# GOVERNOR'S REGULATORY REVIEW COUNCIL

## ATTORNEY MEMORANDUM - REGULAR RULEMAKING

---

**MEETING DATE: July 1, 2025**

**TO:** Members of the Governor's Regulatory Review Council (Council)

**FROM:** Council Staff

**DATE:** June 10, 2025

**SUBJECT:** **BOARD OF PHARMACY**
Title 4, Chapter 23, Articles 1, 6, & 8

**Amend:** R4-23-110; R4-23-602; R4-23-607; R4-23-693; R4-23-802

**Repeal:** R4-23-603

---

**Summary:**

This regular rulemaking from the Board of Pharmacy (Board) seeks to amend five (5) rules and repeal one (1) rule in Title 4, Chapter 23, Articles 1, 6, and 8 regarding Administration, Permits and Distribution of Drugs, and Drug Classification, respectively. Specifically, under Laws 2019, Chapter 83, the Legislature amended A.R.S. §§ 32-1930 and 32-1931 to deregulate non-prescription retailers. As a result, the Board is repealing language in the rules related to non-prescription retailers including references to a permit. Furthermore, under Laws 2024, Chapter 234, the Legislature added a definition of virtual manufacturer to A.R.S. § 32-1901. As a result, the Board is repealing the Board's definition at R4-23-110. Finally, the Board is also amending R4-23-602 to make it easier for a permit applicant to obtain additional time in which to submit information needed to complete an application.

**1. Are the rules legal, consistent with legislative intent, and within the agency's statutory authority?**

The Board cites both general and specific statutory authority for these rules.

**2. Do the rules establish a new fee or contain a fee increase?**

This rulemaking does not establish a new fee or contain a fee increase.

**3. Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?**

The Board indicates it did not review any study relevant to this rulemaking.

**4. Summary of the agency's economic impact analysis:**

The Board indicates that it engages in this rulemaking as described below:

- Under Laws 2019, Chapter 83, the legislature amended A.R.S. §§ 32-1930 and 32-1931 to deregulate non-prescription retailers. As a result, the Board is repealing language related to non-prescription retailers including references to a permit.
- Under Laws 2024, Chapter 234, the legislature added a definition of virtual manufacturer to A.R.S. § 32-1901. As a result, the Board is repealing the Board's definition at R4-23-110.
- The Board is also amending R4-23-602 to make it easier for a permit applicant to obtain additional time in which to submit information needed to complete an application.

The Board determined the only economic impact is the Board's costs associated with this rulemaking. According to the Board, the rulemaking simply makes the rules consistent with statute and the amendment of R4-23-602 simplifies a regulatory burden for permit applicants.

**5. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

According to the Board, the rulemaking is neither intrusive nor costly, so the Board did not consider alternative methods.The Board determined that it has incurred and will incur the costs of implementing and enforcing this rulemaking. It believes these costs will be minimal because this rulemaking primarily makes the rules consistent with statute. It also highlights the benefit of having rules consistent with statute as important for a regulatory agency.

Among the businesses the Board identified as directly affected by this rulemaking (virtual manufacturers, non-pharmacy retailers of non-prescription drugs, and permit applicants), the Board believes that there are no costs associated with virtual manufacturers and non-pharmacy retailers of non-prescription drugs, and that there is a minimal cost associated with permit applicants. According to the Board, virtual manufacturers and non-pharmacy retailers will accrue

the benefits of clarity from this rulemaking, and the Board will accrue the benefit of the change impacting permit applicants.

**6. What are the economic impacts on stakeholders?**

The Board identified itself as the only state agency directly affected by the rulemaking and identified virtual manufacturers, non-pharmacy retailers of nonprescription drugs, and permit applicants as businesses directly affected by the rulemaking.

The Board determined that the 446 virtual manufacturers currently operating in Arizona will incur no costs because of the rule amendment, but will have the benefit of relying on a statutory definition. It also determined that non-pharmacy retailers of nonprescription drugs will also incur no costs, as the rulemaking removes from the rule all references to the previously required permit that has not been required to obtain since 2019. Therefore, the Board believes that this rulemaking provides a benefit to non-pharmacy retailers of nonprescription drugs by eliminating a source of potential confusion. Finally, the Board determined that permit applicants will incur a cost to comply with the rulemaking given that they are now required to submit a notice rather than a request of an extension of time to complete an application. However, the Board believes that the cost of the difference between these processes will be minimal. The Board believes the primary benefit from removing this unnecessary regulatory burden accrues to the Board, which will not have to act on requests for an extension of time. According to the Board, during the last fiscal year, the Board received and acted on five requests for an extension of time from permit applicants.

The Board states that because the rulemaking has a minimal economic impact on small businesses, the Board could not reduce the impact.

**7. Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?**

The Board indicates there were no changes between the Notice of Proposed Rulemaking published in the Administrative Register on February 14, 2025 and the Notice of Final Rulemaking now before the Council for consideration.

**8. Does the agency adequately address the comments on the proposed rules and any supplemental proposals?**

The Board indicates it received no public comments related to this rulemaking.

**9. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

While the Board indicates it issues licenses and permits, none of the rules in this rulemaking requires a permit. As such, the requirements in A.R.S. § 41-1037 are not applicable.

**10. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Board indicates there is no corresponding federal law.

**11. Conclusion**

This regular rulemaking from the Board seeks to amend five (5) rules and repeal one (1) rule in Title 4, Chapter 23, Articles 1, 6, and 8 regarding Administration, Permits and Distribution of Drugs, and Drug Classification, respectively. Specifically, the Board is repealing language in the rules related to non-prescription retailers including references to a permit. Furthermore, the Board is repealing the Board's definition of virtual manufacturer at R4-23-110 as the definition has been codified in statute. Finally, the Board is also amending R4-23-602 to make it easier for a permit applicant to obtain additional time in which to submit information needed to complete an application.

The Board is seeking the standard 60-day delayed effective date pursuant to A.R.S. § 41-1032(A).

Council staff recommends approval of this rulemaking.

April 28, 2025

Ms. Jessica Klein, Chair
The Governor's Regulatory Review Council
100 North 15th Avenue, Ste. 305
Phoenix, AZ 85007

**Re: A.A.C. Title 4. Professions and Occupations**
**Chapter 23. Board of Pharmacy**

Dear Ms. Klein:

The attached final rule package is submitted for review and approval by the Council. The following information is provided for Council's use in reviewing the rule package:

A. Close of record date: The rulemaking record was closed on March 28, 2025, following a period for public comment and an oral proceeding. This rule package is being submitted within the 120 days provided by A.R.S. § 41-1024(B).

B. Relation of the rulemaking to a five-year-review report: The rulemaking does not relate to a 5YRR.

C. New fee: The rulemaking does not establish a new fee.

D. Fee increase: The rulemaking does not increase an existing fee.

E. Immediate effective date: An immediate effective date is not requested.

F. Certification regarding studies: I certify that the preamble accurately discloses the Board did not review any studies in its evaluation of or justification for the rule in this rulemaking.

G. Certification that the preparer of the EIS notified the JLBC of the number of new full-time employees necessary to implement and enforce the rule: I certify that the rule in this rulemaking will not require a state agency to employ a new full-time employee. No notification was provided to JLBC.

H. List of documents enclosed:
1. Cover letter signed by the Executive Director;
2. Notice of Final Rulemaking including the preamble, table of contents, and rule text;
3. Economic, Small Business, and Consumer Impact Statement;

Sincerely,

Kam Gandhi

Kamlesh Gandhi
Executive Director

**NOTICE OF FINAL RULEMAKING**
**TITLE 4. PROFESSIONS AND OCCUPATIONS**
**CHAPTER 23. BOARD OF PHARMACY**

**PREAMBLE**

**1. Permission to proceed with this final rulemaking was granted under A.R.S. § 41-1039(B) by the governor on:**

April 21, 2025

**2.**

| Article, Part, or Section Affected (as applicable) | Rulemaking Action |
|---|---|
| R4-23-110 | Amend |
| R4-23-602 | Amend |
| R4-23-603 | Repeal |
| R4-23-607 | Amend |
| R4-23-693 | Amend |
| R4-23-802 | Amend |

**3. Citations to the agency's statutory rulemaking authority to include the authorizing statute (general) and the implementing statute (specific):**

Authorizing statute: A.R.S. § 32-1904(A)
Implementing statute: A.R.S. §§ 32-1901, 32-1930, and 32-1931

**4. The effective date of the rule:**

These rules will become effective 60 days after a certified original and preamble are filed in the Office of the Secretary of State under A.R.S. § 41-1032(A). The effective date is (to be filled in by *Register* editor).

**a. If the agency selected a date earlier than the 60-day effective date as specified in A.R.S. § 41-1032(A), include the earlier date and state the reason the agency selected the earlier effective date as provided in A.R.S. § 41-1032(A)(1) through (5):**

Not applicable

**b. If the agency selected a date later than the 60-day effective date as specified in A.R.S. § 41-1032(A), include the later date and state the reason the agency selected the later effective date as provided in A.R.S. § 41-1032(B):**

Not applicable

**5. Citations to all related notices published in the *Register* as specified in R1-1-409(A) that pertain to the current record of the final rule:**

Notice of Rulemaking Docket Opening: 31 A.A.R. 544, Issue Date: February 14, 2025, Issue Number: 7, File number: (R25-11)
Notice of Proposed Rulemaking: 31 A.A.R. 509, Issue Date: February 14, 2025, Issue Number: 7, File number: (R25-09)

**6. The agency's contact person who can answer questions about the rulemaking:**

Name: Kamlesh Gandhi
Title: Executive Director
Address: 1110 W Washington Street, Ste. 260, Phoenix, AZ 85007
Telephone: (602) 771-2727
Email: kgandhi@azpharmacy.gov
Website: www.azpharmacy.gov

**7. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

Under Laws 2019, Chapter 83, the legislature amended A.R.S. §§ 32-1930 and 32-1931 to deregulate non-prescription retailers. As a result, the Board is repealing language related to non-prescription retailers including references to a permit.

Under Laws 2024, Chapter 234, the legislature added a definition of virtual manufacturer to A.R.S. § 32-1901. As a result, the Board is repealing the Board's definition at R4-23-110.

The Board is also amending R4-23-602 to make it easier for a permit applicant to obtain additional time in which to submit information needed to complete an application.

**8. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying**

**each study, and any analysis of each study and other supporting material:**

Not applicable

**9. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable

**10. A summary of the economic, small business, and consumer impact:**

The Board determined the only economic impact is the Board's costs associated with this rulemaking. The rulemaking simply makes the rules consistent with statute. The amendment of R4-23-602 simplifies a regulatory burden for permit applicants.

**11. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:**

Not applicable

**12. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:**

Not applicable

**13. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:**

Not applicable

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

The Board issues licenses and permits. However, none of the rules in this rulemaking requires a permit.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**

No federal law is directly applicable to this subject of this rulemaking.

**c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**

Not applicable

**14. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:**

Not applicable

**15. Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the *Register* as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:**

Not applicable

**16. The full text of the rules follows:**

## ARTICLE 1. ADMINISTRATIVE

### R4-23-110. Definitions

In addition to definitions in A.R.S. § 32-1901, the following definitions apply to this Chapter:

"Active ingredient" means any component that furnishes pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease or that affects the structure or any function of the body of man or other animals. The term includes those components that may undergo chemical change in the manufacture of the drug, that are present in the finished drug product in a modified form, and that furnish the specified activity or effect.

"AHCCCS" means the Arizona Health Care Cost Containment System.

"Annual family income" means the combined yearly gross earned income and unearned income of all adult individuals within a family unit.

"Approved course in pharmacy law" means a continuing education activity that addresses practice issues related to state or federal pharmacy statutes, rules, or regulations.

"Approved Provider" means an individual, institution, organization, association, corporation, or agency that is approved by the Accreditation Council for Pharmacy Education (ACPE) in accordance with ACPE's policy and procedures or by the Board as meeting criteria indicative of the ability to provide quality continuing education.

"Assisted living facility" means a residential care institution as defined in A.R.S. § 36-401.

"Authentication of product history" means identifying the purchasing source, the ultimate fate, and any intermediate handling of any component of a radiopharmaceutical or other drug.

"Automated dispensing system" means a mechanical system in a long-term care facility that performs operations or activities, other than compounding or administration, relative to the storage, packaging, counting, labeling, and dispensing of medications, and which collects, controls, and maintains all transaction information.

"Automated storage and distribution system" means a mechanical system that performs operations or activities other than counting, compounding, or administration, relative to the storage, packaging, or distributing of drugs or devices and that collects, controls, and maintains all transaction information.

"Batch" means a specific quantity of drug that has uniform character and quality, within specified limits, and is produced according to a single manufacturing order during the same cycle of manufacture.

"Beyond-use date" means:

A date determined by a pharmacist and placed on a prescription label at the time of dispensing to indicate a time beyond which the contents of the prescription are not recommended to be used; or

A date determined by a pharmacist and placed on a compounded pharmaceutical product's label at the time of preparation as specified in R4-23-410(B)(3)(d), R4-23-410(I)(6)(e), or R4-23-410(J)(1)(d) to indicate a time beyond which the compounded pharmaceutical product is not recommended to be used.

"Biological safety cabinet" means a containment unit suitable for the preparation of low to moderate risk agents when there is a need for protection of the product, personnel, and environment, consistent with National Sanitation Foundation (NSF) standards, published in the National Sanitation Foundation Standard 49, Class II (Laminar Flow) Biohazard Cabinetry, NSF International P. O. Box 130140, Ann Arbor, MI, revised June 1987 edition, (and no future amendments or editions), incorporated by reference and on file with the Board.

"Care-giver" means a person who cares for someone who is sick or disabled or an adult who cares for an infant or child and includes a patient's husband, wife, son, daughter, mother, father, sister, brother, legal guardian, nurse, or medical practitioner.

"Change of ownership," as used in A.R.S. § 32-1901.01(A), means a change of at least 30 percent in voting stock or vested interest that has direct operational oversight.

"Community pharmacy" means any place under the direct supervision of a pharmacist where the practice of pharmacy occurs or where prescription orders are compounded and dispensed other than a hospital pharmacy or a limited service pharmacy.

“Component” means any ingredient used in compounding or manufacturing drugs in dosage form, including an ingredient that may not appear in the finished product.

“Compounding and dispensing counter” means a pharmacy counter working area defined in this Section where a pharmacist, intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist compounds, mixes, combines, counts, pours, or prepares and packages a prescription medication to dispense an individual prescription order or prepackages a drug for future dispensing.

“Computer system” means an automated data-processing system that uses a programmable electronic device to store, retrieve, and process data.

“Computer system audit” means an accounting method, involving multiple single-drug usage reports and audits, used to determine a computer system’s ability to store, retrieve, and process original and refill prescription dispensing information.

“Contact hour” means 50 minutes of participation in a continuing education activity sponsored by an Approved Provider.

“Container” means:

A receptacle, as described in the official compendium or the federal act, that is used in manufacturing or compounding a drug or in distributing, supplying, or dispensing the finished dosage form of a drug; or

A metal receptacle designed to contain liquefied or vaporized compressed medical gas and used in manufacturing, transfilling, distributing, supplying, or dispensing a compressed medical gas.

“Continuing education” means a structured learning process required of a licensee to maintain licensure that includes study in the general areas of socio-economic and legal aspects of health care; the properties and actions of drugs and dosage forms; etiology, characteristics and therapeutics of disease status; or pharmacy practice.

“Continuing education activity” means continuing education obtained through an institute, seminar, lecture, conference, workshop, mediated instruction, programmed learning course, or postgraduate study in an accredited college or school of pharmacy.

“Continuing education unit” or “CEU” means 10 contact hours of participation in a continuing education activity sponsored by an Approved Provider.

“Continuous quality assurance program” or “CQA program” means a planned process designed by a pharmacy permittee to identify, evaluate, and prevent medication errors.

“Correctional facility” has the same meaning as in A.R.S. §§ 13-2501 and 31-341.

“CRT” means a cathode ray tube or other mechanism used to view information produced or stored by a computer system.

“CSPMP” means the Controlled Substances Prescription Monitoring Program established under A.R.S. Title 36, Chapter 28.

“Current good compounding practices” means the minimum standards for methods used in, and facilities or controls used for, compounding a drug to ensure that the drug has the identity and strength and meets the quality and purity characteristics it is represented to possess.

“Current good manufacturing practice” means the minimum standard for methods used in, and facilities or controls used for manufacturing, processing, packing, or holding a drug to ensure that the drug meets the requirements of the federal act as to safety, and has the identity and strength and meets the quality and purity characteristics it is represented to possess.

“Cytotoxic” means a pharmaceutical that is capable of killing living cells.

“Day” means a calendar day unless otherwise specified.

“DEA” means the Drug Enforcement Administration as defined in A.R.S. § 32-1901.

“Declared disaster areas” means areas designated by the governor or by a county, city, or town under A.R.S. § 32-1910 as those areas that have been adversely affected by a natural disaster or terrorist attack and require extraordinary measures to provide adequate, safe, and effective health care for the affected population.

“Delinquent license” means a pharmacist, intern, or pharmacy technician license the Board suspends for failure to renew or pay all required fees on or before the date the renewal is due.

“Dietary supplement or food supplement,” as used in A.R.S. § 32-1904(B), means a product (other than tobacco) that:

Is intended to supplement the diet that contains one or more of the following dietary ingredients: a vitamin, mineral, herb or other botanical, amino acid, dietary substance for use by humans to supplement the diet by increasing the total daily intake, or concentrate, metabolite, constituent, extract, or combinations of these ingredients;

Is intended for ingestion in pill, capsule, tablet, or liquid form;

Is not represented for use as a conventional food or as the sole item of a meal or diet; and

Is labeled as a “dietary supplement” or “food supplement.”

“Digital signature” has the same meaning as in A.R.S. § 41-132(E).

“Dispensing pharmacist” means a pharmacist who, in the process of dispensing a prescription medication after the complete preparation of the prescription medication and before delivery of the prescription medication to a patient or patient’s agent, verifies, checks, and initials the prescription medication label, as required in R4-23-402(A).

“Drug sample” means a unit of a prescription drug that a manufacturer provides free of charge to promote the sale of the drug.

“Durable medical equipment” or “DME” means technologically sophisticated medical equipment that may be used by a patient or consumer in a home or residence. DME may be prescription-only devices as defined in A.R.S. § 32-1901. DME includes:

Air-fluidized beds,

Apnea monitors,

Blood glucose monitors and diabetic testing strips,

Continuous Positive Airway Pressure (CPAP) machines,

Electronic and computerized wheelchairs and seating systems,

Feeding pumps,

Home phototherapy devices,

Hospital beds,

Infusion pumps,

Medical oxygen and oxygen delivery systems excluding compressed medical gases,

Nebulizers,

Respiratory disease management devices,

Sequential compression devices,

Transcutaneous electrical nerve stimulation (TENS) unit, and

Ventilators.

“Earned income” means monetary payments received by an individual as a result of work performed or rental property owned or leased by the individual, including:

Wages,

Commissions and fees,

Salaries and tips,

Profit from self-employment,

Profit from rent received from a tenant or boarder, and

Any other monetary payments received by an individual for work performed or rental of property.

“Electronic signature” has the same meaning as in A.R.S. § 44-7002.

“Eligible patient” means a patient who a pharmacist determines is eligible to receive an immunization using professional judgment after consulting with the patient regarding the patient’s current health condition, recent health condition, and allergies.

“Emergency drug supply unit” means those drugs that may be required to meet the immediate and emergency therapeutic needs of long-term care facility residents and hospice inpatient facility patients, and which are not available from any other authorized source in sufficient time to prevent risk of harm to residents or patients.

“Extreme emergency” means the occurrence of a fire, water leak, electrical failure, public disaster, or other catastrophe constituting an imminent threat of physical harm to pharmacy personnel or patrons.

“Family unit” means:

A group of individuals residing together who are related by birth, marriage, or adoption; or

An individual who:

Does not reside with another individual; or

Resides only with another individual or group of individuals to whom the individual is unrelated by birth, marriage, or adoption.

“FDA” means the Food and Drug Administration, a federal agency within the United States Department of Health and Human Services, established to set safety and quality standards for foods, drugs, cosmetics, and other consumer products.

“Health care decision maker” has the same meaning as in A.R.S. § 12-2291.

“Health care institution” has the same meaning as in A.R.S. § 36-401.

“Hospice inpatient facility” means a health care institution licensed under A.R.S. § 36-401 and Article 8 that provides hospice services to a patient requiring inpatient services.

“Immediate notice” means a required notice sent by mail, fax, or electronic mail to the Board Office within 24 hours.

“Immunizations training program” means an immunization training program for pharmacists and interns that meets the requirements of R4-23-411(E).

“Inactive ingredient” means any component other than an “active ingredient” present in a drug.

“Internal test assessment” means performing quality assurance or other procedures necessary to ensure the integrity of a test.

“ISO Class 5 environment” means an atmospheric environment that complies with the ISO/TC209 International Cleanroom Standards, specifically ANSI/IEST/ISO-14644-1:1999: Cleanrooms and associated controlled environments--Part 1: Classification of air cleanliness, first edition dated May 1, 1999, (and no future amendments or editions), incorporated by reference and on file in the Board office.

“ISO Class 7 environment” means an atmospheric environment that complies with the ISO/TC209 International Cleanroom Standards, specifically ANSI/IEST/ISO-14644-1:1999: Cleanrooms and associated controlled environments--Part 1: Classification of air cleanliness, first edition dated May 1, 1999, (and no future amendments or editions), incorporated by reference and on file in the Board office.

“Licensed health care professional” means an individual who is licensed and regulated under A.R.S. Title 32, Chapter 7, 11, 13, 14, 15, 16, 17, 18, 25, 29, or 35.

“Limited-service correctional pharmacy” means a limited-service pharmacy, as defined in A.R.S. § 32-1901, that:

Holds a current Board permit under A.R.S. § 32-1931;

Is located in a correctional facility; and

Uses pharmacists, interns, and support personnel to compound, produce, dispense, and distribute drugs.

“Limited-service long-term care pharmacy” means a limited-service pharmacy, as defined in A.R.S. § 32-1901, that holds a current Board-issued permit and dispenses prescription medication or prescription-only devices to patients in long-term care facilities.

“Limited-service mail-order pharmacy” means a limited-service pharmacy, as defined in A.R.S. § 32-1901, that holds a current Board permit under A.R.S. § 32-1931 and dispenses a majority of its prescription medication or prescription-only devices by mailing or delivering the prescription medication or prescription-only device to an individual by the United States mail, a common or contract carrier, or a delivery service.

“Limited-service nuclear pharmacy” means a limited-service pharmacy, as defined in A.R.S. § 32-1901, that holds a current Board permit under A.R.S. § 32-1931 and provides radiopharmaceutical services.

“Limited-service pharmacy permittee” means a person who holds a current limited-service pharmacy permit in compliance with A.R.S. §§ 32-1929, 32-1930, 32-1931, and A.A.C. R4-23-606.

“Limited-service sterile pharmaceutical products pharmacy” means a limited-service pharmacy, as defined in A.R.S. § 32-1901, that holds a current Board permit under A.R.S. § 32-1931 and dispenses a majority of its prescription medication or prescription-only devices as sterile pharmaceutical products.

“Long-term care consultant pharmacist” means a pharmacist providing consulting services to a long-term care facility.

“Long-term care facility” or “LTCF” means a nursing care institution as defined in A.R.S. § 36-401.

“Lot” means a batch or any portion of a batch of a drug, or if a drug produced by a continuous process, an amount of drug produced in a unit of time or quantity in a manner that assures its uniformity. In either case, a lot is identified by a distinctive

lot number and has uniform character and quality with specified limits.

“Lot number” or “control number” means any distinctive combination of letters or numbers, or both, from which the complete history of the compounding or manufacturing, control, packaging, and distribution of a batch or lot of a drug can be determined.

“Low-income subsidy” means Medicare-provided assistance that may partially or fully cover the costs of drugs and is based on the income of an individual and, if applicable, the individual’s spouse.

“Materials approval unit” means any organizational element having the authority and responsibility to approve or reject components, in-process materials, packaging components, and final products.

“Mechanical counting device for a drug in solid, oral dosage form” means a mechanical device that counts drugs in solid, oral dosage forms for dispensing and includes an electronic balance when used to count drugs.

“Mechanical storage and counting device for a drug in solid, oral dosage form” means a mechanical device that stores and counts and may package or label drugs in solid, oral dosage forms for dispensing.

“Mediated instruction” means information transmitted via intermediate mechanisms such as audio or video tape or telephone transmission.

“Medical practitioner-patient relationship” means that before prescribing, dispensing, or administering a prescription-only drug, prescription-only device, or controlled substance to a person, a medical practitioner, as defined in A.R.S. § 32-1901, shall first conduct a physical examination of that person or have previously conducted a physical examination. This subdivision does not apply to:

A medical practitioner who provides temporary patient supervision on behalf of the patient’s regular treating medical practitioner;

Emergency medical situations as defined in A.R.S. § 41-1831;

Prescriptions written to prepare a patient for a medical examination; or

Prescriptions written, prescription-only drugs, prescription-only devices, or controlled substances issued for use by a county or tribal public health department for immunization programs, emergency treatment, in response to an infectious disease investigation, public health emergency, infectious disease outbreak or act of bioterrorism. For purposes of this subsection, “bioterrorism” has the same meaning as in A.R.S. § 36-781.

“Medicare” means a federal health insurance program established under Title XVIII of the Social Security Act.

“Medication error” means any unintended variation from a prescription or medication order. Medication error does not include any variation that is corrected before the medication is dispensed to the patient or patient’s care-giver, or any variation allowed by law.

“Mobile pharmacy” means a pharmacy that is self-propelled or movable by another vehicle that is self-propelled.

“MPJE” means Multistate Pharmacy Jurisprudence Examination, a Board-approved national pharmacy law examination written and administered in cooperation with NABP.

“NABP” means National Association of Boards of Pharmacy.

“NABPLEX” means National Association of Boards of Pharmacy Licensure Examination.

“NAPLEX” means North American Pharmacist Licensure Examination.

“Order” means either of the following:

A prescription order as defined in A.R.S. § 32-1901; or

A medication order as defined in A.A.C. R4-23-651.

“Other designated personnel” means a non-pharmacist individual who is permitted in the pharmacy area, for a limited time, under the direct supervision of a pharmacist, to perform non-pharmacy related duties, such as trash removal, floor maintenance, and telephone or computer repair.

“Outpatient” means an individual who is not a residential patient in a health care institution.

“Outpatient setting” means a location that provides medical treatment to an outpatient.

“Patient profile” means a readily retrievable, centrally located information record that contains patient demographics, allergies, and medication profile.

“Pharmaceutical patient care services” means the provision of drug selection, drug utilization review, drug administration, drug therapy monitoring, and other drug-related patient care services intended to achieve outcomes related to curing or

preventing a disease, eliminating or reducing a patient's symptoms, or arresting or slowing a disease process, by identifying and resolving or preventing potential and actual drug-related problems.

"Pharmaceutical product" means a medicinal drug.

"Pharmacy counter working area" means a clear and continuous working area that contains no major obstacles such as a desktop computer, computer monitor, computer keyboard, external computer drive device, printer, fax machine, pharmacy balance, typewriter, or pill-counting machine, but may contain individual documents or prescription labels, pens, prescription blanks, refill log, pill-counting tray, spatula, stapler, or other similar items necessary for the prescription-filling process.

"Pharmacy law continuing education" means a continuing education activity that addresses practice issues related to state or federal pharmacy statutes, rules, or regulations, offered by an Approved Provider.

"Pharmacy permittee" means a person who holds a current pharmacy permit that complies with A.R.S. §§ 32-1929, 32-1930, 32-1931, 32-1934, and R4-23-606 and R4-23-652.

"Physician" means a medical practitioner licensed under A.R.S. Title 32, Chapter 13 or 17.

"Physician-in-charge" means a physician who is responsible to the Board for all aspects of a prescription medication donation program required in A.R.S. § 32-1909 and operated in the physician's office or in a health care institution.

"Poverty level" means the annual family income for a family unit of a particular size, as specified in the poverty guidelines updated annually in the *Federal Register* by the U.S. Department of Health and Human Services.

"Precursor chemical" means a precursor chemical I as defined in A.R.S. § 13-3401(26) and a precursor chemical II as defined in A.R.S. § 13-3401(27).

"Prepackaged drug" means a drug that is packaged in a frequently prescribed quantity, labeled in compliance with A.R.S. §§ 32-1967 and 32-1968, stored, and subsequently dispensed by a pharmacist or intern under the supervision of a pharmacist, who verifies at the time of dispensing that the drug container is properly labeled, in compliance with A.R.S. § 32-1968, for the patient.

"Prep area" means a specified area either within an ISO class 7 environment or adjacent to but outside an ISO class 7 environment that:

Allows the assembling of necessary drugs, supplies, and equipment for compounding sterile pharmaceutical products, but does not allow the use of paper products such as boxes or bulk drug storage;

Allows personnel to don personnel protective clothing, such as gown, gloves, head cover, and booties before entering the clean compounding area; and

Is a room or a specified area within a room, such as an area specified by a line on the floor.

"Primary care provider" means the medical practitioner who is treating an individual for a disease or medical condition.

"Proprietor" means the owner of a business permitted by the Board under A.R.S. §§ 32-1929, 32-1930, 32-1931, and 32-1934.

"Provider pharmacy" means a pharmacy that contracts with a long-term care facility to supply prescription medication or other services for residents of a long-term care facility.

"Radiopharmaceutical" means any drug that emits ionizing radiation and includes:

Any nonradioactive reagent kit, nuclide generator, or ancillary drug intended to be used in the preparation of a radiopharmaceutical, but does not include drugs such as carbon-containing compounds or potassium-containing salts, that contain trace quantities of naturally occurring radionuclides; and

Any biological product that is labeled with a radionuclide or intended to be labeled with a radionuclide.

"Radiopharmaceutical quality assurance" means performing and interpreting appropriate chemical, biological, and physical tests on radiopharmaceuticals to determine the suitability of the radiopharmaceutical for use in humans and animals. Radiopharmaceutical quality assurance includes internal test assessment, authentication of product history, and appropriate record retention.

"Radiopharmaceutical services" means procuring, storing, handling, compounding, preparing, labeling, quality assurance testing, dispensing, distributing, transferring, recordkeeping, and disposing of radiochemicals, radiopharmaceuticals, and ancillary drugs. Radiopharmaceutical services include quality assurance procedures, radiological health and safety procedures, consulting activities associated with the use of radiopharmaceuticals, and any other activities required for the provision of pharmaceutical care.

“Red C stamp” means a device used with red ink to imprint an invoice with a red letter C at least one inch high, to make an invoice of a Schedule III through IV controlled substance, as defined in A.R.S. § 36-2501, readily retrievable, as required by state and federal rules.

“Refill” means other than the original dispensing of the prescription order, dispensing a prescription order in the same quantity originally ordered or in multiples of the originally ordered quantity when specifically authorized by the prescriber, if the refill is authorized by the prescriber:

In the original prescription order;

By an electronically transmitted refill order that the pharmacist promptly documents and files; or

By an oral refill order that the pharmacist promptly documents and files.

“Regulated chemical” means the same as in A.R.S. § 13-3401(30).

“Remodel” means to alter structurally the pharmacy area or location.

“Remote drug storage area” means an area that is outside the premises of the pharmacy, used for the storage of drugs, locked to deny access by unauthorized persons, and secured against the use of force.

“Resident” means:

An individual admitted to and living in a long-term care facility or an assisted living facility,

An individual who has a place of habitation in Arizona and lives in Arizona as other than a tourist, or

A person that owns or operates a place of business in Arizona.

“Responsible person” means the owner, manager, or other employee who is responsible to the Board for a permitted establishment’s compliance with the laws and administrative rules of this state and of the federal government pertaining to distribution of drugs, devices, precursor chemicals, and regulated chemicals. Nothing in this definition relieves other individuals from the responsibility to comply with state and federal laws and administrative rules.

“Score transfer” means the process that enables an applicant to take the NAPLEX in a jurisdiction and be eligible for licensure by examination in other jurisdictions.

“Security features” means attributes incorporated into the paper of a prescription order, referenced in A.R.S. § 32-1968(A)(4), that are approved by the Board or its staff and include one or more of the following designed to prevent duplication or aid the authentication of a paper document: laid lines, enhanced laid lines, thermochromic ink, artificial watermark, fluorescent ink, chemical void, persistent void, penetrating numbers, high-resolution border, high-resolution latent images, micro-printing, prismatic printing, embossed images, abrasion ink, holograms, and foil stamping.

“Shared order filling” means the following:

Preparing, packaging, compounding, or labeling an order, or any combination of these functions, that are performed by:

A person with a current Arizona Board license, located at an Arizona pharmacy, on behalf of and at the request of another resident or nonresident pharmacy; or

A person, located at a nonresident pharmacy, on behalf of and at the request of an Arizona pharmacy; and

Returning the filled order to the requesting pharmacy for delivery to the patient or patient’s care-giver or, at the request of this pharmacy, directly delivering the filled order to the patient.

“Shared order processing” means the following:

Interpreting the order, performing order entry verification, drug utilization review, drug compatibility and drug allergy review, final order verification, and when necessary, therapeutic intervention, or any combination of these order processing functions, that are performed by:

A pharmacist or intern, under pharmacist supervision, with a current Arizona Board license, located at an Arizona pharmacy, on behalf of and at the request of another resident or nonresident pharmacy: or

A pharmacist or intern, under pharmacist supervision, located at a nonresident pharmacy, on behalf of and at the request of an Arizona pharmacy; and

After order processing is completed, returning the processed order to the requesting pharmacy for order filling and delivery to the patient or patient’s care-giver or, at the request of this pharmacy, returning the processed order to another pharmacy for order filling and delivery to the patient or patient’s care-giver.

“Shared services” means shared order filling or shared order processing, or both.

“Sight-readable” means that an authorized individual is able to examine a record and read its information from a CRT, microfiche, microfilm, printout, or other method acceptable to the Board or its designee.

“Single-drug audit” means an accounting method that determines the numerical and percentage difference between a drug’s beginning inventory plus purchases and ending inventory plus sales.

“Single-drug usage report” means a computer system printout of original and refill prescription order usage information for a single drug.

“Standard-risk sterile pharmaceutical product” means a sterile pharmaceutical product compounded from sterile commercial drugs using sterile commercial devices or a sterile pharmaceutical optic or ophthalmic product compounded from non-sterile ingredients.

“State of emergency” means a governmental declaration issued under A.R.S. § 32-1910 as a result of a natural disaster or terrorist attack that results in individuals being unable to refill existing prescriptions.

“Sterile pharmaceutical product” means a medicinal drug free from living biological organisms.

“Strength” means:

The concentration of the drug substance (for example, weight/weight, weight/volume, or unit dose/volume basis); or

The potency, that is, the therapeutic activity of a drug substance as indicated by bioavailability tests or by controlled clinical data (expressed, for example, in terms of unity by reference to a standard).

“Substantial-risk sterile pharmaceutical product” means a sterile pharmaceutical product compounded as a parenteral or injectable dosage form from non-sterile ingredients.

“Supervision” means a pharmacist is present, assumes legal responsibility, and has direct oversight of activities relating to acquiring, preparing, distributing, administering, and selling prescription medications by interns, pharmacy technicians, or pharmacy technician trainees and when used in connection with the intern training requirements means that, in a pharmacy where intern training occurs, an intern preceptor assumes the primary responsibility of teaching the intern during the entire period of the training.

“Supplying” means selling, transferring, or delivering to a patient or a patient’s agent one or more doses of:

A nonprescription drug in the manufacturer’s original container for subsequent use by the patient, or

A compressed medical gas in the manufacturer’s or compressed medical gas distributor’s original container for subsequent use by the patient.

“Support personnel” means an individual, working under the supervision of a pharmacist, trained to perform clerical duties associated with the practice of pharmacy, including cashiering, bookkeeping, pricing, stocking, delivering, answering non-professional telephone inquiries, and documenting third-party reimbursement. Support personnel shall not perform the tasks of a pharmacist, intern, pharmacy technician, or pharmacy technician trainee.

“Temporary pharmacy facility” means a facility established as a result of a declared state of emergency to temporarily provide pharmacy services within or adjacent to declared disaster areas.

“Tourist” means an individual who is living in Arizona but maintains a place of habitation outside of Arizona and lives outside of Arizona for more than six months during a calendar year.

“Transfill” means a manufacturing process by which one or more compressed medical gases are transferred from a bulk container to a properly labeled container for subsequent distribution or supply.

“Unearned income” means monetary payment received by an individual that is not compensation for work performed or rental of property owned or leased by the individual, including:

Unemployment insurance,

Workers’ compensation,

Disability payments,

Payments from the Social Security Administration,

Payments from public assistance,

Periodic insurance or annuity payments,

Retirement or pension payments,

Strike benefits from union funds,

Training stipends,

Child support payments,

Alimony payments,

Military family allotments,

Regular support payments from a relative or other individual not residing in the household,

Investment income,

Royalty payments,

Periodic payments from estates or trusts, and

Any other monetary payments received by an individual that are not:

As a result of work performed or rental of property owned by the individual,

Gifts,

Lump-sum capital gains payments,

Lump-sum inheritance payments,

Lump-sum insurance payments, or

Payments made to compensate for personal injury.

"Verified signature" or "signature verifying" means in relation to a Board license or permit application or report, form, or agreement, the hand-written or electronic signature of an individual who, by placing a hand-written or electronic signature on a hard-copy or electronic license or permit application or report, form, or agreement agrees with and verifies that the statements and information within or attached to the license or permit application or report, form, or agreement are true in every respect and that inaccurate reporting can result in denial or loss of a license or permit or report, form, or agreement.

"Veteran" means an individual who has served in the United States Armed Forces.

~~"Virtual manufacturer" means an entity that contracts for the manufacture of a drug or device for which the entity:~~

~~Owns the New Drug Application or Abbreviated New Drug Application number, as defined by the FDA, for a drug;~~

~~Owns the Unique Device Identification number, as defined by the FDA, for a prescription device;~~

~~Is not involved in the physical manufacture of the drug or device; and~~

~~Contracts with an Arizona-permitted manufacturing entity for the physical manufacture of the drug or device; or~~

~~If the contracted manufacturing entity is in a location not included in the definition at A.R.S. 32-1901 of other jurisdiction, the virtual manufacturer ensures the facility is inspected every time the virtual manufacturer submits an initial or renewal application and determined to comply with current good manufacturing practices as defined by the federal act and the official compendium.~~

~~Virtual manufacturer includes an entity that may be identified as an own-label distributor, which contracts with a manufacturer to produce a drug or device and with another entity to package and label the drug or device, which is then sold under the distributor's name or another name.~~

"Virtual wholesaler" means an entity that engages in the wholesale distribution of a drug or device in, into, or out of Arizona but does not take physical possession of the drug or device. A virtual wholesaler distributes a drug or device only from a Board-permitted facility to:

A Board-permitted pharmacy, drug manufacturer, full-service drug wholesaler, or non-prescription drug wholesaler; or

A medical practitioner licensed under A.R.S. Title 32; and

Virtual wholesaler includes an entity that may be identified as a broker that buys and sells goods for others or a person that facilitates distribution of a drug, chemical, or device regulated by the Board.

"Wholesale distribution" means distribution of a drug to a person other than a consumer or patient, but does not include:

Selling, purchasing, or trading a drug or offering to sell, purchase, or trade a drug for emergency medical reasons. For purposes of this Section, "emergency medical reasons" includes transferring a prescription drug by a community or hospital pharmacy to another community or hospital pharmacy to alleviate a temporary shortage;

Selling, purchasing, or trading a drug, offering to sell, purchase, or trade a drug, or dispensing a drug as specified in a prescription;

Distributing a drug sample by a manufacturers' or distributors' representative; or

Selling, purchasing, or trading blood or blood components intended for transfusion.

"Wholesale distributor" means any person engaged in wholesale distribution of drugs, including: manufacturers; repackers; own-label distributors; private-label distributors; jobbers; brokers; warehouses, including manufacturers' and distributors' warehouses, chain drug warehouses, and wholesale drug warehouses; independent wholesale drug traders; and retail pharmacies that conduct wholesale distributions in the amount of at least 5% of gross sales.

## ARTICLE 6. PERMITS AND DISTRIBUTION OF DRUGS

### R4-23-602. Permit Application Process and Time ~~frames~~ Frames

**A.** A person applying for a permit shall:

1. Submit a completed application for the desired permit electronically or manually on a form furnished by the Board, and
2. Submit with the application form:
   a. The documents specified in the application form, and
   b. The permit fee specified in R4-23-205.

**B.** The Board office shall deem an application form received on the date the Board office electronically or manually date-stamps the form.

**C.** Time frames for permits.

1. The Board office shall finish an administrative completeness review within 60 days from the date the application form is received.
   a. The Board office shall issue a written notice of administrative completeness to the applicant if no deficiencies are found in the application form.
   b. If the application form is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 60-day time frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.
   c. If the Board office does not provide the applicant with written notice regarding administrative completeness, the application form shall be deemed complete 60 days after receipt by the Board office.
2. An applicant with an incomplete application form shall submit to the Board office all of the missing information within 90 days of service of the notice of incompleteness.
   ~~a.~~ If an applicant cannot submit all missing information within 90 days of service of the notice of incompleteness, the applicant may send a written ~~request for an~~ notice of a 30-day extension to the Board office postmarked or delivered no later than 90 days from service of the notice of incompleteness~~;~~
   ~~b. The written request for an extension shall document the reasons the applicant is unable to meet the 90-day deadline; and~~
   ~~c. The Board office shall review the request for an extension of the 90-day deadline and grant the request if the Board office determines an extension of the 90-day deadline will enable the applicant to assemble and submit the missing information. An extension shall be for no more than 30 days. The Board office shall notify the applicant in writing of its decision to grant or deny the request for an extension~~.
3. If an applicant fails to submit a complete application form within the time allowed under subsection (C)(2), the Board office shall close the applicant's file. An applicant whose file is closed and who later wishes to obtain a permit shall submit a new application and fee as specified in subsection (A).
4. For ~~a nonprescription drug permit applicant,~~ a compressed medical gas distributor permit applicant~~,~~ and a durable medical equipment and compressed medical gas supplier permit applicant, the Board office shall issue a permit on the day the Board office determines an administratively complete application form is received.
5. Except as described in subsection (C)(4), from the date on which the administrative completeness review of an application form is finished, the Board office shall complete a substantive review of the applicant's qualifications in no more than 120 days.
   a. If an applicant is found to be ineligible, the Board office shall issue a written notice of denial to the applicant.
   b. If an applicant is found to be eligible, the Board office shall recommend to the Board that the applicant be issued a permit. Upon receipt of the Board office's recommendation, the Board shall either issue a permit to the applicant or if the Board determines the applicant does not meet eligibility requirements, return the matter to the Board office.
   c. If the Board office finds deficiencies during the substantive review of the application form, the Board office shall issue a written request to the applicant for additional documentation.
   d. The 120-day time frame for a substantive review for the issuance or denial of a permit is suspended from the date of the written request for additional documentation until the date all documentation is received. The applicant shall submit the additional documentation according to subsection (C)(2).

e. If the applicant and the Board office mutually agree in writing, the 120-day substantive review time frame may be extended once for no more than 45 days.

6. For the purpose of A.R.S. § 41-1072 et seq., the Board establishes the following time frames for permits:
   a. Administrative completeness review time frame: 60 days.
   b. Substantive review time frame:
      i. ~~Nonprescription drug permit, compressed~~ Compressed medical gas distributor permit~~,~~ and durable medical equipment and compressed medical gas supplier permit: none.
      ii. Except as described in subsection (C)(6)(b)(i): 120 days.
   c. Overall time frame:
      i. ~~Nonprescription drug permit, compressed~~ Compressed medical gas distributor permit~~,~~ and durable medical equipment and compressed medical gas supplier permit: 60 days.
      ii. Except as described in subsection (C)(6)(c)(i): 180 days.

**D.** Permit renewal.
1. To renew a permit, a permittee shall submit a completed application for permit renewal electronically or manually on a form furnished by the Board with the biennial renewal fee specified in R4-23-205.
2. If the biennial renewal fee is not paid by November 1 of the renewal year specified in A.R.S. § 32-1931, the permit is suspended. The permittee shall pay a penalty as provided in A.R.S. § 32-1931 and R4-23-205 to vacate the suspension.
3. Time frames for permit renewals. The Board office shall follow the time frames established in subsection (C).

**E.** Display of permit. A permittee shall conspicuously display the permit in the location to which it applies.

**R4-23-603. ~~Resident Nonprescription Drugs, Retail~~ Repealed**

**~~A.~~** ~~Permit. A person, including the following, shall not sell or distribute a nonprescription drug without a current Board-issued permit:~~
~~1. A grocer;~~
~~2. Other non-pharmacy retail outlet; or~~
~~3. Mobile or non-fixed location retailer, such as a swap meet vendor.~~

**~~B.~~** ~~A medical practitioner licensed under A.R.S. Title 32 is exempt from the requirements of subsection (A).~~

**~~C.~~** ~~Application. To obtain a permit to sell a nonprescription drug, a person shall submit:~~
~~1. A completed application form and fee as specified in R4-23-602; and~~
~~2. Documentation of compliance with local zoning laws, if required by the Board.~~

**~~D.~~** ~~Drug sales. A nonprescription drug permittee:~~
~~1. Shall sell a drug only in the original container packaged and labeled by the manufacturer; and~~
~~2. Shall not package, repackage, label, or relabel any drug.~~

**~~E.~~** ~~Inspection. A nonprescription drug permittee shall consent to inspection during business hours by a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901.~~

**~~F.~~** ~~Quality control. A nonprescription drug permittee shall:~~
~~1. Ensure that all drugs stocked, sold, or offered for sale are:~~
~~a. Kept clean;~~
~~b. Protected from contamination, excessive heat, cold, sunlight, and other deteriorating factors;~~
~~c. In compliance with federal law; and~~
~~d. Received from a supplier with a current Board-issued permit as specified in R4-23-601(A).~~
~~2. Develop and implement a program to ensure that:~~
~~a. Any expiration-dated drug is reviewed regularly;~~
~~b. Any drug, that exceeds its expiration date, is deteriorated or damaged, or does not comply with federal law, is moved to a quarantine area and not sold or distributed; and~~
~~c. Any quarantined drug is destroyed or returned to its source of supply.~~

**~~G.~~** ~~Notification. A nonprescription drug permittee shall submit using the permittee's online profile or provide written notice by mail, fax, or e-mail to the Board office within 10 days of changes involving the telephone or fax number, e-mail or mailing address, or business name.~~

**~~H.~~** ~~Change of ownership. A nonprescription drug permittee shall comply with R4-23-601(F).~~

**~~I.~~** ~~Relocation. No less than 30 days before an existing nonprescription drug permittee relocates, the permittee shall submit a completed application for relocation electronically or manually on a form furnished by the Board, and the documentation required in subsection (C).~~

**~~J.~~** ~~Records. A nonprescription drug permittee shall:~~
~~1. Retain records of the receipt and disposal of nonprescription drugs as required in R4-23-601(D), and~~

2. ~~Comply with the requirements of A.R.S. § 32-1977 and federal law for the retail sale of methamphetamine precursors.~~

**K.** ~~Permit renewal. To renew a nonprescription drug permit, the permittee shall comply with R4-23-602(D).~~

**L.** ~~Nonprescription drug vending machine outlet. In addition to the requirements of R4-23-601, R4-23-602, and subsections (A) through (K), a person selling or distributing a nonprescription drug in a vending machine shall comply with the following requirements:~~

1. ~~Each individual vending machine is considered an outlet and shall have a Board-issued nonprescription drug permit;~~
2. ~~Each nonprescription-drug-permitted vending machine shall display in public view an identification seal, furnished by the Board, containing the permit number, vending machine's serial number, owner's name, and telephone contact number;~~
3. ~~Each nonprescription drug permitted vending machine is assigned a specific location that is within a weather tight structure, protected from direct sunlight, and maintained at a temperature not less than 59° F and not greater than 86° F;~~
4. ~~Each nonprescription drug sold in a vending machine is packaged and labeled in the manufacturer's original FDA-approved container;~~
5. ~~A nonprescription drug permitted vending machine is subject to inspection by a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901 as follows:~~
   a. ~~The owner, manager, or other staff of the nonprescription drug permittee shall provide access to the contents of the vending machine within 24 hours of a request from a Board compliance officer or other authorized officer of the law; or~~
   b. ~~The Board compliance staff shall have independent access to the vending machine;~~
6. ~~Before relocating or retiring a nonprescription-drug-permitted vending machine, the owner or manager shall notify the Board in writing. The notice shall include:~~
   a. ~~Permit number;~~
   b. ~~Vending machine's serial number;~~
   c. ~~Action planned (relocate or retire); and~~
   d. ~~If retiring a vending machine, the disposition of the nonprescription drug contents of the vending machine;~~
7. ~~The sale or distribution of a precursor chemical or regulated chemical in a vending machine is prohibited; and~~
8. ~~Under no circumstance may expired drugs be sold or distributed.~~

**R4-23-607. Nonresident Permits**

**A.** Permit. A person that is not a resident of Arizona shall not sell or distribute any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical into Arizona without possessing both:

1. A current Board-issued nonresident pharmacy permit, nonresident manufacturer permit, or nonresident full-service or nonprescription drug wholesale permit~~, or nonresident nonprescription drug permit~~; and
2. A current equivalent license or permit issued by the licensing authority in the jurisdiction where the person resides.

**B.** Application. To obtain a nonresident pharmacy, nonresident manufacturer, or nonresident full-service or nonprescription drug wholesale, ~~or nonprescription drug permit,~~ a person shall submit a completed application, on a form furnished by the Board, and the fee specified in R4-23-205.

**C.** Notification. A permittee shall submit notification of any change required in this subsection using the permittee's online profile or as a written notice by mail, fax, or e-mail to the Board office within 10 days of the change.

1. Nonresident pharmacy. A nonresident pharmacy permittee shall notify the Board of changes involving the type of pharmacy operated, address, telephone number, business name, or pharmacist-in-charge.
2. Nonresident manufacturer. A nonresident manufacturer permittee shall notify the Board of changes involving listed drugs, address, telephone number, business name, or manager, including manager's telephone number.
3. Nonresident drug wholesaler. A nonresident full-service or nonprescription drug wholesale permittee shall notify the Board of changes involving the types of drugs sold or distributed, address, telephone number, business name, or manager or designated representative, including the manager's or designated representative's telephone number. For a change of designated representative, a nonresident full-service drug wholesale permittee shall submit the documentation, fingerprints, and fee required with the application under subsection (B).
4. ~~Nonresident nonprescription drug retailer. A nonresident nonprescription drug permittee shall notify the Board of changes involving permit category, address, telephone number, business name, or manager, including manager's telephone number.~~

**D.** Change of ownership. A nonresident permittee shall comply with R4-23-601(F).

**E.** Drug sales.

1. Nonresident pharmacy. A nonresident pharmacy permittee shall:

a. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance or prescription-only drug or device to anyone in Arizona except:
   i. A pharmacy, drug manufacturer, or full-service drug wholesaler currently permitted by the Board;
   ii. A medical practitioner currently licensed under A.R.S. Title 32; or
   iii. An Arizona resident upon receipt of a valid prescription order for the resident;
b. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except:
   i. A pharmacy, drug manufacturer, or full-service or nonprescription drug wholesaler~~, or nonprescription drug retailer~~ currently permitted by the Board;
   ii. A medical practitioner currently licensed under A.R.S. Title 32; or
   iii. An Arizona resident either upon receipt of a valid prescription order for the resident or in the original container packaged and labeled by the manufacturer;
c. Except for a drug sale that results from the receipt and dispensing of a valid prescription order for an Arizona resident, maintain a copy of the current permit or license of each person in Arizona that buys, receives, or disposes of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
d. Provide permit and license records upon request, if immediately available, or in no fewer than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901.

2. Nonresident manufacturer. A nonresident manufacturer permittee shall:
   a. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance or prescription-only drug or device to anyone in Arizona except a pharmacy, drug manufacturer, or full-service drug wholesaler currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
   b. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except a pharmacy, drug manufacturer, or full-service or nonprescription drug wholesaler~~, or nonprescription drug retailer~~ currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
   c. Maintain a copy of the current permit or license of each person in Arizona that buys, receives, or disposes of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
   d. Provide permit and license records upon request, if immediately available, or in no more than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901.
3. Nonresident full-service drug wholesaler. In addition to complying with the ~~distributions~~ distribution restrictions specified in A.R.S. § 32-1983, a nonresident full-service drug wholesale permittee shall:
   a. Not sell, distribute, give away, or dispose of, any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona, except in the original container, packaged and labeled by the manufacturer or repackager;
   b. Not package, repackage, label, or relabel any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical for shipment or delivery to anyone in Arizona;
   c. Provide track and trace documents required under the Drug Supply Chain and Security Act upon request, if immediately available, or in no more than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901;
   d. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance, prescription only drug or device, nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except a pharmacy, drug manufacturer, or full service drug wholesaler currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
   e. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except a pharmacy, drug manufacturer, or full-service or nonprescription drug wholesaler~~, or nonprescription drug retailer~~ currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
   f. Maintain a copy of the current permit or license of each person in Arizona that buys, receives, or disposes of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
   g. Provide permit and license records upon request, if immediately available, or in no more than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S.

§ 32-1901.

4. Nonresident nonprescription drug wholesaler. A nonresident nonprescription drug wholesale permittee shall:
   a. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona, except in the original container, packaged and labeled by the manufacturer or repackager;
   b. Not package, repackage, label, or relabel any nonprescription drug, precursor chemical, or regulated chemical for shipment or delivery to anyone in Arizona;
   c. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except a pharmacy, drug manufacturer, or full-service or nonprescription drug wholesaler~~, or nonprescription drug retailer~~ currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
   d. Maintain a copy of the current permit or license of each person in Arizona that buys, receives, or disposes of any nonprescription drug, precursor chemical, or regulated chemical; and
   e. Provide permit and license records upon request, if immediately available, or in no more than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901.

~~5. Nonresident nonprescription drug retailer. A nonresident nonprescription drug permittee shall not:~~
   ~~a. Sell, distribute, give away, or dispose of a nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except in the original container packaged and labeled by the manufacturer;~~
   ~~b. Package, repackage, label, or relabel any drug, precursor chemical, or regulated chemical for shipment or delivery to anyone in Arizona; or~~
   ~~c. Sell, distribute, give away, or dispose of any drug, precursor chemical, or regulated chemical to anyone in Arizona that exceeds its expiration date, is contaminated or deteriorated from excessive heat, cold, sunlight, moisture, or other factors, or does not comply with federal law.~~

**F.** When selling or distributing any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical into Arizona, a nonresident pharmacy, nonresident manufacturer, or nonresident full-service or nonprescription drug ~~wholesale, or nonprescription drug permittee~~ wholesaler shall comply with federal law, the permittee's resident state drug law, and this Section.

**R4-23-693. Durable Medical Equipment (DME) and Compressed Medical Gas (CMG) Supplier-Resident or Nonresident**

**A.** Permit. A person shall not sell, lease, or supply durable medical equipment or a compressed medical gas to a patient or consumer in Arizona for use in a home or residence without a current Board-issued resident or nonresident durable medical equipment and compressed medical gas supplier permit.
   ~~1.~~ The permit requirements of this Section do not apply to the following unless there is a separate business entity engaged in the business of providing durable medical equipment or a compressed medical gas to a patient or consumer for use in a home or residence:
      ~~a.~~1. A medical practitioner licensed under A.R.S. Title 32;
      ~~b.~~2. A hospital, long-term care facility, hospice, or other health-care facility using durable medical equipment or a compressed medical gas in the normal course of treating a patient; and
      ~~c.~~3. A pharmacy.
   ~~2. Nothing in this Section shall be construed to prohibit a person with a current Board-issued nonprescription drug permit from the retail sale of nonprescription drugs or devices.~~

**B.** Application. To obtain a resident or nonresident DME and CMG supplier permit, a person shall submit a completed application form and fee specified in R4-23-205.
   1. A resident DME and CMG supplier permit applicant shall include documentation of compliance with local zoning laws, if required by the Board.
   2. A nonresident DME and CMG supplier permit applicant that resides in a jurisdiction that issues an equivalent license or permit shall include a copy of the equivalent license or permit.

**C.** Notification. A resident or nonresident DME and CMG supplier permittee shall submit using the permittee's online profile or provide written notice by mail, fax, or e-mail to the Board office within 10 days of changes involving the telephone or fax number, email or mailing address, or business name.

**D.** Change of ownership. A resident or nonresident DME and CMG supplier permittee shall comply with R4-23-601(F).

**E.** Relocation.
   1. No fewer than 30 days before a resident DME and CMG supplier permittee relocates, the permittee shall submit a completed application for relocation electronically or manually on a form furnished by the Board, and the documentation required in subsection (B). A fee is not required with an application for relocation.

2. A nonresident DME and CMG supplier permittee shall provide written notice by mail, fax, or e-mail to the Board office no fewer than 10 days before relocating.

**F.** Orders. A resident or nonresident DME and CMG supplier shall sell, lease, or provide:

1. Durable medical equipment that is a prescription-only device, as defined in A.R.S. § 32-1901, only under a prescription or medication order from a medical practitioner; and
2. A compressed medical gas only under a compressed medical gas order from a medical practitioner.

**G.** Restriction. A DME and CMG supplier permit authorizes the permittee to procure, possess, and provide a prescription-only device or compressed medical gas to a patient or consumer as specified in subsection (F). A DME and CMG supplier permit does not authorize the permittee to procure, possess, or provide narcotics or other controlled substances, prescription-only drugs other than compressed medical gases, precursor chemicals, or regulated chemicals.

**H.** Facility. A resident or nonresident DME and CMG supplier permittee shall ensure the facility is clean, uncluttered, sanitary, temperature controlled, and secure from unauthorized access. A permittee shall maintain separate and identified storage areas in the facility and in delivery vehicles for clean, dirty, contaminated, or damaged durable medical equipment or compressed medical gases.

**I.** A resident or nonresident DME and CMG supplier permittee shall not manufacture, process, transfill, package, or label a compressed medical gas, except as stated in subsection (K).

**J.** Records. A resident or nonresident DME and CMG supplier permittee shall establish and implement written procedures for maintaining records about acquisition, distribution, returns, recalls, training of personnel, maintenance, cleaning, and complaints.

**K.** A permittee shall:

1. Ensure a prescription order, medication order, or compressed medical gas order is obtained as specified in subsection (F);
2. Ensure each compressed medical gas container supplied by the permittee contains a label bearing the name and address of the permittee;
3. Ensure all appropriate warning labels are present on the durable medical equipment or compressed medical gas;
4. Retain the records required by Section R4-23-601 and this Section for not fewer than three years, or if supplying a compressed medical gas, one year after the expiration date of the compressed medical gas, whichever is longer; and
5. Make the records required by Section R4-23-601 and this Section available for inspection by the Board or its compliance officer, or if stored in a centralized recordkeeping system apart from the inspection location and not electronically retrievable for inspection, provide the records within four working days of a request by the Board or its staff.

**L.** Inspection.

1. A resident DME and CMG supplier permittee shall make the DME and CMG supplier's facility available for inspection by the Board or its compliance officers under A.R.S. § 32-1904.
2. Within 10 days from the date of a request by the Board or its staff, a nonresident DME and CMG supplier permittee shall provide a copy of the most recent inspection report completed by the permittee's resident licensing authority, or a copy of the most recent inspection report completed by a third-party auditor approved by the permittee's resident licensing authority or the Board or its designee. The Board may inspect, or may employ a third-party auditor to inspect, a nonresident permittee as specified in A.R.S. § 32-1904.

**M.** Permit renewal. To renew a resident or nonresident DME and CMG supplier permit, the permittee shall comply with in R4-23-602(D).

**N.** Nothing in this Section shall be construed to prohibit the emergency administration of oxygen by licensed health-care personnel, emergency medical technicians, first responders, fire fighters, law enforcement officers, and other emergency personnel trained in the proper use of emergency oxygen.

## ARTICLE 8. DRUG CLASSIFICATION

### R4-23-802. Veterinary

Veterinary preparation: A veterinary drug manufacturer or supplier may distribute:

1. A prescription-only veterinary drug to:
   a. A veterinary medical practitioner licensed under A.R.S. Title 32, Chapter 21,
   b. A full-service drug wholesaler permitted under A.R.S. Title 32, Chapter 18, or
   c. A pharmacy permitted under A.R.S. Title 32, Chapter 18, and
2. A nonprescription veterinary drug to:
   a. A veterinary medical practitioner licensed under A.R.S. Title 32, Chapter 21,
   ~~b. A nonprescription drug retailer permitted under A.R.S. Title 32, Chapter 18,~~
   ~~c.~~b. A full-service or nonprescription drug wholesaler permitted under A.R.S. Title 32, Chapter 18, or

~~d.~~ c. A pharmacy permitted under A.R.S. Title 32, Chapter 18.

**ECONOMIC, SMALL BUSINESS, AND CONSUMER IMPACT STATEMENT**[1]

**TITLE 4. PROFESSIONS AND OCCUPATIONS**

**CHAPTER 23. BOARD OF PHARMACY**

1. Identification of the rulemaking:

   Under Laws 2019, Chapter 83, the legislature amended A.R.S. §§ 32-1930 and 32-1931 to deregulate non-prescription retailers. As a result, the Board is repealing language related to non-prescription retailers including references to a permit.

   Under Laws 2024, Chapter 234, the legislature added a definition of virtual manufacturer to A.R.S. § 32-1901. As a result, the Board is repealing the Board's definition at R4-23-110.

   The Board is also amending R4-23-602 to make it easier for a permit applicant to obtain additional time in which to submit information needed to complete an application.

   The conduct and its frequency of occurrence that the rule is designed to change:

   Until the rulemaking is completed, the Board's rules will be inconsistent with statute and R4-23-602 will impose an unnecessary regulatory burden on permit applicants that need additional time to submit information required to complete an application.

   a. The harm resulting from the conduct the rule is designed to change and the likelihood it will continue to occur if the rule is not changed:

      Rules that are inconsistent with statute cause confusion for those who must comply with the rules. It is not good government for an agency to impose an unnecessary regulatory burden on those who must comply with the rules.

   b. The estimated change in frequency of the targeted conduct expected from the rule change:

      When the rulemaking is completed, the Board's rules will be consistent with statute and an unnecessary regulatory burden will be eliminated.

2. A brief summary of the information included in the economic, small business, and consumer impact statement;

   The Board determined the only economic impact of the rulemaking are the Board's costs to complete the rulemaking. The rulemaking does not impose a requirement on any person. Rather, it simply makes the rules consistent with statute and removes a source of potential

[1] If adequate data are not reasonably available, the agency shall explain the limitations of the data, the methods used in an attempt to obtain the data, and characterize the probable impacts in qualitative terms. (A.R.S. § 41-1055(C)).

confusion. The amendment to R4-23-602 simplifies a regulatory burden for permit applicants so there may be minimal savings for the Board, which no longer has to act on a request for an extension of time to submit required information.

3. The person to contact to submit or request additional data on the information included in the economic, small business, and consumer impact statement:

   Name: Kamlesh Gandhi
   Title: Executive Director
   Address: 1110 W Washington Street, Ste. 260, Phoenix, AZ 85007
   Telephone: (602) 771-2727
   Email: kgandhi@azpharmacy.gov
   Website: www.azpharmacy.gov

4. Persons who will be directly affected by, bear the costs of, or directly benefit from the rulemaking:

   Virtual manufacturers, non-pharmacy retailers of nonprescription drugs, permit applicants, and the Board will be directly affected by, bear the costs of, and directly benefit from the rulemaking.

5. Cost-benefit analysis:

   A virtual manufacturer will incur no cost because of the rule amendment but will have the benefit of relying on a statutory definition. There are currently 446 virtual manufacturers operating in Arizona.

   Since 2019, resident non-pharmacy retailers of nonprescription drugs have not been required to obtain a permit from the Board. The rulemaking simply removes from rule all references to the previously required permit. This provides a benefit to non-pharmacy retailers of nonprescription drugs by eliminating a source of potential confusion. There is no cost for the non-pharmacy retailers of nonprescription drugs as a result of the rulemaking.

   Permit applicants will be able to submit notice of an extension of time to complete an application rather than requesting an extension of time. The primary benefit from removing this unnecessary regulatory burden accrues to the Board, which will not have to act on requests for an extension of time. During the last fiscal year, the Board received and acted on five requests for an extension of time from permit applicants.

The Board incurred the cost of completing this rulemaking and will incur the cost of implementing and enforcing it. Because the rulemaking primarily makes the rules consistent with statue, these costs are minimal. However, the benefit of having rules consistent with statute is important for a regulatory agency.

a. Costs and benefits to state agencies directly affected by the rulemaking including the number of new full-time employees at the implementing agency required to implement and enforce the proposed rule:

   The Board is the only state agency directly affected by the rulemaking. The Board will not need additional full-time employees to implement and enforce the rulemaking.

b. Costs and benefits to political subdivisions directly affected by the rulemaking:

   No political subdivision is directly affected by the rulemaking.

c. Costs and benefits to businesses directly affected by the rulemaking:

   Virtual manufacturers, resident non-pharmacy retailers of nonprescription drugs, and permit applicants are businesses directly affected by the rulemaking. Their costs and benefits are described above.

6. Impact on private and public employment:

   The Board determined the rulemaking will have no impact on private or public employment.

7. Impact on small businesses[2]:

   a. Identification of the small business subject to the rulemaking:

      Virtual manufacturers, resident non-pharmacy retailers of nonprescription drugs, and permit applicants are small businesses directly affected by the rulemaking.

   b. Administrative and other costs required for compliance with the rulemaking:

      Only permit applicants incur a cost to comply with the rulemaking. A permit applicant is required to submit a notice of extension of time rather than a request for an extension of time to submit a complete application. The difference in cost for this compliance will be minimal.

   c. Description of methods that may be used to reduce the impact on small businesses:

      Because the rulemaking has minimal economic impact on small businesses, the Board could not reduce the impact.

8. Cost and benefit to private persons and consumers who are directly affected by the rulemaking:

   No private persons or consumers are directly affected by the rulemaking.

[2] Small business has the meaning specified in A.R.S. § 41-1001(23).

9. Probable effects on state revenues:

   There will be no effect on state revenue.

10. Less intrusive or less costly alternative methods considered:

    The rulemaking is neither intrusive nor costly so the Board did not consider alternative methods.

# TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

The table of contents on page one contains links to the referenced page numbers in this Chapter.
Refer to the notes at the end of a Section to learn about the history of a rule as it was published in the *Arizona Administrative Register*.

This Chapter contains rules that were filed to be codified in the *Arizona Administrative Code* between the dates of October 1, 2024 through December 31, 2024

**Questions about these rules? Contact:**

|---|---|
| Board: | Board of Pharmacy |
| Address: | 1110 W. Washington St., Suite 260<br>Phoenix, AZ 85007 |
| Website: | www.azpharmacy.gov |
| Name: | Kamlesh Gandhi, Executive Director |
| Telephone: | (602) 771-2727 |
| Email: | kgandhi@azpharmacy.gov |

**The release of this Chapter in Supp. 24-4 replaces Supp. 24-1, 1-84 pages.**
Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. *"'Rule' means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency."*

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The "R" stands for "rule" with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document's content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature's website, www.azleg.gov. An agency's authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State's website, www.azsos.gov under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency's exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor's notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

# TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

Authority: A.R.S. § 32-1904 et seq.

**Supp. 24-4**

## CHAPTER TABLE OF CONTENTS

### ARTICLE 1. ADMINISTRATION

### ARTICLE 2. PHARMACIST LICENSURE

### ARTICLE 3. INTERN TRAINING; INTERN PRECEPTORS

### ARTICLE 4. PROFESSIONAL PRACTICES

### ARTICLE 5. CONTROLLED SUBSTANCES PRESCRIPTION MONITORING PROGRAM

*New Article 5, consisting of Sections R4-23-501 through R4-23-505, made effective August 2, 2014 (Supp. 14-2).*

*Article 5, consisting of Sections R4-23-501 through R4-23-505, expired effective August 30, 2013 (Supp. 14-1).*

*Article 5, consisting of Sections R4-23-501 and R4-23-502, recodified to Article 8 at 9 A.A.R. 4011, effective August 18, 2003 (Supp. 03-3).*

## ARTICLE 6. PERMITS AND DISTRIBUTION OF DRUGS

## ARTICLE 7. NON-PHARMACY LICENSED OUTLETS – GENERAL PROVISIONS

## ARTICLE 8. DRUG CLASSIFICATION

*Article 8, consisting of Sections R4-23-801 and R4-23-802, recodified from Article 5 at 9 A.A.R. 4011, effective August 18, 2003 (Supp. 03-3).*

*Article 8, consisting of Sections R4-23-801 through R4-23-804, repealed effective November 4, 1998 (Supp. 98-4).*

## ARTICLE 9. PENALTIES AND MISCELLANEOUS

## ARTICLE 10. UNIFORM CONTROLLED SUBSTANCES AND DRUG OFFENSES

## ARTICLE 11. PHARMACY TECHNICIANS; PHARMACY TECHNICIAN TRAINEES

*Article 11, consisting of R4-23-1101 through R4-23-1105, made by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1).*

## ARTICLE 12. DONATED MEDICINE PROGRAM

*Article 12, consisting of R4-23-1201 through R4-23-1211, made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4).*

## ARTICLE 1. ADMINISTRATION

**R4-23-101. General**

**A.** This Chapter applies to all actions and proceedings of the Board and shall be deemed part of the record in any Board action or proceeding without formal introduction of, or reference to the rules. A party to a Board action is deemed to have knowledge of the rules.

**B.** The Board, within its jurisdiction, may, in the interest of justice, excuse the failure of any person to comply with the rules.

**C.** The Board, within its jurisdiction, may grant an extension of time within which to comply with any rule when it deems the extension to be in the interest of justice.

**Historical Note**

Former Rules 1.1000, 1.1200, and 1.1300; Amended effective August 23, 1978 (Supp. 78-4). Amended by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1); Historical Note updated (Supp. 06-2). Amended by final rulemaking at 30 A.A.R. 155 (January 26, 2024), effective March 4, 2024 (Supp. 24-1).

**R4-23-102. Meetings**

**A.** The Board shall hold not less than four meetings per fiscal year to conduct general business and interview permit and license applicants.

**B.** A special meeting of the Board may be held at any time subject to the call of the President or a majority of the Board members and in compliance with the notification requirements of A.R.S. § 38-431.02.

**Historical Note**

Former Rules 1.2100, 1.2200, 1.2300, and 1.2400. Amended by final rulemaking at 7 A.A.R. 2143, effective May 1, 2001 (Supp. 01-2).

**R4-23-103. Repealed**

**Historical Note**

Former Rules 1.3100, 1.3200, 1.3300, and 1.3400; Amended subsection (C) effective August 9, 1983 (Supp. 83-4). Section repealed by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1); Historical Note updated (Supp. 06-2).

**R4-23-104. Repealed**

**Historical Note**

Former Rules 1.4011, 1.4110, 1.4120, 1.4200, 1.4210, 1.4220, 1.4300, 1.4400, 1.5500, 1.5600, 1.5700, and 1.4500; Amended effective August 23, 1978 (Supp. 78-5); Amended by deleting subsection (B) and renumbering subsections (C) through (J) as subsections (B) through (I) effective August 9, 1983 (Supp. 83-4). Amended effective February 8, 1991 (Supp. 91-1). Section repealed by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1); Historical Note updated (Supp. 06-2).

**R4-23-105. Repealed**

**Historical Note**

Former Rules 1.5100, 1.5200, 1.5300, and 1.5400; Amended subsection (B) effective August 9, 1983 (Supp. 83-4). Section repealed by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1); Historical Note updated (Supp. 06-2).

**R4-23-106. Repealed**

**Historical Note**

Former Rules 1.5800 and 1.5900. Section repealed by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1); Historical Note updated (Supp. 06-2).

**R4-23-107. Repealed**

**Historical Note**

Former Rules 1.5910, 1.5920, 1.5921, and 1.5922. Section repealed by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1); Historical Note updated (Supp. 06-2).

**R4-23-108. Repealed**

**Historical Note**

Former Rule 1.5930. Section repealed by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1); Historical Note updated (Supp. 06-2).

**R4-23-109. Repealed**

**Historical Note**

Former Rules 1.7100, 1.7200, and 1.7300. Amended effective July 14, 1977 (Supp. 77-4). Amended effective February 8, 1991 (Supp. 91-1). Section repealed by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1); Historical Note updated (Supp. 06-2).

**R4-23-110. Definitions**

In addition to definitions in A.R.S. § 32-1901, the following definitions apply to this Chapter:

"Active ingredient" means any component that furnishes pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease or that affects the structure or any function of the body of man or other animals. The term includes those components that may undergo chemical change in the manufacture of the drug, that are present in the finished drug product in a modified form, and that furnish the specified activity or effect.

"AHCCCS" means the Arizona Health Care Cost Containment System.

"Annual family income" means the combined yearly gross earned income and unearned income of all adult individuals within a family unit.

"Approved course in pharmacy law" means a continuing education activity that addresses practice issues related to state or federal pharmacy statutes, rules, or regulations.

"Approved Provider" means an individual, institution, organization, association, corporation, or agency that is approved by the Accreditation Council for Pharmacy Education (ACPE) in accordance with ACPE's policy and procedures or by the Board as meeting criteria indicative of the ability to provide quality continuing education.

"Assisted living facility" means a residential care institution as defined in A.R.S. § 36-401.

"Authentication of product history" means identifying the purchasing source, the ultimate fate, and any intermediate handling of any component of a radiopharmaceutical or other drug.

"Automated dispensing system" means a mechanical system in a long-term care facility that performs operations or activities, other than compounding or administration, relative to the storage, packaging, counting, labeling, and dispensing of med-

ications, and which collects, controls, and maintains all transaction information.

"Automated storage and distribution system" means a mechanical system that performs operations or activities other than counting, compounding, or administration, relative to the storage, packaging, or distributing of drugs or devices and that collects, controls, and maintains all transaction information.

"Batch" means a specific quantity of drug that has uniform character and quality, within specified limits, and is produced according to a single manufacturing order during the same cycle of manufacture.

"Beyond-use date" means:

A date determined by a pharmacist and placed on a prescription label at the time of dispensing to indicate a time beyond which the contents of the prescription are not recommended to be used; or

A date determined by a pharmacist and placed on a compounded pharmaceutical product's label at the time of preparation as specified in R4-23-410(B)(3)(d), R4-23-410(I)(6)(e), or R4-23-410(J)(1)(d) to indicate a time beyond which the compounded pharmaceutical product is not recommended to be used.

"Biological safety cabinet" means a containment unit suitable for the preparation of low to moderate risk agents when there is a need for protection of the product, personnel, and environment, consistent with National Sanitation Foundation (NSF) standards, published in the National Sanitation Foundation Standard 49, Class II (Laminar Flow) Biohazard Cabinetry, NSF International P. O. Box 130140, Ann Arbor, MI, revised June 1987 edition, (and no future amendments or editions), incorporated by reference and on file with the Board.

"Care-giver" means a person who cares for someone who is sick or disabled or an adult who cares for an infant or child and includes a patient's husband, wife, son, daughter, mother, father, sister, brother, legal guardian, nurse, or medical practitioner.

"Change of ownership," as used in A.R.S. § 32-1901.01(A), means a change of at least 30 percent in voting stock or vested interest that has direct operational oversight.

"Community pharmacy" means any place under the direct supervision of a pharmacist where the practice of pharmacy occurs or where prescription orders are compounded and dispensed other than a hospital pharmacy or a limited service pharmacy.

"Component" means any ingredient used in compounding or manufacturing drugs in dosage form, including an ingredient that may not appear in the finished product.

"Compounding and dispensing counter" means a pharmacy counter working area defined in this Section where a pharmacist, intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist compounds, mixes, combines, counts, pours, or prepares and packages a prescription medication to dispense an individual prescription order or prepackages a drug for future dispensing.

"Computer system" means an automated data-processing system that uses a programmable electronic device to store, retrieve, and process data.

"Computer system audit" means an accounting method, involving multiple single-drug usage reports and audits, used to determine a computer system's ability to store, retrieve, and process original and refill prescription dispensing information.

"Contact hour" means 50 minutes of participation in a continuing education activity sponsored by an Approved Provider.

"Container" means:

A receptacle, as described in the official compendium or the federal act, that is used in manufacturing or compounding a drug or in distributing, supplying, or dispensing the finished dosage form of a drug; or

A metal receptacle designed to contain liquefied or vaporized compressed medical gas and used in manufacturing, transfilling, distributing, supplying, or dispensing a compressed medical gas.

"Continuing education" means a structured learning process required of a licensee to maintain licensure that includes study in the general areas of socio-economic and legal aspects of health care; the properties and actions of drugs and dosage forms; etiology, characteristics and therapeutics of disease status; or pharmacy practice.

"Continuing education activity" means continuing education obtained through an institute, seminar, lecture, conference, workshop, mediated instruction, programmed learning course, or postgraduate study in an accredited college or school of pharmacy.

"Continuing education unit" or "CEU" means 10 contact hours of participation in a continuing education activity sponsored by an Approved Provider.

"Continuous quality assurance program" or "CQA program" means a planned process designed by a pharmacy permittee to identify, evaluate, and prevent medication errors.

"Correctional facility" has the same meaning as in A.R.S. §§ 13-2501 and 31-341.

"CRT" means a cathode ray tube or other mechanism used to view information produced or stored by a computer system.

"CSPMP" means the Controlled Substances Prescription Monitoring Program established under A.R.S. Title 36, Chapter 28.

"Current good compounding practices" means the minimum standards for methods used in, and facilities or controls used for, compounding a drug to ensure that the drug has the identity and strength and meets the quality and purity characteristics it is represented to possess.

"Current good manufacturing practice" means the minimum standard for methods used in, and facilities or controls used for manufacturing, processing, packing, or holding a drug to ensure that the drug meets the requirements of the federal act as to safety, and has the identity and strength and meets the quality and purity characteristics it is represented to possess.

"Cytotoxic" means a pharmaceutical that is capable of killing living cells.

"Day" means a calendar day unless otherwise specified.

"DEA" means the Drug Enforcement Administration as defined in A.R.S. § 32-1901.

"Declared disaster areas" means areas designated by the governor or by a county, city, or town under A.R.S. § 32-1910 as

those areas that have been adversely affected by a natural disaster or terrorist attack and require extraordinary measures to provide adequate, safe, and effective health care for the affected population.

"Delinquent license" means a pharmacist, intern, or pharmacy technician license the Board suspends for failure to renew or pay all required fees on or before the date the renewal is due.

"Dietary supplement or food supplement," as used in A.R.S. § 32-1904(B), means a product (other than tobacco) that:

Is intended to supplement the diet that contains one or more of the following dietary ingredients: a vitamin, mineral, herb or other botanical, amino acid, dietary substance for use by humans to supplement the diet by increasing the total daily intake, or concentrate, metabolite, constituent, extract, or combinations of these ingredients;

Is intended for ingestion in pill, capsule, tablet, or liquid form;

Is not represented for use as a conventional food or as the sole item of a meal or diet; and

Is labeled as a "dietary supplement" or "food supplement."

"Digital signature" has the same meaning as in A.R.S. § 41-132(E).

"Dispensing pharmacist" means a pharmacist who, in the process of dispensing a prescription medication after the complete preparation of the prescription medication and before delivery of the prescription medication to a patient or patient's agent, verifies, checks, and initials the prescription medication label, as required in R4-23-402(A).

"Drug sample" means a unit of a prescription drug that a manufacturer provides free of charge to promote the sale of the drug.

"Durable medical equipment" or "DME" means technologically sophisticated medical equipment that may be used by a patient or consumer in a home or residence. DME may be prescription-only devices as defined in A.R.S. § 32-1901. DME includes:

Air-fluidized beds,

Apnea monitors,

Blood glucose monitors and diabetic testing strips,

Continuous Positive Airway Pressure (CPAP) machines,

Electronic and computerized wheelchairs and seating systems,

Feeding pumps,

Home phototherapy devices,

Hospital beds,

Infusion pumps,

Medical oxygen and oxygen delivery systems excluding compressed medical gases,

Nebulizers,

Respiratory disease management devices,

Sequential compression devices,

Transcutaneous electrical nerve stimulation (TENS) unit, and

Ventilators.

"Earned income" means monetary payments received by an individual as a result of work performed or rental property owned or leased by the individual, including:

Wages,

Commissions and fees,

Salaries and tips,

Profit from self-employment,

Profit from rent received from a tenant or boarder, and

Any other monetary payments received by an individual for work performed or rental of property.

"Electronic signature" has the same meaning as in A.R.S. § 44-7002.

"Eligible patient" means a patient who a pharmacist determines is eligible to receive an immunization using professional judgment after consulting with the patient regarding the patient's current health condition, recent health condition, and allergies.

"Emergency drug supply unit" means those drugs that may be required to meet the immediate and emergency therapeutic needs of long-term care facility residents and hospice inpatient facility patients, and which are not available from any other authorized source in sufficient time to prevent risk of harm to residents or patients.

"Extreme emergency" means the occurrence of a fire, water leak, electrical failure, public disaster, or other catastrophe constituting an imminent threat of physical harm to pharmacy personnel or patrons.

"Family unit" means:

A group of individuals residing together who are related by birth, marriage, or adoption; or

An individual who:

Does not reside with another individual; or

Resides only with another individual or group of individuals to whom the individual is unrelated by birth, marriage, or adoption.

"FDA" means the Food and Drug Administration, a federal agency within the United States Department of Health and Human Services, established to set safety and quality standards for foods, drugs, cosmetics, and other consumer products.

"Health care decision maker" has the same meaning as in A.R.S. § 12-2291.

"Health care institution" has the same meaning as in A.R.S. § 36-401.

"Hospice inpatient facility" means a health care institution licensed under A.R.S. § 36-401 and Article 8 that provides hospice services to a patient requiring inpatient services.

"Immediate notice" means a required notice sent by mail, fax, or electronic mail to the Board Office within 24 hours.

"Immunizations training program" means an immunization training program for pharmacists and interns that meets the requirements of R4-23-411(E).

"Inactive ingredient" means any component other than an "active ingredient" present in a drug.

"Internal test assessment" means performing quality assurance or other procedures necessary to ensure the integrity of a test.

"ISO Class 5 environment" means an atmospheric environment that complies with the ISO/TC209 International Cleanroom Standards, specifically ANSI/IEST/ISO-14644-1:1999: Cleanrooms and associated controlled environments--Part 1: Classification of air cleanliness, first edition dated May 1, 1999, (and no future amendments or editions), incorporated by reference and on file in the Board office.

"ISO Class 7 environment" means an atmospheric environment that complies with the ISO/TC209 International Cleanroom Standards, specifically ANSI/IEST/ISO-14644-1:1999: Cleanrooms and associated controlled environments--Part 1: Classification of air cleanliness, first edition dated May 1, 1999, (and no future amendments or editions), incorporated by reference and on file in the Board office.

"Licensed health care professional" means an individual who is licensed and regulated under A.R.S. Title 32, Chapter 7, 11, 13, 14, 15, 16, 17, 18, 25, 29, or 35.

"Limited-service correctional pharmacy" means a limited-service pharmacy, as defined in A.R.S. § 32-1901, that:

Holds a current Board permit under A.R.S. § 32-1931;

Is located in a correctional facility; and

Uses pharmacists, interns, and support personnel to compound, produce, dispense, and distribute drugs.

"Limited-service long-term care pharmacy" means a limited-service pharmacy, as defined in A.R.S. § 32-1901, that holds a current Board-issued permit and dispenses prescription medication or prescription-only devices to patients in long-term care facilities.

"Limited-service mail-order pharmacy" means a limited-service pharmacy, as defined in A.R.S. § 32-1901, that holds a current Board permit under A.R.S. § 32-1931 and dispenses a majority of its prescription medication or prescription-only devices by mailing or delivering the prescription medication or prescription-only device to an individual by the United States mail, a common or contract carrier, or a delivery service.

"Limited-service nuclear pharmacy" means a limited-service pharmacy, as defined in A.R.S. § 32-1901, that holds a current Board permit under A.R.S. § 32-1931 and provides radiopharmaceutical services.

"Limited-service pharmacy permittee" means a person who holds a current limited-service pharmacy permit in compliance with A.R.S. §§ 32-1929, 32-1930, 32-1931, and A.A.C. R4-23-606.

"Limited-service sterile pharmaceutical products pharmacy" means a limited-service pharmacy, as defined in A.R.S. § 32-1901, that holds a current Board permit under A.R.S. § 32-1931 and dispenses a majority of its prescription medication or prescription-only devices as sterile pharmaceutical products.

"Long-term care consultant pharmacist" means a pharmacist providing consulting services to a long-term care facility.

"Long-term care facility" or "LTCF" means a nursing care institution as defined in A.R.S. § 36-401.

"Lot" means a batch or any portion of a batch of a drug, or if a drug produced by a continuous process, an amount of drug produced in a unit of time or quantity in a manner that assures its uniformity. In either case, a lot is identified by a distinctive lot number and has uniform character and quality with specified limits.

"Lot number" or "control number" means any distinctive combination of letters or numbers, or both, from which the complete history of the compounding or manufacturing, control, packaging, and distribution of a batch or lot of a drug can be determined.

"Low-income subsidy" means Medicare-provided assistance that may partially or fully cover the costs of drugs and is based on the income of an individual and, if applicable, the individual's spouse.

"Materials approval unit" means any organizational element having the authority and responsibility to approve or reject components, in-process materials, packaging components, and final products.

"Mechanical counting device for a drug in solid, oral dosage form" means a mechanical device that counts drugs in solid, oral dosage forms for dispensing and includes an electronic balance when used to count drugs.

"Mechanical storage and counting device for a drug in solid, oral dosage form" means a mechanical device that stores and counts and may package or label drugs in solid, oral dosage forms for dispensing.

"Mediated instruction" means information transmitted via intermediate mechanisms such as audio or video tape or telephone transmission.

"Medical practitioner-patient relationship" means that before prescribing, dispensing, or administering a prescription-only drug, prescription-only device, or controlled substance to a person, a medical practitioner, as defined in A.R.S. § 32-1901, shall first conduct a physical examination of that person or have previously conducted a physical examination. This subdivision does not apply to:

A medical practitioner who provides temporary patient supervision on behalf of the patient's regular treating medical practitioner;

Emergency medical situations as defined in A.R.S. § 41-1831;

Prescriptions written to prepare a patient for a medical examination; or

Prescriptions written, prescription-only drugs, prescription-only devices, or controlled substances issued for use by a county or tribal public health department for immunization programs, emergency treatment, in response to an infectious disease investigation, public health emergency, infectious disease outbreak or act of bioterrorism. For purposes of this subsection, "bioterrorism" has the same meaning as in A.R.S. § 36-781.

"Medicare" means a federal health insurance program established under Title XVIII of the Social Security Act.

"Medication error" means any unintended variation from a prescription or medication order. Medication error does not

include any variation that is corrected before the medication is dispensed to the patient or patient's care-giver, or any variation allowed by law.

"Mobile pharmacy" means a pharmacy that is self-propelled or movable by another vehicle that is self-propelled.

"MPJE" means Multistate Pharmacy Jurisprudence Examination, a Board-approved national pharmacy law examination written and administered in cooperation with NABP.

"NABP" means National Association of Boards of Pharmacy.

"NABPLEX" means National Association of Boards of Pharmacy Licensure Examination.

"NAPLEX" means North American Pharmacist Licensure Examination.

"Order" means either of the following:

A prescription order as defined in A.R.S. § 32-1901; or

A medication order as defined in A.A.C. R4-23-651.

"Other designated personnel" means a non-pharmacist individual who is permitted in the pharmacy area, for a limited time, under the direct supervision of a pharmacist, to perform non-pharmacy related duties, such as trash removal, floor maintenance, and telephone or computer repair.

"Outpatient" means an individual who is not a residential patient in a health care institution.

"Outpatient setting" means a location that provides medical treatment to an outpatient.

"Patient profile" means a readily retrievable, centrally located information record that contains patient demographics, allergies, and medication profile.

"Pharmaceutical patient care services" means the provision of drug selection, drug utilization review, drug administration, drug therapy monitoring, and other drug-related patient care services intended to achieve outcomes related to curing or preventing a disease, eliminating or reducing a patient's symptoms, or arresting or slowing a disease process, by identifying and resolving or preventing potential and actual drug-related problems.

"Pharmaceutical product" means a medicinal drug.

"Pharmacy counter working area" means a clear and continuous working area that contains no major obstacles such as a desktop computer, computer monitor, computer keyboard, external computer drive device, printer, fax machine, pharmacy balance, typewriter, or pill-counting machine, but may contain individual documents or prescription labels, pens, prescription blanks, refill log, pill-counting tray, spatula, stapler, or other similar items necessary for the prescription-filling process.

"Pharmacy law continuing education" means a continuing education activity that addresses practice issues related to state or federal pharmacy statutes, rules, or regulations, offered by an Approved Provider.

"Pharmacy permittee" means a person who holds a current pharmacy permit that complies with A.R.S. §§ 32-1929, 32-1930, 32-1931, 32-1934, and R4-23-606 and R4-23-652.

"Physician" means a medical practitioner licensed under A.R.S. Title 32, Chapter 13 or 17.

"Physician-in-charge" means a physician who is responsible to the Board for all aspects of a prescription medication donation program required in A.R.S. § 32-1909 and operated in the physician's office or in a health care institution.

"Poverty level" means the annual family income for a family unit of a particular size, as specified in the poverty guidelines updated annually in the *Federal Register* by the U.S. Department of Health and Human Services.

"Precursor chemical" means a precursor chemical I as defined in A.R.S. § 13-3401(26) and a precursor chemical II as defined in A.R.S. § 13-3401(27).

"Prepackaged drug" means a drug that is packaged in a frequently prescribed quantity, labeled in compliance with A.R.S. §§ 32-1967 and 32-1968, stored, and subsequently dispensed by a pharmacist or intern under the supervision of a pharmacist, who verifies at the time of dispensing that the drug container is properly labeled, in compliance with A.R.S. § 32-1968, for the patient.

"Prep area" means a specified area either within an ISO class 7 environment or adjacent to but outside an ISO class 7 environment that:

Allows the assembling of necessary drugs, supplies, and equipment for compounding sterile pharmaceutical products, but does not allow the use of paper products such as boxes or bulk drug storage;

Allows personnel to don personnel protective clothing, such as gown, gloves, head cover, and booties before entering the clean compounding area; and

Is a room or a specified area within a room, such as an area specified by a line on the floor.

"Primary care provider" means the medical practitioner who is treating an individual for a disease or medical condition.

"Proprietor" means the owner of a business permitted by the Board under A.R.S. §§ 32-1929, 32-1930, 32-1931, and 32-1934.

"Provider pharmacy" means a pharmacy that contracts with a long-term care facility to supply prescription medication or other services for residents of a long-term care facility.

"Radiopharmaceutical" means any drug that emits ionizing radiation and includes:

Any nonradioactive reagent kit, nuclide generator, or ancillary drug intended to be used in the preparation of a radiopharmaceutical, but does not include drugs such as carbon-containing compounds or potassium-containing salts, that contain trace quantities of naturally occurring radionuclides; and

Any biological product that is labeled with a radionuclide or intended to be labeled with a radionuclide.

"Radiopharmaceutical quality assurance" means performing and interpreting appropriate chemical, biological, and physical tests on radiopharmaceuticals to determine the suitability of the radiopharmaceutical for use in humans and animals. Radiopharmaceutical quality assurance includes internal test assessment, authentication of product history, and appropriate record retention.

"Radiopharmaceutical services" means procuring, storing, handling, compounding, preparing, labeling, quality assurance testing, dispensing, distributing, transferring, recordkeeping,

and disposing of radiochemicals, radiopharmaceuticals, and ancillary drugs. Radiopharmaceutical services include quality assurance procedures, radiological health and safety procedures, consulting activities associated with the use of radiopharmaceuticals, and any other activities required for the provision of pharmaceutical care.

"Red C stamp" means a device used with red ink to imprint an invoice with a red letter C at least one inch high, to make an invoice of a Schedule III through IV controlled substance, as defined in A.R.S. § 36-2501, readily retrievable, as required by state and federal rules.

"Refill" means other than the original dispensing of the prescription order, dispensing a prescription order in the same quantity originally ordered or in multiples of the originally ordered quantity when specifically authorized by the prescriber, if the refill is authorized by the prescriber:

In the original prescription order;

By an electronically transmitted refill order that the pharmacist promptly documents and files; or

By an oral refill order that the pharmacist promptly documents and files.

"Regulated chemical" means the same as in A.R.S. § 13-3401(30).

"Remodel" means to alter structurally the pharmacy area or location.

"Remote drug storage area" means an area that is outside the premises of the pharmacy, used for the storage of drugs, locked to deny access by unauthorized persons, and secured against the use of force.

"Resident" means:

An individual admitted to and living in a long-term care facility or an assisted living facility,

An individual who has a place of habitation in Arizona and lives in Arizona as other than a tourist, or

A person that owns or operates a place of business in Arizona.

"Responsible person" means the owner, manager, or other employee who is responsible to the Board for a permitted establishment's compliance with the laws and administrative rules of this state and of the federal government pertaining to distribution of drugs, devices, precursor chemicals, and regulated chemicals. Nothing in this definition relieves other individuals from the responsibility to comply with state and federal laws and administrative rules.

"Score transfer" means the process that enables an applicant to take the NAPLEX in a jurisdiction and be eligible for licensure by examination in other jurisdictions.

"Security features" means attributes incorporated into the paper of a prescription order, referenced in A.R.S. § 32-1968(A)(4), that are approved by the Board or its staff and include one or more of the following designed to prevent duplication or aid the authentication of a paper document: laid lines, enhanced laid lines, thermochromic ink, artificial watermark, fluorescent ink, chemical void, persistent void, penetrating numbers, high-resolution border, high-resolution latent images, micro-printing, prismatic printing, embossed images, abrasion ink, holograms, and foil stamping.

"Shared order filling" means the following:

Preparing, packaging, compounding, or labeling an order, or any combination of these functions, that are performed by:

A person with a current Arizona Board license, located at an Arizona pharmacy, on behalf of and at the request of another resident or nonresident pharmacy; or

A person, located at a nonresident pharmacy, on behalf of and at the request of an Arizona pharmacy; and

Returning the filled order to the requesting pharmacy for delivery to the patient or patient's care-giver or, at the request of this pharmacy, directly delivering the filled order to the patient.

"Shared order processing" means the following:

Interpreting the order, performing order entry verification, drug utilization review, drug compatibility and drug allergy review, final order verification, and when necessary, therapeutic intervention, or any combination of these order processing functions, that are performed by:

A pharmacist or intern, under pharmacist supervision, with a current Arizona Board license, located at an Arizona pharmacy, on behalf of and at the request of another resident or nonresident pharmacy: or

A pharmacist or intern, under pharmacist supervision, located at a nonresident pharmacy, on behalf of and at the request of an Arizona pharmacy; and

After order processing is completed, returning the processed order to the requesting pharmacy for order filling and delivery to the patient or patient's caregiver or, at the request of this pharmacy, returning the processed order to another pharmacy for order filling and delivery to the patient or patient's caregiver.

"Shared services" means shared order filling or shared order processing, or both.

"Sight-readable" means that an authorized individual is able to examine a record and read its information from a CRT, microfiche, microfilm, printout, or other method acceptable to the Board or its designee.

"Single-drug audit" means an accounting method that determines the numerical and percentage difference between a drug's beginning inventory plus purchases and ending inventory plus sales.

"Single-drug usage report" means a computer system printout of original and refill prescription order usage information for a single drug.

"Standard-risk sterile pharmaceutical product" means a sterile pharmaceutical product compounded from sterile commercial drugs using sterile commercial devices or a sterile pharmaceutical optic or ophthalmic product compounded from non-sterile ingredients.

"State of emergency" means a governmental declaration issued under A.R.S. § 32-1910 as a result of a natural disaster or terrorist attack that results in individuals being unable to refill existing prescriptions.

"Sterile pharmaceutical product" means a medicinal drug free from living biological organisms.

"Strength" means:

The concentration of the drug substance (for example, weight/weight, weight/volume, or unit dose/volume basis); or

The potency, that is, the therapeutic activity of a drug substance as indicated by bioavailability tests or by controlled clinical data (expressed, for example, in terms of unity by reference to a standard).

"Substantial-risk sterile pharmaceutical product" means a sterile pharmaceutical product compounded as a parenteral or injectable dosage form from non-sterile ingredients.

"Supervision" means a pharmacist is present, assumes legal responsibility, and has direct oversight of activities relating to acquiring, preparing, distributing, administering, and selling prescription medications by interns, pharmacy technicians, or pharmacy technician trainees and when used in connection with the intern training requirements means that, in a pharmacy where intern training occurs, an intern preceptor assumes the primary responsibility of teaching the intern during the entire period of the training.

"Supplying" means selling, transferring, or delivering to a patient or a patient's agent one or more doses of:

A nonprescription drug in the manufacturer's original container for subsequent use by the patient, or

A compressed medical gas in the manufacturer's or compressed medical gas distributor's original container for subsequent use by the patient.

"Support personnel" means an individual, working under the supervision of a pharmacist, trained to perform clerical duties associated with the practice of pharmacy, including cashiering, bookkeeping, pricing, stocking, delivering, answering nonprofessional telephone inquiries, and documenting third-party reimbursement. Support personnel shall not perform the tasks of a pharmacist, intern, pharmacy technician, or pharmacy technician trainee.

"Temporary pharmacy facility" means a facility established as a result of a declared state of emergency to temporarily provide pharmacy services within or adjacent to declared disaster areas.

"Tourist" means an individual who is living in Arizona but maintains a place of habitation outside of Arizona and lives outside of Arizona for more than six months during a calendar year.

"Transfill" means a manufacturing process by which one or more compressed medical gases are transferred from a bulk container to a properly labeled container for subsequent distribution or supply.

"Unearned income" means monetary payment received by an individual that is not compensation for work performed or rental of property owned or leased by the individual, including:

Unemployment insurance,

Workers' compensation,

Disability payments,

Payments from the Social Security Administration,

Payments from public assistance,

Periodic insurance or annuity payments,

Retirement or pension payments,

Strike benefits from union funds,

Training stipends,

Child support payments,

Alimony payments,

Military family allotments,

Regular support payments from a relative or other individual not residing in the household,

Investment income,

Royalty payments,

Periodic payments from estates or trusts, and

Any other monetary payments received by an individual that are not:

As a result of work performed or rental of property owned by the individual,

Gifts,

Lump-sum capital gains payments,

Lump-sum inheritance payments,

Lump-sum insurance payments, or

Payments made to compensate for personal injury.

"Verified signature" or "signature verifying" means in relation to a Board license or permit application or report, form, or agreement, the hand-written or electronic signature of an individual who, by placing a hand-written or electronic signature on a hard-copy or electronic license or permit application or report, form, or agreement agrees with and verifies that the statements and information within or attached to the license or permit application or report, form, or agreement are true in every respect and that inaccurate reporting can result in denial or loss of a license or permit or report, form, or agreement.

"Veteran" means an individual who has served in the United States Armed Forces.

"Virtual manufacturer" means an entity that contracts for the manufacture of a drug or device for which the entity:

Owns the New Drug Application or Abbreviated New Drug Application number, as defined by the FDA, for a drug;

Owns the Unique Device Identification number, as defined by the FDA, for a prescription device;

Is not involved in the physical manufacture of the drug or device; and

Contracts with an Arizona-permitted manufacturing entity for the physical manufacture of the drug or device; or

If the contracted manufacturing entity is in a location not included in the definition at A.R.S. 32-1901 of other jurisdiction, the virtual manufacturer ensures the facility is inspected every time the virtual manufacturer submits an initial or renewal application and determined to comply with current good manufacturing practices as defined by the federal act and the official compendium.

Virtual manufacturer includes an entity that may be identified as an own-label distributor, which contracts with a manufacturer to produce a drug or device and with another entity to package and label the drug or device, which is then sold under the distributor's name or another name.

"Virtual wholesaler" means an entity that engages in the wholesale distribution of a drug or device in, into, or out of Arizona but does not take physical possession of the drug or device. A virtual wholesaler distributes a drug or device only from a Board-permitted facility to:

A Board-permitted pharmacy, drug manufacturer, full-service drug wholesaler, or non-prescription drug wholesaler; or

A medical practitioner licensed under A.R.S. Title 32; and

Virtual wholesaler includes an entity that may be identified as a broker that buys and sells goods for others or a person that facilitates distribution of a drug, chemical, or device regulated by the Board.

"Wholesale distribution" means distribution of a drug to a person other than a consumer or patient, but does not include:

Selling, purchasing, or trading a drug or offering to sell, purchase, or trade a drug for emergency medical reasons. For purposes of this Section, "emergency medical reasons" includes transferring a prescription drug by a community or hospital pharmacy to another community or hospital pharmacy to alleviate a temporary shortage;

Selling, purchasing, or trading a drug, offering to sell, purchase, or trade a drug, or dispensing a drug as specified in a prescription;

Distributing a drug sample by a manufacturers' or distributors' representative; or

Selling, purchasing, or trading blood or blood components intended for transfusion.

"Wholesale distributor" means any person engaged in wholesale distribution of drugs, including: manufacturers; repackers; own-label distributors; private-label distributors; jobbers; brokers; warehouses, including manufacturers' and distributors' warehouses, chain drug warehouses, and wholesale drug warehouses; independent wholesale drug traders; and retail pharmacies that conduct wholesale distributions in the amount of at least 5% of gross sales.

**Historical Note**

**R4-23-111. Notice of Hearing**

**A.** Except as provided in A.R.S. § 32-1928(B), the Board shall revoke, suspend, place on probation, or fine a licensee or permittee only after:
1. Notice is served under this Section, and
2. A hearing is conducted under R4-23-122.

**B.** The Board shall give notice of hearing to a party at least 30 days before the date set for the hearing in the manner described in R4-23-115(E) and (F). The notice shall include:
1. A statement of the date, time, place, and nature of the hearing;
2. A statement of the legal authority and jurisdiction for the hearing;
3. A reference to the particular section or sections of statute and rule involved; and
4. A statement of the violation or issue asserted by the Board.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-112. Ex Parte Communications**
A party shall not communicate, either directly or indirectly, with a Board member about any substantive issue in a pending matter unless:
1. All parties are present;
2. It is during a scheduled proceeding, where an absent party fails to appear after proper notice; or
3. It is by written motion with copies to all parties.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-113. Motions**
**A.** Purpose. A party requesting a ruling from the Board shall file a motion. Motions may be made for rulings such as:
1. Continuing or expediting a hearing under R4-23-116;
2. Vacating a hearing under R4-23-117;
3. Scheduling a prehearing conference under R4-23-118;
4. Quashing a subpoena under R4-23-119;
5. Requesting telephonic testimony under R4-23-120; and
6. Reconsidering a previous order under R4-23-121.

**B.** Form. Unless made during a prehearing conference or hearing, motions shall be made in writing and shall conform to the requirements of R4-23-115. All motions, whether written or oral, shall state the factual and legal grounds supporting the motion, and the requested action.

**C.** Time limits. Absent good cause, or unless otherwise provided by law or these rules, written motions shall be filed with the Board office at least 15 days before the hearing. A party demonstrates good cause by showing that the grounds for the motion could not have been known in time, using reasonable diligence and:
1. A ruling on the motion will further administrative convenience, expedition or economy; or
2. A ruling on the motion will avoid undue prejudice to any party.

**D.** Response to motion. A party shall file a written response stating any objection to the motion within five days of service, or as directed by the Board.

**E.** Oral argument. A party may request oral argument when filing a motion or response. If necessary to develop a complete record, the Board shall grant oral argument.

**F.** Rulings. Rulings on motions, other than those made during a prehearing conference or the hearing, shall be in writing and served on all parties.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-114. Computing Time**
In computing any time period, the Board shall exclude the day from which the designated time period begins to run. The Board shall include the last day of the period unless it falls on a Saturday, Sunday, or legal holiday. When the time period is 10 days or less, the Board shall exclude Saturdays, Sundays, and legal holidays.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-115. Filing Documents**
**A.** Docket. The Board shall open a docket for each hearing. All documents filed in a matter with the Board shall be date stamped on the day received by the Board office and entered in the docket.

**B.** Definition. "Documents" include papers such as complaints, answers, motions, responses, notices, and briefs.

**C.** Form. A party shall state on the document the name and address of each party served and how service was made under subsection (E). A document shall contain the Board caption and the Board's docket number.

**D.** Signature. A document filed with the Board shall be signed by the party or the party's attorney. A signature constitutes a certification that the signer has read the document, has a good faith basis for submission of the document, and that it is not filed for the purpose of delay or harassment.

**E.** Filing and service. A copy of a document filed with the Board shall be served on all parties. Filing with the Board office and service shall be completed by personal delivery; first-class, certified, or express mail; or facsimile.

**F.** Date of filing and service. A document is filed with the Board on the date it is received by the Board office, as established by the Board office's date stamp on the face of the document. A copy of a document is served on a party as follows:
1. On the date it is personally served,
2. Five days after it is mailed by first-class or express mail,
3. On the date of the return receipt if it is mailed by certified mail, or
4. On the date indicated on the facsimile transmission.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-116. Continuing or Expediting a Hearing; Reconvening a Hearing**
**A.** Continuing or expediting a hearing. When ruling on a motion to continue or expedite, the Board shall consider such factors as:
1. The time remaining between the filing of the motion and the hearing date;
2. The position of other parties;
3. The reasons for expediting the hearing or for the unavailability of the party, representative, or counsel on the date of the scheduled hearing;
4. Whether testimony of an unavailable witness can be taken telephonically or by deposition; and
5. The status of settlement negotiations.

**B.** Reconvening a hearing. The Board may recess a hearing and reconvene at a future date by a verbal ruling.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-117. Vacating a Hearing**
The Board shall vacate a calendared hearing and return the matter to the Board office for further action, if:
1. The parties agree to vacate the hearing;
2. The Board dismisses the matter;
3. The non-Board party withdraws the appeal; or
4. Facts demonstrate to the Board that it is appropriate to vacate the hearing for the purpose of informal disposition, or if the action will further administrative convenience, expedition, and economy and does not conflict with law or cause undue prejudice to any party.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-118. Prehearing Conference**

**A.** Procedure. The Board may hold a prehearing conference. The conference may be held telephonically. The Board may issue a prehearing order outlining the issues to be discussed.

**B.** Record. The Board may record any agreements reached during a prehearing conference by electronic or mechanical means, or memorialize them in an order.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-119. Subpoenas**

**A.** Form. A party wanting the Board to issue a subpoena shall submit a written request to the Board and include:
1. The caption and docket number of the matter;
2. A list or description of any documents sought;
3. The full name and home or business address of the custodian of the documents sought or all persons to be subpoenaed;
4. The date, time, and place to appear or to produce documents according to the subpoena; and
5. The name, address, and telephone number of the party, or the party's attorney, requesting the subpoena.

**B.** The Board may require a brief statement of the relevance of testimony or documents requested.

**C.** Service of subpoena. The Board shall serve a subpoena in a manner allowed by law.

**D.** Objection to subpoena. If a party or the person served with a subpoena objects to the subpoena or any portion of the subpoena, the party or person may file an objection with the Board within five days after service of the subpoena or at the start of the hearing if the subpoena is served fewer than five days before the hearing.

**E.** Quashing or modifying subpoenas. The Board shall quash or modify a subpoena if:
1. It is unreasonable or oppressive, or
2. The desired testimony or evidence may be obtained by an alternative method.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 30 A.A.R. 155 (January 26, 2024), effective March 4, 2024 (Supp. 24-1).

**R4-23-120. Telephonic Testimony**

The Board may grant a motion for telephonic testimony if:
1. Personal attendance by a party or witness at the hearing will present an undue hardship for the party or witness;
2. Telephonic testimony will not cause undue prejudice to any party; and
3. The proponent of the telephonic testimony pays for any cost of obtaining the testimony telephonically.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-121. Rights and Responsibilities of Parties**

**A.** Generally. A party may present testimony and documentary evidence and argument with respect to the contested issue and may examine and cross-examine witnesses.

**B.** Preparation. A party shall have all witnesses, documents, and exhibits available on the date of the hearing.

**C.** Exhibits. A party shall provide a copy of each exhibit to all other parties at the time the exhibit is offered to the Board, unless the exhibit was previously provided to all other parties.

**D.** Responding to orders. A party shall comply with an order issued by the Board concerning the conduct of a hearing. Unless an objection is made orally during a pre-hearing conference or hearing, a party shall file a motion requesting the Board to reconsider the order.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-122. Conduct of Hearing**

**A.** Public access. Unless otherwise provided by law, all hearings are open to the public and may be conducted in an informal manner as prescribed in A.R.S. § 41-1092 et seq.

**B.** Opening. The Board shall begin the hearing by reading the caption, stating the nature and scope of the hearing, and identifying the parties, counsel, and witnesses for the record.

**C.** Stipulations. The Board shall enter into the record any stipulation, settlement agreement, or consent order entered into by any of the parties before or during the hearing.

**D.** Opening statements. The party with the burden of proof may make an opening statement at the beginning of a hearing. All other parties may make statements in a sequence determined by the Board.

**E.** Order of presentation. After opening statements, the party with the burden of proof shall begin the presentation of evidence, unless the parties agree otherwise or the Board determines that requiring another party to proceed first would be more expeditious or appropriate, and would not prejudice any other party. Copies of documentary evidence may be received in the discretion of the Board. Upon request, parties shall be given an opportunity to compare the copy with the original.

**F.** Examination. A party shall conduct direct and cross examination of witnesses in the order and manner determined by the Board to expedite and ensure a fair hearing. The Board shall make rulings necessary to prevent argumentative, repetitive, or irrelevant questioning and to expedite the examination to the extent consistent with the disclosure of all relevant testimony and information. The Board may take notice of judicially cognizable facts. In addition, the Board may take notice of generally recognized technical or scientific facts within the Board's or its staff's specialized knowledge. A party shall be notified either before or during the hearing or by reference in preliminary reports of the material the Board notices. The Board may use the Board's or its staff's experience, technical competence, and specialized knowledge in the evaluation of the evidence.

**G.** Closing argument. When all evidence has been received, parties shall have the opportunity to present closing oral argument, in a sequence determined by the Board. The Board may permit or require closing oral argument to be supplemented by written memoranda. The Board may permit or require written memoranda to be submitted simultaneously or sequentially, within time periods the Board may prescribe.

**H.** Conclusion of hearing. Unless otherwise provided by the Board, the hearing is concluded upon the submission of all evidence, the making of final argument, and the issuing of a final decision or order of the Board.

**I.** Decisions and orders. Unless otherwise provided by law, any final decisions or order adverse to a party in a hearing shall be in writing or stated in the record. Any final decision shall

include findings of fact and conclusions of law, separately stated. Findings of fact shall be accompanied by a concise and explicit statement of the underlying facts supporting the findings. Unless otherwise provided by law, each party shall be notified either personally or by mail to the party's last known address of record of any decision or order. Upon request, a copy of the decision or order shall be delivered or mailed to each party and to each party's attorney of record.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-123. Failure of Party to Appear for Hearing**
If a party fails to appear at a hearing, the Board may proceed with the presentation of the evidence of the appearing party, or vacate the hearing and return the matter to the Board office for any further action.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-124. Witnesses; Exclusion from Hearing**
All witnesses at the hearing shall testify under oath or affirmation. At the request of a party, or at the discretion of the Board, the Board may exclude witnesses who are not parties from the hearing room so that they cannot hear the testimony of other witnesses.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-125. Proof**
**A.** Standard of proof. Unless otherwise provided by law, the standard of proof is a preponderance of the evidence.
**B.** Burden of proof. Unless otherwise provided by law:
1. The party asserting a claim, right, or entitlement has the burden of proof;
2. A party asserting an affirmative defense has the burden of establishing the affirmative defense; and
3. The proponent of a motion shall establish the grounds to support the motion.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-126. Disruptions**
A person shall not interfere with access to or from the hearing room, or interfere, or threaten interference with the hearing. If a person interferes, threatens interference, or disrupts the hearing, the Board may order the disruptive person to leave or be removed.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-127. Hearing Record**
**A.** Maintenance. The Board shall maintain the official administrative record of a matter.
**B.** Transfer of record. Any party requesting a copy of the administrative record or any portion of the administrative record shall make a request to the Board office and shall pay the reasonable costs of duplication.
**C.** Release of exhibits. Exhibits shall be released:
1. Upon the order of a court of competent jurisdiction; or
2. Upon motion of the party who submitted the exhibits if the time for judicial appeal has expired and no appeal is pending.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-128. Rehearing or Review and Appeal of Decision**
**A.** The Board shall provide for a rehearing and review of it decisions under A.R.S. Title 41, Chapter 6, Article 10, and this Section. For purposes of these rules, the terms "contested case" and "party" are defined in A.R.S. § 41-1001.
**B.** A party to a contested case shall exhaust the party's administrative remedies by filing a motion for rehearing or review within 30 days after the service of the Board decision that is subject to rehearing or review in order to be eligible for judicial review under A.R.S. Title 12, Chapter 7, Article 6. The Board shall notify a party in its decision, that is subject to rehearing or review, that the party may file a motion for rehearing or review, and that failure to file a motion for rehearing or review within 30 days after service of the decision has the effect of prohibiting the party from seeking judicial review of the Board's decision.
**C.** A party may amend a motion for rehearing or review at any time before the Board rules on the motion.
**D.** The Board may grant a rehearing or review for any of the following reasons materially affecting a party's rights:
1. Irregularity in the proceedings of the Board, or any order or abuse of discretion, that deprived the moving party of a fair hearing;
2. Misconduct of the Board, its staff, its hearing officer, or the prevailing party;
3. Accident or surprise that could not have been prevented by ordinary prudence;
4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the hearing;
5. Excessive or insufficient penalty;
6. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the progress of the proceedings;
7. That the Board's decision is a result of passion or prejudice; or
8. That the findings of fact or decision is not justified by the evidence or is contrary to law.
**E.** The Board may affirm or modify a decision or grant a rehearing to all or any of the parties on all or part of the issues for any of the reasons in subsection (D). An order modifying a decision or granting a rehearing shall specify with particularity the grounds for the order.
**F.** If a motion for rehearing or review is based upon affidavits, they shall be served with the motion. An opposing party may, within 15 days after service, serve opposing affidavits. The Board may extend this period for a maximum of 20 days, for good cause as described in subsection (I).
**G.** Not later than 10 days after the date of a decision, after giving parties notice and an opportunity to be heard, the Board may grant a rehearing or review on its own initiative for any reason for which it might have granted relief on the motion of a party. The Board may grant a motion for rehearing or review, timely served, for a reason not stated in the motion.
**H.** If a rehearing is granted, the Board shall hold the rehearing within 60 days after the order granting the rehearing is issued.

**I.** The Board may extend all time limits listed in this Section upon a showing of good cause. A party demonstrates good cause by showing that the grounds for the party's motion or other action could not have been known in time, using reasonable diligence, and a ruling on the motion will:
1. Further administrative convenience, expedition, or economy; or
2. Avoid undue prejudice to any party.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-129. Notice of Judicial Appeal; Transmitting the Transcript**

**A.** Notification to the Board office. Within 10 days of filing a complaint for judicial review of a final administrative decision of the Board, the party shall file a copy of the complaint with the Board office. The Board office shall then transmit the administrative record to the Superior Court.

**B.** Transcript. A party requesting a transcript shall arrange for transcription at the party's expense. The Board office shall make a copy of the audio taped record available to the transcriber. The party arranging for transcription shall deliver the transcript, certified by the transcriber under oath to be a true and accurate transcription of the audio taped record, to the Board office, together with one unbound copy.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

## ARTICLE 2. PHARMACIST LICENSURE

**R4-23-201. General**

**A.** License required. Before practicing as a pharmacist in Arizona, a person shall possess a valid pharmacist license issued by the Board.

**B.** Methods of licensure. Licensure as a pharmacist shall be by:
1. Examination using a Board-approved testing method; or
2. Reciprocity, as provided under A.R.S. § 32-1922(B).

**C.** The Board may reinstate the license of a pharmacist who is practicing pharmacy in another jurisdiction and has an Arizona license that lapsed at least five years ago if the pharmacist:
1. Passes the MPJE or other Board-approved jurisprudence examination, and
2. Pays all fees and penalties specified under A.R.S. § 32-1925(C).

**D.** The Board may reinstate the license of a pharmacist who has not practiced pharmacy within the last 12 months before seeking reinstatement and whose Arizona license lapsed at least five years ago if the pharmacist:
1. Completes the requirements in subsection (C), and
2. Appears before the Board to furnish satisfactory proof of fitness to be licensed as a pharmacist.

**E.** Verification of license. A pharmacy permittee or pharmacist-in-charge shall not allow a person to practice as a pharmacist until the pharmacy permittee or pharmacist-in-charge verifies the person is currently licensed by the Board as a pharmacist.

**Historical Note**

Former Rules 2.1100, 2.1310, 2.1320, and 2.1400. Amended effective August 23, 1978 (Supp. 78-4). Amended by deleting subsection (E) effective April 20, 1982 (Supp. 82-2). Amended subsections (C) and (D) effective August 12, 1988 (Supp. 88-3). Amended effective February 8, 1991 (Supp. 91-1). Amended effective January 12, 1998 (Supp. 98-1). Amended by final rulemaking at 10 A.A.R. 4356, effective December 4, 2004 (Supp. 04-4). Amended by final rulemaking at 19 A.A.R. 2911, effective November 10, 2013 (Supp. 13-3). Amended by final rulemaking at 30 A.A.R. 155 (January 26, 2024), effective March 4, 2024 (Supp. 24-1).

**R4-23-202. Licensure by Examination**

**A.** Eligibility. To be eligible for licensure as a pharmacist by examination, a person shall:
1. Have a degree in pharmacy from an approved school or college of pharmacy; or
2. Qualify under the requirements of A.R.S. § 32-1922(D).

**B.** Application.
1. An applicant for licensure by examination shall:
   a. Submit a completed application on a form furnished by the Board, and
   b. Submit with the application form:
      i. The documents specified in the application form, and
      ii. The application fee specified in R4-23-205.
2. The Board office shall deem an application form received on the date the Board office electronically or manually date-stamps the form.
3. An applicant for licensure by examination shall register for the NAPLEX and jurisprudence examination through NABP's registration process. When NABP determines the applicant is eligible to test, NABP will issue an authorization to test.
4. The Board shall deem an application for licensure by examination invalid 12 months after the date the application is received. An applicant whose application form is invalid and who wishes to continue licensure procedures, shall submit a new application form and fee as specified under subsection (B)(1).

**C.** Passing grade; notification; re-examination.
1. To pass the required examinations, an applicant shall receive a passing grade on both the NAPLEX and jurisprudence examination.
2. The Board office shall retrieve an applicant's NAPLEX and jurisprudence examination scores from the NABP database no later than two weeks after the applicant's examination date.
3. An applicant who fails the NAPLEX or jurisprudence examination may register with the NABP to retake the examination within the 12-month period defined in subsection (B)(4). An applicant who fails the NAPLEX or jurisprudence examination three times shall petition the Executive Director as specified in R4-23-401 for approval before retaking the examination. If the applicant fails the NAPLEX or jurisprudence examination four times, the applicant shall petition the Board as specified in R4-23-401 for Board consideration before taking the examination for a last time.
4. For the purpose of licensure by examination, the Board office shall deem a passing score on the NAPLEX or jurisprudence examination invalid 24 months after the applicant's examination date. An applicant who fails to complete the licensure process within the 24-month period, and who wishes to continue licensure procedures, shall retake the examination or examinations.

**D.** NAPLEX score transfer.
1. The Board office shall deem a score transfer received on the date the NABP transmits the applicant's official score transfer report to the Board office.

2. An applicant who receives a passing score on the NAPLEX taken in another jurisdiction shall, within 12 months after the date the Board office receives the applicant's official NABP score transfer report, make application for licensure according to subsection (B). After 12 months, an applicant may reapply for licensure in this state under the provisions of subsection (B) or R4-23-203(B).

**E.** Licensure.
1. The Board office shall issue a certificate of licensure and a wall license to a successful applicant.
2. A licensee shall maintain the certificate of licensure in the practice site for inspection by the Board or its designee or review by the public.

**F.** Time frames for licensure by examination.
1. The Board office shall complete an administrative completeness review within 60 days after the date the application form is received.
   a. The Board office shall issue a written notice of administrative completeness to the applicant if no deficiencies are found in the application form.
   b. If the application form is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 60-day time frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.
   c. If the Board office does not provide the applicant with written notice regarding administrative completeness, the application form shall be deemed complete 60 days after receipt by the Board office.
2. An applicant with an incomplete application form shall submit all of the missing information within 90 business days after service of the notice of incompleteness. If an applicant cannot submit all missing information within 90 business days after service of the notice of incompleteness, the applicant may send a written notice of a 30-day extension to the Board office postmarked or delivered no later than 90 business days after service of the notice of incompleteness.
3. If an applicant fails to submit a complete application form within the time allowed under subsection (F)(2), the Board office shall close the applicant's file. An applicant whose file is closed and who later wishes to obtain a license shall apply again according to subsection (B).
4. The Board office shall complete a substantive review of the applicant's qualifications in no more than 120 days after the date on which the administrative completeness review of an application form is complete.
   a. The Board office shall deem the application invalid 12 months after the date the application for licensure by examination is received.
   b. If the Board office finds deficiencies during the substantive review of the applicant's qualifications, the Board office shall issue a written request to the applicant for additional documentation.
   c. The 120-day time frame for a substantive review is suspended from the date of a written request for additional documentation until the date all documentation is received. The applicant shall submit the additional documentation according to subsection (F)(2).
   d. If the applicant and the Board office agree in writing, the 120-day substantive review time frame may be extended once for no more than 45 days.
5. For the purpose of A.R.S. § 41-1072 et seq., the Board establishes the following time frames for licensure by examination.
   a. Administrative completeness review time frame: 60 days.
   b. Substantive review time frame: 120 days.
   c. Overall time frame: 180 days.

**G.** License renewal.
1. To renew a license, a pharmacist shall submit a completed license renewal application on a form furnished by the Board with the biennial renewal fee specified in R4-23-205.
2. If the biennial renewal fee is not paid by November 1 of the renewal year specified in A.R.S. § 32-1925, the pharmacist license is suspended and the licensee shall not practice as a pharmacist. The suspended licensee shall pay a reinstatement penalty as provided in A.R.S. § 32-1925 and R4-23-205 to vacate the suspension.
3. A licensee shall maintain the renewal certificate of licensure in the practice site for inspection by the Board or its designee or review by the public.
4. Time frames for license renewals. The Board office shall follow the time frames established in subsection (F) when processing a renewal application.

**R4-23-203. Licensure by Reciprocity**

**A.** Eligibility. A person is eligible for licensure by reciprocity if the person is licensed as a pharmacist in another jurisdiction and qualified under A.R.S. § 32-1922(B).

**B.** Application. An applicant for licensure by reciprocity shall comply with R4-23-202(B).

**C.** Passing grade; notification; re-examination. An applicant for licensure by reciprocity shall comply with R4-23-202(C) regarding the jurisprudence examination.

**D.** Licensure. The provisions of R4-23-202(E) apply for an applicant for licensure by reciprocity.

**E.** Time frames for licensure by reciprocity. The Board office shall follow the time frames established in R4-23-202(F).

**F.** License renewal. The procedure specified in R4-23-202(G) applies.

Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 30 A.A.R. 155 (January 26, 2024), effective March 4, 2024 (Supp. 24-1).

**R4-23-204. Continuing Education Requirements**

**A.** Under A.R.S. § 32-1936, continuing professional pharmacy education is mandatory for all licensees.
1. General continuing education requirement. In accordance with A.R.S. § 32-1925(F), the Board shall not renew a license unless the licensee has, during the two years preceding the application for renewal, participated in 30 contact hours (3.0 CEUs) of continuing education activity sponsored by an Approved Provider as defined in R4-23-110.
2. Special continuing education requirement. The Board shall not renew a license unless:
   a. A licensee certified under R4-23-411 to administer immunizations, vaccines, and emergency medications has participated in at least two contact hours of continuing education activity related to administering immunizations, vaccines, and emergency medications;
   b. A licensee authorized to dispense controlled substances has participated in at least three contact hours of opioid-related, substance use disorder-related, or addiction-related continuing education activity; and
   c. A licensee who dispenses self-administered hormonal contraceptives under a standing prescription order has participated in at least three contact hours of continuing education activity related to self-administered hormonal contraceptives.
3. A pharmacist is exempt from the continuing education requirement in subsections (A)(1) and (2) between the time of initial licensure and first renewal.

**B.** Acceptance of continuing education units CEUs. The Board shall:
1. Accept CEUs for continuing education activities sponsored only by an Approved Provider;
2. Accept CEUs accrued only during the two-year period immediately before licensure renewal;
3. Not allow CEUs accrued in a biennial renewal period to be carried forward to the succeeding biennial renewal period;
4. Allow a pharmacist who leads, instructs, or lectures to a group of health professionals on pharmacy-related topics in a continuing education activity sponsored by an Approved Provider to receive CEUs for a presentation by following the same attendance procedures as any other attender of the continuing education activity; and
5. Not accept as CEUs the performance of normal teaching duties within a learning institution by a pharmacist whose primary responsibility is the education of health professionals.

**C.** Continuing education records and reporting CEUs. A pharmacist shall:
1. Maintain continuing education records that:
   a. Verify the continuing education activities the pharmacist participated in during the preceding five years; and
   b. Consist of a statement of credit or a certificate issued by an Approved Provider at the conclusion of a continuing education activity;
2. At the time of licensure renewal, attest to the number of CEUs the pharmacist participated in during the renewal period on the biennial renewal form; and
3. When requested by the Board office, submit proof of continuing education participation within 20 days of the request.

**D.** The Board may revoke, suspend, or place on probation the license of a pharmacist who fails to comply with continuing education participation, recording, or reporting requirements of this Section.

**E.** A pharmacist who is aggrieved by any decision of the Board or its administrative staff concerning continuing education units may request a hearing before the Board.

**Historical Note**

Adopted effective September 1, 1981 (Supp. 81-5). Amended effective March 13, 1991 (Supp. 91-1). Amended by final rulemaking at 8 A.A.R. 409 and 8 A.A.R. 646, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 26 A.A.R. 223, effective March 14, 2020 (Supp. 20-1). Amended by final rulemaking at 29 A.A.R. 1655 (July 28, 2023), with an immediate effective date of July 5, 2023 (Supp. 23-3).

**R4-23-205. Fees and Charges**

**A.** The Board establishes and shall collect the full biennial fee for all initial and renewal license and permit applications listed in subsections (B) and (C).

**B.** Licensure fees:
1. Pharmacist:
   a. Initial licensure: $180.
   b. Licensure renewal: $180.
2. Intern. Initial licensure: $50.
3. Pharmacy technician:
   a. Initial licensure: $72.
   b. Licensure renewal: $72.
4. Temporary license valid for 30 days:
   a. Pharmacist: $120.
   b. Intern: $50.
   c. Pharmacy technician: $50.

**C.** Vendor permit fees (Resident and nonresident):
1. Pharmacy: $480 biennially (Including hospital, and limited service).

2. Drug wholesaler or manufacturer:
   a. Manufacturer: $1000 biennially.
   b. Full-service drug wholesaler: $1000 biennially.
   c. Nonprescription drug wholesaler: $500 biennially.
3. Drug packager or repackager: $1000 biennially.
4. Compressed medical gas distributor: $200 biennially.
5. Durable medical equipment and compressed medical gas supplier: $100 biennially.
6. Third-party logistics provider: $1000 biennially.
7. Automated prescription-dispensing kiosk: $480 biennially.

**D.** Pharmacy technician trainee 36-month, non-renewable, registration: $25.
**E.** Reciprocity fee: $150.
**F.** Application fee: $50.
**G.** Certificate fees:
1. Certificate of free sale: $200 per certificate.
2. Certificate of good manufacturing practice: $200 per certificate.

**H.** Charges for services:
1. Wall license.
   a. Pharmacist: $20.
   b. Intern: $10.
   c. Pharmacy technician: $10.
2. Duplicate of any Board-issued certificate: $10.
3. License, permit, or certificate verification: $15.

**I.** Fees are not refunded under any circumstances except for the Board's failure to comply with its established licensure or permit time frames under R4-23-202 or R4-23-602.
**J.** Penalty. A renewal application submitted after the expiration date is subject to a penalty as provided in A.R.S. §§ 32-1925 and 32-1931.
1. Licensee: A penalty equal to half the licensee's biennial licensure renewal fee under subsection (B) and not to exceed $350.
2. Permittee: A penalty equal to half the permittee's biennial permit fee under subsection (C) and not to exceed $350.

**Historical Note**

Adopted effective July 24, 1985 (Supp. 84-5). Amended subsection (A) paragraph (1) effective May 20, 1988 (Supp. 88-2). Amended effective August 12, 1988 (Supp. 88-3). Amended effective February 8, 1991 (Supp. 91-1). Amended effective April 1, 1995; filed with the Secretary of State January 31, 1995 (Supp. 95-1). Amended effective January 12, 1998 (Supp. 98-1). Amended by final rulemaking at 6 A.A.R. 4589, effective November 14, 2000 (Supp. 00-4). Amended by final rulemaking at 8 A.A.R. 409 and 8 A.A.R. 646, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 8 A.A.R. 416, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3). Amended by final rulemaking at 15 A.A.R. 173, effective March 7, 2009 (Supp. 09-1). Amended by final rulemaking at 20 A.A.R. 1364, effective August 2, 2014 (Supp. 14-2). Amended by exempt rulemaking under Laws 2016, Ch. 284, § 3 at 22 A.A.R. 2606, effective August 31, 2016 (Supp. 16-3). Amended by final exempt rulemaking at 23 A.A.R. 2058, effective August 9, 2017; amended by final exempt rulemaking with amendments to subsection (D), at 23 A.A.R. 2383 (Supp. 17-3). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 25 A.A.R. 1012, and 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 26 A.A.R. 223, effective March 14, 2020 (Supp. 20-1). Amended by final rulemaking at 30 A.A.R. 155 (January 26, 2024), effective March 4, 2024 (Supp. 24-1).

## ARTICLE 3. INTERN TRAINING; INTERN PRECEPTORS

**R4-23-301. Intern Licensure**

**A.** Licensure as an intern is for the purpose of complementing an individual's academic or experiential education in preparation for licensure as a pharmacist. An applicant may request a waiver of intern licensure requirements by submitting a written request as specified in R4-23-401 and appearing in person at a Board meeting.
**B.** The prerequisite for licensure as an intern is one of the following:
1. Current enrollment, in good standing, in an approved college or school of pharmacy;
2. Graduation from a college or school of pharmacy along with:
   a. Proof the applicant is certified by the Foreign Pharmacy Graduate Examination Committee (FPGEC), if applicable; or
   b. Application for licensure as a pharmacist by examination or reciprocity; or
3. By order of the Board if the Board determines the applicant needs intern training.

**C.** If an intern licensee stops attending pharmacy school classes without graduating, the licensee shall immediately stop practicing as an intern and surrender the intern license to the Board or the Board's designee no later than 30 days after the date of the last attended class, unless the licensee petitions the Board as specified in R4-23-401 and receives Board approval to continue working as an intern. A student re-entering a pharmacy program who wishes to continue internship training shall reapply for intern licensure.
**D.** Experiential training. The preceptor supervising an intern shall ensure the training received by the intern includes the activities and services encompassed by the term "practice of pharmacy" as defined in A.R.S. § 32-1901.
**E.** Out-of-state experiential training. The Board shall credit an intern for experiential training received outside this state if the Board determines the experiential training requirements of the jurisdiction in which the training was received are equal to the minimum requirements for experiential training in this state. An applicant seeking credit for experiential training received outside this state shall furnish a certified copy of the training records from:
1. The Board of Pharmacy or the intern licensing agency of the jurisdiction where the training was received; or
2. In a jurisdiction without an intern licensing agency, the director of the applicant's approved college or school of pharmacy's experiential training program.

**F.** Verification of license. A pharmacy permittee or pharmacist-in-charge shall not allow an individual to practice as an intern until the pharmacy permittee or pharmacist-in-charge verifies the individual is currently licensed by the Board as an intern.
**G.** Intern application.
1. An applicant for licensure as an intern shall:
   a. Submit a completed application on a form furnished by the Board, and
   b. Submit with the application form:

i. The documents specified in the application form, and
ii. The initial licensure fee specified in R4-23-205.

2. The Board office shall deem an application form received on the date the Board office electronically or manually date-stamps the form.

**H.** Licensure.

1. If an applicant is found to be ineligible for intern licensure under statute and rule, the Board office shall issue a written notice of denial to the applicant.
2. If an applicant is found to be eligible for intern licensure under statute and rule, the Board office shall issue a certificate of licensure and a wall license. An applicant who is assigned a license number and has been granted "open" status on the Board's license verification site may begin practice as an intern before receiving the certificate of licensure.
3. An applicant who is assigned a license number and has a "pending" status on the Board's license verification site shall not practice as an intern until the Board office issues a certificate of licensure as specified in subsection (H)(2).
4. A licensee shall maintain the certificate of licensure in the practice site for inspection by the Board or its designee or review by the public.

**I.** Time frames for intern licensure. The Board office shall follow the time frames established in R4-23-202(F).

**J.** License renewal.

1. An intern whose license expires before the intern completes the education or training required for licensure as a pharmacist but fewer than six years after issuance of the initial intern license may renew the intern license for a period equal to the difference between the expiration date of the initial intern license and six years from the issue date of the initial intern license by paying a prorated renewal fee based on the intern initial license fee specified in R4-23-205.
2. If an intern fails to graduate from an approved college or school of pharmacy within six years from the date the Board issues the initial intern license, the intern is not eligible for relicensure as an intern unless the intern obtains Board approval as specified in A.R.S. § 32-1923(E) and R4-23-401. To remain in good standing, an intern who receives Board approval for relicensure shall pay a prorated renewal fee for the number of months of licensure approved by the Board based on the intern initial license fee specified in R4-23-205 before the license expires.
3. If an intern receives Board approval for relicensure and does not pay the renewal fee specified in subsection (J)(2) before the license expires, the intern license is suspended and the suspended licensee shall not practice as an intern until the suspended licensee pays a penalty as provided in A.R.S. § 32-1925 and R4-23-205 to vacate the suspension.

**K.** Notification of training. An intern who is employed as an intern outside the experiential training program of an approved college or school of pharmacy shall notify the Board within 10 days of starting or terminating training or changing training site.

**L.** Change of address. An intern shall notify the Board within 10 days after the intern's employment or mailing address changes.

**Historical Note**

Former Rules 3.1000, 3.1100, 3.1200, 3.2000, 3.2100, and 3.2200; Amended effective August 23, 1978 (Supp. 78-4). Amended effective April 20, 1982 (Supp. 82-2). Amended subsections (A), (F) and (G) effective August 12, 1988 (Supp. 88-3). Amended effective November 1, 1993 (Supp. 93-4). Amended by final rulemaking at 8 A.A.R. 416, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 10 A.A.R. 4356, effective December 4, 2004 (Supp. 04-4). Amended by final rulemaking at 11 A.A.R. 3565, effective November 12, 2005 (Supp. 05-3). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3). Amended by final rulemaking at 14 A.A.R. 3670, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 19 A.A.R. 2911, effective November 10, 2013 (Supp. 13-3). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 30 A.A.R. 155 (January 26, 2024), effective March 4, 2024 (Supp. 24-1).

**R4-23-302. Training Site; Intern Preceptors; Training Time**

**A.** To receive credit for intern training hours, an intern shall train in a site that:

1. Holds a valid Arizona pharmacy permit; or
2. Is an alternative training site. For purposes of this Section, the term alternative training site is a non-pharmacy training site established and monitored by an approved college or school of pharmacy or other non-pharmacy site where pharmacy-related activities are performed and where an intern gains experience as specified in R4-23-301(D).

**B.** Intern preceptor. To be an intern preceptor, a pharmacist shall:

1. Hold a current unrestricted pharmacist license;
2. Have at least one year of experience as an actively practicing pharmacist; and
3. If found guilty of violating any federal or state law relating to the practice of pharmacy, drug or device distribution, or recordkeeping or unprofessional conduct, enter into an agreement satisfactory to the Board that places restrictions on the pharmacist's license.

**C.** Preceptor responsibilities. A preceptor is responsible for the actions of an intern during the training period. A preceptor shall give an intern the opportunity for skill development and provide the intern with timely and realistic feedback regarding the intern's progress.

**D.** Training hours. An intern preceptor shall ensure the intern receives hours of experiential training consistent with the requirements of the ACPE.

**Historical Note**

Former Rules 3.3000, 3.3100, 3.3200, 3.3300, 3.3310, 3.3320, 3.3330, 3.3340, 3.3400, 3.4000, 3.4100, 3.4200, 3.4300, and 3.4400; Amended effective August 9, 1983 (Supp. 83-4). Amended by final rulemaking at 8 A.A.R. 416, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 14 A.A.R. 3605, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 30 A.A.R. 155 (January 26, 2024), effective March 4, 2024 (Supp. 24-1).

**R4-23-303. Repealed**

## ARTICLE 4. PROFESSIONAL PRACTICES

**R4-23-401. Time-frames for Board Approvals and Special Requests**

**A.** To request a Board approval required by this Chapter or a special request to deviate from or waive compliance with a requirement of this Chapter, a person shall send a letter by regular mail, e-mail, or facsimile to the Board office, detailing the nature of the approval or special request, including the applicable Arizona Revised Statute or administrative code citation. This Section does not apply to a request from a person regarding the probation, suspension, or revocation of a license or permit.

**B.** The Board office shall complete an administrative completeness review within 15 days from the date of receipt of a written request and immediately open a request file for the applicant.
1. The Board office shall issue a written notice of administrative completeness to the applicant if no deficiencies are found in the request.
2. If the request is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 15-day time-frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.
3. If the Board office does not provide the applicant with notice regarding administrative completeness, the request is deemed complete 15 days after receipt by the Board office.

**C.** An applicant with an incomplete request shall submit all of the missing information within 30 days of service of the notice of incompleteness.
1. If an applicant cannot submit all missing information within 30 days of service of the notice of incompleteness, the applicant may send a written request for an extension to the Board office post-marked or delivered no later than 30 days from service of the notice of incompleteness.
2. The written request for an extension shall document the reasons the applicant cannot meet the 30-day deadline.
3. The Board office shall review the request for an extension of the 30-day deadline and grant the request if the Board office determines that an extension of the deadline will enable the applicant to assemble and submit the missing information. An extension shall be for no more than 30 days. The Board office shall notify the applicant in writing of its decision to grant or deny the request for an extension. An applicant who requires an additional extension shall submit an additional written request according to subsections (C)(1) and (C)(2).

**D.** If an applicant fails to submit a complete request within the time allowed, the Board office shall close the applicant's request file. An applicant whose request file is closed and who later wishes to obtain an approval or special request shall apply again according to subsection (A).

**E.** From the date on which the administrative completeness review of a request is finished, the Board shall complete a substantive review of the applicant's request in no more than 120 days.
1. The Board shall:
   a. Approve the request,
   b. Deny the request, or
   c. If the Board determines deficiencies exist, request that the applicant produce additional documentation.
2. If the Board approves or denies, the Board office shall issue a written approval or denial.
3. If the Board finds deficiencies during the substantive review of a request, the Board office shall issue a written request to the applicant for additional documentation.
4. The 120-day time-frame for a substantive review of a request for approval or special request is suspended from the date of a written request for additional documentation until the date of the next Board meeting after all documentation is received. The applicant shall submit the additional documentation according to subsection (C).
5. If the applicant and the Board office mutually agree in writing, the 120-day substantive review time-frame may be extended once for no more than 30 days.

**F.** If the applicant fails to submit the additional information requested within the time allowed, the Board office shall close the applicant's request file. An applicant whose request file is closed and who later wishes to obtain an approval or special request shall apply again according to subsection (A).

**G.** For the purpose of A.R.S. § 41-1072 et seq., the Board establishes the following time-frames for a Board approval required by this Chapter or a special request to deviate from or waive compliance with a requirement of this Chapter:
1. Administrative completeness review time-frame: 15 days;
2. Substantive review time-frame: 120 days; and
3. Overall time-frame: 135 days.

**Historical Note**

Former Rule 4.1000; Former Section R4-23-401 repealed, new Section R4-23-401 adopted effective August 9, 1983 (Supp. 83-4). Amended effective May 16, 1990 (Supp. 90-2). Repealed effective August 24, 1992 (Supp. 92-3). New Section made by final rulemaking at 9 A.A.R. 3184, effective August 30, 2003 (Supp. 03-3).

**R4-23-402. Pharmacist, Graduate Intern, and Pharmacy**

**Intern**

**A.** A pharmacist or a graduate intern or pharmacy intern under the supervision of a pharmacist shall perform the following professional practices in dispensing a prescription medication from a prescription order:
1. Receive, reduce to written form, and manually initial oral prescription orders;
2. Obtain and record the name of the individual who communicates an oral prescription order;
3. Obtain, or assume responsibility to obtain, from the patient, patient's agent, or medical practitioner and record, or assume responsibility to record, in the patient's profile, the following information:
   a. Name, address, telephone number, date of birth (or age), and gender;
   b. Individual history including known diseases and medical conditions, known drug allergies or drug reactions, and if available a comprehensive list of medications currently taken and medical devices currently used;
4. Record, or assume responsibility to record, in the patient's profile, a pharmacist's, graduate intern's, or pharmacy intern's comments relevant to the patient's drug therapy, including other information specific to the patient or drug;
5. Verify the legality and pharmaceutical feasibility of dispensing a drug based upon:
   a. The patient's allergies,
   b. Incompatibilities with medications the patient currently takes,
   c. The patient's use of unusual quantities of dangerous drugs or narcotics,
   d. A medical practitioner's signature, and
   e. The frequency of refills;
6. Verify that a dosage is within proper limits;
7. Interpret the prescription order, which includes exercising professional judgment in determining whether to dispense a particular prescription;
8. Compound, mix, combine, or otherwise prepare and package the prescription medication needed to dispense individual prescription orders;
9. Prepackage or supervise the prepackaging of drugs by a pharmacy technician or pharmacy technician trainee under R4-23-1104. For drugs prepackaged by a pharmacy technician or pharmacy technician trainee, a pharmacist shall:
   a. Verify the drug to be prepackaged;
   b. Verify that the label meets the official compendium's standards;
   c. Check the completed prepackaging procedure and product; and
   d. Manually initial the completed label; or
   e. For automated packaging systems, manually initial the completed label or a written log or initial a computer-stored log;
10. Check prescription order data entry to ensure that the data input:
    a. Is for the correct patient by verifying the patient's name, address, telephone number, gender, and date of birth or age;
    b. Is for the correct drug by verifying the drug name, strength, and dosage form;
    c. Communicates the prescriber's directions precisely by verifying dose, dosage form, route of administration, dosing frequency, and quantity; and
    d. Is for the correct medical practitioner by verifying the medical practitioner's name, address, and telephone number;
11. Except as provided in subsection (A)(12), make a final accuracy check of the completed prescription label including verification of medication, accuracy of patient's name, consistency with prescription order, and drug utilization review and initial in handwriting or by another method approved by the Board or its designee the finished label;
12. If a technology-assisted verification of product program is used, make a final accuracy check of the completed prescription label including accuracy of patient's name, consistency with prescription order, and drug utilization review and initial in handwriting or by another method approved by the Board or its designee the finished label. If a technology-assisted verification of product program is used, verification of product is not required.
13. Record, or assume responsibility to record, a prescription serial number and date dispensed on the original prescription order;
14. Obtain, or assume responsibility to obtain, permission to refill a prescription order and record, or assume responsibility to record on the original prescription order:
    a. Date dispensed,
    b. Quantity dispensed, and
    c. Name of medical practitioner or medical practitioner's agent who communicates permission to refill the prescription order;
15. Reduce to written or printed form, or assume responsibility to reduce to written or printed form, a new prescription order received by:
    a. Fax,
    b. E-mail, or
    c. Other means of communication;
16. Verify, or assume responsibility to verify, that a completed prescription medication is sold only to the correct patient, patient's care-giver, or authorized agent;
17. Record on the original prescription order the name or initials of the pharmacist, graduate intern, or pharmacy intern who originally dispenses the prescription order; and
18. Record on the original prescription order the name or initials of the pharmacist, graduate intern, or pharmacy intern who dispenses each refill.

**B.** Only a pharmacist, graduate intern, or pharmacy intern shall provide oral consultation about a prescription medication to a patient or patient's care-giver in an outpatient setting, including a patient discharged from a hospital. The oral consultation is required whenever the following occurs:
1. The prescription medication has not been previously dispensed to the patient in the same strength or dosage form or with the same directions;
2. The pharmacist, through the exercise of professional judgment, determines that oral consultation is warranted; or
3. The patient or patient's care-giver requests oral consultation.

**C.** Oral consultation shall include:
1. Reviewing the name and strength of a prescription medication or name of a prescription-only device and the

labeled indication of use for the prescription medication or prescription-only device;
2. Reviewing the prescription's directions for use;
3. Reviewing the route of administration; and
4. Providing oral information regarding special instructions and written information regarding side effects, procedure for missed doses, or storage requirements.

**D.** When, in the professional judgment of the pharmacist or graduate intern or pharmacy intern under the supervision of a pharmacist, or when circumstance precludes it, oral consultation may be omitted if the pharmacist, graduate intern, or pharmacy intern:
1. Personally provides written information to the patient or patient's care-giver that summarizes the information that would normally be orally communicated;
2. Documents, or assumes responsibility to document, both the circumstance and reason for not providing oral consultation by a method approved by the Board or its designee; and
3. Offers the patient or patient's care-giver the opportunity to communicate with a pharmacist, graduate intern, or pharmacy intern at a later time and provides a method for the patient or patient's care-giver to contact a pharmacist, graduate intern, or pharmacy intern at the pharmacy.

**E.** The pharmacist or graduate intern or pharmacy intern under the supervision of a pharmacist, through the exercise of professional judgment, may provide oral consultation that includes:
1. Common severe adverse effects, interactions, or therapeutic contraindications, and the action required if they occur;
2. Techniques of self-monitoring drug therapy;
3. The duration of the drug therapy; and
4. Prescription refill information.

**F.** Nothing in subsection (B) requires a pharmacist, graduate intern, or pharmacy intern to provide oral consultation if a patient or patient's care-giver refuses the consultation.

**G.** Using a method approved by the Board or its designee, a pharmacist, graduate intern, or pharmacy intern shall document, or assume responsibility to document, that oral consultation is or is not provided.

**H.** Oral consultation documentation. When oral consultation is required as specified in subsection (B), a pharmacist, graduate intern, or pharmacy intern shall:
1. Document, or assume responsibility to document, that oral consultation is provided; or
2. When a patient refuses oral consultation or a person other than the patient or patient's care-giver picks up a prescription and oral consultation is not provided, document, or assume responsibility to document, that oral consultation is not provided; or
3. When a pharmacist, graduate intern, or pharmacy intern determines to omit oral consultation under subsection (D) and oral consultation is not provided, document, or assume responsibility to document, both the circumstance and reason that oral consultation is not provided; and
4. Document, or assume responsibility to document, the name, initials, or identification code of the pharmacist, graduate intern, or pharmacy intern who did or did not provide oral consultation.

**I.** When a prescription is delivered to the patient or patient's care-giver outside the immediate area of a pharmacy and a pharmacist is not present, the prescription shall be accompanied by written or printed patient medication information that, in addition to the requirements in subsection (C), includes:
1. Approved use for the prescription medication;
2. Possible adverse reactions;
3. Drug-drug, food-drug, or disease-drug interactions;
4. Missed dose information; and
5. Telephone number of the dispensing pharmacy or another method approved by the Board or its designee that allows a patient or patient's care-giver to consult with a pharmacist.

**J.** A prescription medication or prescription-only device, delivered to a patient at a location where a licensed health care professional is responsible for administering the prescription medication to the patient, is exempt from the requirement of subsection (C).

**K.** A pharmacist, graduate intern, or pharmacy intern shall wear a badge indicating name and title while on duty.

**L.** Nothing in this Section prevents a hospital pharmacist from accepting a prescription order according to rules pertaining specifically to hospital pharmacies.

**Historical Note**

Former Rule 4.1100; Amended effective August 10, 1978 (Supp. 78-4). Amended effective August 9, 1983 (Supp. 83-4). Amended effective May 16, 1990 (Supp. 90-2). Amended effective July 7, 1998 (Supp. 98-3). Amended by final rulemaking at 6 A.A.R. 4656, effective November 14, 2000 (Supp. 00-4). Amended by final rulemaking at 9 A.A.R. 5030, effective January 3, 2004 (Supp. 03-4). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 11 A.A.R. 2258, effective August 6, 2005 (Supp. 05-2). Amended by final rulemaking at 12 A.A.R. 274, effective March 11, 2006 (Supp. 06-1). Amended by final rulemaking at 12 A.A.R. 4691, effective February 3, 2007 (Supp. 06-4). Amended by final rulemaking at 23 A.A.R. 3257, effective January 8, 2018 (Supp. 17-4).

**R4-23-403. Repealed**

**Historical Note**

Former Rule 4.1200; Amended effective August 10, 1978 (Supp. 78-4). Amended effective March 28, 1980 (Supp. 80-2). Amended effective August 9, 1983 (Supp. 83-4). Section repealed, new Section adopted effective May 16, 1990 (Supp. 90-2). Amended effective November 1, 1993 (Supp. 93-4). Amended by final rulemaking at 5 A.A.R. 4441, effective November 2, 1999 (Supp. 99-4). Section repealed by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1).

**R4-23-404. Unethical Practices**

**A.** Rebates prohibited. A pharmacist or pharmacy permittee shall not offer, deliver, receive, or accept any unearned rebate, refund, commission, preference, patronage dividend, discount, or other unearned consideration, whether in the form of money or otherwise, as compensation or inducement to refer a patient, client, or customer to any person, except for a rebate or premium paid completely and directly to a patient. A pharmacist or pharmacy permittee shall not:
1. Make payment to a medical practitioner in money or other consideration for a prescription order prescribed by the medical practitioner; or
2. Make payment to a long-term care or assisted living facility or other health care institution in money, discount,

rental, or other consideration in an amount above the prevailing rate for:

a. Prescription medication or devices dispensed or sold for a patient or resident of the facility or institution; or

b. Drug selection or drug utilization review services, drug therapy management services, or other pharmacy consultation services provided for a patient or resident of the facility or institution.

**B.** Prescription order-blank advertising prohibited. A pharmacist or pharmacy permittee shall not:

1. Directly or indirectly furnish to a medical practitioner a prescription order-blank that refers to a specific pharmacist or pharmacy in any manner; or
2. Actively or passively participate in any arrangement or agreement where a prescription order-blank is prepared, written, or issued in a manner that refers to a specific pharmacist or pharmacy.

**C.** Fraudulent claim for service. A pharmacist or pharmacy permittee shall not claim the performance of a service that the pharmacist or pharmacy permittee knows or should know was not performed, such as, claiming to dispense a prescription medication that is not dispensed.

**D.** Fraudulent claim for a fee. A pharmacist or pharmacy permittee:

1. Shall not claim a fee for a service that is not performed or earned;
2. May divide a prescription order into two or more portions of prescription medication at the request of a patient, or for some other ethical reason, and charge a dispensing fee for the additional service; and
3. Shall not divide a prescription order merely to obtain an additional fee.

**E.** Prohibiting a prescription-only drug or device from being dispensed over the counter. A pharmacist shall ensure that:

1. A prescription-only drug or device is dispensed only after receipt of a valid prescription order from a licensed medical practitioner;
2. The dispensed prescription-only drug or device is properly prepared, packaged, and labeled according to this Chapter; and
3. The prescription order is filed according to this Chapter.

**F.** Drugs dispensed in the course of the conduct of a business of dispensing drugs through diagnosis by mail or the internet.

1. A pharmacist shall not dispense a drug from a prescription order if the pharmacist has knowledge, or reasonably should know under the circumstances, that the prescription order was issued on the basis of an internet-based questionnaire or an internet-based consultation without a medical practitioner-patient relationship as defined in R4-23-110.
2. A pharmacist who dispenses a prescription-only drug, prescription-only device, or controlled substance in violation of this Section is engaging in unethical conduct in violation of A.R.S. § 32-1901.01.

**Historical Note**

Former Rules 4.2110, 4.2120, 4.2130, 4.2210, 4.2230, 4.2400, 4.2500, 4.2600, 4.4100, 4.4200, 4.4310, 4.4320, 4.4400, and 4.4500; Amended effective August 10, 1978 (Supp. 78-4); Amended subsection (I) effective August 9, 1983 (Supp. 83-4). Amended by deleting subsections (H) through (M) effective November 18, 1983 (Supp. 83-6). Amended by final rulemaking at 8 A.A.R. 1256, effective March 7, 2002 (Supp. 02-1). Amended by final rulemaking at 14 A.A.R. 3405, effective October 4, 2008 (Supp. 08-3).

**R4-23-405. Change of Responsibility**

A pharmacist designated as the pharmacist-in-charge for a pharmacy, manufacturer, or other establishment shall give immediate notice, as defined in R4-23-110, when:

1. The pharmacist's responsibility as a pharmacist-in-charge is terminated; or
2. The pharmacist knows of a pending termination of the pharmacist's responsibility as the pharmacist-in-charge.

**Historical Note**

Former Rules 4.5100 and 4.5200; Amended effective August 9, 1983 (Supp. 83-4). Amended effective February 8, 1991 (Supp. 91-1). Amended effective November 1, 1993 (Supp. 93-4). Amended by final rulemaking at 8 A.A.R. 1256, effective March 7, 2002 (Supp. 02-1).

**R4-23-406. Repealed**

**Historical Note**

Adopted as an emergency effective January 10, 1979, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 79-1). Amended as an emergency effective April 2, 1979, pursuant to A.R.S. § 41-1003, valid for only 90 days. Adopted effective April 10, 1979 (Supp. 79-1). Former Section R4-23-406 repealed, new Section R4-23-406 adopted effective August 9, 1983 (Supp. 83-4). Amended effective April 1, 1995; filed with the Secretary of State January 31, 1995 (Supp. 95-1). Amended by final rulemaking at 8 A.A.R. 1256, effective March 7, 2002 (Supp. 02-1). Section repealed by final rulemaking at 10 A.A.R. 230, effective March 6, 2004 (Supp. 04-1).

**R4-23-407. Prescription Requirements**

**A.** Prescription orders. A pharmacist shall ensure that:

1. A prescription order the pharmacist uses to dispense a drug or device includes the following information:
   a. Date of issuance;
   b. Name and address of the patient for whom or the owner of the animal for which the drug or device is dispensed;
   c. Drug name, strength, and dosage form or device name;
   d. Name of the manufacturer or distributor of the drug or device if the prescription order is written generically or a substitution is made;
   e. Prescribing medical practitioner's directions for use;
   f. Date of dispensing;
   g. Quantity prescribed and if different, quantity dispensed;
   h. For a prescription order for a controlled substance, the medical practitioner's address and DEA number;
   i. For a written prescription order, the medical practitioner's signature;
   j. For an electronically transmitted prescription order, the medical practitioner's digital or electronic signature;
   k. For an oral prescription order, the medical practitioner's name and telephone number; and
   l. Name or initials of the dispensing pharmacist;
2. A prescription order is kept by the pharmacist or pharmacy permittee as a record of the dispensing of a drug or device for seven years from the date the drug or device is dispensed;

3. The dispensing of a drug or device complies with the packaging requirements of the official compendium and state and federal law; and
4. If the drug dispensed is a schedule II controlled substance that is an opioid, the drug is placed in a container that has a red cap and a warning label stating "CAUTION: OPIOID, Risk of Overdose and Addiction" or other similarly clear language indicating the possibility of overdose and addiction. Under delegation from the Board, the Executive Director may waive the red-cap requirement if implementing the requirement is not feasible because of the specific dosage form or packaging type.

**B.** Prescription refills. A pharmacist shall ensure that the following information is recorded on the back of a prescription order when it is refilled:
1. Date refilled,
2. Quantity dispensed,
3. Name or approved abbreviation of the manufacturer or distributor if the prescription order is written generically or a substitution is made, and
4. The name or initials of the dispensing pharmacist.

**C.** Prescription order adaptation. Except for a prescription order for a controlled substance, a pharmacist, using professional judgment, may make the following adaptations to a prescription order if the pharmacist documents the adaptation in the patient's record:
1. Change the prescribed quantity if the prescribed quantity is not a package size commercially available from the manufacturer;
2. Change the prescribed dosage form or directions for use if the change achieves the intent of the prescribing medical practitioner;
3. Complete missing information on the prescription order if there is sufficient evidence to support the change; and
4. Extend the quantity of a maintenance drug for the limited quantity necessary to achieve medication refill synchronization for the patient.

**D.** A pharmacist may furnish a copy of a prescription order to the patient for whom it is prescribed or to the authorized representative of the patient if the copy is clearly marked "COPY FOR REFERENCE PURPOSES ONLY" or other similar statement. A copy of a prescription order is not a valid prescription order and a pharmacist shall not dispense a drug or device from the information on a copy.

**E.** Transfer of prescription order information. For a transfer of prescription order information to be valid, a pharmacy permittee or pharmacist-in-charge shall ensure that:
1. Both the original and the transferred prescription order are maintained for seven years after the last dispensing date;
2. The original prescription order information for a Schedule III, IV, or V controlled substance is transferred only as specified in 21 CFR 1306.25;
3. The original prescription order information for a non-controlled substance drug is transferred without limitation only up to the number of originally authorized refills;
4. For a transfer within Arizona:
   a. The transfer of original prescription order information for a non-controlled substance drug meets the following conditions:
      i. The transfer of information is communicated electronically, verbally, or by fax directly between:
         (1) Two licensed pharmacists,
         (2) A licensed pharmacist and a licensed intern, or
         (3) Two licensed interns;
      ii. The following information is recorded by the transferring pharmacist or intern:
         (1) The word "void" is written on the face of the invalidated original prescription unless it is an electronic or oral transfer and the transferred prescription order information is invalidated in the transferring pharmacy's computer system; and
         (2) The name and identification code, number, or address and telephone number of the pharmacy to which the prescription is transferred, the name of the receiving pharmacist or intern, the date of transfer, and the name of the transferring pharmacist or intern is written on the back of the prescription or entered into the transferring pharmacy's computer system; and
      iii. The following information is recorded by the receiving pharmacist or intern on the transferred prescription order:
         (1) The word "transfer;"
         (2) Date of issuance of the original prescription order;
         (3) Original number of refills authorized on the original prescription order;
         (4) Date of original dispensing;
         (5) Number of valid refills remaining and the date of the last refill;
         (6) Name and identification code, number, or address, telephone number, and original prescription number of the pharmacy from which the prescription is transferred;
         (7) Name of the transferring pharmacist or intern; and
         (8) Name of the receiving pharmacist or intern;
   b. The transfer of original prescription order information for a Schedule III, IV, or V controlled substance meets the following conditions:
      i. The transfer of information is communicated directly between two licensed pharmacists or interns electronically or verbally;
      ii. The following information is recorded by the transferring pharmacist or intern:
         (1) The word "void" is written on the face of the invalidated original prescription order unless it is an electronic or oral transfer and the transferred prescription order information is invalidated in the transferring pharmacy's computer system; and
         (2) The name, address, and DEA number of the pharmacy to which the prescription is transferred, the name of the receiving pharmacist, the date of transfer, and the name of the transferring pharmacist is written on the back of the prescription order or entered into the transferring pharmacy's computer system; and
      iii. The following information is recorded by the receiving pharmacist on the transferred prescription order:

(1) The word "transfer;"
(2) Date of issuance of original prescription order;
(3) Original number of refills authorized on the original prescription order;
(4) Date of original dispensing;
(5) Number of valid refills remaining and the date of the last refill;
(6) Name, address, DEA number, and original prescription number of the pharmacy from which the prescription is transferred;
(7) Name of the transferring pharmacist; and
(8) Name of the receiving pharmacist;

5. For a transfer from out-of-state:
   a. The transfer of original prescription order information for a non-controlled substance drug meets the conditions in subsections (E)(4)(a)(i) and (E)(4)(a)(iii); and
   b. The transfer of original prescription order information for a Schedule III, IV, or V controlled substance meets the conditions in subsections (E)(4)(b)(i) and (E)(4)(b)(iii); and
6. For an electronic transfer, the electronic transfer of original prescription order information meets the following conditions:
   a. The electronic transfer is between pharmacies owned by the same company using a common or shared database;
   b. The electronic transfer of original prescription order information for a non-controlled substance drug is performed by a pharmacist or intern, pharmacy technician trainee, or pharmacy technician under the supervision of a pharmacist;
   c. The electronic transfer of original prescription order information for a controlled substance is performed between two licensed pharmacists;
   d. The electronic transfer of original prescription order information for a non-controlled substance drug meets the following conditions:
      i. The transferring pharmacy's computer system:
         (1) Invalidates the transferred original prescription order information;
         (2) Records the identification code, number, or address of the pharmacy to which the prescription order information is transferred;
         (3) Records the name or identification code of the receiving pharmacist, intern, pharmacy technician trainee, or pharmacy technician; and
         (4) Records the date of transfer; and
      ii. The receiving pharmacy's computer system;
         (1) Records that a prescription transfer occurred;
         (2) Records the date of issuance of the original prescription order;
         (3) Records the original number of refills authorized on the original prescription order;
         (4) Records the date of original dispensing;
         (5) Records the number of valid refills remaining and the date of the last refill;
         (6) Records the identification code, number, or address and original prescription number of the pharmacy from which the prescription is transferred;
         (7) Records the name or identification code of the receiving pharmacist or intern, pharmacy technician trainee, or pharmacy technician; and
         (8) Records the date of transfer;
   e. The electronic transfer of original prescription order information for a controlled substance meets the following conditions:
      i. The transferring pharmacy's computer system:
         (1) Invalidates the transferred original prescription order information;
         (2) Records the identification code, number, or address, and DEA number of the pharmacy to which the prescription order information is transferred;
         (3) Records the name or identification code of the receiving pharmacist;
         (4) Records the date of transfer; and
         (5) Records the name or identification code of the transferring pharmacist; and
      ii. The electronic prescription order information received by the computer system of the receiving pharmacy includes the information required in subsection (E)(4)(b)(iii); and
   f. In addition to electronic documentation of a transferred prescription order in the computer system, an original prescription order containing the requirements of this Section is filed in compliance with A.R.S. § 32-1964.

**F.** Transmission of a prescription order from a medical practitioner to a pharmacy by fax.

1. A medical practitioner or medical practitioner's agent may transmit a prescription order for a Schedule III, IV, or V controlled substance, prescription-only drug, or non-prescription drug to a pharmacy by fax under the following conditions:
   a. The prescription order is faxed only to the pharmacy of the patient's choice;
   b. The faxed prescription order:
      i. Contains all the information required for a prescription order in A.R.S. §§ 32-1968 and 36-2525; and
      ii. Is only faxed from the medical practitioner's practice location, except that a nurse in a hospital, long-term care facility, or inpatient hospice may send a fax of a prescription order for a patient of the facility; and
   c. The faxed prescription order shall contain the following additional information:
      i. The date the prescription order is faxed;
      ii. The fax number of the prescribing medical practitioner or the facility from which the prescription order is faxed, and the telephone number of the facility; and
      iii. The name of the person who transmits the fax, if other than the medical practitioner.
2. A medical practitioner or medical practitioner's agent may fax a prescription order for a Schedule II controlled substance for information purposes only, unless the faxed prescription order meets the requirements of A.R.S. § 36-2525(F) and (G).

3. A pharmacy may receive a faxed prescription order for a Schedule II controlled substance for information purposes only, except a faxed prescription order for a Schedule II controlled substance that meets the requirements of A.R.S. § 36-2525(F) and (G) may serve as the original written prescription order.
4. To meet the seven-year record retention requirement of A.R.S. § 32-1964, a pharmacy shall receive a faxed prescription order on plain paper or may make a photocopy of the faxed prescription order.
5. A medical practitioner or the medical practitioner's agent may fax refill authorizations to a pharmacy if the faxed authorization includes the medical practitioner's telephone and fax numbers, the medical practitioner's signature or medical practitioner's agent's name, and date of authorization.

**G.** Electronic transmission of a prescription order from a medical practitioner to a pharmacy.
1. Unless otherwise prohibited by law, a medical practitioner or medical practitioner's agent may transmit a prescription order by electronic means, directly or through an intermediary, including an E-prescribing network, to the dispensing pharmacy as specified in A.R.S. § 32-1968.
2. For electronic transmission of a Schedule II, III, IV, or V controlled substance prescription order, the medical practitioner and pharmacy shall ensure the transmission complies with any security or other requirements of federal law.
3. The medical practitioner and pharmacy shall ensure all electronic transmissions comply with all the security requirements of state or federal law related to the privacy of protected health information.
4. In addition to the information required to be included on a prescription order as specified in A.R.S. § 32-1968, a medical practitioner shall ensure an electronically transmitted prescription order includes:
   a. The date of transmission; and
   b. If the individual transmitting the prescription is not the medical practitioner, the name of the medical practitioner's authorized agent who transmits the prescription order.
5. A pharmacy receiving an electronically transmitted prescription order shall maintain the prescription order as specified in A.R.S. § 32-1964 or R4-23-408(H)(2).
6. A medical practitioner or medical practitioner's agent shall transmit an electronic prescription order only to the pharmacy of the patient's choice.

**H.** Exceptions under A.R.S. § 36-2525 regarding electronic prescribing requirements:
1. Medical practitioner exceptions. A medical practitioner who is authorized to prescribe a controlled substance may furnish a written prescription order is accordance with R4-23-407 rather than an electronically transmitted prescription order if the prescription order is written:
   a. In this state to be filled in a jurisdiction outside this state;
   b. For a medication that requires compounding two or more ingredients;
   c. For a medication that is not in the E-prescribing database;
   d. For an individual who is detained by or in custody of an Arizona or federal law enforcement agency; or
   e. Under A.R.S. § 36-2525(N) or (O); and
2. Pharmacist exceptions. A pharmacist may dispense a controlled substance from a written rather than electronically transmitted prescription order if the prescription order:
   a. Is written by a medical practitioner who is not licensed in this state but rather, is licensed in a jurisdiction outside this state. The pharmacist is not required to verify whether the medical practitioner is licensed;
   b. Is written for a medication that requires compounding two or more ingredients;
   c. Is written for a medication that is not in the E-prescribing database;
   d. Is written for an individual who is detained by or in custody of an Arizona or federal law enforcement agency; or
   e. Is received under A.R.S. § 36-2525(D).

**Historical Note**

Adopted effective November 18, 1983 (Supp. 83-6). Amended by final rulemaking at 8 A.A.R. 1256, effective March 7, 2002 (Supp. 02-1). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 13 A.A.R. 440, effective April 7, 2007 (Supp. 07-1). Amended by final rulemaking at 14 A.A.R. 3605, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 26 A.A.R. 223, effective March 14, 2020; and amended by final rulemaking at 26 A.A.R. 544, with an immediate effective date of March 3, 2020 (Supp. 20-1).

**R4-23-407.1. Dispensing an Opioid Antagonist**

**A.** As used in this Section:
1. "Community member" means any person in position to assist an individual at risk of experiencing an opioid-related overdose. This includes emergency first responders, peace officers or other law enforcement personnel, fire department personnel, school district employees, and personnel of a facility or center that provides services to individuals at risk of experiencing an opioid-related overdose.
2. "Opioid antagonist" means any drug approved by the U.S. Food and Drug Administration that binds to opioid receptors, effectively blocking or inhibiting the receptor and preventing the body from responding to the opioid. Naloxone hydrochloride is an opioid antagonist.
3. "Opioid-related overdose" means an acute condition caused by excessive opioids. An opioid-related overdose can be identified by a triad of symptoms: decreased level of consciousness, pinpoint pupils, and respiratory depression. Other symptoms may include seizures, muscle spasms, and coma or death. An opioid-related overdose requires medical assistance.

**B.** When dispensing an opioid antagonist under A.R.S. § 32-1979, a pharmacist or pharmacy intern shall provide the following education to the individual to whom the opioid antagonist is dispensed:
1. How to prevent an opioid-related overdose;
2. How to recognize an opioid-related overdose;
3. How to administer an opioid antagonist safely to an individual experiencing an opioid-related overdose;
4. Precautions regarding:
   a. Potential side effects, and

b. Possible adverse events associated with administration of the opioid antagonist; and

5. Importance of seeking emergency medical assistance for the individual experiencing an opioid-related overdose before or after administering the opioid antagonist.

**C.** Before dispensing an opioid antagonist under A.R.S. § 32-1979(A), a licensed pharmacist shall complete an opioid prevention and treatment training program that includes the following information:

1. How to recognize the symptoms of an opioid-related overdose,
2. How to respond to a suspected opioid-related overdose,
3. How to administer all preparations of an opioid antagonist, and
4. The information needed by an individual to whom an opioid antagonist is dispensed.

**D.** A pharmacist who has completed an opioid prevention and treatment training program described in subsection (C):

1. May administer an opioid antagonist to an individual the pharmacist believes is experiencing an opioid-related overdose, and
2. Is exempt from civil liability under the terms of A.R.S. § 36-2267(B).

**E.** Dispensing an opioid antagonist under A.R.S. § 32-1979 by invoice to a community member is not wholesale distribution as defined at A.R.S. § 32-1981.

**F.** When dispensing an opioid antagonist on a standing order, as defined under A.R.S. § 32-1968, a pharmacist or pharmacy intern shall comply with R4-23-407 except subsection (A)(1)(b), R4-23-408, and R4-23-409.

**Historical Note**

New Section made by emergency rulemaking at 23 A.A.R. 31, effective December 15, 2016 for 180 days (Supp. 16-4). New Section made by final rulemaking before emergency expired at 23 A.A.R. 967, effective June 3, 2017 (Supp. 17-2). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2).

**R4-23-407.2. Dispensing a Self-administered Hormonal Contraceptive**

**A.** Standard procedures. The first time a pharmacist dispenses a self-administered hormonal contraceptive under a standing prescription order, as authorized under A.R.S. § 32-1979.01, to a patient, the pharmacist shall:

1. Determine the patient is at least 18 years old;
2. Obtain from the patient a completed self-screening risk assessment based on nationally recognized guidelines;
3. Provide the patient with written information prepared by the manufacturer of the hormonal contraceptive; and
4. Provide the following information orally to the patient:
   a. How hormonal contraception works;
   b. When and how to take the self-administered hormonal contraceptive;
   c. Risks associated with taking a self-administered hormonal contraceptive; and
   d. When to seek medical assistance while taking a self-administered hormonal contraceptive.

**B.** A pharmacist who dispenses a self-administered hormonal contraceptive under a standing prescription order shall have a patient complete the self-screening risk assessment based on nationally recognized guidelines, required under subsection (A)(2), annually.

**C.** A pharmacist who dispenses a self-administered hormonal contraceptive under a standing prescription order shall maintain evidence of the patient's age at the time of initial dispensing and the completed nationally recognized self-screening risk assessment for at least seven years. The pharmacist shall ensure this information is readily retrievable and available to the Board on request.

**D.** When dispensing a self-administered hormonal contraceptive under a standing prescription order, a pharmacist shall comply with R4-23-407 except subsection (A)(1)(b), R4-23-408, and R4-23-409.

**E.** During each biennial renewal period, a pharmacist who dispenses self-administered hormonal contraceptives under a standing prescription order shall complete the three contact hours of continuing education specified under R4-23-204(A)(2)(c).

**Historical Note**

New Section made by final rulemaking 29 A.A.R. 1655 (July 28, 2023) with an immediate effective date of July 5, 2023 (Supp. 23-3).

**R4-23-408. Computer Records**

**A.** Systems manual. A pharmacy permittee or pharmacist-in-charge shall:

1. Develop, implement, and comply with policies and procedures for the following operational aspects of a computer system:
   a. Examples of all output documentation provided by the computer system that contains original or refill prescription order or patient profile information;
   b. Steps a pharmacy employee follows when the computer system is not operational due to scheduled or unscheduled system interruption;
   c. Regular and routine backup file procedure and file maintenance, including secure storage of backup files;
   d. Audit procedures, personnel code assignments, and personnel responsibilities; and
   e. Quality assurance mechanism for data entry validation;
2. Review biennially and, if necessary, revise the policies and procedures required under this Section;
3. Document the review required under subsection (A)(2);
4. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee; and
5. Make the policies and procedures available within the pharmacy for reference by pharmacy personnel and inspection by the Board or its designee.

