2. Within 90 calendar days after the date of the written notice of approval in R9-10-108(C)(3), with the payment of an additional late payment fee of $250.

**B.** The Department shall notify a licensee of the due date of the facility's health care institution licensing fees no later than 90 calendar days before the date the facility's health care institution licensing fee is due to the Department.

**C.** Except as specified in subsection (E), a licensee shall submit to the Department, no earlier than 60 calendar days before the anniversary date of the facility's health care institution license:
1. The following information in a Department-provided format:
   a. The licensee's name, and
   b. The facility's name and license number;
2. Verification of the information in the Department's current records for the health care institution;
3. If applicable, information or documentation required in another Article of this Chapter, specific to the health care institution, to be submitted with the relevant fees required in R9-10-106; and
4. The applicable annual licensing fees in R9-10-106.

**D.** If any information in the Department's current records for a health care institution is incorrect, before a licensee submits annual licensing fees according to subsection (C), the licensee shall comply with the applicable requirements in R9-10-109 or R9-10-110 to update the Department's records for the health care institution.

**E.** A licensee may submit to the Department the information in subsection (C)(1), verification in subsection (C)(2), applicable information or documentation in subsection (C)(3), and applicable annual licensing fees in R9-10-106:
1. Within 30 calendar days after the anniversary date of the facility's health care institution license, with the payment of the additional late payment fee in R9-10-106(F); or
2. If an alternate licensing fee due date has been established for the licensee according to subsections (F) and (G):
   a. By the anniversary date of the facility's health care institution license, with the appropriate fee amount to prorate the annual licensing fees in R9-10-106 for a facility to the alternate licensing fee due date;
   b. By the alternate licensing fee due date;
   c. If a new alternate licensing fee due date has been established, by the current alternate licensing fee due date, with the appropriate fee amount to prorate the annual licensing fees in R9-10-106 for a facility to the new alternate licensing fee due date; or
   d. Within 30 calendar days after the alternate licensing fee due date, with the payment of the additional late payment fee in R9-10-106(F).

**F.** Except as specified in subsection (H), a licensee may request a licensing fee due date for a facility that is different from the anniversary date of a facility's health care institution license by submitting an application for an alternate licensing fee due date to the Department, at least 30 calendar days before the anniversary date of the facility's health care institution license, that includes the following information in a Department-provided format:
1. The licensee's name and e-mail address,
2. The facility's name and license number,
3. The current licensing fee due date,
4. The proposed alternate licensing fee due date,
5. The reason the licensee is requesting an alternate licensing fee due date, and
6. The name of the health care institution's administrator's or individual representing the health care institution as designated in A.R.S. § 36-422 and the dated signature of the administrator or individual.

**G.** The Department shall review a request made according to subsection (F) according to R9-10-108.

**H.** A licensee may not request an alternate licensing fee due date according to subsection (F):
1. More frequently than once in each three-year period, or
2. For a facility for which the payment of licensing fees is not up-to-date.

New Section made by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). Amended by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Section repealed; new Section made by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3).

**R9-10-108. Time-frames**

**A.** The overall time-frame for each type of approval granted by the Department is listed in Table 1.1. The applicant and the Department may agree in writing to extend the substantive review time-frame and the overall time-frame. The substantive review time-frame and the overall time-frame may not be extended by more than 25% of the overall time-frame.

**B.** The administrative completeness review time-frame for each type of approval granted by the Department as prescribed in this Article is listed in Table 1.1. The administrative completeness review time-frame begins on the date the Department receives an application packet or a written request for an alternate licensing fee due date.
1. The application packet for a health care institution license is not complete until the applicant provides the Department with written notice that the health care institution is ready for a licensing inspection by the Department.
2. If the application packet or written request is incomplete, the Department shall provide a written notice to the applicant specifying the missing document or incomplete information. The administrative completeness review time-frame and the overall time-frame are suspended from the date of the notice until the date the Department receives the missing document or information from the applicant.
3. When an application packet or written request is complete, the Department shall provide a written notice of administrative completeness to the applicant.
4. For an application packet for review of architectural plans and specifications, a health care institution license application packet, an application packet for a modification not requiring review of architectural plans and specifications, or a written request for an alternate licensing fee due date, the Department shall consider the application or written request withdrawn if the applicant fails to supply the missing documents or information included in the notice described in subsection (B)(2) within 60 calendar days after the date of the notice described in subsection (B)(2).
5. If the Department issues a license or grants an approval during the time provided to assess administrative completeness, the Department shall not issue a separate written notice of administrative completeness.

**C.** The substantive review time-frame is listed in Table 1.1 and begins on the date of the notice of administrative completeness.
1. The Department may conduct an onsite inspection of the facility:
   a. As part of the substantive review for approval of architectural plans and specifications;

b. As part of the substantive review for issuing a health care institution license; or
c. As part of the substantive review for approving a modification of a health care institution's license.

2. During the substantive review time-frame, the Department may make one comprehensive written request for additional information or documentation. If the Department and the applicant agree in writing, the Department may make supplemental requests for additional information or documentation. The time-frame for the Department to complete the substantive review is suspended from the date of a written request for additional information or documentation until the Department receives the additional information or documentation.
3. The Department shall send a written notice of approval to an applicant that is in substantial compliance with applicable requirements in A.R.S. Title 36, Chapter 4 and this Chapter.
4. After an applicant for a health care institution license receives the written notice of approval in subsection (C)(3), the applicant shall submit the applicable health care institution license fee in R9-10-106 according to R9-10-107(A).
5. After receiving the applicable health care institution licensing fee from an applicant according to subsection (C)(4) and R9-10-107(A), the Department shall send a health care institution license to the applicant.
6. The Department shall provide a written notice of denial that complies with A.R.S. § 41-1076 to an applicant who does not:
   a. For a health care institution license application or a request for approval of a modification of a health care institution requiring architectural plans and specifications, submit the information or documentation in subsection (C)(2) within 120 calendar days after the Department's written request to the applicant;
   b. For a request for approval of a modification of a health care institution not requiring architectural plans and specifications or a written request for an alternate licensing fee due date, submit the information or documentation in subsection (C)(2) within 30 calendar days after the Department's written request to the applicant;
   c. Comply with the applicable requirements in A.R.S. Title 36, Chapter 4 and this Chapter; or
   d. If applicable, submit a fee required in R9-10-106 or R9-10-107.
7. An applicant may file a written notice of appeal with the Department within 30 calendar days after receiving the notice described in subsection (C)(6). The appeal shall be conducted according to A.R.S. Title 41, Chapter 6, Article 10.
8. If a time-frame's last day falls on a Saturday, a Sunday, or an official state holiday, the Department shall consider the next working day to be the time-frame's last day.

**R9-10-109. Changes Affecting a License**

**A.** A licensee shall ensure that:
1. The Department is notified in writing at least 30 calendar days before the effective date of:
   a. Except as provided in subsection (I), a change in the name of:
      i. A health care institution, or
      ii. The licensee;
   b. A change in the hours of operation:
      i. Of an administrative office, or
      ii. For providing physical health services or behavioral health services to patients of the health care institution;
   c. A change in the address of a health care institution that does not provide medical services, nursing services, behavioral health services, or health-related services on the premises; or
   d. A change in the geographic region to be served by the hospice service agency or home health agency; and
2. Documentation supporting the change is provided to the Department with the notification required in subsection (A)(1).

**B.** If a licensee intends to terminate the operation of a health care institution, the licensee shall ensure that the Department is notified in writing of:
1. The termination of the health care institution's operations, as required in A.R.S. § 36-422(D), at least 30 calendar days before the termination, and
2. The address and contact information for the location where the health care institution's medical records will be retained as required in A.R.S. § 12-2297.

**C.** A licensee shall ensure that the Department is notified in writing, according to A.R.S. § 36-425(I), of a change in the chief administrative officer of the health care institution.

**D.** If a health care institution is accredited by a nationally recognized accrediting organization, a licensee may submit to the Department the health care institution's current accreditation report.

**E.** Except as provided in A.R.S. § 36-424(B), if a licensee submits to the Department a health care institution's current accreditation report from a nationally recognized accrediting organization, the Department shall not conduct an onsite compliance inspection of the health care institution during the time the accreditation report is valid.

**F.** If a licensee is an adult behavioral health therapeutic home or a behavioral health respite home, the licensee shall ensure that:
1. The Department is notified in writing if the licensee does not have a written agreement with a collaborating health care institution, as required in R9-10-1603(A)(3) or R9-10-1803(A)(3) as applicable; and
2. The adult behavioral health therapeutic home or behavioral health respite home does not accept an individual as a resident or recipient, as applicable, or provide services to a resident or recipient, as applicable, until:
   a. The adult behavioral health therapeutic home or behavioral health respite home has a written agreement with a collaborating health care institution;
   b. The collaborating health care institution has approved the adult behavioral health therapeutic home's or behavioral health respite home's:
      i. Scope of services, and
      ii. Policies and procedures; and
   c. The collaborating health care institution has verified the provider's skills and knowledge.

**G.** If a licensee is an affiliated outpatient treatment center, the licensee shall ensure that if the affiliated outpatient treatment center:
1. Plans to begin providing administrative support to a counseling facility at a time other than during the affiliated outpatient treatment center's license application process, the following information for each counseling facility is submitted to the Department before the affiliated outpatient treatment center begins providing administrative support:
   a. The counseling facility's name,
   b. The license number assigned to the counseling facility by the Department, and
   c. The date the affiliated outpatient treatment center will begin providing administrative support to the counseling facility; or
2. No longer provides administrative support to a counseling facility previously identified by the affiliated outpatient treatment center as receiving administrative support from the affiliated outpatient treatment center, the following information for each counseling facility is submitted to the Department within 30 calendar days after the affiliated outpatient treatment center no longer provides administrative support:
   a. The counseling facility's name,
   b. The license number assigned to the counseling facility by the Department, and
   c. The date the affiliated outpatient treatment center stopped providing administrative support to the counseling facility.

**H.** If a licensee is a counseling facility, the licensee shall ensure that if the counseling facility:

1. Plans to begin receiving administrative support from an affiliated outpatient treatment center at a time other than during the counseling facility's license application process, the following information for the affiliated outpatient treatment center is submitted to the Department before the counseling facility begins receiving administrative support:
   a. The affiliated outpatient treatment center's name,
   b. The license number assigned to the affiliated outpatient treatment center by the Department, and
   c. The date the counseling facility will begin receiving administrative support;
2. No longer receives administrative support from an affiliated outpatient treatment center previously identified by the counseling facility as providing administrative support to the counseling facility, the following information for the affiliated outpatient treatment center is submitted to the Department within 30 calendar days after the counseling facility no longer receives administrative support from the affiliated outpatient treatment center:
   a. The affiliated outpatient treatment center's name,
   b. The license number assigned to the affiliated outpatient treatment center by the Department, and
   c. The date the counseling facility stopped receiving administrative support from the affiliated outpatient treatment center;
3. Plans to begin sharing administrative support with an affiliated counseling facility at a time other than during the counseling facility's license application process, the following information for each affiliated counseling facility sharing administrative support with the counseling facility is submitted to the Department before the counseling facility and affiliated counseling facility begin sharing administrative support:
   a. The affiliated counseling facility's name,
   b. The license number assigned to the affiliated counseling facility by the Department, and
   c. The date the counseling facility and the affiliated counseling facility will begin sharing administrative support; or
4. No longer shares administrative support with an affiliated counseling facility previously identified by the counseling facility as sharing administrative support with the counseling facility, the following information is submitted for each affiliated counseling facility within 30 calendar days after the counseling facility and affiliated counseling facility no longer share administrative support:
   a. The affiliated counseling facility's name,
   b. The license number assigned to the affiliated counseling facility by the Department, and
   c. The date the counseling facility and affiliated counseling facility will no longer be sharing administrative support.

**I.** A governing authority shall submit a license application required in R9-10-105 for:
1. A change in ownership of a health care institution;
2. A change in the address or location of a health care institution that provides medical services, nursing services, health-related services, or behavioral health services on the premises; or
3. A change in a health care institution's class or subclass.

**J.** A governing authority is not required to submit the documentation required in R9-10-105(A)(5) for a license application if:
1. The health care institution has not ceased operations for more than 30 calendar days,
2. A modification has not been made to the health care institution,
3. The services the health care institution is authorized by the Department to provide are not changed, and
4. The location of the health care institution's premises is not changed.

**R9-10-110. Modification of a Health Care Institution**

**A.** A licensee shall submit a request for approval of a modification of a health care institution when planning to make:
1. An addition or removal of an authorized service;
2. An addition or removal of a colocator;
3. A change in a health care institution's licensed capacity, licensed occupancy, respite capacity, or the number of dialysis stations;
4. A change in the physical plant, including facilities or equipment, that costs more than $300,000; or
5. A change in the building where a health care institution is located that affects compliance with:
   a. Applicable physical plant codes and standards incorporated by reference in R9-10-104.01, or
   b. Physical plant requirements in the specific Article in this Chapter applicable to the health care institution.

**B.** A licensee of a health care institution that is required by this Chapter to comply with any of the physical plant codes and standards incorporated by reference in R9-10-104.01 shall submit an application packet, according to R9-10-104(A), for approval of architectural plans and specifications for a modification of the health care institution described in subsections (A)(3) through (5).

**C.** A licensee of a health care institution shall submit a written request an application packet for a modification of the health care institution in a Department-provided format that contains:
1. The following information in a Department-provided format:
   a. The health care institution's name, mailing address, e-mail address, and license number;
   b. A narrative description of the modification, including as applicable:
      i. The services the licensee is requesting be added or removed as an authorized service;
      ii. The name and license number of an associated licensed provider being added or removed as a colocator;
      iii. The name and professional license number of an exempt health care provider being added or removed as a colocator;
      iv. If an associated licensed provider or exempt health care provider is being added as a colocator, the proposed scope of services;
      v. The current and proposed licensed capacity, licensed occupancy, respite capacity, and number of dialysis stations;
      vi. The change being made in the physical plant; and
      vii. The change being made that affects compliance with applicable physical plant codes and standards incorporated by reference in R9-10-104.01; and
   c. The name and e-mail address of the health care institution's administrator's or individual representing the health care institution as designated in according to A.R.S. § 36-422 and the dated signature of the administrator or individual; and
2. Documentation that demonstrates that the requested modification complies with applicable requirements in this Chapter, including as applicable:
   a. A floor plan showing the location of each colocator's proposed treatment area and the areas of the collaborating outpatient treatment center's premises shared with a colocator;
   b. For a change in the licensed capacity, licensed occupancy, respite capacity, or number of dialysis stations or a modification of the physical plant:
      i. A floor plan showing, for each story of the facility affected by the modification, the room layout, room usage, each door and each window, plumbing fixtures, each exit, and the location of each fire protection device; or
      ii. For a health care institution or part of the health care institution that is required to comply with the physical plant codes and standards incorporated by reference in R9-10-104.01 or the building, documentation of the Department's approval of the health care institution's architectural plans and specifications in R9-10-104(D); and
   c. Any other documentation to support the requested modification; and
3. If applicable, a copy of the written agreement the associated licensed provider or exempt health care provider has with the collaborating outpatient treatment center.

**D.** The Department shall approve or deny a request for a modification described in subsection (C) according to R9-10-108.

**E.** A licensee shall not implement a modification described in subsection (C) until an approval or amended license is issued by the Department.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). Amended by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-110 renumbered to Section R9-10-111; new Section R9-10-110 made by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). **R9-10-111. Enforcement Actions**

**A.** If the Department determines that an applicant or licensee is violating applicable statutes and rules and the violation poses a direct risk to the life, health, or safety of a patient, the Department may:
1. Issue a provisional license to the applicant or licensee under A.R.S. § 36-425,
2. Assess a civil penalty under A.R.S. § 36-431.01,
3. Impose an intermediate sanction under A.R.S. § 36-427,
4. Remove a licensee and appoint another person to continue operation of the health care institution pending further action under A.R.S. § 36-429,
5. Suspend or revoke a license under A.R.S. § 36-427 and R9-10-112,
6. Deny a license under A.R.S. § 36-425 and R9-10-112, or
7. Issue an injunction under A.R.S. § 36-430.

**B.** In determining which action in subsection (A) is appropriate, the Department shall consider the direct risk to the life, health, or safety of a patient in the health care institution based on:
1. Repeated violations of statutes or rules,
2. Pattern of violations,
3. Types of violation,
4. Severity of violation, and
5. Number of violations.

**Historical Note**

**R9-10-113. Tuberculosis Screening**

**A.** If a health care institution is subject to the requirements of this Section, as specified in an Article in this Chapter, the health care institution's chief administrative officer shall ensure that the health care institution establishes, documents, and implements tuberculosis infection control activities that:
1. Are consistent with recommendations in Tuberculosis Screening, Testing, and Treatment of U.S. Health Care Personnel: Recommendations from the National Tuberculosis Controllers Association and CDC, 2019, published by the U.S. Department of Health and Human Services, Atlanta, GA 30333, available at https://www.cdc.gov/mmwr/volumes/68/wr/mm6819a3.htm, incorporated by reference, on file with the Department, and including no future editions or amendments; and
2. Include:
   a. For each individual who is employed by the health care institution, provides volunteer services for the health care institution, or is admitted to the health care institution and who is subject to the requirements of this Section, baseline screening, on or before the date specified in the applicable Article of this Chapter, that consists of:
      i. Assessing risks of prior exposure to infectious tuberculosis,
      ii. Determining if the individual has signs or symptoms of tuberculosis, and
      iii. Obtaining documentation of the individual's freedom from infectious tuberculosis according to subsection (B)(1);
   b. If an individual may have a latent tuberculosis infection, as defined in A.A.C. R9-6-1201:
      i. Referring the individual for assessment or treatment; and
      ii. Annually obtaining documentation of the individual's freedom from symptoms of infectious tuberculosis, signed by a medical practitioner, occupation health provider, as defined in A.A.C. R9-6-801, or local health agency, as defined in A.A.C. R9-6-101;
   c. Annually providing training and education related to recognizing the signs and symptoms of tuberculosis to individuals employed by or providing volunteer services for the health care institution;
   d. Annually assessing the health care institution's risk of exposure to infectious tuberculosis;
   e. Reporting, as specified in A.A.C. R9-6-202, an individual who is suspected of exposure to infectious tuberculosis; and
   f. If an exposure to infectious tuberculosis occurs in the health care institution, coordinating and sharing information with the local health agency, as defined in A.A.C. R9-6-101, for identifying, locating, and investigating contacts, as defined in A.A.C. R9-6-101.

**B.** A health care institution's chief administrative officer shall:

1. For an individual for whom baseline screening and documentation of freedom from infectious tuberculosis is required by an Article in this Chapter, as specified in subsection (A)(2)(a), obtain one of the following as evidence of freedom from infectious tuberculosis:
   a. Documentation of a negative Mantoux skin test or other tuberculosis screening test that:
      i. Is recommended by the U.S. Centers for Disease Control and Prevention (CDC),
      ii. Was administered within 12 months before the date the individual begins providing services at or on behalf of the health care institution or is admitted to the health care institution, and
      iii. Includes the date and the type of tuberculosis screening test;
   b. If the individual had a history of tuberculosis or documentation of latent tuberculosis infection, as defined in A.A.C. R9-6-1201, compliance with subsection (A)(2)(b); or
   c. If the individual had a positive Mantoux skin test or other tuberculosis screening test according to subsection (B)(1)(a) and does not have history of tuberculosis or documentation of latent tuberculosis infection, as defined in A.A.C. R9-6-1201, a written statement:
      i. That the individual is free from infectious tuberculosis, signed by a medical practitioner or local health agency, as defined in A.A.C. R9-6-101; and
      ii. Dated within 12 months before the date the individual begins providing services at or on behalf of the health care institution or is admitted to the health care institution; and
2. As part of the annual assessment of the health care institution's risk of exposure to infectious tuberculosis according to subsection (A)(2)(d), ensure that documentation is obtained for each individual required to be screened for infectious tuberculosis that:
   a. Indicates the individual's freedom from symptoms of infectious tuberculosis; and
   b. Is signed by a medical practitioner, occupation health provider, as defined in A.A.C. R9-6-801, or local health agency, as defined in A.A.C. R9-6-101.

**R9-10-114. Clinical Practice Restrictions for Hemodialysis Technician Trainees**

**A.** The following definitions apply in this Section:
1. "Assess" means collecting data about a patient by:
   a. Obtaining a history of the patient,
   b. Listening to the patient's heart and lungs, and
   c. Checking the patient for edema.
2. "Blood-flow rate" means the quantity of blood pumped into a dialyzer per minute of hemodialysis.
3. "Blood lines" means the tubing used during hemodialysis to carry blood between a vascular access and a dialyzer.
4. "Central line catheter" means a type of vascular access created by surgically implanting a tube into a large vein.
5. "Clinical practice restriction" means a limitation on the hemodialysis tasks that may be performed by a hemodialysis technician trainee.
6. "Conductivity test" means a determination of the electrolytes in a dialysate.
7. "Dialysate" means a mixture of water and chemicals used in hemodialysis to remove wastes and excess fluid from a patient's body.
8. "Dialysate-flow rate" means the quantity of dialysate pumped per minute of hemodialysis.
9. "Directly observing" or "direct observation" means a medical person stands next to an inexperienced hemodialysis technician trainee and watches the inexperienced hemodialysis technician trainee perform a hemodialysis task.
10. "Direct supervision" has the same meaning as "supervision" in A.R.S. § 36-401.
11. "Electrolytes" means chemical compounds that break apart into electrically charged particles, such as sodium, potassium, or calcium, when dissolved in water.
12. "Experienced hemodialysis technician trainee" means an individual who has passed all didactic, skills, and competency examinations provided by a health care institution that measure the individual's knowledge and ability to perform hemodialysis.
13. "Fistula" means a type of vascular access created by a surgical connection between an artery and vein.
14. "Fluid-removal rate" means the quantity of wastes and excess fluid eliminated from a patient's blood per minute of hemodialysis to achieve the patient's prescribed weight, determined by:
   a. Dialyzer size,
   b. Blood-flow rate,
   c. Dialysate-flow rate, and

d. Hemodialysis duration.

15. "Germicide-negative test" means a determination that a chemical used to kill microorganisms is not present.
16. "Germicide-positive test" means a determination that a chemical used to kill microorganisms is present.
17. "Graft" means a vascular access created by a surgical connection between an artery and vein using a synthetic tube.
18. "Hemodialysis machine" means a mechanical pump that controls:
    a. The blood-flow rate,
    b. The mixing and temperature of dialysate,
    c. The dialysate-flow rate,
    d. The addition of anticoagulant, and
    e. The fluid-removal rate.
19. "Hemodialysis technician" has the same meaning as in A.R.S. § 36-423(A).
20. "Hemodialysis technician trainee" means an individual who is working in a health care institution to assist in providing hemodialysis and who is not certified as a hemodialysis technician according to A.R.S. § 36-423(A).
21. "Inexperienced hemodialysis technician trainee" means an individual who has not passed all didactic, skills, and competency examinations provided by a health care institution that measure the individual's knowledge and ability to perform hemodialysis.
22. "Medical person" means:
    a. A physician who is experienced in dialysis;
    b. A registered nurse practitioner who is experienced in dialysis;
    c. A nurse who is experienced in dialysis;
    d. A hemodialysis technician who meets the requirements in A.R.S. § 36-423(A) approved by the governing authority; and
    e. An experienced hemodialysis technician trainee approved by the governing authority.
23. "Not established" means not approved by a patient's nephrologist for use in hemodialysis.
24. "Patient" means an individual who receives hemodialysis.
25. "pH test" means a determination of the acidity of a dialysate.
26. "Preceptor course" means a health care institution's instruction and evaluation provided to a nurse, hemodialysis technician, or hemodialysis technician trainee that enables the nurse, hemodialysis technician, or hemodialysis technician trainee to provide direct observation and education to hemodialysis technician trainees.
27. "Respond" means to mute, shut off, reset, or troubleshoot an alarm.
28. "Safety check" means successful completion of tests recommended by the manufacturer of a hemodialysis machine, a dialyzer, or a water system used for hemodialysis before initiating a patient's hemodialysis.
29. "Water-contaminant test" means a determination of the presence of chlorine or chloramine in a water system used for hemodialysis.

**B.** An experienced hemodialysis technician trainee may:
1. Perform hemodialysis under direct supervision, and
2. Provide direct observation to another hemodialysis technician trainee only after completing the health care institution's preceptor course approved by the governing authority.

**C.** An experienced hemodialysis technician trainee shall not access a patient's:
1. Fistula that is not established, or
2. Graft that is not established.

**D.** An inexperienced hemodialysis technician trainee may perform the following hemodialysis tasks only under direct observation:
1. Access a patient's central line catheter;
2. Respond to a hemodialysis-machine alarm;
3. Draw blood for laboratory tests;
4. Perform a water-contaminant test on a water system used for hemodialysis;
5. Inspect a dialyzer and perform a germicide-positive test before priming a dialyzer;
6. Set up a hemodialysis machine and blood lines before priming a dialyzer;
7. Prime a dialyzer;
8. Test a hemodialysis machine for germicide presence;
9. Perform a hemodialysis machine safety check;
10. Prepare a dialysate;
11. Perform a conductivity test and a pH test on a dialysate;
12. Assess a patient;
13. Check and record a patient's vital signs, weight, and temperature;
14. Determine the amount and rate of fluid removal from a patient;
15. Administer local anesthetic at an established fistula or graft, administer anticoagulant, or administer replacement saline solution;
16. Perform a germicide-negative test on a dialyzer before initiating hemodialysis;
17. Initiate or discontinue a patient's hemodialysis;
18. Adjust blood-flow rate, dialysate-flow rate, or fluid-removal rate during hemodialysis; or

19. Prepare a blood, water, or dialysate culture to determine microorganism presence.

**E.** An inexperienced hemodialysis technician trainee shall not:
1. Access a patient's:
   a. Fistula that is not established, or
   b. Graft that is not established; or
2. Provide direct observation.

**F.** When a hemodialysis technician trainee performs hemodialysis tasks for a patient, the patient's medical record shall include:
1. The name of the hemodialysis technician trainee;
2. The date, time, and hemodialysis task performed;
3. The name of the medical person directly observing or the nurse or physician directly supervising the hemodialysis technician trainee; and
4. The initials or signature of the medical person directly observing or the nurse or physician directly supervising the hemodialysis technician trainee.

**G.** If the Department determines that a health care institution is not in substantial compliance with this Section, the Department may take enforcement action according to R9-10-111.

**Historical Note**

Former Section R9-10-114 repealed, new Section R9-10-114 adopted effective February 4, 1981 (Supp. 81-1). Amended by adding paragraph (7) as an emergency effective November 17, 1983 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6). Amended by adding paragraph (7) as a permanent amendment effective August 2, 1984 (Supp. 84-4). Section repealed by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). New Section R9-10-114 made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-114 renumbered to Section R9-10-115; new Section R9-10-114 renumbered from R9-10-113 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3).

**R9-10-115. Behavioral Health Paraprofessionals; Behavioral Health Technicians**

If a health care institution is a behavioral health facility or is authorized by the Department to provide behavioral health services, an administrator shall ensure that:

1. Policies and procedures are established, documented, and implemented that:
   a. Delineate the services a behavioral health paraprofessional is allowed to provide at or for the health care institution;
   b. Cover supervision of a behavioral health paraprofessional, including documentation of supervision;
   c. Establish the qualifications for a behavioral health professional providing supervision to a behavioral health paraprofessional;
   d. Delineate the services a behavioral health technician is allowed to provide at or for the health care institution;
   e. Cover clinical oversight for a behavioral health technician, including documentation of clinical oversight;
   f. Establish the qualifications for a behavioral health professional providing clinical oversight to a behavioral health technician;
   g. Delineate the methods used to provide clinical oversight, including when clinical oversight is provided on an individual basis or in a group setting; and
   h. Establish the process by which information pertaining to services provided by a behavioral health technician is provided to the behavioral health professional who is responsible for the clinical oversight of the behavioral health technician;
2. A behavioral health paraprofessional receives supervision according to policies and procedures;
3. Clinical oversight is provided to a behavioral health technician to ensure that patient needs are met based on, for each behavioral health technician:
   a. The scope and extent of the services provided,
   b. The acuity of the patients receiving services, and
   c. The number of patients receiving services;
4. A behavioral health technician receives clinical oversight at least once during each two week period, if the behavioral health technician provides services related to patient care at the health care institution during the two week period;
5. When clinical oversight is provided electronically:
   a. The clinical oversight is provided verbally with direct and immediate interaction between the behavioral health professional providing and the behavioral health technician receiving the clinical oversight,
   b. A secure connection is used, and
   c. The identities of the behavioral health professional providing and the behavioral health technician receiving the clinical oversight are verified before clinical oversight is provided; and
6. A behavioral health professional provides supervision to a behavioral health paraprofessional or clinical oversight to behavioral health technician within the behavioral health professional's scope of practice established in the applicable licensing requirements under A.R.S. Title 32.

**Historical Note**

Adopted effective February 4, 1981 (Supp. 81-1). Amended by final rulemaking 16 A.A.R. 688, effective November 1, 2010 (Supp. 10-2). Section repealed; new Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-115 renumbered to Section R9-10-116; new Section R9-10-115 renumbered from R9-10-114 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). **R9-10-116. Nutrition and Feeding Assistant Training Programs**

**A.** For the purposes of this Section, "agency" means an entity other than a nursing care institution that provides the nutrition and feeding assistant training required in A.R.S. § 36-413.

**B.** An agency shall apply for approval to operate a nutrition and feeding assistant training program by submitting:
1. An application in a Department-provided format that contains:
   a. The name of the agency;
   b. The name, telephone number, and e-mail address of the individual in charge of the proposed nutrition and feeding assistant training program;
   c. The address where the nutrition and feeding assistant training program records are maintained;
   d. A description of the training course being offered by the nutrition and feeding assistant training program including for each topic in subsection (I):
      i. The information presented for each topic,
      ii. The amount of time allotted to each topic,
      iii. The skills an individual is expected to acquire for each topic, and
      iv. The testing method used to verify an individual has acquired the stated skills for each topic;
   e. Whether the agency agrees to allow the Department to submit supplemental requests for information as specified in subsection (F)(2); and
   f. The signature of the individual in charge of the proposed nutrition and feeding assistant training program and the date signed; and
2. A copy of the materials used for providing the nutrition and feeding assistant training program.

**C.** For an application for an approval of a nutrition and feeding assistant training program, the administrative review time-frame is 30 calendar days, the substantive review time-frame is 30 calendar days, and the overall time-frame is 60 calendar days.

**D.** Within 30 calendar days after the receipt of an application in subsection (B), the Department shall:
1. Issue an approval of the agency's nutrition and feeding assistant training program;
2. Provide a notice of administrative completeness to the agency that submitted the application; or
3. Provide a notice of deficiencies to the agency that submitted the application, including a list of the information or documents needed to complete the application.

**E.** If the Department provides a notice of deficiencies to an agency:
1. The administrative completeness review time-frame and the overall time-frame are suspended from the date of the notice of deficiencies until the date the Department receives the missing information or documents from the agency;
2. If the agency does not submit the missing information or documents to the Department within 30 calendar days, the Department shall consider the application withdrawn; and
3. If the agency submits the missing information or documents to the Department within 30 calendar days, the substantive review time-frame begins on the date the Department receives the missing information or documents.

**F.** Within the substantive review time-frame, the Department:
1. Shall issue or deny an approval of a nutrition and feeding assistant training program; and
2. May make one written comprehensive request for more information, unless the Department and the agency agree in writing to allow the Department to submit supplemental requests for information.

**G.** If the Department issues a written comprehensive request or a supplemental request for information:
1. The substantive review time-frame and the overall time-frame are suspended from the date of the written comprehensive request or the supplemental request for information until the date the Department receives the information requested, and
2. The agency shall submit to the Department the information and documents listed in the written comprehensive request or supplemental request for information within 10 working days after the date of the comprehensive written request or supplemental request for information.

**H.** The Department shall issue:
1. An approval for an agency to operate a nutrition and feeding assistant training program if the Department determines that the agency and the application comply with A.R.S. § 36-413 and this Section; or
2. A denial for an agency that includes the reason for the denial and the process for appeal of the Department's decision if:
   a. The Department determines that the agency does not comply with A.R.S. § 36-413 and this Section; or

b. The agency does not submit information and documents listed in the written comprehensive request or supplemental request for information within 10 working days after the date of the comprehensive written request or supplemental request for information.

**I.** An individual in charge of a nutrition and feeding assistant training program shall ensure that:
1. The materials and coursework for the nutrition and feeding assistant training program demonstrate the inclusion of the following topics:
   a. Feeding techniques;
   b. Assistance with feeding and hydration;
   c. Communication and interpersonal skills;
   d. Appropriate responses to resident behavior;
   e. Safety and emergency procedures, including the Heimlich maneuver;
   f. Infection control;
   g. Resident rights;
   h. Recognizing a change in a resident that is inconsistent with the resident's normal behavior; and
   i. Reporting a change in subsection (I)(1)(h) to a nurse at a nursing care institution;
2. An individual providing the training course is:
   a. A physician,
   b. A physician assistant,
   c. A registered nurse practitioner,
   d. A registered nurse,
   e. A registered dietitian,
   f. A licensed practical nurse,
   g. A speech-language pathologist, or
   h. An occupational therapist; and
3. An individual taking the training course completes:
   a. At least eight hours of classroom time, and
   b. Demonstrates that the individual has acquired the skills the individual was expected to acquire.

**J.** An individual in charge of a nutrition and feeding assistant training program shall issue a certificate of completion to an individual who completes the training course and demonstrates the skills the individual was expected to acquire as a result of completing the training course that contains:
1. The name of the agency approved to operate the nutrition and feeding assistant training program;
2. The name of the individual completing the training course;
3. The date of completion;
4. The name, signature, and professional license of the individual providing the training course; and
5. The name and signature of the individual in charge of the nutrition and feeding assistant training program.

**K.** The Department may deny, revoke, or suspend an approval to operate a nutrition and feeding assistant training program if an agency operating or applying to operate a nutrition and feeding assistance training program:
1. Provides false or misleading information to the Department;
2. Does not comply with the applicable statutes and rules;
3. Issues a training completion certificate to an individual who did not:
   a. Complete the nutrition and feeding assistant training program, or
   b. Demonstrate the skills the individual was expected to acquire; or
4. Does not implement the nutrition and feeding assistant training program as described in or use the materials submitted with the agency's application.

**L.** In determining which action in subsection (K) is appropriate, the Department shall consider the following:
1. Repeated violations of statutes or rules,
2. Pattern of non-compliance,
3. Types of violations,
4. Severity of violations, and
5. Number of violations.

**Historical Note**

Adopted effective February 4, 1981 (Supp. 81-1). Section repealed by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). New Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-116 renumbered to Section R9-10-117; new Section R9-10-116 renumbered from R9-10-115 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3).

**R9-10-117. Repealed**

**Historical Note**

Adopted effective February 4, 1981 (Supp. 81-1). Section repealed by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). New Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-117 renumbered to Section R9-10-118; new Section R9-10-117 renumbered from R9-10-116 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Repealed by exempt rulemaking at 20 A.A.R. 3535, pursuant to Laws 2014, Ch. 233, § 5; effective January 1, 2015 (Supp. 14-4).

**R9-10-118. Collaborating Health Care Institution**

**A.** An administrator of a collaborating health care institution shall ensure that:

1. A list is maintained of adult behavioral health therapeutic homes and behavioral health respite homes for which the collaborating health care institution serves as a collaborating health care institution;
2. For each adult behavioral health therapeutic home or behavioral health respite home in subsection (A)(1), the collaborating health care institution maintains the following information:
   a. A copy of the documented agreement that establishes the responsibilities of the adult behavioral health therapeutic home or behavioral health respite home and the collaborating health care institution consistent with the requirements in this Chapter;
   b. For the adult behavioral health therapeutic home or behavioral health respite home, the following information:
      i. Provider's name;
      ii. Street address;
      iii. License number;
      iv. Whether the residence is an adult behavioral health therapeutic home or a behavioral health respite home;
      v. If the residence is a behavioral health respite home, whether the behavioral health respite home provides respite care services to:
         (1) Individuals 18 years of age or older, or
         (2) Individuals less than 18 years of age;
      vi. The beginning and ending dates of the documented agreement in subsection (A)(2)(a); and
      vii. The name and contact information for the individual assigned by the collaborating health care institution to monitor the adult behavioral health therapeutic home or behavioral health respite home;
   c. For the adult behavioral health therapeutic home or behavioral health respite home, a copy of the following that have been approved by the collaborating health care institution:
      i. Scope of services,
      ii. Policies and procedures, and
      iii. Documentation of the review and update of policies and procedures;
   d. A description of the required skills and knowledge for a provider, based on the scope of services of the adult behavioral health therapeutic home or behavioral health respite home, as established by the collaborating health care institution; and
   e. For a provider in the adult behavioral health therapeutic home or behavioral health respite home, documentation of:
      i. The provider's skills and knowledge;
      ii. If applicable, the provider's completion of training in assistance in the self-administration of medication;
      iii. Verification of the provider's skills and knowledge; and
      iv. If the provider is required to have clinical oversight according to R9-10-1805(C), the provider's receiving clinical oversight;
3. A provider's skills and knowledge are verified by a personnel member according to policies and procedures;
4. A provider who provides behavioral health services receives clinical oversight, required in R9-10-1805(C), from a behavioral health professional; and
5. A provider, other than a provider who is a medical practitioner or nurse, receives training in assistance in the self-administration of medication:
   a. From a medical practitioner or registered nurse or from a personnel member of the collaborating health care institution trained by a medical practitioner or registered nurse;
   b. That includes:
      i. A demonstration of the provider's skills and knowledge necessary to provide assistance in the self-administration of medication,
      ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
      iii. The process for notifying the appropriate entities when an emergency medical intervention is needed; and
   c. That is documented.

**B.** For a patient referred to an adult behavioral health therapeutic home or a behavioral health respite home, an administrator shall ensure that:

1. A resident or recipient accepted by and receiving services from the adult behavioral health therapeutic home or behavioral health respite home does not present a threat to the referred patient, based on the resident's or recipient's developmental levels, social skills, verbal skills, and personal history;
2. The referred patient does not present a threat to a resident or recipient accepted by and receiving services from the adult behavioral health therapeutic home or behavioral health respite home based the referred patient's developmental levels, social skills, verbal skills, and personal history;
3. The referred patient requires services within the adult behavioral health therapeutic home's or behavioral health respite home's scope of services;
4. A provider of the adult behavioral health therapeutic home or behavioral health respite home has the verified skills and knowledge to provide behavioral health services to the referred patient;
5. A treatment plan for the referred patient, which includes information necessary for a provider to meet the referred patient's needs for behavioral health services, is completed and forwarded to the provider before the referred patient is accepted as a resident or recipient;
6. A patient's treatment plan is reviewed and updated at least once every 12 months, and a copy of the patient's updated treatment plan is forwarded to the patient's provider;
7. If documentation of a significant change in a patient's behavioral, physical, cognitive, or functional condition and the action taken by a provider to address patient's changing needs is received by the collaborating health care institution, a behavioral health professional or behavioral health technician reviews the documentation and:
    a. Documents the review; and
    b. If applicable:
        i. Updates the patient's treatment plan, and
        ii. Forwards the updated treatment plan to the provider within 10 working days after receipt of the documentation of a significant change;
8. If the review and updated treatment plan required in subsection (B)(7) is performed by a behavioral health technician, a behavioral health professional reviews and signs the review and updated treatment plan to ensure the patient is receiving the appropriate behavioral health services; and
9. In addition to the requirements for a medical record for a patient in this Chapter, a referred patient's medical record contains:
    a. The provider's name and the street address and license number of the adult behavioral health therapeutic home or behavioral health respite home to which the patient is referred,
    b. A copy of the treatment plan provided to the adult behavioral health therapeutic home or behavioral health respite home,
    c. Documentation received according to and required by subsection (B)(7),
    d. Any information about the patient received from the adult behavioral health therapeutic home or behavioral health respite home, and
    e. Any follow-up actions taken by the collaborating health care institution related to the patient.

**C.** For a patient referred to an adult behavioral health therapeutic home, an administrator shall ensure that the collaborating health care institution has documentation in the patient's medical record of evidence of freedom from infectious tuberculosis that meets the requirements in R9-10-113.

**Historical Note**

New Section R9-10-118 renumbered from R9-10-117 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3). The word twelve has been changed to the numeral 12 in subsection (B)(6) for consistency in Chapter style and format (Supp. 21-2).

**R9-10-119. Abortion Reporting**

**A.** A licensed health care institution where abortions are performed shall submit to the Department, in a Department-provided format and according to A.R.S. § 36-2161(D) and (E), a report that contains the information required in A.R.S. § 36-2161(A) and the following:
1. The final disposition of the fetal tissue from the abortion; and
2. Except as provided in subsection (B), if custody of the fetal tissue is transferred to another person or persons:
    a. The name and address of the person or persons accepting custody of the fetal tissue,
    b. The amount of any compensation received by the licensed health care institution for the transferred fetal tissue, and
    c. Whether a patient provided informed consent for the transfer of custody of the fetal tissue.

**B.** A licensed health care institution where abortions are performed is not required to include the information specified in subsections (A)(2)(a) through (c) in the report required in subsection (A) if the licensed health care institution where abortions are performed:
1. Transfers custody of the fetal tissue:
    a. To a funeral establishment, as defined in A.R.S. § 32-1301;
    b. To a crematory, as defined in A.R.S. § 32-1301; or
    c. According to requirements in A.A.C. R18-13-1406, A.A.C. R18-13-1407, and A.A.C. R18-13-1408; or
2. Complies with requirements in A.A.C. R18-13-1405.

**C.** For purposes of this Section, the following definition applies: "Fetal tissue" means cells, or groups of cells with a specific function, obtained from an aborted human embryo or fetus.

**Historical Note**

New Section made by emergency rulemaking at 21 A.A.R. 1787, effective August 14, 2015 for 180 days (Supp. 15-3). Emergency expired February 10, 2016. Section amended by emergency rulemaking at 22 A.A.R. 420, effective February 11, 2016, for an additional 180 days; filed in the Office February 8, 2016 (Supp. 16-1). New Section made by final rulemaking at 22 A.A.R. 1343, with an immediate effective date upon filing under A.R.S. § 41-1032(A)(1) and (4) of May 5, 2016 (Supp. 16-2). Amended by final expedited rulemaking at 25 A.A.R. 1893, effective July 2, 2019 (Supp. 19-3).

**R9-10-120. Opioid Prescribing and Treatment**

**A.** This Section does not apply to a health care institution licensed under Article 20 of this Chapter.

**B.** In addition to the definitions in A.R.S. §§ 32-3248.01 and 36-401(A) and R9-10-101, the following definitions apply in this Section:

1. "Episode of care" means medical services, nursing services, or health-related services provided by a health care institution to a patient for a specific period of time, ending in discharge, the completion of the patient's treatment plan, or 90 days from the start of service provision to the patient, whichever is later.
2. "Order" means to issue written, verbal, or electronic instructions for a specific dose of a specific medication in a specific quantity and route of administration to be obtained and administered to a patient in a health care institution.

**C.** An administrator of a health care institution where opioids are prescribed or ordered as part of treatment shall:

1. Establish, document, and implement policies and procedures for prescribing or ordering an opioid as part of treatment, to protect the health and safety of a patient, that:
   a. Cover which personnel members may prescribe or order an opioid in treating a patient and the required knowledge and qualifications of these personnel members;
   b. As applicable and except when contrary to medical judgment for a patient, are consistent with A.R.S. § 32-3248.01 and the Arizona Opioid Prescribing Guidelines or national opioid-prescribing guidelines, such as guidelines developed by the:
      i. Centers for Disease Control and Prevention, or
      ii. U.S. Department of Veterans Affairs and the U.S. Department of Defense;
   c. As applicable, include how, when, and by whom:
      i. A patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database is reviewed;
      ii. An assessment is conducted of a patient's substance use risk;
      iii. The potential risks, adverse outcomes, and complications, including death, associated with the use of opioids are explained to a patient or the patient's representative;
      iv. Alternatives to a prescribed or ordered opioid are explained to a patient or the patient's representative;
      v. Informed consent is obtained from a patient or the patient's representative and, if applicable, in what situations, described in subsection (G), (H), or (I), informed consent would not be obtained before an opioid is prescribed or ordered for a patient;
      vi. A patient receiving an opioid is monitored; and
      vii. The actions taken according to subsections (C)(1)(c)(i) through (vi) are documented;
   d. Address conditions that may impose a higher risk to a patient when prescribing or ordering an opioid as part of treatment, including:
      i. Concurrent use of a benzodiazepine or other sedative-hypnotic medication,
      ii. History of substance use disorder,
      iii. Co-occurring behavioral health issue, or
      iv. Pregnancy;
   e. Cover the criteria for co-prescribing a short-acting opioid antagonist for a patient who is not an inpatient, as defined in R9-10-201;
   f. Include that, if continuing control of a patient's pain after discharge is medically indicated due to the patient's medical condition, a method for continuing pain control will be addressed as part of discharge planning;
   g. Include the frequency of the following for a patient being prescribed an opioid for longer than a 30-calendar-day period:
      i. Face-to-face interactions with the patient,
      ii. Conducting an assessment of a patient's substance use risk,
      iii. Renewal of a prescription for an opioid without a face-to-face interaction with the patient, and
      iv. Monitoring the effectiveness of the treatment;
   h. If applicable according to A.R.S. § 36-2608, include documenting a dispensed opioid in the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;
   i. As applicable and consistent with A.R.S. § 32-3248.01, cover the criteria and procedures for tapering opioid prescription or ordering as part of treatment; and
   j. Cover the criteria and procedures for offering or referring a patient for treatment for substance use disorder;

2. Include in the plan for the health care institution's quality management program a process for:
   a. Review of known incidents of opioid-related adverse reactions or other negative outcomes a patient experiences or opioid-related deaths, and
   b. Surveillance and monitoring of adherence to the policies and procedures in subsection (C)(1);
3. Except as prohibited by 42 CFR, Chapter I, Subchapter A, Part 2, or as provided in subsection (H)(1), ensure that, if a patient's death may be related to an opioid prescribed or ordered as part of treatment, written notification, in a Department-provided format, is provided to the Department of the patient's death within one working day after the health care institution learns of the patient's death; and
4. Ensure that informed consent, if required from a patient or the patient's representative, includes:
   a. The patient's:
      i. Name,
      ii. Date of birth or other patient identifier, and
      iii. Condition for which opioids are being prescribed;
   b. That an opioid is being prescribed or ordered;
   c. The potential risks, adverse reactions, complications, and medication interactions associated with the use of an opioid;
   d. If applicable, the potential risks, adverse outcomes, and complications associated with the concurrent use of an opioid and a benzodiazepine or another sedative-hypnotic medication;
   e. Alternatives to a prescribed or ordered opioid;
   f. The name and signature of the individual explaining the use of an opioid to the patient; and
   g. The signature of the patient or the patient's representative and the date signed.

**D.** Except as provided in subsection (H) or (I), an administrator of a health care institution where opioids are prescribed as part of treatment shall ensure that a medical practitioner authorized by policies and procedures to prescribe an opioid in treating a patient:
1. Before prescribing an opioid for a patient of the health care institution:
   a. Conducts a physical examination of the patient or reviews the documentation from a physical examination conducted during the patient's same episode of care;
   b. Except as exempted by A.R.S. § 36-2606(G), reviews the patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;
   c. Conducts an assessment of the patient's substance use risk or reviews the documentation from an assessment of the patient's substance use risk conducted during the same episode of care by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to conduct an assessment of the patient's substance use risk;
   d. Explains to the patient or the patient's representative the risks and benefits associated with the use of opioids or ensures that the patient or the patient's representative understands the risks and benefits associated with the use of opioids, as explained to the patient or the patient's representative by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to explain to the patient or the patient's representative the risks and benefits associated with the use of opioids;
   e. If applicable, explains alternatives to a prescribed opioid; and
   f. Obtains informed consent from the patient or the patient's representative that meets the requirements in subsection (C)(4), including the potential risks, adverse outcomes, and complications associated with the concurrent use of an opioid and a benzodiazepine or another sedative-hypnotic medication, if the patient:
      i. Is also prescribed or ordered a sedative-hypnotic medication, or
      ii. Has been prescribed a sedative-hypnotic medication by another medical practitioner;
2. Includes the following information in the patient's medical record, an existing treatment plan, or a new treatment plan developed for the patient:
   a. The patient's diagnosis;
   b. The patient's medical history, including co-occurring disorders;
   c. The opioid to be prescribed;
   d. Other medications or herbal supplements being taken by the patient;
   e. If applicable:
      i. The effectiveness of the patient's current treatment,
      ii. The duration of the current treatment, and
      iii. Alternative treatments tried by or planned for the patient;
   f. The expected benefit of the treatment and, if applicable, the benefit of the new treatment compared with continuing the current treatment; and
   g. Other factors relevant to the patient's being prescribed an opioid; and
3. If applicable, specifies in the patient's discharge plan how medically indicated pain control will occur after discharge to meet the patient's needs.

**E.** Except as provided in subsection (G) or (H), an administrator of a health care institution where opioids are ordered for administration to a patient in the health care institution as part of treatment shall ensure that a medical practitioner authorized by policies and procedures to order an opioid in treating a patient:
1. Before ordering an opioid for a patient of the health care institution:
   a. Conducts a physical examination of the patient or reviews the documentation from a physical examination conducted:

i. During the patient's same episode of care; or
ii. Within the previous 30 calendar days, at a health care institution transferring the patient to the health care institution or by the medical practitioner who referred the patient for admission to the health care institution;

b. Except as exempted by A.R.S. § 36-2606(G), reviews the patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;

c. If medically appropriate based on the physical examination in subsection (E)(1)(a) and the patient's medical history, assesses the patient's substance use risk or reviews the documentation from an assessment of the patient's substance use risk conducted within the previous 30 calendar days by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to conduct an assessment of the patient's substance use risk;

d. Ensures that the patient or the patient's representative understands the risks and benefits associated with the use of opioids, as explained to the patient or the patient's representative according to policies and procedures; and

e. If applicable, explains alternatives to an ordered opioid; and

2. Includes the following information in the patient's medical record, an existing treatment plan, or a new treatment plan developed for the patient:

a. The patient's diagnosis;
b. The patient's medical history, including co-occurring disorders;
c. The opioid being ordered and the reason for the order;
d. Other medications or herbal supplements being taken by the patient; and
e. If applicable:
i. The effectiveness of the patient's current treatment,
ii. The duration of the current treatment,
iii. Alternative treatments tried by or planned for the patient,
iv. The expected benefit of a new treatment compared with continuing the current treatment, and
v. Other factors relevant to the patient's being ordered an opioid.

**F.** For a health care institution where opioids are administered as part of treatment or where a patient is provided assistance in the self-administration of medication for a prescribed opioid, including a health care institution in which an opioid may be prescribed or ordered as part of treatment, an administrator, a manager as defined in R9-10-801, or a provider, as applicable to the health care institution, shall:

1. Establish, document, and implement policies and procedures for administering an opioid as part of treatment or providing assistance in the self-administration of medication for a prescribed opioid, to protect the health and safety of a patient, that:

a. Cover which personnel members may administer an opioid in treating a patient and the required knowledge and qualifications of these personnel members;
b. Cover which personnel members may provide assistance in the self-administration of medication for a prescribed opioid and the required knowledge and qualifications of these personnel members;
c. Include how, when, and by whom a patient's need for opioid administration is assessed;
d. Include how, when, and by whom a patient receiving an opioid is monitored; and
e. Cover how, when, and by whom the actions taken according to subsections (F)(1)(c) and (d) are documented;

2. Include in the plan for the health care institution's quality management program a process for:

a. Review of incidents of opioid-related adverse reactions or other negative outcomes a patient experiences or opioid-related deaths, and
b. Surveillance and monitoring of adherence to the policies and procedures in subsection (F)(1);

3. Except as prohibited by 42 CFR, Chapter I, Subchapter A, Part 2, or as provided in subsection (H)(1), ensure that, if a patient's death may be related to an opioid administered as part of treatment, written notification, in a Department-provided format, is provided to the Department of the patient's death within one working day after the patient's death; and

4. Except as provided in subsection (H), ensure that an individual authorized by policies and procedures to administer an opioid in treating a patient or to provide assistance in the self-administration of medication for a prescribed opioid:

a. Before administering an opioid or providing assistance in the self-administration of medication for a prescribed opioid in compliance with an order as part of the treatment for a patient, identifies the patient's need for the opioid;
b. Monitors the patient's response to the opioid; and
c. Documents in the patient's medical record:
i. An identification of the patient's need for the opioid before the opioid was administered or assistance in the self-administration of medication for a prescribed opioid was provided, and
ii. The effect of the opioid administered or for which assistance in the self-administration of medication for a prescribed opioid was provided.

**G.** A medical practitioner authorized by a health care institution's policies and procedures to order an opioid in treating a patient is exempt from the requirements in subsection (E), if:

1. The health care institution's policies and procedures, required in subsection (C)(1) or the applicable Article in 9 A.A.C. 10, contain procedures for:

a. Providing treatment without obtaining the consent of a patient or the patient's representative,
b. Ordering and administering opioids in an emergency situation, and
c. Complying with the requirements in subsection (E) after the emergency is resolved;

2. The order for the administration of an opioid is:
a. Part of the treatment for a patient in an emergency, and
b. Issued in accordance with policies and procedures; and

3. The emergency situation is documented in the patient's medical record.

**H.** The requirements in subsections (D), (E), and (F)(4), as applicable, do not apply to a health care institution's:

1. Prescribing, ordering, or administration of an opioid as part of treatment for a patient with an end-of-life condition or pain associated with an active malignancy;
2. Prescribing an opioid as part of treatment for a patient when changing the type or dosage of an opioid, which had previously been prescribed by a medical practitioner of the health care institution for the patient according to the requirements in subsection (D):
a. Before a pharmacist dispenses the opioid for the patient; or
b. If changing the opioid because of an adverse reaction to the opioid experienced by the patient, within 72 hours after the opioid was dispensed for the patient by a pharmacist;
3. Ordering an opioid as part of treatment for no longer than three calendar days for a patient remaining in the health care institution and receiving continuous medical services or nursing services from the health care institution; or
4. Ordering an opioid as part of treatment:
a. For a patient receiving a surgical procedure or other invasive procedure; or
b. When changing the type, dosage, or route of administration of an opioid, which had previously been ordered by a medical practitioner of the health care institution for a patient according to the requirements in subsection (E), to meet the patient's needs.

**I.** The requirements in subsections (D)(1)(c) through (f) do not apply to a health care institution's prescribing an opioid as part of treatment for a patient with chronic, intractable pain who has had an established health professional-patient relationship with the prescribing medical practitioner for at least 90 days before the opioid is prescribed.

**Historical Note**

**R9-10-121. Disease Prevention and Control**

**A.** This Section applies:

1. When the Governor has declared a state of emergency, as defined in A.R.S. § 26-301, to address a situation described under A.R.S. § 36-787; and
2. To health care institutions licensed under Article 4, 5, or 8 of this Chapter.

**B.** The following definitions apply in this Section:

1. "Communicable disease" has the same meaning as in A.A.C. R9-6-101.
2. "Infection" has the same meaning as in A.A.C. R9-6-101.
3. "Respiratory symptoms" means coughing, shortness of breath, or wheezing not known to be caused by asthma or another chronic lung-related disease.

**C.** An administrator or manager, as applicable, shall ensure that policies and procedures are established, documented, and implemented, to protect the health and safety of a resident, that:

1. Cover screening and triage of personnel members, employees, visitors, and, except as provided in subsection (E), any other individuals entering the facility;
2. Cover the manner and frequency of assessing residents to determine a change in a resident's medical condition;
3. Establish disinfection protocols and schedules for frequently touched surfaces; and
4. Specify requirements for distancing residents who exhibit symptoms of a communicable disease from other residents to reduce the chance for infection of another individual.

**D.** An administrator or manager, as applicable, shall ensure that:

1. Except as provided in subsection (E), before entering the facility, each individual, including a personnel member, employee, or visitor, is screened for fever or respiratory symptoms indicative of a communicable disease;
2. If an individual refuses to be screened, the individual is excluded from entry to the facility;
3. If an individual is determined to have a fever or respiratory symptoms, the individual is excluded from entry to the facility until symptoms have resolved or the individual has been evaluated and cleared by a medical practitioner;
4. If an individual, other than a resident, develops a fever or respiratory symptoms while in the facility, the individual is required to leave the facility and not return until symptoms have resolved or the individual has been evaluated and cleared by a medical practitioner; and

5. If insufficient personnel members are available to meet the needs of all residents in the facility, the administrator or manager, as applicable, implements the disaster plan required in R9-10-424, R9-10-523, or R9-10-818, as applicable, which may include moving a resident to a different facility.

**E.** An administrator or manager, as applicable, may allow an emergency medical care technician, as defined in A.R.S. § 36-2201, to enter the facility without screening if the emergency medical care technician is responding to a call for providing emergency medical services, as defined in A.R.S. § 36-2201, to a resident or other individual in the facility.

**F.** An administrator or manager, as applicable, shall ensure that:

1. An assessment of a resident includes whether the resident has a fever or respiratory symptoms indicative of a communicable disease and is documented in the resident's medical record; and
2. If a resident is found to have a fever or respiratory symptoms indicative of a communicable disease:
   a. The resident is evaluated by a medical practitioner within 24 hours to determine what services need to be provided to the resident and what precautions need to be taken by the facility, and the evaluation is documented in the resident's medical record;
   b. To reduce the chance for infection of another individual, the resident is:
      i. Kept at a distance of at least six feet from other residents; or
      ii. If not possible to keep the resident at a distance from other residents, required to wear a facemask;
   c. A personnel member:
      i. Takes precautions, which may include the use of gloves and a facemask or other personal protection equipment, while providing services to the resident; and
      ii. Removes and, if applicable, disposes of the personal protection equipment and washes the personnel member's hands with soap and water for at least 20 seconds or, if soap and water are not available, uses a hand sanitizer containing at least 60% alcohol immediately after providing services to the resident and before providing services to another resident;
   d. Linens, dishes, utensils, and other items used by the resident are:
      i. Kept separate from similar items used by a resident who does not have a fever or respiratory symptoms indicative of a communicable disease, and
      ii. Disinfected or disposed of in a manner to reduce the chance for infection of another individual; and
   e. Surfaces touched by the resident are disinfected before another individual touches the surface.

**G.** An administrator or manager, as applicable, shall ensure that door handles, tables, chair backs and arm rests, light switches, and other frequently touched surfaces are cleaned and disinfected, according to policies and procedures, with:

1. An alcohol solution containing at least 70% alcohol;
2. A bleach solution containing four teaspoons of bleach per quart of water; or
3. An EPA-approved household disinfectant specified in a list, which is incorporated by reference, available at https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2-covid-19, and does not include any later amendments or editions of the incorporated matter.

**R9-10-209. Discharge Planning; Discharge**

**A.** For an inpatient, an administrator shall ensure that discharge planning:
1. Is completed before discharge occurs;
2. Identifies the specific needs of the patient after discharge, if applicable;
3. Includes the participation of the patient or patient's representative and, if applicable, the patient's aftercare provider;
4. If the patient is being discharged to the patient's residence, which is not part of a health care institution:
   a. Includes at least one attempt, which is documented in the patient's medical record, to notify the patient's aftercare provider, if designated, before the patient's discharge; and
   b. Prepares the patient, the patient's representative, or the patient's aftercare provider, as applicable, to carry out the discharge instructions required in subsection (B)(3)(a), including:
      i. Answering questions about the discharge instructions and aftercare; and
      ii. Providing a demonstration of the aftercare tasks to the patient, the patient's representative, or the patient's aftercare provider, as applicable;
5. Provides the patient or the patient's representative with written information identifying classes or subclasses of health care institutions and the level of care that the health care institutions provide that may meet the patient's assessed and anticipated needs after discharge, if applicable; and
6. Is documented in the patient's medical record.

**B.** For an inpatient discharge or a transfer of an inpatient, an administrator shall ensure that:
1. There is a discharge summary that includes:
   a. A description of the patient's medical condition and the medical services provided to the patient, and
   b. The signature of the medical practitioner coordinating the patient's medical services;
2. There is a documented discharge order for the patient by a medical practitioner coordinating the patient's medical services before discharge unless the patient leaves the hospital against a medical staff member's advice;
3. If the patient is not being transferred:
   a. There are documented discharge instructions; and
   b. The patient or patient's representative and the patient's aftercare provider, if designated, is provided with a copy of the discharge instructions; and
4. If the patient is being transferred, the transfer complies with R9-10-211.

**C.** For an inpatient discharge or a transfer of an inpatient who was admitted after a suicide attempt or who exhibits suicidal ideation, an administrator shall ensure that the requirements in R9-10-225(B) are met as part of discharge planning.

**D.** Except as provided in subsection (E), an administrator shall ensure that an outpatient is discharged according to policies and procedures.

**E.** For a discharge of an outpatient receiving emergency services, an administrator shall ensure that:
1. A discharge order is documented by a medical practitioner who provided medical services to the patient before the patient is discharged, unless the patient leaves against a medical staff member's advice; and
2. Discharge instructions are documented and provided to the patient or patient's representative and the patient's aftercare provider, if designated before the patient is discharged, unless the patient leaves the hospital against a medical staff member's advice.

**R9-10-219. Clinical Laboratory Services and Pathology Services**

An administrator shall ensure that:

1. Clinical laboratory services and pathology services are provided by a hospital through a laboratory that holds a certificate of accreditation or certificate of compliance issued by the United States Department of Health and Human Services under the 1988 amendments to the Clinical Laboratories Improvement Act of 1967;
2. A copy of the certificate of accreditation or certificate of compliance in subsection (1) is provided to the Department for review upon the Department's request;
3. A general hospital or a rural general hospital provides clinical laboratory services 24 hours a day on the hospital's premises to meet the needs of a patient in an emergency;
4. A special hospital whose patients require clinical laboratory services:
   a. Is able to provide clinical laboratory services when needed by the patients,
   b. Obtains specimens for clinical laboratory services without transporting the patients from the special hospital's premises, and
   c. Has the examination of the specimens performed by a clinical laboratory on the special hospital's premises or by arrangement with a clinical laboratory not on the special hospital's premises;
5. A hospital that provides clinical laboratory services 24 hours a day has on duty or on-call laboratory personnel authorized by policies and procedures to perform testing;

6. A hospital that offers surgical services provides pathology services on the hospital's premises or by contracted service to meet the needs of a patient;
7. Clinical laboratory and pathology test results are:
   a. Available to the medical staff:
      i. Within 24 hours after the test is completed if the test is performed at a laboratory on the hospital's premises, or
      ii. Within 24 hours after the test result is received if the test is performed at a laboratory not on the hospital's premises; and
   b. Documented in a patient's medical record;
8. If a test result is obtained that indicates a patient may have an emergency medical condition, as established by medical staff, laboratory personnel notify the ordering medical staff member or a registered nurse in the patient's assigned unit;
9. If a clinical laboratory report, a pathology report, or an autopsy report is completed on a patient, a copy of the report is included in the patient's medical record;
10. Policies and procedures are established, documented, and implemented for:
    a. Procuring, storing, transfusing, and disposing of blood and blood products;
    b. Blood typing, antibody detection, and blood compatibility testing; and
    c. Investigating transfusion adverse reactions that specify a process for review through the quality management program;
11. If blood and blood products are provided by contract, the contract includes:
    a. The availability of blood and blood products through the contract, and
    b. The process for delivery of blood and blood products through the contract; and
12. Expired laboratory supplies are discarded according to policies and procedures.

**R9-10-225. Psychiatric Services**

**A.** An administrator of a hospital that contains an organized psychiatric services unit or a special hospital licensed to provide psychiatric services shall ensure that in the organized psychiatric unit or special hospital:
1. Psychiatric services are provided under the direction of a medical staff member;
2. An inpatient admitted to the organized psychiatric services unit or special hospital has a principal diagnosis of a mental disorder, a personality disorder, substance abuse, or a significant psychological or behavioral response to an identifiable stressor;
3. Except in an emergency, a patient receives a nursing assessment before treatment for the patient is initiated;
4. An individual whose medical needs cannot be met while the individual is an inpatient in an organized psychiatric services unit or a special hospital is not admitted to or is transferred out of the organized psychiatric services unit or special hospital;
5. Policies and procedures for the organized psychiatric services unit or special hospital are established, documented, and implemented that:
   a. Establish qualifications for medical staff members and personnel members who provide clinical oversight to behavioral health technicians;
   b. Establish the process for patient assessment, including identification of a patient's medical conditions and criteria for the on-going monitoring of any identified medical condition;
   c. Establish the process for developing and implementing a patient's care plan including:
      i. Obtaining the patient's or the patient's representative's participation in the development of the patient's care plan;
      ii. Ensuring that the patient is informed of the modality, frequency, and duration of any treatments that are included in the patient's care plan;
      iii. Informing the patient that the patient has the right to refuse any treatment;
      iv. Updating the patient's care plan and informing the patient of any changes to the patient's care plan; and
      v. Documenting the actions in subsection (A)(5)(c)(i) through (iv) in the patient's medical record;
   d. Establish the process for warning an identified or identifiable individual, as described in A.R.S. § 36-517.02 (B) through (C), if a patient communicates to a medical staff member or personnel member a threat of imminent serious physical harm or death to the individual and the patient has the apparent intent and ability to carry out the threat;
   e. Establish the criteria for determining when an inpatient's absence is unauthorized, including whether the inpatient:
      i. Was admitted under A.R.S. Title 36, Chapter 5, Articles 1, 2, or 3;
      ii. Is absent against medical advice; or
      iii. Is under 18 years of age;
   f. Identify each type of restraint and seclusion used in the organized psychiatric services unit or special hospital and include for each type of restraint and seclusion used:
      i. The qualifications of a medical staff member or personnel member who can:
         (1) Order the restraint or seclusion,
         (2) Place a patient in the restraint or seclusion,
         (3) Monitor a patient in the restraint or seclusion,
         (4) Evaluate a patient's physical and psychological well-being after being placed in the restraint or seclusion and when released from the restraint or seclusion, or
         (5) Renew the order for restraint or seclusion;
      ii. On-going training requirements for a medical staff member or personnel member who has direct patient contact while the patient is in a restraint or in seclusion; and

iii. Criteria for monitoring and assessing a patient including:
(1) Frequencies of monitoring and assessment based on a patient's condition, cognitive status, situational factors, and risks associated with the specific restraint or seclusion;
(2) For the renewal of an order for restraint or seclusion, whether an assessment is required before the order is renewed and, if an assessment is required, who may conduct the assessment;
(3) Assessment content, which may include, depending on a patient's condition, the patient's vital signs, respiration, circulation, hydration needs, elimination needs, level of distress and agitation, mental status, cognitive functioning, neurological functioning, and skin integrity;
(4) If a mechanical restraint is used, how often the mechanical restraint is monitored or loosened; and
(5) A process for meeting a patient's nutritional needs and elimination needs;
g. Establish the criteria and procedures for renewing an order for restraint or seclusion;
h. Establish procedures for internal review of the use of restraint or seclusion;
i. Establish requirements for notifying the parent or guardian of a patient who is under 18 years of age and who is restrained or secluded; and
j. Establish medical record and personnel record documentation requirements for restraint and seclusion, if applicable;

6. If time-out is used in the organized psychiatric services unit or special hospital, a time-out:
a. Takes place in an area that is unlocked, lighted, quiet, and private;
b. Does not take place in the room approved for seclusion by the Department under R9-10-104;
c. Is time-limited and does not exceed two hours per incident or four hours per day;
d. Does not result in a patient's missing a meal if the patient is in time-out at mealtime;
e. Includes monitoring of the patient by a medical staff member or personnel member at least once every 15 minutes to ensure the patient's health, safety, and welfare and to determine if the patient is ready to leave time-out; and
f. Is documented in the patient's medical record, to include:
i. The date of the time-out,
ii. The reason for the time-out,
iii. The duration of the time-out, and
iv. The action planned and taken to address the reason for the time-out;

7. Restraint or seclusion is:
a. Not used as a means of coercion, discipline, convenience, or retaliation;
b. Only used when all of the following conditions are met:
i. Except as provided in subsection (A)(8), after obtaining an order for the restraint or seclusion;
ii. For the management of a patient's aggressive, violent, or self-destructive behavior;
iii. When less restrictive interventions have been determined to be ineffective; and
iv. To ensure the immediate physical safety of the patient, to prevent imminent harm to the patient or another individual, or to stop physical harm to another individual; and
c. Discontinued at the earliest possible time;

8. If as a result of a patient's aggressive, violent, or self-destructive behavior, harm to the patient or another individual is imminent or the patient or another individual is being physically harmed, a personnel member:
a. May initiate an emergency application of restraint or seclusion for the patient before obtaining an order for the restraint or seclusion, and
b. Obtains an order for the restraint or seclusion of the patient during the emergency application of the restraint or seclusion;

9. Restraint or seclusion is:
a. Only ordered by a physician or a registered nurse practitioner, and
b. Not written as a standing order or on an as-needed basis;

10. An order for restraint or seclusion includes:
a. The name of the individual ordering the restraint or seclusion;
b. The date and time that the restraint or seclusion was ordered;
c. The specific restraint or seclusion ordered;
d. If a drug is ordered as a chemical restraint, the drug's name, strength, dosage, and route of administration;
e. The specific criteria for release from restraint or seclusion without an additional order; and
f. The maximum duration authorized for the restraint or seclusion;

11. An order for restraint or seclusion is limited to the duration of the emergency situation and does not exceed:
a. Four continuous hours for a patient who is 18 years of age or older,
b. Two continuous hours for a patient who is between the ages of nine and 17 years of age, or
c. One continuous hour for a patient who is younger than nine years of age;

12. If restraint and seclusion are used on a patient simultaneously, the patient receives continuous:
a. Face-to-face monitoring by a medical staff member or personnel member, or
b. Video and audio monitoring by a medical staff member or personnel member who is in close proximity to the patient;

13. If an order for restraint or seclusion of a patient is not provided by a medical practitioner coordinating the patient's medical services, the medical practitioner is notified as soon as possible;
14. A medical staff member or personnel member does not participate in restraint or seclusion, monitor a patient during restraint or seclusion, or evaluate a patient after restraint or seclusion until the medical staff member or personnel member completes education and training that:
    a. Includes:
        i. Techniques to identify medical staff member, personnel member, and patient behaviors; events; and environmental factors that may trigger circumstances that require restraint or seclusion;
        ii. The use of nonphysical intervention skills, such as de-escalation, mediation, conflict resolution, active listening, and verbal and observational methods;
        iii. Techniques for identifying the least restrictive intervention based on an assessment of the patient's medical or behavioral health condition;
        iv. The safe use of restraint and the safe use of seclusion, including training in how to recognize and respond to signs of physical and psychological distress in a patient who is restrained or secluded;
        v. Clinical identification of specific behavioral changes that indicate that the restraint or seclusion is no longer necessary;
        vi. Monitoring and assessing a patient while the patient is in restraint or seclusion according to policies and procedures; and
        vii. Training exercises in which medical staff members and personnel members successfully demonstrate the techniques that the medical staff members and personnel members have learned for managing emergency situations; and
    b. Is provided by individuals qualified according to policies and procedures;
15. When a patient is placed in restraint or seclusion:
    a. The restraint or seclusion is conducted according to policies and procedures;
    b. The restraint or seclusion is proportionate and appropriate to the severity of the patient's behavior and the patient's:
        i. Chronological and developmental age;
        ii. Size;
        iii. Gender;
        iv. Physical condition;
        v. Medical condition;
        vi. Psychiatric condition; and
        vii. Personal history, including any history of physical or sexual abuse;
    c. The physician or registered nurse practitioner who ordered the restraint or seclusion is available for consultation throughout the duration of the restraint or seclusion;
    d. A patient is monitored and assessed according to policies and procedures;
    e. A physician or other health professional authorized by policies and procedures assesses the patient within one hour after the patient is placed in the restraint or seclusion and determines:
        i. The patient's current behavior,
        ii. The patient's reaction to the restraint or seclusion used,
        iii. The patient's medical and behavioral condition, and
        iv. Whether to continue or terminate the restraint or seclusion;
    f. The patient is given the opportunity:
        i. To eat during mealtime, and
        ii. To use the toilet; and
    g. The restraint or seclusion is discontinued at the earliest possible time, regardless of the length of time identified in the order;
16. If a patient is placed in seclusion, the room used for seclusion:
    a. Is approved for use as a seclusion room by the Department under R9-10-104;
    b. Is not used as a patient's bedroom or a sleeping area;
    c. Allows full view of the patient in all areas of the room;
    d. Is free of hazards, such as unprotected light fixtures or electrical outlets;
    e. Contains at least 60 square feet of floor space; and
    f. Except as provided in subsection (A)(17), contains a non-adjustable bed that:
        i. Consists of a mattress on a solid platform that is:
            (1) Constructed of a durable, non-hazardous material; and
            (2) Raised off of the floor;
        ii. Does not have wire springs or a storage drawer; and
        iii. Is securely anchored in place;
17. If a room used for seclusion does not contain a non-adjustable bed required in subsection (A)(16)(f):
    a. A piece of equipment is available for use in the room used for seclusion that:
        i. Is commercially manufactured to safely and humanely restrain a patient's body;
        ii. Provides support to the trunk and head of a patient's body;
        iii. Provides restraint to the trunk of a patient's body;

iv. Is able to restrict movement of a patient's arms, legs, trunk, and head;
v. Allows a patient's body to recline; and
vi. Does not inflict harm on a patient's body; and
b. Documentation of the manufacturer's specifications for the piece of equipment in subsection (A)(17)(a) is maintained;
18. A seclusion room may be used for services or activities other than seclusion if:
a. A sign stating the service or activity scheduled or being provided in the room is conspicuously posted outside the room;
b. No permanent equipment other than the bed required in subsection (A)(16)(f) is in the room;
c. Policies and procedures are established, documented, and implemented that:
i. Delineate which services or activities other than seclusion may be provided in the room,
ii. List what types of equipment or supplies may be placed in the room for the delineated services, and
iii. Provide for the prompt removal of equipment and supplies from the room before the room is used for seclusion; and
d. The sign required in subsection (A)(18)(a) and equipment and supplies in the room, other than the bed required in subsection (A)(16)(f), are removed before a patient is placed in seclusion in the room;
19. A medical staff member or personnel member documents the following information in a patient's medical record before the end of the shift in which the patient is placed in restraint or seclusion or, if the patient's restraint or seclusion does not end during the shift in which it began, during the shift in which the patient's restraint or seclusion ends:
a. The emergency situation that required the patient to be restrained or put in seclusion;
b. The times the patient's restraint or seclusion actually began and ended;
c. The time of the face-to-face assessment required in subsection (A)(12)(a);
d. The monitoring required in subsection (A)(12)(b) or (15)(d), as applicable;
e. The times the patient was given the opportunity to eat or use the toilet according to subsection (A)(15)(f); and
f. The names of the medical staff members and personnel members with direct patient contact while the patient was in the restraint or seclusion; and
20. If an emergency situation continues beyond the time limit of an order for restraint or seclusion, the order is renewed according to policies and procedures.

**B.** For a patient who was admitted after a suicide attempt or who exhibits suicidal ideation, in addition to the admission requirements in R9-10-208 and discharge planning requirements in R9-10-209, an administrator shall ensure that:
1. The patient receives a suicide assessment; and
2. The patient or the patient's representative receives:
a. The results of the suicide assessment in subsection (B)(1);
b. Information about the availability of age-appropriate, suicide crisis services, including contact information;
c. Specific information about or a referral to one of the following for ongoing or follow-up treatment related to suicide, including scheduling an appointment for the patient when practicable:
i. Another health care institution;
ii. A medical practitioner or, for a patient going to another state after discharge, a similarly licensed individual in the other state; or
iii. A behavioral health professional certified or licensed under A.R.S. Title 32 to provide treatment related to suicide or, for a patient going to another state after discharge, a similarly certified or licensed individual in the other state; and
d. Information about and instructions on how to access the Department of Insurance and Financial Institution's website, available through difi.az.gov, developed in compliance with A.R.S. § 20-3503(B), including how to file an appeal of an insurance determination.

**R9-10-230. Infection Control**

An administrator shall ensure that:

1. An infection control program that meets the requirements of this Section is established under the direction of an individual qualified according to policies and procedures;
2. An infection control program has a procedure for documenting:
   a. The collection and analysis of infection control data,
   b. The actions taken relating to infections and communicable diseases, and
   c. Reports of communicable diseases to the governing authority and state and county health departments;
3. Infection control documents are maintained for at least 12 months after the date of the document;
4. Policies and procedures are established, documented, and implemented:
   a. To prevent or minimize, identify, report, and investigate infections and communicable diseases that include:
      i. Isolating a patient;
      ii. Sterilizing equipment and supplies;
      iii. Maintaining and storing sterile equipment and supplies;
      iv. Using personal protective equipment such as gowns, masks, or face protection;
      v. Disposing of biohazardous medical waste; and
      vi. Moving and processing soiled linens and clothing;
   b. That specify communicable diseases, medical conditions, or criteria that prevent an individual, a personnel member, or a medical staff member from:
      i. Working in the hospital,
      ii. Providing patient care, or
      iii. Providing environmental services;
   c. That establish criteria for determining whether a medical staff member is at an increased risk of exposure to infectious tuberculosis based on:
      i. The level of risk in the area of the hospital premises where the medical staff member practices, and
      ii. The work that the medical staff member performs; and
   d. That establish the frequency of tuberculosis screening for an individual determined to be at an increased risk of exposure;
5. Tuberculosis screening is performed for a personnel member or medical staff member:
   a. On or before the date the personnel member or medical staff member begins providing services at or on behalf of the hospital, and
   b. As part of a tuberculosis infection control program according to R9-10-113;
6. Soiled linen and clothing are:
   a. Collected in a manner to minimize or prevent contamination,
   b. Bagged at the site of use, and
   c. Maintained separate from clean linen and clothing and away from food storage, kitchen, or dining areas;
7. A personnel member washes hands or uses a hand disinfection product after each patient contact and after handling soiled linen, soiled clothing, or potentially infectious material;
8. An infection control committee is established according to policies and procedures and consists of:
   a. At least one medical staff member,
   b. The individual directing the infection control program, and
   c. Other personnel identified in policies and procedures; and
9. The infection control committee:
   a. Develops a plan for preventing, tracking, and controlling infections;
   b. Reviews the type and frequency of infections and develops recommendations for improvement;
   c. Meets and provides a quarterly written report for inclusion by the quality management program; and
   d. Maintains a record of actions taken and minutes of meetings.

   n. Cover the process for receiving a fee from a patient and refunding a fee to a patient;
   o. Cover the process for obtaining patient preferences for social, recreational, or rehabilitative activities and meals and snacks;
   p. Cover the security of a patient's possessions that are allowed on the premises; and
   q. Cover smoking and the use of tobacco products on the premises;
3. Policies and procedures are reviewed at least once every three years and updated as needed;
4. Policies and procedures are available to personnel members, employees, volunteers and students; and

5. Unless otherwise stated:
   a. Documentation required by this Article is provided to the Department within two hours after a Department request; and
   b. When documentation or information is required by this Chapter to be submitted on behalf of a behavioral health inpatient facility, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the behavioral health inpatient facility.

**D.** An administrator shall designate a:
1. Medical director who:
   a. Provides direction for physical health services provided by or at the behavioral health inpatient facility;
   b. Is a physician or registered nurse practitioner; and
   c. May be the same individual as the administrator, if the individual meets the qualifications in subsections (A)(2)(b) and (D)(1)(a) and (b);
2. Clinical director who:
   a. Provides direction for the behavioral health services provided by or at the behavioral health inpatient facility;
   b. Is a behavioral health professional; and
   c. May be the same individual as the administrator, if the individual meets the qualifications in subsections (A)(2)(b) and (D)(2)(a) and (b); and
3. Registered nurse to provide direction for nursing services provided by or at the behavioral health inpatient facility.

**E.** An administrator shall provide written notification to the Department of a patient's:
1. Death, if the patient's death is required to be reported according to A.R.S. § 11-593, within one working day after the patient's death; and
2. Self-injury, within two working days after the patient inflicts a self-injury that requires immediate intervention by an emergency medical services provider.

**F.** Except as specified in R9-10-318(A)(1), if abuse, neglect, or exploitation of a patient is alleged or suspected to have occurred before the patient was admitted or while the patient is not on the premises and not receiving services from a behavioral health inpatient facility's employee or personnel member, an administrator shall report the alleged or suspected abuse, neglect, or exploitation of the patient according to A.R.S. § 46-454.

**G.** If an administrator has a reasonable basis, according to A.R.S. § 46-454, to believe abuse, neglect, or exploitation has occurred on the premises or while a patient is receiving services from a behavioral health inpatient facility's employee or personnel member, the administrator shall:
1. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
2. Report the suspected abuse, neglect, or exploitation of the patient according to A.R.S. § 46-454;
3. Document:
   a. The suspected abuse, neglect, or exploitation;
   b. Any action taken according to subsection (G)(1); and
   c. The report in subsection (G)(2);
4. Maintain the documentation in subsection (G)(3) for at least 12 months after the date of the report in subsection (G)(2);
5. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in subsection (G)(2):
   a. The dates, times, and description of the suspected abuse, neglect, or exploitation;
   b. A description of any injury to the patient related to the suspected abuse or neglect and any change to the patient's physical, cognitive, functional, or emotional condition;
   c. The names of witnesses to the suspected abuse, neglect, or exploitation; and
   d. The actions taken by the administrator to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and
6. Maintain a copy of the documented information required in subsection (G)(5) and any other information obtained during the investigation for at least 12 months after the date the investigation was initiated.

**H.** An administrator shall establish and document the criteria for determining when a patient's absence is unauthorized, including the criteria for a patient who:
1. Was admitted under A.R.S. Title 36, Chapter 5, Articles 1, 2, or 3;
2. Is absent against medical advice; or
3. Is under the age of 18.

**I.** An administrator shall:
1. For a patient who is under a court's jurisdiction, within an hour after determining that the patient's absence is unauthorized according to the criteria in subsection (H), notify the appropriate court or a person designated by the appropriate court;
2. Document the notification in subsection (I)(1) and the written log required in subsection (I)(3);
3. Maintain a written log of unauthorized absences for at least 12 months after the date of a patient's absence that includes the:
   a. Name of a patient absent without authorization;
   b. If applicable, name of the person notified as required in subsection (I)(1); and
   c. Date of the notification; and
4. Evaluate and take action related to unauthorized absences under the quality management program in R9-10-304.

**J.** If a behavioral health inpatient facility has a physician or registered nurse practitioner on-call to comply with R9-10-306(J)(1), an administrator shall ensure that:
1. The on-call schedule is documented;
2. Personnel members are aware of:
   a. The location at which the on-call schedule is available to personnel members of the behavioral health inpatient facility,
   b. The process through which the on-call physician or registered nurse practitioner is contacted,
   c. The circumstances that would require the on-call physician or registered nurse practitioner to come to the behavioral health inpatient facility, and
   d. The process through which a request is made for the on-call physician or registered nurse practitioner to come to the behavioral health inpatient facility;
3. A request for the on-call physician or registered nurse practitioner to come to the behavioral health inpatient facility is documented, including:
   a. The time that a request for the on-call physician or registered nurse practitioner to come to the behavioral health inpatient facility is made,
   b. The name of the individual making the request,
   c. The reason for the request,
   d. The name of the physician or registered nurse practitioner contacted and requested to come to the behavioral health in-patient facility, and
   e. The time the on-call physician or registered nurse practitioner arrives at the behavioral health inpatient facility in response to a request;
4. The documentation in subsections (J)(1) and (3) is maintained for at least 12 months after the last date on the documentation; and
5. Documentation related to the request is included in the medical record of the applicable patient.

**R9-10-307. Admission; Assessment**

**A.** Except as provided in R9-10-315(E) or (F), an administrator shall ensure that:
1. A patient is admitted based upon the patient's presenting behavioral health issue and treatment needs and the behavioral health inpatient facility's ability and authority to provide physical health services, behavioral health services, and ancillary services consistent with the patient's treatment needs;
2. A patient is admitted on the order of a medical practitioner or clinical director;
3. A medical practitioner or clinical director, authorized by policies and procedures to accept a patient for admission, is available;
4. Except in an emergency or as provided in subsections (A)(6) and (7), general consent is obtained from a patient or, if applicable, the patient's representative before or at the time of admission;
5. The general consent obtained in subsection (A)(4) or the lack of consent in an emergency is documented in the patient's medical record;
6. General consent is not required from a patient receiving a court-ordered evaluation or court-ordered treatment;
7. General consent is not required from a patient receiving treatment according to A.R.S. § 36-512;
8. A medical practitioner performs a medical history and physical examination on a patient within 30 calendar days before admission or within 24 hours after admission and documents the medical history and physical examination in the patient's medical record within 24 hours after admission;
9. If a medical practitioner performs a medical history and physical examination on a patient before admission, the medical practitioner enters an interval note into the patient's medical record within seven calendar days after admission;
10. Except when a patient needs crisis services, a behavioral health assessment of a patient is completed to determine the acuity of the patient's behavioral health issue and to identify the behavioral health services needed by the patient before treatment for the patient is initiated and whenever the patient has a significant change in condition or experiences an event that affects treatment;
11. If the patient was admitted after a suicide attempt or exhibits suicidal ideation, the behavioral health assessment in subsection (A)(10) includes a suicide assessment;
12. If a behavioral health assessment in subsection (A)(10), including a suicide assessment in subsection (A)(11) if applicable, is conducted by a:
    a. Behavioral health technician or registered nurse, within 24 hours a behavioral health professional, certified or licensed under A.R.S. Title 32 to provide the behavioral health services needed by the patient, reviews and signs the behavioral health assessment to ensure that the behavioral health assessment identifies the behavioral health services needed by and the acuity of the patient; or
    b. Behavioral health paraprofessional, a behavioral health professional, certified or licensed under A.R.S. Title 32 to provide the behavioral health services needed by the patient, supervises the behavioral health paraprofessional during the completion of the behavioral health assessment and signs the behavioral health assessment to ensure that the behavioral health assessment identifies the behavioral health services needed by and the acuity of the patient;
13. When a patient is admitted, a registered nurse:
    a. Conducts a nursing assessment of a patient's medical condition and history;
    b. Determines whether the:

i. Patient requires immediate physical health services, and
ii. Patient's behavioral health issue may be related to the patient's medical condition and history;
c. Determines the acuity of the patient's medical condition;
d. Documents the patient's nursing assessment and the determinations required in subsection (A)(13)(b) and (c) in the patient's medical record; and
e. Signs the patient's medical record;
14. A behavioral health assessment:
a. Documents the patient's:
i. Presenting issue, including the acuity of the patient's presenting issue;
ii. Substance abuse history;
iii. Co-occurring disorder;
iv. Legal history, including:
(1) Custody,
(2) Guardianship, and
(3) Pending litigation;
v. Court-ordered evaluation;
vi. Court-ordered treatment;
vii. Criminal justice record;
viii. Family history;
ix. Behavioral health treatment history;
x. Symptoms reported by the patient; and
xi. Referrals needed by the patient, if any; and
b. Includes:
i. Recommendations for further assessment or examination of the patient's needs;
ii. Recommendations for staffing levels or personnel member qualifications related to the patient's treatment to ensure patient health and safety;
iii. For a patient who:
(1) Is admitted to receive crisis services, the behavioral health services and physical health services that will be provided to the patient; or
(2) Does not need crisis services, the behavioral health services or physical health services that will be provided to the patient until the patient's treatment plan is completed; and
iv. The signature and date signed of the personnel member conducting the behavioral health assessment;
15. A patient is referred to a medical practitioner if a determination is made that the patient requires immediate physical health services or the patient's behavioral health issue may be related to the patient's medical condition;
16. A request for participation in a patient's behavioral health assessment is made to the patient or the patient's representative;
17. An opportunity for participation in the patient's behavioral health assessment is provided to the patient or the patient's representative;
18. The request in subsection (A)(16) and the opportunity in subsection (A)(17) are documented in the patient's medical record;
19. For a patient who is admitted to receive crisis services, the patient's behavioral health assessment is documented in the patient's medical record within eight hours after admission;
20. Except as provided in subsection (A)(19), a patient's behavioral health assessment is documented in the patient's medical record within 24 hours after completing the assessment; and
21. If the information listed in subsection (A)(14) is obtained about a patient after the patient's behavioral health assessment is completed, an interval note, including the information, is documented in the patient's medical record within 48 hours after the information is obtained.

**B.** If the results of a suicide assessment required in subsection (A)(11) indicate that the patient could be a danger to self upon discharge, an administrator shall ensure that the information in R9-10-309(B)(2) is made available to the patient or the patient's representative as part of the opportunity for participation in the patient's behavioral health assessment required in subsection (A)(17).

**Historical Note**

New Section R9-10-307 made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). **R9-10-308. Treatment Plan**

**A.** Except for a patient admitted to receive crisis services or as provided in R9-10-315(E) or (F), an administrator shall ensure that a treatment plan is developed and implemented for a patient that:
1. Is based on the behavioral health assessment and on-going changes to the behavioral health assessment of the patient;
2. Is completed:

a. By a behavioral health professional or by a behavioral health technician under the clinical oversight of a behavioral health professional, and
b. Before the patient receives treatment;
3. Is documented in the patient's medical record within 24 hours after the patient first receives treatment;
4. Includes:
a. The patient's presenting issue, including the acuity of the patient's presenting issue;
b. The behavioral health services and physical health services to be provided to the patient;
c. If the patient was admitted after a suicide attempt or who exhibits suicidal ideation:
i. The results of the suicide assessment required in R9-10-307(11), and
ii. Information specific to helping prevent a recurrence;
d. The signature of the patient or the patient's representative and date signed, or documentation of the refusal to sign;
e. The date when the patient's treatment plan will be reviewed;
f. If a discharge date has been determined, the treatment needed after discharge; and
g. The signature of the personnel member who developed the treatment plan and the date signed;
5. If the treatment plan was completed by a behavioral health technician, is reviewed and signed by a behavioral health professional within 24 hours after the completion of the treatment plan to ensure that the treatment plan identifies the acuity of the patient and meets the patient's treatment needs; and
6. Is reviewed and updated on an on-going basis:
a. According to the review date specified in the treatment plan,
b. When a treatment goal is accomplished or changes,
c. When additional information that affects the patient's behavioral health assessment is identified, and
d. When a patient has a significant change in condition or experiences an event that affects treatment.

**B.** An administrator shall ensure that:
1. A request for participation in developing a patient's treatment plan is made to the patient or the patient's representative;
2. An opportunity for participation in developing the patient's treatment plan is provided to the patient or the patient's representative; and
3. The request in subsection (B)(1) and the opportunity in subsection (B)(2) are documented in the patient's medical record.

**C.** If a patient who is admitted to receive crisis services remains admitted as a patient after the patient no longer needs crisis services, an administrator shall ensure that a treatment plan for the patient is:
1. Except for subsection (A)(3), completed according to the requirements in subsection (A); and
2. Documented in the patient's medical record within 24 hours after the patient no longer needs crisis services.

**Historical Note**

New Section R9-10-308 made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). **R9-10-309. Discharge**

**A.** Except as provided in R9-10-315(E) or (F), an administrator shall ensure that a discharge plan for a patient is:
1. Developed that:
a. Identifies any specific needs of the patient after discharge;
b. If the discharge date has been determined, includes the discharge date;
c. Is completed before discharge occurs; and
d. Includes a description of the level of care that may meet the patient's assessed and anticipated needs after discharge;
2. Documented in the patient's medical record within 48 hours after the discharge plan is completed; and
3. Provided to the patient or the patient's representative before the discharge occurs.

**B.** For a patient who was admitted after a suicide attempt or who exhibits suicidal ideation, in addition to the discharge planning requirements in subsection (A), an administrator shall ensure that:
1. The patient receives a suicide assessment; and
2. The patient or the patient's representative receives:
a. The results of the suicide assessment;
b. Information about the availability of age-appropriate, suicide crisis services, including contact information; and
c. Information about and instructions on how to access the Department of Insurance and Financial Institution's website, available through difi.az.gov, developed in compliance with A.R.S. § 20-3503(B), including how to file an appeal of an insurance determination.

**C.** An administrator shall ensure that:
1. A request for participation in developing a patient's discharge plan is made to the patient or the patient's representative,

2. An opportunity for participation in developing the patient's discharge plan is provided to the patient or the patient's representative, and
3. The request in subsection (C)(1) and the opportunity in subsection (C)(2) are documented in the patient's medical record.

**D.** An administrator shall ensure that a patient is discharged from a behavioral health inpatient facility when the patient's treatment needs are not consistent with the services that the behavioral health inpatient facility is authorized and able to provide.

**E.** An administrator shall ensure that there is a documented discharge order by a medical practitioner or behavioral health professional before a patient is discharged unless the patient leaves the behavioral health inpatient facility against a medical practitioner's or behavioral health professional's advice.

**F.** An administrator shall ensure that, at the time of discharge, a patient receives:
1. A referral for treatment or ancillary services that the patient may need after discharge, if applicable; and
2. For a patient who was admitted after a suicide attempt or who exhibits suicidal ideation, specific information about or a referral to one of the following for ongoing or follow-up treatment related to suicide, including scheduling an appointment for the patient when practicable:
   a. Another health care institution;
   b. A medical practitioner or, for a patient going to another state after discharge, a similarly licensed individual in the other state; or
   c. A behavioral health professional certified or licensed under A.R.S. Title 32 to provide treatment related to suicide or, for a patient going to another state after discharge, a similarly certified or licensed individual in the other state.

**G.** If a patient is discharged to any location other than a health care institution, an administrator shall ensure that:
1. Discharge instructions are documented, and
2. The patient or the patient's representative is provided with a copy of the discharge instructions.

**H.** An administrator shall ensure that a discharge summary:
1. Is entered into the patient's medical record within 10 working days after a patient's discharge; and
2. Includes:
   a. The following information authenticated by a medical practitioner or behavioral health professional:
      i. The patient's presenting issue and other physical health and behavioral health issues identified in the patient's nursing assessment, behavioral health assessment, or treatment plan;
      ii. A summary of the treatment provided to the patient;
      iii. The patient's progress in meeting treatment goals, including treatment goals that were and were not achieved; and
      iv. The name, dosage, and frequency of each medication ordered for the patient by a medical practitioner at the behavioral health inpatient facility at the time of the patient's discharge;
   b. For a patient who was admitted after a suicide attempt or who exhibits suicidal ideation, the following information:
      i. A description of the specific information about ongoing or follow-up treatment related to suicide provided to the patient or the patient's representative;
      ii. Whether a referral was made for the patient according to subsection (F)(2) for ongoing or follow-up treatment related to suicide and, if so, information about the referral; and
      iii. Whether an appointment was scheduled for the patient according to subsection (F)(2) for ongoing or follow-up treatment related to suicide and, if so, the date and time of the appointment; and
   c. A description of the disposition of the patient's possessions, funds, or medications brought to the behavioral health inpatient facility by the patient.

**I.** An administrator shall ensure that a patient who is dependent upon a prescribed medication is offered detoxification services, opioid treatment, or a written referral to detoxification services or opioid treatment before the patient is discharged from the behavioral health inpatient facility if a medical practitioner for the behavioral health inpatient facility will not be prescribing the medication for the patient at or after discharge.

**R9-10-310. Transport; Transfer**

**A.** Except as provided in subsection (B), an administrator shall ensure that:
1. A personnel member coordinates the transport and the services provided to the patient;
2. According to policies and procedures:
   a. An evaluation of the patient is conducted before and after the transport,
   b. Information from the patient's medical record is provided to a receiving health care institution,
   c. A personnel member explains risks and benefits of the transport to the patient or the patient's representative, and
   d. A personnel member communicates or documents why the personnel member did not communicate with an individual at a receiving health care institution; and
3. The patient's medical record includes documentation of:

a. Communication or lack of communication with an individual at a receiving health care institution;
b. The date and time of the transport;
c. The mode of transportation; and
d. If applicable, the name of the personnel member accompanying the patient during a transport.

**B.** Subsection (A) does not apply to:
1. Transportation to a location other than a licensed health care institution,
2. Transportation provided for a patient by the patient or the patient's representative,
3. Transportation provided by an outside entity that was arranged for a patient by the patient or the patient's representative, or
4. A transport to another licensed health care institution in an emergency.

**C.** Except for a transfer of a patient due to an emergency, an administrator shall ensure that:
1. A personnel member coordinates the transfer and the services provided to the patient;
2. According to policies and procedures:
   a. An evaluation of the patient is conducted before the transfer;
   b. Information from the patient's medical record, including orders that are in effect at the time of the transfer, is provided to a receiving health care institution; and
   c. A personnel member explains risks and benefits of the transfer to the patient or the patient's representative; and
3. Documentation in the patient's medical record includes:
   a. Communication with an individual at a receiving health care institution;
   b. The date and time of the transfer;
   c. The mode of transportation; and
   d. If applicable, the name of the personnel member accompanying the patient during a transfer.

**Historical Note**

Adopted as an emergency effective February 22, 1979, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 79-1). Adopted effective June 4, 1979 (Supp. 79-3). Amended effective January 28, 1980 (Supp. 80-1). Repealed effective February 4, 1981 (Supp. 81-1). New Section R9-10-310 made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-311. Patient Rights**

**A.** An administrator shall ensure that:
1. The requirements in subsection (B) and the patient rights in subsection (D) are conspicuously posted on the premises;
2. At the time of admission, a patient or the patient's representative receives a written copy of the requirements in subsection (B) and the patient rights in subsection (D); and
3. Policies and procedures include:
   a. How and when a patient or the patient's representative is informed of patient rights in subsection (D), and
   b. Where patient rights are posted as required in subsection (A)(1).

**B.** An administrator shall ensure that:
1. A patient is treated with dignity, respect, and consideration;
2. A patient is not subjected to:
   a. Abuse;
   b. Neglect;
   c. Exploitation;
   d. Coercion;
   e. Manipulation;
   f. Sexual abuse;
   g. Sexual assault;
   h. Except as allowed under R9-10-316, restraint or seclusion;
   i. Retaliation for submitting a complaint to the Department or another entity;
   j. Misappropriation of personal and private property by the behavioral health inpatient facility's personnel members, employees, volunteers, or students;
   k. Discharge or transfer, or threat of discharge or transfer, for reasons unrelated to the patient's treatment needs, except as established in a fee agreement signed by the patient or the patient's representative; or
   l. Treatment that involves the denial of:
      i. Food,
      ii. The opportunity to sleep, or
      iii. The opportunity to use the toilet;
3. Except as provided in subsection (C), a patient is allowed to:
   a. Associate with individuals of the patient's choice, receive visitors, and make telephone calls during the hours established by the behavioral health inpatient facility;

b. Have privacy in correspondence, communication, visitation, financial affairs, and personal hygiene; and
c. Unless restricted by a court order, send and receive uncensored and unopened mail; and

4. Except as provided in R9-10-318, a patient or, if applicable, the patient's representative:
   a. Except in an emergency, either consents to or refuses treatment;
   b. May refuse or withdraw consent for treatment before treatment is initiated, unless the treatment is ordered by a court according to A.R.S. Title 36, Chapter 5; is necessary to save the patient's life or physical health; or is provided according to A.R.S. § 36-512;
   c. Except in an emergency, is informed of alternatives to a proposed psychotropic medication and the associated risks and possible complications of the proposed psychotropic medication;
   d. Is informed of the following:
      i. The policy on health care directives, and
      ii. The patient complaint process; and
   e. Except as otherwise permitted by law, provides written consent to the release of information in the patient's:
      i. Medical record, or
      ii. Financial records.

**C.** If a medical director or clinical director determines that a patient's treatment requires the behavioral health inpatient facility to restrict the patient's ability to participate in an activity in subsection (B)(3), the medical director or clinical director shall:
1. Document a specific treatment purpose in the patient's medical record that justifies restricting the patient from the activity,
2. Inform the patient of the reason why the activity is being restricted, and
3. Inform the patient of the patient's right to file a complaint and the procedure for filing a complaint.

**D.** A patient has the following rights:
1. Not to be discriminated against based on race, national origin, religion, gender, sexual orientation, age, disability, marital status, or diagnosis;
2. To receive treatment that:
   a. Supports and respects the patient's individuality, choices, strengths, and abilities;
   b. Supports the patient's personal liberty and only restricts the patient's personal liberty according to a court order, by the patient's or the patient's representative's general consent, or as permitted in this Chapter; and
   c. Is provided in the least restrictive environment that meets the patient's treatment needs;
3. To receive privacy in treatment and care for personal needs, including the right not to be fingerprinted, photographed, or recorded without consent, except:
   a. A patient may be photographed when admitted to a behavioral health inpatient facility for identification and administrative purposes;
   b. For a patient receiving treatment according to A.R.S. Title 36, Chapter 37; or
   c. For video recordings used for security purposes that are maintained only on a temporary basis;
4. Not to be prevented or impeded from exercising the patient's civil rights unless the patient has been adjudicated incompetent or a court of competent jurisdiction has found that the patient is not able to exercise a specific right or category of rights;
5. To review, upon written request, the patient's own medical record according to A.R.S. §§12-2293, 12-2294, and 12-2294.01;
6. To receive a referral to another health care institution if the behavioral health inpatient facility is not authorized or not able to provide physical health services or behavioral health services needed by the patient;
7. To participate or have the patient's representative participate in the development of a treatment plan or decisions concerning treatment;
8. To participate or refuse to participate in research or experimental treatment; and
9. To receive assistance from a family member, the patient's representative, or other individual in understanding, protecting, or exercising the patient's rights.

**Historical Note**

Section R9-10-311, formerly numbered as R9-10-211, renumbered as an emergency effective February 22, 1979, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 79-1). Adopted effective June 14, 1979 (Supp. 79-3). Former Section R9-10-311 repealed, new Section R9-10-311 adopted effective February 4, 1981 (Supp. 81-1). Section repealed by final rulemaking at 8 A.A.R. 2785, effective October 1, 2002 (Supp. 02-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-312. Medical Records**

**A.** An administrator shall ensure that:
1. A medical record is established and maintained for each patient according to A.R.S. Title 12, Chapter 13, Article 7.1;
2. An entry in a patient's medical record is:
   a. Recorded only by a personnel member authorized by policies and procedures to make the entry;
   b. Dated, legible, and authenticated; and
   c. Not changed to make the initial entry illegible;

3. An order is:
   a. Dated when the order is entered in the patient's medical record and includes the time of the order;
   b. Authenticated by a medical practitioner or behavioral health professional according to policies and procedures; and
   c. If the order is a verbal order, authenticated by the medical practitioner or behavioral health professional issuing the order;
4. If a rubber-stamp signature or an electronic signature is used to authenticate an order, the individual whose signature the rubber-stamp signature or electronic signature represents is accountable for the use of the rubber-stamp signature or electronic signature;
5. A patient's medical record is available to an individual:
   a. Authorized according to policies and procedures to access the patient's medical record;
   b. If the individual is not authorized according to policies and procedures, with the written consent of the patient or the patient's representative, or
   c. As permitted by law; and
6. A patient's medical record is protected from loss, damage, or unauthorized use.

**B.** If a behavioral health inpatient facility maintains patients' medical records electronically, an administrator shall ensure that:
1. Safeguards exist to prevent unauthorized access, and
2. The date and time of an entry in a medical record is recorded by the computer's internal clock.

**C.** An administrator shall ensure that a patient's medical record contains:
1. Patient information that includes:
   a. The patient's name;
   b. The patient's address;
   c. The patient's date of birth; and
   d. Any known allergy, including medication allergies;
2. Medication information that includes:
   a. Documentation of medication ordered for the patient; and
   b. Documentation of medication administered to the patient that includes:
      i. The date and time of administration;
      ii. The name, strength, dosage, amount, and route of administration;
      iii. For a medication administered for pain on a PRN basis:
         (1) An assessment of the patient's pain before administering the medication, and
         (2) The effect of the medication administered;
      iv. For a psychotropic medication administered on a PRN basis:
         (1) An assessment of the patient's behavior before administering the psychotropic medication, and
         (2) The effect of the psychotropic medication administered;
      v. The identification and authentication of the individual administering the medication or providing assistance in the self-administration of the medication; and
      vi. Any adverse reaction the patient has to the medication;
3. If applicable, documented general consent and informed consent by the patient or the patient's representative;
4. If applicable, the name and contact information of the patient's representative and:
   a. If the patient is 18 years of age or older or an emancipated minor, the document signed by the patient consenting for the patient's representative to act on the patient's behalf; or
   b. If the patient's representative:
      i. Has a health care power of attorney established under A.R.S. § 36-3221 or a mental health care power of attorney executed under A.R.S. § 36-3282, a copy of the health care power of attorney or mental health care power of attorney; or
      ii. Is a legal guardian, a copy of the court order establishing guardianship;
5. The patient's medical history and results of a physical examination or an interval note;
6. If the patient provides a health care directive, the health care directive signed by the patient or the patient's representative;
7. An admitting diagnosis or presenting symptoms;
8. The date of admission and, if applicable, the date of discharge;
9. The name of the admitting medical practitioner or behavioral health professional;
10. Orders;
11. The patient's nursing assessment and behavioral health assessment and any interval notes;
12. Treatment plans;
13. Documentation of behavioral health services and physical health services provided to the patient;
14. Progress notes;
15. If applicable, documentation of restraint or seclusion;
16. If applicable, documentation that evacuation from the behavioral health inpatient facility would cause harm to the patient;
17. The disposition of the patient after discharge;
18. The discharge plan;

19. The discharge summary; and
20. If applicable:
    a. A laboratory report,
    b. A radiologic report,
    c. A diagnostic report, and
    d. A consultation report.

**R9-10-315. Behavioral Health Services**

**A.** An administrator shall ensure that:
1. Behavioral health services listed in the behavioral health inpatient facility's scope of services are provided to meet the needs of a patient;
2. When behavioral health services are:
   a. Listed in the behavioral health inpatient facility's scope of services, the behavioral health services are provided on the behavioral health inpatient facility's premises; and
   b. Provided in a setting or activity with more than one patient participating, before a patient participates, the diagnoses, treatment needs, developmental levels, social skills, verbal skills, and personal histories, including any history of physical abuse or sexual abuse, of the patients participating are reviewed to ensure that the:
      i. Health and safety of each patient is protected, and
      ii. Treatment needs of each patient participating in the setting or activity are being met;
3. An acuity plan is developed, documented, and implemented for each unit in the behavioral health inpatient facility that:
   a. Includes:
      i. A method that establishes the types and numbers of personnel members that are required for each unit in the behavioral health inpatient facility to ensure patient health and safety, and
      ii. A policy and procedure stating the steps the behavioral health inpatient facility will take to obtain or assign the necessary personnel members to address patient acuity;
   b. Is used when making assignments for patient treatment; and
   c. Is reviewed and updated, as necessary, at least once every 12 months;
4. A patient is assigned to a unit in the behavioral health inpatient facility based, as applicable, on the patient's:
   a. Presenting issue,
   b. Substance abuse history,
   c. Behavioral health treatment history,

d. Acuity, and
e. Treatment needs; and

5. A patient does not share any space, participate in any activity or treatment, or verbally or physically interact with any other patient that, based on the other patient's documented diagnosis, treatment needs, developmental levels, social skills, verbal skills, and personal history, may present a threat to the patient's health and safety.

**B.** An administrator shall ensure that counseling is:
1. Offered as described in the behavioral health inpatient facility's scope of services,
2. Provided according to the frequency and number of hours identified in the patient's treatment plan, and
3. Provided by a behavioral health professional or a behavioral health technician.

**C.** An administrator shall ensure that each counseling session is documented in a patient's medical record to include:
1. The date of the counseling session;
2. The amount of time spent in the counseling session;
3. Whether the counseling was individual counseling, family counseling, or group counseling;
4. The treatment goals addressed in the counseling session; and
5. The signature of the personnel member who provided the counseling and the date signed.

**D.** An administrator of a behavioral health inpatient facility authorized to provide pre-petition screening shall ensure pre-petition screening is provided according to the pre-petition screening requirements in A.R.S. Title 36, Chapter 5.

**E.** An administrator of a behavioral health inpatient facility authorized to provide court-ordered evaluation shall ensure that court-ordered evaluation is provided according to the court-evaluation requirements in A.R.S. Title 36, Chapter 5.

**F.** Except as specified in subsection (G), an administrator is not required to comply with the following provisions in this Chapter for a patient receiving court-ordered evaluation:
1. Admission requirements in R9-10-307,
2. Patient assessment requirements in R9-10-307,
3. Treatment plan requirements in R9-10-308, and
4. Discharge requirements in R9-10-309.

**G.** For a patient receiving court-ordered evaluation who attempts suicide or exhibits suicidal ideation, an administrator shall ensure that the following requirements are met:
1. Patient assessment requirements in R9-10-307(10), (11), and (12);
2. Treatment plan requirements in R9-10-308(A)(4)(c); and
3. Discharge requirements in R9-10-309(B), (F)(2), and (H)(2)(b).

**H.** An administrator of a behavioral health inpatient facility authorized to provide court-ordered treatment shall ensure that court-ordered treatment is provided according to the court-ordered treatment requirements in A.R.S. Title 36, Chapter 5.

**R9-10-316. Seclusion; Restraint**

**A.** An administrator shall ensure that restraint is provided according to the requirements in subsection (C).

**B.** An administrator of a behavioral health inpatient facility authorized to provide seclusion shall ensure that:
1. Seclusion is provided according to the requirements in subsection (C);
2. If a patient is placed in seclusion, the room used for seclusion:
   a. Is approved for use as a seclusion room by the Department;
   b. Is not used as a patient's bedroom or a sleeping area;
   c. Allows full view of the patient in all areas of the room;
   d. Is free of hazards, such as unprotected light fixtures or electrical outlets;
   e. Contains at least 60 square feet of floor space; and
   f. Except as provided in subsection (B)(3), contains a non-adjustable bed that:
      i. Consists of a mattress on a solid platform that is:
         (1) Constructed of a durable, non-hazardous material; and
         (2) Raised off of the floor;
      ii. Does not have wire springs or a storage drawer; and
      iii. Is securely anchored in place;
3. If a room used for seclusion does not contain a non-adjustable bed required in subsection (B)(2)(f):
   a. A piece of equipment is available that:

i. Is commercially manufactured to safely and humanely restrain a patient's body;
ii. Provides support to the trunk and head of a patient's body;
iii. Provides restraint to the trunk of a patient's body;
iv. Is able to restrict movement of a patient's arms, legs, body, and head;
v. Allows a patient's body to recline; and
vi. Does not inflict harm on a patient's body; and

b. Documentation of the manufacturer's specifications for the piece of equipment in subsection (B)(3)(a) is maintained; and

4. A seclusion room may be used for services or activities other than seclusion if:
   a. A sign stating the service or activity scheduled or being provided in the room is conspicuously posted outside the room;
   b. No permanent equipment other than the bed required in subsection (B)(2)(f) is in the room;
   c. Policies and procedures:
      i. Delineate which services or activities other than seclusion may be provided in the room,
      ii. List what types of equipment or supplies may be placed in the room for the delineated services, and
      iii. Provide for the prompt removal of equipment and supplies from the room before the room is used for seclusion; and
   d. The sign required in subsection (B)(4)(a) and equipment and supplies in the room, other than the bed required in subsection (B)(2)(f), are removed before being used for seclusion.

