This rulemaking from the Department of Health Services (Department) seeks to amend the rules at 9 A.A.C. 10 to comply with Laws 2017, Ch. 122. This law eliminates renewal licensure for health care institutions and states that a health care institution license remains valid unless the Department subsequently suspends or revokes the license or if the health care institution fails to pay a licensing fee by a specified due date. This law also requires the Department to establish rules relating to the payment of licensing fees and modifies information and documentation required to be submitted as part of a licensing application.

In this rulemaking, the Department also seeks to make other changes to 9 A.A.C. 10 consistent with its previously approved five year review reports. This includes amendments to the rules to implement provisions of Laws 2017, Ch. 134 related to recidivism reduction staff in adult residential care institutions.

1. Are the rules legal, consistent with legislative intent, and within the agency's statutory authority?

Yes, the Department cites to both general and specific authority for the rules.

2. Do the rules establish a new fee or contain a fee increase?

No, the rules do not establish a new fee or contain a fee increase. However, the rules reinstate fees that expired under A.R.S. § 41-1008(E) on June 30, 2016. The fees are authorized under A.R.S. § 36-405(B)(5).

3. Summary of the agency's economic impact analysis:

The Department licenses over 6,400 health care institutions. As of February 2019, these include:

- 110 hospitals
- 54 behavioral health inpatient facilities
- 146 nursing care institutions
- 3 recovery care centers
- 7 hospice inpatient facilities
- 208 outpatient surgical centers
- 2,472 outpatient treatment centers
- 1 behavioral health specialized transitional facility
- 3 abortion clinics
- 3 substance abuse transitional facilities
- 576 behavioral health residential facilities
- 171 hospice service agencies
- 217 home health agencies
- 2,084 assisted living facilities
- 21 adult day health care facilities
- 13 behavioral health respite homes

- 45 adult behavioral health therapeutic homes
- 239 counseling facilities
- 43 unclassified health care institutions

In this rulemaking, the Department is eliminating the requirement for health care institutions to submit renewal applications for licensure. Health care institutions will still be required to pay annual fees to keep their licenses current. The Department is also reinstating fees on some health care institutions and requiring that all health care institutions always have at least one staff member on site who is capable of communicating in English.

4. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?

The Department concludes that the rules will remove burdensome requirements to submit renewal applications. The Department is adding minimally intrusive requirements for some health care institutions. The benefits outweigh the costs.

5. What are the economic impacts on stakeholders?

Key stakeholders are the Department, health care institutions, the personnel of health care institutions, patients of health care institutions, and the general public.

The Department will benefit from clearer rules and the elimination of license renewal requirements. The Department will still receive annual licensing fees, but there will no longer be an application submitted. The Department anticipates that this change will benefit the Department because fewer resources will be devoted to processing renewal applications.

The Department is also reinstating fees on health care facilities that previously expired on June 30, 2016. The Department estimates that it will receive approximately \$270,000 in additional annual revenue by reinstating these fees. In FY 2018, the Department received \$6.2 million in fees for health care institution licensing, and the Department estimates that it incurred \$7 million in direct and indirect expenditures. The Department notes that reinstating these fees will not fully cover the annual health care institution licensing shortfall.

The Department is reinstating annual licensing fees on the following health care institutions:

- Behavioral health facilities that provide behavioral health observation/stabilization services (\$94 per occupant)
- Hospitals or outpatient treatment centers that provide behavioral health observation/stabilization services (\$91 per occupant)
- Outpatient treatment centers providing dialysis services (\$91 per dialysis station)

- Hospital satellite facilities (\$365 per facility)

Health care institutions will benefit from this rulemaking because they will no longer be required to submit renewal applications each year. Other minor costs imposed on health care facilities include requiring one staff member to remain on site who can communicate in English and reinstating the licensure fees listed above. The Department indicates that the clarified rules will benefit regulated health care institutions.

The personnel of health care institutions, patients of health care institutions, and the general public will all benefit from this rulemaking because it makes the rules clearer and more understandable.

6. Does the agency adequately address the comments on the proposed rules and any supplemental proposals?

The Department indicates that it received three written comments during the public comment period. The Department held an oral proceeding on April 15, 2019. Three stakeholders attended the oral proceeding and provided oral comments. Council staff finds that the Department adequately addressed the comments. In response to one of the comments, the Department revised the language of R9-10-306(J) between the Notice of Proposed Rulemaking and the Notice of Final Rulemaking.

7. Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?

No. The Department indicates that it made some clarifying and technical, but not substantive, changes between the Notice of Proposed Rulemaking and the Notice of Final Rulemaking. Specifically, the Department made changes to R9-10-101, R9-10-102, R9-10-106, R9-10-201, R9-10-306(J), R9-10-401, and R9-10-801. Council staff finds that these changes are not substantially different under A.R.S. § 41-1025.

8. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?

Not applicable.

9. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?

The Department cites A.R.S. § 36-407 (Prohibited acts; required acts), which states that

[a] person shall not establish, conduct or maintain in this state a health care institution or any class or subclass of health care institution unless that person holds a current and valid license issued by the department specifying the class or subclass of health

care institution the person is establishing, conducting or maintaining. The license is valid only for the establishment, operation and maintenance of the class or subclass of health care institution, the type of services and, except for emergency admissions as prescribed by the director by rule, the licensed capacity specified by the license.

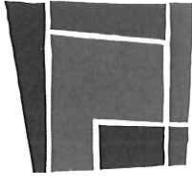

Therefore, a general permit is not applicable and is not used.

10. Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?

The Department did not review or rely on any study in conducting this rulemaking.

11. Conclusion

The Department is requesting an effective date of July 1, 2019 to provide sufficient time for the Department and stakeholders to implement the new rules and begin perpetual licensing as soon as possible. Council staff finds that the public interest will not be harmed with an earlier effective date. Council staff recommends approval of this rulemaking.

RE: 9 A.A.C. 10, Department of Health Services – Health Care Institutions: Licensing

Dear Ms. Wilhelm:

Enclosed are the administrative rules identified above which I am submitting, as the Designee of the Director of the Department of Health Services, for approval by the Governor's Regulatory Review Council (Council) under A.R.S. § 41-1052.

The following information is provided for your use in reviewing the enclosed rule package pursuant to A.R.S. § 41-1052 and A.A.C. R1-6-104:

- The close of record:
The close of record was April 15, 2019. Submission of the rules is within the 120 days allowed for Final Rulemaking.
- Procedures followed:
As required by the Administrative Procedure Act, a Notice of Rulemaking Docket Opening was filed with the Office of the Secretary of State and published in the *Arizona Administrative Register* on September 7, 2018. A Notice of Proposed Rulemaking was filed with the Office of the Secretary of State and published in the *Arizona Administrative Register* on March 15, 2019. The Department held one oral proceeding on April 15, 2019. The Department received three written comments, and three oral comments were received during the oral proceeding.
- Whether the rulemaking relates to a five-year-review report and, if applicable, the date the report was approved by the Council:
The rulemaking for 9 A.A.C. 10 makes changes to comply with Laws 2017, Ch. 122, as well as making other changes described in seven five-year-review reports approved by the Governor's Regulatory Review Council on October 3, 2017; March 6, 2018; July 12, 2018; and October 2, 2018. The rulemaking also includes changes to implement Laws 2017, Ch. 134, related to recidivism reduction staff in adult residential care institutions, as described in the five-year-review report for 9 A.A.C. 10, Article 7, approved on October 2, 2018.

Douglas A. Ducey | Governor Cara M. Christ, MD, MS | Director

4. Whether the rule contains a new fee and, if it does, citation of the statute expressly authorizing the new fee:
The rulemaking does not contain a new fee, but reinstates fees that expired under A.R.S. § 41-1008(E) on June 30, 2016 and are authorized by A.R.S. § 36-405(B)(5).
5. Whether the rule contains a fee increase:
The rulemaking does not contain a fee increase.
6. Whether an immediate effective date is requested for the rule under A.R.S. § 41-1032:
The Department is requesting an effective date for this rulemaking of July 1, 2019.
7. A list of all items enclosed:
 - a. Notice of Final Rulemaking, including the Preamble, Table of Contents, and text of the rule;
 - b. Copies of the written comments;
 - c. Economic, Small Business, and Consumer Impact Statement; and
 - d. Statutory authority and references.

The Department is requesting that the rules be heard at the Council meeting on June 4, 2019.

I certify that the Preamble of this rulemaking discloses a reference to any study relevant to the rule that the Department reviewed and either did or did not rely on in its evaluation of or justification for the rule. I also certify that the Joint Legislative Budget Committee has been notified that no new full-time employees are necessary to implement and enforce the rules.

Sincerely,

Robert Lane
Director's Designee

6. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:

In order to ensure public health, safety, and welfare, Arizona Revised Statutes (A.R.S.) §§ 36-405 and 36-406 require the Arizona Department of Health Services (Department) to adopt rules establishing minimum standards and requirements for construction, modification, and licensure of health care institutions. The Department has adopted rules for licensing health care institutions in Arizona Administrative Code (A.A.C.) Title 9, Chapter 10. Laws 2017, Ch. 122 eliminates renewal licensure for health care institutions and states that a health care institution license remains valid unless subsequently suspended or revoked by the Department or the health care institution fails to pay a licensing fee by a specified due date. Laws 2017, Ch. 122 also requires the Department to establish rules regarding the payment of licensing fees and modifies information and documentation required to be submitted as part of a licensing application. In this rulemaking, the Department is revising the rules in 9 A.A.C. 10 to comply with Laws 2017, Ch. 122. As part of the rulemaking, the Department is also making other changes to rules in 9 A.A.C. 10 described in five-year-review reports approved by the Governor's Regulatory Review Council, including changes to implement Laws 2017, Ch. 134 related to recidivism reduction staff in adult residential care institutions. The new rules conform to rulemaking format and style requirements of the Governor's Regulatory Review Council and the Office of the Secretary of State.

7. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

The Department did not review or rely on any study for this rulemaking.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:

Not applicable

9. The summary of the economic, small business, and consumer impact:

Annual cost/revenue changes are designated as minimal when \$2,000 or less, moderate when between \$2,000 and \$10,000, and substantial when \$10,000 or greater in additional costs or revenues. A cost is listed as significant when meaningful or important, but not readily subject to quantification. The Department anticipates that persons affected by the rulemaking include the Department, health care institutions, personnel members, patients of a health care institution and their families, and the general public. This summary covers costs and benefits associated with the rule changes and may refer to, but not assess, effects imposed by statutes made or changed by Laws 2017, Ch. 122 or Ch. 134.

The Department anticipates that the change to perpetual licenses for health care institutions will provide a moderate benefit to the Department through less staff time being spent processing renewal applications. Changes to clarify requirements may provide a significant benefit to the Department through less staff time being spent answering questions about the rules, and the change requiring that a personnel member who is able to read, write, understand, and communicate in English must be on the premises of the behavioral health residential facility may also reduce wasted time during an inspection and provide a significant benefit to the Department. The Department believes that the changes to the application packets and notification requirements may also provide a significant benefit to Department. Reducing the time for an applicant to supply missing information or documents before an application or written request is considered withdrawn or to submit information or documentation requested during the substantive review time-frame for a modification not requiring architectural plans and specifications may also provide a significant benefit. As part of the 2014 exempt rulemaking, the Department added fees related to licensed occupancy, dialysis stations, and satellite facilities. Because these fees were not re-made by regular rulemaking, they expired. In this rulemaking, the Department is remaking these fees, which will provide the Department with a substantial increase in revenue.

Health care institutions are expected to receive a significant benefit from not having to go through the license renewal process. The Department anticipates that a health care institution applying for licensure or for approval of a modification not requiring architectural plans and specifications may incur at most minimal additional costs due to the reduction in time for submitting missing components of an application packet or submitting information or documentation requested during the substantive review time-frame. The Department estimates that a health care institution may incur at most minimal costs for providing documentation when notifying the Department of a change affecting a license or for other clarifying changes. The

Department anticipates that changes making current requirements in the rules clearer and easier to understand may cause a health care institution that was not interpreting a requirement consistent with the Department's understanding to incur minimal-to-moderate costs for compliance.

A hospital may incur at most minimal costs from the clarification that a governing authority applying for a single group license is required to include the class or subclass of the satellite facility and the list of services to be provided at the satellite facility. The new rules also clarify the requirements for a "seclusion room" in response to a written criticism of the rules. The Department anticipates that a hospital may receive a significant benefit from the clarity of the rules and minimal-to-moderate benefit from not having to provide additional information after an application is submitted or incorrectly designing a "secure hold room" with the same characteristics as a room used for seclusion in a psychiatric unit of the hospital. However, a hospital may incur minimal-to-moderate costs due to the reinstatement of fees for satellite facilities.

The new rules address an apparent inconsistency in the use of restraints in nursing care institutions. The Department believes that a nursing care institution that was inappropriately using restraints may incur minimal-to-moderate costs to change the procedures being followed and that this clarification may provide all nursing care institutions with a significant benefit. Similarly, several changes may cause a behavioral health inpatient facility to incur minimal-to-moderate additional costs but are necessary to protect the health and safety of patients. These include requirements for establishing an acuity plan, for determining a patient's acuity, and for staffing based on patient acuity, as well as changes reducing the time to perform a medical history and physical examination on a patient after admission and to document the results. It is possible that changes to the definition of "behavioral health professional" and requirements related to an on-call physician or registered nurse practitioner, being made to protect the health and safety of patients, may also cause a behavioral health inpatient facility to incur minimal-to-moderate additional costs. To offset some of these costs, the new rules allow medical services in a behavioral health inpatient facility to be provided under the direction of a registered nurse practitioner, as well as under a physician, and include options for a behavioral health inpatient facility to ensure access to a physician or registered nurse practitioner.

The Department has learned of several instances of harm to a resident of a behavioral health residential facility due to the resident not receiving an adequate assessment of the resident's condition and needs in a timely manner. The new rules reduce the maximum time before a medical practitioner performs a medical history and physical examination or a registered nurse

performs a nursing assessment a new resident, as well as the time for documenting an interval note after new information is obtained to ensure personnel members have up-to-date information about a resident. Although the Department believes that most well-run facilities already meet these new standards, the Department anticipates that these changes may impose a minimal-to-moderate additional cost on a behavioral health residential facility that was waiting until the maximum time limit to perform these actions. The Department also believes that a behavioral health residential facility may incur at most minimal additional costs to ensure that a personnel member who can communicate in English is scheduled to work on each shift.

Changes are also being made to requirements for assisted living facilities that may affect costs. These include a requirement for policies and procedures by which an assisted living facility is aware of the general or specific whereabouts of a resident, for documenting staffing, and for the manager of an assisted living home to ensure that there is a plan for back-up so that assisted living services are provided to a resident if the manager or a caregiver assigned to work is not available or not able to provide the required assisted living services. The Department expects that these changes may cause an assisted living facility, including an assisted living home, to incur minimal costs and to receive a significant benefit from providing better care to residents.

The reinstatement of fees related to licensed occupancy and dialysis stations affect outpatient treatment centers, and fees related to licensed occupancy also affect behavioral health inpatient facilities. An outpatient treatment center providing observation stabilization services may incur a minimal-to-moderate increase in licensing fees due to the reinstatement of fees related to licensed occupancy. A behavioral health inpatient facility providing observation stabilization services may also incur a minimal-to-moderate increase due to the reinstatement of these fees. An outpatient treatment center providing dialysis services may incur a minimal-to-moderate increase due to the reinstatement of fees related to dialysis stations.

The Department anticipates that the changes clarifying requirements may provide a significant benefit to a personnel member of a health care institution by making it easier to understand and comply with the requirements. Changes adding options for ensuring access to a physician or registered nurse practitioner for a behavioral health inpatient facility may cause a personnel member to spend more time communicating and, thus, incur minimal costs. A personnel member who is an on-call physician or registered nurse practitioner may incur minimal-to-moderate costs from having to be on the premises of a behavioral health inpatient facility within 30 minutes after being summoned to come, but they may also receive a minimal-to-moderate benefit from being able to respond through teleconferencing. A personnel member who

is recidivism reduction staff may receive a significant benefit from the new rules specifying methods to comply with A.R.S. § 36-411.01 that may provide some consistency in an evaluation by a prospective employer.

A patient or resident of a health care institution may receive a significant benefit from improved services being provided by personnel members who better understand and comply with the clarified rules. A resident of a behavioral health residential facility and family members may also receive a significant benefit from the requirement for a personnel member who can communicate in English to be on the premises, especially if the resident or family member only understands English. A patient of a behavioral health inpatient facility and a resident of a behavioral health residential facility or assisted living facility, as well as their families, may also receive a significant benefit from changes in the new rules to improve the health and safety of patients/residents. The requirements in the new rules specific to recidivism reduction services may also help ensure the safety of residents receiving recidivism reduction services and improve the effectiveness of recidivism reduction services, providing a significant benefit to an individual receiving recidivism reduction services and their families.

The Department believes that the changes being made in the new rules will make the rules more effective and enable health care institutions to provide better treatment. Having rules that are more easily understood, complied with, and enforced may provide a significant benefit to the general public.

10. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:

Changes were made to R9-10-101, R9-10-102, and R9-10-106 between the proposed rulemaking and the final rulemaking to make these rules consistent with changes made to the rules through an exempt rulemaking to comply with SB 1211 (Laws 2019, Ch. 133), filed with the Office of the Secretary of State on April 25, 2019. Definitions of “rehabilitation services” and “full-time,” added to R9-10-101 as part of that rulemaking, were removed from R9-10-201 and R9-10-401, respectively, and the definition of “common area,” included in R9-10-801 in the proposed rules, was removed. Additional changes were made to the definition of “behavioral health professional” and to R9-10-306(J) as described below and to correct typographical errors or clarify current requirements.

11. An agency’s summary of the public stakeholder comments made about the rulemaking and the agency response to the comments:

The Department received three written comments during the public comment period. The Department held an oral proceeding for the proposed rules on April 15, 2019, which three stakeholders attended and provided oral comments. The Department thanks the stakeholders for the comments. A summary of the concerns expressed in the written comments and the oral comments is provided below, along with the Department’s responses.

Comment	Department’s Response
<p>One comment was received from a representative of Partners in Recovery, a company with seven licensed outpatient treatment centers in Arizona. The individual expressed concern that the Department has changed the definition of “behavioral health professional” to remove registered nurses. The individual stated that the “Nursing Board does not currently recognize a specialization in Psychiatric Mental Health Nursing, although this is a common certification in other states.”</p>	<p>Under the 2013 exempt rulemaking for the rules in 9 A.A.C. 10, “behavioral health professional” was defined as: “behavioral health professional” means an individual licensed under A.R.S. Title 32 whose scope of practice allows the individual to: independently engage in the practice of behavioral health as defined in A.R.S. § 32-3251; or, as an exempt professional, engage in the practice of behavioral health as defined in A.R.S. § 32-3251 under direct supervision as defined in A.A.C. R4-6-101.</p> <p>The definition was changed to the current definition during the 2014 exempt rulemaking at stakeholder request. Because so many of the functions required of a behavioral health professional are outside the scope of a registered nurse without additional experience and training, the Department believed that this inclusion of a registered nurse in the list of licensed individuals eligible to be a behavioral health professional was incorrect, and the Department planned to correct the error as part of this rulemaking by removing “registered nurse” from the list. In response to stakeholder comments while the rules were being drafted, including comments from the first stakeholder who described how “Psychiatric-Mental Health Nurses are qualified behavioral health professionals,” the Department included on the list a “registered nurse with a psychiatric-mental health nursing certification” in the proposed rules. To further ease stakeholder concern, the Department plans to revise the definition of “behavioral health professional” to include a registered nurse who has a psychiatric-mental health nursing certification or one year of experience providing behavioral health services.</p>
<p>Another written comment, containing a request for three changes, was received from a stakeholder asking for the rules to be changed to include a registered nurse “with a minimum of one year experience in a behavioral health setting.”</p>	
<p>The stakeholder at the oral proceeding echoed these requests for the definition of “Behavioral Health Professional” to be expanded to include a registered nurse with one year of behavioral health work experience.</p>	
<p>One comment was received from a stakeholder asking the Department to lower the age of personnel members from 21 to 18 years of age in R9-10-306, R9-10-706, R9-10-1011, and R9-10-1405.</p>	<p>There is a difference between personnel members and other types of employees. Personnel members provide direct services to patients/residents/participants; other employees do not. When the rules in Chapter 10 were amended in 2013 to integrate behavioral health services and physical health services in health care institutions, the requirement for a personnel member providing behavioral health services to be at least 21 years of age, which had been in A.A.C. R9-20-204, was included in applicable Sections of Chapter 10. This requirement in R9-20-204 had been in place since 2001 and resulted from a consensus that individuals who provide direct services to individuals receiving behavioral health services may need more maturity than would be expected from the general 18-year-old. This topic is not part of Laws 2017, Ch. 122 or Laws 2017, Ch. 134; nor was the issue identified as part of a five-year-review of an Article in the Chapter. Two Sections mentioned in the comment are not part of the rulemaking. Therefore, it is outside the scope of the Department’s exception from the rulemaking moratorium under which this rulemaking is</p>
<p>Another request from the stakeholder above asked that existing rules in R9-10-306, R9-10-706, R9-10-1011, and R9-10-1405 be changed to lower the age of personnel members from 21 to 18 years of age, consistent with the minimum age for other employees.</p>	

holder at the oral proceeding also asked for the minimum age of personnel members providing behavioral health services to be 18 years of age.	being conducted. In addition, personnel members providing behavioral health services, who are not licensed under A.R.S. Title 32, Chapter 33, are likely to be considered behavioral health technicians or behavioral health paraprofessionals. By definition, these individuals provide services “that, if provided in a setting other than a health care institution, would be required to be provided by an individual licensed under A.R.S. Title 32, Chapter 33.” In A.R.S. § 32-3275, an applicant for licensure under A.R.S. Title 32, Chapter 33 must be at least 21 years of age. No change is being made as a result of these comments. However, the Department will consider the comments as written criticism of the rules during the next five-year review of the Sections cited.
stakeholder at the oral proceeding requested that the minimum age of personnel members be lowered to 18 years of age to allow for peer interactions for youth receiving behavioral health services.	
rd stakeholder at the oral proceeding also requested that the minimum age of personnel members providing behavioral health services be reduced to assist in workforce development.	
rd request from the stakeholder above asked for the wording of R9-10-306(J) to be changed to clarify the connection between “on-call” and telemedicine.	

partment recognizes that the wording of R9-10-306(J), as proposed, could cause some confusion and plans to revise the rule as follows:

J. An administrator shall ensure that:

1. A physician or registered nurse practitioner is:
 - a. ~~present~~ Present on the behavioral health inpatient facility’s premises; or
 - b. ~~on-call~~ On-call and:
 - i. Available through telemedicine, or
 - ii. On the premises within 30 minutes after a request to come to the behavioral health inpatient facility;

12. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

A.R.S. § 36-407 prohibits a person from establishing, conducting, or maintaining “a health care institution or any class or subclass of health care institution unless that person holds a current and valid license issued by the [D]epartment specifying the class or subclass of health care institution the person is establishing, conducting or maintaining.” A health care institution license is specific to the licensee, class or subclass of health care institution, facility location, and scope of services provided. As such, a general permit is not applicable and is not used.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

Not applicable

- c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**

No business competitiveness analysis was received by the Department.

- 13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:**

Materials incorporated by reference in the rules that are part of this rulemaking are:

- In R9-10-113(A)(2) - Guidelines for Preventing the Transmission of Mycobacterium tuberculosis in Health-care Settings, 2005
- In R9-10-1018(M) – Reprocessing of Hemodialyzers, ANSI/AAMI RD47:2008/(R)2013
- In R9-10-1018(N) - Dialysis Water and Dialysate Recommendations: A User Guide

- 14. Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the *Register* as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:**

Not applicable

- 15. The full text of the rules follows:**

ARTICLE 1. GENERAL

R9-10-101. Definitions

In addition to the definitions in A.R.S. § §§ 36-401(A) and 36-439, the following definitions apply in this Chapter unless otherwise specified:

1. “Abortion clinic” has the same meaning as in A.R.S. § 36-449.01.
2. “Abuse” means:
 - a. The same:
 - i. For an individual 18 years of age or older, as in A.R.S. § 46-451; and
 - ii. For an individual less than 18 years of age, as in A.R.S. § 8-201;
 - b. A pattern of ridiculing or demeaning a patient;
 - c. Making derogatory remarks or verbally harassing a patient; or
 - d. Threatening to inflict physical harm on a patient.
3. “Accredited” has the same meaning as in A.R.S. § 36-422.
4. “Active malignancy” means a cancer for which:
 - a. A patient is undergoing treatment, such as through:
 - i. One or more surgical procedures to remove the cancer;
 - ii. Chemotherapy, as defined in A.A.C. R9-4-401; or
 - iii. Radiation treatment, as defined in A.A.C. R9-4-401;
 - b. There is no treatment; or
 - c. A patient is refusing treatment.
5. “Activities of daily living” means ambulating, bathing, toileting, grooming, eating, and getting in or out of a bed or a chair.
6. “Acuity” means a patient’s need for medical services, nursing services, or behavioral health services based on the patient’s medical condition or behavioral health issue.
7. “Acuity plan” means a method for establishing nursing personnel requirements by unit based on a patient’s acuity.
- ~~6.8.~~ “Adjacent” means not intersected by:
 - a. Property owned, operated, or controlled by a person other than the applicant or licensee; or
 - b. A public thoroughfare.
- ~~7.9.~~ “Administrative completeness review time-frame” has the same meaning as in A.R.S. § 41-1072.

- ~~8-10.~~ “Administrative office” means a location used by personnel for recordkeeping and record retention but not for providing medical services, nursing services, behavioral health services, or health-related services.
- ~~9-11.~~ “Admission” or “admitted” means, after completion of an individual’s screening or registration by a health care institution, the individual begins receiving physical health services or behavioral health services and is accepted as a patient of the health care institution.
- ~~10-12.~~ “Adult” has the same meaning as in A.R.S. § 1-215.
- ~~11-13.~~ “Adult behavioral health therapeutic home” means a residence that provides room and board, assists in acquiring daily living skills, coordinates transportation to scheduled appointments, monitors behaviors, assists in the self-administration of medication, and provides feedback to a case manager related to behavior for an individual 18 years of age or older based on the individual’s behavioral health issue and need for behavioral health services and may provide behavioral health services under the clinical oversight of a behavioral health professional.
14. “Adult residential care institution” means a subclass of behavioral health residential facility that only admits residents 18 years of age and older and provides recidivism reduction services.
- ~~12-15.~~ “Adverse reaction” means an unexpected outcome that threatens the health or safety of a patient as a result of a medical service, nursing service, or health-related service provided to the patient.
16. “Affiliated counseling facility” means a counseling facility that shares administrative support with one or more other counseling facilities that operate under the same governing authority.
17. “Affiliated outpatient treatment center” means an outpatient treatment center authorized by the Department to provide behavioral health services that provides administrative support to a counseling facility or counseling facilities that operate under the same governing authority as the outpatient treatment center.
18. “Alternate licensing fee due date” means the last calendar day in a month each year, other than the anniversary date of a facility’s health care institution license, by which a licensee is required to pay the applicable fees in R9-10-106.
- ~~13-19.~~ “Ancillary services” means services other than medical services, nursing services, or health-related services provided to a patient.

- ~~14~~20. “Anesthesiologist” means a physician granted clinical privileges to administer anesthesia.
- ~~15~~21. “Applicant” means a governing authority requesting:
- a. Approval of a health care institution’s architectural plans and specifications for construction or modification,
 - b. Approval of a modification,
 - c. Approval of an alternate licensing fee due date, or
 - ~~b~~d. A health care institution license.
- ~~16~~22. “Application packet” means the information, documents, and fees required by the Department for the:
- a. Approval of a health care institution's ~~modification or~~ architectural plans and specifications for construction or modification,
 - b. Approval of a modification,
 - c. Approval of an alternate licensing fee due date, or
 - ~~b~~d. Licensing of a health care institution.
- ~~17~~23. “Assessment” means an analysis of a patient’s need for physical health services or behavioral health services to determine which services a health care institution will provide to the patient.
- ~~18~~24. “Assistance in the self-administration of medication” means restricting a patient’s access to the patient’s medication and providing support to the patient while the patient takes the medication to ensure that the medication is taken as ordered.
- ~~19~~25. “Attending physician” means a physician designated by a patient to participate in or coordinate the medical services provided to the patient.
- ~~20~~26. “Authenticate” means to establish authorship of a document or an entry in a medical record by:
- a. A written signature;
 - b. An individual’s initials, if the individual’s written signature appears on the document or in the medical record;
 - c. A rubber-stamp signature; or
 - d. An electronic signature code.
- ~~21~~27. “Authorized service” means specific medical services, nursing services, behavioral health services, or health-related services provided by a specific health care institution class or subclass for which the health care institution is required to obtain approval from the Department before providing the medical services, nursing services, or health-related

services.

~~22-28.~~ “Available” means:

- a. For an individual, the ability to be contacted and to provide an immediate response by any means possible;
- b. For equipment and supplies, physically retrievable at a health care institution; and
- c. For a document, retrievable by a health care institution or accessible according to the applicable time-frames in this Chapter.

~~23-29.~~ “Behavioral care”:

- a. Means limited behavioral health services, provided to a patient whose primary admitting diagnosis is related to the patient’s need for physical health services, that include:
 - i. Assistance with the patient’s psychosocial interactions to manage the patient’s behavior that can be performed by an individual without a professional license or certificate including:
 - (1) Direction provided by a behavioral health professional, and
 - (2) Medication ordered by a medical practitioner or behavioral health professional; or
 - ii. Behavioral health services provided by a behavioral health professional on an intermittent basis to address the patient’s significant psychological or behavioral response to an identifiable stressor or stressors; and
- b. Does not include court-ordered behavioral health services.