**B.** Computer system data storage and retrieval. A pharmacy permittee or pharmacist-in-charge shall ensure the computer system is capable of:

1. Producing sight-readable information on all original and refill prescription orders and patient profiles;
2. Providing online retrieval (via CRT display or hard-copy printout) of original prescription order information required in A.R.S. § 32-1968(C), R4-23-402(A), and R4-23-407(A);
3. Providing online retrieval (via CRT display or hard-copy printout) of patient profile information required in R4-23-402(A);
4. Providing documentation identifying the pharmacist responsible for dispensing each original or refill prescription order, except a pharmacy permittee with a computer system that is in use before the effective date of this Section that cannot provide documentation identifying the

dispensing pharmacist may continue to use the computer system by providing manual documentation identifying the dispensing pharmacist;

5. Producing a printout of all prescription order information, including a single-drug usage report that contains:
   a. The name of the prescribing medical practitioner;
   b. The name and address of the patient;
   c. The quantity dispensed on each original or refill prescription order;
   d. The date of dispensing for each original or refill prescription order;
   e. The name or identification code of the dispensing pharmacist; and
   f. The serial number of each prescription order; and
6. Providing a printout of requested prescription order information to an individual pharmacy within 72 hours of the request if prescription order information is maintained in a centralized computer record system.

**C.** A pharmacy permittee or pharmacist-in-charge of a pharmacy that uses a pharmacy computer system:

1. Shall notify the D.E.A. and the Board in writing that original and refill prescription order information and patient profiles are stored in a pharmacy computer system;
2. Shall comply with this Section if the pharmacy computer system's refill records are used as an alternative to the manual refill records required in R4-23-407(B);
3. Is exempt from the manual refill recordkeeping requirements of R4-23-407(B), if the pharmacy computer system complies with the requirements of this Section; and
4. Shall ensure that documentation of the accuracy of original and refill prescription order information entered into a computer system is provided by each pharmacist using the computer system and kept on file in the pharmacy for seven years from the date of the last refill. Documentation includes one of the following:
   a. A hard-copy printout of each day's original and refill prescription order data that:
      i. States original and refill data for prescriptions dispensed by each pharmacist is reviewed for accuracy;
      ii. Includes the printed name of each dispensing pharmacist; and
      iii. Is signed and initialed by each dispensing pharmacist; or
   b. A log book or separate file of daily statements that:
      i. States original and refill data for prescriptions dispensed by each pharmacist is reviewed for accuracy;
      ii. Includes the printed name of each dispensing pharmacist; and
      iii. Is signed and initialed by each dispensing pharmacist.

**D.** If a pharmacy computer system does not comply with the requirements of subsections (A), (B), and (F), the pharmacy permittee or pharmacist-in-charge shall bring the computer system into compliance within three months of a notice of noncompliance or violation letter. If the computer system is still noncompliant with subsection (A), (B), or (F) after three months, the pharmacy permittee or pharmacist-in-charge shall immediately comply with the manual recordkeeping requirements of R4-23-402 and R4-23-407.

**E.** If a pharmacy's personnel perform manual recordkeeping under subsection (D), the pharmacy's personnel shall continue manual recordkeeping until the pharmacist-in-charge sends proof, verified by a Board compliance officer, that the computer system complies with subsections (A), (B), and (F).

**F.** Security. To maintain the confidentiality of patient records, a pharmacy permittee or pharmacist-in-charge shall ensure:

1. The computer system has security and systems safeguards designed to prevent and detect unauthorized access, modification, or manipulation of prescription order information and patient profiles; and
2. After a prescription order is dispensed, any alteration of prescription order information is documented, including the identification of the pharmacist responsible for the alteration.

**G.** A computer system that does not comply with all the requirements of subsections (A), (B), and (F) may be used in a pharmacy if:

1. The computer system was in use in the pharmacy before July 11, 2001, and
2. The pharmacy complies with the manual recordkeeping requirements of R4-23-402 and R4-23-407.

**H.** Prescription records and retention.

1. Instead of filing the original hard-copy prescription order as required in A.R.S. § 32-1964, a pharmacy permittee or pharmacist-in-charge may use an electronic imaging recordkeeping system, if:
   a. The system is capable of capturing, storing, and reproducing the exact image of a prescription order, including the reverse side of the prescription order if necessary;
   b. Any notes of clarification of or alterations to a prescription order are directly associated with the electronic image of the prescription order;
   c. A prescription order image and any associated notes of clarification of or alterations to the prescription order are retained for no fewer than seven years from the date the prescription order is last dispensed;
   d. Policies and procedures for the use of an electronic imaging recordkeeping system are developed, implemented, reviewed, and revised in the same manner described in subsection (A) and complied with; and
   e. The prescription is not for a controlled substance.
2. If a pharmacy's computer system fields are automatically populated by an electronically transmitted prescription order, the automated record constitutes the original prescription order and a hard-copy or electronic image is not required if the computer system is capable of maintaining, printing, and providing all the prescription order information required in A.R.S. §§ 32-1968 and 36-2525 and R4-23-407(A) within 72 hours of a request by the Board, the Board's compliance officers, other authorized regulatory board agents, or authorized officers of the law.

**I.** A pharmacy permittee or pharmacist-in-charge shall make all prescription records available within 72 hours after a Board request.

**Historical Note**

Adopted effective November 18, 1983 (Supp. 83-6). Amended by final rulemaking at 7 A.A.R. 646, effective January 11, 2001 (Supp. 01-1). Amended by final rulemaking at 9 A.A.R. 5030, effective January 3, 2004 (Supp. 03-4). Amended by final rulemaking at 11 A.A.R. 4270, effective December 6, 2005 (Supp. 05-4). Amended by final rulemaking at 12 A.A.R. 274, effective March 11, 2006 (Supp. 06-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006

(Supp. 06-3). Amended by final rulemaking at 13 A.A.R. 440, effective April 7, 2007 (Supp. 07-1). Amended by final rulemaking at 26 A.A.R. 223, effective March 14, 2020 (Supp. 20-1).

**R4-23-409. Returning Drugs and Devices**

**A.** After a person for whom a drug is prescribed or the person's agent takes the drug from the premises where sold, distributed, or dispensed, a pharmacist or pharmacy permittee shall not accept the drug for return or exchange for the purpose of resale unless the pharmacist determines that:
1. The drug is in its original, manufacturer's, unopened container; and
2. The drug or its container has not been subjected to contamination or deterioration.

**B.** The provisions of subsection (A) of this Section do not apply to a drug dispensed to:
1. A hospital inpatient as defined in R4-23-651; or
2. A resident of a long-term care facility where a licensed health care professional administers the drug, and the pharmacist ensures and documents that the drug:
   a. Has been stored in compliance with the requirements of the official compendium; and
   b. Is not obviously contaminated or deteriorated.

**C.** After a person for whom a device is prescribed or the person's agent takes the device from the premises where sold, distributed, or dispensed, a pharmacist or pharmacy permittee shall not accept the device for return or exchange for the purpose of resale or reuse unless the pharmacist determines that:
1. The device is inspected and is free of defects;
2. The device is rendered incapable of transferring disease; and
3. The device, if resold or reused, is not claimed to be new or unused.

**Historical Note**

Adopted effective November 18, 1983 (Supp. 83-6). Amended by final rulemaking at 8 A.A.R. 1256, effective March 7, 2002 (Supp. 02-1).

**R4-23-410. Current Good Compounding Practices**

**A.** This Section establishes the current good compounding practices to be used by a pharmacist licensed by the Board, in a pharmacy permitted by the Board, and in compliance with applicable federal and state law governing the practice of pharmacy.

**B.** A pharmacy permittee shall ensure compliance with the provisions in this subsection.
1. All substances for compounding that are received, stored, or used by the pharmacy permittee:
   a. Meet official compendium requirements;
   b. Are of high quality, such as Chemically Pure (CP), Analytical Reagent (AR), certified American Chemical Society (ACS), or Food Chemical Codex (FCC) grade; or
   c. Are obtained from a source that, in the professional judgment of the pharmacist, is acceptable and reliable.
2. Before compounding a pharmaceutical product in excess of the quantity dispensed in anticipation of receiving valid prescriptions for the pharmaceutical product, a pharmacist, employed by the pharmacy permittee, shall establish a history of compounding valid prescriptions for the pharmaceutical product.
3. Neither the pharmacy permittee nor a pharmacist employed by the pharmacy permittee provides a compounded pharmaceutical product to a pharmacy, medical practitioner, or other person for dispensing or distributing except that a compounded pharmaceutical product may be provided to a medical practitioner to administer to a patient of the medical practitioner if each container is accompanied by the written list required in subsection (I)(5) and has a label that includes the following:
   a. The pharmacy's name, address, and telephone number;
   b. The pharmaceutical product's name and the information required in subsection (I)(4);
   c. A lot or control number;
   d. A beyond-use-date based upon the pharmacist's professional judgment, but not more than the maximum guidelines recommended in the Pharmacy Compounding Practices chapter of the official compendium unless there is published or unpublished stability test data that shows a longer period is appropriate;
   e. The statement "Not For Dispensing;" and
   f. The statement "For Office or Hospital Administration Only."
4. A pharmacy or pharmacist may advertise or otherwise promote the fact that the pharmacy or pharmacist provides prescription compounding services.

**C.** A pharmacy permittee shall ensure compliance with the organization, training, and personnel issues in this subsection.
1. Before dispensing a compounded pharmaceutical product, a pharmacist:
   a. Inspects and approves or rejects, or assumes responsibility for inspecting and approving or rejecting, components, pharmaceutical product containers and closures, in-process materials, and labeling;
   b. Prepares or assumes responsibility for preparing all compounding records;
   c. Reviews all compounding records to ensure that no errors occur in the compounding process;
   d. Ensures the proper use, cleanliness, and maintenance of all compounding equipment; and
   e. Documents by hand-written initials or signature in the compounding record the completion of the requirements of subsections (C)(1)(a), (b), (c), and (d).
2. A pharmacist engaged in compounding:
   a. Complies with the current good compounding practices and applicable state pharmacy laws;
   b. Maintains compounding proficiency through current awareness, training, and continuing education; and
   c. Ensures that personnel engaged in compounding wear:
      i. Clean clothing appropriate to the work performed; and
      ii. Protective apparel, such as coats, aprons, gowns, gloves or masks to protect the personnel from chemical exposure and prevent pharmaceutical product contamination.

**D.** A pharmacy permittee shall ensure the security, safety, and quality of a compounded pharmaceutical product by conforming with the following standards:
1. Implement procedures to exclude from direct contact with components, pharmaceutical product containers and closures, in-process materials, labeling, and pharmaceutical products, any person with an apparent illness or open lesion that may adversely affect the safety or quality of a

compounded pharmaceutical product, until the illness or lesion, as determined by competent medical personnel, does not jeopardize the safety or quality of a compounded pharmaceutical product; and

2. Require all personnel to inform a pharmacist of any health condition that may adversely affect a compounded pharmaceutical product.

**E.** A pharmacy permittee shall provide compounding facilities that conform with the standards in this subsection.

1. In addition to the minimum area requirements of R4-23-609, R4-23-655, or R4-23-673, the compounding area:
   a. Complies with the requirements in R4-23-611; and
   b. Has sufficient space to permit efficient pharmacy practice, free movement of personnel, and visual surveillance by a pharmacist.
2. If sterile pharmaceutical product or radiopharmaceutical product compounding is performed, the compounding area complies with the requirements of R4-23-670, R4-23-681, and R4-23-682.
3. A clean, dry, and temperature-controlled area and, if required, a refrigerated area, in which to store properly labeled containers of bulk drugs, chemicals, and materials used in compounding, that complies with state statutes and rules.

**F.** To protect pharmaceutical product safety, identity, strength, quality, and purity, a pharmacy permittee shall ensure that equipment and utensils used in pharmaceutical product compounding are:

1. Of appropriate design, adequate size, and suitably located for proper operation, cleaning, and maintenance;
2. Made of material that is not reactive, additive, or absorptive when exposed to components, in-process materials, or pharmaceutical products;
3. Cleaned and protected from contamination before use;
4. Inspected and determined suitable for use before initiation of compounding operations; and
5. Routinely inspected, calibrated, or checked to make proper performance certain.

**G.** A pharmacy permittee shall ensure that the pharmacist-in-charge establishes, implements, and complies with procedures to prevent cross-contamination when pharmaceutical products that require special precautions to prevent cross-contamination, such as penicillin, are used in a compounding procedure. The procedures shall include either the dedication of equipment or the meticulous cleaning of contaminated equipment before its use in compounding other pharmaceutical products.

**H.** A pharmacy permittee shall ensure that the pharmacist-in-charge establishes, implements, and complies with control procedures for components and pharmaceutical product containers and closures, either written or electronically stored with printable documentation, that conform with the standards in this subsection.

1. Components and pharmaceutical product containers and closures are:
   a. Stored off the floor,
   b. Handled and stored to prevent contamination, and
   c. Rotated so the oldest approved stock is used first.
2. Container closure systems comply with official compendium standards.
3. Pharmaceutical product containers and closures are clean and made of material that is not reactive, additive, or absorptive.

**I.** A pharmacy permittee shall ensure that the pharmacist-in-charge establishes, implements, and complies with pharmaceutical product compounding controls that conform with the standards in this subsection.

1. Pharmaceutical product compounding procedures are available in either written form or electronically stored with printable documentation:
   a. To ensure that a finished pharmaceutical product has the identity, strength, quality, and purity it is purported or represented to possess, the procedures include, for each pharmaceutical product compounded, a description of:
      i. The components, their manufacturer, lot number, expiration date, and amounts, the order of component addition, if applicable, and the compounding process;
      ii. The equipment and utensils used; and
      iii. The pharmaceutical product container and closure system proper for the sterility and stability of the pharmaceutical product as it is intended to be used.
   b. To test the pharmaceutical product being compounded, the procedures monitor the output and validate the performance of compounding processes that may cause variability in the final pharmaceutical product, including assessing:
      i. Dosage form weight variation;
      ii. Adequacy of mixing to ensure uniformity and homogeneity; and
      iii. Clarity, completeness, and pH of solutions, if applicable.
2. Components for pharmaceutical product compounding are accurately weighed, measured, or subdivided. To ensure that each weight, measure, or subdivision is correct as stated in the compounding procedures, a pharmacist:
   a. Checks and rechecks, or assumes responsibility for checking and re-checking, the operations at each stage of the compounding process; and
   b. Documents by hand-written initials or signature the completion and accuracy of the compounding process.
3. Compounding equipment and utensils are properly cleaned and maintained.
4. In addition to the labeling requirements of A.R.S. § 32-1968(D), the label contains:
   a. A statement, symbol, designation, or abbreviation that the pharmaceutical product is a compounded pharmaceutical product, and
   b. A beyond-use-date as specified in subsection (B)(3)(d).
5. A written list of the compounded pharmaceutical product's active ingredients is given to the patient at the time of dispensing.
6. When a component is removed from its original container and transferred to another container, the new container label contains, in full text or an abbreviated code system, the following:
   a. The component name,
   b. The manufacturer's or supplier's name,
   c. The lot or control number,
   d. The weight or measure,
   e. The beyond-use-date as specified in subsection (B)(3)(d), and
   f. The transfer date.

**J.** A pharmacy permittee shall ensure that the pharmacist-in-charge stores any quantity of compounded pharmaceutical product produced in excess of the quantity dispensed in accordance with subsection (B):
1. In an appropriate container with a label that contains:
   a. A complete list of components or the pharmaceutical product's name;
   b. The preparation date;
   c. The assigned lot or control number; and
   d. A beyond-use-date as specified in subsection (B)(3)(d); and
2. Under conditions, dictated by the pharmaceutical product's composition and stability characteristics, that ensure its strength, quality, and purity.

**K.** A pharmacy permittee shall ensure that the pharmacist-in-charge establishes, implements, and complies with record-keeping procedures that comply with this subsection:
1. Pharmaceutical product compounding procedures and other records required by this Section are maintained by the pharmacy for not less than seven years, and
2. Pharmaceutical product compounding procedures and other records required by this Section are readily available for inspection by the Board or its designee.

**Historical Note**

Adopted effective August 5, 1997 (Supp. 97-3). Amended by final rulemaking at 10 A.A.R. 3391, effective October 2, 2004 (Supp. 04-3). Amended by final rulemaking at 12 A.A.R. 3981, effective December 4, 2006 (Supp. 06-4).

**R4-23-411. Pharmacist-administered or Intern-administered Immunizations**

**A.** Authorization to administer immunizations, vaccines, and emergency medications, as defined at A.R.S. § 32-1974(N), to an eligible adult patient or eligible minor patient. As used in this Section, "eligible adult patient" means an eligible patient 13 years of age or older and "eligible minor patient" means an eligible patient at least three years of age but less than 13 years of age. A pharmacist or an intern in the presence of and under the immediate personal supervision of a pharmacist may administer, without a prescription, immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient, if:
1. Both the pharmacist and intern meet the qualifications and standards specified by A.R.S. § 32-1974 and this Section;
2. The Board authorizes both the pharmacist and intern as specified in subsection (D);
3. For an eligible adult patient, the immunization or vaccine is:
   a. Recommended for adults by the United States Centers for Disease Control and Prevention; or
   b. Recommended by the United States Centers for Disease Control and Prevention's Health Information for International Travel;
4. For an eligible adult patient, the immunization or vaccine is not on the Arizona Department of Health Services list specified in A.A.C. R9-6-1301 as required under A.R.S. § 32-1974(I);
5. For an eligible minor patient, the immunization or vaccine is for influenza or a booster dose as described under A.R.S. § 32-1974(B)(2); and
6. For an eligible minor patient, any immunizations or vaccines other than influenza or a booster dose as described under A.R.S. § 32-1974(B)(2) are administered in response to a public health emergency declared by the Governor under A.R.S. § 36-787.

**B.** A pharmacist or an intern in the presence of and under the immediate personal supervision of a pharmacist, may administer, with a prescription, any immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient, if:
1. Both the pharmacist and intern meet the qualifications and standards specified by A.R.S. § 32-1974 and this Section; and
2. The Board authorizes both the pharmacist and intern as specified in subsection (D).

**C.** A pharmacist or intern who is authorized to administer immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient shall:
1. Not delegate the authority to any other pharmacist, intern, or employee not specifically authorized by rule; and
2. Maintain their current certificate for inspection by the Board or its designee or review by the public.

**D.** Qualifications to administer immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient. After receipt of a completed application form, the Board shall authorize the administration of immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient by a pharmacist or intern who meets the following qualifications:
1. Has a current license to practice pharmacy in this state,
2. Successfully completes a training program specified in subsection (E), and
3. Has a current certificate in basic cardiopulmonary resuscitation.

**E.** Immunizations training program requirements. A training program for pharmacists or interns to administer immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient shall include the following courses of study:
1. Basic immunology and the human immune response;
2. Mechanics of immunity, adverse effects, dose, and administration schedule of available vaccines;
3. Response to an emergency situation as a result of the administration of an immunization, vaccine, or medication including administering an emergency medication to counteract the adverse effects of the immunization, vaccine, or medication given;
4. Administration of intramuscular injections;
5. Other immunization administration methods; and
6. Recordkeeping and reporting requirements specified in subsection (F).

**F.** Recordkeeping and reporting requirements.
1. A pharmacist or intern authorized under this Section to administer immunizations, vaccines, and emergency medications to an eligible patient shall provide to the pharmacy the following information and documentation regarding each immunization, vaccine, or emergency medication administered:
   a. The name, address, and date of birth of the patient;
   b. The date of administration and site of injection;
   c. The name, dose, manufacturer's lot number, and expiration date of the vaccine, immunization, or emergency medication;
   d. The name and address of the patient's identified primary-care provider or physician;

e. The name of the pharmacist or intern administering the immunization, vaccine, or emergency medication;
f. A record of the pharmacist's or intern's consultation with the patient determining that the patient is an eligible patient as defined in R4-23-110;
g. Consultation or other professional information provided to the patient by the pharmacist or intern;
h. The name and date of the immunization or vaccine information sheet provided to the patient; and
i. For an immunization or vaccine given to an eligible minor patient, a consent form signed by the minor's parent or guardian.

2. As required under A.R.S. § 32-1974(F)(1), the pharmacist or intern shall provide a written or electronic report to the patient's primary-care provider or physician containing the documentation required in subsection (F)(1)(a) through (d). The pharmacy shall document the time and date the report is sent and make the record of compliance with this subsection available in the pharmacy or on request, within 72 hours, for inspection by the Board or its designee.
3. A pharmacy's pharmacist-in-charge or permittee shall maintain the records required in subsection (F)(1) in the pharmacy or database for a minimum of seven years from the administration date.

**G.** Confidentiality of records. A pharmacist, intern, pharmacy permittee, or pharmacist-in-charge shall comply with applicable state and federal privacy statutes and rules when releasing patient health information.

**H.** Pharmacist-administered or intern-administered adult immunizations that require a prescription order. A pharmacist or intern authorized by the Board to administer adult immunizations or vaccines shall not administer any immunization or vaccine listed in A.A.C. R9-6-1301 without a prescription order. In addition to filing a prescription order as required in A.R.S. § 32-1964, a pharmacist or pharmacy intern who administers an immunization or vaccine listed in A.A.C. R9-6-1301 shall comply with the recordkeeping requirements of subsection (F)(1).

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 3967, effective November 13, 2004 (Supp. 04-3). Amended by final rulemaking at 12 A.A.R. 279, effective March 11, 2006 (Supp. 06-1). Amended by final rulemaking at 14 A.A.R. 3674, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 15 A.A.R. 1930, effective November 3, 2009 (Supp. 09-4). Amended by final rulemaking at 17 A.A.R. 2596, effective February 4, 2012 (Supp. 11-4). Amended by final rulemaking at 23 A.A.R. 211, effective March 5, 2017 (Supp. 17-1). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 26 A.A.R. 223, effective March 14, 2020 (Supp. 20-1). Amended by final rulemaking at 28 A.A.R. 994 (May 13, 2022), effective July 2, 2022 (Supp. 22-2).

**R4-23-412. Emergency Refill Prescription Dispensing**

**A.** When a state of emergency is declared under A.R.S. § 32-1910(A) or (B) and the state of emergency results in individuals being unable to refill existing prescriptions, a pharmacist may work in the affected county, city, or town and may dispense a one-time emergency refill prescription of up to a 30-day supply of a prescribed medication to an affected individual if both of the following apply:
1. In the pharmacist's professional opinion the medication is essential to the maintenance of life or to the continuation of therapy, and
2. The pharmacist makes a good faith effort to reduce the information to a written prescription marked "emergency prescription" and files and maintains the prescription as required by law.

**B.** If the state of emergency declared under A.R.S. § 32-1910(A) or (B) continues for at least 21-days after the pharmacist dispenses an emergency prescription under subsection (A), the pharmacist may dispense one additional emergency refill prescription of up to a 30-day supply of the prescribed medication if the pharmacist complies with subsection (A)(2).

**C.** A pharmacist's authority to dispense emergency prescriptions under this Section ends when the declared state of emergency is terminated.

**Historical Note**

New Section made by final rulemaking at 14 A.A.R. 4400, effective January 3, 2009 (Supp. 08-4).

**R4-23-413. Temporary Recognition of Nonresident Licensure**

**A.** When a state of emergency is declared under A.R.S. § 32-1910(A) or (B):
1. A pharmacist who is not licensed in this state, but who is currently licensed in another state, may dispense prescription medications in those affected counties, cities, or towns in this state during the time that a declared state of emergency exists under A.R.S. § 32-1910(A) or (B) if both of the following apply:
   a. The pharmacist provides proof of current licensure in another state, and
   b. The pharmacist is engaged in a relief effort during a state of emergency.
2. Acting under the direct supervision of a pharmacist, a pharmacy technician or pharmacy intern not licensed in this state, but currently licensed or registered in another state, may assist a pharmacist in dispensing prescription medications in affected counties, cities, or towns in this state during the time that a declared state of emergency exists under A.R.S. § 32-1910(A) or (B) if both of the following apply:
   a. The pharmacy technician or pharmacy intern provides proof of current licensure or registration in another state, and
   b. The pharmacy technician or pharmacy intern is engaged in a relief effort during a state of emergency.

**B.** The recognition of nonresident licensure or registration shall end with the termination of the declared state of emergency.

**Historical Note**

New Section made by final rulemaking at 14 A.A.R. 4400, effective January 3, 2009 (Supp. 08-4).

**R4-23-414. Reserved**

**R4-23-415. Impaired Licensees – Treatment and Rehabilitation**

**A.** The Board may contract with qualified organizations to operate a program for the treatment and rehabilitation of licensees impaired as the result of alcohol or other drug abuse, pursuant to A.R.S. § 32-1932.01.

**B.** Participants in the program are either "confidential" or "known." Confidential participants are self-referred and may remain unidentified to the Board, subject to maintaining compliance with their program contract. Known participants are under Board order to complete a minimum tenure in the program. After a known participant completes the minimum tenure, the Board may terminate the Board order and reinstate the participant's license to practice pharmacy.

**C.** The program contract with a qualified organization shall include as a minimum the following:

1. Duties and responsibilities of each party.
2. Duration, not to exceed two years, of contract and terms of compensation.
3. Quarterly reports from the program administrator to the Board indicating:
   a. Identity of participants;
      i. By name, if a known participant; or
      ii. By case number, if a confidential participant;
   b. Status of each participant, including;
      i. Clinical findings;
      ii. Diagnosis and treatment recommendations;
      iii. Program activities; and
      iv. General recovery and rehabilitation program information.
4. The program administrator shall report immediately to the Board the name of any impaired licensee who poses a danger to self or others.
5. The program administrator shall report to the Board, as soon as possible, the name of any impaired licensee:
   a. Who refuses to submit to treatment,
   b. Whose impairment is not substantially alleviated through treatment, or
   c. Who violates the terms of their contract.
6. The program administrator shall periodically provide informational programs to the profession, including approved continuing education programs on the topic of drug and chemical impairment, treatment, and rehabilitation.

**D.** Under A.R.S. § 32-1903(F), the Board may publish the names of participants under current Board orders.

**E.** The Board or its executive director may request the treatment records for any participant. The program administrator shall provide treatment records within 10 working days of receiving a written request from the Board or its executive director for such records. Upon request of the program administrator or the Board or its executive director, a program participant shall authorize a drug and alcohol treatment facility or program or a private practitioner or treatment program to release the participant's records to the program administrator or the Board or its executive director.

**F.** On the recommendation of the program administrator or a Board member and by mutual consent, the program administrator, Board member, Board staff, and program participant may meet informally to discuss program compliance.

## ARTICLE 5. CONTROLLED SUBSTANCES PRESCRIPTION MONITORING PROGRAM

*New Article 5, consisting of Sections R4-23-501 through R4-23-505, made effective August 2, 2014 (Supp. 14-2).*

*Article 5, consisting of Sections R4-23-501 through R4-23-505, expired effective August 30, 2013 (Supp. 14-1).*

*Article 5, consisting of Sections R4-23-501 and R4-23-502, recodified to Article 8 at 9 A.A.R. 4011, effective August 18, 2003 (Supp. 03-3).*

*New Article 5, consisting of Sections R4-23-501 through R4-23-505, made by final rulemaking at 14 A.A.R. 3410, effective October 4, 2008 (Supp. 08-3).*

### R4-23-501. Controlled Substances Prescription Monitoring (CSPMP) Program Registration and Database Access

**A.** Under A.R.S. § 36-2606, a medical practitioner who is issued a license under A.R.S. Title 32, Chapter 7, 11, 13, 14, 15, 16, 17, 21, 25, or 29 and possesses a current DEA registration under the Federal Controlled Substances Act shall have a current CSPMP registration issued by the Board.

**B.** Application.
1. An applicant for CSPMP registration shall:
   a. Submit a completed application for CSPMP registration electronically or manually on a form furnished by the Board, and
   b. Submit with the application form the documents specified in the application form.
2. The Board office shall deem an application form received on the date the Board office electronically or manually date-stamps the form.

**C.** Registration. Within seven business days of receipt of a completed application specified in subsection (B), the Board office shall determine whether an application is complete. If the application is complete, the Board office shall issue a registration number and provide a current registration certificate to the applicant by mail or electronic transmission. If the application is incomplete, the Board office shall issue a written notice of incompleteness. An applicant with an incomplete application shall comply with the requirements of R4-23-202(F).

**D.** Registration renewal. As specified in A.R.S. § 36-2606(C), the Board shall automatically suspend the registration of any registrant that fails to renew the registration on or before May 1 of the year in which the renewal is due. The Board shall vacate a suspension if the registrant submits a renewal application. A suspended registrant with CSPMP database access credentials is prohibited from accessing information in the prescription monitoring program database.

**E.** CSPMP database access.
1. A medical practitioner that chooses to use the CSPMP database shall request access from the CSPMP Director by completing an access user registration form electronically. Upon receipt of the access user registration form, the CSPMP Director or designee shall issue access credentials provided the medical practitioner is in compliance with the registration requirements of this Section.
2. A pharmacist that chooses to use the CSPMP database shall request access from the CSPMP Director by completing an access user registration form electronically. Upon receipt of the access user registration form, the CSPMP Director or designee shall issue access credentials provided the pharmacist has a current active pharmacist license.
3. A medical practitioner or pharmacist who is not licensed in Arizona may request access from the CSPMP Director by:
   a. Completing an access user registration form electronically;
   b. Printing the access user registration form;
   c. Having the access user registration form signed and notarized; and
   d. Mailing the notarized access user form along with a current copy of the applicant's nonresident state license and driver's license. Upon receipt of the notarized access user registration form and other required documents, the CSPMP Director or designee shall issue access credentials provided the nonresident licensed medical practitioner or pharmacist credentials show an current active license in another state.

**Historical Note**

Former Rule 5.2110; Amended effective August 9, 1983 (Supp. 83-4). Amended by final rulemaking at 8 A.A.R. 4898, effective January 5, 2003 (Supp. 02-4). Recodified to R4-23-801 at 9 A.A.R. 4011, effective August 18, 2003 (Supp. 03-3). New Section made by final rulemaking at 14 A.A.R. 3410, effective October 4, 2008 (Supp. 08-3). Amended by final rulemaking at 19 A.A.R. 94, effective March 10, 2013 (Supp. 13-1). Section expired under A.R.S. § 41-1056(J) at 20 A.A.R. 133, effective August 30, 2013 (Supp. 14-1). New Section made by final rulemaking at 20 A.A.R. 1359, effective August 2, 2014 (Supp. 14-2).

### R4-23-502. Requirements for Data Format and Transmission

**A.** Each dispenser shall submit to the Board or its designee by electronic means information regarding each prescription dispensed for a controlled substance listed in Schedules II, III, and IV of A.R.S. Title 36, Chapter 27, the Arizona Uniform Controlled Substances Act. The information reported shall conform to the August 31, 2005 Version 003, Release 000 ASAP Rules-based Standard Implementation Guide for Prescription Monitoring Programs published by the American Society for Automation in Pharmacy as specified in A.R.S. § 36-2608(B). The information submitted for each prescription shall include:
1. The name, address, telephone number, prescription number, and DEA registration number of the dispenser;
2. The name, address, gender, date of birth, and telephone number of the person or, if for an animal, the owner of the animal for whom the prescription is written;
3. The name, address, telephone number, and DEA registration number of the prescribing medical practitioner;
4. The quantity and National Drug Code (NDC) number of the Schedule II, III, or IV controlled substance dispensed;
5. The date the prescription was dispensed;
6. The number of refills, if any, authorized by the medical practitioner;
7. The date the prescription was issued;
8. The method of payment identified as cash or third party; and
9. Whether the prescription is new or a refill.

**B.** A dispenser shall submit the required information electronically unless the Board or its designee approves a waiver as specified in subsection (D).

**C.** A dispenser's electronic data transfer equipment including hardware, software, and internet connections shall meet the privacy and security standards of the Health Insurance Portability and Accountability Act (HIPAA) of 1996, as amended, and A.R.S. § 12-2292, in addition to common internet industry standards for privacy and security. A dispenser shall ensure that each electronic transmission meets the following data protection requirements:

1. Data shall be at least 128-bit encryption in transmission and at rest; and
2. Data shall be transmitted via secure e-mail, telephone modem, diskette, CD-ROM, tape, secure File Transfer Protocol (FTP), Virtual Private Network (VPN), or other Board-approved media.

**D.** A dispenser who does not have an automated recordkeeping system capable of producing an electronic report in the Board established format may request a waiver from electronic reporting by submitting a written request to the Board or its designee. The Board or its designee shall grant the request if the dispenser agrees in writing to report the data by submitting a completed universal claim form supplied by the Board or its designee.

**E.** Unless otherwise approved by the Board, a dispenser shall report by the close of business on each Friday the required information for the previous week, Sunday through Saturday. If a Friday falls on a state holiday, the dispenser shall report the information on the following business day. The Board or its designee may approve a less frequent reporting period if a dispenser makes a showing that a less frequent reporting period will not reduce the effectiveness of the system or jeopardize the public health.

**Historical Note**

Former Rule 5.2510. Amended by final rulemaking at 8 A.A.R. 4898, effective January 5, 2003 (Supp. 02-4). Recodified to R4-23-802 at 9 A.A.R. 4011, effective August 18, 2003 (Supp. 03-3). New Section made by final rulemaking at 14 A.A.R. 3410, effective October 4, 2008 (Supp. 08-3). Section expired under A.R.S. § 41-1056(J) at 20 A.A.R. 133, effective August 30, 2013 (Supp. 14-1). New Section made by final rulemaking at 20 A.A.R. 1359, effective August 2, 2014 (Supp. 14-2).

**R4-23-503. Access to Controlled Substances Prescription Monitoring Program Data**

**A.** Except as provided in A.R.S. § 36-2604(B) and (C) and this Section, prescription information submitted to the Board or its designee is confidential and is not subject to public inspection.

**B.** The Board or its designee shall review the prescription information collected under A.R.S. Title 36, Chapter 28 and R4-23-502. If the Board or its designee has reason to believe an act of unprofessional or illegal conduct has occurred, the Board or its designee shall notify the appropriate professional licensing board or law enforcement or criminal justice agency and provide the prescription information required for an investigation.

**C.** The Board or its designee is authorized to release data collected by the program to the following:

1. A person who is authorized to prescribe or dispense a controlled substance to assist that person to provide medical or pharmaceutical care to a patient or to evaluate a patient;
2. An individual who requests the individual's own controlled substance prescription information under A.R.S. § 12-2293;
3. A professional licensing board established under A.R.S. Title 32, Chapter 7, 11, 13, 14, 15, 16, 17, 18, 21, 25, or 29. Except as required under subsection (B), the Board or its designee shall provide this information only if the requesting board states in writing that the information is necessary for an open investigation or complaint;
4. A local, state, or federal law enforcement or criminal justice agency. Except as required under subsection (B), the Board or its designee shall provide this information only if the requesting agency states in writing that the information is necessary for an open investigation or complaint;
5. The Arizona Health Care Cost Containment System Administration regarding individuals who are receiving services under A.R.S. Title 36, Chapter 29. Except as required under subsection (B), the Board or its designee shall provide this information only if the Administration states in writing that the information is necessary for an open investigation or complaint;
6. A person serving a lawful order of a court of competent jurisdiction;
7. A person who is authorized to prescribe or dispense a controlled substance and who performs an evaluation on an individual under A.R.S. § 23-1026; and
8. The Board staff for purposes of administration and enforcement of A.R.S. Title 36, Chapter 28 and this Article.

**D.** The Board or its designee may provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used to identify individual patients or persons who received prescriptions from dispensers.

**Historical Note**

Former Rules 5.3500, 5.3520, 5.3540, 5.3550, 5.3560, 5.3570, 5.3580, 5.3590, 5.4110, and 5.6110; Repealed effective August 2, 1982 (Supp. 82-4). New Section made by final rulemaking at 14 A.A.R. 3410, effective October 4, 2008 (Supp. 08-3). Section expired under A.R.S. § 41-1056(J) at 20 A.A.R. 133, effective August 30, 2013 (Supp. 14-1). New Section made by final rulemaking at 20 A.A.R. 1359, effective August 2, 2014 (Supp. 14-2).

**R4-23-504. Computerized Central Database Tracking System Task Force**

**A.** The Board shall appoint a task force to help it administer the computerized central database tracking system as specified in A.R.S. § 36-2603.

**B.** The Task Force shall meet at least once each year and at the call of the chairperson to establish the procedures and conditions relating to the release of prescription information specified in A.R.S. § 36-2604 and R4-23-503.

**C.** The Task Force shall determine:

1. The information to be screened;
2. The frequency and thresholds for screening; and
3. The parameters for using the information to notify medical practitioners, patients, and pharmacies to educate and provide for patient management and treatment options.

**D.** The Board shall review and approve the procedures and conditions established by the Task Force as needed but at least once every calendar year.

**Historical Note**

Former Rule 5.7010; Amended effective August 10, 1978 (Supp. 78-4). Repealed effective August 2, 1982 (Supp. 82-4). New Section made by final rulemaking at 14 A.A.R. 3410, effective October 4, 2008 (Supp. 08-3).

Section expired under A.R.S. § 41-1056(J) at 20 A.A.R. 133, effective August 30, 2013 (Supp. 14-1). New Section made by final rulemaking at 20 A.A.R. 1359, effective August 2, 2014 (Supp. 14-2).

**R4-23-505. Reports**

**A.** Before releasing prescription monitoring program data, the Board or its designee shall receive a written or electronic request for controlled substance prescription information.

**B.** A person authorized to access CSPMP data under R4-23-503(C)(1) through (7) shall submit a written or electronic request that:
1. Specifies the information requested for the report;
2. For a medical practitioner, provides a statement that the report's purpose is to provide medical or pharmaceutical care to a patient or to evaluate a patient;
3. For an individual obtaining the individual's own controlled substance prescription information, provides a form of non-expired government-issued photo identification;
4. For a professional licensing board, states that the information is necessary for an open investigation or complaint;
5. For a local, state, or federal law enforcement or criminal justice agency, states that the information is necessary for an open investigation or complaint;
6. For the AHCCCS Administration, states that the information is necessary for an open investigation or complaint; and
7. For a person serving a lawful order of a court of competent jurisdiction, provides a copy of the court order.

**C.** The Board or its designee may provide reports through U.S. mail, other common carrier, facsimile, or secured electronic media or may allow reports to be picked up in-person at the Board office.

**Historical Note**

Former Rules 5.7100, 5.8100, 5.8500, 5.9100, and 5.9500; Amended effective August 10, 1978 (Supp. 78-4). Repealed effective August 2, 1982 (Supp. 82-4). New Section made by final rulemaking at 14 A.A.R. 3410, effective October 4, 2008 (Supp. 08-3). Section expired under A.R.S. § 41-1056(J) at 20 A.A.R. 133, effective August 30, 2013 (Supp. 14-1). New Section made by final rulemaking at 20 A.A.R. 1359, effective August 2, 2014 (Supp. 14-2).

**R4-23-506. Repealed**

**Historical Note**

Adopted effective December 3, 1974 (Supp. 75-1). Repealed effective August 24, 1992 (Supp. 92-3).

## ARTICLE 6. PERMITS AND DISTRIBUTION OF DRUGS

**R4-23-601. General Provisions**

**A.** Permit required to sell a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical. A person shall have a current Board permit to:
1. Sell a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical in Arizona; or
2. Sell a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical from outside Arizona and ship the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical into Arizona.

**B.** A medical practitioner is exempt from subsection (A) to administer a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical for the emergency needs of a patient.

**C.** Permit fee. Permits are issued biennially on an odd- and even-year expiration based on the assigned permit number. The fee, specified in R4-23-205, is not refundable unless the Board fails to comply with the permit time frames established in R4-23-602.

**D.** Record of receipt and disposal of narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals.
1. Every person manufacturing a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical, including repackaging or relabeling, shall prepare and retain for no fewer than three years the manufacturing, repackaging, or relabeling date for each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical.
2. Every person receiving, selling, delivering, or disposing of a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical shall record and retain for no fewer than three years the following information:
   a. The name, strength, dosage form, and quantity of each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical received, sold, delivered, or disposed;
   b. The name, address, and license or permit number, if applicable, of the person from whom each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is received;
   c. The name, address, and license or permit number, if applicable, of the person to whom each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is sold or delivered, or of the person who disposes of each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
   d. The receipt, sale, deliver, or disposal date of each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical.
3. The record required in this subsection shall be available for inspection by the Board or its compliance officer during regular business hours.
4. If the record required in this subsection is stored in a centralized recordkeeping system and not immediately available for inspection, a permittee, manager, or pharmacist-in-charge shall provide the record within four working days of the Board's or its compliance officer's request.

**E.** Narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals damaged by water, fire, or from human or animal consumption or use. A person shall not sell or offer

to sell any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical damaged by water, fire, or from human or animal consumption or use.

**F.** At least 14 days before there is a change in ownership, as defined at R4-23-110, of a license or permit issued under this Chapter, the new licensee or permittee shall apply to the Board for a new license or permit.

**Historical Note**

Former Rules 6.1100, 6.1200, 6.1300, 6.1400, and 6.1500. Amended effective August 10, 1978 (Supp. 78-4). Amended subsection (C) effective August 9, 1983 (Supp. 83-4). Amended subsection (C) effective August 12, 1988 (Supp. 88-3). Amended by final rulemaking at 6 A.A.R. 4656, effective November 14, 2000 (Supp. 00-4). Amended by final rulemaking at 12 A.A.R. 1912, effective July 1, 2006 (Supp. 06-2). Amended by final rulemaking at 14 A.A.R. 3670, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2).

**R4-23-602. Permit Application Process and Time frames**

**A.** A person applying for a permit shall:
1. Submit a completed application for the desired permit electronically or manually on a form furnished by the Board, and
2. Submit with the application form:
   a. The documents specified in the application form, and
   b. The permit fee specified in R4-23-205.

**B.** The Board office shall deem an application form received on the date the Board office electronically or manually date-stamps the form.

**C.** Time frames for permits.
1. The Board office shall finish an administrative completeness review within 60 days from the date the application form is received.
   a. The Board office shall issue a written notice of administrative completeness to the applicant if no deficiencies are found in the application form.
   b. If the application form is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 60-day time frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.
   c. If the Board office does not provide the applicant with written notice regarding administrative completeness, the application form shall be deemed complete 60 days after receipt by the Board office.
2. An applicant with an incomplete application form shall submit to the Board office all of the missing information within 90 days of service of the notice of incompleteness.
   a. If an applicant cannot submit all missing information within 90 days of service of the notice of incompleteness, the applicant may send a written request for an extension to the Board office postmarked or delivered no later than 90 days from service of the notice of incompleteness;
   b. The written request for an extension shall document the reasons the applicant is unable to meet the 90-day deadline; and
   c. The Board office shall review the request for an extension of the 90-day deadline and grant the request if the Board office determines an extension of the 90-day deadline will enable the applicant to assemble and submit the missing information. An extension shall be for no more than 30 days. The Board office shall notify the applicant in writing of its decision to grant or deny the request for an extension.
3. If an applicant fails to submit a complete application form within the time allowed, the Board office shall close the applicant's file. An applicant whose file is closed and who later wishes to obtain a permit shall submit a new application and fee as specified in subsection (A).
4. For a nonprescription drug permit applicant, a compressed medical gas distributor permit applicant, and a durable medical equipment and compressed medical gas supplier permit applicant, the Board office shall issue a permit on the day the Board office determines an administratively complete application form is received.
5. Except as described in subsection (C)(4), from the date on which the administrative completeness review of an application form is finished, the Board office shall complete a substantive review of the applicant's qualifications in no more than 120 days.
   a. If an applicant is found to be ineligible, the Board office shall issue a written notice of denial to the applicant.
   b. If an applicant is found to be eligible, the Board office shall recommend to the Board that the applicant be issued a permit. Upon receipt of the Board office's recommendation, the Board shall either issue a permit to the applicant or if the Board determines the applicant does not meet eligibility requirements, return the matter to the Board office.
   c. If the Board office finds deficiencies during the substantive review of the application form, the Board office shall issue a written request to the applicant for additional documentation.
   d. The 120-day time frame for a substantive review for the issuance or denial of a permit is suspended from the date of the written request for additional documentation until the date all documentation is received. The applicant shall submit the additional documentation according to subsection (C)(2).
   e. If the applicant and the Board office mutually agree in writing, the 120-day substantive review time frame may be extended once for no more than 45 days.
6. For the purpose of A.R.S. § 41-1072 et seq., the Board establishes the following time frames for permits:
   a. Administrative completeness review time frame: 60 days.
   b. Substantive review time frame:
      i. Nonprescription drug permit, compressed medical gas distributor permit, and durable medical equipment and compressed medical gas supplier permit: none.
      ii. Except as described in subsection (C)(6)(b)(i): 120 days.
   c. Overall time frame:
      i. Nonprescription drug permit, compressed medical gas distributor permit, and durable medical

equipment and compressed medical gas supplier permit: 60 days.

ii. Except as described in subsection (C)(6)(c)(i): 180 days.

**D.** Permit renewal.

1. To renew a permit, a permittee shall submit a completed application for permit renewal electronically or manually on a form furnished by the Board with the biennial renewal fee specified in R4-23-205.
2. If the biennial renewal fee is not paid by November 1 of the renewal year specified in A.R.S. § 32-1931, the permit is suspended. The permittee shall pay a penalty as provided in A.R.S. § 32-1931 and R4-23-205 to vacate the suspension.
3. Time frames for permit renewals. The Board office shall follow the time frames established in subsection (C).

**E.** Display of permit. A permittee shall conspicuously display the permit in the location to which it applies.

**Historical Note**

Former Rules 6.2100, 6.2200, 6.2300, 6.2400, 6.2500, 6.2600, 6.2610, 6.2620, 6.2630, 6.2640, and 6.2650. Amended effective August 10, 1978 (Supp. 78-4). Amended effective August 9, 1983 (Supp. 83-4). Repealed effective August 12, 1988 (Supp. 88-3). New Section adopted effective August 5, 1997 (Supp. 97-3). Amended by final rulemaking at 6 A.A.R. 4589, effective November 14, 2000 (Supp. 00-4). Amended by final rulemaking at 20 A.A.R. 1364, effective August 2, 2014 (Supp. 14-2). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2).

### R4-23-603. Resident-Nonprescription Drugs, Retail

**A.** Permit. A person, including the following, shall not sell or distribute a nonprescription drug without a current Board-issued permit:

1. A grocer;
2. Other non-pharmacy retail outlet; or
3. Mobile or non-fixed location retailer, such as a swap-meet vendor.

**B.** A medical practitioner licensed under A.R.S. Title 32 is exempt from the requirements of subsection (A).

**C.** Application. To obtain a permit to sell a nonprescription drug, a person shall submit:

1. A completed application form and fee as specified in R4-23-602; and
2. Documentation of compliance with local zoning laws, if required by the Board.

**D.** Drug sales. A nonprescription drug permittee:

1. Shall sell a drug only in the original container packaged and labeled by the manufacturer; and
2. Shall not package, repackage, label, or relabel any drug.

**E.** Inspection. A nonprescription drug permittee shall consent to inspection during business hours by a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901.

**F.** Quality control. A nonprescription drug permittee shall:

1. Ensure that all drugs stocked, sold, or offered for sale are:
   a. Kept clean;
   b. Protected from contamination, excessive heat, cold, sunlight, and other deteriorating factors;
   c. In compliance with federal law; and
   d. Received from a supplier with a current Board-issued permit as specified in R4-23-601(A).
2. Develop and implement a program to ensure that:
   a. Any expiration-dated drug is reviewed regularly;
   b. Any drug, that exceeds its expiration date, is deteriorated or damaged, or does not comply with federal law, is moved to a quarantine area and not sold or distributed; and
   c. Any quarantined drug is destroyed or returned to its source of supply.

**G.** Notification. A nonprescription drug permittee shall submit using the permittee's online profile or provide written notice by mail, fax, or e-mail to the Board office within 10 days of changes involving the telephone or fax number, e-mail or mailing address, or business name.

**H.** Change of ownership. A nonprescription drug permittee shall comply with R4-23-601(F).

**I.** Relocation. No less than 30 days before an existing nonprescription drug permittee relocates, the permittee shall submit a completed application for relocation electronically or manually on a form furnished by the Board, and the documentation required in subsection (C).

**J.** Records. A nonprescription drug permittee shall:

1. Retain records of the receipt and disposal of nonprescription drugs as required in R4-23-601(D), and
2. Comply with the requirements of A.R.S. § 32-1977 and federal law for the retail sale of methamphetamine precursors.

**K.** Permit renewal. To renew a nonprescription drug permit, the permittee shall comply with R4-23-602(D).

**L.** Nonprescription drug vending machine outlet. In addition to the requirements of R4-23-601, R4-23-602, and subsections (A) through (K), a person selling or distributing a nonprescription drug in a vending machine shall comply with the following requirements:

1. Each individual vending machine is considered an outlet and shall have a Board-issued nonprescription drug permit;
2. Each nonprescription-drug-permitted vending machine shall display in public view an identification seal, furnished by the Board, containing the permit number, vending machine's serial number, owner's name, and telephone contact number;
3. Each nonprescription-drug-permitted vending machine is assigned a specific location that is within a weather-tight structure, protected from direct sunlight, and maintained at a temperature not less than 59° F and not greater than 86° F;
4. Each nonprescription drug sold in a vending machine is packaged and labeled in the manufacturer's original FDA-approved container;
5. A nonprescription-drug-permitted vending machine is subject to inspection by a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901 as follows:
   a. The owner, manager, or other staff of the nonprescription drug permittee shall provide access to the contents of the vending machine within 24 hours of a request from a Board compliance officer or other authorized officer of the law; or
   b. The Board compliance staff shall have independent access to the vending machine;
6. Before relocating or retiring a nonprescription-drug-permitted vending machine, the owner or manager shall notify the Board in writing. The notice shall include:
   a. Permit number;
   b. Vending machine's serial number;

c. Action planned (relocate or retire); and
d. If retiring a vending machine, the disposition of the nonprescription drug contents of the vending machine;

7. The sale or distribution of a precursor chemical or regulated chemical in a vending machine is prohibited; and
8. Under no circumstance may expired drugs be sold or distributed.

**Historical Note**

Adopted effective August 10, 1978 (Supp. 78-4). Amended subsection (D) paragraph (1) and added subsection (G) effective April 20, 1982 (Supp. 82-2). Amended effective August 12, 1988 (Supp. 88-3). Amended effective February 8, 1991 (Supp. 91-1). Amended effective August 5, 1997 (Supp. 97-3). Amended by final rulemaking at 6 A.A.R. 4589, effective November 14, 2000 (Supp. 00-4). Amended by final rulemaking at 20 A.A.R. 1364, effective August 2, 2014 (Supp. 14-2). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2).

**R4-23-604. Resident Drug Manufacturer**

**A.** Permit. A person shall not manufacture, package, repackage, label, or relabel any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical without a current Board-issued drug manufacturer permit.

**B.** Application. To obtain a permit to operate a drug manufacturing firm in Arizona, a person shall submit a completed application, on a form furnished by the Board, and the fee specified in R4-23-205.

**C.** Before issuing a drug manufacturer permit, the Board shall:
1. Receive and approve a completed permit application;
2. Interview the applicant and manager, if different from the applicant, at a Board meeting; and
3. Receive a satisfactory compliance inspection report on the facility from a Board compliance officer.

**D.** Notification. A resident drug manufacturer permittee shall notify the Board of changes involving the drug list, address, telephone number, business name, or manager, including manager's telephone number. The resident drug manufacturer permittee shall submit using the permittee's online profile or a written notice by mail, fax, or e-mail to the Board office within 24 hours of the change.

**E.** Change of ownership. A resident drug manufacturer permittee shall comply with R4-23-601(F).

**F.** Before an existing resident drug manufacturer permittee relocates, the drug manufacturer permittee shall submit the application packet described in subsection R4-23-604(B), excluding the fee. The facility at the new location shall pass a final inspection by a Board compliance officer before operations begin.

**G.** No later than 14 days after the change occurs, a resident drug manufacturer permittee shall submit the application described under subsection R4-23-604(B), excluding the fee, for any change of officers in a corporation.

**H.** Manufacturing and distribution.
1. A drug manufacturer permittee shall manufacture and distribute a drug only:
   a. To a pharmacy, drug manufacturer, or full-service or nonprescription drug wholesaler currently permitted by the Board;
   b. To a medical practitioner currently licensed as a medical practitioner as defined in A.R.S. § 32-1901; or
   c. To a properly permitted, registered, licensed, or certified person or firm of another jurisdiction.
2. Before manufacturing and distributing a drug that is not listed on a drug manufacturer's permit application, the drug manufacturer permittee shall send to the Board office a written request to amend the permit application, including documentation of FDA approval to manufacture the drug not listed on the original permit application. If a request to amend a permit application includes the documentation required in this subsection, the Board or its designee shall approve the request to amend within 30 days of receipt.

**I.** A drug manufacturer permit is subject to denial, suspension, probation, or revocation under A.R.S. § 32-1927.02.

**J.** Current Good Manufacturing Practice. A drug manufacturer permittee is required under federal law to follow the good manufacturing practice requirements of 21 CFR 210 through 211.

**K.** Records. A drug manufacturer permittee shall:
1. Establish and implement written procedures for maintaining records pertaining to production, process control, labeling, packaging, quality control, distribution, complaints, and any information required by federal or state law;
2. Retain the records required by this Article and 21 CFR 210 through 211 for at least two years after distribution of a drug or one year after the expiration date of a drug, whichever is longer; and
3. Make the records required by this Article and 21 CFR 210 through 211 available within 48 hours for review by a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901.

**L.** Inspections. A drug manufacturer permittee shall make the drug manufacturer's facility available for inspection by the Board or its compliance officer under A.R.S. § 32-1904.

**M.** Nonresident drug manufacturer. A nonresident drug manufacturer shall comply with the requirements of R4-23-607.

**N.** Manufacturing radiopharmaceuticals. Before manufacturing a radiopharmaceutical, a drug manufacturer permittee shall:
1. Comply with the regulatory requirements of the Arizona Radiation Regulatory Agency, the U.S. Nuclear Regulatory Commission, the FDA, and this Section; and
2. Hold a current Arizona Radiation Regulatory Agency Radioactive Materials License. If a drug manufacturer permittee who manufactures radiopharmaceuticals fails to maintain a current Arizona Radiation Regulatory Agency Radioactive Materials License, the permittee's drug manufacturer permit shall be immediately suspended pending a hearing by the Board.

**Historical Note**

Former Rules 6.4001, 6.4002, 6.4003, 6.4004, 6.4005, 6.4006, 6.4007, 6.4008, 6.4009, 6.4100, 6.4110, 6.4111, 6.4115, 6.4116, 6.4120, 6.4122, 6.4190, 6.4191, 6.4200, 6.4250, 6.4300, 6.4350, 6.4355, 6.4360, 6.4400, 6.4401, 6.4403, 6.4410, 6.4430, 6.4450, 6.4500, 6.4510, 6.4530, 6.4533, 6.4600, 6.4610, 6.4640, 6.4660, 6.4700, 6.4710, and 6.4750. Adopted effective December 3, 1974 (Supp. 75-1). Amended effective August 10, 1978 (Supp. 78-4). Amended subsection (B) paragraph (2) effective April 20, 1982 (Supp. 82-2). Amended subsections (B), (G), (K) and (L) effective August 12, 1988 (Supp. 88-3).

Amended effective August 24, 1992 (Supp. 92-3). Amended effective November 1, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 3815, effective August 9, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 1105, effective April 30, 2005 (Supp. 05-1). Amended by final rulemaking at 19 A.A.R. 702, effective June 1, 2013 (Supp. 13-2). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2).

**R4-23-605. Resident Drug Wholesaler Permit**

**A.** Permit. A person shall not operate a business or firm for the wholesale distribution of any drug, device, precursor chemical, or regulated chemical without a current Board-issued full-service or nonprescription drug wholesale permit.

**B.** Application.
1. To obtain a permit to operate a full-service or nonprescription drug wholesale firm in Arizona, a person shall submit a completed application, on a form furnished by the Board, and the fee specified in R4-23-205.
2. Before issuing a full-service or nonprescription drug wholesale permit, the Board shall:
   a. Receive and approve a completed permit application;
   b. Interview the applicant and the designated representative, if different from the applicant, at a Board meeting;
   c. Receive a satisfactory compliance inspection report on the facility from a Board compliance officer; and
   d. For a full-service drug wholesale permit, issue a fingerprint clearance to a qualified designated representative, as specified in subsection (L). If the fingerprint clearance of a designated representative for a full-service drug wholesale permit applicant is denied, the full-service drug wholesale permit applicant shall appoint another designated representative and submit the documentation, fingerprints, and fee specified in the application required in subsection (B).

**C.** Notification. A resident full-service or nonprescription drug wholesale permittee shall notify the Board of changes involving the type of drugs sold or distributed, address, telephone number, business name, or manager or designated representative, including the manager's or designated representative's telephone number.
1. The resident full-service or nonprescription drug wholesale permittee shall submit using the permittee's online profile or a written notice by mail, fax, or e-mail to the Board office within 10 days of the change.
2. For a change of designated representative, a resident full-service drug wholesale permittee shall submit the documentation, fingerprints, and fee specified in the application required in subsection (B).

**D.** Change of ownership. A resident full-service or nonprescription drug wholesale permittee shall comply with R4-23-601(F).

**E.** Before an existing resident full-service or nonprescription drug wholesaler permittee relocates, the resident full-service or nonprescription drug wholesale permittee shall submit the application required under subsection (B), excluding the fee. The facility at the new location shall pass a final inspection by a Board compliance officer before operations begin.

**F.** No later than 14 days after the change occurs, a resident full-service or nonprescription drug wholesale permittee shall submit the application described under subsection (B), excluding the fee, for any change of officers in a corporation.

**G.** Distribution restrictions. In addition to the requirements of this subsection, a resident full-service wholesale permittee shall comply with the distribution restrictions specified in A.R.S. § 32-1983.
1. Records.
   a. A full-service drug wholesale permittee shall:
      i. Maintain records to ensure full accountability of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical including dates of receipt and sales, names, addresses, and DEA registration numbers, if required, of suppliers or sources of merchandise, and customer names, addresses, and DEA registration numbers, if required;
      ii. File the records required in subsection (G)(1)(a)(i) in a readily retrievable manner for a minimum of three years;
      iii. Make the records required in subsection (G)(1)(a)(i) available upon request during regular business hours for inspection by a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5). Records kept at a central location apart from the business location and not electronically retrievable shall be made available within two business days; and
      iv. In addition to the records requirements of subsection (G)(1)(a)(i), comply with the retention of track and trace documents required under the Drug Supply Chain and Security Act for all prescription-only drugs that leave the normal distribution channel as defined in A.R.S. § 32-1981.
   b. A nonprescription drug wholesale permittee shall:
      i. Maintain records to ensure full accountability of any nonprescription drug, precursor chemical, or regulated chemical including dates of receipt and sales, names, addresses, and DEA registration numbers, if required, of suppliers or sources of merchandise, and customer names, addresses, and DEA registration numbers, if required;
      ii. File the records required in subsection (G)(1)(b)(i) in a readily retrievable manner for a minimum of three years; and
      iii. Make the records required in subsection (G)(1)(b)(i) available upon request during regular business hours for inspection by a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5). Records kept at a central location apart from the business location and not electronically retrievable shall be made available within two business days.
2. Drug sales.
   a. A full-service drug wholesale permittee shall:
      i. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemi-

cal, except in the original container packaged and labeled by the manufacturer or repackager;
ii. Not package, repackage, label, or relabel any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical;
iii. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance, or prescription-only drug or device, to anyone except a pharmacy, drug manufacturer, or full-service drug wholesaler currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
iv. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical, to anyone except a pharmacy, drug manufacturer, full-service or nonprescription drug wholesaler, or nonprescription drug retailer currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
v. Provide track and trace documents required under the Drug Supply Chain and Security Act upon request, if immediately available, or within two business days from the date of a request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901;
vi. Maintain a copy of the current permit or license of each person that buys, receives, or disposes of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
vii. Provide permit and license records upon request, if immediately available, or within two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5).

b. A nonprescription drug wholesale permittee shall:
i. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical except in the original container packaged and labeled by the manufacturer or repackager;
ii. Not package, repackage, label, or relabel any nonprescription drug, precursor chemical, or regulated chemical;
iii. Not sell or distribute any nonprescription drug, precursor chemical, or regulated chemical to anyone except a pharmacy, drug manufacturer, full-service or nonprescription drug wholesaler, or nonprescription drug retailer currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
iv. Maintain a record of the current permit or license of each person that buys, receives, or disposes of any nonprescription drug, precursor chemical, or regulated chemical; and
v. Provide permit and license records upon request, if immediately available, or within two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5).

c. Nothing in this subsection shall be construed to prevent the return of a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical to the original source of supply.

3. Out-of-state drug sales.
a. A full-service drug wholesale permittee shall:
i. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical except in the original container packaged and labeled by the manufacturer or repackager;
ii. Not package, repackage, label, or relabel any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical;
iii. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical to anyone except a person that is properly permitted, registered, licensed, or certified in another jurisdiction;
iv. Provide track and trace documents required under the Drug Supply Chain and Security Act upon request, if immediately available, or within two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901;
v. Maintain a copy of the current permit, registration, license, or certificate of each person that buys, receives, or disposes of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
vi. Provide permit, registration, license, and certificate records upon request, if immediately available, or within two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5); and

b. A nonprescription drug wholesale permittee shall:
i. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical except in the original container packaged and labeled by the manufacturer or repackager;
ii. Not package, repackage, label, or relabel any nonprescription drug, precursor chemical, or regulated chemical;
iii. Not sell or distribute any nonprescription drug, precursor chemical, or regulated chemical to anyone except a person that is properly permitted, registered, licensed, or certified in another jurisdiction;
iv. Maintain a record of the current permit, registration, license, or certificate of each person that buys, receives, or disposes of any nonprescription drug, precursor chemical, or regulated chemical; and

v. Provide permit, registration, license, or certificate records upon request, if immediately available, or within two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5).

4. Cash-and-carry sales.
   a. A full-service drug wholesale permittee shall complete a cash-and-carry sale or distribution of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical only after:
      i. Verifying the validity of the order;
      ii. Verifying the identity of the pick-up person for each transaction by confirming that the person represented placed the cash-and-carry order; and
      iii. For a prescription-only drug order, verifying that the cash-and-carry sale or distribution is used only to meet the immediate needs of a particular patient of the person that placed the cash-and-carry order; and
   b. A nonprescription drug wholesale permittee shall complete a cash-and-carry sale or distribution of any nonprescription drug, precursor chemical, or regulated chemical only after:
      i. Verifying the validity of the order; and
      ii. Verifying the identity of the pick-up person for each transaction by confirming that the person represented placed the cash-and-carry order.

**H.** Prescription-only drug returns or exchanges. A full-service drug wholesale permittee shall ensure that any prescription-only drug returned or exchanged by a pharmacy or chain pharmacy warehouse under A.R.S. § 32-1983(A) meets the following criteria:
1. The prescription-only drug is not adulterated or counterfeited, except an adulterated or counterfeited prescription-only drug that is the subject of an FDA or manufacturer recall may be returned for destruction or subsequent return to the manufacturer;
2. The quantity of prescription-only drug returned or exchanged does not exceed the quantity of prescription-only drug that the full-service drug wholesale permittee or a full-service drug wholesale permittee under common ownership sold to the pharmacy or chain pharmacy warehouse; and
3. The pharmacy or chain pharmacy warehouse provides documentation that:
   a. Lists the name, strength, and manufacturer of the prescription-only drug being returned or exchanged; and
   b. States that the prescription-only drug was maintained in compliance with storage conditions prescribed on the drug label or manufacturer's package insert.

**I.** Returned, outdated, damaged, deteriorated, adulterated, misbranded, counterfeited, and contraband drugs.
1. Except as specified in subsection (H)(1) for a prescription-only drug, a full-service drug wholesale permittee shall ensure that the return of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical meets the following criteria.
   a. Any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical that is outdated, damaged, deteriorated, adulterated, misbranded, counterfeited, or contraband or suspected of being adulterated, misbranded, counterfeited, or contraband, or otherwise deemed unfit for human or animal consumption shall be quarantined and physically separated from other narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals until the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA.
   b. Any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical whose immediate or sealed outer or secondary containers or product labeling are misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband shall be quarantined and physically separated from other narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals until the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA. When the immediate or sealed outer or secondary containers or product labeling are determined to be misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband, the full-service drug wholesale permittee shall provide notice of the misbranding, counterfeiting, or contrabanding or suspected misbranding, counterfeiting, or contrabanding within three business days of the determination to the Board, FDA, and manufacturer or wholesale distributor from which the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical was acquired.
   c. Any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical that has been opened or used, but is not adulterated, misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband shall be identified as opened or used, or both, and quarantined and physically separated from other narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals until the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it

was acquired as authorized by the Board and the FDA.

d. If the conditions under which a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical has been returned cast doubt on the safety, identity, strength, quality, or purity of the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical, the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical shall be quarantined and physically separated from other narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals until the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA, except as provided in subsection (I)(1)(d)(i).
   i. If examination, testing, or other investigation proves that the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical meets appropriate standards of safety, identity, strength, quality, and purity, it does not have to be destroyed or returned to the manufacturer or wholesale distributor.
   ii. In determining whether the conditions under which a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical has been returned cast doubt on the safety, identity, strength, quality, or purity of the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical, the full-service drug wholesale permittee shall consider, among other things, the conditions under which the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical has been held, stored, or shipped before or during its return and the condition of the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical and the condition of its container, carton, or product labeling as a result of storage or shipping.

e. For any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical identified under subsections (I)(1)(a) or (b), the full-service drug wholesale permittee shall ensure that the identified item or items and other evidence of criminal activity, and accompanying documentation is retained and not destroyed until its disposition is authorized by the Board and the FDA.

2. A nonprescription drug wholesale permittee shall ensure that the return of any nonprescription drug, precursor chemical, or regulated chemical meets the following criteria.

a. Any nonprescription drug, precursor chemical, or regulated chemical that is outdated, damaged, deteriorated, adulterated, misbranded, counterfeited, or contraband or suspected of being adulterated, misbranded, counterfeited, or contraband, or otherwise deemed unfit for human or animal consumption shall be quarantined and physically separated from other nonprescription drugs, precursor chemicals, or regulated chemicals until the nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA.

b. Any nonprescription drug, precursor chemical, or regulated chemical whose immediate or sealed outer or secondary containers or product labeling are misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband shall be quarantined and physically separated from other nonprescription drugs, precursor chemicals, or regulated chemicals until the nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA. When the immediate or sealed outer or secondary containers or product labeling are determined to be misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband, the nonprescription drug wholesale permittee shall provide notice of the misbranding, counterfeiting, or contrabanding or suspected misbranding, counterfeiting, or contrabanding within three business days of the determination to the Board, FDA, and manufacturer or wholesale distributor from which the nonprescription drug, precursor chemical, or regulated chemical was acquired.

c. Any nonprescription drug, precursor chemical, or regulated chemical that has been opened or used, but is not adulterated, misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband, shall be identified as opened or used, or both, and quarantined and physically separated from other nonprescription drugs, precursor chemicals, or regulated chemicals until the nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA.

d. If the conditions under which a nonprescription drug, precursor chemical, or regulated chemical has been returned cast doubt on the safety, identity, strength, quality, or purity of the nonprescription drug, precursor chemical, or regulated chemical, the nonprescription drug, precursor chemical, or regulated chemical shall be quarantined and physically separated from other nonprescription drugs, precursor chemicals, or regulated chemicals until the nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was

acquired as authorized by the Board and the FDA, except as provided in subsection (I)(2)(d)(i).

i. If examination, testing, or other investigation proves that the nonprescription drug, precursor chemical, or regulated chemical meets appropriate standards of safety, identity, strength, quality, and purity, the nonprescription drug, precursor chemical, or regulated chemical does not need to be destroyed or returned to the manufacturer or wholesale distributor.

ii. In determining whether the conditions under which a nonprescription drug, precursor chemical, or regulated chemical has been returned cast doubt on the safety, identity, strength, quality, or purity of the nonprescription drug, precursor chemical, or regulated chemical, the nonprescription drug wholesale permittee shall consider, among other things, the conditions under which the nonprescription drug, precursor chemical, or regulated chemical has been held, stored, or shipped before or during its return and the condition of the nonprescription drug, precursor chemical, or regulated chemical and the condition of its container, carton, or product labeling as a result of storage or shipping.

e. For any nonprescription drug, precursor chemical, or regulated chemical identified under subsections (I)(2)(a) or (b), the nonprescription drug wholesale permittee shall ensure that the identified item or items and other evidence of criminal activity, and accompanying documentation is retained and not destroyed until its disposition is authorized by the Board and the FDA.

3. A full-service drug wholesale permittee and nonprescription drug wholesale permittee shall comply with the recordkeeping requirements of subsection (G) for all outdated, damaged, deteriorated, adulterated, misbranded, counterfeited and contraband narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals.

**J.** Facility. A full-service or nonprescription drug wholesale permittee shall:

1. Ensure that the facility occupied by the full-service or nonprescription drug wholesale permittee is of adequate size and construction, well-lighted inside and outside, adequately ventilated, and kept clean, uncluttered, and sanitary;
2. Ensure that the permittee's warehouse facility:
   a. Is secure from unauthorized entry; and
   b. Has an operational security system designed to provide protection against theft;
3. In a full-service drug wholesale facility, ensure that only authorized personnel may enter areas where any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is kept;
4. In a nonprescription drug wholesale facility, ensure that only authorized personnel may enter areas where any nonprescription drug, precursor chemical, or regulated chemical is kept;
5. In a full-service drug wholesale facility, ensure that any thermolabile narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is stored in an area where room temperature is maintained in compliance with storage conditions prescribed on the product label;
6. In a nonprescription drug wholesale facility, ensure that any thermolabile nonprescription drug, precursor chemical, or regulated chemical is stored in an area where room temperature is maintained in compliance with storage conditions prescribed on the product label;
7. Make the facility available for inspection by a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5) during regular business hours;
8. In a full-service drug wholesale facility, provide a quarantine area for storage of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical that is outdated, damaged, deteriorated, adulterated, misbranded, counterfeited, or contraband or suspected of being adulterated, misbranded, counterfeited, or contraband, otherwise deemed unfit for human or animal consumption, or that is in an open container; and
9. In a nonprescription drug wholesale facility, provide a quarantine area for storage of any nonprescription drug, precursor chemical, or regulated chemical that is outdated, damaged, deteriorated, adulterated, misbranded, counterfeited, or contraband or suspected of being adulterated, misbranded, counterfeited, or contraband, otherwise deemed unfit for human or animal consumption, or that is in an open container.

**K.** Quality controls.

1. A full-service drug wholesale permittee shall:
   a. Ensure that any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical that meets the criteria specified in subsection (I)(1) is not sold, distributed, or delivered to any person for human or animal consumption;
   b. Ensure that a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is not manufactured, packaged, repackaged, labeled, or relabeled by any of its employees;
   c. Ensure that any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical stocked, sold, offered for sale, or delivered is:
      i. Kept clean,
      ii. Protected from contamination and other deteriorating environmental factors, and
      iii. Stored in a manner that complies with applicable federal and state law and official compendium storage requirements;
   d. Maintain manual or automatic temperature and humidity recording devices or logs to document conditions in areas where any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is stored; and
   e. Develop and implement a program to ensure that:
      i. Any expiration-dated narcotic or other controlled substance, prescription-only drug or

device, nonprescription drug, precursor chemical, or regulated chemical is reviewed regularly;

ii. Any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical that has less than 120 days remaining on the expiration date, or is deteriorated, damaged, or does not comply with federal law, is moved to a quarantine area and not sold or distributed; and

iii. Any quarantined narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired.

2. A nonprescription drug wholesale permittee shall:
   a. Ensure that any nonprescription drug, precursor chemical, or regulated chemical that meets the criteria specified in subsection (I)(2) is not sold, distributed, or delivered to any person for human or animal consumption;
   b. Ensure that a nonprescription drug, precursor chemical, or regulated chemical is not manufactured, packaged, repackaged, labeled, or relabeled by any of its employees;
   c. Ensure that any nonprescription drug, precursor chemical, or regulated chemical stocked, sold, offered for sale, or delivered is:
      i. Kept clean,
      ii. Protected from contamination and other deteriorating environmental factors, and
      iii. Stored in a manner that complies with applicable federal and state law and official compendium storage requirements;
   d. Maintain manual or automatic temperature and humidity recording devices or logs to document conditions in areas where any nonprescription drug, precursor chemical, or regulated chemical is stored; and
   e. Develop and implement a program to ensure that:
      i. Any expiration-dated nonprescription drug, precursor chemical, or regulated chemical is reviewed regularly;
      ii. Any nonprescription drug, precursor chemical, or regulated chemical that has fewer than 120 days remaining on the expiration date, or is deteriorated, damaged, or does not comply with federal law, is moved to a quarantine area and not sold or distributed; and
      iii. Any quarantined nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired.

**L.** Fingerprint clearance.

1. After receiving the state and federal criminal history record of a designated representative, the Board shall compare the record with the list of criminal offenses that preclude a designated representative from receiving a fingerprint clearance. If the designated representative's criminal history record does not contain any of the offenses listed in subsection (L)(2), the Board shall issue the designated representative a fingerprint clearance.
2. The Board shall not issue a fingerprint clearance to a designated representative who is awaiting trial for or who has been convicted of committing or attempting or conspiring to commit one or more of the following offenses in this state or the same or similar offenses in another state or jurisdiction:
   a. Unlawfully administering intoxicating liquors, controlled substances, dangerous drugs, or prescription-only drugs;
   b. Sale of peyote;
   c. Possession, use, or sale of marijuana, dangerous drugs, prescription-only drugs, or controlled substances;
   d. Manufacture or distribution of an imitation controlled substance;
   e. Manufacture or distribution of an imitation prescription-only drug;
   f. Possession or possession with intent to use an imitation controlled substance;
   g. Possession or possession with intent to use an imitation prescription-only drug; or
   h. A felony offense involving sale, distribution, or transportation of, offer to sell, transport, or distribute, or conspiracy to sell, transport, or distribute marijuana, dangerous drugs, prescription-only drugs, or controlled substances.
3. If the Board determines, after conducting a state and federal criminal history record check, that it is not authorized to issue a fingerprint clearance, the Board shall notify the full-service drug wholesale applicant or permittee that employs the designated representative that the Board is not authorized to issue a fingerprint clearance. This notice shall include the criminal history information on which the denial was based. This criminal history information is subject to dissemination restrictions under A.R.S. § 41-1750 and federal law.

Amended by final rulemaking at 19 A.A.R. 702, effective June 1, 2013 (Supp. 13-2). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2).

**R4-23-606. Resident-Pharmacy Permit: Community, Hospital, and Limited Service**

**A.** Permit. A person shall not operate a pharmacy in Arizona without a current Board-issued pharmacy permit.

**B.** Application.

1. To obtain a permit to operate a pharmacy in Arizona, a person shall submit a completed application, on a form

available from the Board, and the fee specified in R4-23-205.

2. Before issuing a pharmacy permit, the Board shall:
   a. Receive and approve a completed permit application; and
   b. Receive a satisfactory compliance inspection report on the facility from a Board compliance officer.
3. Before issuing a pharmacy permit, the Board may interview the applicant and the pharmacist-in-charge, if different from the applicant, at a Board meeting based on the need for additional information.

**C.** Notification. A pharmacy permittee shall notify the Board office within 10 days of changes involving the type of pharmacy operated, telephone or fax number, e-mail or mailing address, business name, or staff pharmacist. A pharmacy permittee shall provide the Board office immediate notice of a change of the pharmacist-in-charge.

**D.** If any nonprescription drugs are sold outside the pharmacy area when the pharmacy area is closed, the pharmacy permittee shall ensure that the business has a current, Board-issued nonprescription drug permit as required in Section R4-23-603.

**E.** Change of ownership. A pharmacy permittee shall comply with R4-23-601(F).

**F.** Relocation or remodel.
1. No fewer than 30 days before the relocation or remodel of an existing pharmacy, the pharmacy permittee shall submit, electronically or manually, a completed application for remodel or relocation using the form specified under subsection (B). A fee is not required with an application for remodel or relocation.
2. The new or remodeled facility shall pass a final inspection by a Board compliance officer before operations begin.

**G.** Permit renewal. To renew a pharmacy permit, the permittee shall comply with R4-23-602(D).

**Historical Note**

Former Rules 6.6010, 6.6020, 6.6030, 6.6040, 6.6050, 6.6060, 6.6071, 6.6072, 6.6073, 6.6074, 6.6075, and 6.6076. Amended effective August 10, 1978 (Supp. 78-4). Amended subsections (G) and (H) effective April 20, 1982 (Supp. 82-2). Amended subsection (L) effective July 2, 1982 (Supp. 82-4). Amended subsections (G) and (H) effective August 12, 1988 (Supp. 88-3). Amended effective November 1, 1993 (Supp. 93-4). Section heading amended effective April 5, 1996 (Supp. 96-2). Amended by final rulemaking at 7 A.A.R. 3825, effective August 9, 2001 (Supp. 01-3). Amended by final rulemaking at 20 A.A.R. 1364, effective August 2, 2014 (Supp. 14-2). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2).

**R4-23-607. Nonresident Permits**

**A.** Permit. A person that is not a resident of Arizona shall not sell or distribute any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical into Arizona without possessing both:
1. A current Board-issued nonresident pharmacy permit, nonresident manufacturer permit, nonresident full-service or nonprescription drug wholesale permit, or nonresident nonprescription drug permit; and
2. A current equivalent license or permit issued by the licensing authority in the jurisdiction where the person resides.

**B.** Application. To obtain a nonresident pharmacy, nonresident manufacturer, nonresident full-service or nonprescription drug wholesale, or nonprescription drug permit, a person shall submit a completed application, on a form furnished by the Board, and the fee specified in R4-23-205.

**C.** Notification. A permittee shall submit notification of any change required in this subsection using the permittee's online profile or as a written notice by mail, fax, or e-mail to the Board office within 10 days of the change.
1. Nonresident pharmacy. A nonresident pharmacy permittee shall notify the Board of changes involving the type of pharmacy operated, address, telephone number, business name, or pharmacist-in-charge.
2. Nonresident manufacturer. A nonresident manufacturer permittee shall notify the Board of changes involving listed drugs, address, telephone number, business name, or manager, including manager's telephone number.
3. Nonresident drug wholesaler. A nonresident full-service or nonprescription drug wholesale permittee shall notify the Board of changes involving the types of drugs sold or distributed, address, telephone number, business name, or manager or designated representative, including the manager's or designated representative's telephone number. For a change of designated representative, a nonresident full-service drug wholesale permittee shall submit the documentation, fingerprints, and fee required with the application under subsection (B).
4. Nonresident nonprescription drug retailer. A nonresident nonprescription drug permittee shall notify the Board of changes involving permit category, address, telephone number, business name, or manager, including manager's telephone number.

**D.** Change of ownership. A nonresident permittee shall comply with R4-23-601(F).

**E.** Drug sales.
1. Nonresident pharmacy. A nonresident pharmacy permittee shall:
   a. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance or prescription-only drug or device to anyone in Arizona except:
      i. A pharmacy, drug manufacturer, or full-service drug wholesaler currently permitted by the Board;
      ii. A medical practitioner currently licensed under A.R.S. Title 32; or
      iii. An Arizona resident upon receipt of a valid prescription order for the resident;
   b. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except:
      i. A pharmacy, drug manufacturer, full-service or nonprescription drug wholesaler, or nonprescription drug retailer currently permitted by the Board;
      ii. A medical practitioner currently licensed under A.R.S. Title 32; or
      iii. An Arizona resident either upon receipt of a valid prescription order for the resident or in the original container packaged and labeled by the manufacturer;
   c. Except for a drug sale that results from the receipt and dispensing of a valid prescription order for an Arizona resident, maintain a copy of the current permit or license of each person in Arizona that buys,

receives, or disposes of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and

d. Provide permit and license records upon request, if immediately available, or in no fewer than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901.

2. Nonresident manufacturer. A nonresident manufacturer permittee shall:
   a. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance or prescription-only drug or device to anyone in Arizona except a pharmacy, drug manufacturer, or full-service drug wholesaler currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
   b. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except a pharmacy, drug manufacturer, full-service or nonprescription drug wholesaler, or nonprescription drug retailer currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
   c. Maintain a copy of the current permit or license of each person in Arizona that buys, receives, or disposes of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
   d. Provide permit and license records upon request, if immediately available, or in no more than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901.
3. Nonresident full-service drug wholesaler. In addition to complying with the distributions restrictions specified in A.R.S. § 32-1983, a nonresident full-service drug wholesale permittee shall:
   a. Not sell, distribute, give away, or dispose of, any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona, except in the original container, packaged and labeled by the manufacturer or repackager;
   b. Not package, repackage, label, or relabel any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical for shipment or delivery to anyone in Arizona;
   c. Provide track and trace documents required under the Drug Supply Chain and Security Act upon request, if immediately available, or in no more than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901;
   d. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance, prescription only drug or device, nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except a pharmacy, drug manufacturer, or full service drug wholesaler currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
   e. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except a pharmacy, drug manufacturer, full-service or nonprescription drug wholesaler, or nonprescription drug retailer currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
   f. Maintain a copy of the current permit or license of each person in Arizona that buys, receives, or disposes of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
   g. Provide permit and license records upon request, if immediately available, or in no more than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901.
4. Nonresident nonprescription drug wholesaler. A nonresident nonprescription drug wholesale permittee shall:
   a. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona, except in the original container, packaged and labeled by the manufacturer or repackager;
   b. Not package, repackage, label, or relabel any nonprescription drug, precursor chemical, or regulated chemical for shipment or delivery to anyone in Arizona;
   c. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except a pharmacy, drug manufacturer, full-service or nonprescription drug wholesaler, or nonprescription drug retailer currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
   d. Maintain a copy of the current permit or license of each person in Arizona that buys, receives, or disposes of any nonprescription drug, precursor chemical, or regulated chemical; and
   e. Provide permit and license records upon request, if immediately available, or in no more than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901.
5. Nonresident nonprescription drug retailer. A nonresident nonprescription drug permittee shall not:
   a. Sell, distribute, give away, or dispose of a nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except in the original container packaged and labeled by the manufacturer;
   b. Package, repackage, label, or relabel any drug, precursor chemical, or regulated chemical for shipment or delivery to anyone in Arizona; or
   c. Sell, distribute, give away, or dispose of any drug, precursor chemical, or regulated chemical to anyone in Arizona that exceeds its expiration date, is contaminated or deteriorated from excessive heat, cold, sunlight, moisture, or other factors, or does not comply with federal law.

**F.** When selling or distributing any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical into Arizona, a nonresident pharmacy, nonresident manufacturer, nonresident full-service or nonprescription drug wholesale, or nonprescription drug permittee shall comply with federal law, the permittee's resident state drug law, and this Section.

**Historical Note**
Former Rules 6.6110, 6.6120, and 6.6130; Amended effective August 10, 1978 (Supp. 78-4). Repealed effective July 24, 1985 (Supp. 85-4). New Section adopted by final rulemaking at 6 A.A.R. 4589, effective November 14, 2000 (Supp. 00-4). Amended by final rulemaking at 7 A.A.R. 3825, effective August 9, 2001 (Supp. 01-3). Amended by final rulemaking at 10 A.A.R. 232, effective March 6, 2004 (Supp. 04-1). Amended by final rulemaking at 13 A.A.R. 520, effective April 7, 2007 (Supp. 07-1). Amended by final rulemaking at 13 A.A.R. 3477, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 26 A.A.R. 223, effective March 14, 2020 (Supp. 20-1).

**R4-23-608. Change of Personnel and Responsibility**

**A.** A community, hospital, or limited-service pharmacy permittee shall give the Board:
1. Notice by mail, facsimile, or electronic mail within ten days of employing or terminating a pharmacist; and
2. Immediate notice of designating or terminating a pharmacist-in-charge.

**B.** Responsibility of ownership and management. The owner and management of a pharmacy shall:
1. Ensure that pharmacists, interns, and other pharmacy employees comply with state and federal laws and administrative rules; and
2. Not overrule a pharmacist in matters of pharmacy ethics and interpreting laws pertaining to the practice of pharmacy or the distribution of drugs and devices.

**C.** The Board may suspend or revoke a pharmacy permit if the owner or management of a pharmacy violates subsection (B).

**Historical Note**
Former Rules 6.6140 and 6.6150; Amended subsection (A) effective August 9, 1983 (Supp. 83-4). Amended effective November 1, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 4253, effective September 11, 2001 (Supp. 01-3).

**R4-23-609. Pharmacy Area of Community Pharmacy**

**A.** Minimum area of community pharmacy. The minimum area of a community pharmacy, the actual area primarily devoted to stocking drugs restricted to pharmacists, and to the compounding and dispensing of prescription medication, exclusive of office area or other support function area, shall not be less than 300 square feet. A maximum of three pharmacy personnel may practice or work simultaneously in the minimum area. The pharmacy permittee shall provide an additional 60 square feet of floor area for each additional pharmacist, graduate intern, pharmacy intern, pharmacy technician, pharmacy technician trainee, or support personnel who may practice or work simultaneously. All of the allotted square footage area, including adequate shelving, shall lend itself to efficient pharmaceutical practice and permit free movement and visual surveillance of personnel by the pharmacist.

**B.** Compounding and dispensing counter. On or after January 6, 2004, a pharmacy permit applicant or remodel or relocation applicant shall provide a compounding and dispensing counter that provides a minimum of three square feet of pharmacy counter working area of not less than 16 inches in depth and 24 inches in length for the practice of one pharmacist, graduate intern, pharmacy intern, pharmacy technician, or pharmacy technician trainee. For each additional pharmacist, graduate intern, pharmacy intern, pharmacy technician, or pharmacy technician trainee practicing simultaneously, there shall be an additional three square feet of pharmacy counter working area of not less than 16 inches in depth and 24 inches in length. The Board shall determine a pharmacy's total required compounding and dispensing counter area by multiplying the maximum number of personnel allowed in the pharmacy area using the requirements specified in subsection (A) by three square feet per person. A pharmacy permittee or pharmacist-in-charge may operate the pharmacy with a total pharmacy counter working area specified in subsection (A) that is equal to the actual maximum number of pharmacists, graduate interns, pharmacy interns, pharmacy technicians, and pharmacy technician trainees, working simultaneously in the pharmacy area times three square feet per person.

**C.** Working area for compounding and dispensing counter. The aisle floor area used by the pharmacist, graduate intern, pharmacy intern, pharmacy technician, or pharmacy technician trainee at the compounding and dispensing counter shall extend the full length of the counter and be clear and continuous for a minimum of 36 inches from any counter, fixture, or structure.

**D.** Area for patient counseling. On or after April 1, 1995, a pharmacy permit applicant or remodel or relocation applicant shall provide a separate and distinct patient counseling area that provides patient privacy. This subsection does not apply to a pharmacy exempt from the requirements of R4-23-402(B).

**E.** Narcotic cabinet or safe. To prevent diversion, narcotics and other controlled substances may be:
1. Kept in a separate locked cabinet or safe, or
2. Dispersed throughout the pharmacy's prescription-only drug stock.

**F.** Building security standard of community pharmacy area. The pharmacy area shall be enclosed by a permanent barrier or partition from floor or counter to structural ceiling or roof, with entry doors that can be securely locked. The barrier shall be designed so that only a pharmacist can access the area where prescription-only drugs, narcotics, and other controlled substances are stored, compounded and dispensed. The permanent barrier may be constructed of other than a solid material. If constructed of a material other than a solid, the openings or interstices of the material shall not be large enough to permit removal of items in the pharmacy area through the barrier. Any material used in the construction of the permanent barrier must be of sufficient strength and thickness that it cannot be readily or easily removed, penetrated, or bent. The pharmacy permittee shall submit plans and specifications of the permanent barrier to the Board for approval.

**G.** Drug storage and security.
1. The pharmacy permittee shall ensure that drugs and devices are stored in a dry, well-lit, ventilated, and clean and orderly area. The pharmacy permittee shall maintain the drug storage area at temperatures that ensure the integrity of the drugs before dispensing as stated in the official compendium defined in A.R.S. § 32-1901(55) or the manufacturer's or distributor's labeling.

2. If the pharmacy permittee needs additional storage area for drugs that are restricted to sale by a pharmacist, the pharmacy permittee shall ensure that the area is contained by a permanent barrier from floor or counter to structural ceiling or roof. The pharmacy permittee shall lock all doors and gates to the drug storage area. Only a pharmacist with a key is permitted to enter the storage area, except in an extreme emergency.

**H.** A pharmacy permittee or pharmacist-in-charge shall ensure that the pharmacy working counter area is protected from unauthorized access while the pharmacy is open for business by a barrier not less than 66 inches in height or another method approved by the Board or its designee.

**Historical Note**

Former Rules 6.6210, 6.6220, 6.6230, 6.6240, 6.6250, 6.6310, 6.6320, and 6.6330; Amended effective August 10, 1978 (Supp. 78-4). Amended effective August 9, 1983 (Supp. 83-4). Amended effective November 1, 1993 (Supp. 93-4). Amended effective April 1, 1995; filed with the Secretary of State January 31, 1995 (Supp. 95-1). Amended by final rulemaking at 9 A.A.R. 5030, effective January 3, 2004 (Supp. 03-4). Amended by final rulemaking at 19 A.A.R. 97, effective March 10, 2013 (Supp. 13-1).

**R4-23-610. Community Pharmacy Personnel and Security Procedures**

**A.** Every pharmacy shall have a pharmacist designated as the "pharmacist-in-charge."
1. The pharmacist-in-charge shall ensure the communication and compliance of Board directives to the management, other pharmacists, interns, and technicians of the pharmacy.
2. The pharmacist-in-charge shall:
   a. Ensure that all pharmacy policies and procedures required under 4 A.A.C. 23 are prepared, implemented, and complied with;
   b. Review biennially and, if necessary, revise all pharmacy policies and procedures required under 4 A.A.C. 23;
   c. Document the review required under subsection (A)(2)(b);
   d. Ensure that all pharmacy policies and procedures required under 4 A.A.C. 23 are assembled as a written or electronic manual; and
   e. Make all pharmacy policies and procedures required under 4 A.A.C. 23 available in the pharmacy for employee reference and inspection by the Board or its staff.

**B.** Personnel permitted in the pharmacy area of a community pharmacy include pharmacists, graduate interns, pharmacy interns, compliance officers, drug inspectors, peace officers acting in their official capacity, other persons authorized by law, pharmacy technicians, pharmacy technician trainees, support personnel, and other designated personnel. Pharmacy interns, graduate interns, pharmacy technicians, pharmacy technician trainees, support personnel, and other designated personnel shall be permitted in the pharmacy area only when a pharmacist is on duty, except in an extreme emergency as defined in R4-23-110.
1. The pharmacist-in-charge shall comply with the minimum area requirements as described in R4-23-609 for a community pharmacy and for compounding and dispensing counter area.
2. A pharmacist employed by a pharmacy shall ensure that the pharmacy is physically secure while the pharmacist is on duty.

**C.** In a community pharmacy, a pharmacist shall ensure that the pharmacy area, and any additional storage area for drugs that is restricted to access only by a pharmacist is locked when a pharmacist is not present, except in an extreme emergency.

**D.** A pharmacist is the only person permitted by the Board to unlock the pharmacy area or any additional storage area for drugs restricted to access only by a pharmacist, except in an extreme emergency.

**E.** A pharmacy permittee or pharmacist-in-charge shall ensure that any prescription-only drugs and controlled substances received in an area outside the pharmacy area are immediately transferred unopened to the pharmacy area. The pharmacist-in-charge shall ensure that any prescription-only drug and controlled substance shipments are opened and marked by pharmacy personnel in the pharmacy area under the supervision of a pharmacist, graduate intern, or pharmacy intern.

**F.** A pharmacy permittee or pharmacist-in-charge may provide a small opening or slot through which a written prescription order or prescription medication container to be refilled may be left in the prescription area when the pharmacist is not present.

**G.** A pharmacist shall ensure that prescription medication is not left outside the prescription area or picked up by the patient when the pharmacist is not present by either:
1. Delivering the prescription medication to the patient, or
2. Securing the prescription medication inside the locked pharmacy, except when using an automated storage and distribution system that complies with the requirements of R4-23-614.

**Historical Note**

Former Rules 6.6410, 6.6420, 6.6430, 6.6440, 6.6450, 6.6460, 6.6470, 6.6480, and 6.6490; Amended subsection (F), deleted subsection (I) effective August 9, 1983 (Supp. 83-4). Amended effective May 16, 1990 (Supp. 90-2). Amended effective November 1, 1993 (Supp. 93-4). Amended effective April 1, 1995; filed with the Secretary of State January 31, 1995 (Supp. 95-1). Amended by final rulemaking at 5 A.A.R. 4441, effective November 2, 1999 (Supp. 99-4). Amended by final rulemaking at 10 A.A.R. 4453, effective December 4, 2004 (Supp. 04-4). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3). Amended by final rulemaking at 13 A.A.R. 2631, effective September 8, 2007 (Supp. 07-3).

**R4-23-611. Pharmacy Facilities**

**A.** Facilities. A pharmacy permittee or pharmacist-in-charge shall ensure that:
1. A pharmacy's facilities are constructed according to state and local laws and ordinances;
2. A pharmacy facility's:
   a. Walls, ceilings, windows, floors, shelves, and equipment are clean and in good repair and order; and
   b. Counters, shelves, aisles, and open spaces are not cluttered;
3. Adequate trash receptacles are provided and emptied periodically during the day;
4. A pharmacy facility of any pharmacy permit issued or pharmacy remodeled after February 1, 2014 provides access to toilet facilities either:
   a. Within the pharmacy area, or

b. No further than a walking distance of 100 feet from the pharmacy area or an alternative distance approved by the Board or its designee;
5. The toilet facilities are maintained in a sanitary condition and in good repair;
6. All professional personnel and staff of the pharmacy keep themselves and their apparel clean while in the pharmacy area;
7. No animals, except licensed assistant animals and guard animals, are allowed in the pharmacy;
8. The pharmacy facility is kept free of insects and rodents; and
9. There is a sink with hot and cold running water, other than a sink in a toilet facility, within the pharmacy area for use in preparing drug products.

**B.** Supply of drugs and chemicals. A pharmacy permittee or pharmacist-in-charge shall ensure that:
1. A pharmacy maintains a stock of drugs and chemicals that:
   a. Are sufficient to meet the normal demands of the trading area or patient base the pharmacy serves; and
   b. Meet all standards of strength and purity as established by the official compendiums;
2. All stock, materials, drugs, and chemicals held for ultimate sale or supply to the consumer are not contaminated;
3. Policies and procedures are developed, implemented, and complied with to prevent the sale or use of a drug or chemical:
   a. That exceeds its expiration date;
   b. That is deteriorated or damaged by reason of age, heat, light, cold, moisture, crystallization, chemical reaction, rupture of coating, disintegration, solidification, separation, discoloration, change of odor, precipitation, or other change as determined by organoleptic examination or by other means;
   c. That is improperly labeled;
   d. Whose container is defective; or
   e. That does not comply with federal law; and
4. The policies and procedures described in subsection (B)(3):
   a. Are made available in the pharmacy for employee reference and inspection by the Board or its designee; and
   b. Provide the following:
      i. Any expiration-dated drug or chemical is reviewed regularly;
      ii. Any drug or chemical that exceeds its expiration date, is deteriorated or damaged, improperly labeled, has a defective container, or does not comply with federal law, is moved to a quarantine area and not sold or distributed; and
      iii. Any quarantined drug or chemical is properly destroyed or returned to its source of supply.

**Historical Note**

Former Rules 6.6510, 6.6520, 6.6530, 6.6540, 6.6550, 6.6560, 6.6570, 6.6580, 6.6600, 6.6610, 6.6620, 6.6630, 6.6640, 6.6650, and 6.6660; Amended subsection (B) effective August 9, 1983 (Supp. 83-4). Amended effective April 1, 1995; filed with the Secretary of State January 31, 1995 (Supp. 95-1). Amended by final rulemaking at 7 A.A.R. 4253, effective September 11, 2001 (Supp. 01-3). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3). Amended by final rulemaking at 19 A.A.R. 4165, effective February 1, 2014 (Supp. 13-4).

**R4-23-612. Equipment**

A pharmacy permittee or pharmacist-in-charge shall ensure that a pharmacy has the necessary equipment to allow a pharmacist to practice the profession of pharmacy, including the following:
1. Adequate refrigeration equipment dedicated to the storage of drugs and biologicals;
2. A C-V controlled substance register, if C-V controlled substances are sold without an order of a medical practitioner;
3. Graduates in assorted sizes;
4. One mortar and pestle, not required if the pharmacy permittee states in the application that compounding will not be performed in the pharmacy;
5. Spatulas of assorted sizes including one nonmetallic;
6. Prescription balance, Class A with weights or an electronic balance of equal or greater accuracy, not required if the pharmacy permittee states in the application that compounding will not be performed in the pharmacy;
7. One ointment tile or equivalent, not required if the pharmacy permittee states in the application that compounding will not be performed in the pharmacy
8. A current hard-copy or access to a current electronic-copy of the Arizona Pharmacy Act and administrative rules and Arizona Controlled Substance Act;
9. A professional reference library consisting of a minimum of one current reference or text, in hard-copy or electronic media, addressing the following subject areas:
   a. Pharmacology or toxicology,
   b. Therapeutics,
   c. Drug compatibility, and
   d. Drug product equivalency;
10. An assortment of labels, including prescription labels, transfer labels for controlled substances, and cautionary and warning labels;
11. A red C stamp as defined in R4-23-110, if C-III, C-IV, and C-V controlled substance invoices are not filed separately from other invoices;
12. Current antidote and drug interaction information; and
13. Regional poison control phone number prominently displayed in the pharmacy area.

**Historical Note**

Former Rule 6.6670; Former Section R4-23-612 repealed, new Section R4-23-612 adopted effective August 10, 1978 (Supp. 78-4). Amended effective August 9, 1983 (Supp. 83-4). Amended effective April 5, 1996 (Supp. 96-2). Amended by final rulemaking at 7 A.A.R. 4253, effective September 11, 2001 (Supp. 01-3). Amended by final rulemaking at 19 A.A.R. 4165, effective February 1, 2014 (Supp. 13-4).

**R4-23-613. Procedure for Discontinuing a Pharmacy**

**A.** A pharmacy permittee or pharmacist-in-charge shall provide written notice to the Board and the Drug Enforcement Administration (D.E.A.) at least 14 days before discontinuing operation of the pharmacy. The notice shall contain the following information:
1. Name, address, pharmacy permit number, and D.E.A. registration number of the pharmacy discontinuing business;
2. Name, address, pharmacy permit number (if applicable), and D.E.A. registration number (if applicable) of the licensee, permittee, or registrant to whom any narcotic or

other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical will be sold or transferred;

3. Name and address of the location where the discontinuing pharmacy's records of purchase and disbursement of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical will be kept and the person responsible for the records. These records shall be kept for a minimum of three years from the date the pharmacy is discontinued;
4. Name and address of the location where the discontinuing pharmacy's prescription files and patient profiles will be kept and the person responsible for the files and profiles. These records shall be kept for a minimum of seven years from the date the last original or refill prescription was dispensed; and
5. The proposed date of discontinuing business operations.

**B.** The pharmacy permittee shall ensure that all pharmacy signs and symbols are removed from both the inside and outside of the premises.

**C.** The pharmacy permittee or pharmacist-in-charge shall ensure that all state permits and certificates of registration are returned to the Board office and that D.E.A. registration certificates and unused D.E.A. Schedule II order forms are returned to the D.E.A. Regional Office in Phoenix.

**D.** The pharmacist-in-charge of the pharmacy discontinuing business shall ensure that:

1. Only a pharmacist has access to the prescription-only drugs and controlled substances until they are transferred to the licensee, permittee, or registrant listed in subsection (A)(2);
2. All narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals are removed from the premises on or before the date the pharmacy is discontinued; and
3. All controlled substances are transferred as follows:
   a. Take an inventory of all controlled substances that are transferred using the procedures in R4-23-1003;
   b. Include a copy of the inventory with the controlled substances that are transferred;
   c. Keep the original of the inventory with the discontinued pharmacy's records of narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical purchase and disbursement for a minimum of three years from the date the pharmacy is discontinued;
   d. Use a D.E.A. form 222 to transfer any Schedule II controlled substances; and
   e. Transfer controlled substances that need destruction in the same manner as all other controlled substances.

**E.** Upon receipt of outdated or damaged controlled substances from a discontinued pharmacy, the licensee, permittee, or registrant described in subsection (A)(2) shall contact a D.E.A. registered reverse distributor for proper destruction of outdated or damaged controlled substances. If there are controlled substances a reverse distributor will not accept, the licensee, permittee, or registrant shall then contact the Board office and request an inspection for the purpose of drug destruction.

**F.** During the three-year record retention period specified in subsection (A)(3), the person described in subsection (A)(3) shall provide to the Board upon its request a discontinued pharmacy's records of the purchase and disbursement of narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals.

**G.** During the seven-year record retention period specified in subsection (A)(4), the person described in subsection (A)(4) shall provide to the Board upon its request a discontinued pharmacy's records of prescription files and patient profiles.

**Historical Note**

New Section made by final rulemaking at 7 A.A.R. 3825, effective August 9, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 1105, effective April 30, 2005 (Supp. 05-1). Amended by final rulemaking at 12 A.A.R. 1912, effective July 1, 2006 (Supp. 06-2). Amended by final rulemaking at 14 A.A.R. 3670, effective November 8, 2008 (Supp. 08-3).

**R4-23-614. Automated Storage and Distribution System**

**A.** Before using an automated storage and distribution system, a pharmacy permittee or pharmacist-in-charge shall:

1. Ensure that the automated storage and distribution system and the policies and procedures comply with subsection (B); and
2. Notify the Board in writing of the intent to use an automated storage and distribution system, including the type or name of the system.

**B.** A pharmacy permittee or pharmacist-in-charge shall establish policies and procedures for appropriate performance and use of the automated storage and distribution system that:

1. Ensure that the automated storage and distribution system is in good working order while maintaining appropriate recordkeeping and security safeguards;
2. Ensure that an automated storage and distribution system used by the pharmacy that allows access to drugs or devices by a patient:
   a. Only contains prescriptions that:
      i. Do not require oral consultation as specified in R4-23-402(B); and
      ii. Are properly labeled and verified by a pharmacist before placement into the automated storage and distribution system and subsequent release to patients;
   b. Allows a patient to choose whether or not to use the system;
   c. Is located either in a wall of a properly permitted pharmacy or within 20 feet of a properly permitted pharmacy if the automated storage and distribution system is secured against the wall or floor in such a manner that prevents the automated storage and distribution system's unauthorized removal;
   d. Provides a method to identify the patient and only release that patient's prescriptions;
   e. Is secure from access and removal of drugs or devices by unauthorized individuals;
   f. Provides a method for a patient to obtain a consultation with a pharmacist if requested by the patient; and
   g. Does not allow the system to dispense refilled prescriptions if a pharmacist determines that the patient requires oral counseling as specified in R4-23-402(B);
3. Ensure that an automated storage and distribution system used by the pharmacy that allows access to drugs or

devices only by authorized licensed personnel for the purposes of administration based on a valid prescription order or medication order:
a. Provides for adequate security to prevent unauthorized individuals from accessing or obtaining drugs or devices; and
b. Provides for the filling, stocking, or restocking of all drugs or devices in the system only by a Board licensee or other authorized licensed personnel; and
4. Implement an ongoing quality assurance program that monitors compliance with the established policies and procedures of the automated storage and distribution system and federal and state law.

**C.** A pharmacy permittee or pharmacist-in-charge shall:
1. Ensure that the policies and procedures required under subsection (B) are prepared, implemented, and complied with;
2. Review biennially and, if necessary, revise the policies and procedures required under subsection (B);
3. Document the review required under subsection (C)(2);
4. Assemble the policies and procedures as a written or electronic manual; and
5. Make the policies and procedures available for employee reference and inspection by the Board or its staff within the pharmacy and at any location outside the pharmacy where the automated storage and distribution system is used.

**D.** The Board may prohibit a pharmacy permittee or pharmacist-in-charge from using an automated storage and distribution system if the pharmacy permittee or the pharmacy permittee's employees do not comply with the requirements of subsections (A), (B), or (C).

**Historical Note**
New Section made by final rulemaking at 13 A.A.R. 616, effective April 7, 2007 (Supp. 07-1).

**R4-23-615. Mechanical Storage and Counting Device for a Drug in Solid, Oral Dosage Form**

**A.** A pharmacy permittee or pharmacist-in-charge shall ensure that a mechanical storage and counting device for a drug in a solid, oral dosage form that is used by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist complies with the following method to identify the contents of the device:
1. The drug name and strength are affixed to the front of each cell or cassette of the device;
2. A paper or electronic log is kept for each cell or cassette that contains:
a. An identification of the cell or cassette by the drug name and strength or the number of the cell or cassette;
b. The drug's manufacturer or National Drug Code (NDC) number;
c. The expiration date and lot number from the manufacturer's stock bottle that is used to fill the cell or cassette. If multiple lot numbers of the same drug are added to a cell or cassette, each lot number and expiration date shall be documented, and the earliest expiration date shall become the expiration date of the mixed lot of drug in the cell or cassette;
d. The date the cell or cassette is filled;
e. Documentation of the identity of the licensee who placed the drug into the cell or cassette; and
f. If the licensee who filled the cell or cassette is not a pharmacist, documentation of the identity of the pharmacist who supervised the non-pharmacist licensee who filled the cell or cassette; and
3. The paper or electronic log is available in the pharmacy for inspection by the Board or its designee for not less than two years.

**B.** A pharmacy permittee or pharmacist-in-charge shall ensure that any drug previously counted by a mechanical storage and counting device for a drug in a solid, oral dosage form that has not left the pharmacy is not returned to the drug's cell, cassette, or stock bottle, unless the drug return method is approved by the Board or its designee as specified in subsection (G). This subsection does not prevent a pharmacy permittee or pharmacist-in-charge from using a manual or mechanical counting device to count and dispense a previously counted drug that has not left the pharmacy if the previously counted drug is dispensed before its beyond-use-date.

**C.** A pharmacy permittee or pharmacist-in-charge shall ensure the accuracy of any mechanical storage and counting device for a drug in a solid, oral dosage form that is used by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist by documenting completion of the following:
1. Training in the maintenance, calibration, and use of the mechanical storage and counting device for each employee who uses the mechanical storage and counting device;
2. Maintenance and calibration of the mechanical storage and counting device as recommended by the device's manufacturer; and
3. Routine quality assurance and accuracy validation testing for each mechanical storage and counting device.

**D.** A pharmacy permittee or pharmacist-in-charge shall ensure that the documentation required in subsection (C) is available for inspection by the Board or its designee.

**E.** A pharmacy permittee or pharmacist-in-charge shall:
1. Ensure that policies and procedures for the performance and use of a mechanical storage and counting device for a drug in a solid, oral dosage form are prepared, implemented, and complied with;
2. Review biennially and, if necessary, revise the policies and procedures required under subsection (E)(1);
3. Document the review required under subsection (E)(2);
4. Assemble the policies and procedures as a written or electronic manual; and
5. Make the policies and procedures available within the pharmacy for employee reference and inspection by the Board or its staff.

**F.** The Board may prohibit a pharmacy permittee or pharmacist-in-charge from using a mechanical storage and counting device for a drug in a solid, oral dosage form if the pharmacy permittee or the pharmacy permittee's employees do not comply with the requirements of subsections (A), (B), (C), (D), or (E).

**G.** Returning a drug previously counted by a mechanical storage and counting device for a drug in a solid, oral dosage form that has not left the pharmacy to the drug's cell or cassette.
1. Before returning a drug previously counted by a mechanical storage and counting device that has not left the pharmacy to the drug's cell or cassette, a pharmacy permittee or pharmacist-in-charge shall:

a. Apply for approval from the Board or its designee for the drug return method to be used in returning the drug;
b. Develop a drug return method that uses technology, such as bar coding, to prevent drug return errors;
c. Provide documentation depicting the drug return method;
d. Demonstrate the drug return method for a Board Compliance Officer; and
e. Receive approval from the Board or its designee for the drug return method to be used in returning the drug.

2. Before approving a request to waive the drug return prohibition in subsection (B), the Board or its designee shall:
a. Receive a request in writing from the pharmacy permittee or pharmacist-in-charge;
b. Review the documentation of the drug return method; and
c. Receive a satisfactory inspection report from a Board Compliance Officer that the drug return method uses technology to prevent drug return errors.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 616, effective April 7, 2007 (Supp. 07-1). Amended by final rulemaking at 14 A.A.R. 3677, effective November 8, 2008 (Supp. 08-3).

**R4-23-616. Mechanical Counting Device for a Drug in Solid, Oral Dosage Form**

**A.** A pharmacy permittee or pharmacist-in-charge shall ensure the accuracy of any mechanical counting device for a drug in a solid, oral dosage form that is used by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist by documenting completion of the following:
1. Training in the maintenance, calibration, and use of the mechanical counting device for each employee who uses the mechanical counting device;
2. Maintenance and calibration of the mechanical counting device as recommended by the device's manufacturer; and
3. Routine quality assurance and accuracy validation testing for each mechanical counting device.

**B.** A pharmacy permittee or pharmacist-in-charge shall ensure that the documentation required in subsection (A) is available for inspection by the Board or its designee.

**C.** A pharmacy permittee or pharmacist-in-charge shall:
1. Ensure that policies and procedures for the performance and use of a mechanical counting device for a drug in a solid, oral dosage form are prepared, implemented, and complied with;
2. Review biennially and, if necessary, revise the policies and procedures required under subsection (C)(1);
3. Document the review required under subsection (C)(2);
4. Assemble the policies and procedures as a written or electronic manual; and
5. Make the policies and procedures available within the pharmacy for employee reference and inspection by the Board or its staff.

**D.** The Board may prohibit a pharmacy permittee or pharmacist-in-charge from using a mechanical counting device for a drug in a solid, oral dosage form if the pharmacy permittee or the pharmacy permittee's employees do not comply with the requirements of subsections (A), (B), or (C).

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 616, effective April 7, 2007 (Supp. 07-1).

**R4-23-617. Temporary Pharmacy Facilities or Mobile Pharmacies**

**A.** Pharmacies located in declared disaster areas, nonresident pharmacies, and pharmacies licensed or permitted in another state but not licensed or permitted in this state, if necessary to provide pharmacy services during a declared state of emergency, may arrange to temporarily locate to a temporary pharmacy facility or mobile pharmacy or relocate to a temporary pharmacy facility or mobile pharmacy if the pharmacist-in-charge of the temporary pharmacy facility or mobile pharmacy ensures that:
1. The pharmacy is under the control and management of the pharmacist-in-charge or a supervising pharmacist designated by the pharmacist-in-charge;
2. The pharmacy is located within or adjacent to the declared disaster area;
3. The Board is notified of the pharmacy's location;
4. The pharmacy is properly secured to prevent theft and diversion of drugs;
5. The pharmacy's records are maintained in accordance with Arizona statutes and rules; and
6. The pharmacy stops providing pharmacy services when the declared state of emergency ends, unless it possesses a current resident pharmacy permit issued by the Board under A.R.S. §§ 32-1929, 32-1930, and 32-1931.

**B.** The Board shall have the authority to approve or deny temporary pharmacy facilities, mobile pharmacies, and shall make arrangements for appropriate monitoring and inspection of the temporary pharmacy facilities and mobile pharmacies on a case-by-case basis.

**C.** A temporary pharmacy facility wishing to permanently operate at its temporary site shall apply for and have received a permit issued under A.R.S. §§ 32-1929, 32-1930, and 32-1931 by following the application process under R4-23-606.

**D.** A mobile pharmacy, placed in operation during a declared state of emergency, shall not operate permanently.

**Historical Note**

New Section made by final rulemaking at 14 A.A.R. 4400, effective January 3, 2009 (Supp. 08-4).

**R4-23-618. Reserved**

**R4-23-619. Reserved**

**R4-23-620. Continuous Quality Assurance Program**

**A.** Each pharmacy permittee shall implement or participate in a continuous quality assurance (CQA) program. A pharmacy permittee meets the requirements of this Section if it holds a current general, special or rural general hospital license from the Arizona Department of Health Services and is any of the following:
1. Certified by the Centers for Medicare and Medicaid Services to participate in the Medicare or Medicaid programs;
2. Accredited by the Joint Commission on the Accreditation of Healthcare Organizations; or
3. Accredited by the American Osteopathic Association.

**B.** A pharmacy permittee or the pharmacist-in-charge shall ensure that:

1. The pharmacy develops, implements, and utilizes a CQ program consistent with the requirements of this Section and A.R.S. § 32-1973;
2. The medication error data generated by the CQA program is utilized and reviewed on a regular basis, as required by subsection (D); and
3. Training records, policies and procedures, and other program records or documents, other than medication error data, are maintained for a minimum of two years in the pharmacy or in a readily retrievable manner.

**C.** A pharmacy permittee or pharmacist-in-charge shall:
1. Ensure that policies and procedures for the operation and management of the pharmacy's CQA program are prepared, implemented, and complied with;
2. Review biennially and, if necessary, revise the policies and procedures required under subsection (C)(1);
3. Document the review required under subsection (C)(2);
4. Assemble the policies and procedures as a written or electronic manual; and
5. Make the policies and procedures available within the pharmacy for employee reference and inspection by the Board or its staff.

**D.** The policies and procedures shall address a planned process to:
1. Train all pharmacy personnel in relevant phases of the CQA program;
2. Identify and document medication errors;
3. Record, measure, and analyze data collected to:
   a. Assess the causes and any contributing factors relating to medication errors, and
   b. Improve the quality of patient care;
4. Utilize the findings from subsections (D)(2) and (3) to develop pharmacy systems and workflow processes designed to prevent or reduce medication errors; and
5. Communicate periodically, and at least annually, with pharmacy personnel to review CQA program findings and inform pharmacy personnel of any changes made to pharmacy policies, procedures, systems, or processes as a result of CQA program findings.

**E.** The Board's regulatory oversight activities regarding a pharmacy's CQA program are limited to inspection of the pharmacy's CQA policies and procedures and enforcing the pharmacy's compliance with those policies and procedures.

**F.** A pharmacy's compliance with this Section shall be considered by the Board as a mitigating factor in the investigation and evaluation of a medication error.

**Historical Note**

New Section made by final rulemaking at 18 A.A.R. 2603, effective December 2, 2012 (Supp. 12-4).

**R4-23-621. Shared Services**

**A.** Before participating in shared services, a pharmacy shall have either a current resident or non-resident pharmacy permit issued by the Board.

**B.** A pharmacy may provide or utilize shared services functions only if the pharmacies involved:
1. Have the same owner, or
2. Have a written contract or agreement that outlines the services provided and the shared responsibilities of each party in complying with federal and state pharmacy statutes and rules, and
3. Share a common electronic file or technology that allows access to information necessary or required to perform shared services in conformance with the pharmacy act and the Board's rules.

**C.** Notifications to patients.
1. Before using shared services provided by another pharmacy, a pharmacy permittee shall:
   a. Notify patients that their orders may be processed or filled by another pharmacy; and
   b. Provide the name of that pharmacy or, if the pharmacy is part of a network of pharmacies under common ownership and any of the network pharmacies may process or fill the order, notify the patient of this fact. The notification may be provided through a one-time written notice to the patient or through use of a sign in the pharmacy.
2. If an order is delivered directly to the patient by a filling pharmacy and not returned to the requesting pharmacy, the filling pharmacy permittee shall ensure that the following is placed on the prescription container or on a separate sheet delivered with the prescription container:
   a. The local, and if applicable, the toll-free telephone number of the pharmacy utilizing shared services that has access to the patient's records; and
   b. A statement that conveys to the patient or patient's care-giver the following information: "Written information about this prescription has been provided for you. Please read this information before you take the medication. If you have questions concerning this prescription, a pharmacist is available during normal business hours to answer these questions at (insert the local and toll-free telephone numbers of the pharmacy utilizing shared services that has access to the patient's records)."
3. The provisions of subsection (C) do not apply to orders delivered to patients in facilities where a licensed health care professional is responsible for administering the prescription medication to the patient.

**D.** A pharmacy permittee engaged in shared services shall:
1. Maintain manual or electronic records that identify, individually for each order processed, the name, initials, or identification code of each pharmacist, graduate intern, pharmacy intern, pharmacy technician, and pharmacy technician trainee who took part in the order interpretation, order entry verification, drug utilization review, drug compatibility and drug allergy review, final order verification, therapeutic intervention, or refill authorization functions performed at that pharmacy;
2. Maintain manual or electronic records that identify, individually for each order filled or dispensed, the name, initials, or identification code of each pharmacist, graduate intern, pharmacy intern, pharmacy technician, and pharmacy technician trainee who took part in the filling, dispensing, and counseling functions performed at that pharmacy;
3. Report to the Board as soon as practical the results of any disciplinary action taken by another state's pharmacy regulatory agency involving shared services;
4. Maintain a mechanism for tracking the order during each step of the processing and filling procedures performed at the pharmacy;
5. Provide for adequate security to protect the confidentiality and integrity of patient information; and
6. Provide for inspection of any required record or information within 72 hours of any request by the Board or its designee.

**E.** Each pharmacy permittee that provides or utilizes shared services shall develop, implement, review, revise, and comply with joint policies and procedures for shared services in the manner described in R4-23-610(A)(2). Each pharmacy permittee is required to maintain only those portions of the joint policies and procedures that relate to that pharmacy's operations. The policies and procedures shall:

1. Outline the responsibilities of each of the pharmacies;
2. Include a list of the name, address, telephone numbers, and all license and permit numbers of the pharmacies involved in shared services; and
3. Include policies and procedures for:
   a. Notifying patients that their orders may be processed or filled by another pharmacy and providing the name of that pharmacy;
   b. Protecting the confidentiality and integrity of patient information;
   c. Dispensing orders when the filled order is not received or the patient comes in before the order is received;
   d. Maintaining required manual or electronic records to identify the name, initials, or identification code and specific activity or activities of each pharmacist, graduate intern, pharmacy intern, pharmacy technician, or pharmacy technician trainee who performed any shared services;
   e. Complying with federal and state laws; and
   f. Operating a continuous quality improvement program for shared services, designed to objectively and systematically monitor and evaluate the quality and appropriateness of patient care, pursue opportunities to improve patient care, and resolve identified problems.

**F.** Nothing in this Section shall prohibit an individual pharmacist licensed in Arizona, who is an employee of or under contract with a pharmacy, or an Arizona-licensed graduate intern, pharmacy intern, pharmacy technician, or pharmacy technician trainee, working under the supervision of the pharmacist, from accessing that pharmacy's electronic database from inside or outside the pharmacy and performing the order processing functions permitted by the pharmacy act, if both of the following conditions are met:

1. The pharmacy establishes controls to protect the confidentiality and integrity of patient information; and
2. None of the database is duplicated, downloaded, or removed from the pharmacy's electronic database.

**Historical Note**

**R4-23-651. Definitions**

The following definitions apply to R4-23-651 through R4-23-659:

"Administration" means the giving of a dose of medication to a patient as a result of an order of a medical practitioner.

"Direct copy" means an electronic, facsimile or carbonized copy.

"Dispensing for hospital inpatients" means the interpreting, evaluating, and implementing a medication order including preparing for delivery a drug or device to an inpatient or inpatient's agent in a suitable container appropriately labeled for subsequent administration to, or use by, an inpatient (hereafter referred to as "dispensing").

"Drug distribution" means the delivery of drugs other than "administering" or "dispensing."

"Emergency medical situation" means a condition of emergency in which immediate drug therapy is required for the preservation of health, life, or limb of a person or persons.

"Floor stock" means a supply of essential drugs not labeled for a specific patient and maintained and controlled by the pharmacy at a patient care area for the purpose of timely administration to a patient of the hospital.

"Formulary" means a continually revised compilation of pharmaceuticals (including ancillary information) that reflects the current clinical judgment of the medical staff.

"Hospital pharmacy" means a pharmacy, as defined in A.R.S. § 32-1901, that holds a current permit issued by the Board pursuant to A.R.S. § 32-1931, and is located in a hospital as defined in A.R.S. § 32-1901.

"Inpatient" means any patient who receives non-self-administered drugs from a hospital pharmacy for use while within a facility owned by the hospital.

"Intravenous admixture" means a sterile parenteral solution to which one or more additional drug products have been added.

"Medication order" means a written, electronic, or verbal order from a medical practitioner or a medical practitioner's authorized agent for administration of a drug or device.

"On-call" means a pharmacist is available to:

Consult or provide drug information regarding drug therapy or related issues; or

Dispense a medication order and review a patient's medication order for pharmaceutical and therapeutic feasibility under R4-23-653(E)(2) before any drug is administered to a patient, except as specified in R4-23-653(E)(1).

"Patient care area" means any area for the primary purpose of providing a physical environment that is owned by or operated in conjunction with a hospital, for a patient to obtain health care services, except those areas where a physician, dentist, veterinarian, osteopath, or other medical practitioner engages primarily in private practice.

"Repackaged drug" means a drug product that is transferred by pharmacy personnel from an original manufacturer's container to another container properly labeled for subsequent dispensing.

"Satellite pharmacy" means a work area in a hospital setting under the direction of a pharmacist that is a remote extension of a centrally licensed hospital pharmacy and owned by and dependent upon the centrally licensed hospital pharmacy for administrative control, staffing, and drug procurement.

"Single unit" means a package of medication that contains one discrete pharmaceutical dosage form.

"Supervision" means the process by which a pharmacist directs the activities of hospital pharmacy personnel to a sufficient degree to ensure that all activities are performed accurately, safely, and without risk of harm to patients.

**Historical Note**

Former Rules 6.7110, 6.7120, and 6.7130; Amended effective August 10, 1978 (Supp. 78-4). Amended subsection (B) effective April 20, 1982 (Supp. 82-2). Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Amended effective November 1, 1993 (Supp. 93-4). Amended effective April 5, 1996 (Supp. 96-2). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4).

**R4-23-652. Hospital Pharmacy Permit**

**A.** The following rules are applicable to all hospitals as defined by A.R.S. § 32-1901 and hospital pharmacies as defined by R4-23-651.

**B.** Before opening a hospital pharmacy, a person shall obtain a pharmacy permit as specified in R4-23-602 and R4-23-606.

**C.** Discontinued hospitals. If a hospital license is discontinued by the state Department of Health Services, the pharmacy permittee or pharmacist-in-charge shall follow the procedures described in R4-23-613 for discontinuing a pharmacy.

**Historical Note**

Former Rules 6.7210, 6.7220, 6.7230, 6.7231, 6.7232, and 6.7233. Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4).

**R4-23-653. Personnel: Professional or Technician**

**A.** Each hospital pharmacy shall be directed by a pharmacist who is licensed to engage in the practice of pharmacy in Arizona and is referred to as the Director of Pharmacy. The Director of Pharmacy shall be the pharmacist-in-charge, as defined in A.R.S. § 32-1901 or shall appoint a pharmacist-in-charge. The Director of Pharmacy and the pharmacist-in-charge, if a different individual, shall:
1. Be responsible for all the activities of the hospital pharmacy and for meeting the requirements of the Arizona Pharmacy Act and these rules;
2. Ensure that the policies and procedures required by these rules are prepared, implemented, and complied with;
3. Review biennially and, if necessary, revise the policies and procedures required under these rules;
4. Document the review required under subsection (A)(3);
5. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee; and
6. Make the policies and procedures available within the pharmacy for employee reference and inspection by the Board or its designee.

**B.** In all hospitals, a pharmacist shall be in the hospital during the time the pharmacy is open for pharmacy services, except for an extreme emergency as defined in R4-23-110. Pharmacy services shall be provided for a minimum of 40 hours per week, unless an exception for less than the minimum hours is made upon written request by the hospital and with express permission of the Board or its designee.

**C.** In a hospital where the pharmacy is not open 24 hours per day for pharmacy services, a pharmacist shall be "on-call" as defined in R4-23-651 when the pharmacy is closed.

**D.** The Director of Pharmacy may be assisted by other personnel approved by the Director of Pharmacy in order to operate the pharmacy competently, safely, and adequately to meet the needs of the hospital's patients.

**E.** Pharmacists. A pharmacist or a pharmacy intern or graduate intern under the supervision of a pharmacist shall perform the following professional practices:
1. Verify a patient's medication order before administration of a drug to the patient, except:
   a. In an emergency medical situation; or
   b. In a hospital where the pharmacy is open less than 24 hours a day for pharmacy services, a pharmacist shall verify a patient's medication order within four hours of the time the pharmacy opens for pharmacy services;
2. Verify a medication order's pharmaceutical and therapeutic feasibility based upon:
   a. The patient's medical condition,
   b. The patient's allergies,
   c. The pharmaceutical and therapeutic incompatibilities, and
   d. The recommended dosage limits;
3. Measure, count, pour, or otherwise prepare and package a drug needed for dispensing, except a pharmacy technician or pharmacy technician trainee may measure, count, pour, or otherwise prepare and package a drug needed for dispensing under the supervision of a pharmacist accord-

ing to written policies and procedures approved by the Board or its designee;

4. Compound, admix, combine, or otherwise prepare and package a drug needed for dispensing, except a pharmacy technician may compound, admix, combine, or otherwise prepare and package a drug needed for dispensing under the supervision of a pharmacist according to written policies and procedures approved by the Board or its designee;
5. Verify the accuracy, correct procedure, compounding, admixing, combining, measuring, counting, pouring, preparing, packaging, and safety of a drug prepared and packaged by a pharmacy technician or pharmacy technician trainee according to subsections (E)(3) and (4) and according to the policies and procedures in subsection (G);
6. Supervise drug repackaging and check the completed repackaged product as specified in R4-23-402(A);
7. Supervise training and education in aseptic technique and drug incompatibilities for all personnel involved in the admixture of parenteral products within the hospital pharmacy;
8. Consult with the medical practitioner regarding the patient's drug therapy or medical condition;
9. When requested by a medical practitioner, patient, patient's agent, or when the pharmacist deems it necessary, provide consultation with a patient regarding the medication order, patient's profile, or overall drug therapy;
10. Monitor a patient's drug therapy for safety and effectiveness;
11. Provide drug information to patients and health care professionals;
12. Manage the activities of pharmacy technicians, pharmacy technician trainees, other personnel, and systems to ensure that all activities are performed accurately, safely, and without risk of harm to patients;
13. Verify the accuracy of all aspects of the original, completed medication order; and
14. Ensure compliance by pharmacy personnel with a quality assurance program developed by the hospital.

**F.** Pharmacy technicians and pharmacy technician trainees. Before working as a pharmacy technician or pharmacy technician trainee, an individual shall meet the eligibility and licensure requirements prescribed in 4 A.A.C. 23, Article 11

**G.** Pharmacy technician policies and procedures. Before employing a pharmacy technician or pharmacy technician trainee, a Director of Pharmacy or pharmacist-in-charge shall develop the policies and procedures required under R4-23-1104.

**H.** Pharmacy technician training program.

1. A Director of Pharmacy or pharmacist-in-charge shall comply with the training program requirements of R4-23-1105 based on the needs of the hospital pharmacy;
2. A pharmacy technician or pharmacy technician trainee shall:
   a. Perform only those tasks for which training and competency have been demonstrated; and
   b. Not perform professional practices reserved for a pharmacist, graduate intern, or pharmacy intern in subsection (E), except as specified in subsections (E)(3) and (4).

**I.** Supervision. A hospital pharmacy's Director of Pharmacy and the pharmacist-in-charge, if a different individual, shall supervise all of the activities and operations of a hospital pharmacy. A pharmacist shall supervise all functions and activities of pharmacy technicians, pharmacy technician trainees, and other hospital pharmacy personnel to ensure that all functions and activities are performed competently, safely, and without risk of harm to patients.

**Historical Note**

Former Rules 6.7310 and 6.7320; Amended effective August 10, 1978 (Supp. 78-4). Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Amended effective November 1, 1993 (Supp. 93-4). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3).

**R4-23-654. Absence of Pharmacist**

**A.** If a pharmacist will not be on duty in the hospital, the Director of Pharmacy or pharmacist-in-charge shall arrange, before the pharmacist's absence, for the medical staff and other authorized personnel of the hospital to have access to drugs in the remote drug storage area defined in R4-23-110 or in the hospital pharmacy if a drug is not available in a remote drug storage area and is required to treat the immediate needs of a patient. A pharmacist shall be on-call during all absences.

**B.** If a pharmacist will not be on duty in the hospital pharmacy, the Director of Pharmacy or pharmacist-in-charge shall arrange, before the pharmacist's absence, for the medical staff and other authorized personnel of the hospital to have telephone access to an on-call pharmacist.

**C.** The hospital pharmacy permittee shall ensure that the hospital pharmacy is not without a pharmacist on duty in the hospital for more than 72 consecutive hours.

**D.** Remote drug storage area. The Director of Pharmacy or pharmacist-in-charge shall, in consultation with the appropriate committee of the hospital:

1. Develop and maintain an inventory listing of the drugs to be included in a remote drug storage area; and
2. Develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with policies and procedures that ensure proper storage, access, and accountability for drugs in a remote drug storage area.

**E.** Access to hospital pharmacy. If a drug is not available from a remote drug storage area and the drug is required to treat the immediate needs of a patient whose health may be compromised, the drug may be obtained from the hospital pharmacy according to the requirements of this subsection.

1. The Director of Pharmacy or pharmacist-in-charge shall, in consultation with the appropriate committee of the hospital, develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with policies and procedures to ensure that access to the hospital pharmacy during the pharmacist's absence conforms to the following requirements:
   a. Access is delegated to only one supervisory nurse in each shift;
   b. The policy and name of supervisory nurse is communicated in writing to the medical staff of the hospital;
   c. Access is delegated only to a nurse who has received training from the Director of Pharmacy, pharmacist-in-charge, or Director's designee in the procedures required for proper access, drug removal, and recordkeeping; and

d. Access is delegated by the supervisory nurse to another nurse only in an emergency.

2. If a nurse to whom authority is delegated to access the hospital pharmacy removes a drug from the hospital pharmacy, the nurse shall:
   a. Record the following information on a form or by another method approved by the Board or its designee:
      i. Patient's name;
      ii. Drug name, strength, and dosage form;
      iii. Quantity of drug removed; and
      iv. Date and time of removal;
   b. Sign or initial, if a corresponding signature is on file in the hospital pharmacy, the form recording the drug removal;
   c. Attach the original or a direct copy of the medication order for the drug to the form recording the drug removal; and
   d. Place the form recording the drug removal conspicuously in the hospital pharmacy.
3. Within four hours after a pharmacist returns from an absence, the pharmacist shall verify all records of drug removal that occurred during the pharmacist's absence according to R4-23-653(E).

**Historical Note**
Former Rules 6.7410, 6.7420, 6.7430, 6.7440, 6.7450, and 6.7460; Amended subsection (A) effective Aug. 9, 1983 (Supp. 83-4). Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3).

**R4-23-655. Physical Facility**

**A.** General. A hospital pharmacy permittee shall ensure that the hospital pharmacy has sufficient equipment and physical facilities for proper compounding, dispensing, and storage of drugs, including parenteral preparations.

**B.** Minimum area of hospital pharmacy. The minimum area of a hospital pharmacy depends on the type of hospital, the number of beds, and the pharmaceutical services provided. Any hospital pharmacy permit issued or hospital pharmacy remodeled after January 31, 2003 shall provide a minimum hospital pharmacy area, the actual area primarily devoted to drug dispensing and preparation functions, exclusive of bulk drug storage, satellite pharmacy, and office areas that is not less than 500 square feet. The minimum area requirement, not including unusable area, may be varied upon approval by the Board for out-of-the-ordinary conditions or for systems that require less space.

**C.** The Board may also require that a hospital pharmacy permittee or applicant provide:
1. More than the minimum area if equipment, inventory, personnel, or other factors cause crowding to a degree that interferes with safe pharmacy practice;
2. Additional dispensing, preparation, or storage areas because of the increased number of specific drugs prescribed per day, the increased use of intravenous and irrigating solutions, and the increased use of disposable and prepackaged products;
3. Additional dispensing, preparation, or storage areas to handle investigational drugs, emergency drug kits, chemotherapeutics, alcohol and other flammables, poisons, external preparations, and radioisotopes, and to accommodate quality control procedures; and
4. Additional office space to provide for an increased number of personnel, a drug information library, a poison information library, research support, teaching and conferences, and a waiting area.

**D.** Hospital pharmacy area. A hospital pharmacy permittee shall ensure that the hospital pharmacy area is enclosed by a permanent barrier or partition from floor to ceiling with entry doors that can be securely locked, constructed according to R4-23-609(F).

**E.** Hospital pharmacy storage areas. The hospital pharmacy permittee, Director of Pharmacy, or pharmacist-in-charge shall ensure that all undispensed or undistributed drugs are stored in designated areas within the hospital pharmacy or other locked areas under the control of a pharmacist that ensure proper sanitation, temperature, light, ventilation, moisture control, segregation, and security.

**Historical Note**
Former Rules 6.7471, 6.7472, 6.7473, 6.7474, and 6.7490; Amended effective Aug. 9, 1983 (Supp. 83-4). Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Correction to Table 1 ("spare feet" changed to "square feet") (Supp. 91-1). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4). Amended by final rulemaking at 11 A.A.R. 462, effective March 5, 2005 (Supp. 05-1).

**R4-23-656. Sanitation and Equipment**

A hospital pharmacy permittee or Director of Pharmacy shall ensure that a hospital pharmacy:
1. Has a professional reference library consisting of hardcopy or electronic media appropriate for the scope of pharmacy services provided by the hospital;
2. Has a sink, other than a sink in a toilet facility, that:
   a. Has hot and cold running water;
   b. Is within the hospital pharmacy area for use in preparing drug products; and
   c. Is maintained in a sanitary condition and in good repair;
3. Maintains a room temperature within a range compatible with the proper storage of drugs;
4. Has a refrigerator and freezer with a temperature maintained within a range compatible with the proper storage of drugs requiring refrigeration or freezing; and
5. Has a designated area for a laminar air flow hood and other supplies required for the preparation of sterile products as specified in R4-23-670.

**Historical Note**
Former Rule 6.7480. Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4).

**R4-23-657. Security**

**A.** Personnel security standards. A Director of Pharmacy shall ensure that:
1. No one is permitted in the pharmacy unless a pharmacist is present except as provided in this Section and R4-23-654. If only one pharmacist is on duty in the pharmacy and that pharmacist must leave the pharmacy for an emergency or patient care duties, nonpharmacist personnel may remain in the pharmacy to perform duties as outlined

in R4-23-653, provided that all C-II controlled substances are secured to prohibit access by other than a pharmacist, and that the pharmacist remains available in the hospital;

2. All hospital pharmacy areas are kept locked by key or programmable lock to prevent access by unauthorized personnel; and
3. Pharmacists, pharmacy or graduate interns, pharmacy technicians, pharmacy technician trainees, and other personnel working in the pharmacy wear identification badges, including name and position, whenever on duty.

**B.** Prescription blank security. The Director of Pharmacy shall develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with policies and procedures for the safe distribution and control of prescription blanks bearing identification of the hospital.

**Historical Note**

Former Rule 6.7500; Amended effective Aug. 9, 1983 (Supp. 83-4). Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3).

**R4-23-658. Drug Distribution and Control**

**A.** General. The Director of Pharmacy or pharmacist-in-charge shall in consultation with the medical staff, develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with written policies and procedures for the effective operation of a drug distribution system that optimizes patient safety.

**B.** Responsibility. The Director of Pharmacy is responsible for the safe and efficient procurement, dispensing, distribution, administration, and control of drugs, including the following:

1. In consultation with the appropriate department personnel and medical staff committee, develop a medication formulary for the hospital;
2. Proper handling, distribution, and recordkeeping of investigational drugs; and
3. Regular inspections of drug storage and preparation areas within the hospital.

**C.** Physician orders. A Director of Pharmacy or pharmacist-in-charge shall ensure that:

1. Drugs are dispensed from the hospital pharmacy only upon a written order, direct copy or facsimile of a written order, or verbal order of an authorized medical practitioner; and
2. A pharmacist reviews the original, direct or facsimile copy, or verbal order before an initial dose of medication is administered, except as specified in R4-23-653(E)(1).

**D.** Labeling. A Director of Pharmacy or pharmacist-in-charge shall ensure that all drugs distributed or dispensed by a hospital pharmacy are packaged in appropriate containers and labeled as follows:

1. For use inside the hospital.
   a. Labels for all single unit packages contain at a minimum, the following information:
      i. Drug name, strength, and dosage form;
      ii. Lot number and beyond-use-date; and
      iii. Appropriate auxiliary labels;
   b. Labels for repackaged preparations contain at a minimum the following information:
      i. Drug name, strength, and dosage form;
      ii. Lot number and beyond-use-date;
      iii. Appropriate auxiliary labels; and
      iv. Mechanism to identify pharmacist accountable for repackaging;
   c. Labels for all intravenous admixture preparations contain at a minimum the following information:
      i. Patient's name and location;
      ii. Name and quantity of the basic parenteral solution;
      iii. Name and amount of drug added;
      iv. Date of preparation;
      v. Beyond-use-date and time;
      vi. Guidelines for administration;
      vii. Appropriate auxiliary label or precautionary statement; and
      viii. Initials of pharmacist responsible for admixture preparation; and
2. For use outside the hospital. Any drug dispensed to a patient by a hospital pharmacy that is intended for self-administration outside of the hospital is labeled as specified in A.R.S. §§ 32-1963.01(C) and 32-1968(D) and A.A.C. R4-23-402.

**E.** Controlled substance accountability. A Director of Pharmacy or pharmacist-in-charge shall ensure that effective policies and procedures are developed, implemented, reviewed, and revised in the same manner described in R4-23-653(A) and complied with regarding the use, accountability, and recordkeeping of controlled substances in the hospital, including the use of locked storage areas when controlled substances are stored in patient care areas.

**F.** Emergency services dispensing. If a hospital permits dispensing of drugs from the emergency services department when the pharmacy is unable to provide this service, the Director of Pharmacy, in consultation with the appropriate department personnel and medical staff committee shall develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with written policies and procedures for dispensing drugs for outpatient use from the hospital's emergency services department. The policies and procedures shall include the following requirements:

1. Drugs are dispensed only to patients who have been admitted to the emergency services department;
2. Drugs are dispensed only by an authorized medical practitioner, not a designee or agent;
3. The nature and type of drugs available for dispensing are designed to meet the immediate needs of the patients treated within the hospital;
4. Drugs are dispensed only in quantities sufficient to meet patient needs until outpatient pharmacy services are available;
5. Drugs are prepackaged by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist in suitable containers and appropriately prelabeled with the drug name, strength, dosage form, quantity, manufacturer, lot number, beyond-use-date, and any appropriate auxiliary labels;
6. Upon dispensing, the authorized medical practitioner completes the label on the prescription container that complies with the requirements of R4-23-658(D); and
7. The hospital pharmacy maintains a dispensing log, hard-copy prescription, or electronic record, approved by the Board or its designee and includes the patient name and address, drug name, strength, dosage form, quantity,

directions for use, medical practitioner's signature or identification code, and DEA registration number, if applicable.

**Historical Note**
Former Rules 6.7610, 6.7620, and 6.7710; Amended effective Aug. 9, 1983 (Supp. 83-4). Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Correction to subsection (I)(5) ("unnecessary" changed to "necessary") (Supp. 91-1). Amended effective November 1, 1993 (Supp. 93-4). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3).

**R4-23-659. Administration of Drugs**

**A.** Self-administration. A hospital shall not allow self-administration of medications by a patient unless the Director of Pharmacy or pharmacist-in-charge, in consultation with the appropriate department personnel and medical staff committee, develops, implements, reviews, and revises in the same manner described in R4-23-653(A) and complies with policies and procedures for self-administration of medications by a patient. The policies and procedures shall specify that self-administration of medications, if allowed, occurs only when:
1. Specifically ordered by a medical practitioner, and
2. The patient is educated and trained in the proper manner of self-administration.

**B.** Drugs brought in by a patient. If a hospital allows a patient to bring a drug into the hospital and before a patient brings a drug into the hospital, the Director of Pharmacy or pharmacist-in-charge shall, in consultation with the appropriate department personnel and medical staff committee, develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with policies and procedures for a patient-owned drug brought into the hospital. The policies and procedures shall specify the following criteria for a patient-owned drug brought into the hospital:
1. When policy allows the administration of a patient-owned drug, the drug is not administered to the patient unless:
   a. A pharmacist or medical practitioner identifies the drug, and
   b. A medical practitioner writes a medication order specifying administration of the identified patient-owned drug; and
2. If a patient-owned drug will not be used during the patient's hospitalization, the hospital pharmacy's personnel shall:
   a. Package, seal, and give the drug to the patient's agent for removal from the hospital; or
   b. Package, seal, and store the drug for return to the patient at the time of discharge from the hospital.

**C.** Drug samples. The Director of Pharmacy or pharmacist-in-charge is responsible for the receipt, storage, distribution, and accountability of drug samples within the hospital, including developing, implementing, reviewing, and revising in the same manner described in R4-23-653(A) and complying with specific policies and procedures regarding drug samples.

**Historical Note**
Former Rules 6.7720, 6.7730, 6.7740, 6.7760, 6.7770, 6.7780, 6.7800, 6.7810, 6.7820, 6.7830, 6.7840, 6.7850, 6.7871, 6.7872, and 6.7873; Amended effective Aug. 9, 1983 (Supp. 83-4). Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Correction to Section heading ("rules" changed to "roles") (Supp. 91-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3).

**R4-23-660. Investigational Drugs**

The Director of Pharmacy or pharmacist-in-charge shall ensure that:
1. The following information concerning an investigational drug is available for use by hospital personnel:
   a. Composition,
   b. Pharmacology,
   c. Adverse reactions,
   d. Administration guidelines, and
   e. All other available information concerning the drug, and
2. An investigational drug is:
   a. Properly stored in, labeled, and dispensed from the pharmacy, and
   b. Not dispensed before the drug is approved by the appropriate medical staff committee of the hospital.

**Historical Note**
Former Rules 6.7881, 6.7882, and 6.7883; Amended subsection (A) effective Aug. 9, 1983 (Supp. 83-4). Repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4).

**R4-23-661. Repealed**

**Historical Note**
Former Rules 6.7910, 6.7920, 6.7930, 6.7940, and 6.7950. Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Section repealed by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4).

**R4-23-662. Repealed**

**Historical Note**
Adopted effective February 7, 1990 (Supp. 90-1). Section repealed by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4).

**R4-23-663. Repealed**

**Historical Note**
Adopted effective February 7, 1990 (Supp. 90-1). Amended effective November 1, 1993 (Supp. 93-4). Section repealed by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4).

**R4-23-664. Repealed**

**Historical Note**
Adopted effective February 7, 1990 (Supp. 90-1). Subsection label removed (Supp. 91-1). Section repealed by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4).

**R4-23-665. Reserved**

**R4-23-666. Reserved**

**R4-23-667. Reserved**

**R4-23-668. Reserved**

**R4-23-669. Reserved**

**R4-23-670. Sterile Pharmaceutical Products**

**A.** In addition to the minimum area requirement of R4-23-609(A) and R4-23-655(B) and before compounding a sterile pharmaceutical product, a pharmacy permittee, limited-service pharmacy permittee, or applicant shall provide a minimum sterile pharmaceutical product compounding area that is not less than 100 square feet of contiguous floor area, except any pharmacy permit issued or pharmacy remodeled before November 1, 2006 may continue to use a sterile pharmaceutical product compounding area that is not less that 60 square feet of contiguous floor area, until a pharmacy ownership change occurs that requires issuance of a new permit or the pharmacy is remodeled. The pharmacy permittee or the pharmacist-in-charge shall ensure that the sterile pharmaceutical product compounding area:

1. Is dedicated to the purpose of preparing and compounding sterile pharmaceutical products;
2. Is isolated from other pharmacy functions;
3. Restricts entry or access;
4. Is free from unnecessary disturbances in air flow;
5. Is made of non-porous and cleanable floor, wall, and ceiling material; and
6. Meets the minimum air cleanliness standards of an ISO Class 7 environment as defined in R4-23-110, except an ISO class 7 environment is not required if all sterile pharmaceutical product compounding occurs within an ISO class 5 environment isolator, such as a glove box, pharmaceutical isolator, barrier isolator, pharmacy isolator, or hospital pharmacy isolator.

**B.** In addition to the equipment requirements in R4-23-611 and R4-23-612 or R4-23-656 and before compounding a sterile pharmaceutical product, a pharmacy permittee, limited-service pharmacy permittee, or applicant shall ensure that a pharmacist who compounds a sterile pharmaceutical product has the following equipment:

1. Environmental control devices capable of maintaining a compounding area environment equivalent to an "ISO class 5 environment" as defined in R4-23-110. Devices capable of meeting these standards include: laminar airflow hoods, hepa filtered zonal airflow devices, glove boxes, pharmaceutical isolators, barrier isolators, pharmacy isolators, hospital pharmacy isolators, and biological safety cabinets;
2. Disposal containers designed for needles, syringes, and other material used in compounding sterile pharmaceutical products and if applicable, separate containers to dispose of cytotoxic, chemotherapeutic, and infectious waste products;
3. Freezer storage units with thermostatic control and thermometer, if applicable;
4. Packaging or delivery containers capable of maintaining official compendial drug storage conditions;
5. Infusion devices and accessories, if applicable; and
6. In addition to the reference library requirements of R4-23-612, a current reference pertinent to the preparation of sterile pharmaceutical products.

**C.** Before compounding a sterile pharmaceutical product, the pharmacy permittee, limited-service pharmacy permittee, or pharmacist-in-charge shall:

1. Prepare, implement, and comply with policies and procedures for compounding and dispensing sterile pharmaceutical products,
2. Review biennially and if necessary revise the policies and procedures required under subsection (C)(1),
3. Document the review required under subsection (C)(2),
4. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee, and
5. Make the policies and procedures available in the pharmacy for employee reference and inspection by the Board or its designee.

**D.** The assembled policies and procedures shall include, where applicable, the following subjects:

1. Supervisory controls and verification procedures to ensure the quality and safety of sterile pharmaceutical products;
2. Clinical services and drug monitoring procedures for:
   a. Patient drug utilization reviews;
   b. Inventory audits;
   c. Patient outcome monitoring;
   d. Drug information; and
   e. Education of pharmacy and other health professionals;
3. Controlled substances;
4. Supervisory controls and verification procedures for:
   a. Cytotoxics handling, storage, and disposal;
   b. Disposal of unused supplies and pharmaceutical products; and
   c. Handling and disposal of infectious wastes;
5. Pharmaceutical product administration, including guidelines for the first dosing of a pharmaceutical product;
6. Drug and component procurement;
7. Pharmaceutical product compounding, dispensing, and storage;
8. Duties and qualifications of professional and support staff;
9. Equipment maintenance;
10. Infusion devices and pharmaceutical product delivery systems;
11. Investigational drugs and their protocols;
12. Patient profiles;
13. Patient education and safety;
14. Quality management procedures for:
    a. Adverse drug reactions;
    b. Drug recalls;
    c. Expired pharmaceutical products;
    d. Beyond-use-dating for both standard-risk and substantial-risk sterile pharmaceutical products consistent with the requirements of R4-23-410(B)(3)(d);
    e. Temperature and other environmental controls;
    f. Documented process and product validation testing; and
    g. Semi-annual certification of the laminar air flow hood or other ISO class 5 environment, other equipment, and the ISO class 7 environment, including documentation of routine cleaning and maintenance for each laminar air flow hood or other ISO class 5 environment, other equipment, and the ISO class 7 environment; and
15. Sterile pharmaceutical product delivery requirements for:
    a. Shipment to the patient;
    b. Security; and
    c. Maintaining official compendial storage conditions.

**E.** Standard-risk sterile pharmaceutical product compounding. Before compounding a standard-risk sterile pharmaceutical product, a pharmacy permittee or pharmacist-in-charge shall ensure compliance with the following minimum standards:
1. Compounding occurs only in an ISO class 5 environment within an ISO class 7 environment, and the ISO class 7 environment may have a specified prep area inside the environment;
2. Compounding sterile pharmaceutical products from sterile commercial drugs or sterile pharmaceutical otic or ophthalmic products from non-sterile ingredients occurs using procedures that involve only a few closed-system, basic, simple aseptic transfers and manipulations;
3. Each person who compounds wears adequate personnel protective clothing for sterile preparation that includes gown, gloves, head cover, and booties. Each person who compounds is not required to wear personnel protective clothing when all sterile pharmaceutical compounding occurs within an ISO class 5 environment isolator, and the ISO Class 5 environment isolator is not inside an ISO Class 7 environment; and
4. Each person who compounds completes an annual media-fill test to validate proper aseptic technique.

**F.** Substantial-risk sterile pharmaceutical product compounding. Before compounding a substantial-risk sterile pharmaceutical product, a pharmacy permittee or pharmacist-in-charge shall ensure compliance with the following minimum standards:
1. Compounding parenteral or injectable sterile pharmaceutical products from non-sterile ingredients occurs only in an ISO class 5 environment within an ISO class 7 environment and the ISO class 7 environment shall not have a prep area inside the environment;
2. Each person who compounds wears adequate personnel protective clothing for sterile preparation that includes gown, gloves, head cover, and booties. Each person who compounds is not required to wear personnel protective clothing when all sterile pharmaceutical compounding occurs within an ISO class 5 environment isolator, and the ISO Class 5 environment isolator is not inside an ISO Class 7 environment; and
3. Each person who compounds completes a semi-annual media-fill test that simulates the most challenging or stressful conditions for compounding using dry non-sterile media to validate proper aseptic technique.

**Historical Note**
Adopted effective November 1, 1993 (Supp. 93-4). Amended by final rulemaking at 10 A.A.R. 3391, effective October 2, 2004 (Supp. 04-3). Amended by final rulemaking at 12 A.A.R. 3981, effective December 4, 2006 (Supp. 06-4).

**R4-23-671. General Requirements for Limited-service Pharmacy**

**A.** Before opening a limited-service pharmacy, a person shall obtain a permit in compliance with A.R.S. §§ 32-1929, 32-1930, 32-1931, and R4-23-606.

**B.** The limited-service pharmacy permittee shall secure the limited-service pharmacy by conforming with the following standards:
1. Permit no one to be in the limited-service pharmacy unless the pharmacist-in-charge or a pharmacist authorized by the pharmacist-in-charge is present;
2. Require the pharmacist-in-charge to designate in writing, by name, title, and specific area, those persons who will have access to particular areas of the limited-service pharmacy;
3. Implement procedures to guard against theft or diversion of drugs, including controlled substances; and
4. Require all persons working in the limited-service pharmacy to wear badges, with their names and titles, while on duty.

**C.** To obtain permission to deviate from the minimum area requirement set forth in R4-23-609, R4-23-673, or R4-23-682, a limited-service pharmacy permittee shall submit a written request to the Board and include documentation that the deviation will facilitate experimentation or technological advances in the practice of pharmacy as defined in A.R.S. § 32-1901. If the Board determines the requested deviation from the minimum area requirement will enhance the practice of pharmacy and benefit the public, the Board shall grant the requested deviation.

**D.** The Board shall require more than the minimum area in a limited-service pharmacy when the Board determines that equipment, personnel, or other factors in the limited-service pharmacy cause crowding that interferes with safe pharmacy practice.

**E.** Before dispensing from a limited-service pharmacy, the limited-service pharmacy permittee or pharmacist-in-charge shall:
1. Prepare, implement, and comply with written policies and procedures for pharmacy operations and drug dispensing and distribution,
2. Review biennially and if necessary revise the policies and procedures required under subsection (E)(1),
3. Document the review required under subsection (E)(2),
4. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee, and
5. Make the policies and procedures available in the pharmacy for employee reference and inspection by the Board or its designee.

**Historical Note**
Adopted effective April 5, 1996 (Supp. 96-2). Amended by final rulemaking at 9 A.A.R. 1064, effective May 4, 2003 (Supp. 03-1). Amended by final rulemaking at 10 A.A.R. 3391, effective October 2, 2004 (Supp. 04-3). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3).

**R4-23-672. Limited-service Correctional Pharmacy**

**A.** The limited-service pharmacy permittee shall ensure that the limited-service correctional pharmacy complies with the standards for area, personnel, security, sanitation, equipment, drug distribution and control, administration of drugs, drug source, quality assurance, investigational drugs, and inspections as set forth in R4-23-608, R4-23-609(A) through (D) and (F) through (H), R4-23-610(A), R4-23-611, R4-23-612, R4-23-653(E), R4-23-658(B) through (E), R4-23-659, and R4-23-660.

**B.** The pharmacist-in-charge of a limited-service correctional pharmacy shall authorize only pharmacists, interns, pharmacy technicians, pharmacy technician trainees, compliance officers, drug inspectors, peace officers, and correctional officers acting in their official capacities, other persons authorized by law, support personnel, and other designated personnel to be in the limited-service correctional pharmacy.

**C.** When no pharmacist will be on duty in the correctional facility, the pharmacist-in-charge shall arrange, before there is no pharmacist on duty, for the medical staff and other authorized

personnel of the correctional facility to have access to drugs in remote drug storage areas or, if a drug is not available in a remote drug storage area and is required to treat the immediate needs of a patient, in the limited-service correctional pharmacy.

1. The pharmacist-in-charge shall, in consultation with the appropriate committee of the correctional facility, develop and implement procedures to ensure that remote drug storage areas:
   a. Contain only properly labeled drugs that might reasonably be needed and can be administered safely during the pharmacist's absence,
   b. Contain drugs packaged only in amounts sufficient for immediate therapeutic requirements,
   c. Are accessible only with a physician's written order,
   d. Provide a written record of each drug withdrawn,
   e. Are inventoried at least once each week, and
   f. Are audited for compliance with the requirements of this rule at least once each month.
2. The pharmacist-in-charge shall, in consultation with the appropriate committee of the correctional facility, develop and implement procedures to ensure that access to the limited-service correctional pharmacy when no pharmacist is on duty conforms to the following requirements:
   a. Is delegated to only one nurse, who is in a supervisory position;
   b. Is communicated in writing to medical staff of the correctional facility;
   c. Is delegated only to a nurse who has received training from the pharmacist-in-charge in proper methods of access, removal of drugs, and recordkeeping procedures; and
   d. Is delegated by the supervisory nurse to another nurse only in an emergency.
3. When a nurse to whom authority to access the limited-service correctional pharmacy is delegated removes a drug from the limited-service correctional pharmacy, the nurse shall:
   a. Record the following information on a form:
      i. Patient's name,
      ii. Name of the drug and its strength and dosage form,
      iii. Dose prescribed,
      iv. Amount of drug removed, and
      v. Date and time of removal;
   b. Sign the form recording the drug removal;
   c. Attach the original or a direct copy of a physician's written order for the drug to the form recording the drug removal; and
   d. Place the form recording the drug removal conspicuously in the limited-service correctional pharmacy.
4. Within four hours after a pharmacist in the limited-service correctional pharmacy returns to duty following an absence in which the limited-service correctional pharmacy was accessed by a nurse to whom authority had been delegated, the pharmacist shall verify all records of drug removal according to R4-23-402.

**D.** When no pharmacist will be on duty in the correctional facility, the pharmacist-in-charge shall arrange, before there is no pharmacist on duty, for the medical staff and other authorized personnel of the correctional facility to have telephone access to a pharmacist.

**E.** The limited-service pharmacy permittee shall ensure that the limited-service correctional pharmacy is not without a pharmacist on duty for more than 96 consecutive hours.

**F.** In addition to the requirements of R4-23-671, the limited-service pharmacy permittee shall secure the limited-service correctional pharmacy as follows:
1. Permit no one to be in the limited-service correctional pharmacy unless a pharmacist is on duty except:
   a. As provided in subsection (C)(3) when a pharmacist is not on duty; or
   b. A pharmacy technician or pharmacy technician trainee may remain to perform duties in R4-23-1104(A), when a pharmacist is on duty and available in the correctional facility but temporarily absent from the pharmacy, provided:
      i. All controlled substances are secured in a manner that prohibits access by persons other than a pharmacist;
      ii. Activities performed by a pharmacy technician or pharmacy technician trainee while the pharmacist is temporarily absent are verified by the pharmacist immediately upon returning to the pharmacy;
      iii. Any drug measured, counted, poured, or otherwise prepared and packaged by a pharmacy technician or pharmacy technician trainee while the pharmacist is temporarily absent is verified by the pharmacist immediately upon returning to the pharmacy; and
      iv. Any drug that has not been verified by a pharmacist for accuracy is not dispensed, supplied, or distributed while the pharmacist is temporarily absent from the pharmacy; and
2. Provide keyed or programmable locks to all areas of the limited-service correctional pharmacy.

**G.** The pharmacist-in-charge of a limited-service correctional pharmacy shall ensure that the written policies and procedures for pharmacy operations and drug distribution within the correctional facility include the following:
1. Physicians' orders, prescription orders, or both;
2. Authorized abbreviations;
3. Formulary system;
4. Clinical services and drug utilization management including:
   a. Participation in drug selection,
   b. Drug utilization reviews,
   c. Inventory audits,
   d. Patient outcome monitoring,
   e. Committee participation,
   f. Drug information, and
   g. Education of pharmacy and other health professionals;
5. Duties and qualifications of professional and support staff;
6. Products of abuse and contraband medications;
7. Controlled substances;
8. Drug administration;
9. Drug product procurement;
10. Drug compounding, dispensing, and storage;
11. Stop orders;
12. Pass or discharge medications;
13. Investigational drugs and their protocols;
14. Patient profiles;
15. Quality management procedures for:

a. Adverse drug reactions;
b. Drug recalls;
c. Expired and beyond-use-date drugs;
d. Medication or dispensing errors;
e. Drug storage; and
f. Education of professional staff, support staff, and patients;

16. Recordkeeping;
17. Sanitation;
18. Security;
19. Access to remote drug storage areas by non-pharmacists; and
20. Access to limited-service correctional pharmacy by non-pharmacists.

**Historical Note**
Adopted effective April 5, 1996 (Supp. 96-2). Amended by final rulemaking at 10 A.A.R. 4453, effective December 4, 2004 (Supp. 04-4).

**R4-23-673. Limited-service Mail-order Pharmacy**

**A.** The limited-service pharmacy permittee shall design and construct the limited-service mail-order pharmacy to conform with the following requirements:
1. A dispensing area devoted to stocking, compounding, and dispensing prescription medications, which is physically separate from a non-dispensing area devoted to non-dispensing pharmacy services;
2. A dispensing area of at least 300 square feet if three or fewer persons work in the dispensing area simultaneously;
3. A dispensing area that provides 300 square feet plus 60 square feet for each person in excess of three persons if more than three persons work in the dispensing area simultaneously;
4. Space in the dispensing area permits efficient pharmaceutical practice, free movement of personnel, and visual surveillance by the pharmacist;
5. A non-dispensing area of at least 30 square feet for each person working simultaneously in the non-dispensing area; and
6. Space in the non-dispensing area permits free movement of personnel and visual surveillance by the pharmacist; or

**B.** The limited-service pharmacy permittee shall design and construct the limited-service mail-order pharmacy to conform with the following requirements:
1. A contiguous area in which both dispensing and non-dispensing pharmacy services are provided;
2. A contiguous area of at least 300 square feet if three or fewer persons work in the area simultaneously;
3. A contiguous area that provides 300 square feet plus 60 square feet for each person in excess of three persons if more than three persons work in the area simultaneously; and
4. Space in the contiguous area permits efficient pharmaceutical practice, free movement of personnel, and visual surveillance by the pharmacist.

**C.** The limited-service pharmacy permittee shall ensure that the limited-service mail-order pharmacy complies with the standards for area, personnel, security, sanitation, and equipment set forth in R4-23-608, R4-23-609(B) through (H), R4-23-610 (A) and (C) through (F), R4-23-611, and R4-23-612.

**D.** The pharmacist-in-charge of a limited-service mail-order pharmacy shall authorize only pharmacists, interns, pharmacy technicians, pharmacy technician trainees, compliance officers, drug inspectors, peace officers acting in their official capacities, support personnel, other persons authorized by law, and other designated personnel to be in the limited-service mail-order pharmacy.

**E.** The pharmacist-in-charge of a limited-service mail-order pharmacy shall ensure that prescription medication is delivered to the patient or locked in the dispensing area when a pharmacist is not present in the pharmacy.

**F.** In addition to the delivery requirements of R4-23-402, the limited-service pharmacy permittee shall, during regular hours of operation but not less than five days and a minimum 40 hours per week, provide toll-free telephone service to facilitate communication between patients and a pharmacist who has access to patient records at the limited-service mail-order pharmacy. The limited-service pharmacy permittee shall disclose this toll-free number on a label affixed to each container of drugs dispensed from the limited-service mail-order pharmacy.

**G.** The pharmacist-in-charge of a limited-service mail-order pharmacy shall ensure that the written policies and procedures for pharmacy operations and drug distribution include the following:
1. Prescription orders;
2. Clinical services and drug utilization management for:
   a. Drug utilization reviews,
   b. Inventory audits,
   c. Patient outcome monitoring,
   d. Drug information, and
   e. Education of pharmacy and other health professionals;
3. Duties and qualifications of professional and support staff;
4. Controlled substances;
5. Drug product procurement;
6. Drug compounding, dispensing, and storage;
7. Patient profiles;
8. Quality management procedures for:
   a. Adverse drug reactions,
   b. Drug recalls,
   c. Expired and beyond-use-date drugs,
   d. Medication or dispensing errors, and
   e. Education of professional and support staff;
9. Recordkeeping;
10. Sanitation;
11. Security;
12. Drug delivery requirements for:
   a. Transportation,
   b. Security,
   c. Temperature and other environmental controls,
   d. Emergency provisions, and
13. Patient education.

**Historical Note**
Adopted effective April 5, 1996 (Supp. 96-2). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 10 A.A.R. 4453, effective December 4, 2004 (Supp. 04-4).

**R4-23-674. Limited-service Long-term Care Pharmacy**

**A.** A limited-service pharmacy permittee shall ensure that the limited-service long-term care pharmacy complies with:
1. The general requirements of R4-23-671;
2. The professional practice standards of Article 4 and Article 11; and
3. The permits and drug distribution standards of R4-23-606 through R4-23-612, R4-23-670, and this Section.

**B.** If a limited-service long-term care pharmacy permittee contracts with a long-term care facility as a Provider Pharmacy, as defined in R4-23-110, the limited-service long-term care pharmacy permittee shall ensure that the long-term care consultant pharmacist and the pharmacist-in-charge of the limited-service long-term care pharmacy comply with R4-23-701, R4-23-701.01, R4-23-701.02, R4-23-701.03, R4-23-701.04, and this Section.

**C.** The limited-service long-term care pharmacy permittee or pharmacist-in-charge shall ensure that prescription medication is delivered to the patient's long-term care facility or locked in the dispensing area of the pharmacy when a pharmacist is not present in the pharmacy.

**D.** The pharmacist-in-charge of a limited-service long-term care pharmacy shall authorize only those individuals listed in R4-23-610(B) to be in the limited-service long-term care pharmacy.

**E.** In consultation with the long-term care facility's medical director and director of nursing, the long-term care consultant pharmacist and pharmacist-in-charge of the long-term care facility's provider pharmacy may develop, if necessary, a medication formulary for the long-term care facility that ensures the safe and efficient procurement, dispensing, distribution, administration, and control of drugs in the long-term care facility.

**F.** The limited-service long-term care pharmacy permittee or pharmacist-in-charge shall ensure that the written policies and procedures required in R4-23-671(E) include the following:

1. Clinical services and drug utilization management for:
   a. Drug utilization reviews,
   b. Inventory audits,
   c. Patient outcome monitoring,
   d. Drug information, and
   e. Education of pharmacy and other health professionals;
2. Controlled substances;
3. Drug compounding, dispensing, and storage;
4. Drug delivery requirements for:
   a. Transportation,
   b. Security,
   c. Temperature and other environmental controls, and
   d. Emergency provisions;
5. Drug product procurement;
6. Duties and qualifications of professional and support staff;
7. Emergency drug supply unit procedures;
8. Formulary, including development, review, modification, use, and documentation, if applicable;
9. Patient profiles;
10. Patient education;
11. Prescription orders, including:
    a. Approved abbreviations,
    b. Stop-order procedures, and
    c. Leave-of-absence and discharge prescription order procedures;
12. Quality management procedures for:
    a. Adverse drug reactions,
    b. Drug recalls,
    c. Expired and beyond-use-date drugs,
    d. Medication or dispensing errors, and
    e. Education of professional and support staff;
13. Recordkeeping;
14. Sanitation; and
15. Security.

**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 1064, effective May 4, 2003 (Supp. 03-1). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 19 A.A.R. 2894, effective November 10, 2013 (Supp. 13-3).

**R4-23-675. Limited-service Sterile Pharmaceutical Products Pharmacy**

**A.** The limited-service pharmacy permittee or the pharmacist-in-charge shall ensure that the limited-service sterile pharmaceutical products pharmacy complies with the standards for area, personnel, security, sanitation, equipment, sterile pharmaceutical products, and limited-service pharmacies established in R4-23-608, R4-23-609, R4-23-610, R4-23-611, R4-23-612, R4-23-670, and R4-23-671.

**B.** The pharmacist-in-charge of a limited-service sterile pharmaceutical products pharmacy shall authorize only pharmacists, interns, compliance officers, peace officers acting in their official capacities, pharmacy technicians, pharmacy technician trainees, support personnel, and other designated personnel to be in the limited-service sterile pharmaceutical products pharmacy.

**C.** The pharmacist-in-charge of a limited-service sterile pharmaceutical products pharmacy shall ensure that prescription medication is delivered to the patient or locked in the dispensing area when a pharmacist is not present in the pharmacy.

**D.** In addition to the delivery requirements of R4-23-402, the limited-service pharmacy permittee shall, during regular hours of operation, but not less than a minimum 40 hours per week, provide toll-free telephone service to facilitate communication between patients and a pharmacist who has access to patient records at the limited-service sterile pharmaceutical products pharmacy. The limited-service pharmacy permittee shall disclose this toll-free number on a label affixed to each container dispensed from the limited-service sterile pharmaceutical products pharmacy.

**E.** The limited-service pharmacy permittee or the pharmacist-in-charge shall ensure development, implementation, review and revision in the same manner described in R4-23-671(E) and compliance with policies and procedures for pharmacy operations, including pharmaceutical product compounding, dispensing, and distribution, that comply with the requirements of R4-23-402, R4-23-410, R4-23-670, and R4-23-671.

**F.** The non-dispensing roles of the pharmacist may include chart reviews, audits, drug therapy monitoring, committee participation, drug information, and in-service training of pharmacy and other health professionals.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 3391, effective October 2, 2004 (Supp. 04-3). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3). This Section was not amended as originally stated in the historical note published in Supp. 13-3; therefore the reference to the amendment has been removed (Supp. 18-2).

**R4-23-676. Third-party Logistics Provider Permit**

**A.** A person shall not provide logistics services, as described under A.R.S. § 32-1941(A), until the Board issues a third-party logistics provider permit for the facility.

**B.** A person that wants to provide logistics services shall obtain a Board-issued third-party logistics provider permit for each facility.

**C.** Application. To obtain a third-party logistics provider permit for a facility, a person shall submit a completed application, using a form available on the Board's website, and the fee specified in R4-23-205.
**D.** Change of ownership. A third-party logistics provider permittee shall comply with R4-23-601(F).
**E.** A third-party logistics provider permittee shall renew the permit as specified under R4-23-602(D).
**F.** The Board shall adhere to the time frames specified under R4-23-602(C) when processing an initial or renewal application for a third-party logistics provider permit.

**Historical Note**
New Section made by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2).

**R4-23-677. Automated Prescription-dispensing Kiosk Permit**
**A.** General provisions.
1. Only a person issued a Board permit under A.R.S. § 32-1929 to operate a pharmacy in Arizona may apply to the Board under A.R.S. § 32-1930 for a permit to operate an automated prescription-dispensing kiosk.
2. A pharmacy permittee described under subsection (A)(1) shall apply for a separate permit for each automated prescription-dispensing kiosk to be operated.
3. To obtain an automated prescription-dispensing kiosk permit, a pharmacy permittee shall submit a completed application, using a form available on the Board's website, and the fee specified in R4-23-205.
4. A pharmacy permittee to which the Board issues an automated prescription-dispensing kiosk permit shall designate a pharmacist in charge of the automated prescription-dispensing kiosk.
5. A pharmacy permittee to which the Board issues an automated prescription-dispensing kiosk permit shall not place the automated prescription-dispensing kiosk in a gas station or convenience store.

**B.** Policies and procedures. A pharmacy permittee to which the Board issues an automated prescription-dispensing kiosk permit shall:
1. Ensure policies and procedures are established for the appropriate performance and use of the automated prescription-dispensing kiosk. The policies and procedures shall address:
   a. Maintaining a record of each transaction in a manner that attaches the record to the permit number of the automated prescription-dispensing kiosk;
   b. Controlling access to the automated prescription-dispensing kiosk;
   c. Operating the automated prescription-dispensing kiosk;
   d. Training personnel who use the automated prescription-dispensing kiosk;
   e. Maintaining patient services when the automated prescription-dispensing kiosk is not operating or the prescribed drug or device is not available;
   f. Securing the automated prescription-dispensing kiosk against unauthorized removal of the kiosk or access to or removal of drugs or devices from the kiosk;
   g. Assuring a patient receives the pharmacy services necessary for appropriate pharmaceutical care including consultation with a pharmacist;
   h. Maintaining integrity of information in the system and patient confidentiality;
   i. Stocking and restocking the automated prescription-dispensing kiosk;
   j. Ensuring compliance with packaging and labeling requirements; and
   k. Removing drugs and devices from the automated prescription-dispensing kiosk without dispensing them and handling wasted or discarded drugs and devices;
2. Ensure the policies and procedures are implemented and complied with by all personnel using the automated prescription-dispensing kiosk;
3. Maintain the policies and procedures by:
   a. Reviewing the policies and procedures biennially and making needed revisions, if any;
   b. Documenting the review required under subsection (B)(3)(a);
   c. Assembling the policies and procedures as a written or electronic manual; and
   d. Making the policies and procedures available within the pharmacy permittee to which the Board issued an automated prescription-dispensing kiosk permit for reference by pharmacy personnel and inspection by the Board; and
4. Implement a quality assurance program to monitor compliance with the policies and procedures and all state and federal law.

**C.** Change of ownership. An automated prescription-dispensing kiosk permittee shall comply with R4-23-601(F).
**D.** An automated prescription-dispensing kiosk permittee shall renew the permit as specified under R4-23-602(D).
**E.** The Board shall adhere to the time frames specified under R4-23-602(C) when processing an initial or renewal application for an automated prescription-dispensing kiosk permit.

**Historical Note**
New Section made by final rulemaking at 25 A.A.R. 1012, effective June 1, 2019 (Supp. 19-2).

**R4-23-678. Reserved**

**R4-23-679. Reserved**

**R4-23-680. Reserved**

**R4-23-681. General Requirements for Limited-service Nuclear Pharmacy**
**A.** To be an authorized nuclear pharmacist, a pharmacist shall:
1. Hold a current pharmacist license issued by the Board; and
2. Be certified as a nuclear pharmacist by:
   a. The Board of Pharmaceutical Specialties, or
   b. A similar group recognized by the Arizona State Board of Pharmacy; or
3. Satisfy each of the following requirements:
   a. Meet minimal standards of training for status as an authorized user of radioactive material, as specified by the Arizona Radiation Regulatory Agency and the United States Nuclear Regulatory Commission;
   b. Submit certification of completion of a Board-approved nuclear pharmacy training program or other training program recognized by the Arizona Radiation Regulatory Agency, with 200 hours of didactic training in the following areas:
      i. Radiation physics and instrumentation,
      ii. Radiation protection,
      iii. Mathematics pertaining to the use and measurement of radioactivity,

iv. Radiation biology, and
v. Radiopharmaceutical chemistry;
c. Submit evidence of a minimum of 500 hours of clinical/practical nuclear pharmacy training under the supervision of an authorized nuclear pharmacist in the following areas:
i. Procuring radioactive materials;
ii. Compounding radiopharmaceuticals;
iii. Performing routine quality control procedures;
iv. Dispensing radiopharmaceuticals;
v. Distributing radiopharmaceuticals;
vi. Implementing basic radiation protection procedures; and
vii. Consulting and educating the nuclear medicine community, patients, pharmacists, other health professionals, and the general public; and
d. Submit written certification, signed by a preceptor who is an authorized nuclear pharmacist, that the above training was satisfactorily completed.