**C.** An administrator shall ensure that:

1. Policies and procedures for providing restraint or seclusion are established, documented, and implemented to protect the health and safety of a patient that:
   a. Establish the process for patient assessment, including identification of a patient's medical conditions and criteria for the on-going monitoring of any identified medical condition;
   b. Identify each type of restraint or seclusion used and include for each type of restraint or seclusion used:
      i. The qualifications of a personnel member who can:
         (1) Order the restraint or seclusion,
         (2) Place a patient in the restraint or seclusion,
         (3) Monitor a patient in the restraint or seclusion,
         (4) Evaluate a patient's physical and psychological well-being after being placed in the restraint or seclusion and when released from the restraint or seclusion, or
         (5) Renew the order for restraint or seclusion;
      ii. On-going training requirements for a personnel member who has direct patient contact while the patient is in a restraint or seclusion; and
      iii. Criteria for monitoring and assessing a patient including:
         (1) Frequencies of monitoring and assessment based on a patient's medical condition and risks associated with the specific restraint or seclusion;
         (2) For the renewal of an order for restraint or seclusion, whether an assessment is required before the order is renewed and, if an assessment is required, who may conduct the assessment;
         (3) Assessment content, which may include, depending on a patient's condition, the patient's vital signs, respiration, circulation, hydration needs, elimination needs, level of distress and agitation, mental status, cognitive functioning, neurological functioning, and skin integrity;
         (4) If a mechanical restraint is used, how often the mechanical restraint is loosened; and
         (5) A process for meeting a patient's nutritional needs and elimination needs;
   c. Establish the criteria and procedures for renewing an order for restraint or seclusion;
   d. Establish procedures for internal review of the use of restraint or seclusion; and
   e. Establish medical record and personnel record documentation requirements for restraint and seclusion, if applicable;
2. An order for restraint or seclusion is:
   a. Obtained from a physician or registered nurse practitioner, and
   b. Not written as a standing order or on an as-needed basis;
3. Restraint or seclusion is:
   a. Not used as a means of coercion, discipline, convenience, or retaliation;
   b. Only used when all of the following conditions are met:
      i. Except as provided in subsection (C)(4), after obtaining an order for the restraint or seclusion;
      ii. For the management of a patient's aggressive, violent, or self-destructive behavior;
      iii. When less restrictive interventions have been determined to be ineffective; and
      iv. To ensure the immediate physical safety of the patient, to prevent imminent harm to the patient or another individual, or to stop physical harm to another individual; and
   c. Discontinued at the earliest possible time;

4. If as a result of a patient's aggressive, violent, or self-destructive behavior, harm to the patient or another individual is imminent or the patient or another individual is being physically harmed, a personnel member:
   a. May initiate an emergency application of restraint or seclusion for the patient before obtaining an order for the restraint or seclusion, and
   b. Obtains an order for the restraint or seclusion of the patient during the emergency application of the restraint or seclusion;
5. An order for restraint or seclusion includes:
   a. The name of the physician or registered nurse practitioner ordering the restraint or seclusion;
   b. The date and time that the restraint or seclusion was ordered;
   c. The specific restraint or seclusion ordered;
   d. If a drug is ordered as a chemical restraint, the drug's name, strength, dosage, and route of administration;
   e. The specific criteria for release from restraint or seclusion without an additional order; and
   f. The maximum duration authorized for the restraint or seclusion;
6. An order for restraint or seclusion is limited to the duration of the emergency situation and does not exceed three continuous hours;
7. If an order for restraint or seclusion of a patient is not provided by the patient's attending physician, the patient's attending physician is notified as soon as possible;
8. A medical practitioner or personnel member does not participate in restraint or seclusion, assess or monitor a patient during restraint or seclusion, or evaluate a patient after restraint or seclusion, and a physician or registered nurse practitioner does not order restraint or seclusion, until the medical practitioner or personnel member, completes education and training that:
   a. Includes:
      i. Techniques to identify medical practitioner, personnel member, and patient behaviors, events, and environmental factors that may trigger circumstances that require restraint or seclusion;
      ii. The use of nonphysical intervention skills, such as de-escalation, mediation, conflict resolution, active listening, and verbal and observational methods;
      iii. Techniques for identifying the least restrictive intervention based on an assessment of the patient's medical or behavioral health condition;
      iv. The safe use of restraint and the safe use of seclusion, including training in how to recognize and respond to signs of physical and psychological distress in a patient who is restrained or secluded;
      v. Clinical identification of specific behavioral changes that indicate that the restraint or seclusion is no longer necessary;
      vi. Monitoring and assessing a patient while the patient is in restraint or seclusion according to policies and procedures; and
      vii. Except for the medical practitioner, training exercises in which the personnel member successfully demonstrates the techniques that the medical practitioner or personnel member has learned for managing emergency situations; and
   b. Is provided by individuals qualified according to policies and procedures;
9. When a patient is placed in restraint or seclusion:
   a. The restraint or seclusion is conducted according to policies and procedures;
   b. The restraint or seclusion is proportionate and appropriate to the severity of the patient's behavior and the patient's:
      i. Chronological and developmental age;
      ii. Size;
      iii. Gender;
      iv. Physical condition;
      v. Medical condition;
      vi. Psychiatric condition; and
      vii. Personal history, including any history of physical or sexual abuse;
   c. The physician or registered nurse practitioner who ordered the restraint or seclusion is available for consultation throughout the duration of the restraint or seclusion;
   d. The patient is monitored and assessed according to policies and procedures;
   e. A physician or registered nurse assesses the patient within one hour after the patient is placed in the restraint or seclusion and determines:
      i. The patient's current behavior,
      ii. The patient's reaction to the restraint or seclusion used,
      iii. The patient's medical and behavioral condition, and
      iv. Whether to continue or terminate the restraint or seclusion;
   f. The patient is given the opportunity:
      i. To eat during mealtime, and
      ii. To use the toilet; and
   g. The restraint or seclusion is discontinued at the earliest possible time, regardless of the length of time identified in the order;
10. A medical practitioner or personnel member documents the following information in a patient's medical record before the end of the shift in which the patient is placed in restraint or seclusion or, if the patient's restraint or seclusion does not end during the shift in which it began, during the shift in which the patient's restraint or seclusion ends:

a. The emergency situation that required the patient to be restrained or put in seclusion;
b. The times the patient's restraint or seclusion actually began and ended;
c. The time of the assessment required in subsection (C)(9)(e);
d. The monitoring required in subsection (C)(9)(d);
e. The names of the medical practitioners and personnel members with direct patient contact while the patient was in the restraint or seclusion;
f. The times the patient was given the opportunity to eat or use the toilet according to subsection (C)(9)(f); and
g. The patient evaluation required in subsection (C)(12);

11. If an emergency situation continues beyond the time limit of an order for restraint or seclusion, the order is renewed according to policies and procedures that include:
a. The specific criteria for release from restraint or seclusion without an additional order, and
b. The maximum duration authorized for the restraint or seclusion; and
12. A patient is evaluated after restraint or seclusion is no longer being used for the patient.

**R9-10-318. Child and Adolescent Residential Treatment Services**

**A.** An administrator of a behavioral health inpatient facility authorized to provide child and adolescent residential treatment services shall:

1. If abuse, neglect, or exploitation of a patient under 18 years of age is alleged or suspected to have occurred before the patient was accepted or while the patient is not on the premises and not receiving services from an employee or personnel member of the behavioral health inpatient facility, report the alleged or suspected abuse, neglect, or exploitation of the patient according to A.R.S. § 13-3620;
2. If the administrator has a reasonable basis, according to A.R.S. § 13-3620, to believe that abuse, neglect, or exploitation of a patient under 18 years of age has occurred on the premises or while the patient is receiving services from an employee or a personnel member:
a. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
b. Report the suspected abuse, neglect, or exploitation of the patient according to A.R.S. § 13-3620;
c. Document:
i. The suspected abuse, neglect, or exploitation;
ii. Any action taken according to subsection (A)(2)(a); and
iii. The report in subsection (A)(2)(b);
d. Maintain the documentation in subsection (A)(2)(c) for at least 12 months after the date of the report in subsection (A)(2)(b);
e. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in subsection (A)(2)(b):
i. The dates, times, and description of the suspected abuse, neglect, or exploitation;

ii. A description of any injury to the patient related to the suspected abuse or neglect and any change to the patient's physical, cognitive, functional, or emotional condition;
iii. The names of witnesses to the suspected abuse, neglect, or exploitation; and
iv. The actions taken by the administrator to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and

f. Maintain a copy of the documented information required in subsection (A)(2)(e) and any other information obtained during the investigation for at least 12 months after the date the investigation was initiated;

3. If a patient who is under 18 years of age is absent and the absence is unauthorized as determined according to the criteria in R9-10-303(H), within an hour after determining that the patient's absence is unauthorized, notify:
   a. Except as provided in subsection (A)(3)(b), the patient's parent or legal guardian; and
   b. For a patient who is under a court's jurisdiction, the appropriate court or a person designated by the appropriate court;
4. Document the notification in subsection (A)(3) in the patient's medical record and the written log required in R9-10-303(I)(3);
5. In addition to the personnel records requirements in R9-10-306(F), ensure that a personnel record for each employee, volunteer, and student contains documentation of the individual's compliance with the finger-printing requirements in A.R.S. § 36-425.03;
6. Ensure that the patient's representative for a patient who is under 18 years of age:
   a. Except in an emergency, either consents to or refuses treatment;
   b. May refuse or withdraw consent to treatment before treatment is initiated, unless the treatment is ordered by a court according to A.R.S. Title 36, Chapter 5 or A.R.S. § 8-341.01; is necessary to save the patient's life or physical health; or is provided according to A.R.S. § 36-512;
   c. Except in an emergency, is informed of alternatives to a proposed psychotropic medication and the associated risks and possible complications of the proposed psychotropic medication;

**R9-10-320. Medication Services**

**A.** An administrator shall ensure that policies and procedures for medication services:
1. Include:
   a. A process for providing information to a patient about medication prescribed for the patient including:
      i. The prescribed medication's anticipated results,
      ii. The prescribed medication's potential adverse reactions,
      iii. The prescribed medication's potential side effects, and
      iv. Potential adverse reactions that could result from not taking the medication as prescribed;
   b. Procedures for preventing, responding to, and reporting:
      i. A medication error,
      ii. An adverse reaction to a medication, or
      iii. A medication overdose;
   c. Procedures to ensure that a patient's medication regimen is reviewed by a medical practitioner to ensure the medication regimen meets the patient's needs;
   d. Procedures for documenting medication administration and assistance in the self-administration of medication;
   e. Procedures for assisting a patient in obtaining medication; and
   f. If applicable, procedures for providing medication administration or assistance in the self-administration of medication off the premises; and
2. Specify a process for review through the quality management program of:
   a. A medication administration error, and
   b. An adverse reaction to a medication.

**B.** If a behavioral health inpatient facility provides medication administration, an administrator shall ensure that:
1. Policies and procedures for medication administration:
   a. Are reviewed and approved by a medical practitioner;
   b. Specify the individuals who may:
      i. Order medication, and

ii. Administer medication;
c. Ensure that medication is administered to a patient only as prescribed; and
d. Cover the documentation of a patient's refusal to take prescribed medication in the patient's medical record;
2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law; and
3. A medication administered to a patient is:
a. Administered in compliance with an order, and
b. Documented in the patient's medical record.

**C.** If a behavioral health inpatient facility provides assistance in the self-administration of medication, an administrator shall ensure that:
1. A patient's medication is stored by the behavioral health inpatient facility;
2. The following assistance is provided to a patient:
a. A reminder when it is time to take the medication;
b. Opening the medication container for the patient;
c. Observing the patient while the patient removes the medication from the container;
d. Verifying that the medication is taken as ordered by the patient's medical practitioner by confirming that:
i. The patient taking the medication is the individual stated on the medication container label,
ii. The patient is taking the dosage of the medication stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label, and
iii. The patient is taking the medication at the time stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label; or
e. Observing the patient while the patient takes the medication;
3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a medical practitioner or registered nurse;
4. Training for a personnel member, other than a medical practitioner or registered nurse, in assistance in the self-administration of medication:
a. Is provided by a medical practitioner or registered nurse or an individual trained by a medical practitioner or registered nurse; and
b. Includes:
i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
iii. The process for notifying the appropriate entities when an emergency medical intervention is needed;
5. A personnel member, other than a medical practitioner or registered nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and
6. Assistance in the self-administration of medication provided to a patient:
a. Is in compliance with an order, and
b. Is documented in the patient's medical record.

**D.** An administrator shall ensure that:
1. A current drug reference guide is available for use by personnel members;
2. A current toxicology reference guide is available for use by personnel members; and
3. If pharmaceutical services are provided on the premises:
a. A committee, composed of at least one physician, one pharmacist, and other personnel members as determined by policies and procedures, is established to:
i. Develop a drug formulary,
ii. Update the drug formulary at least once every 12 months,
iii. Develop medication usage and medication substitution policies and procedures, and
iv. Specify which medications and medication classifications are required to be stopped automatically after a specific time period unless the ordering medical practitioner specifically orders otherwise;
b. The pharmaceutical services are provided under the direction of a pharmacist;
c. The pharmaceutical services comply with A.R.S. Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23; and
d. A copy of the pharmacy license is provided to the Department upon request.

**E.** When medication is stored at a behavioral health inpatient facility, an administrator shall ensure that:
1. Medication is stored in a separate locked room, closet, or self-contained unit used only for medication storage;
2. Medication is stored according to the instructions on the medication container; and
3. Policies and procedures are established, documented, and implemented for:
a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication, including expired medication;
b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
c. A medication recall and notification of patients who received recalled medication; and
d. Storing, inventorying, and dispensing controlled substances.

**F.** An administrator shall ensure that a personnel member immediately reports a medication error or a patient's adverse reaction to a medication to the medical practitioner who ordered the medication and, if applicable, the behavioral health inpatient facility's clinical director.

**B.** An administrator shall ensure that:
1. A behavioral health inpatient facility has a:
   a. Waiting area with seating for patients and visitors;
   b. Room that provides privacy for a patient to receive treatment or visitors; and
   c. Common area and a dining area that:
      i. Are not converted, partitioned, or otherwise used as a sleeping area; and
      ii. Contain furniture and materials to accommodate the recreational and socialization needs of the patients and other individuals in the behavioral health inpatient facility;
2. A bathroom is available for use by visitors during the behavioral health inpatient facility's hours of operation and:
   a. Provides privacy; and
   b. Contains:
      i. A working sink with running water,
      ii. A working toilet that flushes and has a seat,
      iii. Toilet tissue,
      iv. Soap for hand washing,
      v. Paper towels or a mechanical air hand dryer,
      vi. Lighting, and
      vii. A window that opens or another means of ventilation;
3. For every six patients, there is at least one working toilet that flushes and has a seat and one sink with running water;
4. For every eight patients, there is at least one working bathtub or shower with a slip-resistant surface;
5. A patient bathroom complies with the following:
   a. Provides privacy when in use;
   b. Contains:
      i. A shatterproof mirror, unless the patient's treatment plan requires otherwise;
      ii. A window that opens or another means of ventilation; and
      iii. Nonporous surfaces for shower enclosures and slip-resistant surfaces in tubs and showers;
   c. Has plumbing, piping, ductwork, or other potentially hazardous elements concealed above a ceiling;
   d. If the bathroom or shower area has a door, the door swings outward to allow for staff emergency access;
   e. If grab bars for the toilet and tub or shower or other assistive devices are identified in the patient's treatment plan, has grab bars or other assistive devices to provide for patient safety;
   f. If a grab bar is provided, has the space between the grab bar and the wall filled to prevent a cord being tied around the grab bar;
   g. Does not contain a towel bar, a shower curtain rod, or a lever handle that is not a specifically designed anti-ligature lever handle;

h. Has tamper-resistant lighting fixtures, sprinkler heads, and electrical outlets; and
i. For a bathroom with a sprinkler head where a patient is not supervised while the patient is in the bathroom, has a sprinkler head that is recessed or designed to minimize patient access;

6. If a patient bathroom door locks from the inside, an employee has a key and access to the bathroom;
7. Each patient is provided a bedroom for sleeping;
8. A patient bedroom complies with the following:
   a. Is not used as a common area;
   b. Is not used as a passageway to another bedroom or bathroom unless the bathroom is for the exclusive use of a patient occupying the bedroom;
   c. Contains a door that opens into a hallway, common area, or outdoors and, except as provided in subsection (E), another means of egress;
   d. Is constructed and furnished to provide unimpeded access to the door;
   e. Has window or door covers that provide patient privacy;
   f. Has floor to ceiling walls:
   g. Is a:
      i. Private bedroom that contains at least 60 square feet of floor space, not including the closet; or
      ii. Shared bedroom that:
         (1) Is shared by no more than four patients;
         (2) Contains, except as provided in subsection (B)(9), at least 60 square feet of floor space, not including a closet, for each patient occupying the bedroom; and
         (3) Provides sufficient space between beds to ensure that a patient has unobstructed access to the bedroom door;
   h. Contains for each patient occupying the bedroom:
      i. A bed that is: at least 36 inches wide and at least 72 inches long, and consists of at least a frame and mattress and linens that is not a threat to health and safety; and
      ii. Individual storage space for personnel effects and clothing such as shelves, a dresser, or chest of drawers;
   i. Has clean linen for each bed including mattress pad, sheets large enough to tuck under the mattress, pillows, pillow cases, bedspread, waterproof mattress covers as needed, and blankets to ensure warmth and comfort for each patient;
   j. Has sufficient lighting for a patient occupying the bedroom to read; and
   k. If applicable, has a drawer pull that is recessed to eliminate the possibility of use as a tie-off point;
9. If a behavioral health inpatient facility licensed before November 1, 2003 was approved for 50 square feet of floor space for each patient in a bedroom, ensure that the bedroom contains at least 50 square feet for each patient not including the closet;
10. In a patient bathroom or a patient bedroom:
    a. The ceiling is secured from access or at least 9 feet in height; and
    b. A ventilation grille is:
       i. Secured and has perforations that are too small to use as a tie-off point, or
       ii. Of sufficient height to prevent patient access;
11. For a door located in an area of the behavioral health inpatient facility that is accessible to patients:
    a. A door closing device, if used on a patient bedroom door, is mounted on the public side of the door;
    b. A door's hinges are designed to minimize points for hanging;
    c. Except for a door lever handle that contains specifically designed anti-ligature hardware, a door lever handle points downward when in the latched or unlatched position; and
    d. Hardware has tamper-resistant fasteners; and
12. A window located in an area of the behavioral health inpatient facility that is accessible to patients is fabricated with laminated safety glass or protected by polycarbonate, laminate, or safety screens.

**C.** An administrator of a licensed behavioral health inpatient facility may submit a request, in a Department-provided format, for additional time to comply with a physical plant requirement in subsection (B)(5)(c) through (B)(5)(i), (B)(10), (B)(11), or (B)(12) that includes:
1. The rule citation for the specific plant requirement,
2. The current physical plant condition that does not comply with the physical plant requirement,
3. How the current physical plant condition will be changed to comply with the physical plant requirement,
4. Estimated completion date of the identified physical plant change, and
5. Specific actions taken to ensure the health and safety of a patient until the physical plant requirement is met.

**D.** When the Department receives a request for additional time to comply with a physical plant requirement in subsection (B)(5)(c) through (B)(5)(i), (B)(10), (B)(11), or (B)(12) submitted according to subsection (C), the Department may approve the request for up to 24 months after the effective date of these rules based on:
1. The behavioral health inpatient facility's scope of services,
2. The expected patient acuity based on the behavioral health inpatient facility's scope of services,
3. The specific physical plant requirement in the request, and

4. The threat to patients' health and safety.

**E.** A bedroom in a behavioral health inpatient facility is not required to have a second means of egress if:
1. An administrator ensures that policies and procedures are established, documented, and implemented that provide for the safe evacuation of a patient in the bedroom based on the patient's physical and mental limitations and the location of the bedroom; or
2. The building where the bedroom is located has a fire alarm system and a sprinkler system required in R9-10-322(A)(1).

**F.** If a swimming pool is located on the premises, an administrator shall ensure that:
1. The swimming pool is enclosed by a wall or fence that:
   a. Is at least five feet in height as measured on the exterior of the wall or fence;
   b. Has no vertical openings greater that four inches across;
   c. Has no horizontal openings, except as described in subsection (F)(1)(e);
   d. Is not chain-link;
   e. Does not have a space between the ground and the bottom fence rail that exceeds four inches in height; and
   f. Has a self-closing, self-latching gate that:
      i. Opens away from the swimming pool,
      ii. Has a latch located at least 54 inches from the ground, and
      iii. Is locked when the swimming pool is not in use; and
2. A life preserver or shepherd's crook is available and accessible in the pool area.

**G.** An administrator shall ensure that a spa that is not enclosed by a wall or fence as described in subsection (F)(1) is covered and locked when not in use.

**R9-10-403. Administration**

**A.** A governing authority shall:

1. Consist of one or more individuals responsible for the organization, operation, and administration of a nursing care institution;
2. Establish, in writing, the nursing care institution's scope of services;

3. Designate, in writing, a nursing care institution administrator licensed according to A.R.S. Title 36, Chapter 4, Article 6;
4. Adopt a quality management program according to R9-10-404;
5. Review and evaluate the effectiveness of the quality management program at least once every 12 months;
6. Designate, in writing, an acting administrator licensed according to A.R.S. § Title 36, Chapter 4, Article 6, if the administrator is:
   a. Expected not to be present on the nursing care institution's premises for more than 30 calendar days, or
   b. Not present on the nursing care institution's premises for more than 30 calendar days; and
7. Except as permitted in subsection (A)(6), when there is a change of administrator, notify the Department according to A.R.S. § 36-425(I) and submit a copy of the new administrator's license under A.R.S. Title 36, Chapter 4, Article 6 to the Department.

**B.** An administrator:
1. Is directly accountable to the governing authority of a nursing care institution for the daily operation of the nursing care institution and all services provided by or at the nursing care institution;
2. Has the authority and responsibility to manage the nursing care institution;
3. Except as provided in subsection (A)(6), designates, in writing, an individual who is present on the nursing care institution's premises and accountable for the nursing care institution when the administrator is not present on the nursing care institution's premises;
4. Ensures the nursing care institution's compliance with A.R.S. § 36-411; and
5. If the nursing care institution provides feeding and nutrition assistant training, ensures the nursing care institution complies with the requirements for the operation of a feeding and nutrition assistant training program in R9-10-116.

**C.** An administrator shall ensure that:
1. Policies and procedures are established, documented, and implemented to protect the health and safety of a resident that:
   a. Cover job descriptions, duties, and qualifications, including required skills, knowledge, education, and experience for personnel members, employees, volunteers, and students;
   b. Cover orientation and in-service education for personnel members, employees, volunteers, and students;
   c. Include how a personnel member may submit a complaint relating to resident care;
   d. Cover the requirements in A.R.S. Title 36, Chapter 4, Article 11;
   e. Cover cardiopulmonary resuscitation training including:
      i. Which personnel members are required to obtain cardiopulmonary resuscitation training,
      ii. The method and content of cardiopulmonary resuscitation training,
      iii. The qualifications for an individual to provide cardiopulmonary resuscitation training,
      iv. The time-frame for renewal of cardiopulmonary resuscitation training, and
      v. The documentation that verifies an individual has received cardiopulmonary resuscitation training;
   f. Cover first aid training;
   g. Include a method to identify a resident to ensure the resident receives physical health services and behavioral health services as ordered;
   h. Cover resident rights, including assisting a resident who does not speak English or who has a disability to become aware of resident rights;
   i. Cover specific steps for:
      i. A resident to file a complaint, and

   p. Cover fees and refund policies;
   q. Cover misappropriation of resident property; and
   r. Cover when an individual may visit a resident in a nursing care institution; and
2. Policies and procedures for physical health services and behavioral health services are established, documented, and implemented to protect the health and safety of a resident that:
   a. Cover resident screening, admission, transport, transfer, discharge planning, and discharge;
   b. Cover the provision of physical health services and behavioral health services;
   c. Include when general consent and informed consent are required;
   d. Cover storing, dispensing, administering, and disposing of medication;
   e. Cover infection control;
   f. Cover how personnel members will respond to a resident's sudden, intense, or out-of-control behavior to prevent harm to the resident or another individual;
   g. Cover telemedicine, if applicable; and

h. Cover environmental services that affect resident care;
3. Policies and procedures are reviewed at least once every three years and updated as needed;
4. Policies and procedures are available to personnel members, employees, volunteers, and students; and
5. Unless otherwise stated:
   a. Documentation required by this Article is provided to the Department within two hours after a Department request; and
   b. When documentation or information is required by this Chapter to be submitted on behalf of a nursing care institution, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the nursing care institution.

**D.** Except for health screening services, an administrator shall ensure that medical services, nursing services, health-related services, behavioral health services, or ancillary services provided by a nursing care institution are only provided to a resident.

**E.** If abuse, neglect, or exploitation of a resident is alleged or suspected to have occurred before the resident was admitted or while the resident is not on the premises and not receiving services from a nursing care institution's employee or personnel member, an administrator shall report the alleged or suspected abuse, neglect, or exploitation of the resident as follows:
1. For a resident 18 years of age or older, according to A.R.S. § 46-454; or
2. For a resident under 18 years of age, according to A.R.S. § 13-3620.

**F.** If an administrator has a reasonable basis, according to A.R.S. § 13-3620 or 46-454, to believe that abuse, neglect, or exploitation has occurred on the premises or while a resident is receiving services from a nursing care institution's employee or personnel member, an administrator shall:
1. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
2. Report the suspected abuse, neglect, or exploitation of the resident as follows:
   a. For a resident 18 years of age or older, according to A.R.S. § 46-454; or
   b. For a resident under 18 years of age, according to A.R.S. § 13-3620;
3. Document:
   a. The suspected abuse, neglect, or exploitation;
   b. Any action taken according to subsection (F)(1); and
   c. The report in subsection (F)(2);
4. Maintain the documentation in subsection (F)(3) for at least 12 months after the date of the report in subsection (F)(2);
5. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in subsection (F)(2):
   a. The dates, times, and description of the suspected abuse, neglect, or exploitation;
   b. A description of any injury to the resident related to the suspected abuse or neglect and any change to the resident's physical, cognitive, functional, or emotional condition;
   c. The names of witnesses to the suspected abuse, neglect, or exploitation; and
   d. The actions taken by the administrator to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and
6. Maintain a copy of the documented information required in subsection (F)(5) and any other information obtained during the investigation for at least 12 months after the date the investigation was initiated.

**G.** An administrator shall:
1. Allow a resident advocate to assist a resident, the resident's representative, or a resident group with a request or recommendation, and document in writing any complaint submitted to the nursing care institution;
2. Ensure that a monthly schedule of recreational activities for residents is developed, documented, and implemented; and

**R9-10-412. Nursing Services**

**A.** An administrator shall ensure that:
1. Nursing services are provided 24 hours a day in a nursing care institution;
2. A director of nursing is appointed who:
    a. Is a registered nurse,
    b. Works full-time at the nursing care institution, and
    c. Is responsible for the direction of nursing services;
3. The director of nursing or an individual designated by the administrator participates in the quality management program; and
4. If the daily census of the nursing care institution is 60 or more, the director of nursing does not provide direct care to residents on a regular basis.

**B.** A director of nursing shall ensure that:

1. A method is established and documented that identifies the types and numbers of nursing personnel that are necessary to provide nursing services to residents based on the residents' comprehensive assessments, orders for physical health services and behavioral health services, and care plans and the nursing care institution's scope of services;
2. Sufficient nursing personnel, as determined by the method in subsection (B)(1), are on the nursing care institution premises to meet the needs of a resident for nursing services;
3. At least one nurse is present on the nursing care institution's premises and responsible for providing direct care to not more than 64 residents;
4. Documentation of nursing personnel present on the nursing care institution's premises each day is maintained and includes:
   a. The date,
   b. The number of residents,
   c. The name and license or certification title of each nursing personnel member who worked that day, and
   d. The actual number of hours each nursing personnel member worked that day;
5. The documentation of nursing personnel required in subsection (B)(4) is maintained for at least 12 months after the date of the documentation;
6. As soon as possible but not more than 24 hours after one of the following events occur, a nurse notifies a resident's attending physician and, if applicable, the resident's representative, if the resident:
   a. Is injured,
   b. Is involved in an incident that may require medical services, or
   c. Has a significant change in condition; and
7. An unnecessary drug is not administered to a resident.

**Historical Note**

**R9-10-413. Medical Services**

**A.** An administrator shall appoint a medical director.

**B.** A medical director shall ensure that:
1. A resident has an attending physician;
2. An attending physician is available 24 hours a day;
3. An attending physician designates a physician who is available when the attending physician is not available;
4. A physical examination is performed on a resident at least once every 12 months after the date of admission by an individual listed in R9-10-407(6);
5. As required in A.R.S. § 36-406, vaccinations for influenza and pneumonia are available to each resident at least once every 12 months unless:
   a. The attending physician provides documentation that the vaccination is medically contraindicated;
   b. The resident or the resident's representative refuses the vaccination or vaccinations and documentation is maintained in the resident's medical record that the resident or the resident's representative has been informed of the risks and benefits of a vaccination refused; or
   c. The resident or the resident's representative provides documentation that the resident received a pneumonia vaccination within the last five years or the current recommendation from the U.S. Department of Health and Human Services, Center for Disease Control and Prevention; and
6. If the any of the following services are not provided by the nursing care institution and needed by a resident, the resident is assisted in obtaining, at the resident's expense:
   a. Vision services;
   b. Hearing services;
   c. Dental services;
   d. Clinical laboratory services from a laboratory that holds a certificate of accreditation or certificate of compliance issued by the United States Department of Health and Human Services under the 1988 amendments to the Clinical Laboratories Improvement Act of 1967;
   e. Psychosocial services;
   f. Physical therapy;
   g. Speech therapy;

Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-414. Comprehensive Assessment; Care Plan**

**A.** A director of nursing shall ensure that:

1. A comprehensive assessment of a resident:
   a. Is conducted or coordinated by a registered nurse in collaboration with an interdisciplinary team;
   b. Is completed for the resident within 14 calendar days after the resident's admission to a nursing care institution;
   c. Is updated:
      i. No later than 12 months after the date of the resident's last comprehensive assessment, and
      ii. When the resident experiences a significant change;
   d. Includes the following information for the resident:
      i. Identifying information;
      ii. An evaluation of the resident's hearing, speech, and vision;
      iii. An evaluation of the resident's ability to understand and recall information;
      iv. An evaluation of the resident's mental status;
      v. Whether the resident's mental status or behaviors:
         (1) Put the resident at risk for physical illness or injury,
         (2) Significantly interfere with the resident's care,
         (3) Significantly interfere with the resident's ability to participate in activities or social interactions,
         (4) Put other residents or personnel members at significant risk for physical injury,
         (5) Significantly intrude on another resident's privacy, or
         (6) Significantly disrupt care for another resident;
      vi. Preferences for customary routine and activities;
      vii. An evaluation of the resident's ability to perform activities of daily living;
      viii. Need for a mobility device;
      ix. An evaluation of the resident's ability to control the resident's bladder and bowels;
      x. Any diagnosis that impacts nursing care institution services that the resident may require;
      xi. Any medical conditions that impact the resident's functional status, quality of life, or need for nursing care institution services;
      xii. An evaluation of the resident's ability to maintain adequate nutrition and hydration;
      xiii. An evaluation of the resident's oral and dental status;
      xiv. An evaluation of the condition of the resident's skin;
      xv. Identification of any medication or treatment administered to the resident during a seven-day calendar period that includes the time the comprehensive assessment was conducted;
      xvi. Identification of any treatment or medication ordered for the resident;
      xvii. A description of the resident or resident's representative's participation in the comprehensive assessment;
      xviii. The name and title of the interdisciplinary team members who participated in the resident's comprehensive assessment;
      xix. Potential for rehabilitation; and
      xx. Potential for discharge; and
   e. Is signed and dated by:
      i. The registered nurse who conducts or coordinates the comprehensive assessment or review; and
      ii. If a behavioral health professional is required to review according to subsection (A)(2), the behavioral health professional who reviewed the comprehensive assessment or review;
2. If any of the conditions in (A)(1)(d)(v) are answered in the affirmative during the comprehensive assessment or review, a behavioral health professional reviews a resident's comprehensive assessment or review and care plan to ensure that the resident's needs for behavioral health services are being met;
3. A new comprehensive assessment is not required for a resident who is hospitalized and readmitted to a nursing care institution unless a physician, an individual designated by the physician, or a registered nurse determines the resident has a significant change in condition; and
4. A resident's comprehensive assessment is reviewed by a registered nurse at least once every three months after the date of the current comprehensive assessment and if there is a significant change in the resident's condition.

**B.** An administrator shall ensure that a care plan for a resident:

1. Is developed, documented, and implemented for the resident within seven calendar days after completing the resident's comprehensive assessment required in subsection (A)(1);

2. Is reviewed and revised based on any change to the resident's comprehensive assessment; and
3. Ensures that a resident is provided nursing care institution services that:
   a. Address any medical condition or behavioral health issue identified in the resident's comprehensive assessment, and
   b. Assist the resident in maintaining the resident's highest practicable well-being according to the resident's comprehensive assessment.

**Historical Note**

Adopted effective January 28, 1980 (Supp. 80-1). Section repealed by final rulemaking at 8 A.A.R. 2785, effective October 1, 2002 (Supp. 02-2). **R9-10-416. Clinical Laboratory Services**

If clinical laboratory services are authorized to be provided on a nursing care institution's premises, an administrator shall ensure that:

1. Clinical laboratory services and pathology services are provided through a laboratory that holds a certificate of accreditation, certificate of compliance, or certificate of waiver issued by the United States Department of Health and Human Services under the 1988 amendments to the Clinical Laboratories Improvement Act of 1967;
2. A copy of the certificate of accreditation, certificate of compliance, or certificate of waiver in subsection (1) is provided to the Department for review upon the Department's request;
3. The nursing care institution:
   a. Is able to provide the clinical laboratory services delineated in the nursing care institution's scope of services when needed by the residents,
   b. Obtains specimens for the clinical laboratory services delineated in the nursing care institution's scope of services without transporting the residents from the nursing care institution's premises, and
   c. Has the examination of the specimens performed by a clinical laboratory;
4. Clinical laboratory and pathology test results are:
   a. Available to the ordering physician:
      i. Within 24 hours after the test is complete with results if the test is performed at a laboratory on the nursing care institution's premises, or
      ii. Within 24 hours after the test result is received if the test is performed at a laboratory outside of the nursing care institution's premises; and
   b. Documented in a resident's medical record;
5. If a test result is obtained that indicates a resident may have an emergency medical condition, as established in policies and procedures, personnel notify:
   a. The ordering physician,
   b. A registered nurse in the resident's assigned unit,
   c. The nursing care institution's administrator, or
   d. The director of nursing;
6. If a clinical laboratory report is completed on a resident, a copy of the report is included in the resident's medical record;

7. If the nursing care institution provides blood or blood products, policies and procedures are established, documented, and implemented for:
   a. Procuring, storing, transfusing, and disposing of blood or blood products;
   b. Blood typing, antibody detection, and blood compatibility testing; and
   c. Investigating transfusion adverse reactions that specify a process for review through the quality management program; and
8. Expired laboratory supplies are discarded according to policies and procedures.

**R9-10-421. Medication Services**

**A.** An administrator shall ensure that policies and procedures for medication services:

1. Include:
   a. A process for providing information to a resident about medication prescribed for the resident including:
      i. The prescribed medication's anticipated results,
      ii. The prescribed medication's potential adverse reactions,
      iii. The prescribed medication's potential side effects, and
      iv. Potential adverse reactions that could result from not taking the medication as prescribed;
   b. Procedures for preventing, responding to, and reporting:
      i. A medication error,
      ii. An adverse response to a medication, or
      iii. A medication overdose;
   c. Procedures to ensure that a pharmacist reviews a resident's medications at least once every three months and provides documentation to the resident's attending physician and the director of nursing indicating potential medication problems such as incompatible or duplicative medications;
   d. Procedures for documenting medication services; and
   e. Procedures for assisting a resident in obtaining medication; and
2. Specify a process for review through the quality management program of:
   a. A medication administration error, and
   b. An adverse reaction to a medication.

**B.** An administrator shall ensure that:

1. Policies and procedures for medication administration:
   a. Are reviewed and approved by the director of nursing;
   b. Specify the individuals who may:
      i. Order medication, and
      ii. Administer medication;
   c. Ensure that medication is administered to a resident only as prescribed; and

d. Cover the documentation of a resident's refusal to take prescribed medication in the resident's medical record;
2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law;
3. A medication administered to a resident:
   a. Is administered in compliance with an order, and
   b. Is documented in the resident's medical record; and
4. If a psychotropic medication is administered to a resident, the psychotropic medication:
   a. Is only administered to a resident for a diagnosed medical condition; and
   b. Unless clinically contraindicated or otherwise ordered by an attending physician or the attending physician's designee, is gradually reduced in dosage while the resident is simultaneously provided with interventions such as behavior and environment modification in an effort to discontinue the psychotropic medication, unless a dose reduction is attempted and the resident displays behavior justifying the need for the psychotropic medication, and the attending physician documents the necessity for the continued use and dosage.

**C.** An administrator shall ensure that:
1. A current drug reference guide is available for use by personnel members; and
2. If pharmaceutical services are provided:
   a. The pharmaceutical services are provided under the direction of a pharmacist;
   b. The pharmaceutical services comply with A.R.S. Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23; and
   c. A copy of the pharmacy license is provided to the Department upon request.

**D.** When medication is stored at a nursing care institution, an administrator shall ensure that:
1. Medication is stored in a separate locked room, closet, or self-contained unit used only for medication storage;
2. Medication is stored according to the instructions on the medication container; and
3. Policies and procedures are established, documented, and implemented to protect the health and safety of a resident for:
   a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication including expired medication;
   b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
   c. A medication recall and notification of residents who received recalled medication; and
   d. Storing, inventorying, and dispensing controlled substances.

**E.** An administrator shall ensure that a personnel member immediately reports a medication error or a resident's adverse reaction to a medication to the medical practitioner who ordered the medication and the nursing care institution's director of nursing.

**Historical Note**

Adopted effective January 28, 1980 (Supp. 80-1). Section repealed by final rulemaking at 8 A.A.R. 2785, effective October 1, 2002 (Supp. 02-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-422. Infection Control**

An administrator shall ensure that:
1. An infection control program is established, under the direction of an individual qualified according to policies and procedures, to prevent the development and transmission of infections and communicable diseases including:
   a. A method to identify and document infections occurring at the nursing care institution;
   b. Analysis of the types, causes, and spread of infections and communicable diseases at the nursing care institution;
   c. The development of corrective measures to minimize or prevent the spread of infections and communicable diseases at the nursing care institution; and
   d. Documentation of infection control activities including:
      i. The collection and analysis of infection control data,
      ii. The actions taken related to infections and communicable diseases, and
      iii. Reports of communicable diseases to the governing authority and state and county health departments;
2. Infection control documentation is maintained for at least 12 months after the date of the documentation;
3. Policies and procedures are established, documented, and implemented that cover:
   a. Handling and disposal of biohazardous medical waste;
   b. Sterilization, disinfection, and storage of medical equipment and supplies;
   c. Using personal protective equipment such as aprons, gloves, gowns, masks, or face protection when applicable;
   d. Cleaning of an individual's hands when the individual's hands are visibly soiled and before and after providing a service to a resident;
   e. Training of personnel members, employees, and volunteers in infection control practices; and
   f. Work restrictions for a personnel member with a communicable disease or infected skin lesion;
4. Biohazardous medical waste is identified, stored, and disposed of according to 18 A.A.C. 13, Article 14 and policies and procedures;

5. Soiled linen and clothing are:
   a. Collected in a manner to minimize or prevent contamination;
   b. Bagged at the site of use; and
   c. Maintained separate from clean linen and clothing and away from food storage, kitchen, or dining areas; and
6. A personnel member, an employee, or a volunteer washes hands or uses a hand disinfection product after a resident contact and after handling soiled linen, soiled clothing, or potentially infectious material.

**R9-10-423. Food Services**

**A.** An administrator shall ensure that:
1. The nursing care institution has a license or permit as a food establishment under 9 A.A.C. 8, Article 1;
2. A copy of the nursing care institution's food establishment license or permit is maintained;
3. If a nursing care institution contracts with a food establishment, as established in 9 A.A.C. 8, Article 1, to prepare and deliver food to the nursing care institution:
   a. A copy of the contracted food establishment's license or permit under 9 A.A.C. 8, Article 1 is maintained by the nursing care institution; and
   b. The nursing care institution is able to store, refrigerate, and reheat food to meet the dietary needs of a resident;
4. A registered dietitian:
   a. Reviews a food menu before the food menu is used to ensure that a resident's nutritional needs are being met,
   b. Documents the review of a food menu, and
   c. Is available for consultation regarding a resident's nutritional needs; and
5. If a registered dietitian is not employed full-time, an individual is designated as a director of food services who consults with a registered dietitian as often as necessary to ensure that the nutritional needs of a resident are met.

**B.** A registered dietitian or director of food services shall ensure that:
1. Food is prepared:
   a. Using methods that conserve nutritional value, flavor, and appearance; and
   b. In a form to meet the needs of a resident such as cut, chopped, ground, pureed, or thickened;
2. A food menu:
   a. Is prepared at least one week in advance,
   b. Includes the foods to be served on each day,
   c Is conspicuously posted at least one day before the first meal on the food menu will be served,
   d. Includes any food substitution no later than the morning of the day of meal service with a food substitution, and
   e. Is maintained for at least 60 calendar days after the last day included in the food menu;
3. Meals and snacks for each day are planned and served using the applicable guidelines in http://www.health.gov/dietaryguidelines/2010.asp;
4. A resident is provided:
   a. A diet that meets the resident's nutritional needs as specified in the resident's comprehensive assessment and care plan;
   b. Three meals a day with not more than 14 hours between the evening meal and breakfast except as provided in subsection (B)(4)(d);
   c. The option to have a daily evening snack identified in subsection (B)(4)(d)(ii) or other snack; and
   d. The option to extend the time span between the evening meal and breakfast from 14 hours to 16 hours if:
      i. A resident group agrees; and
      ii. The resident is offered an evening snack that includes meat, fish, eggs, cheese, or other protein, and a serving from either the fruit and vegetable food group or the bread and cereal food group;
5. A resident is provided with food substitutions of similar nutritional value if:
   a. The resident refuses to eat the food served, or
   b. The resident requests a substitution;
6. Recommendations and preferences are requested from a resident or the resident's representative for meal planning;
7. A resident requiring assistance to eat is provided with assistance that recognizes the resident's nutritional, physical, and social needs, including the use of adaptive eating equipment or utensils;
8. Tableware, utensils, equipment, and food-contact surfaces are clean and in good repair;
9. A resident eats meals in a dining area unless the resident chooses to eat in the resident's room or is confined to the resident's room for medical reasons documented in the resident's medical record; and
10. Water is available and accessible to residents.

**C.** If a nursing care institution has nutrition and feeding assistants, an administrator shall ensure that:
1. A nutrition and feeding assistant:

a. Is at least 16 years of age;
b. If applicable, complies with the fingerprint clearance card requirements in A.R.S. § 36-411;
c. Completes a nutrition and feeding assistant training course within 12 months before initially providing nutrition and feeding assistance;
d. Provides nutrition and feeding assistance where nursing personnel are present;
e. Immediately reports an emergency to a nurse or, if a nurse is not present in the common area, to nursing personnel; and
f. If the nutrition and feeding assistant observes a change in a resident's physical condition or behavior, reports the change to a nurse or, if a nurse is not present in the common area, to nursing personnel;

2. A resident is not eligible to receive nutrition and feeding assistance from a nutrition and feeding assistant if the resident:
a. Has difficulty swallowing,
b. Has had recurrent lung aspirations,
c. Requires enteral feedings,
d. Requires parenteral feedings, or
e. Has any other eating or drinking difficulty that may cause the resident's health or safety to be compromised if the resident receives nutrition and feeding assistance from a nutrition and feeding assistant;
3. Only an eligible resident receives nutrition and feeding assistance from a nutrition and feeding assistant;
4. A nurse determines if a resident is eligible to receive nutrition and feeding assistance from a nutrition and feeding assistant, based on:
a. The resident's comprehensive assessment,
b. The resident's care plan, and
c. An assessment conducted by the nurse when making the determination;
5. A method is implemented that identifies eligible residents that ensures only eligible residents receive nutrition and feeding assistance from a nutrition and feeding assistant;
6. When a nutrition and feeding assistant initially provides nutrition and feeding assistance and at least once every three months, a nurse observes the nutrition and feeding assistant while the nutrition and feeding assistant is providing nutrition and feeding assistance to ensure that the nutrition and feeding assistant is providing nutrition and feeding assistance appropriately;
7. A nurse documents the nurse's observations required in subsection (C)(6); and
8. A nutrition and feeding assistant is provided additional training:
a. According to policies and procedures, and
b. If a nurse identifies a need for additional training based on the nurse's observation in subsection (C)(6).

**R9-10-424. Emergency and Safety Standards**

**A.** An administrator shall ensure that:
1. A disaster plan is developed, documented, maintained in a location accessible to personnel members and other employees, and, if necessary, implemented that includes:
a. When, how, and where residents will be relocated, including:
i. Instructions for the evacuation or transfer of residents,
ii. Assigned responsibilities for each employee and personnel member, and
iii. A plan for continuing to provide services to meet a resident's needs;
b. How a resident's medical record will be available to individuals providing services to the resident during a disaster;
c. A plan for back-up power and water supply;
d. A plan to ensure a resident's medications will be available to administer to the resident during a disaster;
e. A plan to ensure a resident is provided nursing services and other services required by the resident during a disaster; and
f. A plan for obtaining food and water for individuals present in the nursing care institution or the nursing care institution's relocation site during a disaster;
2. The disaster plan required in subsection (A)(1) is reviewed at least once every 12 months;
3. Documentation of a disaster plan review required in subsection (A)(2) is created, is maintained for at least 12 months after the date of the disaster plan review, and includes:
a. The date and time of the disaster plan review;
b. The name of each personnel member, employee, or volunteer participating in the disaster plan review;
c. A critique of the disaster plan review; and
d. If applicable, recommendations for improvement;
4. A disaster drill for employees is conducted on each shift at least once every three months and documented;

5. An evacuation drill for employees and residents:
   a. Is conducted at least once every six months; and
   b. Includes all individuals on the premises except for:
      i. A resident whose medical record contains documentation that evacuation from the nursing care institution would cause harm to the resident, and
      ii. Sufficient personnel members to ensure the health and safety of residents not evacuated according to subsection (A)(5)(b)(i);
6. Documentation of each evacuation drill is created, is maintained for at least 12 months after the date of the drill, and includes:
   a. The date and time of the evacuation drill;
   b. The amount of time taken for employees and residents to evacuate to a designated area;
   c. If applicable:
      i. An identification of residents needing assistance for evacuation, and
      ii. An identification of residents who were not evacuated;
   d. Any problems encountered in conducting the evacuation drill; and
   e. Recommendations for improvement, if applicable; and
7. An evacuation path is conspicuously posted on each hallway of each floor of the nursing care institution.

**B.** An administrator shall ensure that, if applicable, a sign is placed at the entrance to a room or area indicating that oxygen is in use.

**C.** An administrator shall:
1. Obtain a fire inspection conducted according to the time-frame established by the local fire department or the State Fire Marshal,
2. Make any repairs or corrections stated on the fire inspection report, and
3. Maintain documentation of a current fire inspection.

**R9-10-425. Environmental Standards**

**A.** An administrator shall ensure that:
1. A nursing care institution's premises and equipment are:
   a. Cleaned and disinfected according to policies and procedures or manufacturer's instructions to prevent, minimize, and control illness and infection; and
   b. Free from a condition or situation that may cause a resident or an individual to suffer physical injury;
2. A pest control program that complies with A.A.C. R3-8-201(C)(4) is implemented and documented;
3. Equipment used to provide direct care is:
   a. Maintained in working order;
   b. Tested and calibrated according to the manufacturer's recommendations or, if there are no manufacturer's recommendations, as specified in policies and procedures; and
   c. Used according to the manufacturer's recommendations;
4. Documentation of equipment testing, calibration, and repair is maintained for at least 12 months after the date of the testing, calibration, or repair;
5. Garbage and refuse are:
   a. In areas used for food storage, food preparation, or food service, stored in a covered container lined with a plastic bag;
   b. In areas not used for food storage, food preparation, or food service, stored:
      i. According to the requirements in subsection (A)(5)(a), or
      ii. In a paper-lined or plastic-lined container that is cleaned and sanitized as often as necessary to ensure that the container is clean; and
   c. Removed from the premises at least once a week;
6. Heating and cooling systems maintain the nursing care institution at a temperature between 70° F and 84° F;
7. Common areas:
   a. Are lighted to assure the safety of residents, and
   b. Have lighting sufficient to allow personnel members to monitor resident activity;
8. The supply of hot and cold water is sufficient to meet the personal hygiene needs of residents and the cleaning and sanitation requirements in this Article;
9. Linens are clean before use, without holes and stains, and not in need of repair;
10. Oxygen containers are secured in an upright position;
11. Poisonous or toxic materials stored by the nursing care institution are maintained in labeled containers in a locked area separate from food preparation and storage, dining areas, and medications and are inaccessible to residents;

12. Combustible or flammable liquids stored by the nursing care institution are stored in the original labeled containers or safety containers in a locked area inaccessible to residents;
13. If pets or animals are allowed in the nursing care institution, pets or animals are:
    a. Controlled to prevent endangering the residents and to maintain sanitation;
    b. Licensed consistent with local ordinances; and
    c. For a dog or cat, vaccinated against rabies;
14. If a water source that is not regulated under 18 A.A.C. 4 by the Arizona Department of Environmental Quality is used:
    a. The water source is tested at least once every 12 months for total coliform bacteria and fecal coliform or *E. coli* bacteria;
    b. If necessary, corrective action is taken to ensure the water is safe to drink; and
    c. Documentation of testing is retained for at least 12 months after the date of the test; and
15. If a non-municipal sewage system is used, the sewage system is in working order and is maintained according to all applicable state laws and rules.

**B.** An administrator shall ensure that:
1. Smoking tobacco products is not permitted within a nursing care institution, and
2. Smoking tobacco products may be permitted outside a nursing care institution if:
    a. Signs designating smoking areas are conspicuously posted, and
    b. Smoking is prohibited in areas where combustible materials are stored or in use.

**C.** If a swimming pool is located on the premises, an administrator shall ensure that:
1. At least one personnel member with cardiopulmonary resuscitation training that meets the requirements in R9-10-403(C)(1)(e) is present in the pool area when a resident is in the pool area, and
2. At least two personnel members are present in the pool area when two or more residents are in the pool area.

**Historical Note**

**R9-10-426. Physical Plant Standards**

**A.** An administrator shall ensure that:
1. A nursing care institution complies with:
    a. The applicable physical plant health and safety codes and standards, incorporated by reference in R9-10-104.01, that were in effect on the date the nursing care institution submitted architectural plans and specifications to the Department for approval according to R9-10-104; and
    b. The requirements for Existing Health Care Occupancies in National Fire Protection Association 101, Life Safety Code, incorporated by reference in R9-10-104.01;
2. The premises and equipment are sufficient to accommodate:
    a. The services stated in the nursing care institution's scope of services, and
    b. An individual accepted as a resident by the nursing care institution;
3. A nursing care institution is ventilated by windows or mechanical ventilation, or a combination of both;
4. The corridors are equipped with handrails on each side that are firmly attached to the walls and are not in need of repair;
5. No more than two individuals reside in a resident room unless:
    a. The nursing care institution was operating before October 31, 1982; and
    b. The resident room has not undergone a modification as defined in A.R.S. § 36-401;
6. A resident has a separate bed, a nurse call system, and furniture to meet the resident's needs in a resident room or suite of rooms;
7. A resident room has:
    a. A window to the outside with window coverings for controlling light and visual privacy, and the location of the window permits a resident to see outside from a sitting position;
    b. A closet with clothing racks and shelves accessible to the resident; and
    c. If the resident room contains more than one bed, a curtain or similar type of separation between the beds for privacy; and
8. A resident room or a suite of rooms:
    a. Is accessible without passing through another resident's room; and
    b. Does not open into any area where food is prepared, served, or stored.

**B.** If a swimming pool is located on the premises, an administrator shall ensure that:
1. The swimming pool is enclosed by a wall or fence that:
    a. Is at least five feet in height as measured on the exterior of the wall or fence;
    b. Has no vertical openings greater that four inches across;
    c. Has no horizontal openings, except as described in subsection (B)(1)(e);

d. Is not chain-link;
e. Does not have a space between the ground and the bottom fence rail that exceeds four inches in height; and
f. Has a self-closing, self-latching gate that:
i. Opens away from the swimming pool,
ii. Has a latch located at least 54 inches from the ground, and
iii. Is locked when the swimming pool is not in use; and

2. A life preserver or shepherd's crook is available and accessible in the pool area.

**C.** An administrator shall ensure that a spa that is not enclosed by a wall or fence as described in subsection (B)(1) is covered and locked when not in use.

**Historical Note**

Adopted effective January 28, 1980 (Supp. 80-1). Section repealed by final rulemaking at 8 A.A.R. 2785, effective October 1, 2002 (Supp. 02-2). New Section R9-10-426 made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final expedited rulemaking, at 25 A.A.R. 3481 with an immediate effective date of November 5, 2019 (Supp. 19-4).

**R9-10-427. Quality Rating**

**A.** As required in A.R.S. § 36-425.02(A), the Department shall issue a quality rating to each licensed nursing care institution based on the results of a compliance inspection.

**B.** The following quality ratings are established:
1. A quality rating of "A" for excellent is issued if the nursing care institution achieves a score of 90 to 100 points,
2. A quality rating of "B" is issued if the nursing care institution achieves a score of 80 to 89 points,
3. A quality rating of "C" is issued if the nursing care institution achieves a score of 70 to 79 points, and
4. A quality rating of "D" is issued if the nursing care institution achieves a score of 69 or fewer points.

**C.** The quality rating is determined by the total number of points awarded based on the following criteria:
1. Nursing Services:
a. 15 points: The nursing care institution is implementing a system that ensures residents are provided nursing services to maintain the resident's highest practicable physical, mental, and psychosocial well-being according to the resident's comprehensive assessment and care plan.
b. 5 points: The nursing care institution ensures that each resident is free from medication errors that resulted in actual harm.
c. 5 points: The nursing care institution ensures the resident's representative is notified and the resident's attending physician is consulted if a resident has a significant change in condition or if the resident is in an incident that requires medical services.
2. Resident Rights:
a. 10 points: The nursing care institution is implementing a system that ensures a resident's privacy needs are met.
b. 10 points: The nursing care institution ensures that a resident is free from physical and chemical restraints for purposes other than to treat the resident's medical condition.
c. 5 points: The nursing care institution ensures that a resident or the resident's representative is allowed to participate in the planning of, or decisions concerning treatment including the right to refuse treatment and to formulate a health care directive.
3. Administration:
a. 10 points: The nursing care institution has no repeat deficiencies that resulted in actual harm or immediate jeopardy to residents that were cited during the last compliance inspection or a complaint investigation conducted between the last compliance inspection and the current compliance inspection.
b. 5 points: The nursing care institution is implementing a system to prevent abuse of a resident and misappropriation of resident property, investigate each allegation of abuse of a resident and misappropriation of resident's property, and report each allegation of abuse of a resident and misappropriation of resident's property to the Department and as required by A.R.S. § 46-454.
c. 5 points: The nursing care institution is implementing a quality management program that addresses nursing care institution services provided to residents, resident complaints, and resident concerns, and documents actions taken for response, resolution, or correction of issues about nursing care institution services provided to residents, resident complaints, and resident concerns.
d. 1 point: The nursing care institution is implementing a system to provide social services and a program of ongoing recreational activities to meet the resident's needs based on the resident's comprehensive assessment.
e. 1 point: The nursing care institution is implementing a system to ensure that records documenting freedom from infectious pulmonary tuberculosis are maintained for each personnel member, volunteer, and resident.
f. 2 points: The nursing care institution is implementing a system to ensure that a resident is free from unnecessary drugs.
g. 1 point: The nursing care institution is implementing a system to ensure a personnel member attends in-service education according to policies and procedures.
4. Environment and Infection Control:

a. 5 points: The nursing care institution environment is free from a condition or situation within the nursing care institution's control that may cause a resident injury.
b. 1 point: The nursing care institution establishes and maintains a pest control program that complies with A.A.C. R3-8-201(C)(4).
c. 1 point: The nursing care institution develops a written disaster plan that includes procedures for protecting the health and safety of residents.
d. 1 point: The nursing care institution ensures orientation to the disaster plan for each personnel member is completed within the first scheduled week of employment.
e. 1 point: The nursing care institution maintains a clean and sanitary environment.
f. 5 points: The nursing care institution is implementing a system to prevent and control infection.
g. 1 point: An employee cleans the employee's hands after each direct resident contact or when hand cleaning is indicated to prevent the spread of infection.

5. Food Services:
a. 1 point: The nursing care institution complies with 9 A.A.C. 8, Article 1, for food preparation, storage and handling as evidenced by a current food establishment license.
b. 3 points: The nursing care institution provides each resident with food that meets the resident's needs as specified in the resident's comprehensive assessment and care plan.
c. 2 points: The nursing care institution obtains input from each resident or the resident's representative and implements recommendations for meal planning and food choices consistent with the resident's dietary needs.
d. 2 points: The nursing care institution provides assistance to a resident who needs help in eating so that the resident's nutritional, physical, and social needs are met.
e. 1 point: The nursing care institution prepares menus at least one week in advance, conspicuously posts each menu, and adheres to each planned menu unless an uncontrollable situation such as food spoilage or non-delivery of a specified food requires substitution.
f. 1 point: The nursing care institution provides food substitution of similar nutritive value for residents who refuse the food served or who request a substitution.

**D.** A nursing care institution's quality rating remains in effect until a subsequent compliance inspection or complaint investigation is conducted by the Department except as provided in subsection (E).

**E.** If the Department issues a provisional license, the current quality rating is terminated. A provisional licensee may submit an application for a substantial compliance inspection. If the Department determines that, as a result of a substantial compliance inspection, the nursing care institution is in substantial compliance, the Department shall issue a new quality rating according to subsection (C).

**F.** The issuance of a quality rating does not preclude the Department from seeking a civil penalty as provided in A.R.S. § 36-431.01, or suspension or revocation of a license as provided in A.R.S. § 36-427.

**R9-10-910. Medical Records**

**A.** An administrator shall ensure that:
1. A medical record is established and maintained for a patient according to A.R.S. Title 12, Chapter 13, Article 7.1;
2. An entry in a patient's medical record is:
   a. Recorded only by an individual authorized by policies and procedures to make the entry;
   b. Dated, legible, and authenticated; and
   c. Not changed to make the initial entry illegible;
3. An order is:
   a. Dated when the order is entered in the patient's medical record and includes the time of the order;
   b. Authenticated by a medical staff member according to policies and procedures; and
   c. If the order is a verbal order, authenticated by the medical staff member issuing the order;
4. If a rubber-stamp signature or an electronic signature is used to authenticate an order, the individual whose signature the rubber-stamp signature or electronic signature represents is accountable for the use of the rubber-stamp signature or electronic signature;
5. A patient's medical record is available to an individual:
   a. Authorized according to policies and procedures to access the patient's medical record;
   b. If the individual is not authorized according to policies and procedures, with the written consent of the patient or the patient's representative; or
   c. As permitted by law; and
6. A patient's medical record is protected from loss, damage, or unauthorized use.

**B.** If an outpatient surgical center maintains patients' medical records electronically, an administrator shall ensure that:
1. Safeguards exist to prevent unauthorized access, and
2. The date and time of an entry in a patient's medical record is recorded by the computer's internal clock.

**C.** An administrator shall ensure that a patient's medical record contains:
1. Patient information that includes:
   a. The patient's name;
   b. The patient's address;
   c. The patient's date of birth; and
   d. Any known allergies, including medication allergies;
2. The admitting medical practitioner;
3. An admitting diagnosis;
4. Documentation of general consent and informed consent for treatment by the patient or the patient's representative, except in an emergency;
5. If applicable, the name and contact information of the patient's representative and:
   a. If the patient is 18 years of age or older or an emancipated minor, the document signed by the patient consenting for the patient's representative to act on the patient's behalf; or
   b. If the patient's representative:
      i. Has a health care power of attorney established under A.R.S. § 36-3221 or a mental health care power of attorney executed under A.R.S. § 36-3282, a copy of the health care power of attorney or mental health care power of attorney; or

ii. Is a legal guardian, a copy of the court order establishing guardianship;
6. The date of admission and, if applicable, date of discharge;
7. Documentation of medical history and results of a physical examination;
8. A copy of patient's health care directive, if applicable;
9. Orders;
10. Progress notes;
11. If applicable, documentation of any actions taken to control the patient's sudden, intense, or out-of-control behavior to prevent harm to the patient or another individual;
12. Documentation of outpatient surgical center services provided to the patient;
13. A discharge summary, if applicable;
14. Documentation of receipt of written discharge instructions by the patient or patient's representative;
15. If applicable:
    a. Laboratory reports,
    b. Radiologic report, and
    c. Diagnostic reports;
16. The anesthesia report, required in R9-10-911(C)(2);
17. The operative report of the surgical procedure, required in R9-10-911(C)(1); and
18. Documentation of a medication administered to the patient that includes:
    a. The date and time of administration;
    b. The name, strength, dosage, and route of administration;
    c. For a medication administered for pain:
        i. An assessment of the patient's pain before administering the medication, and
        ii. The effect of the medication administered;

**R9-10-914. Medication Services**

**A.** An administrator shall ensure that policies and procedures for medication services:

1. Include:
   a. A process for providing information to a patient about medication prescribed for the patient including:
      i. The prescribed medication's anticipated results,
      ii. The prescribed medication's potential adverse reactions,
      iii. The prescribed medication's potential side effects, and
      iv. Potential adverse reactions that could result from not taking the medication as prescribed;
   b. Procedures for preventing, responding to, and reporting:
      i. A medication error,
      ii. An adverse reaction to a medication, or
      iii. A medication overdose; and
   c. Procedures to ensure that a patient's medication regimen is reviewed by a medical practitioner to ensure the medication regimen meets the patient's needs; and
2. Specify a process for review through the quality management program of:
   a. A medication administration error, and
   b. An adverse reaction to a medication.

**B.** An administrator shall ensure that:

1. Policies and procedures for medication administration:
   a. Are reviewed and approved by a medical practitioner;
   b. Specify the individuals who may:
      i. Order medication, and

ii. Administer medication;
c. Ensure that medication is administered to a patient only as prescribed; and
d. Cover the documentation of a patient's refusal to take prescribed medication in the patient's medical record;
2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law; and
3. A medication administered to a patient:
a. Is administered in compliance with an order, and
b. Is documented in the patient's medical record.

**C.** An administrator shall ensure that:
1. A current drug reference guide is available for use by personnel members;
2. A current toxicology reference guide is available for use by personnel members; and
3. If pharmaceutical services are provided on the premises:
a. A committee, composed of at least one physician, one pharmacist, and other personnel members as determined by policies and procedures, is established to:
i. Develop a drug formulary,
ii. Update the drug formulary at least once every 12 months,
iii. Develop medication usage and medication substitution policies and procedures, and
iv. Specify which medications and medication classifications are required to be stopped automatically after a specific time period unless the ordering medical staff member specifically orders otherwise;
b. The pharmaceutical services are provided under the direction of a pharmacist;
c. The pharmaceutical services comply with A.R.S. Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23; and
d. A copy of the pharmacy license is provided to the Department upon request.

**D.** When medication is stored at an outpatient surgical center, an administrator shall ensure that:
1. Medication is stored in a separate locked room, closet, or self-contained unit used only for medication storage;
2. Medication is stored according to the instructions on the medication container; and
3. Policies and procedures are established, documented, and implemented for:
a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication, including expired medication;
b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
c. A medication recall and notification of patients who received recalled medication; and
d. Storing, inventorying, and dispensing controlled substances.

**E.** An administrator shall ensure that a personnel member immediately reports a medication error or a patient's adverse reaction to a medication to the medical practitioner who ordered the medication and, if applicable, the outpatient surgical center's director of nursing.

6. Patient follow-up instructions are:
   a. Provided, orally or in written form, to a patient or the patient's representative before the patient leaves the outpatient treatment center unless the patient leaves against a personnel member's advice; and
   b. Documented in the patient's medical record.

**E.** If abuse, neglect, or exploitation of a patient is alleged or suspected to have occurred before the patient was admitted or while the patient is not on the premises and not receiving services from an outpatient treatment center's employee or personnel member, an administrator shall y report the alleged or suspected abuse, neglect, or exploitation of the patient as follows:
1. For a patient 18 years of age or older, according to A.R.S. § 46-454; or
2. For a patient under 18 years of age, according to A.R.S. § 13-3620.

**F.** If an administrator has a reasonable basis, according to A.R.S. § 13-3620 or 46-454, to believe that abuse, neglect, or exploitation has occurred on the premises or while a patient is receiving services from an outpatient treatment center's employee or personnel member, an administrator shall:
1. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
2. Report the suspected abuse, neglect, or exploitation of the patient as follows:
   a. For a patient 18 years of age or older, according to A.R.S. § 46-454; or
   b. For a patient under 18 years of age, according to A.R.S. § 13-3620;
3. Document:
   a. The suspected abuse, neglect, or exploitation;
   b. Any action taken according to subsection (F)(1); and

c. The report in subsection (F)(2);

4. Maintain the documentation in subsection (F)(3) for at least 12 months after the date of the report in subsection (F)(2);
5. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in subsection (F)(2):
   a. The dates, times, and description of the suspected abuse, neglect, or exploitation;
   b. A description of any injury to the patient related to the suspected abuse or neglect and any change to the patient's physical, cognitive, functional, or emotional condition;
   c. The names of witnesses to the suspected abuse, neglect, or exploitation; and
   d. The actions taken by the administrator to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and
6. Maintain a copy of the documented information required in subsection (F)(5) and any other information obtained during the investigation for at least 12 months after the date the investigation was initiated.

**G.** If an outpatient treatment center is an affiliated outpatient treatment center, an administrator shall ensure that the outpatient treatment center complies with the requirements for an affiliated outpatient treatment center in 9 A.A.C. 10, Article 19.

**R9-10-1009. Medical Records**

**A.** An administrator shall ensure that:
1. A medical record is established and maintained for each patient according to A.R.S. Title 12, Chapter 13, Article 7.1;
2. An entry in a patient's medical record is:
   a. Recorded only by a personnel member authorized by policies and procedures to make the entry;
   b. Dated, legible, and authenticated; and
   c. Not changed to make the initial entry illegible;
3. An order is:
   a. Dated when the order is entered in the patient's medical record and includes the time of the order;
   b. Authenticated by a medical practitioner or behavioral health professional according to policies and procedures; and
   c. If the order is a verbal order, authenticated by the medical practitioner or behavioral health professional issuing the order;
4. If a rubber-stamp signature or an electronic signature is used to authenticate an order, the individual whose signature the rubber-stamp signature or electronic signature represents is accountable for the use of the rubber-stamp signature or electronic signature;
5. A patient's medical record is available to an individual:
   a. Authorized according to policies and procedures to access the patient's medical record;
   b. If the individual is not authorized according to policies and procedures, with the written consent of the patient or the patient's representative; or
   c. As permitted by law;
6. Policies and procedures include the maximum time-frame to retrieve a patient's medical record at the request of a medical practitioner, behavioral health professional, or authorized personnel member; and
7. A patient's medical record is protected from loss, damage, or unauthorized use.

**B.** If an outpatient treatment center maintains patients' medical records electronically, an administrator shall ensure that:
1. Safeguards exist to prevent unauthorized access, and
2. The date and time of an entry in a medical record is recorded by the computer's internal clock.

**C.** An administrator shall ensure that a patient's medical record contains:
1. Patient information that includes:
   a. Except as specified in A.A.C. R9-6-1005, the patient's name and address;
   b. The patient's date of birth; and

c. Any known allergies, including medication allergies;
2. A diagnosis or reason for outpatient treatment center services;
3. Documentation of general consent and, if applicable, informed consent for treatment by the patient or the patient's representative, except in an emergency;
4. If applicable, the name and contact information of the patient's representative and:
   a. If the patient is 18 years of age or older or an emancipated minor, the document signed by the patient consenting for the patient's representative to act on the patient's behalf; or
   b. If the patient's representative:
      i. Has a health care power of attorney established under A.R.S. § 36-3221 or a mental health care power of attorney executed under A.R.S. § 36-3282, a copy of the health care power of attorney or mental health care power of attorney; or
      ii. Is a legal guardian, a copy of the court order establishing guardianship;
5. Documentation of medical history and, if applicable, results of a physical examination;
6. Orders;
7. Assessment;
8. Treatment plans;
9. Interval notes;
10. Progress notes;
11. Documentation of outpatient treatment center services provided to the patient;
12. The name of each individual providing treatment or a diagnostic procedure;
13. Disposition of the patient upon discharge;
14. Documentation of the patient's follow-up instructions provided to the patient;
15. A discharge summary;
16. If applicable:
   a. Laboratory reports,
   b. Radiologic reports,
   c. Sleep disorder reports,
   d. Diagnostic reports, and
   e. Consultation reports;
17. If applicable, documentation of any actions taken to control the patient's sudden, intense, or out-of-control behavior to prevent harm to the patient or another individual, other than actions taken while providing behavioral health observation/stabilization services; and
18. Documentation of a medication administered to the patient that includes:
   a. The date and time of administration;
   b. The name, strength, dosage, and route of administration;
   c. For a medication administered for pain:
      i. An assessment of the patient's pain before administering the medication, and
      ii. The effect of the medication administered;

**R9-10-1010. Medication Services**

**A.** If an outpatient treatment center provides medication administration or assistance in the self-administration of medication, an administrator shall ensure that policies and procedures for medication services:
1. Include:
   a. A process for providing information to a patient about medication prescribed for the patient including:
      i. The prescribed medication's anticipated results,
      ii. The prescribed medication's potential adverse reactions,
      iii. The prescribed medication's potential side effects, and

iv. Potential adverse reactions that could result from not taking the medication as prescribed;
b. Procedures for preventing, responding to, and reporting:
i. A medication error,
ii. An adverse reaction to a medication, or
iii. A medication overdose;
c. Procedures to ensure that a patient's medication regimen is reviewed by a medical practitioner and meets the patient's needs;
d. Procedures for documenting medication administration and assistance in the self-administration of medication;
e. Procedures for assisting a patient in obtaining medication; and
f. If applicable, procedures for providing medication administration or assistance in the self-administration of medication off the premises; and
2. Specify a process for review through the quality management program of:
a. A medication administration error, and
b. An adverse reaction to a medication.

**B.** If an outpatient treatment center provides medication administration, an administrator shall ensure that:
1. Policies and procedures for medication administration:
a. Are reviewed and approved by a medical practitioner;
b. Specify the individuals who may:
i. Order medication, and
ii. Administer medication;
c. Ensure that medication is administered to a patient only as prescribed; and
d. Cover the documentation of a patient's refusal to take prescribed medication in the patient's medical record;
2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law; and
3. A medication administered to a patient is:
a. Administered in compliance with an order, and
b. Documented in the patient's medical record.

**C.** If an outpatient treatment center provides assistance in the self-administration of medication, an administrator shall ensure that:
1. A patient's medication is stored by the outpatient treatment center;
2. The following assistance is provided to a patient:
a. A reminder when it is time to take the medication;
b. Opening the medication container for the patient;
c. Observing the patient while the patient removes the medication from the container;
d. Verifying that the medication is taken as ordered by the patient's medical practitioner by confirming that:
i. The patient taking the medication is the individual stated on the medication container label,
ii. The patient is taking the dosage of the medication stated on the medication container label, and
iii. The patient is taking the medication at the time stated on the medication container label; or
e. Observing the patient while the patient takes the medication;
3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a medical practitioner or registered nurse;
4. Training for a personnel member, other than a medical practitioner or registered nurse, in assistance in the self-administration of medication:
a. Is provided by a medical practitioner or registered nurse or an individual trained by a medical practitioner or registered nurse; and
b. Includes:
i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
iii. The process for notifying the appropriate entities when an emergency medical intervention is needed;
5. A personnel member, other than a medical practitioner or registered nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and
6. Assistance in the self-administration of medication provided to a patient is:
a. In compliance with an order, and
b. Documented in the patient's medical record.

**D.** An administrator shall ensure that:
1. A current drug reference guide is available for use by personnel members;
2. A current toxicology reference guide is available for use by personnel members;
3. If pharmaceutical services are provided:
a. The pharmaceutical services are provided under the direction of a pharmacist;
b. The pharmaceutical services comply with ARS Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23; and
c. A copy of the pharmacy license is provided to the Department upon request.

**E.** When medication is stored at an outpatient treatment center, an administrator shall ensure that:
1. Medication is stored in a separate locked room, closet, or self-contained unit used only for medication storage;
2. Medication is stored according to the instructions on the medication container; and
3. Policies and procedures are established, documented, and implemented for:
   a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication including expired medication;
   b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
   c. A medication recall and notification of patients who received recalled medication; and
   d. Storing, inventorying, and dispensing controlled substances.

**F.** An administrator shall ensure that a personnel member immediately reports a medication error or a patient's adverse reaction to a medication to the medical practitioner who ordered the medication and, if applicable, the outpatient treatment center's clinical director.

**Historical Note**

New Section made by final rulemaking at 14 A.A.R. 294, effective March 8, 2008 (Supp. 08-1). Section amended by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-1011. Behavioral Health Services**

**A.** An administrator of an outpatient treatment center that is authorized to provide behavioral health services shall ensure that:
1. The outpatient treatment center does not provide a behavioral health service the outpatient treatment center is not authorized to provide;
2. The behavioral health services provided by or at the outpatient treatment center:
   a. Are provided under the direction of a behavioral health professional; and
   b. Comply with the requirements:
      i. For behavioral health paraprofessionals and behavioral health technicians in R9-10-115, and
      ii. For an assessment, in subsection (B);
3. A personnel member who provides behavioral health services is at least 18 years old; and
4. If an outpatient treatment center provides behavioral health services to a patient who is less than 18 years of age, the owner and an employee or a volunteer comply with the fingerprint clearance card requirements in A.R.S. § 36-425.03.

**B.** An administrator of an outpatient treatment center that is authorized to provide behavioral health services shall ensure that:
1. Except as provided in subsection (B)(2), a behavioral health assessment for a patient is completed before treatment for the patient is initiated;
2. If a behavioral health assessment that complies with the requirements in this Section is received from a behavioral health provider other than the outpatient treatment center or the outpatient treatment center has a medical record for the patient that contains an assessment that was completed within 12 months before the date of the patient's current admission:
   a. The patient's assessment information is reviewed and updated if additional information that affects the patient's assessment is identified, and
   b. The review and update of the patient's assessment information is documented in the patient's medical record within 48 hours after the review is completed;
3. If a behavioral health assessment is conducted by a:
   a. Behavioral health technician or a registered nurse, within 72 hours a behavioral health professional certified or licensed to provide the behavioral health services needed by the patient reviews and signs the behavioral health assessment to ensure that the behavioral health assessment identifies the behavioral health services needed by the patient; or
   b. Behavioral health paraprofessional, a behavioral health professional certified or licensed to provide the behavioral health services needed by the patient supervises the behavioral health paraprofessional during the completion of the behavioral health assessment and signs the behavioral health assessment to ensure that the assessment identifies the behavioral health services needed by the patient;
4. A behavioral health assessment:
   a. Documents a patient's:
      i. Presenting issue;
      ii. Substance abuse history;
      iii. Co-occurring disorder;
      iv. Medical condition and history;
      v. Legal history, including:

**R9-10-1012. Behavioral Health Observation/Stabilization Services**

**A.** An administrator of an outpatient treatment center that is authorized to provide behavioral health observation/stabilization services shall ensure that:
1. Behavioral health observation/stabilization services are available 24 hours a day, every calendar day;
2. Behavioral health observation/stabilization services are provided in a designated area that:
a. Is used exclusively for behavioral health observation/stabilization services;

b. Has the space for a patient to receive privacy in treatment and care for personal needs; and
c. For every 15 observation chairs or less, has at least one bathroom that contains:
i. A working sink with running water,
ii. A working toilet that flushes and has a seat,
iii. Toilet tissue,
iv. Soap for hand washing,
v. Paper towels or a mechanical air hand dryer,
vi. Lighting, and
vii. A means of ventilation;

3. If the outpatient treatment center is authorized to provide behavioral health observation/stabilization services to individuals under 18 years of age:
a. There is a separate designated area for providing behavioral health observation/stabilization services to individuals under 18 years of age that:
i. Meets the requirements in subsection (B)(2), and
ii. Has floor to ceiling walls that separate the designated area from other areas of the outpatient treatment center;
b. A registered nurse is present in the separate designated area; and
c. A patient under 18 years of age does not share any space, participate in any activity or treatment, or have verbal or visual interaction with a patient 18 years of age or older;
4. A medical practitioner is available;
5. If the medical practitioner present at the outpatient treatment center is a registered nurse practitioner or a physician assistant, a physician is on-call;
6. A registered nurse is present and provides direction for behavioral health observation/stabilization services in the designated area;
7. A nurse monitors each patient at the intervals determined according to subsection (A)(12) and documents the monitoring in the patient's medical record;
8. An individual who arrives at the designated area for behavioral health observation/stabilization services in the outpatient treatment center is screened within 30 minutes after entering the designated area to determine whether the individual is in need of immediate physical health services;
9. If a screening indicates that an individual needs immediate physical health services that the outpatient treatment center is:
a. Able to provide according to the outpatient treatment center's scope of services, the individual is examined by a medical practitioner within 30 minutes after being screened; or
b. Not able to provide, the individual is transferred to a health care institution capable of meeting the individual's immediate physical health needs;
10. If a screening indicates that an individual needs behavioral health observation/stabilization services and the outpatient treatment center has the capabilities to provide the behavioral health observation/stabilization services, the individual is admitted to the designated area for behavioral health observation/stabilization services and may remain in the designated area and receive observation/stabilization services for up to 23 hours and 59 minutes;
11. Before a patient is discharged from the designated area for behavioral health observation/stabilization services, a medical practitioner determines whether the patient will be:
a. If the behavioral health observation/stabilization services are provided in a health care institution that also provides inpatient services and is capable of meeting the patient's needs, admitted to the health care institution as an inpatient;
b. Transferred to another health care institution capable of meeting the patient's needs;
c. Provided a referral to another entity capable of meeting the patient's needs; or
d. Discharged and provided patient follow-up instructions;
12. When a patient is admitted to a designated area for behavioral health observation/stabilization services, an assessment of the patient includes the interval for monitoring the patient based on the patient's medical condition, behavior, suspected drug or alcohol abuse, and medication status to ensure the health and safety of the patient;
13. If a patient is not being admitted as an inpatient to a health care institution, before discharging the patient from a designated area for behavioral health observation/stabilization services, a personnel member:
a. Identifies the specific needs of the patient after discharge necessary to assist the patient to function independently;
b. Identifies any resources, including family members, community social services, peer support services, and Regional Behavioral Health Agency staff, that may be available to assist the patient; and
c. Documents the information in subsection (A)(13)(a) and the resources in subsection (A)(13)(b) in the patient's medical record;
14. When a patient is discharged from a designated area for behavioral health observation/stabilization services, a personnel member:
a. Provides the patient with discharge information that includes:
i. The identified specific needs of the patient after discharge, and
ii. Resources that may be available for the patient; and
b. Contacts any resources identified as required in subsection (A)(13)(b);

15. Except as provided in subsection (A)(16), a patient is not re-admitted to the outpatient treatment center for behavioral health observation/stabilization services within two hours after the patient's discharge from a designated area for behavioral health observation/stabilization services;
16. A patient may be re-admitted to the outpatient treatment center for behavioral health observation/stabilization services within two hours after the patient's discharge if:
    a. It is at least one hour since the time of the patient's discharge;
    b. A law enforcement officer or the patient's case manager accompanies the patient to the outpatient treatment center;
    c. Based on a screening of the patient, it is determined that re-admission for behavioral health observation/stabilization is necessary for the patient; and
    d. The name of the law enforcement officer or the patient's case manager and the reasons for the determination in subsection (A)(16)(c) are documented in the patient's medical record;
17. A patient admitted for behavioral health observation/stabilization services is provided:
    a. An observation chair; or
    b. A separate piece of equipment for the patient to use to sit or recline that:
        i. Is at least 12 inches from the floor; and
        ii. Has sufficient space around the piece of equipment to allow a personnel member to provide behavioral health services and physical health services, including emergency services, to the patient;
18. If an individual is not admitted for behavioral health observation/stabilization services because there is not an observation chair available for the individual's use, a personnel member provides support to the individual to access the services or resources necessary for the individual's health and safety, which may include:
    a. Admitting the individual to the outpatient treatment center to provide behavioral health services other than behavioral health observation/stabilization services;
    b. Establishing a method to notify the individual when there is an observation chair available;
    c. Referring or providing transportation to the individual to another health care institution;
    d. Assisting the individual to contact the individual's support system; and
    e. If the individual is enrolled with a Regional Behavioral Health Authority, contacting the appropriate person to request assistance for the individual;
19. Personnel members establish a log of individuals who were not admitted because there was not an observation chair available and document the individual's name, actions taken to provide support to the individual to access the services or resources necessary for the individual's health and safety, and date and time the actions were taken;
20. The log required in subsection (A)(19) is maintained for at least 12 months after the date of documentation in the log;
21. An observation chair or, as provided in subsection (A)(17)(b), a piece of equipment used by a patient to sit or recline is visible to a personnel member;
22. Except as provided in subsection (A)(23), a patient admitted to receive behavioral health observation/stabilization services is visible to a personnel member;
23. A patient admitted to receive behavioral health observation/stabilization services may use the bathroom and not be visible to a personnel member, if the personnel member:
    a. Determines that the patient is capable of using the bathroom unsupervised,
    b. Is aware of the patient's location, and
    c. Is able to intervene in the patient's actions to ensure the patient's health and safety; and
24. An observation chair:
    a. Effective until July 1, 2015, has space around the observation chair that allows a personnel member to provide behavioral health services and physical health services, including emergency services, to a patient in the observation chair; and
    b. Effective on July 1, 2015, has at least three feet of clear floor space:
        i. On at least two sides of the observation chair, and
        ii. Between the observation chair and any other observation chair.

**B.** An administrator of an outpatient treatment center that is authorized to provide behavioral health observation/stabilization services shall:
1. Have a room used for seclusion that complies with requirements for seclusion rooms in R9-10-316, and
2. Comply with the requirements for restraint and seclusion in R9-10-316.

**C.** An administrator of an outpatient treatment center that is authorized to provide behavioral health observation/stabilization services shall ensure that:
1. Policies and procedures are established, documented, and implemented to protect the health and safety of a patient that:
    a. Cover the process for:
        i. Evaluating a patient previously admitted to the designated area to determine whether the patient is ready for admission to an inpatient setting or discharge, including when to implement the process;
        ii. Contacting other health care institutions that provide behavioral health observation/stabilization services to determine if the patient could be admitted for behavioral health observation/stabilization services in another health care institution, including when to implement the process; and

iii. Ensuring that sufficient personnel members, space, and equipment are available to provide behavioral health observation/stabilization services to patients admitted to receive behavioral health observation/stabilization services; and

b. Establish a maximum capacity of the number of patients for whom the outpatient treatment center is capable of providing behavioral health observation/stabilization services;

2. The outpatient treatment center does not:
   a. Exceed the maximum capacity established by the outpatient treatment center in subsection (C)(1)(b); or
   b. Admit an individual if the outpatient treatment center does not have personnel members, space, and equipment available to provide behavioral health observation/stabilization services to the individual; and
3. Effective on July 1, 2015:
   a. If an admission of an individual causes the outpatient treatment center to exceed the outpatient treatment center's licensed occupancy, the individual is only admitted for behavioral health observation/stabilization services after:
      (i.) A behavioral health professional reviews the individual's screening and determines the admission is an emergency; and
      (ii.) Documents the determination in the individual's medical record; and
   b. The outpatient treatment center's quality management program's plan, required in R9-10-1004(1), includes a method to identify and document each occurrence of exceeding licensed occupancy, to evaluate the occurrences of exceeding licensed occupancy, and to review the actions taken to reduce future occurrences of exceeding licensed occupancy.

**C.** An administrator of an outpatient treatment center that is authorized to provide dialysis services shall ensure that:
1. In addition to the policies and procedures required in R9-10-1003(D), policies and procedures are established, documented, and implemented to protect the health and safety of a patient that cover:
   a. Long-term care plans and patient care plans,
   b. Assigning a patient an identification number,
   c. Personnel members' response to a patient's adverse reaction during dialysis, and

d. Personnel members' response to an equipment malfunction during dialysis;

2. A personnel member complies with the requirements in A.R.S. § 36-423 and R9-10-114 for hemodialysis technicians and hemodialysis technician trainees, if applicable;
3. A personnel member completes basic cardiopulmonary resuscitation training specific to the age of the patients receiving dialysis from the outpatient treatment center:
   a. Before providing dialysis services, and
   b. At least once every 12 months after the initial date of employment or volunteer service;
4. A personnel member wears a name badge that displays the individual's first name, job title, and professional license or certification; and
5. At least one registered nurse or medical practitioner is on the premises while a patient receiving dialysis services is on the premises.

**D.** An administrator of an outpatient treatment center that is authorized to provide dialysis services shall ensure that:

1. The premises of the outpatient treatment center where dialysis services are provided complies with the applicable physical plant health and safety codes and standards for outpatient treatment centers providing dialysis services, incorporated by reference in R9-10-104.01, that were in effect on the date listed on the building permit or zoning clearance submitted, as required by R9-10-104, as part of the application for approval of the architectural plans and specifications submitted before initial approval of the inclusion of dialysis services in the outpatient treatment center's scope of services;
2. Before a modification of the premises of an outpatient treatment center where dialysis services are provided is made, an application for approval of the architectural plans and specifications of the outpatient treatment center required in R9-10-104(A):
   a. Is submitted to the Department; and
   b. Demonstrates compliance with the applicable physical plant health and safety codes and standards for outpatient treatment centers providing dialysis services, incorporated by reference in R9-10-104.01, in effect on the date:
      i. Listed on the building permit or zoning clearance submitted as part of the application for approval of the architectural plans and specifications for the modification, or
      ii. The application for approval of the architectural plans and specifications of the modification of the outpatient treatment center required in R9-10-104(A) is submitted to the Department; and
3. A modification of the outpatient treatment center complies with applicable physical plant health and safety codes and standards for outpatient treatment centers providing dialysis services, incorporated by reference in R9-10-104.01 in effect on the date:
   a. Listed on the building permit or zoning clearance submitted as part of the application for approval of the architectural plans and specifications for the modification, or
   b. The application for approval of the architectural plans and specifications required in R9-10-104(A) is submitted to the Department.

**E.** An administrator of an outpatient treatment center that is authorized to provide dialysis services shall ensure that for a patient receiving dialysis services:

1. The dialysis services provided to the patient meet the needs of the patient;
2. A physician:
   a. Performs a medical history and physical examination on the patient within 30 calendar days before admission or within 48 hours after admission, and
   b. Documents the medical history and physical examination in the patient's medical record within 48 hours after admission;
3. If the patient's medical history and physical examination required in subsection (E)(2) is not performed by the patient's nephrologist, the patient's nephrologist, within 30 calendar days after the date of the medical history and physical examination:
   a. Reviews and authenticates the patient's medical history and physical examination, documents concurrence with the medical history and physical examination, and includes information specific to nephrology; or
   b. Performs a medical history and physical examination that includes information specific to nephrology;
4. The patient's nephrologist or the nephrologist's designee:
   a. Performs a medical history and physical examination on the patient at least once every 12 months after the date of the patient's admission to the outpatient treatment center, and
   b. Documents monthly notes related to the patient's progress in the patient's medical record;
5. A registered nurse responsible for the nursing services provided to the patient receiving dialysis services:
   a. Reviews with the patient the results of any diagnostic tests performed on the patient;
   b. Assesses the patient's medical condition before the patient begins receiving hemodialysis and after the patient has received hemodialysis;
   c. If the patient returns to another health care institution after receiving dialysis services at the outpatient treatment center, provides an oral or written notice of information related to the patient's medical condition to the registered nurse responsible for the nursing services provided to the patient at the health care institution or, if there is not a registered nurse responsible, the individual responsible for the medical services, nursing services, or health-related services provided to the patient at the health care institution;
   d. Informs the patient's nephrologist of any changes in the patient's medical condition or needs; and
   e. Documents in the patient's medical record:
      i. Any notice provided as required in subsection (E)(5)(c), and

ii Monthly notes related to the patient's progress;

6. If the patient is not stable, before dialysis is provided to the patient, a nephrologist is notified of the patient's medical condition and dialysis is not provided until the nephrologist provides direction;
7. The patient:
   a. Is under the care of a nephrologist;
   b. Is assigned a patient identification number according to the policy and procedure in subsection (C)(1)(b);
   c. Is identified by a personnel member before beginning dialysis;
   d. Receives the dialysis services ordered for the patient by a medical practitioner;
   e. Is monitored by a personnel member while receiving dialysis at least once every 30 minutes; and
   f. If the outpatient treatment center reprocesses and reuses dialyzers, is informed that the outpatient treatment center reprocesses and reuses dialyzers before beginning hemodialysis;
8. Equipment used for hemodialysis is inspected and tested according to the manufacturer's recommendations or the outpatient treatment center's policies and procedures before being used to provide hemodialysis to a patient;
9. The equipment inspection and testing required in subsection (E)(8) is documented in the patient's medical record;
10. Supplies and equipment used for dialysis services for the patient are used, stored, and discarded according to manufacturer's recommendations;
11. If hemodialysis is provided to the patient, a personnel member:
    a. Inspects the dialyzer before use to ensure that the:
       i. External surface of the dialyzer is clean;
       ii. Dialyzer label is intact and legible;
       iii. Dialyzer, blood port, and dialysate port are free from leaks and cracks or other structural damage; and
       iv. Dialyzer is free of visible blood and other foreign material;
    b. Verifies the order for the dialyzer to ensure the correct dialyzer is used for the correct patient;
    c. Verifies the duration of dialyzer storage based on the type of germicide used or method of sterilization or disinfection used;
    d. If the dialyzer has been reprocessed and is being reused, verifies that the label on the dialyzer includes:
       i. The patient's name and the patient's identification number,
       ii. The number of times the dialyzer has been used in patient treatments,
       iii. The date of the last use of the dialyzer by the patient, and
       iv. The date of the last reprocessing of the dialyzer;
    e. If the patient's name is similar to the name of another patient receiving dialysis in the same outpatient treatment center, informs other personnel members, employees, and volunteers, of the similar names to ensure that the name or other identifying information on the label corresponds to the correct patient; and
    f. Ensures that a patient's vascular access is visible to a personnel member during dialysis;
12. A patient receiving dialysis is visible to a nurse at a location used by nurses to coordinate patients and treatment;
13. If the patient has an adverse reaction during dialysis, a personnel member responds by implementing the policy and procedure required in subsection (C)(1)(c);
14. If the equipment used during the patient's dialysis malfunctions, a personnel member responds by implementing the policy and procedure required in subsection (C)(1)(d); and
15. After a patient's discharge from an outpatient treatment center, the nephrologist responsible for the dialysis services provided to the patient documents the patient's discharge in the patient's medical record within 30 calendar days after the patient's discharge and includes:
    a. A description of the patient's medical condition and the dialysis services provided to the patient, and
    b. The signature of the nephrologist.

**F.** If an outpatient treatment center provides support for self-dialysis services, an administrator shall ensure that:

1. A patient or the patient's caregiver is:
   a. Instructed to use the equipment to perform self-dialysis by a personnel member trained to provide the instruction, and
   b. Monitored in the patient's home to assess the patient's or patient caregiver's ability to use the equipment to perform self-dialysis;
2. Instruction provided to a patient as required in subsection (F)(1)(a) and monitoring in the patient's home as required in subsection (F)(1)(b) is documented in the patient's medical record;
3. All supplies for self-dialysis necessary to meet the needs of the patient are provided to the patient;
4. All equipment necessary to meet the needs of the patient's self-dialysis is provided for the patient and maintained by the outpatient treatment center according to the manufacturer's recommendations;
5. The water used for hemodialysis is tested and treated according to the requirements in subsection (N);
6. Documentation of the self-dialysis maintained by the patient or the patient's caregiver is:
   a. Reviewed to ensure that the patient is receiving continuity of care, and
   b. Placed in the patient's medical record; and
7. If a patient uses self-dialysis and self-administers medication:

a. The medical practitioner responsible for the dialysis services provided to the patient reviews the patient's diagnostic laboratory tests;
b. The patient and the patient's caregiver are informed of any potential:
   i. Side effects of the medication; and
   ii. Hazard to a child having access to the medication and, if applicable, a syringe used to inject the medication; and
c. The patient or the patient's caregiver is:
   i. Taught the route and technique of administration and is able to administer the medication, including injecting the medication;
   ii. Taught and able to perform sterile techniques if the patient or the patient's caregiver will be injecting the medication;
   iii. Provided with instructions for the administration of the medication, including the specific route and technique the patient or the patient's caregiver has been taught to use;
   iv. Able to read and understand the directions for using the medication;
   v. Taught and able to self-monitor the patient's blood pressure; and
   vi. Informed how to store the medication according to the manufacturer's instructions.

**G.** An administrator of an outpatient treatment center that is authorized to provide dialysis services shall ensure that a social worker is employed by the outpatient treatment center to meet the needs of a patient receiving dialysis services including:
1. Conducting an initial psychosocial evaluation of the patient within 30 calendar days after the patient's admission to the outpatient treatment center;
2. Participating in reviewing the patient's need for social work services;
3. Recommending changes in treatment based on the patient's psychosocial evaluation;
4. Assisting the patient and the patient's representative in obtaining and understanding information for making decisions about the medical services provided to the patient;
5. Identifying community agencies and resources and assisting the patient and the patient's representative to utilize the community agencies and resources;
6. Documenting monthly notes related to the patient's progress in the patient's medical record; and
7. Conducting a follow-up psychosocial evaluation of the patient at least once every 12 months after the date of the patient's admission to the outpatient treatment center.

**H.** An administrator of an outpatient treatment center that is authorized to provide dialysis services shall ensure that a registered dietitian is employed by the outpatient treatment center to assist a patient receiving dialysis services to meet the patient's nutritional and dietetic needs including:
1. Conducting an initial nutritional assessment of the patient within 30 calendar days after the patient's admission to the outpatient treatment center;
2. Consulting with the patient's nephrologist and recommending a diet to meet the patient's nutritional needs;
3. Providing advice to the patient and the patient's representative regarding a diet prescribed by the patient's nephrologist;
4. Monitoring the patient's adherence and response to a prescribed diet;
5. Reviewing with the patient any diagnostic test performed on the patient that is related to the patient's nutritional or dietetic needs;
6. Documenting monthly notes related to the patient's progress in the patient's medical record; and
7. Conducting a follow-up nutritional assessment of the patient at least once every 12 months after the date of the patient's admission to the outpatient treatment center.

**I.** An administrator of an outpatient treatment center that is authorized to provide dialysis services shall ensure that a long-term care plan for each patient:
1. Is developed by a team that includes at least:
   a. The chief clinical officer of the outpatient treatment center;
   b. If the chief clinical officer is not a nephrologist, the patient's nephrologist;
   c. A transplant surgeon or the transplant surgeon's designee;
   d. A registered nurse responsible for nursing services provided to the patient;
   e. A social worker;
   f. A registered dietitian; and
   g. The patient or patient's representative, if the patient or patient's representative chooses to participate in the development of the long-term care plan;
2. Identifies the modality of treatment and dialysis services to be provided to the patient;
3. Is reviewed and approved by the chief clinical officer;
4. Is signed and dated by each personnel member participating in the development of the long-term care plan;
5. Includes documentation signed by the patient or the patient's representative that the patient or the patient's representative was provided an opportunity to participate in the development of the long-term care plan;
6. Is signed and dated by the patient or the patient's representative; and
7. Is reviewed at least once every 12 months by the team in subsection (I)(1) and updated according to the patient's needs.

**J.** An administrator of an outpatient treatment center that is authorized to provide dialysis services shall ensure that a patient care plan for each patient:
1. Is developed by a team that includes at least:

a. The patient's nephrologist;
b. A registered nurse responsible for nursing services provided to the patient;
c. A social worker;
d. A registered dietitian; and
e. The patient or the patient's representative, if the patient or patient's representative chooses to participate in the development of the patient care plan;
2. Includes an assessment of the patient's need for dialysis services;
3. Identifies treatment and treatment goals;
4. Is signed and dated by each personnel member participating in the development of the patient care plan;
5. Includes documentation signed by the patient or the patient's representative that the patient or the patient's representative was provided an opportunity to participate in the development of the patient care plan;
6. Is signed and dated by the patient or the patient's representative;
7. Is implemented;
8. Is evaluated by:
a. The registered nurse responsible for the dialysis services provided to the patient,
b. The registered dietitian providing services to the patient related to the patient's nutritional or dietetic needs, and
c. The social worker providing services to the patient related to the patient's psychosocial needs;
9. Includes documentation of interventions, resolutions, and outcomes related to treatment goals; and
10. Is reviewed and updated according to the needs of the patient:
a. At least once every six months for a patient whose medical condition is stable, and
b. At least once every 30 calendar days for a patient whose medical condition is not stable.

**K.** In addition to the requirements in R9-10-1009(C), an administrator of an outpatient treatment center that is authorized to provide dialysis services shall ensure that a medical record for each patient contains:
1. An annual medical history;
2. An annual physical examination;
3. Monthly notes related to the patient's progress by a medical practitioner, registered dietitian, social worker, and registered nurse;
4. If applicable, documentation of:
a. The equipment inspection and testing required in subsection (E)(9), and
b. The self-dialysis required in subsection (F)(2); and
5. If applicable, documentation of the patient's discharge.

**L.** For a patient who received dialysis services, an administrator shall ensure that after the patient's discharge from an outpatient treatment center that is authorized to provide dialysis services, the nephrologist responsible for the dialysis services provided to the patient documents the patient's discharge in the patient's medical record within 30 calendar days after the patient's discharge and includes:
1. A description of the patient's medical condition and the dialysis services provided to the patient, and
2. The signature of the nephrologist.

**M.** If an outpatient treatment center reuses dialyzers or other dialysis supplies, an administrator shall ensure that the outpatient treatment center complies with the guidelines adopted by the Association for the Advancement of Medical Instrumentation in Reprocessing of Hemodialyzers, ANSI/AAMI RD47:2008/(R)2013, incorporated by reference, available through http://my.aami.org/store/, on file with the Department, and including no future editions or amendments.

**N.** A chief clinical officer shall ensure that the quality of water used in dialysis conforms to the guidelines adopted by the Association for the Advancement of Medical Instrumentation in Dialysis Water and Dialysate Recommendations: A User Guide, incorporated by reference, available through http://my.aami.org/store/, on file with the Department, and including no future editions or amendments.

**Historical Note**

Adopted as an emergency effective November 17, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6). Former Section R9-10-1018 adopted as an emergency now adopted and amended as a permanent rule effective February 15, 1984 (Supp. 84-1). Repealed by summary action interim effective date July 21, 1995 (Supp. 95-3). The proposed summary action repealing R9-10-1018 was remanded by the Governor's Regulatory Review Council which revoked the interim effectiveness of the summary rule. The Section in effect before the proposed summary action has been restored (Supp. 97-1). Section repealed by final rulemaking at 5 A.A.R. 1222, effective April 5, 1999 (Supp. 99-2). Amended by final expedited rulemaking, at 25 A.A.R. 3481 with an immediate effective date of November 5, 2019 (Supp. 19-4).

**R9-10-1019. Emergency Room Services**

An administrator of an outpatient treatment center that is authorized to provide emergency room services shall ensure that:
1. Emergency room services are:
a. Available on the premises:
i. At all times, and

ii. To stabilize an individual's emergency medical condition; and
b. Provided:
i. In a designated area, and
ii. Under the direction of a physician;
2. Clinical laboratory services are available on the premises;
3. Diagnostic imaging services are available on the premises;
4. An area designated for emergency room services complies with the physical plant codes and standards for a freestanding emergency care facility in R9-10-104.01;
5. Policies and procedures are established, documented, and implemented to protect the health and safety of a patient that specify requirements for the use of a room used for seclusion that meets the requirements in R9-10-217(D);
6. A physician is present in an area designated for emergency room services;
7. A registered nurse is present in an area designated for emergency room services and provides direction for nursing services in the designated area;
8. The outpatient treatment center has a documented transfer agreement with a general hospital;
9. Emergency room services are provided to an individual, including a woman in active labor, requesting medical services in an emergency;
10. If emergency room services cannot be provided at the outpatient treatment center, measures and procedures are implemented to minimize the risk to the patient until the patient is transferred to the general hospital with which the outpatient treatment center has a transfer agreement as required in subsection (8);
11. There is a chronological log of emergency room services provided to a patient that includes:
a. The patient's name;
b. The date, time, and mode of arrival; and
c. The disposition of the patient, including discharge or transfer; and
12. The chronological log required in subsection (11) is maintained:
a. In the designated area for emergency room services for at least 12 months after the date the emergency room services were provided; and
b. By the outpatient treatment center for a total of at least 24 months after the date the emergency room services were provided.

**R9-10-1020. Opioid Treatment Services**

**A.** A governing authority of an outpatient treatment center that is authorized to provide opioid treatment services shall:
1. Ensure that the outpatient treatment center obtains certification by the Substance Abuse and Mental Health Services Administration before providing opioid treatment,
2. Maintain a current Substance Abuse and Mental Health Services Administration certificate for the outpatient treatment center on the premises, and
3. Ensure that the administrator appointed as required in R9-10-1003(B)(3) is named on the Substance Abuse and Mental Health Services Administration certificate as the individual responsible for the opioid treatment services provided by or at the outpatient treatment center.

**B.** An administrator of an outpatient treatment center that is authorized to provide opioid treatment services shall ensure that:
1. In addition to the policies and procedures required in R9-10-1003(D), policies and procedures are established, documented, and implemented to protect the health and safety of a patient that:
a. Include the criteria for receiving opioid treatment services and address:
i. Comprehensive maintenance treatment consisting of dispensing or administering an opioid agonist treatment medication at stable dosage levels to a patient for a period in excess of 21 calendar days and providing medical and health-related services to the patient, and
ii. Detoxification treatment that occurs over a continuous period of more than 30 calendar days;
b. Include the criteria and procedures for discontinuing opioid treatment services;
c. Address the needs of specific groups of patients, such as patients who:
i. Are pregnant;
ii. Are children;

iii. Have chronic or acute medical conditions such as HIV infection, hepatitis, diabetes, tuberculosis, or cardiovascular disease;
iv. Have a mental disorder;
v. Abuse alcohol or other drugs; or
vi. Are incarcerated or detained;
d. Contain a method of patient identification to ensure the patient receives the opioid treatment services ordered;
e. Contain methods to assess whether a patient is receiving concurrent opioid treatment services from more than one health care institution;
f. Contain methods to ensure that the opioid treatment services provided to a patient by or at the outpatient treatment center meet the patient's needs;
g. Include relapse prevention procedures;
h. Include for laboratory testing:
i. Criteria for the assessment of a patient's opioid agonist blood levels,
ii. Procedures for specimen collection and processing to reduce the risk of fraudulent results, and
iii. Procedures for conducting random drug testing of patients receiving an opioid agonist treatment medication;
i. Include procedures for the response of personnel members to a patient's adverse reaction during opioid treatment; and
j. Include criteria for dispensing one or more doses of an opioid agonist treatment medication to a patient for use off the premises and address:
i. Who may authorize dispensing,
ii. Restrictions on dispensing, and
iii. Information to be provided to a patient or the patient's representative before dispensing;
2. A physician provides direction for the opioid treatment services provided at the outpatient treatment center;
3. If a patient requires administration of an opioid agonist treatment medication as a result of chronic pain, the patient:
a. Receives consultation with or a referral for consultation with a physician or registered nurse practitioner who specializes in chronic pain management, and
b. Is not admitted for opioid treatment services:
i. Unless the patient is physically addicted to an opioid drug, as manifested by the symptoms of withdrawal in the absence of the opioid drug; and
ii. A medical practitioner at the outpatient treatment center coordinates with the physician or registered nurse practitioner who is providing chronic pain management to the patient; and
4. In addition to the requirements in R9-10-1009(C), a medical record for each patient contains:
a. If applicable, documentation of the dispensing of doses of an opioid agonist treatment medication to the patient for use off the premises; and
b. If applicable, documentation of the patient's discharge from receiving opioid treatment services.

**C.** An administrator of an outpatient treatment center that is authorized to provide opioid treatment services shall ensure that for a patient receiving opioid treatment services:
1. The opioid treatment services provided to the patient meet the needs of the patient;
2. A physician or a medical practitioner under the direction of a physician:
a. Performs a medical history and physical examination on the patient within 30 calendar days before admission or within 48 hours after admission, and
b. Documents the medical history and physical examination in the patient's medical record within 48 hours after admission;
3. Before receiving opioid treatment, the patient is informed of the following:
a. The progression of opioid addiction and the patient's apparent stage of opioid addiction;
b. The goal and benefits of opioid treatment;
c. The signs and symptoms of overdose and when to seek emergency assistance;
d. The characteristics of opioid agonist treatment medication, including common side-effects and potential interaction effects with other drugs;
e. The requirement for a staff member to report suspected or alleged abuse or neglect of a child or an incapacitated or vulnerable adult according to state law;
f. Confidentiality requirements;
g. Drug screening and urinalysis procedures;
h. Requirements for dispensing to a patient one or more doses of an opioid agonist treatment medication for use by the patient off the premises;
i. Testing and treatment available for HIV and other communicable diseases; and
j. The patient complaint process;
4. Documentation of the provision of the information specified in subsection (C)(3) is included in the patient's medical record;
5. The patient receives a dose of an opioid agonist treatment medication only on the order of a medical practitioner;

6. The patient begins detoxification treatment only at the request of the patient or according to the outpatient treatment center's policy and procedure for discontinuing opioid treatment services required in subsection (B)(1)(b);
7. If the patient has an adverse reaction during opioid treatment, a personnel member and, if appropriate, a medical practitioner responds by implementing the policy and procedure required in subsection (B)(1)(i);
8. Before the patient's discharge from opioid treatment services, the patient is provided with patient follow-up instructions that:
   a. Include information that may reduce the risk of relapse; and
   b. May include a referral for counseling, support groups, or medication for depression or sleep disorders; and
9. After the patient's discharge from opioid treatment services provided by or at the outpatient treatment center, the medical practitioner responsible for the opioid treatment services provided to the patient documents the patient's discharge in the patient's medical record within 30 calendar days after the patient's discharge and includes:
   a. A description of the patient's medical condition and the opioid treatment services provided to the patient, and
   b. The signature of the medical practitioner.

**D.** An administrator of an outpatient treatment center that is authorized to provide opioid treatment services shall ensure that an assessment for each patient receiving opioid treatment services:
1. Includes, in addition to the information in R9-10-1010(B):
   a. An assessment of the patient's need for opioid treatment services,
   b. An assessment of the patient's medical conditions that may be affected by opioid treatment,
   c. An assessment of other medications being taken by the patient and conditions that may be affected by opioid treatment, and
   d. A plan to prevent relapse;
2. Identifies the treatment to be provided to the patient and treatment goals; and
3. Specifies whether the patient may receive an opioid agonist treatment medication for use off the premises and, if so, the number of doses that may be dispensed.

**Historical Note**

Adopted as an emergency effective November 17, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6). Former Section R9-10-1020 adopted as an emergency now adopted and amended as a permanent rule effective February 15, 1984 (Supp. 84-1). Repealed by summary action, interim effective date July 21, 1995 (Supp. 95-3). The proposed summary action repealing R9-10-1020 was remanded by the Governor's Regulatory Review Council which revoked the interim effectiveness of the summary rule. The Section in effect before the proposed summary action has been restored (Supp. 97-1). Section repealed by final rulemaking at 5 A.A.R. 1222, effective April 5, 1999 (Supp. 99-2). New Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-1021. Pain Management Services**

A medical director of an outpatient treatment center that is authorized to provide pain management services shall ensure that:
1. Pain management services are provided under the direction of:
   a. A physician; or
   b. A nurse practitioner licensed according to A.R.S. Title 32, Chapter 15 with advanced pain management certification from a nationally recognized accreditation or certification entity;
2. A personnel member certified in cardiopulmonary resuscitation is available on the outpatient treatment center's premise;
3. If a controlled substance is used to provide pain management services:
   a. A medical practitioner discusses the risks and benefits of using a controlled substance with a patient;
   b. If the controlled substance is an opioid, the outpatient treatment center complies with the requirements in R9-10-2006; and
   c. The following information is included in a patient's medical record:
      i. The patient's history of substance use disorder,
      ii. Documentation of the discussion in subsection (3)(a),
      iii. The nature and intensity of the patient's pain, and
      iv. The objectives used to determine whether the patient is being successfully treated; and
4. If an injection or a nerve block is used to provide pain management services:
   a. Before the injection or nerve block is initially used on a patient, an evaluation of the patient is performed by a physician or nurse anesthetist;
   b. An injection or nerve block is administered by a physician or nurse anesthetist; and
   c. The following information is included in a patient's medical record:
      i. The evaluation of the patient required in subsection (4)(a),
      ii. A record of the administration of the injection or nerve block, and
      iii. Any resuscitation measures taken; and
5. An outpatient treatment center that meets the definition of a pain management clinic in A.R.S. § 36-448.01 and complies with 9 Article 20 of this Chapter.

**R9-10-1025. Respite Services**

**A.** In addition to the definitions in A.R.S. § 36-401, R9-10-101, and R9-10-1001, the following definitions apply in this Section:

1. "Emergency safety response" has the same meaning as in R9-10-701.
2. "Outing" means travel by a child, who is receiving respite services provided by an outpatient treatment center, to a location away from the outpatient treatment center premises or, if applicable, the child's residence for a specific activity.
3. "Parent" means a child's:
   a. Mother or father, or
   b. Legal guardian.

**B.** An administrator of an outpatient treatment center that is authorized to provide respite services shall ensure that:
1. Respite services are not provided in a personnel member's residence unless the personnel member's residence is licensed as a behavioral health respite home;
2. Except for an outpatient treatment center that is authorized to provide respite services for children on the premises, respite services are provided:
   a. In a patient's residence; or
   b. Up to 10 continuous hours in a 24-hour time period while the individual who is receiving the respite services is:
      i. Supervised by a personnel member;
      ii. Awake;
      iii. Except as stated in subsection (B)(3), provided food;
      iv. Allowed to rest;
      v. Provided an opportunity to use the toilet and meet the individual's hygiene needs; and
      vi. Participating in activities in the community but is not in a licensed health care institution or child care facility; and
3. If a child is provided respite services according to subsection (B)(2)(b), the child is provided the appropriate meals or snacks in subsection (J)(1) for the amount of time the child is receiving respite services from the outpatient treatment center.

**C.** If an outpatient treatment center that is authorized to provide respite services for children includes outings in the outpatient treatment center's scope of services, an administrator shall ensure that:
1. Before a personnel member takes a child receiving respite services on an outing, written permission is obtained from the child's parent that includes:
   a. The child's name;
   b. A description of the outing;
   c. The name of the outing destination, if applicable;
   d. The street address and, if available, the telephone number of the outing destination;
   e. Either:
      i. The date or dates of the outing; or
      ii. The time period, not to exceed 12 months, during which the permission is given;
   f. The projected time of departure from the outpatient treatment center or, if applicable, the child's residence;
   g. The projected time of arrival back at the outpatient treatment center or, if applicable, the child's residence; and
   h. The dated signature of the child's parent;
2. Each motor vehicle used on an outing by a personnel member for a child receiving respite services from the outpatient treatment center:
   a. Is maintained in a mechanically safe condition;
   b. Is free from hazards;
   c. Has an operational heating system;
   d. Has an operational air-conditioning system; and
   e. Is equipped with:
      i. A first-aid kit that meets the requirements in subsection (S)(1), and
      ii. Two large, clean towels or blankets;
3. On an outing, a child does not ride in a truck bed, camper, or trailer attached to a motor vehicle;
4. The Department is notified within 24 hours after a motor vehicle accident that involves a child who is receiving respite services while riding in the motor vehicle on an outing; and
5. A personnel member who drives a motor vehicle with children receiving respite services from the outpatient treatment center in the motor vehicle:
   a. Requires that each door be locked before the motor vehicle is set in motion and keeps the doors locked while the motor vehicle is in motion;
   b. Does not permit a child to be seated in front of a motor vehicle's air bag;
   c. Requires that a child remain seated and entirely inside the motor vehicle while the motor vehicle is in motion;
   d. Requires that a child is secured, as required in A.R.S. § 28-907 or A.R.S. § 28-909, before the motor vehicle is set in motion and while the motor vehicle is in motion;
   e. Assists a child into or out of the motor vehicle away from moving traffic at curbside or in a driveway, parking lot, or other location designated for this purpose;
   f. Carries drinking water in an amount sufficient to meet the needs of each child on the outing and a sufficient number of cups or other drinking receptacles so that each child can drink from a different cup or receptacle; and
   g. Accounts for each child while on the outing.