~~24-30.~~ “Behavioral health facility” means a behavioral health inpatient facility, a behavioral health residential facility, a substance abuse transitional facility, a behavioral health specialized transitional facility, an outpatient treatment center that only provides behavioral health services, an adult behavioral health therapeutic home, a behavioral health respite home, or a counseling facility.

~~25-31.~~ “Behavioral health inpatient facility” means a health care institution that provides continuous treatment to an individual experiencing a behavioral health issue that causes the individual to:

- a. Have a limited or reduced ability to meet the individual’s basic physical needs;
- b. Suffer harm that significantly impairs the individual’s judgment, reason, behavior, or capacity to recognize reality;
- c. Be a danger to self;

- d. Be a danger to others;
 - e. Be persistently or acutely disabled, as defined in A.R.S. § 36-501; or
 - f. Be gravely disabled.
- ~~26-32.~~ “Behavioral health issue” means an individual’s condition related to a mental disorder, a personality disorder, substance abuse, or a significant psychological or behavioral response to an identifiable stressor or stressors.
- ~~27-33.~~ “Behavioral health observation/stabilization services” means crisis services provided, in an outpatient setting, to an individual whose behavior or condition indicates that the individual:
- a. Requires nursing services,
 - b. May require medical services, and
 - c. May be a danger to others or a danger to self.
- ~~28-34.~~ “Behavioral health paraprofessional” means an individual who is not a behavioral health professional who provides, ~~under supervision by a behavioral health professional,~~ the following services to a patient to address the patient’s behavioral health issue:
- a. ~~Services~~ Under supervision by a behavioral health professional, services that, if provided in a setting other than a health care institution, would be required to be provided by an individual licensed under ~~A.R.S.~~ A.R.S. Title 32, Chapter 33; or
 - b. Health-related services.
- ~~29-35.~~ “Behavioral health professional” means:
- a. An individual licensed under A.R.S. Title 32, Chapter 33, whose scope of practice allows the individual to:
 - i. Independently engage in the practice of behavioral health, as defined in A.R.S. § 32-3251; or

H. A licensee may not request an alternate licensing fee due date according to subsection (F):

1. More frequently than once in each three-year period, or
2. For a facility for which the payment of licensing fees is not up-to-date.

R9-10-108. Time-frames

A. The overall time-frame for each type of approval granted by the Department is listed in Table 1.1. The applicant and the Department may agree in writing to extend the substantive review time-frame and the overall time-frame. The substantive review time-frame and the overall time-frame may not be extended by more than 25% of the overall time-frame.

B. The administrative completeness review time-frame for each type of approval granted by the Department as prescribed in this Article is listed in Table 1.1. The administrative completeness review time-frame begins on the date the Department receives an application packet or a written request for ~~a change in a health care institution license according to R9-10-109(F):~~ an alternate licensing fee due date.

1. The application packet for ~~an initial~~ a health care institution license is not complete until the applicant provides the Department with written notice that the health care institution is ready for a licensing inspection by the Department.
 2. If the application packet or written request is incomplete, the Department shall provide a written notice to the applicant specifying the missing document or incomplete information. The administrative completeness review time-frame and the overall time-frame are suspended from the date of the notice until the date the Department receives the missing document or information from the applicant.
 3. When an application packet or written request is complete, the Department shall provide a written notice of administrative completeness to the applicant.
 4. For an application packet for review of architectural plans and specifications, initial a health care institution license application packet, an application packet for a modification not requiring review of architectural plans and specifications, or a written request for an alternate licensing fee due date, the Department shall consider the application or written request withdrawn if the applicant fails to supply the missing documents or information included in the notice described in subsection (B)(2) within ~~180~~ 60 calendar days after the date of the notice described in subsection (B)(2).
 5. If the Department issues a license or grants an approval during the time provided to assess administrative completeness, the Department shall not issue a separate written notice of administrative completeness.
- C. The substantive review time-frame is listed in Table 1.1 and begins on the date of the notice of administrative completeness.
1. The Department may conduct an onsite inspection of the facility:
 - a. As part of the substantive review for approval of architectural plans and specifications;
 - b. As part of the substantive review for issuing a health care institution ~~initial or renewal~~ license; or
 - c. As part of the substantive review for approving a modification ~~in~~ of a health care institution's license.
 2. During the substantive review time-frame, the Department may make one comprehensive written request for additional information or documentation. If the Department and the applicant agree in writing, the Department may make supplemental requests for additional information or documentation. The time-frame for the Department to complete

- the substantive review is suspended from the date of a written request for additional information or documentation until the Department receives the additional information or documentation.
3. The Department shall send a written notice of approval ~~or a license~~ to an applicant ~~who~~ that is in substantial compliance with applicable requirements in A.R.S. Title 36, Chapter 4 and this Chapter.
 4. After an applicant for ~~an initial~~ a health care institution license receives the written notice of approval in subsection (C)(3), the applicant shall submit the applicable health care institution license fee in R9-10-106 ~~to the Department within 60 calendar days after the date of the written notice of approval~~ according to R9-10-107(A).
 5. After receiving the applicable health care institution licensing fee from an applicant according to subsection (C)(4) and R9-10-107(A), the Department shall send a health care institution license to the applicant.
 - 5-6. The Department shall provide a written notice of denial that complies with A.R.S. § 41-1076 to an applicant who does not:
 - a. For ~~an initial~~ a health care institution license application or a request for approval of a modification of a health care institution requiring architectural plans and specifications, submit the information or documentation in subsection (C)(2) within 120 calendar days after the Department's written request to the applicant;
 - b. For a request for approval of a modification of a health care institution not requiring architectural plans and specifications or a written request for an alternate licensing fee due date, submit the information or documentation in subsection (C)(2) within 30 calendar days after the Department's written request to the applicant;
 - ~~b.c.~~ Comply with the applicable requirements in A.R.S. Title 36, Chapter 4 and this Chapter; or
 - ~~e.d.~~ Submit the fee ~~If applicable, submit a fee~~ required in R9-10-106 or R9-10-107.
 - 6-7. An applicant may file a written notice of appeal with the Department within 30 calendar days after receiving the notice described in subsection ~~(C)(5)~~ (C)(6). The appeal shall be conducted according to A.R.S. Title 41, Chapter 6, Article 10.
 - 7-8. If a time-frame's last day falls on a Saturday, a Sunday, or an official state holiday, the Department shall consider the next working day to be the time-frame's last day.

~~D.E.~~ A licensee shall not implement a modification described in subsection ~~(B)~~ (C) until an approval or amended license is issued by the Department.

R9-10-111. Enforcement Actions

A. If the Department determines that an applicant or licensee is violating applicable statutes and rules and the violation poses a direct risk to the life, health, or safety of a patient, the Department may:

1. Issue a provisional license to the applicant or licensee under A.R.S. § 36-425,
2. Assess a civil penalty under A.R.S. § 36-431.01,
3. Impose an intermediate sanction under A.R.S. § 36-427,
4. Remove a licensee and appoint another person to continue operation of the health care institution pending further action under A.R.S. § 36-429,
5. Suspend or revoke a license under A.R.S. § 36-427 and ~~R9-10-111~~ R9-10-112,
6. Deny a license under A.R.S. § 36-425 and ~~R9-10-111~~ R9-10-112, or
7. Issue an injunction under A.R.S. § 36-430.

B. In determining which action in subsection (A) is appropriate, the Department shall consider the direct risk to the life, health, or safety of a patient in the health care institution based on:

1. Repeated violations of statutes or rules,
2. Pattern of violations,
3. Types of violation,
4. Severity of violation, and
5. Number of violations.

R9-10-112. Denial, Revocation, or Suspension of License

A. The Department may deny, revoke, or suspend a license to operate a health care institution if an applicant, a licensee, or a controlling person of the health care institution:

1. Provides false or misleading information to the Department;
2. Has had in any state or jurisdiction any of the following:
 - a. An application or license to operate a health care institution denied, suspended, or revoked, unless the denial was based on failure to complete the licensing process or to pay a required licensing fee within a required time-frame; or
 - b. A health care professional license or certificate denied, revoked, or suspended; ~~or~~
3. Does not comply with the applicable requirements in A.R.S. Title 36, Chapter 4 and this Chapter; or
- ~~3.4.~~ Has operated a health care institution, within the ~~ten years~~ preceding ~~the date of the most recent license application~~ ten years, in violation of A.R.S. Title 36, Chapter 4 or this Chapter, that posed a direct risk to the life, health, or safety of a patient.

B. The Department shall suspend or revoke a hospital's license if the Department receives, pursuant to A.R.S. § 36-2901.08(H), notice from the Arizona Health Care Cost Containment System that the hospital's provider agreement registration with the Arizona Health Care Cost Containment System has been suspended or revoked.

R9-10-113. Tuberculosis Screening

A. A health care institution's chief administrative officer shall ensure that the health care institution complies with one of the following if tuberculosis screening is required by this Chapter at the health care institution:

1. Screens for infectious tuberculosis according to subsection (B); or
2. Establishes, documents, and implements a tuberculosis infection control program that complies with the Guidelines for Preventing the Transmission of *Mycobacterium tuberculosis* in Health-care Settings, 2005, published by the U.S. Department of Health and Human Services, Atlanta, GA 30333 and available at <http://www.cdc.gov/mmwr/PDF/RR/rr5417.pdf>, incorporated by reference, on file with the Department, and including no future editions or amendments and includes:
 - a. Conducting tuberculosis risk assessments, conducting tuberculosis screening testing, screening for signs or symptoms of tuberculosis, and providing training and education related to recognizing the signs and symptoms of tuberculosis; and
 - b. Maintaining documentation of any:
 - i. Tuberculosis risk assessment;
 - ii. Tuberculosis screening test of an individual who is employed by the health care institution, provides volunteer services for the health care institution, or is admitted to the health care institution; and
 - iii. Screening for signs or symptoms of tuberculosis of an individual who is employed by the health care institution, provides volunteer services for the health care institution, or is admitted to the health care institution.

B. For each individual required to be screened for infectious tuberculosis, ~~the health care institution obtains~~ a health care institution's chief administrative officer shall obtain from the individual:

- ~~a.1.~~ On or before the date specified in the applicable Section of this Chapter, one of the following as evidence of freedom from infectious tuberculosis:
 - ~~i.a.~~ Documentation of a negative Mantoux skin test or other tuberculosis screening test recommended by the U.S. Centers for Disease Control and Prevention (CDC) administered within 12 months before the date the individual begins providing services at or on behalf of the health care institution or is admitted to the health care institution that includes the date and the type of tuberculosis screening test;
or
 - ~~ii.b.~~ If the individual had a positive Mantoux skin test or other tuberculosis screening

test, a written statement that the individual is free from infectious tuberculosis signed by a medical practitioner dated within 12 months before the date the individual begins providing services at or on behalf of the health care institution or is admitted to the health care institution; and

~~b.2.~~ Every 12 months after the date of the individual's most recent tuberculosis screening test or written statement, one of the following as evidence of freedom from infectious tuberculosis:

~~i.a.~~ Documentation of a negative Mantoux skin test or other tuberculosis screening test recommended by the CDC administered to the individual within 30 calendar days before or after the anniversary date of the most recent tuberculosis screening test or written statement that includes the date and the type of tuberculosis screening test; or

~~ii.b.~~ If the individual has had a positive Mantoux skin test or other tuberculosis screening test, a written statement that the individual is free from infectious tuberculosis signed by a medical practitioner dated within 30 calendar days before or after the anniversary date of the most recent tuberculosis screening test or written statement; ~~or.~~

~~2.~~ Establish, document, and implement a tuberculosis infection control program that complies with the Guidelines for Preventing the Transmission of *Mycobacterium tuberculosis* in Health-care Settings, 2005, published by the U.S. Department of Health and Human Services, Atlanta, GA 30333 and available at <http://www.cdc.gov/mmwr/PDF/RR/rr5417.pdf>, incorporated by reference, on file with the Department, and including no future editions or amendments and includes:

~~a.~~ Conducting tuberculosis risk assessments, conducting tuberculosis screening testing, screening for signs or symptoms of tuberculosis, and providing training and education related to recognizing the signs and symptoms of tuberculosis; and

~~b.~~ Maintaining documentation of any:

~~i.~~ Tuberculosis risk assessment;

~~ii.~~ Tuberculosis screening test of an individual who is employed by the health care institution, provides volunteer services for the health care institution, or is admitted to the health care institution; and

~~iii.~~ Screening for signs or symptoms of tuberculosis of an individual who is employed by the health care institution, provides volunteer services for

~~the health care institution, or is admitted to the health care institution.~~

R9-10-114. Clinical Practice Restrictions for Hemodialysis Technician Trainees

A. The following definitions apply in this Section:

1. “Assess” means collecting data about a patient by:
 - a. Obtaining a history of the patient,
 - b. Listening to the patient’s heart and lungs, and
 - c. Checking the patient for edema.
2. “Blood-flow rate” means the quantity of blood pumped into a dialyzer per minute of hemodialysis.
3. “Blood lines” means the tubing used during hemodialysis to carry blood between a vascular access and a dialyzer.
4. “Central line catheter” means a type of vascular access created by surgically implanting a tube into a large vein.
5. “Clinical practice restriction” means a limitation on the hemodialysis tasks that may be performed by a hemodialysis technician trainee.
6. “Conductivity test” means a determination of the electrolytes in a dialysate.
7. “Dialysate” means a mixture of water and chemicals used in hemodialysis to remove wastes and excess fluid from a patient’s body.
8. “Dialysate-flow rate” means the quantity of dialysate pumped per minute of hemodialysis.
9. “Directly observing” or “direct observation” means a medical person stands next to an inexperienced hemodialysis technician trainee and watches the inexperienced hemodialysis technician trainee perform a hemodialysis task.
10. “Direct supervision” has the same meaning as “supervision” in A.R.S. § 36-401.
11. “Electrolytes” means chemical compounds that break apart into electrically charged particles, such as sodium, potassium, or calcium, when dissolved in water.
12. “Experienced hemodialysis technician trainee” means an individual who has passed all didactic, skills, and competency examinations provided by a health care institution that measure the individual’s knowledge and ability to perform hemodialysis.
13. “Fistula” means a type of vascular access created by a surgical connection between an artery and vein.
14. “Fluid-removal rate” means the quantity of wastes and excess fluid eliminated from a patient’s blood per minute of hemodialysis to achieve the patient’s prescribed weight, determined by:

- a. Dialyzer size,
 - b. Blood-flow rate,
 - c. Dialysate-flow rate, and
 - d. Hemodialysis duration.
15. “Germicide-negative test” means a determination that a chemical used to kill microorganisms is not present.
16. “Germicide-positive test” means a determination that a chemical used to kill microorganisms is present.
17. “Graft” means a vascular access created by a surgical connection between an artery and vein using a synthetic tube.
18. “Hemodialysis machine” means a mechanical pump that controls:
- a. The blood-flow rate,
 - b. The mixing and temperature of dialysate,
 - c. The dialysate-flow rate,
 - d. The addition of anticoagulant, and
 - e. The fluid-removal rate.
19. “Hemodialysis technician” has the same meaning as in A.R.S. § 36-423(A).
20. “Hemodialysis technician trainee” means an individual who is working in a health care institution to assist in providing hemodialysis and who is not certified as a hemodialysis technician according to A.R.S. § 36-423(A).
21. “Inexperienced hemodialysis technician trainee” means an individual who has not passed all didactic, skills, and competency examinations provided by a health care institution that measure the individual’s knowledge and ability to perform hemodialysis.
22. “Medical person” means:
- a. A physician who is experienced in dialysis;
 - b. A registered nurse practitioner who is experienced in dialysis;
 - c. A nurse who is experienced in dialysis;
 - d. A hemodialysis technician who meets the requirements in A.R.S. § 36-423(A) approved by the governing authority; and
 - e. An experienced hemodialysis technician trainee approved by the governing authority.
23. “Not established” means not approved by a patient’s nephrologist for use in hemodialysis.
24. “Patient” means an individual who receives hemodialysis.
25. “pH test” means a determination of the acidity of a dialysate.

26. "Preceptor course" means a health care institution's instruction and evaluation provided to a nurse, hemodialysis technician, or hemodialysis technician trainee that enables the nurse, hemodialysis technician, or hemodialysis technician trainee to provide direct observation and education to hemodialysis technician trainees.
 27. "Respond" means to mute, shut off, reset, or troubleshoot an alarm.
 28. "Safety check" means successful completion of tests recommended by the manufacturer of a hemodialysis machine, a dialyzer, or a water system used for hemodialysis before initiating a patient's hemodialysis.
 29. "Water-contaminant test" means a determination of the presence of chlorine or chloramine in a water system used for hemodialysis.
- B.** An experienced hemodialysis technician trainee may:
1. Perform hemodialysis under direct supervision, and
 2. Provide direct observation to another hemodialysis technician trainee only after completing the health care institution's preceptor course approved by the governing authority.
- C.** An experienced hemodialysis technician trainee shall not access a patient's:
1. Fistula that is not established, or
 2. Graft that is not established.
- D.** An inexperienced hemodialysis technician trainee may perform the following hemodialysis tasks only under direct observation:
1. Access a patient's central line catheter;
 2. Respond to a hemodialysis-machine alarm;
 3. Draw blood for laboratory tests;
 4. Perform a water-contaminant test on a water system used for hemodialysis;
 5. Inspect a dialyzer and perform a germicide-positive test before priming a dialyzer;
 6. Set up a hemodialysis machine and blood lines before priming a dialyzer;
 7. Prime a dialyzer;
 8. Test a hemodialysis machine for germicide presence;
 9. Perform a hemodialysis machine safety check;
 10. Prepare a dialysate;
 11. Perform a conductivity test and a pH test on a dialysate;
 12. Assess a patient;
 13. Check and record a patient's vital signs, weight, and temperature;
 14. Determine the amount and rate of fluid removal from a patient;

15. Administer local anesthetic at an established fistula or graft, administer anticoagulant, or administer replacement saline solution;
16. Perform a germicide-negative test on a dialyzer before initiating hemodialysis;
17. Initiate or discontinue a patient's hemodialysis;
18. Adjust blood-flow rate, dialysate-flow rate, or fluid-removal rate during hemodialysis; or
19. Prepare a blood, water, or dialysate culture to determine microorganism presence.

E. An inexperienced hemodialysis technician trainee shall not:

1. Access a patient's:
 - a. Fistula that is not established, or
 - b. Graft that is not established; or
2. Provide direct observation.

F. When a hemodialysis technician trainee performs hemodialysis tasks for a patient, the patient's medical record shall include:

1. The name of the hemodialysis technician trainee;
2. The date, time, and hemodialysis task performed;
3. The name of the medical person directly observing or the nurse or physician directly supervising the hemodialysis technician trainee; and
4. The initials or signature of the medical person directly observing or the nurse or physician directly supervising the hemodialysis technician trainee.

G. If the Department determines that a health care institution is not in substantial compliance with this Section, the Department may take enforcement action according to ~~R9-10-110~~ R9-10-111.

R9-10-115. Behavioral Health Paraprofessionals; Behavioral Health Technicians

If a health care institution is a behavioral health facility or is authorized by the Department to provide behavioral health services, an administrator shall ensure that:

1. Policies and procedures are established, documented, and implemented that:
 - a. Delineate the services a behavioral health paraprofessional is allowed to provide at or for the health care institution;
 - b. Cover supervision of a behavioral health paraprofessional, including documentation of supervision;
 - c. Establish the qualifications for a behavioral health professional providing supervision to a behavioral health paraprofessional;
 - d. Delineate the services a behavioral health technician is allowed to provide at or for the health care institution;

- e. Cover clinical oversight for a behavioral health technician, including documentation of clinical oversight;
 - f. Establish the qualifications for a behavioral health professional providing clinical oversight to a behavioral health technician;
 - g. Delineate the methods used to provide clinical oversight, including when clinical oversight is provided on an individual basis or in a group setting; and
 - h. Establish the process by which information pertaining to services provided by a behavioral health technician is provided to the behavioral health professional who is responsible for the clinical oversight of the behavioral health technician;
2. A behavioral health paraprofessional receives supervision according to policies and procedures;
 3. Clinical oversight is provided to a behavioral health technician to ensure that patient needs are met based on, for each behavioral health technician:
 - a. The scope and extent of the services provided,
 - b. The acuity of the patients receiving services, and
 - c. The number of patients receiving services;
 4. A behavioral health technician receives clinical oversight at least once during each two week period, if the behavioral health technician provides services related to patient care at the health care institution during the two week period;
 5. When clinical oversight is provided electronically:
 - a. The clinical oversight is provided verbally with direct and immediate interaction between the behavioral health professional providing and the behavioral health technician receiving the clinical oversight,
 - b. A secure connection is used, and
 - c. The identities of the behavioral health professional providing and the behavioral health technician receiving the clinical oversight are verified before clinical oversight is provided; and
 6. A behavioral health professional provides supervision to a behavioral health paraprofessional or clinical oversight to behavioral health technician within the behavioral health professional's scope of practice established in the applicable licensing requirements under A.R.S. Title 32.

R9-10-116. Nutrition and Feeding Assistant Training Programs

- A.** For the purposes of this Section, “agency” means an entity other than a nursing care institution that provides the nutrition and feeding assistant training required in A.R.S. § 36-413.
- B.** An agency shall apply for approval to operate a nutrition and feeding assistant training program by submitting:
1. An application in a Department-provided format ~~provided by the Department~~ that contains:
 - a. The name of the agency;
 - b. The name, telephone number, and e-mail address of the individual in charge of the proposed nutrition and feeding assistant training program;
 - c. The address where the nutrition and feeding assistant training program records are maintained;
 - d. A description of the training course being offered by the nutrition and feeding assistant training program including for each topic in subsection (I):
 - i. The information presented for each topic,
 - ii. The amount of time allotted to each topic,
 - iii. The skills an individual is expected to acquire for each topic, and
 - iv. The testing method used to verify an individual has acquired the stated skills for each topic;
 - e. Whether the agency agrees to allow the Department to submit supplemental requests for information as specified in subsection (F)(2); and
 - f. The signature of the individual in charge of the proposed nutrition and feeding assistant training program and the date signed; and
 2. A copy of the materials used for providing the nutrition and feeding assistant training program.
- C.** For an application for an approval of a nutrition and feeding assistant training program, the administrative review time-frame is 30 calendar days, the substantive review time-frame is 30 calendar days, and the overall time-frame is 60 calendar days.
- D.** Within 30 calendar days after the receipt of an application in subsection (B), the Department shall:
1. Issue an approval of the agency’s nutrition and feeding assistant training program;
 2. Provide a notice of administrative completeness to the agency that submitted the application;
- or
3. Provide a notice of deficiencies to the agency that submitted the application, including a list of the information or documents needed to complete the application.
- E.** If the Department provides a notice of deficiencies to an agency:

1. The administrative completeness review time-frame and the overall time-frame are suspended from the date of the notice of deficiencies until the date the Department receives the missing information or documents from the agency;
2. If the agency does not submit the missing information or documents to the Department within 30 calendar days, the Department shall consider the application withdrawn; and
3. If the agency submits the missing information or documents to the Department within 30 calendar days, the substantive review time-frame begins on the date the Department receives the missing information or documents.

F. Within the substantive review time-frame, the Department:

1. Shall issue or deny an approval of a nutrition and feeding assistant training program; and
2. May make one written comprehensive request for more information, unless the Department and the agency agree in writing to allow the Department to submit supplemental requests for information.

G. If the Department issues a written comprehensive request or a supplemental request for information:

1. The substantive review time-frame and the overall time-frame are suspended from the date of the written comprehensive request or the supplemental request for information until the date the Department receives the information requested, and
2. The agency shall submit to the Department the information and documents listed in the written comprehensive request or supplemental request for information within 10 working days after the date of the comprehensive written request or supplemental request for information.

H. The Department shall issue:

1. An approval for an agency to operate a nutrition and feeding assistant training program if the Department determines that the agency and the application ~~complies~~ comply with A.R.S. § 36-413 and this Section; or
2. A denial for an agency that includes the reason for the denial and the process for appeal of the Department's decision if:
 - a. The Department determines that the agency does not comply with A.R.S. § 36-413 and this Section; or
 - b. The agency does not submit information and documents listed in the written comprehensive request or supplemental request for information within 10 working days after the date of the comprehensive written request or supplemental request for information.

- I.** An individual in charge of a nutrition and feeding assistant training program shall ensure that:
1. The materials and coursework for the nutrition and feeding assistant training program demonstrate ~~includes~~ the inclusion of the following topics:
 - a. Feeding techniques;
 - b. Assistance with feeding and hydration;
 - c. Communication and interpersonal skills;
 - d. Appropriate responses to resident behavior;
 - e. Safety and emergency procedures, including the Heimlich maneuver;
 - f. Infection control;
 - g. Resident rights;
 - h. Recognizing a change in a resident that is inconsistent with the resident's normal behavior; and
 - i. Reporting a change in subsection (I)(1)(h) to a nurse at a nursing care institution;
 2. An individual providing the training course is:
 - a. A physician,
 - b. A physician assistant,
 - c. A registered nurse practitioner,
 - d. A registered nurse,
 - e. A registered dietitian,
 - f. A licensed practical nurse,
 - g. A speech-language pathologist, or
 - h. An occupational therapist; and
 3. An individual taking the training course completes:
 - a. At least eight hours of classroom time, and
 - b. Demonstrates that the individual has acquired the skills the individual was expected to acquire.
- J.** An individual in charge of a nutrition and feeding assistant training program shall issue a certificate of completion to an individual who completes the training course and demonstrates the skills the individual was expected to acquire as a result of completing the training course that contains:
1. The name of the agency approved to operate the nutrition and feeding assistant training program;
 2. The name of the individual completing the training course;
 3. The date of completion;

4. The name, signature, and professional license of the individual providing the training course;
and
5. The name and signature of the individual in charge of the nutrition and feeding assistant training program.

K. The Department may deny, revoke, or suspend an approval to operate a nutrition and feeding assistant training program if an agency operating or applying to operate a nutrition and feeding assistance training program:

1. Provides false or misleading information to the Department;
2. Does not comply with the applicable statutes and rules;
3. Issues a training completion certificate to an individual who did not:
 - a. Complete the nutrition and feeding assistant training program, or
 - b. Demonstrate the skills the individual was expected to acquire; or
4. Does not implement the nutrition and feeding assistant training program as described in or use the materials submitted with the agency's application.

L. In determining which action in subsection (K) is appropriate, the Department shall consider the following:

1. Repeated violations of statutes or rules,
2. Pattern of non-compliance,
3. Types of violations,
4. Severity of violations, and
5. Number of violations.

R9-10-118. Collaborating Health Care Institution

A. An administrator of a collaborating health care institution shall ensure that:

1. A list is maintained of adult behavioral health therapeutic homes and behavioral health respite homes for which the collaborating health care institution serves as a collaborating health care institution;
2. For each adult behavioral health therapeutic home or behavioral health respite home in subsection (A)(1), the collaborating health care institution maintains the following information:
 - a. A copy of the documented agreement that establishes the responsibilities of the adult behavioral health therapeutic home or behavioral health respite home and the collaborating health care institution consistent with the requirements in this Chapter;

- b. For the adult behavioral health therapeutic home or behavioral health respite home, the following information:
 - i. Provider's name;
 - ii. Street address;
 - iii. License number;
 - iv. Whether the residence is an adult behavioral health therapeutic home or a behavioral health respite home;
 - v. If the residence is a behavioral health respite home, whether the behavioral health respite home provides respite care services to:
 - (1) Individuals 18 years of age or older, or
 - (2) Individuals less than 18 years of age;
 - vi. The beginning and ending dates of the documented agreement in subsection (A)(2)(a); and
 - vii. The name and contact information for the individual assigned by the collaborating health care institution to monitor the adult behavioral health therapeutic home or behavioral health respite home;
- c. For the adult behavioral health therapeutic home or behavioral health respite home, a copy of the following that have been approved by the collaborating health care institution:
 - i. Scope of services,
 - ii. Policies and procedures, and
 - iii. Documentation of the review and update of policies and procedures;
- d. A description of the required skills and knowledge for a provider, based on the scope of services of the adult behavioral health therapeutic home or behavioral health respite home, as established by the collaborating health care institution; and
- e. For a provider in the adult behavioral health therapeutic home or behavioral health respite home, documentation of:
 - i. The provider's skills and knowledge;
 - ii. If applicable, the provider's completion of training in assistance in the self-administration of medication;
 - iii. Verification of the provider's skills and knowledge; and
 - iv. If the provider is required to have clinical oversight according to R9-10-1805(C), the provider's receiving clinical oversight;

3. A provider's skills and knowledge are verified by a personnel member according to policies and procedures;
 4. A provider who provides behavioral health services receives clinical oversight, required in R9-10-1805(C), from a behavioral health professional; and
 5. A provider, other than a provider who is a medical practitioner or nurse, receives training in assistance in the self-administration of medication:
 - a. From a medical practitioner or registered nurse or from a personnel member of the collaborating health care institution trained by a medical practitioner or registered nurse;
 - b. That includes:
 - i. A demonstration of the provider's skills and knowledge necessary to provide assistance in the self-administration of medication,
 - ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
 - iii. The process for notifying the appropriate entities when an emergency medical intervention is needed; and
 - c. That is documented.
- B.** For a patient referred to an adult behavioral health therapeutic home or a behavioral health respite home, an administrator shall ensure that:
1. A resident or recipient accepted by and receiving services from the adult behavioral health therapeutic home or behavioral health respite home does not present a threat to the referred patient, based on the resident's or recipient's developmental levels, social skills, verbal skills, and personal history;
 2. The referred patient does not present a threat to a resident or recipient accepted by and receiving services from the adult behavioral health therapeutic home or behavioral health respite home based the referred patient's developmental levels, social skills, verbal skills, and personal history;
 3. The referred patient requires services within the adult behavioral health therapeutic home's or behavioral health respite home's scope of services;
 4. A provider of the adult behavioral health therapeutic home or behavioral health respite home has the verified skills and knowledge to provide behavioral health services to the referred patient;

5. A treatment plan for the referred patient, which ~~that~~ includes information necessary for a provider to meet the referred patient's needs for behavioral health services, is completed and forwarded to the provider before the referred patient is accepted as a resident or recipient;
6. A patient's treatment plan is reviewed and updated at least once every twelve months, and a copy of the patient's updated treatment plan is forwarded to the patient's provider;
7. If documentation of a significant change in a patient's behavioral, physical, cognitive, or functional condition and the action taken by a provider to address patient's changing needs is received by the collaborating health care institution, a behavioral health professional or behavioral health technician reviews the documentation and:
 - a. Documents the review; and
 - b. If applicable:
 - i. Updates the patient's treatment plan, and
 - ii. Forwards the updated treatment plan to the provider within 10 working days after receipt of the documentation of a significant change;
8. If the review and updated treatment plan required in subsection ~~(7)~~ (B)(7) is performed by a behavioral health technician, a behavioral health professional reviews and signs the review and updated treatment plan to ensure the patient is receiving the appropriate behavioral health services; and
9. In addition to the requirements for a medical record for a patient in this Chapter, a referred patient's medical record contains:
 - a. The provider's name and the street address and license number of the adult behavioral health therapeutic home or behavioral health respite home to which the patient is referred,
 - b. A copy of the treatment plan provided to the adult behavioral health therapeutic home or behavioral health respite home,
 - c. Documentation received according to and required by subsection ~~(7)~~ (B)(7),
 - d. Any information about the patient received from the adult behavioral health therapeutic home or behavioral health respite home, and
 - e. Any follow-up actions taken by the collaborating health care institution related to the patient.