**B.** Radiopharmaceuticals are prescription-only drugs that require specialized techniques in their handling and testing, to obtain optimum results and minimize hazards.
1. A person shall not sell, barter, or otherwise dispose of, or be in possession of any radiopharmaceutical except under the conditions detailed in A.R.S. § 32-1929.
2. A person shall not manufacture, compound, sell, or dispense any radiopharmaceutical unless the person is a pharmacist or a pharmacy intern acting under the direct supervision of a pharmacist in accordance with A.R.S. § 32-1961 and these rules, with the exception of the following, if the following are licensed by the Arizona Radiation Regulatory Agency to use radiopharmaceuticals in compliance with A.R.S. § 30-673;
a. A medical practitioner who administers a radiopharmaceutical to the medical practitioner's patient as provided in A.R.S. § 32-1921(A),
b. A hospital nuclear medicine department, and
c. A medical practitioner's office.
3. The Board shall cooperate with the Arizona Radiation Regulatory Agency and other interested state and federal agencies, in the enforcement of these rules for the protection of the public. This cooperation may include exchange of licensing and other information, joint inspections, and other activities where indicated.

**C.** In addition to compliance with all the applicable federal and state laws and rules governing drugs, whether radioactive or not, a limited-service nuclear pharmacy permittee shall comply with all laws and rules of the Arizona Radiation Regulatory Agency and the U.S. Nuclear Regulatory Commission, including emergency and safety provisions.

**D.** A limited-service nuclear pharmacy permittee shall comply with the education, experience, and licensing requirements of the Arizona Radiation Regulatory Agency.

**E.** A limited-service nuclear pharmacy permittee shall ensure that radiopharmaceuticals are transferred only to a person or firm that holds a current Radioactive Materials License issued by the Arizona Radiation Regulatory Agency.

**Historical Note**

Adopted effective December 3, 1974 (Supp. 75-1). Amended subsections (A), (C) and (D) effective Aug. 12, 1988 (Supp. 88-3). Amended effective July 8, 1997 (Supp. 97-3).

**R4-23-682. Limited-service Nuclear Pharmacy**

**A.** Before operating a limited-service nuclear pharmacy, a person shall obtain a permit in compliance with A.R.S. §§ 32-1929, 32-1930, and 32-1931, and R4-23-606.

**B.** A permit to operate a limited-service nuclear pharmacy shall be issued only to a person who is or employs an authorized nuclear pharmacist and holds a current Arizona Radiation Regulatory Agency Radioactive Materials License. A limited-service nuclear pharmacy permittee that fails to maintain a current Arizona Radiation Regulatory Agency Radioactive Materials License shall be immediately suspended pending revocation by the Board. A limited-service nuclear pharmacy permittee shall have copies of Arizona Radiation Regulatory Agency inspection reports available upon request for Board inspection.
1. A limited-service nuclear pharmacy permittee shall designate an authorized nuclear pharmacist as the pharmacist-in-charge. The pharmacist-in-charge shall be responsible to the Board:
a. For the operations of the pharmacy related to the practice of pharmacy and distribution of drugs and devices;
b. For communicating Board directives to the management, pharmacists, interns, and other personnel of the pharmacy; and
c. For the pharmacy's compliance with all federal and state pharmacy laws and rules.
2. An authorized nuclear pharmacist shall directly supervise all personnel performing tasks in the preparation and distribution of radiopharmaceuticals and ancillary drugs.
3. An authorized nuclear pharmacist shall be present whenever the limited-service nuclear pharmacy is open for business.

**C.** A limited-service nuclear pharmacy permittee shall ensure that the limited-service nuclear pharmacy complies with the standards for personnel, area, security, sanitation, and general requirements in R4-23-608, R4-23-609, R4-23-610, R4-23-611, and R4-23-671.
1. A limited-service nuclear pharmacy shall contain separate areas for:
a. Preparing and dispensing radiopharmaceuticals,
b. Receiving and shipping radiopharmaceuticals,
c. Storing radiopharmaceuticals, and
d. Decaying radioactive waste.
2. The Board may require more than the minimum area in instances where equipment, inventory, personnel, or other factors cause crowding to a degree that interferes with safe pharmacy practice.

**D.** The pharmacist-in-charge shall designate in writing, by title and specific area, the persons who may have access to particular pharmacy areas.

**E.** A limited-service nuclear pharmacy permittee shall maintain records of acquisition, inventory, and disposition of radiopharmaceuticals, other radioactive substances, and other drugs in accordance with federal and state statutes and rules.
1. A prescription order, in addition to the requirements in A.R.S. § 32-1968(C) and R4-23-407(A), shall contain:
a. The date and time of calibration of the radiopharmaceutical,
b. The name of the procedure for which the radiopharmaceutical is prescribed, and
c. The words "Physician's Use Only" instead of the name of the patient if the radiopharmaceutical is nontherapeutic or for a nonblood product.

2. The lead container used to store and transport a radiopharmaceutical shall have a label that, in addition to the requirements in A.R.S. § 32-1968(D), includes:
   a. The date and time of calibration of the radiopharmaceutical,
   b. The name of the radiopharmaceutical,
   c. The molybdenum 99 content to USP limits,
   d. The name of the procedure for which the radiopharmaceutical is prescribed,
   e. The words "Physician's Use Only" instead of the name of the patient if the radiopharmaceutical is nontherapeutic or for a nonblood product,
   f. The words "Caution: Radioactive Material," and
   g. The standard radiation symbol.
3. The radiopharmaceutical container shall have a label that includes:
   a. The date and time of calibration of the radiopharmaceutical;
   b. The name of the patient, recorded before dispensing, if the radiopharmaceutical is therapeutic or for a blood product;
   c. The words "Physician's Use Only" instead of the name of the patient if the radiopharmaceutical is nontherapeutic or for a nonblood product;
   d. The name of the radiopharmaceutical;
   e. The dose of radiopharmaceutical;
   f. The serial number;
   g. The words "Caution: Radioactive Material"; and
   h. The standard radiation symbol.

**F.** The following minimum requirements are in addition to the requirements of the Arizona Radiation Regulatory Agency, the applicable U.S. Nuclear Regulatory Commission regulations, and the applicable regulations of the federal Food and Drug Administration. A limited-service nuclear pharmacy permittee shall provide:
1. In addition to the minimum pharmacy area requirements in R4-23-609:
   a. An area for the storing, compounding, and dispensing of radiopharmaceuticals completely separate from pharmacy areas for nonradioactive drugs;
   b. A minimum of 80 sq. ft. for a hot lab and storage area; and
   c. A minimum of 300 sq. ft. of compounding and dispensing area;
2. The following equipment:
   a. Fume hood, approved by the Arizona Radiation Regulatory Agency;
   b. Laminar flow hood;
   c. Dose calibrator;
   d. Refrigerator;
   e. Prescription balance, Class A, and weights or an electronic balance of equal or greater accuracy;
   f. Well scintillation counter;
   g. Incubator oven;
   h. Microscope;
   i. An assortment of labels, including prescription labels and cautionary and warning labels;
   j. Glassware necessary for compounding and dispensing radiopharmaceuticals as required by the Arizona Radiation Regulatory Agency;
   k. Other equipment necessary for radiopharmaceutical quality control for products compounded or dispensed as required by the Arizona Radiation Regulatory Agency;
   l. Current antidote and drug interaction information; and
   m. Regional poison control phone number prominently displayed in the pharmacy area;
3. Supplies necessary for compounding and dispensing radiopharmaceuticals as required by the Arizona Radiation Regulatory Agency;
4. A professional reference library consisting of a minimum of one current reference or text addressing each of the following subject areas:
   a. Therapeutics,
   b. Nuclear pharmacy practice, and
   c. Imaging;
5. Current editions and supplements of:
   a. A.R.S. §§ 30-651 through 30-696 pertaining to the Arizona Radiation Regulatory Agency,
   b. Rules of the Arizona Radiation Regulatory Agency,
   c. Regulations of the federal Food and Drug Administration pertaining to radioactive drugs,
   d. Arizona Pharmacy Act and rules,
   e. Arizona Uniform Controlled Substances Act, and
   f. Radiological Health Handbook.

**G.** The pharmacist-in-charge of a limited-service nuclear pharmacy shall prepare, implement, review, and revise in the same manner described in R4-23-671(E) and comply with written policies and procedures for pharmacy operations and drug distribution.

**H.** The written policies and procedures of a limited-service nuclear pharmacy shall include the following:
1. Prescription orders;
2. Clinical services and drug utilization management including:
   a. Drug utilization reviews,
   b. Inventory audits,
   c. Patient outcome monitoring,
   d. Drug information, and
   e. Education of pharmacy and other health professionals;
3. Duties and qualifications of professional and support staff;
4. Radioactive material handling, storage, and disposal;
5. Drug product procurement;
6. Drug compounding, dispensing, and storage;
7. Investigational drugs and their protocols;
8. Patient profiles;
9. Quality management procedures for:
   a. Adverse drug reaction reports;
   b. Drug recall;
   c. Expired and beyond-use-date drugs;
   d. Medication or dispensing errors;
   e. Radiopharmaceutical quality assurance;
   f. Radiological health and safety;
   g. Drug storage and disposition; and
   h. Education of professional staff, support staff, and patients;
10. Recordkeeping;
11. Sanitation;
12. Security;
13. Drug delivery requirements for:
   a. Transportation,
   b. Security,
   c. Radiological health and safety procedures,
   d. Temperature and other environmental controls, and
   e. Emergency provisions; and

14. Patient education.

**R4-23-692. Compressed Medical Gas (CMG) Distributor-Resident or Nonresident**

**A.** Permit.

1. A person shall not manufacture, process, transfill, package, or label a compressed medical gas in Arizona, or manufacture, process, transfill, package, or label a compressed medical gas outside Arizona and ship into Arizona without a current Board-issued resident or nonresident compressed medical gas distributor permit.
2. Before operating as a compressed medical gas distributor, a person shall register with the FDA as a medical gas manufacturer and comply with the drug listing requirements of the federal act.

**B.** Application. To obtain a resident or nonresident CMG distributor permit, a person shall submit to the Board a completed application form and the fee specified in R4-23-205.

1. A resident CMG distributor permit applicant shall include documentation of compliance with local zoning laws, if required by the Board.
2. A nonresident CMG distributor permit applicant that resides in a jurisdiction that issues an equivalent license or permit shall include a copy of the equivalent license or permit.

**C.** Notification. A resident or nonresident CMG distributor permittee shall submit using the permittee's online profile or provide written notice by mail, fax, or e-mail to the Board office within 10 days of changes involving the telephone or fax number, e-mail or mailing address, or business name.

**D.** Change of ownership. A resident or nonresident CMG distributor permittee shall comply with R4-23-601(F).

**E.** Relocation.

1. No fewer than 30 days before a resident CMG distributor permittee relocates, the permittee shall electronically or manually submit a completed application for relocation using a form furnished by the Board, and the documentation required in subsection (B). A fee is not required with an application for relocation.
2. A nonresident CMG distributor permittee shall provide written notice by mail, fax, or e-mail to the Board office no fewer than 10 days before relocating.

**F.** A resident or nonresident CMG distributor permittee is authorized to sell or distribute a compressed medical gas under a compressed medical gas order only to durable medical equipment and compressed medical gas suppliers and other entities that are registered, licensed, or permitted to use, administer, or distribute compressed medical gases.

**G.** Facility. A resident or nonresident CMG distributor permittee shall ensure the facility is clean, uncluttered, sanitary, temperature controlled, and secure from unauthorized access.

**H.** Current Good Manufacturing Practice: A resident or nonresident CMG distributor permittee is required under federal law to follow the good manufacturing practice requirements of 21 CFR parts 210 and 211.

**I.** Records: A resident or nonresident CMG distributor permittee shall:

1. Establish and implement written procedures for maintaining records pertaining to production, transfilling, process control, labeling, packaging, quality control, distribution, returns, recalls, training of personnel, complaints, and any information required by federal or state law.
2. Retain the records required by Section R4-23-601, this Section, and 21 CFR parts 210 and 211 for not fewer than three years or one year after the expiration date of the compressed medical gas, whichever is longer.
3. Make the records required by Section R4-23-601, this Section, and 21 CFR parts 210 and 211 available for inspection by the Board or its compliance officer, or if stored in a centralized recordkeeping system apart from the inspection location and not electronically retrievable, provide the records within four working days of a request by the Board or its compliance officer.

**J.** Inspection.

1. A resident CMG distributor permittee shall make the CMG distributor's facility available for inspection by the Board or its compliance officers under A.R.S. § 32-1904.
2. Within 10 days from the date of a request by the Board or its staff, a nonresident CMG distributor permittee shall provide a copy of the most recent inspection report completed by the permittee's resident licensing authority or the FDA or a copy of the most recent inspection report completed by a third-party auditor approved by the permittee's resident licensing authority or the Board or its designee. The Board may inspect, or may employ a third-party auditor to inspect, a nonresident permittee as specified in A.R.S. § 32-1904.

**K.** Permit renewal. To renew a CMG distributor permit, the permittee shall comply with R4-23-602(D).

**L.** Nothing in this Section shall be construed to prohibit the emergency administration of oxygen by licensed health-care personnel, emergency medical technicians, first responders, fire fighters, law enforcement officers, and other emergency personnel trained in the proper use of emergency oxygen.

**Historical Note**

Adopted effective January 12, 1998 (Supp. 98-1). Amended by final rulemaking at 19 A.A.R. 97, effective March 10, 2013 (Supp. 13-1). Amended by final rulemaking at 20 A.A.R. 1364, effective August 2, 2014 (Supp. 14-2). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2).

**R4-23-693. Durable Medical Equipment (DME) and Com-**

**pressed Medical Gas (CMG) Supplier-Resident or Nonresident**

**A.** Permit. A person shall not sell, lease, or supply durable medical equipment or a compressed medical gas to a patient or consumer in Arizona for use in a home or residence without a current Board-issued resident or nonresident durable medical equipment and compressed medical gas supplier permit.
1. The permit requirements of this Section do not apply to the following unless there is a separate business entity engaged in the business of providing durable medical equipment or a compressed medical gas to a patient or consumer for use in a home or residence:
   a. A medical practitioner licensed under A.R.S. Title 32;
   b. A hospital, long-term care facility, hospice, or other health-care facility using durable medical equipment or a compressed medical gas in the normal course of treating a patient; and
   c. A pharmacy.
2. Nothing in this Section shall be construed to prohibit a person with a current Board-issued nonprescription drug permit from the retail sale of nonprescription drugs or devices.

**B.** Application. To obtain a resident or nonresident DME and CMG supplier permit, a person shall submit a completed application form and fee specified in R4-23-205.
1. A resident DME and CMG supplier permit applicant shall include documentation of compliance with local zoning laws, if required by the Board.
2. A nonresident DME and CMG supplier permit applicant that resides in a jurisdiction that issues an equivalent license or permit shall include a copy of the equivalent license or permit.

**C.** Notification. A resident or nonresident DME and CMG supplier permittee shall submit using the permittee's online profile or provide written notice by mail, fax, or e-mail to the Board office within 10 days of changes involving the telephone or fax number, email or mailing address, or business name.

**D.** Change of ownership. A resident or nonresident DME and CMG supplier permittee shall comply with R4-23-601(F).

**E.** Relocation.
1. No fewer than 30 days before a resident DME and CMG supplier permittee relocates, the permittee shall submit a completed application for relocation electronically or manually on a form furnished by the Board, and the documentation required in subsection (B). A fee is not required with an application for relocation.
2. A nonresident DME and CMG supplier permittee shall provide written notice by mail, fax, or e-mail to the Board office no fewer than 10 days before relocating.

**F.** Orders. A resident or nonresident DME and CMG supplier shall sell, lease, or provide:
1. Durable medical equipment that is a prescription-only device, as defined in A.R.S. § 32-1901, only under a prescription or medication order from a medical practitioner; and
2. A compressed medical gas only under a compressed medical gas order from a medical practitioner.

**G.** Restriction. A DME and CMG supplier permit authorizes the permittee to procure, possess, and provide a prescription-only device or compressed medical gas to a patient or consumer as specified in subsection (F). A DME and CMG supplier permit does not authorize the permittee to procure, possess, or provide narcotics or other controlled substances, prescription-only drugs other than compressed medical gases, precursor chemicals, or regulated chemicals.

**H.** Facility. A resident or nonresident DME and CMG supplier permittee shall ensure the facility is clean, uncluttered, sanitary, temperature controlled, and secure from unauthorized access. A permittee shall maintain separate and identified storage areas in the facility and in delivery vehicles for clean, dirty, contaminated, or damaged durable medical equipment or compressed medical gases.

**I.** A resident or nonresident DME and CMG supplier permittee shall not manufacture, process, transfill, package, or label a compressed medical gas, except as stated in subsection (K).

**J.** Records. A resident or nonresident DME and CMG supplier permittee shall establish and implement written procedures for maintaining records about acquisition, distribution, returns, recalls, training of personnel, maintenance, cleaning, and complaints.

**K.** A permittee shall:
1. Ensure a prescription order, medication order, or compressed medical gas order is obtained as specified in subsection (F);
2. Ensure each compressed medical gas container supplied by the permittee contains a label bearing the name and address of the permittee;
3. Ensure all appropriate warning labels are present on the durable medical equipment or compressed medical gas;
4. Retain the records required by Section R4-23-601 and this Section for not fewer than three years, or if supplying a compressed medical gas, one year after the expiration date of the compressed medical gas, whichever is longer; and
5. Make the records required by Section R4-23-601 and this Section available for inspection by the Board or its compliance officer, or if stored in a centralized recordkeeping system apart from the inspection location and not electronically retrievable for inspection, provide the records within four working days of a request by the Board or its staff.

**L.** Inspection.
1. A resident DME and CMG supplier permittee shall make the DME and CMG supplier's facility available for inspection by the Board or its compliance officers under A.R.S. § 32-1904.
2. Within 10 days from the date of a request by the Board or its staff, a nonresident DME and CMG supplier permittee shall provide a copy of the most recent inspection report completed by the permittee's resident licensing authority, or a copy of the most recent inspection report completed by a third-party auditor approved by the permittee's resident licensing authority or the Board or its designee. The Board may inspect, or may employ a third-party auditor to inspect, a nonresident permittee as specified in A.R.S. § 32-1904.

**M.** Permit renewal. To renew a resident or nonresident DME and CMG supplier permit, the permittee shall comply with in R4-23-602(D).

**N.** Nothing in this Section shall be construed to prohibit the emergency administration of oxygen by licensed health-care personnel, emergency medical technicians, first responders, fire fighters, law enforcement officers, and other emergency personnel trained in the proper use of emergency oxygen.

**Historical Note**

Adopted effective January 12, 1998 (Supp. 98-1).
Amended by final rulemaking at 20 A.A.R. 1364,

effective August 2, 2014 (Supp. 14-2). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2).

## ARTICLE 7. NON-PHARMACY LICENSED OUTLETS – GENERAL PROVISIONS

**R4-23-701. Long-term Care Facilities Pharmacy Services: Consultant Pharmacist**

**A.** The long-term care consultant pharmacist as defined in R4-23-110 shall:
1. Possess a valid Arizona pharmacist license issued by the Board;
2. Ensure the provision of pharmaceutical patient care services as defined in R4-23-110;
3. Review the distribution and storage of drugs and devices and assist the facility in establishing policies and procedures for the distribution and storage of drugs and devices;
4. Provide resident evaluation programs that relate to monitoring the therapeutic response and utilization of all drugs and devices prescribed or administered to residents, using as guidelines the most current indicators established by the Centers for Medicare and Medicaid Services, United States Department of Health and Human Services as required in 42 CFR 483.60 (revised October 1, 2010, incorporated by reference and on file with the Board. This incorporated material contains no future editions or amendments.).
5. Serve as a resource for pharmacy-related education services within the facility;
6. Participate in quality management of resident care in the facility; and
7. Communicate with the provider pharmacy regarding areas of mutual concern and resolution.

**B.** A long-term care consultant pharmacist shall ensure that:
1. When a provider pharmacy is not open for business, arrangements are made in advance by the long-term care consultant pharmacist, in cooperation with the pharmacist-in-charge of the provider pharmacy and the director of nursing and medical staff of the long-term care facility, for providing emergency drugs for the licensed nursing staff to administer to the residents of the facility using an emergency drug supply unit located at the facility;
2. The label and packaging of prescription-only and nonprescription drugs intended for use within a long-term care facility complies with state and federal law; and
3. The long-term care facility:
   a. Stores controlled substances listed in A.R.S. § 36-2513 in a separately locked and permanently affixed compartment, unless the facility uses a single-unit package medication distribution system; and
   b. Maintains accurate records of controlled substance administration or ultimate disposition.

**C.** The long-term care consultant pharmacist shall:
1. Ensure availability of records and reports designed to provide the data necessary to evaluate the drug use of each long-term care facility resident that include the following:
   a. Provider pharmacy patient profiles and long-term care facility medication administration records;
   b. Reports of suspected adverse drug reactions;
   c. Inspection reports of drug storage areas with emphasis on detecting outdated drugs; and
   d. Accountability reports, that include:
      i. Date and time of administration,
      ii. Name of the person who administered the drug,
      iii. Documentation and verification of any wasted or partial doses,
      iv. Exception reports for refused doses, and
      v. All drug destruction forms; and
2. Identify and report drug irregularities and dispensing errors to the prescriber, the director of nursing of the facility, and the provider pharmacy.

**D.** A long-term care consultant pharmacist or pharmacist-in-charge of a provider pharmacy shall ensure that:
1. Discontinued or outdated drugs, including controlled substances, are destroyed or disposed of in a timely manner using methods consistent with federal, state, and local requirements and subject to review by the Board or its staff; and
2. Drug containers with illegible or missing labels are:
   a. Identified; and
   b. Replaced or relabeled by a pharmacist employed by the pharmacy that dispensed the prescription medication.

**Historical Note**

Former Rules 6.8110, 6.8120, 6.8130, 6.8140, 6.8150, 6.8160, and 6.8170; Amended effective Aug. 10, 1978 (Supp. 78-4). Section repealed, new Section adopted effective December 18, 1992 (Supp. 92-4). Amended by final rulemaking at 9 A.A.R. 1064, effective May 4, 2003 (Supp. 03-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3). Amended by final rulemaking at 19 A.A.R. 2894, effective November 10, 2013 (Supp. 13-3).

**R4-23-701.01. Long-term Care Facilities Pharmacy Services: Provider Pharmacy**

The limited-service pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure that:
1. A prescription medication is provided only by a valid prescription order for an individual long-term care facility resident, properly labeled for that resident, as specified in this subsection. Nothing in this Section shall prevent a provider pharmacy from supplying nonprescription drugs in a manufacturer's unopened container or emergency drugs using an emergency drug supply unit as specified in R4-23-701.02;
2. A prescription medication label for a long-term care facility resident complies with A.R.S. §§ 32-1968 and 36-2525 and contains:
   a. The drug name, strength, dosage form, and quantity; and
   b. The beyond-use-date;
3. Only a pharmacist employed by the pharmacy that dispensed the prescription medication may, through the exercise of professional judgment, relabel or alter a prescription medication label that is illegible or missing;
4. The provider pharmacy develops and implements drug recall policies and procedures that protect the health and safety of facility residents. The drug recall procedures shall include immediate discontinuation of any patient level recalled drug and notification of the prescriber and director of nursing of the facility; and
5. Drugs previously dispensed to a resident of the long-term care facility by another pharmacy, and drugs previously dispensed by the provider pharmacy, are not repackaged.

**Historical Note**
Adopted effective December 18, 1992 (Supp. 92-4). Amended by final rulemaking at 9 A.A.R. 1064, effective May 4, 2003 (Supp. 03-1). Amended by final rulemaking at 19 A.A.R. 2894, effective November 10, 2013 (Supp. 13-3).

**R4-23-701.02. Long-term Care Facilities Pharmacy Services: Emergency Drugs**

**A.** The limited-service pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure that:
1. An emergency drug supply unit is available within the long-term care facility,
2. Drugs contained in an emergency drug supply unit remain the property of the provider pharmacy, and
3. Controlled substance drugs contained in an emergency drug supply unit are included in all inventories required under A.R.S. § 36-2523(B) and R4-23-1003(A).

**B.** An emergency drug supply unit shall meet the following criteria:
1. The drugs are necessary to meet the immediate and emergency therapeutic needs of long-term care facility residents as determined by the provider pharmacy's pharmacist-in-charge in consultation with the long-term care facility's medical director and nursing director;
2. The purpose of the emergency drug supply unit in a long-term care facility is not to relieve a provider pharmacy of the responsibility for timely provision of the resident's routine drug needs, but to ensure that an emergency drug supply unit is available for facility residents in need of immediate and emergency therapeutic drugs; and
3. The drugs are provided in a manufacturer's unit of use package or are prepackaged and labeled to include the drug name, strength, dosage form, manufacturer, lot number, and expiration date and provider pharmacy's name, address, telephone number, and pharmacist's initials.

**C.** The limited-service pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure that an emergency drug supply unit:
1. Is stored in an area that:
   a. Is temperature controlled; and
   b. Prevents unauthorized access;
2. Contains on the exterior of the emergency drug supply unit a label to indicate that the contents are for emergency use only;
3. Contains on the exterior of the emergency drug supply unit a complete list of the contents of the unit by drug name, strength, dosage form, and quantity and the provider pharmacy's name, address, and telephone number;
4. Contains on the exterior of the emergency drug supply unit a label that indicates the date of the earliest drug expiration date;
5. Contains on the exterior of the emergency drug supply unit a label that indicates the date of and pharmacist responsible for the last inspection of the emergency drug supply unit; and
6. Is secured with a tamper-evident seal, or is locked and sealed in a manner that obviously reveals when the unit has been opened or tampered with.

**D.** The limited-service pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall:
1. Prepare, implement, review, and revise in the same manner described in R4-23-671(E) and comply with written policies and procedures for the storage and use of an emergency drug supply unit in a long-term care facility;
2. Make the policies and procedures available in the provider pharmacy and long-term care facility for employee reference and inspection by the Board or its staff;
3. Ensure that the written policies and procedures include the following:
   a. Drug removal procedures that require:
      i. The long-term care facility's personnel receive a valid prescription order for each drug removed from the emergency drug supply unit,
      ii. The long-term care facility's personnel notify the provider pharmacy when a drug is removed from the emergency drug supply unit,
   b. Outdated drug replacement procedures, and
   c. Security and inspection procedures;
4. Exchange or restock the emergency drug supply unit weekly, or more often as necessary, to ensure the availability of an adequate supply of emergency drugs within the long-term care facility. Restocking of the emergency drug supply unit at the facility shall be completed by an Arizona licensed pharmacist employed by the provider pharmacy, or by an Arizona licensed intern, graduate intern, technician or technician trainee under the direct onsite supervision of an Arizona licensed pharmacist; and
5. Educate pharmacy and long-term care facility personnel in the storage and use of an emergency drug supply unit.

**E.** In addition to the requirements of subsections (A) through (D), an automated emergency drug supply unit may be used provided:
1. The pharmacy permittee or pharmacist-in-charge of the provider pharmacy notifies the Board or its staff in writing of the intent to use an automated emergency drug supply unit, including the name and type of unit;
2. The provider pharmacy is notified electronically when the automated emergency drug supply unit has been accessed;
3. All events involving the access of the automated emergency drug supply unit are recorded electronically and maintained for not less than two years;
4. The provider pharmacy is capable of producing a report of all transactions of the automated emergency drug supply unit including a single drug usage report as required in R4-23-408(B)(5) on inspection by the Board or its staff;
5. The provider pharmacy develops written policies and procedures for:
   a. Accessing the automated emergency drug supply unit in the event of a system malfunction or downtime,
   b. Authorizing and modifying user access,
   c. An ongoing quality assurance program that includes:
      i. Training in the use of the automated emergency drug supply unit for all authorized users,
      ii. Maintenance and calibration of the automated emergency drug supply unit as recommended by the device manufacturer; and
6. Documentation of the requirements of subsection (E)(5)(c)(ii) is maintained for inspection by the Board or its staff for not less than two years.

**F.** The Board may prohibit a pharmacy permittee or pharmacist-in-charge of a provider pharmacy from using an automated emergency drug supply unit if the pharmacy permittee or pharmacy permittee's employees do not comply with the requirements of subsections (A) through (E).

**Historical Note**

Adopted effective December 18, 1992 (Supp. 92-4). Amended by final rulemaking at 9 A.A.R. 1064, effective May 4, 2003 (Supp. 03-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3). Amended by final rulemaking at 19 A.A.R. 2894, effective November 10, 2013 (Supp. 13-3).

**R4-23-701.03. Long-term Care Facilities Pharmacy Services: Emergency Drug Prescription Order**

The limited-service pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure that every emergency drug prescription order is evaluated according to the requirements of R4-23-402(A) by a pharmacist within 72 hours of the first dose of drug administered by long-term care facility personnel under the emergency drug prescription order.

**Historical Note**

Adopted effective December 18, 1992 (Supp. 92-4). Amended by final rulemaking at 9 A.A.R. 1064, effective May 4, 2003 (Supp. 03-1).

**R4-23-701.04. Long-term Care Facilities Pharmacy Services: Automated Dispensing Systems**

**A.** Before using an automated dispensing system as defined in R4-23-110, a pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall:
1. Notify the Board or its staff in writing of the intent to use an automated dispensing system, including the name and type of system;
2. Obtain a separate controlled substances registration at the location of each long-term care facility at which an automated dispensing system containing controlled substances will be located as required by federal law; and
3. Maintain copies of the registrations required under subsection (A)(2) at the provider pharmacy for inspection by the Board or its staff.

**B.** A pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure:
1. Drugs contained in an automated dispensing system remain the property of the provider pharmacy,
2. Controlled substance drugs contained in an automated dispensing system are included in all inventories required under A.R.S. § 36-2523(B) and R4-23-1003(A),
3. Schedule II drugs are not stocked in an automated dispensing system, and
4. A separate emergency drug supply unit is available in the long-term care facility to meet the requirements of R4-23-701.02.

**C.** A pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall:
1. Ensure that policies and procedures as required in subsection (D) for the use of an automated dispensing system in a long-term care facility are prepared, implemented, and complied with;
2. Review biennially and, if necessary, revise the policies and procedures required under subsection (D);
3. Document the review required under subsection (C)(2);
4. Assemble the policies and procedures as a written or electronic manual; and
5. Make the policies and procedures available for employee reference and inspection by the Board or its staff within the pharmacy and at any location outside of the pharmacy where the automated dispensing system is used.

**D.** A pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure the written policies and procedures include:
1. Drug removal procedures that include the following:
   a. A drug is provided only by a valid prescription order for an individual long-term care facility resident;
   b. A drug is dispensed from an automated dispensing system only after a pharmacist has:
      i. Reviewed and verified the resident's prescription order as required by R4-23-402(A), and
      ii. Electronically authorized the access for that drug for that particular resident, and
   c. The automated dispensing system labels each individual drug packet with a resident specific label that complies with R4-23-701.01(2) and contains the resident's room number or facility identification number; and
2. Security procedures that include the following:
   a. The pharmacy permittee or pharmacist-in-charge of the provider pharmacy is responsible for authorizing user access, including adding and removing users and modifying user access;
   b. Each authorized user is a licensee of the Board or authorized licensed personnel of the long-term care facility; and
   c. The automated dispensing system is secured at the long-term care facility by electronic or mechanical means or a combination thereof designed to prevent unauthorized access;
3. Drug stocking procedures that include the following:
   a. Automated dispensing systems that use non-removable containers that do not allow prepackaging of the container as set out in subsection (D)(3)(b):
      i. Are stocked at the long-term care facility by an Arizona licensed pharmacist employed by the provider pharmacy, or by an Arizona licensed intern, graduate intern, technician or technician trainee under the direct onsite supervision of an Arizona licensed pharmacist; and
      ii. Utilize bar code or other technologies to ensure the correct drug is placed in the correct canister or container; and
   b. Automated dispensing systems that use removable containers may be stocked at the long-term care facility by an authorized user provided:
      i. The prepackaging of the container occurs at the provider pharmacy;
      ii. A pharmacist verifies the container has been properly filled and labeled, and the container is secured with a tamper-evident seal;
      iii. The individual containers are transported to the long-term care facility in a secure, tamper-evident shipping container; and
      iv. The automated dispensing system uses microchip, bar-coding, or other technologies to ensure the containers are accurately loaded in the automated dispensing system; and
4. Recordkeeping and report procedures that include the following:
   a. All events involving the access of the automated dispensing system are recorded electronically and maintained for not less than two years;

b. The provider pharmacy is capable of producing a report of all transactions of the automated dispensing system including:
i. A single drug usage report that complies with R4-23-408(B)(5); and
ii. An authorized user history including date and time of access and type of transaction; and
c. The provider pharmacy has procedures to safeguard the storage, packaging, and distribution of drugs by monitoring:
i. Current inventory;
ii. Expiration dates;
iii. Controlled substance dispensing;
iv. Re-dispense requests; and
v. Wastage.

**E.** A pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall:
1. Ensure that an electronic log is kept for each container fill that includes:
a. An identification of the container by drug name and strength, and container number;
b. The drug's manufacturer or National Drug Code (NDC) number;
c. The expiration date and lot number from the manufacturer's stock bottle that is used to fill the container. If multiple lot numbers of the same drug are added to a container, each lot number and expiration date shall be documented;
d. The date the container is filled;
e. Documentation of the identity of the licensee who placed the drug into the container; and
f. If the licensee who filled the container is not a pharmacist, documentation of the identity of the pharmacist who supervised the non-pharmacist licensee; and
2. Maintain the electronic log for inspection by the Board or its staff for not less than two years.

**F.** A pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall:
1. Implement an ongoing quality assurance program that monitors performance of the automated dispensing system and compliance with the established policies and procedures that includes:
a. Training in the use of the automated dispensing system for all authorized users,
b. Maintenance and calibration of the automated dispensing system as recommended by the device manufacturer,
c. Routine accuracy validation testing no less than every three months, and
d. Downtime and malfunction procedures to ensure the timely provision of medication to the long-term care facility resident, and
2. Maintain documentation of the requirements of subsections (F)(1)(b) and (F)(1)(c) for inspection by the Board or its staff for not less than two years.

**G.** The Board may prohibit a pharmacy permittee or pharmacist-in-charge from using an automated dispensing system in a long-term care facility if the pharmacy permittee or the pharmacy permittee's employees do not comply with the requirements of subsections (A) through (F).

**Historical Note**
New Section made by final rulemaking at 19 A.A.R. 2894, effective November 10, 2013 (Supp. 13-3).

**R4-23-702. Hospice Inpatient Facilities**

**A.** If a pharmacy permittee contracts to provide pharmacy services to the patients of a hospice inpatient facility as defined in R4-23-110, the pharmacy permittee shall ensure that:
1. A prescription medication is provided only by a valid prescription order for an individual hospice inpatient facility patient, properly labeled for that patient, as specified in this subsection. Nothing in this section shall prevent a provider pharmacy from supplying non-prescription drugs in a manufacturer's unopened container;
2. A prescription medication label for a hospice inpatient facility patient complies with A.R.S. §§ 32-1968 and 36-2525 and contains:
a. The drug name, strength, dosage form, and quantity; and
b. The beyond-use date; and
3. If the label on the hospice inpatient facility patient's drug container becomes damaged or soiled, a pharmacist employed by the pharmacy that dispensed the drug container, through the exercise of professional judgment, may relabel the drug container. Only a pharmacist is permitted to label a drug container or alter the label of a drug container.

**B.** A pharmacist may help hospice inpatient facility personnel develop written policies and procedures for the procurement, administration, storage, control, recordkeeping, and disposal of drugs in the facility.

**C.** The provider pharmacy may contract with the hospice inpatient facility to provide pharmacist services at the facility that include evaluation of the patient's response to medication therapy, identification of potential adverse drug reactions, and recommended appropriate corrective action.

**D.** A provider pharmacy that places an emergency drug supply unit at a hospice inpatient facility shall comply with the requirements of R4-23-701.02.

**E.** A pharmacy shall not place an automated dispensing system as defined in R4-23-701.04 in a hospice inpatient facility.

**F.** Drugs previously dispensed to a patient of the hospice inpatient facility by another pharmacy, and drugs previously dispensed by the provider pharmacy, shall not be repackaged.

**Historical Note**
Former Rules 6.8210, 6.8211, 6.8212, 6.8213, 6.8214, 6.8221, 6.8222, 6.8223, 6.8824, 6.8231, 6.8232, 6.8233, 6.8241, 6.8242, and 6.8243; Amended effective August 10, 1978 (Supp. 78-4). Repealed effective December 18, 1992 (Supp. 92-4). New Section made by final rulemaking at 19 A.A.R. 2894, effective November 10, 2013 (Supp. 13-3).

**R4-23-703. Assisted Living Facilities**

**A.** Before dispensing, selling, or delivering a prescription or non-prescription drug to an assisted living facility resident, a pharmacy permittee shall verify the assisted living facility has a current and active license issued by the Arizona Department of Health Services.

**B.** A pharmacy permittee shall ensure that, except as provided under subsection (C):
1. A controlled substance prescription drug is dispensed, sold, or delivered to an assisted living facility resident only after receiving a valid prescription order for the controlled substance prescription drug from the resident's medical practitioner; and

2. The controlled substance prescription drug is labeled in accordance with A.R.S. §§ 32-1963.01, 32-1968, and 36-2525 and includes the beyond-use date on the label.

**C.** A pharmacy permittee may dispense, sell, or deliver to an assisted living facility resident a Schedule III, IV, or V controlled substance prescription if the pharmacy permittee:

1. Receives a written or oral prescription order for the Schedule III, IV, or V controlled substance from:
   a. The resident's medical practitioner,
   b. An individual licensed by the Arizona Board of Nursing who is acting within the scope of practice of the individual's license, or
   c. The manager or a caregiver of the assisted living facility if the resident's medical practitioner has a written agreement with the assisted living facility designating a representative of the assisted living facility as an agent of the medical practitioner and a licensed medical practitioner provided the prescription order;
2. Complies with subsection (D)(2); and
3. Labels the Schedule III, IV, or V controlled substance as specified under subsection (B)(2).

**D.** A pharmacy permittee may dispense, sell, or deliver to an assisted living facility resident a non-controlled substance prescription or non-prescription drug if the pharmacy permittee:

1. Receives a written or oral prescription order for the non-controlled substance prescription or non-prescription drug from:
   a. The resident's medical practitioner,
   b. An individual licensed by the Arizona Board of Nursing who is acting within the scope of practice of the individual's license, or
   c. An assisted living facility manager or caregiver acting under the authority of a licensed medical practitioner;
2. Determines the written or oral prescription order:
   a. Meets the requirements of R4-23-407, and
   b. Includes the name and title of the individual transmitting the prescription order; and
3. Labels the non-narcotic prescription or non-prescription drug in accordance with A.R.S. §§ 32-1963.01 and 32-1968 and includes the beyond-use date on the label.

**E.** If the label on an assisted living facility resident's drug container becomes damaged or soiled, a pharmacist employed by the pharmacy permittee that dispensed the drug container, through the exercise of professional judgment, may relabel the drug container. Only a pharmacist is permitted to label a drug container or alter the label of a drug container.

**F.** A pharmacist may help assisted living facility personnel develop written policies and procedures regarding procuring, administering, storing, controlling, keeping records, and disposing of drugs in the facility and provide information concerning safe and effective supervision of drug self-administration.

**G.** A pharmacy permittee shall not place an emergency drug supply unit as described in R4-23-701.02 or an automated dispensing system as described in R4-23-701.04 in an assisted living facility.

**H.** A pharmacist shall not repackage a drug previously dispensed to an assisted living facility resident.

**Historical Note**

Former Rules 6.8310, 6.8320, 6.8330, 6.8340, 6.8350, 6.8360, and 6.8370; Amended effective August 10, 1978 (Supp. 78-4). Amended by final rulemaking at 5 A.A.R. 2561, effective July 16, 1999 (Supp. 99-3). Amended by final rulemaking at 19 A.A.R. 2894, effective November 10, 2013 (Supp. 13-3). Amended by final rulemaking at 23 A.A.R. 2424, effective October 14, 2017 (Supp. 17-3).

**R4-23-704. Customized Patient Medication Packages**

In lieu of dispensing two or more prescribed drugs in separate containers, a pharmacist may, with the consent of the patient, the patient's caregiver, the prescriber, or the facility caring for the patient, provide a customized patient medication package. The pharmacist preparing a customized patient medication package shall abide by the guidelines set forth in the current edition of the official compendium for labeling, packaging, and recordkeeping, and state and federal law.

## ARTICLE 8. DRUG CLASSIFICATION

*Article 8, consisting of Sections R4-23-801 and R4-23-802, recodified from Article 5 at 9 A.A.R. 4011, effective August 18, 2003 (Supp. 03-3).*

**R4-23-801. Repealed**

**Historical Note**

Former Rules 7.1110, 7.1120, and 7.1130. Repealed effective November 4, 1998 (Supp. 98-4). Recodified from R4-23-501 at 9 A.A.R. 4011, effective August 18, 2003 (Supp. 03-3). Repealed by final rulemaking at 26 A.A.R. 223, effective March 14, 2020 (Supp. 20-1).

**R4-23-802. Veterinary**

Veterinary preparation: A veterinary drug manufacturer or supplier may distribute:

1. A prescription-only veterinary drug to:
   a. A veterinary medical practitioner licensed under A.R.S. Title 32, Chapter 21,
   b. A full-service drug wholesaler permitted under A.R.S. Title 32, Chapter 18, or
   c. A pharmacy permitted under A.R.S. Title 32, Chapter 18, and
2. A nonprescription veterinary drug to:
   a. A veterinary medical practitioner licensed under A.R.S. Title 32, Chapter 21,
   b. A nonprescription drug retailer permitted under A.R.S. Title 32, Chapter 18,
   c. A full-service or nonprescription drug wholesaler permitted under A.R.S. Title 32, Chapter 18, or
   d. A pharmacy permitted under A.R.S. Title 32, Chapter 18.

**Historical Note**

Former Rules 7.1210, 7.1220, and 7.1230. Repealed effective November 4, 1998 (Supp. 98-4). Recodified from R4-23-502 at 9 A.A.R. 4011, effective August 18, 2003 (Supp. 03-3).

**R4-23-803. Repealed**

**Historical Note**

Former Rules 7.1300, 7.1400, 7.1500, and 7.1000. Repealed effective November 4, 1998 (Supp. 98-4).

**R4-23-804. Repealed**

**Historical Note**

Former Rules 7.2100, 7.2200, 7.2300, 7.2410, 7.2420, and 7.2430. Repealed effective November 4, 1998 (Supp. 98-4).

## ARTICLE 9. PENALTIES AND MISCELLANEOUS

**R4-23-901. Penalty for Violations**

Any person, firm, or corporation violating any provision of 4 A.A.C. 23 is subject to the penalties in A.R.S. § 32-1996. In addition, a license or permit issued under the provisions of A.R.S. Title 32, Chapter 18 is subject to suspension or revocation for violation of 4 A.A.C. 23.

**Historical Note**

Former Rule 9.0000. Amended by final rulemaking at 6 A.A.R. 3177, effective August 3, 2000 (Supp. 00-3).

**R4-23-902. Non-disciplinary Civil Penalties**

As authorized under A.R.S. § 32-1904(D), the Board may issue the following non-disciplinary civil penalties to a licensee or permittee who engages in the specified acts or omissions without posing an imminent threat to public health or safety:

1. Failing to submit a remodel application before remodeling a permitted facility: $250;
2. Failing to provide notice before a business is relocated: $500;
3. Failing to update contact information: $50/occurrence to a maximum of twice;
4. Failing to update change of employment information: $50/occurrence to a maximum of twice;
5. Failing to complete required continuing education:
   a. Registered pharmacist: $100/deficient hour of continuing education for the first occurrence, $150/deficient hour for second occurrence; and
   b. Pharmacy technician: $25/deficient hour of continuing education for the first occurrence, $37.50/deficient hour for second occurrence;
6. Failing to provide notice of a new pharmacist in charge: $100/occurrence to a maximum of twice;
7. Failing to provide notice of a new designated representative: $100/occurrence to a maximum of twice;
8. Failing to provide notice of a new criminal charge, arrest, or conviction in any jurisdiction: $250/occurrence to a maximum of twice;
9. Failing to provide notice of disciplinary action taken against the licensee or permittee by another jurisdiction: $250/occurrence to a maximum of twice;
10. Failing to renew a license timely and continuing to work with an expired license:
    a. Registered pharmacist: $100/day worked not to exceed $1,000; and
    b. Pharmacy technician: $50/day worked not to exceed $500;
11. Failing to conduct a controlled substance inventory when there is a new pharmacist in charge: $250/occurrence to a maximum of twice;
12. Failing to obtain a permit before shipping into Arizona anything for which a permit is required: $100/item shipped;
13. Failing to respond timely to a subpoena: $50;
14. Failing to provide notice before there is a change in ownership: $250; and
15. Failing to conduct required controlled substance inventories: $250.

**Historical Note**

New Section made by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

## ARTICLE 10. UNIFORM CONTROLLED SUBSTANCES AND DRUG OFFENSES

**R4-23-1001. Repealed**

**Historical Note**

Adopted effective August 2, 1982 (Supp. 82-4). Section repealed by final rulemaking at 6 A.A.R. 3177, effective August 3, 2000 (Supp. 00-3).

**R4-23-1002. Repealed**

**Historical Note**

Adopted effective August 2, 1982 (Supp. 82-4). Repealed effective November 4, 1998 (Supp. 98-4).

**R4-23-1003. Records and Order Forms**

**A.** Records.

1. If the pharmacist-in-charge of a pharmacy is replaced by another pharmacist-in-charge, the new pharmacist-in-charge shall complete an inventory of all controlled substances in the pharmacy within 10 days of assuming the responsibility. This inventory and any other required controlled substance inventory shall:
   a. Include an exact count of all Schedule II controlled substances;

b. Include an exact count of all Schedule III through Schedule V controlled substances or an estimated count if the stock container contains fewer than 1001 units;
c. Indicate the date the inventory is taken and whether the inventory is taken before opening of business or after close of business for the pharmacy;
d. Be signed by:
i. The pharmacist-in-charge; or
ii. For other required inventories, the pharmacist who does the inventory;
e. Be kept separately from all other records; and
f. Be available in the pharmacy for inspection by the Board or its designee for not less than three years.

2. A loss of a controlled substance shall be reported:
a. Within 10 days of discovery;
b. On a DEA form 106;
c. By the pharmacist-in-charge of a pharmacy or a manufacturer;
d. By the permittee or designated representative of a full-service wholesaler; and
e. To the federal Drug Enforcement Administration (DEA), the Narcotic Division of the Department of Public Safety (DPS), and the Board of Pharmacy. A copy of the DEA form 106 shall be kept on file by the pharmacy permittee. The DEA form 106 shall state whether the police investigated the loss.

3. Every person manufacturing any controlled substance, including repackaging or relabeling, shall record and retain for not less than three years the manufacturing, repackaging, or relabeling date for each controlled substance.

4. Every person receiving, selling, delivering, or disposing of any controlled substance shall record and retain for not less than three years the following information:
a. The name, strength, dosage form, and quantity of each controlled substance received, sold, delivered, or disposed;
b. The name, address, and DEA registration number of the person from whom each controlled substance is received;
c. The name, address, and DEA registration number of the person to whom each controlled substance is sold or delivered or who disposes of each controlled substance; and
d. The date of each transaction.

5. A full-service drug wholesale permittee or the designated representative shall complete an inventory of all controlled substances in the manner prescribed in subsection (A)(1). The permittee or designated representative shall conduct this inventory:
a. On May 1 of each year or as directed by the Board; and
b. If there is a change of ownership, or discontinuance of business, or within 10 days of a change of a designated representative.

6. A drug manufacturer permittee or the pharmacist-in-charge shall complete an inventory of all controlled substances in the manner prescribed in subsection (A)(1). The permittee or pharmacist-in-charge shall conduct this inventory:
a. On May 1 of each year or as directed by the Board; and
b. If there is a change of ownership, or discontinuance of business, or within 10 days of a change of a pharmacist-in-charge.

**B.** Order form. For purposes of A.R.S. § 36-2524, "Order Form" means DEA Form 222c.

**Historical Note**

Adopted effective August 2, 1982 (Supp. 82-4). Amended effective November 1, 1993 (Supp. 93-4). Amended effective April 1, 1995; filed January 31, 1995 (Supp. 95-1). Amended by final rulemaking at 6 A.A.R. 3177, effective August 3, 2000 (Supp. 00-3). Amended by final rulemaking at 12 A.A.R. 1912, effective July 1, 2006 (Supp. 06-2). Amended by final rulemaking at 14 A.A.R. 3670, effective November 8, 2008 (Supp. 08-3).

**R4-23-1004. Schedules of Controlled Substances**

As of the effective date of this Section and as required under A.R.S. §§ 36-2512 through 36-2516, the Board adopts the following schedules of controlled substances. The schedules adopted include no later amendments. The adopted schedules are available on the Board's website:

1. Schedule I. 21 CFR, Chapter II, Part 1308.11;
2. Schedule II. 21 CFR, Chapter II, Part 1308.12;
3. Schedule III. 21 CFR, Chapter II, Part 1308.13;
4. Schedule IV. 21 CFR, Chapter II, Part 1308.14; and
5. Schedule V. 21 CFR, Chapter II, Part 1308.15.

**Historical Note**

Adopted effective August 2, 1982 (Supp. 82-4). Repealed effective November 4, 1998 (Supp. 98-4). New Section made by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1005. Products Excluded or Exempted from the Schedules of Controlled Substances**

The following lists of products are excluded or exempted from the schedules of controlled substances adopted in R4-23-1004. All lists are available on the Board's website and at https://www.ecfr.gov/current/title-21/chapter-II/part-1308:

1. Excluded nonnarcotic substances that may be lawfully sold over-the-counter without a prescription order. 21 CFR, Chapter II, Part 1308.22;
2. Exempted chemical preparations and mixtures. 21 CFR, Chapter II, Part 1308.24; and
3. Exempted prescription products containing a nonnarcotic controlled substance. 21 CFR, Chapter II, Part 1308.32.

**Historical Note**

Adopted effective August 2, 1982 (Supp. 82-4). Amended by final rulemaking at 6 A.A.R. 3177, effective August 3, 2000 (Supp. 00-3). Amended by final rulemaking at 18 A.A.R. 2609, effective December 2, 2012 (Supp. 12-4). Amended by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1006. Substances Excepted from Drug Offenses**

The following materials, compounds, mixtures, or preparations containing any stimulant or depressant substance included in A.R.S. §§ 13-3401(6)(b) or 13-3401(6)(c) are excepted from the definition of dangerous drugs under the authority of A.R.S. § 32-1904(B)(14):

1. Over-the-counter drugs excepted in R4-23-1005(A).
2. Chemical preparations excepted in R4-23-1005(B).
3. Prescription-only drugs excepted in R4-23-1005(C).

**Historical Note**
Adopted effective August 2, 1982 (Supp. 82-4).
Amended by final rulemaking at 6 A.A.R. 3177, effective August 3, 2000 (Supp. 00-3).

## ARTICLE 11. PHARMACY TECHNICIANS; PHARMACY TECHNICIAN TRAINEES

*Article 11, consisting of R4-23-1101 through R4-23-1105, made by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1).*

### R4-23-1101. Repealed

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 19 A.A.R. 102, effective March 10, 2013 (Supp. 13-1). Repealed by final rulemaking at 30 A.A.R. 3095 (October 25, 2024), effective November 30, 2024 (Supp. 24-4).

### R4-23-1102. Pharmacy Technician Licensure

**A.** License required. A person shall not work as a pharmacy technician in Arizona unless the person possesses a license issued by the Board. A licensed pharmacy technician shall maintain the certificate of licensure, which is in good standing, at the practice site for inspection by the Board or its designee or review by the public. A license issued by the Board is not transferable.

**B.** Eligibility. An applicant for licensure as a pharmacy technician, as defined at A.R.S. § 32-1901, shall provide the Board proof the applicant is eligible under A.R.S. § 32-1923.01(A), including documentation the applicant:
1. Passed a Board-approved pharmacy technician examination;
2. Passed the Foreign Pharmacy Graduate Equivalency Examination, if applicable; or
3. Graduated from a Board-approved pharmacy school.

**C.** Application.
1. An applicant for licensure as a pharmacy technician shall:
   a. Submit a completed application electronically or manually on a form furnished by the Board, and
   b. Submit with the application form:
      i. The documents specified in the application form,
      ii. The initial licensure fee specified in R4-23-205, and
      iii. The wall license fee specified in R4-23-205.
2. The Board office shall deem an application form received on the date the Board office electronically or manually date-stamps the form.

**D.** Licensure.
1. If an applicant is found to be ineligible for pharmacy technician licensure under statute and rule, the Board office shall issue a written notice of denial to the applicant.
2. If an applicant is found to be eligible for pharmacy technician licensure under statute and rule, the Board office shall issue a certificate of licensure and a wall license. An applicant who is assigned a license number and granted "open" or "active" status on the Board's license verification site may begin practice as a pharmacy technician. An applicant shall not practice as a pharmacy technician if the Board's license verification site indicates any status other than "open" or "active."

**E.** License renewal.
1. To renew a license, a pharmacy technician shall submit a completed license renewal application electronically or manually on a form furnished by the Board with the biennial renewal fee specified in R4-23-205.
2. If the biennial renewal fee is not paid by November 1 of the renewal year specified in A.R.S. § 32-1925, the pharmacy technician license is suspended and the licensee shall not practice as a pharmacy technician. The licensee shall pay a reinstatement penalty as provided in A.R.S. § 32-1925 and R4-23-205 to vacate the suspension.
3. Continuing education requirement. Under A.R.S. § 32-1925(H), continuing professional education is mandatory for a licensee.
   a. The Board shall accept continuing education hours awarded only by an approved provider.
   b. The Board shall not renew a pharmacy technician license unless the licensee successfully completes 20 continuing education hours during the two years since the licensee's last renewal date and attests to that on the biennial renewal form.
   c. Special continuing education requirements. If applicable, during each two-year license period, a pharmacy technician:
      i. Shall not administer a vaccine under R4-23-1104(B)(5) unless the pharmacy technician has successfully completed two continuing education hours relating to administration of vaccines; and
      ii. As described under A.R.S. § 32-1925(H), shall successfully complete two continuing education hours regarding remote dispensing site pharmacy practices.
   d. A pharmacy technician licensee is exempt from the continuing education requirement in subsection (E)(3)(b) between the time of initial licensure and first renewal.
   e. A pharmacy technician licensee shall maintain for five years continuing education records that indicate the number of hours successfully completed and the approved provider of each continuing education. The pharmacy technician licensee shall make the records available to the Board on request.
   f. The Board shall deem failure to comply with the continuing education requirements as unprofessional conduct and grounds for disciplinary action under A.R.S. § 32-1927.01.
   g. A pharmacy technician who is aggrieved by a Board decision concerning continuing education may request a hearing before the Board.

**F.** Delinquent license for five or more consecutive years. The Board shall reinstate a delinquent Arizona pharmacy technician license only if the individual furnishes satisfactory proof of fitness to be licensed as a pharmacy technician and pays all fees for the two most recent renewal periods and penalty fees. Satisfactory proof includes:
1. For an individual who is practicing as a pharmacy technician out-of-state with a pharmacy technician license issued by another jurisdiction:
   a. Proof of current, unrestricted pharmacy technician licensure in another jurisdiction; and
   b. Proof of employment as a pharmacy technician during the last 12 months; or
2. For an individual who did not practice as a pharmacy technician within the last 12 months:

a. Take and pass a Board-approved pharmacy technician examination, and
b. Complete 20 continuing education hours.

**G.** Time frames for pharmacy technician licensure and license renewal. The Board office shall follow the time frames established in R4-23-202(F).

**H.** Verification of license. A pharmacy permittee or pharmacist-in-charge shall not allow a person to practice as a pharmacy technician until the pharmacy permittee or pharmacist-in-charge verifies the person is currently licensed by the Board as a pharmacy technician.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 19 A.A.R. 102, effective March 10, 2013 (Supp. 13-1). Amended by final rulemaking at 19 A.A.R. 2911, effective November 10, 2013 (Supp. 13-3). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 30 A.A.R. 3095 (October 25, 2024), effective November 30, 2024 (Supp. 24-4).

**R4-23-1103. Pharmacy Technician Trainee Registration**

**A.** Registration required. As indicated under A.R.S. § 32-1923.01, a person shall not work as a pharmacy technician trainee in Arizona unless the person has registered with the Board. A registered pharmacy technician trainee shall maintain the registration certificate at the practice site for inspection by the Board or its designee or review by the public. Registration as a pharmacy technician trainee is not transferable.

**B.** Eligibility. An applicant for a 36-month, non-renewable registration as a pharmacy technician trainee shall provide the Board proof the applicant is eligible under A.R.S. § 32-1923.01(B).

**C.** Application.
1. An applicant for a 36-month, non-renewable registration as a pharmacy technician trainee shall:
   a. Submit a completed application electronically on a form available on the Board's website, and
   b. Submit with the application form:
      i. The documents specified in the application form, and
      ii. The registration fee specified in R4-23-205.
2. The Board office shall deem an application form received on the date the Board office electronically date-stamps the form.

**D.** Registration.
1. If an applicant is found to be ineligible for registration as a pharmacy technician trainee under statute and rule, the Board office shall issue a written notice of denial to the applicant.
2. If an applicant is found to be eligible for registration as a pharmacy technician trainee under statute and rule, the Board office shall issue a certificate of registration. An applicant who is assigned a registration number and granted "open" or "active" status on the Board's website may begin practice as a pharmacy technician trainee. An applicant shall not practice as a pharmacy technician trainee if the Board's website indicates any status other than "open" or "active."

**E.** Time frames for pharmacy technician trainee registration. The Board office shall follow the time frames established in R4-23-202(F).

**F.** Verification of registration. A pharmacy permittee or pharmacist-in-charge shall not allow a person to practice as a pharmacy technician trainee until the pharmacy permittee or pharmacist-in-charge verifies that the person is currently registered by the Board as a pharmacy technician trainee.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 19 A.A.R. 2911, effective November 10, 2013 (Supp. 13-3). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 26 A.A.R. 223, effective March 14, 2020 (Supp. 20-1). Amended by final rulemaking at 30 A.A.R. 3095 (October 25, 2024), effective November 30, 2024 (Supp. 24-4).

**R4-23-1104. Pharmacy Technicians and Pharmacy Technician Trainees**

**A.** Permissible tasks of a pharmacy technician trainee. Acting in compliance with all applicable statutes and rules and under the supervision of a pharmacist, a pharmacy technician trainee registered under R4-23-1103 may assist an intern or pharmacist with the following when applicable to the pharmacy practice site:
1. Record on the original prescription order the serial number of the prescription medication and date dispensed;
2. Initiate or accept verbal or electronic refill authorization from a medical practitioner or medical practitioner's agent and record, on the original prescription order or by an alternative method approved by the Board or its designee, the medical practitioner's name, patient name, name and quantity of prescription medication, specific refill information, and name of medical practitioner's agent, if any;
3. Record information in the refill record or patient profile;
4. Enter information for a new or refill prescription medication as required under A.R.S. § 32-1964;
5. Type and affix a label for the prescription medication. A pharmacist or intern working under the supervision of a pharmacist shall verify the accuracy of the label as described under R4-23-402(A)(11);
6. Reconstitute a prescription medication, if a pharmacist checks the ingredients and procedure before reconstitution and verifies the final product after reconstitution;
7. Retrieve, count, or pour a prescription medication, if a pharmacist verifies the contents of the prescription medication against the original prescription medication container or by an alternative drug identification method approved by the Board or its designee;
8. Prepackage drugs in accordance with R4-23-402(A); and
9. Measure, count, pour, or otherwise prepare and package a drug needed for hospital inpatient dispensing, if a pharmacist verifies the accuracy, measuring, counting, pouring, preparing, packaging, and safety of the drug before the drug is delivered to a patient care area.

**B.** Permissible tasks of a pharmacy technician. Acting in compliance with all applicable statutes and rules and under the supervision of a pharmacist, a pharmacy technician licensed under R4-23-1102 may:
1. Perform the tasks listed in subsection (A);
2. After completing a pharmacy technician drug compounding training program developed by the pharmacy permittee or pharmacist-in-charge under R4-23-1105(C), assist a pharmacist or intern in compounding prescription medi-

cations and sterile or non-sterile pharmaceuticals in accordance with written policies and procedures, if the preparation, accuracy, and safety of the final product is verified by a pharmacist before dispensing;

3. Administer a vaccine when:
   a. Administration of the vaccine is done under an order that complies with A.R.S. § 32-1974 and R4-23-411;
   b. Administration of the vaccine is delegated by and done under the supervision of a pharmacist on duty who is certified under A.R.S. § 32-1974 to administer vaccines; and
   c. There is documentation by the permittee that the pharmacy technician has completed the following:
      i. A practical training program that is approved by the Accreditation Council for Pharmacy Education and includes hands-on injection technique and recognition and treatment of emergency reactions to vaccines; and
      ii. Current certification in basic cardiopulmonary resuscitation.
4. Perform a task not related to professional judgment if the task is delegated to the pharmacy technician by the pharmacist on duty after the pharmacist on duty ensures the pharmacy technician is trained to do the task and there is documentation by the permittee of the training; and
5. A pharmacist on duty shall not delegate or attempt to delegate the following tasks to a pharmacy technician:
   a. Administering an emergency medication,
   b. Counseling a patient,
   c. Conducting a drug utilization review,
   d. Performing any task that requires the exercise of clinical judgment,
   e. Issuing a prescription order,
   f. Receiving a new prescription order for a controlled substance, or
   g. Transferring by telephone an existing prescription order for a controlled substance.

**C.** Prohibited activities. A pharmacy technician or pharmacy technician trainee shall not perform a professional practice reserved for a pharmacist or intern in accordance with R4-23-402 or R4-23-653 unless otherwise allowed by rule.

**D.** A pharmacy technician or pharmacy technician trainee shall wear a badge indicating name and title while on duty.

**E.** Before employing a pharmacy technician or pharmacy technician trainee, a pharmacy permittee or pharmacist-in-charge shall develop, implement, review, revise, and enforce, in the manner described in R4-23-653(A), policies and procedures addressing tasks to be performed by the pharmacy technician or pharmacy technician trainee that are consistent with state and federal law and the site at which the pharmacy technician or pharmacy technician trainee will be employed.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3). Amended by final rulemaking at 19 A.A.R. 102, effective March 10, 2013 (Supp. 13-1). Amended by final rulemaking at 23 A.A.R. 3257, effective January 8, 2018 (Supp. 17-4). Amended by final rulemaking at 28 A.A.R. 994 (May 13, 2022), effective July 2, 2022 (Supp. 22-2). Section made by emergency rulemaking at 29 A.A.R. 1196 (May 26, 2023), with an immediate effective date of May 4, 2023; effective for 180 days (Supp. 23-2). Amended by final rulemaking at 29 A.A.R. 2191 (September 22, 2023), with an immediate effective date of September 6, 2023 (Supp. 23-3). Amended by final rulemaking at 30 A.A.R. 3095 (October 25, 2024), effective November 30, 2024 (Supp. 24-4).

**R4-23-1104.01 Repealed**

**Historical Note**

New Section made by final rulemaking at 23 A.A.R. 3257, effective January 8, 2018 (Supp. 17-4). Repealed by final rulemaking at 30 A.A.R. 3095 (October 25, 2024), effective November 30, 2024 (Supp. 24-4).

**R4-23-1105. Pharmacy Technician Trainee Training Program; Pharmacy Technician Drug Compounding Training Program**

**A.** Nothing in this Section prevents additional offsite training of a pharmacy technician.

**B.** Pharmacy technician trainee training program. A pharmacy permittee or pharmacist-in-charge shall develop, implement, review, revise, and enforce, in the manner described in R4-23-653(A), a pharmacy technician trainee training program that is based on the needs of the individual pharmacy and designed to prepare the pharmacy technician trainee to pass a Board-approved national certification examination.

**C.** Pharmacy technician drug compounding training program.
1. A pharmacy permittee or pharmacist-in-charge shall develop, implement, review, revise, and enforce, in the manner described in R4-23-653(A), a pharmacy technician drug compounding training program based on the needs of the individual pharmacy.
2. A pharmacist-in-charge shall:
   a. Document the date a pharmacy technician successfully completed the pharmacy technician drug compounding training program, and
   b. Maintain the required documentation for inspection by the Board or its designee.

**D.** A pharmacy technician shall perform only those tasks, listed in R4-23-1104(B), for which training and competency has been demonstrated.

**E.** If a pharmacy technician trainee leaves a training program described under subsection (B) before successfully completing the training program, the pharmacist-in-charge shall provide the pharmacy technician trainee with written documentation of the hours of training completed and the tasks for which competence was demonstrated.

**Historical Note**

immediate effective date of May 4, 2023; effective for 180 days (Supp. 23-2). Amended by final rulemaking at 29 A.A.R. 2191 (September 22, 2023), with an immediate effective date of September 6, 2023 (Supp. 23-3). Repealed by final rulemaking at 30 A.A.R. 3095 (October 25, 2024), effective November 30, 2024 (Supp. 24-4).

## ARTICLE 12. DONATED MEDICINE PROGRAM

**R4-23-1201. Repealed**

**Historical Note**
New Section made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4). Repealed by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1202. Repealed**

**Historical Note**
New Section made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4). Repealed by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1203. Repealed**

**Historical Note**
New Section made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4). Repealed by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1204. Repealed**

**Historical Note**
New Section made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4). Repealed by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1205. Repealed**

**Historical Note**
New Section made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4). Repealed by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1206. Repealed**

**Historical Note**
New Section made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4). Repealed by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1207. Repealed**

**Historical Note**
New Section made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4). Repealed by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1208. Handling Fee**

**A.** The definitions at A.R.S. § 32-1909(U) apply to this Section.

**B.** As specified under A.R.S. § 32-1909(N), an authorized recipient shall not sell a medicine received from a donor.

**C.** An authorized recipient may charge a fee to an eligible patient to whom a donated medicine is dispensed. The authorized recipient shall ensure any fee charged to an eligible patient:
1. Does not exceed the reasonable cost of receiving, handling, and dispensing the donated medicine; and
2. Is consistent with the purpose of the donated medicine program. A fee consistent with the purpose of the donated medicine program includes an adjustment for the quantity and retail cost of the medicine dispensed.

**D.** An authorized recipient may charge a fee to a donor or other authorized recipient for usual and customary expenses incurred in receiving and handling donated medicine.

**Historical Note**
New Section made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4). Amended by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1209. Repealed**

**Historical Note**
New Section made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4). Repealed by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1210. Repealed**

**Historical Note**
New Section made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4). Repealed by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

**R4-23-1211. Repealed**

**Historical Note**
New Section made by final rulemaking at 14 A.A.R. 4320, effective January 3, 2009 (Supp. 08-4). Repealed by final rulemaking at 28 A.A.R. 611 (March 18, 2022), effective May 2, 2022 (Supp. 22-1).

## 32-1901. Definitions

In this chapter, unless the context otherwise requires:

1. "Administer" means directly applying a controlled substance, prescription-only drug, dangerous drug or narcotic drug, whether by injection, inhalation, ingestion or any other means, to the body of a patient or research subject by a practitioner or by the practitioner's authorized agent or the patient or research subject at the direction of the practitioner.

2. "Advertisement" means all representations that are disseminated in any manner or by any means other than by labeling for the purpose of inducing, or that are likely to induce, directly or indirectly, the purchase of drugs, devices, poisons or hazardous substances.

3. "Advisory letter" means a nondisciplinary letter to notify a licensee or permittee that either:

(a) While there is insufficient evidence to support disciplinary action, the board believes that continuation of the activities that led to the investigation may result in further board action against the licensee or permittee.

(b) The violation is a minor or technical violation that is not of sufficient merit to warrant disciplinary action.

(c) While the licensee or permittee has demonstrated substantial compliance through rehabilitation, remediation or reeducation that has mitigated the need for disciplinary action, the board believes that repeating the activities that led to the investigation may result in further board action against the licensee or permittee.

4. "Antiseptic", if a drug is represented as such on its label, means a representation that it is a germicide, except in the case of a drug purporting to be, or represented as, an antiseptic for inhibitory use as a wet dressing, ointment or dusting powder or other use that involves prolonged contact with the body.

5. "Authorized officers of the law" means legally empowered peace officers, compliance officers of the board of pharmacy and agents of the division of narcotics enforcement and criminal intelligence of the department of public safety.

6. "Automated prescription-dispensing kiosk" means a mechanical system that is operated as an extension of a pharmacy, that maintains all transaction information within the pharmacy operating system, that is separately permitted from the pharmacy and that performs operations that either:

(a) Accept a prescription or refill order, store prepackaged or repackaged medications, label and dispense patient-specific prescriptions and provide counseling on new or refilled prescriptions.

(b) Dispense or deliver a prescription or refill that has been prepared by or on behalf of the pharmacy that oversees the automated prescription-dispensing kiosk.

7. "Board" or "board of pharmacy" means the Arizona state board of pharmacy.

8. "Certificate of composition" means a list of a product's ingredients.

9. "Certificate of free sale" means a document that authenticates a product that is generally and freely sold in domestic or international channels of trade.

10. "Color additive" means a material that either:

(a) Is any dye, pigment or other substance that is made by a process of synthesis or similar artifice or that is extracted, isolated or otherwise derived, with or without intermediate or final change of identity, from any vegetable, animal, mineral or other source.

(b) If added or applied to a drug, or to the human body or any part of the human body, is capable of imparting color, except that color additive does not include any material that has been or may be exempted under the federal act. Color includes black, white and intermediate grays.

11. "Compounding" means preparing, mixing, assembling, packaging or labeling a drug by a pharmacist or an intern or pharmacy technician under the pharmacist's supervision, for the purpose of dispensing to a patient based on a valid prescription order. Compounding includes preparing drugs in anticipation of prescription orders prepared on routine, regularly observed prescribing patterns and preparing drugs as an incident to research, teaching or chemical analysis or for administration by a medical practitioner to the medical practitioner's patient and not for sale or dispensing. Compounding does not include preparing commercially available products from bulk compounds or preparing drugs for sale to pharmacies, practitioners or entities for the purpose of dispensing or distribution.

12. "Compressed medical gas distributor" means a person that holds a current permit issued by the board to distribute compressed medical gases to compressed medical gas suppliers and other entities that are registered, licensed or permitted to use, administer or distribute compressed medical gases.

13. "Compressed medical gases" means gases and liquid oxygen that a compressed medical gas distributor or manufacturer has labeled in compliance with federal law.

14. "Compressed medical gas order" means an order for compressed medical gases that is issued by a medical practitioner.

15. "Compressed medical gas supplier" means a person that holds a current permit issued by the board to supply compressed medical gases pursuant to a compressed medical gas order and only to the consumer or the patient.

16. "Controlled substance" means a drug, substance or immediate precursor that is identified, defined or listed in title 36, chapter 27, article 2 or the rules adopted pursuant to title 36, chapter 27, article 2.

17. "Corrosive" means any substance that when it comes in contact with living tissue will cause destruction of the tissue by chemical action.

18. "Counterfeit drug" means a drug that, or the container or labeling of which, without authorization, bears the trademark, trade name or other identifying mark, imprint, number or device, or any likeness of these, of a manufacturer, distributor or dispenser other than the person that in fact manufactured, distributed or dispensed that drug.

19. "Dangerous drug" has the same meaning prescribed in section 13-3401.

20. "Day" means a business day.

21. "Decree of censure" means an official action that is taken by the board and that may include a requirement for restitution of fees to a patient or consumer.

22. "Deliver" or "delivery" means the actual, constructive or attempted transfer from one person to another whether or not there is an agency relationship.

23. "Deputy director" means a pharmacist who is employed by the board and selected by the executive director to perform duties as prescribed by the executive director.

24. "Device", except as used in paragraph 18 of this section, section 32-1965, paragraph 4 and section 32-1967, subsection A, paragraph 15 and subsection C, means an instrument, apparatus or contrivance, including its components, parts and accessories, including all such items under the federal act, that is intended either:

(a) For use in diagnosing, curing, mitigating, treating or preventing disease in the human body or other animals.

(b) To affect the structure or any function of the human body or other animals.

25. "Director" means the director of the division of narcotics enforcement and criminal investigation of the department of public safety.

26. "Direct supervision of a pharmacist" means that the pharmacist is present. If relating to the sale of certain items, direct supervision of a pharmacist means that a pharmacist determines the legitimacy or advisability of a proposed purchase of those items.

27. "Dispense" means to deliver to an ultimate user or research subject by or pursuant to the lawful order of a practitioner, including prescribing, administering, packaging, labeling or compounding as necessary to prepare for that delivery.

28. "Dispenser" means a practitioner who dispenses.

29. "Distribute" means to deliver, other than by administering or dispensing.

30. "Distributor" means a person who distributes.

31. "Drug" means:

(a) Articles that are recognized, or for which standards or specifications are prescribed, in the official compendium.

(b) Articles that are intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in the human body or other animals.

(c) Articles other than food that are intended to affect the structure or any function of the human body or other animals.

(d) Articles that are intended for use as a component of any articles specified in subdivision (a), (b) or (c) of this paragraph but does not include devices or their components, parts or accessories.

32. "Drug enforcement administration" means the drug enforcement administration of the United States department of justice or its successor agency.

33. "Drug or device manufacturing" means producing, preparing, propagating or processing a drug or device, either directly or indirectly, by extraction from substances of natural origin or independently by means of chemical synthesis and includes any packaging or repackaging of substances or labeling or relabeling of its container and promoting and marketing the same. Drug or device manufacturing does not include compounding.

34. "Durable medical equipment" means technologically sophisticated medical equipment as prescribed by the board in rule that a patient or consumer may use in a home or residence and that may be a prescription-only device.

35. "Durable medical equipment distributor":

(a) Means a person that stores or distributes durable medical equipment other than to the patient or consumer.

(b) Includes a virtual durable medical equipment distributor as prescribed in rule by the board.

36. "Durable medical equipment supplier":

(a) Means a person that sells, leases or supplies durable medical equipment to the patient or consumer.

(b) Includes a virtual durable medical equipment supplier as prescribed in rule by the board.

37. "Economic poison" means any substance that alone, in chemical combination with or in formulation with one or more other substances is a pesticide within the meaning of the laws of this state or the federal insecticide, fungicide and rodenticide act and that is used in producing, storing or transporting raw agricultural commodities.

38. "Enteral feeding" means nourishment that is provided by means of a tube inserted into the stomach or intestine.

39. "Established name", with respect to a drug or ingredient of a drug, means any of the following:

(a) The applicable official name.

(b) If there is no such name and the drug or ingredient is an article recognized in an official compendium, the official title in an official compendium.

(c) If neither subdivision (a) nor (b) of this paragraph applies, the common or usual name of the drug.

40. "Executive director" means the executive director of the board of pharmacy.

41. "Federal act" means the federal laws and regulations that pertain to drugs, devices, poisons and hazardous substances and that are official at the time any drug, device, poison or hazardous substance is affected by this chapter.

42. "Full-service wholesale permittee":

(a) Means a permittee who may distribute prescription-only drugs and devices, controlled substances and over-the-counter drugs and devices to pharmacies or other legal outlets from a place devoted in whole or in part to wholesaling these items.

(b) Includes a virtual wholesaler as defined in rule by the board.

43. "Good manufacturing practice" means a system for ensuring that products are consistently produced and controlled according to quality standards and covering all aspects of design, monitoring and control of manufacturing processes and facilities to ensure that products do not pose any risk to the consumer or public.

44. "Highly toxic" means any substance that falls within any of the following categories:

(a) Produces death within fourteen days in half or more than half of a group of ten or more laboratory white rats each weighing between two hundred and three hundred grams, at a single dose of fifty milligrams or less per kilogram of body weight, when orally administered.

(b) Produces death within fourteen days in half or more than half of a group of ten or more laboratory white rats each weighing between two hundred and three hundred grams, if inhaled continuously for a period of one hour or less at an atmospheric concentration of two hundred parts per million by volume or less of gas or vapor or two milligrams per liter by volume or less of mist or dust, provided the concentration is likely to be encountered by humans if the substance is used in any reasonably foreseeable manner.

(c) Produces death within fourteen days in half or more than half of a group of ten or more rabbits tested in a dosage of two hundred milligrams or less per kilogram of body weight, if administered by continuous contact with the bare skin for twenty-four hours or less. If the board finds that available data on human experience with any substance indicate results different from those obtained on animals in the dosages or concentrations prescribed in this paragraph, the human data shall take precedence.

45. "Hospital" means any institution for the care and treatment of the sick and injured that is approved and licensed as a hospital by the department of health services.

46. "Intern" means a pharmacy intern.

47. "Internship" means the practical, experiential, hands-on training of a pharmacy intern under the supervision of a preceptor.

48. "Irritant" means any substance, other than a corrosive, that on immediate, prolonged or repeated contact with normal living tissue will induce a local inflammatory reaction.

49. "Jurisprudence examination" means a board-approved pharmacy law examination that is written and administered in cooperation with the national association of boards of pharmacy or another board-approved pharmacy law examination.

50. "Label" means a display of written, printed or graphic matter on the immediate container of any article that, unless easily legible through the outside wrapper or container, also appears on the outside wrapper or container of the article's retail package. For the purposes of this paragraph, the immediate container does not include package liners.

51. "Labeling" means all labels and other written, printed or graphic matter that either:

(a) Is on any article or any of its containers or wrappers.

(b) Accompanies that article.

52. "Letter of reprimand" means a disciplinary letter that is a public document issued by the board and that informs a licensee or permittee that the licensee's or permittee's conduct violates state or federal law and may require the board to monitor the licensee or permittee.

53. "Limited service pharmacy" means a pharmacy that is approved by the board to practice a limited segment of pharmacy as indicated by the permit issued by the board.

54. "Manufacture" or "manufacturer":

(a) Means every person who prepares, derives, produces, compounds, processes, packages or repackages or labels any drug in a place, other than a pharmacy, that is devoted to manufacturing the drug.

(b) Includes a virtual manufacturer.

55. "Marijuana" has the same meaning prescribed in section 13-3401.

56. "Medical practitioner" means any medical doctor, doctor of osteopathic medicine, dentist, podiatrist, veterinarian or other person who is licensed and authorized by law to use and prescribe drugs and devices to treat sick and injured human beings or animals or to diagnose or prevent sickness in human beings or animals in this state or any state, territory or district of the United States.

57. "Medication order" means a written or verbal order from a medical practitioner or that person's authorized agent to administer a drug or device.

58. "Narcotic drug" has the same meaning prescribed in section 13-3401.

59. "New drug" means either:

(a) Any drug of which the composition is such that the drug is not generally recognized among experts qualified by scientific training and experience to evaluate the safety and effectiveness of drugs as safe and effective for use under the conditions prescribed, recommended or suggested in the labeling.

(b) Any drug of which the composition is such that the drug, as a result of investigations to determine its safety and effectiveness for use under such conditions, has become so recognized, but that has not, other than in the investigations, been used to a material extent or for a material time under those conditions.

60. "Nonprescription drug" or "over-the-counter drug" means any nonnarcotic medicine or drug that may be sold without a prescription and that is prepackaged and labeled for use by the consumer in accordance with the requirements of the laws of this state and federal law. Nonprescription drug does not include:

(a) A drug that is primarily advertised and promoted professionally to medical practitioners and pharmacists by manufacturers or primary distributors.

(b) A controlled substance.

(c) A drug that is required to bear a label that states "Rx only".

(d) A drug that is intended for human use by hypodermic injection.

61. "Nonprescription drug wholesale permittee":

(a) Means a permittee who may distribute only over-the-counter drugs and devices to pharmacies or other lawful outlets from a place devoted in whole or in part to wholesaling these items.

(b) Includes a virtual wholesaler as defined in rule by the board.

62. "Notice" means personal service or the mailing of a copy of the notice by certified mail and email addressed either to the person at the person's latest address of record in the board office or to the person and the person's attorney using the most recent information provided to the board in the board's licensing database.

63. "Nutritional supplementation" means vitamins, minerals and caloric supplementation. Nutritional supplementation does not include medication or drugs.

64. "Official compendium" means the latest revision of the United States pharmacopeia and the national formulary or any current supplement.

65. "Other jurisdiction" means one of the other forty-nine states, the District of Columbia, the Commonwealth of Puerto Rico or a territory of the United States of America.

66. "Package" means a receptacle that is defined or described in the United States pharmacopeia and the national formulary as adopted by the board.

67. "Packaging" means the act or process of placing a drug item or device in a container for the purpose or intent of dispensing or distributing the item or device to another.

68. "Parenteral nutrition" means intravenous feeding that provides an individual with fluids and essential nutrients the individual needs while the individual is unable to receive adequate fluids or feedings by mouth or by enteral feeding.

69. "Person" means an individual, partnership, corporation and association, and their duly authorized agents.

70. "Pharmaceutical care" means the provision of drug therapy and other pharmaceutical patient care services.

71. "Pharmacist" means an individual who is currently licensed by the board to practice the profession of pharmacy in this state.

72. "Pharmacist in charge" means the pharmacist who is responsible to the board for a licensed establishment's compliance with the laws and administrative rules of this state and of the federal government pertaining to the practice of pharmacy, the manufacturing of drugs and the distribution of drugs and devices.

73. "Pharmacist licensure examination" means a board-approved examination that is written and administered in cooperation with the national association of boards of pharmacy or any other board-approved pharmacist licensure examination.

74. "Pharmacy" means:

(a) Any place where drugs, devices, poisons or related hazardous substances are offered for sale at retail or where prescription orders are dispensed by a licensed pharmacist.

(b) Any place that displays on or in the place or that displays a sign on the place the words "pharmaceutical chemist", "apothecary", "druggist", "pharmacy", "drugstore", "drugs" or "drug sundries", any combination of these words, or any words of similar meaning in any language.

(c) Any place where the characteristic symbol of pharmacy or the characteristic prescription sign "Rx" is exhibited.

(d) Any building or other structure or portion of a building or other structure that is leased, used or controlled by a permittee to conduct the business authorized by the board at the address specified on the permit issued to the permittee.

(e) A remote dispensing site pharmacy.

(f) A remote hospital-site pharmacy.

(g) A satellite pharmacy.

75. "Pharmacy intern" means a person who has all of the qualifications and experience prescribed in section 32-1923.

76. "Pharmacy technician" means a person who is licensed pursuant to this chapter.

77. "Pharmacy technician trainee" means a person who is licensed pursuant to this chapter.

78. "Poison" or "hazardous substance" includes any of the following if intended and suitable for household use or use by children:

(a) Any substance that, according to standard works on medicine, pharmacology, pharmacognosy or toxicology, if applied to, introduced into or developed within the body in relatively small quantities by its inherent action uniformly produces serious bodily injury, disease or death.

(b) A toxic substance.

(c) A highly toxic substance.

(d) A corrosive substance.

(e) An irritant.

(f) A strong sensitizer.

(g) A mixture of any of the substances described in this paragraph, if the substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children.

(h) A substance that is designated by the board to be a poison or hazardous substance. This subdivision does not apply to radioactive substances, economic poisons subject to the federal insecticide, fungicide and rodenticide act or the state pesticide act, foods, drugs and cosmetics subject to state laws or the federal act or substances intended for use as fuels when stored in containers and used in the heating, cooking or refrigeration system of a house. This subdivision applies to any substance or article that is not itself an economic poison within the meaning of the federal insecticide, fungicide and rodenticide act or the state pesticide act, but that is a poison or hazardous substance within the meaning of this paragraph by reason of bearing or containing an economic poison or hazardous substance.

79. "Practice of pharmacy":

(a) Means furnishing the following health care services as a medical professional:

(i) Interpreting, evaluating and dispensing prescription orders in the patient's best interests.

(ii) Compounding drugs pursuant to or in anticipation of a prescription order.

(iii) Labeling drugs and devices in compliance with state and federal requirements.

(iv) Participating in drug selection and drug utilization reviews, drug administration, drug or drug-related research and drug therapy monitoring or management.

(v) Providing patient counseling necessary to provide pharmaceutical care.

(vi) Properly and safely storing drugs and devices in anticipation of dispensing.

(vii) Maintaining required records of drugs and devices.

(viii) Offering or performing acts, services, operations or transactions that are necessary to conduct, operate, manage and control a pharmacy.

(ix) Providing patient care services pursuant to a collaborative practice agreement with a provider as outlined in section 32-1970.

(x) Initiating and administering immunizations or vaccines pursuant to section 32-1974.

(b) Does not include initiating a prescription order for any medication, drug or other substance used to induce or cause a medication abortion as defined in section 36-2151.

80. "Practitioner" means any physician, dentist, veterinarian, scientific investigator or other person who is licensed, registered or otherwise permitted to distribute, dispense, conduct research with respect to or administer a controlled substance in the course of professional practice or research in this state, or any pharmacy, hospital or other institution that is licensed, registered or otherwise permitted to distribute, dispense, conduct research with respect to or administer a controlled substance in the course of professional practice or research in this state.

81. "Preceptor" means a pharmacist who is serving as the practical instructor of an intern and who complies with section 32-1923.

82. "Precursor chemical" means a substance that is:

(a) The principal compound that is commonly used or that is produced primarily for use and that is an immediate chemical intermediary used or likely to be used in the manufacture of a controlled substance, the control of which is necessary to prevent, curtail or limit manufacture.

(b) Listed in section 13-3401, paragraph 26 or 27.

83. "Prescription" means either a prescription order or a prescription medication.

84. "Prescription medication" means any drug, including label and container according to context, that is dispensed pursuant to a prescription order.

85. "Prescription-only device" includes:

(a) Any device that is limited by the federal act to use under the supervision of a medical practitioner.

(b) Any device required by the federal act to bear on its label essentially the legend "Rx only".

86. "Prescription-only drug" does not include a controlled substance but does include:

(a) Any drug that because of its toxicity or other potentiality for harmful effect, the method of its use, or the collateral measures necessary to its use is not generally recognized among experts, qualified by scientific training and experience to evaluate its safety and efficacy, as safe for use except by or under the supervision of a medical practitioner.

(b) Any drug that is limited by an approved new drug application under the federal act or section 32-1962 to use under the supervision of a medical practitioner.

(c) Every potentially harmful drug, the labeling of which does not bear or contain full and adequate directions for use by the consumer.

(d) Any drug, other than a controlled substance, that is required by the federal act to bear on its label the legend "Rx only".

87. "Prescription order" means any of the following:

(a) An order to a pharmacist for drugs or devices that is issued and signed by a duly licensed medical practitioner in the authorized course of the practitioner's professional practice.

(b) An order that is transmitted to a pharmacist through word of mouth, telephone or other means of communication directed by that medical practitioner. Prescription orders received by word of mouth, telephone or other means of communication shall be maintained by the pharmacist pursuant to section 32-1964, and the record so made by the pharmacist constitutes the original prescription order to be dispensed by the pharmacist. This paragraph does not alter or affect laws of this state or any federal act requiring a written prescription order.

(c) An order that is initiated by a pharmacist pursuant to a collaborative practice agreement with a provider as outlined in section 32-1970, or immunizations or vaccines administered by a pharmacist pursuant to section 32-1974.

(d) A diet order or an order for enteral feeding, nutritional supplementation or parenteral nutrition that is initiated by a registered dietitian or other qualified nutrition professional in a hospital pursuant to section 36-416.

88. "Professionally incompetent" means:

(a) Incompetence based on a variety of factors, including a lack of sufficient pharmaceutical knowledge or skills or experience to a degree likely to endanger the health of patients.

(b) When considered with other indications of professional incompetence, a pharmacist or pharmacy intern who fails to obtain a passing score on a board-approved pharmacist licensure examination or a pharmacy technician or pharmacy technician trainee who fails to obtain a passing score on a board-approved pharmacy technician licensure examination.

89. "Radioactive substance" means a substance that emits ionizing radiation.

90. "Remote dispensing site pharmacy" means a pharmacy where a pharmacy technician or pharmacy intern prepares, compounds or dispenses prescription medications under remote supervision by a pharmacist.

91. "Remote hospital-site pharmacy" means a pharmacy located in a satellite facility that operates under the license issued by the department of health services to the hospital of which it is a satellite.

92. "Remote supervision by a pharmacist" means that a pharmacist directs and controls the actions of pharmacy technicians and pharmacy interns through the use of audio and visual technology.

93. "Revocation" or "revoke" means the official cancellation of a license, permit, registration or other approval authorized by the board for a period of two years unless otherwise specified by the board. A request or new application for reinstatement may be presented to the board for review before the conclusion of the specified revocation period upon review of the executive director.

94. "Safely engage in employment duties" means that a permittee or the permittee's employee is able to safely engage in employment duties related to the manufacture, sale, distribution or dispensing of drugs, devices, poisons, hazardous substances, controlled substances or precursor chemicals.

95. "Satellite facility" has the same meaning prescribed in section 36-422.

96. "Satellite pharmacy" means a work area located within a hospital or on a hospital campus that is not separated by other commercial property or residential property, that is under the direction of a pharmacist, that is a remote extension of a centrally licensed hospital pharmacy, that is owned by and dependent on the centrally licensed hospital pharmacy for administrative control, staffing and drug procurement and that is not required to be separately permitted.

97. "Symbol" means the characteristic symbols that have historically identified pharmacy, including show globes and mortar and pestle, and the sign "Rx".

98. "Third-party logistics provider" means an entity that provides or coordinates warehousing or other logistics services for the following items, but that does not take ownership of the items, and that distributes those items as directed by a manufacturer, wholesaler, dispenser or durable medical equipment supplier that is permitted by the board:

(a) Narcotic drugs or other controlled substances.

(b) Dangerous drugs as defined in section 13-3401.

(c) Prescription-only drugs and devices.

(d) Nonprescription drugs and devices.

(e) Precursor chemicals.

(f) Regulated chemicals as defined in section 13-3401.

99. "Toxic substance" means a substance, other than a radioactive substance, that has the capacity to produce injury or illness in humans through ingestion, inhalation or absorption through any body surface.

100. "Ultimate user" means a person who lawfully possesses a drug or controlled substance for that person's own use, for the use of a member of that person's household or for administering to an animal owned by that person or by a member of that person's household.

101. "Virtual manufacturer" means an entity that contracts for the manufacture of a drug or device, including a private label distributor as defined in 21 Code of Federal Regulations part 207.1, and that meets all of the following:

(a) Owns either:

(i) The new drug application or abbreviated new drug application number as defined by the United States food and drug administration for a drug.

(ii) The unique device identification number as defined by the United States food and drug administration for a prescription device.

(b) Is not involved in the physical manufacture of the drug or device.

(c) Contracts with a United States food and drug administration registered manufacturing entity for the physical manufacture of the drug or device.

32-1904. Powers and duties of board; immunity

A. The board shall:

1. Make bylaws and adopt rules that are necessary to protect the public and that pertain to the practice of pharmacy, the manufacturing, wholesaling or supplying of drugs, devices, poisons or hazardous substances, the use of pharmacy technicians and support personnel and the lawful performance of its duties.

2. Fix standards and requirements to register and reregister pharmacies, except as otherwise specified.

3. Investigate compliance as to the quality, label and labeling of all drugs, devices, poisons or hazardous substances and take action necessary to prevent the sale of these if they do not conform to the standards prescribed in this chapter, the official compendium or the federal act.

4. Enforce its rules. In so doing, the board or its agents have free access, during the hours reported with the board or the posted hours at the facility, to any pharmacy, manufacturer, wholesaler, third-party logistics provider, nonprescription drug permittee or other establishment in which drugs, devices, poisons or hazardous substances are manufactured, processed, packed or held, or to enter any vehicle being

used to transport or hold such drugs, devices, poisons or hazardous substances for the purpose of:

(a) Inspecting the establishment or vehicle to determine whether any provisions of this chapter or the federal act are being violated.

(b) Securing samples or specimens of any drug, device, poison or hazardous substance after paying or offering to pay for the sample.

(c) Detaining or embargoing a drug, device, poison or hazardous substance in accordance with section 32-1994.

5. Examine and license as pharmacists and pharmacy interns all qualified applicants as provided by this chapter.

6. Require each applicant for an initial license to apply for a fingerprint clearance card pursuant to section 41-1758.03. If an applicant is issued a valid fingerprint clearance card, the applicant shall submit the valid fingerprint clearance card to the board with the completed application. If an applicant applies for a fingerprint clearance card and is denied, the applicant may request that the board consider the application for licensure notwithstanding the absence of a valid fingerprint clearance card. The board, in its discretion, may approve an application for licensure despite the denial of a valid fingerprint clearance card if the board determines that the applicant's criminal history information on which the denial was based does not alone disqualify the applicant from licensure.

7. Issue duplicates of lost or destroyed permits on the payment of a fee as prescribed by the board.

8. Adopt rules to rehabilitate pharmacists and pharmacy interns as provided by this chapter.

9. At least once every three months, notify pharmacies regulated pursuant to this chapter of any modifications on prescription writing privileges of podiatrists, dentists, doctors of medicine, registered nurse practitioners, osteopathic physicians, veterinarians, physician assistants, optometrists and homeopathic physicians of which it receives notification from the state board of podiatry examiners, state board of dental examiners, Arizona medical board, Arizona state board of nursing, Arizona board of osteopathic examiners in medicine and surgery, Arizona state veterinary medical examining board, Arizona regulatory board of physician assistants, state board of optometry or board of homeopathic and integrated medicine examiners.

10. Charge a permittee a fee, as determined by the board, for an inspection if the permittee requests the inspection.

11. Issue only one active or open license per individual.

12. Allow a licensee to regress to a lower level license on written explanation and review by the board for discussion, determination and possible action.

13. Open an investigation only if the identifying information regarding a complainant is provided or the information provided is sufficient to conduct an investigation.

14. Provide notice to an applicant, licensee or permittee using only the information provided to the board through the board's licensing database.

B. The board may:

1. Employ chemists, compliance officers, clerical help and other employees subject to title 41, chapter 4, article 4 and provide laboratory facilities for the proper conduct of its business.

2. Provide, by educating and informing the licensees and the public, assistance in curtailing abuse in the use of drugs, devices, poisons and hazardous substances.

3. Approve or reject the manner of storage and security of drugs, devices, poisons and hazardous substances.

4. Accept monies and services to assist in enforcing this chapter from other than licensees:

(a) For performing inspections and other board functions.

(b) For the cost of copies of the pharmacy and controlled substances laws, the annual report of the board and other information from the board.

5. Adopt rules for professional conduct appropriate to the establishment and maintenance of a high standard of integrity and dignity in the profession of pharmacy.

6. Grant permission to deviate from a state requirement for modernization of pharmacy practice, experimentation or technological advances.

7. Adopt rules for the training and practice of pharmacy interns, pharmacy technicians and support personnel.

8. Investigate alleged violations of this chapter, conduct hearings in respect to violations, subpoena witnesses and take such action as it deems necessary to revoke or suspend a license or a permit, place a licensee or permittee on probation or warn a licensee or permittee under this chapter or to bring notice of violations to the county attorney of the county in which a violation took place or to the attorney general.

9. By rule, approve colleges or schools of pharmacy.

10. By rule, approve programs of practical experience, clinical programs, internship training programs, programs of remedial academic work and preliminary equivalency examinations as provided by this chapter.

11. Assist in the continuing education of pharmacists and pharmacy interns.

12. Issue inactive status licenses as provided by this chapter.

13. Accept monies and services from the federal government or others for educational, research or other purposes pertaining to the enforcement of this chapter.

14. By rule, except from the application of all or any part of this chapter any material, compound, mixture or preparation containing any stimulant or depressant substance included in section 13-3401, paragraph 6, subdivision (c) or (d) from the definition of dangerous drug if the material, compound, mixture or preparation contains one or more active medicinal ingredients not having a stimulant or depressant effect on the central nervous system, provided that such admixtures are included in such combinations, quantity, proportion or concentration as to vitiate the potential for abuse of the substances that do have a stimulant or depressant effect on the central nervous system.

15. Adopt rules for the revocation, suspension or reinstatement of licenses or permits or the probation of licensees or permittees as provided by this chapter.

16. Issue a certificate of free sale to any person that is licensed by the board as a manufacturer for the purpose of manufacturing or distributing food supplements or dietary supplements as defined in rule by the board and that wants to sell food supplements or dietary supplements domestically or internationally. The application shall contain all of the following:

(a) The applicant's name, address, email address, telephone and fax number.

(b) The product's full, common or usual name.

(c) A copy of the label for each product listed. If the product is to be exported in bulk and a label is not available, the applicant shall include a certificate of composition.

(d) The country of export, if applicable.

(e) The number of certificates of free sale requested.

17. Establish an inspection process to issue certificates of free sale or good manufacturing practice certifications. The board shall establish in rule:

(a) A fee to issue certificates of free sale.

(b) A fee to issue good manufacturing practice certifications.

(c) An annual inspection fee.

18. Delegate to the executive director the authority to:

(a) If the president or vice president of the board concurs after reviewing the case, enter into an interim consent agreement with a licensee or permittee if there is evidence that a restriction against the license or permit is needed to mitigate danger to the public health and safety. The board may subsequently formally adopt the interim consent agreement with any modifications the board deems necessary.

(b) Take no action or dismiss a complaint that has insufficient evidence that a violation of statute or rule governing the practice of pharmacy occurred.

(c) Request an applicant or licensee to provide court documents and police reports if the applicant or licensee has been charged with or convicted of a criminal offense. The executive director may do either of the following if the applicant or licensee fails to provide the requested documents to the board within thirty business days after the request:

(i) Close the application, deem the application fee forfeited and not consider a new application complete unless the requested documents are submitted with the application.

(ii) Notify the licensee of an opportunity for a hearing in accordance with section 41-1061 to consider suspension of the licensee.

(d) Pursuant to section 36-2604, subsection B, review prescription information collected pursuant to title 36, chapter 28, article 1.

C. At each regularly scheduled board meeting, the executive director shall provide to the board a list of the executive director's actions taken pursuant to subsection B, paragraph 18, subdivisions (a), (c) and (d) of this section since the last board meeting.

D. The board may issue nondisciplinary civil penalties or delegate to the executive director the authority to issue nondisciplinary civil penalties. The nondisciplinary civil penalties shall be prescribed by the board in rule and issued using a board-approved form. If a licensee or permittee fails to pay a nondisciplinary civil penalty that the board has imposed on it, the board shall hold a hearing on the matter. In addition to any other nondisciplinary civil penalty adopted by the board, either of the following acts or omissions that is not an imminent threat to the public health and safety is subject to a nondisciplinary civil penalty:

1. An occurrence of either of the following:

(a) Failing to submit a remodel application before remodeling a permitted facility.

(b) Failing to notify the board of the relocation of a business.

2. The occurrence of any of the following violations or any of the violations adopted by the board in rule, with three or more violations being presented to the board as a complaint:

(a) The licensee or permittee fails to update the licensee's or permittee's online profile within ten days after a change in contact information, address, telephone number or email address.

(b) The licensee fails to update the licensee's online profile within ten days after a change in employment.

(c) The licensee fails to complete the required continuing education for a license renewal.

(d) The licensee fails to update the licensee's online profile to reflect a new pharmacist in charge within fourteen days after the position change.

(e) The permittee fails to update the permittee's online profile to reflect a new designated representative within ten days after the position change.

(f) The licensee or permittee fails to notify the board of a new criminal charge, arrest or conviction against the licensee or permittee in this state or any other jurisdiction.

(g) The licensee or permittee fails to notify the board of a disciplinary action taken against the licensee or permittee by another regulating agency in this state or any other jurisdiction.

(h) A licensee or permittee fails to renew a license or permit within sixty days after the license or permit expires. If more than sixty days have lapsed after the expiration of a license or permit, the licensee or permittee shall appear before the board.

(i) A new pharmacist in charge fails to conduct a controlled substance inventory within ten days after starting the position.

(j) A person fails to obtain a permit before shipping into this state anything that requires a permit pursuant to this chapter.

(k) Any other violations of statute or rule that the board or the board's designee deems appropriate for a nondisciplinary civil penalty.

E. The board shall develop substantive policy statements pursuant to section 41-1091 for each specific licensing and regulatory authority the board delegates to the executive director.

F. The executive director and other personnel or agents of the board are not subject to civil liability for any act done or proceeding undertaken or performed in good faith and in furtherance of the purposes of this chapter.

32-1930. Types of permits; restrictions on permits; discontinuance of pharmacy permit

A. On application, the board may issue the following classes or kinds of permits:

1. If approved by the board, a pharmacy, limited service pharmacy, automated prescription-dispensing kiosk, full service wholesale drug, third-party logistics provider, nonprescription drug wholesale and drug manufacturer's permit.

2. Drug packager or drug prepackager permit to an individual or establishment that is currently listed by the United States food and drug administration and has met the requirements of that agency to purchase, repackage, relabel or otherwise alter the manufacturer's original package of an approved drug product with the intent of reselling these items to persons or businesses authorized to possess or resell the repackaged, prepackaged or relabeled drug.

3. A durable medical equipment distributor and compressed medical gas distributor permit and a durable medical equipment supplier and compressed medical gas supplier permit.

B. The board shall deny or revoke a pharmacy permit if a medical practitioner receives compensation, either directly or indirectly, from a pharmacy as a result of the practitioner's prescription orders. This does not include compensation to a medical practitioner who is the owner of a building where space is leased to a pharmacy at the prevailing rate, not resulting in a rebate to the medical practitioner.

C. If a pharmacy permanently discontinues operation, the permittee shall immediately surrender the permit to the executive director. The permittee shall remove all drug signs and symbols, either within or without the premises, and shall remove or destroy all drugs, devices, poisons and hazardous substances.

D. An automated prescription-dispensing kiosk may not contain or dispense a controlled substance as defined in section 36-2501 and the controlled substances act (P.L. 91-513; 84 Stat. 1242; 21 United States Code section 802).

## 32-1931. Permit fees; issuance; expiration; renewals; online profiles

A. The board shall assign the permit of all persons or firms issued under this chapter to one of two permit renewal groups. Except as provided in section 32-4301, a holder of a permit designated in the licensing database as even by way of verbiage or numerical value shall renew it biennially on or before November 1 of the even-numbered year, two years after the last renewal date. Except as provided in section 32-4301, a holder of a permit designated in the licensing database as odd by way of verbiage or numerical value shall renew it biennially on or before November 1 of the odd-numbered year, two years after the last renewal date. Failure to renew and pay all required fees on or before November 1 of the year in which the renewal is due suspends the permit. The board shall vacate a suspension when the permittee pays penalties of not to exceed $350 and all past due fees. The board may waive collection of a fee or penalty due after suspension under conditions established by a majority of the board.

B. Permit fees that are designated to be not more than a maximum amount shall be set by the board for the following two fiscal years beginning November 1. The board shall establish the fees approximately proportionate to the maximum fee allowed to cover the board's anticipated expenditures for the following two fiscal years. Variation in a fee is not effective except at the expiration date of the permit.

C. Applications for permits shall be accompanied by the following biennial fees as determined pursuant to subsection B of this section:

1. A drug manufacturer's permit, not more than $1,000.

2. A pharmacy permit, not more than $500.

3. A limited service pharmacy permit or an automated prescription-dispensing kiosk permit, not more than $500.

4. A full service wholesale drug permit or a third-party logistics provider permit, not more than $1,000.

5. A nonprescription drug wholesale permit, not more than $500.

6. A drug repackager's permit, not more than $1,000.

7. A durable medical equipment distributor and compressed medical gas distributor permit, not more than $200.

8. A durable medical equipment supplier and compressed medical gas supplier permit, not more than $100.

D. If an applicant is found to be satisfactory to the board, the executive director shall issue to the applicant a permit for each pharmacy, manufacturer, wholesaler or other place of business in which drugs are sold, manufactured, compounded, dispensed, stocked, exposed or offered for sale, for which application is made.

E. Permits issued under this section are not transferable.

F. If a permittee does not apply for renewal, the permit expires pursuant to subsection A of this section. A person may activate and renew an expired permit by filing the required application and fee. Renewal thirty days after the expiration date of a permit may be made only on payment of the required biennial renewal fee, all past due fees and a penalty of one-half of the amount of the applicable biennial renewal fee. The board may waive the collection of a fee or penalty due after suspension pursuant to conditions prescribed by the board.

G. A permittee shall create an online profile using the board's licensing software.

**BOARD OF PSYCHOLOGIST EXAMINERS**
Title 4, Chapter 26, Article 2

**Amend:** R4-26-407

# GOVERNOR'S REGULATORY REVIEW COUNCIL

## ATTORNEY MEMORANDUM - REGULAR RULEMAKING

---

**MEETING DATE: July 1, 2025**

**TO:** Members of the Governor's Regulatory Review Council (Council)

**FROM:** Council Staff

**DATE:** June 10, 2025

**SUBJECT:** **BOARD OF PSYCHOLOGIST EXAMINERS**
Title 4, Chapter 26, Article 2

**Amend:** R4-26-207

---

**Summary:**

This regular rulemaking from the Board of Psychologist Examiners (Board) seeks to amend one (1) rule in Title 4, Chapter 26, Article 2 regarding Licensure. Specifically, the Board is adding a continuing education requirement regarding completion of the Board's four-hour online jurisprudence education tool. The Board determined this requirement is necessary to ensure licensees practice in adherence to Arizona law and to assist licensees to avoid complaint allegations of unlawful or unethical practice and the associated consequences (e.g. legal expenses, risk management cost increases, denial of insurance credentials, cancellation of service contracts, loss of practice opportunities, etc.).

The Board indicates, the rule change does not increase the number of hours of continuing education required. Rather, it simply redirects four hours of currently required continuing education.

The vendor with which the Board has contracted to prepare and administer the online jurisprudence educational tool charges $40 to each participant. This amounts to $10 per hour of continuing education credit awarded for its completion. By comparison, a continuing education

course presenting similar content that is offered only once annually in Arizona by the Arizona Psychological Association costs $99 or $24.75 per hour of continuing education credit.

The Board indicates the Executive Director of the Arizona Board of Behavioral Health Examiners reports that a similar requirement for its licensees reduced certain types of complaints, and licensees have provided feedback that it effectively raises their compliance awareness. The Executive Director of the Missouri Board of Psychologist Examiners also reports that a similar requirement for Missouri psychologists has reduced the number of complaints received by that Board.

**1. Are the rules legal, consistent with legislative intent, and within the agency's statutory authority?**

The Board cites both general and specific statutory authority for these rules.

**2. Do the rules establish a new fee or contain a fee increase?**

This rulemaking does not establish a new fee or contain a fee increase.

**3. Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?**

The Board indicates it did not review any study relevant to this rulemaking.

**4. Summary of the agency's economic impact analysis:**

The Board believes that this rule amendment's economic impact will be positive for both licensees and the Board. There are probable per-hour cost savings for licensees to utilize the four-hour online jurisprudence education tool rather than attend a similar in-person continuing education course for the same amount of time. Additionally, this rule change may help licensees and the Board avoid complaint allegations of unlawful or unethical practice, and their associated costs.

**5. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

According to the Board, because the rulemaking is neither intrusive nor costly, the Board did not consider alternative methods.

In amending this rule the Board is not requiring additional continuing education hours beyond the existing requirements of 40 hours biennially but is instead requiring that four of the 40 hours be completed through an online jurisprudence education tool that is believed to be more cost effective for a licensee than an in-person alternative. Furthermore, the Board believes that knowledge from this online course may increase the likelihood that licensees practice in a manner consistent with the statutes and rules and thus avoid complaints.

**6. What are the economic impacts on stakeholders?**

Licensees and the Board will be directly affected by, bear the costs of, and directly benefit from this rulemaking. Per the Board, there are currently 2,199 licensed psychologists in Arizona. Each is required to obtain 40 hours of continuing education biennially.

The Board determined that the online education tool that will cost $40 for four hours of continuing education credit will be less expensive for licensees than a similar in-person $99 in-person continuing education course offered annually by the Arizona Psychological Association. Licensees will also be able to avoid travel costs and time away from patient care associated with the in-person course by participating in the online education tool at any time. Beyond the $40 the licensees must pay, the Board incurred the cost of rulemaking and will incur the cost to enforce, implement, and regularly update it.

According to the Board, there were 52 complaints filed against licensees alleging unprofessional, unlawful, or unethical practice. 40 that were forwarded to the full Board for review and hearing, and eight that resulted in either disciplinary action or non-disciplinary corrective action against the licensee. The approximate average cost of a complaint to process through to final disposition or adjudication is $3,000. The Arizona jurisprudence knowledge from this online course may help licensees avoid these complaints. Avoiding complaints and the costs associated with them benefits both licensees and the Board

**7. Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?**

The Board indicates there were no changes between the Notice of Proposed Rulemaking published in the Administrative Register on January 17, 2025 and the Notice of Final Rulemaking now before the Council for consideration.

**8. Does the agency adequately address the comments on the proposed rules and any supplemental proposals?**

The Board indicates it received no public comments related to this rulemaking.

**9. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

While the Board indicates psychologists are required to be licensed and obtain continuing education during each license period, the rule amended in this rulemaking does not require a permit. As such, the requirements in A.R.S. § 41-1037 are not applicable.

**10. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Board indicates there is no corresponding federal law.

**11. Conclusion**

This regular rulemaking from the Board seeks to amend one (1) rule in Title 4, Chapter 26, Article 2 regarding Licensure. Specifically, the Board is adding a continuing education requirement regarding completion of the Board's four-hour online jurisprudence education tool. The Board indicates, the rule change does not increase the number of hours of continuing education required. Rather, it simply redirects four hours of currently required continuing education.

The Board is seeking the standard 60-day delayed effective date pursuant to A.R.S. § 41-1032(A).

Council staff recommends approval of this rulemaking.

KATIE HOBBS
Governor

HEIDI HERBST PAAKKONEN
Executive Director

April 29, 2025

Ms. Jessica Klein, Chair
The Governor's Regulatory Review Council
100 North 15th Avenue, Ste. 305
Phoenix, AZ 85007

**Re: A.A.C. Title 4. Professions and Occupations; Chapter 26. Board of Psychologist Examiners**

Dear Ms. Klein:

The attached final rule package is submitted for review and approval by the Council. The following information is provided for Council's use in reviewing the rule package:

A. Close of record date: The rulemaking record was closed on February 28, 2025, following a period for public comment and an oral proceeding. This rule package is being submitted within the 120 days provided by A.R.S. § 41-1024(B).

B. Relation of the rulemaking to a five-year-review report: The rulemaking does not relate to a 5YRR.

C. New fee: The rulemaking does not establish a new fee.

D. Fee increase: The rulemaking does not increase an existing fee.

E. Immediate effective date: An immediate effective date is not requested.

F. Certification regarding studies: I certify that the preamble accurately discloses the Board did not review any studies in its evaluation of or justification for the rule in this rulemaking.

G. Certification that the preparer of the EIS notified the JLBC of the number of new full-time employees necessary to implement and enforce the rule: I certify that the rule in this rulemaking will not require a state agency to employ a new full-time employee. No notification was provided to JLBC.

H. List of documents enclosed:
   1. Cover letter signed by the Executive Director;
   2. Notice of Final Rulemaking including the preamble, table of contents, and rule text;
   3. Economic, Small Business, and Consumer Impact Statement;

Regards,

Heidi Herbst Paakkonen

Heidi Herbst Paakkonen, MPA
Executive Director

**PREAMBLE**

**1. Permission to proceed with this final rulemaking was granted under A.R.S. § 41-1039(B) by the governor on:**

April 21, 2025

| **2. Article, Part, or Section Affected (as applicable)** | **Rulemaking Action** |
|---|---|
| R4-26-207 | Amend |

**3. Citations to the agency's statutory rulemaking authority to include the authorizing statute (general) and the implementing statute (specific):**

Authorizing statute: A.R.S. § 32-2063(A)(9)

Implementing statute: A.R.S. § 32-2074

**4. The effective date of the rule:**

This rule will become effective 60 days after a certified original is filed in the Office of the Secretary of State under A.R.S. § 41-1032(A). The effective date is (to be filled in by *Register* editor).

**a. If the agency selected a date earlier than the 60-day effective date as specified in A.R.S. § 41-1032(A), include the earlier date and state the reason the agency selected the earlier effective date as provided in A.R.S. § 41-1032(A)(1) through (5):**

Not applicable

**b. If the agency selected a date later than the 60-day effective date as specified in A.R.S. § 41-1032(A), include the later date and state the reason the agency selected the later effective date as provided in A.R.S. § 41-1032(B):**

Not applicable

**5. Citations to all related notices published in the *Register* as specified in R1-1-409(A) that pertain to the current record of the final rule:**

Notice of Rulemaking Docket Opening: 31 A.A.R. 278, Issue Date: January 17, 2025, Issue Number: 3, File number: R24-308

Notice of Proposed Rulemaking: 31 A.A.R. 149, Issue Date: January 17, 2025, Issue Number: 3, File number: R24-304

**6. The agency's contact person who can answer questions about the rulemaking:**

Name: Heidi Herbst Paakkonen
Title: Executive Director
Address: 1740 W. Adams Street, Suite 2430, Phoenix, AZ 85007
Telephone: (602) 542-8162
Fax: (602) 542-8279
Email: Heidi.Paakkonen@psychboard.az.us
Website: psychboard.az.gov

**7. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

The Board is adding a continuing education requirement regarding completion of the Board's four-hour online jurisprudence education tool. The Board determined this requirement is necessary to ensure licensees practice in adherence to Arizona law and to assist licensees to avoid complaint allegations of unlawful or unethical practice and the associated consequences (e.g. legal expenses, risk management cost increases, denial of insurance credentials, cancellation of service contracts, loss of practice opportunities, etc.). The Executive Director of the Arizona Board of Behavioral Health examiners reports that a similar requirement for its licensees reduced certain types of complaints, and licensees have provided feedback that it effectively raises their compliance awareness. The Executive Director of the Missouri Board of Psychologist Examiners reports that a similar requirement for Missouri psychologists has reduced the number of complaints received by that Board.

The rule change does not increase the number of hours of continuing education required. Rather, it simply redirects four hours of currently required continuing education. The vendor with which the Board has contracted to prepare and administer the online jurisprudence educational tool charges $40 to each participant. This amounts to $10 per hour of

continuing education credit awarded for its completion. By comparison, a continuing education course presenting similar content that is offered only once annually in Arizona by the Arizona Psychological Association costs $99 or $24.75 per hour of continuing education credit. For many Arizona psychologists, travel costs are incurred to attend this annual course and all participants in the annual course must take time away from patient care to attend.

The Board's online jurisprudence education tool, which has been developed but not yet made available, will be accessed on demand and completed at the convenience of the psychologist's schedule without the need to incur travel costs or take time from patient care, and at the lowest cost identified by the Board's research. Psychologists will be encouraged to complete the online jurisprudence education tool with peers and colleagues to benefit from professional engagement opportunities that research finds enhances professional competence. There is no examination required to complete the online jurisprudence education tool.

**8. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

Not applicable

**9. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable

**10. A summary of the economic, small business, and consumer impact:**

The Board believes the economic impact of the rulemaking will be positive for licensees and the Board. Licensees will likely find the four-hour online jurisprudence education tool is less expensive than four hours of other continuing education and the online education tool is more convenient and avoids travel costs and time away from patient care. Licensees may also find that knowledge of Arizona jurisprudence helps them avoid complaint allegations of unlawful or unethical practice. Avoidance of complaint allegations is also beneficial to the Board.

**11. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:**

Not applicable

**12. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:**

Not applicable

**13. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:**

Not applicable

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

Psychologists are required to be licensed and obtain continuing education during each license period. However, the rule amended in this rulemaking does not require a permit.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**

No federal law is directly applicable to the subject matter of this rulemaking.

**c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**

Not applicable

**14. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:**

Not applicable

**15. Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the *Register* as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:**

Not applicable

**16. The full text of the rules follows:**

**TITLE 4. PROFESSIONS AND OCCUPATIONS**

**CHAPTER 26. BOARD OF PSYCHOLGIST EXAMINERS**
**ARTICLE 2. LICENSURE**

**Section**

**ARTICLE 2. LICENSURE**

**R4-26-207. Continuing Education**

**A.** A licensee shall complete at least 40 hours of continuing education during each license period. Unless specified otherwise, one clock hour of instruction, training, or making a presentation equals one hour of continuing education.

**B.** A licensee shall ensure the continuing education hours obtained include:
1. ~~at~~ At least four hours in professional ethics, and
2. Completion of the Board's four-hour online jurisprudence education tool.

**C.** During the license period in which an individual is initially licensed, the Board shall pro-rate the number of continuing education hours, including a pro-rated number of hours addressing ethics, that the new licensee must complete during the initial license period. To calculate the number of continuing education hours that a new licensee must obtain, the Board shall divide the 40 hours of continuing education required in a license period by 24 and multiply the quotient by the number of whole months from the date of initial licensure until the end of the license period. During the first license period, for every six months from the month of license issuance to the end of the license period, the Board shall require one hour of continuing education in ethics.

**D.** If the standards in subsection (F) are met, the Board shall accept the following for continuing education hours.
1. Post-doctoral study sponsored by a university or college that is regionally accredited under A.R.S. § 32-2071(A)(1) and provides a graduate-level degree program;
2. A course, seminar, workshop, or home study for which a certificate of attendance or completion is provided;
3. A continuing education program offered by a national, international, regional, or state association, society, board, or continuing education provider;
4. Teaching a graduate-level course in applied psychology at a university or college that is regionally accredited under A.R.S. § 32-2071(A)(1). A licensee who teaches a graduate-level course in applied psychology receives the same number of continuing education hours as number of classroom hours for those who take the graduate-level course;
5. Organizing and presenting a continuing education activity. A licensee who organizes and presents a continuing education activity receives the same number of continuing education hours as those who attend the continuing education activity;
6. Serving as a complaint consultant. During a license period, a licensee who serves as a Board complaint consultant to review Board complaints and provides written reports to the Board or provides expert testimony on behalf of the Board may receive continuing education hours equal to the actual number of hours served as a complaint consultant to a maximum of 20 hours. A licensee who is paid by the Board for services rendered shall not receive continuing education credit for the time or services for which payment was made;
7. The Board shall allow a maximum of 10 continuing education hours for each of the following during a license period:
   a. Attending a Board meeting or serving as a member of the Board. A licensee receives up to six continuing education hours in professional ethics for attending both morning and afternoon sessions of a Board meeting and three continuing education hours for attending either the morning or afternoon session or at least four hours of a Board meeting. A licensee shall complete documentation provided by the Board at the time the licensee attends a Board meeting;
   b. Having an authored or co-authored psychology book, psychology book chapter, or article in a peer-reviewed psychology journal published. A licensee who has an authored or co-authored psychology book, psychology book chapter, or article in a peer-reviewed psychology journal published receives 10 continuing education hours in the year of publication;
   c. Participating in a study group for professional growth and development as a psychologist. A licensee receives one hour of continuing education for each hour of participation to a maximum of 10 continuing education hours for participating in a study group. The Board shall allow continuing education hours for participating in a study group only if the licensee maintains the documentation required under subsection (G)(5);
   d. Presenting a symposium or paper at a state, regional, national, or international psychology meeting. A licensee who presents a symposium or paper receives the same number of continuing education hours as hours of the session, as published in the agenda of the meeting, at which the symposium or paper is presented to a maximum of 10 continuing education hours;
   e. Presenting a poster during a poster session at a state, regional, national, or international psychology meeting. A licensee who presents a poster receives an hour of continuing education for each hour the licensee is physically

present with the poster during the poster session, as published in the agenda of the meeting, to a maximum of 10 continuing education hours; and

f. Serving as an elected officer of an international, national, regional, or state psychological association or society. A licensee who serves as an elected officer may receive continuing education hours equal to the actual number of hours served to a maximum of 10 continuing education hours.

**E.** The Board shall not allow continuing education credit more than once in a license period for:

1. Teaching the same graduate-level course,
2. Organizing and presenting a continuing education activity on the same topic or content area, or
3. Presenting the same symposium or paper at a state, regional, national, or international psychology meeting.

**F.** Standards for continuing education. To be acceptable for continuing education credit, an activity identified in subsections (D)(1) through (4) shall:

1. Focus on the practice of psychology, as defined at A.R.S. § 32-2061, for at least 75 percent of the program hours; and
2. Be taught by an instructor who is readily identifiable as competent in the subject of the continuing education by having an advanced degree, teaching experience, work history, published professional articles, or previously presented continuing education on the same subject.

**G.** The Board shall accept the following documents as evidence of completion of continuing education hours:

1. A certificate of attendance or completion;
2. Statement signed by the provider verifying participation in the activity;
3. Copy of transcript of course completed under subsection (D)(1);
4. Documents indicating a licensee's participation as an elected officer or appointed member as specified in subsection (D)(7)(f); or
5. An attestation signed by all participants of a study group under subsection (D)(7)(c) that includes a description of the activity, subject covered, dates, and number of hours.

**H.** A licensee shall maintain the documents listed in subsection (G) through the license period following the license period in which the documents were obtained.

**I.** The Board may audit a licensee's compliance with continuing education requirements. The Board may deny renewal or take other disciplinary action against a licensee who fails to obtain or document required continuing education hours. The Board may discipline a licensee who commits fraud, deceit, or misrepresentation regarding continuing education hours.

**J.** A licensee who cannot meet the continuing education requirement for good cause may seek an extension of time to complete the continuing education requirement by submitting a written request to the Board with the timely submission of the renewal application required under R4-26-205.

1. Good cause includes but is not limited to illness or injury of the licensee or a close family member, death of a close family member, birth or adoption of a child, military service, relocation, natural disaster, financial hardship, or residence in a foreign country for at least 12 months of the license period.
2. The Board shall not grant an extension longer than one year.
3. A licensee who cannot complete the continuing education requirement within the extension may apply to the Board for inactive license status under A.R.S. § 32-2073 (G).

**K.** No continuing education hours may be carried over to the next licensing period.

**L.** The Board shall not accept for continuing education hours a course, workshop, seminar, or symposium designed to increase income or office efficiency.

**ECONOMIC, SMALL BUSINESS, AND CONSUMER IMPACT STATEMENT**[1]

**TITLE 4. PROFESSIONS AND OCCUPATIONS**

**CHAPTER 26. BOARD OF PSYCHOLOGIST EXAMINERS**

1. Identification of the rulemaking:

The Board is adding a continuing education requirement regarding completion of the Board's four-hour online jurisprudence education tool. The Board determined this requirement is necessary to ensure licensees practice in adherence to Arizona law and to assist licensees to avoid complaint allegations of unlawful or unethical practice and the associated consequences (e.g. legal expenses, risk management cost increases, denial of insurance credentials, cancellation of service contracts, loss of practice opportunities, etc.). The Executive Director of the Arizona Board of Behavioral Health examiners reports that a similar requirement for its licensees reduced certain types of complaints and licensees have provided feedback that it effectively raises their compliance awareness. The Executive Director of the Missouri Board of Psychologist Examiners reports a similar requirement for Missouri psychologists has reduced the number of complaints received by that Board.

The rule change does not increase the number of hours of continuing education required. Rather, it simply redirects four hours of currently required continuing education. The vendor with which the Board has contracted to prepare and administer the online jurisprudence educational tool charges $40 to each participant. This amounts to $10 per hour of continuing education credit awarded for its completion. By comparison, a continuing education course presenting similar content that is offered only once annually in Arizona by the Arizona Psychological Association costs $99 or $24.75 per hour of continuing education credit. For many Arizona psychologists, travel costs are incurred to attend this annual course and all participants in the annual course must take time away from patient care to attend.

The Board's online jurisprudence education tool, which has been developed but not yet made available, will be accessed on demand and completed at the convenience of the psychologist's schedule without the need to incur travel costs or take time from patient care, and at the lowest cost identified by the Board's research. Psychologists will be encouraged to complete the online jurisprudence education tool with peers and colleagues to benefit from professional engagement opportunities that research finds enhances professional competence. There is no examination required to complete the online jurisprudence education tool.

The conduct and its frequency of occurrence that the rule is designed to change:

Until the rulemaking is completed, the Board will not be providing an opportunity for licensees to increase knowledge of the statutes and rules governing the practice of psychology and increase the possibility of avoiding a complaint alleging unlawful or unethical practice. Although the Board's four-hour online jurisprudence education tool does not guarantee a

[1] If adequate data are not reasonably available, the agency shall explain the limitations of the data, the methods used in an attempt to obtain the data, and characterize the probable impacts in qualitative terms. (A.R.S. § 41-1055(C)).

licensee will always practice in a manner consistent with statutes and rules and avoid a complaint, the Board believes the tool will increase the likelihood of this result.

a. The harm resulting from the conduct the rule is designed to change and the likelihood it will continue to occur if the rule is not changed:

When a licensee practices in a manner inconsistent with statutes and rules, harm is caused to public health and safety and to the licensee who may be the subject of a complaint.

b. The estimated change in frequency of the targeted conduct expected from the rule change:

The Board believes participating in the four-hour online jurisprudence education tool will increase the likelihood that licensees practice in a manner consistent with statutes and rules.

2. A brief summary of the information included in the economic, small business, and consumer impact statement;

The Board believes the economic impact of the rulemaking will be positive for licensees and the Board. Licensees will likely find the four-hour online jurisprudence education tool is less expensive than four hours of in-person continuing education. Licensees may also find that knowledge of Arizona jurisprudence helps them avoid complaint allegations of unlawful or unethical practice. Avoidance of complaint allegations is also beneficial to the Board.

3. The person to contact to submit or request additional data on the information included in the economic, small business, and consumer impact statement:

Name: Heidi Herbst Paakkonen
Title: Executive Director
Address: 1740 W. Adams Street, Suite 2530, Phoenix, AZ 85007
Telephone: (602) 542-8162
Email: Heidi.paakkonen@pyschboard.az.us
Website: psychoboard.az.gov

4. Persons who will be directly affected by, bear the costs of, or directly benefit from the rulemaking:

Licensees and the Board will be directly affected by, bear the costs of, and directly benefit from this rulemaking.

There are currently 2,199 licensed psychologists in Arizona. Each is required to obtain 40 hours of continuing education biennially. In this rulemaking, the Board's four-hour online

jurisprudence education tool is required to be four of the 40 biennial hours of continuing education. The Board determined the online education tool, which will cost $40 for four hours of continuing education credit, will be less expensive for licensees than the similar $99 in-person continuing education course offered annually by the Arizona Psychological Association. Additionally, licensees will be able to participate in the online education tool at any time so they will be able to avoid the travel costs and time away from patient care associated with completing in-person continuing education.

During the last year, 52 complaints were filed against licensees alleging unprofessional, unlawful, or unethical practice. Of these complaints, 40 were forwarded by the Board's screening committee of members to the full Board for review and hearing. Eight resulted in either disciplinary action or non-disciplinary corrective action against the licensee. The Board believes that participating in the online jurisprudence education tool biennially may reduce the number of complaints against licensees and the associated consequences. Additionally, on average each complaint costs the Board approximately $3,000 to process through to final disposition or adjudication.

The Board incurred the cost of this rulemaking and will incur the cost to implement and enforce it. The Board also incurred the cost of having the four-hour online jurisprudence education tool developed and will incur the cost of ensuring the tool is updated regularly. The Board will have the benefit of assisting licensees to increase their knowledge of jurisprudence and possibly circumvent complaints. Avoiding complaints is economically beneficial to both licensees and the Board.

5. Cost-benefit analysis:
    a. Costs and benefits to state agencies directly affected by the rulemaking including the number of new full-time employees at the implementing agency required to implement and enforce the proposed rule:
    The Board is the only state agency directly affected by the rulemaking. Its costs and benefits are listed in item 4.
    b. Costs and benefits to political subdivisions directly affected by the rulemaking:
    No political subdivision is directly affected by the rulemaking.
    c. Costs and benefits to businesses directly affected by the rulemaking:
    Psychologists are business directly affected by the rulemaking. Their costs and benefits are listed in item 4.

6. Impact on private and public employment:

   The Board expects the rulemaking will have no impact on private or public employment.

7. Impact on small businesses[2]:

   a. Identification of the small business subject to the rulemaking:

      Some psychologists operate small businesses subject to the rulemaking.

   b. Administrative and other costs required for compliance with the rulemaking:

      Psychologists will have to redirect four of the 40 hours of continuing education required biennially. They will have to pay the $40 charge to participate in the online education tool that would otherwise be spent to complete different continuing education activities.

   c. Description of methods that may be used to reduce the impact on small businesses:

      As indicated in item 4, participating in the online jurisprudence education tool will be less expensive and easier for licensees than participating in an in-person jurisprudence continuing education course.

      i. Establish less costly or less stringent compliance or reporting requirements:

         Licensees are required to maintain records of compliance with the continuing education requirement for use at license renewal. This rulemaking does not add a compliance or reporting requirement.

      ii. Establish less costly schedules or less stringent deadlines for compliance:

         Licensees are required to obtain 40 hours of continuing education biennially. This rulemaking, which simply redirects four of the 40 hours, does not change that.

      iii. Consolidate or simplify compliance or reporting requirements:

         The compliance and reporting requirements for all continuing education remains unchanged.

      iv. Establish separate performance standards:

         There is no performance standard in this rulemaking. Indeed, there is no examination required for the four-hour online jurisprudence education tool.

      v. Exempt small businesses from any or all requirements:

         All licensees are required to obtain 40 hours of continuing education biennially. This rulemaking simply redirects four of those hours. Because most licensees are small businesses, it is not possible to exempt them from the jurisprudence requirement and accomplish the goal of the rulemaking.

[2] Small business has the meaning specified in A.R.S. § 41-1001(23).

8. Cost and benefit to private persons and consumers who are directly affected by the rulemaking:

   No private person or consumer is directly affected by the rulemaking.

9. Probable effects on state revenues:

   None

10. Less intrusive or less costly alternative methods considered:

    Because the rulemaking is neither intrusive nor costly, the Board did not consider alternative methods.

Former Section R4-26-120 renumbered to R4-26-305 effective July 27, 1979 (Supp. 79-4).

**R4-26-155. Renumbered**

**Historical Note**

Former Section R4-26-120 renumbered to R4-26-306 effective July 27, 1979 (Supp. 79-4).

**R4-26-156. Renumbered**

**Historical Note**

Former Section R4-26-120 renumbered to R4-26-307 effective July 27, 1979 (Supp. 79-4).

**R4-26-157. Renumbered**

**Historical Note**

Former Section R4-26-120 renumbered to R4-26-201 effective July 27, 1979 (Supp. 79-4).

## ARTICLE 2. LICENSURE

**R4-26-201. Application Deadline**

**A.** The Board shall consider a license application at the Board's next scheduled meeting if an administratively complete application packet is received by the Board office at least 18 days before the date of the meeting.

**B.** The Board shall consider a license application that is received fewer than 18 days before a scheduled meeting at a subsequent meeting.

**Historical Note**

Adopted effective July 27, 1979 (Supp. 79-4). Amended subsection (A) statute reference, effective June 30, 1981 (Supp. 81-3). Renumbered from R4-26-120 and amended effective July 3, 1991 (Supp. 91-3). Repealed effective March 3, 1995 (Supp. 95-1). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). New Section R4-26-201 renumbered from R4-26-108 and amended by final rulemaking at 6 A.A.R. 3297, effective August 7, 2000 (Supp. 00-3). Amended by final rulemaking at 9 A.A.R. 778, effective April 12, 2003 (Supp. 03-1). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 28 A.A.R. 3879 (December 23, 2022), effective January 29, 2023 (Supp. 22-4).

**R4-26-202. Doctorate**

**A.** The Board shall apply the following criteria to determine whether a doctoral program provided by an institution of higher education met the standards in A.R.S. § 32-2071(A)(2) at the time an applicant began the degree program:

1. The program is identified and labeled as a psychology program if there were institutional catalogues and brochures that specified the intent of the institution of higher education to educate and train psychologists;
2. The program stands as a recognized, coherent organizational entity if there was an organized sequence of courses comprising a psychology curriculum; and
3. The program has clearly identified entry and exit criteria within its psychology curriculum if there were specific prerequisites for entrance into the program and delineated requirements for graduation.

**B.** The Board shall verify that an applicant completed the hours in the subject areas described in A.R.S. § 32-2071(A)(4). For this purpose, the applicant shall have the institution of higher education that the applicant attended provide directly to the Board an official transcript of all courses taken and verification of the dissertation or similar project.

1. The Board may require additional documentation from the applicant or from the institution to determine whether the applicant satisfied the requirements of A.R.S. § 32-2071(A)(4).
2. The Board shall count five quarter hours or six trimester hours as the equivalent of three semester hours, as required under A.R.S. § 32-2071(A)(4). When an academic term is other than a semester, quarter, or trimester, 15 classroom contact hours equals one semester hour.

**C.** To determine whether a comprehensive examination taken by an applicant as part of a doctoral program in psychology satisfies the requirements of A.R.S. § 32-2071(A)(4), the Board shall review documentation provided directly to the Board by the institution of higher education that granted the doctoral degree, that demonstrates how the applicant's comprehensive examination was constructed, lists criteria for passing, and provides the information used to determine that the applicant passed.

**D.** The Board shall not accept as core program hours required under A.R.S. § 32-2071(A)(4) credit:

1. For workshops, practica, undergraduate courses, life experiences, continuing education courses, or experiential or correspondence courses;
2. Transferred from institutions that are not accredited under A.R.S. § 32-2071(A)(1); or
3. For seminars, readings courses, or independent study unless the applicant proves that the course was an in-depth study devoted to a particular core program content area by submitting one or more of the following:
   a. Course description in the official catalogue of the institution of higher education,
   b. Course syllabus, or
   c. Signed statement from a dean or psychology department head affirming that the course was an in-depth study devoted to a particular core program content area.

**E.** The Board shall count a course or comprehensive examination only once to satisfy a requirement of A.R.S. § 32-2071(A)(4).

**F.** An honorary doctorate degree does not qualify an applicant for licensure as a psychologist.

**Historical Note**

Adopted effective July 27, 1979 (Supp. 79-4). Amended effective June 17, 1981 (Supp. 81-3). Renumbered from R4-26-121 and amended effective July 3, 1991 (Supp. 91-3). Amended effective March 3, 1995 (Supp. 95-1). Corrections made to text; agency filed different versions of text in original and copies; corrections reflect the original version (Supp. 95-2). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). Amended by final rulemaking at 6 A.A.R. 3297, effective August 7, 2000 (Supp. 00-3). Amended by final rulemaking at 9 A.A.R. 778, effective April 12, 2003 (Supp. 03-1). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4).

**R4-26-203. Application for Initial License**

**A.** An individual who wishes to be licensed as a psychologist shall submit an application packet to the Board that includes an application form approved by the Board, which is available

from the Board office and on its website, with an attestation that is signed and dated by the applicant.

**B.** Additionally, an applicant shall submit:
1. An original, un-retouched, photograph of the applicant that is no larger than 1.5 X 2 inches and taken no more than 60 days before the date of application;
2. The results of a self-query from the National Practitioner Data Bank;
3. A copy of a valid fingerprint clearance card issued by the Department of Public Safety under A.R.S. Title 41, Chapter 12, Article 3.1 or evidence of application for a valid fingerprint clearance card;
4. As required under A.R.S. § 41-1080(A), the specified documentation of citizenship or alien status indicating the applicant's presence in the U.S. is authorized under federal law;
5. The Board's Mandatory Confidential Information form;
6. Name, position, and address of at least two individuals to serve as references who:
   a. Are psychologists licensed or certified to practice psychology in a United States or Canadian regulatory jurisdiction and who are not members of the Arizona Board of Psychologist Examiners;
   b. Are familiar with the applicant's work experience in the field of psychology or in a postdoctoral program within the three years immediately before the date of application. If more than three years have elapsed since the applicant last engaged in professional activities in the field of psychology or in a postdoctoral program, the references may pertain to the most recent three-year period in which the applicant engaged in professional activities in the field of psychology or in a postdoctoral program; and
   c. Recommend the applicant for licensure;
7. The fee required under R4-26-108; and
8. Any other information authorized by statute.

**C.** In addition to the requirements in subsections (A) and (B), an applicant shall arrange to have the following directly submitted to the Board:
1. An official transcript from each university or college from which the applicant attended a graduate program or received a graduate degree that contains the date the degree was conferred;
2. An official document from the degree-granting institution indicating that the applicant completed a residency that satisfies the requirements of A.R.S. § 32-2071(K);
3. For an applicant applying supervised preinternship hours toward licensure, an attestation submitted by the doctoral program training director, faculty supervisor, or other official of the doctoral-granting institution who is knowledgeable of the applicant's preinternship experience verifying that the applicant's preinternship experience meets the requirements of A.R.S. § 32-2071(D).
4. An attestation from the applicant's supervisor, if available, or a psychologist knowledgeable of the applicant's internship training program, verifying that the applicant's internship training program meets the requirements in A.R.S. § 32-2071(F). If the supervisor or knowledgeable psychologist is not available, the Board shall accept primary source verification received from the Association of State and Provincial Psychology Boards. In this subsection, "not available" means the supervisor or knowledgeable psychologist is deceased or all reasonable efforts to locate the supervisor or knowledgeable psychologist were unsuccessful;
5. For an applicant applying supervised postdoctoral experience toward licensure, an attestation from the applicant's postdoctoral supervisor, if available, or a psychologist knowledgeable of the applicant's postdoctoral experience verifying that the applicant's postdoctoral experience meets the requirements in A.R.S. § 32-2071(G). If the supervisor or knowledgeable psychologist is not available, the Board shall accept primary source verification received from the Association of State and Provincial Psychology Boards. In this subsection, "not available" means the supervisor or knowledgeable psychologist is deceased or all reasonable efforts to locate the supervisor or knowledgeable psychologist were unsuccessful;
6. Verification of all other psychology licenses or certificates ever held in any regulatory jurisdiction; and
7. An official notification of the applicant's score on the national examination. An applicant who passed the national examination in accordance with the standard established at A.R.S. § 32-2072(A), shall have the examination score sent directly to the Board by the Association of State and Provincial Psychology Boards or by the regulatory jurisdiction in which the applicant originally passed the examination.

**Historical Note**

Adopted effective July 27, 1979 (Supp. 79-4). Amended effective April 25, 1980 (Supp. 80-2). Amended Introductory paragraph statute reference, effective June 30, 1981 (Supp. 81-3). Renumbered from R4-26-122 and amended effective July 3, 1991 (Supp. 91-3). Former Section R4-26-203 repealed, new Section R4-26-203 renumbered from R4-26-204 and amended effective March 3, 1995 (Supp. 95-1). Corrections made to text; agency filed different versions of text in original and copies; corrections reflect the original version (Supp. 95-2). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 3297, effective August 7, 2000 (Supp. 00-3). Amended by final rulemaking at 9 A.A.R. 778, effective April 12, 2003 (Supp. 03-1). Amended by final rulemaking at 13 A.A.R. 1493, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 26 A.A.R. 1010, effective July 4, 2020 (Supp. 20-2). Amended by final rulemaking at 28 A.A.R. 3879 (December 23, 2022), effective January 29, 2023 (Supp. 22-4).

**R4-26-203.01. Application for Licensure by Credential**

**A.** An applicant for a psychologist license by credential under A.R.S. § 32-2071.01(D) shall submit an application packet to the Board that includes:
1. An application form approved by the Board, which is available from the Board office and on its website, with an attestation that is signed and dated by the applicant;
2. A copy of a valid fingerprint clearance card issued by the Department of Public Safety under A.R.S. Title 41, Chapter 12, Article 3.1 or evidence of application for a valid fingerprint clearance card;
3. As required under A.R.S. § 41-1080(A), the specified documentation of citizenship or alien status indicating the

applicant's presence in the U.S. is authorized under federal law;

4. Verification sent directly to the Board by the credentialing agency that the applicant:
   a. Holds a current Certificate of Professional Qualification in Psychology (CPQ) issued by the Association of State and Provincial Psychology Boards;
   b. Holds a current National Register of Health Service Providers in Psychology (NRHSPP) credential and has practiced psychology independently at the doctoral level for at least five years; or
   c. Is a diplomate or specialist of the American Board of Professional Psychology (ABPP); and
5. Verification of all other psychology licenses or certificates ever held in any jurisdiction.

**B.** An applicant for a psychologist license by credential based on a National Register of Health Service Providers in Psychology credential shall have notification that the applicant obtained a passing score on the national examination sent directly to the Board by the Association of State and Provincial Psychology Boards or by the regulatory jurisdiction in which the applicant originally passed the examination.

**C.** If the Board determines an application for licensure by credential requires clarification, the Board may require an applicant submit or cause the applicant's credentialing agency to submit directly to the Board any documentation including transcripts, course descriptions, catalogues, brochures, supervised experience verifications, examination scores, application for credential, or any other information deemed necessary by the Board.

**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 778, effective April 12, 2003 (Supp. 03-1). Amended by final rulemaking at 13 A.A.R. 1493, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 26 A.A.R. 1010, effective July 4, 2020 (Supp. 20-2). Amended by final rulemaking at 28 A.A.R. 3879 (December 23, 2022), effective January 29, 2023 (Supp. 22-4).

**R4-26-203.02. Application to Take National Examination before Completing Supervised Professional Experience Required for Licensure**

**A.** As provided under A.R.S. § 32-2072(C), an individual who has completed the education requirements specified in A.R.S. § 32-2071(A) but has not completed the supervised professional experience requirements specified in A.R.S. § 32-2071(D) may apply to the Board for approval to take the national examination.

**B.** To apply under subsection (A) for approval to take the national examination, an individual shall submit to the Board the application form and applicable documents required under R4-26-203(A) through (C) except the document required under R4-26-203(B)(3).

**C.** The Board shall administratively close an approved application to take the national examination when the Board receives the applicant's examination score. If necessary, an individual granted approval to take the national examination may request an extension under R4-26-204.

**D.** An individual whose application to take the national examination is approved may apply for an initial license under R4-26-203 after completing the supervised professional experience requirements specified in A.R.S. § 32-2071(D) as follows:

1. Within 36 months after the application to take the national examination submitted under subsection (B) was administratively closed under subsection (C), request that the Board re-open the application submitted under subsection (B); and
2. Submit the portions of the application packet required under R4-26-203 that were not submitted under subsection (B).

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 28 A.A.R. 3879 (December 23, 2022), effective January 29, 2023 (Supp. 22-4).

**R4-26-203.03. Reapplication for License; Applying Anew**

**A.** The following may reapply for a license:
1. An individual who failed the national examination required under A.R.S. § 32-2072 and R4-26-204 no more than three times, and
2. An individual whose application submitted under R4-26-203 or R4-26-203.01 was administratively closed by the Board under R4-26-208(H) less than one year before reapplication.

**B.** An individual identified in subsection (A) may ask the Board to base a licensing decision, in part, on applicable forms and documents previously submitted.

**C.** An individual eligible under subsection (B) to reapply for licensure shall:
1. Submit a reapplication form, which is available from the Board office and on its website, to the Board;
2. If previously submitted references were submitted more than 12 months before the date of reapplication, provide the names, positions, and addresses of at least two individuals to serve as references who:
   a. Are psychologists licensed or certified to practice psychology in a United States or Canadian regulatory jurisdiction and are not members of the Arizona Board of Psychologist Examiners;
   b. Are familiar with the applicant's work experience in the field of psychology or in a postdoctoral program within the three years immediately before the date of reapplication. If more than three years have elapsed since the applicant last engaged in professional activities in the field of psychology or in a postdoctoral program, the references may pertain to the most recent three-year period in which the applicant engaged in professional activities in the field of psychology or in a postdoctoral program; and
   c. Recommend the applicant for licensure;
3. List all professional employment since the date of the most recent application or reapplication including:
   a. Beginning and ending dates of employment,
   b. Number of hours worked per week,
   c. Name and address of employer,
   d. Position title,
   e. Nature of work, and
   f. Nature of supervision;
4. Submit the results of a self-query from the National Practitioner Data Bank;
5. Submit a copy of a valid fingerprint clearance card issued by the Department of Public Safety under A.R.S. Title 41, Chapter 12, Article 3.11 or evidence of application for a valid fingerprint clearance card; and
6. Pay the fee required under R4-26-108(A)(2).

**D.** The following shall apply anew for a license rather than reapplying:
1. An individual whose application submitted under R4-26-203 or R4-26-203.01 was denied by the Board,
2. An individual who was permitted by the Board to withdraw an application submitted under R4-26-203 or R4-26-203.01 before the Board acted on the application,
3. An individual whose application submitted under R4-26-203 or R4-26-203.01 was administratively closed by the Board under R4-26-208(H) more than one year before another application is submitted,
4. An individual whose license was revoked under A.R.S. § 32-2081(N)(1),
5. An individual whose license expired under A.R.S. § 32-2074,
6. An individual whose license was canceled under A.R.S. 32-2074, and
7. An individual who retired under A.R.S. § 32-2073(G).

**Historical Note**
New Section made by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 22 A.A.R. 3083, October 4, 2016 (Supp. 16-4). Amended by final rulemaking at 28 A.A.R. 3879 (December 23, 2022), effective January 29, 2023 (Supp. 22-4).

**R4-26-203.04. Temporary License under A.R.S. § 32-2073(B)**

**A.** To be eligible to be issued a temporary license under A.R.S. § 32-2073(B), an individual shall:
1. Have completed the educational requirements specified in A.R.S. § 32-2071(A) through (C);
2. Have completed 1,500 hours of supervised professional experience as described in A.R.S. § 32-2071(F); and
3. Be participating in a supervised postdoctoral professional experience as described in A.R.S. § 32-2071(G).

**B.** An applicant seeking a temporary license under A.R.S. § 32-2073(B), shall submit an application packet to the Board that includes:
1. The application form required under R4-26-203 and all information required under R4-26-203(B) and (C) except that specified in R4-26-203(C)(3), (5), and (7);
2. The written training plan required under A.R.S. § 32-2071(G)(7) from the entity at which the supervised postdoctoral professional experience is occurring that includes at least the following:
   a. Goal and content of each training experience,
   b. Expectations regarding the nature, quality, and quantity of work to be done by the supervisee during the supervised postdoctoral professional experience,
   c. Methods of evaluating the supervisee and the supervised postdoctoral professional experience,
   d. Total number of hours to be accrued during the supervised postdoctoral professional experience,
   e. Total number of face-to-face contact hours the supervisee is to have with clients or patients during the supervised postdoctoral professional experience,
   f. Total number of hours of supervision the supervisee is to receive during the supervised postdoctoral professional experience,
   g. Qualifications of all individuals who provide supervision during the supervised postdoctoral professional experience including documentation that each is qualified under the standards at A.R.S. § 32-2071(G),
   h. Acknowledgment that ethics training is included in the training experience; and
3. A written request for approval to take the national examination specified under A.R.S. § 32-2072, if applicable, using a form approved by the Board and available in the Board office and on its website.

**C.** An individual issued a temporary license under A.R.S. § 32-2073(B) shall practice psychology only under supervision. It is unprofessional conduct for the holder of a temporary license issued under A.R.S. § 32-2073(B) to practice psychology without supervision.

**D.** A temporary license issued under A.R.S. § 32-2073(B) is valid for 36 months and is not renewable. If the Board denies an active license under R4-26-203 to the holder of a temporary license issued under A.R.S. § 32-2073(B), the temporary license terminates at the time of license denial.

**E.** The holder of a temporary license issued under A.R.S. § 32-2073(B) shall:
1. Comply fully with all provisions of A.R.S. Title 32, Chapter 19.1, and this Chapter;
2. Not practice psychology outside the postdoctoral experience specified in the written training plan required under subsection (B)(2); and
3. Submit to the Board a proposed new training plan if the written training plan required under subsection (B)(2) is modified. The proposed new training plan shall be submitted within 10 days after the effective date of the modification.

**F.** The holder of a temporary license who was not previously approved to take the national examination may submit to the Board a written request for approval to take the national examination using a form approved by the Board and available in the Board office.

**Historical Note**
New Section made by final rulemaking at 22 A.A.R. 3083, October 4, 2016 (Supp. 16-4). Amended by final rulemaking at 28 A.A.R. 3879 (December 23, 2022), effective January 29, 2023 (Supp. 22-4).

**R4-26-204. Examinations**

**A.** General rules.
1. Under A.R.S. § 32-2072(C), an applicant who fails the national examination three times in any regulatory jurisdiction shall, before taking the national examination again, review the applicant's areas of deficiency and implement a program of study or practical experience designed to remedy the deficiencies. This remedial program may consist of any combination of course work, self-study, internship experience, and supervision.
2. An applicant required under subsection (A)(1) to implement a program of study or practical experience may apply anew for licensure. The applicant shall submit a new application packet, as described in R4-26-203, and include information about any actions proposed under subsection (A)(1).
3. The holder of a temporary license issued under A.R.S. § 32-2073(B) who:
   a. Fails the national examination three times and complies with subsection (A)(1) may submit to the Board a written request to retake the national examination using a form that is approved by the Board and available at the Board office and on its website; or

b. Fails to take the national examination within one year after the Board's authorization to do so shall submit a written request for approval to take the national examination using a form that is approved by the Board and available at the Board office and on its website.

4. Examination deadline. The Board shall administratively close the file of an applicant authorized by the Board to take an examination specified in subsection (B) or (C) who fails to take the examination within one year from the date of the Board's authorization.

5. Extension of examination deadline. An applicant or the holder of a temporary license issued under A.R.S. § 32-2073(B) may obtain an extension of the examination deadline specified in subsection (A)(3)(b) or (A)(4). To obtain an extension of the examination deadline, the applicant or temporary licensee shall submit a written request to the Board's Executive Director on or before the examination deadline. The Board shall grant the applicant or temporary licensee one extension of up to six months to take the examination. The applicant or temporary licensee may request additional extensions for good cause, which includes but is not limited to illness or injury of the licensee or a close family member, death of a close family member, birth or adoption of a child, military service, relocation, natural disaster, financial hardship, or residence in a foreign country for at least 12 months of the license period. The Board shall ensure that an extension is for no more than six months.

6. The Board shall deny or revoke a license, as applicable, if an applicant or temporary licensee commits any of the following acts with respect to a licensing examination specified under subsection (B) or (C):
   a. Violates the confidentiality of examination materials;
   b. Removes any examination materials from the examination room;
   c. Reproduces any portion of a licensing examination;
   d. Aids in the reproduction or reconstruction of any portion of a licensing examination;
   e. Pays or uses another person to take a licensing examination or to reconstruct any portion of the licensing examination;
   f. Obtains examination material, either before, during, or after an examination, for the purpose of instructing or preparing applicants for examinations;
   g. Sells, distributes, buys, receives, or has possession of any portion of a future, current, or previously administered licensing examination that is not authorized by the Board or its authorized agent for release to the public;
   h. Communicates with any other examinee during the administration of a licensing examination;
   i. Copies answers from another examinee or permits the copying of answers by another examinee;
   j. Possesses during the administration of a licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than material distributed during the examination; or
   k. Impersonates another examinee.

**B.** National examination. Under A.R.S. § 32-2072, the Board shall require that an applicant or temporary licensee take and pass the national examination. An applicant or temporary licensee authorized by the Board to take the national examination passes the examination by obtaining a score that equals or exceeds the passing score specified in A.R.S. § 32-2072(A). After the Board receives the examination results, the Board shall notify the applicant or temporary licensee in writing of the results.

**C.** Additional examination.

1. The Board shall require an applicant or temporary licensee to pass the national examination specified in subsection (B) before allowing the applicant or temporary licensee to take an additional examination.
2. Under A.R.S. § 32-2072(B), the Board may administer an additional examination to an applicant or temporary licensee to determine the adequacy of the applicant's or temporary licensee's knowledge and application of Arizona law. The additional examination may also cover the practice of psychology, ethical conduct, and psychological assessment and treatment practices.
   a. The Board shall review and approve the additional examination before administration;
   b. The additional examination may be developed and administered by the Board, a committee of the Board, consultants to the Board, or independent contractors; and
   c. Examiners and consultants to the Board shall execute a security acknowledgment form and agree to maintain examination security.

**Historical Note**

Adopted effective July 27, 1979 (Supp. 79-4). Amended Introductory paragraph statute reference, effective June 30, 1981 (Supp. 81-3). Renumbered from R4-26-123 and amended effective July 3, 1991 (Supp. 91-3). Former Section R4-26-204 renumbered to R4-26-203, new Section R4-26-204 renumbered from R4-26-205 and amended effective March 3, 1995 (Supp. 95-1). Corrections made to text; agency filed different versions of text in original and copies; corrections reflect the original version (Supp. 95-2). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). Amended by final rulemaking at 6 A.A.R. 3297, effective August 7, 2000 (Supp. 00-3). Amended by final rulemaking at 9 A.A.R. 778, effective April 12, 2003 (Supp. 03-1). Amended by final rulemaking at 10 A.A.R. 4743, effective January 1, 2005 (Supp. 04-4). Amended by final rulemaking at 13 A.A.R. 1493, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 28 A.A.R. 3879 (December 23, 2022), effective January 29, 2023 (Supp. 22-4).

**Appendix A. Repealed**

**Historical Note**

Adopted effective July 27, 1979 (Supp. 79-4). Amended subsections (A) and (B) statute references, effective June 30, 1981 (Supp. 81-3). Amended effective November 1, 1985 (Supp. 85-6). Renumbered from R4-26-124 and amended effective July 3, 1991 (Supp. 91-3). Renumbered from R4-26-205, Appendix A (Supp. 95-1). Appendix A repealed by final rulemaking at 9 A.A.R. 778, effective April 12, 2003 (Supp. 03-1).

**R4-26-205. Renewal of License**

**A.** A license issued by the Board, whether active or inactive, expires on the last day of a licensee's birth month during the licensee's renewal year.

**B.** The Board considers a license renewal application packet timely if submitted to the online renewal system on or before the last day of a licensee's birth month during the licensee's renewal year.

**C.** To renew a license, a licensee shall submit to the Board a renewal application form approved by the Board and available on its website, with an attestation that is signed and dated by the licensee.

**D.** Additionally, to renew a license, a licensee shall submit to the Board:
1. The license renewal fee required under R4-26-108;
2. A copy of a valid fingerprint clearance card issued by the Department of Public Safety under A.R.S. Title 41, Chapter 12, Article 3.1;
3. If the documentation previously submitted under R4-26-203(B)(3) was a limited form of work authorization issued by the federal government, evidence that the work authorization has not expired;
4. The following information about the continuing education completed during the previous license period:
   a. Title of the continuing education;
   b. Date completed;
   c. Sponsoring organization, publication, or educational institution;
   d. Number of hours in the continuing education; and
   e. Brief description of the continuing education; and
5. Any other information authorized by statute.

**E.** If a completed application is timely submitted under subsections (C) and (D), the licensee may continue to practice psychology under the active license until notified by the Board that the application for renewal has been approved or denied. If the Board denies license renewal, the licensee may continue to practice psychology until the last day for seeking review of the Board's decision or a later date fixed by a reviewing court.

**F.** Under A.R.S. § 32-2074 (C), the license of a licensee who fails to submit a renewal application, including the information about continuing education completed, on or before the last day of the licensee's birth month during the licensee's renewal year expires and the licensee shall immediately stop practicing psychology.

**G.** A psychologist whose license expires under subsection (F) may have the license reinstated by submitting the following to the Board within two months after the last day of the licensee's birth month during the licensee's renewal year:
1. The license renewal application required under subsection (C) and the documents required under subsections (D)(2) through (4); and
2. The license renewal and reinstatement fees required under R4-26-108.

**H.** A psychologist whose license expires under subsection (F) and who fails to have the license reinstated under subsection (G) may have the license reinstated by:
1. Complying with subsection (G) within one year after the last day of the licensee's birth month during the licensee's renewal year, and
2. Paying the fee for reinstatement of an active or inactive license as specified in R4-26-108.

**I.** A psychologist whose license expires under subsection (F) and who fails to have the license reinstated under subsection (G) or (H) may be licensed again only by complying with R4-26-203.

**J.** If the Board audits the continuing education records of a licensee and determines that some of the hours do not conform to the standards listed in R4-26-207, the Board shall disallow the non-conforming hours. If the remaining hours are less than the number required, the Board shall deem the licensee as failing to satisfy the continuing education requirements and provide notice of the disallowance to the licensee. The licensee has 90 days from the mailing date of the Board's notification of disallowance to complete the continuing education requirements for the past reporting period and shall provide the Board with an affidavit documenting completion. If the Board does not receive an affidavit within 90 days of the mailing date of notification of disallowance or the Board deems the affidavit insufficient, the Board may take disciplinary action under A.R.S. § 32-2081.

**Historical Note**

Adopted effective July 27, 1979 (Supp. 79-4). Amended subsections (A) and (B) statute references, effective June 30, 1981 (Supp. 81-3). Amended effective November 1, 1985 (Supp. 85-6). Renumbered from R4-26-124 and amended effective July 3, 1991 (Supp. 91-3). Former Section R4-26-205 renumbered to R4-26-204; new Section R4-26-205 renumbered from R4-26-206 and amended effective March 3, 1995 (Supp. 95-1). Corrections made to text; agency filed different versions of text in original and copies; corrections reflect the original version (Supp. 95-2). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). Amended by final rulemaking at 6 A.A.R. 3297, effective August 7, 2000 (Supp. 00-3). Amended by final rulemaking at 10 A.A.R. 4743, effective January 1, 2005 (Supp. 04-4). Amended by final rulemaking at 13 A.A.R. 1493, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 22 A.A.R. 3083, October 4, 2016 (Supp. 16-4). Amended by final rulemaking at 26 A.A.R. 1010, effective July 4, 2020 (Supp. 20-2). Amended by final rulemaking at 28 A.A.R. 3879 (December 23, 2022), effective January 29, 2023 (Supp. 22-4).

**R4-26-206. Reinstatement of License from Inactive to Active Status; Cancellation of License**

**A.** Except as provided in subsection (C), when considering reinstatement of a psychologist from inactive to active status, the Board shall presume that the psychologist has maintained and updated the psychologist's professional knowledge and capability to practice as a psychologist if the psychologist presents to the Board documentation of completion of a prorated amount of continuing education, calculated under subsection (B).

**B.** A psychologist who is on inactive status for at least two years may reinstate the license to active status by presenting to the Board:
1. A copy of a valid fingerprint clearance card issued by the Department of Public Safety under A.R.S. Title 41, Chapter 12, Article 3.1;
2. If the documentation previously submitted under R4-26-203(B)(3) was a limited form of work authorization issued by the federal government, evidence that the work authorization has not expired; and

3. Documentation of completion of at least 40 hours of continuing education that meets the standards in R4-26-207. A psychologist who is on inactive status for less than two years may reinstate the license to active status by presenting to the Board documentation of completion of a prorated amount of continuing education. To calculate the prorated amount of continuing education hours required, the Board shall multiply 1.67 by the number of months from the date of inactive status until the date the application for reinstatement is received by the Board. For every six months of inactive status, the Board shall require one hour of continuing education in ethics.

**C.** A psychologist may request that the Board cancel the psychologist's license if the psychologist is not under investigation by any regulatory jurisdiction. Fees paid to obtain a license are not refundable when the license is canceled. If an individual whose request for license cancellation is approved by the Board subsequently decides to practice psychology, the individual shall submit a new application under R4-26-203 and meet the requirements in A.R.S. § 32-2071.

**Historical Note**

Adopted effective July 27, 1979 (Supp. 79-4). Amended effective June 17, 1981 (Supp. 81-3). Renumbered from R4-26-125 effective July 3, 1991 (Supp. 91-3). Former Section R4-26-206 renumbered to R4-26-205; new Section R4-26-206 adopted effective March 3, 1995 (Supp. 95-1). Corrections made to text; agency filed different versions of text in original and copies; corrections reflect the original version (Supp. 95-2). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 2007, effective July 2, 2005 (Supp. 05-2). Amended by final rulemaking at 13 A.A.R. 1493, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 22 A.A.R. 3083, October 4, 2016 (Supp. 16-4). Amended by final rulemaking at 28 A.A.R. 3879 (December 23, 2022), effective January 29, 2023 (Supp. 22-4).

**R4-26-207. Continuing Education**

**A.** A licensee shall complete at least 40 hours of continuing education during each license period. Unless specified otherwise, one clock hour of instruction, training, or making a presentation equals one hour of continuing education.

**B.** A licensee shall ensure the continuing education hours obtained include at least four hours in professional ethics.

**C.** During the license period in which an individual is initially licensed, the Board shall pro-rate the number of continuing education hours, including a pro-rated number of hours addressing ethics, that the new licensee must complete during the initial license period. To calculate the number of continuing education hours that a new licensee must obtain, the Board shall divide the 40 hours of continuing education required in a license period by 24 and multiply the quotient by the number of whole months from the date of initial licensure until the end of the license period. During the first license period, for every six months from the month of license issuance to the end of the license period, the Board shall require one hour of continuing education in ethics.

**D.** If the standards in subsection (F) are met, the Board shall accept the following for continuing education hours.

1. Post-doctoral study sponsored by a university or college that is regionally accredited under A.R.S. § 32-2071(A)(1) and provides a graduate-level degree program;
2. A course, seminar, workshop, or home study for which a certificate of attendance or completion is provided;
3. A continuing education program offered by a national, international, regional, or state association, society, board, or continuing education provider;
4. Teaching a graduate-level course in applied psychology at a university or college that is regionally accredited under A.R.S. § 32-2071(A)(1). A licensee who teaches a graduate-level course in applied psychology receives the same number of continuing education hours as number of classroom hours for those who take the graduate-level course;
5. Organizing and presenting a continuing education activity. A licensee who organizes and presents a continuing education activity receives the same number of continuing education hours as those who attend the continuing education activity;
6. Serving as a complaint consultant. During a license period, a licensee who serves as a Board complaint consultant to review Board complaints and provides written reports to the Board or provides expert testimony on behalf of the Board may receive continuing education hours equal to the actual number of hours served as a complaint consultant to a maximum of 20 hours. A licensee who is paid by the Board for services rendered shall not receive continuing education credit for the time or services for which payment was made;
7. The Board shall allow a maximum of 10 continuing education hours for each of the following during a license period:
   a. Attending a Board meeting or serving as a member of the Board. A licensee receives up to six continuing education hours in professional ethics for attending both morning and afternoon sessions of a Board meeting and three continuing education hours for attending either the morning or afternoon session or at least four hours of a Board meeting. A licensee shall complete documentation provided by the Board at the time the licensee attends a Board meeting;
   b. Having an authored or co-authored psychology book, psychology book chapter, or article in a peer-reviewed psychology journal published. A licensee who has an authored or co-authored psychology book, psychology book chapter, or article in a peer-reviewed psychology journal published receives 10 continuing education hours in the year of publication;
   c. Participating in a study group for professional growth and development as a psychologist. A licensee receives one hour of continuing education for each hour of participation to a maximum of 10 continuing education hours for participating in a study group. The Board shall allow continuing education hours for participating in a study group only if the licensee maintains the documentation required under subsection (G)(5);
   d. Presenting a symposium or paper at a state, regional, national, or international psychology meeting. A licensee who presents a symposium or paper

receives the same number of continuing education hours as hours of the session, as published in the agenda of the meeting, at which the symposium or paper is presented to a maximum of 10 continuing education hours;

e. Presenting a poster during a poster session at a state, regional, national, or international psychology meeting. A licensee who presents a poster receives an hour of continuing education for each hour the licensee is physically present with the poster during the poster session, as published in the agenda of the meeting, to a maximum of 10 continuing education hours; and

f. Serving as an elected officer of an international, national, regional, or state psychological association or society. A licensee who serves as an elected officer may receive continuing education hours equal to the actual number of hours served to a maximum of 10 continuing education hours.

**E.** The Board shall not allow continuing education credit more than once in a license period for:
1. Teaching the same graduate-level course,
2. Organizing and presenting a continuing education activity on the same topic or content area, or
3. Presenting the same symposium or paper at a state, regional, national, or international psychology meeting.

**F.** Standards for continuing education. To be acceptable for continuing education credit, an activity identified in subsections (D)(1) through (4) shall:
1. Focus on the practice of psychology, as defined at A.R.S. § 32-2061, for at least 75 percent of the program hours; and
2. Be taught by an instructor who is readily identifiable as competent in the subject of the continuing education by having an advanced degree, teaching experience, work history, published professional articles, or previously presented continuing education on the same subject.

**G.** The Board shall accept the following documents as evidence of completion of continuing education hours:
1. A certificate of attendance or completion;
2. Statement signed by the provider verifying participation in the activity;
3. Copy of transcript of course completed under subsection (D)(1);
4. Documents indicating a licensee's participation as an elected officer or appointed member as specified in subsection (D)(7)(f); or
5. An attestation signed by all participants of a study group under subsection (D)(7)(c) that includes a description of the activity, subject covered, dates, and number of hours.

**H.** A licensee shall maintain the documents listed in subsection (G) through the license period following the license period in which the documents were obtained.

**I.** The Board may audit a licensee's compliance with continuing education requirements. The Board may deny renewal or take other disciplinary action against a licensee who fails to obtain or document required continuing education hours. The Board may discipline a licensee who commits fraud, deceit, or misrepresentation regarding continuing education hours.

**J.** A licensee who cannot meet the continuing education requirement for good cause may seek an extension of time to complete the continuing education requirement by submitting a written request to the Board with the timely submission of the renewal application required under R4-26-205.
1. Good cause includes but is not limited to illness or injury of the licensee or a close family member, death of a close family member, birth or adoption of a child, military service, relocation, natural disaster, financial hardship, or residence in a foreign country for at least 12 months of the license period.
2. The Board shall not grant an extension longer than one year.
3. A licensee who cannot complete the continuing education requirement within the extension may apply to the Board for inactive license status under A.R.S. § 32-2073 (G).

**K.** No continuing education hours may be carried over to the next licensing period.

**L.** The Board shall not accept for continuing education hours a course, workshop, seminar, or symposium designed to increase income or office efficiency.

**Historical Note**

Adopted effective July 27, 1979 (Supp. 79-4). Amended effective January 23, 1981 (Supp. 81-1). Renumbered from R4-26-126 and amended effective July 3, 1991 (Supp. 91-3). Former Section R4-26-207 repealed; new Section R4-26-207 adopted effective March 3, 1995 (Supp. 95-1). Corrections made to text; agency filed different versions of text in original and copies; corrections reflect the original version (Supp. 95-2). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995. Text corrected. (Supp. 95-3). Amended by final rulemaking at 6 A.A.R. 3297, effective August 7, 2000 (Supp. 00-3). Amended by final rulemaking at 9 A.A.R. 778, effective April 12, 2003 (Supp. 03-1). Amended by final rulemaking at 10 A.A.R. 4743, effective January 1, 2005 (Supp. 04-4). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 22 A.A.R. 3083, October 4, 2016 (Supp. 16-4). Amended by final rulemaking at 26 A.A.R. 1010, effective July 4, 2020 (Supp. 20-2).

### R4-26-208. Time Frames for Processing Applications

**A.** For the purpose of A.R.S. § 41-1073, the Board establishes the time frames listed in Table 1. An applicant or a person requesting an approval from the Board and the Board's Executive Director may agree in writing to extend the substantive review and overall time frames by no more than 25 percent of the overall time frame.

**B.** The administrative completeness review time frame begins when the Board receives an application packet or request for approval. During the administrative completeness review time frame, the Board shall notify the applicant or person requesting approval that the application packet or request for approval is either complete or incomplete. If the application packet or request for approval is incomplete, the Board shall specify in the notice what information is missing.

**C.** If an applicant or person requesting approval receives a notice of incompleteness under subsection (B), the applicant or person requesting approval shall submit the missing information to the Board within the time to complete listed in Table 1. Both the administrative completeness review and overall time frames are suspended from the date of the Board's notice under subsection (B) until the Board receives all of the missing information.

**D.** Upon receipt of all missing information, the Board shall send a written notice of administrative completeness to the applicant

or person requesting approval. The Board shall not send a separate notice of completeness if the Board grants or denies a license or approval within the administrative completeness time frame listed in Table 1.

**E.** The substantive review time frame listed in Table 1 begins on the date of the Board's notice of administrative completeness sent under subsection (D).

**F.** If the Board determines during the substantive review that additional information is needed, the Board shall send the applicant or person requesting approval a comprehensive written request for additional information.

**G.** An applicant or person requesting approval who receives a request under subsection (F) shall submit the additional information to the Board within the time for response listed in Table 1. Both the substantive review and overall time frames are suspended from the date of the Board's request until the Board receives the additional information.

**H.** An applicant or person requesting approval may receive a 30-day extension of the time provided under subsection (C) or (G) by providing written notice to the Board before the time expires. If an applicant or person requesting approval fails to submit to the Board the missing or additional information within the time provided under Table 1 or the time as extended, the Board shall administratively close the applicant's or person's file.

**I.** At any time before the overall time frame provided in Table 1 expires, an applicant or person requesting approval may, with approval by the Board, withdraw the application or request.

**J.** Within the overall time frame listed in Table 1, the Board shall:

1. Grant a license or approval if the Board determines that the applicant or person requesting approval meets all criteria required by statute and this Chapter; or
2. Deny a license or approval if the Board determines that the applicant or person requesting approval does not meet all criteria required by statute and this Chapter.

**K.** If the Board denies a license or approval, the Board shall send the applicant or person requesting approval a written notice explaining:

1. The reason for denial, with citations to supporting statutes or rules;
2. The right to appeal the denial by filing an appeal under A.R.S. Title 41, Chapter 6, Article 10;
3. The time for appealing the denial; and
4. The right to request an informal settlement conference.

**L.** If the last day of a time frame falls on a Saturday, Sunday, or an official state holiday, the time frame ends on the next business day.

**Historical Note**

Adopted effective July 27, 1979 (Supp. 79-4). Amended effective January 23, 1981 (Supp. 81-1). Amended effective July 3, 1984 (Supp. 84-4). Amended effective February 24, 1988 (Supp. 88-1). Renumbered from R4-26-127 effective July 3, 1991 (Supp. 91-3). Former Section R4-26-208 repealed; new Section R4-26-208 amended effective March 3, 1995 (Supp. 95-1). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). Amended by final rulemaking at 5 A.A.R. 737, effective February 19, 1999 (Supp. 99-1). Amended by final rulemaking at 6 A.A.R. 3297, effective August 7, 2000 (Supp. 00-3). Amended by final rulemaking at 9 A.A.R. 778, effective April 12, 2003 (Supp. 03-1). Amended by final rulemaking at 13 A.A.R. 1493, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 22 A.A.R. 3083, October 4, 2016 (Supp. 16-4).

**Table 1. Time Frames (in days) for Processing Applications**

| Type of Application or Request | Statutory or Rule Authority | Administrative Completeness Time Frame | Time to Respond to Notice of Deficiency | Substantive Review Time Frame | Time to Respond to Request for Additional Information | Overall Time Frame |
|---|---|---|---|---|---|---|
| Application for initial license | A.R.S. §§ 32-2071, 32-2071.01, 32-2072, and R4-26-203 | 30 | 240 | 90 | 365 | 120 |
| Application for licensure by credential | A.R.S. §§ 32-2071.01, 32-2072; and R4-26-203.01 | 30 | 240 | 90 | 240 | 120 |
| Application to Take National Examination before Completing Experience Required for Licensure | A.R.S. § 32-2072(C) and R4-26-203.02 | 30 | 240 | 90 | 240 | 120 |
| Reapplication for Licensure | A.R.S. § 32-2067 and R4-26-203.03 | 30 | 240 | 90 | 240 | 120 |
| Application for license renewal | A.R.S. § 32-2074; R4-26-205 | 60 | N/A | 90 | N/A | 150 |
| Application for reinstatement of expired license | A.R.S. § 32-2074; R4-26-206 | 60 | N/A | 90 | N/A | 150 |
| Request for extension of time to complete continuing education | A.R.S. § 32-2074; R4-26-207 | 60 | N/A | 90 | N/A | 150 |

| Type of Application or Request | Statutory or Rule Authority | Administrative Completeness Time Frame | Time to Respond to Notice of Deficiency | Substantive Review Time Frame | Time to Respond to Request for Additional Information | Overall Time Frame |
|---|---|---|---|---|---|---|
| Application for registration as an out-of-state health care provider of telehealth services | A.R.S. § 36-3606; R4-26-108 | 30 | 240 | 90 | 365 | 120 |

**Historical Note**

Table 1 adopted by final rulemaking at 5 A.A.R. 737, effective February 19, 1999 (Supp. 99-1). Amended by final rulemaking at 9 A.A.R. 778, effective April 12, 2003 (Supp. 03-1). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 26 A.A.R. 1010, effective July 4, 2020 (Supp. 20-2). Amended by final exempt rulemaking at 27 A.A.R. 1272, effective September 1, 2021 (Supp. 21-3).