**D.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall ensure that:

1. Respite services are only provided on the premises for up to 10 continuous hours per day between the hours of 6:00 a.m. and 10:00 p.m.;
2. The specific 10 continuous hours per day during which the outpatient treatment center provides respite services on the premises is stated in the outpatient treatment center's hours of operation that is submitted as part of the outpatient treatment center's license application and according to R9-10-1002(D);
3. A personnel member, who is expected to provide respite services eight or more hours a week, complies with the requirements for tuberculosis screening in R9-10-113;
4. At least one personnel member who has current training in first aid and cardiopulmonary resuscitation is available on the premises when a child is receiving respite services on the premises;
5. At least one personnel member who has completed training in crisis intervention according to R9-10-716(F) is available on the premises when a child is receiving respite services on the premises;
6. A personnel member does not use or possess any of the following items when a child receiving respite services is on the premises:
   a. A controlled substance as listed in A.R.S. Title 36, Chapter 27, Article 2, except where used as a prescription medication in the manner prescribed;
   b. A dangerous drug as defined in A.R.S. § 13-3401, except where used as a prescription medication in the manner prescribed;
   c. A prescription medication as defined in A.R.S. § 32-1901, except where used in the manner prescribed; or
   d. A firearm as defined in A.R.S. § 13-105;
7. An unannounced fire and emergency evacuation drill is conducted at least once a month, and at different times of the day, and each personnel member providing respite services for children on the premises and each child receiving respite services on the premises participates in the fire and emergency evacuation drill;
8. Each fire and emergency evacuation drill is documented, and the documentation is maintained for at least 12 months after the date of the fire and emergency evacuation drill;
9. Before a child receives respite services on the premises of the outpatient treatment center, in addition to the requirements in R9-10-1009, the following information is obtained and maintained in the child's medical record;
   a. The name, home address, city, state, zip code, and contact telephone number of each parent of the child;
   b. The name and contact telephone number of at least two additional individuals authorized by the child's parent to collect the child from the outpatient treatment center;
   c. The name and contact telephone number of the child's health care provider;
   d. The written authorization for emergency medical care of the child when the parent cannot be contacted at the time of an emergency;
   e. The name of the individual to be contacted in case of injury or sudden illness of the child;
   f. If applicable, a description of any dietary restrictions or needs due to a medical condition or diagnosed food sensitivity or allergy;
   g. A written record completed by the child's parent or health care provider noting the child's susceptibility to illness, physical conditions of which a personnel member should be aware, and any specific requirements for health maintenance; and
10. Documentation is obtained and maintained in the child's medical record each time the child receives respite services on the premises that includes:
    a. The date and time of each admission to and discharge from receiving respite services; and
    b. A signature, which contains at least a first initial of a first name and the last name of the child's parent or other individual designated by the child's parent, each time the child is admitted or discharged from receiving respite services on the premises;
11. Policies and procedures are developed, documented, and implemented to ensure that the identity of an individual is known to a personnel member or is verified with picture identification before the personnel member discharges a child to the individual;
12. A child is not discharged to an individual other than the child's parent or other individual designated according to subsection (D)(9)(b), except:
    a. When the child's parent authorizes the administrator by telephone or electronic means to release the child to an individual not so designated, and
    b. The administrator can verify the telephone or electronic authorization using a means of verification that has been agreed to by the administrator and the child's parent and documented in the child's medical record; and
13. The number of personnel members providing respite services for children on the premises is determined by the needs of the children present, with a minimum of at least:
    a. One personnel member providing supervision for every five children receiving respite services on the premises; and
    b. Two personnel members on the premises when a child is receiving respite services on the premises.

**E.** If swimming activities are conducted at a swimming pool for a child receiving respite services on the premises of an outpatient treatment center, an administrator shall ensure that there is an individual at the swimming pool on the premises who has current lifeguard

certification that includes a demonstration of the individual's ability to perform cardiopulmonary resuscitation. If the individual is a personnel member, the personnel member cannot be counted in the personnel member-to-children ratio required by subsection (D)(13).

**F.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall ensure that in each area designated for providing respite services:

1. Drinking water is provided sufficient for the needs of and accessible to each child in both indoor and outdoor areas;
2. Indoor areas used by children are decorated with age-appropriate articles such as bulletin boards, pictures, and posters;
3. Storage space is provided for indoor and outdoor toys, materials, and equipment in areas accessible to children;
4. Clean clothing is available to a child when the child needs a change of clothing;
5. At least one indoor area in the outpatient treatment center where respite services are provided for children is equipped with at least one cot or mat, a sheet, and a blanket, where a child can rest quietly away from the other children;
6. Except as provided in subsection (AA)(2)(a), outdoor or large muscle development activities are scheduled to allow not less than 75 square feet for each child occupying the outdoor area or indoor area substituted for outdoor area at any time;
7. The premises, including the buildings, are maintained free from hazards;
8. Toys and play equipment, required in this Section, are maintained:
   a. Free from hazards, and
   b. In a condition that allows the toy or play equipment to be used for the original purpose of the toy or play equipment;
9. Temperatures are maintained between 70° F and 84° F in each room or indoor area used by children;
10. Except when a child is napping or sleeping or for a child who has a sensory issue documented in the child's behavioral health assessment, each room or area used by a child is maintained at a minimum of 30 foot candles of illumination;
11. When a child is napping or sleeping in a room, the room is maintained at a minimum of five foot candles of illumination;
12. Each child's toothbrush, comb, washcloth, and cloth towel that are provided for the child's use by the child's parent are maintained in a clean condition and stored in an identified space separate from those of other children;
13. Except as provided in subsection (F)(14), the following are stored separate from food storage areas and are inaccessible to a child:
    a. All materials and chemicals labeled as a toxic or flammable substance;
    b. All substances that have a child warning label and may be a hazard to a child; and
    c. Lawn mowers, ladders, toilet brushes, plungers, and other equipment that may be a hazard to a child;
14. Hand sanitizers:
    a. When being stored, are stored separate from food storage areas and are inaccessible to children; and
    b. When being provided for use, are accessible to children; and
15. Except when used as part of an activity, the following are stored in an area inaccessible to a child:
    a. Garden tools, such as a rake, trowel, and shovel; and
    b. Cleaning equipment and supplies, such as a mop and mop bucket.

**G.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall ensure that a personnel member:

1. Supervises each child at all times;
2. Does not smoke or use tobacco:
   a. In any area where respite services may be provided for a child, or
   b. When transporting or transferring a child;
3. Except for a child who can change the child's own clothing, changes a child's clothing when wet or soiled;
4. Empties clothing soiled with feces into a toilet without rinsing;
5. Places a child's soiled clothing in a plastic bag labeled with the child's name, stores the clothing in a container used for this purpose, and sends the clothing home with the child's parent;
6. Prepares and posts in each indoor area, before the first child arrives to receive respite services that day, a current schedule of age-appropriate activities that meet the needs of the children receiving respite services that day, including the times the following are provided:
   a. Meals and snacks,
   b. Naps,
   c. Indoor activities,
   d. Outdoor or large muscle development activities,
   e. Quiet and active activities,
   f. Personnel member-directed activities,
   g. Self-directed activities, and
   h. Activities that develop small muscles;
7. Provides activities and opportunities, consistent with a child's behavioral health assessment, for each child to:
   a. Gain a positive self-concept;
   b. Develop and practice social skills;
   c. Acquire communication skills;
   d. Participate in large muscle physical activity;

e. Develop habits that meet health, safety, and nutritional needs;
f. Express creativity;
g. Learn to respect cultural diversity of children and staff;
h. Learn self-help skills; and
i. Develop a sense of responsibility and independence;

8. Implements the schedule in subsection (G)(6);
9. If an activity on the schedule in subsection (G)(6) is not implemented, writes on the schedule the activity that was not implemented and what activity was substituted;
10. Ensures that each indoor area has a supply of age-appropriate toys, materials, and equipment, necessary to implement the schedule required in subsection (G)(6), in a quantity sufficient for the number of children receiving respite services at the outpatient treatment center that day, including:
    a. Art and crafts supplies;
    b. Books;
    c. Balls;
    d. Puzzles, blocks, and toys to enhance manipulative skills;
    e. Creative play toys;
    f. Musical instruments; and
    g. Indoor and outdoor equipment to enhance large muscle development;
11. Does the following when a parent permits or asks a personnel member to apply personal products, such as petroleum jelly, diaper rash ointments, sun screen or sun block preparations, toothpaste, and baby diapering preparations on the parent's child:
    a. Obtains the child's personal products and written approval for use of the personal products from the child's parent;
    b. Labels the personal products with the child's name; and
    c. Keeps the personal products inaccessible to children; and
12. Monitors a child for overheating or overexposure to the sun.

**H.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises and includes in the outpatient treatment center's scope of respite services for children wearing diapers shall ensure that there is a diaper changing space in the area designated for providing respite services for children that contains:

1. A nonabsorbent, sanitizable diaper changing surface that is:
    a. Seamless and smooth, and
    b. Kept clear of items not required for diaper changing;
2. A hand-washing sink adjacent to the diaper changing surface, for a personnel member's use when changing diapers and for washing a child during or after diapering, that provides:
    a. Running water,
    b. Soap from a dispenser, and
    c. Single-use paper hand towels from a dispenser;
3. At least one waterproof, sanitizable container with a waterproof liner and a tight-fitting lid for soiled diapers; and
4. At least one waterproof, sanitizable container with a waterproof liner and a tight-fitting lid for soiled clothing.

**I.** In a diaper changing space, an administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall ensure that:

1. A diaper changing procedure is established, documented, and implemented that states that a child's diaper is changed as soon as it is soiled and that a personnel member when diapering:
    a. Washes and dries the child, using a separate wash cloth and towel only once for each child;
    b. If applicable, applies the child's individual personal products labeled with the child's name;
    c. Uses single-use non-porous gloves;
    d. Washes the personnel member's own hands with soap and running water according to the requirements in R9-10-1028(5);
    e. Washes each child's hands with soap and running water after each diaper change; and
    f. Cleans, sanitizes, and dries the diaper changing surface following each diaper change; and
2. A personnel member:
    a. Removes disposable diapers and disposable training pants from a diaper changing space as needed or at least twice every 24 hours to a waste receptacle outside the building; and
    b. Does not:
        i. Permit a bottle, formula, food, eating utensil, or food preparation in a diaper changing space;
        ii. Draw water for human consumption from the hand-washing sink adjacent to a diaper changing surface, required in subsection (H)(2); or
        iii. If responsible for food preparation, change diapers until food preparation duties have been completed for the day.

**J.** Except as provided in subsection (K)(3), an administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall:

1. Serve the following meals or snacks to a child receiving respite services on the premises:

a. For the following periods of time:
i. Two to four hours, one or more snacks;
ii. Four to eight hours, one or more snacks and one or more meals; and
iii. More than eight hours, two snacks and one or more meals;
b. Make breakfast available to a child receiving respite services on the premises before 8:00 a.m.;
c. Serve lunch to a child who is receiving respite services on the premises between 11:00 a.m. through 1:00 p.m.; and
d. Serve dinner to a child who is receiving respite services on the premises from 5:00 p.m. through 7:00 p.m. and who will remain on the premises after 7:00 p.m.;
2. Ensure that a meal or snack provided by the outpatient treatment center meets the meal pattern requirements in Table 10.1; and
3. If the outpatient treatment center provides a meal or snack to a child:
a. Make a second serving of a food component of a provided snack or meal available to a child who requests a second serving, and
b. Substitute a food that is equivalent to a specific food component if a requested second serving of a specific food component is not available.

**K.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises:
1. May serve food provided for a child by the child's parent;
2. If a child's parent does not provide a sufficient number of meals or snacks to meet the requirements in subsection (J)(1), shall supplement, according to the requirements in Table 10.1, the meals or snacks provided by the child's parent; and
3. If applicable, shall serve food to a child at the times and in quantities consistent with the information documented according to subsection (D)(9)(f) for the child and the child's behavioral health assessment, to meet the child's dietary and nutritional needs.

**L.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises that has a respite capacity of more than 10 shall obtain a food establishment license or permit according to the requirements in 9 A.A.C. 8, Article 1, and, if applicable, maintain documentation of the current food establishment license or permit.

**M.** If an administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises serves food to a child receiving respite services on the premises that is not prepared by the outpatient treatment center or provided by the child's parent, the administrator shall ensure that the food was prepared by a food establishment, as defined according to A.A.C. R9-8-101.

**N.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall ensure that:
1. Children, except infants and children who cannot wash their own hands, wash their hands with soap and running water before and after handling or eating food;
2. A personnel member:
a. Washes the hands of an infant or a child who cannot wash the child's own hands before and after the infant or child handles or eats food, using:
i. A washcloth,
ii. A single-use paper towel, or
iii. Soap and running water; and
b. If using a washcloth, uses each washcloth on only one child and only one time before it is laundered or discarded;
3. Non-single-use utensils and equipment used in preparing, eating, or drinking food are:
a. After each use:
i. Washed in an automatic dishwasher and air dried or heat dried; or
ii. Washed in hot soapy water, rinsed in clean water, sanitized, and air dried or heat dried; and
b. Stored in a clean area protected from contamination;
4. Single-use utensils and equipment are disposed of after being used;
5. Perishable foods are covered and stored in a refrigerator at a temperature of 41° F or less;
6. A refrigerator at the outpatient treatment center maintains a temperature of 41° F or less, as shown by a thermometer kept in the refrigerator at all times;
7. A freezer at the outpatient treatment center maintains a temperature of 0° F or less, as shown by a thermometer kept in the freezer at all times; and
8. Foods are prepared as close as possible to serving time and, if prepared in advance, are either:
a. Cold held at a temperature of 45° F or less or hot held at a temperature of 130° F or more until served, or
b. Cold held at a temperature of 45° F or less and then reheated to a temperature of at least 165° F before being served.

**O.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises:
1. May allow a personnel member to separate a child who is receiving respite services on the premises from other children for unacceptable behavior for no longer than three minutes after the child has regained self-control, but not more than 10 minutes without the personnel member interacting with the child, consistent with the child's behavioral health assessment;
2. Shall ensure that:
a. A personnel member, consistent with the child's behavioral health assessment:
i. Defines and maintains consistent and reasonable guidelines and limitations for a child's behavior;
ii. Teaches, models, and encourages orderly conduct, personal control, and age-appropriate behavior; and

iii. Explains to a child why a particular behavior is not allowed, suggests an alternative, and assists the child to become engaged in an alternative activity;

b. An emergency safety response is:
   i. Only used:
      (1) By a personnel member trained according to R9-10-716(F)(1) to use an emergency safety response,
      (2) For the management of a child's violent or self-destructive behavior, and
      (3) When less restrictive interventions have been determined to be ineffective; and
   ii. Discontinued at the earliest possible time, but no longer than five minutes after the emergency safety response is initiated;

c. If an emergency safety response was used for a child, a personnel member, when the child is discharged to the child's parent:
   i. Notifies the child's parent of the use of the emergency safety response for the child and the behavior, event, or environmental factor that caused the need for the emergency safety response; and
   ii. Documents in the child's medical record that the child's parent was notified of the use of the emergency safety response;

d. Within 24 hours after an emergency safety response is used for a child receiving respite services on the premises, the following information is entered into the child's medical record:
   i. The date and time the emergency safety response was used;
   ii. The name of each personnel member who used an emergency safety response;
   iii. The specific emergency safety response used;
   iv. The behavior, event, or environmental factor that caused the need for the emergency safety response; and
   v. Any injury that resulted from the use of the emergency safety response;

e. Within 10 working days after an emergency safety response is used for a child receiving respite services on the premises, a behavioral health professional reviews the information in subsection (O)(2)(d) and documents the review in the child's medical record;

f. After the review required in subsection (O)(2)(e), the following information is entered into the child's medical record:
   i. Actions taken or planned to prevent the need for a subsequent use of an emergency safety response for the child,
   ii. A determination of whether the child is appropriately placed at the outpatient treatment center providing respite services for children on the premises, and
   iii. Whether the child's treatment plan was reviewed or needs to be reviewed and amended to ensure that the child's treatment plan is meeting the child's treatment needs;

g. Emergency safety response training is documented according to the requirements in R9-10-716(F)(2); and

h. Materials used for emergency safety response training are maintained according to the requirements in R9-10-716(F)(3); and

3. A personnel member does not use or permit:
   a. A method of discipline that could cause harm to the health, safety, or welfare of a child;

      i. Mounted toilet tissue;
      ii. A sink with running water;
      iii. Soap contained in a dispenser; and
      iv. Disposable, single-use paper towels, in a mounted dispenser, or a mechanical hand dryer;
   d. Personnel members wash their hands with soap and running water after toileting;
   e. A child's hands are washed with soap and running water after toileting;
   f. Except for a cup or receptacle used only for water, food waste is stored in a covered container and the container is clean and lined with a plastic bag;
   g. Food waste and other refuse is removed from the area of the premises where respite services are provided for children at least once every 24 hours or more often as necessary to maintain a clean condition and avoid odors;
   h. A personnel member or a child does not draw water for human consumption from a toilet room hand-washing sink;
   i. Toys, materials, and equipment are maintained in a clean condition;
   j. Plumbing fixtures are maintained in a clean and working condition; and
   k. Chipped or cracked sinks and toilets are replaced or repaired.

**R.** If laundry belonging to an outpatient treatment center providing respite services for children on the premises is done on the premises, an administrator shall:
1. Not use a kitchen or food storage area for sorting, handling, washing, or drying laundry;
2. Locate the laundry equipment in an area that is separate from areas used by children and inaccessible to children;
3. Not permit a child to be in a laundry room or use a laundry area as a passageway for children; and
4. Ensure that laundry soiled by vomitus, urine, feces, blood, or other body fluid is stored, cleaned, and sanitized separately from other laundry.

**S.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall ensure that there is a first aid kit in the designated area of the outpatient treatment center where respite services are provided that:
1. Contains first aid supplies in a quantity sufficient to meet the needs of the children receiving respite services, including the following:
   a. Sterile bandages including:
      i. Self-adhering bandages of assorted sizes,
      ii. Sterile gauze pads, and
      iii. Sterile gauze rolls;
   b. Antiseptic solution or sealed antiseptic wipes;
   c. A pair of scissors;
   d. Self-adhering tape;
   e. Single-use, non-porous gloves; and
   f. Reclosable plastic bags of at least one-gallon size; and
2. Is accessible to personnel members but inaccessible to children receiving respite services on the premises.

**T.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall:
1. Prepare and date a written fire and emergency plan that contains:
   a. The location of the first aid kit;
   b. The names of personnel members who have first aid training;
   c. The names of personnel members who have cardiopulmonary resuscitation training;
   d. The directions for:

i. Initiating notification of a child's parent by telephone or other equally expeditious means within 60 minutes after a fire or emergency; and
ii. Providing written notification to the child's parent within 24 hours after a fire or emergency; and

e. The outpatient treatment center's street address and the emergency telephone numbers for the local fire department, police department, ambulance service, and poison control center;

2. Maintain the plan required in subsection (T)(1) in the area designated for providing respite services;
3. Post the plan required in subsection (T)(1) in any indoor area where respite services are provided that does not have an operable telephone service or two-way voice communication system that connects the indoor area where respite services are provided with an individual who has direct access to an in-and-out operable telephone services; and
4. Update the plan in subsection (T)(1) at least once every 12 months after the date of initial preparation of the plan or when any information changes.

**U.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall in the area designated for providing respite services:

1. Post, near a room's designated exit, a building evacuation plan that details the designated exits from the room and the facility where the outpatient treatment center is located; and
2. Maintain and use a communication system that contains:
   a. A direct-access, in-and-out, operating telephone service in the area where respite services are provided; or
   b. A two-way voice communication system that connects the area where respite services are provided with an individual who has direct access to an in-and-out, operating telephone service.

**V.** If, while receiving respite services at an outpatient treatment center authorized to provide respite services for children on the premises, a child has an accident, injury, or emergency that, based on an evaluation by a personnel member, requires medical treatment by a health care provider, an administrator shall ensure that a personnel member:

1. Notifies the child's parent immediately after the accident, injury, or emergency;
2. Documents:
   a. A description of the accident, injury, or emergency, including the date, time, and location of the accident, injury, or emergency;
   b. The method used to notify the child's parent; and
   c. The time the child's parent was notified; and
3. Maintains the documentation required in subsection (V)(2) for at least 12 months after the date the child last received respite services on the outpatient treatment center's premises.

**W.** If a parent of a child who received respite services at an outpatient treatment center authorized to provide respite services for children on the premises informs a personnel member that the child's parent obtained medical treatment for the child from a health care provider for an accident, injury, or emergency the child had while on the premises, an administrator shall ensure that a personnel member:

1. Documents any information about the child's accident, injury, or emergency received from the child's parent; and
2. Maintains the documentation required in subsection (W)(1) for at least 12 months after the date the child last received respite services on the outpatient treatment center's premises.

**X.** If a child exhibits signs of illness or infestation at an outpatient treatment center authorized to provide respite services for children on the premises, an administrator shall ensure that a personnel member:

1. Immediately separates the child from other children,
2. Immediately notifies the child's parent by telephone or other expeditious means to arrange for the child's discharge from the outpatient treatment center,
3. Documents the notification required in subsection (X)(2), and
4. Maintains documentation of the notification required in subsection (X)(3) for at least 12 months after the date of the notification.

**Y.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall comply with the following physical plant requirements:

1. Toilets and hand-washing sinks are available to children in the area designated for providing respite services or on the premises as follows:
   a. At least one flush toilet and one hand-washing sink for 10 or fewer children;
   b. At least two flush toilets and two hand-washing sinks for 11 to 25 children; and
   c. At least one flush toilet and one hand-washing sink for each additional 20 children;
2. A hand-washing sink provides running water with a drain connected to a sanitary sewer as defined in A.R.S. § 45-101;
3. A glass mirror, window, or other glass surface that is located within 36 inches of the floor is made of safety glass that has been manufactured, fabricated, or treated to prevent the glass from shattering or flying when struck or broken, or is shielded by a barrier to prevent impact by or physical injury to a child; and
4. There is at least 30 square feet of unobstructed indoor space for each child who may be receiving respite services on the premises, which excludes floor space occupied by:
   a. The interior walls;

b. A kitchen, a bathroom, a closet, a hallway, a stair, an entryway, an office, an area designated for isolating a child from other children, a storage room, or a room or floor space designated for the sole use of personnel members;
c. Room space occupied by desks, file cabinets, storage cabinets, or hand-washing sinks for a personnel member's use; or
d. Indoor area that is substituted for required outdoor area.

**Z.** An administrator of an outpatient treatment center authorized to provide respite services for children on the premises shall ensure that, in addition to the policies and procedures required in this Article, policies and procedures are established, documented, and implemented for the children's use of a toilet and hand-washing sink that ensure the children's health and safety and include:
1. Supervision requirements for children using the toilet, based on a child's age, gender, and behavioral health issue; and
2. If the outpatient treatment center does not have a toilet and hand-washing sink available for the exclusive use of children receiving respite services, a method to ensure that an individual, other than a child receiving respite services or a personnel member providing respite services, is not present in the toilet and hand-washing sink area when a child receiving respite services is present in the toilet and hand-washing sink area.

**AA.** To provide activities that develop large muscles and an opportunity to participate in structured large muscle physical activities, an administrator of an outpatient treatment center authorized to provide respite services for children on the premises shall:
1. Provide at least 75 square feet of outdoor area per child for at least 50% of the outpatient treatment center's respite capacity; or
2. Comply with one of the following:
a. If no child receives respite services on the premises for more than four hours per day, provide at least 50 square feet of indoor area for each child, based on the outpatient treatment center's respite capacity;
b. If a child receives respite services on the premises for more than four hours but less than six hours per day, provide at least 75 square feet of indoor area per child for at least 50% of the outpatient treatment center's respite capacity, in addition to the indoor area required in subsection (Y)(4); or
c. Provide at least 37.5 square feet of outdoor area and 37.5 square feet of indoor area per child for at least 50% of the outpatient treatment center's respite capacity, in addition to the activity area required in subsection (Y)(4).

**BB.** If an administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises is substituting indoor area for outdoor area, the administrator shall:
1. Designate, on the site plan and the floor plan submitted with the license application or a request for an intended change or modification, the indoor area that is being substituted for an outdoor area; and
2. In the indoor area substituted for outdoor area, install and maintain a mat or pad designed to provide impact protection in the fall zone of indoor swings and climbing equipment.

**CC.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall ensure that:
1. An outdoor area used by children receiving respite services:
a. Is enclosed by a fence:
i. A minimum of 4.0 feet high,
ii. Secured to the ground, and
iii. With either vertical or horizontal open spaces on the fence or gate that do not exceed 4.0 inches;
b. Is maintained free from hazards, such as exposed concrete footings and broken toys; and
c. Has gates that are kept closed while a child is in the outdoor area;
2. The following is provided and maintained within the fall zones of swings and climbing equipment in an outdoor area:
a. A shock-absorbing unitary surfacing material manufactured for such use in outdoor activity areas; or
b. A minimum depth of 6.0 inches of a nonhazardous, resilient material such as fine loose sand or wood chips;
3. Hard surfacing material such as asphalt or concrete is not installed or used under swings or climbing equipment unless used as a base for shock-absorbing unitary surfacing material;
4. A swing or climbing equipment is not located in the fall zone of another swing or climbing equipment; and
5. A shaded area for each child occupying an outdoor area at any time of the day is provided.

**DD.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall install and maintain a portable, pressurized fire extinguisher that meets, at a minimum, a 2A-10-BC rating of the Underwriters Laboratories in an outpatient treatment center's kitchen and any other location required for Existing Health Care Occupancies in National Fire Protection Association 101, Life Safety Code, incorporated by reference in R9-10-104.01.

**EE.** In addition to the requirements in R9-10-1029(F), an administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall ensure that:
1. Combustible material, such as paper, boxes, or rags, is not permitted to accumulate inside or outside the premises;
2. An unvented or open-flame space heater or portable heater is not used on the premises;
3. A gas valve on an unused gas outlet is removed and capped where it emerges from the wall or floor;
4. Heating and cooling equipment is inaccessible to a child;
5. Fans are mounted and inaccessible to a child;
6. Toilet rooms are ventilated to the outside of the building, either by a screened window open to the outside air or by an exhaust fan and duct system that is operated when the toilet room is in use;
7. A toilet room with a door that opens to the exterior of a building is equipped with a self-closing device that keeps the door closed except when an individual is entering or exiting; and

8. A toilet room door does not open into a kitchen or laundry.

New Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-1029. Emergency and Safety Standards**

**A.** An administrator shall ensure that policies and procedures for providing emergency treatment are established, documented, and implemented that protect the health and safety of patients and include:

1. A list of the medications, supplies, and equipment required on the premises for the emergency treatment provided by the outpatient treatment center;
2. A system to ensure medications, supplies, and equipment are available, have not been tampered with, and, if applicable, have not expired;
3. A requirement that a cart or a container is available for emergency treatment that contains the medication, supplies, and equipment specified in the outpatient treatment center's policies and procedures; and
4. A method to verify and document that the contents of the cart or container are available for emergency treatment.

**B.** An administrator shall ensure that emergency treatment is provided to a patient admitted to the outpatient treatment center according to the outpatient treatment center's policies and procedures.

**C.** An administrator shall ensure that:
1. A disaster plan is developed, documented, maintained in a location accessible to personnel members, and, if necessary, implemented that includes:
   a. Procedures for protecting the health and safety of patients and other individuals on the premises;
   b. Assigned responsibilities for each personnel member, employee, or volunteer;
   c. Instructions for the evacuation of patients and other individuals on the premises; and
   d. Arrangements to provide medical services, nursing services, and health-related services to meet patients' needs;
2. The disaster plan required in subsection (C)(1) is reviewed at least once every 12 months;
3. An evacuation drill is conducted on each shift at least once every 12 months;
4. A disaster plan review required in subsection (C)(2) or an evacuation drill required in subsection (C)(3) is documented as follows:
   a. The date and time of the evacuation drill or disaster plan review;
   b. The name of each personnel member, employee, or volunteer participating in the evacuation drill or disaster plan review;
   c. A critique of the evacuation drill or disaster plan review; and
   d. If applicable, recommendations for improvement;
5. Documentation required in subsection (C)(4) is maintained for at least 12 months after the date of the evacuation drill or disaster plan review; and
6. An evacuation path is conspicuously posted on each hallway of each floor of the outpatient treatment center.

**D.** An administrator shall ensure that an outpatient treatment center has either:
1. Both of the following that are tested and serviced at least once every 12 months:
   a. A fire alarm system installed according to the National Fire Protection Association 72: National Fire Alarm and Signaling Code, incorporated by reference in R9-10-104.01, that is in working order; and
   b. A sprinkler system installed according to the National Fire Protection Association 13 Standard for the Installation of Sprinkler Systems, incorporated by reference in R9-10-104.01, that is in working order; or
2. The following:
   a. A smoke detector installed in each hallway of the outpatient treatment center that is:
      i. Maintained in an operable condition;
      ii. Either battery operated or, if hard-wired into the electrical system of the outpatient treatment center, has a back-up battery; and
      iii. Tested monthly; and
   b. A portable, operable fire extinguisher, labeled as rated at least 2A-10-BC by the Underwriters Laboratories, that:
      i. Is available at the outpatient treatment center;
      ii. Is mounted in a fire extinguisher cabinet or placed on wall brackets so that the top handle of the fire extinguisher is not over five feet from the floor and the bottom of the fire extinguisher is at least four inches from the floor;
      iii. If a disposable fire extinguisher, is replaced when its indicator reaches the red zone; and
      iv. If a rechargeable fire extinguisher, is serviced at least once every 12 months and has a tag attached to the fire extinguisher that specifies the date of the last servicing and the name of the servicing person.

**E.** An administrator shall ensure that documentation of a test required in subsection (D) is maintained for at least 12 months after the date of the test.

**F.** An administrator shall ensure that:
1. Exit signs are illuminated, if the local fire jurisdiction requires illuminated exit signs;
2. Except as provided in subsection (G), a corridor in the outpatient treatment center is at least 44 inches wide;
3. Corridors and exits are kept clear of any obstructions;
4. A patient can exit through any exit during hours of operation;
5. An extension cord is not used instead of permanent electrical wiring;
6. Each electrical outlet and electrical switch has a cover plate that is in good repair;
7. If applicable, a sign is placed at the entrance of a room or an area indicating that oxygen is in use; and
8. Oxygen and medical gas containers:
   a. Are maintained in a secured, upright position; and
   b. Are stored in a room with a door:
      i. In a building with sprinklers, at least five feet from any combustible materials; or
      ii. In a building without sprinklers, at least 20 feet from any combustible materials.

**G.** If an outpatient treatment center licensed before October 1, 2013 has a corridor less than 44 inches wide, an administrator shall ensure that:
1. The corridor is wide enough to allow for:
   a. Unobstructed movement of patients within the outpatient treatment center, and

b. The safe evacuation of patients from the outpatient treatment center; and
2. The corridor is used only as a passageway.

**H.** An administrator shall:
1. Obtain a fire inspection conducted according to the time-frame established by the local fire department or the State Fire Marshal,
2. Make any repairs or corrections stated on the fire inspection report, and
3. Maintain documentation of a current fire inspection.

**Historical Note**

Adopted as an emergency effective November 17, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6). **R9-10-1030. Physical Plant, Environmental Services, and Equipment Standards**

**A.** An administrator shall ensure that:
1. An outpatient treatment center's premises are:
   a. Sufficient to provide the outpatient treatment center's scope of services;
   b. Cleaned and disinfected according to the outpatient treatment center's policies and procedures to prevent, minimize, and control illness and infection; and
   c. Free from a condition or situation that may cause an individual to suffer physical injury;
2. If an outpatient treatment center collects urine or stool specimens from a patient, except as provided in subsection (B), or is authorized to provide respite services for children on the premises, the outpatient treatment center has at least one bathroom on the premises that:
   a. Contains:
      i. A working sink with running water,
      ii. A working toilet that flushes and has a seat,
      iii. Toilet tissue,
      iv. Soap for hand washing,
      v. Paper towels or a mechanical air hand dryer,
      vi. Lighting, and
      vii. A means of ventilation; and
   b. Is for the exclusive use of the outpatient treatment center;
3. A pest control program that complies with A.A.C. R3-8-201(C)(4) is implemented and documented;
4. A tobacco smoke-free environment is maintained on the premises;
5. A refrigerator used to store a medication is:
   a. Maintained in working order, and
   b. Only used to store medications;
6. Equipment at the outpatient treatment center is:
   a. Sufficient to provide the outpatient treatment center's scope of services;
   b. Maintained in working condition;
   c. Used according to the manufacturer's recommendations; and
   d. If applicable, tested and calibrated according to the manufacturer's recommendations or, if there are no manufacturer's recommendations, as specified in policies and procedures; and
7. Documentation of equipment testing, calibration, and repair is maintained for at least 12 months after the date of testing, calibration, or repair.

**B.** An outpatient treatment center may have a bathroom used for the collection of a patient's urine or stool that is not for the exclusive use of the outpatient treatment center if:
1. The bathroom is located in the same contiguous building as the outpatient treatment center's premises,
2. The bathroom is of a sufficient size to support the outpatient treatment center's scope of services, and
3. There is a documented agreement between the licensee and the owner of the building stating that the bathroom complies with the requirements in this Section and allowing the Department access to the bathroom to verify compliance.

**C.** If an outpatient treatment center has a bathroom that is not for the exclusive use of the outpatient treatment center as allowed in subsection (B), an administrator shall ensure that:
1. Policies and procedures are established, documented, and implemented to:
   a. Protect the health and safety of an individual using the bathroom; and

b. Ensure that the bathroom is cleaned and sanitized to prevent, minimize, and control illness and infection;
2. Documented instructions are provided to a patient that cover:
a. Infection control measures when a patient uses the bathroom, and
b. The safe return of a urine or stool specimen to the outpatient treatment center;
3. The bathroom complies with the requirements in subsection (A)(2)(a); and
4. The bathroom is free from a condition or situation that may cause an individual using the bathroom to suffer a physical injury.

**Historical Note**

Adopted effective February 15, 1984 (Supp. 84-1). Repealed by summary action, interim effective date July 21, 1995 (Supp. 95-3). Amended by final expedited rulemaking at 25 A.A.R. 259, effective January 8, 2019 (Supp. 19-1).

**R9-10-1031. Colocation Requirements**

**A.** In addition to the definitions in A.R.S. §§ 36-401 and 36-439 and R9-10-101 and R9-10-1001, the following definition applies in this Section:
"Patient" means an individual who enters the premises of a collaborating outpatient treatment center to obtain physical health services or behavioral health services from the collaborating outpatient treatment center or a colocator that shares areas of the collaborating outpatient treatment center's premises.

**B.** Only one outpatient treatment center in a facility may be designated as a collaborating outpatient treatment center for the facility.

**C.** The following health care institutions are not permitted to be a collaborating outpatient treatment center or a colocator in a collaborating outpatient treatment center:
1. An affiliated counseling facility;
2. An outpatient treatment center authorized by the Department to provide dialysis services according to R9-10-1018;
3. An outpatient treatment center authorized by the Department to provide emergency room services according to R9-10-1019; or
4. An outpatient treatment center operating under a single group license according to A.R.S. § 36-422(F) or (G).

**D.** In addition to the requirements for a license application in R9-10-105, a governing authority of an outpatient treatment center requesting authorization to operate or continue to operate as a collaborating outpatient treatment center shall submit, in a Department-provided format:
1. The following information for each proposed colocator that may share an area of the collaborating outpatient treatment center's premises and nontreatment personnel at the collaborating outpatient treatment center:
a. For each proposed associated licensed provider:
i. Name,
ii. The associated licensed provider's license number or the date the associated licensed provider submitted to the Department a license application for an outpatient treatment center or a counseling facility license,
iii. Proposed scope of services, and
iv. A copy of the written agreement with the collaborating outpatient treatment center required in subsection (E); and
b. For each exempt health care provider:
i. Name,
ii. Current health care professional license number,
iii. Proposed scope of services, and
iv. A copy of the written agreement required in subsection (F) with the collaborating outpatient treatment center; and
2. In addition to the requirements in R9-10-105(A)(5)(b)(vi), a floor plan that shows:
a. Each colocator's proposed treatment area, and
b. The areas of the collaborating outpatient treatment center's premises shared with a colocator.

**E.** An administrator of a collaborating outpatient treatment center shall have a written agreement with each associated licensed provider that includes:
1. In a Department-provided format:
a. The associated licensed provider's name;
b. The name of the associated licensed provider's governing authority;
c. Whether the associated licensed provider plans to share medical records with the collaborating outpatient treatment center;
d. If the associated licensed provider plans to share medical records with the collaborating outpatient treatment center, specific information about which party will obtain a patient's:
i. General consent or informed consent, as applicable;
ii. Consent to allow a colocator access to the patient's medical record; and

iii. Advance directives;

e. How the associated licensed provider will transport or transfer a patient to another colocator within the collaborating outpatient treatment center;

f. How the associated licensed provider will ensure controlled substances stored in the associated licensed provider's licensed premises are not diverted;

g. How the associated licensed provider will ensure environmental services in the associated licensed provider's licensed premises will not affect patient care in the collaborating outpatient treatment center;

h. How the associated licensed provider's personnel members will respond to a patient's sudden, intense, or out-of-control behavior, in the associated licensed provider's treatment area, to prevent harm to the patient or another individual in the collaborating outpatient treatment center;

i. A statement that, if any of the colocators include children's behavioral health services in the colocator's scope of services, the associated licensed provider will ensure that all employees and personnel members of the associated licensed provider comply the fingerprint clearance card requirements in A.R.S. § 36-425.03;

j. A statement that the associated licensed provider will:

i. Document the following each time another colocator provides emergency health care services in the associated licensed provider's treatment area:

(1) The name of the colocator;

(2) If different from the name of the colocator, the name of the physician, physician assistant, registered nurse practitioner, or behavioral health professional providing the emergency health care services;

(3) A description of the emergency health care services provided; and

(4) The date and time the emergency health care services were provided;

ii. Maintain the documentation in subsection (E)(1)(j)(i) for at least 12 months after the emergency health care services were provided; and

iii. Submit a copy of the documentation to the collaborating outpatient treatment center within 48 hours after the provision of the emergency health care services;

k. A statement that the associated licensed provider will:

i. Document the following each time the associated licensed provider provides emergency health care services in another colocator's treatment area:

(1) If different from the name of the associated licensed provider, the name of the physician, physician assistant, registered nurse practitioner, or behavioral health professional providing the emergency health care services;

(2) The name of the colocator;

(3) A description of the emergency health care services provided; and

(4) The date and time the emergency health care services were provided;

ii. Maintain the documentation in subsection (E)(1)(k)(i) for at least 12 months after the emergency health care services were provided; and

iii. Submit a copy of the documentation to the collaborating outpatient treatment center within 48 hours after the provision of the emergency health care services;

l. An attestation that the associated licensed provider will comply with the written agreement;

m. The signature of the associated licensed provider's governing authority according to A.R.S. § 36-422(B) and the date signed; and

n. The signature of the collaborating outpatient treatment center's governing authority according to A.R.S. § 36-422(B) and the date signed; and

2. A copy of the associated licensed provider's scope of services, including whether the associated licensed provider plans to provide behavioral health services for children.

**F.** An administrator of a collaborating outpatient treatment center shall have a written agreement with each exempt health care provider that includes:

1. In a Department-provided format:

a. The exempt health care provider's name;

b. The exempt health care provider license type and license number;

c. Whether the exempt health care provider plans to share medical records with the collaborating outpatient treatment center;

d. If the exempt health care provider plans to share medical records with the collaborating outpatient treatment center, specific information about which party will obtain a patient's:

i. General consent or informed consent, as applicable;

ii. Consent to allow a colocator access to the patient's medical record; and

iii. Advance directives;

e. How the exempt health care provider will transport or transfer a patient to another colocator within the collaborating outpatient treatment center;

f. How the exempt health care provider will ensure controlled substances stored in the exempt health care provider's designated premises are not diverted;

g. How the exempt health care provider will ensure environmental services in the exempt health care provider's licensed premises will not affect patient care in the collaborating outpatient treatment center;
h. How the exempt health care provider and any staff of the exempt health care provider will respond to a patient's sudden, intense, or out-of-control behavior, in the exempt health care provider's treatment area, to prevent harm to the patient or another individual in the collaborating outpatient treatment center;
i. A statement that, if any of the colocators include children's behavioral health services in the colocator's statement of services, the exempt health care provider will ensure that all employees and staff of the exempt health care provider comply with the fingerprint clearance card requirements A.R.S. § 36-425.03;
j. A statement that the exempt health care provider will:
i. Document the following each time another colocator provides emergency health care services in the exempt health care provider's treatment area:
(1) The name of the colocator;
(2) If different from the name of the colocator, the name of the physician, physician assistant, registered nurse practitioner, or behavioral health professional providing the emergency health care services;
(3) A description of the emergency health care services provided; and
(4) The date and time the emergency health care services were provided;
ii. Maintain the documentation in subsection (F)(1)(j)(i) for at least 12 months after the emergency health care services were provided; and
iii. Submit a copy of the documentation to the collaborating outpatient treatment center within 48 hours after the provision of the emergency health care services;
k. A statement that the exempt health care provider will:
i. Document the following each time the exempt health care provider provides emergency health care services in another colocator's treatment area:
(1) If different from the name of the exempt health care provider, the name of the physician, physician assistant, registered nurse practitioner, or behavioral health professional providing the emergency health care services;
(2) The name of the colocator;
(3) A description of the emergency health care services provided; and
(4) The date and time the emergency health care services were provided;
ii. Maintain the documentation in subsection (F)(1)(k)(i) for at least 12 months after the emergency health care services were provided; and
iii. Submit a copy of the documentation to the collaborating outpatient treatment center within 48 hours after the provision of the emergency health care services;
l. An attestation that the exempt health care provider will comply with the written agreement;
m. The signature of the exempt health care provider and the date signed; and
n. The signature of the collaborating outpatient treatment center's governing authority according to A.R.S. § 36-422(B) and the date signed; and

2. A copy of the exempt health care provider's scope of services, including whether the exempt health care provider plans to provide behavioral health services for children.

**G.** As part of the policies and procedures required in this Article, an administrator of a collaborating outpatient treatment center shall ensure that policies and procedures are established, documented, and implemented to protect the health and safety of a patient based on the scopes of services of all colocators that:

1. Cover job descriptions, duties, and qualifications, including required skills, knowledge, education, and experience for nontreatment personnel who may provide services in the areas of the collaborating outpatient treatment center's premises shared with a colocator;
2. Cover orientation and in-service education for nontreatment personnel who may provide services in the areas of the collaborating outpatient treatment center's premises shared with a colocator;
3. Cover cardiopulmonary resuscitation training, including:
a. The method and content of cardiopulmonary resuscitation training, which includes a demonstration of the individual's ability to perform cardiopulmonary resuscitation;
b. The qualifications for an individual to provide cardiopulmonary resuscitation training;
c. The time-frame for renewal of cardiopulmonary resuscitation training; and
d. The documentation that verifies that an individual has received cardiopulmonary resuscitation training;
4. Cover first aid training;
5. Cover patient screening, including a method to ensure that, if a patient identifies a specific colocator, the patient is directed to the identified colocator;
6. Cover the provision of emergency treatment to protect the health and safety of a patient or individual present in an area of the collaborating outpatient treatment center's premises shared with a colocator according to the requirements for emergency treatment policies and procedures in R9-10-1029(A);

7. If medication is stored in an area of the collaborating outpatient treatment center's premises shared with a colocator, cover obtaining, storing, accessing, and disposing of medications, including provisions for controlling inventory and preventing diversion of controlled substances;
8. Cover biohazardous wastes, if applicable;
9. Cover environmental services in an area of the collaborating outpatient treatment center's premises shared with a colocator that affect patient care; and
10. Cover how personnel members and nontreatment personnel will respond to a patient's sudden, intense, or out-of-control behavior to prevent harm to the patient or another individual in an area of the collaborating outpatient treatment center's premises shared with a colocator.

**H.** An administrator of a collaborating outpatient treatment center shall ensure that:
1. Areas of the collaborating outpatient treatment center's premises shared with a colocator are:
   a. Sufficient to accommodate the outpatient treatment center's and any colocators' scopes of services;
   b. Cleaned and disinfected according to the outpatient treatment center's policies and procedures to prevent, minimize, and control illness and infection; and
   c. Free from a condition or situation that may cause an individual to suffer physical injury;
2. A written log is maintained that documents the date, time, and circumstances each time a colocator provides emergency health care services in another colocator's designated treatment area; and
3. The documentation in the written log required in subsection (H)(2) is maintained for at least 12 months after the date the colocator provides emergency health care services in another colocator's designated treatment area.

**I.** If any colocator at a collaborating outpatient treatment center includes children's behavioral health services as part of the colocator's scope of services, an administrator of the collaborating outpatient treatment center shall ensure that the governing authority, employees, personnel members, nontreatment personnel, and volunteers of the collaborating outpatient treatment center comply with the fingerprint clearance card requirements in A.R.S. § 36-425.03.

### R9-10-1103. Administration

**A.** A governing authority shall:
1. Consist of one or more individuals responsible for the organization, operation, and administration of an adult day health care facility;
2. Establish, in writing:
   a. An adult day health care facility's scope of services, and
   b. Qualifications for an administrator;
3. Designate, in writing, an administrator who has the qualifications established in subsection (A)(2)(b);
4. Adopt a quality management program according to R9-10-1104;

5. Review and evaluate the effectiveness of the quality management program at least once every 12 months;
6. Designate in writing, an acting administrator, who has the qualifications established in subsection (A)(2)(b) if the administrator is:
   a. Expected not to be present on an adult day health care facility's premises for more than 30 calendar days, or
   b. Not present on an adult day health care facility's premises for more than 30 calendar days; and
7. Except as provided in subsection (A)(6), notify the Department according to A.R.S. § 36-425(I), when there is a change in an administrator and identify the name and qualifications of the new administrator.

**B.** An administrator:
1. Is 21 years of age or older;
2. Is directly accountable to the governing authority of an adult day health care facility for the daily operation of the adult day health care facility and all services provided by or at the adult day health care facility;
3. Has the authority and responsibility to manage the adult day health care facility; and
4. Except as provided in subsection (A)(6), designates, in writing, an individual who is 21 years of age or older and present on the adult day health care facility's premises and accountable for the adult day health care facility when the administrator is not present on the adult day health care facility premises and participants are present on the adult day health care facility's premises.

**C.** An administrator shall ensure that:

1. Observing the participant's mental and physical condition, including monthly monitoring of the participant's vital signs and nutritional status;
2. Documenting changes in the participant's mental and physical condition in the participant's medical record; and
3. Reporting any changes to the participant's representative or medical practitioner.

**E.** If an adult day health care facility administers medication or provides assistance in the self-administration of medication, an administrator shall ensure that policies and procedures for medication administration or assistance in the self-administration of medication:
1. Include:
   a. A process for providing information to a participant about medication prescribed for the participant including:
      i. The prescribed medication's anticipated results,
      ii. The prescribed medication's potential adverse reactions,
      iii. The prescribed medication's potential side effects, and
      iv. Potential adverse reactions that could result from not taking the medication as prescribed;
   b. Procedures for preventing, responding to, and reporting:
      i. A medication error,
      ii. An adverse response to a medication, or
      iii. A medication overdose; and
   c. Procedures for documenting medication services and assistance in the self-administration of medication; and
2. Specify a process for review through the quality management program of:
   a. A medication administration error, and
   b. An adverse reaction to a medication.

**F.** An administrator shall ensure that:
1. Policies and procedures for medication administration:
   a. Are reviewed and approved by a pharmacist, medical practitioner, or registered nurse; and
   b. Ensure that medication is administered to a participant only as prescribed;
2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law; and
3. A medication administered to a participant:
   a. Is administered in compliance with an order, and
   b. Is documented in the participant's medical record.

**G.** If an adult day health care facility provides assistance in the self-administration of medication, an administrator shall ensure that:
1. A participant's medication is stored by the adult day health care facility;
2. The following assistance is provided to a participant:
   a. A reminder when it is time to take the medication;
   b. Opening the medication container for the participant;
   c. Observing the participant while the participant removes the medication from the container;
   d. Verifying that the medication is taken as ordered by the participant's medical practitioner by confirming that:
      i. The participant taking the medication is the individual stated on the medication container label,

ii. The participant is taking the dosage of the medication stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label, and
iii. The participant is taking the medication at the time stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label; or
e. Observing the participant while the participant takes the medication;
3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a pharmacist, medical practitioner, or registered nurse;
4. Training for a personnel member, other than a medical practitioner or registered nurse, in assistance in the self-administration of medication:
a. Is provided by a medical practitioner or registered nurse or an individual trained by a medical practitioner or registered nurse; and
b. Includes:
i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
iii. The process for notifying the appropriate entities when an emergency medical intervention is needed;
5. A personnel member, other than a medical practitioner or registered nurse, completes the training in subsection (G)(4) before the personnel member provides assistance in the self-administration of medication; and
6. Assistance in the self-administration of medication provided to a participant:
a. Is in compliance with an order, and
b. Is documented in the participant's medical record.

**H.** An administrator shall ensure that:
1. A current drug reference guide is available for use by personnel members, and
2. A current toxicology reference guide is available for use by personnel members.

**I.** When medication is stored at an adult day health care facility, an administrator shall ensure that:
1. Medication is stored in a separate locked room, closet, or self-contained unit used only for medication storage;
2. Medication is stored according to the instructions on the medication container; and
3. Policies and procedures are established, documented, and implemented to protect the health and safety of a participant for:
a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication, including expired medication; and
b. Storing, inventorying, and dispensing controlled substances.

**J.** A medication error or a participant's refusal to take a medication is:
1. Reported to the participant's representative within 12 hours, and
2. Documented in the participant's medical record within 24 hours.

**K.** An adverse reaction is:
1. Reported to the participant's representative and medical practitioner within 12 hours, and
2. Documented in the participant's medical record within 24 hours.

**L.** An administrator shall:
1. Immediately notify a participant's representative and medical practitioner of an injury that may require medical services;
2. Report an injury to Adult Protective Services according to A.R.S. § 46-454, when applicable;
3. Prepare a written report on the day of occurrence or when any injury of unknown origin is detected that includes the:
a. Name of the participant;
b. Type of injury;
c. Names of witnesses, if applicable; and
d. Action taken;
4. Investigate the injury within 24 hours and documenting any corrective action in the report; and
5. Retain the report for at least 12 months after the date of the injury.

**M.** For a participant whose care plan includes counseling on an individual or group basis, an administrator shall ensure that:
1. If the counseling needed by the participant is within the adult day health care facility's scope of services, a personnel member provides the counseling to the participant according to policies and procedures; or
2. If the counseling needed by the participant is not within the adult day health care facility's scope of services, a personnel member assists the participant or the participant's representative to obtain counseling for the participant according to policies and procedures.

Amended effective September 2, 1977 (Supp. 77-5). Repealed effective July 22, 1994 (Supp. 94-3). New Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-1113 renumbered to Section R9-10-1114; new Section R9-10-1113 renumbered from Section R9-10-1112 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-1114. Food Services**

**A.** An administrator shall:
1. Designate a food service supervisor who is responsible for food service in an adult day health care facility; and
2. If an adult day health care facility provides a therapeutic diet to participants, ensure that:
   a. The therapeutic diet is prescribed in writing by:
      i. The participant's medical practitioner, or
      ii. A registered dietitian; and
   b. A current therapeutic diet reference manual is available to the food service supervisor.

**B.** A food service supervisor shall ensure that:
1. A food menu:
   a. Is prepared at least one week in advance,
   b. Includes the foods to be served each day,
   c. Is conspicuously posted at least one calendar day before the first meal on the food menu will be served,
   d. Includes any food substitution no later than the morning of the day of meal service with a food substitution, and
   e. Is maintained for at least 60 calendar days after the last day included in the food menu;
2. Meals and snacks provided by the adult day health care facility are served according to posted menus;
3. Meals and snacks for each day are planned using the applicable guidelines in http://www.health.gov/dietaryguidelines/2010.asp;
4. A participant is provided a diet that meets the participant's nutritional needs as specified in the participant's comprehensive assessment, under R9-10-1107(F), or the participant's care plan;
5. Water is available and accessible to participants at all times, unless otherwise stated by the participant's medical practitioner; and
6. A participant requiring assistance to eat is provided with assistance that recognizes the participant's nutritional, physical, and social needs, including the use of adaptive eating equipment or utensils, such as a plate guard, rocking fork, or assistive hand device, if not provided by the participant.

**C.** An administrator shall ensure that food is obtained, prepared, served, and stored as follows:
1. Food is free from spoilage, filth, or other contamination and is safe for human consumption;
2. Food is protected from potential contamination;
3. Food is prepared:
   a. Using methods that conserve nutritional value, flavor, and appearance; and
   b. In a form to meet the needs of a participant, such as cut, chopped, ground, pureed, or thickened;
4. Potentially hazardous food is maintained as follows:
   a. Foods requiring refrigeration are maintained at 41° F or below;
   b. Foods requiring cooking are cooked to heat all parts of the food to a temperature of at least 145° F for 15 seconds, except that:
      i. Ground beef and ground meats are cooked to heat all parts of the food to at least 155° F;
      ii. Poultry, poultry stuffing, stuffed meats, and stuffing that contains meat are cooked to heat all parts of the food to at least 165° F;
      iii. Pork and any food containing pork are cooked to heat all parts of the food to at least 155° F;
      iv. Raw shell eggs for immediate consumption are cooked to at least 145° F for 15 seconds and any food containing raw shell eggs is cooked to heat all parts of the food to at least 155 °F;
      v. Roast beef and beef steak are cooked to an internal temperature of at least 155° F; and
      vi. Leftovers are reheated to a temperature of at least 165° F;
5. A refrigerator contains a thermometer, accurate to plus or minus 3° F, at the warmest part of the refrigerator;
6. Frozen foods are stored at a temperature of 0° F or below; and
7. Tableware, utensils, equipment, and food-contact surfaces are clean and in good repair.

**D.** An administrator shall ensure that:
1. If an adult day health care facility is licensed to provide adult day health services to more than 15 participants, the adult day health care facility:
   a. Has a license or permit as a food establishment under 9 A.A.C. 8, Article 1; and
   b. Maintains a copy of the adult day health care facility's food establishment license or permit;
2. If the adult day health care facility contracts with a food establishment, as established in 9 A.A.C. 8, Article 1, to prepare and deliver food to the adult day health care facility, a copy of the contracted food establishment's license or permit under 9 A.A.C. 8, Article 1 is maintained by the adult day health care facility; and
3. The adult day health care facility is able to store, refrigerate, and reheat food to meet the dietary needs of a participant.

**R9-10-1115. Emergency and Safety Standards**

**A.** An administrator shall ensure that:
1. A disaster plan is developed, documented, maintained in a location accessible to personnel members and employees, and, if necessary, implemented that includes:
   a. Procedures for protecting the health and safety of participants and other individuals on the premises;
   b. Assigned responsibilities for each personnel member and employee;
   c. Instructions for the evacuation of participants, including:
      i. When, how, and where participants will be relocated; and
      ii. A plan for notifying the emergency contact for each participant;
   d. A plan to ensure each participant's medications will be available to administer to the participant during a disaster; and
   e. A plan for providing water, food, and needed services to participants present in the adult day health care facility or the adult day health care facility's relocation site during a disaster;
2. The disaster plan required in subsection (A)(1) is reviewed at least once every 12 months;
3. Documentation of a disaster plan review required in subsection (A)(2) is created, is maintained for at least 12 months after the date of the disaster plan review, and includes:
   a. The date and time of the disaster plan review;
   b. The name of each personnel member, employee, or volunteer participating in the disaster plan review;
   c. A critique of the disaster plan review; and
   d. If applicable, recommendations for improvement; and
4. A disaster drill for assigned personnel is conducted on each shift at least once every three months and documented.

**B.** An administrator shall ensure that:
1. A participant receives orientation to the exits from the adult day health care facility and the route to be used when evacuating participants within two visits after the participant's enrollment, and
2. A participant's orientation is documented in the participant's medical record.

**C.** An administrator shall ensure that:
1. An evacuation drill for employees and participants is conducted at least once every six months;
2. Documentation of an evacuation drill is created, is maintained for at least 12 months after the date of the evacuation drill, and includes:
   a. The date and time of the evacuation drill;
   b. The amount of time taken for all employees and participants to evacuate to a designated area;
   d. Any problems encountered in conducting the evacuation drill; and
   e. Recommendations for improvement, if applicable; and
   3. An evacuation path is conspicuously posted on each hallway of each floor of the adult day health care facility.

**Historical Note**

Adopted effective September 2, 1977 (Supp. 77-5). Repealed effective July 22, 1994 (Supp. 94-3). New Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-1115 renumbered to Section R9-10-1116; new Section R9-10-1115 renumbered from Section R9-10-1114 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-1116. Environmental Standards**

**A.** An administrator shall ensure that:
1. The adult day health care facility's premises are:
   a. Cleaned and disinfected according to policies and procedures to prevent, minimize, and control illness and infection; and
   b. Free from a condition or situation that may cause a participant or an individual to suffer physical injury;
2. A pest control program that complies with A.A.C. R3-8-201(C)(4) is implemented and documented;
3. Windows and doors opening to the outside are screened if they are kept open at any time for ventilation or other purposes;
4. Biohazardous medical waste is identified, stored, and disposed of according to 18 A.A.C. 13, Article 14 and policies and procedures;
5. Equipment used at the adult day health care facility is:
   a. Maintained in working order;
   b. Tested and calibrated according to the manufacturer's recommendations or, if there are no manufacturer's recommendations, as specified in policies and procedures; and
   c. Used according to the manufacturer's recommendations;
6. Documentation of equipment testing, calibration, and repair is maintained for at least 12 months after the date of the testing, calibration, or repair;
7. Garbage and refuse are:
   a. Stored in covered containers lined with plastic bags, and
   b. Removed from the premises at least once a week;

8. Heating and cooling systems maintain the adult day health care facility at a temperature between 70° F and 84° F;
9. The supply of hot and cold water is sufficient to meet the personal hygiene needs of participants and the cleaning and sanitation requirements in this Article;
10. Soiled linen and soiled clothing stored by the adult day health care facility are maintained separate from clean linen and clothing and stored in closed containers away from food storage, kitchen, and dining areas;
11. Oxygen containers are secured in an upright position;
12. Poisonous or toxic materials stored by the adult day health care facility are maintained in labeled containers in a locked area separate from food preparation and storage, dining areas, and medications and are inaccessible to participants;
13. Combustible or flammable liquids and hazardous materials stored by the adult day health care facility are stored in the original labeled containers or safety containers in a locked area inaccessible to participants; and
14. Pets or animals are:
    a. Controlled to prevent endangering the participants and to maintain sanitation;
    b. Not allowed in treatment, food storage, food preparation, or dining areas;
    c. Licensed consistent with local ordinances; and
    d. For a dog or cat, vaccinated against rabies.

**B.** If a swimming pool is located on the premises, an administrator shall ensure that:
1. On a day that a participant uses the swimming pool, an employee:
    a. Tests the swimming pool's water quality at least once for compliance with one of the following chemical disinfection standards:
        i. A free chlorine residual between 1.0 and 3.0 ppm as measured by the N, N-Diethyl-p-phenylenediamine test;
        ii. A free bromine residual between 2.0 and 4.0 ppm as measured by the N, N-Diethyl-p-phenylenediamine test; or
        iii. An oxidation-reduction potential equal to or greater than 650 millivolts; and
    b. Records the results of the water quality tests in a log that includes the date tested and test result;
2. Documentation of the water quality test is maintained for at least 12 months after the date of the test;
3. A swimming pool is not used by a participant if a water quality test shows that the swimming pool water does not comply with subsection (B)(1)(a);
4. At least one personnel member with cardiopulmonary resuscitation training, required in R9-10-1106(D), is present in the pool area when a participant is in the pool area; and
5. At least two personnel members are present in the pool area if two or more participants are in the pool area.

**Historical Note**

Adopted effective September 2, 1977 (Supp. 77-5). Repealed effective July 22, 1994 (Supp. 94-3). New Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-1116 renumbered to Section R9-10-1117; new Section R9-10-1116 renumbered from Section R9-10-1115 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final expedited rulemaking at 25 A.A.R. 259, effective January 8, 2019 (Supp. 19-1).

**R9-10-1117. Physical Plant Standards**

**A.** An administrator shall ensure that an adult day health care facility complies with the physical plant health and safety codes and standards incorporated by reference in R9-10-104.01, in effect on the date the adult day health care facility submitted architectural plans and specifications to the Department for approval, according to R9-10-104.

**B.** An administrator shall ensure that the premises and equipment are sufficient to accommodate:
1. The services stated in the adult day health care facility's scope of services, and
2. An individual accepted as a participant by the adult day health care facility.

**C.** An administrator shall ensure that an adult day health care facility has at least 40 square feet of indoor activity space for each participant, excluding bathrooms, halls, storage areas, kitchens, wall thicknesses, and rooms designated for use by individuals who are not participants.

**D.** An administrator shall ensure that an outside activity space is provided and available that:
1. Is on the premises,
2. Has a hard-surfaced section for wheelchairs,
3. Has an available shaded area, and
4. Has a means of egress without entering the adult day health care facility.

**E.** An administrator shall ensure that:
1. There is at least one working toilet that flushes and has a seat and one sink with running water for each ten participants;
2. A bathroom for use by participants provides privacy when in use and contains in a location accessible to participants:
    a. A mirror;
    b. Toilet paper for each toilet;
    c. Soap accessible from each sink;
    d. Paper towels in a dispenser or an air hand dryer; and
    e. Grab bars for the toilet and other assistive devices, if required, to provide for participant safety;

3. A bathroom has a window that opens or another means of ventilation;
4. If a bathing facility is provided:
   a. The bathing facility provides privacy when in use,
   b. Shower enclosures have nonporous surfaces,
   c. Showers and tubs have grab bars for participant safety, and
   d. Tub and shower floors have slip-resistant surfaces;
5. Dining areas are furnished with dining tables and chairs and large enough to accommodate participants;
6. There is a wall or other means of physical separation between dining facilities and food preparation areas;
7. If the adult day health care facility serves food, areas are designated for food preparation, storage, and handling and are not used as a passageway by participants; and
8. All flooring is slip-resistant.

**F.** If the adult day health care facility has a swimming pool on the premises, an administrator shall ensure that:
1. The swimming pool is equipped with the following:
   a. An operational water circulation system that clarifies and disinfects the swimming pool water continuously and that includes at least:
      i. A removable strainer,
      ii. Two swimming pool inlets located on opposite sides of the swimming pool, and
      iii. A drain located at the swimming pool's lowest point and covered by a grating that cannot be removed without using tools; and
   b. An operational vacuum cleaning system;
2. The swimming pool is enclosed by a wall or fence that:
   a. Is at least five feet in height as measured on the exterior of the wall or fence;
   b. Has no vertical openings greater that four inches across;
   c. Has no horizontal openings, except as described in subsection (C)(2)(e);
   d. Is not chain-link;
   e. Does not have a space between the ground and the bottom fence rail that exceeds four inches in height; and
   f. Has a self-closing, self-latching gate that:
      i. Opens away from the swimming pool,
      ii. Has a latch located at least 54 inches from the ground; and
      iii. Is locked when the swimming pool is not in use;
3. A life preserver or shepherd's crook is available and accessible in the pool area; and
4. If the swimming pool is used by participants, pool safety requirements are conspicuously posted in the pool area.

## ARTICLE 13. BEHAVIORAL HEALTH SPECIALIZED TRANSITIONAL FACILITY

**R9-10-1301. Definitions**

Definitions in A.R.S. § 36-401 and R9-10-101 apply in this Article unless otherwise specified.

**R9-10-1302. Administration**

**A.** The governing authority for a behavioral health specialized transitional facility:
1. Is the superintendent of the state hospital; and
2. Shall:
   a. Establish, in writing:
      i. A behavioral health specialized transitional facility's scope of services, and
      ii. Qualifications for an administrator;
   b. Designate, in writing, an administrator who has the qualifications established in subsection (A)(2)(a)(ii);
   c. Adopt a quality management program according to R9-10-1303;
   d. Review and evaluate the effectiveness of the quality management program at least once every 12 months;
   e. Designate an acting administrator, in writing, who has the qualifications established in subsection (A)(2)(a)(ii), if the administrator is:
      i. Expected not to be present on the behavioral health specialized transitional facility's premises for more than 30 calendar days, or
      ii. Not present on the behavioral health specialized transitional facility's premises for more than 30 calendar days; and
   f. Except as provided in subsection (A)(2)(e), notify the Department according to A.R.S. § 36-425(I) when there is a change in the administrator and identify the name and qualifications of the new administrator.

**B.** An administrator:
1. Is directly accountable to the superintendent of the state hospital for the daily operation of the behavioral health specialized transitional facility and for all services provided by or at the behavioral health specialized transitional facility;
2. Has the authority and responsibility to manage the behavioral health specialized transitional facility; and

3. Except as provided in subsection (A)(2)(e), designates, in writing, an individual who is present on the behavioral health specialized transitional facility's premises and accountable for the behavioral health specialized transitional facility when the administrator is not present on the behavioral health specialized transitional facility's premises.

**C.** An administrator shall ensure that:

1. Policies and procedures are established, documented, and implemented to protect the health and safety of a patient that:
   a. Cover job descriptions, duties, and qualifications, including required skills, knowledge, education, and experience for personnel members, employees, volunteers, and students;
   b. Cover orientation and in-service education for personnel members, employees, volunteers, and students;
   c. Cover patient admission, assessment, treatment plan, transfer, discharge planning, and recordkeeping;
   d. Cover discharge, including the amount of medication provided to a patient at discharge, based on an assessment of the patient's medical condition;
   e. Cover patient rights, including assisting a patient who does not speak English or who has a physical or other disability to become aware of patient rights;
   f. Cover the requirements in A.R.S. §§ 36-3708, 36-3709, and 36-3714;
   g. Establish the process for warning an identified or identifiable individual, as described in A.R.S. § 36-517.02 (B) through (C), if a patient communicates to a personnel member a threat of imminent serious physical harm or death to the identified or identifiable individual and the patient has the apparent intent and ability to carry out the threat;
   h. Cover when informed consent is required and how informed consent is obtained;
   i. Cover the criteria and process for conducting research using patients or patients' medical records;
   j. Include the establishment of, disbursing from, and recordkeeping for a patient personal funds account;
   k. Include a method of patient identification to ensure a patient receives the services ordered for the patient;
   l. Cover contracted services;
   m. Cover health care directives;
   n. Cover medical records, including electronic medical records;
   o. Cover medication procurement, storage, inventory monitoring and control, and disposal;
   p. Cover infection control;
   q. Cover and designate which personnel members or employees are required to have current certification in cardiopulmonary resuscitation and first aid training;
   r. Cover environmental services that affect patient care;
   s. Cover reporting suspected or alleged abuse, neglect, exploitation, or other criminal activity;
   t. Cover quality management, including incident reports and supporting documentation;
   u. Cover emergency treatment and disaster plan;
   v. Cover how personnel members will respond to a patient's sudden, intense, or out-of-control behavior to prevent harm to the patient or another individual;
   w. Include security of the facility, patients and their possessions, personnel members, and visitors at the behavioral health specialized transitional facility;
   x. Include preventing unauthorized patient absences;
   y. Cover transportation of patients, including the criteria for using a locking mechanism to restrict a patient's movement during transportation;
   z. Cover specific steps for:
      i. A patient to file a complaint, and
      ii. The behavioral health specialized transitional facility to respond to a patient's complaint;
   aa. Cover visitation, telephone usage, sending or receiving mail, computer usage, and other recreational activities; and
   bb. Include equipment inspection and maintenance;
2. Policies and procedures are available to each personnel member;
3. Laboratory services are provided by a laboratory that holds a certificate of accreditation or certificate of compliance issued by the U.S. Department of Health and Human Services under the 1988 amendments to the Clinical Laboratories Improvement Act of 1967;
4. Food services are provided as specified in R9-10-1314;
5. The following individuals have access to a patient:
   a. The patient's representative,
   b. An individual assigned by a court of law to provide services to the patient, and
   c. An attorney hired by the patient or patient's family;
6. Labor performed by a patient for the behavioral health specialized transitional facility is consistent with A.R.S. § 36-510 and applicable state and federal law; and
7. The following information is posted in an area easily viewed by a patient or an individual entering or leaving the behavioral health specialized transitional facility:
   a. Patient rights,
   b. Telephone number for the Department and the Office of Human Rights,
   c. Location of inspection reports,

d. Complaint procedures, and
e. Visitation hours and procedures.

**D.** An administrator shall:
1. Provide written notification to the Department of a patient's:
   a. Death, if the patient's death is required to be reported according to A.R.S. § 11-593, within one working day after the patient's death;
   b. Self-injury, within two working days after the patient inflicts a self-injury that requires immediate intervention by an emergency medical service provider; and
   c. Absence, within one working day after an unauthorized patient absence from the behavioral health specialized transitional facility is discovered;
2. Maintain the documentation required in subsection (D)(1) for at least 12 months after the date of the notification; and
3. Ensure that sufficient personnel are present at the behavioral health specialized transitional facility at all times to maintain safe and secure conditions.

**E.** If an administrator has a reasonable basis, according to A.R.S. § 46-454, to believe abuse, neglect, or exploitation has occurred on the premises or while the patient is receiving services from an employee or personnel member of the behavioral health specialized transitional facility, the administrator shall:
1. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
2. Report the suspected abuse, neglect, or exploitation of the patient according to A.R.S. § 46-454;
3. Document:

**R9-10-1313. Medication Services**

**A.** An administrator shall ensure that policies and procedures for medication services:
1. Include:
   a. A process for providing information to a patient about medication prescribed for the patient, including:
      i. The prescribed medication's anticipated results,
      ii. The prescribed medication's potential adverse reactions,
      iii. The prescribed medication's potential side effects, and
      iv. Potential adverse reactions that could result from not taking the medication as prescribed;
   b. Procedures for preventing, responding to, and reporting:
      i. A medication error,
      ii. An adverse response to a medication, or
      iii. A medication overdose;
   c. Procedures for documenting medication services and assistance in the self-administration of medication; and
   d. If applicable, procedures for providing medication administration or assistance in the self-administration of medication off the premises; and
2. Specify a process for review through the quality management program of:
   a. A medication administration error, and
   b. An adverse reaction to a medication.

**B.** A medical director shall ensure that:
1. Policies and procedures for medication administration:
   a. Are reviewed and approved by a medical practitioner;
   b. Specify the individuals who may:
      i. Order medication, and
      ii. Administer medication; and
   c. Ensure that medication is administered to a patient only as prescribed;
2. A patient's refusal to take prescribed medication is documented in the patient's medical record;
3. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law;
4. A medication administered to a patient:
   a. Is administered in compliance with an order, and
   b. Is documented in the patient's medical record; and
5. If pain medication is administered to a patient on a PRN basis, documentation in the patient's medical record includes:
   a. An identification of the patient's pain before administering the medication, and
   b. The effect of the pain medication administered.

**C.** If a behavioral health specialized transitional facility provides assistance in the self-administration of medication, a medical director shall ensure that:
1. A patient's medication is stored by the behavioral health specialized transitional facility;
2. The following assistance is provided to a patient:
   a. A reminder when it is time to take the medication;
   b. Opening the medication container for the patient;
   c. Observing the patient while the patient removes the medication from the container;
   d. Verifying that the medication is taken as ordered by the patient's medical practitioner by confirming that:
      i. The patient taking the medication is the individual stated on the medication container label,

ii. The dosage of the medication is the same as stated on the medication container label, and
iii. The medication is being taken by the patient at the time stated on the medication container label; or
e. Observing the patient while the patient takes the medication;
3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a medical practitioner or registered nurse;
4. Training for a personnel member, other than a medical practitioner or nurse, in assistance in the self-administration of medication:
a. Is provided by a medical practitioner or registered nurse or an individual trained by a medical practitioner or registered nurse; and
b. Includes:
i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
iii. Process for notifying the appropriate entities when an emergency medical intervention is needed;
5. A personnel member, other than a medical practitioner or nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and
6. Assistance in the self-administration of medication provided to a patient:
a. Is in compliance with an order, and
b. Is documented in the patient's medical record.

**D.** An administrator shall ensure that:
1. A current drug reference guide is available for use by personnel members;
2. A current toxicology reference guide is available for use by personnel members; and
3. If pharmaceutical services are provided:
a. The pharmaceutical services are provided under the direction of a pharmacist;
b. The pharmaceutical services comply with A.R.S. Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23; and
c. A copy of the pharmacy license is provided to the Department upon request.

**E.** When medication is stored at a behavioral health specialized transitional facility, an administrator shall ensure that:
1. Medication is stored in a separate locked room, closet, or self-contained unit used only for medication;
2. Medication is stored according to the instructions on the medication container; and
3. Policies and procedures are established, documented, and implemented for:
a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication including expired medication;
b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
c. A medication recall and notification of patients who received recalled medication;
d. Storing, inventorying, and dispensing controlled substances; and
e. Documenting the maintenance of a medication requiring refrigeration.

**F.** An administrator shall ensure that a personnel member immediately reports a medication error or a patient's adverse reaction to a medication to the medical practitioner who ordered the medication and, if applicable, the behavioral health specialized transitional facility's medical director.

**R9-10-1406. Admission; Assessment**

An administrator shall ensure that:

1. A participant is admitted based upon the participant's presenting behavioral health issue and treatment needs and the substance abuse transitional facility's ability and authority to provide behavioral health services or physical health services consistent with the participant's needs;
2. General consent is obtained from a participant or the participant's representative before or at the time of admission ;
3. The general consent obtained in subsection (2) is documented in the participant's medical record;
4. An assessment of a participant is completed or updated by an emergency medical care technician or a registered nurse;
5. If an assessment is completed or updated by an emergency medical care technician, a registered nurse reviews the assessment within 24 hours after the completion of the assessment to ensure that the assessment identifies the behavioral health services and physical health services needed by the participant;
6. If an assessment that complies with the requirements in this Section is received from a behavioral health provider other than the substance abuse transitional facility or the substance abuse transitional facility has a medical record for the participant that contains an assessment that was completed within 12 months before the date of the participant's current admission:
   a. The participant's assessment information is reviewed and updated if additional information that affects the participant's assessment is identified, and
   b. The review and update of the participant's assessment information is documented in the participant's medical record within 48 hours after the review is completed;
7. An assessment:
   a. Documents a participant's:
      i. Presenting issue;
      ii. Substance abuse history;
      iii. Co-occurring disorder;
      iv. Medical condition and history;
      v. Behavioral health treatment history;
      vi. Symptoms reported by the participant; and
      vii. Referrals needed by the participant, if any;
   b. Includes:
      i. Recommendations for further assessment or examination of the participant's needs,
      ii. The behavioral health services and physical health services that will be provided to the participant, and
      iii. The signature and date signed of the personnel member conducting the assessment; and
   c. Is documented in participant's medical record;

8. A participant is referred to a medical practitioner if a determination is made that the participant requires immediate physical health services or the participant's behavioral health issue may be related to the participant's medical condition;
9. If a participant requires behavioral health services that the substance abuse transitional facility is not authorized or not able to provide, a personnel member arranges for the participant to be provided transportation to transfer to another health care institution where the behavioral health services can be provided;
10. A request for participation in a participant's assessment is made to the participant or the participant's representative;
11. An opportunity for participation in the participant's assessment is provided to the participant or the participant's representative;
12. Documentation of the request in subsection (10) and the opportunity in subsection (11) is in the participant's medical record; and
13. A participant's assessment information is:
    a. Documented in the medical record within 48 hours after completing the assessment, and
    b. Reviewed and updated when additional information that affects the participant's assessment is identified.

**Historical Note**

Adopted effective February 1, 1994 (Supp. 94-1). Section repealed; new Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-1406 renumbered to R9-10-1405; new Section R9-10-1406 renumbered from R9-10-1407 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-1407. Discharge**

**A.** An administrator shall ensure that:
1. If a participant is not being transferred to another health care institution, before discharging the participant from a substance abuse transitional facility, a personnel member:
    a. Identifies the specific needs of the participant after discharge necessary to assist the participant to address the participant's substance abuse issues;
    b. Identifies any resources, including family members, community social services, peer support services, and Regional Behavioral Health Agency staff, that may be available to assist the participant; and
    c. Documents the information in subsection (A)(1)(a) and the resources in subsection (A)(1)(b) in the participant's medical record; and
2. When an individual is discharged, a personnel member:
    a. Provides the participant with discharge information that includes:
        i. The identified specific needs of the participant after discharge, and
        ii. Resources that may be available for the participant; and
    b. Contacts any resources identified as required in subsection (A)(1)(b).

**B.** An administrator shall ensure that there is a documented discharge order by a medical practitioner before a participant is discharged unless the participant leaves the facility against a medical practitioner's advice.

**C.** An administrator shall ensure that, at the time of discharge, a participant receives a referral for behavioral health services that the participant may need after discharge, if applicable.

**D.** An administrator shall ensure that a discharge summary:
1. Is entered into the participant's medical record within 10 working days after a participant's discharge; and
2. Includes the following information completed by an individual authorized by policies and procedures:
    a. The participant's presenting issue and other behavioral health and physical health issues identified in the participant's assessment;
    b. A summary of the behavioral health services and physical health services provided to the participant;
    c. The name, dosage, and frequency of each medication for the participant ordered at the time of the participant's discharge by a medical practitioner at the facility; and
    d. A description of the disposition of the participant's possessions, funds, or medications brought to the facility by the participant.

**E.** An administrator shall ensure that a participant who is dependent upon a prescribed medication is offered a written referral to detoxification services or opioid treatment before the participant is discharged.

**Historical Note**

Adopted effective February 1, 1994 (Supp. 94-1). Section repealed; new Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-1407 renumbered to R9-10-1406; new Section R9-10-1407 renumbered from R9-10-1408 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-1408. Transfer**

Except for a transfer of a participant due to an emergency, an administrator shall ensure that:
1. A personnel member coordinates the transfer and the services provided to the participant;

2. According to policies and procedures:
   a. An evaluation of the participant is conducted before the transfer;
   b. Information in the participant's medical record, including orders that are in effect at the time of the transfer, is provided to a receiving health care institution; and
   c. A personnel member explains risks and benefits of the transfer to the participant or the participant's representative; and
3. Documentation in the participant's medical record includes:
   a. Communication with an individual at a receiving health care institution;
   b. The date and time of the transfer;
   c. The mode of transportation; and
   d. If applicable, the name of the personnel member accompanying the participant during a transfer.

**Historical Note**

Adopted effective February 1, 1994 (Supp. 94-1). Section repealed; new Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-1408 renumbered to R9-10-1407; new Section R9-10-1408 renumbered from R9-10-1409 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-1409. Participant Rights**

**A.** An administrator shall ensure that:
1. The requirements in subsection (B) and the participant rights in subsection (C) are conspicuously posted on the premises;
2. At the time of admission, a participant or the participant's representative receives a written copy of the requirements in subsection (B) and the participant rights in subsection (C); and
3. Policies and procedures are established, documented, and implemented to protect the health and safety of a participant that include:
   a. How and when a participant or the participant's representative is informed of participant rights in subsection (C), and
   b. Where participant rights are posted as required in subsection (A)(1).

**B.** An administrator shall ensure that:
1. A participant is treated with dignity, respect, and consideration;
2. A participant is not subjected to:
   a. Abuse;
   b. Neglect;
   c. Exploitation;
   d. Coercion;

   i. Restraint;
   j. Retaliation for submitting a complaint to the Department or another entity;
   k. Misappropriation of personal and private property by the substance abuse transitional facility's personnel members, employees, volunteers, or students; or
   l. Discharge or transfer, or threat of discharge or transfer, for reasons unrelated to the participant's treatment needs, except as established in a fee agreement signed by the participant or the participant's representative; and
3. A participant or the participant's representative:
   a. Except in an emergency, either consents to or refuses treatment;
   b. May refuse or withdraw consent for treatment before treatment is initiated;
   c. Except in an emergency, is informed of alternatives to a proposed psychotropic medication, associated risks, and possible complications;
   d. Is informed of the participant complaint process; and
   e. Except as otherwise permitted by law, provides written consent to the release of information in the participant's:
      i. Medical record, or
      ii. Financial records.

**C.** A participant has the following rights:
1. Not to be discriminated against based on race, national origin, religion, gender, sexual orientation, age, disability, marital status, or diagnosis;
2. To receive treatment that:
   a. Supports and respects the participant's individuality, choices, strengths, and abilities;
   b. Supports the participant's personal liberty and only restricts the participant's personal liberty according to a court order, by the participant's or the participant's representative's general consent, or as permitted in this Chapter; and
   c. Is provided in the least restrictive environment that meets the participant's treatment needs;

3. To receive privacy in treatment and care for personal needs, including the right not to be fingerprinted, photographed, or recorded without consent, except:
   a. A participant may be photographed when admitted to a substance abuse transitional facility for identification and administrative purposes;
   b. For a participant receiving treatment according to A.R.S. Title 36, Chapter 37; or
   c. For video recordings used for security purposes that are maintained only on a temporary basis;
4. To review, upon written request, the participant's own medical record according to A.R.S. §§ 12-2293, 12-2294, and 12-2294.01;
5. To receive a referral to another health care institution if the substance abuse transitional facility is not authorized or not able to provide behavioral health services or physical health services needed by the participant;
6. To participate or have the participant's representative participate in the development of or decisions concerning treatment;
7. To receive assistance from a family member, the participant's representative, or other individual in understanding, protecting, or exercising the participant's rights;
8. To be provided locked storage space for the participant's belongings while the participant receives services; and
9. To be informed of the requirements necessary for the participant's discharge.

**Historical Note**

Adopted effective February 1, 1994 (Supp. 94-1). Section repealed; new Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-1409 renumbered to R9-10-1408; new Section R9-10-1409 renumbered from R9-10-1410 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-1410. Medical Records**

**A.** An administrator shall ensure that:
1. A medical record is established and maintained for each participant according to A.R.S. Title 12, Chapter 13, Article 7.1;
2. An entry in a participant's medical record is:
   a. Recorded only by a personnel member authorized by policies and procedures to make the entry;
   b. Dated, legible, and authenticated; and
   c. Not changed to make the initial entry illegible;
3. An order is:
   a. Dated when the order is entered in the participant's medical record and includes the time of the order;
   b. Authenticated by a medical practitioner or behavioral health professional according to policies and procedures; and
   c. If the order is a verbal order, authenticated by the medical practitioner or behavioral health professional issuing the order;
4. If a rubber-stamp signature or an electronic signature is used to authenticate an order, the individual whose signature the rubber-stamp signature or electronic signature represents is accountable for the use of the rubber-stamp signature or electronic signature;
5. A participant's medical record is available to an individual:
   a. Authorized according to policies and procedures to access the participant's medical record;
   b. If the individual is not authorized according to policies and procedures, with the written consent of the participant or the participant's representative; or
   c. As permitted by law; and
6. A participant's medical record is protected from loss, damage, or unauthorized use.

**B.** If a substance abuse transitional agency maintains participants' medical records electronically, an administrator shall ensure that:
1. Safeguards exist to prevent unauthorized access, and
2. The date and time of an entry in a medical record is recorded by the computer's internal clock.

**C.** An administrator shall ensure that a participant's medical record contains:
1. Participant information that includes:
   a. The participant's name;
   b. The participant's address;
   c. The participant's date of birth; and
   d. Any known allergies, including medication allergies;
2. A participant's presenting behavioral health issue;
3. Documentation of general consent and, if applicable, informed consent for treatment by the participant or the participant's representative, except in an emergency;
4. If applicable, the name and contact information of the participant's representative and:
   a. The document signed by the participant consenting for the participant's representative to act on the participant's behalf; or
   b. If the participant's representative:
      i. Has a health care power of attorney established under A.R.S. § 36-3221 or a mental health care power of attorney executed under A.R.S. § 36-3282, a copy of the health care power of attorney or mental health care power of attorney; or
      ii. Is a legal guardian, a copy of the court order establishing guardianship;

5. Documentation of medical history and results of a physical examination;
6. The date of admission and, if applicable, date of discharge;
7. Orders;
8. Assessment;
9. Progress notes;
10. Documentation of substance abuse transitional agency services provided to the participant;
11. If applicable, documentation of any actions taken to control the participant's sudden, intense, or out-of-control behavior to prevent harm to the participant or another individual;
12. The disposition of the participant upon discharge;
13. The discharge plan;
14. A discharge summary, if applicable; and
15. Documentation of a medication administered to a participant that includes:
    a. The date and time of administration;
    b. The name, strength, dosage, and route of administration;
    c. For a medication administered for pain:
        i. An evaluation of the participant's pain before administering the medication, and
        ii. The effect of the medication administered;
    d. For a psychotropic medication:
        i. An evaluation of the participant's behavior before administering the psychotropic medication, and
        ii. The effect of the psychotropic medication administered;
    e. The signature of the individual administering the medication; and
    f. Any adverse reaction a participant has to the medication.

**R9-10-1411. Behavioral Health Services**

**A.** An administrator shall ensure that counseling is:
1. Offered as described in the substance abuse transitional facility's scope of services,
2. Provided according to the frequency and number of hours identified in the participant's assessment, and
3. Provided by a behavioral health professional.

**B.** An administrator shall ensure that:
1. A behavioral health professional providing counseling that addresses a specific type of behavioral health issue has the skills and knowledge necessary to provide the counseling that addresses the specific type of behavioral health issue; and
2. Each counseling session is documented in a participant's medical record to include:
    a. The date of the counseling session;
    b. The amount of time spent in the counseling session;
    c. Whether the counseling was individual counseling, family counseling, or group counseling;
    d. The treatment goals addressed in the counseling session; and
    e. The signature of the personnel member who provided the counseling and the date signed.

**Historical Note**

Adopted effective February 1, 1994 (Supp. 94-1). Section repealed; new Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-1411 renumbered to R9-10-1410; new Section R9-10-1411 renumbered from R9-10-1412 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-1412. Medication Services**

**A.** If a facility provides medication administration or assistance in the self-administration of medication, an administrator shall ensure that policies and procedures for medication services:
1. Include:
    a. A process for providing information to a participant about medication prescribed for the participant including:
        i. The prescribed medication's anticipated results,
        ii. The prescribed medication's potential adverse reactions,
        iii. The prescribed medication's potential side effects, and
        iv. Potential adverse reactions that could result from not taking the medication as prescribed;
    b. Procedures for preventing, responding to, and reporting:
        i. A medication error,

ii. An adverse reaction to a medication, or
iii. A medication overdose;
c. Procedures to ensure that a participant's medication regimen is reviewed by a medical practitioner to ensure the medication regimen meets the participant's needs;
d. Procedures for documenting medication administration and assistance in the self-administration of medication;
e. Procedures for assisting a participant in obtaining medication; and
f. If applicable, procedures for providing medication administration or assistance in the self-administration of medication off the premises; and
2. Specify a process for review through the quality management program of:
a. A medication administration error, and
b. An adverse reaction to a medication.

**B.** If a substance abuse transitional facility provides medication administration, an administrator shall ensure that:
1. Policies and procedures for medication administration:
a. Are reviewed and approved by a medical practitioner;
b. Specify the individuals who may:
i. Order medication, and
ii. Administer medication;
c. Ensure that medication is administered to a participant only as prescribed;
d. Cover the documentation of a participant's refusal to take prescribed medication in the participant's medical record;
2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law; and
3. A medication administered to a participant:
a. Is administered in compliance with an order, and
b. Is documented in the participant's medical record.

**C.** If a substance abuse transitional facility provides assistance in the self-administration of medication, an administrator shall ensure that:
1. A participant's medication is stored by the substance abuse transitional facility;
2. The following assistance is provided to a participant:
a. A reminder when it is time to take the medication;
b. Opening the medication container for the participant;
c. Observing the participant while the participant removes the medication from the container;
d. Verifying that the medication is taken as ordered by the participant's medical practitioner by confirming that:
i. The participant taking the medication is the individual stated on the medication container label,
ii. The participant is taking the dosage of the medication stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label, and
iii. The participant is taking the medication at the time stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label; or
e. Observing the participant while the participant takes the medication;
3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a medical practitioner or registered nurse;
4. Training for a personnel member, other than a medical practitioner or registered nurse, in assistance in the self-administration of medication:
a. Is provided by a medical practitioner or registered nurse or an individual trained by a medical practitioner or registered nurse;
b. Includes:
i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
iii. The process for notifying the appropriate entities when an emergency medical intervention is needed;
5. A personnel member, other than a medical practitioner or registered nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and
6. Assistance in the self-administration of medication provided to a participant:
a. Is in compliance with an order, and
b. Is documented in the participant's medical record.

**D.** An administrator shall ensure that:
1. A current drug reference guide is available for use by personnel members, and
2. A current toxicology reference guide is available for use by personnel members.

**E.** When medication is stored at the substance abuse transitional facility, an administrator shall ensure that:
1. Medication is stored in a separate locked room, closet, or self-contained unit used only for medication storage;

2. Medication is stored according to the instructions of the medication container; and
3. Policies and procedures are established, documented, and implemented for:
   a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication, including expired medication;
   b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
   c. A medication recall and notification of participants who received recalled medication;
   d. Storing, inventorying, and dispensing controlled substances; and
   e. Documenting the maintenance of a medication requiring refrigeration.

**F.** An administrator shall ensure that a personnel member immediately reports a medication error or a participant's adverse reaction to a medication to the medical practitioner who ordered the medication and the registered nurse required in R9-10-1405(I)(6).

**Historical Note**

Adopted effective February 1, 1994 (Supp. 94-1). Section repealed; new Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Section R9-10-1412 renumbered to R9-10-1411; new Section R9-10-1412 renumbered from R9-10-1413 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-1413. Food Services**

**A.** An administrator shall ensure that:
1. If a substance abuse transitional facility has a licensed capacity of more than 10 participants:
   a. Food services are provided in compliance with 9 A.A.C. 8, Article 1; and
   b. A copy of the substance abuse transitional facility's food establishment license or permit required according to subsection (A)(1) is maintained;
2. If a substance abuse transitional facility contracts with a food establishment, as established in 9 A.A.C. 8, Article 1, to prepare and deliver food to the facility:
   a. A copy of the contracted food establishment's license or permit is maintained by the substance abuse transitional facility; and
   b. The substance abuse transitional facility is able to store, refrigerate, and reheat food to meet the dietary needs of a participant;
3. A registered dietitian is employed full-time, part-time, or as a consultant; and
4. If a registered dietitian is not employed full-time, an individual is designated as a director of food services who consults with a registered dietitian as often as necessary to meet the nutritional needs of the participants.

**B.** A registered dietitian or director of food services shall ensure that:
1. Food is prepared:
   a. Using methods that conserve nutritional value, flavor, and appearance; and
   b. In a form to meet the needs of a participant such as cut, chopped, ground, pureed, or thickened;
2. A food menu is:
   a. Prepared at least one week in advance,
   b. Conspicuously posted, and
   c. Maintained for at least 60 calendar days after the last day included in the food menu;
3. If there is a change to a posted food menu, the change is noted on the posted menu no later than the morning of the day the change occurs;
4. Meals and snacks provided by the substance abuse transitional facility are served according to posted menus;
5. Meals and snacks for each day are planned using the applicable guidelines in http://www.health.gov/dietaryguidelines/2010.asp;
6. A participant is provided:
   a. A diet that meets the participant's nutritional needs as specified in the participant's assessment;
   b. Three meals a day with not more than 14 hours between the evening meal and breakfast, except as provided in subsection (B)(6)(d);
   c. The option to have a daily evening snack identified in subsection (B)(6)(d)(ii) or other snack; and
   d. The option to extend the time span between the evening meal and breakfast from 14 hours to 16 hours if:
      i. The participant agrees; and
      ii. The participant is offered an evening snack that includes meat, fish, eggs, cheese, or other protein, and a serving from either the fruit and vegetable food group or the bread and cereal food group;
7. A participant requiring assistance to eat is provided with assistance that recognizes the participant's nutritional, physical, and social needs, including the use of adaptive eating equipment or utensils; and
8. Water is available and accessible to participants at all times, unless otherwise stated in a participant's assessment.

**C.** An administrator shall ensure that food is obtained, prepared, served, and stored as follows:
1. Food is free from spoilage, filth, or other contamination and is safe for human consumption;
2. Food is protected from potential contamination;
3. Potentially hazardous food is maintained as follows:

a. Foods requiring refrigeration are maintained at 41° F or below; and
b. Foods requiring cooking are cooked to heat all parts of the food to a temperature of at least 145° F for 15 seconds, except that:
i. Ground beef and any food containing ground beef are cooked to heat all parts of the food to at least 155° F;
ii. Poultry, poultry stuffing, stuffed meats, and stuffing that contains meat are cooked to heat all parts of the food to at least 165° F;
iii. Pork and any food containing pork are cooked to heat all parts of the food to at least 155° F;
iv. Raw shell eggs for immediate consumption are cooked to at least 145° F for 15 seconds and any food containing raw shell eggs is cooked to heat all parts of the food to at least 155° F;

**R9-10-1509. Abortion Procedures**

**A.** A medical director shall ensure that a medical evaluation of a patient is conducted before the patient's abortion is performed that includes:
1. A medical history including:
   a. Allergies to medications, antiseptic solutions, or latex;
   b. Obstetrical and gynecological history;
   c. Past surgeries;
   d. Medication the patient is currently taking; and
   e. Other medical conditions;
2. A physical examination, performed by a physician that includes a bimanual examination to estimate uterine size and palpation of adnexa;
3. The following laboratory tests:
   a. A urine or blood test to determine pregnancy;
   b. Rh typing, unless the patient provides written documentation of blood type acceptable to the physician;
   c. Anemia screening; and
   d. Other laboratory tests recommended by the physician or medical director on the basis of the physical examination; and
4. An ultrasound imaging study of the fetus, performed as required in A.R.S. §§ 36-2156 and 36-2301.02(A).

**B.** If the medical evaluation indicates a patient is Rh negative, a medical director shall ensure that:
1. The patient receives information from a physician on this condition;
2. The patient is offered RhO(d) immune globulin within 72 hours after the abortion procedure;
3. If a patient refuses RhO(d) immune globulin, the patient signs and dates a form acknowledging the patient's condition and refusing the RhO(d) immune globulin;
4. The form in subsection (B)(3) is maintained in the patient's medical record; and
5. If a patient refuses RhO(d) immune globulin or if a patient refuses to sign and date an acknowledgment and refusal form, the physician documents the patient's refusal in the patient's medical record.

**C.** A physician shall estimate the gestational age of the fetus, based on one of the following criteria, and record the estimated gestational age in the patient's medical record:
1. Ultrasound measurements of the biparietal diameter, length of femur, abdominal circumference, visible pregnancy sac, or crown-rump length or a combination of these; or
2. The date of the last menstrual period or the date of fertilization and a bimanual examination of the patient.

**D.** A medical director shall ensure that:
1. The ultrasound of a patient required in subsection (A)(4) is performed by an individual who meets the requirements in R9-10-1506(3);
2. An ultrasound estimate of gestational age of a fetus is performed using methods and tables or charts in a publication distributed nationally that contains peer-reviewed medical information, such as medical information derived from a publication describing research in obstetrics and gynecology or in diagnostic imaging;
3. An original patient ultrasound image is:
   a. Interpreted by a physician, and
   b. Maintained in the patient's medical record in either electronic or paper form; and
4. If requested by the patient, the ultrasound image is reviewed with the patient by a physician, physician assistant, registered nurse practitioner, or registered nurse.

**E.** A medical director shall ensure that before an abortion is performed on a patient:
1. Written consent, that meets the requirements in A.R.S. § 36-2152 or 36-2153, as applicable, and A.R.S. § 36-2158 is signed and dated by the patient or the patient's representative;
2. Information is provided to the patient on the abortion procedure, including alternatives, risks, and potential complications;
3. Information specified in A.R.S. § 36-2161(A)(12) is requested from the patient; and
4. If applicable, information required in A.R.S. § 36-2161(C) is provided to the patient.

**F.** A medical director shall ensure that an abortion is performed according to the abortion clinic's policies and procedures and this Article.

**G.** A medical director shall ensure that:

1. A patient care staff member monitors a patient's vital signs throughout an abortion procedure to ensure the patient's health and safety;
2. Intravenous access is established and maintained on a patient undergoing an abortion after the first trimester unless the physician determines that establishing intravenous access is not appropriate for the particular patient and documents that fact in the patient's medical record;
3. If an abortion procedure is performed at or after 20 weeks gestational age, a patient care staff member qualified in neonatal resuscitation, other than the physician performing the abortion procedure, is in the room in which the abortion procedure takes place before the delivery of the fetus; and
4. If a fetus is delivered alive:
   a. Resuscitative measures, including the following, are used to support life:
      i. Warming and drying of the fetus,
      ii. Clearing secretions from and positioning the airway of the fetus,
      iii. Administering oxygen as needed to the fetus, and
      iv. Assessing and monitoring the cardiopulmonary status of the fetus;
   b. A determination is made of whether the fetus is a viable fetus;
   c. A viable fetus is provided treatment to support life;
   d. A viable fetus is transferred as required in R9-10-1510; and
   e. Resuscitative measures and the transfer, as applicable, are documented.

**H.** To ensure a patient's health and safety, a medical director shall ensure that following the abortion procedure:
1. A patient's vital signs and bleeding are monitored by:
   a. A physician;
   b. A physician assistant;
   c. A registered nurse practitioner;
   d. A nurse; or
   e. If a physician is able to provide direct supervision, as defined in A.R.S. § 32-1401 or A.R.S. § 32-1800, as applicable, to a medical assistant, as defined in A.R.S. § 32-1401 or A.R.S. § 32-1800, a medical assistant under the direct supervision of the physician; and
2. A patient remains in the recovery room or recovery area until a physician, physician assistant, registered nurse practitioner, or nurse examines the patient and determines that the patient's medical condition is stable and the patient is ready to leave the recovery room or recovery area.

**I.** A medical director shall ensure that follow-up care:
1. For a surgical abortion is offered to a patient that includes:
   a. With a patient's consent, a telephone call made to the patient to assess the patient's recovery:
      i. By a patient care staff member other than a surgical assistant; and
      ii. Within 24 hours after the patient's discharge following a surgical abortion; and
   b. A follow-up visit scheduled, if requested, no more than 21 calendar days after the abortion that includes:
      i. A physical examination,
      ii. A review of all laboratory tests as required in subsection (A)(3), and
      iii. A urine pregnancy test;
2. For a medication abortion includes a follow-up visit, scheduled between seven and 21 calendar days after the initial dose of a substance used to induce an abortion, that includes:
   a. A urine pregnancy test, and
   b. An assessment of the degree of bleeding; and
3. Is documented in the patient's medical record, including:
   a. A patient's acceptance or refusal of a follow-up visit following a surgical abortion;
   b. If applicable, the results of the follow-up visit; and
   c. If applicable, whether the patient consented to a telephone call and, if so, whether the patient care staff member making the telephone call to the patient:
      i. Spoke with the patient about the patient's recovery, or
      ii. Was unable to speak with the patient.

**J.** If a continuing pregnancy is suspected as a result of the follow-up visit in subsection (I)(1)(b) or (I)(2), a physician who performs abortions shall be consulted.

**R9-10-1510. Patient Transfer and Discharge**

**A.** A medical director shall ensure that:
1. For a patient:
   a. A patient is transferred to a hospital for an emergency involving the patient;
   b. A patient transfer is documented in the patient's medical record; and
   c. Documentation of a medical evaluation, treatment provided, and laboratory and diagnostic information is transferred with a patient; and
2. For a viable fetus:
   a. A viable fetus requiring emergency care is transferred to a hospital,
   b. The transfer of a viable fetus is documented in the viable fetus's medical record, and
   c. Documentation of an assessment of cardiopulmonary function and treatment provided to a viable fetus is transferred with the viable fetus.

**B.** A medical director shall ensure that before a patient is discharged:
1. A physician signs the patient's discharge order; and
2. A patient receives follow-up instructions at discharge that include:
   a. Signs of possible complications,
   b. When to access medical services in response to complications,
   c. A telephone number of an individual or entity to contact for medical emergencies,
   d. Information and precautions for resuming vaginal intercourse after the abortion, and
   e. Information specific to the patient's abortion or condition.

**R9-10-1511. Medications and Controlled Substances**

A medical director shall ensure that:
1. The abortion clinic complies with the requirements for medications and controlled substances in A.R.S. Title 32, Chapter 18, and A.R.S. Title 36, Chapter 27;
2. A medication is administered in compliance with an order from a physician, physician assistant, registered nurse practitioner, or as otherwise provided by law;
3. A medication is administered to a patient or to a viable fetus by a physician or as otherwise provided by law;
4. Medications and controlled substances are maintained in a locked area on the premises;
5. Only personnel designated by policies and procedures have access to the locked area containing medications and controlled substances;
6. Expired, mislabeled, or unusable medications and controlled substances are disposed of according to policies and procedures;
7. A medication error or an adverse reaction, including any actions taken in response to the medication error or adverse reaction, is immediately reported to the medical director and licensee, and recorded in the patient's medical record;
8. Medication information for a patient is maintained in the patient's medical record and contains:
   a. The patient's name, age, and weight;
   b. The medications the patient is currently taking;
   c. Allergies or sensitivities to medications, antiseptic solutions, or latex; and
   d. If medication is administered to the patient:
      i. The date and time of administration;
      ii. The name, strength, dosage form, amount of medication, and route of administration; and
      iii. The identification and signature of the individual administering the medication; and
9. If administered to a fetus delivered alive, the following are documented in the fetus's medical record:
   a. The date and time of oxygen administration;

b. The amount and flow rate of the oxygen;
c. The identification and signature of the individual administering the oxygen; and
d. For a viable fetus:
   i. The date and time of medication administration;
   ii. The name, strength, dosage form, amount of medication, and route of administration; and
   iii. The identification and signature of the individual administering the medication.

**R9-10-1512. Medical Records**

**A.** A licensee shall ensure that a medical record is established and maintained for a patient that contains:
1. Patient identification including:
   a. The patient's name, address, and date of birth;
   b. The designated patient's representative, if applicable; and
   c. The name and telephone number of an individual to contact in an emergency;
2. The patient's medical history required in R9-10-1509(A)(1);
3. The patient's physical examination required in R9-10-1509(A)(2);
4. The laboratory test results required in R9-10-1509(A)(3);
5. The ultrasound results, including the original print, required in R9-10-1509(A)(4);
6. The physician's estimated gestational age of the fetus required in R9-10-1509(C);
7. Each consent form signed by the patient or the patient's representative;
8. Orders issued by a physician, physician assistant, or registered nurse practitioner;
9. A record of medical services, nursing services, and health-related services provided to the patient;
10. The patient's medication information;
11. Documentation related to follow-up care specified in R9-10-1509(I); and
12. If the abortion procedure was performed at or after 20 weeks gestational age and the fetus was not delivered alive, documentation from the physician and other patient care staff member present certifying that the fetus was not delivered alive.

**B.** A licensee shall ensure that a medical record is established and maintained for a fetus delivered alive that contains:
1. An identification of the fetus, including:
   a. The name of the patient from whom the fetus was delivered alive, and
   b. The date the fetus was delivered alive;
2. Orders issued by a physician, physician assistant, or registered nurse practitioner;
3. A record of medical services, nursing services, and health-related services provided to the fetus delivered alive;
4. If applicable, information about medication administered to the fetus delivered alive; and
5. If the abortion procedure was performed at or after 20 weeks gestational age:
   a. Documentation of the requirements in R9-10-1509(G)(4); and
   b. If the fetus had a lethal fetal condition, the results of the confirmation of the lethal fetal condition.

**C.** A licensee shall ensure that:
1. A medical record is accessible only to the Department or personnel authorized by policies and procedures;
2. Medical record information is confidential and released only with the written informed consent of a patient or the patient's representative or as otherwise permitted by law;
3. A medical record is protected from loss, damage, or unauthorized use and is maintained and accessible for at least seven years after the date of an adult patient's discharge or if the patient is a child, either for at least three years after the child's 18th birthday or for at least seven years after the patient's discharge, whichever date occurs last;
4. A medical record is maintained at the abortion clinic for at least six months after the date of the patient's discharge; and
5. Vital records and vital statistics are retained according to A.R.S. § 36-343.

**D.** If the Department requests patient medical records for review, the licensee:
1. Is not required to produce any patient medical records created or prepared by a referring physician's office;
2. May provide patient medical records to the Department either in paper or in an electronic format that is acceptable to the Department;

3. Shall provide the Department with the following patient medical records related to medical services associated with an abortion, including any follow-up visits to the abortion clinic in connection with the abortion:
   a. The patient's medical history required in R9-10-1509(A)(1);
   b. The patient's physical examination required in R9-10-1509(A)(2);
   c. The laboratory test results required in R9-10-1509(A)(3);
   d. The physician's estimate of gestational age of the fetus required in R9-10-1509(C);
   e. The ultrasound results required in R9-10-1509(D)(2);
   f. Each consent form signed by the patient or the patient's representative;
   g. Orders issued by a physician, physician assistant, or registered nurse practitioner;
   h. A record of medical services, nursing services, and health-related services provided to the patient; and
   i. The patient's medication information;
4. If the Department's request is in connection with a licensing or compliance inspection:
   a. Is not required to produce any patient medical records associated with an abortion that occurred before the licensing inspection or a previous compliance inspection of the abortion clinic; and
   b. Shall:
      i. Redact only personally identifiable patient information from the patient medical records before the licensee discloses the patient medical records to the Department;
      ii. Upon request by the Department, code the requested patient medical records by a means that allows the Department to track all patient medical records related to a specific patient without the personally identifiable patient information; and
      iii. Unless the Department and the licensee agree otherwise, provide redacted copies of patient medical records to the Department:
         (1) For one to ten patients, within two working days after the request, and
         (2) For every additional five patients, within an additional two working days; and
5. If the Department's request is in connection with a complaint investigation, shall:
   a. Not redact patient information from the patient medical records before the licensee discloses the patient medical records to the Department; and
   b. Ensure the patient medical records include:
      i. The patient's name, address, and date of birth;
      ii. The patient's representative, if applicable; and
      iii. The name and telephone number of an individual to contact in an emergency.

**E.** A medical director shall ensure that only personnel authorized by policies and procedures, records or signs an entry in a medical record and:
1. An entry in a medical record is dated and legible;
2. An entry is authenticated by:
   a. A signature; or
   b. An individual's initials if the individual's signature already appears in the medical record;
3. An entry is not changed after it has been recorded, but additional information related to an entry may be recorded in the medical record;
4. When a verbal or telephone order is entered in the medical record, the entry is authenticated within 21 calendar days by the individual who issued the order;

      i. Is a legal guardian, a copy of the court order establishing guardianship; or
      ii. Has a health care power of attorney established under A.R.S. § 36-3221 or a mental health care power of attorney executed under A.R.S. § 36-3282, a copy of the health care power of attorney or mental health care power of attorney;
6. If applicable, documented general consent and informed consent by the patient or the patient's representative;
7. Documentation of medical history and results of a physical examination;
8. A copy of the patient's health care directive, if applicable;
9. Orders;
10. Assessment;
11. Treatment plans;
12. Interval note;
13. Progress notes;
14. Documentation of health care institution services provided to the patient;
15. Disposition of the patient after discharge;
16. If applicable, documentation of any actions taken to control the patient's sudden, intense, or out-of-control behavior to prevent harm to the patient or another individual;

17. Discharge plan;
18. A discharge summary, if applicable;
19. If applicable:
    a. Laboratory reports,
    b. Radiologic reports,
    c. Diagnostic reports, and
    d. Consultation reports; and
20. Documentation of a medication administered to the patient that includes:
    a. The date and time of administration;
    b. The name, strength, dosage, and route of administration;
    c. For a medication administered for pain, when initially administered or PRN:
        i. An assessment of the patient's pain before administering the medication, and
        ii. The effect of the medication administered;
    d. For a psychotropic medication, when initially administered or PRN:
        i. An assessment of the patient's behavior before administering the psychotropic medication, and
        ii. The effect of the psychotropic medication administered;
    e. The identification, signature, and professional designation of the individual administering or observing the self-administration of the medication; and
    f. Any adverse reaction a patient has to the medication.

**Historical Note**

**R9-10-1709. Medication Services**

**A.** An administrator shall ensure that:
1. Policies and procedures for medication services include:
    a. A process for providing information to a patient about medication prescribed for the patient including:
        i. The prescribed medication's anticipated results,
        ii. The prescribed medication's potential adverse reactions,
        iii. The prescribed medication's potential side effects, and
        iv. Potential adverse reactions that could result from not taking the medication as prescribed;
    b. Procedures for preventing, responding to, and reporting a medication error;
    c. Procedures for responding to and reporting an unexpected reaction to a medication;
    d. Procedures to ensure that a patient's medication regimen and method of administration is reviewed by a medical practitioner and to ensure the medication regimen meets the patient's needs;
    e. Procedures for:
        i. Documenting, as applicable, medication administration and assistance in the self-administration of medication; and
        ii. Monitoring a patient who self-administers medication;
    f. Procedures for assisting a patient in obtaining medication; and
    g. If applicable, procedures for providing medication administration or assistance in the self-administration of medication off the premises; and
2. A process is specified for review through the quality management program of:
    a. A medication administration error, and
    b. An adverse reaction to a medication.

**B.** If a health care institution provides medication administration, an administrator shall ensure that:
1. Medication is stored by the health care institution;
2. Policies and procedures for medication administration:
    a. Are reviewed and approved by a medical practitioner;
    b. Specify the individuals who may:
        i. Order medication, and
        ii. Administer medication;
    c. Ensure that medication is administered to a patient only as prescribed; and
    d. Cover the documentation of a patient's refusal to take prescribed medication in the patient's medical record;
3. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law; and
4. A medication administered to a patient:
    a. Is administered in compliance with an order, and
    b. Is documented in the patient's medical record.

**C.** If a health care institution provides assistance in the self-administration of medication, an administrator shall ensure that:

1. A patient's medication is stored by the health care institution;
2. The following assistance is provided to a patient:
   a. A reminder when it is time to take the medication;
   b. Opening the medication container for the patient;
   c. Observing the patient while the patient removes the medication from the container;
   d. Verifying that the medication is taken as ordered by the patient's medical practitioner by confirming that:
      i. The patient taking the medication is the individual stated on the medication container label,
      ii. The patient is taking the dosage of the medication as stated on the medication container label, and
      iii. The patient is taking the medication at the time stated on the medication container label; or
   e. Observing the patient while the patient takes the medication;
3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a medical practitioner or registered nurse;
4. Training for a personnel member, other than a medical practitioner or registered nurse, in assistance in the self-administration of medication:
   a. Is provided by a medical practitioner or registered nurse or an individual trained by a medical practitioner or registered nurse; and
   b. Includes:
      i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
      ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
      iii. Process for notifying the appropriate entities when an emergency medical intervention is needed;
5. A personnel member, other than a medical practitioner or registered nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and
6. Assistance in the self-administration of medication provided to a patient:
   a. Is in compliance with an order, and
   b. Is documented in the patient's medical record.

**D.** An administrator shall ensure that:
1. A current drug reference guide is available for use by personnel members;
2. A current toxicology reference guide is available for use by personnel members; and
3. If pharmaceutical services are provided on the premises:

3. Unless otherwise stated:
    a. Documentation required by this Article is maintained and provided to the Department within two hours after a Department request; and
    b. When documentation or information is required by this Chapter to be submitted on behalf of a counseling facility, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the counseling facility;
4. The following are conspicuously posted:
    a. The current license for the counseling facility issued by the Department;
    b. The name, address, and telephone number of the Department;
    c. A notice that a patient may file a complaint with the Department about the counseling facility;
    d. A list of patient rights;
    e. A map for evacuating the facility; and
    f. A notice identifying the location on the premises where current license inspection reports required in A.R.S. § 36-425(H), with patient information redacted, are available;
5. Patient follow-up instructions are:
    a. Provided, orally or in written form, to a patient or the patient's representative before the patient leaves the counseling facility unless the patient leaves against a personnel member's advice; and
    b. Documented in the patient's medical record; and
6. Cardiopulmonary resuscitation training includes a demonstration of the individual's ability to perform cardiopulmonary resuscitation.

**E.** If abuse, neglect, or exploitation of a patient is alleged or suspected to have occurred before the patient was admitted or while the patient is not on the premises and not receiving services from a counseling facility's employee or personnel member, an administrator shall report the alleged or suspected abuse, neglect, or exploitation of the patient as follows:
1. For a patient 18 years of age or older, according to A.R.S. § 46-454; or
2. For a patient under 18 years of age, according to A.R.S. § 13-3620.

**F.** If an administrator has a reasonable basis, according to A.R.S. §§ 13-3620 or 46-454, to believe that abuse, neglect, or exploitation has occurred on the premises or while a patient is receiving services from a counseling facility's employee or personnel member, an administrator shall:
1. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
2. Report the suspected abuse, neglect, or exploitation of the patient as follows:
    a. For a patient 18 years of age or older, according to A.R.S. § 46-454; or
    b. For a patient under 18 years of age, according to A.R.S. § 13-3620;
3. Document:
    a. The suspected abuse, neglect, or exploitation;
    b. Any action taken according to subsection (F)(1); and
    c. The report in subsection (F)(2);

4. Maintain the documentation in subsection (F)(3) for at least 12 months after the date of the report in subsection (F)(2);
5. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in subsection (F)(2):
   a. The dates, times, and description of the suspected abuse, neglect, or exploitation;
   b. A description of any injury to the patient related to the suspected abuse or neglect and any change to the patient's physical, cognitive, functional, or emotional condition;
   c. The names of witnesses to the suspected abuse, neglect, or exploitation; and
   d. The actions taken by the administrator to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and
6. Maintain a copy of the documented information required in subsection (F)(5) and any other information obtained during the investigation for at least 12 months after the date the investigation was initiated.

