans shall include the following:
   1. Dimensioned drawings and details identifying all applicable components and specification lists. Electrical, plumbing, gas, and HVAC systems, as applicable, shall be addressed;
   2. Method of attachment to the manufactured home, mobile home, or FBB.

B. The Department may approve a design that does not comply with subsection (A) based on a demonstration by an Arizona registered engineer that the design meets standards at least equivalent to those in subsection (A).

C. A properly licensed entity or person shall submit plans, which are sealed by an Arizona registered engineer, for all attached accessory structures except skirting systems that have manufacturer installation instructions and HVAC systems.

Historical Note

R4-34-706. FBB Installation

A properly licensed entity or person shall include the following in installation plans submitted to the Department:
   1. A site plan that includes the location of the building and all utility lines;
   2. A foundation plan that includes:
      a. A description of the soil class and the soil bearing pressure;
b. A description of footings and other foundation supports designed to meet the minimum bearing pressure at the depth required;
c. A complete set of drawings indicating dimensions and details of the foundation footing and anchoring; and a complete list of materials with a cross-identification of how materials will be used, in the appropriate view; and
d. Calculations, prepared by an Arizona registered engineer, for all load conditions including wind loads for horizontal loads, uplift loads, and overturning; and horizontal and torsional earthquake effects on foundations.
3. Electrical drawings, including the isometric one-line diagram required by R4-34-102, that contain the following information:
   a. Size and type of conductors, conduit materials for feeder wires, length of feeders, and all amperage;
   b. Dimensions of gutterways and raceways;
   c. Complete details of panelboards, switchboards, distribution centers with calculated loads, and fault current calculations; and
   d. All grounding and bonding connections.
4. Plumbing drawings, including one-line diagrams required by R4-34-102 that contain the following information:
   a. Location of sewer tap, water meter, and gas meter;
   b. Size, length, and all materials for sewer, water, and gas lines;
   c. Location of all cleanouts and grade of sewer line; and
   d. Fixture unit calculations for plumbing and gas fixtures.
5. Fastening and closure details for connection of multiple modules or panels.
6. Dimensional plans and details for all components and construction to be field installed.

Historical Note

R4-34-707. Designated Flood-prone Area Installation
Before installing a manufactured home, mobile home, or FBB in a designated flood-prone area, an installer shall submit and obtain Department approval of an installation plan that includes the following:
1. A site plan showing the location of the manufactured home, mobile home, or FBB;
2. A copy of the designated flood-use permit or flood design conditions issued by the local enforcement agency showing the flood zone type and regulatory and base flood elevations;
3. A site-specific foundation plan that is prepared by an Arizona registered engineer and includes:
   a. A complete set of drawings indicating dimensions and details of the foundation system and anchoring to prevent floatation, collapse, or lateral movement of the structure;
   b. A complete list of materials cross identified to the drawings in subsection (3)(a) showing how the materials will be used;
   c. An indication of how to place to the structure to ensure the bottom frame of the structure is at or above the regulatory flood elevation;
   d. An indication of where to place external utilities and equipment to ensure they are at or above the regulatory flood elevation;
   e. If the structure has an enclosed foundation, an indication of where to place flood vents or other openings; and
   f. All calculations used to determine all load conditions; and
4. Written approval of the information in subsections (1) through (3) from the local flood-district administrator having authority.

Historical Note
New Section made by final rulemaking at 24 A.A.R. 1499, effective June 30, 2018 (Supp. 18-2).

ARTICLE 8. PERMITS AND INSTALLATION

R4-34-801. Permits
A. A properly licensed entity or person shall obtain a permit for the installation of a manufactured home, mobile home, FBB, or attached accessory structure, or rehabilitation of a mobile home.
B. The Department shall issue or deny a permit within seven business days after the application is received. If a permit is denied, corrections to the application shall be submitted to the Department within 20 business days after the denial.
C. A properly licensed entity or person shall obtain all required permits, such as zoning, flood plain, and installation, from the Department or local jurisdiction before beginning any site work except the assessment required under R4-34-802(E). All permits shall be posted in a conspicuous location onsite. The properly licensed entity or person who contracts to perform the installation and a licensed installer who subcontracts to perform the installation shall verify that all required permits have been obtained from the Department and local jurisdiction before beginning the installation.
D. A local jurisdiction that has entered into agreement with the Department may issue installation permits and conduct inspections.
E. The Department or a local jurisdiction participating in the installation inspection program shall charge the permit fee expressly authorized under A.R.S. § 41-4010(A)(4). The fee charged by the local jurisdiction shall not exceed the amount established by the Board.
F. Every permit, except a special-use permit, expires six months after the permit is issued. The Department may extend the permit for good cause if a written request is made to the Department before the permit expires and the fee established by the Board under A.R.S. § 41-4010(A)(4) is paid again.

G. A licensee or consumer shall obtain a certificate of occupancy from the Department before occupying a manufactured home, mobile home, or FBB.

H. The permit holder, owner, contractor, or designated responsible party identified on the permit shall request all required inspections.

I. At the time of a scheduled inspection, the permit holder, owner, contractor, or designated responsible party identified on the permit shall ensure all work to be inspected is accessible (opened) and no work is performed beyond the point indicated for each successive inspection without first obtaining approval from the Department.

J. The permit holder, owner, contractor, or designated responsible party identified on the permit shall ensure approved plans and all applicable manuals are available onsite.

K. A special-use permit for an FBB used for an event of 45 days or less shall be obtained from the Department. The special-use permit expires 45 days from the date of issuance. The holder of a special-use permit shall remove the FBB from the site when the permit expires.

**Historical Note**

Adopted effective January 31, 1979 (Supp. 79-1). Amended effective October 20, 1981 (Supp. 81-5). Former Section R4-34-801 repealed, new Section R4-34-801 renumbered from R4-34-501 and amended effective July 3, 1991 (Supp. 91-1). Section repealed by final rulemaking at 6 A.A.R. 47, effective December 8, 1999; new Section adopted by final rulemaking at 6 A.A.R. 145, effective December 8, 1999 (Supp. 99-4). Amended by final rulemaking at 18 A.A.R. 944, effective June 4, 2012 (Supp. 12-2). Amended by final rulemaking at 24 A.A.R. 1499, effective June 30, 2018 (Supp. 18-2). Amended by final rulemaking at 26 A.A.R. 1509, effective September 6, 2020 (Supp. 20-3). Due to an error when codifying R4-34-801 in Supp. 20-3, subsection R4-34-801(G) was not published. This subsection was identified as “no change” at 26 A.A.R. 1509. Subsection (G) has been published as last amended at 24 A.A.R. 1499 (Supp. 21-1).

**R4-34-802. General Installation**

A. A properly licensed entity shall complete and affix an Arizona Installation Certificate to a manufactured home, mobile home, or FBB at the end of the unit opposite the hitch and adjacent to the manufacturer certificate or HUD label. The properly licensed entity shall affix the Arizona Installation Certificate before calling the Department for an inspection.

B. A properly licensed entity shall make a report by the 15th of each month regarding compliance with subsection (A).

C. Before beginning an installation, a properly licensed entity shall check with the local jurisdiction regarding frost-line requirements governing permanent foundations or utilities.

D. A properly licensed entity shall install all new manufactured homes, used manufactured homes, and mobile homes according to the applicable materials referenced in R4-34-102, HUD requirements, and manufacturer requirements.

E. Before installing a unit, a properly licensed entity shall perform or contract with a qualified party to assess the site and soil, ensure required permits are obtained, and make site preparations necessary to ensure the site is compatible with the manufactured home, mobile home, or FBB to be installed. The entity that actually prepares the site has primary responsibility for the work performed. The entity that contracts to have the site preparation done, if different, has secondary responsibility for the work performed.

F. Installation of a manufactured home, mobile home, or FBB shall be performed only by a properly licensed entity.

CHAPTER 34. BOARD OF MANUFACTURED HOUSING

R4-34-805. Accessory Structures
An installer or contractor shall install, assemble, or construct each accessory structure in compliance with applicable standards referenced in R4-34-102, HUD requirements, and manufacturer requirements.

Historical Note

Exhibit 1. Repealed

Historical Note
Exhibit 1 repealed by final rulemaking at 18 A.A.R. 944, effective June 4, 2012 (Supp. 12-2).

ARTICLE 9. REPEALED

R4-34-901. Repealed

Historical Note
Adopted effective April 4, 1985 (Supp. 85-2). Former Section R4-34-901 renumbered to R4-34-401, new Section R4-34-901 renumbered from R4-34-1001 and amended effective July 3, 1991 (Supp. 91-3). Section repealed by final rulemaking at 6 A.A.R. 47, effective December 8, 1999 (Supp. 99-4).

ARTICLE 10. ADMINISTRATIVE PROCEDURES

R4-34-1001. Rehearing or Review
A. A party may amend a motion for rehearing or review filed under A.R.S. § 41-4038 at any time before it is ruled on by the Director. The opposing party may file a response within 15 days after the date the motion or amended motion is filed. The Director may require the parties to file written briefs explaining the issues raised in the motion and provide for oral argument.

B. The Director may affirm or modify the decision or grant a rehearing to all or any of the parties on all or part of the issues for any of the reasons in A.R.S. § 41-4038(D). An order modifying the decision or granting a rehearing shall specify with particularity the grounds on which the modification or rehearing is granted, and any rehearing shall cover only those matters.

C. When a motion for rehearing or review is based upon affidavits, the affidavits shall be served with the motion. An opposing party or the Attorney General may, within 10 days after service, serve opposing affidavits.

D. Not later than 15 days after the date of the decision, the Director may grant a rehearing or review on the Director’s own initiative for any reason for which the Director might have granted relief on the motion of a party. The Director may grant a motion for rehearing or review, timely served, for a reason not stated in the motion.

Historical Note

ARTICLE 11. RENUMBERED

R4-34-1101. Renumbered

Historical Note
Adopted as an emergency effective March 24, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-2). Former Section R8-2-41 adopted as an emergency now adopted as a permanent rule effective June 24, 1982 (Supp. 82-3). Adopted as an emergency effective October 12, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-5). Emergency expired. Former Section R8-2-41 repealed, new Section R8-2-41 adopted effective April 2, 1985 (Supp. 85-2). Former Section R8-2-41 repealed, new Section R4-34-1101 adopted as an emergency effective March 14, 1988, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 88-1). Emergency expired. Former Section R8-2-41 repealed, new Section R4-34-1101 adopted as a permanent rule with editorial corrections effective November 16, 1988 (Supp. 88-4). Section R4-34-1101 repealed, new Section adopted effective July 20, 1990 (Supp. 90-3). Section R4-34-1101 renumbered to R4-36-201 (Supp. 95-4).
As of January 14, 2022

41-4001. Definitions

In this chapter, unless the context otherwise requires:

1. "Accessory structure" means the installation, assembly, connection or construction of any one-story habitable room, storage room, patio, porch, garage, carport, awning, skirting, retaining wall, evaporative cooler, refrigeration air conditioning system, solar system or wood decking attached to a new or used manufactured home, mobile home or residential single family factory-built building.

3. "Alteration" means the replacement, addition, modification or removal of any equipment or installation after the sale by a manufacturer to a dealer or distributor but before the sale by a dealer to a purchaser, which may affect compliance with the standards, construction, fire safety, occupancy, plumbing or heat-producing or electrical system. Alteration does not mean the repair or replacement of a component or appliance requiring plug-in to an electrical receptacle if the replaced item is of the same configuration and rating as the component or appliance being repaired or replaced. Alteration also does not mean the addition of an appliance requiring plug-in to an electrical receptacle if such appliance is not provided with the unit by the manufacturer and the rating of the appliance does not exceed the rating of the receptacle to which such appliance is connected.

4. "Board" means the board of manufactured housing.

5. "Broker" means any person who acts as an agent for the sale or exchange of a used manufactured home or mobile home except as exempted in section 41-4028.

6. "Certificate" means a numbered or serialized label or seal that is issued by the director as certification of compliance with this chapter.

7. "Closed construction" means any building, building component, assembly or system manufactured in such a manner that concealed parts or processes of manufacture cannot be inspected before installation at the building site without disassembly, damage or destruction.

8. "Commercial" means a building with a use-occupancy classification other than single-family dwelling.

9. "Component" means any part, material or appliance that is built-in as an integral part of the unit during the manufacturing process.

10. "Consumer" means either a purchaser or seller of a unit regulated by this chapter who utilizes the services of a person licensed by the department.

11. "Consummation of sale" means that a purchaser has received all goods and services that the dealer or broker agreed to provide at the time the contract was entered into, the transfer of title or the filing of an affidavit of affixture, if applicable, to the sale. Consummation of sale does not include warranties.
12. "Dealer" means any person who sells, exchanges, buys, offers or attempts to negotiate or acts as an agent for the sale or exchange of factory-built buildings, manufactured homes or mobile homes except as exempted in section 41-4028. A lease or rental agreement by which the user acquired ownership of the unit with or without additional remuneration is considered a sale under this chapter.

13. "Defect" means any defect in the performance, construction, components or material of a unit that renders the unit or any part of the unit unfit for the ordinary use for which it was intended.

14. "Department" means the Arizona department of housing.

15. "Director" means the director of the department.

16. "Earnest monies" means all monies given by a purchaser or a financial institution to a dealer or broker before consummation of the sale.

17. "Factory-built building":

(a) Means a residential or commercial building that is:

(i) Either wholly or in substantial part manufactured using closed construction at an off-site location and transported for installation or completion, or both, on-site.

(ii) Constructed in compliance with adopted codes, standards and procedures.

(iii) Installed temporarily or permanently.

(b) Does not include a manufactured home, recreational vehicle, panelized commercial building using open construction, panelized residential building using open or closed construction or domestic or light commercial storage building.

18. "HUD" means the United States department of housing and urban development.

19. "Imminent safety hazard" means an imminent and unreasonable risk of death or severe personal injury.

20. "Installation" means:

(a) Connecting new or used mobile homes, manufactured homes or factory-built buildings to on-site utility terminals or repairing these utility connections.

(b) Placing new or used mobile homes, manufactured homes, accessory structures or factory-built buildings on foundation systems or repairing these foundation systems.

(c) Providing ground anchoring for new or used mobile homes or manufactured homes or repairing the ground anchoring.

21. "Installer" means any person who engages in the business of performing installations of manufactured homes, mobile homes or residential single family factory-built buildings.
22. "Installer of accessory structures" means any person who engages in the business of installing accessory structures.

23. "Listing agreement" means a document that contains the name and address of the seller, the year, manufacturer and serial number of the listed unit, the beginning and ending dates of the time period that the agreement is in force, the name of the lender and lien amount, if applicable, the price the seller is requesting for the unit, the commission to be paid to the licensee and the signatures of the sellers and the licensee who obtains the listing.

24. "Local enforcement agency" means a zoning or building department of a city, town or county or its agents.

25. "Manufactured home" means a structure built in accordance with the act.

26. "Manufacturer" means any person engaged in manufacturing, assembling or reconstructing any unit regulated by this chapter.

27. "Mobile home" means a structure built before June 15, 1976, on a permanent chassis, capable of being transported in one or more sections and designed to be used with or without a permanent foundation as a dwelling when connected to on-site utilities. Mobile home does not include recreational vehicles and factory-built buildings.

28. "Office" means the office of manufactured housing within the department.

29. "Open construction" means any building, building component, assembly or system manufactured in such a manner that all portions can be readily inspected at the building site without disassembly, damage or destruction.

30. "Purchaser" means a person purchasing a unit in good faith from a licensed dealer or broker for purposes other than resale.

31. "Qualifying party" means a person who is an owner, employee, corporate officer or partner of the licensed business and who has active and direct supervision of and responsibility for all operations of that licensed business.

32. "Reconstruction" means construction work performed for the purpose of restoration or modification of a unit by changing or adding structural components or electrical, plumbing or heat or air producing systems.

33. "Recreational vehicle" means a vehicular type unit that is:

(a) A portable camping trailer mounted on wheels and constructed with collapsible partial sidewalls that fold for towing by another vehicle and unfold for camping.

(b) A motor home designed to provide temporary living quarters for recreational, camping or travel use and built on or permanently attached to a self-propelled motor vehicle chassis or on a chassis cab or van that is an integral part of the completed vehicle.
(c) A park trailer built on a single chassis, mounted on wheels and designed to be connected to utilities necessary for operation of installed fixtures and appliances and has a gross trailer area of not less than three hundred twenty square feet and not more than four hundred square feet when it is set up, except that it does not include fifth wheel trailers.

(d) A travel trailer mounted on wheels, designed to provide temporary living quarters for recreational, camping or travel use, of a size or weight that may or may not require special highway movement permits when towed by a motorized vehicle and has a trailer area of less than three hundred twenty square feet. This subdivision includes fifth wheel trailers. If a unit requires a size or weight permit, it shall be manufactured to the standards for park trailers in 119.5 of the American national standards institute code.

(e) A portable truck camper constructed to provide temporary living quarters for recreational, travel or camping use and consisting of a roof, floor and sides designed to be loaded onto and unloaded from the bed of a pickup truck.

34. "Residential" means a building with a use-occupancy classification of a single-family dwelling or as governed by the international residential code.

35. "Salesperson" means any person who, for a salary, commission or compensation of any kind, is employed by or acts on behalf of any dealer or broker of manufactured homes, mobile homes or factory-built buildings to sell, exchange, buy, offer or attempt to negotiate or act as an agent for the sale or exchange of an interest in a manufactured home, mobile home or factory-built building.

36. "Seller" means a natural person who enters into a listing agreement with a licensed dealer or broker for the purpose of resale.

37. "Site development" means the development of an area for the installation of the unit's or units' locations, parking, surface drainage, driveways, on-site utility terminals and property lines at a proposed construction site or area.

38. "Statutory agent" means a person who is on file with the corporation commission as the statutory agent.

39. "Title transfer" means a true copy of the application for title transfer that is stamped or validated by the appropriate government agency.

40. "Unit" means a manufactured home, mobile home, factory-built building or accessory structures.

41. "Used unit" means any unit that is regulated by this chapter and that has been sold, bargained, exchanged or given away from a purchaser who first acquired the unit that was titled in the name of such purchaser.

42. "Workmanship" means a minimum standard of construction or installation reflecting a journeyman quality of the work of the various trades.

41-4002. Office of manufactured housing; purpose
The purpose of the office of manufactured housing within the department is to maintain and enforce standards of quality and safety for manufactured homes, factory-built buildings, mobile homes and accessory structures and installation of manufactured and mobile homes, factory-built buildings and accessory structures. The affairs of the office of manufactured housing shall be conducted consistently with minimum standards of the United States department of housing and urban development so as to be designated the "state inspector" for manufactured homes and related industries. The office shall implement all existing laws and regulations mandated by the federal government, its agencies and this state for such purposes.

41-4004. Powers and duties of department; work by unlicensed person; inspection agreement; permit

A. The department shall:

1. Establish a state inspection and design approval bureau within the department.

2. Enter into reciprocity agreements and compacts with other states or private organizations that adopt and maintain standards of construction reasonably consistent with those adopted pursuant to this article on determining that such standards are being enforced. The director may void such agreements on determining such standards are not being maintained.

3. Issue a certificate to indicate compliance with the construction and installation requirements of this article.

4. Enter and inspect or investigate premises at reasonable times, after presentation of credentials by the director or personnel of the office or under contract with the office, where units regulated by this article are manufactured, sold or installed, to determine if any person has violated this chapter or the rules adopted pursuant to this chapter.

5. Enter into agreements with local enforcement agencies to enforce the installation standards in their jurisdiction provided the director is monitoring their performance to be consistent with the installation standards of the office.

6. If an inspection reveals that a mobile home entering this state for sale or installation is in violation of this chapter, order its use discontinued and the mobile home or any portion of the mobile home vacated. The order to vacate shall be served on the person occupying the mobile home and copies of the order shall be posted at or on each exit of the mobile home. The order to vacate shall include a reasonable period of time in which the violation can be corrected.

7. If an inspection of a new installation of any mobile home or manufactured home reveals that the natural gas or electrical connections of the installation do not conform to the installation standards promulgated pursuant to this chapter and the nonconformance constitutes an immediate danger to life and property, the inhabitants of the home shall be notified immediately and in their absence a notice citing the violations shall be posted in a conspicuous location. The director may order that the public service corporation, municipal corporation or other entity or individual supplying the service to the unit discontinue such service. If the danger is not immediate, the director shall allow at least twenty-four hours to correct the condition before ordering any discontinuation of service.

8. If construction, installation, rebuilding or any other work is performed in violation of this chapter or any rule adopted pursuant to this chapter, order the work stopped. The order to stop work shall be served
on the person doing the work or on the person causing the work to be done. The person served with the order shall immediately cease the work until authorized by the office to continue.

9. Verify written complaints filed with the office by purchasers within one year after the date of purchase or installation of units. Complaints shall be accepted from consumers that allege violations by any dealer, broker, salesperson, installer or manufacturer of this chapter or the rules adopted pursuant to this chapter.

10. On verification of a complaint pursuant to paragraph 9 of this subsection, serve notice to the dealer, broker, salesperson, installer or manufacturer that such verified complaint shall be satisfied as specified by the office.

11. Provide to the board every six months the year-to-date fund balance of and a listing of the year-to-date revenues and expenditures from the mobile home relocation fund established by section 33-1476.02. The information shall be updated and posted on the department's website.

B. Any dealer, broker, salesperson, installer or manufacturer licensed by the office shall respond within thirty days to a notice served pursuant to subsection A, paragraph 10 of this section. Failure to respond is grounds for disciplinary action pursuant to section 41-4039.

C. If an inspection or an investigation reveals that any work that is required to be performed by a licensee was performed by an unlicensed person required to be licensed pursuant to this chapter, the director, an employee or a person under contract with the office may cite the unlicensed person. The citation may be issued and served pursuant to section 13-3903. The action shall be filed in the justice court in the precinct where the unlicensed activity occurred.

D. The director may enter into agreements with acceptable qualified building inspection personnel or inspection organizations for enforcement of inspection requirements provided the director is monitoring their performance to be consistent with this chapter, rules adopted pursuant to this chapter and the established procedures of the office. If the director determines that the person's or organization's performance is not consistent with this chapter, rules adopted pursuant to this chapter and the established procedures of the office, the person or organization may not enforce the contract and the aggrieved person shall be entitled to a refund of the consideration paid under the agreement.

E. If a mobile or manufactured home or factory-built building is installed without first obtaining an installation permit, the director shall send a written notice to the purchaser specifying that a permit is required. If a permit is not obtained within thirty days after receipt of the written notice, the department shall issue and serve by personal service or certified mail a citation on the purchaser. Service of the citation by certified mail is complete after forty-eight hours after the time of deposit in the mail. On failure of the purchaser to comply with the citation within twenty days after its receipt, the director shall file an action in the justice court in the precinct where installation occurred for violation of this subsection.

41-4005. Submission of construction, reconstruction or alteration plans by manufacturers; approval; revocation

A. Before the construction of any new model of factory-built building, each manufacturer who intends to manufacture for delivery or sell such unit in this state shall submit to the director for approval detailed plans of each model and shall have obtained such approval.
B. Before reconstruction of any factory-built building, including those for which the director has not approved plans before construction, the licensee shall submit to the director for approval detailed plans of the factory-built building that indicate conformance with this state's adopted codes as certified by an engineer who is registered pursuant to title 32, chapter 1.

C. Before installation of a factory-built building or accessory structure, each licensee who intends to accomplish the construction shall submit to the director for approval detailed plans for each project and shall obtain the director's approval.

D. The office or a third-party inspector who is authorized by the director to verify compliance with the approved plans shall inspect the factory-built building.

E. A plan approval may be immediately suspended by the written notice of the director if the director has reasonable cause to believe that the licensee is not complying with the plan as approved or that the licensee has used inferior materials or workmanship in construction. This notice shall be served by personal service to an in-state licensee and by certified mail to an out-of-state licensee. Service of process by certified mail is complete after forty-eight hours from the time of deposit in the mail.

41-4006. Preemption of local building codes; responsibility for maintenance of utility connections

A. No building code or local enforcement agency or its adopted building codes may require, as a condition of entry into or sale in any county or municipality, that any unit that has been certified pursuant to this chapter be subjected to any local enforcement inspection to determine compliance with any standard covering any aspect of the unit that is inspected pursuant to this article.

B. Except where a local enforcement agency participates in the office permit and certificate issuance program for the installation of manufactured homes, mobile homes, factory-built buildings and accessory structures and inspection of such installations, no local enforcement agency shall subject any unit installed to any local inspections or charge a fee for any services provided pursuant to this article.

C. A local enforcement agency in any county or municipality shall recognize the minimum standards of the act as equal to any nationally accepted or locally adopted building code standard.

D. Nothing in subsection A, B or C of this section shall prevent the application of local codes and ordinances governing zoning requirements, fire zones, building setback, maximum area and fire separation requirements, site development and property line requirements and requirements for on-site utility terminals for factory-built buildings, manufactured homes and mobile homes.

E. Notwithstanding any other provision of this section, the owner of a manufactured home or mobile home located in a park subject to title 33, chapter 11 is responsible for the maintenance of utility connections from any outlets furnished by the landlord pursuant to section 33-1434 to the unit, except that the landlord is responsible for the maintenance of connections for any distance greater than twenty-five feet to the point at which the utility connections are the property of the providing utility company if the outlet is located outside the lot line of the owner's unit and is more than twenty-five feet from the unit. A local enforcement agency that determines that local code requirements are not being met or that maintenance or safety activities are needed for utility connections may not require anyone except the responsible party to perform or pay for such activities.

41-4007. Notification and correction of defects by manufacturer; notice to purchaser
A. Every manufacturer of units shall furnish notification of any defect in any unit produced by such manufacturer which he determines, in good faith, relates to a construction or safety standard adopted pursuant to this chapter or contains a defect which constitutes an imminent safety hazard to the purchaser of such unit, within sixty days after such manufacturer has discovered the defect. Every manufacturer of units shall maintain a record of the names and addresses of the purchaser of each unit for the purposes of this section. Such information shall be provided by the dealer or broker upon purchase of each unit and reported monthly to the manufacturer.

B. The notification required by subsection A shall contain a clear description of such defect or failure to comply with such construction or safety standards, an evaluation of the risk to the occupants’ safety reasonably related to such defect and a statement of the measures needed to repair the defect. The notification shall also inform the owner whether the defect will be corrected at no cost to the purchaser of the unit or at the expense of the purchaser.

41-4008. Costs of complying with standards; reimbursement from relocation fund; definition

A. The costs of bringing a mobile home into compliance with the requirements of this article may be reimbursed to the owner from the mobile home relocation fund established by section 33-1476.02 if all of the following are true:

1. The mobile home is moved from one mobile home park in this state to another mobile home park in this state.

2. The household income of the owner of the mobile home is at or below one hundred per cent of the current federal poverty level guidelines as published annually by the United States department of health and human services.

3. The mobile home is not being relocated as the result of a judgment in a forcible detainer or special detainer action requiring the owner to vacate the mobile home park in which the mobile home is located.

B. The amount of the reimbursement pursuant to this section shall not exceed one thousand five hundred dollars for the costs related to any mobile home.

C. The fund shall have a claim for reimbursement of sums received under this section by an individual who fails to reside in the mobile home for six months following its relocation, unless the failure was due to the death or disability of a resident.

D. For the purposes of this section, "owner" means an individual whose primary residence has been the mobile home continuously for the six-month period preceding an application for reimbursement, or an individual who has purchased the mobile home and who intends to reside in the mobile home as the individual's primary residence after the relocation.

41-4009. Board of manufactured housing; members; meetings

A. The board of manufactured housing is established. The board shall consist of nine members appointed by the governor pursuant to section 38-211. One member shall represent the manufacturers of manufactured homes, one shall represent the installer industry, one shall represent manufactured home park owners, one shall represent financial institutions, one shall represent the manufacturers of residential factory-built buildings, one shall represent the dealers and brokers and three members of the public, at least one of whom has as his residence a mobile or manufactured home and is a resident of a mobile home
park or manufactured home park, shall represent the consumers of this state. Each member shall be appointed for a term of three years. The governor may remove any member from the board for incompetency, improper conduct, disability or neglect of duty. Members are eligible to receive compensation pursuant to section 38-611 and are eligible for reimbursement for expenses incurred while attending meetings called by the board pursuant to title 38, chapter 4, article 2.

B. The board annually shall select from its membership a chairperson for the board.

C. The board shall meet on call of the chairperson or on the request of at least four members.

41-4010. **Powers and duties of board**

A. The board shall:

1. Adopt rules imposing minimum construction requirements for factory-built buildings and components thereof that are reasonably consistent with nationally recognized and accepted publications or generally accepted manufacturing practices pertinent to the construction and safety standards for such item to be manufactured. These standards shall include minimum requirements for the safety and welfare of the public.

2. Adopt rules imposing requirements for body and frame design and construction and installation of plumbing, heating and electrical systems for manufactured homes that are consistent with the rules and regulations for construction and safety standards adopted by the United States department of housing and urban development.

3. Adopt rules relating to plan approvals as to requirements for the design, construction, alteration, reconstruction and installation of units or accessory structures as deemed necessary by the board to carry out this chapter.

4. Establish a schedule of fees, payable by persons, licensees or owners of units regulated by this chapter, for inspections, licenses, permits, plan reviews, administrative functions and certificates so that the total annual income derived from such fees will not be less than ninety-five percent and not more than one hundred five percent of the anticipated expenditures for the administration of the activities described in this subsection.

5. Adopt rules relating to the inspection throughout the state by the department of the installation of manufactured homes, mobile homes, factory-built buildings and accessory structures included as part of a sales contract for a manufactured home, mobile home or factory-built building or included in an agreement to move a manufactured home, mobile home or factory-built building.

6. Establish and maintain licensing standards and bonding requirements for all manufacturers of manufactured homes and factory-built buildings regulated pursuant to this chapter.

7. Establish and maintain licensing standards and bonding requirements for all dealers and brokers of manufactured homes, mobile homes and factory-built buildings thereof who sell or arrange the sale of such products within this state.
8. Establish and maintain licensing standards and bonding requirements for all installers of manufactured homes, mobile homes and accessory structures and certified standards for all persons who repair these homes and structures under warranties and who are not employees of the manufacturer.

9. Establish and maintain licensing standards for all salespersons of manufactured homes, mobile homes and factory-built buildings. These standards shall not include educational requirements.

10. Adopt rules consistent with the United States department of housing and urban development procedural and enforcement regulations and enter into such contracts necessary to administer the federal manufactured home regulations.

11. Adopt rules imposing minimum fire and life safety requirements in the categories of fire detection equipment, flame spread for gas furnace and water heater compartments, egress windows, electrical system and gas system for mobile homes entering this state.

12. Adopt rules for inspections and permits for minimum fire and life safety requirements and establish fees for such inspections and permits for mobile homes entering this state.

13. Adopt such other rules as the board deems necessary for the department to carry out this chapter and, to the extent not authorized by other provisions of this section, adopt rules as necessary to interpret, clarify, administer or enforce this chapter.

14. Adopt rules relating to the installation of manufactured homes, mobile homes, factory-built buildings and accessory structures included as part of a sales contract for a used mobile home, new or used manufactured home or new or used factory-built building or part of an agreement to move a used mobile home, new or used manufactured home or new or used factory-built building. This paragraph does not apply to:

(a) Single wide factory-built buildings that are used for construction project office purposes and that are not used by the public.

(b) Storage buildings of less than one hundred sixty-eight square feet that are not used by the public.

(c) Equipment buildings that are not used by the public.

15. Adopt rules relating to acceptable workmanship standards.

16. Adopt rules relating to issuing permits to licensees, owners of units or other persons for the installation of manufactured homes, mobile homes, factory-built buildings and accessory structures.

17. Adopt rules including a requirement that a permit shall be obtained before the installation of a mobile or manufactured home.

18. Establish standards for the permanent foundation of a manufactured home, mobile home or factory-built building.

B. In adopting rules pursuant to subsection A, paragraph 3 of this section, the board shall consider for adoption any amendments to the codes and standards referred to in subsection A, paragraphs 1 and 2 of this section. If the board adopts the amendments to such codes and standards, the department shall notify
the manufacturers licensed pursuant to article 4 of this chapter ninety or more days before the effective
date of such amendments.

C. Chapter 6 of this title does not apply to the setting of fees under subsection A, paragraph 4 of this
section.

D. Rules adopted pursuant to subsection A, paragraph 14 of this section shall be standard throughout this
state and may be enforced by the local enforcement agencies on installation to ensure a standard of safety.
The board may make an exception to the standard if, on petition by a local jurisdiction participating in the
installation inspection program, local conditions justify the exemption or it is necessary to protect the
health and safety of the public. On its own motion, the board may revise or repeal any exception.

41-4030. Trust and escrow requirements for dealers that are not also owners of mobile home parks; rules;
exemptions

A. Each dealer licensed pursuant to this article shall establish an independent escrow account with an
independent financial institution or escrow agent authorized to handle such an account in this state as
prescribed by title 6, chapter 7 or 8 for each transaction involving:

1. A new manufactured home.

2. A new factory-built building designed for use as a residential dwelling.

3. A manufactured home, mobile home or factory-built building designed for use as a residential dwelling
that is previously owned and that has a purchase price of $50,000 or more.

B. For the purposes of subsection A of this section, a financial institution or escrow agent is independent
if the individual or entity is not controlled by the licensee, a family member of the licensee or a business
affiliated with the licensee and the licensee, family member or business affiliate does not have a majority
interest in the financial institution or escrow agent.

C. Each dealer that sells new manufactured homes or factory-built buildings designed for use as
residential dwellings or a manufactured home, mobile home or factory-built building designed for use as a
residential dwelling that is previously owned and that has a purchase price of less than $50,000 shall
maintain a licensee's trust account or open an escrow account with an independent financial institution or
escrow agent located in this state and shall deposit all earnest monies received for the sale of
manufactured homes, mobile homes or factory-built buildings designed for use as residential dwellings in
that account. The department shall conduct an audit of each dealer's trust or escrow account, including
any transactions with an independent escrow account, at least once every two years. A purchaser of a
mobile home, used manufactured home or used factory-built building designed for use as a residential
dwelling may request that the dealer establish an independent escrow account and if such a request is
made in writing not later than the time the purchase contract is signed, and the seller consents, the dealer
shall comply with this subsection by complying with subsection A of this section. A licensee that handles
a transaction under this subsection shall disclose to the purchaser, in writing and before or at the time the
purchaser signs the purchase contract, that the purchaser may request in writing the use of an independent
escrow account, and that the transaction will otherwise be handled through a trust account controlled by
the licensee.

D. All dealers shall notify the director in writing when the trust or escrow account has been established by
indicating the name and number of the account and the name and location of the financial institution used.
E. The dealer, in writing, shall authorize the depository to release any and all information relative to trust or escrow accounts to the director or the director’s agent, employee or deputy.

F. The dealer’s earnest monies receipt book shall reflect all earnest monies received and shall be at the minimum in duplicate and consecutively numbered.

G. All earnest monies shall be deposited in the escrow account or trust fund account not later than the close of the second banking business day after receipt.

H. The terms or instructions for any escrow account opened under subsection A or C of this section are deemed to be enforceable as part of the purchase contract. All parties to the purchase contract and the licensee shall sign the terms and instructions. If practicable, the escrow terms or instructions shall be included in the purchase contract or stated in an addendum to the purchase contract. The licensee shall provide a copy of the purchase contract to the escrow agent even if the escrow terms or instructions are contained in a separate document. The licensee shall promptly provide the escrow account information to all parties to the purchase contract once the account is opened.

I. At a minimum, the escrow terms or instructions shall contain:

1. Identification of the escrow agent with information containing at least the name, address and telephone number of the escrow agent.

2. All conditions or requirements that affect or pertain to closing the escrow account and disbursement of the monies in the escrow account.

3. Any conditions or requirements where monies are to be disbursed from the escrow account in advance of the escrow account being closed.

4. Any conditions or requirements where additional monies or documents must be deposited with an escrow agent after the escrow account is opened.

J. A dealer or broker may deposit and maintain up to $200 in the trust account to offset service charges that may be assessed by the financial institution.

K. Every deposit into a trust account shall be made with a deposit slip that identifies each transaction as follows:

1. The amount of deposit.

2. The names of all parties involved in the transaction. All receipts for monies deposited in escrow shall be made accountable by containing the same information.

L. A complete record shall be retained by the dealer’s or broker’s office of all earnest monies received. The record shall contain provisions for entering:

1. The amount received.

2. From whom the monies were received.
3. The date of receipt.

4. The place of deposit.

5. The date of deposit.

6. The daily balance of the trust fund account deposit of each transaction.

7. When the transaction has been completed.

8. The date and payment for all goods and services the dealer has contracted to provide.

M. All earnest monies deposited in the trust or escrow account shall be held in such account until one of the following is completed:

1. The consummation of sale.

2. The termination of sale, including a complete accounting of all monies.

N. On completion pursuant to subsection M of this section, the earnest monies deposit shall be conveyed to the lending institution or the dealer, purchaser, seller, manufacturer or lienholder, whichever is applicable.

O. The dealer shall retain true copies of the purchase agreements, earnest monies receipts, depository receipts, evidence of delivery documents and evidence of consummation of sale or termination of sale for a period of three years.

P. The deposits referred to in this section shall not be used for any purpose other than the transaction for which they were provided.

Q. Notwithstanding any other provision of this section and except that this subsection does not apply to an independent escrow account established pursuant to subsection A of this section, before an event listed under subsection M of this section is completed, a licensed dealer may release trust account earnest monies to pay for flooring or inventory for the unit that is the subject of the transaction for which the earnest monies were provided. A licensed dealer may release trust account earnest monies to pay other lawfully imposed interim loan amounts and charges imposed by a financial institution or other bona fide lender on the unit that is the subject of the transaction for which the earnest monies were provided. The dealer shall not make any payment out of trust account monies pursuant to this subsection unless done in compliance with all of the following:

1. The payment is made not more than ten business days before the completion date pursuant to subsection M of this section.

2. The payment is made directly to the financial institution or other bona fide lender.

3. The payment is recorded in the dealer's records under this section and documented by a receipt, a payment record or any other evidence from the financial institution or lender.
4. If the transaction is terminated, the dealer replaces the amount of the payment in the trust account within three business days after receiving written notification of the termination.

This subsection does not affect any other rights or obligations between the purchaser and the licensed dealer.

R. The board shall adopt separate rules for dealer trust and escrow accounts. At a minimum, these rules shall contain trust and escrow account requirements for the following:

1. Recordkeeping.
2. Administration.
3. Service fees or charges.
4. Deposits.
5. Advances or payments out of trust and escrow accounts.
6. Closing or termination of sales transactions.
7. Auditing or investigation of trust or escrow account complaints.

S. This section shall not apply to a real estate broker or salesperson licensed pursuant to section 32-2122 and pursuant to this article when the unit is sold in conjunction with real estate.

41-4039. Grounds for disciplinary action

The director may, on the director's own motion, and shall, on the complaint in writing of any person, cause to be investigated by the department the acts of any manufacturer, dealer, broker, salesperson or installer licensed with the department and may temporarily suspend or permanently revoke any license issued under this article, impose an administrative penalty or place on probation any licensee, if the holder of the license, while a licensee, is guilty of or commits any of the following acts or omissions:

1. Failure in any material respect to comply with this article or article 3 of this chapter.
2. Violation of any rule that is adopted by the board and that pertains to the construction of any unit or of any rule that is adopted by the board and that is necessary to effectively carry out the intent of this article, article 3 of this chapter or the laws of the United States or of this state.
3. Misrepresentation of a material fact by the applicant in obtaining a license.
4. Aiding or abetting an unlicensed person or knowingly combining or conspiring with an unlicensed person to evade this article or article 3 of this chapter, or allowing one's license to be used by an unlicensed person or acting as an agent, partner or associate of an unlicensed person with intent to evade this article or article 3 of this chapter.
5. Conviction of a felony.
6. The doing of a wrongful or fraudulent act by a licensee that relates to this article or article 3 of this chapter, including failure to comply with section 41-4030, subsection A, or the doing of any other wrongful or fraudulent act in conjunction with the sale, transfer or relocation of a mobile home in this state.

7. Departure from or disregard of any code or any rule adopted by the board.

8. Failure to disclose or subsequent discovery by the department of facts that, if known at the time of issuance of a license or the renewal of a license, would have been grounds to deny the issuance or renewal of a license.

9. Knowingly entering into a contract with a person not duly licensed in the required classification for work to be performed for which a license is required.

10. Acting in the capacity of a licensee under any license issued under this article in a name other than as set forth on the license.

11. Acting as a licensee while the license is under suspension or in any other invalid status.

12. Failure to respond relative to a verified complaint after notice of such complaint.

14. False, misleading or deceptive sales practices by a licensee in the sale or offer of sale of any unit regulated by this article or article 3 of this chapter.

15. Failure to remit the consumer recovery fund fee pursuant to section 41-4042.

16. Acting as a salesperson while not employed by a dealer.

17. As a salesperson, representing or attempting to represent a dealer other than by whom the salesperson is employed.

18. Acting beyond the scope of activity authorized by the salesperson's license classification of the employing dealer.

19. Failure by a salesperson to promptly place all cash, checks and other items of value and any related documents received in connection with a sales transaction in the care of the employing dealer.

20. Failure to provide all agreed on goods and services.

21. Failure to manufacture or install in a workmanlike manner all units and accessory structures that are suitable for their intended purpose.

22. Failure of the licensee to work only within the scope of the license held.

23. An action by a licensee, who is also a mobile home park owner, manager, agent or representative, that restricts a resident's or prospective resident's access to buyers, sellers or licensed dealers or brokers in
connection with the sale of a home or the rental of a space, that the department finds constitutes a violation of section 33-1434, subsection B or section 33-1452, subsection F or that violates any law or regulation relating to fair housing or credit practices.
Summary

This Five-Year-Review Report (5YRR) from the Department of Health Services relates to rules in Title 9, Chapter 8, Article 2, regarding Bottled Water. These rules specify requirements for sourcing, processing, labeling and selling bottled water.

In the previous 5YRR for these rules, which the Council approved in 2017, the Department planned to address the issues identified in a Notice of Final Rulemaking. The Department amended the rules to address the issues identified and filed a Notice of Final Expedited Rulemaking in January 2018.

Proposed Action

Subsequent to filing the 5YRR, the Department received a written Petition that stated the Bottled Water rules were more stringent than corresponding federal laws, because they allegedly excluded other viable sources of water that may be approved for bottling water. In response to the Petition, the Department initiated a rulemaking to clarify and potentially expand what is considered an approved “source” of water for bottled water. The Department indicated it has submitted a request for an exception from the 2022 Rulemaking Moratorium to conduct a rulemaking that the Governor’s office approved.
1. **Has the agency analyzed whether the rules are authorized by statute?**

   Yes, the Department cites both general and specific statutory authority for the rules.

2. **Summary of the agency’s economic impact comparison and identification of stakeholders:**

   The Department in its 2004 regular rulemaking, effective November 23, 2004, completed an EIS for regular rulemaking amending R9-8-201 through R9-8-2062. In summary of the 2004 EIS, the Department identified the rulemaking as providing rules for the inspection and certification of bottled drinking water sources, plants, processes and transportation. The purpose for amending the rules was to include quality standards for bottled water.

   The rulemaking identifies persons directly affected by the rules to be persons that process and sell bottled water, county health departments, and the Department. The cost to a person processing and selling bottled water was based on the number of quality testing the person completes on the bottled water produced and sold. A person producing bottled water products and not currently performing quality testing according to 21 CFR, the cost was moderate to substantial. The cost for county health departments to inspect the quality of the bottled water was expected to be moderate. The cost included the additional time needed to review the quality testing records maintained by a plant operator. The Department might incur minimal costs for making and enforcing the rules. The benefit of having the amended rules for persons that process and sell bottled water included having clarity in the approval of a source application process and confidence that the Department process for all applications is fair, consistent, and completed in a timely manner.

   The Department has no record of receiving an application for approval of a new water source since before these rules were last amended. The Department believes the costs and benefits identified in the 2004 EIS are generally consistent with the actual costs and benefits of the rules.

3. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

   The Department and county health departments use the rules as written without increased costs or burden since the promulgation of rules in the 2018 Notice of Expedited Rulemaking. The Department believes that the rules provide the least burden and cost to persons that process and sell bottled water and achieves the regulatory objective consistent with statutory requirements.

4. **Has the agency received any written criticisms of the rules over the last five years?**
No, the Department has not received any written criticisms of the rules over the last five years.

5. **Has the agency analyzed the rules’ clarity, conciseness, and understandability?**

   Yes. The Department indicates that the rules are clear, concise, and understandable; however, they claim that changing the citation in the definition of the rules to reflect the name change of the U.S. Government Printing Office to the U.S. Government “Publishing” Office would make these definitions more clear. The Department states that the office address remains the same, therefore only the name of the office would be changed.

6. **Has the agency analyzed the rules’ consistency with other rules and statutes?**

   Yes, the Department indicates the rules are consistent with other rules and statutes.

7. **Has the agency analyzed the rules’ effectiveness in achieving its objectives?**

   Yes, the Department indicates the rules are effective in achieving their objective.

8. **Has the agency analyzed the current enforcement status of the rules?**

   Yes, the Department states the rules are enforced as written.

9. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

   The Department indicated that according to a Petition they received, the Bottled Water rules are more stringent than corresponding federal laws, because they allegedly exclude other viable sources of water that may be approved for bottled water.

10. **For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

    Not applicable. The Department indicates that these rules were adopted in August 1990.

11. **Conclusion**

    This 5YRR from the Department of Health Services relates to rules in Title 9, Chapter 8, Article 2, regarding Bottled Water. The Department indicates the rules are clear, concise, and understandable. However, the Department claims that updating the name of the government office will make the rules more clear, concise and understandable, despite the address of the office not changing.

    The Department indicated they received a Petition that claimed the Bottled Water rules were more stringent than corresponding federal laws. In response to this Petition, the
Department has requested an exception from the 2022 Rulemaking Moratorium to conduct a rulemaking to address this issue, which has been submitted and approved by the Governor’s Office.

Council staff finds the Department submitted a report that meets the requirements of A.R.S.§ 41-1056. Council staff recommends approval of this report.
May 9, 2022

Nicole Sornsin, Chairperson
Governor’s Regulatory Review Council (GRRC)
Arizona Department of Administration
160 N. 15th Avenue, Suite 305
Phoenix, AZ 85007

RE: Amended Report for A.A.C. Title 9, Chapter 8, Article 2, Bottled Water

Dear Ms. Sornsin:

Please find enclosed the Amended Five Year Review Report (Report) of the Department of Health Services (Department) for Arizona Administrative Code (A.A.C.) Title 9, Chapter 8, Article 2, Bottled Water (Rules). The Department reviewed the Rules with the intention that they would not expire pursuant to Arizona Revised Statutes (A.R.S.) § 41-1056(f) and submitted the Report prior to the March 31, 2022 due date.

Subsequent to the submittal of the Report, the Department received a Petition for Rulemaking related to the Rules (Petition). See A.R.S. § 41-1033 and A.A.C. R9-1-203. The Petition alleges that the Rules are more stringent than corresponding federal laws and requests that the Department make a final rule to amend the definition of “source” found in A.A.C. R9-8-201. In response to the Petition, the Department is initiating a rulemaking to clarify and potentially expand what is considered an approved “source” of water for bottled water. In furtherance of this, a request for an exception from the 2022 Rulemaking Moratorium to conduct a rulemaking was submitted to and has been approved by the Governor’s Office.

Based on the foregoing, the Department believes it is necessary to amend the Report and respectfully requests that the Chairperson accept the enclosed Amended Report.

For questions about this report, please contact Teresa Kochler at (602) 542-0813 or Teresa.Kochler@azdhs.gov.

Sincerely,

Robert Lane
Director’s Designee

3. **Are the rules effective in achieving their objectives?**

   Yes _√_   No __

   If not, please identify the rule(s) that is not effective and provide an explanation for why the rule(s) is not effective.

¹ The amended language is underlined and located in sections 12 and 14 of this Five-Year-Review Report.
The rules were last amended in 2018 and are effective in achieving their objectives.

4. Are the rules consistent with other rules and statutes?  Yes √ No ___
If not, please identify the rule(s) that is not consistent. Also, provide an explanation and identify the provisions that are not consistent with the rule.

Rule  |  Explanation
--- | ---
 | The rules are consistent with other rules and statutes.

5. Are the rules enforced as written?  Yes √ No ___
If not, please identify the rule(s) that is not enforced as written and provide an explanation of the issues with enforcement. In addition, include the agency’s proposal for resolving the issue.

Rule  |  Explanation
--- | ---
 | The rules are enforced as written.

6. Are the rules clear, concise, and understandable?  Yes √ No ___
If not, please identify the rule(s) that is not clear, concise, or understandable and provide an explanation as to how the agency plans to amend the rule(s) to improve clarity, conciseness, and understandability.

Rule  |  Explanation
--- | ---
R9-8-201 | The rule is clear, concise, and understandable. However, definitions (4), (13), and (17) include a citation to the U.S. Government Printing Office. The U.S. Government Printing Office has changed its title to the U.S. Government “Publishing” Office. The definitions would be clear if title were changed to the U.S. Government Publishing Office. The office address is the same: 732 N. Capitol Street, N.W. Washington, D.C.
R9-8-203 | The rule in subsection (B) includes a citation to the U.S. Government Printing Office and has changed its title to the U.S. Government “Publishing” Office. The rule would be clear if title were changed to the U.S. Government Publishing Office.
Has the agency received written criticisms of the rules within the last five years?  Yes ___  No _√_

If yes, please fill out the table below:

8. **Economic, small business, and consumer impact comparison (summary):**

The rules were first promulgated in August 1990 and amended in November 2004. In 2018, the Department amended R9-8-201, Definitions; R9-8-203, Application for an Approval of a Source; R9-8-205, Quality Testing Requirements, and R9-8-206, Labeling Requirements in an expedited rulemaking. In compliance with A.R.S. § 41-1055(D)(2), the Department did not complete an economic, small business, and consumer impact statement (EIS) as not required. The Department in its 2004 regular rulemaking, effective November 23, 2004, completed an EIS for regular rulemaking amending R9-8-201 through R9-8-206. In summary of the 2004 EIS, the Department identified the rulemaking as providing rules for the inspection and certification of bottled drinking water sources, plants, processes and transportation. R9-8-201 is amended to reflect the changes made to the definitions in the Article. R9-8-202 is amended to explain the general requirements necessary for an approval of a source. R9-8-203 is amended to include the application requirements for an approval of a source. R9-8-204 contains the time-frame requirements as authorized under A.R.S. §§ 41-1072 through 41-1079. R9-8-205 provides the quality testing requirements for bottled water, and R9-8-206, the labeling requirements for bottled water. The purpose for amending the rules was to include quality standards for bottled water. The U.S. Food and Drug Administration (FDA) is responsible for regulating bottled water that is sold into interstate commerce. The FDA has specific regulations for bottled water in Title 21 of the Code of Federal Regulations (21 CFR). The current [2004] rules cite 21 CFR provisions that no longer contain the quality standards. The proposed 2004 rules contain the cite to the 21 CFR that contains the quality standards for bottled water.

---

2 Note: The Department repealed R9-8-207, R9-8-208, and R9-8-209 by 2004 regular rulemaking at 10 A.A.R. 4178.
The annual cost and revenues are designated as minimal when less than $1,000, moderate when between $1,000 and $10,000, and substantial when greater than $10,000. And the rulemaking identifies persons directly affected by the rules to be persons that process and sell bottled water, county health departments, and the Department. The cost to a person processing and selling bottled water is based on the number of quality testing the person completes on the bottled water produced and sold. Note: A person already processing and selling bottled water to current quality testing according to the 21 CFR, the cost of the proposed rules is minimal. However, a person producing bottled water products and not currently performing quality testing according to 21 CFR, the cost is moderate to substantial. The cost for county health departments to inspect the quality of the bottled water is expected to be moderate. Under the proposed rules, the cost to the county health departments to inspect for quality purposes includes the additional time needed to review the quality testing records maintained by a plant operator. The Department may incur minimal costs for making and enforcing the rules. The costs include staff time to write, review, and direct the rules through the rulemaking process and to create an approval of source application form to reflect the amended rule. Additionally, the benefit of having the amended rules for person that processes and sells bottled water include having clarity in the approval of a source application process and confident the Department process for all applications is fair, consistent, and completed in a timely manner. The 2004 EIS also stated that the proposed rules will have no effect on state revenues and the methods selected are the least costly and least intrusive available to provide quality standards for bottled water processed and sold in Arizona.

During fiscal year 2021, there were 56 approved bottled water processing plants located in Cochise, La Paz, Maricopa, Mohave, and Pinal counties. Additionally, during 2021, county environmental staff completed 95 routine inspections, 3 complaint inspections, and no enforcement action. The Department clarifies that the Department delegates its authority to regulate bottled water processing to the county health departments and environmental health departments. See A.R.S. § 36-136(D). County sanitarians use these rules in conjunction with county codes to conduct inspections of bottled water processing plants. The Department has no record of receiving an application for approval of a new water source since before these rules were last amended. The Department believes the costs and benefits identified in the 2004 EIS are generally consistent with the actual costs and benefits of the rules.

9. **Has the agency received any business competitiveness analyses of the rules?**
   - Yes ___
   - No _✓_

10. **Has the agency completed the course of action indicated in the agency’s previous five-year-review report?**
    Please state what the previous course of action was and if the agency did not complete the action, please explain why not.
    In the 2017 5YRR course of action the Department indicated that although the rules are effective, the Department planned to address issues identified in the 5YRR in a Notice of Final Rulemaking. The Department also stated that it anticipated submitting the Notice of Final Rulemaking to the Governor’s Regulatory Review Council by June 2019. As stated in the 2017 5YRR, the Department amended rules in 9 A.A.C. 8, Article 2 to address the
issues identified and filed a Notice of Final Expedited Rulemaking on January 10, 2018 with the Arizona Secretary of State.

11. **A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:**

The Department and county health departments use the rules as written without increased costs or burden since the promulgation of rules in the 2018 Notice of Expedited Rulemaking. The Department excepts that the rules provide the least burden and cost to persons that process and sell bottled water and achieves the regulatory objective consistent with statutory requirements.

12. **Are the rules more stringent than corresponding federal laws?**

   Yes ___    No √

   *Please provide a citation for the federal law(s). And if the rule(s) is more stringent, is there statutory authority to exceed the requirements of federal law(s)?*

   No, the rules are not more stringent than federal laws and are consistent with the 21 CFR 165.110 and 21 CFR 129.80.