**R4-26-209. General Supervision**

**A.** Under A.R.S. § 32-2071(D), an applicant is required to obtain 3,000 hours of supervised professional experience.

**B.** A supervising psychologist shall not supervise a member of the psychologist's immediate family or the psychologist's employer or business partner.

**C.** Payment between a supervisor and supervisee.
1. A supervising psychologist may pay a monetary stipend or fee to a supervisee if the amount paid by the supervisor is not based on the supervisee's productivity or revenue generated by the supervisee;
2. A supervising psychologist who accepts a fee for providing the supervisory service in Arizona may be subject to disciplinary action by the Board; and
3. The Board shall look to the law of the jurisdiction in which the supervision occurred to determine whether to include as part of the 3,000 hours of supervised professional experience required under A.R.S. § 32-2071(D) hours for which an applicant paid the supervisor.

**D.** A psychologist who supervises the professional experience of an unlicensed individual is professionally responsible for all work done by the individual during the supervised experience.

**E.** The Board shall include in the 3,000 hours of supervised professional experience required under A.R.S. § 32-2071(D), hours obtained through a training program only if the training program provides the supervision required under A.R.S. § 32-2071(F)(2).

**Historical Note**

Adopted effective January 23, 1981 (Supp. 81-1). Renumbered from R4-26-128 and amended effective July 3, 1991 (Supp. 91-3). Former Section R4-26-209 renumbered to R4-26-208; new Section R4-26-209 adopted effective March 3, 1995 (Supp. 95-1). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). Amended by final rulemaking at 6 A.A.R. 3297, effective August 7, 2000 (Supp. 00-3). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4).

**R4-26-210. Supervised Professional Experience**

**A.** The Board shall use the following criteria to determine whether an applicant's supervised preinternship professional experience complies with A.R.S. § 32-2071(E):
1. The supervised preinternship professional experience was part of the applicant's doctoral program from an institution of higher education that meets the standards in A.R.S. § 32-2071(A);
2. The applicant completed appropriate academic preparation before beginning the supervised preinternship professional experience. The Board shall not include any assessment or treatment conducted as part of the required academic preparation in the hours of supervised preinternship professional experience; and
3. For each supervised preinternship professional experience training site, the applicant has a written training plan with both the training site and the institution of higher education at which the applicant is pursuing a doctoral degree that includes at least the following:
   a. Training activities included and the amount of time allotted to each activity,
   b. Goals and objectives of each training activity,
   c. Methods of evaluating the supervisee and the supervised preinternship professional experiences provided,
   d. Approval of all individuals providing supervision at sites external to the training site,
   e. Total number of hours to be accrued during the supervised preinternship professional experience,
   f. Total number of hours of face-to-face contact hours with clients or patients during the supervised preinternship professional experience,
   g. Total number of hours of supervision during the supervised preinternship professional experience,
   h. Qualifications of all individuals who provide supervision during the supervised preinternship professional experience, and
   i. Acknowledgment that ethics training will be included in all activities.

**B.** The Board shall use the following criteria to determine whether an applicant's internship or training program qualifies as supervised professional experience under A.R.S. § 32-2071(F):
1. The written statement required under A.R.S. § 32-2071(F)(9):
   a. Was established no later than the time the applicant entered the internship or training program; and
   b. Corresponds to the internship or training program the applicant completed;
2. A supervisor was directly available to the applicant when decisions were made regarding emergency psychological services provided to a client or patient as required under A.R.S. § 32-2071(F)(2);

3. Course work used to satisfy the requirements of A.R.S. § 32-2071(A) or dissertation time is not credited toward the face-to-face, individual supervision time required by A.R.S. § 32-2071(F)(6);
4. The two hours a week of other learning activities required under A.R.S. § 32-2071(F)(6) include one or more of the following:
   a. Case conferences involving a case in which the applicant was actively involved,
   b. Seminars involving clinical issues,
   c. Co-therapy with a professional staff person including discussion,
   d. Group supervision, or
   e. Additional individual supervision;
5. The training program had the applicant work with other doctoral level psychology trainees and included in the written statement required under A.R.S. § 32-2071(F)(9) a description of the program policy specifying the opportunities and resources provided to the applicant for working or interacting with other doctoral level psychology trainees in the same or other sites; and
6. Time spent fulfilling academic degree requirements, such as course work applied to the doctoral degree, practicum, field laboratory, dissertation, or thesis credit, is not credited toward the 1,500 hours of supervised professional experience hours required by A.R.S. § 32-2071(F). This subsection does not restrict a student from participating in activities designed to fulfill other doctoral degree requirements. However, the Board shall not credit time spent participating in activities to fulfill academic degree requirements toward the hours required under A.R.S. § 32-2071(F).

**C.** Under A.R.S. § 32-2071(G)(5), at least 40 percent of an applicant's supervised postdoctoral experience shall involve direct client or patient contact. If an applicant's supervised postdoctoral hours applied toward licensure include less than 40 percent direct contact hours, the applicant shall work additional time to achieve the required percentage of direct contact hours. While additional direct contact hours may be obtained to meet this requirement, the Board shall count no more than 1,500 hours of total postdoctoral experience for the purpose of licensure.

**D.** An applicant shall ensure the written training plan required under A.R.S. § 32-2071(G)(7) is from the organization at which the supervised postdoctoral professional experience is occurring and includes the following:
1. Goal and content of each training experience;
2. Expectations regarding the nature, quality, and quantity of work to be done by the supervisee during the supervised postdoctoral professional experience;
3. Methods of evaluation the supervisee and the supervised postdoctoral professional experience;
4. Total number of hours to be accrued during the supervised postdoctoral professional experience;
5. Total number of face-to-face contact hours the supervisee is to have with clients or patients during the supervised postdoctoral professional experience;
6. Total number of hours of supervision the supervisee is to receive during the supervised postdoctoral professional experience;
7. Qualifications of all individuals who provide supervision during the supervised postdoctoral professional experience including documentation that each is qualified under the standards at A.R.S. § 32-2071(G); and
8. Acknowledgement that ethics training is included in the supervised postdoctoral professional experience.

**Historical Note**

Adopted effective March 3, 1995 (Supp. 95-1). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). Amended by final rulemaking at 6 A.A.R. 3297, effective August 7, 2000 (Supp. 00-3). Amended by final rulemaking at 13 A.A.R. 1493, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 22 A.A.R. 3083, October 4, 2016 (Supp. 16-4). Amended by final rulemaking at 28 A.A.R. 3879 (December 23, 2022), effective January 29, 2023 (Supp. 22-4).

**R4-26-211. Foreign Graduates**

**A.** Under A.R.S. § 32-2071(B), an applicant for licensure whose application is based on graduation from an institution of higher education located outside the U.S. and its territories shall demonstrate that the applicant's formal education is equivalent to a doctoral degree in psychology from a regionally accredited educational institution as described in A.R.S. § 32-2071(A).

**B.** The Board shall find that the institution of higher education from which an applicant under subsection (A) graduated is equivalent to a regionally accredited education institution only if the institution of higher education is included in one of the following:
1. International Handbook of Universities, published for the International Association of Universities by Stockton Press, 345 Park Avenue South, 10th floor, New York, NY 10010-1708;
2. Commonwealth Universities Yearbook, published for the Association of Commonwealth Universities by John Foster House, 36 Gordon Square, London, England, WC1H OPF; or
3. Another source the Board determines provides reliable information.

**C.** The academic transcript of an applicant under subsection (A) who graduated from an institution included under subsection (B) shall be translated into English and evaluated by a member organization of the National Association of Credential Evaluation Services (NACES). The applicant is responsible for paying all expenses incurred to obtain a translation and review of the academic transcript. An applicant can find information about obtaining a professional credential review at www.naces.org.

**D.** When the credential review required under subsection (C) is completed, the NACES member organization shall submit the review report to the Board. The Board shall review the report and determine whether the applicant's education meets the standard in subsection (A).

**E.** Upon written request, the Board may waive the credential review required under subsection (C) for an applicant who graduated from a doctoral program that is accredited by the accreditation panel of the Canadian Psychological Association.

**F.** After the Board determines that the formal education of an applicant under subsection (A) is equivalent to a doctoral degree in psychology from a regionally accredited educational institution, the applicant shall provide evidence to the Board that the applicant has met all other requirements for licensure.

**Historical Note**

Adopted effective March 3, 1995 (Supp. 95-1). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). Amended by final rulemaking at 6 A.A.R. 3297, effective August 7, 2000 (Supp. 00-3). Amended by final rulemaking at 10 A.A.R. 4743, effective January 1, 2005 (Supp. 04-4). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4).

## ARTICLE 3. REGULATION

**R4-26-301. Rules of Professional Conduct**

**A.** The Board incorporates by reference standards 1.01 through 10.10 of the "Ethical Principles of Psychologists and Code of Conduct" adopted by the American Psychological Association, effective June 1, 2003. The incorporated materials do not include any later amendments or editions. A copy of the standards is available from the American Psychological Association Order Department, 750 First Street, NE, Washington, DC 20002-4242, www.apa.org/ethics/code, or the Board office.

**B.** A licensee shall practice psychology in accordance with the standards incorporated under subsection (A).

**Historical Note**

Adopted effective July 27, 1979 (Supp. 79-4). Amended effective June 17, 1981. Amended effective June 30, 1981 (Supp. 81-3). Renumbered from R4-26-150 and amended effective July 3, 1991 (Supp. 91-3). Repealed effective March 3, 1995 (Supp. 95-1). Corrections made to text; agency filed different versions of text in original and copies; corrections reflect the original version (Supp. 95-2). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). New Section made by final rulemaking at 13 A.A.R. 1493, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4).

**R4-26-302. Informal Interviews**

**A.** When a complaint is scheduled for informal interview, the Board shall send written notice of an informal interview to the licensee who is the subject of the complaint, by personal service or certified mail, return receipt requested, at least 20 days before an informal interview.

**B.** The Board shall include the following in the written notice of an informal interview:
1. The time, date, and place of the interview;
2. An explanation of the informal nature of the proceedings;
3. The licensee's right to appear at the informal interview with legal counsel licensed in Arizona or without legal counsel;
4. A statement of the allegations and issues involved;
5. The licensee's right to a formal hearing instead of the informal interview; and
6. Notice that the Board may take disciplinary action at the conclusion of the informal interview;

**C.** The procedure used during an informal interview may include the following:
1. Swearing in and taking testimony from the licensee, complainant, and witnesses, if any;
2. Optional opening and closing remarks by the licensee;
3. An opportunity for the complainant to address the Board, if requested;
4. Board questions to the licensee, complainant, and witnesses, if any; and
5. Deliberation and discussion by the Board.

**Historical Note**

Renumbered from R4-26-151 effective July 3, 1991 (Supp. 91-3). New Section made by final rulemaking at 13 A.A.R. 1493, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4).

**R4-26-303. Titles**

A person shall not use a title that claims a potential or future degree or qualification such as "Ph.D. (Cand)," "Ph.D. (ABD)," "License Eligible," "Candidate for Licensure," or "Board Eligible." The use of a title that claims a potential or future degree or qualification is a violation of A.R.S. § 32-2061 et seq.

**Historical Note**

Renumbered from R4-26-151 effective July 3, 1991 (Supp. 91-3). New Section adopted effective March 3, 1995 (Supp. 95-1). Pursuant to the advice of the Attorney General, the text of this Section now contains the text certified by the Attorney General and filed as a copy effective March 3, 1995 (Supp. 95-3). Amended by final rulemaking at 6 A.A.R. 3297, effective August 7, 2000 (Supp. 00-3). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4).

**R4-26-304. Representation before the Board by Attorney Not Admitted to State Bar of Arizona**

An attorney who is not a member of the State Bar of Arizona shall not represent a party before the Board unless the attorney is admitted to practice *pro hac vice* before the Board under Rule 38(a) of the Rules of the Supreme Court of Arizona.

**Historical Note**

Renumbered from R4-26-151 effective July 3, 1991 (Supp. 91-3). New Section made by final rulemaking at 13 A.A.R. 1493, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 22 A.A.R. 3083, October 4, 2016 (Supp. 16-4).

**R4-26-305. Confidentiality of Investigative Materials**

**A.** A psychologist shall not disclose a confidential record, as defined by R4-26-101, that relates to a Board investigation to any person or entity other than the psychologist's attorney, except:
1. A redacted summary that ensures the anonymity of the client or patient;
2. Information regarding the nature of a complaint, the processes utilized by the Board, and the outcomes of a case;
3. As required by law;
4. As required by a court order compelling production; or
5. If disclosure is protected under the United States or Arizona Constitutions.

**B.** A psychologist who violates this Section commits an act of unprofessional conduct.

**Historical Note**

Renumbered from R4-26-151 effective July 3, 1991 (Supp. 91-3). New Section made by final rulemaking at 13 A.A.R. 1493, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 3444, effective January 30, 2016 (Supp. 15-4).

As of April 30, 2025

## 32-2061. Definitions

In this chapter, unless the context otherwise requires:

1. "Active license" means a valid and existing license to practice psychology.

2. "Adequate records" means records containing, at a minimum, sufficient information to identify the client or patient, the dates of service, the fee for service, the payments for service, the type of service given and copies of any reports that may have been made.

3. "Board" means the state board of psychologist examiners.

4. "Client" means a person or an entity that receives psychological services. A corporate entity, a governmental entity or any other organization may be a client if there is a professional contract to provide services or benefits primarily to an organization rather than to an individual. If an individual has a legal guardian, the legal guardian is the client for decision-making purposes, except that the individual receiving services is the client or patient for:

(a) Issues that directly affect the physical or emotional safety of the individual, such as sexual or other exploitative relationships.

(b) Issues that the guardian agrees to specifically reserve to the individual.

5. "Committee on behavior analysts" means the committee established by section 32-2091.15.

6. "Exploit" means actions by a psychologist who takes undue advantage of the professional association with a client or patient, a student or a supervisee for the advantage or profit of the psychologist.

7. "Health care institution" means a facility as defined in section 36-401.

8. "Letter of concern" means an advisory letter to notify a psychologist that while there is insufficient evidence to support disciplinary action the board believes the psychologist should modify or eliminate certain practices and that continuation of the activities that led to the information being submitted to the board may result in action against the psychologist's license.

9. "Patient" means a person who receives psychological services. If an individual has a legal guardian, the legal guardian is the client or patient for decision-making purposes, except that the individual receiving services is the client or patient for:

(a) Issues that directly affect the physical or emotional safety of the individual, such as sexual or other exploitative relationships.

(b) Issues that the guardian agrees to specifically reserve to the individual.

10. "Practice of psychology" means the psychological assessment, diagnosis, treatment or correction of mental, emotional, behavioral or psychological abilities, illnesses or disorders or purporting or attempting to do this consistent with section 32-2076.

11. "Psychologically incompetent" means a person lacking in sufficient psychological knowledge or skills to a degree likely to endanger the health of clients or patients.

12. "Psychological service" means all actions of the psychologist in the practice of psychology.

13. "Psychologist" means a natural person holding a license to practice psychology pursuant to this chapter.

14. "Supervisee" means any person who functions under the extended authority of the psychologist to provide, or while in training to provide, psychological services.

15. "Telepractice" means providing psychological services through interactive audio, video or electronic communication that occurs between the psychologist and the patient or client, including any electronic communication for diagnostic, treatment or consultation purposes in a secure platform, and that meets the requirements of telehealth pursuant to section 36-3602. Telepractice includes supervision.

16. "Unprofessional conduct" includes the following activities whether occurring in this state or elsewhere:

(a) Obtaining a fee by fraud or misrepresentation.

(b) Betraying professional confidences.

(c) Making or using statements of a character tending to deceive or mislead.

(d) Aiding or abetting a person who is not licensed pursuant to this chapter in representing that person as a psychologist.

(e) Gross negligence in the practice of a psychologist.

(f) Sexual intimacies or sexual intercourse with a current client or patient or a supervisee or with a former client or patient within two years after the cessation or termination of treatment. For the purposes of this subdivision, "sexual intercourse" has the same meaning prescribed in section 13-1401.

(g) Engaging or offering to engage as a psychologist in activities that are not congruent with the psychologist's professional education, training and experience.

(h) Failing or refusing to maintain and retain adequate business, financial or professional records pertaining to the psychological services provided to a client or patient.

(i) Commission of a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case, conviction by a court of competent jurisdiction or a plea of no contest is conclusive evidence of the commission.

(j) Making a fraudulent or untrue statement to the board or its investigators, staff or consultants.

(k) Violating any federal or state laws or rules that relate to the practice of psychology or to obtaining a license to practice psychology.

(l) Practicing psychology while impaired or incapacitated to the extent and in a manner that jeopardizes the welfare of the client or patient or renders the psychological services provided ineffective.

(m) Using fraud, misrepresentation or deception to obtain or attempt to obtain a psychology license or to pass or attempt to pass a psychology licensing examination or in assisting another person to do so.

(n) Unprofessional conduct in another jurisdiction that resulted in censure, probation or a civil penalty or in the denial, suspension, restriction or revocation of a certificate or license to practice as a psychologist.

(o) Providing services that are unnecessary or unsafe or otherwise engaging in activities as a psychologist that are unprofessional by current standards of practice.

(p) Falsely or fraudulently claiming to have performed a professional service, charging for a service or representing a service as the licensee's own when the licensee has not rendered the service or assumed supervisory responsibility for the service.

(q) Representing activities or services as being performed under the licensee's supervision if the psychologist has not assumed responsibility for them and has not exercised control, oversight and review.

(r) Failing to obtain a client's or patient's informed and written consent to release personal or otherwise confidential information to another party unless the release is otherwise authorized by law.

(s) Failing to make client or patient records in the psychologist's possession promptly available to another psychologist who is licensed pursuant to this chapter on receipt of proper authorization to do so from the client or patient, a minor client's or patient's parent, the client's or patient's legal guardian or the client's or patient's authorized representative or failing to comply with title 12, chapter 13, article 7.1.

(t) Failing to take reasonable steps to inform or protect a client's or patient's intended victim and inform the proper law enforcement officials in circumstances in which the psychologist becomes aware during the course of providing or supervising psychological services that a client or patient intends or plans to inflict serious bodily harm on another person.

(u) Failing to take reasonable steps to protect a client or patient in circumstances in which the psychologist becomes aware during the course of providing or supervising psychological services that a client or patient intends or plans to inflict serious bodily harm on self.

(v) Abandoning or neglecting a client or patient in need of immediate care without making suitable arrangements for continuation of the care.

(w) Engaging in direct or indirect personal solicitation of clients or patients through the use of coercion, duress, undue influence, compulsion or intimidation practices.

(x) Engaging in false, deceptive or misleading advertising.

(y) Exploiting a client or patient, a student or a supervisee.

(z) Failing to report information to the board regarding a possible act of unprofessional conduct committed by another psychologist who is licensed pursuant to this chapter unless this reporting violates the psychologist's confidential relationship with the client or patient pursuant to section 32-2085. Any psychologist who reports or provides information to the board in good faith is not subject to an action for civil damages. For the purposes of this subdivision, it is not an act of unprofessional conduct if a licensee addresses an ethical conflict in a manner that is consistent with the ethical standards contained in the document entitled "ethical principles of psychologists and code of conduct" as adopted by the American psychological association and in effect at the time the licensee makes the report.

(aa) Violating a formal board order, consent agreement, term of probation or stipulated agreement issued under this chapter.

(bb) Failing to furnish information in a timely manner to the board or its investigators or representatives if requested or subpoenaed by the board as prescribed by this chapter.

(cc) Failing to make available to a client or patient or to the client's or patient's designated representative, on written request, a copy of the client's or patient's record, including raw test data, psychometric testing materials and other information as provided by law.

(dd) Violating an ethical standard adopted by the board.

32-2062. Board; qualifications; appointments; terms; compensation; immunity

A. The state board of psychologist examiners is established consisting of ten members appointed by the governor pursuant to section 38-211.

B. Each member of the board shall be a citizen of the United States and a resident of this state at the time of appointment. Seven members shall be licensed pursuant to this chapter, and three shall be public members who are not eligible for licensure. The board shall have at all times, except for the period when a vacancy exists, at least two members who are licensed as psychologists and who are full-time faculty members from universities in this state with a doctoral program in psychology that meets the requirements of section 32-2071, at least three members who are psychologists in professional practice and at least two members who are behavior analysts in professional practice and who are members of the committee on behavior analysts. The public members shall not have a substantial financial interest in the health care industry and shall not have a household member who is eligible for licensure under this chapter.

C. Each member shall serve for a term of five years beginning and ending on the third Monday in January.

D. A vacancy on the board occurring other than by the expiration of term shall be filled by appointment by the governor for the unexpired term as provided in subsection C of this section. The governor, after a hearing, may remove any member of the board for misconduct, incompetency or neglect of duty.

E. Board members shall receive compensation in the amount of one hundred dollars for each cumulative eight hours of actual service in the business of the board and reimbursement of all expenses pursuant to title 38, chapter 4, article 2.

F. Members of the board and its employees, consultants and test examiners are personally immune from suit with respect to all acts done and actions taken in good faith and in furtherance of the purposes of this chapter.

32-2063. Powers and duties

A. The board shall:

1. Administer and enforce this chapter and board rules.

2. Regulate disciplinary actions, the granting, denial, revocation, renewal and suspension of licenses and the rehabilitation of licensees pursuant to this chapter and board rules.

3. Prescribe the forms, content and manner of application for licensure and renewal of licensure and set deadlines for the receipt of materials required by the board.

4. Keep a record of all licensees, board actions taken on all applicants and licensees and the receipt and disbursal of monies.

5. Adopt an official seal for attesting licenses and other official papers and documents.

6. Investigate charges of violations of this chapter and board rules and orders.

7. Subject to title 41, chapter 4, article 4, employ an executive director who serves at the pleasure of the board.

8. Annually elect from among its membership a chairman, a vice chairman and a secretary, who serve at the pleasure of the board.

9. Adopt rules pursuant to title 41, chapter 6 to carry out this chapter and to define unprofessional conduct.

10. Engage in a full exchange of information with other regulatory boards and psychological associations, national psychology organizations and the Arizona psychological association and its components.

11. By rule, adopt a code of ethics relating to the practice of psychology. The board shall base this code on the code of ethics adopted and published by the American psychological association. The board shall

apply the code to all board enforcement policies and disciplinary case evaluations and development of licensing examinations.

12. Adopt rules regarding the use of telepractice.

13. Before the board takes action, receive and consider recommendations from the committee on behavior analysts on all matters relating to licensing and regulating behavior analysts, as well as regulatory changes pertaining to the practice of behavior analysis, except in the case of a summary suspension of a license pursuant to section 32-2091.09, subsection E.

14. Beginning January 1, 2022, require each applicant for an initial or temporary license or a license renewal pursuant to this chapter to have applied for a fingerprint clearance card pursuant to title 41, chapter 12, article 3.1. If an applicant is issued a valid fingerprint clearance card, the applicant shall submit the valid fingerprint clearance card to the board with the completed application. If an applicant applies for a fingerprint clearance card and is denied, the applicant may request that the board consider the application for licensure notwithstanding the absence of a valid fingerprint clearance card. The board, in its discretion, may approve an application for licensure despite the denial of a valid fingerprint clearance card if the board determines that the applicant's criminal history information on which the denial is based does not alone disqualify the applicant from licensure.

B. Subject to title 41, chapter 4, article 4, the board may employ personnel it deems necessary to carry out this chapter. The board, in investigating violations of this chapter, may employ investigators who may be psychologists. The board or its executive director may take and hear evidence, administer oaths and affirmations and compel by subpoena the attendance of witnesses and the production of books, papers, records, documents and other information relating to the investigation or hearing.

C. Subject to section 35-149, the board may accept, expend and account for gifts, grants, devises and other contributions, monies or property from any public or private source, including the federal government. The board shall deposit, pursuant to sections 35-146 and 35-147, monies received pursuant to this subsection in special funds for the purpose specified, and monies in these funds are exempt from the provisions of section 35-190 relating to lapsing of appropriations.

D. Compensation for all personnel shall be determined pursuant to section 38-611.

32-2064. Meetings; committees; quorum

A. The board shall hold regular quarterly meetings at a time and place determined by the chairman. The board shall hold special meetings the chairman determines necessary to carry out the functions of the board.

B. The chairman may establish committees from the board membership necessary to carry out the functions of the board. The board may establish committees of licensed psychologists to act as consultants to the board. Members of consultant committees are eligible for reimbursement of expenses pursuant to title 38, chapter 4, article 2.

C. A majority of board members constitutes a quorum and a majority vote of a quorum present is necessary for the board to take any action.

32-2065. Board of psychologist examiners fund; separate behavior analyst account

(L24, Ch. 222, sec. 31. Eff. until 7/1/28)

A. The board of psychologist examiners fund is established.

B. Except as provided in section 32-2081 and section 32-2091.09, subsection I, pursuant to sections 35-146 and 35-147, the board shall deposit fifteen percent of all monies collected pursuant to this chapter in the state general fund and deposit the remaining eighty-five percent in the board of psychologist examiners fund.

C. All monies deposited in the board of psychologist examiners fund are subject to section 35-143.01.

D. All monies deposited in the board of psychologist examiners fund pursuant to section 32-2067 and any monies received pursuant to section 32-2063, subsection C for psychologist licensing and regulation must be used only for licensing and regulating psychologists pursuant to this article and articles 2 and 3 of this chapter and may not be used for licensing and regulating behavior analysts pursuant to article 4 of this chapter.

E. All monies deposited in the board of psychologist examiners fund pursuant to article 4 of this chapter and any monies received pursuant to section 32-2063, subsection C for behavior analyst licensing and regulation must be used only for licensing and regulating behavior analysts pursuant to article 4 of this chapter and may not be used for licensing and regulating psychologists pursuant to this article and articles 2 and 3 of this chapter.

F. The board shall establish a separate account in the fund for monies transferred to the fund pursuant to article 4 of this chapter, and any monies received pursuant to section 32-2063, subsection C for behavior analyst licensing and regulation.

32-2065. Board of psychologist examiners fund; separate behavior analyst account

(L24, Ch. 222, sec. 32. Eff. 7/1/28)

A. The board of psychologist examiners fund is established.

B. Except as provided in section 32-2081 and section 32-2091.09, subsection I, pursuant to sections 35-146 and 35-147, the board shall deposit ten percent of all monies collected pursuant to this chapter in the state general fund and deposit the remaining ninety percent in the board of psychologist examiners fund.

C. All monies deposited in the board of psychologist examiners fund are subject to section 35-143.01.

D. All monies deposited in the board of psychologist examiners fund pursuant to section 32-2067 and any monies received pursuant to section 32-2063, subsection C for psychologist licensing and regulation must be used only for licensing and regulating psychologists pursuant to this article and articles 2 and 3 of this chapter and may not be used for licensing and regulating behavior analysts pursuant to article 4 of this chapter.

E. All monies deposited in the board of psychologist examiners fund pursuant to article 4 of this chapter and any monies received pursuant to section 32-2063, subsection C for behavior analyst licensing and regulation must be used only for licensing and regulating behavior analysts pursuant to article 4 of this

chapter and may not be used for licensing and regulating psychologists pursuant to this article and articles 2 and 3 of this chapter.

F. The board shall establish a separate account in the fund for monies transferred to the fund pursuant to article 4 of this chapter, and any monies received pursuant to section 32-2063, subsection C for behavior analyst licensing and regulation.

32-2066. Directory; change of address; costs; civil penalty

A. The board shall compile and publish on its web site a directory containing:

1. The names and addresses of the officers and members of the board.

2. The names and addresses of all licensees.

3. The current board rules.

4. A copy of this chapter.

5. Additional information the board deems of interest and importance to licensees.

B. A licensee shall inform the board in writing of the licensee's current residence address, office address and telephone number within thirty days of each change in this information. The board may assess the costs incurred by the board in locating a licensee and may assess a civil penalty of not more than one hundred dollars against a licensee who fails to notify the board within thirty days from the date of any change of information required to be reported under this subsection.

32-2067. Fees; alternative payment methods

A. The board, by a formal vote at its annual fall meeting, may establish fees and penalties that do not exceed:

1. Four hundred dollars for an application for an active license to practice psychology.

2. Two hundred dollars for an application for a temporary license to practice psychology.

3. Two hundred fifty dollars for reapplication for an active license.

4. Five hundred dollars for issuing an initial license. The board shall prorate this fee pursuant to subsection D of this section.

5. Fifty dollars for a duplicate license.

6. Five hundred dollars for biennial renewal of an active license.

7. Eighty-five dollars for biennial renewal of an inactive license.

8. Three hundred dollars for the reinstatement of an active or inactive license.

9. Three hundred fifty dollars for any additional examination.

10. Two hundred fifty dollars for delinquent compliance with continuing education requirements.

11. Five dollars for the sale of a duplicate renewal receipt.

12. Five dollars for the sale of a copy of the board's statutes and rules.

13. Two dollars for verification of a license.

14. Ten dollars for the sale of each audiotape of board meetings.

15. Five cents per name for the sale of computerized discs that contain the name of each licensee.

16. Twenty-five cents per name for the sale of computerized discs that contain the name and address of each licensee.

17. Thirty-five cents per name for the sale of customized computerized discs that contain additional licensee information that is not required by law to remain confidential.

18. Twenty-five cents per page for copying records, documents, letters, minutes, applications, files and policy statements. This fee includes postage.

B. The board may charge additional fees for services the board deems necessary and appropriate to carry out this chapter. These fees shall not exceed the actual cost of providing the service.

C. The board shall not refund fees except as provided in section 32-2073, subsection G. On special request and for good cause the board may return the license renewal fee.

D. The board shall prorate the fee for issuing an initial license by dividing the biennial renewal fee by twenty-four and multiplying that amount by the number of months that remain until the next biennial renewal date.

E. Subject to the requirements of section 41-2544, the executive director may enter into agreements to allow licensees to pay fees by alternative methods, including credit cards, charge cards, debit cards and electronic funds transfers.

32-2071. Qualifications of applicants; education; training

A. An applicant for licensure shall have a doctoral degree from an institution of higher education in clinical or counseling psychology, school or educational psychology or any other subject area in applied psychology acceptable to the board and shall have completed a doctoral program in psychology from an educational institution that has:

1. Been accredited by one of the following regional accrediting agencies at the time of the applicant's graduation:

(a) The New England association of schools and colleges.

(b) The middle states association of colleges and schools.

(c) The north central association of colleges and schools.

(d) The northwest association of schools and colleges.

(e) The southern association of colleges and schools.

(f) The western association of schools and colleges.

2. A program that is identified and labeled as a psychology program and that stands as a recognized, coherent organizational entity within the institution with clearly identified entry and exit criteria for graduate students in the program.

3. An identifiable psychology faculty in the area of health service delivery and a psychologist responsible for the program.

4. A core program that requires each student to demonstrate competence by passing suitable comprehensive examinations or by successfully completing at least three or more graduate semester hours, five or more quarter hours or six or more trimester hours or by other suitable means in the following content areas:

(a) Scientific and professional ethics and standards in psychology.

(b) Research, which may include design, methodology, statistics and psychometrics.

(c) The biological basis of behavior, which may include physiological psychology, comparative psychology, neuropsychology, sensation and perception and psychopharmacology.

(d) The cognitive-affective basis of behavior, which may include learning, thinking, motivation and emotion.

(e) The social basis of behavior, which may include social psychology, group processes, cultural diversity and organizational and systems theory.

(f) Individual differences, which may include personality theory, human development and abnormal psychology.

(g) Assessment, which includes instruction in interviewing and administering, scoring and interpreting psychological test batteries to diagnose cognitive abilities and personality functioning.

(h) Treatment modalities, which include instruction in the theory and application of a diverse range of psychological interventions to treat mental, emotional, psychological and behavioral disorders.

5. A psychology program that leads to a doctoral degree requiring at least the equivalent of three full-time academic years of graduate study, two years of which are at the institution from which the doctoral degree is granted.

6. A requirement that the student must successfully defend a dissertation, the content of which is primarily psychological, or an equivalent project acceptable to the board.

7. Official transcripts that have been prepared solely by the institution and not by the student and, except for manifest clerical errors or grade changes, have not been altered by the institution after the student's graduation.

8. Given the student credit only for coursework that is listed on its official transcripts and that is obtained only at regionally accredited educational institutions as listed in paragraph 1 of this subsection and does not give credit for continuing education experiences or courses.

B. If the institution is located outside the United States, the applicant shall demonstrate that the program meets the requirements of subsection A, paragraphs 2 through 7 and subsections C through M of this section.

C. The applicant shall complete relevant didactic courses of the program required under subsection A, paragraph 4 of this section before starting the supervised professional experiences as described pursuant to subsection F of this section.

D. Each applicant for licensure shall obtain three thousand hours of supervised professional work experiences. The applicant shall demonstrate clearly how the applicant met this requirement. The applicant shall obtain a minimum of one thousand five hundred hours through an internship as described in subsection F of this section. The applicant shall obtain the remaining one thousand five hundred hours through any combination of the following:

1. Supervised preinternship professional experiences as described in subsection E of this section.

2. Additional internship hours as described in subsection F of this section.

3. Supervised postdoctoral experiences as described in subsection G of this section.

E. If the applicant chooses to include up to one thousand five hundred hours of supervised preinternship professional experience to satisfy a portion of the three thousand hours of supervised professional experience, the following requirements must be met:

1. The applicant's supervised preinternship professional experiences shall reflect a faculty directed, organized, sequential series of supervised experiences of increasing complexity that follows appropriate academic coursework and that prepares the applicant for an internship.

2. The applicant's supervised preinternship professional experiences shall follow appropriate academic preparation. There must be a written training plan between the student and the graduate training program. The training plan for each supervised preinternship professional experience training site must designate an allotment of time for each training activity and must ensure the quality, breadth and depth of training experience by specifying goals and objectives of the supervised preinternship professional experience, the methods of evaluation of the student and supervisory experiences. If supervision is to be completed by qualified site supervisors at external sites, their approval must be included in the plan.

3. More than one part-time supervised preinternship professional experience placement of appropriate scope and complexity over the course of the graduate training may be combined to satisfy the one thousand five hundred hours of supervised preinternship professional experiences.

4. Every twenty hours of supervised preinternship professional experience must include the following:

(a) At least fifty percent of the supervised preinternship professional experiences must be in psychological service-related activities. Psychological service-related activities may include treatment, assessment, interviews, report writing, case presentations, seminars on applied issues providing cotherapy, group supervision and consultations.

(b) At least twenty-five percent of the supervised preinternship professional experiences must be devoted to face-to-face patient-client contact.

(c) At least one hour per week of regularly scheduled contemporaneous in-person individual supervision per twenty hours of supervised preinternship professional experience that addresses the direct psychological services provided by the student.

(d) At least two hours of regularly scheduled contemporaneous supervision per twenty hours of supervised preinternship professional experience that addresses the direct psychological services provided by the student. At least fifty percent of the supervision during the total supervised preinternship professional experience shall be provided through contemporaneous in-person individual supervision. Not more than fifty percent shall be through in-person group supervision. At least seventy-five percent of the supervision shall be by a psychologist who is licensed or certified to practice psychology at the independent level by a licensing jurisdiction of the United States or Canada and who is designated by the academic program. Not more than twenty-five percent of the supervision shall be by a licensed mental health professional who is licensed or certified by a licensing jurisdiction of the United States or Canada, a psychology intern currently under the supervision of a licensed psychologist or an individual completing a postdoctoral supervised experience currently under the supervision of a licensed psychologist.

5. The applicant must provide to the board the written training plan developed by the applicant's program and documentation of the total hours accrued by the applicant during the supervised preinternship professional experience, including the number of face-to-face patient-client contact hours and the amount of supervision and qualifications of the supervisors for the entire supervised preinternship professional experiences. Documentation must include an acknowledgement that ethics training was included throughout the supervised preinternship professional experience.

6. Supervised professional preinternship experiences must be completed within seventy-two months.

F. The applicant shall have one thousand five hundred hours of supervised professional experience, which shall be either an internship that is approved by the American psychological association committee on accreditation, an internship that is a member of the association of psychology postdoctoral and internship centers or an organized training program that is designed to provide the trainee with a planned, programmed sequence of training experience, the focus and purpose of which are to ensure breadth and quality of training, and that meets the following requirements:

1. The training program has a clearly designated staff psychologist who is responsible for the integrity and quality of the training and who is licensed or certified to practice psychology at the independent level by any licensing jurisdiction of the United States or Canada in which the program exists.

2. The training program provides at least two psychologists on staff as supervisors, at least one of whom is licensed or certified to practice psychology at the independent level by a licensing jurisdiction of the United States or Canada in which the program exists and at least one of whom is directly available to the trainee in case of emergency.

3. Supervision is provided by the person who carries clinical responsibility for the cases being supervised. At least half of the training supervision shall be provided by one or more psychologists.

4. Training includes a range of assessment, consultation and treatment activities conducted directly with clients or patients.

5. A minimum of twenty-five percent of a trainee's supervised professional experience hours is in direct client or patient contact.

6. Training includes regular in-person, individual supervision conducted on a contemporaneous basis, with a minimum of one hour of in-person, individual supervision for each twenty hours of experience and with the specific intent of dealing with psychological services rendered directly by the trainee and at least two additional hours per week in other learning activities. The supervisor shall ensure that the telepractice supervision is conducted using secure, confidential real-time visual telecommunication.

7. The training program includes interaction with other psychology trainees.

8. Trainees have a title that designates their trainee status.

9. The applicant provides from the training organization a written statement that describes the goals and content of the training program and documents that clear expectations existed for the breadth, depth and quality and quantity of a trainee's work at the time of the supervised professional experience.

10. The supervised professional experience is completed within twenty-four consecutive months.

G. Not more than one thousand five hundred hours of supervised professional experience shall be postdoctoral and may start on written certification by the applicant's education program that the applicant has satisfied all requirements for the doctoral degree and on written certification that the applicant has completed an appropriate supervised professional experience as required in subsection F of this section. The applicant may complete more than one thousand five hundred hours of a supervised postdoctoral experience, but not more than one thousand five hundred hours may count towards the requirements of this subsection. The one thousand five hundred hours of supervised professional experience shall meet the following requirements:

1. Supervision is conducted by a psychologist who is licensed or certified to practice psychology at the independent level in any licensing jurisdiction of the United States or Canada in which the supervision occurs or by a psychologist who is on full-time active duty in the United States armed services and who is licensed or certified by a board of psychologist examiners in a United States jurisdiction, who has been

licensed or certified for at least two years and who is competent in the areas of professional practice in which the supervisee is receiving supervised professional experience.

2. The supervisor takes full legal responsibility for the welfare of the client or patient as well as the diagnosis, intervention and outcome of the intervention and takes reasonable steps to ensure that clients or patients are informed of the supervisee's training and status and that clients or patients may meet with the supervisor at the client's or patient's request.

3. The supervisor or the appropriate custodian of records is responsible for ensuring that adequate records of client or patient contacts are maintained and that the client or patient is informed that the source of access to this information in the future is the supervisor.

4. The supervisor is fully available for consultation in the event of an emergency and provides emergency consultation coverage for the supervisee.

5. Regular in-person, individual supervision is conducted on a contemporaneous basis, with a minimum of one hour of in-person, individual supervision for each twenty hours of supervised professional experience. At least forty percent of the supervisee's time shall be in direct contact with clients or patients. The supervisor shall ensure that the telepractice supervision is conducted using secure, confidential real-time visual telecommunication technology.

6. The supervised professional experience as described in this subsection is completed within thirty-six consecutive months.

7. The applicant provides from the training organization a written training plan that describes the goals and content of the training experience and documents that clear expectations existed for the breadth, depth and quality and quantity of a trainee's work at the time of the supervised professional experience.

H. In meeting the supervised preinternship professional experience as described in subsection E of this section and the supervised professional experience as described in subsections F and G of this section, an applicant shall not receive credit for more than forty hours of experience per week.

I. An applicant who does not satisfy the supervised professional experience requirements of subsection F of this section may qualify on demonstration of twenty years' licensed or certified practice as a psychologist in a jurisdiction of the United States or Canada.

J. An applicant who does not satisfy the supervised preinternship professional experience requirements of subsection E of this section or the supervised professional experience requirements of subsection G of this section, or a combination of subsections E and G of this section, may qualify on demonstration of ten years' licensed or certified practice as a psychologist in a jurisdiction of the United States or Canada.

K. The applicant shall complete a residency at the institution that awarded the applicant's doctoral degree. The residency shall require the following:

1. The student's active participation and involvement in learning.

2. Direct regular contact with faculty and other matriculated doctoral students.

3. Eighteen semester hours or thirty quarter hours or thirty-six trimester hours completed within a twelve-month consecutive period at the institution or a minimum of three hundred hours of student-faculty contact that involves face-to-face educational meetings conducted by the institution's psychology faculty and fully documented by the institution and the student. These meetings shall include interaction between the student and faculty and the student and other students and shall relate to the program content areas specified in subsection A, paragraph 4 of this section. These meetings shall be in addition to the supervised preinternship professional experience, clerkship or externship supervision hours

or dissertation hours. On request by the board, the applicant shall obtain documentation from the institution showing how the applicant's performance was assessed and documented.

L. To determine whether an applicant satisfies the requirements of subsection A of this section relating to subject areas in applied psychology, the board may require the applicant to complete a respecialization program in a program or professional school of psychology that has either an established American psychological association accredited doctoral program in clinical or counseling psychology or school or educational psychology or an established doctoral program that meets board rules. The applicant must also:

1. Meet all of the requirements of the new respecialization area. The board shall give the applicant credit for coursework that the applicant has previously successfully completed and that meets the requirements of subsection A, paragraph 4 of this section.

2. Complete one thousand five hundred hours of supervised professional experience as prescribed in subsection F of this section.

3. Present a certificate or letter from the department head, training director or dean that verifies that the applicant completed the program and that identifies the specialty area of applied psychology the applicant completed.

M. For the purposes of subsection A, paragraph 4 of this section, "other suitable means" means that an applicant demonstrates competence by being a diplomate of the American board of professional psychology or, if an applicant fails to demonstrate completion of coursework in two content areas prescribed in subsection A, paragraph 4 of this section, the applicant has fulfilled the two deficient requirements by successfully passing a graduate course in each deficient content area as a nonmatriculated student in a doctoral level psychology program at a university that is accredited pursuant to subsection A, paragraph 1 of this section.

32-2071.01. Requirements for licensure; remediation; credentials

A. An applicant for licensure shall demonstrate to the board's satisfaction that the applicant:

1. Has met the education and training qualifications for licensure prescribed in section 32-2071 or subsection D of this section.

2. Has passed any examination or examinations required by section 32-2072.

3. Has a professional record that indicates that the applicant has not committed any act or engaged in any conduct that constitutes grounds for disciplinary action against a licensee pursuant to this chapter.

4. Has not had a license or a certificate to practice psychology refused, revoked, suspended or restricted by a state, territory, district or country for reasons that relate to unprofessional conduct.

5. Has not voluntarily surrendered a license in another regulatory jurisdiction in the United States or Canada while under investigation for conduct that relates to unprofessional conduct.

6. Does not have a complaint, allegation or investigation pending before another regulatory jurisdiction in the United States or Canada that relates to unprofessional conduct.

7. Beginning January 1, 2022, has applied for a fingerprint clearance card pursuant to title 41, chapter 12, article 3.1.

B. If the board finds that an applicant committed an act or engaged in conduct that would constitute grounds for disciplinary action in this state, or if the board or any jurisdiction has taken disciplinary action against an applicant, the board may issue a license if the board first determines to its satisfaction that the

act or conduct has been corrected, monitored or resolved. If the act or conduct has not been resolved before issuing a license, the board must determine to its satisfaction that mitigating circumstances exist that prevent its resolution.

C. An applicant for licensure meets the requirements of section 32-2071, subsection A, paragraphs 1, 2, 3, 4, 5, 6 and 8 if the applicant earned a doctoral degree from a program that was accredited by the American psychological association, office of program consultation and accreditation, or the psychological clinical science accreditation system at the time of graduation.

D. An applicant for licensure who is licensed to practice psychology at the independent level in another licensing jurisdiction of the United States or Canada meets the requirements of subsection A, paragraph 1 of this section if the applicant meets any of the following requirements:

1. Holds a certificate of professional qualification in psychology in good standing issued by the association of state and provincial psychology boards or its successor.

2. Is currently credentialed by the national register of health service providers in psychology or its successor and submits evidence of having practiced psychology independently at the doctoral level for a minimum of five years.

3. Is a diplomate of the American board of professional psychology.

32-2072. Examinations; exemptions

A. An applicant for licensure must pass the examination for professional practice in psychology, which is the national examination established by the association of state and provincial psychology boards. An applicant is considered to have passed the national examination if the applicant's score equals or exceeds either:

1. Seventy per cent on the written examination.

2. A scaled score of five hundred on the computer-based examination.

B. The board may implement an additional examination for all applicants to cover areas of professional ethics and practice consistent with the applicant's education and experience, state law relating to the practice of psychology or other areas the board determines are suitable.

C. An applicant may not take an examination administered for or by the board until the applicant completes the education requirements of this article. The board may approve an applicant who has obtained a doctoral degree in psychology as required under section 32-2071 to take the national examination before completing the experience requirements of this article. Except as provided in subsection D of this section, an applicant may not take an additional board examination until the applicant passes the national examination. An applicant who fails the national examination administered for or by any jurisdiction three times is not eligible to take that examination again until the applicant meets additional requirements prescribed by the board.

D. An applicant is exempt from taking the national examination administered pursuant to this section if the applicant either:

1. Is a diplomate of the American board of professional psychology.

2. Holds a certificate of professional qualification in psychology in good standing issued by the association of state and provincial psychology boards or its successor.

32-2073. Temporary licenses; inactive status; reinstatement to active status

A. If the board requires an additional examination, it may issue a temporary license to a psychologist licensed or certified under the laws of another jurisdiction, if the psychologist applies to the board for licensure and meets the educational, experience and first examination requirements of this article.

B. The board may issue a temporary license to an individual who submits an application for temporary licensure, who is working under supervision for postdoctoral experience and who meets the requirements of section 32-2071, subsections A, B, C and D, as applicable. The individual's postdoctoral experience must meet the requirements of section 32-2071, subsection G. The applicant shall submit the written training plan for the supervised professional experience required in section 32-2071, subsection G, paragraph 7 as part of the application for the temporary license.

C. A temporary license issued pursuant to subsection A of this section is effective from the date that the application is approved until the last day of the month in which the applicant receives the results of the additional examination as provided in section 32-2072.

D. A temporary license issued pursuant to subsection A of this section shall not be extended, renewed, reissued or allowed to continue in effect beyond the period authorized by this section.

E. A temporary license issued pursuant to subsection B of this section is effective for thirty-six months after the date the application is approved and is subject to an initial license fee pursuant to section 32-2067, subsection A, paragraph 4. A temporary license is not subject to renewal.

F. Denial of an application for licensure terminates a temporary license.

G. The board may place on inactive status and waive the license renewal fee requirements for a person who is temporarily or permanently unable to practice as a psychologist due to physical or mental incapacity or disability. An initial request for the waiver of renewal fees shall be accompanied by the renewal fee for an active license, which the board shall return if the waiver is granted. The board shall judge each request for the waiver of renewal fees on its own merits and may seek the verification it deems necessary to substantiate the facts of the situation. A psychologist who is retired is exempt from paying the renewal fee. A psychologist may request voluntary inactive status by submitting to the board an application on a form prescribed by the board and an affirmation that the psychologist shall not practice as a psychologist in this state for the duration of the voluntary inactive status and paying the required fee.

H. A psychologist who is on any form of inactive status shall renew the inactive status every two years by submitting a renewal form provided by the board and paying any applicable fee. A notice to renew is fully effective by mailing the renewal application to the licensee's last known address of record in the board's file. Notice is complete at the time of its deposit in the mail. A psychologist on inactive status due to physical or mental incapacity or disability or retirement shall use the term "inactive" to describe the person's status and shall not practice as a psychologist.

I. A psychologist on inactive status may request reinstatement of the license to active status by applying to the board. The board shall determine whether the person has been or is in violation of any provisions of this chapter and whether the person has maintained and updated the person's professional knowledge and capability to practice as a psychologist. The board may require the person to take or retake the licensure examinations and may require other knowledge or skill training experiences. If approved for active status, the person shall pay a renewal fee that equals the renewal fee for the license to be reinstated.

J. Beginning January 1, 2022, an applicant for a temporary license pursuant to this section shall have applied for a fingerprint clearance card pursuant to title 41, chapter 12, article 3.1.

32-2074. Active license; issuance; renewal; expiration; continuing education; cancellation of active license

A. If the applicant satisfies all of the requirements for licensure pursuant to this chapter, the board shall issue an active license and shall prorate the fee for issuing that license for the period remaining until the last day of the birth month of the applicant of the next odd-numbered year or even-numbered year pursuant to subsection B, paragraph 1 or 2 of this section.

B. Except as provided in section 32-4301, a person holding an active or an inactive license shall apply to renew the license on or before the last day of the birth month of the licensee every other year as follows:

1. In each odd-numbered year, if the licensee holds an odd-numbered license.

2. In each even-numbered year, if the licensee holds an even-numbered license.

C. The application shall include any applicable renewal fee. Except as provided in section 32-4301 or 41-1092.11, a license expires if the licensee fails to renew the license on or before the last day of the licensee's birth month of the licensee's renewal year pursuant to subsection B of this section. A licensee may reinstate an expired license by paying a reinstatement fee within two months after the last day of the licensee's birth month in that year. Beginning two months after the last day of the licensee's birth month during the licensee's renewal year until the last day of the licensee's birth month the following year, a licensee may reinstate the license by paying a reinstatement fee and providing proof of competency and qualifications to the board. This proof may include continuing education, an oral examination, a written examination or an interview with the board. A licensee whose license is not reinstated within a year after the last day of the licensee's birth month of the licensee's renewal year may reapply for licensure as prescribed by this chapter. A notice to renew is fully effective by mailing or electronically providing the notice to the licensee's last known address of record or last known email address of record in the board's file. Notice is complete at the time of deposit in the mail or when the email is sent.

D. A person renewing a license shall attach to the completed renewal form a report of disciplinary actions or restrictions placed against the license by another state licensing or disciplinary board or disciplinary actions or sanctions imposed by a state or national psychology ethics committee or health care institution. The report shall include the name and address of the sanctioning agency or health care institution, the nature of the action taken and a general statement of the charges leading to the action.

E. A person who renews an active license to practice psychology in this state shall satisfy a continuing education requirement designed to provide the necessary understanding of current developments, skills, procedures or treatment related to the practice of psychology in the amount and during the period the board prescribes. The board shall prescribe documentation requirements.

F. On request of an active licensee, the board may cancel the license if the licensee is not presently under investigation by the board and the board has not initiated any disciplinary proceeding against the licensee.

G. A person who applies for an initial renewal of a license pursuant to this section on or after January 1, 2022 shall possess or have applied for a fingerprint clearance card pursuant to title 41, chapter 12, article 3.1.

32-2075. Exemptions from licensure

A. This chapter does not limit the activities, services and use of a title by the following:

1. A school psychologist who is employed by or contracted to provide services in a common school, high school, charter school or other educational institution setting that serves pupils in prekindergarten or kindergarten programs or any of grades one through twelve and who is certified to use that title by the department of education if the services or activities are a part of the duties of that person's employment or contract with the common school, high school, charter school or other educational institution setting.

2. An employee of a government agency in a subdoctorate position who uses the word "assistant" or "associate" after the title and who is supervised by a doctorate position employee who is licensed as a psychologist, including a temporary licensee.

3. A student of psychology who is pursuing an official course of graduate study at an educational institution accredited as provided in section 32-2071, if after the title the word "trainee", "intern" or "extern" appears and the student uses the title only in conjunction with activities and services that are a part of the supervised program.

4. A person who resides outside of this state and who is currently licensed or certified to practice psychology at the independent level by a licensing jurisdiction of the United States or Canada if the activities and services conducted in this state are within the psychologist's customary area of practice, do not exceed twenty days per year and are not otherwise in violation of this chapter and the client or patient, the public or the consumer is informed of the limited nature of these activities and services and that the psychologist is not licensed in this state. A person may exceed the twenty-day limit of this paragraph to assist in public service that is related to a disaster as acknowledged by the board.

5. A person who is employed by Arizona state university, northern Arizona university, the university of Arizona or another regionally accredited university in this state or who is in other institutional services if the services are a part of the faculty duties of that person's salaried position, with the exception of faculty providing direct services or faculty providing supervision of students providing direct services, and the person has received a doctoral degree as provided in section 32-2071.

6. A supervisee who is pursuing a supervised professional experience pursuant to section 32-2071, subsection G if the services or activities are provided under the direct supervision of a licensed psychologist who has been licensed or certified for at least two years and who is competent in the areas of professional practice in which the supervisee is receiving supervised professional experience, if clients or patients are informed of the training nature of the services provided and if the supervisee has a title that designates that person's training status.

B. This chapter does not prevent a member of other recognized professions that are licensed, certified or regulated under the laws of this state from rendering services within that person's scope of practice and code of ethics if that person does not claim to be a psychologist.

32-2076. Unauthorized practice of medicine

This chapter does not authorize a person to engage in any manner in the practice of medicine pursuant to chapter 13, 17 or 29 of this title, except that a person licensed as provided in this chapter may diagnose, treat and correct human conditions ordinarily within the scope of the practice of a psychologist.

32-2081. Grounds for disciplinary action; duty to report; immunity; proceedings; board action; notice requirements; civil penalty

A. The board, on its own motion, may investigate evidence that appears to show that a psychologist is psychologically incompetent, guilty of unprofessional conduct or mentally or physically unable to safely engage in the practice of psychology. A health care institution shall, and any other person may, report to the board information that appears to show that a psychologist is psychologically incompetent, guilty of unprofessional conduct or mentally or physically unable to safely engage in the practice of psychology.

B. The board shall not consider a complaint against a psychologist arising out of a judicially ordered evaluation, treatment or psychoeducation of a person charged with violating any provision of title 13, chapter 14 to present a charge of unprofessional conduct unless the court ordering the evaluation has found a substantial basis to refer the complaint for consideration by the board.

C. A claim of unprofessional conduct brought on or after July 3, 2015 against a psychologist arising out of court-ordered services shall be independently reviewed by three members of the board, including a public member. Each of the three board members who are reviewing the claim shall independently provide the board's executive director a recommendation indicating whether the member believes there is merit to open an investigation. If one or more of the board members who are reviewing the claim determine that there is merit to open an investigation as a complaint, an investigation shall be opened and shall follow the complaint process pursuant to this article.

D. The board may not consider a complaint for administrative action if the complaint is filed against a person who is a licensed psychologist and who is a member of the board or a staff member of the board or who is acting as an agent of or consultant to the board if the complaint relates to the person's performance of board duties.

E. The board shall notify the psychologist about whom information has been received as to the content of the information within one hundred twenty days after receiving the information. A person who reports or provides information to the board in good faith is not subject to an action for civil damages. The board, if requested, shall not disclose the name of the person providing information unless this information is essential to proceedings conducted pursuant to this section. The board shall report a health care institution that fails to report as required by this section to the institution's licensing agency.

F. A health care institution shall inform the board if the privileges of a psychologist to practice in that institution are denied, revoked, suspended or limited because of actions by the psychologist that appear to show that that person is psychologically incompetent, guilty of unprofessional conduct or mentally or physically unable to safely engage in the practice of psychology, along with a general statement of the reasons that led the health care institution to take this action. A health care institution shall inform the board if a psychologist under investigation resigns the psychologist's privileges or if a psychologist resigns in lieu of disciplinary action by the health care institution. Notification shall include a general statement of the reasons for the resignation.

G. The board may require the licensee to undergo any combination of mental, physical or psychological competence examinations at the licensee's expense and shall conduct investigations necessary to determine the competence and conduct of the licensee.

H. The chairperson of the board shall appoint a complaint screening committee of not less than three members of the board, including a public member. The complaint screening committee is subject to open meeting requirements pursuant to title 38, chapter 3, article 3.1. Except as provided in subsection I of this section, the complaint screening committee shall review all complaints and, based on the information provided pursuant to subsection A or F of this section, may take either of the following actions:

1. Dismiss the complaint if the committee determines that there is no evidence of a violation of law or community standards of practice. Complaints dismissed by the complaint screening committee shall not be disclosed in response to a telephone inquiry or placed on the board's website.

2. Refer the complaint to the full board for further review and action.

I. If the board finds, based on the information it receives under subsection A or F of this section, that the public health, safety or welfare requires emergency action, the board may order a summary suspension of a license pending proceedings for revocation or other action. If the board issues this order, it shall serve the licensee with a written notice of complaint and formal hearing pursuant to title 41, chapter 6, article 10, setting forth the charges made against the licensee and the licensee's right to a formal hearing before the board or an administrative law judge within sixty days.

J. If the board finds that the information provided pursuant to subsection A or F of this section is not of sufficient seriousness to merit direct action against the licensee, it may take any of the following actions:

1. Dismiss if the board believes there is no evidence of a violation of law or community standards of practice.

2. File a letter of concern.

3. Issue a nondisciplinary order requiring the licensee to complete a prescribed number of hours of continuing education in an area or areas prescribed by the board to provide the licensee with the necessary understanding of current developments, skills, procedures or treatment.

K. If the board believes the information provided pursuant to subsection A or F of this section is or may be true, the board may request an informal interview with the psychologist. If the licensee refuses to be interviewed or if pursuant to an interview the board determines that cause may exist to revoke or suspend the license, the board shall issue a formal complaint and hold a hearing pursuant to title 41, chapter 6, article 10. If as a result of an informal interview or a hearing the board determines that the facts do not warrant revocation or suspension of the license, the board may take any of the following actions:

1. Dismiss if the board believes there is no evidence of a violation of law or community standards of practice.

2. File a letter of concern.

3. Issue a decree of censure.

4. Fix a period and terms of probation best adapted to protect the public health and safety and to rehabilitate or educate the psychologist. Probation may include temporary suspension for a period of not more than twelve months, restriction of the license or restitution of fees to a client or patient resulting from violations of this chapter. If a licensee fails to comply with a term of probation, the board may file a complaint and notice of hearing pursuant to title 41, chapter 6, article 10 and take further disciplinary action.

5. Enter into an agreement with the licensee to restrict or limit the licensee's practice or activities in order to rehabilitate the psychologist, protect the public and ensure the psychologist's ability to safely engage in the practice of psychology.

6. Issue a nondisciplinary order requiring the licensee to complete a prescribed number of hours of continuing education in an area or areas prescribed by the board to provide the licensee with the necessary understanding of current developments, skills, procedures or treatment.

L. If the board finds that the information provided pursuant to subsection A or F of this section warrants suspension or revocation of a license, the board shall hold a hearing pursuant to title 41, chapter 6, article 10. Notice of a complaint and hearing is fully effective by mailing a true copy to the licensee's last known address of record in the board's files. Notice is complete at the time of its deposit in the mail.

M. The board may impose a civil penalty of at least $300 but not more than $3,000 for each violation of this chapter or a rule adopted under this chapter. The board shall deposit, pursuant to sections 35-146 and 35-147, all monies it collects from civil penalties pursuant to this subsection in the state general fund.

N. If the board determines after a hearing that a licensee has committed an act of unprofessional conduct, is mentally or physically unable to safely engage in the practice of psychology or is psychologically incompetent, it may do any of the following in any combination and for any period of time it determines necessary:

1. Suspend or revoke the license.

2. Censure the licensee.

3. Place the licensee on probation.

O. A licensee may submit a written response to the board within thirty days after receiving a letter of concern. The response is a public document and shall be placed in the licensee's file.

P. A letter of concern is a public document and may be used in future disciplinary actions against a psychologist. A decree of censure is an official action against the psychologist's license and may include a requirement that the licensee return fees to a client or patient.

Q. Except as provided in section 41-1092.08, subsection H or for a decision made pursuant to subsection C of this section, a person may appeal a final decision made pursuant to this section to the superior court pursuant to title 12, chapter 7, article 6.

R. If during the course of an investigation the board determines that a criminal violation may have occurred involving the delivery of psychological services, it shall inform the appropriate criminal justice agency.

S. If the board finds that it can take rehabilitative or disciplinary action at any time during the investigative or disciplinary process, the board may enter into a consent agreement with the psychologist to limit or restrict the psychologist's practice or to rehabilitate the psychologist in order to protect the public and ensure the psychologist's ability to safely engage in the practice of psychology. The board may also require the psychologist to successfully complete a board-approved rehabilitative, retraining or assessment program at the psychologist's expense.

T. A psychologist who conducts an independent psychological examination pursuant to section 23-1026 is not subject to a complaint of unprofessional conduct unless the complaint alleges unprofessional conduct based on an act other than a disagreement with the findings and opinions expressed by the psychologist as a result of the examination.

32-2082. Right to examine and copy evidence; subpoenas; right to counsel; appeal

A. In connection with an investigation conducted pursuant to this chapter, at all reasonable times the board and its authorized agents may examine and copy documents, reports, records and other physical evidence wherever located relating to the licensee's professional competence, unprofessional conduct or mental or physical ability to safely practice psychology.

B. The board and its authorized agents may issue subpoenas to compel the attendance and testimony of witnesses and the production of documents and other physical evidence as prescribed in subsection A of this section. The board may petition the superior court to enforce a subpoena.

C. Within five days of receiving a subpoena, a person may petition the board to revoke, limit or modify the subpoena. The board shall take this action if it determines that the evidence demanded is not relevant to the investigation. The person may petition the superior court for this relief without first petitioning the board.

D. A person appearing before the board or its authorized agents may be represented by an attorney.

E. Documents associated with an investigation are not open to the public and shall remain confidential. No documents may be released without a court order compelling their production.

F. Nothing in this section or any other provision of law making communications between a psychologist and client or patient privileged applies to an investigation conducted pursuant to this chapter. The board, its employees and its agents shall keep in confidence the names of clients or patients whose records are reviewed during an investigation.

32-2083. Injunction

A. The board may petition the superior court for an order to enjoin the following:

1. A person not licensed pursuant to this chapter from practicing psychology.

2. The activities of a licensee that are an immediate threat to the public.

3. Criminal activities.

B. If the board seeks an injunction to stop the unlicensed practice of psychology, it is sufficient to charge that the respondent on a certain day in a specific county engaged in the practice of psychology without a license and without being exempt from the licensure requirements of this chapter. It is not necessary to show specific damages or injury.

C. The issuance of an injunction does not limit the board's authority to take other action against a licensee pursuant to this chapter.

32-2084. Violations; classification

A. It is a class 2 misdemeanor for a person not licensed pursuant to this chapter to engage in the practice of psychology.

B. It is a class 2 misdemeanor for any person to:

1. Secure a license to practice psychology pursuant to this chapter by fraud or deceit.

2. Impersonate a member of the board in order to issue a license to practice psychology.

C. It is a class 2 misdemeanor for a person not licensed pursuant to this chapter to:

1. Use the designation "psychology", "psychological" or "psychologist".

2. Use any combination of words, initials and symbols that leads the public to believe the person is licensed to practice psychology in this state.

D. It is a class 2 misdemeanor for a person not licensed or not exempt from licensure pursuant to this chapter to use the designation "psychotherapist" or other derivation of the root word "psycho".

32-2085. Confidential communications

A. The confidential relations and communication between a client or patient and a psychologist licensed pursuant to this chapter, including temporary licensees, are placed on the same basis as those provided by law between an attorney and client. Unless the client or patient waives the psychologist-client privilege in writing or in court testimony, a psychologist shall not voluntarily or involuntarily divulge information that is received by reason of the confidential nature of the psychologist's practice. The psychologist shall divulge to the board information it requires in connection with any investigation, public hearing or other proceeding. The psychologist-client privilege does not extend to cases in which the psychologist has a duty to report information as required by law.

B. The psychologist shall ensure that client or patient records and communications are treated by clerical and paraprofessional staff at the same level of confidentiality and privilege required of the psychologist.

32-2086. Treatment and rehabilitation program

A. The board may establish a confidential program for the treatment and rehabilitation of psychologists who are impaired. The treatment and rehabilitation may include education, intervention, therapeutic treatment and posttreatment monitoring and support. The licensee is responsible for the costs associated with the treatment and rehabilitation, including monitoring.

B. The board may contract with other organizations to operate the program established pursuant to subsection A of this section. A contract with a private organization shall include the following requirements:

1. Periodic reports to the board regarding treatment program activity.

2. Release to the board on demand of all treatment records.

3. Quarterly reports to the board regarding each psychologist's diagnosis, prognosis and recommendations for continuing care, treatment and supervision.

4. Immediate reporting to the board of the name of an impaired psychologist whom the treating organization believes to be a danger to the public or to the psychologist.

5. Reports to the board, as soon as possible, of the name of a psychologist who refuses to submit to treatment or whose impairment is not substantially alleviated through treatment.

C. The board may allocate an amount of not more than twenty dollars from each fee it collects from the biennial renewal of active licenses pursuant to section 32-2067 for the operation of the program established by this section.

D. A psychologist who is impaired and who does not agree to enter into a stipulated order with the board shall be placed on probation or shall be subject to other action as provided by law.

E. In order to determine that a psychologist who has been placed on a probation order or who has entered into a stipulation order pursuant to this section is not impaired by alcohol or illegal substances after that order is no longer in effect, the board or its designee may require the psychologist to submit to bodily fluid examinations and other examinations known to detect the presence of alcohol or illegal substances at any time within the five consecutive years following termination of the probationary or stipulated order.

F. A psychologist who is impaired by alcohol or illegal substances and who was under a board stipulation or probationary order that is no longer in effect must ask the board to place the psychologist's license on inactive status with cause. If the psychologist fails to do this, the board shall summarily suspend the license pursuant to section 32-2081. In order to reactivate the license the psychologist must successfully complete a board approved long-term care residential treatment program, an inpatient hospital treatment program or an intensive outpatient treatment program and shall meet the requirements of section 32-2074. After the psychologist completes treatment the board shall determine if it should reactivate the license without restrictions or refer the matter to a formal hearing for the purpose of suspending or revoking the license or to place the psychologist on probation with restrictions necessary to ensure the public's safety.

G. The board may revoke the license of a psychologist if that psychologist is impaired by alcohol or illegal substances and was previously placed on probation pursuant to subsection F of this section. If the licensee is no longer on probation, the board may accept the surrender of the license if the psychologist admits in writing to being impaired by alcohol or illegal substances.

H. An evaluator, treatment provider, teacher, supervisor or volunteer in the board's substance abuse treatment and rehabilitation program who acts in good faith within the scope of that program is not subject to civil liability, including malpractice liability, for the actions of a psychologist who is attending the program pursuant to board action.

32-2087. Psychology interjurisdictional compact

ARTICLE I

PURPOSE

Whereas, states license psychologists in order to protect the public through verification of education, training and experience and to ensure accountability for professional practice; and

Whereas, this compact is intended to regulate the day-to-day practice of telepsychology, which is the provision of psychological services using telecommunication technologies, by psychologists across state boundaries in the performance of their psychological practice as assigned by an appropriate authority; and

Whereas, this compact is intended to regulate the temporary in-person, face-to-face practice of psychology by psychologists across state boundaries for thirty days within a calendar year in the performance of their psychological practice as assigned by an appropriate authority;

Whereas, this compact is intended to authorize state psychology regulatory authorities to afford legal recognition, in a manner consistent with the terms of the compact, to psychologists licensed in another state;

Whereas, this compact recognizes that states have a vested interest in protecting the public's health and safety through their licensing and regulation of psychologists and that such state regulation will best protect public health and safety;

Whereas, this compact does not apply when a psychologist is licensed in both the home and receiving states; and

Whereas, this compact does not apply to permanent in-person, face-to-face practice, but it does allow for authorization of temporary psychological practice.

Consistent with these principles, this compact is designed to achieve the following purposes and objectives:

1. Increase public access to professional psychological services by allowing for telepsychological practice across state lines as well as temporary in-person, face-to-face services into a state where the psychologist is not licensed to practice psychology;

2. Enhance the states' ability to protect the public's health and safety, especially client/patient safety;

3. Encourage the cooperation of compact states in the areas of psychology licensure and regulation;

4. Facilitate the exchange of information between compact states regarding psychologist licensure, adverse actions and disciplinary history;

5. Promote compliance with the laws governing psychological practice in each compact state; and

6. Invest all compact states with the authority to hold licensed psychologists accountable through the mutual recognition of compact state licenses.

ARTICLE II

DEFINITIONS

As used in this compact:

A. "Adverse action" means any action that is taken by a state psychology regulatory authority that finds a violation of a statute or regulation, that is identified by the state psychology regulatory authority as discipline and that is a matter of public record.

B. "Association of state and provincial psychology boards" or "ASPPB" means the recognized membership organization composed of state and provincial psychology regulatory authorities responsible for the licensure and registration of psychologists throughout the United States and Canada.

C. "Authority to practice interjurisdictional telepsychology" means a licensed psychologist's authority to practice telepsychology, within the limits authorized under this compact, in another compact state.

D. "Bylaws" means those bylaws established by the psychology interjurisdictional compact commission pursuant to article X of this compact for its governance or for directing and controlling its actions and conduct.

E. "Client/patient" means the recipient of psychological services, whether psychological services are delivered in the context of health care, corporate, supervision or consulting services.

F. "Commissioner" means the voting representative appointed by each state psychology regulatory authority pursuant to article X of this compact.

G. "Compact state" means a state, the District of Columbia, or a United States territory that has enacted this compact legislation and that has not withdrawn pursuant to article XIII, subsection C or been terminated pursuant to article XII, subsection B.

H. "Confidentiality" means the principle that data or information is not made available or disclosed to unauthorized persons or processes.

I. "Coordinated licensure information system" or "coordinated database" means an integrated process for collecting, storing and sharing information on psychologists' licensure and enforcement activities related to psychology licensure laws that is administered by the recognized membership organization composed of state and provincial psychology regulatory authorities.

J. "Day" means any part of a day in which psychological work is performed.

K. "Distant state" means the compact state where a psychologist is physically present, not through the use of telecommunications technologies, to provide temporary in-person, face-to-face psychological services.

L. "E.Passport" means a certificate issued by the association of state and provincial psychology boards that promotes the standardization in the criteria of interjurisdictional telepsychology practice and facilitates the process for licensed psychologists to provide telepsychological services across state lines.

M. "Executive board" means a group of directors elected or appointed to act on behalf of, and within the powers granted to them by, the commission.

N. "Home state" means a compact state where a psychologist is licensed to practice psychology. if the psychologist is licensed in more than one compact state and is practicing under the authorization to practice interjurisdictional telepsychology, the home state is the compact state where the psychologist is physically present when the telepsychological services are delivered. If the psychologist is licensed in more than one compact state and is practicing under the temporary authorization to practice, the home state is any compact state where the psychologist is licensed.

O. "Identity history summary" means a summary of information retained by the federal bureau of investigation or another designee with similar authority in connection with arrests and in some instances, federal employment, naturalization or military service.

P. "In-person, face-to-face" means interactions in which the psychologist and the client/patient are in the same physical space and does not include interactions that may occur through the use of telecommunication technologies.

Q. "Interjurisdictional practice certificate" or "IPC" means a certificate issued by the association of state and provincial psychology boards that grants temporary authority to practice based on notification to the state psychology regulatory authority of intention to practice temporarily, and verification of one's qualifications for such practice.

R. "License" means authorization by a state psychology regulatory authority to engage in the independent practice of psychology, which would be unlawful without the authorization.

S. "Non-compact state" means any state that is not at the time a compact state.

T. "Psychologist" means an individual who is licensed for the independent practice of psychology.

U. "Psychology interjurisdictional compact commission" or "commission" means the national administration of which all compact states are members.

V. "Receiving state" means a compact state where the client/patient is physically located when the telepsychological services are delivered.

W. "Rule" means a written statement by the psychology interjurisdictional compact commission promulgated pursuant to article XI of this compact that is of general applicability, that implements, interprets or prescribes a policy or provision of the compact or an organizational, procedural or practice requirement of the commission and that has the force and effect of statutory law in a compact state, and includes the amendment, repeal or suspension of an existing rule.

X. "Significant investigatory information" means either of the following:

1. Investigative information that a state psychology regulatory authority, after a preliminary inquiry that includes notification and an opportunity to respond if required by state law, has reason to believe, if proven true, would indicate more than a violation of state statute or ethics code that would be considered more substantial than a minor infraction.

2. Investigative information that indicates that the psychologist represents an immediate threat to public health and safety regardless of whether the psychologist has been notified or had an opportunity to respond.

Y. "State" means a state, commonwealth, territory or possession of the United States or the District of Columbia.

Z. "State psychology regulatory authority" means the board, office or other agency with the legislative mandate to license and regulate the practice of psychology.

AA. "Telepsychology" means the provision of psychological services using telecommunication technologies.

BB. "Temporary authorization to practice" means a licensed psychologist's authority to conduct temporary in-person, face-to-face practice, within the limits authorized under this compact, in another compact state.

CC. "Temporary in-person, face-to-face practice" means that a psychologist is physically present, not through the use of telecommunications technologies, in the distant state to provide for the practice of psychology for thirty days within a calendar year, based on notification to the distant state.

ARTICLE III

HOME STATE LICENSURE

A. The home state shall be a compact state where a psychologist is licensed to practice psychology.

B. A psychologist may hold one or more compact state licenses at a time. If the psychologist is licensed in more than one compact state, the home state is the compact state where the psychologist is physically present when the services are delivered as authorized by the authority to practice interjurisdictional telepsychology under the terms of this compact.

C. Any compact state may require a psychologist who has not been previously licensed in a compact state to obtain and retain a license to be authorized to practice in the compact state under circumstances not authorized by the authority to practice interjurisdictional telepsychology under the terms of this compact.

D. Any compact state may require a psychologist to obtain and retain a license to be authorized to practice in a compact state under circumstances not authorized by temporary authorization to practice under the terms of this compact.

E. A home state's license authorizes a psychologist to practice in a receiving state under the authority to practice interjurisdictional telepsychology only if the compact state:

1. Currently requires the psychologist to hold an active E.Passport;

2. Has a mechanism in place for receiving and investigating complaints about licensed individuals;

3. Notifies the commission, in compliance with the terms in this compact, of any adverse action or significant investigatory information regarding a licensed individual;

4. Requires an identity history summary of all applicants at initial licensure, including the use of the results of fingerprints or other biometric data checks compliant with the requirements of the federal bureau of investigation or another designee with similar authority, no later than ten years after activation of the compact; and

5. Complies with the bylaws and rules of the commission.

F. A home state's license grants temporary authorization to practice to a psychologist in a distant state only if the compact state:

1. Currently requires the psychologist to hold an active IPC;

2. Has a mechanism in place for receiving and investigating complaints about licensed individuals;

3. Notifies the commission, in compliance with the terms in this compact, of any adverse action or significant investigatory information regarding a licensed individual;

4. Requires an identity history summary of all applicants at initial licensure, including the use of the results of fingerprints or other biometric data checks compliant with the requirements of the federal bureau of investigation or another designee with similar authority, no later than ten years after activation of the compact; and

5. Complies with the bylaws and rules of the commission.

ARTICLE IV

COMPACT PRIVILEGE TO PRACTICE TELEPSYCHOLOGY

A. Compact states shall recognize the right of a psychologist who is licensed in a compact state in conformance with article III of this compact to practice telepsychology in other compact states, or receiving states, in which the psychologist is not licensed, under the authority to practice interjurisdictional telepsychology as provided in this compact.

B. To exercise the authority to practice interjurisdictional telepsychology under the terms and provisions of this compact, a psychologist licensed to practice in a compact state must meet all of the following:

1. Hold a graduate degree in psychology from an institute of higher education that was, at the time the degree was awarded:

(a) Regionally accredited by an accrediting body recognized by the United States department of education to grant graduate degrees or authorized by provincial statute or royal charter to grant doctoral degrees; or

(b) A foreign college or university deemed to be equivalent to subdivision (a) of this paragraph by a foreign credential evaluation service that is a member of the national association of credential evaluation services or by a recognized foreign credential evaluation service; and

2. Hold a graduate degree in psychology that meets the following criteria:

(a) The program, wherever it may be administratively housed, must be clearly identified and labeled as a psychology program. Such a program must specify in pertinent institutional catalogues and brochures its intent to educate and train professional psychologists;

(b) The psychology program must stand as a recognizable, coherent, organizational entity within the institution;

(c) There must be a clear authority and primary responsibility for the core and specialty areas whether or not the program cuts across administrative lines;

(d) The program must consist of an integrated, organized sequence of study;

(e) There must be an identifiable psychology faculty sufficient in size and breadth to carry out its responsibilities;

(f) The designated director of the program must be a psychologist and a member of the core faculty;

(g) The program must have an identifiable body of students who are matriculated in that program for a degree;

(h) The program must include supervised practicum, internship or field training appropriate to the practice of psychology;

(i) The curriculum shall encompass a minimum of three academic years of full-time graduate study for doctoral degrees and a minimum of one academic year of full-time graduate study for master's degrees;

(j) The program includes an acceptable residency as defined by the rules of the commission.

3. Possess a current, full and unrestricted license to practice psychology in a home state that is a compact state;

4. Have no history of adverse action that violates the rules of the commission;

5. Have no criminal record history reported on an identity history summary that violates the rules of the commission;

6. Possess a current, active E.Passport;

7. Provide attestations in regard to areas of intended practice, conformity with standards of practice, competence in telepsychology technology, criminal background and knowledge and adherence to legal requirements in the home and receiving states, and provide a release of information to allow for primary source verification in a manner specified by the commission; and

8. Meet other criteria as defined by the rules of the commission.

C. The home state maintains authority over the license of the psychologist practicing into a receiving state under the authority to practice telepsychology.

D. A psychologist practicing into a receiving state under the authority to practice interjurisdictional telepsychology will be subject to the receiving state's scope of practice. A receiving state may, in accordance with that state's due process law, limit or revoke a psychologist's authority to practice interjurisdictional telepsychology in the receiving state and may take any other necessary actions under the receiving state's applicable law to protect the health and safety of the receiving state's citizens. If a receiving state takes action, the state shall promptly notify the home state and the commission.

E. If a psychologist's license in any home state or another compact state, or any authority to practice interjurisdictional telepsychology in any receiving state, is restricted, suspended or otherwise limited, the E.Passport shall be revoked and the psychologist is not eligible to practice telepsychology in a compact state under the authority to practice interjurisdictional telepsychology.

ARTICLE V

COMPACT TEMPORARY AUTHORIZATION TO PRACTICE

A. Compact states shall also recognize the right of a psychologist who is licensed in a compact state in conformance with article III of this compact to practice temporarily in other compact states, or distant states, in which the psychologist is not licensed, as provided in this compact.

B. To exercise the temporary authorization to practice under the terms and provisions of this compact, a psychologist licensed to practice in a compact state must meet all of the following:

1. Hold a graduate degree in psychology from an institute of higher education that was, at the time the degree was awarded:

(a) Regionally accredited by an accrediting body recognized by the United States department of education to grant graduate degrees, or authorized by provincial statute or royal charter to grant doctoral degrees; or

(b) A foreign college or university deemed to be equivalent to subdivision (a) of this paragraph by a foreign credential evaluation service that is a member of the national association of credential evaluation services or by a recognized foreign credential evaluation service; and

2. Hold a graduate degree in psychology that meets the following criteria:

(a) The program, wherever it may be administratively housed, must be clearly identified and labeled as a psychology program. Such a program must specify in pertinent institutional catalogues and brochures its intent to educate and train professional psychologists;

(b) The psychology program must stand as a recognizable, coherent, organizational entity within the institution;

(c) There must be a clear authority and primary responsibility for the core and specialty areas whether or not the program cuts across administrative lines;

(d) The program must consist of an integrated, organized sequence of study;

(e) There must be an identifiable psychology faculty sufficient in size and breadth to carry out its responsibilities;

(f) The designated director of the program must be a psychologist and a member of the core faculty;

(g) The program must have an identifiable body of students who are matriculated in that program for a degree;

(h) The program must include supervised practicum, internship or field training appropriate to the practice of psychology;

(i) The curriculum shall encompass a minimum of three academic years of full-time graduate study for doctoral degrees and a minimum of one academic year of full-time graduate study for master's degrees;

(j) The program includes an acceptable residency as defined by the rules of the commission.

3. Possess a current, full and unrestricted license to practice psychology in a home state that is a compact state;

4. Have no history of adverse action that violates the rules of the commission;

5. Have no criminal record history that violates the rules of the commission;

6. Possess a current, active IPC;

7. Provide attestations in regard to areas of intended practice and work experience and provide a release of information to allow for primary source verification in a manner specified by the Commission; and

8. Meet other criteria as defined by the rules of the commission.

C. A psychologist practicing into a distant state under the temporary authorization to practice shall practice within the scope of practice authorized by the distant state.

D. A psychologist practicing into a distant state under the temporary authorization to practice will be subject to the distant state's authority and law. A distant state may, in accordance with that state's due process law, limit or revoke a psychologist's temporary authorization to practice in the distant state and may take any other necessary actions under the distant state's applicable law to protect the health and safety of the distant state's citizens. If a distant state takes action, the state shall promptly notify the home state and the commission.

E. If a psychologist's license in any home state or another compact state, or any temporary authorization to practice in any distant state, is restricted, suspended or otherwise limited, the IPC shall be revoked and the psychologist is not eligible to practice in a compact state under the temporary authorization to practice.

ARTICLE VI

CONDITIONS OF TELEPSYCHOLOGY PRACTICE

IN A RECEIVING STATE

A psychologist may practice in a receiving state under the authority to practice interjurisdictional telepsychology only in the performance of the scope of practice for psychology as assigned by an appropriate state psychology regulatory authority, as defined in the rules of the commission, and under the following circumstances:

1. The psychologist initiates a client/patient contact in a home state via telecommunications technologies with a client/patient in a receiving state;

2. Other conditions regarding telepsychology as determined by rules promulgated by the commission.

ARTICLE VII

ADVERSE ACTIONS

A. A home state shall have the power to impose adverse action against a psychologist's license issued by the home state. A distant state shall have the power to take adverse action on a psychologist's temporary authorization to practice within that distant state.

B. A receiving state may take adverse action on a psychologist's authority to practice interjurisdictional telepsychology within that receiving state. A home state may take adverse action against a psychologist based on an adverse action taken by a distant state regarding temporary in-person, face-to-face practice.

C. If a home state takes adverse action against a psychologist's license, that psychologist's authority to practice interjurisdictional telepsychology is terminated and the E.Passport is revoked. Furthermore, that psychologist's temporary authorization to practice is terminated and the IPC is revoked as follows:

1. All home state disciplinary orders that impose adverse action shall be reported to the commission in accordance with the rules promulgated by the commission. A compact state shall report adverse actions in accordance with the rules of the commission.

2. In the event discipline is reported on a psychologist, the psychologist will not be eligible for telepsychology or temporary in-person, face-to-face practice in accordance with the rules of the commission.

3. Other actions may be imposed as determined by the rules of the commission.

D. A home state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a licensee that occurred in a receiving state as it would if such conduct had occurred by a licensee within the home state. In such cases, the home state's law shall control in determining any adverse action against a psychologist's license.

E. A distant state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under temporary authorization practice which occurred in that distant state as it would if such conduct had occurred by a licensee within the home state. In such cases, the distant state's law shall control in determining any adverse action against a psychologist's temporary authorization to practice.

F. Nothing in this compact shall override a compact state's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the compact state's law. Compact states must require psychologists who enter any alternative programs to not provide telepsychology services under the authority to practice interjurisdictional telepsychology or provide temporary psychological services under the temporary authorization to practice in any other compact state during the term of the alternative program.

G. No other judicial or administrative remedies shall be available to a psychologist in the event a compact state imposes an adverse action pursuant to subsection C of this article.

ARTICLE VIII

ADDITIONAL AUTHORITIES INVESTED IN A COMPACT

STATE'S PSYCHOLOGY REGULATORY AUTHORITY

A. In addition to any other powers granted under state law, a compact state's psychology regulatory authority shall have the authority under this compact to:

1. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a compact state's psychology regulatory authority for the attendance and testimony of witnesses or the production of evidence from another compact state shall be enforced in the latter state by any court of competent jurisdiction, according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state psychology regulatory authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state where the witnesses or evidence are located; and

2. Issue cease and desist or injunctive relief orders to revoke a psychologist's authority to practice interjurisdictional telepsychology and/or temporary authorization to practice.

B. During the course of any investigation, a psychologist may not change the psychologist's home state licensure. A home state psychology regulatory authority is authorized to complete any pending investigations of a psychologist and to take any actions appropriate under its law. The home state psychology regulatory authority shall promptly report the conclusions of such investigations to the commission. Once an investigation has been completed, and pending the outcome of said investigation, the psychologist may change the psychologist's home state licensure. The commission shall promptly notify the new home state of any such decisions as provided in the rules of the commission. All information provided to the commission or distributed by compact states pursuant to the psychologist shall be confidential, filed under seal and used for investigatory or disciplinary matters. The commission may create additional rules for mandated or discretionary sharing of information by compact states.

ARTICLE IX

COORDINATED LICENSURE INFORMATION SYSTEM

A. The commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure and disciplinary action information on all psychologists or individuals to whom this compact is applicable in all compact states as defined by the rules of the commission.

B. Notwithstanding any other provision of state law to the contrary, a compact state shall submit a uniform data set to the coordinated database on all licensees as required by the rules of the commission, including:

1. Identifying information;

2. Licensure data;

3. Significant investigatory information;

4. Adverse actions against a psychologist's license;

5. An indicator that a psychologist's authority to practice interjurisdictional telepsychology and/or temporary authorization to practice is revoked;

6. Nonconfidential information related to alternative program participation information;

7. Any denial of application for licensure and the reasons for such denial; and

8. Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

C. The coordinated database administrator shall promptly notify all compact states of any adverse action taken against, or significant investigative information on, any licensee in a compact state.

D. Compact States reporting information to the coordinated database may designate information that may not be shared with the public without the express permission of the compact state reporting the information.

E. Any information submitted to the coordinated database that is subsequently required to be expunged by the law of the compact state reporting the information shall be removed from the coordinated database.

ARTICLE X

ESTABLISHMENT OF THE PSYCHOLOGY INTERJURISDICTIONAL

COMPACT COMMISSION

A. The compact states hereby create and establish a joint public agency known as the psychology interjurisdictional compact commission as follows:

1. The commission is a body politic and an instrumentality of the compact states.

2. Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

3. Nothing in this compact shall be construed to be a waiver of sovereign immunity.

B. Membership, Voting and Meetings are as follows:

1. The commission shall consist of one voting representative appointed by each compact state who shall serve as that state's commissioner. The state psychology regulatory authority shall appoint its delegate. This delegate shall be empowered to act on behalf of the compact state. This delegate shall be limited to:

(a) The executive director or executive secretary or a similar executive;

(b) A current member of the state psychology regulatory authority of a compact state; or

(c) A designee empowered with the appropriate delegate authority to act on behalf of the compact state.

2. Any commissioner may be removed or suspended from office as provided by the law of the state from which the commissioner is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the compact state in which the vacancy exists.

3. Each commissioner shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. A commissioner shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for commissioners' participation in meetings by telephone or other means of communication.

4. The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

5. All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in article XI of this compact.

6. The commission may convene in a closed, nonpublic meeting if the commission must discuss:

(a) Noncompliance of a compact state with its obligations under the compact;

(b) The employment, compensation, discipline or other personnel matters, practices or procedures related to specific employees or other matters related to the commission's internal personnel practices and procedures;

(c) Current, threatened or reasonably anticipated litigation against the commission;

(d) The negotiation of contracts for the purchase or sale of goods, services or real estate;

(e) An accusation against any person of a crime or formally censuring any person;

(f) The disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(g) The disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(h) The disclosure of investigatory records compiled for law enforcement purposes;

(i) The disclosure of information related to any investigatory reports prepared by or on behalf of or for use of the commission or another committee charged with responsibility for investigation or determination of compliance issues pursuant to the compact; or

(j) Matters specifically exempted from disclosure by federal and state statute.

7. If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, of any person participating in the meeting, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the commission or order of a court of competent jurisdiction.

C. The commission shall, by a majority vote of the commissioners, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this compact, including:

1. Establishing the fiscal year of the commission;

2. Providing reasonable standards and procedures:

(a) For the establishment and meetings of other committees; and

(b) Governing any general or specific delegation of any authority or function of the commission;

3. Providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals of such proceedings and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the commissioners vote to close a meeting to the public in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each commissioner with no proxy votes allowed;

4. Establishing the titles, duties and authority and reasonable procedures for the election of the officers of the commission;

5. Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar law of any compact state, the bylaws shall exclusively govern the personnel policies and programs of the commission;

6. Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees;

7. Providing a mechanism for concluding the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact and after the payment and/or reserving of all of its debts and obligations;

8. The commission shall publish its bylaws in a convenient form and file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the compact states;

9. The commission shall maintain its financial records in accordance with the bylaws; and

10. The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

D. The commission shall have the following powers:

1. To promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rule shall have the force and effect of law and shall be binding in all compact states;

2. To bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state psychology regulatory authority or other regulatory body responsible for psychology licensure to sue or be sued under applicable law shall not be affected;

3. To purchase and maintain insurance and bonds;

4. To borrow, accept or contract for services of personnel, including employees of a compact state;

5. To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact and establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel and other related personnel matters;

6. To accept any and all appropriate donations and grants of money, equipment, supplies, materials and services, and to receive, utilize and dispose of the same, provided that at all times the commission shall strive to avoid any appearance of impropriety or conflict of interest;

7. To lease, purchase, accept appropriate gifts or donations of, or otherwise own, hold, improve or use, any property, real, personal or mixed, provided that at all times the commission shall strive to avoid any appearance of impropriety;

8. To sell, convey, mortgage, pledge, lease, exchange, abandon or otherwise dispose of any property, real, personal or mixed;

9. To establish a budget and make expenditures;

10. To borrow money;

11. To appoint committees, including advisory committees composed of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this compact and the bylaws;

12. To provide and receive information from, and to cooperate with, law enforcement agencies;

13. To adopt and use an official seal; and

14. To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of psychology licensure, temporary in-person, face-to-face practice and telepsychology practice.

E. The elected officers shall serve as the executive board, which shall have the power to act on behalf of the commission according to the terms of this compact as follows:

1. The executive board shall be composed of the following six members:

(a) Five voting members who are elected from the current membership of the commission by the commission;

(b) One ex officio, nonvoting member from the recognized membership organization composed of state and provincial psychology regulatory authorities.

2. The ex officio member must have served as staff with or a member on a state psychology regulatory authority and will be selected by its respective organization.

3. The commission may remove any member of the executive board as provided in bylaws.

4. The Executive Board shall meet at least annually.

5. The executive board shall have the following duties and responsibilities:

(a) Recommend to the entire commission changes to the rules or bylaws, changes to this compact, fees paid by compact states such as annual dues, and any other applicable fees;

(b) Ensure compact administration services are appropriately provided, contractual or otherwise;

(c) Prepare and recommend the budget;

(d) Maintain financial records on behalf of the commission;

(e) Monitor compact compliance of member states and provide compliance reports to the commission;

(f) Establish additional committees as necessary; and

(g) Other duties as provided in rules or bylaws.

F. The financing of the commission shall be as follows:

1. The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization and ongoing activities.

2. The commission may accept any and all appropriate revenue sources, donations and grants of money, equipment, supplies, materials and services.

3. The commission may levy on and collect an annual assessment from each compact state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based on a formula to be determined by the commission, which shall promulgate a rule binding on all compact states.

4. The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same, nor shall the commission pledge the credit of any of the compact states, except by and with the authority of the compact state.

5. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

G. Qualified immunity, defense and indemnification provisions are as follows:

1. The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to

or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, except that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional or wilful or wanton misconduct of that person.

2. The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, except that nothing in this paragraph shall be construed to prohibit that person from retaining his or her own counsel, and provided further, that the actual or alleged act, error or omission did not result from that person's intentional or wilful or wanton misconduct.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, if the actual or alleged act, error or omission did not result from the intentional or wilful or wanton misconduct of that person.

ARTICLE XI

RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted under this article. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the compact states reject a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, that rule shall have no further force and effect in any compact state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted on, the commission shall file a notice of proposed rulemaking:

1. On the website of the commission; and

2. On the website of each compact state's psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

1. The proposed time, date and location of the meeting in which the rule will be considered and voted on;

2. The text of the proposed rule or amendment and the reason for the proposed rule;

3. A request for comments on the proposed rule from any interested person; and

4. The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five persons who submit comments independently of each other;

2. A governmental subdivision or agency; or

3. A duly appointed person in an association that has at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time and date of the scheduled public hearing. The following apply to a hearing:

1. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This paragraph does not preclude the commission from making a transcript or recording of the hearing if it so chooses.

4. Nothing in this subsection shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this subsection.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. The commission, by majority vote of all members, shall take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

K. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

L. On a determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably practicable but not later than ninety days after the effective date of the rule. For the purposes of this subsection, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety or welfare;

2. Prevent a loss of commission or compact state funds;

3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

ARTICLE XII

OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT

A. Oversight of the commission is as follows:

1. The executive, legislative and judicial branches of state government in each compact state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of this compact that may affect the powers, responsibilities or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact or promulgated rules.

B. Default, technical assistance and termination provisions are as follows:

1. If the commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(a) Provide written notice to the defaulting state and other compact states of the nature of the default, the proposed means of remedying the default or any other action to be taken by the commission; and

(b) Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to remedy the default, the defaulting state may be terminated from the compact on an affirmative vote of a majority of the compact states, and all rights, privileges and benefits conferred by this compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the commission to the Governor, the majority and minority leaders of the defaulting state's legislature and each of the compact states.

4. A compact state that has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

5. The commission shall not bear any costs incurred by the state that is found to be in default or that has been terminated from the compact, unless agreed on in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the United States district court for the state of Georgia or the federal district where the compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

C. Dispute resolution provisions are as follows:

1. On request by a compact state, the commission shall attempt to resolve disputes related to the compact which arise among compact states and between compact and non-compact states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.

D. Enforcement provisions are as follows:

1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States district court for the state of Georgia or the federal district where the compact has its principal offices against a compact state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

3. The remedies in this subsection are not the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

ARTICLE XIII

DATE OF IMPLEMENTATION OF THE PSYCHOLOGY

INTERJURISDICTIONAL COMPACT COMMISSION and

ASSOCIATED RULES, WITHDRAWAL AND AMENDMENTS

A. The compact shall take effect on the date on which the compact is enacted into law in the seventh compact state. The provisions that become effective at that time shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of this compact.

B. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any compact state may withdraw from this compact by enacting a statute repealing the same, subject to the following:

1. A compact state's withdrawal shall not take effect until six months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this compact before the effective date of withdrawal.

D. Nothing in this compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a non-compact state that does not conflict with the provisions of this compact.

E. This compact may be amended by the compact states. No amendment to this compact shall become effective and binding on any compact state until it is enacted into the law of all compact states.

ARTICLE XIV

CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact is held contrary to the constitution of any state member thereto, the compact remains in full force and effect as to the remaining compact states.

32-2087.01. Participation in compact as condition of employment; prohibition

An employer may not require a psychologist to seek licensure through the psychology interjurisdictional compact enacted by section 32-2087 as a condition of initial or continued employment as a psychologist in this state. An employer may require that a psychologist obtain and maintain a license to practice psychology in multiple states, if the psychologist is free to obtain and maintain the licenses by any means authorized by the laws of the respective states.

32-2087.02. Open meeting requirements

If a meeting, or a portion of a meeting, of the psychology interjurisdictional compact commission is closed pursuant to section 32-2087, article X, subsection B, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision consistent with title 38, chapter 3, article 3.1.

32-2087.03. State board of psychologist examiners; notice of commission actions

The state board of psychologist examiners, within thirty days after a psychology interjurisdictional compact commission action, shall post on the board's public website notice of any commission action that may affect a psychologist's license.

32-2091. Definitions

In this article, unless the context otherwise requires:

1. "Active license" means a current license issued by the board to a person licensed pursuant to this article.

2. "Adequate records" means records that contain, at a minimum, sufficient information to identify the client, the dates of service, the fee for service, the payments for service and the type of service given and copies of any reports that may have been made.

3. "Behavior analysis" means the design, implementation and evaluation of systematic environmental modifications by a behavior analyst to produce socially significant improvements in human behavior based on the principles of behavior identified through the experimental analysis of behavior. Behavior analysis does not include cognitive therapies or psychological testing, neuropsychology, psychotherapy, sex therapy, psychoanalysis, hypnotherapy and long-term counseling as treatment modalities.

4. "Behavior analysis services" means the use of behavior analysis to assist a person to learn new behavior, increase existing behavior, reduce existing behavior and emit behavior under precise environmental conditions. Behavior analysis includes behavioral programming and behavioral programs.

5. "Behavior analyst" means a person who is licensed pursuant to this article to practice behavior analysis.

6. "Client" means:

(a) A person or entity that receives behavior analysis services.

(b) A corporate entity, a governmental entity or any other organization that has a professional contract to provide services or benefits primarily to an organization rather than to an individual.

(c) An individual's legal guardian for decision making purposes, except that the individual is the client for issues that directly affect the individual's physical or emotional safety and issues that the legal guardian agrees to specifically reserve to the individual.

7. "Exploit" means an action by a behavior analyst who takes undue advantage of the professional association with a client, student or supervisee for the advantage or profit of the behavior analyst.

8. "Health care institution" means a facility that is licensed pursuant to title 36, chapter 4, article 1.

9. "Incompetent as a behavior analyst" means that a person who is licensed pursuant to article 4 of this chapter lacks the knowledge or skills of a behavior analyst to a degree that is likely to endanger the health of a client.

10. "Letter of concern" means an advisory letter to notify a licensee that while there is insufficient evidence to support disciplinary action the board believes the licensee should modify or eliminate certain practices and that continuation of the activities that led to the information being submitted to the board may result in action against the license.

11. "Supervisee" means a person who acts under the extended authority of a behavior analyst to provide behavioral services and includes a person who is in training to provide these services.

12. "Unprofessional conduct" includes the following activities, whether occurring in this state or elsewhere:

(a) Obtaining a fee by fraud or misrepresentation.

(b) Betraying professional confidences.

(c) Making or using statements of a character tending to deceive or mislead.

(d) Aiding or abetting a person who is not licensed pursuant to this article in representing that person as a behavior analyst.

(e) Gross negligence in the practice of a behavior analyst.

(f) Sexual intimacies or sexual intercourse with a current client or a supervisee or with a former client within two years after the cessation or termination of treatment. For the purposes of this subdivision, "sexual intercourse" has the same meaning prescribed in section 13-1401.

(g) Engaging or offering to engage as a behavior analyst in activities that are not congruent with the behavior analyst's professional education, training and experience.

(h) Failing or refusing to maintain and retain adequate business, financial or professional records pertaining to the behavior analysis services provided to a client.

(i) Committing a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case, conviction by a court of competent jurisdiction or a plea of no contest is conclusive evidence of the commission.

(j) Making a fraudulent or untrue statement to the board or its investigators, staff or consultants.

(k) Violating any federal or state law that relates to the practice of behavior analysis or to obtain a license to practice behavior analysis.

(l) Practicing behavior analysis while impaired or incapacitated to the extent and in a manner that jeopardizes the welfare of a client or renders the services provided ineffective.

(m) Using fraud, misrepresentation or deception to obtain or attempt to obtain a behavior analysis license or to pass or attempt to pass a behavior analysis licensing examination or in assisting another person to do so.

(n) Unprofessional conduct in another jurisdiction that resulted in censure, probation or a civil penalty or in the denial, suspension, restriction or revocation of a certificate or license to practice as a behavior analyst.

(o) Providing services that are unnecessary or unsafe or otherwise engaging in activities as a behavior analyst that are unprofessional by current standards of practice.

(p) Falsely or fraudulently claiming to have performed a professional service, charging for a service or representing a service as the licensee's own if the licensee has not rendered the service or assumed supervisory responsibility for the service.

(q) Representing activities or services as being performed under the licensee's supervision if the behavior analyst has not assumed responsibility for them and has not exercised control, oversight and review.

(r) Failing to obtain a client's informed and written consent to release personal or otherwise confidential information to another party unless the release is otherwise authorized by law.

(s) Failing to make client records in the behavior analyst's possession promptly available to another behavior analyst on receipt of proper authorization to do so from the client, a minor client's parent, the client's legal guardian or the client's authorized representative or failing to comply with title 12, chapter 13, article 7.1.

(t) Failing to take reasonable steps to inform or protect a client's intended victim and inform the proper law enforcement officials if the behavior analyst becomes aware during the course of providing or supervising behavior analysis services that a client intends or plans to inflict serious bodily harm on another person.

(u) Failing to take reasonable steps to protect a client if the behavior analyst becomes aware during the course of providing or supervising behavior analysis services that a client intends or plans to inflict serious bodily harm on self.

(v) Abandoning or neglecting a client in need of immediate care without making suitable arrangements for continuation of the care.

(w) Engaging in direct or indirect personal solicitation of clients through the use of coercion, duress, undue influence, compulsion or intimidation practices.

(x) Engaging in false, deceptive or misleading advertising.

(y) Exploiting a client, student or supervisee.

(z) Failing to report information to the board regarding a possible act of unprofessional conduct committed by another behavior analyst who is licensed pursuant to this article unless this reporting violates the behavior analyst's confidential relationship with a client pursuant to this article. A behavior

analyst who reports or provides information to the board in good faith is not subject to an action for civil damages.

(aa) Violating a formal board order, consent agreement, term of probation or stipulated agreement issued under this article.

(bb) Failing to furnish information in a timely manner to the board or its investigators or representatives if requested or subpoenaed by the board as prescribed by this article.

(cc) Failing to make available to a client or to the client's designated representative, on written request, a copy of the client's record, excluding raw test data, psychometric testing materials and other information as provided by law.

(dd) Violating an ethical standard adopted by the board.

(ee) Representing oneself as a psychologist or permitting others to do so if the behavior analyst is not also licensed as a psychologist pursuant to this chapter.

32-2091.01. Fees

A. The board, by a formal vote, shall establish fees for the following relating to the licensure of behavior analysts:

1. An application for an active license.

2. An application for a temporary license.

3. Renewal of an active license.

4. Issuance of an initial license.

B. The board may charge additional fees for services it deems necessary and appropriate to carry out this article. These fees shall not exceed the actual cost of providing the service.

C. The board shall not refund fees except as otherwise provided in this article. On special request and for good cause, the board may return the license renewal fee.

32-2091.02. Qualifications of applicant

A person who wishes to practice as a behavior analyst must be licensed pursuant to this article. An applicant for licensure must meet all of the following requirements:

1. Submit an application as prescribed by the board.

2. Be at least twenty-one years of age.

3. Pay all applicable fees prescribed by the board.

4. Have the physical and mental capability to safely and competently engage in the practice of behavior analysis.

5. Not have committed any act or engaged in any conduct that would constitute grounds for disciplinary action against a licensee pursuant to this article.

6. Not have had a professional license or certificate refused, revoked, suspended or restricted in any regulatory jurisdiction in the United States or in another country for reasons that relate to unprofessional conduct. If the board finds that the applicant committed an act or engaged in conduct that would constitute grounds for disciplinary action in this state, the board shall determine to its satisfaction that the

conduct has been corrected, monitored and resolved. If the matter has not been resolved, the board shall determine to its satisfaction that mitigating circumstances exist that prevent its resolution.

7. Not have voluntarily surrendered a license or certificate in another regulatory jurisdiction in the United States or in another country while under investigation for reasons that relate to unprofessional conduct. If another jurisdiction has taken disciplinary action against an applicant, the board shall determine to its satisfaction that the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the board shall determine to its satisfaction that mitigating circumstances exist that prevent its resolution.

8. Not have a complaint, allegation or investigation pending before another regulatory jurisdiction in the United States or another country that relates to unprofessional conduct. If an applicant has any such complaints, allegations or investigations pending, the board shall suspend the application process and may not issue or deny a license to the applicant until the complaint, allegation or investigation is resolved.

9. Beginning January 1, 2022, have applied for a fingerprint clearance card pursuant to title 41, chapter 12, article 3.1.

32-2091.03. Educational and training standards for licensure

A. An applicant for licensure as a behavior analyst must meet standards adopted by the state board of psychologist examiners, including meeting graduate-level education and supervised experience requirements and passing a national examination. The state board of psychologist examiners shall adopt standards consistent with the standards set by a nationally recognized behavior analyst certification board, except that:

1. The number of hours required for supervised experience must be at least one thousand five hundred hours of supervised work experience.

2. If the experience was obtained in a state that licensed behavior analysts at the time of the supervised work experience, the supervisor must be licensed in the state where the behavior analysis trainee services were provided.

B. The standards adopted for supervised experience must also be consistent with the standards set by a nationally recognized behavior analyst certification board. If the state board of psychologist examiners does not agree with a standard set by a nationally recognized behavior analyst certification board, the state board may adopt an alternate standard.

32-2091.04. Reciprocity

The board may issue a license to a person as a behavior analyst if the person is licensed or certified by a regulatory agency of another state that imposes requirements that are substantially equivalent to those imposed by this article at an equivalent or higher practice level as determined by the board, pays the fee prescribed by the board and meets all of the following requirements:

1. Submits a written application prescribed by the board.

2. Documents to the board's satisfaction proof of initial licensure or certification at an equivalent designation for which the applicant is seeking licensure in this state and proof that the license or certificate is current and in good standing.

3. Documents to the board's satisfaction proof that any other license or certificate issued to the applicant by another state has not been suspended or revoked. If a licensee or certificate holder has been subjected to any other disciplinary action, the board may assess the magnitude of that action and make a decision regarding reciprocity based on this assessment.

4. Meets any other requirements prescribed by the board by rule.

32-2091.06. Temporary licenses; inactive status; reinstatement to active status

A. If the board requires an additional examination, it may issue a temporary license to a behavior analyst who is licensed or certified under the laws of another jurisdiction if the behavior analyst applies to the board for licensure and meets the educational, experience and first examination requirements of this article.

B. A temporary license issued pursuant to this section is effective from the date the application is approved until the last day of the month in which the applicant receives the results of the additional examination.

C. The board shall not extend, renew or reissue a temporary license or allow it to continue in effect beyond the period authorized by this section.

D. The board's denial of an application for licensure terminates a temporary license.

E. The board may place on inactive status and waive the license renewal fee requirements for a person who is temporarily or permanently unable to practice as a behavior analyst due to physical or mental incapacity or disability. An initial request for the waiver of renewal fees shall be accompanied by the renewal fee for an active license, which the board shall return if the waiver is granted. The board shall judge each request for the waiver of renewal fees on its own merits and may seek the verification it deems necessary to substantiate the facts of the situation. A behavior analyst who is retired is exempt from paying the renewal fee. A behavior analyst may request voluntary inactive status by submitting to the board an application on a form prescribed by the board and an affirmation that the behavior analyst will not practice as a behavior analyst in this state for the duration of the voluntary inactive status and by paying the required fee as prescribed by the board by rule.

F. A behavior analyst who is on any form of inactive status shall renew the inactive status every two years by submitting a renewal form provided by the board and paying any applicable fee as prescribed by the board by rule. A notice to renew is fully effective by mailing the renewal application to the licensee's last known address of record in the board's file. Notice is complete at the time of its deposit in the mail. A behavior analyst who is on inactive status due to physical or mental incapacity or disability or retirement shall use the term "inactive" to describe the person's status and shall not practice as a behavior analyst.

G. A behavior analyst on inactive status may request reinstatement of the license to active status by applying to the board. The board shall determine whether the person has been or is in violation of any provisions of this article and whether the person has maintained and updated the person's professional knowledge and capability to practice as a behavior analyst. The board may require the person to take or retake the licensure examinations and may require other knowledge or skill training experiences. If approved for active status, the person shall pay a renewal fee that equals the renewal fee for the license to be reinstated.

H. Beginning January 1, 2022, an applicant for a temporary license pursuant to this section shall have applied for a fingerprint clearance card pursuant to title 41, chapter 12, article 3.1.

32-2091.07. Active license; issuance; renewal; expiration; continuing education

A. If the applicant satisfies all of the requirements for licensure pursuant to this article, the board shall issue an active license and shall prorate the fee for issuing that license for the period remaining until the last day of the birth month of the applicant of the next odd-numbered year or even-numbered year pursuant to subsection B, paragraph 1 or 2 of this section.

B. A person holding an active or inactive license shall apply to renew the license on or before the last day of the birth month of the licensee every other year as follows:

1. In each odd-numbered year, if the licensee holds an odd-numbered license.

2. In each even-numbered year, if the licensee holds an even-numbered license.

C. The application shall include any applicable renewal fee as prescribed by the board by rule. Except as provided in section 32-4301 or 41-1092.11, a license expires if the licensee fails to renew the license on or before the last day of the licensee's birth month of the licensee's renewal year pursuant to subsection B of this section. A licensee may reinstate an expired license by paying a reinstatement fee as prescribed by the board by rule within two months after the last day of the licensee's birth month of that year. Beginning two months after the last day of the licensee's birth month during the licensee's renewal year until the last day of the licensee's birth month the following year, a licensee may reinstate the license by paying a reinstatement fee as prescribed by the board by rule and providing proof of competency and qualifications to the board. This proof may include continuing education, an oral examination, a written examination or an interview with the board. A licensee whose license is not reinstated within a year after the last day of the licensee's birth month of the licensee's renewal year may reapply for licensure as prescribed by this article. A notice to renew is fully effective by mailing or electronically providing the notice to the licensee's last known address of record or last known email address of record in the board's file. Notice is complete at the time of deposit in the mail or when the email is sent.

D. A person renewing a license shall attach to the completed renewal form a report of disciplinary actions or restrictions placed against the license by another state licensing or disciplinary board or disciplinary actions or sanctions imposed by a state or national behavior analysis ethics committee or health care institution. The report shall include the name and address of the sanctioning agency or health care institution, the nature of the action taken and a general statement of the charges leading to the action.

E. A person who renews an active license to practice behavior analysis in this state shall satisfy a continuing education requirement designed to provide the necessary understanding of current developments, skills, procedures or treatment related to the practice of behavior analysis in the amount and during the period the board prescribes. The board shall prescribe documentation requirements.

F. A person who applies for an initial renewal of a license pursuant to this section on or after January 1, 2022 shall possess or have applied for a fingerprint clearance card pursuant to title 41, chapter 12, article 3.1.

32-2091.08. Exemptions from licensure

A. This article does not limit the activities, services and use of a title by the following:

1. A behavior analyst who is employed in a common school, high school or charter school setting and who is certified to use that title by the department of education if the services or activities are a part of the duties of that person's common school, high school or charter school employment.

2. An employee of a government agency in a subdoctorate position who uses the word "assistant" or "associate" after the title and who is supervised by a doctorate position employee who is licensed as a behavior analyst, including a temporary licensee.

3. A matriculated graduate student, or a trainee whose activities are part of a defined behavior analysis program of study, practicum, intensive practicum or supervised independent fieldwork. The practice under this paragraph requires direct supervision consistent with the standards set by a nationally recognized behavior analyst certification board, as determined by the state board of psychologist examiners. A student or trainee may not claim to be a behavior analyst and must use a title that clearly indicates the person's training status, such as "behavior analysis student" or "behavior analysis trainee".

4. A person who resides outside of this state and who is currently licensed or certified as a behavior analyst in that state if the activities and services conducted in this state are within the behavior analyst's customary area of practice, do not exceed twenty days per year and are not otherwise in violation of this article and the client, public or consumer is informed of the limited nature of these activities and services and that the behavior analyst is not licensed in this state.

5. A person in the employ of Arizona state university, northern Arizona university, the university of Arizona or another regionally accredited university in this state if the services are a part of the faculty duties of that person's salaried position and the person is participating in a graduate program.

6. A noncredentialed individual who delivers applied behavior analysis services under the extended authority and direction of a licensed behavior analyst. The individual may not claim to be a professional behavior analyst and must use a title indicating the person's nonprofessional status, such as "ABA technician", "behavior technician" or "tutor".

B. This article does not prevent a member of other recognized professions who is licensed, certified or regulated under the laws of this state from rendering services within that person's scope of practice and code of ethics if that person does not claim to be a behavior analyst.

32-2091.09. Grounds for disciplinary action; duty to report; immunity; proceedings; board action; notice requirements; civil penalty

A. The board on its own motion may investigate evidence that appears to show that a behavior analyst is incompetent as a behavior analyst, guilty of unprofessional conduct or mentally or physically unable to safely engage in the practice of behavior analysis. A health care institution shall, and any other person may, report to the board information that appears to show that a behavior analyst is incompetent as a behavior analyst, guilty of unprofessional conduct or mentally or physically unable to safely engage in the practice of behavior analysis. The board shall notify the licensee about whom information has been received as to the content of the information within one hundred twenty days after receiving the information. A person who reports or provides information to the board in good faith is not subject to an action for civil damages. The board, if requested, shall not disclose the name of the person providing information unless this information is essential to proceedings conducted pursuant to this section. The board shall report a health care institution that fails to report as required by this section to the institution's licensing agency.

B. A health care institution shall inform the board if the privileges of a licensee to practice in that institution are denied, revoked, suspended or limited because of actions by the licensee that appear to show that the person is incompetent as a behavior analyst, guilty of unprofessional conduct or mentally or physically unable to safely engage in the practice of behavior analysis, along with a general statement of the reasons that led the health care institution to take this action. A health care institution shall inform the board if a licensee under investigation resigns the licensee's privileges or if a licensee resigns in lieu of disciplinary action by the health care institution. Notification must include a general statement of the reasons for the resignation.

C. The board may require the licensee to undergo any combination of mental, physical or psychological competence examinations at the licensee's expense and shall conduct investigations necessary to determine the competence and conduct of the licensee.

D. Except as provided in subsection E of this section, the committee on behavior analysts shall review all complaints against behavior analysts and, based on the information provided pursuant to subsection A or B of this section, shall submit its recommendations to the full board.

E. If the board finds, based on the information it receives under subsection A or B of this section, that the public health, safety or welfare requires emergency action, the board may order a summary suspension of

a license pending proceedings for revocation or other action. If the board issues this order, the board shall serve the licensee with a written notice of complaint and formal hearing pursuant to title 41, chapter 6, article 10, setting forth the charges made against the licensee and the licensee's right to a formal hearing before the board or an administrative law judge within sixty days. The board shall notify the committee on behavior analysts of any action taken pursuant to this subsection.

F. If the board finds that the information provided pursuant to subsection A or B of this section is not of sufficient seriousness to merit direct action against the licensee, the board may take any of the following actions:

1. Dismiss if the board believes the information is without merit.

2. File a letter of concern.

3. Issue a nondisciplinary order requiring the licensee to complete a prescribed number of hours of continuing education in an area or areas prescribed by the board to provide the licensee with the necessary understanding of current developments, skills, procedures or treatment.

G. If the board believes the information provided pursuant to subsection A or B of this section is or may be true, the board may request an informal interview with the licensee. If the licensee refuses to be interviewed or if pursuant to an interview the board determines that cause may exist to revoke or suspend the license, the board shall issue a formal complaint and hold a hearing pursuant to title 41, chapter 6, article 10. If as a result of an informal interview or a hearing the board determines that the facts do not warrant revocation or suspension of the license, the board may take any of the following actions:

1. Dismiss if the board believes the information is without merit.

2. File a letter of concern.

3. Issue a decree of censure.

4. Fix a period and terms of probation best adapted to protect the public health and safety and to rehabilitate or educate the licensee. Probation may include temporary suspension for not more than twelve months, restriction of the license or restitution of fees to a client resulting from violations of this article. If a licensee fails to comply with a term of probation, the board may file a complaint and notice of hearing pursuant to title 41, chapter 6, article 10 and take further disciplinary action.

5. Enter into an agreement with the licensee to restrict or limit the licensee's practice or activities in order to rehabilitate the licensee, protect the public and ensure the licensee's ability to safely engage in the practice of behavior analysis.

6. Issue a nondisciplinary order requiring the licensee to complete a prescribed number of hours of continuing education in an area or areas prescribed by the board to provide the licensee with the necessary understanding of current developments, skills, procedures or treatment.

H. If the board finds that the information provided pursuant to subsection A or B of this section warrants suspension or revocation of a license, the board shall hold a hearing pursuant to title 41, chapter 6, article 10. Notice of a complaint and hearing is fully effective by mailing a true copy to the licensee's last known address of record in the board's files. Notice is complete at the time of its deposit in the mail.

I. The board may impose a civil penalty of at least $300 but not more than $3,000 for each violation of this article or a rule adopted under this article. The board shall deposit, pursuant to sections 35-146 and 35-147, all monies it collects from civil penalties pursuant to this subsection in the state general fund.

J. If the board determines after a hearing that a licensee has committed an act of unprofessional conduct, is mentally or physically unable to safely engage in the practice of behavior analysis or is incompetent as

a behavior analyst, the board may do any of the following in any combination and for any period of time it determines necessary:

1. Suspend or revoke the license.

2. Censure the licensee.

3. Place the licensee on probation.

K. A licensee may submit a written response to the board within thirty days after receiving a letter of concern. The response is a public document and shall be placed in the licensee's file.

L. A letter of concern is a public document and may be used in future disciplinary actions against a licensee. A decree of censure is an official action against the behavior analyst's license and may include a requirement that the licensee return fees to a client.

M. Except as provided in section 41-1092.08, subsection H, a person may appeal a final decision made pursuant to this section to the superior court pursuant to title 12, chapter 7, article 6.

N. If during the course of an investigation the board determines that a criminal violation may have occurred involving the delivery of behavior analysis services, it shall inform the appropriate criminal justice agency.

32-2091.10. Right to examine and copy evidence; subpoenas; right to counsel; confidentiality

A. In connection with an investigation conducted pursuant to this article, at all reasonable times the board and its authorized agents may examine and copy documents, reports, records and other physical evidence wherever located relating to the licensee's professional competence, unprofessional conduct or mental or physical ability to safely practice behavior analysis.

B. The board and its authorized agents may issue subpoenas to compel the attendance and testimony of witnesses and the production of documents and other physical evidence as prescribed in subsection A. The board may petition the superior court to enforce a subpoena.

C. Within five days of receiving a subpoena, a person may petition the board to revoke, limit or modify the subpoena. The board shall take this action if it determines that the evidence demanded is not relevant to the investigation. The person may petition the superior court for this relief without first petitioning the board.

D. A person appearing before the board or its authorized agents may be represented by an attorney.

E. Documents associated with an investigation are not open to the public and shall remain confidential. Documents may not be released without a court order compelling their production.

F. This section or any other provision of law making communications between a behavior analyst and client privileged does not apply to an investigation conducted pursuant to this article. The board, its employees and its agents shall keep in confidence the names of clients whose records are reviewed during an investigation.

32-2091.11. Injunction

A. The board may petition the superior court for an order to enjoin the following:

1. A person who is not licensed pursuant to this article from practicing behavior analysis.

2. The activities of a licensee that are an immediate threat to the public.

3. Criminal activities.

B. If the board seeks an injunction to stop the unlicensed practice of behavior analysis, it is sufficient to charge that the respondent on a certain day in a specific county engaged in the practice of behavior analysis without a license and without being exempt from the licensure requirements of this article. It is not necessary to show specific damages or injury.

C. The issuance of an injunction does not limit the board's authority to take other action against a licensee pursuant to this article.

32-2091.12. Violations; classification

A. It is a class 2 misdemeanor for a person who is not licensed pursuant to this article to engage in the practice of behavior analysis.

B. It is a class 2 misdemeanor for any person to:

1. Secure a license to practice pursuant to this article by fraud or deceit.

2. Impersonate a member of the board in order to issue a license to practice pursuant to this article.

C. It is a class 2 misdemeanor for a person who is not licensed pursuant to this article to use any combination of words, initials and symbols that leads the public to believe the person is licensed to practice behavior analysis in this state.

32-2091.13. Confidential communications

A. The confidential relations and communications between a client and a person who is licensed pursuant to this article, including temporary licensees, are placed on the same basis as those provided by law between an attorney and client. Unless the client waives the behavior analyst-client privilege in writing or in court testimony, a behavior analyst shall not voluntarily or involuntarily divulge information that is received by reason of the confidential nature of the behavior analyst's practice. The behavior analyst shall divulge to the board information it requires in connection with any investigation, public hearing or other proceeding. The behavior analyst-client privilege does not extend to cases in which the behavior analyst has a duty to report information as required by law.

B. The behavior analyst shall ensure that client records and communications are treated by clerical and paraprofessional staff at the same level of confidentiality and privilege required of the behavior analyst.

32-2091.14. Status as behavioral health professional

Notwithstanding any law to the contrary, the Arizona health care cost containment system administration shall recognize a behavior analyst who is licensed pursuant to this article as a behavioral health professional who is eligible for reimbursement of services.

32-2091.15. Committee on behavior analysts; membership; duties; board responsibilities

A. The committee on behavior analysts is established within the state board of psychologist examiners consisting of five members who are appointed by the governor and who serve at the pleasure of the governor. Each member shall serve for a term of five years beginning and ending on the third Monday in January. A committee member may not serve more than two full consecutive terms.

B. All members of the committee shall be licensed behavior analysts in professional practice, two of whom shall be members of the board. The committee shall annually elect a chairperson from among its membership.

C. Within one year after their initial appointment to the committee, members shall receive at least five hours of training prescribed by the board that includes instruction in ethics and open meeting requirements.

D. Committee members shall receive reimbursement of all expenses pursuant to title 38, chapter 4, article 2.

E. The committee shall make recommendations to the board on all matters relating to the licensing and regulation of behavior analysts. The committee may recommend regulatory changes to the board that are not specific to an individual licensee, but the committee shall obtain public input from behavior analyst licensees or their designated representatives before making any final recommendation to the board.

# GOVERNOR'S REGULATORY REVIEW COUNCIL

## ATTORNEY MEMORANDUM - REGULAR RULEMAKING

---

**MEETING DATE: July 1, 2025**

**TO:** Members of the Governor's Regulatory Review Council (Council)

**FROM:** Council Staff

**DATE:** June 10, 2025

**SUBJECT:** **BOARD OF PHYSICAL THERAPY**
Title 4, Chapter 24, Articles 1-4

**Amend:** R4-24-101; R4-24-104; R4-24-107; R4-24-201; R4-24-202; R4-24-203; R4-24-204; R4-24-205; R4-24-207; R4-24-208; R4-24-209; Table 1; R4-24-210; R4-24-211; R4-24-302; R4-24-303; R4-24-304; R4-24-305; R4-24-306; R4-24-308; R4-24-309; R4-24-310; R4-24-311; R4-24-312; R4-24-313; R4-24-401; R4-24-402; R4-24-403

---

**Summary:**

This regular rulemaking from the Board of Physical Therapy (Board) seeks to amend twenty-seven (27) rules and one (1) table in Title 4, Chapter 24, Articles 1 through 4 regarding General Provisions, Licensing Provision, Practice of Physical Therapy, and Continuing Competence, respectively. Specifically, the Board is seeking to address the issues identified in a Five-Year Review Report approved by the Council on April 1, 2025. In particular, the Board is updating the ethics materials incorporated by reference in R4-24-101.

Additionally, relying on the authority provided under A.R.S. §§ 32-2022(B)(7) and 32-2025(D), the Board is removing clinical performance instruments from materials incorporated by reference and will approve available instruments on a case-by-case basis. The Board concluded this flexibility is necessary because multiple entities have expressed the intent to

develop clinical performance instruments and because some current instruments are available only online.

Finally, under Laws 2024, Chapter 236, the Legislature changed certification of physical therapist assistants to licensure. This change ricochets throughout existing rules. Additional changes are made to be consistent with statute and agency practice.

**1. Are the rules legal, consistent with legislative intent, and within the agency's statutory authority?**

The Board cites both general and specific statutory authority for these rules.

**2. Do the rules establish a new fee or contain a fee increase?**

This rulemaking does not establish a new fee or contain a fee increase.

**3. Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?**

The Board indicates it did not review any study relevant to this rulemaking.

**4. Summary of the agency's economic impact analysis:**

The Board is completing a rulemaking that addresses the issues identified in a 5YRR approved by the Council on December 3, 2019; brings rules in compliance with changes under Laws 2024, Chapter 236; and updates rules to be consistent with industry and agency practice. The Board believes the rulemaking has minimal economic impact since, according to the Board, the updated materials incorporated by reference or approved by the Board simply make the rules consistent with current industry standards. In its reasoning, the Board also states that other changes make the rules consistent with Board practice or legislative change.

**5. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The Board determined that the rules are neither intrusive nor costly and therefore did not consider alternatives. The Board states it is the only state agency affected by the rulemaking and that it incurred the cost of completing the rulemaking and will incur the cost of implementing and enforcing the rule changes. The Board believes these rule amendments will benefit the agency, business entities, and licensees, and that these benefits will outweigh the costs, which are, according to the Board, largely administrative and minimal.

**6. What are the economic impacts on stakeholders?**

The Board indicates that there is minimal economic impact on small businesses and licensees. The Board believes that, besides paying minimal administrative costs to be compliant

with the rulemaking, small businesses will benefit from no longer paying the duplicate license registration fee, and from having a clearer understanding that complaints can be made against business entities. The Board believes that licensees will also benefit from saving the duplicate license registration cost and from the ease to move from one state to another given rules that are consistent with industry practice. Specifically for the duplicate registration savings, the Board estimates that repealing the charge for a duplicate license or registration would have saved licensees and registrants $1,600 during the last year if it had been in effect.

**7. Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?**

The Board indicates there were no changes between the Notice of Proposed Rulemaking published in the Administrative Register on November 29, 2024 and the Notice of Final Rulemaking now before the Council for consideration.

**8. Does the agency adequately address the comments on the proposed rules and any supplemental proposals?**

The Board indicates it received no public comments related to this rulemaking.

**9. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

Pursuant to A.R.S. § 41-1037(A), if an agency proposes an amendment to an existing rule that requires the issuance of a regulatory permit, license, or agency authorization, the agency shall use a general permit, as defined by A.R.S. § 41-1001(12), if the facilities, activities or practices in the class are substantially similar in nature unless certain exceptions apply.

A.R.S. § 41-1001(12) defines "general permit" to mean "a regulatory permit, license or agency authorization that is for facilities, activities or practices in a class that are substantially similar in nature and that is issued or granted by an agency to a qualified applicant to conduct identified operations or activities if the applicant meets the applicable requirements of the general permit, that requires less information than an individual or traditional permit, license or authorization and that does not require a public hearing."

The Board indicates it does not issue general permits. Rather, the Board states it issues individual licenses as required by the Board's statutes to each person that is qualified by statute (*See* A.R.S. § 32-2022) and rule. As such, the issuance of an alternative type of permit, license or authorization is specifically authorized by state statute. *See* A.R.S. § 41-1037(A)(2). Council staff believes the Board is in compliance with A.R.S. § 41-1037.

**10. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Board indicates there is no corresponding federal law.

## 11. Conclusion

This regular rulemaking from the Board seeks to amend twenty-seven (27) rules and one (1) table in Title 4, Chapter 24, Articles 1 through 4 regarding General Provisions, Licensing Provision, Practice of Physical Therapy, and Continuing Competence, respectively. Specifically, the Board is seeking to address the issues identified in a Five-Year Review Report approved by the Council on April 1, 2025 by updating the ethics materials incorporated by reference in R4-24-101. Additionally, the Board is removing clinical performance instruments from materials incorporated by reference and will approve available instruments on a case-by-case basis. Finally, under Laws 2024, Chapter 236, the Legislature changed certification of physical therapist assistants to licensure. This change ricochets throughout existing rules. Additional changes are made to be consistent with statute and agency practice.

The Board is seeking the standard 60-day delayed effective date pursuant to A.R.S. § 41-1032(A).

Council staff recommends approval of this rulemaking.

JUDY CHEPEUS
Executive Director

April 28, 2025

Ms. Jessica Klein, Chair
The Governor's Regulatory Review Council
100 North 15th Avenue, Ste. 305
Phoenix, AZ 85007

**Re: A.A.C. Title 4. Professions and Occupations**
**Chapter 24. Board of Physical Therapy**

Dear Ms. Klein:

The attached final rule package is submitted for review and approval by the Council. The following information is provided for Council's use in reviewing the rule package:

A. Close of record date: The rulemaking record was closed on January 10, 2025, following a period for public comment and an oral proceeding. This rule package is being submitted within the 120 days provided by A.R.S. § 41-1024(B).

B. Relation of the rulemaking to a five-year-review report: The rulemaking relates to a 5YRR approved by the Council on April 1, 2025.

C. New fee: The rulemaking does not establish a new fee.

D. Fee increase: The rulemaking does not increase an existing fee.

E. Immediate effective date: An immediate effective date is not requested.

F. Certification regarding studies: I certify that the preamble accurately discloses the Board did not review any studies in its evaluation of or justification for the rule in this rulemaking.

G. Certification that the preparer of the EIS notified the JLBC of the number of new full-time employees necessary to implement and enforce the rule: I certify that the rule in this rulemaking will not require a state agency to employ a new full-time employee. No notification was provided to JLBC.

H. List of documents enclosed:
1. Cover letter signed by the Executive Director;
2. Notice of Final Rulemaking including the preamble, table of contents, and rule text;
3. Economic, Small Business, and Consumer Impact Statement;

Sincerely,

Judy Chepeus

Judy Chepeus
Executive Director

**3. Citations to the agency's statutory rulemaking authority to include the authorizing statute (general) and the implementing statute (specific):**

Authorizing statute: A.R.S. § 32-2003(A)(5)
Implementing statute: A.R.S. § 32-2003(A)(1), 32-2022(B)(7) and (D), and 32-2025

**4. The effective date of the rule:**

This rule will be effective 60 days after a certified original and preamble are filed in the Office of the Secretary of State under A.R.S. § 41-1032(A). The effective date is (to be filled in by *Register* editor).

**a. If the agency selected a date earlier than the 60-day effective date as specified in A.R.S. § 41-1032(A), include the earlier date and state the reason the agency selected the earlier effective date as provided in A.R.S. § 41-1032(A)(1) through (5):**

Not applicable

**b. If the agency selected a date later than the 60-day effective date as specified in A.R.S. § 41-1032(A), include the later date and state the reason the agency selected the later effective date as provided in A.R.S. § 41-1032(B):**

Not applicable

**5. Citations to all related notices published in the *Register* as specified in R1-1-409(A) that pertain to the current record of the final rule:**

Notice of Rulemaking Docket Opening: 30 A.A.R. 3685, Issue Date: November 29, 2024, Issue Number: 48, File number: R24-260

Notice of Proposed Rulemaking: 30 A.A.R. 3568, Issue Date: November 29, 2024, Issue Number: 48, File number: R24-255

**6. The agency's contact person who can answer questions about the rulemaking:**

Name: Judy Chepeus
Title: Executive Director
Address: 1740 West Adams Street, Suite 2450, Phoenix, AZ 85007
Telephone: (602) 271-7365
Email: judy.chepeus@ptboard.az.gov
Website: ptboard.az.gov

**7. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

The Board is completing a rulemaking that addresses the issues identified in a 5YRR approved by the Council on April 1, 2025. In particular, the Board is updating the ethics materials incorporated by reference in R4-24-101. Additionally, relying on the authority provided under A.R.S. §§ 32-2022(B)(7) and 32-2025(D), the Board is removing clinical performance instruments from materials incorporated by reference and will approve available instruments on a case-by-case basis. The Board concluded this flexibility is necessary because multiple entities have expressed the intent to develop clinical performance instruments and because some current instruments are available only online.

Under Laws 2024, Chapter 236, the legislature changed certification of physical therapist assistants to licensure. This change ricochets throughout existing rules. Additional changes are made to be consistent with statute and agency practice.

**8. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

Not applicable

**9. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable

**10. A summary of the economic, small business, and consumer impact:**

The Board determined the rulemaking has minimal economic impact. The updated materials incorporated by reference or approved by the Board simply make the rules consistent with current industry standards. Other changes make the rules consistent with Board practice or legislative change.

**11. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:**

Not applicable

**12. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:**

Not applicable

**13. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:**

Not applicable

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

The Board does not issue general permits. Rather, the Board issues individual licenses as require by the Board's statutes to each person that is qualified by statute (See A.R.S. § 32-2022) and rule.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**

There are numerous federal laws that impact the provision of health care services such as physical therapy. However, no federal law is directly applicable to any rule in this rulemaking.

**c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**

Not applicable

**14. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:**

The following materials are incorporated by reference in R4-24-101:

- *The Code of Ethics for the Physical Therapist* (amended August 12, 2020) and the accompanying *Guide for Professional Conduct* (amended March 2019).
- *The Standards of Ethical Conduct for the PTA* (amended August 12, 2020)

**15. Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the *Register* as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:**

Not applicable

**16. The full text of the rules follows:**

**ARTICLE 1. GENERAL PROVISIONS**

**R4-24-101. Definitions**

In addition to the definitions in A.R.S. §§ 32-2001 and 32-2053, in this Chapter:

1. "Accredited" means accredited by a nationally recognized accreditation organization.
2. "Accredited educational program" means a physical therapist or physical therapist assistant educational program that is accredited by:
   a. The Commission on Accreditation of Physical Therapy Education, or
   b. An agency recognized as qualified to accredit physical therapist or physical therapist assistant programs by either the U.S. Department of Education or the Council on Higher Education Accreditation at the time of the applicant's graduation.
3. "Administratively suspend," as used in A.R.S. § 32-2027, means a non-disciplinary action in which the Board places a license ~~or certificate~~ issued under A.R.S. Title 32, Chapter 19 and this Chapter on suspended status because the license ~~or certificate~~ was not renewed timely.
4. "Applicant" means an individual or business entity seeking an initial or renewal license, ~~initial or renewal certificate,~~ initial or renewal registration, interim permit, or reinstatement from the Board.
5. "Applicant packet" means the forms and additional information the Board requires to be submitted by an applicant or on the applicant's behalf.
6. "Campus" means a facility and immediately adjacent buildings.
7. "Clinical performance instrument" means a tool used to assess an individual's knowledge, skills, and attitudes for readiness to work as a physical therapist or physical therapist assistant, as applicable, that is accepted by the Board and listed on its website.

~~7.~~8. "College Board" means an association composed of schools, colleges, universities, and other educational organizations across the United States that is responsible for the development of assessment tests that are used to provide college credit or for college placement.

~~8.~~9. "College level examination program" means services offered by the College Board for an individual to demonstrate college-level achievement by taking an examination approved by the College Board.

~~9.~~10. "Compliance period" means ~~a~~ the two-year license renewal cycle that ends August 31 of even-numbered years.

~~10.~~11. "Continuing competence" means maintaining the professional skill, knowledge, and ability of a physical therapist or physical therapist assistant by successfully completing scholarly and professional activities related to physical therapy.

~~11.~~12. "Course" means an organized subject matter in which instruction is offered within a specified period of time.

~~12.~~13. "Course evaluation tool" means the Coursework Evaluation Tool for Foreign Educated Physical Therapists who Graduated after June 30, 2009, Fifth Edition, 2004 (effective July 1, 2009), published by the Federation of State Boards of Physical Therapy, 124 West Street, South Alexandria, VA, 22314, incorporated by reference and on file with the Board. This incorporation by reference contains no future editions or amendments.

~~13.~~14. "Credential evaluation" means a written assessment of a foreign-educated applicant's general and professional educational course work.

~~14.~~15. "Credential evaluation agency" means an organization that evaluates a foreign-educated applicant's education and provides recommendations to the Board about whether the applicant's education is substantially equivalent to physical therapy education provided in an accredited educational program.

~~15.~~16. "Days" means calendar days.

~~16.~~17. "Endorsement" means a procedure for granting an Arizona license ~~or certificate~~ to an applicant already licensed as a physical therapist or ~~certified as a~~ physical therapist assistant in another jurisdiction of the United States.

~~17.~~18. "ETS" means Educational Testing Service, an organization that provides educational learning and assessment services, including the Test of English as a Foreign Language Program.

~~18.~~19. "Facility" means a building where:
   a. A physical therapist is engaged in the practice of physical therapy;
   b. An applicant~~,~~ or licensee~~, or certificate holder~~ is engaged in a supervised clinical practice; or
   c. A physical therapist assistant performs physical therapy-related tasks delegated by an onsite supervisor.

~~19.~~20. "Foreign-educated applicant" means an individual who graduated from a physical therapist educational program outside the United States, Puerto Rico, District of Columbia, or a U.S. territory.

~~20.~~21. "Functional limitation" means restriction of the ability to perform a physical action, activity, or task in an efficient, typically expected, or competent manner.

~~21. "Good moral character" means the applicant has not taken any action that is grounds for disciplinary action against a licensee or certificate holder under A.R.S. § 32-2044.~~

22. "Hour" means 60 minutes.
23. "iBT" means internet-based TOEFL.
24. "National disciplinary database" means the disciplinary database of the U.S. Department of Health and Human Services' Health Integrity and Protection Data Base, which contains previous or current disciplinary actions taken

against a ~~licensed~~ physical therapist or ~~certified~~ physical therapist assistant by state licensing agencies.

25. "National examination" means an examination produced by the Federation of State Boards of Physical Therapy or an examination produced by the American Physical Therapy Association.
26. "On call," as used in the definition of "general supervision" prescribed under A.R.S. § 32-2001, means a supervising physical therapist is able to go to the location at which and on the same day that a physical therapist assistant provides a selected treatment intervention if the physical therapist, after consultation with the physical therapist assistant, determines that going to the location is in the best interest of the patient.
27. "Onsite supervisor" means a physical therapist who provides onsite supervision as defined in A.R.S. § 32-2001.
~~28. "Physical Therapist Assistant Clinical Performance Instrument" means the document used to assess an individual's knowledge, skills, and attitudes to determine the individual's readiness to work as a physical therapist assistant that is published by the American Physical Therapy Association, Division of Education, March 1998, 1111 North Fairfax Street, Alexandria, VA 22314-1488 and incorporated by reference and on file with the Board. This incorporation by reference contains no future editions or amendments.~~
~~29. "Physical Therapist Clinical Performance Instrument" means the document used to assess an individual's knowledge, skills, and attitudes to determine the individual's readiness to practice physical therapy that is published by the American Physical Therapy Association, Division of Education, December 1997, 1111 North Fairfax Street, Alexandria, VA 22314-1488 and incorporated by reference and on file with the Board. This incorporation by reference contains no future editions or amendments.~~
~~30.~~28. "Physical therapy services" means any of the actions stated in the definition of practice of physical therapy in A.R.S. § 32-2001.
~~31.~~29. "Qualified translator" means an individual, other than an applicant, who is:
    a. An officer or employee of an official translation bureau or government agency,
    b. A professor or instructor who teaches a translated language in an accredited college or university in the United States,
    c. An American consul in the country where the translated document is issued or another individual designated by the American consul in the country where the translated document is issued, or
    d. A consul general or diplomatic representative of the United States or individual designated by the consul general or diplomatic representative.
~~32.~~30. "Readily available," as used in the definition of "general supervision" prescribed under A.R.S. § 32-2001, means a supervising physical therapist is able to respond within 15 minutes to a communication from a physical therapist assistant providing a selected treatment intervention under general supervision.
~~33.~~31. "Recognized standards of ethics" means the *Code of Ethics for the Physical Therapist* (amended ~~June 2000~~ August 12, 2020) and the accompanying *Guide for Professional Conduct* (amended ~~January 2004~~ March 2019 and the *Standards of Ethical Conduct for the PTA* (amended August 12, 2020) of the American Physical Therapy Association, ~~1111 North Fairfax Street~~ 3030 Potomac Avenue, Suite 100, Alexandria, VA ~~22314-1488~~ 22305-3085, which ~~is~~ are incorporated by reference and on file with the Board. This incorporation includes no later editions or amendments.
~~34.~~32. "Supervised clinical practice" means ~~the period of time~~ a physical therapist is engaged in the practice of physical therapy or a physical therapist assistant is engaged in work as a physical therapist assistant after being issued an interim permit by the Board.
~~35.~~33. "Supervising physical therapist" means ~~an individual~~ a physical therapist licensed under this Chapter who provides onsite or general supervision to ~~assistive personnel~~ licensed physical therapist assistants or onsite supervision to other assistive personnel, interim permit holders, student physical therapists, and student physical therapist assistants.
~~36.~~34. "Suspend" means a disciplinary action in which the Board places a license~~, certificate, permit,~~ or registration in a status that restricts the holder of the license~~, certificate, permit,~~ or registration from practicing as a physical therapist, working as a physical therapist assistant, or offering physical therapy services.
~~37.~~35. "TOEFL" means test of English as a foreign language.
~~38.~~36. "Week" means the period beginning on Sunday at 12:00 a.m. and ending the following Saturday at 11:59 p.m.

**R4-24-104. Confidential Information and Records**

The following information or a record containing this information is confidential and is not provided to the public by the Board:

1. An applicant's~~,~~ or licensee's~~, or certificate holder's~~:
    a. Social Security number;
    b. Home address or home telephone number unless the applicant or licensee designates the ~~address or telephone number, is the only address or telephone number of record~~ information for disclosure under A.R.S. § 32-3226;
    c. Credential evaluation report, education transcript, grades, or examination scores;
    d. National physical therapist or physical therapist assistant examination score;

e. Diagnosis and treatment records; and

2. According to A.R.S. § 32-2045, information or a document related to investigations by the Board until the information or document becomes a public record or as required by law.

**R4-24-107. Fees**

**A.** Under the authority provided by A.R.S. §§ 32-2029, ~~and~~ 32-2030, 32-2032, and 32-2053 the Board establishes and shall collect the following fees:

1. For a physical therapist:
   a. Application for an original license if the applicant applies on or after September 1 in an even-numbered year and no later than August 31 in an odd-numbered year, $260;
   b. Application for an original license if the applicant applies on or after September 1 in an odd-numbered year and no later than August 31 in an even-numbered year, $190;
   c. Renewal of an active license, $160;
   d. Renewal of an inactive license, $80; and
   e. Reinstatement of an administratively suspended license, $100 plus the renewal fee~~; and~~
   ~~f. Duplicate license, $10~~.
2. For a physical therapist assistant:
   a. Application for an original ~~certificate~~ license if the applicant applies on or after September 1 in an even-numbered year and no later than August 31 in an odd-numbered year, $160;
   b. Application for an original ~~certificate~~ license if the applicant applies on or after September 1 in an odd-numbered year and no later than August 31 in an even-numbered year, $120;
   c. Renewal of an active ~~certificate~~ license, $55;
   d. Renewal of an inactive ~~certificate~~ license, $27.50; and
   e. Reinstatement of an administratively suspended ~~certificate~~ license, $50 plus the renewal fee~~; and~~
   ~~f. Duplicate certificate, $10~~.
3. For a business entity:
   a. Application for an original registration, $50;
   b. Renewal, $50; and
   c. Late fee, $25~~; and~~
   ~~d. Duplicate registration, $10~~.

**B.** Under the authority provided by A.R.S. § 36-3606(A)(3), the Board establishes and shall collect a registration fee from an out-of-state health care provider of telehealth services: $100.

**C.** The fees specified in subsections (A) and (B) are nonrefundable unless A.R.S. § 41-1077 applies.

## ARTICLE 2. LICENSING PROVISIONS

**R4-24-201. Application for a Physical Therapist License**

**A.** An applicant for ~~a~~ an original physical therapist license shall submit to the Board an application packet that includes:

1. An electronic application form, ~~provided by~~ which is available on the ~~Board that is signed, dated, and verified by the applicant and contains:~~ Board's website;
   ~~a. The applicant's name, business, residential, and e-mail addresses, business and residential telephone numbers, birth date, and Social Security number;~~
   ~~b. The name and address of each university or college attended by the applicant, the dates of attendance, and the date of graduation and degree received, if applicable;~~
   ~~c. The name and address of the university or college where the applicant completed an accredited educational program and dates of attendance;~~
   ~~d. A statement of whether the applicant has ever been licensed as a physical therapist in any other jurisdiction of the United States or foreign country;~~
   ~~e. Professional employment history for the past five years, including the name, address, and telephone number for each place of employment, job title, description of the work completed, and explanation of any breaks in employment, if applicable;~~
   ~~f. A statement of whether the applicant has ever been convicted of, pled guilty or no contest to, or entered into diversion in lieu of prosecution for any criminal offense in any jurisdiction of the United States or foreign country and if so, an explanation;~~
   ~~g. A statement of whether the applicant has ever had an application for a professional or occupational license, certificate, or registration, other than a driver's license, denied, rejected, suspended, or revoked by any jurisdiction~~

~~of the United States or foreign country and if so, an explanation;~~

~~h. A statement of whether the applicant is currently or ever has been under investigation, suspension, or restriction by a professional licensing board in any jurisdiction of the United States or foreign country for any act that occurred in that jurisdiction that would be the subject of discipline under this Chapter and if so, an explanation;~~

~~i. A statement of whether the applicant has ever been the subject of disciplinary action by a professional association or postsecondary educational institution;~~

~~j. A statement of whether the applicant has committed any of the actions referenced in the definition of good moral character in R4-24-101;~~

~~k. A statement of whether the applicant has ever had a malpractice judgment, has a lawsuit currently pending for malpractice, or entered into a settlement from a malpractice suit and if so, an explanation;~~

~~l. A statement of whether the applicant is currently more than 30 days in arrears for payment required by a judgment and order for child support in Arizona or any other jurisdiction;~~

~~m. A statement of whether the applicant has any impairment to the applicant's cognitive, communicative, or physical ability to engage in the practice of physical therapy with skill and safety and if so, an explanation;~~

~~n. A statement of whether the applicant has, within the past 10 years, used alcohol, any illegal chemical substance, or prescription medications, that in any way has impaired or limited the applicant's ability to practice physical therapy with skill and safety and if so, an explanation;~~

~~o. A statement of whether the applicant has, within the past 10 years, been diagnosed as having or is being treated for bipolar disorder, schizophrenia, paranoia, or other psychotic disorder that in any way has impaired or limited the applicant's ability to practice physical therapy with skill and safety and if so, an explanation;~~

~~p. A statement of whether the applicant has ever violated A.R.S. § 32-2044(10); and~~

~~q. A statement by the applicant attesting to the truthfulness of the information provided by the applicant;~~

2. A ~~passport~~ headshot photograph of the applicant ~~no larger than 1 1/2 x 2 i~~nches that was taken not more than six months before the date of the application;
3. ~~Documentation~~ A copy of documentation, as described under A.R.S. § 41-1080, of the applicant's U.S. citizenship, alien status, legal residency, or lawful presence in the U.S.;
4. A copy of the applicant's valid fingerprint clearance card as required under A.R.S. § 32-2022; and

~~4.~~5. The fee required in R4-24-107.

**B.** In addition to the requirements in subsection (A), an applicant shall arrange to have the original source of the following information submit the information electronically ~~submitted directly~~ to the Board:

1. An official transcript or letter ~~showing that~~ that shows the applicant completed all requirements of an accredited educational program ~~that includes the official seal of~~ , identifies the university or college where the applicant completed the accredited educational program, and contains the electronic signature of the registrar of the university or college,
2. Verification of passing a national examination in physical therapy ~~as evidenced by an original notice of examination results~~, and
3. Verification of passing a jurisprudence examination ~~as evidenced by an original notice of examination results~~.

**C.** In addition to the requirements in subsections (A) and (B), an applicant for a physical therapist license by endorsement or universal recognition shall electronically submit to the Board:

1. The name of the licensing or certifying agency of any jurisdiction in which the applicant is currently or has been previously licensed, certified, or granted a compact privilege, as defined at A.R.S. § 32-2053;
2. A primary-source verification of each license, certificate, or compact privilege identified in subsection (C)(1) ~~signed and dated by an official of the agency licensing or certifying~~ ~~the applicant,~~ that includes ~~the official seal of the licensing or certifying agency and~~ all of the following:
   a. The name of the applicant;
   b. The license or certificate number and date of issuance;
   c. The current status of the license or certificate;
   d. The expiration date of the license or certificate; and
   ~~e. A statement of whether the applicant was ever denied a license by the agency and if so, an explanation; and~~
   ~~f.~~e. A statement of whether any disciplinary action is pending or has ever been taken against the applicant and if so, an explanation.

**D.** The Board shall deny a license to an applicant who fails to meet the requirements of this Section or A.R.S. Title 32, Chapter 19. An applicant denied a license may request a hearing under A.R.S. Title 41, Chapter 6, Article 10.

**R4-24-202. Reinstatement of License ~~or Certificate~~; Reapplication**

**A.** Reinstatement. An applicant whose Arizona license ~~or certificate~~ is administratively suspended for no more than three consecutive years ~~or less~~ after the date ~~of renewal of~~ on which the license ~~or certificate~~ was not renewed may apply for

reinstatement of the license ~~or certificate~~ by submitting the application in R4-24-208 and the reinstatement fee and renewal fee required in R4-24-107.

**B.** Reapplication. An ~~applicant whose~~ Arizona license ~~or certificate~~ that is administratively suspended for more than three consecutive years after the date ~~of renewal of~~ on which the license ~~or certificate~~ was not renewed expires as specified in A.R.S. § 32-2028(B) and may not be reinstated. The holder of an expired license may ~~apply~~ reapply for ~~reinstatement of the~~ a license ~~or certificate~~ by submitting an application under R4-24-201, R4-24-203, or R4-23-207, as applicable, and the ~~reinstatement fee and renewal~~ fee required in R4-24-107~~, and:~~.

~~1. For an applicant educated in the United States requesting reinstatement of a license, the application in R4-24-201(A) and (B);~~

~~2. For a foreign-educated applicant requesting reinstatement of a license, the application in R4-24-203; or~~

3. ~~For an applicant requesting reinstatement of a certificate, the application in R4-24-207(A) and (B).~~

**C.** If an applicant submits an application according to subsection (B), the Board shall require the applicant to demonstrate competency by doing one or more of the following:

1. Practice physical therapy or work as a physical therapist assistant under an interim permit that allows the applicant to participate in a supervised clinical practice,
2. Complete one or more courses relevant to the practice of physical therapy or the work of a physical therapist assistant,
3. Complete continuing competence requirements for the period ~~of time~~ of the lapsed license, or
4. Take and pass a jurisprudence examination or national examination.

**R4-24-203. Foreign-educated Applicant Requirements**

**A.** A foreign-educated applicant shall meet the requirements in A.R.S. § 32-2022(B) and the following:

1. The applicant shall comply with the requirements in R4-24-201.
2. The applicant shall ensure ~~that~~ a document required by R4-24-201 or this subsection is:
   a. Submitted to the Board in English; or
   b. Accompanied by an original English translation by a qualified translator if the document is submitted to the Board in a language other than English and includes an affidavit of accuracy by the qualified translator affirming:
      i. The qualified translator has translated the entire document,
      ii. The qualified translator has not omitted anything from or added to the translation, and
      iii. The translation is true and accurate.
3. To meet the requirements in A.R.S. § 32-2022(B)(4), the applicant shall state on the application form whether the applicant's practice as a physical therapist was limited in the country where the professional education occurred. If the applicant's practice was limited in the country where the professional education occurred, the applicant shall submit to the Board documentation of the limitation, or arrange to have documentation of limitation sent directly to the Board~~, that includes~~. The applicant shall ensure the documentation includes:
   a. The name, address, and telephone number of the entity that limited the applicant's practice of physical therapy;
   b. ~~A description of the action or lack of action that led to the limitation on~~ An explanation of why the applicant's practice as a physical therapist is limited;
   c. A description of the nature of the limitation on the applicant's practice of physical therapy; and
   d. If the limitation is based on citizenship requirements of the country in which the professional education was obtained, ~~the applicant shall provide the Board with the~~ a legal reference for the ~~restriction~~ limitation in the laws of the country in which the professional education was obtained, a copy of the referenced laws, and an English translation of the laws that meets the standards in subsection (A)(2)(b).
4. If English is not the native language of the foreign-educated applicant, to meet the requirements in A.R.S. § 32-2022(B)(6), the applicant shall take and pass either of the following tests no more than 18 months before the date on which the application submitted under R4-24-201 is administratively complete and ensure ~~that~~ the test scores are sent directly to the Board by the testing entity:
   a. The TOEFL. An applicant who takes the TOEFL passes with the following:
      i. A score of 560 or more if a paper-based test or a score of 220 or more if a computer-based test;
      ii. Test of Spoken English with a score of 50 or more; and
      iii. Test of Written English with a score of 4.5 or more; or
   b. The iBT. An applicant who takes the iBT passes with an overall test score of a minimum of 100 and a:
      i. Writing section with a minimum score of 25,
      ii. Speaking section with a minimum score of 25,
      iii. Reading section with a minimum score of 25, and
      iv. Listening section with a minimum score of 25.

5. To demonstrate that the applicant meets uniform criteria for educational requirements according to A.R.S. § 32-2022(E)(3), the applicant shall undergo a credential evaluation to determine that the applicant meets the requirements in the course evaluation tool and arrange to have a credential evaluation report, prepared within 18 months from the date of the application, sent directly to the Board by the credential evaluation agency.
6. To meet the requirements in A.R.S. § 32-~~2022(B)(5)~~ 2022(B)(4), the applicant shall obtain a work visa to reside and seek employment in the United States issued by the ~~Bureau of~~ United States Citizenship and Immigration Services and submit a copy of the work visa to the Board.

**B.** After receiving a credential evaluation report from a credential evaluation agency, the Board:
1. If the credential evaluation report does not establish that the education obtained by the foreign-educated applicant is substantially equivalent to the education required of a physical therapist in an accredited education program, may require the applicant to complete:
   a. ~~Complete one~~ One or more university or college courses and obtain a grade of C or better in each course;
   b. ~~Complete a~~ A college level examination program; or
   c. ~~If an applicant for a license, complete one~~ One or more continuing competence courses; and
2. Shall issue, within the ~~time-frames~~ time frames stated in Table 1, an interim permit to complete a supervised clinical practice to the applicant if:
   a. The applicant was required to meet one or more of the requirements in subsection (B)(1) and completes the requirements; or
   b. The credential evaluation report establishes that the education obtained by the foreign-educated applicant is substantially equivalent to the education required of a physical therapist in an accredited education program; and
   c. The applicant has passed the national examination and jurisprudence examination; and
   d. The applicant meets the requirements in A.R.S. Title 32, Chapter 19 and R4-24-201.

**R4-24-204. Supervised Clinical Practice**

**A.** An interim permit holder shall complete a supervised clinical practice under onsite supervision. The supervised clinical practice shall consist of at least 500 hours.

**B.** Before an individual is issued an interim permit, the individual shall submit to the Board:
1. A written request for Board approval of the facility where supervised clinical practice will take place that includes:
   a. The name, address, and telephone number of the facility; and
   b. A description of the physical therapy services provided at the facility; and
2. The name of the individual who holds an unrestricted license to practice physical therapy in this state and agrees to provide onsite supervision of the individual.

**C.** The Board shall approve or deny a request made under subsection (B)(1):
1. After assessing whether the facility provides the opportunity for an interim permit holder to attain the knowledge, skills, and attitudes to be evaluated according to ~~the Physical Therapist Assistant Clinical Performance Instrument or Physical Therapist Clinical Performance Instrument~~ an approved clinical performance instrument; and
2. According to the ~~time-frames~~ time frames in Table 1.

**D.** An onsite supervisor shall:
1. Observe the interim permit holder during the supervised clinical practice and:
   a. Rate the interim permit holder's performance, at both the mid-point and completion of the clinical practice, on each of the clinical performance criteria in ~~the Physical Therapist Clinical Performance Instrument or Physical Therapist Assistant Clinical Performance Instrument Instrument~~ the clinical performance instrument used, including the dates and hours the onsite supervisor provided onsite supervision;
   b. Recommend following the mid-point rating whether the interim permit holder be allowed to continue the clinical practice and changes needed, if any, to ensure successful completion of the clinical practice; and
   c. Recommend following the completion rating whether the interim permit holder be licensed or required to complete further supervised clinical practice; and
2. Submit the ratings ~~on~~ from the ~~Physical Therapist Clinical Performance Instrument or Physical Therapist Assistant Clinical Performance Instrument~~ clinical performance instrument used to the Board as follows:
   a. No later than the 55th day of the clinical practice for the mid-point rating, and
   b. No later than 30 days after the end of the supervised clinical practice for the completion rating.

**E.** After the Board receives the mid-point rating ~~on~~ from the ~~Physical Therapist Clinical Performance Instrument or Physical Therapist Assistant Clinical Performance Instrument~~ clinical performance instrument, the Board shall review the rating and recommendation of the onsite supervisor and decide whether to allow the interim permit holder to continue the clinical practice or recommend changes in the clinical practice to the onsite supervisor.

**F.** After the Board receives the completion rating ~~on~~ from the ~~Physical Therapist Clinical Performance Instrument or Physical Therapist Assistant Clinical Performance Instrument~~ clinical performance instrument, the Board:

1. May require the interim permit holder to complete additional onsite supervision under the interim permit if the additional onsite supervision does not cause the interim permit holder to exceed six months from the date the interim permit was issued and:
   a. The onsite supervisor does not approve one or more of the skills ~~listed on~~ from the ~~Physical Therapist Clinical Performance Instrument or Physical Therapist Assistant Clinical Performance Instrument~~ clinical performance instrument;
   b. The onsite supervisor recommends that the interim permit holder complete further supervised clinical practice; or
   c. The Board determines that the interim permit holder has not met the requirements in A.R.S. Title 32, Chapter 19 and this Chapter.
2. If the interim permit holder meets all of the requirements in A.R.S. Title 32, Chapter 19 and this Chapter, shall issue~~:~~
   ~~a. A~~ a license ~~to an applicant for a license, or~~
   ~~b. A certificate to an applicant for a certificate~~.
3. If the ~~applicant, licensee, or certificate holder~~ interim permit holder does not meet all of the requirements in A.R.S. Title 32, Chapter 19 and this Chapter, shall deny~~:~~
   ~~a. A~~ a license ~~to an applicant for a license, or~~
   ~~b. A certificate to an applicant for a certificate~~.

**G.** An applicant who has been denied a license ~~or certificate~~ may request a hearing under A.R.S. Title 41, Chapter 6, Article 10.

**R4-24-205. Examination Scores**

**A.** To be licensed as a physical therapist or physical therapist assistant, an applicant shall obtain:

1. A scaled score of 600 or more, based on a scale ranging from 200 to 800 on a national examination for physical therapists or physical therapist assistants, as applicable, taken on or after March 14, 1996; or
2. A raw score that is no ~~lower~~ fewer than 1.50 standard ~~deviation~~ deviations below the national average for a national examination for physical therapists or physical therapist assistants, as applicable, taken before March 14, 1996.

~~**B.** To be certified as a physical therapist assistant, an applicant for certification shall obtain:~~

~~1. A scaled score of 600 or more based on a scale ranging from 200 to 800 on a national examination for physical therapist assistants taken on or after March 14, 1996; or~~

~~2. A raw score that is no lower than 1.50 standard deviation below the national average for a national examination for physical therapist assistants taken before March 14, 1996.~~

~~**C.**~~**B.** In addition to the requirements in ~~subsections~~ subsection (A) ~~and (B)~~, to be licensed as a physical therapist or ~~certified as a~~ physical therapist assistant, an applicant shall obtain a scaled score of 600 or more based on a scale ranging from 200 to 800 on a jurisprudence examination.

**R4-24-207. Application for a Physical Therapist Assistant ~~Certificate~~ License**

**A.** An applicant for an original physical therapist assistant ~~certificate~~ license shall submit to the Board an application packet that includes:

1. An electronic application form, which is available on ~~provided by~~ the ~~Board, signed, dated, and verified by the applicant that contains:~~ Board's website;
   ~~a. The applicant's name, business, residential, and e-mail addresses, business and residential telephone numbers, birth date, and Social Security number;~~
   ~~b. The name and address of the college or university where the applicant completed an accredited educational program for physical therapist assistants, dates of attendance, and date of completion;~~
   ~~c. A statement of whether the applicant has ever been licensed or certified as a physical therapist assistant in any other jurisdiction of the United States or foreign country~~;
   ~~d. Professional employment history for the five years before the date of application including the name, address, and telephone number for each place of employment, job title, description of the work completed, and explanation of any breaks in employment, if applicable;~~
   ~~e. A statement of whether the applicant has ever been convicted of, pled guilty or no contest to, or entered into diversion in lieu of prosecution for any criminal offense in any jurisdiction of the United States or foreign country and if so, an explanation;~~
   ~~f. A statement of whether the applicant has ever had an application for a professional or occupational license, certificate, or registration, other than a driver's license, denied, rejected, suspended, or revoked by any jurisdiction of the United States or foreign country and if so, an explanation;~~

g. A statement of whether the applicant is currently or ever has been under investigation, suspension, or restriction by a professional licensing board in any jurisdiction of the United States or foreign country for any act that occurred in that jurisdiction that would be the subject of discipline under this Chapter and if so, an explanation;
h. A statement of whether the applicant has ever been the subject of disciplinary action by a professional association or postsecondary educational institution;
i. A statement of whether the applicant has committed any of the actions referenced in the definition of good moral character in R4-24-101;
j. A statement of whether the applicant has ever had a malpractice judgment or has a lawsuit currently pending for malpractice and if so, an explanation;
k. A statement of whether the applicant is currently more than 30 days in arrears for payment required by a judgment and order for child support in Arizona or any other jurisdiction;
l. A statement of whether the applicant has any impairment to the applicant's cognitive, communicative, or physical ability to participate in therapeutic interventions with skill and safety and if so, an explanation;
m. A statement of whether the applicant has, within the past 10 years, used alcohol, any illegal chemical substance, or prescription medications, that in any way has impaired or limited the applicant's ability to participate in therapeutic interventions with skill and safety and if so, an explanation;
n. A statement of whether the applicant has, within the past 10 years, been diagnosed as having or is being treated for bipolar disorder, schizophrenia, paranoia, or other psychotic disorder that in any way has impaired or limited the applicant's ability to participate in therapeutic interventions with skill and safety and if so, an explanation;
o. A statement of whether the applicant has ever violated A.R.S. § 32-2044(10); and
p. A sworn statement by the applicant verifying the truthfulness of the information provided by the applicant;

2. A headshot passport photograph of the applicant no larger than 1-1/2 x 2 inches that was taken not more than six months before the date of the application;
3. Documentation A copy of documentation, as described under A.R.S. § 41-1080, of the applicant's U.S. citizenship, alien status, legal residency, or lawful presence in the U.S.;
4. A copy of the applicant's valid fingerprint clearance card as required under A.R.S. § 32-2022; and
4.5. The fee required in R4-24-107.

**B.** In addition to the requirements in subsection (A), an applicant shall arrange to have the primary source of the following information submit the information electronically directly submitted to the Board:
1. An official transcript or letter showing the applicant completed all requirements of an accredited educational program that includes the official seal of identifies the school or college where the applicant completed the accredited educational program and contains the electronic signature of the registrar of the school or college;
2. Verification of passing a national examination for physical therapist assistants as evidenced by an original notice of examination results; and
3. Verification of passing a jurisprudence examination as evidenced by an original notice of examination results.

**C.** In addition to the requirements in subsections (A) and (B), an applicant for a physical therapist assistant certificate license by endorsement or universal recognition shall electronically submit to the Board:
1. The name of the licensing or certifying agency of any jurisdiction in which the applicant is currently or has been previously licensed, or certified, or granted a compact privilege, as defined at A.R.S. § 32-2053; and
2. A primary-source verification of any license, or certificate, signed and dated by an official of the agency licensing or certifying the applicant, or compact privilege identified under subsection (C)(1) that includes the official seal of the licensing or certifying agency and all of the following:
   a. The name of the applicant;
   b. The license or certificate number and date of issuance;
   c. The current status of the license or certificate;
   d. The expiration date of the license or certificate; and
   e. A statement of whether the applicant was ever denied a license or certificate by the agency and if so, an explanation; and
   f.e. A statement of whether any disciplinary action is pending or has ever been taken against the applicant and if so, an explanation.

**D.** The Board shall deny a certificate license to an applicant who fails to meet the requirements of this Section or A.R.S. Title 32, Chapter 19. A person denied a certificate license may request a hearing under A.R.S. Title 41, Chapter 6, Article 10.

**R4-24-208. License or Certificate Renewal; Address Change in Contact Information**

**A.** A licensee or certificate holder shall submit a an electronic renewal application packet to the Board on or before August 31 of an even-numbered year that includes:

1. ~~The~~ An electronic renewal application form, which is available on the Board's website, and ~~following~~ information for the compliance period immediately preceding the renewal application~~:~~;
   a. ~~The licensee's or certificate holder's:~~
      i. ~~Name;~~
      ii. ~~Home, business, and e-mail addresses; and~~
      iii. ~~Home and business telephone numbers;~~
   b. ~~A statement of whether the licensee or certificate holder has been convicted of, pled guilty or no contest to, or entered into diversion in lieu of prosecution for any criminal offense in any jurisdiction of the United States or foreign country and if so, an explanation;~~
   c. ~~A statement of whether the licensee or certificate holder has had an application for a professional or occupational license, certificate, or registration, other than a driver's license, denied, rejected, suspended, or revoked by any jurisdiction of the United States or foreign country and if so, an explanation;~~
   d. ~~A statement of whether the licensee or certificate holder is currently or ever has been under investigation, suspension, or restriction by a professional licensing board in any jurisdiction of the United States or foreign country for any act that occurred in that jurisdiction that would be the subject of discipline under this Chapter and if so, an explanation;~~
   e. ~~A statement of whether the licensee or certificate holder has been the subject of disciplinary action by a professional association or postsecondary educational institution;~~
   f. ~~A statement of whether the licensee or certificate holder has had a malpractice judgment against the licensee or certificate holder or has a lawsuit currently pending for malpractice and if so, an explanation;~~
   g. ~~A statement of whether the licensee or certificate holder is currently more than 30 days in arrears for payment required by a judgment and order for child support in Arizona or any other jurisdiction;~~
   h. ~~A statement of whether the licensee or certificate holder has adhered to the recognized standards of ethics;~~
   i. ~~A statement of whether the licensee or certificate holder has or has not committed any of the actions referenced in the definition of good moral character in R4-24-101;~~
   j. ~~A statement of whether the licensee or certificate holder has been the subject of any criminal investigation by a federal, state, or local agency or had criminal charges filed against the licensee or certificate holder;~~
   k. ~~If a licensee, a statement of whether the licensee has:~~
      i. ~~Any impairment to the licensee's cognitive, communicative, or physical ability to engage in the practice of physical therapy with skill and safety and if so, an explanation;~~
      ii. ~~Used alcohol, any illegal chemical substance, or prescription medicine, that in any way has impaired or limited the licensee's ability to practice physical therapy with skill and safety and if so, an explanation;~~
      iii. ~~Been diagnosed as having or is being treated for bipolar disorder, schizophrenia, paranoia, or other psychotic disorder that in any way has impaired or limited the licensee's ability to practice physical therapy with skill and safety and if so, an explanation;~~
   l. ~~If a certificate holder, a statement of whether the certificate holder has:~~
      i. ~~Any impairment to the certificate holder's cognitive, communicative, or physical ability to work as a physical therapist assistant with skill and safety and if so, an explanation;~~
      ii. ~~Used alcohol, any illegal chemical substance or prescription medicine, that in any way has impaired or limited the certificate holder's ability to work as a physical therapist assistant with skill and safety and if so, an explanation;~~
      iii. ~~Been diagnosed as having or is being treated for bipolar disorder, schizophrenia, paranoia, or other psychotic disorder that in any way has impaired or limited certificate holder's ability to work as a physical therapist assistant with skill and safety and if so, an explanation;~~
   m. ~~A statement of whether the licensee or certificate holder has ever violated A.R.S. § 32-2044(10);~~
   n. ~~If a licensee, a statement of whether the licensee has completed the 20 contact hours of continuing competence for the previous compliance period as required in R4-24-401;~~
   o. ~~If a certificate holder, a statement of whether the certificate holder has completed the 10 contact hours of continuing competence for the previous compliance period as required in R4-24-401;~~
   p. ~~If a licensee, a statement of whether the licensee has complied with the medical records protocol as required in A.R.S. § 32-3211; and~~
   q. ~~If a licensee, a statement of whether the licensee has completed the dry needling course content requirements in A.A.C. R4-24-313~~.
2. ~~The signature of the applicant attesting to the truthfulness of the information provided by the licensee or certificate holder;~~
3~~.~~2. If the documentation previously submitted under R4-24-201(A)(3) or R4-24-207(A)(3) did not establish citizenship in the United States or was not a non-expiring work authorization, documentation specified under A.R.S. § 41-1080 that the

presence of the licensee ~~or certificate holder~~ in the United States continues to be authorized under federal law; and

~~4.~~3. The fee required by the Board in R4-24-107.

**B.** Failure of the Board to inform a licensee ~~or certificate holder~~ of license ~~or certificate~~ expiration does not excuse the licensee's ~~or certificate holder's~~ non-renewal or untimely renewal.

**C.** The Board shall:

1. Approve or deny the application within the time frames in R4-24-209 and Table 1, and
2. Deny the application of an applicant who does not meet the requirements in A.R.S. § 32-2001 et seq. or this Chapter.

**D.** A licensee ~~or certificate holder~~ denied renewal of a license ~~or certificate~~ may request a hearing under A.R.S. Title 41, Chapter 6, Article 10.

**E.** A licensee ~~or certificate holder~~ shall ~~send to the Board written notification of a~~ update electronically any change in ~~any of the information provided under subsection (A)(1)(a)~~ the licensee's name, home, business, or e-mail address, or home or business telephone number no later than 30 days after the date of the change.

**R4-24-209. ~~Time-frames~~ Time Frames for Board Approvals**

**A.** The overall ~~time-frame~~ time frame described in A.R.S. § 41-1072(2) for each type of approval granted by the Board is listed in Table 1. The applicant and the Executive Director of the Board may agree in writing to extend the substantive review ~~time-frame~~ time frame ~~and overall time-frame. The overall time-frame and the substantive review time-frame may not be extended~~ by no more than 25~~%~~ percent of the overall time-frame.

**B.** The administrative completeness review ~~time-frame~~ time frame described in A.R.S. § 41-1072(1) for each type of approval granted by the Board is listed in Table 1.

1. The administrative completeness review ~~time-frame~~ time frame begins:
   a. When the Board receives an application packet for an initial or renewal license ~~or certificate~~ or registration of a business entity or
   b. When the Board receives a request for approval of a facility.
2. If the application packet is incomplete, the Board shall send to the applicant a written notice specifying the missing document or incomplete information.
   a. The administrative completeness review ~~time-frame~~ time frame and the overall ~~time-frame~~ time frame are suspended from the postmark date of the notice until the date the Board receives a complete application packet from the applicant.
   b. An applicant who disagrees with the Board's statement of deficiencies may request a hearing as provided in A.R.S. § 32-2023.
3. If an application packet is complete, the Board shall send a written notice of administrative completeness to the applicant.
4. If the Board grants a license~~, certificate,~~ or approval during the time provided to assess administrative completeness, the Board shall not issue a separate written notice of administrative completeness.

**C.** The substantive review ~~time-frame~~ time frame described in A.R.S. § 41-1072(3) is listed in Table 1 and begins on the postmark date of the notice of administrative completeness.

1. During the substantive review ~~time-frame~~ time frame, the Board may make one comprehensive written request for additional information or documentation. The ~~time-frame~~ time frame for the Board to complete the substantive review is suspended from the postmark date of the comprehensive written request for additional information or documentation until the Board receives the additional information or documentation.
2. The Board shall send a written notice of approval ~~of a license or certificate~~ to an applicant who meets the qualifications in A.R.S. §§ 32-2001 through 32-2027 and this Chapter.
3. The Board shall send a written notice of denial to an applicant who fails to meet the qualifications in A.R.S. §§ 32-2001 through 32-2027 and ~~these rules~~ this Chapter.

**D.** The Board shall consider an application withdrawn if within 360 days from the application submission date the applicant fails to:

1. Supply the missing information requested under subsection (B)(2) or (C)(1); or
2. Take the national physical therapist examination or national physical therapist assistant examination.

~~**E.** An applicant who does not wish an application withdrawn may request a denial in writing within 360 days from the application submission date.~~

~~**F.**~~**E.** If ~~a time-frame's~~ the last day of a time frame falls on a Saturday, Sunday, or an official state holiday, the Board shall consider the next business day the ~~time-frame's~~ last day.