**Historical Note**

New Section made by exempt rulemaking at 20 A.A.R. 3535, pursuant to Laws 2014, Ch. 233, § 5; effective January 1, 2015 (Supp. 14-4).

**R9-10-1909. Counseling**

**A.** An administrator of a counseling facility shall ensure that:
1. Counseling provided at the counseling facility is provided under the direction of a behavioral health professional;
2. A personnel member who provides counseling is at least 18 years old; and
3. If a counseling facility provides counseling to a patient who is less than 18 years of age, an employee or a volunteer and the owner comply with the fingerprint clearance card requirements in A.R.S. § 36-425.03.

**B.** An administrator of a counseling facility shall ensure that:
1. Before counseling for a patient is initiated, there is a behavioral health assessment for the patient that complies with the requirements in this Section that is:
   a. Available:
      i. In the patient's medical record maintained by the counseling facility;
      ii. If the counseling facility is an affiliated counseling facility, in the patient's integrated medical record; or
      iii. If the counseling facility has an affiliated outpatient treatment center, in the patient's integrated medical record maintained by the counseling facility's affiliated outpatient treatment center; and
   b. Either:
      i. Completed by a personnel member at the counseling facility; or
      ii. Obtained from a behavioral health provider other than the counseling facility;
   2. A behavioral health assessment, obtained from a behavioral health provider other than the counseling facility or available in a medical record or integrated medical record, was completed within 12 months before the date of the patient's current admission;
3. If a behavioral health assessment is obtained from a behavioral health provider other than the counseling facility or is available as stated in subsection (B)(1)(a), the information in the behavioral health assessment is reviewed and updated if additional information that affects the patient's behavioral health assessment is identified;
4. The review and update of the patient's assessment information in subsection (B)(3) is documented in the patient's medical record within 48 hours after the review is completed;
5. If a behavioral health assessment is conducted by a:

a. Behavioral health technician or a registered nurse, within 72 hours after the behavioral health assessment is conducted, a behavioral health professional certified or licensed to provide the counseling needed by the patient reviews and signs the behavioral health assessment to ensure that the behavioral health assessment identifies the counseling needed by the patient; or
b. Behavioral health paraprofessional, a behavioral health professional certified or licensed to provide the counseling needed by the patient supervises the behavioral health paraprofessional during the completion of the behavioral health assessment and signs the behavioral health assessment to ensure that the assessment identifies the counseling needed by the patient;

6. A behavioral health assessment:
   a. Documents a patient's:
      i. Presenting issue;
      ii. Substance use history;
      iii. Co-occurring disorder;
      iv. Medical condition and history;
      v. Legal history, including:

      vi. Criminal justice record;
      vii. Family history;
      viii. Behavioral health treatment history; and
      ix. Symptoms reported by the patient or the patient's representative and referrals needed by the patient, if any;
   b. Includes:
      i. Recommendations for further assessment or examination of the patient's needs;
      ii. A description of the counseling, including type, frequency, and number of hours, that will be provided to the patient; and
      iii. The signature and date signed of the personnel member conducting the behavioral health assessment; and
   c. Is documented in patient's medical record;
7. A patient is referred to a medical practitioner if a determination is made that the patient requires immediate physical health services or the patient's behavioral health issue may be related to the patient's medical condition;
8. A request for participation in a patient's behavioral health assessment is made to the patient or the patient's representative;
9. An opportunity for participation in the patient's behavioral health assessment is provided to the patient or the patient's representative;
10. Documentation of the request in subsection (B)(8) and the opportunity in subsection (B)(9) is in the patient's medical record;
11. A patient's behavioral health assessment information is documented in the medical record within 48 hours after completing the assessment;
12. If information in subsection (B)(6)(a) is obtained about a patient after the patient's behavioral health assessment is completed, an interval note, including the information, is documented in the patient's medical record within 48 hours after the information is obtained;
13. Counseling is:
   a. Offered as described in the counseling facility's scope of services;
   b. Provided according to the type, frequency, and number of hours identified in the patient's assessment; and
   c. Provided by a behavioral health professional or a behavioral health technician;
14. A personnel member providing counseling to address a specific type of behavioral health issue has the skills and knowledge necessary to provide the counseling that addresses the specific type of behavioral health issue; and
15. Each counseling session is documented in the patient's medical record to include:
   a. The date of the counseling session;
   b. The amount of time spent in the counseling session;
   c. Whether the counseling was individual counseling, family counseling, or group counseling;
   d. The treatment goals addressed in the counseling session; and
   e. The signature of the personnel member who provided the counseling and the date signed.

**C.** An administrator may provide any of the following, according to the applicable requirements in 9 A.A.C. 20, to individuals required to attend by a referring court, if approved by the Department to provide the services:
1. DUI screening,
2. DUI education,
3. DUI treatment, or
4. Misdemeanor domestic violence offender treatment.

**D.** An administrator of a counseling facility authorized to provide the services in subsection (C):
1. Shall comply with the requirements for the specific service in 9 A.A.C. 20, and

2. May have a behavioral health technician who has the appropriate skills and knowledge established in policies and procedures provide the services.

**Historical Note**

14-4). Amended by final expedited rulemaking, at 25 A.A.R. 3481 with an immediate effective date of November 5, 2019 (Supp. 19-4). Amended by final expedited rulemaking at 26 A.A.R. 3041, with an immediate effective date of November 3, 2020 (Supp. 20-4).

**R9-10-1911. Integrated Information**

**A.** An administrator of an affiliated outpatient treatment center may maintain the following information, required in this Article for a counseling facility for which the affiliated outpatient treatment center provides administrative support, integrated with information required in 9 A.A.C. 10, Article 10 for the outpatient treatment center:
1. Quality management plan, documented incidents, and reports required in R9-10-1904;
2. Contracted services information in R9-10-1905;
3. Orientation plan, in-service education plan, and personnel records in R9-10-1906; and
4. Medical records in R9-10-1908.

**B.** An administrator of an affiliated counseling facility that shares administrative support with one or more other affiliated counseling facilities may maintain the information in subsections (A)(1) through (A)(4) integrated with information maintained by the other affiliated counseling facilities.

**C.** If an administrator of an affiliated outpatient treatment center or an affiliated counseling facility maintains integrated information according to subsection (A) or (B), the administrator shall develop, document, and implement a method to ensure that:
1. If the quality management plan is integrated, the incidents documented, concerns identified, and changes or actions taken are identified for each facility;
2. If a person provides contracted services at more than one facility, the types of services the person provides at each facility is identified in the contract information;
3. If an orientation plan is applicable to more than one facility, the orientation a personnel member is expected to obtain for each facility is identified in the orientation plan;
4. If an in-service education plan is applicable to more than one facility, the in-service education a personnel member is expected to obtain for each facility is identified in the in-service education plan;
5. If a personnel member provides counseling at more than one facility, the following is identified in the personnel member's record:
   a. The days and hours the personnel member provides counseling for each facility;
   b. If the personnel member's job description is different for each facility:
      i. Each job description for the personnel member, and
      ii. Verification of the skills and knowledge to provide counseling according to each of the personnel member's job descriptions; and
   c. If a personnel member is a behavioral health technician, documentation of the clinical oversight provided to the personnel member, based on the number and acuity of the patients to whom the personnel member provided counseling at each facility; and
6. If a patient receives counseling at more than one facility, the counseling received and any information related to the counseling received at each facility is identified in the patient's medical record.

**D.** An administrator of a counseling facility receiving administrative support from an affiliated outpatient treatment center or an affiliated counseling facility shall ensure that if the counseling facility:
1. Has integrated information, the integrated information is provided to the Department for review within two hours after the Department's request:
   a. In a written or electronic format at the counseling facility's premises; or
   b. Electronically directly to the Department.
2. No longer receives or shares administrative support that includes integrating the information in subsection (A), the information for the counseling facility required in this Article is maintained by the counseling facility and provided to the Department according to the requirements in this Article.

g. Cover cardiopulmonary resuscitation training including:
i. Which personnel members are required to obtain cardiopulmonary resuscitation training;
ii. The method and content of cardiopulmonary resuscitation training, which includes a demonstration of the ability to perform cardiopulmonary resuscitation;
iii. The qualifications for an individual to provide cardiopulmonary resuscitation training;
iv. The time-frame for renewal of cardiopulmonary resuscitation training; and
v. The documentation that verifies an individual has received cardiopulmonary resuscitation training;
h. Cover first aid training;
i. Include a method to identify a resident to ensure the resident receives physical health services, habilitation services, and behavioral care as ordered;
j. Cover resident rights, including assisting a resident who does not speak English or who has a disability to become aware of resident rights;
k. Cover specific steps for:
i. A resident to file a complaint, and
ii. The nursing-supported group home to respond to a resident's complaint;
l. Cover health care directives;
m. Cover medical records, including electronic medical records;
n. Cover a quality management program, including incident reports and supporting documentation;
o. Cover contracted services;
p. Cover resident's personal accounts;
q. Cover petty cash funds;
r. If the nursing-supported group home may admit a resident who is not placed in the nursing-supported group home by the Division, cover:
i. Fees and the process for receiving a fee for a resident,
ii. The reasons and process for terminating residency, and
iii. The process for refunding a fee for a resident;
s. Cover smoking and the use of tobacco products on the premises;
t. Cover the storage and use of alcoholic beverages on the premises; and
u. Cover when an individual may visit a resident in a nursing-supported group home;

2. Policies and procedures for physical health services, habilitation services, and behavioral care are established, documented, and implemented to protect the health and safety of a resident that:
a. Cover resident screening, admission, transport, transfer, discharge planning, and discharge;
b. Cover the provision of physical health services, habilitation services, and behavioral care;
c. Cover acuity, including a process for obtaining sufficient nursing personnel and other personnel members to meet the needs of residents;
d. Include when general consent and informed consent are required;
e. Cover storing, dispensing, administering, and disposing of medication, including provisions for inventory control and preventing diversion of controlled substances;
f. Cover infection control;
g. Cover interventions to address a resident's inappropriate behavior, including:
i. The hierarchy for use;
ii. Use of time-outs for inappropriate behavior; and
iii. Except in an emergency, require positive techniques for behavior modification to be used before more restrictive methods are used;
h. Cover restraints, both chemical restraints and physical restraints if applicable, that:
i. Require an order, including the frequency of monitoring and assessing the restraint; and
ii. Are necessary to prevent imminent harm to self or others, including how personnel members will respond to a resident's sudden, intense, or out-of-control behavior;
i. Cover telemedicine, if applicable;
j. Cover environmental services that affect resident care;
k. Cover the security of a resident's possessions that are allowed on the premises;
l. Cover methods to encourage participation of a resident's family or friends or other individuals in activities planned according to R9-10-2210(B);
m. Include a method for obtaining an advocate for a resident, if necessary;
n. Cover resident outings;

o. Cover the process for obtaining resident preferences for social, recreational, or rehabilitative activities and meals and snacks; and
p. Cover whether pets and animals are allowed on the premises, including procedures to ensure that any pets or animals allowed on the premises do not endanger the health or safety of residents or the public;
3. Policies and procedures are reviewed at least once every three years and updated as needed;
4. Policies and procedures are available to personnel members, employees, volunteers, and students; and
5. Unless otherwise stated:
a. Documentation required by this Article is provided to the Department within two hours after a Department request; and
b. When documentation or information is required by this Chapter to be submitted on behalf of a nursing-supported group home, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the nursing-supported group home.

**D.** If abuse, neglect, or exploitation of a resident is alleged or suspected to have occurred before the resident was admitted or while the resident is not on the premises and not receiving services from a nursing-supported group home's employee or personnel member, an administrator shall report the alleged or suspected abuse, neglect, or exploitation of the resident as follows:
1. For a resident 18 years of age or older, according to A.R.S. § 46-454; or
2. For a resident under 18 years of age, according to A.R.S. § 13-3620.

**E.** If an administrator has a reasonable basis, according to A.R.S. §§ 13-3620 or 46-454, to believe that abuse, neglect, or exploitation has occurred on the premises or while a resident is receiving services from a nursing-supported group home's employee or personnel member, an administrator shall:
1. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
2. Report the suspected abuse, neglect, or exploitation of the resident as follows:
a. For a resident 18 years of age or older, according to A.R.S. § 46-454; or
b. For a resident under 18 years of age, according to A.R.S. § 13-3620;
3. Document:
a. The suspected abuse, neglect, or exploitation;
b. Any action taken according to subsection (E)(1); and
c. The report in subsection (E)(2);
4. Maintain the documentation in subsection (E)(3) for at least 12 months after the date of the report in subsection (E)(2);
5. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in subsection (E)(2):
a. The dates, times, and description of the suspected abuse, neglect, or exploitation;
b. A description of any injury to the resident related to the suspected abuse or neglect and any change to the resident's physical, cognitive, functional, or emotional condition;
c. The names of witnesses to the suspected abuse, neglect, or exploitation; and
d. The actions taken by the administrator to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and
6. Maintain a copy of the documented information required in subsection (E)(5) and any other information obtained during the investigation for at least 12 months after the date the investigation was initiated.

**F.** An administrator shall:
1. Allow a resident advocate to assist a resident or the resident's representative with a request or recommendation, and document in writing any complaint submitted to the nursing-supported group home;
2. Ensure that a monthly schedule of recreational activities for residents is developed, documented, and implemented; and
3. Ensure that the following are conspicuously posted on the premises:
a. The current nursing-supported group home license issued by the Department;
b. The name, address, and telephone number of:
i. The Department's Bureau of Long Term Care Facilities Licensing;
ii. Adult Protective Services of the Department of Economic Security; and
iii. If applicable, Child Protective Services of the Department of Child Safety;
c. A notice that a resident may file a complaint with the Department concerning the nursing-supported group home;
d. The monthly schedule of recreational activities; and
e. One of the following:
i. A copy of the current license survey report with information identifying residents redacted, any subsequent reports issued by the Department, and any plan of correction that is in effect; or
ii. A notice that the current license survey report with information identifying residents redacted, any subsequent reports issued by the Department, and any plan of correction that is in effect are available for review upon request.

**G.** An administrator shall provide written notification to the Department of a resident's:
1. Death, if the resident's death is required to be reported according to A.R.S. § 11-593, within one working day after the resident's death; and
2. Self-injury, within two working days after the resident inflicts a self-injury that requires immediate intervention by an emergency medical services provider.

**H.** An administrator shall:
1. Notify a resident's representative, family member, or other individual designated by the resident within one calendar day after:
   a. The resident's death,
   b. There is a significant change in the resident's medical condition, or
   c. The resident has an illness or injury that requires immediate intervention by an emergency medical services provider or treatment by a health care provider; and
2. For an illness or injury in subsection (H)(1)(c), document the following:
   a. The date and time of the illness or injury;
   b. A description of the illness or injury;
   c. If applicable, the names of individuals who observed the injury;
   d. The actions taken by personnel members, according to policies and procedures;
   e. The individuals notified by the personnel members; and
   f. Any action taken to prevent the illness or injury from occurring in the future.

**I.** If an administrator administers a resident's personal account at the request of the resident or the resident's representative, the administrator shall:
1. Comply with policies and procedures established according to subsection (C)(1)(p);
2. Designate a personnel member who is responsible for the personal accounts;
3. Maintain a complete and separate accounting of each personal account;
4. Obtain written authorization from the resident or the resident's representative for a personal account transaction;
5. Document an account transaction and provide a copy of the documentation to the resident or the resident's representative upon request and at least every three months;
6. Transfer all money from the resident's personal account in excess of $50.00 to an interest-bearing account and credit the interest to the resident's personal account; and
7. Within 30 calendar days after the resident's death, transfer, or discharge, return all money in the resident's personal account and a final accounting to the resident, the resident's representative, or the probate jurisdiction administering the resident's estate.

**J.** If a petty cash fund is established for use by residents, the administrator shall ensure that:
1. The policies and procedures established according to subsection (C)(1)(q) include:
   a. A prescribed cash limit of the petty cash fund, and
   b. The hours of the day a resident may access the petty cash fund; and
2. A resident's written acknowledgment is obtained for a petty cash transaction.

**K.** An administrator shall ensure that an acuity plan is developed, documented, and implemented for the nursing-supported group home that:
1. Includes:
   a. A method that establishes the types and numbers of personnel members that are required in the nursing-supported group home to ensure resident health and safety, and
   b. A policy and procedure stating the steps the nursing-supported group home will take to obtain or assign the necessary personnel members to address resident acuity;
2. Is used when making assignments for resident treatment; and
3. Is reviewed and updated, as necessary, at least once every 12 months.

**L.** An administrator shall establish and document the criteria for determining when a resident's absence is unplanned, including the criteria for a resident who:
1. Is absent against medical advice,
2. Is under the age of 18, or
3. Does not return to the nursing-supported group home at the expected time after a planned absence.

**M.** An administrator shall ensure that documentation of the most recent monitoring of the nursing-supported group home, conducted by the Arizona Department of Economic Security under A.R.S. § 36-557(G)(2), is on the premises of the nursing-supported group home.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2204. Quality Management**

An administrator shall ensure that:
1. A plan is established, documented, and implemented for an ongoing quality management program that, at a minimum, includes:
   a. A method to identify, document, and evaluate incidents;
   b. A method to collect data to evaluate services provided to residents;
   c. A method to evaluate the data collected to identify a concern about the delivery of services related to resident care;
   d. A method to make changes or take action as a result of the identification of a concern about the delivery of services related to resident care; and

e. The frequency of submitting a documented report required in subsection (2) to the governing authority;
2. A documented report is submitted to the governing authority that includes:
   a. An identification of each concern about the delivery of services related to resident care, and
   b. Any change made or action taken as a result of the identification of a concern about the delivery of services related to resident care; and
3. The report required in subsection (2) and the supporting documentation for the report are maintained for at least 12 months after the date the report is submitted to the governing authority.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2205. Contracted Services**

An administrator shall ensure that:
1. Contracted services are provided according to the requirements in this Article, and
2. Documentation of current contracted services is maintained that includes a description of the contracted services provided.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2206. Personnel**

**A.** An administrator shall ensure that:
1. A personnel member is:
   a. At least 21 years old, or
   b. At least 18 years old and is licensed or certified under A.R.S. Title 32 and providing services within the personnel member's scope of practice;
2. An employee is at least 18 years old;
3. A student is at least 18 years old; and
4. A volunteer is at least 21 years old.

**B.** An administrator shall ensure that:
1. The qualifications, skills, and knowledge required for each type of personnel member:
   a. Are based on:
      i. The type of physical health services, habilitation services, or behavioral care expected to be provided by the personnel member according to the established job description; and
      ii. The acuity of the residents receiving physical health services, habilitation services, or behavioral care from the personnel member according to the established job description; and
   b. Include:
      i. The specific skills and knowledge necessary for the personnel member to provide the expected physical health services, habilitation services, or behavioral care listed in the established job description;
      ii. The type and duration of education that may allow the personnel member to have acquired the specific skills and knowledge for the personnel member to provide the expected physical health services, habilitation services, or behavioral care listed in the established job description; and
      iii. The type and duration of experience that may allow the personnel member to have acquired the specific skills and knowledge for the personnel member to provide the expected physical health services, habilitation services, or behavioral care listed in the established job description;
2. A personnel member's skills and knowledge are verified and documented:
   a. Before the personnel member provides physical health services, habilitation services, or behavioral care; and
   b. According to policies and procedures; and
3. Sufficient personnel members are present on a nursing-supported group home's premises with the qualifications, skills, and knowledge necessary to:
   a. Provide the services in the nursing-supported group home's scope of services,
   b. Meet the needs of a resident, and
   c. Ensure the health and safety of a resident.

**C.** An administrator shall ensure that an organizational chart of the nursing-supported group home is established, updated as necessary, and maintained on the premises:
1. Outlining the roles, responsibilities, and relationships within the nursing-supported group home; and
2. Including the name and, if applicable, the license or certification credential of each individual shown on the organizational chart.

**D.** An administrator shall ensure that, if a personnel member provides services that require a license under A.R.S. Title 32 or 36, the personnel member is licensed under A.R.S. Title 32 or 36, as applicable.

**E.** An administrator shall ensure that an individual who is a licensed baccalaureate social worker, master social worker, associate marriage and family therapist, associate counselor, or associate substance abuse counselor is under direct supervision as defined in 4 A.A.C. 6, Article 1.

**F.** An administrator shall ensure that a personnel member or an employee or volunteer who has or is expected to have direct interaction with a resident for more than eight hours a week provides evidence of freedom from infectious tuberculosis:
1. On or before the date the individual begins providing services at or on behalf of the nursing-supported group home, and
2. As specified in R9-10-113.

**G.** An administrator shall ensure that:
1. The types and numbers of nurses and other personnel members required according to the acuity plan in R9-10-2203(K) are present in the nursing-supported group home;
2. Documentation of the nurses and other personnel members present on the nursing-supported group home's premises each day is maintained and includes:
   a. The date;
   b. The number of residents;
   c. The name, license or certification credential if applicable, and assigned duties of each nurse or other personnel member who worked that day; and
   d. The actual number of hours each nurse or other personnel member worked that day; and
3. The documentation of nurses and other personnel members required in subsection (G)(2) is maintained for at least 12 months after the date of the documentation.

**H.** An administrator shall ensure that a personnel member is on duty, on the premises, awake, and able to respond, according to policies and procedures, to injuries, symptoms of illness, or fire or other emergencies on the premises.

**I.** An administrator shall ensure that a personnel record is maintained for each personnel member, employee, volunteer, or student that includes:
1. The individual's name, date of birth, and contact telephone number;
2. The individual's starting date of employment or volunteer service and, if applicable, the ending date; and
3. Documentation of:
   a. The individual's qualifications, including skills and knowledge applicable to the individual's job duties;
   b. The individual's education and experience applicable to the individual's job duties;
   c. The individual's compliance with the requirements in A.R.S. § 36-411;
   d. The nursing-supported group home's check on the individual in the adult protective services registry, established according to A.R.S. § 46-459, or the central registry, established according to A.R.S. § 8-804, as applicable;
   e. Orientation and in-service education as required by policies and procedures;
   f. Training in preventing, recognizing, and reporting abuse or neglect, required according to R9-10-2203(C)(1)(d)(i);
   g. The individual's license or certification, if the individual is required to be licensed or certified in this Article or policies and procedures;
   h. If applicable, the individual's qualifications and on-going training for each type of restraint used, as required in R9-10-2217;
   i. Cardiopulmonary resuscitation training, if required for the individual according to R9-10-2203(C)(1)(g);
   j. First aid training, if required for the individual according to this Article or policies and procedures; and
   k. Evidence of freedom from infectious tuberculosis, if required for the individual according to subsection (F).

**J.** An administrator shall ensure that personnel records are:
1. Maintained:
   a. Throughout the individual's period of providing services in or for the nursing-supported group home, and
   b. For at least 24 months after the last date the individual provided services in or for the nursing-supported group home; and
2. For a personnel member who has not provided physical health services, habilitation services, or behavioral care at or for the nursing-supported group home during the previous 12 months, provided to the Department within 72 hours after the Department's request.

**K.** An administrator shall ensure that:
1. A plan to provide orientation specific to the duties of a personnel member, an employee, a volunteer, and a student is developed, documented, and implemented;
2. A personnel member completes orientation before providing physical health services, habilitation services, or behavioral care;
3. An individual's orientation is documented, to include:
   a. The individual's name,
   b. The date of the orientation, and
   c. The subject or topics covered in the orientation;
4. A plan to provide in-service education specific to the duties of a personnel member is developed, documented, and implemented;
5. A personnel member's in-service education is documented, to include:
   a. The personnel member's name,
   b. The date of the training, and

c. The subject or topics covered in the training; and

6. A work schedule of each personnel member is developed and maintained at the nursing-supported group home for at least 12 months after the date of the work schedule.

**Historical Note**

**R9-10-2207. Admissions**

An administrator shall ensure that:

1. A resident is admitted only:
   a. On a physician's order or based on a placement evaluation by the Division;
   b. If the resident has or is at risk for having a developmental disability or cognitive disability;
   c. If the resident's placement evaluation indicates that the resident requires continuous nursing services;
   d. If the resident's placement evaluation indicates that the resident's needs can be met by the nursing-supported group home; and
   e. Except when the resident's placement evaluation states that the resident would benefit from being part of a group that includes residents of different ages or social needs, if the resident can be assigned to a room within the nursing-supported group home with other residents of similar ages or social needs;
2. The physician's admitting order or placement evaluation documentation in subsection (1)(a) includes the physical health services, habilitation services, and behavioral care required to meet the immediate needs of a resident, including medication and food services;
3. At the time of a resident's admission, a registered nurse conducts or coordinates an initial assessment on a resident to determine the resident's acuity and ensure the resident's immediate needs are met;
4. The resident's individual service and program plan, as required by A.A.C. R6-6-602, accompanies the resident;
5. A resident's needs do not exceed the medical services, rehabilitation services, and nursing services available at the nursing-supported group home as established in the nursing-supported group home's scope of services;
6. A resident is assigned to the nursing-supported group home based, as applicable, on the patient's:
   a. Documented diagnosis,
   b. Treatment needs,
   c. Developmental level,
   d. Social skills,
   e. Verbal skills, and
   f. Acuity;
7. A resident does not share any space, participate in any activity or treatment, or verbally or physically interact with any other resident that, based on the other resident's documented diagnosis, treatment needs, developmental level, social skills, verbal skills, and personal history, may present a threat to the resident's health and safety;
8. Within 30 calendar days before admission or 10 working days after admission, a medical history and physical examination is completed on a resident by:
   a. A medical practitioner designated for the resident, or
   b. A physician assistant or a registered nurse practitioner designated by the resident's designated medical practitioner;
9. Compliance with the requirements in subsection (8) is documented in the resident's medical record;
10. Except as specified in subsection (11), a resident provides evidence of freedom from infectious tuberculosis:
    a. Before or within seven calendar days after the resident's admission, and
    b. As specified in R9-10-113; and
11. A resident who transfers from a nursing care institution or another nursing-supported group home to the nursing-supported group home is not required to be rescreened for tuberculosis as specified in R9-10-113 if:
    a. Fewer than 12 months have passed since the resident was screened for tuberculosis, and
    b. The documentation of freedom from infectious tuberculosis required in subsection (10) accompanies the resident at the time of transfer.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2208. Transfer; Discharge**

**A.** An administrator, in coordination with the Division if applicable, shall ensure that:

1. A resident is transferred or discharged if:
   a. The nursing-supported group home is not authorized or not able to meet the needs of the resident,
   b. The resident no longer requires continuous nursing services, or

c. The resident's behavior is a threat to the health or safety of the resident or other individuals at the nursing-supported group home; and

2. Documentation of a resident's transfer or discharge includes:
   a. The date of the transfer or discharge,
   b. The reason for the transfer or discharge,
   c. A notation by a physician or the physician's designee if the transfer or discharge is due to any of the reasons listed in subsection (A)(1), and
   d. If applicable, actions taken by a personnel member to protect the resident or other individuals if the resident's behavior is a threat to the health and safety of the resident or other individuals in the nursing-supported group home and beyond the nursing-supported group home's scope of services.

**B.** Except for a transfer of a resident due to an emergency, an administrator shall ensure that:
1. A registered nurse coordinates the transfer and the services provided to the resident;
2. According to policies and procedures:
   a. An evaluation of the resident is conducted before the transfer;
   b. Information from the resident's medical record, including the following, is provided to a receiving health care institution;
      i. Orders that are in effect at the time of the transfer; and
      ii. The resident's need for nursing services, rehabilitation services, or habilitation services at the time of transfer; and
   c. A personnel member explains risks and benefits of the transfer to the resident or the resident's representative; and
3. Documentation in the resident's medical record includes:
   a. Communication with an individual at a receiving health care institution;
   b. The date and time of the transfer;
   c. The mode of transportation; and
   d. If applicable, the name of the personnel member accompanying the resident during a transfer.

**C.** Except in an emergency, a registered nurse shall ensure that before a resident is discharged:
1. Written follow-up instructions are developed with the resident or the resident's representative that include:
   a. Information necessary to meet the resident's need for medical services and nursing services, including specific care instructions and whether the resident requires any durable medical equipment or supplies; and
   b. The state long-term care ombudsman's name, address, and telephone number;

**R9-10-2212. Medical Records**

**A.** An administrator shall ensure that:
1. A medical record is established and maintained for each resident according to A.R.S. Title 12, Chapter 13, Article 7.1;
2. An entry in a resident's medical record is:
   a. Recorded only by an individual authorized by policies and procedures to make the entry;
   b. Dated, legible, and authenticated; and
   c. Not changed to make the initial entry illegible;
3. An order is:
   a. Dated when the order is entered in the resident's medical record and includes the time of the order;
   b. Authenticated by a medical practitioner or behavioral health professional according to policies and procedures; and
   c. If the order is a verbal order, authenticated by the medical practitioner or behavioral health professional issuing the order;
4. If a rubber-stamp signature or an electronic signature is used to authenticate an order, the individual whose signature the rubber-stamp signature or electronic signature represents is accountable for the use of the rubber-stamp signature or electronic signature;
5. A resident's medical record is available to an individual:
   a. Authorized to access the resident's medial record according to policies and procedures;
   b. If the individual is not authorized to access the resident's medical record according to policies and procedures, with the written consent of the resident or the resident's representative; or
   c. As permitted by law; and
6. A resident's medical record is protected from loss, damage, or unauthorized use.

**B.** If a nursing-supported group home maintains residents' medical records electronically, an administrator shall ensure that:
1. Safeguards exist to prevent unauthorized access, and
2. The date and time of an entry in a resident's medical record is recorded by the computer's internal clock.

**C.** An administrator shall ensure that a resident's medical record contains:
1. Resident information that includes:
   a. The resident's name;
   b. The resident's date of birth; and
   c. Any known allergies, including medication allergies;
2. The admission date and, if applicable, the date of discharge;
3. The admitting diagnosis or presenting symptoms;

4. Documentation of the resident's placement evaluation;
5. Documentation of the resident's individual service and program plan, as required by A.A.C. R6-6-602;
6. Documentation of:
   a. The resident's last periodic evaluation, conducted according to A.A.C. R6-6-604, before the resident's admission; and
   b. Each periodic evaluation, conducted according to A.A.C. R6-6-604, while the resident was admitted to the nursing-supported group home;
7. Documentation of general consent and, if applicable, informed consent;
8. If applicable, the name and contact information of the resident's representative and:
   a. The document signed by the resident consenting for the resident's representative to act on the resident's behalf; or
   b. If the resident's representative:
      i. Has a health care power of attorney established under A.R.S. § 36-3221 or a mental health care power of attorney executed under A.R.S. § 36-3282, a copy of the health care power of attorney or mental health care power of attorney; or
      ii. Is a legal guardian, a copy of the court order establishing guardianship;
9. The name and contact information of an individual to be contacted under R9-10-2203(H)(1);
10. Documentation of the initial assessment required in R9-10-2207(3) to determine acuity;
11. The medical history and physical examination required in R9-10-2215(A)(2);
12. A copy of the resident's living will or other health care directive, if applicable;
13. The name and telephone number of the resident's designated medical practitioner;
14. Orders;
15. Documentation of the resident's comprehensive assessment;
16. Individual program plans, including nursing care plans or medical care plans, if applicable;
17. Documentation of physical health services, habilitation services, and behavioral care provided to the resident;
18. Progress notes, including data needed to evaluate the effectiveness of the methods, schedule, and strategies being used to accomplish the goals in the resident's individual program plan;
19. If applicable, documentation of restraint;
20. If applicable, documentation of any actions other than restraint taken to control or address the resident's behavior to prevent harm to the resident or another individual or to improve the resident's social interactions;
21. If applicable, documentation that evacuation from the nursing-supported group home would cause harm to the resident;
22. The disposition of the resident after discharge;
23. The discharge plan;
24. The discharge summary;
25. Transfer documentation;
26. If applicable:
   a. A laboratory report,
   b. A radiologic report,
   c. A diagnostic report, and
   d. A consultation report;
27. Documentation of freedom from infectious tuberculosis required in R9-10-2207(10);
28. Documentation of a medication administered to the resident that includes:
   a. The date and time of administration;
   b. The name, strength, dosage, and route of administration;
   c. The type of vaccine, if applicable;
   d. For a medication administered for pain on a PRN basis:
      i. An evaluation of the resident's pain before administering the medication, and
      ii. The effect of the medication administered;
   e. For a psychotropic medication administered on a PRN basis:
      i. An evaluation of the resident's symptoms before administering the psychotropic medication, and
      ii. The effect of the psychotropic medication administered;
   f. The identification, signature, and professional designation of the individual administering the medication; and
   g. Any adverse reaction a resident has to the medication; and
29. If applicable, a copy of written notices, including follow-up instructions, provided to the resident or the resident's representative.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2213. Nursing Services**

**A.** An administrator shall ensure that:
1. Nursing services are provided 24 hours a day in a nursing-supported group home;

2. A director of nursing is appointed who:
   a. Is a registered nurse, and
   b. Is responsible for the direction of nursing services;
3. The director of nursing or an individual designated by the administrator participates in the quality management program; and
4. If the director of nursing is responsible for nursing services for 30 or more residents, the director of nursing does not provide direct care to residents on a regular basis.

**B.** A director of nursing shall ensure that:
1. A method is established and documented that identifies the types and numbers of nursing personnel that are necessary to provide nursing services to residents based on the residents' comprehensive assessments; orders for physical health services, rehabilitation services, and behavioral care; and individual program plans and the nursing-supported group home's scope of services;
2. Sufficient nursing personnel, as determined by the method in subsection (B)(1), are assigned to be on the nursing-supported group home premises to meet the needs of a resident for nursing services;
3. At least one nurse is present on the nursing-supported group home's premises;
4. As soon as possible but not more than 24 hours after one of the following events occur, a nurse notifies a resident's designated medical practitioner and, if applicable, the resident's representative, if the resident:
   a. Is injured,
   b. Is involved in an incident that may require medical services, or
   c. Has a significant change in condition; and
5. Only a medication required by an order is administered to a resident.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2214. Individual Program Plan**

**A.** An administrator shall ensure that:
1. A comprehensive assessment of a resident:
   a. Is conducted or coordinated by the director of nursing, in collaboration with an interdisciplinary team that includes:
      i. The resident's designated medical practitioner or designee;
      ii. A registered nurse;
      iii. If the resident is receiving medications as part of physical health services or behavioral care, a pharmacist; and
      iv. Personnel members qualified to provide each type of habilitation services or rehabilitation services identified in a placement evaluation in R9-10-2207(1)(a) or the initial assessment required in R9-10-2207(3);
   b. Is completed for the resident within 30 calendar days after the resident's admission to a nursing-supported group home;
   c. Is updated:
      i. No later than 12 months after the date of the resident's last comprehensive assessment, and
      ii. When the resident experiences a significant change;
   d. Includes the following information for the resident:
      i. Identifying information;
      ii. An evaluation of the resident's hearing, speech, and vision;
      iii. An evaluation of the resident's ability to understand and recall information;
      iv. An evaluation of the resident's mental status;
      v. Whether the resident demonstrates inappropriate behavior;
      vi. Preferences for customary routine and activities;
      vii. An evaluation of the resident's ability to perform activities of daily living;
      viii. Need for a mobility device;
      ix. An evaluation of the resident's ability to control the resident's bladder and bowels;
      x. Any diagnosis that impacts rehabilitation services or other physical health services or behavioral care that the resident may require;
      xi. Any medical conditions that impact the resident's functional status, quality of life, or need for nursing services;
      xii. An evaluation of the resident's ability to maintain adequate nutrition and hydration;
      xiii. An evaluation of the resident's oral and dental status;
      xiv. An evaluation of the condition of the resident's skin;
      xv. Identification of any medication or treatment administered to the resident during a seven-day calendar period that includes the time the comprehensive assessment was conducted;
      xvi. Identification of any treatment or medication ordered for the resident;
      xvii. Identification of interventions that may support the resident towards independence;
      xviii. Identification of any assistive devices needed by the resident;
      xix. Identification of the physical health services needed by the resident, including physical health services not provided by the nursing-supported group home;

xx. Identification of measurable goals and behavioral objective for the physical health services, habilitation services, and behavioral care, in priority order, with time limits for attainment;
xxi. Identification of the methods, schedule, and strategies to accomplish the goals in subsection (A)(1)(d)(xviii), including the personnel member responsible;
xxii. Evaluation procedures for determining if the methods and strategies in subsection (A)(1)(d)(xix) are working, including the type of data required and frequency of collection;
xxiii. Whether any restraints have been used for the resident during a seven-day calendar period that includes the time the comprehensive assessment was conducted;
xxiv. If the resident demonstrates inappropriate behavior, as reported according to subsection (A)(1)(d)(v), identification of the methods, schedule, and strategies for replacement of the inappropriate behavior with appropriate behavioral expressions, including the hierarchy for use;
xxv. If restraint is included in subsection (A)(1)(d)(xxiv), the specific restraints that may be used because of the resident's inappropriate behavior;
xxvi. A description of the resident or resident's representative's participation in the comprehensive assessment;
xxvii. The name and title of the interdisciplinary team members who participated in the resident's comprehensive assessment;
xxviii. Potential for rehabilitation, including the resident's strengths and specific developmental or behavioral health needs; and
xxix. Potential for discharge;

e. Is signed and dated by the director of nursing; and
f. Is used to determine or update the resident's acuity;

2. If any of the conditions in subsection (A)(1)(d)(v) are answered in the affirmative during the comprehensive assessment or review, a behavioral health professional reviews a resident's comprehensive assessment or review and individual program plan to ensure that the resident's needs for behavioral care are being met;
3. A new comprehensive assessment is not required for a resident who is hospitalized and readmitted to a nursing-supported group home unless a physician, an individual designated by the physician, or a registered nurse determines the resident has a significant change in condition; and
4. A resident's comprehensive assessment is reviewed at least once every three months after the date of the current comprehensive assessment and if there is a significant change in the resident's condition by:
   a. The director of nursing;
   b. A registered nurse providing nursing services to the resident; and
   c. If there is a significant change in the resident's ability to maintain adequate nutrition and hydration, a registered dietitian.

**B.** An administrator shall ensure that an individual program plan for a resident:
1. Is developed, documented, and implemented for the resident within seven calendar days after completing the resident's comprehensive assessment required in subsection (A)(1);
2. Includes the acuity of the resident;
3. Is reviewed at least annually by the interdisciplinary team required in subsection (A)(1)(a) and revised based on any change to the resident's comprehensive assessment; and
4. Ensures that a resident is provided physical health services, rehabilitation services, habilitation services, and other services or behavioral care that:
   a. Address any medical condition or behavioral care issue identified in the resident's comprehensive assessment, and
   b. Assist the resident in maintaining the resident's highest practicable well-being according to the resident's comprehensive assessment.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2215. Physical Health Services**

**A.** An administrator shall ensure that:
1. A resident has a designated medical practitioner;
2. A physical examination is performed on a resident by the resident's designated medical practitioner or by a physician, physician assistant, or registered nurse practitioner designated by the resident's designated medical practitioner:
   a. If indicated, based on the resident's placement evaluation or comprehensive assessment; and
   b. At least once every 12 months after the date of admission, including an assessment of the acuity of the resident's medical condition;
3. The resident's designated medical practitioner, in conjunction with the director of nursing, develops a medical care plan of treatment for the resident, which is integrated into the resident's individual program plan; and
4. Vaccinations for influenza and pneumonia are available to each resident at least once every 12 months unless:

a. The resident's designated medical practitioner provides documentation that the vaccination is medically contraindicated;
b. The resident or the resident's representative refuses the vaccination or vaccinations and documentation is maintained in the resident's medical record that the resident or the resident's representative has been informed of the risks and benefits of a vaccination refused; or
c. The resident or the resident's representative provides documentation that the resident received a pneumonia vaccination within the last five years or the current recommendation from the U.S. Department of Health and Human Services, Center for Disease Control and Prevention.

**B.** A director of nursing shall ensure that:
1. A registered nurse participates in the development, review, and updating of a resident's nursing care plan or medical care plan;
2. Personnel members providing direct care to a resident with a nursing care plan or medical care plan receive direction from a nurse; and
3. Nursing personnel provide education and training to:
   a. Residents on hygiene and other behaviors that promote health; and
   b. Personnel members on:
      i. Detecting signs of illness or injury or significant changes in condition,
      ii. First aid, and
      iii. Basic skills for caring for residents.

**C.** An administrator shall ensure that:
1. A resident's need for dental services is determined as part of the resident's initial assessment in R9-10-2207(3);
2. Unless a resident's eligibility for third-party payment for dental services is determined before the resident's initial comprehensive assessment in R9-10-2214(A)(1)(b) due to the resident's immediate need for dental services, the resident's eligibility for third-party payment for dental services is determined as part of the resident's comprehensive assessment;
3. Within one month after the initial comprehensive assessment in R9-10-2214(A)(1)(b), a personnel member coordinates for a resident the scheduling of a dental examination and, if needed, dental treatment:
   a. If the resident is eligible for third-party payment for dental services, and
   b. Unless the nursing-supported group home has documentation that the resident received a dental examination within 12 months before admission;
4. If a resident is eligible for third-party payment for dental services:
   a. A dental examination is scheduled for the resident according to guidelines by the entity providing third-party payment for dental services and at least once every 12 months, and
   b. Dental treatment is scheduled according to guidelines by the entity providing third-party payment for dental services and as needed;
5. Except as provided in subsection (C)(6), if a dental examination of a resident indicates a need for dental treatment, the resident's individual program plan includes the scheduling of dental treatment for the resident when the resident is eligible for third-party payment for dental services;
6. If needed, a resident is provided with emergency dental services;
7. A resident is provided with education and training in oral hygiene; and
8. A resident's medical record contains documentation of:
   a. Each dental examination of the resident,
   b. All dental treatment received by the resident, and
   c. The resident's education and training in oral hygiene.

**D.** An administrator shall ensure that:
1. A resident's vision and hearing are assessed as part of the resident's comprehensive assessment in R9-10-2214(A)(1)(b) and, if applicable, as part of the update of the comprehensive assessment in R9-10-2214(A)(1)(c); and
2. If an issue is identified with the resident's vision or hearing:
   a. The issue is included in the resident's individual program plan,
   b. A personnel member contacts and coordinates with applicable entities to determine any vision or hearing benefits for which the resident may be eligible, and
   c. The nursing-supported group home makes reasonable accommodations to address the issue in compliance with applicable federal and state disability laws.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2216. Behavioral Care**

**A.** An administrator shall ensure that:
1. A resident who receives behavioral care from the nursing-supported group home is evaluated by a behavioral health professional or medical practitioner:

a. Within 30 calendar days before the resident is admitted to the nursing-supported group home or before the resident begins receiving behavioral care, and
b. At least once every six months throughout the duration of the resident's need for behavioral care;
2. A behavioral health professional or medical practitioner:
a. Documents that the behavioral care needed by the resident is within the nursing-supported group home's scope of services, and
b. Includes measurable objectives for the behavioral care and the methods for meeting the objectives in the resident's individual program plan; and
3. The documentation in subsection (A)(2) is included in the resident's medical record.

**B.** If a resident of a nursing-supported group home requires behavioral health services provided by a behavioral health professional on an intermittent basis as part of behavioral care, an administrator shall ensure that:
1. The behavioral health services are provided by a behavioral health professional licensed or certified to provide the type of behavioral health services required by the resident; and
2. Except for a psychotropic drug used as a chemical restraint or administered according to an order from a court of competent jurisdiction, informed consent is obtained from a resident or the resident's representative for a psychotropic drug and documented in the resident's medical record before the psychotropic drug is administered to the resident.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2217. Restraint**

If a nursing-supported group home is authorized to provide restraint, an administrator shall ensure that:
1. Policies and procedures for providing restraint are established, documented, and implemented to protect the health and safety of a resident that:
a. Establish the process for resident assessment, including identification of a resident's medical conditions and criteria for the on-going monitoring of any identified medical condition;
b. Identify each type of restraint used and include for each type of restraint used:
i. The qualifications of a personnel member who can:
(1) Order the restraint,
(2) Place a resident in the restraint,
(3) Monitor a resident in the restraint,
(4) Evaluate a resident's physical and psychological well-being after being placed in the restraint and when released from the restraint, or
(5) Renew the order for restraint;
ii. On-going training requirements for a personnel member who has direct resident contact while the resident is in a restraint; and
iii. Criteria for monitoring and assessing a resident including:
(1) Frequencies of monitoring and assessment based on a resident's medical condition and risks associated with the specific restraint;
(2) For the renewal of an order for restraint, whether an assessment is required before the order is renewed and, if an assessment is required, who may conduct the assessment;
(3) Assessment content, which may include, depending on a resident's condition, the resident's vital signs, respiration, circulation, hydration needs, elimination needs, level of distress and agitation, mental status, cognitive functioning, neurological functioning, and skin integrity;
(4) If a mechanical restraint is used, how often the mechanical restraint is loosened; and
(5) A process for meeting a resident's nutritional needs and elimination needs;
c. Establish the criteria and procedures for renewing an order for restraint;
d. Establish procedures for internal review of the use of restraint; and
e. Establish medical record and personnel record documentation requirements for restraint, if applicable;
2. An order for restraint is:
a. Obtained from a physician or registered nurse practitioner, and
b. Not written as a standing order or on an as-needed basis;
3. Restraint is:
a. Not used as a means of coercion, discipline, convenience, or retaliation;
b. Only used when all of the following conditions are met:
i. Except as provided in subsection (4), after obtaining an order for the restraint;
ii. For the management of a resident's aggressive, violent, or self-destructive behavior;
iii. When less restrictive interventions have been determined to be ineffective; and

iv. To ensure the immediate physical safety of the resident, to prevent imminent harm to the resident or another individual, or to stop physical harm to another individual; and

c. Discontinued at the earliest possible time;

4. If as a result of a resident's aggressive, violent, or self-destructive behavior, harm to the resident or another individual is imminent or the resident or another individual is being physically harmed, a personnel member:
   a. May initiate an emergency application of restraint for the resident before obtaining an order for the restraint, and
   b. Obtains an order for the restraint of the resident during the emergency application of the restraint;
5. An order for restraint includes:
   a. The name of the physician or registered nurse practitioner ordering the restraint;
   b. The date and time that the restraint was ordered;
   c. The specific restraint ordered;
   d. If a drug is ordered as a chemical restraint, the drug's name, strength, dosage, and route of administration;
   e. The specific criteria for release from restraint without an additional order; and
   f. The maximum duration authorized for the restraint;
6. An order for restraint is limited to the duration of the emergency situation and does not exceed three continuous hours;
7. If an order for restraint of a resident is not provided by the resident's designated medical practitioner, the resident's designated medical practitioner is notified as soon as possible;
8. A medical practitioner or personnel member does not participate in restraint, assess or monitor a resident during restraint, or evaluate a resident after restraint, and a physician or registered nurse practitioner does not order restraint, until the medical practitioner or personnel member, completes education and training that:
   a. Includes:
      i. Techniques to identify medical practitioner, personnel member, and resident behaviors, events, and environmental factors that may trigger circumstances that require restraint;
      ii. The use of nonphysical intervention skills, such as de-escalation, mediation, conflict resolution, active listening, and verbal and observational methods;
      iii. Techniques for identifying the least restrictive intervention based on an assessment of the resident's medical or behavioral health condition;
      iv. The safe use of restraint, including training in how to recognize and respond to signs of physical and psychological distress in a resident who is restrained or secluded;
      v. Clinical identification of specific behavioral changes that indicate that the restraint is no longer necessary;
      vi. Monitoring and assessing a resident while the resident is in restraint according to policies and procedures; and
      vii. Except for the medical practitioner, training exercises in which the personnel member successfully demonstrates the techniques that the medical practitioner or personnel member has learned for managing emergency situations; and
   b. Is provided by individuals qualified according to policies and procedures;
9. When a resident is placed in restraint:
   a. The restraint is conducted according to policies and procedures;
   b. The restraint is proportionate and appropriate to the severity of the resident's behavior and the resident's:
      i. Chronological and developmental age;
      ii. Size;
      iii. Gender;
      iv. Physical condition;
      v. Medical condition;
      vi. Psychiatric condition; and
      vii. Personal history, including any history of physical or sexual abuse;
   c. The physician or registered nurse practitioner who ordered the restraint is available for consultation throughout the duration of the restraint;
   d. The resident is monitored and assessed according to policies and procedures;
   e. A physician or registered nurse assesses the resident within one hour after the resident is placed in the restraint and determines:
      i. The resident's current behavior,
      ii. The resident's reaction to the restraint used,
      iii. The resident's medical and behavioral condition, and
      iv. Whether to continue or terminate the restraint;
   f. The resident is given the opportunity:
      i. To eat during mealtime, and
      ii. To use the toilet; and
   g. The restraint is discontinued at the earliest possible time, regardless of the length of time identified in the order;
10. A medical practitioner or personnel member documents the following information in a resident's medical record before the end of the shift in which the resident is placed in restraint or, if the resident's restraint does not end during the shift in which it began, during the shift in which the resident's restraint ends:

a. The emergency situation that required the resident to be restrained,
b. The times the resident's restraint actually began and ended,
c. The monitoring required in subsection (9)(d),
d. The time of the assessment required in subsection (9)(e),
e. The names of the medical practitioners and personnel members with direct resident contact while the resident was in the restraint,
f. The times the resident was given the opportunity to eat or use the toilet according to subsection (9)(f), and
g. The resident evaluation required in subsection (12);

11. If an emergency situation continues beyond the time limit of an order for restraint, the order is renewed according to policies and procedures that include:
    a. The specific criteria for release from restraint without an additional order, and
    b. The maximum duration authorized for the restraint; and
12. A resident is evaluated after restraint is no longer being used for the resident.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2218. Rehabilitation Services**

If rehabilitation services are provided on a nursing-supported group home's premises, an administrator shall ensure that:

1. Rehabilitation services are provided:
    a. Under the direction of an individual qualified according to policies and procedures,
    b. By an individual licensed to provide the rehabilitation services, and
    c. According to an order; and
2. The medical record of a resident receiving rehabilitation services includes:
    a. An order for rehabilitation services that includes the name of the ordering individual and a referring diagnosis,
    b. A documented individual program plan that is developed in coordination with the ordering individual and the individual providing the rehabilitation services,
    c. The rehabilitation services provided,
    d. The resident's response to the rehabilitation services, and
    e. The authentication of the individual providing the rehabilitation services.

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2219. Clinical Laboratory Services**

If clinical laboratory services are authorized to be provided on a nursing-supported group home's premises, an administrator shall ensure that:

1. Clinical laboratory services and pathology services are provided through a laboratory that holds a certificate of accreditation, certificate of compliance, or certificate of waiver issued by the United States Department of Health and Human Services under the 1988 amendments to the Clinical Laboratories Improvement Act of 1967;
2. A copy of the certificate of accreditation, certificate of compliance, or certificate of waiver in subsection (1) is provided to the Department for review upon the Department's request;
3. The nursing-supported group home:
    a. Is able to provide the clinical laboratory services delineated in the nursing-supported group home's scope of services when needed by the residents,
    b. Obtains specimens for the clinical laboratory services delineated in the nursing-supported group home's scope of services without transporting the residents from the nursing-supported group home's premises, and
    c. Has the examination of the specimens performed by a clinical laboratory;
4. Clinical laboratory and pathology test results are:
    a. Available to the ordering physician:
        i. Within 24 hours after the test is complete with results if the test is performed at a laboratory on the nursing-supported group home's premises, or
        ii. Within 24 hours after the test result is received if the test is performed at a laboratory outside of the nursing-supported group home's premises; and
    b. Documented in a resident's medical record;
5. If a test result is obtained that indicates a resident may have an emergency medical condition, as established in policies and procedures, a personnel member notifies:

a. The ordering physician,
b. A registered nurse in the nursing-supported group home,
c. The nursing-supported group home's administrator, or
d. The director of nursing;

6. If a clinical laboratory report is completed on a resident, a copy of the report is included in the resident's medical record;
7. If the nursing-supported group home provides blood or blood products, policies and procedures are established, documented, and implemented for:
   a. Procuring, storing, transfusing, and disposing of blood or blood products;
   b. Blood typing, antibody detection, and blood compatibility testing; and
   c. Investigating transfusion adverse reactions that specify a process for review through the quality management program; and
8. Expired laboratory supplies are discarded according to policies and procedures.

**Historical Note**

**R9-10-2220. Respiratory Care Services**

If respiratory care services are authorized to be provided on a nursing-supported group home's premises, an administrator shall ensure that:

1. Respiratory care services are provided under the direction of a resident's designated medical practitioner;
2. Respiratory care services are provided according to an order that includes:
   a. The resident's name;
   b. The name and signature of the ordering individual;
   c. The type, frequency, and, if applicable, duration of treatment;
   d. The type and dosage of medication and diluent; and
   e. The oxygen concentration or oxygen liter flow and method of administration;
3. Respiratory care services provided to a resident are documented in the resident's medical record and include:
   a. The date and time of administration;
   b. The type of respiratory care services provided;
   c. The effect of the respiratory care services;
   d. The resident's adverse reaction to the respiratory care services, if any; and
   e. The authentication of the individual providing the respiratory care services; and
4. Any area or unit that performs blood gases or clinical laboratory tests complies with the requirements in R9-10-2219.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2221. Medication Services**

**A.** An administrator shall ensure that policies and procedures for medication services:

1. Include:
   a. A process for providing information to a resident or the resident's representative about medication prescribed for the resident including:
      i. The prescribed medication's anticipated results,
      ii. The prescribed medication's potential adverse reactions,
      iii. The prescribed medication's potential side effects, and
      iv. Potential adverse reactions that could result from not taking the medication as prescribed;
   b. Procedures for preventing, responding to, and reporting:
      i. A medication error,
      ii. An adverse response to a medication, or
      iii. A medication overdose;
   c. Procedures to ensure that a pharmacist reviews a resident's medications at least once every three months and provides documentation to the resident's designated medical practitioner and the director of nursing indicating potential medication problems such as incompatible or duplicative medications;
   d. Procedures for documenting medication services; and
   e. Procedures for assisting a resident in obtaining medication; and
2. Specify a process for review through the quality management program of:
   a. A medication administration error, and
   b. An adverse reaction to a medication.

**B.** An administrator shall ensure that:

1. Policies and procedures for medication administration:
   a. Are reviewed and approved by a pharmacist;

b. Specify the individuals who may:
   i. Order medication, and
   ii. Administer medication;
c. Ensure that medication is administered to a resident only as prescribed; and
d. Cover the documentation of a resident's refusal to take prescribed medication in the resident's medical record;

2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law;
3. A medication administered to a resident:
   a. Is administered in compliance with an order, and
   b. Is documented in the resident's medical record; and
4. If a psychotropic medication is administered to a resident, the psychotropic medication:
   a. Is only administered to a resident for a diagnosed medical condition; and
   b. Unless clinically contraindicated or otherwise ordered by the resident's designated medical practitioner or the designated medical practitioner's designee, is gradually reduced in dosage while the resident is simultaneously provided with interventions such as behavior and environment modification in an effort to discontinue the psychotropic medication, unless a dose reduction is attempted and the resident displays behavior justifying the need for the psychotropic medication, and the designated medical practitioner documents the necessity for the continued use and dosage.

**C.** If a nursing-supported group home provides assistance in the self-administration of medication, an administrator shall ensure that:
1. A resident's medication is stored by the nursing-supported group home;
2. The following assistance is provided to a resident:
   a. A reminder when it is time to take the medication;
   b. Opening the medication container for the resident;
   c. Observing the resident while the resident removes the medication from the container;
   d. Verifying that the medication is taken as ordered by the resident's designated medical practitioner by confirming that:
      i. The resident taking the medication is the individual stated on the medication container label,
      ii. The resident is taking the dosage of the medication stated on the medication container label or according to an order from the resident's designated medical practitioner dated later than the date on the medication container label, and
      iii. The resident is taking the medication at the time stated on the medication container label or according to an order from the resident's designated medical practitioner dated later than the date on the medication container label; or
   e. Observing the resident while the resident takes the medication;
3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by the resident's designated medical practitioner or a registered nurse;
4. Training for a personnel member, other than a physician, physician assistant, or registered nurse, in assistance in the self-administration of medication:
   a. Is provided by the resident's designated medical practitioner; another physician, physician assistant, or registered nurse; or an individual trained by a physician, physician assistant, or registered nurse; and
   b. Includes:
      i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
      ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
      iii. The process for notifying the appropriate entities when an emergency medical intervention is needed;
5. A personnel member, other than a physician, physician assistant, or registered nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and
6. Assistance in the self-administration of medication provided to a resident:
   a. Is in compliance with an order, and
   b. Is documented in the resident's medical record.

**D.** An administrator shall ensure that:
1. A current drug reference guide is available for use by personnel members; and
2. If pharmaceutical services are provided:
   a. The pharmaceutical services are provided under the direction of a pharmacist;
   b. The pharmaceutical services comply with A.R.S. Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23; and
   c. A copy of the pharmacy license is provided to the Department upon request.

**E.** When medication is stored at a nursing-supported group home, an administrator shall ensure that:
1. Medication is stored in a separate locked room, closet, or self-contained unit used only for medication storage;
2. Medication is stored according to the instructions on the medication container; and
3. Policies and procedures are established, documented, and implemented to protect the health and safety of a resident for:
   a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication including expired medication;

b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
c. A medication recall and notification of residents who received recalled medication; and
d. Storing, inventorying, and dispensing controlled substances.

**F.** An administrator shall ensure that a personnel member immediately reports a medication error or a resident's adverse reaction to a medication to the resident's designated medical practitioner or the physician who ordered the medication and the nursing-supported group home's director of nursing.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2222. Infection Control**

An administrator shall ensure that:

1. An infection control program is established, under the direction of an individual qualified according to policies and procedures, to prevent the development and transmission of infections and communicable diseases including:
   a. A method to identify and document infections occurring at the nursing-supported group home;
   b. Analysis of the types, causes, and spread of infections and communicable diseases at the nursing-supported group home;
   c. The development of corrective measures to minimize or prevent the spread of infections and communicable diseases at the nursing-supported group home; and
   d. Documentation of infection control activities including:
      i. The collection and analysis of infection control data,
      ii. The actions taken related to infections and communicable diseases, and
      iii. Reports of communicable diseases to the governing authority and state and county health departments;
2. Infection control documentation is maintained for at least 12 months after the date of the documentation;
3. Policies and procedures are established, documented, and implemented that cover:
   a. Handling and disposal of biohazardous medical waste;
   b. Sterilization, disinfection, and storage of medical equipment and supplies;
   c. Using personal protective equipment such as aprons, gloves, gowns, masks, or face protection when applicable;
   d. Cleaning of an individual's hands when the individual's hands are visibly soiled and before and after providing a service to a resident;
   e. Cleaning of a resident's bedroom, furniture, and bedding after the resident's discharge before the bedroom is reassigned to another resident;
   f. Training of personnel members, employees, and volunteers in infection control practices; and
   g. Work restrictions for a personnel member with a communicable disease or infected skin lesion;
4. Biohazardous medical waste is identified, stored, and disposed of according to 18 A.A.C. 13, Article 14 and policies and procedures;
5. Soiled linen and clothing are:
   a. Collected in a manner to minimize or prevent contamination;
   b. Bagged at the site of use; and
   c. Maintained separate from clean linen and clothing and away from food storage, kitchen, or dining areas;
6. A resident's personal laundry is washed separately from towels, sheets, and bedding; and
7. A personnel member, an employee, or a volunteer washes hands or uses a hand disinfection product after a resident contact and after handling soiled linen, soiled clothing, or potentially infectious material.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2223. Food Services**

**A.** An administrator shall ensure that a registered nurse who is part of the interdisciplinary team for a resident requiring a modified or special diet:

1. Consults with a registered dietitian or the resident's designated medical practitioner, as needed, about the resident's modified or special diet;
2. Reviews a food menu before the food menu is used to ensure that the resident's nutritional needs are being met;
3. Documents the review of a food menu; and
4. Is available for consultation regarding the resident's nutritional needs.

**B.** An administrator shall ensure that:

1. Food is prepared:
   a. Using methods that conserve nutritional value, flavor, and appearance;
   b. Taking into consideration the food allergies and preferences of the residents;

c. Including for a resident the modified or special diet for the resident; and
d. In a form to meet the needs of a resident, such as cut, chopped, ground, pureed, or thickened;

2. A food menu:
   a. Is prepared at least one week in advance,
   b. Includes the foods to be served on each day,
   c. Is conspicuously posted at least one day before the first meal on the food menu will be served,
   d. Includes any food substitution no later than the morning of the day of meal service with a food substitution, and
   e. Is maintained for at least 60 calendar days after the last day included in the food menu;
3. Meals and snacks for each day are planned and served using the applicable guidelines in http://www.health.gov/dietaryguidelines/2015.asp;
4. A resident is provided:
   a. A diet that meets the resident's nutritional needs as specified in the resident's comprehensive assessment and individual program plan;
   b. Food served in sufficient quantities to meet the resident's nutritional needs and at an appropriate temperature;
   c. Three meals a day with not more than 14 hours between the evening meal and breakfast; and
   d. The opportunity to have additional food between meals, unless a restrictive diet is specified in the resident's individual program plan;
5. A resident is provided with food substitutions of similar nutritional value if:
   a. The resident refuses to eat the food served, or
   b. The resident requests a substitution;
6. Recommendations and preferences are requested from a resident or the resident's representative for meal planning;
7. If food is used as a part of a program to manage a resident's inappropriate behavior:
   a. A special diet is included as part of the resident's individual program plan, and
   b. The special diet is reviewed and evaluated by a physician and a dietitian to ensure the special diet meets the resident's nutritional needs;
8. Meals are served to residents at tables in a dining area and in a manner that allows the resident to eat from an upright position, unless otherwise specified in the resident's individual program plan or by the resident's designated medical practitioner;
9. A resident requiring assistance to eat is provided with assistance that recognizes the resident's nutritional, physical, and social needs, including the use of adaptive eating equipment or utensils;
10. Personnel members supervise meals in dining areas to:
    a. Direct a resident's self-help dining procedures,
    b. Ensure a resident consumes enough food to meet the resident's nutritional needs, and
    c. Ensure that a resident eats in a manner consistent with the resident's developmental level;
11. Tableware, utensils, equipment, and food-contact surfaces are clean and in good repair; and
12. Water is available and accessible to residents.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2224. Emergency and Safety Standards**

**A.** An administrator shall ensure that:

1. A disaster plan is developed, documented, maintained in a location accessible to personnel members and other employees, and, if necessary, implemented that includes:
   a. A floor plan of the facility showing emergency protection equipment, evacuation routes, and exits;
   b. When, how, and where residents will be relocated, including:
      i. Instructions for the evacuation or transfer of residents,
      ii. Assigned responsibilities for each employee and personnel member, and
      iii. A plan for continuing to provide services to meet a resident's needs;
   c. How a resident's medical record will be available to individuals providing services to the resident during a disaster;
   d. A plan for back-up power and water supply;
   e. A plan to ensure a resident's medications will be available to administer to the resident during a disaster;
   f. A plan to ensure a resident is provided nursing services, rehabilitation services, and other services required by the resident during a disaster; and
   g. A plan for obtaining food and water for individuals present in the nursing-supported group home or the nursing-supported group home's relocation site during a disaster;
2. Personnel members receive training on the content and use of the disaster plan required in subsection (A)(1);
3. The disaster plan required in subsection (A)(1) is reviewed at least once every 12 months;

4. Documentation of a disaster plan review required in subsection (A)(3) is created, is maintained for at least 12 months after the date of the disaster plan review, and includes:
   a. The date and time of the disaster plan review;
   b. The name of each personnel member, employee, or volunteer participating in the disaster plan review;
   c. A critique of the disaster plan review; and
   d. If applicable, recommendations for improvement;
5. A disaster drill for employees is conducted on each shift at least once every three months and documented;
6. An evacuation drill for employees is conducted on each shift at least once every three months and documented;
7. An evacuation drill for residents:
   a. Is conducted at least once each year on each shift and documented; and
   b. Includes all residents on the premises except for:
      i. A resident whose medical record contains documentation that evacuation from the nursing-supported group home would cause harm to the resident, and
      ii. Sufficient personnel members to ensure the health and safety of residents not evacuated according to subsection (A)(7)(b)(i);
8. Documentation of each evacuation drill is created, is maintained for at least 12 months after the date of the drill, and includes:
   a. The date and time of the evacuation drill;
   b. The amount of time taken for employees and residents to evacuate to a designated area;
   c. If applicable:
      i. An identification of residents needing assistance for evacuation, and
      ii. An identification of residents who were not evacuated;
   d. Any problems encountered in conducting the evacuation drill; and
   e. Recommendations for improvement, if applicable; and
9. An evacuation path is conspicuously posted on each hallway of each floor of the nursing-supported group home.

**B.** An administrator shall ensure that a nursing-supported group home has either:
1. A fire alarm system and a sprinkler system meeting the following requirements installed and in working order:
   a. A fire alarm system installed according to the National Fire Protection Association 72: National Fire Alarm and Signaling Code, incorporated by reference in R9-10-104.01; and
   b. A sprinkler system installed according to the National Fire Protection Association 13: Standard for the Installation of Sprinkler Systems, incorporated by reference in R9-10-104.01; or
2. Both of the following:
   a. A fire extinguisher that is:
      i. Labeled as rated at least 2A-10-BC by the Underwriters Laboratories;
      ii. Accessible to personnel members and inaccessible to residents;
      iii. If a disposable fire extinguisher, replaced when its indicator reaches the red zone; and
      iv. If a rechargeable fire extinguisher, is serviced at least once every 12 months, as documented by a tag attached to the fire extinguisher that specifies the date of the last servicing and the identification of the person who serviced the fire extinguisher; and
   b. Smoke detectors that are:
      i. Installed in each bedroom, hallway that adjoins a bedroom, storage room, laundry room, attached garage, and room or hallway adjacent to the kitchen, and other places recommended by the manufacturer;
      ii. Either battery operated or, if hard-wired into the electrical system of the nursing-supported group home, have a back-up battery;
      iii. Capable of alerting all residents in the nursing-supported group home, including a resident with a mobility or sensory impairment;
      iv. In working order; and
      v. Tested at least once a month, with documentation of the test maintained for at least 12 months after the date of the test.

**C.** An administrator shall:
1. Obtain a fire inspection conducted according to the time-frame established by the local fire department or the State Fire Marshal,
2. Make any repairs or corrections stated on the fire inspection report, and
3. Maintain documentation of a current fire inspection.

**D.** An administrator shall ensure that, if applicable, a sign is placed at the entrance to a room or area indicating that oxygen is in use.

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2225. Environmental Standards**

**A.** An administrator shall ensure that:

1. The premises and equipment are free from a condition or situation that may cause a resident or other individual to suffer physical injury;
2. The premises are free of accumulations of garbage or refuse;
3. Garbage and refuse in the facility are:
   a. Stored in cleanable containers or in sealable plastic bags and
   b. Removed from the facility at least once every seven days;
4. Cleaning compounds and toxic substances are maintained in labeled containers that:
   a. Are stored to prevent a hazard;
   b. Are appropriate to the contents of each container;
   c. If appropriate based on a resident's disability, are locked; and
   d. Are stored in a separate location from food or medicine;
5. Combustible or flammable materials are not stored within three feet of a furnace, heater, water heater, or usable fireplace;
6. Unused furniture, equipment, fabrics, or devices are removed from the facility or maintained in a covered area on the premises that is designated by the licensee for storage in a manner that does not create a hazard; and
7. There are no firearms or ammunition on the premises;

**B.** An administrator shall ensure that:
1. A pest control program that complies with A.A.C. R3-8-201(C)(4) is implemented and documented;
2. The premises and its structures and furnishings are:
   a. In a clean condition,
   b. Free of odors, such as urine or rotting food; and
   c. In sufficiently good repair that no object, equipment, or condition present constitutes a hazard; and
3. Standing water is not allowed to accumulate on the premises, except in an area or vessel the purpose of which is to hold standing water.

**C.** An administrator shall ensure that:
1. An unvented space heater or open-flame space heater is not used on the premises;
2. An electric portable heater or electric radiant heater is not used on the premises unless the electric portable heater or electric radiant heater:
   a. Has:
      i. Either a non-porous casing or a grill with a mesh small enough to prevent cloth or a child's finger from entering the casing,
      ii. A tilt switch that shuts off power to the electric portable heater if the electric portable heater tips over,
      iii. An automatic shutoff control to prevent overheating, and
      iv. A thermostat control; and
   b. Is plugged directly into a wall outlet; and
3. A vented space heater used on the premises is:
   a. Safety-approved;
   b. Professionally installed in accordance with the requirements of the local jurisdiction; and
   c. Mounted as a permanent fixture in a wall, floor, or ceiling.

**Historical Note**

New Section made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-2226. Physical Plant Standards**

**A.** An administrator shall ensure that:
1. A nursing-supported group home is in compliance with applicable federal and state disability laws;
2. If a nursing-supported group home has a resident with a mobility, sensory, or other physical impairment, documentation is available for review at the nursing-supported group home that:
   a. Is provided by the Division; and
   b. Identifies modifications, if any, needed to the premises to ensure that the premises are:
      i. Accessible to and usable by the resident, and
      ii. Contribute to the resident's health and safety;
3. The premises have been modified as identified by the Division in subsection (A)(2)(b);
4. Ramps, stairs, or steps on the premises are secured firmly to the ground or a permanent structure and have slip-resistant surfaces; and
5. If handrails and grab bars are installed in a nursing-supported group home, handrails and grab bars are securely attached and stationary.

**B.** An administrator shall ensure that:

1. A method of heating and cooling maintains the nursing-supported group home between 65° F and 85° F in areas of the nursing-supported group home occupied by residents;
2. A usable fireplace is covered by a protective screen or covering at all times;
3. Ventilation is provided by an openable window, air conditioning, or other mechanical device;
4. Working, safe appliances for cooling and cooking food are provided in the nursing-supported group home that:
   a. Are safety-approved;
   b. If used to refrigerate food, maintain the food at a temperature of 40° F or below at all times; and
   c. If used to freeze food, maintain the food at a temperature of 0° F or below at all times;
5. Hot water temperatures in the nursing-supported group home are maintained between 95° F and 120° F; and
6. Bathtubs and showers contain slip-resistant strips, rubber bath mats, or slip-resistant surfaces.

**C.** An administrator shall ensure that:
1. Electrical lighting is contained in each room in the nursing-supported group home;
2. Electrical devices and equipment on the premises are safety-approved, safe, and in working order;
3. Electrical outlets on the premises are safe, covered with a faceplate, and installed in accordance with the requirements of the local jurisdiction;
4. Any electrical outlet located within 3 feet of a water source includes a ground fault circuit interrupt (GFCI);
5. An appliance, light, or other device with a frayed or spliced electrical cord is not used on the premises; and
6. An electrical cord, including an extension cord, on the premises is not:
   a. Used as a substitute for permanent wiring,
   b. Run under a rug or carpeting,
   c. Run over a nail, or
   d. Run from one room to another.

**D.** An administrator shall ensure that:
1. A nursing-supported group home contains a safe, working plumbing system;
2. If a nursing-supported group home's plumbing system is connected to a non-municipal sewage disposal system, the plumbing system and connective piping are free of visible leakage; and
3. The premises do not contain unfenced or uncovered wells, ditches, or holes into which an individual may step or fall.

## 36-132. Department of health services; functions; contracts

A. The department, in addition to other powers and duties vested in it by law, shall:

1. Protect the health of the people of the state.

2. Promote the development, maintenance, efficiency and effectiveness of local health departments or districts of sufficient population and area that they can be sustained with reasonable economy and efficient administration, provide technical consultation and assistance to local health departments or districts, provide financial assistance to local health departments or districts and services that meet minimum standards of personnel and performance and in accordance with a plan and budget submitted by the local health department or districts to the department for approval, and recommend the qualifications of all personnel.

3. Collect, preserve, tabulate and interpret all information required by law in reference to births, deaths and all vital facts, and obtain, collect and preserve information relating to the health of the people of this state and the prevention of diseases as may be useful in the discharge of functions of the department not in conflict with chapter 3 of this title and sections 36-693, 36-694 and 39-122.

4. Operate sanitariums, hospitals or other facilities assigned to the department by law or by the governor.

5. Conduct a statewide program of health education relevant to the powers and duties of the department, prepare educational materials and disseminate information as to conditions affecting health, including basic information to promote good health on the part of individuals and communities, and prepare and disseminate technical information concerning public health to the health professions, local health officials and hospitals. In cooperation with the department of education, the department of health services shall prepare and disseminate materials and give technical assistance for the purpose of educating children in hygiene, sanitation and personal and public health, and provide consultation and assistance in community organization to counties, communities and groups of people.

6. Administer or supervise a program of public health nursing, prescribe the minimum qualifications of all public health nurses engaged in official public health work, and encourage and aid in coordinating local public health nursing services.

7. Encourage and aid in coordinating local programs concerning control of preventable diseases in accordance with statewide plans that shall be formulated by the department.

8. Encourage and aid in coordinating local programs concerning maternal and child health, including midwifery, antepartum and postpartum care, infant and preschool health and the health of schoolchildren, including special fields such as the prevention of blindness and conservation of sight and hearing.

9. Encourage and aid in coordinating local programs concerning nutrition of the people of this state.

10. Encourage, administer and provide dental health care services and aid in coordinating local programs concerning dental public health, in cooperation with the Arizona dental association. The department may bill and receive payment for costs associated with providing dental health care services and shall deposit the monies in the oral health fund established by section 36-138.

11. Establish and maintain adequate serological, bacteriological, parasitological, entomological and chemical laboratories with qualified assistants and facilities necessary for routine examinations and analyses and for investigations and research in matters affecting public health.

12. Supervise, inspect and enforce the rules concerning the operation of public bathing places and public and semipublic swimming pools adopted pursuant to section 36-136, subsection I, paragraph 10.

13. Take all actions necessary or appropriate to ensure that bottled water sold to the public and water used to process, store, handle, serve and transport food and drink are free from filth, disease-causing substances and organisms and unwholesome, poisonous, deleterious or other foreign substances. All state agencies and local health agencies involved with water quality shall provide to the department any assistance requested by the director to ensure that this paragraph is effectuated.

14. Enforce the state food, caustic alkali and acid laws in accordance with chapter 2, article 2 of this title, chapter 8, article 1 of this title and chapter 9, article 4 of this title, and collaborate in enforcing the federal food, drug, and cosmetic act (52 Stat. 1040; 21 United States Code sections 1 through 905).

15. Recruit and train personnel for state, local and district health departments.

16. Conduct continuing evaluations of state, local and district public health programs, study and appraise state health problems and develop broad plans for use by the department and for recommendation to other agencies, professions and local health departments for the best solution of these problems.

17. License and regulate health care institutions according to chapter 4 of this title.

18. Issue or direct the issuance of licenses and permits required by law.

19. Participate in the state civil defense program and develop the necessary organization and facilities to meet wartime or other disasters.

20. Subject to the availability of monies, develop and administer programs in perinatal health care, including:

(a) Screening in early pregnancy for detecting high-risk conditions.

(b) Comprehensive prenatal health care.

(c) Maternity, delivery and postpartum care.

(d) Perinatal consultation, including transportation of the pregnant woman to a perinatal care center when medically indicated.

(e) Perinatal education oriented toward professionals and consumers, focusing on early detection and adequate intervention to avert premature labor and delivery.

21. License and regulate the health and safety of group homes and behavioral-supported group homes for persons with developmental disabilities. The department shall issue a license to an

accredited facility for a period of the accreditation, except that a licensing period shall not be longer than three years. The department is authorized to conduct an inspection of an accredited facility to ensure that the facility meets health and safety licensure standards. The results of the accreditation survey shall be public information. A copy of the final accreditation report shall be filed with the department of health services. For the purposes of this paragraph, "accredited" means accredited by a nationally recognized accreditation organization.

B. The department may accept from the state or federal government, or any agency of the state or federal government, and from private donors, trusts, foundations or eleemosynary corporations or organizations grants or donations for or in aid of the construction or maintenance of any program, project, research or facility authorized by this title, or in aid of the extension or enforcement of any program, project or facility authorized, regulated or prohibited by this title, and enter into contracts with the federal government, or an agency of the federal government, and with private donors, trusts, foundations or eleemosynary corporations or organizations, to carry out such purposes. All monies made available under this section are special project grants. The department may also expend these monies to further applicable scientific research within this state.

C. The department, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

D. The department may enter into contracts with organizations that perform nonrenal organ transplant operations and organizations that primarily assist in the management of end-stage renal disease and related problems to provide, as payors of last resort, prescription medications necessary to supplement treatment and transportation to and from treatment facilities. The contracts may provide for department payment of administrative costs it specifically authorizes.

36-136. Powers and duties of director; compensation of personnel; rules; definitions

A. The director shall:

1. Be the executive officer of the department of health services and the state registrar of vital statistics but shall not receive compensation for services as registrar.

2. Perform all duties necessary to carry out the functions and responsibilities of the department.

3. Prescribe the organization of the department. The director shall appoint or remove personnel as necessary for the efficient work of the department and shall prescribe the duties of all personnel. The director may abolish any office or position in the department that the director believes is unnecessary.

4. Administer and enforce the laws relating to health and sanitation and the rules of the department.

5. Provide for the examination of any premises if the director has reasonable cause to believe that on the premises there exists a violation of any health law or rule of this state.

6. Exercise general supervision over all matters relating to sanitation and health throughout this state. When in the opinion of the director it is necessary or advisable, a sanitary survey of the whole or of any part of this state shall be made. The director may enter, examine and survey any source and means of water supply, sewage disposal plant, sewerage system, prison, public or private place of detention, asylum, hospital, school, public building, private institution, factory, workshop,

tenement, public washroom, public restroom, public toilet and toilet facility, public eating room and restaurant, dairy, milk plant or food manufacturing or processing plant, and any premises in which the director has reason to believe there exists a violation of any health law or rule of this state that the director has the duty to administer.

7. Prepare sanitary and public health rules.

8. Perform other duties prescribed by law.

B. If the director has reasonable cause to believe that there exists a violation of any health law or rule of this state, the director may inspect any person or property in transportation through this state, and any car, boat, train, trailer, airplane or other vehicle in which that person or property is transported, and may enforce detention or disinfection as reasonably necessary for the public health if there exists a violation of any health law or rule.

C. The director, after consultation with the department of administration, may take all necessary steps to enhance the highest and best use of the state hospital property, including contracting with third parties to provide services, entering into short-term lease agreements with third parties to occupy or renovate existing buildings and entering into long-term lease agreements to develop the land and buildings. The director shall deposit any monies collected from contracts and lease agreements entered into pursuant to this subsection in the Arizona state hospital charitable trust fund established by section 36-218. At least thirty days before issuing a request for proposals pursuant to this subsection, the department of health services shall hold a public hearing to receive community and provider input regarding the highest and best use of the state hospital property related to the request for proposals. The department shall report to the joint committee on capital review on the terms, conditions and purpose of any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, and the fiscal impact on the department and any revenues generated by the agreement. Any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, must be reviewed by the joint committee on capital review.

D. The director may deputize, in writing, any qualified officer or employee in the department to do or perform on the director's behalf any act the director is by law empowered to do or charged with the responsibility of doing.

E. The director may delegate to a local health department, county environmental department or public health services district any functions, powers or duties that the director believes can be competently, efficiently and properly performed by the local health department, county environmental department or public health services district if:

1. The director or superintendent of the local health department, environmental department or public health services district is willing to accept the delegation and agrees to perform or exercise the functions, powers and duties conferred in accordance with the standards of performance established by the director of the department of health services.

2. Monies appropriated or otherwise made available to the department for distribution to or division among counties or public health services districts for local health work may be allocated or reallocated in a manner designed to ensure the accomplishment of recognized local public health activities and delegated functions, powers and duties in accordance with applicable standards of

performance. If in the director's opinion there is cause, the director may terminate all or a part of any delegation and may reallocate all or a part of any monies that may have been conditioned on the further performance of the functions, powers or duties conferred.

F. The compensation of all personnel shall be as determined pursuant to section 38-611.

G. The director may make and amend rules necessary for the proper administration and enforcement of the laws relating to the public health.

H. Notwithstanding subsection I, paragraph 1 of this section, the director may define and prescribe emergency measures for detecting, reporting, preventing and controlling communicable or infectious diseases or conditions if the director has reasonable cause to believe that a serious threat to public health and welfare exists. Emergency measures are effective for not longer than eighteen months.

I. The director, by rule, shall:

1. Define and prescribe reasonably necessary measures for detecting, reporting, preventing and controlling communicable and preventable diseases. The rules shall declare certain diseases that are reportable. The rules shall prescribe measures, including isolation or quarantine, that are reasonably required to prevent the occurrence of, or to seek early detection and alleviation of, disability, insofar as possible, from communicable or preventable diseases. The rules shall include reasonably necessary measures to control animal diseases that are transmittable to humans.

2. Define and prescribe reasonably necessary measures, in addition to those prescribed by law, regarding the preparation, embalming, cremation, interment, disinterment and transportation of dead human bodies and the conduct of funerals, relating to and restricted to communicable diseases and regarding the removal, transportation, cremation, interment or disinterment of any dead human body.

3. Define and prescribe reasonably necessary procedures that are not inconsistent with law in regard to the use and accessibility of vital records, delayed birth registration and the completion, change and amendment of vital records.

4. Except as relating to the beneficial use of wildlife meat by public institutions and charitable organizations pursuant to title 17, prescribe reasonably necessary measures to ensure that all food or drink, including meat and meat products and milk and milk products sold at the retail level, provided for human consumption is free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe reasonably necessary measures governing the production, processing, labeling, storing, handling, serving and transportation of these products. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained in any warehouse, restaurant or other premises, except a meatpacking plant, slaughterhouse, wholesale meat processing plant, dairy product manufacturing plant or trade product manufacturing plant. The rules shall prescribe minimum standards for any truck or other vehicle in which food or drink is produced, processed, stored, handled, served or transported. The rules shall provide for the inspection and licensing of premises and vehicles so used, and for abatement as public nuisances of any premises or vehicles that do not comply with the rules and minimum standards. The rules shall provide an exemption relating to food or drink that is:

(a) Served at a noncommercial social event such as a potluck.

(b) Prepared at a cooking school that is conducted in an owner-occupied home.

(c) Not potentially hazardous and prepared in a kitchen of a private home for sale or distribution for noncommercial purposes.

(d) Prepared or served at an employee-conducted function that lasts less than four hours and is not regularly scheduled, such as an employee recognition, an employee fundraising or an employee social event.

(e) Offered at a child care facility and limited to commercially prepackaged food that is not potentially hazardous and whole fruits and vegetables that are washed and cut on-site for immediate consumption.

(f) Offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous.

(g) A cottage food product that is prepared in a kitchen of a private home for commercial purposes consistent with chapter 8, article 2 of this title.

(h) A whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption.

(i) Produce in a packing or holding facility that is subject to the United States food and drug administration produce safety rule (21 Code of Federal Regulations part 112) as administered by the Arizona department of agriculture pursuant to title 3, chapter 3, article 4.1. For the purposes of this subdivision, "holding", "packing" and "produce" have the same meanings prescribed in section 3-525.

(j) Spirituous liquor produced on the premises licensed by the department of liquor licenses and control. This exemption includes both of the following:

(i) The area in which production and manufacturing of spirituous liquor occurs, as defined in an active basic permit on file with the United States alcohol and tobacco tax and trade bureau.

(ii) The area licensed by the department of liquor licenses and control as a microbrewery, farm winery or craft distiller that is open to the public and serves spirituous liquor and commercially prepackaged food, crackers or pretzels for consumption on the premises. A producer of spirituous liquor may not provide, allow or expose for common use any cup, glass or other receptacle used for drinking purposes. For the purposes of this item, "common use" means the use of a drinking receptacle for drinking purposes by or for more than one person without the receptacle being thoroughly cleansed and sanitized between consecutive uses by methods prescribed by or acceptable to the department.

(k) Spirituous liquor produced by a producer that is licensed by the department of liquor licenses and control or spirituous liquor imported and sold by wholesalers that is licensed by the department of liquor licenses and control. This exemption includes all commercially prepackaged spirituous liquor and all spirituous liquor poured at a licensed special event, festival or fair in this state.

5. Prescribe reasonably necessary measures to ensure that all meat and meat products for human consumption handled at the retail level are delivered in a manner and from sources approved by the Arizona department of agriculture and are free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe standards for

sanitary facilities to be used in identifying, storing, handling and selling all meat and meat products sold at the retail level.

6. Prescribe reasonably necessary measures regarding production, processing, labeling, handling, serving and transportation of bottled water to ensure that all bottled drinking water distributed for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained at any source of water, bottling plant and truck or vehicle in which bottled water is produced, processed, stored or transported and shall provide for inspection and certification of bottled drinking water sources, plants, processes and transportation and for abatement as a public nuisance of any water supply, label, premises, equipment, process or vehicle that does not comply with the minimum standards. The rules shall prescribe minimum standards for bacteriological, physical and chemical quality for bottled water and for submitting samples at intervals prescribed in the standards.

7. Define and prescribe reasonably necessary measures governing ice production, handling, storing and distribution to ensure that all ice sold or distributed for human consumption or for preserving or storing food for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions and the quality of ice that shall be maintained at any ice plant, storage and truck or vehicle in which ice is produced, stored, handled or transported and shall provide for inspection and licensing of the premises and vehicles, and for abatement as public nuisances of ice, premises, equipment, processes or vehicles that do not comply with the minimum standards.

8. Define and prescribe reasonably necessary measures concerning sewage and excreta disposal, garbage and trash collection, storage and disposal, and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels. The rules shall prescribe minimum standards for preparing food in community kitchens, adequacy of excreta disposal, garbage and trash collection, storage and disposal and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels and shall provide for inspection of these premises and for abatement as public nuisances of any premises or facilities that do not comply with the rules. Primitive camp and picnic grounds offered by this state or a political subdivision of this state are exempt from rules adopted pursuant to this paragraph but are subject to approval by a county health department under sanitary regulations adopted pursuant to section 36-183.02. Rules adopted pursuant to this paragraph do not apply to two or fewer recreational vehicles as defined in section 33-2102 that are not park models or park trailers, that are parked on owner-occupied residential property for less than sixty days and for which no rent or other compensation is paid. For the purposes of this paragraph, "primitive camp and picnic grounds" means camp and picnic grounds that are remote in nature and without accessibility to public infrastructure such as water, electricity and sewer.

9. Define and prescribe reasonably necessary measures concerning the sewage and excreta disposal, garbage and trash collection, storage and disposal, water supply and food preparation of all public schools. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained in any public school and shall provide for inspection of these premises and facilities and for abatement as public nuisances of any premises that do not comply with the minimum standards.

10. Prescribe reasonably necessary measures to prevent pollution of water used in public or semipublic swimming pools and bathing places and to prevent deleterious health conditions at these places. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained at any public or semipublic swimming pool or bathing place and shall provide for inspection of these

premises and for abatement as public nuisances of any premises and facilities that do not comply with the minimum standards. The rules shall be developed in cooperation with the director of the department of environmental quality and shall be consistent with the rules adopted by the director of the department of environmental quality pursuant to section 49-104, subsection B, paragraph 12.

11. Prescribe reasonably necessary measures to keep confidential information relating to diagnostic findings and treatment of patients, as well as information relating to contacts, suspects and associates of communicable disease patients. Confidential information may not be made available for political or commercial purposes.

12. Prescribe reasonably necessary measures regarding human immunodeficiency virus testing as a means to control the transmission of that virus, including the designation of anonymous test sites as dictated by current epidemiologic and scientific evidence.

13. Establish an online registry of food preparers that are authorized to prepare cottage food products for commercial purposes pursuant to paragraph 4 of this subsection and chapter 8, article 2 of this title. A registered food preparer shall renew the registration every three years and shall provide to the department updated registration information within thirty days after any change.

14. Prescribe an exclusion for fetal demise cases from the standardized survey known as "the hospital consumer assessment of healthcare providers and systems".

J. The rules adopted under the authority conferred by this section shall be observed throughout this state and shall be enforced by each local board of health or public health services district, but this section does not limit the right of any local board of health or county board of supervisors to adopt ordinances and rules as authorized by law within its jurisdiction if the ordinances and rules do not conflict with state law and are equal to or more restrictive than the rules of the director.

K. The powers and duties prescribed by this section do not apply in instances in which regulatory powers and duties relating to public health are vested by the legislature in any other state board, commission, agency or instrumentality, except that with regard to the regulation of meat and meat products, the department of health services and the Arizona department of agriculture within the area delegated to each shall adopt rules that are not in conflict.

L. The director, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

M. After consultation with the state superintendent of public instruction, the director shall prescribe the criteria the department shall use in deciding whether or not to notify a local school district that a pupil in the district has tested positive for the human immunodeficiency virus antibody. The director shall prescribe the procedure by which the department shall notify a school district if, pursuant to these criteria, the department determines that notification is warranted in a particular situation. This procedure shall include a requirement that before notification the department shall determine to its satisfaction that the district has an appropriate policy relating to nondiscrimination of the infected pupil and confidentiality of test results and that proper educational counseling has been or will be provided to staff and pupils.

N. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (f) of this section, food and drink are exempt from the rules prescribed in subsection I of

this section if offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous, without a limitation on its display area.

O. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (h) of this section, a whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption is exempt from the rules prescribed in subsection I of this section.

P. Until the department adopts an exclusion by rule as required by subsection I, paragraph 14 of this section, the standardized survey known as "the hospital consumer assessment of healthcare providers and systems" may not include patients who experience a fetal demise.

Q. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (j) of this section, spirituous liquor and commercially prepackaged food, crackers or pretzels that meet the requirements of subsection I, paragraph 4, subdivision (j) of this section are exempt from the rules prescribed in subsection I of this section.

R. For the purposes of this section:

1. "Cottage food product" has the same meaning prescribed in section 36-931.

2. "Fetal demise" means a fetal death that occurs or is confirmed in a licensed hospital. Fetal demise does not include an abortion as defined in section 36-2151.

11-593. Reporting of certain deaths; failure to report; violation; classification

A. Any person having knowledge of the occurrence of the death of a human being including a fetal death that is required to be reported pursuant to subsection B, of this section shall promptly notify the nearest peace officer of all information in the person's possession regarding the death and the circumstances surrounding it.

B. Reporting is required in the following circumstances:

1. Death when not under the current care of a health care provider as defined pursuant to section 36-301.

2. Death resulting from violence.

3. Unexpected or unexplained death.

4. Death of a person in a custodial agency as defined in section 13-4401.

5. Unexpected or unexplained death of an infant or child.

6. Death occurring in a suspicious, unusual or nonnatural manner, including death from an accident believed to be related to the deceased person's occupation or employment.

7. Death occurring as a result of anesthetic or surgical procedures.

8. Death suspected to be caused by a previously unreported or undiagnosed disease that constitutes a threat to public safety.

9. Death involving unidentifiable bodies.

C. The peace officer shall promptly notify the county medical examiner or alternate medical examiner and, except in deaths occurring as a result of surgical or anesthetic procedures, shall make or cause to be made an investigation of the facts and circumstances surrounding the death and report the results to the medical examiner or alternate medical examiner. If there is no county medical examiner or alternate medical examiner appointed and serving within the county, the county sheriff shall be notified by the peace officer and the sheriff shall in turn notify and secure a licensed physician having the qualifications of an alternate medical examiner to assume the powers and duties prescribed by section 11-594.

D. Every person who knows of the existence of a body where death occurred as specified in subsection A of this section and who knowingly fails to notify the nearest peace officer as soon as possible unless the person has good reason to believe that notice has already been given is guilty of a class 2 misdemeanor.

E. If the deceased was under treatment for an accident or illness by prayer or spiritual means alone, in accordance with the tenets and practices of a well-recognized church or religious denomination, and death occurred without a physician or nurse practitioner in attendance, the person who has knowledge of the death shall report all information in the person's possession regarding the death and circumstances surrounding it directly to the county medical examiner or the alternate medical examiner who may waive an external examination or autopsy if the county medical examiner or alternate medical examiner is satisfied that the death of the person resulted from natural causes.

F. Each county shall provide to the department of public safety fingerprints of all deceased persons for whom the circumstances of death require an external examination or autopsy and whose deaths are required to be investigated pursuant to this section. These fingerprints shall be on a form provided by the department of public safety and shall be accompanied by any other information regarding the physical description and the date and place of death the department of public safety requires. Fingerprints taken pursuant to this section shall be used only for the purpose of purging criminal history files. All information and data in the department of public safety that are furnished in compliance with this section are confidential and may be disclosed only on written approval of the director of the department of public safety to the juvenile court, social agencies and public health and law enforcement agencies licensed or regulated by this state.

## 32-1909. Donated medicine; donors; authorized recipients; requirements; immunity; definitions

A. A donor may donate medicine to an authorized recipient, and an authorized recipient may receive donated medicine from donors. Before a donor may make its first donation to an authorized recipient, the authorized recipient must verify and record all the following:

1. That the donor is legally authorized to possess the medicine.

2. The donor's name, address and telephone number and permit or license number, if applicable.

3. That the donor will remove or redact any patient names and prescription numbers on donated medicine or will otherwise maintain patient confidentiality by executing a confidentiality agreement with the authorized recipient.

B. Notwithstanding any other law, an authorized recipient may transfer donated medicine to another authorized recipient or to an entity participating in a drug donation program operated by another state. Medicine transferred pursuant to this section may be transferred only once.

C. An authorized recipient may accept into inventory only donated medicine that meets all of the following:

1. Is in unopened, tamper-evident packaging or that has been repackaged under this section.

2. Is not adulterated or misbranded.

3. Has been maintained in accordance and in compliance with the United States food and drug administration risk evaluation and mitigation strategies pursuant to 21 United States Code section 355-1, if applicable.

4. Is accompanied by an attestation from the donor stating that the medicine being donated has been kept in a temperature-controlled environment and has not been adulterated.

D. An authorized recipient may accept into inventory a donated biologic only if the donated biologic meets the requirements of subsection C of this section and is donated by a health care professional or an entity legally authorized to posses the biologic.

E. Donated medicine that does not meet the requirements of subsection C of this section must be disposed of by returning it to the donor, destroying it in an incinerator, medical waste hauler or other lawful method or transferring it to a returns processor. A record of disposed medicine shall contain a description of the disposal method, the date of disposal and the name, strength and quantity of each medicine disposed of. No other record of disposal is required.

F. A drug manufacturer, repackager, dispenser or wholesaler, other than a returns processor, that participates in this program shall comply with the requirements of 21 United States Code sections 360eee-1 through 360eee-4 relating to drug supply chain security.

G. All donated medicine received by an authorized recipient but not yet accepted into inventory shall be kept in a separate designated area. Before or when accepting a donation or transfer into inventory, the authorized recipient shall maintain a written or electronic inventory of the donation consisting of the name, strength and quantity of each accepted medicine and the name, address and telephone number of the donor. This record is not required if the donor and authorized recipient are under common ownership or common control. No other record of donation is required.

H. An authorized recipient must store and maintain donated medicine physically or electronically separated from other inventory and in a secure and temperature-controlled environment that meets the drug manufacturers' recommendations and United States pharmacopeia standards.

I. Repackaged medicine shall be labeled with the drug's name, strength and expiration date and shall be kept in a separate designated area until inspected and initialed by a health care professional. If multiple packaged donated medicines with varied expiration dates are repackaged together, the earliest expiration date shall be used.

J. An authorized recipient may administer or dispense only donated medicine that meets all of the following:

1. Meets the requirements of subsection C of this section based on an inspection by a health care professional.

2. If dispensed to an eligible patient, is repackaged into a new container or has all previous patient information on the donated container redacted or removed.

3. Is properly labeled in accordance with board rules.

4. Has an expiration or beyond-use date brought forward from the donated medicine that will not expire before the medicine is completely used by the eligible patient based on the prescribing practitioner's directions for use or, for over-the-counter medicine, on the package's label.

K. An authorized recipient may dispense or administer donated medicine to an eligible patient only if otherwise allowed by law. Donated medicine may be dispensed or administered only to eligible patients pursuant to a valid prescription order and must have patient-specific written or electronic records maintained in accordance with board rules.

L. Donated medicine may not be dispensed or administered to an eligible patient if the prescriber writes or clearly displays on the face of the prescription form "DAW", "dispense as written" or any other language that indicates a substitution is not allowed.

M. The donation, transfer, receipt or facilitation of donated medicine pursuant to this section is not considered wholesale distribution and does not require licensing as a wholesale distributor.

N. Medicine donated under this section may not be resold and is considered nonsaleable. Charging a handling, dispensing or administrative fee under this section is not reselling a donated medicine. The board shall prescribe in rule the limits on the fees that an authorized recipient may charge under this section considering the medicine's retail cost for a monthly supply.

O. When performing any action under this section or otherwise processing donated medicine for tax, manufacturer or other credit, an authorized recipient is considered to be acting as a returns processor and shall comply with all recordkeeping requirements for nonsaleable returns under federal law.

P. An authorized recipient shall retain all records required by this section in a physical or electronic format for a period of at least seven years. A donor and authorized recipient may contract with each other or a third party to create or maintain records on each other's behalf. An identifier, such as a serial number or barcode, may be used in place of any information required to be in a record or on a label pursuant to this section if the identifier allows for such information to be readily retrievable. On request by the board, the identifier used for requested records shall be replaced with the original information. An identifier may not be used on patient labels when dispensing or administering a donated medicine.

Q. A donation or other transfer of possession or control is not a change of ownership unless it is specified as such by the authorized recipient. If a record of the donation's transaction information or history is required, the history must begin with the donor of the medicine and include all prior donations and, if the medicine was previously dispensed, must include only drug information required to be on the patient label in accordance with board rules.

R. A donor or authorized recipient shall make all records available for audit by the board within five business days after the request.

S. The following are not subject to civil liability, criminal liability or professional disciplinary action if acting in good faith under this section:

1. A person involved in the supply chain of donated medicine, including a donor, authorized recipient, manufacturer, repackager, wholesaler or pharmacy.

2. A person, including any employee, officer, volunteer, owner, partner, member, director, contractor or other person or entity associated with the person, that in compliance with this section prescribes, donates, receives, dispenses, administers, transfers, replenishes or repackages medicine, or facilitates any of the above pursuant to this section.

T. This section does not prohibit otherwise legal activities related to nonprescription drugs.

U. For the purposes of this section:

1. "Authorized recipient" means any entity that has a license or permit in good standing in this state and that is legally authorized to possess medicine, including a wholesaler, distributor, reverse distributor, repackager, hospital, pharmacy or health care institution.

2. "Donor":

(a) Means any person, any individual member of the public or any entity legally authorized to possess medicine, including a manufacturer, wholesaler, distributor, third-party logistic provider, pharmacy, dispenser, clinic, surgical center, health center, detention and rehabilitation center, laboratory, medical school, pharmacy school, health care professional or health care facility.

(b) Includes government agencies and entities that are federally authorized to possess medicine, including drug manufacturers, repackagers, relabelers, outsourcing facilities, prisons and importers authorized by the United States food and drug administration.

3. "Eligible patient" means an individual who is indigent, uninsured, underinsured or enrolled in a public health benefits program.

4. "Health care professional" means a health care provider who is licensed or certified pursuant to this title and authorized to dispense or administer prescription drugs.

5. "Medicine" means both prescription and nonprescription drugs, including drugs approved by the United States food and drug administration and labeled for investigational use.

6. "Returns processor" has the same meaning prescribed in 21 United States Code section 360eee and includes a reverse distributor.

7. "Unopened, tamper-evident packaging" has the same meaning as United States pharmacopeia packaging and storage requirements, including unopened unit-dose, multiple-dose and immediate, secondary and tertiary packaging.

36-405. Powers and duties of the director

A. The director shall adopt rules to establish minimum standards and requirements for constructing, modifying and licensing health care institutions necessary to ensure the public health, safety and

welfare. The standards and requirements shall relate to the construction, equipment, sanitation, staffing for medical, nursing and personal care services, and recordkeeping pertaining to administering medical, nursing, behavioral health and personal care services, in accordance with generally accepted practices of health care. The standards shall require that a physician who is licensed pursuant to title 32, chapter 13 or 17 medically discharge patients from surgery and shall allow an outpatient surgical center to require that either an anesthesia provider who is licensed pursuant to title 32, chapter 13, 15 or 17 or a physician who is licensed pursuant to title 32, chapter 13 or 17 remain present on the premises until all patients are discharged from the recovery room. Except as otherwise provided in this subsection, the director shall use the current standards adopted by the joint commission on accreditation of hospitals and the commission on accreditation of the American osteopathic association or those adopted by any recognized accreditation organization approved by the department as guidelines in prescribing minimum standards and requirements under this section.

B. The director, by rule, may:

1. Classify and subclassify health care institutions according to character, size, range of services provided, medical or dental specialty offered, duration of care and standard of patient care required for the purposes of licensure. Classes of health care institutions may include hospitals, infirmaries, outpatient treatment centers, health screening services centers and residential care facilities. Whenever the director reasonably deems distinctions in rules and standards to be appropriate among different classes or subclasses of health care institutions, the director may make such distinctions.

2. Prescribe standards for determining a health care institution's substantial compliance with licensure requirements.

3. Prescribe the criteria for the licensure inspection process.

4. Prescribe standards for selecting health care-related demonstration projects.

5. Establish nonrefundable application and licensing fees for health care institutions, including a grace period and a fee for the late payment of licensing fees.

6. Establish a process for the department to notify a licensee of the licensee's licensing fee due date.

7. Establish a process for a licensee to request a different licensing fee due date, including any limits on the number of requests by the licensee.

C. The director, by rule, shall adopt licensing provisions that facilitate the colocation and integration of outpatient treatment centers that provide medical, nursing and health-related services with behavioral health services consistent with article 3.1 of this chapter.

D. The director shall establish a model in rule for the department to monitor health care institutions on-site that are found to not be in substantial compliance with the applicable licensure requirements. The director shall establish on-site monitoring fees for health care institutions that are subject to the on-site monitoring requirements. The department may not charge a fee pursuant to this subsection for a complaint or compliance-related survey or inspection if a health care institution is in substantial compliance.

E. The department may provide in-service training to health care institutions that request in-service training relating to regulatory compliance outside of the survey process. The director shall establish in rule in-service training fees for health care institutions that request in-service training from the department.

F. Ninety percent of the fees collected pursuant to this section shall be deposited, pursuant to sections 35-146 and 35-147, in the health services licensing fund established by section 36-414 and ten percent of the fees collected pursuant to this section shall be deposited, pursuant to sections 35-146 and 35-147, in the state general fund.

G. Subsection B, paragraph 5 of this section does not apply to a health care institution operated by a state agency pursuant to state or federal law or to adult foster care residential settings.

36-406. Powers and duties of the department

In addition to its other powers and duties:

1. The department shall:

(a) Administer and enforce this chapter and the rules, regulations and standards adopted pursuant thereto.

(b) Review, and may approve, plans and specifications for construction or modification or additions to health care institutions regulated by this chapter.

(c) Have access to books, records, accounts and any other information of any health care institution reasonably necessary for the purposes of this chapter.

(d) Require as a condition of licensure that nursing care institutions and assisted living facilities make vaccinations for influenza and pneumonia available to residents on site on a yearly basis. The department shall prescribe the manner by which the institutions and facilities shall document compliance with this subdivision, including documenting residents who refuse to be immunized. The department shall not impose a violation on a licensee for not making a vaccination available if there is a shortage of that vaccination in this state as determined by the director.

2. The department may:

(a) Make or cause to be made inspections consistent with standard medical practice of every part of the premises of health care institutions which are subject to the provisions of this chapter as well as those which apply for or hold a license required by this chapter.

(b) Make studies and investigations of conditions and problems in health care institutions, or any class or subclass thereof, as they relate to compliance with this chapter and rules, regulations and standards adopted pursuant thereto.

(c) Develop manuals and guides relating to any of the several aspects of physical facilities and operations of health care institutions or any class or subclass thereof for distribution to the governing authorities of health care institutions and to the general public.

36-407.02. Health care institutions; clergy visitation; health and safety precautions; immunity; civil action; definitions

A. If a health care institution's visitation policy allows in-person visitation of any kind, the health care institution must allow a clergy member to visit a resident who requests an in-person visit or consents to be visited in person for religious purposes by the clergy member, including during a declared state of emergency. If a resident is unable, due to dementia or a similar cognitive impairment, to request an in-person visit or to consent to be visited in person by a clergy member for religious purposes, the request or consent must be made or given by the resident's legal representative.

B. Notwithstanding any other provision in this chapter, when a resident's death is imminent, a health care institution must allow a clergy member to visit the resident in person for religious purposes if either of the following applies:

1. The resident requests or consents to be visited by the clergy member.

2. The resident's legal representative requests that the resident be visited by the clergy member.

C. A health care institution may require clergy to comply with reasonable health and safety precautions, including undergoing health screenings and wearing personal protective equipment, that are imposed by the health care institution in connection with in-person visitation for preventing the spread of communicable diseases. If such a requirement would substantially burden the clergy member's free exercise of religion while carrying out the religious purpose for which the clergy member is visiting while with the resident in the resident's room or visiting area designated by the health care institution, the health care institution may require compliance with such precautions only if compliance in that instance furthers a compelling interest and the health care institution imposes the least restrictive burden on the clergy member's exercise of religion. Notwithstanding any other provision of this chapter, a health care institution may restrict visits of a clergy member who fails a health screening measure or tests positive for a communicable disease.

D. A health care institution and its employees and contractors are not liable to a person visiting a resident or to a resident of the health care institution for civil damages for injury or death due to actual or alleged exposure to a communicable disease resulting from or related to a visitation in compliance with this section unless it is proven by clear and convincing evidence that the health care institution failed to substantially comply with the health care institution's applicable health and safety precautions. The immunity prescribed in this subsection does not apply to any act or omission unless there is clear and convincing evidence that the act or omission constitutes gross negligence or wilful or wanton misconduct.

E. A person or religious organization may bring a civil action against a health care institution alleging a violation of this section. Any person that successfully asserts a claim or defense under this section may recover declaratory relief, injunctive relief, reasonable attorney fees and costs and any other appropriate relief.

F. For the purposes of this section:

1. "Health care institution" has the same meaning prescribed in section 36-420.

2. "Resident" means a person living at or receiving inpatient services from a health care institution.

36-407.03. Hospitals; visitation policy; exceptions

A. A hospital shall develop a visitation policy that allows a patient to have daily in-person visitation by a designated visitor of the patient's choice, which may include the patient's spouse or one parent or child of the patient. A hospital's policies regarding visitation shall ensure that the patient and the patient's visitors may have physical contact, especially during end-of-life visitation, unless a physician determines based on the patient's condition that the visitation does not meet health and safety standards or is reasonably likely to harm the patient. If a physician denies visitation with a patient pursuant to this section, the patient or the patient's representative, which may include the patient's spouse, parent or child, may request a meeting, as provided by the visitation policy, with the physician and the hospital's chief medical officer, chief of staff or chief executive officer to receive a review and explanation within twenty-four hours of the physician's decision to deny visitation. If the designated visitor's request to visit is denied or not resolved at the meeting, the visitor may file a complaint with the department. All visitors must comply with reasonable health and safety precautions imposed by the hospital in connection with the visit.

B. This section does not apply to the Arizona state hospital, any other licensed facility under the jurisdiction of the superintendent of the Arizona state hospital or chapter 5 of this title.

## 36-420. Health care institutions; cardiopulmonary resuscitation; first aid; immunity; falls; definition

A. Each health care institution and the health care institution's respective employees have an affirmative duty of care for their residents as prescribed in subsection B of this section.

B. Each health care institution:

1. Shall initiate cardiopulmonary resuscitation in accordance with its certification training for cardiopulmonary resuscitation before the arrival of emergency medical services, to a resident who is nonresponsive or has a cessation of normal respiration. The cardiopulmonary resuscitation shall be in accordance with that resident's advance directives, if known. Staff who are certified in cardiopulmonary resuscitation shall be available at all times.

2. Shall provide appropriate first aid in accordance with its certification training for first aid before the arrival of emergency medical services to a resident who is in distress and to a noninjured resident who has fallen, appears to be uninjured and is unable to reasonably recover independently. The first aid shall be in accordance with the resident's advance directives, if known. Staff who are certified in first aid shall be available at all times.

3. May not have, establish or implement policies that prevent employees from providing appropriate cardiopulmonary resuscitation and first aid.

C. A health care institution that renders cardiopulmonary resuscitation or first aid as described in subsection B of this section is not liable for any civil damages as the result of any act or omission by the person rendering such care. This liability exclusion applies only if the cardiopulmonary resuscitation or first aid is rendered in good faith and consistent with cardiopulmonary resuscitation or first aid certification standards, as applicable. This liability exclusion does not apply to a person who acts with gross negligence while rendering care.

D. A person who in good faith renders first aid to a person who has fallen is not liable for any civil damages as the result of any act or omission by the person rendering the first aid to the fallen person, unless the person acted with gross negligence while rendering the first aid, if the person rendering aid acted under any of the following circumstances:

1. At the direction of the emergency dispatch operator.

2. To prevent further imminent and serious injury to the fallen person.

3. The fallen person appeared to be uninjured, stated that the person was not injured and requested assistance.

E. The department shall enforce this section consistent with the centers for medicare and medicaid services regulations for health care institutions that are subject to those regulations.

F. For the purposes of this section, "health care institution" means an assisted living center, an assisted living facility, an assisted living home, hospice, a nursing care institution or a residential care institution that is licensed pursuant to this chapter.

36-420.01. Health care institutions; fall prevention and fall recovery; training programs; definition

A. Each health care institution shall develop and administer a training program for all staff regarding fall prevention and fall recovery. The training program shall include initial training and continued competency training in fall prevention and fall recovery. A health care institution may use information and training materials from the department's Arizona falls prevention coalition in developing the training program.

B. For the purposes of this section, "health care institution" has the same meaning prescribed in section 36-420.

36-420.03. Health care employers; workplace violence prevention plan; investigation; reporting; nondiscrimination; definitions

A. Not later than July 1, 2023, health care employers shall develop, implement and maintain a written workplace violence prevention plan that does all of the following:

1. Includes components that are specifically tailored to the conditions and hazards of the health care employer's sites and patient-specific risk factors.

2. Identifies the individual who is responsible for implementing and overseeing the plan.

3. Requires the conspicuous posting of signs in public areas throughout the health care employer's sites, including all emergency facilities, that are at least twelve inches by twelve inches in size and that provide notice that assault on a health care worker may be prosecuted as a felony.

4. Includes reporting, incident response and postincident investigation procedures, including procedures:

(a) For health care workers to report workplace violence risks, hazards and incidents.

(b) For health care employers to respond to reports of workplace violence.

(c) For health care employers to perform a postincident investigation and debriefing of all reported incidents of workplace violence with the participation of health care workers.

5. Requires health care employers to provide information to health care workers about a worker's ability to report any assault to law enforcement and, on request, to assist the worker in reporting the assault.

B. Each health care employer shall make its workplace violence prevention plan available at all times to all health care workers and contractors who provide patient care.

C. As soon as practicable after a workplace violence incident is reported to the health care employer, the health care employer shall investigate the incident and shall do all of the following:

1. Review the circumstances of the incident.

2. Solicit input from involved health care workers and supervisors about the cause of the incident and whether further corrective measures could have prevented the incident.

3. Document the findings, recommendations and corrective measures taken, if applicable, for each investigation conducted.

D. Each health care employer shall provide training and education to its health care workers who may be exposed to workplace violence hazards and risks.

E. Each health care employer shall maintain:

1. Records that relate to each of the employer's workplace violence prevention plans, including identifying, evaluating and correcting hazards and risks and training procedures.

2. An incident log for recording all reported workplace violence incidents and records of all incident investigations. The log shall include the date, time and location of the incident, the name of every person who is involved in the incident, a description of the incident and the nature and extent of injuries to health care workers.

F. The health care employer shall annually evaluate the implementation and effectiveness of the workplace violence prevention plan, including a review of the violent incident log and compliance with any training. The annual evaluation shall be documented.

G. The health care employer shall adopt a policy that prohibits any person from discriminating or retaliating against any health care worker for either:

1. Reporting to or seeking assistance or intervention from the employer, law enforcement, local emergency services or a government agency or participating in an incident investigation.

2. Reasonably acting in self defense or defense of others in response to an imminent threat of physical harm.

H. A health care employer may not discriminate or retaliate against a health care worker for either:

1. Reporting to or seeking assistance or intervention from the employer, law enforcement, local emergency services or a government agency or for exercising any other rights under this section.

2. Reasonably acting in self defense or defense of others in response to an imminent threat of physical harm.

I. This section does not affect the legal obligations of a health care employer and health care worker pursuant to the protection of patients' rights.

J. This section does not apply to the Arizona state hospital or any other licensed facility that is under the jurisdiction of the superintendent of the Arizona state hospital.

K. For the purposes of this section:

1. "Health care employer" means a health care institution that is licensed pursuant to this title as a hospital, freestanding emergency services facility or urgent care facility and that has more than fifty employees.

2. "Health care worker" means an employee of a health care employer or a person who has a contract with a health care employer to provide health care or related services.