   Subsequent to filing the 9 A.A.C. 8, Article 2, Bottled Water, Five-Year-Review Report (Report), the Department received a written Petition for Rulemaking pursuant to A.R.S. § 41-1033(A)(1) (Petition). According to the Petition, the Bottled Water rules are more stringent than corresponding federal laws, because they allegedly exclude other viable sources of water that may be approved for bottling water. The Petition requests that the Department make a final rule to amend the definition of “source” found in A.A.C. R9-8-201.

   Based on the foregoing, the Department is amending the Report and is initiating a rulemaking.

13. **For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:**

   The rules were adopted in August 1990.

14. **Proposed course of action:**

   The Department in its review of the Article 2 rules has determined that the rules are effective. In this five-year-review report, the Department identifies no substantive matters that prevent the rules from being effective, clear, and enforceable. In this proposed course of actions, the Department does not plan to amend the rules.

   Subsequent to filing of the Report, the Department received the Petition. In response to the Petition, the Department is initiating a rulemaking to clarify and potentially expand what is considered an approved “source” of water for bottled water. In furtherance of this, a request for an exception from the 2022 Rulemaking Moratorium to conduct a rulemaking was submitted to and has been approved by the Governor’s Office.
ARTICLE 2. BOTTLED WATER

R9-8-201. Definitions

In this Article, unless the context otherwise requires:

1. “Applicant” has the same meaning as in R9-8-101.
2. “Aquifer” means a layer of underground sand, gravel or porous rock where water collects.
3. “Artesian well” means a drilled well that accesses an aquifer with a water level that stands above the bottom of the confining bed of the aquifer.
5. “Bottled water plant” means a food establishment that processes and sells bottled water.
7. “Confining bed” means a layer of ground that resists water penetration.
8. “Department” means the Arizona Department of Health Services.
9. “Drilled well” means a hole bored into the ground to reach underground water.
10. “Food establishment” has the same meaning as in A.A.C. Title 9, Chapter 8, Article 1.
11. “Licensed laboratory” means a laboratory licensed by the Department under A.R.S. Title 36, Chapter 4.3, Article 1.
12. “Plant operator” means an individual designated by the applicant to operate a specific bottled water plant.
14. “Public water system” has the same meaning as in A.R.S. § 49-352(B)(1).
15. “Source” means an artesian well, drilled well, public water system, or spring.
16. “Source water” means water from an artesian well, drilled well, public water system, or spring.

R9-8-202. General Requirements

A food establishment that processes and sells bottled water in Arizona shall use a source approved by the Department.

R9-8-203. Application for an Approval of a Source

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.
CHAPTER 8. DEPARTMENT OF HEALTH SERVICES - FOOD, RECREATIONAL, AND INSTITUTIONAL SANITATION

A. An applicant shall complete and submit to the Department, an application for an approval of a source on a form provided by the Department that includes:
   1. The name, mailing address, and telephone number of the applicant;
   2. The name, street address, and telephone number of the bottled water plant;
   3. The location of the source used at the bottled water plant;
   4. The applicant’s signature; and
   5. The date the application is signed.

B. With the completed application, an applicant shall include test results from a licensed laboratory that has tested the bottled water according to the quality requirements for bottled water in 21 CFR 165.110(b) (2016), incorporated by reference, on file with the Department, including no future editions or amendments, and available from the U.S. Government Printing Office, 732 N. Capitol Street, N.W. Washington, D.C. 20401-001.

C. An applicant shall comply with subsections (A) and (B) for each source used at the bottled water plant.

R9-8-204. Time-frames

A. The overall time-frame described in A.R.S. § 41-1072 for the Department to act on an application for an approval of a source is 60 days. The applicant and the Department may agree in writing to extend the substantive review time-frame and the overall time-frame by no more than 25% of the overall time-frame.

B. The administrative completeness review time-frame described in A.R.S. § 41-1072 for an application for an approval of a source is 30 days and begins on the date the application is received.

1. The Department shall mail notice of administrative completeness or deficiencies to the applicant within the administrative completeness review time-frame.
   a. A notice of deficiencies shall list each deficiency and the information and documentation needed to complete the application.
   b. If the Department issues a notice of deficiencies within the administrative completeness review time-frame, the administrative completeness review time-frame and the overall time-frame are suspended from the date that the notice is issued until the date the Department receives the missing information from the applicant.
   c. If the applicant fails to submit to the Department all the information and documents listed in the notice of deficiencies within 60 days of the date the Department mailed the notice of deficiencies, the Department deems the application for approval of a source withdrawn.

2. If the Department issues an approval of a source to the applicant during the administrative completeness review time-frame, the Department does not issue a separate written notice of administrative completeness.
CHAPTER 8. DEPARTMENT OF HEALTH SERVICES - FOOD, RECREATIONAL, AND INSTITUTIONAL SANITATION

C. The substantive review time-frame described in A.R.S. § 41-1072 is 30 days and begins on the date the notice of administrative completeness is mailed to the applicant.
   1. The Department shall mail an approval of a source or a written notification of denial of approval to the applicant within the substantive review time-frame.
   2. If the Department issues a comprehensive written request or supplemental request for information, the substantive review time-frame and the overall time-frame are suspended from the date the Department issues the request until the date the Department receives all of the information.
   3. If the Department denies approval of a source, the Department shall send the applicant a written notice of disapproval that lists the reasons for disapproval and all other information required in A.R.S. § 41-1076.

D. If a time-frame’s last day is on a Saturday, Sunday, or legal holiday, the Department considers the next business day as the time-frame’s last day.

R9-8-205. Quality Testing Requirements

A. To maintain approval of its source, a plant operator shall have a licensed laboratory test the quality of the bottled water at the times stated in 21 CFR 129.80(g) (2016), incorporated by reference, on file with the Department, including no future editions or amendments, and available from the U.S. Government Printing Office, 732 N. Capitol Street, N.W. Washington, D.C. 20401-001.

B. A plant operator shall maintain records of the quality testing of the bottled water on the bottled water plant premises for two years from the date the bottled water is tested and ensure that the records are readily available for inspection by the Department.

R9-8-206. Labeling Requirements

In addition to the labeling requirements in 9 A.A.C. 8, Article 1, a plant operator shall ensure the bottled water processed and sold is labeled according to 21 CFR 129.80(e) (2016), incorporated by reference, on file with the Department, including no future editions or amendments, and available from the U.S. Government Printing Office, 732 N. Capitol Street, N.W. Washington, D.C. 20401-001.
ATTACHMENT B

36-132. Department of health services; functions; contracts

A. The department, in addition to other powers and duties vested in it by law, shall:

1. Protect the health of the people of the state.

2. Promote the development, maintenance, efficiency and effectiveness of local health departments or districts of sufficient population and area that they can be sustained with reasonable economy and efficient administration, provide technical consultation and assistance to local health departments or districts, provide financial assistance to local health departments or districts and services that meet minimum standards of personnel and performance and in accordance with a plan and budget submitted by the local health department or districts to the department for approval, and recommend the qualifications of all personnel.

3. Collect, preserve, tabulate and interpret all information required by law in reference to births, deaths and all vital facts, and obtain, collect and preserve information relating to the health of the people of this state and the prevention of diseases as may be useful in the discharge of functions of the department not in conflict with chapter 3 of this title and sections 36-693, 36-694 and 39-122.

4. Operate such sanitariums, hospitals or other facilities assigned to the department by law or by the governor.

5. Conduct a statewide program of health education relevant to the powers and duties of the department, prepare educational materials and disseminate information as to conditions affecting health, including basic information for the promotion of good health on the part of individuals and communities, and prepare and disseminate technical information concerning public health to the health professions, local health officials and hospitals. In cooperation with the department of education, the department of health services shall prepare and disseminate materials and give technical assistance for the purpose of education of children in hygiene, sanitation and personal and public health, and provide consultation and assistance in community organization to counties, communities and groups of people.

6. Administer or supervise a program of public health nursing, prescribe the minimum qualifications of all public health nurses engaged in official public health work, and encourage and aid in coordinating local public health nursing services.

7. Encourage and aid in coordinating local programs concerning control of preventable diseases in accordance with statewide plans that shall be formulated by the department.

8. Encourage and aid in coordinating local programs concerning maternal and child health, including midwifery, antepartum and postpartum care, infant and preschool health and the health of schoolchildren, including special fields such as the prevention of blindness and conservation of sight and hearing.

9. Encourage and aid in the coordination of local programs concerning nutrition of the people of this state.

10. Encourage, administer and provide dental health care services and aid in coordinating local programs concerning dental public health, in cooperation with the Arizona dental association. The department may bill and receive payment for costs associated with providing dental health care services and shall deposit the monies in the oral health fund established by section 36-138.
11. Establish and maintain adequate serological, bacteriological, parasitological, entomological and chemical laboratories with qualified assistants and facilities necessary for routine examinations and analyses and for investigations and research in matters affecting public health.

12. Supervise, inspect and enforce the rules concerning the operation of public bathing places and public and semipublic swimming pools adopted pursuant to section 36-136, subsection I, paragraph 10.

13. Take all actions necessary or appropriate to ensure that bottled water sold to the public and water used to process, store, handle, serve and transport food and drink are free from filth, disease-causing substances and organisms and unwholesome, poisonous, deleterious or other foreign substances. All state agencies and local health agencies involved with water quality shall provide to the department any assistance requested by the director to ensure that this paragraph is effectuated.

14. Enforce the state food, caustic alkali and acid laws in accordance with chapter 2, article 2 of this title, chapter 8, article 1 of this title and chapter 9, article 4 of this title, and collaborate in the enforcement of the federal food, drug, and cosmetic act (52 Stat. 1040; 21 United States Code sections 1 through 905).

15. Recruit and train personnel for state, local and district health departments.

16. Conduct continuing evaluations of state, local and district public health programs, study and appraise state health problems and develop broad plans for use by the department and for recommendation to other agencies, professions and local health departments for the best solution of these problems.

17. License and regulate health care institutions according to chapter 4 of this title.

18. Issue or direct the issuance of licenses and permits required by law.

19. Participate in the state civil defense program and develop the necessary organization and facilities to meet wartime or other disasters.

20. Subject to the availability of monies, develop and administer programs in perinatal health care, including:
   (a) Screening in early pregnancy for detecting high-risk conditions.
   (b) Comprehensive prenatal health care.
   (c) Maternity, delivery and postpartum care.
   (d) Perinatal consultation, including transportation of the pregnant woman to a perinatal care center when medically indicated.
   (e) Perinatal education oriented toward professionals and consumers, focusing on early detection and adequate intervention to avert premature labor and delivery.

21. License and regulate the health and safety of group homes for persons with developmental disabilities. The department shall issue a license to an accredited facility for a period of the accreditation, except that no licensing period shall be longer than three years. The department is authorized to conduct an inspection of an accredited facility to ensure that the facility meets health and safety licensure standards. The results of the accreditation survey shall be public information. A copy of the final accreditation report shall be filed with the department of
health services. For the purposes of this paragraph, "accredited" means accredited by a nationally recognized accreditation organization.

B. The department may accept from the state or federal government, or any agency of the state or federal government, and from private donors, trusts, foundations or eleemosynary corporations or organizations grants or donations for or in aid of the construction or maintenance of any program, project, research or facility authorized by this title, or in aid of the extension or enforcement of any program, project or facility authorized, regulated or prohibited by this title, and enter into contracts with the federal government, or an agency of the federal government, and with private donors, trusts, foundations or eleemosynary corporations or organizations, to carry out such purposes. All monies made available under this section are special project grants. The department may also expend these monies to further applicable scientific research within this state.

C. The department, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

D. The department may enter into contracts with organizations that perform nonrenal organ transplant operations and organizations that primarily assist in the management of end-stage renal disease and related problems to provide, as payors of last resort, prescription medications necessary to supplement treatment and transportation to and from treatment facilities. The contracts may provide for department payment of administrative costs it specifically authorizes.

36-136. Powers and duties of director; compensation of personnel; rules; definitions

A. The director shall:

1. Be the executive officer of the department of health services and the state registrar of vital statistics but shall not receive compensation for services as registrar.
2. Perform all duties necessary to carry out the functions and responsibilities of the department.
3. Prescribe the organization of the department. The director shall appoint or remove personnel as necessary for the efficient work of the department and shall prescribe the duties of all personnel. The director may abolish any office or position in the department that the director believes is unnecessary.
4. Administer and enforce the laws relating to health and sanitation and the rules of the department.
5. Provide for the examination of any premises if the director has reasonable cause to believe that on the premises there exists a violation of any health law or rule of this state.
6. Exercise general supervision over all matters relating to sanitation and health throughout this state. When in the opinion of the director it is necessary or advisable, a sanitary survey of the whole or of any part of this state shall be made. The director may enter, examine and survey any source and means of water supply, sewage disposal plant, sewerage system, prison, public or private place of detention, asylum, hospital, school, public building, private institution, factory, workshop, tenement, public washroom, public restroom, public toilet and toilet facili-
ty, public eating room and restaurant, dairy, milk plant or food manufacturing or processing plant, and any premises in which the director has reason to believe there exists a violation of any health law or rule of this state that the director has the duty to administer.

7. Prepare sanitary and public health rules.

8. Perform other duties prescribed by law.

B. If the director has reasonable cause to believe that there exists a violation of any health law or rule of this state, the director may inspect any person or property in transportation through this state, and any car, boat, train, trailer, airplane or other vehicle in which that person or property is transported, and may enforce detention or disinfection as reasonably necessary for the public health if there exists a violation of any health law or rule.

C. The director, after consultation with the department of administration, may take all necessary steps to enhance the highest and best use of the state hospital property, including contracting with third parties to provide services, entering into short-term lease agreements with third parties to occupy or renovate existing buildings and entering into long-term lease agreements to develop the land and buildings. The director shall deposit any monies collected from contracts and lease agreements entered into pursuant to this subsection in the Arizona state hospital charitable trust fund established by section 36-218. At least thirty days before issuing a request for proposals pursuant to this subsection, the department of health services shall hold a public hearing to receive community and provider input regarding the highest and best use of the state hospital property related to the request for proposals. The department shall report to the joint committee on capital review on the terms, conditions and purpose of any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, and the fiscal impact on the department and any revenues generated by the agreement. Any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, must be reviewed by the joint committee on capital review.

D. The director may deputize, in writing, any qualified officer or employee in the department to do or perform on the director's behalf any act the director is by law empowered to do or charged with the responsibility of doing.

E. The director may delegate to a local health department, county environmental department or public health services district any functions, powers or duties that the director believes can be competently, efficiently and properly performed by the local health department, county environmental department or public health services district if:

1. The director or superintendent of the local health agency, environmental agency or public health services district is willing to accept the delegation and agrees to perform or exercise the functions, powers and duties conferred in accordance with the standards of performance established by the director of the department of health services.

2. Monies appropriated or otherwise made available to the department for distribution to or division among counties or public health services districts for local health work may be allocated or reallocated in a manner designed...
to ensure the accomplishment of recognized local public health activities and delegated functions, powers and
duties in accordance with applicable standards of performance. If in the director's opinion there is cause, the di-
rector may terminate all or a part of any delegation and may reallocate all or a part of any funds that may have
been conditioned on the further performance of the functions, powers or duties conferred.

F. The compensation of all personnel shall be as determined pursuant to section 38-611.

G. The director may make and amend rules necessary for the proper administration and enforcement of the laws
relating to the public health.

H. Notwithstanding subsection I, paragraph 1 of this section, the director may define and prescribe emergency
measures for detecting, reporting, preventing and controlling communicable or infectious diseases or conditions if
the director has reasonable cause to believe that a serious threat to public health and welfare exists. Emergency
measures are effective for not longer than eighteen months.

I. The director, by rule, shall:

1. Define and prescribe reasonably necessary measures for detecting, reporting, preventing and controlling com-
municable and preventable diseases. The rules shall declare certain diseases reportable. The rules shall prescribe
measures, including isolation or quarantine, that are reasonably required to prevent the occurrence of, or to seek
early detection and alleviation of, disability, insofar as possible, from communicable or preventable diseases. The
rules shall include reasonably necessary measures to control animal diseases transmittable to humans.

2. Define and prescribe reasonably necessary measures, in addition to those prescribed by law, regarding the
preparation, embalming, cremation, interment, disinterment and transportation of dead human bodies and the
conduct of funerals, relating to and restricted to communicable diseases and regarding the removal, transportation,
cremation, interment or disinterment of any dead human body.

3. Define and prescribe reasonably necessary procedures that are not inconsistent with law in regard to the use and
accessibility of vital records, delayed birth registration and the completion, change and amendment of vital rec-
ords.

4. Except as relating to the beneficial use of wildlife meat by public institutions and charitable organizations pur-
suant to title 17, prescribe reasonably necessary measures to ensure that all food or drink, including meat and
meat products and milk and milk products sold at the retail level, provided for human consumption is free from
unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules
shall prescribe reasonably necessary measures governing the production, processing, labeling, storing, handling,
serving and transportation of these products. The rules shall prescribe minimum standards for the sanitary facili-
ties and conditions that shall be maintained in any warehouse, restaurant or other premises, except a meat packing
plant, slaughterhouse, wholesale meat processing plant, dairy product manufacturing plant or trade product man-
ufacturing plant. The rules shall prescribe minimum standards for any truck or other vehicle in which food or
drink is produced, processed, stored, handled, served or transported. The rules shall provide for the inspection and
licensing of premises and vehicles so used, and for abatement as public nuisances of any premises or vehicles that
do not comply with the rules and minimum standards. The rules shall provide an exemption relating to food or drink that is:

(a) Served at a noncommercial social event such as a potluck.
(b) Prepared at a cooking school that is conducted in an owner-occupied home.
(c) Not potentially hazardous and prepared in a kitchen of a private home for occasional sale or distribution for noncommercial purposes.
(d) Prepared or served at an employee-conducted function that lasts less than four hours and is not regularly scheduled, such as an employee recognition, an employee fundraising or an employee social event.
(e) Offered at a child care facility and limited to commercially prepackaged food that is not potentially hazardous and whole fruits and vegetables that are washed and cut on-site for immediate consumption.
(f) Offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous.
(g) A cottage food product that is not potentially hazardous or a time or temperature control for safety food and that is prepared in a kitchen of a private home for commercial purposes, including fruit jams and jellies, dry mixes made with ingredients from approved sources, honey, dry pasta and roasted nuts. Cottage food products must be packaged at home with an attached label that clearly states the name and registration number of the food preparer, lists all the ingredients in the product and the product's production date and includes the following statement: "This product was produced in a home kitchen that may process common food allergens and is not subject to public health inspection." If the product was made in a facility for individuals with developmental disabilities, the label must also disclose that fact. The person preparing the food or supervising the food preparation must complete a food handler training course from an accredited program and maintain active certification. The food preparer must register with an online registry established by the department pursuant to paragraph 13 of this subsection. The food preparer must display the preparer's certificate of registration when operating as a temporary food establishment. For the purposes of this subdivision, "not potentially hazardous" means cottage food products that meet the requirements of the food code published by the United States food and drug administration, as modified and incorporated by reference by the department by rule.
(h) A whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption.
(i) Produce in a packing or holding facility that is subject to the United States food and drug administration produce safety rule (21 Code of Federal Regulations part 112) as administered by the Arizona department of agriculture pursuant to title 3, chapter 3, article 4.1. For the purposes of this subdivision, "holding", "packing" and "produce" have the same meanings prescribed in section 3-525.
(j) Spirituous liquor produced on the premises licensed by the department of liquor licenses and control. This exemption includes both of the following:

(i) The area in which production and manufacturing of spirituous liquor occurs, as defined in an active basic permit on file with the United States alcohol and tobacco tax and trade bureau.
(ii) The area licensed by the department of liquor licenses and control as a microbrewery, farm winery or craft distiller that is open to the public and serves spirituous liquor and commercially prepackaged food, crackers or pretzels for consumption on the premises. A producer of spirituous liquor may not provide, allow or expose for common use any cup, glass or other receptacle used for drinking purposes. For the purposes of this item, "common use" means the use of a drinking receptacle for drinking purposes by or for more than one person without the receptacle being thoroughly cleansed and sanitized between consecutive uses by methods prescribed by or acceptable to the department.

5. Prescribe reasonably necessary measures to ensure that all meat and meat products for human consumption handled at the retail level are delivered in a manner and from sources approved by the Arizona department of agriculture and are free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe standards for sanitary facilities to be used in identity, storage, handling and sale of all meat and meat products sold at the retail level.

6. Prescribe reasonably necessary measures regarding production, processing, labeling, handling, serving and transportation of bottled water to ensure that all bottled drinking water distributed for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained at any source of water, bottling plant and truck or vehicle in which bottled water is produced, processed, stored or transported and shall provide for inspection and certification of bottled drinking water sources, plants, processes and transportation and for abatement as a public nuisance of any water supply, label, premises, equipment, process or vehicle that does not comply with the minimum standards. The rules shall prescribe minimum standards for bacteriological, physical and chemical quality for bottled water and for the submission of samples at intervals prescribed in the standards.

7. Define and prescribe reasonably necessary measures governing ice production, handling, storing and distribution to ensure that all ice sold or distributed for human consumption or for preserving or storing food for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions and the quality of ice that shall be maintained at any ice plant, storage and truck or vehicle in which ice is produced, stored, handled or transported and shall provide for inspection and licensing of the premises and vehicles, and for abatement as public nuisances of ice, premises, equipment, processes or vehicles that do not comply with the minimum standards.

8. Define and prescribe reasonably necessary measures concerning sewage and excreta disposal, garbage and trash collection, storage and disposal, and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels. The rules shall prescribe minimum standards for preparing food in community kitchens, adequacy of excreta disposal, garbage and trash collection, storage and disposal and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels and
shall provide for inspection of these premises and for abatement as public nuisances of any premises or facilities that do not comply with the rules. Primitive camp and picnic grounds offered by this state or a political subdivision of this state are exempt from rules adopted pursuant to this paragraph but are subject to approval by a county health department under sanitary regulations adopted pursuant to section 36-183.02. Rules adopted pursuant to this paragraph do not apply to two or fewer recreational vehicles as defined in section 33-2102 that are not park models or park trailers, that are parked on owner-occupied residential property for less than sixty days and for which no rent or other compensation is paid. For the purposes of this paragraph, "primitive camp and picnic grounds" means camp and picnic grounds that are remote in nature and without accessibility to public infrastructure such as water, electricity and sewer.

9. Define and prescribe reasonably necessary measures concerning the sewage and excreta disposal, garbage and trash collection, storage and disposal, water supply and food preparation of all public schools. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained in any public school and shall provide for inspection of these premises and facilities and for abatement as public nuisances of any premises that do not comply with the minimum standards.

10. Prescribe reasonably necessary measures to prevent pollution of water used in public or semipublic swimming pools and bathing places and to prevent deleterious health conditions at these places. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained at any public or semipublic swimming pool or bathing place and shall provide for inspection of these premises and for abatement as public nuisances of any premises and facilities that do not comply with the minimum standards. The rules shall be developed in cooperation with the director of the department of environmental quality and shall be consistent with the rules adopted by the director of the department of environmental quality pursuant to section 49-104, subsection B, paragraph 12.

11. Prescribe reasonably necessary measures to keep confidential information relating to diagnostic findings and treatment of patients, as well as information relating to contacts, suspects and associates of communicable disease patients. In no event shall confidential information be made available for political or commercial purposes.

12. Prescribe reasonably necessary measures regarding human immunodeficiency virus testing as a means to control the transmission of that virus, including the designation of anonymous test sites as dictated by current epidemiologic and scientific evidence.

13. Establish an online registry of food preparers that are authorized to prepare cottage food products for commercial purposes pursuant to paragraph 4 of this subsection. A registered food preparer shall renew the registration every three years and shall provide to the department updated registration information within thirty days after any change.

14. Prescribe an exclusion for fetal demise cases from the standardized survey known as "the hospital consumer assessment of healthcare providers and systems".

J. The rules adopted under the authority conferred by this section shall be observed throughout the state and shall be enforced by each local board of health or public health services district, but this section does not limit the right
of any local board of health or county board of supervisors to adopt ordinances and rules as authorized by law within its jurisdiction, provided that the ordinances and rules do not conflict with state law and are equal to or more restrictive than the rules of the director.

K. The powers and duties prescribed by this section do not apply in instances in which regulatory powers and duties relating to public health are vested by the legislature in any other state board, commission, agency or instrumentality, except that with regard to the regulation of meat and meat products, the department of health services and the Arizona department of agriculture within the area delegated to each shall adopt rules that are not in conflict.

L. The director, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

M. After consultation with the state superintendent of public instruction, the director shall prescribe the criteria the department shall use in deciding whether or not to notify a local school district that a pupil in the district has tested positive for the human immunodeficiency virus antibody. The director shall prescribe the procedure by which the department shall notify a school district if, pursuant to these criteria, the department determines that notification is warranted in a particular situation. This procedure shall include a requirement that before notification the department shall determine to its satisfaction that the district has an appropriate policy relating to nondiscrimination of the infected pupil and confidentiality of test results and that proper educational counseling has been or will be provided to staff and pupils.

N. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (f) of this section, food and drink are exempt from the rules prescribed in subsection I of this section if offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous, without a limitation on its display area.

O. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (h) of this section, a whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption is exempt from the rules prescribed in subsection I of this section.

P. Until the department adopts an exclusion by rule as required by subsection I, paragraph 14 of this section, the standardized survey known as "the hospital consumer assessment of healthcare providers and systems" may not include patients who experience a fetal demise.

Q. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (j) of this section, spirituous liquor and commercially prepackaged food, crackers or pretzels that meet the requirements of subsection I, paragraph 4, subdivision (j) of this section are exempt from the rules prescribed in subsection I of this section.

R. For the purposes of this section:

1. "Cottage food product":
(a) Means a food that is not potentially hazardous or a time or temperature control for safety food as defined by the department in rule and that is prepared in a home kitchen by an individual who is registered with the department.

(b) Does not include foods that require refrigeration, perishable baked goods, salsas, sauces, fermented and pickled foods, meat, fish and shellfish products, beverages, acidified food products, nut butters or other reduced-oxygen packaged products.

2. "Fetal demise" means a fetal death that occurs or is confirmed in a licensed hospital. Fetal demise does not include an abortion as defined in section 36-2151.
GOVERNOR’S REGULATORY REVIEW COUNCIL
ATTORNEY MEMORANDUM - FIVE-YEAR REVIEW REPORT

MEETING DATE: July 6, 2022

TO: Members of the Governor’s Regulatory Review Council (Council)

FROM: Council Staff

DATE: June 20, 2022

SUBJECT: DEPARTMENT OF TRANSPORTATION
Title 17, Chapter 5, Article 8

Summary

This Five-Year-Review Report (5YRR) from the Department of Transportation relates to rules in Title 17, Chapter 5, Article 8 regarding reporting motor vehicle insurance and financial responsibility information.

ARS § 28-366 authorizes the Director of the Arizona Department of Transportation to establish rules deemed necessary for collecting fees, ensuring public safety, enforcing the transportation laws the Director administers, and preventing abuse and unauthorized use of state highways. The rules in Title 17, Chapter 5, Article 8 prescribe insurance company electronic reporting requirements for motor vehicle liability, insurance coverage, information that should be reported to the Department for each vehicle-specific and non-vehicle specific commercial policies, electronic data interchange reporting methods, Department responses to reporting errors, notification of company failure to submit insurance data, self-insurance applicant requirements, and use of a certificate of deposit as an alternate proof of financial responsibility.

The Department completed the course of action indicated in its previous 5YRR on these rules by an expedited rulemaking that was effective January 2018.

Proposed Action
The Department proposes to take no action regarding these rules.

1. **Has the agency analyzed whether the rules are authorized by statute?**

   Yes, the Department cites both general and specific authority for these rules.

2. **Summary of the agency’s economic impact comparison and identification of stakeholders:**

   According to the Department, the economic impact of these rules have remained as indicated in the Department’s last comprehensive rulemaking on this Article at 13 A.A.R. 858, effective March 6, 2007, and the expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018.

   The Department has benefited from a significant reduction in the administrative costs previously expended to manually process and maintain the large number of SR22 and SR26 forms received from all insurance companies, which totaled 285,127 in 2006 and 153,038 in 2021.

   Stakeholders include the Department, persons and business entities seeking to self-insure, and insurance companies.

3. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

   The Department routinely adopts the least costly and least burdensome option for any process or procedure required of the regulated public or business. The Department believes that these rules impose the least burden and cost to persons regulated by the rules, including paperwork and other compliance costs necessary to achieve the underlying objectives. The Department continues to work closely with all affected companies and industry representatives to ensure every success in implementing these rules.

4. **Has the agency received any written criticisms of the rules over the last five years?**

   No, the Department indicates it has not received written criticisms of the rules in the last five years.

5. **Has the agency analyzed the rules’ clarity, conciseness, and understandability?**

   Yes, the Department indicates the rules are clear, concise, and understandable.

6. **Has the agency analyzed the rules’ consistency with other rules and statutes?**

   Yes, the Department indicates the rules are consistent with other rules and statutes.
7. **Has the agency analyzed the rules’ effectiveness in achieving its objectives?**

   Yes, the Department indicates the rules are effective in achieving their objectives.

8. **Has the agency analyzed the current enforcement status of the rules?**

   Yes, the Department indicates the rules are enforced as written.

9. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

   Not applicable. The Department indicates there is no corresponding federal law.

10. **For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

    Not applicable. The rules do not require a permit, license or agency authorization.

11. **Conclusion**

    This 5YRR relates to rules in Title 17, Chapter 5, Article 8 regarding reporting insurance and financial responsibility of motor vehicles. The Department indicates the rules are generally clear, concise, understandable, consistent, effective, and enforced as written. The Department does not intend to take any action regarding these rules.

    Council staff finds the Department submitted a report that meets the requirements of A.R.S.§ 41-1056. Council staff recommends approval of this report.

Ms. Nicole Sornsin, Chair
Governor’s Regulatory Review Council
100 N 15th Avenue, Suite 305
Phoenix, Arizona 85007

RE: Arizona Department of Transportation, 17 A.A.C. Chapter 5, Article 8, Five-year Review Report

Dear Ms. Sornsin:

Please find enclosed the Arizona Department of Transportation’s Five-year Review Report covering all rules located under 17 A.A.C. Chapter 5, Article 8, which is due on March 31, 2022.

This document complies with all requirements under A.R.S. § 41-1056 and A.A.C. R1-6-301. The Department certifies that it is in full compliance with the requirements of A.R.S. § 41-1091.

For information regarding the report, please communicate directly with John Lindley, Senior Rules Analyst, at (480) 267-6543 or email JLindley@azdot.gov.

Sincerely,

John S. Halikowski
Director

5-YEAR REVIEW REPORT

Title 17. Transportation

Chapter 5. Department of Transportation - Commercial Programs

Article 8. Mandatory Insurance and Financial Responsibility

March 31, 2022

1. **Authorization of the rule by existing statutes**

   General Statutory Authority: A.R.S. §§ 28-366 and 28-4002

2. **The objective of each rule:**

<table>
<thead>
<tr>
<th>Rule</th>
<th>Objective</th>
</tr>
</thead>
<tbody>
<tr>
<td>R17-5-801. Definitions</td>
<td>To clarify the Department’s intended meaning for certain terms and phrases used throughout the Article.</td>
</tr>
<tr>
<td>R17-5-802. Insurance Company Electronic Reporting Requirement; Applicability</td>
<td>To inform insurance companies and the public about the methods of reporting insurance information electronically and the applicability of this requirement to companies based on the number of their annual SR22 policy issuances.</td>
</tr>
<tr>
<td>R17-5-803. Insurance Company Reportable Activity</td>
<td>To specify the types of reportable activity that insurance companies should report to the Department and the timeframe for reporting.</td>
</tr>
<tr>
<td>R17-5-804. Record Matching Criteria for a Vehicle-specific Policy</td>
<td>To inform insurance companies about the information that must be reported to the Department for each vehicle-specific insurance policy to ensure that information can be identified and any appropriate action can be taken.</td>
</tr>
<tr>
<td>R17-5-805. Record Matching Criteria for a Non-vehicle-specific Commercial Policy</td>
<td>To inform the public and insurance companies about the specific information to report to the Department for a non-vehicle specific commercial insurance policy, and the reporting timeframe, to ensure that information can be identified and any appropriate action can be taken.</td>
</tr>
<tr>

</table>

3. **Are the rules effective in achieving their objectives?**
   
   Yes [X]  No ___
   
   *If not, please identify the rule(s) that is not effective and provide an explanation for why the rule(s) is not effective.*

   The rules are effective in achieving their objectives, and the Department does not recommend any rule changes.

4. **Are the rules consistent with other rules and statutes?**
   
   Yes [X]  No ___
   
   *If not, please identify the rule(s) not consistent. Also, provide an explanation and identify the provisions not consistent with the rule(s).*

   These rules are consistent with other rules and statutes.

<table>

</table>

5. **Are the rules enforced as written?**
   
   Yes [X]  No ___
   
   *If not, please identify the rule(s) not enforced as written and provide an explanation of the issues with enforcement. In addition, include the agency’s proposal for resolving the issue.*

   The Department enforces these rules as written.

<table>
<thead>
<tr>
<th>Rule</th>
<th>Explanation</th>
</tr>
</thead>
</table>
6. **Are the rules clear, concise, and understandable?**

   Yes  X  No ____

   If not, please identify the rule(s) not clear, concise, or understandable and provide an explanation as to how the agency plans to amend the rule(s) to improve clarity, conciseness, and understandability.

   The rules are clear, concise, and understandable and the Department does not believe any rule changes are necessary.

7. **Has the agency received written criticisms of the rules within the last five years?**

   Yes ___  No  X __

   If yes, please fill out the table below:

   The Department has not received any written criticisms on the rules within the last five years.

8. **Economic, small business, and consumer impact comparison:**

   The economic impact of these rules has remained the same as indicated in the Department’s last comprehensive rulemaking on this Article at 13 A.A.R. 858, effective March 6, 2007, and the expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018. At that time the Department anticipated only a minimal economic impact to qualified persons and business entities seeking to self-insure under A.R.S. §§ 28-4007 and 28-4076, and costs were anticipated to include only the administrative expenses necessary for preparing an application and providing the Department with the required annual update documentation needed to maintain a current self-insurance certificate. The Department also anticipated a benefit of substantial savings for entities self-insuring standard financial responsibility coverage for fleet vehicles.

   The Department anticipated that insurance companies issuing 1000 or more SR22 policies per year may have experienced a moderate economic impact for the initial programming and implementation of the electronic SR22 and SR26 reporting requirement under R17-5-802. The Department continues to work closely with all affected insurance companies to ensure mutual satisfaction in the use of our electronic reporting system for reporting SR22 and SR26 information in a timely manner. This is the same electronic reporting system the insurance companies routinely use to report all other motor vehicle liability insurance policies to the Department and to other states.

   In calendar year 2016 the Department received 9,420,671 mandatory insurance and financial responsibility reports from insurance companies authorized to conduct business in this state. Of the total data volume, 77 percent of the reports were submitted by file transfer protocol and 23 percent by information exchange. In Calendar Year 2021, the Department received 10,152,784 mandatory insurance and financial responsibility reports electronically from insurance companies authorized to conduct business in this state.

   The electronic SR22 and SR26 reporting functionality significantly benefited the insurance companies and their customers by providing increased reporting accuracy, timeliness in processing, and the ability to provide immediate updates to each customer’s record of insurance on file with the Department. The Department, political subdivisions, and the motoring public
all benefit significantly with the enhanced reporting, compliance capability, and increased reporting accuracy these rules provide.

The Department has benefited with a significant reduction in the administrative costs previously expended to manually process and maintain the large number of SR22 and SR26 forms received from all insurance companies, which totaled:

<table>
<thead>
<tr>
<th>Number of SR22 and SR26 Forms Received from Insurance Companies</th>
</tr>
</thead>
<tbody>
<tr>
<td>Calendar Year 2006</td>
</tr>
<tr>
<td>Calendar Year 2021</td>
</tr>
</tbody>
</table>

The rules additionally preserve the public safety by limiting a $40,000 certificate of deposit filed with the state treasurer, as alternate proof of financial responsibility, to a maximum of 25 non-commercial vehicles registered in a person’s name.

9. **Has the agency received any business competitiveness analyses of the rules?**  
   Yes ___ No X  
   The Department did not receive any business competitive analyses of the rules.

10. **Has the agency completed the course of action indicated in the agency’s previous five-year-review report?**  
    The Department completed the course of action indicated in its previous five-year-review report on these rules by expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018.

11. **A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:**  
    The Department routinely adopts the least costly and least burdensome option for any process or procedure required of the regulated public or businesses. The Department’s 2007 rulemaking imposed moderate upfront costs on insurance companies to electronically report mandatory insurance coverage. Those costs included the resources necessary for implementing the rules, system programming changes, and the administrative costs involved with preparing the SR22 and SR26 policy information for electronic processing with the Department, but the insurance companies should have experienced significant benefits due to the much lower administrative costs expected over time when using the electronic reporting process required by statute and these rules. For implementation of the rules, the Department adopted the standardized data format and reporting method the insurance industry has been using for many years to electronically notify state agencies of valid motor vehicle insurance coverage. Choosing this method lessened the burden on insurance companies and is consistent with the electronic reporting format in many other states. The Department believes that these rules impose the least burden and cost to persons regulated by the rules, including paperwork and other compliance costs necessary to achieve the underlying objectives.

    Customers of the insurance companies should have benefited from the significantly reduced processing times and increased accuracy in the electronic recording of all policy information.

    The Department anticipated a minimal economic impact to qualified persons and business entities subject to these rules who prefer to self-insure under A.R.S. §§ 28-4007 and 28-4076. Those costs included the usual administrative expenses relative to
preparing the application and providing the Department with the annual update documentation required to maintain a current self-insurance certificate. However, over time, these business entities should also have enjoyed the benefit of substantial savings by not having to individually purchase standard financial responsibility coverage for each registered fleet vehicle.

The Department anticipated no additional administrative or other costs associated with compliance of these rules. The rules are intended to incorporate the generally accepted electronic reporting guidelines that most insurance companies are currently using to report insurance information to the Department.

To reduce the initial impact of these rules, the Department provided an exemption from the electronic SR22 and SR26 reporting requirement for insurance companies that issued less than 1,000 SR22 policies per calendar year. This exemption benefited the smaller businesses by allowing them to voluntarily convert their manual SR22 and SR26 policy reporting to the electronic reporting process as appropriate for their business needs. Additionally, a delayed effective date of May 1, 2007, was provided to ensure that the insurance companies had enough time to appropriately plan and re-program their systems. The Department continues to work closely with all affected companies and industry representatives to ensure every success in implementing these rules.

12. **Are the rules more stringent than corresponding federal laws?**
   - Yes ___
   - No X

   The rules are not more stringent than federal law. There are no corresponding federal laws directly related to these rules.

13. **For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license, or agency authorization,** whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:
   
   This Article, last revised in 2018, incorporates guidelines for businesses statutorily required to electronically report to the Department mandatory insurance and financial responsibility information for all vehicles registered to operate in this state. These rules reflect the current business practices of the Department and the regulated insurance agencies. The rules do not require a permit, license, or authorization from the Department of Transportation and are in compliance with A.R.S. § 41-1037.

14. **Proposed course of action**

   The Department does not believe any rule changes are necessary at this time.
CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

Historical Note

ARTICLE 8. MANDATORY INSURANCE AND FINANCIAL RESPONSIBILITY

R17-5-801. Definitions
In addition to the definitions under A.R.S. §§ 28-101 and 28-4001, in this Chapter, unless otherwise specified:

“Arizona Mandatory Insurance Reporting System Guide for Insurance Companies” means the Department’s guide that is available on the agency’s website and provides technical information to a company about information transmission between the Department and the company.

“Company” means an insurance or indemnity company authorized to write motor vehicle liability coverage in Arizona.

“Customer number” means the system-generated, or other distinguishing number, assigned by the Department to each person conducting business with the Department, as prescribed in R17-5-805.

“EDI” means electronic data interchange, which is the transmission of data in a standardized format from one computer to another without the use of magnetic tape.

“EDI reporting” means the computer-to-computer transmission of data from a company to the Department.

“Error return” means the computer-to-computer transmission, from the Department to a company, of all data reporting errors received during EDI reporting.

“FEIN” means the federal employer identification number or federal tax identification number used to identify a business entity.

“FTP” means file transfer protocol, which is a common protocol used by the Department for exchanging files over any network that supports EDI reporting transmitted through the Internet or Intranet.

“Information exchange” means EDI reporting where a company or service provider transmits a report to the Department through a connection to a private information network.

“Motor Vehicle Division” means the Arizona Department of Transportation’s Motor Vehicle Division.

“NAIC” means the National Association of Insurance Commissioners.

“Private information network” means the value-added network used by a company or service provider to facilitate EDI transmissions to the Department and to provide other network services where fees are charged for the network connection based on the number of characters and messages transmitted.

“Reportable activity” means the information required to be transmitted to the Department under A.R.S. § 28-4148 and this Article.

“Self-insurer” means a person or entity that has met the qualifications, completed the application process, and received a certificate of self-insurance issued by the Department under R17-5-810.

“Service provider” means a person or entity that reports for an insurance company through a connection to a private information network or an FTP for EDI reporting.

“SR22” means a certification filed, by a company duly authorized to transact business in this state, as proof of financial responsibility for the future, which guarantees that the insured owner or operator has in effect at least the minimum motor vehicle liability insurance coverage required under A.R.S. Title 28, Chapter 9, Article 3.

“SR26” means a certification filed by a company duly authorized to transact business in this state, which notifies the Department that an insured owner or operator required to maintain proof of financial responsibility for the future, under A.R.S. Title 28, Chapter 9, Article 3, is no longer covered under a previously reported SR22.

“Value-added network” means a private network provider that is hired by a company to facilitate EDI or provide other network services.

“X12” means the American National Standards Institute, Accredited Standards Committee, uniform standards for the inter-industry electronic exchange of business transactions by EDI.

“X12 (TS811)” means X12 Transaction Set 811, Consolidated Service Invoice – Statement, version 3050, which is the specific set of EDI transactions developed for the insurance industry in the X12 standard format for automobile liability insurance reporting.

Historical Note
New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-802. Insurance Company Electronic Reporting Requirement; Applicability
A. A company that provides motor vehicle liability insurance coverage for an Arizona vehicle shall electronically transmit to the Department all reportable activity under A.R.S. § 28-4148 and R17-5-803 using one of the authorized EDI reporting methods identified in the Arizona Mandatory Insurance Reporting System Guide for Insurance Companies. Each transmission shall include all of the applicable record matching criteria prescribed under R17-5-804 or R17-5-805.

B. A company that issues 1,000 or more SR22 policies per calendar year shall electronically transmit to the Department all SR22 and SR26 activity using one of the Department-authorized EDI reporting methods identified in the Arizona Mandatory Insurance Reporting System Guide for Insurance Companies. Each transmission shall include all of the applicable record matching criteria prescribed under R17-5-804 or R17-5-805.

C. The Department shall not accept or record an out-of-state motor vehicle liability insurance policy for a passenger vehicle, even if written by a company authorized to transact business in this state.

Historical Note
New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-803. Insurance Company Reportable Activity
A. A company shall transmit to the Department:
1. All reportable activity, not previously reported, that was processed by the company seven or fewer days before each reporting date; or
2. A statement of inactivity, if no reportable activity occurred by the reporting date.

B. For the purpose of this Article, reportable activity shall include:
1. A policy cancellation;
2. A policy non-renewal;
3. A new policy issuance;
4. A commercial policy reissuance;
5. A vehicle added to a policy;
6. A vehicle deleted from a policy;
7. A policy reinstatement; and
8. All SR22 and SR26 filings by insurance companies issuing 1,000 or more SR22 policies per calendar year.

C. Reportable activity does not include the addition or deletion of a vehicle to or from a non-vehicle-specific commercial policy.

Historical Note
New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-804. Record Matching Criteria for a Vehicle-specific Policy
For each vehicle-specific policy transmitted to the Department, a company shall include all of the following information to assist with the matching of policies to Department customers:
1. The complete and valid vehicle identification number;
2. The policy number; and
3. The NAIC number of the reporting company.

Historical Note
New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-805. Record Matching Criteria for a Non-vehicle-specific Commercial Policy
A. For each non-vehicle-specific commercial policy transmitted to the Department, a company shall include all of the following information to assist with the matching of policies to Department customers:
1. The Department customer number of the insured:
   a. If a policy covers all vehicles registered in the name of a business or organization, the customer number is the FEIN of the business or organization, or a system-generated number; or
   b. If a policy covers all vehicles registered in the name of a private individual, the customer number is the Arizona Driver License number or the non-operating identification license number of the private individual;
2. The policy number; and
3. The NAIC number of the responsible company.

B. If the Department customer number required under subsection (A)(1) is not available to a company, the company may provide the complete and valid vehicle identification number of each vehicle covered under the policy in lieu of the Department customer number.

Historical Note
New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-806. Department-authorized EDI Reporting Methods; Reporting Schedule
A. A company shall transmit to the Department all reportable activity listed in R17-5-803 using a Department-authorized EDI reporting method specified in the Arizona Mandatory Insurance Reporting System Guide for Insurance Companies.
B. A company shall transmit all reportable activity to the Department at least once every seven days.

Historical Note
New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-807. X12 Data Format for Policy Receipt and Error Return
A. Reporting format. A company shall transmit to the Department all reportable activity using the format prescribed in the Arizona Mandatory Insurance Reporting System Guide for Insurance Companies provided by the Department.
B. Error return format. The Department shall return to a company all reporting errors received during a transmission of reportable activity using the X12 error return format prescribed in the Arizona Mandatory Insurance Reporting System Guide for Insurance Companies.
C. The Department shall return to a company an acknowledgment that a transmission of reportable activity was received and processed using the format in the Arizona Mandatory Insurance Reporting System Guide for Insurance Companies.

Historical Note
New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-808. Insurance Company Reporting Errors; Resolution; Noncompliance
A. The Department shall:
1. Return to a company, using the X12 error return format provided in R17-5-807(B), all reporting errors received during or after a transmission; and
2. Instruct the company to correct all reporting errors affecting the Department’s processing of the required data.
B. All companies reporting electronic policy information shall notify the Department prior to making changes to any reporting systems, or previously established policy reporting formats, that may affect the Department’s ability to match and process the information received.

Historical Note
New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-809. Insurance Company Failure to Submit Required Data; Request for Hearing
If a company fails to submit the data required under A.R.S. § 28-4148, and this Article, the Department shall:
1. Send to the company, a dated written notice, which:
   a. Identifies the business week or reporting period in which the company did not submit the required information;
CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

b. Instructs the company to submit the information for the identified business week or reporting period within seven days of the date of the notice;
c. Informs the company that a failure to respond to the Department’s request within the allotted time-frame, shall result in a referral of the matter to the Arizona Department of Insurance, under A.R.S. § 20-237, which may result in a civil penalty for each violation of up to $250 per day for each day the insurer is in violation of A.R.S. § 28-4148; and
d. Provides notice of the company’s right to request a hearing with the Arizona Department of Insurance under A.R.S. § 20-237;

2. Advise the Arizona Department of Insurance if the company fails to comply with the Department’s written notice provided under this Section.

Historical Note
New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-810. Self-insurance as Alternate Proof of Financial Responsibility; Provisions; Applicability

A. Self-insurance applicant qualification. A person or entity may apply for self-insurance under this section if the applicant:
1. Owns the minimum number of vehicles prescribed under A.R.S. § 28-4007(A) with current Arizona registration;
2. Demonstrates minimum assets of $1 million on documentation required under subsections (C) and (D);
3. Meets any additional financial responsibility requirements under A.R.S. § 28-4035(A), according to the insured vehicle’s weight and/or intended use; and
4. Provides a business office contact for the company with a current phone number and mailing information.

B. A self-insurance applicant shall provide, on a self-insurance application form provided by the Department, the following information:
1. Applicant’s name;
2. Business name, if applicable;
3. Mailing address, city, state, and ZIP code;
4. A selection of coverage type:
   a. Public liability only; or
   b. Public liability and property damage;
5. Number of vehicles in the applicant’s fleet;
6. A selection list that describes the nature of the applicant’s business;
7. A description of any hazardous materials transported by type, class, and weight;
8. A report of all accidents in the prior 39-month period before the application date;
9. The applicant’s signature and official business title to certify that all information is true and correct; and
10. Acknowledgment by a notary public or by the signature of an authorized Department agent.

C. Supplementary documentation. In addition to a completed self-insurance application form, the applicant shall submit a profit and loss statement certified by a Certified Public Accountant for the 12-month period before the application date. The profit and loss statement shall include one of the following:
1. A balance sheet; or
2. An annual financial report.

D. On approval of an application, the Department shall issue a certificate of self-insurance that is continuously valid, but shall require the self-insurer to submit a 12-month update of supplementary documentation prescribed under subsection (C) on or before July 1 of each successive year.

E. An initial self-insurance applicant or a self-insurer making an annual update shall submit documentation required under subsections (B) through (D) to the following address:
   Motor Vehicle Division
   Financial Responsibility Unit
   P.O. Box 2100, Mail Drop 535M
   Phoenix, AZ 85001-2100

F. A self-insurer shall keep a copy of the self-insurance certificate in each covered vehicle at all times.

G. A self-insurer shall submit periodic, written notification updates to the Department of vehicles added or removed from self-insurance coverage. The written notification shall include the vehicle identification number of each vehicle.

H. A self-insurer that terminates self-insurance shall provide new evidence of financial responsibility as required under A.R.S. § 28-4135 for each vehicle previously covered under a self-insurance certificate.

I. In addition to the reasonable grounds prescribed under A.R.S. § 28-4007(C), the Department may cancel a self-insurance certificate under the following circumstances:
1. A self-insurer fails to comply with provisions of the Department’s annual update requirement under subsection (D), or
2. A self-insurer no longer owns the covered business or fleet.

J. For the purpose of A.R.S. § 28-4007(C) and this Section, the Department shall conduct a self-insurance cancellation hearing according to the provisions prescribed under 17 A.A.C. 1, Article 5.

Historical Note
New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-811. Certificate of Deposit as Alternate Proof of Financial Responsibility; Applicability

For the purpose of A.R.S. §§ 28-4076(2) and 28-4084, a person depositing a $40,000 certificate of deposit with the state treasurer as alternate proof of financial responsibility may apply the certificate to a maximum of 25 non-commercial vehicles registered in the person’s name.

Historical Note
New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

ARTICLE 9. TRANSPORTATION NETWORK COMPANIES

R17-5-901. Definitions
In addition to the definitions provided under A.R.S. § 28-9551, when applicable to a transportation network company, the following definitions apply to this Article unless otherwise specified:

“Applicant” means a person that meets the statutory requirements of a transportation network company as prescribed under A.R.S. Title 28, Chapter 30, Article 3.

“Designated point of contact” means a person employed by a transportation network company who has the authority to gather and provide records to the Department on request.

“Transportation network company permit” means a document issued by the Department to an applicant that meets the requirements prescribed under A.R.S. Title 28, Chapter 30, Article 3, as authorization to conduct transportation network services in this state.
A.R.S. § 28-4001. Definitions

In this chapter, unless the context otherwise requires:

1. "Judgment" means a judgment that has become final by expiration without appeal of the time within which an appeal might have been perfected or by final affirmation on appeal and that is rendered by a court of competent jurisdiction of any state or of the United States on a cause of action either:
   (a) Arising out of the ownership, maintenance or use of a motor vehicle for damages, including damages for care and loss of services, because of either bodily injury to or death of a person or injury to or destruction of property, including the loss of use of the property.
   (b) On an agreement of settlement for damages described in subdivision (a) of this paragraph.

2. "License" means a license, temporary instruction permit or temporary license issued under the laws of this state pertaining to the licensing of persons to operate motor vehicles.

3. "Motor vehicle" means a self-propelled vehicle that is registered or required to be registered under the laws of this state.

4. "Motor vehicle liability policy" means an owner's or an operator's policy of liability insurance that is both:
   (a) Certified as provided in section 28-4077 or 28-4078 as proof of financial responsibility.
   (b) Issued by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named as the insured, except as otherwise provided in section 28-4078.

5. "Nonresident operating privilege" means the privilege conferred on a nonresident by the laws of this state pertaining to the nonresident's operation of a motor vehicle or the use of a motor vehicle owned by the nonresident in this state.

6. "Operator" means a person who is in actual physical control of a motor vehicle, whether or not the person has a license.

7. "Proof of financial responsibility" means proof of ability to respond in damages for liability on account of accidents occurring after the effective date of the proof and arising out of the ownership, maintenance or use of a motor vehicle, in the amounts required by section 28-4009 or 28-4033.

8. "Registration" means the registration certificate or certificates and license plates issued under the laws of this state pertaining to the registration of motor vehicles.
9. "State" means a state, territory or possession of the United States, the District of Columbia or a province of the Dominion of Canada.

A.R.S. § 28-4031. Definitions
In this article, unless the context otherwise requires:
1. "Declared gross weight" has the meaning prescribed in section 28-5431. If a declaration has not been made, declared gross weight means gross weight.
2. "Gross weight" has the meaning prescribed in section 28-5431.
3. "Person" means:
   (a) An owner or operator of a motor vehicle or vehicle combination subject to the financial responsibility requirements of this article.
   (b) For taxis, limousines, sedans or executive sedans, the person listed on the department's records as the owner of the vehicle.
4. "Public highway" means any way or place of whatever nature and of any kind that is used or open to the use by the public as a matter of right for the purpose of vehicular travel, including a highway under construction.
5. "Vehicle combination" has the meaning prescribed in section 28-5431.

A.R.S. § 28-4131. Definition of evidence
In this article, unless the context otherwise requires, "evidence" includes:
1. An original, a photocopy or a copy of a current and valid:
   (a) Motor vehicle or automobile liability policy that meets the requirements of section 28-4009.
   (b) Binder or certificate of motor vehicle or automobile liability insurance that meets the requirements of section 28-4009.
   (c) Certificate of self-insurance issued by the department under article 1 of this chapter.
   (d) Certificate of deposit that meets the requirements of section 28-4084.
   (e) Motor vehicle insurance identification card issued by an authorized insurer or an authorized agent of the insurer for a motor vehicle or automobile liability policy that meets the requirements of section 28-4009.
   (f) Certificate of insurance for a policy that meets the requirements of section 28-4033.
2. Designation of a motor vehicle as owned or leased by this state or any of its political subdivisions according to section 38-538.
3. A display on a wireless communication device of any item listed in paragraph 1 of this section.
Statutory Authority

A.R.S. § 20-237. Failure to provide information; penalty
If after a hearing and certification by the department of transportation the director of the department of insurance and financial institutions finds that an insurer has failed to comply with section 28-4148, the director of the department of insurance and financial institutions shall impose a civil penalty for each violation of not more than $250 per day for each day the insurer is in violation of section 28-4148. The director of the department of insurance and financial institutions also may suspend the insurer's certificate of authority until the insurer complies with section 28-4148. No penalty shall be imposed pursuant to this section if noncompliance is determined by the director of the department of insurance and financial institutions to have been inadvertent or accidental. The burden of proving that the noncompliance was inadvertent or accidental shall be on the insurer.