**Table 1. Time Frames (in days)**

| Type of Applicant | Type of Approval | Statutory Authority | Overall Time Frame | Administrative Completeness Time Frame | Substantive Review Time Frame |
|---|---|---|---|---|---|

**R4-24-210. Business Entity Registration; Display of Registration Certificate**

**A.** A business entity that offers physical therapy services to the public and is not exempt from registration under A.R.S. § 32-2030(H) shall separately register with the Board each location from which physical therapy services are offered in Arizona.

**B.** A business entity shall not offer physical therapy services at a location in Arizona until that location is registered with the Board.

**C.** To register with the Board an Arizona location at which physical therapy services are offered, a business entity shall submit to the Board an electronic application packet that includes the following:

1. An application form, which is available ~~from~~ on the ~~Board and requires the following information:~~ Board's website;
   ~~a. Name, primary address, and e-mail address of the business entity;~~
   ~~b. Name, title, address, e-mail address, and telephone number of the manager of the location being registered;~~
   ~~c. Name and business address of each officer or director of the business entity;~~
   ~~d. Name and license number of each physical therapist who provides physical therapy services at the location being registered;~~

e. ~~Name and certificate number of each physical therapy assistant who works at the location being registered;~~
f. ~~Description of the physical therapy services offered at the location being registered;~~
g. ~~For the business entity, a statement of whether any state, territory, district, or country has ever:~~
i. ~~Refused to issue or renew a registration, permit, license, or other authorization;~~
ii. ~~Accepted surrender of a registration, permit, license, or other authorization in lieu of other disciplinary action; or~~
iii. ~~Suspended, revoked, cancelled, or taken other disciplinary action against a registration, permit, license, or other authorization; and~~
h. ~~Dated signature of an officer or director attesting that:~~
i. ~~The business entity has a written protocol that meets the standards in A.R.S. § 32-2030(F) for the secure storage, transfer, and access of the physical therapy records of the business entity's patients; and~~
ii. ~~The information provided is true and correct;~~ and
2. The application fee required under R4-24-107~~(A)(3)~~.

**D.** For each location registered, a business entity shall display, in a location accessible to public view, the:
1. Registration certificate and current renewal verification of the business entity,
2. License and current renewal verification of every physical therapist who provides physical therapy services at the location, and
3. Certificate and current renewal verification of every physical therapy assistant who works at the location.

**R4-24-211. Renewal of Business Entity Registration**

**A.** The registration of a business entity expires for each location registered on August 31 of every odd-numbered year.

**B.** A business entity shall separately renew the registration of each location from which the business entity offers physical therapy services in Arizona.

**C.** To renew the registration of an Arizona location from which physical therapy services are offered, a business entity shall submit to the Board an electronic application form, which is available ~~from~~ on the ~~Board and requires the following information:~~ Board's website and the renewal fee specified at R4-24-107.
1. ~~Name, primary address, and e-mail address of the business entity;~~
2. ~~Name, title, address, e-mail address, and telephone number of the manager of the location being registered;~~
3. ~~Name and business address of each officer or director of the business entity;~~
4. ~~Name and license number of each physical therapist who provides physical therapy services at the location being registered;~~
5. ~~Name and certificate number of each physical therapy assistant who works at the location being registered;~~
6. ~~Description of the physical therapy services offered at the location being registered;~~
7. ~~For the business entity, a statement of whether any state, territory, district, or country has ever:~~
a. ~~Refused to issue or renew a registration, permit, license, or other authorization;~~
b. ~~Accepted surrender of a registration, permit, license, or other authorization in lieu of other disciplinary action; or~~
c. ~~Suspended, revoked, cancelled, or taken other disciplinary action against a registration, permit, license, or other authorization;~~
8. ~~Statement of whether the business entity complies with A.R.S. § 32-2030(F); and~~
9. ~~Dated signature of an officer or director attesting that the information provided is true and correct.~~

**D.** A business entity that timely complies with subsection (C) may continue to offer physical therapy services from the location for which application is made until the Board grants or denies the renewed registration.

**E.** A business entity that fails to comply timely with subsection (C) shall immediately stop offering physical therapy services from the location for which application is not made. To be authorized to offer physical therapy services again from that location, the business entity shall comply with R4-24-210 and pay both the application and late fee specified in R4-24-107~~(A)(3)~~.

## ARTICLE 3. PRACTICE OF PHYSICAL THERAPY

**R4-24-302. Use of Titles**

**A.** As required under A.R.S. § 32-2042, a licensed physical therapist shall use the designation ~~"P.T."~~ "PT" immediately following the licensee's name or signature to denote licensure. A licensed physical therapist shall not use the designations ~~"R.P.T."~~ "RPT" or ~~"L.P.T."~~ "LPT" in connection with the physical therapist's name or place of business.

**B.** As required under A.R.S. § 32-2042, a physical therapist assistant shall use the designation "PTA" immediately following the physical therapist assistant's name to denote licensure.

~~B.~~**C.** In addition to and immediately following the ~~"P.T."~~ designation specified in subsection (A) or (B), as applicable, a physical therapist or physical therapist assistant may list academic degrees earned and professional specialty certifications held.

~~C. As required under A.R.S. § 32-2042, a physical therapist assistant shall use the designation "P.T.A."" immediately following the physical therapist assistant's name to denote certification.~~

**D.** As required under A.R.S. § 32-2042, a physical therapist or physical therapist assistant who is on retired status shall use "(retired)" or "(ret.)" immediately after the designation required under subsection (A) or (C), as applicable.

**R4-24-303. Patient Care Management**

**A.** A physical therapist is responsible for the scope of patient management in the practice of physical therapy as defined by A.R.S. § 32-2001. For each patient, the physical therapist shall:
1. Perform and document an initial evaluation;
2. Perform and document periodic reevaluation;
3. Document a discharge summary and the patient's response to the course of treatment at discharge;
4. Ensure ~~that~~ the patient's physical therapy record is complete and accurate; and
5. Ensure ~~that~~ services reported for billing, whether billed directly to the patient or through a third party, are accurate and consistent with information in the patient's physical therapy record.

**B.** On each date of service, a physical therapist shall:
1. Perform and document each therapeutic intervention that requires the expertise of a physical therapist; and
2. Determine, based on a patient's acuity and treatment plan, whether it is appropriate to use assistive personnel to perform a selected treatment intervention or physical therapy task for the patient.

**C.** A physical therapist shall not supervise more than three assistive personnel at any time. If a physical therapist supervises three assistive personnel, the physical therapist shall ensure ~~that~~:
1. At least one of the assistive personnel is a physical therapist assistant,
2. No more than two of the assistive personnel are physical therapist assistants performing selected treatment interventions under general supervision, and
3. Assistive personnel other than a physical therapist assistant perform a physical therapy task only under the onsite supervision of a physical therapist.

**D.** Before delegating performance of a selected treatment intervention to a physical therapist assistant working under general supervision, the supervising physical therapist shall ensure ~~that~~ the physical therapist assistant:
1. Is ~~certified~~ licensed under this Chapter, and
2. Has completed at least 2,000 hours of experience as a physical therapist assistant working with patients under onsite supervision.

**E.** Before delegating performance of a selected physical therapy intervention or physical therapy task to assistive personnel working under general or onsite supervision, the supervising physical therapist shall ensure ~~that~~ the assistive personnel is qualified by education or training to perform the selected physical therapy intervention or physical therapy task in a safe, effective, and efficient manner.

**F.** A physical therapist who provides general supervision for a physical therapist assistant shall:
1. Be licensed under this Chapter;
2. Respond to a communication from the physical therapist assistant within 15 minutes;
3. Go to the location at which and on the same day that the physical therapist assistant provides a selected treatment intervention if the physical therapist, after consultation with the physical therapist assistant, determines that going to the location is in the best interest of the patient; and
4. Perform a reevaluation and provide each therapeutic intervention for the patient that is done on the day of the reevaluation every fourth treatment visit or every 30 days, whichever occurs first.

**G.** A physical therapist assistant who provides a selected treatment intervention under general supervision shall document in the patient record:
1. The name and license number of the supervising physical therapist;
2. The name of the patient to whom the selected treatment intervention is provided;
3. The date on which the selected treatment intervention is provided;
4. The selected treatment intervention provided; and
5. Whether the physical therapist assistant consulted with the supervising physical therapist during the course of the selected treatment intervention and if so, the subject of the consultation and any decision made.

**R4-24-304. Adequate Patient Records**

**A.** A physical therapist shall ensure ~~that~~ a patient record meets the following minimum standards:
1. Each entry in the patient record is:

a. Legible,
b. Accurately dated, and
c. Signed with the name and legal designation of the individual making the entry;

2. If an electronic signature is used to sign an entry, the electronic signature is secure;
3. The patient record contains sufficient information to:
   a. Identify the patient on each page of the patient record,
   b. Justify the therapeutic intervention,
   c. Document results of the therapeutic intervention,
   d. Indicate advice or cautionary warnings provided to the patient,
   e. Enable another physical therapist to assume the patient's care at any point in the course of therapeutic intervention, and
   f. Describe the patient's medical history.
4. If an individual other than a physical therapist or physical therapist assistant makes an entry into the patient record, the supervising physical therapist co-signs the entry;
5. If it is determined that erroneous information is entered into the patient record:
   a. The error is corrected in a manner that allows the erroneous information to remain legible, and
   b. The individual making the correction dates and initials the correct information; and
6. For each date of service there is an accurate record of the physical therapy services provided and billed.

**B.** Initial evaluation. As required by A.R.S. § 32-2043(F)(1), a physical therapist shall perform the initial evaluation of a patient. The physical therapist who performs an initial evaluation shall make an entry that meets the standards in subsection (A) in the patient record and document:

1. The patient's reason for seeking physical therapy services;
2. The patient's relevant medical diagnoses or conditions;
3. The patient's current functional status;
~~3.~~4. The patient's signs and symptoms;
~~4.~~5. Objective data from tests or measurements;
~~5.~~6. The physical therapist's interpretation of the results of the examination;
~~6.~~7. Clinical rationale for therapeutic intervention;
~~7.~~8. A plan of care that includes the proposed therapeutic intervention, measurable goals, and frequency and duration of therapeutic intervention; and
~~8.~~9. The patient's prognosis.

**C.** Therapeutic-intervention notes. For each date that a therapeutic intervention is provided to a patient, the individual who provides the therapeutic intervention shall make an entry that meets the standards in subsection (A) in the patient record and document:

1. The patient's current functional status;
~~1.~~2. The patient's subjective report of current status or response to therapeutic intervention;
~~2.~~3. The therapeutic intervention provided or appropriately supervised;
~~3.~~4. Objective data from tests or measures, if collected;
~~4.~~5. Instructions provided to the patient, if any; and
~~5.~~6. Any change in the plan of care required under subsection ~~(B)(7)~~ (B)(8).

**D.** Re-evaluation. As required by A.R.S. § 32-2043(F)(2), a physical therapist shall perform a re-evaluation when a patient fails to progress as expected, progresses sufficiently to warrant a change in the plan of care, or in accordance with R4-24-303(F)(4). A physical therapist who performs a re-evaluation shall make an entry that meets the standards in subsection (A) in the patient record and document:

1. The patient's subjective report of current status or response to therapeutic intervention;
2. Assessment of the patient's progress;
3. The patient's current functional status;
4. Objective data from tests or measures, if collected;
5. Rationale for continuing therapeutic intervention; and
6. Any change in the plan of care required under subsection ~~(B)(7)~~(B)(8).

**E.** Discharge summary. As required by A.R.S. § 32-2043(F)(3), a physical therapist shall document the conclusion of care in a patient's record regardless of the reason that care is concluded.

1. If care is provided in an acute-care hospital, the entry made under subsection (C) on the last date that a therapeutic intervention is provided constitutes documentation of the conclusion of care if the entry is made by a physical therapist.
2. If care is not provided in an acute-care hospital or if a physical therapist does not make the entry under subsection (C) on the last date that a therapeutic intervention is provided, a physical therapist shall make an entry that meets the standards in subsection (A) in the patient record and document:

a. The date on which therapeutic intervention terminated;
b. The reason that therapeutic intervention terminated;
c. Inclusive dates for the episode of care being terminated;
d. The total number of days on which therapeutic intervention was provided during the episode of care;
e. The patient's current functional status;
f. The patient's progress toward achieving the goals in the plan of care required under subsection ~~(B)(7)~~(B)(8); and
g. The recommended discharge plan.

**R4-24-305. Complaints and Investigations**

**A.** A complainant shall ensure that a complaint filed with the Board is about:
1. An individual licensed ~~or certified~~ under this Chapter;
2. A business entity registered with the Board; or
~~2.~~3. An individual believed to be engaged in unlawful practice as described in A.R.S. § 32-2048.

**B.** If the Board determines under A.R.S. § 32-2045(A)(2) that there is reason to believe ~~that~~ an individual or business entity may have violated A.R.S. Title 32, Chapter 19, or this Chapter, the Board shall prepare a complaint and serve the complaint as described in subsection (D)(2).

**C.** Complaint requirements. A complainant shall:
1. Submit the complaint to the Board in writing; and
2. Provide the following information:
   a. Name of licensee, ~~certificate holder,~~ business entity, or other individual who is the subject of complaint;
   b. Name and address of complainant;
   c. Nature of the complaint;
   d. Details of the complaint with pertinent dates and activities;
   e. Whether the complainant has contacted any other organization regarding the complaint; and
   f. Whether complainant has contacted the licensee, ~~certificate holder,~~ business entity, or other individual concerning the complaint, and if so, the response, if any.

**D.** Within 90 days after receiving a complaint, the Board shall ensure ~~that~~ the complaint is reviewed to determine whether the complaint is within the Board's jurisdiction, and:
1. If the complaint is not within the Board's jurisdiction, dismiss the complaint and provide written notice of the dismissal to the complainant; or
2. If the complaint is within the Board's jurisdiction, serve a copy of the complaint on the individual or business entity complained against and provide the individual or business entity complained against with 30 days to respond and admit, deny, or further explain each allegation in the complaint.

**E.** If a complaint is within the Board's jurisdiction, the Board shall ensure ~~that~~ an investigation regarding the matters alleged in the complaint is conducted.

**F.** After expiration of the 30 days provided under subsection (D)(2), the Board shall review the complaint, response, and investigation results and take action as prescribed under A.R.S. §§ 32-2045(B) or 32-2046.

**R4-24-306. Hearings**

**A.** To facilitate investigation of a complaint, the Board may conduct an informal hearing. The Board shall send written notice of an informal hearing to the ~~individual~~ person who is the subject of the complaint, by personal service or certified mail, return receipt requested, at least 30 days before the informal hearing.

**B.** The Board shall ensure that the written notice of informal hearing contains the following information:
1. The time, date, and place of the informal hearing;
2. An explanation of the informal nature of the proceedings;
3. The ~~individual's~~ person's right to appear with or without legal counsel;
4. A statement of the allegations and issues involved with a citation to relevant statutes and rules;
5. The ~~individual's~~ person's right to a formal hearing under A.R.S. Title 41, Chapter 6, Article 10 instead of the informal hearing;
6. The ~~licensee's or certificate holder's~~ person's right to request ~~under A.R.S. § 32-3206(A)~~ a copy of information the Board will use in making its determination; and
7. Notice that the Board may take disciplinary action as a result of the informal hearing if it finds the ~~individual~~ person violated A.R.S. Title 32, Chapter 19, or this Chapter;

**C.** The Board shall ensure ~~that~~ an informal hearing proceeds as follows:
1. Introduction of the respondent and, if applicable, legal counsel for the respondent;
2. Introduction of the Board members, staff, and Assistant Attorney General present;

3. Swearing in of the respondent and witnesses;
4. Brief summary of the allegations and purpose of the informal hearing;
5. Optional opening comment by the respondent;
6. Questioning of the respondent by the Board and questioning of witnesses by the Board and the respondent;
7. Optional additional comments by the respondent; and
8. Deliberation and deciding the case by the Board.

**R4-24-308. Rehearing or Review of Board Decisions**

**A.** The Board shall provide for a rehearing and review of its decisions under A.R.S. Title 41, Chapter 6, Article 10.

**B.** Except as provided in subsection (I), a party is required to file a motion for rehearing or review of a decision of the Board to exhaust the party's administrative remedies.

**C.** A party may amend a motion for rehearing or review at any time before the Board rules on the motion.

**D.** The Board may grant a rehearing or review for any of the following reasons materially affecting a party's rights:
1. Irregularity in the proceedings of the Board or any order or abuse of discretion that deprived the moving party of a fair hearing;
2. Misconduct of the Board, its staff, or an administrative law judge;
3. Accident or surprise that could not have been prevented by ordinary prudence;
4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the hearing;
5. Excessive or insufficient penalty;
6. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the progress of the proceedings; and
7. The findings of fact or decision is not justified by the evidence or is contrary to law.

**E.** The Board may affirm or modify a decision or grant a rehearing or review to any or all of the parties on all or part of the issues for any of the reasons listed in subsection (D). An order modifying a decision or granting a rehearing or review shall specify with particularity the grounds for the order. If a rehearing or review is granted, the rehearing or review shall cover only the matters specified in the order.

**F.** No later than 30 days after making a decision and after giving the parties notice and an opportunity to be heard, the Board may order a rehearing or review on its own initiative for any of the reasons listed in subsection (D). The Board may grant a motion for rehearing or review, timely served, for a reason not stated in the motion. An order granting a rehearing or review shall specify with particularity the grounds on which the rehearing or review is granted.

**G.** When a motion for rehearing or review is based upon affidavits, the affidavits shall be served with the motion. An opposing party may, within 15 days after service, serve opposing affidavits. This period may be extended for not more than 20 days by the Board ~~for good cause as described in subsection (I) or~~ by written stipulation of the parties or a Board finding that the extension will further justice and cause no harm to any party. The Board may permit reply affidavits.

**H.** If a rehearing is granted, the Board shall hold the rehearing within 60 days after the issue date on the order granting the rehearing.

**I.** If the Board makes a specific finding that immediate effectiveness of a particular decision is necessary for preservation of the public health, safety, or welfare and that rehearing or review is impracticable, unnecessary, or contrary to public interest, the decision may be issued as a final decision without an opportunity for rehearing or review. If an application for judicial review of the decision is made, it shall be made under A.R.S. § 12-901 et seq.

**R4-24-309. Disciplinary Actions**

**A.** As required by A.R.S. § 39-121.01, a record of Board disciplinary actions, including a decree of censure, is a public record open to public inspection.

**B.** If the Board decides to restrict a license ~~or certificate~~, the Board shall ensure that the restriction and any required corrective action address the conduct that led to the restriction and protect the public. If the Board decides to require that an individual with a restricted license ~~or certificate~~ be supervised during the period of restriction, the Board shall appoint an unrestricted licensee to provide the supervision.

**C.** A physical therapist or physical therapist assistant whose license ~~or certificate~~ is suspended, revoked, or voluntarily surrendered shall return the license ~~or certificate~~ to the Board within 10 days after receipt of the Board's final order.

**D.** At the end of a period of license ~~or certificate~~ restriction, the Board shall terminate the restriction only if the licensee ~~or certificate holder~~ submits to the Board evidence of having completed all required corrective actions and complied with all terms of the restriction. If the Board believes it will help the Board determine whether to terminate a restriction, the licensee ~~or certificate holder~~ shall appear before the Board.

**E.** An applicant who had a previous license ~~or certificate~~ revoked by the Board shall appear before the Board before the Board acts on the application.

**R4-24-310. Substance Abuse Recovery Program**

**A.** Under A.R.S. § 32-2044(8), practicing as a physical therapist or working as a physical therapist assistant while mentally or physically impaired is grounds for disciplinary action.

**B.** The Board shall allow an impaired licensee ~~or certificate holder~~ to enter into a substance abuse recovery program rather than conduct a disciplinary proceeding if:

1. The impaired licensee ~~or certificate holder~~ is qualified under A.R.S. § 32-2050(2),
2. The Board believes the proposed program will assist the impaired licensee ~~or certificate holder~~ to recover, and
3. The impaired licensee ~~or certificate holder~~ enters into the written agreement required under A.R.S. § 32-2050(3) and (4).

**R4-24-311. Display of License; Disclosure**

**A.** A licensee ~~or certificate holder~~ shall display a copy or provide documentation of the license ~~or certificate~~ and current renewal verification as specified in A.R.S. § 32-2051(G).

**B.** Upon request, a licensee ~~or certificate holder~~ shall inform a member of the public how to file a complaint by providing the address and telephone number of the Board office and a statement that a complaint against a licensee ~~or certificate holder~~ should be directed to the Board.

**C.** Before conducting an evaluation or initiating physical therapy, a ~~licensee~~ licensed physical therapist shall disclose to a patient when a referring practitioner is deriving direct or indirect compensation from the referral. The ~~licensee~~ licensed physical therapist shall ensure ~~that~~ the disclosure is in writing and states “Under A.R.S. § 32-2051(C), I am required by law to inform you in writing that your referring physician [or specify if different from a physician] derives either direct or indirect compensation related to your physical therapy.”

**R4-24-312. Mandatory Reporting Requirement**

**A.** As required by A.R.S. § 32-3208, an applicant~~,~~ or licensee~~, or certificate holder~~ who is charged with a misdemeanor involving conduct that may affect patient safety or a felony shall provide written notice of the charge to the Board within 10 working days after the charge is filed.

**B.** An applicant~~,~~ or licensee~~, or certificate holder~~ may request a list of reportable misdemeanors from the Board.

**R4-24-313. Professional Standards of Care and Training and Education Qualifications for Delivery of Dry Needling Skilled Intervention**

**A.** ~~Effective July 1, 2015 and in accordance with~~ Under A.R.S. § 32-2044(25), a physical therapist shall meet the qualifications established in subsection (C) before providing the skilled intervention “dry needling”, as defined in A.R.S. § 32-2001(4).

**B.** A physical therapist offering to provide or providing “dry needling” intervention shall provide to the Board documented proof of compliance with the qualifications listed in subsection (C) ~~to the board~~ within 30 days ~~of completion of~~ after completing the course content in subsection (C) or within 30 days of initial licensure as a physical therapist in Arizona.

**C.** ~~Course content~~ The Board has determined that only a “dry needling” course that meets the following standards provides the training and education ~~qualifications for “dry needling” shall contain all of the following~~ necessary to qualify an individual to provide dry needling in Arizona:

1. The course ~~content shall be~~ is approved by one or more of the following entities ~~prior to~~ before the course(s) ~~being~~ is completed by the physical therapist.
   a. Commission ~~On~~ on Accreditation ~~In~~ in Physical Therapy Education,
   b. American Physical Therapy Association,
   c. State Chapters ~~Of The~~ of the American Physical Therapy Association,
   d. Specialty Groups ~~Of The~~ of the American Physical Therapy Association, or
   e. The Federation of State Boards ~~Of~~ of Physical Therapy.
2. The course ~~content shall include~~ includes the following components ~~of education and training~~:
   a. Sterile needle procedures ~~to include one of the following~~ consistent with the standards of one of the following:
      i. The U.S. Centers For Disease Control ~~And~~ and Prevention, or
      ii. The U.S. Occupational Safety ~~And~~ and Health Administration
   b. Anatomical ~~Review~~ review,
   c. ~~Blood Borne Pathogens~~ Blood-borne pathogens, and
   d. Contraindications and indications for “dry needling.”~~,~~

3. The course ~~content required in subsection (C) of this Section shall include, but is not limited to, passing of~~ requires participants to pass both a written ~~examination~~ and practical examination before ~~completion of~~ completing the course ~~content. Practice application course content and examinations shall be done in person to meet the qualifications of subsection (C)~~.
4. The course ~~content required in subsection (C) of this subsection shall total a minimum of~~ requires at least 24 ~~contact~~ hours of education.
5. All practical aspects of the course, including the practical examination, are performed under supervision.

**D.** ~~The standard of care for the intervention "dry needling" includes, but is not limited to the following~~ A physical therapist who performs dry needling shall:

1. "~~Dry needling" cannot be delegated~~ Not delegate performing dry needling to ~~any~~ assistive personnel.
2. ~~Consent~~ Obtain consent for treatment for the ~~intervention~~ "dry needling" intervention ~~is the same~~ as required under R4-24-301.
3. ~~Documentation of~~ Document the ~~intervention~~ "dry needling" intervention ~~shall be done~~ in accordance with R4-24-304.

## ARTICLE 4. CONTINUING COMPETENCE

### R4-24-401. Continuing Competence Requirements for Renewal

**A.** Except as provided in subsection (G), a licensed physical therapist shall earn 20 contact hours of continuing competence for each compliance period to be eligible for license renewal.

1. The ~~licensee~~ licensed physical therapist shall earn at least 10 contact hours from Category A continuing competence activities. No more than five of the required contact hours from Category A may be obtained from nonclinical course work.
2. No more than 10 contact hours may be earned by the ~~licensee~~ licensed physical therapist during any compliance period from Categories B and C continuing competence activities. No more than five contact hours from categories B and C may be obtained from nonclinical course work.
3. If the ~~licensee's~~ licensed physical therapist's initial license is for one year or less, the ~~licensee~~ licensed physical therapist shall earn 10 contact hours from Category A continuing competence activities during the initial compliance period. No more than five of the required contact hours from Category A may be obtained from nonclinical course work.

**B.** Except as provided in subsection (G), a ~~certified~~ licensed physical therapist assistant shall earn 10 contact hours of continuing competence for each compliance period to be eligible for ~~certificate~~ license renewal.

1. The ~~certificate holder~~ licensed physical therapist assistant shall earn at least six contact hours from Category A continuing competence activities. No more than three of the required contact hours from Category A may be obtained from nonclinical course work.
2. No more than four contact hours may be earned by the ~~certificate holder~~ licensed physical therapist assistant during any compliance period from Categories B and C continuing competence activities. No more than two contact hours from Categories B and C may be obtained from nonclinical course work.
3. If the ~~certificate holder's~~ licensed physical therapist assistant's initial ~~certificate~~ license is for one year or less, the ~~certificate holder~~ licensed physical therapist assistant shall earn six contact hours from Category A continuing competence activities during the initial compliance period. No more than three of the required contact hours from Category A may be obtained from nonclinical course work.

**C.** A licensee ~~or certificate holder~~ shall not receive contact hour credit for repetitions of the same activity.

**D.** The continuing competence compliance period for a licensee ~~or certificate holder~~ begins on September 1 following the issuance of an initial or renewal license ~~or certificate~~ and ends on August 31 of even-numbered years.

**E.** A licensee ~~or certificate holder~~ shall not carry over contact hours from one compliance period to another.

**F.** An applicant for renewal shall submit a signed statement to the Board with the renewal application stating whether continuing competence requirements have been fulfilled for the current compliance period.

**G.** The Board may, at its discretion, waive continuing competence requirements on an individual basis for reasons of extreme hardship such as illness, disability, active service in the military, or other extraordinary circumstance as determined by the Board. A licensee ~~or certificate holder~~ who seeks a waiver of the continuing competence requirements shall provide to the Board, in writing, the specific reasons for requesting the waiver and additional information the Board may request in support of the waiver.

**H.** A licensee ~~or certificate holder~~ is subject to Board auditing for continuing competence compliance.

1. Selection for audit shall be random and notice of audit sent within 60 calendar days following the renewal deadline.
2. Within 30 days of receipt of a notice of audit, a licensee ~~or certificate holder~~ shall submit evidence to the Board that shows compliance with the requirements of continuing competence. Documentation of a continuing competence activity shall include:

a. The date, place, course title, sponsor, schedule, and presenter;
b. The number of contact hours received for the activity; and
c. Proof of completion, such as an abstract, certificate of attendance, sign-in log, or other certification of completion.

**I.** A licensee ~~or certificate holder~~ shall retain evidence of participation in a continuing competence activity for two compliance periods after participation.

**J.** The Board shall notify a licensee ~~or certificate holder~~ who has been audited whether the licensee or ~~certificate holder~~ is in compliance with continuing competence requirements. The Board shall provide the notice electronically or by certified mail within 30 working days following the determination by the Board.

**K.** The Board shall provide six months from the date of the notice under subsection (J) for a licensee ~~or certificate holder~~ found not in compliance with continuing competence requirements to satisfy the continuing competence requirements. A licensee ~~or certificate holder~~ may request a hearing to contest the Board's decision under A.R.S. Title 41, Chapter 6, Article 10.

**L.** Penalties for failure to comply with continuing competence requirements may be imposed by the Board under A.R.S § 32-2047 following a hearing conducted under A.R.S. Title 41, Chapter 6, Article 10.

**R4-24-402. Continuing Competence Activities**

**A.** Category A continuing competence activities shall be approved by:
1. An accredited medical, health care, or physical therapy program;
2. A state or national medical, health care, or physical therapy association, or a component of the association; or
3. A national medical, health care, or physical therapy specialty society.

**B.** Category A continuing competence activities include:
1. A physical therapy continuing education course designed to provide necessary understanding of current research, clinical skills, administration, or education related to the practice of physical therapy. Calculation of contact hours is determined by dividing the total minutes of instruction by 60. Breaks shall not be included as part of instructional time;
2. Coursework towards granting or renewal of a physical therapy clinical specialty certification approved by the Board. Each 60 minutes of instruction equals one contact hour;
3. Coursework in a physical therapy clinical residency program. Each 60 minutes of instruction equals one contact hour; and
4. Coursework in a postgraduate physical therapy education from an accredited college or university. Each 60 minutes of instruction equals one contact hour.

**C.** Category B continuing competence activities include:
1. Study group: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.
   a. A study group is a structured meeting designed for the study of a clinical physical therapy topic dealing with current research, clinical skills, procedures, or treatment related to the practice of physical therapy.
   b. No change
2. Self instruction: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.
   a. Self instruction is a structured course of study relating to one clinical physical therapy topic dealing with current research, clinical skills, procedures, or treatment related to the practice of physical therapy. Self instruction may be directed by a correspondence course, video, internet, or satellite program.
   b. Each 60 minutes of self instruction equals one contact hour.
3. Inservice education: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.
   a. Inservice education is attendance at a presentation pertaining to current research, clinical skills, procedures, or treatment related to the practice of physical therapy or relating to patient welfare or safety, including CPR certification.
   b. Each 60 minutes of inservice education equals one contact hour.

**D.** Category C modes of continuing competence include:
1. Physical therapy practice management coursework: Maximum of five contact hours for physical therapists and two contact hours for physical therapist assistants.
   a. Physical therapy practice management course work is course work concerning physical therapy administration, professional responsibility, ethical obligations, or legal requirements applicable to physical therapy practice settings.
   b. If the course is graded, a licensee ~~or certificate holder~~ shall receive a "pass" in a pass/fail course or a minimum of a C in a graded course to receive credit.
   c. Each 60 minutes of practice management coursework equals one contact hour.

2. Teaching or lecturing: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.
    a. Teaching or lecturing is the presentation of an original educational program dealing with current research, clinical skills, procedures, treatment, or practice management related to the practice of physical therapy principally for health care professionals. Credit may be earned for teaching when the presentation is accompanied by written materials prepared, augmented, or updated by the presenter including course objectives and program content.
    b. One 60 minute instructional period equals 2.5 contact hours.
    c. Credit shall be given only once for a presentation within a compliance period.
3. Publication: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.
    a. Publication includes writing for professional publication, platform, or poster presentation abstracts that have direct application to the practice of physical therapy. Credit may be earned for publication of material that is a minimum of 1500 words in length and published by a recognized third-party publisher of physical therapy material.
    b. Each article published in a refereed journal, book chapter, or book equals five contact hours for physical therapists and two contact hours for physical therapist assistants. Articles published in non-refereed journals, magazines, newsletters, or periodicals equal two contact hours for physical therapists and one contact hour for physical therapist assistants.
4. Clinical instruction: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.
    a. Clinical instruction involves assisting a student physical therapist or physical therapist assistant or a physical therapist resident or fellow acquire clinical skills required of a physical therapist or physical therapist assistant.
    b. An individual to whom clinical instruction is provided shall be enrolled in:
        i. A physical therapist or physical therapist assistant program accredited by the Commission on Accreditation of Physical Therapy Education; or
        ii. A physical therapist residency or fellowship program approved by the American Physical Therapy Association.
    c. The program referenced under subsection (D)(4)(b) shall provide the enrolled individual with proof of completing the hours of clinical instruction.
    d. Each 120 hours of clinical instruction equals one contact hour.

**R4-24-403. Activities Not Eligible for Continuing Competence Credit**

A licensee ~~or certificate holder~~ shall not receive continuing competence credit for the following activities:

1. A regularly scheduled educational opportunity provided within an institution, such as rounds or case conferences;
2. A staff meeting;
3. A publication or presentation by the licensee ~~or certificate holder~~ to a lay or nonprofessional group; and
4. Routine teaching of personnel, students, or staff as part of a job requirement.

**ECONOMIC, SMALL BUSINESS, AND CONSUMER IMPACT STATEMENT**[1]

**TITLE 4. PROFESSIONS AND OCCUPATIONS**

**CHAPTER 24. BOARD OF PHYSICAL THERAPY**

1. Identification of the rulemaking:

The Board is completing a rulemaking that addresses the issues identified in a 5YRR approved by the Council on December 3, 2019. In particular, the Board is updating the ethics materials incorporated by reference in R4-24-101. Additionally, relying on the authority provided under A.R.S. §§ 32-2022(B)(7) and 32-2025(D), the Board is removing clinical performance instruments from materials incorporated by reference and will approve available instruments on a case-by-case basis. The Board concluded this flexibility is necessary because multiple entities have expressed the intent to develop clinical performance instruments and because some current instruments are available only online.

Under Laws 2024, Chapter 236, the legislature changed certification of physical therapist assistants to licensure. This change ricochets throughout existing rules. Additional changes are made to be consistent with industry and agency practice.

Other important changes include:

- Eliminating a charge for a duplicate license or registration;
- Adding flexibility to the application process by making the application form electronic;
- Repealing reference to an applicant being of good moral character;
- Adding licensure by universal recognition;
- Clarifying that a compliant may be filed against a registered business entity; and
- Adding an assessment of a patient's current functional status to the initial evaluation requirements.

The conduct and its frequency of occurrence that the rule is designed to change:

Until the rulemaking is completed, the Board's rules will not be consistent with statute or industry and agency practice.

a. The harm resulting from the conduct the rule is designed to change and the likelihood it will continue to occur if the rule is not changed:

[1] If adequate data are not reasonably available, the agency shall explain the limitations of the data, the methods used in an attempt to obtain the data, and characterize the probable impacts in qualitative terms. (A.R.S. § 41-1055(C)).

It is not good government for an agency to have rules that are inconsistent with statute and industry and agency practice. This is a source of potential confusion for those who must comply with the rules.

b. The estimated change in frequency of the targeted conduct expected from the rule change:

When the rulemaking is completed, the Board's rules will be consistent with statute and current industry and agency practice.

2. A brief summary of the information included in the economic, small business, and consumer impact statement;

The Board believes the rulemaking has minimal economic impact. The updated materials incorporated by reference or approved by the Board simply make the rules consistent with current industry standards. Other changes make the rules consistent with Board practice or legislative change.

3. The person to contact to submit or request additional data on the information included in the economic, small business, and consumer impact statement:

Name: Judy Chepeus
Title: Executive Director
Address: 1740 West Adams Street, Suite 2450, Phoenix, AZ 85007
Telephone: (602) 271-7365
Email: judy.chepeus@ptboard.az.gov
Website: ptboard.az.gov

4. Persons who will be directly affected by, bear the costs of, or directly benefit from the rulemaking:

Licensed physical therapists and physical therapist assistants, applicants, business entities, and the Board are persons directly affected by, bear the costs of, and directly benefit from the rulemaking.

The Board currently licenses 8,226 physical therapists, 6,602 of whom are active and 1,624 are inactive, and 2,594 physical therapist assistants, 2,104 of whom are active and 490 are inactive, and registers 273 business entities, 224 of which are active and 49 are inactive. During the last year, the Board received 902 applications for licensure. Of these, 380 (42 percent) were application by endorsement or universal recognition.

During the last year, the Board issued five interim permits to potential licensees. The Board has approved two clinical performance instruments for use by the onsite supervisors of interim permit holders. Most supervisors prefer using the clinical performance instrument that is available online.

The Board estimates that repealing the charge for a duplicate license or registration would have saved licensees and registrants $1,600 during the last year if it had been in effect.

During the last fiscal year, the Board received 45 complaints against licensees and registrants. Generally, the complaints alleged unprofessional conduct, failure to report, improper treatment, failure to maintain adequate patient records, failure to supervise, improper billing, fraud, and sexual misconduct. Of the complaints received, eight went to hearing and 19 resulted in the Board taking disciplinary action. The disciplinary actions taken included continuing education, jurisprudence examination, civil penalty, clinical monitoring, chaperone, therapy, suspension, voluntary surrender, and stayed revocation.

The Board incurred the cost of completing the rulemaking and will incur the cost of implementing and enforcing the rule changes.

5. Cost-benefit analysis:
    a. Costs and benefits to state agencies directly affected by the rulemaking including the number of new full-time employees at the implementing agency required to implement and enforce the proposed rule:
    The Board is the only state agency directly affected by the rulemaking. The Board's costs and benefits are discussed in item 4. The Board will not need a new full-time employee to implement and enforce the rule changes.
    b. Costs and benefits to political subdivisions directly affected by the rulemaking:
    No political subdivision is directly affected by the rulemaking.
    c. Costs and benefits to businesses directly affected by the rulemaking:
    Business entities required to register with the Board are businesses directly affect by the rulemaking. As a result of the rulemaking, business entities will save the cost of a duplicate registration if one is needed. Business entities may now more clearly understand that complaints can be made against business entities believed to have violated statute or rule.

Licensees who are self-employed are also businesses directly affected by the rulemaking. They will save the cost of a duplicate licensee if one is needed. Licensees have the benefit of rules that are consistent with industry practice. This makes it easier for a licensee to move from one state to another.

6. Impact on private and public employment:

   The Board believes the rulemaking will have no impact on private or public employment.

7. Impact on small businesses[2]:

   a. Identification of the small business subject to the rulemaking:

      Business entities and self-employed licensees are small businesses subject to this rulemaking.

   b. Administrative and other costs required for compliance with the rulemaking:

      For business entities, the costs of compliance include making application for registration, paying the registration fee, and making a biennial renewal of registration.

      For self-employed licensees, the costs of compliance include making application for licensure and biennial renewal, paying the licensing and renewal fees, ensuring qualification with statutory requirements including passing both a national and jurisprudence examination, completing continuing competence activities, and complying with ethical standards.

   d. Description of methods that may be used to reduce the impact on small businesses:

      The Board believes the rule amendments have greater benefits than costs for small businesses and the costs are so minimal it is not possible to reduce them and still achieve the goal of having rules consistent with statute and industry standards.

8. Cost and benefit to private persons and consumers who are directly affected by the rulemaking:

   No private persons or consumers are directly affected by the rulemaking.

9. Probable effects on state revenues:

   Repealing the charge for a duplicate license or registration will have a minimal impact on state revenues.

10. Less intrusive or less costly alternative methods considered:

    Because the rules are neither intrusive nor costly, the Board did not consider alternative methods.

[2] Small business has the meaning specified in A.R.S. § 41-1001(23).

# APTA Guide for Professional Conduct

## Purpose

The APTA Guide for Professional Conduct (Guide) is intended to serve physical therapists in interpreting the Code of Ethics for the Physical Therapist (Code of Ethics) of the American Physical Therapy Association (APTA) in matters of professional conduct. The APTA House of Delegates in June of 2009 adopted a revised Code of Ethics, which became effective July 1, 2010.

The Guide provides a framework by which physical therapists may determine the propriety of their conduct. It also is intended to guide the professional development of physical therapist students. The Code of Ethics and the Guide apply to all physical therapists. These guidelines are subject to change as the dynamics of the profession change, and as new patterns of health care delivery are developed and accepted by the professional community and the public.

## Interpreting Ethical Principles

The interpretations expressed in this Guide reflect the opinions, decisions, and advice of the APTA Ethics and Judicial Committee (EJC). The interpretations are set forth according to topic. These interpretations are intended to assist a physical therapist in applying general ethical principles to specific situations. They address some but not all topics addressed in the principles and should not be considered inclusive of all situations that could evolve.

This Guide is subject to change, and the Ethics and Judicial Committee will monitor and revise the Guide to address additional topics and principles when and as needed.

## Preamble to the Code of Ethics

### The Preamble states as follows:

The Code of Ethics for the Physical Therapist (Code of Ethics) delineates the ethical obligations of all physical therapists as determined by the House of Delegates of the American Physical Therapy Association (APTA). The purposes of this Code of Ethics are to:

1. Define the ethical principles that form the foundation of physical therapist practice in patient/client management, consultation, education, research, and administration.
2. Provide standards of behavior and performance that form the basis of professional accountability to the public.
3. Provide guidance for physical therapists facing ethical challenges, regardless of their professional roles and responsibilities.
4. Educate physical therapists, students, other health care professionals, regulators, and the public regarding the core values, ethical principles, and standards that guide the professional conduct of the physical therapist.
5. Establish the standards by which the American Physical Therapy Association can determine if a physical therapist has engaged in unethical conduct.

No code of ethics is exhaustive nor can it address every situation. Physical therapists are encouraged to seek additional advice or consultation in instances where the guidance of the Code of Ethics may not be definitive.

©2020 American Physical Therapy Association. All rights reserved.

This Code of Ethics is built upon the five roles of the physical therapist (management of patients/clients, consultation, education, research, and administration), the core values of the profession, and the multiple realms of ethical action (individual, organizational, and societal). Physical therapist practice is guided by a set of seven core values: accountability, altruism, compassion/caring, excellence, integrity, professional duty, and social responsibility. Throughout the document the primary core values that support specific principles are indicated in parentheses. Unless a specific role is indicated in the principle, the duties and obligations being delineated pertain to the five roles of the physical therapist. Fundamental to the Code of Ethics is the special obligation of physical therapists to empower, educate, and enable those with impairments, activity limitations, participation restrictions, and disabilities to facilitate greater independence, health, wellness, and enhanced quality of life.

**Interpretation:** Upon the Code of Ethics for the Physical Therapist being amended effective July 1, 2010, all the lettered principles in the Code of Ethics contain the word “shall” and are mandatory ethical obligations. The language contained in the Code of Ethics is intended to better explain and further clarify existing ethical obligations. These ethical obligations predate the revised Code of Ethics. Although various words have changed, many of the obligations are the same. Consequently, the addition of the word “shall” reinforces and clarifies existing ethical obligations. A significant reason that the Code of Ethics was revised was to provide physical therapists with a document that was clear enough to be read on its own without the need to seek extensive additional interpretation.

The Preamble states that “[n]o Code of Ethics is exhaustive nor can it address every situation.” The Preamble also states that physical therapists “are encouraged to seek additional advice or consultation in instances in which the guidance of the Code may not be definitive.” Potential sources for advice and counsel include third parties and the myriad resources available on the APTA website. Inherent in a physical therapist’s ethical decision-making process is the examination of his or her unique set of facts relative to the Code of Ethics.

## Topics

### Respect

**Principle 1A states as follows:**

> 1A. Physical therapists shall act in a respectful manner toward each person regardless of age, gender, race, nationality, religion, ethnicity, social or economic status, sexual orientation, health condition, or disability.

**Interpretation:** Principle 1A addresses the display of respect toward others. Unfortunately, there is no universal consensus about what respect looks like in every situation. For example, direct eye contact is viewed as respectful and courteous in some cultures and inappropriate in others. It is up to the individual to assess the appropriateness of behavior in various situations.

### Altruism

**Principle 2A states as follows:**

> 2A. Physical therapists shall adhere to the core values of the profession and shall act in the best interests of patients/clients over the interests of the physical therapist.

**Interpretation:** Principle 2A reminds physical therapists to adhere to the profession's core values and act in the best interest of patients and clients over the interests of the physical therapist. Often this is done without thought, but, sometimes, especially at the end of the day when the physical therapist is fatigued and ready to go home, it is a conscious decision. For example, the physical therapist may need to make a decision between leaving on time and staying at work longer to see a patient who was 15 minutes late for an appointment.

### Patient Autonomy

**Principle 2C states as follows:**

> 2C. Physical therapists shall provide the information necessary to allow patients or their surrogates to make informed decisions about physical therapy care or participation in clinical research.

**Interpretation:** Principle 2C requires the physical therapist to respect patient autonomy. To do so, he or she shall communicate to the patient or client the findings of the physical therapist examination, evaluation, diagnosis, and prognosis. The physical therapist shall use sound professional judgment in informing the patient or client of any substantial risks of the recommended examination and intervention and shall collaborate with the individual to establish the goals of treatment and the plan of care. Ultimately, the physical therapist shall respect the individual's right to make decisions regarding the recommended plan of care, including consent, modification, or refusal.

### Professional Judgment

**Principles 3, 3A, and 3B state as follows:**

> 3: Physical therapists shall be accountable for making sound professional judgments. (Core Values: Excellence, Integrity)
>
> 3A. Physical therapists shall demonstrate independent and objective professional judgment in the patient's/client's best interest in all practice settings.
>
> 3B. Physical therapists shall demonstrate professional judgment informed by professional standards, evidence (including current literature and established best practice), practitioner experience, and patient/client values.

**Interpretation:** Principles 3, 3A, and 3B state that it is the physical therapist's obligation to exercise sound professional judgment, based upon his or her knowledge, skill, training, and experience. Principle 3B further describes the physical therapist's judgment as being informed by 3 elements of evidence- based practice.

With regard to the patient and client management role, once a physical therapist accepts an individual for physical therapy services he or she shall be responsible for: the examination, evaluation, and diagnosis of that individual; the prognosis and intervention; reexamination and modification of the plan of care; and the maintenance of adequate records, including progress reports. The physical therapist shall establish the plan of care and shall provide and/or supervise and direct the appropriate interventions. Regardless of practice setting, the physical therapist has primary responsibility for the physical therapy care of a patient or client and shall make independent judgments regarding that care consistent with accepted professional standards.

If the diagnostic process reveals findings that are outside the scope of the physical therapist's knowledge, experience, or expertise or that indicate the need for care outside the scope of physical therapy, the physical therapist shall so inform the patient or client and shall refer the individual to an appropriate practitioner.

The physical therapist shall determine when a patient or client will no longer benefit from physical therapist services. When the physical therapist's judgment is that a patient will receive negligible benefit from physical therapist services, the physical therapist shall not provide or continue to provide such services if the primary reason for doing so is to further the financial self-interest of the physical therapist or his or her employer. The physical therapist shall avoid overutilization of physical therapist services. See Principle 8C.

### Supervision

**Principle 3E states as follows:**

> 3E. Physical therapists shall provide appropriate direction of and communication with physical therapist assistants and support personnel.

**Interpretation:** Principle 3E describes an additional circumstance in which sound professional judgment is required; namely, through the appropriate direction of and communication with physical therapist assistants and support personnel. Further information on supervision via applicable local, state, and federal laws and regulations (including state practice acts and administrative codes) is available.

Information on supervision via APTA policies and resources is also available on the APTA website. See Principles 5A and 5B.

### Integrity in Relationships

**Principle 4 states as follows:**

> 4. Physical therapists shall demonstrate integrity in their relationships with patients/clients, families, colleagues, students, research participants, other health care providers, employers, payers, and the public. (Core Value: Integrity)

**Interpretation:** Principle 4 addresses the need for integrity in relationships. This is not limited to relationships with patients and clients but includes everyone physical therapists come into contact with professionally. For example, demonstrating integrity could encompass working collaboratively with the health care team and taking responsibility for one's role as a member of that team.

### Reporting

**Principle 4C states as follows:**

> 4C. Physical therapists shall discourage misconduct by health care professionals and report illegal or unethical acts to the relevant authority, when appropriate.

**Interpretation:** Physical therapists shall seek to discourage misconduct by health care professionals. Discouraging misconduct can be accomplished through a number of mechanisms. The following is not an exhaustive list:

- Do not engage in misconduct; instead, set a good example for health care professionals and others working in their immediate environment.
- Encourage or recommend to the appropriate individuals that health care and other professionals, such as legal counsel, conduct regular (such as annual) training that addresses federal and state law requirements, such as billing, best practices, harassment, and security and privacy; as such training can educate health care professionals on what to do and not to do.
- Encourage or recommend to the appropriate individuals other types of training that are not law based, such as bystander training.
- Assist in creating a culture that is positive and civil to all.
- If in a management position, think about promotion and hiring decisions and how they can impact the organization.
- Access professional association resources when considering best practices.
- Revisit policies and procedures each year to remain current.

Many other mechanisms may exist to discourage misconduct. The physical therapist should be creative, open-minded, fair, and impartial in considering how to best meet this ethical obligation. Doing so can actively foster an environment in which misconduct does not occur. The main focus when thinking about misconduct is creating an action plan on prevention. Consider that reporting may never make the alleged victim whole or undo the misconduct.

If misconduct has not been prevented, then reporting issues must be considered. This ethical obligation states that the physical therapist reports to the "relevant authority, when appropriate." Before examining the meaning of these words it is important to note that reporting intersects with corporate policies and legal obligations. It is beyond the scope of this interpretation to provide legal advice regarding laws and policies; however, an analysis of reporting cannot end with understanding one's ethical obligations. One may need to seek advice of legal counsel who will take into consideration laws and policies and seek to discover the facts and circumstances.

With respect to ethical obligations, the term "when appropriate" is a fact-based decision and will be impacted by requirements of the law. If a law requires the physical therapist to take an action, then, of course, it is appropriate to do so. If there is no legal requirement and no corporate policy, then the physical therapist must consider what is appropriate given the facts and situation. It may not be appropriate if the physical therapist does not know what occurred, or because there is no legal requirement to act and the physical therapist does not want to assume legal responsibility, or because the matter is being resolved internally. There are many different reasons that something may or may not be appropriate.

If the physical therapist has determined that it is appropriate to report, the ethical obligation requires him or her to consider what entity or person is the "relevant authority." Relevant authority can be a supervisor, human resources, an attorney, the Equal Employment Opportunities Commission, the licensing board, the Better Business Bureau, Office of the Insurance Commissioner, the Medicare hotline, the Office of the Inspector General hotline, the US Department of Health & Human Services, an institution using their internal grievance procedures, the Office of Civil Rights, or another federal agency, state agency, city or local agency, or a state or federal court, among others.

Once the physical therapist has decided to report, he or she must be mindful that reporting does not end his or her involvement, which can include office, regulatory, and/or legal proceedings. In this context, the physical therapist may be asked to be a witness, to testify, or to provide written information.

### Sexual Harassment

**Principe 4F states as follows:**

> 4F. Physical Therapists shall not harass anyone verbally, physically, emotionally, or sexually.

Interpretation: As noted in the House of Delegates policy titled Sexual Harassment, "[m]embers of the association have an obligation to comply with applicable legal prohibitions against sexual harassment…." This statement is in line with Principle 4F that prohibits physical therapists from harassing anyone verbally, physically, emotionally, or sexually. While the principle is clear, it is important for APTA to restate this point, namely that physical therapists shall not harass anyone, period. The association has zero tolerance for any form of harassment, specifically including sexual harassment.

### Exploitation

**Principle 4E states as follows:**

> 4E. Physical therapists shall not engage in any sexual relationship with any of their patient/clients, supervisees or students.

**Interpretation:** The statement is clear—sexual relationships with their patients or clients, supervisees, or students are prohibited. This component of Principle 4 is consistent with Principle 4B, which states:

Physical therapists shall not exploit persons over whom they have supervisory, evaluative, or other authority (eg, patients and clients, students, supervisees, research participants, or employees).

Consider this excerpt from the EJC Opinion titled Topic: Sexual Relationships With Patients or Former Patients:

> A physical therapist stands in a relationship of trust to each patient and has an ethical obligation to act in the patient's best interest and to avoid any exploitation or abuse of the patient. Thus, if a physical therapist has natural feelings of attraction toward a patient, he or she must sublimate those feelings in order to avoid sexual exploitation of the patient.
>
> One's ethical decision making process should focus on whether the patient or client, supervisee, or student is being exploited. In this context, questions have been asked about whether one can have a sexual relationship once the patient or client relationship ends. To this question, the EJC has opined as follows:
>
> The Committee does not believe it feasible to establish any bright-line rule for when, if ever, initiation of a romantic/sexual relationship with a former patient would be ethically permissible.
>
> The Committee imagines that in some cases a romantic/sexual relationship would not offend…if initiated with a former patient soon after the termination of treatment, while in others such a relationship might never be appropriate.

## Colleague Impairment

**Principle 5D and 5E state as follows:**

> 5D. Physical therapists shall encourage colleagues with physical, psychological, or substance-related impairments that may adversely impact their professional responsibilities to seek assistance or counsel.
>
> 5E. Physical therapists who have knowledge that a colleague is unable to perform their professional responsibilities with reasonable skill and safety shall report the information to the appropriate authority.

**Interpretation:** The central tenet of Principles 5D and 5E is that inaction is not an option for a physical therapist when faced with the circumstances described. Principle 5D states that a physical therapist shall encourage colleagues to seek assistance or counsel while Principle 5E addresses reporting information to the appropriate authority.

5D and 5E both require a factual determination. This may be challenging in the sense that the physical therapist might not know or easily be able to determine whether someone in fact has a physical, psychological, or substance-related impairment. In addition, it might be difficult to determine whether such impairment may be adversely affecting his or her professional responsibilities.

Moreover, once the physical therapist does make these determinations, the obligation under 5D centers not on reporting, but on encouraging the colleague to seek assistance, while the obligation under 5E does focus on reporting. But note that 5E discusses reporting when a colleague is unable to perform; whereas, 5D discusses encouraging colleagues to seek assistance when the impairment may adversely affect their professional responsibilities. So, 5D discusses something that may be affecting performance, while 5E addresses a situation in which someone clearly is unable to perform. The 2 situations are distinct. In addition, it is important to note that 5E does not mandate to whom the physical therapist reports; it provides discretion to determine the appropriate authority.

The EJC Opinion titled: Topic: Preserving Confidences; Physical Therapist's Reporting Obligation With Respect to Unethical, Incompetent, or Illegal Acts provides further information on the complexities of reporting.

## Professional Competence Principle 6A states as follows:

**6A. Physical therapists shall achieve and maintain professional competence.**

**Interpretation:** 6A requires the physical therapist to maintain professional competence within his or her scope of practice throughout their career. Maintaining competence is an ongoing process of self- assessment, identification of strengths and weaknesses, acquisition of knowledge and skills based on that assessment, and reflection on and reassessment of performance, knowledge, and skills. Numerous factors including practice setting, types of patients and clients, personal interests, and the addition of new evidence to practice will influence the depth and breadth of professional competence in a given area of practice. Additional resources on continuing competence are available on the APTA website.

## Professional Growth

**Principle 6D states as follows:**

> 6D. Physical therapists shall cultivate practice environments that support professional development, lifelong learning, and excellence.

**Interpretation:** 6D elaborates on the physical therapist's obligations to foster an environment conducive to professional growth, even when not supported by the organization. The essential idea is that this is the physical therapist's responsibility, whether or not the employer provides support.

## Charges and Coding

**Principle 7E states as follows:**

> 7E. Physical therapists shall be aware of charges and shall ensure that documentation and coding for physical therapy services accurately reflect the nature and extent of the services provided.

**Interpretation:** Principle 7E provides that the physical therapist must make sure that the process of documentation and coding accurately captures the charges for services performed. Additional resources on Documentation and Coding and Billing are available on the APTA website.

## Pro Bono Services

**Principle 8A states as follows:**

> 8A. Physical therapists shall provide pro bono physical therapist services or support organizations that meet the health needs of people who are economically disadvantaged, uninsured, and underinsured.

**Interpretation:** The key word in Principle 8A is "or." If a physical therapist is unable to provide pro bono services, then he or she can fulfill ethical obligations by supporting organizations that meet the health needs of people who are economically disadvantaged, uninsured, or underinsured. In addition, physical therapists may review the House of Delegates guidelines titled Guidelines: Pro Bono Physical Therapist Services and Organizational Support. Additional resources on pro bono physical therapist services are available on the APTA website.

8A also addresses supporting organizations to meet health needs. The principle does not specify the type of support that is required. Physical therapists may express support through volunteerism, financial contributions, advocacy, education, or simply promoting their work in conversations with colleagues.

# Code of Ethics for the Physical Therapist

**HOD S06-20-28-25** [Amended HOD S06-19-47-67; HOD S06-09-07-12; HOD S06-00-12-23; HOD 06-91-05-05; HOD 06-87-11-17; HOD 06-81-06-18; HOD 06-78-06-08; HOD 06-78-06-07; HOD 06-77-18-30; HOD 06-77-17-27; Initial HOD 06-73-13-24] [Standard]

## Preamble

The Code of Ethics for the Physical Therapist (Code of Ethics) delineates the ethical obligations of all physical therapists as determined by the House of Delegates of the American Physical Therapy Association (APTA). The purposes of this Code of Ethics are to:

1. Define the ethical principles that form the foundation of physical therapist practice in patient and client management, consultation, education, research, and administration.
2. Provide standards of behavior and performance that form the basis of professional accountability to the public.
3. Provide guidance for physical therapists facing ethical challenges, regardless of their professional roles and responsibilities.
4. Educate physical therapists, students, other health care professionals, regulators, and the public regarding the core values, ethical principles, and standards that guide the professional conduct of the physical therapist.
5. Establish the standards by which the American Physical Therapy Association can determine if a physical therapist has engaged in unethical conduct.

No code of ethics is exhaustive nor can it address every situation. Physical therapists are encouraged to seek additional advice or consultation in instances where the guidance of the Code of Ethics may not be definitive. The APTA Guide for Professional Conduct and Core Values for the Physical Therapist and Physical Therapist Assistant provide additional guidance.

This Code of Ethics describes the desired behavior of physical therapists in their multiple roles (eg, management of patients and clients, consultation, education, research, and administration), addresses multiple aspects of ethical action (individual, organizational, and societal), and reflects the core values of the physical therapist (accountability, altruism, collaboration, compassion and caring, duty, excellence, integrity, and social responsibility). Throughout the document the primary core values that support specific principles are indicated in parentheses. Unless a specific role is indicated in the principle, the duties and obligations being delineated pertain to the five roles of the physical therapist. Fundamental to the Code of Ethics is the special obligation of physical therapists to empower, educate, and enable those with impairments, activity limitations, participation restrictions, and disabilities to facilitate greater independence, health, wellness, and enhanced quality of life.

## Principles

### Principle #1: Physical therapists shall respect the inherent dignity and rights of all individuals.

(Core Values: Compassion and Caring, Integrity)

1A. Physical therapists shall act in a respectful manner toward each person regardless of age, gender, race, nationality, religion, ethnicity, social or economic status, sexual orientation, health condition, or disability.

1B. Physical therapists shall recognize their personal biases and shall not discriminate against others in physical therapist practice, consultation, education, research, and administration.

### Principle #2: Physical therapists shall be trustworthy and compassionate in addressing the rights and needs of patients and clients.

(Core Values: Altruism, Collaboration, Compassion and Caring, Duty)

2A. Physical therapists shall adhere to the core values of the profession and shall act in the best interests of patients and clients over the interests of the physical therapist.

©2020 American Physical Therapy Association. All rights reserved.

2B. Physical therapists shall provide physical therapist services with compassionate and caring behaviors that incorporate the individual and cultural differences of patients and clients.
2C. Physical therapists shall provide the information necessary to allow patients or their surrogates to make informed decisions about physical therapist care or participation in clinical research.
2D. Physical therapists shall collaborate with patients and clients to empower them in decisions about their health care.
2E. Physical therapists shall protect confidential patient and client information and may disclose confidential information to appropriate authorities only when allowed or as required by law.

**Principle #3: Physical therapists shall be accountable for making sound professional judgments.**
(Core Values: Collaboration, Duty, Excellence, Integrity)
3A. Physical therapists shall demonstrate independent and objective professional judgment in the patient's or client's best interest in all practice settings.
3B. Physical therapists shall demonstrate professional judgment informed by professional standards, evidence (including current literature and established best practice), practitioner experience, and patient and client values.
3C. Physical therapists shall make judgments within their scope of practice and level of expertise and shall communicate with, collaborate with, or refer to peers or other health care professionals when necessary.
3D. Physical therapists shall not engage in conflicts of interest that interfere with professional judgment.
3E. Physical therapists shall provide appropriate direction of and communication with physical therapist assistants and support personnel.

**Principle #4: Physical therapists shall demonstrate integrity in their relationships with patients and clients, families, colleagues, students, research participants, other health care providers, employers, payers, and the public.**
(Core Value: Integrity)
4A. Physical therapists shall provide truthful, accurate, and relevant information and shall not make misleading representations.
4B. Physical therapists shall not exploit persons over whom they have supervisory, evaluative or other authority (eg, patients/clients, students, supervisees, research participants, or employees).
4C. Physical therapists shall not engage in any sexual relationship with any of their patients and clients, supervisees, or students.
4D. Physical therapists shall not harass anyone verbally, physically, emotionally, or sexually.
4E. Physical therapists shall discourage misconduct by physical therapists, physical therapist assistants, and other health care professionals and, when appropriate, report illegal or unethical acts, including verbal, physical, emotional, or sexual harassment, to an appropriate authority with jurisdiction over the conduct.
4F. Physical therapists shall report suspected cases of abuse involving children or vulnerable adults to the appropriate authority, subject to law.

**Principle #5: Physical therapists shall fulfill their legal and professional obligations.**
(Core Values: Accountability, Duty, Social Responsibility)
5A. Physical therapists shall comply with applicable local, state, and federal laws and regulations.
5B. Physical therapists shall have primary responsibility for supervision of physical therapist assistants and support personnel.
5C. Physical therapists involved in research shall abide by accepted standards governing protection of research participants.
5D. Physical therapists shall encourage colleagues with physical, psychological, or substance-related impairments that may adversely impact their professional responsibilities to seek assistance or counsel.
5E. Physical therapists who have knowledge that a colleague is unable to perform their professional responsibilities with reasonable skill and safety shall report this information to the appropriate authority.
5F. Physical therapists shall provide notice and information about alternatives for obtaining care in the event the physical therapist terminates the provider relationship while the patient or client continues to need physical therapist services.

**Principle #6: Physical therapists shall enhance their expertise through the lifelong acquisition and refinement of knowledge, skills, abilities, and professional behaviors.**
(Core Value: Excellence)
6A. Physical therapists shall achieve and maintain professional competence.
6B. Physical therapists shall take responsibility for their professional development based on critical self-assessment and reflection on changes in physical therapist practice, education, health care delivery, and technology.
6C. Physical therapists shall evaluate the strength of evidence and applicability of content presented during professional development activities before integrating the content or techniques into practice.
6D. Physical therapists shall cultivate practice environments that support professional development, lifelong learning, and excellence.

**Principle #7: Physical therapists shall promote organizational behaviors and business practices that benefit patients and clients and society.**
(Core Values: Integrity, Accountability)
7A. Physical therapists shall promote practice environments that support autonomous and accountable professional judgments.
7B. Physical therapists shall seek remuneration as is deserved and reasonable for physical therapist services.
7C. Physical therapists shall not accept gifts or other considerations that influence or give an appearance of influencing their professional judgment.
7D. Physical therapists shall fully disclose any financial interest they have in products or services that they recommend to patients and clients.
7E. Physical therapists shall be aware of charges and shall ensure that documentation and coding for physical therapist services accurately reflect the nature and extent of the services provided.
7F. Physical therapists shall refrain from employment arrangements, or other arrangements, that prevent physical therapists from fulfilling professional obligations to patients and clients.

**Principle #8: Physical therapists shall participate in efforts to meet the health needs of people locally, nationally, or globally.**
(Core Value: Social Responsibility)
8A. Physical therapists shall provide pro bono physical therapist services or support organizations that meet the health needs of people who are economically disadvantaged, uninsured, and underinsured.
8B. Physical therapists shall advocate to reduce health disparities and health care inequities, improve access to health care services, and address the health, wellness, and preventive health care needs of people.
8C. Physical therapists shall be responsible stewards of health care resources and shall avoid overutilization or under- utilization of physical therapist services.
8D. Physical therapists shall educate members of the public about the benefits of physical therapy and the unique role of the physical therapist.

# Standards of Ethical Conduct for the Physical Therapist Assistant

**HOD S06-20-31-26** [Amended HOD S06-19-47-68; HOD S06-09-20-18; HOD S06-00-13-24; HOD 06-91-06-07; Initial HOD 06-82-04-08] [Standard]

## Preamble

The Standards of Ethical Conduct for the Physical Therapist Assistant (Standards of Ethical Conduct) delineate the ethical obligations of all physical therapist assistants as determined by the House of Delegates of the American Physical Therapy Association (APTA). The Standards of Ethical Conduct provide a foundation for conduct to which all physical therapist assistants shall adhere. Physical therapist assistants are guided by a set of core values (accountability, altruism, collaboration, compassion and caring, duty, excellence, integrity, and social responsibility). Throughout the document the primary core values that support specific principles are indicated in parentheses. Fundamental to the Standards of Ethical Conduct is the special obligation of physical therapist assistants to enable patients and clients to achieve greater independence, health and wellness, and enhanced quality of life.

No document that delineates ethical standards can address every situation. Physical therapist assistants are encouraged to seek additional advice or consultation in instances where the guidance of the Standards of Ethical Conduct may not be definitive. The APTA Guide for Conduct of the Physical Therapist Assistant and Core Values for the Physical Therapist and Physical Therapist Assistant provide additional guidance.

## Standards

### Standard #1: Physical therapist assistants shall respect the inherent dignity, and rights, of all individuals.

(Core Values: Compassion and Caring, Integrity)

1A. Physical therapist assistants shall act in a respectful manner toward each person regardless of age, gender, race, nationality, religion, ethnicity, social or economic status, sexual orientation, health condition, or disability.

1B. Physical therapist assistants shall recognize their personal biases and shall not discriminate against others in the provision of physical therapist services.

### Standard #2: Physical therapist assistants shall be trustworthy and compassionate in addressing the rights and needs of patients and clients.

(Core Values: Altruism, Collaboration, Compassion and Caring, Duty)

2A. Physical therapist assistants shall act in the best interests of patients and clients over the interests of the physical therapist assistant.

2B. Physical therapist assistants shall provide physical therapist interventions with compassionate and caring behaviors that incorporate the individual and cultural differences of patients and clients.

2C. Physical therapist assistants shall provide patients and clients with information regarding the interventions they provide.

2D. Physical therapist assistants shall protect confidential patient and client information and, in collaboration with the physical therapist, may disclose confidential information to appropriate authorities only when allowed or as required by law.

### Standard #3: Physical therapist assistants shall make sound decisions in collaboration with the physical therapist and within the boundaries established by laws and regulations.

(Core Values: Collaboration, Duty, Excellence, Integrity)

3A. Physical therapist assistants shall make objective decisions in the patient's or client's best interest in all practice settings.

3B. Physical therapist assistants shall be guided by information about best practice regarding physical therapist interventions.

©2020 American Physical Therapy Association. All rights reserved.

3C. Physical therapist assistants shall make decisions based upon their level of competence and consistent with patient and client values.
3D. Physical therapist assistants shall not engage in conflicts of interest that interfere with making sound decisions.
3E. Physical therapist assistants shall provide physical therapist services under the direction and supervision of a physical therapist and shall communicate with the physical therapist when patient or client status requires modifications to the established plan of care.

**Standard #4: Physical therapist assistants shall demonstrate integrity in their relationships with patients and clients, families, colleagues, students, research participants other health care providers, employers, payers, and the public.**

(Core Value: Integrity)

4A. Physical therapist assistants shall provide truthful, accurate, and relevant information and shall not make misleading representations.
4B. Physical therapist assistants shall not exploit persons over whom they have supervisory, evaluative or other authority (eg, patients and clients, students, supervisees, research participants, or employees).
4C. Physical therapist assistants shall not engage in any sexual relationship with any of their patients and clients, supervisees, or students.
4D. Physical therapist assistants shall not harass anyone verbally, physically, emotionally, or sexually.
4E. Physical therapist assistants shall discourage misconduct by physical therapists, physical therapist assistants, and other health care professionals and, when appropriate, report illegal or unethical acts, including verbal, physical, emotional, or sexual harassment, to an appropriate authority with jurisdiction over the conduct.
4F. Physical therapist assistants shall report suspected cases of abuse involving children or vulnerable adults to the appropriate authority, subject to law.

**Standard #5: Physical therapist assistants shall fulfill their legal and ethical obligations.**

(Core Values: Accountability, Duty, Social Responsibility)

5A. Physical therapist assistants shall comply with applicable local, state, and federal laws and regulations.
5B. Physical therapist assistants shall support the supervisory role of the physical therapist to ensure quality care and promote patient and client safety.
5C. Physical therapist assistants involved in research shall abide by accepted standards governing protection of research participants.
5D. Physical therapist assistants shall encourage colleagues with physical, psychological, or substance-related impairments that may adversely impact their professional responsibilities to seek assistance or counsel.
5E. Physical therapist assistants who have knowledge that a colleague is unable to perform their professional responsibilities with reasonable skill and safety shall report this information to the appropriate authority.

**Standard #6: Physical therapist assistants shall enhance their competence through the lifelong acquisition and refinement of knowledge, skills, and abilities.**

(Core Value: Excellence)

6A. Physical therapist assistants shall achieve and maintain clinical competence.
6B. Physical therapist assistants shall engage in lifelong learning consistent with changes in their roles and responsibilities and advances in the practice of physical therapy.
6C. Physical therapist assistants shall support practice environments that support career development and lifelong learning.

**Standard #7: Physical therapist assistants shall support organizational behaviors and business practices that benefit patients and clients and society.**

(Core Values: Integrity, Accountability)

7A. Physical therapist assistants shall promote work environments that support ethical and accountable decision-making.
7B. Physical therapist assistants shall not accept gifts or other considerations that influence or give an appearance of influencing their decisions.

7C. Physical therapist assistants shall fully disclose any financial interest they have in products or services that they recommend to patients and clients.
7D. Physical therapist assistants shall ensure that documentation for their interventions accurately reflects the nature and extent of the services provided.
7E. Physical therapist assistants shall refrain from employment arrangements, or other arrangements, that prevent physical therapist assistants from fulfilling ethical obligations to patients and clients

**Standard #8: Physical therapist assistants shall participate in efforts to meet the health needs of people locally, nationally, or globally.**
(Core Value: Social Responsibility)
8A. Physical therapist assistants shall support organizations that meet the health needs of people who are economically disadvantaged, uninsured, and underinsured.
8B. Physical therapist assistants shall advocate for people with impairments, activity limitations, participation restrictions, and disabilities in order to promote their participation in community and society.
8C. Physical therapist assistants shall be responsible stewards of health care resources by collaborating with physical therapists in order to avoid overutilization or underutilization of physical therapist services.
8D. Physical therapist assistants shall educate members of the public about the benefits of physical therapy.

Arizona Administrative CODE

4 A.A.C. 24 Supp. 21-2

www.azsos.gov

Office of the Secretary of State
ADMINISTRATIVE RULES DIVISION

# TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 24. BOARD OF PHYSICAL THERAPY

The table of contents on the first page contains quick links to the referenced page numbers in this Chapter. Refer to the notes at the end of a Section to learn about the history of a rule as it was published in the *Arizona Administrative Register*.

Sections, Parts, Exhibits, Tables or Appendices codified in this supplement. The list provided contains quick links to the updated rules.

This Chapter contains rule Sections that were filed to be codified in the *Arizona Administrative Code* between the dates of April 1, 2021 through June 30, 2021.

**Questions about these rules? Contact:**

Name: Karen Donahue, Executive Director
Address: Board of Physical Therapy
1740 W. Adams, Suite 2450
Phoenix, AZ 85007
Telephone: (602) 274-1361
Fax: (602) 274-1378
Email: Karen.donahue@ptboard.az.gov
Website: www.ptboard.az.gov

**The release of this Chapter in Supp. 21-2 replaces Supp. 19-1, 1-20 pages**

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. "'Rule' means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency."

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The "R" stands for "rule" with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.
First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31
For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document's content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature's website, www.azleg.gov. An agency's authority note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State's website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency's exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor's notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

Arizona Secretary of State
Digitally signed by Arizona Secretary of State
Date: 2021.07.26 11:00:15 -07'00'

Administrative Rules Division
The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

# TITLE 4. PROFESSIONS AND OCCUPATIONS

# CHAPTER 24. BOARD OF PHYSICAL THERAPY

Authority: A.R.S. § 32-2002 et seq.

## ARTICLE 1. GENERAL PROVISIONS

*Article 1 consisting of Sections R4-24-101 through R4-24-109 adopted effective June 3, 1982 (Supp. 82-3).*

*Former Article 1 consisting of Sections R4-24-01 through R4-24-06 repealed effective June 3, 1982 (Supp. 82-3).*

Section

## ARTICLE 2. LICENSING PROVISIONS

*Article 2 consisting of Sections R4-24-201 through R4-24-203 adopted effective June 3, 1982 (Supp. 82-3).*

*Former Article 2 consisting of Sections R4-24-16 through R4-24-26 repealed effective June 3, 1982 (Supp. 82-3).*

Section

## ARTICLE 3. PRACTICE OF PHYSICAL THERAPY

*Article 3 consisting of Sections R4-24-301 and R4-24-302 adopted effective April 10, 1986 (Supp. 86-2).*

*Former Article 3 consisting of Sections R4-24-301 through R4-24-303 repealed effective April 10, 1986 (Supp. 86-2).*

Section

## ARTICLE 4. CONTINUING COMPETENCE

*Article 4, consisting of Sections R4-24-401 through R4-24-403, adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2).*

Section

## ARTICLE 5. PUBLIC PARTICIPATION PROCEDURES

*Article 5, consisting of Sections R4-24-501 through R4-24-506, adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2).*

Section

## ARTICLE 1. GENERAL PROVISIONS

**R4-24-101. Definitions**

In addition to the definitions in A.R.S. § 32-2001, in this Chapter:

1. "Accredited" means accredited by a nationally recognized accreditation organization.
2. "Accredited educational program" means a physical therapist or physical therapist assistant educational program that is accredited by:
   a. The Commission on Accreditation of Physical Therapy Education, or
   b. An agency recognized as qualified to accredit physical therapist or physical therapist assistant programs by either the U.S. Department of Education or the Council on Higher Education Accreditation at the time of the applicant's graduation.
3. "Administratively suspend," as used in A.R.S. § 32-2027, means the Board places a license or certificate issued under A.R.S. Title 32, Chapter 19 and this Chapter on suspended status because the license or certificate was not renewed timely.
4. "Applicant" means an individual or business entity seeking an initial or renewal license, initial or renewal certificate, initial or renewal registration, interim permit, or reinstatement from the Board.
5. "Applicant packet" means the forms and additional information the Board requires to be submitted by an applicant or on the applicant's behalf.
6. "Campus" means a facility and immediately adjacent buildings.
7. "College Board" means an association composed of schools, colleges, universities, and other educational organizations across the United States that is responsible for the development of assessment tests that are used to provide college credit or for college placement.
8. "College level examination program" means services offered by the College Board for an individual to demonstrate college-level achievement by taking an examination approved by the College Board.
9. "Compliance period" means a two-year license renewal cycle that ends August 31 of even-numbered years.
10. "Continuing competence" means maintaining the professional skill, knowledge, and ability of a physical therapist or physical therapist assistant by successfully completing scholarly and professional activities related to physical therapy.
11. "Course" means an organized subject matter in which instruction is offered within a specified period of time.
12. "Course evaluation tool" means the Coursework Evaluation Tool for Foreign Educated Physical Therapists who Graduated after June 30, 2009, Fifth Edition, 2004 (effective July 1, 2009), published by the Federation of State Boards of Physical Therapy, 124 West Street, South Alexandria, VA, 22314, incorporated by reference and on file with the Board. This incorporation by reference contains no future editions or amendments.
13. "Credential evaluation" means a written assessment of a foreign-educated applicant's general and professional educational course work.
14. "Credential evaluation agency" means an organization that evaluates a foreign-educated applicant's education and provides recommendations to the Board about whether the applicant's education is substantially equivalent to physical therapy education provided in an accredited educational program.
15. "Days" means calendar days.
16. "Endorsement" means a procedure for granting an Arizona license or certificate to an applicant already licensed as a physical therapist or certified as a physical therapist assistant in another jurisdiction of the United States.
17. "ETS" means Educational Testing Service, an organization that provides educational learning and assessment services, including the Test of English as a Foreign Language Program.
18. "Facility" means a building where:
   a. A physical therapist is engaged in the practice of physical therapy;
   b. An applicant, licensee, or certificate holder is engaged in a supervised clinical practice; or
   c. A physical therapist assistant performs physical therapy-related tasks delegated by an onsite supervisor.
19. "Foreign-educated applicant" means an individual who graduated from a physical therapist educational program outside the United States, Puerto Rico, District of Columbia, or a U.S. territory.
20. "Functional limitation" means restriction of the ability to perform a physical action, activity, or task in an efficient, typically expected or competent manner.
21. "Good moral character" means the applicant has not taken any action that is grounds for disciplinary action against a licensee or certificate holder under A.R.S. § 32-2044.
22. "Hour" means 60 minutes.
23. "iBT" means internet-based TOEFL.
24. "National disciplinary database" means the disciplinary database of the U.S. Department of Health and Human Services' Health Integrity and Protection Data Base, which contains previous or current disciplinary actions taken against a licensed physical therapist or certified physical therapist assistant by state licensing agencies.
25. "National examination" means an examination produced by the Federation of State Boards of Physical Therapy or an examination produced by the American Physical Therapy Association.
26. "On call," as used in the definition of "general supervision" prescribed under A.R.S. § 32-2001, means a supervising physical therapist is able to go to the location at which and on the same day that a physical therapist assistant provides a selected treatment intervention if the physical therapist, after consultation with the physical therapist assistant, determines that going to the location is in the best interest of the patient.
27. "Onsite supervisor" means a physical therapist who provides onsite supervision as defined in A.R.S. § 32-2001.
28. "Physical Therapist Assistant Clinical Performance Instrument" means the document used to assess an individual's knowledge, skills, and attitudes to determine the individual's readiness to work as a physical therapist assistant that is published by the American Physical Therapy Association, Division of Education, March 1998, 1111 North Fairfax Street, Alexandria, VA 22314-1488 and incorporated by reference and on file with the Board. This incorporation by reference contains no future editions or amendments.
29. "Physical Therapist Clinical Performance Instrument" means the document used to assess an individual's knowledge, skills, and attitudes to determine the individual's readiness to practice physical therapy that is published by the American Physical Therapy Association, Division of Education, December 1997, 1111 North Fairfax Street, Alexandria, VA 22314-1488 and incorporated

by reference and on file with the Board. This incorporation by reference contains no future editions or amendments.

30. "Physical therapy services" means any of the actions stated in the definition of practice of physical therapy in A.R.S. § 32-2001.
31. "Qualified translator" means an individual, other than an applicant, who is:
    a. An officer or employee of an official translation bureau or government agency,
    b. A professor or instructor who teaches a translated language in an accredited college or university in the United States,
    c. An American consul in the country where the translated document is issued or another individual designated by the American consul in the country where the translated document is issued, or
    d. A consul general or diplomatic representative of the United States or individual designated by the consul general or diplomatic representative.
32. "Readily available," as used in the definition of "general supervision" prescribed under A.R.S. § 32-2001, means a supervising physical therapist is able to respond within 15 minutes to a communication from a physical therapist assistant providing a selected treatment intervention under general supervision.
33. "Recognized standards of ethics" means the *Code of Ethics* (amended June 2000) and the accompanying *Guide for Professional Conduct* (amended January 2004) of the American Physical Therapy Association, 1111 North Fairfax Street, Alexandria, VA 22314-1488, which is incorporated by reference and on file with the Board. This incorporation includes no later editions or amendments.
34. "Supervised clinical practice" means the period of time a physical therapist is engaged in the practice of physical therapy or a physical therapist assistant is engaged in work as a physical therapist assistant after being issued an interim permit by the Board.
35. "Supervising physical therapist" means an individual licensed under this Chapter who provides onsite or general supervision to assistive personnel.
36. "Suspend" means the Board places a license, certificate, permit, or registration in a status that restricts the holder of the license, certificate, permit, or registration from practicing as a physical therapist, working as a physical therapist assistant, or offering physical therapy services.
37. "TOEFL" means test of English as a foreign language.
38. "Week" means the period beginning on Sunday at 12:00 a.m. and ending the following Saturday at 11:59 p.m.

**Historical Note**

Adopted effective June 3, 1982 (Supp. 82-3). Amended effective April 10, 1986 (Supp. 86-2). Amended effective May 7, 1990 (Supp. 90-2). Amended effective March 14, 1996 (Supp. 96-1). Amended by final rulemaking at 5 A.A.R. 2988, effective August 12, 1999 (Supp. 99-3). Amended by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 9 A.A.R. 307, effective January 13, 2003 (Supp. 03-1). Amended by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2). Amended by final rulemaking at 13 A.A.R. 1640, effective June 30, 2007 (Supp. 07-2). Amended by final rulemaking at 15 A.A.R. 1788, effective December 5, 2009 (Supp. 09-4). Amended by final rulemaking at 18 A.A.R. 841, effective May 11, 2012 (Supp. 12-1). Amended by final rulemaking at 25 A.A.R. 404, effective April 6, 2019 (Supp. 19-1).

**R4-24-102. Expired**

**Historical Note**

Adopted effective June 3, 1982 (Supp. 82-3). Former Section R4-24-102 repealed, former Section R4-24-103 renumbered and amended as Section R4-24-102 effective April 10, 1986 (Supp. 86-2). Former Section R4-24-102 renumbered to R4-24-103; new Section R4-24-102 adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Section expired under A.R.S. § 41-1056(E) at 10 A.A.R. 3897, effective July 31, 2004 (Supp. 04-3).

**R4-24-103. Board Officers**

The Board shall elect a president, vice-president, and secretary at its first regular Board meeting each year.

1. The president shall preside at all Board meetings.
2. When the president is unable to preside at a Board meeting, the vice-president shall preside.

**Historical Note**

Adopted effective June 3, 1982 (Supp. 82-3). Former Section R4-24-103 renumbered and amended as Section R4-24-102, former Section R4-24-104 renumbered and amended as Section R4-24-103 effective April 10, 1986 (Supp. 86-2). Former Section R4-24-103 renumbered to Section R4-24-204 effective May 7, 1990 (Supp. 90-2). New Section R4-24-103 renumbered from R4-24-102 and amended by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2).

**R4-24-104. Confidential Information and Records**

The following information or a record containing this information is confidential and is not provided to the public by the Board:

1. An applicant's, licensee's, or certificate-holder's:
    a. Social Security number;
    b. Home address or home telephone number unless the address or telephone number is the only address or telephone number of record;
    c. Credential evaluation report, education transcript, grades, or examination scores;
    d. National physical therapist or physical therapist assistant examination score;
    e. Diagnosis and treatment records; and
2. According to A.R.S. § 32-2045, information or a document related to investigations by the Board until the information or document becomes a public record or as required by law.

**Historical Note**

Adopted effective June 3, 1982 (Supp. 82-3). Former Section R4-24-104 renumbered and amended as Section R4-24-103 effective April 10, 1986 (Supp. 86-2). New Section R4-24-104 adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2).

**R4-24-105. Expired**

**Historical Note**

Adopted effective June 3, 1982 (Supp. 82-3). Amended subsection (B) effective April 10, 1986 (Supp. 86-2). Amended effective May 7, 1990 (Supp. 90-2). Amended effective March 14, 1996 (Supp. 96-1). Section repealed;

new Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Section expired under A.R.S. § 41-1056(E) at 10 A.A.R. 3897, effective July 31, 2004 (Supp. 04-3).

**R4-24-106. Repealed**

**Historical Note**

Adopted effective June 3, 1982 (Supp. 82-3). Amended subsection (A) effective April 10, 1986 (Supp. 86-2). Amended effective May 7, 1990 (Supp. 90-2). Amended effective March 14, 1996 (Supp. 96-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Section repealed by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2).

**R4-24-107. Fees**

**A.** Under the authority provided by A.R.S. §§ 32-2029 and 32-2030, the Board establishes and shall collect the following fees:

1. For a physical therapist:
   a. Application for an original license if the applicant applies on or after September 1 in an even-numbered year and no later than August 31 in an odd-numbered year, $260;
   b. Application for an original license if the applicant applies on or after September 1 in an odd-numbered year and no later than August 31 in an even-numbered year, $190;
   c. Renewal of an active license, $160;
   d. Renewal of an inactive license, $80;
   e. Reinstatement of an administratively suspended license, $100 plus the renewal fee; and
   f. Duplicate license, $10.
2. For a physical therapist assistant:
   a. Application for an original certificate if the applicant applies on or after September 1 in an even-numbered year and no later than August 31 in an odd-numbered year, $160;
   b. Application for an original certificate if the applicant applies on or after September 1 in an odd-numbered year and no later than August 31 in an even-numbered year, $120;
   c. Renewal of an active certificate, $55;
   d. Renewal of an inactive certificate, $27.50;
   e. Reinstatement of an administratively suspended certificate, $50 plus the renewal fee; and
   f. Duplicate certificate, $10.
3. For a business entity:
   a. Application for an original registration, $50;
   b. Renewal, $50;
   c. Late fee, $25; and
   d. Duplicate registration, $10.

**B.** Under the authority provided by A.R.S. § 36-3606(A)(3), the Board establishes and shall collect a registration fee from an out-of-state health care provider of telehealth services: $100.

**C.** The fees specified in subsections (A) and (B) are nonrefundable unless A.R.S. § 41-1077 applies.

**Historical Note**

Adopted effective June 3, 1982 (Supp. 82-3). Amended effective May 7, 1990 (Supp. 90-2). Section R4-24-107 renumbered to R4-24-306 by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Section R4-24-107 renumbered from R4-24-206 by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2). Amended by final rulemaking at 18 A.A.R. 841, effective May 11, 2012 (Supp. 12-1). Amended by final rulemaking at 18 A.A.R. 1858, effective July 10, 2012 (Supp. 12-3). Amended by final exempt rulemaking at 27 A.A.R. 1105, with an immediate effective date of June 29, 2021 (Supp. 21-2).

**R4-24-108. Repealed**

**Historical Note**

Adopted effective June 3, 1982 (Supp. 82-3). Repealed effective May 7, 1990 (Supp. 90-2).

**R4-24-109. Renumbered**

**Historical Note**

Adopted effective June 3, 1982 (Supp. 82-3). Amended effective May 7, 1990 (Supp. 90-2). Amended effective March 14, 1996 (Supp. 96-1). Section R4-24-109 renumbered to R4-24-307 by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2).

## ARTICLE 2. LICENSING PROVISIONS

**R4-24-201. Application for a Physical Therapist License**

**A.** An applicant for a physical therapist license shall submit to the Board an application packet that includes:

1. An application form provided by the Board that is signed, dated, and verified by the applicant and contains:
   a. The applicant's name, business, residential, and e-mail addresses, business and residential telephone numbers, birth date, and Social Security number;
   b. The name and address of each university or college attended by the applicant, the dates of attendance, and the date of graduation and degree received, if applicable;
   c. The name and address of the university or college where the applicant completed an accredited educational program and dates of attendance;
   d. A statement of whether the applicant has ever been licensed as a physical therapist in any other jurisdiction of the United States or foreign country;
   e. Professional employment history for the past five years, including the name, address, and telephone number for each place of employment, job title, description of the work completed, and explanation of any breaks in employment, if applicable;
   f. A statement of whether the applicant has ever been convicted of, pled guilty or no contest to, or entered into diversion in lieu of prosecution for any criminal offense in any jurisdiction of the United States or foreign country and if so, an explanation;
   g. A statement of whether the applicant has ever had an application for a professional or occupational license, certificate, or registration, other than a driver's license, denied, rejected, suspended, or revoked by any jurisdiction of the United States or foreign country and if so, an explanation;
   h. A statement of whether the applicant is currently or ever has been under investigation, suspension, or restriction by a professional licensing board in any jurisdiction of the United States or foreign country for any act that occurred in that jurisdiction that would be the subject of discipline under this Chapter and if so, an explanation;
   i. A statement of whether the applicant has ever been the subject of disciplinary action by a professional association or postsecondary educational institution;

j. A statement of whether the applicant has committed any of the actions referenced in the definition of good moral character in R4-24-101;
k. A statement of whether the applicant has ever had a malpractice judgment, has a lawsuit currently pending for malpractice, or entered into a settlement from a malpractice suit and if so, an explanation;
l. A statement of whether the applicant is currently more than 30 days in arrears for payment required by a judgment and order for child support in Arizona or any other jurisdiction;
m. A statement of whether the applicant has any impairment to the applicant's cognitive, communicative, or physical ability to engage in the practice of physical therapy with skill and safety and if so, an explanation;
n. A statement of whether the applicant has, within the past 10 years, used alcohol, any illegal chemical substance, or prescription medications, that in any way has impaired or limited the applicant's ability to practice physical therapy with skill and safety and if so, an explanation;
o. A statement of whether the applicant has, within the past 10 years, been diagnosed as having or is being treated for bipolar disorder, schizophrenia, paranoia, or other psychotic disorder that in any way has impaired or limited the applicant's ability to practice physical therapy with skill and safety and if so, an explanation;
p. A statement of whether the applicant has ever violated A.R.S. § 32-2044(10); and
q. A statement by the applicant attesting to the truthfulness of the information provided by the applicant;

2. A passport photograph of the applicant no larger than 1 1/2 x 2 inches that was taken not more than six months before the date of the application;
3. Documentation, as described under A.R.S. § 41-1080, of the applicant's U.S. citizenship, alien status, legal residency, or lawful presence in the U.S.; and
4. The fee required in R4-24-107.

**B.** In addition to the requirements in subsection (A), an applicant shall arrange to have submitted directly to the Board:
1. An official transcript or letter showing that the applicant completed all requirements of an accredited educational program that includes the official seal of the university or college where the applicant completed the accredited educational program and signature of the registrar of the university or college,
2. Verification of passing a national examination in physical therapy as evidenced by an original notice of examination results, and
3. Verification of passing a jurisprudence examination as evidenced by an original notice of examination results.

**C.** In addition to the requirements in subsections (A) and (B), an applicant for a physical therapist license by endorsement shall submit to the Board:
1. The name of the licensing or certifying agency of any jurisdiction in which the applicant is currently or has been previously licensed;
2. A verification of each license, signed and dated by an official of the agency licensing or certifying the applicant, that includes the official seal of the licensing or certifying agency and all of the following:
   a. The name of the applicant;
   b. The license number and date of issuance;
   c. The current status of the license;
   d. The expiration date of the license;
   e. A statement of whether the applicant was ever denied a license by the agency and if so, an explanation; and
   f. A statement of whether any disciplinary action is pending or has ever been taken against the applicant and if so, an explanation.

**D.** The Board shall deny a license to an applicant who fails to meet the requirements of this Section or A.R.S. Title 32, Chapter 19. An applicant denied a license may request a hearing under A.R.S. Title 41, Chapter 6, Article 10.

**Historical Note**
Adopted effective June 3, 1982 (Supp. 82-3). Amended subsection (C) and added subsection (D) effective April 10, 1986 (Supp. 86-2). Amended effective May 7, 1990 (Supp. 90-2). Amended effective March 14, 1996 (Supp. 96-1). Section repealed; new Section adopted by final rulemaking at 5 A.A.R. 2988, effective August 12, 1999 (Supp. 99-3). Amended by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2). Amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008, (Supp. 08-3). Amended by final rulemaking at 25 A.A.R. 404, effective April 6, 2019 (Supp. 19-1).

**R4-24-202. Reinstatement of License or Certificate**

**A.** An applicant whose Arizona license or certificate is administratively suspended for three consecutive years or less after the date of renewal of the license or certificate may apply for reinstatement of the license or certificate by submitting the application in R4-24-208 and the reinstatement fee and renewal fee required in R4-24-107.

**B.** An applicant whose Arizona license or certificate is administratively suspended for more than three consecutive years after the date of renewal of the license or certificate may apply for reinstatement of the license or certificate by submitting the reinstatement fee and renewal fee in R4-24-107, and:
1. For an applicant educated in the United States requesting reinstatement of a license, the application in R4-24-201(A) and (B);
2. For a foreign-educated applicant requesting reinstatement of a license, the application in R4-24-203; or
3. For an applicant requesting reinstatement of a certificate, the application in R4-24-207(A) and (B).

**C.** If an applicant submits an application according to subsection (B), the Board shall require the applicant to demonstrate competency by doing one or more of the following:
1. Practice physical therapy or work as a physical therapist assistant under an interim permit that allows the applicant to participate in a supervised clinical practice,
2. Complete one or more courses relevant to the practice of physical therapy or the work of a physical therapist assistant,
3. Complete continuing competence requirements for the period of time of the lapsed license, or
4. Take and pass a jurisprudence examination or national examination.

**Historical Note**
Adopted effective June 3, 1982 (Supp. 82-3). Amended subsection (C) effective April 10, 1986 (Supp. 86-2). Amended effective May 7, 1990 (Supp. 90-2). Amended effective March 14, 1996 (Supp. 96-1). Former Section R4-24-202 renumbered to R4-24-204; new Section R4-24-202 adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final

rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2). Subsection (A) corrected at request of the Board, Office File No. M12-209, filed June 8, 2012 (Supp. 12-1). Amended by final rulemaking at 18 A.A.R. 841, effective May 11, 2012 (Supp. 12-1).

**R4-24-203. Foreign-educated Applicant Requirements**

**A.** A foreign-educated applicant shall meet the requirements in A.R.S. § 32-2022(B) and the following:
1. The applicant shall comply with the requirements in R4-24-201.
2. The applicant shall ensure that a document required by R4-24-201 or this subsection is:
   a. Submitted to the Board in English; or
   b. Accompanied by an original English translation by a qualified translator if the document is submitted to the Board in a language other than English and includes an affidavit of accuracy by the qualified translator affirming:
      i. The qualified translator has translated the entire document,
      ii. The qualified translator has not omitted anything from or added to the translation, and
      iii. The translation is true and accurate.
3. To meet the requirements in A.R.S. § 32-2022(B)(4), the applicant shall state on the application form whether the applicant's practice as a physical therapist was limited in the country where the professional education occurred. If the applicant's practice was limited in the country where the professional education occurred, the applicant shall submit to the Board documentation of the limitation, or arrange to have documentation of limitation sent directly to the Board, that includes:
   a. The name, address, and telephone number of the entity that limited the applicant's practice of physical therapy;
   b. A description of the action or lack of action that led to the limitation on the applicant's practice as a physical therapist;
   c. A description of the limitation on the applicant's practice of physical therapy; and
   d. If the limitation is based on citizenship requirements of the country in which the professional education was obtained, the applicant shall provide the Board with the legal reference for the restriction in the laws of the country in which the professional education was obtained, a copy of the referenced laws, and an English translation of the laws that meets the standards in subsection (A)(2)(b).
4. If English is not the native language of the foreign-educated applicant, to meet the requirements in A.R.S. § 32-2022(B)(6), the applicant shall take and pass either of the following tests no more than 18 months before the date on which the application submitted under R4-24-201 is administratively complete and ensure that the test scores are sent directly to the Board by the testing entity:
   a. The TOEFL. An applicant who takes the TOEFL passes with the following:
      i. A score of 560 or more if a paper-based test or a score of 220 or more if a computer-based test;
      ii. Test of Spoken English with a score of 50 or more; and
      iii. Test of Written English with a score of 4.5 or more; or
   b. The iBT. An applicant who takes the iBT passes with an overall test score of a minimum of 100 and a:
      i. Writing section with a minimum score of 25,
      ii. Speaking section with a minimum score of 25,
      iii. Reading section with a minimum score of 25, and
      iv. Listening section with a minimum score of 25.
5. To demonstrate that the applicant meets uniform criteria for educational requirements according to A.R.S. § 32-2022(E)(3), the applicant shall undergo a credential evaluation to determine that the applicant meets the requirements in the course evaluation tool and arrange to have a credential evaluation report, prepared within 18 months from the date of the application, sent directly to the Board by the credential evaluation agency.
6. To meet the requirements in A.R.S. § 32-2022(B)(5), the applicant shall obtain a work visa to reside and seek employment in the United States issued by the Bureau of Citizenship and Immigration Services and submit a copy of the work visa to the Board.

**B.** After receiving a credential evaluation report from a credential evaluation agency, the Board:
1. If the credential evaluation report does not establish that the education obtained by the foreign-educated applicant is substantially equivalent to the education required of a physical therapist in an accredited education program, may require the applicant to:
   a. Complete one or more university or college courses and obtain a grade of C or better in each course;
   b. Complete a college level examination program; or
   c. If an applicant for a license, complete one or more continuing competence courses; and
2. Shall issue, within the time-frames stated in Table 1, an interim permit to complete a supervised clinical practice to the applicant if:
   a. The applicant was required to meet one or more of the requirements in subsection (B)(1) and completes the requirements; or
   b. The credential evaluation report establishes that the education obtained by the foreign-educated applicant is substantially equivalent to the education required of a physical therapist in an accredited education program; and
   c. The applicant has passed the national examination and jurisprudence examination; and
   d. The applicant meets the requirements in A.R.S. Title 32, Chapter 19 and R4-24-201.

**Historical Note**

Adopted effective June 3, 1982 (Supp. 82-3). Amended subsection (B) effective April 10, 1986 (Supp. 86-2). Amended effective March 14, 1996 (Supp. 96-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2). Amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008, (Supp. 08-3). Amended by final rulemaking at 18 A.A.R. 841, effective May 11, 2012 (Supp. 12-1).

**R4-24-204. Supervised Clinical Practice**

**A.** An interim permit holder shall complete a supervised clinical practice under onsite supervision. The supervised clinical practice shall consist of at least 500 hours.

**B.** Before an individual is issued an interim permit, the individual shall submit to the Board:
1. A written request for Board approval of the facility where supervised clinical practice will take place that includes:

a. The name, address, and telephone number of the facility; and
b. A description of the physical therapy services provided at the facility; and
2. The name of the individual who holds an unrestricted license to practice physical therapy in this state and agrees to provide onsite supervision of the individual.

**C.** The Board shall approve or deny a request made under subsection (B)(1):
1. After assessing whether the facility provides the opportunity for an interim permit holder to attain the knowledge, skills, and attitudes to be evaluated according to the Physical Therapist Assistant Clinical Performance Instrument or Physical Therapist Clinical Performance Instrument; and
2. According to the time-frames in Table 1.

**D.** An onsite supervisor shall:
1. Observe the interim permit holder during the supervised clinical practice and:
a. Rate the interim permit holder's performance, at both the mid-point and completion of the clinical practice, on each of the clinical performance criteria in the Physical Therapist Clinical Performance Instrument or Physical Therapist Assistant Clinical Performance Instrument, including the dates and hours the onsite supervisor provided onsite supervision;
b. Recommend following the mid-point rating whether the interim permit holder be allowed to continue the clinical practice and changes needed, if any, to ensure successful completion of the clinical practice; and
c. Recommend following the completion rating whether the interim permit holder be licensed or required to complete further supervised clinical practice; and
2. Submit the ratings on the Physical Therapist Clinical Performance Instrument or Physical Therapist Assistant Clinical Performance Instrument to the Board as follows:
a. No later than the 55th day of the clinical practice for the mid-point rating, and
b. No later than 30 days after the end of the supervised clinical practice for the completion rating.

**E.** After the Board receives the mid-point rating on the Physical Therapist Clinical Performance Instrument or Physical Therapist Assistant Clinical Performance Instrument, the Board shall review the rating and recommendation of the onsite supervisor and decide whether to allow the interim permit holder to continue the clinical practice or recommend changes in the clinical practice to the onsite supervisor.

**F.** After the Board receives the completion rating on the Physical Therapist Clinical Performance Instrument or Physical Therapist Assistant Clinical Performance Instrument, the Board:
1. May require the interim permit holder to complete additional onsite supervision under the interim permit if the additional onsite supervision does not cause the interim permit holder to exceed six months from the date the interim permit was issued and:
a. The onsite supervisor does not approve one or more of the skills listed on the Physical Therapist Clinical Performance Instrument or Physical Therapist Assistant Clinical Performance Instrument;
b. The onsite supervisor recommends that the interim permit holder complete further supervised clinical practice; or
c. The Board determines that the interim permit holder has not met the requirements in A.R.S. Title 32, Chapter 19 and this Chapter.
2. If the interim permit holder meets all of the requirements in A.R.S. Title 32, Chapter 19 and this Chapter, shall issue:
a. A license to an applicant for a license, or
b. A certificate to an applicant for a certificate.
3. If the applicant, licensee, or certificate-holder does not meet all of the requirements in A.R.S. Title 32, Chapter 19 and this Chapter, shall deny:
a. A license to an applicant for a license, or
b. A certificate to an applicant for a certificate.

**G.** An applicant who has been denied a license or certificate may request a hearing under A.R.S. Title 41, Chapter 6, Article 10.

**Historical Note**

Adopted effective June 3, 1982 (Supp. 82-3). Former Section R4-24-103 renumbered and amended as Section R4-24-102, former Section R4-24-104 renumbered and amended as Section R4-24-103 effective April 10, 1986 (Supp. 86-2). Former Section R4-24-204 renumbered to R4-24-205, new Section R4-24-204 renumbered from Section R4-24-103 and amended effective May 7, 1990 (Supp. 90-2). Amended effective march 14, 1996 (Supp. 96-1). Former Section R4-24-204 renumbered to R4-24-206; new Section R4-24-204 renumbered from R4-24-202 and amended by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 9 A.A.R. 307, effective January 13, 2003 (Supp. 03-1). Former Section R4-24-204 renumbered to R4-24-205; new Section R4-24-204 made by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2). Amended by final rulemaking at 14 A.A.R. 376, effective March 8, 2008 (Supp. 08-1). Amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008, (Supp. 08-3).

**R4-24-205. Examination Scores**

**A.** To be licensed as a physical therapist, an applicant shall obtain:
1. A scaled score of 600 or more, based on a scale ranging from 200 to 800 on a national examination for physical therapists taken on or after March 14, 1996; or
2. A raw score that is no lower than 1.50 standard deviation below the national average for a national examination for physical therapists taken before March 14, 1996.

**B.** To be certified as a physical therapist assistant, an applicant for certification shall obtain:
1. A scaled score of 600 or more based on a scale ranging from 200 to 800 on a national examination for physical therapist assistants taken on or after March 14, 1996; or
2. A raw score that is no lower than 1.50 standard deviation below the national average for a national examination for physical therapist assistants taken before March 14, 1996.

**C.** In addition to the requirements in subsections (A) and (B), to be licensed as a physical therapist or certified as a physical therapist assistant, an applicant shall obtain a scaled score of 600 or more based on a scale ranging from 200 to 800 on a jurisprudence examination.

**Historical Note**

Adopted effective April 10, 1986 (Supp. 86-2). Former Section R4-24-205 renumbered to R4-24-206, new Section R4-24-205 renumbered from Section R4-24-204 and amended effective May 7, 1990 (Supp. 90-2). Section repealed; new Section adopted by final rulemaking at 5 A.A.R. 2988, effective August 12, 1999 (Supp. 99-3).

Former Section R4-24-205 renumbered to R4-24-207; new Section R4-24-205 adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Former Section R4-24-205 repealed; new Section R4-24-205 renumbered from R4-24-204 and amended by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2).

**R4-24-206. Renumbered**

**Historical Note**

Section R4-24-205 adopted effective April 10, 1986 (Supp. 86-2). Section R4-24-206 renumbered from Section R4-24-205 and amended effective May 7, 1990 (Supp. 90-2). Amended by final rulemaking at 5 A.A.R. 2988, effective August 12, 1999 (Supp. 99-3). Former Section R4-24-206 repealed; new Section R4-24-206 renumbered from R4-24-204 and amended by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 11 A.A.R. 5465, effective February 4, 2006 (Supp. 05-4). Section R4-24-206 renumbered to R4-24-107 by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2).

**R4-24-207. Application for a Physical Therapist Assistant Certificate**

**A.** An applicant for an original physical therapist assistant certificate shall submit to the Board an application packet that includes:

1. An application form provided by the Board, signed, dated, and verified by the applicant that contains:
   a. The applicant's name, business, residential, and e-mail addresses, business and residential telephone numbers, birth date, and Social Security number;
   b. The name and address of the college or university where the applicant completed an accredited educational program for physical therapist assistants, dates of attendance, and date of completion;
   c. A statement of whether the applicant has ever been licensed or certified as a physical therapist assistant in any other jurisdiction of the United States or foreign country;
   d. Professional employment history for the five years before the date of application including the name, address, and telephone number for each place of employment, job title, description of the work completed, and explanation of any breaks in employment, if applicable;
   e. A statement of whether the applicant has ever been convicted of, pled guilty or no contest to, or entered into diversion in lieu of prosecution for any criminal offense in any jurisdiction of the United States or foreign country and if so, an explanation;
   f. A statement of whether the applicant has ever had an application for a professional or occupational license, certificate, or registration, other than a driver's license, denied, rejected, suspended, or revoked by any jurisdiction of the United States or foreign country and if so, an explanation;
   g. A statement of whether the applicant is currently or ever has been under investigation, suspension, or restriction by a professional licensing board in any jurisdiction of the United States or foreign country for any act that occurred in that jurisdiction that would be the subject of discipline under this Chapter and if so, an explanation;
   h. A statement of whether the applicant has ever been the subject of disciplinary action by a professional association or postsecondary educational institution;
   i. A statement of whether the applicant has committed any of the actions referenced in the definition of good moral character in R4-24-101;
   j. A statement of whether the applicant has ever had a malpractice judgment or has a lawsuit currently pending for malpractice and if so, an explanation;
   k. A statement of whether the applicant is currently more than 30 days in arrears for payment required by a judgment and order for child support in Arizona or any other jurisdiction;
   l. A statement of whether the applicant has any impairment to the applicant's cognitive, communicative, or physical ability to participate in therapeutic interventions with skill and safety and if so, an explanation;
   m. A statement of whether the applicant has, within the past 10 years, used alcohol, any illegal chemical substance, or prescription medications, that in any way has impaired or limited the applicant's ability to participate in therapeutic interventions with skill and safety and if so, an explanation;
   n. A statement of whether the applicant has, within the past 10 years, been diagnosed as having or is being treated for bipolar disorder, schizophrenia, paranoia, or other psychotic disorder that in any way has impaired or limited the applicant's ability to participate in therapeutic interventions with skill and safety and if so, an explanation;
   o. A statement of whether the applicant has ever violated A.R.S. § 32-2044(10); and
   p. A sworn statement by the applicant verifying the truthfulness of the information provided by the applicant;
2. A passport photograph of the applicant no larger than 1 1/2 x 2 inches that was taken not more than six months before the date of the application;
3. Documentation, as described under A.R.S. § 41-1080, of the applicant's U.S. citizenship, alien status, legal residency, or lawful presence in the U.S.; and
4. The fee required in R4-24-107.

**B.** In addition to the requirements in subsection (A), an applicant shall arrange to have directly submitted to the Board:

1. An official transcript or letter showing the applicant completed all requirements of an accredited educational program that includes the official seal of the school or college where the applicant completed the accredited educational program and signature of the registrar of the school or college;
2. Verification of passing a national examination for physical therapist assistants as evidenced by an original notice of examination results; and
3. Verification of passing a jurisprudence examination as evidenced by an original notice of examination results.

**C.** In addition to the requirements in subsections (A) and (B), an applicant for a physical therapist assistant certificate by endorsement shall submit to the Board:

1. The name of the licensing or certifying agency of any jurisdiction in which the applicant is currently or has been previously licensed or certified; and
2. A verification of license or certificate, signed and dated by an official of the agency licensing or certifying the applicant, that includes the official seal of the licensing or certifying agency and all of the following:

a. The name of the applicant;
b. The license or certificate number and date of issuance;
c. The current status of the license or certificate;
d. The expiration date of the license or certificate;
e. A statement of whether the applicant was ever denied a license or certificate by the agency and if so, an explanation; and
f. A statement of whether any disciplinary action is pending or has ever been taken against the applicant and if so, an explanation.

**D.** The Board shall deny a certificate to an applicant who fails to meet the requirements of this Section or A.R.S. Title 32, Chapter 19. A person denied a certificate may request a hearing under A.R.S. Title 41, Chapter 6, Article 10.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 2988, effective August 12, 1999 (Supp. 99-3). Former Section R4-24-207 renumbered to R4-24-209; new Section R4-24-207 renumbered from R4-24-205 and amended by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2). Amended by final rulemaking at 14 A.A.R. 376, effective March 8, 2008 (Supp. 08-1). Amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008, (Supp. 08-3). Amended by final rulemaking at 25 A.A.R. 404, effective April 6, 2019 (Supp. 19-1).

**R4-24-208. License or Certificate Renewal; Address Change**

**A.** A licensee or certificate holder shall submit a renewal application packet to the Board on or before August 31 of an even-numbered year that includes:
1. The following information for the compliance period immediately preceding the renewal application:
   a. The licensee's or certificate holder's:
      i. Name;
      ii. Home, business, and e-mail addresses; and
      iii. Home and business telephone numbers;
   b. A statement of whether the licensee or certificate holder has been convicted of, pled guilty or no contest to, or entered into diversion in lieu of prosecution for any criminal offense in any jurisdiction of the United States or foreign country and if so, an explanation;
   c. A statement of whether the licensee or certificate holder has had an application for a professional or occupational license, certificate, or registration, other than a driver's license, denied, rejected, suspended, or revoked by any jurisdiction of the United States or foreign country and if so, an explanation;
   d. A statement of whether the licensee or certificate holder is currently or ever has been under investigation, suspension, or restriction by a professional licensing board in any jurisdiction of the United States or foreign country for any act that occurred in that jurisdiction that would be the subject of discipline under this Chapter and if so, an explanation;
   e. A statement of whether the licensee or certificate holder has been the subject of disciplinary action by a professional association or postsecondary educational institution;
   f. A statement of whether the licensee or certificate holder has had a malpractice judgment against the licensee or certificate holder or has a lawsuit currently pending for malpractice and if so, an explanation;
   g. A statement of whether the licensee or certificate holder is currently more than 30 days in arrears for payment required by a judgment and order for child support in Arizona or any other jurisdiction;
   h. A statement of whether the licensee or certificate holder has adhered to the recognized standards of ethics;
   i. A statement of whether the licensee or certificate holder has or has not committed any of the actions referenced in the definition of good moral character in R4-24-101;
   j. A statement of whether the licensee or certificate holder has been the subject of any criminal investigation by a federal, state, or local agency or had criminal charges filed against the licensee or certificate holder;
   k. If a licensee, a statement of whether the licensee has:
      i. Any impairment to the licensee's cognitive, communicative, or physical ability to engage in the practice of physical therapy with skill and safety and if so, an explanation;
      ii. Used alcohol, any illegal chemical substance, or prescription medicine, that in any way has impaired or limited the licensee's ability to practice physical therapy with skill and safety and if so, an explanation;
      iii. Been diagnosed as having or is being treated for bipolar disorder, schizophrenia, paranoia, or other psychotic disorder that in any way has impaired or limited the licensee's ability to practice physical therapy with skill and safety and if so, an explanation;
   l. If a certificate holder, a statement of whether the certificate holder has:
      i. Any impairment to the certificate holder's cognitive, communicative, or physical ability to work as a physical therapist assistant with skill and safety and if so, an explanation;
      ii. Used alcohol, any illegal chemical substance or prescription medicine, that in any way has impaired or limited the certificate holder's ability to work as a physical therapist assistant with skill and safety and if so, an explanation;
      iii. Been diagnosed as having or is being treated for bipolar disorder, schizophrenia, paranoia, or other psychotic disorder that in any way has impaired or limited certificate holder's ability to work as a physical therapist assistant with skill and safety and if so, an explanation;
   m. A statement of whether the licensee or certificate holder has ever violated A.R.S. § 32-2044(10);
   n. If a licensee, a statement of whether the licensee has completed the 20 contact hours of continuing competence for the previous compliance period as required in R4-24-401;
   o. If a certificate holder, a statement of whether the certificate holder has completed the 10 contact hours of continuing competence for the previous compliance period as required in R4-24-401;
   p. If a licensee, a statement of whether the licensee has complied with the medical records protocol as required in A.R.S. § 32-3211; and

q. If a licensee, a statement of whether the licensee has completed the dry needling course content requirements in A.A.C. R4-24-313.

2. The signature of the applicant attesting to the truthfulness of the information provided by the licensee or certificate holder;

3. If the documentation previously submitted under R4-24-201(A)(3) or R4-24-207(A)(3) did not establish citizenship in the United States or was not a non-expiring work authorization, documentation specified under A.R.S. § 41-1080 that the presence of the licensee or certificate holder in the United States continues to be authorized under federal law; and

4. The fee required by the Board in R4-24-107.

**B.** Failure of the Board to inform a licensee or certificate holder of license or certificate expiration does not excuse the licensee's or certificate holder's non-renewal or untimely renewal.

**C.** The Board shall:

1. Approve or deny the application within the time frames in R4-24-209 and Table 1, and

2. Deny the application of an applicant who does not meet the requirements in A.R.S. § 32-2001 et seq. or this Chapter.

**D.** A licensee or certificate holder denied renewal of a license or certificate may request a hearing under A.R.S. Title 41, Chapter 6, Article 10.

**E.** A licensee or certificate holder shall send to the Board written notification of a change in any of the information provided under subsection (A)(1)(a) no later than 30 days after the date of the change.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2). Amended by final rulemaking at 14 A.A.R. 376, effective March 8, 2008 (Supp. 08-1). Amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008, (Supp. 08-3). Amended by final rulemaking at 18 A.A.R. 1858, effective July 10, 2012 (Supp. 12-3). Amended by final exempt rulemaking at 21 A.A.R. 924, effective July 1, 2015 (Supp. 15-2). Amended by final rulemaking at 25 A.A.R. 404, effective April 6, 2019 (Supp. 19-1).

**R4-24-209. Time-frames for Board Approvals**

**A.** The overall time-frame described in A.R.S. § 41-1072(2) for each type of approval granted by the Board is listed in Table 1. The applicant and the Executive Director of the Board may agree in writing to extend the substantive review time-frame and overall time-frame. The overall time-frame and the substantive review time-frame may not be extended by more than 25% of the overall time-frame.

**B.** The administrative completeness review time-frame described in A.R.S. § 41-1072(1) for each type of approval granted by the Board is listed in Table 1.

1. The administrative completeness review time-frame begins:

a. When the Board receives an application packet for an initial or renewal license or certificate or

b. When the Board receives a request for approval of a facility.

2. If the application packet is incomplete, the Board shall send to the applicant a written notice specifying the missing document or incomplete information.

a. The administrative completeness review time-frame and the overall time-frame are suspended from the postmark date of the notice until the date the Board receives a complete application packet from the applicant.

b. An applicant who disagrees with the Board's statement of deficiencies may request a hearing as provided in A.R.S. § 32-2023.

3. If an application packet is complete, the Board shall send a written notice of administrative completeness to the applicant.

4. If the Board grants a license, certificate, or approval during the time provided to assess administrative completeness, the Board shall not issue a separate written notice of administrative completeness.

**C.** The substantive review time-frame described in A.R.S. § 41-1072(3) is listed in Table 1 and begins on the postmark date of the notice of administrative completeness.

1. During the substantive review time-frame, the Board may make one comprehensive written request for additional information or documentation. The time-frame for the Board to complete the substantive review is suspended from the postmark date of the comprehensive written request for additional information or documentation until the Board receives the additional information or documentation.

2. The Board shall send a written notice of approval of a license or certificate to an applicant who meets the qualifications in A.R.S. §§ 32-2001 through 32-2027 and this Chapter.

3. The Board shall send a written notice of denial to an applicant who fails to meet the qualifications in A.R.S. §§ 32-2001 through 32-2027 and these rules.

**D.** The Board shall consider an application withdrawn if within 360 days from the application submission date the applicant fails to:

1. Supply the missing information requested under subsection (B)(2) or (C)(1); or

2. Take the national physical therapist examination or national physical therapist assistant examination.

**E.** An applicant who does not wish an application withdrawn may request a denial in writing within 360 days from the application submission date.

**F.** If a time-frame's last day falls on a Saturday, Sunday, or an official state holiday, the Board shall consider the next business day the time-frame's last day.

**Historical Note**

New Section R4-24-209 renumbered from R4-24-207 and amended by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2).

**Table 1. Time Frames (in days)**

| Type of Applicant | Type of Approval | Statutory Authority | Overall Time Frame | Administrative Completeness Time Frame | Substantive Review Time Frame |
|---|---|---|---|---|---|

| | | | | | |
|---|---|---|---|---|---|
| Original License (R4-24-201) or Registration as an Out-of-state Health Care Provider of Telehealth Services (A.R.S. § 36-3606) | License<br><br>Registration | A.R.S. §§ 32-2022; 32-2023; 36-3606 | 75 | 30 | 45 |
| License or Certificate by Endorsement (R4-24-201; R4-24-207) | License or certificate by Endorsement | A.R.S. § 32-2026 | 75 | 30 | 45 |
| Physical Therapist Assistant Certificate (R4-24-207) | Certificate | A.R.S. §§ 32-2022; 32-2023 | 75 | 30 | 45 |

**Historical Note**

Table 1 adopted by final rulemaking at 5 A.A.R. 2988, effective August 12, 1999 (Supp. 99-3). Amended by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2). Amended by final rulemaking at 15 A.A.R. 1788, effective December 5, 2009 (Supp. 09-4). Amended by final rulemaking at 18 A.A.R. 841, effective May 11, 2012 (Supp. 12-1). Amended by final rulemaking at 25 A.A.R. 404, effective April 6, 2019 (Supp. 19-1). Amended by final exempt rulemaking at 27 A.A.R. 1105, with an immediate effective date of June 29, 2021 (Supp. 21-2).

**R4-24-210. Business Entity Registration; Display of Registration Certificate**

**A.** A business entity that offers physical therapy services to the public and is not exempt from registration under A.R.S. § 32-2030(H) shall separately register with the Board each location from which physical therapy services are offered in Arizona.

**B.** A business entity shall not offer physical therapy services at a location in Arizona until that location is registered with the Board.

**C.** To register with the Board an Arizona location at which physical therapy services are offered, a business entity shall submit to the Board an application packet that includes the following:

1. An application form, which is available from the Board and requires the following information:
   a. Name, primary address, and e-mail address of the business entity;
   b. Name, title, address, e-mail address, and telephone number of the manager of the location being registered;
   c. Name and business address of each officer or director of the business entity;
   d. Name and license number of each physical therapist who provides physical therapy services at the location being registered;
   e. Name and certificate number of each physical therapy assistant who works at the location being registered;
   f. Description of the physical therapy services offered at the location being registered;
   g. For the business entity, a statement of whether any state, territory, district, or country has ever:
      i. Refused to issue or renew a registration, permit, license, or other authorization;
      ii. Accepted surrender of a registration, permit, license, or other authorization in lieu of other disciplinary action; or
      iii. Suspended, revoked, cancelled, or taken other disciplinary action against a registration, permit, license, or other authorization; and
   h. Dated signature of an officer or director attesting that:
      i. The business entity has a written protocol that meets the standards in A.R.S. § 32-2030(F) for the secure storage, transfer, and access of the physical therapy records of the business entity's patients; and
      ii. The information provided is true and correct; and
2. The application fee required under R4-24-107(A)(3).

**D.** For each location registered, a business entity shall display, in a location accessible to public view, the:

1. Registration certificate and current renewal verification of the business entity,
2. License and current renewal verification of every physical therapist who provides physical therapy services at the location, and
3. Certificate and current renewal verification of every physical therapy assistant who works at the location.

**Historical Note**
New Section made by final rulemaking at 18 A.A.R. 841, effective May 11, 2012 (Supp. 12-1). Amended by final rulemaking at 25 A.A.R. 404, effective April 6, 2019 (Supp. 19-1).

**R4-24-211. Renewal of Business Entity Registration**

**A.** The registration of a business entity expires for each location registered on August 31 of every odd-numbered year.

**B.** A business entity shall separately renew the registration of each location from which the business entity offers physical therapy services in Arizona.

**C.** To renew the registration of an Arizona location from which physical therapy services are offered, a business entity shall submit to the Board an application form, which is available from the Board and requires the following information:
1. Name, primary address, and e-mail address of the business entity;
2. Name, title, address, e-mail address, and telephone number of the manager of the location being registered;
3. Name and business address of each officer or director of the business entity;
4. Name and license number of each physical therapist who provides physical therapy services at the location being registered;
5. Name and certificate number of each physical therapy assistant who works at the location being registered;
6. Description of the physical therapy services offered at the location being registered;
7. For the business entity, a statement of whether any state, territory, district, or country has ever:
   a. Refused to issue or renew a registration, permit, license, or other authorization;
   b. Accepted surrender of a registration, permit, license, or other authorization in lieu of other disciplinary action; or
   c. Suspended, revoked, cancelled, or taken other disciplinary action against a registration, permit, license, or other authorization;
8. Statement of whether the business entity complies with A.R.S. § 32-2030(F); and
9. Dated signature of an officer or director attesting that the information provided is true and correct.

**D.** A business entity that timely complies with subsection (C) may continue to offer physical therapy services from the location for which application is made until the Board grants or denies the renewed registration.

**E.** A business entity that fails to comply timely with subsection (C) shall immediately stop offering physical therapy services from the location for which application is not made. To be authorized to offer physical therapy services again from that location, the business entity shall comply with R4-24-210 and pay both the application and late fee specified in R4-24-107(A)(3).

**Historical Note**
New Section made by final rulemaking at 18 A.A.R. 841, effective May 11, 2012 (Supp. 12-1). Amended by final rulemaking at 25 A.A.R. 404, effective April 6, 2019 (Supp. 19-1).

**R4-24-212. Regulation of a Business Entity**

**A.** A business entity may submit a complaint under A.R.S. § 32-2030 or 32-2045(D) by complying with R4-24-305.

**B.** The Board shall investigate and act on a complaint, whether submitted by or against a business entity, in a manner consistent with R4-24-305, R4-24-306, R4-24-307, R4-24-308, and R4-24-309.

**C.** As provided under A.R.S. § 32-2047, a business entity that violates a requirement of A.R.S. § 32-2030 is subject to disciplinary action by the Board.

**Historical Note**
New Section made by final rulemaking at 18 A.A.R. 841, effective May 11, 2012 (Supp. 12-1).

**R4-24-213. Business Entity Participation**

A registered business entity may provide assistance and advice to the Board relating to the regulation of business entities by:
1. Participating in the rulemaking process in a manner described under A.R.S. Title 41, Chapter 6, Article 3;
2. Submitting a petition under A.R.S. § 41-1033 and R4-24-502;
3. Submitting an appeal under A.R.S. § 41-1056.01 and R4-24-502;
4. Submitting a written criticism under R4-24-506; and
5. Attending a Board meeting.

**Historical Note**
New Section made by final rulemaking at 18 A.A.R. 841, effective May 11, 2012 (Supp. 12-1).

**Exhibit 1. Repealed**

**Historical Note**
Exhibit 1 adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Exhibit 1 repealed by final rulemaking at 12 A.A.R. 2401, effective August 5, 2006 (Supp. 06-2).

## ARTICLE 3. PRACTICE OF PHYSICAL THERAPY

**R4-24-301. Lawful Practice**

**A.** A physical therapist shall provide the referring practitioner, if any, with information from the patient assessment, diagnosis, and plan of care. Within one week after a patient is initially evaluated, the physical therapist shall provide this information:
1. In writing and place a copy of the written notice in the patient's record, or
2. Orally and place a contemporaneously made note of the verbal communication in the patient's record.

**B.** A physical therapist shall maintain the confidentiality of patient records as required by federal and state law.

**C.** On written request by a patient or the patient's health care decision maker, a physical therapist shall provide access to or a copy of the patient's medical or payment record in accordance with A.R.S. § 12-2293.

**D.** A physical therapist shall obtain a patient's consent before examination and treatment and document the consent in the patient's record.

**E.** A physical therapist shall respect a patient's right to make decisions regarding examination and the recommended plan of care including the patient's decision regarding consent, modification of the plan of care, or refusal of examination or treatment. To assist the patient in making these decisions, the physical therapist shall:
1. Communicate to the patient:
   a. Examination findings,
   b. Evaluation of the findings, and

c. Diagnosis and prognosis,
2. Collaborate with the patient to establish the goals of treatment and the plan of care, and
3. Inform the patient that the patient is free to select another physical therapy provider.

**Historical Note**
Adopted effective June 3, 1982 (Supp. 82-3). Former Section R4-24-301 repealed, new Section R4-24-301 adopted effective April 10, 1986 (Supp. 86-2). Amended effective March 14, 1996 (Supp. 96-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 15 A.A.R. 1788, effective December 5, 2009 (Supp. 09-4).

**R4-24-302. Use of Titles**

**A.** As required under A.R.S. § 32-2042, a licensed physical therapist shall use the designation "P.T." immediately following the licensee's name or signature to denote licensure. A licensed physical therapist shall not use the designations "R.P.T." or "L.P.T." in connection with the physical therapist's name or place of business.

**B.** In addition to and immediately following the "P.T." designation, a physical therapist may list academic degrees earned and professional specialty certifications held.

**C.** As required under A.R.S. § 32-2042, a physical therapist assistant shall use the designation "P.T.A." immediately following the physical therapist assistant's name to denote certification.

**D.** As required under A.R.S. § 32-2042, a physical therapist or physical therapist assistant who is on retired status shall use "(retired)" or "(ret.)" immediately after the designation required under subsection (A) or (C), as applicable.

**Historical Note**
Adopted effective June 1, 1982 (Supp. 82-3). Former Section R4-24-302 repealed, new Section R4-24-302 adopted effective April 10, 1986 (Supp. 86-2). Amended effective March 14, 1996 (Supp. 96-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008 (Supp. 08-3). Amended by final rulemaking at 18 A.A.R. 1858, effective July 10, 2012 (Supp. 12-3).

**R4-24-303. Patient Care Management**

**A.** A physical therapist is responsible for the scope of patient management in the practice of physical therapy as defined by A.R.S. § 32-2001. For each patient, the physical therapist shall:
1. Perform and document an initial evaluation;
2. Perform and document periodic reevaluation;
3. Document a discharge summary and the patient's response to the course of treatment at discharge;
4. Ensure that the patient's physical therapy record is complete and accurate; and
5. Ensure that services reported for billing, whether billed directly to the patient or through a third party, are accurate and consistent with information in the patient's physical therapy record.

**B.** On each date of service, a physical therapist shall:
1. Perform and document each therapeutic intervention that requires the expertise of a physical therapist; and
2. Determine, based on a patient's acuity and treatment plan, whether it is appropriate to use assistive personnel to perform a selected treatment intervention or physical therapy task for the patient.

**C.** A physical therapist shall not supervise more than three assistive personnel at any time. If a physical therapist supervises three assistive personnel, the physical therapist shall ensure that:
1. At least one of the assistive personnel is a physical therapist assistant,
2. No more than two of the assistive personnel are physical therapist assistants performing selected treatment interventions under general supervision, and
3. Assistive personnel other than a physical therapist assistant perform a physical therapy task only under the onsite supervision of a physical therapist.

**D.** Before delegating performance of a selected treatment intervention to a physical therapist assistant working under general supervision, the supervising physical therapist shall ensure that the physical therapist assistant:
1. Is certified under this Chapter, and
2. Has completed at least 2,000 hours of experience as a physical therapist assistant working with patients under onsite supervision.

**E.** Before delegating performance of a selected physical therapy intervention or physical therapy task to assistive personnel working under general or onsite supervision, the supervising physical therapist shall ensure that the assistive personnel is qualified by education or training to perform the selected physical therapy intervention or physical therapy task in a safe, effective, and efficient manner.

**F.** A physical therapist who provides general supervision for a physical therapist assistant shall:
1. Be licensed under this Chapter;
2. Respond to a communication from the physical therapist assistant within 15 minutes;
3. Go to the location at which and on the same day that the physical therapist assistant provides a selected treatment intervention if the physical therapist, after consultation with the physical therapist assistant, determines that going to the location is in the best interest of the patient; and
4. Perform a reevaluation and provide each therapeutic intervention for the patient that is done on the day of the reevaluation every fourth treatment visit or every 30 days, whichever occurs first.

**G.** A physical therapist assistant who provides a selected treatment intervention under general supervision shall document in the patient record:
1. The name and license number of the supervising physical therapist;
2. The name of the patient to whom the selected treatment intervention is provided;
3. The date on which the selected treatment intervention is provided;
4. The selected treatment intervention provided; and
5. Whether the physical therapist assistant consulted with the supervising physical therapist during the course of the selected treatment intervention and if so, the subject of the consultation and any decision made.

**Historical Note**
Adopted effective June 3, 1982 (Supp. 82-3). Repealed effective April 10, 1986 (Supp. 86-2). New Section R-24-303 adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 13 A.A.R. 1640, effective June 30, 2007 (Supp. 07-2).

**R4-24-304. Adequate Patient Records**

**A.** A physical therapist shall ensure that a patient record meets the following minimum standards:
1. Each entry in the patient record is:
   a. Legible,
   b. Accurately dated, and
   c. Signed with the name and legal designation of the individual making the entry;
2. If an electronic signature is used to sign an entry, the electronic signature is secure;
3. The patient record contains sufficient information to:
   a. Identify the patient on each page of the patient record,
   b. Justify the therapeutic intervention,
   c. Document results of the therapeutic intervention,
   d. Indicate advice or cautionary warnings provided to the patient,
   e. Enable another physical therapist to assume the patient's care at any point in the course of therapeutic intervention, and
   f. Describe the patient's medical history.
4. If an individual other than a physical therapist or physical therapist assistant makes an entry into the patient record, the supervising physical therapist co-signs the entry;
5. If it is determined that erroneous information is entered into the patient record:
   a. The error is corrected in a manner that allows the erroneous information to remain legible, and
   b. The individual making the correction dates and initials the correct information; and
6. For each date of service there is an accurate record of the physical therapy services provided and billed.

**B.** Initial evaluation. As required by A.R.S. § 32-2043(F)(1), a physical therapist shall perform the initial evaluation of a patient. The physical therapist who performs an initial evaluation shall make an entry that meets the standards in subsection (A) in the patient record and document:
1. The patient's reason for seeking physical therapy services;
2. The patient's relevant medical diagnoses or conditions;
3. The patient's signs and symptoms;
4. Objective data from tests or measurements;
5. The physical therapist's interpretation of the results of the examination;
6. Clinical rationale for therapeutic intervention;
7. A plan of care that includes the proposed therapeutic intervention, measurable goals, and frequency and duration of therapeutic intervention; and
8. The patient's prognosis.

**C.** Therapeutic-intervention notes. For each date that a therapeutic intervention is provided to a patient, the individual who provides the therapeutic intervention shall make an entry that meets the standards in subsection (A) in the patient record and document:
1. The patient's subjective report of current status or response to therapeutic intervention;
2. The therapeutic intervention provided or appropriately supervised;
3. Objective data from tests or measures, if collected;
4. Instructions provided to the patient, if any; and
5. Any change in the plan of care required under subsection (B)(7).

**D.** Re-evaluation. As required by A.R.S. § 32-2043(F)(2), a physical therapist shall perform a re-evaluation when a patient fails to progress as expected, progresses sufficiently to warrant a change in the plan of care, or in accordance with R4-24-303(F)(4). A physical therapist who performs a re-evaluation shall make an entry that meets the standards in subsection (A) in the patient record and document:
1. The patient's subjective report of current status or response to therapeutic intervention;
2. Assessment of the patient's progress;
3. The patient's current functional status;
4. Objective data from tests or measures, if collected;
5. Rationale for continuing therapeutic intervention; and
6. Any change in the plan of care required under subsection (B)(7).

**E.** Discharge summary. As required by A.R.S. § 32-2043(F)(3), a physical therapist shall document the conclusion of care in a patient's record regardless of the reason that care is concluded.
1. If care is provided in an acute-care hospital, the entry made under subsection (C) on the last date that a therapeutic intervention is provided constitutes documentation of the conclusion of care if the entry is made by a physical therapist.
2. If care is not provided in an acute-care hospital or if a physical therapist does not make the entry under subsection (C) on the last date that a therapeutic intervention is provided, a physical therapist shall make an entry that meets the standards in subsection (A) in the patient record and document:
   a. The date on which therapeutic intervention terminated;
   b. The reason that therapeutic intervention terminated;
   c. Inclusive dates for the episode of care being terminated;
   d. The total number of days on which therapeutic intervention was provided during the episode of care;
   e. The patient's current functional status;
   f. The patient's progress toward achieving the goals in the plan of care required under subsection (B)(7); and
   g. The recommended discharge plan.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). R4-24-304 renumbered to R4-24-305; new Section R4-24-304 made by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008 (Supp. 08-3).

**R4-24-305. Complaints and Investigations**

**A.** A complainant shall ensure that a complaint filed with the Board is about:
1. An individual licensed or certified under this Chapter; or
2. An individual believed to be engaged in unlawful practice as described in A.R.S. § 32-2048.

**B.** If the Board determines under A.R.S. § 32-2045(A)(2) that there is reason to believe that an individual may have violated A.R.S. Title 32, Chapter 19, or this Chapter, the Board shall prepare a complaint and serve the complaint as described in subsection (D)(2).

**C.** Complaint requirements. A complainant shall:
1. Submit the complaint to the Board in writing; and
2. Provide the following information:
   a. Name of licensee, certificate holder, or other individual who is the subject of complaint;
   b. Name and address of complainant;
   c. Nature of the complaint;
   d. Details of the complaint with pertinent dates and activities;
   e. Whether the complainant has contacted any other organization regarding the complaint; and

f. Whether complainant has contacted the licensee, certificate holder, or other individual concerning the complaint, and if so, the response, if any.

**D.** Within 90 days after receiving a complaint, the Board shall ensure that the complaint is reviewed to determine whether the complaint is within the Board's jurisdiction, and:
1. If the complaint is not within the Board's jurisdiction, dismiss the complaint and provide written notice of the dismissal to the complainant; or
2. If the complaint is within the Board's jurisdiction, serve a copy of the complaint on the individual complained against and provide the individual complained against with 30 days to respond and admit, deny, or further explain each allegation in the complaint.

**E.** If a complaint is within the Board's jurisdiction, the Board shall ensure that an investigation regarding the matters alleged in the complaint is conducted.

**F.** After expiration of the 30 days provided under subsection (D)(2), the Board shall review the complaint, response, and investigation results and take action as prescribed under A.R.S. §§ 32-2045(B) or 32-2046.

**Historical Note**
New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). R4-24-305 renumbered to R4-24-306; new Section R4-24-305 renumbered from R4-24-304 and amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008 (Supp. 08-3).

**R4-24-306. Hearings**

**A.** To facilitate investigation of a complaint, the Board may conduct an informal hearing. The Board shall send written notice of an informal hearing to the individual who is the subject of the complaint, by personal service or certified mail, return receipt requested, at least 30 days before the informal hearing.

**B.** The Board shall ensure that the written notice of informal hearing contains the following information:
1. The time, date, and place of the informal hearing;
2. An explanation of the informal nature of the proceedings;
3. The individual's right to appear with or without legal counsel;
4. A statement of the allegations and issues involved with a citation to relevant statutes and rules;
5. The individual's right to a formal hearing under A.R.S. Title 41, Chapter 6, Article 10 instead of the informal hearing;
6. The licensee's or certificate holder's right to request under A.R.S. § 32-3206(A) a copy of information the Board will use in making its determination; and
7. Notice that the Board may take disciplinary action as a result of the informal hearing if it finds the individual violated A.R.S. Title 32, Chapter 19, or this Chapter;

**C.** The Board shall ensure that an informal hearing proceeds as follows:
1. Introduction of the respondent and, if applicable, legal counsel for the respondent;
2. Introduction of the Board members, staff, and Assistant Attorney General present;
3. Swearing in of the respondent and witnesses;
4. Brief summary of the allegations and purpose of the informal hearing;
5. Optional opening comment by the respondent;
6. Questioning of the respondent by the Board and questioning of witnesses by the Board and the respondent;
7. Optional additional comments by the respondent; and
8. Deliberation and deciding the case by the Board.

**Historical Note**
New Section R4-24-306 renumbered from R4-24-107 and amended by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). R4-24-306 renumbered to R4-24-307; new Section R4-24-306 renumbered from R4-24-305 and amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008 (Supp. 08-3).

**R4-24-307. Subpoenas**

**A.** A party desiring issuance of a subpoena to compel the appearance of a witness or the production of documents or other evidence at a hearing shall file a written request with the Board that includes the following information:
1. The caption and docket number of the matter;
2. A list or description of any documents or other evidence sought;
3. The name and business address of the custodian of the documents or other evidence sought;
4. The name and business or residential address of all persons to be subpoenaed;
5. A brief statement of the reason the evidence is relevant to the matter;
6. The date, time, and place to appear or produce documents or other evidence; and
7. The name, address, and telephone number of the party, or the party's attorney, requesting the subpoena.

**B.** The party requesting a subpoena be issued shall ensure that the subpoena is served in the manner prescribed by the Arizona Rules of Civil Procedure and pay all costs involved in serving the subpoena.

**C.** A party or the person served with a subpoena who objects to the subpoena, in whole or in part, may file a written objection with the Board within five days after service of the subpoena or at the beginning of the hearing if the subpoena is served fewer than five days before the hearing.

**D.** The Board shall quash or modify a subpoena if:
1. It is unreasonable or oppressive,
2. It requests information that is confidential or privileged, or
3. The desired testimony or evidence can be obtained by an alternative method.

**Historical Note**
New Section R4-24-307 renumbered from R4-24-109 and amended by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). R4-24-307 renumbered to R4-24-308; new Section R4-24-307 renumbered from R4-24-306 and amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008 (Supp. 08-3).

**R4-24-308. Rehearing or Review of Board Decisions**

**A.** The Board shall provide for a rehearing and review of its decisions under A.R.S. Title 41, Chapter 6, Article 10.

**B.** Except as provided in subsection (I), a party is required to file a motion for rehearing or review of a decision of the Board to exhaust the party's administrative remedies.

**C.** A party may amend a motion for rehearing or review at any time before the Board rules on the motion.

**D.** The Board may grant a rehearing or review for any of the following reasons materially affecting a party's rights:
1. Irregularity in the proceedings of the Board or any order or abuse of discretion that deprived the moving party of a fair hearing;
2. Misconduct of the Board, its staff, or an administrative law judge;
3. Accident or surprise that could not have been prevented by ordinary prudence;

4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the hearing;
5. Excessive or insufficient penalty;
6. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the progress of the proceedings; and
7. The findings of fact or decision is not justified by the evidence or is contrary to law.

**E.** The Board may affirm or modify a decision or grant a rehearing or review to any or all of the parties on all or part of the issues for any of the reasons listed in subsection (D). An order modifying a decision or granting a rehearing or review shall specify with particularity the grounds for the order. If a rehearing or review is granted, the rehearing or review shall cover only the matters specified in the order.

**F.** No later than 30 days after making a decision and after giving the parties notice and an opportunity to be heard, the Board may order a rehearing or review on its own initiative for any of the reasons listed in subsection (D). The Board may grant a motion for rehearing or review, timely served, for a reason not stated in the motion. An order granting a rehearing or review shall specify with particularity the grounds on which the rehearing or review is granted.

**G.** When a motion for rehearing or review is based upon affidavits, the affidavits shall be served with the motion. An opposing party may, within 15 days after service, serve opposing affidavits. This period may be extended for not more than 20 days by the Board for good cause as described in subsection (I) or by written stipulation of the parties. The Board may permit reply affidavits.

**H.** If a rehearing is granted, the Board shall hold the rehearing within 60 days after the issue date on the order granting the rehearing.

**I.** If the Board makes a specific finding that immediate effectiveness of a particular decision is necessary for preservation of the public health, safety, or welfare and that rehearing or review is impracticable, unnecessary, or contrary to public interest, the decision may be issued as a final decision without an opportunity for rehearing or review. If an application for judicial review of the decision is made, it shall be made under A.R.S. § 12-901 et seq.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). R4-24-308 renumbered to R4-24-309; new Section R4-24-308 renumbered from R4-24-307 and amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008 (Supp. 08-3). Amended by final rulemaking at 18 A.A.R. 1858, effective July 10, 2012 (Supp. 12-3).

**R4-24-309. Disciplinary Actions**

**A.** As required by A.R.S. § 39-121.01, a record of Board disciplinary actions, including a decree of censure, is a public record open to public inspection.

**B.** If the Board decides to restrict a license or certificate, the Board shall ensure that the restriction and any required corrective action address the conduct that led to the restriction and protect the public. If the Board decides to require that an individual with a restricted license or certificate be supervised during the period of restriction, the Board shall appoint an unrestricted licensee to provide the supervision.

**C.** A physical therapist or physical therapist assistant whose license or certificate is suspended, revoked, or voluntarily surrendered shall return the license or certificate to the Board within 10 days after receipt of the Board's final order.

**D.** At the end of a period of license or certificate restriction, the Board shall terminate the restriction only if the licensee or certificate holder submits to the Board evidence of having completed all required corrective actions and complied with all terms of the restriction. If the Board believes it will help the Board determine whether to terminate a restriction, the licensee or certificate holder shall appear before the Board.

**E.** An applicant who had a previous license or certificate revoked by the Board shall appear before the Board before the Board acts on the application.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). R4-24-309 renumbered to R4-24-310; new Section R4-24-309 renumbered from R4-24-308 and amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008 (Supp. 08-3).

**R4-24-310. Substance Abuse Recovery Program**

**A.** Under A.R.S. § 32-2044(8), practicing as a physical therapist or working as a physical therapist assistant while mentally or physically impaired is grounds for disciplinary action.

**B.** The Board shall allow an impaired licensee or certificate holder to enter into a substance abuse recovery program rather than conduct a disciplinary proceeding if:

1. The impaired licensee or certificate holder is qualified under A.R.S. § 32-2050(2),
2. The Board believes the proposed program will assist the impaired licensee or certificate holder to recover, and
3. The impaired licensee or certificate holder enters into the written agreement required under A.R.S. § 32-2050(3) and (4).

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Section expired under A.R.S. § 41-1056(E) at 10 A.A.R. 3897, effective July 31, 2004 (Supp. 04-3). New Section R4-24-310 renumbered from R4-24-309 and amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008 (Supp. 08-3).

**R4-24-311. Display of License; Disclosure**

**A.** A licensee or certificate holder shall display a copy or provide documentation of the license or certificate and current renewal verification as specified in A.R.S. § 32-2051(G).

**B.** Upon request, a licensee or certificate holder shall inform a member of the public how to file a complaint by providing the address and telephone number of the Board office and a statement that a complaint against a licensee or certificate holder should be directed to the Board.

**C.** Before conducting an evaluation or initiating physical therapy, a licensee shall disclose to a patient when a referring practitioner is deriving direct or indirect compensation from the referral. The licensee shall ensure that the disclosure is in writing and states "Under A.R.S. § 32-2051(C), I am required by law to inform you in writing that your referring physician [or specify if different from a physician] derives either direct or indirect compensation related to your physical therapy."

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008 (Supp. 08-3).

**R4-24-312. Mandatory Reporting Requirement**

**A.** As required by A.R.S. § 32-3208, an applicant, licensee, or certificate holder who is charged with a misdemeanor involving conduct that may affect patient safety or a felony shall provide written notice of the charge to the Board within 10 working days after the charge is filed.

**B.** An applicant, licensee, or certificate holder may request a list of reportable misdemeanors from the Board.

**Historical Note**

New Section made by final rulemaking at 14 A.A.R. 3418, effective October 4, 2008 (Supp. 08-3). Amended by final rulemaking at 18 A.A.R. 1858, effective July 10, 2012 (Supp. 12-3).

**R4-24-313. Professional Standards of Care and Training and Education Qualifications for Delivery of Dry Needling Skilled Intervention**

**A.** Effective July 1, 2015 and in accordance with A.R.S. § 32-2044(25), a physical therapist shall meet the qualifications established in subsection (C) before providing the skilled intervention "dry needling", as defined in A.R.S. § 32-2001(4).

**B.** A physical therapist offering to provide or providing "dry needling" intervention shall provide documented proof of compliance with the qualifications listed in subsection (C) to the board within 30 days of completion of the course content in subsection (C) or within 30 days of initial licensure as a physical therapist in Arizona.

**C.** Course content that meets the training and education qualifications for "dry needling" shall contain all of the following:

1. The course content shall be approved by one or more of the following entities prior to the course(s) being completed by the physical therapist.
   a. Commission On Accreditation In Physical Therapy Education,
   b. American Physical Therapy Association,
   c. State Chapters Of The American Physical Therapy Association,
   d. Specialty Groups Of The American Physical Therapy Association, or
   e. The Federation of State Boards Of Physical Therapy.
2. The course content shall include the following components of education and training:
   a. Sterile needle procedures to include one of the following standards:
      i. The U.S. Centers For Disease Control And Prevention, or
      ii. The U.S. Occupational Safety And Health Administration
   b. Anatomical Review,
   c. Blood Borne Pathogens
   d. Contraindications and indications for "dry needling",
3. The course content required in subsection (C) of this Section shall include, but is not limited to, passing of both a written examination and practical examination before completion of the course content. Practice application course content and examinations shall be done in person to meet the qualifications of subsection (C).
4. The course content required in subsection (C) of this subsection shall total a minimum of 24 contact hours of education.

**D.** The standard of care for the intervention "dry needling" includes, but is not limited to the following:

1. "Dry needling" cannot be delegated to any assistive personnel.
2. Consent for treatment for the intervention "dry needling" is the same as required under R4-24-301.
3. Documentation of the intervention "dry needling" shall be done in accordance with R4-24-304.

**Historical Note**

New Section made by exempt rulemaking at 21 A.A.R. 924, effective July 1, 2015 (Supp. 15-2).

**Appendix A. Repealed**

**Historical Note**

Appendix A adopted effective June 3, 1982 (Supp. 82-3). Amended effective April 10, 1986 (Supp. 86-2). Repealed effective May 7, 1990 (Supp. 90-2)

**Appendix B. Repealed**

**Historical Note**

Appendix B adopted effective June 3, 1982 (Supp. 82-3). Amended effective April 10, 1986 (Supp. 86-2). Repealed effective May 7, 1990 (Supp. 90-2).

## ARTICLE 4. CONTINUING COMPETENCE

**R4-24-401. Continuing Competence Requirements for Renewal**

**A.** Except as provided in subsection (G), a licensed physical therapist shall earn 20 contact hours of continuing competence for each compliance period to be eligible for license renewal.

1. The licensee shall earn at least 10 contact hours from Category A continuing competence activities. No more than five of the required contact hours from Category A may be obtained from nonclinical course work.
2. No change
3. If the licensee's initial license is for one year or less, the licensee shall earn 10 contact hours from Category A continuing competence activities during the initial compliance period. No more than five of the required contact hours from Category A may be obtained from nonclinical course work.

**B.** Except as provided in subsection (G), a certified physical therapist assistant shall earn 10 contact hours of continuing competence for each compliance period to be eligible for certificate renewal.

1. The certificate holder shall earn at least six contact hours from Category A continuing competence activities. No more than three of the required contact hours from Category A may be obtained from nonclinical course work.
2. No more than four contact hours may be earned by the certificate holder during any compliance period from Categories B and C continuing competence activities. No more than two contact hours from Categories B and C may be obtained from nonclinical course work.
3. If the certificate holder's initial certificate is for one year or less, the certificate holder shall earn six contact hours from Category A continuing competence activities during the initial compliance period. No more than three of the required contact hours from Category A may be obtained from nonclinical course work.

**C.** A licensee or certificate holder shall not receive contact hour credit for repetitions of the same activity.

**D.** The continuing competence compliance period for a licensee or certificate holder begins on September 1 following the issuance of an initial or renewal license or certificate and ends on August 31 of even-numbered years.

**E.** A licensee or certificate holder shall not carry over contact hours from one compliance period to another.

**F.** An applicant for renewal shall submit a signed statement to the Board with the renewal application stating whether continuing competence requirements have been fulfilled for the current compliance period.

**G.** The Board may, at its discretion, waive continuing competence requirements on an individual basis for reasons of extreme hardship such as illness, disability, active service in the military, or other extraordinary circumstance as determined by the Board. A licensee or certificate holder who seeks a waiver of the continuing competence requirements shall provide to the Board, in writing, the specific reasons for requesting the waiver and additional information the Board may request in support of the waiver.

**H.** A licensee or certificate holder is subject to Board auditing for continuing competence compliance.
1. Selection for audit shall be random and notice of audit sent within 60 calendar days following the renewal deadline.
2. Within 30 days of receipt of a notice of audit, a licensee or certificate holder shall submit evidence to the Board that shows compliance with the requirements of continuing competence. Documentation of a continuing competence activity shall include:
   a. The date, place, course title, sponsor, schedule, and presenter;
   b. The number of contact hours received for the activity; and
   c. Proof of completion, such as an abstract, certificate of attendance, sign-in log, or other certification of completion.

**I.** A licensee or certificate holder shall retain evidence of participation in a continuing competence activity for two compliance periods after participation.

**J.** The Board shall notify a licensee or certificate holder who has been audited whether the licensee or certificate holder is in compliance with continuing competence requirements. The Board shall provide the notice electronically or by certified mail within 30 working days following the determination by the Board.

**K.** The Board shall provide six months from the date of the notice under subsection (J) for a licensee or certificate holder found not in compliance with continuing competence requirements to satisfy the continuing competence requirements. A licensee or certificate holder may request a hearing to contest the Board's decision under A.R.S. Title 41, Chapter 6, Article 10.

**L.** Penalties for failure to comply with continuing competence requirements may be imposed by the Board under A.R.S § 32-2047 following a hearing conducted under A.R.S. Title 41, Chapter 6, Article 10.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 25 A.A.R. 404, effective April 6, 2019 (Supp. 19-1).

**R4-24-402. Continuing Competence Activities**

**A.** Category A continuing competence activities shall be approved by:
1. An accredited medical, health care, or physical therapy program;
2. A state or national medical, health care, or physical therapy association, or a component of the association; or
3. A national medical, health care, or physical therapy specialty society.

**B.** Category A continuing competence activities include:
1. A physical therapy continuing education course designed to provide necessary understanding of current research, clinical skills, administration, or education related to the practice of physical therapy. Calculation of contact hours is determined by dividing the total minutes of instruction by 60. Breaks shall not be included as part of instructional time;
2. Coursework towards granting or renewal of a physical therapy clinical specialty certification approved by the Board. Each 60 minutes of instruction equals one contact hour;
3. Coursework in a physical therapy clinical residency program. Each 60 minutes of instruction equals one contact hour; and
4. Coursework in a postgraduate physical therapy education from an accredited college or university. Each 60 minutes of instruction equals one contact hour.

**C.** Category B continuing competence activities include:
1. Study group: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.
   a. A study group is a structured meeting designed for the study of a clinical physical therapy topic dealing with current research, clinical skills, procedures, or treatment related to the practice of physical therapy.
   b. No change
2. Self instruction: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.
   a. Self instruction is a structured course of study relating to one clinical physical therapy topic dealing with current research, clinical skills, procedures, or treatment related to the practice of physical therapy. Self instruction may be directed by a correspondence course, video, internet, or satellite program.
   b. Each 60 minutes of self instruction equals one contact hour.
3. Inservice education: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.
   a. Inservice education is attendance at a presentation pertaining to current research, clinical skills, procedures, or treatment related to the practice of physical therapy or relating to patient welfare or safety, including CPR certification.
   b. Each 60 minutes of inservice education equals one contact hour.

**D.** Category C modes of continuing competence include:
1. Physical therapy practice management coursework: Maximum of five contact hours for physical therapists and two contact hours for physical therapist assistants.
   a. Physical therapy practice management course work is course work concerning physical therapy administration, professional responsibility, ethical obligations, or legal requirements applicable to physical therapy practice settings.
   b. If the course is graded, a licensee or certificate holder shall receive a "pass" in a pass/fail course or a minimum of a C in a graded course to receive credit.
   c. Each 60 minutes of practice management coursework equals one contact hour.
2. Teaching or lecturing: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.

a. Teaching or lecturing is the presentation of an original educational program dealing with current research, clinical skills, procedures, treatment, or practice management related to the practice of physical therapy principally for health care professionals. Credit may be earned for teaching when the presentation is accompanied by written materials prepared, augmented, or updated by the presenter including course objectives and program content.
b. One 60 minute instructional period equals 2.5 contact hours.
c. Credit shall be given only once for a presentation within a compliance period.

3. Publication: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.
a. Publication includes writing for professional publication, platform, or poster presentation abstracts that have direct application to the practice of physical therapy. Credit may be earned for publication of material that is a minimum of 1500 words in length and published by a recognized third-party publisher of physical therapy material.
b. Each article published in a refereed journal, book chapter, or book equals five contact hours for physical therapists and two contact hours for physical therapist assistants. Articles published in non-refereed journals, magazines, newsletters, or periodicals equal two contact hours for physical therapists and one contact hour for physical therapist assistants.

4. Clinical instruction: Maximum five contact hours for physical therapists and two contact hours for physical therapist assistants.
a. Clinical instruction involves assisting a student physical therapist or physical therapist assistant or a physical therapist resident or fellow acquire clinical skills required of a physical therapist or physical therapist assistant.
b. An individual to whom clinical instruction is provided shall be enrolled in:
i. A physical therapist or physical therapist assistant program accredited by the Commission on Accreditation of Physical Therapy Education; or
ii. A physical therapist residency or fellowship program approved by the American Physical Therapy Association.
c. The program referenced under subsection (D)(4)(b) shall provide the enrolled individual with proof of completing the hours of clinical instruction.
d. Each 120 hours of clinical instruction equals one contact hour.

**Historical Note**
New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 25 A.A.R. 404, effective April 6, 2019 (Supp. 19-1).

**R4-24-403. Activities Not Eligible for Continuing Competence Credit**
A licensee or certificate holder shall not receive continuing competence credit for the following activities:
1. A regularly scheduled educational opportunity provided within an institution, such as rounds or case conferences;
2. A staff meeting;
3. A publication or presentation by the licensee or certificate holder to a lay or nonprofessional group; and
4. Routine teaching of personnel, students, or staff as part of a job requirement.

**Historical Note**
New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 25 A.A.R. 404, effective April 6, 2019 (Supp. 19-1).

## ARTICLE 5. PUBLIC PARTICIPATION PROCEDURES

**R4-24-501. Expired**

**Historical Note**
New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Section expired under A.R.S. § 41-1056(E) at 10 A.A.R. 3897, effective July 31, 2004 (Supp. 04-3).

**R4-24-502. Petition for Rulemaking; Review of Agency Practice or Substantive Policy Statement; Objection to a Section Based Upon Economic, Small Business, or Consumer Impact**
A petition to adopt, amend, or repeal a Section or to review an existing agency practice or substantive policy statement that the petitioner alleges to constitute a rule under A.R.S. § 41-1033 or to object to a Section in accordance with A.R.S. § 41-1056.01 shall be filed with the Board as prescribed in this Section. Each petition shall contain:
1. The name and current address of the petitioner;
2. For adoption of a new Section, specific language of the proposed new Section;
3. For amendment of a current Section, citation for the applicable Arizona Administrative Code Section number and heading of the current Section and the specific language of the current Section with language to be deleted stricken and new language underlined;
4. For the repeal of a current Section, citation for the applicable A.A.C. Section number and heading of the Section proposed for repeal;
5. The reasons a Section should be adopted, amended, or repealed, and if in reference to an existing Section, why the Section is inadequate, unreasonable, unduly burdensome, or otherwise not acceptable. The petitioner may provide additional supporting information, including:
a. Statistical data or other justification, with clear reference to an attached exhibit;
b. Identification of what person or segment of the public would be affected and how the person or segment would be affected; and
c. If the petitioner is a public agency, a summary of a relevant issue raised in any public hearing, or as a written comment offered by the public;
6. For a review of an existing Board practice or substantive policy statement alleged to constitute a rule, the reason the existing Board practice or substantive policy statement constitutes a rule and the proposed action requested of the Board;
7. For an objection to a Section based upon the economic, small business, or consumer impact, evidence that:
a. The actual economic, small business, or consumer impact significantly exceeded the impact estimated in the economic, small business, and consumer impact statement submitted during the making of the Section;
b. The actual economic, small business, or consumer impact was not estimated in the economic, small

business, and consumer impact statement submitted during the making of the Section and that actual impact imposes a significant burden on a person subject to the Section; or

c. The agency did not select the alternative that imposes the least burden and costs to persons regulated by the Section, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective; and

8. The signature of the person submitting the petition.

**Historical Note**
New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 18 A.A.R. 1858, effective July 10, 2012 (Supp. 12-3).

**R4-24-503. Expired**

**Historical Note**
New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Section expired under A.R.S. § 41-1056(E) at 10 A.A.R. 3897, effective July 31, 2004 (Supp. 04-3).

**R4-24-504. Expired**

**Historical Note**
New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Section expired under A.R.S. § 41-1056(E) at 10 A.A.R. 3897, effective July 31, 2004 (Supp. 04-3).

**R4-24-505. Expired**

**Historical Note**
New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2). Section expired under A.R.S. § 41-1056(E) at 10 A.A.R. 3897, effective July 31, 2004 (Supp. 04-3).

**R4-24-506. Written Criticism of Rule**

**A.** Any person may file a written criticism of an existing rule with the Board.

**B.** The criticism shall clearly identify the rule and specify why the existing rule is inadequate, unduly burdensome, unreasonable, or otherwise improper.

**C.** The Board shall acknowledge receipt of a criticism within 15 days and shall place the criticism in the official record for review by the Board under A.R.S. § 41-1056.

**Historical Note**
New Section adopted by final rulemaking at 6 A.A.R. 2399, effective June 9, 2000 (Supp. 00-2).

As of October 28, 2024

32-2001. Definitions

In this chapter, unless the context otherwise requires:

1. "Assistive personnel":

(a) Includes:

(i) Physical therapist assistants.

(ii) Physical therapy aides.

(iii) Other assistive personnel who are trained or educated health care providers and who are not physical therapist assistants or physical therapy aides but who perform specific designated tasks related to physical therapy under the supervision of a physical therapist. At the discretion of the supervising physical therapist, and if properly credentialed and not prohibited by any other law, other assistive personnel may be identified by the title specific to their training or education.

(b) Does not include either:

(i) Personnel assisting other health care professionals licensed pursuant to this title in performing delegable treatment responsibilities within their scope of practice.

(ii) Student physical therapists and student physical therapist assistants.

2. "Board" means the board of physical therapy.

3. "Business entity" means a business organization that has an ownership that includes any persons who are not licensed or certified to provide physical therapy services in this state, that offers to the public professional services regulated by the board and that is established pursuant to the laws of any state or foreign country.

4. "Dry needling" means a skilled intervention performed by a physical therapist that uses a thin filiform needle to penetrate the skin and stimulate underlying neural, muscular and connective tissues to evaluate and manage neuromusculoskeletal conditions, pain and movement impairments.

5. "General supervision":

(a) Means that the supervising physical therapist is on call and is readily available via telecommunications when the physical therapist assistant is providing treatment interventions.

(b) Includes supervision provided through telehealth as defined in section 36-3601.

6. "Interim permit" means a permit issued by the board that allows a person to practice as a physical therapist in this state or to work as a physical therapist assistant for a specific period of time and under conditions prescribed by the board before that person is issued a license.

7. "Manual therapy techniques" means a broad group of passive interventions in which physical therapists use their hands to administer skilled movements designed to modulate pain, increase joint range of motion, reduce or eliminate soft tissue swelling, inflammation or restriction, induce relaxation, improve contractile and noncontractile tissue extensibility, and improve pulmonary function. These interventions involve a variety of techniques, such as the application of graded forces.

8. "On-site supervision" means that the supervising physical therapist is on-site and is present in the facility or on the campus where assistive personnel, a holder of an interim permit, a student physical therapist or a student physical therapist assistant is performing services, is immediately available to assist

the person being supervised in the services being performed and maintains continued involvement in appropriate aspects of each treatment session in which a component of treatment is delegated.

9. "Physical therapist" means a person who is licensed pursuant to this chapter.

10. "Physical therapist assistant" means a person who meets the requirements of this chapter for licensure and who performs physical therapy procedures according to the physical therapy plan of care of the supervising physical therapist.

11. "Physical therapy" means the care and services provided by or under the direction and supervision of a physical therapist who is licensed pursuant to this chapter.

12. "Physical therapy aide" means a person who is trained under the direction of a physical therapist and who performs designated and supervised routine physical therapy tasks.

13. "Practice of physical therapy" means:

(a) Examining, evaluating and testing persons who have mechanical, physiological and developmental impairments, functional limitations and disabilities or other health and movement related conditions in order to determine a diagnosis, a prognosis and a plan of therapeutic intervention and to assess the ongoing effects of intervention, including ordering imaging.

(b) Alleviating impairments and functional limitations by managing, designing, implementing and modifying therapeutic interventions including:

(i) Therapeutic exercise.

(ii) Functional training in self-care and in home, community or work reintegration.

(iii) Manual therapy techniques.

(iv) Therapeutic massage.

(v) Assistive and adaptive orthotic, prosthetic, protective and supportive devices and equipment.

(vi) Pulmonary hygiene.

(vii) Debridement and wound care.

(viii) Physical agents or modalities.

(ix) Mechanical and electrotherapeutic modalities.

(x) Patient related instruction.

(c) Reducing the risk of injury, impairments, functional limitations and disability by means that include promoting and maintaining a person's fitness, health and quality of life.

(d) Engaging in administration, consultation, education and research.

14. "Restricted license" means a license on which the board places restrictions or conditions, or both, as to the scope of practice, place of practice, supervision of practice, duration of licensed status or type or condition of a patient to whom the licensee may provide services.

15. "Restricted registration" means a registration on which the board places any restrictions as the result of disciplinary action.

16. "Student physical therapist" means a person who is enrolled in a doctor of physical therapy program that is accredited by or has candidate status by the commission on accreditation in physical therapy education.

17. "Student physical therapist assistant" means a person who is enrolled in an academic physical therapist assistant program that is accredited by or has candidate status by the commission on accreditation in physical therapy education.

32-2002. Board of physical therapy; membership; appointment; qualifications; terms; removal; reimbursement; immunity

A. The board of physical therapy is established consisting of members appointed by the governor pursuant to section 38-211. Four members shall be physical therapists who are residents of this state, possess an unrestricted license to practice physical therapy in this state and have been practicing in this state for at least five years before their appointment. One member shall be a physical therapist assistant who is a resident of this state, possesses an unrestricted license issued pursuant to this chapter and has been performing selected interventions in this state for at least five years before the person's appointment. The governor shall also appoint two public members who are residents of this state and who are not affiliated with, and do not have a financial interest in, any health care profession but who have an interest in consumer rights.

B. Board members serve staggered four-year terms. Board members shall not serve for more than two successive four-year terms or for more than ten consecutive years. By approval of a majority of the board, a member's service may extend at the completion of a four-year term until a new member is appointed or the current member is reappointed.

C. If requested by the board the governor may remove a board member for misconduct, incompetence or neglect of duty.

D. Board members are eligible for reimbursement of expenses pursuant to title 38, chapter 4, article 2 to cover necessary expenses for attending each board meeting or for representing the board in an official board approved activity.

E. A board member who acts within the scope of board duties, without malice and in the reasonable belief that the person's action is warranted by law is immune from civil liability.

32-2003. Board; powers and duties

A. The board shall:

1. Evaluate the qualifications of applicants for licensure.

2. Provide for national examinations for physical therapists and physical therapist assistants and adopt passing scores for these examinations.

3. Issue licenses and permits to persons who meet the requirements of this chapter.

4. Regulate the practice of physical therapy by interpreting and enforcing this chapter.

5. Adopt and revise rules to enforce this chapter.

6. Meet at least once each quarter in compliance with the open meeting requirements of title 38, chapter 3, article 3.1 and keep an official record of these meetings.

7. Establish the mechanisms for assessing continuing professional competence of physical therapists to engage in the practice of physical therapy and the competence of physical therapist assistants to work in the field of physical therapy.

8. At its first regular meeting after the start of each calendar year, elect officers from among its members and as necessary to accomplish board business.

9. Provide for the timely orientation and training of new professional and public appointees to the board regarding board licensing and disciplinary procedures, this chapter, board rules and board procedures.

10. Maintain a current list of all persons regulated under this chapter. This list shall include the person's name, current business and residential addresses, telephone numbers and license number.

11. Subject to title 41, chapter 4, article 4, employ necessary personnel to carry out the administrative work of the board. Board personnel are eligible to receive compensation pursuant to section 38-611.

12. Enter into contracts for services necessary for adequate enforcement of this chapter.

13. Report final disciplinary action taken against a licensee to a national disciplinary database recognized by the board.

14. Publish, at least annually, final disciplinary actions taken against a licensee.

15. Publish, at least annually, board rulings, opinions and interpretations of statutes or rules in order to guide persons who are regulated pursuant to this chapter.

16. Not later than December 31 of each year, submit a written report of its actions and proceedings to the governor.

17. Establish and collect fees.

18. Provide information to the public regarding the board, its processes and consumer rights.

B. The board may establish a committee or committees to assist it in carrying out its duties for a time prescribed by the board. The board may require a committee appointed pursuant to this subsection to make regular reports to the board.

32-2004. Board of physical therapy fund

(L24, Ch. 222, sec. 29. Eff. until 7/1/28)

A. The board of physical therapy fund is established. The board shall administer the fund.

B. Except as provided in section 32-2048, pursuant to sections 35-146 and 35-147, the board shall deposit fifteen percent of all monies collected under this chapter in the state general fund and deposit the remaining eighty-five percent in the board of physical therapy fund.

C. Monies deposited in the physical therapy fund are subject to section 35-143.01.

32-2004. Board of physical therapy fund

(L24, Ch. 222, sec. 30. Eff. 7/1/28)

A. The board of physical therapy fund is established. The board shall administer the fund.

B. Except as provided in section 32-2048, pursuant to sections 35-146 and 35-147, the board shall deposit ten percent of all monies collected under this chapter in the state general fund and deposit the remaining ninety percent in the board of physical therapy fund.

C. Monies deposited in the physical therapy fund are subject to section 35-143.01.

32-2021. Persons and activities not required to be licensed

A. This chapter does not restrict a person who is licensed under any other law of this state from engaging in the profession or practice for which that person is licensed if that person does not claim to be a physical therapist or a provider of physical therapy.

B. This chapter does not restrict the use of physical agents, modalities or devices by persons qualified under this title to personally render or delegate the use of this treatment.

C. The following persons are exempt from the licensure requirements of this chapter:

1. A person in a professional education program approved by the board who is satisfying supervised clinical education requirements related to the person's physical therapist or physical therapist assistant education while under the on-site supervision of a physical therapist.

2. A physical therapist who is practicing or a physical therapist assistant who is working in the United States armed services, United States public health service or veterans administration pursuant to federal regulations for state licensure of health care providers.

3. A physical therapist who is licensed in another jurisdiction of the United States or a foreign educated physical therapist credentialed in another country if that person is performing physical therapy in connection with teaching or participating in an educational seminar for not more than sixty days in any twelve month period.

4. A physical therapist who is licensed in another jurisdiction of the United States or who is credentialed in another country if that person by contract or employment is providing physical therapy to persons who are affiliated with or employed by established athletic teams, athletic organizations or performing arts companies temporarily practicing, competing or performing in this state for not more than sixty days in a calendar year.

5. A physical therapist who is licensed in another jurisdiction of the United States and who enters this state to provide physical therapy to victims of a declared local, state or national disaster or emergency. This exemption applies for the duration of the declared emergency but not longer than sixty days. The physical therapist must also register with the board before practicing.

32-2022. Qualifications for licensure; fingerprint clearance card

A. An applicant for a license as a physical therapist who has been educated in the United States shall:

1. Complete the application process.

2. Be a graduate of a professional physical therapy education program that is accredited by a national accreditation agency approved by the board.

3. Have successfully passed the national examination approved by the board.

4. Have successfully passed a jurisprudence examination that tests the applicant's knowledge of board statutes and rules.

5. Obtain a valid fingerprint clearance card issued pursuant to section 41-1758.03.

B. An applicant for a license as a physical therapist who has been educated outside of the United States shall:

1. Complete the application process.

2. Provide satisfactory evidence that the applicant's education is substantially equivalent to the requirements of physical therapists educated in accredited educational programs as determined by the board. If the board determines that a foreign-educated applicant's education is not substantially equivalent, it may require the person to complete additional coursework before it proceeds with the application process. It is not necessary that coursework completed by the applicant be identical in all respects to that required by an education program in the United States for an entry-level physical therapy degree, but all required content areas must be evident as required by board rules. Deficiencies may occur only in coursework and not in essential areas of professional education and shall not be of a magnitude that would cause the education to be deemed below entry-level preparation for practice in this state.

3. Provide written proof of legal authorization to practice as a physical therapist without limitation in the country where the professional education occurred. The board may waive this requirement on receipt of written proof that the applicant cannot demonstrate legal authorization based on the citizenship requirements of the country where the professional education occurred.

4. Provide proof of legal authorization to reside and seek employment in the United States or its territories.

5. Have passed the board-approved English proficiency examinations if the applicant's native language is not English.

6. Have participated in an interim supervised clinical practice period before licensure as approved by the board or shall have already met this requirement to the board's satisfaction by virtue of the applicant's clinical practice in another jurisdiction of the United States.

7. Have successfully passed the national examination approved by the board.

8. Have successfully passed a jurisprudence examination that tests the applicant's knowledge of board statutes and rules.

9. Obtain a valid fingerprint clearance card issued pursuant to section 41-1758.03.

C. Notwithstanding the requirements of subsection B of this section, if the foreign-educated physical therapist applicant is a graduate of an accredited educational program as determined by the board, the board may waive the requirements of subsection B, paragraphs 2 and 6 of this section.

D. An applicant for licensure as a physical therapist assistant shall meet the following requirements:

1. Complete the application process.

2. Be a graduate of a physical therapist assistant education program accredited by an agency approved by the board.

3. Have successfully passed the national examination approved by the board.

4. Have successfully passed a jurisprudence examination that tests the applicant's knowledge of board statutes and rules.

5. Obtain a valid fingerprint clearance card issued pursuant to section 41-1758.03.

E. For the purposes of subsection B, paragraph 2 of this section, "substantially equivalent" means that the applicant provides documentation satisfactory to the board that:

1. The applicant graduated from a physical therapist education program that prepares the applicant to engage without restriction in the practice of physical therapy.

2. The applicant's school of physical therapy education is recognized by its own ministry of education. The board may waive this requirement for good cause shown.

3. The applicant has undergone a credentials evaluation as directed by the board that determines that the applicant has met uniform criteria for educational requirements pursuant to board rules.

4. The applicant has completed any additional education required by the board.

### 32-2023. Application; denial; hearing

A. An applicant for licensure shall file a completed application as required by the board. The applicant shall include the application fee prescribed in section 32-2029.

B. The board may deny a license to an applicant or a licensee for any of the following:

1. Knowingly making a false statement of fact required to be revealed in the initial application, renewal application or reinstatement application for a license.

2. Committing fraud in the procurement of a license.

3. Committing a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case conviction by a court of competent jurisdiction is conclusive evidence of the commission.

4. Attempting to engage in conduct that subverts or undermines the integrity of the examination or the examination process, including using in any manner recalled or memorized examination questions from or with a person or entity, failing to comply with all test center security procedures, communicating or attempting to communicate with other examinees during the examination or copying or sharing examination questions or portions of questions.

5. Engaging in any conduct that would be considered a violation of section 32-2044.

C. If the board denies an application because of deficiencies or reasons in an application or for a reason prescribed in subsection B of this section, the board must inform an applicant of those specific deficiencies. On receipt of a written request by an applicant who disagrees with the board's decision to deny an application, the board shall hold a hearing pursuant to title 41, chapter 6, article 10.

### 32-2024. Examinations

A. The board shall prescribe examinations for licensure and determine the passing score.

B. An applicant may take the examinations for licensure if either of the following applies:

1. The applicant has met all of the requirements of section 32-2022, subsection A, paragraphs 1 and 2 and has paid the fees prescribed by this chapter.

2. The applicant has:

(a) Met all of the requirements of section 32-2022, subsection A, paragraph 1.

(b) Paid the fees prescribed by this chapter.

(c) Submitted with the application a letter on the official letterhead of the accredited educational institution where the applicant is completing an accredited educational program that includes the signature

of the program director, the department chairperson or a similarly authorized person of the university or college and that states that:

(i) The applicant is a candidate for a degree as a physical therapist at the next scheduled graduation date.

(ii) The date the national examination for licensure is to be taken by the applicant is the one nearest to and before the applicant's expected graduation date and is not more than one hundred twenty days before the date of the applicant's expected graduation date.

(iii) The applicant meets any other established requirements of the accredited educational program, if applicable.