36-421. Construction or modification of a health care institution

A. A license application for a health care institution shall include, on a form provided by the department, a notarized attestation from an architect registered pursuant to title 32, chapter 1 that verifies the architectural plans and specifications meet or exceed standards adopted by the department. These plans and specifications shall meet the minimum standards for licensure within the class or subclass of health care institution for which it is intended. The application shall include the name and address of each owner and lessee of any agricultural land that is regulated pursuant to section 3-365.

B. Construction or modification of a licensed health care institution shall meet the minimum standards for licensure within the class or subclass of health care institution for which it is intended.

C. An applicant shall comply with all state statutes and rules and local codes and ordinances required for the health care institution's construction.

D. A health care institution or its facility shall not be licensed if it is located on property that is less than four hundred feet from agricultural land that is regulated pursuant to section 3-365, except that the owner of the agricultural land may agree to comply with the buffer zone requirements of section 3-365. If the owner agrees in writing to comply with the buffer zone requirements and records the agreement in the office of the county recorder as a restrictive covenant running with the title to the land, the health care institution or facility may be licensed and located within the affected buffer zone. The agreement may include any stipulations regarding the health care institution or facility, including conditions for future expansion of the health care institution or facility and changes in the operational status of the health care institution or facility that will result in a breach of the agreement. This subsection does not apply to the issuance of a license for a health care institution located in the same location for which a health care institution license was previously issued.

E. Notwithstanding any law to the contrary, a health care institution that was licensed as a level 1 psychiatric acute behavioral health facility-inpatient facility as of January 1, 2012 and that is not certified under title XIX of the social security act shall be licensed as a hospital and is not required to comply with the physical plant standards for a general hospital, rural general hospital or special hospital prescribed by the department.

F. An adult behavioral health therapeutic home is not required to comply with the building codes or zoning standards for a health care institution prescribed by the department.

G. The Arizona pioneers' home is not required to comply with subsection A of this section and the physical plant standards for a health care institution prescribed by the department.

H. A nursing-supported group home is not required to comply with the zoning standards for a health care institution prescribed by the department.

I. For the purposes of this section, health care institution does not include a home health agency or a hospice service agency.

36-422. Application for license; notification of proposed change in status; joint licenses; definitions

A. A person who wishes to apply for a license to operate a health care institution pursuant to this chapter shall submit to the department all of the following:

1. An application on a written or electronic form that is prescribed, prepared and furnished by the department and that contains all of the following:

(a) The name and location of the health care institution.

(b) Whether the health care institution is to be operated as a proprietary or nonproprietary institution.

(c) The name of the governing authority. The applicant shall be the governing authority having the operative ownership of, or the governmental agency charged with the administration of, the health care institution sought to be licensed. If the applicant is a partnership that is not a limited partnership, the partners shall apply jointly, and the partners are jointly the governing authority for purposes of this article.

(d) The name and business or residential address of each controlling person and an affirmation that none of the controlling persons has been denied a license or certificate by a health profession regulatory board pursuant to title 32 or by a state agency pursuant to chapter 6, article 7 or chapter 17 of this title or a license to operate a health care institution in this state or another state or has had a license or certificate issued by a health profession regulatory board pursuant to title 32 or issued by a state agency pursuant to chapter 6, article 7 or chapter 17 of this title or a license to operate a health care institution revoked. If a controlling person has been denied a license or certificate by a health profession regulatory board pursuant to title 32 or by a state agency pursuant to chapter 6, article 7 or chapter 17 of this title or a license to operate a health care institution in this state or another state or has had a health care professional license or a license to operate a health care institution revoked, the controlling person shall include in the application a comprehensive description of the circumstances for the denial or the revocation.

(e) The class or subclass of health care institution to be established or operated.

(f) The types and extent of the health care services to be provided, including emergency services, community health services and services to indigent patients.

(g) The name and qualifications of the chief administrative officer implementing direction in that specific health care institution.

(h) Other pertinent information required by the department for the proper administration of this chapter and department rules.

2. The attestation required by section 36-421, subsection A.

3. The applicable application fee.

B. An application submitted pursuant to this section shall contain the written or electronic signature of:

1. If the applicant is an individual, the owner of the health care institution.

2. If the applicant is a partnership, limited liability company or corporation, two of the officers of the corporation or managing members of the partnership or limited liability company or the sole member of the limited liability company if it has only one member.

3. If the applicant is a governmental unit, the head of the governmental unit.

C. An application for licensure shall be submitted at least sixty but not more than one hundred twenty days before the anticipated date of operation. An application for a substantial compliance survey submitted pursuant to section 36-425, subsection G shall be submitted at least thirty days before the date on which the substantial compliance survey is requested.

D. If a current licensee intends to terminate the operation of a licensed health care institution or if a change of ownership is planned, the current licensee shall notify the director in writing at least thirty days before the termination of operation or change in ownership is to take place. The current licensee is responsible for preventing any interruption of services required to sustain the life, health and safety of the patients or residents. A new owner shall not begin operating the health care institution until the director issues a license to the new owner.

E. A licensed health care institution for which operations have not been terminated for more than thirty days may be relicensed pursuant to the codes and standards for architectural plans and specifications that were applicable under its most recent license.

F. If a person operates a hospital in a county with a population of more than five hundred thousand persons in a setting that includes satellite facilities of the hospital that are located separately from the main hospital building, the department at the request of the applicant or licensee shall issue a single group license to the hospital and its designated satellite facilities located within one-half mile of the main hospital building if all of the facilities meet or exceed department licensure requirements for the designated facilities. At the request of the applicant or licensee, the department shall also issue a single group license that includes the hospital and its designated satellite facilities that are located farther than one-half mile from the main hospital building if all of these facilities meet or exceed applicable department licensure requirements. Each facility included under a single group license is subject to the department's licensure requirements that are applicable to that category of facility. Subject to compliance with applicable licensure or accreditation requirements, the department shall reissue individual licenses for the facility of a hospital located in separate buildings from the main hospital building when requested by the hospital. This subsection does not apply to nursing care institutions and residential care institutions. The department is not limited in conducting inspections of an accredited health care institution to ensure that the institution meets department licensure requirements. If a person operates a hospital in a county with a population of five hundred thousand persons or less in a setting that includes satellite facilities of the hospital that are located

separately from the main hospital building, the department at the request of the applicant or licensee shall issue a single group license to the hospital and its designated satellite facilities located within thirty-five miles of the main hospital building if all of the facilities meet or exceed department licensure requirements for the designated facilities. At the request of the applicant or licensee, the department shall also issue a single group license that includes the hospital and its designated satellite facilities that are located farther than thirty-five miles from the main hospital building if all of these facilities meet or exceed applicable department licensure requirements.

G. If a county with a population of more than one million persons or a special health care district in a county with a population of more than one million persons operates an accredited hospital that includes the hospital's accredited facilities that are located separately from the main hospital building and the accrediting body's standards as applied to all facilities meet or exceed the department's licensure requirements, the department shall issue a single license to the hospital and its facilities if requested to do so by the hospital. If a hospital complies with applicable licensure or accreditation requirements, the department shall reissue individual licenses for each hospital facility that is located in a separate building from the main hospital building if requested to do so by the hospital. This subsection does not limit the department's duty to inspect a health care institution to determine its compliance with department licensure standards. This subsection does not apply to nursing care institutions and residential care institutions.

H. An applicant or licensee must notify the department within thirty days after any change regarding a controlling person and provide the information and affirmation required pursuant to subsection A, paragraph 1, subdivision (d) of this section.

I. A behavioral health residential facility that provides services to children must notify the department within thirty days after the facility begins contracting exclusively with the federal government, receives only federal monies and does not contract with this state.

J. This section does not limit the application of federal laws and regulations to an applicant or licensee that is certified as a medicare or an Arizona health care cost containment system provider under federal law.

K. Except for an outpatient treatment center that provides dialysis services or abortion procedures or that is exempt from licensure pursuant to section 36-402, subsection A, paragraph 12, a person wishing to begin operating an outpatient treatment center before a licensing inspection is completed shall submit all of the following:

1. The license application required pursuant to this section.

2. All applicable application and license fees.

3. A written request for a temporary license that includes:

(a) The anticipated date of operation.

(b) An attestation signed by the applicant that the applicant and the facility comply with and will continue to comply with the applicable licensing statutes and rules.

L. Within seven days after the department's receipt of the items required in subsection K of this section, but not before the anticipated operation date submitted pursuant to subsection C of this section, the department shall issue a temporary license that includes:

1. The name of the facility.

2. The name of the licensee.

3. The facility's class or subclass.

4. The temporary license's effective date.

5. The location of the licensed premises.

M. A facility may begin operating on the effective date of the temporary license.

N. The director may cease the issuance of temporary licenses at any time if the director believes that public health and safety is endangered.

O. An outpatient treatment center that is exempt from licensure pursuant to section 36-402, subsection A, paragraph 12 is subject to reasonable inspection by the department if the director has reasonable cause to believe that patient harm is or may be occurring at that outpatient treatment center. A substantiated complaint that harm is occurring at an exempt outpatient treatment center is a violation of this chapter against the license of the hospital listed in the notice required by section 36-402, subsection A, paragraph 12.

P. Each hospital that is licensed pursuant to this chapter shall provide to and maintain with the department a current list of exempt outpatient treatment centers that have the same direct owner or indirect owner as the hospital.

Q. For the purposes of this section:

1. "Accredited" means accredited by a nationally recognized accreditation organization.

2. "Satellite facility" means an outpatient facility at which the hospital provides outpatient medical services.

36-434.01. Outpatient surgical centers; hospitals; surgical smoke evacuation systems; definitions

A. Beginning July 1, 2024, each outpatient surgical center or hospital shall adopt and implement policies to prevent exposure to surgical smoke by using a smoke evacuation system for each procedure that generates surgical smoke.

B. The department shall ensure compliance with this section during any on-site inspection and in response to any complaint received relating to a violation of this section.

C. For the purposes of this section:

1. "Smoke evacuation system" means smoke evacuation equipment and technologies designed to capture, filter and remove surgical smoke at the site of origin and to prevent surgical smoke from making ocular contact or contact with an individual's respiratory tract.

2. "Surgical smoke":

(a) Means the surgical plume that is generated from the use of an energy-generating surgical device.

(b) Includes smoke plume, bio-aerosols, laser-generated airborne contaminants and lung-damaging dust.

36-402. Exemptions

A. This chapter and the rules adopted by the director pursuant to this chapter do not authorize the licensure, supervision, regulation or control of:

1. The remedial care or treatment of residents or patients in any home or institution conducted only for those who rely solely on treatment by prayer or spiritual means in accordance with the creed or tenets of any well-recognized church or religious denomination.

2. Establishments, such as motels, hotels and boarding houses, that provide domiciliary and ancillary commercial services but do not provide adaptive, medical, hospital, nursing, behavioral health, health-related or supervisory care services.

3. Private offices and clinics of health care providers licensed under title 32 that are not freestanding urgent care centers, unless:

(a) Patients of the office or clinic are kept overnight as bed patients or treated otherwise under general anesthesia, except when treatment by general anesthesia is regulated by title 32, chapter 11.

(b) The office or clinic is an abortion clinic. For the purposes of this subdivision, "abortion clinic" has the same meaning prescribed in section 36-449.01.

(c) The office or clinic is a pain management clinic. For the purposes of this subdivision, "pain management clinic" has the same meaning prescribed in section 36-448.01.

4. Dispensaries and first aid stations that are located within business or industrial establishments and that are maintained solely for the use of employees if the facility does not contain inpatient beds and is under the supervision of a physician or a registered nurse practitioner.

5. The collection, processing or distribution of whole human blood, blood components, plasma, blood fractions or derivatives that are procured, processed or distributed by federally licensed and regulated blood banks.

6. Places where four or fewer adults who are not related to the administrator or owner receive adult day health services for compensation on a regular basis.

7. Places at which persons receive health-related services only from relatives or from legal guardians or places that do not purport to be establishments that regularly provide health-related services and at which one or two persons receive health-related services on a twenty-four-hour basis.

8. The personal residence of a terminally ill person, or the personal residence of that person's relative or guardian, where that person receives hospice services from a hospice service agency.

9. All medical and health-related facilities and services that are provided to inmates who are confined in a state prison. The state department of corrections shall annually evaluate the medical and health-related facilities and services that are provided to inmates to determine that the facilities and services meet the applicable standards that are adopted by the director of the department of health services. The state department of corrections shall report the results of its annual evaluation and the actual findings, including a plan of correction for any deficiencies, to the director of the department of health services. The department of health services shall conduct validation surveys on a percentage of the medical and health-related facilities, the number of which shall be determined by the state department of corrections and the department of health services. The director of the state department of corrections shall maintain the annual evaluation reports. This paragraph does not apply to licensed behavioral or mental health inpatient treatment facilities that the state department of corrections operates.

10. A facility that provides medical and health services to inmates who are confined in a county jail. The sheriff shall annually evaluate the facility to determine if it meets the applicable standards that are adopted by either a national corrections commission on health care or an American correctional association, or the sheriff shall annually submit the facility to a similar separate inspection by an outside agency with medical standards. The sheriff must submit the certificate of accreditation or proof of successful inspection to the department annually and keep a copy of the certificate or proof of inspection.

11. Community education, advocacy or recovery support groups that are not owned or operated by or contracted to provide services with a health care institution.

12. An outpatient treatment center that has the same direct owner or indirect owner as a hospital licensed pursuant to this chapter, that is staffed by health care providers who are licensed pursuant to title 32 and that provides notice to the department of its decision to be exempt from licensure under this chapter, unless:

(a) Patients are kept overnight in the outpatient treatment center or are treated under general anesthesia, except when the treatment by general anesthesia is regulated pursuant to title 32, chapter 11.

(b) The outpatient treatment center is an abortion clinic as defined in section 36-449.01.

(c) The outpatient treatment center is a pain management clinic as defined in section 36-448.01.

B. A medical and health-related facility that provides medical and health services exclusively to persons who are incarcerated, detained or confined under court order or court jurisdiction is exempt from the patient-per-room capacity requirements provided in rule if the facility:

1. Does not exceed its intended medical and custodial purposes.

2. Adopts policies and procedures to comply with the national commission on correctional health care standards, or equivalent standards.

3. As soon as practicable, becomes accredited by the national commission on correctional health care, or by an equivalent organization.

4. Once accreditation is obtained, submits a certificate of accreditation to the department of health services annually.

5. Maintains a copy of the certificate of accreditation.

6. Maintains patient and custodial records, including on-site current photographs and fingerprints, if permitted by applicable law.

7. Makes patient lists with inmate identifiers available to the state department of corrections on reasonable request.

8. Provides timely notice of any major incident involving public safety to the appropriate law enforcement agency and allows that agency access to the facility for the purposes of law enforcement and investigation.

C. Subsection B of this section does not apply to health care institutions that exclusively provide behavioral health services.

36-439.01. Colocation of licensees

Notwithstanding any other provision of this chapter, one or more licensed outpatient treatment centers or exempt outpatient treatment centers that provide medical, nursing and health-related services may colocate or colocate with one or more licensees or exempt outpatient treatment centers that provide behavioral health services or with one or more licensed counseling facilities and may share common areas at the collaborating outpatient treatment center premises and share nontreatment personnel pursuant to the requirements of this article.

36-439.04. Colocation; outpatient treatment centers; health care providers

A. The governing authority of a licensed collaborating outpatient treatment center or a collaborating exempt outpatient treatment center, by agreement, may share common areas and may share nontreatment personnel with one or more exempt health care providers or one or more licensed counseling facilities pursuant to section 36-439.02.

B. Treatment areas that are licensed under an outpatient treatment center may also be used by an exempt health care provider or an exempt outpatient treatment center if the provider's treatment areas and hours of operation are clearly identified by signage to the public and notice to the department.

C. Notwithstanding subsections A and B of this section, a licensed or exempt outpatient treatment center may contract with or employ an exempt health care provider to provide health care services to the licensed or exempt outpatient treatment center's patients.

36-439.05. Outpatient treatment center employees; behavioral health services; private office or clinic of an exempt health care provider

A. Notwithstanding any other provision in this article, an employee of a licensed outpatient treatment center or an exempt outpatient treatment center that provides behavioral health services may provide behavioral health services at a private office or clinic that is operated by an exempt health care provider under the following circumstances:

1. The services are provided to a patient of the exempt health care provider, the exempt outpatient treatment center or the licensed outpatient treatment center.

2. The licensed outpatient treatment center or the exempt outpatient treatment center and the exempt health care provider have a written agreement specifying all of the following:

(a) The services to be provided.

(b) The responsibility for billing for the services provided.

(c) Liability for the actions of the licensed outpatient treatment center's or the exempt outpatient treatment center's employee.

(d) The responsibility for maintenance, access to and confidentiality of medical records.

(e) That the medical records for the behavioral health services provided by the licensed outpatient treatment center's or the exempt outpatient treatment center's employee are stored at the outpatient treatment center, in addition to any provisions for maintaining and storing the medical records at other sites.

B. A licensed outpatient treatment center and an exempt outpatient treatment center shall report to the department any unexpected death, self-injury or other injury of a patient under the care of its employee that occurs on the premises of an exempt health care provider and whether the injury required medical attention. The department may report the incident to the licensing board of any health care professional who is involved in the incident.

C. Unlicensed employees of a licensed outpatient treatment center or an exempt outpatient treatment center may provide services at the private office or clinic of the exempt health care professional only when a licensed health care professional who is employed by the licensed or exempt outpatient treatment center is on-site.

**Summary:**

This regular rulemaking from the Department of Health Services (Department) seeks to amend twenty-seven (27) rules in Title 9, Chapter 10 regarding Health Care Institutions Licensing. The amendments are across Articles 1, 7, and 8. The rulemaking relates to Five-Year Review Reports approved by the Council on June 4 2024 (Article 7, Behavioral Health Residential Facilities) and October 3, 2023 (Article 8, Assisted Living Facilities). The goals of the amendments are to incorporate statutory changes from four law changes since 2021 (Laws 2021, Ch. 137, Laws 2022, Ch. 34, Ch.179, Ch. 296), to correct cross-references with other rules, and to make the rules more concise and understandable. Specifically, the amendments are summarized below:

- Article 1

One rule in Article 1 will be amended to include what a health care institution must require for behavioral health paraprofessionals and behavioral health technicians. The Department indicated in their last 5YRR that these changes will expand the number of applicants to fill these positions.

- Article 7

The Department indicates that the changes to Article 7 are intended to better align with statutory updates to improve health and safety standards, ensure facilities develop visitation procedures including clergy, exempt respite services for individuals under 18 from licensing requirements, clarify when treatments must be documented in writing, clarifying evacuation procedures, improving accessibility for residents, and the documentation/implementation of procedures to prevent abuse or neglect of residents

- Article 8

The Department indicates that the changes to Article 8 are intended to better ensure residents are aware of their rights and access to Disability Rights Arizona, adding a rule that allows certified nursing assistants (CNA) to work as caregivers if trained in medication administration, clarifying that all medical orders must be dated, timed, and authenticated by medical professionals, removing the requirement of Department review of architectural plans in accordance with statutory changes that allow for a notarized attestation from a licensed architect, and the documentation/implementation of procedures to prevent abuse or neglect of residents.

**1. Are the rules legal, consistent with legislative intent, and within the agency's statutory authority?**

The Department cites both general and specific statutory authority for these rules.

**2. Do the rules establish a new fee or contain a fee increase?**

This rulemaking does not establish a new fee or contain a fee increase.

**3. Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?**

The Department indicates it did not review any study relevant to this rulemaking.

**4. Summary of the agency's economic impact analysis:**

The Department states that it engages in this rulemaking to adhere to statutory law changes, address issues identified in recent five-year reports, make the rules clearer and more concise and understandable, update cross-references, correct grammatical errors, and

amend rules necessary for the proper administration and enforcement of the laws relating to public health. This rulemaking consists of several rule amendments to the Arizona Administrative Code Title 9, Chapter 10. The Department anticipates these rules may increase the regulatory burden or cost on some affected persons, but believes the benefits far outweigh any potential costs.

**5. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The Department has determined that there are no less intrusive or less costly alternatives for achieving the purpose of the rulemaking. It does estimate up to minimal ($1,000 or less) costs to the Department for implementation of and education/training for the rules; minimal to moderate (up to $10,000) costs to Behavioral Health Residential Facilities, Assisted Living Facilities, and the general public related to compliance; and minimal costs to healthcare providers related to compliance. However, the Department believes expected long-term benefits will outweigh the expected costs.

**6. What are the economic impacts on stakeholders?**

The Department identifies itself, behavioral health residential facilities, assisted living facilities, health care providers, and the general public as those directly affected by the rules and those who stand to bear the costs or benefit from them. The Department believes that there will be a significant benefit for having rules that are expected to enhance resident care and operational efficiency. The Department expects behavioral health residential facilities and assisted living facilities to benefit in the long-term from the updated rules that the Department believes better protect the public, accurately reflect industry standards and practices, and are consistent with federal and state statutes and rules. The Department further expects health care providers to benefit from these rules that it believes will improve resident care, safety, and regulatory compliance. The Department also states that the public will benefit from expected improvements in care and safety.

**7. Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?**

Between the Notice of Proposed Rulemaking published in the Administrative Register on January 17, 2025 and the Rulemaking now before the Council, the Department has implemented the following changes:

- R9-10-115(8)(f)(i) and R9-10-706(B)(6)(f)(i)
    - The Department corrected a typo from 18 credit hours to 18 hours
- R9-10-806(C)(1)(x)
    - A new subsection was added to require the certificate of completion, according to R9-10-126. This subsection was added as a result of a rulemaking approved by the Council on June 3, 2025.
- R9-10-811(C)(18)

- The cross reference was updated to reflect the rulemaking approved by the Council on June 3, 2025.

In the preamble, the Department states that the base rules in R9-10-803, R9-10-806, R9-10-811, R9-10-816, R9-10-817, and R9-10-820 were amended as a result of the rulemaking submitted to GRRC on April 22, 2025. That rulemaking was approved by the Council during the June 3, 2025 meeting. The June 3 rulemaking impacted the numbering that was present in the Notice of Proposed Rulemaking. The June 3 rulemaking did not impact any text from the Notice of Proposed Rulemaking to the Rulemaking now before the Council, outside of the two instances indicated above. Council Staff believes these changes to be non-substantive and in compliance with A.R.S. § 41-1025.

**8. Does the agency adequately address the comments on the proposed rules and any supplemental proposals?**

The Department indicates that they received no public comments on these rules. The Department does indicate that two stakeholders from Community Bridges did attend an oral proceeding, but did not provide any comments during that proceeding.

**9. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

The Department indicates that the rules being amended do not require a permit or a license.

**10. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Department indicates that there is no corresponding federal law for the rules.

**11. Conclusion**

This regular rulemaking from the Department of Health Services (Department) seeks to amend twenty-seven (27) rules in Title 9, Chapter 10 regarding Health Care Institutions Licensing. The amendments are across Articles 1, 7 (Behavioral Health Facilities), and 8 and relate to Five-Year Review Reports approved by the Council on October 3, 2023 and June 4, 2024. The amendments are intended to implement statutory changes that occurred in 2021 and 2022, and to amend rules by making them more clear, concise, and understandable. The amendments focus on medical donation protocols, architectural plans of facilities, visitation policies, preventing multiple units of a behavioral health residential facility from operating under a single license, aligning rules with statutes concerning reporting of abuse, neglect, or exploitation, clarifying annual staff training, ensuring all medical orders need to be documented, and to clarify the level of care a certified nursing assistant may provide.

The Department is seeking the standard 60-day delayed effective date pursuant to A.R.S. § 41-1032(A).

Council staff recommends approval of this rulemaking.

RE: Department of Health Services, 9 A.A.C. 10, Articles 1, 7, and 8

Dear Ms. Klein:

Enclosed are the administrative rules identified above which I am submitting, as the Designee of the Director of the Department of Health Services, for approval by the Governor's Regulatory Review Council (Council). The following information is provided for your use in reviewing the enclosed rule package pursuant to A.R.S. § 41-1052 and A.A.C. R1-6-202:

1. The close of record date: February 18, 2025

2. Whether the rulemaking relates to a five-year-review report and, if applicable, the date the report was approved by the Council:
The rulemaking for 9 A.A.C. 10 relates to the five-year review reports for Article 7. Behavioral Health Residential Facilities, approved by the Council on June 4, 2024, and Article 8. Assisted Living Facilities, approved by the Council on October 3, 2023.

3. Whether the rulemaking establishes a new fee and, if so, the statutes authorizing the fee:
The rulemaking does not establish a fee.

4. Whether the rulemaking contains a fee increase:
The rulemaking does not contain a fee increase.

5. Whether an immediate effective date is requested pursuant to A.R.S. § 41-1032:
The Department is not requesting an immediate effective date for the rules.

The Department certifies that the Preamble of this rulemaking discloses a reference to any study relevant to the rule that the Department reviewed and either did or did not rely on its evaluation of or justification for the rule.

The Department certifies that the preparer of the economic, small business, and consumer impact statement has notified the Joint Legislative Budget Committee there are no new full-time employees necessary to implement and enforce the rule.

The following documents are enclosed:

1. Notice of Final Rulemaking, including the Preamble, Table of Contents, and text of each rule;
2. An economic, small business, and consumer impact statement that contains the information required by A.R.S. 41-1055; and
3. General and specific statutes authorizing the rules, including relevant statutory definitions.

The Department's point of contact for questions about the rulemaking documents is Lucinda Sallaway at Lucinda.Sallaway@azdhs.gov.

Sincerely,

Stacie Gravito

**7. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

Arizona Revised Statutes (A.R.S.) § 36-132(A)(1) and (17) require the Arizona Department of Health Services (Department) to protect the health of the people in Arizona, and license and regulate health care institutions. In order to ensure public health, safety, and welfare, A.R.S. §§ 36-405 and 36-406 require the Department to adopt rules establishing minimum standards and requirements for the construction, modification, and licensure of health care institutions. The Department has adopted rules to implement these statutes in Arizona Administrative Code Title 9, Chapter 10. The Department plans to amend the rules to the following statutory changes: Laws 2022, Ch. 179, requires the Department to ensure a health care institution's visitation policy allows a clergy member to visit a resident, Laws 2022, Ch. 296, requires the Department to ensure a hospital develops a visitation policy, especially during end-of-life care, Laws 2022, Ch. 34, amends the requirements for architectural plans and specifications for health care institutions construction or modifications, and Laws 2021, Ch. 137, related to medical donation. After receiving rulemaking approval pursuant to A.R.S. § 41-1039, the Department plans to conduct a rulemaking to adhere to the statutory changes identified above, address issues identified in recent five-year reports approved by the Governor's Regulatory Review Council (GRRC), make the rules clearer and more concise and understandable, update cross-references, correct grammatical errors, and amend rules necessary for the proper administration and enforcement of the laws relating to public health. The Department anticipates that the rules may increase the

regulatory burden or cost on some affected persons. However, the Department believes that the benefits of the rules will far outweigh any potential cost. Any proposed changes will conform to the rulemaking format and style requirements of GRRC and the Office of the Secretary of State.

**8. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

The Department did not review or rely on any study related to this rulemaking package.

**9. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

**10. A summary of the economic, small business, and consumer impact:**

Arizona Revised Statutes (A.R.S.) § 36-132(A)(1) and (17) requires the Arizona Department of Health Services (Department) to protect the health of the people in Arizona and license and regulate health care institutions. To ensure public health, safety, and welfare, A.R.S. §§ 36-405 and 36-406 require the Department to adopt rules establishing minimum standards and requirements for the construction, modification, and licensure of health care institutions. The Department has adopted rules to implement these statutes in Arizona Administrative Code Title 9, Chapter 10. This analysis covers the costs and benefits associated with the rule changes in Articles 7 and 8, related to implementing Laws 2021, Ch 137, Laws 2022, Ch. 179, Laws 2022, Ch. 296, and Laws 2022, Ch. 34; addressing issues identified in recent five-year review reports; and amending rules necessary for the proper administration and enforcement of the laws relating to public health. The annual cost and revenue changes are designated as minimal when $1,000 or less, moderate when between $1,000 and $10,000, and substantial when $10,000 or greater in additional costs or revenues. Costs are listed as significant when meaningful or important, but not readily subject to quantification.

As mentioned, the Department is revising its rules to comply with recent statutory changes and enhance regulatory clarity, with rule updates aimed at improving resident care and operational efficiency. Laws 2021, Ch. 137, focuses on medical donation protocols, and Laws 2022, Ch. 34, 179, and 296, address architectural plans and visitation policies. A key amendment in the rules is implementing the requirements prescribed in A.R.S. § 36-407.02, which mandates that hospitals develop visitation policies allowing patients daily in-person visits from designated individuals, such as family members, and ensuring clergy access for religious visitation, particularly during end-of-life situations. The rules also specify that if a visitation is denied, patients have the right to request a review within 24 hours. Hospitals must ensure physical contact between patients and visitors, barring health or safety risks determined by a physician. Furthermore, the Department is adding a requirement that behavioral health residential facilities obtain separate licenses for each single dwelling unit to close loopholes that previously allowed multiple units to operate under one license. To support this, a new term and definition will be introduced into the rules for clarity.

Other updates include aligning language in R9-10-703 and R9-10-803 with state statutes concerning the reporting of abuse, neglect, or exploitation. Revisions to rules on meal and snack plans in behavioral health and assisted living facilities will now reflect the most recent federal dietary guidelines. Additionally, updates to medication donation processes per A.R.S. § 32-1909 require that donated medications be handled in original, tamper-evident packaging, with specific stipulations on expiration dates and packaging conditions. The Department is also refining cross-references, correcting grammatical errors, and updating rule titles, such as changing "Physical Health Services" to "Personal Care Services" for consistency across Chapter 10. Though the new rules may require some minimal implementation costs, the Department believes these changes will ultimately enhance care quality, improve operational processes, and ensure long-term benefits for residents and healthcare facilities alike.

A.R.S. §§ 36-132(A)(17) and 36-405(A) & (B) grants the Department authority to license and regulate health care institutions, and the Department is making extensive amendments to 9 A.A.C. 10, Article 7, which governs Behavioral Health Residential Facilities (BHRFs), Adult Residential Care Institutions, and Secured BHRFs. The proposed changes, affecting 15 Sections in Article 7

and one Section in Article 1, are designed to align with recent statutory updates and improve health and safety standards. A key update involves the implementation of Laws 2021, Ch. 355, which exempts respite services for individuals under 18 from licensure requirements, reflected in multiple rule amendments. The Department is also updating R9-10-703 to clarify that treatment services must be documented in writing and ensure policies are in place to prevent abuse or neglect of residents, including mandatory annual staff training. Additional rule changes across Article 7 focus on improving operational safety, such as streamlining evacuation drill requirements (R9-10-720) and enhancing physical plant standards, including installing grab bars in bathrooms and requiring bedroom egress windows to improve safety.

The Department is amending ten sections in 9 A.A.C. 10, Article 8, which regulate assisted living facilities. One of the key amendments in R9-10-803 requires managers to ensure that residents who do not speak English or have disabilities are aware of their rights, and updates the title of The Arizona Center for Disability Law to Disability Rights Arizona. The Department is also implementing a new rule in R9-10-806 requiring documentation of completion of a certified nursing assistant (CNA) program with medication training, allowing CNAs to work as caregivers. This change is intended to address the issue of falsified caregiver certificates and expand the workforce by utilizing CNAs trained in medication administration. Additionally, revisions to R9-10-807 and R9-10-809 focus on correcting grammatical errors and simplifying language for clarity. New requirements in R9-10-811 mandate that medical orders must be dated, timed, and authenticated by medical professionals, while changes in R9-10-821 reflect the removal of the Department's requirement to review architectural plans for health care institutions, following statutory changes in Laws 2022, Ch. 34. Instead, a notarized attestation from a licensed architect verifying compliance will be required. Overall, these rule changes aim to improve regulatory efficiency, public safety, and compliance with industry standards, with minimal to moderate economic impact on assisted living facilities.

The proposed rule changes are expected to have a minimal-to-moderate economic impact on healthcare providers, behavioral health professionals, social workers, and residents. Healthcare providers may face minimal costs for staff training, compliance with new documentation and safety standards, and facility upgrades. Behavioral health facilities could incur moderate costs due to stricter staff qualifications and licensing requirements. Despite these costs, the Department expects significant benefits from improved patient outcomes through better-qualified staff. Social workers may see an increase in administrative duties but minimal financial impact. Residents and families, while benefiting from enhanced care and safety, may experience indirect cost increases as facilities adjust. However, the long-term benefits of improved care and regulatory compliance are expected to outweigh any costs incurred. The new rules are expected to significantly benefit the public by ensuring behavioral health facilities and assisted living facilities are operated by qualified professionals, improving care quality and resident safety. While healthcare providers may face increased operational costs, such as stricter safety standards and staff training, these costs may be passed on to residents and their families. However, the long-term benefits, including reduced abuse, neglect, and potential public health cost savings, are anticipated to outweigh any short-term financial impacts.

Small businesses, such as privately-owned behavioral health residential facilities and assisted living facilities, may face minimal-to-moderate costs due to increased compliance requirements, including mandatory staff training, policy updates, enhanced documentation, and adherence to stricter safety standards. These costs could involve investments in infrastructure and ensuring staff qualifications. However, the Department expects significant long-term benefits, such as improved care quality, safety, and regulatory compliance. These improvements could lead to operational efficiency, reduced liability risks, and enhanced facility reputation, ultimately outweighing the initial costs.

In conclusion, the proposed amendments implement rule changes to comply with recent statutory updates, enhance regulatory clarity, and improve the quality of care in behavioral health and assisted living facilities. While the new rules may impose minimal-to-moderate costs on healthcare providers, small businesses, and behavioral health professionals due to increased compliance requirements, the long-term benefits are expected to outweigh the initial financial impacts. These changes aim to improve resident safety, reduce abuse and neglect, and ensure regulatory compliance, leading to better patient outcomes, enhanced operational

efficiency, and a strengthened reputation for healthcare facilities. Overall, the Department's amendments are designed to safeguard public health and safety while maintaining economic balance for the affected entities.

**11. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:**

The "base rules" in R9-10-803, R9-10-806, R9-10-811, R9-10-816, R9-10-817, and R9-10-820 were amended to reflect a recent rulemaking that the Department submitted to GRRC on April 22, 2025, which amends 9 A.A.C. 10 Articles 1 and 8. In addition, the Department amended a typo R9-10-115(8)(f)(i) and R9-10-706(B)(6)(f)(i) from "18 credit hours" to "18 hours."

**12. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:**

No public or stakeholder comments were submitted regarding this rulemaking. The Department held an Oral Proceeding on February 18, 2025, which was attended by two stakeholders, Miriam Thompson and Ashley Sellers, both representing Community Bridges. However, no comments were provided during the proceeding.

**13. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:**

There are no other matters prescribed by statute applicable specifically to the Department or this specific rulemaking.

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

The rule does not require the issuance of a regulatory permit. Therefore, a general permit is not applicable.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**

There are no federal rules applicable to the subject of the rule.

**c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**

Not applicable

**14. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:**

Not applicable

**15. Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the *Register* as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:**

Not applicable

**16. The full text of the rules follows:**

## 1. An identification of the rulemaking

Arizona Revised Statutes (A.R.S.) § 36-132(A)(1) and (17) require the Arizona Department of Health Services (Department) to protect the health of the people in Arizona, and license and regulate health care institutions. To ensure public health, safety, and welfare, A.R.S. §§ 36-405 and 36-406 require the Department to adopt rules establishing minimum standards and requirements for the construction, modification, and licensure of health care institutions. The Department has adopted rules to implement these statutes in Arizona Administrative Code Title 9, Chapter 10. The Department plans to amend the rules to the following statutory changes: Laws 2022, Ch. 179, requires the Department to ensure a health care institution's visitation policy allows a clergy member to visit a resident, Laws 2022, Ch. 296, requires the Department to ensure a hospital develops a visitation policy, especially during end-of-life care, and Laws 2022, Ch. 34, amends the requirements for architectural plans and specifications for health care institutions construction or modifications. After receiving rulemaking approval pursuant to A.R.S. § 41-1039, the Department plans to conduct a rulemaking to adhere to the statutory changes identified above, address issues identified in recent five-year reports approved by the Governor's Regulatory Review Council (GRRC), make the rules clearer and more concise and understandable, update cross-references, correct grammatical errors, and amend rules necessary for the proper administration and enforcement of the laws relating to public health. The Department anticipates that the rules may increase the regulatory burden or cost on some affected persons. However, the Department believes that the benefits of the rules will far outweigh any potential cost. Any proposed changes will conform to the rulemaking format and style requirements of GRRC and the Office of the Secretary of State.

## 2. Cost/Benefit Analysis

This analysis covers the costs and benefits associated with the rule changes related to implementing Laws 2021, Ch 137, Laws 2022, Ch. 179, Laws 2022, Ch. 296, and Laws 2022, Ch. 34; addressing issues identified in recent five-year review reports; and amending rules necessary for the proper administration and enforcement of the laws relating to public health. The annual cost and revenue changes are designated as minimal when $1,000 or less, moderate when between $1,000 and $10,000, and substantial when $10,000 or greater in additional costs

or revenues. Costs are listed as significant when meaningful or important, but not readily subject to quantification.

**3. Identification of the persons who will be directly affected by, bear the costs of, or directly benefit from the rules**

a. The Department
b. Behavioral health residential facilities
c. Assisted living facilities
d. Health care providers (including behavioral health professionals), social workers, and residents and their families
d. The general public

**A. The Department**

Throughout the rules, the Department is implementing new rules to align with statutory requirements including; Laws 2021, Ch. 137, related to medical donation; Laws 2022, Ch. 34 – Architectural Plans and Specifications; Laws 2022, Ch. 179 and Laws 2022, Ch. 296 both related to visitation policy. In addition, other changes are being made to align with other rules in Chapter 10, update cross-references, and correct grammatical errors. For example, the Department is amending the title of R9-10-715 from "Physical Health Services" to "Personal Care Services" for consistency with other Articles in Chapter 10. In addition, the Department is adding a new requirement in R9-10-702 and R9-10-802 for a behavioral health residential facility to obtain a separate license for each single dwelling unit. The new rule is expected to close loopholes that may allow future licensees to operate multiple dwelling units under a single license. The Department expects to receive a significant benefit from the updated rules to ensure public health and safety as well as sufficient oversight of facilities.

Laws 2022, Ch. 179 and Laws 2022, Ch. 296, both related to visitation policy, establish A.R.S. § 36-407.02. The new statute requires hospitals to develop a visitation policy that allows a patient to have daily in-person visitation by a designated visitor of the patient's choice, including the patient's spouse, parent, or child. If a physician denies visitation, the patient or the patient's representative may request a meeting with the physician and one of the outlined hospital officials to receive a review and explanation within 24 hours of the decision to deny visitation. Additionally, the statute requires health care institutions to allow clergy members to visit a resident if the healthcare institution's visitation policy allows any kind of in-person visitation or when a resident's death is imminent. A hospital's visitation policy must ensure that the patient and the patient's visitors may have physical contact, especially during end-of-life visitation, unless a physician determines based on the patient's condition that the visitation does not meet health and safety standards or is reasonably likely to harm the patient. A visitor may file a complaint with the Department if the designated visitor's request for visitation is

denied or not resolved at the meeting with hospital officials. Due to these changes, the Department is amending language in R9-10-703, R9-10-803, R9-10-810 to add a requirement for policies and procedures to cover religious visitation by a clergy member in compliance with A.R.S. § 36-407.02.

Additionally, the Department is aligning language in R9-10-703 and R9-10-803 with A.R.S. § 13-3620 and 46-454, stipulating that any "reportable offense" must be reported when addressing suspected cases of abuse, neglect, or exploitation. Moreover, revisions to the meal and snack plan outlined in R9-10-717, R9-10-719, and R9-10-817 will incorporate the latest dietary guidelines from the U.S. Department of Health and Human Services and the U.S. Department of Agriculture.

In R9-10-718 and R9-10-816, the Department is incorporating the requirements in A.R.S. § 32-1909, regarding the policies and procedures of accepting medications from donors to behavioral health residential facilities and assisted living facilities as authorized recipients. Laws 2021, Ch. 137, related to medical donation, amends A.R.S. § 32-1909. The bill establishes requirements and prohibitions for donating, accepting, and dispensing donated prescription medications. The statute requires that prescription medications be accepted or dispensed by the program only in the original, sealed, and tamper-evident unit dose packaging, except that opened prescription medications packaged in single unit doses can be accepted and dispensed if the single unit dose packaging is undisturbed. Prescription donations cannot be accepted if the medication expires within six months or if the medication is deemed to be adulterated. The Arizona State Board of Pharmacy has established a Prescription Medication Donation Program (Program) to accept and dispense prescription medications, HCIs that opt-in to the Program and meet prescribed criteria may accept donated medications. The Department is amending rules in Chapter 10 to require that when medication is stored, an administrator shall ensure that policies and procedures are established, documented, and implemented to protect the health and safety of a resident for medical donation, in compliance with A.R.S. § 32-1909.

In addition to updating the rules to align with new statutory changes, the Department is making other changes to the rules to improve the effectiveness of rules, make the rules more clear, concise, and understandable, address issues identified in recent five-year review reports, and correct cross-references and grammatical errors throughout Articles 7 & 8.

Overall, the Department estimates that the new changes may require up to minimal costs to implement the new changes and work with affected stakeholders to properly educate and implement the new rules, but believes that there will be a significant benefit for having rules that are expected to enhance resident care and operational efficiency in the long term.

**B. Behavioral Health Residential Facilities**

A.R.S. §§ 36-132(A)(17) and 36-405(A) & (B) authorize the Department to license and regulate health care institutions. 9 A.A.C. 10, Article 7 governs Behavioral Health Residential Facilities, Adult Residential Care Institutions, and Secured Behavioral Health Residential Facilities. The Department is amending 15 Sections in Article 7, as well as one Sections in Article 1 in correspondence with the new changes in Article 7. The proposed new changes to the rules in Article 7 will affect all of these behavioral health subclasses.

As of September 3, 2024, there are 904 licensed behavioral health residential facilities in Arizona. The Department received 632 initial applications in FY 2024. Between July 1, 2023 to September 1, 2025, the Department also conducted 583 initial application inspections, 1,594 compliance surveys, 906 complaint surveys, 662 monitoring surveys, and 573 surveys resulted in an enforcement action to include an assessment of $279,300 in monetary penalties, 82 application denials, 91 Notices of Intent to Revoke issued, and 2 Summary Suspensions issued. There were 768 behavioral health residential facilities that surrendered their license and 18 behavioral health residential facilities with licenses revoked in FY2024.

Throughout Article 7, the Department is amending rules to implement Laws 2021, Ch. 355, § 1, which requires the Department to allow for an exception from licensure requirements for respite services for individuals under 18 years of age at behavioral health residential facilities, as specified in A.R.S. 36-425.08. Changes in the rules to reflect this exemption are in R9-10-702, R9-10-707, R9-10-709, R9-10-716, R9-10-718, and R9-10-719.

In R9-10-703, the Department is adding a requirement that the specific types of treatment and services to be provided be documented in writing. The Department does not expect there to be costs associated with this change. This is a clarification that treatment is required at the facility. Also, in R9-10-703, the Department is amending rules to be consistent with A.R.S. § 13-3620 and 46-454, by adding a requirement in the rules for policies and procedures to include methods on how to prevent abuse or neglect of a resident, including annual training of personnel members on how to recognize the signs, symptoms, and reporting of abuse or neglect.

The Department is enacting several revisions across multiple regulations. Firstly, in R9-10-720, evacuation drill requirements are being streamlined, no longer necessitating drills during each shift. Additionally, amendments to R9-10-722 focus on enhancing health and safety standards within facilities, including specifications such as installing grab bars in bathrooms to mitigate self-injury risks and ensuring each resident's bedroom has a direct egress point to the exterior. These changes align with existing regulations in Chapter 10, emphasizing the need for consistency and resident safety. Furthermore, in R9-10-703 and R9-10-718, established requirements must now be implemented. R9-10-703 is also being updated to reference A.R.S. § 13-4521 regarding resident documentation requirements. Obsolete mandates are being removed, and rules are being adjusted to align with others in Chapter 10, such as prohibiting administrators from acting as a resident's representative if they're

unable to handle financial affairs. Lastly, in R9-10-706 and R9-10-707, the term "co-occuring" is being replaced with "co-morbidity." These changes are anticipated to enhance safety protocols, streamline operations, and promote regulatory coherence. Additionally, they may incur initial implementation costs but are expected to yield long-term benefits by ensuring resident well-being and compliance with regulatory standards.

The Department is amending several rules to include the allowance for naloxone to be available and used at a behavioral health facility. In R9-10-703, R9-10-706, R9-10-718, R9-10-720, the Department is adding a requirement for policies and procedures to cover the provision of naloxone. Per the CDC, naloxone is a life-saving medication used to reverse an opioid overdose, including heroin, fentanyl, and prescription opioid medications. Naloxone can be quickly given through nasal spray (Narcan®) in the nose. Naloxone is safe and easy to use, works almost immediately, and is not addictive. Naloxone has very few negative effects and has no effect if opioids are not in a person's system. Arizona's Good Samaritan Law, A.R.S. § 32-1471, protects those giving emergency medical care at the scene of a medical emergency, including giving naloxone. Having naloxone available provides an extra layer of protection for those at a higher risk of overdose. Bystanders such as friends, family, non-health care providers, and persons who use drugs can reverse an opioid overdose with naloxone.

Furthermore, in R9-10-706, the Department is creating a new subsection to require that an administrator ensure that the qualifications, skills, and knowledge required for each type of personnel member meet the unique needs of the client populations served by the agency, such as children, adults age 65 or older, individuals with a substance abuse problem, individuals who are seriously mentally ill, individuals who have co-occurring disorders, or individuals who may be victims or perpetrators of domestic violence. Also, in R9-10-706, the Department added eligibility requirements for a behavioral health paraprofessional and behavioral health technician. In correspondence with this change, the Department is also amending the eligibility requirements for a behavioral health paraprofessional and behavioral health technician in Article 1, R9-10-115, consistent with the new changes in R9-10-706. Also in R9-10-706, the Department is adding a clarification that a behavioral health professional or registered nurse is employed at the behavioral health residential facility. Overall, the Department is implementing these changes to align with the proper scope of practices for these professionals. The Department expects that facilities may incur moderate costs due to the new requirements, but receive a significant benefit from having qualified staff working in a behavioral health residential facility. In addition, the Department expects that increasing the qualification requirements will save costs incurred by both the Department, individuals, and facilities on legal fees and time spent on the process of revoking a license.

The Department is amending the rules in R9-10-710 to remove the current rule that exempts a transport to another licensed health care institution in an emergency from the documentation and communication

requirements. This change may impose a minimal cost involving the time to document and communicate with emergency personnel and provide justification for an emergency transport.

Also, the Department is amending rules in R9-10-712 to add a reference to when a resident receives assistance in the self-administration of medication. Also, in R9-10-712, the Department is adding specifications in the documentation regarding the date and time, name, strength, dosage, and route of the medication, the staff personnel providing assistance, and any unexpected reaction to the medication. This change also aligns with Article 8 and is expected to provide a significant benefit for having more transparent documentation. In R9-10-712, references are added regarding medication administration assistance, alongside specifications for documentation. This aligns with Article 8 and is anticipated to notably enhance resident care. Furthermore, in R9-10-713, the Department is lowering the requirements by removing subsection (B)(2), which requires there to be at least two staff members present on an outing. The current (B)(3), states that sufficient staff is required on an outing. The Department expects that some facilities may receive a significant benefit and save minimal costs by not having to have more than one employee on an outing if it is not required. Additionally, in R9-10-716, standards for providing behavioral health services at residential facilities are being clarified and expanded to ensure resident health and safety. These adjustments may involve up to minimal implementation costs, but are expected to provide a significant benefit by enhancing resident care and compliance.

The Department is streamlining requirements outlined in R9-10-720, no longer mandating evacuation drills to be conducted during each shift. Furthermore, amendments to rules in R9-10-722 are being made for health and safety purposes, particularly regarding physical plant standards. These amendments include specifications such as ensuring that grab bars in bathrooms are designed to mitigate the risk of self-injury by residents and requiring each resident's bedroom to have a window or door providing direct egress to the exterior of the building. These adjustments are in line with the regulations set forth in other Articles within Chapter 10. The Department emphasizes the importance of including a mandate for windows in bedrooms to ensure consistency and enhance safety measures, particularly for egress and fire safety purposes, thus prioritizing the well-being of the residents.

The overall economic impact of the rulemaking on behavioral health residential facilities is expected to be minimal. New requirements and changes in the existing requirements are designed to improve public safety and regulatory efficiency should also have a minimal to moderate economic impact. Behavioral health residential facilities are expected to benefit from the updated rules that better protect the public, and accurately reflect industry standards and practices, are consistent with federal and state statutes and rules.

### C. Assisted Living Facilities

The rules in 9 A.A.C. 10, Article 8, were promulgated to comply with Laws 2011, Ch. 96 that required the Department to adopt rules for health care institutions to reduce monetary or regulatory costs on a person or

individuals and facilitate licensing of "integrated health programs that provide both behavioral and physical health services." A.R.S. § 36-401(8) defines an "assisted living facility" as a residential care institution, including an adult foster care home, that provides or contracts to provide supervisory care services, personal care services, or directed care services on a continuous basis. The Department currently licenses and regulates adult foster care homes according to the assisted living facility rules. In this rulemaking, the Department is amending ten Sections in Article 8.

In R9-10-803 the Department is amending rules for a manager to ensure that policies and procedures related to a resident's rights include assisting a resident who does not speak English or who has a physical or other disability to become aware of resident rights. Additionally, in R9-10-803, the Department is updating the title of The Arizona Center for Disability Law to Disability Rights Arizona. In R9-10-806, the Department is adding a new subsection requiring documentation of completion of a board-approved certified nursing assistant (CNA) program that includes medication training. Due to the high number of enforcement actions related to falsified or invalid caregiver certificates, the Department proposes that caregiver certificates must be issued after August 3, 2013, to ensure they can be verified. Additionally, the Department aims to expand the workforce by allowing CNAs who receive medication training to also work as caregivers. The nursing board currently provides medication training for CNAs.

In R9-10-807 and R9-10-809, the Department is amending the rules to correct grammatical errors and rewording language to be more simple, clear, concise, and understandable. In R9-10-811, the Department is creating a new subsection to address requirements for an order including that the order is dated, timed, and authenticated by a medical practitioner or behavioral health professional according to policies and procedures.

Laws 2022, Ch. 34, related to architectural plans and specifications, amends A.R.S. §§ 36-405, 36-421, and 36-422. The new statutory changes remove the requirement that an HCI license application include architectural plans and specifications and instead requires a notarized attestation from a licensed architect that verifies architectural plans meet or exceed the Department's standards. In addition, the new statutory changes repeals the Department's authority to establish fees for architectural plans and specifications reviews. Due to these changes, the Department is amending language in R9-10-820. The Department anticipates that the new changes will provide a significant benefit

The overall economic impact of the rulemaking on assisted living facilities is expected to be minimal-to-moderate. New requirements and changes in the existing requirements are designed to improve public safety and regulatory efficiency should also have a minimal to moderate economic impact. Assisted living facilities are expected to benefit from the updated rules that better protect the public, and accurately reflect industry standards and practices, are consistent with federal and state statutes and rules.

**D. Health care providers (including behavioral health professionals), social workers, and residents and their families**

The proposed rule changes are expected to have a minimal-to-moderate economic impact on healthcare providers, behavioral health professionals, social workers, and residents and their families. Healthcare providers may incur minimal costs related to increased staff training, compliance with new documentation and medication handling requirements, and facility upgrades to meet physical safety standards. Behavioral health facilities may incur minimal-to-moderate costs due to stricter staff qualifications and licensing requirements for single dwelling units. However, the Department believes that despite the increased costs of compliance, health care providers will receive a significant benefit by following rules that require qualified staff to work within their scope, resulting in better patient outcomes. Social workers may experience a rise in administrative tasks and reporting responsibilities but should see minimal direct financial impact. Residents and their families, while benefiting from improved safety, care standards, and visitation rights, may experience indirect cost increases as facilities adjust to the new regulations. However, the long-term benefits of improved resident care, safety, and regulatory compliance are anticipated to outweigh the initial financial burdens.

**C. General Public**

The general public is expected to receive a significant benefit from the new rules by having behavioral health residential facilities and assisted living facilities operated properly by qualified health professionals. The economic impact of the new rules on the general public is expected to be minimal to moderate. Increased operational costs for healthcare providers, including compliance with stricter safety standards, staff training, and reporting requirements, may result in increased business fees that could be passed on to residents and their families. However, the rule changes are designed to improve care quality, reduce instances of abuse and neglect, and enhance resident safety, which could lead to long-term public health cost savings. Overall, while there may be some short-term financial effects, the benefits of improved care and safety are expected to outweigh the costs.

**A statement of the probable impact of the rules on small businesses**

Small businesses may incur minimal-to-moderate costs due to increased compliance requirements, such as mandatory staff training, policy updates, documentation, and adherence to stricter safety standards. These requirements could lead to increased operational costs, including investments in infrastructure (e.g., installing safety equipment like grab bars or ensuring direct egress from resident rooms) and ensuring that all staff members meet the updated qualifications. However, the Department estimates that small businesses are likely to

receive a significant long-term benefit from the new rules. By enhancing care quality, safety, and regulatory compliance, small businesses may see improvements in operational efficiency and reduced liability risks, ultimately lowering costs associated with legal issues, penalties, or facility closures. Moreover, aligning with state and federal standards could improve the reputation of these facilities, attracting more clients and strengthening business viability. Overall, while small businesses may incur up to moderate costs during the initial implementation phase, the long-term benefits of regulatory compliance, enhanced safety, and improved service quality are expected to be a significant benefit and outweigh any costs incurred.

**a. Identification of the small businesses subject to the rules**

Small businesses subject to the rule may include behavioral health residential facilities and assisted living facilities that are privately owned.

**b. The administrative and other costs required for compliance with the rules**

A summary of the administrative effects of the rulemaking is given in the cost and benefit analysis in Section 2.

**c. A description of the methods that the agency may use to reduce the impact on small businesses**

The Department knows of no other methods to further reduce the impact on small businesses.

**d. The probable costs and benefits to private persons and consumers who are directly affected by the rules**

A summary of the effects of the rulemaking on private persons and consumers is given in the cost and benefit analysis.

**6. A statement of the probable effect on state revenues**

The rulemaking is not expected to have an effect on state revenues.

**7. A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed rulemaking**

The Department has determined that there are no less intrusive or less costly alternatives for achieving the purpose of the rulemaking.

**8. A description of any data on which the rule is based with a detailed explanation of how the data was obtained and why the data is acceptable data**

Not applicable

# TITLE 9. HEALTH SERVICES

## CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

Authority: A.R.S. §§ 36-132(A)(1), 36-136, 36-405, and 36-406

## ARTICLE 7. BEHAVIORAL HEALTH RESIDENTIAL FACILITIES

**R9-10-701. Definitions**

In addition to the definitions in A.R.S. § 36-401 and R9-10-101, the following applies in this Article unless otherwise specified:

"Emergency safety response" means physically holding a resident to manage the resident's sudden, intense, or out-of-control behavior to prevent harm to the resident or another individual.

**R9-10-702. Supplemental Application and Documentation Submission Requirements**

**A.** In addition to the license application requirements in A.R.S. § 36-422 and R9-10-105, an applicant for a license as a behavioral health residential facility shall include on the application:

1. Whether the applicant is planning to provide:
   a. Behavioral health services to individuals under 18 years of age, including the licensed capacity requested;
   b. Behavioral health services to individuals 18 years of age and older, including the licensed capacity requested; or
   c. Respite services;
2. Whether the applicant is requesting authorization to provide an outdoor behavioral health care program, including:
   a. The requested licensed capacity for providing the outdoor behavioral health care program to individuals 12 to 17 years of age, and
   b. The requested licensed capacity for providing the outdoor behavioral health care program to individuals 18 to 24 years of age;
3. Whether the applicant is requesting authorization to provide:
   a. Court-ordered evaluation,
   b. Court-ordered treatment,
   c. Behavioral health services to individuals 18 years of age or older whose behavioral health issue limits the individuals' ability to function independently, or
   d. Personal care services;
4. Whether the applicant is requesting authorization to provide recidivism reduction services as an adult residential care institution, including the requested licensed capacity for providing recidivism reduction services;
5. For a behavioral health residential facility requesting authorization to provide respite services, the requested number of individuals the behavioral health residential facility plans to admit for respite services who:
   a. Are included in the requested licensed capacities in subsections (A)(1)(a) and (b),
   b. Are under 18 years of age and who do not stay overnight in the behavioral health residential facility, and
   c. Are 18 years of age and older and who do not stay overnight in the behavioral health residential facility; and
6. For an outdoor behavioral health care program, a copy of the outdoor behavioral health care program's current accreditation report.

**B.** A licensee of an outdoor behavioral health care program shall submit a copy of the outdoor behavioral health care program's current accreditation report to the Department with the relevant fees required in R9-10-106(C).

**R9-10-703. Administration**

**A.** A governing authority shall:

1. Consist of one or more individuals responsible for the organization, operation, and administration of a behavioral health residential facility;
2. Establish, in writing:
   a. A behavioral health residential facility's scope of services, and
   b. Qualifications for an administrator;
3. Designate, in writing, an administrator who has the qualifications established in subsection (A)(2)(b);
4. Adopt a quality management program according to R9-10-704;
5. Review and evaluate the effectiveness of the quality management program at least once every 12 months;
6. Designate, in writing, an acting administrator who has the qualifications established in subsection (A)(2)(b), if the administrator is:
   a. Expected not to be present on the behavioral health residential facility's premises for more than 30 calendar days, or
   b. Not present on the behavioral health residential facility's premises for more than 30 calendar days; and
7. Except as provided in subsection (A)(6), notify the Department according to A.R.S. § 36-425(I) when there is a change in the administrator and identify the name and qualifications of the new administrator.

**B.** An administrator:

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

1. Is directly accountable to the governing authority of a behavioral health residential facility for the daily operation of the behavioral health residential facility and all services provided by or at the behavioral health residential facility;
2. Has the authority and responsibility to manage the behavioral health residential facility; and
3. Except as provided in subsection (A)(6), designates, in writing, an individual who is present on the behavioral health residential facility's premises and accountable for the behavioral health residential facility when the administrator is not present on the behavioral health residential facility's premises.

**C.** An administrator shall ensure that:

1. Policies and procedures are established, documented, and implemented to protect the health and safety of a resident that:
   a. Cover job descriptions, duties, and qualifications, including required skills, knowledge, education, and experience for personnel members, employees, volunteers, and students;
   b. Cover orientation and in-service education for personnel members, employees, volunteers, and students;
   c. Include how a personnel member may submit a complaint relating to services provided to a resident;
   d. Cover the requirements in A.R.S. Title 36, Chapter 4, Article 11;
   e. Cover cardiopulmonary resuscitation training including:
      i. The method and content of cardiopulmonary resuscitation training, which includes a demonstration of the individual's ability to perform cardiopulmonary resuscitation;
      ii. The qualifications for an individual to provide cardiopulmonary resuscitation training;
      iii. The time-frame for renewal of cardiopulmonary resuscitation training; and
      iv. The documentation that verifies that the individual has received cardiopulmonary resuscitation training;
   f. Cover implementation of the requirements in A.R.S. §§ 36-411, 36-411.01, and 36-425.03, as applicable;
   g. Cover implementation of the requirements in A.R.S. § 8-804, if applicable;
   h. Cover first aid training;
   i. Include a method to identify a resident to ensure the resident receives physical health services and behavioral health services as ordered;
   j. Cover resident rights, including assisting a resident who does not speak English or who has a physical or other disability to become aware of resident rights;
   k. Cover specific steps for:
      i. A resident to file a complaint, and
      ii. The behavioral health residential facility to respond to a resident complaint;
   l. Cover health care directives;
   m. Cover medical records, including electronic medical records;
   n. Cover a quality management program, including incident reports and supporting documentation;
   o. Cover contracted services; and
   p. Cover when an individual may visit a resident in a behavioral health residential facility;
2. Policies and procedures for behavioral health services and physical health services are established, documented, and implemented to protect the health and safety of a resident that:
   a. Cover resident screening, admission, assessment, treatment plan, transport, transfer, discharge planning, and discharge;
   b. Cover the provision of behavioral health services and physical health services;
   c. Include when general consent and informed consent are required;
   d. Cover emergency safety responses;
   e. Cover a resident's personal funds account;
   f. Cover dispensing medication, administering medication, assistance in the self-administration of medication, and disposing of medication, including provisions for inventory control and preventing diversion of controlled substances;
   g. Cover prescribing a controlled substance to minimize substance abuse by a resident;
   h. Cover respite services, including, as applicable, respite services for individuals who are admitted:
      i. To receive respite services for up to 30 calendar days as a resident of the behavioral health residential facility, and
      ii. For respite services and do not stay overnight in the behavioral health residential facility;
   i. Cover services provided by an outdoor behavioral health care program, if applicable;
   j. Cover infection control;
   k. Cover resident time-out;
   l. Cover resident outings;
   m. Cover environmental services that affect resident care;
   n. Cover whether pets and other animals are allowed on the premises, including procedures to ensure that any pets or other animals allowed on the premises do not endanger the health or safety of residents or the public;
   o. If animals are used as part of a therapeutic program, cover:
      i. Inoculation/vaccination requirements, and
      ii. Methods to minimize risks to a resident's health and safety;
   p. Cover the process for receiving a fee from a resident and refunding a fee to a resident;
   q. Cover the process for obtaining resident preferences for social, recreational, or rehabilitative activities and meals and snacks;
   r. Cover the security of a resident's possessions that are allowed on the premises;

s. Cover smoking and the use of tobacco products on the premises; and
t. Cover how the behavioral health residential facility will respond to a resident's sudden, intense, or out-of-control behavior to prevent harm to the resident or another individual;

3. Policies and procedures are reviewed at least once every three years and updated as needed;
4. Policies and procedures are available to personnel members, employees, volunteers, and students; and
5. Unless otherwise stated:
   a. Documentation required by this Article is provided to the Department within two hours after a Department request; and
   b. When documentation or information is required by this Chapter to be submitted on behalf of a behavioral health residential facility, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the behavioral health residential facility.

**D.** If an applicant requests or a behavioral health residential facility has a licensed capacity of 10 or more residents, an administrator shall designate a clinical director who:
1. Provides direction for the behavioral health services provided by or at the behavioral health residential facility;
2. Is a behavioral health professional; and
3. May be the same individual as the administrator, if the individual meets the qualifications in subsections (A)(2)(b) and (D)(1) and (2).

**E.** Except for respite services, an administrator shall ensure that medical services, nursing services, health-related services, or ancillary services provided by a behavioral health residential facility are only provided to a resident who is expected to be present in the behavioral health residential facility for more than 24 hours.

**F.** The administrator of a behavioral health residential facility providing services to children shall notify the Department within 30 calendar days after:
1. Beginning to contract exclusively with the federal government, and
2. Receiving only federal monies for services provided.

**G.** An administrator shall provide written notification to the Department of a resident's:
1. Death, if the resident's death is required to be reported according to A.R.S. § 11-593, within one working day after the resident's death; and
2. Self-injury, within two working days after the resident inflicts a self-injury or has an accident that requires immediate intervention by an emergency medical services provider.

**H.** If abuse, neglect, or exploitation of a resident is alleged or suspected to have occurred before the resident was admitted or while the resident is not on the premises and not receiving services from a behavioral health residential facility's employee or personnel member, an administrator shall report the alleged or suspected abuse, neglect, or exploitation of the resident as follows:
1. For a resident 18 years of age or older, according to A.R.S. § 46-454; or
2. For a resident under 18 years of age, according to A.R.S. § 13-3620.

**I.** If an administrator has a reasonable basis, according to A.R.S. § 13-3620 or 46-454, to believe abuse, neglect, or exploitation has occurred on the premises or while a resident is receiving services from a behavioral health residential facility's employee or personnel member, the administrator shall:
1. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
2. Report the suspected abuse, neglect, or exploitation of the resident:
   a. For a resident 18 years of age or older, according to A.R.S. § 46-454; or
   b. For a resident under 18 years of age, according to A.R.S. § 13-3620;
3. Document:
   a. The suspected abuse, neglect, or exploitation;
   b. Any action taken according to subsection (I)(1); and
   c. The report in subsection (I)(2);
4. Maintain the documentation in subsection (I)(3) for at least 12 months after the date of the report in subsection (I)(2);
5. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in (I)(2):
   a. The dates, times, and description of the suspected abuse, neglect, or exploitation;
   b. A description of any injury to the resident related to the suspected abuse or neglect and any change to the resident's physical, cognitive, functional, or emotional condition;
   c. The names of witnesses to the suspected abuse, neglect, or exploitation; and
   d. The actions taken by the administrator to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and
6. Maintain a copy of the documented information required in subsection (I)(5) and any other information obtained during the investigation for at least 12 months after the date the investigation was initiated.

**J.** In addition to the notification requirements in subsections (F), (G), (H), and (I), an administrator of a behavioral health residential facility providing services to children that contracts exclusively with the federal government and receives only federal monies for services provided shall comply with A.R.S. § 36-418.

**K.** An administrator shall:
1. Establish and document requirements regarding residents, personnel members, employees, and other individuals entering and exiting the premises;
2. For a behavioral health residential facility licensed according to A.R.S. § 36-425.06 and in addition to the requirements in subsection (K)(1), establish and document requirements for a resident admitted according to A.R.S. § 36-550.09, consistent with R9-10-722(D);
3. Establish and document guidelines for meeting the needs of an individual residing at a behavioral health residential facility with a resident, such as a child accompanying a parent in treatment, if applicable;
4. If children under the age of 12, who are not admitted to a behavioral health residential facility, are residing at the behavioral health residential facility and being cared for by employees or personnel members, ensure that:
   a. An employee or personnel member caring for children has current cardiopulmonary resuscitation and first aid training specific to the ages of children being cared for; and
   b. The staff-to-children ratios in A.A.C. R9-5-404(A) are maintained, based on the age of the youngest child in the group;
5. Establish and document the process for responding to a resident's need for immediate and unscheduled behavioral health services or physical health services;
6. Establish and document the criteria for determining when a resident's absence is unauthorized, including criteria for a resident who:
   a. Was admitted under A.R.S. Title 36, Chapter 5, Articles 3, 4, 5, or 10;
   b. Is absent against medical advice; or
   c. Is under the age of 18;
7. If a resident's absence is unauthorized as determined according to the criteria in subsection (K)(5), within an hour after determining that the resident's absence is unauthorized, notify:
   a. For a resident who is under 18 years of age, the resident's parent or legal guardian; and
   b. For a resident who is under a court's jurisdiction, the appropriate court;
8. Maintain a written log of unauthorized absences for at least 12 months after the date of a resident's absence that includes the:
   a. Name of a resident absent without authorization,
   b. Name of the individual to whom the report required in subsection (K)(6) was submitted, and
   c. Date of the report; and
9. Evaluate and take action related to unauthorized absences under the quality management program in R9-10-704.

**L.** An administrator shall ensure that a personnel member who is able to read, write, understand, and communicate in English is on the premises of the behavioral health residential facility.

**M.** An administrator shall ensure that the following information or documents are conspicuously posted on the premises and are available upon request to a personnel member, employee, resident, or a resident's representative:
1. The behavioral health residential facility's current license,
2. The location at which inspection reports required in R9-10-720(C) are available for review or can be made available for review, and
3. The calendar days and times when a resident may accept visitors or make telephone calls.

**N.** An administrator shall ensure that:
1. Labor performed by a resident for the behavioral health residential facility is consistent with A.R.S. § 36-510;
2. A resident who is a child is only released to the child's custodial parent, guardian, or custodian or as authorized in writing by the child's custodial parent, guardian, or custodian;
3. The administrator obtains documentation of the identity of the parent, guardian, custodian, or family member authorized to act on behalf of a resident who is a child; and
4. A resident, who is an incapacitated person according to A.R.S. § 14-5101 or who is gravely disabled, is assisted in obtaining a resident's representative to act on the resident's behalf.

**O.** If an administrator determines that a resident is incapable of handling the resident's financial affairs, the administrator shall:
1. Notify the resident's representative or contact a public fiduciary or a trust officer to take responsibility of the resident's financial affairs, and
2. Maintain documentation of the notification required in subsection (O)(1) in the resident's medical record for at least 12 months after the date of the notification.

**P.** If an administrator manages a resident's money through a personal funds account, the administrator shall ensure that:
1. Policies and procedure are established, developed, and implemented for:
   a. Using resident's funds in a personal funds account,
   b. Protecting resident's funds in a personal funds account,
   c. Investigating a complaint about the use of resident's funds in a personal funds account and ensuring that the complaint is investigated by an individual who does not manage the personal funds account,
   d. Processing each deposit into and withdrawal from a personal funds account, and
   e. Maintaining a record for each deposit into and withdrawal from a personal funds account; and
2. The personal funds account is only initiated after receiving a written request that:
   a. Is provided:

i. Voluntarily by the resident,
ii. By the resident's representative, or
iii. By a court of competent jurisdiction;
b. May be withdrawn at any time; and
c. Is maintained in the resident's record.

**R9-10-704. Quality Management**

An administrator shall ensure that:

1. A plan is established, documented, and implemented for an ongoing quality management program that, at a minimum, includes:
   a. A method to identify, document, and evaluate incidents;
   b. A method to collect data to evaluate services provided to residents;
   c. A method to evaluate the data collected to identify a concern about the delivery of services related to resident care;
   d. A method to make changes or take action as a result of the identification of a concern about the delivery of services related to resident care; and
   e. The frequency of submitting a documented report required in subsection (2) to the governing authority;
2. A documented report is submitted to the governing authority that includes:
   a. An identification of each concern about the delivery of services related to resident care, and
   b. Any change made or action taken as a result of the identification of a concern about the delivery of services related to resident care; and
3. The report required in subsection (2) and the supporting documentation for the report are maintained for at least 12 months after the date the report is submitted to the governing authority.

**R9-10-705. Contracted Services**

An administrator shall ensure that:

1. Contracted services are provided according to the requirements in this Article, and
2. Documentation of current contracted services is maintained that includes a description of the contracted services provided.

**R9-10-706. Personnel**

**A.** An administrator shall ensure that:
1. A personnel member, an employee, or a student is at least 18 years old; and
2. A volunteer is at least 21 years old.

**B.** An administrator shall ensure that:
1. The qualifications, skills, and knowledge required for each type of personnel member:
   a. Are based on:
      i. The type of behavioral health services or physical health services expected to be provided by the personnel member according to the established job description, and
      ii. The acuity of the residents receiving behavioral health services or physical health services from the personnel member according to the established job description; and
   b. Include:
      i. The specific skills and knowledge necessary for the personnel member to provide the expected behavioral health services or physical health services listed in the established job description,
      ii. The type and duration of education that may allow the personnel member to have acquired the specific skills and knowledge for the personnel member to provide the expected behavioral health services or physical health services listed in the established job description, and
      iii. The type and duration of experience that may allow the personnel member to have acquired the specific skills and knowledge for the personnel member to provide the expected behavioral health services or physical health services listed in the established job description;
2. A personnel member's skills and knowledge are verified and documented:
   a. Before the personnel member provides physical health services or behavioral health services, and
   b. According to policies and procedures; and
3. Sufficient personnel members are present on a behavioral health residential facility's premises with the qualifications, experience, skills, and knowledge necessary to:
   a. Provide the services in the behavioral health residential facility's scope of services,
   b. Meet the needs of a resident, and
   c. Ensure the health and safety of a resident.

**C.** An administrator shall comply with the requirements for behavioral health technicians and behavioral health paraprofessionals in R9-10-115.

**D.** An administrator shall ensure that an individual who is licensed under A.R.S. Title 32, Chapter 33 as a baccalaureate social worker, master social worker, associate marriage and family therapist, associate counselor, or associate substance abuse counselor is under direct supervision, as defined in A.A.C. R4-6-101.

**E.** An administrator shall ensure that:
1. A plan to provide orientation specific to the duties of a personnel member, an employee, a volunteer, and a student is developed, documented, and implemented;
2. A personnel member completes orientation before providing behavioral health services or physical health services;
3. An individual's orientation is documented, to include:
   a. The individual's name,
   b. The date of the orientation, and
   c. The subject or topics covered in the orientation;
4. A written plan is developed and implemented to provide in-service education specific to the duties of a personnel member; and
5. A personnel member's in-service education is documented, to include:
   a. The personnel member's name,
   b. The date of the training, and
   c. The subject or topics covered in the training.

**F.** An administrator shall ensure that a personnel member, or an employee, a volunteer, or a student who has or is expected to have more than eight hours of direct interaction per week with residents, provides evidence of freedom from infectious tuberculosis:
1. On or before the date the individual begins providing services at or on behalf of the behavioral health residential facility, and
2. As specified in R9-10-113.

**G.** An administrator shall ensure that a personnel record is maintained for each personnel member, employee, volunteer, or student that includes:
1. The individual's name, date of birth, and contact telephone number;
2. The individual's starting date of employment or volunteer service and, if applicable, the ending date; and
3. Documentation of:
   a. The individual's qualifications including skills and knowledge applicable to the individual's job duties;
   b. The individual's education and experience applicable to the individual's job duties;
   c. The individual's completed orientation and in-service education as required by policies and procedures;
   d. The individual's license or certification, if the individual is required to be licensed or certified in this Article or policies and procedures;
   e. The individual's compliance with requirements in A.R.S. §§ 36-411, 36-411.01, and 36-425.03, as applicable;
   f. The individual's compliance with the requirements in A.R.S. § 8-804, if applicable;
   g. If the individual is a behavioral health technician, clinical oversight required in R9-10-115;
   h. Cardiopulmonary resuscitation training, if required for the individual according to R9-10-703(C)(1)(e);
   i. First aid training, if required for the individual according to this Article or policies and procedures; and
   j. Evidence of freedom from infectious tuberculosis, if required for the individual according to subsection (F).

**H.** An administrator shall ensure that personnel records are:
1. Maintained:
   a. Throughout an individual's period of providing services at or for the behavioral health residential facility, and
   b. For at least 24 months after the last date the individual provided services in or for the behavioral health residential facility; and
2. For a personnel member who has not provided physical health services or behavioral health services at or for the behavioral health residential facility during the previous 12 months, provided to the Department within 72 hours after the Department's request.

**I.** An administrator shall ensure that a personnel member who is recidivism reduction staff at an adult residential care institution:
1. Submits an application for a fingerprint clearance card according to A.R.S. § 36-411; and
2. If the personnel member is denied a fingerprint clearance card, is evaluated to determine whether the personnel member:
   a. Has successfully completed treatment for recidivism reduction as shown by:
      i. Documentation of completion of treatment for recidivism reduction;
      ii. If applicable, continued negative results on random drug screening tests;
      iii. If applicable, continued participation in a self-help group, such as Alcoholics Anonymous or Narcotics Anonymous, or a support group related to the personnel member's behavioral health issue; and
      iv. No arrests or convictions of the personnel member related to the reason for denial of the fingerprint clearance card within the previous two years; and
   b. Is not likely to be a threat to the health or safety of staff or residents through:
      i. Review of the reasons for denial of a fingerprint clearance card;
      ii. Assessment of the situations or circumstances that may have contributed to the reasons for denial of a fingerprint clearance card;
      iii. Review of the steps taken by the personnel member to address the situations or circumstances that may have contributed to the reasons for denial of a fingerprint clearance card;

iv. Observation of the personnel member's interactions with residents while under direct visual supervision, as defined in A.R.S. § 36-411, by personnel members having a valid fingerprint clearance card; and
v. Institution of any other methods, according to policies and procedures, specific to the:
(1) Behavioral health residential facility;
(2) Issues of the residents that place them at risk for a future threat of prosecution, diversion, or incarceration; and
(3) Recidivism reduction services that are expected to be provided by the personnel member.

**J.** An administrator shall ensure that the following personnel members have first-aid and cardiopulmonary resuscitation training specific to the populations served by the behavioral health residential facility:
1. At least one personnel member who is present at the behavioral health residential facility during hours of operation of the behavioral health residential facility, and
2. Each personnel member participating in an outing.

**K.** An administrator shall ensure that:
1. At least one personnel member is present and awake at the behavioral health residential facility when a resident is on the premises;
2. In addition to the personnel member in subsection (K)(1), at least one personnel member is on-call and available to come to the behavioral health residential facility if needed;
3. There is a daily staffing schedule that:
a. Indicates the date, scheduled work hours, and name of each employee assigned to work, including on-call personnel members;
b. Includes documentation of the employees who work each calendar day and the hours worked by each employee; and
c. Is maintained for at least 12 months after the last date on the documentation;
4. A behavioral health professional is present at the behavioral health residential facility or on-call;
5. A registered nurse is present at the behavioral health residential facility or on-call; and
6. If a resident requires services that the behavioral health residential facility is not authorized or not able to provide, a personnel member arranges for the resident to be transported to a hospital or another health care institution where the services can be provided.

**R9-10-707. Admission; Assessment**

**A.** An administrator shall ensure that:
1. A resident is admitted based upon:
a. The resident's primary condition for which the resident is admitted to the behavioral health residential facility being a behavioral health issue, and
b. The resident's behavioral health issue and treatment needs are within the behavioral health residential facility's scope of services;
2. A behavioral health professional, authorized by policies and procedures to admit a resident, is available;
3. Except as provided in subsection (A)(4), general consent is obtained from:
a. An adult resident or the resident's representative before or at the time of admission, or
b. A resident's representative, if the resident is not an adult;
4. General consent is not required from a patient receiving a court-ordered evaluation or court-ordered treatment;
5. The general consent obtained in subsection (A)(3) is documented in the resident's medical record;
6. Except as provided in subsection (E)(1)(a), a medical practitioner performs a medical history and physical examination or a registered nurse performs a nursing assessment on a resident within 30 calendar days before admission or within 72 hours after admission and documents the medical history and physical examination or nursing assessment in the resident's medical record within 72 hours after admission;
7. If a medical practitioner performs a medical history and physical examination or a nurse performs a nursing assessment on a resident before admission, the medical practitioner enters an interval note or the nurse enters a progress note in the resident's medical record within seven calendar days after admission;
8. If a behavioral health assessment is conducted by a:
a. Behavioral health technician or registered nurse, within 24 hours a behavioral health professional, certified or licensed to provide the behavioral health services needed by the resident, reviews and signs the behavioral health assessment to ensure that the behavioral health assessment identifies the behavioral health services needed by the resident; or
b. Behavioral health paraprofessional, a behavioral health professional, certified or licensed to provide the behavioral health services needed by the resident, supervises the behavioral health paraprofessional during the completion of the assessment and signs the assessment to ensure that the assessment identifies the behavioral health services needed by the resident;
9. Except as provided in subsection (A)(10), a behavioral health assessment for a resident is completed before treatment for the resident is initiated;
10. If a behavioral health assessment that complies with the requirements in this Section is received from a behavioral health provider other than the behavioral health residential facility or if the behavioral health residential facility has a medical record for the

resident that contains a behavioral health assessment that was completed within 12 months before the date of the resident's current admission:

a. The resident's assessment information is reviewed before treatment for the resident is initiated and updated if additional information that affects the resident's assessment is identified, and

b. The review and update of the resident's assessment information is documented in the resident's medical record within 48 hours after the review is completed;

11. A behavioral health assessment:
    a. Documents a resident's:
        i. Presenting issue;
        ii. Substance abuse history;
        iii. Co-occurring disorder;
        iv. Legal history, including:
            (1) Custody,
            (2) Guardianship, and
            (3) Pending litigation;
        v. Criminal justice record;
        vi. Family history;
        vii. Behavioral health treatment history;
        viii. Symptoms reported by the resident; and
        ix. Referrals needed by the resident, if any;
    b. Includes:
        i. Recommendations for further assessment or examination of the resident's needs,
        ii. The physical health services or ancillary services that will be provided to the resident until the resident's treatment plan is completed, and
        iii. The signature and date signed of the personnel member conducting the behavioral health assessment; and
    c. Is documented in resident's medical record;
12. A resident is referred to a medical practitioner if a determination is made that the resident requires immediate physical health services or the resident's behavioral health issue may be related to the resident's medical condition; and
13. Except as provided in subsection (E)(1)(d), a resident provides evidence of freedom from infectious tuberculosis:
    a. Before or within seven calendar days after the resident's admission, and
    b. As specified in R9-10-113.

**B.** An administrator shall ensure that:
1. A request for participation in a resident's behavioral health assessment is made to the resident or the resident's representative,
2. An opportunity for participation in the resident's behavioral health assessment is provided to the resident or the resident's representative, and
3. The request in subsection (B)(1) and the opportunity in subsection (B)(2) are documented in the resident's medical record.

**C.** An administrator shall ensure that a resident's behavioral health assessment information is documented in the medical record within 48 hours after completing the behavioral health assessment.

**D.** If information in subsection (A)(10) is obtained about a resident after the resident's behavioral health assessment is completed, an administrator shall ensure that an interval note, including the information, is documented in the resident's medical record within 24 hours after the information is obtained.

**E.** If a behavioral health residential facility is authorized to provide respite services, an administrator shall ensure that:
1. Upon admission of a resident for respite services:
    a. Except as provided in subsection (F), a medical history and physical examination of the resident:
        i. Is performed; or
        ii. If dated within the previous 12 months, is available in the resident's medical record from a previous admission to the behavioral health residential facility;
    b. A treatment plan that meets the requirements in R9-10-708:
        i. Is developed; or
        ii. If dated within the previous 12 months, is available in the resident's medical record from a previous admission to the behavioral health residential facility;
    c. If a treatment plan, dated within the previous 12 months, is available, the treatment plan is reviewed, updated, and documented in the resident's medical record; and
    d. The resident is not required to comply with the requirements in subsection (A)(13) if the resident is not expected to be present in the behavioral health residential facility:
        i. For more than seven consecutive days, or
        ii. For 10 days or more days in a 90-consecutive-day period;
2. The common area required in R9-10-722(B)(1)(b) provides at least 25 square feet for each resident, including residents who do not stay overnight; and

3. In addition to the requirements in R9-10-722(B)(3), toilets and hand-washing sinks are available to residents, including residents who do not stay overnight, as follows:
   a. There is at least one working toilet that flushes and has a seat and one sink with running water for every 10 residents,
   b. There are at least two working toilets that flush and have seats and two sinks with running water if there are 11 to 25 residents, and
   c. There is at least one additional working toilet that flushes and has a seat and one additional sink with running water for each additional 20 residents.

**F.** A medical history and physical examination is not required for a child who is admitted or expected to be admitted to a residential behavioral health facility for less than 10 days in a 90-consecutive-day period.

**R9-10-708. Treatment Plan**

**A.** An administrator shall ensure that a treatment plan is developed and implemented for each resident that:
1. Is based on the medical history and physical examination or nursing assessment required in R9-10-707(A)(6) or (E)(1)(a) and the behavioral health assessment required in R9-10-707(A)(9) or (10) and on-going changes to the behavioral health assessment of the resident;
2. Is completed:
   a. By a behavioral health professional or a behavioral health technician under the clinical oversight of a behavioral health professional, and
   b. Before the resident receives physical health services or behavioral health services or within 48 hours after the assessment is completed;
3. Is documented in the resident's medical record within 48 hours after the resident first receives physical health services or behavioral health services;
4. Includes:
   a. The resident's presenting issue;
   b. The physical health services or behavioral health services to be provided to the resident;
   c. The signature of the resident or the resident's representative and date signed, or documentation of the refusal to sign;
   d. The date when the resident's treatment plan will be reviewed;
   e. If a discharge date has been determined, the treatment needed after discharge; and
   f. The signature of the personnel member who developed the treatment plan and the date signed;
5. If the treatment plan was completed by a behavioral health technician, is reviewed and signed by a behavioral health professional within 24 hours after the completion of the treatment plan to ensure that the treatment plan is complete and accurate and meets the resident's treatment needs; and
6. Is reviewed and updated on an on-going basis:
   a. According to the review date specified in the treatment plan,
   b. When a treatment goal is accomplished or changed,
   c. When additional information that affects the resident's behavioral health assessment is identified, and
   d. When a resident has a significant change in condition or experiences an event that affects treatment.

**B.** An administrator shall ensure that:
1. A request for participation in developing a resident's treatment plan is made to the resident or the resident's representative,
2. An opportunity for participation in developing the resident's treatment plan is provided to the resident or the resident's representative, and
3. The request in subsection (B)(1) and the opportunity in subsection (B)(2) are documented in the resident's medical record.

**R9-10-709. Discharge**

**A.** An administrator shall ensure that a discharge plan for a resident is:
1. Developed that:
   a. Identifies any specific needs of the resident after discharge,
   b. Is completed before discharge occurs, and
   c. Includes a description of the level of care that may meet the resident's assessed and anticipated needs after discharge;
2. Documented in the resident's medical record within 48 hours after the discharge plan is completed; and
3. Provided to the resident or the resident's representative before the discharge occurs.

**B.** An administrator shall ensure that:
1. A request for participation in developing a resident's discharge plan is made to the resident or the resident's representative,
2. An opportunity for participation in developing the resident's discharge plan is provided to the resident or the resident's representative, and
3. The request in subsection (B)(1) and the opportunity in subsection (B)(2) are documented in the resident's medical record.

**C.** An administrator shall ensure that a resident is discharged from a behavioral health residential facility when the resident's treatment needs are not consistent with the services that the behavioral health residential facility is authorized and able to provide.

**D.** An administrator shall ensure that there is a documented discharge order by a medical practitioner or behavioral health professional before a resident is discharged unless the resident leaves the behavioral health residential facility against a medical practitioner's or behavioral health professional's advice.

**E.** An administrator shall ensure that, at the time of discharge, a resident receives a referral for treatment or ancillary services that the resident may need after discharge, if applicable.

**F.** If a resident is discharged to any location other than a health care institution, an administrator shall ensure that:
1. Discharge instructions are documented, and
2. The resident or the resident's representative is provided with a copy of the discharge instructions.

**G.** An administrator shall ensure that a discharge summary for a resident:
1. Is entered into the resident's medical record within 10 working days after a resident's discharge; and
2. Includes:
   a. The following information authenticated by a medical practitioner or behavioral health professional:
      i. The resident's presenting issue and other physical health and behavioral health issues identified in the resident's treatment plan;
      ii. A summary of the treatment provided to the resident;
      iii. The resident's progress in meeting treatment goals, including treatment goals that were and were not achieved; and
      iv. The name, dosage, and frequency of each medication ordered for the resident by a medical practitioner at the behavioral health residential facility at the time of the resident's discharge; and
   b. A description of the disposition of the resident's possessions, funds, or medications brought to the behavioral health residential facility by the resident.

**H.** An administrator shall ensure that a resident who is dependent upon a prescribed medication is offered a written referral to detoxification services or opioid treatment before the resident is discharged from the behavioral health residential facility if a medical practitioner for the behavioral health residential facility will not be prescribing the medication for the resident at or after discharge.

**R9-10-710. Transport; Transfer**

**A.** Except as provided in subsection (B), an administrator shall ensure that:
1. A personnel member coordinates the transport and the services provided to the resident;
2. According to policies and procedures:
   a. An evaluation of the resident is conducted before and after the transport,
   b. Information from the resident's medical record is provided to a receiving health care institution, and
   c. A personnel member explains risks and benefits of the transport to the resident or the resident's representative; and
3. Documentation in the resident's medical record includes:
   a. Communication with an individual at a receiving health care institution;
   b. The date and time of the transport;
   c. The mode of transportation; and
   d. If applicable, the name of the personnel member accompanying the resident during a transport.

**B.** Subsection (A) does not apply to:
1. Transportation to a location other than a licensed health care institution,
2. Transportation provided for a resident by the resident or the resident's representative,
3. Transportation provided by an outside entity that was arranged for a resident by the resident or the resident's representative, or
4. A transport to another licensed health care institution in an emergency.

**C.** Except for a transfer of a resident due to an emergency, an administrator shall ensure that:
1. A personnel member coordinates the transfer and the services provided to the resident;
2. According to policies and procedures:
   a. An evaluation of the resident is conducted before the transfer;
   b. Information from the resident's medical record, including orders that are in effect at the time of the transfer, is provided to a receiving health care institution; and
   c. A personnel member explains risks and benefits of the transfer to the resident or the resident's representative; and
3. Documentation in the resident's medical record includes:
   a. Communication with an individual at a receiving health care institution;
   b. The date and time of the transfer;
   c. The mode of transportation; and
   d. If applicable, the name of the personnel member accompanying the resident during a transfer.

**R9-10-711. Resident Rights**

**A.** An administrator shall ensure that:
1. The requirements in subsection (B) and the resident rights in subsection (E) are conspicuously posted on the premises;
2. At the time of admission, a resident or the resident's representative receives a written copy of the requirements in subsection (B) and the resident rights in subsection (E); and
3. Policies and procedures include:
   a. How and when a resident or the resident's representative is informed of the resident rights in subsection (E), and

b. Where resident rights are posted as required in subsection (A)(1).

**B.** An administrator shall ensure that:
1. A resident is treated with dignity, respect, and consideration;
2. A resident is not subjected to:
   a. Abuse;
   b. Neglect;
   c. Exploitation;
   d. Coercion;
   e. Manipulation;
   f. Sexual abuse;
   g. Sexual assault;
   h. Seclusion;
   i. Restraint;
   j. Retaliation for submitting a complaint to the Department or another entity;
   k. Misappropriation of personal and private property by the behavioral health residential facility's personnel members, employees, volunteers, or students;
   l. Discharge or transfer, or threat of discharge or transfer, for reasons unrelated to the resident's treatment needs, except as established in a fee agreement signed by the resident or the resident's representative; or
   m. Treatment that involves the denial of:
      i. Food,
      ii. The opportunity to sleep, or
      iii. The opportunity to use the toilet;
3. Except as provided in subsection (C) or (D), and unless restricted by the resident's representative, a resident is allowed to:
   a. Associate with individuals of the resident's choice, receive visitors, and make telephone calls during the hours established by the behavioral health residential facility;
   b. Have privacy in correspondence, communication, visitation, financial affairs, and personal hygiene; and
   c. Unless restricted by a court order, send and receive uncensored and unopened mail; and
4. A resident or the resident's representative:
   a. Except in an emergency, either consents to or refuses treatment;
   b. May refuse or withdraw consent for treatment before treatment is initiated, unless the treatment is:
      i. Ordered by a court according to A.R.S. Title 36, Chapter 5 or A.R.S. § 8-341.01;
      ii. Necessary to save the resident's life or physical health; or
      iii. Provided according to A.R.S. § 36-512;
   c. Except in an emergency, is informed of proposed treatment alternatives, associated risks, and possible complications;
   d. Is informed of the following:
      i. The behavioral health residential facility's policy on health care directives, and
      ii. The resident complaint process; and
   e. Except as otherwise permitted by law, provides written consent to the release of information in the resident's:
      i. Medical record, or
      ii. Financial records.

**C.** For a behavioral health residential facility with licensed capacity of less than 10 residents, if a behavioral health professional determines that a resident's treatment requires the behavioral health residential facility to restrict the resident's ability to participate in the activities in subsection (B)(3), the behavioral health professional shall:
1. Document a specific treatment purpose in the resident's medical record that justifies restricting the resident from the activity,
2. Inform the resident or resident's representative of the reason why the activity is being restricted, and
3. Inform the resident or resident's representative of the resident's right to file a complaint and the procedure for filing a complaint.

**D.** For a behavioral health residential facility with a licensed capacity of 10 or more residents, if a clinical director determines that a resident's treatment requires the behavioral health residential facility to restrict the resident's ability to participate in the activities in subsection (B)(3), the clinical director shall comply with the requirements in subsections (C)(1) through (3).

**E.** A resident has the following rights:
1. Not to be discriminated against based on race, national origin, religion, gender, sexual orientation, age, disability, marital status, or diagnosis;
2. To receive treatment that:
   a. Supports and respects the resident's individuality, choices, strengths, and abilities;
   b. Supports the resident's personal liberty and only restricts the resident's personal liberty according to a court order, by the resident's or the resident's representative's general consent, or as permitted in this Chapter; and
   c. Is provided in the least restrictive environment that meets the resident's treatment needs;

3. To receive privacy in treatment and care for personal needs, including the right not to be fingerprinted, photographed, or recorded without consent, except:
   a. A resident may be photographed when admitted to a behavioral health residential facility for identification and administrative purposes;
   b. For a resident receiving treatment according to A.R.S. Title 36, Chapter 37; or
   c. For video recordings used for security purposes that are maintained only on a temporary basis;
4. Not to be prevented or impeded from exercising the resident's civil rights unless the resident has been adjudicated incompetent or a court of competent jurisdiction has found that the resident is not able to exercise a specific right or category of rights;
5. To review, upon written request, the resident's own medical record according to A.R.S. §§ 12-2293, 12-2294, and 12-2294.01;
6. To be provided locked storage space for the resident's belongings while the resident receives treatment;
7. To have opportunities for social contact and daily social, recreational, or rehabilitative activities;
8. To be informed of the requirements necessary for the resident's discharge or transfer to a less restrictive physical environment;
9. To receive a referral to another health care institution if the behavioral health residential facility is not authorized or not able to provide physical health services or behavioral health services needed by the resident;
10. To participate or have the resident's representative participate in the development of a treatment plan or decisions concerning treatment;
11. To participate or refuse to participate in research or experimental treatment; and
12. To receive assistance from a family member, the resident's representative, or other individual in understanding, protecting, or exercising the resident's rights.

**R9-10-712. Medical Records**

**A.** An administrator shall ensure that:
1. A medical record is established and maintained for each resident according to A.R.S. Title 12, Chapter 13, Article 7.1;
2. An entry in a resident's medical record is:
   a. Recorded only by a personnel member authorized by policies and procedures to make the entry;
   b. Dated, legible, and authenticated; and
   c. Not changed to make the initial entry illegible;
3. An order is:
   a. Dated when the order is entered in the resident's medical record and includes the time of the order;
   b. Authenticated by a medical practitioner or behavioral health professional according to policies and procedures; and
   c. If the order is a verbal order, authenticated by the medical practitioner or behavioral health professional issuing the order;
4. If a rubber-stamp signature or an electronic signature is used to authenticate an order, the individual whose signature the rubber-stamp signature or electronic signature represents is accountable for the use of the rubber-stamp signature or electronic signature;
5. A resident's medical record is available to an individual:
   a. Authorized according to policies and procedures to access the resident's medical record;
   b. If the individual is not authorized according to policies and procedures, with the written consent of the resident or the resident's representative; or
   c. As permitted by law;
6. Policies and procedures include the maximum time-frame to retrieve a resident's medical record at the request of a medical practitioner, behavioral health professional, or authorized personnel member; and
7. A resident's medical record is protected from loss, damage, or unauthorized use.

**B.** If a behavioral health residential facility maintains residents' medical records electronically, an administrator shall ensure that:
1. Safeguards exist to prevent unauthorized access, and
2. The date and time of an entry in a resident's medical record is recorded by the computer's internal clock.

**C.** An administrator shall ensure that a resident's medical record contains:
1. Resident information that includes:
   a. The resident's name;
   b. The resident's address;
   c. The resident's date of birth; and
   d. Any known allergies, including medication allergies;

   a. If the resident is 18 years of age or older or an emancipated minor, the document signed by the resident consenting for the resident's representative to act on the resident's behalf; or
   b. If the resident's representative:
      i. Has a health care power of attorney established under A.R.S. § 36-3221 or a mental health care power of attorney executed under A.R.S. § 36-3282, a copy of the health care power of attorney or mental health care power of attorney; or

ii. Is a legal guardian, a copy of the court order establishing guardianship;
6. If applicable, documented general consent and informed consent for treatment by the resident or the resident's representative;
7. Documentation of medical history and results of a physical examination;
8. A copy of resident's health care directive, if applicable;
9. Orders;
10. If applicable, documentation that evaluation or treatment was ordered by a court according to A.R.S. Title 36, Chapter 5 or A.R.S. § 8-341.01;
11. Assessment;
12. Treatment plans;
13. Interval notes;
14. Progress notes;
15. Documentation of behavioral health services and physical health services provided to the resident;
16. If applicable, documentation of the use of an emergency safety response;
17. If applicable, documentation of time-out required in R9-10-714(6);
18. Except as allowed in R9-10-707(E)(1)(d), documentation of freedom from infectious tuberculosis required in R9-10-707(A)(13);
19. The disposition of the resident after discharge;
20. The discharge plan;
21. The discharge summary, if applicable;
22. If applicable:
    a. Laboratory reports,
    b. Radiologic reports,
    c. Diagnostic reports, and
    d. Consultation reports; and
23. Documentation of medication administered to the resident that includes:
    a. The date and time of administration;
    b. The name, strength, dosage, and route of administration;
    c. For a medication administered for pain, when administered initially or on a PRN basis:
        i. An assessment of the resident's pain before administering the medication, and
        ii. The effect of the medication administered;
    d. For a psychotropic medication, when administered initially or on a PRN basis:
        i. An assessment of the resident's behavior before administering the psychotropic medication, and
        ii. The effect of the psychotropic medication administered;
    e. The identification, signature, and professional designation of the individual administering or providing assistance in the self-administration of the medication; and
    f. Any adverse reaction a resident has to the medication.

**R9-10-713. Transportation; Resident Outings**

**A.** An administrator of a behavioral health residential facility that uses a vehicle owned or leased by the behavioral health residential facility to provide transportation to a resident shall ensure that:
1. The vehicle:
    a. Is safe and in good repair,
    b. Contains a first aid kit,
    c. Contains drinking water sufficient to meet the needs of each resident present in the vehicle, and
    d. Contains a working heating and air conditioning system;
2. Documentation of current vehicle insurance and a record of maintenance performed or a repair of the vehicle are maintained;
3. A driver of the vehicle:
    a. Is 21 years of age or older;
    b. Has a valid driver license;
    c. Operates the vehicle in a manner that does not endanger a resident in the vehicle;
    d. Does not leave in the vehicle an unattended:
        i. Child,
        ii. Resident who may be a threat to the health or safety of the resident or another individual, or
        iii. Resident who is incapable of independent exit from the vehicle; and
    e. Ensures the safe and hazard-free loading and unloading of residents; and
4. Transportation safety is maintained as follows:
    a. Each individual in the vehicle is sitting in a seat and wearing a working seat belt while the vehicle is in motion, and
    b. Each seat in the vehicle is securely fastened to the vehicle and provides sufficient space for a resident's body.

**B.** An administrator shall ensure that:

1. An outing is consistent with the age, developmental level, physical ability, medical condition, and treatment needs of each resident participating in the outing;
2. At least two personnel members are present on an outing;
3. In addition to the personnel members required in subsection (B)(2), a sufficient number of personnel members are present to ensure each resident's health and safety on the outing;
4. Documentation is developed before an outing that includes:
   a. The name of each resident participating in the outing;
   b. A description of the outing;
   c. The date of the outing;
   d. The anticipated departure and return times;
   e. The name, address, and, if available, telephone number of the outing destination; and
   f. If applicable, the license plate number of each vehicle used to transport a resident;
5. The documentation described in subsection (B)(4) is updated to include the actual departure and return times and is maintained for at least 12 months after the date of the outing; and
6. Emergency information for each resident participating in the outing is maintained by a personnel member participating in the outing or in the vehicle used to provide transportation for the outing and includes:
   a. The resident's name;
   b. Medication information, including the name, dosage, route of administration, and directions for each medication needed by the resident during the anticipated duration of the outing;
   c. The resident's allergies; and
   d. The name and telephone number of a designated individual to notify in case of an emergency, who is present on the behavioral health residential facility's premises.

**R9-10-714. Resident Time-Out**

An administrator shall ensure that a time-out:

1. Is provided to a resident who voluntarily decides to go in a time-out;
2. Takes place in an area that is unlocked, lighted, quiet, and private;
3. Is time-limited and does not exceed the amount of time as determined by the resident;
4. Does not result in a resident missing a meal if the resident is in time-out at mealtime;
5. Includes monitoring of the resident by a personnel member at least once every 15 minutes to ensure the resident's health and safety and to discuss with the resident if the resident is ready to leave time-out; and
6. Is documented in the resident's medical record, to include:
   a. The date of the time-out,
   b. The reason for the time-out,
   c. The duration of the time-out, and
   d. The action planned and taken by the administrator to prevent the use of time-out in the future.

**R9-10-715. Physical Health Services**

An administrator of a behavioral health residential facility that is authorized to provide personal care services shall ensure that:

1. Personnel members who provide personal care services have documentation of completion of a caregiver training program that complies with A.A.C. R4-33-702(A)(5);
2. Residents receive personal care services according to the requirements in R9-10-814(A), (D), (E), and (F); and
3. A resident who has a stage 3 or stage 4 pressure sore is not admitted to the behavioral health residential facility.

**R9-10-716. Behavioral Health Services**

**A.** An administrator shall ensure that:

1. If a behavioral health residential facility is authorized to provide court-ordered evaluation or court-ordered treatment:
   a. Court-ordered evaluation is provided in compliance with the requirements in A.R.S. Title 36, Chapter 5, Article 4; and
   b. Court-ordered treatment is provided in compliance with the requirements in A.R.S. Title 36, Chapter 5, Article 5;
2. If a behavioral health residential facility is authorized to provide behavioral health services to individuals whose behavioral health issue limits the individuals' ability to function independently, a resident admitted to the behavioral health residential facility with limited ability to function independently receives:
   a. Behavioral health services and personal care services as indicated in the resident's treatment plan, and
   b. Continuous protective oversight;
3. A resident admitted to the behavioral health residential facility who needs behavioral health services to maintain or enhance the resident's ability to function independently:
   a. Receives behavioral health services, and, if indicated in the resident's treatment plan, personal care services; and
   b. Is provided an opportunity to participate in activities designed to maintain or enhance the resident's ability to function independently while:
      i. The resident receives services to maintain the resident's health, safety, or personal hygiene; or
      ii. Homemaking functions are performed for the resident;

4. Behavioral health services are provided to meet the needs of a resident and are consistent with a behavioral health residential facility's scope of services;
5. Behavioral health services listed in the behavioral health residential facility's scope of services are provided on the premises;
6. Before a resident participates in behavioral health services provided in a setting or activity with more than one resident participating, the diagnoses, treatment needs, developmental levels, social skills, verbal skills, and personal histories, including any history of physical or sexual abuse, of the residents participating are reviewed to ensure that the:
   a. Health and safety of each resident is protected, and
   b. Treatment needs of each resident participating are being met; and
7. A resident does not:
   a. Use or have access to any materials, furnishings, or equipment or participate in any activity or treatment that may present a threat to the resident's health or safety based on the resident's documented diagnosis, treatment needs, developmental levels, social skills, verbal skills, or personal history; or
   b. Share any space, participate in any activity or treatment, or verbally or physically interact with any other resident that may present a threat to the resident's health or safety, based on the other resident's documented diagnosis, treatment needs, developmental levels, social skills, verbal skills, and personal history.

**B.** An administrator shall ensure that counseling is:
1. Offered as described in the behavioral health residential facility's scope of services,
2. Provided according to the frequency and number of hours identified in the resident's treatment plan, and
3. Provided by a behavioral health professional or a behavioral health technician.

**C.** An administrator shall ensure that:
1. A personnel member providing counseling that addresses a specific type of behavioral health issue has the skills and knowledge necessary to provide the counseling that addresses the specific type of behavioral health issue; and
2. Each counseling session is documented in a resident's medical record to include:
   a. The date of the counseling session;
   b. The amount of time spent in the counseling session;
   c. Whether the counseling was individual counseling, family counseling, or group counseling;
   d. The treatment goals addressed in the counseling session; and
   e. The signature of the personnel member who provided the counseling and the date signed.

**D.** An administrator of a behavioral health residential facility authorized to provide behavioral health services to individuals under 18 years of age:
1. May continue to provide behavioral health services to a resident who is 18 years of age or older:
   a. If the resident:
      i. Was admitted to the behavioral health residential facility before the resident's 18th birthday;
      ii. Is not 21 years of age or older; and
      iii. Is:
         (1) Attending classes or completing coursework to obtain a high school or a high school equivalency diploma, or
         (2) Participating in a job training program; or

   c. A resident older than three years of age does not sleep in a crib;
   d. Clean and non-hazardous toys, educational materials, and physical activity equipment are available and accessible to residents on the premises in a quantity sufficient to meet each resident's needs and are appropriate to each resident's age, developmental level, and treatment needs; and
   e. A resident's educational needs are addressed according to A.R.S. Title 15, Chapter 7, Article 4 .

**E.** An administrator shall ensure that:
1. An emergency safety response is:
   a. Only used:
      i. By a personnel member trained to use an emergency safety response,
      ii. For the management of a resident's violent or self-destructive behavior, and
      iii. When less restrictive interventions have been determined to be ineffective; and

b. Discontinued at the earliest possible time, but no longer than five minutes after the emergency safety response is initiated;

2. Within 24 hours after an emergency safety response is used for a resident, the following information is entered into the resident medical record:
   a. The date and time the emergency safety response was used;
   b. The name of each personnel member who used an emergency safety response;
   c. The specific emergency safety response used;
   d. The personnel member or resident behavior, event, or environmental factor that caused the need for the emergency safety response; and
   e. Any injury that resulted from the use of the emergency safety response;
3. Within 10 working days after an emergency safety response is used for a resident, the administrator or clinical director reviews the information in subsection (E)(2); and
4. After the review required in subsection (E)(3), the following information is entered, according to policies and procedures, into the resident's medical record:
   a. Actions taken or planned actions to prevent the need for the use of an emergency safety response for the resident,
   b. A determination of whether the resident is appropriately placed at the behavioral health residential facility, and
   c. Whether the resident's treatment plan was reviewed or needs to be reviewed and amended to ensure that the resident's treatment plan is meeting the resident's treatment needs.

**F.** An administrator shall ensure that:
1. A personnel member whose job description includes the ability to use an emergency safety response:
   a. Completes training in crisis intervention that includes:
      i. Techniques to identify personnel member and resident behaviors, events, and environmental factors that may trigger the need for the use of an emergency safety response;
      ii. The use of nonphysical intervention skills, such as de-escalation, mediation, conflict resolution, active listening, and verbal and observational methods; and
      iii. The safe use of an emergency safety response including the ability to recognize and respond to signs of physical distress in a client who is receiving an emergency safety response; and
   b. Completes training required in subsection (F)(1)(a):
      i. Before providing behavioral health services, and
      ii. At least once every 12 months after the date the personnel member completed the initial training;
2. Documentation of the completed training in subsection (F)(1)(a) includes:
   a. The name and credentials of the individual providing the training,
   b. Date of the training, and
   c. Verification of a personnel member's ability to use the training; and
3. The materials used to provide the completed training in crisis intervention, including handbooks, electronic presentations, and skills verification worksheets, are maintained for at least 12 months after each personnel member who received training using the materials no longer provides services at the behavioral health residential facility.

**R9-10-717. Outdoor Behavioral Health Care Programs**

**A.** An administrator of a behavioral health residential facility authorized to provide an outdoor behavioral health care program shall ensure that:
1. Behavioral health services are provided to a resident participating in the outdoor behavioral health care program consistent with the age, developmental level, physical ability, medical condition, and treatment needs of the resident;
2. Continuous protective oversight is provided to a resident;
3. Transportation is provided to a resident from the behavioral health residential facility's administrative office for the outdoor behavioral health care program to the location where the outdoor behavioral health care program is provided and from the location where the outdoor behavioral health care program is provided to the behavioral health residential facility's administrative office for the outdoor behavioral health care program; and
4. Communication is available between the outdoor behavioral health care program personnel and:
   a. A behavioral health professional,
   b. A registered nurse,

5. The supply of hot and cold water is sufficient to meet the personal hygiene needs of residents and the cleaning and sanitation requirements in this Article;
6. Soiled clothing is stored in closed containers away from food storage, medications, and eating areas;
7. Poisonous or toxic materials are maintained in labeled containers, secured, and separate from food preparation and storage, eating areas, and medications and inaccessible to residents;
8. Combustible or flammable liquids and hazardous materials are stored in the original labeled containers or safety containers, secured, and inaccessible to residents;
9. If a water source that is not regulated under 18 A.A.C. 4 by the Arizona Department of Environmental Quality is used:
   a. The water source is tested at least once every 12 months for total coliform bacteria and fecal coliform or *E. coli* bacteria;
   b. If necessary, corrective action is taken to ensure the water is safe to drink; and
   c. Documentation of testing is retained for at least 12 months after the date of the test; and
10. Smoking or the use of tobacco products may be permitted away from the residents.

**R9-10-717.01. Recidivism Reduction Services**

An administrator of a behavioral health residential facility that is an adult residential care institution and is authorized to provide recidivism reduction services shall ensure that:
1. A personnel member who is recidivism reduction staff at the adult residential care institution does not provide:
   a. Behavioral health services other than recidivism reduction services; or
   b. Recidivism reduction services to a resident who has not been referred by a physician, behavioral health professional, or court of competent jurisdiction to receive recidivism reduction services;
2. The adult residential care institution accepts an individual as a resident only if the individual:
   a. Is at least 18 years of age; and
   b. Has documentation of a referral to receive recidivism reduction services that:
      i. Was made by a physician, behavioral health professional, or court of competent jurisdiction; and
      ii. Complies with the requirements in A.R.S. § 36-411.01(D);
3. The referral is included in the resident's medical record; and
4. The recidivism reduction services provided to a resident are:
   a. Consistent with the age, developmental level, physical ability, medical condition, and treatment needs of the resident; and
   b. Provided by recidivism reduction staff whose experience is compatible with the experience of the resident.

**R9-10-718. Medication Services**

**A.** An administrator shall ensure that policies and procedures for medication services:
1. Include:
   a. A process for providing information to a resident about medication prescribed for the resident including:
      i. The prescribed medication's anticipated results,
      ii. The prescribed medication's potential adverse reactions,

iii. The prescribed medication's potential side effects, and
iv. Potential adverse reactions that could result from not taking the medication as prescribed;
b. Procedures for preventing, responding to, and reporting any of the following:
i. A medication error,
ii. An adverse reaction to a medication, or
iii. A medication overdose;
c. Procedures to ensure that a resident's medication regimen is reviewed by a medical practitioner to ensure the medication regimen meets the resident's needs;
d. Procedures for documenting, as applicable, medication administration and assistance in the self-administration of medication;
e. A process for monitoring a resident who self-administers medication;
f. Procedures for assisting a resident in obtaining medication; and
g. If applicable, procedures for providing medication administration or assistance in the self-administration of medication off the premises; and
2. Specify a process for review through the quality management program of:
a. A medication administration error, and
b. An adverse reaction to a medication.

**B.** If a behavioral health residential facility provides medication administration, an administrator shall ensure that:
1. Policies and procedures for medication administration:
a. Are reviewed and approved by a medical practitioner;
b. Specify the individuals who may:
i. Order medication, and
ii. Administer medication;
c. Ensure that medication is administered to a resident only as ordered; and
d. Cover the documentation of a resident's refusal to take prescribed medication in the resident's medical record;
2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law; and
3. A medication administered to a resident:
a. Is administered in compliance with an order, and
b. Is documented in the resident's medical record.

**C.** If a behavioral health residential facility provides assistance in the self-administration of medication, an administrator shall ensure that:
1. A resident's medication is stored by the behavioral health residential facility;
2. The following assistance is provided to a resident:
a. A reminder when it is time to take the medication;
b. Opening the medication container for the resident;
c. Observing the resident while the resident removes the medication from the container;
d. Verifying that the medication is taken as prescribed by the resident's medical practitioner by confirming that:
i. The resident taking the medication is the individual stated on the medication container label,
ii. The resident is taking the dosage of the medication stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label, and
iii. The resident is taking the medication at the time stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label; or
e. Observing the resident while the resident takes the medication;
3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a medical practitioner or registered nurse;
4. Training for a personnel member, other than a medical practitioner or registered nurse, in assistance in the self-administration of medication:
a. Is provided by a medical practitioner or registered nurse or an individual trained by a medical practitioner or registered nurse; and
b. Includes:
i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
iii. The process for notifying the appropriate entities when an emergency medical intervention is needed;
5. A personnel member, other than a medical practitioner or registered nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and
6. Assistance in the self-administration of medication provided to a resident:
a. Is in compliance with an order, and
b. Is documented in the resident's medical record.

**D.** An administrator shall ensure that:
1. A current drug reference guide is available for use by personnel members;
2. A current toxicology reference guide is available for use by personnel members; and
3. If pharmaceutical services are provided on the premises:
   a. A committee, composed of at least one physician, one pharmacist, and other personnel members as determined by policies and procedures, is established to:
      i. Develop a drug formulary,
      ii. Update the drug formulary at least once every 12 months,
      iii. Develop medication usage and medication substitution policies and procedures, and
      iv. Specify which medications and medication classifications are required to be stopped automatically after a specific time period unless the ordering medical practitioner specifically orders otherwise;
   b. The pharmaceutical services are provided under the direction of a pharmacist;
   c. The pharmaceutical services comply with A.R.S. Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23; and
   d. A copy of the pharmacy license is provided to the Department upon request.