A.R.S. § 28-366. Director; rules
The director shall adopt rules pursuant to title 41, chapter 6 as the director deems necessary for:
1. Collection of taxes and license fees.
2. Public safety and convenience.
3. Enforcement of the provisions of the laws the director administers or enforces.
4. The use of state highways and routes to prevent the abuse and unauthorized use of state highways and routes.

A.R.S. § 28-4002. Director; duties
The director shall:
1. Administer and enforce this chapter.
2. Print for distribution to the public rules adopted to administer this chapter and furnish the rules to a person on application and payment of the cost as prescribed by the director.

A.R.S. § 28-4007. Self-insurers
A. Except as provided in subsection E of this section, a person in whose name more than ten motor vehicles are registered or who is required to comply with the financial responsibility requirements prescribed in article 2 of this chapter may qualify as a self-insurer or partial self-insurer by obtaining a certificate of self-insurance or partial self-insurance issued by the director as provided in this section.
B. After determining that the person is financially able and will continue to be able to pay judgments obtained against the person, the director may issue a certificate of self-insurance or partial self-insurance.
C. On not less than five days' notice and after a hearing, the director may cancel a certificate of self-insurance or a certificate of partial self-insurance on reasonable grounds. For the purposes of this subsection, "reasonable grounds" includes any of the following circumstances:
1. Failure to pay a judgment within thirty days after the judgment becomes final.
2. Determination by the director that the person has not complied with the financial responsibility requirements of this chapter.
3. Determination by the director that the person knowingly submitted false information that is required by this chapter to this state, a political subdivision of this state, a court or a law enforcement agency.
4. Determination by the director that the person knowingly failed to respond within thirty days to a claim for damages for liability arising out of the ownership, maintenance or use of a motor vehicle.
5. Determination by the director that the person does not meet the bond requirements prescribed in section 28-4011.
D. A person who is required to comply with the financial responsibility requirements prescribed in article 2 of this chapter may file an application with the department for partial self-insurance to cover any portion of the financial responsibility requirements.
E. A person may also qualify as a self-insurer if the person is insured by a captive insurer that is domiciled and authorized by the department of insurance and financial institutions to transact business in this state and that provides coverage in an amount of at least that required by section 28-4033.
F. A person applying for self-insurance or partial self-insurance pursuant to this section shall comply with both of the following at the time of application:
1. The person shall submit evidence in a form prescribed by the director that the person is financially able and will continue to be able to pay the entire amount of self-insurance or partial self-insurance allowed by the director for judgments obtained against the person for liability arising out of the ownership, maintenance or use of a motor vehicle.
2. If applicable, the person shall submit evidence in a form prescribed by the director that the person has a valid insurance policy that meets the requirements prescribed in section 28-4033 and that is issued by an insurer that holds a valid certificate of authority or that is allowed to transact surplus lines insurance in this state.
G. The director may adopt rules to implement this section, including rules requiring additional evidence that the person meets the financial responsibility requirements of this chapter and rules providing for the periodic submission of evidence demonstrating that the person meets the standards required by the department to qualify as a self-insurer, a captive insurer or partial self-insurer.
H. The director of the department of transportation, in consultation with the director of the department of insurance and financial institutions, may establish procedures that allow a person to apply for and file a certificate of either partial self-insurance or self-insurance.
I. The director of the department of transportation, in consultation with the director of the department of insurance and financial institutions, shall establish procedures to exchange information regarding changes in the self-insurance status of persons who are subject to this section.

**A.R.S. § 28-4033. Financial responsibility requirements**

A. A person that is subject to the requirements of this article shall maintain motor vehicle combined single limit liability insurance as follows:

1. For the transportation of nonhazardous property:

(a) For a vehicle with a gross vehicle weight of more than twenty-six thousand pounds, minimum coverage in the amount of seven hundred fifty thousand dollars.
(b) For a vehicle with a gross vehicle weight of twenty thousand one pounds to twenty-six thousand pounds, minimum coverage in the amount of three hundred thousand dollars.

2. For the transportation of passengers:
   (a) In a vehicle with a seating capacity of sixteen passengers or more, minimum coverage in the amount of five million dollars and uninsured motorist coverage in the amount of at least three hundred thousand dollars.
   (b) In a vehicle with a seating capacity of less than sixteen passengers including the driver, but more than eight passengers including the driver, minimum coverage in the amount of seven hundred fifty thousand dollars and uninsured motorist coverage in the amount of at least three hundred thousand dollars.
   (c) In a vehicle with a seating capacity of not more than eight passengers including the driver, a policy containing one of the following:
      (i) Minimum coverage in the amount of two hundred fifty thousand dollars and uninsured motorist coverage in the amount of at least two hundred fifty thousand dollars issued by an insurer that holds a valid certificate of authority or that is permitted to transact surplus lines insurance in this state.
      (ii) Minimum coverage as prescribed by section 28-4038 or 28-4039, as applicable.

3. For the transportation of hazardous materials, hazardous substances or hazardous wastes:
   (a) Minimum coverage in the amount of five million dollars for the transportation of:
      (i) Hazardous substances, as defined in 49 Code of Federal Regulations part 171, transported in a cargo tank, portable tank or hopper-type vehicle with capacities in excess of three thousand five hundred water gallons.
      (ii) Any quantity of class A or B explosives.
      (iii) Any quantity of poison gas (poison A).
      (iv) Liquefied compressed gas or compressed gas transported in a cargo tank, portable tank or hopper-type vehicle with capacities in excess of three thousand five hundred water gallons.
      (v) The quantity of radioactive materials that requires specialized handling and transportation controls as indicated in 49 Code of Federal Regulations part 173.
   (b) Minimum coverage in the amount of one million dollars for the transportation of the following:
      (i) Any quantity of oil listed in 49 Code of Federal Regulations part 172.
      (ii) Any quantity of hazardous wastes, hazardous materials or hazardous substances as defined and listed in 49 Code of Federal Regulations part 171 and in 49 Code of Federal Regulations part 172 but not included in subdivision (a) of this paragraph.

B. If a motor vehicle is leased or rented, the lessor shall ensure that the lessee is covered under the lessor's liability insurance as provided by this section or the lessor shall require that the lessee meet the financial responsibility requirements of this section. In the case of taxis, livery vehicles or limousines, a person who is listed on the department's records as the owner shall comply with the financial responsibility requirements of this article and article 4 of this chapter.

C. If a lessee uses the motor vehicle for a purpose that is required under this section to have a higher amount of financial responsibility than was required of the lessor or renter, the lessee shall maintain the higher financial responsibility requirements of this section.

Definitions and Statutory Authority 17 A.A.C. 5, Article 8
D. The uninsured motorist coverage required by this section is not required until June 1, 1987 and may be provided by a self-insurance program authorized under section 28-4007. A person who is under contract with this state or a political subdivision of this state, who operates a motor vehicle owned by this state or a political subdivision of this state and who is included in the self-insurance program of this state or a political subdivision of this state is exempt from the uninsured motorist requirements of this section.

A.R.S. § 28-4034. Maintenance, certification and verification of financial requirements
A. A person who operates a motor vehicle in this state and who is subject to the financial responsibility requirements of this article shall maintain at all times the amounts prescribed in section 28-4033 that obligates the person to pay compensation for injuries to persons and for loss or damage to property by reason of the ownership, maintenance or use of a motor vehicle or vehicle combination owned or operated by the person.
B. The department may require a person who is subject to the financial responsibility requirements of this article to certify the existence of financial responsibility in the form and at the times the department deems necessary. The department may forward the certification to the named insurer to determine if the certification is correct. Civil liability does not accrue to the insurer or any of its employees for reports made to the department if the reports are made in good faith based on the most recent information available to the insurer.

A.R.S. § 28-4076. Alternate methods of proof
If required by this chapter, a person may give proof of financial responsibility by filing one of the following:
1. A certificate of insurance pursuant to section 28-4077 or 28-4078.
2. Certificates of deposit or cash pursuant to section 28-4084.

A.R.S. § 28-4077. Certificate of insurance
A. A person may give proof of financial responsibility by filing with the director the written certificate of an insurance carrier duly authorized to do business in this state certifying that there is in effect a motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. The certificate shall:
1. Be in a form and shall contain the information prescribed by the director.
2. Designate by explicit description or by appropriate reference all motor vehicles covered by the certificate, unless the policy is issued to a person who is not the owner of a motor vehicle.
B. A motor vehicle shall not be or shall not continue to be registered in the name of a person required to file proof of financial responsibility unless the motor vehicle is designated in the certificate.

A.R.S. § 28-4078. Certificate by nonresident
A. A nonresident owner of a motor vehicle that is not registered in this state may give proof of financial responsibility by filing with the director a written certificate of an insurance carrier authorized to transact business in the state in which the motor vehicle described in the certificate is registered, or if the nonresident does not own a motor vehicle, in the state in which the insured resides, if the certificate otherwise conforms with this chapter. The
Definitions and Statutory Authority 17 A.A.C. 5, Article 8

A. A motor vehicle that is operated on a highway in this state shall be covered by one of the following:

- privilege; evidence at hearing
- penalties; requirement; restricted Motor vehicle financial responsibility; driving requirements prescribed in article 2 of this chapter.

E. The director shall accept the certificate on the condition that the insurance carrier complies with the following provisions with respect to the policies certified:

1. The insurance carrier shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in an action arising out of a motor vehicle accident in this state.

2. The insurance carrier shall agree in writing that the policies shall be deemed to conform with the laws of this state relating to the terms of motor vehicle liability policies issued in this state.

B. If an insurance carrier that is not authorized to transact business in this state and that is qualified to furnish proof of financial responsibility defaults in any such undertaking or agreement, the director shall not accept a certificate of the carrier as proof whether filed before the default or tendered as proof after the default, as long as the default continues.

A.R.S. § 28-4081. Notice; cancellation or termination of policy

If an insurance carrier has certified a motor vehicle liability policy under section 28-4077 or 28-4078, the insurance carrier shall not cancel or terminate the certified insurance until at least ten days after the insurance carrier files a notice of cancellation or termination of the insurance with the director, except that a policy subsequently procured and certified terminates, on the effective date of its certification, the insurance previously certified with respect to a motor vehicle designated in both certificates.

A.R.S. § 28-4084. Monies or certificates of deposit as proof; exception

A. The state treasurer may issue a certificate that gives evidence of proof of financial responsibility that the person named in the certificate has deposited with the state treasurer forty thousand dollars in cash or certificates of deposit with a value of forty thousand dollars issued by a financial institution.

B. The state treasurer shall not accept the deposit and issue a certificate for and the director shall not accept the certificate unless the depositor provides evidence that there are no unsatisfied judgments of any kind against the depositor in the county where the depositor resides.

C. The state treasurer shall hold the deposit to satisfy, in accordance with this chapter, an execution on a judgment issued against the person making the deposit for damages, including damages for care and loss of services, because of bodily injury to or death of a person or for damages because of injury to or destruction of property, including the loss of use of the property, resulting from the ownership, maintenance, use or operation of a motor vehicle after the deposit is made.

D. Monies or certificates of deposit deposited pursuant to this section are not subject to attachment or execution unless the attachment or execution arises out of a suit for damages described in subsection C.

E. Deposits of cash or certificates of deposit under this section do not satisfy the financial responsibility requirements prescribed in article 2 of this chapter.

A.R.S. § 28-4135. Motor vehicle financial responsibility requirement; civil penalties; restricted driving privilege; evidence at hearing

A. A motor vehicle that is operated on a highway in this state shall be covered by one of the following:
1. A motor vehicle or automobile liability policy that provides limits not less than those prescribed in section 28-4009.
2. An alternate method of coverage as provided in section 28-4076.
3. A certificate of self-insurance as prescribed in section 28-4007.
4. A policy that satisfies the financial responsibility requirements prescribed in article 2 of this chapter.

B. A person operating a motor vehicle on a highway in this state shall have evidence within the motor vehicle of current financial responsibility applicable to the motor vehicle. The evidence may be displayed on a wireless communication device that is in the motor vehicle. If a person displays the evidence on a wireless communication device pursuant to this subsection, the person is not consenting for law enforcement to access other contents of the wireless communication device.

C. Failure to produce evidence of financial responsibility on the request of a law enforcement officer investigating a motor vehicle accident or an alleged violation of a motor vehicle law of this state or a traffic ordinance of a city or town is a civil traffic violation that is punishable as prescribed in this section.

D. A citation issued for violating subsection B or C of this section shall be dismissed if the person to whom the citation was issued produces evidence to the appropriate court officer on or before the date and time specified on the citation for court appearance and in a manner specified by the court, including the certification of evidence by mail, of either of the following:
   1. The financial responsibility requirements prescribed in this section were met for the motor vehicle at the date and time the citation was issued.
   2. A motor vehicle or automobile liability policy that meets the financial responsibility requirements of this state and that insured the person and the motor vehicle the person was operating at the time the person received the citation regardless of whether or not the motor vehicle was named in the policy.

E. Except as provided in section 28-4137, a person who violates this section is subject to a civil penalty as follows:
   1. The court shall impose a minimum civil penalty of five hundred dollars for the first violation. On receipt of the abstract of the record of judgment, the department shall suspend the person's driving privileges or restrict the person's driving privileges as described in section 28-144 for three months. Before issuing a restricted driving privilege pursuant to this paragraph, the department shall verify that the person is in compliance with the financial responsibility requirements of this article.
   2. If a person violates this section a second time within a period of thirty-six months, the court shall impose a minimum civil penalty of seven hundred fifty dollars. On receipt of the abstract of the record of judgment, the department shall suspend the driver license of the person and the registration and license plates of the motor vehicle involved for six months.
   3. If a person violates this section three or more times within a period of thirty-six months, the court shall impose a minimum civil penalty of one thousand dollars. On receipt of the abstract of the record of judgment, the department shall suspend the driver license of the person and the registration and license plates of the motor vehicle involved for one year. The department shall require on reinstatement of the driver license, the registration and the license plates that the person file with the department proof of financial responsibility in accordance with article 3 of this chapter.
F. A court may require a person to produce an insurance identification card as evidence in a hearing for a violation of this section.

A.R.S. § 28-4148. Notice of insurance cancellation or nonrenewal

A. Effective from and after January 1, 1998 and through July 31, 1998, each insurer who cancels or becomes aware of the cancellation or nonrenewal of or failure to renew or issuance of a motor vehicle liability insurance policy issued on a vehicle in this state shall provide to the department all cancellations, nonrenewals or new issues for any reason after thirty or fewer days have elapsed from the time of processing the cancellation, nonrenewal or new issue of a policy.

B. Effective August 1, 1998, each insurer who cancels or becomes aware of the cancellation or nonrenewal of or failure to renew or issuance of a motor vehicle liability insurance policy issued on a vehicle in this state shall provide to the department all cancellations, nonrenewals or new issues for any reason after seven or fewer days have elapsed from the time of processing the cancellation, nonrenewal or new issue of a policy. Any insurer with less than ten thousand policies in place as of the effective date of this section, shall have until August 1, 1999 to comply with the requirements of this section.

C. The insurer shall provide the information by electronic data interchange in a format pursuant to a schedule specified by and in a manner prescribed by the director.

D. The department shall not require an insurer to specify the vehicle identification number of a vehicle covered under a commercial vehicle policy that provides automatic coverage for additional or newly acquired vehicles until the policy's expiration date.

E. The department shall provide the notice of cancellation or nonrenewal information to all law enforcement agencies on an on-line computerized call in basis from law enforcement vehicles.

F. On cancellation or nonrenewal of a policy, an insurer shall notify the insured that the department has been notified of the cancellation or nonrenewal and that the insured's motor vehicle registration may be suspended.

G. Except as provided in section 28-4143, subsection E, information provided by an insurer to the department pursuant to this section shall be made available only to law enforcement agencies for law enforcement purposes.
Economic, Small Business and Consumer Impact Statement

A. Economic, small business and consumer impact summary:

1. Identification of the proposed rulemaking:
   The Arizona Department of Transportation, Motor Vehicle Division, is repealing Sections R17-5-502 and R17-5-503, which currently contain antiquated electronic reporting guidelines and processes for insurance companies authorized to conduct business in Arizona, and creating a new Article within Chapter 5; Article 8, Mandatory Insurance and Financial Responsibility. This new Article incorporates updated electronic reporting guidelines, mandatory insurance rules, and financial responsibility rules that reflect current business practices and are more clear, concise, and understandable. This action complies with recommendations made in the Division’s five-year-review report approved by the Governor’s Regulatory Review Council on August 2, 2005.

2. Brief summary of the information included in the economic, small business and consumer impact statement:
   The Division anticipates, as a result of this rulemaking, a minimal economic impact to qualified persons and business entities seeking to self-insure under A.R.S. §§ 28-4007 and 28-4076. Costs may include administrative expenses for preparing the application and providing the Division with the required annual update documentation needed to maintain a current self-insurance certificate. However, the Division anticipates a benefit of substantial savings for self-insuring entities in standard financial responsibility coverage of fleet vehicles.

   The Division anticipates that insurance companies issuing 1000 or more SR22 policies per year may experience a moderate economic impact for the initial programming and implementation of the electronic SR22 and SR26 reporting requirement under R17-5-802. However, the Division is currently working closely with all affected insurance companies to ensure a smooth transition, and since the electronic reporting system to be used for reporting SR22 and SR26 information is the same electronic reporting system the insurance companies currently use to report all other motor vehicle liability insurance policies to the Division, and to other states, the Division anticipates a smooth transition.
The new electronic SR22 and SR26 reporting functionality is expected to significantly benefit the insurance companies and their customers by providing increased accuracy, timeliness in processing, and the ability to provide immediate updates to the customer’s insurance information on file with the Division. The Division and the motoring public will benefit significantly with enhanced reporting and compliance capability and increased reporting accuracy.

The proposed rules also provide an exemption from the electronic SR22 and SR26 reporting requirement for companies issuing less than 1000 SR22 policies per calendar year. The Division anticipates this exemption may benefit the smaller businesses by allowing them to voluntarily convert their manual SR22 and SR26 policy reporting to the electronic reporting process as appropriate for their business needs.

3. **Name and address of agency employees who may be contacted to submit or request additional data on the information included in the economic, small business and consumer impact statement:**

   Telephone:  (602) 712-8804  
   Name: John Lindley, Administrative Rules Analyst  
   Address: Administrative Rules Unit  
   Department of Transportation, Motor Vehicle Division  
   1801 W. Jefferson St., Mail Drop 530M  
   Phoenix, AZ 85007  
   Fax:  (602) 712-3081  
   E-mail: jlindley@azdot.gov

**B. Economic, small business and consumer impact statement:**

1. **Identification of the proposed rulemaking:**

   See paragraph (A)(1) above.

2. **Identification of the persons who will be directly affected by, bear the costs of or directly benefit from the proposed rulemaking:**

<table>
<thead>
<tr>
<th>Persons to bear costs</th>
<th>Persons to benefit</th>
</tr>
</thead>
<tbody>
<tr>
<td>Arizona Department of Transportation, Motor Vehicle Division</td>
<td>Arizona Department of Transportation, Motor Vehicle Division</td>
</tr>
<tr>
<td>Arizona insurance companies that issue 1000 or more SR22 insurance policies per year</td>
<td>Arizona insurance companies</td>
</tr>
<tr>
<td>Qualified persons and business entities seeking to self-insure</td>
<td>Customers of Arizona insurance companies</td>
</tr>
<tr>
<td></td>
<td>Arizona’s motoring public</td>
</tr>
</tbody>
</table>

3. **Cost benefit analysis:**

   Cost-revenue scale. Annual costs or revenues are defined as follows:
Minimum less than $10,000
Moderate $10,000 to $99,999
Substantial $100,000 or more

a. Probable costs and benefits to ADOT and other agencies directly affected by the implementation and enforcement of the proposed rulemaking:

The anticipated economic impact to the Division is moderate and includes the costs associated with implementation of the rules, system programming changes, and the resources necessary for rulemaking. However, the Division expects to benefit with a significant reduction in the administrative costs currently expended to manually process and maintain the large number of SR22 and SR26 forms received from all insurance companies, which totaled 285,127 in calendar year 2006. There is no economic impact to any other state agency.

b. Probable costs and benefits to a political subdivision of this state directly affected by the implementation and enforcement of the proposed rulemaking:

The Division anticipates no economic impact to political subdivisions of this state as a result of this rulemaking. However, in terms of preserving the public safety, the new electronic SR22 and SR26 reporting requirement under R17-5-802 may benefit political subdivisions with an anticipated increase in reporting accuracy and the timely communication and recording of a driver’s proof of future financial responsibility. This information allows the Division to immediately: 1) verify whether a driver’s SR22 policy is still in force; 2) take action when a required SR22 policy is canceled; and 3) provide accurate up-to-date information to citizens and political subdivisions who may submit a lawful request for a driver’s insurance information.

The rules additionally preserve the public safety by limiting a $40,000 certificate of deposit filed with the state treasurer, as alternate proof of financial responsibility, to a maximum of 25 non-commercial vehicles registered in a person’s name.

c. Probable costs and benefits to businesses directly affected by the proposed rulemaking, including any anticipated effect on the revenues or payroll expenditures of employers who are subject to the proposed rulemaking:

The Division anticipates a moderate economic impact to insurance companies that issue 1000 or more SR22 policies per year. Anticipated costs include the resources necessary for implementation of the rules, system programming changes, and the administrative costs involved with preparing the SR22 and SR26 policy information for electronic processing with the Division.

The Division anticipates that the insurance companies affected by the rules will benefit significantly. The new SR22 and SR26 electronic reporting system is the same system the insurance companies currently use to electronically report liability insurance information to the Division. Customers of the insurance companies will benefit from the significantly reduced processing times and increased accuracy in the recording of all policy information. The insurance companies will benefit from the
elimination of the cumbersome paper process they currently use to report SR22 and SR26 policy information to the Division.

4. **General description of the probable impact on private and public employment in businesses, agencies and political subdivisions of this state directly affected by the proposed rulemaking:**
The Division anticipates no economic impact on private and public employment as a result of this rulemaking.

5. **Statement of the probable impact of the proposed rulemaking on small businesses:**
   a. **Identification of the small businesses subject to the proposed rulemaking:**
The small businesses subject to these rules are those identified under (3)(c) and also qualify under A.R.S. § 41-1001(19).

   b. **Administrative and other costs required for compliance with the proposed rulemaking:**
The Division anticipates, as a result of this rulemaking, a minimal economic impact to qualified persons and business entities seeking to self-insure under A.R.S. §§ 28-4007 and 28-4076. Costs may include additional administrative expenses for preparing the application and providing the Division with the annual update documentation required to maintain a current self-insurance certificate. However, the Division anticipates a benefit of substantial savings for self-insuring entities in standard financial responsibility coverage of fleet vehicles.

   The Division anticipates that the new requirement to electronically report SR22 and SR26 policy information, under R17-5-802, will require insurance companies that issue 1000 or more SR22 policies per year to provide the resources necessary for implementation of the rules, system programming changes, and the administrative costs involved with preparing the SR22 and SR26 policy information for electronic processing with the Division. However, the Division expects that the administrative costs currently expended by the insurance companies to manually report SR22 and SR26 policy information to the Division will be significantly reduced with the new electronic reporting functionality.

   With the exception of the new requirement to electronically report SR22 and SR26 policy information, as identified under (3)(c), the Division anticipates no additional administrative or other costs associated with compliance of this rulemaking. The rules are generally intended to incorporate the updated electronic reporting guidelines that Arizona insurance companies are currently using to report insurance information to the Division.

   c. **Description of the methods ADOT may use to reduce the impact on small businesses:**
The Division anticipates that of the 492 insurance companies that currently issue and report SR22 policies to the Division, only 44 will be affected by the new SR22 and SR26 electronic reporting requirement, under R17-5-802. Additionally, nine of the 44 affected companies have already converted their SR22 and SR26 filings to the electronic format.
The Division provided an exemption from the new electronic SR22 and SR26 reporting requirement for insurance companies that issue less than 1,000 SR22 policies per calendar year. Additionally, a delayed effective date of May 1, 2007, was provided to ensure that the insurance companies have enough time to appropriately plan and re-program their systems. The Division continues to work closely with all affected companies and industry representatives to ensure successful implementation of the rules.

d. Probable cost and benefit to private persons and consumers who are directly affected by the proposed rulemaking:

The Division anticipates that the customers of all affected insurance companies will benefit significantly by the new electronic SR22 and SR26 reporting requirement. The insurance company can immediately update the customer’s SR22 and SR26 insurance information on file with the Division.

The Division anticipates no economic impact on private persons, consumers, or small businesses as a result of the 25-vehicle limit being placed on the number of vehicles that can be covered under a $40,000 Certificate of Deposit on file with the State Treasurer’s Office. Division records indicate that 100% of the customers currently opting to submit a $40,000 Certificate of Deposit, in-lieu of purchasing separate motor vehicle liability insurance policies for each of their vehicles, are private individuals, each owning less than 25 vehicles.

6. Statement of the probable effect on state revenues:

The Division anticipates no economic impact on state revenues.

7. Description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed rulemaking:

See 5(c)

C. Explanation of limitations of the data and the methods that were employed in the attempt to obtain the data and a characterization of the probable impacts in qualitative terms. The absence of adequate data, if explained in accordance with this subsection, shall not be grounds for a legal challenge to the sufficiency of the economic, small business and consumer impact statement:

None

1. Introduction to the Arizona Mandatory Insurance Reporting System (AMIRS)

1.1. AMIRS Guide for Insurance Companies Purpose

The purpose of this guide is to provide reporting entities with the information necessary to implement the required reporting of insurance policy information to the Arizona Department of Transportation (ADOT) Motor Vehicle Division (MVD) Arizona Mandatory Insurance Reporting System (AMIRS).

This guide provides a mix of business and technical information to define when and how insurance information must be transmitted between the Arizona Department of Transportation Motor Vehicle Division and the company.

The most current version of this guide will be posted on our web site at:

Permission granted to reproduce additional copies as needed.

1.2. AMIRS Goal and Authorization

ADOT MVD is dedicated to facilitating licensing, safety programs and compliance with motor vehicle laws. AMIRS takes advantage of current technology to communicate and partner with the insurance industry, and/or service bureaus, through a policy reporting system which reduces the need for vehicle owners and drivers to submit proof of insurance coverage.

AMIRS is operated by ADOT MVD and the reported information is stored in a database maintained internally on our mainframe computer. The operation of this system is not contracted with any outside entity.

Arizona Revised Statutes Title 28, Chapter 9, Section 4148 requires that each company report at least every seven days. Copies of the statute may be found at:

https://www.azleg.gov/ars/28/04148.htm
1.3. AMIRS Data Transmission

AMIRS requires the transmission of data through Electronic Data Interchange (EDI) using a standardized format. Data must be formatted in accordance with the specifications in this guide, which is an implementation of the 811 transaction set format as defined by the American National Standards Institute (ANSI), Accredited Standards Committee (ASC) X12N.

There are three (3) transmission methods available:

1. Information Exchange (IE)
2. File Transfer Protocol (FTP) with Pretty Good Privacy (PGP) file encryption
3. File Transfer Protocol with SSL supported communication (FTPS) with Pretty Good Privacy (PGP) file encryption.

1.4. AMIRS Reportable Activity

Insurance companies are required to report activity for both vehicle specific and non-vehicle specific policies. Reportable activity includes:

- Policy cancellation
- Policy non-renewal
- New policy issue
- Policy reinstatement
- Vehicle added to a vehicle specific policy
- Vehicle deleted from a vehicle specific policy
- Commercial coverage renewals reported at least annually

Currently, AMIRS receives and processes about 725,000 EDI policy report transactions every month, from about 500 NAICs, submitted by over 200 reporting entities.
1.5. Policy Report Process

Reportable policy types are vehicle specific, driver specific and non-vehicle specific.

**Vehicle specific policies** are the most common and are matched to vehicle records in the ADOT MVD Title and Registration database using the vehicle identification number (VIN).

**Driver specific policies** are the SR22 and SR26 policy types. These are matched to driver license records in the ADOT MVD driver license database. Driver license data is linked to the title and registration database using the primary owner’s driver license number. This policy type will link to vehicles where the SR policyholder is the primary owner. If the SR policyholder is not the primary vehicle owner, the SR policy coverage will not be linked to a vehicle record.

**Non-vehicle specific policies** are generally referred to as “all owned” or “blanket policies”. These are issued to organizational entities for a specific coverage amount insuring all of that organization’s vehicles at any given time. With this type of policy, the organizations do not provide the insurance company with their vehicles’ information. These reports are linked to vehicles through a customer number in the ADOT MVD customer database. The customer number may be the organization’s FEIN or an MVD issued customer number. **ADOT MVD does not have many of the organizational FEINs in our customer database. This means that the majority of non-specific reports with FEIN will not find a match and will be returned as customer not found (E170) errors.** Due to this failure to match, some vehicle owners with this policy type will be sent notices requesting proof of insurance and their responses will be entered manually. For this reason we advise all organizations to report vehicle specific, whenever possible. In the case of “blanket” or “all owned” coverage where the insurance company does not know the VIN, we try to match non-specific reports to vehicles using the FEIN reported, but this method cannot be considered accurate. **Non-vehicle specific reports will not be accepted for private passenger coverage using the policyholder’s driver license number as the customer number.**
1.5.1. Vehicle Specific Update Process

An accurately coded VIN is essential to link policy coverage to the vehicle record. Our system is vehicle based, not policy based as it is in many insurance companies’ systems. The VIN is the database key used to access the vehicle record. If the reported VIN does not match a VIN in Arizona’s Title and Registration database, that policy transaction report cannot be applied. We receive many vehicle specific reports without an accurate VIN; those cannot access the appropriate vehicle record and are returned as VIN errors. A VIN error means that a vehicle record matching that VIN is not in Arizona’s database. Insurance companies frequently inquire about errors on VINs that are valid according to VIN validation software. Even though it is a valid VIN, no vehicle record with that particular VIN was found. Most frequently this is because that particular vehicle is not registered in Arizona. Each vehicle record has its own policy record attached to it, and a policy report for one vehicle has no effect on policy records attached to other vehicles. Every vehicle (VIN) must be reported when coverage is added and cancelled. If one vehicle is being added and another dropped from a policy, then a new business report must be submitted for the vehicle being added and a cancellation report must be submitted for the vehicle being dropped. There is no master policy record; the policy number alone cannot be used to apply updates. Since each policy transaction is independent from others, a vehicle can be added to or cancelled from a policy, without affecting any other vehicle’s coverage by the same policy.

The system first attempts to match the VIN on the policy report to an existing vehicle on the ADOT MVD title and registration database. If a successful VIN match is found, the policy report is compared to any existing policies already connected to that vehicle record by checking for exact matches to the insurance company code and policy number. If an exact match is found, the policy report information overlays and updates the policy record on the database. When an exact match is not found, the policy report is attached as a new policy record. New business policy reports that match to cancelled policies already on the system are rejected if the registration is in a suspended status. If a non-matching new business or cancelled policy is received for a vehicle with a suspended registration, the policy record is attached to that vehicle record, but it will have no effect on the registration suspension status.

Due to the insurance code and policy number matching process, it is very important that insurance companies consistently use the same insurance code and policy number for the same vehicle’s coverage. If a company changes these values in any way, the system will not recognize a policy report as an update to an existing policy, but will instead insert it as a separate policy record. If either the insurance code or policy number must be changed, report a cancellation using the original values and send a new business policy report with the new values.
1.5.2. VIN Non-match Re-processing

A process is in place to give a vehicle specific policy transaction a “second chance” to make a successful VIN match. Policy reports are frequently received before the corresponding vehicle record is created. This occurs when vehicle owners inform their insurance company that they have moved to Arizona, but do not register their vehicles with MVD in a timely manner.

When a vehicle specific policy record does not match on a VIN, the reported VIN is validated through the following tests:

1. Pre-1981 model years:
   This test is designed to weed out policy reports with obvious VIN error values (e.g. “TBD”, “UNK”, “Unknown”, “To follow”, “99999”, “00000”, etc.). Policy reports that fail this validation are returned to the sender immediately.

2. 1981 and later model years:
   This test uses VINA software to validate the VIN as a valid, properly formed VIN. Policy reports that fail this validation are returned to the sender immediately.

3. Reprocessing:
   VINs that pass tests 1 and 2 above are written to a file for reprocessing. Every processing day for ninety calendar days, additional attempts are made to match the unmatched policy report to a vehicle record. If a matching vehicle record is registered at MVD within the ninety day period, the policy record will attach to the vehicle record; otherwise, the policy report is written to an error record and returned to the insurance company. This process results in several hundred additional matches every week. One disadvantage to this method is that the insurance company isn’t notified of most VIN errors for ninety days.

1.5.3. Error Process

AMIRS returns all policy report errors to the submitting entity, unless such reports are exempt from Arizona’s mandatory insurance legislative requirements. Some states have “hard” and “soft” errors where policy reports with hard errors are not applied and those with soft errors are applied, but require a subsequent correction. Any error returned from AMIRS is a “hard” error; that policy report transaction was not applied as a policy update and is not retained by AMIRS.

Returned error records must be corrected and resubmitted as soon as possible. Correction of unmatched policy records is essential to prevent unnecessary notices and enforcement actions being taken against the vehicle owner/policyholder. Currently AMIRS returns over 17,000 VIN errors every month. Policy reports with unmatched VINs and other errors result in problems and extra work for the vehicle owner/policyholder, the insurance company, and MVD. Reduction in the number of
reported errors and timely resolution of these errors is essential. The MI Reporting Coordinator can assist with the resolution of errors, when necessary.

Error files may be returned at any time from AMIRS, therefore insurance companies must check for error files every night, even if no files were sent to AMIRS. Timely resolution of errors on the part of insurance companies aids in researching and solving reporting issues, and prevents needless enforcement actions against our mutual customers.

Note that due to our VIN reprocessing to match policy reports with vehicles registered in Arizona, most VIN errors will be returned ninety days after the policy was reported.

*Do not send acknowledgements (997 files) of error files that ADOT returns.*
1.6. Insurance Verification Overview

Policy reports received from both insurance companies and vehicle owners update the MVD title and registration databases. Every week all currently registered vehicles on the databases are checked for active insurance coverage.

If active coverage is not found, the registered owner is sent a verification notice requesting that evidence of insurance coverage be provided to ADOT MVD within 15 days. Proof of coverage submitted in response to the notice is recorded in the appropriate insurance database. Failure to provide evidence in this time period results in that vehicle’s registration being suspended.

During the time a vehicle registration is in suspension status, AMIRS will no longer accept active coverage updates to policies already on file for that vehicle. At this point, it is the vehicle owner’s responsibility to prove that they did not let their coverage lapse. If insurance was not in effect, then the owner/owners of the vehicle will need to obtain coverage from a valid insurance company and pay a reinstatement fee of $50.

**It is in the best interest of both ADOT MVD and the insurance industry to ensure AMIRS is as accurate as possible to avoid sending unnecessary notices and generating invalid suspension actions against our joint customers.**

1.7. Nightly Processing cut-off

AMIRS processing begins at 6:30pm MST M-F and at 4:30pm MST Saturdays. If a file submission from an insurance company misses this cut-off time, the file will be processed during the next scheduled execution.

1.8. Prohibition on Emailing Data

Because email is an inherently insecure communication medium, personally identifiable information must never be emailed to ADOT. This includes, but is not limited to, customer name, address, SSN, driver’s license, and date of birth. Generally only two data items may be emailed to assist with researching an issue: VIN and/or policy number, though VIN is the most reliable item.

Data files also must never be emailed; secure communication channels have been established for insurance companies to submit data to ADOT. Only these established connections may be used.
2. Electronic Data Interchange Overview

2.1. EDI Background

Electronic Data Interchange, commonly referred to as EDI, is computer-to-computer transmission of business data using a standardized computer readable format. Any amount of data can be exchanged with message acknowledgments validating delivery. Large numbers of trading partners are easily managed by commercial EDI software.

Becoming an EDI trading partner requires a computer (PC, mid-range or mainframe) and the following:

- Communications hardware
- Communications software
- X12 translation software

There are many companies marketing EDI software and hardware. There are packages for all sizes of computers and most operating systems. Prices vary widely, usually based on the processing capacity of the computer.

There are also service bureaus that submit EDI X12 reports on behalf of insurance companies. Some of these are listed in section 7.3 of this document.

Sources for obtaining more information on X12 translation software include:

- EDI trade shows
- Insurance trade organizations

2.2. Data Connectivity

Reporting entities have the choice of using one of three (3) different connectivity methods:

1. Value added network (VAN) which connects to Information Exchange (IE)
2. File Transfer Protocol (FTP) with PGP file encryption
3. File Transfer Protocol with SSL supported communication (FTPS) with PGP file encryption
2.2.1. Information Exchange

ADOT MVD has selected Information Exchange (IE) to provide one method of data connectivity between reporting entities and AMIRS. IE services usually are billed as a one-time set up fee, a monthly charge, and a usage charge. IVANS is a re-marketer of IE services for the insurance industry.

If a company desires IE connectivity, it must obtain an account and electronic mailbox.

2.2.1.1. Electronic Mailbox

An electronic mailbox is a unique “address” that provides a company with the ability to send and receive information between trading partners. It packages data inside an ‘electronic envelope’ containing the address of the sender and receiver. When an envelope is received, it is opened, the contents are handled, it is re-packaged, and both acknowledgements and error data are returned back through the same mailbox.

2.2.2. File Transfer Protocol

Reporting entities may also use either FTP with PGP file encryption or FTPS with PGP file encryption as a connectivity method. An account directory for the company is set up on an ADOT FTPS server. Within this account directory are two sub-directories, one for sending data (toadot) and one for retrieving data (fromadot) (i.e. functional acknowledgments and any error files). You will place all files that you send to us in the “toadot” subdirectory. After AMIRS successfully extracts the data received, it is deleted from the “toadot” directory. We will place all 997 Functional Acknowledgements and 811 Error Files in the “fromadot” subdirectory. The reporting entity is responsible for deleting the files in the ‘fromadot’ directory after downloading and processing them in their system. This indicates to each of us that the other has successfully extracted the data sent to them.

Reporting entities must obtain their own Internet service provider and communications hardware and software.

ADOT MVD has endeavored to make the process as secure as possible through the exchange of PGP encryption keys and signatures.

The server is FTPS.AZDOT.GOV. Companies may use either FTP or FTP using explicit SSL supported communication, both on port 21 PASV, but PGP file encryption is required for either method. FTP will be used throughout the remainder of this document to refer to both FTP and FTPS connections.
When sending a file via FTP, the file name:
• Must have a maximum length of 8 characters
• Must contain only uppercase letters and numbers
• Must not have a file extension
• Must begin with the FTP account name
• Must vary from one transmission to the next. This prevents overlaying any previous data in case of a delay with our normal extract process. Our process will extract all files in the directory at run time. Time stamps as part of the name are discouraged; a simple sequence number (ABCD0001, ABCD0002, ABCD0003, etc.) ensures correct processing order. If the end of the sequence is reached, simply start over at 1.

When retrieving a file via FTP, the file name will follow one of the patterns below:
• Error files: A811MMDD, where MM is the month and DD is the day of processing.
• Acknowledgment files: A997MMDD, where MM is the month and DD is the day of processing.

If your FTP account is ABCD, ABCD0001 is an example of a valid file name. If you send liability and SR policies in separate files, then ABCD0001 and ABCDS001 are valid file names.

The file format:
• Must have an 80 byte record length
• Must be padded with spaces to 80 bytes where necessary
• Must split the ISA segment between 2 records, so that byte 81 of the ISA begins in position 1 of the next record
• Must have only one segment per line
• Must terminate each record with CR/LF
• Must be sent as ASCII text
• Must be PGP encrypted and signed in a single pass

We also have a requirement for the ISA06 element. The FTP account name must be repeated twice, with at least 1 space between the two occurrences, in all uppercase characters. The example below uses the value “FTPACCT” as a substitute for the FTP account name that will be assigned to your organization; you will use the actual account name assigned to you. Per the ANSI standard, the ISA06 must be exactly 15 characters counting spaces. Your ISA segment should look similar to the following:

ISA.00. .00. .ZZ.FTPACCT FTPACCT.ZZ.AZMV AZMVIE4 .030731.113 0.U.00305.000000214.0.P...

Please refer to p. B.3 of the ANSI X12 811 standard guide for specifics regarding the ISA segment.
Your GS segment will be similar to this:

\text{GS.CI.FTPACCT FTPACCT.AZMV AZMVE4.030731.1130.214.X.003050.}

In order to uniquely identify exchanges, functional groups, and transaction sets, control numbers must not be dates.
2.3. ANSI ASC X12.39 TS 811

Policy reports sent to AMIRS must be in the nationally standardized format as defined by the American National Standards Institute (ANSI), Accredited Standards Committee (ASC) X12N. This standard is known as the ANSI ASC X12.39, Transaction Set 811, Consolidated Service Invoice Statement, Version: 003050. The insurance industry subcommittee of ANSI has defined the business usage of this transaction set to be for notification to state agencies within the U.S. of insurance coverage on a motor vehicle.

Reporting entities planning to report electronically must obtain a copy of the ALIR Implementation Guide, Version 3.0. It will be used as a reference manual for identifying the ANSI standards currently used. This document provides information necessary to facilitate an implementation of EDI. This ALIR Implementation Guide enables the use of EDI for the notification of the status of insurance coverage.

In this guide for insurance companies, AMIRS has identified specific data segments and data elements out of the ANSI ALIR implementation guide, Version 3.0.

A complete copy of the ALIR Implementation Guide, Version 3.0 is available by contacting Washington Publishing at 425-562-2245 or at their web site at

Document Identification

Owner: TG1/WG1
Guide Name: Automobile Liability Insurance Reporting
2.4. Electronic Reporting Process

The following steps describe an overview of how insurance information is received and processed via X12 (TS 811).

1. Reporting entities package their policy report into a document.
   a. VAN customers place this document into an electronic envelope and transmit it to the AMIRS electronic mailbox.
   b. FTP customers sign onto the ADOT server and put their PGP encrypted and signed policy report onto the AMIRS FTP server.

2. The EDI software retrieves the electronic envelope, removes the document and translates the information into individual records in the application’s data format. A Functional Acknowledgment document (ASC X12 TS 997) is prepared for returning to the sender. The translator checks to insure that the document follows the rules of the 811 ALIR standard and the AMIRS implementation. Certain translator errors will be identified in the 997 acknowledgments.

3. The 997 acknowledgment transaction is sent to the reporting entity’s electronic mailbox, or encrypted and signed (in a single pass) before being put on the AMIRS FTP server. A 997 file is always sent to acknowledge receipt, whether or not any translation errors were detected. Insurance companies must process these acknowledgments to confirm that the policy report was received. If an acknowledgment is not received within one business day, the AMIRS technical contact must be contacted for resolution.

4. The data is validated for content errors. Validation errors are described in section 5.4.2 of this guide. Records that do not pass validation are written to a file for subsequent error processing. Valid records are passed on for matching.

5. Validated records are matched either by VIN or customer number, depending on their specific reporting type. Matched records are used to update the insurance databases.

6. Error records are immediately translated back to an 811 document, placed in an electronic envelope and returned to the reporting entity’s electronic mailbox or FTP account’s sub-directory. Most VIN mismatched records are retained in a reprocessing file for ninety calendar days for rematch attempts. If there are no error records, only the TS997 acknowledgement transaction is returned. Insurance companies must process these error files to resolve the errors and send corrected reports.

7. Daily statistical reports regarding each insurance company’s policy reports are generated for the MI Reporting Coordinator.
3. Business Reporting Specifications

3.1. Insurance Business Contact and Set Up

In order to implement the EDI process for submitting insurance information, each reporting entity must contact the MI reporting coordinator and provide the following information:

1. The project managers and technical contacts during development and implementation. Include names, titles, addresses, phone numbers, e-mail addresses, etc. Also, identify the on-going contact person, if different.

2. The transmission method of choice (IE, or PGP encrypted file via FTP) based on reporting specifications found in this section and Section 2. If reporting by IE, provide the account information necessary to access the electronic mailbox.

3. As ADOT MVD is limited in the number of companies that can be converted at any given time, requests for starting dates will be on first request basis. Failure to report may result in a non-compliance report being filed with the Arizona Department of Insurance (DOI). The DOI may impose sanctions on the insurance company, including fines and suspension of license.

Once the Reporting Coordinator receives this information, the company will be instructed concerning the testing process.
3.2. On-going Reporting of Insurance Information

The following list addresses some of the on-going insurance information reporting requirements:

- Insurance companies must report at least once every seven days. If there was no reportable activity for the period, a no activity report is required.

- Reportable activity is:
  - A policy cancellation.
  - A policy non-renewal.
  - A new policy issue.
  - A vehicle added to a vehicle specific policy.
  - A vehicle deleted from a vehicle specific policy.
  - Commercial coverage renewals reported at least annually.

- Both vehicle specific and non-vehicle specific policies must be reported. Vehicle specific policies must have a valid VIN and non-vehicle specific policies must have a valid Arizona customer number.

- Both private passenger and commercial policies must be reported; please note the annual renewal requirement for commercial coverage.

Reports must be made in accordance with the X12 EDI specifications outlined in this guide.
4. EDI Technical Specifications

4.1. X12 811 Information

Reporting entity’s programming must include the ability to send a (TS811) policy report to AMIRS and to receive both (TS811) error transactions and (TS997) functional acknowledgments from AMIRS. If possible, do not return a (TS997) functional acknowledgment in response to the error records that are returned from AMIRS.

Translation errors can be avoided if a sender ensures that the transaction set is in compliance with the ANSI standard. A copy of the ANSI standard document, along with this implementation guide, is essential for a successful implementation. The following are examples of EDI data standards:

- Dates are all number characters and are valid according to a calendar.
- Alphanumeric data elements contain only uppercase letters, numbers, spaces and certain special characters.
- Related elements are either all populated or all omitted.

ADOT MVD recommends that the following commonly used data delimiters be used in EDI transaction sets:

<table>
<thead>
<tr>
<th>Data element delimiter:</th>
<th>hexadecimal 1D</th>
</tr>
</thead>
<tbody>
<tr>
<td>Segment delimiter:</td>
<td>hexadecimal 1C</td>
</tr>
<tr>
<td>Sub-element delimiter:</td>
<td>hexadecimal 1F</td>
</tr>
</tbody>
</table>

4.2. Information Exchange Information

<table>
<thead>
<tr>
<th>AMIRS Account Number:</th>
<th>AZMV</th>
</tr>
</thead>
<tbody>
<tr>
<td>AMIRS User id:</td>
<td>AZMVIE4</td>
</tr>
<tr>
<td>Test Message Class:</td>
<td>MIX12T</td>
</tr>
<tr>
<td>Production Message Class</td>
<td>MIX12P</td>
</tr>
</tbody>
</table>
5. Data Element Specifications

5.1. 811 AMIRS Policy Receipt

This is the Arizona adaptation of the X12 (TS811) Version 3050. The segments and data elements defined in this section specify the data required by Arizona with most of the values required for a valid 811 transaction. The inclusion of additional data is optional to the sender, but cannot be returned on the error records.

5.1.1. Table 1 – Header Level

### 811 Header
**Segment: ST – Transaction Set Header**

<table>
<thead>
<tr>
<th>Seq. No.</th>
<th>X12 Name</th>
<th>Value To Be Used</th>
<th>Min/Max</th>

5.3. **811 AMIRS No Activity Report**

This is the Arizona adaptation of the X12 (TS811) Version 3050. The segments and data elements defined in this section specify the data required by Arizona for a “No Activity” report using a valid 811 transaction. This report is required when there is no policy activity to be reported for a NAIC number during the seven (7) day reporting period.

5.4. Criteria for Editing AMIRS Data

5.4.1. Translation Errors

The translation software will reject the entire interchange if it does not conform to the ANSI standard. Interchange rejection requires the reporting entity to correct the interchange and resubmit. Translated data is processed by the AMIRS application validation software.

5.4.2. AMIRS Data Validation Error Codes

The following table lists the error codes that are used to notify the reporting entity of a problem in the data. Error reporting returns the original data record as sent by the reporting entity along with a segment including an error code. Policy reports returned in error records are not retained and will not be included in any subsequent processing. These edit errors are due to missing or invalid information in one or more of the data fields. Error records that are returned to the insurer have not been recorded in the AMIRS database. Records that are exempt from insurance legislation are neither recorded nor returned to the reporting entity.

6. EDI Testing

A reporting entity sending insurance information through EDI is known as a trading partner.

To become a trading partner, a reporting entity must meet system requirements, along with successfully completing the testing defined in this section.

Three (3) levels of testing must be completed:

- Connectivity testing— sending and receiving messages electronically.
- Transaction set testing— translating the 811 transactions and the ability to receive 997 acknowledgments and 811 errors.
- Validation testing— testing the data for content errors.

Once testing has begun the trading partners must agree to respond to the test files and requests for revisions in a timely manner. Failure to remain in contact with the MI reporting coordinator during the testing process may result in a non-compliance report being filed with the Arizona Department of Insurance (DOI). The DOI may, after a hearing, impose sanctions on the insurance company, including fines and suspension of license.

6.2. Connectivity Testing

6.2.1. FTP

Accounts, passwords, and directories are set up for trading partners on the ADOT FTP server. Encryption keys are exchanged between AMIRS and the reporting entity. The reporting entity will log onto the server and test uploading and downloading sample files to verify the FTP account is functioning properly. Upon verification of functioning FTP services, PGP encryption will be tested by exchanging encrypted test files. AMIRS will then execute processes to extract the policy reports file from the server and write error records back to the server for the company’s extraction.
6.2.2. IE

The reporting entity provides the account information needed to provide access to their electronic mailbox. The reporting entity must authorize AMIRS to send to their account/user id. Once the mailbox setup is complete, sample files are sent to the electronic mailbox and the programmer is notified. AMIRS will execute processes to extract the reporting entity’s file from the electronic mailbox and write error records back to the electronic mailbox for the company’s extraction.

6.3. Transaction Set Testing

Transaction set testing is between the reporting entity and AMIRS to determine that the 811 documents are formatted correctly. For testing purposes, AMIRS may modify some of the records sent in the 811 transaction set to create error records. These records will be returned to the reporting entity in order to test the error return process.

The following lists the basic transaction steps:

- The reporting entity sends a small test 811 document (6-10 records, including both NBS and XLC records) to AMIRS.
- AMIRS sends back the 997 Functional Acknowledgment to the reporting entity.
- AMIRS sends a policy error 811 to the reporting entity.
- The process is repeated with a test 811 document of a size representing a “typical” weekly report for that company.

The reporting entity will also send a No Activity Report as part of testing.

6.4. Validation Test

AMIRS will process the 811 documents sent by the reporting entity that have passed the transaction set testing. ADOT MVD will review the results of the file processing and determine whether the level of accepted records is sufficient. Validation testing will continue until both parties are satisfied with the level of accepted records.
7. AMIRS Contacts and Information

7.1. ADOT MVD AMIRS Contacts

Questions and issues regarding insurance coverage, verification and suspension letters received by insureds, adding new companies, changing companies' contact information, system functionality, and other business related items must be directed to the Business Contact listed below.

**Business Contact:**
Mandatory Insurance
Reporting Coordinator
MVD
PO Box 2100, Mail Drop 535M
Phoenix, AZ 85001-2100
mailto: AMIRS@azdot.gov
Phone – (602) 712-4300
Fax – (602) 712-3288

Questions and issues regarding missing file acknowledgements (997 files), processing delays, PGP encryption, and other technical issues may be directed to the Technical Contact listed below.

**Technical Contact**
Cindy Kieckhaefer
Programmer
ADOT
2929 N Central Ave
Phoenix, AZ 85012
mailto: Ckieckhaefer@azdot.gov

7.2. ADOT MVD Information on the Internet

The ADOT MVD web site is [http://www.azdot.gov/mvd/index.asp](http://www.azdot.gov/mvd/index.asp)
7.3. Service Bureau contacts

There are service bureaus that submit EDI X12 policy reports on behalf of insurance companies. The following list includes some of these service bureaus, but is not an all-inclusive list of all service bureau companies.

**Insurity, a LexisNexis Company**
Eslyn R. Hazel
[Eslyn.Hazel@lexisnexis.com](mailto:Eslyn.Hazel@lexisnexis.com)
Phone: 770.619.8692
Fax: 770.619.8686

**Insurance Information Exchange**
Pamela Drewery
CV-ALIR Product Analyst
[pldrewery@iso.com](mailto:pldrewery@iso.com)
(800) 299-7099 ext. 88481

**IVANS, Inc.**
Allison Bucker
ALIR Project Manager
[allison.buckner@ivansinsurance.com](mailto:allison.buckner@ivansinsurance.com)
Phone: (813) 288-3247
Fax: (203) 601-3842
8. Glossary

The following is a list of definitions and acronyms used throughout Arizona’s MI X12 implementation guide. These definitions are intended to help clarify the terms used.

**ADOT**: Arizona Department of Transportation.

**ALIR**: Automobile Liability Insurance Reporting.

**AMIRS**: Arizona’s Mandatory Insurance Reporting System.

**ANSI ASC X12**: The American National Standards Institute (ANSI), Accredited Standards Committee (ASC) X12. These are universal standards to enable all organizations to use a single agency (X12) to develop and maintain transaction sets.

**Data Element**: Fields used in X12 segments.

**Date of Birth**: Date of birth (month, day, and year) of the policyholder.

**Document**: Refers to a single vehicle or non-vehicle specific policy.

**EDI**: Electronic Data Interchange is inter-company, computer-to-computer transmission of business data in a standard format.

**Effective Date**: Inception date of the policy. This value must be provided for new business and SR26 reports.

**Expiration Date**: This is the date that the insurance coverage is no longer effective. It must be provided in the following instances:

1) Liability cancellation records. A liability policy will be considered valid until a cancellation record is received.
2) SR26 reports. SR22 policies are considered open for 3 years, or until a matching SR26 report is received.
3) Commercial policy reports. Expiration date must be reported for all commercial policy reports (new business and cancellation).

**Hard Error**: An error that signifies a rejected policy report record or transaction set. The error must be corrected and the document or transaction resubmitted.

**Information Exchange Mailbox (IE)**: A unique "address" that provides a reporting entity with the ability to send and receive information to and from trading partners.

**Make**: This is the manufacturer of the vehicle. If the policy type is vehicle specific, this value should be present. Likewise, if the vehicle make is present, then the policy type must be vehicle specific.
**Match:** A match occurs when the insurance record corresponds to a vehicle record or customer record.