C. An applicant may take the examinations for licensure if the applicant has met all of the requirements of section 32-2022, subsection B, paragraphs 1 through 5 and has paid the fees prescribed by this chapter.

D. An applicant may take the examinations for licensure if either of the following applies:

1. The applicant has met all of the requirements of section 32-2022, subsection D, paragraphs 1 and 2 and has paid the fees prescribed by this chapter.

2. The applicant has:

(a) Met all of the requirements of section 32-2022, subsection D, paragraph 1.

(b) Paid the fees prescribed by this chapter.

(c) Submitted with the application a letter on the official letterhead of the accredited educational institution where the applicant is completing an accredited educational program that includes the signature of the program director, the department chairperson or a similarly authorized person of the university, school or college and that states that:

(i) The applicant is a candidate for a certificate or degree as a physical therapist assistant at the next scheduled graduation date.

(ii) The date the national examination for licensure is to be taken by the applicant is the one nearest to and before the applicant's expected graduation date and is not more than one hundred twenty days before the date of the applicant's expected graduation date.

(iii) The applicant meets any other established requirements of the accredited educational program, if applicable.

E. An applicant for licensure who does not pass the national examination after the first attempt may retake the examination one additional time within six months after the first failure without reapplication for licensure. An applicant may retake the examinations as prescribed by the organization that administers the examinations.

F. The board shall not issue a license to a person who passes an examination through fraud.

G. The national examination for licensure as a physical therapist shall test entry-level competence related to physical therapy theory, examination and evaluation, diagnosis, prognosis, treatment intervention, prevention and consultation. The national examination for licensure as a physical therapist assistant shall test for requisite knowledge and skills in the technical application of physical therapy services.

32-2025. Interim permits

A. If a foreign educated applicant satisfies the requirements of section 32-2022, subsection B, before the board issues a license it shall issue an interim permit to the applicant for the purpose of participating in a

supervised clinical practice period. An applicant who fails the national examination is not eligible for an interim permit until the applicant passes the examination.

B. If an applicant who has been educated in the United States satisfies the requirements of section 32-2022, subsection A or D, but the board determines that there is evidence that the applicant lacks the competence to practice as a physical therapist or work as a physical therapist assistant, the board shall issue an interim permit to the applicant to allow that person to participate in a supervised clinical practice.

C. The board may issue an interim permit for at least ninety days but not more than six months.

D. An interim permit holder shall complete, to the satisfaction of the board, a period of clinical practice in a facility approved by the board and under the continuous and on-site supervision of a physical therapist who holds an unrestricted license issued pursuant to this chapter.

E. At any time during an interim supervised clinical practice period, the board may revoke an interim permit because of the permit holder's incompetence or for a violation of this chapter. Pursuant to title 41, chapter 6, article 10, the board shall hold a hearing on request of a permit holder whose permit is revoked.

32-2026. Licensure by endorsement

A. The board shall issue a license to a physical therapist who has a valid unrestricted license from another jurisdiction of the United States if that person, when granted the license, met all of the requirements prescribed in section 32-2022, subsection A or B and any applicable board rules.

B. The board shall issue a license to a physical therapist assistant who has a valid unrestricted license or certificate from another jurisdiction of the United States if that person, when granted the license or certificate, met all of the requirements prescribed in section 32-2022, subsection D and any applicable board rules.

32-2027. License renewal; suspension

A. A licensee shall renew the license pursuant to board rules. Except as provided in section 32-4301, a licensee who fails to renew the license on or before its expiration date shall not practice as a physical therapist or work as a physical therapist assistant in this state.

B. The board shall administratively suspend a license if the licensee does not submit a complete application for renewal and pay the renewal fee pursuant to board rules.

32-2028. Reinstatement of license

A. The board may reinstate a license that it suspended pursuant to section 32-2027, subsection B on payment of a renewal fee and reinstatement fee and completion of the application process as prescribed by the board.

B. If a person's license has been suspended pursuant to section 32-2027, subsection B for more than three consecutive years, the license expires and that person shall reapply for a license pursuant to section 32-2022 or 32-2026 and pay all applicable fees. The person must also demonstrate to the board's satisfaction competency by satisfying one or more of the following as prescribed by the board:

1. Practicing for a specified time under an interim permit.

2. Completing remedial courses.

3. Completing continuing competence requirements for the period of the lapsed license.

4. Passing an examination.

## 32-2029. Fees

The board shall establish and collect fees of not more than:

1. $300 for an application for an original license. This fee is nonrefundable.

2. $300 for a certificate of renewal of a license.

3. $300 for an application for reinstatement of licensure.

4. $50 for each duplicate license.

## 32-2030. Business entities; patient records; protocol; exemptions; rules

A. A business entity shall not offer physical therapy services pursuant to this chapter unless:

1. The business entity is registered with the board pursuant to this section.

2. The physical therapy services are conducted by a licensee pursuant to this chapter.

B. The business entity must file a registration application on a form prescribed by the board. The application shall include:

1. A description of the entity's services offered to the public.

2. The name of the manager who is authorized and who is responsible for managing the physical therapy services offered at each office.

3. The names and addresses of the officers and directors of the business entity.

4. A registration fee prescribed by the board by rule.

C. A business entity must file a separate registration application and pay a fee for each branch office in this state.

D. A registration expires on August 31 of odd-numbered years in accordance with the physical therapist professional licensing schedule. A business entity that wishes to renew a registration must submit an application for renewal as prescribed by the board on a biennial basis on a form prescribed by the board before the expiration date. An entity that fails to renew the registration before the expiration date is subject to a late fee as prescribed by the board by rule.

E. The business entity must notify the board in writing within thirty days after any change:

1. In the business entity's name, address or telephone number.

2. In the officers or directors of the business entity.

3. In the name of the manager who is authorized and who is responsible for managing the physical therapy services in any facility.

F. The business entity must establish and implement a written protocol for the secure storage, transfer and access of the physical therapy records of the business entity's patients. This protocol must include, at a minimum, procedures for:

1. Notifying patients of the future locations of their records if the business entity terminates or sells the practice.

2. Disposing of unclaimed physical therapy records.

3. The timely response to requests by patients for copies of their records.

G. The business entity must notify the board within thirty days after the dissolution of any registered business entity or the closing or relocation of any facility and must disclose to the board the entity's procedure by which its patients may obtain their records.

H. This section does not apply to:

1. A sole proprietorship or partnership that consists exclusively of persons who are licensed by a health profession regulatory board as defined in section 32-3201.

2. A facility regulated by the federal government or a state, district or territory of the United States.

3. An administrator or executor of the estate of a deceased physical therapist or a person who is legally authorized to act for a physical therapist who has been adjudicated to be mentally incompetent for not more than one year from the date the board receives notice of the physical therapist's death or incapacitation.

4. A health care institution that is licensed pursuant to title 36.

I. A facility that offers physical therapy services to the public by persons licensed under this chapter must be registered by the board unless the facility is any of the following:

1. Owned by a licensee.

2. Regulated by the federal government or a state, district or territory of the United States.

J. Except for issues relating to insurance coding and billing that require the name, signature and license number of the physical therapist providing treatment, this section does not:

1. Authorize a licensee in the course of providing physical therapy services for an entity registered pursuant to this section to disregard or interfere with a policy or practice established by the entity for the operation and management of the business.

2. Authorize a business entity registered pursuant to this section to establish or enforce a business policy or practice that may interfere with the professional judgment of the licensee in providing physical therapy services for the business entity or may compromise a licensee's ability to comply with this chapter.

K. The board shall adopt rules that provide a method for the board to receive the assistance and advice of business entities registered pursuant to this section in all matters relating to the regulation of business entities.

L. The board shall adopt rules necessary to enforce this chapter in the practice settings of its licensees and registrants if the practice settings are not regulated by the department of health services.

32-2031. Retired status; reinstatement to active status

A. The board shall place a licensee on retired status and waive the renewal fee and continuing competence requirements if a licensee presents a written affidavit to the board that the licensee has retired from the practice of physical therapy or from work as a physical therapist assistant, is in good standing with the board and has paid all fees required by this chapter before the waiver.

B. During the period of waiver pursuant to subsection A of this section, the retired licensee may not engage in the practice of physical therapy or work as a physical therapist assistant.

C. A retired licensee must renew the retired license every two years by verifying the person's contact information and using the same schedule for renewal of an active license. The board may not charge a fee for renewal of a retired license.

D. If a licensee fails to renew the retired status of the license on or before its expiration date, the retired license expires. If the person seeks to reinstate the person's retired status after the retired license has expired, the person must make a request for retired status pursuant to subsection A of this section.

E. The board may reinstate a retired licensee to active practice or work on payment of the renewal fee and presentation of evidence satisfactory to the board that the retired licensee is professionally able to engage in the practice of physical therapy or work as a physical therapist assistant and still possesses the professional knowledge required. If the retired licensee has held a retired license for more than three consecutive years, the person must also demonstrate competency to the board's satisfaction by satisfying one or more of the following as prescribed by the board:

1. Practicing or working for a specified time under an interim permit.

2. Completing remedial courses.

3. Completing continuing competence requirements for the period of the retired license.

4. Passing an examination as prescribed by the board.

32-2032. Inactive status; reinstatement to active status

A. The board shall place a licensee on inactive status and waive the continuing competence requirements if a licensee presents a written affidavit to the board that the licensee is not currently engaged in the practice of physical therapy or working as a physical therapist assistant in this state, is in good standing with the board and has paid all fees required by this chapter.

B. During the period of inactive status pursuant to subsection A of this section, the inactive licensee may not engage in the practice of physical therapy or work as a physical therapist assistant in this state.

C. A licensee on inactive status must renew the inactive license every two years using the same schedule for renewal of an active license. The board by rule shall prescribe the fee for the renewal of an inactive license.

D. An inactive licensee who applies to the board for reinstatement to active licensure within three years after the date the board issues a notice of inactive status must submit the full annual renewal fee and prove to the board's satisfaction that the licensee has met continuing competence requirements as prescribed by the board by rule.

E. An inactive licensee who applies to the board for reinstatement to active licensure and who has not been actively engaged in the practice of physical therapy or working as a physical therapist assistant in this state for more than three consecutive years after the date the board issues a notice of inactive status must submit the full annual renewal fee and demonstrate competency to the board's satisfaction by satisfying one or more of the following as prescribed by the board:

1. Practicing or working for a specified time under an interim permit.

2. Completing remedial courses.

3. Completing continuing competence requirements for the period of the inactive license.

4. Passing an examination.

32-2041. Lawful practice

A. A physical therapist shall refer a client to appropriate health care practitioners if the physical therapist has reasonable cause to believe symptoms or conditions are present that require services beyond the scope of practice or if physical therapy is contraindicated.

B. A physical therapist shall adhere to the recognized standards of ethics of the physical therapy profession and as further established by rule.

C. A physical therapist licensed under this chapter shall practice physical therapy as prescribed by this chapter.

32-2041.01. Musculoskeletal imaging; ordering; requirements; reporting

A. A physical therapist may order musculoskeletal imaging consisting of plain film radiographs. The imaging shall be performed by a health care practitioner who is authorized pursuant to this title to perform the imaging and shall be interpreted by a physician who is licensed pursuant to chapter 13, 14 or 17 of this title and trained in radiology interpretation.

B. A physical therapist shall report results for all imaging tests the physical therapist orders pursuant to subsection A of this section to the patient's health care practitioner of record or the referring health care practitioner, if designated, within seven days after receiving the results. If the patient does not have a health care practitioner of record, the physical therapist shall refer the patient to an appropriate health care practitioner if the physical therapist has reasonable cause to believe that any symptoms or conditions are present that may require services beyond the physical therapist's scope of practice.

32-2042. Use of titles; restrictions; violation; classification

A. A physical therapist shall use the letters "PT" in connection with the physical therapist's name or place of business to denote licensure under this chapter. A physical therapist on retired status shall use "(retired)" or "(ret.)" after the letters "PT" in connection with the physical therapist's name or place of business to denote the physical therapist's retired status pursuant to section 32-2031.

B. A physical therapist assistant shall use the letters "PTA" in connection with that person's name to denote licensure pursuant to this chapter. A physical therapist assistant on retired status shall use "(retired)" or "(ret.)" after the letters "PTA" in connection with the physical therapist assistant's name or place of business to denote the physical therapist assistant's retired status pursuant to section 32-2031.

C. A person or business entity or its employees, agents or representatives shall not use in connection with that person's name or the name or activity of the business the words "physical therapy", "physical therapist", "physiotherapy", "physiotherapist" or "registered physical therapist", the letters "PT", "LPT", "RPT", "MPT", "DScPT" or "DPT" or any other words, abbreviations or insignia indicating or implying directly or indirectly that physical therapy is provided or supplied, including the billing of services labeled as physical therapy, unless these services are provided by or under the direction of a physical therapist who is licensed pursuant to this chapter. A person or entity that violates this subsection is guilty of a class 1 misdemeanor.

D. A person or business entity shall not advertise, bill or otherwise promote a person who is not licensed pursuant to this chapter as being a physical therapist or offering physical therapy services.

E. A person shall not use the title "physical therapist assistant" or use the letters "PTA" in connection with that person's name or any other words, abbreviations or insignia indicating or implying directly or indirectly that the person is a physical therapist assistant unless that person is licensed as a physical therapist assistant pursuant to this chapter. A person who violates this subsection is guilty of a class 1 misdemeanor.

32-2043. Supervision; patient care management

A. A physical therapist is responsible for patient care given by assistive personnel, student physical therapists and student physical therapist assistants under the physical therapist's supervision. A physical therapist may delegate to assistive personnel and supervise selected acts, tasks or procedures that fall

within the scope of physical therapy practice but that do not exceed the education or training of the assistive personnel.

B. A physical therapist assistant who is licensed pursuant to this chapter may provide physical therapy services under the general supervision of a physical therapist who is licensed pursuant to this chapter.

C. A physical therapy aide and other assistive personnel shall perform designated routine tasks only under the on-site supervision of a licensed physical therapist.

D. A licensed physical therapist must provide on-site supervision of an interim permit holder.

E. A physical therapist student and a physical therapist assistant student must practice under the on-site supervision of a licensed physical therapist.

F. A physical therapist is responsible for managing all aspects of the physical therapy care of each patient. A physical therapist must provide:

1. The initial evaluation of and documentation for a patient.

2. Periodic reevaluation of and documentation for a patient.

3. The documented discharge of a patient, including the response to therapeutic intervention at the time of discharge.

G. A physical therapist must verify the qualifications of physical therapist assistants and other assistive personnel under the physical therapist's direction and supervision.

H. For each patient on each date of service, a physical therapist must provide and document all of the therapeutic intervention that requires the expertise of a physical therapist to ensure the delivery of care that is safe, effective and efficient. Documentation for each date of service must be as prescribed by the board by rule.

I. A physical therapist assistant must document care provided but may do so without the cosignature of the supervising physical therapist if the physical therapist complies with the requirements of subsections G and H of this section.

J. A physical therapist's responsibility for patient care management includes accurate documentation and billing of the services provided.

32-2044. Grounds for disciplinary action

The following are grounds for disciplinary action:

1. Violating this chapter, board rules or a written board order.

2. Practicing or offering to practice beyond the scope of the practice of physical therapy.

3. Obtaining or attempting to obtain a license by fraud or misrepresentation.

4. Engaging in the performance of substandard care by a physical therapist due to a deliberate or negligent act or failure to act regardless of whether actual injury to the patient is established.

5. Engaging in the performance of substandard care by a physical therapist assistant, including exceeding the authority to perform tasks selected and delegated by the supervising licensee regardless of whether actual injury to the patient is established.

6. Failing to supervise assistive personnel, physical therapy students or interim permit holders in accordance with this chapter and rules adopted pursuant to this chapter.

7. Conviction of a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case conviction by a court of competent jurisdiction is conclusive evidence of the commission and the board may take disciplinary action when the time for appeal has lapsed, when the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order. For the purposes of this paragraph, "conviction" means a plea or verdict of guilty or a conviction following a plea of nolo contendere.

8. Practicing as a physical therapist or working as a physical therapist assistant when physical or mental abilities are impaired by disease or trauma, by the use of controlled substances or other habit-forming drugs, chemicals or alcohol or by other causes.

9. Having had a license or certificate revoked or suspended or other disciplinary action taken or an application for licensure or certification refused, revoked or suspended by the proper authorities of another state, territory or country.

10. Engaging in sexual misconduct. For the purposes of this paragraph, "sexual misconduct" includes:

(a) Engaging in or soliciting sexual relationships, whether consensual or nonconsensual, while a provider-patient relationship exists.

(b) Making sexual advances, requesting sexual favors or engaging in other verbal conduct or physical contact of a sexual nature with patients.

(c) Intentionally viewing a completely or partially disrobed patient in the course of treatment if the viewing is not related to patient diagnosis or treatment under current practice standards.

11. Directly or indirectly requesting, receiving or participating in the dividing, transferring, assigning, rebating or refunding of an unearned fee or profiting by means of any credit or other valuable consideration such as an unearned commission, discount or gratuity in connection with the furnishing of physical therapy services. This paragraph does not prohibit the members of any regularly and properly organized business entity recognized by law and composed of physical therapists from dividing fees received for professional services among themselves as they determine necessary to defray their joint operating expense.

12. Failing to adhere to the recognized standards of ethics of the physical therapy profession.

13. Charging unreasonable or fraudulent fees for services performed or not performed.

14. Making misleading, deceptive, untrue or fraudulent representations in violation of this chapter or in the practice of the profession.

15. Having been adjudged mentally incompetent by a court of competent jurisdiction.

16. Aiding or abetting a person who is not licensed in this state and who directly or indirectly performs activities requiring a license.

17. Failing to report to the board any direct knowledge of an unprofessional, incompetent or illegal act that appears to be in violation of this chapter or board rules.

18. Interfering with an investigation or disciplinary proceeding by failing to cooperate, by wilful misrepresentation of facts or by the use of threats or harassment against any patient or witness to prevent the patient or witness from providing evidence in a disciplinary proceeding or any legal action.

19. Failing to maintain patient confidentiality without prior written consent of the patient or unless otherwise required by law.

20. Failing to maintain adequate patient records. For the purposes of this paragraph, "adequate patient records" means legible records that comply with board rules and that contain at a minimum an evaluation of objective findings, a diagnosis, the plan of care, the treatment record, a discharge summary and sufficient information to identify the patient.

21. Promoting an unnecessary device, treatment intervention or service for the financial gain of the practitioner or of a third party.

22. Providing treatment intervention unwarranted by the condition of the patient or treatment beyond the point of reasonable benefit.

23. Failing to report to the board a name change or a change in business or home address within thirty days after that change.

24. Failing to complete continuing competence requirements as established by the board by rule.

25. Failing to demonstrate professional standards of care and training and education qualifications, as established by the board by rule, in the performance of dry needling when provided as a therapeutic modality.

32-2045. Investigative powers; emergency action

A. To enforce this chapter the board may:

1. Receive complaints filed against licensees or certificate holders and conduct a timely investigation.

2. Conduct an investigation at any time and on its own initiative without receipt of a written complaint if the board has reason to believe that there may be a violation of this chapter.

3. Issue subpoenas to compel the attendance of any witness or the production of any documentation relative to a case.

4. Take emergency action ordering the summary suspension of a license or certificate or the restriction of the licensee's practice or certificate holder's employment pending proceedings by the board.

5. Require a licensee or certificate holder to be examined in order to determine the licensee's or certificate holder's mental, physical or professional competence to practice or work in the field of physical therapy.

B. If the board finds that the information received in a complaint or an investigation is not of sufficient seriousness to merit direct action against the licensee or certificate holder it may take either of the following actions:

1. Dismiss the complaint if the board believes the information or complaint is without merit.

2. Issue an advisory letter. The issuance of an advisory letter is a nondisciplinary action to notify a licensee or certificate holder that, while there is not sufficient evidence to merit disciplinary action, the board believes that the licensee or certificate holder should be educated about the requirements of this chapter and board rules. An advisory letter is a public document and may be used in future disciplinary actions against a licensee or certificate holder.

3. Issue a nondisciplinary order requiring the licensee or certificate holder to complete a prescribed number of hours of continuing education in an area or areas prescribed by the board to provide the licensee or certificate holder with the necessary understanding of current standards, skills, procedures or treatment.

C. The board shall notify a licensee or certificate holder of a complaint and the nature of the complaint within ninety days after receiving the complaint.

D. Any person may submit a complaint regarding any licensee, certificate holder or other person potentially in violation of this chapter. Confidentiality shall be maintained subject to law.

E. The board shall keep confidential all information relating to the receipt and investigation of complaints filed against licensees and certificate holders until the information becomes public record or as required by law.

32-2046. Informal and formal hearings

A. The board may request an informal hearing with a licensee or any unlicensed person in order to further its investigation or to resolve a complaint.

B. If at an informal hearing the board finds a violation of this chapter has occurred that constitutes grounds for disciplinary action, it may take any disciplinary actions prescribed in section 32-2047, paragraph 1, 2 or 6, except that a civil penalty may not exceed $500.

C. If the results of an informal hearing indicate that suspension, revocation or a civil penalty might be in order, the board shall notify the subject of the investigation of the time and place for a hearing pursuant to title 41, chapter 6, article 10.

D. In lieu of or in addition to an informal hearing as provided in subsection A of this section, the board may serve on a licensee a summons and complaint setting forth the grounds for disciplinary action and notice of a hearing to be held before the board at least thirty days after the date of the notice. The notice shall state the time and place of the hearing.

E. A motion for rehearing or review of the board's decision in a disciplinary action shall be filed pursuant to title 41, chapter 6, article 10.

F. The service of a summons and complaint and the service of a subpoena shall be as provided for service in civil cases.

G. If a person disobeys a subpoena, the board may petition the superior court for an order requiring appearance or the production of documents.

32-2047. Disciplinary actions; penalties

On proof that any grounds prescribed in section 32-2044 have been violated or that any requirements prescribed in section 32-2030 have been violated, the board may take the following disciplinary actions singly or in combination:

1. Issue a decree of censure.

2. Restrict a license or registration. The board may require a licensee or registrant to report regularly to the board on matters related to the grounds for the restricted license or registration.

3. Suspend a license or registration for a period prescribed by the board.

4. Revoke a license or registration.

5. Refuse to issue or renew a license or registration.

6. Impose a civil penalty of at least $250 but not more than $10,000 for each violation of this chapter. In addition, the board may assess and collect the reasonable costs incurred in a disciplinary hearing when action is taken against a person's license.

7. Accept a voluntary surrendering of a license or registration pursuant to an order of consent by the board.

## 32-2048. Unlawful practice; classification; injunctive relief; deposit of civil penalties

A. It is unlawful for any person to practice or in any manner to claim to practice physical therapy or for a person to claim the designation of a physical therapist unless that person is licensed pursuant to this chapter. A person who engages in an activity requiring a license pursuant to this chapter or who uses any word, title or representation in violation of section 32-2042 that implies that the person is licensed to engage in the practice of physical therapy is guilty of a class 1 misdemeanor.

B. The board may investigate any person to the extent necessary to determine if the person is engaged in the unlawful practice of physical therapy. If an investigation indicates that a person may be practicing physical therapy unlawfully, the board shall inform the person of the alleged violation. The board may refer the matter for prosecution regardless of whether the person ceases the unlawful practice of physical therapy.

C. The board, through the appropriate county attorney or the office of the attorney general, may apply for injunctive relief in any court of competent jurisdiction to enjoin any person from committing any act in violation of this chapter. Injunction proceedings are in addition to, and not in lieu of, all penalties and other remedies prescribed in this chapter.

D. The board shall deposit, pursuant to sections 35-146 and 35-147, all monies it collects from civil penalties pursuant to this chapter in the state general fund.

## 32-2049. Disclosure prohibition

The board shall not disclose the identity of a person who provides information unless this information is essential to proceedings conducted pursuant to sections 32-2045 and 32-2046 or unless required by a court.

## 32-2050. Substance abuse recovery program

In lieu of a disciplinary proceeding prescribed by this article, the board may allow a licensee to actively participate in a board-approved substance abuse recovery program if:

1. The board has evidence that the licensee is an impaired professional.

2. The licensee has not been convicted of a felony relating to a controlled substance in a court of law of the United States or any other territory or country.

3. The licensee enters into a written agreement with the board for a restricted license and complies with all of the terms of the agreement, including making satisfactory progress in the program and adhering to any limitations on the licensee's practice imposed by the board to protect the public. Failure to enter into such an agreement shall activate an immediate investigation and disciplinary proceedings by the board.

4. As part of the agreement established between the licensee and the board, the licensee signs a waiver allowing the substance abuse program to release information to the board if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety.

## 32-2051. Rights of consumers

A. The public has access to the following information:

1. A list of licensees and interim permit holders that includes the licensee's and interim permit holder's place of practice, license or interim permit number, date of license or interim permit expiration and status of license or interim permit.

2. A list of physical therapist assistants who are licensed in this state, including place of employment, license number, date of license expiration and status of license.

3. Public records.

B. The home addresses and telephone numbers of physical therapists and physical therapist assistants are not public records and shall be kept confidential by the board unless they are the only addresses and telephone numbers of record.

C. If a referring practitioner is deriving direct or indirect compensation from the referral to physical therapy, the physical therapist shall disclose this information in writing to the patient.

D. A physical therapist shall disclose in writing to a patient any financial interest in products the physical therapist endorses and recommends to the patient and shall document this disclosure in the patient's record.

E. A physical therapist shall ensure that each patient understands that the patient has freedom of choice in services and products.

F. Information relating to the physical therapist-patient relationship is confidential and shall not be communicated to a third party who is not involved in that patient's care without the prior written consent of the patient. The physical therapist shall divulge to the board information it requires in connection with any investigation, public hearing or other proceeding. The physical therapist-patient privilege does not extend to cases in which the physical therapist has a duty to report information as required by law. The confidentiality requirements and privileges of this subsection also apply to physical therapist assistants.

G. Each licensee shall display a copy of the license and current renewal verification in a location accessible to public view at the licensee's place of practice. If the licensee is unable to display the license or current renewal verification, the licensee must produce that documentation on request.

H. The board shall keep all information relating to the receipt and investigation of complaints filed against a licensee confidential unless the information is disclosed in the course of the investigation or any subsequent proceeding or if that information is required to be disclosed by law.

I. The following are confidential and are not available to the public:

1. Patient records, including clinical records, patient files and any report or oral statement relating to a diagnostic finding or treatment of a patient.

2. Any information from which a patient or a patient's family might be identified.

3. Information received and records or reports kept by the board as a result of an investigation made pursuant to this chapter.

32-2052. Judicial review

Except as provided in section 41-1092.08, subsection H, final board decisions are subject to judicial review pursuant to title 12, chapter 7, article 6.

32-2053. Physical therapy licensure compact

The physical therapy licensure compact is adopted and enacted into law as follows:

Section 1

Purpose

The purpose of this compact is to facilitate the interstate practice of physical therapy with the goal of improving public access to physical therapy services. The practice of physical therapy occurs in the state where the patient/client is located at the time of the patient/client encounter. This compact preserves the

regulatory authority of states to protect the public health and safety through the current system of state licensure. This compact is designed to achieve the following objectives:

1. Increase public access to physical therapy services by providing for the mutual recognition of other member state licenses.

2. Enhance the states' ability to protect the public health and safety.

3. Encourage the cooperation of member states in regulating multistate physical therapy practice.

4. Support spouses of relocating military members.

5. Enhance the exchange of licensure, investigative and disciplinary information between member states.

6. Allow a remote state to hold a provider of services with a compact privilege in that state accountable to that state's practice standards.

Section 2

Definitions

As used in this compact, and except as otherwise provided, the following definitions shall apply:

1. "Active duty military" means full-time duty status in the active uniformed service of the United States, including members of the national guard and reserve on active duty orders pursuant to 10 United States Code section 1211.

2. "Adverse action" means disciplinary action taken by a physical therapy licensing board based on misconduct or unacceptable performance, or both.

3. "Alternative program" means a nondisciplinary monitoring or practice remediation process approved by a physical therapy licensing board, including a program relating to substance abuse issues.

4. "Compact privilege" means the authorization granted by a remote state to allow a licensee from another member state to practice as a physical therapist or work as a physical therapist assistant in the remote state under its laws and rules. The practice of physical therapy occurs in the member state where the patient/client is located at the time of the patient/client encounter.

5. "Continuing competence" means a requirement, as a condition of license renewal, to provide evidence of participation in or completion of educational and professional activities relevant to the practice or area of work.

6. "Data system" means a repository of information about licensees, including examination, licensure, investigative information, compact privilege and adverse action.

7. "Encumbered license" means a license that a physical therapy licensing board has limited in any way.

8. "Executive board" means a group of directors elected or appointed to act on behalf of, and within the powers granted by, the commission.

9. "Home state" means the member state that is the licensee's primary state of residence.

10. "Investigative information" means information, records and documents received or generated by a physical therapy licensing board pursuant to an investigation.

11. "Jurisprudence requirement" means the assessment of an individual's knowledge of the laws and rules governing the practice of physical therapy in a state.

12. "Licensee" means an individual who currently holds an authorization from the state to practice as a physical therapist or to work as a physical therapist assistant.

13. "Member state" means a state that has enacted the compact.

14. "Party state" means any member state in which a licensee holds a current license or compact privilege or is applying for a license or compact privilege.

15. "Physical therapist" means an individual who is licensed by a state to practice physical therapy.

16. "Physical therapist assistant" means an individual who is licensed or certified by a state and who assists the physical therapist in selected components of physical therapy.

17. "Physical therapy", "physical therapy practice" or "practice of physical therapy" means the care and services provided by or under the direction and supervision of a licensed physical therapist.

18. "Physical therapy compact commission" or "commission" means the national administrative body whose membership consists of all states that have enacted this compact.

19. "Physical therapy licensing board" or "licensing board" means the agency of a state that is responsible for the licensing and regulation of physical therapists and physical therapist assistants.

20. "Remote state" means a member state, other than the home state, where a licensee is exercising or seeking to exercise the compact privilege.

21. "Rule" means a regulation, principle or directive adopted by the commission that has the force of law.

22. "State" means any state, commonwealth, district or territory of the United States that regulates the practice of physical therapy.

Section 3

State participation in the compact

A. To participate in the compact, a state must do all of the following:

1. Participate fully in the commission's data system, including using the commission's unique identifier as defined in rules.

2. Have a mechanism in place for receiving and investigating complaints about licensees.

3. Notify the commission, in compliance with the terms of the compact and rules, of any adverse action or the availability of investigative information regarding a licensee.

4. Fully implement a criminal background check requirement, within a time frame established by rule, by receiving the results of the federal bureau of investigation record search on criminal background checks and use the results in making licensure decisions.

5. Comply with the rules of the commission.

6. Utilize a recognized national examination as a requirement for licensure pursuant to the rules of the commission.

7. Have continuing competence requirements as a condition for license renewal.

B. On adoption of this compact, the member state shall have the authority to obtain biometric-based information from each physical therapy licensure applicant and submit this information to the federal

bureau of investigation for a criminal background check in accordance with 28 United States Code section 534 and 42 United States Code section 14616.

C. A member state shall grant the compact privilege to a licensee holding a valid unencumbered license in another member state in accordance with the terms of the compact and rules.

D. Member states may charge a fee for granting a compact privilege.

Section 4

Compact privilege

A. To exercise the compact privilege under the terms and provisions of the compact, the licensee shall meet all of the following requirements:

1. Hold a license in the home state.

2. Have no encumbrance on any state license.

3. Be eligible for a compact privilege in any member state in accordance with subsections D, G and H of this section.

4. Not have had any adverse action taken against any license or compact privilege within the previous two years.

5. Notify the commission that the licensee is seeking the compact privilege within a remote state or states.

6. Pay any applicable fees, including any state fee, for the compact privilege.

7. Meet any jurisprudence requirement established by the remote state or states in which the licensee is seeking a compact privilege.

8. Report to the commission any adverse action taken by any nonmember state within thirty days after the date the adverse action is taken.

B. The compact privilege is valid until the expiration date of the home license. The licensee must comply with the requirements of subsection A of this section to maintain the compact privilege in the remote state.

C. A licensee providing physical therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

D. A licensee providing physical therapy in a remote state is subject to that state's regulatory authority. A remote state, in accordance with due process and that state's laws, may remove a licensee's compact privilege in the remote state for a specific period of time, impose fines or take any other necessary actions to protect the health and safety of its citizens. The licensee is not eligible for a compact privilege in any state until the specific time for removal has passed and all fines are paid.

E. If a home state license is encumbered, the licensee shall lose the compact privilege in any remote state until both of the following occur:

1. The home state license is no longer encumbered.

2. Two years have elapsed from the date of the adverse action.

F. Once an encumbered license in the home state is restored to good standing, the licensee must meet the requirements of subsection A of this section to obtain a compact privilege in any remote state.

G. If a licensee's compact privilege in any remote state is removed, the individual shall lose the compact privilege in any remote state until all of the following occur:

1. The specific period of time for which the compact privilege was removed has ended.

2. All fines have been paid.

3. Two years have elapsed from the date of the adverse action.

H. Once the requirements of subsection G of this section have been met, the licensee must meet the requirements in subsection A of this section to obtain a compact privilege in a remote state.

Section 5

Active duty military personnel or their spouses

A licensee who is active duty military or is the spouse of an individual who is active duty military may designate one of the following as the home state:

1. The home of record.

2. The permanent change of station.

3. The state of current residence if it is different than the permanent change of station state or home of record.

Section 6

Adverse actions

A. A home state shall have exclusive power to impose an adverse action against a license issued by the home state.

B. A home state may take an adverse action based on the investigative information of a remote state, so long as the home state follows its own procedures for imposing an adverse action.

C. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Member states must require licensees who enter any alternative programs in lieu of discipline to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state.

D. Any member state may investigate actual or alleged violations of the statutes and rules authorizing the practice of physical therapy in any other member state in which a physical therapist or physical therapist assistant holds a license or compact privilege.

E. A remote state shall have the authority to do all of the following:

1. Take adverse actions as set forth in section 4, subsection D of this compact against a licensee's compact privilege in the state.

2. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a physical therapy licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state where the witnesses or evidence are located.

3. If otherwise permitted by state law, recover from the licensee the costs of investigations and disposition of cases resulting from any adverse action taken against that licensee.

F. Joint investigations are as follows:

1. In addition to the authority granted to a member state by its respective physical therapy practice act or other applicable state law, a member state may participate with other member states in joint investigations of licensees.

2. Member states shall share any investigative, litigation or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

Section 7

Establishment of the physical therapy compact commission

A. The compact member states hereby create and establish a joint public agency known as the physical therapy compact commission to which the following apply:

1. The commission is an instrumentality of the compact states.

2. Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

3. Nothing in this compact shall be construed to be a waiver of sovereign immunity.

B. Membership, voting and meetings are as follows:

1. Each member state shall have and be limited to one delegate selected by that member state's licensing board.

2. The delegate shall be a current member of the licensing board, who is a physical therapist, physical therapist assistant or public member or the board administrator.

3. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed.

4. The member state board shall fill any vacancy occurring in the commission.

5. Each delegate shall be entitled to one vote with regard to the adoption of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission.

6. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for the delegate's participation in meetings by telephone or other means of communication.

7. The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

C. The commission shall have the following powers and duties:

1. Establish the fiscal year of the commission.

2. Establish bylaws.

3. Maintain its financial records in accordance with the bylaws.

4. Meet and take such actions as are consistent with the provisions of this compact and the bylaws.

5. Adopt uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all member states.

6. Bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state physical therapy licensing board to sue or be sued under applicable law shall not be affected.

7. Purchase and maintain insurance and bonds.

8. Borrow, accept or contract for services of personnel, including employees of a member state.

9. Hire employees, elect or appoint officers, fix compensation, define duties and grant such individuals appropriate authority to carry out the purposes of the compact and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters.

10. Accept any and all appropriate donations and grants of money, equipment, supplies, materials and services, and receive, utilize and dispose of the same, if at all times the commission avoids any appearance of impropriety or conflict of interest.

11. Lease, purchase, accept appropriate gifts or donations of or otherwise own, hold, improve or use any property, real, personal or mixed.  at all times the commission shall avoid any appearance of impropriety.

12. Sell, convey, mortgage, pledge, lease, exchange, abandon or otherwise dispose of any property, real, personal or mixed.

13. Establish a budget and make expenditures.

14. Borrow money.

15. Appoint committees, including standing committees composed of members, state regulators, state legislators or their representatives and consumer representatives, and such other interested persons as may be designated in this compact and the bylaws.

16. Provide and receive information from, and cooperate with, law enforcement agencies.

17. Establish and elect an executive board.

18. Perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of physical therapy licensure and practice.

D. Provision for the executive board is as follows:

1. The executive board shall have the power to act on behalf of the commission according to the terms of this compact and shall be composed of the following nine members:

(a) Seven voting members who are elected by the commission from the current membership of the commission.

(b) One ex officio, nonvoting member from the recognized national physical therapy professional association.

(c) One ex officio, nonvoting member from the recognized membership organization of the physical therapy licensing boards.

2. The ex officio members will be selected by their respective organizations.

3. The commission may remove any member of the executive board as provided in bylaws.

4. The executive board shall meet at least annually.

5. The executive board shall have the following duties and responsibilities:

(a) Recommend to the entire commission changes to the rules or bylaws, to this compact legislation, to fees paid by compact member states such as annual dues and to any commission compact fee charged to licensees for the compact privilege.

(b) Ensure compact administration services are appropriately provided, contractual or otherwise.

(c) Prepare and recommend the budget.

(d) Maintain financial records on behalf of the commission.

(e) Monitor compact compliance of member states and provide compliance reports to the commission.

(f) Establish additional committees as necessary.

(g) Other duties as provided in rules or bylaws.

E. Meetings of the commission are as follows:

1. All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 9 of this compact.

2. The commission or the executive board or other committees of the commission may convene in a closed, nonpublic meeting if the commission or executive board or other committees of the commission must discuss any of the following:

(a) Noncompliance of a member state with its obligations under the compact.

(b) The employment, compensation or discipline of or other matters, practices or procedures related to specific employees, or other matters related to the commission's internal personnel practices and procedures.

(c) Current, threatened or reasonably anticipated litigation.

(d) The negotiation of contracts for the purchase, lease or sale of goods, services or real estate.

(e) Accusing any person of a crime or formally censuring any person.

(f) The disclosure of trade secrets or commercial or financial information that is privileged or confidential.

(g) The disclosure of information of a personal nature for which disclosure would constitute a clearly unwarranted invasion of personal privacy.

(h) The disclosure of investigative records compiled for law enforcement purposes.

(i) The disclosure of information related to any investigative report prepared by or on behalf of or for use of the commission or other committee charged with the responsibility of investigating or determining compliance issues pursuant to this compact.

(j) Matters specifically exempt from disclosure by federal or member state statute.

3. If a meeting, or portion of a meeting, is closed pursuant to this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision.

4. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

F. Financing of the commission is as follows:

1. The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization and ongoing activities.

2. The commission may accept any and all appropriate revenue sources, donations and grants of money, equipment, supplies, materials and services.

3. The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based on a formula to be determined by the commission, which shall adopt a rule that is binding on all member states.

4. The commission may not incur obligations of any kind before securing the monies adequate to meet those obligations, and the commission may not pledge the credit of any of the member states, except by and with the authority of the member state.

5. The commission shall keep accurate accounts of all of its receipts and disbursements, which are subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of monies handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

G. Qualified immunity, defense and indemnification provisions are as follows:

1. The members, officers, executive director, employees and representatives of the commission are immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities. this paragraph does not protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional or wilful or wanton misconduct of that person.

2. The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities. This paragraph does not prohibit that person from retaining the person's own counsel if the actual or alleged act, error or omission did not result from that person's intentional or wilful or wanton misconduct.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities if the actual or

alleged act, error or omission did not result from the intentional or wilful or wanton misconduct of that person.

Section 8

Data system

A. The commission shall provide for the development, maintenance and utilization of a coordinated database and reporting system containing licensure, adverse action and investigative information on all licensed individuals in member states.

B. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this compact applies as required by the rules of the commission, including all of the following:

1. Identifying information.

2. Licensure data.

3. Adverse actions against a license or compact privilege.

4. Nonconfidential information related to alternative program participation.

5. Any denial of an application for licensure and the reason or reasons for such denial.

6. Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

C. Investigative information pertaining to a licensee in any member state will only be available to other party states.

D. The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

E. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

F. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

Section 9

Rulemaking

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted under this section. Rules and amendments become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states reject a rule by enactment of a statute or resolution in the same manner used to adopt the compact within four years after the date of adoption of the rule, the rule has no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Before the adoption of a final rule or rules by the commission, and at least thirty days before the meeting at which the rule will be considered and voted on, the commission shall file a notice of proposed rulemaking on both:

1. The website of the commission or other publicly accessible platform.

2. The website of each member state's physical therapy licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include all of the following:

1. The proposed time, date and location of the meeting in which the rule will be considered and voted on.

2. The text of the proposed rule or amendment and the reason for the proposed rule.

3. A request for comments on the proposed rule from any interested person.

4. The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing, and any written comments.

F. Before the adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by any of the following:

1. At least twenty-five persons.

2. A state or federal governmental subdivision or agency.

3. An association having at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing. Additionally:

1. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing at least five business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. This section does not require a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with the adoption of the proposed rule without a public hearing.

K. The commission, by majority vote of all members, shall take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

L. On a determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, an opportunity for comment or a hearing if the usual rulemaking procedures provided in the compact and in this section are retroactively applied to the rule as soon as reasonably possible, but not later than ninety days after the effective date of the rule. For the purposes of this

subsection, an emergency rule is one that must be adopted immediately in order to do any of the following:

1. Meet an imminent threat to public health, safety or welfare.

2. Prevent a loss of commission or member state funds.

3. Meet a deadline for the adoption of an administrative rule that is established by federal law or rule.

4. Protect the public health and safety.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision is subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chairperson of the commission before the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

Section 10

Oversight, dispute resolution and enforcement

A. Oversight of the commission is as follows:

1. The executive, legislative and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules adopted under this compact have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact that may affect the powers, responsibilities or actions of the commission.

3. The commission is entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact or rules adopted under this compact.

B. Default, technical assistance and termination provisions are as follows:

1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or rules adopted under this compact, the commission shall do both of the following:

(a) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default or any other action to be taken by the commission.

(b) Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact on an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission may not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed on in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

C. Dispute resolution provisions are as follows:

1. On request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

2. The commission shall adopt a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement provisions are as follows:

1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its adopted rules and bylaws. The relief sought may include both injunctive relief and damages. If judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

3. The remedies in this compact are not the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

Section 11

Date of implementation of the interstate commission

for physical therapy practice and associated

rules, withdrawal and amendment

A. This compact is effective on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the adoption of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of this compact.

B. Any state that joins the compact subsequent to the commission's initial adoption of the rules is subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same:

1. A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act before the effective date of withdrawal.

D. This compact does not invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

E. This compact may be amended by the member states. An amendment to this compact does not become effective and binding on any member state until it is enacted into the laws of all member states.

Section 12

Construction and severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or if the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact is held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

32-2054. Participation in compact as condition of employment; prohibition

An employer may not require a physical therapist to seek licensure through the physical therapy licensure compact enacted by section 32-2053 as a condition of initial or continued employment as a physical therapist in this state. An employer may require that a physical therapist obtain and maintain a license to practice physical therapy in multiple states, if the physical therapist is free to obtain and maintain the licenses by any means authorized by the laws of the respective states.

32-2055. Open meeting requirements

If a meeting, or a portion of a meeting, of the physical therapy compact commission is closed pursuant to section 32-2053, section 7, subsection E, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision consistent with title 38, chapter 3, article 3.1.

32-2056. Board of physical therapy; notice of commission actions; expenditure of certain monies prohibited

The board of physical therapy:

1. Within thirty days after a physical therapy compact commission action shall post on the board's public website notice of any commission action that may affect a physical therapist's license.

2. May not spend any monies received from physical therapists or applicants for licensure who are not applying for licensure through this compact on any activities, obligations or duties required by this compact.

Title 17, Chapter 3, Article 6

**Amend:** R17-3-601, R17-3-602

# GOVERNOR'S REGULATORY REVIEW COUNCIL

## ATTORNEY MEMORANDUM - REGULAR RULEMAKING

---

**MEETING DATE: July 1, 2025**

**TO:** Members of the Governor's Regulatory Review Council (Council)

**FROM:** Council Staff

**DATE:** **June 17, 2025**

**SUBJECT:** **DEPARTMENT OF TRANSPORTATION**
Title 17, Chapter 3, Article 6

**Amend:** R17-3-601, R17-3-602

---

**Summary:**

This regular rulemaking from the Department of Transportation (Department) seeks to amend two (2) rules in Title 17, Chapter 3, Article 6 regarding Highways. The rulemaking relates to the one-year review report approved by the Council on June 4, 2024. The report indicated that amendments were needed to better reflect the Department's process and to clarify that the occupancy rate in R17-3-602 does not apply to providers that are wholly owned by tribes and on sovereign tribal land. 302 is also being amended to clarify that an encroachment permit will not be issued until the telecommunication use and occupancy agreement has been signed. The amendment in R17-3-601 will remove the state milepost system as a defined term because it is being removed from its use in the Article, and the term Lease agreement because it is not used in Article 6.

**1. Are the rules legal, consistent with legislative intent, and within the agency's statutory authority?**

The Department cites both general and specific statutory authority for these rules.

**2. Do the rules establish a new fee or contain a fee increase?**

This rulemaking does not establish a new fee or contain a fee increase.

**3. Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?**

The Department indicates it did not review any study relevant to this rulemaking.

**4. Summary of the agency's economic impact analysis:**

The Department engages in this rulemaking to adopt the changes proposed in ADOT's one-year review report on 17 A.A.C. 3, Article 6, which was approved by the Governor's Regulatory Review Council on June 4, 2024. ADOT determined that these rules should be updated and improved to better reflect ADOT's process, to provide better clarity, and to remove unnecessary language. The Department states that these changes include clarifying that the occupancy rate does not apply to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal lands; not using the State Milepost System as a means for measuring the distance; and clarifying that an encroachment permit will not be issued until the telecommunication use and occupancy agreement has been signed.

While the Department notes that it incurs substantial costs to implement and enforce the Broadband program, it believes that this rulemaking should not increase those costs for the Department or broadband providers and thus anticipates that the economic impact of this rulemaking is minimal. Instead, the Department believes that it and the broadband providers should benefit from the clearer rules and clarifications about the occupancy rate not applying to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal lands and about the encroachment permit. The Department states that the purpose of this rulemaking is for clarification and consistency with current practice, so the impact should be a reduction in misunderstanding, confusion, inefficiencies, and undue burdens for all businesses.

**5. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

`The Department has determined that there are no alternative methods of achieving the objectives of the proposed rulemaking which is for clarification and consistency with current practice. The Department states that the clarification about the occupancy rate not applying to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal

lands will not create a loss of revenue since this is already in practice by ADOT. According to the Department, ADOT benefits from having clearer and updated rules that bring better understandability to its stakeholders and consistency with ADOT's process. Additionally, the Department believes these rule changes could help alleviate some inquiries. It claims that assisting in the allowance for more providers allows for more services to the state and increases the capacity of telecommunications services being provided. Additionally, the Department believes it may benefit from receiving in-kind trades such as fiber optic and conduit, that can be used for the Intelligent Transportation System to make highways safer and more efficient. Overall, the Department does not anticipate new costs given that these rules are not establishing new requirements for the providers. It states that failing to implement this rulemaking could lead to lack of awareness, misunderstanding, confusion, inefficiencies, and undue burdens on broadband providers that could hamper the chances to increase broadband capabilities and thus remove the economic benefit to the broadband providers and the state.

**6. What are the economic impacts on stakeholders?**

The Department states that broadband providers and the general public will benefit from this rulemaking. The Department believes that the broadband providers may benefit from economic growth by being able to provide their services to more customers, which could also allow for an increase in revenue and a potential increase in job creation. Consequently, the Department believes that the general public of private persons and consumers may benefit from more areas in the state having better service and internet capabilities. Furthermore, the Department does not anticipate a loss in revenue for the state from the clarification about the occupancy rate not applying to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal lands since according to the Department, this is already in practice.

**7. Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?**

The Department indicates that there were no changes from the proposed rules and the final rules now before the Council.

**8. Does the agency adequately address the comments on the proposed rules and any supplemental proposals?**

The Department indicates that they received no public comments on these rules.

**9. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

These rules require providers to enter into a telecommunication use and occupancy agreement and obtain an encroachment permit in order to be granted longitudinal access to the

right-of-way of a highway for new installation of a telecommunication facility. The Department indicates that an encroachment permit would not allow for a general permit as the activities are specific to a particular encroachment activity and qualify for an exception under ARS 41-1037(A)(3), the issuance of a general permit is not technically feasible or would not meet the applicable statutory requirements.

**10. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Department indicates that the rules are not more stringent than the corresponding federal law. The Department indicates that The Telecommunications Act of 1996, PL 104-104, 110 Stat. 56, and 23 CFR 645, Subparts B and C, are the corresponding federal law related to these rules.

**11. Conclusion**

This regular rulemaking from the Department of Transportation (Department) seeks to amend two (2) rules in Title 17, Chapter 3, Article 6 regarding Highways. The rulemaking relates to the one-year review report approved by the Council on June 4, 2024. The goal of the rulemaking is to improve the clarity of the rules by better reflecting the procedures used by the Department and to reflect that providers, who are wholly owned by a tribe, and located on sovereign tribal lands are not responsible for the occupancy rate in R17-3-602.

The Department is seeking the standard 60-day delayed effective date pursuant to A.R.S. § 41-1032(A).

Council staff recommends approval of this rulemaking.

Jessica Klein, Chair
Governor's Regulatory Review Council
100 N. 15th Ave., Suite 305
Phoenix, AZ 85007

Re: Department of Transportation, 17. A.A.C. 3, Article 6, Telecommunication Facilities, Notice of Final Rulemaking

Dear Chairperson Jessica Klein:

The Arizona Department of Transportation submits the accompanying final rule package for consideration by the Governor's Regulatory Review Council. The following information is provided to comply with R1-6-201(A)(1):

a. The rulemaking record closed on February 12, 2025, and no written public comments were received on these rules;
b. The rulemaking activity does not relate to a five-year review report, but does relate to a one-year review report, approved by the Governor's Regulatory Review Council on June 4, 2024;
c. The rulemaking does not establish a new fee;
d. The rulemaking does not increase an existing fee;
e. An immediate effective date is not requested for these rules under A.R.S. § 41-1032;
f. The preamble discloses that the Department did not review any studies relevant to the rules and did not rely on any studies in its evaluation of or justification for the rules;
g. No new full-time employees are necessary to implement and enforce the rules;
h. Documents included in this final rule package are as follows:
    1. Signed cover letter;
    2. Notice of Final Rulemaking, including the preamble, table of contents, and text of each rule;
    3. Economic, Small Business and Consumer Impact Statement;
    4. General authorizing statutes and specific statutes, including relevant statutory definitions;
    5. Definitions of terms; and
    6. Request for, and approvals of initial and final rulemaking from the Governor's Office.

Sincerely,

Jennifer Toth
Director

**CHAPTER 3. DEPARTMENT OF TRANSPORTATION**

**HIGHWAYS**

**PREAMBLE**

**1. Permission to proceed with this final rulemaking was granted under A.R.S. § 41-1039 by the governor on:**

April 16, 2025

| **2. Article, Part, or Section Affected (as applicable)** | **Rulemaking Action** |
|---|---|
| R17-3-601 | Amend |
| R17-3-602 | Amend |

**3. Citations to the agency's statutory rulemaking authority to include the authorizing statute (general) and the implementing statute (specific):**

Authorizing statute: A.R.S. § 28-366

Implementing statute: A.R.S. §§ 28-7384 and 28-7385

**4. The effective date of the rule:**

This rule shall become effective 60 days after a certified original and preamble are filed in the Office of the Secretary of State pursuant to A.R.S. § 41-1032(A). The effective date is (to be filled in by *Register* editor).

**a. If the agency selected a date earlier than the 60-day effective date as specified in A.R.S. § 41-1032(A), include the earlier date and state the reason the agency selected the earlier effective date as provided in A.R.S. § 41-1032(A)(1) through (5):**

Not applicable

**b. If the agency selected a date later than the 60-day effective date as specified in A.R.S. § 41-1032(A), include the later date and state the reason the agency selected the later effective date as provided in A.R.S. § 41-1032(B):**

Not applicable

**5. Citations to all related notices published in the *Register* as specified in R1-1-409(A) that pertain to the current record of the final rule:**

Notice of Rulemaking Docket Opening: 31 A.A.R. 134, Issue Date: January 10, 2025, Issue Number: 2, File number: R24-303

Notice of Proposed Rulemaking: 31 A.A.R. 124, Issue Date: January 10, 2025, Issue Number: 2, File number: R24-299

**6. The agency's contact person who can answer questions about the rulemaking:**

Name: Candace Olson

Title: Senior Rules Analyst

Office: Government Relations and Rules

Address: Department of Transportation

206 S. 17th Ave., Mail Drop 180A
Phoenix, AZ 85007
Telephone: (480) 267-6610
Email: COlson2@azdot.gov
Website: https://azdot.gov/about/government-relations

**7. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

The Arizona Department of Transportation (ADOT) engages in this rulemaking to adopt the changes proposed in ADOT's one-year review report on 17 A.A.C. 3, Article 6, which was approved by the Governor's Regulatory Review Council on June 4, 2024. ADOT determined that these rules should be updated and improved to better reflect ADOT's process, to provide better clarity, and to remove unnecessary language. These changes include clarifying that the occupancy rate does not apply to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal lands; not using the State Milepost System as a means for measuring the distance; and clarifying that an encroachment permit will not be issued until the telecommunication use and occupancy agreement has been signed.

**8. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

ADOT did not review or rely on any study relevant to the rules.

**9. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable

**10. A summary of the economic, small business, and consumer impact:**

In general, ADOT incurs substantial costs to implement and enforce the Broadband Program. ADOT incurs costs in administrative and operating costs, personnel, employee-related costs, inspections, reviews, and computer and other equipment costs. The broadband providers can incur a minimal to substantial cost depending on the distance of the longitudinal access of the right-of-way needed. Additionally, there are operational and incidental costs for the installation, maintenance, and operation of the telecommunication facilities.

ADOT anticipates that the economic impact of this rulemaking is minimal since it is removing unnecessary language and updating for better clarity. This rulemaking should not create an increase in costs for ADOT or the broadband providers. The broadband providers and ADOT should benefit from the clearer rules and the clarifications about the occupancy rate not applying to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal lands and about the encroachment permit. ADOT benefits from having clearer and updated rules that bring better understandability to its stakeholders and consistency with ADOT's process. The

broadband providers may benefit from economic growth by being able to provide their services to more customers, which could also allow for an increase in revenue and a potential increase in job creation. Overall, assisting in the allowance for more providers allows for more services to the state and increases the capacity of telecommunications services being provided.

**11. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:**

Not applicable

**12. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:**

ADOT did not receive any public or stakeholder comments regarding this rulemaking.

**13. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:**

There are no other matters prescribed by statute applicable to ADOT or to any specific rule or class of rules.

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

Pursuant to A.R.S. § 28-7384, R17-3-602 requires providers to enter into a telecommunication use and occupancy agreement and obtain an encroachment permit to be granted longitudinal access to the right-of-way of a highway for the new installation of a telecommunication facility. An encroachment permit allows for the construction of a fixed or temporary improvement within a state highway right-of-way, or for any activity requiring the temporary use of or intrusion upon a state highway right-of-way. While for the purpose of these rules, the issuance of the encroachment permit would be for an activity similar in nature, an encroachment permit, in general, can be issued for various types of activities with some of the requirements general to all and others are specific to a particular encroachment activity. Therefore, encroachment permits fall outside the criteria provided under A.R.S. § 41-1037 and are an exception to the general permit requirement.

ADOT's authorization of providers to have longitudinal access meets the requirements of a general permit since the activities and practices authorized by it are substantially similar in nature for all granted access for the purpose of installation of a telecommunication facility.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**

These rules are not more stringent than the following applicable federal laws:

- The Telecommunications Act of 1996, PL 104-104, 110 Stat. 56, which includes provisions on compensation and state authority; and
- 23 CFR 645, Subparts B and C, which includes provisions for accommodating utility facilities

and private lines on federally aided highway projects, use and occupancy agreements, and installation practices that minimize excavation when installing telecommunications infrastructure in highway rights-of-way.

**c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**

No analysis was submitted to ADOT.

**14. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:**

Not applicable

**15. Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the *Register* as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:**

Not applicable

**16. The full text of the rules follows:**

Rule text begins on the next page.

## ARTICLE 6. TELECOMMUNICATION FACILITIES

**Section**

## ARTICLE 6. TELECOMMUNICATION FACILITIES

### R17-3-601. Definitions

In addition to the definitions provided under A.R.S. §28-7381, the following terms apply to this Article unless otherwise specified:

"At-grade" means roadways, intersections, or facilities at the same elevation or level.

"Clear zone" means a specific distance from the edge of a travel lane free of above ground obstacles as determined by the Department and in accordance with the American Association of State Highway and Transportation Officials (AASHTO) Roadside Design Guide.

"Controlled access" has the same meaning as a controlled access highway as defined in A.R.S. § 28-601.

"Department" has the same meaning as defined in A.R.S. § 28-101.

"Dig Once" means reducing the number and scale of excavations when installing telecommunication facilities in highway rights-of-way.

"Encroachment permit" has the same meaning as defined in R17-3-501.

"Guideline for Accommodating Utilities on Highway Rights-of-Way" means the guidelines and procedures adopted by the Department for the accommodation of utilities on highway rights-of-way.

"Interstate System" has the same meaning as defined in A.R.S. § 28-7901.

~~"Lease agreement" means the written agreement between the Department and the provider, which authorizes the provider to utilize spare conduit and related facilities of the Department subject to the terms and conditions outlined in the agreement and this Article.~~

"New installation" means an initial installation on a highway right-of-way except in the event of a relocation required by the Department.

"Right-of-way" has the same meaning as defined in A.R.S. § 28-101.

"Right-of-way occupancy rate" means the compensation from a provider for longitudinal access to the right-of-way of a state highway for the purpose of installing telecommunication facilities as authorized under A.R.S. § 28-7385.

"State" means the state of Arizona.

"State highway" has the same meaning as defined in A.R.S. § 28-101.

~~"State Milepost System" means the markers placed on the highway at one-mile intervals that indicate the distance through the state.~~

"Uncontrolled access" means a highway to which owners or occupants of abutting lands and other persons have a legal right of access.

"Telecommunication use and occupancy agreement" means the written agreement between the Department and the provider allowing the provider longitudinal access of highway right-of-way for its telecommunication facilities or private line subject to the terms and conditions outlined in the agreement and this Article.

**R17-3-602. Telecommunication Use and Occupancy Agreement; Time-frames; Compensation for Longitudinal Access to the Right-of-Way**

**A.** A provider must enter into a telecommunication use and occupancy agreement with the Department and obtain an encroachment permit, as prescribed under Article 5 of this Chapter, before being granted longitudinal access for new installation of a telecommunication facility. This Section does not apply to a telecommunication facility with an encroachment permit approved before January 1, 2023.

**B.** A provider seeking to enter into a telecommunication use and occupancy agreement shall complete and provide the following information on a telecommunication use and occupancy agreement application provided by the Department ~~at www.azdot.gov~~:

1. Name of provider;
2. The point of contact's information, which includes name, telephone number, and email address;
3. A description of the proposed work or activity in the right-of-way or facilities; and
4. A map, drawing, or geographical description of the proposed telecommunication facility installation, including the starting and ending milepost to the nearest tenth of a mile, state highway number, the cardinal direction of the highway, the number and size of conduits, and accompanying telecommunication facility locations.

**C.** The Department shall, within five calendar days of receiving an application under subsection (B), provide written notice to the provider acknowledging receipt of the application:

1. If the application is complete, the notice shall acknowledge receipt of a complete application and indicate the date the Department received the complete application; or
2. If the application is incomplete, the notice shall indicate the current date and include an itemized list of all additional information the provider must provide to the Department before the application can be considered complete and subsequently processed.

**D.** A provider with an incomplete application shall respond to the notice provided by the Department under subsection (C)(2) within 15 calendar days after the date indicated on the notice or the Department may deny the application.

**E.** The Department shall render a decision on the application within 15 calendar days after the date on the notice the Department gave to the provider under subsection (C)(1) acknowledging receipt of a complete application.

**F.** For the purpose of A.R.S. § 41-1073, the Department establishes the following time-frames:

1. Administrative completeness review time-frame: five calendar days.
2. Substantive review time-frame: 10 calendar days.
3. Overall time-frame: 15 calendar days.

**G.** A provider shall pay an annual right-of-way occupancy rate as compensation to the Department for longitudinal access to a highway right-of-way for new installations of telecommunication facilities, including overhead, surface, or underground, in accordance with A.R.S. § 28-7385. <u>This subsection does not apply to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal lands.</u>

1. The annual right-of-way occupancy rate schedule is as follows:

a. Interstate System: $1.00 per linear foot of longitudinal access.
b. Controlled Access Highways (non-interstate): $0.50 per linear foot of longitudinal access.
c. Uncontrolled Access Highways: $0.25 per linear foot of longitudinal access.

2. At the beginning of each calendar year, starting January 1, 2024, the cost per linear foot as prescribed in subsection (G)(1), increases at a rate of 2% per calendar year. The new annual right-of-way occupancy rate applies to any new or renewed telecommunication use and occupancy agreements established within that given year.
3. The annual right-of-way occupancy rate, established at the time of signing the telecommunication use and occupancy agreement, shall be the rate for each year of a 20-year or 30-year agreement.
4. The distance is measured using the ~~State Milepost System~~ information provided in subsection (B)(4), rounded to the nearest tenth of a mile and converted to a linear foot value.
5. The total amount of the annual right-of-way occupancy rate is determined by using the following calculation: cost per linear feet x distance = total annual right-of-way occupancy rate.
6. The Department shall receive monetary compensation in the form of an annual or lump sum payment, unless an in-kind compensation or combination of in-kind and monetary compensation is agreed upon by the Department and the provider.
   a. Annual monetary compensation. The provider shall pay the total annual right-of-way occupancy rate established at the time of signing the telecommunication and occupancy use agreement and at the time of signing any renewals.
   b. Lump-sum monetary compensation. The provider shall pay in accordance with the following:
      i. The total annual right-of-way occupancy rate is multiplied by the number of years of the agreement.
      ii. A discounted rate of 10% is applied utilizing net present value calculation.
   c. In-kind compensation.
      i. Telecommunication facilities shall be valued on a present value basis at the estimated, reasonable cost to the provider for procuring and installing such telecommunication facilities. The in-kind value shall be agreed upon, between the Department and provider, in the telecommunication use and occupancy agreement.
      ii. The Department shall provide the provider with a list of the specific telecommunication facilities and services for consideration as in-kind compensation. The value of such in-kind compensation shall be subtracted from the total amount of monetary compensation due for occupancy of the right-of-way and the remaining balance, if any, shall be remitted as monetary compensation.
      iii. Any telecommunication facilities acquired as in-kind compensation shall be used exclusively for the further development of telecommunications that serve state purposes and may not be sold or leased in competition with providers.
      iv. The provider maintains ownership and is responsible for maintenance of the in-kind compensation provided, however, the associated costs will be agreed upon in the telecommunication use and occupancy agreement.

d. Combination of monetary and in-kind compensation. The provider will pay the total annual right-of-way occupancy rate in accordance with subsections (G)(6)(a) through (c), as applicable, and as agreed upon by the Department and the provider.

7. The payment of the annual right-of-way occupancy rate will be made as follows:
   a. For monetary compensation, the provider shall pay the total annual right-of-way occupancy rate to the Department within 30 calendar days of signing the telecommunication use and occupancy agreement and any renewals.
   b. For in-kind compensation, the agreement shall set forth the timeline for the Department to receive agreed upon telecommunication facilities.

**H.** By signing a telecommunication use and occupancy agreement, a provider agrees to accept the following general obligations and responsibilities:

1. Complying with the encroachment permit rules in Article 5 of this Chapter;
2. Complying with the terms and conditions contained in the telecommunication use and occupancy agreement and encroachment permit documents for installation, operation, maintenance, and relocation of telecommunication facilities;
3. Not having exclusive access or rights to the right-of-way;
4. Having the term length of the telecommunication use and occupancy agreement to be for one year, 20 years, or 30 years with an option to renew the agreement at the current applicable starting rate for the first year of a new agreement or renewal; the rate will be increased annually if the renewal is for a one-year period, otherwise pursuant to the terms of a new 20-year or 30-year agreement; and
5. Terminating the telecommunication use and occupancy agreement due to removal of facilities from the right of way.
   a. For any monetary compensation, the provider shall receive a prorated refund based on the number of months remaining in the term agreement.
   b. For any in-kind compensation, the access to facilities or services provided will terminate at the time of the removal of the facilities.

**I.** The provider will not receive the applicable encroachment permit until the telecommunication use and occupancy agreement has been signed.

# ECONOMIC, SMALL BUSINESS AND CONSUMER IMPACT STATEMENT

## TITLE 17. TRANSPORTATION

## CHAPTER 3. DEPARTMENT OF TRANSPORTATION

## HIGHWAYS

### R17-3-601 and R17-3-602

**A. Economic, small business and consumer impact summary:**

**1. Identification of the proposed rulemaking:**

The Arizona Department of Transportation (ADOT) engages in this rulemaking to adopt the changes proposed in ADOT's one-year review report on 17 A.A.C. 3, Article 6, which was approved by the Governor's Regulatory Review Council on June 4, 2024. ADOT determined that these rules should be updated and improved to better reflect ADOT's process, to provide better clarity, and to remove unnecessary language. These changes include clarifying that the occupancy rate does not apply to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal lands; not using the State Milepost System as a means for measuring the distance; and clarifying that an encroachment permit will not be issued until the telecommunication use and occupancy agreement has been signed.

**a. The conduct and its frequency of occurrence that the rule is designed to change:**

During ADOT's one-year review of its telecommunication facilities rules, ADOT found the following areas that could be improved and clarified:

a. Subsection (B): Remove the verbiage "at www.azdot.gov" since ADOT determined it was easier for the stakeholders when ADOT emailed the telecommunication use and occupancy agreement application directly to them after they submitted their application for the encroachment permit;

b. Subsection (G): Add a new sentence at the end of the introductory sentence to indicate that this subsection does not apply to providers, wholly owned by a tribe, for access on sovereign tribal lands in an effort to provide more clarity to the process;

c. Subsection (G)(4): Replace the verbiage "'State Milepost System" with "information provided in Subsection (B)(4)" since it is easier, more convenient, and less confusing to use the information provided by the applicant instead of the State Milepost System;

d. Add a new subsection to indicate that the encroachment permit will not be issued until the telecommunication use and occupancy agreement has been signed in an effort to further clarify the process; and

e. Remove the term and definition of "lease agreement" since it is not used in this Article and was relevant to language used in a previous draft of the rules and remove the term and definition of "State Milepost System" since it will no longer be used in this Article.

**b. The harm resulting from the conduct the rule is designed to change and the likelihood it will continue to occur if the rule is not changed:**

If these rule changes are not adopted, broadband providers may not be aware of updated processes and be subject to misunderstanding, confusion, inefficiencies, and undue burdens and it could hamper the chances to increase broadband capabilities and remove the economic benefit to the broadband providers and the state. These rules are in the furtherance of the telecommunication facilities statutes which provide greater expansion and capabilities to the telecommunication companies, thus allowing for more customers and giving customers better capabilities and opportunities to be on pace with all that is afforded by greater ease of internet access.

**c. The estimated change in frequency of the targeted conduct expected from the rule change:**

These rules ensure:

1. Reduction and amelioration of the regulatory burden from potentially unclear or misleading verbiage.
2. Consistency in application of ADOT's requirements which will better serve the public and allow for a better public understanding.
3. Facilitating opportunities for better service and capabilities to the state and potential for job creation and economic development.

**2. Brief summary of the information included in the economic, small business and consumer impact statement:**

In general, ADOT incurs substantial costs to implement and enforce the Broadband Program. ADOT incurs costs in administrative and operating costs, personnel, employee-related costs, inspections, reviews, and computer and other equipment costs. The broadband providers can incur a minimal to substantial cost depending on the distance of the longitudinal access of the right-of-way needed. Additionally, there are operational and incidental costs for the installation, maintenance, and operation of the telecommunication facilities.

ADOT anticipates that the economic impact of this rulemaking is minimal since it is removing unnecessary language and updating for better clarity. This rulemaking should not create an increase in costs for ADOT or the broadband providers. The broadband providers and ADOT should benefit from the clearer rules and the clarifications about the occupancy rate not applying to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal lands and about the encroachment permit. ADOT benefits from having clearer and updated rules that bring better understandability to its stakeholders and consistency with ADOT's process. The broadband providers may benefit from economic growth by being able to provide their services to more customers, which could also allow for an increase in revenue and a potential increase in job creation. Overall, assisting in the allowance for more providers allows for more services to the state and increases the capacity of telecommunications services being provided.

3. **Name and address of agency employees who may be contacted to submit or request additional data on the information included in the economic, small business and consumer impact statement:**

Name: Candace Olson, Senior Rules Analyst
Address: Government Relations and Rules
Department of Transportation
206 S. 17th Ave., Mail Drop 180A
Phoenix, AZ 85007
Telephone: (480) 267-6610
E-mail: COlson2@azdot.gov

**B. Economic, small business and consumer impact statement:**

1. **Identification of the proposed rulemaking:**

See paragraph (A)(1) above.

2. **Identification of the persons who will be directly affected by, bear the costs of or directly benefit from the proposed rulemaking:**

| **Persons to bear costs** | **Persons directly benefiting** |
|---|---|
| ADOT | ADOT |
| Broadband providers | Broadband providers |
| | General public |

3. **Analysis of costs and benefits occurring in this state:**

Cost-revenue scale. Annual costs or revenues are defined as follows:

Minimal less than $10,000
Moderate $10,000 to $99,999
Substantial $100,000 or more

a. **Probable costs and benefits to ADOT and other agencies directly affected by the implementation and enforcement of the proposed rulemaking:**

In general, ADOT incurs substantial costs to implement and enforce the Broadband Program. ADOT incurs costs in administrative and operating costs, personnel, employee-related costs, inspections, reviews, and computer and other equipment costs.

ADOT anticipates that the economic impact of this rulemaking is minimal since it is removing unnecessary language and updating for better clarity. This rulemaking should not create an increase in costs for ADOT. The clarification about the occupancy rate not applying to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal lands will not create a loss of revenue since this is already in practice by ADOT. ADOT benefits from having clearer and updated rules that bring better understandability to its stakeholders and consistency with ADOT's process. These rule changes could help alleviate some inquiries. Overall, assisting in the allowance for more providers allows for more

services to the state and increases the capacity of telecommunications services being provided. In addition, ADOT may benefit from receiving in-kind trades such as fiber optic and conduit, that can be used for the Intelligent Transportation System to make highways safer and more efficient.

ADOT is not required to notify the Joint Legislative Budget Committee under A.R.S. § 41-1055(B)(3)(a), since no new full-time employees are necessary to enforce and implement this proposed rulemaking.

**b. Probable costs and benefits to a political subdivision of this state directly affected by the implementation and enforcement of the proposed rulemaking:**

Any political subdivision subject to these rules would have the same costs and benefits as businesses as discussed in the following paragraph (B)(3)(c).

**c. Probable costs and benefits to businesses directly affected by the proposed rulemaking, including any anticipated effect on the revenues or payroll expenditures of employers who are subject to the proposed rulemaking:**

In general, a broadband provider can incur a minimal to substantial cost depending on the distance of the longitudinal access of the right-of-way needed. Additionally, there are operational and incidental costs for the installation, maintenance, and operation of the telecommunication facilities.

This rulemaking should not create an increase in costs for the broadband providers as the proposed changes seek to provide better clarity and consistency and do not make any new requirements of the providers. This rulemaking does not change the established annual right-of-way occupancy rate. ADOT does not charge a fee for applying for longitudinal access or for an encroachment permit. The broadband providers should benefit from the clearer rules and the clarifications about the occupancy rate not applying to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal lands and about the encroachment permit. The broadband providers may benefit from economic growth by being able to provide their services to more customers, which could also allow for an increase in revenue and a potential increase in job creation.

**4. General description of the probable impact on private and public employment in businesses, agencies and political subdivisions of this state directly affected by the proposed rulemaking:**

ADOT anticipates that with clearer rules there is potential for additional expansion of broadband services to the state which could create a potential increase in job creations for the broadband providers.

**5. Statement of the probable impact of the proposed rulemaking on small businesses:**

**a. Identification of the small businesses subject to the proposed rulemaking:**

Some of the broadband providers, as defined under A.R.S. § 28-7381, may be small businesses, as defined under A.R.S. § 41-1001.

**b. Administrative and other costs required for compliance with the proposed rulemaking:**

General administrative costs for small businesses are the same as discussed under paragraph (B)(3)(c) above.

**c. Description of the methods that ADOT may use to reduce the impact on small businesses:**

The purpose of this rulemaking is for clarification and consistency with current practice so the impact should be a reduction in misunderstanding, confusion, inefficiencies, and undue burdens for all businesses.

**d. Probable cost and benefit to private persons and consumers who are directly affected by the proposed rulemaking:**

The general public of private persons and consumers may benefit from more areas in the state having better service and internet capabilities. These rules support the public interest and the interests of concerned parties by ensuring consistency between the broadband providers and clarity for the broadband providers to obtain longitudinal access and use of ADOT's right-of-way and thus being able to expand their opportunities and capabilities to their customers and to the general public. In addition, some people may find a job opportunity created by the broadband expansion.

**6. Statement of the probable effect on state revenues:**

As of March 2025, ADOT has granted 71 telecommunication use and occupancy agreements for longitudinal access to 16 broadband providers since the adoption of these rules. ADOT has not rejected any applications. There are currently pending requests from two additional providers. Most of the providers (9) chose a 30-year agreement. For 14 agreements with 7 of the providers, the providers chose to give an in-kind trade for access. Thus far, ADOT has received $225,107 in monetary compensation and $912,826 with in-kind trade valuation. Pursuant to A.R.S. § 28-7385, the monies collected are deposited in the smart highway corridor trust fund under A.R.S. § 28-7387. The clarification about the occupancy rate not applying to a provider, wholly owned by a tribe, for longitudinal access on sovereign tribal lands will not create a loss of revenue since this is already in practice by ADOT.

**7. Description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed rulemaking, including the monetizing of the costs and benefits for each option and providing the rationale for not using non-selected alternatives:**

ADOT has determined that there are no alternative methods of achieving the objectives of the proposed rulemaking which is for clarification and consistency with current practice.

**C. Explanation of limitations of the data and the methods that were employed in the attempt to obtain the data and a characterization of the probable impacts in qualitative terms. The absence of adequate data, if explained in accordance with this subsection, shall not be grounds for a legal challenge to the sufficiency of the economic, small business and consumer impact statement:**

# TITLE 17. TRANSPORTATION

## CHAPTER 3. DEPARTMENT OF TRANSPORTATION - HIGHWAYS

The table of contents on page one contains links to the referenced page numbers in this Chapter.
Refer to the notes at the end of a Section to learn about the history of a rule as it was published in the *Arizona Administrative Register*.

This Chapter contains rules that were filed to be codified in the *Arizona Administrative Code* between the dates of
July 1, 2022 through September 30, 2022

**Questions about these rules? Contact:**

Department: Department of Transportation
Rules and Policy Development
Address: 206 S. 17th Ave., Mail Drop 180A
Phoenix, AZ 85007
Website: https://azdot.gov/about/government-relations
Name: Candace Olson, Senior Rules Analyst
Telephone: (480) 267-6610
Email: COlson2@azdot.gov

**The release of this Chapter in Supp. 22-3 replaces Supp. 20-3, 1-24 pages.**
Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. *"'Rule' means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency."*

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The "R" stands for "rule" with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document's content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature's website, www.azleg.gov. An agency's authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State's website, www.azsos.gov under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency's exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor's notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

# TITLE 17. TRANSPORTATION

## CHAPTER 3. DEPARTMENT OF TRANSPORTATION - HIGHWAYS

Authority: A.R.S. §§ A.R.S. §§ 28-366, 28-7384, and 28-7385

**Supp. 22-3**

## CHAPTER TABLE OF CONTENTS

### ARTICLE 1. REPEALED

### ARTICLE 2. MANAGEMENT OF CONTRACTOR BIDDING

*Article 2, consisting of Sections R17-3-201 through R17-3-204, adopted effective March 3, 1987.*

### ARTICLE 3. RELOCATION ASSISTANCE

*Article 3, consisting of Sections R17-3-301 through R17-3-304, repealed; new Article 3, consisting of Sections R17-3-301 through R17-3-306, made by final rulemaking at 9 A.A.R. 1075, effective May 6, 2003 (Supp. 03-1).*

### ARTICLE 4. REPEALED

*Article 4, consisting of Sections R17-3-406 through R17-3-408, repealed by final rulemaking at 8 A.A.R. 849, effective February 8, 2002 (Supp. 02-1).*

*Editor's Note: The Article 5 heading "Highway Encroachments and Permits" is published as submitted by the Department (Supp. 04-4).*

### ARTICLE 5. HIGHWAY ENCROACHMENTS AND PERMITS

*Article 5, consisting of Sections R17-3-501 through R17-3-509, made by final rulemaking at 10 A.A.R. 5202, effective February 5, 2005 (Supp. 04-4).*

### ARTICLE 6. TELECOMMUNICATION FACILITIES

*Article 6, consisting of Sections R17-3-601 through R17-3-603, made by exempt rulemaking at 28 A.A.R. 3372 (October 21, 2022), effective January 1, 2023 (Supp. 22-3).*

### ARTICLE 7. HIGHWAY BEAUTIFICATION

### ARTICLE 8. EXPIRED

*Article 8 consisting of Sections R17-3-801 through R17-3-809 adopted effective May 30, 1984.*

**ARTICLE 9. HIGHWAY TRAFFIC CONTROL DEVICES**

## ARTICLE 1. REPEALED

**R17-3-101. Reserved**

**R17-3-102. Repealed**

**Historical Note**

Former Rule, ASHC Resolution. Former Section R17-3-10 renumbered without change as Section R17-3-102 (Supp. 88-4). Repealed effective May 31, 1991 (Supp. 91-2).

## ARTICLE 2. MANAGEMENT OF CONTRACTOR BIDDING

**R17-3-201. General**

**A.** Definitions.

1. "Application" means a request for contractor prequalification, consisting of an application booklet available from the Department's office of Contracts and Specifications, and a financial statement prepared according to the requirements of this subsection and R17-3-202.
2. "Board" means the Contractor Prequalification Board.
3. "Compiled financial statement" means a financial statement prepared for form, appropriateness, and arithmetic accuracy. It does not express an opinion or provide any assurance regarding the financial statement.
4. "Contractor" means the individual, partnership, firm, corporation, joint venture, or any combination acceptable to the Department, that seeks to contract with the Department for constructing or reconstructing state transportation facilities, unless the context requires otherwise.
5. "Contractor prequalification" means the Department's process of review and evaluation of a contractor's work history and current financial condition before a contractor is allowed to submit a proposal for constructing or reconstructing state transportation facilities.
6. "Department" means the Arizona Department of Transportation.
7. "Examined financial statement" means a financial statement that includes the amounts and disclosures in the firm's financial statement, an assessment of the accounting principles used and the significant estimates made by management, and an evaluation of the overall financial statement presentation.
8. "Financial statement" means a financial report prepared according to generally accepted accounting principles by an independent certified public accountant or an independent public accountant. The financial statement includes a cover letter on the accountant's letterhead, a balance sheet, a statement of cash flows, an income statement, and all notes and appropriate supporting schedules.
9. "Joint venture" means the combination of two or more contractors for the purpose of submitting a proposal to the Department and performing a contract for constructing or reconstructing state transportation facilities.
10. "Prequalification amount" means the dollar limitation of each contract, based on the Department's estimate of contract value, for which a contractor may submit a proposal to the Department for constructing or reconstructing state transportation facilities.
11. "Reviewed financial statement" means a financial statement that includes an inquiry of company personnel, and a review of the analytical procedures applied to the financial data. It does not express an opinion regarding the financial statement taken as a whole.
12. "State Engineer" has the meaning in A.R.S. § 28-6901(3).

**B.** Contractor Prequalification Board.

1. The State Engineer shall appoint the Board to consider and decide on applications for contractor prequalification.
2. The Board will be comprised of three Department employees, one of whom shall be a professional engineer, registered by the Arizona Board of Technical Registration, and one a certified or licensed public accountant.
3. The Board's authority to determine prequalification does not limit the Department's ability to establish additional criteria for contracts.

**Historical Note**

Adopted effective March 3, 1987 (Supp. 87-1). Amended by final rulemaking at 8 A.A.R. 79, effective December 10, 2001 (Supp. 01-4).

**R17-3-202. Contractor Prequalification**

**A.** Criteria. An applicant for contractor prequalification shall include on the application and the Board shall consider the following information in determining the prequalification amount for a contractor:

1. Key personnel and their work experience,
2. Organizational structure,
3. History of past or current projects and contracts,
4. Company affiliations,
5. Equipment owned or controlled,
6. Any applicable licenses,
7. Type of work requested,
8. Individuals authorized to act on behalf of the contractor,
9. Any prequalification or bidding disputes with a government agency, and
10. Financial condition.

**B.** Prequalification Expiration and Extension.

1. Prequalification expires 15 months after the end of a contractor's fiscal year, as reflected on the financial statement. Due to the time necessary to prepare an examined financial statement, the Board may grant up to a 60 day extension on the expiration of prequalification, if:
   a. The contractor submits a letter from its accountant stating the reasons for delay in preparing the examined financial statement,
   b. The letter from the accountant states the anticipated completion date of the examined financial statement, and
   c. The contractor submits an interim compiled or reviewed financial statement that was prepared within the previous six months.
2. The Board will notify each contractor in writing of its decision on the contractor's prequalification amount.

**C.** Joint Ventures.

1. Each contractor in a proposed joint venture shall be prequalified. The joint venture shall submit a joint venture statement of intent at least five calendar days before the applicable bid opening date.
2. If one or more of the parties to the joint venture are corporations, a copy of a resolution from the Board of Directors authorizing the corporation to enter into the joint venture and execute all contract documents shall be submitted with the statement of intent.
3. Contractors operating as a joint venture on a continuing basis may file for prequalification as a joint venture.
4. The Board may allow a contractor operating as a joint venture to prequalify for a pro rata share of the entire contract amount. The percentage share of work shall not

exceed each individual contractor's prequalification amount.

**D.** Classification of Contractors. The Board shall categorize contractors into the following classifications:
1. Inexperienced firms: Firms that have no experience as contractors in transportation facilities construction work;
2. New firms: Recently organized firms that have officers with experience with other contractors in positions of responsibility for transportation facilities construction;
3. Unknown firms: Firms that have experience as contractors but have not completed a transportation facilities construction contract as a contractor for the Department within the past five years or at any time;
4. Known firms: Firms that have successfully completed at least one transportation facilities construction contract within the past five years as a contractor for the Department.

**E.** Classification of Financial Statements.
1. All financial statements shall be examined, reviewed, or compiled according to generally accepted accounting principles, by either an independent certified public accountant or an independent public accountant, registered and licensed under the laws of any state. A contractor shall not submit a financial statement prepared by either a certified or public accountant who is directly or indirectly interested in or affiliated with the business of the contractor.
2. A contractor that desires a prequalification amount in excess of $1.5 million shall submit an examined financial statement.
3. A contractor that submits a reviewed financial statement will be limited to a maximum prequalification amount of $1.5 million.
4. A contractor that submits a compiled financial statement will be limited to a maximum prequalification amount of $300,000.

**F.** Prequalification Limits. In determining the prequalification amount for each contractor, the amount set by the Board may be less than the maximum amount set out in this subsection due to the Board's evaluation of the contractor's information under R17-3-202(A).
1. Inexperienced firms. An inexperienced firm will be limited to a maximum prequalification amount of $300,000 until the contractor has satisfactorily completed at least one transportation facilities construction contract for any public agency.
2. New firms. A new firm will be limited to a maximum prequalification amount of five times the firm's net worth.
3. Unknown firms. An unknown firm will be limited to a maximum prequalification amount of five times the firm's net worth or the amount of the largest transportation facilities construction contract it has successfully completed as a contractor for any other public agency, whichever is larger.
4. Known firms. A known firm will be limited to a maximum prequalification amount of ten times the firm's net worth. An unlimited prequalification amount may be granted if the product of ten times the firm's net worth exceeds $100 million.
5. All firms. Evidence of additional assets pledged in behalf of a contractor or letters from a contractor's surety company may be considered in establishing higher prequalification amounts than stated in subsections (F)(2) through (F)(4). A parent company that pledges assets in behalf of a contractor shall submit a financial statement.

**G.** Reconsideration of Prequalification Determination.
1. If a contractor is dissatisfied with the Board's decision, the contractor may request in writing a hearing, within 15 days of receiving the Board's decision. The hearing shall be conducted under A.R.S. § 41-1062. The letter shall indicate the basis for the request and shall provide supportive data. The Board shall review the request and accompanying information and decide on the request within 30 calendar days of its receipt.
2. If the contractor is still dissatisfied with the decision of the Board, the contractor may appeal to the State Engineer. The Board shall notify the contractor about the appeal procedures.

**H.** Issuance of Bidding Documents. A contractor shall not request bid documents for a contract for which it is not prequalified.

**I.** The Department may waive the prequalification requirement on an individual contract when it is in the best interest of the state. The advertisement for bids shall identify if prequalification is waived.

**Historical Note**
Adopted effective March 3, 1987 (Supp. 87-1). Amended by final rulemaking at 8 A.A.R. 79, effective December 10, 2001 (Supp. 01-4).

**R17-3-203. Reduced Prequalification Amounts or Disqualifications**

**A.** The Board may reduce the prequalification amount of a contractor already prequalified or disqualify a contractor from bidding if a contractor:
1. Falsifies any document or misrepresents any material fact in the information furnished to the Department;
2. Fails to enter into a contract with the Department;
3. Defaults on a previous contract with any public agency;
4. Has an unsatisfactory work performance record with the Department on the basis of workmanship, competent superintendence, adequate and proper equipment, timely completion, or failure to submit required documentation for closing out a contract; or
5. Fails to provide notification to the Board, within 30 calendar days of occurrence, of any change in ownership, corporate officers or general partners, bankruptcy, receivership, court supervised reorganization, or the entry of a judgment in a judicial or administrative proceeding adverse to the contractor.

**B.** The Board shall notify a contractor in writing of its intention to reduce the prequalification amount or to disqualify a contractor. The Board's notice to reduce prequalification or to disqualify a contractor shall become a final determination unless the contractor requests a hearing with the Board within 20 calendar days after receiving such notification. The Board shall notify the contractor about the hearing procedures.

**C.** The contractor may appeal the Board's decision to the State Engineer. The Board shall notify the contractor about the appeal procedures.

**Historical Note**
Adopted effective March 3, 1987 (Supp. 87-1). Amended by final rulemaking at 8 A.A.R. 79, effective December 10, 2001 (Supp. 01-4).

**R17-3-204. Access to Department Prequalification Files**

Prequalification files are considered to be strictly confidential. The files will be available only to:

1. Members of the Board,
2. The Director of the Department or any authorized agents of the Department,
3. Members of the Arizona State Transportation Board,
4. The division administrator of the Federal Highway Administration or any authorized representatives,
5. Agents of surety upon the filing of an application for bond duly signed by an authorizing party of the prequalified contractor,
6. Members of the Arizona State Board of Accountancy or their duly authorized representatives, and
7. The contractor that is the subject of the file.

**Historical Note**

Adopted effective March 3, 1987 (Supp. 87-1). Amended by final rulemaking at 8 A.A.R. 79, effective December 10, 2001 (Supp. 01-4).

## ARTICLE 3. RELOCATION ASSISTANCE

*Article 3, consisting of Sections R17-3-301 through R17-3-304, repealed; new Article 3, consisting of Sections R17-3-301 through R17-3-306, made by final rulemaking at 9 A.A.R. 1075, effective May 6, 2003 (Supp. 03-1).*

**R17-3-301. Relocation Assistance; Adoption of Federal Regulations**

**A.** The Department incorporates by reference 49 CFR 24.1 through 24.10, 49 CFR 24.201 through 24.209, 49 CFR 24.301 through 24.305, 49 CFR 24.401 through 24.404, 49 CFR 24.501 through 24.503, 49 CFR 24.601 through 24.603, and Appendix A to Part 24 as it relates to Subparts A, C, D, and E, revised as of October 1, 2010, and no later amendments or editions, as amended by this Article. These sections apply to relocation assistance activity provided by the Department. The incorporated material is on file with the Arizona Department of Transportation and is available from the U.S. Government Printing Office, P. O. Box 979050, St. Louis, MO 63197-9000. The incorporated material can be ordered online by visiting the U.S. Government Online Bookstore at http://bookstore.gpo.gov or is available free of charge at http://gpo.gov.

**B.** The following definition applies for the purpose of this Article unless indicated otherwise.

"Department" means the Arizona Department of Transportation.

**Historical Note**

Former Rule, Right of Way Resolution 70-60. Former Section R17-3-12 renumbered without change as Section R17-3-301 (Supp. 88-4). Section repealed; new Section made by final rulemaking at 9 A.A.R. 1075, effective May 6, 2003 (Supp. 03-1). Section amended by final rulemaking at 19 A.A.R. 141, effective March 10, 2013 (Supp. 13-1).

**R17-3-302. Relocation Assistance; 49 CFR 24, Subpart A - General**

**A.** 49 CFR 24.2, "Definitions and acronyms" is amended as follows:

"Agency" means the Arizona Department of Transportation."

"Contribute materially" in paragraph (a)(7) is amended to read:

The term "contribute materially" means that during the two taxable years before the taxable year in which displacement occurs, a business contributed at least 33 1/3% of the owner's or operator's average annual gross income from all sources.

"Decent, safe, and sanitary dwelling" in paragraph (a)(8) is amended to read:

The term decent, safe, and sanitary dwelling means a dwelling that meets applicable housing and occupancy codes. However, any of the following standards that are not met by an applicable code shall apply unless waived for good cause by the federal agency or state agency funding the project. The dwelling shall:

Be structurally sound, weathertight, and in good repair;

Contain a safe electrical wiring system adequate for lighting and other devices; and

Contain heating and cooling systems capable of sustaining a healthful temperature for a displaced person, except in those areas where local climatic conditions do not require such systems.

"Initiation of negotiations" has the same meaning as prescribed in A.R.S. § 28-7141.

"Notice of intent to acquire or notice of eligibility for relocation assistance" as described in 49 CFR 24.203(d) and 49 CFR 24.203(b) means:

Written notice furnished to a person to be displaced that establishes eligibility for relocation benefits before the initiation of negotiations.

"Persons not displaced" in paragraph (a)(9)(ii)(A) is amended to read:

A person who moves before the initiation of negotiations, unless this requirement is waived by the Department due to a move necessitated for reasons beyond the person's control.

"Program or project" in paragraph (a)(22) is amended to read:

The phrase "program" or "project" means any displacing activity or series of activities undertaken by the Department, related to construction or reconstruction of a transportation facility, or a facility necessary for maintaining a transportation facility.

"Salvage value" in paragraph (a)(23) is deleted.

"Uneconomic remnant" in paragraph (a)(27) is deleted.

"Uniform Act" in paragraph (a)(28) is amended to read:

The term "Uniform Act" means the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (42 U.S.C. 4601 et seq.).

"Utility facility" in paragraph (a)(31) is deleted.

"Utility relocation" in paragraph (a)(32) is deleted.

**B.** 49 CFR 24.5 "Manner of notices" is amended to read:

Each notice which the agency is required to provide to a property owner or occupant under this part shall be personally served or sent by certified or registered first-class mail, return receipt requested, and documented in agency files. Each notice shall be written in plain, understandable language. Persons who are unable to read and understand the notice must be provided with appropriate translation and counseling. Each notice shall indicate the name and telephone number of a person to contact for answers to questions or other needed help.

**C.** 49 CFR 24.9 "Recordkeeping and reports" is amended to read:

Paragraph (a) Records. The agency shall maintain adequate records of its acquisition and displacement activi-

ties in sufficient detail to demonstrate compliance with this part. These records shall be retained for at least three years after each owner of a property and each person displaced from the property receives the final payment to which each owner of property is entitled under this part, or in accordance with the applicable regulations of the federal funding agency, whichever is later.

**D.** 49 CFR 24.10 "Appeals" is amended to read:

In addition to the provisions of A.R.S. §§ 41-1061 through 41-1067, the following provisions apply:

1. Actions that may be appealed. A person who believes the Department has failed to properly determine the person's eligibility for, or the amount of, a relocation payment may file a written appeal. A person shall include all contested issues in one appeal.
2. Process. To appeal, a person shall submit a letter stating name and address and the reasons for disagreeing with the Department's decision to the Right-of-Way Group, Arizona Department of Transportation, 205 S. 17th Ave., MD 612E, Phoenix, AZ 85007-3212.
3. Time limit. The person shall file the written appeal within 60 days after receiving notice of the Department's determination on the person's claim. The date the appeal request is received begins the official time limit constraints, as prescribed in subsections (D)(4) and (8) of this Section. Filing the appeal does not extend any eligibility periods or a required date to vacate a property.
4. Hearing date. Within 45 days of receipt of the appeal request, the Department shall set a mutually acceptable date for a hearing before a hearing officer.
5. Review of files. After making a written request to the Department at the address in subsection (D)(2) of this Section, the person may review and receive a copy of any non-confidential documentation contained in the Department's files regarding the person's appeal.
6. Scope of review. The Department shall consider and review the person's arguments, statements, and documents in support of the appeal, allowing reasonable latitude for the hearing of relevant material.
7. Right to representation. The person has a right to be represented by legal counsel or another representative in connection with the person's appeal, but solely at the person's own expense.
8. Determination. Within 30 days of the hearing, the hearing officer shall make a recommendation to the Chief Right-of-Way Agent. The Department shall promptly issue a written decision and provide a copy to the person by certified mail. The Department shall explain the basis on which its decision was made, and what relief, if any, is to be provided.
9. Judicial review. If the Department does not grant the relief requested, the Department shall advise the person of the right to seek judicial review.

**Historical Note**

Former Rule, Right of Way Resolution 71-42. Former Section R17-3-13 renumbered without change as Section R17-3-302 (Supp. 88-4). Section repealed; new Section made by final rulemaking at 9 A.A.R. 1075, effective May 6, 2003 (Supp. 03-1). Section amended by final rulemaking at 19 A.A.R. 141, effective March 10, 2013 (Supp. 13-1).

**R17-3-303. Relocation Assistance; 49 CFR 24, Subpart C - General Relocation Requirements**

49 CFR 24.206 "Eviction for cause" is amended to read:

1. Eviction for cause must conform to A.R.S. §§ 12-1171 through 12-1183. The Department may determine that a person who is an unlawful occupant (as defined in 49 CFR 24.2) is still eligible for advisory relocation assistance. Any person who occupies the real property and is not in unlawful occupancy on the date of the initiation of negotiations, is presumed to be entitled to relocation payments and other assistance set forth in this part unless the agency determines that the factors in subsections (1)(a) or (b) apply. The Department shall use the following factors to determine eligibility of an unlawful occupant for advisory relocation assistance:
   a. The person received an eviction notice before the initiation of negotiations and, as a result of that notice, is later evicted; or
   b. The person is evicted after the initiation of negotiations for serious or repeated violation of material terms of the lease or occupancy agreement; and
   c. The eviction was not undertaken for the purpose of evading the obligation to make available the payments and other assistance set forth in this part;
   d. The person occupying the property and the owner dispute the issue of lawful occupancy;
   e. The duration of prior legal occupancy of the person occupying the property;
   f. Financial or medical hardship of the person occupying the property; or
   g. The cost of the relocation assistance is less than the cost of an appeal.
2. For purposes of determining eligibility for relocation payments, the date of displacement is the date the person moves, or if later, the date a comparable replacement dwelling is made available.
3. The state may initiate eviction proceedings due to:
   a. Unlawful activities being conducted on state-owned property,
   b. Willful destruction of state-owned property,
   c. Refusal to vacate state-owned property after all required notices to vacate have been delivered and appropriate assistance provided, or
   d. Failure to pay rent when there is no hardship.

**Historical Note**

Former Rule, Right of Way Resolution 71-69. Former Section R17-3-14 renumbered without change as Section R17-3-303 (Supp. 88-4). Section repealed; new Section made by final rulemaking at 9 A.A.R. 1075, effective May 6, 2003 (Supp. 03-1). Section amended by final rulemaking at 19 A.A.R. 141, effective March 10, 2013 (Supp. 13-1). Subsections numbered 2 and 3 were inadvertently combined as one paragraph in Supp. 13-1; subsection 3 has been corrected as filed at 19 A.A.R. 141 (Supp. 19-2).

**R17-3-304. Repealed**

**Historical Note**

Former Rule, Right of Way Resolution 70-51. Former Section R17-3-11 renumbered without change as Section R17-3-304 (Supp. 88-4). Section repealed; new Section made by final rulemaking at 9 A.A.R. 1075, effective May 6, 2003 (Supp. 03-1). Section repealed by final rulemaking at 19 A.A.R. 141 effective March 10, 2013

(Supp. 13-1).

**R17-3-305. Relocation Assistance; 49 CFR 24, Subpart E - Replacement Housing Payments**

49 CFR 24.401 "Replacement housing payment for 180-day homeowner-occupants" in paragraph (d)(3) is amended to read:

The interest rate on the new mortgage used in determining the amount of the payment shall not exceed the prevailing fixed interest rate for conventional mortgages currently charged by mortgage lending institutions in the area in which the replacement dwelling is located. If a displaced person chooses to buy down the interest rate, the agency shall:

1. Require documents indicating the initial interest rate,
2. Require documents indicating the final interest rate, and
3. Limit reimbursement to the lower of the amount the displaced person actually paid to buy down the interest rate or the amount for which the person qualified under the established market interest rate.

**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 1075, effective May 6, 2003 (Supp. 03-1). Section amended by final rulemaking at 19 A.A.R. 141, effective March 10, 2013 (Supp. 13-1).

**R17-3-306. Repealed**

**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 1075, effective May 6, 2003 (Supp. 03-1). Section repealed by final rulemaking at 19 A.A.R. 141, effective March 10, 2013 (Supp. 13-1).

## ARTICLE 4. REPEALED

**R17-3-401. Repealed**

**Historical Note**

Former Rule, Traffic Engineering Resolution; Repealed effective June 18, 1979 (Supp. 79-3). New Section R17-3-05 adopted effective August 4, 1982 (Supp. 82-4). Former Section R17-3-05 renumbered without change as Section R17-3-401 (Supp. 88-4). Section repealed by final rulemaking at 7 A.A.R. 2750, effective June 7, 2001 (Supp. 01-2).

**R17-3-402. Repealed**

**Historical Note**

Former Rule, ASHC Resolution. Repealed effective January 3, 1977 (Supp. 77-1). New Section R17-3-08 adopted effective March 25, 1982 (Supp. 82-2). Former Section R17-3-08 renumbered without change as Section R17-3-402 (Supp. 88-4). Section repealed by final rulemaking at 7 A.A.R. 2748, effective June 7, 2001 (Supp. 01-2).

**R17-3-403. Recodified**

**Historical Note**

Former Rule, Right of Way Resolution 71-15. Former Section R17-3-09 renumbered without change as Section R17-3-403 (Supp. 88-4). Section recodified to A.A.C. R17-4-428 at 7 A.A.R. 1260, effective February 20, 2001 (Supp. 01-1).

**R17-3-404. Repealed**

**Historical Note**

Adopted as an emergency effective April 13, 1983 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-2). Former Section R17-3-20 renumbered without change as Section R17-3-404 (Supp. 88-4). Section repealed by final rulemaking at 7 A.A.R. 2750, effective June 7, 2001 (Supp. 01-2).

**R17-3-405. Reserved**

**R17-3-406. Repealed**

**Historical Note**

Former Rule, Traffic Engineering Report. Former Section R17-3-02 renumbered without change as Section R17-3-406 (Supp. 88-4). Section repealed by final rulemaking at 8 A.A.R. 849, effective February 8, 2002 (Supp. 02-1).

**R17-3-407. Repealed**

**Historical Note**

Former Rule, ASHC Resolution; Former Section R17-3-06 repealed, new Section R17-3-06 adopted effective April 25, 1978 (Supp. 78-2). Former Section R17-3-06 renumbered without change as Section R17-3-407 (Supp. 88-4). Section repealed by final rulemaking at 8 A.A.R. 849, effective February 8, 2002 (Supp. 02-1).

**R17-3-408. Repealed**

**Historical Note**

Former Rule, General Order 21. Former Section R17-3-08 renumbered without change as Section R17-3-408 (Supp. 88-4). Section repealed by final rulemaking at 8 A.A.R. 849, effective February 8, 2002 (Supp. 02-1).

## ARTICLE 5. HIGHWAY ENCROACHMENTS AND PERMITS

**R17-3-501. Definitions**

In this Article, unless otherwise defined, these terms have the following meanings:

"Abutting property" means real property or interest in real property bordering a state highway right-of-way.

"Adopt-a-highway" means a Department program that allows a group of persons access to a state highway right-of-way to conduct litter pickup on a designated portion of the state highway.

"Airspace" means the space above real property.

"Applicant" means a person or entity seeking to obtain an encroachment permit.

"Department" means the Arizona Department of Transportation.

"District Office" means one of the Department's Engineering and Maintenance district offices.

"Encroachment" means any use of, intrusion upon, or construction of improvement within a state highway right-of-way by any person or entity other than the Department for any purpose, temporary or fixed, other than public travel authorized by state statute.

"Encroachment owner" means the person or entity responsible for creating or maintaining an encroachment on a state highway right-of-way.

"Encroachment permit" means a written approval granted by the Department for construction of a fixed or temporary improvement within a state highway right-of-way, or for any activity requiring the temporary use of or intrusion upon a state highway right-of-way.

"Engineering stationing" means the Department identification system to identify the location of a state highway feature.

"Improvement" means any constructed facility or object, or alteration to any existing physical facility or object, or change in the elevation, slope, or drainage of a state highway right-of-way.

"Permittee" means a person or entity to whom the Department issues an encroachment permit, and who is responsible for meeting the obligations, responsibilities, and specifications stated in the encroachment permit.

"Right-of-way" means the real property or interest in real property on which state transportation facilities and appurtenances to the facilities are constructed or maintained.

"Special event" means any temporary organized or supervised activity that could affect the normal operation of a state highway.

"State highway" has the meaning prescribed in A.R.S. § 28-101(47).

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 5202, effective February 5, 2005 (Supp. 04-4).

**R17-3-502. Applicability**

**A.** A person or entity shall not encroach on a state highway right-of-way without obtaining an encroachment permit.

**B.** Only the following types of encroachments qualify for a Department encroachment permit:
1. Access improvements to abutting properties, consistent with subsection (C)(6);
2. Utility construction and maintenance, including underground and overhead;
3. Drainage improvements;
4. Airspace encroachments, such as overhanging signs, awnings, and banners;
5. Landscaping;
6. Special events;
7. Removing or improving an existing encroachment;
8. Rest area coffee breaks;
9. Change in the principal activity or function of an abutting property where an access or utility encroachment has been constructed;
10. Adopt-a-highway;
11. Activities, such as surveying, performed to compile information about physical features in the highway right-of-way;
12. Traffic control unrelated to the types of encroachments listed above for specific incidents, such as hazardous material removal, accident clean-up, or check points by government enforcement; and
13. For such uses as the Director specifies.

**C.** An encroachment not listed under subsection (B) is ineligible to qualify for an encroachment permit and is an unauthorized encroachment. An unauthorized encroachment also includes:
1. Outdoor advertising signs, except as an overhang in subsection (B)(4);
2. Parking areas;
3. Sales of any service or thing;
4. Bicycling, walking, horseback riding, or other activities prohibited under A.R.S. § 28-733;
5. Any commercial or industrial activity; or
6. Access to undeveloped property abutting a state highway, unless the applicant demonstrates a plan for:
   a. Immediate development of the property evidenced by construction plans or building permits, or
   b. Continuing maintenance of the undeveloped property.

**D.** A new owner of an existing permitted encroachment shall apply for an encroachment permit in the new owner's name within 30 days from the date of purchase of the abutting real property.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 5202, effective February 5, 2005 (Supp. 04-4).

**R17-3-503. Who Can Apply for an Encroachment Permit**

**A.** Any person or entity, other than the Department, seeking an encroachment upon a state highway right-of-way shall apply to the Department for an encroachment permit.

**B.** Any person or entity is eligible to apply for an encroachment permit, except for an encroachment involving:
1. Access, only an abutting property owner is eligible to apply.
2. Landscaping and aesthetic enhancements, only an abutting property owner or a political subdivision is eligible to apply.
3. Utility installation, only an ultimate owner who will be responsible for maintenance and liability of the utility after it is put into service is eligible to apply. An ultimate owner includes a utility company, improvement district, political subdivision, or abutting property owner. A contractor or developer may apply if the contractor or developer provides evidence that an ultimate owner has approved plans and agrees to obtain an encroachment permit as a new owner upon completion of the utility installation.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 5202, effective February 5, 2005 (Supp. 04-4).

**R17-3-504. General Application Procedures**

**A.** An applicant shall obtain an encroachment permit application form from the District Office serving the Department's district in which the proposed encroachment will be located.

**B.** An applicant shall include the following information on a District Office's encroachment permit application:
1. Name, address, city, state, zip code, telephone number, and signature of proposed encroachment owner;
2. Name, address, city, state, zip code, telephone number, and signature of applicant, if different from proposed encroachment owner;
3. Applicant's legal relationship to proposed encroachment owner;
4. City nearest to the proposed encroachment;
5. Location of proposed encroachment from the nearest milepost (in feet), including state highway route number, side of highway, and engineering stationing (if applicable); and
6. Purpose of proposed encroachment, as listed in R17-3-502(B), and a description of the proposed work or activity in the right-of-way.

**C.** By signing an application, an applicant or proposed encroachment owner, or both, agree to accept the following general obligations and responsibilities:
1. Assume all legal liability and financial responsibility for the encroachment activity for the duration of the permit;

2. Be responsible for any repair or maintenance work to the encroachment for the duration of the permit;
3. Comply with the Department's traffic control standards;
4. Obtain written approval from the abutting property owner if the encroachment encroaches on abutting property;
5. Upon notice from the Department, repair any aspect or condition of the encroachment that causes danger or hazard to the traveling public;
6. Remove the encroachment and restore the right-of-way to its original or better condition if the Department cancels the encroachment permit, and terminates all rights under the permit;
7. Reimburse the Department for costs incurred or deposit with the Department money necessary to cover all costs incurred for activities related to the encroachment, such as inspections, restoring the right-of-way to its original or better condition, or removing the encroachment;
8. Notify a new owner to apply for an encroachment permit, as required by R17-3-502(D);
9. Apply for a new encroachment permit if the use of the permitted encroachment changes;
10. Keep a copy of the encroachment permit at the work site or site of encroachment activity;
11. Construct the encroachment according to plans that the Department approves as part of the final permit;
12. Obtain required permits from other government agencies or political subdivisions;
13. Remove any defective materials, or materials that fail to pass the Department's final inspection, and replace with materials the Department specifies.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 5202, effective February 5, 2005 (Supp. 04-4).

**R17-3-505. Supporting Documentation**

An applicant for an encroachment permit shall provide supporting documentation relevant to the type of encroachment activity and necessary to allow the Department to analyze the proposed encroachment's impact on the state highway and right-of-way, using such criteria as:

1. Whether the proposed encroachment is for commercial or residential access;
2. The proposed encroachment's impact on roadway features within the right-of-way;
3. The amount of traffic the proposed encroachment will generate;
4. Duration of the proposed encroachment;
5. The proposed encroachment's potential to disrupt traffic or change traffic patterns;
6. The surrounding terrain and physical features of the right-of-way and the abutting property; and
7. The number, size, and intended use of any buildings that would be accessed via the proposed encroachment.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 5202, effective February 5, 2005 (Supp. 04-4).

**R17-3-506. Encroachment Permit Requirements**

**A.** An encroachment permit consists of the materials submitted by an applicant under R17-3-504 and R17-3-505, and additional requirements from the Department as described in subsection (B). An encroachment permit will list in detail the requirements with which the permittee shall comply in order to perform the requested encroaching activity. Some of the requirements are general and apply to every encroachment permit. Others are specific to a particular encroachment activity.

**B.** The Department shall set encroachment permit requirements to:

1. Maintain the integrity of the Department's right-of-way and transportation facilities;
2. Mitigate the risk to traffic safety;
3. Improve traffic movement, efficiency, and capacity;
4. Mitigate adverse drainage on state property or abutting property affecting state property;
5. Mitigate environmental impacts;
6. Mitigate maintenance costs to transportation facilities;
7. Mitigate potential liability for the Department or the state; and
8. Mitigate potential harms to national or state security.

**C.** By accepting an encroachment permit, a permittee agrees to the requirements described in the permit. If the permittee disagrees with the requirements, the permittee shall return the permit immediately to the District Office.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 5202, effective February 5, 2005 (Supp. 04-4).

**R17-3-507. Review Procedures**

**A.** The Department shall conduct an administrative completeness review and substantive review of an application for an encroachment permit under A.R.S. §§ 41-1072 through 41-1077 and A.A.C. R17-1-102.

**B.** The Department shall decide whether to grant an encroachment permit based solely on the documents and information before the Department.

**C.** Decision.

1. The Department shall approve an encroachment permit if:
   a. The proposed encroachment use is lawful,
   b. The applicant provides complete and accurate information,
   c. The proposed encroachment use qualifies under R17-3-502(B), and
   d. The applicant agrees to comply with the Department's requirements as set out in the permit.
2. The Department shall deny an encroachment permit application if:
   a. The proposed encroachment use is unlawful,
   b. The applicant provides incomplete or inaccurate information,
   c. The proposed encroachment use does not qualify under R17-3-502(B), or
   d. The permittee disagrees with the requirements in the permit.
3. An applicant may appeal the Department's denial decision on an encroachment permit application as prescribed in R17-3-509.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 5202, effective February 5, 2005 (Supp. 04-4).

**R17-3-508. Unauthorized Encroachments; Enforcement Actions**

**A.** An encroachment is unauthorized if:

1. A permittee fails to comply with the permit requirements,
2. A permittee provides false or inaccurate information on the encroachment permit application,

3. A person or entity fails to obtain an encroachment permit, or
4. The encroachment is unauthorized under R17-3-502(C).

**B.** An encroachment owner shall remove any unauthorized encroachment at the owner's own cost.

**C.** After considering the totality of the circumstances and in consultation with the Office of the Attorney General, the Department may refer a matter to the Office of the Attorney General according to A.R.S. §§ 28-7053 and 28-7054 for:
1. Enforcement against the owner of an unauthorized encroachment, or
2. Recovery of costs from the encroachment owner for the Department removing an unauthorized encroachment if the encroachment owner fails to remove the unauthorized encroachment.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 5202, effective February 5, 2005 (Supp. 04-4).

**R17-3-509. Hearings**
The Department shall inform an applicant or permittee of the hearing procedures when the Department:
1. Denies an application for an encroachment permit, or
2. Determines that an encroachment is unauthorized.

**Historical Note**
New Section made by final rulemaking at 10 A.A.R. 5202, effective February 5, 2005 (Supp. 04-4).

## ARTICLE 6. TELECOMMUNICATION FACILITIES

**R17-3-601. Definitions**
In addition to the definitions provided under A.R.S. §28-7381, the following terms apply to this Article unless otherwise specified:

"At-grade" means roadways, intersections, or facilities at the same elevation or level.

"Clear zone" means a specific distance from the edge of a travel lane free of above ground obstacles as determined by the Department and in accordance with the American Association of State Highway and Transportation Officials (AASHTO) Roadside Design Guide.

"Controlled access" has the same meaning as a controlled access highway as defined in A.R.S. § 28-601.

"Department" has the same meaning as defined in A.R.S. § 28-101.

"Dig Once" means reducing the number and scale of excavations when installing telecommunication facilities in highway rights-of-way.

"Encroachment permit" has the same meaning as defined in R17-3-501.

"Guideline for Accommodating Utilities on Highway Rights-of-Way" means the guidelines and procedures adopted by the Department for the accommodation of utilities on highway rights-of-way.

"Interstate System" has the same meaning as defined in A.R.S. § 28-7901.

"Lease agreement" means the written agreement between the Department and the provider, which authorizes the provider to utilize spare conduit and related facilities of the Department subject to the terms and conditions outlined in the agreement and this Article.

"New installation" means an initial installation on a highway right-of-way except in the event of a relocation required by the Department.

"Right-of-way" has the same meaning as defined in A.R.S. § 28-101.

"Right-of-way occupancy rate" means the compensation from a provider for longitudinal access to the right-of-way of a state highway for the purpose of installing telecommunication facilities as authorized under A.R.S. § 28-7385.

"State" means the state of Arizona.

"State highway" has the same meaning as defined in A.R.S. § 28-101.

"State Milepost System" means the markers placed on the highway at one-mile intervals that indicate the distance through the state.

"Uncontrolled access" means a highway to which owners or occupants of abutting lands and other persons have a legal right of access.

"Telecommunication use and occupancy agreement" means the written agreement between the Department and the provider allowing the provider longitudinal access of highway right-of-way for its telecommunication facilities or private line subject to the terms and conditions outlined in the agreement and this Article.

**Historical Note**
New Section made by exempt rulemaking at 28 A.A.R. 3372 (October 21, 2022), effective January 1, 2023 (Supp. 22-3).

**R17-3-602. Telecommunication Use and Occupancy Agreement; Time-frames; Compensation for Longitudinal Access to the Right-of-Way**

**A.** A provider must enter into a telecommunication use and occupancy agreement with the Department and obtain an encroachment permit, as prescribed under Article 5 of this Chapter, before being granted longitudinal access for new installation of a telecommunication facility. This Section does not apply to a telecommunication facility with an encroachment permit approved before January 1, 2023.

**B.** A provider seeking to enter into a telecommunication use and occupancy agreement shall complete and provide the following information on a telecommunication use and occupancy agreement application provided by the Department at www.azdot.gov:
1. Name of provider;
2. The point of contact's information, which includes name, telephone number, and email address;
3. A description of the proposed work or activity in the right-of-way or facilities; and
4. A map, drawing, or geographical description of the proposed telecommunication facility installation, including the starting and ending milepost to the nearest tenth of a mile, state highway number, the cardinal direction of the highway, the number and size of conduits, and accompanying telecommunication facility locations.

**C.** The Department shall, within five calendar days of receiving an application under subsection (B), provide written notice to the provider acknowledging receipt of the application:
1. If the application is complete, the notice shall acknowledge receipt of a complete application and indicate the date the Department received the complete application; or

2. If the application is incomplete, the notice shall indicate the current date and include an itemized list of all additional information the provider must provide to the Department before the application can be considered complete and subsequently processed.

**D.** A provider with an incomplete application shall respond to the notice provided by the Department under subsection (C)(2) within 15 calendar days after the date indicated on the notice or the Department may deny the application.

**E.** The Department shall render a decision on the application within 15 calendar days after the date on the notice the Department gave to the provider under subsection (C)(1) acknowledging receipt of a complete application.

**F.** For the purpose of A.R.S. § 41-1073, the Department establishes the following time-frames:
1. Administrative completeness review time-frame: five calendar days.
2. Substantive review time-frame: 10 calendar days.
3. Overall time-frame: 15 calendar days.

**G.** A provider shall pay an annual right-of-way occupancy rate as compensation to the Department for longitudinal access to a highway right-of-way for new installations of telecommunication facilities, including overhead, surface, or underground, in accordance with A.R.S. § 28-7385.
1. The annual right-of-way occupancy rate schedule is as follows:
   a. Interstate System: $1.00 per linear foot of longitudinal access.
   b. Controlled Access Highways (non-interstate): $0.50 per linear foot of longitudinal access.
   c. Uncontrolled Access Highways: $0.25 per linear foot of longitudinal access.
2. At the beginning of each calendar year, starting January 1, 2024, the cost per linear foot as prescribed in subsection (G)(1), increases at a rate of 2% per calendar year. The new annual right-of-way occupancy rate applies to any new or renewed telecommunication use and occupancy agreements established within that given year.
3. The annual right-of-way occupancy rate, established at the time of signing the telecommunication use and occupancy agreement, shall be the rate for each year of a 20-year or 30-year agreement.
4. The distance is measured using the State Milepost System, rounded to the nearest tenth of a mile and converted to a linear foot value.
5. The total amount of the annual right-of-way occupancy rate is determined by using the following calculation: cost per linear feet x distance = total annual right-of-way occupancy rate.
6. The Department shall receive monetary compensation in the form of an annual or lump sum payment, unless an in-kind compensation or combination of in-kind and monetary compensation is agreed upon by the Department and the provider.
   a. Annual monetary compensation. The provider shall pay the total annual right-of-way occupancy rate established at the time of signing the telecommunication and occupancy use agreement and at the time of signing any renewals.
   b. Lump-sum monetary compensation. The provider shall pay in accordance with the following:
      i. The total annual right-of-way occupancy rate is multiplied by the number of years of the agreement.
      ii. A discounted rate of 10% is applied utilizing net present value calculation.
   c. In-kind compensation.
      i. Telecommunication facilities shall be valued on a present value basis at the estimated, reasonable cost to the provider for procuring and installing such telecommunication facilities. The in-kind value shall be agreed upon, between the Department and provider, in the telecommunication use and occupancy agreement.
      ii. The Department shall provide the provider with a list of the specific telecommunication facilities and services for consideration as in-kind compensation. The value of such in-kind compensation shall be subtracted from the total amount of monetary compensation due for occupancy of the right-of-way and the remaining balance, if any, shall be remitted as monetary compensation.
      iii. Any telecommunication facilities acquired as in-kind compensation shall be used exclusively for the further development of telecommunications that serve state purposes and may not be sold or leased in competition with providers.
      iv. The provider maintains ownership and is responsible for maintenance of the in-kind compensation provided, however, the associated costs will be agreed upon in the telecommunication use and occupancy agreement.
   d. Combination of monetary and in-kind compensation. The provider will pay the total annual right-of-way occupancy rate in accordance with subsections (G)(6)(a) through (c), as applicable, and as agreed upon by the Department and the provider.
7. The payment of the annual right-of-way occupancy rate will be made as follows:
   a. For monetary compensation, the provider shall pay the total annual right-of-way occupancy rate to the Department within 30 calendar days of signing the telecommunication use and occupancy agreement and any renewals.
   b. For in-kind compensation, the agreement shall set forth the timeline for the Department to receive agreed upon telecommunication facilities.

**H.** By signing a telecommunication use and occupancy agreement, a provider agrees to accept the following general obligations and responsibilities:
1. Complying with the encroachment permit rules in Article 5 of this Chapter;
2. Complying with the terms and conditions contained in the telecommunication use and occupancy agreement and encroachment permit documents for installation, operation, maintenance, and relocation of telecommunication facilities;
3. Not having exclusive access or rights to the right-of-way;
4. Having the term length of the telecommunication use and occupancy agreement to be for one year, 20 years, or 30 years with an option to renew the agreement at the current applicable starting rate for the first year of a new agreement or renewal; the rate will be increased annually if the renewal is for a one-year period, otherwise pursuant to the terms of a new 20-year or 30-year agreement; and

5. Terminating the telecommunication use and occupancy agreement due to removal of facilities from the right of way.
   a. For any monetary compensation, the provider shall receive a prorated refund based on the number of months remaining in the term agreement.
   b. For any in-kind compensation, the access to facilities or services provided will terminate at the time of the removal of the facilities.

**Historical Note**
New Section made by exempt rulemaking at 28 A.A.R. 3372 (October 21, 2022), effective January 1, 2023 (Supp. 22-3).

**R17-3-603. Installation, Maintenance, Operation, and Relocation of Telecommunication Facilities**

**A.** Installations of telecommunication facilities may be permitted under the following conditions:
1. The installation does not adversely affect the safety, design, construction, operation, maintenance or stability of the highway;
2. The installation does not interfere with or impair the planned future expansion of the highway;
3. The installation does not interfere with or impair planned future Department-owned telecommunication facilities projects;
4. In accordance with Dig Once, the Department may require providers to adhere to Dig Once when installing telecommunication facilities into the same general location on the highway system and providers shall coordinate their planning and work, install in a joint trench, and equitably share costs;
5. The Department does not incur any unreimbursed additional expense or maintenance costs associated with the telecommunication facility installation, relocation, or removal;
6. The Department and state are not liable for any claims, demands, costs or expenses, including all legal expenses, for loss, damages or injury to any person or property, including third-party persons or property, due to the telecommunication facilities' use of the rights-of-way excluding claims made pursuant to A.R.S. § 28-7382;
7. At-grade or underground telecommunication facility items requiring access, such as conduit, fiber, splice locations, vaults, manholes, and pull boxes may be allowed inside the control of access;
8. Above ground telecommunication facility items such as cabinets, node buildings, amplifiers, pedestals, and regeneration huts will be located where they do not need to be accessed from the travel lane such as traffic interchanges, frontage roads, and intersections;
9. Above ground telecommunication facilities will not be installed within the clear zone; and
10. The location of longitudinal telecommunication facilities are as close to the right-of-way line as practical or as determined by one of the Department's Engineering and Maintenance district offices.

**B.** Telecommunication facilities may be installed longitudinally within a controlled access highway when it meets the requirements as outlined in the ADOT Guideline for Accommodating Utilities on Highway Rights-of-Way.

**C.** Pursuant to A.R.S. § 28-7384, the Department requires the removal or relocation of telecommunication facilities located on the highway right-of-way to accommodate operations and highway projects at the provider's expense. The Department may require removal or relocation of such telecommunication facilities upon expiration or earlier termination of the telecommunication use and occupancy agreement, encroachment permit, or other agreements at the provider's expense.

**Historical Note**
New Section made by exempt rulemaking at 28 A.A.R. 3372 (October 21, 2022), effective January 1, 2023 (Supp. 22-3).

## ARTICLE 7. HIGHWAY BEAUTIFICATION

**R17-3-701. Outdoor Advertising Control**

**A.** Purpose. The purpose of this subsection is to present the definitions of specialized terms used in describing outdoor advertising signs and matters relating to outdoor advertising signs. Terms used in this rule are defined as follows:
1. "Abandoned sign" means a sign for which neither the sign owner nor the landowner claim any responsibility.
2. "Back-to-back sign" means a sign that carries faces attached on each side of the structure and is read from opposite directions.
3. "Directional" means signs containing directional information about public places owned or operated by federal, state, or local government or their agencies; publicly or privately owned natural phenomena, historic, cultural, scientific, educational, religious, and rural activity sites; and areas of natural scenic beauty or naturally suited for outdoor recreation, deemed to be in the interest of the traveling public.
4. "Directional and other official signs and notices" includes only official signs and notices, public utility signs, service club and religious notices, public service signs, and directional signs.
5. "Double-faced sign" means a sign that has two faces facing in the same direction.
6. "Erect" means to construct, build, raise, assemble, place, affix, attach, create, paint, draw, or in any way bring into being or establish.
7. "Face" means the surface of an outdoor advertising structure on which the design is posted or painted, usually made of galvanized metal sheets, fiberboard, plywood or plastic.
8. "Federal or state law" means a federal or state constitutional provision or statute, or an ordinance, rule, or regulation enacted or adopted by a state or federal agency or a political subdivision of a state pursuant to a federal or state constitution or statute.
9. "Illegal sign" means a sign that was erected or maintained, or both, in violation of the state law.
10. "Intended to be read from the main-traveled way" is defined by any of the following criteria:
    a. More than 80% of the average daily traffic (as determined by traffic counts) viewing the outdoor advertising is traveling in either or both directions along the main-traveled way.
    b. Message content is of such a nature that it would be only of interest for the traffic using the main-traveled way.
    c. The sales value of the outdoor advertising is directly attributable to advertising circulation generated by traffic along the main-traveled way.
11. "Interchange" means a junction of two or more highways by a system of separate levels that permit traffic to pass

from one to another without the crossing of traffic streams.

12. "Landmark sign" means a sign of historic or artistic significance that existed on October 22, 1965, which may be preserved or maintained as determined by the Director and approved by the Secretary of Transportation.
13. "Lease" means an agreement, oral or in writing, by which possession or use of land or interests in land is given by the owner to another person for a specified period of time.
14. "Maintain" means to allow to exist, including such activities necessary to keep the sign in good repair, safe condition, and change of copy.
15. "Nonconforming sign" means a sign that was lawfully erected but does not comply with the provisions of state law or state laws passed at a later date or later fails to comply with state law or state regulations due to changed conditions. Illegally erected or maintained signs are not nonconforming signs.
16. "Normal maintenance (nonconforming sign)" means the maintenance customary to keep a sign in ordinary repair, upkeep or refurbishing. The maintenance does not include:
    a. Maintenance that exceeds 50% of the appraised value using current appraisal schedules for a sign, or
    b. Repairs to a sign damaged to such an extent that 60% or more of the uprights require replacement for wood uprights, or 30% or more of the length of each upright support above ground requires replacement for metal uprights.
17. "Obsolete sign" means a directional or other official sign the purpose of which is no longer pertinent.
18. "Official signs and notices" means signs and notices, other than traffic regulatory signs and notices, erected and maintained by public officers or public agencies within their territorial or zoning jurisdiction and pursuant to direction or authorization contained in federal, state, or local law for the purposes of carrying out an official duty or responsibility. Historical markers authorized by state law and erected by state or local government agencies or nonprofit historical societies are official signs.
19. "Off-premise sign" means an outdoor advertising sign that advertises an activity, service or product and that is located on premises other than the premises at which the activity or service occurs or the product is sold or manufactured.
20. "On-premise sign" means any sign that meets the following requirements (such signs are not controlled by state statutes):
    a. Premises. The sign must be located on the same premises as the activity or property advertised.
    b. Purpose. The sign must have as its purpose:
        i. The identification of the activity, or its products or services, or
        ii. The sale or lease of the property on which the sign is located, rather than the purpose of general advertising.

c. In the case of an on-premise sign advertising an activity, the premises must include all actual land used or occupied for the activity, including its buildings, parking, storage and service areas, streets, driveways and established front, rear, and side yards constituting an integral part of such activity, provided the sign is located on property under the same ownership or lease as the activity. Uses of land that serve no reasonable or integrated purpose related to the activity other than to attempt to qualify the land for signing purposes are not premises. Generally these will be inexpensive facilities, such as picnic grounds, playgrounds, walking paths, or fences.

21. "Parkland" means any publicly owned land that is designated or used as a public park, recreation area, wildlife or waterfowl refuge or historic site.
22. "Public service signs" means signs that are located on school bus stop shelters and that:
    a. Identify the donor, sponsor, or contribution of the shelters;
    b. Contain safety slogans or messages, which must occupy not less than 60% of the area of the sign;
    c. Contain no other message;
    d. Are located on school bus shelters that are authorized or approved by city, county, or state law, regulation, or ordinance, and at places approved by the city, county, or state agency controlling the highway involved; and
    e. May not exceed 32 square feet in area. Not more than one sign on each shelter shall face in any one direction.
23. "Public utility signs" means warning markers that are customarily erected and maintained by publicly or privately owned public utilities to protect their facilities.
24. "Re-erection" means the placing of any sign in a vertical position subsequent to its initial erection. Re-erection shall only occur in the event the sign has been damaged by tortious acts, or in the course of normal maintenance.
25. "Scenic area" means any area of particular scenic beauty or historical significance as determined by the federal, state, or local officials having jurisdiction of the area, and includes interests in land that have been acquired for the restoration, preservation, and enhancement of scenic beauty.
26. "Scenic overlook or rest area" means an area or site established and maintained within or adjacent to the highway right-of-way by or under public supervision or control for the convenience of the traveling public.
27. "Service club and religious notices" means signs and notices, whose erection is authorized by law, relating to meetings of nonprofit service clubs or charitable associations, or religious service, that do not exceed eight square feet in area.
28. "V-type signs" means signs that are oriented at an angle to each other, the nearest points of which are not more than 10 feet apart.
29. "Within the view of and directed at the main-traveled way" means any sign that is readable from the main-traveled way for more than five seconds traveling at the posted speed limit or for such a time as the whole message can be read, whichever is less.

**B.** Outdoor advertising permit application procedure.

1. Purpose. The purpose of this subsection is to present the procedures to be followed by applicants in requesting permits for the erection of outdoor advertising facilities.
2. Permit form and fee required. Each application for a permit to erect an outdoor advertising facility must be made on the appropriate Arizona Department of Transportation form and shall be accompanied by a check or money order in the amount of $20.00 payable to the Arizona Department of Transportation.

a. The initial application fee shall be valid for a period of one year from date of issuance. It shall be renewable annually upon payment of a $5.00 fee.
b. Renewal fees will become delinquent 30 days after the annual renewal date. On becoming delinquent, such sign structures will be in violation and a new initial application fee of $20.00 will be required.

3. Applications mailed to maintenance permit engineer. Applications for outdoor advertising permits should be mailed to: Arizona Department of Transportation, Intermodal Transportation Division; 206 South 17th Avenue; Phoenix, Arizona 85007; Attention: Maintenance Permits Section. Assistance to applicants is available at District offices.
4. Separate application for each sign. Each outdoor advertising sign, display or device requires a separate application with fee. All required information describing the location of the sign, the sign qualification standards, and the permitted area identification shall be completely entered on the permit form.
5. Legal description of sign site required. Applicants shall be required to obtain a certification from the governing zoning authority certifying that the zoning is correct for the legal description of the proposed sign location. In cases where the legal description is listed incorrectly on the application, a new certification must be obtained for the correct legal description. Legal descriptions shall adequately describe the property for which the application is made.
6. Location diagram required. Applicants shall submit a location diagram indicating highway route number and such physical features as: buildings, bridges, culverts, poles, mileposts and other stationary land marks necessary to adequately describe the location. The sketch will also indicate the distance in feet the sign is to be erected from the nearest milepost or a street intersection and other off-premise signs in the same vicinity.
7. Applicants must mark site locations. Applicants are required to place an identifiable device or object bearing applicant's name at the proposed sign location to aid field inspectors in site evaluations.
8. Landowner's permission mandatory. Applicants shall be required to obtain a signed certification stating that the applicant has the permission of the landowner to erect the sign at the noted legal description, or in lieu of the signed certification, furnish a copy of an executed lease.
9. Each pending application field checked. Each pending application will be field checked for compliance with the state act and regulations by the district. The findings of the field check will be forwarded to the Maintenance Permit Engineer, Maintenance Section, for final examination and, if approved, permit issuance.
10. Noncompliance. Each application for a permit to erect an outdoor advertising facility which does not comply with all requirements of the law and the Arizona Department of Transportation regulations, will be denied and the application fee may be retained by the state. Exception will be made in cases where applicants did not have knowledge of previous applications or permits for the same site. An additional $20.00 fee shall be added to the regular permit fee for signs illegally erected prior to the issuance of a permit.
11. Permit decals on sign structures. Applicants shall affix permit decals on a permanent surface near the portion of the sign structure closest to the main-traveled way and clearly visible from the roadway. Permit decals to replace any which have been issued and were improperly affixed, lost or destroyed, whether before or after attaching to the sign structure, may be purchased at a cost of $5.00. Signs bearing permit decals for signs other than the sign for which they were issued shall be in violation.
12. Forfeiture of permit fee. Outdoor advertising facilities for which permits have been issued shall be erected within 120 days and shall bear the official permit identification issued for the specific facility. If the applicant mails a written request for extension of time prior to expiration of the 120 days, an additional 60-day extension may be granted. Any permit canceled because no sign was erected within the prescribed time will result in forfeiture of the $20.00 fee.
13. Denial of permit renewals. An existing permit will not be renewed for an approved location on which no sign structure exists.
14. Removal and re-erection time limits. If an outdoor advertising sign is removed from a permitted location for any reason, the permit shall expire within 30 days from date of removal, except that the permittee may notify the Arizona Department of Transportation, Intermodal Transportation Division; Maintenance Permits Section, of intent to re-erect which will allow 120 days for re-erection. Failure to re-erect which will allow 120 days for re-erection. Failure to re-erect within the 120 days allowed will cancel the existing permit.
15. Transfer of permits. Permits are transferable upon sale of sign provided a new owner furnishes the Arizona Department of Transportation with notification of sale within 30 days after date of sale.
16. Calendar days. All references to days made in this permit application procedure, as well as those references in all rules and regulations applying to outdoor advertising control, shall mean calendar days.

**C.** Administrative rules.

1. Purpose. The purpose of this subsection is to present administrative rules developed by the Arizona Department of Transportation for control of outdoor advertising.
2. Restrictions on rights-of-way use. No sign shall be erected or maintained from or by use of interstate highway rights-of-way. Any observed action of this type will result in cancellation of the permit. Signs may be erected and maintained from primary and secondary highways only if no other access is available and an encroachment permit is issued.
3. Nonconforming signs shall be in violation if:
   a. A sign is enlarged (increased in any dimensions of the sign face or structural support),
   b. A sign is replaced (an existing sign is removed and replaced with a completely different sign),
   c. A sign is rebuilt to a different configuration or material composition beyond normal maintenance,
   d. A sign is relocated (moved to a new position or location without being lawfully permitted), or
   e. A sign which was previously non-illuminated has lighting added.
4. Commercial or industrial activities. Commercial or industrial activities which define a business area, or an unzoned commercial or industrial area must be in operation at the time the permit application is made. Should any commercial or industrial activity, which has been

used in defining or delineating a business area, or an unzoned commercial or industrial area, cease to operate for a period of six continuous months, any signs qualified by such activity shall become nonconforming.

5. On premise. Should any activity which has been used in defining an on-premise sign cease to operate for a period of six continuous months any signs qualified by that activity shall be considered as off premise and will require appropriate permits. If the signs are then not permitable they will be in violation.
6. Municipal limit between signs. When a municipal limit falls between signs the spacing requirement shall be 300 feet between signs on primary or secondary highways.
7. Proposed interstate alignment locations. Signs existing or to be erected on primary or secondary highway systems which have been declared by the Director of Transportation as an interstate freeway alignment prior to construction of such interstate or freeway shall be classified as though the Interstate or Freeway already exists, requiring spacing criteria for Interstate or other freeways.
8. Double-faced, back-to-back, and V-type signs. Double-faced, back-to-back and V-type sign structure permits will be limited to a single sign ownership for each site. No more than two faces will be allowed facing each direction of travel. Double-faced signs shall not exceed 350 square feet per face. V-type signs will be limited to a 10’ spacing between faces at the apex. V-type sign spacing from other signs shall be measured from the middle of the apex.
9. Multifaced community signs. Local chambers of commerce may obtain permits to erect signs with more than two faces. These signs shall not exceed 1,200 square feet in area with a maximum overall vertical facing of 25 feet and a maximum overall horizontal facing of 60 feet, including border and trim, and excluding base or apron supports and other structural members. All other laws, rules and regulations will apply to multifaced community signs as to other off premise signs.
10. New sign making existing sign nonconforming. If a new sign which would otherwise be conforming will make an existing sign nonconforming, the new sign shall not be allowed.
11. Hearing requests. The land owner or sign owner may request a hearing in connection with a permit application denied or other action taken by the Arizona Department of Transportation in connection with the rules prescribed in this Section. Within seven days after notice of the action is mailed or posted, the land owner or sign owner may make written request for a hearing on the action. The Director of the Department of Transportation shall designate a hearing officer, who shall be an administrative employee of the Department of Transportation, to conduct and preside at the hearings. When a hearing is requested, the hearing shall be held within 30 days after the request, and the party requesting the hearing shall be given at least five days notice of the time of the hearing. All hearings shall be conducted at Department of Transportation administrative offices. A full and complete record and transcript of the hearing shall be taken. The presiding officer shall within 10 days after the hearing make a written determination of the presiding officer’s findings of fact, conclusions and decision and shall mail a copy of the same, by certified mail, to the owner or the party who requested the hearing.
12. Landmark signs. The Director will submit a one-time declaration listing all landmark signs to the Secretary of Transportation. The preservation of these signs would be consistent with the purposes of state highway beautification laws.
13. Blanked out or discontinued nonconforming signs. When an existing nonconforming sign ceases to display advertising matter for a period of one year the use of the structure as a nonconforming outdoor advertising sign is terminated.
14. Vandalized signs. Legal nonconforming signs may be rebuilt to their original configuration and size when they are destroyed due to vandalism and other criminal or tortious acts.

**D.** Standards for directional and other official signs.

1. Purpose. The purpose of this subsection is to present standards applicable to directional and other official signs.
2. Scope and application. The standards presented in this Chapter apply to directional and other official signs and notices which are erected and maintained within 660 feet of the nearest edge of the right-of-way of the interstate, federal-aid primary and secondary highway systems and which are visible from the main-traveled way of the systems. These types of signs must conform to national standards, promulgated by the Secretary of Transportation under authority set forth in 23 U.S.C. 131(c). These standards do not apply, however, to directional and other official signs erected on the highway right-of-way.
3. Standards for directional signs. The following apply only to directional signs:
    a. General. The following signs are prohibited:
        i. Signs advertising activities that are illegal under federal or state laws or regulations in effect at the location of those signs or at the location of those activities.
        ii. Signs located in such a manner as to obscure or otherwise interfere with the effectiveness of an official traffic sign, signal, or device or obstruct or interfere with the driver’s view of approaching, merging, or intersecting traffic.
        iii. Signs which are erected or maintained upon trees or painted or drawn upon rocks or other natural features.
        iv. Obsolete signs.
        v. Signs which are structurally unsafe or in disrepair.
        vi. Signs which move or have any animated or moving parts.
        vii. Signs located in rest areas, parklands or scenic areas.
    b. Size. No sign shall exceed the following limits, which include border and trim, but exclude supports.
        i. Maximum area -- 150 square feet.
        ii. Maximum height -- 20 feet.
        iii. Maximum length -- 20 feet.
    c. Lighting. Signs may be illuminated, subject to the following:
        i. Signs which contain, include, or are illuminated by any flashing, intermittent or moving light or lights are prohibited.
        ii. Signs which are not effectively shielded so as to prevent beams or rays of light from being directed at any portion of the traveled way of an Interstate or primary highway or which are of

such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle, or which otherwise interfere with any driver's operation of a motor vehicle are prohibited.

iii. No sign may be so illuminated as to interfere with the effectiveness of or obscure an official traffic sign, device, or signal.

d. Spacing.

i. Each location of a directional sign must be approved by the Arizona Department of Transportation.

ii. No directional sign may be located within 2,000 feet of an interstate, or intersection at grade along the interstate system or other freeways (measured along the interstate of freeway from the nearest point of the beginning or ending of pavement widening at the exit from or entrance to the main traveled way).

iii. No directional sign may be located within 2,000 feet of a rest area, parkland, or scenic area.

(1) No two directional signs facing the same direction of travel shall be spaced less than one mile apart;

(2) Not more than three directional signs pertaining to the same activity and facing the same direction of travel may be erected along a single route approaching the activity;

(3) Directional signs located adjacent to the Interstate System shall be within 75 air miles of the activity; and

(4) Directional signs located adjacent to the Primary System shall be within 50 air miles of the activity.

(5) No directional signs shall be located within 500 feet of an off-premise outdoor advertising sign on any state highway.

e. Message content. The message on directional signs shall be limited to the identification of the attraction or activity and directional information useful to the traveler in locating the attraction, such as mileage, route numbers, or exit number. Descriptive words or phrases, and pictorial or photographic representations of the activity or its environs are prohibited.

f. Selection methods and criteria for privately owned activities or attractions to obtain directional sign approval.

i. Privately owned activities are attractions eligible for directional signing are limited to the following categories:

(1) Natural phenomena,
(2) Scenic attractions,
(3) Historic sites,
(4) Educational sites,
(5) Cultural sites,
(6) Scientific sites,
(7) Religious sites, and
(8) Outdoor recreational areas.

ii. To be eligible, privately owned attractions or activities must be nationally or regionally known, and of outstanding interest to the traveling public.

iii. The Director, Arizona Department of Transportation, will appoint a Selection Board for Directional Signing Qualifications consisting of three administrative or professional employees of the Department of Transportation, one of whom shall be designated as chairperson, to judge and approve the qualifications for directional signing of privately owned activities or attractions as limited to the categories in subsection (D)(3)(f)(i) and the qualification in subsection (D)(3)(f)(ii).

iv. Applicants for directional signs involving privately owned activities or attractions, shall first qualify the activity or attraction by submitting an official qualification form to the attention of the maintenance permit engineer, highways division, Arizona Department of Transportation. The maintenance permit engineer will forward the application for qualification, along with any technical data which may assist the selection board in making the selection board's determination, to the selection board.

v. Applicant shall indicate one or more categories (as listed in subsection (D)(3)(f)(i) that is applicable to the activity or attraction for which qualification is sought. Applicants shall submit a statement and supporting evidence that the activity or attraction is nationally or regionally known and is of outstanding interest to the traveling public.

vi. The selection board will, upon approval or rejection of an application, give notification of the selection board's determination in writing, to the applicant and to the maintenance permit engineer.

vii. The maintenance permit engineer will not issue any permits for directional signs for any privately owned activity or attraction until receipt of qualification approval by the selection board. All directional sign permits issued for the Department of Transportation by the maintenance permit engineer will meet the standards for directional and other official signs as incorporated in the "Rules and Regulations for Outdoor Advertising along Arizona Highways" approved and issued by the Director, Arizona Department of Transportation.

g. Rural activity signs are intended to give directions to rural activity sites located along rural roads connecting to state highways. The signs must be located in areas primarily rural in nature. Rural activities that may qualify include ranches, recreational areas and mines. Signs for private residences, subdivisions, and commercial activities are not permitted. Industrial activities that are located in primarily rural areas such as mines or material pits may be allowed. The signs shall not be located in business areas, unzoned commercial or industrial areas, or within municipal limits. The selection board may make final determination of eligibility for those signs when necessary. Not more than one sign pertaining to a rural activity facing the same direction of travel may be erected along a single route approaching the rural connecting road. Signs will be limited to 10

square feet in area. All other standards for directional signs shall apply.

h. No application fee is required for official signs and notices, public utility signs, service club and religious notices, public service signs or directional signs erected by federal, state or local governments. Other directional signs require a permit application and $20.00 fee.

**Historical Note**

Adopted effective January 3, 1977 (Supp. 77-1). Former Section R17-3-711 renumbered without change as Section R17-3-701 (Supp. 88-4). Amended by final rulemaking at 18 A.A.R. 2347, effective November 10, 2012 (Supp. 12-3).

**Exhibit 1. Expired**

**Historical Note**

Exhibit 1 expired under A.R.S. § 41-1056(E) at 15 A.A.R. 2104, effective October 1, 2009 (Supp. 09-4).

**Exhibit 2. Expired**

**Historical Note**

Exhibit 2 expired under A.R.S. § 41-1056(E) at 15 A.A.R. 2104, effective October 1, 2009 (Supp. 09-4).

**Exhibit 3. Expired**

**Historical Note**

Exhibit 3 expired under A.R.S. § 41-1056(E) at 15 A.A.R. 2104, effective October 1, 2009 (Supp. 09-4).

**Exhibit 4. Expired**

**Historical Note**

Exhibit 4 expired under A.R.S. § 41-1056(E) at 15 A.A.R. 2104, effective October 1, 2009 (Supp. 09-4).

**Exhibit 5. Expired**

**Historical Note**

Exhibit 5 expired under A.R.S. § 41-1056(E) at 15 A.A.R. 2104, effective October 1, 2009 (Supp. 09-4).

**Exhibit 6. Expired**

**Historical Note**

Exhibit 6 expired under A.R.S. § 41-1056(E) at 15 A.A.R. 2104, effective October 1, 2009 (Supp. 09-4).

**Exhibit 7. Expired**

**Historical Note**

Exhibit 7 expired under A.R.S. § 41-1056(E) at 15 A.A.R. 2104, effective October 1, 2009 (Supp. 09-4).

**Exhibit 8. Expired**

**Historical Note**

Exhibit 8 expired under A.R.S. § 41-1056(E) at 15 A.A.R. 2104, effective October 1, 2009 (Supp. 09-4).

**Exhibit 9. Expired**

**Historical Note**

Exhibit 9 expired under A.R.S. § 41-1056(E) at 15 A.A.R. 2104, effective October 1, 2009 (Supp. 09-4).

**R17-3-701.01. Outdoor Advertising Control: Restrictions on the Erection of Billboards and Signs and Restrictions on the Issuance of Permits**

**A.** Outdoor advertising shall not be erected under A.R.S. § 28-2102(A)(4) or (5) in a zoned area:

1. Which is not part of a comprehensive zoning plan and which is created primarily to permit outdoor advertising structures, or
2. In which limited commercial or industrial activities are permitted as an incident to other primary land uses.

**B.** A permit for outdoor advertising shall not be issued under A.R.S. § 28-2106(4) in a zoned area:

1. Which is not part of a comprehensive zoning plan and which is created primarily to permit outdoor advertising structures, or
2. In which limited commercial or industrial activities are permitted as an incident to other primary land uses.

**Historical Note**

Emergency rule adopted effective May 17, 1994, pursuant to A.R.S. § 41-1026, valid for 90 days (Supp. 94-2). Permanently adopted without change effective August 12, 1994 (Supp. 94-3).

**R17-3-702. Repealed**

**Historical Note**

Adopted effective September 9, 1977 (Supp. 77-5). Amended effective May 11, 1981 (Supp. 81-3). Former Section R17-3-712 renumbered without change as Section R17-3-702 (Supp. 88-4). Section R17-3-702 and Exhibits 1-9 repealed by final rulemaking at 10 A.A.R. 5202, effective February 5, 2005 (Supp. 04-4).

**R17-3-703. Arizona Junkyard Control**

**A.** Purpose. The purpose of this Section is to describe the Arizona Department of Transportation's responsibility to effectively control junkyards within 1000 feet of the right-of-way on interstate highways under A.R.S. §§ 28-7941 through 28-7946.

**B.** Definitions. For purposes of this Section:

1. "Department" means the Arizona Department of Transportation.
2. "Director" means the Director, Arizona Department of Transportation or the Director's designated representative.
3. "Screening" means the use of vegetative planting, fencing, masonry wall or other constructed structure, earthen embankment, or a combination of any of these that effectively hides from view a deposit of junk from the main-traveled way.
4 "Screening license" means a license issued by the Director as required by A.R.S. § 28-7943 and as described in this Section.
5. "Unzoned industrial area" means the same as in A.R.S. § 28-7901(11).

**C.** Screening license application procedure.

1. Screening license required. The Department requires a screening license for a junkyard that:
   a. Was established or expanded after July 1, 1974;
   b. Is located within 1000 feet of the nearest edge of the right-of-way of the interstate highway system;
   c. Is within view of the main-traveled way of the interstate highway system; and
   d. Is not located in a zoned or unzoned industrial area.

2. Screening license form. An applicant shall use the Department "junkyard permit application" form to apply for a screening license, and provide the following information:
   a. Name, address, and telephone number of the owner;
   b. Legal description of the land where the junkyard to be screened is located;
   c. Name and address of the junkyard business;
   d. Location of the junkyard, including:
      i. The highway route number,
      ii. Distance, in feet, to nearest highway milepost,
      iii. Distance, in feet, from the highway right-of-way to the junkyard boundaries.
   e. Zoning classification of the land where the junkyard is located; and,
   f. Type, size, and date of establishment of the junkyard.
3. Application mailed to Permits Manager. An applicant shall mail the completed junkyard permit application, required documentation and the $25.00 fee, in the form of a check or money order payable to the Arizona Department of Transportation, to:
   Arizona Department of Transportation
   Intermodal Transportation Division
   206 South 17th Avenue, MD 004R
   Phoenix, AZ 85007
   Attention: Maintenance Permits Manager, Maintenance Section
4. Required documentation. Along with the junkyard permit application, an applicant shall submit the following documentation:
   a. A location diagram or plat of the junkyard area that indicates:
      i. The highway route number;
      ii. Distance, in feet, to nearest highway milepost;
      iii. Physical features such as buildings, bridges, culverts, utility poles, and other stationary improvements or site features that adequately describe the location; and
      iv. Distance, in feet, from the highway right-of-way to the junkyard boundaries.
   b. A drawing or plan, drawn to scale, of the junkyard screening design to be used, that includes:
      i. Plan view;
      ii. Elevation;
      iii. Construction details of fencing, berms, and plantings used alone or in combination;
      iv. If applicable, plant pit size, backfill material to be used, planting and staking details, botanical names of plant materials, plant size at the time of planting, and the spacing between plants; and
      v. Any details necessary to show design and construction materials to be used.
5. Extensions. A request for an extension shall be in writing. The Department shall grant a 60 day extension in the following circumstances:
   a. If an applicant requests an extension for completion of screening within 90 days after the Department approves a screening license; and
   b. If the Department gives a junkyard owner a violation notice and the junkyard owner requests an extension to submit the screening application within 60 days of receiving the violation notice.
6. License issuance or denial.
   a. The Department shall grant an application for a screening license only if the application complies with all requirements of A.R.S. §§ 28-7941 through 28-7946 and this Section.
      i. A junkyard owner has 180 days from the date of approval to screen the junkyard.
      ii. The Department shall field check each approved license to ensure compliance with the screening requirements of A.R.S. §§ 28-7941 through 28-7946, and this Section.
   b. If the Department denies an application because the screening plan does not comply with A.R.S. §§ 28-7942 through 28-7946 or this Section, an applicant may, within 10 days of the denial, request permission in writing to submit an amended application and amended screening plan without paying an additional fee.
   c. A junkyard owner who fails to complete the junkyard screening within 180 days from approval of the screening license, or other prescribed period, may be found guilty under subsection (D)(9).
7. Invalidation of screening license. An existing screening license shall become invalid at a previously approved location when the junkyard is enlarged or substantially changed in use so that the screening no longer adequately screens the junk. An owner shall apply for a new and separate screening license.
8. Transfer of screening license. To transfer a screening license upon sale of a junkyard, a new owner shall submit to the Department written notification of sale within 30 days after date of sale. Upon sale of a junkyard, the new owner shall continue all screening maintenance.

**D.** Screening.
1. Purpose. This subsection describes the requirements governing the location, planting, construction, and maintenance, of materials used in screening junkyards as required in A.R.S. § 28-7942(D).
2. Junkyard expansions. A junkyard owner shall be responsible for any expense to expand an existing junkyard screen. Screening expansions shall be aesthetically compatible, as the Director determines, with existing screens.
3. Screening location. Fences and screens shall be located so as not to be hazardous to the traveling public. New junkyards and expansions shall have screens in place before any junk is deposited.
4. Acceptable screening. When fencing is used alone or in combination with plant material, the fencing shall be capable of screening the junk entirely from view. When planting is used alone or in combination with an earthen berm, the number, type, size, and spacing of the plants shall be capable of screening the junk entirely from view, as determined by the Department.
5. Acceptable fencing materials. Acceptable fencing includes: steel or other metals; durable woods such as heart cypress, redwood, or other wood treated with a preservative; and walls of concrete block, brick, stone, or other masonry. Metal fencing shall be stained, colored, coated, or painted to blend into surroundings and be aesthetically unobtrusive.
6. Acceptable plant materials. Plant materials used shall be predominantly evergreen. In general, the minimum size of plant materials used shall be equal to five-gallon con-

tainers. An applicant may obtain a list of acceptable plant materials from the Department.

7. Screening maintenance. A junkyard owner shall ensure that screening does not enter the right-of-way. A junkyard owner shall maintain all screening in good condition by:
   a. Maintaining fences, walls, or other structural material in good appearance by timely painting and repair.
   b. Adequately watering, cultivating, mulching, or giving other maintenance to plant material, including spraying for insect control, to keep the planting in healthy condition; and
   c. Removing all dead plant material immediately and replacing it promptly during the following planting season. Replacement plants shall be at least as large as the initial planting as approved on the screening license.
8. Abandoned, destroyed, or voluntarily discontinued junkyards. A junkyard that ceases to operate for a period of one year or longer, shall comply with A.R.S. § 28-7943 and obtain a screening license to be reopened.
9. Violation.
   a. The Department shall issue a violation notice to a junkyard owner for failing to comply with A.R.S. §§ 28-7941 through 28-7946. A junkyard owner shall have 60 days from the date the violation notice is issued to apply for a screening license and submit a screening plan for the Department's review and approval.
   b. A person who violates any provision of A.R.S. §§ 28-7941 through 28-7946 or this Section for junkyard control can be found guilty of a misdemeanor under A.R.S. § 28-7946.

**Historical Note**

Adopted effective September 7, 1979 (Supp. 79-5). Amended effective June 13, 1980 (Supp. 80-3). Former Section R17-3-713 renumbered without change as Section R17-3-703 (Supp. 88-4). Amended by final rulemaking at 8 A.A.R. 844, effective February 8, 2002 (Supp. 02-1).

## ARTICLE 8. EXPIRED

**R17-3-801. Expired**

**Historical Note**

Adopted effective May 30, 1984 (Supp. 84-3). Amended effective August 3, 1994 (Supp. 94-3). Amended by final rulemaking at 10 A.A.R. 2073, effective July 6, 2004 (Supp. 04-2). Section expired under A.R.S. § 41-1056(J) at 26 A.A.R. 382, effective February 4, 2020 (Supp. 20-1).

**R17-3-802. Expired**

**Historical Note**

Adopted effective May 30, 1984 (Supp. 84-3). Amended effective August 3, 1994 (Supp. 94-3). Amended by final rulemaking at 10 A.A.R. 2073, effective July 6, 2004 (Supp. 04-2). Section expired under A.R.S. § 41-1056(J) at 26 A.A.R. 382, effective February 4, 2020 (Supp. 20-1).

**R17-3-803. Expired**

**Historical Note**

Adopted effective May 30, 1984 (Supp. 84-3). Amended effective August 3, 1994 (Supp. 94-3). Section repealed; new Section made by final rulemaking at 10 A.A.R. 2073, effective July 6, 2004 (Supp. 04-2). Section expired under A.R.S. § 41-1056(J) at 26 A.A.R. 382, effective February 4, 2020 (Supp. 20-1).

**R17-3-804. Expired**

**Historical Note**

Adopted effective May 30, 1984 (Supp. 84-3). Amended effective August 3, 1994 (Supp. 94-3). Section repealed; new Section made by final rulemaking at 10 A.A.R. 2073, effective July 6, 2004 (Supp. 04-2). Section expired under A.R.S. § 41-1056(J) at 26 A.A.R. 382, effective February 4, 2020 (Supp. 20-1).

**R17-3-805. Expired**

**Historical Note**

Adopted effective May 30, 1984 (Supp. 84-3). Correction to subsection (C) (Supp. 88-4). Amended effective August 3, 1994 (Supp. 94-3). Amended by final rulemaking at 10 A.A.R. 2073, effective July 6, 2004 (Supp. 04-2). Section expired under A.R.S. § 41-1056(J) at 26 A.A.R. 382, effective February 4, 2020 (Supp. 20-1).

**R17-3-806. Expired**

**Historical Note**

Adopted effective May 30, 1984 (Supp. 84-3). Amended effective August 3, 1994 (Supp. 94-3). Amended by final rulemaking at 10 A.A.R. 2073, effective July 6, 2004 (Supp. 04-2). Section expired under A.R.S. § 41-1056(J) at 26 A.A.R. 382, effective February 4, 2020 (Supp. 20-w1).

**R17-3-807. Expired**

**Historical Note**

Adopted effective May 30, 1984 (Supp. 84-3). Amended effective August 3, 1994 (Supp. 94-3). Amended by final rulemaking at 10 A.A.R. 2073, effective July 6, 2004 (Supp. 04-2). Section expired under A.R.S. § 41-1056(J) at 26 A.A.R. 1589, effective February 4, 2020 (Supp. 20-3).

**R17-3-808. Expired**

**Historical Note**

Adopted effective May 30, 1984 (Supp. 84-3). Amended effective August 3, 1994 (Supp. 94-3). Section repealed; new Section made by final rulemaking at 10 A.A.R. 2073, effective July 6, 2004 (Supp. 04-2). Section expired under A.R.S. § 41-1056(J) at 26 A.A.R. 382, effective February 4, 2020 (Supp. 20-1).

**R17-3-809. Repealed**

**Historical Note**

Adopted effective May 30, 1984 (Supp. 84-3). Amended effective August 3, 1994 (Supp. 94-3). Section repealed by final rulemaking at 10 A.A.R. 2073, effective July 6, 2004 (Supp. 04-2).

## ARTICLE 9. HIGHWAY TRAFFIC CONTROL DEVICES

**R17-3-901. Signing for Colleges and Universities**

**A.** Definitions.

"Community College" has the meaning as prescribed in A.R.S. § 15-1401.

"Department" means the Arizona Department of Transportation.

"FHWA" means the Federal Highway Administration of the U.S. DOT.

"Major metro area" means an urban area with a population of at least 50,000.

"Municipality" means an incorporated city or town.

"MUTCD" means the Manual on Uniform Traffic Control Devices, a national standard for the design and application of traffic control devices that is published by the U.S. DOT/FHWA and that is the standard for traffic control devices on the streets and highways of this state as required by A.R.S. § 28-641.

"Nonconforming sign" means an erected sign that does not comply with this Section or A.R.S. § 28-642(D) due to changes in the statutes, rules, or changed conditions. Examples of changed conditions include the reconstruction of a highway or physical deterioration of a sign.

"Regionally accredited college or university" means a college or university accredited by a regional institutional accrediting association recognized by the Arizona State Board for Private Postsecondary Education.

"Rural area" means all areas other than a major metro area or an urban area.

"Signing" means standard highway supplemental guide signs as specified in the MUTCD.

"State highway" has the same meaning as prescribed in A.R.S. § 28-101.

"State University" means a university established and maintained by the Arizona Board of Regents under A.R.S. § 15-1601.

"Trailblazing sign" means a sign installed by a local governmental agency, off the state highway, to guide traffic to a college or university.

"Trip" means a one-way commute to or from a college or university, calculated by the Department based on the number of students or dorm beds, using the following equivalents:

One student = 1 1/2 trips
One dorm bed = three trips.

"Urban area" means a municipality having a population of at least 10,000 but less than 50,000.

"U.S. DOT" means the United States Department of Transportation.

**B.** Application for signing. A college or university referenced in A.R.S. § 28-642(D) may request signing by submitting a letter on its letterhead to the Department's State Traffic Engineer. The letter shall contain the following information:

1. Name of college or university;
2. Complete street address;
3. Names of agencies granting accreditation;
4. Number of students;
5. Number of dormitory beds, if applicable; and
6. Signature of a person authorized to sign for the college or university.

**C.** Requirements. To be considered for signing, a college or university referenced in A.R.S. § 28-642(D) shall satisfy the following:

1. Is on a road that intersects a state highway. If a college or university is on a road that does not intersect a state highway, it still may qualify if:
   a. The governing political subdivision submits to the Department, within 30 days from the Department's receipt of the request for signing, written confirmation stating that the governing political subdivision will install and maintain trailblazing signs; and
   b. The governing political subdivision installs trailblazing signs before the Department places signing on the state highway.
2. Meets all the requirements under subsection (C)(2)(a), (b), or (c) of this Section.
   a. If in a major metro area:
      i. Generates at least 4000 trips per weekday.
      ii. Is three miles or less from a state highway, except the distance may be increased 1/4 mile for each 10% increase in the required number of trips per weekday to a maximum of five miles.
   b. If in an urban area:
      i. Generates at least 2000 trips per weekday.
      ii. Is four miles or less from a state highway, except the distance may be increased 1/4 mile for each 10% increase in the required number of trips per weekday to a maximum of five miles.
   c. If in a rural area:
      i. Generates at least 1000 trips per weekday.
      ii. Is five miles or less from the state highway, except the distance may be increased 1/4 mile for each 10% increase in the required number of trips per weekday to a maximum of 15 miles.

**D.** Exceptions to standards. The Department may place supplemental guide signs on state highways to direct traffic to colleges and universities. The Department shall determine whether to place supplemental guide signs for a college or university based on the specific criteria and the guidelines in the MUTCD.

**E.** Nonconforming signs. The Department may remove a nonconforming sign if:

1. Other signs have greater priority under the criteria in the MUTCD,
2. Physical spacing of signs is limited for an upcoming interchange or intersection, or
3. A greater number of trips are generated by the subject of other guide signs.

**F.** College or university. Only the initial, main campus of a college or university referenced in A.R.S. § 28-642(D) may qualify for signing, unless otherwise permitted by statute.

**Historical Note**
Adopted effective May 7, 1991 (Supp. 91-2). Amended by final rulemaking at 8 A.A.R. 3838, effective August 12, 2002 (Supp. 02-3). Amended by final rulemaking at 18 A.A.R. 1263, effective July 6, 2012 (Supp. 12-2). Amended by final rulemaking at 19 A.A.R. 1324, effective July 6, 2013 (Supp. 13-2).

**R17-3-902. Logo Sign Programs**

**A.** Definitions.

"Attraction" means any of the following:

"Arena" means a facility that has a capacity of at least 5000 seats, and is a:

Stadium or auditorium;

Track for automobile, boat, or animal racing; or

Fairground that has a tract of land where fairs or exhibitions are held and permanent buildings that include bandstands, exhibition halls, and livestock exhibition pens.

"Cultural" means an organized and permanent facility that is open to all ages of the public, and is a:

Facility for the performing arts, exhibits, or concerts; or

Museum with professional staff, and an artistic, historical, or educational purpose, that owns or uses tangible objects, cares for them, and exhibits them to the public.

"Domestic farm winery" means a site licensed by the Arizona Department of Liquor Licenses and Control under A.R.S. § 4-205.04 that produces at least 200 gallons and not more than 40,000 gallons of wine annually that is commercially packaged for off-premises sale, and is open to the public for tours to provide an educational format for informing visitors about wine.

"Domestic microbrewery" means a site licensed by the Arizona Department of Liquor Licenses and Control under A.R.S. § 4-205.08 that produces not less than 5000 gallons of beer in each calendar year following the first year of operation and not more than 1.24 million gallons of beer in a calendar year, and is open to the public for tours to provide an educational format for informing visitors about beer.

"Dude ranch" means a facility offering overnight lodging, meals, horseback riding, and activities related to cattle ranching;

"Farm-related" means an established area or facility where consumers can purchase directly from Arizona producers locally-grown, consumer-picked or pre-picked produce, or local products produced from locally-grown produce.

"Golf course" means a facility offering at least 18 holes of play. Golf course excludes a miniature golf course, driving range, chip-and-putt course, and indoor golf.

"Historic" means a structure, district, or site that is listed on the National or Arizona Register of Historic Places as being of historical significance, and includes an informational device to educate the public about the facility's historic features.

"Mall" means a shopping area with at least 1 million square feet of retail shopping space.

"Recreational" means a facility for physical exercise or enjoyment of nature that includes at least one of the following activities: walking, hiking, skiing, boating, swimming, picnicking, camping, fishing, playing tennis, horseback riding, skating, hang-gliding, and climbing;

"Scenic tours" means a business that offers guided tours of scenic areas in Arizona through various means, including air, motorized vehicle, animal, walking, or biking;

"Average annual daily traffic" means the total volume of traffic passing a point or segment of an interstate or other state highway in both directions for one year, divided by the number of days in the year, adjusted for hours of the day counted, days of the week, and seasons of the year.

"Business" means an entity that provides a specific service open for the general public and is located on a roadway within the required distance of an interstate or other state highway.

"Contract" means a written agreement between a contractor and the Department to operate a logo sign program or any aspect of a logo sign program that describes the obligations and rights of both parties.

"Contractor" means a person or entity that enters into an agreement with the Department to operate a logo sign program or any aspect of a logo sign program, and that is responsible for those aspects of a logo sign program as provided in the contract.

"Department" means the Arizona Department of Transportation.

"Exit ramp" means a roadway by which traffic may leave a controlled access highway.

"FHWA" means the Federal Highway Administration of the U.S. DOT.

"Food court" means a collective food facility that exists in one contiguous area and contains a minimum of three separate food service businesses.

"Highway" has the same meaning as prescribed in A.R.S. § 28-101.

"Interchange" means the point at which traffic on a system of interconnecting roadways that have one or more grade separations, moves from one roadway to another at a different level.

"Intersection" has the same meaning as prescribed in A.R.S. § 28-601.

"Interstate system" has the same meaning as prescribed in A.R.S. § 28-7901.

"Lease agreement" means a written contract between a contractor and a responsible operator, or between the Department and a responsible operator, to lease space for a responsible operator's logo on a contractor's or the Department's specific service information sign.

"Logo" means an identification brand, symbol, trademark, name, or a combination of these, for a responsible operator.

"Logo sign" means a specific service information sign consisting of a lettered board attached to a separate rectangular panel that displays an identification brand, symbol, trademark, name, or a combination of these, for a responsible operator.

"Logo sign panel" means a separate rectangular panel on which a logo is placed.

"Municipality" means an incorporated city or town.

"MUTCD" means the Manual on Uniform Traffic Control Devices, a national standard for the design and application of traffic control devices that is published by the U.S. DOT/FHWA and that is the standard for traffic control devices on the streets and highways of this state as required by A.R.S. § 28-641.

"Primary business" means:

A gas service business that is within three miles of an intersection or exit ramp; is in continuous operation to provide services at least 16 hours per day, seven days per

week for the interstate system; and 12 hours per day, seven days per week, for other highways;

A food service business that is within three miles of an intersection or exit ramp terminal and is in continuous operation to serve at least two meals per day at least six days per week;

A lodging service business that is within three miles of an intersection or exit ramp terminal;

A camping service business that is within five miles of an intersection or exit ramp terminal;

An attraction service business, or staging area of that business, that is within three miles of an intersection or exit ramp terminal; or

A 24-hour pharmacy that is within three miles in any direction of an interchange or exit ramp terminal on the interstate system.

"Ramp terminal" means the area where an exit ramp intersects with a roadway.

"Responsible operator" means a person or entity that:

Owns or operates an eligible business, pursuant to subsection (C) of this Section,

Has authority to enter into a lease,

Enters into a lease for a logo sign through the rural or urban logo sign program, and

Has not become ineligible to participate.

"Rural logo sign program" means a system to install and maintain specific service information signs on a rural state highway outside of an urbanized area, as provided in A.R.S. § 28-7311(E)(2).

"Rural state highway" means any class of state highway, located outside of an urbanized area as provided in A.R.S. § 28-7311 (E)(2).

"Secondary business" means a business as follows:

A gas service business that is within three to 15 miles of an intersection or exit ramp terminal, and is in continuous operation to provide services at least eight hours per day, five consecutive days per week;

A food service business that is within three to 15 miles of an intersection or exit ramp terminal, and is in continuous operation to serve at least two meals per day (either breakfast and lunch, or lunch and dinner) for a minimum of five consecutive days per week;

A lodging service business that is within three to 15 miles of an intersection or exit ramp terminal;

A camping service business that is within five to 15 miles of an intersection or exit ramp terminal; or

An attraction service business, or staging area of that business, that is within three to 15 miles of an intersection or exit ramp terminal.

"Specific service" means gas, food, lodging, camping, attractions, or 24-hour pharmacies.

"Specific service information sign" means a rectangular sign panel that contains directional information, one or more logos, and the following words:

"GAS," "FOOD," "LODGING," "CAMPING," "ATTRACTION," OR "24-HOUR PHARMACY."

"Staging area" means a regular, designated site where a scenic tour begins.

"State highway" has the same meaning as prescribed in A.R.S. § 28-101.

"Trailblazing sign" means a specific service information sign that provides additional directional guidance to a location, route, or building from another highway or roadway.

"Urbanized area" has the same meaning as prescribed in A.R.S. § 28-7311(E)(2).

"Urban logo sign program" means a system to install and maintain specific service information signs on an interstate system or other state highway within an urbanized area, as provided in A.R.S. § 28-7311.

"U.S. DOT" means the United States Department of Transportation.

**B.** Administration.

1. The Department may operate an urban and a rural logo sign program, or may select a contractor to administer an urban and a rural logo sign program. An urban logo sign program may be implemented on state highways in any urbanized areas in the state. A rural logo sign program may be implemented on state highways located outside of urbanized areas in the state. If the Department utilizes a contractor to administer an urban and a rural logo sign program, the Department shall solicit offers, as provided in A.R.S. §§ 41-2501 through 41-2673, to select a contractor.
2. The Department may contract separately for an urban and a rural logo sign program.
3. A contract shall specify the standards that a contractor shall use, which are contained in the MUTCD, U.S. DOT/FHWA current edition as adopted by the Department under A.R.S. § 28-641 and any other requirements and standards prescribed by the Department.
4. The Department may propose its own form of a written lease agreement with a responsible operator. The Department shall prescribe the form of any written lease agreement between a contractor and a responsible operator. A contractor's lease agreement with a responsible operator shall include, by reference, the terms and conditions of the Department's contract with a contractor under A.R.S. §§ 41-2501 through 41-2673. A contractor or the Department may terminate program participation of any responsible operator under subsection (C)(1) of this Section.

**C.** Eligibility criteria for primary and secondary businesses.

1. Any business is ineligible to place a logo on a logo sign panel on a particular state highway if it already has a highway guide sign installed on that state highway by a contractor or the Department. Any business is ineligible for program participation if:
   a. Thirty calendar days have elapsed since a contractor or the Department issued a notice of default to a business, during which time a business failed to cure the default, or
   b. A business has defaulted on a lease.
2. Gas service business. To be eligible to place a logo on a logo sign panel, a gas service business shall:
   a. Provide gasoline, diesel fuel, oil, and water for public purchase or use;

b. Provide sanitary restroom facilities and drinking water;
c. Provide a telephone available for public use; and
d. Meet the additional requirements for a primary or secondary gas service business in the definition of a primary or secondary business in subsection (A) of this Section.

3. Food service business. To be eligible to place a logo on a logo sign panel, a food service business shall:
   a. Provide sanitary restroom facilities for customers;
   b. Provide a telephone available for public use;
   c. If a food service business is part of a food court located within a shopping mall, the shopping mall may qualify as the responsible operator if the food court:
      i. Complies with this Section, and
      ii. Has clearly identifiable, on-premise signing consistent with the logo sign that is sufficient to guide motorists directly to the entrance to the food court.
   d. Have a license where required; and
   e. Meet the additional requirements for a primary or secondary food service business in the definition of a primary or secondary business in subsection (A) of this Section.
4. Lodging service business. To be eligible to place a logo on a logo sign panel, a lodging service business shall:
   a. Provide five or more units of sleeping accommodations;
   b. Provide a telephone available for public use;
   c. Have a license, where required;
   d. Provide sanitary restroom facilities for customers; and
   e. Meet the additional requirements for a primary or secondary lodging service business in the definition of a primary or secondary business in subsection (A) of this Section.
5. Camping service business. To be eligible to place a logo on a logo sign panel, a camping service business shall:
   a. Be able to accommodate all common types of travel trailers and recreational vehicles;
   b. Have a license, where required;
   c. Provide sanitary restroom facilities and drinking water;
   d. Be available on a year-round basis unless camping in the community is of a seasonal nature in which case, the facilities in question shall be open to the public 24 hours per day, seven days per week during the entire season; and
   e. Meet the additional requirements for a primary or secondary camping service business in the definition of a primary or secondary business in subsection (A) of this Section.
6. Attraction service business. To be eligible to place a logo on a logo sign panel, an attraction service business shall meet the following requirements, if applicable:
   a. Derive less than 50% of its sales from:
      i. The sale of alcohol consumed on the premises, or
      ii. Gambling.
   b. Derive more than 50% of its sales or visitors during the normal business season from motorists who do not reside within a 25-mile radius of the business.
   c. Provide at least 10 parking spaces.
   d. Provide historical, cultural, amusement, or leisure activities to the public.
   e. Be in continuous operation at least six hours per day, six days per week, except:
      i. An arena attraction shall hold events at least 28 days annually;
      ii. A cultural attraction shall be open at least 180 days annually;
      iii. A domestic farm winery or domestic microbrewery shall be open for tours at least 40 days annually;
      iv. A farm-related attraction shall be open at least 120 days annually; or
      v. A dude ranch shall be open at least 150 days annually.
   f. Meet the additional requirements for a primary or secondary attraction service business in the definition of a primary or secondary business in subsection (A) of this Section.
7. Twenty-four hour pharmacy business. To be eligible to place a logo on a logo sign panel, a 24-hour pharmacy business shall:
   a. Operate continuously 24 hours per day, seven days per week;
   b. Have a state-licensed pharmacist present and on duty at all times; and
   c. Meet the additional requirements for a primary 24-four hour pharmacy business in the definition of a primary business in subsection (A) of this Section.