- C. For a patient referred to an adult behavioral health therapeutic home, an administrator shall ensure that the collaborating health care institution has documentation in the patient's medical record of evidence of freedom from infectious tuberculosis that meets the requirements in R9-10-113.

ARTICLE 2. HOSPITALS

R9-10-201. Definitions

In addition to the definitions in A.R.S. § 36-401 and R9-10-101, the following definitions apply in this Article unless otherwise specified:

- ~~1.~~ “Acuity” means a patient’s need for hospital services based on the patient’s medical condition.
- ~~2.~~ “Acuity plan” means a method for establishing nursing personnel requirements by unit based on a patient’s acuity.
- ~~3.~~1. “Adult” means an individual the hospital designates as an adult based on the hospital’s criteria.
- ~~4.~~2. “Care plan” means a documented guide for providing nursing services and rehabilitation services to a patient that includes measurable objectives and the methods for meeting the objectives.
- ~~5.~~3. “Continuing care nursery” means a nursery where medical services and nursing services are provided to a neonate who does not require intensive care services.
- ~~6.~~4. “Critically ill inpatient” means an inpatient whose severity of medical condition requires the nursing services of specially trained registered nurses for:
 - a. Continuous monitoring and multi-system assessment,
 - b. Complex and specialized rapid intervention, and
 - c. Education of the inpatient or inpatient’s representative.
- ~~7.~~5. “Device” has the same meaning as in A.R.S. § 32-1901.
- ~~8.~~6. “Diet” means food and drink provided to a patient.
- ~~9.~~7. “Diet manual” means a written compilation of diets.
- ~~10.~~8. “Dietary services” means providing food and drink to a patient according to an order.
- ~~11.~~9. “Diversion” means notification to an emergency medical services provider, as defined in A.R.S. § 36-2201, that a hospital is unable to receive a patient from an emergency medical services provider.
- ~~12.~~10. “Drug formulary” means a written list of medications available and authorized for use developed according to R9-10-218.

 - ii. On-going training requirements for a personnel member who has direct patient contact while the patient is in a restraint or seclusion; and
 - iii. Criteria for monitoring and assessing a patient including:
 - (1) Frequencies of monitoring and assessment based on a patient's medical condition and risks associated with the specific restraint or seclusion;
 - (2) For the renewal of an order for restraint or seclusion, whether an assessment is required before the order is renewed and, if an assessment is required, who may conduct the assessment;
 - (3) Assessment content, which may include, depending on a patient's condition, the patient's vital signs, respiration, circulation, hydration needs, elimination needs, level of distress and agitation, mental status, cognitive functioning, neurological functioning, and skin integrity;
 - (4) If a mechanical restraint is used, how often the mechanical restraint is loosened; and
 - (5) A process for meeting a patient's nutritional needs and elimination needs;
 - c. Establish the criteria and procedures for renewing an order for restraint or seclusion;
 - d. Establish procedures for internal review of the use of restraint or seclusion; and
 - e. Establish medical record and personnel record documentation requirements for restraint and seclusion, if applicable;
- 2. An order for restraint or seclusion is:
 - a. Obtained from a physician or registered nurse practitioner, and
 - b. Not written as a standing order or on an as-needed basis;
- 3. Restraint or seclusion is:
 - a. Not used as a means of coercion, discipline, convenience, or retaliation;

- b. Only used when all of the following conditions are met:
 - i. Except as provided in subsection (C)(4), after obtaining an order for the restraint or seclusion;
 - ii. For the management of a patient's aggressive, violent, or self-destructive behavior;
 - iii. When less restrictive interventions have been determined to be ineffective; and
 - iv. To ensure the immediate physical safety of the patient, to prevent imminent harm to the patient or another individual, or to stop physical harm to another individual; and
- c. Discontinued at the earliest possible time;
- 4. If as a result of a patient's aggressive, violent, or self-destructive behavior, harm to the patient or another individual is imminent or the patient or another individual is being physically harmed, a personnel member:
 - a. May initiate an emergency application of restraint or seclusion for the patient before obtaining an order for the restraint or seclusion, and
 - b. Obtains an order for the restraint or seclusion of the patient during the emergency application of the restraint or seclusion;
- 5. An order for restraint or seclusion includes:
 - a. The name of the physician or registered nurse practitioner ordering the restraint or seclusion;
 - b. The date and time that the restraint or seclusion was ordered;
 - c. The specific restraint or seclusion ordered;
 - d. If a drug is ordered as a chemical restraint, the drug's name, strength, dosage, and route of administration;
 - e. The specific criteria for release from restraint or seclusion without an additional order; and
 - f. The maximum duration authorized for the restraint or seclusion;
- 6. An order for restraint or seclusion is limited to the duration of the emergency situation and does not exceed three continuous hours;
- 7. If an order for restraint or seclusion of a patient is not provided by the patient's attending physician, the patient's attending physician is notified as soon as possible;

8. A medical practitioner or personnel member does not participate in restraint or seclusion, assess or monitor a patient during restraint or seclusion, or evaluate a patient after restraint or seclusion, and a physician or registered nurse practitioner does not order restraint or seclusion, until the medical practitioner or personnel member, completes education and training that:
 - a. Includes:
 - i. Techniques to identify medical practitioner, personnel member, and patient behaviors, events, and environmental factors that may trigger circumstances that require restraint or seclusion;
 - ii. The use of nonphysical intervention skills, such as de-escalation, mediation, conflict resolution, active listening, and verbal and observational methods;
 - iii. Techniques for identifying the least restrictive intervention based on an assessment of the patient's medical or behavioral health condition;

 - v. Clinical identification of specific behavioral changes that indicate that the restraint or seclusion is no longer necessary;
 - vi. Monitoring and assessing a patient while the patient is in restraint or seclusion according to policies and procedures; and
 - vii. Except for the medical practitioner, training exercises in which the personnel member successfully demonstrates the techniques that the medical practitioner or personnel member has learned for managing emergency situations; and
 - b. Is provided by individuals qualified according to policies and procedures;
9. When a patient is placed in restraint or seclusion:
 - a. The restraint or seclusion is conducted according to policies and procedures;
 - b. The restraint or seclusion is proportionate and appropriate to the severity of the patient's behavior and the patient's:
 - i. Chronological and developmental age;
 - ii. Size;
 - iii. Gender;

- iv. Physical condition;
 - v. Medical condition;
 - vi. Psychiatric condition; and
 - vii. Personal history, including any history of physical or sexual abuse;
- c. The physician or registered nurse practitioner who ordered the restraint or seclusion is available for consultation throughout the duration of the restraint or seclusion;
 - d. The patient is monitored and assessed according to policies and procedures;
 - e. A physician or registered nurse assesses the patient within one hour after the patient is placed in the restraint or seclusion and determines:
 - i. The patient's current behavior,
 - ii. The patient's reaction to the restraint or seclusion used,
 - iii. The patient's medical and behavioral condition, and
 - iv. Whether to continue or terminate the restraint or seclusion;
 - f. The patient is given the opportunity:
 - i. To eat during mealtime, and
 - ii. To use the toilet; and
 - g. The restraint or seclusion is discontinued at the earliest possible time, regardless of the length of time identified in the order;
10. A medical practitioner or personnel member documents the following information in a patient's medical record before the end of the shift in which the patient is placed in restraint or seclusion or, if the patient's restraint or seclusion does not end during the shift in which it began, during the shift in which the patient's restraint or seclusion ends:
- a. The emergency situation that required the patient to be restrained or put in seclusion;
 - b. The times the patient's restraint or seclusion actually began and ended;
 - c. The time of the assessment required in subsection (C)(9)(e);
 - d. The monitoring required in subsection (C)(9)(d);
 - e. The names of the medical practitioners and personnel members with direct patient contact while the patient was in the restraint or seclusion;
 - f. The times the patient was given the opportunity to eat or use the toilet according to subsection (C)(9)(f); and
 - g. The patient evaluation required in subsection (C)(12);

11. If an emergency situation continues beyond the time limit of an order for restraint or seclusion, the order is renewed according to policies and procedures that include:
 - a. The specific criteria for release from restraint or seclusion without an additional order, and
 - b. The maximum duration authorized for the restraint or seclusion; and
12. A patient is evaluated after restraint or seclusion is no longer being used for the patient.

R9-10-321. Food Services

A. An administrator shall ensure that:

1. The behavioral health inpatient facility obtains a license or permit as a food establishment under 9 A.A.C. 8, Article 1;
2. A copy of the behavioral health inpatient facility's food establishment license or permit is maintained;
3. If a behavioral health inpatient facility contracts with a food establishment, as established in 9 A.A.C. 8, Article 1, to prepare and deliver food to the behavioral health inpatient facility:

 - 9. If a behavioral health inpatient facility licensed before November 1, 2003 was approved for 50 square feet of floor space for each patient in a bedroom, ensure that the bedroom contains at least 50 square feet for each patient not including the closet;
 - 10. In a patient bathroom or a patient bedroom:
 - a. The ceiling is secured from access or at least 9 feet in height; and
 - b. A ventilation grille is:
 - i. Secured and has perforations that are too small to use as a tie-off point, or
 - ii. Of sufficient height to prevent patient access;
 - 11. For a door located in an area of the behavioral health inpatient facility that is accessible to patients:
 - a. A door closing device, if used on a patient bedroom door, is mounted on the public side of the door;
 - b. A door's hinges are designed to minimize points for hanging;
 - c. Except for a door lever handle that contains specifically designed anti-ligature hardware, a door lever handle points downward when in the latched or unlatched position; and
 - d. Hardware has tamper-resistant fasteners; and
 - 12. A window located in an area of the behavioral health inpatient facility that is accessible to patients is fabricated with laminated safety glass or protected by polycarbonate, laminate, or safety screens.
- C. An administrator of a licensed behavioral health inpatient facility may submit a request, in a Department-provided format, for additional time to comply with a physical plant requirement in subsection (B)(5)(c) through (B)(5)(i), (B)(10), (B)(11), or (B)(12) that includes:
- 1. The rule citation for the specific plant requirement,
 - 2. The current physical plant condition that does not comply with the physical plant requirement,

3. How the current physical plant condition will be changed to comply with the physical plant requirement,
 4. Estimated completion date of the identified physical plant change, and
 5. Specific actions taken to ensure the health and safety of a patient until the physical plant requirement is met.
- D.** When the Department receives a request for additional time to comply with a physical plant requirement in subsection (B)(5)(c) through (B)(5)(i), (B)(10), (B)(11), or (B)(12) submitted according to subsection (C), the Department may approve the request for up to 24 months after the effective date of these rules based on:
1. The behavioral health inpatient facility's scope of services,
 2. The expected patient acuity based on the behavioral health inpatient facility's scope of services,
 3. The specific physical plant requirement in the request, and
 4. The threat to patients' health and safety.
- E.** A bedroom in a behavioral health inpatient facility is not required to have a second means of egress if:
1. An administrator ensures that policies and procedures are established, documented, and implemented that provide for the safe evacuation of a patient in the bedroom based on the patient's physical and mental limitations and the location of the bedroom; or
 2. The building where the bedroom is located has a fire alarm system and a sprinkler system required in R9-10-322(A)(1).
- F.** If a swimming pool is located on the premises, an administrator shall ensure that:
1. The swimming pool is enclosed by a wall or fence that:
 - a. Is at least five feet in height as measured on the exterior of the wall or fence;
 - b. Has no vertical openings greater than four inches across;
 - c. Has no horizontal openings, except as described in subsection (F)(1)(e);
 - d. Is not chain-link;
 - e. Does not have a space between the ground and the bottom fence rail that exceeds four inches in height; and
 - f. Has a self-closing, self-latching gate that:
 - i. Opens away from the swimming pool,
 - ii. Has a latch located at least 54 inches from the ground, and
 - iii. Is locked when the swimming pool is not in use; and

2. A life preserver or shepherd's crook is available and accessible in the pool area.
- G.** An administrator shall ensure that a spa that is not enclosed by a wall or fence as described in subsection (F)(1) is covered and locked when not in use.

2. Resident Rights:
- a. 10 points: The nursing care institution is implementing a system that ensures a resident's privacy needs are met.
 - b. 10 points: The nursing care institution ensures that a resident is free from physical and chemical restraints for purposes other than to treat the resident's medical condition.
 - c. 5 points: The nursing care institution ensures that a resident or the resident's representative is allowed to participate in the planning of, or decisions concerning treatment including the right to refuse treatment and to formulate a health care directive.
3. Administration:
- a. 10 points: The nursing care institution has no repeat deficiencies that resulted in actual harm or immediate jeopardy to residents that were cited during the last ~~survey or other survey~~ compliance inspection or a complaint investigation conducted between the last ~~survey~~ compliance inspection and the current ~~survey~~ compliance inspection.
 - b. 5 points: The nursing care institution is implementing a system to prevent abuse of a resident and misappropriation of resident property, investigate each allegation of abuse of a resident and misappropriation of resident's property, and report each allegation of abuse of a resident and misappropriation of resident's property to the Department and as required by A.R.S. § 46-454.
 - c. 5 points: The nursing care institution is implementing a quality management program that addresses nursing care institution services provided to residents, resident

complaints, and resident concerns, and documents actions taken for response, resolution, or correction of issues about nursing care institution services provided to residents, resident complaints, and resident concerns.

- d. 1 point: The nursing care institution is implementing a system to provide social services and a program of ongoing recreational activities to meet the resident's needs based on the resident's comprehensive assessment.
- e. 1 point: The nursing care institution is implementing a system to ensure that records documenting freedom from infectious pulmonary tuberculosis are maintained for each personnel member, volunteer, and resident.
- f. 2 points: The nursing care institution is implementing a system to ensure that a resident is free from unnecessary drugs.
- g. 1 point: The nursing care institution is implementing a system to ensure a personnel member attends in-service education according to policies and procedures.

4. Environment and Infection Control:

- a. 5 points: The nursing care institution environment is free from a condition or situation within the nursing care institution's control that may cause a resident injury.
- b. 1 point: The nursing care institution establishes and maintains a pest control program that complies with A.A.C. R3-8-201(C)(4).
- c. 1 point: The nursing care institution develops a written disaster plan that includes procedures for protecting the health and safety of residents.
- d. 1 point: The nursing care institution ensures orientation to the disaster plan for each personnel member is completed within the first scheduled week of employment.
- e. 1 point: The nursing care institution maintains a clean and sanitary environment.
- f. 5 points: The nursing care institution is implementing a system to prevent and control infection.
- g. 1 point: An employee cleans the employee's hands after each direct resident contact or when hand cleaning is indicated to prevent the spread of infection.

5. Food Services:

- a. 1 point: The nursing care institution complies with 9 A.A.C. 8, Article 1, for food preparation, storage and handling as evidenced by a current food establishment license.
- b. 3 points: The nursing care institution provides each resident with food that meets the

resident's needs as specified in the resident's comprehensive assessment and care plan.

- c. 2 points: The nursing care institution obtains input from each resident or the resident's representative and implements recommendations for meal planning and food choices consistent with the resident's dietary needs.
- d. 2 points: The nursing care institution provides assistance to a resident who needs help in eating so that the resident's nutritional, physical, and social needs are met.
- e. 1 point: The nursing care institution prepares menus at least one week in advance, conspicuously posts each menu, and adheres to each planned menu unless an uncontrollable situation such as food spoilage or non-delivery of a specified food requires substitution.
- f. 1 point: The nursing care institution provides food substitution of similar nutritive value for residents who refuse the food served or who request a substitution.

- D.** A nursing care institution's quality rating remains in effect until a ~~survey~~ subsequent compliance inspection or complaint investigation is conducted by the Department ~~for the next renewal period~~ except as provided in subsection (E).
- E.** If the Department issues a provisional license, the current quality rating is terminated. A provisional licensee may submit an application for a substantial compliance ~~survey~~ inspection. If the Department determines that, as a result of a substantial compliance ~~survey~~ inspection, the nursing care institution is in substantial compliance, the Department shall issue a new quality rating according to subsection (C).
- F.** The issuance of a quality rating does not preclude the Department from seeking a civil penalty as provided in A.R.S. § 36-431.01, or suspension or revocation of a license as provided in A.R.S. § 36-427.

A. An administrator shall ensure that:

1. An evacuation drill for employees and participants on the premises is conducted at least once every six months on each shift;
2. Documentation of each evacuation drill is created, is maintained for at least 12 months after the date of the evacuation drill, and includes:
 - a. The date and time of the drill;
 - b. The amount of time taken for all employees and participants to evacuate the substance abuse transitional facility;
 - c. Any problems encountered in conducting the drill; and
 - d. Recommendations for improvement, if applicable;
3. An evacuation path is conspicuously posted on each hallway of each floor of the facility;
4. A disaster plan is developed, documented, maintained in a location accessible to personnel members, and, if necessary, implemented that includes:
 - a. When, how, and where participants will be relocated;
 - b. How a participant's medical record will be available to individuals providing services to the participant during a disaster;
 - c. A plan to ensure a participant's medication will be available to administer to the participant during a disaster; and
 - d. A plan for obtaining food and water for individuals present in the substance abuse transitional facility or the substance abuse transitional facility's relocation site during a disaster;
5. The disaster plan required in subsection (A)(4) is reviewed at least once every 12 months;
6. Documentation of a disaster plan review required in subsection (A)(5) is created, is maintained for at least 12 months after the date of the disaster plan review, and includes:
 - a. The date and time of the disaster plan review;
 - b. The name of each employee or volunteer participating in the disaster plan review;
 - c. A critique of the disaster plan review; and
 - d. If applicable, recommendations for improvement; and
7. A disaster drill for employees is conducted on each shift at least once every three months and documented.

B. An administrator shall ensure that:

1. A fire inspection is conducted by a local fire department or the State Fire Marshal before ~~initial~~ licensing and according to the time-frame established by the local fire department or the State Fire Marshal,
2. Any repairs or corrections stated on the fire inspection report are made, and
3. Documentation of a current fire inspection is maintained.

ARTICLE 19. COUNSELING FACILITIES

R9-10-1901. Definitions Repealed

~~In addition to the definitions in A.R.S. § 36-401 and R9-10-101, the following definitions apply in this Article:~~

- ~~1. “Affiliated counseling facility” means a counseling facility that shares administrative support with one or more other counseling facilities that operate under the same governing authority.~~
- ~~2. “Affiliated outpatient treatment center” means an outpatient treatment center authorized by the Department to provide behavioral health services that provides administrative support to a counseling facility or counseling facilities that operate under the same governing authority as the outpatient treatment center.~~

R9-10-1902. Supplemental Application Requirements

In addition to the license application requirements in A.R.S. § 36-422 and 9 A.A.C. 10, Article 1, a governing authority applying for ~~an initial~~ a license as a counseling facility shall submit, in a format provided by the Department:

1. The days and hours of clinical operation and, if different from the days and hours of clinical operation, the days and hours of administrative operation;
2. If applicable, a request to provide one of more of the following:
 - a. DUI screening,
 - b. DUI education,
 - c. DUI treatment, or
 - d. Misdemeanor domestic violence offender treatment;
3. Whether the counseling facility has an affiliated outpatient treatment center;
4. If the counseling facility has an affiliated outpatient treatment center:
 - a. The affiliated outpatient treatment center’s name; and
 - b. Either:
 - i. The license number assigned to the affiliated outpatient treatment center by the Department; or
 - ii. If the affiliated outpatient treatment center is not currently licensed, the:
 - (1) Street address of the affiliated outpatient treatment center, and
 - (2) Date the affiliated outpatient treatment center submitted to the Department an ~~initial~~ application for a health care institution

license;

5. Whether the counseling facility is sharing administrative support with an affiliated counseling facility; and
6. If the counseling facility is sharing administrative support with an affiliated counseling facility, for each affiliated counseling facility sharing administrative support with the counseling facility:
 - a. The affiliated counseling facility's name; and
 - b. Either:
 - i. The license number assigned to the affiliated counseling facility by the Department; or
 - ii. If the affiliated counseling facility is not currently licensed, the:
 - (1) Street address of the affiliated counseling facility, and
 - (2) Date the affiliated counseling facility submitted to the Department an ~~initial~~ application for a health care institution license.

Psychiatric-Mental Health Nurses Are Qualified Behavioral Health Professionals

Summary

Since the early 2000s, Arizona has recognized Registered Nurses (RN) with one or more years of direct patient care work experience in behavioral health as a professional with standing above technicians and administrative staff in delivering care and treatment to citizens with significant behavioral health conditions. For nearly 15 years, an RN with a minimum of one year behavioral health direct care experience was considered a Behavioral Health Professional (BHP) by Arizona's licensing authorities – the Department of Health Services and the Arizona Board of Nursing. The BHP designation recognized the uniqueness of knowledge and skills acquired by nursing staff working in highly-specialized behavioral health settings, and the critical application of such knowledge and skills in preventing suicides, adverse medication reactions and other poor outcomes within behavioral health service agencies both inpatient and outpatient.

The proposal to remove Registered Nurses operating within their scope of practice in specialized behavioral health settings marginalizes the role of nursing by removing the BHP designation for these licensed professionals. This action limits the role, compensation and career prospects for experienced Registered Nurses within Arizona's health sector at a time when the healthcare industry is increasingly recognizing the impactful role behavioral health plays in the overall health of our citizens. The increasing move to integration of behavioral health and primary care under the new AHCCCS Complete Care and Integrated SMI contracts offers new opportunities to define the role of Nursing at the heart of the movement to integrated care – but not if their experience with complex co-morbidities is not recognized and supported. In many other states, licensing authorities have adopted one of the national certificate programs in mental health/psychiatric nursing that provides a specific credential for this specialized field –thereby growing their healthcare workforce, rather than limiting it.

Our position is that Registered Nurses with experience in behavioral health are specialists and qualified professionals above and beyond regular nursing who should maintain the designation of BHPs in state licensing rules.

Psychiatric/Mental Health Nurses

Psychiatric-mental health (PMH) nurses must possess and maintain specialized psychiatric knowledge in order to assess for, recognize, and mitigate multiform risk factors and/or adverse effects from either an SMI member's psychiatric disease process or complex psychotropic medication treatments. These signs

and factors can include assessment danger to self/danger to others and suicidal risk, as well as clinical assessments for psychotropic medication toxicity including organ failure, body rash, neutropenia, agranulocytosis, Stevens-Johnson syndrome, neuroleptic malignant syndrome and serotonin syndrome. PMH nurses directly assess and administer medications with significant and multifarious impacts to the humans systems, such as the classes of long acting injectables (LAIs), clozapine, lamotrigine, lithium carbonate, divalproex sodium, and carbamazepine.

In each example, PMH nurses must use their expert knowledge to evaluate the SMI member's mental status and assess for either medication efficacy or signs and symptoms of increasing or newly presenting psychiatric illness. PMH nurses must also use expert knowledge to assess for signs and symptoms of comorbid medical conditions that are uncontrolled, poorly controlled, exacerbated, or brought on by psychotropic medication treatments. PMH nurses must possess expert knowledge of all psychiatric illnesses and their presentations and must use that knowledge to appropriately triage emergent SMI members in crisis and translate their behavior and subjective reports into objective findings from which to formulate plans of care and inform other disciplines on the care team about the crisis.

PMH nurses are instrumental in providing integrated healthcare to members, as they have established member rapport, full knowledge of a member's psychiatric disease process, are able to translate subjective member reports into objective findings and explain a member's mental status and those findings to PCP/specialty providers to facilitate needed care and mitigate medical disease progression. In short, PMH nurses extensively draw upon expert psychiatric knowledge daily in order to maintain the highest levels of SMI member well-being while also providing safe and effective integrated healthcare within their scope.

Medication administration provides multiple clear examples of the application of this behavioral health specialization. Prior to administering any long-acting injectable (LAI), PMH nurses must use their expert knowledge to assess a member's mental status, translate their behavior and subjective reports into objective findings, evaluate medication efficacy, or assess for either increasing or newly presenting psychiatric illness. They must also assess for multiple and varied types of LAI-related side/adverse effects including extra-pyramidal (e.g. muscle stiffness, spasms, restlessness, drooling), anticholinergic (e.g. dry mouth, constipation, blurred vision), psychic (e.g. somnolence, fatigue, insomnia, forgetfulness) and autonomic (e.g. dizziness, diarrhea, hyperhidrosis, palpitations). They must obtain and interpret vital signs and also select an appropriate injection site (dependent upon the specific medication being administered), and assess the potential injection site for lesions, lumps, or pain prior to injection. Once administered, the nurse will assess for post-injection side effects (e.g. pain at injection site, dizziness, excess bleeding) and again for mental status prior to the member leaving.

During administration of clozapine, an antipsychotic available only under a special medication management program, PMH nurses must assess for multiple clozapine-related side effects (e.g. extra-pyramidal, anticholinergic, psychic, autonomic). The PMH nurse must use expert knowledge to obtain and interpret vital signs and monitor for adverse effects such as clozapine toxicity, neutropenia, or agranulocytosis. The PMH nurse must also use expert knowledge to implement appropriate medication

titration for novel patients and also medication monitoring requirements, including use of the Clozapine REMS web based national monitoring site.

The role of the PMH nurse specific to suicide prevention includes both systems and member level interventions. At the systems level the PMH nurse uses specialized knowledge to assess and maintain environmental safety, develop protocols and practices consistent with zero suicide, and participate in training for all staff. At the member level, the PMH nurse uses specialized knowledge to assess risk for suicide, provide suicide-specific psychotherapeutic interventions, monitor and supervise at-risk patients, and assess outcomes of all interventions. This includes use of expert knowledge to do all of the following:

1. Understand the phenomenon of suicide and also legal and ethical issues related to suicide.
2. Develop and maintain a collaborative, therapeutic relationship with the member.
3. Collect accurate assessment information and communicate risk to the care team.
4. Formulate a risk assessment.
5. Develop an ongoing nursing plan of care based on continuous assessment.
6. Perform an ongoing assessment of the environment in determining the level of member safety and modify the environment accordingly.
7. Accurately and thoroughly document suicide risk.

The expectation is that these essential competencies will serve to provide the foundation for training curricula and in measuring the knowledge, skills, and attitudes necessary for expert care (American Psychiatric Nurses Association, 2018).

Considering all of the above, it is Partners In Recovery's position that PMH registered nurses are indeed qualified behavioral health professionals, secondary to their possession and daily use of specialized psychiatric knowledge and expertise in order to provide the safe and effective healthcare which maximizes an SMI member's health and wellbeing.

Subject: Age of BHT - 21 vs 18
To: Kathryn McCanna <kathryn.mccanna@azdhs.gov>

Kathy,

Thanks for a very productive meeting this morning. As we discussed, here are the sections which currently require non licensed behavioral health personnel (BHTs) to be 21 years of age. I took these from my comments to Jan rule set but think it will get you what you need. Let me know if I can help in any way. Kathy

R9-10-306 (A) describes staffing requirements for inpatient behavioral health facilities but it is not clear. In A (1) it requires a personnel member to be at least 21 years of age and then in (2) it allows an employee to be 18 years of age. Suggest to combine the two and allow 18 years to be threshold:

" A. An administrator shall ensure that:

- 1. A personnel member and an employee is at least 18 years of age"*

R9-10-706 (A) describes staffing for behavioral health residential facility. The same suggestion as above regarding the age of personnel member/employee by changed to at least 18 years of age.

In existing rules, **R9-10-1011 (A)** and **R9-10-1405 (A)**, which are not included in the proposed rules but are in the same sections, there is reference again to the 21 years of age for personnel members and 18 for employees. Suggest change both of these as outlined above.

Comments to Proposed Rulemaking
Chapter 10 - Health Care Institution Licensing

1. Proposed rule, R9-10-101 (35), defines Behavioral Health Professional (BHP) and includes:

“g. A registered nurse with a psychiatric-mental health nursing certification.”