**Message:** A data file transmitted through EDI.

**MI:** Mandatory Insurance program.

**MVD:** Motor Vehicle Division.

**NAIC:** The National Association of Insurance Commissioners.

**No Match:** A “no match” occurs when a vehicle record or customer record cannot be found on the ADOT MVD databases.

**Owner Type:** A single character code used to describe the type of owner that is being reported. This will represent either an individual or an organization.

- “1”—Individual
- “2”—Organization

**PGP Encryption:** A data encryption and decryption computer program that provides cryptographic privacy and authentication for data communication. PGP is used by ADOT MVD for signing, encrypting and decrypting files sent via FTP.

**Policy:** Motor vehicle liability coverage issued by an insurer. It is identified as a vehicle specific policy, or a non-vehicle specific policy.

**Policy Number:** This is the insurance policy number. It must be included with each submitted record and must match the policy number as shown on either the customer’s proof of insurance card or certificate of liability. *If a policy number changes, it must be reported as a cancellation using the existing policy number, and then a new business record must be submitted with the new policy number.*

**Policy record:** Record submitted by insurance companies to MVD to report changes to insurance coverage and to correct errors associated with records previously submitted.

**Policy Type:** Type of policy being reported. The three possible values are:

- “1”—Personal/passenger coverage
- “2”—Commercial coverage
- “3”—Collectible/Classic coverage

**Record Reject:** Insufficient, or inconclusive, insurance information received by AMIRS and is returned to the reporting entity as an error.
**Transaction:** Sometimes referred to as transaction set. A transaction contains all of the data sent or received at one time. It can contain more than one document.

**Transaction type:** This field indicates the type of processing that will be done against the record. The four possible values are:
- “XLC”—Cancellation
- “NBS”—New Business
- “S22”—SR22 New Business
- “S26”—SR26 Cancellation

**VAN:** Value Added Network. Provides links among trading partners required by electronic communication functions such as EDI or e-mail.

**Vehicle Specific/Non Vehicle Specific:** Type of policy coverage being reported. The two possible values are:
- “V”—Vehicle specific records with a specific vehicle ID.
- “NS”—Non-vehicle specific does not list a specific vehicle’s ID; that information is maintained by MVD. Any changes to a non-vehicle specific policy (cancellations, etc.) will affect all vehicles on file for that customer number.

**VIN (Vehicle Identification Number):** The vehicle identification number. If the policy is vehicle specific, this data element is required or the record is rejected. If the policy is non-vehicle specific, then this field must be left blank. Include the full 17 characters of the VIN for vehicles with vehicle year 1981 and newer.

**Year:** Model year of the vehicle.
9. Frequently Asked Questions

*Which companies must report?*

The statute states “each insurer who cancels or becomes aware of the cancellation or nonrenewal of or failure to renew or issuance of a motor vehicle liability insurance policy issued on a vehicle in this state shall provide the department all cancellations, non-renewals or new issues . . .” This has been interpreted as any company that is licensed to write policies in Arizona.

*What if we have written no policies in Arizona?*

Contact the Reporting Coordinator to be placed in “inactive” status. While in this status your company does not need to report. However, you are required to notify the Reporting Coordinator prior to writing any business in Arizona to have the status removed and arrange to begin reporting.

Our system will reject policy reports from companies that are in an “inactive” state.

*We write only commercial policies, do we need to report?*

Yes, both private passenger and commercial policies must be reported.

*Can you process with partial VINs?*

No, the full VIN must be provided for vehicle specific policies.

*What is the Arizona customer number required for non-vehicle specific policies?*

A unique number known as the customer number identifies each person and organization in our database. For individuals it is their driver license number. For organizations it is their Federal Employer Identification Number (FEIN), if provided to AMIRS, or a system-generated number. Contact your customer to obtain this information if needed.

*Can you access an insurance record by policy number?*

No, insurance records are only accessed by VIN or customer number.

*Are there vehicle types, such as non-motorized trailers, that are exempt from reporting?*

Arizona Revised Statute Title 28, Chapter 9, Section 4132 lists the vehicles that are exempt from the mandatory insurance requirements. A copy of the statute may be found at:

[https://www.azleg.gov/ars/28/04132.htm](https://www.azleg.gov/ars/28/04132.htm)

*Is there a standard form to submit the required set up information?*

No, the information required by Section 3.1 of this guide may be submitted to the Reporting Coordinator by phone, fax, e-mail, or in writing.
Can we report more often than once a week?
Yes. Reporting is required at least once every seven days.

We have multiple locations (private passenger and commercial). Can each report separately using the same insurance code?
Yes, multiple reports for the same NAIC may be made.

We have a fourteen (14) day waiting period built into our system before a policy is considered cancelled, but we have to report to you every seven (7) days. How should this be handled?
Report only after you consider the cancellation final.

Do we have to report even if there is no activity during the prior week?
Yes, a “no activity” report must be submitted to be considered in compliance with state statute.

Can multiple insurance codes be included in the same report?
Yes, however only one code can appear in the header (sender) information.

Do you expect a book of business after testing is completed?
No book of business is required at this time.

Can we report transactions with future dates or should we wait until they become effective?
Wait until they become effective before reporting.

Do we report policies that are “flat cancelled,” i.e., cancelled before they went into effect?
You would only report a cancellation if you have previously reported the policy as new business.

How does an insurance company register with the Arizona MVD?
The insurance company provides their NAIC (National Association of Insurance Commissioners) number on a Certificate of Authority to MVD. The Certificate of Authority, provided to the company by the Department of Insurance, is the company’s authorization to do business in Arizona. Contact the Mandatory Insurance Reporting Coordinator at 602-712-8308.

How often should the insurance company report policies?
All new business, cancellations and reinstatements must be reported at least every (7) days, by X12 (TS 811) submissions.
What if there is a mistake on the vehicle identification number?
The error is returned to the company for correction and the corrected policy report must be reported to AMIRS as soon as possible.

What if the error is not corrected?
If no proof is provided or received from the owner or insurance company, the vehicle’s registration and plates will be suspended.

After a policy is canceled when does it get reported to MVD?
Once the cancellation is considered finalized, it must be submitted in the company’s next report. Many companies make daily submissions, while others report weekly.

What if a notice is generated on a cancellation, but the policy is reinstated?
Once the company receives a reinstatement and notifies MVD, and if the vehicle’s registration has not been suspended, the ‘NBS’ policy report reactivates the record of policy coverage and no further verification is needed.

Are faxed insurance verifications necessary once the company has reinstated the policy?
No. Once the reinstatement has been electronically resubmitted, then it is not necessary for the agents to send faxes to MVD.

What if a vehicle is suspended for no proof of insurance, but its insurance was valid?
The registered owner needs to provide proof of insurance coverage on the date of suspension, in person, at the nearest MVD office. This will insure that the suspension is lifted and the plates and registration are active.

The agent for the insured may fax verification for suspended registrations if the proof of coverage is valid.

If insurance was not in effect, then the owner/owners of the vehicle will need to obtain coverage from a valid insurance company and pay a reinstatement fee of $50.

Is an ADOT code mandatory on the insurance verification?
The code is no longer mandatory. What needs to be provided is the name of the company that is providing coverage and that company’s NAIC.

Since so many companies provide varied forms of coverage, and have different NAIC codes for each branch of their companies, a specific code is useful in determining the correct company that is providing the coverage.
What is the correct policy number to be reported?
The policy number that appears on the insurance certificate, insurance card, or policy certificate must be consistent on all documents and reports. This avoids any confusion for the vehicle record and inconvenience for our mutual customers.

If a policy is reinstated with a different number, or the policy number changes, should it be reported as a new policy?
Yes. When a policy number is changed, for any reason, the old policy number must be reported as a cancellation transaction and the new policy number must be reported as a new business transaction.

We often receive subsequent policy reports where the policy number differs from the originally reported policy number by a suffix (e.g. ABC01234 vs. ABC0123401 or ABC01234-01). If ABC01234 was the original policy, ABC01234 must always be reported, unless first cancelled and the new policy number then reported. This also applies to policy prefixes (e.g. ABC01234 vs. 01ABC01234 or 01-ABC01234).

Are SR22 and SR26’s reported electronically?
Yes.

How soon should verification be submitted to MVD after the purchase of a new vehicle?
Once the vehicle is registered with MVD, it needs to have proof of coverage on record. If it is not provided or found, then the first notice is mailed to the registered owner(s). The policy input process searches for the registration VIN and will attach the policy to the vehicle record if a match is located. If coverage is not applied to the vehicle record, then a suspension notice is generated and the plates and registration are suspended, until current proof of insurance is received.

Why is policy expiration date required for commercial policies?
Arizona statute requires that commercial policies be reported annually. To enforce this requirement, the policy expiration date is required with new policies and with each subsequent renewal, as well as cancellation transactions.

Policy dates (inception and expiration) must match those dates as printed on the insured’s proof of insurance card or certificate.

How do I report commercial trusts?
Commercial trusts must be reported as VIN specific and follow all other requirements for commercial policy reporting.

I’m an agent (or a brokerage). How do I send policy reports?
Neither agents nor brokerages may send policy reports. Insurance policy reporting is the responsibility of insurance companies and is a requirement for being authorized to conduct business in Arizona.
My company is merging/has merged with another company operating in Arizona. How do we report that?

Companies merging operations with another company operating in Arizona must cancel their book of business if policy numbers from the old company will not continue in force. This can be done by sending cancelation transactions for every policy or vehicle insured by the company being purchased.

My company is ceasing operations in Arizona. How do we report that?

Companies terminating operations in Arizona must cancel their book of business. This can be done by sending cancelation transactions for every policy or vehicle insured by the company ceasing operations.

What current security is supported for FTPS?

We currently support TLS v1.1 and TLS v1.2

What is your FTP IP address?

Our FTP site can be reached at 192.133.42.128, in addition to FTPS.AZDOT.GOV.

What ports does your FTP site use?

Our FTPS server currently uses TCP data ports 21000–21010

12. Hierarchical Levels in 811 transaction sets

An X12 811 transaction set is hierarchical with parent and children relationships. The HL segment type identifies a segment as a hierarchical level. Each HL segment has a unique identifier in the HL01 element. If an HL segment is a child, then its parent's ID is identified in the HL02 element. The HL03 element identifies the level (1, 2, 4, or 5). Level (1) is the insurance company identifier and is the first level. The next level (2) identifies the State and it is linked as a child to the most recent level (1) that precedes it. There is no level (3); it skips to the level (4) policy level. The parent of the level (4) is the most recent level (2). The next level (5) is the vehicle level which is a child of the most recent level (4) level that precedes it.

HL 1 level - (first) insurance company

  HL 2 level - identifies the state being reported to for the preceding (first) HL 1 level

  HL 4 level - identifies the policy information for the preceding (first) HL 1/HL 2 level

  HL 5 level - identifies the vehicle(s) information for the preceding (first) HL 1/HL 2/HL 4 level

HL 4 level - identifies the policy information for the preceding (first) HL 1/HL 2 level

HL 5 level - identifies the vehicle(s) information for the preceding (first) HL 1/HL 2/HL 4 level (1 to many HL 5s depending on how many vehicles are on a policy)

HL 5 level - identifies the vehicle(s) information for the preceding (first) HL 1/HL 2/HL 4 level

HL 4 level - identifies the policy information for the preceding (first) HL 1/HL 2 level

HL 5 level - identifies the vehicle(s) information for the preceding (first) HL 1/HL 2/HL 4 level

Levels 4 and 5 are repeated until the end of the transaction set, or until another insurance company is identified by another level (1) level.
ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM (AHCCCS)
Title 9, Chapter 28, Articles 6, 7
GOVERNOR’S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - FIVE-YEAR REVIEW REPORT

MEETING DATE:  June 1, 2022; July 6, 2022

TO:  Members of the Governor’s Regulatory Review Council (Council)

FROM:  Council Staff

DATE:  May 11, 2022

SUBJECT:  ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM (AHCCCS)
Title 9, Chapter 28, Articles 6 & 7

Summary

This Five-Year Review Report (5YRR) from the Arizona Health Care Cost Containment System (AHCCCS) relates to six (6) rules in Title 9, Chapter 28, Article 6 (RFP and Contract Process) and five (5) rules in Article 7 (Standards for Payments).

The rules in Article 6 relate to Request for Proposal and contract process for the Arizona Long-Term Care System (ALTCS). The ALTCS is health insurance for individuals who are age 65 or older, or who have a disability, and who require nursing facility level of care. Services may be provided in an institution or in a home or community-based setting. Pursuant to A.R.S. 36-2944, the director at least every five years shall prepare and issue a request for proposal and a proposed contract format to qualified group disability insurers, hospital and medical service corporations, health care services organizations and any other qualified public or private persons to be a program contractor and provide long-term care services. The director may adopt rules regarding the request for proposal process, which was done in Title 9, Chapter 28, Article 6.

The rules in Article 7 relate to Standards for Payments regarding ALTCS. Specifically, these rules describe general reimbursement requirements, the requirements for assessments to nursing facilities, the requirements for supplemental payments for nursing facilities, and the criteria for determining the county that is financially responsible for the state’s share of the ALTCS funding as referenced in A.R.S. §36-2913.
In the previous 5YRR for these rules, approved by the Council in October 2017, AHCCCS did not indicate any proposed changes to the rules.

**Proposed Action**

In the current report, AHCCCS does not propose to make any changes to the rules.

1. **Has the agency analyzed whether the rules are authorized by statute?**

   AHCCCS cites both general and specific authority for these rules.

2. **Summary of the agency’s economic impact comparison and identification of stakeholders:**

   AHCCCS indicates that for Articles 6 and 7 there has not been a rulemaking since the last 5YRR. Therefore, the economic impact is not significantly different from the original economic impact.

3. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

   AHCCCS believes the rules as written impose the least burden and cost when meeting their objectives.

4. **Has the agency received any written criticisms of the rules over the last five years?**

   AHCCCS indicates it has not received written criticisms of the rules in the last five years.

5. **Has the agency analyzed the rules’ clarity, conciseness, and understandability?**

   AHCCCS indicates the rules are clear, concise, and understandable.

6. **Has the agency analyzed the rules’ consistency with other rules and statutes?**

   AHCCCS indicates the rules are consistent with other rules and statutes.

7. **Has the agency analyzed the rules’ effectiveness in achieving its objectives?**

   AHCCCS indicates the rules are effective in achieving their objectives.

8. **Has the agency analyzed the current enforcement status of the rules?**

   AHCCCS indicates the rules are enforced as written.
9. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

AHCCCS indicates the rules are not more stringent than corresponding federal law.

10. **For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

Not applicable. The rules do not require a permit, license, or agency authorization.

11. **Conclusion**

This 5YRR relates to six (6) rules in Title 9, Chapter 28, Article 6 (RFP and Contract Process) and five (5) rules in Article 7 (Standards for Payments). AHCCCS indicates the rules are generally clear, concise, understandable, consistent, effective, and enforced as written. AHCCCS does not intend to take any action regarding these rules.

Council staff recommends approval of this report.

   Not applicable.

14. **Proposed course of action:**

   The agency has no recommended changes, so there is no corresponding course of action proposed.
A program contractor shall submit a service plan and other information related to the case management plan upon request to the Administration.

**Historical Note**

A program contractor shall:

1. Comply with all requirements specified in A.A.C. R9-22-522; and

**Historical Note**

**R9-28-512. Expired**

**Historical Note**

**R9-28-513. Program Compliance Audits**
The Administration shall meet the requirements specified under A.A.C. R9-22-521 for a program contractor.

**Historical Note**
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective June 6, 1989 (Supp. 89-2). Amended effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1).
R9-28-603. Contract Award
The Administration shall award a contract under A.R.S. § 36-2944 R9-28-603. Contract Award
and A.A.C. R9-22-603.

Historical Note
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

R9-28-604. Contract or Proposal Protests; Appeals
Contract or proposal protests or appeals shall be under A.A.C. R9-22-604 and 9 A.A.C. 34.

Historical Note
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

R9-28-605. Waiver of Contractor’s Subcontract with Hospitals
A contractor’s subcontract with hospitals may be waived under A.A.C. R9-22-605.

Historical Note
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

R9-28-606. Contract Compliance Sanction
A. The Administration shall follow sanction provisions under A.A.C. R9-22-606.
B. The Administration shall apply remedies found in 42 CFR 488, Subpart F, effective January 1, 2012, incorporated by reference and on file with the Administration and the Office of the Secretary of State, for a nursing facility that does not meet requirements of participation under 42 U.S.C. 1396e. This incorporation by reference contains no future editions or amendments.

Historical Note
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

R9-28-607. Repealed

Historical Note
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective November 5, 1993 (Supp. 93-4). Amended effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

R9-28-608. Repealed

Historical Note
New Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

R9-28-609. Repealed

Historical Note
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended under an exemption from the provisions of the Administrative Procedure Act effective March 1, 1993 (Supp. 93-1). Section repealed by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1).

ARTICLE 7. STANDARDS FOR PAYMENTS

R9-28-701. Standards for Payment Related Definitions
Definitions. In this Article, in addition to definitions contained in A.R.S. §§ 36-2901 and 36-2931, and 9 A.A.C. 22, Article 1, the following phrase has the following meaning unless the context of the Article explicitly requires another meaning:
“County of fiscal responsibility” means the county that is financially responsible for the state’s share of ALTCS funding.

Historical Note
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1). Section repealed by final rulemaking at 11 A.A.R. 3165, effective October 1, 2005 (Supp. 05-3).

R9-28-701.10. General Requirements
The following Sections of A.A.C. Chapter 22, Articles 2 and 7, are applicable to reimbursement for services provided under the ALTCS program, except that the term “program contractor” shall be substituted for “contractor.”
1. Scope of the Administration’s and Contractor’s Liability, R9-22-701.10;
2. Charges to Members, R9-22-702;
3. Payments by the Administration or by a program contractor, R9-22-703 and R9-22-705;
4. Contractor’s Liability to Hospitals for the Provision of Emergency and Post-stabilization Care, R9-22-709;
5. Payment for Non-hospital services, R9-22-710;
6. Specialty Contracts, R9-22-712(G)(3), R9-22-712.01 (10) and Article 2;
The Administration shall award a contract under A.R.S. § 36-2944 and A.A.C. R9-22-603.

**Historical Note**
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

**R9-28-604. Contract or Proposal Protests; Appeals**
Contract or proposal protests or appeals shall be under A.A.C. R9-22-604 and 9 A.A.C. 34.

**Historical Note**
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

**R9-28-605. Waiver of Contractor’s Subcontract with Hospitals**
A contractor’s subcontract with hospitals may be waived under A.A.C. R9-22-605.

**Historical Note**
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

**R9-28-606. Contract Compliance Sanction**
A. The Administration shall follow sanction provisions under A.A.C. R9-22-606.

B. The Administration shall apply remedies found in 42 CFR 488, Subpart F, effective January 1, 2012, incorporated by reference and on file with the Administration and the Office of the Secretary of State, for a nursing facility that does not meet requirements of participation under 42 U.S.C. 1396c. This incorporation by reference contains no future editions or amendments.

**Historical Note**
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 2502, effective November 13, 2012 (Supp. 12-3).

**R9-28-607. Repealed**

**Historical Note**
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective November 5, 1993 (Supp. 93-4). Amended effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

**R9-28-608. Repealed**

**Historical Note**
New Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Section repealed by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

**R9-28-609. Repealed**

**Historical Note**
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended under an exemption from the provisions of the Administrative Procedure Act effective March 1, 1993 (Supp. 93-1). Section repealed by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1).

### ARTICLE 7. STANDARDS FOR PAYMENTS

**R9-28-701. Standards for Payment Related Definitions**
Definitions. In this Article, in addition to definitions contained in A.R.S. §§ 36-2901 and 36-2931, and 9 A.A.C. 22, Article 1, the following phrase has the following meaning unless the context of the Article explicitly requires another meaning:
“County of fiscal responsibility” means the county that is financially responsible for the state’s share of ALTCS funding.

**Historical Note**
Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1).

**R9-28-701.10. General Requirements**
The following Sections of A.A.C. Chapter 22, Articles 2 and 7, are applicable to reimbursement for services provided under the ALTCS program, except that the term “program contractor” shall be substituted for “contractor.”

1. Scope of the Administration’s and Contractor’s Liability, R9-22-701.10;
2. Charges to Members, R9-22-702;
3. Payments by the Administration or by a program contractor, R9-22-703 and R9-22-705;
4. Contractor’s Liability to Hospitals for the Provision of Emergency and Post-stabilization Care, R9-22-709;
5. Payment for Non-hospital services, R9-22-710;
6. Specialty Contracts, R9-22-712(G)(3), R9-22-712.01 (10) and Article 2;
7. Payments by the Administration for Hospital Services
Provided to an Eligible Person, R9-22-712; R9-22-712.01
and R9-22-712.10;
8. Overpayment and Recovery of Indebtedness, R9-22-713;
9. Payments to Providers, R9-22-714;
10. Hospital Rate Negotiations, R9-22-715; and

Historical Note
New Section made by final rulemaking at 13 A.A.R. 458,
effective April 7, 2007 (Supp. 07-1).

R9-28-702. Repealed Nursing Facility Assessment
A. For purposes of this Section, in addition to the definitions
under A.R.S. § 36-2999.51, the following terms have the fol-
lowing meaning unless the context specifically requires
another meaning:
“820 transaction” means the standard health care pre-
mium payments transaction required by 45 CFR
162.1702.
“Assessment year” means the 12 month period beginning
October 1st each year.
“Nursing Facility Assessment” means a tax paid by a
qualifying nursing facility to the Department of Revenue
on a quarterly basis established under A.R.S. § 36-
2999.52.
“Medicaid days” means days of nursing facility services
paid for by the Administration or its contractors as the
primary payor and as reported in AHCCCS’ claim and
encounter data.
“Medicare days” means resident days where the Medi-
care program, a Medicare advantage or special needs plan,
or the Medicare hospice program is the primary
payor.
“Payment year” means the 12 month period beginning
October 1st each year.”Payment year” means the 12
month period beginning October 1st each year.
B. Subject to Centers for Medicare and Medicaid Services (CMS)
approval, effective October 1, 2012, nursing facilities shall be
subject to a provider assessment payable on a quarterly basis.
C. All nursing facilities licensed in the state of Arizona shall be
subject to the provider assessment except for:
1. A continuing care retirement community,
2. A facility with 58 or fewer beds,
3. A facility designated by the Arizona Department of
Health Services as an Intermediate Care Facility for the
Mentally Retarded,
4. A tribally owned or operated facility located on a reserva-
tion, or
5. Arizona Veteran’s Homes.
D. The Administration shall calculate the prospective nursing
facility provider assessment for qualifying nursing facilities as
follows:
1. The Administration shall utilize each nursing facility’s
Uniform Accounting Report (UAR) submitted to the Ar-
izona Department of Health Services as of August 1st
the most recent and complete twelve months of adjudicated
claims and encounter data, for every combination of con-
tractor and every facility eligible for a supplemental pay-
ment, the Administration shall determine annually a ratio
equal to the number of bed days for the facility paid by
each contractor divided by the total number of bed days
paid to all facilities by all contractors and the Administra-

Historical Note
Adopted effective October 1, 1988, filed September 1,
1988 (Supp. 88-3). Amended effective September 22,
1997 (Supp. 97-3). Amended by final rulemaking at 8
A.A.R. 3340, effective July 15, 2002 (Supp. 02-3).
Amended by final rulemaking at 11 A.A.R. 3244, effective
October 1, 2005 (Supp. 05-3). Section repealed by
final rulemaking at 13 A.A.R. 458, effective April 7,
2007 (Supp. 07-1). New Section made by final rulemak-
ing at 19 A.A.R. 137, effective January 8, 2013 (Supp.
13-1). Amended by final rulemaking at 19 A.A.R. 4168,
effective February 1, 2014 (Supp. 13-4).

R9-28-703. Nursing Facility Supplemental Payments
A. Nursing Facility Supplemental Payments
1. Using Medicaid resident bed information from the
most recent and complete twelve months of adjudicated
claims and encounter data, for every combination of con-
tractor and every facility eligible for a supplemental pay-
ment, the Administration shall determine annually a ratio
equal to the number of bed days for the facility paid by
each contractor divided by the total number of bed days
paid to all facilities by all contractors and the Administra-

2. For each nursing facility, other than a nursing facility
noted in subsection (D)(3), the provider assessment is
calculated by multiplying the nursing facility’s non-
Medicare resident day data for each assessment year by
$7.50.
3. For a nursing facility with the number of annual Medicaid
days greater than or equal to the number required to
achieve a slope of at least 1 applying the uniformity tax
waiver test described in 42 CFR 433.68(e)(2), the pro-
viders assessment is calculated by multiplying the nursing
facility’s non-Medicare resident day data for each assess-
ment year by $1.00.
4. The number of annual Medicaid days used in subsection
(D)(3) shall be recalculated each August 1, to achieve a
slope of at least 1 applying the uniformity tax waiver test
described in 42 CFR 433.68(e)(2).
5. The assessment calculated under subsections (D)(2),
(D)(3) and (D)(4), shall not exceed 3.5 percent of aggre-
gate net patient service revenue of all assessed providers.
6. The Administration will forward the provider assessment
by facility to the Department of Revenue by no later than
December preceding the assessment year.
7. In the event a nursing facility closes during the assess-
ment year, the nursing facility shall cease to be responsi-
ble for the portion of the assessment applied to the dates
the nursing facility is not operating.
8. In the event a nursing facility begins operation during the
assessment year, that facility would have no responsibil-
ity for the assessment until such time as the facility has
UAR data that falls within the collection period for the
assessment calculation.
9. In the event a nursing facility has a change of ownership
such that the facility remains open and the ownership of
the facility changes, the assessment liability transfers
with the change in ownership.
3. Quarterly, each contractor shall make payments to each facility in an amount equal to 98% of the amounts identified as Nursing Facility Enhanced Payments in the 820 transaction sent from AHCCCS to the contractor for the quarter multiplied by the percentage determined in subsection (A)(2) applicable to the contractor and to each facility.

4. Quarterly, the Administration shall make payments to each facility in an amount equal to 99% of the amounts collected during the preceding quarter under R9-28-702, less amounts collected and used to fund the Nursing Facility Enhanced Payments included in the capitation paid to contractors and the corresponding federal financial participation, multiplied by the percentage determined in subsection (A)(2) applicable to the Administration and to each facility. The Administration shall make the supplemental payments to the nursing facilities within 20 calendar days of the determination of the quarterly supplemental payment.

5. Neither the Administration nor the Contractors shall be required to make quarterly payments to facilities otherwise required by subsections (A)(3) or (A)(4) until the assessment collected and actually available in the nursing facility assessment fund, plus the corresponding federal financial participation, are equal to or greater than 101% of the amount necessary for contractors to make the payments to facilities described in subsections (A)(4) and (A)(5).

6. Contractors shall not be required to make quarterly payments to facility otherwise required by subsection (A)(4) until the Administration has made a retroactive adjustment to the capitation rates paid to contractors to correct the Nursing Facility Enhanced payments based on actual member months for the specified quarter.

B. Each contractor must pay each facility the amount computed within 20 calendar days of receiving the nursing facility enhanced payment from the Administration. The contractors must confirm each payment and payment date to the Administration within 20 calendar days from receipt of the funds.

C. After each assessment year, the Administration shall reconcile the payments made by contractors under subsection (A) and (B) to the portion of the annual collections under R9-28-702 attributable to Medicaid resident bed days paid for by contractors for the same year, less one percent, plus available federal financial participation. The proportion of each nursing facility’s Medicaid resident bed days as described in subsection (A)(2)(ii) shall be used to calculate the reconciliation amounts. Contractors shall make additional payments to or recoup payments from nursing facilities based on the reconciliation in compliance with the requirements of subsection (B).

D. General requirements for all payments.

1. A facility must be open on the date the supplemental payment is made in order to receive a payment. In the event a nursing facility closes during the assessment year, the nursing facility shall cease to be eligible for supplemental payments.

2. In the event a nursing facility begins operation during the assessment year, that facility shall not receive a supplemental payment until such time as the facility has claims and encounter data that falls within the collection period for the payment calculation.

3. In the event a nursing facility has a change of ownership, payments shall be made to the owner of the facility as of the date of the supplemental payment.

4. Subsection (E)(3) shall not be interpreted to prohibit the current and prior owner from agreeing to a transfer of the payment from the current owner to the prior owner.

E. The Arizona Veterans’ Homes are not eligible for supplemental payments.

R9-28-711. Repealed

Historical Note

R9-28-712. County of Fiscal Responsibility

A. General requirements.
   1. The Administration shall determine the county of fiscal responsibility under A.R.S. § 36-2913 for an applicant or member who is elderly or physically disabled.
   2. A program contractor shall cover services and provisions specified in 9 A.A.C. 22, Articles 2 and 7 and Article 11 of this Chapter.

B. Criteria for determining county of fiscal responsibility for an applicant.
   1. If the applicant resides in the applicant’s own home, the county of fiscal responsibility is the county where the applicant currently resides.
   2. This applies only if subsection (B)(3) does not apply. If the applicant is residing in a NF or alternative HCBS setting, the county of fiscal responsibility is the county in which the applicant last resided in the applicant’s own home.
   3. If the applicant moves from another state directly into a NF or alternative HCBS setting in this state, the county of fiscal responsibility is the county in which the person currently resides.
   4. If the applicant moves from the Arizona State Hospital (ASH) into a NF or alternative HCBS setting, or is an inmate of a public institution moving from the public institution into a NF or alternative HCBS setting, the county of fiscal responsibility is the county in which the applicant resided in the applicant’s own home prior to admission to ASH or the public institution.

C. Criteria for determining if there is a change in county of fiscal responsibility for a member moving from one county to another county.
   1. No change in the county of fiscal responsibility. There is no change in the county of fiscal responsibility for a member if:
      a. The member moves from a NF to another NF in a different county,
      b. The member moves from a NF to an alternative HCBS setting in a different county,
      c. The member moves from an alternative HCBS setting to another alternative HCBS setting in a different county,
      d. The member moves from an alternative HCBS setting to a NF in a different county,
      e. The member moves from the member’s own home to an alternative HCBS setting in a different county,
      f. The member moves from the member’s own home to a NF in a different county,
      g. The member moves from a NF or alternative HCBS setting into ASH, or
      h. The member moves from ASH to a NF or alternative HCBS setting.
   2. Change in the county of fiscal responsibility. If a member moves from one county to another, the county of fiscal responsibility changes to the new county if the member moves from:
      a. An alternative HCBS setting to the member’s own home in a different county,
      b. A NF to the member’s own home in a different county,
      c. The member’s own home to the member’s own home in a different county, or
      d. ASH to the member’s own home.
   3. Transfers between program contractors. The county of fiscal responsibility changes if the Administration transfers a member from one program contractor to a different program contractor and if:
      a. Both program contractors agree, or
      b. The Administration determines that it is in the best interest of the member.

ARTICLE 8. TEFRA LIENS AND RECOVERIES

R9-28-801. Definitions Related to TEFRA Liens

In addition to the definitions in A.R.S. §§ 36-2901 and 36-2931, 9 A.A.C. 22, Article 1, and 9 A.A.C. 28, Article 1, the following definitions apply to this Article:

“Consecutive days” means days following one after the other without an interruption resulting from a discharge.

“File” means the date that AHCCCS receives a request for a State Fair Hearing under R9-28-805, as established by a date stamp on the request or other record of receipt.

“Home” means property in which a member has an ownership interest and that serves as the member’s principal place of residence. This property includes the shelter in which a member resides, the land on which the shelter is located, and related outbuildings.

“Recover” means that AHCCCS takes action to collect from a claim.

Historical Note

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective November 5, 1993 (Supp. 93-4). Section repealed; new Section adopted effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 3365, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 820, effective April 3, 2004 (Supp. 04-1). New Section made by final rulemaking at 14 A.A.R. 3791, effective November 8, 2008 (Supp. 08-3).

R9-28-801.01. TEFRA Liens – General

Purpose. The purpose of TEFRA is to allow AHCCCS to file a lien on an AHCCCS member’s interest in any real property before the member is deceased, including but not limited to life estates and beneficiary deeds.

Historical Note

New Section made by final rulemaking at 14 A.A.R. 3791, effective November 8, 2008 (Supp. 08-3).

R9-28-802. TEFRA Liens – Affected Members

A. Except for members under R9-28-803, AHCCCS shall file a TEFRA lien against the real property of all members who are:

1. Receiving ALTCS services,
2. 55 years of age or older, and
3. Permanently institutionalized.

B. A rebuttable presumption exists that a member is permanently institutionalized if the member has continually resided in a nursing facility, ICF/MR, or other medical institution defined in 42 CFR 435.1010 for 90 or more consecutive days. A member may rebut the presumption by providing a written opinion from a treating physician, rendered to a reasonable degree of medical certainty, that the member’s condition is likely to improve to the point that the member will be discharged from the medical institution and will be capable of returning home by a date certain.

Historical Note

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective November 5, 1993 (Supp. 93-4). Section repealed; new Section adopted effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 3365, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 820, effective April 3, 2004 (Supp. 04-1). New Section made by final rulemaking at 14 A.A.R. 3791, effective November 8, 2008 (Supp. 08-3).

R9-28-803. TEFRA Liens – AHCCCS Notice of Intent

A. Time-frame. At least 30 days before filing a TEFRA lien, AHCCCS shall send the member or member’s representative a Notice of Intent describing the factual basis for a claim that the member’s home is lawfully residing in the member’s home:

1. Member’s spouse;
2. Member’s child who is under the age of 21;
3. Member’s child who is blind or disabled under 42 U.S.C. 1382c;
4. Member’s sibling who has an equity interest in the home and who is residing in the member’s home for at least one year immediately before the date the member was admitted to a nursing facility, ICF/MR, or other medical institution as defined under 42 CFR 435.1010.

Historical Note

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Section repealed; new Section adopted effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 3365, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 820, effective April 3, 2004 (Supp. 04-1). New Section made by final rulemaking at 14 A.A.R. 3791, effective November 8, 2008 (Supp. 08-3).

R9-28-804. TEFRA Liens – AHCCCS Notice of Intent

A. Time-frame. At least 30 days before filing a TEFRA lien, AHCCCS shall send the member or member’s representative a Notice of Intent.

B. Content of the Notice of Intent. The Notice of Intent shall include the following information:

1. A description of a TEFRA lien and the action that AHCCCS intends to take,
2. How a TEFRA lien affects a member’s property,
3. The legal authority for filing a TEFRA lien,
4. The time-frames and procedures involved in filing a TEFRA lien, and
5. The member’s right to request an exemption.

C. Request for exemption. A member or a member’s representative may request an exemption. To request an exemption the member or the member’s representative shall submit a written statement to AHCCCS within 30 days from the receipt of the Notice of Intent describing the factual basis for a claim that the property should be exempt from placement of a TEFRA lien or from recovery of lien based on R9-28-802, R9-28-803, or R9-
36-2932. Arizona long-term care system; powers and duties of the director; expenditure limitation

A. The Arizona long-term care system is established. The system includes the management and delivery of hospitalization, medical care, institutional services and home and community based services to members through the administration, the program contractors and providers pursuant to this article together with federal participation under title XIX of the social security act. The director in the performance of all duties shall consider the use of existing programs, rules and procedures in the counties and department where appropriate in meeting federal requirements.

B. The administration has full operational responsibility for the system, which shall include the following:

1. Contracting with and certification of program contractors in compliance with all applicable federal laws.

2. Approving the program contractors' comprehensive service delivery plans pursuant to section 36-2940.

3. Providing by rule for the ability of the director to review and approve or disapprove program contractors' requests for proposals for providers and provider subcontracts.

4. Providing technical assistance to the program contractors.

5. Developing a uniform accounting system to be implemented by program contractors and providers of institutional services and home and community based services.

6. Conducting quality control on eligibility determinations and preadmission screenings.

7. Establishing and managing a comprehensive system for assuring the quality of care delivered by the system as required by federal law.

8. Establishing an enrollment system.

9. Establishing a member case management tracking system.

10. Establishing and managing a method to prevent fraud by applicants, members, eligible persons, program contractors, providers and noncontracting providers as required by federal law.

11. Coordinating benefits as provided in section 36-2946.

12. Establishing standards for the coordination of services.

13. Establishing financial and performance audit requirements for program contractors, providers and noncontracting providers.

14. Prescribing remedies as required pursuant to 42 United States Code section 1396r. These remedies may include the appointment of temporary management by the director, acting in collaboration with the director of the department of health services, in order to continue operation of a nursing care institution providing services pursuant to this article.

15. Establishing a system to implement medical child support requirements, as required by federal law. The administration may enter into an intergovernmental agreement with the department of economic security to implement this paragraph.

16. Establishing requirements and guidelines for the review of trusts for the purposes of establishing eligibility for the system pursuant to section 36-2934.01 and posteligibility treatment of income pursuant to subsection L of this section.
17. Accepting the delegation of authority from the department of health services to enforce rules that prescribe minimum certification standards for adult foster care providers pursuant to section 36-410, subsection B. The administration may contract with another entity to perform the certification functions.

18. Assessing civil penalties for improper billing as prescribed in section 36-2903.01, subsection K.

C. For nursing care institutions and hospices that provide services pursuant to this article, the director shall contract periodically as deemed necessary and as required by federal law for a financial audit of the institutions and hospices that is certified by a certified public accountant in accordance with generally accepted auditing standards or conduct or contract for a financial audit or review of the institutions and hospices. The director shall notify the nursing care institution and hospice at least sixty days before beginning a periodic audit. The administration shall reimburse a nursing care institution or hospice for any additional expenses incurred for professional accounting services obtained in response to a specific request by the administration. On request, the director of the administration shall provide a copy of an audit performed pursuant to this subsection to the director of the department of health services or that person's designee.

D. Notwithstanding any other provision of this article, the administration may contract by an intergovernmental agreement with an Indian tribe, a tribal council or a tribal organization for the provision of long-term care services pursuant to section 36-2939, subsection A, paragraphs 1, 2, 3 and 4 and the home and community based services pursuant to section 36-2939, subsection B, paragraph 2 and subsection C, subject to the restrictions in section 36-2939, subsections D and E for eligible members.

E. The director shall require as a condition of a contract that all records relating to contract compliance are available for inspection by the administration subject to subsection F of this section and that these records are maintained for five years. The director shall also require that these records are available on request of the secretary of the United States department of health and human services or its successor agency.

F. Subject to applicable law relating to privilege and protection, the director shall adopt rules prescribing the types of information that are confidential and circumstances under which that information may be used or released, including requirements for physician-patient confidentiality. Notwithstanding any other law, these rules shall provide for the exchange of necessary information among the program contractors, the administration and the department for the purposes of eligibility determination under this article.

G. The director shall adopt rules to specify methods for the transition of members into, within and out of the system. The rules shall include provisions for the transfer of members, the transfer of medical records and the initiation and termination of services.

H. The director shall adopt rules that provide for withholding or forfeiting payments made to a program contractor if it fails to comply with a provision of its contract or with the director's rules.

I. The director shall:

1. Establish by rule the time frames and procedures for all grievances and requests for hearings consistent with section 36-2903.01, subsection B, paragraph 4.

2. Apply for and accept federal monies available under title XIX of the social security act in support of the system. In addition, the director may apply for and accept grants, contracts and private donations in support of the system.

3. Not less than thirty days before the administration implements a policy or a change to an existing policy relating to reimbursement, provide notice to interested parties. Parties interested in receiving notification of policy changes shall submit a written request for notification to the administration.

J. The director may apply for federal monies available for the support of programs to investigate and prosecute violations arising from the administration and operation of the system. Available state monies appropriated for
the administration of the system may be used as matching monies to secure federal monies pursuant to this subsection.

K. The director shall adopt rules that establish requirements of state residency and qualified alien status as prescribed in section 36-2903.03. The administration shall enforce these requirements as part of the eligibility determination process. The rules shall also provide for the determination of the applicant's county of residence for the purpose of assignment of the appropriate program contractor.

L. The director shall adopt rules in accordance with the state plan regarding posteligibility treatment of income and resources that determine the portion of a member's income that shall be available for payment for services under this article. The rules shall provide that a portion of income may be retained for:

1. A personal needs allowance for members receiving institutional services of at least fifteen per cent of the maximum monthly supplemental security income payment for an individual or a personal needs allowance for members receiving home and community based services based on a reasonable assessment of need.

2. The maintenance needs of a spouse or family at home in accordance with federal law. The minimum resource allowance for the spouse or family at home is twelve thousand dollars adjusted annually by the same percentage as the percentage change in the consumer price index for all urban consumers (all items; United States city average) between September 1988 and the September before the calendar year involved.

3. Expenses incurred for noncovered medical or remedial care that are not subject to payment by a third party payor.

M. In addition to the rules otherwise specified in this article, the director may adopt necessary rules pursuant to title 41, chapter 6 to carry out this article. Rules adopted by the director pursuant to this subsection may consider the differences between rural and urban conditions on the delivery of services.

N. The director shall not adopt any rule or enter into or approve any contract or subcontract that does not conform to federal requirements or that may cause the system to lose any federal monies to which it is otherwise entitled.

O. The administration, program contractors and providers may establish and maintain review committees dealing with the delivery of care. Review committees and their staff are subject to the same requirements, protections, privileges and immunities prescribed pursuant to section 36-2917.

P. If the director determines that the financial viability of a nursing care institution or hospice is in question, the director may require a nursing care institution and a hospice providing services pursuant to this article to submit quarterly financial statements within thirty days after the end of its financial quarter unless the director grants an extension in writing before that date. Quarterly financial statements submitted to the department shall include the following:

1. A balance sheet detailing the institution's assets, liabilities and net worth.

2. A statement of income and expenses, including current personnel costs and full-time equivalent statistics.

Q. The director may require monthly financial statements if the director determines that the financial viability of a nursing care institution or hospice is in question. The director shall prescribe the requirements of these statements.

R. The total amount of state monies that may be spent in any fiscal year by the administration for long-term care shall not exceed the amount appropriated or authorized by section 35-173 for that purpose. This article shall not be construed to impose a duty on an officer, agent or employee of this state to discharge a responsibility or to create any right in a person or group if the discharge or right would require an expenditure of state monies in excess of the expenditure authorized by legislative appropriation for that specific purpose.
36-2943. Provider subcontracts; hospital reimbursement

A. Subcontracts for services rendered by providers pursuant to section 36-2940 shall be awarded through competitive statewide proposals in as nearly the same manner as that provided in section 41-2534. If there is not a sufficient number of qualified proposals, a subcontract may be negotiated with a provider and shall be awarded pursuant to section 41-2536. In order to deliver covered services to members enrolled or expected to be enrolled in the system within a county, the program contractor may negotiate and award without bid a provider subcontract if during the contract year there is an insufficient number of subcontracts awarded to providers. The term of the subcontract shall not extend beyond the next bid and subcontract award process as provided in this section, and the subcontract shall be at rates no greater than the weighted average rates for the appropriate level of care paid to similar providers in the same county. This section does not allow a program contractor to forego the competitive bid process pursuant to section 41-2534 unless there is an unanticipated increase in members enrolled in the system or a decrease in available beds brought about by the closure of a facility operated by a provider that is unable to be absorbed by current contracting providers located in the same general area. Before soliciting subcontracts without the competitive bid process, the program contractor shall receive approval from the director.

B. Hospitals that render care to members shall be paid by the program contractor as prescribed in section 36-2903.01, or such lower rate as may be negotiated by the program contractor.

C. The director may ensure through the subcontracts pursuant to subsection A of this section that at least ten per cent of the members are provided services pursuant to this article on a capitation basis.

D. A claim for an authorized service submitted by a licensed skilled nursing facility, an assisted living Arizona long-term care system provider or a home and community based Arizona long-term care system provider that renders care to members pursuant to this article shall be adjudicated within thirty calendar days after receipt by the program contractor. Any clean claim for an authorized service provided to a member that is not paid within thirty calendar days after the claim is received accrues interest at the rate of one per cent per month from the date the claim is submitted. The interest is prorated on a daily basis and must be paid by the program contractor at the time the clean claim is paid.
36-2944. Qualified plan health service contracts; proposals; administration; contract terms

A. For each county that has a population of four hundred thousand persons or less according to the most recent United States decennial census and that was not approved as a program contractor before January 1, 1994 or that officially states that it wishes to end its status as a program contractor, the director at least every five years shall prepare and issue a request for proposal and a proposed contract format to qualified group disability insurers, hospital and medical service corporations, health care services organizations and any other qualified public or private persons to be a program contractor and provide services pursuant to this article on a capitation rate basis to members who are enrolled with the program contractors by the system, who are not persons with developmental disabilities as defined in section 36-551 and who are residents of the county at the time of application for the system.

B. The director may adopt rules regarding the request for proposal process which provide:

1. For the award of contracts by categories of members or services in order to secure the most financially advantageous proposals for the system.

2. That each qualified proposal shall be entered with separate categories for the distinct groups of members or services to be covered by the proposed contracts, as set forth in the request for proposal.

3. For the procurement of reinsurance for expenses incurred by any program contractor, any member or the system in providing services in excess of amounts specified by the director in any contract year.

4. For second round competitive proposals to request voluntary price reduction of proposals from only those proposals that have been tentatively selected for award, before the final award or rejection of proposals.

C. Contracts shall be awarded as otherwise provided by law, except that in no event may a contract be awarded to any program contractor which will cause the system to lose any federal monies to which it is otherwise entitled.

D. After contracts are awarded pursuant to this section, the director may negotiate with any successful proposal respondent for the expansion or contraction of services or service areas if there are unnecessary gaps or duplications in services or service areas.

E. Payments to program contractors pursuant to this section shall be made monthly or quarterly and may be subject to contract provisions requiring the retention of a specified percentage of the payment by the director, a reserve fund or other contract provisions by which adjustments to the payments are made based on utilization efficiency, including incentives for maintaining quality care and minimizing unnecessary inpatient services. Reserve funds withheld from contracts shall be distributed to program contractors who meet performance standards established by the director. Any reserve fund established pursuant to this subsection shall be established as a separate account within the Arizona long-term care system fund.

F. Payments made pursuant to this section shall begin after a member is enrolled in the system.

G. Each program contractor pursuant to this section shall submit an annual audited financial and programmatic report for the preceding fiscal year as required by the administration. The report shall include beginning and ending fund balances, revenues and expenditures including specific identification of administrative costs. The report shall include the number of members served by the program contractor and the cost incurred for various types of services provided to members in a format prescribed by the director.

H. The director shall require contract terms necessary to ensure adequate performance by the program contractor of the provisions of each contract executed pursuant to this section. Contract provisions required by the director shall include the maintenance of deposits, performance bonds, financial reserves or other financial security.
A. The department shall contract with an independent consulting firm for an annual study of the adequacy and appropriateness of title XIX reimbursement rates to service providers for the persons with developmental disabilities program of both the Arizona long-term care system and the state only program. The consultant shall also include a recommendation for annual inflationary costs. Unless modified in response to federal or state law, the independent consulting firm shall include, in its recommendation, costs arising from amendments to existing contracts. The department may require, and the department's contracted providers shall provide, financial data to the department in the format prescribed by the department to assist in the study. A complete study of reimbursement rates shall be completed no less than once every five years.

B. Capitation rate adjustments shall be limited to utilization of existing services and inflation unless policy changes, including creation or expansion of programs, have been approved by the legislature or are specifically required by federal law or court mandate.

C. The administration shall contract with an independent consulting firm for an annual study of the adequacy and appropriateness of title XIX reimbursement rates to service providers for the elderly and physical disability program of the Arizona long-term care system. The administration may require, and the administration's contracted providers shall provide, financial data to the administration in the format prescribed by the administration to assist in the study. A complete study of reimbursement rates shall be completed no less than once every five years. In determining the adequacy of the rates in the five year study, the consulting firm shall examine in detail the costs associated with the delivery of services, including programmatic, administrative and indirect costs in providing services in rural and urban Arizona.

D. The department and the administration shall provide each of their reports to the joint legislative budget committee and the administration by October 1 of each year.

E. The department shall include the results of the study in its yearly capitation rate request to the administration.

F. If results of the study are not completely incorporated into the capitation rate, the administration shall provide a report to the joint legislative budget committee within thirty days of setting the final capitation rate, including reasons for differences between the rate and the study.
36-2999.51. Definitions

(Rpld. 10/1/23)

In this article, unless the context otherwise requires:

1. "Continuing care retirement community" means an entity that provides nursing facility services and assisted living or independent living services on a contiguous campus that is either registered as a life care facility with the department of insurance and financial institutions or has assisted living and independent living beds in the aggregate that equal at least twice the number of nursing facility beds. For the purposes of this paragraph, "contiguous" means land that adjoins or touches the other property held by the same or a related organization and land divided by a public road.

2. "Fiscal year" means the period beginning on October 1 and ending on September 30.

3. "Medicare resident days" means resident days that are funded by the medicare program, a medicare advantage or special needs plan or the medicare hospice program.

4. "Net patient service revenue" means gross inpatient revenues from services that are provided to nursing facility patients minus reductions from gross inpatient revenue. For the purposes of this paragraph, inpatient revenues from services do not include nonpatient care revenues such as beauty and barber income, vending income, interest and contributions, revenues from the sale of meals and all outpatient revenues.

5. "Nursing facility" means a health care institution that provides inpatient beds or resident beds and nursing services to persons who need nursing services on a continuing basis but who do not require hospital care or direct daily care from a physician. Nursing facility does not include the Arizona veterans' homes.

6. "Reductions from gross inpatient revenue" includes bad debts, contractual adjustments, uncompensated care, administrative, courtesy and policy discounts, adjustments and other similar revenue deductions.

7. "Resident day" means a calendar day of care provided to a nursing facility resident, including the day of admission and excluding the day of discharge. Resident day includes a day on which a bed is held for a patient and for which the facility receives compensation for holding the bed.

8. "Upper payment limit" means the limitation established pursuant to 42 Code of Federal Regulations section 447.272 that disallows federal matching funds if a state medicaid agency pays certain classes of nursing facilities an aggregate amount for services that would exceed the amount that would be paid for the same services furnished by that class of nursing facilities under medicare payment principles.
Summary

This Five-Year Review Report (5YRR) from the Arizona Health Care Cost Containment System (AHCCCS) relate to six (6) rules in Title 9, Chapter 22, Article 6 (RFP and Contract Process) and fifty-three (53) rules in Article 7 (Standards for Payments).

The rules in Article 6 relate to Request for Proposal (RFP) and contract process generally. Pursuant to A.R.S. § 36-2906, the director shall prepare and issue a request for proposal, including a proposed contract format, in each of the counties of this state, at least once every five years, to qualified group disability insurers, hospital and medical service corporations, health care services organizations and any other qualified public or private persons, including county-owned and operated health care facilities. The director shall adopt rules regarding the request for proposal process, which was done in Title 9, Chapter 22, Article 6. The rules in Article 7 relate to general standards for payments.

In the previous 5YRR for these rules, approved by the Council in November 2017, with regards to the rules in Article 7, AHCCCS indicated that it was "currently in the process of amending the [Diagnosis Related Group] rules to rebase the components of the DRG system using updated claims and encounter data" and would also "update the version of the All Patient Refined Diagnosis Related Group (APR-DRG) classification system established by 3M Health.
Information Systems for dates of discharge beginning January 1, 2018.” AHCCCS indicates it completed this proposed course of action by rulemaking subsequent to the prior 5YRR.

**Proposed Action**

As indicated in more detail below, AHCCCS intends to complete a rulemaking to address rules in Article 6 related to the RFP process that it believes are not currently effective in achieving their regulatory objectives and not enforced as written. AHCCCS indicates the proposed amendments are intended to: 1) Clarify the current RFP process wherein there are ambiguities, and 2) align AHCCCS’s process to best practice and other state procurement laws. AHCCCS indicates it will request a rulemaking exemption to make these changes within a month of this 5YRR being approved by the Council.

1. **Has the agency analyzed whether the rules are authorized by statute?**

   AHCCCS cites both general and specific authority for these rules.

2. **Summary of the agency’s economic impact comparison and identification of stakeholders:**

   In the prior economic impact statement, AHCCCS stated that the amendments are primarily made to make the rules more clear, concise, and understandable. Minimal impact was anticipated. The small business community as a whole was not impacted by the clarifications. All affected entities benefit from the additional clarity and conciseness of the rule language. AHCCCS and contractors are also directly affected by and benefit from the clarifications.

   AHCCCS indicates there has been no noticeable change in the economic impact on small businesses or consumers of these regulations, in this case the offerors to the agency’s RFPs. This is because the prior rulemaking in 2012 enacted changes to streamline the RFP process for offerors. Since then, the rules have continued to operate as they were intended, are clear, concise, and understandable.

   The rule changes represent the most cost-effective and efficient method of fulfilling the agency’s responsibilities and impose only those requirements that are necessary to comply with federal law and state statute.

3. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

   For Article 6, AHCCCS believes the rules as written impose the least burden and cost when meeting their objectives. For Article 7, AHCCCS did not consider other alternatives because the changes are the most cost effective and efficient method of complying with federal law and state statute.

4. **Has the agency received any written criticisms of the rules over the last five years?**
AHCCCS indicates it has not received written criticisms of the rules in the last five years.

5. **Has the agency analyzed the rules’ clarity, conciseness, and understandability?**

AHCCCS indicates the rules are clear, concise, and understandable.

6. **Has the agency analyzed the rules’ consistency with other rules and statutes?**

AHCCCS indicates the rules are consistent with other rules and statutes.

7. **Has the agency analyzed the rules’ effectiveness in achieving its objectives?**

AHCCCS indicates the rules are generally effective in achieving their objectives. However, AHCCCS indicates rule R9-22-601 could be made more effective by amending the rule to remove the term “bids/offers” with “submitted proposals.”

8. **Has the agency analyzed the current enforcement status of the rules?**

AHCCCS indicates the rules are generally enforced as written except for the following rules:

- R9-22-602
- R9-22-603
- R9-22-604

The amendments AHCCCS proposes to make regarding these rules are outlined in Section 5 of the 5YRR.

9. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

AHCCCS indicates the rules are not more stringent than corresponding federal law.

10. **For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

Not applicable. The rules do not require a permit, license, or agency authorization.

11. **Conclusion**

This 5YRR relates to six (6) rules in Title 9, Chapter 22, Article 6 (RFP and Contract Process) and fifty-three (53) rules in Article 7 (Standards for Payments). AHCCCS indicates the rules are generally clear, concise, understandable, consistent, effective, and enforced as written, except for rules R9-22-601 through 604. For those rules AHCCCS intends to amend to clarify the current RFP process wherein there are ambiguities and align AHCCCS’s process to best
practice and other state procurement laws. AHCCCS indicates it intends to request a rulemaking exemption to make these changes within a month of this 5YRR being approved by the Council.

Council staff recommends approval of this report.