**E.** When medication is stored at a behavioral health residential facility, an administrator shall ensure that:
1. Medication is stored in a separate locked room, closet, cabinet, or self-contained unit used only for medication storage;
2. Medication is stored according to the instructions on the medication container; and
3. Policies and procedures are established, documented, and implemented for:
   a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication, including expired medication;
   b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
   c. A medication recall and notification of residents who received recalled medication; and
   d. Storing, inventorying, and dispensing controlled substances.

**F.** An administrator shall ensure that a personnel member immediately reports a medication error or a resident's adverse reaction to a medication to the medical practitioner who ordered or prescribed the medication and, if applicable, the behavioral health residential facility's clinical director.

**R9-10-719. Food Services**

**A.** Except for an outdoor behavioral health care program provided by a behavioral health residential facility, an administrator shall ensure that:
1. For a behavioral health residential facility that has a licensed capacity of more than 10 residents:
   a. The behavioral health residential facility obtains a license or permit as a food establishment under 9 A.A.C. 8, Article 1; and
   b. A copy of the behavioral health residential facility's food establishment license or permit is maintained;
2. If a behavioral health residential facility contracts with a food establishment, as established in 9 A.A.C. 8, Article 1, to prepare and deliver food to the behavioral health residential facility, a copy of the food establishment's license or permit under 9 A.A.C. 8, Article 1 is maintained by the behavioral health residential facility;
3. Food is stored, refrigerated, and reheated to meet the dietary needs of a resident;
4. A registered dietitian is employed full-time, part-time, or as a consultant; and
5. If a registered dietitian is not employed full-time, an individual is designated as a director of food services who consults with a registered dietitian as often as necessary to meet the nutritional needs of the residents.

**B.** Except for an outdoor behavioral health care program provided by a behavioral health residential facility, a registered dietitian or director of food services shall ensure that:
1. Food is prepared:
   a. Using methods that conserve nutritional value, flavor, and appearance; and
   b. In a form to meet the needs of a resident, such as cut, chopped, ground, pureed, or thickened;
2. A food menu:
   a. Is prepared at least one week in advance,
   b. Includes the foods to be served each day,
   c. Is conspicuously posted at least one calendar day before the first meal on the food menu will be served,
   d. Includes any food substitution no later than the morning of the day of meal service with a food substitution, and
   e. Is maintained for at least 60 calendar days after the last day included in the food menu;
3. Meals and snacks provided by the behavioral health residential facility are served according to posted menus;
4. Meals and snacks for each day are planned using the applicable guidelines in http://www.health.gov/dietaryguidelines/2015;
5. A resident is provided:
   a. A diet that meets the resident's nutritional needs as specified in the resident's assessment or treatment plan;
   b. Three meals a day with not more than 14 hours between the evening meal and breakfast, except as provided in subsection (B)(5)(d);
   c. The option to have a daily evening snack identified in subsection (B)(5)(d)(ii) or other snack; and
   d. The option to extend the time span between the evening meal and breakfast from 14 hours to 16 hours if:

i. The resident agrees; and
ii. The resident is offered an evening snack that includes meat, fish, eggs, cheese, or other protein, and a serving from either the fruit and vegetable food group or the bread and cereal food group;

6. A resident requiring assistance to eat is provided with assistance that recognizes the resident's nutritional, physical, and social needs, including the use of adaptive eating equipment or utensils; and
7. Water is available and accessible to residents unless otherwise stated in a resident's treatment plan.

**C.** Except for an outdoor behavioral health care program provided by a behavioral health residential facility, an administrator shall ensure that food is obtained, prepared, served, and stored as follows:

1. Food is free from spoilage, filth, or other contamination and is safe for human consumption;
2. Food is protected from potential contamination;
3. Potentially hazardous food is maintained as follows:
   a. Foods requiring refrigeration are maintained at 41° F or below; and
   b. Foods requiring cooking are cooked to heat all parts of the food to a temperature of at least 145° F for 15 seconds, except that:
      i. Ground beef and ground meats are cooked to heat all parts of the food to at least 155° F;
      ii. Poultry, poultry stuffing, stuffed meats, and stuffing that contains meat are cooked to heat all parts of the food to at least 165° F;
      iii. Pork and any food containing pork are cooked to heat all parts of the food to at least 155° F;
      iv. Raw shell eggs for immediate consumption are cooked to at least 145° F for 15 seconds and any food containing raw shell eggs is cooked to heat all parts of the food to at least 155 °F;
      v. Roast beef and beef steak are cooked to an internal temperature of at least 155° F; and
      vi. Leftovers are reheated to a temperature of at least 165° F;
4. A refrigerator contains a thermometer, accurate to plus or minus 3° F, placed at the warmest part of the refrigerator;
5. Frozen foods are stored at a temperature of 0° F or below; and
6. Tableware, utensils, equipment, and food-contact surfaces are clean and in good repair.

**R9-10-720. Emergency and Safety Standards**

**A.** Except for an outdoor behavioral health care program provided by a behavioral health residential facility, an administrator shall ensure that a behavioral health residential facility has:

1. A fire alarm system installed according to the National Fire Protection Association 72: National Fire Alarm and Signaling Code, incorporated by reference in R9-10-104.01, and a sprinkler system installed according to the National Fire Protection Association 13: Standard for the Installation of Sprinkler Systems, incorporated by reference in R9-10-104.01, that are in working order; or
2. An alternative method to ensure resident's safety that is documented and approved by the local jurisdiction.

**B.** Except for an outdoor behavioral health care program provided by a behavioral health residential facility, an administrator shall ensure that:

1. A disaster plan is developed, documented, maintained in a location accessible to personnel members and other employees, and, if necessary, implemented that includes:
   a. When, how, and where residents will be relocated;
   b. How each resident's medical record will be available to individuals providing services to the resident during a disaster;
   c. A plan to ensure each resident's medication will be available to administer to the resident during a disaster; and
   d. A plan for obtaining food and water for individuals present in the behavioral health residential facility, under the care and supervision of personnel members, or in the behavioral health residential facility's relocation site during a disaster;
2. The disaster plan required in subsection (B)(1) is reviewed at least once every 12 months;
3. Documentation of a disaster plan review required in subsection (B)(2) is created, is maintained for at least 12 months after the date of the disaster plan review, and includes:
   a. The date and time of the disaster plan review;
   b. The name of each personnel member, employee, or volunteer participating in the disaster plan review;
   c. A critique of the disaster plan review; and
   d. If applicable, recommendations for improvement;
4. A disaster drill for employees is conducted on each shift at least once every three months and documented;
5. An evacuation drill for employees and residents on the premises is conducted at least once every six months on each shift;
6. Documentation of each evacuation drill is created, is maintained for 12 months after the date of the evacuation drill, and includes:
   a. The date and time of the evacuation drill;
   b. The amount of time taken for all employees and residents to evacuate the behavioral health residential facility;
   c. Names of employees participating in the evacuation drill;
   d. An identification of residents needing assistance for evacuation;
   e. Any problems encountered in conducting the evacuation drill; and
   f. Recommendations for improvement, if applicable; and
7. An evacuation path is conspicuously posted on each hallway of each floor of the behavioral health residential facility.

**C.** An administrator shall:

1. Obtain a fire inspection conducted according to the time-frame established by the local fire department or the State Fire Marshal,
2. Make any repairs or corrections stated on the fire inspection report, and
3. Maintain documentation of a current fire inspection.

**R9-10-721. Environmental Standards**

**A.** Except for an outdoor behavioral health care program provided by a behavioral health residential facility, an administrator shall ensure that:

1. The premises and equipment are:
   a. Maintained in a condition that allows the premises and equipment to be used for the original purpose of the premises and equipment;
   b. Cleaned and, if applicable, disinfected according to policies and procedures designed to prevent, minimize, and control illness or infection; and
   c. Free from a condition or situation that may cause a resident or other individual to suffer physical injury;
2. A pest control program that complies with A.A.C. R3-8-201(C)(4) is implemented and documented;
3. Biohazardous medical waste is identified, stored, and disposed of according to 18 A.A.C. 13, Article 14 and policies and procedures;
4. Equipment used at the behavioral health residential facility is:
   a. Maintained in working order;
   b. Tested and calibrated according to the manufacturer's recommendations or, if there are no manufacturer's recommendations, as specified in policies and procedures; and
   c. Used according to the manufacturer's recommendations;
5. Documentation of equipment testing, calibration, and repair is maintained for at least 12 months after the date of the testing, calibration, or repair;
6. Garbage and refuse are:
   a. Stored in covered containers lined with plastic bags, and
   b. Removed from the premises at least once a week;
7. Heating and cooling systems maintain the behavioral health residential facility at a temperature between 70° F and 84° F;
8. A space heater is not used;
9. Common areas:
   a. Are lighted to assure the safety of residents, and
   b. Have lighting sufficient to allow personnel members to monitor resident activity;
10. Hot water temperatures are maintained between 95° F and 120° F in the areas of the behavioral health residential facility used by residents;
11. The supply of hot and cold water is sufficient to meet the personal hygiene needs of residents and the cleaning and sanitation requirements in this Article;
12. Soiled linen and soiled clothing stored by the behavioral health residential facility are maintained separate from clean linen and clothing and stored in closed containers away from food storage, kitchen, and dining areas;
13. Oxygen containers are secured in an upright position;
14. Poisonous or toxic materials stored by the behavioral health residential facility are maintained in labeled containers in a locked area separate from food preparation and storage, dining areas, and medications and are inaccessible to residents;
15. Combustible or flammable liquids and hazardous materials stored by a behavioral health residential facility are stored in the original labeled containers or safety containers in a locked area inaccessible to residents;
16. If pets or animals are allowed in the behavioral health residential facility, pets or animals are:
   a. Controlled to prevent endangering the residents and to maintain sanitation;
   b. Licensed consistent with local ordinances; and
   c. For a dog or cat, vaccinated against rabies;
17. If a water source that is not regulated under 18 A.A.C. 4 by the Arizona Department of Environmental Quality is used:
   a. The water source is tested at least once every 12 months for total coliform bacteria and fecal coliform or *E. coli* bacteria;
   b. If necessary, corrective action is taken to ensure the water is safe to drink; and
   c. Documentation of testing is retained for at least 12 months after the date of the test; and
18. If a non-municipal sewage system is used, the sewage system is in working order and is maintained according to all applicable state laws and rules.

**B.** An administrator shall ensure that:

1. Smoking tobacco products is not permitted within a behavioral health residential facility; and
2. Smoking tobacco products may be permitted on the premises outside a behavioral health residential facility if:
   a. Signs designating smoking areas are conspicuously posted, and
   b. Smoking is prohibited in areas where combustible materials are stored or in use.

**C.** If a swimming pool is located on the premises, an administrator shall ensure that:

1. On each day that a resident uses the swimming pool, an employee:

a. Tests the swimming pool's water quality at least once for compliance with one of the following chemical disinfection standards:
   i. A free chlorine residual between 1.0 and 3.0 ppm as measured by the N, N-Diethyl-p-phenylenediamine test;
   ii. A free bromine residual between 2.0 and 4.0 ppm as measured by the N, N-Diethyl-p-phenylenediamine test; or
   iii. An oxidation-reduction potential equal to or greater than 650 millivolts; and
b. Records the results of the water quality tests in a log that includes each testing date and test result;

2. Documentation of the water quality test is maintained for at least 12 months after the date of the test;
3. A swimming pool is not used by a resident if a water quality test shows that the swimming pool water does not comply with subsection (C)(1)(a);
4. At least one personnel member, with cardiopulmonary resuscitation training that meets the requirements in R9-10-703(C)(1)(e), is present in the pool area when a resident is in the pool area; and
5. At least two personnel members are present in the pool area if two or more residents are in the pool area.

**R9-10-722. Physical Plant Standards**

**A.** Except for a behavioral health outdoor program, an administrator shall ensure that the premises and equipment are sufficient to accommodate:
1. The services in the behavioral health residential facility's scope of services, and
2. An individual admitted as a resident by the behavioral health residential facility.

**B.** An administrator shall ensure that:
1. A behavioral health residential facility has a:
   a. Room that provides privacy for a resident to receive treatment or visitors; and
   b. Common area and a dining area that contain furniture and materials to accommodate the recreational and socialization needs of the residents and other individuals in the behavioral health residential facility;
2. At least one bathroom is accessible from a common area that:
   a. May be used by residents and visitors;
   b. Provides privacy when in use; and
   c. Contains the following:
      i. At least one working sink with running water,
      ii. At least one working toilet that flushes and has a seat,
      iii. Toilet tissue for each toilet,
      iv. Soap in a dispenser accessible from each sink,
      v. Paper towels in a dispenser or a mechanical air hand dryer,
      vi. Lighting, and
      vii. A window that opens or another means of ventilation;
3. For every six residents who stay overnight at the behavioral health residential facility, there is at least one working toilet that flushes and has a seat, and one sink with running water;
4. For every eight residents who stay overnight at the behavioral health residential facility, there is at least one working bathtub or shower;
5. A resident bathroom provides privacy when in use and contains:
   a. A shatter-proof mirror, unless the resident's treatment plan allows for otherwise;
   b. A window that opens or another means of ventilation; and
   c. Nonporous surfaces for shower enclosures and slip-resistant surfaces in tubs and showers;
6. If a resident bathroom door locks from the inside, an employee has a key and access to the bathroom;
7. Each resident is provided a sleeping area that is in a bedroom; and
8. A resident bedroom complies with the following:
   a. Is not used as a common area;
   b. Is not used as a passageway to another bedroom or bathroom unless the bathroom is for the exclusive use of an individual occupying the bedroom;
   c. Contains a door that opens into a hallway, common area, or outdoors;
   d. Is constructed and furnished to provide unimpeded access to the door;
   e. Has window or door covers that provide resident privacy;
   f. Has floor to ceiling walls;
   g. Is a:
      i. Private bedroom that contains at least 60 square feet of floor space, not including the closet; or
      ii. Shared bedroom that:
         (1) Is shared by no more than eight residents;
         (2) Except as provided in subsection (C), contains at least 60 square feet of floor space, not including a closet, for each individual occupying the shared bedroom; and
         (3) Provides at least three feet of floor space between beds or bunk beds;
   h. Contains for each resident occupying the bedroom:

i. A bed that is at least 36 inches wide and at least 72 inches long, and consists of at least a frame and mattress and linens; and
ii. Individual storage space for personal effects and clothing such as shelves, a dresser, or chest of drawers;
i. Has clean linen for each bed including mattress pad, sheets large enough to tuck under the mattress, pillows, pillow cases, bedspread, waterproof mattress covers as needed, and blankets to ensure warmth and comfort for each resident;
j. Has sufficient lighting for a resident occupying the bedroom to read; and
k. Has a clothing rod or hook in the bedroom designed to minimize the opportunity for a resident to cause self-injury.

**C.** A behavioral health residential facility that was licensed as a Level 4 transitional agency before October 1, 2013 may continue to use a shared bedroom that provides at least 40 square feet of floor space, not including a closet, for each individual occupying the shared bedroom. If there is a modification to the shared bedroom, the behavioral health residential facility shall comply with the requirement in subsection (B)(8)(g).

**D.** For a behavioral health residential facility licensed according to A.R.S. § 36-425.06, an administrator shall ensure that:
1. The premises are secure, as defined in A.R.S. § 36-425.06; and
2. There is a means of exiting the facility for a resident who does not have special knowledge for egress that meets one of the following:
   a. Provides access to an outside area that:
      i. Allows the resident to be at least 30 feet away from the facility, and
      ii. Controls or alerts employees of the egress of a resident from the facility;
   b. Provides access to an outside area:
      i. From which a resident may exit to a location at least 30 feet away from the facility, and
      ii. Controls or alerts employees of the egress of a resident from the facility; or
   c. Uses a mechanism that meets the Special Egress-Control Devices provisions in the Uniform Building Code incorporated by reference in A.A.C. R9-10-104.01.

**E.** If a swimming pool is located on the premises, an administrator shall ensure that:
1. The swimming pool is equipped with the following:
   a. An operational water circulation system that clarifies and disinfects the swimming pool water continuously and that includes at least:
      i. A removable strainer,
      ii. Two swimming pool inlets located on opposite sides of the swimming pool, and
      iii. A drain located at the swimming pool's lowest point and covered by a grating that cannot be removed without using tools; and
   b. An operational vacuum cleaning system;
2. The swimming pool is enclosed by a wall or fence that:
   a. Is at least five feet in height as measured on the exterior of the wall or fence;
   b. Has no vertical openings greater than four inches across;
   c. Has no horizontal openings, except as described in subsection (E)(2)(e);
   d. Is not chain-link;
   e. Does not have a space between the ground and the bottom fence rail that exceeds four inches in height; and
   f. Has a self-closing, self-latching gate that:
      i. Opens away from the swimming pool,
      ii. Has a latch located at least 54 inches from the ground, and
      iii. Is locked when the swimming pool is not in use; and
3. A life preserver or shepherd's crook is available and accessible in the pool area.

**F.** An administrator shall ensure that a spa that is not enclosed by a wall or fence as described in subsection (E)(2) is covered and locked when not in use.

## ARTICLE 8. ASSISTED LIVING FACILITIES

**R9-10-801. Definitions**

In addition to the definitions in A.R.S. § 36-401 and R9-10-101, the following definitions apply in this Article, unless the context otherwise requires:
1. "Accept" or "acceptance" means:
   a. An individual begins living in and receiving assisted living services from an assisted living facility; or
   b. An individual begins receiving adult day health care services or respite care services from an assisted living facility.
2. "Assistant caregiver" means an employee or volunteer who helps a manager or caregiver provide supervisory care services, personal care services, or directed care services to a resident, and does not include a family member of the resident.
3. "Assisted living services" means supervisory care services, personal care services, directed care services, behavioral care, or ancillary services provided to a resident by or on behalf of an assisted living facility.

4. "Caregiver" means an individual who provides supervisory care services, personal care services, or directed care services to a resident, and does not include a family member of the resident.
5. "Manager" means an individual designated by a governing authority to act on behalf of the governing authority in the onsite management of the assisted living facility.
6. "Medication organizer" means a container that is designed to hold doses of medication and is divided according to date or time increments.
7. "Primary care provider" means a physician, a physician's assistant, or registered nurse practitioner who directs a resident's medical services.
8. "Residency agreement" means a document signed by a resident or the resident's representative and a manager, detailing the terms of residency.
9. "Service plan" means a written description of a resident's need for supervisory care services, personal care services, directed care services, ancillary services, or behavioral health services and the specific assisted living services to be provided to the resident.
10. "Termination of residency" or "terminate residency" means a resident is no longer living in and receiving assisted living services from an assisted living facility.

**R9-10-802. Supplemental Application Requirements; Exemption**

**A.** In addition to the license application requirements in A.R.S. § 36-422 and R9-10-105, an applicant for a license as an assisted living facility shall include in a Department-provided format:
1. Which of the following levels of assisted living services the applicant is requesting authorization to provide:
   a. Supervisory care services,
   b. Personal care services, or
   c. Directed care services; and
2. Whether the applicant is requesting authorization to provide:
   a. Adult day health care services, or
   b. Behavioral health services other than behavioral care.

**B.** The Arizona Pioneers' Home is exempt from:
1. Architectural plans and specifications for a health care institution specified in R9-10-104; and
2. Physical plant codes and standards for a health care institution specified in R9-10-105(A)(5)(a).

**R9-10-803. Administration**

**A.** A governing authority shall:
1. Consist of one or more individuals responsible for the organization, operation, and administration of an assisted living facility;
2. Establish, in writing, an assisted living facility's scope of services;
3. Designate, in writing, a manager who:
   a. Is 21 years of age or older; and
   b. Except for the manager of an adult foster care home, has either a:
      i. Certificate as an assisted living facility manager issued under A.R.S. § 36-446.04(C), or
      ii. A temporary certificate as an assisted living facility manager issued under A.R.S. § 36-446.06;
4. Adopt a quality management program that complies with R9-10-804;
5. Review and evaluate the effectiveness of the quality management program at least once every 12 months;
6. Designate, in writing, an acting manager who has the qualifications established in subsection (A)(3), if the manager is:
   a. Expected not to be present on the assisted living facility's premises for more than 30 calendar days, or
   b. Not present on the assisted living facility's premises for more than 30 calendar days;
7. Except as provided in subsection (A)(6), notify the Department according to A.R.S. § 36-425(I) when there is a change in the manager and identify the name and qualifications of the new manager;
8. Ensure that a manager or caregiver who is able to read, write, understand, and communicate in English is on an assisted living facility's premises; and
9. Ensure compliance with A.R.S. § 36-411.

**B.** A manager:
1. Is directly accountable to the governing authority of an assisted living facility for the daily operation of the assisted living facility and all services provided by or at the assisted living facility;
2. Has the authority and responsibility to manage the assisted living facility; and
3. Except as provided in subsection (A)(6), designates, in writing, a caregiver who is:
   a. At least 21 years of age, and
   b. Present on the assisted living facility's premises and accountable for the assisted living facility when the manager is not present on the assisted living facility premises.

**C.** A manager shall ensure that policies and procedures are:
1. Established, documented, and implemented to protect the health and safety of a resident that:
   a. Cover job descriptions, duties, and qualifications, including required skills and knowledge, education, and experience for employees and volunteers;
   b. Cover orientation and in-service education for employees and volunteers;

c. Include how an employee may submit a complaint related to resident care;
d. Cover the requirements in A.R.S. Title 36, Chapter 4, Article 11;
e. Except as provided in subsection (M), cover cardiopulmonary resuscitation training for applicable employees and volunteers, including:
i. The method and content of cardiopulmonary resuscitation training, which includes a demonstration of the employee's or volunteer's ability to perform cardiopulmonary resuscitation;
ii. The qualifications for an individual to provide cardiopulmonary resuscitation training;
iii. The time-frame for renewal of cardiopulmonary resuscitation training; and
iv. The documentation that verifies that the employee or volunteer has received cardiopulmonary resuscitation training;
f. Cover first aid training;
g. Cover how a caregiver will respond to a resident's sudden, intense, or out-of-control behavior to prevent harm to the resident or another individual;
h. Cover staffing and recordkeeping;
i. Cover resident acceptance and resident rights;
j. Cover termination of residency, including:
i. Termination initiated by the manager of an assisted living facility, and
ii. Termination initiated by a resident or the resident's representative;
k. Cover the provision of assisted living services, including:
i. Coordinating the provision of assisted living services,
ii. Making vaccination for influenza and pneumonia available to residents according to A.R.S. § 36-406(1)(d), and
iii. Obtaining resident preferences for food and the provision of assisted living services;
l. Cover the provision of respite services or adult day health services, if applicable;
m. Cover methods by which the assisted living facility is aware of the general or specific whereabouts of a resident, based on the level of assisted living services provided to the resident and the assisted living services the assisted living facility is authorized to provide;
n. Cover resident medical records, including electronic medical records;
o. Cover personal funds accounts, if applicable;
p. Cover specific steps for:
i. A resident to file a complaint, and
ii. The assisted living facility to respond to a resident's complaint;
q. Cover health care directives;
r. Cover assistance in the self-administration of medication, and medication administration;
s. Cover food services;
t. Cover contracted services;
u. Cover equipment inspection and maintenance, if applicable;
v. Cover infection control; and
w. Cover a quality management program, including incident report and supporting documentation;
2. Available to employees and volunteers of the assisted living facility; and
3. Reviewed at least once every three years and updated as needed.

**D.** A manager shall ensure that the following are conspicuously posted:
1. A list of resident rights;
2. The assisted living facility's license;
3. Current phone numbers of:
a. The unit in the Department responsible for licensing and monitoring the assisted living facility,
b. Adult Protective Services in the Department of Economic Security,
c. The State Long-Term Care Ombudsman, and
d. The Arizona Center for Disability Law; and
4. The location at which a copy of the most recent Department inspection report and any plan of correction resulting from the Department inspection may be viewed.

**E.** A manager shall ensure that, unless otherwise stated:
1. Documentation required by this Article is provided to the Department within two hours after a Department request; and
2. When documentation or information is required by this Chapter to be submitted on behalf of an assisted living facility, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the assisted living facility.

**F.** If a requirement in this Article states that a manager shall ensure an action or condition or sign a document:
1. A governing authority or licensee may ensure the action or condition or sign the document and retain the responsibility to ensure compliance with the requirement in this Article;

2. The manager may delegate ensuring the action or condition or signing the document to another individual, but the manager retains the responsibility to ensure compliance with the requirement in the Article; and
3. If the manager delegates ensuring an action or condition or signing a document, the delegation is documented and the documentation includes the name of the individual to whom the action, condition, or signing is delegated and the effective date of the delegation.

**G.** A manager shall:
1. Not act as a resident's representative and not allow an employee or a family member of an employee to act as a resident's representative for a resident who is not a family member of the employee;
2. If the assisted living facility administers personal funds accounts for residents and is authorized in writing by a resident or the resident's representative to administer a personal funds account for the resident:
   a. Ensure that the resident's personal funds account does not exceed $2,000;
   b. Maintain a separate record for each resident's personal funds account, including receipts and expenditures;
   c. Maintain the resident's personal funds account separate from any account of the assisted living facility; and
   d. Provide a copy of the record of the resident's personal funds account to the resident or the resident's representative at least once every three months;
3. Notify the resident's representative, family member, public fiduciary, or trust officer if the manager determines that a resident is incapable of handling financial affairs; and
4. Except when a resident's need for assisted living services changes, as documented in the resident's service plan, ensure that a resident receives at least 30 calendar days written notice before any increase in a fee or charge.

**H.** A manager shall permit the Department to interview an employee, a volunteer, or a resident as part of a compliance survey or a complaint investigation.

**I.** If abuse, neglect, or exploitation of a resident is alleged or suspected to have occurred before the resident was accepted or while the resident is not on the premises and not receiving services from an assisted living facility's manager, caregiver, or assistant caregiver, the manager shall report the alleged or suspected abuse, neglect, or exploitation of the resident according to A.R.S. § 46-454.

**J.** If a manager has a reasonable basis, according to A.R.S. § 46-454, to believe abuse, neglect or exploitation has occurred on the premises or while a resident is receiving services from an assisted living facility's manager, caregiver, or assistant caregiver, the manager shall:
1. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
2. Report the suspected abuse, neglect, or exploitation of the resident according to A.R.S. § 46-454;
3. Document:
   a. The suspected abuse, neglect, or exploitation;
   b. Any action taken according to subsection (J)(1); and
   c. The report in subsection (J)(2);
4. Maintain the documentation in subsection (J)(3) for at least 12 months after the date of the report in subsection(J)(2);
5. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in subsection (J)(2):
   a. The dates, times, and description of the suspected abuse, neglect, or exploitation;
   b. A description of any injury to the resident related to the suspected abuse or neglect and any change to the resident's physical, cognitive, functional, or emotional condition;
   c. The names of witnesses to the suspected abuse, neglect, or exploitation; and
   d. The actions taken by the manager to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and
6. Maintain a copy of the documented information required in subsection (J)(5) for at least 12 months after the date the investigation was initiated.

**K.** A manager shall provide written notification to the Department of a resident's:
1. Death, if the resident's death is required to be reported according to A.R.S. § 11-593, within one working day after the resident's death; and
2. Self-injury, within two working days after the resident inflicts a self-injury that requires immediate intervention by an emergency services provider.

**L.** If a resident is receiving services from a home health agency or hospice service agency, a manager shall ensure that:
1. The resident's medical record contains:
   a. The name, address, and contact individual, including contact information, of the home health agency or hospice service agency;
   b. Any information provided by the home health agency or hospice service agency; and
   c. A copy of resident follow-up instructions provided to the resident by the home health agency or hospice service agency; and
2. Any care instructions for a resident provided to the assisted living facility by the home health agency or hospice service agency are:
   a. Within the assisted living facility's scope of services,
   b. Communicated to a caregiver, and
   c. Documented in the resident's service plan.

**M.** A manager of an assisted living home may establish, in policies and procedures, requirements that a caregiver obtains and provides documentation of cardiopulmonary resuscitation training specific to adults, which includes a demonstration of the caregiver's ability to perform cardiopulmonary resuscitation, from one of the following organizations:
1. American Red Cross,
2. American Heart Association, or
3. National Safety Council.

**R9-10-804. Quality Management**

A manager shall ensure that:
1. A plan is established, documented, and implemented for an ongoing quality management program that, at a minimum, includes:
   a. A method to identify, document, and evaluate incidents;
   b. A method to collect data to evaluate services provided to residents;
   c. A method to evaluate the data collected to identify a concern about the delivery of services related to resident care;
   d. A method to make changes or take action as a result of the identification of a concern about the delivery of services related to resident care; and
   e. The frequency of submitting a documented report required in subsection (2) to the governing authority;
2. A documented report is submitted to the governing authority that includes:
   a. An identification of each concern about the delivery of services related to resident care, and
   b. Any change made or action taken as a result of the identification of a concern about the delivery of services related to resident care; and
3. The report required in subsection (2) and the supporting documentation for the report are maintained for at least 12 months after the date the report is submitted to the governing authority.

**R9-10-805. Contracted Services**

A manager shall ensure that:
1. Contracted services are provided according to the requirements in this Article, and
2. Documentation of current contracted services is maintained that includes a description of the contracted services provided.

**R9-10-806. Personnel**

**A.** A manager shall ensure that:
1. A caregiver:
   a. Is 18 years of age or older; and
   b. Provides documentation of:
      i. Completion of a caregiver training program approved by the Department or the Board of Examiners for Nursing Care Institution Administrators and Assisted Living Facility Managers;
      ii. For supervisory care services, employment as a manager or caregiver of a supervisory care home before November 1, 1998;
      iii. For supervisory care services or personal care services, employment as a manager or caregiver of a supportive residential living center before November 1, 1998; or
      iv. For supervisory care services, personal care services, or directed services, one of the following:
         (1) A nursing care institution administrator's license issued by the Board of Examiners;
         (2) A nurse's license issued to the individual under A.R.S. Title 32, Chapter 15;
         (3) Documentation of employment as a manager or caregiver of an unclassified residential care institution before November 1, 1998; or
         (4) Documentation of sponsorship of or employment as a caregiver in an adult foster care home before November 1, 1998;
2. An assistant caregiver:
   a. Is 16 years of age or older, and
   b. Interacts with residents under the supervision of a manager or caregiver;
3. The qualifications, skills, and knowledge required for a caregiver or assistant caregiver:
   a. Are based on:
      i. The type of assisted living services, behavioral health services, or behavioral care expected to be provided by the caregiver or assistant caregiver according to the established job description; and
      ii. The acuity of the residents receiving assisted living services, behavioral health services, or behavioral care from the caregiver or assistant caregiver according to the established job description; and
   b. Include:
      i. The specific skills and knowledge necessary for the caregiver or assistant caregiver to provide the expected assisted living services, behavioral health services, or behavioral care listed in the established job description;

ii. The type and duration of education that may allow the caregiver or assistant caregiver to have acquired the specific skills and knowledge for the caregiver or assistant caregiver to provide the expected assisted living services, behavioral health services, or behavioral care listed in the established job description; and
iii. The type and duration of experience that may allow the caregiver or assistant caregiver to have acquired the specific skills and knowledge for the caregiver or assistant caregiver to provide the expected assisted living services, behavioral health services or behavioral care listed in the established job description;

4. A caregiver's or assistant caregiver's skills and knowledge are verified and documented:
   a. Before the caregiver or assistant caregiver provides physical health services or behavioral health services, and
   b. According to policies and procedures;
5. An assisted living facility has a manager, caregivers, and assistant caregivers with the qualifications, experience, skills, and knowledge necessary to:
   a. Provide the assisted living services, behavioral health services, behavioral care, and ancillary services in the assisted living facility's scope of services;
   b. Meet the needs of a resident; and
   c. Ensure the health and safety of a resident;
6. At least one manager or caregiver is present and awake at an assisted living center when a resident is on the premises;
7. Documentation is maintained for at least 12 months after the last date on the documentation of the caregivers and assistant caregivers working each day, including the hours worked by each;
8. A manager, a caregiver, and an assistant caregiver, or an employee or a volunteer who has or is expected to have more than eight hours per week of direct interaction with residents, provides evidence of freedom from infectious tuberculosis:
   a. On or before the date the individual begins providing services at or on behalf of the assisted living facility, and
   b. As specified in R9-10-113;
9. Before providing assisted living services to a resident, a caregiver or an assistant caregiver receives orientation that is specific to the duties to be performed by the caregiver or assistant caregiver; and
10. Before providing assisted living services to a resident, a manager or caregiver provides current documentation of first aid training and cardiopulmonary resuscitation training certification specific to adults.

**B.** A manager of an assisted living home shall ensure that:
1. An individual residing in an assisted living home, who is not a resident, a manager, a caregiver, or an assistant caregiver:
   a. Either:
      i. Complies with the fingerprinting requirements in A.R.S. § 36-411, or
      ii. Interacts with residents only under the supervision of an individual who has a valid fingerprint clearance card; and
   b. If the individual is 12 years of age or older, provides evidence of freedom from infectious tuberculosis as specified in R9-10-113;
2. Documentation of compliance with the requirements in subsection (B)(1)(a) and evidence of freedom from infectious tuberculosis, if required under subsection (B)(1)(b), is maintained for an individual residing in the assisted living home who is not a resident, a manager, a caregiver, or an assistant caregiver;
3. As part of the policies and procedures required in R9-10-803(C)(1)(h), a plan is established, documented, and implemented to ensure that the manager or a caregiver is available as back-up to provide assisted living services to a resident if the manager or a caregiver assigned to work is not available or not able to provide the required assisted living services; and
4. At least the manager or a caregiver is present at an assisted living home when a resident is present in the assisted living home and:
   a. Except for nighttime hours, the manager or caregiver is awake; and
   b. If the manager or caregiver is not awake during nighttime hours:
      i. The manager or caregiver can hear and respond to a resident needing assistance; and
      ii. If the assisted living home is authorized to provide directed care services, policies and procedures are developed, documented, and implemented to establish a process for checking on a resident receiving directed care services during nighttime hours to ensure the resident's health and safety.

**C.** A manager shall ensure that a personnel record for each employee or volunteer:
1. Includes:
   a. The individual's name, date of birth, and contact telephone number;
   b. The individual's starting date of employment or volunteer service and, if applicable, the ending date; and
   c. Documentation of:
      i. The individual's qualifications, including skills and knowledge applicable to the individual's job duties;
      ii. The individual's education and experience applicable to the individual's job duties;
      iii. The individual's completed orientation and in-service education required by policies and procedures;
      iv. The individual's license or certification, if the individual is required to be licensed or certified in this Article or in policies and procedures;
      v. If the individual is a behavioral health technician, clinical oversight required in R9-10-115;
      vi. Evidence of freedom from infectious tuberculosis, if required for the individual according to subsection (A)(8);
      vii. Cardiopulmonary resuscitation training, if required for the individual in this Article or policies and procedures;

viii First aid training, if required for the individual in this Article or policies and procedures; and
ix. Documentation of compliance with the requirements in A.R.S. § 36-411(A) and (C);
2. Is maintained:
a. Throughout the individual's period of providing services in or for the assisted living facility, and
b. For at least 24 months after the last date the individual provided services in or for the assisted living facility; and
3. For a manager, a caregiver, or an assistant caregiver who has not provided physical health services or behavioral health services at or for the assisted living facility during the previous 12 months, is provided to the Department within 72 hours after the Department's request.

**R9-10-807. Residency and Residency Agreements**

**A.** Except as provided in R9-10-808(B)(2), a manager shall ensure that a resident provides evidence of freedom from infectious tuberculosis:
1. Before or within seven calendar days after the resident's date of occupancy, and
2. As specified in R9-10-113.

**B.** A manager shall ensure that before or at the time of acceptance of an individual, the individual submits documentation that is dated within 90 calendar days before the individual is accepted by an assisted living facility and:
1. If an individual is requesting or is expected to receive supervisory care services, personal care services, or directed care services:
a. Includes whether the individual requires:
i. Continuous medical services,
ii. Continuous or intermittent nursing services, or
iii. Restraints; and
b. Is dated and signed by a:
i. Physician,
ii. Registered nurse practitioner,
iii. Registered nurse, or
iv. Physician assistant; and
2. If an individual is requesting or is expected to receive behavioral health services, other than behavioral care, in addition to supervisory care services, personal care services, or directed care services from an assisted living facility:
a. Includes whether the individual requires continuous behavioral health services, and
b. Is signed and dated by a behavioral health professional.

**C.** A manager shall not accept or retain an individual if:
1. The individual requires continuous:
a. Medical services;
b. Nursing services, unless the assisted living facility complies with A.R.S. § 36-401(C); or
c. Behavioral health services;
2. The primary condition for which the individual needs assisted living services is a behavioral health issue;
3. The services needed by the individual are not within the assisted living facility's scope of services and a home health agency or hospice service agency is not involved in the care of the individual;
4. The assisted living facility does not have the ability to provide the assisted living services needed by the individual; or
5. The individual requires restraints, including the use of bedrails.

**D.** Before or at the time of an individual's acceptance by an assisted living facility, a manager shall ensure that there is a documented residency agreement with the assisted living facility that includes:
1. The individual's name;
2. Terms of occupancy, including:
a. Date of occupancy or expected date of occupancy,
b. Resident responsibilities, and
c. Responsibilities of the assisted living facility;
3. A list of the services to be provided by the assisted living facility to the resident;
4. A list of the services available from the assisted living facility at an additional fee or charge;
5. For an assisted living home, whether the manager or a caregiver is awake during nighttime hours;
6. The policy for refunding fees, charges, or deposits;
7. The policy and procedure for a resident to terminate residency, including terminating residency because services were not provided to the resident according to the resident's service plan;
8. The policy and procedure for an assisted living facility to terminate residency;
9. The complaint process; and
10. The manager's signature and date signed.

**E.** Before or within five working days after a resident's acceptance by an assisted living facility, a manager shall obtain on the documented agreement, required in subsection (D), the signature of one of the following individuals:
1. The resident,

2. The resident's representative,
3. The resident's legal guardian, or
4. Another individual who has been designated by the individual under A.R.S. § 36-3221 to make health care decisions on the individual's behalf.

**F.** A manager shall:
1. Before or at the time of an individual's acceptance by an assisted living facility, provide to the resident or resident's representative a copy of:
   a. The residency agreement in subsection (D),
   b. Resident's rights, and
   c. The policy and procedure on health care directives; and
2. Maintain the original of the residency agreement in subsection (D) in the resident's medical record.

**G.** A manager may terminate residency of a resident as follows:
1. Without notice, if the resident exhibits behavior that is an immediate threat to the health and safety of the resident or other individuals in an assisted living facility;
2. With a 14-calendar-day written notice of termination of residency:
   a. For nonpayment of fees, charges, or deposit; or
   b. Under any of the conditions in subsection (C); or
3. With a 30-calendar-day written notice of termination of residency, for any other reason.

**H.** A manager shall ensure that the written notice of termination of residency in subsection (G) includes:
1. The date of notice;
2. The reason for termination;
3. The policy for refunding fees, charges, or deposits;
4. The deposition of a resident's fees, charges, and deposits; and
5. Contact information for the State Long-Term Care Ombudsman.

**I.** A manager shall provide the following to a resident when the manager provides the written notice of termination of residency in subsection (G):
1. A copy of the resident's current service plan, and
2. Documentation of the resident's freedom from infectious tuberculosis.

**J.** If an assisted living facility issues a written notice of termination of residency as provided in subsection (G) to a resident or the resident's representative because the resident needs services the assisted living facility is either not licensed to provide or is licensed to provide but not able to provide, a manager shall ensure that the written notice of termination of residency includes a description of the specific services that the resident needs that the assisted living facility is either not licensed to provide or is licensed to provide but not able to provide.

**R9-10-808. Service Plans**

**A.** Except as required in subsection (B), a manager shall ensure that a resident has a written service plan that:
1. Is completed no later than 14 calendar days after the resident's date of acceptance;
2. Is developed with assistance and review from:
   a. The resident or resident's representative,
   b. The manager, and
   c. Any individual requested by the resident or the resident's representative;
3. Includes the following:
   a. A description of the resident's medical or health problems, including physical, behavioral, cognitive, or functional conditions or impairments;
   b. The level of service the resident is expected to receive;
   c. The amount, type, and frequency of assisted living services being provided to the resident, including medication administration or assistance in the self-administration of medication;
   d. For a resident who requires intermittent nursing services or medication administration, review by a nurse or medical practitioner;
   e. For a resident who requires behavioral care:
      i. Any of the following that is necessary to provide assistance with the resident's psychosocial interactions to manage the resident's behavior:
         (1) The psychosocial interactions or behaviors for which the resident requires assistance,
         (2) Psychotropic medications ordered for the resident,
         (3) Planned strategies and actions for changing the resident's psychosocial interactions or behaviors, and
         (4) Goals for changes in the resident's psychosocial interactions or behaviors; and
      ii. Review by a medical practitioner or behavioral health professional; and
   f. For a resident who will be storing medication in the resident's bedroom or residential unit, how the medication will be stored and controlled;
4. Is reviewed and updated based on changes in the requirements in subsections (A)(3)(a) through (f):

a. No later than 14 calendar days after a significant change in the resident's physical, cognitive, or functional condition; and
b. As follows:
i. At least once every 12 months for a resident receiving supervisory care services,
ii. At least once every six months for a resident receiving personal care services, and
iii. At least once every three months for a resident receiving directed care services; and

5. When initially developed and when updated, is signed and dated by:
a. The resident or resident's representative;
b. The manager;
c. If a review is required in subsection (A)(3)(d), the nurse or medical practitioner who reviewed the service plan; and
d. If a review is required in subsection (A)(3)(e)(ii), the medical practitioner or behavioral health professional who reviewed the service plan.

**B.** For a resident receiving respite care services, a manager shall ensure that:
1. A written service plan is:
a. Based on a determination of the resident's current needs and:
i. Is completed no later than three working days after the resident's date of acceptance; or
ii. If the resident has a service plan in the resident's medical record that was developed within the previous 12 months, is reviewed and updated based on changes in the requirements in subsections (A)(3)(a) through (f) within three working days after the resident's date of acceptance; and
b. If a significant change in the resident's physical, cognitive, or functional condition occurs while the resident is receiving respite care services, updated based on changes in the requirements in subsections (A)(3)(a) through (f) within three working days after the significant change occurs; and
2. If the resident is not expected to be present in the assisted living facility for more than seven calendar days, the resident is not required to comply with the requirements in R9-10-807(A).

**C.** A manager shall ensure that:
1. A caregiver or an assistant caregiver:
a. Provides a resident with the assisted living services in the resident's service plan;
b. Is only assigned to provide the assisted living services the caregiver or assistant caregiver has the documented skills and knowledge to perform;
c. Provides assistance with activities of daily living according to the resident's service plan;
d. If applicable, suggests techniques a resident may use to maintain or improve the resident's independence in performing activities of daily living;
e. Provides assistance with, supervises, or directs a resident's personal hygiene according to the resident's service plan;
f. Encourages a resident to participate in activities planned according to subsection (E); and
g. Documents the services provided in the resident's medical record; and
2. A volunteer or an assistant caregiver who is 16 or 17 years of age does not provide:
a. Assistance to a resident for:
i. Bathing,
ii. Toileting, or
iii. Moving the resident's body from one surface to another surface;
b. Assistance in the self-administration of medication;
c. Medication administration; or
d. Nursing services.

**D.** A manager of an assisted living facility that is authorized to provide adult day health services shall ensure that the adult day health care services are provided as specified in R9-10-1113.

**E.** A manager shall ensure that:
1. Daily social, recreational, or rehabilitative activities are planned according to residents' preferences, needs, and abilities;
2. A calendar of planned activities is:
a. Prepared at least one week in advance of the date the activity is provided,
b. Posted in a location that is easily seen by residents,
c. Updated as necessary to reflect substitutions in the activities provided, and
d. Maintained for at least 12 months after the last scheduled activity;
3. Equipment and supplies are available and accessible to accommodate a resident who chooses to participate in a planned activity; and
4. Multiple media sources, such as daily newspapers, current magazines, internet sources, and a variety of reading materials, are available and accessible to a resident to maintain the resident's continued awareness of current news, social events, and other noteworthy information.

**F.** If a resident is not receiving assistance with the resident's psychosocial interactions under the direction of a behavioral health professional or any other behavioral health services at an assisted living facility, the resident is not considered to be receiving behavioral care or behavioral health services from the assisted living facility if the resident:
1. Is prescribed a psychotropic medication, or
2. Is receiving directed care services and has a primary diagnosis of:
   a. Dementia,
   b. Alzheimer's disease-related dementia, or
   c. Traumatic brain injury.

**R9-10-809. Transport; Transfer**

**A.** Except as provided in subsection (B), a manager shall ensure that:
1. A caregiver or employee coordinates the transport and the services provided to the resident;
2. According to policies and procedures:
   a. An evaluation of the resident is conducted before and after the transport, and
   b. Information from the resident's medical record is provided to a receiving health care institution; and
3. Documentation includes:
   a. If applicable, any communication with an individual at a receiving health care institution;
   b. The date and time of the transport; and
   c. If applicable, the name of the caregiver accompanying the resident during a transport.

**B.** Subsection (A) does not apply to:
1. Transportation to a location other than a licensed health care institution,
2. Transportation provided for a resident by the resident or the resident's representative,
3. Transportation provided by an outside entity that was arranged for a resident by the resident or the resident's representative, or
4. A transport to another licensed health care institution in an emergency.

**C.** Except for a transfer of a resident due to an emergency, a manager shall ensure that:
1. A caregiver coordinates the transfer and the services provided to the resident;
2. According to policies and procedures:
   a. An evaluation of the resident is conducted before the transfer;
   b. Information from the resident's medical record, including orders that are in effect at the time of the transfer, is provided to a receiving health care institution; and
   c. A caregiver explains risks and benefits of the transfer to the resident or the resident's representative; and
3. Documentation in the resident's medical record includes:
   a. Communication with an individual at a receiving health care institution;
   b. The date and time of the transfer;
   c. The mode of transportation; and
   d. If applicable, the name of the caregiver accompanying the resident during a transfer.

**R9-10-810. Resident Rights**

**A.** A manager shall ensure that, at the time of acceptance, a resident or the resident's representative receives a written copy of the requirements in subsection (B) and the resident rights in subsection (C).

**B.** A manager shall ensure that:
1. A resident is treated with dignity, respect, and consideration;
2. A resident is not subjected to:
   a. Abuse;
   b. Neglect;
   c. Exploitation;
   d. Coercion;
   e. Manipulation;
   f. Sexual abuse;
   g. Sexual assault;
   h. Seclusion;
   i. Restraint;
   j. Retaliation for submitting a complaint to the Department or another entity; or
   k. Misappropriation of personal and private property by the assisted living facility's manager, caregivers, assistant caregivers, employees, or volunteers; and
3. A resident or the resident's representative:
   a. Is informed of the following:
      i. The policy on health care directives, and
      ii. The resident complaint process;
   b. Consents to photographs of the resident before the resident is photographed, except that a resident may be photographed when accepted as a resident by an assisted living facility for identification and administrative purposes;

c. Except as otherwise permitted by law, provides written consent before the release of information in the resident's:
   i. Medical record, or
   ii. Financial records;
d. May:
   i. Request or consent to relocation within the assisted living facility; and
   ii. Except when relocation is necessary based on a change in the resident's condition as documented in the resident's service plan, refuse relocation within the assisted living facility;
e. Has access to the resident's records during normal business hours or at a time agreed upon by the resident or resident's representative and the manager; and
f. Is informed of:
   i. The rates and charges for services before the services are initiated;
   ii. A change in rates or charges at least 30 calendar days before the change is implemented, unless the change in rates or charges results from a change in services; and
   iii. A change in services at least 30 calendar days before the change is implemented, unless the resident's service plan changes.

**C.** A resident has the following rights:
1. Not to be discriminated against based on race, national origin, religion, gender, sexual orientation, age, disability, marital status, or diagnosis;
2. To receive assisted living services that support and respect the resident's individuality, choices, strengths, and abilities;
3. To receive privacy in:
   a. Care for personal needs;
   b. Correspondence, communications, and visitation; and
   c. Financial and personal affairs;
4. To maintain, use, and display personal items unless the personal items constitute a hazard;
5. To choose to participate or refuse to participate in social, recreational, rehabilitative, religious, political, or community activities;
6. To review, upon written request, the resident's own medical record;
7. To receive a referral to another health care institution if the assisted living facility is not authorized or not able to provide physical health services or behavioral health services needed by the patient;
8. To choose to access services from a health care provider, health care institution, or pharmacy other than the assisted living facility where the resident is residing and receiving services or a health care provider, health care institution, or pharmacy recommended by the assisted living facility;
9. To participate or have the resident's representative participate in the development of, or decisions concerning, the resident's service plan; and
10. To receive assistance from a family member, the resident's representative, or other individual in understanding, protecting, or exercising the resident's rights.

**R9-10-811. Medical Records**

**A.** A manager shall ensure that:
1. A medical record is established and maintained for each resident according to A.R.S. Title 12, Chapter 13, Article 7.1;
2. An entry in a resident's medical record is:
   a. Only recorded by an individual authorized by policies and procedures to make the entry;
   b. Dated, legible, and authenticated; and
   c. Not changed to make the initial entry illegible;
3. If a rubber-stamp signature or an electronic signature is used to authenticate an order, the individual whose signature the rubber-stamp signature or electronic signature represents is accountable for the use of the rubber-stamp signature or electronic signature;
4. A resident's medical record is available to an individual:
   a. Authorized according to policies and procedures to access the resident's medical record;
   b. If the individual is not authorized according to policies and procedures, with the written consent of the resident or the resident's representative; or
   c. As permitted by law; and
5. A resident's medical record is protected from loss, damage, or unauthorized use.

**B.** If an assisted living facility maintains residents' medical records electronically, a manager shall ensure that:
1. Safeguards exist to prevent unauthorized access, and
2. The date and time of an entry in a resident's medical record is recorded by the computer's internal clock.

**C.** A manager shall ensure that a resident's medical record contains:
1. Resident information that includes:
   a. The resident's name, and
   b. The resident's date of birth;

2. The names, addresses, and telephone numbers of:
   a. The resident's primary care provider;
   b. Other persons, such as a home health agency or hospice service agency, involved in the care of the resident; and
   c. An individual to be contacted in the event of emergency, significant change in the resident's condition, or termination of residency;
3. If applicable, the name and contact information of the resident's representative and:
   a. The document signed by the resident consenting for the resident's representative to act on the resident's behalf; or
   b. If the resident's representative:
      i. Has a health care power of attorney established under A.R.S. § 36-3221 or a mental health care power of attorney executed under A.R.S. § 36-3282, a copy of the health care power of attorney or mental health care power of attorney; or
      ii. Is a legal guardian, a copy of the court order establishing guardianship;
4. The date of acceptance and, if applicable, date of termination of residency;
5. Documentation of the resident's needs required in R9-10-807(B);
6. Documentation of general consent and informed consent, if applicable;
7. Except as allowed in R9-10-808(B)(2), documentation of freedom from infectious tuberculosis as required in R9-10-807(A);
8. A copy of resident's health care directive, if applicable;
9. The resident's signed residency agreement and any amendments;
10. Resident's service plan and updates;
11. Documentation of assisted living services provided to the resident;
12. A medication order from a medical practitioner for each medication that is administered to the resident or for which the resident receives assistance in the self-administration of the medication;
13. Documentation of medication administered to the resident or for which the resident received assistance in the self-administration of medication that includes:
    a. The date and time of administration or assistance;
    b. The name, strength, dosage, and route of administration;
    c. The name and signature of the individual administering or providing assistance in the self-administration of medication; and
    d. An unexpected reaction the resident has to the medication;
14. Documentation of the resident's refusal of a medication, if applicable;
15. If applicable, documentation of any actions taken to control the resident's sudden, intense, or out-of-control behavior to prevent harm to the resident or another individual;
16. If applicable, documentation of a determination by a medical practitioner that evacuation from the assisted living facility during an evacuation drill would cause harm to the resident;
17. Documentation of notification of the resident of the availability of vaccination for influenza and pneumonia, according to A.R.S. § 36-406(1)(d);
18. Documentation of the resident's orientation to exits from the assisted living facility required in R9-10-818(B);
19. If a resident is receiving behavioral health services other than behavioral care, documentation of the determination in R9-10-813(3);
20. If a resident is receiving behavioral care, documentation of the determination in R9-10-812(3);
21. If applicable, for a resident who is unable to direct self-care, the information required in R9-10-815(F);
22. Documentation of any significant change in a resident's behavior, physical, cognitive, or functional condition and the action taken by a manager or caregiver to address the resident's changing needs;
23. Documentation of the notification required in R9-10-803(G) if the resident is incapable of handling financial affairs; and
24. If the resident no longer resides and receives assisted living services from the assisted living facility:
    a. A written notice of termination of residency; or
    b. If the resident terminated residency, the date the resident terminated residency.

**R9-10-812. Behavioral Care**

A manager shall ensure that for a resident who requests or receives behavioral care from the assisted living facility, a behavioral health professional or medical practitioner:

1. Evaluates the resident:
   a. Within 30 calendar days before acceptance of the resident or before the resident begins receiving behavioral care, and
   b. At least once every six months throughout the duration of the resident's need for behavioral care;
2. Reviews the assisted living facility's scope of services; and
3. Signs and dates a determination stating that the resident's need for behavioral care can be met by the assisted living facility within the assisted living facility's scope of services and, for retention of a resident, are being met by the assisted living facility.

**R9-10-813. Behavioral Health Services**

If an assisted living facility is authorized to provide behavioral health services other than behavioral care, a manager shall ensure that:

1. Policies and procedures are established, documented, and implemented that cover when general consent and informed consent are required and by whom general consent and informed consent may be given;
2. The behavioral health services:

a. Are provided under the direction of a behavioral health professional; and
b. Comply with the requirements:
i. For behavioral health paraprofessionals and behavioral health technicians, in R9-10-115; and
ii. For an assessment, in R9-10-1011(B); and
3. For a resident who requests or receives behavioral health services from the assisted living facility, a behavioral health professional:
a. Evaluates the resident within 30 calendar days before acceptance of the resident and at least once every six months throughout the duration of the resident's need for behavioral health services;
b. Reviews the assisted living facility's scope of services; and
c. Signs and dates a determination stating that the resident's needs can be met by the assisted living facility within the assisted living facility's scope of services and, for retention of a resident, are being met by the assisted living facility.

**R9-10-814. Personal Care Services**

**A.** A manager of an assisted living facility authorized to provide personal care services shall not accept or retain a resident who:
1. Is unable to direct self-care;
2. Except as specified in subsection (B), is confined to a bed or chair because of an inability to ambulate even with assistance; or
3. Except as specified in subsection (C), has a stage 3 or stage 4 pressure sore, as determined by a registered nurse or medical practitioner.

**B.** A manager of an assisted living facility authorized to provide personal care services may accept or retain a resident who is confined to a bed or chair because of an inability to ambulate even with assistance if:
1. The condition is a result of a short-term illness or injury; or
2. The following requirements are met at the onset of the condition or when the resident is accepted by the assisted living facility:
a. The resident or resident's representative requests that the resident be accepted by or remain in the assisted living facility;
b. The resident's primary care provider or other medical practitioner:
i. Examines the resident at the onset of the condition, or within 30 calendar days before acceptance, and at least once every six months throughout the duration of the resident's condition;
ii. Reviews the assisted living facility's scope of services; and
iii. Signs and dates a determination stating that the resident's needs can be met by the assisted living facility within the assisted living facility's scope of services and, for retention of a resident, are being met by the assisted living facility; and
c. The resident's service plan includes the resident's increased need for personal care services.

**C.** A manager of an assisted living facility authorized to provide personal care services may accept or retain a resident who has a stage 3 or stage 4 pressure sore, as determined by a registered nurse or medical practitioner, if the requirements in subsection (B)(2) are met.

**D.** A manager of an assisted living facility authorized to provide personal care services may accept or retain a resident who:
1. Is receiving nursing services from a home health agency or a hospice service agency; or
2. Requires intermittent nursing services if:
a. The resident's condition for which nursing services are required is a result of a short-term illness or injury, and
b. The requirements of subsection (B)(2) are met.

**E.** A manager shall ensure that a bell, intercom, or other mechanical means to alert employees to a resident's needs or emergencies is available and accessible in a bedroom or residential unit being used by a resident receiving personal care services.

**F.** In addition to the requirements in R9-10-808(A)(3), a manager shall ensure that the service plan for a resident receiving personal care services includes:
1. Skin maintenance to prevent and treat bruises, injuries, pressure sores, and infections;
2. Offering sufficient fluids to maintain hydration;
3. Incontinence care that ensures that a resident maintains the highest practicable level of independence when toileting; and
4. If applicable, the determination in subsection (B)(2)(b)(iii).

**G.** A manager shall ensure that an employee does not provide non-prescription medication to a resident receiving personal care services unless the resident has an order from the resident's primary care provider or another medical practitioner for the non-prescription medication.

**R9-10-815. Directed Care Services**

**A.** A manager shall ensure that a resident's representative is designated for a resident who is unable to direct self-care.

**B.** A manager of an assisted living facility authorized to provide directed care services shall not accept or retain a resident who, except as provided in R9-10-814(B)(2):
1. Is confined to a bed or chair because of an inability to ambulate even with assistance; or
2. Has a stage 3 or stage 4 pressure sore, as determined by a registered nurse or medical practitioner.

**C.** In addition to the requirements in R9-10-808(A)(3), a manager shall ensure that the service plan for a resident receiving directed care services includes:
1. The requirements in R9-10-814(F)(1) through (3);
2. If applicable, the determination in R9-10-814(B)(2)(b)(iii);

3. Cognitive stimulation and activities to maximize functioning;
4. Strategies to ensure a resident's personal safety;
5. Encouragement to eat meals and snacks;
6. Documentation:
   a. Of the resident's weight, or
   b. From a medical practitioner stating that weighing the resident is contraindicated; and
7. Coordination of communications with the resident's representative, family members, and, if applicable, other individuals identified in the resident's service plan.

**D.** A manager shall ensure that an employee does not provide non-prescription medication to a resident receiving directed care services unless the resident has an order from a medical practitioner for the non-prescription medication.

**E.** A manager shall ensure that:
1. A bell, intercom, or other mechanical means to alert employees to a resident's needs or emergencies is available in a bedroom being used by a resident receiving directed care services; or
2. An assisted living facility has implemented another means to alert a caregiver or assistant caregiver to a resident's needs or emergencies.

**F.** A manager of an assisted living facility authorized to provide directed care services shall ensure that:
1. Policies and procedures are established, documented, and implemented that ensure the safety of a resident who may wander;
2. There is a means of exiting the facility for a resident who does not have a key, special knowledge for egress, or the ability to expend increased physical effort that meets one of the following:
   a. Provides access to an outside area that:
      i. Allows the resident to be at least 30 feet away from the facility, and
      ii. Controls or alerts employees of the egress of a resident from the facility;
   b. Provides access to an outside area:
      i. From which a resident may exit to a location at least 30 feet away from the facility, and
      ii. Controls or alerts employees of the egress of a resident from the facility; or
   c. Uses a mechanism that meets the Special Egress-Control Devices provisions in the International Building Code incorporated by reference in R9-10-104.01; and
3. A caregiver or an assistant caregiver complies with the requirements for incidents in R9-10-804 when a resident who is unable to direct self-care wanders into an area not designated by the governing authority for use by the resident.

**R9-10-816. Medication Services**

**A.** A manager shall ensure that:
1. Policies and procedures for medication services include:
   a. Procedures for preventing, responding to, and reporting a medication error;
   b. Procedures for responding to and reporting an unexpected reaction to a medication;
   c. Procedures to ensure that a resident's medication regimen and method of administration is reviewed by a medical practitioner to ensure the medication regimen meets the resident's needs;
   d. Procedures for:
      i. Documenting, as applicable, medication administration and assistance in the self-administration of medication; and
      ii. Monitoring a resident who self-administers medication;
   e. Procedures for assisting a resident in procuring medication; and
   f. If applicable, procedures for providing medication administration or assistance in the self-administration of medication off the premises; and
2. If a verbal order for a resident's medication is received from a medical practitioner by the assisted living facility:
   a. The manager or a caregiver takes the verbal order from the medical practitioner,
   b. The verbal order is documented in the resident's medical record, and
   c. A written order verifying the verbal order is obtained from the medical practitioner within 14 calendar days after receiving the verbal order.

**B.** If an assisted living facility provides medication administration, a manager shall ensure that:
1. Medication is stored by the assisted living facility;
2. Policies and procedures for medication administration:
   a. Are reviewed and approved by a medical practitioner, registered nurse, or pharmacist;
   b. Include a process for documenting an individual, authorized, according to the definition of "administer" in A.R.S. § 32-1901, by a medical practitioner to administer medication under the direction of the medical practitioner;
   c. Ensure that medication is administered to a resident only as prescribed; and
   d. Cover the documentation of a resident's refusal to take prescribed medication in the resident's medical record; and
3. A medication administered to a resident:
   a. Is administered by an individual under direction of a medical practitioner,
   b. Is administered in compliance with a medication order, and
   c. Is documented in the resident's medical record.

**C.** If an assisted living facility provides assistance in the self-administration of medication, a manager shall ensure that:
1. A resident's medication is stored by the assisted living facility;
2. The following assistance is provided to a resident:
   a. A reminder when it is time to take the medication;
   b. Opening the medication container or medication organizer for the resident;
   c. Observing the resident while the resident removes the medication from the container or medication organizer;
   d. Except when a resident uses a medication organizer, verifying that the medication is taken as ordered by the resident's medical practitioner by confirming that:
      i. The resident taking the medication is the individual stated on the medication container label,
      ii. The resident is taking the dosage of the medication stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label, and
      iii. The resident is taking the medication at the time stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label;
   e. For a resident using a medication organizer, verifying that the resident is taking the medication in the medication organizer according to the schedule specified on the medical practitioner's order; or
   f. Observing the resident while the resident takes the medication;
3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a medical practitioner or nurse; and
4. Assistance in the self-administration of medication provided to a resident:
   a. Is in compliance with an order, and
   b. Is documented in the resident's medical record.

**D.** A manager shall ensure that:
1. A current drug reference guide is available for use by personnel members, and
2. A current toxicology reference guide is available for use by personnel members.

**E.** A manager shall ensure that a resident's medication organizer is only filled by:
1. The resident;
2. The resident's representative;
3. A family member of the resident;
4. A personnel member of a home health agency or hospice service agency; or
5. The manager or a caregiver who has been designated and is under the direction of a medical practitioner, according to subsection (B)(2)(b).

**F.** When medication is stored by an assisted living facility, a manager shall ensure that:
1. Medication is stored in a separate locked room, closet, cabinet, or self-contained unit used only for medication storage;
2. Medication is stored according to the instructions on the medication container; and
3. Policies and procedures are established, documented, and implemented for:
   a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication including expired medication;
   b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
   c. A medication recall and notification of residents who received recalled medication; and
   d. Storing, inventorying, and dispensing controlled substances.

**G.** A manager shall ensure that a caregiver immediately reports a medication error or a resident's unexpected reaction to a medication to the medical practitioner who ordered the medication or, if the medical practitioner who ordered the medication is not available, another medical practitioner.

**H.** If medication is stored by a resident in the resident's bedroom or residential unit, a manager shall ensure that:
1. The medication is stored according to the resident's service plan; or
2. If the medication is not being stored according to the resident's service plan, the resident's service plan is updated to include how the medication is being stored by the resident.

**R9-10-817. Food Services**

**A.** A manager shall ensure that:
1. A food menu:
   a. Is prepared at least one week in advance,
   b. Includes the foods to be served each day,
   c. Is conspicuously posted at least one calendar day before the first meal on the food menu is served,
   d. Includes any food substitution no later than the morning of the day of meal service with a food substitution, and
   e. Is maintained for at least 60 calendar days after the last day included in the food menu;
2. Meals and snacks provided by the assisted living facility are served according to posted menus;

3. If the assisted living facility contracts with a food establishment, as established in 9 A.A.C. 8, Article 1, to prepare and deliver food to the assisted living facility, a copy of the food establishment's license or permit under 9 A.A.C. 8, Article 1 is maintained by the assisted living facility;
4. The assisted living facility is able to store, refrigerate, and reheat food to meet the dietary needs of a resident;
5. Meals and snacks for each day are planned using the applicable guidelines in http://www.health.gov/dietaryguidelines/2015;
6. A resident is provided a diet that meets the resident's nutritional needs as specified in the resident's service plan;
7. Water is available and accessible to residents at all times, unless otherwise stated in a medical practitioner's order; and
8. A resident requiring assistance to eat is provided with assistance that recognizes the resident's nutritional, physical, and social needs, including the provision of adaptive eating equipment or utensils, such as a plate guard, rocking fork, or assistive hand device, if not provided by the resident.

**B.** If the assisted living facility offers therapeutic diets, a manager shall ensure that:
1. A current therapeutic diet manual is available for use by employees, and
2. The therapeutic diet is provided to a resident according to a written order from the resident's primary care provider or another medical practitioner.

**C.** A manager shall ensure that food is obtained, prepared, served, and stored as follows:
1. Food is free from spoilage, filth, or other contamination and is safe for human consumption;
2. Food is protected from potential contamination;
3. Food is prepared:
   a. Using methods that conserve nutritional value, flavor, and appearance; and
   b. In a form to meet the needs of a resident, such as cut, chopped, ground, pureed, or thickened;
4. Potentially hazardous food is maintained as follows:
   a. Foods requiring refrigeration are maintained at 41° F or below; and
   b. Foods requiring cooking are cooked to heat all parts of the food to a temperature of at least 145° F for 15 seconds, except that:
      i. Ground beef and ground meats are cooked to heat all parts of the food to at least 155° F;
      ii. Poultry, poultry stuffing, stuffed meats, and stuffing that contains meat are cooked to heat all parts of the food to at least 165° F;
      iii. Pork and any food containing pork are cooked to heat all parts of the food to at least 155° F;
      iv. Raw shell eggs for immediate consumption are cooked to at least 145° F for 15 seconds and any food containing raw shell eggs is cooked to heat all parts of the food to at least 155 °F;
      v. Roast beef and beef steak are cooked to an internal temperature of at least 155° F; and
      vi. Leftovers are reheated to a temperature of at least 165° F;
5. A refrigerator used by an assisted living facility to store food or medication contains a thermometer, accurate to plus or minus 3° F, placed at the warmest part of the refrigerator;
6. Frozen foods are stored at a temperature of 0° F or below; and
7. Tableware, utensils, equipment, and food-contact surfaces are clean and in good repair.

**D.** A manager of an assisted living center shall ensure that:
1. The assisted living center has a license or permit as a food establishment under 9 A.A.C. 8, Article 1; and
2. A copy of the assisted living center's food establishment license or permit is maintained.

**R9-10-818. Emergency and Safety Standards**

**A.** A manager shall ensure that:
1. A disaster plan is developed, documented, maintained in a location accessible to caregivers and assistant caregivers, and, if necessary, implemented that includes:
   a. When, how, and where residents will be relocated;
   b. How a resident's medical record will be available to individuals providing services to the resident during a disaster;
   c. A plan to ensure each resident's medication will be available to administer to the resident during a disaster; and
   d. A plan for obtaining food and water for individuals present in the assisted living facility or the assisted living facility's relocation site during a disaster;
2. The disaster plan required in subsection (A)(1) is reviewed at least once every 12 months;
3. Documentation of the disaster plan review required in subsection (A)(2) includes:
   a. The date and time of the disaster plan review;
   b. The name of each employee or volunteer participating in the disaster plan review;
   c. A critique of the disaster plan review; and
   d. If applicable, recommendations for improvement;
4. A disaster drill for employees is conducted on each shift at least once every three months and documented;
5. An evacuation drill for employees and residents:
   a. Is conducted at least once every six months; and
   b. Includes all individuals on the premises except for:

i. A resident whose medical record contains documentation that evacuation from the assisted living facility would cause harm to the resident, and
ii. Sufficient caregivers to ensure the health and safety of residents not evacuated according to subsection (A)(5)(b)(i);

6. Documentation of each evacuation drill is created, is maintained for at least 12 months after the date of the evacuation drill, and includes:
   a. The date and time of the evacuation drill;
   b. The amount of time taken for employees and residents to evacuate the assisted living facility;
   c. If applicable:
      i. An identification of residents needing assistance for evacuation, and
      ii. An identification of residents who were not evacuated;
   d. Any problems encountered in conducting the evacuation drill; and
   e. Recommendations for improvement, if applicable; and
7. An evacuation path is conspicuously posted in each hallway of each floor of the assisted living facility.

**B.** A manager shall ensure that:
1. A resident receives orientation to the exits from the assisted living facility and the route to be used when evacuating the assisted living facility within 24 hours after the resident's acceptance by the assisted living facility, and
2. The resident's orientation is documented.

**C.** A manager shall ensure that a first-aid kit is maintained in the assisted living facility in a location accessible to caregivers and assistant caregivers.

**D.** When a resident has an accident, emergency, or injury that results in the resident needing medical services, a manager shall ensure that a caregiver or an assistant caregiver:
1. Immediately notifies the resident's emergency contact and primary care provider; and
2. Documents the following:
   a. The date and time of the accident, emergency, or injury;
   b. A description of the accident, emergency, or injury;
   c. The names of individuals who observed the accident, emergency, or injury;
   d. The actions taken by the caregiver or assistant caregiver;
   e. The individuals notified by the caregiver or assistant caregiver; and
   f. Any action taken to prevent the accident, emergency, or injury from occurring in the future.

**E.** A manager of an assisted living center shall ensure that:
1. Unless the assisted living center has documentation of having received an exception from the Department before October 1, 2013, in the areas of the assisted living center providing personal care services or directed care services:
   a. A fire alarm system is installed according to the National Fire Protection Association 72: National Fire Alarm and Signaling Code, incorporated by reference in R9-10-104.01, and is in working order; and
   b. A sprinkler system is installed according to the National Fire Protection Association 13: Standard for the Installation of Sprinkler Systems, incorporated by reference in R9-10-104.01, and is in working order;
2. For the areas of the assisted living center providing only supervisory care services:
   a. A fire alarm system and a sprinkler system meeting the requirements in subsection (E)(1) are installed and in working order, or
   b. The assisted living center complies with the requirements in subsection (F);
3. A fire inspection is conducted by a local fire department or the State Fire Marshal before licensing and according to the time-frame established by the local fire department or the State Fire Marshal;
4. Any repairs or corrections stated on the fire inspection report are made; and
5. Documentation of a current fire inspection is maintained.

**F.** A manager of an assisted living home shall ensure that:
1. A fire extinguisher that is labeled as rated at least 2A-10-BC by the Underwriters Laboratories is mounted and maintained in the assisted living home;
2. A disposable fire extinguisher is replaced when its indicator reaches the red zone;
3. A rechargeable fire extinguisher:
   a. Is serviced at least once every 12 months, and
   b. Has a tag attached to the fire extinguisher that specifies the date of the last servicing and the identification of the person who serviced the fire extinguisher;
4. Except as provided in subsection (G):
   a. A smoke detector is:
      i. Installed in each bedroom, hallway that adjoins a bedroom, storage room, laundry room, attached garage, and room or hallway adjacent to the kitchen, and other places recommended by the manufacturer;
      ii. Either battery operated or, if hard-wired into the electrical system of the assisted living home, has a back-up battery;
      iii. In working order; and

iv. Tested at least once a month; and
b. Documentation of the test required in subsection (F)(4)(a)(iv) is maintained for at least 12 months after the date of the test;
5. An appliance, light, or other device with a frayed or spliced electrical cord is not used at the assisted living home; and
6. An electrical cord, including an extension cord, is not run under a rug or carpeting, over a nail, or from one room to another at the assisted living home.

**G.** A manager of an assisted living home may use a fire alarm system and a sprinkler system to ensure the safety of residents if the fire alarm system and sprinkler system:
1. Are installed and in working order, and
2. Meet the requirements in subsection (E)(1).

**R9-10-819. Environmental Standards**

**A.** A manager shall ensure that:
1. The premises and equipment used at the assisted living facility are:
   a. Cleaned and, if applicable, disinfected according to policies and procedures designed to prevent, minimize, and control illness or infection; and
   b. Free from a condition or situation that may cause a resident or other individual to suffer physical injury;
2. A pest control program that complies with A.A.C. R3-8-201(C)(4) is implemented and documented;
3. Garbage and refuse are:
   a. Stored in covered containers lined with plastic bags, and
   b. Removed from the premises at least once a week;
4. Heating and cooling systems maintain the assisted living facility at a temperature between 70° F and 84° F at all times, unless individually controlled by a resident;
5. Common areas:
   a. Are lighted to ensure the safety of residents, and
   b. Have lighting sufficient to allow caregivers and assistant caregivers to monitor resident activity;
6. Hot water temperatures are maintained between 95º F and 120º F in areas of an assisted living facility used by residents;
7. The supply of hot and cold water is sufficient to meet the personal hygiene needs of residents and the cleaning and sanitation requirements in this Article;
8. A resident has access to a laundry service or a washing machine and dryer in the assisted living facility;
9. Soiled linen and soiled clothing stored by the assisted living facility are maintained separate from clean linen and clothing and stored in closed containers away from food storage, kitchen, and dining areas;
10. Oxygen containers are secured in an upright position;
11. Poisonous or toxic materials stored by the assisted living facility are maintained in labeled containers in a locked area separate from food preparation and storage, dining areas, and medications and are inaccessible to residents;
12. Combustible or flammable liquids and hazardous materials stored by the assisted living facility are stored in the original labeled containers or safety containers in a locked area inaccessible to residents;
13. Equipment used at the assisted living facility is:
   a. Maintained in working order;
   b. Tested and calibrated according to the manufacturer's recommendations or, if there are no manufacturer's recommendations, as specified in policies and procedures; and
   c. Used according to the manufacturer's recommendations;
14. If pets or animals are allowed in the assisted living facility, pets or animals are:
   a. Controlled to prevent endangering the residents and to maintain sanitation;
   b. Licensed consistent with local ordinances; and
   c. For a dog or cat, vaccinated against rabies;
15. If a water source that is not regulated under 18 A.A.C. 4 by the Arizona Department of Environmental Quality is used:
   a. The water source is tested at least once every 12 months for total coliform bacteria and fecal coliform or *E. coli* bacteria;
   b. If necessary, corrective action is taken to ensure the water is safe to drink; and
   c. Documentation of testing is retained for at least 12 months after the date of the test; and
16. If a non-municipal sewage system is used, the sewage system is in working order and is maintained according to applicable state laws and rules.

**B.** If a swimming pool is located on the premises, a manager shall ensure that:
1. On a day that a resident uses the swimming pool, an employee:
   a. Tests the swimming pool's water quality at least once for compliance with one of the following chemical disinfection standards:
      i. A free chlorine residual between 1.0 and 3.0 ppm as measured by the N, N-Diethyl-p-phenylenediamine test;
      ii. A free bromine residual between 2.0 and 4.0 ppm as measured by the N, N-Diethyl-p-phenylenediamine test; or
      iii. An oxidation-reduction potential equal to or greater than 650 millivolts; and
   b. Records the results of the water quality tests in a log that includes the date tested and test result;
2. Documentation of the water quality test is maintained for at least 12 months after the date of the test; and

3. A swimming pool is not used by a resident if a water quality test shows that the swimming pool water does not comply with subsection (B)(1)(a).

**R9-10-820. Physical Plant Standards**

**A.** A manager shall ensure that an assisted living center complies with the applicable physical plant health and safety codes and standards, incorporated by reference in R9-10-104.01, that:
1. Are applicable to the level of services planned to be provided or being provided; and
2. Were in effect on the date the assisted living facility submitted architectural plans and specifications to the Department for approval, according to R9-10-104.

**B.** A manager shall ensure that:
1. The premises and equipment are sufficient to accommodate:
   a. The services stated in the assisted living facility's scope of services, and
   b. An individual accepted as a resident by the assisted living facility;
2. A common area for use by residents is provided that has sufficient space and furniture to accommodate the recreational and socialization needs of residents;
3. A dining area has sufficient space and tables and chairs to accommodate the needs of the residents;
4. At least one bathroom is accessible from a common area and:
   a. May be used by residents and visitors;
   b. Provides privacy when in use; and
   c. Contains the following:
      i. At least one working sink with running water,
      ii. At least one working toilet that flushes and has a seat,
      iii. Toilet tissue for each toilet,
      iv. Soap in a dispenser accessible from each sink,
      v. Paper towels in a dispenser or a mechanical air hand dryer,
      vi. Lighting, and
      vii. A window that opens or another means of ventilation;
5. An outside activity space is provided and available that:
   a. Is on the premises,
   b. Has a hard-surfaced section for wheelchairs, and
   c. Has an available shaded area;
6. Exterior doors are equipped with ramps or other devices to allow use by a resident using a wheelchair or other assistive device; and
7. The key to the door of a lockable bathroom, bedroom, or residential unit is available to a manager, caregiver, and assistant caregiver.

**C.** A manager shall ensure that:
1. For every eight residents there is at least one working toilet that flushes and has a seat and one sink with running water;
2. For every eight residents there is at least one working bathtub or shower; and
3. A resident bathroom provides privacy when in use and contains:
   a. A mirror;
   b. Toilet tissue for each toilet;
   c. Soap accessible from each sink;
   d. Paper towels in a dispenser or a mechanical air hand dryer for a bathroom that is not in a residential unit and used by more than one resident;
   e. A window that opens or another means of ventilation;
   f. Grab bars for the toilet and, if applicable, the bathtub or shower and other assistive devices, if required to provide for resident safety; and
   g. Nonporous surfaces for shower enclosures and slip-resistant surfaces in tubs and showers.

**D.** A manager shall ensure that:
1. Each resident is provided with a sleeping area in a residential unit or a bedroom;
2. For an assisted living home, a resident's sleeping area is on the ground floor of the assisted living home unless:
   a. The resident is able to direct self-care;
   b. The resident is ambulatory without assistance; and
   c. There are at least two unobstructed, usable exits to the outside from the sleeping area that the resident is capable of using;
3. Except as provided in subsection (E), no more than two individuals reside in a residential unit or bedroom;
4. A resident's sleeping area:
   a. Is not used as a common area;
   b. Is not used as a passageway to a common area, another sleeping area, or common bathroom unless the resident's sleeping area:

i. Was used as a passageway to a common area, another sleeping area, or common bathroom before October 1, 2013; and
ii. Written consent is obtained from the resident or the resident's representative;
c. Is constructed and furnished to provide unimpeded access to the door;
d. Has floor-to-ceiling walls with at least one door;
e. Has access to natural light through a window or a glass door to the outside; and
f. Has a window or door that can be used for direct egress to outside the building;

5. If a resident's sleeping area is in a bedroom, the bedroom has:
a. For a private bedroom, at least 80 square feet of floor space, not including a closet or bathroom;
b. For a shared bedroom, at least 60 square feet of floor space for each individual occupying the shared bedroom, not including a closet or bathroom; and
c. A door that opens into a hallway, common area, or outdoors;

6. If a resident's sleeping area is in a residential unit, the residential unit has:
a. Except as provided in subsection (E)(2), at least 220 square feet of floor space, not including a closet or bathroom, for one individual residing in the residential unit and an additional 100 square feet of floor space, not including a closet or bathroom, for each additional individual residing in the residential unit;
b. An individually keyed entry door;
c. A bathroom that provides privacy when in use and contains:
i. A working toilet that flushes and has a seat;
ii. A working sink with running water;
iii. A working bathtub or shower;
iv. Lighting;
v. A mirror;
vi. A window that opens or another means of ventilation;
vii. Grab bars for the toilet and, if applicable, the bathtub or shower and other assistive devices, if required to provide for resident safety; and
viii. Nonporous surfaces for shower enclosures and slip-resistant surfaces in bathtubs and showers;
d. A resident-controlled thermostat for heating and cooling;
e. A kitchen area equipped with:
i. A working sink and refrigerator,
ii. A cooking appliance that can be removed or disconnected,
iii. Space for food preparation, and
iv. Storage for utensils and supplies; and
f. If not furnished by a resident:
i. An armchair, and
ii. A table where a resident may eat a meal; and

7. If not furnished by a resident, each sleeping area has:
a. A bed, at least 36 inches in width and 72 inches in length, consisting of at least a frame and mattress that is clean and in good repair;
b. Clean linen, including a mattress pad, sheets large enough to tuck under the mattress, pillows, pillow cases, a bedspread, waterproof mattress covers as needed, and blankets to ensure warmth and comfort for the resident;
c. Sufficient light for reading;
d. Storage space for clothing;
e. Individual storage space for personal effects; and
f. Adjustable window covers that provide resident privacy.

**E.** A manager may allow more than two individuals to reside in a residential unit or bedroom if:
1. There is at least 60 square feet for each individual living in the bedroom;
2. There is at least 100 square feet for each individual living in the residential unit; and
3. The manager has documentation that the assisted living facility has been operating since before November 1, 1998, with more than two individuals living in the residential unit or bedroom.

**F.** If there is a swimming pool on the premises of the assisted living facility, a manager shall ensure that:
1. Unless the assisted living facility has documentation of having received an exception from the Department before October 1, 2013, the swimming pool is enclosed by a wall or fence that:
a. Is at least five feet in height as measured on the exterior of the wall or fence;
b. Has no vertical openings greater that four inches across;
c. Has no horizontal openings, except as described in subsection (F)(1)(e);
d. Is not chain-link;
e. Does not have a space between the ground and the bottom fence rail that exceeds four inches in height; and
f. Has a self-closing, self-latching gate that:
i. Opens away from the swimming pool,
ii. Has a latch located at least 54 inches from the ground, and

iii. Is locked when the swimming pool is not in use;

2. A life preserver or shepherd's crook is available and accessible in the swimming pool area; and
3. Pool safety requirements are conspicuously posted in the swimming pool area.

**G.** A manager shall ensure that a spa that is not enclosed by a wall or fence as described in subsection (F)(1) is covered and locked when not in use.

## 36-132. Department of health services; functions; contracts

A. The department, in addition to other powers and duties vested in it by law, shall:

1. Protect the health of the people of the state.

2. Promote the development, maintenance, efficiency and effectiveness of local health departments or districts of sufficient population and area that they can be sustained with reasonable economy and efficient administration, provide technical consultation and assistance to local health departments or districts, provide financial assistance to local health departments or districts and services that meet minimum standards of personnel and performance and in accordance with a plan and budget submitted by the local health department or districts to the department for approval, and recommend the qualifications of all personnel.

3. Collect, preserve, tabulate and interpret all information required by law in reference to births, deaths and all vital facts, and obtain, collect and preserve information relating to the health of the people of this state and the prevention of diseases as may be useful in the discharge of functions of the department not in conflict with chapter 3 of this title and sections 36-693, 36-694 and 39-122.

4. Operate sanitariums, hospitals or other facilities assigned to the department by law or by the governor.

5. Conduct a statewide program of health education relevant to the powers and duties of the department, prepare educational materials and disseminate information as to conditions affecting health, including basic information to promote good health on the part of individuals and communities, and prepare and disseminate technical information concerning public health to the health professions, local health officials and hospitals. In cooperation with the department of education, the department of health services shall prepare and disseminate materials and give technical assistance for the purpose of educating children in hygiene, sanitation and personal and public health, and provide consultation and assistance in community organization to counties, communities and groups of people.

6. Administer or supervise a program of public health nursing, prescribe the minimum qualifications of all public health nurses engaged in official public health work, and encourage and aid in coordinating local public health nursing services.

7. Encourage and aid in coordinating local programs concerning control of preventable diseases in accordance with statewide plans that shall be formulated by the department.

8. Encourage and aid in coordinating local programs concerning maternal and child health, including midwifery, antepartum and postpartum care, infant and preschool health and the health of schoolchildren, including special fields such as the prevention of blindness and conservation of sight and hearing.

9. Encourage and aid in coordinating local programs concerning nutrition of the people of this state.

10. Encourage, administer and provide dental health care services and aid in coordinating local programs concerning dental public health, in cooperation with the Arizona dental association. The department may bill and receive payment for costs associated with providing dental health care services and shall deposit the monies in the oral health fund established by section 36-138.

11. Establish and maintain adequate serological, bacteriological, parasitological, entomological and chemical laboratories with qualified assistants and facilities necessary for routine examinations and analyses and for investigations and research in matters affecting public health.

12. Supervise, inspect and enforce the rules concerning the operation of public bathing places and public and semipublic swimming pools adopted pursuant to section 36-136, subsection I, paragraph 10.

13. Take all actions necessary or appropriate to ensure that bottled water sold to the public and water used to process, store, handle, serve and transport food and drink are free from filth, disease-causing substances and organisms and unwholesome, poisonous, deleterious or other foreign substances. All state agencies and local health agencies involved with water quality shall provide to the department any assistance requested by the director to ensure that this paragraph is effectuated.

14. Enforce the state food, caustic alkali and acid laws in accordance with chapter 2, article 2 of this title, chapter 8, article 1 of this title and chapter 9, article 4 of this title, and collaborate in enforcing the federal food, drug, and cosmetic act (52 Stat. 1040; 21 United States Code sections 1 through 905).

15. Recruit and train personnel for state, local and district health departments.

16. Conduct continuing evaluations of state, local and district public health programs, study and appraise state health problems and develop broad plans for use by the department and for recommendation to other agencies, professions and local health departments for the best solution of these problems.

17. License and regulate health care institutions according to chapter 4 of this title.

18. Issue or direct the issuance of licenses and permits required by law.

19. Participate in the state civil defense program and develop the necessary organization and facilities to meet wartime or other disasters.

20. Subject to the availability of monies, develop and administer programs in perinatal health care, including:

(a) Screening in early pregnancy for detecting high-risk conditions.

(b) Comprehensive prenatal health care.

(c) Maternity, delivery and postpartum care.

(d) Perinatal consultation, including transportation of the pregnant woman to a perinatal care center when medically indicated.

(e) Perinatal education oriented toward professionals and consumers, focusing on early detection and adequate intervention to avert premature labor and delivery.

21. License and regulate the health and safety of group homes and behavioral-supported group homes for persons with developmental disabilities. The department shall issue a license to an

accredited facility for a period of the accreditation, except that a licensing period shall not be longer than three years. The department is authorized to conduct an inspection of an accredited facility to ensure that the facility meets health and safety licensure standards. The results of the accreditation survey shall be public information. A copy of the final accreditation report shall be filed with the department of health services. For the purposes of this paragraph, "accredited" means accredited by a nationally recognized accreditation organization.

B. The department may accept from the state or federal government, or any agency of the state or federal government, and from private donors, trusts, foundations or eleemosynary corporations or organizations grants or donations for or in aid of the construction or maintenance of any program, project, research or facility authorized by this title, or in aid of the extension or enforcement of any program, project or facility authorized, regulated or prohibited by this title, and enter into contracts with the federal government, or an agency of the federal government, and with private donors, trusts, foundations or eleemosynary corporations or organizations, to carry out such purposes. All monies made available under this section are special project grants. The department may also expend these monies to further applicable scientific research within this state.

C. The department, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

D. The department may enter into contracts with organizations that perform nonrenal organ transplant operations and organizations that primarily assist in the management of end-stage renal disease and related problems to provide, as payors of last resort, prescription medications necessary to supplement treatment and transportation to and from treatment facilities. The contracts may provide for department payment of administrative costs it specifically authorizes.

36-136. Powers and duties of director; compensation of personnel; rules; definitions

A. The director shall:

1. Be the executive officer of the department of health services and the state registrar of vital statistics but shall not receive compensation for services as registrar.

2. Perform all duties necessary to carry out the functions and responsibilities of the department.

3. Prescribe the organization of the department. The director shall appoint or remove personnel as necessary for the efficient work of the department and shall prescribe the duties of all personnel. The director may abolish any office or position in the department that the director believes is unnecessary.

4. Administer and enforce the laws relating to health and sanitation and the rules of the department.

5. Provide for the examination of any premises if the director has reasonable cause to believe that on the premises there exists a violation of any health law or rule of this state.

6. Exercise general supervision over all matters relating to sanitation and health throughout this state. When in the opinion of the director it is necessary or advisable, a sanitary survey of the whole or of any part of this state shall be made. The director may enter, examine and survey any source and means of water supply, sewage disposal plant, sewerage system, prison, public or private place of detention, asylum, hospital, school, public building, private institution, factory, workshop,

tenement, public washroom, public restroom, public toilet and toilet facility, public eating room and restaurant, dairy, milk plant or food manufacturing or processing plant, and any premises in which the director has reason to believe there exists a violation of any health law or rule of this state that the director has the duty to administer.

7. Prepare sanitary and public health rules.

8. Perform other duties prescribed by law.

B. If the director has reasonable cause to believe that there exists a violation of any health law or rule of this state, the director may inspect any person or property in transportation through this state, and any car, boat, train, trailer, airplane or other vehicle in which that person or property is transported, and may enforce detention or disinfection as reasonably necessary for the public health if there exists a violation of any health law or rule.

C. The director, after consultation with the department of administration, may take all necessary steps to enhance the highest and best use of the state hospital property, including contracting with third parties to provide services, entering into short-term lease agreements with third parties to occupy or renovate existing buildings and entering into long-term lease agreements to develop the land and buildings. The director shall deposit any monies collected from contracts and lease agreements entered into pursuant to this subsection in the Arizona state hospital charitable trust fund established by section 36-218. At least thirty days before issuing a request for proposals pursuant to this subsection, the department of health services shall hold a public hearing to receive community and provider input regarding the highest and best use of the state hospital property related to the request for proposals. The department shall report to the joint committee on capital review on the terms, conditions and purpose of any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, and the fiscal impact on the department and any revenues generated by the agreement. Any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, must be reviewed by the joint committee on capital review.

D. The director may deputize, in writing, any qualified officer or employee in the department to do or perform on the director's behalf any act the director is by law empowered to do or charged with the responsibility of doing.

E. The director may delegate to a local health department, county environmental department or public health services district any functions, powers or duties that the director believes can be competently, efficiently and properly performed by the local health department, county environmental department or public health services district if:

1. The director or superintendent of the local health department, environmental department or public health services district is willing to accept the delegation and agrees to perform or exercise the functions, powers and duties conferred in accordance with the standards of performance established by the director of the department of health services.

2. Monies appropriated or otherwise made available to the department for distribution to or division among counties or public health services districts for local health work may be allocated or reallocated in a manner designed to ensure the accomplishment of recognized local public health activities and delegated functions, powers and duties in accordance with applicable standards of

performance. If in the director's opinion there is cause, the director may terminate all or a part of any delegation and may reallocate all or a part of any monies that may have been conditioned on the further performance of the functions, powers or duties conferred.

F. The compensation of all personnel shall be as determined pursuant to section 38-611.

G. The director may make and amend rules necessary for the proper administration and enforcement of the laws relating to the public health.

H. Notwithstanding subsection I, paragraph 1 of this section, the director may define and prescribe emergency measures for detecting, reporting, preventing and controlling communicable or infectious diseases or conditions if the director has reasonable cause to believe that a serious threat to public health and welfare exists. Emergency measures are effective for not longer than eighteen months.

I. The director, by rule, shall:

1. Define and prescribe reasonably necessary measures for detecting, reporting, preventing and controlling communicable and preventable diseases. The rules shall declare certain diseases that are reportable. The rules shall prescribe measures, including isolation or quarantine, that are reasonably required to prevent the occurrence of, or to seek early detection and alleviation of, disability, insofar as possible, from communicable or preventable diseases. The rules shall include reasonably necessary measures to control animal diseases that are transmittable to humans.

2. Define and prescribe reasonably necessary measures, in addition to those prescribed by law, regarding the preparation, embalming, cremation, interment, disinterment and transportation of dead human bodies and the conduct of funerals, relating to and restricted to communicable diseases and regarding the removal, transportation, cremation, interment or disinterment of any dead human body.

3. Define and prescribe reasonably necessary procedures that are not inconsistent with law in regard to the use and accessibility of vital records, delayed birth registration and the completion, change and amendment of vital records.

4. Except as relating to the beneficial use of wildlife meat by public institutions and charitable organizations pursuant to title 17, prescribe reasonably necessary measures to ensure that all food or drink, including meat and meat products and milk and milk products sold at the retail level, provided for human consumption is free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe reasonably necessary measures governing the production, processing, labeling, storing, handling, serving and transportation of these products. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained in any warehouse, restaurant or other premises, except a meatpacking plant, slaughterhouse, wholesale meat processing plant, dairy product manufacturing plant or trade product manufacturing plant. The rules shall prescribe minimum standards for any truck or other vehicle in which food or drink is produced, processed, stored, handled, served or transported. The rules shall provide for the inspection and licensing of premises and vehicles so used, and for abatement as public nuisances of any premises or vehicles that do not comply with the rules and minimum standards. The rules shall provide an exemption relating to food or drink that is:

(a) Served at a noncommercial social event such as a potluck.

(b) Prepared at a cooking school that is conducted in an owner-occupied home.

(c) Not potentially hazardous and prepared in a kitchen of a private home for sale or distribution for noncommercial purposes.

(d) Prepared or served at an employee-conducted function that lasts less than four hours and is not regularly scheduled, such as an employee recognition, an employee fundraising or an employee social event.

(e) Offered at a child care facility and limited to commercially prepackaged food that is not potentially hazardous and whole fruits and vegetables that are washed and cut on-site for immediate consumption.

(f) Offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous.

(g) A cottage food product that is prepared in a kitchen of a private home for commercial purposes consistent with chapter 8, article 2 of this title.

(h) A whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption.

(i) Produce in a packing or holding facility that is subject to the United States food and drug administration produce safety rule (21 Code of Federal Regulations part 112) as administered by the Arizona department of agriculture pursuant to title 3, chapter 3, article 4.1. For the purposes of this subdivision, "holding", "packing" and "produce" have the same meanings prescribed in section 3-525.

(j) Spirituous liquor produced on the premises licensed by the department of liquor licenses and control. This exemption includes both of the following:

(i) The area in which production and manufacturing of spirituous liquor occurs, as defined in an active basic permit on file with the United States alcohol and tobacco tax and trade bureau.

(ii) The area licensed by the department of liquor licenses and control as a microbrewery, farm winery or craft distiller that is open to the public and serves spirituous liquor and commercially prepackaged food, crackers or pretzels for consumption on the premises. A producer of spirituous liquor may not provide, allow or expose for common use any cup, glass or other receptacle used for drinking purposes. For the purposes of this item, "common use" means the use of a drinking receptacle for drinking purposes by or for more than one person without the receptacle being thoroughly cleansed and sanitized between consecutive uses by methods prescribed by or acceptable to the department.

(k) Spirituous liquor produced by a producer that is licensed by the department of liquor licenses and control or spirituous liquor imported and sold by wholesalers that is licensed by the department of liquor licenses and control. This exemption includes all commercially prepackaged spirituous liquor and all spirituous liquor poured at a licensed special event, festival or fair in this state.

5. Prescribe reasonably necessary measures to ensure that all meat and meat products for human consumption handled at the retail level are delivered in a manner and from sources approved by the Arizona department of agriculture and are free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe standards for

sanitary facilities to be used in identifying, storing, handling and selling all meat and meat products sold at the retail level.

6. Prescribe reasonably necessary measures regarding production, processing, labeling, handling, serving and transportation of bottled water to ensure that all bottled drinking water distributed for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained at any source of water, bottling plant and truck or vehicle in which bottled water is produced, processed, stored or transported and shall provide for inspection and certification of bottled drinking water sources, plants, processes and transportation and for abatement as a public nuisance of any water supply, label, premises, equipment, process or vehicle that does not comply with the minimum standards. The rules shall prescribe minimum standards for bacteriological, physical and chemical quality for bottled water and for submitting samples at intervals prescribed in the standards.

7. Define and prescribe reasonably necessary measures governing ice production, handling, storing and distribution to ensure that all ice sold or distributed for human consumption or for preserving or storing food for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions and the quality of ice that shall be maintained at any ice plant, storage and truck or vehicle in which ice is produced, stored, handled or transported and shall provide for inspection and licensing of the premises and vehicles, and for abatement as public nuisances of ice, premises, equipment, processes or vehicles that do not comply with the minimum standards.

8. Define and prescribe reasonably necessary measures concerning sewage and excreta disposal, garbage and trash collection, storage and disposal, and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels. The rules shall prescribe minimum standards for preparing food in community kitchens, adequacy of excreta disposal, garbage and trash collection, storage and disposal and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels and shall provide for inspection of these premises and for abatement as public nuisances of any premises or facilities that do not comply with the rules. Primitive camp and picnic grounds offered by this state or a political subdivision of this state are exempt from rules adopted pursuant to this paragraph but are subject to approval by a county health department under sanitary regulations adopted pursuant to section 36-183.02. Rules adopted pursuant to this paragraph do not apply to two or fewer recreational vehicles as defined in section 33-2102 that are not park models or park trailers, that are parked on owner-occupied residential property for less than sixty days and for which no rent or other compensation is paid. For the purposes of this paragraph, "primitive camp and picnic grounds" means camp and picnic grounds that are remote in nature and without accessibility to public infrastructure such as water, electricity and sewer.

9. Define and prescribe reasonably necessary measures concerning the sewage and excreta disposal, garbage and trash collection, storage and disposal, water supply and food preparation of all public schools. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained in any public school and shall provide for inspection of these premises and facilities and for abatement as public nuisances of any premises that do not comply with the minimum standards.

10. Prescribe reasonably necessary measures to prevent pollution of water used in public or semipublic swimming pools and bathing places and to prevent deleterious health conditions at these places. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained at any public or semipublic swimming pool or bathing place and shall provide for inspection of these

premises and for abatement as public nuisances of any premises and facilities that do not comply with the minimum standards. The rules shall be developed in cooperation with the director of the department of environmental quality and shall be consistent with the rules adopted by the director of the department of environmental quality pursuant to section 49-104, subsection B, paragraph 12.

11. Prescribe reasonably necessary measures to keep confidential information relating to diagnostic findings and treatment of patients, as well as information relating to contacts, suspects and associates of communicable disease patients. Confidential information may not be made available for political or commercial purposes.

12. Prescribe reasonably necessary measures regarding human immunodeficiency virus testing as a means to control the transmission of that virus, including the designation of anonymous test sites as dictated by current epidemiologic and scientific evidence.

13. Establish an online registry of food preparers that are authorized to prepare cottage food products for commercial purposes pursuant to paragraph 4 of this subsection and chapter 8, article 2 of this title. A registered food preparer shall renew the registration every three years and shall provide to the department updated registration information within thirty days after any change.

14. Prescribe an exclusion for fetal demise cases from the standardized survey known as "the hospital consumer assessment of healthcare providers and systems".

J. The rules adopted under the authority conferred by this section shall be observed throughout this state and shall be enforced by each local board of health or public health services district, but this section does not limit the right of any local board of health or county board of supervisors to adopt ordinances and rules as authorized by law within its jurisdiction if the ordinances and rules do not conflict with state law and are equal to or more restrictive than the rules of the director.

K. The powers and duties prescribed by this section do not apply in instances in which regulatory powers and duties relating to public health are vested by the legislature in any other state board, commission, agency or instrumentality, except that with regard to the regulation of meat and meat products, the department of health services and the Arizona department of agriculture within the area delegated to each shall adopt rules that are not in conflict.

L. The director, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

M. After consultation with the state superintendent of public instruction, the director shall prescribe the criteria the department shall use in deciding whether or not to notify a local school district that a pupil in the district has tested positive for the human immunodeficiency virus antibody. The director shall prescribe the procedure by which the department shall notify a school district if, pursuant to these criteria, the department determines that notification is warranted in a particular situation. This procedure shall include a requirement that before notification the department shall determine to its satisfaction that the district has an appropriate policy relating to nondiscrimination of the infected pupil and confidentiality of test results and that proper educational counseling has been or will be provided to staff and pupils.

N. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (f) of this section, food and drink are exempt from the rules prescribed in subsection I of

this section if offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous, without a limitation on its display area.

O. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (h) of this section, a whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption is exempt from the rules prescribed in subsection I of this section.

P. Until the department adopts an exclusion by rule as required by subsection I, paragraph 14 of this section, the standardized survey known as "the hospital consumer assessment of healthcare providers and systems" may not include patients who experience a fetal demise.

Q. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (j) of this section, spirituous liquor and commercially prepackaged food, crackers or pretzels that meet the requirements of subsection I, paragraph 4, subdivision (j) of this section are exempt from the rules prescribed in subsection I of this section.

R. For the purposes of this section:

1. "Cottage food product" has the same meaning prescribed in section 36-931.

2. "Fetal demise" means a fetal death that occurs or is confirmed in a licensed hospital. Fetal demise does not include an abortion as defined in section 36-2151.

## 36-405. Powers and duties of the director

A. The director shall adopt rules to establish minimum standards and requirements for constructing, modifying and licensing health care institutions necessary to ensure the public health, safety and welfare. The standards and requirements shall relate to the construction, equipment, sanitation, staffing for medical, nursing and personal care services, and recordkeeping pertaining to administering medical, nursing, behavioral health and personal care services, in accordance with generally accepted practices of health care. The standards shall require that a physician who is licensed pursuant to title 32, chapter 13 or 17 medically discharge patients from surgery and shall allow an outpatient surgical center to require that either an anesthesia provider who is licensed pursuant to title 32, chapter 13, 15 or 17 or a physician who is licensed pursuant to title 32, chapter 13 or 17 remain present on the premises until all patients are discharged from the recovery room. Except as otherwise provided in this subsection, the director shall use the current standards adopted by the joint commission on accreditation of hospitals and the commission on accreditation of the American osteopathic association or those adopted by any recognized accreditation organization approved by the department as guidelines in prescribing minimum standards and requirements under this section.

B. The director, by rule, may:

1. Classify and subclassify health care institutions according to character, size, range of services provided, medical or dental specialty offered, duration of care and standard of patient care required for the purposes of licensure. Classes of health care institutions may include hospitals, infirmaries, outpatient treatment centers, health screening services centers and residential care facilities. Whenever the director reasonably deems distinctions in rules and standards to be appropriate among different classes or subclasses of health care institutions, the director may make such distinctions.

2. Prescribe standards for determining a health care institution's substantial compliance with licensure requirements.

3. Prescribe the criteria for the licensure inspection process.

4. Prescribe standards for selecting health care-related demonstration projects.

5. Establish nonrefundable application and licensing fees for health care institutions, including a grace period and a fee for the late payment of licensing fees.

6. Establish a process for the department to notify a licensee of the licensee's licensing fee due date.

7. Establish a process for a licensee to request a different licensing fee due date, including any limits on the number of requests by the licensee.

C. The director, by rule, shall adopt licensing provisions that facilitate the colocation and integration of outpatient treatment centers that provide medical, nursing and health-related services with behavioral health services consistent with article 3.1 of this chapter.

D. The director shall establish a model in rule for the department to monitor health care institutions on-site that are found to not be in substantial compliance with the applicable licensure requirements. The director shall establish on-site monitoring fees for health care institutions that are subject to the on-site monitoring requirements. The department may not charge a fee pursuant to this subsection for a complaint or compliance-related survey or inspection if a health care institution is in substantial compliance.

E. The department may provide in-service training to health care institutions that request in-service training relating to regulatory compliance outside of the survey process. The director shall establish in rule in-service training fees for health care institutions that request in-service training from the department.

F. Ninety percent of the fees collected pursuant to this section shall be deposited, pursuant to sections 35-146 and 35-147, in the health services licensing fund established by section 36-414 and ten percent of the fees collected pursuant to this section shall be deposited, pursuant to sections 35-146 and 35-147, in the state general fund.

G. Subsection B, paragraph 5 of this section does not apply to a health care institution operated by a state agency pursuant to state or federal law or to adult foster care residential settings.

36-406. Powers and duties of the department

In addition to its other powers and duties:

1. The department shall:

(a) Administer and enforce this chapter and the rules, regulations and standards adopted pursuant thereto.

(b) Review, and may approve, plans and specifications for construction or modification or additions to health care institutions regulated by this chapter.

(c) Have access to books, records, accounts and any other information of any health care institution reasonably necessary for the purposes of this chapter.

(d) Require as a condition of licensure that nursing care institutions and assisted living facilities make vaccinations for influenza and pneumonia available to residents on site on a yearly basis. The department shall prescribe the manner by which the institutions and facilities shall document compliance with this subdivision, including documenting residents who refuse to be immunized. The department shall not impose a violation on a licensee for not making a vaccination available if there is a shortage of that vaccination in this state as determined by the director.

2. The department may:

(a) Make or cause to be made inspections consistent with standard medical practice of every part of the premises of health care institutions which are subject to the provisions of this chapter as well as those which apply for or hold a license required by this chapter.

(b) Make studies and investigations of conditions and problems in health care institutions, or any class or subclass thereof, as they relate to compliance with this chapter and rules, regulations and standards adopted pursuant thereto.

(c) Develop manuals and guides relating to any of the several aspects of physical facilities and operations of health care institutions or any class or subclass thereof for distribution to the governing authorities of health care institutions and to the general public.

36-407. Prohibited acts; required acts

A. A person shall not establish, conduct or maintain in this state a health care institution or any class or subclass of health care institution unless that person holds a current and valid license issued by the department specifying the class or subclass of health care institution the person is establishing, conducting or maintaining. The license is valid only for the establishment, operation and maintenance of the class or subclass of health care institution, the type of services and, except for emergency admissions as prescribed by the director by rule, the licensed capacity specified by the license.

B. The licensee shall not imply by advertising, directory listing or otherwise that the licensee is authorized to perform services more specialized or of a higher degree of care than is authorized by this chapter and the underlying rules for the particular class or subclass of health care institution within which the licensee is licensed.

C. The licensee may not transfer or assign the license. A license is valid only for the premises occupied by the institution at the time of its issuance.

D. The licensee shall not personally or through an agent offer or imply an offer of rebate or fee splitting to any person regulated by title 32 or chapter 17 of this title.

E. The licensee shall submit an itemized statement of charges to each patient.

F. A health care institution shall refer a patient who is discharged after receiving emergency services for a drug-related overdose to a behavioral health services provider.

36-407.02. Health care institutions; clergy visitation; health and safety precautions; immunity; civil action; definitions

A. If a health care institution's visitation policy allows in-person visitation of any kind, the health care institution must allow a clergy member to visit a resident who requests an in-person visit or consents to be visited in person for religious purposes by the clergy member, including during a declared state of emergency. If a resident is unable, due to dementia or a similar cognitive impairment, to request an in-person visit or to consent to be visited in person by a clergy member for religious purposes, the request or consent must be made or given by the resident's legal representative.

B. Notwithstanding any other provision in this chapter, when a resident's death is imminent, a health care institution must allow a clergy member to visit the resident in person for religious purposes if either of the following applies:

1. The resident requests or consents to be visited by the clergy member.

2. The resident's legal representative requests that the resident be visited by the clergy member.

C. A health care institution may require clergy to comply with reasonable health and safety precautions, including undergoing health screenings and wearing personal protective equipment, that are imposed by the health care institution in connection with in-person visitation for preventing the spread of communicable diseases. If such a requirement would substantially burden the clergy member's free exercise of religion while carrying out the religious purpose for which the clergy member is visiting while with the resident in the resident's room or visiting area designated by the health care institution, the health care institution may require compliance with such precautions only if compliance in that instance furthers a compelling interest and the health care institution imposes the least restrictive burden on the clergy member's exercise of religion. Notwithstanding any other provision of this chapter, a health care institution may restrict visits of a clergy member who fails a health screening measure or tests positive for a communicable disease.

D. A health care institution and its employees and contractors are not liable to a person visiting a resident or to a resident of the health care institution for civil damages for injury or death due to actual or alleged exposure to a communicable disease resulting from or related to a visitation in compliance with this section unless it is proven by clear and convincing evidence that the health care institution failed to substantially comply with the health care institution's applicable health and safety precautions. The immunity prescribed in this subsection does not apply to any act or omission unless there is clear and convincing evidence that the act or omission constitutes gross negligence or wilful or wanton misconduct.

E. A person or religious organization may bring a civil action against a health care institution alleging a violation of this section. Any person that successfully asserts a claim or defense under this section may recover declaratory relief, injunctive relief, reasonable attorney fees and costs and any other appropriate relief.

F. For the purposes of this section:

1. "Health care institution" has the same meaning prescribed in section 36-420.

2. "Resident" means a person living at or receiving inpatient services from a health care institution.

36-502.01. Powers and duties of director of the department of health services; rules; expenditure limitation

A. The director of the department shall make rules that include standards for the state hospital when providing services as an evaluation agency or mental health agency and shall prescribe forms as may be necessary for the proper administration and enforcement of those responsibilities. The rules shall be applicable to patients admitted to, evaluated by or treated in the state hospital as set forth in this chapter and shall provide for periodic inspections of the state hospital.

B. The director of the department shall make rules concerning the admission of patients to the state hospital and the transfer of patients between the state hospital and other mental health treatment agencies. A patient undergoing court-ordered treatment may be transferred between the state hospital and another mental health treatment agency in accordance with the rules of the director of the department, subject to the approval of the court. The director of the department shall consult with the director of the administration on rules relating to transfers to and from the state hospital and other mental health treatment agencies.

C. The director of the department may make rules concerning leaves, visits and absences of patients from the state hospital.

D. The total amount of state monies that may be spent in any fiscal year by the department for mental health services pursuant to this chapter may not exceed the amount appropriated or authorized by section 35-173 for that purpose. This chapter does not impose a duty on an officer, agent or employee of this state to discharge a responsibility or create any right in a person or group if the discharge or right would require an expenditure of state monies in excess of the expenditure authorized by legislative appropriation for that specific purpose.

32-1909. Donated medicine; donors; authorized recipients; requirements; immunity; definitions

A. A donor may donate medicine to an authorized recipient, and an authorized recipient may receive donated medicine from donors. Before a donor may make its first donation to an authorized recipient, the authorized recipient must verify and record all the following:

1. That the donor is legally authorized to possess the medicine.

2. The donor's name, address and telephone number and permit or license number, if applicable.

3. That the donor will remove or redact any patient names and prescription numbers on donated medicine or will otherwise maintain patient confidentiality by executing a confidentiality agreement with the authorized recipient.

B. Notwithstanding any other law, an authorized recipient may transfer donated medicine to another authorized recipient or to an entity participating in a drug donation program operated by another state. Medicine transferred pursuant to this section may be transferred only once.

C. An authorized recipient may accept into inventory only donated medicine that meets all of the following:

1. Is in unopened, tamper-evident packaging or that has been repackaged under this section.

2. Is not adulterated or misbranded.

3. Has been maintained in accordance and in compliance with the United States food and drug administration risk evaluation and mitigation strategies pursuant to 21 United States Code section 355-1, if applicable.

4. Is accompanied by an attestation from the donor stating that the medicine being donated has been kept in a temperature-controlled environment and has not been adulterated.

D. An authorized recipient may accept into inventory a donated biologic only if the donated biologic meets the requirements of subsection C of this section and is donated by a health care professional or an entity legally authorized to posses the biologic.

E. Donated medicine that does not meet the requirements of subsection C of this section must be disposed of by returning it to the donor, destroying it in an incinerator, medical waste hauler or other lawful method or transferring it to a returns processor. A record of disposed medicine shall contain a description of the disposal method, the date of disposal and the name, strength and quantity of each medicine disposed of. No other record of disposal is required.

F. A drug manufacturer, repackager, dispenser or wholesaler, other than a returns processor, that participates in this program shall comply with the requirements of 21 United States Code sections 360eee-1 through 360eee-4 relating to drug supply chain security.

G. All donated medicine received by an authorized recipient but not yet accepted into inventory shall be kept in a separate designated area. Before or when accepting a donation or transfer into inventory, the authorized recipient shall maintain a written or electronic inventory of the donation consisting of the name, strength and quantity of each accepted medicine and the name, address and telephone number of the donor. This record is not required if the donor and authorized recipient are under common ownership or common control. No other record of donation is required.

H. An authorized recipient must store and maintain donated medicine physically or electronically separated from other inventory and in a secure and temperature-controlled environment that meets the drug manufacturers' recommendations and United States pharmacopeia standards.

I. Repackaged medicine shall be labeled with the drug's name, strength and expiration date and shall be kept in a separate designated area until inspected and initialed by a health care professional. If multiple packaged donated medicines with varied expiration dates are repackaged together, the earliest expiration date shall be used.

J. An authorized recipient may administer or dispense only donated medicine that meets all of the following:

1. Meets the requirements of subsection C of this section based on an inspection by a health care professional.

2. If dispensed to an eligible patient, is repackaged into a new container or has all previous patient information on the donated container redacted or removed.

3. Is properly labeled in accordance with board rules.

4. Has an expiration or beyond-use date brought forward from the donated medicine that will not expire before the medicine is completely used by the eligible patient based on the prescribing practitioner's directions for use or, for over-the-counter medicine, on the package's label.

K. An authorized recipient may dispense or administer donated medicine to an eligible patient only if otherwise allowed by law. Donated medicine may be dispensed or administered only to eligible patients pursuant to a valid prescription order and must have patient-specific written or electronic records maintained in accordance with board rules.