We appreciate the inclusion of registered nurses (RNs) as they have been functioning in this role for a number of years. However, to maintain that workforce and because of the shortage of qualified behavioral health personnel we suggest to add an additional path, which has previously been allowed, for RNs to qualify as BHPs:

“g. A registered nurse with a psychiatric-mental health nursing certification **or with a minimum of one year experience in a behavioral health setting.**”

2. Existing rules R9-10-306 (A), R9-10-706 (A), R9-10-1011 (A) and R9-10-1405 (A) describe staffing requirements, respectively, for inpatient behavioral health facilities, behavioral health residential facilities, outpatient treatment centers, and substance abuse transitional facilities (note that the latter two facility type rules on this topic are not in the proposed rules). However these rules are not clear and also limit the development of an adequate workforce. They require an administrator to ensure:

“(1) A personnel member
a. is at least 21 years of age”

But subsequently allows that:

“(2) An employee is at least 18 years of age.”

Not only is this confusing but we also do not believe that there should be this artificial age limit on behavioral health personnel. We suggest, for the purposes of not only adding qualified personnel to the for workforce, but also to allow trained individuals career opportunities, that these requirements be combined to allow 18 years old to be threshold:

“ A. An administrator shall ensure that:

1. A personnel member and an employee is at least 18 years of age”

3. Proposed rule, R9-10- 306 (J), requires 24/7 staffing for inpatient behavioral health facilities by a physician or a registered nurse practitioner and the administrator must ensure that the physician or registered nurse practitioner is:

- a. Present on the behavioral health inpatient facility's premises,
- b. Available through telemedicine, or
- c. On-call and on the premises within 30 minutes after a request to come to the behavioral health inpatient facility

Providers have been confused/concerned about this requirement, particularly the interplay between telemedicine and on-call. We suggest the following to address that concern/confusion:

- a. **Present** on the behavioral health inpatient facility's premises, *or*
- b. ***On-call and available through telemedicine or on the premises within 30 minutes after a request to come to the behavioral health inpatient facility.***

TITLE 9. HEALTH SERVICES

CHAPTER 10. HEALTH CARE INSTITUTIONS: LICENSING

ECONOMIC, SMALL BUSINESS, AND CONSUMER IMPACT STATEMENT

April 2019

ECONOMIC, SMALL BUSINESS, AND CONSUMER IMPACT STATEMENT

TITLE 9. HEALTH SERVICES

CHAPTER 10. HEALTH CARE INSTITUTIONS: LICENSING

1. An identification of the rulemaking

In order to ensure public health, safety, and welfare, Arizona Revised Statutes (A.R.S.) §§ 36-405 and 36-406 require the Arizona Department of Health Services (Department) to adopt rules establishing minimum standards and requirements for construction, modification, and licensure of health care institutions. The Department has adopted rules for licensing health care institutions in Arizona Administrative Code (A.A.C.) Title 9, Chapter 10. Laws 2017, Ch. 122, eliminates renewal licensure for health care institutions and states that a health care institution license remains valid unless subsequently suspended or revoked by the Department or the health care institution fails to pay a licensing fee by a specified due date. Laws 2017, Ch. 122, also requires the Department to establish rules regarding the payment of licensing fees and modifies information and documentation required to be submitted as part of a licensing application. Laws 2017, Ch. 134, requires the Department to develop rules related to recidivism reduction staff in adult residential care institutions. In this rulemaking, the Department is revising the rules in 9 A.A.C. 10 to comply with Laws 2017, Ch. 122. As part of the rulemaking, the Department is also making other changes to rules in 9 A.A.C. 10 to improve efficiency and effectiveness, as described in five-year-review reports approved by the Governor’s Regulatory Review Council, including the addition of requirements related to recidivism reduction.

2. Identification of the persons who will be directly affected by, bear the costs of, or directly benefit from the rules

- The Department
- Health care institutions
- Personnel members
- Patients/residents of a health care institution and their families
- General public

3. Cost/Benefit Analysis

The new rules contain requirements being made to comply with statutory changes. For Laws 2017, Ch. 122, these include:

- Removing references to “initial” and “renewal” applications and licenses;

- Making documentation submission requirements, which had been associated with renewals, now associated with annual licensing fees;
- Removing the exclusion of a behavioral health facility from requirements in A.R.S. § 36-421(F);
- Adding requirements for submission of annual licensing fees;
- Exempting a history of nonpayment of fees as grounds for license denial;
- Requiring the Department to notify a licensee that annual licensing fees are due;
- Adding provisions for a grace period and late fee;
- Adding provisions for an alternate licensing fee due date; and
- Specifying circumstances when a license becomes invalid.

For Laws 2017, Ch. 134, related to recidivism reduction, these include:

- Adding adult residential care institution as a subclass of behavioral health residential facilities;
- Clarifying that an applicant must be authorized to perform recidivism reduction services;
- Clarifying fingerprinting requirements and requirements for background checks for recidivism reduction staff;
- Adding requirements for a personnel member, who is recidivism reduction staff; and
- Adding a new Section specific to recidivism reduction services.

In addition to these changes, many of the changes being made as part of this rulemaking are in response to issues described in five-year-review reports approved by the Governor's Regulatory Review Council (Council) of Articles in 9 A.A.C. 10, for which an expedited rulemaking would have been conducted if this rulemaking had not been open. Therefore, they are clarifying in nature, will reduce a regulatory burden while achieving the same regulatory objective, comply with regulatory requirements, and help eliminate confusion on the part of the regulated communities. These changes include:

- Clarifying the use of terms defined in R9-10-101 that are used in the Chapter; (Three definitions are being removed; a citation to A.R.S. § 36-439 is added to include definitions related to colocation; 12 definitions are added, including seven moved from other Sections in the Chapter and two replacing definitions being removed; and 22 definitions are revised.)
- Correcting typographical errors, grammatical errors, and cross-references;
- Correcting the inconsistent uses of terms;
- Clarifying when an e-mail address is needed;
- Separating requirements for two persons into different subsections;

- Clarifying for which modifications of a health care institution the requirements in R9-10-104 are applicable;
- Clarifying license application requirements (including when “address” refers to “mailing address” and that not all health care institutions have a “licensed capacity”);
- Clarifying that an applicant for a license does not receive the license until licensing fees are paid;
- Clarifying for what changes a licensee is required to notify the Department, adding a requirement for documentation of the change, and removing requirements related to the Department’s approval of a change because no approval is required;
- Adding a list of types of modifications and for which types of modifications the submission of architectural plans and specifications is required;
- Clarifying that noncompliance with the applicable requirements in A.R.S. Title 36, Chapter 4, and this Chapter is grounds for denial, suspension, or revocation of a license;
- Clarifying requirements for a tuberculosis infection control program;
- Clarifying that a transport to a receiving hospital may come from a health care institution besides a hospital;
- Clarifying documentation requirements for a hospital related to a surgical procedure on a patient;
- Clarifying requirements for a “seclusion room,” including using “secure hold room,” to address a written criticism of the rules;
- Updating dietary guidelines and incorporations by reference to the current versions;
- Making the rules consistent with A.A.C. R3-8-201(C)(4);
- Moving requirements for transfer of a resident of a nursing care institution from R9-10-409 to R9-10-408;
- Clarifying that a behavioral health residential facility must be authorized to provide personal care services or an outdoor behavioral health care program;
- Clarifying requirements for behavioral health services in a behavioral health residential facility; and
- Substituting the phrase “Department-provided format” for consistency with other Department rules and to better allow for electronic submission of information/applications.

Other changes being made in response to issues identified in five-year-review reports of Articles in 9 A.A.C. 10 that were approved by the Council may impose a cost on stakeholders and could not have been made through expedited rulemaking. The costs associated with these

changes, as well as the benefits provided by the changes being made, are described below. No new FTEs will be required due to this rulemaking. Annual costs/revenues changes are designated as minimal when more than \$0 and \$2,000 or less, moderate when between \$2,000 and \$10,000, and substantial when \$10,000 or greater in additional costs or revenues. A cost is listed as significant when meaningful or important, but not readily subject to quantification.

- **The Department**

The Department currently licenses over 6,400 facilities as one of over 18 classes/subclasses of health care institutions. As of February 2019, these include: 110 hospitals, 54 behavioral health inpatient facilities, 146 nursing care institutions, 3 recovery care centers, 7 hospice inpatient facilities, 208 outpatient surgical centers, 2,472 outpatient treatment centers, one behavioral health specialized transitional facility, 3 abortion clinics, 3 substance abuse transitional facilities, 576 behavioral health residential facilities, 171 hospice service agencies, 217 home health agencies, 2,084 assisted living facilities, 21 adult day health care facilities, 13 behavioral health respite homes, 45 adult behavioral health therapeutic homes, 239 counseling facilities, and 43 unclassified health care institutions. For all these facilities, the Department will no longer need to process renewal licenses once the new rules become effective. According to the requirements in the new rules, these health care institutions must only verify information about the facility and pay an annual licensing fee for their licenses to remain active. The Department anticipates that this fee will be paid through an online data system, on which a licensee will also be able to verify the information for the facility currently in the Department’s records. The Department anticipates that this change to perpetual licenses will provide a moderate benefit to the Department through less staff time being spent processing renewal applications. Changes to clarify requirements, as described above, may provide a significant benefit to the Department through less staff time being spent answering questions about the rules.

An applicant will still need to submit an application according to R9-10-105 and, when applicable, according to R9-10-104 when initially applying for a health care institution license. The requirements relating to the application packet have been revised in the new rules so an applicant will now need to indicate the requested licensed capacity for the facility only if applicable, and will need to indicate the respite capacity if applicable. Some classes/subclasses of health care institutions, such as outpatient treatment centers, outpatient surgical centers, home

health agencies, and hospice service agencies do not have a licensed capacity. Only outpatient treatment centers and behavioral health residential facilities providing respite services to children on the premises who do not stay overnight could have a respite capacity. The requirement to include the requested respite capacity for these classes of health care institution was inadvertently left out of the 2016 exempt rulemaking for colocation and respite to implement Laws 2015, Ch.158. A hospital applicant for a single group license will also need to provide, for each satellite facility or accredited satellite facility under the single group license, the class or subclass of the satellite facility and a list of services to be provided at the satellite facility. This change will eliminate the need for Department staff to contact the applicant to get this information before processing the application. A licensee will also need to notify the Department when adding or removing a satellite facility or accredited satellite facility under a single group license to allow the Department to correct records and, if applicable, expect a new application from a health care institution that will no longer be a satellite facility. Because the Department currently notifies licensees of upcoming license renewal due dates, and plans to use the same method when notifying licensees of annual licensing fee due dates, the new rules clarify that an applicant must supply an e-mail address for the facility. The Department believes that the changes to the application packets and notification requirements may provide a significant benefit to Department.

Under the current rules, an applicant has 180 calendar days, from the date the Department notifies the applicant that an application is not complete, to supply the missing information/documentation before the application is considered withdrawn. This time-frame was put in place because an application for licensure was not considered complete until the Department received documentation of the Department's approval of architectural plans and specifications, under R9-10-104. An application packet submitted according to R9-10-104 had to be submitted, and was supposed to be approved, before a licensing application was submitted. The extended time to supply missing documentation was to accommodate the review and approval of an application packet submitted under R9-10-104 at the same time as an application packet for licensing was submitted. Under the new rules, an application would be considered complete if it contained either the application packet for approval of architectural plans and specifications in R9-10-104(A) or documentation of the Department's approval. Therefore, there is no longer a need for an extended time to supply missing information/documents, and the Department is shortening this time-frame to 60 calendar days. Similarly, the Department is keeping the time-frame of 120 calendar days for an applicant to submit information or documentation

requested during the substantive review time-frame for a licensing application or application for a modification requiring architectural plans and specifications, but reducing the time for an applicant to submit information or documentation requested during the substantive review time-frame for a modification not requiring architectural plans and specifications or for a request for an alternate fee due date from 120 calendar days to 30 calendar days. The Department anticipates that these changes may provide a significant benefit to the Department.

As part of an exempt rulemaking of 9 A.A.C. 10, effective July 1, 2014, the Department had added several fees to R9-10-106. These included a fee of \$94 times the licensed occupancy for a behavioral health facility providing behavioral health observation/stabilization services; a fee of \$91 times the licensed occupancy for a hospital or an outpatient treatment center providing behavioral health observation/stabilization services, including an outpatient treatment center under a single group license; a fee of \$91 times the number of dialysis stations for an outpatient treatment center providing dialysis services, including an outpatient treatment center under a single group license; and a fee of \$365 for each of a hospital's satellite facilities under a single group license. The Department did not complete a regular rulemaking to remake these fees, so the fees expired under A.R.S. § 41-1008(E) on June 30, 2016. As part of the current rulemaking, the Department is reinstating these fees.

Based on the number of health care institutions that are currently authorized to provide these services and would begin paying the reinstated fees, the Department anticipates that the Department may receive approximately \$270,500 in additional revenue. For the last few years, the Department had greater expenditures for health care institution licensing than funds received, creating a shortfall. For example, in FY 2018, the Department received \$6,200,732 for health care institution licensing. Expenditures totaled \$6,359,109.04 without indirect costs, which were waived by the Department. If indirect costs had been included, the Department's expenditures in FY 2018 for health care institution licensing would have been \$7,020,918.36. Reinstatement of these fees may help offset some of the shortfall.

Recently, the Department has experienced several/many(?) instances, especially with smaller behavioral health residential facilities, in which a surveyor from the Department arrived at a behavioral health residential facility and was not able to communicate with any personnel member on the premises. This situation caused surveyors to wait around for extended periods of time or to leave and return at another time when someone who could communicate in English was present, resulting in inefficiency and additional costs to the Department. Therefore, in the new rules, the Department is adding a requirement that a personnel member who is able to read, write,

understand, and communicate in English must be on the premises of the behavioral health residential facility. The requirement is similar to a requirement for assisted living facilities in the current rules. The Department anticipates that this new requirement will provide a significant benefit to the Department.

- **Health care institutions**

As stated above, the Department currently licenses over 6,400 facilities as health care institutions. Under the current rules, each must submit a renewal application. The changes being made to the rules to comply with Laws 2017, Ch. 122, eliminate the need for renewal license applications. The provisions in the new rules for a grace period, with payment of a late payment fee of \$250, and for obtaining an alternate licensing fee due date may be of particular benefit to a health care institution. The \$250 late payment fee is consistent with the civil money penalty currently imposed on a facility that does not submit a timely renewal application. The Department believes that these changes, required by statutory changes rather than imposed by the Department, may provide a significant benefit to a health care institution.

Because an application for approval of architectural plans and specifications may now be submitted as part of a licensing application, the Department is shortening the time-frame for submitting missing components of an application packet from 120 calendar days to 60 calendar days, but the Department is keeping the time-frame of 120 calendar days for an applicant to submit information or documentation requested during the substantive review time-frame for a licensing application or application for a modification requiring architectural plans and specifications. The Department is also reducing the time for an applicant to submit information or documentation requested during the substantive review time-frame for a modification not requiring architectural plans and specifications or for a request for an alternate fee due date from 120 calendar days to 30 calendar days. The Department anticipates that an applicant may incur at most minimal costs due to these changes.

Many of the changes being made as part of this rulemaking clarify current requirements. Others, such as a requirement for an e-mail address, are required to facilitate electronic communication with licensees. Requirements relating to the application packet in R9-10-104 or R9-10-105 have been revised in the new rules so an applicant will now need to indicate the requested licensed capacity for the facility only if applicable, and will need to indicate the respite capacity if applicable. Under the current rules and statutes, a licensee is required to notify the Department of certain changes that affect a license, as specified in R9-10-109. The new rules list changes for which notification is required and clarify that a licensee is required to submit

documentation supporting the change. For example, a health care institution is required to notify the Department of a change in the name of the health care institution. As long as there is not a change in the governing authority, a name change just results in the issuance of a new license including the new name. However, a name change associated with a change in ownership would require a new license application to be submitted according to R9-10-105. Documentation showing for which type of name change notification is being made needs to be included with the notification to distinguish the two. The Department estimates that a health care institution may incur at most minimal costs for providing documentation when notifying the Department of a change affecting a license or for other clarifying changes and that the clarifications may provide a significant benefit to a health care institution.

However, the Department anticipates that other changes related to clarifications may cause a health care institution that was not interpreting a requirement consistent with the Department's understanding to incur a cost for compliance. For example, a licensee is required by R9-10-110 to submit a request to the Department for approval of a modification to the health care institution. The new rules clarify what constitutes a modification by listing circumstances that are considered modifications, consistent with the current and revised definition of "substantial," and specify those for which approval of architectural plans and specifications are required, rather than leaving a licensee confused about what to do when planning one of these changes. The new rules also clarify the documentation required to demonstrate that a requested modification complies with applicable requirements in the Chapter. The Department believes that a health care institution may incur minimal-to-moderate costs due to these changes and may receive a significant benefit from the clarity of the rules.

A licensee is required to comply with R9-10-109 and R9-10-110 independent of license renewal, but the Department often learns of some changes that should have been divulged under R9-10-109 or R9-10-110 at the time that a license is renewed, as part of the renewal application. Since, under perpetual licensing, no renewal application will be submitted, the Department plans to require a health care institution to verify information about the health care institution in the Department's licensing database records and to initiate actions to comply with R9-10-109 or R9-10-110, if applicable, before paying the annual licensing fee. A health care institution may incur a late payment fee if the health care institution waits until the last minute before trying to pay the annual licensing fee and cannot verify that the information in the Department's records is accurate because changes or modifications have been made and the health care institution has failed to comply with requirements in R9-10-109 or R9-10-110. If the health care institution waits

until the end of the grace period before attempting to pay the annual licensing fee, the license of the health care institution may even become void in such a circumstance. However, the Department will be informing the health care institution of the need to pay the annual licensing fee and the licensing fee due date well before the licensing fee due date, to give the health care institution plenty of time to comply with R9-10-109 or R9-10-110, if necessary, before the licensing fee due date. While this requirement may result in a health care institution incurring up to substantial costs/loss of revenue, the cause would be due to the inaction of the health care institution rather than to the new rules.

As part of the 2013 exempt rulemaking incorporating behavioral health facilities into 9 A.A.C. 10, the Department defined “behavioral health professional” as: “an individual licensed under A.R.S. Title 32 whose scope of practice allows the individual to:

- a. Independently engage in the practice of behavioral health as defined in A.R.S. § 32-3251; or
- b. Except for a licensed substance abuse technician, engage in the practice of behavioral health as defined in A.R.S. § 32-3251 under direct supervision as defined in A.A.C. R4-6-101.”

The definition was changed to the current definition during the 2014 exempt rulemaking. Because so many of the functions required in rule of a “behavioral health professional” are outside the scope of a registered nurse without additional training/certification, the Department believed that including a registered nurse, without additional qualifications, in the list of licensed individuals included as a “behavioral health professional” in 2014 was inappropriate, and the Department is correcting the error as part of this rulemaking. The revised definition of “behavioral health professional” includes a registered nurse with a psychiatric-mental health nursing certification or one year of experience providing behavioral health services. During inspections of health care institutions, the Department has found few registered nurses serving in the role of “behavioral health professional,” and those few had additional certification credentials or experience. Therefore, the Department believes that this change will have a minimal impact on health care institutions as a whole, although a health care institution using a registered nurse without additional certification credentials or experience in the capacity of a behavioral health professional may incur up to a substantial cost to comply with this change. This cost may be offset because the health care institution would be providing better, more appropriate care for its patients, resulting in a significant benefit to the health care institution.

Because the fees in R9-10-106(C)(3), (6), and (7) and (D) were not remade within two years after the 2014 exempt rulemaking, they have not been in effect since July 1, 2016. In this rulemaking, the Department is reinstating these fees. The fee of \$94 times the licensed occupancy

in subsection (C)(3) affects behavioral health facilities providing behavioral health observation/stabilization services. Currently, there are eight behavioral health facilities providing behavioral health observation/stabilization services, with a licensed occupancy ranging from 8 to 44. Therefore, by reinstating this fee, a behavioral health facility may incur between \$752 and \$4,136 in additional licensing costs. Similarly, there are no hospitals and five outpatient treatment centers authorized to provide behavioral health observation/stabilization services, but only two of them have a licensed occupancy. The two outpatient treatment centers have licensed occupancies of 15 and 40. Therefore, the Department estimates that an outpatient treatment center providing behavioral health observation/stabilization services may incur between \$1,365 and \$3,640 in additional licensing costs with the reinstatement of fees in subsection (C)(7)(b).

An outpatient treatment center providing dialysis services will incur a fee of \$91 times the number of dialysis stations when R9-10-106(C)(7)(a) is reinstated. The Department believes that there are 118 outpatient treatment centers currently providing dialysis services, with the number of dialysis stations in each ranging from zero (for outpatient treatment centers providing education and assistance for dialysis in a patient's home) to 36. Of the 118 outpatient treatment centers providing dialysis services, 71 have 21 or fewer dialysis stations. These outpatient treatment centers would incur minimal additional licensing costs due to the reinstated fees. The remaining 47 outpatient treatment centers have between 22 and 36 dialysis stations and would be expected to incur between \$2,002 and \$3,276 in additional licensing costs due to the reinstated fees.

Of the 110 hospitals licensed by the Department, 51 have satellite facilities that operate under the hospital's single group license, with 15 of these having only one satellite facility and 37 having five or fewer satellite facilities. Only five hospitals have 10 or more satellite facilities, with the hospital with the greatest number having 18 satellite facilities. Therefore, when the fee of \$365 under R9-10-106(D) for each of a hospital's satellite facilities is reinstated, the Department anticipates that 37 hospitals may incur a minimal increased cost and 14 may incur a moderate increase in costs, with the hospital with the greatest number of satellite facilities paying an additional \$6,570 in additional fees.

The new rules also clarify in R9-10-202(B) and (C) that a governing authority applying for a single group license under A.R.S. § 36-422(F) or (G) is required to include the class or subclass of the satellite facility and the list of services to be provided at the satellite facility. By clarifying this requirement in the rules, a hospital will be able to provide this information as part of an application, rather than after an inquiry by Department staff. The new rules are also changing the

requirement in R9-10-217 for a “seclusion room,” in response to a written criticism of the rules noted in the five-year-review report for Article 2. The new rules clarify that this space does not have the same characteristics as a room used for seclusion in a hospital’s psychiatric unit. Instead, the new requirement is for a “secure hold room” in the emergency department, as described in the American Institute of Architects and Facilities Guidelines Institute, Guidelines for Design and Construction of Health Care Facilities, incorporated by reference in A.A.C. R9-1-412. The Department anticipates that a hospital may incur up to minimal costs due to the additional information being provided at the time of application and with the annual licensing fees, and may receive a significant benefit from the clarity of the rules and minimal-to-moderate benefit from not having to provide additional information after the application is submitted or incorrectly designing a “secure hold room” with the same characteristics as a room used for seclusion in a psychiatric unit of the hospital.

During the five-year review of the rules in Article 4, the Department noticed an apparent inconsistency with respect to the use of restraints in a nursing care institution. While R9-10-410(B)(3)(i) states that a resident is not subjected to restraint in a nursing care institution, the term is used in both R9-10-414(A)(1)(d)(xvii) and R9-10-415(2). In the new rules, the reference in R9-10-414(A)(1)(d)(xvii) has been removed, and R9-10-415(2) has been changed to clarify that this subsection pertains to how the nursing care institution will respond to a resident’s sudden, intense, or out-of-control behavior to prevent harm to the resident or another individual. The Department believes that a nursing care institution that was inappropriately using restraints may incur minimal-to-moderate costs to change the procedures being followed and that this clarification may provide all nursing care institutions with a significant benefit.

Several changes described in the five-year-review report for Article 3 may cause a behavioral health inpatient facility to incur additional costs but are necessary to protect the health and safety of patients. During inspections and the investigations of complaints, the Department has found that the seriousness of the behavioral health issues of patients admitted into a behavioral health inpatient facility is higher than anticipated when the rules were originally made. This has resulted in adverse events for patients, including patient deaths. The Department believes that adding requirements for establishing an acuity plan, for determining a patient’s acuity, and for staffing based on patient acuity may help prevent adverse events. Although R9-10-306(B)(3) currently requires a behavioral health inpatient facility to provide sufficient personnel members to provide services, meet the needs of a patient, and ensure the health and safety of a patient, the new requirements may assist a behavioral health inpatient facility to better understand staffing needs

and comply with this requirement. The Department estimates that these changes may cause a behavioral health inpatient facility to incur as much as a substantial increase in cost, especially if additional personnel members must be hired to adequately staff the behavioral health inpatient facility to meet the needs of the patients admitted to the behavioral health inpatient facility.

Similarly, reducing the time to perform a medical history and physical examination on a patient after admission to a behavioral health inpatient facility and to document the results, from within 72 hours to within 24 hours after admission, may improve patient health and safety. The added requirement for assessing a patient to identify the behavioral health services needed by a patient whenever a patient has a significant change in condition or experiences an event that affects treatment may also improve the health and safety of patients, as well as improve the efficacy of treatment. To ensure that the correct information about a patient's condition is available to personnel members, the new rules reduce the time for documentation of a patient's behavior health assessment from within 48 hours to within 24 hours after completing the assessment, and for a patient receiving crisis services from within 24 hours to within eight hours after completing the assessment. The Department anticipates that a behavioral health inpatient facility may incur minimal-to-moderate costs to implement these changes, but receive a significant benefit from providing better, more appropriate patient care.

To offset some of these costs, the new rules allow medical services in a behavioral health inpatient facility to be provided under the direction of a registered nurse practitioner, as well as under a physician. The new rules also include more options, in R9-10-306(J), for a behavioral health inpatient facility to ensure access to a physician or registered nurse practitioner, but it is possible that changes in the requirements related to an on-call physician or registered nurse practitioner, being made to protect the health and safety of patients, may also cause a behavioral health inpatient facility to incur minimal-to-moderate additional costs. The ability to use telemedicine may be especially helpful to behavioral health inpatient facilities in more rural areas of Arizona. To ensure that an on-call physician or registered nurse practitioner can provide medical services if needed within a reasonable time to protect the health and safety of patients, the new rules require the on-call physician or registered nurse practitioner to be on the premises within 30 minutes after being called and requested to come and adds documentation requirements for an on-call physician or registered nurse practitioner. The Department believes that these changes may cause one behavioral health inpatient facility to incur minimal costs to change procedures and may provide a significant benefit to another behavioral health inpatient facility.

The new rules also contain changes, described in the five-year-review report for Article 7,

that are necessary to protect the health and safety of residents but may cause a behavioral health residential facility to incur additional costs. For example, the Department has learned of several instances of harm to a resident due to the resident not receiving an adequate assessment of the resident's condition and needs in a timely manner. The Department believes that allowing a resident to go up to seven days before a medical practitioner performs a medical history and physical examination or a registered nurse performs a nursing assessment on a resident is too long to ensure the health and safety of a resident and has shortened this period to a maximum of 72 hours. This will allow an individual who is admitted on a Friday to receive an assessment on Monday, rather than requiring a behavioral health residential facility to incur additional costs for conducting an assessment on a weekend. The new rules also reduce the time for documenting an interval note from within 48 hours to within 24 hours after new information is obtained to ensure personnel members have up-to-date information about a resident. Although the Department believes that most well-run facilities already meet these standards and may receive a significant benefit from providing better, more appropriate patient care, the Department anticipates that these changes may impose a minimal-to-moderate additional cost on a behavioral health residential facility that was waiting until the maximum time limit to perform these actions.

As mentioned above, the new rules require that a personnel member who is able to read, write, understand, and communicate in English must be on the premises of the behavioral health residential facility. This requirement is similar to a requirement for assisted living facilities in the current rules. The Department is unaware of any behavioral health residential facility that has no English-speakers as personnel members. Those behavioral health residential facilities at which the Department's surveyors encountered no one who could communicate in English had other personnel members who were not working that day who could communicate in English. Therefore, the Department believes that this new requirement may cause a behavioral health residential facility to incur at most minimal additional costs to ensure that a personnel member who can communicate in English is scheduled to work on each shift.

In addition to the changes described above, the five-year-review report for Article 7 states that these rules are inconsistent with Laws 2017, Ch. 134, because the rules do not address requirements relevant to a behavioral health residential facility that provides recidivism reduction services. In these new rules, the Department has added in R9-10-102 the adult residential care institution subclass of behavioral health residential facilities; clarified in R9-10-702 that an applicant must be authorized to perform recidivism reduction services; clarified in R9-10-703, R9-10-706, and R9-10-717.01 fingerprinting requirements and requirements for background

checks for recidivism reduction staff; added in R9-10-706 requirements for a personnel member who is recidivism reduction staff; and added in R9-10-717.01 a new Section specific to recidivism reduction services. A.R.S. § 36-411.01(A) mentions an “adult residential care institution subclass” for the provision of recidivism reduction services. Therefore, the Department plans to make “adult residential care institutions” a subclass of behavioral health residential facilities. R9-10-101 has been revised to add a definition for “adult residential care institution,” and “adult residential care institution” has been added as a subclass of health care institution in R9-10-102. Making adult residential care institutions its own subclass may also help prevent recidivism reduction staff from interacting with residents other than those receiving recidivism reduction and co-mingling of residents who are receiving recidivism reduction services with residents admitted for other reasons. Therefore, a behavioral health residential facility in which recidivism reduction services will be provided would need to be relicensed as an adult residential care institution. Any costs imposed by these requirements originate from statutes rather than rule and would pertain only to those facilities that voluntarily apply for approval to become the adult residential care institution subclass of behavioral health residential facilities. The Department anticipates that these health care institutions may incur up to substantial costs to comply with the requirements, but may also receive substantial benefits/increased revenue from being able to hire and retain individuals who cannot comply the fingerprinting requirements in A.R.S. § 36-411.