RE: AHCCCS Title 9, Chapter 22, Article 6, Five Year Review Report

Dear Ms. Sornsin:

Please find enclosed the Five-Year Review Report of AHCCCS for Title 9, Chapter 22, Article 6 which is due on January 31, 2022.

AHCCCS hereby certifies compliance with A.R.S. 41-1091.

For questions about this report, please contact Nicole Fries at 602-417-4232 or nicole.fries@azahcccs.gov.

Sincerely,

Kasey Rogg  
Assistant Director

1. **Authorization of the rule by existing statutes**

   General Statutory Authority: A.R.S. § 36-2903.01(F)
   Implementing statute: A.R.S. § 36-2906

2. **The objective of each rule:**

<table>
<thead>
<tr>
<th>Rule</th>
<th>Objective</th>
</tr>
</thead>
<tbody>
<tr>
<td>R9-22-601</td>
<td>The objective of this rule is to list the authority for the Request for Proposal (RFP) and describe the applicability of Article 6.</td>
</tr>
<tr>
<td>R9-22-602</td>
<td>The objective of this rule is to prescribe the contents of the RFP and the proposal process.</td>
</tr>
<tr>
<td>R9-22-603</td>
<td>The objective of this rule is to prescribe the process the Administration follows when awarding contracts.</td>
</tr>
<tr>
<td>R9-22-604</td>
<td>The objective of these rules is to prescribe the means of protesting an RFP or award including the administrative appeal process.</td>
</tr>
<tr>
<td>R9-22-605</td>
<td>The objective of this rule is to prescribe means by which an offeror or contractor may request from the Director a waiver of the requirement for hospital subcontracts.</td>
</tr>
<tr>
<td>R9-22-606</td>
<td>The objective of this rule is to prescribe sanctions the Director may impose on contractors for noncompliance and the factors considered when doing so.</td>
</tr>
</tbody>
</table>

3. **Are the rules effective in achieving their objectives?**

   Yes _X__    No __

   Except:

<table>
<thead>
<tr>
<th>Rule</th>
<th>Objective</th>
</tr>
</thead>
<tbody>
<tr>
<td>R9-22-601</td>
<td>Replace bids/offers with submitted proposals</td>
</tr>
</tbody>
</table>

4. **Are the rules consistent with other rules and statutes?**

   Yes _X__    No __

5. **Are the rules enforced as written?**

   Yes _X__    No __

   Except:

<table>
<thead>
<tr>
<th>Rule</th>
<th>Objective</th>
</tr>
</thead>
<tbody>
<tr>
<td>R9-22-602</td>
<td>Remove “The Administration shall not request best and final offers more than once unless the Administration determines that it is advantageous to the state to request additional best and final offers.” from subsection B(8) because ADOA (Arizona Department of Administration) has removed this language from their rules and AHCCCS would like to align with state best practices for procurement. Add “or other scope of work as applicable,” to subsection A(2). Add “or post such information publicly with the solicitation” to subsection B(1). Change and in subsection B(3) to and/or. Change proposal to RFP in subsection D</td>
</tr>
<tr>
<td>R9-22-603</td>
<td>Update references to contract file to procurement file.</td>
</tr>
</tbody>
</table>
Add “to an RFP” to subsection C.
Remove “or contract” from subsection C(2).
Add “3. The protest must be submitted to the procurement office by email unless otherwise allowed for in the RFP Instructions to Offerors.” to subsection C.
Change D to “Time for filing a RFP protest”.
Add “4. A protest is due by 5:00pm Arizona time on the due date. If the due date does not fall on a business day, the protest is due on the next business day.” to subsection D.
Add “Unless extended by a time period not to exceed 30 days under G(3)” to subsection G(1).
Add “electronic mail” to subsection G(2).
Change G(3) to read “The Administration may extend, for good cause, the time-limit for a decision in subsection (G)(1) by an additional time frame not to exceed 30 days. The procurement officer shall notify the protester in writing that the time for the issuance of a decision has been extended and the date by which a decision shall be issued.”

6. Are the rules clear, concise, and understandable?  
   Yes X  No 

7. Has the agency received written criticisms of the rules within the last five years?  
   Yes  No X

8. Economic, small business, and consumer impact comparison:
   There has been no noticeable change in economic impact on small businesses or consumers of these regulations, in this case the offerors to the agency’s RFPs (Request for Proposal). This is because the prior rulemaking in 2012 enacted changes to streamline the RFP process for offerors. Since then, the rules have continued to operate as they were intended, are clear, concise, and understandable. The changes recommended in this Five-Year Review Report have the same intention of streamlining the RFP process by updating the time for submissions and allowing correspondence, explicitly by e-mail, a practice already enacted by the agency. Therefore, the changes recommended in this report will have no economic impact on the agency or participants in the agency’s RFP process.

9. Has the agency received any business competitiveness analyses of the rules?  
   Yes  No X

10. Has the agency completed the course of action indicated in the agency’s previous five-year-review report?

11. A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:
   The Administration believes the rules as written impose the least burden and cost when meeting their objectives.

12. Are the rules more stringent than corresponding federal laws?  
   Yes  No X

13. For rules adopted after July 29, 2010, that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:
   Not applicable.
14. **Proposed course of action:**

Following GRRC approval of this Five-Year Review Report, AHCCCS plans to undertake a workgroup with internal stakeholders in the RFP process to determine whether larger changes are made to the RFP process. Since any substantive changes to the RFP process could implicate the eligibility of contractors’ proposals, AHCCCS plans to undertake a regular rulemaking that allows for full participation by the public.

The objective of this rule is to set forth the requirements for the hospital assessment levied against hospitals pursuant to ARS 36-2901.08.

3. **Are the rules effective in achieving their objectives?**  
   Yes _X__  No __

4. **Are the rules consistent with other rules and statutes?**  
   Yes _X__  No __

5. **Are the rules enforced as written?**  
   Yes _X__  No __

6. **Are the rules clear, concise, and understandable?**  
   Yes _X__  No __

7. **Has the agency received written criticisms of the rules within the last five years?**  
   Yes __  No _X_

8. **Economic, small business, and consumer impact comparison:**  
   The rules in this article change often, some change annually. However much of the economic change, does not have a corresponding economic impact on the public because the costs are offset by legislative appropriations or federal-match funds made by the Center for Medicare and Medicaid Services. Economic differences between the programs outlined in these rulemakings can fluctuate annually based on several factors, which are outlined in each unique rulemaking. An example of these factors can be found in the Economic Impact Statement of the most recent rulemaking in this article, which has been attached to this 5YRR. However, for this article, there has not been a substantive economic impact since the last 5YRR.

9. **Has the agency received any business competitiveness analyses of the rules?**  
   Yes __  No _X_

10. **Has the agency completed the course of action indicated in the agency’s previous five-year-review report?**  
    Yes, the prior course of action has been implemented in successive rulemakings following the last 5YRR.

11. **A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:**  
    The Administration believes the rules as written impose the least burden and cost when meeting their objectives.

12. **Are the rules more stringent than corresponding federal laws?**  
    Yes ___  No X

13. **For rules adopted after July 29, 2010, that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:**  
    Not applicable.
14. **Proposed course of action:**

The agency did not recommend any changes to the article, therefore there is no proposed course of action.
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

R9-22-525. Repealed

Historical Note
Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-525 adopted as an emergency adopted, amended and renumbered as Section R9-22-523, former Section R9-22-527 adopted as an emergency now adopted, amended and renumbered as Section R9-22-525 as a permanent rule effective August 30, 1982 (Supp. 82-4). Repealed effective October 1, 1985 (Supp. 85-5).

R9-22-526. Renumbered

Historical Note

R9-22-527. Renumbered

Historical Note

R9-22-528. Renumbered

Historical Note

R9-22-529. Renumbered

Historical Note
Adopted as Section R9-22-529 effective October 1, 1985, then renumbered as Section R9-22-1002 effective October 1, 1985 (Supp. 85-5).

ARTICLE 6. RFP AND CONTRACT PROCESS

A. The Director has full operational authority to adopt rules for the RFP process and the award of contracts under A.R.S. § 36-2906.
B. This Article applies to the award of contracts under A.R.S. §§ 36-2904 and 36-2906 to provide services under A.R.S. § 36-2907 and the expenditure of public monies by the Administration pertaining to covered services when the procurement so states. The Administration shall establish conflict-of-interest safeguards for officers and employees of this state with responsibilities relating to contracts that comply with 42 U.S.C. 1396a-2(d)(3).
C. The Administration is exempt from the procurement code under A.R.S. § 41-2501.
D. The Administration and contractors shall retain all contract records for five years under A.R.S. § 36-2903 and dispose of the records under A.R.S. § 41-2550.
E. The following terms are defined as related to this Article:

"Procurement file" means the official records file of the Director whether located in the Office of the Director or at the public procurement unit. The procurement file shall include in electronic or paper form a list of notified vendors, final solicitation, solicitation amendments, bids/offers, final proposal revisions, clarifications, and final evaluation report.

Historical Note

R9-22-602. RFP
A. RFP content. The Administration shall include the following items in any RFP under this Article:
1. Instructions and information to an offeror concerning the proposal submission including:
   a. The deadline for submitting a proposal,
   b. The address of the office at which a proposal is to be received,
   c. The period during which the RFP remains open, and
   d. Any special instructions and information;
2. The scope of covered services under Article 2 of this Chapter and A.R.S. §§ 36-2906 and 36-2907, covered populations, geographic coverage, service and performance requirements, and a delivery or performance schedule;
3. The contract terms and conditions, including bonding or other security requirements, if applicable;
4. The factors used to evaluate a proposal;
5. The location and method of obtaining documents that are incorporated by reference in the RFP;
6. A requirement that the offeror acknowledge receipt of all RFP amendments issued by the Administration;
7. The type of contract to be used and a copy of a proposed contract form or provisions;
8. The length of the contract service;
9. A requirement for cost or pricing data;
10. The minimum RFP requirements; and
11. A provision requiring an offeror to certify that a submitted proposal does not involve collusion or other anti-competitive practices.
B. Proposal process.
1. After the deadline for submitting proposals, the Administration may open a proposal publicly and announce and record the name of the offeror. The Administration shall keep all other information contained in a proposal confidential. The Administration shall open a proposal for public inspection after contract award unless the Administration determines that disclosure is not in the best interest of the state.
2. The Administration shall evaluate a proposal based on the GSA and the evaluation factors listed in the RFP.
3. The Administration may initiate discussions with a responsive and responsible offeror to clarify and assure full understanding of an offeror's proposal. The Administration shall provide an offeror fair treatment with respect
to discussion and revision of a proposal. The Administration shall not disclose information derived from a proposal submitted by a competing offeror.

4. The Administration shall allow for the adjustment of covered services by expansion, deletion, segregation, or combination in order to secure the most financially advantageous proposals for the state.

5. The Administration may conduct an investigation of a person or organization who has ownership or management interests in corporate offerors or affiliated corporate organizations of an offeror.

6. The Administration may issue a written request for best and final offers. The Administration shall state in the request the date, time, and place for the submission of best and final offers.

7. The Administration shall not request best and final offers more than once unless the Administration determines that it is advantageous to the state to request additional best and final offers. The Administration shall state in the written request for best and final offers that if the offeror does not submit a notice of withdrawal or a best and final offer, the Administration shall take the most recent offer as the offeror's best and final offer.

C. Proposal rejection.

1. The Administration may reject an offeror's proposal if the offeror fails to supply the information requested by the Administration.

2. The offeror shall not disclose information pertaining to its proposal to any other offeror prior to contract award. The offeror may disclose proposal information to a person other than another offeror if the recipient agrees to keep the information confidential until contract award. Diseno in violation of this subsection may be grounds for rejecting a proposal.

3. The Administration shall provide written notification to an offeror whose proposal is rejected. The rejection notice shall be part of the contract file and a public record.

4. If the Administration determines that it is in the best interest of the state, the Administration may reject any and all proposals, in whole or in part, under the RFP. The reasons for rejection shall be part of the contract file. An offeror shall have no right to damages for any claims against the state, the state's employees, or agents if a proposal is rejected in whole or in part.

D. Proposal cancellation. If the Administration determines that it is in the best interest of the state, the Administration may cancel a RFP. The reasons for cancellation shall be part of the contract file. An offeror shall have no right to damages for any claims against the state, the state's employees, or agents if a RFP is cancelled.

Historical Note

R9-22-603.

Contract Award

The Administration shall award a contract to the responsible and responsive offeror whose proposal is determined most advantageous to the state under A.R.S. § 36-2906. If the Administration determines that multiple contracts are in the best interest of the state, the Administration may award multiple contracts. The contract file shall contain the basis on which the award is made.

Historical Note

R9-22-604.

Contract or Proposal Protests; Appeals

A. Disputes related to contract performance. This Section does not apply to a dispute related to contract performance. A contract performance dispute is governed by 9 A.A.C. 34.

B. Resolution of a proposal protest. The procurement officer issuing a RFP shall have the authority to resolve proposal protests. An appeal from the decision of the procurement officer shall be made to the Director.

C. Filing of a protest.

1. A person may file a protest with the procurement officer regarding:
   a. A RFP issued by the Administration,
   b. A proposed award, or
   c. An award of a contract.

2. A protester shall submit a written protest and include the following information:
   a. The name, address, and telephone number of the protester;
   b. The signature of the protester or protester's representative;
   c. Identification of a RFP or contract number;
   d. A detailed statement of the legal and factual grounds of the protest including copies of any relevant documents; and
   e. The relief requested.

D. Time for filing a protest.

1. A protester filing a protest alleging improprieties in an RFP or an amendment to an RFP shall file the protest at least 14 days before the due date of receipt of proposals.

2. Any protest alleging improprieties in an amendment issued 14 or fewer days before the due date of the proposal shall be filed before the due date for receipt of proposals.

3. In cases other than those covered in subsections (D)(1) and (2), a protester shall file a protest no later than 10 days after the procurement officer makes the procurement file available for public inspection.

E. Stay of procurement during the protest. If a protester files a protest before the contract award, the procurement officer may issue a written stay of the contract award. In considering whether to issue a written stay of contract, the procurement officer shall consider but is not limited to considering whether:

1. A reasonable probability exists that the protest will be sustained, and

2. The stay of the contract award is in the best interest of the state.
F. Stay of contract award during an appeal to the Director. The Director shall automatically continue the stay of a contract award if:  
   1. An appeal is filed before a contract award, and  
   2. The procurement officer issues a stay of the contract award under subsection (E), unless  
   3. The Director issues a written determination that the contract award is necessary to protect the best interest of the state.  
   d. A request for hearing unless the person requests that the Director’s decision be based solely upon the procurement file.  
J. Dismissal. The Director shall not schedule a hearing and shall dismiss an appeal with a written determination if:  
   1. The appeal does not state a basis for protest,  
   2. The appeal is untimely under subsection (I)(1), or  
   3. The appeal is moot.  
K. Hearing. Hearings under this Section shall be conducted using the Arizona Administrative Procedure Act under A.R.S. Title 41, Ch. 6.  

Historical Note  

R9-22-605. Waiver of Contractor’s Subcontract with Hospitals  
If a contractor is unable to obtain a subcontract with a hospital as contractually required, the contractor may request in writing a waiver from the Administration as allowed by A.R.S. § 36-2906. The contractor shall state in the request the reasons a waiver is believed to be necessary and all efforts the contractor has made to secure a subcontract.  

Historical Note  

R9-22-606. Contract Compliance Sanction  
A. The Director may impose sanctions upon a contractor for violation of any provision of this Chapter or of a contract. Sanctions include but are not limited to:  
   1. Suspension of any or all further member enrollment, by choice and/or assignment for a period of time.  
   2. Imposition of a monetary sanction.  
B. The Director shall consider the nature, severity, and length of the violation when determining a sanction.  
C. The Director shall provide a contractor with written notice specifying grounds and terms for the sanction.  
D. Nothing contained in this Section shall be construed to prevent the Administration from imposing sanctions as provided in contract under A.R.S. § 36-2903.  

Historical Note  
New Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 2340, effective November 11, 2012 (Supp. 12-3).

ARTICLE 7. STANDARDS FOR PAYMENTS  

R9-22-701. Standard for Payments Related Definitions  
In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Article have the following meanings unless the context explicitly requires another meaning:  
“Accommodation” means room and board services provided to a patient during an inpatient hospital stay and includes all staffing, supplies, and equipment. The accommodation is
F. Stay of contract award during an appeal to the Director. The Director shall automatically continue the stay of a contract award if:
   1. An appeal is filed before a contract award, and
   2. The procurement officer issues a stay of the contract award under subsection (E), unless
   3. The Director issues a written determination that the contract award is necessary to protect the best interest of the state.

G. Decision by the procurement officer.
   1. The procurement officer shall issue a written decision no later than 14 days after a protest has been filed. The decision shall contain an explanation of the basis of the decision.
   2. The procurement officer shall furnish a copy of the decision to the protester by:
      a. Certified mail, return receipt requested; or
      b. Any other method that provides evidence of receipt.
   3. The Administration may extend, for good cause, the time-limit for decisions in subsection (G)(1) for a time not to exceed 30 days. The procurement officer shall notify the protester in writing that the time for the issuance of a decision has been extended and the date by which a decision shall be issued.
   4. If the procurement officer fails to issue a decision within the time-limits in subsection (G)(1) or (G)(3), the protester may proceed as if the procurement officer issued an adverse decision.

H. Remedies.
   1. If the procurement officer sustains the protest in whole or in part and determines that the RFP, proposed contract award, or contract award does not comply with applicable statutes and rules, the procurement officer shall order an appropriate remedy.
   2. In determining an appropriate remedy, the procurement officer shall consider all the circumstances of the procurement or proposed procurement, including:
      a. Seriousness of the procurement deficiency,
      b. Degree of prejudice to other interested parties or to the integrity of the RFP process,
      c. Good faith of the parties,
      d. Extent of performance,
      e. Costs to the state, and
      f. Urgency of the procurement.
      g. Best interest of the state.
   3. An appropriate remedy may include one or more of the following:
      a. Terminating the contract;
      b. Reissuing the RFP;
      c. Issuing a new RFP;
      d. Awarding a contract consistent with statutes, rules, and the terms of the RFP; or
      e. Any relief determined necessary to ensure compliance with applicable statutes and rules.

I. Appeals to the Director.
   1. A person may file an appeal of a procurement officer’s decision with both the Director and the procurement officer no later than five days from the date the decision is received. The date the decision is received shall be determined under subsection (G)(2).
   2. The appeal shall contain:
      a. The information required in subsection (C)(2),
      b. A copy of the procurement officer’s decision,
      c. The alleged factual or legal error in the decision of the procurement officer on which the appeal to the Director is based, and
      d. A request for hearing unless the person requests that the Director’s decision be based solely upon the procurement file.

J. Dismissal. The Director shall not schedule a hearing and shall dismiss an appeal with a written determination if:
   1. The appeal does not state a basis for protest,
   2. The appeal is untimely under subsection (I)(1), or
   3. The appeal is moot.

K. Hearing. Hearings under this Section shall be conducted using the Arizona Administrative Procedure Act under A.R.S. Title 41, Ch. 6.

**Historical Note**

**R9-22-605. Waiver of Contractor’s Subcontract with Hospitals**
If a contractor is unable to obtain a subcontract with a hospital as contractually required, the contractor may request in writing a waiver from the Administration as allowed by A.R.S. § 36-2906. The contractor shall state in the request the reasons a waiver is believed to be necessary and all efforts the contractor has made to secure a subcontract.

**Historical Note**

**R9-22-606. Contract Compliance Sanction**
A. The Director may impose sanctions upon a contractor for violation of any provision of this Chapter or of a contract. Sanctions include but are not limited to:
   1. Suspension of any or all further member enrollment, by choice and/or assignment for a period of time.
   2. Imposition of a monetary sanction.
B. The Director shall consider the nature, severity, and length of the violation when determining a sanction.
C. The Director shall provide a contractor with written notice specifying grounds and terms for the sanction.
D. Nothing contained in this Section shall be construed to prevent the Administration from imposing sanctions as provided in contract under A.R.S. § 36-2903.

**Historical Note**
New Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 2340, effective November 11, 2012 (Supp. 12-3).

**ARTICLE 7. STANDARDS FOR PAYMENTS**

**R9-22-701. Standard for Payments Related Definitions**
In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Article have the following meanings unless the context explicitly requires another meaning:
“Accommodation” means room and board services provided to a patient during an inpatient hospital stay and includes all staffing, supplies, and equipment. The accommodation is
semi-private except when the member must be isolated for medical reasons. Types of accommodation include hospital routine medical/surgical units, intensive care units, and any other specialty care unit in which room and board are provided.

“Aggregate” means the combined amount of hospital payments for covered services provided within and outside the GSA.

“AHCCCS inpatient hospital day or days of care” means each day of an inpatient stay for a member beginning with the day of admission and including the day of death, if applicable, but excluding the day of discharge, provided that all eligibility, medical necessity, and medical review requirements are met.

“Ancillary service” means all hospital services for patient care other than room and board and nursing services, including but not limited to, laboratory, radiology, drugs, delivery room (including maternity labor room), operating room (including postanesthesia and postoperative recovery rooms), and therapy services (physical, speech, and occupational).

“APC” means the Ambulatory Payment Classification system under 42 CFR 419.31 used by Medicare for grouping clinically and resource-similar procedures and services.

“Billed charges” means charges for services provided to a member that a hospital includes on a claim consistent with the rates and charges filed by the hospital with Arizona Department of Health Services (ADHS).

“Business agent” means a company such as a billing service or accounting firm that renders billing statements and receives payment in the name of a provider.

“Capital costs” means costs as reported by the hospital to CMS as required by 42 CFR 413.20.

“Copayment” means a monetary amount, specified by the Director, that a member pays directly to a contractor or provider at the time covered services are rendered.

“Cost-to-charge ratio” (CCR) means a hospital’s costs for providing covered services divided by the hospital’s charges for the same services. The CCR is the percentage derived from the cost and charge data for each revenue code provided to AHCCCS by each hospital.

“Covered charges” means billed charges that represent medically necessary, reasonable, and customary items of expense for covered services that meet medical review criteria of AHCCCS or a contractor.

“CPT” means Current Procedural Terminology, published and updated by the American Medical Association. CPT is a nationally-accepted listing of descriptive terms and identifying codes for reporting medical services and procedures performed by physicians that provide a uniform language to accurately designate medical, surgical, and diagnostic services.

“Critical Access Hospital” is a hospital certified by Medicare under 42 CFR 485 Subpart F and 42 CFR 440.170(g). “Direct graduate medical education costs” or “direct program costs” means the costs that are incurred by a hospital for the educational activities of an approved graduate medical education program that are the proximate result of training medical residents in the hospital, including resident salaries and fringe benefits, the portion of teaching physician salaries and fringe benefits that are related to the time spent in teaching and supervision of residents, and other related GME overhead costs.

“DRI inflation factor” means Global Insights Prospective Hospital Market Basket.

“Eligibility posting” means the date a member’s eligibility information is entered into the AHCCCS Pre-paid Medical Management Information System (PMMIS).

“Encounter” means a record of a medically-related service rendered by an AHCCCS-registered provider to a member enrolled with a contractor on the date of service.

“Existing outpatient service” means a service provided by a hospital before the hospital files an increase in its charge master as defined in R9-22-712(G), regardless of whether the service was explicitly described in the hospital charge master before filing the increase or how the service was described in the charge master before filing the increase.

“Expansion funds” means funds appropriated to support GME program expansions as described under A.R.S. § 36-2903.01(G)(9)(b) and (c)(i).

“Factor” means a person or an organization, such as a collection agency or service bureau, that advances money to a provider for accounts receivable that the provider has assigned, sold, or transferred to the organization for an added fee or a deduction of a portion of the accounts receivable. Factor does not include a business agent.

“Fiscal intermediary” means an organization authorized by CMS to make determinations and payments for Part A and Part B provider services for a given region.

“Freestanding Children’s Hospital” means a separately standing hospital with at least 120 pediatric beds that is dedicated to provide the majority of the hospital’s services to children.

“GME program approved by the Administration” or “approved GME program” means a graduate medical education program that has been approved by a national organization as described in 42 CFR 415.152.

“Graduate medical education (GME) program” means an approved residency program that prepares a physician for independent practice of medicine by providing didactic and clinical education in a medical environment to a medical student who has completed a recognized undergraduate medical education program.

“HCAC” means a health care acquired condition described under 42 CFR 447.26 but does not include Deep Vein Thrombosis (DVT)/Pulmonary Embolism (PE) as related to total knee replacement or hip replacement surgery in pediatric and obstetric patients.

“HCPCS” means the Health Care Procedure Coding System, published and updated by Center for Medicare and Medicaid Services (CMS). HCPCS is a listing of codes and descriptive terminology used for reporting the provision of physician services, other health care services, and substances, equipment, supplies or other items used in health care services.

“HIPAA” means the Health Insurance Portability and Accountability Act of 1996, as specified under 45 CFR 162, that establishes standards and requirements for the electronic transmission of certain health information by defining code sets used for encoding data elements, such as tables of terms, medical concepts, medical diagnostic codes, or medical procedure codes.

“ICU” means the intensive care unit of a hospital.
“Indirect program costs” means the marginal increase in operating costs that a hospital experiences as a result of having an approved graduate medical education program and that is not accounted for by the hospital’s direct program costs.

“Intern and Resident Information System” means a software program used by teaching hospitals and the provider community for collecting and reporting information on resident training in hospital and non-hospital settings.

“Medical education costs” means direct hospital costs for intern and resident salaries, fringe benefits, program costs, nursing school education, and paramedical education, as described in the Medicare Provider Reimbursement Manual.

“Medical review” means a clinical evaluation of documentation conducted by AHCCCS or a contractor for purposes of prior authorization, concurrent review, post-payment review, or determining medical necessity. The criteria for medical review are established by AHCCCS or a contractor based on medical practice standards that are updated periodically to reflect changes in medical care.

“Medicare Urban or Rural Cost-to-Charge Ratio (CCR)” means statewide average capital cost-to-charge ratio published annually by CMS added to the urban or rural statewide average operating cost-to-charge ratio published annually by CMS.

“National Standard code sets” means codes that are accepted nationally in accordance with federal requirements under 45 CFR 160 and 45 CFR 164.

“New hospital” means a hospital for which Medicare Cost Report claim and encounter data are not available for the fiscal year used for initial rate setting or rebasing.

“NICU” means the neonatal intensive care unit of a hospital that is classified as a Level II or Level III perinatal center by the Arizona Perinatal Trust.

“Non-IHS Acute Hospital” means a hospital that is not run by Indian Health Services, is not a free-standing psychiatric hospital, such as an IMD, and is paid under ADHS rates.

“Observation day” means a physician-ordered evaluation period of less than 24 hours to determine whether a person needs treatment or needs to be admitted as an inpatient. Each observation day consists of a period of 24 hours or less.

“Operating costs” means AHCCCS-allowable accommodation costs and ancillary department hospital costs excluding capital and medical education costs.

“OPPC” means an Other Provider Preventable Condition that is: (1) a wrong surgical or other invasive procedure performed on a patient, (2) a surgical or other invasive procedure performed on the wrong body part, or (3) a surgical or other invasive procedure performed on the wrong patient.

“Organized health care delivery system” means a public or private organization that delivers health services. It includes, but is not limited to, a clinic, a group practice prepaid capitation plan, and a health maintenance organization.

“Outlier” means a hospital claim or encounter in which the operating costs per day for an AHCCCS inpatient hospital stay meet the criteria described under this Article and A.R.S. § 36-2903.01(G).

“Outpatient hospital service” means a service provided in an outpatient hospital setting that does not result in an admission.

“Ownership change” means a change in a hospital’s owner, lessor, or operator under 42 CFR 489.18(a).

“Participating institution” means an institution at which portions of graduate medical education program are regularly conducted and to which residents rotate for an educational experience for at least one month.

“Peer group” means hospitals that share a common, stable, and independently definable characteristic or feature that significantly influences the cost of providing hospital services, including specialty hospitals that limit the provision of services to specific patient populations, such as rehabilitative patients or children.

“PPC” means prior period coverage. PPC is the period of time, prior to the member’s enrollment, during which a member is eligible for covered services. The time-frame is the first day of the month of application or the first eligible month, whichever is later, until the day a member is enrolled with a contractor.

“PPS bed” means Medicare-approved Prospective Payment beds for inpatient services as reported in the Medicare cost reports for the most recent fiscal year for which the Administration has a complete set of Medicare cost reports for every rural hospital as determined as of the first of February of each year.

“Procedure code” means the numeric or alphanumeric code listed in the CPT or HPCPCS manual by which a procedure or service is identified.

“Prospective rates” means inpatient or outpatient hospital rates set by AHCCCS in advance of a payment period and representing full payment for covered services excluding any quick-pay discounts, slow-pay penalties, and first-and third-party payments regardless of billed charges or individual hospital costs.

“Public hospital” means a hospital that is owned and operated by county, state, or hospital health care district.

“Qualifying health information exchange organization” means a non-profit health information organization as defined in A.R.S. § 36-3801 that provides the statewide exchange of patient health information among disparate health care organizations and providers not owned, operated, or controlled by the health information exchange. A qualifying health information exchange organization must include representation by the administration on its board of directors, and have a significant number of health care participants, including hospitals, laboratories, payers, community physicians and Federally Qualified Health Centers.

“Rebase” means the process by which the most currently available and complete Medicare Cost Report data for a year and AHCCCS claim and encounter data for the same year are collected and analyzed to reset the Inpatient Hospital Tiered per diem rates, or the Outpatient Hospital Capped Fee-For-Service Schedule.

“Reinsurance” means a risk-sharing program provided by AHCCCS to contractors for the reimbursement of specified contract service costs incurred by a member beyond a certain monetary threshold.

“Remittance advice” means an electronic or paper document submitted to an AHCCCS-registered provider by AHCCCS to explain the disposition of a claim.

“Resident” means a physician engaged in postdoctoral training in an accredited graduate medical education program, including an intern and a physician who has completed the requirements for the physician’s eligibility for board certification.
“Revenue code” means a numeric code, that identifies a specific accommodation, ancillary service, or billing calculation, as defined by the National Uniform Billing committee for UB-04 forms.

“Sub-acute services” means inpatient care for a patient with an acute illness, injury or exacerbation of a disease process when the patient does not require acute inpatient hospitalization. Sub-acute care is rendered immediately after, or instead of, acute inpatient hospitalization.

“Specialty facility” means a facility where the service provided is limited to a specific population, such as rehabilitative services for children.

“Sponsoring institution” means the institution or entity that is recognized by the GME accrediting organization and designated as having ultimate responsibility for the assurance of academic quality and compliance with the terms of accreditation.

“Tier” means a grouping of inpatient hospital services into levels of care based on diagnosis, procedure, or revenue codes, peer group, NICU classification level, or any combination of these items.

“Tiered per diem” means an AHCCCS capped fee schedule in which payment is made on a per-day basis depending upon the tier (or tiers) into which an AHCCCS inpatient hospital day of care is assigned.

“Trip” means a one-way transport each time a taxi is called. If the taxi waits for the member then the transport continues to be part of the one-way trip. If the taxi leaves and is called to pick up the member, that is considered a new one-way trip.

</table>

The Administration shall bear no liability for providing covered services for any member beyond the date of termination of the member’s eligibility or during the member’s enrollment with a contractor. A contractor has no financial responsibility for services provided to a member beyond the last date of enrollment except as provided in Articles 2 and 5 of this Chapter and as specified in contract.

### Historical Note

New Section made by final rulemaking at 13 A.A.R. 662, effective April 7, 2007 (Supp. 07-1).

**R9-22-702.** Charges to Members

A. For purposes of this subsection, the term “member” includes the member’s financially responsible representative as described under A.R.S. § 36-2903.01.

B. Registered providers must accept payment from the Administration or a contractor as payment in full.

C. Except as provided in subsection (D) a registered provider shall not request or collect payment from, refer to a collection agency, or report to a credit reporting agency an eligible person or a person claiming to be an eligible person.

D. An AHCCCS registered provider may charge, submit a claim to, or demand or collect payment from a member:

1. To collect the copayment described in R9-22-711;
2. To recover from a member that portion of a payment made by a third party to the member for an AHCCCS covered service if the member has not transferred the payment to the Administration or the contractor as required by the statutory assignment of rights to AHCCS;
3. To obtain payment from a member for medical expenses incurred during a period when the member intentionally withheld information or intentionally provided inaccurate information pertaining to the member’s AHCCCS eligibility or enrollment that caused payment to the provider to be reduced or denied;
4. For a service that is excluded by statute or rule, or provided in an amount that exceeds a limitation in statute or rule, if the member signs a document in advance of receiving the service stating that the member understands the service is excluded or is subject to a limit and that the member will be financially responsible for payment for the excluded service or for the services in excess of the limit;
5. When the contractor or the Administration has denied authorization for a service if the member signs a document in advance of receiving the service stating that the member understands that authorization has been denied and that the member will be financially responsible for payment for the service;
6. For services requested for a member enrolled with a contractor, and rendered by a noncontracting provider under circumstances where the member’s contractor is not responsible for payment of “out of network” services under R9-22-705(A), if the member signs a document in advance of receiving the service stating that the member understands the provider is out of network, that the member’s contractor is not responsible for payment, and that the member will be financially responsible for payment for the excluded service;

7. For services rendered to a person eligible for the FESP if the provider submits a claim to the Administration in the reasonable belief that the service is for treatment of an emergency medical condition and the Administration denies the claim because the service does not meet the criteria of R9-22-217; or

8. If the provider has received verification from the Administration that the person was not an eligible person on the date of service.

E. The signature requirement of subsections (D)(4), (D)(5), and (D)(6) do not apply if:
   1. The member is unable or incompetent to sign such a document, or
   2. When services are rendered for the purpose of treating an emergency medical condition as defined in R9-22-217 and a delay in providing treatment to obtain a signature would have a significant adverse affect on the member’s health.

F. Except as provided for in this Section, registered providers shall not bill a member when the provider could have received reimbursement from the Administration or a contractor but for the provider’s failure to file a claim in accordance with the requirements of AHCCCS statutes, rules, the provider agreement, or contract, such as, but not limited to, requirements to request and obtain prior authorization, timely filing, and clean claim requirements.

Historical Note

R9-22-703. Payments by the Administration

A. General requirements. A provider shall enter into a provider agreement with the Administration that meets the requirements of A.R.S. § 36-2904 and 42 CFR 431.107(b) as of October 1, 2012, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.

B. Timely submission of claims.

1. Under A.R.S. § 36-2904, the Administration shall deem a paper claim to be submitted on the date that it is received by the Administration. An electronic claim is deemed received by the Administration when the claim enters the information processing system designated by the Administration for electronic claims in a form that is capable of being processed by the designated information processing system. The Administration shall do one or more of the following for each claim it receives:
   a. Place a date stamp on the face of the claim,
   b. Assign a system-generated claim reference number, or
   c. Assign a system-generated date-specific number.

2. Unless a shorter time period is specified in contract, the Administration shall not pay a claim for a covered service unless the claim is initially submitted within one of the following time limits, whichever is later:
   a. Six months from the date of service or for an inpatient hospital claim, six months from the date of discharge; or
   b. Six months from the date of eligibility posting.

3. Unless a shorter time period is specified in contract, the Administration shall not pay a clean claim for a covered service unless the claim is submitted within one of the following time limits, whichever is later:
   a. Twelve months from the date of service or for an inpatient hospital claim, 12 months from the date of discharge; or
   b. Twelve months from the date of eligibility posting.

4. Unless a shorter time period is specified in contract, the Administration shall not pay a claim submitted by an HHS or tribal facility for a covered service unless the claim is initially submitted within 12 months from the date of service, date of discharge, or eligibility posting, whichever is later.

C. Claims processing.

1. The Administration shall notify the AHCCCS-registered provider with a remittance advice when a claim is processed for payment.

2. The Administration shall reimburse a hospital for inpatient hospital admissions and outpatient hospital services rendered on or after March 1, 1993, as follows and in the manner and at the rate described in A.R.S. § 36-2903.01:
   a. If the hospital bill is paid within 30 days from the date of receipt, the claim is paid at 99 percent of the rate.
   b. If the hospital bill is paid between 30 and 60 days from the date of receipt, the claim is paid at 100 percent of the rate.
   c. If the hospital bill is paid after 60 days from the date of receipt, the claim is paid at 100 percent of the rate plus a fee of one percent per month for each month or portion of a month following the 60th day of receipt of the bill until date of payment.

3. A claim is paid on the date indicated on the disbursement check.

4. A claim is denied as of the date of the remittance advice.

5. The Administration shall process a hospital claim under this Article.

D. Prior authorization.

1. An AHCCCS-registered provider shall:
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

a. Obtain prior authorization from the Administration for non-emergency hospital admissions, covered services as specified in Articles 2 and 12 of this Chapter, and for administrative days as described in R9-22-712.75.

b. Notify the Administration of hospital admissions under Article 2 of this Chapter, and

c. Make records available for review by the Administration upon request.

2. The Administration may deny a claim if the provider fails to comply with subsection (D)(1).

3. If the Administration issues prior authorization for an inpatient hospital admission, a specific service, or level of care but subsequent medical review indicates that the admission, the service, or level of care was not medically appropriate, the Administration shall adjust the claim payment.

E. Review of claims and coverage for hospital supplies.

1. The Administration may conduct prepayment and post-payment review of any claims, including but not limited to hospital claims.

2. Personal care items supplied by a hospital, including but not limited to the following, are not covered services:

   a. Patient care kit,
   b. Toothbrush,
   c. Toothpaste,
   d. Petroleum jelly,
   e. Deodorant,
   f. Septi soap,
   g. Razor or disposable razor,
   h. Shaving cream,
   i. Slippers,
   j. Mouthwash,
   k. Shampoo,
   l. Powder,
   m. Lotion,
   n. Comb, and
   o. Patient gown.

3. The following hospital supplies and equipment, if medically necessary and used by the member, are covered services:

   a. Arm board,
   b. Diaper,
   c. Underpad,
   d. Special mattress and special bed,
   e. Gloves,
   f. Wrist restraint,
   g. Limb holder,
   h. Disposable item used instead of a durable item,
   i. Universal precaution,
   j. Stat charge, and
   k. Portable charge.

4. The Administration shall determine in a hospital claims review whether services rendered were:

   a. Covered services as defined in Article 2;
   b. Medically necessary;
   c. Provided in the most appropriate, cost-effective, and least restrictive setting; and
   d. For claims with dates of admission on and after March 1, 1993, substantiated by the minimum documentation specified in A.R.S. § 36-2903.01.

5. If the Administration adjudicates a claim, a person may file a claim dispute challenging the adjudication under 9 A.C. 34.

F. Overpayment for AHCCCS services.

1. An AHCCCS-registered provider shall notify the Administration when the provider discovers the Administration made an overpayment.

2. The Administration shall recoup an overpayment from a future claim cycle if an AHCCCS-registered provider fails to return the overpaid amount to the Administration.

3. The Administration shall document any recoupment of an overpayment on a remittance advice.

4. An AHCCCS-registered provider may file a claim dispute under 9 A.C. 34 if the AHCCCS-registered provider disagrees with a recoupment action.

G. For services subject to limitations or exclusions such as the number of hours, days, or visits covered as described in Article 2 of this Chapter, once the limit is reached the Administration will not reimburse the services.

H. Prior quarter reimbursement. A provider shall:

1. Bill the Administration for services provided during a prior quarter eligibility period upon verification of eligibility or upon notification from a member of AHCCCS eligibility.

2. Reimburse a member when payment has been received from the Administration for covered services during a prior quarter eligibility period. All funds paid by the member shall be reimbursed.

3. Accept payment received by the Administration as payment in full.

I. Payment for in-state inpatient hospital services for claims with discharge dates on or before September 30, 2014. The Administration shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article.

J. Payment for out-of-state inpatient hospital services for claims with discharge dates on or before September 30, 2014. The Administration shall reimburse an out-of-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, for covered inpatient services by multiplying covered charges by the most recent statewide urban cost-to-charge ratio as determined in R9-22-712.01(6)(b).

K. Payment for inpatient hospital services for claims with discharge dates on and after October 1, 2014 regardless of admission date. The Administration shall reimburse an in-state or out-of-state provider of inpatient hospital services rendered with a discharge date on or after October 1, 2014, the DRG rate established by the Administration.

L. The Administration may enter into contracts for the provisions of transplant services.

Historical Note

R9-22-704. Repealed

Historical Note

R9-22-705. Payments by Contractors

A. General requirements. A contractor shall contract with providers to provide covered services to members enrolled with the contractor. The contractor is responsible for reimbursing providers and coordinating care for services provided to a member. Except as provided in subsection (A)(2), a contractor is not required to reimburse a noncontracting provider for services rendered to a member enrolled with the contractor.

1. Providers. A provider shall enter into a provider agreement with the Administration that meets the requirements of A.R.S. § 36-2904 and 42 CFR 431.107(b) as of March 6, 1992, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.

2. A contractor shall reimburse a noncontracting provider for services rendered to a member enrolled with the contractor as specified in this Article if:
   a. The contractor referred the member to the provider or authorized the provider to render the services and the claim is otherwise payable under this Chapter, or
   b. The service is emergent under Article 2 of this Chapter.

B. Timely submission of claims.

1. Under A.R.S. § 36-2904, a contractor shall deem a paper or electronic claim as submitted on the date that the claim is received by the contractor. The contractor shall do one or more of the following for each claim the contractor receives:
   a. Place a date stamp on the face of the claim,
   b. Assign a system-generated claim reference number, or
   c. Assign a system-generated date-specific number.

2. Unless a shorter time period is specified in subcontract, a contractor shall not pay a claim for a covered service unless the claim is initially submitted within one of the following time limits, whichever is later:
   a. Six months from the date of service or for an inpatient hospital claim, six months from the date of discharge; or
   b. Six months from the date of eligibility posting.

3. Unless a shorter time period is specified in subcontract, a contractor shall not pay a claim for a covered service unless the claim is submitted within one of the following time limits, whichever is later:
   a. Twelve months from the date of service or for an inpatient hospital claim, 12 months from the date of discharge; or
   b. Twelve months from the date of eligibility posting.

C. Date of claim.

1. A contractor’s date of receipt of an inpatient or an outpatient hospital claim is the date the claim is received by the contractor as indicated by the date stamp on the claim, the system-generated claim reference number, or the system-generated date-specific number assigned by the contractor.

2. A hospital claim is considered paid on the date indicated on the disbursement check.

3. A denied hospital claim is considered adjudicated on the date of the claim’s denial.

4. For a claim that is pending for additional supporting documentation specified in A.R.S. § 36-2903.01 or 36-2904, the contractor shall assign a new date of receipt upon receipt of the additional documentation.

5. For a claim that is pending for documentation other than the minimum required documentation specified in either A.R.S. § 36-2903.01 or 36-2904, the contractor shall not assign a new date of receipt.

6. A contractor and a hospital may, through a contract approved as specified in R9-22-715, adopt a method for identifying, tracking, and adjudicating a claim that is different from the method described in this subsection.

D. Payment for in-state inpatient hospital services for claims with discharge dates on or before September 30, 2014. A contractor shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, at either a rate specified by subcontract or, in absence of the subcontract, the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715. This subsection does not apply to an urban contractor as specified in R9-22-718 and A.R.S. § 36-2905.01.

E. Payment for Inpatient out-of-state hospital payments for claims with discharge dates on or before September 30, 2014. In the absence of a contract with an out-of-state hospital that specifies payment rates, a contractor shall reimburse out-of-state hospitals for covered inpatient services by multiplying covered charges by the most recent statewide urban cost-to-charge ratio as determined in R9-22-712.01(6)(b).

F. Payment for inpatient hospital services for claims with discharge dates on and after October 1, 2014 regardless of admission date. Subject to R9-22-718 and A.R.S. § 36-2905.01 regarding urban hospitals, a contractor shall reimburse an in-state or out-of-state provider of inpatient hospital services, at either a rate specified by subcontract or, in absence of a subcontract, the DRG rate established by the Administration and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.

G. Payment for in-state outpatient hospital services.

A contractor shall reimburse an in-state provider of outpatient hospital services rendered on or after July 1, 2005,
at either a rate specified by a subcontract or, in absence of a subcontract, as provided under R9-22-712.10, A.R.S. § 36-2903.01 and other sections of this Article. The terms of the subcontract are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.

H. Outpatient out-of-state hospital payments. In the absence of a contract with an out-of-state hospital that specifies payment rates, a contractor shall reimburse out-of-state hospitals for covered outpatient services by applying the methodology described in R9-22-712.10 through R9-22-712.50. If the outpatient procedure is not assigned a fee schedule amount, the contractor shall pay the claim by multiplying the covered charges for the outpatient services by the statewide outpatient cost-to-charge ratio.

I. Payment for observation days. A contractor shall reimburse a provider and a noncontracting provider for the provision of observation days at either a rate specified by subcontract or, in the absence of a subcontract, as prescribed under R9-22-712, R9-22-712.10, and R9-22-712.45.

J. Review of claims and coverage for hospital supplies. 1. A contractor may conduct a review of any claims submitted and recoup any payments made in error.

2. A hospital shall obtain prior authorization from the appropriate contractor for nonemergency admissions. When issuing prior authorization, a contractor shall consider the medical necessity of the service, and the availability and cost-effectiveness of an alternative treatment. Failure to obtain prior authorization when required is cause for nonpayment or denial of a claim. A contractor shall not require prior authorization for medically necessary services provided during any prior period for which the contractor is responsible. If a contractor and a hospital agree to a subcontract, the parties shall abide by the terms of the subcontract regarding utilization control activities. A hospital shall cooperate with a contractor’s reasonable activities necessary to perform concurrent review and shall make the hospital’s medical records pertaining to a member enrolled with a contractor available for review.

3. Regardless of prior authorization or concurrent review activities, a contractor may make prepayment or post-payment review of all claims, including but not limited to a hospital claim. A contractor may recoup an erroneously paid claim. If prior authorization was given for an inpatient hospital admission, a specific service, or level of care but subsequent medical review indicates that the admission, the service, or level of care was not medically appropriate, the contractor shall adjust the claim payment.

4. A contractor and a hospital may enter into a subcontract that includes hospital claims review criteria and procedures if the subcontract meets the requirements of R9-22-715.

5. Personal care items supplied by a hospital, including but not limited to the following, are not covered services:
   a. Patient care kit,
   b. Toothbrush,
   c. Toothpaste,
   d. Petroleum jelly,
   e. Deodorant,
   f. Septi soap,
   g. Razor,
   h. Shaving cream,
   i. Slippers,
   j. Mouthwash,
   k. Disposable razor,
   l. Shampoo,
   m. Powder,
   n. Lotion,
   o. Comb, and
   p. Patient gown.

6. The following hospital supplies and equipment, if medically necessary and used by the member, are covered services:
   a. Arm board,
   b. Diaper,
   c. Underpad,
   d. Special mattress and special bed,
   e. Gloves,
   f. Wrist restraint,
   g. Limb holder,
   h. Disposable item used instead of a durable item,
   i. Universal precaution,
   j. Stat charge, and
   k. Portable charge.

7. The contractor shall determine in a hospital claims review whether services rendered were:
   a. Covered services as defined in R9-22-201;
   b. Medically necessary;
   c. Provided in the most appropriate, cost-effective, and least restrictive setting; and
   d. For claims with dates of admission on and after March 1, 1993, substantiated by the minimum documentation specified in A.R.S. § 36-2904.

8. If a contractor adjudicates a claim or recoups payment for a claim, a person may file a claim dispute challenging the adjudication or recoupment as described under 9 A.A.C. 34.

K. Non-hospital claims. A contractor shall pay claims for non-hospital services in accordance with contract, or in the absence of a contract, at a rate not less than the Administration’s capped fee-for-service schedule or at a lower rate if negotiated between the two parties.

L. Payments to hospitals. A contractor shall pay for inpatient hospital admissions and outpatient hospital services rendered on or after March 1, 1993, as follows and as described in A.R.S. § 36-2904:

1. If the hospital bill is paid within 30 days from the date of receipt, the claim is paid at 99 percent of the rate.

2. If the hospital bill is paid between 30 and 60 days from the date of receipt, the claim is paid at 100 percent of the rate.

3. If the hospital bill is paid after 60 days from the date of receipt, the claim is paid at 100 percent of the rate plus a 1 percent penalty of the rate for each month or portion of the month following the 60th day of receipt of the bill until date of payment.

M. Interest payment. In addition to the requirements in subsection (L), a contractor shall pay interest for late claims as defined by contract.

N. For services subject to limitations or exclusions such as the number of hours, days, or visits covered as described in Article 2 of this Chapter, once the limit is reached the Administration will not reimburse the services.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-705 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Amended as a permanent rule effective May 16, 1983; text of the

Historical Note

R9-22-707. Repealed

Historical Note

R9-22-708. Payments for Services Provided to Eligible American Indians

A. For purposes of this Article “IHS enrolled” or “enrolled with IHS” means an American Indian who has elected to receive covered services through IHS instead of a contractor.

B. For an American Indian who is enrolled with IHS, AHCCCS shall pay IHS the most recent all-inclusive inpatient, outpatient or ambulatory surgery rates published by Health and Human Services (IHS) in the Federal Register, or a separately contracted rate with IHS, for AHCCCS-covered services provided in an IHS facility. AHCCCS shall reimburse providers for the Medicare coinsurance and deductible amounts required to be paid by the Administration or contractor in Chapter 29, Article 3 of this Title.

C. When IHS refers an American Indian enrolled with IHS to a provider other than an IHS or tribal facility, the provider to whom the referral is made shall obtain prior authorization from AHCCCS for services as required under Articles 2, 7 or 12 of this Chapter.

D. For an American Indian enrolled with a contractor, AHCCCS shall pay the contractor a monthly capitation payment.

E. Once an American Indian enrolls with a contractor, AHCCCS shall not reimburse any provider other than IHS or a Tribal facility.

Historical Note

R9-22-709. Contractor’s Liability to Hospitals for the Provision of Emergency and Post-stabilization Care

A contractor is liable for emergency hospitalization and post-stabilization care as described in R9-22-210 and R9-22-210.01.
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

Editor’s Note: The following Section was amended under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor’s Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the agency was not required to hold public hearings on the rules; and the Attorney General did not certify this rule. This Section was subsequently amended through the regular rulemaking process.

R9-22-710. Payments for Non-hospital Services
A. Capped fee-for-service. The Administration shall provide notice of changes in methods and standards for setting payment rates for services in accordance with 42 CFR 447.205, December 19, 1983, incorporated by reference and on file with the Administration and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.

1. Non-contracted services. In the absence of a contract that specifies otherwise, a contractor shall reimburse a provider or noncontracting provider for non-hospital services according to the Administration’s capped-fee-for-service schedule.

a. A person shall submit an electronic claim consistent with 45 CFR 160 (October 1, 2004) and 45 CFR 162 (October 1, 2004).

b. A person shall submit a paper claim using the National Standard Code Sets as described under 45 CFR 160 (October 1, 2004) and 45 CFR 162 (October 1, 2004).

c. The Administration may deny a claim for failure to comply with subsection (A) (2) (a) or (b).

3. Fee schedule. The Administration shall pay providers, including noncontracting providers, at the lesser of billed charges or the capped fee-for-service rates specified in subsections (A)(3)(a) through (A)(3)(d) unless a different fee is specified in a contract between the Administration and the provider, or is otherwise required by law.

a. Physician services. Fee schedules for payment for physician services are on file at the central office of the Administration for reference use during customary business hours.

b. Dental services. Fee schedules for payment for dental services are on file at the central office of the Administration for reference use during customary business hours.

c. Transportation services. Fee schedules for payment for transportation services are on file at the central office of the Administration for reference use during customary business hours. For dates of service beginning:

i. October 1, 2012 through September 30, 2013, the Administration and its contractors shall reimburse ambulance services at 68.59 percent of the ADHS rates that are in effect as of August 2, 2012.

ii. October 1, 2013 through September 30, 2014, the Administration and its contractors shall reimburse ambulance services at 68.59 percent of the ADHS rates that are in effect as of August 2, 2013.

iii. October 1, 2014 through September 30, 2015, the Administration and its contractors shall reimburse ambulance services at 74.74 percent of the ADHS rates that are in effect as of August 2, 2014.

d. Medical supplies and durable medical equipment (DME). Fee schedules for payment for medical supplies and DME are on file at the central office of the Administration for reference use during customary business hours. The Administration shall reimburse a provider once for purchase of DME during any two-year period, unless the Administration determines that DME replacement within that period is medically necessary for the member. Unless prior authorized by the Administration, no more than one repair and adjustment of DME shall be reimbursed during any two-year period.

B. Pharmacy services. The Administration shall not reimburse pharmacy services unless the services are provided by a pharmacy having a subcontract with a Pharmacy Benefit Manager (PBM) contracted with AHCCCS. Except as specified in subsection (C), the Administration shall reimburse pharmacy services according to the terms of the contract.

C. FQHC Pharmacy reimbursement.

1. For purposes of this Section the following terms are defined:

b. “340B Ceiling Price” means the maximum price that drug manufacturers can charge covered entities participating in the 340B Drug Pricing Program as reported by the drug manufacturer to HRSA.

c. “340B entity” means a covered entity, eligible to participate in the 340B Drug Pricing Program, as defined by the Health Resources and Human Services Administration.

d. “Actual Acquisition Cost (AAC)” means the purchase price of a drug paid by a pharmacy net of discounts, rebates, chargebacks and other adjustments to the price of the drug. The AAC excludes dispensing fees.
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

e. “Contracted Pharmacy” means an arrangement through which a 340B entity may contract with an outside pharmacy to provide comprehensive pharmacy services utilizing medications subject to 340B pricing.

f. “Dispensing Fee” means the amount paid for the professional services provided by the pharmacist for dispensing a prescription. The Dispensing Fee does not include any payment for the drugs being dispensed.

g. “Federally Qualified Health Center” means a public or private non-profit health care organization that has been identified by HRSA and certified by CMS as meeting the criteria under sections 1861(aa)(4) and 1905(i)(2)(B) of the Social Security Act and receives funds under section 330 of the Public Health Service Act.

h. “Federally Qualified Health Center Look-Alike” means a public or private non-profit health care organization that has been identified by HRSA and certified by CMS as meeting the definition of “health center” under section 330 of the Public Health Service Act, but does not receive grant funding under section 330.

i. “FQHC or FQHC Look-Alike pharmacy” means a pharmacy that dispenses drugs to FQHC or FQHC-LA patients and that is owned and/or operated by an FQHC/FQHC-LA or by an entity that reports the costs of an FQHC/FQHC-LA on its Medicare Cost Report, whether or not collocated with an FQHC or an FQHC Look-Alike.