L. Donated medicine may not be dispensed or administered to an eligible patient if the prescriber writes or clearly displays on the face of the prescription form "DAW", "dispense as written" or any other language that indicates a substitution is not allowed.

M. The donation, transfer, receipt or facilitation of donated medicine pursuant to this section is not considered wholesale distribution and does not require licensing as a wholesale distributor.

N. Medicine donated under this section may not be resold and is considered nonsaleable. Charging a handling, dispensing or administrative fee under this section is not reselling a donated medicine. The board shall prescribe in rule the limits on the fees that an authorized recipient may charge under this section considering the medicine's retail cost for a monthly supply.

O. When performing any action under this section or otherwise processing donated medicine for tax, manufacturer or other credit, an authorized recipient is considered to be acting as a returns processor and shall comply with all recordkeeping requirements for nonsaleable returns under federal law.

P. An authorized recipient shall retain all records required by this section in a physical or electronic format for a period of at least seven years. A donor and authorized recipient may contract with each other or a third party to create or maintain records on each other's behalf. An identifier, such as a serial number or barcode, may be used in place of any information required to be in a record or on a label pursuant to this section if the identifier allows for such information to be readily retrievable. On request by the board, the identifier used for requested records shall be replaced with the original information. An identifier may not be used on patient labels when dispensing or administering a donated medicine.

Q. A donation or other transfer of possession or control is not a change of ownership unless it is specified as such by the authorized recipient. If a record of the donation's transaction information or history is required, the history must begin with the donor of the medicine and include all prior donations and, if the medicine was previously dispensed, must include only drug information required to be on the patient label in accordance with board rules.

R. A donor or authorized recipient shall make all records available for audit by the board within five business days after the request.

S. The following are not subject to civil liability, criminal liability or professional disciplinary action if acting in good faith under this section:

1. A person involved in the supply chain of donated medicine, including a donor, authorized recipient, manufacturer, repackager, wholesaler or pharmacy.

2. A person, including any employee, officer, volunteer, owner, partner, member, director, contractor or other person or entity associated with the person, that in compliance with this section prescribes, donates, receives, dispenses, administers, transfers, replenishes or repackages medicine, or facilitates any of the above pursuant to this section.

T. This section does not prohibit otherwise legal activities related to nonprescription drugs.

U. For the purposes of this section:

1. "Authorized recipient" means any entity that has a license or permit in good standing in this state and that is legally authorized to possess medicine, including a wholesaler, distributor, reverse distributor, repackager, hospital, pharmacy or health care institution.

2. "Donor":

(a) Means any person, any individual member of the public or any entity legally authorized to possess medicine, including a manufacturer, wholesaler, distributor, third-party logistic provider, pharmacy, dispenser, clinic, surgical center, health center, detention and rehabilitation center, laboratory, medical school, pharmacy school, health care professional or health care facility.

(b) Includes government agencies and entities that are federally authorized to possess medicine, including drug manufacturers, repackagers, relabelers, outsourcing facilities, prisons and importers authorized by the United States food and drug administration.

3. "Eligible patient" means an individual who is indigent, uninsured, underinsured or enrolled in a public health benefits program.

4. "Health care professional" means a health care provider who is licensed or certified pursuant to this title and authorized to dispense or administer prescription drugs.

5. "Medicine" means both prescription and nonprescription drugs, including drugs approved by the United States food and drug administration and labeled for investigational use.

6. "Returns processor" has the same meaning prescribed in 21 United States Code section 360eee and includes a reverse distributor.

7. "Unopened, tamper-evident packaging" has the same meaning as United States pharmacopeia packaging and storage requirements, including unopened unit-dose, multiple-dose and immediate, secondary and tertiary packaging.

# GOVERNOR'S REGULATORY REVIEW COUNCIL

## ATTORNEY MEMORANDUM - ONE-YEAR REVIEW REPORT

---

**MEETING DATE: July 1, 2025**

**TO:** Members of the Governor's Regulatory Review Council (Council)

**FROM:** Council Staff

**DATE:** June 10, 2025

**SUBJECT:** **DEPARTMENT OF AGRICULTURE**
Title 3, Chapter 2, Articles 2, 7, 8

---

**Summary**

This One-Year Review Report (1YRR) from the Department of Agriculture (Department) relates to three (3) rules in Title 3, Chapter 2, Articles 2, 7, and 8 regarding Meat and Poultry Inspection, Livestock Inspection, and Dairy and Diary Products Control, respectively. Specifically, beginning in fiscal year (FY) 2011, the Legislature authorized the Department to temporarily increase the livestock inspection service charge and various fees for licenses required to slaughter livestock, sell meat and poultry, and sell dairy products.

Each year, since FY 2011, similar legislation has passed allowing the Department to keep up these fee increases for one more year at a time. Laws 2023, 1st Reg. Sess., Ch. 138, § 9 authorized the fees to continue in FY 2023-2024. This was last completed by exempt rulemaking which became effective October 30, 2023. However, during the 2024 Legislative Session, the continuation of these fee increases were no longer extended and fees reverted to statutory amounts on July 1, 2024.

Pursuant to A.R.S. § 41-1095, "for an agency that the legislature has granted a one-time rulemaking exemption, within one year after a rule has been adopted the agency shall review the rule adopted under the rulemaking exemption to determine whether any rule adopted under the rulemaking exemption should be amended or repealed." Furthermore, "the agency shall prepare

and obtain council approval of a written report summarizing its findings, its supporting reasons and any proposed course of action." *Id.* The Department submits this 1YRR for the Council's consideration in compliance with A.R.S. § 41-1095

**Proposed Action**

The Department intends to submit a request to the Governor's Office in July 2025 to request approval to conduct rulemaking for rules R3-2-203, R3-2-701, and R3-2-810, pursuant to A.R.S. § 41-1039(A). Within 30-days of receiving approval to proceed with rulemaking from the Governor's Office Policy Advisor, the Department will file a proposed rulemaking with the Secretary of State's Office to remove the references to the fees for FY 2024 for services provided in FY 2024 if the fee increase is not reintroduced in the 2025 legislative session.

**1. Has the agency analyzed whether the rules are authorized by statute?**

The Department cites both general and specific authorizing statutes for these rules.

**2. Summary of the agency's economic impact comparison and identification of stakeholders:**

According to the Department, because this rule was adopted by exempt rulemaking, a formal economic, small business, and consumer impact comparison was not prepared.

The Department increased the livestock inspection service charge from $3 per request, pursuant to A.R.S. § 3-1337, to $10 (R3-2-701(E)). The Department increased the fees to obtain a license to slaughter livestock, sheep, goats or swine from $5, $15 and $80, pursuant to A.R.S. § 3-2003, to $250, $300 and $450, (R3-2-203(D)). The Department increased the fees to obtain a meat license from $10, pursuant to A.R.S. § 3-2081, to fees ranging from $150 to $500, depending on the type of licenses (R3-2-203(E)). The Department increased the fees to obtain a dairy license from between $25 and $50 pursuant to A.R.S. 3-607(E), to fees ranging between $25 and $300, depending on the operation. Plus an additional $2,500 for pasteurizers (R3-2-810). The fee increases were implemented through legislation that allowed for a one year increase in fees in order to make up for decreases in general fund appropriations. The Department receives approximately $218,000 per year as a result of these fee increases. The revenues generated from these fees are used to support the functions of the Department to provide the mandated oversight of these operations, including inspections of these facilities. Without the income generated, the Department would not be able to provide these services and the regulated community would not be able to conduct business, decreasing the overall impact to the State's economy.

Each year, since FY 2011, similar legislation has passed allowing the Department to keep up these fee increases for one more year at a time. Laws 2023, 1st Reg. Sess., Ch. 138, § 9 authorized the fees to continue in FY 2023-2024. The Department will be filed an exempt rulemaking with the Secretary of

State's Office to continue these fees in FY 2023-2024 on October 12, 2024. During the 2024 Legislative Session, the continuation of these fee increases were no longer extended and fee reverted to statutory amounts.

Stakeholders include the Department; recipients of the livestock inspection service charge; and individuals that require licenses related to slaughtering livestock and selling or exchanging meat or poultry, or selling dairy and dairy products.

**3. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The Department has determined that the benefits of the rules R3-2-203, R3-2-701, R3-2-810 outweigh the costs imposed by the regulatory community, and are the least burdensome and cost effective

**4. Has the agency received any written criticisms of the rules since the rule was adopted?**

The Department has not received any written criticisms regarding these rules.

**5. Has the agency analyzed the rules' clarity, conciseness, and understandability?**

The Department indicates the rules are clear, concise, and understandable.

**6. Has the agency analyzed the rules' consistency with other rules and statutes?**

The Department indicates the rules are consistent with other rules and statutes.

**7. Has the agency analyzed the rules' effectiveness in achieving its objectives?**

The Department indicates the rules are effective in achieving their objectives.

**8. Has the agency analyzed the current enforcement status of the rules?**

The Department indicates the rules are not currently enforced as written. As indicated above, during the 2024 Legislative Session, the continuation of these fee increases were no longer extended and fees reverted to statutory amounts on July 1, 2024.

**9. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Department indicates the rules are not more stringent than federal law.

**10. Has the agency completed any additional process required by law?**

The Department was not required to complete any additional processes.

**11. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

Pursuant to A.R.S. § 41-1037(A), if an agency proposes an amendment to an existing rule that requires the issuance of a regulatory permit, license, or agency authorization, the agency shall use a general permit, as defined by A.R.S. § 41-1001(12), if the facilities, activities or practices in the class are substantially similar in nature unless certain exceptions apply.

A.R.S. § 41-1001(12) defines "general permit" to mean "a regulatory permit, license or agency authorization that is for facilities, activities or practices in a class that are substantially similar in nature and that is issued or granted by an agency to a qualified applicant to conduct identified operations or activities if the applicant meets the applicable requirements of the general permit, that requires less information than an individual or traditional permit, license or authorization and that does not require a public hearing."

The Department indicates R3-2-203 requires a license to conduct certain activities. R3-2-701 does not require a permit, and R3-2-810 sets out fees for certain licenses but does not itself require or establish any permits or licenses. The Department indicates it does not use a general permit for R3-2-203 because that would increase the cost for licensees by requiring them to pay the licensing fee for activities that the licensees do not engage in. As such, the issuance of a general permit is not technically feasible or would not meet the applicable statutory requirements and would result in additional regulatory requirements or costs being placed on the permit applicant. *See* A.R.S. § 41-1037(A)(3) and (4). Council staff believes the Board is in compliance with A.R.S. § 41-1037.

**12. Conclusion**

This 1YRR from the Department relates to three (3) rules in Title 3, Chapter 2, Articles 2, 7, and 8 regarding Meat and Poultry Inspection, Livestock Inspection, and Dairy and Diary Products Control, respectively. Specifically, beginning in fiscal year (FY) 2011, the Legislature authorized the Department to temporarily increase the livestock inspection service charge and various fees for licenses required to slaughter livestock, sell meat and poultry, and sell dairy products. Laws 2023, 1st Reg. Sess., Ch. 138, § 9 authorized the fees to continue in FY 2023-2024. This was last completed by exempt rulemaking which became effective October 30, 2023. However, during the 2024 Legislative Session, the continuation of these fee increases were no longer extended and fees reverted to statutory amounts on July 1, 2024.

The Department intends to submit a request to the Governor's Office in July 2025 to request approval to conduct rulemaking for rules R3-2-203, R3-2-701, and R3-2-810, pursuant to A.R.S. § 41-1039(A). Within 30-days of receiving approval to proceed with rulemaking from the Governor's Office Policy Advisor, the Department will file a proposed rulemaking with the

Secretary of State's Office to remove the references to the fees for FY 2024 for services provided in FY 2024 if the fee increase is not reintroduced in the 2025 legislative session.

Council staff recommends approval of this report.

**RE: One-Year Review Report for A.A.C. Title 3, Chapter 2, Articles 2, 7 and 8**

Dear Ms. Klein:

Enclosed please find the Arizona Department of Agriculture's (Department) one-year review report for A.A.C. Title 3, Chapter 2, R3-2-203, R3-2-701 and R3-2-810 which is due on February 27, 2025. This rule has been reviewed, and there is no intention for this rule to expire under § 41-1056(J). However, this rule sets fees for fiscal year 2023-2024 pursuant to Laws 2023, 1st Reg. Sess., Ch. 138, § 9. Since the provisions were not extended to fiscal year 2024-2025, the Department intends to file a rulemaking within six months to amend the prescribed fees and revert to fees prescribed in statute (A.R.S. §§ 3-607; 3-619(A); 3-1337; 3-2003; and 3-2081). Enclosed are copies of the draft rule changes and the authorizing statutes.

The Department certifies, in accordance with A.R.S. § 41-1056(A), that it is in compliance with A.R.S. § 41-1091.

Please contact Rob Smook at (602) 542-7186 or rsmook@azda.gov with any questions about this report.

Sincerely,

Paul E. Brierley
Director

R3-2-203, R3-2-701, R3-2-810 are effective in achieving their objectives.

**4. Are the rules consistent with other rules and statutes?** **Yes x No ___**

R3-2-203, R3-2-701, R3-2-810 are consistent with other rules and statutes.

**5. Are the rules enforced as written?** **Yes ___ No X**

R3-2-203, R3-2-701, R3-2-810 are enforced as written.

**6. Are the rules clear, concise, and understandable?** **Yes x No ___**

R3-2-203, R3-2-701, R3-2-810 are clear, concise and understandable.

**7. Has the agency received written criticisms of the rules within the last five years?** **Yes ___ No x**

The Department has not received written criticisms of the rules within the last five years.

**8. Economic, small business, and consumer impact comparison:**

Because this rule was adopted by exempt rulemaking, a formal economic, small business, and consumer impact comparison was not prepared.

Beginning in fiscal year (FY) 2011, the Legislature authorized the Department to temporarily increase the livestock inspection service charge and various fees for licenses required to slaughter livestock, sell meat and poultry, and sell dairy products. The Department increased the livestock inspection service charge from $3 per request, pursuant to A.R.S. § 3-1337, to $10 (R3-2-701(E)). The Department increased the fees to obtain a license to slaughter livestock, sheep, goats or swine from $5, $15 and $80, pursuant to A.R.S. § 3-2003, to $250, 300 and $450, (R3-2-203(D)). The Department increased the fees to obtain a meat license from $10, pursuant to A.R.S. § 3-2081, to fees ranging from $150 to $500, depending on the type of licenses (R3-2-203(E)). The Department increased the fees to obtain a dairy license from between $25 and $50 pursuant to A.R.S. 3-607(E), to fees ranging between $25 and $300, depending on the operation. Plus an additional $2,500 for pasteurizers (R3-2-810). The fee increases were implemented through legislation that allowed for a one year increase in fees in order to make up for decreases in general fund appropriations. The Department receives approximately $218,000 per year as a result of these fee increases. The revenues generated from these fees are used to support the functions of the Department to provide the mandated oversight of these operations, including inspections of these facilities. Without the income generated, the Department would not be able to provide these services and the regulated community would not be able to conduct business, decreasing the overall impact to the State's economy. The legislature appropriates general funds to the Department based on projected revenues from these fees, and then when these fees are collected, they are returned to the general fund. In essence, the legislature advances the funds anticipated to be collected during the year from these fees with the exception that the Department will return what is actually collected. By continuing these fee increases, the Department anticipates it will be able to collect an a amount similar to that appropriated by the legislature for this purpose. Each year, since FY 2011, similar legislation has passed allowing the Department to keep up these fee increases for one more year at a time. Laws 2023, 1st Reg. Sess., Ch. 138, **§** 9 authorized the fees to continue in FY 2023-2024. The Department will be filed an exempt rulemaking with the Secretary of State's Office to continue these fees in FY 2023-2024 on October 12, 2024. During the 2024 Legislative Session, the continuation of these fee increases were no longer extended and fee reverted to statutory amounts.

**9. Has the agency received any business competitiveness analyses of the rules? Yes____ No x__**

No business competitive analysis has been received.

**10. Has the agency completed the course of action indicated in the agency's previous five-year-review report?**

The agency completed the course of action from the previous one-year rule review report by filing an exempt rulemaking to continue these fees from fiscal year 2023 to fiscal year 2024 for services provided in fiscal year 2024. However, this fee extension was not continued for fiscal year 2025 and reverted to fee prescribed in statute on July 1, 2024.

**11. A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:**

The Department has determined that the benefits of the rules R3-2-203, R3-2-701, R3-2-810 outweigh the costs imposed by the regulatory community, and are the least burdensome and cost effective.

**12. Are the rules more stringent than corresponding federal laws? Yes____ No x__**

R3-2-203, R3-2-701 and R3-2-810 are not more stringent than Federal law.

**13. For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:**

R3-2-203 requires a license to conduct certain activities. R3-2-701 does not require a permit, and R3-2-810 sets out fees for certain licenses but does not itself require or establish any permits or licenses. The Department does not use a general permit for R3-2-203 because that would increase the cost for licensees by requiring them to pay the licensing fee for activities that the licensees do not engage in. Additionally, any duplication of information provided by an applicant to obtain multiple licenses would be minimal.

**14. Proposed course of action**

The Department intends to submit a request to the Governor's Office Policy Advisor in July, 2025 to request approval to conduct rulemaking for rules R3-2-203, 701, and 810, pursuant to A.R.S. § 41-1039(A). Within 30-days of receiving approval to proceed with rulemaking from the Governor's Office Policy Advisor, the Department will file a proposed rulemaking with the Secretary of State's Office remove the references to the fees for fiscal year 2024 for services provided in fiscal year 2024 if the fee increase is not reintroduced in the 2025 legislative session.

# NOTICES OF EXEMPT RULEMAKING

This section of the *Arizona Administrative Register* contains Notices of Exempt Rulemaking.

It is common for an agency to be exempt from all steps outlined in the rulemaking process as specified in Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10, otherwise known as the Arizona Administrative Procedure Act (APA).

An agency's exemption is either written in law - under the APA, or by the Arizona State Legislature in statute, or under a referendum or initiative passed into law by Arizona voters; or a court has determined that an agency, board, or commission is exempt from the rulemaking process.

The Office makes a distinction when publishing certain exempt rulemakings, as provided in these laws, on a case-by-case basis, as determined by an agency's exemption. Other rule exemption types are published elsewhere in the *Register*.

Exempt rulemakings, as published, were promulgated with no special conditions or restrictions; no public input; no public hearing; and no filing of a Proposed Exempt Rulemaking.

**6. An agency's justification and reason why a rule should be made, amended, repealed, or renumbered to include an explanation about the rulemaking:**

This rulemaking continues certain fees increased in fiscal years 2011 through 2023 for fiscal year 2024 for services provided in fiscal year 2024. See Notice of Exempt Rulemaking: 28 A.A.R. 2017, August 12,2022; 27 A.A.R. 1264, August 20, 2021; 26 A.A.R. 1471, July 24, 2020; 25 A.A.R. 2081, August 16, 2019; 24 A.A.R. 2219, August 3, 2018; 23 A.A.R. 1937, July 21, 2017; 21 A.A.R. 2404, October 16, 2015; 20 A.A.R. 2449, Sept. 5, 2014; 19 A.A.R. 3127, Oct. 11, 2013; 18 A.A.R. 2060, Aug. 24, 2012; 17 A.A.R. 1756, Sept. 2, 2011; & 16 A.A.R. 1331, July 23, 2010. The legislature appropriates general funds to the Department based on projected revenues from these fees, and then when these fees are collected, they will be returned to the general fund. In essence, the legislature advances the funds anticipated to be collected during the year from these fees with the expectation that the Department will return what is actually collected. By continuing these fee increases, the Department anticipates it will be able to collect an amount similar to that appropriated by the legislature for this purpose.

**7. A reference to any study relevant to the rules that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rules, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**
None

**8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**
Not applicable

**9. The summary of the economic, small business, and consumer impact, if applicable:**
Laws 2023, 1st Reg. Sess., Ch. 138, § 9 authorizes an exemption from the rulemaking requirements of A.R.S. Title 41, Chapter 6 for the purpose of establishing fees pursuant to those sections until July 1, 2024. As a result, this rulemaking is exempt from the requirements of the Administrative Procedures Act and no economic, small business, and consumer impact statement is required.

**10. A description of any changes between the proposed rulemaking, including any supplemental proposed rulemaking, and the final rulemaking package (if applicable):**
Not applicable

**11. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments, if applicable:**
None received

**12. Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rules. When applicable, matters shall include, but not be limited to:**
The Department of Agriculture Advisory Council voted on June 29, 2023 on the fees set out in this rulemaking through fiscal year 2024.

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**
R3-2-203 requires a license to conduct certain activities. R3-2-701 does not require a permit, and R3-2-810 sets out fees for certain licenses but does not itself require or establish any permits or licenses. The Department does not use a general permit for R3-2-203 because that would increase the cost for licensees by requiring them to pay the licensing fee for activities that the licensees do not engage in. Additionally, any duplication of information provided by an applicant to obtain multiple licenses would be minimal.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than the federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**
Not applicable

**c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**
Not applicable

**13. A list of any incorporated by reference material and its location in the rule:**
None

**14. Whether the rule was previously made, amended, repealed or renumbered as an emergency rule. If so, the agency shall state where the text changed between the emergency and the exempt rulemaking packages:**
Not applicable

**15. The full text of the rules follows:**

## ARTICLE 8. DAIRY AND DAIRY PRODUCTS CONTROL

**R3-2-810. License Fees**

During fiscal year ~~2023~~ 2024, an applicant shall pay the following fee to obtain or renew a dairy license:
1. For a license to operate a milk distributing plant or business: $300 plus $2,500 per pasteurizer.
2. For a license to operate a manufacturing milk processing plant: $100.
3. For a license to engage in the business of producer-distributor as an interstate milk shipper listed facility: $150 plus $2,500 per pasteurizer.
4. For a license to engage in the business of producer-distributor: $150.
5. For a license to engage in the business of producer-manufacturer: $25.
6. For a license to engage in the manufacture of trade products: $100.
7. For a license to engage in the business of selling at wholesale milk or dairy products, or both: $100.
8. For a license to sample milk or cream: an initial fee of $50 and a renewal fee of $30.

# 3-607. Annual licenses; inspections; revocation; fees; exceptions

A. A person shall not operate a milk distributing plant or a manufacturing milk processing plant, engage in the business of producer-distributor or producer-manufacturer, or engage in the business of selling at wholesale milk or dairy products, or both, without a license. This section does not require:

1. An Arizona dairy farm producing raw milk for sale to be processed to secure a license to operate.

2. A retailer or wholesaler to secure a license from the division to convert a pasteurized mix into frozen dessert.

3. A food establishment regulated by the department of health services to secure a license from the division to manufacture frozen desserts using pasteurized milk or pasteurized milk-based products if the frozen dessert is manufactured and sold at the same food establishment for consumption on the premises and the food establishment has submitted a plan for approval to the regulatory authority under title 36 demonstrating that the manufacturing process complies with the rules adopted pursuant to section 36-136, subsection I, including pasteurization as defined in rule. The division or the regulatory authority under title 36 may require a food establishment that manufactures frozen desserts using pasteurized milk or pasteurized milk-based products to provide samples of the frozen dessert to verify that the frozen dessert is pasteurized.

B. An application for a license shall be in writing in the form the associate director prescribes and shall be accompanied by the required filing fee. On receipt of an application, the associate director or an authorized representative shall examine the premises in which the applicant proposes to do business, and if it appears that the applicant has complied with all provisions of law, the license shall be issued.

C. After issuance of the first annual license, a license may be issued on inspection of the premises and payment not later than February 1 of each year of the required fee. The inspection shall be made by the associate director or an authorized representative to determine whether the premises are maintained in compliance with law. A written report of the inspection shall be filed in the division office. An annual license is valid for the period beginning January 1 and ending December 31 of each year, and a license that is not renewed on or before February 1 of each year is void.

D. An application for a license to produce grade A milk for human consumption shall be made in the manner prescribed by subsections A and B of this section. The license shall be valid until revoked for failure to comply with the provisions of this article relating to the production of milk. The associate director may suspend a license pending correction of deficiencies that violate this article. If the identified deficiencies are not corrected within a reasonable time after the licensee is notified, the associate director may proceed to revoke the license. Notice of a pending revocation shall be in writing, stating the cause, and setting a time during which the licensee may correct the cause for revocation. If the cause for revocation is not corrected within the time specified, the associate director, after a hearing and three days' notice of intention, may revoke the license. The director shall review the associate director's action on request of any person adversely affected by the action. A person holding a permit issued by a governmental agency operating outside of this state whose requirements are substantially the same as the requirements of this state shall be deemed to have a license meeting the requirements of this article, provided the facilities have first been inspected and approved also by a resident Arizona inspector, if in the opinion of the associate director such an inspection should be made. Any expense incurred for such an inspection shall be at the expense of the licensee.

E. Fees shall be paid as follows:

1. For a license or renewal of a license to operate a milk distributing plant or business, $50.

2. For a license or renewal of a license to operate a manufacturing milk processing plant, $50.

3. For a license or renewal of a license to engage in the business of producer-distributor or producer-manufacturer, $25.

4. For a license or renewal of a license to engage in the business of selling at wholesale milk or dairy products, or both, $25.

F. The associate director or dairy inspectors are authorized to inspect premises affected by this article and located outside of this state, and they shall receive subsistence and travel expenses in the amount provided for state officers, which shall be paid to the inspector by the owner of the premises inspected.

G. This section does not apply to a producer of raw milk.

# 3-619. Qualification of sampler; license; certificate of proficiency; revocation

A. No person shall sample milk or cream for the purpose of determining the amount of milk fat contained therein where the result of the test is used as a basis for payment for the milk or cream, or for official inspection or public record, unless licensed by the division. An applicant for a license shall give proof satisfactory to the associate director of his ability to perform his duties and shall pay a license fee of five dollars. The license shall be valid for the calendar year in which issued and upon payment of a renewal fee of one dollar fifty cents shall be renewed for each year in which the licensee desires to operate. A license not renewed prior to February 1 is void.

B. No person shall test milk or cream for the purpose of determining the butterfat content thereof, when the result of the test is used to determine the purchase sales value or the legal standard of the product, unless the tester has a tester's license. A tester's license may be obtained from the division by presenting a certificate of proficiency, and payment of a license fee of five dollars. The license shall be valid for the calendar year in which issued, and upon payment of a renewal fee of one dollar fifty cents shall be renewed for each year in which the tester desires to operate. A license not renewed prior to February 1 is void.

C. A certificate of proficiency may be obtained only from the department of dairy husbandry of the university of Arizona. The applicant therefor shall appear before the department of dairy husbandry or an official representative thereof and submit to such written examination and conduct such demonstration of laboratory technique as the department of dairy husbandry or its representative may require. Upon successfully completing the examination the department of dairy husbandry shall issue the certificate to an applicant displaying required proficiency. A tester's license issued by a state other than this state shall be accepted from the person named thereon in lieu of the certificate of proficiency, but the tester shall have been actively engaged in testing under the license for a period of not less than ninety days and shall furnish proof thereof. Each license shall be kept at the place in which the licensee is employed and shall be open to inspection.

D. A license may be revoked by the associate director, after a hearing upon due notice to the licensee, for a false statement in the application, dishonesty, incompetency or inaccuracy, or for violating any provision of this article. On request, the director shall review any action taken by the associate director under this subsection.

# 3-1337. Service charge and inspection fee; self-inspection

A. Livestock officers and inspectors shall collect from the person in charge of cattle inspected a service charge of three dollars plus an inspection fee of twenty-five cents per head for making inspections for the transfer of ownership, sale, slaughter or transportation of cattle.

B. Livestock officers and inspectors shall collect from the person in charge of sheep inspected a service charge of three dollars plus an inspection fee of five cents per head for making inspections for the transfer of ownership, sale, slaughter or transportation of sheep.

C. Livestock officers and inspectors shall collect from the person in charge of dairy cattle inspected a service charge of three dollars plus an inspection fee of twenty-five cents per head for making inspections for the transfer of ownership, sale, slaughter or transportation of dairy cattle.

D. The division may approve self-inspection by movers of livestock and feedlots and dairies pursuant to section 3-1203, subsection D. Movement shall be documented on simple and concise self-inspection forms that are provided by the department and that include only the following information:

1. The certificate number.

2. The department contact information.

3. For out-of-state shipments, official identification.

4. For dairy cattle, back tag numbers.

5. The amount collected pursuant to section 3-1236.

6. The number and description of livestock.

7. The livestock owner's or agent's name, signature and address.

8. The transporter's name.

9. The location of the place and date of shipment.

10. The destination or buyer's name and address.

11. For branded animals, the animal's registered brand, including brand number, location and expiration date.

E. Movers of livestock and feedlots and dairies that utilize self-inspection shall purchase the self-inspection book from the department. The director, in consultation with the department of agriculture advisory council established pursuant to section 3-104, may establish a fee for the self-inspection book.

F. Any fees collected by the livestock officers and inspectors and by movers of livestock and feedlots and dairies utilizing self-inspection shall be remitted to the division. Any fees incurred by movers of livestock and feedlots and dairies shall be remitted to the department within ten days after the end of the month in which the livestock were inspected.

# 3-2003. Grant of licenses; fees; expiration date

A. The division may grant a license to slaughter livestock, sheep, goats or swine as set forth in the license issued on payment of the fees.

B. The fees shall be as follows:

1. For not to exceed forty-five head of livestock, and not to exceed fifty-five head of sheep, goats or swine in one calendar year, $5.

2. For more than forty-five and not to exceed one hundred fifty head of livestock and more than forty-five and not to exceed one hundred sixty head of sheep, goats or swine in one calendar year, $15.

3. For more than one hundred fifty head of livestock and more than one hundred sixty head of sheep, goats or swine in any one calendar year, $80.

C. Licenses issued under this section expire on December 31 of the year in which they are issued.

# 3-2081. Licenses for sale or exchange of meat or poultry; fee; records kept by licensee; expiration of license; violation; classification

A. A person, firm or corporation that engages in the business of meat or poultry processing, wholesaling, storing in or for intrastate commerce, transporting in intrastate commerce, distributing, jobbing or brokering other than canned meat or poultry or canned meat or poultry products, except a home consumer, shall, before offering such meat or poultry or meat or poultry food products for sale or exchange, after complying with the minimum requirements of the director, procure a license from the division, for which he shall pay an annual license fee of ten dollars for each place of business, store, stand, market or vehicle in or from which the meat is to be sold or exchanged and shall keep a record of the name and address of each person from whom the licensee obtained such meat or meat food products, the date of purchase, quantity and kind of meat purchased and time and place of purchase. Upon request by an inspector or peace officer, the licensee shall exhibit the record to him. The record shall be retained for one year.

B. All licenses issued under the provisions of this article shall expire on December 31 of the year in which issued.

C. The following persons, firms and corporations shall keep such records as will fully and correctly disclose all transactions involved in their businesses and all persons, firms and corporations subject to such requirements shall at all reasonable times upon notice by a duly authorized representative of the department afford such representative access to their places of business and opportunity to examine the facilities and inventory and to take reasonable samples of their inventory upon payment of the fair market value:

1. Any persons, firms or corporations that engage in the business of slaughtering any cattle, sheep, swine, goats, horses, mules or other equines or preparing, freezing, packaging or labeling any carcasses or parts or products of carcasses of any such animals for use as human food or animal food.

2. Any persons, firms or corporations that engage in the business of buying or selling as meat brokers, wholesalers or otherwise or transporting or storing or importing any carcasses or parts or products of carcasses of any such animals.

3. Any persons, firms or corporations that engage in business as renderers or engage in the business of buying, selling, transporting or importing any dead, dying, disabled or diseased cattle, sheep, swine, goats, horses, mules or other equines or parts of the carcasses of any such animals that died otherwise than by slaughter.

D. Any record required to be maintained by this section shall be maintained for such period of time as the director may by rules prescribe.

E. A person violating any provision of this section is guilty of a class 2 misdemeanor.

# 3-217. Nursery or nursery stock certification; fee; denial, revocation or suspension; hearing

A. The associate director shall:

1. Establish a nursery certification program.

2. By rule, set and collect a variable fee for each nursery or nursery stock certification inspection based on a schedule of costs for services as may be appropriate to recover the actual direct costs incurred by the division, but not more than fifty dollars for each inspection.

B. If the state agricultural laboratory performs tests under a nursery certification program, the laboratory may collect fees prescribed by rule for the tests established as follows:

1. The associate director shall establish by rule the extent and type of testing required for the Arizona certified nursery program including only tests that the department would not otherwise have performed to determine if the nursery or nursery stock is infested or infected with a crop pest or disease.

2. The extent and type of testing required for the export criteria program shall be established according to the requirements of another state, country or commonwealth.

C. The associate director may issue, refuse to issue, revoke or suspend a nursery certificate under the nursery certification program.

D. A person who is aggrieved by any action under the nursery certification program may request a hearing pursuant to title 41, chapter 6, article 10.

## 3-109.02. Office of commodity development and promotion; fees; commodity promotion fund; definition

A. The office of commodity development and promotion shall provide for programs to stimulate, educate, encourage and foster the production and consumption of Arizona agricultural products domestically and abroad.

B. The office may provide authorized or contracted administrative functions for councils and commissions established by law.

C. The director may collect a fee, which the director shall establish by rule, for the issuance of certificates of free sale. The amount of the fee shall not exceed the actual cost of preparing the certificate of free sale. All monies collected from the fees shall be deposited, pursuant to sections 35-146 and 35-147, in the commodity promotion fund.

D. The commodity promotion fund is established. The fund consists of all monies collected pursuant to any promotional service provided to industry under this section and not supported by general fund appropriation, and monies received pursuant to section 3-107, subsection B, paragraph 8. The director shall administer the fund. On notice from the director, the state treasurer shall invest and divest monies in the fund as provided by section 35-313, and monies earned from investment shall be credited to the fund. Monies in the fund are:

1. Continuously appropriated to the department for the purposes of this section.

2. Exempt from the provisions of section 35-190 relating to lapsing of appropriations.

E. For the purposes of this section, "certificate of free sale" means a document that authenticates a commodity that is generally and freely sold in domestic channels of trade.

# SENATE BILL 1725

AN ACT

AMENDING TITLE 26, CHAPTER 1, ARTICLE 1, ARIZONA REVISED STATUTES, BY ADDING SECTION 26-107; REPEALING SECTION 26-107, ARIZONA REVISED STATUTES; APPROPRIATING MONIES; RELATING TO THE ENVIRONMENT.

(TEXT OF BILL BEGINS ON NEXT PAGE)

Be it enacted by the Legislature of the State of Arizona:

Section 1. Title 26, chapter 1, article 1, Arizona Revised Statutes, is amended by adding section 26-107, to read:

26-107. Hazard mitigation revolving fund

THE HAZARD MITIGATION REVOLVING FUND IS ESTABLISHED CONSISTING OF MONIES APPROPRIATED BY THE LEGISLATURE AND MONIES RECEIVED FROM THE FEDERAL GOVERNMENT. MONIES IN THE FUND ARE CONTINUOUSLY APPROPRIATED. THE DEPARTMENT OF EMERGENCY AND MILITARY AFFAIRS SHALL ADMINISTER THE FUND. MONIES IN THE FUND MAY BE USED IN FISCAL YEARS 2023-2024, 2024-2025, 2025-2026, 2026-2027 AND 2027-2028 IN ACCORDANCE WITH THE GUIDELINES ESTABLISHED PURSUANT TO THE SAFEGUARDING TOMORROW THROUGH ONGOING RISK MITIGATION ACT (P.L. 116-284; 134 STAT. 4869).

Sec. 2. Delayed repeal

Section 26-107, Arizona Revised Statutes, as added by this act, is repealed from and after June 30, 2028.

Sec. 3. Fire incident management fund

A. The fire incident management fund is established for fiscal year 2023-2024 consisting of legislative appropriations. The department of administration shall administer the fund. Not more than $200,000 of monies appropriated to the fund may be used by the department of administration to administer the fund. Monies in the fund are continuously appropriated and shall be used to provide grants to municipal fire departments and fire districts for hardware and software that:

1. Enables the statewide deployment of a secure incident management platform to fire and law enforcement agencies.

2. Provides a standardized incident command and management platform based on federal emergency management agency standards that enable diverse incident management and support entities to work together and ensure the following:

(a) A clearly defined chain of command.

(b) The use of common terminology.

(c) The safety of first responders and others.

(d) The achievement of response objectives.

(e) The efficient use of resources.

3. Provides a collaboration and communications solution that does the following:

(a) Identifies the location, status and assignment of assigned resources.

(b) Allows status updates, tracking and management of an incident.

(c) Allows secure messaging and file sharing to all users involved in an incident.

(d) Allows the sharing of collaborative maps, building floor plans and images between public safety agencies.

(e) Allows collaboration and information sharing between disparate agencies during a mass casualty incident.

(f) Defines a federal emergency management agency or national incident management systems-based organizational structure for the management of incidents.

(g) Provides the ability to print standard integrated computer solutions forms for tracking and cost reimbursement.

(h) Provides enhanced telemetry-based firefighter safety monitoring.

(i) Works in areas without internet access in a disconnected mode.

(j) Provides a seamless and connected platform for notification, response and rostering.

(k) Provides cross-platform functionality.

(l) Provides a smartphone-based application for notification, accountability and situational awareness.

B. Each municipal fire department or fire district in this state may submit a grant request to the department of administration for the costs of the secure incident management system that meets all of the criteria described in subsection A of this section.

C. The department of administration shall award grants on a first-come, first-served basis. Grants that are awarded shall fully fund the costs of the secure incident management system for each municipal fire department or fire district for three years.

Sec. 4. Arizona water protection fund; use of monies

Notwithstanding section 45-2114, Arizona Revised Statutes, in fiscal year 2023-2024, the Arizona water protection fund commission may grant to the department of water resources up to $336,000 of the unobligated balance in the Arizona water protection fund established by section 45-2111, Arizona Revised Statutes, to pay for administrative costs of the department in fiscal year 2023-2024.

Sec. 5. Underground storage tank revolving fund; use of monies

Notwithstanding any other law, in fiscal year 2023-2024, the department of environmental quality may use up to $6,531,000 from the underground storage tank revolving fund established by section 49-1015, Arizona Revised Statutes, in fiscal year 2023-2024 for:

1. Administrative costs of the department.

2. Remediating sewage discharge issues in Naco, Arizona and other border areas of this state.

Sec. 6. Arizona water banking fund; use of monies

In addition to the purposes provided in section 45-2425, Arizona Revised Statutes, monies appropriated to the Arizona navigable stream adjudication commission from the Arizona water banking fund established by section 45-2425, Arizona Revised Statutes, may be used in fiscal year 2023-2024 to pay legal fees.

Sec. 7. Appropriation limit; water quality assurance revolving fund

Notwithstanding section 49-282, Arizona Revised Statutes, the appropriation from the state general fund to the water quality assurance revolving fund established by section 49-282, Arizona Revised Statutes, for fiscal year 2023-2024 may not exceed $15,000,000.

Sec. 8. Department of environmental quality; vehicle emissions testing fees; exemption from rulemaking

A. Notwithstanding any other law, the director of environmental quality shall charge fees in fiscal year 2023-2024 that are not more than the fees that were charged in fiscal year 2022-2023 for tests conducted in Area A, as defined in section 49-541, Arizona Revised Statutes.

B. The department of environmental quality is exempt from the rulemaking requirements of title 41, chapter 6, Arizona Revised Statutes, until July 1, 2024 for the purpose of establishing fees pursuant to this section.

Sec. 9. Agricultural fees; continuation; intent; exemption from rulemaking

A. Notwithstanding any other law, the director of the Arizona department of agriculture, with the assistance of the department of agriculture advisory council, may continue to increase or lower existing fees from fiscal years 2021-2022 and 2022-2023 in fiscal year 2023-2024 for services provided in fiscal year 2023-2024.

B. The legislature intends that the additional revenue generated by the fees prescribed in subsection A of this section not exceed $218,000 to the state general fund, $113,000 to the pesticide trust fund established by section 3-350, Arizona Revised Statutes, and $26,000 to the dangerous plants, pests and diseases trust fund established by section 3-214.01, Arizona Revised Statutes, in fiscal year 2023-2024.

C. The Arizona department of agriculture is exempt from the rulemaking requirements of title 41, chapter 6, Arizona Revised Statutes, until July 1, 2024 for the purpose of establishing fees pursuant to this section.

APPROVED BY THE GOVERNOR MAY 11, 2023.

# HOUSE BILL 2902

AN ACT

AMENDING SECTIONS 3-109.03, 26-305, 41-511.24 AND 49-1333, ARIZONA REVISED STATUTES; AMENDING LAWS 2023, CHAPTER 138, SECTION 3; APPROPRIATING MONIES; RELATING TO THE ENVIRONMENT.

(TEXT OF BILL BEGINS ON NEXT PAGE)

Be it enacted by the Legislature of the State of Arizona:

Section 1. Section 3-109.03, Arizona Revised Statutes, is amended to read:

3-109.03. Livestock operator fire and flood assistance grant program; requirements; fund; exemption; definition

A. The livestock operator fire and flood assistance grant program is established under the department to provide grant monies to landowners and lessees of a livestock operation of more than forty animals under normal operating conditions for infrastructure projects that are required as a result of a wildfire ~~and~~ OR associated flooding and that are either:

1. Not eligible for funding from another federal or state program.

2. Partially funded by another federal or state program.

B. The department shall:

1. Develop guidelines and criteria to implement the program, including an application process that includes a description of the intended use for the grant monies.

2. Award all grants pursuant to title 41, chapter 24.

3. Not grant more than fifty percent of the monies in the livestock operator fire and flood assistance fund for infrastructure projects on land in one county in any fiscal year.

4. Ensure that grants from the livestock operator fire and flood assistance GRANT program do not exceed more than:

(a) Fifty percent of the total costs of any infrastructure project.

(b) An aggregate of $250,000 per livestock operation for infrastructure projects that are required as a result of a single wildfire and that wildfire's associated flooding.

5. Require each grantee to submit to the department, within twelve months after receiving the grant, a written report detailing how the grant monies were used to achieve the infrastructure project described in the application. If the infrastructure project takes longer than one year to complete, the grantee shall submit a written report to the department annually until the infrastructure project is complete.

6. On or before December 31 of each year, submit a report of the disposition of monies appropriated to the livestock operator fire and flood assistance fund each fiscal year to the governor, the president of the senate and the speaker of the house of representatives and shall provide a copy of this report to the secretary of state and to any person who requests a copy.

C. The department is exempt from title 41, chapter 6 with respect to adopting rules for the purposes of this section, except that the department shall provide for public notice and sixty days for public comment on the annual grant guidelines and criteria, including public hearings.

D. The livestock operator fire and flood assistance fund is established consisting of federal monies, legislative appropriations from the state general fund, public and private grants and private donations received for the purpose of providing grant monies to landowners and lessees of a livestock operation OF MORE THAN FORTY ANIMALS UNDER NORMAL OPERATING CONDITIONS for infrastructure projects pursuant to this section. The department shall administer the fund. Monies in the fund are continuously appropriated. On notice from the department, the state treasurer shall invest and divest monies in the fund as provided by section 35-313, and monies earned from investment shall be credited to the fund. Monies in the fund are exempt from the provisions of section 35-190 relating to lapsing of appropriations.

E. The department may use up to five percent of the monies appropriated to the livestock operator fire and flood assistance fund in any fiscal year for the purposes of administering the program.

F. For the purposes of this section, "infrastructure" includes wells, buildings, fences, pipelines, spring and water developments, corrals and other essential components to a livestock operation.

Sec. 2. Section 26-305, Arizona Revised Statutes, is amended to read:

26-305. Division of emergency management; duties; director; term; qualifications; compensation; emergency management training revolving fund

A. There is established in the department of emergency and military affairs the division of emergency management, which is administered by the department under the authority of the adjutant general, subject to powers vested in the governor as provided by law.

B. The division shall prepare for and coordinate those emergency management activities that may be required to reduce the impact of disaster on persons or property.

C. Through the powers vested in the governor, the division shall coordinate the cooperative effort of all governmental agencies including the federal government, this state and its political subdivisions to alleviate suffering and loss resulting from disaster.

D. The adjutant general shall appoint the director who serves at the pleasure of the adjutant general. The adjutant general shall select the director on the basis of demonstrated ability in governmental functions or business administration and general knowledge of contingency planning and disaster preparedness.

E. The director is eligible to receive compensation pursuant to section 38-611.

F. The emergency management training REVOLVING fund is established consisting of ~~monies received from~~ LEGISLATIVE APPROPRIATIONS, REIMBURSEMENTS RECEIVED AND fees collected by the division for coordinating ~~symposiums, training~~ conferences ~~and seminars~~, TRAININGS AND

EXERCISES relating to ~~its~~ THE DIVISION'S powers and duties. MONIES IN THE FUND ARE CONTINUOUSLY APPROPRIATED AND ARE EXEMPT FROM THE PROVISIONS OF SECTION 35-190 RELATING TO LAPSING OF APPROPRIATIONS. The director of the division shall deposit all fees collected for these activities in the fund, which shall be used only for expenses of the activities. ~~All monies collected from each event that are in excess of the expenses of the event shall revert to the state general fund by the end of the fiscal year.~~

Sec. 3. Section 41-511.24, Arizona Revised Statutes, is amended to read:

41-511.24. Arizona state parks store fund

A. The Arizona state parks store fund is established consisting of monies deposited pursuant to a fee schedule for goods and services determined by the Arizona state parks board. The board shall administer the fund. Monies in the fund are subject to legislative appropriation and shall be used by the board to operate and maintain gift shops.

B. Monies in the fund are exempt from the provisions of section 35-190 relating to lapsing of appropriations. All monies in the fund exceeding ~~$1,250,000~~ $1,750,000 at the end of a fiscal year are transferred to the state parks revenue fund established by section 41-511.21.

Sec. 4. Section 49-1333, Arizona Revised Statutes, is amended to read:

49-1333. Water conservation grant fund; procedures

A. In compliance with any applicable requirements, an eligible entity as defined in section 49-1301 may apply to the authority for and accept grants from the water conservation grant fund for a water conservation program or project that complies with the requirements of sections 49-1332 and 49-1334. A nongovernment organization that focuses on water conservation or environmental protection may apply to the authority for and accept grants from the water conservation grant fund for a water conservation program or project if it partners with an eligible entity as defined in section 49-1301. AN ELIGIBLE ENTITY MAY APPLY TO THE AUTHORITY FOR AND ACCEPT GRANTS FROM THE WATER CONSERVATION GRANT FUND TO DISTRIBUTE REBATES FOR THE INSTALLATION OF GRAY WATER SYSTEMS.

B. The authority shall:

1. Prescribe a simplified form and procedure to apply for and approve assistance.

2. Establish by rule criteria that are consistent with this article by which assistance will be awarded.

4. Provide that a single water conservation program grant may not exceed $3,000,000, a single water conservation project grant may not

exceed $250,000 and at least a twenty-five percent match is required for each water conservation program or project. Monies from any other source may satisfy the match requirement.

Sec. 5. Laws 2023, chapter 138, section 3 is amended to read:

Sec. 3. Fire incident management fund; exemption; delayed repeal; transfer of monies

A. The fire incident management fund is established ~~for fiscal year 2023-2024~~ consisting of legislative appropriations. The department of administration shall administer the fund. Not more than $200,000 of monies appropriated to the fund may be used by the department of administration to administer the fund. Monies in the fund are continuously appropriated and ARE EXEMPT FROM THE PROVISIONS OF SECTION 35-190, ARIZONA REVISED STATUTES, RELATING TO LAPSING OF APPROPRIATIONS. THE DEPARTMENT OF ADMINISTRATION shall ~~be used~~ DISTRIBUTE MONIES FROM THE FUND to provide grants to municipal fire departments and fire districts for hardware and software that:

1. Enables the statewide deployment of a secure incident management platform to fire and law enforcement agencies.

2. Provides a standardized incident command and management platform based on federal emergency management agency standards that enable diverse incident management and support entities to work together and ensure the following:

(a) A clearly defined chain of command.

(b) The use of common terminology.

(c) The safety of first responders and others.

(d) The achievement of response objectives.

(e) The efficient use of resources.

3. Provides a collaboration and communications solution that does the following:

(a) Identifies the location, status and assignment of assigned resources.

(b) Allows status updates, tracking and management of an incident.

(c) Allows secure messaging and file sharing to all users involved in an incident.

(d) Allows the sharing of collaborative maps, building floor plans and images between public safety agencies.

(e) Allows collaboration and information sharing between disparate agencies during a mass casualty incident.

(f) Defines a federal emergency management agency or national incident management systems-based organizational structure for the management of incidents.

(g) Provides the ability to print standard integrated computer solutions forms for tracking and cost reimbursement.

(h) Provides enhanced telemetry-based firefighter safety monitoring.

(i) Works in areas without internet access in a disconnected mode.

(j) Provides a seamless and connected platform for notification, response and rostering.

(k) Provides cross-platform functionality.

(l) Provides a smartphone-based application for notification, accountability and situational awareness.

B. Each municipal fire department or fire district in this state may submit a grant request to the department of administration for the costs of the secure incident management system that meets all of the criteria described in subsection A of this section.

C. The department of administration shall award grants on a first-come, first-served basis. Grants that are awarded shall fully fund the costs of the secure incident management system for each municipal fire department or fire district for three years.

D. FROM AND AFTER JUNE 30, 2025, THIS SECTION IS REPEALED AND ALL UNEXPENDED AND UNENCUMBERED MONIES IN THE FIRE INCIDENT MANAGEMENT FUND ESTABLISHED BY THIS SECTION REVERT TO THE STATE GENERAL FUND.

Sec. 6. Arizona water protection fund; use of monies

Notwithstanding section 45-2114, Arizona Revised Statutes, in fiscal year 2024-2025, the Arizona water protection fund commission may grant to the department of water resources up to $336,000 of the unobligated balance in the Arizona water protection fund established by section 45-2111, Arizona Revised Statutes, to pay for administrative costs of the department in fiscal year 2024-2025.

Sec. 7. Underground storage tank revolving fund; use of monies

Notwithstanding any other law, in fiscal year 2024-2025, the department of environmental quality may use up to $6,531,000 from the underground storage tank revolving fund established by section 49-1015, Arizona Revised Statutes, in fiscal year 2024-2025 for:

1. Administrative costs of the department.

2. Remediating sewage discharge issues in Naco, Arizona and other border areas of this state.

Sec. 8. Arizona water banking fund; use of monies

In addition to the purposes provided in section 45-2425, Arizona Revised Statutes, monies appropriated to the Arizona navigable stream adjudication commission from the Arizona water banking fund established by section 45-2425, Arizona Revised Statutes, may be used in fiscal year 2024-2025 to pay legal fees.

Sec. 9. Appropriation limit; water quality assurance revolving fund

Notwithstanding section 49-282, Arizona Revised Statutes, the appropriation from the state general fund to the water quality assurance revolving fund established by section 49-282, Arizona Revised Statutes, for fiscal year 2024-2025 may not exceed $15,000,000.

Sec. 10. Department of environmental quality; vehicle emissions testing fees; exemption from rulemaking

A. Notwithstanding any other law, in fiscal year 2024-2025, the director of the department of environmental quality shall reduce fees for tests conducted in area A so that vehicle emissions testing fee revenues collected from area A are reduced by five percent of fiscal year 2023-2024 area A collections. For the purposes of this subsection, "area A" has the same meaning prescribed in section 49-541, Arizona Revised Statutes.

B. The department of environmental quality is exempt from the rulemaking requirements of title 41, chapter 6, Arizona Revised Statutes, until July 1, 2025 for the purpose of establishing fees pursuant to this section.

Sec. 11. Agricultural fees; emergency rulemaking

A. For fiscal year 2024-2025, notwithstanding any other law, the director of the Arizona department of agriculture, subject to the review of the department of agriculture advisory council, may lower existing fees for any funds held in trust by the department.

B. The Arizona department of agriculture shall adopt emergency rules pursuant to title 41, chapter 6, Arizona Revised Statutes, through July 1, 2025, in conjunction with the industry, to modify fees deposited in the dangerous plants, pests and diseases trust fund established by section 3-214.01, Arizona Revised Statutes. These rules must be reviewed by the department of agriculture advisory council.

Sec. 12. Authorization for liabilities and expenses; fiscal year 2024-2025

Notwithstanding section 35-192, Arizona Revised Statutes, in fiscal year 2024-2025, the governor may allocate $500,000 to the emergency management assistance compact and Arizona mutual aid compact revolving fund established by section 26-403, Arizona Revised Statutes, and $300,000 to the emergency management training revolving fund established by section 26-305, Arizona Revised Statutes, as amended by this act. Each allocation the governor makes pursuant to this section counts toward the $4,000,000 aggregate amount allowed in fiscal year 2024-2025 as prescribed by section 35-192, subsection F, Arizona Revised Statutes.

APPROVED BY THE GOVERNOR JUNE 18, 2024.

# GOVERNOR'S REGULATORY REVIEW COUNCIL

## ATTORNEY MEMORANDUM - ONE-YEAR REVIEW REPORT

---

**MEETING DATE: July 1, 2025**

**TO:** Members of the Governor's Regulatory Review Council (Council)

**FROM:** Council Staff

**DATE:** June 10, 2025

**SUBJECT:** **DEPARTMENT OF AGRICULTURE**
Title 3, Chapter 4, Article 3

---

**Summary**

This One-Year Review Report (1YRR) from the Department of Agriculture (Department) relates to one (1) rule in Title 3, Chapter 4, Article 3 regarding Nursery Certification Program. Specifically, rule R3-4-301 sets out temporary fee increases as authorized by 2023 session law for the nursery certification program, which includes general and special nursery stock inspection certifications and fees.

Many Arizona nursery stock producers/exporters participate in the voluntary Arizona Certified Nursery Program to receive a General Nursery Stock Certification that meets or exceeds the National Plant Board standards of pest freedom and generally satisfies most domestic entry requirements. Beginning in fiscal year (FY) 2011, the Legislature authorized the Department to increase the fee for general nursery stock certification (A.R.S. § 3-217) from $50 to $250 and increase the single shipment certification fee from $50 to $50 plus $10 for each additional lot inspected. The fee increases were implemented through legislation that allowed for a one year increase in fees in order to make up for decreases in general fund appropriations.

Each year since that time, similar legislation has passed allowing the Department to keep up these fee increases for one more year at a time. The current fee increase will end at the end of FY 2025. Laws 2023, 1st Reg. Sess., Ch. 138, § 9 authorizes these fees to continue in FY

2024-2025. The Department filed an exempt rulemaking with the Secretary of State's Office to continue these fees in FY 2024-2025, which became effective October 30, 2023. The exempt rulemaking was superseded by an emergency rulemaking filed with the Arizona Attorney General's Office to continue the fee increase through FY 2024-2025 for services provided in FY 2024-2025 as authorized under Laws 2024, 2nd Reg. Sess., Ch 214 § 11(B).

**Proposed Action**

The Department proposes to maintain the rule as is. The Department intends to submit a request to the Governor's Office in July 2025 to request approval to conduct rulemaking for rule R3-4-301 pursuant to A.R.S. § 41-1039(A) and/or laws established during Legislative Session 2025, 1st Reg. Sess. Within 30-days of receiving approval to proceed with rulemaking from the Governor's Office, the Department will file a rulemaking to continue nursery certification fees from FY 2024 in FY 2025, or amend the rule to remove the fee increase related to FY 2024-2025.

**1. Has the agency analyzed whether the rules are authorized by statute?**

The Department cites both general and specific authorizing statutes for these rules.

**2. Summary of the agency's economic impact comparison and identification of stakeholders:**

According to the Department, because this rule was adopted by exempt rulemaking, a formal economic, small business, and consumer impact comparison was not prepared.

Beginning in fiscal year (FY) 2011, the Legislature authorized the Department to increase the fee for general nursery stock certification (A.R.S. § 3-217) from $50 to $250 and increase the single shipment certification fee from $50 to $50 plus $10 for each additional lot inspected. The fee increases were implemented through legislation that allowed for a one year increase in fees in order to make up for decreases in general fund appropriations. The Department receives approximately $26,000 per year as a result of these fee increases. The revenue generated is used to offset the cost of providing the inspection service to the regulated community. Without the income generated, the Department would not be able to provide these services and the regulated community would not be able to export regulated nursery products out of the state, decreasing the overall impact to the State's economy. The rule does not directly affect employment, consumers or state revenues.

Each year, since that time, similar legislation has passed allowing the Department to keep up these fee increases for one more year at a time. The current fee increase will end at the end of the fiscal year. Laws 2023, 1st Reg. Sess., Ch. 138, § 9 authorizes these fees to continue in FY 2024-2025. The Department filed an exempt rulemaking with the Secretary of State's Office to continue these fees in FY 2024-2025. The exempt rulemaking was superseded by an Emergency Rulemaking filed with the Arizona Attorney General's Office to continue the fee increase

through FY 2024-2025 for services provided in FY 2024-2025 as authorized under Laws 2024, 2nd Reg. Sess., Ch 214 § 11(B).

Stakeholders include the Department and Arizona nursery stock producers/exporters that participate in the Arizona Certified Nursery Program.

**3. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The Department believes R3-4-301 outweighs the costs imposed by the regulatory community, and are the least burdensome and cost effective.

**4. Has the agency received any written criticisms of the rules since the rule was adopted?**

The Department has not received any written criticisms regarding these rules.

**5. Has the agency analyzed the rules' clarity, conciseness, and understandability?**

The Department indicates the rules are clear, concise, and understandable.

**6. Has the agency analyzed the rules' consistency with other rules and statutes?**

The Department indicates the rules are consistent with other rules and statutes.

**7. Has the agency analyzed the rules' effectiveness in achieving its objectives?**

The Department indicates the rules are effective in achieving their objectives.

**8. Has the agency analyzed the current enforcement status of the rules?**

The Department indicates the rules are enforced as written.

**9. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Department indicates there is no corresponding federal law.

**10. Has the agency completed any additional process required by law?**

The Department was not required to complete any additional processes.

**11. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

The Department indicates rule R3-4-301 does not require a permit and the nursery certification program is voluntary.

**12. Conclusion**

This 1YRR from the Department relates to one (1) rule in Title 3, Chapter 4, Article 3 regarding Nursery Certification Program. Specifically, rule R3-4-301 sets out temporary fee increases as authorized by 2023 session law for the nursery certification program, which includes general and special nursery stock inspection certifications and fees. The Department proposes to maintain the rule as is. The Department intends to submit a request to the Governor's Office in July, 2025 to request approval to conduct rulemaking for rule R3-4-301 pursuant to A.R.S. § 41-1039(A) and/or laws established during Legislative Session 2025, 1st Reg. Sess. Within 30-days of receiving approval to proceed with rulemaking from the Governor's Office Policy Advisor, the Department will file a rulemaking to continue nursery certification fees from FY 2024 in FY 2025, or amend the rule to remove the fee increase related to FY 2024-2025.

Council staff recommends approval of this report.

**RE: One-Year Review Report for A.A.C. Title 3, Chapter 4, R3-4-301**

Dear Ms. Klein:

Enclosed please find the Arizona Department of Agriculture's (Department) one-year review report for A.A.C. Title 3, Chapter 4, R3-4-301 which is due on February 27, 2025. This rule has been reviewed, and there is no intention for this rule to expire under § 41-1056(J). However, Laws 2023, 1st Reg. Sess., Ch. 138, § 9 set fees for fiscal year 2024, and were filed under an exempt rulemaking on October 12, 2023. The Department filed an emergency rulemaking in accordance with Laws 2024, 2nd Reg. Sess., Ch. 214, Section 11 to modify fees deposited in the dangerous plants, pests, and disease trust fund in order to continue these fees in fiscal year 2025. Also enclosed are copies of the 2024 session law, rule and the authorizing statutes.

The Department certifies, in accordance with A.R.S. § 41-1056(A), that it is in compliance with A.R.S. § 41-1091.

One-Year Review Report
2023 Session Law
2024 Session Law
Current Rule
Authorizing Statutes

**ARIZONA DEPARTMENT OF AGRICULTURE**

**1 YEAR REVIEW REPORT**

**Title 3, Chapter 4, Article 3**

**February 27, 2025**

**1. Authorization of the rule by existing statutes**

Authorizing Statute: A.R.S. § 3-107(A)(1); Laws 2023, 1st Reg. Sess., Ch. 138, § 9.

Implementing Statute: Laws 2023, 1st Reg. Sess., Ch. 138, § 9; A.R.S. § § 3-201.01 (A)(5); 3-217.

Statute or session law authorizing the exemption: Laws 2023, 1st Reg. Sess., Ch. 138, § 9.

**2. The objective of each rule:**

| Rule | Objective |
|---|---|
| R3-4-301 | Sets out temporary fee increases as authorized by 2023 session law for the nursery certification program, which includes general and special nursery stock inspection certifications and fees. |

**3. Are the rules effective in achieving their objectives?** **Yes x No ___**

R3-4-301 is effective in achieving its objective.

**4. Are the rules consistent with other rules and statutes?** **Yes x No ___**

R3-4-301 is consistent with other rules and statutes.

List of rules and statutes used in determining consistency:
A.R.S. § 3-201 et seq.

**5. Are the rules enforced as written?** **Yes x No ___**

R3-4-301 is enforced as written.

**6. Are the rules clear, concise, and understandable?** **Yes x No ___**

R3-4-301 is clear, concise and understandable.

**7. Has the agency received written criticisms of the rules within the last five years?** **Yes ___ No** x

The Department has not received written criticisms of the rule within the last five years.

**8. Economic, small business, and consumer impact comparison:**

Because this rule was adopted by exempt rulemaking, a formal economic, small business, and consumer impact comparison was not prepared.

Many Arizona nursery stock producers/exporters participate in the voluntary Arizona Certified Nursery Program to receive a General Nursery Stock Certification that meets or exceeds the National Plant Board standards of pest freedom and generally satisfies most domestic entry requirements. Beginning in fiscal year (FY) 2011, the Legislature authorized the Department to increase the fee for general nursery stock certification (A.R.S. § 3-217) from $50 to $250 and increase the single shipment certification fee from $50 to $50 plus $10 for each additional lot inspected. The fee increases were implemented through legislation that allowed for a one year increase in fees in order to make up for decreases in general fund appropriations. The Department receives approximately $26,000 per year as a result of these fee increases. The revenue generated is used to offset the cost of providing the inspection service to the regulated community. Without the income generated, the Department would not be able to provide these services and the regulated community would not be able to export regulated nursery products out of the state, decreasing the overall impact to the State's economy. The rule does not directly affect employment, consumers or state revenues.

Each year, since that time, similar legislation has passed allowing the Department to keep up these fee increases for one more year at a time. The current fee increase will end at the end of the fiscal year. Laws 2023, 1st Reg. Sess., Ch. 138, **§** 9 authorizes these fees to continue in FY 2024-2025. The Department filed an exempt rulemaking with the Secretary of State's Office to continue these fees in FY 2024-2025. The exempt rulemaking was superseded by an Emergency Rulemaking filed with the Arizona Attorney General's Office to continue the fee increase through FY 2024-2025 for services provided in FY 2024-2025 as authorized under Laws 2024, 2nd Reg. Sess., Ch 214 § 11(B)

**9. Has the agency received any business competitiveness analyses of the rules? Yes____ No x___**

No business competitive analysis has been received.

**10. Has the agency completed the course of action indicated in the agency's previous one-year-review report?**

The Department completed the course of action in the previous one-year-review report by filing a notice of exempt rulemaking on October 12, 2024.

**11. A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:**

The Department believes R3-4-301 outweighs the costs imposed by the regulatory community, and are the least burdensome and cost effective.

**12. Are the rules more stringent than corresponding federal laws? Yes____ No x___**

R3-4-301 has no corresponding federal law and is therefore not more stringent than a corresponding Federal law.

**13. For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:**

R3-4-301 does not require a permit. The nursery certification program is voluntary.

**14. Proposed course of action**

The Department proposes to maintain the rule as is. The Department intends to submit a request to the Governor's Office Policy Advisor in July, 2025 to request approval to conduct rulemaking for rule R3-4-301 pursuant to A.R.S. § 41-1039(A) and/or laws established during Legislative Session 2025, 1st Reg. Sess. Within 30-days of receiving approval to proceed with rulemaking from the Governor's Office Policy Advisor, the Department will file a rulemaking to continue nursery certification fees from fiscal year 2024 in fiscal year 2025, or amend the rule to remove the fee increase related to FY 2024-2025.

**6. An agency's justification and reason why a rule should be made, amended, repealed, or renumbered to include an explanation about the rulemaking:**
This rulemaking continues nursery certification fees from fiscal years 2011 through 2023 in fiscal year 2024 for services provided in fiscal year 2024 in order to make up for decreases in general fund appropriations. See Notice of Exempt Rulemaking: 28 A.A.R. 2020, August 12, 2022; 27 A.A.R. 1266, August 20,2021; 26 A.A.R. 1473, July 24, 2020; 25 A.A.R. 2085, August 16, 2019; 24 A.A.R. 2223, August 3, 2018; 23 A.A.R. 1941, July 21, 2017; 21 A.A.R. 2410, Oct. 16, 2015; 20 A.A.R. 2449, Sept. 5, 2014; 19 A.A.R. 3143, Oct. 11, 2013; 18 A.A.R. 2063, Aug. 24, 2012; 17 A.A.R. 1761, Sept. 2, 2011; & 16 A.A.R. 1336, July 23, 2010. Continuing these fees is necessary to implement the budget for the plant services division for fiscal year 2024.

**7. A reference to any study relevant to the rules that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rules, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**
None

**8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**
Not applicable

**9. The summary of the economic, small business, and consumer impact, if applicable:**
Laws 2023, 1st Reg. Sess., Ch. 138, § 9 authorizes an exemption from the rulemaking requirements of A.R.S. Title 41, Chapter 6 for the purpose of establishing fees pursuant to those sections until July 1, 2024. As a result, this rulemaking is exempt from the requirements of the Administrative Procedures Act and no economic, small business, and consumer impact statement is required.

**10. A description of any changes between the proposed rulemaking, including any supplemental proposed rulemaking, and the final rulemaking package (if applicable):**
Not applicable

**11. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments, if applicable:**
None received

**12. Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rules. When applicable, matters shall include, but not be limited to:**
The Department of Agriculture Advisory Council voted on June 29, 2023 in favor of continuing the fees set out in this rulemaking

through fiscal year 2024.

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**
The rule does not require a permit. The nursery certification program is voluntary.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than the federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**
Not applicable

**c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**
Not applicable

**13. A list of any incorporated by reference material and its location in the rule:**
None

**14. Whether the rule was previously made, amended, repealed or renumbered as an emergency rule. If so, the agency shall state where the text changed between the emergency and the exempt rulemaking packages:**
Not applicable

**15. The full text of the rules follows:**

# 3-607. Annual licenses; inspections; revocation; fees; exceptions

A. A person shall not operate a milk distributing plant or a manufacturing milk processing plant, engage in the business of producer-distributor or producer-manufacturer, or engage in the business of selling at wholesale milk or dairy products, or both, without a license. This section does not require:

1. An Arizona dairy farm producing raw milk for sale to be processed to secure a license to operate.

2. A retailer or wholesaler to secure a license from the division to convert a pasteurized mix into frozen dessert.

3. A food establishment regulated by the department of health services to secure a license from the division to manufacture frozen desserts using pasteurized milk or pasteurized milk-based products if the frozen dessert is manufactured and sold at the same food establishment for consumption on the premises and the food establishment has submitted a plan for approval to the regulatory authority under title 36 demonstrating that the manufacturing process complies with the rules adopted pursuant to section 36-136, subsection I, including pasteurization as defined in rule. The division or the regulatory authority under title 36 may require a food establishment that manufactures frozen desserts using pasteurized milk or pasteurized milk-based products to provide samples of the frozen dessert to verify that the frozen dessert is pasteurized.

B. An application for a license shall be in writing in the form the associate director prescribes and shall be accompanied by the required filing fee. On receipt of an application, the associate director or an authorized representative shall examine the premises in which the applicant proposes to do business, and if it appears that the applicant has complied with all provisions of law, the license shall be issued.

C. After issuance of the first annual license, a license may be issued on inspection of the premises and payment not later than February 1 of each year of the required fee. The inspection shall be made by the associate director or an authorized representative to determine whether the premises are maintained in compliance with law. A written report of the inspection shall be filed in the division office. An annual license is valid for the period beginning January 1 and ending December 31 of each year, and a license that is not renewed on or before February 1 of each year is void.

D. An application for a license to produce grade A milk for human consumption shall be made in the manner prescribed by subsections A and B of this section. The license shall be valid until revoked for failure to comply with the provisions of this article relating to the production of milk. The associate director may suspend a license pending correction of deficiencies that violate this article. If the identified deficiencies are not corrected within a reasonable time after the licensee is notified, the associate director may proceed to revoke the license. Notice of a pending revocation shall be in writing, stating the cause, and setting a time during which the licensee may correct the cause for revocation. If the cause for revocation is not corrected within the time specified, the associate director, after a hearing and three days' notice of intention, may revoke the license. The director shall review the associate director's action on request of any person adversely affected by the action. A person holding a permit issued by a governmental agency operating outside of this state whose requirements are substantially the same as the requirements of this state shall be deemed to have a license meeting the requirements of this article, provided the facilities have first been inspected and approved also by a resident Arizona inspector, if in the opinion of the associate director such an inspection should be made. Any expense incurred for such an inspection shall be at the expense of the licensee.

E. Fees shall be paid as follows:

1. For a license or renewal of a license to operate a milk distributing plant or business, $50.

2. For a license or renewal of a license to operate a manufacturing milk processing plant, $50.

3. For a license or renewal of a license to engage in the business of producer-distributor or producer-manufacturer, $25.

4. For a license or renewal of a license to engage in the business of selling at wholesale milk or dairy products, or both, $25.

F. The associate director or dairy inspectors are authorized to inspect premises affected by this article and located outside of this state, and they shall receive subsistence and travel expenses in the amount provided for state officers, which shall be paid to the inspector by the owner of the premises inspected.

G. This section does not apply to a producer of raw milk.

# 3-619. Qualification of sampler; license; certificate of proficiency; revocation

A. No person shall sample milk or cream for the purpose of determining the amount of milk fat contained therein where the result of the test is used as a basis for payment for the milk or cream, or for official inspection or public record, unless licensed by the division. An applicant for a license shall give proof satisfactory to the associate director of his ability to perform his duties and shall pay a license fee of five dollars. The license shall be valid for the calendar year in which issued and upon payment of a renewal fee of one dollar fifty cents shall be renewed for each year in which the licensee desires to operate. A license not renewed prior to February 1 is void.

B. No person shall test milk or cream for the purpose of determining the butterfat content thereof, when the result of the test is used to determine the purchase sales value or the legal standard of the product, unless the tester has a tester's license. A tester's license may be obtained from the division by presenting a certificate of proficiency, and payment of a license fee of five dollars. The license shall be valid for the calendar year in which issued, and upon payment of a renewal fee of one dollar fifty cents shall be renewed for each year in which the tester desires to operate. A license not renewed prior to February 1 is void.

C. A certificate of proficiency may be obtained only from the department of dairy husbandry of the university of Arizona. The applicant therefor shall appear before the department of dairy husbandry or an official representative thereof and submit to such written examination and conduct such demonstration of laboratory technique as the department of dairy husbandry or its representative may require. Upon successfully completing the examination the department of dairy husbandry shall issue the certificate to an applicant displaying required proficiency. A tester's license issued by a state other than this state shall be accepted from the person named thereon in lieu of the certificate of proficiency, but the tester shall have been actively engaged in testing under the license for a period of not less than ninety days and shall furnish proof thereof. Each license shall be kept at the place in which the licensee is employed and shall be open to inspection.

D. A license may be revoked by the associate director, after a hearing upon due notice to the licensee, for a false statement in the application, dishonesty, incompetency or inaccuracy, or for violating any provision of this article. On request, the director shall review any action taken by the associate director under this subsection.

# 3-1337. Service charge and inspection fee; self-inspection

A. Livestock officers and inspectors shall collect from the person in charge of cattle inspected a service charge of three dollars plus an inspection fee of twenty-five cents per head for making inspections for the transfer of ownership, sale, slaughter or transportation of cattle.

B. Livestock officers and inspectors shall collect from the person in charge of sheep inspected a service charge of three dollars plus an inspection fee of five cents per head for making inspections for the transfer of ownership, sale, slaughter or transportation of sheep.

C. Livestock officers and inspectors shall collect from the person in charge of dairy cattle inspected a service charge of three dollars plus an inspection fee of twenty-five cents per head for making inspections for the transfer of ownership, sale, slaughter or transportation of dairy cattle.

D. The division may approve self-inspection by movers of livestock and feedlots and dairies pursuant to section 3-1203, subsection D. Movement shall be documented on simple and concise self-inspection forms that are provided by the department and that include only the following information:

1. The certificate number.

2. The department contact information.

3. For out-of-state shipments, official identification.

4. For dairy cattle, back tag numbers.

5. The amount collected pursuant to section 3-1236.

6. The number and description of livestock.

7. The livestock owner's or agent's name, signature and address.

8. The transporter's name.

9. The location of the place and date of shipment.

10. The destination or buyer's name and address.

11. For branded animals, the animal's registered brand, including brand number, location and expiration date.

E. Movers of livestock and feedlots and dairies that utilize self-inspection shall purchase the self-inspection book from the department. The director, in consultation with the department of agriculture advisory council established pursuant to section 3-104, may establish a fee for the self-inspection book.

F. Any fees collected by the livestock officers and inspectors and by movers of livestock and feedlots and dairies utilizing self-inspection shall be remitted to the division. Any fees incurred by movers of livestock and feedlots and dairies shall be remitted to the department within ten days after the end of the month in which the livestock were inspected.

# 3-2003. Grant of licenses; fees; expiration date

A. The division may grant a license to slaughter livestock, sheep, goats or swine as set forth in the license issued on payment of the fees.

B. The fees shall be as follows:

1. For not to exceed forty-five head of livestock, and not to exceed fifty-five head of sheep, goats or swine in one calendar year, $5.

2. For more than forty-five and not to exceed one hundred fifty head of livestock and more than forty-five and not to exceed one hundred sixty head of sheep, goats or swine in one calendar year, $15.

3. For more than one hundred fifty head of livestock and more than one hundred sixty head of sheep, goats or swine in any one calendar year, $80.

C. Licenses issued under this section expire on December 31 of the year in which they are issued.

# 3-2081. Licenses for sale or exchange of meat or poultry; fee; records kept by licensee; expiration of license; violation; classification

A. A person, firm or corporation that engages in the business of meat or poultry processing, wholesaling, storing in or for intrastate commerce, transporting in intrastate commerce, distributing, jobbing or brokering other than canned meat or poultry or canned meat or poultry products, except a home consumer, shall, before offering such meat or poultry or meat or poultry food products for sale or exchange, after complying with the minimum requirements of the director, procure a license from the division, for which he shall pay an annual license fee of ten dollars for each place of business, store, stand, market or vehicle in or from which the meat is to be sold or exchanged and shall keep a record of the name and address of each person from whom the licensee obtained such meat or meat food products, the date of purchase, quantity and kind of meat purchased and time and place of purchase. Upon request by an inspector or peace officer, the licensee shall exhibit the record to him. The record shall be retained for one year.

B. All licenses issued under the provisions of this article shall expire on December 31 of the year in which issued.

C. The following persons, firms and corporations shall keep such records as will fully and correctly disclose all transactions involved in their businesses and all persons, firms and corporations subject to such requirements shall at all reasonable times upon notice by a duly authorized representative of the department afford such representative access to their places of business and opportunity to examine the facilities and inventory and to take reasonable samples of their inventory upon payment of the fair market value:

1. Any persons, firms or corporations that engage in the business of slaughtering any cattle, sheep, swine, goats, horses, mules or other equines or preparing, freezing, packaging or labeling any carcasses or parts or products of carcasses of any such animals for use as human food or animal food.

2. Any persons, firms or corporations that engage in the business of buying or selling as meat brokers, wholesalers or otherwise or transporting or storing or importing any carcasses or parts or products of carcasses of any such animals.

3. Any persons, firms or corporations that engage in business as renderers or engage in the business of buying, selling, transporting or importing any dead, dying, disabled or diseased cattle, sheep, swine, goats, horses, mules or other equines or parts of the carcasses of any such animals that died otherwise than by slaughter.

D. Any record required to be maintained by this section shall be maintained for such period of time as the director may by rules prescribe.

E. A person violating any provision of this section is guilty of a class 2 misdemeanor.

# 3-217. Nursery or nursery stock certification; fee; denial, revocation or suspension; hearing

A. The associate director shall:

1. Establish a nursery certification program.

2. By rule, set and collect a variable fee for each nursery or nursery stock certification inspection based on a schedule of costs for services as may be appropriate to recover the actual direct costs incurred by the division, but not more than fifty dollars for each inspection.

B. If the state agricultural laboratory performs tests under a nursery certification program, the laboratory may collect fees prescribed by rule for the tests established as follows:

1. The associate director shall establish by rule the extent and type of testing required for the Arizona certified nursery program including only tests that the department would not otherwise have performed to determine if the nursery or nursery stock is infested or infected with a crop pest or disease.

2. The extent and type of testing required for the export criteria program shall be established according to the requirements of another state, country or commonwealth.

C. The associate director may issue, refuse to issue, revoke or suspend a nursery certificate under the nursery certification program.

D. A person who is aggrieved by any action under the nursery certification program may request a hearing pursuant to title 41, chapter 6, article 10.

## 3-109.02. Office of commodity development and promotion; fees; commodity promotion fund; definition

A. The office of commodity development and promotion shall provide for programs to stimulate, educate, encourage and foster the production and consumption of Arizona agricultural products domestically and abroad.

B. The office may provide authorized or contracted administrative functions for councils and commissions established by law.

C. The director may collect a fee, which the director shall establish by rule, for the issuance of certificates of free sale. The amount of the fee shall not exceed the actual cost of preparing the certificate of free sale. All monies collected from the fees shall be deposited, pursuant to sections 35-146 and 35-147, in the commodity promotion fund.

D. The commodity promotion fund is established. The fund consists of all monies collected pursuant to any promotional service provided to industry under this section and not supported by general fund appropriation, and monies received pursuant to section 3-107, subsection B, paragraph 8. The director shall administer the fund. On notice from the director, the state treasurer shall invest and divest monies in the fund as provided by section 35-313, and monies earned from investment shall be credited to the fund. Monies in the fund are:

1. Continuously appropriated to the department for the purposes of this section.

2. Exempt from the provisions of section 35-190 relating to lapsing of appropriations.

E. For the purposes of this section, "certificate of free sale" means a document that authenticates a commodity that is generally and freely sold in domestic channels of trade.

AN ACT

AMENDING TITLE 26, CHAPTER 1, ARTICLE 1, ARIZONA REVISED STATUTES, BY ADDING SECTION 26-107; REPEALING SECTION 26-107, ARIZONA REVISED STATUTES; APPROPRIATING MONIES; RELATING TO THE ENVIRONMENT.

(TEXT OF BILL BEGINS ON NEXT PAGE)

Be it enacted by the Legislature of the State of Arizona:

Section 1. Title 26, chapter 1, article 1, Arizona Revised Statutes, is amended by adding section 26-107, to read:

26-107. Hazard mitigation revolving fund

THE HAZARD MITIGATION REVOLVING FUND IS ESTABLISHED CONSISTING OF MONIES APPROPRIATED BY THE LEGISLATURE AND MONIES RECEIVED FROM THE FEDERAL GOVERNMENT. MONIES IN THE FUND ARE CONTINUOUSLY APPROPRIATED. THE DEPARTMENT OF EMERGENCY AND MILITARY AFFAIRS SHALL ADMINISTER THE FUND. MONIES IN THE FUND MAY BE USED IN FISCAL YEARS 2023-2024, 2024-2025, 2025-2026, 2026-2027 AND 2027-2028 IN ACCORDANCE WITH THE GUIDELINES ESTABLISHED PURSUANT TO THE SAFEGUARDING TOMORROW THROUGH ONGOING RISK MITIGATION ACT (P.L. 116-284; 134 STAT. 4869).

Sec. 2. Delayed repeal

Section 26-107, Arizona Revised Statutes, as added by this act, is repealed from and after June 30, 2028.

Sec. 3. Fire incident management fund

A. The fire incident management fund is established for fiscal year 2023-2024 consisting of legislative appropriations. The department of administration shall administer the fund. Not more than $200,000 of monies appropriated to the fund may be used by the department of administration to administer the fund. Monies in the fund are continuously appropriated and shall be used to provide grants to municipal fire departments and fire districts for hardware and software that:

1. Enables the statewide deployment of a secure incident management platform to fire and law enforcement agencies.

2. Provides a standardized incident command and management platform based on federal emergency management agency standards that enable diverse incident management and support entities to work together and ensure the following:

(a) A clearly defined chain of command.

(b) The use of common terminology.

(c) The safety of first responders and others.

(d) The achievement of response objectives.

(e) The efficient use of resources.

3. Provides a collaboration and communications solution that does the following:

(a) Identifies the location, status and assignment of assigned resources.

(b) Allows status updates, tracking and management of an incident.

(c) Allows secure messaging and file sharing to all users involved in an incident.

(d) Allows the sharing of collaborative maps, building floor plans and images between public safety agencies.

(e) Allows collaboration and information sharing between disparate agencies during a mass casualty incident.

(f) Defines a federal emergency management agency or national incident management systems-based organizational structure for the management of incidents.

(g) Provides the ability to print standard integrated computer solutions forms for tracking and cost reimbursement.

(h) Provides enhanced telemetry-based firefighter safety monitoring.

(i) Works in areas without internet access in a disconnected mode.

(j) Provides a seamless and connected platform for notification, response and rostering.

(k) Provides cross-platform functionality.

(l) Provides a smartphone-based application for notification, accountability and situational awareness.

B. Each municipal fire department or fire district in this state may submit a grant request to the department of administration for the costs of the secure incident management system that meets all of the criteria described in subsection A of this section.

C. The department of administration shall award grants on a first-come, first-served basis. Grants that are awarded shall fully fund the costs of the secure incident management system for each municipal fire department or fire district for three years.

Sec. 4. Arizona water protection fund; use of monies

Notwithstanding section 45-2114, Arizona Revised Statutes, in fiscal year 2023-2024, the Arizona water protection fund commission may grant to the department of water resources up to $336,000 of the unobligated balance in the Arizona water protection fund established by section 45-2111, Arizona Revised Statutes, to pay for administrative costs of the department in fiscal year 2023-2024.

Sec. 5. Underground storage tank revolving fund; use of monies

Notwithstanding any other law, in fiscal year 2023-2024, the department of environmental quality may use up to $6,531,000 from the underground storage tank revolving fund established by section 49-1015, Arizona Revised Statutes, in fiscal year 2023-2024 for:

1. Administrative costs of the department.

2. Remediating sewage discharge issues in Naco, Arizona and other border areas of this state.

Sec. 6. Arizona water banking fund; use of monies

In addition to the purposes provided in section 45-2425, Arizona Revised Statutes, monies appropriated to the Arizona navigable stream adjudication commission from the Arizona water banking fund established by section 45-2425, Arizona Revised Statutes, may be used in fiscal year 2023-2024 to pay legal fees.

Sec. 7. Appropriation limit; water quality assurance revolving fund

Notwithstanding section 49-282, Arizona Revised Statutes, the appropriation from the state general fund to the water quality assurance revolving fund established by section 49-282, Arizona Revised Statutes, for fiscal year 2023-2024 may not exceed $15,000,000.

Sec. 8. Department of environmental quality; vehicle emissions testing fees; exemption from rulemaking

A. Notwithstanding any other law, the director of environmental quality shall charge fees in fiscal year 2023-2024 that are not more than the fees that were charged in fiscal year 2022-2023 for tests conducted in Area A, as defined in section 49-541, Arizona Revised Statutes.

B. The department of environmental quality is exempt from the rulemaking requirements of title 41, chapter 6, Arizona Revised Statutes, until July 1, 2024 for the purpose of establishing fees pursuant to this section.

Sec. 9. Agricultural fees; continuation; intent; exemption from rulemaking

A. Notwithstanding any other law, the director of the Arizona department of agriculture, with the assistance of the department of agriculture advisory council, may continue to increase or lower existing fees from fiscal years 2021-2022 and 2022-2023 in fiscal year 2023-2024 for services provided in fiscal year 2023-2024.

B. The legislature intends that the additional revenue generated by the fees prescribed in subsection A of this section not exceed $218,000 to the state general fund, $113,000 to the pesticide trust fund established by section 3-350, Arizona Revised Statutes, and $26,000 to the dangerous plants, pests and diseases trust fund established by section 3-214.01, Arizona Revised Statutes, in fiscal year 2023-2024.

C. The Arizona department of agriculture is exempt from the rulemaking requirements of title 41, chapter 6, Arizona Revised Statutes, until July 1, 2024 for the purpose of establishing fees pursuant to this section.

APPROVED BY THE GOVERNOR MAY 11, 2023.

1. Not eligible for funding from another federal or state program.

2. Partially funded by another federal or state program.

B. The department shall:

1. Develop guidelines and criteria to implement the program, including an application process that includes a description of the intended use for the grant monies.

2. Award all grants pursuant to title 41, chapter 24.

3. Not grant more than fifty percent of the monies in the livestock operator fire and flood assistance fund for infrastructure projects on land in one county in any fiscal year.

4. Ensure that grants from the livestock operator fire and flood assistance GRANT program do not exceed more than:

(a) Fifty percent of the total costs of any infrastructure project.

(b) An aggregate of $250,000 per livestock operation for infrastructure projects that are required as a result of a single wildfire and that wildfire's associated flooding.

5. Require each grantee to submit to the department, within twelve months after receiving the grant, a written report detailing how the grant monies were used to achieve the infrastructure project described in the application. If the infrastructure project takes longer than one year to complete, the grantee shall submit a written report to the department annually until the infrastructure project is complete.

6. On or before December 31 of each year, submit a report of the disposition of monies appropriated to the livestock operator fire and flood assistance fund each fiscal year to the governor, the president of the senate and the speaker of the house of representatives and shall provide a copy of this report to the secretary of state and to any person who requests a copy.

C. The department is exempt from title 41, chapter 6 with respect to adopting rules for the purposes of this section, except that the department shall provide for public notice and sixty days for public comment on the annual grant guidelines and criteria, including public hearings.

D. The livestock operator fire and flood assistance fund is established consisting of federal monies, legislative appropriations from the state general fund, public and private grants and private donations received for the purpose of providing grant monies to landowners and lessees of a livestock operation OF MORE THAN FORTY ANIMALS UNDER NORMAL OPERATING CONDITIONS for infrastructure projects pursuant to this section. The department shall administer the fund. Monies in the fund are continuously appropriated. On notice from the department, the state treasurer shall invest and divest monies in the fund as provided by section 35-313, and monies earned from investment shall be credited to the fund. Monies in the fund are exempt from the provisions of section 35-190 relating to lapsing of appropriations.

E. The department may use up to five percent of the monies appropriated to the livestock operator fire and flood assistance fund in any fiscal year for the purposes of administering the program.

F. For the purposes of this section, "infrastructure" includes wells, buildings, fences, pipelines, spring and water developments, corrals and other essential components to a livestock operation.

Sec. 2. Section 26-305, Arizona Revised Statutes, is amended to read:

26-305. Division of emergency management; duties; director; term; qualifications; compensation; emergency management training revolving fund

A. There is established in the department of emergency and military affairs the division of emergency management, which is administered by the department under the authority of the adjutant general, subject to powers vested in the governor as provided by law.

B. The division shall prepare for and coordinate those emergency management activities that may be required to reduce the impact of disaster on persons or property.

C. Through the powers vested in the governor, the division shall coordinate the cooperative effort of all governmental agencies including the federal government, this state and its political subdivisions to alleviate suffering and loss resulting from disaster.

D. The adjutant general shall appoint the director who serves at the pleasure of the adjutant general. The adjutant general shall select the director on the basis of demonstrated ability in governmental functions or business administration and general knowledge of contingency planning and disaster preparedness.

E. The director is eligible to receive compensation pursuant to section 38-611.

F. The emergency management training REVOLVING fund is established consisting of ~~monies received from~~ LEGISLATIVE APPROPRIATIONS, REIMBURSEMENTS RECEIVED AND fees collected by the division for coordinating ~~symposiums, training~~ conferences ~~and seminars~~, TRAININGS AND

EXERCISES relating to ~~its~~ THE DIVISION'S powers and duties. MONIES IN THE FUND ARE CONTINUOUSLY APPROPRIATED AND ARE EXEMPT FROM THE PROVISIONS OF SECTION 35-190 RELATING TO LAPSING OF APPROPRIATIONS. The director of the division shall deposit all fees collected for these activities in the fund, which shall be used only for expenses of the activities. ~~All monies collected from each event that are in excess of the expenses of the event shall revert to the state general fund by the end of the fiscal year.~~

Sec. 3. Section 41-511.24, Arizona Revised Statutes, is amended to read:

41-511.24. Arizona state parks store fund

A. The Arizona state parks store fund is established consisting of monies deposited pursuant to a fee schedule for goods and services determined by the Arizona state parks board. The board shall administer the fund. Monies in the fund are subject to legislative appropriation and shall be used by the board to operate and maintain gift shops.

B. Monies in the fund are exempt from the provisions of section 35-190 relating to lapsing of appropriations. All monies in the fund exceeding ~~$1,250,000~~ $1,750,000 at the end of a fiscal year are transferred to the state parks revenue fund established by section 41-511.21.

Sec. 4. Section 49-1333, Arizona Revised Statutes, is amended to read:

49-1333. Water conservation grant fund; procedures

A. In compliance with any applicable requirements, an eligible entity as defined in section 49-1301 may apply to the authority for and accept grants from the water conservation grant fund for a water conservation program or project that complies with the requirements of sections 49-1332 and 49-1334. A nongovernment organization that focuses on water conservation or environmental protection may apply to the authority for and accept grants from the water conservation grant fund for a water conservation program or project if it partners with an eligible entity as defined in section 49-1301. (i) Works in areas without internet access in a disconnected mode.

(j) Provides a seamless and connected platform for notification, response and rostering.

(k) Provides cross-platform functionality.

(l) Provides a smartphone-based application for notification, accountability and situational awareness.

B. Each municipal fire department or fire district in this state may submit a grant request to the department of administration for the costs of the secure incident management system that meets all of the criteria described in subsection A of this section.

C. The department of administration shall award grants on a first-come, first-served basis. Grants that are awarded shall fully fund the costs of the secure incident management system for each municipal fire department or fire district for three years.

D. FROM AND AFTER JUNE 30, 2025, THIS SECTION IS REPEALED AND ALL UNEXPENDED AND UNENCUMBERED MONIES IN THE FIRE INCIDENT MANAGEMENT FUND ESTABLISHED BY THIS SECTION REVERT TO THE STATE GENERAL FUND.

Sec. 6. Arizona water protection fund; use of monies

Notwithstanding section 45-2114, Arizona Revised Statutes, in fiscal year 2024-2025, the Arizona water protection fund commission may grant to the department of water resources up to $336,000 of the unobligated balance in the Arizona water protection fund established by section 45-2111, Arizona Revised Statutes, to pay for administrative costs of the department in fiscal year 2024-2025.

Sec. 7. Underground storage tank revolving fund; use of monies

Notwithstanding any other law, in fiscal year 2024-2025, the department of environmental quality may use up to $6,531,000 from the underground storage tank revolving fund established by section 49-1015, Arizona Revised Statutes, in fiscal year 2024-2025 for:

1. Administrative costs of the department.

2. Remediating sewage discharge issues in Naco, Arizona and other border areas of this state.

Sec. 8. Arizona water banking fund; use of monies

In addition to the purposes provided in section 45-2425, Arizona Revised Statutes, monies appropriated to the Arizona navigable stream adjudication commission from the Arizona water banking fund established by section 45-2425, Arizona Revised Statutes, may be used in fiscal year 2024-2025 to pay legal fees.

Sec. 9. Appropriation limit; water quality assurance revolving fund

Notwithstanding section 49-282, Arizona Revised Statutes, the appropriation from the state general fund to the water quality assurance revolving fund established by section 49-282, Arizona Revised Statutes, for fiscal year 2024-2025 may not exceed $15,000,000.

Sec. 10. Department of environmental quality; vehicle emissions testing fees; exemption from rulemaking

A. Notwithstanding any other law, in fiscal year 2024-2025, the director of the department of environmental quality shall reduce fees for tests conducted in area A so that vehicle emissions testing fee revenues collected from area A are reduced by five percent of fiscal year 2023-2024 area A collections. For the purposes of this subsection, "area A" has the same meaning prescribed in section 49-541, Arizona Revised Statutes.

B. The department of environmental quality is exempt from the rulemaking requirements of title 41, chapter 6, Arizona Revised Statutes, until July 1, 2025 for the purpose of establishing fees pursuant to this section.

Sec. 11. Agricultural fees; emergency rulemaking

A. For fiscal year 2024-2025, notwithstanding any other law, the director of the Arizona department of agriculture, subject to the review of the department of agriculture advisory council, may lower existing fees for any funds held in trust by the department.

B. The Arizona department of agriculture shall adopt emergency rules pursuant to title 41, chapter 6, Arizona Revised Statutes, through July 1, 2025, in conjunction with the industry, to modify fees deposited in the dangerous plants, pests and diseases trust fund established by section 3-214.01, Arizona Revised Statutes. These rules must be reviewed by the department of agriculture advisory council.

Sec. 12. Authorization for liabilities and expenses; fiscal year 2024-2025

Notwithstanding section 35-192, Arizona Revised Statutes, in fiscal year 2024-2025, the governor may allocate $500,000 to the emergency management assistance compact and Arizona mutual aid compact revolving fund established by section 26-403, Arizona Revised Statutes, and $300,000 to the emergency management training revolving fund established by section 26-305, Arizona Revised Statutes, as amended by this act. Each allocation the governor makes pursuant to this section counts toward the $4,000,000 aggregate amount allowed in fiscal year 2024-2025 as prescribed by section 35-192, subsection F, Arizona Revised Statutes.

APPROVED BY THE GOVERNOR JUNE 18, 2024.

# GOVERNOR'S REGULATORY REVIEW COUNCIL

## ATTORNEY MEMORANDUM - ONE-YEAR REVIEW REPORT

---

**MEETING DATE: July 1, 2025**

**TO:** Members of the Governor's Regulatory Review Council (Council)

**FROM:** Council Staff

**DATE:** June 10, 2025

**SUBJECT:** **DEPARTMENT OF AGRICULTURE**
Title 3, Chapter 6, Article 1

---

**Summary**

This One-Year Review Report (1YRR) from the Department of Agriculture (Department) relates to one (1) rule in Title 3, Chapter 6, Article 1 regarding Marketing. Specifically, rule R3-6-102 sets out temporary fee increases as authorized by 2023 session law for fees that must be paid to obtain certification documents from the Department stating that regulated plant product commodities meet the phytosanitary entry requirements for domestic shipments.

The Department issues certificates, pursuant to A.R.S. § 3-109.02(A), as a service to shippers of plants and plant products, not covered under A.R.S. § 3-217 and R3-4-301, to meet the phytosanitary entry requirements for domestic shipments of regulated plant product commodities that are found free of regulated plant pests and diseases. Beginning in fiscal year (FY) 2011, the Department changed fees for state phytosanitary certification from $50 per Department site trip to $50 for the first lot plus $10 for each additional lot per site trip. The fee increases were implemented through legislation that allowed for a one year increase in fees in order to make up for decreases in general fund appropriations.

Each year since that time, similar legislation has passed allowing the Department to keep up these fee increases for one more year at a time. The fee increase were to end at the end of the FY 2023. Laws 2023, 1st Reg. Sess., Ch. 138, § 9 authorized these fees to continue in FY

2024-2025. The Department filed an exempt rulemaking with the Secretary of State's Office to continue these fees in FY 2024-2025, which became effective October 30, 2023. The exempt rulemaking was superseded by an emergency rulemaking filed with the Arizona Attorney General's Office to continue the fee increase through FY 2024-2025 for services provided in FY 2024-2025 as authorized under Laws 2024, 2nd Reg. Sess., Ch 214 § 11(B)

**Proposed Action**

The Department proposes to maintain the rule as is. The Department intends to submit a request to the Governor's Office in July 2025 to request approval to conduct rulemaking for rule R3-6-102 pursuant to A.R.S. § 41-1039(A) and/or laws established during Legislative Session 2025, 1st Reg. Sess. Within 30-days of receiving approval to proceed with rulemaking from the Governor's Office, the Department will file a rulemaking to continue phytosanitary certification fees from FY 2024 in FY 2025, or amend the rule to remove the fee increase related to FY 2024-2025.

**1. Has the agency analyzed whether the rules are authorized by statute?**

The Department cites both general and specific authorizing statutes for these rules.

**2. Summary of the agency's economic impact comparison and identification of stakeholders:**

According to the Department, because this rule was adopted by exempt rulemaking, a formal economic, small business, and consumer impact comparison was not prepared.

The Department issues certificates, pursuant to A.R.S. § 3-109.02(A), as a service to shippers of plants and plant products, not covered under A.R.S. § 3-217 and R3-4-301, to meet the phytosanitary entry requirements for domestic shipments of regulated plant product commodities that are found free of regulated plant pests and diseases. Fees generated by the rule pay the administrative costs to produce the certificates. Without the income generated, the Department would not be able to provide these services and the regulated community would not be able to export regulated plant products out of the state, decreasing the overall impact to the State's economy. The rule does not directly affect employment, consumers or state revenues.

Beginning in fiscal year (FY) 2011, the Department changed fees for state phytosanitary certification from $50 per Department site trip to $50 for the first lot plus $10 for each additional lot per site trip. The fee increases were implemented through legislation that allowed for a one year increase in fees in order to make up for decreases in general fund appropriations.

Each year, since that time, similar legislation has passed allowing the Department to keep up these fee increases for one more year at a time. The fee increase ended at the end of the fiscal year 2023. Laws 2023, 1st Reg. Sess., Ch. 138, § 9 authorized these fees to continue in FY 2024-2025. The Department filed an exempt rulemaking with the Secretary of State's Office to continue these fees in FY 2024-2025. The exempt rulemaking was superseded by an Emergency

Rulemaking filed with the Arizona Attorney General's Office to continue the fee increase through FY 2024-2025 for services provided in FY 2024-2025 as authorized under Laws 2024, 2nd Reg. Sess., Ch 214 § 11(B).

**3. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The Department has determined that the benefits of the rule R3-6-102 outweighs the costs imposed by the regulatory community, and are the least burdensome and cost effective.

**4. Has the agency received any written criticisms of the rules since the rule was adopted?**

The Department has not received any written criticisms regarding these rules.

**5. Has the agency analyzed the rules' clarity, conciseness, and understandability?**

The Department indicates the rules are clear, concise, and understandable.

**6. Has the agency analyzed the rules' consistency with other rules and statutes?**

The Department indicates the rules are consistent with other rules and statutes.

**7. Has the agency analyzed the rules' effectiveness in achieving its objectives?**

The Department indicates the rules are effective in achieving their objectives.

**8. Has the agency analyzed the current enforcement status of the rules?**

The Department indicates the rules are enforced as written.

**9. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Department indicates there is no corresponding federal law.

**10. Has the agency completed any additional process required by law?**

The Department was not required to complete any additional processes.

**11. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

The Department indicates rule R3-6-102 does not require the issuance of a permit, license, or agency authorization.

## 12. Conclusion

This 1YRR from the Department relates to one (1) rule in Title 3, Chapter 6, Article 1 regarding Marketing. Specifically, rule R3-6-102 sets out temporary fee increases as authorized by 2023 session law for fees that must be paid to obtain certification documents from the Department stating that regulated plant product commodities meet the phytosanitary entry requirements for domestic shipments. The Department proposes to maintain the rule as is. The Department intends to submit a request to the Governor's Office in July 2025 to request approval to conduct rulemaking for rule R3-6-102 pursuant to A.R.S. § 41-1039(A) and/or laws established during Legislative Session 2025, 1st Reg. Sess. Within 30-days of receiving approval to proceed with rulemaking from the Governor's Office, the Department will file a rulemaking to continue phytosanitary certification fees from FY 2024 in FY 2025, or amend the rule to remove the fee increase related to FY 2024-2025.

Council staff recommends approval of this report.

**RE: One-Year Review Report for A.A.C. Title 3, Chapter 6, R3-6-102**

Dear Ms. Klein:

Enclosed please find the Arizona Department of Agriculture's (Department) one-year review report for A.A.C. Title 3, Chapter 6, R3-6-102 which is due on February 27, 2025. This rule has been reviewed, and there is no intention for this rule to expire under § 41-1056(J). However, Laws 2023, 1st Reg. Sess., Ch. 138, § 9 set fees for fiscal year 2024, and were filed under an exempt rulemaking on October 12, 2023. The Department filed an emergency rulemaking in accordance with Laws 2024, 2nd Reg. Sess., Ch. 214, Section 11 to modify fees deposited in the dangerous plants, pests, and disease trust fund in order to continue these fees in fiscal year 2025. Also enclosed are copies of the 2024 session law, rule and the authorizing statutes.

The Department certifies, in accordance with A.R.S. § 41-1056(A), that it is in compliance with A.R.S. § 41-1091.

Please contact Brian McGrew at (602) 542-3228 or bmcgrew@azda.gov with any questions about this report.

Sincerely,

Paul E Brierley

Paul E. Brierley
Director

**ARIZONA DEPARTMENT OF AGRICULTURE**

**1 YEAR REVIEW REPORT**

**Title 3, Chapter 6**

**February 27, 2025**

**1. Authorization of the rule by existing statutes**

Authorizing Statute: A.R.S. §§ 3-107(A)(1) and (B)(3); Laws 2023, 1st Reg. Sess., Ch. 138, § 9.

Implementing Statute: Laws 2023, 1st Reg. Sess., Ch. 138, § 9; A.R.S. § 3-109.02(A).

Statute or session law authorizing the exemption: Laws 2023, 1st Reg. Sess., Ch. 138, § 9.

**2. The objective of each rule:**

| Rule | Objective |
|---|---|
| R3-6-102 | Sets out temporary fee increases as authorized by 2023 session law for fees that must be paid to obtain certification documents from the Department stating that regulated plant product commodities meet the phytosanitary entry requirements for domestic shipments. |

**3. Are the rules effective in achieving their objectives?** **Yes x** **No ___**

R3-6-102 is effective in achieving its objective.

**4. Are the rules consistent with other rules and statutes?** **Yes x** **No ___**

R3-6-102 is consistent with other rules and statutes.

**5. Are the rules enforced as written?** **Yes x** **No ___**

R3-6-102 is enforced as written.

**6. Are the rules clear, concise, and understandable?** **Yes x** **No ___**

R3-6-102 is clear, concise and understandable.

**7. Has the agency received written criticisms of the rules within the last five years?** **Yes ___** **No x**

The Department has not received written criticisms of the rules within the last five years.

**8. Economic, small business, and consumer impact comparison:**

Because this rule was adopted by exempt rulemaking, a formal economic, small business, and consumer impact comparison was not prepared.

The Department issues certificates, pursuant to A.R.S. § 3-109.02(A), as a service to shippers of plants and plant products, not covered under A.R.S. § 3-217 and R3-4-301, to meet the phytosanitary entry requirements for

domestic shipments of regulated plant product commodities that are found free of regulated plant pests and diseases. Fees generated by the rule pay the administrative costs to produce the certificates. Without the income generated, the Department would not be able to provide these services and the regulated community would not be able to export regulated plant products out of the state, decreasing the overall impact to the State's economy. The rule does not directly affect employment, consumers or state revenues.

Beginning in fiscal year (FY) 2011, the Department changed fees for state phytosanitary certification from $50 per Department site trip to $50 for the first lot plus $10 for each additional lot per site trip. The fee increases were implemented through legislation that allowed for a one year increase in fees in order to make up for decreases in general fund appropriations.

Each year, since that time, similar legislation has passed allowing the Department to keep up these fee increases for one more year at a time. The fee increase will ended at the end of the fiscal year 2023. Laws 2023, 1st Reg. Sess., Ch. 138, § 9 authorized these fees to continue in FY 2024-2025. The Department filed an exempt rulemaking with the Secretary of State's Office to continue these fees in FY 2024-2025. The exempt rulemaking was superseded by an Emergency Rulemaking filed with the Arizona Attorney General's Office to continue the fee increase through FY 2024-2025 for services provided in FY 2024-2025 as authorized under Laws 2024, 2nd Reg. Sess., Ch 214 § 11(B)

**9. Has the agency received any business competitiveness analyses of the rules? Yes____No x___**

No business competitive analysis has been received.

**10. Has the agency completed the course of action indicated in the agency's previous one-year-review report?**

The Department completed the course of action in the previous one-year-review report by filing a notice of exempt rulemaking on October 12, 2024.

**11. A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:**

The Department has determined that the benefits of the rule R3-6-102 outweighs the costs imposed by the regulatory community, and are the least burdensome and cost effective.

**12. Are the rules more stringent than corresponding federal laws? Yes____ No x___**

R3-6-102 has no corresponding federal law and is therefore not more stringent than a corresponding Federal law.

**13. For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:**

R3-6-102 does not require a permit.

**14. Proposed course of action**

The Department proposes to maintain the rule as is. The Department intends to submit a request to the Governor's Office Policy Advisor in July, 2025 to request approval to conduct rulemaking for rule R3-6-102 pursuant to A.R.S. § 41-1039(A) and/or laws established during Legislative Session 2025, 1st Reg. Sess. Within 30-days of receiving approval to proceed with rulemaking from the Governor's Office Policy Advisor, the Department will file a rulemaking to continue phytosanitary certification fees from fiscal year 2024 in fiscal year 2025, or amend the rule

to remove the fee increase related to FY 2024-2025.

**6. An agency's justification and reason why a rule should be made, amended, repealed, or renumbered to include an explanation about the rulemaking:**
This rulemaking continues fees from fiscal years 2011 through 2023 in fiscal year 2024 for services provided in fiscal year 2024 for phytosanitary certification in order to make up for decreases in general fund appropriations. See Notice of Exempt Rulemaking: 28 A.A.R. 2022, August 12, 2022; 27 A.A.R. 1269, August 20, 2021; 26 A.A.R. 1475, July 24, 2020; 25 A.A.R. 2088, August 16, 2019; 24 A.A.R. 2226, August 3, 2018; 23 A.A.R. 1943, July 21, 2017; 21 A.A.R. 2412, Oct. 16, 2015; 20 A.A.R. 2449, Sept. 5, 2014; 19 A.A.R. 3146, Oct. 11, 2013; 18 A.A.R. 2066, Aug. 24, 2012; 17 A.A.R. 1765, Sept. 2, 2011; & 16 A.A.R. 1339, July 23, 2010. Continuing these fees is necessary to implement the budget for the plant services division for fiscal year 2024.

**7. A reference to any study relevant to the rules that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rules, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**
None

**8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**
Not applicable

**9. The summary of the economic, small business, and consumer impact, if applicable:**

Laws 2023, 1st Reg. Sess., Ch. 138, § 9 authorizes an exemption from the rulemaking requirements of A.R.S. Title 41, Chapter 6 for the purpose of establishing fees pursuant to those sections until July 1, 2024. As a result, this rulemaking is exempt from the requirements of the Administrative Procedures Act and no economic, small business, and consumer impact statement is required.

**10. A description of any changes between the proposed rulemaking, including any supplemental proposed rulemaking, and the final rulemaking package (if applicable):**

Not applicable

**11. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments, if applicable:**

None received

**12. Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rules. When applicable, matters shall include, but not be limited to:**

The Department of Agriculture Advisory Council voted on June 29, 2023 in favor of continuing the fees set out in this rulemaking through fiscal year 2024.

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

The rule does not require a permit.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than the federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**

The federal administrative user fee is set out in 7 CFR 354.3(g)(3)(i). This rule is not more stringent than federal law.

**c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**

Not applicable

**13. A list of any incorporated by reference material and its location in the rule:**

7 CFR 354.3(g)(3)(i), revised January 1, 2016, is incorporated by reference in R3-6-102(A)(2).

**14. Whether the rule was previously made, amended, repealed or renumbered as an emergency rule. If so, the agency shall state where the text changed between the emergency and the exempt rulemaking packages:**

Not applicable

### ARTICLE 1. MARKETING

Section
R3-6-102. Phytosanitary Certification

### ARTICLE 1. MARKETING

**R3-6-102. Phytosanitary Certification**

**A.** During fiscal year ~~2023~~ 2024, a person who applies to the Department for phytosanitary certification shall pay the following fee:

1. For state certification, $50 for the first lot plus $10 for each additional lot per Department site trip.
2. For federal certification, $50 plus the federal administrative user fee set out in 7 CFR 354.3(g)(3)(i), revised January 1, 2016, which is incorporated by reference and does not include any later amendments or editions. A copy of the incorporated material is available for inspection at the Department, 1110 W. Washington St., Suite 450, Phoenix, Arizona 85007 or may also be viewed at http://www.gpo.gov/fdsys/.

**B.** This Section does not apply to phytosanitary certification under A.A.C. R3-4-301.

# 3-607. Annual licenses; inspections; revocation; fees; exceptions

A. A person shall not operate a milk distributing plant or a manufacturing milk processing plant, engage in the business of producer-distributor or producer-manufacturer, or engage in the business of selling at wholesale milk or dairy products, or both, without a license. This section does not require:

1. An Arizona dairy farm producing raw milk for sale to be processed to secure a license to operate.

2. A retailer or wholesaler to secure a license from the division to convert a pasteurized mix into frozen dessert.

3. A food establishment regulated by the department of health services to secure a license from the division to manufacture frozen desserts using pasteurized milk or pasteurized milk-based products if the frozen dessert is manufactured and sold at the same food establishment for consumption on the premises and the food establishment has submitted a plan for approval to the regulatory authority under title 36 demonstrating that the manufacturing process complies with the rules adopted pursuant to section 36-136, subsection I, including pasteurization as defined in rule. The division or the regulatory authority under title 36 may require a food establishment that manufactures frozen desserts using pasteurized milk or pasteurized milk-based products to provide samples of the frozen dessert to verify that the frozen dessert is pasteurized.

B. An application for a license shall be in writing in the form the associate director prescribes and shall be accompanied by the required filing fee. On receipt of an application, the associate director or an authorized representative shall examine the premises in which the applicant proposes to do business, and if it appears that the applicant has complied with all provisions of law, the license shall be issued.

C. After issuance of the first annual license, a license may be issued on inspection of the premises and payment not later than February 1 of each year of the required fee. The inspection shall be made by the associate director or an authorized representative to determine whether the premises are maintained in compliance with law. A written report of the inspection shall be filed in the division office. An annual license is valid for the period beginning January 1 and ending December 31 of each year, and a license that is not renewed on or before February 1 of each year is void.

D. An application for a license to produce grade A milk for human consumption shall be made in the manner prescribed by subsections A and B of this section. The license shall be valid until revoked for failure to comply with the provisions of this article relating to the production of milk. The associate director may suspend a license pending correction of deficiencies that violate this article. If the identified deficiencies are not corrected within a reasonable time after the licensee is notified, the associate director may proceed to revoke the license. Notice of a pending revocation shall be in writing, stating the cause, and setting a time during which the licensee may correct the cause for revocation. If the cause for revocation is not corrected within the time specified, the associate director, after a hearing and three days' notice of intention, may revoke the license. The director shall review the associate director's action on request of any person adversely affected by the action. A person holding a permit issued by a governmental agency operating outside of this state whose requirements are substantially the same as the requirements of this state shall be deemed to have a license meeting the requirements of this article, provided the facilities have first been inspected and approved also by a resident Arizona inspector, if in the opinion of the associate director such an inspection should be made. Any expense incurred for such an inspection shall be at the expense of the licensee.

E. Fees shall be paid as follows:

1. For a license or renewal of a license to operate a milk distributing plant or business, $50.

2. For a license or renewal of a license to operate a manufacturing milk processing plant, $50.

3. For a license or renewal of a license to engage in the business of producer-distributor or producer-manufacturer, $25.

4. For a license or renewal of a license to engage in the business of selling at wholesale milk or dairy products, or both, $25.

F. The associate director or dairy inspectors are authorized to inspect premises affected by this article and located outside of this state, and they shall receive subsistence and travel expenses in the amount provided for state officers, which shall be paid to the inspector by the owner of the premises inspected.

G. This section does not apply to a producer of raw milk.

# 3-619. Qualification of sampler; license; certificate of proficiency; revocation

A. No person shall sample milk or cream for the purpose of determining the amount of milk fat contained therein where the result of the test is used as a basis for payment for the milk or cream, or for official inspection or public record, unless licensed by the division. An applicant for a license shall give proof satisfactory to the associate director of his ability to perform his duties and shall pay a license fee of five dollars. The license shall be valid for the calendar year in which issued and upon payment of a renewal fee of one dollar fifty cents shall be renewed for each year in which the licensee desires to operate. A license not renewed prior to February 1 is void.