Changes are also being made to requirements in R9-10-803 and R9-10-806 of the new rules, consistent with the five-year-review report for Article 8. The new rules require, in R9-10-803(C)(1)(m), policies and procedures by which an assisted living facility is aware of the general or specific whereabouts of a resident, based on the level of assisted living services provided to the resident and the assisted living services the assisted living facility is authorized to provide. This requirement is closely associated with the ability of a facility to carry out the service plan for a resident. If a resident’s service plan requires a caregiver to assist a resident with medication or provide personal care services to a resident, the caregiver cannot comply with requirements in the service plan if the resident is not on the premises. Nor can a caregiver assist a resident with medication at a specific time, according to the resident’s prescription, if the resident is not where the resident is expected to be at that time and no one has any idea of the resident’s whereabouts. Furthermore, requiring that a facility have policies and procedures that cover how the facility is aware of a resident’s whereabouts may help prevent a resident going out on a patio at 10:00 a.m. in August, falling asleep, and not being discovered until 2:00 p.m., by which time the resident may have suffered heat stroke or other serious medical conditions. The requirement is

also consistent with the definition in A.R.S. § 36-401 of “supervisory care services,” which includes “general supervision, including daily awareness of resident functioning and continuing needs, the ability to intervene in a crisis and assistance in the self-administration of prescribed medications.” A caregiver cannot intervene in a crisis if the caregiver does not know where a resident is. The Department believes that a facility is in the best position to devise methods to address this, based on the level of services being provided to the resident, without intruding on the resident’s privacy, and that these methods will differ from one assisted living facility to another. The policies and procedures would not include individuals in independent living situations associated with an assisted living facility, but would apply to residents receiving supervisory care services, personal care services, or directed care services on a continuous basis. The Department anticipates that developing these policies and procedures may cause an assisted living facility to incur minimal costs, but also to receive a significant benefit from providing better care to residents.

In R9-10-806(A)(7), the new rules require an assisted living facility to document staffing but leave the method by which the assisted living facility accomplishes this end up to the assisted living facility. The Department expects that the method could vary from one facility to another. The rule change would enable the Department to determine if there were enough staff to meet the needs of residents and to know who was at the facility when investigating a complaint. A related change is being made in R9-10-806(B)(3) for assisted living homes, which provide services to 10 or fewer residents and often have only one or two caregivers on the premises at a time. The new rules require the manager of an assisted living home shall ensure that there is a plan for back-up to ensure that assisted living services are provided to a resident if the manager or a caregiver assigned to work is not available or not able to provide the required assisted living services. This requirement may prevent residents of an assisted living home from being left unattended if staff assigned to work become ill or have an emergency that requires them to leave suddenly. The Department expects that these changes may cause an assisted living facility, including an assisted living home, to incur minimal costs and to receive a significant benefit from providing better care to residents.

- **Personnel members**

The Department anticipates that the changes clarifying requirements may provide a significant benefit to a personnel member of a health care institution by making it easier to understand and comply with the requirements. The changes adding options for ensuring access to a physician or registered nurse practitioner for a behavioral health inpatient facility may cause a

personnel member to take a little longer when communicating with a physician or registered nurse practitioner, and perhaps incurring minimal costs. A personnel member who is an on-call physician or registered nurse practitioner may incur minimal-to-moderate costs from having to be on the premises of a behavioral health inpatient facility within 30 minutes after being summoned to come, but they may also receive a minimal-to moderate benefit from being able to respond through teleconferencing.

The change in the new rules requiring a personnel member who can communicate in English to be on the premises of a behavioral health residential facility may cause a personnel member, whose shift is moved to ensure compliance with the requirement, to incur some costs or inconvenience, but the amount or cause cannot be determined. Nor would the cost or inconvenience be directly tied to the requirement but be more related to how the personnel member's employer chooses to comply with the new requirement.

Individuals working in an adult residential care institution, which will be a subclass of behavioral health residential facilities, are required by A.R.S. § 36-411 to have a fingerprint clearance card or apply for a fingerprint clearance card within twenty working days after employment or beginning volunteer work at the facility. Laws 2017, Ch. 134, added A.R.S. § 36-411.01, which allows an individual to be employed as recidivism reduction staff, after having been denied a fingerprint clearance card, under specified conditions. In the rules, the Department has specified how an adult residential care institution can ensure that an applicant for recidivism reduction staff can meet those conditions. The Department believes that specifying these methods may provide some consistency in an evaluation by a prospective employer and may provide a significant benefit to an individual applying to become recidivism reduction staff.

- **Patients and residents of health care institutions and their families**

The Department believes that the rule changes being made to improve the clarity of the rules, as well as those improving the efficiency and effectiveness of the rules, will help personnel members to better understand requirements in the rules and, thus, better comply with the requirements. A patient or resident of a health care institution may receive better services from these individuals as a result of personnel members better complying with requirements in the rules. Thus, the rule changes may provide a significant benefit to a patient or resident. A resident of a behavioral health residential facility and family members may also receive a significant benefit from the requirement for a personnel member who can communicate in English to be on the premises, especially if the resident or family member only understands English.

Several requirements are being added by the new rules to improve the health and safety of

patients/residents. These include reducing the time for patient/resident assessment and documentation, adding requirements for a behavioral health inpatient facility to establish an acuity plan and determine a patient's acuity, adding options for ensuring access to a physician or registered nurse practitioner for a behavioral health inpatient facility, eliminating an apparent inconsistency with respect to the use of restraints in a nursing care institution, requiring an assisted living facility to have methods to be aware of a resident's general or specific whereabouts, and adding requirements for assisted living facilities related to documentation of staffing and for ensuring backup. The Department anticipates that these changes may provide a significant benefit to a patient/resident and their families.

The requirements in the new rules specific to recidivism reduction services, to comply with Laws 2017, Ch. 134, may also help ensure the safety of residents receiving recidivism reduction services. They may also help improve the effectiveness of recidivism reduction services by including evaluation criteria for successful completion of treatment by recidivism reduction staff and making an evaluation somewhat consistent. The Department believes that these requirements may provide a significant benefit to an individual receiving recidivism reduction services and their families.

- **General public**

The Department believes that the changes being made in the new rules will make the rules more effective and enable health care institutions to provide better treatment. Having rules that are more easily understood, complied with, and enforced may provide a significant benefit to the general public, as will enabling health care facilities to provide better treatment.

4. A general description of the probable impact on private and public employment in businesses, agencies, and political subdivisions of this state directly affected by the rulemaking

Public and private employment in the State of Arizona is not expected to be affected due to the changes required in the rule.

5. A statement of the probable impact of the rules on small business

a. Identification of the small businesses subject to the rules

Small businesses affected by the rules may include small health care institutions and personnel members who are physicians, registered nurse practitioners, or registered nurses.

b. The administrative and other costs required for compliance with the rules

Anticipated costs for complying with the rules are described under paragraph 3.

c. A description of the methods that the agency may use to reduce the impact on small

businesses

The methods that the Department may use to reduce the impact on small businesses are described in paragraph 3 and include the option to use telemedicine to ensure access to a physician or registered nurse practitioner for a behavioral health inpatient facility. The rules also allow for a behavioral health residential facility to devise its own methods to ensure adequate oversight of residents and adequate staffing, rather than having to comply with specific methods determined by the Department.

d. The probable costs and benefits to private persons and consumers who are directly affected by the rules

The costs to private persons and consumers from the rules changes are described in paragraph 3.

6. A statement of the probable effect on state revenues

The rulemaking includes the reinstatement of fees that expired under A.R.S. § 41-1008(E) on June 30, 2016. These fees are a 90/10 split between the health services licensing fund and the general fund, according to A.R.S. § 36-405(D). Based on the number of health care institutions that are currently authorized to provide the services for which fees are being reinstated and would begin paying the reinstated fees, the Department anticipates that the general fund may receive approximately \$30,000 in additional revenue.

7. A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed rulemaking

There are no less intrusive or less costly alternatives for achieving the purpose of the rules.

8. A description of any data on which the rule is based with a detailed explanation of how the data was obtained and why the data is acceptable data

Not applicable

Statutory Authority for 9 A.A.C. 10, Article 1

36-132. Department of health services; functions; contracts

A. The department, in addition to other powers and duties vested in it by law, shall:

1. Protect the health of the people of the state.
2. Promote the development, maintenance, efficiency and effectiveness of local health departments or districts of sufficient population and area that they can be sustained with reasonable economy and efficient administration, provide technical consultation and assistance to local health departments or districts, provide financial assistance to local health departments or districts and services that meet minimum standards of personnel and performance and in accordance with a plan and budget submitted by the local health department or districts to the department for approval, and recommend the qualifications of all personnel.
3. Collect, preserve, tabulate and interpret all information required by law in reference to births, deaths and all vital facts, and obtain, collect and preserve information relating to the health of the people of this state and the prevention of diseases as may be useful in the discharge of functions of the department not in conflict with chapter 3 of this title and sections 36-693, 36-694 and 39-122.
4. Operate such sanitariums, hospitals or other facilities assigned to the department by law or by the governor.
5. Conduct a statewide program of health education relevant to the powers and duties of the department, prepare educational materials and disseminate information as to conditions affecting health, including basic information for the promotion of good health on the part of individuals and communities, and prepare and disseminate technical information concerning public health to the health professions, local health officials and hospitals. In cooperation with the department of education, the department of health services shall prepare and disseminate materials and give technical assistance for the purpose of education of children in hygiene, sanitation and personal and public health, and provide consultation and assistance in community organization to counties, communities and groups of people.
6. Administer or supervise a program of public health nursing, prescribe the minimum qualifications of all public health nurses engaged in official public health work, and encourage and aid in coordinating local public health nursing services.
7. Encourage and aid in coordinating local programs concerning control of preventable diseases in accordance with statewide plans that shall be formulated by the department.
8. Encourage and aid in coordinating local programs concerning maternal and child health, including midwifery, antepartum and postpartum care, infant and preschool health and the health of schoolchildren, including special fields such as the prevention of blindness and conservation of sight and hearing.
9. Encourage and aid in the coordination of local programs concerning nutrition of the people of this state.
10. Encourage, administer and provide dental health care services and aid in coordinating local programs concerning dental public health, in cooperation with the Arizona dental association. The department may bill and receive payment for costs associated with providing dental health care services and shall deposit the monies in the oral health fund established by section 36-138.
11. Establish and maintain adequate serological, bacteriological, parasitological, entomological and chemical laboratories with qualified assistants and facilities necessary for routine examinations and analyses and for investigations and research in matters affecting public health.
12. Supervise, inspect and enforce the rules concerning the operation of public bathing places and public and semipublic swimming pools adopted pursuant to section 36-136, subsection I, paragraph 10.
13. Take all actions necessary or appropriate to ensure that bottled water sold to the public and water used to process, store, handle, serve and transport food and drink are free from filth, disease-causing substances and organisms and unwholesome, poisonous, deleterious or other foreign substances. All state agencies and local health agencies involved with water quality shall provide to the department any assistance requested by the director to ensure that this paragraph is effectuated.
14. Enforce the state food, caustic alkali and acid laws in accordance with chapter 2, article 2 of this title, chapter 8, article 1 of this title and chapter 9, article 4 of this title, and collaborate in the enforcement of the federal food, drug, and cosmetic act (52 Stat. 1040; 21 United States Code sections 1 through 905).
15. Recruit and train personnel for state, local and district health departments.

16. Conduct continuing evaluations of state, local and district public health programs, study and appraise state health problems and develop broad plans for use by the department and for recommendation to other agencies, professions and local health departments for the best solution of these problems.

17. License and regulate health care institutions according to chapter 4 of this title.

18. Issue or direct the issuance of licenses and permits required by law.

19. Participate in the state civil defense program and develop the necessary organization and facilities to meet wartime or other disasters.

20. Subject to the availability of monies, develop and administer programs in perinatal health care, including:

(a) Screening in early pregnancy for detecting high-risk conditions.

(b) Comprehensive prenatal health care.

(c) Maternity, delivery and postpartum care.

(d) Perinatal consultation, including transportation of the pregnant woman to a perinatal care center when medically indicated.

(e) Perinatal education oriented toward professionals and consumers, focusing on early detection and adequate intervention to avert premature labor and delivery.

21. License and regulate the health and safety of group homes for persons with developmental disabilities. The department shall issue a license to an accredited facility for a period of the accreditation, except that no licensing period shall be longer than three years. The department is authorized to conduct an inspection of an accredited facility to ensure that the facility meets health and safety licensure standards. The results of the accreditation survey shall be public information. A copy of the final accreditation report shall be filed with the department of health services. For the purposes of this paragraph, "accredited" means accredited by a nationally recognized accreditation organization.

B. The department may accept from the state or federal government, or any agency of the state or federal government, and from private donors, trusts, foundations or eleemosynary corporations or organizations grants or donations for or in aid of the construction or maintenance of any program, project, research or facility authorized by this title, or in aid of the extension or enforcement of any program, project or facility authorized, regulated or prohibited by this title, and enter into contracts with the federal government, or an agency of the federal government, and with private donors, trusts, foundations or eleemosynary corporations or organizations, to carry out such purposes. All monies made available under this section are special project grants. The department may also expend these monies to further applicable scientific research within this state.

C. The department, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

D. The department may enter into contracts with organizations that perform nonrenal organ transplant operations and organizations that primarily assist in the management of end-stage renal disease and related problems to provide, as payors of last resort, prescription medications necessary to supplement treatment and transportation to and from treatment facilities. The contracts may provide for department payment of administrative costs it specifically authorizes.

36-136. Powers and duties of director; compensation of personnel; rules; definition

A. The director shall:

1. Be the executive officer of the department of health services and the state registrar of vital statistics but shall not receive compensation for services as registrar.

2. Perform all duties necessary to carry out the functions and responsibilities of the department.

3. Prescribe the organization of the department. The director shall appoint or remove personnel as necessary for the efficient work of the department and shall prescribe the duties of all personnel. The director may abolish any office or position in the department that the director believes is unnecessary.

4. Administer and enforce the laws relating to health and sanitation and the rules of the department.

5. Provide for the examination of any premises if the director has reasonable cause to believe that on the premises there exists a violation of any health law or rule of this state.

6. Exercise general supervision over all matters relating to sanitation and health throughout this state. When in the opinion of the director it is necessary or advisable, a sanitary survey of the whole or of any part of this state shall be made. The

director may enter, examine and survey any source and means of water supply, sewage disposal plant, sewerage system, prison, public or private place of detention, asylum, hospital, school, public building, private institution, factory, workshop, tenement, public washroom, public restroom, public toilet and toilet facility, public eating room and restaurant, dairy, milk plant or food manufacturing or processing plant, and any premises in which the director has reason to believe there exists a violation of any health law or rule of this state that the director has the duty to administer.

7. Prepare sanitary and public health rules.

8. Perform other duties prescribed by law.

B. If the director has reasonable cause to believe that there exists a violation of any health law or rule of this state, the director may inspect any person or property in transportation through this state, and any car, boat, train, trailer, airplane or other vehicle in which that person or property is transported, and may enforce detention or disinfection as reasonably necessary for the public health if there exists a violation of any health law or rule.

C. The director, after consultation with the department of administration, may take all necessary steps to enhance the highest and best use of the state hospital property, including contracting with third parties to provide services, entering into short-term lease agreements with third parties to occupy or renovate existing buildings and entering into long-term lease agreements to develop the land and buildings. The director shall deposit any monies collected from contracts and lease agreements entered into pursuant to this subsection in the Arizona state hospital charitable trust fund established by section 36-218. At least thirty days before issuing a request for proposals pursuant to this subsection, the department of health services shall hold a public hearing to receive community and provider input regarding the highest and best use of the state hospital property related to the request for proposals. The department shall report to the joint committee on capital review on the terms, conditions and purpose of any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, and the fiscal impact on the department and any revenues generated by the agreement. Any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, must be reviewed by the joint committee on capital review.

D. The director may deputize, in writing, any qualified officer or employee in the department to do or perform on the director's behalf any act the director is by law empowered to do or charged with the responsibility of doing.

E. The director may delegate to a local health department, county environmental department or public health services district any functions, powers or duties that the director believes can be competently, efficiently and properly performed by the local health department, county environmental department or public health services district if:

1. The director or superintendent of the local health agency, environmental agency or public health services district is willing to accept the delegation and agrees to perform or exercise the functions, powers and duties conferred in accordance with the standards of performance established by the director of the department of health services.

2. Monies appropriated or otherwise made available to the department for distribution to or division among counties or public health services districts for local health work may be allocated or reallocated in a manner designed to ensure the accomplishment of recognized local public health activities and delegated functions, powers and duties in accordance with applicable standards of performance. Whenever in the director's opinion there is cause, the director may terminate all or a part of any delegation and may reallocate all or a part of any funds that may have been conditioned on the further performance of the functions, powers or duties conferred.

F. The compensation of all personnel shall be as determined pursuant to section 38-611.

G. The director may make and amend rules necessary for the proper administration and enforcement of the laws relating to the public health.

H. Notwithstanding subsection I, paragraph 1 of this section, the director may define and prescribe emergency measures for detecting, reporting, preventing and controlling communicable or infectious diseases or conditions if the director has reasonable cause to believe that a serious threat to public health and welfare exists. Emergency measures are effective for no longer than eighteen months.

I. The director, by rule, shall:

1. Define and prescribe reasonably necessary measures for detecting, reporting, preventing and controlling communicable and preventable diseases. The rules shall declare certain diseases reportable. The rules shall prescribe measures, including isolation or quarantine, that are reasonably required to prevent the occurrence of, or to seek early detection and alleviation

of, disability, insofar as possible, from communicable or preventable diseases. The rules shall include reasonably necessary measures to control animal diseases transmittable to humans.

2. Define and prescribe reasonably necessary measures, in addition to those prescribed by law, regarding the preparation, embalming, cremation, interment, disinterment and transportation of dead human bodies and the conduct of funerals, relating to and restricted to communicable diseases and regarding the removal, transportation, cremation, interment or disinterment of any dead human body.

3. Define and prescribe reasonably necessary procedures that are not inconsistent with law in regard to the use and accessibility of vital records, delayed birth registration and the completion, change and amendment of vital records.

4. Except as relating to the beneficial use of wildlife meat by public institutions and charitable organizations pursuant to title 17, prescribe reasonably necessary measures to ensure that all food or drink, including meat and meat products and milk and milk products sold at the retail level, provided for human consumption is free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe reasonably necessary measures governing the production, processing, labeling, storing, handling, serving and transportation of these products. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained in any warehouse, restaurant or other premises, except a meat packing plant, slaughterhouse, wholesale meat processing plant, dairy product manufacturing plant or trade product manufacturing plant. The rules shall prescribe minimum standards for any truck or other vehicle in which food or drink is produced, processed, stored, handled, served or transported. The rules shall provide for the inspection and licensing of premises and vehicles so used, and for abatement as public nuisances of any premises or vehicles that do not comply with the rules and minimum standards. The rules shall provide an exemption relating to food or drink that is:

(a) Served at a noncommercial social event such as a potluck.

(b) Prepared at a cooking school that is conducted in an owner-occupied home.

(c) Not potentially hazardous and prepared in a kitchen of a private home for occasional sale or distribution for noncommercial purposes.

(d) Prepared or served at an employee-conducted function that lasts less than four hours and is not regularly scheduled, such as an employee recognition, an employee fund-raising or an employee social event.

(e) Offered at a child care facility and limited to commercially prepackaged food that is not potentially hazardous and whole fruits and vegetables that are washed and cut on-site for immediate consumption.

(f) Offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous.

(g) Baked and confectionary goods that are not potentially hazardous and that are prepared in a kitchen of a private home for commercial purposes if packaged with a label that clearly states the address of the maker, includes contact information for the maker, lists all the ingredients in the product and discloses that the product was prepared in a home. The label must be given to the final consumer of the product. If the product was made in a facility for individuals with developmental disabilities, the label must also disclose that fact. The person preparing the food or supervising the food preparation must obtain a food handler's card or certificate if one is issued by the local county and must register with an online registry established by the department pursuant to paragraph 13 of this subsection. For the purposes of this subdivision, "potentially hazardous" means baked and confectionary goods that meet the requirements of the food code published by the United States food and drug administration, as modified and incorporated by reference by the department by rule.

(h) A whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption.

5. Prescribe reasonably necessary measures to ensure that all meat and meat products for human consumption handled at the retail level are delivered in a manner and from sources approved by the Arizona department of agriculture and are free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe standards for sanitary facilities to be used in identity, storage, handling and sale of all meat and meat products sold at the retail level.

6. Prescribe reasonably necessary measures regarding production, processing, labeling, handling, serving and transportation of bottled water to ensure that all bottled drinking water distributed for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained at any source of water, bottling plant and truck or vehicle in which bottled water is produced, processed, stored or transported and shall provide for inspection and certification of bottled drinking water sources, plants, processes and transportation and for abatement as a public nuisance of any water supply, label, premises, equipment, process or vehicle that does not comply with the minimum

standards. The rules shall prescribe minimum standards for bacteriological, physical and chemical quality for bottled water and for the submission of samples at intervals prescribed in the standards.

7. Define and prescribe reasonably necessary measures governing ice production, handling, storing and distribution to ensure that all ice sold or distributed for human consumption or for the preservation or storage of food for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions and the quality of ice that shall be maintained at any ice plant, storage and truck or vehicle in which ice is produced, stored, handled or transported and shall provide for inspection and licensing of the premises and vehicles, and for abatement as public nuisances of ice, premises, equipment, processes or vehicles that do not comply with the minimum standards.

8. Define and prescribe reasonably necessary measures concerning sewage and excreta disposal, garbage and trash collection, storage and disposal, and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels. The rules shall prescribe minimum standards for preparation of food in community kitchens, adequacy of excreta disposal, garbage and trash collection, storage and disposal and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels and shall provide for inspection of these premises and for abatement as public nuisances of any premises or facilities that do not comply with the rules. Primitive camp and picnic grounds offered by this state or a political subdivision of this state are exempt from rules adopted pursuant to this paragraph but are subject to approval by a county health department under sanitary regulations adopted pursuant to section 36-183.02. Rules adopted pursuant to this paragraph do not apply to two or fewer recreational vehicles as defined in section 33-2102 that are not park models or park trailers, that are parked on owner-occupied residential property for less than sixty days and for which no rent or other compensation is paid. For the purposes of this paragraph, "primitive camp and picnic grounds" means camp and picnic grounds that are remote in nature and without accessibility to public infrastructure such as water, electricity and sewer.

9. Define and prescribe reasonably necessary measures concerning the sewage and excreta disposal, garbage and trash collection, storage and disposal, water supply and food preparation of all public schools. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained in any public school and shall provide for inspection of these premises and facilities and for abatement as public nuisances of any premises that do not comply with the minimum standards.

10. Prescribe reasonably necessary measures to prevent pollution of water used in public or semipublic swimming pools and bathing places and to prevent deleterious health conditions at these places. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained at any public or semipublic swimming pool or bathing place and shall provide for inspection of these premises and for abatement as public nuisances of any premises and facilities that do not comply with the minimum standards. The rules shall be developed in cooperation with the director of the department of environmental quality and shall be consistent with the rules adopted by the director of the department of environmental quality pursuant to section 49-104, subsection B, paragraph 12.

11. Prescribe reasonably necessary measures to keep confidential information relating to diagnostic findings and treatment of patients, as well as information relating to contacts, suspects and associates of communicable disease patients. In no event shall confidential information be made available for political or commercial purposes.

12. Prescribe reasonably necessary measures regarding human immunodeficiency virus testing as a means to control the transmission of that virus, including the designation of anonymous test sites as dictated by current epidemiologic and scientific evidence.

13. Establish an online registry of food preparers that are authorized to prepare food for commercial purposes pursuant to paragraph 4 of this subsection.

14. Prescribe an exclusion for fetal demise cases from the standardized survey known as "the hospital consumer assessment of healthcare providers and systems".

J. The rules adopted under the authority conferred by this section shall be observed throughout the state and shall be enforced by each local board of health or public health services district, but this section does not limit the right of any local board of health or county board of supervisors to adopt ordinances and rules as authorized by law within its jurisdiction, provided that the ordinances and rules do not conflict with state law and are equal to or more restrictive than the rules of the director.

K. The powers and duties prescribed by this section do not apply in instances in which regulatory powers and duties relating to public health are vested by the legislature in any other state board, commission, agency or instrumentality, except that

with regard to the regulation of meat and meat products, the department of health services and the Arizona department of agriculture within the area delegated to each shall adopt rules that are not in conflict.

L. The director, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

M. After consultation with the state superintendent of public instruction, the director shall prescribe the criteria the department shall use in deciding whether or not to notify a local school district that a pupil in the district has tested positive for the human immunodeficiency virus antibody. The director shall prescribe the procedure by which the department shall notify a school district if, pursuant to these criteria, the department determines that notification is warranted in a particular situation. This procedure shall include a requirement that before notification the department shall determine to its satisfaction that the district has an appropriate policy relating to nondiscrimination of the infected pupil and confidentiality of test results and that proper educational counseling has been or will be provided to staff and pupils.

N. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (f) of this section, food and drink are exempt from the rules prescribed in subsection I of this section if offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous, without a limitation on its display area.

O. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (h) of this section, a whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption is exempt from the rules prescribed in subsection I of this section.

P. Until the department adopts an exclusion by rule as required by subsection I, paragraph 14 of this section, the standardized survey known as "the hospital consumer assessment of healthcare providers and systems" may not include patients who experience a fetal demise.

Q. For the purposes of this section, "fetal demise" means a fetal death that occurs or is confirmed in a licensed hospital. Fetal demise does not include an abortion as defined in section 36-2151.

36-401. Definitions; adult foster care

A. In this chapter, unless the context otherwise requires:

1. "Accredited health care institution" means a health care institution, other than a hospital, that is currently accredited by a nationally recognized accreditation organization.

37. "Physician" means any person who is licensed pursuant to title 32, chapter 13 or 17.
38. "Recidivism reduction services" means services that are delivered by an adult residential care institution to its residents to encourage lawful behavior and to discourage or prevent residents who are suspected of, charged with or convicted of one or more criminal offenses, or whose mental health and substance use can be reasonably expected to place them at risk for the future threat of prosecution, diversion or incarceration, from engaging in future unlawful behavior.
39. "Recidivism reduction staff" means a person who provides recidivism reduction services.

40. "Residential care institution" means a health care institution other than a hospital or a nursing care institution that provides resident beds or residential units, supervisory care services, personal care services, behavioral health services, directed care services or health-related services for persons who do not need continuous nursing services.

41. "Residential unit" means a private apartment, unless otherwise requested by a resident, that includes a living and sleeping space, kitchen area, private bathroom and storage area.

42. "Respite care services" means services that are provided by a licensed health care institution to persons otherwise cared for in foster homes and in private homes to provide an interval of rest or relief of not more than thirty days to operators of foster homes or to family members.

43. "Substantial compliance" means that the nature or number of violations revealed by any type of inspection or investigation of a health care institution does not pose a direct risk to the life, health or safety of patients or residents.

44. "Supervision" means direct overseeing and inspection of the act of accomplishing a function or activity.

45. "Supervisory care services" means general supervision, including daily awareness of resident functioning and continuing needs, the ability to intervene in a crisis and assistance in the self-administration of prescribed medications.

46. "Temporary license" means a license that is issued by the department to operate a class or subclass of a health care institution at a specific location and that is valid until an initial licensing inspection.

47. "Unscheduled medical services" means medically necessary periodic health care services that are unanticipated or cannot reasonably be anticipated and that require medical evaluation or treatment before the next business day.

B. If there are fewer than four Arizona long-term care system participants receiving adult foster care in an adult foster care home, nonparticipating adults may receive other types of services that are authorized by law to be provided in the adult foster care home as long as the number of adults served, including the Arizona long-term care system participants, does not exceed four.

C. Nursing care services may be provided by the adult foster care licensee if the licensee is a nurse who is licensed pursuant to title 32, chapter 15 and the services are limited to those allowed pursuant to law. The licensee shall keep a record of nursing services rendered.

36-405. Powers and duties of the director

A. The director shall adopt rules to establish minimum standards and requirements for the construction, modification and licensure of health care institutions necessary to ensure the public health, safety and welfare. The standards and requirements shall relate to the construction, equipment, sanitation, staffing for medical, nursing and personal care services, and recordkeeping pertaining to the administration of medical, nursing, behavioral health and personal care services, in accordance with generally accepted practices of health care. The director shall use the current standards adopted by the joint commission on accreditation of hospitals and the commission on accreditation of the American osteopathic association or those adopted by any recognized accreditation organization approved by the department as guidelines in prescribing minimum standards and requirements under this section.

B. The director, by rule, may:

1. Classify and subclassify health care institutions according to character, size, range of services provided, medical or dental specialty offered, duration of care and standard of patient care required for the purposes of licensure. Classes of health care institutions may include hospitals, infirmaries, outpatient treatment centers, health screening services centers and residential care facilities. Whenever the director reasonably deems distinctions in rules and standards to be appropriate among different classes or subclasses of health care institutions, the director may make such distinctions.
2. Prescribe standards for determining a health care institution's substantial compliance with licensure requirements.
3. Prescribe the criteria for the licensure inspection process.
4. Prescribe standards for the selection of health care-related demonstration projects.
5. Establish nonrefundable application and licensing fees for health care institutions, including a grace period and a fee for the late payment of licensing fees, and fees for architectural plans and specifications reviews.
6. Establish a process for the department to notify a licensee of the licensee's licensing fee due date.
7. Establish a process for a licensee to request a different licensing fee due date, including any limits on the number of requests by the licensee.

C. The director, by rule, shall adopt licensing provisions that facilitate the colocation and integration of outpatient treatment centers that provide medical, nursing and health-related services with behavioral health services consistent with article 3.1 of this chapter.

D. Ninety percent of the fees collected pursuant to this section shall be deposited, pursuant to sections 35-146 and 35-147, in the health services licensing fund established by section 36-414 and ten percent of the fees collected pursuant to this section shall be deposited, pursuant to sections 35-146 and 35-147, in the state general fund.