2. Effective the later of February 1, 2012, or CMS approval of a State Plan Amendment, an FQHC or FQHC Look-Alike shall:

a. Notify the AHCCCS provider registration unit of its status as a 340B covered entity no later than:

i. 30 days after the effective date of this Section;

ii. 30 days after registration with the Health Resources and Services Administration (HRSA) for participation in the 340B program,

iii. The time of application to become an AHCCCS provider.

b. Provide the 340B pricing file to the AHCCCS Administration upon request. The 340B pricing file shall be provided in the file format as defined by AHCCCS.

c. Identify 340B drug claims submitted to the AHCCCS FFS PBMs or the Managed Care Contractors’ PBMs for reimbursement. The 340B drug claim identification and claims processing for a drug claim submission shall be consistent with claim instructions issued and required by AHCCCS to identify such claims.

3. The FQHC and the FQHC Look-Alike pharmacies shall submit claims for AHCCCS members for drugs that are identified in the 340B pricing file, whether or not purchased under the 340B pricing file, with the lesser of:

a. The actual acquisition cost, or

b. The 340B ceiling price.

4. The AHCCCS Fee-for-Service and Managed Care Contractors’ PBMs shall reimburse claims for drugs which are identified in the 340B pricing file dispensed by FQHC and FQHC Look -Alke pharmacies, whether or not purchased under the 340B pricing file, at the amount submitted under subsection (C)(3) plus a dispensing fee listed in the AHCCCS Capped Fee-For-Service Schedule unless a contract between the 340B entity and a Managed Care Contractor’s PBMs specifies a different dispensing fee.

5. Contracted pharmacies shall not submit claims for drugs dispensed under an agreement with the 340B entity as part of the 340B drug pricing program, and the AHCCCS Administration and Managed Care Contractors shall not reimburse such claims.

6. The AHCCCS Administration and Managed Care Contractors shall reimburse contracted pharmacies for drugs not dispensed under an agreement with the 340B entity as part of the 340B program at the price and dispensing fee set forth in the contract between the contracted pharmacy and the AHCCCS or its Managed Care Contractors’ PBMs. Neither the Administration nor its Managed Care Contractors will reimburse a contracted pharmacy that does not have a contract with the Administration or MCO’s PBMs.

7. The AHCCCS Administration and its Managed Care Contractors shall reimburse FQHC and FCHC Look-Alke pharmacies for drugs that are not eligible under the 340B Drug Pricing Program at the price and dispensing fee set forth in their contract with the AHCCCS or its Managed Care Contractors’ PBMs.

8. AHCCCS may periodically conduct audits to ensure compliance with this Section.

Historical Note

R9-22-711. Copayments

A. For purposes of this Article:

1. A copayment is a monetary amount that a member pays directly to a provider at the time a covered service is rendered.
2. An eligible individual is assigned to a hierarchy established in subsections (B) through (E), for the purposes of establishing a copayment amount.
3. No refunds shall be made for a retroactive period if there is a change in an individual’s status that alters the amount of a copayment.

B. The following services are exempt from AHCCCS copayments for all members:
1. Family planning services and supplies,
2. Services related to a pregnancy or any other medical condition that may complicate the pregnancy, including tobacco cessation treatment for a pregnant woman,
3. Emergency services as described in 42 CFR 447.56(2)(i),
4. All services paid on a fee-for-service basis,
5. Preventive services, such as well visits, immunizations, pap smears, colonoscopies, and mammograms,
6. Provider preventable services.

C. The following individuals are exempt from AHCCCS copayments:
1. An individual under age 19, including individuals eligible for the KidsCare Program in A.R.S. § 36-2982;
2. An individual determined to be Seriously Mentally Ill (SMI) by the Arizona Department of Health Services;
3. An individual eligible for the Arizona Long-Term Care Program in A.R.S. § 36-2931;
4. An individual eligible for QMB under Chapter 29;
5. An individual eligible for the Children’s Rehabilitative Services program under A.R.S. § 36-2906(E);
6. An individual receiving nursing facility or HCBS services under R9-22-216;
7. An individual receiving hospice care as defined in 42 U.S.C. 1396(d);
8. An American Indian individual enrolled in a health plan and has received services through an IHS facility, tribal 638 facility or urban Indian health program;
9. An individual eligible in the Breast and Cervical Cancer program as described under Article 20;
10. An individual who is pregnant and through the postpartum period following the pregnancy;
11. An individual with respect to whom child welfare services are made available under Part B of Title IV of the Social Security Act on the basis of being a child in foster care, without regard to age;
12. An individual with respect to whom adoption or foster care assistance is made available under Part E of Title IV of the Social Security Act, without regard to age; and
13. An adult eligible under R9-22-1427(E), with income at or below 106% of the FPL.

D. Non-mandatory copayments. Unless otherwise listed in subsection (B) or (C), individuals under subsections (D)(1) through (6) are subject to the copayments listed in this subsection. A provider shall not deny a service when a member states to the provider an inability to pay a copayment.
1. A caretaker relative eligible under R9-22-1427(A);
2. An individual eligible for Young Adult Transitional Insurance (YATI) in A.R.S. § 36-2901(6)(a)(iii);
3. An individual eligible for State Adoption Assistance in R9-22-1433;
4. An individual eligible for Supplemental Security Income (SSI);
5. An individual eligible for SSI Medical Assistance Only (SSI/MAO) in Article 15; and
7. Copayment amount per service:
   a. $2.30 per prescription drug.
   b. $3.40 per outpatient visit, excluding an emergency room visit, if any of the services rendered during the visit are coded as evaluation and management services or non-emergent surgical procedures according to the National Standard Code Sets. An outpatient visit includes any setting where these services are performed such as a physician’s office, an Ambulatory Surgical Center (ASC), or a clinic.
   c. $2.30 per visit, if a copayment is not being imposed under subsection (D)(7)(b) and any of the services rendered during the visit are coded as physical, occupational or speech therapy services according to the National Standard Code Sets.

E. Mandatory copayments.
1. Copayments for individuals eligible for Transitional Medical Assistance (TMA) under R9-22-1427(B)(1)(c)(i). Unless otherwise listed in subsection (C), an individual is required to pay the following copayments for prescription drugs and outpatient services unless the service is provided during an emergency room visit or the service is otherwise exempt under subsection (B). An outpatient visit includes any setting where these outpatient services are performed such as, an outpatient hospital, a physician’s provider’s office, HCBS setting, an Ambulatory Surgical Center (ASC), or a clinic:
   a. $2.30 per prescription drug.
   b. $4.00 per outpatient visit, if any of the services rendered during the visit are coded as evaluation and management services according to the National Standard Code Sets.
   c. If a copayment is not being imposed under subsection (E)(1)(b), $3.00 per visit if any of the services rendered during the visit are coded as physical, occupational or speech therapy services according to the National Standard Code Sets.
   d. If a copayment is not being imposed under subsection (E)(1)(b) or (c), $3.00 per visit, if any of the services rendered during the visit are coded as non-emergent surgical procedures according to the National Standard Code Sets.
2. Copayments for persons eligible under R9-22-1427(E) with income above 106% of the FPL and for persons eligible under A.R.S. §§ 36-2907.10 and 36-2907.11. Subject to CMS approval, unless otherwise listed in subsection (C), these individuals are required to pay the following copayments for prescription drugs and outpatient services unless the service is provided during an emergency room visit or the service is otherwise exempt under subsection (B). An outpatient visit includes any setting where these outpatient services are performed such as, an outpatient hospital, a physician’s provider’s office, HCBS setting, an Ambulatory Surgical Center (ASC), or a clinic:
   a. $4.00 per prescription drug.
   b. $5.00 per outpatient visit when the AHCCCS fee schedule for the visit code is a rate from $50 to less than $100, if any of the services rendered during the visit are coded as evaluation and management services according to the National Standard Code Sets.
   c. $10.00 per outpatient visit when the AHCCCS fee schedule for the visit code is a rate of $100 or greater, if any of the services rendered during the visit are coded as evaluation and management services according to the National Standard Code Sets.
   d. If a copayment is not being imposed under subsection (E)(2)(b) or (E)(2)(c), for services coded as
physical, occupational or speech therapy services according to the National Standard Code Sets.

i. $2.00 if the rate on the fee schedule is $20 to $39.99.

ii. $4.00 if the rate on the fee schedule is $40 to $49.99, or

iii. $5.00 if the rate on the fee schedule is $50 and above per visit.

e. If a copayment is not being imposed under subsection (E)(2)(b) – (E)(2)(d), for services coded as non-emergent surgical procedures according to the National Standard Code Sets.

i. $30.00 if the rate on the fee schedule is $300 to $499.99, or

ii. $50.00 if the rate on the fee schedule is $500 and above per visit.

f. Unless the individual is otherwise exempt in subsection (C) or the service is exempted under subsection (B) the individual is required to pay $2.00 per trip for non-emergency transportation in an urban area.

g. Unless the individual is otherwise exempt in subsection (C) or the service is exempted under subsection (B) the individual is required to pay $8.00 for non-emergency use of the emergency room.

h. Unless the individual is otherwise exempt in subsection (C) or the service is exempted under subsection (B) the individual is required to pay $75 for an Inpatient stay.

3. The provider may deny a service if the member does not pay the copayment required under subsection (E), however, a provider may choose to reduce or waive copayments under this subsection on a case-by-case basis.

F. A provider is responsible for collecting any copayment imposed under this Section.

G. The total aggregate amount of copayments under subsections (D) or (E) may not exceed 5% of the family’s income as applied on a quarterly basis. The member may establish that the aggregate limit has been met on a quarterly basis by providing the Administration with records of copayments incurred during the quarter. In addition, the Administration shall also use claims and encounters information available to the Administration to establish when a member’s copayment obligation has reached 5% of the family’s income.

H. Reduction in payments to providers. The Administration and its contractors shall reduce the payment it makes to any provider by the amount of a member’s copayment obligation under subsection (E), regardless of whether the provider successfully collects the copayments described in this Section.

Historical Note

Editor’s Note: The following Section was adopted and amended under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor’s Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the agency was not required to hold public hearings on the rules; and the Attorney General did not certify this rule. This Section was subsequently amended through the regular rulemaking process.

R9-22-712.  Reimbursement: General

A. Inpatient and outpatient discounts and penalties. If a claim is denied for additional documentation required under A.R.S. § 36-2903.01(G)(4), the period during which the claim is denied is not used in the calculation of the quick-pay discounts and slow-pay penalties under A.R.S. § 36-2903.01(G)(5).

B. Inpatient and outpatient in-state or out-of-state hospital payments.

1. Payment for inpatient out-of-state hospital services for claims with discharge dates on or before September 30, 2014. In the absence of a contract with an out-of-state hospital that specifies payment rates, AHCCCS shall reimburse out-of-state hospitals for covered inpatient services by multiplying covered charges by the most recent statewide urban cost-to-charge ratio as determined in R9-22-712.01(6)(d).

2. Payment for inpatient in-state hospital services for claims with discharge dates on or before September 30, 2014. AHCCCS shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, at the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article.

3. Payment for inpatient in-state or out-of-state hospital services for claims with discharge dates on and after October 1, 2014 regardless of admission date. Subject to R9-22-718 and A.R.S. § 36-2905.01 regarding urban hospitals, a contractor shall reimburse an in-state or out-of-state provider of inpatient hospital services, at either a rate specified by subcontract or, in the absence of a subcontract, the DRG rate established by the Administration and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.

4. Outpatient out-of-state hospital payments. In the absence of a contract with an out-of-state hospital that specifies payment rates, AHCCCS shall reimburse an out-of-state hospital for covered outpatient services by applying the methodology described in R9-22-712.10 through R9-22-712.50. If the outpatient procedure is not assigned a fee schedule amount, the Administration shall pay the claim by multiplying the covered charges for the outpatient services by the statewide outpatient cost-to-charge ratio.
5. Outpatient in-state hospital payments. A contractor shall reimburse an in-state provider of outpatient hospital services rendered on or after July 1, 2005, at either a rate specified by a subcontract or, in absence of a subcontract, as provided under R9-22-712.10, A.R.S. § 36-2903.01 and other sections of this Article. The terms of the subcontract are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.

C. Access to records. Subcontracting and noncontracting providers of outpatient or inpatient hospital services shall allow the Administration access to medical records regarding eligible persons and shall in all other ways fully cooperate with the Administration or the Administration’s designated representative in performance of the Administration’s utilization control activities. The Administration shall deny a claim for failure to cooperate.

D. Prior authorization. The Administration or contractor may deny a claim if a provider fails to obtain prior authorization as required under R9-22-210.

E. Review of claims. Regardless of prior authorization or concurrent review activities, the Administration may subject all hospital claims, including outliers, to prepayment medical review or post-payment review, or both. The Administration shall conduct post-payment reviews consistent with A.R.S. § 36-2903.01 and may recoup erroneously paid claims.

F. Claim receipt.
   1. The Administration’s date of receipt of inpatient or outpatient hospital claims is the date the claim is received by the Administration as indicated by the date stamp on the claim and the system-generated claim reference number or system-generated date-specific number.
   2. Hospital claims are considered paid on the date indicated on disbursement checks.
   3. A denied claim is considered adjudicated on the date the claim is denied.
   4. Claims that are denied and are resubmitted are assigned new receipt dates.
   5. For a claim that is pending for additional supporting documentation specified in A.R.S. § 36-2903.01 or 36-2904, the Administration shall assign a new date of receipt upon receipt of the additional documentation.
   6. For a claim that is pending for documentation other than the minimum required documentation specified in either A.R.S. § 36-2903.01 or 36-2904, the Administration shall not assign a new date of receipt.

G. Outpatient hospital reimbursement. The Administration shall pay for covered outpatient hospital services provided to eligible persons with dates of service from March 1, 1993 through June 30, 2005, at the AHCCCS outpatient hospital cost-to-charge ratio, multiplied by the amount of the covered charges.
   1. Computation of outpatient hospital reimbursement. The Administration shall compute the cost-to-charge ratio on a hospital-specific basis by determining the covered charges and costs associated with treating eligible persons in an outpatient setting at each hospital. Outpatient operating and capital costs are included in the computation but outpatient medical education costs that are included in the inpatient medical education component are excluded. To calculate the outpatient hospital cost-to-charge ratio annually for each hospital, the Administration shall use each hospital’s Medicare Cost Reports and a database consisting of outpatient hospital claims paid and encounters processed by the Administration for each hospital, subjecting both to the data requirements specified in R9-22-712.01. The Administration shall use the following methodology to establish the outpatient hospital cost-to-charge ratios:
      a. Cost-to-charge ratios. The Administration shall calculate the costs of the claims and encounters for outpatient hospital services by multiplying the ancillary line item cost-to-charge ratios by the covered charges for corresponding revenue codes on the claims and encounters. Each hospital shall provide the Administration with information on how the revenue codes used by the hospital to categorize charges on claims and encounters correspond to the ancillary line items on the hospital’s Medicare Cost Report. The Administration shall then compute the overall outpatient hospital cost-to-charge ratio for each hospital by taking the average of the ancillary line items cost-to-charge ratios for each revenue code weighted by the covered charges.
      b. Cost-to-charge limit. To comply with 42 CFR 447.325, the Administration may limit cost-to-charge ratios to 1.00 for each ancillary line item from the Medicare Cost Report. The Administration shall remove ancillary line items that are non-covered or not applicable to outpatient hospital services from the Medicare Cost Report data for purposes of computing the overall outpatient hospital cost-to-charge ratio.
   2. New hospitals. The Administration shall reimburse new hospitals at the weighted statewide average outpatient hospital cost-to-charge ratio multiplied by covered charges. The Administration shall continue to use the statewide average outpatient hospital cost-to-charge ratio for a new hospital until the Administration rebases the outpatient hospital cost-to-charge ratios and the new hospital has a Medicare Cost Report for the fiscal year being used in the rebasing.
   3. Specialty outpatient services. The Administration may negotiate, at any time, reimbursement rates for outpatient hospital services in a specialty facility.
   4. Reimbursement requirements. To receive payment from the Administration, a hospital shall submit claims that are legible, accurate, error free, and have a covered charge greater than zero. The Administration shall not reimburse hospitals for emergency room treatment, observation hours or days, or other outpatient hospital services performed on an outpatient basis, if the eligible person is admitted as an inpatient to the same hospital directly from the emergency room, observation area, or other outpatient department. Services provided in the emergency room, observation area, and other outpatient hospital services provided before the hospital admission are included in the tiered per diem payment.
   5. Rebasings. The Administration shall rebase the outpatient hospital cost-to-charge ratios at least every four years but no more than once a year using updated Medicare Cost Reports and claim and encounter data.
   6. If a hospital files an increase in its charge master for an existing outpatient service provided on or before July 1, 2004, and on or before June 30, 2005, which represents an aggregate increase in charges of more than 4.7%, the Administration shall adjust the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) by applying the following formula:
$$ CCR[1.047(1+\%\text{\quad increase})] $$
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Where “CCR” means the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) and “% increase” means the aggregate percentage increase in charges for outpatient services shown on the hospital charge master. “Charge master” means the schedule of rates and charges as described under A.R.S. § 36-436 and the rules that relate to those rates and charges that are filed with the Director of the Arizona Department of Health Services.

Historical Note

R9-22-712.01. Inpatient Hospital Reimbursement for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014

Inpatient hospital reimbursement. The Administration shall pay for covered inpatient acute care hospital services provided to eligible persons for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014, on a prospective reimbursement basis. The prospective rates represent payment in full, excluding quick-pay discounts, slow-pay penalties, and third-party payments for both accommodation and ancillary department services. The rates include reimbursement for operating and capital costs. The Administration shall make reimbursement for direct graduate medical education as described in A.R.S. § 36-2903.01. For payment purposes, the Administration shall classify each AHCCCS inpatient hospital day of care into one of several tiers appropriate to the services rendered. The rate for a tier is referred to as the tiered per diem rate of reimbursement. The number of tiers is seven and the maximum number of tiers payable per continuous stay is two. Payment of outlier claims, transplant claims, or payment to out-of-state hospitals, freestanding psychiatric hospitals, and other specialty facilities may differ from the inpatient hospital tiered per diem rates of reimbursement described in this Section.

1. Tier rate data. The Administration shall base tiered per diem rates effective on and after October 1, 1998 on Medicare Cost Reports for Arizona hospitals for the fiscal year ending in 1996 and a database consisting of inpatient hospital claims and encounters for dates of service matching each hospital’s 1996 fiscal year end.

2. Tier rate components. The Administration shall establish inpatient hospital prospective tiered per diem rates based on the sum of the operating and capital components. The rate for the operating component is a statewide rate for each tier except for the NICU and Routine tiers, which are based on peer groups. The rate for the capital component is a blend of statewide and hospital-specific values, as described in A.R.S. § 36-2903.01. The Administration shall use the following methodologies to establish the rates for each of these components.

a. Operating component. Using the Medicare Cost Reports and the claim and encounter database, the Administration shall compute the rate for the operating component as follows:

i. Data preparation. The Administration shall identify and group into department categories, the Medicare Cost Report data that provide ancillary department cost-to-charge ratios and accommodation costs per day. To comply with 42 CFR 447.271, the Administration shall limit cost-to-charge ratios to 1.00 for each ancillary department.

ii. Operating cost calculation. To calculate the rate for the operating component, the Administration shall derive the operating costs from claims and encounters by combining the Medicare Cost Report data and the claim and encounter database for all hospitals. In performing this calculation, the Administration shall match the revenue codes on the claims and encounters to the

September 30, 2021
Supp. 21-3 Page 61
departments in which the line items on the Medicare Cost Reports are grouped. The ancillary department cost-to-charge ratios for a particular hospital are multiplied by the covered ancillary department charges on each of the hospital’s claims and encounters. The AHCCCS inpatient days of care on the particular hospital’s claims and encounters are multiplied by the corresponding accommodation costs per day from the hospital’s Medicare Cost Report. The ancillary cost-to-charge ratios and accommodation costs per day do not include medical education and capital costs. The Administration shall inflate the resulting operating costs for the claims and encounters of each hospital to a common point in time, December 31, 1996, using the DRI inflation factor and shall reduce the operating costs for the hospital by an audit adjustment factor based on available national data and Arizona historical experience in adjustments to Medicare reimbursable costs. The Administration shall further inflate operating costs to the midpoint of the rate year (March 31, 1999).

iii. Operating cost tier assignment. After calculating the operating costs, the Administration shall assign the claims and encounters used in the calculation to tiers based on diagnosis, procedure, or revenue codes, or NICU classification level, or a combination of these. For the NICU tier, the Administration shall further assign claims and encounters to NICU Level II or NICU Level III peer groups, based on the hospital’s certification by the Arizona Perinatal Trust. For the Routine tier, the Administration shall further assign claims and encounters to the general acute care hospital or rehabilitation hospital peer groups, based on state licensure by the Department of Health Services. For claims and encounters assigned to more than one tier, the Administration shall allocate ancillary department costs to the tiers in the same proportion as the accommodation costs. Before calculating the rate for the operating component, the Administration shall identify and exclude any claims and encounters that are outliers as defined in subsection (6).

iv. Operating rate calculation. The Administration shall set the rate for the operating component for each tier by dividing total statewide or peer group hospital costs identified in this subsection within the tier by the total number of AHCCCS inpatient hospital days of care reflected in the claim and encounter database for that tier.

b. Capital component. For rates effective October 1, 1999 the capital component is calculated as described in A.R.S. § 36-2903.01.

c. Statewide inpatient hospital cost-to-charge ratio. For dates of service prior to October 1, 2007, the statewide inpatient hospital cost-to-charge ratio is used for payment of outliers, as described in subsections (4), (5), and (6), and out-of-state hospitals, as described in R9-22-712(B). The Administration shall calculate the AHCCCS statewide inpatient hospital cost-to-charge ratio by using the Medicare Cost Report data and claim and encounter database described in subsection (1) and used to determine the tiered per diem rates. For each hospital, the covered inpatient days of care on the claims and encounters are multiplied by the corresponding accommodation costs per day from the Medicare Cost Report. Similarly, the covered ancillary department charges on the claims and encounters are multiplied by the ancillary department cost-to-charge ratios. The accommodation costs per day and the ancillary department cost-to-charge ratios for each hospital are determined in the same way described in subsection (2)(a) but include costs for operating and capital. The Administration shall then calculate the statewide inpatient hospital cost-to-charge ratio by summing the covered accommodation costs and ancillary department costs from the claims and encounters for all hospitals and dividing by the sum of the total covered charges for these services for all hospitals.

d. Unassigned tiered per diem rates. If a hospital has an insufficient number of claims to set a tiered per diem rate, the Administration shall pay that hospital the statewide average rate for that tier.

3. Tier assignment. The Administration shall assign AHCCCS inpatient hospital days of care to tiers based on information submitted on the inpatient hospital claim or encounter including diagnosis, procedure, or revenue codes, peer group, NICU classification level, or a combination of these:

a. Tier hierarchy. In assigning claims for AHCCCS inpatient hospital days of care to a tier, the Administration shall follow the Hierarchy for Tier Assignment through September 30, 2014 in R9-22-712.09. The Administration shall not pay a claim for inpatient hospital services unless the claim meets medical review criteria and the definition of a clean claim. The Administration shall not pay for a hospital stay on the basis of more than two tiers, regardless of the number of interim claims that are submitted by the hospital.

b. Tier exclusions. The Administration shall not assign to a tier or pay AHCCCS inpatient hospital days of care that do not occur during a period when the person is eligible. Except in the case of death, the Administration shall pay claims in which the day of admission and the day of discharge are the same, termed a same day admit and discharge, including same day transfers, as an outpatient hospital claim. The Administration shall pay same day admit and discharge claims that qualify for either the maternity or nursery tiers based on the lesser of the rate for the maternity or nursery tier, or the outpatient hospital fee schedule.

c. Seven tiers. The seven tiers are:

i. Maternity. The Administration shall identify the Maternity Tier by a primary diagnosis code. If a claim has an appropriate primary diagnosis, the Administration shall pay the AHCCCS inpatient hospital days of care on the claim at the maternity tiered per diem rate.

ii. NICU. The Administration shall identify the NICU Tier by a revenue code. A hospital
does not qualify for the NICU tiered per diem rate unless the hospital is classified as either a NICU Level II or NICU Level III perinatal center by the Arizona Perinatal Trust. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meet the medical review criteria for the NICU tier and have a NICU revenue code at the NICU tiered per diem rate. The Administration shall pay any remaining AHCCCS inpatient hospital day on the claim that does not meet NICU Level II or NICU Level III medical review criteria at the nursery tiered per diem rate.

iii. ICU. The Administration shall identify the ICU Tier by a revenue code. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meets the medical review criteria for the ICU tier and has an ICU revenue code at the ICU tiered per diem rate. The Administration may classify any AHCCCS inpatient hospital days on the claim without an ICU revenue code, as surgery, psychiatric, or routine tiers.

iv. Surgery. The Administration shall identify the Surgery Tier by a revenue code and a valid surgical procedure code that is not on the AHCCCS excluded surgical procedure list. The excluded surgical procedure list identifies minor procedures such as sutures that do not require the same hospital resources as other procedures. The Administration shall only split a surgery tier with an ICU tier. AHCCCS shall pay at the surgery tier rate only when the surgery occurs on a date during which the member is eligible.

v. Psychiatric. The Administration shall identify the Psychiatric Tier by either a psychiatric revenue code and a psychiatric diagnosis or any routine revenue code if all diagnosis codes on the claim are psychiatric. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the psychiatric tier with any tier other than the ICU tier.

vi. Nursery. The Administration shall identify the Nursery Tier by a revenue code. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the nursery tier with any tier other than the NICU tier.

vii. Routine. The Administration shall identify the Routine Tier by revenue codes. The routine tier includes AHCCCS inpatient hospital days of care that are not classified in another tier or paid under any other provision of this Section. The Administration shall not split the routine tier with any tier other than the ICU tier.

4. Annual update. The Administration shall annually update the inpatient hospital tiered per diem rates through September 30, 2011.

5. New hospitals. For rates effective on and after October 1, 1998, the Administration shall pay new hospitals the statewide average rate for each tier, as appropriate. The Administration shall update new hospital tiered per diem rates through September 30, 2011.

6. Outliers. The Administration shall reimburse hospitals for AHCCCS inpatient hospital days of care identified as outliers under this Section by multiplying the covered charges on a claim by the Medicare Urban or Rural Cost-to-Charge Ratio. The Urban cost-to-charge ratio will be used for hospitals located in a county of 500,000 residents or more. The Rural cost-to-charge ratio will be used for hospitals located in a county of fewer than 500,000 residents.

a. Outlier criteria. For rates effective on and after October 1, 1998, the Administration set the statewide outlier cost threshold for each tier at the greater of three standard deviations from the statewide mean operating cost per day within the tier, or two standard deviations from the statewide mean operating cost per day across all the tiers. If the covered costs per day on a claim exceed the urban or rural cost threshold for a tier, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the applicable Medicare Urban or Rural CCR. The resulting amount will be the outlier payment. If there are two tiers on a claim, the Administration shall determine whether the claim is an outlier by using a weighted threshold for the two tiers. The weighted threshold is calculated by multiplying each tier rate by the number of AHCCCS inpatient hospital days of care for that tier and dividing the product by the total tier days for that hospital. Routine maternity stays shall be excluded from outlier reimbursement. A routine maternity is any one-day stay with a delivery of one or two babies. A routine maternity stay will be paid at tier.

b. Update. The CCR is updated annually by the Administration for dates of service beginning October 1, using the most current Medicare cost-to-charge ratios published or placed on display by CMS by August 31 of that year. The Administration shall update the outlier cost thresholds for each hospital through September 30, 2011 as described under A.R.S. § 36-2903.01. For inpatient hospital admissions with begin dates of service on and after October 1, 2011, AHCCCS will increase the outlier cost thresholds by 5% of the thresholds that were effective on September 30, 2011.

c. Medicare Cost-to-Charge Ratio Phase-In. AHCCCS shall phase in the use of the Medicare Urban or Rural Cost-to-Charge Ratios for outlier determination, calculation and payment. The three-year phase-in does not apply to out-of-state or new hospitals.

i. Medicare Cost-to-Charge Ratio Phase-In outlier determination and threshold calculation. For outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust each hospital’s specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the hospital’s specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. For outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on
September 30, 2007 by subtracting two-thirds of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. The adjusted hospital specific inpatient cost-to-charge ratios shall be used for all calculations using the Medicare Urban or Rural Cost-to-Charge Ratios, including outlier determination, and threshold calculation.

ii. Medicare Cost-to-Charge Ratio Phase-In calculation for payment. For payment of outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio. For payment of outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio.

iii. Medicare Cost-to-Charge Ratio for outlier determination, threshold calculation, and payment. For outlier claims with dates of service on or after October 1, 2009, the full Medicare Urban or Rural Cost-to-Charge Ratios shall be utilized for all outlier calculations.

d. Cost-to-Charge Ratio used for qualification and payment of outlier claims.

i. For qualification and payment of outlier claims with begin dates of service on or after April 1, 2011 through September 30, 2011, the CCR will be equal to 95% of the ratios in effect on October 1, 2010.

ii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011, the CCR will be equal to 90.25% of the most recent published Urban or Rural Medicare CCR as described in subsection (6)(b).

iii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011 through September 30, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after June 1, 2012 by an additional percentage equal to the total percent increase reported on the charge master.

iv. Subject to approval by CMS, for qualification and payment of outlier claims with begin dates of service on or after October 1, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after June 1, 2012 by an additional percentage equal to the total percent increase reported on the charge master.

7. Transplants. The Administration shall reimburse hospitals for an AHCCCS inpatient stay in which a covered transplant as described in R9-22-206 is performed through the terms of the relevant contract. If the Administration and a hospital that performs transplant surgery on an eligible person do not have a contract for the transplant surgery, the Administration shall not reimburse the hospital more than what would have been paid to the contracted hospital for that same surgery.

8. Ownership change. The Administration shall not change any of the components of a hospital’s tiered per diem rates upon an ownership change.

9. Psychiatric hospitals. The Administration shall pay free-standing psychiatric hospitals an all-inclusive per diem rate based on the contracted rates used by the Department of Health Services.

10. Specialty facilities. The Administration may negotiate, at any time, reimbursement rates for inpatient specialty facilities or inpatient hospital services not otherwise addressed in this Section as provided by A.R.S. § 36-2903.01. For purposes of this subsection, “specialty facility” means a facility where the service provided is limited to a specific population, such as rehabilitative services for children.

11. Outliers for new hospitals. Outliers for new hospitals will be calculated using the Medicare Urban or Rural Cost-to-Charge Ratio times covered charges. If the resulting cost is equal to or above the cost threshold, the claim will be paid at the Medicare Urban or Rural Cost-to-Charge ratio.

12. Reductions to tiered per diem payment for inpatient hospital services. Inpatient hospital admissions with begin dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the tiered per diem rates in effect on September 30, 2011.

Historical Note
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

A.R.S. § 36-2903.01(G)(9)(b). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (B)(3).

1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (B) if all of the following apply:
   a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona;
   b. It incurs direct costs for the training of residents in the GME programs, which costs are or will be reported on the hospital’s Medicare Cost Report;
   c. It is not administered by or does not receive its primary funding from an agency of the federal government.

2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (B)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
   a. Filled resident positions in approved programs established as of October 1, 1999 at hospitals that receive funding as described in A.R.S. § 36-2903.01(G)(9)(a) that are additional to the number of resident positions that were filled as of October 1, 1999; and
   b. All filled resident positions in approved programs other than GME programs described in A.R.S. § 36-2903.01(G)(9)(a) that were established before July 1, 2006.

3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (B) shall provide the applicable information listed in this subsection to the Administration:
   a. A GME program shall provide all of the following:
      i. The program name and number assigned by the accrediting organization;
      ii. The original date of accreditation;
      iii. The names of the sponsoring institution and all participating institutions current as of the date of reporting;
      iv. The number of approved resident positions and the number of filled resident positions current as of the date of reporting;
      v. For programs established as of October 1, 1999, the number of resident positions that were filled as of October 1, 1999, if the program has not already provided this information to the Administration;
   b. A hospital seeking a distribution under subsection (B) shall provide all of the following that apply:
      i. If the hospital uses the Intern and Resident Information System (IRIS) for tracking and reporting its resident activity to the fiscal intermediary, copies of the IRIS master and assignment files for the hospital’s two most recently completed Medicare cost reporting years as filed with the fiscal intermediary;
      ii. If the hospital does not use the IRIS or has less than two cost reporting years available in the form of the IRIS master and assignment files, the information normally contained in the IRIS master and assignment files in an alternative format for the hospital’s two most recently completed Medicare cost reporting years;
   iii. At the request of the Administration, a copy of the hospital’s Medicare Cost Report or any part of the report for the most recently completed cost reporting year.

4. Allocation of expansion funds. Annually the Administration shall allocate available funds to each approved GME program in the following manner:
   a. Information provided by hospitals under subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided under subsections (B)(3)(b)(i) and (ii).
   b. The number of eligible residents allocated to each participating institution within each approved GME program shall be determined as follows:
      i. Total the number of days determined for each participating institution under subsection (B)(4)(a) and divide each total by 365.
      ii. Proportionally adjust the result of subsection (B)(4)(b)(i) for each participating institution within each program according to the number of residents determined to be eligible under subsection (B)(2).
   c. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) shall be adjusted for Arizona Medicaid utilization using the most recent Medicare Cost Report information on file with the Administration as of the date of reporting under subsection (B)(3) and the Administration’s inpatient hospital claims and encounter data for the time period corresponding to the Medicare Cost Report information for each hospital. The Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were adjudicated by the Administration as of the date of reporting under subsection (B)(3). The Medicaid-adjusted eligible residents shall be determined as follows:
      i. For each hospital, the total AHCCCS inpatient hospital days of care shall be divided by the total Medicare Cost Report inpatient hospital days, multiplied by 100 and rounded up to the nearest multiple of 5 percent.
      ii. The number of allocated eligible residents determined for each participating hospital under subsection (B)(4)(b)(ii) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for that hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is not a hospital and not a health care facility made ineligible under subsection (B)(1)(c) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for the program’s sponsoring institution or, if the sponsoring
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

institution is not a hospital, the sponsoring institution’s affiliated hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is made ineligible under subsection (B)(1)(c) shall be multiplied by zero percent.

d. The total allocation for each approved program shall be determined by multiplying the Medicaid-adjusted eligible residents determined under subsection (B)(4)(c)(ii) by the per-resident conversion factor determined below and totaling the resulting dollar amounts for all participating institutions in the program. The per-resident conversion factor shall be determined as follows:

i. Calculate the total direct GME costs from the most recent Medicare Cost Reports on file with the Administration for all hospitals that have reported such costs.

ii. Calculate the total allocated residents determined under subsection (B)(4)(b)(i) for those hospitals described under subsection (B)(4)(d)(i).

iii. Divide the total GME costs calculated under subsection (B)(4)(d)(i) by the total allocated residents calculated under subsection (B)(4)(d)(ii).

5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (B)(4) in the following manner:

a. The allocated amounts shall be distributed in the following order of priority:

i. To eligible hospitals that do not receive funding in accordance with A.R.S. § 36-2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;

ii. To eligible hospitals that receive funding in accordance with A.R.S. § 36-2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;

b. The allocated amounts shall be distributed to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each hospital within that program under subsection (B)(4)(c)(ii).

c. If funds are insufficient to cover all distributions within any priority group described under subsection (B)(5)(a), the Administration shall adjust the distributions proportionally within that priority group.

C. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(i). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (C)(3).

1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (C) if it meets all the conditions of subsections (B)(1)(a) through (c).

2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (C)(4), the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):

a. All filled resident positions in approved programs established on or after July 1, 2006; and

b. For approved programs established on or after July 1, 2006 that have been established for less than one year as of the date of reporting under subsection (C)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match.

3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (C) shall provide to the Administration:

a. A GME program shall provide all of the following:

i. The requirements of subsections (B)(3)(a)(i) through (iv);

ii. The academic year rotation schedule on file with the program current as of the date of reporting; and

iii. For programs described under subsection (C)(2)(b), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.

b. A hospital seeking a distribution under subsection (C) shall provide the requirements of subsection (B)(3)(b).

4. Allocation of expansion funds. Annually the Administration shall allocate available funds to approved GME programs in the following manner:

a. Information provided by hospitals in accordance with subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided in accordance with subsections (B)(3)(b)(i) and (ii).

b. For approved programs whose resident activity is not represented in the information provided in accordance with subsection (B)(3)(b), information provided by GME programs under subsection (C)(3)(a) shall be used to determine the number of days that each eligible resident is expected to work at each participating institution.

c. The number of eligible residents allocated to each participating institution for each approved GME program shall be determined by totaling the number of days determined under subsections (C)(4)(a) and (b) and dividing the totals by 365.

d. The number of allocated residents determined under subsection (C)(4)(c) shall be adjusted for Arizona Medicaid utilization in accordance with subsection (B)(4)(c).

e. The total allocation for each approved program shall be determined in accordance with subsection (B)(4)(d).

5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (C)(4) to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible
residents allocated to each within that program under subsection (C)(4)(d).  

D. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for GME programs approved by the Administration to hospitals for indirect program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(ii). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (D)(3).

1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (D) if all of the following apply:
   a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona or is the base hospital for one or more of the GME programs in Arizona whose sponsoring institutions are not hospitals;
   b. It incurs indirect program costs for the training of residents in the GME programs, which are or will be calculated on the hospital’s Medicare Cost Report or are reimbursable under the Children’s Hospitals Graduate Medical Education Payment Program administered by HRSA;
   c. It is not administered by or does not receive its primary funding from an agency of the federal government.

2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (D)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (D)(1)(c):
   a. Any filled resident position in an approved program that includes a rotation of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule;
   b. For approved programs that have been established for less than one year as of the date of reporting under subsection (D)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match who will perform rotations of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule.

3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (D) shall provide to the Administration:
   a. A GME program shall provide all of the following:
      i. The requirements of subsections (B)(3)(a)(i) through (iv);
      ii. The academic year rotation schedule on file with the program current as of the date of reporting;
      iii. For programs described under subsection (D)(2)(c), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
   b. A hospital seeking a distribution under subsection (D) shall provide the requirements of subsection (B)(3)(b)(ii).

4. Allocation of funds for indirect program costs. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
   a. Using the information provided by programs under subsection (D)(3), the Administration shall determine for each program the number of residents in the program who are eligible under subsection (D)(2) and the number of months per year that each eligible resident will perform rotations in counties described by subsection (D)(2), multiply the number of eligible residents by the number of months and multiply the result by the per resident per month conversion factor determined under subsection (D)(4)(b).
   b. Using the most recent Medicare Cost Reports on file with the Administration for all hospitals that have calculated a Medicare indirect medical education payment, the Administration shall determine a per resident per month conversion factor as follows:
      i. Calculate each hospital’s Medicare share by dividing the Medicare inpatient discharges on the Medicare Cost Report by the total inpatient hospital discharges on the Medicare Cost Report.
      ii. Calculate the ratio of patients to beds by dividing the total allocated residents described in subsection (B)(4)(d)(ii) by the number of bed days available from the Medicare Cost Report and dividing the result by the number of days in the cost reporting period.
      iii. Calculate the indirect medical education adjustment factor by adding 1 to the value calculated in (D)(4)(b)(iii), multiplying the result by the exponential value 0.405, subtracting 1 from the result, and multiplying that result by 1.35.
      iv. Calculate each hospital’s total indirect medical education cost by adding the DRG amounts other than outlier payments from the Medicare cost report and the managed care simulated payments from the Medicare Cost Report, multiplying the total by the indirect medical education adjustment factor determined in (D)(4)(b)(iii) and dividing the result by the Medicare share determined in (D)(4)(b)(i).
      v. Calculate each hospital’s Medicaid indirect medical education cost by multiplying the amount determined in (D)(4)(b)(iv) by the value determined in subsection (B)(4)(c)(i).
      vi. Total the amounts determined in (D)(4)(b)(v) for all hospitals, divide the result by the total allocated residents described in subsection (B)(4)(d)(ii) for all hospitals, and divide that result by 12.

5. Distribution of funds for indirect program costs. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the amount calculated for the hospital at subsection (D)(4)(a).

E. Reallocation of funds. If funds appropriated for subsection (B) are not allocated by the Administration and funds appropriated for subsections (C) and (D) are insufficient to cover all distri-
butions under subsections (C)(5) and (D)(5), the funds not allocated under subsection (B) shall be allocated under subsections (C) and (D) to the extent of the calculated distributions. If funds are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the Administration shall adjust the distributions proportionally. If funds appropriated for subsections (C) and (D) are not allocated by the Administration and funds appropriated for subsection (B) are insufficient to cover all distributions under subsection (B)(5), the funds not allocated under subsections (C) and (D) shall be allocated under subsection (B) to the extent of the calculated distributions.

F. The Administration may enter into intergovernmental agreements with local, county, and tribal governments wherein local, county and tribal governments may transfer funds or certify public expenditures to the Administration. Such funds or certification, subject to approval by CMS, will be used to qualify for additional federal funds. Those funds will be used for the purposes of reimbursing hospitals that are eligible under subsection (D)(1) and specified by the local, county, or tribal government for indirect program costs other than those reimbursed under subsection (D). The Administration shall allocate available funds in accordance with subsection (D) except that reimbursement with such funds is not limited to resident positions or rotations in counties with populations of less than 500,000 persons. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the greatest among the following amounts, less any amounts distributed under subsection (D)(5):

1. The amount that results from multiplying the total number of eligible residents allocated to the hospital under subsection (B)(4)(d)(ii) by 12 by the per resident per month conversion factor determined under subsection (D)(4)(b);

2. The amount calculated for the hospital at subsection (D)(4)(b)(v);

3. The median of all amounts calculated at subsection (D)(4)(b)(v) if the hospital does not have an indirect medical education payment calculated on the Medicare Cost Report because it is a new training hospital; or

4. If the hospital does not have an indirect medical education payment calculated on the Medicare Cost Report because it is a children’s hospital, the median Medicaid indirect medical education payment costs shall be calculated as follows:
   a. For each hospital with indirect medical education costs on the Medicare Cost Report, determine a per resident total indirect medical education cost by dividing the total indirect medical education costs determined under subsection (D)(4)(b) by the number of filled resident positions under subsection (B)(2).
   b. Determine the median per resident amount under subsection (F)(4)(a).
   c. For each hospital without an indirect medical education component on the Medicare cost report, multiply the median per resident amount under subsection (F)(4)(b) by the number of filled resident positions under subsection (B)(2) for that hospital and by the Medicaid utilization percent for that hospital determined in subsection (B)(4)(c)(i).

Historical Note

R9-22-712.06. Reserved

R9-22-712.07. Rural Hospital Inpatient Fund Allocation

A. For purposes of this Section, the following words and phrases have the following meanings unless the context specifically requires another meaning:

1. “Calculated inpatient costs” means the sum of inpatient covered charges multiplied by the Milliman study’s implied cost-to-charge ratio of .8959.

2. “Claims paid amount” means the sum of all claims paid by the Administration and contractors, as reported by the contractor to the Administration, to a rural hospital for covered inpatient services rendered for dates of service during the previous state fiscal year.

3. “Fund” means any state funds appropriated by the Legislature for the purposes set forth in A.R.S. § 36-2905.02 and any federal funds that are available for matching the state funds.

4. “Inpatient covered charges” means the sum of all covered charges billed by a hospital to the Administration or contractors, as reported by the contractors to the Administration, for inpatient services rendered during the previous state fiscal year.

5. “Milliman study” means the report issued by Milliman USA on March 11, 2004, to the Arizona Hospital and Healthcare Association that updated a portion of a cost study entitled “Evaluation of the AHCCCS Inpatient Hospital Reimbursement System” prepared by Milliman USA for AHCCCS on November 15, 2002. A copy of each report is on file with the Administration.

6. “Rural hospital” means a health care institution that is licensed as an acute care hospital by the Arizona Department of Health Services for the previous state fiscal year and is not an IHS hospital or a tribally owned or operated facility and:
   a. Has 100 or fewer PPS beds, not including beds reported as sub provider beds on the hospital’s Medicare Cost Report, and is located in a county with a population of less than 500,000 persons, or
   b. Is designated as a critical access hospital for the majority of the previous state fiscal year.

B. Each February, the Administration shall allocate the Fund to the following three pools for the fiscal year:

1. Rural hospitals with 25 or fewer PPS beds not including sub provider beds and all Critical Access Hospitals, regardless of the number of beds in the Critical Access Hospital;

2. Rural hospitals other than Critical Access Hospitals with 26 to 75 PPS beds not including sub provider beds; and

3. Rural hospitals other than Critical Access Hospitals with 76 to 100 PPS beds not including sub provider beds.

C. The Administration shall allocate the Fund to each pool according to the ratio of claims paid amount for all hospitals assigned to the pool to total claims paid amount for all rural hospitals.

D. The Administration shall determine each hospital’s claims paid amount and allocate the funds in each pool to each hospital in the pool based on the ratio of each hospital’s claims paid amount to the sum of the claims paid amount for all hospitals assigned to the pool.

E. The Administration shall not make a Fund payment to a hospital that will result in the hospital’s claims paid amount plus
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

that hospital’s Fund payment being greater than that hospital’s calculated inpatient costs.
1. If a hospital’s claims paid amount plus the hospital’s Fund payment would be greater than the hospital’s calculated inpatient costs, the Administration shall make a Fund payment to the hospital equal to the difference between the hospital’s calculated inpatient costs and the hospital’s claims paid amount.
2. The Administration shall reallocate any portion of a hospital’s Fund allocation that is not paid to the hospital due to the reason in subsection (E)(1) to the other eligible hospitals in the pool based upon the ratio of the claims paid amount for each hospital remaining in the pool to the sum of the claims paid amount for each hospital remaining in the pool.
F. If funds remain in a pool after allocations to each hospital in the pool under subsections (D) and (E), the Administration shall reallocate the remaining funds to the other pools based upon the ratio of each pool’s original allocation of the Fund as determined under subsection (C) to the sum of the remaining pools’ original Fund allocations under subsection (C). The Administration shall allocate remaining funds to the hospitals in the remaining pools under subsection (D) and (E). See Exhibit 1 for an example.

G. Subject to CMS approval of the method and distribution of the Fund, the administration or its contractors will distribute the Fund as a lump sum allocation to the rural hospitals in either one or two installments by the end of each state fiscal year.

Historical Note
New Section made by final rulemaking at 12 A.A.R. 2188, effective June 6, 2006 (Supp. 06-2). Amended by final rulemaking at 22 A.A.R. 3476, effective January 30, 2016 (Supp. 15-4).

Historical Note

R9-22-712.10. Outpatient Hospital Reimbursement: General
A. Effective rule. The outpatient hospital reimbursement rules apply to dates of service beginning July 1, 2005, subject to Laws 2004, Ch. 279, § 19.
B. Basis For Payment. Except as provided under R9-22-712.30, AHCCCS shall pay for designated outpatient procedures provided to AHCCCS members according to the AHCCCS Outpatient Capped Fee-For-Service Schedule as defined in R9-22-712.20.
C. Data. AHCCCS shall use Medicare Cost Report and adjudicated claim and encounter data from non-IHS acute care hospitals located in the state of Arizona to develop fees for the AHCCCS Outpatient Capped Fee-For-Service Schedule.
D. Hospital Services Subject To Fees. AHCCCS shall reimburse services, in the following outpatient hospital categories under the AHCCCS Outpatient Capped Fee-For-Service Schedule:
1. Surgery,
2. Emergency Department,
3. Laboratory,
4. Radiology,
5. Clinic, and
6. Other services.
E. Reimbursement. AHCCCS shall reimburse outpatient hospital services by procedure codes, in proper combination with revenue codes, as prescribed by AHCCCS.

Historical Note
New Section made by exempt rulemaking at 11 A.A.R. 2297, effective July 1, 2005 (Supp. 05-2).

R9-22-712.20. Outpatient Hospital Reimbursement: Methodology for the AHCCCS Outpatient Capped Fee-For-Service Schedule
A. To establish the AHCCCS Outpatient Capped Fee-for-service Schedule for all claims with a begin date of service on or before September 30, 2011, AHCCCS shall:

1. Define the dataset of claims and encounters that shall be used to establish the AHCCCS Outpatient Capped Fee-for-service Schedule.
2. Identify all the claims and encounters from non-IHS acute hospitals located in Arizona for services to be paid under the AHCCCS Outpatient Capped Fee-for-service Schedule.
3. Match the revenue code on each detail of each claim and encounter to the ancillary line itemCCR as reported on hospital-specific mapping documents and hospital-specific Medicare Cost Report for those hospitals that have submitted Medicare Cost Reports FYE 2002.
4. Multiply the line item CCR from subsection (A)(3) by the covered billed charge for that revenue code to establish the cost for the service.
5. Inflated the cost for the service from subsection (A)(4) using Global Insight Health-care Cost Review inflation factors from date of service month to the midpoint of the rate year in which the fees are initially effective.
6. Include associated costs under R9-22-712.25 to calculate the rates for emergency room and surgery services.
7. Combine data from all Arizona hospitals identified in subsection (A)(3) for each procedure code to establish the statewide median cost for each procedure.
8. Group procedure codes according to the Ambulatory Payment Classification (APC) System groups as listed in 69 FR 65682, November 15, 2004, and establish a statewide median cost for each APC. Multiply each statewide median APC cost by 116 percent to establish the AHCCCS-based fee for each procedure in that specific APC group. AHCCCS shall assign each procedure in the group the same fee.
9. For those procedure codes that are not grouped into any APC, establish a procedure-specific fee using either:
   a. The AHCCCS Non-hospital Capped Fee-for-service Fee Schedule,
   b. 116 percent of the procedure-specific median cost AHCCCS-based fee, or
   c. The Medicare Clinical Laboratory Fee Schedule for laboratory services.
10. Compare the AHCCCS-based fee established in subsections (A)(8) and (9) against the comparable Medicare fee established for the Medicare APC group as listed in the 69 FR 65682, November 15, 2004. The fee for each procedure shall be the greater of the AHCCCS-based fee or the Medicare fee but no more than 150 percent of the AHCCCS-based fee; however, for those laboratory services for which a limit is established in the Medicare Clinical Laboratory Fee Schedule, the fee shall not exceed that limit.
11. Assign the 2005 Medicare fee in the AHCCCS Outpatient Capped Fee-for-service Schedule for those procedures for which there are fewer than 20 occurrences of the procedure code in the dataset, either independently, or, if applicable, for all procedure codes within an APC Group.

B. For all claims with a begin date of service on or after October 1, 2011, the AHCCCS Outpatient Capped Fee-for-service Schedule shall be derived from the CMS Medicare Outpatient Prospective Payment System (OPPS) fee schedule modified by an Arizona conversion factor determined annually.

1. When clinical services are billed using 51X revenue codes, the reimbursement to the hospital is the difference between the facility and non-facility rates payable to the practitioner for the procedures listed in the Administration’s Capped Fee-for-service Schedule under R9-22-710.
2. Observation services, when not billed in conjunction with a service for which a single payment is made under R9-22-712.25, are reimbursed at an hourly rate published in the Outpatient Capped Fee-for-service Schedule. This hourly rate includes reimbursement for associated services.
3. The AHCCCS Outpatient Capped Fee-for-service Schedule including the effective date of any changes to the listing are on file and posted on AHCCCS’ web site.

R9-22-712.25. Outpatient Hospital Fee Schedule Calculations: Associated Service Costs
A. AHCCCS shall include the costs of associated services, as defined by revenue codes and procedure codes, when determining the specific fees for the outpatient hospital procedures for emergency department and surgery services.
B. Payment made under subsection (A) or R9-22-712.20(B)(2) is inclusive of all services on the claim regardless of whether the services are provided on one or more days.
C. A complete listing of the revenue codes and procedure codes for associated costs included in the payment for emergency and surgery services including the effective date of any changes to the listing are on file and posted on AHCCCS’ web site.
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note
New Section made by exempt rulemaking at 11 A.A.R. 2297, effective July 1, 2005 (Supp. 05-2). Amended by final rulemaking at 17 A.A.R. 1460, effective October 1, 2011 (Supp. 11-3).

R9-22-712.30. Outpatient Hospital Reimbursement: Payment for a Service Not Listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule
A. AHCCCS shall calculate a statewide CCR for a service where a specific fee cannot be determined under R9-22-712.20.
B. For claims with a begin date of service on or before September 30, 2011, the statewide CCR shall be calculated based on the costs and covered charges associated with a service under subsection (A) for all Arizona hospitals, using the method specified in R9-22-712.20(A)(3).
C. For all claims with a begin date of service on or after October 1, 2011, the statewide CCR calculation shall equal either the CMS Medicare Outpatient Urban Cost-to-charge Ratio or the CMS Medicare Outpatient Rural Cost-to-charge Ratio published by CMS for the state of Arizona. AHCCCS shall use the urban cost-to-charge ratio for hospitals located in a county of 500,000 residents or more and for out-of-state hospitals. AHCCCS shall use the rural cost-to-charge ratio for hospitals located in a county of fewer than 500,000 residents. On October 1st of each year, AHCCCS shall adjust urban and rural CCRs to the CCRs as published by CMS in the Federal Register on or before August 1st of that year.
D. To determine the payment amount for procedures where a specific fee is not determined under R9-22-712.20, the statewide CCR is multiplied by the covered charges.
E. Reductions to payments for outpatient hospital services not listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule. Outpatient hospital services not listed in the AHCCS Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rate published by CMS pursuant to subsection (C) of this Section.

R9-22-712.35. Outpatient Hospital Reimbursement: Adjustments to Fees
A. For all claims with a begin date of service on or before September 30, 2011, AHCCCS shall increase the Outpatient Capped Fee-for-service Schedule established under R9-22-712.20 (except for laboratory services and out-of-state hospital services) for the following hospitals submitting any claims:

1. By 48 percent for public hospitals on July 1, 2005, and hospitals that were public anytime during the calendar year 2004;
2. By 45 percent for hospitals in counties other than Maricopa and Pima with more than 100 Medicare PPS beds during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective;
3. By 50 percent for hospitals in counties other than Maricopa and Pima with 100 or less Medicare PPS beds during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective;
4. By 115 percent for hospitals designated as Critical Access Hospitals or hospitals that have not been designated as Critical Access Hospitals but meet the criteria during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective; or
5. By 113 percent for a Freestanding Children’s Hospital with at least 110 pediatric beds during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective; or
6. By 14 percent for a University Affiliated Hospital which is a hospital that has a majority of the members of its board of directors appointed by the Board of Regents during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective.