B. No person shall test milk or cream for the purpose of determining the butterfat content thereof, when the result of the test is used to determine the purchase sales value or the legal standard of the product, unless the tester has a tester's license. A tester's license may be obtained from the division by presenting a certificate of proficiency, and payment of a license fee of five dollars. The license shall be valid for the calendar year in which issued, and upon payment of a renewal fee of one dollar fifty cents shall be renewed for each year in which the tester desires to operate. A license not renewed prior to February 1 is void.

C. A certificate of proficiency may be obtained only from the department of dairy husbandry of the university of Arizona. The applicant therefor shall appear before the department of dairy husbandry or an official representative thereof and submit to such written examination and conduct such demonstration of laboratory technique as the department of dairy husbandry or its representative may require. Upon successfully completing the examination the department of dairy husbandry shall issue the certificate to an applicant displaying required proficiency. A tester's license issued by a state other than this state shall be accepted from the person named thereon in lieu of the certificate of proficiency, but the tester shall have been actively engaged in testing under the license for a period of not less than ninety days and shall furnish proof thereof. Each license shall be kept at the place in which the licensee is employed and shall be open to inspection.

D. A license may be revoked by the associate director, after a hearing upon due notice to the licensee, for a false statement in the application, dishonesty, incompetency or inaccuracy, or for violating any provision of this article. On request, the director shall review any action taken by the associate director under this subsection.

# 3-1337. Service charge and inspection fee; self-inspection

A. Livestock officers and inspectors shall collect from the person in charge of cattle inspected a service charge of three dollars plus an inspection fee of twenty-five cents per head for making inspections for the transfer of ownership, sale, slaughter or transportation of cattle.

B. Livestock officers and inspectors shall collect from the person in charge of sheep inspected a service charge of three dollars plus an inspection fee of five cents per head for making inspections for the transfer of ownership, sale, slaughter or transportation of sheep.

C. Livestock officers and inspectors shall collect from the person in charge of dairy cattle inspected a service charge of three dollars plus an inspection fee of twenty-five cents per head for making inspections for the transfer of ownership, sale, slaughter or transportation of dairy cattle.

D. The division may approve self-inspection by movers of livestock and feedlots and dairies pursuant to section 3-1203, subsection D. Movement shall be documented on simple and concise self-inspection forms that are provided by the department and that include only the following information:

1. The certificate number.

2. The department contact information.

3. For out-of-state shipments, official identification.

4. For dairy cattle, back tag numbers.

5. The amount collected pursuant to section 3-1236.

6. The number and description of livestock.

7. The livestock owner's or agent's name, signature and address.

8. The transporter's name.

9. The location of the place and date of shipment.

10. The destination or buyer's name and address.

11. For branded animals, the animal's registered brand, including brand number, location and expiration date.

E. Movers of livestock and feedlots and dairies that utilize self-inspection shall purchase the self-inspection book from the department. The director, in consultation with the department of agriculture advisory council established pursuant to section 3-104, may establish a fee for the self-inspection book.

F. Any fees collected by the livestock officers and inspectors and by movers of livestock and feedlots and dairies utilizing self-inspection shall be remitted to the division. Any fees incurred by movers of livestock and feedlots and dairies shall be remitted to the department within ten days after the end of the month in which the livestock were inspected.

# 3-2003. Grant of licenses; fees; expiration date

A. The division may grant a license to slaughter livestock, sheep, goats or swine as set forth in the license issued on payment of the fees.

B. The fees shall be as follows:

1. For not to exceed forty-five head of livestock, and not to exceed fifty-five head of sheep, goats or swine in one calendar year, $5.

2. For more than forty-five and not to exceed one hundred fifty head of livestock and more than forty-five and not to exceed one hundred sixty head of sheep, goats or swine in one calendar year, $15.

3. For more than one hundred fifty head of livestock and more than one hundred sixty head of sheep, goats or swine in any one calendar year, $80.

C. Licenses issued under this section expire on December 31 of the year in which they are issued.

# 3-2081. Licenses for sale or exchange of meat or poultry; fee; records kept by licensee; expiration of license; violation; classification

A. A person, firm or corporation that engages in the business of meat or poultry processing, wholesaling, storing in or for intrastate commerce, transporting in intrastate commerce, distributing, jobbing or brokering other than canned meat or poultry or canned meat or poultry products, except a home consumer, shall, before offering such meat or poultry or meat or poultry food products for sale or exchange, after complying with the minimum requirements of the director, procure a license from the division, for which he shall pay an annual license fee of ten dollars for each place of business, store, stand, market or vehicle in or from which the meat is to be sold or exchanged and shall keep a record of the name and address of each person from whom the licensee obtained such meat or meat food products, the date of purchase, quantity and kind of meat purchased and time and place of purchase. Upon request by an inspector or peace officer, the licensee shall exhibit the record to him. The record shall be retained for one year.

B. All licenses issued under the provisions of this article shall expire on December 31 of the year in which issued.

C. The following persons, firms and corporations shall keep such records as will fully and correctly disclose all transactions involved in their businesses and all persons, firms and corporations subject to such requirements shall at all reasonable times upon notice by a duly authorized representative of the department afford such representative access to their places of business and opportunity to examine the facilities and inventory and to take reasonable samples of their inventory upon payment of the fair market value:

1. Any persons, firms or corporations that engage in the business of slaughtering any cattle, sheep, swine, goats, horses, mules or other equines or preparing, freezing, packaging or labeling any carcasses or parts or products of carcasses of any such animals for use as human food or animal food.

2. Any persons, firms or corporations that engage in the business of buying or selling as meat brokers, wholesalers or otherwise or transporting or storing or importing any carcasses or parts or products of carcasses of any such animals.

3. Any persons, firms or corporations that engage in business as renderers or engage in the business of buying, selling, transporting or importing any dead, dying, disabled or diseased cattle, sheep, swine, goats, horses, mules or other equines or parts of the carcasses of any such animals that died otherwise than by slaughter.

D. Any record required to be maintained by this section shall be maintained for such period of time as the director may by rules prescribe.

E. A person violating any provision of this section is guilty of a class 2 misdemeanor.

# 3-217. Nursery or nursery stock certification; fee; denial, revocation or suspension; hearing

A. The associate director shall:

1. Establish a nursery certification program.

2. By rule, set and collect a variable fee for each nursery or nursery stock certification inspection based on a schedule of costs for services as may be appropriate to recover the actual direct costs incurred by the division, but not more than fifty dollars for each inspection.

B. If the state agricultural laboratory performs tests under a nursery certification program, the laboratory may collect fees prescribed by rule for the tests established as follows:

1. The associate director shall establish by rule the extent and type of testing required for the Arizona certified nursery program including only tests that the department would not otherwise have performed to determine if the nursery or nursery stock is infested or infected with a crop pest or disease.

2. The extent and type of testing required for the export criteria program shall be established according to the requirements of another state, country or commonwealth.

C. The associate director may issue, refuse to issue, revoke or suspend a nursery certificate under the nursery certification program.

D. A person who is aggrieved by any action under the nursery certification program may request a hearing pursuant to title 41, chapter 6, article 10.

## 3-109.02. Office of commodity development and promotion; fees; commodity promotion fund; definition

A. The office of commodity development and promotion shall provide for programs to stimulate, educate, encourage and foster the production and consumption of Arizona agricultural products domestically and abroad.

B. The office may provide authorized or contracted administrative functions for councils and commissions established by law.

C. The director may collect a fee, which the director shall establish by rule, for the issuance of certificates of free sale. The amount of the fee shall not exceed the actual cost of preparing the certificate of free sale. All monies collected from the fees shall be deposited, pursuant to sections 35-146 and 35-147, in the commodity promotion fund.

D. The commodity promotion fund is established. The fund consists of all monies collected pursuant to any promotional service provided to industry under this section and not supported by general fund appropriation, and monies received pursuant to section 3-107, subsection B, paragraph 8. The director shall administer the fund. On notice from the director, the state treasurer shall invest and divest monies in the fund as provided by section 35-313, and monies earned from investment shall be credited to the fund. Monies in the fund are:

1. Continuously appropriated to the department for the purposes of this section.

2. Exempt from the provisions of section 35-190 relating to lapsing of appropriations.

E. For the purposes of this section, "certificate of free sale" means a document that authenticates a commodity that is generally and freely sold in domestic channels of trade.

# CHAPTER 138

# SENATE BILL 1725

AN ACT

AMENDING TITLE 26, CHAPTER 1, ARTICLE 1, ARIZONA REVISED STATUTES, BY ADDING SECTION 26-107; REPEALING SECTION 26-107, ARIZONA REVISED STATUTES; APPROPRIATING MONIES; RELATING TO THE ENVIRONMENT.

(TEXT OF BILL BEGINS ON NEXT PAGE)

Be it enacted by the Legislature of the State of Arizona:

Section 1. Title 26, chapter 1, article 1, Arizona Revised Statutes, is amended by adding section 26-107, to read:

26-107. Hazard mitigation revolving fund

THE HAZARD MITIGATION REVOLVING FUND IS ESTABLISHED CONSISTING OF MONIES APPROPRIATED BY THE LEGISLATURE AND MONIES RECEIVED FROM THE FEDERAL GOVERNMENT. MONIES IN THE FUND ARE CONTINUOUSLY APPROPRIATED. THE DEPARTMENT OF EMERGENCY AND MILITARY AFFAIRS SHALL ADMINISTER THE FUND. MONIES IN THE FUND MAY BE USED IN FISCAL YEARS 2023-2024, 2024-2025, 2025-2026, 2026-2027 AND 2027-2028 IN ACCORDANCE WITH THE GUIDELINES ESTABLISHED PURSUANT TO THE SAFEGUARDING TOMORROW THROUGH ONGOING RISK MITIGATION ACT (P.L. 116-284; 134 STAT. 4869).

Sec. 2. Delayed repeal

Section 26-107, Arizona Revised Statutes, as added by this act, is repealed from and after June 30, 2028.

Sec. 3. Fire incident management fund

A. The fire incident management fund is established for fiscal year 2023-2024 consisting of legislative appropriations. The department of administration shall administer the fund. Not more than $200,000 of monies appropriated to the fund may be used by the department of administration to administer the fund. Monies in the fund are continuously appropriated and shall be used to provide grants to municipal fire departments and fire districts for hardware and software that:

1. Enables the statewide deployment of a secure incident management platform to fire and law enforcement agencies.

2. Provides a standardized incident command and management platform based on federal emergency management agency standards that enable diverse incident management and support entities to work together and ensure the following:

(a) A clearly defined chain of command.

(b) The use of common terminology.

(c) The safety of first responders and others.

(d) The achievement of response objectives.

(e) The efficient use of resources.

3. Provides a collaboration and communications solution that does the following:

(a) Identifies the location, status and assignment of assigned resources.

(b) Allows status updates, tracking and management of an incident.

(c) Allows secure messaging and file sharing to all users involved in an incident.

(d) Allows the sharing of collaborative maps, building floor plans and images between public safety agencies.

(e) Allows collaboration and information sharing between disparate agencies during a mass casualty incident.

(f) Defines a federal emergency management agency or national incident management systems-based organizational structure for the management of incidents.

(g) Provides the ability to print standard integrated computer solutions forms for tracking and cost reimbursement.

(h) Provides enhanced telemetry-based firefighter safety monitoring.

(i) Works in areas without internet access in a disconnected mode.

(j) Provides a seamless and connected platform for notification, response and rostering.

(k) Provides cross-platform functionality.

(l) Provides a smartphone-based application for notification, accountability and situational awareness.

B. Each municipal fire department or fire district in this state may submit a grant request to the department of administration for the costs of the secure incident management system that meets all of the criteria described in subsection A of this section.

C. The department of administration shall award grants on a first-come, first-served basis. Grants that are awarded shall fully fund the costs of the secure incident management system for each municipal fire department or fire district for three years.

Sec. 4. Arizona water protection fund; use of monies

Notwithstanding section 45-2114, Arizona Revised Statutes, in fiscal year 2023-2024, the Arizona water protection fund commission may grant to the department of water resources up to $336,000 of the unobligated balance in the Arizona water protection fund established by section 45-2111, Arizona Revised Statutes, to pay for administrative costs of the department in fiscal year 2023-2024.

Sec. 5. Underground storage tank revolving fund; use of monies

Notwithstanding any other law, in fiscal year 2023-2024, the department of environmental quality may use up to $6,531,000 from the underground storage tank revolving fund established by section 49-1015, Arizona Revised Statutes, in fiscal year 2023-2024 for:

1. Administrative costs of the department.

2. Remediating sewage discharge issues in Naco, Arizona and other border areas of this state.

Sec. 6. Arizona water banking fund; use of monies

In addition to the purposes provided in section 45-2425, Arizona Revised Statutes, monies appropriated to the Arizona navigable stream adjudication commission from the Arizona water banking fund established by section 45-2425, Arizona Revised Statutes, may be used in fiscal year 2023-2024 to pay legal fees.

Sec. 7. Appropriation limit; water quality assurance revolving fund

Notwithstanding section 49-282, Arizona Revised Statutes, the appropriation from the state general fund to the water quality assurance revolving fund established by section 49-282, Arizona Revised Statutes, for fiscal year 2023-2024 may not exceed $15,000,000.

Sec. 8. Department of environmental quality; vehicle emissions testing fees; exemption from rulemaking

A. Notwithstanding any other law, the director of environmental quality shall charge fees in fiscal year 2023-2024 that are not more than the fees that were charged in fiscal year 2022-2023 for tests conducted in Area A, as defined in section 49-541, Arizona Revised Statutes.

B. The department of environmental quality is exempt from the rulemaking requirements of title 41, chapter 6, Arizona Revised Statutes, until July 1, 2024 for the purpose of establishing fees pursuant to this section.

Sec. 9. Agricultural fees; continuation; intent; exemption from rulemaking

A. Notwithstanding any other law, the director of the Arizona department of agriculture, with the assistance of the department of agriculture advisory council, may continue to increase or lower existing fees from fiscal years 2021-2022 and 2022-2023 in fiscal year 2023-2024 for services provided in fiscal year 2023-2024.

B. The legislature intends that the additional revenue generated by the fees prescribed in subsection A of this section not exceed $218,000 to the state general fund, $113,000 to the pesticide trust fund established by section 3-350, Arizona Revised Statutes, and $26,000 to the dangerous plants, pests and diseases trust fund established by section 3-214.01, Arizona Revised Statutes, in fiscal year 2023-2024.

C. The Arizona department of agriculture is exempt from the rulemaking requirements of title 41, chapter 6, Arizona Revised Statutes, until July 1, 2024 for the purpose of establishing fees pursuant to this section.

APPROVED BY THE GOVERNOR MAY 11, 2023.

# HOUSE BILL 2902

AN ACT

AMENDING SECTIONS 3-109.03, 26-305, 41-511.24 AND 49-1333, ARIZONA REVISED STATUTES; AMENDING LAWS 2023, CHAPTER 138, SECTION 3; APPROPRIATING MONIES; RELATING TO THE ENVIRONMENT.

(TEXT OF BILL BEGINS ON NEXT PAGE)

Be it enacted by the Legislature of the State of Arizona:

Section 1. Section 3-109.03, Arizona Revised Statutes, is amended to read:

3-109.03. Livestock operator fire and flood assistance grant program; requirements; fund; exemption; definition

A. The livestock operator fire and flood assistance grant program is established under the department to provide grant monies to landowners and lessees of a livestock operation of more than forty animals under normal operating conditions for infrastructure projects that are required as a result of a wildfire ~~and~~ OR associated flooding and that are either:

1. Not eligible for funding from another federal or state program.

2. Partially funded by another federal or state program.

B. The department shall:

1. Develop guidelines and criteria to implement the program, including an application process that includes a description of the intended use for the grant monies.

2. Award all grants pursuant to title 41, chapter 24.

3. Not grant more than fifty percent of the monies in the livestock operator fire and flood assistance fund for infrastructure projects on land in one county in any fiscal year.

4. Ensure that grants from the livestock operator fire and flood assistance GRANT program do not exceed more than:

(a) Fifty percent of the total costs of any infrastructure project.

(b) An aggregate of $250,000 per livestock operation for infrastructure projects that are required as a result of a single wildfire and that wildfire's associated flooding.

5. Require each grantee to submit to the department, within twelve months after receiving the grant, a written report detailing how the grant monies were used to achieve the infrastructure project described in the application. If the infrastructure project takes longer than one year to complete, the grantee shall submit a written report to the department annually until the infrastructure project is complete.

6. On or before December 31 of each year, submit a report of the disposition of monies appropriated to the livestock operator fire and flood assistance fund each fiscal year to the governor, the president of the senate and the speaker of the house of representatives and shall provide a copy of this report to the secretary of state and to any person who requests a copy.

C. The department is exempt from title 41, chapter 6 with respect to adopting rules for the purposes of this section, except that the department shall provide for public notice and sixty days for public comment on the annual grant guidelines and criteria, including public hearings.

D. The livestock operator fire and flood assistance fund is established consisting of federal monies, legislative appropriations from the state general fund, public and private grants and private donations received for the purpose of providing grant monies to landowners and lessees of a livestock operation OF MORE THAN FORTY ANIMALS UNDER NORMAL OPERATING CONDITIONS for infrastructure projects pursuant to this section. The department shall administer the fund. Monies in the fund are continuously appropriated. On notice from the department, the state treasurer shall invest and divest monies in the fund as provided by section 35-313, and monies earned from investment shall be credited to the fund. Monies in the fund are exempt from the provisions of section 35-190 relating to lapsing of appropriations.

E. The department may use up to five percent of the monies appropriated to the livestock operator fire and flood assistance fund in any fiscal year for the purposes of administering the program.

F. For the purposes of this section, "infrastructure" includes wells, buildings, fences, pipelines, spring and water developments, corrals and other essential components to a livestock operation.

Sec. 2. Section 26-305, Arizona Revised Statutes, is amended to read:

26-305. Division of emergency management; duties; director; term; qualifications; compensation; emergency management training revolving fund

A. There is established in the department of emergency and military affairs the division of emergency management, which is administered by the department under the authority of the adjutant general, subject to powers vested in the governor as provided by law.

B. The division shall prepare for and coordinate those emergency management activities that may be required to reduce the impact of disaster on persons or property.

C. Through the powers vested in the governor, the division shall coordinate the cooperative effort of all governmental agencies including the federal government, this state and its political subdivisions to alleviate suffering and loss resulting from disaster.

D. The adjutant general shall appoint the director who serves at the pleasure of the adjutant general. The adjutant general shall select the director on the basis of demonstrated ability in governmental functions or business administration and general knowledge of contingency planning and disaster preparedness.

E. The director is eligible to receive compensation pursuant to section 38-611.

F. The emergency management training REVOLVING fund is established consisting of ~~monies received from~~ LEGISLATIVE APPROPRIATIONS, REIMBURSEMENTS RECEIVED AND fees collected by the division for coordinating ~~symposiums, training~~ conferences ~~and seminars~~, TRAININGS AND

EXERCISES relating to ~~its~~ THE DIVISION'S powers and duties. MONIES IN THE FUND ARE CONTINUOUSLY APPROPRIATED AND ARE EXEMPT FROM THE PROVISIONS OF SECTION 35-190 RELATING TO LAPSING OF APPROPRIATIONS. The director of the division shall deposit all fees collected for these activities in the fund, which shall be used only for expenses of the activities. ~~All monies collected from each event that are in excess of the expenses of the event shall revert to the state general fund by the end of the fiscal year.~~

Sec. 3. Section 41-511.24, Arizona Revised Statutes, is amended to read:

41-511.24. Arizona state parks store fund

A. The Arizona state parks store fund is established consisting of monies deposited pursuant to a fee schedule for goods and services determined by the Arizona state parks board. The board shall administer the fund. Monies in the fund are subject to legislative appropriation and shall be used by the board to operate and maintain gift shops.

B. Monies in the fund are exempt from the provisions of section 35-190 relating to lapsing of appropriations. All monies in the fund exceeding ~~$1,250,000~~ $1,750,000 at the end of a fiscal year are transferred to the state parks revenue fund established by section 41-511.21.

Sec. 4. Section 49-1333, Arizona Revised Statutes, is amended to read:

49-1333. Water conservation grant fund; procedures

A. In compliance with any applicable requirements, an eligible entity as defined in section 49-1301 may apply to the authority for and accept grants from the water conservation grant fund for a water conservation program or project that complies with the requirements of sections 49-1332 and 49-1334. A nongovernment organization that focuses on water conservation or environmental protection may apply to the authority for and accept grants from the water conservation grant fund for a water conservation program or project if it partners with an eligible entity as defined in section 49-1301. AN ELIGIBLE ENTITY MAY APPLY TO THE AUTHORITY FOR AND ACCEPT GRANTS FROM THE WATER CONSERVATION GRANT FUND TO DISTRIBUTE REBATES FOR THE INSTALLATION OF GRAY WATER SYSTEMS.

B. The authority shall:

1. Prescribe a simplified form and procedure to apply for and approve assistance.

2. Establish by rule criteria that are consistent with this article by which assistance will be awarded.

3. Determine the order and priority of water conservation programs or projects assisted under this section based on the merits of the application with respect to the requirements of sections 49-1332 and 49-1334.

4. Provide that a single water conservation program grant may not exceed $3,000,000, a single water conservation project grant may not

exceed $250,000 and at least a twenty-five percent match is required for each water conservation program or project. Monies from any other source may satisfy the match requirement.

Sec. 5. Laws 2023, chapter 138, section 3 is amended to read:

Sec. 3. Fire incident management fund; exemption; delayed repeal; transfer of monies

A. The fire incident management fund is established ~~for fiscal year 2023-2024~~ consisting of legislative appropriations. The department of administration shall administer the fund. Not more than $200,000 of monies appropriated to the fund may be used by the department of administration to administer the fund. Monies in the fund are continuously appropriated and ARE EXEMPT FROM THE PROVISIONS OF SECTION 35-190, ARIZONA REVISED STATUTES, RELATING TO LAPSING OF APPROPRIATIONS. THE DEPARTMENT OF ADMINISTRATION shall ~~be used~~ DISTRIBUTE MONIES FROM THE FUND to provide grants to municipal fire departments and fire districts for hardware and software that:

1. Enables the statewide deployment of a secure incident management platform to fire and law enforcement agencies.

2. Provides a standardized incident command and management platform based on federal emergency management agency standards that enable diverse incident management and support entities to work together and ensure the following:

(a) A clearly defined chain of command.

(b) The use of common terminology.

(c) The safety of first responders and others.

(d) The achievement of response objectives.

(e) The efficient use of resources.

3. Provides a collaboration and communications solution that does the following:

(a) Identifies the location, status and assignment of assigned resources.

(b) Allows status updates, tracking and management of an incident.

(c) Allows secure messaging and file sharing to all users involved in an incident.

(d) Allows the sharing of collaborative maps, building floor plans and images between public safety agencies.

(e) Allows collaboration and information sharing between disparate agencies during a mass casualty incident.

(f) Defines a federal emergency management agency or national incident management systems-based organizational structure for the management of incidents.

(g) Provides the ability to print standard integrated computer solutions forms for tracking and cost reimbursement.

(h) Provides enhanced telemetry-based firefighter safety monitoring.

(i) Works in areas without internet access in a disconnected mode.

(j) Provides a seamless and connected platform for notification, response and rostering.

(k) Provides cross-platform functionality.

(l) Provides a smartphone-based application for notification, accountability and situational awareness.

B. Each municipal fire department or fire district in this state may submit a grant request to the department of administration for the costs of the secure incident management system that meets all of the criteria described in subsection A of this section.

C. The department of administration shall award grants on a first-come, first-served basis. Grants that are awarded shall fully fund the costs of the secure incident management system for each municipal fire department or fire district for three years.

D. FROM AND AFTER JUNE 30, 2025, THIS SECTION IS REPEALED AND ALL UNEXPENDED AND UNENCUMBERED MONIES IN THE FIRE INCIDENT MANAGEMENT FUND ESTABLISHED BY THIS SECTION REVERT TO THE STATE GENERAL FUND.

Sec. 6. Arizona water protection fund; use of monies

Notwithstanding section 45-2114, Arizona Revised Statutes, in fiscal year 2024-2025, the Arizona water protection fund commission may grant to the department of water resources up to $336,000 of the unobligated balance in the Arizona water protection fund established by section 45-2111, Arizona Revised Statutes, to pay for administrative costs of the department in fiscal year 2024-2025.

Sec. 7. Underground storage tank revolving fund; use of monies

Notwithstanding any other law, in fiscal year 2024-2025, the department of environmental quality may use up to $6,531,000 from the underground storage tank revolving fund established by section 49-1015, Arizona Revised Statutes, in fiscal year 2024-2025 for:

1. Administrative costs of the department.

2. Remediating sewage discharge issues in Naco, Arizona and other border areas of this state.

Sec. 8. Arizona water banking fund; use of monies

In addition to the purposes provided in section 45-2425, Arizona Revised Statutes, monies appropriated to the Arizona navigable stream adjudication commission from the Arizona water banking fund established by section 45-2425, Arizona Revised Statutes, may be used in fiscal year 2024-2025 to pay legal fees.

Sec. 9. Appropriation limit; water quality assurance revolving fund

Notwithstanding section 49-282, Arizona Revised Statutes, the appropriation from the state general fund to the water quality assurance revolving fund established by section 49-282, Arizona Revised Statutes, for fiscal year 2024-2025 may not exceed $15,000,000.

Sec. 10. Department of environmental quality; vehicle emissions testing fees; exemption from rulemaking

A. Notwithstanding any other law, in fiscal year 2024-2025, the director of the department of environmental quality shall reduce fees for tests conducted in area A so that vehicle emissions testing fee revenues collected from area A are reduced by five percent of fiscal year 2023-2024 area A collections. For the purposes of this subsection, "area A" has the same meaning prescribed in section 49-541, Arizona Revised Statutes.

B. The department of environmental quality is exempt from the rulemaking requirements of title 41, chapter 6, Arizona Revised Statutes, until July 1, 2025 for the purpose of establishing fees pursuant to this section.

Sec. 11. Agricultural fees; emergency rulemaking

A. For fiscal year 2024-2025, notwithstanding any other law, the director of the Arizona department of agriculture, subject to the review of the department of agriculture advisory council, may lower existing fees for any funds held in trust by the department.

B. The Arizona department of agriculture shall adopt emergency rules pursuant to title 41, chapter 6, Arizona Revised Statutes, through July 1, 2025, in conjunction with the industry, to modify fees deposited in the dangerous plants, pests and diseases trust fund established by section 3-214.01, Arizona Revised Statutes. These rules must be reviewed by the department of agriculture advisory council.

Sec. 12. Authorization for liabilities and expenses; fiscal year 2024-2025

Notwithstanding section 35-192, Arizona Revised Statutes, in fiscal year 2024-2025, the governor may allocate $500,000 to the emergency management assistance compact and Arizona mutual aid compact revolving fund established by section 26-403, Arizona Revised Statutes, and $300,000 to the emergency management training revolving fund established by section 26-305, Arizona Revised Statutes, as amended by this act. Each allocation the governor makes pursuant to this section counts toward the $4,000,000 aggregate amount allowed in fiscal year 2024-2025 as prescribed by section 35-192, subsection F, Arizona Revised Statutes.

APPROVED BY THE GOVERNOR JUNE 18, 2024.

# GOVERNOR'S REGULATORY REVIEW COUNCIL

## ATTORNEY MEMORANDUM - ONE-YEAR REVIEW REPORT

---

**MEETING DATE: July 1, 2025**

**TO:** Members of the Governor's Regulatory Review Council (Council)

**FROM:** Council Staff

**DATE:** **June 17, 2025**

**SUBJECT:** **ARIZONA REGULATORY BOARD OF PHYSICIAN ASSISTANTS**
Title 4, Chapter 17, Article 4

---

**Summary**

This One-Year Review Report (1YRR) from the Arizona Regulatory Board of Physician Assistants ("Board") relates to R4-17-401. Under Laws 2023, Chapter 54 (HB 2043), the Board completed an exempt rulemaking that made rules R4-17-401 and R4-17-402, with the exempt rulemaking date of December 31, 2023, *see Arizona Administrative Register (A.A.R) Volume 30, Issue 2, January 12, 2024, pg. 63*. HB 2043 provides the Department an exemption from rulemaking one year after the effective date of the Bill. The Bill had an effective date of December 31, 2023. On July 30, 2024, the Council determined that R4-17-402(B)-(G) exceeded statutory authority and was thus void. In response, the Department completed an exempt rulemaking for the entirety of R4-17-402, with an effective date of December 17, 2024. *See A.A.R. Volume 31, Issue 2, January 10, 2025, pg. 129.* Due to the Council holding R4-17-402(B)-(G) void and the Department completing a new exempt rulemaking, the only rule before the Council as part of this 1YRR is R4-17-401.

Pursuant to HB 2043, the Board was required to adopt rules establishing additional certification standards or requirements for PAs who previously completed 8,000 hours of AZPA-certified clinical practice and who are seeking employment with a collaborating physician or entity for a position that is not substantially similar to the practice setting or specialty in which

the PA was previously certified. R4-17-401 specifically deals with the necessary steps and the necessary documentation a physician assistant must provide the Board to receive certification.

Pursuant to A.R.S. § 41-1095, "for an agency that the legislature has granted a one-time rulemaking exemption, within one year after a rule has been adopted the agency shall review the rule adopted under the rulemaking exemption to determine whether any rule adopted under the rulemaking exemption should be amended or repealed." Furthermore,"the agency shall prepare and obtain council approval of a written report summarizing its findings, its supporting reasons and any proposed course of action." Id. The Board submits this 1YRR for the Council's consideration in compliance with A.R.S. § 41-1095.

**Proposed Action**

The Board does not propose any course of action at this time.

**1. Has the agency analyzed whether the rules are authorized by statute?**

The Board cites both general and specific statutory authority. The Board indicates that the Board has general rulemaking authority under A.R.S § 32-2504(C) and specific subject matter authority to conduct rulemaking under A.R.S. § 32-2536.

**2. Summary of the agency's economic impact comparison and identification of stakeholders:**

According to the Board, because the rule was made under an exemption, no economic impact statement was prepared. There are currently 5,170 licensed physician assistants in Arizona. Since the rule went into effect in December 2023, the Board has received 379 applications for certification of clinical practice hours. The Board's website currently lists 274 physician assistants as eligible to practice in collaboration with a physician, physician group practice,or health care institution. The Board does not maintain records of how physician assistants actually practice collaboratively.

Stakeholders include the Board, physician assistants, and the general public.

**3. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

According to the Board, statute requires a physician assistant to have 8,000 hours of clinical practice to qualify to practice collaboratively. Statute also requires the Board to make rules establishing certification standards regarding the 8,000 hours of clinical practice. R4-17-401 fulfills this statutory responsibility. The Board determined the benefits of the rule, certifying whether a physician assistant has 8,000 hours of clinical practice and fulfilling the Board's statutory responsibility, outweigh the costs of providing evidence of the clinical practice hours and completing the rulemaking. The

Board reduced potential regulatory burdens by providing procedures for obtaining a waiver of documentation requirements.

**4. Has the agency received any written criticisms of the rules since the rule was adopted?**

The Board indicates that they have not received any written criticisms of the rule.

**5. Has the agency analyzed the rules' clarity, conciseness, and understandability?**

The Board indicates the rule is clear, concise, and understandable.

**6. Has the agency analyzed the rules' consistency with other rules and statutes?**

The Board states the rules are consistent with other rules and statutes.

**7. Has the agency analyzed the rules' effectiveness in achieving its objectives?**

The Board states the rules are effective in achieving their objectives.

**8. Has the agency analyzed the current enforcement status of the rules?**

The Board states the rules are enforced as written.

**9. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Board indicates that there is no corresponding federal law.

**10. Has the agency completed any additional process required by law?**

The Board was not required to complete any additional processes.

**11. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

The Board indicates that the rule being reviewed does not require a permit or a license. The Board does indicate that physician assistants are required to be licensed under A.R.S. § 32-2521 and lay out specific requirements that do not allow for the issuance of a general permit.

**12. Conclusion**

This One-Year Review Report (1YRR) from the Arizona Regulatory Board of Physician Assistants ("Board") relates to R4-17-401. As indicated above, the Department received an exemption from the rulemaking requirements to adopt rules necessary to carry out Laws 2023, Chapter 54 (HB 2043). The rule deals with the necessary steps and necessary documentation that

a physician assistant must provide to receive certification. The Department is not proposing any amendments to the rule.

Council staff believes that the Department has satisfied the requirements of A.R.S. § 41-1095 and Council staff recommends approval of this report.

**One-year-review Report of**

**Title 4. Professions and Occupations**

**Chapter 17. Arizona Regulatory Board of Physician Assistants**

INTRODUCTION

Under Laws 2023, Chapter 54, the legislature amended the statutes applicable to physician assistants to address the scope of practice for physician assistants and authorize certain physician assistants to practice in collaboration with a physician, physician group practice, or healthcare institution rather than under the supervision of a physician. The Board made exempt rules (R4-17-401 and R4-17-402) to implement statute in December 2023. However, in response to a petition filed under A.R.S. § 41-1033(F) and (G) by the Arizona State Association of Physician Assistants, the Council voided the provisions of R4-17-402(B)-(G) after finding the subsections exceeded the Board's statutory authority and were not specifically authorized by statute. In an exempt rulemaking that went into effect on December 17, 2024, the Board amended R4-17-402. As a result, this one-year-review report addresses only the remaining rule made in December 2023, R4-17-401.

Statute that generally authorizes the agency to make rules: A.R.S. § 32-2504(C)

1. Specific statute authorizing the rules:
   R4-17-401: A.R.S. § 32-2536
2. Objective of the rules:
   R4-17-401: The objective of the rule is to inform physician assistants of the requirements for obtaining certification of the clinical practice hours needed to qualify to practice collaboratively with a physician or entity.
3. Are the rules effective in achieving their objectives?
   Yes
4. Were there written criticisms of the rules, including written analyses questioning whether the rules are based on valid scientific or reliable principles or methods?
   No
5. Are the rules consistent with other rules and statutes?
   Yes. The rule is consistent with A.R.S. § 32-2536.
6. Are the rules enforced as written?
   Yes

7. Are the rules clear, concise, and understandable?

   Yes

8. Estimated economic, small business, and consumer impact of the rule:

   Because the rule was made under an exemption (See Laws 2023, Chapter 54, Section 11), no economic impact statement was prepared. There are currently 5170 licensed physician assistants in Arizona. Since the rule went into effect in December 2023, the Board has received 379 applications for certification of clinical practice hours. The Board's website currently lists 274 physician assistants as eligible to practice in collaboration with a physician, physician group practice, or health care institution. The Board does not maintain records of how many physician assistants actually practice collaboratively.

9. Has the agency received any business competitiveness analyses of the rule?

   No

10. If applicable, whether the agency completed additional processes required by law:

    Not applicable

11. A determination after analysis that the probable benefits of the rule outweigh within this state the probable costs of the rule and the rule imposes the least burden and costs to persons regulated by the rule, including paperwork and other compliance costs necessary to achieve the underlying regulatory objective:

    Statute requires a physician assistant to have 8000 hours of clinical practice to qualify to practice collaboratively. Statute also requires the Board to make rules establishing certification standards regarding the 8000 hours of clinical practice. R4-17-401 fulfills this statutory responsibility. The Board determined the benefits of the rule, certifying whether a physician assistant has 8000 hours of clinical practice and fulfilling the Board's statutory responsibility, outweigh the costs of providing evidence of the clinical practice hours and completing the rulemaking. The Board reduced potential regulatory burdens by providing procedures for obtaining a waiver of documentation requirements.

12. Is the rule more stringent than corresponding federal laws?

    No. There is no corresponding federal law.

13. For a rule that requires issuance of a regulatory permit, license, or agency authorization, whether the rule complies with A.R.S. § 41-1037:

    Physician assistants are required to be licensed (See A.R.S. § 32-2521). However, R4-17-401, which simply establishes the procedure for obtaining certification that a physician assistant has 8000 hours of clinical practice, does not require issuance of a regulatory permit, license, or agency authorization.

14. Proposed course of action:

## ARTICLE 4. COLLABORATIVE PRACTICE; REGULATION

**R4-17-401. Application for Certification of Clinical Practice Hours; Waiver of Documentation**

**A.** As required under A.R.S. § 32-2536(A), a physician assistant who is licensed by the Board and in good standing may apply to the Board for certification of the clinical practice hours required to practice collaboratively with a physician or entity. A physician assistant is in good standing if the physician assistant is not:
1. Under investigation by a regulatory authority, or
2. Subject to a public or confidential probation order.

**B.** To be eligible to practice collaboratively with a physician or entity, a physician assistant shall have at least 8,000 hours of clinical practice, as described in subsection (E), obtained:
1. In the five years before the date of the application submitted under subsection (C), or
2. In the 10 years before the date of the application submitted under subsection (C) if:
   a. At least 2,000 hours of clinical practice were obtained in the three years before the date of application submitted under subsection (C); and
   b. The physician assistant is currently certified by the National Commission on Certification of Physician Assistants.

**C.** To apply for certification of clinical practice hours, a physician assistant shall submit to the Board an application form, which is available on the Board's website.

**D.** In addition to complying with subsection (C), a physician assistant applying for certification of clinical practice hours shall have submitted directly to the Board by the document custodian or an individual with direct knowledge, documentation of hours of clinical practice performed by the physician assistant. Documentation may be submitted by multiple persons.

**E.** Clinical practice includes:
1. Performing medical services related directly to patient care;
2. Providing instruction to physician assistants at an institution accredited by the Accreditation Review Commission on Education for the Physician Assistant. Time spent preparing to provide instruction or preforming administrative tasks related to providing instruction is not clinical practice.

**F.** The Board may waive the documentation requirement specified under subsection (D). To obtain a waiver of the documentation requirement, the physician assistant shall submit to the Board a written request that includes the following information:
1. The physician assistant's name and license number;
2. Date on the request for waiver;
3. Identification and an estimate of the number of clinical hours for which documentation has not been submitted under subsection (D);
4. Description of the physician assistant's efforts to have the documentation submitted as required under subsection (D);
5. Explanation of why the documentation cannot be submitted;
6. If applicable, evidence that supports the request for waiver; and
7. The physician assistant's affirmation that the physician assistant has performed the required hours of clinical practice even though documentation has not been submitted.

**G.** The Board shall waive the documentation requirement if the Board determines the documentation is unavailable for a reason beyond the control of the physician assistant requesting the waiver. In making this determination, the Board shall consider:
1. The sufficiency of the physician assistant's effort to have the documentation submitted;
2. Evidence it is not possible to have the documentation submitted because:
   a. The required document does not exist;
   b. The individual or entity responsible for maintaining and submitting the documentation is unable to do so; or
   c. Another reason beyond the control of the physician assistant; and
3. Whether the Board is able to obtain the required documentation from another source.

**H.** The Board shall document the Board's decision regarding a request for waiver submitted under subsection (F) in the official record regarding the application submitted under subsection (C). The Board's decision regarding a request for waiver is not subject to review or appeal.

**I.** The Board shall maintain on the Board's website a list of physician assistants who have at least 8,000 hours of clinical practice certified by the Board and are eligible to practice in collaboration with a physician, physician group practice, or health care institution.

## 32-2504. Powers and duties; delegation of authority; rules; subcommittees; immunity

A. The board shall:

1. As its primary duty, protect the public from unlawful, incompetent, unqualified, impaired or unprofessional physician assistants.

2. License and regulate physician assistants pursuant to this chapter.

3. Order and evaluate physical, psychological, psychiatric and competency testing of licensees and applicants the board determines is necessary to enforce this chapter.

4. Review the credentials and the abilities of applicants for licensure whose professional records or physical or mental capabilities may not meet the requirements of this chapter.

5. Initiate investigations and determine on its own motion whether a licensee has engaged in unprofessional conduct or is or may be incompetent or mentally or physically unable to safely perform health care tasks.

6. Establish fees and penalties pursuant to section 32-2526.

7. Develop and recommend standards governing the profession.

8. Engage in the full exchange of information with the licensing and disciplinary boards and professional associations of other states and jurisdictions of the United States and foreign countries and a statewide association for physician assistants.

9. Direct the preparation and circulation of educational material the board determines is helpful and proper for its licensees.

10. Discipline and rehabilitate physician assistants pursuant to this chapter.

11. Certify physician assistants for thirty-day prescription privileges for schedule II, schedule III, schedule IV and schedule V controlled substances that are opioids or benzodiazepine and ninety-day prescription privileges for schedule II, schedule III, schedule IV and schedule V controlled substances that are not opioids or benzodiazepine if the physician assistant either:

(a) Within the preceding three years of application, completed forty-five hours in pharmacology or clinical management of drug therapy or at the time of application is certified by a national commission on the certification of physician assistants or its successor.

(b) Met any other requirement established by board rule.

B. The board may delegate to the executive director the board's authority pursuant to this section or section 32-2551. The board shall adopt a substantive policy statement pursuant to section 41-1091 for each specific licensing and regulatory authority the board delegates to the executive director.

C. The board may make and adopt rules necessary or proper for the administration of this chapter.

D. The chairperson may establish subcommittees consisting of board members and define their duties as the chairperson deems necessary to carry out the functions of the board.

E. Board employees, including the executive director, temporary personnel and professional medical investigators, are immune from civil liability for good faith actions they take to enforce this chapter.

F. In performing its duties pursuant to subsection A of this section, the board may receive and review staff reports on complaints, malpractice cases and all investigations.

G. The chairperson and vice chairperson of the Arizona regulatory board of physician assistants are members of the committee on executive director selection and retention established by section 32-1403, subsection G, which is responsible for the appointment of the executive director pursuant to section 32-1405.

## 32-2536. Physician assistants; documentation; certification; rules

A. A physician assistant who is licensed pursuant to this chapter, who is in good standing, who has graduated from an accredited physician assistant program in the United States and who has at least eight thousand clinical practice hours within the previous five years in this state or another jurisdiction shall provide the board with documentation of having completed at least eight thousand hours of clinical practice in order to meet the requirements of section 32-2531, subsection B. The board shall develop:

1. A policy that sets forth the process of attestation or documentation required as proof of completion of at least eight thousand clinical practice hours and issuance of certification of completion of the eight thousand clinical practice hours.

2. An alternative comparable standard for certification of eight thousand hours of clinical practice for physician assistants who have been actively practicing for more than five years.

B. The board shall adopt rules establishing additional certification standards or requirements for physician assistants who previously completed eight thousand clinical practice hours certified by the board and who are seeking employment with a collaborating physician or entity for a position that is not substantially similar to the practice setting or specialty in which the physician assistant was previously certified. The certification standards or requirements shall ensure appropriate training and oversight, including a supervision agreement if warranted, for the physician assistant's new practice setting or specialty.

# HOUSE BILL 2043

AN ACT

AMENDING SECTIONS 32-2501, 32-2502, 32-2531, 32-2532 AND 32-2533, ARIZONA REVISED STATUTES; REPEALING SECTION 32-2534, ARIZONA REVISED STATUTES; AMENDING TITLE 32, CHAPTER 25, ARTICLE 3, ARIZONA REVISED STATUTES, BY ADDING A NEW SECTION 32-2534; AMENDING SECTION 32-2535, ARIZONA REVISED STATUTES; AMENDING TITLE 32, CHAPTER 25, ARTICLE 3, ARIZONA REVISED STATUTES, BY ADDING SECTION 32-2536; AMENDING SECTION 32-2551, ARIZONA REVISED STATUTES; RELATING TO THE ARIZONA REGULATORY BOARD OF PHYSICIAN ASSISTANTS.

(TEXT OF BILL BEGINS ON NEXT PAGE)

Be it enacted by the Legislature of the State of Arizona:

Section 1. Section 32-2501, Arizona Revised Statutes, is amended to read:

32-2501. Definitions

In this chapter, unless the context otherwise requires:

1. "Active license" means a regular license issued pursuant to this chapter.

2. "Adequate records" means legible medical records containing, at a minimum, sufficient information to identify the patient, support the diagnosis, justify the treatment, accurately document the results, indicate advice and cautionary warnings provided to the patient and provide sufficient information for another practitioner to assume continuity of the patient's care at any point in the course of treatment.

3. "Advisory letter" means a nondisciplinary letter to notify a physician assistant that either:

(a) While there is insufficient evidence to support disciplinary action, the board believes that continuation of the activities that led to the investigation may result in further board action against the licensee.

(b) The violation is a minor or technical violation that is not of sufficient merit to warrant disciplinary action.

(c) While the licensee has demonstrated substantial compliance through rehabilitation or remediation that has mitigated the need for disciplinary action, the board believes that repetition of the activities that led to the investigation may result in further board action against the licensee.

4. "Approved program" means a physician assistant educational program accredited by the accreditation review commission on education for physician assistants, or one of its predecessor agencies, the committee on allied health education and accreditation or the commission on the accreditation of allied health educational programs.

5. "Board" means the Arizona regulatory board of physician assistants.

6. "COLLABORATING PHYSICIAN OR ENTITY" MEANS A PHYSICIAN, PHYSICIAN GROUP PRACTICE, PHYSICIAN PRIVATE PRACTICE OR LICENSED HEALTH CARE INSTITUTION THAT EMPLOYS OR COLLABORATES WITH A PHYSICIAN ASSISTANT WHO HAS AT LEAST EIGHT THOUSAND HOURS OF CLINICAL PRACTICE AS CERTIFIED BY THE BOARD PURSUANT TO SECTION 32-2536 AND DOES NOT REQUIRE A SUPERVISION AGREEMENT AND THAT DESIGNATES ONE OR MORE PHYSICIANS BY NAME OR POSITION WHO IS RESPONSIBLE FOR THE OVERSIGHT OF THE PHYSICIAN ASSISTANT.

~~6.~~ 7. "Completed application" means an application for which the applicant has supplied all required fees, information and correspondence requested by the board on forms and in a manner acceptable to the board.

~~7.~~ 8. "Immediate family" means the spouse, natural or adopted children, father, mother, brothers and sisters of the physician assistant and the natural or adopted children, father, mother, brothers and sisters of the physician assistant's spouse.

~~8.~~ 9. "Letter of reprimand" means a disciplinary letter that is issued by the board and that informs the physician assistant that the physician assistant's conduct violates state or federal law and may require the board to monitor the physician assistant.

~~9.~~ 10. "Limit" means a nondisciplinary action that is taken by the board and that alters a physician assistant's practice or medical activities if there is evidence that the physician assistant is or may be mentally or physically unable to safely engage in health care tasks.

~~10.~~ 11. "Medically incompetent" means that a physician assistant lacks sufficient medical knowledge or skills, or both, in performing delegated health care tasks to a degree likely to endanger the health or safety of patients.

~~11.~~ 12. "Minor surgery":

(a) Means those invasive procedures that may be ~~delegated to~~ PERFORMED BY a physician assistant ~~by a supervising physician~~, that are consistent with the training and experience of the physician assistant, that are normally taught in courses of training approved by the board, ~~and~~ that have been approved by the board as falling within ~~a~~ THE scope of practice of a physician assistant AND THAT ARE CONSISTENT WITH THE PRACTICE SETTING REQUIREMENTS OF THE PHYSICIAN ASSISTANT. ~~Minor surgery~~

(b) Does not include a surgical abortion.

~~12.~~ 13. "Physician" means a physician who is licensed pursuant to chapter 13 or 17 of this title.

~~13.~~ 14. "Physician assistant" means a person who is licensed pursuant to this chapter ~~and who practices medicine with physician supervision~~.

~~14.~~ 15. "Regular license" means a valid and existing license that is issued pursuant to section 32-2521 to perform health care tasks.

~~15.~~ 16. "Restrict" means a disciplinary action that is taken by the board and that alters a physician assistant's practice or medical activities if there is evidence that the physician assistant is or may be medically incompetent or guilty of unprofessional conduct.

~~16.~~ 17. "Supervising physician" means a physician who holds a current unrestricted license, who supervises a physician assistant WHO HAS LESS THAN EIGHT THOUSAND HOURS OF CLINICAL PRACTICE and who assumes legal responsibility for health care tasks performed by the physician assistant.

~~17.~~ 18. "Supervision" means a physician's opportunity or ability to provide or exercise direction and control over the services of a physician assistant. Supervision does not require a physician's constant physical presence if the supervising physician is or can be easily in contact with the physician assistant by telecommunication.

19. "SUPERVISION AGREEMENT" MEANS A WRITTEN OR ELECTRONIC SIGNED AGREEMENT THAT BOTH:

(a) DESCRIBES THE SCOPE OF PRACTICE FOR A PHYSICIAN ASSISTANT WHO HAS LESS THAN EIGHT THOUSAND HOURS OF CLINICAL PRACTICE.

(b) IS BETWEEN THE PHYSICIAN ASSISTANT AND A PHYSICIAN OR THE PHYSICIAN ASSISTANT'S EMPLOYER THAT EMPLOYS OR HAS ON MEDICAL STAFF AT LEAST ONE PHYSICIAN WHO MAY PROVIDE OVERSIGHT, AS APPLICABLE, AND WHO HOLDS A CURRENT UNRESTRICTED LICENSE. FOR THE PURPOSES OF THIS SUBDIVISION, "EMPLOYER" MEANS A PHYSICIAN, PHYSICIAN GROUP PRACTICE, PHYSICIAN PRIVATE PRACTICE OR LICENSED HEALTH CARE INSTITUTION.

~~18.~~ 20. "Unprofessional conduct" includes the following acts by a physician assistant that occur in this state or elsewhere:

(a) Violating any federal or state law or rule that applies to the performance of health care tasks as a physician assistant. Conviction in any court of competent jurisdiction is conclusive evidence of a violation.

(b) Claiming to be a physician or knowingly ~~permitting~~ ALLOWING another person to represent that person as a physician.

(c) Performing health care tasks that ~~have not been delegated by the supervising physician~~ DO NOT MEET THE SUPERVISION OR COLLABORATION REQUIREMENTS, AS APPLICABLE, PURSUANT TO SECTION 32-2531.

(d) Exhibiting a pattern of using or being under the influence of alcohol or drugs or a similar substance while performing health care tasks or to the extent that judgment may be impaired and the ability to perform health care tasks detrimentally affected.

(e) Signing a blank, undated or predated prescription form.

(f) Committing gross malpractice, repeated malpractice or any malpractice resulting in the death of a patient.

(g) Representing that a manifestly incurable disease or infirmity can be permanently cured or that a disease, ailment or infirmity can be cured by a secret method, procedure, treatment, medicine or device, if this is not true.

(h) Refusing to divulge to the board on demand the means, method, procedure, modality of treatment or medicine used in ~~the treatment of~~ TREATING a disease, injury, ailment or infirmity.

(i) Prescribing or dispensing controlled substances or prescription-only drugs for which the physician assistant is not approved or in excess of the amount authorized pursuant to this chapter.

(j) Committing any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public.

(k) Violating a formal order, probation or stipulation issued by the board.

(l) Failing to clearly disclose the person's identity as a physician assistant in the course of the physician assistant's employment.

(m) Failing to use and affix the initials "P.A." or "P.A.-C." after the physician assistant's name or signature on charts, prescriptions or professional correspondence.

(n) Procuring or attempting to procure a physician assistant license by fraud, misrepresentation or knowingly taking advantage of the mistake of another.

(o) Having professional connection with or lending the physician assistant's name to an illegal practitioner of any of the healing arts.

(p) Failing or refusing to maintain adequate records ~~on~~ FOR a patient.

(q) Using controlled substances that have not been prescribed by a physician, physician assistant, dentist or nurse practitioner for use during a prescribed course of treatment.

(r) Prescribing or dispensing controlled substances to members of the physician assistant's immediate family.

(s) Prescribing, dispensing or administering any controlled substance or prescription-only drug for other than accepted therapeutic purposes.

(t) Dispensing a schedule II controlled substance that is an opioid, except as provided in section 32-2532.

(u) Knowingly making any written or oral false or fraudulent statement in connection with the performance of health care tasks or when applying for privileges or renewing an application for privileges at a health care institution.

(v) Committing a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case, conviction by a court of competent jurisdiction or a plea of no contest is conclusive evidence of the commission.

(w) Having a certification or license refused, revoked, suspended, limited or restricted by any other licensing jurisdiction for the inability to safely and skillfully perform health care tasks or for unprofessional conduct as defined by that jurisdiction that directly or indirectly corresponds to any act of unprofessional conduct as prescribed by this paragraph.

(x) Having sanctions including restriction, suspension or removal from practice imposed by an agency of the federal government.

(y) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate a provision of this chapter.

(z) Using the term "doctor" or the abbreviation "Dr." on a name tag or in a way that leads the public to believe that the physician assistant is licensed to practice as an allopathic or ~~an~~ osteopathic physician in this state.

(aa) Failing to furnish legally requested information to the board or its investigator in a timely manner.

(bb) Failing to allow properly authorized board personnel to examine on demand documents, reports and records of any kind relating to the physician assistant's performance of health care tasks.

(cc) Knowingly making a false or misleading statement on a form required by the board or in written correspondence or attachments furnished to the board.

(dd) Failing to submit to a body fluid examination and other examinations known to detect the presence of alcohol or other drugs pursuant to an agreement with the board or an order of the board.

(ee) Violating a formal order, probation agreement or stipulation issued or entered into by the board or its executive director.

(ff) Except as otherwise required by law, intentionally betraying a professional secret or intentionally violating a privileged communication.

(gg) Allowing the use of the licensee's name in any way to enhance or ~~permit~~ ALLOW the continuance of the activities of, or maintaining a professional connection with, an illegal practitioner of medicine or the performance of health care tasks by a person who is not licensed pursuant to this chapter.

(hh) Committing false, fraudulent, deceptive or misleading advertising by a physician assistant or the physician assistant's staff or representative.

(ii) Knowingly failing to disclose to a patient on a form that is prescribed by the board and that is dated and signed by the patient or guardian acknowledging that the patient or guardian has read and understands that the licensee has a direct financial interest in a separate diagnostic or treatment agency or in nonroutine goods or services that the patient is being prescribed and ~~if~~ WHETHER the prescribed treatment, goods or services are available on a competitive basis. This subdivision does not apply to a referral by one physician assistant to another physician assistant or to a doctor of medicine or a doctor of osteopathic medicine within a group working together.

(jj) With the exception of heavy metal poisoning, using chelation therapy in the treatment of arteriosclerosis or as any other form of therapy without adequate informed patient consent or without conforming to generally accepted experimental criteria, including protocols, detailed records, periodic analysis of results and periodic review by a medical peer review committee, or without approval by the United States food and drug administration or its successor agency.

(kk) Prescribing, dispensing or administering anabolic or androgenic steroids for other than therapeutic purposes.

(ll) Prescribing, dispensing or furnishing a prescription medication or a prescription-only device as defined in section 32-1901 to a person unless the licensee first conducts a physical examination of that person or has previously established a professional relationship with the person. This subdivision does not apply to:

(i) A physician assistant who provides temporary patient care on behalf of the patient's regular treating licensed health care professional.

(ii) Emergency medical situations as defined in section 41-1831.

(iii) Prescriptions written to prepare a patient for a medical examination.

(iv) Prescriptions written or antimicrobials dispensed to a contact as defined in section 36-661 who is believed to have had significant exposure risk as defined in section 36-661 with another person who has been diagnosed with a communicable disease as defined in section 36-661 by the prescribing or dispensing physician assistant.

(mm) Engaging in sexual conduct with a current patient or with a former patient within six months after the last medical consultation unless the patient was the licensee's spouse at the time of the contact or, immediately preceding the professional relationship, was in a dating or engagement relationship with the licensee. For the purposes of this subdivision, "sexual conduct" includes:

(i) Engaging in or soliciting sexual relationships, whether consensual or nonconsensual.

(ii) Making sexual advances, requesting sexual favors or engaging in other verbal conduct or physical contact of a sexual nature with a patient.

(iii) Intentionally viewing a completely or partially disrobed patient in the course of treatment if the viewing is not related to patient diagnosis or treatment under current practice standards.

(nn) Performing health care tasks under a false or assumed name in this state.

Sec. 2. Section 32-2502, Arizona Revised Statutes, is amended to read:

32-2502. Arizona regulatory board of physician assistants; membership; appointment; terms; immunity

A. The Arizona regulatory board of physician assistants is established consisting of the following members:

1. Five physician assistants who hold a current regular license pursuant to this chapter. The governor may appoint these members from a list of qualified candidates submitted by the Arizona state association of physician assistants. The governor may seek additional input and nominations before the governor makes the physician assistant appointments.

2. Two public members who are appointed by the governor.

3. Two physicians who are actively engaged in the practice of medicine and who are licensed pursuant to chapter 17 of this title, one of whom supervises OR COLLABORATES WITH a physician assistant at the time of appointment, and who are appointed by the governor.

4. Two physicians who are actively engaged in the practice of medicine and who are licensed pursuant to chapter 13 of this title, one of whom supervises OR COLLABORATES WITH a physician assistant at the time of appointment, and who are appointed by the governor.

B. Before appointment by the governor, a prospective member of the board shall submit a full set of fingerprints to the governor for the purpose of obtaining a state and federal criminal records check pursuant to section 41-1750 and Public Law 92-544. The department of public safety may exchange this fingerprint data with the federal bureau of investigation.

C. The term of office of members of the board is four years to begin and end on July 1.

D. Each board member is eligible for appointment to not more than two full terms, except that the term of office for a member appointed to fill a vacancy that is not caused by the expiration of a full term is for the unexpired portion of that term and the governor may reappoint that member to not more than two additional full terms. Each board member may continue to hold office until the appointment and qualification of that member's successor. ~~However,~~ The governor may remove a member after notice and a hearing~~,~~ on a finding of continued neglect of duty, incompetence or unprofessional or dishonorable conduct. That member's term ends when the finding is made.

E. A board member's term automatically ends:

1. On written resignation submitted to the board chairperson or to the governor.

2. If the member is absent from this state for more than six months during a one-year period.

3. If the member fails to attend three consecutive regular board meetings.

4. Five years after retirement from active practice.

F. Board members are immune from civil liability for all good faith actions they take pursuant to this chapter.

Sec. 3. Section 32-2531, Arizona Revised Statutes, is amended to read:

32-2531. Physician assistant scope of practice; health care tasks; supervision agreements; supervising physician duties; civil penalty

~~A. A supervising physician may delegate health care tasks to a physician assistant.~~

A. EXCEPT AS PROHIBITED IN SUBSECTION E OF THIS SECTION, A PHYSICIAN ASSISTANT MAY PROVIDE ANY LEGAL MEDICAL SERVICE FOR WHICH THE PHYSICIAN ASSISTANT HAS BEEN PREPARED BY EDUCATION, TRAINING AND EXPERIENCE AND THAT THE PHYSICIAN ASSISTANT IS COMPETENT TO PERFORM, INCLUDING:

1. OBTAINING COMPREHENSIVE HEALTH HISTORIES AND PERFORMING PHYSICAL EXAMINATIONS.

2. EVALUATING AND DIAGNOSING PATIENTS AND MANAGING AND PROVIDING MEDICAL TREATMENT AND THERAPEUTIC INTERVENTIONS.

3. ORDERING, PERFORMING AND INTERPRETING DIAGNOSTIC STUDIES AND THERAPEUTIC PROCEDURES.

4. EDUCATING PATIENTS ON HEALTH PROMOTION AND DISEASE PREVENTION AND PROVIDING COUNSELING AND EDUCATION TO MEET PATIENT NEEDS.

5. PROVIDING CONSULTATION ON REQUEST.

6. WRITING MEDICAL ORDERS.

7. OBTAINING INFORMED CONSENT.

8. ASSISTING IN SURGERY.

9. DELEGATING AND ASSIGNING THERAPEUTIC AND DIAGNOSTIC MEASURES TO AND SUPERVISING LICENSED OR UNLICENSED PERSONNEL.

10. MAKING APPROPRIATE REFERRALS.

11. ORDERING, PRESCRIBING, DISPENSING AND ADMINISTERING DRUGS AND MEDICAL DEVICES.

12. PRESCRIBING PRESCRIPTION-ONLY MEDICATIONS.

13. PRESCRIBING SCHEDULE IV OR SCHEDULE V CONTROLLED SUBSTANCES AS DEFINED IN THE CONTROLLED SUBSTANCES ACT (P.L. 91-513; 84 STAT. 1242; 21 UNITED STATES CODE SECTION 802).

14. PRESCRIBING SCHEDULE II AND SCHEDULE III CONTROLLED SUBSTANCES AS DEFINED IN THE CONTROLLED SUBSTANCES ACT.

15. PERFORMING MINOR SURGERY.

16. PERFORMING NONSURGICAL HEALTH CARE TASKS THAT ARE NORMALLY TAUGHT IN COURSES OF TRAINING APPROVED BY THE BOARD AND THAT ARE CONSISTENT WITH THE PHYSICIAN ASSISTANT'S EDUCATION, TRAINING AND EXPERIENCE.

17. CERTIFYING THE HEALTH OR DISABILITY OF A PATIENT AS REQUIRED BY ANY LOCAL, STATE OR FEDERAL PROGRAM.

18. ORDERING HOME HEALTH SERVICES.

B. PURSUANT TO THE REQUIREMENTS OF THIS CHAPTER AND THE STANDARD OF CARE, A PHYSICIAN ASSISTANT WHO HAS AT LEAST EIGHT THOUSAND HOURS OF CLINICAL PRACTICE CERTIFIED BY THE BOARD PURSUANT TO SECTION 32-2536 IS NOT REQUIRED TO PRACTICE PURSUANT TO A SUPERVISION AGREEMENT BUT SHALL CONTINUE TO COLLABORATE WITH, CONSULT WITH OR REFER TO THE APPROPRIATE HEALTH CARE PROFESSIONAL AS INDICATED BY THE PATIENT'S CONDITION AND BY THE PHYSICIAN ASSISTANT'S EDUCATION, EXPERIENCE AND COMPETENCIES. THE LEVEL OF COLLABORATION REQUIRED BY THIS SUBSECTION IS DETERMINED BY THE POLICIES OF THE PRACTICE SETTING AT WHICH THE PHYSICIAN ASSISTANT IS EMPLOYED, INCLUDING A PHYSICIAN EMPLOYER, PHYSICIAN GROUP PRACTICE OR HEALTH CARE INSTITUTION. COLLABORATION, CONSULTATION OR A REFERRAL PURSUANT TO THIS SUBSECTION MAY OCCUR THROUGH ELECTRONIC MEANS AND DOES NOT REQUIRE THE PHYSICAL PRESENCE OF THE APPROPRIATE HEALTH CARE PROFESSIONAL AT THE TIME OR PLACE THE PHYSICIAN ASSISTANT PROVIDES MEDICAL

SERVICES. THIS SUBSECTION DOES NOT PROHIBIT A PHYSICIAN ASSISTANT WHO HAS AT LEAST EIGHT THOUSAND HOURS OF CLINICAL PRACTICE CERTIFIED BY THE BOARD PURSUANT TO SECTION 32-2536 FROM PRACTICING PURSUANT TO A SUPERVISION AGREEMENT.

C. A PHYSICIAN ASSISTANT WHO HAS LESS THAN EIGHT THOUSAND HOURS OF CLINICAL PRACTICE CERTIFIED BY THE BOARD SHALL WORK IN ACCORDANCE WITH A SUPERVISION AGREEMENT THAT DESCRIBES THE PHYSICIAN ASSISTANT'S SCOPE OF PRACTICE. A PHYSICIAN ASSISTANT MAY NOT PERFORM HEALTH CARE TASKS UNTIL THE PHYSICIAN ASSISTANT HAS COMPLETED AND SIGNED A SUPERVISION AGREEMENT. UNDER A SUPERVISION AGREEMENT, SUPERVISION MAY OCCUR THROUGH ELECTRONIC MEANS AND DOES NOT REQUIRE THE PHYSICAL PRESENCE OF THE SUPERVISING PHYSICIAN AT THE TIME OR PLACE THE PHYSICIAN ASSISTANT PROVIDES MEDICAL SERVICES. THE SUPERVISION AGREEMENT MUST BE KEPT ON FILE AT THE MAIN LOCATION OF THE PHYSICIAN ASSISTANT'S PRACTICE AND, ON REQUEST, BE MADE AVAILABLE TO THE BOARD OR THE BOARD'S REPRESENTATIVE. ON RECEIPT OF BOARD CERTIFICATION OF THE PHYSICIAN ASSISTANT'S COMPLETION OF AT LEAST EIGHT THOUSAND HOURS OF CLINICAL PRACTICE, A PHYSICIAN ASSISTANT IS NO LONGER SUBJECT TO THE REQUIREMENTS OF THIS SUBSECTION. THE BOARD MAY COUNT PRACTICE HOURS EARNED IN ANOTHER JURISDICTION TOWARD THE HOURS OF CLINICAL PRACTICE REQUIRED BY THIS SUBSECTION.

D. A PHYSICIAN ASSISTANT WHO DOES NOT PRACTICE PURSUANT TO A SUPERVISION AGREEMENT IS LEGALLY RESPONSIBLE FOR THE HEALTH CARE SERVICES PERFORMED BY THE PHYSICIAN ASSISTANT.

~~B.~~ E. A physician assistant shall not perform surgical abortions as defined in section 36-2151.

~~C. The physician assistant may perform those duties and responsibilities, including the ordering, prescribing, dispensing and administration of drugs and medical devices, that are delegated by the supervising physician.~~

~~D. The physician assistant may provide any medical service that is delegated by the supervising physician if the service is within the physician assistant's skills, is within the physician's scope of practice and is supervised by the physician.~~

~~E.~~ F. ~~The~~ A physician assistant may pronounce death and~~, if delegated,~~ may authenticate, by the physician assistant's signature, CERTIFICATION, STAMP, VERIFICATION, AFFIDAVIT OR ENDORSEMENT, any form that may be authenticated by a physician's signature, CERTIFICATION, STAMP, VERIFICATION, AFFIDAVIT OR ENDORSEMENT.

~~F. The physician assistant is the agent of the physician assistant's supervising physician in the performance of all practice related activities, including the ordering of diagnostic, therapeutic and other medical services.~~

~~G. The physician assistant may perform health care tasks in any setting authorized by the supervising physician, including physician offices, clinics, hospitals, ambulatory surgical centers, patient homes,~~

~~nursing homes and other health care institutions. These tasks may include:~~

~~1. Obtaining patient histories.~~

~~2. Performing physical examinations.~~

~~3. Ordering and performing diagnostic and therapeutic procedures.~~

~~4. Formulating a diagnostic impression.~~

~~5. Developing and implementing a treatment plan.~~

~~6. Monitoring the effectiveness of therapeutic interventions.~~

~~7. Assisting in surgery.~~

~~8. Offering counseling and education to meet patient needs.~~

~~9. Making appropriate referrals.~~

~~10. Prescribing schedule IV or V controlled substances as defined in the federal controlled substances act of 1970 (P.L. 91-513; 84 Stat. 1242; 21 United States Code section 802) and prescription-only medications.~~

~~11. Prescribing schedule II and III controlled substances as defined in the federal controlled substances act of 1970.~~

~~12. Performing minor surgery as defined in section 32-2501.~~

~~13. Performing other nonsurgical health care tasks that are normally taught in courses of training approved by the board, that are consistent with the training and experience of the physician assistant and that have been properly delegated by the supervising physician.~~

~~H. The supervising physician shall:~~

~~1. Meet the requirements established by the board for supervising a physician assistant.~~

~~2. Accept responsibility for all tasks and duties the physician delegates to a physician assistant.~~

~~3. Notify the board and the physician assistant in writing if the physician assistant exceeds the scope of the delegated health care tasks.~~

~~4. Maintain a written agreement with the physician assistant. The agreement must state that the physician will exercise supervision over the physician assistant and retains professional and legal responsibility for the care rendered by the physician assistant. The agreement must be signed by the supervising physician and the physician assistant and updated annually. The agreement must be kept on file at the practice site and made available to the board on request. Each year the board shall randomly audit at least five per cent of these agreements for compliance.~~

~~I. A physician's ability to supervise a physician assistant is not affected by restrictions imposed by the board on a physician assistant pursuant to disciplinary action taken by the board.~~

~~J. Supervision must be continuous but does not require the personal presence of the physician at the place where health care tasks are performed if the physician assistant is in contact with the supervising physician by telecommunication. If the physician assistant practices in a location where a supervising physician is not routinely present, the physician assistant must meet in person or by telecommunication with a~~

~~supervising physician at least once each week to ensure ongoing direction and oversight of the physician assistant's work. The board by order may require the personal presence of a supervising physician when designated health care tasks are performed.~~

~~K. At all times while a physician assistant is on duty, the physician assistant shall wear a name tag with the designation "physician assistant" on it.~~

~~L.~~ G. The board by rule may prescribe a civil penalty for a violation of this article. The penalty shall not exceed ~~fifty dollars~~ $50 for each violation. The board shall deposit, pursuant to sections 35-146 and 35-147, all monies it receives from this penalty in the state general fund. A physician assistant and the supervising PHYSICIAN OR COLLABORATING physician OR ENTITY may contest the imposition of this penalty pursuant to board rule. The imposition of a civil penalty is public information, and the board may use this information in any future disciplinary actions.

Sec. 4. Section 32-2532, Arizona Revised Statutes, is amended to read:

32-2532. Prescribing, administering and dispensing drugs; limits and requirements; notice

A. Except as provided in subsection ~~F~~ G of this section, a physician assistant shall not prescribe, dispense or administer:

1. A schedule II or schedule III controlled substance as defined in the ~~federal~~ controlled substances act ~~of 1970~~ (P.L. 91-513; 84 Stat. 1242; 21 United States Code section 802) without ~~delegation by the supervising physician,~~ board approval and United States drug enforcement administration registration. IF THE PHYSICIAN ASSISTANT HAS LESS THAN EIGHT THOUSAND CLINICAL PRACTICE HOURS, THE SUPERVISION AGREEMENT SHALL SPECIFY THE PHYSICIAN ASSISTANT'S ABILITY TO PRESCRIBE, DISPENSE OR ADMINISTER A SCHEDULE II OR SCHEDULE III CONTROLLED SUBSTANCE.

2. A schedule IV or schedule V controlled substance as defined in the ~~federal~~ controlled substances act ~~of 1970~~ without United States drug enforcement administration registration ~~and delegation by the supervising physician~~. IF THE PHYSICIAN ASSISTANT HAS LESS THAN EIGHT THOUSAND CLINICAL PRACTICE HOURS, THE SUPERVISION AGREEMENT SHALL SPECIFY THE PHYSICIAN ASSISTANT'S ABILITY TO PRESCRIBE, DISPENSE OR ADMINISTER A SCHEDULE IV OR SCHEDULE V CONTROLLED SUBSTANCE.

~~3. Prescription-only medication without delegation by the supervising physician.~~

~~4.~~ 3. Prescription medication intended to perform or induce an abortion.

B. IF THE PHYSICIAN ASSISTANT HAS LESS THAN EIGHT THOUSAND CLINICAL PRACTICE HOURS, THE SUPERVISION AGREEMENT SHALL SPECIFY THE PHYSICIAN ASSISTANT'S ABILITY TO PRESCRIBE, DISPENSE OR ADMINISTER PRESCRIPTION-ONLY MEDICATION.

~~B.~~ C. All prescription orders issued by a physician assistant shall contain the name, address and telephone number of the physician assistant. A physician assistant shall issue prescription orders for controlled substances under the physician assistant's own United States drug enforcement administration registration number.

~~C.~~ D. If THE PHYSICIAN ASSISTANT IS certified for prescription privileges pursuant to section 32-2504, subsection A, initial prescriptions BY THE PHYSICIAN ASSISTANT for schedule II controlled substances that are opioids are subject to the limits prescribed in sections 32-3248 and 32-3248.01 ~~if the physician assistant has been delegated to prescribe schedule II controlled substances by the supervising physician pursuant to this section~~. For each schedule IV or schedule V controlled substance, the physician assistant may not prescribe the controlled substance more than five times in a six-month period for each patient.

~~D.~~ E. A prescription BY A PHYSICIAN ASSISTANT for a schedule III controlled substance that is an opioid or benzodiazepine is not refillable without the written consent of ~~the supervising~~ A physician.

~~E.~~ F. A PHYSICIAN ASSISTANT MAY NOT DISPENSE, PRESCRIBE OR REFILL prescription-only drugs ~~shall not be dispensed, prescribed or refillable~~ for a period exceeding one year FOR EACH PATIENT.

~~F.~~ G. Except in an emergency, a physician assistant may dispense schedule II or schedule III controlled substances for a period of use of not to exceed seventy-two hours with board approval or any other controlled substance for a period of use of not to exceed ninety days and may administer controlled substances without board approval if it is medically indicated in an emergency dealing with potential loss of life or limb or major acute traumatic pain. Notwithstanding the authority granted in this subsection, a physician assistant may not dispense a schedule II controlled substance that is an opioid, except for an implantable device or an opioid that is for medication-assisted treatment for substance use disorders.

~~G.~~ H. Except for samples provided by manufacturers, all drugs dispensed by a physician assistant shall be labeled to show the name of the physician assistant.

~~H.~~ I. A physician assistant shall not obtain a drug from any source other than ~~the supervising~~ A physician or a pharmacist. A physician assistant may receive manufacturers' samples ~~if delegated to do so by the supervising physician~~.

~~I.~~ J. If a physician assistant is approved by the board to prescribe, administer or dispense schedule II and schedule III controlled substances, the physician assistant shall maintain an up-to-date and complete log of all schedule II and schedule III controlled substances the physician assistant administers or dispenses. The board may not grant a physician assistant the authority to dispense schedule II controlled

substances that are opioids, except for implantable devices or opioids that are for medication-assisted treatment for substance use disorders.

~~J.~~ K. The ARIZONA REGULATORY board OF PHYSICIAN ASSISTANTS shall advise the Arizona state board of pharmacy and the United States drug enforcement administration of all physician assistants who are authorized to prescribe or dispense drugs and any modification of their authority.

~~K.~~ L. The Arizona state board of pharmacy shall notify all pharmacies at least quarterly of physician assistants who are authorized to prescribe or dispense drugs.

Sec. 5. Section 32-2533, Arizona Revised Statutes, is amended to read:

32-2533. Supervising physicians; responsibilities

A. A supervising physician is responsible for all aspects of the performance of a physician assistant WHO HAS LESS THAN EIGHT THOUSAND HOURS OF CLINICAL PRACTICE, whether or not the supervising physician actually pays the physician assistant a salary. The supervising physician is responsible for supervising the physician assistant and ensuring that the health care tasks performed by a physician assistant are within the physician assistant's scope of training and experience and have been properly delegated by the supervising physician.

B. Each physician-physician assistant team must ensure that:

1. The physician assistant's scope of practice is identified.

2. The delegation of medical tasks is appropriate to the physician assistant's level of competence.

3. The relationship of, and access to, the supervising physician is defined.

4. A process for evaluating the physician assistant's performance is established.

C. A supervising physician shall not supervise more than six physician assistants who work at the same time.

D. A supervising physician shall develop a system for recording and reviewing all instances in which the physician assistant prescribes schedule II or schedule III controlled substances.

Sec. 6. Repeal

Section 32-2534, Arizona Revised Statutes, is repealed.

Sec. 7. Title 32, chapter 25, article 3, Arizona Revised Statutes, is amended by adding a new section 32-2534, to read:

32-2534. Billing; direct payment

A PHYSICIAN ASSISTANT MAY BILL AND RECEIVE DIRECT PAYMENT FOR THE PROFESSIONAL SERVICES PROVIDED BY THE PHYSICIAN ASSISTANT.

Sec. 8. Section 32-2535, Arizona Revised Statutes, is amended to read:

32-2535. Emergency medical care

A. Notwithstanding the requirements of this article, in response to a natural disaster, accident or other emergency, a physician assistant who

is licensed pursuant to this chapter, licensed or certified by another regulatory jurisdiction in the United States or credentialed as a physician assistant by a federal employer may provide medical care at any location, and ~~with or without supervision.~~ THE PHYSICIAN ASSISTANT IS NOT REQUIRED TO HAVE COMPLETED EIGHT THOUSAND CLINICAL PRACTICE HOURS PURSUANT TO SECTION 32-2531.

B. A physician who supervises a physician assistant who is providing medical care pursuant to this section is not required to comply with the requirements of this article relating to supervising physicians.

Sec. 9. Title 32, chapter 25, article 3, Arizona Revised Statutes, is amended by adding section 32-2536, to read:

32-2536. Physician assistants; documentation; certification; rules

A. A PHYSICIAN ASSISTANT WHO IS LICENSED PURSUANT TO THIS CHAPTER, WHO IS IN GOOD STANDING, WHO HAS GRADUATED FROM AN ACCREDITED PHYSICIAN ASSISTANT PROGRAM IN THE UNITED STATES AND WHO HAS AT LEAST EIGHT THOUSAND CLINICAL PRACTICE HOURS WITHIN THE PREVIOUS FIVE YEARS IN THIS STATE OR ANOTHER JURISDICTION SHALL PROVIDE THE BOARD WITH DOCUMENTATION OF HAVING COMPLETED AT LEAST EIGHT THOUSAND HOURS OF CLINICAL PRACTICE IN ORDER TO MEET THE REQUIREMENTS OF SECTION 32-2531, SUBSECTION B. THE BOARD SHALL DEVELOP:

1. A POLICY THAT SETS FORTH THE PROCESS OF ATTESTATION OR DOCUMENTATION REQUIRED AS PROOF OF COMPLETION OF AT LEAST EIGHT THOUSAND CLINICAL PRACTICE HOURS AND ISSUANCE OF CERTIFICATION OF COMPLETION OF THE EIGHT THOUSAND CLINICAL PRACTICE HOURS.

2. AN ALTERNATIVE COMPARABLE STANDARD FOR CERTIFICATION OF EIGHT THOUSAND HOURS OF CLINICAL PRACTICE FOR PHYSICIAN ASSISTANTS WHO HAVE BEEN ACTIVELY PRACTICING FOR MORE THAN FIVE YEARS.

B. THE BOARD SHALL ADOPT RULES ESTABLISHING ADDITIONAL CERTIFICATION STANDARDS OR REQUIREMENTS FOR PHYSICIAN ASSISTANTS WHO PREVIOUSLY COMPLETED EIGHT THOUSAND CLINICAL PRACTICE HOURS CERTIFIED BY THE BOARD AND WHO ARE SEEKING EMPLOYMENT WITH A COLLABORATING PHYSICIAN OR ENTITY FOR A POSITION THAT IS NOT SUBSTANTIALLY SIMILAR TO THE PRACTICE SETTING OR SPECIALTY IN WHICH THE PHYSICIAN ASSISTANT WAS PREVIOUSLY CERTIFIED. THE CERTIFICATION STANDARDS OR REQUIREMENTS SHALL ENSURE APPROPRIATE TRAINING AND OVERSIGHT, INCLUDING A SUPERVISION AGREEMENT IF WARRANTED, FOR THE PHYSICIAN ASSISTANT'S NEW PRACTICE SETTING OR SPECIALTY.

Sec. 10. Section 32-2551, Arizona Revised Statutes, is amended to read:

32-2551. Grounds for disciplinary action; duty to report; immunity; proceedings; board action; notice; civil penalty

A. The board on its own motion may investigate any evidence that appears to show that a physician assistant is or may be medically

incompetent, is or may be guilty of unprofessional conduct or is or may be mentally or physically unable to carry out approved health care tasks. Any physician, physician assistant or health care institution as defined in section 36-401 shall, and any other person may, report to the board any information the physician, physician assistant, health care institution or other person has that appears to show that a physician assistant is or may be medically incompetent, is or may be guilty of unprofessional conduct or is or may be mentally or physically unable to carry out approved health care tasks. If the board begins an investigation pursuant to this section, it may require the physician assistant to promptly provide the name and address of the ~~physician assistant's~~ supervising physician or ~~physicians~~ COLLABORATING PHYSICIAN OR ENTITY, AS APPLICABLE. The board or the executive director shall notify the physician assistant ~~and the supervising physician~~ of the content of the reported information in writing within one hundred twenty days ~~of its~~ AFTER THE BOARD'S receipt of the information. Any physician, physician assistant, health care institution or other person that reports or provides information to the board in good faith is not subject to an action for civil damages as a result of reporting or providing information, and, if requested, the name of the reporter shall not be disclosed unless the information is essential to proceedings conducted pursuant to this section.

B. The board or, if delegated by the board, the executive director may require a mental, physical or medical competency examination or any combination of those examinations or may make investigations, including investigational interviews, between representatives of the board and the physician assistant and the supervising physician, THE COLLABORATING PHYSICIAN OR A PHYSICIAN REPRESENTATIVE OF THE COLLABORATING ENTITY, AS APPLICABLE, as ~~it~~ THE BOARD deems necessary to fully inform itself with respect to any information reported pursuant to subsection A of this section. These examinations may include biological fluid testing and other examinations known to detect the presence of alcohol or other drugs. The board or, if delegated by the board, the executive director may require the physician assistant, at the physician assistant's expense, to undergo assessment by a ~~board approved~~ BOARD-APPROVED rehabilitative, retraining or assessment program.

C. If the board finds, based on the information it receives under subsections A and B of this section, that the public safety imperatively requires emergency action~~,~~ and incorporates a finding to that effect in its order, the board may restrict a license or order a summary suspension of a license pending proceedings for revocation or other action. If the board acts pursuant to this subsection, the physician assistant shall also be served with a written notice of complaint and formal hearing, setting forth the charges, and is entitled to a formal hearing before the board or an administrative law judge on the charges within sixty days pursuant to title 41, chapter 6, article 10.

D. If, after completing its investigation, the board finds that the information provided pursuant to subsection A of this section is not of sufficient seriousness to merit disciplinary action against the physician assistant's license, ~~it~~ THE BOARD may take the following actions:

1. Dismiss if, in the opinion of the board, the complaint is without merit.

2. File an advisory letter. The licensee may file a written response with the board within thirty days after receiving the advisory letter.

3. Require the licensee to complete designated continuing medical education courses.

E. If the board finds that it can take rehabilitative or disciplinary action without the presence of the physician assistant at a formal interview it may enter into a consent agreement with the physician assistant to limit or restrict the physician assistant's practice or to rehabilitate the physician assistant, protect the public and ensure the physician assistant's ability to safely practice. The board may also require the physician assistant to successfully complete a ~~board approved~~ BOARD-APPROVED rehabilitative, retraining or assessment program at the physician assistant's own expense.

F. The board shall not disclose the name of the person who provided the information regarding a licensee's drug or alcohol impairment or the name of the person who files a complaint if that person requests anonymity.

G. If, after completing its investigation, the board believes that the information is or may be true and that the information may be of sufficient seriousness to merit direct action against the physician assistant's license, it may request a formal interview with the physician assistant and the supervising physician, THE COLLABORATING PHYSICIAN OR A PHYSICIAN REPRESENTATIVE OF THE COLLABORATING ENTITY, AS APPLICABLE. If the physician assistant refuses the invitation for a formal interview, the board may issue a formal complaint and order that a hearing be held pursuant to title 41, chapter 6, article 10. The board shall notify the physician assistant in writing of the time, date and place of the formal interview at least twenty days before the interview. The notice shall include the right to be represented by counsel and shall fully set forth the conduct or matters to be discussed.

H. After the formal interview, the board may take the following actions:

1. Dismiss if, in the opinion of the board, the information is without merit.

2. File an advisory letter. The licensee may file a written response with the board within thirty days after receiving the advisory letter.

3. Enter into a stipulation with the physician assistant to restrict or limit the physician assistant's practice or medical activities or to rehabilitate, retrain or assess the physician assistant, in order to protect the public and ensure the physician assistant's ability to safely perform health care tasks. The board may also require the physician assistant to successfully complete a ~~board approved~~ BOARD-APPROVED rehabilitative, retraining or assessment program at the physician assistant's own expense as prescribed in subsection E of this section.

4. File a letter of reprimand.

5. Issue a decree of censure. A decree of censure is a disciplinary action against the physician assistant's license and may include a requirement for restitution of fees to a patient resulting from violations of this chapter or rules adopted under this chapter.

6. Fix a period and terms of probation best adapted to protect the public health and safety and rehabilitate or educate the physician assistant. Failure to comply with any terms of probation is cause for initiating formal proceedings pursuant to title 41, chapter 6, article 10. Probation may include:

(a) Restrictions on the health care tasks the physician assistant may perform.

(b) Temporary suspension for not ~~to exceed~~ MORE THAN twelve months.

(c) Restitution of patient fees.

(d) Education or rehabilitation at the licensee's own expense.

7. Require the licensee to complete designated continuing medical education courses.

I. If the board finds that the information provided pursuant to subsection A of this section warrants suspension or revocation of a physician assistant's license, ~~it~~ THE BOARD shall immediately initiate formal proceedings ~~for the suspension~~ TO SUSPEND or ~~revocation of~~ REVOKE the license as provided in title 41, chapter 6, article 10. The notice of complaint and hearing is fully effective by mailing a true copy of the notice of complaint and hearing by certified mail addressed to the physician assistant's last known address of record in the board's files. The notice of complaint and hearing is complete at the time of its deposit in the mail.

J. A physician assistant who after a formal hearing pursuant to title 41, chapter 6, article 10 is found to be medically incompetent, guilty of unprofessional conduct or mentally or physically unable to safely carry out the physician assistant's approved health care tasks, or any combination of these, is subject to censure, probation, suspension or revocation, or any combination of these, for a period of time or permanently and under conditions the board deems appropriate ~~for the protection of~~ TO PROTECT the public health and safety.

K. In a formal interview pursuant to subsection G of this section or in a hearing pursuant to subsection I of this section, the board in

addition to any other action may impose a civil penalty in the amount of ~~not less than three hundred dollars nor~~ AT LEAST $300 BUT NOT more than ~~ten thousand dollars~~ $10,000 for each violation of this chapter or a rule adopted under this chapter.

L. An advisory letter is a public document and may be used in future disciplinary actions against a physician assistant.

M. The board may charge the costs of a formal hearing to the licensee if it finds the licensee in violation of this chapter.

N. If the board acts to modify a physician assistant's prescription writing privileges, the Arizona regulatory board of physician assistants shall immediately notify the Arizona state board of pharmacy and the United States drug enforcement administration of this modification.

O. If during the course of an investigation the ~~Arizona regulatory~~ board ~~of physician assistants~~ determines that a criminal violation may have occurred involving the PHYSICIAN ASSISTANT'S performance of health care tasks, ~~it~~ THE BOARD shall provide evidence of the violation to the appropriate criminal justice agency.

P. The board may accept the surrender of an active license from a person who admits in writing to any of the following:

1. Being unable to safely engage in the practice of medicine.

2. Having committed an act of unprofessional conduct.

3. Having violated this chapter or a board rule.

Q. In determining the appropriate disciplinary action under this section, the board shall consider all previous nondisciplinary and disciplinary actions against a licensee.

Sec. 11. Rulemaking; exemption

Notwithstanding any other law, for the purposes of this act, the Arizona regulatory board of physician assistants is exempt from the rulemaking requirements of title 41, chapter 6, Arizona Revised Statutes, for one year after the effective date of this act.

Sec. 12. Effective date

This act is effective from and after December 31, 2023.

APPROVED BY THE GOVERNOR APRIL 17, 2023.

Title 4, Chapter 17

# GOVERNOR'S REGULATORY REVIEW COUNCIL

**ATTORNEY MEMORANDUM - FIVE-YEAR REVIEW REPORT**

---

**MEETING DATE:** July 1, 2025

**TO:** Members of the Governor's Regulatory Review Council (Council)

**FROM:** Council Staff

**DATE:** June 17, 2025

**SUBJECT:** **ARIZONA REGULATORY BOARD OF PHYSICIAN ASSISTANTS**
Title 4 Chapter 17

---

**Summary**

This Five-Year Review Report (5YRR) from the Arizona Regulatory Board of Physician Assistants ("Board") covers eighteen (18) rules in Title 4, Chapter 17, Articles 1-4. The Articles cover the following:

- Article 1 - General Provisions
- Article 2 - Physician Assistant Licensure
- Article 3 - Duties of the Executive Director
- Article 4 - Regulation

In the previous report approved by the Council, the Board proposed to amend R4-17-203 and to add a new rule that allows the Board to hear requests for review of a delegated action made by the Executive Director. The Board completed this proposed course of action through a rulemaking approved by the Council on July 6, 2022.

**Proposed Action**

In this report, the Board indicates that R4-17-205 and R4-17-308 will need to be amended to be more consistent with statute, specifically clarifying continued education

requirements and the types of consent agreements that the Director may enter into. The Board has indicated that the rulemaking will be completed by December 31, 2025.

**1. Has the agency analyzed whether the rules are authorized by statute?**

The Board cites both general and specific statutory authority for these rules.

**2. Summary of the agency's economic impact comparison and identification of stakeholders:**

According to the Board, it has received no information since May 5, 2020, when the Council approved the Board's last 5YRR, that causes the Board to believe its previous assessment of the economic, small business, and consumer impact of the rules is incorrect. The Board has completed four rulemakings since the Board's last 5YRR was completed. Below is a summary of the Board's economic impact comparison for each of these rules:

September 2021 rulemaking (27 A.A.R. 1647) – In this exempt rulemaking, the Board amended R4-17-204 to establish the fee for an out-of-state health care provider of telehealth services to register to provide telehealth services in Arizona. Because the rulemaking was exempt from the requirements at A.R.S. Title 41, Chapter 6, no economic impact statement was prepared. However, the Board estimated the minimal, one-time, fee to register with the Board would be offset by the benefits from the opportunity to provide telehealth services in Arizona

September 2022 rulemaking (28 A.A.R. 1757) - In this rulemaking, the Board completed the rulemaking plan of work identified in the 5YRR approved by the Council on May 5, 2020. Additionally, the Board amended relevant application questions at R4-17-203 and R4-17-206 to comply with the Americans with Disabilities Act. The Board does not comment directly on the economic impact of these amendments but references the economic impact statement (EIS) prepared with the rulemaking. In a summary of that EIS, the Board believed that these amendments would benefit physician assistants who might be reluctant to obtain needed help for medical conditions that potentially impair practice. As the Board indicated previously, no information appears to have altered this belief.
The Board also added R4-17-307, the procedure for appealing an action delegated by the Board to the executive director. While again the Board does not comment on the economic impact, in the summary of the EIS for this rule, the Board believed that the addition of R4-17-307 will benefit individuals aggrieved by a decision made by the executive director.

December 2023 (30 A.A.R. 63) and December 2024 (31 A.A.R. 129) rulemakings - The 2023 rulemaking concerned rules the Board made in December 2023 to implement statute amendments under Laws 2023, Chapter 54. In response to a petition filed under A.R.S. § 41-1033(F) and (G) by the Arizona State Association of Physician Assistants, the Council voided the provisions of R4-17-402(B)-(G) after finding the subsections exceeded the Board's statutory authority and were not specifically authorized

by statute. Therefore, the Board amended the voided provisions in 2024. Because both rulemakings were made under an exemption (See Laws 2024, Chapter 54, Section 11), no economic impact statement was prepared.

Described in the prior EIS, and indicated in the 5YYR, the Board identified applicants, licensees, and the Board as those that are directly affected by, bear the costs, and directly benefit from the rulemaking.

**3. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

Yes, according to the Board, most of the costs associated with being a physician assistant in Arizona, including paperwork and other compliance costs result from statute rather than rule. It believes the minimal costs and burdens are considerably outweighed by the opportunity to be employed as a physician assistant as evidenced by the increasing number of individuals who seek licensure from the Board.

**4. Has the agency received any written criticisms of the rules over the last five years?**

The Board indicates it received no written criticisms of the rules in the last five years.

**5. Has the agency analyzed the rules' clarity, conciseness, and understandability?**

The Board indicates the rules are clear, concise, and understandable.

**6. Has the agency analyzed the rules' consistency with other rules and statutes?**

The Board indicates the rules are generally consistent with other rules and statutes with the exception of R4-17-205 and R4-17-308.

For R4-17-205, the Board has indicated that the rule could be improved to align with language found in A.R.S. § 32-2523(F) which allows for a physician holding a certificate of good standing to be exempt from certain continuing education requirements for license renewal. Additionally, the Board indicates that the rules can be more consistent with A.R.S. § 32-3248.02 by adding the requirement that individuals who hold a DEA certificate must complete at least three hours of opioid-related, substance-use disorder-related, or addiction related coursework during a license renewal cycle.

For R4-17-308, the Board indicates that the rule could be improved by adding a new section that allows the executive director to enter into an interim consent agreement with a physician assistant when there is evidence a restriction is needed to mitigate imminent danger to public health and safety and the investigative staff, supervising medical consultant, and lead Board member concur. Consent agreements are permitted by A.R.S. § 32-2505(C)(18)(23)(26) and would bring the Board of Physician Assistants in alignment with the Medical Board rules.

**7. Has the agency analyzed the rules' effectiveness in achieving its objectives?**

The Board indicates the rules are effective in achieving their objectives.

**8. Has the agency analyzed the current enforcement status of the rules?**

The Board indicates the rules are enforced as written

**9. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Board states that there is no corresponding federal law for the rules.

**10. For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

The Board has indicated that the rules do require a license be issued. The Board states that a general permit is not appropriate because A.R.S. §§ 32-2521 and 32-2523 specifically authorize the Board to issue individualized licenses. Council staff believes this is a valid reason under A.R.S. § 41-1037(A).

**11. Conclusion**

This Five-Year Review Report (5YRR) from the Arizona Regulatory Board of Physician Assistants ("Board") covers eighteen (18) rules in Title 4, Chapter 17, Articles 1-4. The Board completed their proposed course of action from their previous report. In this report, the Board is proposing to amend two rules with an expected completion date prior to December 31, 2025. The rules are being amended to better align with statute and the Medical Board rules.

The report meets the requirements of A.R.S. § 41-1056 and R1-6-301. Staff recommends approval of this report.

# Five-year-review Report
# A.A.C. Title 4. Professions and Occupations
# Chapter 17. Arizona Regulatory Board of Physician Assistants
# Submitted for June 3, 2025

INTRODUCTION

The Arizona legislature recognized Physician Assistants in law in the early 1970s. Physician Assistants were believed to be a way to address health care in rural and underserved areas. In 1984, the legislature established the Joint Board on the Regulation of Physicians Assistants to define the physician assistant regulatory program. In 2002, the legislature changed the Board's name to the Arizona Regulatory Board of Physician Assistants. Under A.R.S. § 32-2504(A)(1), the Board's primary duty is to protect the public from unlawful, incompetent, unqualified, impaired or unprofessional physician assistants.

The executive director employed by the Arizona Medical Board and all of its staff carry out the administrative responsibilities of the Regulatory Board of Physician Assistants.

Statute that generally authorizes the agency to make rules: A.R.S. § 32-2504(C)

1. Specific statute authorizing the rule:
   R4-17-101. Definitions: A.R.S. Title 32, Chapter 25
   R4-17-102. Time-frames for Licenses and Approvals: A.R.S. §§ 41-1072 through 41-1079
   Table 1. Time Frames (in days): A.R.S. §§ 41-1072 through 41-1079
   R4-17-202. Examination: A.R.S. § 32-2521(A)(2)
   R4-17-203. Regular License Application: A.R.S. §§ 32-2521 and 32-2522
   R4-17-204. Fees and Charges: A.R.S. § 32-2526
   R4-17-205. Continuing Medical Education; Request for Extension of Time: A.R.S. § 32-2523(A)
   R4-17-206. License Renewal: A.R.S. § 32-2523

R4-17-207. Denial of License or Extension to Complete Continuing Education: A.R.S. §§ 32-2522(I), 32-2523(E), and 41-1092.03
R4-17-301. Dismissal of Complaint: A.R.S. §§ 32-2504(B) and 32-2505(C)(19)
R4-17-302. Referral to Formal Hearing: A.R.S. §§ 32-2504(B) and 32-2505(C)(20)
R4-17-303. Non-disciplinary Consent Agreement: A.R.S. § 32-2504(B)
R4-17-304. Request for Inactive Status and License Cancellation: A.R.S. § 32-2504(B)
R4-17-305. Referral to Formal Interview: A.R.S. §§ 32-2504(B) and 32-2505(C)(25)
R4-17-306. Denial of License: A.R.S. § 32-2504(B)
R4-17-307. Appealing Executive Director Actions: A.R.S. § 32-2505(C)
R4-17-401. Application for Certification of Clinical Practice Hours; Waiver of Documentation: A.R.S. §32-2536
R4-17-402. Practicing Collaboratively with a Physician Assistant: A.R.S. §32-2536
R4-17-403. Rehearing or Review: A.R.S. § 41-1092.09

2. Objective of the rules:

R4-17-101. Definitions: The objective of the rule is to define terms used in the rules that are not explained adequately by a dictionary definition.

R4-17-102. Time-frames for Licenses and Approvals: The objective of this rule is to specify the time frames within which the Board will act on a license or renewal application.

Table 1. Time Frames (in days): The objective of this rule is to specify in table form the time frames within which the Board will act on a license or renewal application.

R4-17-202. Examination: The objective of this rule is to provide information to applicants regarding the examination that must be passed to obtain licensure and the requirement to be certified by the NCCPA at the time of application.

R4-17-203. Regular License Application: The objective of this rule is to specify the content of an application for a license including information required to be submitted directly to the Board by third parties.

R4-17-204. Fees and Charges: The objective of the rule is to specify the fees the Board charges for its licensing activities and the other charges made for specified Board services.

R4-17-205. Continuing Medical Education; Request for Extension of Time: The objective of this rule is to reiterate the statutory requirement that a licensee complete 40 hours of category I continuing medical education during each biennial period and specify the manner in which a licensee may request an extension of time to complete the required continuing medical education.

R4-17-206. License Renewal: The objective of this rule is to specify the requirements for license renewal and the manner in which renewal application is made.

R4-17-207.Denial of License or Extension to Complete Continuing Education: The objective of this rule is to provide notice of the right to appeal certain Board actions, the time within which an appeal must be made, and the procedure the Board will use to conduct an appeal hearing.

R4-17-301. Dismissal of Complaint: The objective of the rule is to specify the circumstances under which the executive director may dismiss a complaint.

R4-17-302. Referral to Formal Hearing: The objective of the rule is to specify the circumstances under which the executive director may directly refer a case for formal hearing.

R4-17-303. Non-disciplinary Consent Agreement: The objective of the rule is to specify the circumstances under which the executive director may enter into a non-disciplinary consent agreement with a physician assistant.

R4-17-304. Request for Inactive Status and License Cancellation: The objective of the rule is to specify the conditions under which the executive director shall grant a request for inactive status of license cancellation.

R4-17-305. Referral to Formal Interview: The objective of the rule is to specify requirements for referral of a case to a formal interview.

R4-17-306. Denial of License: The objective of the rule is to specify the standards for the executive director to deny a license to an applicant.

R4-17-307. Appealing Executive Director Actions: The objective of the rule is to inform a person aggrieved by a delegated action of the executive director of the procedure for appealing the action to the Board.

R4-17-401. Application for Certification of Clinical Practice Hours; Waiver of Documentation: The objective of the rule is to inform a licensee of the procedure for obtaining certification of clinical practice hours required to practice collaboratively with a physician or entity.

R4-17-402. Practicing Collaboratively with a Physician Assistant: The objective of the rule is to specify the manner in which a collaborating physician or entity is to work with a qualified physician assistant.

R4-17-403. Rehearing or Review: The objective of the rule is to specify the procedures and standards for requesting a rehearing or review of a Board decision.

3. Are the rules effective in achieving their objectives? Yes

The Board determined the rules are effective because the Board is able to license and regulate physician assistants and fulfill its statutory responsibility to protect the public from unlawful, incompetent, unqualified, impaired or unprofessional physician assistants.

4. Are the rules consistent with other rules and statutes? Yes

However, the Board has determined the following changes will clarify the relationship between statute and rules:

R4-17-205(A): Adding a provision consistent with A.R.S. § 32-2523(F), which provides that a physician assistant who holds a certification in good standing from a certifying body

approved by the Board is exempt from the continuing education requirement for biennial renewal.

R4-17-205: Adding a provision consistent with A.R.S. § 32-3248.02, which requires all healthcare professionals who hold a DEA certificate to complete at least three hours of continuing education in an opioid-related, substance-use disorder-related, or addiction related course during each renewal cycle.

R4-17-308: Adding a new Section allowing the executive director to enter into an interim consent agreement with a physician assistant when there is evidence a restriction is needed to mitigate imminent danger to public health and safety and the investigative staff, supervising medical consultant, and lead Board member concur.

5. Are the rules enforced as written? Yes

6. Are the rules clear, concise, and understandable? Yes

7. Has the agency received written criticisms of the rules within the last five years? No

Comments received regarding each rulemaking were addressed during the rulemaking process. No additional comments were received.

8. Economic, small business, and consumer impact comparison:

The Board has received no information since May 5, 2020, when the Council approved the Board's last 5YRR, that causes the Board to believe its previous assessment of the economic, small business, and consumer impact of the rules is incorrect. The Board has completed four rulemakings since the Board's last 5YRR was completed.

September 2021 rulemaking (27 A.A.R. 1647)

Under Laws 2021, Chapter 320, the legislature added an emergency measure to expand use of telehealth in meeting the health-care needs of Arizonans. The statute allowed an out-of-state health care provider to provide telehealth services to individuals in Arizona if the out-of-state health care provider registered with the applicable Arizona regulatory board and paid a registration fee. In this exempt rulemaking, the Board amended R4-17-204 to establish

the fee for an out-of-state health care provider of telehealth services to register to provide telehealth services in Arizona. Because the rulemaking was exempt from the requirements at A.R.S. Title 41, Chapter 6, no economic impact statement was prepared. However, the Board estimated the minimal, one-time, fee to register with the Board would be offset by the benefits from the opportunity to provide telehealth services in Arizona. There are currently 41 out-of-state health care providers registered to provide telehealth services in Arizona.

September 2022 rulemaking (28 A.A.R. 1757)

In this rulemaking, the Board completed the rulemaking plan of work identified in the 5YRR approved by the Council on May 5, 2020. Additionally, in response to a U.S. Department of Justice report concluding that questions similar to those asked by the Board single out applicants based on their status of having a mental health disability rather than their conduct and violate the Americans with Disabilities Act, the Board amended relevant application questions at R4-17-203 and R4-17-206. The economic impact statement prepared with the rulemaking was available for review.

The initial and renewal applications were amended to ask whether the physician assistant has a medical condition that impairs judgment or ability to practice medicine in a competent, ethical, and professional manner. There are currently 5185 licensed physician assistants in Arizona. In FY 24, there were 645 applications for initial licensure and 2,181 for renewal licensure.

In this rulemaking, the Board also added R4-17-307, which established the procedure for appealing an action delegated by the Board to the executive director. During the last year, 2024, one licensee appealed an action taken by the executive director. The Board upheld the executive director's action in this case.

December 2023 (30 A.A.R. 63) and December 2024 (31 A.A.R. 129) rulemakings

Under Laws 2023, Chapter 54, the legislature amended the statutes applicable to physician assistants to address the scope of practice for physician assistants and authorize certain physician assistants to practice in collaboration with a physician, physician group practice, or healthcare institution rather than under the supervision of a physician. The Board made rules to implement statute in December 2023. However, in response to a petition filed under A.R.S. § 41-1033(F) and (G) by the Arizona State Association of Physician Assistants, the Council voided the provisions of R4-17-402(B)-(G) after finding the subsections exceeded the Board's statutory authority and were not specifically

authorized by statute. In the 2024 rulemaking, the Board amended the voided provisions. Because both rulemakings were made under an exemption (See Laws 2023, Chapter 54, Section 11), no economic impact statement was prepared.

Since R4-17-401 went into effect in December 2023, the Board has received 379 applications for certification of clinical practice hours. The Board's website currently lists 280 physician assistants as eligible to practice in collaboration with a physician, physician group practice, or health care institution. The Board does not maintain records of how many physician assistants actually practice collaboratively.

9. Has the agency received any business competitiveness analyses of the rules? No

10. Has the agency completed the course of action indicated in the agency's previous 5YRR: Yes
    The Board completed all the actions identified as needed in the 5YRR approved by Council on May 5, 2020, in a rulemaking that went into effect on September 4, 2022 (See 28 A.A.R.1757, July 22, 2022).

11. A determination after analysis that the probable benefits of the rule outweigh within this state the probable costs of the rule and the rule imposes the least burden and costs to persons regulated by the rule, including paperwork and other compliance costs necessary to achieve the underlying regulatory objective:
    Most of the costs associated with being a physician assistant in Arizona, including paperwork and other compliance costs result from statute rather than rule. For example:
    A.R.S. § 32-2501 defines 41 actions as unprofessional conduct and A.R.S. § 32-2551 lists multiple disciplinary and non-disciplinary actions the Board is authorized to take against the license of a physician assistant. During FY24, 129 complaints were opened against physician assistants alleging issues with quality of care, malpractice settlements, and unprofessional conduct. In FY24, 1 case was referred to formal hearing but settled prior to the hearing when the physician assistant entered in to a consent agreement for non- disciplinary continuing medical education. In FY 24, 11 cases resulted in disciplinary action.

A.R.S. § 32-2521 prescribes the qualifications an individual must possess to be licensed and requires that an examination approved by the Board be passed.
A.R.S. § 32-2522(A) requires an applicant to submit an application and pay an application fee.
A.R.S. § 32-2523 requires a license be renewed biennially and the licensee complete 40 hours of continuing medical education provided by entities specified in statute. As allowed under statute (A.R.S. § 32-2523(F)), Arizona allows a physician assistant certified by NCCPA (approximately 90 percent of licensees) to meet the continuing education requirement by affirming ongoing certification.
A.R.S. § 32-2527 requires a licensee to report to the Board a change in contact information.
A.R.S. § 32-2528 requires a licensee to obtain Board approval before placing the license on inactive status. During the last year, 14 licensees requested license inactivation or cancellation.
A.R.S. § 32-2531 prescribes a licensee's scope of practice. A physician assistant may work under the supervision of a physician or, if qualified, may work in collaboration with a physician or health care entity.
A.R.S. § 32-2532 specifies the information a licensee must include on a prescription order, requires Board approval to prescribe controlled substances, and requires a licensee to maintain a log of all controlled substances prescribed or dispensed.

The rules:
Specify the examination approved by the Board (R4-17-202). The Board has approved two examinations used nationally.
Outline the information included in the required application for licensure (R4-17-203) or application for renewal (R4-17-206).
Inform a licensee how to obtain an extension of time to complete continuing medical education (R4-17-205).
Establish fees consistent with the statutory maximums (R4-17-204).
Establish requirements for certification of clinical practice hours needed for a physician assistant to work collaboratively with a physician or health car entity (R4-17-401).

Establish requirements for the physician or health care entity working collaboratively with a physician assistant (R4-17-402).

The rules impose minimal costs and burdens on applicants and licensees and are necessary to enable the Board to protect the public by licensing and regulating physician assistants. The minimal costs and burdens are considerably outweighed by the opportunity to be employed as a physician assistant as evidenced by the increasing number of individuals who seek licensure from the Board.

12. Are the rules more stringent than corresponding federal laws? No

There are no federal laws specifically applicable to licensure and regulation of physician assistants. There are numerous federal laws relating to the provision of health care, but the laws are not applicable to the Board's rules.

13. For a rule made after July 29, 2010, that requires issuance of a regulatory permit, license, or agency authorization, whether the rule complies with A.R.S. § 41-1037:

All of the Board's rules were made after July 29, 2010. However, the Board's statutes (See A.R.S. §§ 32-2521 and 32-2523) require individualized licenses be issued so a general permit is not applicable.

14. Proposed course of action:

The Board will complete a rulemaking addressing the changes identified in item 4 before the end of 2025.

**ECONOMIC, SMALL BUSINESS, AND CONSUMER IMPACT STATEMENT**[1]

**TITLE 4. PROFESSIONS AND OCCUPATIONS**

**CHAPTER 17. ARIZONA REGULATORY BOARD OF PHYSICIAN ASSISTANTS**

1. Identification of the rulemaking:

The Board is completing the rulemaking plan of work identified in a 5YRR approved by the Council on May 5, 2020. Specifically, the Board is adding a Section prescribing procedures to appeal for Board review of an action by the executive director. An exemption from Executive Order 2021-02 was provided for this rulemaking by Trista Guzman Glover of the Governor's Office in an e-mail dated November 29, 2021.

In response to a U.S. Department of Justice report concluding that questions similar to those asked by the Board single out applicants based on their status of having a mental health disability rather than their conduct and violate the Americans with Disabilities Act, the Board is amending relevant application questions at R4-17-203 and R4-17-206. An exemption from Executive Order 2021-02 for this provision was provided by Ms Guzman in an email dated December 9, 2021.

a. The conduct and its frequency of occurrence that the rule is designed to change:
   Until the rulemaking is completed, the rules will continue to lack prescribed procedures for appealing for Board review of an action by the executive director and will continue to violate the Americans with Disabilities Act.

b. The harm resulting from the conduct the rule is designed to change and the likelihood it will continue to occur if the rule is not changed:
   Until the rulemaking is completed, the lack of a prescribed procedure for appealing for Board review of an action by the executive director may cause some applicants and licensees to be unaware of the right to appeal. Others may call the Board office for information, consuming staff time and other resources.

   Because of application questions regarding a health disability, some applicants may be reluctant to apply for licensure and others may not answer accurately.

c. The estimated change in frequency of the targeted conduct expected from the rule change:

[1] If adequate data are not reasonably available, the agency shall explain the limitations of the data, the methods used in an attempt to obtain the data, and characterize the probable impacts in qualitative terms. (A.R.S. § 41-1055(C)).

When the rulemaking is completed, the identified issues will no longer exist.

2. A brief summary of the information included in the economic, small business, and consumer impact statement:

   The addition of R4-17-307 will benefit individuals aggrieved by a decision made by the executive director. The amendments to R4-17-203 and R4-17-206 will benefit physician assistants who might be reluctant to obtain needed help for medical conditions that potentially impair practice.

3. The person to contact to submit or request additional data on the information included in the economic, small business, and consumer impact statement:

   Name: Patricia McSorley, Executive Director
   Address: Arizona Medical Board

4. Persons who will be directly affected by, bear the costs of, or directly benefit from the rulemaking:

   Applicants, licensees, and the Board will be directly affected by, bear the costs of, and directly benefit from this rulemaking.

   There are currently 4,211 licensed physician assistants in Arizona. During the last year, there were 512 applications for initial licensure and 714 for renewal licensure. Twenty-three of the renewal applicants (3.2 percent) indicated they have a mental health disability. None of the applicants for initial licensure indicated they have a mental health disability. This may indicate that those with a disability choose not to apply for licensure because of the application question.

   During the last year, two licensees appealed an action by the executive director to the Board. In both cases, the Board upheld the executive director's action. The rule change will provide information needed by licensees who wish to appeal an action by the executive director.

The Board incurred the cost of completing this rulemaking and will incur the cost of implementing it. The Board determined these costs are outweighed by the benefits, which are described above.

5. Cost-benefit analysis:
    a. Costs and benefits to state agencies directly affected by the rulemaking including the number of new full-time employees at the implementing agency required to implement and enforce the proposed rule:
    The Board is the only state agency directly affected by the rulemaking. The Board will not need a new full-time employee to implement or enforce the rulemaking.
    b. Costs and benefits to political subdivisions directly affected by the rulemaking:
    No political subdivision is directly affected by the rulemaking.
    c. Costs and benefits to businesses directly affected by the rulemaking:
    Physician assistants are the only businesses directly affected by the rulemaking. Their costs and benefits are described in item 4.
6. Impact on private and public employment:
    The rulemaking will have no impact on private or public employment.
7. Impact on small businesses[2]:
    a. Identification of the small business subject to the rulemaking:
    Physician assistants are small businesses subject to this rulemaking.
    b. Administrative and other costs required for compliance with the rulemaking:
    A licensee who wishes to appeal an action by the executive director is required to submit a written request and to provide evidence of how the executive director erred. Applicants for initial or renewal licensure are required to complete and submit an application form that includes questions regarding the applicant's current medical condition.
    c. Description of methods that may be used to reduce the impact on small businesses:
    The Board determined there are no methods that will reduce the impact of the rulemaking on small businesses because all licensees are small businesses.
8. Cost and benefit to private persons and consumers who are directly affected by the rulemaking:
    The rulemaking will not directly affect private persons or consumers.
9. Probable effects on state revenues:
    There will be no effect on state revenues.

[2] Small business has the meaning specified in A.R.S. § 41-1001(21).

10. Less intrusive or less costly alternative methods considered:

The costs of the rulemaking are minimal and considerably outweighed by the benefits. No less intrusive or less costly alternative method was considered.

### PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

---

**RULES**
The definition for a rule is provided for under A.R.S. § 41-1001. *"'Rule' means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency."*

**RULES**
The definition for a rule is provided for under A.R.S. § 41-1001. *"'Rule' means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice*

*requirements of an agency."*

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The "R" stands for "rule" with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

**RULE HISTORY**
Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

**AUTHENTICATION OF PDF CODE CHAPTERS**
The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document's content has been compromised.

**HOW TO USE THE CODE**
Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.