E. Subsection B, paragraph 5 of this section does not apply to a health care institution operated by a state agency pursuant to state or federal law or to adult foster care residential settings.

36-406. Powers and duties of the department

In addition to its other powers and duties:

1. The department shall:

(a) Administer and enforce this chapter and the rules, regulations and standards adopted pursuant thereto.

(b) Review, and may approve, plans and specifications for construction or modification or additions to health care institutions regulated by this chapter.

(c) Have access to books, records, accounts and any other information of any health care institution reasonably necessary for the purposes of this chapter.

(d) Require as a condition of licensure that nursing care institutions and assisted living facilities make vaccinations for influenza and pneumonia available to residents on site on a yearly basis. The department shall prescribe the manner by which the institutions and facilities shall document compliance with this subdivision, including documenting residents who refuse to be immunized. The department shall not impose a violation on a licensee for not making a vaccination available if there is a shortage of that vaccination in this state as determined by the director.

2. The department may:

(a) Make or cause to be made inspections consistent with standard medical practice of every part of the premises of health care institutions which are subject to the provisions of this chapter as well as those which apply for or hold a license required by this chapter.

(b) Make studies and investigations of conditions and problems in health care institutions, or any class or subclass thereof, as they relate to compliance with this chapter and rules, regulations and standards adopted pursuant thereto.

(c) Develop manuals and guides relating to any of the several aspects of physical facilities and operations of health care institutions or any class or subclass thereof for distribution to the governing authorities of health care institutions and to the general public.

36-411. Residential care institutions; nursing care institutions; home health agencies; fingerprinting requirements; exemptions; definitions

A. Except as provided in subsections F, G, H and I of this section, as a condition of licensure or continued licensure of a residential care institution, a nursing care institution or a home health agency and as a condition of employment in a residential care institution, a nursing care institution or a home health agency, employees and owners of residential care institutions, nursing care institutions or home health agencies or contracted persons or volunteers who provide medical services, nursing services, behavioral health services, health-related services, home health services or supportive services and who have not been subject to the fingerprinting requirements of a health professional's regulatory board pursuant to title 32 shall have valid fingerprint clearance cards that are issued pursuant to title 41, chapter 12, article 3.1 or shall apply for a fingerprint clearance card within twenty working days of employment or beginning volunteer work.

B. A health professional who has complied with the fingerprinting requirements of the health professional's regulatory board as a condition of licensure or certification pursuant to title 32 is not required to submit an additional set of fingerprints to the department of public safety pursuant to this section.

C. Owners shall make documented, good faith efforts to:

1. Contact previous employers to obtain information or recommendations that may be relevant to a person's fitness to work in a residential care institution, nursing care institution or home health agency.

2. Verify the current status of a person's fingerprint clearance card.

D. An employee, an owner, a contracted person or a volunteer or a facility on behalf of the employee, the owner, the contracted person or the volunteer shall submit a completed application that is provided by the department of public safety within twenty days after the date the person begins work or volunteer service.

E. Except as provided in subsection F of this section, a residential care institution, nursing care institution or home health agency shall not allow an employee to continue employment or a contracted person to continue to provide medical services, nursing services, behavioral health services, health-related services, home health services or supportive services if the person has been denied a fingerprint clearance card pursuant to title 41, chapter 12, article 3.1 or has been denied approval pursuant to this section before May 7, 2001.

F. An employee or contractor who is eligible pursuant to section 41-1758.07, subsection C to petition the board of fingerprinting for a good cause exception and who provides documentation of having applied for a good cause exception pursuant to section 41-619.55 but who has not yet received a decision is exempt from the fingerprinting requirements of this section if the person provides services to residents or patients while under the direct visual supervision of an owner or employee who has a valid fingerprint clearance card.

G. A residential care institution, nursing care institution or home health agency shall require that an owner or employee who has a valid fingerprint clearance card provide direct visual supervision of a volunteer who provides services to residents or patients unless the volunteer has a valid fingerprint clearance card.

H. Notwithstanding the requirements of section 41-1758.02, subsection B, an employee of a residential care institution, home health agency or nursing care institution, after meeting the fingerprinting and criminal records check requirements of this section, is not required to meet the fingerprint and criminal records check requirements of this section again if that person remains employed by the same employer or changes employment within two years after satisfying the requirements of this section. For the purposes of this subsection, if the employer changes through sale, lease or operation of law, a person is deemed to be employed by the same employer if that person remains employed by the new employer.

I. Notwithstanding the requirements of section 41-1758.02, subsection B, a person who has received approval pursuant to this section before May 7, 2001 and who remains employed by the same employer is not required to apply for a fingerprint clearance card.

J. If a person's employment record contains a six-month or longer time frame during which the person was not employed by any employer, a completed application with a new set of fingerprints shall be submitted to the department of public safety.

K. For the purposes of this section:

1. "Direct visual supervision" means continuous visual oversight of the supervised person that does not require the supervisor to be in a superior organizational role to the person being supervised.

2. "Home health services" has the same meaning prescribed in section 36-151.

3. "Supportive services" has the same meaning prescribed in section 36-151.

36-411.01. Adult residential care institutions; recidivism reduction services; rules

A. An adult residential care institution subclass that is authorized to provide recidivism reduction services may employ recidivism reduction staff who are exempt from the requirements of section 36-411, subsection E to assist in the delivery of recidivism reduction services.

B. An applicant for employment is exempt from the requirements of section 36-411, subsection E if the applicant does both of the following:

1. Successfully completes treatment for recidivism reduction as prescribed by rule.

2. Passes a background and screening evaluation conducted by the adult residential care institution as prescribed by rule that demonstrates that the individual is not a threat to the health or safety of staff or residents of the adult residential care institution.

C. As prescribed by rule, only adult residents of an adult residential care institution who have been referred to receive recidivism reduction services may receive services from recidivism reduction staff.

D. An adult resident of an adult residential care institution may be referred for recidivism reduction services if the adult resident is one or more of the following:

1. Charged with or convicted of one or more criminal offenses.

2. Referred by a court, prosecutor or probation officer.

3. Approved for placement at the adult residential care institution by a health care professional who is licensed pursuant to title 32 and whose scope of practice includes recidivism reduction services.

36-413. Nutrition and feeding assistants; training programs; regulation; civil penalty; definition

A. The department may adopt rules to prescribe minimum standards for training programs for nutrition and feeding assistants in licensed skilled nursing facilities, including instructor qualifications, and may grant, deny, suspend and revoke approval of any training program that violates these standards. These standards must include:

1. Screening requirements.
2. Initial qualifications.
3. Continuing education requirements.
4. Testing requirements to assure competency.
5. Supervision requirements.
6. Requirements for additional training based on patient needs.
7. Maintenance of records.
8. Special feeding requirements based on level of care.

B. Pursuant to section 36-431.01, the department may impose a civil penalty on a training program that violates standards adopted by the department.

C. If the department adopts standards for training programs pursuant to subsection A of this section, the department, as part of its routine inspection of a health care facility that provides a training program, shall determine the facility's compliance with these standards.

D. For the purposes of this section, "nutrition and feeding assistant" has the same meaning as paid feeding assistant as defined in 42 Code of Federal Regulations part 483 and section 488.301.

36-421. Construction or modification of a health care institution

A. A license application for a health care institution shall include architectural plans and specifications or the department's approval of the architectural plans and specifications. These plans and specifications shall meet the minimum standards for licensure within the class or subclass of health care institution for which it is intended. The application shall include the name and address of each owner and lessee of any agricultural land that is regulated pursuant to section 3-365.

B. Construction or modification of a licensed health care institution shall meet the minimum standards for licensure within the class or subclass of health care institution for which it is intended.

C. An applicant shall comply with all state statutes and rules and local codes and ordinances required for the health care institution's construction.

D. A health care institution or its facility shall not be licensed if it is located on property that is less than four hundred feet from agricultural land that is regulated pursuant to section 3-365, except that the owner of the agricultural land may agree to comply with the buffer zone requirements of section 3-365. If the owner agrees in writing to comply with the buffer zone requirements and records the agreement in the office of the county recorder as a restrictive covenant running with the title to the land, the health care institution or facility may be licensed and located within the affected buffer zone. The agreement may include any stipulations regarding the health care institution or facility, including conditions for future expansion of the health care institution or facility and changes in the operational status of the health care institution or facility that will result in a breach of the agreement. This subsection does not apply to the issuance of a license for a health care institution located in the same location for which a health care institution license was previously issued.

E. Notwithstanding any law to the contrary, a health care institution that was licensed as a level 1 psychiatric acute behavioral health facility-inpatient facility as of January 1, 2012 and that is not certified under title XIX of the social security act shall be licensed as a hospital and is not required to comply with the physical plant standards for a general hospital, rural general hospital or special hospital prescribed by the department.

F. For the purposes of this section, health care institution does not include a home health agency or a hospice service agency.

36-422. Application for license; notification of proposed change in status; joint licenses; definitions

A. A person who wishes to apply for a license to operate a health care institution pursuant to this chapter shall submit to the department all of the following:

1. An application on a written or electronic form that is prescribed, prepared and furnished by the department that contains all of the following:

(a) The name and location of the health care institution.

(b) Whether the health care institution is to be operated as a proprietary or nonproprietary institution.

(c) The name of the governing authority. The applicant shall be the governing authority having the operative ownership of, or the governmental agency charged with the administration of, the health care institution sought to be licensed. If the applicant is a partnership that is not a limited partnership, the partners shall apply jointly, and the partners are jointly the governing authority for purposes of this article.

(d) The name and business or residential address of each controlling person and an affirmation that none of the controlling persons has been denied a license or certificate by a health profession regulatory board pursuant to title 32 or by a state agency pursuant to chapter 6, article 7 or chapter 17 of this title or a license to operate a health care institution in this state or another state or has had a license or certificate issued by a health profession regulatory board pursuant to title 32 or issued by a state agency pursuant to chapter 6, article 7 or chapter 17 of this title or a license to operate a health care institution revoked. If a controlling person has been denied a license or certificate by a health profession regulatory board pursuant to title 32 or by a state agency pursuant to chapter 6, article 7 or chapter 17 of this title or a license to operate a health care institution in this state or another state or has had a health care professional license or a license to operate a health care institution revoked, the controlling person shall include in the application a comprehensive description of the circumstances for the denial or the revocation.

(e) The class or subclass of health care institution to be established or operated.

(f) The types and extent of the health care services to be provided, including emergency services, community health services and services to indigent patients.

(g) The name and qualifications of the chief administrative officer implementing direction in that specific health care institution.

(h) Other pertinent information required by the department for the proper administration of this chapter and department rules.

2. The architectural plans and specifications or the department's approval of the architectural plans and specifications required by section 36-421, subsection A.

3. The applicable application fee.

B. An application submitted pursuant to this section shall contain the written or electronic signature of:

1. If the applicant is an individual, the owner of the health care institution.

2. If the applicant is a partnership, limited liability company or corporation, two of the officers of the corporation or managing members of the partnership or limited liability company or the sole member of the limited liability company if it has only one member.

3. If the applicant is a governmental unit, the head of the governmental unit.

C. An application for licensure shall be submitted at least sixty but not more than one hundred twenty days before the anticipated date of operation. An application for a substantial compliance survey submitted pursuant to section 36-425, subsection G shall be submitted at least thirty days before the date on which the substantial compliance survey is requested.

D. If a current licensee intends to terminate the operation of a licensed health care institution or if a change of ownership is planned, the current licensee shall notify the director in writing at least thirty days before the termination of operation or change in ownership is to take place. The current licensee is responsible for preventing any interruption of services required to sustain the life, health and safety of the patients or residents. A new owner shall not begin operating the health care institution until the director issues a license to the new owner.

E. A licensed health care institution for which operations have not been terminated for more than thirty days may be relicensed pursuant to the codes and standards for architectural plans and specifications that were applicable under its most recent license.

F. If a person operates a hospital in a county with a population of more than five hundred thousand persons in a setting that includes satellite facilities of the hospital that are located separately from the main hospital building, the department at the request of the applicant or licensee shall issue a single group license to the hospital and its designated satellite facilities located within one-half mile of the main hospital building if all of the facilities meet or exceed department licensure

requirements for the designated facilities. At the request of the applicant or licensee, the department shall also issue a single group license that includes the hospital and not more than ten of its designated satellite facilities that are located farther than one-half mile from the main hospital building if all of these facilities meet or exceed applicable department licensure requirements. Each facility included under a single group license is subject to the department's licensure requirements that are applicable to that category of facility. Subject to compliance with applicable licensure or accreditation requirements, the department shall reissue individual licenses for the facility of a hospital located in separate buildings from the main hospital building when requested by the hospital. This subsection does not apply to nursing care institutions and residential care institutions. The department is not limited in conducting inspections of an accredited health care institution to ensure that the institution meets department licensure requirements. If a person operates a hospital in a county with a population of five hundred thousand persons or less in a setting that includes satellite facilities of the hospital that are located separately from the main hospital building, the department at the request of the applicant or licensee shall issue a single group license to the hospital and its designated satellite facilities located within thirty-five miles of the main hospital building if all of the facilities meet or exceed department licensure requirements for the designated facilities. At the request of the applicant or licensee, the department shall also issue a single group license that includes the hospital and not more than ten of its designated satellite facilities that are located farther than thirty-five miles from the main hospital building if all of these facilities meet or exceed applicable department licensure requirements.

G. If a county with a population of more than one million persons or a special health care district in a county with a population of more than one million persons operates an accredited hospital that includes the hospital's accredited facilities that are located separately from the main hospital building and the accrediting body's standards as applied to all facilities meet or exceed the department's licensure requirements, the department shall issue a single license to the hospital and its facilities if requested to do so by the hospital. If a hospital complies with applicable licensure or accreditation requirements, the department shall reissue individual licenses for each hospital facility that is located in a separate building from the main hospital building if requested to do so by the hospital. This subsection does not limit the department's duty to inspect a health care institution to determine its compliance with department licensure standards. This subsection does not apply to nursing care institutions and residential care institutions.

H. An applicant or licensee must notify the department within thirty days after any change regarding a controlling person and provide the information and affirmation required pursuant to subsection A, paragraph 1, subdivision (d) of this section.

I. This section does not limit the application of federal laws and regulations to an applicant or licensee that is certified as a medicare or an Arizona health care cost containment system provider under federal law.

J. Except for an outpatient treatment center providing dialysis services or abortion procedures, a person wishing to begin operating an outpatient treatment center before a licensing inspection is completed shall submit all of the following:

1. The license application required pursuant to this section.
2. All applicable application and license fees.
3. A written request for a temporary license that includes:

(a) The anticipated date of operation.

(b) An attestation signed by the applicant that the applicant and the facility comply with and will continue to comply with the applicable licensing statutes and rules.

K. Within seven days after the department's receipt of the items required in subsection J of this section, but not before the anticipated operation date submitted pursuant to subsection C of this section, the department shall issue a temporary license that includes:

1. The name of the facility.
2. The name of the licensee.
3. The facility's class or subclass.
4. The temporary license's effective date.
5. The location of the licensed premises.

L. A facility may begin operating on the effective date of the temporary license.

M. The director may cease the issuance of temporary licenses at any time if the director believes that public health and safety is endangered.

N. For the purposes of this section:

1. "Accredited" means accredited by a nationally recognized accreditation organization.
2. "Satellite facility" means an outpatient facility at which the hospital provides outpatient medical services.

36-423. Hemodialysis technicians; minimum requirements; definition

- A. Except as provided in subsection B, beginning on April 1, 2003, a facility that provides hemodialysis treatment shall only use a hemodialysis technician who is certified by a national organization that certifies hemodialysis technicians.
- B. Beginning on April 1, 2003, an employee who provides hemodialysis treatment and who is not certified pursuant to subsection A is a hemodialysis technician trainee. A hemodialysis technician trainee may provide hemodialysis treatment in any facility unless the trainee fails to pass the national certification examination within two years after employment. The department of health services shall establish by rule appropriate clinical practice restrictions for hemodialysis technician trainees. An employee who is employed to provide hemodialysis treatment before April 1, 2003 must meet the requirements of this section on or before April 1, 2006.
- C. A facility that provides hemodialysis treatment must maintain the verification of certification in the hemodialysis technician's personnel file.
- D. For the purposes of this section, "hemodialysis technician" means a person who, under the direct supervision of a physician licensed pursuant to title 32, chapter 13 or 17, or a registered nurse licensed pursuant to title 32, chapter 15, provides assistance in the treatment of patients who receive dialysis treatment for end stage renal disease.

36-424. Inspections; suspension or revocation of license; report to board of examiners of nursing care institution administrators

- A. Subject to the limitation prescribed by subsection B of this section, the director shall inspect the premises of the health care institution and investigate the character and other qualifications of the applicant to ascertain whether the applicant and the health care institution are in substantial compliance with the requirements of this chapter and the rules established pursuant to this chapter. The director may prescribe rules regarding department background investigations into an applicant's character and qualifications.
- B. The director shall accept proof that a health care institution is an accredited hospital or is an accredited health care institution in lieu of all compliance inspections required by this chapter if the director receives a copy of the institution's accreditation report for the licensure period. If the health care institution's accreditation report is not valid for the entire licensure period, the department may conduct a compliance inspection of the health care institution during the time period the department does not have a valid accreditation report for the health care institution.
- C. On a determination by the director that there is reasonable cause to believe a health care institution is not adhering to the licensing requirements of this chapter, the director and any duly designated employee or agent of the director, including county health representatives and county or municipal fire inspectors, consistent with standard medical practices, may enter on and into the premises of any health care institution that is licensed or required to be licensed pursuant to this chapter at any reasonable time for the purpose of determining the state of compliance with this chapter, the rules adopted pursuant to this chapter and local fire ordinances or rules. Any application for licensure under this chapter constitutes permission for and complete acquiescence in any entry or inspection of the premises during the pendency of the application and, if licensed, during the term of the license. If an inspection reveals that the health care institution is not adhering to the licensing requirements established pursuant to this chapter, the director may take action authorized by this chapter. Any health care institution, including an accredited hospital, whose license has been suspended or revoked in accordance with this section is subject to inspection on application for relicensure or reinstatement of license.
- D. The director shall immediately report to the board of examiners of nursing care institution administrators information identifying that a nursing care institution administrator's conduct may be grounds for disciplinary action pursuant to section 36-446.07.

36-425. Inspections; issuance of license; posting requirements; provisional license; denial of license

- A. On receipt of a properly completed application for a health care institution license, the director shall conduct an inspection of the health care institution as prescribed by this chapter. If an application for a license is submitted due to a planned change of ownership, the director shall determine the need for an inspection of the health care institution. Based on the results of the inspection and after the submission of the applicable licensing fee, the director shall either deny the license or issue a regular or provisional license. A license issued by the department shall be posted in a conspicuous location in the reception area of that institution.
- B. The director shall issue a license if the director determines that an applicant and the health care institution for which the license is sought substantially comply with the requirements of this chapter and rules adopted pursuant to this chapter and

the applicant agrees to carry out a plan acceptable to the director to eliminate any deficiencies. The director shall not require a health care institution that was designated as a critical access hospital to make any modifications required by this chapter or rules adopted pursuant to this chapter in order to obtain an amended license with the same licensed capacity the health care institution had before it was designated as a critical access hospital if all of the following are true:

1. The health care institution has subsequently terminated its critical access hospital designation.
 2. The licensed capacity of the health care institution does not exceed its licensed capacity before its designation as a critical access hospital.
 3. The health care institution remains in compliance with the applicable codes and standards that were in effect at the time the facility was originally licensed with the higher licensed capacity.
- C. A health care institution license does not expire and remains valid unless:
1. The department subsequently revokes or suspends the license.
 2. The license is considered void because the licensee did not pay the licensing fee before the licensing fee due date.
- D. Except as provided in section 36-424, subsection B and subsection E of this section, the department shall conduct a compliance inspection of a health care institution to determine compliance with this chapter and rules adopted pursuant to this chapter at least once annually.
- E. If the department determines a facility to be deficiency free on a compliance survey, the department shall not conduct a compliance survey of that facility for twenty-four months after the date of the deficiency free survey. This subsection does not prohibit the department from enforcing licensing requirements as authorized by section 36-424.
- F. A hospital licensed as a rural general hospital may provide intensive care services.
- G. The director shall issue a provisional license for a period of not more than one year if an inspection or investigation of a currently licensed health care institution or a health care institution for which an applicant is seeking a license reveals that the institution is not in substantial compliance with department licensure requirements and the director believes that the immediate interests of the patients and the general public are best served if the institution is given an opportunity to correct deficiencies. The applicant or licensee shall agree to carry out a plan to eliminate deficiencies that is acceptable to the director. The director shall not issue consecutive provisional licenses to a single health care institution. The director shall not issue a license to the current licensee or a successor applicant before the expiration of the provisional license unless the health care institution submits an application for a substantial compliance survey and is found to be in substantial compliance. The director may issue a license only if the director determines that the institution is in substantial compliance with the licensure requirements of the department and this chapter. This subsection does not prevent the director from taking action to protect the safety of patients pursuant to section 36-427.
- H. Subject to the confidentiality requirements of articles 4 and 5 of this chapter, title 12, chapter 13, article 7.1 and section 12-2235, the licensee shall keep current department inspection reports at the health care institution. Unless federal law requires otherwise, the licensee shall post in a conspicuous location a notice that identifies the location at that institution where the inspection reports are available for review.
- I. A health care institution shall immediately notify the department in writing when there is a change of the chief administrative officer specified in section 36-422, subsection A, paragraph 1, subdivision (g).
- J. When the department issues an original license or an original provisional license to a health care institution, it shall notify the owners and lessees of any agricultural land within one-fourth mile of the health care institution. The health care institution shall provide the department with the names and addresses of owners or lessees of agricultural land within one-fourth mile of the proposed health care institution.
- K. In addition to the grounds for denial of licensure prescribed pursuant to subsection A of this section, the director may deny a license because an applicant or anyone in a business relationship with the applicant, including stockholders and controlling persons, has had a license to operate a health care institution denied, revoked or suspended or a license or certificate issued by a health profession regulatory board pursuant to title 32 or issued by a state agency pursuant to chapter 6, article 7 or chapter 17 of this title denied, revoked or suspended or has a licensing history of recent serious violations occurring in this state or in another state that posed a direct risk to the life, health or safety of patients or residents.
- L. In addition to the requirements of this chapter, the director may prescribe by rule other licensure requirements.

36-425.02. Nursing care institutions; quality rating; issuance of license

- A. The department shall issue to each licensed nursing care institution a quality rating based on the results of a licensure survey.
- B. The director may determine the period of time for which a license issued to a nursing care institution is valid according to the quality rating category to which the institution is assigned, except that no license shall be valid for more than three years from the date of issuance.

36-425.03. Children's behavioral health programs; personnel; fingerprinting requirements; exemptions; definitions

- A. Except as provided in subsections B, C and D of this section, children's behavioral health program personnel, including volunteers, shall submit the form prescribed in subsection E of this section to the employer and shall have a valid fingerprint clearance card issued pursuant to title 41, chapter 12, article 3.1 or, within seven working days after employment or beginning volunteer work, shall apply for a fingerprint clearance card.
- B. The following persons are exempt from the fingerprinting requirements of this section:
1. When under the direct visual supervision and in the presence of children's behavioral health program personnel who have a valid fingerprint clearance card:
 - (a) Except as provided in subsection C of this section, parents, foster parents, kinship foster care parents and guardians who participate in group activities that include their children who are receiving behavioral health services from a children's behavioral health program if they are not employees of the children's behavioral health program.
 - (b) A volunteer who provides services to children receiving behavioral health services.
 - (c) An employee or contractor who is eligible pursuant to section 41-1758.07, subsection C to petition the board of fingerprinting for a good cause exception and who provides documentation of having applied for a good cause exception pursuant to section 41-619.55 but who has not yet received a decision.
 - (d) A person who is not providing medical services, nursing services, behavioral health services, health-related services, home health services or supportive services and who is either not an employee or contractor or not on the premises on a regular basis.
 2. Hospital medical staff members, employees, contractors and volunteers who are not present in an area of the hospital authorized by the department for providing children's behavioral health services.
- C. A parent, foster parent, kinship foster care parent or guardian of a child who is receiving behavioral health services from a children's behavioral health program is not required to be fingerprinted or supervised for purposes of this section if the person is in the presence of or participating with only the person's own child.
- D. Applicants and employees who are fingerprinted pursuant to section 15-512 or 15-534 are exempt from the fingerprinting requirements of subsection A of this section.
- E. Children's behavioral health program personnel shall certify on forms that are provided by the department and notarized that they are not awaiting trial on or have never been convicted of or admitted in open court or pursuant to a plea agreement to committing any of the offenses listed in section 41-1758.03, subsection B or C in this state or similar offenses in another state or jurisdiction.
- F. Forms submitted pursuant to subsection E of this section are confidential.
- G. Employers of children's behavioral health program personnel shall make documented, good faith efforts to contact previous employers of children's behavioral health program personnel to obtain information or recommendations that may be relevant to an individual's fitness for employment in a children's behavioral health program.
- H. A person who is awaiting trial on or who has been convicted of or who has admitted in open court or pursuant to a plea agreement to committing a criminal offense listed in section 41-1758.03, subsection B is prohibited from working in any capacity in a children's behavioral health program that requires or allows contact with children.
- I. A person who is awaiting trial on or who has been convicted of or who has admitted in open court or pursuant to a plea agreement to committing a criminal offense listed in section 41-1758.03, subsection C shall not work in a children's behavioral health program in any capacity that requires or allows the employee to provide direct services to children unless the person has applied for and received the required fingerprint clearance card pursuant to title 41, chapter 12, article 3.1.
- J. The department of health services shall accept a certification submitted by a United States military base or a federally recognized Indian tribe that either:

1. Personnel who are employed or who will be employed and who provide services directly to children have not been convicted of, have not admitted committing or are not awaiting trial on any offense prescribed in subsection H of this section.

2. Personnel who are employed or who will be employed to provide services directly to children have been convicted of, have admitted committing or are awaiting trial on any offense prescribed in subsection I of this section if the personnel provide these services while under direct visual supervision.

K. The employer shall notify the department of public safety if the employer receives credible evidence that a person who possesses a valid fingerprint clearance card either:

1. Is arrested for or charged with an offense listed in section 41-1758.03, subsection B.

2. Falsified information on the form required by subsection E of this section.

L. For the purposes of this section:

1. "Children's behavioral health program" means a program provided in a health care institution that is licensed by the department to provide children's behavioral health services.

2. "Children's behavioral health program personnel" means an owner, employee or volunteer who works at a children's behavioral health program.

3. "Direct visual supervision" means continuous visual oversight of the supervised person that does not require the supervisor to be in a superior organizational role to the person being supervised.

36-427. Suspension or revocation; intermediate sanctions

A. The director, pursuant to title 41, chapter 6, article 10, may suspend or revoke, in whole or in part, the license of any health care institution if its owners, officers, agents or employees:

1. Violate this chapter or the rules of the department adopted pursuant to this chapter.

2. Knowingly aid, permit or abet the commission of any crime involving medical and health-related services.

3. Have been, are or may continue to be in substantial violation of the requirements for licensure of the institution, as a result of which the health or safety of one or more patients or the general public is in immediate danger.

4. Fail to comply with section 36-2901.08.

5. Violate section 36-2302.

B. If the licensee, the chief administrative officer or any other person in charge of the institution refuses to permit the department or its employees or agents the right to inspect the institution's premises as provided in section 36-424, such action shall be deemed reasonable cause to believe that a substantial violation under subsection A, paragraph 3 of this section exists.

C. If the director reasonably believes that a violation of subsection A, paragraph 3 of this section has occurred and that life or safety of patients will be immediately affected, the director, on written notice to the licensee, may order the immediate restriction of admissions or readmissions, selected transfer of patients out of the facility, reduction of capacity and termination of specific services, procedures, practices or facilities.

D. The director may rescind, in whole or in part, sanctions imposed pursuant to this section on correction of the violation or violations for which the sanctions were imposed.

36-429. Removal of licensee; temporary management continued operation

A. If the director reasonably believes that a violation of this chapter by a licensee endangers the health, safety or welfare of one or more of the licensee's patients, in addition to other remedies provided by this chapter, the director may enter into an agreement with the licensee or bring an action requesting the superior court to:

1. Remove the administrative officers, agents or employees of such licensee by injunction, enjoin the licensee from continued operation and revoke the license.

2. Appoint temporary personnel to continue operation of the health care institution under conditions and requirements set by the court pending correction of the violation and restoration of the licensee, revocation of the license or correction of the violation and change of ownership.

B. The action shall be brought in the name of the people of the state through the attorney general in the superior court in the county in which the health care institution is located.

36-430. Unlicensed operation prohibited; injunction

The operation or maintenance of a health care institution which does not hold a current and valid license or which exceeds the range of the services authorized by the class or subclass for which it is licensed is a violation of this chapter and is declared a nuisance inimical to the public health and safety. The director, in the name of the people of the state, through the attorney general, may bring an action for an injunction to restrain such violation or to enjoin the future operation or maintenance of any such health care institution until substantial compliance with the provisions of this chapter and the rules and regulations and standards adopted pursuant thereto is obtained.

36-431.01. Violations; civil penalties

A. The director may assess a civil penalty against a person who violates this chapter or a rule adopted pursuant to this chapter in an amount of not to exceed five hundred dollars for each violation. Each day that a violation occurs constitutes a separate violation.

B. The director may issue a notice of assessment that shall include the proposed amount of the assessment. A person may appeal the assessment by requesting a hearing pursuant to title 41, chapter 6, article 10. When an assessment is appealed, the director shall take no further action to enforce and collect the assessment until after the hearing.