B. For all claims with a begin date of service on or after October 1, 2011, AHCCCS shall increase the Outpatient Capped Fee-for-service Schedule (except for laboratory services, and out-of-state hospital services) for the following hospitals. A hospital shall receive an increase from only one of the following categories:

1. By 73 percent for public hospitals;
2. By 31 percent for hospitals in counties other than Maricopa and Pima with more than 100 licensed beds as of October 1 of that contract year;
3. By 37 percent for hospitals in counties other than Maricopa and Pima with 100 or fewer licensed beds as of October 1 of that contract year;
4. By 100 percent for hospitals designated as Critical Access Hospitals or hospitals that have not been designated as Critical Access Hospitals but meet the critical access criteria;
5. By 78 percent for a Freestanding Children’s Hospital with at least 110 pediatric beds as of October 1 of that contract year; or
6. By 41 percent for a University Affiliated Hospital, this is a hospital that has a majority of the members of its board of directors appointed by the Arizona Board of Regents.

C. In addition to subsections (A) and (B), an Arizona Level 1 trauma center as defined by R9-22-2101 shall receive a 50 percent increase to the Outpatient Capped Fee-for-service Schedule (except for laboratory services and out-of-state hospital services) for Level 2 and 3 emergency department procedures.

D. Hospitals with greater than 100 pediatric beds not receiving an increase under subsection (B) shall receive an 18 percent increase to the Outpatient Capped Fee-for-service Schedule (except for laboratory services, and out-of-state hospital services).

E. For outpatient services with dates of service from October 1, 2020 through September 30, 2021, the payment otherwise required for outpatient hospital services provided by qualifying hospitals shall be increased by a percentage established by the administration. The percentage is published on the Administration’s public website as part of its fee schedule subsequent to the public notice published no later than September 1, 2020.
A hospital will qualify for an increase if it meets the criteria specified below for the applicable hospital subtype.

1. A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: short-term or children’s will qualify for an increase if it meets the criteria in (E)(1)(a), (b), (c), (d), or (e):

   a. By May 27, 2020, a hospital which did not receive Differential Adjusted Payments from October 1, 2019 through September 30, 2020, submits a Letter of Intent to AHCCCS and a qualifying Health Information Exchange (HIE) organization in which the hospital agrees to achieve all of the following:

      i. By May 27, 2020, the hospital must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

      ii. By June 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of qualifying HIE organization: admission, discharge, and transfer information (generally known as ADT information), including data from the hospital emergency department if the provider has an emergency department;

      iii. By August 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;

      iv. By September 1, 2020, or within 30 days of initiating COVID-19 lab testing, submit all COVID-19 lab test codes and the associated LOINC codes to qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

   v. By September 1, 2020, or within 30 days of initiating COVID-19 antibody testing, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

      vi. Within 30 days of initiating COVID-19 immunizations, submit all COVID-19 immunization codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of immunizations within the HIE system if applicable;

      vii. By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf if applicable;

   viii. By November 1, 2020, the hospital must approve and authorize a formal scope of work (SOW) with a qualifying HIE organization to initiate and complete a Phase 1 data quality improvement effort, as defined by the qualifying HIE organization in collaboration with the qualifying HIE organization;

   ix. By January 1, 2021, the hospital must complete the Phase 1 initial data quality profile with a qualifying HIE organization;

   x. By May 1, 2021, the hospital must complete the Phase 1 final data quality profile with a qualifying HIE organization;

   b. By May 27, 2020, a hospital which received Differential Adjusted Payments October 1, 2019 through September 30, 2020, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:

      i. By May 27, 2020, the hospital must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

      ii. By June 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;

      iii. By September 1, 2020, or within 30 days of initiating COVID-19 lab testing, submit all COVID-19 lab test codes and the associated LOINC codes to qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

      iv. By September 1, 2020, or within 30 days of initiating COVID-19 antibody testing, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

      v. By September 1, 2020, or within 30 days of initiating COVID-19 antibody testing, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

      vi. Within 30 days of initiating COVID-19 immunizations, submit all COVID-19 immunization codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of immunizations within the HIE system if applicable;

      vii. By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf if applicable;
vi. By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf if applicable;

vii. By November 1, 2020, the hospital must approve and authorize a formal SOW to initiate and complete a Phase 2 data quality improvement effort, as defined by the qualifying HIE organization and in collaboration with the qualifying HIE organization;

viii. By January 1, 2021, the hospital must complete the Phase 2 initial data quality profile with a qualifying HIE organization;

ix. By May 1, 2021, the hospital must complete the Phase 2 final data quality profile with a qualifying HIE organization;

x. Hospitals that meet each of the following HIE data quality performance criteria will be eligible to receive DAP increases:

1. Demonstrate a 10% improvement from baseline measurements in the initial data quality profile, based on July 2019 data, to the final data quality profile, based on March 2020 data.

2. Meet a minimum performance standard of at least 60% based on March 2020 data.

3. If performance meets or exceeds an upper threshold of 90% based on March 2020 data the hospital meets the criteria. Regardless of the percentage improvement from the baseline measurements;

c. Meet or exceed the statewide average on May 12, 2020 for the Severe Sepsis/Septic Shock (SEP-1) performance measure from the Medicare Hospital Compare website;

d. Be a participant in the Improving Pediatric Sepsis Outcomes collaborative in 2020;

e. For dates of services from October 1, 2020 through September 30, 2021, hospitals subject to APR-DRG reimbursement (Provider Type 02) may qualify for a DAP on codes J7296-J7298, J7300-J7301, and J7307 billed on the 1500 or UB-04 forms for long-acting reversible contraception devices.

2. A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: critical access hospital will qualify for an increase if it meets this criteria. By May 27, 2020, a hospital which received Differential Adjusted Payments October 1, 2019 through September 30, 2020, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:

a. By May 27, 2020, the hospital must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

b. By June 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: admission, discharge and transfer information (generally known as ADT information), including data from the hospital emergency department if the provider has an emergency department, laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;

c. By September 1, 2020, or within 30 days of initiating COVID-19 lab testing, submit all COVID-19 lab test codes and the associated LOINC codes to qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

d. By September 1, 2020 or within 30 days of initiating COVID-19 antibody testing, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

e. Within 30 days of initiating COVID-19 immunizations, submit all COVID-19 immunization codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of immunizations within the HIE system if applicable;

f. By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf if applicable;

2. By November 1, 2020, the hospital must approve and authorize a formal SOW to initiate and complete a Phase 2 data quality improvement effort, as defined by the qualifying HIE organization and in collaboration with the qualifying HIE organization;

h. By January 1, 2021, the hospital must complete the Phase 2 initial data quality profile with a qualifying HIE organization;

i. By May 1, 2021, the hospital must complete the Phase 2 final data quality profile with a qualifying HIE organization;

j. Hospitals that meet each of the following HIE data quality performance criteria will be eligible to receive DAP increases:

i. Demonstrate a 10% improvement from baseline measurements in the initial data quality profile, based on July 2019 data, to the final data quality profile, based on March 2020 data;

ii. Meet a minimum performance standard of at least 60% based on March 2020 data;

iii. If performance meets or exceeds an upper threshold of 90% based on March 2020 data the hospital meets the criteria, regardless of the percentage improvement from the baseline measurements;

3. A hospital designated as type: hospital, subtype: long term, psychiatric, or rehabilitation by the Arizona Department of Health Services Division of Licensing Services will qualify for an increase if it meets the criteria specified in (E)(3)(a), (b), (c), (d), or (e);

a. By May 27, 2020, a hospital which did receive Differential Adjusted Payments from October 1, 2019 through September 30, 2020, submits a Letter of
Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:

i. By May 27, 2020, the hospital must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

ii. By June 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: admission, discharge, and transfer information (generally known as ADT information), including data from the hospital emergency department if the provider has an emergency department;

iii. By August 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;

iv. By September 1, 2020, or within 30 days of initiating COVID-19 lab testing, submit all COVID-19 lab test codes and the associated LOINC codes to qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

v. By September 1, 2020 or within 30 days of initiating COVID-19 antibody testing, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

vi. Within 30 days of initiating COVID-19 immunizations, submit all COVID-19 immunization codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of immunizations within the HIE system if applicable;

i. By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf if applicable;

vii. By November 1, 2020, the hospital must approve and authorize a formal SOW with a qualifying HIE organization to initiate and complete a Phase 1 data quality improvement effort, as defined by the qualifying HIE organization and in collaboration with the qualifying HIE organization;

ix. By January 1, 2021, the hospital must complete the Phase 1 initial data quality profile with a qualifying HIE organization;

x. By May 1, 2021, the hospital must complete the Phase 1 final data quality profile with a qualifying HIE organization;

b. By May 27, 2020, a hospital which received Differential Adjusted Payments October 1, 2019 through September 30, 2020, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:

i. By May 27, 2020, the hospital must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

ii. By June 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

ment effort, as defined by the qualifying HIE organization and in collaboration with a qualifying HIE organization;

viii. By January 1, 2021, the hospital must complete the Phase 2 initial data quality profile with a qualifying HIE organization;

ix. By May 1, 2021, the hospital must complete the Phase 2 final data quality profile with a qualifying HIE organization;

x. Performance Criteria: Hospitals that meet each of the following HIE data quality performance criteria will be eligible to DAP increases;

1. Demonstrate a 10% improvement from baseline measurements in the initial data quality profile, based on July 2019 data, to the final data quality profile, based on March 2020 data;

2. Meet a minimum performance standard of at least 60% based on March 2020 data;

3. If performance meets or exceeds an upper threshold of 90% based on March 2020 data the hospital meets the criteria, regardless of the percentage improvement from the baseline measurements.

c. On May 12, 2020 is identified as a Medicare Annual Payment Update recipients on the QualityNet.org website;

d. On May 12, 2020 meets or falls below the national average for the rate of pressure ulcers that are new or worsened from the Medicare Long Term Hospital Compare website;

e. On May 12, 2020 meets or falls below the national average for the rate of pressure ulcers that are new or worsened from the Medicare Inpatient Rehabilitation Facility Compare website.

4. A hospital designated as type: hospital by the Arizona Department of Health Services Division of Licensing Services and is owned and/or operated by Indian Health Services (HIS) or under Tribal authority will qualify for an increase if it meets this criteria. By May 27, 2020, a hospital submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:

a. By May 27, 2020, the facility must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

b. By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf;

c. By December 1, 2020, the facility must approve and authorize a formal SOW with a qualifying HIE organization to develop and implement the data exchange necessary to meet the requirements of Milestones d, e and f;

d. By April 1, 2021 the facility must electronically submit actual patient identifiable information to the production environment of a qualifying HIE organization, including admission, discharge, and transfer information (generally known as ADT information), including data from the hospital emergency department if the facility has an emergency department;

e. By June 1, 2021 the facility must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;

f. If the facility has ambulatory and/or behavioral health practices, then no later than June 1, 2021 the facility must submit actual patient identifiable information to the production environment of a qualifying HIE, including registration, encounter summary, and SMI data elements as defined by the qualifying HIE organization.

F. If a hospital submits a Letter of Intent to AHCCCS and received the Differential Adjusted Payments October 1, 2019 through September 30, 2020, but fails to achieve or maintain one or more of the required criteria by the specified date, that hospital will be ineligible to receive any Differential Adjusted Payments for dates of service from October 1, 2020 through September 30, 2021 if a Differential Adjusted Payment is available at that time.

G. Fee adjustments made under subsections (A), (B), (C), (D), and (E) are on file with AHCCCS and current adjustments are posted on AHCCCS’ website.

R9-22-712.40. Outpatient Hospital Reimbursement: Annual and Periodic Update
A. Procedure codes. When procedure codes are issued by CMS and added to the Current Procedural Terminology published by the American Medical Association, AHCCCS shall add to the Outpatient Capped Fee-for-Service Schedule the new procedure codes for covered outpatient services and shall either assign the default CCR under R9-22-712.40(F)(2), the Medicare rate, or calculate an appropriate fee.
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

B. APC changes. AHCCCS may reassign procedure codes to new or different APC groups when APC groups are revised by CMS. AHCCCS may reassign procedure codes to a different APC group than Medicare. If AHCCCS determines that utilization of a procedure code within the Medicare program is substantially different from utilization of the procedure code in the AHCCCS program, AHCCCS may choose not to assign the procedure code to any APC group. For procedure codes not grouped into an APC by Medicare, AHCCCS may assign the code to an APC group when AHCCCS determines that the cost and resources associated with the non-assigned code are substantially similar to those in the APC group.

C. Annual update for Outpatient Hospital Fee Schedule. Beginning October 1, 2006, through September 30, 2011, AHCCCS shall adjust outpatient fee schedule rates:
   1. Annually by multiplying the rates effective during the prior year by the Global Insight Prospective Hospital Market Basket Inflation Index; or
   2. In a particular year the director may substitute the increase in subsection (C)(1) by calculating the dollar value associated with the inflation index in subsection (C)(1), and applying the dollar value to adjust rates at varying levels.

D. Reductions to the Outpatient Capped Fee-For-Service Schedule. Claims paid using the Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rates in effect on September 30, 2011, subject to the annual adjustments to procedure codes and APCs under this Section.

E. Rebase. AHCCCS shall rebase the outpatient fees every five years.

F. Statewide CCR:
   1. For begin dates of service on or before September 30, 2011, the statewide CCR calculated in R9-22-712.30 shall be recalculated at the time of rebasing. When rebasing, AHCCCS may recalculate the statewide CCR based on the costs and charges for services excluded from the outpatient hospital fee schedule.
   2. For begin dates of service on or after October 1, 2011, the statewide CCR shall be set under R9-22-712.30(C).

G. Other Updates. In addition to the other updates provided for in this Section, the Administration may adjust the Outpatient Capped Fee-For-Service Fee Schedule and the Statewide CCR to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

R9-22-712.45. Outpatient Hospital Reimbursement: Outpatient Payment Restrictions

A. AHCCCS shall not reimburse hospitals for emergency room treatment, observation hours, or other outpatient hospital services performed on an outpatient basis if the member is admitted as an inpatient to the same hospital directly from the emergency room, observation, or other outpatient department.

B. AHCCCS shall include payment for the emergency room, observation, and other outpatient hospital services provided to the member before the hospital admission in the AHCCCS Inpatient Tiered Per Diem Capped Fee-For-Service Schedule under Article 7 of this Chapter.

C. Same day admit and discharge.
   1. For discharges before September 30, 2014. Same day admit and discharge claims that qualify for either the maternity or nursery tiers shall be paid based on the lesser of the rate for the maternity or nursery tier, or the outpatient hospital fee schedule.
   2. For discharge dates on and after October 1, 2014. Same day admit and discharge claims are paid for through the outpatient fee schedule.

R9-22-712.50. Outpatient Hospital Reimbursement: Billing
To receive appropriate reimbursement, hospitals shall:
   1. Bill outpatient hospital services on the CMS approved Uniform Billing Form or in electronic format using the appropriate HIPAA transaction.
   2. Follow the UB Manual Guidelines, as published by the National Uniform Billing Committee, and use the appropriate revenue code and procedure code combination as prescribed by AHCCCS and on file and online with AHCCCS.

**Historical Note**

R9-22-712.59.  Reserved

R9-22-712.60.  Diagnosis Related Group Payments
A.  Inpatient hospital services with discharge dates on or after October 1, 2014, shall be reimbursed using the diagnosis related group (DRG) payment methodology described in this Section and sections R9-22-712.61 through R9-22-712.81.
B.  Payments made using the DRG methodology shall be the sole reimbursement to the hospital for all inpatient hospital services and related supplies provided by the hospital.  Services provided in the emergency room, observation area, or other outpatient departments that are directly followed by an inpatient admission to the same hospital are not reimbursed separately.  Are reimbursed through the DRG methodology and not reimbursed separately.
C.  Each claim for an inpatient hospital stay shall be assigned a DRG code and a DRG relative weight based on the All Patient Refined Diagnosis Related Group (APR-DRG) classification system established by 3M Health Information Systems.  The applicable version of the APR-DRG classification system shall be available on the agency’s website.
D.  Payments for inpatient hospital services reimbursed using the DRG payment methodology are subject to quick pay discounts and slow pay penalties under A.R.S. 36-2904.
E.  Payments for inpatient hospital services reimbursed using the DRG payment methodology are subject to the Urban Hospital Reimbursement Program under R9-22-718.
F.  For purposes of this Section and sections R9-22-712.61 through R9-22-712.81:
   1.  “DRG National Average length of stay” means the national arithmetic mean length of stay published in the All Patient Refined Diagnosis Related Group (APR-DRG) classification system established by 3M Health Information Systems.
   2.  “Length of stay” means the total number of calendar days of an inpatient stay beginning with the date of admission through discharge, but not including the date of discharge (including the date of a discharge to another hospital, i.e., a transfer) unless the member expires.
   4.  “Medicare labor share” means a hospital’s labor costs as a percentage of its total costs as determined by CMS for purposes of the Medicare Inpatient Prospective Payment System.

Historical Note

R9-22-712.61.  DRG Payments: Exceptions
A.  Notwithstanding section R9-22-712.60, claims for inpatient services from the following hospitals shall be paid on a per diem basis, including provisions for outlier payments, where rates and outlier thresholds are included in the capped fee schedule published by the Administration on its website and available for inspection during normal business hours at 701 E.  Jefferson, Phoenix, Arizona.  If the covered costs per day on a claim exceed the published threshold for a day, the claim is considered an outlier.  Outliers will be paid by multiplying the covered charges by the outlier CCR.  The outlier CCR will be the sum of the urban or rural default operating CCR appropriate to the location of the hospital and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.  The resulting amount will be the total reimbursement for the claim.  There is no provision for outlier payments for hospitals described under subsection (A)(3).
   1.  Hospitals designated as type: hospital, subtype: rehabilitation in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website in March of each year;
   2.  Hospitals designated as type: hospital, subtype: long term in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for March of each year;
   3.  Hospitals designated as type: hospital, subtype: psychiatric in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for March of each year;
B.  Notwithstanding section R9-22-712.60, claims for inpatient services that are covered by a RBHA or TRBHA, where the principal diagnosis on the claim is a behavioral health diagnosis, shall be reimbursed as prescribed by a per diem rate described by a fee schedule established by the Administration; however, if the principal diagnosis is a physical health diagnosis, the claim shall be processed under the DRG methodology described in this section, even if behavioral health services are provided during the inpatient stay.
C.  Notwithstanding section R9-22-712.60, claims for services associated with transplant services shall be paid in accordance with the contract between the AHCCCS administration and the transplant facility.
D.  Notwithstanding section R9-22-712.60, claims from an IHS facility or 638 Tribal provider shall be paid the all-inclusive rate on a per visit basis in accordance with the rates published annually by IHS in the federal register.
E.  For hospitals that have contracts with the Administration for the provision of transplant services, inpatient days associated with transplant services are paid in accordance with the terms of the contract.
F.  For inpatient services with a date of admission from October 1, 2020 through September 30, 2021, provided by a hospital in subsection (A) that qualifies, the administration shall pay the hospital an Inpatient Differential Adjusted Payment equal to the sum of the payment otherwise provided for in subsection (A) plus the product of the amount otherwise provided for in subsection (A) and a percentage published on the Administration’s public website as part of its fee schedule, subsequent to a public notice published no later than September 1, 2020.  A hospital will qualify for an increase if it meets the criteria specified below for the applicable hospital subtype.
   1.  A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: short-term or children’s will qualify for an increase if it meets the criteria in subsection (F)(1)(a), (i) through (x), (F)(1)(b), (i) through (x), and (1) through (3); (F)(1)(c); (F)(1)(d), or (F)(1)(e):
   a.  By May 27, 2020, a hospital which did not receive Differential Adjusted Payments from October 1, 2019 through September 30, 2020, submits a Letter of Intent to AHCCCS and a qualifying Health Information Exchange (HIE) organization in which the hospital agrees to achieve all of the following:
   i.  By May 27, 2020, the hospital must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to
achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

ii. By June 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of qualifying HIE organization: admission, discharge, and transfer information (generally known as ADT information), including data from the hospital emergency department if the provider has an emergency department;

iii. By August 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;

iv. By September 1, 2020, or within 30 days of initiating COVID-19 lab testing, submit all COVID-19 lab test codes and the associated LOINC codes to qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

v. By September 1, 2020, or within 30 days of initiating COVID-19 antibody testing, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

vi. Within 30 days of initiating COVID-19 immunizations, submit all COVID-19 immunization codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of immunizations within the HIE system if applicable;

vii. By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf if applicable;

viii. By November 1, 2020, the hospital must approve and authorize a formal scope of work (SOW) with a qualifying HIE organization to initiate and complete a Phase 1 data quality improvement effort, as defined by the qualifying HIE organization in collaboration with the qualifying HIE organization;

ix. By January 1, 2021, the hospital must complete the Phase 1 initial data quality profile with a qualifying HIE organization;

x. By May 1, 2021, the hospital must complete the Phase 1 final data quality profile with a qualifying HIE organization;

b. By May 27, 2020, a hospital which received Differential Adjusted Payments October 1, 2019 through September 30, 2020, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:

i. By May 27, 2020, the hospital must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

ii. By June 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: admission, discharge and transfer information (generally known as ADT information), including data from the hospital emergency department if the provider has an emergency department, laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;

iii. By September 1, 2020, or within 30 days of initiating COVID-19 lab testing, submit all COVID-19 lab test codes and the associated LOINC codes to qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

iv. By September 1, 2020 or within 30 days of initiating COVID-19 antibody testing, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

v. Within 30 days of initiating COVID-19 immunizations, submit all COVID-19 immunization codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of immunizations within the HIE system if applicable;

vi. By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf if applicable;

vii. By November 1, 2020, the hospital must approve and authorize a formal scope of work (SOW) with a qualifying HIE organization to initiate and complete a Phase 2 data quality improvement effort, as defined by the qualifying HIE organization in collaboration with the qualifying HIE organization;

viii. By January 1, 2021, the hospital must complete the Phase 2 initial data quality profile with a qualifying HIE organization.
ix. By May 1, 2021, the hospital must complete the Phase 2 final data quality profile with a qualifying HIE organization;

x. Hospitals that meet each of the following HIE data quality performance criteria will be eligible to receive DAP increases:

1) Demonstrate a 10% improvement from baseline measurements in the initial data quality profile, based on July 2019 data, to the final data quality profile, based on March 2020 data;

2) Meet a minimum performance standard of at least 60% based on March 2020 data;

3) If performance meets or exceeds an upper threshold of 90% based on March 2020 data the hospital meets the criteria. Regardless of the percentage improvement from the baseline measurements;

c. Meet or exceed the statewide average on May 12, 2020 for the Severe Sepsis/Septic Shock (SEP-1) performance measure from the Medicare Hospital Compare website;

d. Be a participant in the Improving Pediatric Sepsis Outcomes collaborative in 2020;

e. For dates of services from October 1, 2020 through September 30, 2021, hospitals subject to APR-DRG reimbursement (Provider Type 02) may qualify for a DAP on codes J7296-J7298, J7300-J7301, and J7307 billed on the 1500 or UB-04 forms for long-acting reversible contraception devices.

2. A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: critical access hospital will qualify for an increase if it meets this criteria. By May 27, 2020, a hospital which received Differential Adjusted Payments October 1, 2019 through September 30, 2020, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:

a. By May 27, 2020, the hospital must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

b. By June 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: admission, discharge and transfer information (generally known as ADT information), including data from the hospital emergency department if the provider has an emergency department, laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;

c. By September 1, 2020, or within 30 days of initiating COVID-19 lab testing, submit all COVID-19 lab test codes and the associated LOINC codes to qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

d. By September 1, 2020 or within 30 days of initiating COVID-19 antibody testing, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

e. Within 30 days of initiating COVID-19 immunizations, submit all COVID-19 immunization codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of immunizations within the HIE system if applicable;

f. By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf if applicable;

g. By November 1, 2020, the hospital must approve and authorize a formal SOW to initiate and complete a Phase 2 data quality improvement effort, as defined by the qualifying HIE organization and in collaboration with the qualifying HIE organization;

h. By January 1, 2021, the hospital must complete the Phase 2 initial data quality profile with a qualifying HIE organization;

i. By May 1, 2021, the hospital must complete the Phase 2 final data quality profile with a qualifying HIE organization;

j. Hospitals that meet each of the following HIE data quality performance criteria will be eligible to receive DAP increases:

i) Demonstrate a 10% improvement from baseline measurements in the initial data quality profile, based on July 2019 data, to the final data quality profile, based on March 2020 data;

ii) Meet a minimum performance standard of at least 60% based on March 2020 data;

iii) If performance meets or exceeds an upper threshold of 90% based on March 2020 data the hospital meets the criteria, regardless of the percentage improvement from the baseline measurements.

Historical Note

R9-22-712.62. DRG Base Rate

A. The initial DRG base payment is the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code assigned to the claim, and any applicable provider and service policy adjustors.

B. The DRG base rate for each hospital is the statewide standardized amount of which the hospital’s labor-related share of that amount is adjusted by the hospital’s wage index. The hospital’s labor share is determined based on the labor share for the
Medicare inpatient prospective payment system published in Volume 81 of the Federal Register at page 57312, published August 22, 2016. The hospital’s wage index is determined based on the wage index tables reference in Volume 81 of the Federal Register at page 57311 published August 22, 2016. The statewide standardized amount is included in the AHCCCS capped fee schedule available on the agency’s website.

C. Claims shall be assigned both a DRG code derived from all diagnosis and surgical procedure codes included on the claim (the “pre-HCAC” DRG code) and a DRG code derived excluding diagnosis and surgical procedure codes associated with the health care acquired conditions that were not present on admission or any other provider-preventable conditions (the “post-HCAC” DRG code). The DRG code with the lower relative weight shall be used to process claims using the DRG methodology.

Historical Note

R9-22-712.63. DRG Base Payments Not Based on the Statewide Standardized Amount
A. Notwithstanding Section R9-22-712.62, a select specialty hospital statewide standardized amount shall be used in place of the statewide standardized amount in subsection R9-22-712.62(B) to calculate the DRG base rate for the following hospitals:
1. Hospitals located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2011 Medicare Cost Report are reimbursed by Medicare.
2. Hospitals designated as type: hospital, subtype: short-term that has a license number beginning “SH” in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year.

B. The select specialty hospital standardized amount is included in the AHCCCS capped fee schedule available on the agency’s website.

Historical Note

R9-22-712.64. DRG Base Payments and Outlier CCR for Out-of-State Hospitals
A. DRG Base payment:
1. For high volume out-of-state hospitals defined in subsection (C), the wage adjusted DRG base payment is determined as described in R9-22-712.62.
2. Notwithstanding subsection R9-22-712.62 the wage adjusted DRG base rate for out-of-state hospitals that are not high volume hospitals shall be included in the AHCCCS capped fee schedule available on the agency’s website.

B. Outlier CCR:
1. Notwithstanding subsection R9-22-712.68, the CCR used for the outlier calculation for out-of-state hospitals that are not high volume hospitals shall be the sum of the statewide urban default operating cost-to-charge ratio and the statewide capital CCR in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.
2. The CCR used for the outlier calculation for high volume out-of-state hospitals is the same as in-state hospitals as described in R9-22-712.68.
3. A high volume out-of-state hospital is a hospital not otherwise excluded under R9-22-712.61, that is located in a county that borders the State of Arizona and had 500 or more AHCCCS covered inpatient days for the fiscal year beginning October 1, 2015.
4. Other than as required by this Section, DRG reimbursement for out-of-state hospitals is determined under R9-22-712.60 through R9-22-712.81.

Historical Note

R9-22-712.65. DRG Provider Policy Adjustor
A. After calculating the DRG base payment as required in sections R9-22-712.62, R9-22-712.63, or R9-22-712.64, for claims from a high-utilization hospital, the product of the DRG base rate and the DRG relative weight for the post-HCAC DRG code shall be multiplied by a provider policy adjustor that is included in the AHCCCS capped fee schedule available on the agency’s website.

B. A hospital is a high-utilization hospital if the hospital had:
1. Covered inpatient days subject to DRG reimbursement, determined using adjudicated claim and encounter data during the fiscal year beginning October 1, 2015, equal to at least four hundred percent of the statewide average number of AHCCCS-covered inpatient days at all hospitals;
2. A Medicaid inpatient utilization rate greater than 30% calculated as the ratio of AHCCCS-covered inpatient days to total inpatient days as reported in the hospital’s Medicare Cost Report for the fiscal year ending 2016; and,
3. Received less than $2 million in add-on payment for outliers under R9-22-712.68, based on adjudicated claims and encounters for fiscal year beginning October 1, 2015.

Historical Note

R9-22-712.66. DRG Service Policy Adjustor
In addition to Section R9-22-712.65, for claims with DRG codes in the following categories, the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code, and the DRG provider policy adjustor shall be multiplied by the service policy adjustor listed in the AHCCCS capped fee schedule, available on the agency’s website, corresponding to the following DRG codes:
1. Normal newborn DRG codes,
2. Neonates DRG codes,
3. Obstetrics DRG codes,
4. Psychiatric DRG codes,
5. Rehabilitation DRG codes,
6. Burn DRG codes,
7. Claims for members under age 19 assigned DRG codes other than listed above:
   a. For dates of discharge occurring on or after October 1, 2014 and ending no later than December 31, 2015 regardless of severity of illness level,
   b. For dates of discharge on or after January 1, 2016, for severity of illness levels 1 and 2.
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

9 A.A.C. 22

c. For dates of discharge on or after January 1, 2016 and before January 1, 2017, for severity of illness levels 3 and 4.
d. For dates of discharge on or after January 1, 2017, and before January 1, 2018 for severity of illness levels 3 and 4.
e. For dates of discharge on or after January 1, 2018, for severity of illness levels 3 and 4.
8. Claims for members assigned DRG codes other than listed above.

Historical Note

R9-22-712.67. DRG Reimbursement: Transfers

A. For purposes of this Section a “transfer” means the transfer of a member from a hospital to a short-term general hospital for inpatient care, a designated cancer center, children’s hospital, or a critical access hospital except when a member is moved for the purpose of receiving sub-acute services.
B. Designated cancer center or children’s hospitals are those hospitals identified as such in the UB-04 billing manual published by the National Uniform Billing Committee.
C. The hospital the member is transferred from shall be reimbursed either the initial DRG base payment or the transfer DRG base payment, whichever is less.
D. The transfer DRG base payment is an amount equal to the initial DRG base payment, as determined after making any provider or service policy adjustments, divided by the DRG National Average length of stay for the DRG code multiplied by the sum of one plus the length of stay.
E. The hospital the member is transferred to shall be reimbursed under the DRG payment methodology without a reduction due to the transfer.
F. Unadjusted DRG base payment. The unadjusted DRG base payment is either the initial DRG base payment, as determined after making any provider or service policy adjustments, or the transfer DRG base payment, whichever is less.

Historical Note

R9-22-712.68. DRG Reimbursement: Unadjusted Outlier Add-on Payment

A. Claims for inpatient hospital services qualify for an outlier add-on payment if the claim cost exceeds the outlier cost threshold.
B. The claim cost is determined by multiplying covered charges by an outlier CCR as described by the following subsections:
1. For hospitals designated as type: hospital, subtype: children’s in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year. The outlier CCR will be calculated by dividing the hospital total costs by the total charges using the most recent Medicare Cost Report available as of September 1 of that year.
2. For Critical Access Hospitals the outlier CCR will be the sum of the statewide rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.
3. For all other hospitals the outlier CCR will be the sum of the operating cost-to-charge ratio and the capital cost-to-charge ratio established for each hospital in the impact file established as part of the Medicare Inpatient Prospective Payment System by CMS.
C. AHCCCS shall update the CCRs described in subsection (B) to conform to the most recent CCRs established by CMS as of September 1 of each year, and the CCRs so updated shall be used for claims with dates of discharge on or after October 1 of that year.
D. The outlier threshold is equal to the sum of the unadjusted DRG base payment plus the fixed loss amount. The fixed loss amount for critical access hospitals and for all other hospitals are included in the AHCCCS capped fee schedule available on the agency’s website.
E. For those inpatient hospital claims that qualify for an outlier add-on payment, the payment is calculated by subtracting the outlier threshold from the claim cost and multiplying the result by the DRG marginal cost percentage. The DRG marginal cost percentage for claims assigned DRG codes associated with the treatment of burns and for all other claims are included in the AHCCCS capped fee schedule available on the agency’s website.

Historical Note

R9-22-712.69. DRG Reimbursement: Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment

Adjustments to the payments are made to account for days not covered by AHCCCS as follows:
1. A covered day reduction factor unadjusted is determined if the member is not eligible on the first day of the inpatient stay but is eligible for subsequent days during the inpatient stay. In this case, a covered day reduction factor unadjusted is calculated by dividing the number of AHCCS covered days by the DRG National Average length of stay. The number of AHCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
2. A covered day reduction factor unadjusted is also determined if the member is eligible on the first day of the inpatient stay but is determined ineligible for one or more days prior to the date of discharge. In this case, a covered day reduction factor unadjusted is calculated by adding one to the number of AHCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
3. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
4. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
5. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

September 30, 2021 Supp. 21-3 Page 81
Historical Note
New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.70. Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment for FES members
In addition to the covered day reduction factor in R9-22-712.69, a covered day reduction factor unadjusted is determined for an inpatient stay during which an FES member receives services for the treatment of an emergency medical condition and also receives services once the condition no longer meets the criteria as an emergency medical condition described in R9-22-217.

1. A covered day reduction factor unadjusted is calculated by adding one to the AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of inpatient days during which an FES member receives services for an emergency medical condition as described in R9-22-217. For purposes of this adjustment, any portion of a day during which the FES member receives treatment for an emergency medical condition is counted as an AHCCCS covered day.

2. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.

3. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.

4. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

Historical Note
New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.71. Final DRG Payment
The final DRG payment is the sum of the final DRG base payment, the final DRG outlier add-on payment, and the Differential Adjusted Payment.

1. The final DRG base payment is an amount equal to the product of the covered day adjusted DRG base payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.

2. The final DRG outlier add-on payment is an amount equal to the product of the covered day adjusted DRG outlier add-on payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.

3. The factor for each hospital and for each federal fiscal year is published as part of the AHCCCS capped fee schedule and is available on the AHCCCS administration’s website and is on file for public inspection at the AHCCCS administration located at 701 E. Jefferson Street, Phoenix, Arizona.

4. For inpatient services with a date of discharge from October 1, 2020 through September 30, 2021, the Inpatient Differential Adjusted Payment is the sum of the final DRG base payment and the final DRG outlier add-on payment multiplied by a percentage published on the Administration’s public website as part of its fee schedule, subsequent to the public notice published no later than September 1, 2020. A hospital will qualify for an increase if it meets the criteria specified below for the applicable hospital subtype.

a. A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: short-term or children’s will qualify for an increase if it meets the criteria in (4)(a)(i), (1) through (10); (4)(a)(ii), (1) through (10)(a) through (c); and (4)(iii), (iv), or (v):

i. By May 27, 2020, a hospital which did not receive Differential Adjusted Payments from October 1, 2019 through September 30, 2020, submits a Letter of Intent to AHCCCS and a qualifying Health Information Exchange (HIE) organization in which the hospital agrees to achieve all of the following:

1. By May 27, 2020, the hospital must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

2. By June 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of qualifying HIE organization: admission, discharge, and transfer information (generally known as ADT information), including data from the hospital emergency department if the provider has an emergency department;

3. By August 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;

4. By September 1, 2020, electronically submit laboratory, radiology, transcription, and medication information, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination to a qualifying HIE or within 30 days of initiating COVID-19 lab testing, submit all COVID-19 lab test codes and the associated LOINC codes to qualifying HIE to ensure proper processing of lab results within the HIE system if appli-
cable;

(5) By September 1, 2020, or within 30 days of initiating COVID-19 antibody testing, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

(6) Within 30 days of initiating COVID-19 immunizations, submit all COVID-19 immunization codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of immunizations within the HIE system if applicable;

(7) By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf if applicable;

(8) By November 1, 2020, the hospital must approve and authorize a formal scope of work (SOW) with a qualifying HIE organization to initiate and complete a Phase 1 data quality improvement effort, as defined by the qualifying HIE organization in collaboration with the qualifying HIE organization;

(9) By January 1, 2021, the hospital must complete the Phase 1 initial data quality profile with a qualifying HIE organization;

(10) By May 1, 2021, the hospital must complete the Phase 1 final data quality profile with a qualifying HIE organization;

ii. By May 27, 2020, a hospital which received Differential Adjusted Payments October 1, 2019 through September 30, 2020, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:

(1) By May 27, 2020, the hospital must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

(2) By June 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: admission, discharge and transfer information (generally known as ADT information), including data from the hospital emergency department if the provider has an emergency department, laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instruction, active medication, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;

(3) By September 1, 2020, or within 30 days of initiating COVID-19 lab testing, submit all COVID-19 lab test codes and the associated LOINC codes to qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

(4) By September 1, 2020 or within 30 days of initiating COVID-19 antibody testing, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

(5) Within 30 days of initiating COVID-19 immunizations, submit all COVID-19 immunization codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of immunizations within the HIE system if applicable;

(6) By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf if applicable;

(7) By November 1, 2020, the hospital must approve and authorize a formal SOW to initiate and complete a Phase 2 data quality improvement effort, as defined by the qualifying HIE organization and in collaboration with the qualifying HIE organization;

(8) By January 1, 2021, the hospital must complete the Phase 2 initial data quality profile with a qualifying HIE organization;

(9) By May 1, 2021, the hospital must complete the Phase 2 final data quality profile with a qualifying HIE organization;

(10) Hospitals that meet each of the following HIE data quality performance criteria will be eligible to receive DAP increases:

(a) Demonstrate a 10% improvement from baseline measurements in the initial data quality profile, based on July 2019 data, to the final data quality profile, based on March 2020 data;

(b) Meet a minimum performance standard of at least 60% based on March 2020 data;

(c) If performance meets or exceeds an upper threshold of 90% based on March 2020 data the hospital meets the criteria. Regardless of the percentage improvement from the baseline measurements;

iii. Meet or exceed the statewide average on May 12, 2020 for the Severe Sepsis/Septic Shock
(SEP-1) performance measure from the Medicare Hospital Compare website;

iv. Be a participant in the Improving Pediatric Sepsis Outcomes collaborative in 2020;

v. For dates of services from October 1, 2020 through September 30, 2021, hospitals subject to APR-DRG reimbursement (Provider Type 02) may qualify for a DAP on codes J2796-J2798, J300-J3301, and J7307 billed on the 1500 or UB-04 forms for long-acting reversible contraception devices.

b. A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: critical access hospital will qualify for an increase if by May 27, 2020, a hospital which received Differential Adjusted Payments October 1, 2019 through September 30, 2020, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:

i. By May 27, 2020, the hospital must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to AHCCCS and the HIE, in which it agrees to achieve the following milestones by the specified dates, or maintain its participation in the milestone activities if they have already been achieved;

ii. By June 1, 2020, the hospital must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: admission, discharge and transfer information (generally known as ADT information), including data from the hospital emergency department if the provider has an emergency department, laboratory and radiology information (if the provider has these services), transcription, medication information, immunization data, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination;

iii. By September 1, 2020, or within 30 days of initiating COVID-19 lab testing, submit all COVID-19 lab test codes and the associated LOINC codes to qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

iv. By September 1, 2020 or within 30 days of initiating COVID-19 antibody testing, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of lab results within the HIE system if applicable;

v. Within 30 days of initiating COVID-19 immunizations, submit all COVID-19 immunization codes and the associated LOINC codes to the qualifying HIE to ensure proper processing of immunizations within the HIE system if applicable;

vi. By October 1, 2020, hospitals that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE on their behalf if applicable;

vii. By November 1, 2020, the hospital must approve and authorize a formal SOW to initiate and complete a Phase 2 data quality improvement effort, as defined by the qualifying HIE organization and in collaboration with the qualifying HIE organization;

viii. By January 1, 2021, the hospital must complete the Phase 2 initial data quality profile with a qualifying HIE organization;

ix. By May 1, 2021, the hospital must complete the Phase 2 final data quality profile with a qualifying HIE organization;

x. Hospitals that meet each of the following HIE data quality performance criteria will be eligible to receive DAP increases:

1. Demonstrate a 10% improvement from baseline measurements in the initial data quality profile, based on July 2019 data, to the final data quality profile, based on March 2020 data;

2. Meet a minimum performance standard of at least 60% based on March 2020 data;

3. If performance meets or exceeds an upper threshold of 90% based on March 2020 data the hospital meets the criteria, regardless of the percentage improvement from the baseline measurements.

Historical Note

R9-22-712.72. DRG Reimbursement: Enrollment Changes During an Inpatient Stay
A. If a member’s enrollment changes during an inpatient stay, including changing enrollment from fee-for-service to a contractor, or vice versa, or changing from one contractor to another contractor, the contractor with whom the member is enrolled on the date of discharge shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81. If the member is eligible but not enrolled with a contractor on the date of discharge, then the AHCCCS administration shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81.

B. When a member’s enrollment changes during an inpatient stay, the hospital shall use the date of enrollment with the payer responsible on the date of discharge as the “from” date of service on the claim regardless of the date of admission.

C. Interim claims submitted to a payer other than the payer responsible on the day of discharge shall be processed in the
same manner as other interim claims as described in R9-22-712.76.

**Historical Note**

**R9-22-712.73. DRG Reimbursement: Inpatient Stays for Members Eligible for Medicare**
If the hospital receives less than the full Medicare payment for a member eligible for benefits under Part A of Medicare because the member has exceeded the maximum benefit permitted under Part A of Medicare, the hospital shall submit a separate claim for services performed after the date the maximum Medicare Part A benefit is exceeded. The claim may include all diagnosis codes for the entire inpatient stay, but the hospital is only required to include revenue codes, surgical procedure codes, service units, and charges for services performed after the date the Medicare Part A benefit is exceeded. A claim so submitted shall be reimbursed using the DRG payment methodology.

**Historical Note**
New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.74. DRG Reimbursement: Third Party Liability**
DRG payments are subject to reduction based on cost avoidance under Section R9-22-1003 and other rules regarding first-and third-party liability under Article 10 of this Chapter including cost avoidance for claims for ancillary services covered under Part B of Medicare.

**Historical Note**
New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.75. DRG Reimbursement: Payment for Administrative Days**
A. Categories of Administrative Days. Administrative days fall into one of two categories, either subsection (A)(1) or (A)(2).

1. Administrative days due to lack of appropriate placement options and not meeting inpatient medical criteria. Administrative days are days in which a member is admitted as an inpatient to an acute care hospital, does not meet the criteria for an acute inpatient stay, but is admitted or not discharged because; (1) an appropriate placement outside the hospital is not available, (2) the member cannot be safely discharged or transferred, or (3) the Administration or the contractor failed to provide for the appropriate placement outside the hospital in a timely manner.
   a. Administrative days may occur prior to an acute care episode, for example, when a woman with a high-risk pregnancy is admitted to a hospital while awaiting delivery.
   b. Administrative days may also occur at the end of an acute care episode, for example, when a member is not discharged while awaiting placement in a nursing facility or other sub-acute or post-acute setting.
   c. Administrative days may also include days in a receiving hospital when the member has been discharged from one acute care hospital for the purpose of receiving sub-acute services at the receiving hospital.
   d. Administrative days do not include days when the member is awaiting appropriate placement or services that are currently available but the hospital has not transferred or discharged the member because of the hospital’s administrative or operational delays.
   e. Administrative days include inpatient claims covered by a RBHA or TRBH that otherwise meet the criteria in subsection (A)(1).

2. Administrative days for claims with the principal diagnosis of behavioral health meeting inpatient medical criteria. Administrative days are days with dates of discharge on or after October 1, 2018, in which a member is admitted as an inpatient to an acute care hospital, meets the criteria for an acute inpatient stay, and the principal diagnosis on the hospital claim is a behavioral health diagnosis. Inpatient claims covered by a RBHA or TRBH are not considered administrative days under subsection (A)(2) regardless of the principal diagnosis on the hospital claim.

B. Reimbursement of Administrative Days.
1. Administrative days under subsection (A)(1) are reimbursed at the rate the claim would have paid had the services not been provided in an inpatient hospital setting but had been provided at the appropriate level of care such as the rate paid for stays at a nursing facility.

2. Administrative days under subsection (A)(2) are reimbursed at the daily rate found on the Inpatient Behavioral Health Capped Fee-For-Service Schedule meeting the criteria of “Service Description – Psychiatric Stay,” regardless of revenue code.

C. Prior authorization is required for administrative days.
D. A hospital shall submit a claim for administrative days separate from any claim for reimbursement for the inpatient stay otherwise reimbursable under the DRG payment methodology.

**Historical Note**

**R9-22-712.76. DRG Reimbursement: Interim Claims**
A. For inpatient stays with a length of stay greater than 29 days, a hospital may submit interim claims for each 30 day period during the inpatient stay.

B. Hospitals shall be reimbursed for interim claims at a per diem rate of $500 per day.

C. Following discharge, the hospital shall void all interim claims. In such circumstances, the hospital shall submit a claim to the payer with whom the member is enrolled on the date of discharge, whether the Administration or a contractor, for the entire inpatient stay for which the final claim shall be reimbursed under the DRG payment methodology. Interim claims will be recouped.

**Historical Note**
New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.77. DRG Reimbursement: Admissions and Discharges on the Same Day**
A. Except as provided for in subsection (B), for any claim for inpatient services with an admission date and discharge date that are the same calendar date, the contractor or the Administration shall process the claim as an outpatient claim and the hospital shall be reimbursed under R9-22-712.10 through R9-22-712.50.

B. Claims with an admission date and discharge date that are the same calendar date that also indicate that the member expired...
on the date of discharge shall be reimbursed under the DRG methodology.

Historical Note
New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.78. DRG Reimbursement: Readmissions
If a member is readmitted without prior authorization to the same hospital that the member was discharged from within 72 hours and the DRG code assigned to the claim for the prior admission has the same first three digits as the DRG code assigned to the claim for the readmission, then payment for the claim for the readmission will be disallowed only if the readmission could have been prevented by the hospital.

Historical Note
New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.79. DRG Reimbursement: Change of Ownership
The administration shall not change any of the components of the calculation of reimbursement for inpatient services using the DRG methodology based upon a change in the hospital’s ownership except to the extent those components would change under the methodology had the hospital not changed ownership (e.g., updating the hospital’s cost-to-charge ratio as of September 1 of each year under R9-22-712.68).

Historical Note
New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.80. DRG Reimbursement: New Hospitals
A. DRG base payment for new hospitals. For any hospital that does not have a labor share or wage index published by CMS as described in subsection R9-22-712.62(B) because the hospital was not in operation, the DRG base rate described in subsection R9-22-712.62(B) shall be calculated as the statewide standardized amount after adjusting that amount for the labor-related share and the wage index published by CMS as described in subsection R9-22-712.62(B) that is appropriate to the location of the hospital published by CMS as described in subsection R9-22-712.62(B).

B. Outlier calculations for new hospitals. For any hospital that does not have an operating cost-to-charge ratio listed in the impact file described in subsection R9-22-712.68(B) because the hospital was not in operation prior to the publication of the impact file, the statewide urban or rural default operating cost-to-charge ratio appropriate to the location of the hospital and the statewide capital cost-to-charge ratio shall be used to determine the unadjusted outlier add-on payment. The statewide urban or rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio shall be based on the ratios published by CMS and updated by the Administration as described in subsection R9-22-712.68(C).

C. In addition to the requirement of this Section, DRG reimbursement for new hospitals is determined under R9-22-712.60 through R9-22-712.79.

Historical Note

R9-22-712.81. DRG Reimbursement: Updates
In addition to the other updates provided for in Sections R9-22-712.60 through R9-22-712.80, the Administration may update the version of the APR-DRG classification system established by 3M Health Information Systems, adjust the statewide standardized amount in Section R9-22-712.62, the base payments in sections R9-22-712.63 and R9-22-712.64, the provider policy adjustor in section R9-22-712.65, service policy adjustors Section R9-22-712.66, and the fixed loss amounts and marginal cost percentages used to calculate the outlier threshold in Section R9-22-712.68 to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area. The Administration shall publish any proposed classification system on the agency’s website at least 30 days prior to the effective date, to ensure a sufficient period for public comment, as required by 42 C.F.R. § 447.205. In addition, the public notice shall be available for inspection during normal business hours at 701 E. Jefferson, Phoenix, Arizona. The requirements of 42 CFR § 447.205 as of November 2, 2015 are incorporated by reference and do not include any later amendments.

Historical Note

R9-22-712.90. Reimbursement of Hospital-based Freestanding Emergency Departments
A. “Hospital-based freestanding emergency department” (hospital-based FSED) means an outpatient treatment center, as defined in R9-10-101, that: (1) provides emergency room services under R9-10-1019, (2) is subject to the requirements of 42 CFR 489.24, and (3) shares an ownership interest with a hospital, regardless of whether the outpatient treatment center operates under a hospital’s single group license as described in A.R.S. § 36-422.

B. A hospital-based FSED shall register with the Administration separately from the hospital with which an ownership interest is shared and shall obtain a separate provider identification number. The Administration shall not charge a separate provider enrollment fee for registration of a hospital-based FSED. The Administration shall accept a hospital’s compliance with the provider screening and enrollment requirements of 42 CFR Part 455 as compliance by the hospital-based FSED.

C. For dates of service on and after March 1, 2017, and except as provided in subsection (D), services provided by a hospital-based FSED for evaluation and management CPT codes 99281 through 99285 shall be reimbursed at the following percentages of the amounts otherwise reimbursable under sections R9-22-712.20 through R9-22-712.30. All other covered codes shall be reimbursed in accordance with sections R9-22-712.20 through R9-22-712.30 without a percentage reduction.

1. 60% for a level 1 emergency department visit as indicated by CPT 99281.
2. 80% for a level 2 emergency department visit as indicated by CPT 99282.
3. 90% for a level 3 emergency department visit as indicated by CPT 99283.
4. 100% for a level 4 or 5 emergency department visit as indicated by CPT codes 99284 and 99285.

D. A hospital-based FSED located in a city or town in a county with less than 500,000 residents, where the only hospital in the city or town operating an emergency department closed on or after January 1, 2015, shall be reimbursed under sections R9-22-712.20 through R9-22-712.35 using the adjustment in R9-22-712.35 associated with the nearest hospital with which the
freestanding emergency department shares an ownership interest.

E. Services provided by an outpatient treatment center that provides emergency room services under R9-10-1019, but does not otherwise meet the criteria in subsection A, shall be reimbursed based on the non-hospital AHCCCS capped fee-for-service schedule under R9-22-710.

F. The Administration shall not reimburse a hospital for services provided at a hospital-based FSED if the member is admitted directly from a hospital-based FSED to a hospital with an ownership interest in the hospital-based FSED. As provided in R9-22-712.60(B), payments made for the inpatient stay using the DRG methodology shall be the sole reimbursement.

**Historical Note**
New Section made by final rulemaking at 23 A.A.R. 22, February 11, 2017 (Supp. 16-4).

**R9-22-713. Overpayment and Recovery of Indebtedness**

A. If a contractor or a subcontracting provider receives an overpayment from the Administration or otherwise becomes indebted to the Administration, the contractor or subcontracting provider shall immediately remit the amount of the indebtedness or overpayment to the Administration for deposit in the AHCCCS fund.

B. If the funds described in subsection (A) are not remitted, the Administration may recover the funds paid by the Administration to a contractor or subcontracting provider through:
1. A repayment agreement executed with the Administration;
2. Withholding or offsetting against current or future payments to be paid to the contractor or subcontracting provider; or
3. Enforcement of, or collection against, the performance bond, financial reserve, or other financial security under A.R.S. § 36-2903.

**Historical Note**

**R9-22-714. Payments to Providers**

A. Provider agreement. The Administration or a contractor shall not reimburse a covered service provided to a member unless the provider has signed a provider agreement with the Administration that establishes the terms and conditions of participation and payment under A.R.S. § 36-2904.

B. Provider reimbursement. The Administration or a contractor shall reimburse a provider for a service furnished to a member only if:
1. The provider personally furnishes the service to a specific member. For purposes of this Section, services personally furnished by a provider include:
   a. Services provided by medical residents or dental students in a teaching environment; or
   b. Services provided by a licensed or certified assistant under the general supervision of a licensed practitioner in accordance with 4 A.A.C. 24, 9 A.A.C. 16, 4 A.A.C. 43, or 4 A.A.C. 45;
2. The provider verifies that individuals who have provided services described in subsection (B)(1) have not been placed on the List of Excluded Individuals/Entities (LEIE) maintained by the United States Department of Health and Human Services Office of the Inspector General (OIG), located at OIG’s website;
3. The service contributes directly to the diagnosis or treatment of the member; and
4. The service ordinarily requires performance by the type of provider seeking reimbursement.

C. The Administration or a contractor may make a payment for covered services only:
1. To the provider;
2. To anyone specified in an assignment from the provider to a government agency or assignment by a court order;
3. To a business agent, if the agent’s compensation for the service is:
   a. Related to the cost of processing the billing;
   b. Not related on a percentage or other basis to the amount that is billed or collected; and
   c. Not dependent on collection of the payment;
4. To the employer of the provider, if the provider is required as a condition of employment to turn over the provider’s fees to the employer;
5. To the inpatient facility in which the service is provided, if the provider has a contract under which the inpatient facility submits the claim; or
6. To a foundation, plan, or similar organization operating an organized health care delivery system, if the provider has a contract under which the foundation, plan or similar organization submits the claim.

D. The Administration or a contractor shall not make a payment to or through a factor, either directly or by power of attorney, for a covered service furnished to a member by a provider.

E. Reimbursement for a pathology service. Unless otherwise specified in a contract, the Administration or a contractor shall reimburse a pathologist for a pathology service furnished to a member only if the other requirements in this Section are met and the service is:
1. A surgical pathology service;
2. A specific cytopathology, hematology, or blood banking pathology service that requires performance by a physician and is listed in the capped fee-for-service schedule;
3. A clinical consultation service that:
   a. Is requested by the member’s attending physician or primary care physician;
   b. Is related to a test result that is outside the clinically significant normal or expected range in view of the condition of the member;
   c. Results in a written narrative report included in the member’s medical record;
   d. Requires the exercise of medical judgment by the consultant pathologist, and
   e. Is listed in the capped fee-for-service schedule;
4. A clinical laboratory interpretative service that:
   a. Is requested by the member’s attending physician or primary care physician;
   b. Results in a written narrative report included in the member’s medical record;
   c. Requires the exercise of medical judgment by the consultant pathologist, and
   d. Is listed in the capped fee-for-service schedule.
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

Editor’s Note: The following Section was amended under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor’s Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the agency was not required to hold public hearings on the rules; and the Attorney General did not certify this rule. This Section was subsequently amended through the regular rulemaking process.

R9-22-715. Hospital Rate Negotiations
A. A contractor that negotiates with hospitals for inpatient or outpatient services shall reimburse hospitals for services rendered on or after March 1, 1993, as described in A.R.S. § 36-2903.01 and this Article, or at the negotiated rate that, in the aggregate, does not exceed reimbursement levels that would have been paid under A.R.S. § 36-2903.01, and this Article. This subsection does not apply to urban hospitals described under R9-22-718. Contractors may engage in rate negotiations with a hospital at any time during the contract period.