**D.** Responsible operator pricing and lease procedures.
1. In the rural and urban logo sign programs, a contractor or the Department may use:
   a. Rate schedules that are established and periodically adjusted by the Department; or
   b. Competitive pricing established by one or more offers from potential or current responsible operators.
2. A contractor or the Department may use competitive pricing or rate schedules to determine the ranking order of potential or current responsible operators who may be awarded a logo sign lease at each appropriate highway interchange or location.
3. Along with the amount of available signage, competitive pricing or rate schedules may be based on any one or a combination of the following additional factors:
   a. The average, annual, daily traffic at, or adjacent to, the highway location of the specific service information sign;
   b. The population mix and relative distribution between primary and secondary businesses that appear to meet all the program requirements;
   c. The ranking order determined by a contractor or the Department as established by competitive pricing proposed or offered by potential or current responsible operators, or rate schedules, at each appropriate highway interchange or location; or
   d. The competitive market conditions, as well as economic, regulatory, logistical, and other related factors as determined by the Department.
4. If any of the factors in subsection (D)(3) of this Section are used in competitive pricing or rate schedules, a contractor or the Department shall make information relevant to these factors available to businesses on the contractor's or the Department's website.

5. If the factors in subsection (D)(3) of this Section do not resolve the business rankings at a location, a contractor or the Department shall prioritize the remaining requests for placement of a logo on a specific service information sign panel based on the following additional factors in the order listed below:
   a. The responsible operator situated closest to the highway intersection or exit ramp terminal;
   b. A gas service business or a food service business that provides the most days and hours of service to the public; and
   c. The first-in-time, eligible responsible operator to request placement of a logo on a logo sign panel.
6. If a potential responsible operator requests placement of a logo on a specific service information sign panel at a highway intersection or interchange where there are no available placements, and does so no later than 90 calendar days before the first expiration of an existing lease with a lower-ranked responsible operator at that location, a contractor or the Department may award a lease to the highest-ranked responsible operator at that location. A contractor or the Department may establish a waiting list of requesting businesses and potential responsible operators.
7. A contractor or the Department may choose not to renew an existing lease or a lease expiring within the next 90 calendar days, if another eligible business with higher priority requests placement of a logo on a specific service information sign panel at the same location.

**E.** Secondary businesses.

1. Lease limitations. For a secondary business, a contractor or the Department may enter into a lease for up to five years or renew a lease for up to five years, with the following terms:
   a. A contractor or the Department shall review the lease of a responsible operator at the beginning of the 24th month of the lease term to determine if the responsible operator complies with all other terms of the lease;
   b. After the 24-month review, a contractor or the Department may terminate the lease and remove the appropriate logo from the logo sign panel if another eligible business with higher priority requests lease space for a logo on a logo sign panel; and
   c. A contractor or the Department shall notify a responsible operator at least 90 calendar days before terminating the lease and removing a logo from the logo sign panel.
2. A contractor or the Department may display the following additional information on a specific service information sign for a secondary business, as space allows, based on the following ranking order:
   a. Distance,
   b. Days and hours of operation, and
   c. Seasonal operation.

**F.** Contractor or Department responsibility.

1. A contractor shall follow all Department design standards and specifications for all sign panels, supports, and materials, as provided in the contract and the MUTCD.
2. A contractor or the Department shall ensure that a business complies with all criteria established in this Section. A contractor or the Department may choose not to enter into a lease agreement or renew a lease agreement if the eligibility criteria in subsection (C) of this Section are not met. If a responsible operator becomes ineligible to place a logo on a logo sign panel, a contractor or the Department shall remove a logo from a logo sign panel after notifying a responsible operator as provided in the lease.
3. A contractor or the Department shall require that a responsible operator certify in writing as directed that a responsible operator will comply with all applicable federal, state, and local laws, ordinances, rules, regulations, and contractual requirements of the rural or urban logo sign program.
4. Nothing in these rules shall require a contractor or the Department to place or maintain a specific service information sign at any particular interchange or intersection. A contractor or the Department shall not place a specific service information sign that obstructs or interferes with a traffic control device.
5. A contractor shall not remove or relocate an existing official traffic control device, as defined in A.R.S. § 28-601, to accommodate a specific service information sign without prior written approval by the Department, or a local authority under A.R.S. § 28-643.
6. A contractor or the Department shall provide a copy of the signed lease agreement to a responsible operator. A responsible operator shall deliver a logo for the logo sign panel to a contractor or the Department for installation, or contract with a contractor to fabricate a logo for a logo sign panel to a responsible operator's, and the Department's, specifications.
7. Within 30 calendar days after receipt of a written request from a responsible operator, a contractor or the Department shall return any pre-paid lease payments to a responsible operator if a responsible operator's logo is not installed on a logo sign panel within 90 calendar days of tendering the payments, for reasons solely caused by the Department or a contractor.
8. A contractor shall obtain an encroachment permit under R17-3-501 through R17-3-509 before erecting or modifying a specific service information sign along a state highway.
9. If a contractor requests an encroachment permit under R17-3-501 through R17-3-509, the Department's staff shall decide the best placement of a specific service information sign and shall cooperate with a contractor to provide information to the motoring public as prescribed in subsection (E)(2) of this Section.
10. If an urban or rural logo sign program is terminated, a contractor or the Department shall:
    a. Notify a responsible operator by certified mail, or a mutually agreed upon electronic communication method, of the program termination and the location where a responsible operator may claim its logo;
    b. Remove all sign panels and supports, as directed by the Department; and
    c. Refund any unused lease payments on a prorated basis to each responsible operator.
11. A contractor or the Department shall solely determine the position and location of new or additional logos on logo sign panels or specific service information signs when logo sign vacancies occur on a logo sign panel or a specific service information sign panel, and a new responsible operator wishes to lease space on that panel, or a waiting list exists.
12. In a lease agreement with a responsible operator, a contractor or the Department may collect all applicable taxes.

**G.** Urbanized or rural boundary changes. If the boundaries of an urbanized area, as identified in a subsequent decennial census, are relocated or adjusted, a contractor or the Department shall allow:
1. The logo signs within the urbanized area boundaries and outside of those boundaries to remain in place until the minimum lease obligations between a contractor or the Department and a responsible operator have been fulfilled; or
2. Until lease termination, whichever occurs first.

**H.** Signage transition. Logo signage in place at the end of a lease term following boundary changes in subsection (G) of this Section may be transitioned from the urban to the rural logo sign program or from the rural to the urban logo sign program as appropriate.

**I.** Elimination of exit ramp or interchange. When the Department eliminates an exit ramp or interchange from the state highway system, a contractor or the Department may install and maintain a specific service information sign at an exit ramp or interchange directly preceding the exit ramp or interchange that the Department eliminates in each direction, as follows:
1. On request of a responsible operator, the Department may relocate a logo sign panel or a specific service information sign, as deemed appropriate by the Department.
2. A business affected by exit ramp or interchange elimination shall meet all eligibility criteria for continued program participation as prescribed in Subsection C of this Section and the following:
   a. Be located directly off the interstate or other state highway, and
   b. Had previous routine access from the eliminated exit ramp or interchange with direct access from:
      i. The crossroad at the eliminated exit ramp or interchange;
      ii. The frontage road of the interstate or other state highway at the eliminated exit ramp or interchange, within 1000 feet of the crossroad; or
      iii. The frontage road of the interstate or other state highway at the eliminated exit ramp or interchange, within 1000 feet of the crossroad, as the frontage road existed before the exit ramp or interchange was eliminated.

**Historical Note**

Adopted effective March 22, 1985 (Supp. 85-2). Amended effective April 10, 1987 (Supp. 87-2). Former Section R17-3-911 renumbered without change as Section R17-3-909 (Supp. 88-4). Former Sections R17-3-902 through R17-3-909 renumbered without change as Section R17-3-902 (Supp. 89-1). Amended effective May 3, 1993 (Supp. 93-2). Amended by final rulemaking at 9 A.A.R. 624, effective February 7, 2003 (Supp. 03-1). Amended by final rulemaking at 9 A.A.R. 5047, effective November 4, 2003 (Supp. 03-4). Amended by final rulemaking at 11 A.A.R. 3856, effective September 15, 2005 (Supp. 05-3). Amended by final rulemaking at 18 A.A.R. 1263, effective July 6, 2012 (Supp. 12-2). Amended by final rulemaking at 19 A.A.R. 1324, effective July 6, 2013 (Supp. 13-2).

**R17-3-903. Repealed**

**Historical Note**

Adopted effective March 22, 1985 (Supp. 85-2). Amended effective April 10, 1987 (Supp. 87-2). Section repealed by final rulemaking at 7 A.A.R. 1021, effective February 8, 2001 (Supp. 01-1). New Section made by final rulemaking at 9 A.A.R. 624, effective February 7, 2003 (Supp. 03-1). Amended by final rulemaking at 18 A.A.R. 1263, effective July 6, 2012 (Supp. 12-2). Repealed by final rulemaking at 19 A.A.R. 1324, effective July 6, 2013 (Supp. 13-2).

**R17-3-904. MUTCD Requirements for Logo Signs**

**A.** Number of sign panels and services allowed. No more than four specific service information sign panels are allowed on an interstate or other state highway at the approach to an intersection, interchange, or exit ramp.
1. Each specific service information sign panel shall contain a maximum of six logos as provided in Chapter 2J of the current version of the MUTCD.
2. No more than two specific service information sign panels for each type of specific service are allowed on an interstate or other state highway at the approach to an intersection, interchange, or exit ramp. A contractor or the Department may combine types of specific services as prescribed in subsection (A)(3) of this Section.
3. Except for existing logo signs displayed or approved for display as of July 6, 2012, no more than three types of services shall be represented on any specific service information sign panel. If three types of services are displayed on one specific service information sign panel, the panel shall have two logo sign panels for each service, or a total of six logo sign panels. If two types of services are displayed on one sign, the logo sign panels shall be limited to either three for each type, for a total of six logo sign panels, or four for one type and two for the other type, for a total of six logo sign panels.
4. One service type shall appear on no more than two specific service information sign panels.
5. When logos for more than six businesses of a specific service type are displayed at the same interchange or intersection approach, no more than 12 logos of a specific service type shall be displayed on no more than two specific service information sign panels.

**B.** Sign sequence. A contractor or the Department shall install successive specific service information signs for participating responsible operators in the direction of travel for the following as specified in the MUTCD:
1. Twenty-four hour pharmacies,
2. Attractions,
3. Camping,
4. Lodging,
5. Food, and
6. Gas services.

**C.** Seasonal requirements. If a responsible operator operates on a seasonal basis, a contractor or the Department shall:
1. Remove or cover a logo on a logo sign panel during the off-season; or
2. Display the dates of operation, if additional information is not required on the sign under R17-3-902(E)(2).

**D.** Sign standards. If the Department decides to move a specific service information sign because of construction or reconstruction of transportation facilities, or the placement of other signs or traffic control devices, the standards of the MUTCD apply regarding the new placement.

**E.** Trailblazing signs.
1. A contractor or the Department shall install a trailblazing sign for a responsible operator along a highway if a responsible operator's business is not located on, and is

not visible from, an intersection with a highway as directed from the specific service information sign.
2. A contractor or the Department may locate a trailblazing sign near all intersections where the direction of the route changes or where a motorist may be uncertain which road to follow.
3. A trailblazing sign is limited to four or fewer logo sign panels.
4. A contractor or the Department shall obtain written approval from a local governing authority to install and maintain a trailblazing sign along a highway that is not under the Department's maintenance jurisdiction.
5. A contractor or the Department shall not install a logo on a specific service information sign panel until all necessary trailblazing signs have been installed.
6. A trailblazing sign shall indicate by arrow the direction to a responsible operator's business.
7. A trailblazing sign may:
   a. Duplicate the logo sign or specific service information sign, or both;
   b. Consist of two lines of text; or
   c. Include the type of specific service and distance to a responsible operator's business.

**F.** Sign requirements. A logo sign shall comply with A.R.S. § 28-648. Descriptive advertising words, phrases, or slogans are prohibited on a logo sign, except:
1. If a responsible operator does not have an official trademark or logo, a responsible operator may display as its logo, on a logo sign panel, the name indicated in its partnership agreement, incorporation documents, or other documentation.
2. A contractor or the Department may place supplemental wording on logo sign panels in accordance with the MUTCD.

**Historical Note**
Adopted effective March 22, 1985 (Supp. 85-2). Amended effective April 10, 1987 (Supp. 87-2). Section repealed by final rulemaking at 7 A.A.R. 1021, effective February 8, 2001 (Supp. 01-1). New Section made by final rulemaking at 9 A.A.R. 624, effective February 7, 2003 (Supp. 03-1). Amended by final rulemaking at 9 A.A.R. 4132, effective September 9, 2003 (Supp. 03-3). Amended by final rulemaking at 9 A.A.R. 5047, effective November 4, 2003 (Supp. 03-4). Amended by final rulemaking at 18 A.A.R. 1263, effective July 6, 2012 (Supp. 12-2). Amended by final rulemaking at 19 A.A.R. 1324, effective July 6, 2013 (Supp. 13-2).

**Appendix B. Repealed**

**Historical Note**
Adopted effective May 3, 1993 (Supp. 93-2). Appendix B repealed by final rulemaking at 9 A.A.R. 624, effective February 7, 2003 (Supp. 03-1).

**R17-3-905. Rural Logo Sign Requirements**

**A.** In addition to R17-3-902 through R17-3-904 and R17-3-906, the spacing between specific service information signs on a rural state highway shall be in accordance with the MUTCD based on engineering judgment.

**B.** Agreement. A community official designated by a municipality or town organized under Arizona law may sign a written agreement with a contractor or the Department to prohibit installation of logos on logo sign panels or specific service information sign panels on rural state highways within the recognized boundaries of the community.

**Historical Note**
Adopted effective March 22, 1985 (Supp. 85-2). Amended effective April 10, 1987 (Supp. 87-2). Section repealed by final rulemaking at 7 A.A.R. 1021, effective February 8, 2001 (Supp. 01-1). New Section made by final rulemaking at 9 A.A.R. 624, effective February 7, 2003 (Supp. 03-1). Amended by final rulemaking at 18 A.A.R. 1263, effective July 6, 2012 (Supp. 12-2). Amended by final rulemaking at 19 A.A.R. 1324, effective July 6, 2013 (Supp. 13-2).

**R17-3-906. Existing Leases**

Any change to R17-3-902 through R17-3-905 does not affect a responsible operator's lease before the current lease expires.

**Historical Note**
Adopted effective March 22, 1985 (Supp. 85-2). Amended effective April 10, 1987 (Supp. 87-2). Section repealed by final rulemaking at 7 A.A.R. 1021, effective February 8, 2001 (Supp. 01-1). Adopted effective March 22, 1985 (Supp. 85-2). Former Section R17-3-907 repealed and a new Section R17-3-907 adopted effective June 18, 1987 (Supp. 87-2). Section repealed by final rulemaking at 7 A.A.R. 1021, effective February 8, 2001 (Supp. 01-1).

**R17-3-908. Repealed**

**Historical Note**

Adopted effective March 22, 1985 (Supp. 85-2). Former Section R17-3-908 repealed and a new Section R17-3-908 adopted effective April 10, 1987 (Supp. 87-2). Section repealed by final rulemaking at 7 A.A.R. 1021, effective February 8, 2001 (Supp. 01-1).

**R17-3-909. Repealed**

**Historical Note**

Adopted effective March 22, 1985 (Supp. 85-2). Amended effective April 10, 1987 (Supp. 87-2). Former Section R17-3-911 renumbered without change as Section R17-3-909 (Supp. 88-4). Section repealed by final rulemaking at 7 A.A.R. 1021, effective February 8, 2001 (Supp. 01-1).

**NOTICE OF FINAL RULEMAKING**

**TITLE 17. TRANSPORTATION**

**CHAPTER 3. DEPARTMENT OF TRANSPORTATION**

**HIGHWAYS**

## Statutory Authority Including Relevant Statutory Definitions

### General Authority for Rulemaking

**A.R.S. § 28-366. Director; rules**

The director shall adopt rules pursuant to title 41, chapter 6 as the director deems necessary for:

1. Collection of taxes and license fees.
2. Public safety and convenience.
3. Enforcement of the provisions of the laws the director administers or enforces.
4. The use of state highways and routes to prevent the abuse and unauthorized use of state highways and routes.

### Specific Statutes

**A.R.S. § 28-7384. Longitudinal telecommunication access in the highway system; agreements; restrictions; rulemaking**

A. Except as provided in subsection E of this section, the department may allow a provider longitudinal access to the right-of-way of a highway for the installation, operation and maintenance of a telecommunication facility.

B. The department shall enter into an agreement with a provider and issue a permit before granting the provider any longitudinal access under this section.

C. Except as specifically provided by the agreement, a property interest in a right-of-way may not be granted under this section.

D. An agreement entered into by the department under this section shall:

1. Specify the terms and conditions for renegotiating the agreement.
2. Specify maintenance responsibilities for each telecommunication facility.
3. Be nonexclusive.
4. Be limited to a maximum term of thirty years.

E. The department may not grant any longitudinal access under this section that results in a significant compromise of the safe, efficient and convenient use of the highway for the traveling public.

F. The director shall adopt rules that:

1. Govern the installation, operation and maintenance of a telecommunication facility granted longitudinal access under this section.
2. Specify the procedures for establishing an agreement for longitudinal access for a provider.
3. Provide for the relocation or removal of a telecommunication facility for any of the following:

(a) Needed changes to a highway.

(b) Expiration of an agreement.

(c) Breach of an agreement.

**A.R.S. § 28-7385. Longitudinal telecommunication access to highway system right-of-way; compensation**

A. The department shall require compensation from a provider for longitudinal access to the right-of-way of a state highway. The compensation shall be all of the following:

1. Fair and reasonable.

2. Competitively neutral.

3. Nondiscriminatory.

4. Open to public inspection.

5. Established to promote access by multiple providers.

6. Established for zones of this state.

7. Established to encourage the deployment of digital infrastructure within this state.

8. A lump sum payment or annual installment, at the option of the provider.

9. Set pursuant to subsection I of this section.

B. The compensation may be cash, in-kind compensation or a combination of cash and in-kind compensation.

C. In-kind compensation requires the agreement of both the provider and the department.

D. The department shall determine the present value of any in-kind compensation based on the incremental cost to the provider.

E. The value of in-kind compensation or a combination of cash and in-kind compensation shall be equal to or greater than the amount of cash compensation that would be charged if the compensation is cash only.

F. The department shall provide for the proportionate sharing of costs among the department and providers for joint trenching or trench sharing based on the amount of conduit innerduct space that is authorized in the agreement for the trench.

G. If two or more providers are required to share a single trench, each provider in the trench shall share the cost and benefits of the trench pursuant to subsection F of this section on a fair, reasonable, competitively neutral and nondiscriminatory basis.

H. The department, by rule, shall establish a schedule of rates of compensation for any longitudinal access granted under this section.

I. The department may not pay any cost of relocation of a private telecommunication facility granted longitudinal access to the right-of-way of a highway on the interstate system under this section.

J. The department shall deposit, pursuant to sections 35-146 and 35-147, monies collected pursuant to this section in the smart highway corridor trust fund established by section 28-7387.

K. Any telecommunications capacity acquired as in-kind compensation shall be used exclusively for the further development of telecommunications that serve state agencies and enhance connectivity for higher and public education and may not be sold or leased in competition with telecommunication or internet service providers.

L. A person may not use compensation paid to the department pursuant to this section as evidence of the market or other value of the access for any other purpose, including condemnation proceedings, other litigation, the application of rates of taxation or the establishment of franchise fees relating to longitudinal access rights.

---

**Summary:**

This regular rulemaking from the Department of Health Services (Department) seeks to amend eighty-three (83) rules and one (1) table in Title 9, Chapter 5 regarding Health Care Institutions Licensing. The amendments are across the following fourteen articles 1, 2, 3, 4, 6, 9, 10, 11, 13, 14, 15, 17, 19, and 22. Excluding Articles 6, 15, 19, and 22, the amendments all relate to Five-year Review Reports approved by the Council. The goals of the amendments are to incorporate statutory changes from several law changes since 2021, which the Department indicates will increase public health and safety, and will make the rules more concise and understandable. The amendments to the rules and accompanying session law, if applicable, address:

- The presence of specific medical personnel for a surgical discharge (Laws 2021, Ch 363)
- Remove the requirement for submission of architecture plans for Health Care Institution (HCI) applicants, and replacing it with signed attestation from a licensed architect. (Laws 2022, Ch. 34)
- Prevent exposure to surgical smoke and evacuation systems/procedures (Laws 2022, Ch. 57).
- Outpatient treatment centers who share governing authority with a licensed hospital no longer require separate licenses (Laws 2022, Ch. 128).
- Clarify the requirements for visitation procedures at HCI's including procedures if a visitor is denied (Laws 2022, Ch. 179).
- HCI employers must have a workplace violence prevention policy in place (Laws 2022, Ch. 190).
- Amend rules to align with the Board of Pharmacy's Prescription Medication Donation Program ( Laws 2021, Ch. 137).
- Update terminology from telemedicine to telehealth (Laws 2021, Ch. 320).
- Require administrators of behavioral health inpatient facilities to create policies that prevent abuse and neglect of patients
- Require administrators to develop and implement a fall prevention program
- Clarify definitions across articles including, certified nurse anesthetist, surgical suites, outpatient treatment centers vs counseling facilities, and tuberculosis testing requirements, trai
- Follow state law, the Department will allow additional individuals to become qualified to administer anesthesia in outpatient settings.
- Clarify dietary requirements in accordance with the U.S. Department of Health and Human Services and the U.S. Department of Agriculture.

**1. Are the rules legal, consistent with legislative intent, and within the agency's statutory authority?**

The Department cites both general and specific statutory authority for these rules.

**2. Do the rules establish a new fee or contain a fee increase?**

This rulemaking does not establish a new fee or contain a fee increase.

**3. Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?**

The Department indicates it did not review any study relevant to this rulemaking.

**4. Summary of the agency's economic impact analysis:**

The Department states that it engages in this rulemaking to align with statutory law changes, address issues identified in recent five-year reports, and to make rules clearer and more concise. This rulemaking consists of several rule amendments to the Arizona Administrative Code Title 9, Chapter 10. The Department anticipates these rules may increase the regulatory burden or cost on some affected persons, but believes the benefits far outweigh any potential costs.

**5. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The Department has determined that that there are no less intrusive or less costly alternatives for achieving the purpose of the rulemaking. It does expect minimal costs to the Department for implementation of, educating/training for, and compliance to the rules; to HCIs (Health Care Institutions) for implementing some of these changes; and potentially to the public for implementation, with a specific highlight on raised concerns about privacy, consent, infection control and logistical challenges regarding rules implementing statutes on patient visitation. However, it believes expected benefits to the HCIs and the general public from these rulemakings outweigh these costs.

**6. What are the economic impacts on stakeholders?**

The Department identified itself, HCIs, and the general public as those directly affected by the rules and stand to bear the costs or benefits from them. The Department believes the overall economic impact will be positive. The Department states that amendments will streamline administrative processes, reduce unnecessary regulatory burdens, and promote better compliance with updated standards, thereby enhancing patient care, safety, and outcomes. The Department further states clear and concise rules will benefit HCIs by facilitating a more efficient and effective regulatory environment. It further states that the general public stands to benefit from improved healthcare standards and enhanced safety measures, resulting in better overall health outcomes. Regarding state revenues, the Department states that this rulemaking does not amend a fee and no additional licensing fees would be incurred from this rulemaking.

**7. Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?**

Between the Notice of Proposed Rulemaking published in the Administrative Register on November 29, 2024 and the Notice of Supplemental Proposed Rulemaking published in the Administrative Register on February 21, 2025, the Department implemented the following changes:

- R9-10-103(B)(4) and (5) was updated to include the placement of or in accordance with rule writing standards and to improve clarity
- R9-10-101 was amended to reflect an added definition as a result of a rulemaking approved by the Council on June 3, 2025. No text was altered as part of the rulemaking now before the Council.

Council staff believes these changes to be non-substantive in accordance with A.R.S. § 41-1025.

**8. Does the agency adequately address the comments on the proposed rules and any supplemental proposals?**

The Department received a total of five written comments related to this rule. One comment is from the Nelson Law Group, on behalf of the Arizona Society of Anesthesiologist. Four comments are from the Chief Compliance Officer at the Arizona State Hospital. A brief summary of the comments and responses are below:

- **Comment 1 from Arizona Society of Anesthesiologist**

The group asked for explicit recognition that the revisions do not alter the scope of practice for certified registered nurse anesthetists (CRNAs) as defined in ARS 32-1634.04(A).

  - **Department Response**

The Department indicated that the rules do not change the existing scope of practice and are only intended to align with A.R.S. § 36-405.

- **Comment 1 from Arizona State Hospital**

The Hospital indicates concern over R9-10-1315, which requires evacuation drills every three months. The Hospital indicated that the frequency was excessive

  - **Department Response**

The Department indicated that patients with certain medical conditions are exempt from participation, something that does not exist in the current rules. The Department also declined to substitute evacuation with fire drills because evacuations could be necessary for reasons other than fires.

- **Comment 2 from Arizona State Hospital**

The Hospital recommends that the discharge process in R9-10-1307 should be more aligned with the process for Arizona Community Protection and Treatment Centers (ACPTC).

- **Department Response**

The Department indicated that those sorts of changes to the discharge requirements would exceed the scope of the rulemaking and would require further discussion and analysis.

- **Comment 3 from Arizona State Hospital**

The Hospital recommends updating R9-10-1310 to better align with the treatment plan for ACPTC residents since some of the existing requirements were duplicative.

- **Department Response**

The Department indicated that those sorts of changes would result in the rules becoming inconsistent with other rules in Chapter 10 and would not be consistent with national standard practices.

- **Comment 4 from Arizona State Hospital**

The Hospital recommends that individuals receiving treatment should be referred to as residents and not patients.

- **Department Response**

The Department declined the request because resident is used elsewhere and in a different capacity in Chapter 10 and would result in inconsistency and confusion.

Additionally, the Department received oral comments during the oral proceeding that took place on February 18, 2025. The comments were from representatives of the Arizona Hospital and Healthcare Association and Community Bridges. The Arizona Hospital and Healthcare Association issued a comment in support of the rules and thanked the Department for being responsive during the rulemaking process. A brief summary of the comments and responses are below:

- **Comment 1 from Community Bridges**

The Association raised concern over whether it was appropriate for a registered nurse to serve as a behavioral health technician.

- **Department Response**

The Department responded that change does not significantly impact registered nurses duties, stating that registered nurses maintain their RN designation without needing to be classified as BHTs.

- **Comment 2 from Community Bridges**

The Association raised concern with R9-10-103 and whether outpatient treatment centers (OTCs) would no longer be eligible for a licensing exception.

  - **Department Response**

The Department responded by saying that the rule only applies to off-site services providing medical services at an assisted living facility or another health care institution, which do not require a dual license. The rule does require that an OTC cannot provide service with another licensed healthcare institution unless expressly authorized by rule or permit.

Full Department summaries of the comments and the Department's responses are found in Section 12 of the Preamble to the Notice of Final Rulemaking. Copies of the comments and the Department's responses are also included in the final materials for the Council's reference.

**9. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

The amendments to the rules do not require the issuance of a regulatory permit or license.

**10. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

The Department indicates that there is no corresponding federal law.

**11. Conclusion**

This regular rulemaking from the Department of Health Services (Department) seeks to amend eighty-three (83) rules and one (1) table in Title 9, Chapter 5 regarding Health Care Institutions Licensing. The amendments are across the following fourteen articles 1, 2, 3, 4, 6, 9, 10, 11, 13, 14, 15, 17, 19, and 22. With the exceptions of Articles 6, 15, 19, and 22, the amendments all relate to Five-year Review Reports approved by the Council. The goals of the amendments are to incorporate statutory changes from several law changes since 2021, which the Department indicates will increase public health and safety, and will make the rules more concise and understandable. The amendments will primarily cover the following areas: telehealth, outpatient treatment centers, healthcare visitation policies, workplace violence prevention, fall prevention programs, preventing abuse and neglect, and surgical smoke evacuation systems.

The Department is seeking the standard 60-day delayed effective date pursuant to A.R.S. § 41-1032(A).

Council staff recommends approval of this rulemaking.

ARIZONA

**VIA EMAIL: grrc@azdoa.gov**
Jessica Klein, Esq., Chair
Governor's Regulatory Review Council
Arizona Department of Administration
100 N. 15th Avenue, Suite 305
Phoenix, AZ 85007

RE: Department of Health Services, 9 A.A.C. 10, Articles 1, 2, 3, 4, 6, 9, 10, 11, 13, 14, 15, 17, 19, and 22

Dear Ms. Klein:

Enclosed are the administrative rules identified above which I am submitting, as the Designee of the Director of the Department of Health Services, for approval by the Governor's Regulatory Review Council (Council). The following information is provided for your use in reviewing the enclosed rule package pursuant to A.R.S. § 41-1052 and A.A.C. R1-6-202:

1. The close of record date: February 18, 2025

2. Whether the rulemaking relates to a five-year-review report and, if applicable, the date the report was approved by the Council:
The rulemaking for 9 A.A.C. 10 relates to the following five-year review reports:
   - Article 1. General, approved by the Council on August 1, 2023,
   - Article 2. Hospitals, approved by the Council on January 4, 2023,
   - Article 3. Behavioral Health Inpatient Facilities, approved by the Council on July 5, 2023,
   - Article 4. Nursing Care Institutions, approved by the Council on July 5, 2023,
   - Article 9. Outpatient Surgical Centers, approved by the Council on May 2, 2023,
   - Article 10. Outpatient Treatment Centers, approved by the Council on October 3, 2023,
   - Article 11. Adult Day Health Care Facilities, approved by the Council on January 4, 2023,
   - Article 13. Behavioral Health Specialized Transitional Facility, approved by the Council on January 4, 2023,

- Article 14. Substance Abuse Transitional Facilities, approved by the Council on July 5, 2023, and
- Article 17. Unclassified Health Care Institutions, approved by the Council on May 2, 2023.

3. Whether the rulemaking establishes a new fee and, if so, the statutes authorizing the fee:
   The rulemaking does not establish a fee.

4. Whether the rulemaking contains a fee increase:
   The rulemaking does not contain a fee increase.

5. Whether an immediate effective date is requested pursuant to A.R.S. § 41-1032:
   The Department is not requesting an immediate effective date for the rules.

The Department certifies that the Preamble of this rulemaking discloses a reference to any study relevant to the rule that the Department reviewed and either did or did not rely on its evaluation of or justification for the rule.

The Department certifies that the preparer of the economic, small business, and consumer impact statement has notified the Joint Legislative Budget Committee there are no new full-time employees necessary to implement and enforce the rule.

The following documents are enclosed:

1. Notice of Final Rulemaking, including the Preamble, Table of Contents, and text of each rule;
2. An economic, small business, and consumer impact statement that contains the information required by A.R.S. 41-1055; and
3. General and specific statutes authorizing the rules, including relevant statutory definitions.

The Department's point of contact for questions about the rulemaking documents is Lucinda Sallaway at Lucinda.Sallaway@azdhs.gov.

Sincerely,

Stacie Gravito
Director's Designee

**7. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

Arizona Revised Statutes (A.R.S.) § 36-132(A)(1) and (17) require the Arizona Department of Health Services (Department) to protect the health of the people in Arizona, and license and regulate health care institutions (HCIs). In order to ensure public health, safety, and welfare, A.R.S. §§ 36-405 and 36-406 require the Department to adopt rules establishing minimum standards and requirements for the construction, modification, and licensure of health care institutions. The Department has adopted rules to implement these statutes in Arizona Administrative Code Title 9, Chapter 10. The Department plans to amend the rules to align with the following statutory changes: Laws 2021, Ch. 320, related to definitions regarding telehealth; Laws 2022, Ch. 128, requires the Department to make exemptions of certain outpatient treatment centers from licensing requirements; Laws 2022, Ch. 179, requires the Department to ensure a healthcare institution's visitation policy allows a clergy member to visit a resident; Laws 2022, Ch. 296, requires the Department to ensure a hospital develops a visitation policy, especially during end-of-life care; Laws 2022, Ch. 34, amends the requirements for architectural plans and specifications for health care institutions construction or modifications; Laws 2022, Ch. 190, requires the Department to ensure a health care institution develops a written workplace violence prevention plan to assist in the decrease of assaults on health care workers; Laws 2022, Ch. 57, requires the Department to adopt rules that relate to outpatient surgical centers requiring policies related to surgical smoke evacuation; and Laws 2021, Ch. 363, related to staffing and approvals of surgical discharges from facility premises. The Department also plans to address policies and procedures for the use of naloxone; be consistent with other statutory provisions or legislation including: A.R.S. § 32-1909 regarding donated medicine; A.R.S. § 36-420 regarding CPR and first aid; A.R.S. § 11-593 regarding reporting a death; and A.R.S. § 46-454 regarding reporting abuse, neglect, or exploitation; and making other changes necessary for the proper administration

and enforcement of the laws relating to public health to promote continuity and improve patient outcomes. The Department anticipates that the rules may increase the regulatory burden or cost on some affected persons. After receiving rulemaking approval pursuant to A.R.S. § 41-1039, the Department began a rulemaking to adhere to the statutory changes identified above, address issues identified in recent five-year review reports approved by the Governor's Regulatory Review Council (GRRC), and make the rules clearer and more concise and understandable.

**8. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

The Department did not review or rely on any study for this rulemaking.

**9. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable

**10. A summary of the economic, small business, and consumer impact:**

Arizona Revised Statutes (A.R.S.) § 36-132(A)(1) and (17) require the Arizona Department of Health Services (Department) to protect the health of the people in Arizona, and license and regulate health care institutions (HCIs). To ensure public health, safety, and welfare, A.R.S. §§ 36-405 and 36-406 requires the Department to adopt rules establishing minimum standards and requirements for the construction, modification, and licensure of health care institutions, the Department has adopted rules in Arizona Administrative Code Title 9, Chapter 10. In this rulemaking, the Department is amending rules to align with recent statutory changes, including updates related to telehealth, outpatient treatment centers, healthcare visitation policies, workplace violence prevention, and surgical smoke evacuation systems. The Department estimates that the proposed amendments in this rulemaking will improve patient outcomes by complying with new statutes related to health and safety, and address issues identified in recent five-year review reports. Some of the changes may increase regulatory burdens or costs for affected individuals. This analysis covers the costs and benefits associated with the rule changes related to implementing new legislation, updating rules, and making other changes necessary for the proper administration and enforcement of the laws pertaining to public health to promote continuity and improve patient outcomes. The annual cost and revenue changes are designated as minimal when $1,000 or less, moderate when between $1,000 and $10,000, and substantial when $10,000 or greater in additional costs or revenues. Costs are listed as significant when meaningful or important, but not readily subject to quantification.

As stated, the Department is amending several rules in Chapter 10 to comply with the following recent legislative changes:

1. **Surgical Discharges (Laws 2021, Ch. 363, amending A.R.S. § 36-405)**: Outpatient surgical centers must require the presence of specified physicians or licensed anesthesia providers until all patients are discharged from the recovery room. These physicians must medically discharge patients from surgery. Due to this, the Department is updating the language in R9-10-911. The Department does not expect costs to increase due to the statutory change since a physician is already to be on the premises until all patients are discharged from the recovery room. Rather, the rule change expands this to an individual authorized under A.R.S. Title 32, Chapter 13, 15, or 17 to administer anesthesia. The Department expects that outpatient surgical centers will receive a significant benefit from ensuring patient care and safety with the presence of a

licensed physician or anesthesia providers during post-surgery periods, potentially reducing medical complications.

2. **Architectural Plans and Specifications (Laws 2022, Ch. 34, amending A.R.S. §§ 36-405, 36-421, 36-422)**: HCI license applications no longer need architectural plans. Instead, a notarized attestation from a licensed architect verifying that plans meet or exceed Department standards is required. In addition, the Department is removing the fees for reviewing architectural plans in several Sections throughout Chapter 10, including Table 1.1. The Department anticipates these changes will benefit HCIs by reducing administrative burdens, and overtime, it is estimated that these changes would reduce costs imposed on HCIs.
3. **Surgical Smoke Evacuation (Laws 2022, Ch. 57, amending A.R.S. § 36-434.01)**: Outpatient surgical centers and hospitals must implement policies to prevent exposure to surgical smoke using smoke evacuation systems for relevant procedures. The Department will ensure compliance through inspections and in response to complaints. This necessitates changes to R9-10-902. The Department expects that HCIs may incur minimal costs to implement the new statute and rules, but receive a significant benefit for increasing health and safety.
4. **Outpatient Treatment Centers Exemption (Laws 2022, Ch. 128, amending A.R.S. §§ 32-1651, 36-401, 36-402, 36-422, 36-439, 36-439.01, 36-439.04, 36-439.05)**: Outpatient treatment centers that share the same governing authority as a licensed hospital are now exempt from licensure, regulation, and control by the Department. However, outpatient treatment centers are subject to inspection by the Department if the Department has reasonable cause to believe that patient harm is or may be occurring at the facility. Rule R9-10-203 is being amended to reflect this change. The Department estimates that outpatient treatment centers may receive a significant benefit and cost savings from being exempt from licensure.
5. **Visitation Policies (Laws 2022, Ch. 179 and Laws 2022, Ch. 296, adding A.R.S. § 36-407.02)**: Hospitals must develop policies allowing patients to have daily in-person visitation by a designated visitor, such as a spouse, friend, or family member. Additionally, healthcare institutions must allow clergy visits if in-person visitation is permitted or during end-of-life care. If visitation is denied, patients or their representatives can request a review with hospital officials within 24 hours. The Department is updating R9-10-403 to incorporate these requirements in compliance with the new statute. The Department estimates that some HCIs may incur minimal one-time administrative costs to amend or develop policies and procedures related to the visitation policy.
6. **Workplace Violence Prevention (Laws 2022, Ch. 190, amending A.R.S. § 36-420.03)**: Health care employers must create and maintain a written workplace violence prevention plan, tailored to site-specific risks and including procedures for reporting and responding to violent incidents. Employers must post signs warning of felony prosecution for assaults on healthcare workers and assist workers in reporting incidents to law enforcement. This change impacts R9-10-1027. The Department anticipates that HCIs may incur minimal costs to implement this training but are expected to receive a significant benefit by having personnel members trained on workplace violence prevention.
7. **Prescription Medication Donation Program (Laws 2021, Ch. 137, amending A.R.S. § 32-1909)**: The Arizona State Board of Pharmacy's Prescription Medication Donation Program allows HCIs to accept and dispense donated prescription medications that meet strict criteria, including original sealed packaging and expiration dates. The Department is amending rules in R9-10-320, R9-10-218, R9-10-421, R9-10-613, R9-10-914, R9-10-1010, R9-10-1412, and R9-10-1709 to align with these guidelines.

The new legislation is expected to have both cost increases and savings for HCIs in Arizona. Compliance costs may impose minimal costs for HCIs to update policies, train staff, and implement new procedures, such as ensuring the presence of physicians or anesthesia providers during surgical discharges (Laws 2021, Ch. 363) and adopting smoke evacuation systems (Laws 2022, Ch. 57). Additionally, healthcare employers are required to develop and implement workplace violence prevention plans (Laws 2022, Ch. 190), which may involve minimal costs for training, signage, and compliance monitoring. However, there are also areas where administrative costs may be lower. For example, the removal of architectural plan submission requirements (Laws 2022, Ch. 34) will reduce administrative burdens and fees associated with construction or modifications. Furthermore, certain outpatient treatment centers will be exempt from licensure and regulation, which would save those facilities costs related to licensure. The Department may incur minimal costs related to rulemaking, training staff, public awareness campaigns, and compliance monitoring, especially for new visitation policies and other regulatory updates. Overall, while the legislation may impose minimal costs on health care institutions for compliance, the Department believes that HCIs, patients, and their families will receive a significant benefit due to the new rules.

In addition to aligning rules with new statutory changes, the Department is making other updates to improve clarity, address issues mentioned in recent five-year review reports, and improve public health and safety requirements. One of the new changes includes updating terminology from "telemedicine" to "telehealth" in several sections to reflect Laws 2021, Ch. 320, and revising meal and snack guidelines to align with the latest U.S. dietary standards to make the rules more effective, clear, and concise. In Article 2, the Department is amending eight sections related to hospitals. Key updates include removing four obsolete terms in R9-10-201 and redefining “nurse anesthetist” to match the definition of “certified registered nurse anesthetist” in A.R.S. § 32-1601. The term “specialty” is now defined in R9-10-202, where it is used. Changes in R9-10-203, R9-10-212, R9-10-215, and R9-10-234 reflect new statutory requirements. Additionally, the amendments in R9-10-209 ensure discharge or transfer information complies with A.R.S. § 36-420.04.

The Department is implementing several amendments to rules for Behavioral Health Inpatient Facilities, Nursing Care Institutions, and Outpatient Surgical Centers. In Article 3. Behavioral Health Inpatient Facilities, a new subsection is being added to R9-10-303 (Administration) requiring administrators to ensure that policies and procedures effectively prevent abuse or neglect of patients. In Article 4. Nursing Care Institutions, ten sections are being amended for clarification, the correction of grammatical errors, and cross-references. Specifically, R9-10-402 (Supplemental Application Requirements) will include a reference to proper documentation, and R9-10-403 (Administration) will incorporate training references according to A.R.S. § 36-420.01, along with a new subsection for procedures to prevent abuse or neglect of residents. These rule amendments will also include the first aid and CPR training requirements, consistent with A.R.S. § 36-420(B).

In Article 9. Outpatient Surgical Centers, the Department is making amendments to the definition of a “surgical suite” in R9-10-901 to encompass one or more procedure rooms. In R9-10-911, the Department is amending the rules to allow individuals authorized under specific state laws (A.R.S. Title 32, Chapters 13, 15, or 17) to administer anesthesia, thus broadening the scope for anesthesia administration in outpatient settings. The Department expects these changes will significantly benefit outpatient surgical centers by complying and more consistent with current statutes. Furthermore, these rule changes are expected to have a

positive impact by improving patient safety through stronger protocols against abuse or neglect, which may help decrease liability and legal costs for facilities. Therefore, the Department estimates that the costs of imposing the new rules may be minimal and that HCIs may receive a significant benefit from the new rules. Moreover, the clarifications and corrections in the regulations could reduce administrative burdens, allowing for more efficient operations. By enabling a broader range of qualified personnel to administer anesthesia, outpatient surgical centers may experience increased operational capacity, resulting in reduced wait times and improved service delivery.

In Article 10. Outpatient Treatment Centers, the Department is amending ten sections to comply with statutory requirements and make the rules more clear, concise, and understandable. R9-10-1011 is being amended to clarify the distinction between outpatient treatment centers and counseling facilities by incorporating a medication component into the behavioral health assessment, allowing for the prescribing of medication to treat mental health or substance abuse conditions. In R9-10-1017, the language is adjusted to replace "a copy of a certificate documenting" with "written documentation of," streamlining requirements for compliance with A.R.S. Title 30, Chapter 4. The amendments also update the terminology from "physician" to "medical staff member" to broaden service eligibility. R9-10-1022 further adjusts references to physician oversight and aligns with state statute. R9-10-1031 includes an exemption clarification under A.R.S. § 36-402, and other sections are revised to align with new statutory changes. The Department anticipates that these updates will provide significant benefits to outpatient treatment centers without imposing additional costs.

In Article 11. Adult Day Health Care Facilities, the Department is amending four sections to improve compliance with tuberculosis testing requirements. Specifically, R9-10-1107 removes the seven-day testing requirement for TB, aligning with updated CDC guidelines that mandate evidence of freedom from infectious tuberculosis before participant enrollment. Language updates are also made in R9-10-1114 while R9-10-1117 is revised to reflect statutory changes. The Department estimates that there could be a minimal cost for requiring TB testing to be done before participation, but estimates that this change would provide a significant benefit for ensuring the health and safety of a facility.

In Article 13, Behavioral Health Specialized Transitional Facilities, the Department is amending seven sections. R9-10-1302 is being revised to correct a cross-reference and mandates annual training for personnel on recognizing signs of abuse or neglect. R9-10-1305 requires an administrator to ensure that each personnel member, employee, volunteer, or student is in compliance with the requirements in A.R.S. § 36-420.01 regarding fall prevention and fall recovery training. R9-10-1306 clarifies that medical history must be obtained from patients during admission. In R9-10-1313, the phrase "or" is changed to "and" for clarification. Additional language updates are made in R9-10-1314 and R9-10-1317 for consistency with the latest dietary guidelines according to the U.S. Department of Health and Human Services and the U.S. Department of Agriculture. The Department estimates the costs to implement the new rules may be minimal, but Behavioral Health Specialized Transitional Facilities are expected to receive a significant benefit from having updated rules.

For Article 14, Substance Abuse Transitional Facilities, the Department is amending one section, R9-10-1413, to align meal and snack guidelines with the latest dietary standards. In Article 15. Abortion Clinics, R9-10-1515 is updated for physical plant

standards to correct a statutory cross-reference. Amendments in Articles 17, 19, and 22 also focus on similar changes to correct grammatical errors, simplifying language, and complying with new statutory changes. The Department does not foresee costs being incurred by these amendments; instead, the Department expects that these updates will provide a significant benefit by aligning rules with current statutes.

The proposed amendments to the Department's rules are significant updates aimed at enhancing public health and safety within healthcare institutions. These changes align with recent statutory modifications and address concerns raised in five-year review reports. Key amendments include the establishment of new standards for behavioral health residential facilities and outpatient surgical centers, as well as updated policies regarding workplace violence prevention and visitation in hospitals. New statutes mandating clergy visitation and visitor access for patients aim to alleviate isolation and provide emotional support, recognizing diverse cultural and spiritual needs. The amendments are also expected to improve patient care through better compliance with safety standards, including those related to surgical discharges and architectural requirements for facilities. The inclusion of workplace violence prevention measures is particularly important for safeguarding healthcare workers, thereby enhancing overall safety within these institutions. Although compliance may incur minimal costs—such as staff training and facility upgrades—the Department believes that aligning with these rules will significantly benefit small businesses by enhancing public health and safety. While initial implementation costs may arise, the Department expects that those affected by the rules will receive a significant benefit. The proposed rules are expected to streamline administrative processes, reduce regulatory burdens, and promote compliance with updated standards, ultimately benefiting HCIs and the public by improving patient care and safety outcomes. For the general public, these rule changes are expected to provide a significant benefit for having updated rules that align with statutes and increase public health and safety.

The rule amendments may involve minimal costs for the Department, including training staff, updating safety protocols, and revising administrative processes. These costs cover implementing smoke evacuation systems, workplace violence prevention plans, and compliance monitoring. Additional minimal expenses arise from updating records, public awareness efforts, and the rulemaking process itself. Despite these potential minimal costs, the Department believes the new rule changes may provide a significant benefit for maintaining public health, ensuring patient safety, and complying with new statutory provisions. Overall, the proposed amendments to the Department's rules are comprehensive updates designed to ensure alignment with recent statutory changes and address issues identified in recent five-year review reports. These changes are anticipated to improve the effectiveness and clarity of regulations, enhance public health and safety, and align with Arizona statutes. Economically, while there may be initial costs associated with implementing some of these changes, the overall impact is expected to provide a significant benefit.

**11. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:**

After the proposed rulemaking, in the final rulemaking, the Department amended R9-10-103(B)(4) and (5) to update the placement of "or" to correctly follow rule writing standards according to the Secretary of State's Office. In addition, the "base rules" in R9-10-101 were amended to reflect a recent rulemaking that the Department submitted to GRRC on April 22, 2025, which

amends 9 A.A.C. 10 Articles 1 and 8.

**12. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:**

The Department received two formal written comments. One comment was from Joel Wakefield with the Nelson Law Group representing Ying Tian, MD, president of the Arizona Society of Anesthesiologists (AzSA). Another comment was received from Katrina Trinchera, Chief Compliance Officer at the Arizona State Hospital (ASH).

The comment on behalf of AzSA acknowledged the Department's proposed revisions to A.A.C. R9-10-911, as required by legislative changes to ARS 36-405. However, AzSA urges the Department to explicitly recognize that these revisions do not alter the established scope of practice for certified registered nurse anesthetists (CRNAs) as defined in ARS 32-1634.04(A). AzSA emphasizes that no health care professional in Arizona may exceed their legislatively defined scope of practice and that the Department does not have the authority to modify professional licensure restrictions through facility licensure rules. Therefore, AzSA requested that the Department acknowledge these statutory limitations in the final rule. The Department thanked Joel Wakefield for the comments and assured them that the changes in R9-10-911 are intended to align with the statutory revisions to A.R.S 36-405 while maintaining consistency with existing scope of practice requirements.

ASH provided feedback on the proposed changes to A.A.C. R9-10-1315, which require evacuation drills every three months for all individuals at the Arizona Community Protection and Treatment Center (ACPTC), except those with medical exemptions. Given ACPTC's unique population and lengthy average stay, ASH finds this frequency excessive and disruptive to the therapeutic environment. While recognizing the importance of staff training for emergencies, ASH suggests aligning the requirements with hospital disaster management rules in A.A.C. R9-10-232 by changing the term "evacuation drill" to "fire drill." In response, the Department clarified that the proposed changes are intended to reduce the burden of evacuation drills by exempting patients whose medical records indicate that evacuation would cause harm. Currently, all patients are required to participate, as no exemption exists under A.A.C. Title 9, Chapter 10, Article 13. Additionally, the term "evacuation drill" aligns with A.A.C. Title 9, Chapter 10 and accounts for various emergency scenarios beyond fire.

ASH also recommended the Department revise A.A.C. R9-10-1302(H)(2)(b), R9-10-1305(E), and R9-10-1305(G)(3) and remove reference to behavioral health technicians (BHTs) because ACPTC does not employ BHTs for resident care. Instead, residential program specialists provide supervision, security, assistance with daily living activities, and recreational support without performing duties requiring licensure under Title 32. Since these staff do not meet the definition of a BHT under A.A.C. R9-10-101(39), ASH suggested removing references to BHTs from certain sections of Article 13 for clarity. In response, the Department stated that the requested changes fall outside the scope of this rulemaking. While ACPTC does not currently employ behavioral health technicians (BHTs), the Department questioned whether this could be a possibility in the future. Since the rules set minimum standards, they would remain applicable if ACPTC were to hire BHTs later.

ASH also recommended updating A.A.C. R9-10-1307 to align with the discharge process for ACPTC residents. They noted that

residents could be conditionally released to a less restrictive alternative through the privileges process but remained under ACPTC's care until discharge. Additionally, ASH highlighted that it was rare for ACPTC residents to be determined to have a Serious Mental Illness (SMI) and, therefore, to have an outpatient treatment team or Regional Behavioral Health Authority (RHBA) involved in their transition. As a result, many residents were discharged to the community without a designated health care provider or behavioral health professional to receive the discharge summary. To address this, ASH suggested revising the language in A.A.C. R9-10-1307(D). In response, the Department stated that amending discharge process rules is beyond the scope of this rulemaking. The Department acknowledged that ACPTC residents are rarely determined to have a SMI and that some may be discharged without an identified health care provider or behavioral health professional. However, any changes to discharge requirements would require further discussion and analysis, as the language in this Section is consistent with statute.

ASH recommended updating A.A.C. R9-10-1310 to better align with the treatment planning process for ACPTC residents. They explained that a resident's treatment plan was developed by a multidisciplinary team under the ultimate responsibility of the clinical director. Since treatment orders could come from various providers and be stored in locations other than the resident's master treatment plan, ASH stated that listing each provider's name on the treatment plan was duplicative and impractical. Therefore, they recommended removing this requirement from the rule. In response, the Department explained that the requirement of documenting the name of each individual who ordered medication, counseling, or other treatment for the patient would be inconsistent with other rules in Chapter 10 as well as national standard practices.

Lastly, ASH recommended the individuals receiving care at ACPTC be termed "residents." It is recommended that the Article refer to "residents" rather than "patients." In response, the Department explained that the use of the term "patient" with "resident" when referring to individuals receiving care at ACPTC would create inconsistency and would not align with the defined terms in R9-10-101(164) and (195).

At the Oral Proceeding on February 18, 2025, six stakeholders attended. Comments were made by Debbie Johnston from the Arizona Hospital and Healthcare Association and Susan Russo from Community Bridges. Debbie Johnston expressed her gratitude, thanking the Department for being responsive to their concerns during the rulemaking process. Susan Russo raised a concern about whether it is appropriate for a registered nurse (RN) to serve in a behavioral health technician (BHT) role. The Department clarified that RNs are not required to be classified as BHTs. They can serve as standalone staff and do not require clinical oversight if they are not providing behavioral health services. For example, if an RN is conducting clinical rounds related to nursing or medication services, they would not need oversight from a behavioral health professional. The Department ensured that this change does not significantly impact their duties, emphasizing that registered nurses maintain their RN designation without needing to be classified as BHTs. Susan Russo also expressed concerns regarding the licensing exceptions in R9-10-103 and whether outpatient treatment centers (OTCs) would no longer be eligible for a licensing exception. The Department explained that the rule applies to off-site services, such as home health or hospice agencies providing medical services at an assisted living facility or another health care institution, which do not require dual licensure. The changes to the exception do not impact an OTC's ability to provide services in the community. However, the rule clarifies that OTCs cannot provide services within another licensed health care institution unless a specific rule or agreement permits them to do so. This change does not

limit an OTC from operating in the community but ensures that services provided within other licensed institutions comply with applicable regulations.

**13. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:**

There are no other matters prescribed by statutes applicable specifically to the Department or this specific rulemaking.

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

The rule does not require the issuance of a regulatory permit. Therefore, a general permit is not applicable.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**

There are no federal rules applicable to the subject of the rule.

**c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**

Not applicable

**14. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:**

Not applicable

**15. Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the *Register* as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:**

**R9-10-101. Definitions**

In addition to the definitions in A.R.S. §§ 36-401(A) and 36-439, the following definitions apply in this Chapter unless otherwise specified:

1. "Abortion clinic" No change
2. "Abuse" No change
    a. No change
        i. No change
        ii. No change
    b. No change
    c. No change
    d. No change
3. "Accredited" No change
4. "Active malignancy" No change
    a. No change
        i. No change
        ii. No change
        iii. No change
    b. No change
    c. No change
5. "Activities of daily living" No change
6. "Acuity" No change
7. "Acuity plan" No change
8. "Adjacent" No change
    a. No change
    b. No change
9. "Administrative completeness review time-frame" No change
10. "Administrative office" No change
11. "Admission" or "admitted" No change
12. "Adult" No change
13. "Adult behavioral health therapeutic home" No change
14. "Adult residential care institution" No change
15. "Adverse reaction" No change
16. "Affiliated counseling facility" No change
17. "Affiliated outpatient treatment center" No change
18. "Alternate licensing fee due date" No change
19. "Ancillary services" No change
20. "Anesthesiologist" No change
    a. No change
    b. No change
    c. No change
    d. No change

21. "Applicant" No change
    a. No change
    b. No change
    c. No change
    d. No change
22. "Application packet" No change
    a. No change
    b. No change
    c. No change
    d. No change
23. "Assessment" No change
24. "Assistance in the self-administration of medication" No change
25. "Attending physician" No change
26. "Authenticate" No change
    a. No change
    b. No change
    c. No change
    d. No change
27. "Authorized service" No change
28. "Available" No change
    a. No change
    b. No change
    c. No change
29. "Behavioral care" No change
    a. No change
        i. No change
            (1) No change
            (2) No change
        ii. No change
    b. No change
30. "Behavioral health facility" No change
31. "Behavioral health inpatient facility" means a health care institution <u>other than a general hospital, rural general hospital, or special hospital</u> that provides continuous treatment to an individual experiencing a behavioral health issue that causes the individual to:
    a. Have a limited or reduced ability to meet the individual's basic physical needs; b. Suffer harm that significantly impairs the individual's judgment, reason, behavior, or capacity to recognize reality;
    c. Be a danger to self;
    d. Be a danger to others;
    e. Be persistently or acutely disabled, as defined in A.R.S. § 36-501; or
    f. Be gravely disabled.
32. "Behavioral health issue" No change
33. "Behavioral health observation/stabilization services" No change
    a. No change

b. No change

c. No change

34. "Behavioral health paraprofessional" No change

a. No change

b. No change

35. "Behavioral health professional" means the following licensed professionals that provide services specifically within the scope of practices defined by their profession:

a. An individual licensed under A.R.S. Title 32, Chapter 33, whose scope of practice allows the individual to:

i. Independently engage in the practice of behavioral health, as defined in A.R.S. § 32-3251; or

ii. Except for a licensed substance abuse technician, engage in the practice of behavioral health, as defined in A.R.S. § 32-3251, under direct supervision as defined in A.A.C. R4-6-101;

b. A psychiatrist as defined in A.R.S. § 36-501;

c. A psychologist as defined in A.R.S. § 32-2061;

d. A physician;

e. A behavior analyst as defined in A.R.S. § 32-2091; or

f. A registered nurse practitioner licensed as an adult psychiatric and mental health nurse; ~~or~~

g. A ~~registered~~ clinical nurse specialist as described in A.R.S. § 32-1601 or ~~with:~~

~~i. A psychiatric-mental health nursing certification, or~~

~~ii. One year of experience providing behavioral health services.~~

h. Psychiatric physician assistant.

36. "Behavioral health residential facility" No change

a. No change

b. No change

37. "Behavioral health respite home" No change

38. "Behavioral health specialized transitional facility" means a health care institution that provides inpatient behavioral health services and physical health services to an individual determined to be a sexually violent person according to A.R.S. Title 36, Chapter 37 and 9 A.A.C. 10 Article 13.

39. "Behavioral health technician" No change

a. No change

b. No change

40. "Benzodiazepine" No change

41. "Biohazardous medical waste" No change

42. "Calendar day" No change

43. "Case manager" No change

44. "Certification" No change

45. "Certified health physicist" No change

46. "Change in ownership" No change

47. "Chief administrative officer" or "administrator" No change

48. "Clinical laboratory services" No change

49. "Clinical oversight" No change

a. No change

b. No change

c. No change

d. No change

50. “Clinical privileges” No change

51. “Collaborating health care institution” No change

a. No change

b. No change

52. “Common area” No change

a. No change

b. No change

c. No change

53. “Communicable disease” No change

54. “Conspicuously posted” No change

a. No change

b. No change

55. “Consultation” No change

56. “Contracted services” No change

57. “Contractor” No change

58. “Controlled substance” No change

59. “Counseling” No change

60. “Counseling facility” No change

a. No change

b. No change

61. “Court-ordered evaluation” No change

62. “Court-ordered treatment” No change

63. “Crisis services” No change

64. “Current” No change

65. “Daily living skills” No change

66. “Danger to others” No change

67. “Danger to self” No change

68. “Detoxification services” No change

a. No change

b. No change

69. “Diagnostic procedure” No change

70. “Dialysis” No change

71. “Dialysis services” No change

72. “Dialysis station” No change

73. “Dialyzer” No change

74. “Disaster” No change

75. “Discharge” No change

76. “Discharge instructions” No change

77. “Discharge planning” No change

78. “Discharge summary” No change

79. “Disinfect” No change

80. “Documentation” or “documented” No change

81. “Drill” No change

82. “Drug” No change

83. “Electronic” No change

84. “Electronic signature” No change

85. “Emergency” No change

86. “Emergency medical services provider” No change

87. “Emergency services” No change

88. “End-of-life” No change

89. “Environmental services” No change

90. “Equipment” No change

91. “Exploitation” No change

92. “Factory-built building” No change

93. “Family” or “family member” No change

94. “Follow-up instructions” No change

95. “Food services” No change

96. “Full-time” No change

97. “Garbage” No change

98. “General consent” No change

99. “General hospital” No change

100. “Gravely disabled” No change

101. “Habilitation services” No change

102. “Hazard” or “hazardous” No change

103. “Health care directive” No change

104. “Hemodialysis” No change

105. “Home health agency” No change

106. “Home health aide” No change

107. “Home health aide services” No change

108. “Home health services” No change

109. “Hospice inpatient facility” No change

110. “Hospital” No change

111. “Immediate” No change

112. “Immediate jeopardy” No change

~~112.~~113. “Incident” means an unexpected occurrence that harms or has the potential to harm a patient, while the patient is:

a. On the premises of a health care institution, or

b. Not on the premises of a health care institution but directly receiving physical health services or behavioral health ser-vices from a personnel member who is providing the physical health services or behavioral health services on behalf of the health care institution.

~~113.~~114. “Infection control” means to identify, prevent, monitor, and minimize infections.

~~114.~~115. “Infectious tuberculosis” has the same meaning as “infectious active tuberculosis” in A.A.C. R9-6-101.

~~115.~~116. “Informed consent” means:

a. Advising a patient of a proposed treatment, surgical procedure, psychotropic medication, opioid, or diagnostic proce-dure; alternatives to the treatment, surgical procedure, psychotropic medication, opioid, or diagnostic procedure; and associated risks and possible complications; and

b. Obtaining documented authorization for the proposed treatment, surgical procedure, psychotropic medication, opioid, or diagnostic procedure from the patient or the patient's representative.

~~116.~~117. "In-service education" means organized instruction or information that is related to physical health services or behavioral health services and that is provided to a medical staff member, personnel member, employee, or volunteer.

~~117.~~118. "Interdisciplinary team" means a group of individuals consisting of a resident's attending physician, a registered nurse responsible for the resident, and other individuals as determined in the resident's comprehensive assessment or, if applicable, placement evaluation.

~~118.~~119. "Intermediate care facility for individuals with intellectual disabilities" or "ICF/IID" has the same meaning as in A.R.S. § 36-551.

~~119.~~120. "Interval note" means documentation updating a patient's:

a. Medical condition after a medical history and physical examination is performed, or

b. Behavioral health issue after an assessment is performed.

~~120.~~121. "Isolation" means the separation, during the communicable period, of infected individuals from others, to limit the transmission of infectious agents.

~~121.~~122. "Leased facility" means a facility occupied or used during a set time period in exchange for compensation.

~~122.~~123. "License" means:

a. Written approval issued by the Department to a person to operate a class or subclass of health care institution at a specific location; or

b. Written approval issued to an individual to practice a profession in this state.

~~123.~~124. "Licensed occupancy" means the total number of individuals for whom a health care institution is authorized by the Department to provide crisis services in a unit providing behavioral health observation/stabilization services.

~~124.~~125. "Licensee" means an owner approved by the Department to operate a health care institution.

~~125.~~126. "Manage" means to implement policies and procedures established by a governing authority, an administrator, or an individual providing direction to a personnel member.

~~126.~~127. "Medical condition" means the state of a patient's physical or mental health, including the patient's illness, injury, or disease.

~~127.~~128. "Medical director" means a physician who is responsible for the coordination of medical services provided to patients in a health care institution.

~~128.~~129. "Medical history" means an account of a patient's health, including past and present illnesses, diseases, or medical conditions.

~~129.~~130. "Medical practitioner" means a physician, physician assistant, or registered nurse practitioner.

~~130.~~131. "Medical record" has the same meaning as "medical records" in A.R.S. § 12-2291.

~~131.~~132. "Medical staff" means physicians and other individuals licensed pursuant to A.R.S. Title 32 who have clinical privileges at a health care institution.

~~132.~~133. "Medical staff bylaws" means standards, approved by the medical staff and the governing authority, that provide the framework for the organization, responsibilities, and self-governance of the medical staff.

~~133~~134. "Medical staff member" means an individual who is part of the medical staff of a health care institution.

~~134.~~135. "Medication" means one of the following used to maintain health or to prevent or treat a medical condition or behavioral health issue:

a. Biologicals as defined in A.A.C. R18-13-1401,

b. Prescription medication as defined in A.R.S. § 32-1901, or

c. Nonprescription drug as defined in A.R.S. § 32-1901.

~~135.~~136. "Medication administration" means restricting a patient's access to the patient's medication and providing the medication to the patient or applying the medication to the patient's body, as ordered by a medical practitioner.

~~136.~~137. "Medication error" means:

a. The failure to administer an ordered medication;

b. The administration of a medication not ordered; or

c. The administration of a medication:

i. In an incorrect dosage,

ii. More than 60 minutes before or after the ordered time of administration unless ordered to do so, or

iii. By an incorrect route of administration.

~~137.~~138. "Mental disorder" means the same as in A.R.S. § 36-501.

~~138.~~139. "Mobile clinic" means a movable structure that:

a. Is not physically attached to a health care institution's facility;

b. Provides medical services, nursing services, behavioral health services, or health related service to an outpatient under the direction of the health care institution's personnel; and

c. Is not intended to remain in one location indefinitely.

~~139.~~140. "Monitor" or "monitoring" means to check systematically on a specific condition or situation.

~~140.~~141. "Neglect" has the same meaning:

a. For an individual less than 18 years of age, as in A.R.S. § 8-201; and

b. For an individual 18 years of age or older, as in A.R.S. § 46-451.

~~141.~~142. "Nephrologist" means a physician who is board eligible or board certified in nephrology by a professional credentialing board.

~~142.~~143. "Nurse" has the same meaning as "registered nurse" or "practical nurse" as defined in A.R.S. § 32-1601.

~~143.~~144. "Nursing care institution administrator" means an individual licensed according to A.R.S. Title 36, Chapter 4, Article 6.

~~144.~~145. "Nursing personnel" means individuals authorized according to A.R.S. Title 32, Chapter 15 to provide nursing services.

~~145.~~146. "Observation chair" means a physical piece of equipment that:

a. Is located in a designated area where behavioral health observation/stabilization services are provided,

b. Allows an individual to fully recline, and

c. Is used by the individual while receiving crisis services.

~~146.~~147. "Occupational therapist" has the same meaning as in A.R.S. § 32-3401.

~~147.~~148. "Occupational therapy assistant" has the same meaning as in A.R.S. § 32-3401.

~~148.~~149. "Ombudsman" means a resident advocate who performs the duties described in A.R.S. § 46-452.02.

~~149.~~150. "On-call" means a time during which an individual is available and required to come to a health care institution when requested by the health care institution.

~~150.~~151. "Opioid" means a controlled substance, as defined in A.R.S. § 36-2501, that meets the definition of "opiate" in A.R.S. § 36-2501.

~~151.~~152. "Opioid agonist treatment medication" means a prescription medication that is approved by the U.S. Food and Drug Administration under 21 U.S.C. § 355 for use in the treatment of ~~premises~~ opioid-related substance use disorder.

~~152.~~153. "Opioid antagonist" means a prescription medication, as defined in A.R.S. § 32-1901, that:

a. Is approved by the U.S. Department of Health and Human Services, Food and Drug Administration; and

b. When administered, reverses, in whole or in part, the pharmacological effects of an opioid in the body.

~~153.~~154. "Opioid treatment" means providing medical services, nursing services, behavioral health services, health-related services, and ancillary services to a patient receiving an opioid agonist treatment medication for opioid-related substance use disorder.

~~154.~~155. "Order" means instructions to provide:

a. Physical health services to a patient from a medical practitioner or as otherwise provided by law; or

b. Behavioral health services to a patient from a behavioral health professional.

~~155.~~156. "Orientation" means the initial instruction and information provided to an individual before the individual starts work or volunteer services in a health care institution.

~~156.~~157. "Outing" means a social or recreational activity that:

a. Occurs away from the premises,

b. Is not part of a behavioral health inpatient facility's or behavioral health residential facility's daily routine, and

c. Lasts longer than ~~four~~ two hours.

~~157.~~158. "Outpatient surgical center" means a class of health care institution that has the facility, staffing, and equipment to provide surgery and anesthesia ser-vices to a patient whose recovery, in the opinions of the patient's surgeon and, if an anesthesiologist would be providing anesthesia services to the patient, the anesthesiologist, does not require inpatient care in a hospital.

~~158.~~159. "Outpatient treatment center" means a class of health care institution without inpatient beds that provides physical health services, or physical health services and behavioral health services, including medication services for the diagnosis and treatment of patients.

~~159.~~160. "Overall time-frame" means the same as in A.R.S. § 41-1072.

~~161.~~161. "Owner" means a person who appoints, elects, or designates a health care institution's governing authority.

~~161.~~162. "Pain management clinic" has the same meaning as in A.R.S. § 36-448.01.

~~162.~~163. "Participant" means a patient receiving physical health services or behavioral health services from an adult day health care facility or a substance abuse transitional facility.

~~163.~~164. "Participant's representative" means the same as "patient's representative" for a participant.

~~164.~~165. "Patient" means an individual receiving physical health services or behavioral health services from a health care institution.

~~165.~~166. "Patient's representative" means:

a. A patient's legal guardian;

b. If a patient is less than 18 years of age and not an emancipated minor, the patient's parent;

c. If a patient is 18 years of age or older or an emancipated minor, an individual acting on behalf of the patient with the written consent of the patient or patient's legal guardian; or

d. A surrogate as defined in A.R.S. § 36-3201.

~~166.~~167. "Person" means the same as in A.R.S. § 1-215 and includes a governmental agency.

~~167.~~168. "Personnel member" means, except as defined in specific Articles in this Chapter and excluding a medical staff member, a student, or an intern, an individual providing physical health services or behavioral health services to a patient.

~~168.~~169. "Pest control program" means activities that minimize the presence of insects and vermin in a health care institution to ensure that a patient's health and safety is not at risk.

~~169.~~170. "Pharmacist" has the same meaning as in A.R.S. § 32-1901.

~~170.~~171. "Physical examination" means to observe, test, or inspect an individual's body to evaluate health or determine the cause of illness, injury, or disease.

~~171.~~172. “Physical health services” means medical services, nursing services, health-related services, or ancillary services provided to an individual to address the individual’s medical condition.

~~172.~~173. “Physical therapist” has the same meaning as in A.R.S. § 32-2001.

~~173.~~174. “Physical therapist assistant” has the same meaning as in A.R.S. § 32-2001.

~~174.~~175. “Physician assistant” has the same meaning as in A.R.S. § 32-2501.

~~175.~~176. “Placement evaluation” means the same as in A.R.S. § 36-551.

~~176.~~177. “Pre-petition screening” has the same meaning as “prepetition screening” in A.R.S. § 36-501.

~~177.~~178. “Premises” means property that is designated by an applicant or licensee and licensed by the Department as part of a health care institution where physical health services or behavioral health services are provided to a resident or patient.

~~178.~~179. “Prescribe” means to issue written or electronic instructions to a pharmacist to deliver to the ultimate user, or another individual on the ultimate user’s behalf, a specific dose of a specific medication in a specific quantity and route of administration.

~~179.~~180. “Professional credentialing board” means a non-governmental organization that designates individuals who have met or exceeded established standards for experience and competency in a specific field.

~~180.~~181. “Progress note” means documentation by a medical staff member, nurse, or personnel member of:

a. An observed patient response to a physical health service or behavioral health service provided to the patient,

b. A patient’s significant change in condition, or

c. Observed behavior of a patient related to the patient’s medical condition or behavioral health issue.

~~181.~~182. “PRN” means pro re nata or given as needed.

~~182.~~183. “Project” means specific construction or modification of a facility stated on an architectural plans and specifications approval application.

~~183.~~184. “Provider” means an individual to whom the Department issues a license to operate an adult behavioral health therapeutic home or a behavioral health respite home in the individual’s place of residence.

~~184.~~185. “Provisional license” means the Department’s written approval to operate a health care institution issued to an applicant or licensee that is not in substantial compliance with the applicable laws and rules for the health care institution.

186. “Psychiatric services” means the diagnosis, treatment, and management of a mental disorder under the direction of a licensed psychiatrist or licensed nurse practitioner.

~~185.~~187. “Psychotropic medication” means a chemical substance that:

a. Crosses the blood-brain barrier and acts primarily on the central nervous system where it affects brain function, resulting in alterations in perception, mood, consciousness, cognition, and behavior; and

b. Is provided to a patient to address the patient’s behavioral health issue.

~~186.~~188. “Quality management program” means ongoing activities designed and implemented by a health care institution to improve the delivery of medical services, nursing services, health-related services, and ancillary services provided by the health care institution.

~~187.~~189. “Recovery care center” has the same meaning as in A.R.S. § 36-448.51.

~~188.~~190. “Referral” means providing an individual with a list of the class or subclass of health care institution or type of health care professional that may be able to provide the behavioral health services or physical health services that the individual may need and may include the name or names of specific health care institutions or health care professionals.

~~189.~~191. "Registered dietitian" means an individual approved to work as a dietitian by the American Dietetic Association's Commission on Dietetic Registration.

~~190.~~192. "Registered nurse" has the same meaning as in A.R.S. § 32-1601.

~~191.~~193. "Registered nurse practitioner" has the same meaning as A.R.S. § 32-1601.

~~192.~~194. "Regular basis" means at recurring, fixed, or uniform intervals.

~~193.~~195. "Rehabilitation services" means medical services provided to a patient to restore or to optimize functional capability.

~~194.~~196. "Research" means the use of a human subject in the systematic study, observation, or evaluation of factors related to the prevention, assessment, treatment, or understanding of a medical condition or behavioral health issue.

~~195.~~197. "Resident" means an individual living in and receiving physical health services or behavioral health services, including rehabilitation services or habilitation services if applicable, from a nursing care institution, an intermediate care facility for individuals with intellectual disabilities, a behavioral health residential facility, an assisted living facility, or an adult behavioral health therapeutic home.

~~196.~~198. "Resident's representative" means the same as "patient's representative" for a resident.

~~197.~~199. "Respiratory care services" has the same meaning as "practice of respiratory care" as defined in A.R.S. § 32-3501.

~~198.~~200. "Respiratory therapist" has the same meaning as in A.R.S. § 32-3501.

~~199.~~201. "Respite capacity" means the total number of children who do not stay overnight for whom an outpatient treatment center or a behavioral health residential facility is authorized by the Department to provide respite services on the premises of the outpatient treatment center or behavioral health residential facility.

~~200.~~202. "Respite services" means respite care services provided to an individual who is receiving behavioral health services.

~~201.~~203. "Restraint" means any physical or chemical method of restricting a patient's freedom of movement, physical activity, or access to the patient's own body.

~~202.~~204. "Risk" means potential for an adverse outcome.

~~203.~~205. "Room" means space contained by a floor, a ceiling, and walls extending from the floor to the ceiling that has at least one door.

~~204.~~206. "Rural general hospital" means a subclass of hospital:

a. Having 50 or fewer inpatient beds,

b. Located more than 20 surface miles from a general hospital or another rural general hospital, and

c. Requesting to be and being licensed as a rural general hospital rather than a general hospital.

~~205.~~207. "Satellite facility" has the same meaning as in A.R.S. § 36-422.

~~206.~~208. "Scope of services" means a list of the behavioral health services or physical health services the governing authority of a health care institution has designated as being available to a patient at the health care institution.

~~207.~~209. "Seclusion" means the involuntary solitary confinement of a patient in a room or an area where the patient is prevented from leaving.

210. "Secure behavioral health residential facility" has the same meaning as in A.R.S. § 36.425.06.

211. "Self-injury" means any intentional act of causing harm or injury to oneself and may include, but is not limited to, actions such as cutting, burning, hitting, scratching, or other forms of physical harm which as a result may require care from a health care provider.

~~208.~~212. "Sedative-hypnotic medication" means any one of several classes of drugs that have sleep-inducing, anti-anxiety, anti-convulsant, and muscle-relaxing properties.

~~209.~~213. "Self-administration of medication" means a patient having access to and control of the patient's medication and may include the patient receiving limited support while taking the medication.

~~210.~~214. "Sexual abuse" means the same as in A.R.S. § 13-1404(A).

~~211.~~215. "Sexual assault" means the same as in A.R.S. § 13-1406(A).

~~212.~~216. "Shift" means the beginning and ending time of a continuous work period established by a health care institution's policies and procedures.

~~213.~~217. "Short-acting opioid antagonist" means an opioid antagonist that, when administered, quickly but for a small period of time reverses, in whole or in part, the pharmacological effects of an opioid in the body.

~~214.~~218. "Signature" means:

a. A handwritten or stamped representation of an individual's name or a symbol intended to represent an individual's name, or

b. An electronic signature.

~~215.~~219. "Significant change" means an observable deterioration or improvement in a patient's physical, cognitive, behavioral, or functional condition that may require an alteration to the physical health services or behavioral health services provided to the patient.

220. "Single dwelling unit" has the same meaning as "single family residence" in A.R.S. § 33-1310.

~~216.~~221. "Single group license" means a license that includes authorization to operate health care institutions according to A.R.S. § 36-422(F) or (G).

~~217.~~222. "Speech-language pathologist" means an individual licensed according to A.R.S. Title 36, Chapter 17, Article 4 to engage in the practice of speech-language pathology, as defined in A.R.S. § 36-1901.

~~218.~~223. "Special hospital" means a subclass of hospital that:

a. Is licensed to provide hospital services within a specific branch of medicine; or

b. Limits admission according to age, gender, type of disease, or medical condition.

~~219.~~224. "Student" means an individual attending an educational institution and working under supervision in a health care institution through an arrangement between the health care institution and the educational institution.

~~220.~~225. "Substance abuse" means an individual's misuse of alcohol or other drug or chemical that:

a. Alters the individual's behavior or mental functioning;

b. Has the potential to cause the individual to be psychologically or physiologically dependent on alcohol or other drug or chemical; and

c. Impairs, reduces, or destroys the individual's social or economic functioning.

~~221.~~226. "Substance abuse transitional facility" means a class of health care institution that provides behavioral health services to an individual over 18 years of age who is intoxicated or may have a substance abuse problem.

~~222.~~227. "Substance use disorder" means a condition in which the misuse or dependence on alcohol or a drug results in adverse physical, mental, or social effects on an individual.

~~223.~~228. "Substance use risk" means an individual's unique likelihood for addiction, misuse, diversion, or another adverse consequence resulting from the individual being prescribed or receiving treatment with opioids.

~~224.~~229. "Substantial" when used in connection with a modification means:

a. An addition or removal of an authorized service;

b. The addition or removal of a colocator;

c. A change in a health care institution's licensed capacity, licensed occupancy, respite capacity, or the number of dialysis stations;

d. A change in the physical plant, including facilities or equipment, that costs more than $300,000; or

e. A change in the building where a health care institution is located that affects compliance with:

i. Applicable physical plant codes and standards incorporated by reference in R9-10-104.01, or

ii. Physical plant requirements in the specific Article in this Chapter applicable to the health care institution.

~~225.~~230. "Substantive review time-frame" means the same as in A.R.S. § 41-1072.

~~226.~~231. "Supportive services" has the same meaning as in A.R.S. § 36-151.

~~227.~~232. "Surgical procedure" means the excision of or incision in a patient's body for the:

a. Correction of a deformity or defect;

b. Repair of an injury; or

c. Diagnosis, amelioration, or cure of disease.

~~228.~~233. "Swimming pool" has the same meaning as "semipublic swimming pool" in A.A.C. R18-5-201.

~~229.~~234. "System" means interrelated, interacting, or interdependent elements that form a whole.

~~230.~~235. "Tapering" means the gradual reduction in the dosage of a medication administered to a patient, often with the intent of eventually discontinuing the use of the medication for the patient.

~~231.~~236. "Tax ID number" means a numeric identifier that a person uses to report financial information to the United States Internal Revenue Service.

~~232.~~237. ~~"Telemedicine"~~ "Telehealth" has the same meaning as in A.R.S. § 36-3601.

~~233.~~238. "Therapeutic diet" means foods or the manner in which food is to be prepared that are ordered for a patient.

~~234.~~239. "Therapist" means an occupational therapist, a physical therapist, a respiratory therapist, or a speech-language pathologist.

~~235.~~240. "Time-out" means providing a patient a voluntary opportunity to regain self-control in a designated area from which the patient is not physically prevented from leaving.

~~236.~~241. "Transfer" means a health care institution discharging a patient and sending the patient to another licensed health care institution as an inpatient or resident without intending that the patient be returned to the sending health care institution.

~~237.~~242. "Transport" means a licensed health care institution:

a. Sending a patient to a receiving licensed health care institution for outpatient services with the intent of the patient returning to the sending licensed health care institution, or

b. Discharging a patient to return to a sending licensed health care institution after the patient received outpatient services from the receiving licensed health care institution.

~~238.~~243. "Treatment" means a procedure or method to cure, improve, or palliate an individual's medical condition or behavioral health issue.

~~239.~~244. "Treatment plan" means a description of the specific physical health services or behavioral health services that a health care institution anticipates providing to a patient.

~~240.~~245. "Unclassified health care institution" means a health care institution not classified or subclassified in statute or in rule.

~~241.~~246. "Vascular access" means the point on a patient's body where blood lines are connected for hemodialysis.

~~242.~~247. "Volunteer" means an individual authorized by a health care institution to work for the health care institution on a regular basis without compensation from the health care institution and does not include a medical staff member who has clinical privileges at the health care institution.

~~243.~~248. "Working day" means a Monday, Tuesday, Wednesday, Thursday, or Friday that is not a state and federal holiday or a statewide furlough day.

**R9-10-102. Health Care Institution Classes and Subclasses; Requirements**

**A.** A person may apply for a license as one of the following classes or subclasses of health care institution:

1. General hospital~~,~~;
2. Rural general hospital~~,~~;
3. Special hospital~~,~~;
4. Behavioral health inpatient facility~~,~~;

5. Nursing care institution~~,~~;
6. Intermediate care facility for individuals with intellectual disabilities~~,~~;
7. Recovery care center~~,~~;
8. Hospice inpatient facility~~,~~;
9. Hospice service agency~~,~~;
10. Behavioral health residential facility~~,~~;
11. Adult residential care institution~~,~~;
12. Assisted living center~~,~~;
13. Assisted living home~~,~~;
14. Adult foster care home~~,~~;
15. Outpatient surgical center~~,~~;
16. Outpatient treatment center~~,~~; unless exempt pursuant to A.R.S. § 36-402,
17. Abortion clinic~~,~~;
18. Adult day health care facility~~,~~;
19. Home health agency~~,~~;
20. Substance abuse transitional facility~~,~~;
21. Behavioral health specialized transitional facility~~,~~;
22. Counseling facility~~,~~;
23. Adult behavioral health therapeutic home~~,~~;
24. Behavioral health respite home~~,~~;
25. Unclassified health care institution~~,~~; ~~or~~
26. Pain management clinic~~,~~; or
27. Secure behavioral health residential facility.

**B.** No change

**C.** No change

**D.** No change

1. No change
2. No change

**E.** No change

**R9-10-103. Licensing Exceptions**

**A.** No change

1. No change
2. No change

**B.** Unless required by another Article in this Chapter, the ~~The~~ Department does not require a separate health care institution license for:

1. A satellite facility of a hospital under A.R.S. § 36-422(F);
2. An accredited facility of an accredited hospital under A.R.S. § 36-422(G);
3. A facility operated by a licensed health care institution that is:
   a. Adjacent to and contiguous with the licensed health care institution premises; or
   b. Not adjacent to or contiguous with the licensed health care institution but connected to the licensed health care institution facility by an all-weather enclosure and:
      i. Owned by the health care institution, or
      ii. Leased by the health care institution with exclusive rights of possession;

4. A mobile clinic operated by a licensed health care institution; or

5. A facility located on grounds that are not adjacent to or contiguous with the health care institution premises where only ancillary services are provided to a patient of the health care institution.; or

6. A home health agency or hospice agency that provides off-site services, as specified as medical services, nursing services, behavioral health services, health-screening services, or health-related services provided by a licensed health care institution in an area that is:

   a. Not located on the health care institution's premises;

   b. Used to provide medical services, nursing services, behavioral health services, health-screening services, or health-related services of a limited duration; and

   c. Used for purposes other than providing medical services, nursing services, behavioral health services, health-screening services, or health-related services when not used by the health care institution.

**C.** A health care institution shall maintain at the health care institution, a current and valid documentation of any certificate or permit issued by a local jurisdiction related to the operation of the health care institution and provide copies to the Department for review upon request.

**R9-10-104. ~~Approval of~~ Architectural Plans and Specifications**

**A.** ~~For approval of architectural plans and specifications for~~ For the construction or modification of a health care institution that is required by this Chapter to comply with any of the physical plant codes and standards incorporated by reference in R9-10-104.01, an applicant shall submit as part of the health care institution license application to the Department an application packet including:

1. An application in a Department-provided format that contains:

   a. For construction of a new health care institution:

      i. The health care institution's name, street address, city, state, zip code, telephone number, and e-mail address;

      ii. The name and mailing address of the health care institution's governing authority;

      iii. The requested health care institution class or subclass; and

      iv. If applicable, the requested licensed capacity, licensed occupancy, respite capacity, and number of dialysis stations for the health care institution;

   b. For modification of a licensed health care institution that requires approval of architectural plans and specifications:

      i. The health care institution's license number,

      ii. The name and mailing address of the licensee,

      iii. The health care institution's class or subclass, and

      iv. The health care institution's existing licensed capacity, licensed occupancy, respite capacity, or number of dialysis stations; and the requested licensed capacity, licensed occupancy, respite capacity, or number of dialysis stations for the health care institution;

   c. The health care institution's contact person's name, street mailing address, city, state, zip code, telephone number, and e-mail address;

   ~~d. The name, street mailing address, city, state, zip code, telephone number, and e-mail address of:~~

      ~~i. The project architect; or~~

      ~~ii. If the construction or modification of the health care institution does not require a project architect, the project engineer or other individual responsible for the completion of the construction or modification;~~

d. A notarized attestation from an architect registered pursuant to A.R.S. Title 32, Chapter 1 that verifies the architectural plans and specifications meet or exceed standards adopted by the Department;

i. For a modification of a health care institution, authorities having jurisdiction may grant approval to renovate portions of a structure, space, or system if the facility operations and patient safety in renovated and existing areas are not jeopardized by existing features of areas retained without complete corrective measures which minimize restriction on those improvements where total compliance would create an unreasonable hardship and would not substantially improve safety;

e. A narrative description of the project;

f. The estimated total project cost including the costs of:

i. Site acquisition,

ii. General construction,

iii. Architect fees,

iv. Fixed equipment, and

v. Movable equipment;

g. If providing or planning to provide medical services, nursing services, or health-related services that require compliance with specific physical plant codes and standards incorporated by reference in R9-10-104.01, the number of rooms or inpatient beds designated for providing the medical services, nursing services, or health-related services;

h. If providing or planning to provide behavioral health observation/stabilization services, the number of behavioral health observation/stabilization observation chairs designated for providing the behavioral health observation/stabilization services;

~~i. For construction of a new health care institution and if modification of a health care institution requires a project architect, a statement signed and sealed by the project architect, according to the requirements in 4 A.A.C. 30, Article 3, that the:~~

~~i. Project architect has complied with A.A.C. R4-30-301; and~~

~~ii. Architectural plans and specifications comply with applicable licensing requirements in A.R.S. Title 36, Chapter 4 and this Chapter;~~

~~j.~~i. If construction or modification of a health care institution requires a project engineer, a statement signed and sealed by the project engineer, according to the requirements in 4 A.A.C. 30, Article 3, that the project engineer has complied with A.A.C. R4-30-301; and

~~k.~~j. A statement signed by the governing authority or the licensee that the architectural plans and specifications comply with applicable licensing requirements in A.R.S. Title 36, Chapter 4 and this Chapter;

2. If the health care institution is located on land under the jurisdiction of a local governmental agency, one of the following:

a. A building permit for the construction or modification issued by the local governmental agency; or

b. If a building permit issued by the local governmental agency is not required, zoning clearance issued by the local governmental agency that includes:

i. The health care institution's name, street address, city, state, zip code, and county;

ii. The health care institution's class or subclass and each type of medical services, nursing services, or health-related services to be provided; and

iii. A statement signed by a representative of the local governmental agency stating that the address listed is zoned for the health care institution's class or subclass;

3. The following information that is as necessary to demonstrate that the project described on the application complies with applicable codes and standards incorporated by reference in R9-10-104.01:

~~a.~~ ~~A table of contents containing:~~

~~i.~~ ~~The architectural plans and specifications submitted;~~

~~ii.~~ ~~The physical plant codes and standards incorporated by reference in R9-10-104.01 that apply to the project;~~

~~iii.~~ ~~The physical plant codes and standards that are required by a local governmental agency, if applicable;~~

~~iv.~~ ~~An index of the abbreviations and symbols used in the architectural plans and specifications; and~~

~~v.~~ ~~The facility's specific International Building Code construction type and International Building Code occupancy type;~~

~~b.~~ ~~If the facility is larger than 3,000 square feet and is or will be occupied by more than 20 individuals, the seal of an architect on the architectural plans and specifications according to the requirements in A.R.S. Title 32, Chapter 1 and 4 A.A.C. 30, Article 3;~~

~~c.~~a. A site plan, drawn to scale, of the entire premises showing streets, property lines, facilities, parking areas, outdoor areas, fences, swimming pools, fire access roads, fire hydrants, and access to water mains;

~~d.~~b. For each facility, on architectural plans and specifications~~:~~.,

~~i.~~ ~~A~~ a floor plan, drawn to scale, for each level of the facility, showing the layout and dimensions of each room, the name and function of each room, means of egress, and natural and artificial lighting sources;

~~ii.~~ ~~A diagram of a section of the facility, drawn to scale, showing the vertical cross-section view from foundation to roof and specifying construction materials;~~

~~iii.~~ ~~Building elevations, drawn to scale, showing the outside appearance of each facility;~~

~~iv.~~ ~~The materials used for ceilings, walls, and floors;~~

~~v.~~ ~~The location, size, and fire rating of each door and each window and the materials and hardware used, including safety features such as fire exit door hardware and fireproofing materials;~~

~~vi.~~ ~~A ceiling plan, drawn to scale, showing the layout of each light fixture, each fire protection device, and each element of the mechanical ventilation system;~~

~~vii.~~ ~~An electrical floor plan, drawn to scale, showing the wiring diagram and the layout of each lighting fixture, each outlet, each switch, each electrical panel, and electrical equipment;~~

~~viii.~~ ~~A mechanical floor plan, drawn to scale, showing the layout of heating, ventilation, and air conditioning systems;~~

~~ix.~~ ~~A plumbing floor plan, drawn to scale, showing the layout and materials used for water, sewer, and medical gas systems, including the water supply and plumbing fixtures;~~

~~x.~~ ~~A floor plan, drawn to scale, showing the communication system within the health care institution including the nurse call system, if applicable;~~

~~xi.~~ ~~A floor plan, drawn to scale, showing the automatic fire extinguishing, fire detection, and fire alarm systems; and~~

~~xii.~~ ~~Technical specifications or drawings describing installation of equipment or medical gas and the materials used for installation in the health care institution;~~

4. The estimated total project cost including the costs of:

a. Site acquisition,

b. General construction,

c. Architect fees,

d. Fixed equipment, and

e. Movable equipment;

5. ~~The following, as applicable:~~

~~a.~~ If the health care institution is located on land under the jurisdiction of a local governmental agency, one of the following provided by the local governmental agency:

~~i.~~a. A copy of the certificate of occupancy for the facility,

~~ii.~~b. Documentation that the facility was approved for occupancy, or

~~iii.~~c. Documentation that a certificate of occupancy for the facility is not available~~;~~.

~~b. A certification and a statement that the construction or modification of the facility is in substantial compliance with applicable licensing requirements in A.R.S. Title 36, Article 4 and this Chapter signed by the project architect, the contractor, and the owner;~~

~~c. A written description of any work necessary to complete the construction or modification submitted by the project architect;~~

~~d. If the construction or modification affects the health care institution's fire alarm system, a contractor certification and description of the fire alarm system in a Department-provided format provided by the Department;~~

~~e. If the construction or modification affects the health care institution's automatic fire extinguishing system, a contractor certification of the automatic fire extinguishing system in a Department-provided format provided by the Department;~~

~~f. If the construction or modification affects the health care institution's heating, ventilation, or air conditioning system, a copy of the heating, ventilation, air conditioning, and air balance tests and a contractor certification of the heating, ventilation, or air conditioning system;~~

~~g. If draperies, cubicle curtains, or floor coverings are installed or replaced, a copy of the manufacturer's certification of flame spread for the draperies, cubicle curtains, or floor coverings;~~

~~h. For a health care institution using inhalation anesthetics or nonflammable medical gas, a copy of the Compliance Certification for Inhalation Anesthetics or Nonflammable Medical Gas System required in the National Fire Codes incorporated by reference in R9-10-104.01;~~

~~i. If a generator is installed, a copy of the installation acceptance required in the National Fire Codes incorporated by reference in R9-10-104.01;~~

~~j. If equipment is installed, a certification from an engineer or from a technical representative of the equipment's manufacturer that the equipment has been installed according to the manufacturer's recommendations and, if applicable, calibrated;~~

~~k. For a health care institution providing radiology, a written report from a certified health physicist of the location, type, and amount of radiation protection; and~~

~~l. If a factory-built building is used by a health care institution:~~

~~i. A copy of the installation permit and the copy of a certificate of occupancy for the factory-built building from the Office of Manufactured Housing; or~~

~~ii. A written report from an individual registered as an architect or a professional structural engineer under 4 A.A.C. 30, Article 2, stating that the factory-built building complies with applicable design standards;~~

~~6. For construction of a new health care institution and for a modification of a health care institution that requires a project architect, a statement signed by the project architect that final architectural plans and specifications have been submitted to the person applying for a health care institution license or the licensee of the health care institution;~~

~~7. For modification of a health care institution that does not require a project architect, a statement signed by the project engineer or other individual responsible for the completion of the modification that final architectural plans and specifications have been submitted to the person applying for a health care institution license or the licensee of the health care institution; and~~

~~8. The applicable fee required by R9-10-106.~~

~~**B.** Before an applicant submits an application for approval of architectural plans and specifications for the construction or modification of a health care institution, an applicant may request an architectural evaluation by providing the documents in subsection (A)(3) to the Department.~~

~~**C.**~~**B.** The Department may conduct on-site facility reviews during the construction or modification of a health care institution.

~~**D.** The Department shall approve or deny an application for approval of architectural plans and specifications of a health care institution in this Section according to R9-10-108.~~

~~**E.** In addition to obtaining an approval of a health care institution's architectural plans and specifications, a person shall obtain a health care institution license before operating the health care institution.~~

**R9-10-104.01. Codes and Standards**

**A.** No change

1. No change
2. No change

**B.** The following physical plant health and safety codes and standards are incorporated by reference as modified, are on file with the Department, and include no future editions or amendments:

1. Guidelines for Design and Construction of Health Care Facilities (2018 ed.), published by the American Society for Healthcare Engineering and available from The Facility Guidelines Institute at www.fgiguidelines.org;
2. The following National Fire Codes (2012), published by and available from the National Fire Protection Association, 1 Batterymarch Park, Quincy, MA 02269, and at www.nfpa.org/catalog:
   a. NFPA70 National Electrical Code,
   b. NFPA101 Life Safety Code, and
   c. 2012 Supplements;
3. ICC/A117.1-2017, American National Standard: Accessible and Usable Buildings and Facilities (2017), published by and available from the International Code Council, Inc., Publications, 4051 W. Flossmoor Road, Country Club Hills, IL 60478-5795, and at www.iccsafe.org;
4. International Building Code (2018), published by and available from the International Code Council, Inc., Publications, 4051 W. Flossmoor Road, Country Club Hills, IL 60478-5795, and at www.iccsafe.org, with the following modifications:
   a. Section 101.1 is modified by deleting "of [NAME OF JURISDICTION]";
   b. Section 101.2 is modified by deleting the "Exception";
   c. Section 101.4.7 is deleted;
   d. Sections 103.1 through 103.3 are deleted;
   e. Sections 104.1 through 104.11.2 are deleted;
   f. Sections 105.1 through 105.7 are deleted;
   g. Sections 106.1 through 106.3 are deleted;
   h. Sections 107.1 through 107.5 are deleted;

i. Sections 108.1 through 108.4 are deleted;

j. Sections 109.1 through 109.6 are deleted;

k. Sections 110.1 through 110.6 are deleted;

l. Sections 111.1 through 111.4 are deleted;

m. Sections 112.1 through 112.3 are deleted;

n. Sections 113.1 through 113.3 are deleted;

o. Sections 114.1 through 114.4 are deleted;

p. Sections 115.1 through 115.3 are deleted;

q. Sections 116.1 through 116.5 are deleted; and

r. Appendices A, B, C, D, K, L, and M are deleted;

5. International Mechanical Code (2018), published by and available from the International Code Council, Inc., Publications, 4051 W. Flossmoor Road, Country Club Hills, IL 60478-5795, and at www.iccsafe.org, with the following modifications:

a. Section 101.1 is modified by deleting "of [NAME OF JURISDICTION]",

b. Sections 103.1 through 103.4.1 are deleted,

c. Sections 104.1 through 104.7 are deleted,

d. Sections 105.1 through 105.5 are deleted,

e. Sections 106.1 through 106.5.3 are deleted,

f. Sections 107.1 through 107.6 are deleted,

g. Sections 108.1 through 108.7.3 are deleted,

h. Sections 109.1 through 109.7 are deleted,

i. Sections 110.1 through 110.4 are deleted, and

j. Appendix B is deleted;

6. International Plumbing Code (2018), published by and available from the International Code Council, Inc., Publications, 4051 W. Flossmoor Road, Country Club Hills, IL 60478-5795, and at www.iccsafe.org, with the following modifications:

a. Section 101.1 is modified by deleting "of [NAME OF JURISDICTION]",

b. Sections 103.1 through 103.4.1 are deleted,

c. Sections 104.1 through 104.7 are deleted,

d. Sections 105.1 through 105.4.1 are deleted,

f. Sections 107.1 through 107.9 are deleted,

g. Sections 108.1 through 108.7.2 are deleted,

h. Sections 109.1 through 109.7 are deleted, and

i. Sections 110.1 through 110.4 are deleted.

**C.** No change

**R9-10-105. License Application**

**A.** A person applying for an initial a health care institution license shall submit to the Department an application packet that contains:

1. An application in a Department-provided format provided by the Department including:

a. The health care institution's:

i. Name;

ii. Street address, city, state, zip code;

iii. Mailing address;

iv. Telephone number, and;

v. E-mail address;

vi. Tax ID number; and

vii. Class or subclass listed in R9-10-102 for which licensing is requested;

b. Except for a home health agency, or hospice service agency, or behavioral health facility, whether the health care institution is located within 1/4 mile of agricultural land;

c. Whether the health care institution is located in a leased facility;

d. Whether the health care institution is ready for a licensing inspection by the Department;

e. If the health care institution is not ready for a licensing inspection by the Department, the date the health care institution will be ready for a licensing inspection;

f. Whether the applicant agrees to allow the Department to submit supplemental requests for information under R9-10-108;

g. Owner information including:

i. The owner's name, mailing address, telephone number, and e-mail address;

ii. Whether the owner is a sole proprietorship, a corporation, a partnership, a limited liability partnership, a limited liability company, or a governmental agency;

iii. If the owner is a partnership or a limited liability partnership, the name of each partner;

iv. If the owner is a limited liability company, the name of the designated manager or, if no manager is designated, the names of any two members of the limited liability company;

v. If the owner is a corporation, the name and title of each corporate officer;

vi. If the owner is a governmental agency, the name and title of the individual in charge of the governmental agency or the name of an individual in charge of the health care institution designated in writing by the individual in charge of the governmental agency;

vii. If the owner is a sole proprietorship, a copy of the applicants;

(1) U.S. Passport, current or expired;

(2) Birth certificate;

(3) Naturalization documents; or

(4) Documentation of legal resident alien status.

~~vii.~~viii. Whether the owner or any person with 10% or more business interest in the health care institution has had a license to operate a health care institution denied, revoked, or suspended; the reason for the denial, suspension, or revocation; the date of the denial, suspension, or revocation; and the name and address of the licensing agency that denied, suspended, or revoked the license;

~~viii.~~ix. Whether the owner or any person with 10% or more business interest in the health care institution has had a health care professional license or certificate denied, revoked, or suspended; the reason for the denial, suspension, or revocation; the date of the denial, suspension, or revocation; and the name and address of the licensing agency that denied, suspended, or revoked the license or certificate; and

~~ix.~~x. The name, title, address, and telephone number of the owner's statutory agent or the individual designated by the owner to accept service of process and subpoenas;

h. The name and mailing address of the governing authority;

i. The chief administrative officer's:

i. Name,

ii. Title,

iii. Highest educational degree, and

iv. Work experience related to the health care institution class or subclass for which licensing is requested; and

j. Signature required in A.R.S. § 36-422(B);

2. ~~If the health care institution is located in a leased facility, a copy of the lease showing the rights and responsibilities of the parties and exclusive rights of possession of the leased facility~~ Documentation from the property owner that the property owner approves the health care institution to operate and has exclusive rights of possession on the specified property;

3. If applicable, a copy of the owner's articles of incorporation, partnership or joint venture documents, or limited liability documents;

4. If applicable, the name and mailing address of each owner or lessee of any agricultural land regulated under A.R.S. § 3-365 and a copy of the written agreement between the applicant and the owner or lessee of agricultural land as prescribed in A.R.S. § 36-421(D);

5. Except for a home health agency, ~~or~~ a hospice service agency, or a nursing-supported group home, one of the following:

a. If the health care institution or a part of the health care institution is required by this Chapter to comply with any of the physical plant codes and standards incorporated by reference in R9-10-104.01~~:~~.

~~i.~~ An application packet ~~for approval of architectural plans and specifications~~ as required in R9-10-104(A)~~;~~;or

~~ii. Documentation of the Department's approval of the health care institution's architectural plans and specifications approval in R9-10-104 R9-10-104(D); or~~

b. If ~~a no part of~~ the health care institution or a part of the health care institution is not required by this Chapter to comply with any of the physical plant codes and standards incorporated by reference in R9-10-104.01:

i. One of the following:

(1) Documentation from the local jurisdiction of compliance with applicable local building codes and zoning ordinances, specific to the class or subclass of the health care institution; ~~or~~

(2) A certificate of occupancy specific to the class or subclass of the health care institution; or

~~(2)~~(3) If documentation from the local jurisdiction is not available, documentation of the unavailability of the local jurisdiction compliance and documentation of a general contractor's inspection of the facility that states the facility is safe for occupancy as the applicable health care institution class or subclass;

ii. The licensed capacity requested by the applicant for the health care institution;

iii. If applicable, the licensed occupancy requested by the applicant for the health care institution;

iv. If applicable, the respite capacity requested by the applicant for the health care institution;

v. A site plan showing each facility, the property lines of the health care institution, each street and walkway adjacent to the health care institution, parking for the health care institution, fencing and each gate on the health care institution premises, and, if applicable, each swimming pool on the health care institution premises; and

vi. A floor plan showing, for each story of a facility, the room layout, room usage, each door and each window, plumbing fixtures, each exit, and the location of each fire protection device;

6. The health care institution's proposed scope of services; and

7. The applicable application fee required by R9-10-106.

**R9-10-107. Submission of Health Care Institution Licensing Fees**

**A.** No change

1. No change

2. No change

~~**B.** The Department shall notify a licensee of the due date of the facility's health care institution licensing fees no later than 90 calendar days before the date the facility's health care institution licensing fee is due to the Department.~~

~~**C.**~~**B.** Except as specified in subsection (E), a licensee shall submit to the Department, no earlier than 60 calendar days before the anniversary date of the facility's health care institution license:

1. The following information in a Department-provided format:

   a. The licensee's name, and

   b. The facility's name and license number;

~~2. Verification of the information in the Department's current records for the health care institution;~~

~~3. If applicable, information or documentation required in another Article of this Chapter, specific to the health care institution, to be submitted with the relevant fees required in R9-10-106; and~~

~~4.~~2. The applicable annual licensing fees in R9-10-106.

~~**D.**~~**C.** If any information in the Department's current records for a health care institution is incorrect, before a licensee submits annual licensing fees according to subsection (C), the licensee shall comply with the applicable requirements in R9-10-109 or R9-10-110 to update the Department's records for the health care institution.

~~**E.**~~**D.** A licensee may submit to the Department the information in subsection (C)(1), verification in subsection (C)(2), applicable information or documentation in subsection (C)(3), and applicable annual licensing fees in R9-10-106:

1. Within 30 calendar days after the anniversary date of the facility's health care institution license, with the payment of the additional late payment fee in R9-10-106(F); or

2. If an alternate licensing fee due date has been established for the licensee according to subsections (F) and (G):

   a. By the anniversary date of the facility's health care institution license, with the appropriate fee amount to prorate the annual licensing fees in R9-10-106 for a facility to the alternate licensing fee due date;

   b. By the alternate licensing fee due date;

   c. If a new alternate licensing fee due date has been established, by the current alternate licensing fee due date, with the appropriate fee amount to prorate the annual licensing fees in R9-10-106 for a facility to the new alternate licensing fee due date; or

   d. Within 30 calendar days after the alternate licensing fee due date, with the payment of the additional late payment fee in R9-10-106(F).

~~**F.**~~**E.** Except as specified in subsection (H), a licensee may request a licensing fee due date for a facility that is different from the anniversary date of a facility's health care institution license by submitting an application for an alternate licensing fee due date

to the Department, at least 30 calendar days before the anniversary date of the facility's health care institution license, that includes the following information in a Department-provided format:

1. The licensee's name and e-mail address,
2. The facility's name and license number,
3. The current licensing fee due date,
4. The proposed alternate licensing fee due date,
5. The reason the licensee is requesting an alternate licensing fee due date, and
6. The name of the health care institution's ~~administrator's~~ administrator or individual representing the health care institution as designated in A.R.S. § 36-422 and the dated signature of the administrator or individual.

~~G.~~**F.** The Department shall review a request made according to subsection (F) according to R9-10-108.

~~H.~~**G.** A licensee may not request an alternate licensing fee due date according to subsection (F):

1. More frequently than once in each three-year period, or
2. For a facility for which the payment of licensing fees is not up-to-date.

**R9-10-108. Time-frames**

**A.** No change

**B.** The administrative completeness review time-frame for each type of approval granted by the Department as prescribed in this Article is listed in Table 1.1. The administrative completeness review time-frame begins on the date the Department receives an application packet or a written request for an alternate licensing fee due date.

1. The application packet for a health care institution license is not complete until the applicant provides the Department with written notice that the health care institution is ready for a licensing inspection by the Department.
2. If the application packet or written request is incomplete, the Department shall provide a written notice to the applicant specifying the missing document or incomplete information. The administrative completeness review time-frame and the overall time-frame are suspended from the date of the notice until the date the Department receives the missing document or information from the applicant.
3. When an application packet or written request is complete, the Department shall provide a written notice of administrative completeness to the applicant.
4. For ~~an application packet for review of architectural plans and specifications,~~ a health care institution license application packet, an application packet for a modification ~~not requiring review of architectural plans and specifications,~~ or a written request for an alternate licensing fee due date, the Department shall consider the application or written request withdrawn if the applicant fails to supply the missing documents or information included in the notice described in subsection (B)(2) within 60 calendar days after the date of the notice described in subsection (B)(2).
5. If the Department issues a license or grants an approval during the time provided to assess administrative completeness, the Department shall not issue a separate written notice of administrative completeness.

**C.** The substantive review time-frame is listed in Table 1.1 and begins on the date of the notice of administrative completeness.

1. The Department may conduct an onsite inspection of the facility:
   ~~a. As part of the substantive review for approval of architectural plans and specifications;~~
   ~~b.~~a. As part of the substantive review for issuing a health care institution license; or
   ~~c.~~b. As part of the substantive review for approving a modification of a health care institution's license.
2. During the substantive review time-frame, the Department may make one comprehensive written request for additional information or documentation. If the Department and the applicant agree in writing, the Department may make supplemental requests for additional information or documentation. The time-frame for the Department to

complete the substantive review is suspended from the date of a written request for additional information or documentation until the Department receives the additional information or documentation.

3. The Department shall send a written notice of approval to an applicant that is in substantial compliance with applicable requirements in A.R.S. Title 36, Chapter 4 and this Chapter.
4. After an applicant for a health care institution license receives the written notice of approval in subsection (C)(3), the applicant shall submit the applicable health care institution license fee in R9-10-106 according to R9-10-107(A).
5. After receiving the applicable health care institution licensing fee from an applicant according to subsection (C)(4) and R9-10-107(A), the Department shall send a health care institution license to the applicant.
6. The Department shall provide a written notice of denial that complies with A.R.S. § 41-1076 to an applicant who does not:
   a. For a health care institution license application or ~~a request for approval of a~~ modification of a health care institution requiring architectural plans and specifications, submit the information or documentation in subsection (C)(2) within 120 calendar days after the Department's written request to the applicant;
   b. For ~~a request for approval of~~ a modification of a health care institution not requiring architectural plans and specifications or a written request for an alternate licensing fee due date, submit the information or documentation in subsection (C)(2) within 30 calendar days after the Department's written request to the applicant;
   c. Comply with the applicable requirements in A.R.S. Title 36, Chapter 4 and this Chapter; or
   d. If applicable, submit a fee required in R9-10-106 or R9-10-107.
7. An applicant may file a written notice of appeal with the Department within 30 calendar days after receiving the notice described in subsection (C)(6). The appeal shall be conducted according to A.R.S. Title 41, Chapter 6, Article 10.
8. If a time-frame's last day falls on a Saturday, a Sunday, or an official state holiday, the Department shall consider the next working day to be the time-frame's last day.

**Table 1.1 Time-frames**

**R9-10-109. Changes Affecting a License**

**A.** A licensee shall ensure that:

1. The Department is notified in writing at least 30 calendar days before the effective date of:
   a. Except as provided in subsection (I), a change in the name of:
      i. A health care institution, or
      ii. The licensee;
   b. A change in the hours of operation:
      i. Of an administrative office, or
      ii. For providing physical health services or behavioral health services to patients of the health care institution;
   c. A change in the address of a health care institution that does not provide medical services, nursing services, behavioral health services, or health-related services ~~on the premises~~; or
   d. A change in the geographic region to be served by the hospice service agency or home health agency; and
2. Documentation supporting the change is provided to the Department with the notification required in subsection (A)(1).

**B.** No change:

1. No change
2. No change

**C.** No change

**D.** No change

~~**E.** Except as provided in A.R.S. § 36-424(B), if a licensee submits to the Department a health care institution's current accreditation report from a nationally recognized accrediting organization, the Department shall not conduct an onsite compliance inspection of the health care institution during the time the accreditation report is valid.~~

~~**F.**~~**E.** If a licensee is an adult behavioral health therapeutic home or a behavioral health respite home, the licensee shall ensure that:

1. The Department is notified in writing if the licensee does not have a written agreement with a collaborating health care institution, as required in R9-10-1603(A)(3) or R9-10-1803(A)(3) as applicable; and
2. The adult behavioral health therapeutic home or behavioral health respite home does not accept an individual as a resident or recipient, as applicable, or provide services to a resident or recipient, as applicable, until:
   a. The adult behavioral health therapeutic home or behavioral health respite home has a written agreement with a collaborating health care institution;
   b. The collaborating health care institution has approved the adult behavioral health therapeutic home's or behavioral health respite home's:
      i. Scope of services, and
      ii. Policies and procedures; and
   c. The collaborating health care institution has verified the provider's skills and knowledge.

~~**G.**~~**F.** If a licensee is an affiliated outpatient treatment center, the licensee shall ensure that if the affiliated outpatient treatment center:

1. Plans to begin providing administrative support to a counseling facility at a time other than during the affiliated outpatient treatment center's license application process, the following information for each counseling facility is submitted to the Department before the affiliated outpatient treatment center begins providing administrative support:
    a. The counseling facility's name,
    b. The license number assigned to the counseling facility by the Department, and
    c. The date the affiliated outpatient treatment center will begin providing administrative support to the counseling facility; or
2. No longer provides administrative support to a counseling facility previously identified by the affiliated outpatient treatment center as receiving administrative support from the affiliated outpatient treatment center, the following information for each counseling facility is submitted to the Department within 30 calendar days after the affiliated outpatient treatment center no longer provides administrative support:
    a. The counseling facility's name,
    b. The license number assigned to the counseling facility by the Department, and
    c. The date the affiliated outpatient treatment center stopped providing administrative support to the counseling facility.

~~H.~~**G.** If a licensee is a counseling facility, the licensee shall ensure that if the counseling facility:

1. Plans to begin receiving administrative support from an affiliated outpatient treatment center at a time other than during the counseling facility's license application process, the following information for the affiliated outpatient treatment center is submitted to the Department before the counseling facility begins receiving administrative support:
    a. The affiliated outpatient treatment center's name,
    b. The license number assigned to the affiliated outpatient treatment center by the Department, and
    c. The date the counseling facility will begin receiving administrative support;
2. No longer receives administrative support from an affiliated outpatient treatment center previously identified by the counseling facility as providing administrative support to the counseling facility, the following information for the affiliated outpatient treatment center is submitted to the Department within 30 calendar days after the counseling facility no longer receives administrative support from the affiliated outpatient treatment center:
    a. The affiliated outpatient treatment center's name,
    b. The license number assigned to the affiliated outpatient treatment center by the Department, and
    c. The date the counseling facility stopped receiving administrative support from the affiliated outpatient treatment center;
3. Plans to begin sharing administrative support with an affiliated counseling facility at a time other than during the counseling facility's license application process, the following information for each affiliated counseling facility sharing administrative support with the counseling facility is submitted to the Department before the counseling facility and affiliated counseling facility begin sharing administrative support:
    a. The affiliated counseling facility's name,
    b. The license number assigned to the affiliated counseling facility by the Department, and
    c. The date the counseling facility and the affiliated counseling facility will begin sharing administrative support; or
4. No longer shares administrative support with an affiliated counseling facility previously identified by the counseling facility as sharing administrative support with the counseling facility, the following information is submitted for each affiliated counseling facility within 30 calendar days after the counseling facility and affiliated counseling facility no longer share administrative support:

a. The affiliated counseling facility's name,

b. The license number assigned to the affiliated counseling facility by the Department, and

c. The date the counseling facility and affiliated counseling facility will no longer be sharing administrative support.

~~I.~~**H.** A governing authority shall submit a license application required in R9-10-105 for:

1. A change in ownership of a health care institution;
2. A change in the address or location of a health care institution that provides medical services, nursing services, health-related services, or behavioral health services ~~on the premises~~; or
3. A change in a health care institution's class or subclass.

~~J.~~**I.** A governing authority is not required to submit the documentation required in R9-10-105(A)(5) for a license application if:

1. The health care institution has not ceased operations for more than 30 calendar days,
2. A modification has not been made to the health care institution,
3. The services the health care institution is authorized by the Department to provide are not changed, and
4. The location of the health care institution's premises is not changed.

**J.** To request a duplicate license, a licensee shall submit a written request to the Department for the duplicate license in a format provided by the Department that includes:

1. The licensee's name and address,
2. The licensee's license number and expiration date,
3. The licensee's signature and date of signature, and
4. If applicable, the fee in R9-10-106.

**R9-10-110. Modification of a Health Care Institution**

**A.** No change

1. No change
2. No change
3. No change
4. No change
5. No change
   a. No change
   b. No change

**B.** A licensee of a health care institution that is required by this Chapter to comply with any of the physical plant codes and standards incorporated by reference in R9-10-104.01 shall submit an application ~~packet~~, according to R9-10-104(A), ~~for approval of architectural plans and specifications~~ for a modification of the health care institution described in subsections (A)(3) through (5).

**C.** A licensee of a health care institution shall submit ~~a written request~~ an application ~~packet~~ for a modification of the health care institution in a Department-provided format that contains:

1. The following information in a Department-provided format:
   a. The health care institution's name, mailing address, e-mail address, and license number;
   b. A narrative description of the modification, including as applicable:
      i. The services the licensee is requesting be added or removed as an authorized service;
      ii. The name and license number of an associated licensed provider being added or removed as a colocator;

iii. The name and professional license number of an exempt health care provider being added or removed as a colocator;

iv. If an associated licensed provider or exempt health care provider is being added as a colocator, the proposed scope of services;

v. The current and proposed licensed capacity, licensed occupancy, respite capacity, and number of dialysis stations;

vi. The change being made in the physical plant; and

vii. The change being made that affects compliance with applicable physical plant codes and standards incorporated by reference in R9-10-104.01; and

c. The name and e-mail address of the health care institution's administrator's or individual representing the health care institution as designated in according to A.R.S. § 36-422 and the dated signature of the administrator or individual; and

2. Documentation that demonstrates that the requested modification complies with applicable requirements in this Chapter, including as applicable:

a. A floor plan showing the location of each colocator's proposed treatment area and the areas of the collaborating outpatient treatment center's premises shared with a colocator;

b. For a change in the licensed capacity, licensed occupancy, respite capacity, or number of dialysis stations or a modification of the physical plant:

i. A floor plan showing, for each story of the facility affected by the modification, the room layout, room usage, each door and each window, plumbing fixtures, each exit, and the location of each fire protection device; or

ii. For a health care institution or part of the health care institution that is required to comply with the physical plant codes and standards incorporated by reference in R9-10-104.01 or the building, documentation of the Department's approval of the health care institution's architectural plans and specifications in R9-10-104(D); and

c. Any other documentation to support the requested modification; and

3. If applicable, a copy of the written agreement the associated licensed provider or exempt health care provider has with the collaborating outpatient treatment center.

**D.** No change

**E.** No change

**F.** A licensee shall submit the applicable fee according to R9-10-106.

**R9-10-112. Denial, Revocation, or Suspension of License**

**A.** The Department may deny, revoke, or suspend a license to operate a health care institution if an applicant, a licensee, or a controlling person of the health care institution:

1. Provides false or misleading information to the Department;

2. Has had in any state or jurisdiction any of the following:

a. An application or license to operate a health care institution denied, suspended, or revoked, unless the denial was based on failure to complete the licensing process or to pay a required licensing fee within a required time-frame; or

b. A health care professional license or certificate denied, revoked, or suspended;

3. Does not comply with the applicable requirements in A.R.S. Title 36, Chapter 4 and this Chapter; ~~or~~

4. Has operated a health care institution, within the preceding ten years, in violation of A.R.S. Title 36, Chapter 4 or this Chapter, that posed a direct risk to the life, health, or safety of a patient~~.~~; or

5. Has operated a health care institution without seeing a patient within twelve consecutive months.

**B.** No change

**R9-10-113. Tuberculosis Screening**

**A.** If a health care institution is subject to the requirements of this Section, as specified in an Article in this Chapter, the health care institution's chief administrative officer shall ensure that the health care institution establishes, documents, and implements tuberculosis infection control activities that:

1. Are consistent with recommendations in Tuberculosis Screening, Testing, and Treatment of U.S. Health Care Personnel: Recommendations from the National Tuberculosis Controllers Association and CDC, 2019, published by the U.S. Department of Health and Human Services, Atlanta, GA 30333, available at https://www.cdc.gov/mmwr/volumes/68/wr/mm6819a3.htm, incorporated by reference, on file with the Department, and including no future editions or amendments; and
2. Include:
   a. For each individual who is employed by the health care institution, provides volunteer services for the health care institution, or is admitted to the health care institution and who is subject to the requirements of this Section, baseline screening, on or before the date specified in the applicable Article of this Chapter, that consists of:
      i. Assessing risks of prior exposure to infectious tuberculosis,
      ii. Determining if the individual has signs or symptoms of tuberculosis, and
      iii. Obtaining documentation of the individual's freedom from infectious tuberculosis according to subsection (B)(1);
   b. If an individual may have a latent tuberculosis infection, as defined in A.A.C. R9-6-1201:
      i. Referring the individual for assessment or treatment; and
      ii. Annually obtaining documentation of the individual's freedom from symptoms of infectious tuberculosis, signed by a medical practitioner, ~~occupation~~ occupational health provider, as defined in A.A.C. R9-6-801, or local health agency, as defined in A.A.C. R9-6-101;
   c. Annually providing training and education related to recognizing the signs and symptoms of tuberculosis to individuals employed by or providing volunteer services for the health care institution;
   d. Annually assessing the health care institution's risk of exposure to infectious tuberculosis;
   e. Reporting, as specified in A.A.C. R9-6-202, an individual who is suspected of exposure to infectious tuberculosis; and
   f. If an exposure to infectious tuberculosis occurs in the health care institution, coordinating and sharing information with the local health agency, as defined in A.A.C. R9-6-101, for identifying, locating, and investigating contacts, as defined in A.A.C. R9-6-101.

**B.** A health care institution's chief administrative officer shall:

1. For an individual for whom baseline screening and documentation of freedom from infectious tuberculosis is required by an Article in this Chapter, as specified in subsection (A)(2)(a), obtain one of the following as evidence of freedom from infectious tuberculosis:
   a. Documentation of a negative Mantoux skin test or other tuberculosis screening test that:
      i. Is recommended by the U.S. Centers for Disease Control and Prevention (CDC),
      ii. Was administered within 12 months before the date the individual begins providing services at or on behalf of the health care institution or is admitted to the health care institution, and
      iii. Includes the date and the type of tuberculosis screening test;

b. If the individual had a history of tuberculosis or documentation of latent tuberculosis infection, as defined in A.A.C. R9-6-1201, compliance with subsection (A)(2)(b); or

c. If the individual had a positive Mantoux skin test or other tuberculosis screening test according to subsection (B)(1)(a) and does not have history of tuberculosis or documentation of latent tuberculosis infection, as defined in A.A.C. R9-6-1201, a written statement:

i. That the individual is free from infectious tuberculosis, signed by a medical practitioner or local health agency, as defined in A.A.C. R9-6-101; and

ii. Dated within 12 months before the date the individual begins providing services at or on behalf of the health care institution or is admitted to the health care institution; and

2. As part of the annual assessment of the health care institution's risk of exposure to infectious tuberculosis according to subsection (A)(2)(d), ensure that documentation is obtained for each individual required to be screened for infectious tuberculosis that:

a. Indicates the individual's freedom from symptoms of infectious tuberculosis; and

b. Is signed by a medical practitioner, ~~occupation~~ occupational health provider, as defined in A.A.C. R9-6-801, or local health agency, as defined in A.A.C. R9-6-101.

**B.** For a patient referred to an adult behavioral health therapeutic home or a behavioral health respite home, an administrator shall ensure that:

1. A resident or recipient accepted by and receiving services from the adult behavioral health therapeutic home or behavioral health respite home does not present a threat to the referred patient, based on the resident's or recipient's developmental levels, social skills, verbal skills, and personal history;
2. The referred patient does not present a threat to a resident or recipient accepted by and receiving services from the adult behavioral health therapeutic home or behavioral health respite home based on the referred patient's developmental levels, social skills, verbal skills, and personal history;
3. The referred patient requires services within the adult behavioral health therapeutic home's or behavioral health respite home's scope of services;
4. A provider of the adult behavioral health therapeutic home or behavioral health respite home has the verified skills and knowledge to provide behavioral health services to the referred patient;
5. A treatment plan for the referred patient, which includes information necessary for a provider to meet the referred patient's needs for behavioral health services, is completed and forwarded to the provider before the referred patient is accepted as a resident or recipient;
6. A patient's treatment plan is reviewed and updated at least once every 12 months, and a copy of the patient's updated treatment plan is forwarded to the patient's provider;
7. If documentation of a significant change in a patient's behavioral, physical, cognitive, or functional condition and the action taken by a provider to address patient's changing needs is received by the collaborating health care institution, a behavioral health professional or behavioral health technician reviews the documentation and:
    a. Documents the review; and
    b. If applicable:
        i. Updates the patient's treatment plan, and
        ii. Forwards the updated treatment plan to the provider within 10 working days after receipt of the documentation of a significant change;
8. If the review and updated treatment plan required in subsection (B)(7) is performed by a behavioral health technician, a behavioral health professional reviews and signs the review and updated treatment plan to ensure the patient is receiving the appropriate behavioral health services; and
9. In addition to the requirements for a medical record for a patient in this Chapter, a referred patient's medical record contains:
    a. The provider's name and the street address and license number of the adult behavioral health therapeutic home or behavioral health respite home to which the patient is referred,
    b. A copy of the treatment plan provided to the adult behavioral health therapeutic home or behavioral health respite home,
    c. Documentation received according to and required by subsection (B)(7),
    d. Any information about the patient received from the adult behavioral health therapeutic home or behavioral health respite home, and

e. Any follow-up actions taken by the collaborating health care institution related to the patient.

**D.** Except as provided in subsection (H), an administrator of a health care institution where opioids are prescribed as part of treatment shall ensure that a medical practitioner authorized by policies and procedures to prescribe an opioid in treating a patient:

1. Before prescribing an opioid for a patient of the health care institution:

   a. Conducts a physical examination of the patient or reviews the documentation from a physical examination conducted during the patient's same episode of care;

   b. Except as exempted by ~~A.R.S. § 36-2606(G)~~ A.R.S. § 36-2606(H), reviews the patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;

   c. Conducts an assessment of the patient's substance use risk or reviews the documentation from an assessment of the patient's substance use risk conducted during the same episode of care by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to conduct an assessment of the patient's substance use risk;

   d. Explains to the patient or the patient's representative the risks and benefits associated with the use of opioids or ensures that the patient or the patient's representative understands the risks and benefits associated with the use of opioids, as explained to the patient or the patient's representative by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to explain to the patient or the patient's representative the risks and benefits associated with the use of opioids;

   e. Explains alternatives to a prescribed opioid; and

   f. Obtains informed consent from the patient or the patient's representative that meets the requirements in subsection (C)(4), including the potential risks, adverse outcomes, and complications associated with the concurrent use of an opioid and a benzodiazepine or another sedative-hypnotic medication, if the patient:

      i. Is also prescribed or ordered a sedative-hypnotic medication, or

      ii. Has been prescribed a sedative-hypnotic medication by another medical practitioner;

2. Includes the following information in the patient's medical record, an existing treatment plan, or a new treatment plan developed for the patient:

   a. The patient's diagnosis;

   b. The patient's medical history, including ~~co-occurring disorders~~ co-morbidities;

   c. The opioid to be prescribed;

   d. Other medications or herbal supplements being taken by the patient;

   e. If applicable:

      i. The effectiveness of the patient's current treatment,

      ii. The duration of the current treatment, and

      iii. Alternative treatments tried by or planned for the patient;

   f. The expected benefit of the treatment and, if applicable, the benefit of the new treatment compared with continuing the current treatment; and

g. Other factors relevant to the patient's being prescribed an opioid; and

3. If applicable, specifies in the patient's discharge plan how medically indicated pain control will occur after discharge to meet the patient's needs.

**E.** Except as provided in subsection (G) or (H), an administrator of a health care institution where opioids are ordered for administration to a patient in the health care institution as part of treatment shall ensure that a medical practitioner authorized by policies and procedures to order an opioid in treating a patient:

1. Before ordering an opioid for a patient of the health care institution:
   a. Conducts a physical examination of the patient or reviews the documentation from a physical examination conducted:
      i. During the patient's same episode of care; or
      ii. Within the previous 30 calendar days, at a health care institution transferring the patient to the health care institution or by the medical practitioner who referred the patient for admission to the health care institution;
   b. Except as exempted by ~~A.R.S. § 36-2606(G)~~ A.R.S. § 36-2606(H), reviews the patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;
   c. Conducts an assessment of the patient's substance use risk or reviews the documentation from an assessment of the patient's substance use risk conducted within the previous 30 calendar days by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to conduct an assessment of the patient's substance use risk;
   d. Explains to the patient or the patient's representative the risks and benefits associated with the use of opioids or ensures that the patient or the patient's representative understands the risks and benefits associated with the use of opioids, as explained to the patient or the patient's representative by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to explain to the patient or the patient's representative the risks and benefits associated with the use of opioids;
   e. If applicable, explains alternatives to an ordered opioid; and
   f. Obtains informed consent from the patient or the patient's representative, according to subsection (D)(1)(f); and
2. Includes the following information in the patient's medical record, an existing treatment plan, or a new treatment plan developed for the patient:
   a. The patient's diagnosis;
   b. The patient's medical history, including ~~co-occurring disorders~~ co-morbidities;
   c. The opioid being ordered and the reason for the order;
   d. Other medications or herbal supplements being taken by the patient; and
   e. If applicable:
      i. The effectiveness of the patient's current treatment,
      ii. The duration of the current treatment,
      iii. Alternative treatments tried by or planned for the patient,
      iv. The expected benefit of a new treatment compared with continuing the current treatment, and
      v. Other factors relevant to the patient's being ordered an opioid.

20. “Neonate” No change

a. No change

b. No change

21. “Nurse anesthetist” ~~means a registered nurse who meets the requirements of A.R.S. § 32-1601 and who has clinical privileges to administer anesthesia~~ has the same meaning as “certified registered nurse anesthetist” in A.R.S. § 32-1601.

22. “Nurse executive” No change

23. “Nursery” No change

~~24. “Nurse supervisor” means a registered nurse accountable for managing nursing services provided in an organized service in a hospital.~~

~~25.~~24. “Nutrition assessment” means a process for determining a patient’s dietary needs using information contained in the patient’s medical record.

~~26.~~25. “On duty” means that an individual is at work and performing assigned responsibilities.

~~27.~~26. “Organized service” means specific medical services, such as surgical services or emergency services, provided in an area of a hospital designated for the provision of those medical services.

~~28.~~27. “Outpatient” means an individual who:

a. Is admitted to a hospital with the expectation that the individual will receive hospital services for less than 24 consecutive hours; or

b. Except as provided in subsection (17) receives, hospital services for less than 24 consecutive hours.

~~29.~~28. “Pathology” means an examination of human tissue for the purpose of diagnosis or treatment of an illness or disease.

~~30.~~29. “Patient care” means hospital services provided to a patient by a personnel member or a medical staff member.

~~31.~~30. “Pediatric” means pertaining to an individual designated by a hospital as a child based on the hospital’s criteria.

~~32.~~31. “Perinatal services” means medical services for the treatment and management of obstetrical patients and neonates.

~~33.~~32. "Post-anesthesia care unit" means a designated area for monitoring a patient following a medical procedure for which anesthesia was administered to the patient.

~~34.~~33. "Private duty staff" means an individual, excluding a personnel member, compensated by a patient or the patient's representative.

~~35. "Psychiatric services" means the diagnosis, treatment, and management of a mental disorder.~~

~~36.~~34. "Social services" means assistance, other than medical services or nursing services, provided by a personnel member to a patient to assist the patient to cope with concerns about the patient's illness or injury while in the hospital or the anticipated needs of the patient after discharge.

~~37. "Specialty" means a specific branch of medicine practiced by a licensed individual who has obtained education or qualifications in the specific branch in addition to the education or qualifications required for the individual's license.~~

~~38.~~35. "Surgical services" means medical services involving a surgical procedure.

~~39.~~36. "Transfusion" means the introduction of blood or blood products from one individual into the body of another individual.

~~40.~~37. "Unit" means a designated area of an organized service.

~~41. "Vital record" has the same meaning as in A.R.S. § 36-301.~~

~~42.~~38. "Well-baby bassinet" means a receptacle used for holding a neonate who does not require treatment and whose anticipated discharge is within 96 hours after birth.

**R9-10-202. Supplemental Application, Notification, and Documentation Submission Requirements**

**A.** In addition to the license application requirements in A.R.S. § 36-422 and Article 1 of this Chapter, an applicant for a hospital license shall include:

1. On the application the requested licensed capacity for the hospital, including:
   a. The number of inpatient beds for each organized service, not including well-baby bassinets; and
   b. If applicable, the number of inpatient beds for each multi-organized service unit;
2. On the application, if applicable, the requested licensed occupancy for providing behavioral health observation/stabilization services to:
   a. Individuals who are under 18 years of age, and
   b. Individuals 18 years of age and older; and
3. A list, in a Department-provided format, of medical staff specialties and subspecialties~~.~~, as in a specific branch of medicine practiced by a licensed individual who has obtained education or qualifications in the specific branch in addition to the education or qualifications required for the individual's license.

**R9-10-203. Administration**

**A.** A governing authority shall:

1. Consist of one or more individuals responsible for the organization, operation, and administration of a hospital;
2. Establish, in writing:
    a. A hospital's scope of services,
    b. Qualifications for an administrator,
    c. Which organized services are to be provided in the hospital, and
    d. The organized services that are to be provided in a multi-organized service unit according to R9-10-228(A);
3. Designate, in writing, an administrator who has the qualifications established in subsection (A)(2)(b);
4. Grant, deny, suspend, or revoke a clinical privilege of a medical staff member or delegate authority to an individual to grant or suspend a clinical privilege for a limited time, according to medical staff bylaws;
5. Adopt a quality management program according to R9-10-204;
6. Review and evaluate the effectiveness of the quality management program at least once every 12 months;
7. Designate, in writing, an acting administrator who has the qualifications established in subsection (A)(2)(b) if the administrator is:
    a. Expected not to be present on a hospital's premises for more than 30 calendar days, or
    b. Not present on a hospital's premises for more than 30 calendar days;
8. Except as provided in subsection (A)(7), notify the Department according to A.R.S. § 36-425(I) if there is a change of administrator and identify the name and qualifications of the new administrator; and
9. For a health care institution under a single group license, except for outpatient treatment centers, that are exempt pursuant to A.R.S. § 36-402, ensure that the health care institution complies with the applicable requirements in this Chapter for the class or subclass of the health care institution.

**C.** An administrator shall ensure that:

1. Policies and procedures are established, documented, and implemented to protect the health and safety of a patient that:
    a. Cover job descriptions, duties, and qualifications, including required skills and knowledge for personnel members, employees, volunteers, and students;

b. Cover orientation and in-service education for personnel members, employees, volunteers, and students;

c. Include how a personnel member may submit a complaint relating to patient care;

d. Cover the prevention and reporting of abuse, neglect, and exploitation of minors and vulnerable adults in compliance with A.R.S. §§ 13-3620 and 46-454 including:

i. Annual training for personnel members who have patient interaction, prescribed in the hospital's policies and procedures on how to recognize the signs and symptoms of minor or vulnerable adult abuse, neglect, and exploitation;

ii. Reporting suspected abuse, neglect or exploitation of a minor or vulnerable adult;

iii. Submitting to the Department reports of suspected abuse, neglect or exploitation that are filed with law enforcement or the Department of Economic Security; and

iv. Maintaining documentation relating to an abuse, neglect, or exploitation investigation for at least 12 months after an initial allegation, including any steps taken to stop or deter substantiated abuse, neglect, or exploitation;

~~d.~~e. Cover the requirements in A.R.S. Title 36, Chapter 4, Article 11;

~~e.~~f. Cover cardiopulmonary resuscitation training required in R9-10-206(5) including:

i. The method and content of cardiopulmonary resuscitation training,

ii. The qualifications for an individual to provide cardiopulmonary resuscitation training,

iii. The time-frame for renewal of cardiopulmonary resuscitation training, and

iv. The documentation that verifies an individual has received cardiopulmonary resuscitation training;

~~f.~~g. Cover use of private duty staff, if applicable;

~~g.~~h. Cover diversion, including:

i. The criteria for initiating diversion;

ii. The categories or levels of personnel or medical staff that may authorize or terminate diversion;

iii. The method for notifying emergency medical services providers of initiation of diversion, the type of diversion, and termination of diversion; and

iv. When the need for diversion will be reevaluated;

~~h.~~i. Include a method to identify a patient to ensure the patient receives hospital services as ordered;

~~i.~~j. Cover patient rights, including assisting a patient who does not speak English or who has a disability to become aware of patient rights;

~~j.~~k. Cover health care directives;

~~k.~~l. Cover medical records, including electronic medical records;

~~l.~~m. Cover quality management, including incident reports and supporting documentation;

~~m.~~n. Cover contracted services;

~~n.~~o. Cover tissue and organ procurement and transplant; ~~and~~

~~o.~~p. Cover when an individual may visit a patient in a hospital, including visiting a neonate in a nursery, if applicable, that comply with A.R.S. § 36-407.03; and

q. Cover a workplace violence prevention plan according to A.R.S. § 36-420.03;

2. Policies and procedures for hospital services are established, documented, and implemented to protect the health and safety of a patient that:

a. Cover patient screening, admission, transport, and transfer;

b. Cover discharge planning and discharge, including the requirements in R9-10-225(B) for an inpatient who was admitted after a suicide attempt or who exhibits suicidal ideation;

c. Cover the provision of hospital services;

d. Cover acuity, including a process for obtaining sufficient nursing personnel to meet the needs of patients;

e. Include when general consent and informed consent are required;

f. Include the age criteria for providing hospital services to pediatric patients;

g. Cover dispensing, administering, and disposing of medication;

h. Cover prescribing a controlled substance to minimize substance abuse by a patient;

i. Cover infection control;

j. Cover restraints that:

i. Require an order, including the frequency of monitoring and assessing the restraint; or

ii. Are necessary to prevent imminent harm to self or others, including how personnel members will respond to a patient's sudden, intense, or out-of-control behavior;

k. Cover seclusion of a patient including:

i. The requirements for an order, and

ii. The frequency of monitoring and assessing a patient in seclusion;

l. Cover communicating with a midwife when the midwife's client begins labor and ends labor;

m. Cover ~~telemedicine~~ telehealth, if applicable; and

n. Cover environmental services that affect patient care;

3. Policies and procedures are reviewed at least once every three years and updated as needed;

4. Policies and procedures are available to personnel members;

5. The licensed capacity in an organized service is not exceeded, except for an emergency admission of a patient;

6. A patient is only admitted to an organized service that has exceeded the organized service's licensed capacity after a medical staff member reviews the medical history of the patient and determines that the patient's admission is an emergency; and

7. Unless otherwise stated:

a. Documentation required by this Article is provided to the Department within two hours after a Department request; and

b. When documentation or information is required by this Chapter to be submitted on behalf of a hospital, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the hospital.

**D.** No change

1. No change

2. No change

**E.** An administrator shall provide written notification to the Department of a patient's:

1. Death associated with the use of restraints or seclusion by the hospital, within one working day after the patient's death;

2. Death caused by suicide occurring within the hospital, within one working day after the patient's death; and

3. Self-injury, within two working days after the patient inflicts a self-injury on the premises that requires medical treatment by a physician.

1. There is a discharge summary that includes:

a. A description of the patient's medical condition and the medical services provided to the patient, and

b. The signature of the medical practitioner coordinating the patient's medical services;

2. There is a documented discharge order for the patient by a medical practitioner coordinating the patient's medical services before discharge unless the patient leaves the hospital against a medical staff member's advice;

3. If the patient is not being transferred:

a. There are documented discharge instructions; and

b. The patient or patient's representative and the patient's aftercare provider, if designated, is provided with a copy of the discharge instructions; and

4. If the patient is being transferred, the transfer complies with R9-10-211

5. If applicable, the discharge or transfer information required in A.R.S. § 36-420.04.

**C.** A patient has the following rights:

1. Not to be discriminated against based on race, national origin, religion, gender, sexual orientation, age, disability, marital status, or diagnosis;
2. To receive treatment that supports and respects the patient's individuality, choices, strengths, and abilities;
3. To receive privacy in treatment and care for personal needs;
4. To have access to a telephone;
5. To review, upon written request, the patient's own medical record according to A.R.S. §§ 12-2293, 12-2294, and 12-2294.01;
6. To receive a referral to another health care institution if the hospital is not authorized or not able to provide physical health services or behavioral health services needed by the patient;
7. To participate or have the patient's representative participate in the development of, or decisions concerning, treatment;
8. To participate or refuse to participate in research or experimental treatment; ~~and~~
9. To participate in visitation, in compliance with A.R.S. § 36-407.03; and

~~9.~~10. To receive assistance from a family member, representative, or other individual in understanding, protecting, or exercising the patient's rights.

**R9-10-215. Surgical Services**

An administrator of a general hospital shall ensure that:

1. There is an organized service that provides surgical services under the direction of a medical staff member;
2. There is a designated area for providing surgical services as an organized service;
3. The area of the hospital designated for surgical services is managed by a registered nurse or a physician;

4. Documentation is available in the surgical services area that specifies each medical staff member's clinical privileges to perform surgical procedures in the surgical services area;
5. Postoperative orders are documented in the patient's medical record;
6. There is a chronological log of surgical procedures performed in the surgical services area that contains:
    a. The date of the surgical procedure,
    b. The patient's name,
    c. The type of surgical procedure,
    d. The time in and time out of the operating room,
    e. The name and title of each individual performing or assisting in the surgical procedure,
    f. The type of anesthesia used,
    g. An identification of the operating room used, and
    h. The disposition of the patient after the surgical procedure;
7. The chronological log required in subsection (6) is maintained in the surgical services area for at least 12 months after the date of the surgical procedure and then maintained by the hospital for an additional 12 months;
8. The medical staff designate in writing the surgical procedures that may be performed in areas other than the surgical services area;
9. The hospital has the medical staff members, personnel members, and equipment to provide the surgical procedures offered in the surgical services area;
10. A patient and the surgical procedure to be performed on the patient are identified before initiating the surgical procedure;
11. Except in an emergency, a medical staff member or a surgeon performs a medical history and physical examination within 30 calendar days before performing a surgical procedure on a patient;
12. Except as provided in subsection (14), a medical staff member or a surgeon enters an interval note in the patient's medical record before performing a surgical procedure;
13. Except as provided in subsection (14), the following are documented in a patient's medical record before a surgical procedure:
    a. A preoperative diagnosis;
    b. Each diagnostic test performed in the hospital;
    c. A medical history and physical examination as required in subsection (11) and an interval note as required in subsection (12);
    d. A consent or refusal for blood or blood products signed by the patient or the patient's representative, if applicable; and
    e. Informed consent according to policies and procedures; ~~and~~
14. In an emergency, the documentation required in subsections (12) and (13) is completed within 24 hours after a surgical procedure on a patient is completed~~.~~;
15. A physician discharges a patient from the designated area in subsection (2); and
16. A smoke evacuation system is used in each designated area to prevent exposure to surgical smoke as described in A.R.S. § 36-434.01.

**R9-10-218. Pharmaceutical Services**

An administrator shall ensure that:

1. Pharmaceutical services are provided under the direction of a pharmacist according to A.R.S. Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23;
2. A copy of the pharmacy license is provided to the Department for review upon the Department's request;

3. A committee, composed of at least one physician, one pharmacist, and other personnel members as determined by policies and procedures, is established to:
   a. Develop a drug formulary,
   b. Update the drug formulary at least once every 12 months,
   c. Develop medication usage and medication substitution policies and procedures, and
   d. Specify which medications and medication classifications are required to be automatically stopped after a specified time period unless the ordering medical staff member specifically orders otherwise;
4. An expired, mislabeled, or unusable medication is disposed of according to policies and procedures;
5. A medication administration error or an adverse reaction is reported to the ordering medical staff member or the medical staff member's designee;
6. A pharmacy medication dispensing error is reported to the pharmacist;
7. In a pharmacist's absence, personnel members designated by policies and procedures have access to a locked area containing a medication;
8. A medication is maintained at temperatures recommended by the manufacturer;
9. A cart used for an emergency:
   a. Contains medication, supplies, and equipment as specified in policies and procedures;
   b. Is available to a unit; and
   c. Is sealed until opened in an emergency;
10. Emergency cart contents and sealing of the emergency cart are verified and documented according to policies and procedures;
11. Policies and procedures specify individuals who may:
   a. Order medication, and
   b. Administer medication;
12. A medication is administered in compliance with an order;
13. A medication administered to a patient is documented as required in R9-10-213;
14. If pain medication is administered to a patient, documentation in the patient's medical record includes:
   a. An assessment of the patient's pain before administering the medication, and
   b. The effect of the pain medication administered; and
15. Policies and procedures specify a process for review through the quality management program of:
   a. A medication administration error,
   b. An adverse reaction to a medication, and
   c. A pharmacy medication dispensing error.
16. If applicable, policies and procedures are established for donated medicine according to A.R.S. § 32-1909.

**R9-10-234. Physical Plant Standards**

**A.** An administrator shall ensure that:

1. ~~A hospital complies with the applicable physical plant health and safety codes and standards incorporated by reference in~~ A hospital complies with the applicable physical plant health and safety codes and standards incorporated by reference in R9-10-104.01 in effect on the date the hospital submitted the application packet including the notarized attestation of architectural plans~~,~~ according to R9-10-104~~, an application for an approval of architectural plans and specifications to the Department~~;
2. A hospital's premises or any part of the hospital premises is not leased to or used by another person;
3. A unit with inpatient beds is not used as a passageway to another health care institution; and
4. A hospital's premises are not licensed as more than one health care institution.

**C.** An administrator shall ensure that:

1. Policies and procedures are established, documented, and implemented to protect the health and safety of a patient that:
   a. Cover job descriptions, duties, and qualifications, including required skills, knowledge, education, and experience for personnel members, employees, volunteers, and students;
   b. Cover orientation and in-service education for personnel members, employees, volunteers, and students;
   c. Include how a personnel member may submit a complaint relating to services provided to a patient;
   d. Include methods to prevent abuse or neglect of a patient, including:
      i. Training of personnel members, at least annually, on how to recognize the signs and symptoms of abuse or neglect; and
      ii. Reporting of abuse or neglect of a patient;
   ~~d.~~e. Cover the requirements in A.R.S. Title 36, Chapter 4, Article 11;
   ~~e.~~f. Cover cardiopulmonary resuscitation training including:
      i. The method and content of cardiopulmonary resuscitation training,
      ii. The qualifications for an individual to provide cardiopulmonary resuscitation training,
      iii. The time-frame for renewal of cardiopulmonary resuscitation training, and
      iv. The documentation that verifies that the individual has received cardiopulmonary resuscitation training;
   ~~f.~~g. Cover first aid training;
   ~~g.~~h. Cover the requirements in subsection (J), if applicable;
   ~~h.~~i. Include a method to identify a patient to ensure the patient receives physical health and behavioral health services as ordered;
   ~~i.~~j. Cover patient rights, including assisting a patient who does not speak English or who has a physical or other disability to become aware of patient rights;

~~j.~~k. Cover specific steps for:

i. A patient to file a complaint, and

ii. The behavioral health inpatient facility to respond to a patient's complaint;

~~k.~~l. Cover health care directives;

~~l.~~m. Cover medical records, including electronic medical records;

~~m.~~n. Cover quality management, including incident reports and supporting documentation;

~~n.~~o. Cover contracted services; and

~~o.~~p. Cover when an individual may visit a patient in the behavioral health inpatient facility;

2. Policies and procedures for behavioral health services and physical health services are established, documented, and implemented to protect the health and safety of a patient that:

a. Cover patient screening, admission, assessment, treatment plan, transport, and transfer;

b. Cover discharge planning and discharge, including the requirements in R9-10-309(B) for a patient who was admitted after a suicide attempt or who exhibits suicidal ideation;

c. Cover the provision of behavioral health services and physical health services;

d. Include when general consent and informed consent are required;

e. Cover restraint and, if applicable, seclusion;

f. Cover dispensing, administering, and disposing of medication, including provisions for inventory control and preventing diversion of controlled substances;

g. Cover prescribing a controlled substance to minimize substance abuse by a patient;

h. Cover infection control;

i. Cover ~~telemedicine~~ telehealth, if applicable;

j. Cover environmental services that affect patient care;

k. Cover patient outings;

l. Cover whether pets and animals are allowed on the premises, including procedures to ensure that any pets or animals allowed on the premises do not endanger the health or safety of patients or the public;

m. If the behavioral health inpatient facility is involved in research, cover the establishment or use of a Human Subject Review Committee;

n. Cover the process for receiving a fee from a patient and refunding a fee to a patient;

o. Cover the process for obtaining patient preferences for social, recreational, or rehabilitative activities and meals and snacks;

p. Cover the security of a patient's possessions that are allowed on the premises; and

q. Cover smoking and the use of tobacco products on the premises;

3. Policies and procedures are reviewed at least once every three years and updated as needed;

4. Policies and procedures are available to personnel members, employees, volunteers, and students; and

5. Unless otherwise stated:

a. Documentation required by this Article is provided to the Department within two hours after a Department request; and

b. When documentation or information is required by this Chapter to be submitted on behalf of a behavioral health inpatient facility, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the behavioral health inpatient facility.

**R9-10-307. Admission; Assessment**

**A.** Except as provided in R9-10-315(E) or (F), an administrator shall ensure that:

1. A patient is admitted based upon the patient's presenting behavioral health issue and treatment needs and the behavioral health inpatient facility's ability and authority to provide physical health services, behavioral health services, and ancillary services consistent with the patient's treatment needs;
2. A patient is admitted on the order of a medical practitioner or clinical director;
3. A medical practitioner or clinical director, authorized by policies and procedures to accept a patient for admission, is available;
4. Except in an emergency or as provided in subsections (A)(6) and (7), general consent is obtained from a patient or, if applicable, the patient's representative before or at the time of admission;
5. The general consent obtained in subsection (A)(4) or the lack of consent in an emergency is documented in the patient's medical record;
6. General consent is not required from a patient receiving a court-ordered evaluation or court-ordered treatment;
7. General consent is not required from a patient receiving treatment according to A.R.S. § 36-512;
8. A medical practitioner performs a medical history and physical examination on a patient within 30 calendar days before admission or within 24 hours after admission and documents the medical history and physical examination in the patient's medical record within 24 hours after admission;
9. If a medical practitioner performs a medical history and physical examination on a patient before admission, the medical practitioner enters an interval note into the patient's medical record within seven calendar days after admission;
10. Except when a patient needs crisis services, a behavioral health assessment of a patient is completed to determine the acuity of the patient's behavioral health issue and to identify the behavioral health services needed by the patient before treatment for the patient is initiated and whenever the patient has a significant change in condition or experiences an event that affects treatment;
11. If the patient was admitted after a suicide attempt or exhibits suicidal ideation, the behavioral health assessment in subsection (A)(10) includes a suicide assessment;
12. If a behavioral health assessment in subsection (A)(10), including a suicide assessment in subsection (A)(11) if applicable, is conducted by a:
    a. Behavioral health technician or registered nurse, within 24 hours a behavioral health professional, certified or licensed under A.R.S. Title 32 to provide the behavioral health services needed by the patient, reviews and signs the behavioral health assessment to ensure that the behavioral health assessment identifies the behavioral health services needed by and the acuity of the patient; or
    b. Behavioral health paraprofessional, a behavioral health professional, certified or licensed under A.R.S. Title 32 to provide the behavioral health services needed by the patient, supervises the behavioral health

paraprofessional during the completion of the behavioral health assessment and signs the behavioral health assessment to ensure that the behavioral health assessment identifies the behavioral health services needed by and the acuity of the patient;

13. When a patient is admitted, a registered nurse:
    a. Conducts a nursing assessment of a patient's medical condition and history;
    b. Determines whether the:
        i. Patient requires immediate physical health services, and
        ii. Patient's behavioral health issue may be related to the patient's medical condition and history;
    c. Determines the acuity of the patient's medical condition;
    d. Documents the patient's nursing assessment and the determinations required in subsection (A)(13)(b) and (c) in the patient's medical record; and
    e. Signs the patient's medical record;
14. A behavioral health assessment:
    a. Documents the patient's:
        i. Presenting issue, including the acuity of the patient's presenting issue;
        ii. Substance abuse history;
        iii. ~~Co-occurring disorder~~ Co-morbidity;
        iv. Legal history, including:
            (1) Custody,
            (2) Guardianship, and
            (3) Pending litigation;
        v. Court-ordered evaluation;
        vi. Court-ordered treatment;
        vii. Criminal justice record;
        viii. Family history;
        ix. Behavioral health treatment history;
        x. Symptoms reported by the patient; and
        xi. Referrals needed by the patient, if any; and
    b. Includes:
        i. Recommendations for further assessment or examination of the patient's needs;
        ii. Recommendations for staffing levels or personnel member qualifications related to the patient's treatment to ensure patient health and safety;
        iii. For a patient who:
            (1) Is admitted to receive crisis services, the behavioral health services and physical health services that will be provided to the patient; or
            (2) Does not need crisis services, the behavioral health services or physical health services that will be provided to the patient until the patient's treatment plan is completed; and
        iv. The signature and date signed of the personnel member conducting the behavioral health assessment;
15. A patient is referred to a medical practitioner if a determination is made that the patient requires immediate physical health services or the patient's behavioral health issue may be related to the patient's medical condition;
16. A request for participation in a patient's behavioral health assessment is made to the patient or the patient's representative;

17. An opportunity for participation in the patient's behavioral health assessment is provided to the patient or the patient's representative;

18. The request in subsection (A)(16) and the opportunity in subsection (A)(17) are documented in the patient's medical record;

19. For a patient who is admitted to receive crisis services, the patient's behavioral health assessment is documented in the patient's medical record within eight hours after admission;

20. Except as provided in subsection (A)(19), a patient's behavioral health assessment is documented in the patient's medical record within 24 hours after completing the assessment; and

21. If the information listed in subsection (A)(14) is obtained about a patient after the patient's behavioral health assessment is completed, an interval note, including the information, is documented in the patient's medical record within 48 hours after the information is obtained.

**B.** No change

**R9-10-320. Medication Services**

**A.** An administrator shall ensure that policies and procedures for medication services:

1. Include:
   a. A process for providing information to a patient about medication prescribed for the patient including:
      i. The prescribed medication's anticipated results,
      ii. The prescribed medication's potential adverse reactions,
      iii. The prescribed medication's potential side effects, and
      iv. Potential adverse reactions that could result from not taking the medication as prescribed;
   b. Procedures for preventing, responding to, and reporting:
      i. A medication error,
      ii. An adverse ı to a medication, or
      iii. A medication overdose;
   c. Procedures to ensure that a patient's medication regimen is reviewed by a medical practitioner to ensure the medication regimen meets the patient's needs;
   d. Procedures for documenting medication ı and assistance in the self-administration of medication;
   e. Procedures for assisting a patient in obtaining medication; and
   f. If applicable, procedures for providing medication administration or assistance in the self-administration of medication off the premises; and
   g. If applicable, donated medicine according to A.R.S. § 32-1909.
2. Specify a process for review through the quality management program of:
   a. A medication administration error, and
   b. An adverse reaction to a medication

## ARTICLE 4. NURSING CARE INSTITUTIONS

**R9-10-402. Supplemental Application Requirements**

In addition to the license application requirements in A.R.S. § 36-422 and R9-10-105, an applicant for a license as a nursing care institution shall include:

1. In a Department-provided format whether the applicant:
    a. Has:
        i. A secured area for a resident with Alzheimer's disease or other dementia, or
        ii. An area for a resident on a ventilator;
    b. Is requesting authorization to provide to a resident:
        i. Behavioral health services,
        ii. Clinical laboratory services,
        iii. Dialysis services, or
        iv. Radiology services and diagnostic imaging services; and
    c. Is requesting authorization to operate a nutrition and feeding assistant training program; and
2. If the governing authority is requesting authorization to operate a nutrition and feeding assistant training program, the information and documentation in R9-10-116(B)(1)(a), (B)(1)(c), and (B)(2).

**C.** An administrator shall ensure that:
1. Policies and procedures are established, documented, and implemented to protect the health and safety of a resident that:
    a. Cover job descriptions, duties, and qualifications, including required skills, knowledge, education, and experience for personnel members, employees, volunteers, and students;
    b. Cover orientation and in-service education for personnel members, employees, volunteers, and students, including the training required in A.R.S. § 36-420.01;
    c. Include how a personnel member may submit a complaint relating to resident care;

d. Include methods to prevent abuse or neglect of a resident and reporting requirements in compliance with A.R.S. §§ 13-3620 and 46-454, including:

i. Training of personnel members, at least annually, on how to recognize the signs and symptoms of abuse or neglect; and

ii. Reporting of abuse or neglect of a resident;

~~d.~~e. Cover the requirements in A.R.S. Title 36, Chapter 4, Article 11;

~~e.~~f. Cover requirements related to cardiopulmonary resuscitation ~~training~~ including:

i. Which personnel members are required to obtain cardiopulmonary resuscitation training~~,~~;

ii. The method and content of cardiopulmonary resuscitation training, which includes a demonstration of the individual's ability to perform cardiopulmonary resuscitation;

iii. The qualifications for an individual to provide cardiopulmonary resuscitation training~~,~~;

iv. The time-frame for renewal of cardiopulmonary resuscitation training~~,~~; ~~and~~

v. The documentation that verifies an individual has received cardiopulmonary resuscitation training; and

vi. The circumstances for providing cardiopulmonary resuscitation to a resident, consistent with A.R.S. § 36-420(B);

~~f.~~g. Cover requirements related to first aid, including training and the circumstances for providing first aid to a resident, consistent with A.R.S. § 36-420(B);

~~g.~~h. Include a method to identify a resident to ensure the resident receives physical health services and behavioral health services as ordered;

~~h.~~i. Cover resident rights, including assisting a resident who does not speak English or who has a disability to become aware of resident rights;

~~i.~~j. Cover specific steps for:

i. A resident to file a complaint, and

ii. The nursing care institution to respond to a resident's complaint;

~~j.~~k. Cover health care directives;

~~k.~~l. Cover medical records, including electronic medical records;

~~l.~~m. Cover a quality management program, including incident reports and supporting documentation;

~~m.~~n. Cover contracted services;

~~n.~~o. Cover resident's personal accounts;

~~o.~~p. Cover petty cash funds;

~~p.~~q. Cover fees and refund policies;

~~q.~~r. Cover misappropriation of resident property; ~~and~~

~~r.~~s. Cover when an individual may visit a resident in a nursing care institution; and

t. Cover religious visitation by a clergy member in compliance with A.R.S. § 36-407.02; and

2. Policies and procedures for physical health services and behavioral health services are established, documented, and implemented to protect the health and safety of a resident that:

a. Cover resident screening, admission, transport, transfer, discharge planning, and discharge;

b. Cover the provision of physical health services and behavioral health services;

c. Include when general consent and informed consent are required;

d. Cover storing, dispensing, administering, and disposing of medication;

e. Cover infection control;

f. Cover how personnel members will respond to a resident's sudden, intense, or out-of-control behavior to prevent harm to the resident or another individual;

g. Cover ~~telemedicine~~ telehealth, if applicable; and

h. Cover environmental services that affect resident care;

3. Policies and procedures are reviewed at least once every three years and updated as needed;

4. Policies and procedures are available to personnel members, employees, volunteers, and students; and

5. Unless otherwise stated:

a. Documentation required by this Article is provided to the Department within two hours after a Department request; and

b. When documentation or information is required by this Chapter to be submitted on behalf of a nursing care institution, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the nursing care institution.

**C.** An administrator shall ensure that a fall prevention and fall recovery program that complies with requirements in A.R.S. § 36-420.01 is developed, documented, and implemented.

~~**C.**~~**D.** Except as provided in R9-10-415, an administrator shall ensure that, if a personnel member provides social services that require a license under A.R.S. Title 32, Chapter 33, Article 5, the personnel member is licensed under A.R.S. Title 32, Chapter 33, Article 5.

~~D.~~**E.** An administrator shall ensure that an individual who is a licensed baccalaureate social worker, master social worker, associate marriage and family therapist, associate counselor, or associate substance abuse counselor is under direct supervision as defined in 4 A.A.C. 6, Article 1.

~~E.~~**F.** An administrator shall ensure that a personnel member or an employee or volunteer who has or is expected to have direct interaction with a resident for more than eight hours a week provides evidence of freedom from infectious tuberculosis:

1. On or before the date the individual begins providing services at or on behalf of the nursing care institution, and
2. As specified in R9-10-113.

~~F.~~**G.** An administrator shall ensure that a personnel record is maintained for each personnel member, employee, volunteer, or student that includes:

1. The individual's name, date of birth, and contact telephone number;
2. The individual's starting date of employment or volunteer service and, if applicable, the ending date; and
3. Documentation of:
   a. The individual's qualifications including skills and knowledge applicable to the individual's job duties;
   b. The individual's education and experience applicable to the individual's job duties;
   c. The individual's compliance with the requirements in A.R.S. § 36-411;
   d. Orientation and in-service education as required by policies and procedures;
   e. The individual's compliance with the requirements in A.R.S. § 36-420.01 regarding fall prevention and fall recovery training;
   ~~e.~~f. The individual's license or certification, if the individual is required to be licensed or certified in this Article or policies and procedures;
   ~~f.~~g. If the individual is a behavioral health technician, clinical oversight required in R9-10-115;
   ~~g.~~h. Cardiopulmonary resuscitation training, if required for the individual according to ~~R9-10-303(C)(1)(e)~~ R9-10-403(C)(1)(f);
   ~~h.~~i. First aid training, if required for the individual according to this Article or policies and procedures; and
   ~~i.~~j. Evidence of freedom from infectious tuberculosis, if required for the individual according to subsection ~~(E)~~(F); and
   ~~j.~~k. If the individual is a nutrition and feeding assistant:
      i. Completion of the nutrition and feeding assistant training course required in R9-10-116, and
      ii. A nurse's observations required in ~~R9-10-423(C)(6)~~ R9-10-423(C)(6).

~~G.~~**H.** An administrator shall ensure that personnel records are:

1. Maintained:
   a. Throughout the individual's period of providing services in or for the nursing care institution, and
   b. For at least 24 months after the last date the individual provided services in or for the nursing care institution; and
2. For a personnel member who has not provided physical health services or behavioral health services at or for the nursing care institution during the previous 12 months, provided to the Department within 72 hours after the Department's request.

~~H.~~**I.** An administrator shall ensure that:

1. A plan to provide orientation specific to the duties of a personnel member, an employee, a volunteer, and a student is developed, documented, and implemented;
2. A personnel member completes orientation before providing behavioral health services or physical health services;
3. An individual's orientation is documented, to include:
   a. The individual's name,

b. The date of the orientation, and

c. The subject or topics covered in the orientation;

4. A plan to provide in-service education specific to the duties of a personnel member is developed, documented, and implemented;

5. A personnel member's in-service education is documented, to include:

a. The personnel member's name,

b. The date of the training, and

c. The subject or topics covered in the training~~.~~; and

~~5.~~6. A work schedule of each personnel member is developed and maintained at the nursing care institution for at least 12 months after the date of the work schedule.

~~I.~~**J.** An administrator shall designate a qualified individual to provide:

1. Social services, and

2. Recreational activities.

**C.** A resident has the following rights:

1. Not to be discriminated against based on race, national origin, religion, gender, sexual orientation, age, disability, marital status, or diagnosis;
2. To receive treatment that supports and respects the resident's individuality, choices, strengths, and abilities;
3. To choose activities and schedules consistent with the resident's interests that do not interfere with other residents;
4. To participate in social, religious, political, and community activities that do not interfere with other residents;
5. To retain personal possessions including furnishings and clothing as space permits unless use of the personal possession infringes on the rights or health and safety of other residents;
6. To share a room with the resident's spouse if space is available and the spouse consents;
7. To receive a referral to another health care institution if the nursing care institution is not authorized or not able to provide physical health services or behavioral health services needed by the resident;
8. To participate or have the resident's representative participate in the development of, or decisions concerning, treatment;
9. To participate or refuse to participate in research or experimental treatment; ~~and~~
10. To participate in religious visitation by a clergy member according to A.R.S. § 36-407.02; and
~~10.~~11. To receive assistance from a family member, the resident's representative, or other individual in understanding, protecting, or exercising the resident's rights.

**C.** An administrator shall ensure that a resident's medical record contains:

1 Resident information that includes:
   a. The resident's name;
   b. The resident's date of birth; and
   c. Any known allergies, including medication allergies;
2. The admission date and, if applicable, the date of discharge;
3. The admitting diagnosis or presenting symptoms;
4. Documentation of general consent and, if applicable, informed consent;
5. If applicable, the name and contact information of the resident's representative and:
   a. The document signed by the resident consenting for the resident's representative to act on the resident's behalf; or
   b. If the resident's representative:
      i. Has a health care power of attorney established under A.R.S. § 36-3221 or a mental health care power of attorney executed under A.R.S. § 36-3282, a copy of the health care power of attorney or mental health care power of attorney; or
      ii. Is a legal guardian, a copy of the court order establishing guardianship;
6. The medical history and physical examination required in R9-10-407(6);
7. A copy of the resident's living will or other health care directive, if applicable;
8. The name and telephone number of the resident's attending physician;
9. Orders;
10. Care plans;
11. Behavioral care plans, if the resident is receiving behavioral care;
12. Documentation of nursing care institution services provided to the resident;
13. Progress notes;
14. If applicable, documentation of any actions taken to comply with A.R.S. § 36-420;
~~14.~~15. If applicable, documentation of any actions taken to control the resident's sudden, intense, or out-of-control behavior to prevent harm to the resident or another individual;
~~15.~~16. If applicable, documentation that evacuation from the nursing care institution would cause harm to the resident;
~~16.~~17. The disposition of the resident after discharge;
~~17.~~18. The discharge plan;

~~18.~~19. The discharge summary;

~~19.~~20. Transfer documentation;

~~20.~~21. If applicable:

a. A laboratory report,

b. A radiologic report,

c. A diagnostic report, and

d. A consultation report;

~~21.~~22. Documentation of freedom from infectious tuberculosis required in R9-10-407(7);

~~22.~~23. Documentation of a medication administered to the resident that includes:

a. The date and time of administration;

b. The name, strength, dosage, and route of administration;

c. The type of vaccine, if applicable;

d. For a medication administered for pain on a PRN basis:

i. An evaluation of the resident's pain before administering the medication, and

ii. The effect of the medication administered;

e. For a psychotropic medication administered on a PRN basis:

i. An evaluation of the resident's symptoms before administering the psychotropic medication, and

ii. The effect of the psychotropic medication administered;

f. The identification, signature, and professional designation of the individual administering the medication; and

g. Any adverse reaction a resident has to the medication;

~~23.~~24. If the resident has been assessed for receiving nutrition and feeding assistance from a nutrition and feeding assistant, documentation of the assessment and the determination of eligibility; and

~~24.~~25. If applicable, a copy of written notices, including follow-up instructions, provided to the resident or the resident's representative.

**R9-10-413. Medical Services**

**A.** No change

**B.** A medical director shall ensure that:

1. A resident has an attending physician;

2. An attending physician is available 24 hours a day;

3. An attending physician designates a physician who is available when the attending physician is not available;

4. A physical examination is performed on a resident at least once every 12 months after the date of admission by an individual listed in R9-10-407(6);

5. As required in A.R.S. § 36-406, vaccinations for influenza and pneumonia are available to each resident at least once every 12 months unless:

a. The attending physician provides documentation that the vaccination is medically contraindicated;

b. The resident or the resident's representative refuses the vaccination or vaccinations and documentation is maintained in the resident's medical record that the resident or the resident's representative has been informed of the risks and benefits of a vaccination refused; or

c. The resident or the resident's representative provides documentation that the resident received a pneumonia vaccination within the ~~last~~ previous five years or the current recommendation from the U.S. Department of Health and Human Services, Center for Disease Control and Prevention; and

6. If the any of the following services are not provided by the nursing care institution and needed by a resident, the resident is assisted in obtaining, at the resident's expense:
   a. Vision services;
   b. Hearing services;
   c. Dental services;
   d. Clinical laboratory services from a laboratory that holds a certificate of accreditation or certificate of compliance issued by the United States Department of Health and Human Services under the 1988 amendments to the Clinical Laboratories Improvement Act of 1967;
   e. Psychosocial services;
   f. Physical therapy;
   g. Speech therapy;
   h. Occupational therapy;
   i. Behavioral health services; and
   j. Services for an individual who has a developmental disability, as defined in A.R.S. Title 36, Chapter 5.1, Article 1.

**R9-10-414. Comprehensive Assessment; Care Plan**

**A.** A director of nursing shall ensure that:

1. A comprehensive assessment of a resident:
   a. Is conducted or coordinated by a registered nurse in collaboration with an interdisciplinary team;
   b. Is completed for the resident within 14 calendar days after the resident's admission to a nursing care institution;
   c. Is updated:
      i. No later than 12 months after the date of the resident's ~~last~~ previous comprehensive assessment, and
      ii. When the resident experiences a significant change;
   d. Includes the following information for the resident:
      i. Identifying information;
      ii. An evaluation of the resident's hearing, speech, and vision;
      iii. An evaluation of the resident's ability to understand and recall information;
      iv. An evaluation of the resident's mental status;
      v. Whether the resident's mental status or behaviors:
         (1) Put the resident at risk for physical illness or injury,
         (2) Significantly interfere with the resident's care,
         (3) Significantly interfere with the resident's ability to participate in activities or social interactions,
         (4) Put other residents or personnel members at significant risk for physical injury,
         (5) Significantly intrude on another resident's privacy, or
         (6) Significantly disrupt care for another resident;
      vi. Preferences for customary routine and activities;
      vii. An evaluation of the resident's ability to perform activities of daily living;
      viii. Need for a mobility device;
      ix. An evaluation of the resident's ability to control the resident's bladder and bowels;
      x. Any diagnosis that impacts nursing care institution services that the resident may require;

xi. Any medical conditions that impact the resident's functional status, quality of life, or need for nursing care institution services;

xii. An evaluation of the resident's ability to maintain adequate nutrition and hydration;

xiii. An evaluation of the resident's oral and dental status;

xiv. An evaluation of the condition of the resident's skin;

xv. Identification of any medication or treatment administered to the resident during a seven-day calendar period that includes the time the comprehensive assessment was conducted;

xvi. Identification of any treatment or medication ordered for the resident;

xvii. A description of the resident or resident's representative's participation in the comprehensive assessment;

xviii. The name and title of the interdisciplinary team members who participated in the resident's comprehensive assessment;

xix. Potential for rehabilitation; and

xx. Potential for discharge; and

e. Is signed and dated by:

i. The registered nurse who conducts or coordinates the comprehensive assessment or review; and

ii. If a behavioral health professional is required to review according to subsection (A)(2), the behavioral health professional who reviewed the comprehensive assessment or review;

2. If any of the conditions in (A)(1)(d)(v) are answered in the affirmative during the comprehensive assessment or review, a behavioral health professional reviews a resident's comprehensive assessment or review and care plan to ensure that the resident's needs for behavioral health services are being met;

3. A new comprehensive assessment is not required for a resident who is hospitalized and readmitted to a nursing care institution unless a physician, an individual designated by the physician, or a registered nurse determines the resident has a significant change in condition; and

4. A resident's comprehensive assessment is reviewed by a registered nurse at least once every three months after the date of the current comprehensive assessment and if there is a significant change in the resident's condition.

1. Food is prepared:
    a. Using methods that conserve nutritional value, flavor, and appearance; and
    b. In a form to meet the needs of a resident such as cut, chopped, ground, pureed, or thickened;
2. A food menu:
    a. Is prepared at least one week in advance,
    b. Includes the foods to be served on each day,
    c. Is conspicuously posted at least one day before the first meal on the food menu will be served,
    d. Includes any food substitution no later than the morning of the day of meal service with a food substitution, and
    e. Is maintained for at least 60 calendar days after the last day included in the food menu;
3. Meals and snacks for each day are planned and served using the applicable guidelines in ~~http://www.health.gov/dietaryguidelines/2010.asp~~ the most recent dietary guidelines according to the U.S. Department of Health and Human Services and U.S. Department of Agriculture;
4. A resident is provided:
    a. A diet that meets the resident's nutritional needs as specified in the resident's comprehensive assessment and care plan;
    b. Three meals a day with not more than 14 hours between the evening meal and breakfast, except as provided in subsection (B)(4)(d);
    c. The option to have a daily evening snack identified in subsection (B)(4)(d)(ii) or other snack; and
    d. The option to extend the time span between the evening meal and breakfast from 14 hours to 16 hours if:
        i. A resident group agrees; and
        ii. The resident is offered an evening snack that includes meat, fish, eggs, cheese, or other protein, and a serving from either the fruit and vegetable food group or the bread and cereal food group;
5. A resident is provided with food substitutions of similar nutritional value if the resident:
    a. ~~The resident refuses~~ Refuses to eat the food served, or
    b. ~~The resident requests~~ Requests a substitution;
6. Recommendations and preferences are requested from a resident or the resident's representative for meal planning;
7. A resident requiring assistance to eat is provided with assistance that recognizes the resident's nutritional, physical, and social needs, including the use of adaptive eating equipment or utensils;
8. Tableware, utensils, equipment, and food-contact surfaces are clean and in good repair;
9. A resident eats meals in a dining area unless the resident chooses to eat in the resident's room or is confined to the resident's room for medical reasons documented in the resident's medical record; and

10. Water is available and accessible to residents.

**R9-10-426. Physical Plant Standards**

**A.** An administrator shall ensure that:

1. A nursing care institution complies with:
    a. The applicable physical plant health and safety codes and standards, incorporated by reference in R9-10-104.01, that were in effect on the date the nursing care institution submitted the application including the notarized attestation of architectural plans ~~and specifications to the Department for approval~~ according to R9-10-104; and
    b. The requirements for Existing Health Care Occupancies in National Fire Protection Association 101, Life Safety Code, incorporated by reference in R9-10-104.01;
2. The premises and equipment are sufficient to accommodate:
    a. The services stated in the nursing care institution's scope of services, and
    b. An individual accepted as a resident by the nursing care institution;
3. A nursing care institution is ventilated by windows or mechanical ventilation, or a combination of both;
4. The corridors are equipped with handrails on each side that are firmly attached to the walls and are not in need of repair;
5. No more than two individuals reside in a resident room unless:
    a. The nursing care institution was operating before October 31, 1982; and

b. The resident room has not undergone a modification as defined in A.R.S. § 36-401;

6. A resident has a separate bed, a nurse call system, and furniture to meet the resident's needs in a resident room or suite of rooms;

7. A resident room has:

a. A window to the outside with window coverings for controlling light and visual privacy, and the location of the window permits a resident to see outside from a sitting position;

b. A closet with clothing racks and shelves accessible to the resident; and

c. If the resident room contains more than one bed, a curtain or similar type of separation between the beds for privacy; and

8. A resident room or a suite of rooms:

a. Is accessible without passing through another resident's room; and

b. Does not open into any area where food is prepared, served, or stored.