C. In determining the civil penalty pursuant to subsection A of this section, the department shall consider the following:

1. Repeated violations of statutes or rules.
2. Patterns of noncompliance.
3. Types of violations.
4. Severity of violations.
5. Potential for and occurrences of actual harm.
6. Threats to health and safety.
7. Number of persons affected by the violations.
8. Number of violations.
9. Size of the facility.
10. Length of time that the violations have been occurring.

D. Pursuant to interagency agreement specified in section 36-409, the director may assess a civil penalty, including interest, in accordance with 42 United States Code section 1396r. A person may appeal this assessment by requesting a hearing before the director in accordance with subsection B of this section. Civil penalty amounts may be established by rules adopted by the director that conform to guidelines or regulations adopted by the secretary of the United States department of health and human services pursuant to 42 United States Code section 1396r.

E. Actions to enforce the collection of penalties assessed pursuant to subsections A and D of this section shall be brought by the attorney general or the county attorney in the name of the state in the justice court or the superior court in the county in which the violation occurred.

F. Penalties assessed under subsection D of this section are in addition to and not in limitation of other penalties imposed pursuant to this chapter. All civil penalties and interest assessed pursuant to subsection D of this section shall be deposited in the nursing care institution resident protection revolving fund established by section 36-431.02. The director shall use these monies for the purposes prescribed by 42 United States Code section 1396r, including payment for the costs of relocation of residents to other facilities, maintenance of operation of a facility pending correction of the deficiencies or closure and reimbursement of residents for personal monies lost.

G. The department shall transmit penalties assessed under subsection A of this section to the state general fund.

36-434. Outdoor behavioral health care programs; licensing requirements; inspections

A. An outdoor behavioral health care program shall:

1. Comply with the requirements for a level 2 behavioral health residential agency, as established by the department by rule except as provided in subsection C of this section.
2. Obtain and maintain national accreditation as an outdoor behavioral health care program.
3. Ensure that the outdoor behavioral health program's personnel comply with the requirements of section 36-425.03.

B. In addition to the standards adopted pursuant to section 36-405, subsection A, the department may adopt rules to establish facility, equipment and sanitation standards for outdoor behavioral health care programs.

C. An outdoor behavioral health care program that does not use facilities is exempt from any facility standards applicable to a behavioral health service agency.

D. If the director determines that there is reasonable cause to believe an outdoor behavioral health care program is not adhering to the licensing requirements of this chapter, the director and any duly designated employee or agent of the director, including county health representatives and county or municipal fire inspectors, may enter on and into any area used by the outdoor behavioral health care program at any reasonable time to determine, consistent with standard medical practices or behavioral health practices, compliance with this chapter, rules adopted pursuant to this chapter and local fire ordinances or rules.

E. An application for licensure under this chapter constitutes permission for and complete acquiescence in any entry or inspection of any area used by the outdoor behavioral health care program during the pendency of the application and, if licensed, during the term of the license.

F. If an inspection reveals that the outdoor behavioral health care program is not adhering to the licensing requirements prescribed pursuant to this chapter, the director may take action authorized by this chapter.

G. An outdoor behavioral health care program whose license has been suspended or revoked pursuant to this section is subject to inspection on application for relicensure or reinstatement of license.

36-439. Definitions

In this article, unless the context otherwise requires:

1. "Associated licensed provider" means one or more licensed outpatient treatment centers or one or more licensed counseling facilities that share common areas pursuant to a written agreement with a collaborating outpatient treatment center and that are liable and responsible for the treatment areas that are used by the respective associated licensed provider pursuant to written policies.
2. "Collaborating outpatient treatment center" means a licensed outpatient treatment center that has a written agreement with one or more outpatient treatment centers or exempt health care providers or licensed counseling facilities that requires the collaborating outpatient treatment center to be liable and responsible pursuant to written policies for all common areas that one or more colocators use.
3. "Colocator" means an exempt health care provider or a governing authority operating as an outpatient treatment center or a licensed counseling facility that may share common areas and nontreatment personnel with another colocator pursuant to an agreement as prescribed in this article.
4. "Common areas":
 - (a) Means the licensed public or nonpublic portions of outpatient treatment center premises that are not used for treatment and that are shared by one or more licensees or exempt health care providers.
 - (b) Includes hallways, entrances, elevators, staircases, restrooms, reception areas, conference areas, employee break rooms, records retention areas and other nontreatment areas of an outpatient treatment center.
5. "Emergency health care services" means treatment for a medical or behavioral health condition, including labor and delivery, that manifests itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in any of the following:
 - (a) Placing the patient's health, including mental health, in serious jeopardy.
 - (b) Serious impairment to a bodily function of the patient.
 - (c) Serious dysfunction of any bodily organ or part of the patient.
 - (d) Harm to the patient or others.
6. "Exempt health care provider" means a health care provider who is licensed pursuant to title 32, who holds an active license and whose private office or clinic is exempt from licensure pursuant to section 36-402, subsection A, paragraph 3.
7. "Nontreatment personnel" means employees, agents, students, interns or independent contractors who provide services to an outpatient treatment center colocator that do not entail medical, nursing or behavioral health assessment or treatment.
8. "Treatment areas" means portions of licensed outpatient treatment center premises that are used for the provision of health care assessment and treatment of patients.

36-439.01. Colocation of licensees

Notwithstanding any other provision of this chapter, one or more outpatient treatment center licensees that provide medical, nursing and health-related services may colocate or collocate with one or more licensees that provide behavioral health services or with one or more licensed counseling facilities and may share common areas at the collaborating outpatient treatment center premises and share nontreatment personnel pursuant to the requirements of this article.

36-439.02. Colocators; collaborating outpatient treatment centers; requirements

In addition to any other requirements of this chapter, colocators at a collaborating outpatient treatment center shall:

1. Designate which outpatient treatment center will act as the collaborating outpatient treatment center and be liable and responsible for the health, safety, cleanliness and maintenance of all common areas and the supervision and training of all shared nontreatment personnel pursuant to written policies of the collaborating outpatient treatment center.
2. Designate which areas are considered common areas and which personnel are designated as shared nontreatment personnel.
3. Designate the associated licensed providers.
4. Ensure that medical records that are located in common areas or shared by colocators are maintained pursuant to all federal and state confidentiality laws. A colocator may have access to a patient's medical records only if the patient has consented.

36-439.03. Use of treatment areas

Colocators shall solely maintain and use treatment areas that are designated pursuant to each of their respective licenses and may not use another colocator's treatment areas except as follows:

1. For the provision of emergency health care services.
2. During hours of operation by a colocator that are clearly identified by signage to the public and notice to the department.

36-439.04. Colocation; outpatient treatment centers; health care providers

A. The governing authority of a licensed collaborating outpatient treatment center, by agreement, may share common areas and may share nontreatment personnel with one or more exempt health care providers or one or more licensed counseling facilities pursuant to section 36-439.02.

B. Treatment areas that are licensed under an outpatient treatment center may also be used by an exempt health care provider if the provider's treatment areas and hours of operation are clearly identified by signage to the public and notice to the department.

C. Notwithstanding subsections A and B of this section, an outpatient treatment center may contract with or employ an exempt health care provider to provide health care services to the outpatient treatment center's patients.

36-446.01. Licensure or certification requirements

A. A nursing care institution shall not operate in this state except under the supervision of an administrator licensed pursuant to this article.

B. An assisted living facility shall not operate in this state except under the supervision of a manager certified pursuant to this article.

C. It is unlawful for any person who does not have a license or certificate, or whose license or certificate has lapsed or has been suspended or revoked, to practice or offer to practice skilled nursing facility administration or assisted living facility management or use any title, sign, card or device indicating that such person is an administrator or manager.

36-447.01. Nursing care institutions; notification of services; screening; annual reviews

A. A nursing care institution, before admitting a patient, shall give the patient and his representative a booklet developed by the Arizona health care cost containment system administration pursuant to section 36-2936 that describes in clear and simple language the availability of services and benefits from the Arizona long-term care system pursuant to chapter 29, article 2 of this title. The booklet shall:

1. Explain the availability of preadmission screening that shall assess the functional, medical, nursing and social needs of the patient and make recommendations on services which meet the patient's needs as identified by the preadmission screening assessment.
2. Describe the availability of public and private services appropriate to meet the patient's needs in institutions and alternatives to institutions.

3. Explain financial eligibility standards for the Arizona long-term care system and its effect on separate and community property.

B. All nursing care institutions shall provide the booklet described in subsection A of this section to all of their existing patients who are not currently enrolled and receiving services pursuant to chapter 29, article 2 of this title or designated representative, regardless of the manner by which any patient's cost of care is paid.

C. A nursing care institution certified pursuant to title XIX of the social security act shall cooperate with the Arizona health care cost containment system administration in conducting preadmission screening and annual reviews pursuant to the omnibus budget reconciliation act of 1987 (P.L. 100-203) as amended by the medicare catastrophic coverage act of 1988.

36-447.02. Nursing care institutions; therapeutic substitutions

A. A nursing care institution's quality assessment and assurance committee established pursuant to 42 Code of Federal Regulations section 483.75(o) may establish written guidelines or procedures for making therapeutic substitutions if the committee membership also includes a pharmacist who is licensed in this state. If a nursing care institution does not have a quality assessment and assurance committee, the nursing care institution may establish a committee for the purpose of establishing written guidelines or procedures for making therapeutic substitutions that consists of the same members as required under 42 Code of Federal Regulations section 483.75(o) and includes a pharmacist who is licensed pursuant to title 32, chapter 18.

B. A pharmacy used by a nursing care institution may make therapeutic substitutions consistent with the institution's written guidelines or procedures if the use of the therapeutic substitution has been approved for a patient during the period of the patient's stay in the nursing care institution by the patient's health care provider who is licensed under title 32, who has prescription authority under title 32 and who has prescribed a medication for the patient that the patient is currently taking.

36-513. Seclusion; restraint; treatment

A person undergoing evaluation pursuant to article 4 of this chapter shall not be treated for his mental disorder unless he consents to such treatment, except that seclusion and mechanical or pharmacological restraints may be employed in the case of emergency for the safety of the person or others. A person undergoing treatment pursuant to article 5 of this chapter shall not be subjected to seclusion or mechanical or pharmacological restraints except in case of emergency for the safety of the person or others or as a part of a written plan for the treatment of the patient, prepared by staff members responsible for his care and pursuant to regulations promulgated by the department. All instances of seclusion or restraint shall be properly recorded in the patient's medical record and the use shall be governed by written procedures of the agency caring for the patient and are subject to the rules and regulations of the department.

41-1073. Time frames; exception

A. No later than December 31, 1998, an agency that issues licenses shall have in place final rules establishing an overall time frame during which the agency will either grant or deny each type of license that it issues. Agencies shall submit their overall time frame rules to the governor's regulatory review council pursuant to the schedule developed by the council. The council shall schedule each agency's rules so that final overall time frame rules are in place no later than December 31, 1998. The rule regarding the overall time frame for each type of license shall state separately the administrative completeness review time frame and the substantive review time frame.

B. If a statutory licensing time frame already exists for an agency but the statutory time frame does not specify separate time frames for the administrative completeness review and the substantive review, by rule the agency shall establish separate time frames for the administrative completeness review and the substantive review, which together shall not exceed the statutory overall time frame. An agency may establish different time frames for initial licenses, renewal licenses and revisions to existing licenses.

C. The submission by the department of environmental quality of a revised permit to the United States environmental protection agency in response to an objection by that agency shall be given the same effect as a notice granting or denying a permit application for licensing time frame purposes. For the purposes of this subsection, "permit" means a permit required by title 49, chapter 2, article 3.1 or section 49-426.

D. In establishing time frames, agencies shall consider all of the following:

1. The complexity of the licensing subject matter.
2. The resources of the agency granting or denying the license.

3. The economic impact of delay on the regulated community.
4. The impact of the licensing decision on public health and safety.
5. The possible use of volunteers with expertise in the subject matter area.
6. The possible increased use of general licenses for similar types of licensed businesses or facilities.
7. The possible increased cooperation between the agency and the regulated community.
8. Increased agency flexibility in structuring the licensing process and personnel.

E. This article does not apply to licenses issued either:

1. Pursuant to tribal state gaming compacts.
2. Within seven days after receipt of initial application.
3. By a lottery method.

41-1074. Compliance with administrative completeness review time frame

A. An agency shall issue a written notice of administrative completeness or deficiencies to an applicant for a license within the administrative completeness review time frame.

B. If an agency determines that an application for a license is not administratively complete, the agency shall include a comprehensive list of the specific deficiencies in the written notice provided pursuant to subsection A. If the agency issues a written notice of deficiencies within the administrative completeness time frame, the administrative completeness review time frame and the overall time frame are suspended from the date the notice is issued until the date that the agency receives the missing information from the applicant.

C. If an agency does not issue a written notice of administrative completeness or deficiencies within the administrative completeness review time frame, the application is deemed administratively complete. If an agency issues a timely written notice of deficiencies, an application shall not be complete until all requested information has been received by the agency.

41-1075. Compliance with substantive review time frame

A. During the substantive review time frame, an agency may make one comprehensive written request for additional information. The agency and applicant may mutually agree in writing to allow the agency to submit supplemental requests for additional information. If an agency issues a comprehensive written request or a supplemental request by mutual written agreement for additional information, the substantive review time frame and the overall time frame are suspended from the date the request is issued until the date that the agency receives the additional information from the applicant.

B. By mutual written agreement, an agency and an applicant for a license may extend the substantive review time frame and the overall time frame. An extension of the substantive review time frame and the overall time frame may not exceed twenty-five per cent of the overall time frame.

41-1076. Compliance with overall time frame

Unless an agency and an applicant for a license mutually agree to extend the substantive review time frame and the overall time frame pursuant to section 41-1075, an agency shall issue a written notice granting or denying a license within the overall time frame to an applicant. If an agency denies an application for a license, the agency shall include in the written notice at least the following information:

1. Justification for the denial with references to the statutes or rules on which the denial is based.
2. An explanation of the applicant's right to appeal the denial. The explanation shall include the number of days in which the applicant must file a protest challenging the denial and the name and telephone number of an agency contact person who can answer questions regarding the appeals process.

 - (c) Accompanied by an affidavit of a law enforcement officer or employee that swears on information and belief to the accuracy of the complaint pursuant to section 13-4261.
8. "Criminal conduct allegation" means an allegation of conduct by a parent, guardian or custodian of a child or an adult member of the victim's household that, if true, would constitute any of the following:
 - (a) A violation of section 13-3623 involving child abuse.
 - (b) A felony offense that constitutes domestic violence as defined in section 13-3601.
 - (c) A violation of section 13-1404 or 13-1406 involving a minor.
 - (d) A violation of section 13-1405, 13-1410 or 13-1417.
 - (e) Any other act of abuse that is classified as a felony.
 - (f) An offense that constitutes domestic violence as defined in section 13-3601 and that involves a minor who is a victim of or was in imminent danger during the domestic violence.
9. "Custodian" means a person, other than a parent or legal guardian, who stands in loco parentis to the child or a person to whom legal custody of the child has been given by order of the juvenile court.
10. "DCS report" means a communication received by the centralized intake hotline that alleges child abuse or neglect and that meets the criteria for a report as prescribed in section 8-455.

11. "Delinquency hearing" means a proceeding in the juvenile court to determine whether a juvenile has committed a specific delinquent act as set forth in a petition.
12. "Delinquent act" means an act by a juvenile that if committed by an adult would be a criminal offense or a petty offense, a violation of any law of this state, or of another state if the act occurred in that state, or a law of the United States, or a violation of any law that can only be violated by a minor and that has been designated as a delinquent offense, or any ordinance of a city, county or political subdivision of this state defining crime. Delinquent act does not include an offense under section 13-501, subsection A or B if the offense is filed in adult court. Any juvenile who is prosecuted as an adult or who is remanded for prosecution as an adult shall not be adjudicated as a delinquent juvenile for the same offense.
13. "Delinquent juvenile" means a child who is adjudicated to have committed a delinquent act.
14. "Department" means the department of child safety.
15. "Dependent child":
 - (a) Means a child who is adjudicated to be:
 - (i) In need of proper and effective parental care and control and who has no parent or guardian, or one who has no parent or guardian willing to exercise or capable of exercising such care and control.
 - (ii) Destitute or who is not provided with the necessities of life, including adequate food, clothing, shelter or medical care.
 - (iii) A child whose home is unfit by reason of abuse, neglect, cruelty or depravity by a parent, a guardian or any other person having custody or care of the child.
 - (iv) Under eight years of age and who is found to have committed an act that would result in adjudication as a delinquent juvenile or incorrigible child if committed by an older juvenile or child.
 - (v) Incompetent or not restorable to competency and who is alleged to have committed a serious offense as defined in section 13-706.
 - (b) Does not include a child who in good faith is being furnished Christian Science treatment by a duly accredited practitioner if none of the circumstances described in subdivision (a) of this paragraph exists.
16. "Detention" means the temporary confinement of a juvenile who requires secure care in a physically restricting facility that is completely surrounded by a locked and physically secure barrier with restricted ingress and egress for the protection of the juvenile or the community pending court disposition or as a condition of probation.
17. "Director" means the director of the department.
18. "Health professional" has the same meaning prescribed in section 32-3201.
19. "Incorrigible child" means a child who:
 - (a) Is adjudicated as a child who refuses to obey the reasonable and proper orders or directions of a parent, guardian or custodian and who is beyond the control of that person.
 - (b) Is habitually truant from school as defined in section 15-803, subsection C.
 - (c) Is a runaway from the child's home or parent, guardian or custodian.
 - (d) Habitually behaves in such a manner as to injure or endanger the morals or health of self or others.
 - (e) Commits any act constituting an offense that can only be committed by a minor and that is not designated as a delinquent act.

20. "Independent living program" includes a residential program with supervision of less than twenty-four hours a day.
21. "Juvenile court" means the juvenile division of the superior court when exercising its jurisdiction over children in any proceeding relating to delinquency, dependency or incorrigibility.
22. "Law enforcement officer" means a peace officer, sheriff, deputy sheriff, municipal police officer or constable.
23. "Medical director of a mental health agency" means a psychiatrist, or licensed physician experienced in psychiatric matters, who is designated in writing by the governing body of the agency as the person in charge of

the medical services of the agency, or a psychiatrist designated by the governing body to act for the director. The term includes the superintendent of the state hospital.

24. "Mental health agency" means any private or public facility that is licensed by this state as a mental health treatment agency, a psychiatric hospital, a psychiatric unit of a general hospital or a residential treatment center for emotionally disturbed children and that uses secure settings or mechanical restraints.

25. "Neglect" or "neglected" means:

(a) The inability or unwillingness of a parent, guardian or custodian of a child to provide that child with supervision, food, clothing, shelter or medical care if that inability or unwillingness causes unreasonable risk of harm to the child's health or welfare, except if the inability of a parent, guardian or custodian to provide services to meet the needs of a child with a disability or chronic illness is solely the result of the unavailability of reasonable services.

(b) Permitting a child to enter or remain in any structure or vehicle in which volatile, toxic or flammable chemicals are found or equipment is possessed by any person for the purposes of manufacturing a dangerous drug as defined in section 13-3401.

(c) A determination by a health professional that a newborn infant was exposed prenatally to a drug or substance listed in section 13-3401 and that this exposure was not the result of a medical treatment administered to the mother or the newborn infant by a health professional. This subdivision does not expand a health professional's duty to report neglect based on prenatal exposure to a drug or substance listed in section 13-3401 beyond the requirements prescribed pursuant to section 13-3620, subsection E. The determination by the health professional shall be based on one or more of the following:

(i) Clinical indicators in the prenatal period including maternal and newborn presentation.

(ii) History of substance use or abuse.

(iii) Medical history.

(iv) Results of a toxicology or other laboratory test on the mother or the newborn infant.

(d) Diagnosis by a health professional of an infant under one year of age with clinical findings consistent with fetal alcohol syndrome or fetal alcohol effects.

(e) Deliberate exposure of a child by a parent, guardian or custodian to sexual conduct as defined in section 13-3551 or to sexual contact, oral sexual contact or sexual intercourse as defined in section 13-1401, bestiality as prescribed in section 13-1411 or explicit sexual materials as defined in section 13-3507.

(f) Any of the following acts committed by the child's parent, guardian or custodian with reckless disregard as to whether the child is physically present:

(i) Sexual contact as defined in section 13-1401.

(ii) Oral sexual contact as defined in section 13-1401.

(iii) Sexual intercourse as defined in section 13-1401.

(iv) Bestiality as prescribed in section 13-1411.

26. "Newborn infant" means a child who is under thirty days of age.

27. "Petition" means a written statement of the essential facts that allege delinquency, incorrigibility or dependency.

28. "Prevention" means the creation of conditions, opportunities and experiences that encourage and develop healthy, self-sufficient children and that occur before the onset of problems.

29. "Protective supervision" means supervision that is ordered by the juvenile court of children who are found to be dependent or incorrigible.

30. "Referral" means a report that is submitted to the juvenile court and that alleges that a child is dependent or incorrigible or that a juvenile has committed a delinquent or criminal act.

31. "Secure care" means confinement in a facility that is completely surrounded by a locked and physically secure barrier with restricted ingress and egress.

32. "Serious emotional injury" means an injury that is diagnosed by a medical doctor or a psychologist and that

does any one or a combination of the following:

- (a) Seriously impairs mental faculties.
- (b) Causes serious anxiety, depression, withdrawal or social dysfunction behavior to the extent that the child suffers dysfunction that requires treatment.
- (c) Is the result of sexual abuse pursuant to section 13-1404, sexual conduct with a minor pursuant to section 13-1405, sexual assault pursuant to section 13-1406, molestation of a child pursuant to section 13-1410, child sex trafficking pursuant to section 13-3212, commercial sexual exploitation of a minor pursuant to section 13-3552, sexual exploitation of a minor pursuant to section 13-3553 or incest pursuant to section 13-3608.

33. "Serious physical injury" means an injury that is diagnosed by a medical doctor and that does any one or a combination of the following:

- (a) Creates a reasonable risk of death.
- (b) Causes serious or permanent disfigurement.
- (c) Causes significant physical pain.
- (d) Causes serious impairment of health.
- (e) Causes the loss or protracted impairment of an organ or limb.
- (f) Is the result of sexual abuse pursuant to section 13-1404, sexual conduct with a minor pursuant to section 13-1405, sexual assault pursuant to section 13-1406, molestation of a child pursuant to section 13-1410, child sex trafficking pursuant to section 13-3212, commercial sexual exploitation of a minor pursuant to section 13-3552, sexual exploitation of a minor pursuant to section 13-3553 or incest pursuant to section 13-3608.

34. "Shelter care" means the temporary care of a child in any public or private facility or home that is licensed by this state and that offers a physically nonsecure environment that is characterized by the absence of physically restricting construction or hardware and that provides the child access to the surrounding community.

12-2291. Definitions

In this article, unless the context otherwise requires:

1. "Clinical laboratory" has the same meaning prescribed in section 36-451.
2. "Contractor" means an agency or service that duplicates medical records on behalf of health care providers.
3. "Department" means the department of health services.
4. "Health care decision maker" means an individual who is authorized to make health care treatment decisions for the patient, including a parent of a minor or an individual who is authorized pursuant to section 8-514.05, title 14, chapter 5, article 2 or 3 or section 36-3221, 36-3231 or 36-3281.
5. "Health care provider" means:
 - (a) A person who is licensed pursuant to title 32 and who maintains medical records.
 - (b) A health care institution as defined in section 36-401.
 - (c) An ambulance service as defined in section 36-2201.
 - (d) A health care services organization licensed pursuant to title 20, chapter 4, article 9.
6. "Medical records" means all communications related to a patient's physical or mental health or condition that are recorded in any form or medium and that are maintained for purposes of patient diagnosis or treatment, including medical records that are prepared by a health care provider or by other providers. Medical records do not include materials that are prepared in connection with utilization review, peer review or quality assurance activities, including records that a health care provider prepares pursuant to section 36-441, 36-445, 36-2402 or 36-2917. Medical records do not include recorded telephone and radio calls to and from a publicly operated emergency dispatch office relating to requests for emergency services or reports of suspected criminal activity, but include communications that are recorded in any form or medium between emergency medical personnel and medical personnel concerning the diagnosis or treatment of a person.
7. "Payment records" means all communications related to payment for a patient's health care that contain

individually identifiable information.

8. "Source data" means information that is summarized, interpreted or reported in the medical record, including x-rays and other diagnostic images.

13-105. Definitions

In this title, unless the context otherwise requires:

1. "Absconder" means a probationer who has moved from the probationer's primary residence without permission of the probation officer, who cannot be located within ninety days of the previous contact and against whom a petition to revoke has been filed in the superior court alleging that the probationer's whereabouts are unknown. A probationer is no longer deemed an absconder when the probationer is voluntarily or involuntarily returned to probation service.

2. "Act" means a bodily movement.

3. "Benefit" means anything of value or advantage, present or prospective.

4. "Calendar year" means three hundred sixty-five days' actual time served without release, suspension or commutation of sentence, probation, pardon or parole, work furlough or release from confinement on any other basis.

5. "Community supervision" means that portion of a felony sentence that is imposed by the court pursuant to section 13-603, subsection I and that is served in the community after completing a period of imprisonment or served in prison in accordance with section 41-1604.07.

6. "Conduct" means an act or omission and its accompanying culpable mental state.

7. "Crime" means a misdemeanor or a felony.

8. "Criminal street gang" means an ongoing formal or informal association of persons in which members or associates individually or collectively engage in the commission, attempted commission, facilitation or solicitation of any felony act and that has at least one individual who is a criminal street gang member.

9. "Criminal street gang member" means an individual to whom at least two of the following seven criteria that indicate criminal street gang membership apply:

(a) Self-proclamation.

(b) Witness testimony or official statement.

(c) Written or electronic correspondence.

(d) Paraphernalia or photographs.

(e) Tattoos.

(f) Clothing or colors.

(g) Any other indicia of street gang membership.

10. "Culpable mental state" means intentionally, knowingly, recklessly or with criminal negligence as those terms are defined in this paragraph:

(a) "Intentionally" or "with the intent to" means, with respect to a result or to conduct described by a statute defining an offense, that a person's objective is to cause that result or to engage in that conduct.

(b) "Knowingly" means, with respect to conduct or to a circumstance described by a statute defining an offense, that a person is aware or believes that the person's conduct is of that nature or that the circumstance exists. It does not require any knowledge of the unlawfulness of the act or omission.

(c) "Recklessly" means, with respect to a result or to a circumstance described by a statute defining an offense, that a person is aware of and consciously disregards a substantial and unjustifiable risk that the result will occur or that the circumstance exists. The risk must be of such nature and degree that disregard of such risk constitutes a gross deviation from the standard of conduct that a reasonable person would observe in the situation. A person who creates such a risk but who is unaware of such risk solely by reason of voluntary intoxication also acts recklessly with respect to such risk.

(d) "Criminal negligence" means, with respect to a result or to a circumstance described by a statute defining an offense, that a person fails to perceive a substantial and unjustifiable risk that the result will occur or that the circumstance exists. The risk must be of such nature and degree that the failure to perceive it constitutes a gross deviation from the standard of care that a reasonable person would observe in the situation.

11. "Dangerous drug" means dangerous drug as defined in section 13-3401.

12. "Dangerous instrument" means anything that under the circumstances in which it is used, attempted to be used or threatened to be used is readily capable of causing death or serious physical injury.

13. "Dangerous offense" means an offense involving the discharge, use or threatening exhibition of a deadly weapon or dangerous instrument or the intentional or knowing infliction of serious physical injury on another person.

14. "Deadly physical force" means force that is used with the purpose of causing death or serious physical injury or in the manner of its use or intended use is capable of creating a substantial risk of causing death or serious physical injury.

15. "Deadly weapon" means anything designed for lethal use, including a firearm.

16. "Economic loss" means any loss incurred by a person as a result of the commission of an offense. Economic loss includes lost interest, lost earnings and other losses that would not have been incurred but for the offense. Economic loss does not include losses incurred by the convicted person, damages for pain and suffering, punitive damages or consequential damages.

17. "Enterprise" includes any corporation, association, labor union or other legal entity.

18. "Felony" means an offense for which a sentence to a term of imprisonment in the custody of the state department of corrections is authorized by any law of this state.

19. "Firearm" means any loaded or unloaded handgun, pistol, revolver, rifle, shotgun or other weapon that will or is designed to or may readily be converted to expel a projectile by the action of expanding gases, except that it does not include a firearm in permanently inoperable condition.

20. "Government" means the state, any political subdivision of the state or any department, agency, board, commission, institution or governmental instrumentality of or within the state or political subdivision.

21. "Government function" means any activity that a public servant is legally authorized to undertake on behalf of a government.

22. "Historical prior felony conviction" means:

(a) Any prior felony conviction for which the offense of conviction either:

(i) Mandated a term of imprisonment except for a violation of chapter 34 of this title involving a drug below the threshold amount.

(ii) Involved a dangerous offense.

(iii) Involved the illegal control of a criminal enterprise.

(iv) Involved aggravated driving under the influence of intoxicating liquor or drugs.

(v) Involved any dangerous crime against children as defined in section 13-705.

(b) Any class 2 or 3 felony, except the offenses listed in subdivision (a) of this paragraph, that was committed within the ten years immediately preceding the date of the present offense. Any time spent on absconder status while on probation, on escape status or incarcerated is excluded in calculating if the offense was committed within the preceding ten years. If a court determines a person was not on absconder status while on probation or escape status, that time is not excluded. For the purposes of this subdivision, "escape" means:

(i) A departure from custody or from a juvenile secure care facility, a juvenile detention facility or an adult correctional facility in which the person is held or detained, with knowledge that the departure is not permitted, or the failure to return to custody or detention following a temporary leave granted for a specific purpose or for a limited period.