B. The Administration may negotiate or contract with a hospital on behalf of a contractor for discounted hospital rates and may require that the negotiated discounted rates be included in a subcontract between the contractor and hospital.

Historical Note

Editor’s Note: The following Section was amended under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor’s Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the agency was not required to hold public hearings on the rules; and the Attorney General did not certify this rule. This Section was subsequently amended through the regular rulemaking process.

R9-22-716. Repealed

R9-22-717. Repealed

Historical Note

R9-22-718. Repealed

Historical Note
Adopted effective July 30, 1993 (Supp. 93-3). Amended effective September 22, 1997 (Supp. 97-3). Section repealed by final rulemaking at 11 A.A.R. 3222, effective October 1, 2005 (Supp. 05-3).

Editor’s Note: The following Section was originally adopted under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor’s Regulatory Review Council. The agency was required to submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; and was required to hold a public hearing. It has since been amended under the regular rulemaking process.

R9-22-719. Repealed

Historical Note
Adopted effective March 1, 1993 (Supp. 93-1). Repealed by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Section repealed by final rulemaking at 13 A.A.R. 662, effective April 7, 2007 (Supp. 07-1).

R9-22-719. Repealed

Historical Note
services in an urban hospital that result in an admission shall be paid as inpatient services in accordance with this Section.

E. Urban Hospital Contract,

1. Provisions of an urban hospital contracts. The urban hospital contract shall contain but is not limited to the following provisions:
   a. Required provisions as described in the Request for Proposals (RFP);
   b. Dispute settlement procedures. If the AHCCCS Grievance System prescribed in A.R.S. § 36-2903.01(B) and rule is not used, then arbitration shall be used;
   c. Arbitration procedure. If arbitration is used, the urban hospital contract shall identify:
      i. The parties’ agreement on arbitrating claims arising from the contract;
      ii. Whether arbitration is nonbinding or binding,
      iii. Timeliness of arbitration,
      iv. What contract provisions may be appealed,
      v. What rules will govern arbitrations,
      vi. The number of arbitrators that shall be used,
      vii. How arbitrators shall be selected, and
      viii. How arbitrators shall be compensated.
   d. Timeliness of claims submission and payment;
   e. Prior authorization;
   f. Concurrent review;
   g. Electronic submission of claims;
   h. Claims review criteria;
      i. Payment of discounts or penalties such as quick-pay and slow-pay provisions;
   j. Payment of outliers;
   k. Claim documentation specifications under A.R.S. § 36-2904.
   l. Treatment and payment of emergency room services; and
   m. Provisions for rate changes and adjustments.

2. AHCCCS review and approval of urban hospital contracts:
   a. AHCCCS may review, approve, or disapprove the hospital contract rates, terms, conditions, and amendments to the contract;
   b. The AHCCCS evaluation of each urban hospital contract shall include but not be limited to the following areas:
      i. Availability and accessibility of services to members,
      ii. Related party interests,
      iii. Inclusion of required terms pursuant to this Section, and
      iv. Reasonableness of the rates.

F. Quick-Pay/Slow-Pay. A payment made by a contractor to a noncontracted hospital shall be subject to quick-pay discounts and slow-pay penalties under A.R.S. § 36-2904.

Historical Note

rulemaking at 24 A.A.R. 1515, effective June 30, 2018 (Supp. 18-2).

R9-22-719. Contractor Performance Measure Outcomes
The Administration may retain a specified percentage of capitation reimbursement to distribute to contractors based on their performance measure outcomes under A.R.S. § 36-2904. The Administration shall notify contractors 60 days prior to a new contract year if this methodology is implemented. The Administration shall specify the details of the reimbursement methodology in contract.

Historical Note
New Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1).

R9-22-720. Reinsurance
A. Reinsurance is a stop-loss program provided by the Administration to a contractor for partial reimbursement of the cost of covered services for a member with an acute medical condition when the cost of covered services exceeds a pre-determined deductible level amount within a contract year. The Administration self-insures the reinsurance program through a reduction to capitation rates. The reinsurance program also includes a catastrophic reinsurance program for members diagnosed with specific medical conditions.

B. The Administration shall specify in contract guidelines for claims submission, processing, payment, and the types of care and services that are provided to a member whose care is covered by reinsurance.

C. When the Administration determines that a contractor does not follow the specified guidelines for care or services and the care or services could have been provided at a lower cost according to the guidelines, the Administration shall reimburse the contractor as if the care or services had been provided as specified in the guidelines.

Historical Note
New Section made by final rulemaking at 8 A.A.R. 3317, effective July 15, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 856, effective May 5, 2007 (Supp. 07-1).

R9-22-721. Behavioral Health Inpatient Facilities
“Behavioral health inpatient facility” means a health care institution, other than Arizona State Hospital, that meets the following requirements:

1. Provides continuous treatment to an individual experiencing a behavioral health issue that causes the individual to:
   a. Have a limited or reduced ability to meet the individual’s basic physical needs;
   b. Suffer harm that significantly impairs the individual’s judgment, reason, behavior, or capacity to recognize reality;
   c. Be a danger to self;
   d. Be a danger to others;
   e. Be persistently or acutely disabled as defined in A.R.S. § 36-501; or
   f. Be gravely disabled; and

2. Is one of the following facility types:
   a. Psychiatric hospitals;
   b. Mental health residential treatment centers;
   c. Secure residential treatment centers with 17 or more beds;
   d. Non-secure residential treatment centers with 1-16 beds;
   e. Non-secure residential treatment centers with 17 or more beds;
   f. Sub-acute facilities with 1-16 beds;
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

9 A.C. 22

R9-22-730. Hospital Assessment Fund - Hospital Assessment

A. For purposes of this Section, the following terms are defined as provided below unless the context specifically requires another meaning:

3. “Quarter” means the three month period beginning January 1, April 1, July 1, and October 1 of each year.

4. A “new hospital” means a licensed hospital that did not hold a license from the Arizona Department of Health Services prior to January 2, 2021.

5. “Outpatient Net Patient Revenues” means an amount, calculated using data in the hospital’s 2019 Uniform Accounting Report, that is equal to the hospital’s 2019 total net patient revenue multiplied by the ratio of the hospital’s 2019 gross outpatient revenue to the hospital’s 2019 total gross patient revenue.

B. Beginning January 1, 2014, for each Arizona licensed hospital not excluded under subsection (1) shall be subject to an assessment payable on a quarterly basis. The assessment shall be levied against the legal owner of each hospital as of the first day of the quarter, and except as otherwise required by subsections (D), (E) and (F). For the period beginning October 1, 2021, the assessment for each hospital shall be equal to the sum of: (1) the number of discharges reported on the hospital’s 2019 Medicare Cost Report, excluding discharges reported on the Medicare Cost Report as “Other Long Term Care Discharges,” multiplied by the following rates appropriate to the hospital’s peer group; and (2) the amount of outpatient net patient revenues multiplied by the following rate appropriate to the hospital’s peer group:

1. $748.50 per discharge and 1.3700% of outpatient net patient revenues for hospitals located in a county with a population less than 500,000 that are designated as type: hospital, subtype: short-term.

2. $748.50 per discharge and 0.5708% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: critical access hospital.

3. $187.25 per discharge and 0.5708% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: long term.

4. $187.25 per discharge and 0.5708% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: psychiatric, that reported 2,500 or more discharges on the 2019 Medicare Cost Report.

5. $598.75 per discharge and 1.4842% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: short-term with at least 10% but less than 20% of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as reported in the hospital’s 2019 Uniform Accounting Report.

6. $673.50 per discharge and 1.7125% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: short-term with at least 10% but less than 20% of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as reported in the hospital’s 2019 Uniform Accounting Report.

7. $149.75 per discharge and 0.4567% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: children’s.

8. $748.50 per discharge and 2.2834% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: short-term not included in another peer group.

C. Peer groups for the four quarters beginning October 1 of each year are established based on hospital license type and subtype designated in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website January 2, 2021.

D. Notwithstanding subsection (B), psychiatric discharges from a hospital that reported having a psychiatric sub-provider in the hospital’s 2019 Medicare Cost Report, are assessed a rate of $187.25 for each discharge from the psychiatric sub-provider as reported in the 2019 Medicare Cost Report. All discharges other than those reported as discharges from the psychiatric sub-provider are assessed at the rate required by subsection (B).

E. Notwithstanding subsection (B), rehabilitative discharges from a hospital that reported having a rehabilitative sub-provider in the hospital’s 2019 Medicare Cost Report, are assessed a rate of $0 for each discharge from the rehabilitative sub-provider as reported in the 2019 Medicare Cost Report. All discharges other than those reported as discharges from the rehabilitative sub-provider are assessed at the rate required by subsection (B).

F. Notwithstanding subsection (B), for any hospital that reported more than 23,000 discharges on the hospital’s 2019 Medicare Cost Report, discharges in excess of 23,000 are assessed a rate of $75.00 for each discharge in excess of 23,000. The initial 23,000 discharges are assessed at the rate required by subsection (B).

G. Assessment notice. On or before the 15th day of the first month of the quarter or upon CMS approval, whichever is later, the Administration shall send to each hospital a notification that the Hospital Assessment Fund assessment invoice is
available to be viewed on a secure website. The invoice shall include the hospital’s peer group assignment and the assessment due for the quarter.

H. Assessment due date. The Hospital Assessment Fund assessment must be received by the Administration no later than:
1. The 15th day of the second month of the quarter or
2. In the event CMS approves the assessment after the 15th day of the first month of the quarter, 30 days after notification by the Administration that the assessment invoice is available.

I. Excluded hospitals. The following hospitals are excluded from the assessment based on the hospital’s 2019 Medicare Cost Report and Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for January 2, 2021:
1. Hospitals owned and operated by the state, the United States, or an Indian tribe.
2. Hospitals designated as type: hospital, subtype: short-term that have a license number beginning “SH”.
5. Hospitals designated as type: med-hospital, subtype: special hospitals.
6. Hospitals designated as type: hospital, subtype: short-term located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2019 Medicare Cost Report are reimbursed by Medicare.
7. Hospitals designated as type: hospital, subtype: short-term that have at least 25 percent Medicare swing beds as percentage of total Medicare days, per the 2019 Medicare Cost Report.

J. New hospitals. For hospitals that did not file a 2019 Medicare Cost Report because of the date the hospital began operations:
1. If the hospital was open on the January 2 preceding the October assessment start date, the hospital assessment will begin on October 1 following the date the hospital began operating.
2. If the hospital began operating between January 3 and June 30, the assessment will begin on October 1 of the following calendar year.
3. A hospital is not considered a new hospital based on a change in ownership.
4. The assessment will be based on the discharges reported in the hospital’s first Medicare Cost Report and Uniform Accounting Report, which includes 12 months-worth of data, except when any of the following apply:
   a. If there is not a complete 12 months-worth of data available, the assessment will be based on the annualized number of discharges from the date hospital operations began through December 31 preceding the October assessment start date. The hospital shall self-report the discharge data and all other data requested by the Administration necessary to determine the appropriate assessment to the Administration no later than January preceding the assessment start date for the new hospitals. “Annualized” means divided by a ratio equal to the number of months of data divided by 12 months.
   b. If more than 12 months of data is available, the assessment will be based on the most recent 12 months of self-reported data, as of December 31.
5. For purposes of calculating subpart 4, if a new hospital shares a Medicare Identification Number with an existing hospital, the assessment amount will be based on self-reported data from the new hospital instead of the Medicare Cost Report. The data shall include the number of discharges and all other data requested by the Administration necessary to determine the appropriate assessment.
6. For hospitals providing self-reported data, described in subpart 4 and 5:
   a. Psychiatric discharges will be annualized to determine if subsections (B)(4) or (I)(3) apply to the assessment amount.
   b. Discharges will be annualized to determine if subsection (F) applies to the assessment amount.

K. Changes of ownership. The parties to a change of ownership shall promptly provide written notice to the Administration of a change of ownership and any agreement regarding the payment of the assessment. The assessed amount will continue at the same amount applied to the prior owner. Assessments are the responsibility of the owner of record as of the first day of the quarter; however, this rule is not intended to prohibit the parties to a change of ownership from entering into an agreement for a new owner to assume the assessment responsibility of the owner of record as of the first day of the prior quarter.

L. Hospital closures. Hospitals that close shall pay a proportion of the quarterly assessment equal to that portion of the quarter during which the hospital operated.

M. Required information for the inpatient assessment. For any hospital that has not filed a 2019 Medicare Cost report, or if the 2019 Medicare Cost report does not include the reliable information sufficient for the Administration to calculate the inpatient assessment, the Administration shall use data reported on the 2019 Uniform Accounting Report filed by the hospital in place of the 2019 Medicare Cost report to calculate the assessment. If the 2019 Uniform Accounting Report filed by the hospital does not include reliable information sufficient for the Administration to calculate the inpatient assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2019 Medicare Cost report to calculate the assessment.

N. Required information for the outpatient assessment. For any hospital that has not filed a 2019 Uniform Accounting Report, or if the 2019 Uniform Accounting Report does not reconcile to 2019 Audited Financial Statements, the Administration shall use the data reported on 2019 Audited Financial Statements to calculate the outpatient assessment. If the 2019 Audited Financial Statements do not include the reliable information sufficient for the Administration to calculate the outpatient assessment, the Administration will all use data reported on the 2019 Medicare Cost report. If the Medicare Cost report does not include reliable information sufficient for the Administration to calculate the outpatient assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2019 Medicare Cost report to calculate the outpatient assessment.

O. The Administration will review and update as necessary rates and peer groups periodically to ensure the assessment is sufficient to fund the state match obligation to cover the cost of the populations as specified in A.R.S. § 36-2901.08.

P. Enforcement. If a hospital does not comply with this Section, the director may suspend or revoke the hospital’s provider agreement. If the hospital does not comply within 180 days after the hospital’s provider agreement is suspended or
revoked, the director shall notify the director of the Department of Health Services who shall suspend or revoke the hospital’s license.

Historical Note

R9-22-731. Health Care Investment Fund - Hospital Assessment
A. For purposes of this Section, terms are the same as defined in R9-22-730 as provided below unless the context specifically requires another meaning.
B. Beginning October 1, 2020, for each Arizona licensed hospital not excluded under subsection (I) shall be subject to an assessment payable on a quarterly basis. The assessment shall be levied against the legal owner of each hospital as of the first day of the quarter, and except as otherwise required by subsections (D), (E), and (F). For the period beginning October 1, 2020, the assessment for each hospital shall be amount equal to the sum of: (1) the number of discharges reported on the hospital’s 2018 Medicare Cost Report, excluding discharges reported on the Medicare Cost Report as “Other Long Term Care Discharges,” multiplied by the following rates appropriate to the hospital’s peer group; and (2) the amount of outpatient net patient revenues multiplied by the following rate appropriate to the hospital’s peer group:
1. $151.50 per discharge and 2.5886% of outpatient net patient revenues for hospitals located in a county with a population less than 500,000 that are designated as type: hospital, subtype: short-term.
2. $151.50 per discharge and 1.0786% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: critical access hospital.
3. $38.00 per discharge and 1.0786% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: long term.
4. $38.00 per discharge and 1.0786% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: psychiatric, that reported 2,500 or more discharges on the 2018 Medicare Cost Report.
5. $121.25 per discharge and 2.8043% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: short-term with 20% of total licensed beds licensed as pediatric, psychiatric intensive care and neonatal intensive care as reported in the hospital’s 2018 Uniform Accounting Report.
6. $136.50 per discharge and 3.2357% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: short-term with at least 10% but less than 20% of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as reported in the hospital’s 2018 Uniform Accounting Report.
7. $30.50 per discharge and 0.8629% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: children’s.
8. $151.50 per discharge and 4.3143% of outpatient net patient revenues for hospitals designated as type: hospital, subtype: short-term not included in another peer group.
C. Peer groups for the four quarters beginning October 1 of each year are established based on hospital license type and subtype designated in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website January 2, 2020.
D. Notwithstanding subsection (B), psychiatric discharges from a hospital that reported having a psychiatric sub-provider in the hospital’s 2018 Medicare Cost Report, are assessed a rate of $38.00 for each discharge from the psychiatric sub-provider as reported in the 2018 Medicare Cost Report. All discharges other than those reported as discharges from the psychiatric sub-provider are assessed at the rate required by subsection (B).
E. Notwithstanding subsection (B), rehabilitative discharges from a hospital that reported having a rehabilitative sub-provider in the hospital’s 2018 Medicare Cost Report, are assessed a rate of $0 for each discharge from the rehabilitative sub-provider as reported in the 2018 Medicare Cost Report. All discharges other than those reported as discharges from the rehabilitative sub-provider are assessed at the rate required by subsection (B).
F. Notwithstanding subsection (B), for any hospital that reported more than 24,000 discharges on the hospital’s 2018 Medicare Cost Report, discharges in excess of 24,000 are assessed a rate of $15.25 for each discharge in excess of 24,000. The initial 24,000 discharges are assessed at the rate required by subsection (B).
G. Assessment notice. On or before the 20th day of the first month of the quarter or upon CMS approval, whichever is later, the Administration shall send to each hospital a notification that the assessment invoice is available to be viewed on a secure website. The invoice shall include the hospital’s peer group assignment and the assessment due for the quarter.
H. Assessment due date. The assessment must be received by the Administration no later than the 20th day of the second month of the quarter.
I. Excluded hospitals. The following hospitals are excluded from the assessment based on the hospital’s 2018 Medicare Cost Report and Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for January 2, 2020:
1. Hospitals owned and operated by the state, the United States, or an Indian tribe.
2. Hospitals designated as type: hospital, subtype: short-term that have a license number beginning “SH”.
5. Hospitals designated as type: med-hospital, subtype: special hospitals.
6. Hospitals designated as type: hospital, subtype: short-term located in a city with a population greater than one
CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2018 Medicare Cost Report are reimbursed by Medicare.

7. Hospitals designated as type: hospital, subtype: short-term that have at least 25 percent Medicare swing beds as percentage of total Medicare days, per the 2018 Medicare Cost Report.

J. New hospitals. For hospitals that did not file a 2018 Medicare Cost Report because of the date the hospital began operations:

1. If the hospital was open on the January 2 preceding the October assessment start date, the hospital assessment will begin on October 1 following the date the hospital began operating.

2. If the hospital began operating between January 3 and June 30, the assessment will begin on October 1 of the following calendar year.

3. A hospital is not considered a new hospital based on a change in ownership.

4. The assessment will be based on the discharges reported in the hospital’s first Medicare Cost Report and Uniform Accounting Report, which includes 12 months worth of data, except when any of the following apply:

   a. If there is not a complete 12 months worth of data available, the assessment will be based on the annualized number of discharges from the date hospital operations began through December 31 preceding the October assessment start date. The hospital shall self-report the discharge data and all other data requested by the Administration necessary to determine the appropriate assessment to the Administration no later than January preceding the assessment start date for the new hospitals. “Annualized” means divided by a ratio equal to the number of months of data divided by 12 months.

   b. If more than 12 months of data is available, the assessment will be based on the most recent 12 months of self-reported data, as of December 31;

5. For purposes of calculating subpart 4, if a new hospital shares a Medicare Identification Number with an existing hospital, the assessment amount will be based on self-reported data from the new hospital instead of the Medicare Cost Report. The data shall include the number of discharges and all other data requested by the Administration necessary to determine the appropriate assessment.

6. For hospitals providing self-reported data, described in subpart 4 and 5:

   a. Psychiatric discharges will be annualized to determine if subsections (B)(4) or (I)(3) apply to the assessment amount.

   b. Discharges will be annualized to determine if subsection (F) applies to the assessment amount.

L. Changes of ownership. The parties to a change of ownership shall promptly provide written notice to the Administration of a change of ownership and any agreement regarding the payment of the assessment. The assessed amount will continue at the same amount applied to the prior owner. Assessments are the responsibility of the owner of record as of the first day of the quarter; however, this rule is not intended to prohibit the parties to a change of ownership from entering into an agreement for a new owner to assume the assessment responsibility of the owner of record as of the first day of the prior quarter.

M. Hospital closures. Hospitals that close shall pay a proportion of the quarterly assessment equal to that portion of the quarter during which the hospital operated.

N. Required information for the inpatient assessment. For any hospital that has not filed a 2018 Medicare Cost report, or if the 2018 Medicare Cost report does not include the reliable information sufficient for the Administration to calculate the inpatient assessment, the Administration shall use data reported on the 2018 Uniform Accounting Report filed by the hospital in place of the 2018 Medicare Cost report to calculate the assessment. If the 2018 Uniform Accounting Report filed by the hospital does not include reliable information sufficient for the Administration to calculate the inpatient assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2018 Medicare Cost report to calculate the assessment.

O. Required information for the outpatient assessment. For any hospital that has not filed a 2018 Uniform Accounting Report, or if the 2018 Uniform Accounting Report does not reconcile to 2018 Audited Financial Statements, the Administration shall use the data reported on 2018 Audited Financial Statements to calculate the outpatient assessment. If the 2018 Audited Financial Statements do not include the reliable information sufficient for the Administration to calculate the outpatient assessment, the Administration all use data reported on the 2018 Medicare Cost report. If the Medicare Cost report does not include reliable information sufficient for the Administration to calculate the outpatient assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2018 Medicare Cost report to calculate the outpatient assessment.

P. Enforcement. If a hospital does not comply with this section, the director may suspend or revoke the hospital’s provider agreement. If the hospital does not comply within 180 days after the hospital’s provider agreement is suspended or revoked, the director shall notify the director of the Department of Health Services who shall suspend or revoke the hospital’s license.

Historical Note

New Section made by final exempt rulemaking at 26 A.A.R. 2984, effective October 1, 2020 (Supp. 20-4).

ARTICLE 8. REPEALED

Article 8, consisting of Sections R9-22-801 through R9-22-804 and Exhibit A, repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004. The subject matter of Article 8 is now in 9 A.A.C. 34 (Supp. 04-1).

R9-22-801. Repealed

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-801 adopted an emergency adoption now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-801 repealed, new Section R9-22-801 adopted effective October 29, 1985 (Supp. 85-5). Amended subsections (C), (F), (H), (I), and (K) effective October 1, 1986 (Supp. 86-5). Change of heading only effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (H) effective May 30, 1989 (Supp. 89-2). Amended effective September 29, 1992 (Supp. 92-3). Section heading amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 26, 1993 (Supp. 93-4). Amended effective December 13, 1993 (Supp. 93-4). Former Section R9-22-801 repealed, new Section R9-22-
36-2903.01. Additional powers and duties; report; definition

A. The director of the Arizona health care cost containment system administration may adopt rules that provide that the system may withhold or forfeit payments to be made to a noncontracting provider by the system if the noncontracting provider fails to comply with this article, the provider agreement or rules that are adopted pursuant to this article and that relate to the specific services rendered for which a claim for payment is made.

B. The director shall:

1. Prescribe uniform forms to be used by all contractors. The rules shall require a written and signed application by the applicant or an applicant's authorized representative, or, if the person is incompetent or incapacitated, a family member or a person acting responsibly for the applicant may obtain a signature or a reasonable facsimile and file the application as prescribed by the administration.

2. Enter into an interagency agreement with the department to establish a streamlined eligibility process to determine the eligibility of all persons defined pursuant to section 36-2901, paragraph 6, subdivision (a). At the administration's option, the interagency agreement may allow the administration to determine the eligibility of certain persons, including those defined pursuant to section 36-2901, paragraph 6, subdivision (a).

3. Enter into an intergovernmental agreement with the department to:

(a) Establish an expedited eligibility and enrollment process for all persons who are hospitalized at the time of application.

(b) Establish performance measures and incentives for the department.

(c) Establish the process for management evaluation reviews that the administration shall perform to evaluate the eligibility determination functions performed by the department.

(d) Establish eligibility quality control reviews by the administration.

(e) Require the department to adopt rules, consistent with the rules adopted by the administration for a hearing process, that applicants or members may use for appeals of eligibility determinations or redeterminations.

(f) Establish the department's responsibility to place sufficient eligibility workers at federally qualified health centers to screen for eligibility and at hospital sites and level one trauma centers to ensure that persons seeking hospital services are screened on a timely basis for eligibility for the system, including a process to ensure that applications for the system can be accepted on a twenty-four hour basis, seven days a week.

(g) Withhold payments based on the allowable sanctions for errors in eligibility determinations or redeterminations or failure to meet performance measures required by the intergovernmental agreement.

(h) Recoup from the department all federal fiscal sanctions that result from the department's inaccurate eligibility determinations. The director may offset all or part of a sanction if the department submits a corrective action plan and a strategy to remedy the error.

4. By rule establish a procedure and time frames for the intake of grievances and requests for hearings, for the continuation of benefits and services during the appeal process and for a grievance process at the contractor level. Notwithstanding sections 41-1092.02, 41-1092.03 and 41-1092.05, the administration shall develop rules to establish the procedure and time frame for the informal resolution of grievances and appeals. A grievance that is not related to a claim for payment of system covered services shall be filed in writing with and received by the administration or the prepaid capitated provider or program contractor not later than sixty days after the date of the adverse action, decision or policy implementation being grieved. A grievance that is related to a claim for payment of system covered services must be filed in writing and received by the administration or the prepaid capitated provider or program contractor within twelve months after the date of service, within twelve months.
after the date that eligibility is posted or within sixty days after the date of the denial of a timely claim submission, whichever is later. A grievance for the denial of a claim for reimbursement of services may contest the validity of any adverse action, decision, policy implementation or rule that related to or resulted in the full or partial denial of the claim. A policy implementation may be subject to a grievance procedure, but it may not be appealed for a hearing. The administration is not required to participate in a mandatory settlement conference if it is not a real party in interest. In any proceeding before the administration, including a grievance or hearing, persons may represent themselves or be represented by a duly authorized agent who is not charging a fee. A legal entity may be represented by an officer, partner or employee who is specifically authorized by the legal entity to represent it in the particular proceeding.

5. Apply for and accept federal funds available under title XIX of the social security act (P.L. 89-97; 79 Stat. 344; 42 United States Code section 1396 (1980)) in support of the system. The application made by the director pursuant to this paragraph shall be designed to qualify for federal funding primarily on a prepaid capitated basis. Such funds may be used only for the support of persons defined as eligible pursuant to title XIX of the social security act or the approved section 1115 waiver.

6. At least thirty days before the implementation of a policy or a change to an existing policy relating to reimbursement, provide notice to interested parties. Parties interested in receiving notification of policy changes shall submit a written request for notification to the administration.

7. In addition to the cost sharing requirements specified in subsection D, paragraph 4 of this section:

(a) Charge monthly premiums up to the maximum amount allowed by federal law to all populations of eligible persons who may be charged.

(b) Implement this paragraph to the extent permitted under the federal deficit reduction act of 2005 and other federal laws, subject to the approval of federal waiver authority and to the extent that any changes in the cost sharing requirements under this paragraph would permit this state to receive any enhanced federal matching rate.

C. The director is authorized to apply for any federal funds available for the support of programs to investigate and prosecute violations arising from the administration and operation of the system. Available state funds appropriated for the administration and operation of the system may be used as matching funds to secure federal funds pursuant to this subsection.

D. The director may adopt rules or procedures to do the following:

1. Authorize advance payments based on estimated liability to a contractor or a noncontracting provider after the contractor or noncontracting provider has submitted a claim for services and before the claim is ultimately resolved. The rules shall specify that any advance payment shall be conditioned on the execution before payment of a contract with the contractor or noncontracting provider that requires the administration to retain a specified percentage, which shall be at least twenty percent, of the claimed amount as security and that requires repayment to the administration if the administration makes any overpayment.

2. Defer liability, in whole or in part, of contractors for care provided to members who are hospitalized on the date of enrollment or under other circumstances. Payment shall be on a capped fee-for-service basis for services other than hospital services and at the rate established pursuant to subsection G of this section for hospital services or at the rate paid by the health plan, whichever is less.

3. Deputize, in writing, any qualified officer or employee in the administration to perform any act that the director by law is empowered to do or charged with the responsibility of doing, including the authority to issue final administrative decisions pursuant to section 41-1092.08.

4. Notwithstanding any other law, require persons eligible pursuant to section 36-2901, paragraph 6, subdivision (a), section 36-2931 and section 36-2981, paragraph 6 to be financially responsible for any cost sharing requirements established in a state plan or a section 1115 waiver and approved by the centers for medicare and
medicaid services. Cost sharing requirements may include copayments, coinsurance, deductibles, enrollment fees and monthly premiums for enrolled members, including households with children enrolled in the Arizona long-term care system.

E. The director shall adopt rules that further specify the medical care and hospital services that are covered by the system pursuant to section 36-2907.

F. In addition to the rules otherwise specified in this article, the director may adopt necessary rules pursuant to title 41, chapter 6 to carry out this article. Rules adopted by the director pursuant to this subsection shall consider the differences between rural and urban conditions on the delivery of hospitalization and medical care.

G. For inpatient hospital admissions and outpatient hospital services on and after March 1, 1993, the administration shall adopt rules for the reimbursement of hospitals according to the following procedures:

1. For inpatient hospital stays from March 1, 1993 through September 30, 2014, the administration shall use a prospective tiered per diem methodology, using hospital peer groups if analysis shows that cost differences can be attributed to independently definable features that hospitals within a peer group share. In peer grouping the administration may consider such factors as length of stay differences and labor market variations. If there are no cost differences, the administration shall implement a stop loss-stop gain or similar mechanism. Any stop loss-stop gain or similar mechanism shall ensure that the tiered per diem rates assigned to a hospital do not represent less than ninety percent of its 1990 base year costs or more than one hundred ten percent of its 1990 base year costs, adjusted by an audit factor, during the period of March 1, 1993 through September 30, 1994. The tiered per diem rates set for hospitals shall represent no less than eighty-seven and one-half percent or more than one hundred twelve and one-half percent of its 1990 base year costs, adjusted by an audit factor, from October 1, 1994 through September 30, 1995 and no less than eighty-five percent or more than one hundred fifteen percent of its 1990 base year costs, adjusted by an audit factor, from October 1, 1995 through September 30, 1996. For the periods after September 30, 1996 no stop loss-stop gain or similar mechanisms shall be in effect. An adjustment in the stop loss-stop gain percentage may be made to ensure that total payments do not increase as a result of this provision. If peer groups are used, the administration shall establish initial peer group designations for each hospital before implementation of the per diem system. The administration may also use a negotiated rate methodology. The tiered per diem methodology may include separate consideration for specialty hospitals that limit their provision of services to specific patient populations, such as rehabilitative patients or children. The initial per diem rates shall be based on hospital claims and encounter data for dates of service November 1, 1990 through October 31, 1991 and processed through May of 1992. The administration may also establish a separate reimbursement methodology for claims with extraordinarily high costs per day that exceed thresholds established by the administration.

2. For rates effective on October 1, 1994, and annually through September 30, 2011, the administration shall adjust tiered per diem payments for inpatient hospital care by the data resources incorporated market basket index for prospective payment system hospitals. For rates effective beginning on October 1, 1999, the administration shall adjust payments to reflect changes in length of stay for the maternity and nursery tiers.

3. Through June 30, 2004, for outpatient hospital services, the administration shall reimburse a hospital by applying a hospital specific outpatient cost-to-charge ratio to the covered charges. Beginning on July 1, 2004 through June 30, 2005, the administration shall reimburse a hospital by applying a hospital specific outpatient cost-to-charge ratio to covered charges. If the hospital increases its charges for outpatient services filed with the Arizona department of health services pursuant to chapter 4, article 3 of this title, by more than 4.7 percent for dates of service effective on or after July 1, 2004, the hospital specific cost-to-charge ratio will be reduced by the amount that it exceeds 4.7 percent. If charges exceed 4.7 percent, the effective date of the increased charges will be the effective date of the adjusted Arizona health care cost containment system cost-to-charge ratio. The administration shall develop the methodology for a capped fee-for-service schedule and a statewide cost-to-charge ratio. Any covered outpatient service not included in the capped fee-for-service schedule shall be reimbursed by applying the statewide cost-to-charge ratio that is based on the services not included in the capped fee-for-service schedule. Beginning on July 1, 2005, the administration shall reimburse clean claims with dates of service on or after July 1, 2005, based on the capped fee-for-service schedule or the statewide cost-to-charge ratio.

https://www.azleg.gov/ars/36/02903-01.htm
ratio established pursuant to this paragraph. The administration may make additional adjustments to the outpatient hospital rates established pursuant to this section based on other factors, including the number of beds in the hospital, specialty services available to patients and the geographic location of the hospital.

4. Except if submitted under an electronic claims submission system, a hospital bill is considered received for purposes of this paragraph on initial receipt of the legible, error-free claim form by the administration if the claim includes the following error-free documentation in legible form:

(a) An admission face sheet.

(b) An itemized statement.

(c) An admission history and physical.

(d) A discharge summary or an interim summary if the claim is split.

(e) An emergency record, if admission was through the emergency room.

(f) Operative reports, if applicable.

(g) A labor and delivery room report, if applicable.

Payment received by a hospital from the administration pursuant to this subsection or from a contractor either by contract or pursuant to section 36-2904, subsection I is considered payment by the administration or the contractor of the administration's or contractor's liability for the hospital bill. A hospital may collect any unpaid portion of its bill from other third-party payors or in situations covered by title 33, chapter 7, article 3.

5. For services rendered on and after October 1, 1997, the administration shall pay a hospital's rate established according to this section subject to the following:

(a) If the hospital's bill is paid within thirty days of the date the bill was received, the administration shall pay ninety-nine percent of the rate.

(b) If the hospital's bill is paid after thirty days but within sixty days of the date the bill was received, the administration shall pay one hundred percent of the rate.

(c) If the hospital's bill is paid any time after sixty days of the date the bill was received, the administration shall pay one hundred percent of the rate plus a fee of one percent per month for each month or portion of a month following the sixtieth day of receipt of the bill until the date of payment.

6. In developing the reimbursement methodology, if a review of the reports filed by a hospital pursuant to section 36-125.04 indicates that further investigation is considered necessary to verify the accuracy of the information in the reports, the administration may examine the hospital's records and accounts related to the reporting requirements of section 36-125.04. The administration shall bear the cost incurred in connection with this examination unless the administration finds that the records examined are significantly deficient or incorrect, in which case the administration may charge the cost of the investigation to the hospital examined.

7. Except for privileged medical information, the administration shall make available for public inspection the cost and charge data and the calculations used by the administration to determine payments under the tiered per diem system, provided that individual hospitals are not identified by name. The administration shall make the data and calculations available for public inspection during regular business hours and shall provide copies of the data and calculations to individuals requesting such copies within thirty days of receipt of a written request. The administration may charge a reasonable fee for the provision of the data or information.

8. The prospective tiered per diem payment methodology for inpatient hospital services shall include a mechanism for the prospective payment of inpatient hospital capital related costs. The capital payment shall
include hospital specific and statewide average amounts. For tiered per diem rates beginning on October 1, 1999, the capital related cost component is frozen at the blended rate of forty percent of the hospital specific capital cost and sixty percent of the statewide average capital cost in effect as of January 1, 1999 and as further adjusted by the calculation of tier rates for maternity and nursery as prescribed by law. Through September 30, 2011, the administration shall adjust the capital related cost component by the data resources incorporated market basket index for prospective payment system hospitals.

9. For graduate medical education programs:

(a) Beginning September 30, 1997, the administration shall establish a separate graduate medical education program to reimburse hospitals that had graduate medical education programs that were approved by the administration as of October 1, 1999. The administration shall separately account for monies for the graduate medical education program based on the total reimbursement for graduate medical education reimbursed to hospitals by the system in federal fiscal year 1995-1996 pursuant to the tiered per diem methodology specified in this section. The graduate medical education program reimbursement shall be adjusted annually by the increase or decrease in the index published by the global insight hospital market basket index for prospective hospital reimbursement. Subject to legislative appropriation, on an annual basis, each qualified hospital shall receive a single payment from the graduate medical education program that is equal to the same percentage of graduate medical education reimbursement that was paid by the system in federal fiscal year 1995-1996. Any reimbursement for graduate medical education made by the administration shall not be subject to future settlements or appeals by the hospitals to the administration. The monies available under this subdivision shall not exceed the fiscal year 2005-2006 appropriation adjusted annually by the increase or decrease in the index published by the global insight hospital market basket index for prospective hospital reimbursement, except for monies distributed for expansions pursuant to subdivision (b) of this paragraph.

(b) The monies available for graduate medical education programs pursuant to this subdivision shall not exceed the fiscal year 2006-2007 appropriation adjusted annually by the increase or decrease in the index published by the global insight hospital market basket index for prospective hospital reimbursement. Graduate medical education programs eligible for such reimbursement are not precluded from receiving reimbursement for funding under subdivision (c) of this paragraph. Beginning July 1, 2006, the administration shall distribute any monies appropriated for graduate medical education above the amount prescribed in subdivision (a) of this paragraph in the following order or priority:

(i) For the direct costs to support the expansion of graduate medical education programs established before July 1, 2006 at hospitals that do not receive payments pursuant to subdivision (a) of this paragraph. These programs must be approved by the administration.

(ii) For the direct costs to support the expansion of graduate medical education programs established on or before October 1, 1999. These programs must be approved by the administration.

(c) The administration shall distribute to hospitals any monies appropriated for graduate medical education above the amount prescribed in subdivisions (a) and (b) of this paragraph for the following purposes:

(i) For the direct costs of graduate medical education programs established or expanded on or after July 1, 2006. These programs must be approved by the administration.

(ii) For a portion of additional indirect graduate medical education costs for programs that are located in a county with a population of less than five hundred thousand persons at the time the residency position was created or for a residency position that includes a rotation in a county with a population of less than five hundred thousand persons at the time the residency position was established. These programs must be approved by the administration.

(d) The administration shall develop, by rule, the formula by which the monies are distributed.
(e) Each graduate medical education program that receives funding pursuant to subdivision (b) or (c) of this paragraph shall identify and report to the administration the number of new residency positions created by the funding provided in this paragraph, including positions in rural areas. The program shall also report information related to the number of funded residency positions that resulted in physicians locating their practices in this state. The administration shall report to the joint legislative budget committee by February 1 of each year on the number of new residency positions as reported by the graduate medical education programs.

(f) Local, county and tribal governments and any university under the jurisdiction of the Arizona board of regents may provide monies in addition to any state general fund monies appropriated for graduate medical education in order to qualify for additional matching federal monies for providers, programs or positions in a specific locality and costs incurred pursuant to a specific contract between the administration and providers or other entities to provide graduate medical education services as an administrative activity. Payments by the administration pursuant to this subdivision may be limited to those providers designated by the funding entity and may be based on any methodology deemed appropriate by the administration, including replacing any payments that might otherwise have been paid pursuant to subdivision (a), (b) or (c) of this paragraph had sufficient state general fund monies or other monies been appropriated to fully fund those payments. These programs, positions, payment methodologies and administrative graduate medical education services must be approved by the administration and the centers for medicare and medicaid services. The administration shall report to the president of the senate, the speaker of the house of representatives and the director of the joint legislative budget committee on or before July 1 of each year on the amount of money contributed and number of residency positions funded by local, county and tribal governments, including the amount of federal matching monies used.

(g) Any funds appropriated but not allocated by the administration for subdivision (b) or (c) of this paragraph may be reallocated if funding for either subdivision is insufficient to cover appropriate graduate medical education costs.

10. Notwithstanding section 41-1005, subsection A, paragraph 9, the administration shall adopt rules pursuant to title 41, chapter 6 establishing the methodology for determining the prospective tiered per diem payments that are in effect through September 30, 2014.

11. For inpatient hospital services rendered on or after October 1, 2011, the prospective tiered per diem payment rates are permanently reset to the amounts payable for those services as of October 1, 2011 pursuant to this subsection.

12. The administration shall adopt a diagnosis-related group based hospital reimbursement methodology consistent with title XIX of the social security act for inpatient dates of service on and after October 1, 2014. The administration may make additional adjustments to the inpatient hospital rates established pursuant to this section for hospitals that are publicly operated or based on other factors, including the number of beds in the hospital, the specialty services available to patients, the geographic location and diagnosis-related group codes that are made publicly available by the hospital pursuant to section 36-437. The administration may also provide additional reimbursement for extraordinarily high cost cases that exceed a threshold above the standard payment. The administration may also establish a separate payment methodology for specific services or hospitals serving unique populations.

H. The director may adopt rules that specify enrollment procedures, including notice to contractors of enrollment. The rules may provide for varying time limits for enrollment in different situations. The administration shall specify in contract when a person who has been determined eligible will be enrolled with that contractor and the date on which the contractor will be financially responsible for health and medical services to the person.

I. The administration may make direct payments to hospitals for hospitalization and medical care provided to a member in accordance with this article and rules. The director may adopt rules to establish the procedures by which the administration shall pay hospitals pursuant to this subsection if a contractor fails to make timely payment to a hospital. Such payment shall be at a level determined pursuant to section 36-2904, subsection H.
or I. The director may withhold payment due to a contractor in the amount of any payment made directly to a hospital by the administration on behalf of a contractor pursuant to this subsection.

J. The director shall establish a special unit within the administration for the purpose of monitoring the third-party payment collections required by contractors and noncontracting providers pursuant to section 36-2903, subsection B, paragraph 10 and subsection F and section 36-2915, subsection E. The director shall determine by rule:

1. The type of third-party payments to be monitored pursuant to this subsection.

2. The percentage of third-party payments that is collected by a contractor or noncontracting provider and that the contractor or noncontracting provider may keep and the percentage of such payments that the contractor or noncontracting provider may be required to pay to the administration. Contractors and noncontracting providers must pay to the administration one hundred percent of all third-party payments that are collected and that duplicate administration fee-for-service payments. A contractor that contracts with the administration pursuant to section 36-2904, subsection A may be entitled to retain a percentage of third-party payments if the payments collected and retained by a contractor are reflected in reduced capitation rates. A contractor may be required to pay the administration a percentage of third-party payments that are collected by a contractor and that are not reflected in reduced capitation rates.

K. The administration shall establish procedures to apply to the following if a provider that has a contract with a contractor or noncontracting provider seeks to collect from an individual or financially responsible relative or representative a claim that exceeds the amount that is reimbursed or should be reimbursed by the system:

1. On written notice from the administration or oral or written notice from a member that a claim for covered services may be in violation of this section, the provider that has a contract with a contractor or noncontracting provider shall investigate the inquiry and verify whether the person was eligible for services at the time that covered services were provided. If the claim was paid or should have been paid by the system, the provider that has a contract with a contractor or noncontracting provider shall not continue billing the member.

2. If the claim was paid or should have been paid by the system and the disputed claim has been referred for collection to a collection agency or referred to a credit reporting bureau, the provider that has a contract with a contractor or noncontracting provider shall:

   (a) Notify the collection agency and request that all attempts to collect this specific charge be terminated immediately.

   (b) Advise all credit reporting bureaus that the reported delinquency was in error and request that the affected credit report be corrected to remove any notation about this specific delinquency.

   (c) Notify the administration and the member that the request for payment was in error and that the collection agency and credit reporting bureaus have been notified.

3. If the administration determines that a provider that has a contract with a contractor or noncontracting provider has billed a member for charges that were paid or should have been paid by the administration, the administration shall send written notification by certified mail or other service with proof of delivery to the provider that has a contract with a contractor or noncontracting provider stating that this billing is in violation of federal and state law. If, twenty-one days or more after receiving the notification, a provider that has a contract with a contractor or noncontracting provider knowingly continues billing a member for charges that were paid or should have been paid by the system, the administration may assess a civil penalty in an amount equal to three times the amount of the billing and reduce payment to the provider that has a contract with a contractor or noncontracting provider accordingly. Receipt of delivery signed by the addressee or the addressee's employee is prima facie evidence of knowledge. Civil penalties collected pursuant to this subsection shall be deposited in the state general fund. Section 36-2918, subsections C, D and F, relating to the imposition, collection and enforcement of civil penalties, apply to civil penalties imposed pursuant to this paragraph.
L. The administration may conduct postpayment review of all claims paid by the administration and may recoup any monies erroneously paid. The director may adopt rules that specify procedures for conducting postpayment review. A contractor may conduct a postpayment review of all claims paid by the contractor and may recoup monies that are erroneously paid.

M. Subject to title 41, chapter 4, article 4, the director or the director's designee may employ and supervise personnel necessary to assist the director in performing the functions of the administration.

N. The administration may contract with contractors for obstetrical care who are eligible to provide services under title XIX of the social security act.

O. Notwithstanding any other law, on federal approval the administration may make disproportionate share payments to private hospitals, county operated hospitals, including hospitals owned or leased by a special health care district, and state operated institutions for mental disease beginning October 1, 1991 in accordance with federal law and subject to legislative appropriation. If at any time the administration receives written notification from federal authorities of any change or difference in the actual or estimated amount of federal funds available for disproportionate share payments from the amount reflected in the legislative appropriation for such purposes, the administration shall provide written notification of such change or difference to the president and the minority leader of the senate, the speaker and the minority leader of the house of representatives, the director of the joint legislative budget committee, the legislative committee of reference and any hospital trade association within this state, within three working days not including weekends after receipt of the notice of the change or difference. In calculating disproportionate share payments as prescribed in this section, the administration may use either a methodology based on claims and encounter data that is submitted to the administration from contractors or a methodology based on data that is reported to the administration by private hospitals and state operated institutions for mental disease. The selected methodology applies to all private hospitals and state operated institutions for mental disease qualifying for disproportionate share payments.

P. Disproportionate share payments made pursuant to subsection O of this section include amounts for disproportionate share hospitals designated by political subdivisions of this state, tribal governments and universities under the jurisdiction of the Arizona board of regents. Subject to the approval of the centers for medicare and medicaid services, any amount of federal funding allotted to this state pursuant to section 1923(f) of the social security act and not otherwise spent under subsection O of this section shall be made available for distribution pursuant to this subsection. Political subdivisions of this state, tribal governments and universities under the jurisdiction of the Arizona board of regents may designate hospitals eligible to receive disproportionate share payments in an amount up to the limit prescribed in section 1923(g) of the social security act if those political subdivisions, tribal governments or universities provide sufficient monies to qualify for the matching federal monies for the disproportionate share payments.

Q. Notwithstanding any law to the contrary, the administration may receive confidential adoption information to determine whether an adopted child should be terminated from the system.

R. The adoption agency or the adoption attorney shall notify the administration within thirty days after an eligible person receiving services has placed that person's child for adoption.

S. If the administration implements an electronic claims submission system, it may adopt procedures pursuant to subsection G of this section requiring documentation different than prescribed under subsection G, paragraph 4 of this section.

T. In addition to any requirements adopted pursuant to subsection D, paragraph 4 of this section, notwithstanding any other law, subject to approval by the centers for medicare and medicaid services, beginning July 1, 2011, members eligible pursuant to section 36-2901, paragraph 6, subdivision (a), section 36-2931 and section 36-2981, paragraph 6 shall pay the following:

1. A monthly premium of fifteen dollars, except that the total monthly premium for an entire household shall not exceed sixty dollars.
2. A copayment of five dollars for each physician office visit.

3. A copayment of ten dollars for each urgent care visit.

4. A copayment of thirty dollars for each emergency department visit.

U. Subject to the approval of the centers for medicare and medicaid services, political subdivisions of this state, tribal governments and any university under the jurisdiction of the Arizona board of regents may provide to the Arizona health care cost containment system administration monies in addition to any state general fund monies appropriated for critical access hospitals in order to qualify for additional federal monies. Any amount of federal monies received by this state pursuant to this subsection shall be distributed as supplemental payments to critical access hospitals.

V. For the purposes of this section, "disproportionate share payment" means a payment to a hospital that serves a disproportionate share of low-income patients as described by 42 United States Code section 1396r-4.
36-2906. **Qualified plan health services contracts; proposals; administration**

A. The administration shall:

1. Supervise the administrator.

2. Review the proposals.

3. Award contracts.

B. The director shall prepare and issue a request for proposal, including a proposed contract format, in each of the counties of this state, at least once every five years, to qualified group disability insurers, hospital and medical service corporations, health care services organizations and any other qualified public or private persons, including county-owned and operated health care facilities. The contracts shall specify the administrative requirements, the delivery of medically necessary services and the subcontracting requirements.

C. The director shall adopt rules regarding the request for proposal process that provide:

1. For definition of proposals in the following categories subject to the following conditions:

   (a) Inpatient hospital services.

   (b) Outpatient services, including emergency dental care, and early and periodic health screening and diagnostic services for children.

   (c) Pharmacy services.

   (d) Laboratory, x-ray and related diagnostic medical services and appliances.

2. Allowance for the adjustment of such categories by expansion, deletion, segregation or combination in order to secure the most financially advantageous proposals for the system.

3. An allowance for limitations on the number of high risk persons that must be included in any proposal.

4. For analysis of the proposals for each geographic service area as defined by the director to ensure the provision of health and medical services that are required to be provided throughout the geographic service area pursuant to section 36-2907.

5. For the submittal of proposals by a group disability insurer, a hospital and medical service corporation, a health care services organization or any other qualified public or private person intending to submit a proposal pursuant to this section. Each qualified proposal shall be entered with separate categories for the distinct groups of persons to be covered by the proposed contracts, as set forth in the request for proposal.

6. For the procurement of reinsurance for expenses incurred by any contractor or member or the system in providing services in excess of amounts specified by the director in any contract year. The director shall adopt rules to provide that the administrator may specify guidelines on a case by case basis for the types of care and services that may be provided to a person whose care is covered by reinsurance. The rules shall provide that if a contractor does not follow specified guidelines for care or services and if the care or services could be provided pursuant to the guidelines at a lower cost the contractor is entitled to reimbursement as if the care or services specified in the guidelines had been provided.

7. For the awarding of contracts to contractors with qualified proposals determined to be the most advantageous to the state for each of the counties in this state. A contract may be awarded that provides services only to persons defined as eligible pursuant to section 36-2901, paragraph 6, subdivision (b), (c), (d) or (e). The director may provide by rule a second round competitive proposal procedure for the director to request voluntary price

https://www.azleg.gov/ars/36/02906.htm
reduction of proposals from only those that have been tentatively selected for award, before the final award or rejection of proposals.

8. For the requirement that any proposal in a geographic service area provide for the full range of system covered services.

9. For the option of the administration to waive the requirement in any request for proposal or in any contract awarded pursuant to a request for proposal for a subcontract with a hospital for good cause in a county or area including but not limited to situations when such hospital is the only hospital in the health service area. In any situation where the subcontract requirement is waived, no hospital may refuse to treat members of the system admitted by primary care physicians or primary care practitioners with hospital privileges in that hospital. In the absence of a subcontract, the reimbursement level shall be at the levels specified in section 36-2904, subsection H or I.

D. Reinsurance may be obtained against expenses in excess of a specified amount on behalf of any individual for system covered emergency or inpatient services either through the purchase of a reinsurance policy or through a system self-insurance program as determined by the director. Reinsurance, subject to the approval of the director, may be obtained against expenses in excess of a specified amount on behalf of any individual for outpatient services either through the purchase of a reinsurance policy or through a system self-insurance program as determined by the director.

E. Notwithstanding the other provisions of this section, the administration may procure, provide or coordinate system covered services by interagency agreement with authorized agencies of this state or with a federal agency for distinct groups of eligible persons, including persons eligible for children's rehabilitative services through the department of economic security and persons eligible for comprehensive medical and dental program services through the department of child safety.

F. Contracts shall be awarded as otherwise provided by law, except that in no event may a contract be awarded to any respondent that will cause the system to lose any federal monies to which it is otherwise entitled.

G. After contracts are awarded pursuant to this section, the director may negotiate with any successful proposal respondent for the expansion or contraction of services or service areas if there are unnecessary gaps or duplications in services or service areas.
CONSIDERATION AND DISCUSSION OF A REQUEST FOR A ONE-YEAR EXTENSION OF THE DUE DATE FOR A FIVE YEAR REVIEW REPORT ON 18 A.A.C. 11, ARTICLE 6 FROM THE DEPARTMENT OF ENVIRONMENTAL QUALITY.
May 3, 2022

Re: Five-Year Review Report for A.A.C. Title 18, Chapter 11, Article 6 (Impaired Water Identification) – Extension Request

Dear Chairperson Sornsin:

Pursuant to A.R.S. § 41-1056(F) and A.A.C. R1-6-303(B), the Arizona Department of Environmental Quality (ADEQ) requests a one-year extension of the July 29, 2022 due date for the above-referenced Five-Year Review Report because ADEQ is in the process of modifying the rules to adopt a new program as required by state statute and update existing programs consistent with federal law. ADEQ requests a new deadline date of July 29, 2023.

ADEQ has begun the process of making significant modifications to our Clean Water Act (CWA) programs. Last year, the Arizona legislature passed landmark legislation, HB2691 (2021), that directs the ADEQ to develop a state-level Surface Water Protection Program and establish a variety of regulations by December 31, 2022. Laws 2021, Ch.325, § 11 charges the Department to “amend rules to update the impaired waters identification rules within one year after adopting surface water quality standards for Non-WOTUS protected surface waters pursuant to section 49-221, subsection A, paragraph 2.” There is a significant amount of overlap between the rulemaking required by HB2691 that is underway and the rules subject to this five-year review in A.A.C. Title 18, Chapter 11, Article 6. ADEQ will likely need to make modifications to Article 6 as it develops rules for the new Surface Water Protection Program. In addition, ADEQ has identified changes that should be made for Article 6, and will make those modifications during the same rulemaking. Therefore, ADEQ would like to complete a five-year rule review for these rules after they have been updated.

Please contact Jonathan Quinsey at 602-771-8193 or quinsey.jonathan@azdeq.gov if you have any questions.
Sincerely,

Trevor Baggiore  
Director, Water Quality Division

Re: Five Year Review Report
19 A.A.C. 3
Article 2: Retailers

Dear Ms Sornsin,

Pursuant to Arizona Revised Statute § 41-1056(H) and Arizona Administrative Code R1-6-302, the Lottery Arizona Lottery (Lottery) respectfully requests to reschedule the five-year rule review for Article 2, currently due on May 31, 2022. The Lottery has recently reviewed and substantially revised the rules in this Article to implement improvements in Lottery business processes and recent changes to Lottery statutes permitting the Lottery to develop a Keno game for distribution by certain qualified retailers. Additionally, the rule amendments tightened compliance provisions with respect to inventory and stolen ticket reporting procedures, and improved the clarity and understandability of the rules.

Revisions to Article 2 were approved by the Council on February 1, 2022, published by the Arizona Secretary of State on February 25, 2022, and effective April 5, 2022.

Thank you for your consideration of this request. If you have any questions or need further information, please contact Sherri Zendri at (480) 921-4401 or email szendri@azlottery.gov.

Sincerely,

Gregg Edgar
Executive Director