## ARTICLE 6. HOSPICES

**R9-10-606. Personnel**

**A.** An administrator shall ensure that:

1. The qualifications, skills, and knowledge required for each type of personnel member:

a. Are based on:

i. The type of physical health services expected to be provided by the personnel member according to the established job description, and

ii. The acuity of the patients receiving physical health services from the personnel member according to the established job description; and

b. Include:

i. The specific skills and knowledge necessary for the personnel member to provide the expected physical health services listed in the established job description,

ii. The type and duration of education that may allow the personnel member to have acquired the specific skills and knowledge for the personnel member to provide the expected physical health services listed in the established job description, and

iii. The type and duration of experience that may allow the personnel member to have acquired the specific skills and knowledge for the personnel member to provide the expected physical health services listed in the established job description;

2. A personnel member's skills and knowledge are verified and documented:
   a. Before the personnel member provides physical health services, and
   b. According to policies and procedures;
3. Sufficient personnel members are available and, for a hospice inpatient facility, present on the hospice inpatient facility's premises, with the qualifications, skills, and knowledge necessary to:
   a. Provide the services in the hospice's scope of services,
   b. Meet the needs of a patient, and
   c. Ensure the health and safety of a patient;
4. Orientation occurs within the first week of providing hospice services and includes:
   a. Informing personnel about Department rules for licensing and regulating hospices and where the rules may be obtained,
   b. Reviewing the process by which a personnel member may submit a complaint about patient care to a hospice, and
   c. Providing the information required by hospice policies and procedures;
5. Personnel receive in-service education according to criteria established in hospice policies and procedures;
6. In-service education documentation for a personnel member includes:
   a. The subject matter,
   b. The date of the in-service education, and
   c. The signature of each individual who participated in the in-service education; and
7. A personnel member, or an employee or a volunteer who has or is expected to have direct interaction with a patient, provides evidence of freedom from infectious tuberculosis:
   a. On or before the date the individual begins providing services at or on behalf of the hospice service facility or hospice inpatient facility, and
   b. As specified in R9-10-113~~.~~; and
8. A fall prevention and fall recovery program that complies with requirements in A.R.S. § 36-420.01 is developed, documented, and implemented.

**B.** An administrator shall ensure that record is maintained for each personnel member, employee, volunteer, or student that includes:
1. The individual's name, date of birth, and contact telephone number;
2. The individual's starting date of employment or volunteer service and, if applicable, the ending date; and
3. Documentation of:
   a. The individual's qualifications, including skills and knowledge applicable to the individual's job duties;
   b. The individual's education and experience applicable to the individual's job duties;
   c. The individual's completed orientation and in-service education as required by policies and procedures;
   d. The individual's license or certification, if the individual is required to be licensed or certified in this Article or policies and procedures; and
   e. Evidence of freedom from infectious tuberculosis, if required for the individual according to subsection (A)(7).
   f. The individual's compliance with the requirements in A.R.S. § 36-420.01 regarding fall prevention and fall recovery training;

**C.** An administrator shall ensure that:

1. Policies and procedures are established, documented, and implemented to protect the health and safety of a patient that:
   a. Cover job descriptions, duties, and qualifications, including required skills, knowledge, education, and experience for personnel members, employees, volunteers, and students;
   b. Cover orientation and in-service education for personnel members, employees, volunteers, and students;
   c. Include how a personnel member may submit a complaint relating to patient care;
   d. Cover the requirements in A.R.S. Title 36, Chapter 4, Article 11;
   e. Include a method to identify a patient to ensure that the patient receives services as ordered;
   f. Cover patient rights, including assisting a patient who does not speak English or who has a disability to become aware of patient rights;
   g. Cover specific steps for:
      i. A patient to file a complaint, and
      ii. The outpatient surgical center to respond to a patient complaint;
   h. Cover health care directives;

i. Cover medical records, including electronic medical records;

j. Cover a quality management program, including incident reports and supporting documentation; and

k. Cover contracted services;

2. Policies and procedures for medical services and nursing services provided by an outpatient surgical center are established, documented, and implemented to protect the health and safety of a patient that:

a. Cover patient screening, admission, transfer, and discharge;

b. Cover the provision of medical services, nursing services, and health-related services in the outpatient surgical center's scope of services;

c. Include when general consent and informed consent are required;

d. Cover dispensing, administering, and disposing of medications;

e. Cover prescribing a controlled substance to minimize substance abuse by a patient;

f. Cover how personnel members will respond to a patient's sudden, intense, or out-of-control behavior to prevent harm to the patient or another individual;

g. Cover infection control; ~~and~~

h. Cover environmental services that affect patient care; and

i. Cover prevention of surgical smoke exposure in compliance with A.R.S. § 36-434.01, if applicable;

3. Policies and procedures are:

a. Available to personnel members, employees, volunteers, and students of the outpatient surgical center; and

b. Reviewed at least once every three years and updated as needed;

4. A pharmacy maintained by the outpatient surgical center is licensed according to A.R.S. Title 32, Chapter 18;

5. Pathology services are provided by a laboratory that holds a certificate of accreditation, certificate of compliance, or certificate of waiver issued by the U.S. Department of Health and Human Services under the 1988 amendments to the Clinical Laboratories Act of 1967;

6. If the outpatient surgical center meets the definition of "abortion clinic" in A.R.S. § 36-449.01, abortions and related services are provided in compliance with the requirements in Article 15 of this Chapter; and

7. Unless otherwise stated:

a. Documentation required by this Article is provided to the Department within two hours after a Department request; and

b. When documentation or information is required by this Chapter to be submitted on behalf of an outpatient surgical center, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the outpatient surgical center.

    k. Cover quality management, including incident report and supporting documentation; and

l. Cover contracted services;

2. Policies and procedures for services provided at or by an outpatient treatment center are established, documented, and implemented to protect the health and safety of a patient that:
   a. Cover patient screening, admission, assessment, transport, transfer, discharge plan, and discharge;
   b. Cover the provision of medical services, nursing services, behavioral health services, health-related services, and ancillary services;
   c. Include when general consent and informed consent are required;
   d. Cover obtaining, administering, storing, and disposing of medications, including provisions for controlling inventory and preventing diversion of controlled substances;
   e. Cover prescribing a controlled substance to minimize substance abuse by a patient;
   f. Cover infection control;
   g. Cover ~~telemedicine~~ telehealth, if applicable;
   h. Cover environmental services that affect patient care;
   i. Cover specific steps for:
      i. A patient to file a complaint, and
      ii. An outpatient treatment center to respond to a complaint;
   j. Cover smoking tobacco products on an outpatient treatment center's premises; and
   k. Cover how personnel members will respond to a patient's sudden, intense, or out-of-control behavior to prevent harm to the patient or another individual;
3. Outpatient treatment center policies and procedures are:
   a. Reviewed at least once every three years and updated as needed, and
   b. Available to personnel members and employees;
4. Unless otherwise stated:
   a. Documentation required by this Article is provided to the Department within two hours after a Department request; and
   b. When documentation or information is required by this Chapter to be submitted on behalf of an outpatient treatment center, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the outpatient treatment center;
5. The following are conspicuously posted:
   a. The current license for the outpatient treatment center issued by the Department;
   b. The name, address, and telephone number of the Department;
   c. A notice that a patient may file a complaint with the Department about the outpatient treatment center;
   d. One of the following:
      i. A schedule of rates according to A.R.S. § 36-436.01(C), or
      ii. A notice that the schedule of rates required in A.R.S. § 36-436.01(C) is available for review upon request;
   e. A list of patient rights;
   f. A map for evacuating the facility; and
   g. A notice identifying the location on the premises where current license inspection reports required in A.R.S. § 36-425(D), with patient information redacted, are available; and
6. Patient follow-up instructions are:
   a. Provided, orally or in written form, to a patient or the patient's representative before the patient leaves the outpatient treatment center unless the patient leaves against a personnel member's advice; and

b. Documented in the patient's medical record.

**B.** An administrator of an outpatient treatment center that is authorized to provide behavioral health services shall ensure that:

1. Except as provided in subsection (B)(2), a behavioral health assessment for a patient is completed before treatment for the patient is initiated;

2. If a behavioral health assessment that complies with the requirements in this Section is received from a behavioral health provider other than the outpatient treatment center or the outpatient treatment center has a medical record for the patient that contains an assessment that was completed within 12 months before the date of the patient's current admission:

a. The patient's assessment information is reviewed and updated if additional information that affects the patient's assessment is identified, and

b. The review and update of the patient's assessment information is documented in the patient's medical record within 48 hours after the review is completed;

3. If a behavioral health assessment is conducted by a:

a. Behavioral health technician or a registered nurse, within 72 hours a behavioral health professional certified or licensed to provide the behavioral health services needed by the patient reviews and signs the behavioral health assessment to ensure that the behavioral health assessment identifies the behavioral health services needed by the patient; or

b. Behavioral health paraprofessional, a behavioral health professional certified or licensed to provide the behavioral health services needed by the patient supervises the behavioral health paraprofessional during the completion of the behavioral health assessment and signs the behavioral health assessment to ensure that the assessment identifies the behavioral health services needed by the patient;

4. A behavioral health assessment:

a. Documents a patient's:

i. Presenting issue;

ii. Substance abuse history;

iii. ~~Co-occurring disorder~~ Co-morbidity;

iv. Medical condition and history;

v. Legal history, including:

(1) Custody,

(2) Guardianship, and

(3) Pending litigation;

vi. Criminal justice record;

vii. Family history;

viii. Behavioral health treatment history; and

ix. Symptoms reported by the patient and referrals needed by the patient, if any;

b. Includes:

i. Recommendations for further assessment or examination of the patient's needs;

ii. The behavioral health services, physical health services, or ancillary services that will be provided to the patient; ~~and~~

iii. Prescribing medication to treat or manage a mental health or substance abuse condition; and

~~iii.~~iv. The signature and date signed of the personnel member conducting the behavioral health assessment; and

c. Is documented in patient's medical record;

5. A patient is referred to a medical practitioner if a determination is made that the patient requires immediate physical health services or the patient's behavioral health issue may be related to the patient's medical condition;

6. A request for participation in a patient's behavioral health assessment is made to the patient or the patient's representative;

7. An opportunity for participation in the patient's behavioral health assessment is provided to the patient or the patient's representative;

8. Documentation of the request in subsection (B)(6) and the opportunity in subsection (B)(7) is in the patient's medical record;

9. A patient's behavioral health assessment information is documented in the medical record within 48 hours after completing the assessment;

10. If information in subsection (B)(4)(a) is obtained about a patient after the patient's behavioral health assessment is completed, an interval note, including the information, is documented in the patient's medical record within 48 hours after the information is obtained;

11. Counseling is:

a. Offered as described in the outpatient treatment center's scope of services,

b. Provided according to the frequency and number of hours identified in the patient's assessment, and

c. Provided by a behavioral health professional or a behavioral health technician;

12. A personnel member providing counseling that addresses a specific type of behavioral health issue has the skills and knowledge necessary to provide the counseling that addresses the specific type of behavioral health issue; and

13. Each counseling session is documented in the patient's medical record to include:

a. The date of the counseling session;

b. The amount of time spent in the counseling session;

c. Whether the counseling was individual counseling, family counseling, or group counseling;

d. The treatment goals addressed in the counseling session; and

e. The signature of the personnel member who provided the counseling and the date signed.

**R9-10-1012. Behavioral Health Observation/Stabilization Services**

**A.** An administrator of an outpatient treatment center that is authorized to provide behavioral health observation/stabilization services shall ensure that:

1. Behavioral health observation/stabilization services are available 24 hours a day, every calendar day;
2. Behavioral health observation/stabilization services are provided in a designated area that:
   a. Is used exclusively for behavioral health observation/stabilization services;
   b. Has the space for a patient to receive privacy in treatment and care for personal needs; and
   c. For every 15 observation chairs or less, has at least one bathroom that contains:
      i. A working sink with running water,
      ii. A working toilet that flushes and has a seat,
      iii. Toilet tissue,
      iv. Soap for hand washing,
      v. Paper towels or a mechanical air hand dryer,
      vi. Lighting, and
      vii. A means of ventilation;
3. If the outpatient treatment center is authorized to provide behavioral health observation/stabilization services to individuals under 18 years of age:
   a. There is a separate designated area for providing behavioral health observation/stabilization services to individuals under 18 years of age that:
      i. Meets the requirements in subsection (B)(2), and
      ii. Has floor to ceiling walls that separate the designated area from other areas of the outpatient treatment center;
   b. A registered nurse is present in the separate designated area; and
   c. A patient under 18 years of age does not share any space, participate in any activity or treatment, or have verbal or visual interaction with a patient 18 years of age or older;
4. A medical practitioner is available;
5. If the medical practitioner present at the outpatient treatment center is a registered nurse practitioner or a physician assistant, a physician is on-call;
6. A registered nurse is present and provides direction for behavioral health observation/stabilization services in the designated area;
7. A nurse monitors each patient at the intervals determined according to subsection (A)(12) and documents the monitoring in the patient's medical record;

8. An individual who arrives at the designated area for behavioral health observation/stabilization services in the outpatient treatment center is screened within 30 minutes, by a qualified person who is on the premises, after entering the designated area to determine whether the individual is in need of immediate physical health services;
9. If a screening indicates that an individual needs immediate physical health services that the outpatient treatment center is:
    a. Able to provide according to the outpatient treatment center's scope of services, the individual is examined by a medical practitioner within 30 minutes after being screened; or
    b. Not able to provide, the individual is transferred to a health care institution capable of meeting the individual's immediate physical health needs;
10. If a screening indicates that an individual needs behavioral health observation/stabilization services and the outpatient treatment center has the capabilities to provide the behavioral health observation/stabilization services, the individual is admitted to the designated area for behavioral health observation/stabilization services and may remain in the designated area and receive observation/stabilization services for up to 23 hours and 59 minutes;
11. Before a patient is discharged from the designated area for behavioral health observation/stabilization services, a medical practitioner determines whether the patient will be:
    a. If the behavioral health observation/stabilization services are provided in a health care institution that also provides inpatient services and is capable of meeting the patient's needs, admitted to the health care institution as an inpatient;
    b. Transferred to another health care institution capable of meeting the patient's needs;
    c. Provided a referral to another entity capable of meeting the patient's needs; or
    d. Discharged and provided patient follow-up instructions;
12. When a patient is admitted to a designated area for behavioral health observation/stabilization services, an assessment of the patient includes the interval for monitoring the patient based on the patient's medical condition, behavior, suspected drug or alcohol abuse, and medication status to ensure the health and safety of the patient;
13. If a patient is not being admitted as an inpatient to a health care institution, before discharging the patient from a designated area for behavioral health observation/stabilization services, a personnel member:
    a. Identifies the specific needs of the patient after discharge necessary to assist the patient to function independently;
    b. Identifies any resources, including family members, community social services, peer support services, and Regional Behavioral Health Agency staff, that may be available to assist the patient; and
    c. Documents the information in subsection (A)(13)(a) and the resources in subsection (A)(13)(b) in the patient's medical record;
14. When a patient is discharged from a designated area for behavioral health observation/stabilization services, a personnel member:
    a. Provides the patient with discharge information that includes:
        i. The identified specific needs of the patient after discharge, and
        ii. Resources that may be available for the patient; and
    b. Contacts any resources identified as required in subsection (A)(13)(b);
15. Except as provided in subsection (A)(16), a patient is not re-admitted to the outpatient treatment center for behavioral health observation/stabilization services within two hours after the patient's discharge from a designated area for behavioral health observation/stabilization services;
16. A patient may be re-admitted to the outpatient treatment center for behavioral health observation/stabilization services within two hours after the patient's discharge if:

a. It is at least one hour since the time of the patient's discharge;

b. A law enforcement officer or the patient's case manager accompanies the patient to the outpatient treatment center;

c. Based on a screening of the patient, it is determined that re-admission for behavioral health observation/stabilization is necessary for the patient; and

d. The name of the law enforcement officer or the patient's case manager and the reasons for the determination in subsection (A)(16)(c) are documented in the patient's medical record;

17. A patient admitted for behavioral health observation/stabilization services is provided:

a. An observation chair; or

b. A separate piece of equipment for the patient to use to sit or recline that:

i. Is at least 12 inches from the floor; and

ii. Has sufficient space around the piece of equipment to allow a personnel member to provide behavioral health services and physical health services, including emergency services, to the patient;

18. If an individual is not admitted for behavioral health observation/stabilization services because there is not an observation chair available for the individual's use, a personnel member provides support to the individual to access the services or resources necessary for the individual's health and safety, which may include:

a. Admitting the individual to the outpatient treatment center to provide behavioral health services other than behavioral health observation/stabilization services;

b. Establishing a method to notify the individual when there is an observation chair available;

c. Referring or providing transportation to the individual to another health care institution;

d. Assisting the individual to contact the individual's support system; and

e. If the individual is enrolled with a Regional Behavioral Health Authority, contacting the appropriate person to request assistance for the individual;

19. Personnel members establish a log of individuals who were not admitted because there was not an observation chair available and document the individual's name, actions taken to provide support to the individual to access the services or resources necessary for the individual's health and safety, and date and time the actions were taken;

20. The log required in subsection (A)(19) is maintained for at least 12 months after the date of documentation in the log;

21. An observation chair or, as provided in subsection (A)(17)(b), a piece of equipment used by a patient to sit or recline is visible to a personnel member;

22. Except as provided in subsection (A)(23), a patient admitted to receive behavioral health observation/stabilization services is visible to a personnel member;

23. A patient admitted to receive behavioral health observation/stabilization services may use the bathroom and not be visible to a personnel member, if the personnel member:

a. Determines that the patient is capable of using the bathroom unsupervised,

b. Is aware of the patient's location, and

c. Is able to intervene in the patient's actions to ensure the patient's health and safety; and

24. An observation chair:

a. Effective until July 1, 2015, has space around the observation chair that allows a personnel member to provide behavioral health services and physical health services, including emergency services, to a patient in the observation chair; and

b. Effective on July 1, 2015, has at least three feet of clear floor space:

i. On at least two sides of the observation chair, and

ii. Between the observation chair and any other observation chair.

**R9-10-1017. Diagnostic Imaging Services**

An administrator of an outpatient treatment center that is authorized to provide diagnostic imaging services shall:

1. Designate an individual to provide direction for diagnostic imaging services who is a:
   a. Radiologic technologist, certified under A.R.S. Title 32, Chapter 28, Article 2, who has at least 12 months experience in an outpatient treatment center;
   b. Physician; or
   c. Radiologist; and
2. Ensure that:
   a. Diagnostic imaging services are provided in compliance with A.R.S. Title 30, Chapter 4 and 9 A.A.C. 7;
   b. ~~A copy of a certificate documenting~~ Written documentation of compliance with subsection (2)(a) is maintained;
   c. Diagnostic imaging services are provided to a patient according to an order that includes:
      i. The patient's name,
      ii. The name of the ordering individual,
      iii. The diagnostic imaging procedure ordered, and
      iv. The reason for the diagnostic imaging procedure;
   d. A ~~physician~~ medical staff member or radiologist interprets the diagnostic image; and
   e. A diagnostic imaging patient report is completed that includes:
      i. The patient's name,
      ii. The date of the procedure, and
      iii. A physician's or radiologist's interpretation of the diagnostic image.
      medical staff member qualified to interpret the diagnostic image, as approved by individual designated in subsection (1)

**R9-10-1022. Physical Health Services**

An administrator of an outpatient treatment center that is authorized to provide physical health services shall ensure that:

1. Medical services provided at or by the outpatient treatment center are provided under ~~the direction of a physician or a registered nurse practitioner~~ A.R.S. § 36-401(A)(33),
2. Nursing services provided at or by the outpatient treatment center are provided under the direction of a registered nurse, and
3. A personnel member certified in cardiopulmonary resuscitation is available on the outpatient treatment center's premise.

**R9-10-1027. Urgent Care Services Provided in a Freestanding Urgent Care Setting**

An administrator of an outpatient treatment center that is authorized to provide urgent care services in a freestanding urgent care setting shall ensure that:

1. In addition to the policies and procedures required in R9-10-1003(D)(1), policies and procedures are established, documented, and implemented to protect the health and safety of a patient that cover ~~basic life support training and pediatric basic life support training including~~:

a. ~~Method and content of training,~~ Basic life support training and pediatric basic life support training including:

i. Method and content of training,

ii. Qualifications of individuals providing the training, and

iii. Documentation that verifies a medical practitioner has received the training; and

b. ~~Qualifications of individuals providing the training, and~~ A workplace violence prevention plan according to A.R.S. § 36-420.03.

~~c. Documentation that verifies a medical practitioner has received the training;~~

2. A medical practitioner is on the premises during hours of clinical operation to provide the medical services, nursing services, and health-related services included in the outpatient treatment center's scope of services;

3. If a physician is not on the premises during hours of operation, a notice stating this fact is conspicuously posted in the waiting room according to A.R.S. § 36-432;

4. If a patient's death occurs at the outpatient treatment center, a written report is submitted to the Department as required in A.R.S. § 36-445.04;

5. A medical practitioner completes basic life support training and pediatric basic life support training:

a. Before providing medical services, nursing services, or health-related services at the outpatient treatment center, and

b. At least once every 24 months after the initial date of employment;

6. Except as provided in subsection (5), a personnel member completes basic adult and pediatric cardiopulmonary resuscitation training:

a. Before providing medical services, nursing services, or health-related services at the outpatient treatment center; and

b. At least once every 24 months after the initial date of employment or volunteer service; and

7. In addition to the requirements in R9-10-1006(11), a medical practitioner's record includes documentation of completion of basic life support training and pediatric basic life support training.

## ARTICLE 11. ADULT DAY HEALTH CARE FACILITIES

**R9-10-1106. Personnel**

**A.** An administrator shall ensure that:

1. The qualifications, skills, and knowledge required for each type of personnel member:
   a. Are based on:
      i. The type of physical health services or behavioral health services expected to be provided by the personnel member according to the established job description, and
      ii. The acuity of the participants receiving physical health services or behavioral health services from the personnel member according to the established job description; and
   b. Include:
      i. The specific skills and knowledge necessary for the personnel member to provide the expected physical health services and behavioral health services listed in the established job description,
      ii. The type and duration of education that may allow the personnel member to have acquired the specific skills and knowledge for the personnel member to provide the expected physical health services or behavioral health services listed in the established job description, and
      iii. The type and duration of experience that may allow the personnel member to have acquired the specific skills and knowledge for the personnel member to provide the expected physical health services or behavioral health services listed in the established job description;
2. A personnel member's skills and knowledge are verified and documented:
   a. Before the personnel member provides physical health services or behavioral health services, and
   b. According to policies and procedures;
3. Sufficient personnel members are present on an adult day health care facility's premises when participants are present and have the qualifications, skills, and knowledge necessary to:
   a. Provide the services in the adult day health care facility's scope of services,
   b. Meet the needs of a participant, and
   c. Ensure the health and safety of a participant; ~~and~~
4. A personnel member, or an employee or a volunteer who has or is expected to have direct interaction with a participant for more than eight hours a week, provides evidence of freedom from infectious tuberculosis:
   a. On or before the date the individual begins providing services at or on behalf of the adult day health care facility, and
   b. As specified in R9-10-113~~.~~; and
5. A fall prevention and fall recovery program that complies with requirements in A.R.S. § 36-420.01 is developed, documented, and implemented.

**C.** An administrator shall ensure that a personnel record for each personnel member, employee, volunteer, or student:

1. Includes:
   a. The individual's name, date of birth, and contact telephone number;
   b. The individual's starting date of employment or volunteer service and, if applicable, the ending date; and
   c. Documentation of:

i. The individual's qualifications, including skills and knowledge applicable to the individual's job duties;

ii. The individual's education and experience applicable to the individual's job duties;

iii. The individual's completed orientation and in-service education as required by policies and procedures;

iv. The individual's license or certification, if the individual is required to be licensed or certified in this Article or policies and procedures;

v. Cardiopulmonary resuscitation training, if required for the individual according to this Article and policies and procedures;

vi. First aid training, if required for the individual according to this Article and policies and procedures; and

vii. Evidence of freedom from infectious tuberculosis, if required for the individual according to this Article or policies and procedures;

2. Is maintained:

a. Throughout the individual's period of providing services in or for the adult day health care facility, and

b. For at least 24 months after the last date the individual provided service in or for the adult day health care facility; and

3. For a personnel member who has not provided physical health services or behavioral health services at or for the adult day health care facility during the previous 12 months, is provided to the Department within 72 hours after the Department's request.

4. The individual's compliance with the requirements in A.R.S. § 36-420.01 regarding fall prevention and fall recovery training;

1. A food menu:
    a. Is prepared at least one week in advance,
    b. Includes the foods to be served each day,
    c. Is conspicuously posted at least one calendar day before the first meal on the food menu will be served,
    d. Includes any food substitution no later than the morning of the day of meal service with a food substitution, and
    e. Is maintained for at least 60 calendar days after the last day included in the food menu;
2. Meals and snacks provided by the adult day health care facility are served according to posted menus;
3. Meals and snacks for each day are planned using the applicable guidelines in ~~http://www.health.gov/dietaryguidelines/2010.asp~~ the most recent dietary guidelines according to the U.S. Department of Health and Human Services and U.S. Department of Agriculture;
4. A participant is provided a diet that meets the participant's nutritional needs as specified in the participant's comprehensive assessment, under R9-10-1107(F), or the participant's care plan;
5. Water is available and accessible to participants at all times, unless otherwise stated by the participant's medical practitioner; and
6. A participant requiring assistance to eat is provided with assistance that recognizes the participant's nutritional, physical, and social needs, including the use of adaptive eating equipment or utensils, such as a plate guard, rocking fork, or assistive hand device, if not provided by the participant.

**C.** An administrator shall ensure that food is obtained, prepared, served, and stored as follows:
1. Food is free from spoilage, filth, or other contamination and is safe for human consumption;
2. Food is protected from potential contamination;
3. Food is prepared:
    a. Using methods that conserve nutritional value, flavor, and appearance; and
    b. In a form to meet the needs of a participant, such as cut, chopped, ground, pureed, or thickened;
4. Potentially hazardous food is maintained as follows:
    a. Foods requiring refrigeration are maintained at 41° F or below;
    b. Foods requiring cooking are cooked to heat all parts of the food to a temperature of at least 145° F for 15 seconds, except that:
        i. Ground beef and ground meats are cooked to heat all parts of the food to at least 155° F;
        ii. Poultry, poultry stuffing, stuffed meats, and stuffing that contains meat are cooked to heat all parts of the food to at least 165° F;
        iii. Pork and any food containing pork are cooked to heat all parts of the food to at least 155° F;
        iv. Raw shell eggs for immediate consumption are cooked to at least 145° F for 15 seconds and any food containing raw shell eggs is cooked to heat all parts of the food to at least 155 °F;
        v. Roast beef and beef steak are cooked to an internal temperature of at least 155° F; and
        vi. Leftovers are reheated to a temperature of at least 165° F;
5. A refrigerator contains a thermometer, accurate to plus or minus 3° F, at the warmest part of the refrigerator;
6. Frozen foods are stored at a temperature of 0° F or below; and
7. Tableware, utensils, equipment, and food-contact surfaces are clean and in good repair.

1. The swimming pool is equipped with the following:

   a. An operational water circulation system that clarifies and disinfects the swimming pool water continuously and that includes at least:

      i. A removable strainer,

      ii. Two swimming pool inlets located on opposite sides of the swimming pool, and

      iii. A drain located at the swimming pool's lowest point and covered by a grating that cannot be removed without using tools; and

b. An operational vacuum cleaning system;

2. The swimming pool is enclosed by a wall or fence that:

   a. Is at least five feet in height as measured on the exterior of the wall or fence;

   b. Has no vertical openings greater that four inches across;

   c. Has no horizontal openings, except as described in subsection ~~(C)(2)(e)~~ (F)(2)(e);

   d. Is not chain-link;

   e. Does not have a space between the ground and the bottom fence rail that exceeds four inches in height; and

   f. Has a self-closing, self-latching gate that:

      i. Opens away from the swimming pool,

      ii. Has a latch located at least 54 inches from the ground; and

      iii. Is locked when the swimming pool is not in use;

3. A life preserver or shepherd's crook is available and accessible in the pool area; and

4. If the swimming pool is used by participants, pool safety requirements are conspicuously posted in the pool area.

   a. Cover job descriptions, duties, and qualifications, including required skills, knowledge, education, and experience for personnel members, employees, volunteers, and students;
   b. Cover orientation and in-service education for personnel members, employees, volunteers, and students;
   c. Cover patient admission, assessment, treatment plan, transfer, discharge planning, and recordkeeping;
   d. Cover discharge, including the amount of medication provided to a patient at discharge, based on an assessment of the patient's medical condition;
   e. Cover patient rights, including assisting a patient who does not speak English or who has a physical or other disability to become aware of patient rights;
   f. Cover the requirements in A.R.S. §§ 36-3708, 36-3709, and 36-3714;
   g. Establish the process for warning an identified or identifiable individual, as described in A.R.S. § 36-517.02 (B) through (C), if a patient communicates to a personnel member a threat of imminent serious physical harm or death to the identified or identifiable individual and the patient has the apparent intent and ability to carry out the threat;
   h. Cover when informed consent is required and how informed consent is obtained;
   i. Cover the criteria and process for conducting research using patients or patients' medical records;
   j. Include the establishment of, disbursing from, and recordkeeping for a patient personal funds account;
   k. Include a method of patient identification to ensure a patient receives the services ordered for the patient;
   l. Cover contracted services;
   m. Cover health care directives;

n. Cover medical records, including electronic medical records;

o. Cover medication procurement, storage, inventory monitoring and control, and disposal;

p. Cover infection control;

q. Cover and designate which personnel members or employees are required to have current certification in cardiopulmonary resuscitation and first aid training;

r. Cover environmental services that affect patient care;

s. Cover training of personnel members, at least annually, on how to recognize the signs and symptoms of abuse or neglect and reporting suspected or alleged abuse, neglect, exploitation, or other criminal activity;

t. Cover quality management, including incident reports and supporting documentation;

u. Cover emergency treatment and disaster plan;

v. Cover how personnel members will respond to a patient's sudden, intense, or out-of-control behavior to prevent harm to the patient or another individual;

w. Include security of the facility, patients and their possessions, personnel members, and visitors at the behavioral health specialized transitional facility;

x. Include preventing unauthorized patient absences;

y. Cover transportation of patients, including the criteria for using a locking mechanism to restrict a patient's movement during transportation;

z. Cover specific steps for:

i. A patient to file a complaint, and

ii. The behavioral health specialized transitional facility to respond to a patient's complaint;

aa. Cover visitation, telephone usage, sending or receiving mail, computer usage, and other recreational activities; ~~and~~

bb. Include equipment inspection and maintenance; and

cc. Cover religious visitation by a clergy member in compliance with A.R.S. § 36-407.02;

2. Policies and procedures are available to each personnel member;

3. Laboratory services are provided by a laboratory that holds a certificate of accreditation or certificate of compliance issued by the U.S. Department of Health and Human Services under the 1988 amendments to the Clinical Laboratories Improvement Act of 1967;

4. Food services are provided as specified in R9-10-1314;

5. The following individuals have access to a patient:

a. The patient's representative,

b. An individual assigned by a court of law to provide services to the patient, and

c. An attorney hired by the patient or patient's family;

6. Labor performed by a patient for the behavioral health specialized transitional facility is consistent with A.R.S. § 36-510 and applicable state and federal law; and

7. The following information is posted in an area easily viewed by a patient or an individual entering or leaving the behavioral health specialized transitional facility:

a. Patient rights,

b. Telephone number for the Department and the Office of Human Rights,

c. Location of inspection reports,

d. Complaint procedures, and

e. Visitation hours and procedures.

**H.** A clinical director:

1. Is responsible for the behavioral health services provided to patients;
2. Shall ensure that policies and procedures are established, documented, and implemented to protect the health and safety of a patient that cover:

a. Assessing the competency and proficiency of a behavioral health personnel member for each type of service the personnel member provides and each type of patient to which the personnel member is assigned;

b. Providing:

i. Supervision to behavioral health paraprofessionals, according to ~~R9-10-115(1)~~ R9-10-115(2); and

ii. Clinical oversight to behavioral health technicians, according to ~~R9-10-115(2)~~ R9-10-115(3);

c. The qualifications for personnel members who provide clinical oversight;

d. The process for patient assessments, including the identification of and criteria for the on-going monitoring of a patient's behavioral health issues;

e. The process for developing and implementing a patient's treatment plan;

f. The frequency of and process for reviewing and modifying a patient's treatment plan, based on the ongoing monitoring of the patient's response to treatment; and

g. The process for determining whether a patient is eligible for discharge or conditional release to a less restrictive alternative;

3. Shall ensure that patient services are provided by personnel that are competent and proficient in providing the services; and

4. Shall ensure that clinical oversight of personnel members is provided according to the policies and procedures.

1. A medical history is taken from the patient and a physical examination performed on the patient;
2. Except as specified in subsection (C)(3), a patient provides evidence of freedom from infectious tuberculosis as required in R9-10-113;
3. A patient is not required to be rescreened for tuberculosis as specified in R9-10-113 if:
   a. Fewer than 12 months have passed since the patient was screened for tuberculosis, and
   b. The documentation of freedom from infectious tuberculosis required in subsection (C)(2) accompanies the patient at the time of the patient's admission to the behavioral health specialized transitional facility; and
4. An assessment for the patient is completed:
   a. According to the behavioral health specialized transitional facility's policies and procedures;
   b. That includes the patient's:
      i. Legal history, including criminal justice record;
      ii. Behavioral health treatment history;
      iii. Medical conditions and history; and
      iv. Symptoms reported by the patient and referrals needed by the patient, if any; and
   c. That includes:
      i. Recommendations for further assessment or examination of the patient's needs,
      ii. The physical health services or ancillary services that will be provided to the patient until the patient's treatment plan is completed; and
      iii. The signature of the personnel member conducting the assessment and the date signed.

1. A patient's medication is stored by the behavioral health specialized transitional facility;

2. The following assistance is provided to a patient:

a. A reminder when it is time to take the medication;

b. Opening the medication container for the patient;

c. Observing the patient while the patient removes the medication from the container;

d. Verifying that the medication is taken as ordered by the patient's medical practitioner by confirming that:

i. The patient taking the medication is the individual stated on the medication container label,

ii. The dosage of the medication is the same as stated on the medication container label, and

iii. The medication is being taken by the patient at the time stated on the medication container label; ~~or~~ and

e. Observing the patient while the patient takes the medication;

3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a medical practitioner or registered nurse;

4. Training for a personnel member, other than a medical practitioner or nurse, in assistance in the self-administration of medication:

a. Is provided by a medical practitioner or registered nurse or an individual trained by a medical practitioner or registered nurse; and

b. Includes:

i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,

ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and

iii. Process for notifying the appropriate entities when an emergency medical intervention is needed;

5. A personnel member, other than a medical practitioner or nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and

6. Assistance in the self-administration of medication provided to a patient:

a. Is in compliance with an order, and

b. Is documented in the patient's medical record.

1. A food menu:

a. Is prepared at least one week in advance,

b. Includes the foods to be served each day,

c. Is conspicuously posted at least one day before the first meal on the food menu will be served,

d. Includes any food substitution no later than the morning of the day of meal service with a food substitution, and

e. Is maintained for at least 60 calendar days after the last day included in the food menu;

2. Meals and snacks provided by the behavioral health specialized transitional facility are served according to posted menus;
3. Meals for each day are planned using the applicable dietary guidelines ~~in http://www.health.gov/dietaryguidelines/2010.asp~~ according to the U.S. Department of Health and Human Services and the U.S. Department of Agriculture;
4. A patient is provided:
    a. A diet that meets the patient's nutritional needs as specified in the patient's assessment plan;
    b. Three meals a day with not more than 14 hours between the evening meal and breakfast except as provided in subsection (B)(4)(d);
    c. The option to have a daily evening snack identified in subsection (B)(4)(d)(ii) or other snack; and
    d. The option to extend the time span between the evening meal and breakfast from 14 hours to 16 hours if:
        i. A patient group agrees; and
        ii. The patient is offered an evening snack that includes meat, fish, eggs, cheese, or other protein, and a serving from either the fruit and vegetable food group or the bread and cereal food group;
5. A patient requiring assistance to eat is provided with assistance that recognizes the patient's nutritional, physical, and social needs, including the use of adaptive eating equipment or utensils; and
6. Water is available and accessible to a patient at all times, unless otherwise specified in the patient's treatment plan.

1. A disaster plan is developed, documented, maintained in a location accessible to personnel members and other employees, and, if necessary, implemented that includes:
    a. Procedures for protecting the health and safety of patients and other individuals at the behavioral health specialized transitional facility;
    b. When, how, and where patients will be relocated;
    c. How each patient's medical record will be available to personnel providing services to the patient during a disaster;
    d. A plan to ensure each patient's medication will be available to administer to the patient during a disaster; and
    e. A plan for obtaining food and water for individuals present in the behavioral health specialized transitional facility or the behavioral health specialized transitional facility's relocation site during a disaster;
2. The disaster plan required in subsection (D)(1) is reviewed at least once every 12 months;
3. A disaster drill is performed on each shift at least once every 12 months;
4. Documentation of a disaster plan review required in subsection (D)(2) and a disaster drill required in subsection (D)(3) is created, is maintained for at least 12 months after the date of the disaster plan review or disaster drill, and includes:
    a. The date and time of the disaster plan review or disaster drill;
    b. The name of each personnel member, employee, or volunteer participating in the disaster plan review or disaster drill;
    c. A critique of the disaster plan review or disaster drill; and
    d. If applicable, recommendations for improvement;
5. An evacuation drill <u>for employees and patients:</u> ~~is conducted on each shift at least once every three months;~~
    <u>a. Is conducted on each shift at least once every three months;</u>
    <u>b. Includes all individuals on the premises except for:</u>
        <u>i. A patient whose medical record contains documentation that evacuation from the behavioral health inpatient facility would cause harm to the patient, and</u>
        <u>ii. Sufficient personnel members to ensure the health and safety of patients not evacuated according to subsection (B)(5)(b)(i);</u>
6. Documentation of an evacuation drill is created, is maintained for at least 12 months after the date of the evacuation drill, and includes:
    a. The date and time of the evacuation drill;
    b. The amount of time taken for all employees and patients to evacuate the behavioral health specialized transitional facility;
    c. If applicable, an identification of patients needing assistance for evacuation;
    d. Any problems encountered in conducting the evacuation drill; and
    e. Recommendations for improvement, if applicable; and

**B.** No change

1. No change

2. No change

**C.** An administrator shall ensure that a behavioral health specialized transitional facility has:

~~1.~~ ~~A behavioral health specialized transitional facility has:~~

~~a.~~1. An area in which a patient may meet with a visitor,

~~b.~~2. Areas where patients may receive individual treatment,

~~c.~~3. Areas where patients may receive group counseling or other group treatment,

~~d.~~4. An area for community dining; and

~~e.~~5. Sufficient space in one or more common areas for individual and group activities.

**D.** An administrator shall ensure that the behavioral health specialized transitional facility has:

1. A bathroom adjacent to a common area for use by patients and visitors that:
   a. Provides privacy to the user; and
   b. Contains:
      i. A working sink with running water,
      ii. A working toilet that flushes and has a seat,
      iii. Toilet tissue dispenser,
      iv. Dispensed soap for hand washing,
      v. Single use paper towels or a mechanical air hand dryer,
      vi. Lighting, and
      vii. A means of ventilation;
2. An indoor common area that is not used as a sleeping area and that has:
   a. A working telephone that allows a patient to make a private telephone call;
   b. A distortion-free mirror;
   c. A current calendar and an accurate clock;
   d. A variety of books, current magazines and newspapers, and arts and crafts supplies appropriate to the age, educational, cultural, and recreational needs of patients; and
   e. A working television and access to a radio;
3. A dining room or dining area that:
   a. Is lighted and ventilated,
   b. Contains tables and seats, and
   c. Is not used as a sleeping area;
4. An outdoor area that:
   a. Is accessible to patients,
   b. Has sufficient space to accommodate the social and recreational needs of patients, and

c. Has shaded and unshaded areas;

5. For every ten patients, at least one working toilet that flushes and has a seat and dispensed toilet tissue;

6. For every 12 patients, at least one sink with running water, dispensed soap for hand washing, and single use paper towels or a mechanical air hand dryer;

7. For every 12 patients, at least one working bathtub or shower with a slip resistant surface; and

8. For each patient, a private bedroom that:

   a. Contains at least 60 square feet of floor space, not including the closet;

   b. Has walls from floor to ceiling;

   c. Has a door that opens into a hallway or common area;

   d. Is constructed and furnished to provide unimpeded access to the door;

   e. Is not used as a passageway to another bedroom or a bathroom, unless the bathroom is for the exclusive use of ~~a~~ the patient occupying the bedroom; and

   f. Has sufficient lighting for a patient to read.

1. At least one personnel member is present and awake at a substance abuse transitional facility at all times when a participant is on the premises;
2. In addition to the personnel member in subsection (I)(1), at least one personnel member is on-call and available to come to the substance abuse transitional facility if needed;
3. A substance abuse transitional facility has sufficient personnel members to provide general participant supervision and treatment and sufficient personnel members or employees to provide ancillary services to meet the scheduled and unscheduled needs of each participant;
4. There is a daily staffing schedule that:
   a. Indicates the date, scheduled work hours, and name of each individual assigned to work, including on-call individuals;
   b. Includes documentation of the employees who work each day and the hours worked by each employee; and
   c. Is maintained for at least 12 months after the last date on the documentation;
5. A behavioral health professional is present on the substance abuse transitional facility's premises or on-call; ~~and~~
6. A registered nurse is present on the substance abuse transitional facility's premises or on-call~~.~~; and

7. A fall prevention and fall recovery program that complies with requirements in A.R.S. § 36-420.01 is developed, documented, and implemented.

**R9-10-1406. Admission; Assessment**

An administrator shall ensure that:

1. A participant is admitted based upon the participant's presenting behavioral health issue and treatment needs and the substance abuse transitional facility's ability and authority to provide behavioral health services or physical health services consistent with the participant's needs;
2. General consent is obtained from a participant or the participant's representative before or at the time of admission;
3. The general consent obtained in subsection (2) is documented in the participant's medical record;
4. An assessment of a participant is completed or updated by an emergency medical care technician or a registered nurse;
5. If an assessment is completed or updated by an emergency medical care technician, a registered nurse reviews the assessment within 24 hours after the completion of the assessment to ensure that the assessment identifies the behavioral health services and physical health services needed by the participant;
6. If an assessment that complies with the requirements in this Section is received from a behavioral health provider other than the substance abuse transitional facility or the substance abuse transitional facility has a medical record for the participant that contains an assessment that was completed within 12 months before the date of the participant's current admission:
    a. The participant's assessment information is reviewed and updated if additional information that affects the participant's assessment is identified, and
    b. The review and update of the participant's assessment information is documented in the participant's medical record within 48 hours after the review is completed;
7. An assessment:
    a. Documents a participant's:
        i. Presenting issue;
        ii. Substance abuse history;
        iii. ~~Co-occurring disorder~~ Co-morbidity;
        iv. Medical condition and history;
        v. Behavioral health treatment history;
        vi. Symptoms reported by the participant; and
        vii. Referrals needed by the participant, if any;
    b. Includes:
        i. Recommendations for further assessment or examination of the participant's needs,
        ii. The behavioral health services and physical health services that will be provided to the participant, and
        iii. The signature and date signed of the personnel member conducting the assessment; and
    c. Is documented in participant's medical record;
8. A participant is referred to a medical practitioner if a determination is made that the participant requires immediate physical health services or the participant's behavioral health issue may be related to the participant's medical condition;
9. If a participant requires behavioral health services that the substance abuse transitional facility is not authorized or not able to provide, a personnel member arranges for the participant to be provided transportation to transfer to another health care institution where the behavioral health services can be provided;

10. A request for participation in a participant's assessment is made to the participant or the participant's representative;
11. An opportunity for participation in the participant's assessment is provided to the participant or the participant's representative;
12. Documentation of the request in subsection (10) and the opportunity in subsection (11) is in the participant's medical record; and
13. A participant's assessment information is:
    a. Documented in the medical record within 48 hours after completing the assessment, and
    b. Reviewed and updated when additional information that affects the participant's assessment is identified.

**B.** A registered dietitian or director of food services shall ensure that:

1. Food is prepared:
   a. Using methods that conserve nutritional value, flavor, and appearance; and
   b. In a form to meet the needs of a participant such as cut, chopped, ground, pureed, or thickened;
2. A food menu is:
   a. Prepared at least one week in advance,
   b. Conspicuously posted, and
   c. Maintained for at least 60 calendar days after the last day included in the food menu;
3. If there is a change to a posted food menu, the change is noted on the posted menu no later than the morning of the day the change occurs;
4. Meals and snacks provided by the substance abuse transitional facility are served according to posted menus;
5. Meals and snacks for each day are planned using the applicable guidelines in ~~http://www.health.gov/dietaryguidelines/2010.asp~~ the most recent dietary guidelines according to the U.S. Department of Health and Human Services and U.S. Department of Agriculture;
6. A participant is provided:
   a. A diet that meets the participant's nutritional needs as specified in the participant's assessment;
   b. Three meals a day with not more than 14 hours between the evening meal and breakfast, except as provided in subsection (B)(6)(d);
   c. The option to have a daily evening snack identified in subsection (B)(6)(d)(ii) or other snack; and
   d. The option to extend the time span between the evening meal and breakfast from 14 hours to 16 hours if:
      i. The participant agrees; and
      ii. The participant is offered an evening snack that includes meat, fish, eggs, cheese, or other protein, and a serving from either the fruit and vegetable food group or the bread and cereal food group;
7. A participant requiring assistance to eat is provided with assistance that recognizes the participant's nutritional, physical, and social needs, including the use of adaptive eating equipment or utensils; and
8. Water is available and accessible to participants at all times, unless otherwise stated in a participant's assessment.

**R9-10-1909. Counseling**

**A.** No change

1. No change

2. No change

3. No change

**B.** An administrator of a counseling facility shall ensure that:

1. Before counseling for a patient is initiated, there is a behavioral health assessment for the patient that complies with the requirements in this Section that is:

a. Available:

i. In the patient's medical record maintained by the counseling facility;

ii. If the counseling facility is an affiliated counseling facility, in the patient's integrated medical record; or

iii. If the counseling facility has an affiliated outpatient treatment center, in the patient's integrated medical record maintained by the counseling facility's affiliated outpatient treatment center; and

b. Either:

i. Completed by a personnel member at the counseling facility; or

ii. Obtained from a behavioral health provider other than the counseling facility;

2. A behavioral health assessment, obtained from a behavioral health provider other than the counseling facility or available in a medical record or integrated medical record, was completed within 12 months before the date of the patient's current admission;

3. If a behavioral health assessment is obtained from a behavioral health provider other than the counseling facility or is available as stated in subsection (B)(1)(a), the information in the behavioral health assessment is reviewed and updated if additional information that affects the patient's behavioral health assessment is identified;

4. The review and update of the patient's assessment information in subsection (B)(3) is documented in the patient's medical record within 48 hours after the review is completed;

5. If a behavioral health assessment is conducted by a:

a. Behavioral health technician or a registered nurse, within 72 hours after the behavioral health assessment is conducted, a behavioral health professional certified or licensed to provide the counseling needed by the patient reviews and signs the behavioral health assessment to ensure that the behavioral health assessment identifies the counseling needed by the patient; or

b. Behavioral health paraprofessional, a behavioral health professional certified or licensed to provide the counseling needed by the patient supervises the behavioral health paraprofessional during the completion of the behavioral health assessment and signs the behavioral health assessment to ensure that the assessment identifies the counseling needed by the patient;

6. A behavioral health assessment:

a. Documents a patient's:

i. Presenting issue;

ii. Substance use history;

iii. ~~Co-occurring disorder~~ Co-morbidity;

iv. Medical condition and history;

v. Legal history, including:

(1) Custody,

(2) Guardianship, and

(3) Pending litigation;

vi. Criminal justice record;

vii. Family history;

viii. Behavioral health treatment history; and

ix. Symptoms reported by the patient or the patient's representative and referrals needed by the patient, if any;

b. Includes:

i. Recommendations for further assessment or examination of the patient's needs;

ii. A description of the counseling, including type, frequency, and number of hours, that will be provided to the patient; and

iii. The signature and date signed of the personnel member conducting the behavioral health assessment; and

c. Is documented in patient's medical record;

7. A patient is referred to a medical practitioner if a determination is made that the patient requires immediate physical health services or the patient's behavioral health issue may be related to the patient's medical condition;

8. A request for participation in a patient's behavioral health assessment is made to the patient or the patient's representative;

9. An opportunity for participation in the patient's behavioral health assessment is provided to the patient or the patient's representative;

10. Documentation of the request in subsection (B)(8) and the opportunity in subsection (B)(9) is in the patient's medical record;

11. A patient's behavioral health assessment information is documented in the medical record within 48 hours after completing the assessment;

12. If information in subsection (B)(6)(a) is obtained about a patient after the patient's behavioral health assessment is completed, an interval note, including the information, is documented in the patient's medical record within 48 hours after the information is obtained;

13. Counseling is:

a. Offered as described in the counseling facility's scope of services;

b. Provided according to the type, frequency, and number of hours identified in the patient's assessment; and

c. Provided by a behavioral health professional or a behavioral health technician;

14. A personnel member providing counseling to address a specific type of behavioral health issue has the skills and knowledge necessary to provide the counseling that addresses the specific type of behavioral health issue; and

15. Each counseling session is documented in the patient's medical record to include:

a. The date of the counseling session;

b. The amount of time spent in the counseling session;

c. Whether the counseling was individual counseling, family counseling, or group counseling;

d. The treatment goals addressed in the counseling session; and

e. The signature of the personnel member who provided the counseling and the date signed.

1. Policies and procedures are established, documented, and implemented to protect the health and safety of a resident that:
   a. Cover job descriptions, duties, and qualifications, including required skills, knowledge, education, and experience for personnel members, employees, volunteers, and students;
   b. Cover the process for checking on a personnel member through the adult protective services registry, established according to A.R.S. § 46-459, or the central registry, established according to A.R.S. § 8-804, as applicable;
   c. Cover orientation and in-service education for personnel members, employees, volunteers, and students;
   d. Include methods to prevent abuse or neglect of a resident, including:
      i. Training of personnel members, at least annually, on how to recognize the signs and symptoms of abuse or neglect; and
      ii. Reporting of abuse or neglect of a resident;
   e. Include how a personnel member may submit a complaint relating to resident care;
   f. Cover the requirements in A.R.S. Title 36, Chapter 4, Article 11;
   g. Cover cardiopulmonary resuscitation training including:
      i. Which personnel members are required to obtain cardiopulmonary resuscitation training;

ii. The method and content of cardiopulmonary resuscitation training, which includes a demonstration of the ability to perform cardiopulmonary resuscitation;

iii. The qualifications for an individual to provide cardiopulmonary resuscitation training;

iv. The time-frame for renewal of cardiopulmonary resuscitation training; and

v. The documentation that verifies an individual has received cardiopulmonary resuscitation training;

h. Cover first aid training;

i. Include a method to identify a resident to ensure the resident receives physical health services, habilitation services, and behavioral care as ordered;

j. Cover resident rights, including assisting a resident who does not speak English or who has a disability to become aware of resident rights;

k. Cover specific steps for:

i. A resident to file a complaint, and

ii. The nursing-supported group home to respond to a resident's complaint;

l. Cover health care directives;

m. Cover medical records, including electronic medical records;

n. Cover a quality management program, including incident reports and supporting documentation;

o. Cover contracted services;

p. Cover resident's personal accounts;

q. Cover petty cash funds;

r. If the nursing-supported group home may admit a resident who is not placed in the nursing-supported group home by the Division, cover:

i. Fees and the process for receiving a fee for a resident,

ii. The reasons and process for terminating residency, and

iii. The process for refunding a fee for a resident;

s. Cover smoking and the use of tobacco products on the premises;

t. Cover the storage and use of alcoholic beverages on the premises; and

u. Cover when an individual may visit a resident in a nursing-supported group home;

2. Policies and procedures for physical health services, habilitation services, and behavioral care are established, documented, and implemented to protect the health and safety of a resident that:

a. Cover resident screening, admission, transport, transfer, discharge planning, and discharge;

b. Cover the provision of physical health services, habilitation services, and behavioral care;

c. Cover acuity, including a process for obtaining sufficient nursing personnel and other personnel members to meet the needs of residents;

d. Include when general consent and informed consent are required;

e. Cover storing, dispensing, administering, and disposing of medication, including provisions for inventory control and preventing diversion of controlled substances;

f. Cover infection control;

g. Cover interventions to address a resident's inappropriate behavior, including:

i. The hierarchy for use;

ii. Use of time-outs for inappropriate behavior; and

iii. Except in an emergency, require positive techniques for behavior modification to be used before more restrictive methods are used;

h. Cover restraints, both chemical restraints and physical restraints if applicable, that:
   i. Require an order, including the frequency of monitoring and assessing the restraint; and
   ii. Are necessary to prevent imminent harm to self or others, including how personnel members will respond to a resident's sudden, intense, or out-of-control behavior;
i. Cover ~~telemedicine~~ telehealth, if applicable;
j. Cover environmental services that affect resident care;
k. Cover the security of a resident's possessions that are allowed on the premises;
l. Cover methods to encourage participation of a resident's family or friends or other individuals in activities planned according to R9-10-2210(B);
m. Include a method for obtaining an advocate for a resident, if necessary;
n. Cover resident outings;
o. Cover the process for obtaining resident preferences for social, recreational, or rehabilitative activities and meals and snacks; and
p. Cover whether pets and animals are allowed on the premises, including procedures to ensure that any pets or animals allowed on the premises do not endanger the health or safety of residents or the public;

3. Policies and procedures are reviewed at least once every three years and updated as needed;
4. Policies and procedures are available to personnel members, employees, volunteers, and students; and
5. Unless otherwise stated:
   a. Documentation required by this Article is provided to the Department within two hours after a Department request; and
   b. When documentation or information is required by this Chapter to be submitted on behalf of a nursing-supported group home, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the nursing-supported group home.

**TITLE 9. HEALTH SERVICES**

**CHAPTER 10. DEPARTMENT OF HEALTH SERVICES -**
**HEALTH CARE INSTITUTIONS: LICENSING**

# ECONOMIC, SMALL BUSINESS, AND CONSUMER IMPACT STATEMENT

**February 2025**

**ECONOMIC, SMALL BUSINESS, AND CONSUMER IMPACT STATEMENT**
**TITLE 9. HEALTH SERVICES**
**CHAPTER 10. DEPARTMENT OF HEALTH SERVICES -**
**HEALTH CARE INSTITUTIONS: LICENSING**

## 1. An identification of the rulemaking

Arizona Revised Statutes (A.R.S.) § 36-132(A)(1) and (17) require the Arizona Department of Health Services (Department) to protect the health of the people in Arizona, and license and regulate health care institutions (HCIs). In order to ensure public health, safety, and welfare, A.R.S. §§ 36-405 and 36-406 require the Department to adopt rules establishing minimum standards and requirements for the construction, modification, and licensure of health care institutions. The Department has adopted rules to implement these statutes in Arizona Administrative Code Title 9, Chapter 10. The Department plans to amend the rules to align with the following statutory changes: Laws 2021, Ch. 320, related to definitions regarding telehealth; Laws 2022, Ch. 128, requires the Department to make exemptions of certain outpatient treatment centers from licensing requirements; Laws 2022, Ch. 179, requires the Department to ensure a healthcare institution's visitation policy allows a clergy member to visit a resident; Laws 2022, Ch. 296, requires the Department to ensure a hospital develops a visitation policy, especially during end-of-life care; Laws 2022, Ch. 34, amends the requirements for architectural plans and specifications for health care institutions construction or modifications; Laws 2022, Ch. 190, requires the Department to ensure a health care institution develops a written workplace violence prevention plan to assist in the decrease of assaults on health care workers; Laws 2022, Ch. 57, requires the Department to adopt rules that relate to outpatient surgical centers requiring policies related to surgical smoke evacuation; and Laws 2021, Ch. 363, related to staffing and approvals of surgical discharges from facility premises. The Department also plans to address policies and procedures for the use of naloxone; be consistent with other statutory provisions or legislation including: A.R.S. § 32-1909 regarding donated medicine; A.R.S. § 36-420 regarding CPR and first aid; A.R.S. § 11-593 regarding reporting a death; and A.R.S. §§ 13-3620 and 46-454 regarding reporting abuse, neglect, or exploitation; and making other changes necessary for the proper administration and enforcement of the laws relating to public health to promote continuity and improve patient outcomes. After receiving rulemaking approval pursuant to A.R.S. § 41-1039, the Department began rulemaking to adhere to the statutory changes identified above, address issues identified in recent five-year review reports approved by the Governor's Regulatory Review Council (GRRC), and make the rules clearer and more concise and understandable. The Department anticipates that the rules may increase the regulatory burden or cost on some affected persons. However, the Department believes that the benefits of the rules will far outweigh any potential cost. Any proposed changes will conform to rulemaking format and style requirements of GRRC and the Office of the Secretary of State.

## 2. Cost/Benefit Analysis

This analysis covers the costs and benefits associated with the rule changes related to implementing new legislation, updating rules, and making other changes necessary for the proper administration and enforcement of the laws relating to public health to promote continuity and improve patient outcomes. The annual cost and revenue changes are designated as minimal when $1,000 or less, moderate when between $1,000 and $10,000, and substantial when $10,000 or greater in additional costs or revenues. Costs are listed as significant when meaningful or important, but not readily subject to quantification.

## 3. Identification of the persons who will be directly affected by, bear the costs of, or directly benefit from the rules

a. The Department
b. HCIs
c. The General Public

## A. The Department

A.R.S. §§ 36-3201 and 36-405 requires the Department to adopt rules that establish minimum standards and requirements for constructing, modifying and licensing health care institutions to ensure the public health, safety and welfare. Prescribed standards and requirements for health care institutions must pertain to the construction, equipment, sanitation and staffing of the institution and be in accordance with generally accepted practices of health care. An HCI is any place, institution, building or agency that provides facilities with medical services, nursing services, behavioral health services, health screening services, other health-related services, supervisory care services, personal care services, or directed care services and includes home health agencies, outdoor behavioral health care programs and hospice service agencies.

The proposed amendments seek to align the rules with recent statutory changes, including creating a new subclass for secured behavioral health residential facilities to improve rule effectiveness. They address policies and procedures for naloxone use and ensure consistency with other statutory provisions, such as those related to donated medicine, CPR and first aid, reporting deaths, and reporting abuse, neglect, or exploitation. Additionally, the changes respond to issues identified in recent five-year-review reports by the Governor's Regulatory Review Council, including clarifying and simplifying the rules, updating cross-references, correcting grammatical errors, and improving public health administration and patient outcomes.

Key amendments include establishing standards for outpatient surgical centers regarding the presence of physicians during discharges and implementing smoke evacuation systems to prevent exposure to surgical smoke. The Department is also updating rules to accommodate new requirements for architectural plans, exempt

certain outpatient treatment centers from licensure, and mandate the development of workplace violence prevention plans. Furthermore, the amendments address policies for clergy and visitor access in hospitals, update terminology from "telemedicine" to "telehealth," and revise dietary guidelines. These changes will require updates to multiple Articles in Chapter 10, ensuring the rules are clear, concise, and consistent with current statutes. These modifications aim to enhance public health administration, promote patient safety, and ensure compliance with state regulations.

The rule amendments are expected to have various cost implications. Primarily, the Department will need to invest in training and educating staff and stakeholders on the new statutory requirements and updated processes. This includes ensuring compliance with new safety standards, such as the implementation of smoke evacuation systems and the development of workplace violence prevention plans. Additionally, there will be administrative costs associated with updating forms, records, and internal systems to reflect the changes, as well as public awareness efforts to inform healthcare providers and the public. The Department will also need to allocate resources for monitoring and reporting compliance, particularly concerning new reporting requirements for visitation policies and prescription medication donations. Moreover, the rulemaking process itself, including legal and procedural expenses, will contribute to the overall cost. The Department expects to incur minimal to no costs to implement the new rules and ensure that HCIs are in compliance with the new rules. The Department believes that the proposed rule amendments are essential for maintaining public health standards, ensuring patient safety, and complying with state regulations.

**B. HCIs**

The proposed amendments to the Department's rules are designed to align with recent statutory changes and address various issues identified in regulatory reviews. These updates aim to improve the effectiveness and clarity of existing regulations, ensure consistency with other laws, and enhance public health and safety. Key areas of focus include the establishing a secured behavioral health residential facility as a new HCI subclass, outpatient surgical centers, and workplace violence prevention. Additionally, the amendments will update terminology, clarify procedural guidelines, and make necessary adjustments to reflect the latest public health policies and practices. By implementing these changes, the Department seeks to promote better compliance, streamline administrative processes, and ultimately improve patient care and outcomes.

Laws 2021, Ch. 363, related to surgical discharges, amends A.R.S. § 36-405 and establishes that minimum standards prescribed for health care institutions must permit outpatient surgical centers to require the presence of specified physicians or anesthesia providers until all patients have been discharged. The new requirements establish standards prescribed for an HCI to require specified physicians to medically discharge patients from surgery; and allow outpatient surgical centers to require the presence of a licensed anesthesia

provider or a licensed physician on the premises of the surgical center until all patients have been discharged from the recovery room. Due to these changes, the Department is amending language in R9-10-911.

Laws 2022, Ch. 34, related to architectural plans and specifications, amends A.R.S. §§ 36-405, 36-421, and 36-422. The new statutory changes remove the requirement that an HCI license application include architectural plans and specifications and instead requires a notarized attestation from a licensed architect that verifies architectural plans meet or exceed the Department's standards. In addition, the new statutory changes repeals the Department's authority to establish fees for architectural plans and specifications reviews. Due to these changes, the Department is amending language in R9-10-104, R9-10-105, R9-10-106, R9-10-108, Table 1.1, R9-10-110, R9-10-918, R9-10-1018, R9-10-1117, and R9-10-1515. The Department anticipates that the new changes will provide a significant benefit to HCIs.

Laws 2022, Ch. 57, related to outpatient surgical centers: surgical smoke evacuation system, amends A.R.S. § 36-434.01. The new legislation requires outpatient surgical centers and hospitals to adopt and implement policies to prevent exposure to surgical smoke by using a smoke evacuation system for each procedure generating surgical smoke. The Department is required to ensure compliance with smoke evacuation system use during onsite inspections and in response to any complaint received relating to the system. Due to these changes, the Department is amending language in R9-10-902.

Laws 2022, Ch. 128, related to outpatient treatment centers exemption, amends A.R.S. §§ 32-1651, 36-401, 36-402, 36-422, 36-439, 36-439.01, 36-439.04 and 36-439.05. The new changes exempt outpatient treatment centers that have the same governing authority as a licensed hospital from Department licensure, supervision, regulation, and control. Due to these changes, the Department is amending language in R9-10-203.

Laws 2022, Ch. 179 and Laws 2022, Ch. 296, both related to visitation policy, establish A.R.S. § 36-407.02. The new statute requires hospitals to develop a visitation policy that allows a patient to have daily in-person visitation by a designated visitor of the patient's choice, including the patient's spouse, parent or child. If a physician denies visitation, the patient or the patient's representative may request a meeting with the physician and one of the outlined hospital officials to receive a review and provide an explanation within 24 hours of the decision to deny visitation. Additionally, the statute requires health care institutions to allow clergy members to visit a resident if the healthcare institution's visitation policy allows any kind of in-person visitation or when a resident's death is imminent. A hospital's visitation policy must ensure that the patient and the patient's visitors may have physical contact, especially during end-of-life visitation, unless a physician determines based on the patient's condition that the visitation does not meet health and safety standards or is reasonably likely to harm the patient. A visitor may file a complaint with the Department if the designated visitor's request for visitation is denied or not resolved at the meeting with hospital officials. Due to these changes, the Department is amending language in R9-10-403.

Laws 2022, Ch. 190, related to a workplace violence prevention plan, amends A.R.S. § 36-420.02. The new legislation requires health care employers to develop, implement and maintain a written workplace violence prevention plan. The prevention plan should include: a) components specifically tailored to the conditions and hazards of the health care employer's sites and patient-specific risk factors; b) the identity of the individual responsible for implementing and overseeing the plan; c) the requirements of conspicuous posting of signs in public areas throughout the health care employer's sites, including all emergency facilities, that are at least 12 inches by 12 inches in size and that provide notice that assault on a health care worker may be prosecuted as a felony; d) the reporting procedures, incident response procedures and post incident investigation procedures; and e) require health care employers to provide information to health care workers about a worker's ability to report any assault to law enforcement and, on request, to assist the worker in reporting the assault. A person commits an aggravated assault if the person commits the assault under outlined circumstances, including if the person: 1) causes serious physical injury to another; 2) uses a deadly weapon or dangerous instrument; 3) commits the assault by any means of force that causes temporary but substantial disfigurement, temporary but substantial loss or impairment of any body organ or part, or a fracture of any body part; and 4) commits the assault knowing or having reason to know that the victim is a certified or licensed health care practitioner or a person summoned and directed by the licensed health care practitioner while engaged in the person's professional duties. A certified or licensed health care practitioner includes a licensed or certified physician, nurse, osteopathic physician or surgeon, or a physician's assistant. The assault on a certified or licensed health care practitioner is not an aggravated assault if the person who commits the assault is seriously mentally ill or is afflicted with Alzheimer's disease or related dementia. A person commits aggravated assault if the person commits assault by: 1) intentionally, knowingly or recklessly causing any physical injury to another person; 2) intentionally placing another person in reasonable apprehension of imminent physical injury; or 3) knowingly touching another person with the intent to injure the person. Due to these changes, the Department is amending language in R9-10-1027.

The Arizona State Board of Pharmacy has established a Prescription Medication Donation Program (Program) to accept and dispense prescription medications, HCIs that opt-in to the Program and meet prescribed criteria may accept donated medications. Laws 2021, Ch. 137, related to medical donation, amends A.R.S. § 32-1909. The bill establishes requirements and prohibitions for donating, accepting, and dispensing donated prescription medications. Statute requires that prescription medications be accepted or dispensed by the Program only in the original, sealed and tamper-evident unit dose packaging, except that opened prescription medications packaged in single unit doses can be accepted and dispensed if the single unit dose packaging is undisturbed. Prescription donations cannot be accepted if the medication expires within six months or if the medication is deemed to be adulterated. The Department is amending rules in Chapter 10 to require that when medication is stored, an administrator shall ensure that policies and procedures are established, documented, and implemented

to protect the health and safety of a resident for receiving medical donation, in compliance with A.R.S. § 32-1909. Sections R9-10-320, R9-10-218, R9-10-421, R9-10-613, R9-10-914, R9-10-1010, R9-10-1412, R9-10-1709.

In addition to updating the rules to align with new statutory changes, the Department is making other changes to the rules to improve the effectiveness of rules, make the rules more clear, concise, and understandable, address issues identified in recent five-year review reports, and correct cross-references and grammatical errors throughout this rulemaking for Chapter 10. Laws 2021, Ch. 320, amended the definitions in A.R.S. § 36-3601 regarding telehealth in the state of Arizona. There was a change of language in this legislation, where “telemedicine” is now defined using the term “telehealth.” Several Sections of Chapter 10 were amended to update “telemedicine” to “telehealth,” including R9-10-101, R9-10-203, R9-10-303, R9-10-403, R9-10-1003, R9-10-1702, R9-10-1903, and R9-10-2203. Another update the Department made in several Sections for this rulemaking is updating the meal and snack guidelines to the most recent dietary guidelines according to the U.S. Department of Health and Human Services and U.S. Department of Agriculture. Sections that included these amendments are R9-10-321, R9-10-423, R9-10-1114, R9-10-1314, and R9-10-1413.

In Article 1, General, the Department is amending 15 Sections and one Table to update the rules, correct grammatical errors, and implement new statutory changes. In R9-10-101, Definitions, the Department is amending several terms to update the language, correct grammatical errors, and update cross-references. The Department is amending the definition of an “outing” to a social or recreational activity that is longer than two hours rather than four hours. The previous four-hour timeframe was too long and did not adequately cover shorter outings, which are common in many facilities. By lowering the threshold to two hours, the Department ensures that all outings, regardless of duration, are subject to regulatory oversight, thereby enhancing the safety and well-being of participants. This change also reflects a more accurate representation of typical outing durations, ensuring that facilities maintain appropriate staffing and supervision levels for all activities. Importantly, since facilities are already required to have sufficient staff for outings, this amendment does not impose additional staffing burdens but instead clarifies existing obligations, ensuring that all outings, regardless of length, are conducted safely and in compliance with regulatory standards. The Department is also creating two new definitions for “psychiatric services” and “secure behavioral health residential facility.” By defining "psychiatric services," the Department can more precisely delineate the scope and nature of the mental health care provided, which helps in setting appropriate standards and guidelines for these services. Similarly, defining "secure behavioral health residential facility" establishes a clear distinction between this type of facility and other healthcare or residential facilities. This definition helps in specifying the unique security and care requirements for these facilities, which are designed to provide a safe and structured environment for individuals with significant behavioral health needs. It also aids in regulatory oversight, ensuring that facilities meeting this definition adhere to specialized standards that protect the safety and well-being of both residents and staff. In

addition, the Department is amending the definition of a "behavioral health professional" to include that the licensed professionals that provide services specifically within the scope of practices defined by their profession. Furthermore, the Department is adding a psychiatric physician assistant to the list of licensed professionals who may be a behavioral health professional. This change is expected to open the options and availability of who may become a behavioral health professional, and provide a significant benefit to behavioral health services. Overall, these new definitions enhance the effectiveness and enforceability of regulations, contributing to improved care quality and patient safety within the state's healthcare system. The Department expects costs related to the new changes in definitions to be minimal, and HCIs to significantly benefit from having updated and clearer rules.

In R9-10-102, *Health Care Institution Classes and Subclasses; Requirements*, the Department is adding an exemption for an outpatient treatment center, pursuant to A.R.S. § 36-402. In compliance with Laws 2022, Ch. 352, the Department is adding a secure behavioral health residential facility as a subclass of an HCI. Furthermore, the Department is amending the rules in R9-10-104.01 for *Codes and Standards* to update to the International Fire Code reference to the physical plant health and safety codes and standards adopted by the Office of the State Fire Marshal. The Department expects that HCIs will receive a significant benefit from having updated rules and regulations, along with moderate savings in costs related to implementing A.R.S. § 36-402. HCIs may also receive a significant benefit from having a new subclass for a secure behavioral health residential facility.

In R9-10-105, *License Application*, the Department is adding a requirement for if the owner is a sole proprietor, a copy of the applicant's U.S. passport, current or expired; a birth certificate; naturalization documents; or documentation of legal resident alien status. The Department is also simplifying the rule to clarify the requirement of having documentation from the property owner that approves the health care institution to operate on the specified leased property. Subsection (A)(5) is being amended to add an exception for nursing supported group homes in compliance with Laws 2021, Ch. 60, which amended A.R.S. § 36-421. The new legislation does not require nursing supported group homes to comply with zoning standards for a health care institution. In R9-10-107, *Submission of Health Care Institution Licensing Fees*, the Department is removing the obsolete requirement for a licensee to submit to the Department verification of the information in the Department's current records for the HCI. In R9-10-109, *Changes Affecting a License*, the Department is removing subsection (E) regarding accreditation to align with Laws 2021 Ch. 15 § 1, which amended A.R.S. § 36-424(B). Also, in R9-10-109, the Department is removing the terms "on the premises" so that all HCI's have to submit an application for a change of address. The current rules exclude home health/hospice from having to submit an application for change of location. The Department estimates that this change would be minimal for HCIs to submit a change application to the Department, and the Department may incur minimal costs to process the additional change applications.

In addition, the Department is creating a new subsection to allow for a licensee to obtain a duplicate license. In R9-10-110, *Modification of a Health Care Institution,* the Department is removing language referring to an application packet since everything is now online. In addition, the Department is adding a new subsection to clarify that a licensee shall submit the applicable fee according to R9-10-106. In R9-10-112, *Denial, Revocation, or Suspension of License*, the Department is creating a new subsection allowing the Department to deny, revoke, or suspend a license to operate a health care institution if an applicant, a licensee, or a controlling person of the health care institution has operated a health care institution without seeing a patient within twelve months.

In Article 2, Hospitals, the Department is amending eight Sections. In R9-10-201, *Definitions*, four obsolete terms are being removed, and the definition of the term, "nurse anesthetist" to have the same meaning as "certified registered nurse anesthetist" in A.R.S. § 32-1601. In R9-10-202, *Supplemental Application, Notification, and Documentation Submission Requirements*, the rule is being amended to incorporate the definition of the term "specialty" since this is the only place the term is used. Several changes were made in R9-10-203, R9-10-212, R9-10-215, and R9-10-234 to adhere to new statutory changes, as previously described. Also, the Department is amending R9-10-209 to require that the discharge or transfer information required in A.R.S. § 36-420.04, if applicable.

The Department is amending four Sections in Article 3 for Behavioral Health Inpatient Facilities. In R9-10-303, *Administration*, a new subsection is being added for the administrator to ensure that policies and procedures include methods to prevent abuse or neglect of a patient. In Article 4 for Nursing Care Institutions, the Department is amending nine Sections to provide clarification, correct grammatical errors, and cross-references. R9-10-402, *Supplemental Application Requirements*, is being amended to add a reference to the "documentation." In R9-10-403, *Administration*, the Department is adding reference to the training required in A.R.S. § 36-420.01 and creating a new subsection for policies and procedures to include methods to prevent abuse or neglect of a resident. In addition, the Department is amending language to be more consistent with other rules and include training on the circumstances for providing first aid or CPR to a resident, consistent with A.R.S. § 36-420(B). In Article 9, *Outpatient Surgical Centers*, the Department is amending six Sections to add new statutory changes in R9-10-901, R9-10-902, R9-10-905, R9-10-911, R9-10-914, and R9-10-918 and make other changes consistent with Chapter 10. In R9-10-901, *Definitions*, the Department is amending the definition of a "surgical suite" to include one or more procedure rooms. Also in R9-10-911, *Surgical Services*, the Department is amending the rules to allow for an individual authorized under A.R.S. Title 32, Chapter 13, 15, or 17 to administer anesthesia. The Department expects the new changes to R9-10-911 will significantly benefit an outpatient surgical center by expanding who can administer anesthesia. The Department expects the new changes to R9-10-911 will significantly benefit an outpatient surgical center by expanding the scope of who can administer anesthesia.

In Article 10, *Outpatient Treatment Centers*, the Department is amending eleven Sections. In R9-10-1011, *Behavioral Health Services*, the Department is amending the rule to clarify the difference between an outpatient treatment center and a counseling facility by adding a medication component to the behavioral health assessment including prescribing medication to treat or manage a mental health or substance abuse condition. In R9-10-1017, *Diagnostic Imaging Services*, the Department is amending the language from "a copy of a certificate documenting" to "written documentation of", as the Department does not require a certificate from the administrator of the outpatient treatment center, rather only documentation that diagnostic imaging services are in compliance with A.R.S. Title 30, Chapter 4 and 9 A.A.C. 7. In addition, the Department is updating language from "physician" to a "medical staff member" to expand services and use the defined terms. Similarly in R9-10-1022, *Physical Health Services*, language for the direction of a physician or a registered nurse practitioner is updated to reference A.R.S. § 36-401(A)(33) instead. R9-10-1031, *Colocation Requirements*, is being amended to include an exemption pursuant to A.R.S. § 36-402. R9-10-1003, R9-10-1018, and R9-10-1027 are being amended to adhere to new statutory changes as described above. The Department does not expect the new changes to impose a cost on outpatient treatment centers, rather the Department expects that outpatient treatment centers will receive a significant benefit for having updated rules.

In Article 11, *Adult Day Health Care Facilities*, the Department is amending four Sections. In R9-10-1107, *Enrollment*, the Department is removing the seven day requirement for TB testing because it is inconsistent with the tuberculosis requirements specified in R9-10-113. The rules in R9-10-113 were revised at 28 A.A.R. 1113 effective May 4, 2022, to include updated recommendations from the U.S. Department of Health and Human Services, Centers for Disease Control and Prevention (CDC) regarding tuberculosis screening. The updated guidance, according to A.A.C. R9-10-113 and the CDC, do not permit a seven-calendar day window for an administrator to ensure that a participant provides evidence of freedom from infectious tuberculosis after the participant's enrollment. On the contrary, an administrator shall ensure that a participant provides evidence of freedom from infectious tuberculosis before enrollment. Also in Article 11, language is being updated in R9-10-1114, and statutory changes are being updated in R9-10-1117.

In Article 13, Behavioral Health Specialized Transitional Facility, the Department is amending seven Sections. R9-10-1302, *Administration*, is being amended to correct a cross-reference and amend the subsection to require training of personnel members, at least annually, on how to recognize the signs and symptoms of abuse or neglect. A clarification is being added to R9-10-1306, *Admission Requirements*, that medical history is taken from the patient. In R9-10-1313, *Medication Services*, the Department is changing an "or" to an "and." Lastly, in Article 13, the Department is updating language in R9-10-1314 and R9-10-1317, including updating the rules to adhere to new statutory requirements.

In Article 14, *Substance Abuse Transitional Facilities*, the Department is amending four Sections, R9-10-1413 to update the meal and snack guidelines to the most recent dietary guidelines. In Article 15, *Abortion Clinics*, the Department is amending one Section, R9-10-1515, *Physical Plant Standards* to correct a cross-

reference and adhere to new statutory requirements. Furthermore, amendments in Article 17, *Unclassified Health Care Institution's*, Article 19, Counseling Facilities, and Article 22, *Nursing-Supported Group Homes* are being made to correct grammatical errors, update and simplify language, and adhere to new statutory changes. The Department does not expect HCIs to incur costs related to the new changes, rather the Department expects that the HCIs will receive a significant benefit from having updated rules in alignment with the new statutory changes.

Overall, the proposed amendments to the Department's rules are comprehensive updates designed to ensure alignment with recent statutory changes and address various issues identified in recent five-year review reports. These changes are anticipated to improve the effectiveness and clarity of regulations, enhance public health and safety, and ensure compliance with state laws. Key amendments include establishing new standards for behavioral health residential facilities and outpatient surgical centers, updating terminology, and implementing new policies for workplace violence prevention and visitation in hospitals. Economically, while there may be initial costs associated with implementing some of these changes, the overall impact is expected to be positive. The amendments will streamline administrative processes, reduce unnecessary regulatory burdens, and promote better compliance with updated standards. The Department anticipates that these improvements will ultimately benefit HCIs and the public by enhancing patient care, safety, and outcomes. The clear, concise, and updated rules are expected to provide significant benefits to health care institutions, facilitating a more efficient and effective regulatory environment.

**C. General Public**

The proposed amendments in the Chapter 10 rulemaking are expected to provide a significant benefit to the general public for having increased public health and safety regulations in health care institutions.

New statutes requiring clergy visitation and visitors for patients in healthcare institutions can positively impact the general public by providing emotional and spiritual support, reducing patient isolation, and respecting cultural and religious beliefs. They enhance patient well-being by offering comfort during challenging times and acknowledging the importance of diverse spiritual needs. However, these statutes also raise concerns about privacy, consent, infection control, and logistical challenges. Ensuring patient autonomy, maintaining safety protocols, and addressing resource allocation are critical for successful implementation. Balancing the benefits of such visits with practical and ethical considerations is essential to meet the diverse needs of the community.

The proposed amendments to the Department's rules, aimed at aligning with recent statutory changes and addressing issues identified in regulatory reviews, will have several effects on the general public. These updates are designed to improve the effectiveness and clarity of existing regulations, ensure consistency with other laws, and enhance public health and safety. Key areas of focus include setting new standards for secured

behavioral health residential facilities, outpatient surgical centers, and workplace violence prevention, along with updating terminology and procedural guidelines. These changes are expected to streamline administrative processes, promote better compliance, and ultimately improve patient care and outcomes. Specifically, amendments related to surgical discharges, architectural plans, surgical smoke evacuation system, and visitation policies will directly impact patient safety and experience. Moreover, the inclusion of workplace violence prevention measures aims to protect healthcare workers, enhancing overall safety within healthcare institutions. While there may be initial costs associated with implementing these changes, the anticipated benefits include more efficient operations, reduced regulatory burdens, and a better regulatory environment that prioritizes patient and staff well-being. The general public stands to benefit from improved healthcare standards and enhanced safety measures, resulting in better overall health outcomes.

**a. Identification of the small businesses subject to the rules**

The rules outlined for health care institutions will affect various small businesses within the health care sector. These include a wide range of facilities, such as outpatient treatment centers, adult day health care facilities, behavioral health inpatient and specialized transitional facilities, nursing care institutions, hospices, and outpatient surgical centers. Small businesses operating as behavioral health counseling facilities, nursing-supported group homes, and substance abuse transitional facilities will also be impacted. The regulations cover aspects such as licensing, administration, personnel requirements, patient rights, medication and food services, physical plant standards, and more. These businesses will need to adhere to specific standards and procedures, which may require additional resources for compliance, potentially impacting their operations and financial stability. Therefore, small businesses may incur up to minimal costs for implementing the new rules, but the Department estimates that small businesses may receive a significant benefit for being in compliance with rules in alignment with new statutory requirements that benefit the public health and safety of patients and residents.

**b. The administrative and other costs required for compliance with the rules**

A summary of the administrative effects of the rulemaking is given in the cost and benefit analysis in Section 2. From a healthcare institution standpoint, compliance with the new rules may involve minimal administrative and operational costs. These include expenses for staff training to align with updated standards, such as workplace violence prevention and new patient care protocols. Institutions may also face minimal costs related to upgrading facilities and equipment, like installing surgical smoke evacuation systems and ensuring the presence of required medical professionals during outpatient procedures. Additionally, there will be minimal administrative expenses for updating and maintaining records, complying with new documentation requirements, and managing the submission process for licensure and inspections. While these changes may involve minimal initial expenditures, they aim to streamline processes, enhance compliance, and ultimately improve patient care and institutional efficiency.

**c. A description of the methods that the agency may use to reduce the impact on small businesses**

The Department knows of no other methods to further reduce the impact on small businesses.

**d. The probable costs and benefits to private persons and consumers who are directly affected by the rules**

A summary of the effects of the rulemaking on private persons and consumers is given in the cost and benefit analysis.

**6. A statement of the probable effect on state revenues**

10% of all licensing fees collected are transferred to the State General Fund. However, this rulemaking does not amend a fee and no additional licensing fees would be incurred from this rulemaking.

**7. A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed rulemaking**

The Department has determined that there are no less intrusive or less costly alternatives for achieving the purpose of the rulemaking.

**8. A description of any data on which the rule is based with a detailed explanation of how the data was obtained and why the data is acceptable data**

Not applicable

Arizona Department of Health Services
150 N. 18th Ave, Suite 500, Phoenix, AZ 85007

Re: Public Comment November Draft Health Care Institution (HCI) rules

Dear Mr. Salow,

Thank you for the opportunity to comment on the November 2024 draft of the Arizona Department of Health Services' (ADHS) Health Care Institution (HCI) rules. The Arizona State Hospital (ASH) would like to offer feedback in regards to the proposed language found in Arizona Administrative Code (A.A.C.) Title 9, Chapter 10, Article 13 for Behavioral Health Specialized Transitional Facilities.

ASH's Arizona Community Protection and Treatment Center (ACPTC) is the only Behavioral Health Specialized Transitional Facility located in Arizona as mandated by the Arizona Legislature per Arizona Revised Statutes (A.R.S.) §36-3701 et. seq., and operates under the terms specified in A.A.C R9-10-1301 through R9-10-1317. ACPTC is a Title 36 civil commitment program that provides supervision, care or treatment to those individuals adjudicated as Sexually Violent Persons (SVP). The average length of stay for residents of ACPTC exceeds fourteen (14) years.

The proposed changes to A.A.C. R9-10-1315 requires the facility to conduct an evacuation drill on each shift at least once every three months including all individuals on the campus and only exempts those who have medical documentation that the evacuation would cause harm. As written this would require the same residents to participate in the evacuation drill twelve (12) times annually.

Due to the unique population served by ACPTC, requiring that all residents participate in an evacuation drill this often is excessive and causes disruption to the therapeutic environment. We recognize the importance that staff are trained and knowledgeable in the case of a fire or other disaster. As such, ASH would like to suggest that the proposed language mirror that of the disaster management requirements of a hospital found in A.A.C. R9-10-232. This would ensure staff competency is maintained and patient safety is optimized in emergency preparedness efforts. We suggest that the language in A.A.C. R9-10-1315(D) be updated as follows:

**A.A.C. R9-10-1315(D)**

D. An administrator shall ensure that:

1. A disaster plan is developed, documented, maintained in a location accessible to personnel members and other employees, and, if necessary, implemented that includes:

a. Procedures for protecting the health and safety of patients and other individuals at the behavioral health specialized transitional facility;

b. When, how, and where patients will be relocated;

c. How each patient's medical record will be available to personnel providing services to the patient during a disaster;

d. A plan to ensure each patient's medication will be available to administer to the patient during a disaster; and

e. A plan for obtaining food and water for individuals present in the behavioral health specialized transitional facility or the behavioral health specialized transitional facility's relocation site during a disaster;

2. The disaster plan required in subsection (D)(1) is reviewed at least once every 12 months;

3. A disaster drill is performed on each shift at least once every 12 months;

~~4. Documentation of a disaster plan review required in subsection (D)(2) and a disaster drill required in subsection (D)(3) is created, is maintained for at least 12 months after the date of the disaster plan review or disaster drill, and includes:~~

~~a. The date and time of the disaster plan review or disaster drill;~~

~~b. The name of each personnel member, employee, or volunteer participating in the disaster plan review or disaster drill;~~

~~c. A critique of the disaster plan review or disaster drill; and d. If applicable, recommendations for improvement;~~

4~~5~~. An fire~~evacuation~~ drill is conducted on each shift at least once every three months;

6. Documentation of a disaster drill as required in subsection (3) and a fire drill as required in subsection (4)~~an evacuation drill~~ is created, is maintained for at least 12 months after the date of the ~~evacuation~~ drill, and includes:

a. The date and time of the ~~evacuation~~ drill;

~~b. The amount of time taken for all employees and patients to evacuate the behavioral health specialized transitional facility;~~

~~c. If applicable, an identification of patients needing assistance for evacuation;~~

b~~d~~. Any problems encountered in conducting the ~~evacuation~~ drill; and

c~~e~~. Recommendations for improvement, if applicable; and

7. An evacuation path is conspicuously posted on each hallway of each floor of the behavioral health specialized transitional facility.

We would also like to take this opportunity to recommend changes to additional sections of A.A.C. Title 9, Chapter 10, Article 13 to clarify and align the regulation with the delivery of patient care specific to a Behavioral Health Specialized Transitional Facility.

ACPTC does not employ behavioral health technicians to provide behavioral health services to residents. Instead, treatment units are staffed with residential program specialists for care, custody and control of the residents. These personnel do not perform any duties that require a license under Title 32 of the Arizona Revised Statutes. Duties include interacting with residents in a helping role, providing security and escort, participating in recreational activities, providing assistance with activities of daily living (ADLs) including assisting residents with personal hygiene and environmental hygiene. This personnel type does not meet the definition of a behavioral health technician as defined in A.A.C. R9-10-101(39) and, as such for clarity, it is recommended that the reference to behavioral health technicians be removed from the following sections of Article 13.

**A.A.C. R9-10-1302(H)(2)(b)**

H. A clinical director:

2. Shall ensure that policies and procedures are established, documented, and implemented to protect the health and safety of a patient that cover:

b. Providing~~:~~

~~i. s~~Supervision to behavioral health paraprofessionals, according to R9-10-115(1); ~~and~~

~~ii. Clinical oversight to behavioral health technicians, according to R9-10-115(2);~~

**A.A.C. R9-10-1305(E)**

E. An administrator shall comply with the requirements for ~~behavioral health technicians and~~ behavioral health paraprofessionals in R9-10-115.

**A.A.C. R9-10-1305(G)(3)**

G. An administrator shall ensure that a personnel record is maintained for each personnel member, employee, volunteer, or student that includes:

3. Documentation of:

a. The individual's qualifications including skills and knowledge applicable to the individual's job duties;

b. The individual's education and experience applicable to the individual's job duties;

c. The individual's completed orientation and in-service education as required by policies and procedures;

d. The individual's license or certification, if the individual is required to be licensed or certified in this Article or policies and procedures;

~~e. If the individual is a behavioral health technician, clinical oversight required in R9-10-115;~~

e~~f~~. Cardiopulmonary resuscitation training, if required for the individual according to this Article or policies and procedures;

f~~g~~. First aid training, if required for the individual according to this Article or policies and procedures; and

g~~h~~. Evidence of freedom from infectious tuberculosis, if required for the individual according to subsection (F).

We would like to recommend A.A.C. R9-10-1307 be updated to align with the discharge process for ACPTC residents. Residents may be conditionally released to a less restrictive alternative through the privileges process; however, they remain under the care of ACPTC until the time of discharge. Additionally, It is rare that a resident of ACPTC is determined to have a Serious Mental Illness (SMI) and thus an outpatient treatment team or Regional Behavioral Health Authority (RHBA) to facilitate the transfer of care. As such, upon discharge many residents are released to the community and there is no health care provider or behavioral health professional identified to receive the discharge summary. To align with this process, we suggest that the language in A.A.C. R9-10-1307(D) be updated as follows:

**A.A.C. R9-10-1307(D)**

D A clinical director shall ensure that before a patient is discharged ~~or conditionally released to a less restrictive alternative~~:

~~1. The clinical director or the clinical director's designee, as specified in the behavioral health specialized transitional facility's discharge policies and procedures, receives the name of the health care provider or behavioral health professional to whom a copy of the patient's discharge summary will be sent; and~~

1~~2~~. The patient receives:

a. A referral for treatment or ancillary services that the resident may need after discharge, if applicable.

b. Written discharge~~follow-up~~ instructions including as applicable to the patient:

i. On-going behavioral health issues and physical health conditions;

ii. A list of the patient's medications and, for each medication, directions for

taking the medication, possible side-effects, and possible results of not taking the medication; and

iii. Counseling goals; and

c~~b~~. A supply of medications determined according to the policies and procedures

specified in R9-10- 1302(C)(1)(d).

We would also like to recommend A.A.C. R9-10-1310 be updated to align with the treatment planning process for ACPTC residents. A resident's treatment plan is developed by a multidisciplinary team and under the ultimate responsibility of the clinical director. Depending on what is ordered in the course of a resident's treatment, these orders may come from various providers and are stored in locations other than the resident's master treatment plan. It is duplicative and impractical to list each name on the treatment plan. We recommend this requirement be removed from the language.

**R9-10-1310(A)(1)(c)**

A. A clinical director shall ensure that:

1. A treatment plan is developed and implemented for the patient:

c. Including:

i. The physical health services, behavioral health services, and ancillary services to be provided to the patient until completion of the treatment plan;

ii. The type, frequency, and duration of counseling or other treatment ordered for the patient;

~~iii. The name of each individual who ordered medication, counseling, or other treatment for the patient;~~

~~iii~~iv~~.~~. The signature of the patient or the patient's representative and dated signed, or documentation of the refusal to sign;

iv. The date when the patient's treatment plan will be reviewed;

v~~i~~. If a discharge date has been determined, the treatment needed after discharge; and

vi~~i~~. The signature of the personnel member who developed the treatment plan and the date signed; and

Lastly, the individuals receiving care at ACPTC are termed “residents.” It is recommended that the Article refer to “residents” rather than “patients.”

Please contact me at 602-220-6123 or at katrina.trinchera@azdhs.gov should you have any questions regarding this correspondence.

Sincerely,

Katrina Trinchera, Chief Compliance Officer
Arizona State Hospital

Re: Public Comment Health Care Institution Rules; Response to Stakeholder Comment on Proposed Rules

Dear Ms. Trinchera:

Thank you for your comments on the Notice of Proposed Rulemaking for the Chapter 10, Article 13 rules. The Department appreciates your participation and input on these rules. Below, are the Department's responses to your comments:

**A.A.C. R9-10-1315(D) -** The proposed changes to this Section are intended to ease the burden of evacuation drills by exempting patients whose medical records document that evacuation from the behavioral health inpatient facility would cause harm. The current rules do not include this exemption, requiring all patients to participate in evacuation drills. Additionally, the term 'evacuation drill' aligns with Chapter 10 and appropriately reflects that evacuations may occur for reasons other than fire. The Department does not plan to make further changes to this provision.

**A.A.C. R9-10-1302(H)(2)(b), R9-10-1305(E), and R9-10-1305(G)(3) -** The Department has specific rulemaking authority, and the requested changes fall outside the scope of this rulemaking. While ACPTC does not currently employ behavioral health technicians (BHTs) to provide behavioral health services to residents, could this be a possibility in the future? The rules establish minimum standards, and if ACPTC were to hire BHTs at a later date, this rule would still be applicable.

**A.A.C. R9-10-1307(D) -** Amending the rules related to the discharge process is outside the scope of this rulemaking. The Department also acknowledges that it is uncommon for ACPTC residents to be determined to have a Serious Mental Illness and that some residents may be discharged to the community without an

identified health care provider or behavioral health professional. However, any modifications to discharge requirements would require further evaluation beyond this rulemaking effort. In addition, the language referring to "conditional release to a less restrictive alternative" is consistent with the statutory language in A.R.S. TItle 9, Chapter 37 and 40

**R9-10-1310(A)(1)(c) -** Removing the requirement of documenting the name of each individual who ordered medication, counseling, or other treatment for the patient would be inconsistent with other rules in Chapter 10 as well as national standard practices.

Lastly, changing the use of the term "patient" with "resident" when referring to individuals receiving care at ACPTC would create inconsistency and would not align with the defined terms in R9-10-101(164) and (195).

The Department appreciates your feedback and participation in this rulemaking process. If you have any further questions regarding this response, please contact the Office of Administrative Counsel and Rules at 602-542-1020.

Sincerely,

Lucinda Sallaway

Re: Public Comment by the Arizona Society of Anesthesiologists on Proposed Rulemaking, R9-10-911

Dear Mr. Salow:

On behalf of our client, the Arizona Society of Anesthesiologists (AzSA), I submit the following comment regarding the Arizona Department of Health Services' (ADHS) proposed revision to R9-10-911, as published in the January 17, 2025 Arizona Register.

AzSA recognizes ADHS' proposed revisions to A.A.C. R9-10-911, as required to implement revisions to ARS 36-405 made by the legislature in 2021.

AzSA affirmatively states, however, and encourages ADHS to acknowledge in its final draft of the rule, that nothing in the legislature's revision to ARS 36-405 or in ADHS's implementing language in AAC R9-10-911 may be read to amend or revise in any way the well-established scope of practice of certified registered nurse anesthetists in the state of Arizona, as set forth in ARS 32-1634.04.A.

This statute states:

> A. A certified registered nurse anesthetist may administer aesthetics under the direction of and in the presence of a physician or surgeon in connection with the preoperative, intraoperative or postoperative care of a patient or as part of a procedure performed by a physician or surgeon…

It is clear that no health care professional in the state of Arizona may exceed their scope of practice as established by the legislature. It is equally clear that ADHS does not have the authority to modify such professional licensure restrictions through its facility licensure rules.

We therefore encourage ADHS to acknowledge that any revision to R9-10-911 is subject to the provisions and limitations in ARS 32-1634.04.

Sincerely,

Joel Wakefield

Re: Public Comment Health Care Institution Rules; Response to Comment on Proposed Rules

Dear Mr. Wakefield:

Thank you for your comment on the proposed revisions to R9-10-911. The Department acknowledges your concerns and understands that facility licensing rules do not have the authority to alter the scope of practice. The proposed changes are intended to align with the statutory revisions to A.R.S. 36-405 while maintaining consistency with the existing scope of practice requirements.

The Department appreciates your feedback and participation in this rulemaking process. If you have any further questions regarding this response, please contact the Office of Administrative Counsel and Rules at 602-542-1020.

Sincerely,
Lucinda Sallaway

The definition for a rule is provided for under A.R.S. § 41-1001. *"'Rule' means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency."*

**RULES**
The definition for a rule is provided for under A.R.S. § 41-1001. *"'Rule' means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency."*

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The "R" stands for "rule" with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

**RULE HISTORY**
Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

**AUTHENTICATION OF PDF CODE CHAPTERS**
The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document's content has been compromised.

**HOW TO USE THE CODE**
Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

**ARIZONA REVISED STATUTE REFERENCES**
The Arizona Revised Statutes (A.R.S.) are available online at the Legislature's website, www.azleg.gov. An agency's authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

**RULES**
The definition for a rule is provided for under A.R.S. § 41-1001. *"'Rule' means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency."*

**RULES**
The definition for a rule is provided for under A.R.S. § 41-1001. *"'Rule' means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency."*

An agency's exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor's notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

**PERSONAL USE/COMMERCIAL USE**
This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

# TITLE 9. HEALTH SERVICES

## CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

Authority: A.R.S. §§ 36-132(A)(1), 36-136(G)

**Supp. 22-4**

***Editor's Note: The heading for 9 A.A.C. 10 changed from "Licensure" to "Licensing" per a request from the Department of Health Services (Supp. 03-4).***

***Editor's Note: The Office of the Secretary of State publishes all Chapters on white paper (Supp. 01-2).***

TITLE 9. HEALTH SERVICES

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

***Editor's Note: This Chapter contains rules which were adopted, amended, and repealed under exemptions from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to Laws 1993, Ch. 163, § 3(B); Laws 1996, Ch. 329, § 5; Laws 1998, Ch. 178 § 17, and Laws 1999, Ch. 311. Exemption from A.R.S. Title 41, Chapter 6 means that the Department of Health Services did not submit these rules to the Governor's Regulatory Review Council for review; the Department may not have submitted notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the Department was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.***

## CHAPTER TABLE OF CONTENTS

### ARTICLE 1. GENERAL

### ARTICLE 2. HOSPITALS

*Article 2, consisting of Sections R9-10-201 through R9-10-233, adopted effective February 23, 1979.*

*Former Article 2, consisting of Sections R9-10-201 through R9-10-250, renumbered as Sections R9-10-301 through R9-10-335 as an emergency effective February 22, 1979, pursuant to A.R.S. § 41-1003, valid for only 90 days.*

## ARTICLE 3. BEHAVIORAL HEALTH INPATIENT FACILITIES

*Article 3, consisting of Sections R9-10-311 through R9-10-333, repealed at 8 A.A.R. 2785, effective October 1, 2002 (Supp. 02-2).*

*Article 3, consisting of Sections R9-10-301 through R9-10-333, adopted effective February 4, 1981.*

*Former Article 3, consisting of Sections R9-10-301 through R9-10-335, repealed effective February 4, 1981.*

## ARTICLE 4. NURSING CARE INSTITUTIONS

*Article 4, consisting of Sections R9-10-411 through R9-10-438, repealed at 8 A.A.R. 2785, effective October 1, 2002 (Supp. 02-2).*

## ARTICLE 6. HOSPICES

*Article 6, consisting of Sections R9-10-601 through R9-10-618, made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2).*

TITLE 9. HEALTH SERVICES

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

*Article 6, consisting of Sections R9-10-611 through R9-10-624, repealed effective November 1, 1998, under an exemption from the Administrative Procedure Act; filed with the Office of the Secretary of State October 2, 1998 (Supp. 98-4).*

Section

## ARTICLE 9. OUTPATIENT SURGICAL CENTERS

*Article 9, consisting of Sections R9-10-901 through R9-10-917 adopted effective February 17, 1995 (Supp. 95-1).*

*Article 9, consisting of Sections R9-10-911 through R9-10-925, repealed effective February 17, 1995 (Supp. 95-1).*

*Article 9, consisting of Sections R9-10-911 through R9-10-925, adopted effective October 20, 1982 (Supp. 82-5).*

Section

## ARTICLE 10. OUTPATIENT TREATMENT CENTERS

*Article 10, consisting of Sections R9-10-1001 through R9-10-1017, made new by final rulemaking at 14 A.A.R. 294, effective March 8, 2008 (Supp. 08-1).*

*Article 10, consisting of Sections R9-10-1011 through R9-10-1030, repealed by final rulemaking at 5 A.A.R. 1222, effective April 5, 1999 (Supp. 99-2).*

*The proposed summary action repealing R9-10-1011 through R9-10-1030 was remanded by the Governor's Regulatory Review Council which revoked the interim effectiveness of the summary rules. Sections in effect before the proposed summary action have been restored (Supp. 97-1).*

*Article 10, consisting of R9-10-1011 through R9-10-1030, repealed by summary action, interim effective date of July 21, 1995.*

## ARTICLE 11. ADULT DAY HEALTH CARE FACILITIES

*Article 11, consisting of Sections R9-10-1101 through R9-10-1109 adopted effective July 22, 1994 (Supp. 94-3).*

*Article 11, consisting of Sections R9-10-1111 through R9-10-1127 repealed effective July 22, 1994 (Supp. 94-3).*

## ARTICLE 12. HOME HEALTH AGENCIES

*Article 12, consisting of Sections R9-10-1201 through R9-10-1230, repealed by final rulemaking at 8 A.A.R. 3721, effective August 9, 2002 (Supp. 02-3).*

*Article 12, consisting of Sections R9-10-1201 through R9-10-1230, adopted effective February 4, 1981.*

## ARTICLE 13. BEHAVIORAL HEALTH SPECIALIZED TRANSITIONAL FACILITY

*New Article 13, consisting of Sections R9-10-1301 through R9-10-1317, made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2).*

*Article 13, consisting of Sections R9-10-1301 through R9-10-1314, repealed effective November 1, 1998, under an exemption from the Administrative Procedure Act; filed with the Office of the Secretary of State October 2, 1998 (Supp. 98-4).*

*Article 13, consisting of Sections R9-10-1301 through R9-10-1314, adopted as permanent rules effective November 25, 1992 (Supp. 92-4).*

*Article 13, consisting of Sections R9-10-1301 through R9-10-1314, adopted again as an emergency effective August 27, 1992, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 92-3).*

*Article 13, consisting of Sections R9-10-1301 through R9-10-1314, adopted again as an emergency effective May 28, 1992, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 92-2).*

*Article 13, consisting of Sections R9-10-1301 through R9-10-1314, adopted again as an emergency effective February 28, 1992, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 92-1).*

*Article 13, consisting of Sections R9-10-1301 through R9-10-1314, adopted as an emergency effective November 29, 1991, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 91-4).*

*Article 13, consisting of Sections R9-10-1301 through R9-10-1306, adopted as an emergency effective March 29, 1990, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 90-1). Emergency expired.*

Section

## ARTICLE 14. SUBSTANCE ABUSE TRANSITIONAL FACILITIES

*Article 14, consisting of Sections R9-10-1401 through R9-10-1412, adopted effective February 1, 1994 (Supp. 94-1).*

Section

## ARTICLE 15. ABORTION CLINICS

*Article 15, consisting of Sections R9-10-1501 through R9-10-1515, were either amended, renumbered and repealed by final rulemaking which means the public had the opportunity to comment on the rules and they were reviewed and approved by the Governor's Regulatory Review Council. Section editor's notes referring to the adoption under an exemption have been removed in this Article (Supp. 18-4).*

*Selected Sections in Article 15 were subsequently amended by final rulemaking in Supp. 10-2 which means the public had the opportunity to comment on the rules and they were reviewed and approved by the Governor's Regulatory Review Council. Refer to the historical notes for more information (Supp. 18-4).*

*Article 15, consisting of Sections R9-10-1501 through R9-10-1514, adopted under an exemption from the Arizona Administrative Procedure Act pursuant to Laws 1999, Chapter 311, filed in the Office of the Secretary of State December 23, 1999 (Supp. 99-4).*

*Article 15, consisting of Sections R9-10-1501 through R9-10-1514, repealed effective November 1, 1998, under an exemption from the Administrative Procedure Act; filed with the Office of the Secretary of State October 2, 1998 (Supp. 98-4).*

Section

## ARTICLE 16. BEHAVIORAL HEALTH RESPITE HOMES

*Article 16, consisting of Sections R9-10-1601 through R9-10-1611, made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2).*

Section

## ARTICLE 17. UNCLASSIFIED HEALTH CARE INSTITUTIONS

*Article 17, consisting of Sections R9-10-1701 through R9-10-1713, adopted effective July 6, 1994 (Supp. 94-3).*

*Article 17, consisting of Sections R9-10-1711 through R9-10-1713, R9-10-1715 through R9-10-1723, and R9-10-1731 through R9-10-1734, repealed effective July 6, 1994 (Supp. 94-3).*

## ARTICLE 19. COUNSELING FACILITIES

*Article 19, consisting of Sections R9-10-1901 through R9-10-1911, made by exempt rulemaking at 20 A.A.R. 3535, pursuant to Laws 2014, Ch. 233, § 5; effective January 1, 2015 (Supp. 14-4).*

## ARTICLE 20. PAIN MANAGEMENT CLINICS

*Article 20, consisting of Sections R9-10-2001 through R9-10-2010, made by final rulemaking at 24 A.A.R. 3020, effective January 1, 2019 (Supp. 18-4).*

## ARTICLE 21. RECOVERY CARE CENTERS

*New Article 21, consisting of Sections R9-10-2101 through R9-10-2118, renumbered from R1-10-501 through R1-1-518 by exempt rulemaking at 25 A.A.R. 1222, effective April 25, 2019 (Supp. 19-2).*

TITLE 9. HEALTH SERVICES

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

## ARTICLE 22. NURSING-SUPPORTED GROUP HOMES

*Article 22, consisting of Sections R9-10-2201 through R9-10-2226, made by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).*

Section

TITLE 9. HEALTH SERVICES

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

## ARTICLE 1. GENERAL

**R9-10-101. Definitions**

In addition to the definitions in A.R.S. §§ 36-401(A) and 36-439, the following definitions apply in this Chapter unless otherwise specified:

1. "Abortion clinic" has the same meaning as in A.R.S. § 36-449.01.
2. "Abuse" means:
   a. The same:
      i. For an individual 18 years of age or older, as in A.R.S. § 46-451; and
      ii. For an individual less than 18 years of age, as in A.R.S. § 8-201;
   b. A pattern of ridiculing or demeaning a patient;
   c. Making derogatory remarks or verbally harassing a patient; or
   d. Threatening to inflict physical harm on a patient.
3. "Accredited" has the same meaning as in A.R.S. § 36-422.
4. "Active malignancy" means a cancer for which:
   a. A patient is undergoing treatment, such as through:
      i. One or more surgical procedures to remove the cancer;
      ii. Chemotherapy, as defined in A.A.C. R9-4-401; or
      iii. Radiation treatment, as defined in A.A.C. R9-4-401;
   b. There is no treatment; or
   c. A patient is refusing treatment.
5. "Activities of daily living" means ambulating, bathing, toileting, grooming, eating, and getting in or out of a bed or a chair.
6. "Acuity" means a patient's need for medical services, nursing services, or behavioral health services based on the patient's medical condition or behavioral health issue.
7. "Acuity plan" means a method for establishing nursing personnel requirements by unit based on a patient's acuity.
8. "Adjacent" means not intersected by:
   a. Property owned, operated, or controlled by a person other than the applicant or licensee; or
   b. A public thoroughfare.
9. "Administrative completeness review time-frame" has the same meaning as in A.R.S. § 41-1072.
10. "Administrative office" means a location used by personnel for recordkeeping and record retention but not for providing medical services, nursing services, behavioral health services, or health-related services.
11. "Admission" or "admitted" means, after completion of an individual's screening or registration by a health care institution, the individual begins receiving physical health services or behavioral health services and is accepted as a patient of the health care institution.
12. "Adult" has the same meaning as in A.R.S. § 1-215.
13. "Adult behavioral health therapeutic home" means a residence that provides room and board, assists in acquiring daily living skills, coordinates transportation to scheduled appointments, monitors behaviors, assists in the self-administration of medication, and provides feedback to a case manager related to behavior for an individual 18 years of age or older based on the individual's behavioral health issue and need for behavioral health services and may provide behavioral health services under the clinical oversight of a behavioral health professional.
14. "Adult residential care institution" means a subclass of behavioral health residential facility that only admits residents 18 years of age and older and provides recidivism reduction services.
15. "Adverse reaction" means an unexpected outcome that threatens the health or safety of a patient as a result of a medical service, nursing service, or health-related service provided to the patient.
16. "Affiliated counseling facility" means a counseling facility that shares administrative support with one or more other counseling facilities that operate under the same governing authority.
17. "Affiliated outpatient treatment center" means an outpatient treatment center authorized by the Department to provide behavioral health services that provides administrative support to a counseling facility or counseling facilities that operate under the same governing authority as the outpatient treatment center.
18. "Alternate licensing fee due date" means the last calendar day in a month each year, other than the anniversary date of a facility's health care institution license, by which a licensee is required to pay the applicable fees in R9-10-106.
19. "Ancillary services" means services other than medical services, nursing services, or health-related services provided to a patient.
20. "Anesthesiologist" means a physician granted clinical privileges to administer anesthesia.
21. "Applicant" means a governing authority requesting:
   a. Approval of a health care institution's architectural plans and specifications for construction or modification,
   b. Approval of a modification,
   c. Approval of an alternate licensing fee due date, or
   d. A health care institution license.
22. "Application packet" means the information, documents, and fees required by the Department for the:
   a. Approval of a health care institution's architectural plans and specifications for construction or modification,

b. Approval of a modification,
c. Approval of an alternate licensing fee due date, or
d. Licensing of a health care institution.

23. "Assessment" means an analysis of a patient's need for physical health services or behavioral health services to determine which services a health care institution will provide to the patient.
24. "Assistance in the self-administration of medication" means restricting a patient's access to the patient's medication and providing support to the patient while the patient takes the medication to ensure that the medication is taken as ordered.
25. "Attending physician" means a physician designated by a patient to participate in or coordinate the medical services provided to the patient.
26. "Authenticate" means to establish authorship of a document or an entry in a medical record by:
    a. A written signature;
    b. An individual's initials, if the individual's written signature appears on the document or in the medical record;
    c. A rubber-stamp signature; or
    d. An electronic signature code.
27. "Authorized service" means specific medical services, nursing services, behavioral health services, or health-related services provided by a specific health care institution class or subclass for which the health care institution is required to obtain approval from the Department before providing the medical services, nursing services, or health-related services.
28. "Available" means:
    a. For an individual, the ability to be contacted and to provide an immediate response by any means possible;
    b. For equipment and supplies, physically retrievable at a health care institution; and
    c. For a document, retrievable by a health care institution or accessible according to the applicable time-frames in this Chapter.
29. "Behavioral care"
    a. Means limited behavioral health services, provided to a patient whose primary admitting diagnosis is related to the patient's need for physical health services, that include:
        i. Assistance with the patient's psychosocial interactions to manage the patient's behavior that can be performed by an individual without a professional license or certificate including:
            (1) Direction provided by a behavioral health professional, and
            (2) Medication ordered by a medical practitioner or behavioral health professional; or
        ii. Behavioral health services provided by a behavioral health professional on an intermittent basis to address the patient's significant psychological or behavioral response to an identifiable stressor or stressors; and
    b. Does not include court-ordered behavioral health services.
30. "Behavioral health facility" means a behavioral health inpatient facility, a behavioral health residential facility, a substance abuse transitional facility, a behavioral health specialized transitional facility, an outpatient treatment center that only provides behavioral health services, an adult behavioral health therapeutic home, a behavioral health respite home, or a counseling facility.
31. "Behavioral health inpatient facility" means a health care institution that provides continuous treatment to an individual experiencing a behavioral health issue that causes the individual to:
    a. Have a limited or reduced ability to meet the individual's basic physical needs;
    b. Suffer harm that significantly impairs the individual's judgment, reason, behavior, or capacity to recognize reality;
    c. Be a danger to self;
    d. Be a danger to others;
    e. Be persistently or acutely disabled, as defined in A.R.S. § 36-501; or
    f. Be gravely disabled.
32. "Behavioral health issue" means an individual's condition related to a mental disorder, a personality disorder, substance abuse, or a significant psychological or behavioral response to an identifiable stressor or stressors.
33. "Behavioral health observation/stabilization services" means crisis services provided, in an outpatient setting, to an individual whose behavior or condition indicates that the individual:
    a. Requires nursing services,
    b. May require medical services, and
    c. May be a danger to others or a danger to self.
34. "Behavioral health paraprofessional" means an individual who is not a behavioral health professional who provides the following services to a patient to address the patient's behavioral health issue:
    a. Under supervision by a behavioral health professional, services that, if provided in a setting other than a health care institution, would be required to be provided by an individual licensed under A.R.S. Title 32, Chapter 33; or
    b. Health-related services.
35. "Behavioral health professional" means:
    a. An individual licensed under A.R.S. Title 32, Chapter 33, whose scope of practice allows the individual to:
        i. Independently engage in the practice of behavioral health, as defined in A.R.S. § 32-3251; or

ii. Except for a licensed substance abuse technician, engage in the practice of behavioral health, as defined in A.R.S. § 32-3251, under direct supervision as defined in A.A.C. R4-6-101;

b. A psychiatrist as defined in A.R.S. § 36-501;

c. A psychologist as defined in A.R.S. § 32-2061;

d. A physician;

e. A behavior analyst as defined in A.R.S. § 32-2091; or

f. A registered nurse practitioner licensed as an adult psychiatric and mental health nurse; or

g. A registered nurse with:

i. A psychiatric-mental health nursing certification, or

ii. One year of experience providing behavioral health services.

36. "Behavioral health residential facility" means a health care institution that provides treatment to an individual experiencing a behavioral health issue that:

a. Limits the individual's ability to be independent, or

b. Causes the individual to require treatment to maintain or enhance independence.

37. "Behavioral health respite home" means a residence where respite care services, which may include assistance in the self-administration of medication, are provided to an individual based on the individual's behavioral health issue and need for behavioral health services.

38. "Behavioral health specialized transitional facility" means a health care institution that provides inpatient behavioral health services and physical health services to an individual determined to be a sexually violent person according to A.R.S. Title 36, Chapter 37.

39. "Behavioral health technician" means an individual who is not a behavioral health professional who provides the following services to a patient to address the patient's behavioral health issue:

a. With clinical oversight by a behavioral health professional, services that, if provided in a setting other than a health care institution, would be required to be provided by an individual licensed under A.R.S. Title 32, Chapter 33; or

b. Health-related services.

40. "Benzodiazepine" means any one of a class of sedative-hypnotic medications, characterized by a chemical structure that includes a benzene ring linked to a seven-membered ring containing two nitrogen atoms, that are commonly used in the treatment of anxiety.

41. "Biohazardous medical waste" has the same meaning as in A.A.C. R18-13-1401.

42. "Calendar day" means each day, not including the day of the act, event, or default from which a designated period of time begins to run, but including the last day of the period unless it is a Saturday, Sunday, statewide furlough day, or legal holiday, in which case the period runs until the end of the next day that is not a Saturday, Sunday, statewide furlough day, or legal holiday.

43. "Case manager" means an individual assigned by an entity other than a health care institution to coordinate the physical health services or behavioral health services provided to a patient at the health care institution.

44. "Certification" means, in this Article, a written statement that an item or a system complies with the applicable requirements incorporated by reference in R9-10-104.01.

45. "Certified health physicist" means an individual recognized by the American Board of Health Physics as complying with the health physics criteria and examination requirements established by the American Board of Health Physics.

46. "Change in ownership" means conveyance of the ability to appoint, elect, or otherwise designate a health care institution's governing authority from an owner of the health care institution to another person.

47. "Chief administrative officer" or "administrator" means an individual designated by a governing authority to implement the governing authority's direction in a health care institution.

48. "Clinical laboratory services" means the biological, microbiological, serological, chemical, immunohematological, hematological, biophysical, cytological, pathological, or other examination of materials derived from the human body for the purpose of providing information for the diagnosis, prevention, or treatment of a disease or impairment of a human being, or for the assessment of the health of a human being, including procedures to determine, measure, or otherwise describe the presence or absence of various substances or organisms in the body.

49. "Clinical oversight" means:

a. Monitoring the behavioral health services provided by a behavioral health technician to ensure that the behavioral health technician is providing the behavioral health services according to the health care institution's policies and procedures and, if applicable, a patient's treatment plan;

b. Providing on-going review of a behavioral health technician's skills and knowledge related to the provision of behavioral health services;

c. Providing guidance to improve a behavioral health technician's skills and knowledge related to the provision of behavioral health services; and

d. Recommending training for a behavioral health technician to improve the behavioral health technician's skills and knowledge related to the provision of behavioral health services.

50. "Clinical privileges" means authorization to a medical staff member to provide medical services granted by a governing authority or according to medical staff bylaws.

51. "Collaborating health care institution" means a health care institution licensed to provide outpatient behavioral health services that has a written agreement with an adult behavioral health therapeutic home or a behavioral health respite home to:
    a. Coordinate behavioral health services provided to a resident at the adult behavioral health therapeutic home or a recipient at a behavioral health respite home, and
    b. Work with the provider to ensure a resident at the adult behavioral health therapeutic home or a recipient at a behavioral health respite home receives behavioral health services according to the resident's treatment plan.
52. "Common area" means licensed space in health care institution that is:
    a. Not a resident's bedroom or a residential unit,
    b. Not restricted to use by employees or volunteers of the health care institution, and
    c. Available for use by visitors and other individuals on the premises.
53. "Communicable disease" has the same meaning as in A.R.S. § 36-661.
54. "Conspicuously posted" means placed:
    a. At a location that is visible and accessible; and
    b. Unless otherwise specified in the rules, within the area where the public enters the premises of a health care institution.
55. "Consultation" means an evaluation of a patient requested by a medical staff member or personnel member.
56. "Contracted services" means medical services, nursing services, behavioral health services, health-related services, ancillary services, or environmental services provided according to a documented agreement between a health care institution and the person providing the medical services, nursing services, health-related services, ancillary services, or environmental services.
57. "Contractor" has the same meaning as in A.R.S. § 32-1101.
58. "Controlled substance" has the same meaning as in A.R.S. § 36-2501.
59. "Counseling" has the same meaning as "practice of professional counseling" in A.R.S. § 32-3251.
60. "Counseling facility" means a health care institution that only provides counseling, which may include:
    a. DUI screening, education, or treatment according to the requirements in 9 A.A.C. 20, Article 1; or
    b. Misdemeanor domestic violence offender treatment according to the requirements in 9 A.A.C. 20, Article 2.
61. "Court-ordered evaluation" has the same meaning as "evaluation" in A.R.S. § 36-501.
62. "Court-ordered treatment" means treatment provided according to A.R.S. Title 36, Chapter 5.
63. "Crisis services" means immediate and unscheduled behavioral health services provided to a patient to address an acute behavioral health issue affecting the patient.
64. "Current" means up-to-date, extending to the present time.
65. "Daily living skills" means activities necessary for an individual to live independently and include meal preparation, laundry, house-cleaning, home maintenance, money management, and appropriate social interactions.
66. "Danger to others" has the same meaning as in A.R.S. § 36-501.
67. "Danger to self" has the same meaning as in A.R.S. § 36-501.
68. "Detoxification services" means behavioral health services and medical services provided to an individual to:
    a. Treat the individual's signs or symptoms of withdrawal from alcohol or other drugs, and
    b. Reduce or eliminate the individual's dependence on alcohol or other drugs.
69. "Diagnostic procedure" means a method or process performed to determine whether an individual has a medical condition or behavioral health issue.
70. "Dialysis" means the process of removing dissolved substances from a patient's body by diffusion from one fluid compartment to another across a semipermeable membrane.
71. "Dialysis services" means medical services, nursing services, and health-related services provided to a patient receiving dialysis.
72. "Dialysis station" means a designated treatment area approved by the Department for use by a patient receiving dialysis or dialysis services.
73. "Dialyzer" means an apparatus containing semi-permeable membranes used as a filter to remove wastes and excess fluid from a patient's blood.
74. "Disaster" means an unexpected occurrence that adversely affects a health care institution's ability to provide services.
75. "Discharge" means a documented termination of services to a patient by a health care institution.
76. "Discharge instructions" means documented information relevant to a patient's medical condition or behavioral health issue provided by a health care institution to the patient or the patient's representative at the time of the patient's discharge.
77. "Discharge planning" means a process of establishing goals and objectives for a patient in preparation for the patient's discharge.
78. "Discharge summary" means a documented brief review of services provided to a patient, current patient status, and reasons for the patient's discharge.
79. "Disinfect" means to clean in order to prevent the growth of or to destroy disease-causing microorganisms.
80. "Documentation" or "documented" means information in written, photographic, electronic, or other permanent form.
81. "Drill" means a response to a planned, simulated event.
82. "Drug" has the same meaning as in A.R.S. § 32-1901.
83. "Electronic" has the same meaning as in A.R.S. § 44-7002.
84. "Electronic signature" has the same meaning as in A.R.S. § 44-7002.

85. "Emergency" means an immediate threat to the life or health of a patient.
86. "Emergency medical services provider" has the same meaning as in A.R.S. § 36-2201.
87. "Emergency services" means unscheduled medical services provided in a designated area to an outpatient in an emergency.
88. "End-of-life" means that a patient has a documented life expectancy of six months or less.
89. "Environmental services" means activities such as housekeeping, laundry, facility maintenance, or equipment maintenance.
90. "Equipment" means, in this Article, an apparatus, a device, a machine, or a unit that is required to comply with the specifications incorporated by reference in R9-10-104.01.
91. "Exploitation" has the same meaning as in A.R.S. § 46-451.
92. "Factory-built building" has the same meaning as in A.R.S. § 41-4001.
93. "Family" or "family member" means an individual's spouse, sibling, child, parent, grandparent, or another individual designated by the individual.
94. "Follow-up instructions" means information relevant to a patient's medical condition or behavioral health issue that is provided to the patient, the patient's representative, or a health care institution.
95. "Food services" means the storage, preparation, serving, and cleaning up of food intended for consumption in a health care institution.
96. "Full-time" means 40 hours or more every consecutive seven calendar days.
97. "Garbage" has the same meaning as in A.A.C. R18-13-302.
98. "General consent" means documentation of an agreement from an individual or the individual's representative to receive physical health services to address the individual's medical condition or behavioral health services to address the individual's behavioral health issues.
99. "General hospital" means a subclass of hospital that provides surgical services and emergency services.
100. "Gravely disabled" has the same meaning as "grave disability" in A.R.S. § 36-501.
101. "Habilitation services" means activities provided to an individual to assist the individual with habilitation, as defined in A.R.S. § 36-551.
102. "Hazard" or "hazardous" means a condition or situation where a patient or other individual may suffer physical injury.
103. "Health care directive" has the same meaning as in A.R.S. § 36-3201.
104. "Hemodialysis" means the process for removing wastes and excess fluids from a patient's blood by passing the blood through a dialyzer.
105. "Home health agency" has the same meaning as in A.R.S. § 36-151.
106. "Home health aide" means an individual employed by a home health agency to provide home health services under the direction of a registered nurse or therapist.
107. "Home health aide services" means those tasks that are provided to a patient by a home health aide under the direction of a registered nurse or therapist.
108. "Home health services" has the same meaning as in A.R.S. § 36-151.
109. "Hospice inpatient facility" means a subclass of hospice that provides hospice services to a patient on a continuous basis with the expectation that the patient will remain on the hospice's premises for 24 hours or more.
110. "Hospital" means a class of health care institution that provides, through an organized medical staff, inpatient beds, medical services, continuous nursing services, and diagnosis or treatment to a patient.
111. "Immediate" means without delay.
112. "Incident" means an unexpected occurrence that harms or has the potential to harm a patient, while the patient is:
    a. On the premises of a health care institution, or
    b. Not on the premises of a health care institution but directly receiving physical health services or behavioral health services from a personnel member who is providing the physical health services or behavioral health services on behalf of the health care institution.
113. "Infection control" means to identify, prevent, monitor, and minimize infections.
114. "Infectious tuberculosis" has the same meaning as "infectious active tuberculosis" in A.A.C. R9-6-101.
115. "Informed consent" means:
    a. Advising a patient of a proposed treatment, surgical procedure, psychotropic medication, opioid, or diagnostic procedure; alternatives to the treatment, surgical procedure, psychotropic medication, opioid, or diagnostic procedure; and associated risks and possible complications; and
    b. Obtaining documented authorization for the proposed treatment, surgical procedure, psychotropic medication, opioid, or diagnostic procedure from the patient or the patient's representative.
116. "In-service education" means organized instruction or information that is related to physical health services or behavioral health services and that is provided to a medical staff member, personnel member, employee, or volunteer.
117. "Interdisciplinary team" means a group of individuals consisting of a resident's attending physician, a registered nurse responsible for the resident, and other individuals as determined in the resident's comprehensive assessment or, if applicable, placement evaluation.
118. "Intermediate care facility for individuals with intellectual disabilities" or "ICF/IID" has the same meaning as in A.R.S. § 36-551.
119. "Interval note" means documentation updating a patient's:
    a. Medical condition after a medical history and physical examination is performed, or

b. Behavioral health issue after an assessment is performed.

120. "Isolation" means the separation, during the communicable period, of infected individuals from others, to limit the transmission of infectious agents.
121. "Leased facility" means a facility occupied or used during a set time period in exchange for compensation.
122. "License" means:
    a. Written approval issued by the Department to a person to operate a class or subclass of health care institution at a specific location; or
    b. Written approval issued to an individual to practice a profession in this state.
123. "Licensed occupancy" means the total number of individuals for whom a health care institution is authorized by the Department to provide crisis services in a unit providing behavioral health observation/stabilization services.
124. "Licensee" means an owner approved by the Department to operate a health care institution.
125. "Manage" means to implement policies and procedures established by a governing authority, an administrator, or an individual providing direction to a personnel member.
126. "Medical condition" means the state of a patient's physical or mental health, including the patient's illness, injury, or disease.
127. "Medical director" means a physician who is responsible for the coordination of medical services provided to patients in a health care institution.
128. "Medical history" means an account of a patient's health, including past and present illnesses, diseases, or medical conditions.
129. "Medical practitioner" means a physician, physician assistant, or registered nurse practitioner.
130. "Medical record" has the same meaning as "medical records" in A.R.S. § 12-2291.
131. "Medical staff" means physicians and other individuals licensed pursuant to A.R.S. Title 32 who have clinical privileges at a health care institution.
132. "Medical staff bylaws" means standards, approved by the medical staff and the governing authority, that provide the framework for the organization, responsibilities, and self-governance of the medical staff.
133. "Medical staff member" means an individual who is part of the medical staff of a health care institution.
134. "Medication" means one of the following used to maintain health or to prevent or treat a medical condition or behavioral health issue:
    a. Biologicals as defined in A.A.C. R18-13-1401,
    b. Prescription medication as defined in A.R.S. § 32-1901, or
    c. Nonprescription drug as defined in A.R.S. § 32-1901.
135. "Medication administration" means restricting a patient's access to the patient's medication and providing the medication to the patient or applying the medication to the patient's body, as ordered by a medical practitioner.
136. "Medication error" means:
    a. The failure to administer an ordered medication;
    b. The administration of a medication not ordered; or
    c. The administration of a medication:
        i. In an incorrect dosage,
        ii. More than 60 minutes before or after the ordered time of administration unless ordered to do so, or
        iii. By an incorrect route of administration.
137. "Mental disorder" means the same as in A.R.S. § 36-501.
138. "Mobile clinic" means a movable structure that:
    a. Is not physically attached to a health care institution's facility;
    b. Provides medical services, nursing services, behavioral health services, or health related service to an outpatient under the direction of the health care institution's personnel; and
    c. Is not intended to remain in one location indefinitely.
139. "Monitor" or "monitoring" means to check systematically on a specific condition or situation.
140. "Neglect" has the same meaning:
    a. For an individual less than 18 years of age, as in A.R.S. § 8-201; and
    b. For an individual 18 years of age or older, as in A.R.S. § 46-451.
141. "Nephrologist" means a physician who is board eligible or board certified in nephrology by a professional credentialing board.
142. "Nurse" has the same meaning as "registered nurse" or "practical nurse" as defined in A.R.S. § 32-1601.
143. "Nursing care institution administrator" means an individual licensed according to A.R.S. Title 36, Chapter 4, Article 6.
144. "Nursing personnel" means individuals authorized according to A.R.S. Title 32, Chapter 15 to provide nursing services.
145. "Observation chair" means a physical piece of equipment that:
    a. Is located in a designated area where behavioral health observation/stabilization services are provided,
    b. Allows an individual to fully recline, and
    c. Is used by the individual while receiving crisis services.
146. "Occupational therapist" has the same meaning as in A.R.S. § 32-3401.
147. "Occupational therapy assistant" has the same meaning as in A.R.S. § 32-3401.

148. "Ombudsman" means a resident advocate who performs the duties described in A.R.S. § 46-452.02.
149. "On-call" means a time during which an individual is available and required to come to a health care institution when requested by the health care institution.
150. "Opioid" means a controlled substance, as defined in A.R.S. § 36-2501, that meets the definition of "opiate" in A.R.S. § 36-2501.
151. "Opioid agonist treatment medication" means a prescription medication that is approved by the U.S. Food and Drug Administration under 21 U.S.C. § 355 for use in the treatment of opioid-related substance use disorder.
152. "Opioid antagonist" means a prescription medication, as defined in A.R.S. § 32-1901, that:
    a. Is approved by the U.S. Department of Health and Human Services, Food and Drug Administration; and
    b. When administered, reverses, in whole or in part, the pharmacological effects of an opioid in the body.
153. "Opioid treatment" means providing medical services, nursing services, behavioral health services, health-related services, and ancillary services to a patient receiving an opioid agonist treatment medication for opioid-related substance use disorder.
154. "Order" means instructions to provide:
    a. Physical health services to a patient from a medical practitioner or as otherwise provided by law; or
    b. Behavioral health services to a patient from a behavioral health professional.
155. "Orientation" means the initial instruction and information provided to an individual before the individual starts work or volunteer services in a health care institution.
156. "Outing" means a social or recreational activity that:
    a. Occurs away from the premises,
    b. Is not part of a behavioral health inpatient facility's or behavioral health residential facility's daily routine, and
    c. Lasts longer than four hours.
157. "Outpatient surgical center" means a class of health care institution that has the facility, staffing, and equipment to provide surgery and anesthesia services to a patient whose recovery, in the opinions of the patient's surgeon and, if an anesthesiologist would be providing anesthesia services to the patient, the anesthesiologist, does not require inpatient care in a hospital.
158. "Outpatient treatment center" means a class of health care institution without inpatient beds that provides physical health services or behavioral health services for the diagnosis and treatment of patients.
159. "Overall time-frame" means the same as in A.R.S. § 41-1072.
160. "Owner" means a person who appoints, elects, or designates a health care institution's governing authority.
161. "Pain management clinic" has the same meaning as in A.R.S. § 36-448.01.
162. "Participant" means a patient receiving physical health services or behavioral health services from an adult day health care facility or a substance abuse transitional facility.
163. "Participant's representative" means the same as "patient's representative" for a participant.
164. "Patient" means an individual receiving physical health services or behavioral health services from a health care institution.
165. "Patient's representative" means:
    a. A patient's legal guardian;
    b. If a patient is less than 18 years of age and not an emancipated minor, the patient's parent;
    c. If a patient is 18 years of age or older or an emancipated minor, an individual acting on behalf of the patient with the written consent of the patient or patient's legal guardian; or
    d. A surrogate as defined in A.R.S. § 36-3201.
166. "Person" means the same as in A.R.S. § 1-215 and includes a governmental agency.
167. "Personnel member" means, except as defined in specific Articles in this Chapter and excluding a medical staff member, a student, or an intern, an individual providing physical health services or behavioral health services to a patient.
168. "Pest control program" means activities that minimize the presence of insects and vermin in a health care institution to ensure that a patient's health and safety is not at risk.
169. "Pharmacist" has the same meaning as in A.R.S. § 32-1901.
170. "Physical examination" means to observe, test, or inspect an individual's body to evaluate health or determine cause of illness, injury, or disease.
171. "Physical health services" means medical services, nursing services, health-related services, or ancillary services provided to an individual to address the individual's medical condition.
172. "Physical therapist" has the same meaning as in A.R.S. § 32-2001.
173. "Physical therapist assistant" has the same meaning as in A.R.S. § 32-2001.
174. "Physician assistant" has the same meaning as in A.R.S. § 32-2501.
175. "Placement evaluation" means the same as in A.R.S. § 36-551.
176. "Pre-petition screening" has the same meaning as "prepetition screening" in A.R.S. § 36-501.
177. "Premises" means property that is designated by an applicant or licensee and licensed by the Department as part of a health care institution where physical health services or behavioral health services are provided to a patient.
178. "Prescribe" means to issue written or electronic instructions to a pharmacist to deliver to the ultimate user, or another individual on the ultimate user's behalf, a specific dose of a specific medication in a specific quantity and route of administration.
179. "Professional credentialing board" means a non-governmental organization that designates individuals who have met or exceeded established standards for experience and competency in a specific field.
180. "Progress note" means documentation by a medical staff member, nurse, or personnel member of:

a. An observed patient response to a physical health service or behavioral health service provided to the patient,
b. A patient's significant change in condition, or
c. Observed behavior of a patient related to the patient's medical condition or behavioral health issue.

181. "PRN" means *pro re nata* or given as needed.
182. "Project" means specific construction or modification of a facility stated on an architectural plans and specifications approval application.
183. "Provider" means an individual to whom the Department issues a license to operate an adult behavioral health therapeutic home or a behavioral health respite home in the individual's place of residence.
184. "Provisional license" means the Department's written approval to operate a health care institution issued to an applicant or licensee that is not in substantial compliance with the applicable laws and rules for the health care institution.
185. "Psychotropic medication" means a chemical substance that:
    a. Crosses the blood-brain barrier and acts primarily on the central nervous system where it affects brain function, resulting in alterations in perception, mood, consciousness, cognition, and behavior; and
    b. Is provided to a patient to address the patient's behavioral health issue.
186. "Quality management program" means ongoing activities designed and implemented by a health care institution to improve the delivery of medical services, nursing services, health-related services, and ancillary services provided by the health care institution.
187. "Recovery care center" has the same meaning as in A.R.S. § 36-448.51.
188. "Referral" means providing an individual with a list of the class or subclass of health care institution or type of health care professional that may be able to provide the behavioral health services or physical health services that the individual may need and may include the name or names of specific health care institutions or health care professionals.
189. "Registered dietitian" means an individual approved to work as a dietitian by the American Dietetic Association's Commission on Dietetic Registration.
190. "Registered nurse" has the same meaning as in A.R.S. § 32-1601.
191. "Registered nurse practitioner" has the same meaning as A.R.S. § 32-1601.
192. "Regular basis" means at recurring, fixed, or uniform intervals.
193. "Rehabilitation services" means medical services provided to a patient to restore or to optimize functional capability.
194. "Research" means the use of a human subject in the systematic study, observation, or evaluation of factors related to the prevention, assessment, treatment, or understanding of a medical condition or behavioral health issue.
195. "Resident" means an individual living in and receiving physical health services or behavioral health services, including rehabilitation services or habilitation services if applicable, from a nursing care institution, an intermediate care facility for individuals with intellectual disabilities, a behavioral health residential facility, an assisted living facility, or an adult behavioral health therapeutic home.
196. "Resident's representative" means the same as "patient's representative" for a resident.
197. "Respiratory care services" has the same meaning as "practice of respiratory care" as defined in A.R.S. § 32-3501.
198. "Respiratory therapist" has the same meaning as in A.R.S. § 32-3501.
199. "Respite capacity" means the total number of children who do not stay overnight for whom an outpatient treatment center or a behavioral health residential facility is authorized by the Department to provide respite services on the premises of the outpatient treatment center or behavioral health residential facility.
200. "Respite services" means respite care services provided to an individual who is receiving behavioral health services.
201. "Restraint" means any physical or chemical method of restricting a patient's freedom of movement, physical activity, or access to the patient's own body.
202. "Risk" means potential for an adverse outcome.
203. "Room" means space contained by a floor, a ceiling, and walls extending from the floor to the ceiling that has at least one door.
204. "Rural general hospital" means a subclass of hospital:
    a. Having 50 or fewer inpatient beds,
    b. Located more than 20 surface miles from a general hospital or another rural general hospital, and
    c. Requesting to be and being licensed as a rural general hospital rather than a general hospital.
205. "Satellite facility" has the same meaning as in A.R.S. § 36-422.
206. "Scope of services" means a list of the behavioral health services or physical health services the governing authority of a health care institution has designated as being available to a patient at the health care institution.
207. "Seclusion" means the involuntary solitary confinement of a patient in a room or an area where the patient is prevented from leaving.
208. "Sedative-hypnotic medication" means any one of several classes of drugs that have sleep-inducing, anti-anxiety, anti-convulsant, and muscle-relaxing properties.
209. "Self-administration of medication" means a patient having access to and control of the patient's medication and may include the patient receiving limited support while taking the medication.
210. "Sexual abuse" means the same as in A.R.S. § 13-1404(A).

211. "Sexual assault" means the same as in A.R.S. § 13-1406(A).
212. "Shift" means the beginning and ending time of a continuous work period established by a health care institution's policies and procedures.
213. "Short-acting opioid antagonist" means an opioid antagonist that, when administered, quickly but for a small period of time reverses, in whole or in part, the pharmacological effects of an opioid in the body.
214. "Signature" means:
    a. A handwritten or stamped representation of an individual's name or a symbol intended to represent an individual's name, or
    b. An electronic signature.
215. "Significant change" means an observable deterioration or improvement in a patient's physical, cognitive, behavioral, or functional condition that may require an alteration to the physical health services or behavioral health services provided to the patient.
216. "Single group license" means a license that includes authorization to operate health care institutions according to A.R.S. § 36-422(F) or (G).
217. "Speech-language pathologist" means an individual licensed according to A.R.S. Title 36, Chapter 17, Article 4 to engage in the practice of speech-language pathology, as defined in A.R.S. § 36-1901.
218. "Special hospital" means a subclass of hospital that:
    a. Is licensed to provide hospital services within a specific branch of medicine; or
    b. Limits admission according to age, gender, type of disease, or medical condition.
219. "Student" means an individual attending an educational institution and working under supervision in a health care institution through an arrangement between the health care institution and the educational institution.
220. "Substance abuse" means an individual's misuse of alcohol or other drug or chemical that:
    a. Alters the individual's behavior or mental functioning;
    b. Has the potential to cause the individual to be psychologically or physiologically dependent on alcohol or other drug or chemical; and
    c. Impairs, reduces, or destroys the individual's social or economic functioning.
221. "Substance abuse transitional facility" means a class of health care institution that provides behavioral health services to an individual over 18 years of age who is intoxicated or may have a substance abuse problem.
222. "Substance use disorder" means a condition in which the misuse or dependence on alcohol or a drug results in adverse physical, mental, or social effects on an individual.
223. "Substance use risk" means an individual's unique likelihood for addiction, misuse, diversion, or another adverse consequence resulting from the individual being prescribed or receiving treatment with opioids.
224. "Substantial" when used in connection with a modification means:
    a. An addition or removal of an authorized service;
    b. The addition or removal of a colocator;
    c. A change in a health care institution's licensed capacity, licensed occupancy, respite capacity, or the number of dialysis stations;
    d. A change in the physical plant, including facilities or equipment, that costs more than $300,000; or
    e. A change in the building where a health care institution is located that affects compliance with:
        i. Applicable physical plant codes and standards incorporated by reference in R9-10-104.01, or
        ii. Physical plant requirements in the specific Article in this Chapter applicable to the health care institution.
225. "Substantive review time-frame" means the same as in A.R.S. § 41-1072.
226. "Supportive services" has the same meaning as in A.R.S. § 36-151.
227. "Surgical procedure" means the excision of or incision in a patient's body for the:
    a. Correction of a deformity or defect;
    b. Repair of an injury; or
    c. Diagnosis, amelioration, or cure of disease.
228. "Swimming pool" has the same meaning as "semipublic swimming pool" in A.A.C. R18-5-201.
229. "System" means interrelated, interacting, or interdependent elements that form a whole.
230. "Tapering" means the gradual reduction in the dosage of a medication administered to a patient, often with the intent of eventually discontinuing the use of the medication for the patient.
231. "Tax ID number" means a numeric identifier that a person uses to report financial information to the United States Internal Revenue Service.
232. "Telemedicine" has the same meaning as in A.R.S. § 36-3601.
233. "Therapeutic diet" means foods or the manner in which food is to be prepared that are ordered for a patient.
234. "Therapist" means an occupational therapist, a physical therapist, a respiratory therapist, or a speech-language pathologist.
235. "Time-out" means providing a patient a voluntary opportunity to regain self-control in a designated area from which the patient is not physically prevented from leaving.
236. "Transfer" means a health care institution discharging a patient and sending the patient to another licensed health care institution as an inpatient or resident without intending that the patient be returned to the sending health care institution.
237. "Transport" means a licensed health care institution:

a. Sending a patient to a receiving licensed health care institution for outpatient services with the intent of the patient returning to the sending licensed health care institution, or
b. Discharging a patient to return to a sending licensed health care institution after the patient received outpatient services from the receiving licensed health care institution.

238. "Treatment" means a procedure or method to cure, improve, or palliate an individual's medical condition or behavioral health issue.
239. "Treatment plan" means a description of the specific physical health services or behavioral health services that a health care institution anticipates providing to a patient.
240. "Unclassified health care institution" means a health care institution not classified or subclassified in statute or in rule.
241. "Vascular access" means the point on a patient's body where blood lines are connected for hemodialysis.
242. "Volunteer" means an individual authorized by a health care institution to work for the health care institution on a regular basis without compensation from the health care institution and does not include a medical staff member who has clinical privileges at the health care institution.
243. "Working day" means a Monday, Tuesday, Wednesday, Thursday, or Friday that is not a state and federal holiday or a statewide furlough day.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). Amended by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by exempt rulemaking at 20 A.A.R. 3535, pursuant to Laws 2014, Ch. 233, § 5; effective January 1, 2015 (Supp. 14-4). Amended by exempt rulemaking at 22 A.A.R. 1035, pursuant to Laws 2015, Ch. 158, § 3; effective May 1, 2016 (Supp. 16-2). Amended by final rulemaking at 24 A.A.R. 3020, effective January 1, 2019 (Supp. 18-4). Amended by exempt rulemaking at 25 A.A.R. 1222, effective April 25, 2019 (Supp. 19-2). Amended by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3). Amended by final expedited rulemaking, at 25 A.A.R. 3481 with an immediate effective date of November 5, 2019 (Supp. 19-4). Amended by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-102. Health Care Institution Classes and Subclasses; Requirements**

**A.** A person may apply for a license as one of the following classes or subclasses of health care institution:
1. General hospital,
2. Rural general hospital,
3. Special hospital,
4. Behavioral health inpatient facility,
5. Nursing care institution,
6. Intermediate care facility for individuals with intellectual disabilities,
7. Recovery care center,
8. Hospice inpatient facility,
9. Hospice service agency,
10. Behavioral health residential facility,
11. Adult residential care institution,
12. Assisted living center,
13. Assisted living home,
14. Adult foster care home,
15. Outpatient surgical center,
16. Outpatient treatment center,
17. Abortion clinic,
18. Adult day health care facility,
19. Home health agency,
20. Substance abuse transitional facility,
21. Behavioral health specialized transitional facility,
22. Counseling facility,
23. Adult behavioral health therapeutic home,
24. Behavioral health respite home,
25. Unclassified health care institution,
26. Pain management clinic, or
27. Nursing-supported group home.

**B.** A person shall apply for a license for the class or subclass that authorizes the provision of the highest level of physical health services or behavioral health services the proposed health care institution plans to provide.

**C.** The Department shall review a proposed health care institution's scope of services to determine whether the requested health care institution class or subclass is appropriate.

**D.** A health care institution shall comply with the requirements in Article 17 of this Chapter if:
1. There are no specific rules in another Article of this Chapter for the health care institution's class or subclass, or
2. The Department determines that the health care institution is an unclassified health care institution.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). Amended by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final rulemaking at 24 A.A.R. 3020, effective January 1, 2019 (Supp. 18-4). Amended by exempt rulemaking at 25 A.A.R. 1222, effective April 25, 2019 (Supp. 19-2). Amended by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3). Amended by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-103. Licensing Exceptions**

**A.** A health care institution license is required for each health care institution facility except:
1. A facility exempt from licensing under A.R.S. § 36-402, or
2. A health care institution's administrative office.

**B.** The Department does not require a separate health care institution license for:
1. A satellite facility of a hospital under A.R.S. § 36-422(F);
2. An accredited facility of an accredited hospital under A.R.S. § 36-422(G);
3. A facility operated by a licensed health care institution that is:
   a. Adjacent to and contiguous with the licensed health care institution premises; or
   b. Not adjacent to or contiguous with the licensed health care institution but connected to the licensed health care institution facility by an all-weather enclosure and:
      i. Owned by the health care institution, or
      ii. Leased by the health care institution with exclusive rights of possession;
4. A mobile clinic operated by a licensed health care institution; or
5. A facility located on grounds that are not adjacent to or contiguous with the health care institution premises where only ancillary services are provided to a patient of the health care institution.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). Amended by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

**R9-10-104. Approval of Architectural Plans and Specifications**

**A.** For approval of architectural plans and specifications for the construction or modification of a health care institution that is required by this Chapter to comply with any of the physical plant codes and standards incorporated by reference in R9-10-104.01, an applicant shall submit to the Department an application packet including:
1. An application in a Department-provided format that contains:
   a. For construction of a new health care institution:
      i. The health care institution's name, street address, city, state, zip code, telephone number, and e-mail address;
      ii. The name and mailing address of the health care institution's governing authority;
      iii. The requested health care institution class or subclass; and
      iv. If applicable, the requested licensed capacity, licensed occupancy, respite capacity, and number of dialysis stations for the health care institution;
   b. For modification of a licensed health care institution that requires approval of architectural plans and specifications:
      i. The health care institution's license number,
      ii. The name and mailing address of the licensee,
      iii. The health care institution's class or subclass, and
      iv. The health care institution's existing licensed capacity, licensed occupancy, respite capacity, or number of dialysis stations; and the requested licensed capacity, licensed occupancy, respite capacity, or number of dialysis stations for the health care institution;
   c. The health care institution's contact person's name, street mailing address, city, state, zip code, telephone number, and e-mail address;
   d. The name, street mailing address, city, state, zip code, telephone number, and e-mail address of:
      i. The project architect; or
      ii. If the construction or modification of the health care institution does not require a project architect, the project engineer or other individual responsible for the completion of the construction or modification;
   e. A narrative description of the project;

f. The estimated total project cost including the costs of:
   i. Site acquisition,
   ii. General construction,
   iii. Architect fees,
   iv. Fixed equipment, and
   v. Movable equipment;
g. If providing or planning to provide medical services, nursing services, or health-related services that require compliance with specific physical plant codes and standards incorporated by reference in R9-10-104.01, the number of rooms or inpatient beds designated for providing the medical services, nursing services, or health-related services;
h. If providing or planning to provide behavioral health observation/stabilization services, the number of behavioral health observation/stabilization observation chairs designated for providing the behavioral health observation/stabilization services;
i. For construction of a new health care institution and if modification of a health care institution requires a project architect, a statement signed and sealed by the project architect, according to the requirements in 4 A.A.C. 30, Article 3, that the:
   i. Project architect has complied with A.A.C. R4-30-301; and
   ii. Architectural plans and specifications comply with applicable licensing requirements in A.R.S. Title 36, Chapter 4 and this Chapter;
j. If construction or modification of a health care institution requires a project engineer, a statement signed and sealed by the project engineer, according to the requirements in 4 A.A.C. 30, Article 3, that the project engineer has complied with A.A.C. R4-30-301; and
k. A statement signed by the governing authority or the licensee that the architectural plans and specifications comply with applicable licensing requirements in A.R.S. Title 36, Chapter 4 and this Chapter;

2. If the health care institution is located on land under the jurisdiction of a local governmental agency, one of the following:
   a. A building permit for the construction or modification issued by the local governmental agency; or
   b. If a building permit issued by the local governmental agency is not required, zoning clearance issued by the local governmental agency that includes:
      i. The health care institution's name, street address, city, state, zip code, and county;
      ii. The health care institution's class or subclass and each type of medical services, nursing services, or health-related services to be provided; and
      iii. A statement signed by a representative of the local governmental agency stating that the address listed is zoned for the health care institution's class or subclass;
3. The following information that is as necessary to demonstrate that the project described on the application complies with applicable codes and standards incorporated by reference in R9-10-104.01:
   a. A table of contents containing:
      i. The architectural plans and specifications submitted;
      ii. The physical plant codes and standards incorporated by reference in R9-10-104.01 that apply to the project;
      iii. The physical plant codes and standards that are required by a local governmental agency, if applicable;
      iv. An index of the abbreviations and symbols used in the architectural plans and specifications; and
      v. The facility's specific International Building Code construction type and International Building Code occupancy type;
   b. If the facility is larger than 3,000 square feet and is or will be occupied by more than 20 individuals, the seal of an architect on the architectural plans and specifications according to the requirements in A.R.S. Title 32, Chapter 1 and 4 A.A.C. 30, Article 3;
   c. A site plan, drawn to scale, of the entire premises showing streets, property lines, facilities, parking areas, outdoor areas, fences, swimming pools, fire access roads, fire hydrants, and access to water mains;
   d. For each facility, on architectural plans and specifications:
      i. A floor plan, drawn to scale, for each level of the facility, showing the layout and dimensions of each room, the name and function of each room, means of egress, and natural and artificial lighting sources;
      ii. A diagram of a section of the facility, drawn to scale, showing the vertical cross-section view from foundation to roof and specifying construction materials;
      iii. Building elevations, drawn to scale, showing the outside appearance of each facility;
      iv. The materials used for ceilings, walls, and floors;
      v. The location, size, and fire rating of each door and each window and the materials and hardware used, including safety features such as fire exit door hardware and fireproofing materials;
      vi. A ceiling plan, drawn to scale, showing the layout of each light fixture, each fire protection device, and each element of the mechanical ventilation system;
      vii. An electrical floor plan, drawn to scale, showing the wiring diagram and the layout of each lighting fixture, each outlet, each switch, each electrical panel, and electrical equipment;
      viii. A mechanical floor plan, drawn to scale, showing the layout of heating, ventilation, and air conditioning systems;

ix. A plumbing floor plan, drawn to scale, showing the layout and materials used for water, sewer, and medical gas systems, including the water supply and plumbing fixtures;
x. A floor plan, drawn to scale, showing the communication system within the health care institution including the nurse call system, if applicable;
xi. A floor plan, drawn to scale, showing the automatic fire extinguishing, fire detection, and fire alarm systems; and
xii. Technical specifications or drawings describing installation of equipment or medical gas and the materials used for installation in the health care institution;

4. The estimated total project cost including the costs of:
   a. Site acquisition,
   b. General construction,
   c. Architect fees,
   d. Fixed equipment, and
   e. Movable equipment;
5. The following, as applicable:
   a. If the health care institution is located on land under the jurisdiction of a local governmental agency, one of the following provided by the local governmental agency:
      i. A copy of the certificate of occupancy for the facility,
      ii. Documentation that the facility was approved for occupancy, or
      iii. Documentation that a certificate of occupancy for the facility is not available;
   b. A certification and a statement that the construction or modification of the facility is in substantial compliance with applicable licensing requirements in A.R.S. Title 36, Article 4 and this Chapter signed by the project architect, the contractor, and the owner;
   c. A written description of any work necessary to complete the construction or modification submitted by the project architect;
   d. If the construction or modification affects the health care institution's fire alarm system, a contractor certification and description of the fire alarm system in a Department-provided format provided by the Department;
   e. If the construction or modification affects the health care institution's automatic fire extinguishing system, a contractor certification of the automatic fire extinguishing system in a Department-provided format provided by the Department;
   f. If the construction or modification affects the health care institution's heating, ventilation, or air conditioning system, a copy of the heating, ventilation, air conditioning, and air balance tests and a contractor certification of the heating, ventilation, or air conditioning system;
   g. If draperies, cubicle curtains, or floor coverings are installed or replaced, a copy of the manufacturer's certification of flame spread for the draperies, cubicle curtains, or floor coverings;
   h. For a health care institution using inhalation anesthetics or nonflammable medical gas, a copy of the Compliance Certification for Inhalation Anesthetics or Nonflammable Medical Gas System required in the National Fire Codes incorporated by reference in R9-10-104.01;
   i. If a generator is installed, a copy of the installation acceptance required in the National Fire Codes incorporated by reference in R9-10-104.01;
   j. If equipment is installed, a certification from an engineer or from a technical representative of the equipment's manufacturer that the equipment has been installed according to the manufacturer's recommendations and, if applicable, calibrated;
   k. For a health care institution providing radiology, a written report from a certified health physicist of the location, type, and amount of radiation protection; and
   l. If a factory-built building is used by a health care institution:
      i. A copy of the installation permit and the copy of a certificate of occupancy for the factory-built building from the Office of Manufactured Housing; or
      ii. A written report from an individual registered as an architect or a professional structural engineer under 4 A.A.C. 30, Article 2, stating that the factory-built building complies with applicable design standards;
6. For construction of a new health care institution and for a modification of a health care institution that requires a project architect, a statement signed by the project architect that final architectural plans and specifications have been submitted to the person applying for a health care institution license or the licensee of the health care institution;
7. For modification of a health care institution that does not require a project architect, a statement signed by the project engineer or other individual responsible for the completion of the modification that final architectural plans and specifications have been submitted to the person applying for a health care institution license or the licensee of the health care institution; and
8. The applicable fee required by R9-10-106.

**B.** Before an applicant submits an application for approval of architectural plans and specifications for the construction or modification of a health care institution, an applicant may request an architectural evaluation by providing the documents in subsection (A)(3) to the Department.

**C.** The Department may conduct on-site facility reviews during the construction or modification of a health care institution.

**D.** The Department shall approve or deny an application for approval of architectural plans and specifications of a health care institution in this Section according to R9-10-108.

**E.** In addition to obtaining an approval of a health care institution's architectural plans and specifications, a person shall obtain a health care institution license before operating the health care institution.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). Amended by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3). Amended by final expedited rulemaking, at 25 A.A.R. 3481 with an immediate effective date of November 5, 2019 (Supp. 19-4). Publication error corrected in R9-10-104(A)(1) removing "provided by the Department;" publication error corrected in R9-10-104(B) removing "submitting;" with both amendments made at 25 A.A.R. 1583. Publication error corrected in R9-10-104(A), incorporated by reference Section updated as amended at 25 A.A.R. 3481 (Supp. 21-2).

**R9-10-104.01. Codes and Standards**

**A.** For a health care institution that is required by this Chapter to comply with any of the physical plant codes and standards incorporated by reference in this Section, an applicant shall follow the requirements in subsection (B), except as follows:
1. Physical plant standards specified in applicable Articles of this Chapter shall govern over the codes and standards incorporated by reference in subsection (B); and
2. If a conflict occurs among the codes and standards incorporated by reference in subsection (B), the more restrictive codes and standards shall govern over the less restrictive.

**B.** The following physical plant health and safety codes and standards are incorporated by reference as modified, are on file with the Department, and include no future editions or amendments:
1. Guidelines for Design and Construction of Health Care Facilities (2018 ed.), published by the American Society for Healthcare Engineering and available from The Facility Guidelines Institute at www.fgiguidelines.org;
2. The following National Fire Codes (2012), published by and available from the National Fire Protection Association, 1 Batterymarch Park, Quincy, MA 02269, and at www.nfpa.org/catalog:
   a. NFPA70 National Electrical Code,
   b. NFPA101 Life Safety Code, and
   c. 2012 Supplements;
3. ICC/A117.1-2017, American National Standard: Accessible and Usable Buildings and Facilities (2017), published by and available from the International Code Council, Inc., Publications, 4051 W. Flossmoor Road, Country Club Hills, IL 60478-5795, and at ﷺwww.iccsafe.org;
4. International Building Code (2018), published by and available from the International Code Council, Inc., Publications, 4051 W. Flossmoor Road, Country Club Hills, IL 60478-5795, and at www.iccsafe.org, with the following modifications:
   a. Section 101.1 is modified by deleting "of [NAME OF JURISDICTION]";
   b. Section 101.2 is modified by deleting the "Exception";
   c. Section 101.4.7 is deleted;
   d. Sections 103.1 through 103.3 are deleted;
   e. Sections 104.1 through 104.11.2 are deleted;
   f. Sections 105.1 through 105.7 are deleted;
   g. Sections 106.1 through 106.3 are deleted;
   h. Sections 107.1 through 107.5 are deleted;
   i. Sections 108.1 through 108.4 are deleted;
   j. Sections 109.1 through 109.6 are deleted;
   k. Sections 110.1 through 110.6 are deleted;
   l. Sections 111.1 through 111.4 are deleted;
   m. Sections 112.1 through 112.3 are deleted;
   n. Sections 113.1 through 113.3 are deleted;
   o. Sections 114.1 through 114.4 are deleted;
   p. Sections 115.1 through 115.3 are deleted;
   q. Sections 116.1 through 116.5 are deleted; and
   r. Appendices A, B, C, D, K, L, and M are deleted;
5. International Mechanical Code (2018), published by and available from the International Code Council, Inc., Publications, 4051 W. Flossmoor Road, Country Club Hills, IL 60478-5795, and at www.iccsafe.org, with the following modifications:
   a. Section 101.1 is modified by deleting "of [NAME OF JURISDICTION]",
   b. Sections 103.1 through 103.4.1 are deleted,
   c. Sections 104.1 through 104.7 are deleted,
   d. Sections 105.1 through 105.5 are deleted,
   e. Sections 106.1 through 106.5.3 are deleted,
   f. Sections 107.1 through 107.6 are deleted,

g. Sections 108.1 through 108.7.3 are deleted,
h. Sections 109.1 through 109.7 are deleted,
i. Sections 110.1 through 110.4 are deleted, and
j. Appendix B is deleted;

6. International Plumbing Code (2018), published by and available from the International Code Council, Inc., Publications, 4051 W. Flossmoor Road, Country Club Hills, IL 60478-5795, and at www.iccsafe.org, with the following modifications:
   a. Section 101.1 is modified by deleting "of [NAME OF JURISDICTION]",
   b. Sections 103.1 through 103.4.1 are deleted,
   c. Sections 104.1 through 104.7 are deleted,
   d. Sections 105.1 through 105.4.1 are deleted,
   e. Sections 106.1 through 106.6.3 are deleted,
   f. Sections 107.1 through 107.7 are deleted,
   g. Sections 108.1 through 108.7.3 are deleted,
   h. Sections 109.1 through 109.7 are deleted,
   i. Sections 110.1 through 110.4 are deleted, and
   j. Appendix A is deleted;
7. International Fire Code (2018), published by and available from the International Code Council, Inc., Publications, 4051 W. Flossmoor Road, Country Club Hills, IL 60478-5795, and at www.iccsafe.org, with the following modifications:
   a. Section 101.1 is modified by deleting "of [NAME OF JURISDICTION]",
   b. Sections 102.3 and 102.5 are deleted,
   c. Sections 103.1 through 103.4.1 are deleted,
   d. Sections 104.1 through 104.11.3 are deleted,
   e. Sections 105.1 through 105.7.25 are deleted,
   f. Sections 106.1 through 106.5 are deleted,
   g. Sections 107.1 through 107.4 are deleted,
   h. Sections 109.1 through 109.3 are deleted,
   i. Sections 110.1 through 110.4.1 are deleted,
   j. Sections 111.1 through 111.4 are deleted,
   k. Section 112.1 through 112.4 is deleted,
   l. Section 113.1.is deleted, and
   m. Appendix A is deleted;
8. International Fuel Gas Code (2018), published by and available from the International Code Council, Inc., Publications, 4051 W. Flossmoor Road, Country Club Hills, IL 60478-5795, and at www.iccsafe.org, with the following modifications:
   a. Section 101.1 is modified by deleting "of [NAME OF JURISDICTION]",
   b. Section 101.2 is modified by deleting the "Exception",
   c. Sections 103.1 through 103.4.1 are deleted,
   d. Sections 104.1 through 104.7 are deleted,
   e. Sections 105.1 through 105.5 are deleted,
   f. Sections 106.1 through 106.6.3 are deleted,
   g. Sections 107.1 through 107.6 are deleted,
   h. Sections 108.1 through 108.7.3 are deleted,
   i. Sections 109.1 through 109.7 are deleted, and
   j. Sections 110.1 through 110.4 are deleted;
9. International Private Sewage Disposal Code (2018), published by and available from the International Code Council, Inc., Publications, 4051 W. Flossmoor Road, Country Club Hills, IL 60478-5795, and at www.iccsafe.org, with the following modifications:
   a. Section 101.1 is modified by deleting "of [NAME OF JURISDICTION]",
   b. Sections 103.1 through 103.4.1 are deleted,
   c. Sections 104.1 through 104.7 are deleted,
   d. Sections 105.1 through 105.5 are deleted,
   e. Sections 106.1 through 106.4.3 are deleted,
   f. Sections 107.1 through 107.9 are deleted,
   g. Sections 108.1 through 108.7.2 are deleted,
   h. Sections 109.1 through 109.7 are deleted, and
   i. Sections 110.1 through 110.4 are deleted.

**C.** The Department shall not assess any penalty or fee specified in the physical plant health and safety codes and standards that are incorporated by reference in this Section.

**Historical Note**
New Section made by final expedited rulemaking, at 25 A.A.R. 3481 with an immediate effective date of November 5, 2019 (Supp. 19-4).

**R9-10-105. License Application**

**A.** A person applying for an initial a health care institution license shall submit to the Department an application packet that contains:

1. An application in a Department-provided format provided by the Department including:
   a. The health care institution's:
      i. Name;
      ii. Street address, city, state, zip code;
      iii. Mailing address;
      iv. Telephone number, and;
      v. E-mail address;
      vi. Tax ID number; and
      vii. Class or subclass listed in R9-10-102 for which licensing is requested;
   b. Except for a home health agency, or hospice service agency, or behavioral health facility, whether the health care institution is located within 1/4 mile of agricultural land;
   c. Whether the health care institution is located in a leased facility;
   d. Whether the health care institution is ready for a licensing inspection by the Department;
   e. If the health care institution is not ready for a licensing inspection by the Department, the date the health care institution will be ready for a licensing inspection;
   f. Whether the applicant agrees to allow the Department to submit supplemental requests for information under R9-10-108;
   g. Owner information including:
      i. The owner's name, mailing address, telephone number, and e-mail address;
      ii. Whether the owner is a sole proprietorship, a corporation, a partnership, a limited liability partnership, a limited liability company, or a governmental agency;
      iii. If the owner is a partnership or a limited liability partnership, the name of each partner;
      iv. If the owner is a limited liability company, the name of the designated manager or, if no manager is designated, the names of any two members of the limited liability company;
      v. If the owner is a corporation, the name and title of each corporate officer;
      vi. If the owner is a governmental agency, the name and title of the individual in charge of the governmental agency or the name of an individual in charge of the health care institution designated in writing by the individual in charge of the governmental agency;
      vii. Whether the owner or any person with 10% or more business interest in the health care institution has had a license to operate a health care institution denied, revoked, or suspended; the reason for the denial, suspension, or revocation; the date of the denial, suspension, or revocation; and the name and address of the licensing agency that denied, suspended, or revoked the license;
      viii. Whether the owner or any person with 10% or more business interest in the health care institution has had a health care professional license or certificate denied, revoked, or suspended; the reason for the denial, suspension, or revocation; the date of the denial, suspension, or revocation; and the name and address of the licensing agency that denied, suspended, or revoked the license or certificate; and
      ix. The name, title, address, and telephone number of the owner's statutory agent or the individual designated by the owner to accept service of process and subpoenas;
   h. The name and mailing address of the governing authority;
   i. The chief administrative officer's:
      i. Name,
      ii. Title,
      iii. Highest educational degree, and
      iv. Work experience related to the health care institution class or subclass for which licensing is requested; and
   j. Signature required in A.R.S. § 36-422(B);
2. If the health care institution is located in a leased facility, a copy of the lease showing the rights and responsibilities of the parties and exclusive rights of possession of the leased facility;
3. If applicable, a copy of the owner's articles of incorporation, partnership or joint venture documents, or limited liability documents;
4. If applicable, the name and mailing address of each owner or lessee of any agricultural land regulated under A.R.S. § 3-365 and a copy of the written agreement between the applicant and the owner or lessee of agricultural land as prescribed in A.R.S. § 36-421(D);
5. Except for a home health agency or a hospice service agency, one of the following:

a. If the health care institution or a part of the health care institution is required by this Chapter to comply with any of the physical plant codes and standards incorporated by reference in R9-10-104.01:
   i. An application packet for approval of architectural plans and specifications in R9-10-104(A), or
   ii. Documentation of the Department's approval of the health care institution's architectural plans and specifications approval in R9-10-104 R9-10-104(D); or
b. If a no part of the health care institution or a part of the health care institution is not required by this Chapter to comply with any of the physical plant codes and standards incorporated by reference in R9-10-104.01:
   i. One of the following:
      (1) Documentation from the local jurisdiction of compliance with applicable local building codes and zoning ordinances; or
      (2) If documentation from the local jurisdiction is not available, documentation of the unavailability of the local jurisdiction compliance and documentation of a general contractor's inspection of the facility that states the facility is safe for occupancy as the applicable health care institution class or subclass;
   ii. The licensed capacity requested by the applicant for the health care institution;
   iii. If applicable, the licensed occupancy requested by the applicant for the health care institution;
   iv. If applicable, the respite capacity requested by the applicant for the health care institution;
   v. A site plan showing each facility, the property lines of the health care institution, each street and walkway adjacent to the health care institution, parking for the health care institution, fencing and each gate on the health care institution premises, and, if applicable, each swimming pool on the health care institution premises; and
   vi. A floor plan showing, for each story of a facility, the room layout, room usage, each door and each window, plumbing fixtures, each exit, and the location of each fire protection device;

6. The health care institution's proposed scope of services; and
7. The applicable application fee required by R9-10-106.

**B.** In addition to the initial license application requirements in this Section, an applicant shall comply with the supplemental application requirements in specific rules in this Chapter for the health care institution class or subclass for which licensing is requested.

**C.** The Department shall approve or deny a license application in this Section according to R9-10-108.

**D.** A health care institution license is valid:
1. Unless, as specified in A.R.S. § 36-425(C):
   a. The Department revokes or suspends the license according to R9-10-112, or
   b. The license is considered void because the licensee did not pay the applicable fees in R9-10-106 according to R9-10-107; or
2. Until a licensee voluntarily surrenders the license to the Department when terminating the operation of the health care institution, according to R9-10-109(B).

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). Amended by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3). Amended by final expedited rulemaking, at 25 A.A.R. 3481 with an immediate effective date of November 5, 2019 (Supp. 19-4).

**R9-10-106. Fees**

**A.** An applicant who submits to the Department architectural plans and specifications for the construction or modification of a health care institution shall also submit an architectural plans and specifications review fee as follows:
1. Fifty dollars for a project with a cost of $100,000 or less;
2. One hundred dollars for a project with a cost of more than $100,000 but less than $500,000; or
3. One hundred fifty dollars for a project with a cost of $500,000 or more.

**B.** An applicant submitting an application for a health care institution license shall submit to the Department an application fee of $50.

**C.** Except as provided in subsection (D) or (E), an applicant submitting an application for a health care institution license or a licensee submitting annual health care institution licensing fees shall submit to the Department the following licensing fee:
1. For an adult day health care facility, assisted living home, or assisted living center:
   a. For a facility with no licensed capacity, $280;
   b. For a facility with a licensed capacity of one to 59 beds, $280, plus the licensed capacity times $70;
   c. For a facility with a licensed capacity of 60 to 99 beds, $560, plus the licensed capacity times $70;
   d. For a facility with a licensed capacity of 100 to 149 beds, $840, plus the licensed capacity times $70; or
   e. For a facility with a licensed capacity of 150 beds or more, $1,400, plus the licensed capacity times $70;
2. For a behavioral health facility:
   a. For a facility with no licensed capacity, $375;
   b. For a facility with a licensed capacity of one to 59 beds, $375, plus the licensed capacity times $94;
   c. For a facility with a licensed capacity of 60 to 99 beds, $750, plus the licensed capacity times $94;
   d. For a facility with a licensed capacity of 100 to 149 beds, $1,125, plus the licensed capacity times $94; or

e. For a facility with a licensed capacity of 150 beds or more, $1,875, plus the licensed capacity times $94;

3. For a behavioral health facility providing behavioral health observation/stabilization services, in addition to the applicable fee in subsection (C)(2), the licensed occupancy times $94;
4. For a nursing care institution, an intermediate care facility for individuals with intellectual disabilities, or a nursing-supported group home:
   a. For a facility with a licensed capacity of one to 59 beds, $290, plus the licensed capacity times $73;
   b. For a facility with a licensed capacity of 60 to 99 beds, $580, plus the licensed capacity times $73;
   c. For a facility with a licensed capacity of 100 to 149 beds, $870, plus the licensed capacity times $73; or
   d. For a facility with a licensed capacity of 150 beds or more, $1,450, plus the licensed capacity times $73;
5. For a hospital, a home health agency, a hospice service agency, a hospice inpatient facility, an abortion clinic, a recovery care center, an outpatient surgical center, an outpatient treatment center that is not a behavioral health facility, a pain management clinic, or an unclassified health care institution:
   a. For a facility with no licensed capacity, $365;
   b. For a facility with a licensed capacity of one to 59 beds, $365, plus the licensed capacity times $91;
   c. For a facility with a licensed capacity of 60 to 99 beds, $730, plus the licensed capacity times $91;
   d. For a facility with a licensed capacity of 100 to 149 beds, $1,095, plus the licensed capacity times $91; or
   e. For a facility with a licensed capacity of 150 beds or more, $1,825, plus the licensed capacity times $91;
6. For a hospital providing behavioral health observation/stabilization services, in addition to the applicable fee in subsection (C)(5), the licensed occupancy times $91; and
7. For an outpatient treatment center that is not a behavioral health facility and provides:
   a. Dialysis services, in addition to the applicable fee in subsection (C)(5), the number of dialysis stations times $91; and
   b. Behavioral health observation/stabilization services, in addition to the applicable fee in subsection (C)(5), the licensed occupancy times $91.

**D.** In addition to the applicable fees in subsections (C)(5) and (C)(6), an applicant submitting an application for a single group hospital license or a licensee with a single group license submitting annual health care institution licensing fees shall submit to the Department an additional fee of $365 for each of the hospital's satellite facilities and, if applicable, the fees required in subsection (C)(7).

**E.** Subsections (C) and (D) do not apply to a health care institution operated by a state agency according to state or federal law or to an adult foster care home.

**F.** In addition to the applicable fees in subsections (C) and (D), a licensee shall submit a late payment fee of $250 if submitting annual licensing fees according to R9-10-107(E)(1) or (2)(d).

**G.** All fees are nonrefundable except as provided in A.R.S. § 41-1077.

**Historical Note**

New Section R9-10-106 renumbered from R9-10-122 and amended by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final rulemaking at 24 A.A.R. 3020, effective January 1, 2019 (Supp. 18-4). Amended by exempt rulemaking at 25 A.A.R. 1222, effective April 25, 2019 (Supp. 19-2). Amended by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3). Amended by exempt rulemaking at 28 A.A.R. 927 (May 6, 2022), with an immediate effective date of April 15, 2022 (Supp. 22-2).

**R9-10-107. Submission of Health Care Institution Licensing Fees**

**A.** An applicant for a health care institution license shall submit the applicable licensing fees in R9-10-106 to the Department:
1. Within 60 calendar days after the date of the written notice of approval in R9-10-108(C)(3); or