(ii) A failure to report as ordered to custody or detention to begin serving a term of incarceration.

(c) Any class 4, 5 or 6 felony, except the offenses listed in subdivision (a) of this paragraph, that was committed

within the five years immediately preceding the date of the present offense. Any time spent on absconder status while on probation, on escape status or incarcerated is excluded in calculating if the offense was committed within the preceding five years. If a court determines a person was not on absconder status while on probation or escape status, that time is not excluded. For the purposes of this subdivision, "escape" has the same meaning prescribed in subdivision (b) of this paragraph.

(d) Any felony conviction that is a third or more prior felony conviction. For the purposes of this subdivision, "prior felony conviction" includes any offense committed outside the jurisdiction of this state that was punishable by that jurisdiction as a felony.

(e) Any offense committed outside the jurisdiction of this state that was punishable by that jurisdiction as a felony and that was committed within the five years immediately preceding the date of the present offense. Any time spent on absconder status while on probation, on escape status or incarcerated is excluded in calculating if the offense was committed within the preceding five years. If a court determines a person was not on absconder status while on probation or escape status, that time is not excluded. For the purposes of this subdivision, "escape" has the same meaning prescribed in subdivision (b) of this paragraph.

(f) Any offense committed outside the jurisdiction of this state that involved the discharge, use or threatening exhibition of a deadly weapon or dangerous instrument or the intentional or knowing infliction of death or serious physical injury and that was punishable by that jurisdiction as a felony. A person who has been convicted of a felony weapons possession violation in any court outside the jurisdiction of this state that would not be punishable as a felony under the laws of this state is not subject to this paragraph.

23. "Human smuggling organization" means an ongoing formal or informal association of persons in which members or associates individually or collectively engage in the smuggling of human beings.

24. "Intoxication" means any mental or physical incapacity resulting from use of drugs, toxic vapors or intoxicating liquors.

25. "Misdemeanor" means an offense for which a sentence to a term of imprisonment other than to the custody of the state department of corrections is authorized by any law of this state.

26. "Narcotic drug" means narcotic drugs as defined in section 13-3401.

27. "Offense" or "public offense" means conduct for which a sentence to a term of imprisonment or of a fine is provided by any law of the state in which it occurred or by any law, regulation or ordinance of a political subdivision of that state and, if the act occurred in a state other than this state, it would be so punishable under the laws, regulations or ordinances of this state or of a political subdivision of this state if the act had occurred in this state.

28. "Omission" means the failure to perform an act as to which a duty of performance is imposed by law.

29. "Peace officer" means any person vested by law with a duty to maintain public order and make arrests and includes a constable.

30. "Person" means a human being and, as the context requires, an enterprise, a public or private corporation, an unincorporated association, a partnership, a firm, a society, a government, a governmental authority or an individual or entity capable of holding a legal or beneficial interest in property.

31. "Petty offense" means an offense for which a sentence of a fine only is authorized by law.

32. "Physical force" means force used upon or directed toward the body of another person and includes confinement, but does not include deadly physical force.

33. "Physical injury" means the impairment of physical condition.

34. "Possess" means knowingly to have physical possession or otherwise to exercise dominion or control over property.

35. "Possession" means a voluntary act if the defendant knowingly exercised dominion or control over property.

36. "Preconviction custody" means the confinement of a person in a jail in this state or another state after the person is arrested for or charged with a felony offense.

37. "Property" means anything of value, tangible or intangible.

38. "Public servant":

(a) Means any officer or employee of any branch of government, whether elected, appointed or otherwise employed, including a peace officer, and any person participating as an advisor or consultant or otherwise in performing a governmental function.

(b) Does not include jurors or witnesses.

(c) Includes those who have been elected, appointed, employed or designated to become a public servant although not yet occupying that position.

39. "Serious physical injury" includes physical injury that creates a reasonable risk of death, or that causes serious and permanent disfigurement, serious impairment of health or loss or protracted impairment of the function of any bodily organ or limb.

40. "Unlawful" means contrary to law or, where the context so requires, not permitted by law.

41. "Vehicle" means a device in, upon or by which any person or property is, may be or could have been transported or drawn upon a highway, waterway or airway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

42. "Voluntary act" means a bodily movement performed consciously and as a result of effort and determination.

43. "Voluntary intoxication" means intoxication caused by the knowing use of drugs, toxic vapors or intoxicating liquors by a person, the tendency of which to cause intoxication the person knows or ought to know, unless the person introduces them pursuant to medical advice or under such duress as would afford a defense to an offense.

13-1404. Sexual abuse; classification

A. A person commits sexual abuse by intentionally or knowingly engaging in sexual contact with any person who is fifteen or more years of age without consent of that person or with any person who is under fifteen years of age if the sexual contact involves only the female breast.

B. It is not a defense to a prosecution for a violation of this section that the other person consented if the other person was fifteen, sixteen or seventeen years of age and the defendant was in a position of trust.

C. Sexual abuse is a class 5 felony unless the victim is under fifteen years of age in which case sexual abuse is a class 3 felony punishable pursuant to section 13-705.

13-1406. Sexual assault; classification; increased punishment

A. A person commits sexual assault by intentionally or knowingly engaging in sexual intercourse or oral sexual contact with any person without consent of such person.

B. Sexual assault is a class 2 felony, and the person convicted shall be sentenced pursuant to this section and the person is not eligible for suspension of sentence, probation, pardon or release from confinement on any basis except as specifically authorized by section 31-233, subsection A or B until the sentence imposed by the court has been served or commuted. If the victim is under fifteen years of age, sexual assault is punishable pursuant to section 13-705. The presumptive term may be aggravated or mitigated within the range under this section pursuant to section 13-701, subsections C, D and E. If the sexual assault involved the intentional or knowing administration of flunitrazepam, gamma hydroxy butyrate or ketamine hydrochloride without the victim's knowledge, the presumptive, minimum and maximum sentence for the offense shall be increased by three years. The additional sentence imposed pursuant to this subsection is in addition to any enhanced sentence that may be applicable. The term for a first offense is as follows:

Minimum Presumptive Maximum

5.25 years 7 years 14 years

The term for a defendant who has one historical prior felony conviction is as follows:

Minimum Presumptive Maximum

7 years 10.5 years 21 years

The term for a defendant who has two or more historical prior felony convictions is as follows:

Minimum	Presumptive	Maximum
---------	-------------	---------

14 years	15.75 years	28 years
----------	-------------	----------

C. The sentence imposed on a person for a sexual assault shall be consecutive to any other sexual assault sentence imposed on the person at any time.

D. Notwithstanding section 13-703, section 13-704, section 13-705, section 13-706, subsection A and section 13-708, subsection D, if the sexual assault involved the intentional or knowing infliction of serious physical injury, the person may be sentenced to life imprisonment and is not eligible for suspension of sentence, probation, pardon or release from confinement on any basis except as specifically authorized by section 31-233, subsection A or B until at least twenty-five years have been served or the sentence is commuted. If the person was at least eighteen years of age and the victim was twelve years of age or younger, the person shall be sentenced pursuant to section 13-705.

13-3401. Definitions

In this chapter, unless the context otherwise requires:

1. "Administer" means to apply, inject or facilitate the inhalation or ingestion of a substance to the body of a person.
2. "Amidone" means any substance identified chemically as (4-4-diphenyl-6-dimethylamine-heptanone-3), or any salt of such substance, by whatever trade name designated.
3. "Board" means the Arizona state board of pharmacy.
4. "Cannabis" means the following substances under whatever names they may be designated:
 - (a) The resin extracted from any part of a plant of the genus cannabis, and every compound, manufacture, salt, derivative, mixture or preparation of such plant, its seeds or its resin. Cannabis does not include oil or cake made from the seeds of such plant, any fiber, compound, manufacture, salt, derivative, mixture or preparation of the mature stalks of such plant except the resin extracted from the stalks or any fiber, oil or cake or the sterilized seed of such plant which is incapable of germination.
 - (b) Every compound, manufacture, salt, derivative, mixture or preparation of such resin or tetrahydrocannabinol.
5. "Coca leaves" means cocaine, its optical isomers and any compound, manufacture, salt, derivative, mixture or preparation of coca leaves, except derivatives of coca leaves which do not contain cocaine, ecgonine or substances from which cocaine or ecgonine may be synthesized or made.
6. "Dangerous drug" means the following by whatever official, common, usual, chemical or trade name designated:
 - (a) Any material, compound, mixture or preparation that contains any quantity of the following hallucinogenic substances and their salts, isomers, whether optical, positional or geometric, and salts of isomers, unless specifically excepted, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation:
 - (i) Alpha-ethyltryptamine.
 - (ii) Alpha-methyltryptamine.
 - (iii) (2-aminopropyl) benzofuran (APB).
 - (iv) (2-aminopropyl)-2, 3-dihydrobenzofuran (APDB).
 - (v) Aminorex.
 - (vi) 4-bromo-2, 5-dimethoxyphenethylamine.
 - (vii) 4-bromo-2, 5-dimethoxyamphetamine.
 - (viii) Bufotenine.
 - (ix) [3-(3-carbamoylphenyl)phenyl]N-cyclohexyl carbamate (URB-597).
 - (x) Diethyltryptamine.

- (xi) 2, 5-dimethoxyamphetamine.
- (xii) Dimethyltryptamine.
- (xiii) (2-ethylaminopropyl)-benzofuran (EAPB).
- (xiv) 5-methoxy-alpha-methyltryptamine.
- (xv) 5-methoxy-3, 4-methylenedioxyamphetamine.
- (xvi) 4-methyl-2, 5-dimethoxyamphetamine.
- (xvii) (2-methylaminopropyl)-benzofuran (MAPB).
- (xviii) Ibogaine.
- (xix) Lysergic acid amide.
- (xx) Lysergic acid diethylamide.
- (xxi) Mescaline.
- (xxii) 4-methoxyamphetamine.
- (xxiii) Methoxymethylenedioxyamphetamine (MMDA).
- (xxiv) Methylenedioxyamphetamine (MDA).
- (xxv) 3, 4-methylenedioxymethamphetamine.
- (xxvi) 3, 4-methylenedioxy-N-ethylamphetamine.
- (xxvii) N-ethyl-3-piperidyl benzilate (JB-318).
- (xxviii) N-hydroxy-3, 4-methylenedioxyamphetamine.
- (xxix) N-methyl-3-piperidyl benzilate (JB-336).
- (xxx) N-methyltryptamine mimetic substances that are any substances derived from N-methyltryptamine by any substitution at the nitrogen, any substitution at the indole ring, any substitution at the alpha carbon, any substitution at the beta carbon or any combination of the above. N-methyltryptamine mimetic substances do not include melatonin (5-methoxy-n-acetyltryptamine). Substances in the N-methyltryptamine generic definition include AcO-DMT, Baeocystine, Bromo-DALT, DiPT, DMT, DPT, HO-DET, HO-DiPT, HO-DMT, HO-DPT, HO-MET, MeO-DALT, MeO-DET, MeO-DiPT, MeO-DMT, MeO-DPT, MeO-NMT, MET, NMT and Norbufotenin.
- (xxxi) N-(1-phenylcyclohexyl) ethylamine (PCE).
- (xxxii) Nabilone.
- (xxxiii) 1-(1-phenylcyclohexyl) pyrrolidine (PHP).
- (xxxiv) 1-(1-(2-thienyl)-cyclohexyl) piperidine (TCP).
- (xxxv) 1-(1-(2-thienyl)-cyclohexyl) pyrrolidine.
- (xxxvi) Para-methoxyamphetamine (PMA).
- (xxxvii) Psilacetin.
- (xxxviii) Psilocybin.
- (xxxix) Psilocyn.
- (xl) Synhexyl.
- (xli) Trifluoromethylphenylpiperazine (TFMPP).
- (xlii) Trimethoxyamphetamine (TMA).
- (xliii) 1-pentyl-3-(naphthoyl)indole (JWH-018 and isomers).
- (xliv) 1-butyl-3-(naphthoyl)indole (JWH-073 and isomers).
- (xlv) 1-hexyl-3-(naphthoyl)indole (JWH-019 and isomers).
- (xlvi) 1-pentyl-3-(4-chloro naphthoyl)indole (JWH-398 and isomers).
- (xlvii) 1-(2-(4-(morpholinyl)ethyl))-3-(naphthoyl)indole (JWH-200 and isomers).

(xlviii) 1-pentyl-3-(methoxyphenylacetyl)indole (JWH-250 and isomers).

(xlix) (2-methyl-1-propyl-1H-indol-3-yl)-1-naphthalenyl-methanone (JWH-015 and isomers).

(l) (6AR,

10AR)-9-(hydroxymethyl)-6,6-dimethyl-3-(2-methyloctan-2-yl)-6a,7,10,10a-tetrahydrobenzo[c]chromen-1-ol) (HU-210).

(li) 5-(1,1-dimethylheptyl)-2-(3-hydroxycyclohexyl)-phenol (CP 47,497 and isomers).

(lii) 5-(1,1-dimethyloctyl)-2-(3-hydroxycyclohexyl)-phenol (cannabicyclohexanol, CP-47,497 C8 homologue and isomers).

(b) Any material, compound, mixture or preparation that contains any quantity of cannabimimetic substances and their salts, isomers, whether optical, positional or geometric, and salts of isomers, unless specifically excepted, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation. For the purposes of this subdivision, "cannabimimetic substances" means any substances within the following structural classes:

(i) 2-(3-hydroxycyclohexyl)phenol with substitution at the 5-position of the phenolic ring by alkyl or alkenyl, whether or not substituted on the cyclohexyl ring to any extent. Substances in the 2-(3-hydroxycyclohexyl)phenol generic definition include CP-47,497, CP-47,497 C8-Homolog, CP-55,940 and CP-56,667.

(ii) 3-(naphthoyl)indole or 3-(naphthylmethane)indole by substitution at the nitrogen atom of the indole ring, whether or not further substituted on the indole ring to any extent, whether or not substituted on the naphthoyl or naphthyl ring to any extent. Substances in the 3-(naphthoyl)indole generic definition include AM-678, AM-2201, JWH-004, JWH-007, JWH-009, JWH-015, JWH-016, JWH-018, JWH-019, JWH-020, JWH-046, JWH-047, JWH-048, JWH-049, JWH-050, JWH-070, JWH-071, JWH-072, JWH-073, JWH-076, JWH-079, JWH-080, JWH-081, JWH-082, JWH-094, JWH-096, JWH-098, JWH-116, JWH-120, JWH-122, JWH-148, JWH-149, JWH-175, JWH-180, JWH-181, JWH-182, JWH-184, JWH-185, JWH-189, JWH-192, JWH-193, JWH-194, JWH-195, JWH-196, JWH-197, JWH-199, JWH-200, JWH-210, JWH-211, JWH-212, JWH-213, JWH-234, JWH-235, JWH-236, JWH-239, JWH-240, JWH-241, JWH-242, JWH-262, JWH-386, JWH-387, JWH-394, JWH-395, JWH-397, JWH-398, JWH-399, JWH-400, JWH-412, JWH-413, JWH-414 and JWH-415.

(iii) 3-naphthoyl-indazole or 3-(naphthylmethane)-indazole by substitution at one or both of the nitrogen atoms of the indazole ring, whether or not further substituted on the indazole ring to any extent, whether or not substituted on the naphthoyl ring to any extent. Substances in the 3-naphthoyl-indazole or 3-(naphthylmethane)-indazole generic definition include THJ2201 and THJ-018.

(iv) 3-(naphthoyl)pyrrole by substitution at the nitrogen atom of the pyrrole ring, whether or not further substituted in the pyrrole ring to any extent, whether or not substituted on the naphthoyl ring to any extent. Substances in the 3-(naphthoyl)pyrrole generic definition include JWH-030, JWH-145, JWH-146, JWH-147, JWH-150, JWH-156, JWH-243, JWH-244, JWH-245, JWH-246, JWH-292, JWH-293, JWH-307, JWH-308, JWH-346, JWH-348, JWH-363, JWH-364, JWH-365, JWH-367, JWH-368, JWH-369, JWH-370, JWH-371, JWH-373 and JWH-392.

(v) 1-(naphthylmethylene)indene by substitution of the 3-position of the indene ring, whether or not further substituted in the indene ring to any extent, whether or not substituted on the naphthyl ring to any extent. Substances in the 1-(naphthylmethylene)indene generic definition include JWH-176.

(vi) 3-(phenylacetyl)indole or 3-(benzoyl)indole by substitution at the nitrogen atom of the indole ring, whether or not further substituted in the indole ring to any extent, whether or not substituted on the phenyl ring to any extent. Substances in the 3-(phenylacetyl)indole generic definition include AM-694, AM-2233, JWH-167, JWH-201, JWH-202, JWH-203, JWH-204, JWH-205, JWH-206, JWH-207, JWH-208, JWH-209, JWH-237, JWH-248, JWH-250, JWH-251, JWH-253, JWH-302, JWH-303, JWH-304, JWH-305, JWH-306, JWH-311, JWH-312, JWH-313, JWH-314, JWH-315, JWH-316, RCS-4, RCS-8, SR-18 and SR-19.

(vii) 3-(cyclopropylmethanone) indole or 3-(cyclobutylmethanone) indole or 3-(cyclopentylmethanone) indole by substitution at the nitrogen atom of the indole ring, whether or not further substituted in the indole ring to any extent, whether or not substituted on the cyclopropyl, cyclobutyl or cyclopentyl rings to any extent. Substances in the 3-(cyclopropylmethanone) indole generic definition include UR-144, fluoro-UR-144 and XLR-11.

(viii) 3-adamantoylindole with substitution at the nitrogen atom of the indole ring, whether or not further

substituted on the indole ring to any extent, whether or not substituted on the adamantyl ring to any extent. Substances in the 3-adamantoylindole generic definition include AB-001.

(ix) N-(adamantyl)-indole-3-carboxamide with substitution at the nitrogen atom of the indole ring, whether or not further substituted on the indole ring to any extent, whether or not substituted on the adamantyl ring to any extent. Substances in the N-(adamantyl)-indole-3-carboxamide generic definition include SDB-001.

(x) Indole-3-carboxamide or indazole-3-carboxamide with substitution at the nitrogen atom of the indole ring or by substitution at one or both of the nitrogen atoms of the indazole ring, whether or not further substituted on the indole ring or the indazole ring to any extent, whether or not substituted on the nitrogen of the carboxamide to any extent. Substances in the indole-3-carboxamide or indazole-3-carboxamide generic definition include AKB-48, fluoro-AKB-48, APINACA, AB-PINACA, AB-FUBINACA, ABICA and ADBICA.

(xi) 8-Quinolinyln-indole-3-carboxylate or 8-quinolinyln-indazole-3-carboxylate by substitution at the nitrogen atom of the indole ring or by substitution at one or both of the nitrogen atoms of the indazole ring, whether or not further substituted in the indole ring or indazole ring to any extent, whether or not substituted on the quinoline ring to any extent. Substances in the 8-quinolinyln-indole-3-carboxylate or the 8-quinolinyln-indazole-3-carboxylate generic definition include PB-22, fluoro-PB-22, NPB-22 and fluoro-NPB-22.

(xii) Naphthalenyl-indole-3-carboxylate or naphthalenyl-indazole-3-carboxylate by substitution at the nitrogen atom of the indole ring or by substitution at one or both of the nitrogen atoms of the indazole ring, whether or not further substituted in the indole or indazole ring to any extent, whether or not substituted on the naphthalenyl ring to any extent. Substances in the naphthalenyl-indole-3-carboxylate or naphthalenyl-indazole-3-carboxylate generic definition include NM2201, FDU-PB-22, SDB-005 and fluoro SDB-005.

(c) Any material, compound, mixture or preparation that contains any quantity of the following substances and their salts, isomers, whether optical, positional or geometric, and salts of isomers having a potential for abuse associated with a stimulant effect on the central nervous system:

(i) Alpha-pyrrolidinobutiophenone (Alpha-PBP).

(ii) Alpha-pyrrolidinopropiophenone (Alpha-PPP).

(iii) Alpha-pyrrolidinovalerophenone (Alpha-PVP).

(iv) Alpha-pyrrolidinovalerothiophenone (Alpha-PVT).

(v) Aminoindane mimetic substances that are derived from aminoindane by any substitution at the indane ring, replacement of the amino group with another N group or any combination of the above. Substances in the aminoindane generic definition include MDAI, MMAI, IAI and AMMI.

(vi) Amphetamine.

(vii) Benzphetamine.

(viii) Benzylpiperazine (BZP).

(ix) Beta-keto-n-methylbenzodioxolylbutanamine (Butylone).

(x) Beta-keto-n-methylbenzodioxolylpentanamine (Pentylone).

(xi) Butorphanol.

(xii) Cathine ((+)-norpseudoephedrine).

(xiii) Cathinomimetic substances that are any substances derived from cathinone, (2-amino-1-phenyl-1-propanone) by any substitution at the phenyl ring, any substitution at the 3 position, any substitution at the nitrogen atom or any combination of the above substitutions.

(xiv) Cathinone.

(xv) 2-(4-Chloro-2,5-dimethoxyphenyl)ethanamine (2C-C).

(xvi) Chlorphentermine.

(xvii) Clortermine.

(xviii) Diethylpropion.

(xix) Dihydro-5H-indeno-(5,6-d)-1,3-dioxol-6-amine (MDAI).

- (xx) 2-(2,5-Dimethoxy-4-ethylphenyl)ethanamine (2C-E).
- (xxi) 2-(2,5-Dimethoxy-4-methylphenyl)ethanamine (2C-D).
- (xxii) 2-(2,5-Dimethoxy-4-nitro-phenyl)ethanamine (2C-N).
- (xxiii) 2-(2,5-Dimethoxy-4-(n)-propylphenyl)ethanamine (2C-P).
- (xxiv) 2-(2,5-Dimethoxyphenyl)ethanamine (2C-H).
- (xxv) Dimethylcathinone (Metamfepramone).
- (xxvi) Ethcathinone.
- (xxvii) 2-[4-(Ethylthio)-2,5-dimethoxyphenyl]ethanamine (2C-T-2).
- (xxviii) Fencamfamin.
- (xxix) Fenethylamine.
- (xxx) Fenproporex.
- (xxxi) Fluoroamphetamine.
- (xxxii) Fluoromethamphetamine.
- (xxxiii) Fluoromethcathinone.
- (xxxiv) 2-(4-Iodo-2,5-dimethoxyphenyl)ethanamine (2C-I).
- (xxxv) 2-[4-(Isopropylthio)-2,5-dimethoxyphenyl]ethanamine(2C-T-4).
- (xxxvi) Mazindol.
- (xxxvii) Mefenorex.
- (xxxviii) Methamphetamine.
- (xxxix) Methcathinone.
- (xl) Methiopropamine.
- (xli) Methoxy-alpha-pyrrolidinopropiophenone (MOPPP).
- (xlii) Methoxymethcathinone (methedrone).
- (xliii) Methoxyphenethylamine mimetic substances that are any substances derived from 2, 5-dimethoxy-phenethylamine by any substitution at the phenyl ring, any substitution at the nitrogen atom, any substitutions at the carbon atoms of the ethylamine, or any combination of the above substitutions.
- (xliv) 4-methylaminorex.
- (xlv) Methyl-a-pyrrolidinobutiophenone (MPBP).
- (xlvi) Methylenedioxy-alpha-pyrrolidinopropiophenone (MDPPP).
- (xlvii) Methylenedioxyethcathinone (Ethylone).
- (xlviii) Methylenedioxymethcathinone (Methylone).
- (xlix) Methylenedioxypyrovalerone (MDPV).
- (l) Methylmethcathinone (Mephedrone).
- (li) Methylphenidate.
- (lii) Modafinil.
- (liii) Naphthylpyrovalerone (Naphyrone).
- (liv) N-ethylamphetamine.
- (lv) N, N-dimethylamphetamine.
- (lvi) Pemoline.
- (lvii) Phendimetrazine.
- (lviii) Phenmetrazine.

(lix) Phentermine.

(lx) Pipradol.

(lxi) Propylhexedrine.

(lxii) Pyrovalerone.

(lxiii) Sibutramine.

(lxiv) Spa ((-)-1-dimethylamino-1,2-diphenylethane).

(d) Any material, compound, mixture or preparation that contains any quantity of the following substances having a potential for abuse associated with a depressant effect on the central nervous system:

(i) Any substance which contains any quantity of a derivative of barbituric acid, or any salt of a derivative of barbituric acid, unless specifically excepted.

(ii) Alprazolam.

(iii) Bromazepam.

(iv) Camazepam.

(v) Carisoprodol.

(vi) Chloral betaine.

(vii) Chloral hydrate.

(viii) Chlordiazepoxide.

(ix) Chlorhexadol.

(x) Clobazam.

(xi) Clonazepam.

(xii) Clorazepate.

(xiii) Clotiazepam.

(xiv) Cloxazolam.

(xv) Delorazepam.

(xvi) Diazepam.

(xvii) Dichloralphenazone.

(xviii) Estazolam.

(xix) Ethchlorvynol.

(xx) Ethinamate.

(xxi) Ethyl loflazepate.

(xxii) Etizolam.

(xxiii) Fenfluramine.

(xxiv) Fludiazepam.

(xxv) Flunitrazepam.

(xxvi) Flurazepam.

(xxvii) Gamma hydroxy butyrate.

(xxviii) Glutethimide.

(xxix) Halazepam.

(xxx) Haloxazolam.

(xxxi) Hydroxyphenacyclidine (HO-PCP).

(xxxii) Ketamine.

- (xxxiii) Ketazolam.
- (xxxiv) Loprazolam.
- (xxxv) Lorazepam.
- (xxxvi) Lormetazepam.
- (xxxvii) Lysergic acid.
- (xxxviii) Mebutamate.
- (xxxix) Mecloqualone.
- (xl) Medazepam.
- (xli) Meprobamate.
- (xlii) Methaqualone.
- (xliii) Methohexital.
- (xliv) 2-(methoxyphenyl)-2-(ethylamino)cyclohexanone(Methoxetamine).
- (xlv) 2-(methoxyphenyl)-2-(methylamino)cyclohexanone(Methoxyketamine).
- (xlvi) Methoxyphencyclidine(MeO-PCP).
- (xlvii) Methyprylon.
- (xlviii) Midazolam.
- (xlix) Nimetazepam.
- (l) Nitrazepam.
- (li) Nordiazepam.
- (lii) Oxazepam.
- (liii) Oxazolam.
- (liv) Paraldehyde.
- (lv) Petrichloral.
- (lvi) Phencyclidine (PCP).
- (lvii) Phencyclidine mimetic substances that are any substances derived from phenylcyclohexylpiperidine by any substitution at the phenyl ring, any substitution at the piperidine ring, any substitution at the cyclohexyl ring, any replacement of the phenyl ring or any combination of the above. Substances in the phenylcyclohexylpiperidine generic definition include Amino-PCP, BCP, Bromo-PCP, BTCP, Chloro-PCP, Fluoro-PCP, HO-PCP, MeO-PCP, Methyl-PCP, Nitro-PCP, Oxo-PCP, PCE, PCM, PCPY, TCP and TCPY.
- (lviii) Pinazepam.
- (lix) Prazepam.
- (lx) Scopolamine.
- (lxi) Sulfondiethylmethane.
- (lxii) Sulfonethylmethane.
- (lxiii) Sulfonmethane.
- (lxiv) Quazepam.
- (lxv) Temazepam.
- (lxvi) Tetrazepam.
- (lxvii) Tiletamine.
- (lxviii) Triazolam.
- (lxix) Zaleplon.
- (lxx) Zolazepam.

(lxxi) Zolpidem.

(lxxii) Zopiclone.

(e) Any material, compound, mixture or preparation that contains any quantity of the following anabolic steroids and their salts, isomers or esters:

(i) Boldenone.

(ii) Clostebol (4-chlorotestosterone).

(iii) Dehydrochloromethyltestosterone.

(iv) Drostanolone.

(v) Ethylestrenol.

(vi) Fluoxymesterone.

(vii) Formebolone (formebolone).

(viii) Mesterolone.

(ix) Methandriol.

(x) Methandrostenolone (methandienone).

(xi) Methenolone.

(xii) Methyltestosterone.

(xiii) Mibolerone.

(xiv) Nandrolone.

(xv) Norethandrolon.

(xvi) Oxandrolone.

(xvii) Oxymesterone.

(xviii) Oxymetholone.

(xix) Stanolone (4-dihydrotestosterone).

(xx) Stanozolol.

(xxi) Testolactone.

(xxii) Testosterone.

(xxiii) Trenbolone.

7. "Deliver" means the actual, constructive or attempted exchange from one person to another, whether or not there is an agency relationship.

8. "Director" means the director of the department of health services.

9. "Dispense" means distribute, leave with, give away, dispose of or deliver.

10. "Drug court program" means a program that is established pursuant to section 13-3422 by the presiding judge of the superior court in cooperation with the county attorney in a county for the purpose of prosecuting, adjudicating and treating drug dependent persons who meet the criteria and guidelines for entry into the program that are developed and agreed on by the presiding judge and the prosecutor.

11. "Drug dependent person" means a person who is using a substance that is listed in paragraph 6, 19, 20, 21 or 28 of this section and who is in a state of psychological or physical dependence, or both, arising from the use of that substance.

12. "Federal act" has the same meaning prescribed in section 32-1901.

13. "Isoamidone" means any substance identified chemically as (4-4-diphenyl-5-methyl-6-dimethylaminohexanone-3), or any salt of such substance, by whatever trade name designated.

14. "Isonipecaïne" means any substance identified chemically as (1-methyl-4-phenyl-piperidine-4-carboxylic acid

ethyl ester), or any salt of such substance, by whatever trade name designated.

15. "Ketobemidone" means any substance identified chemically as (4-(3-hydroxyphenyl)-1-methyl-4-piperidylethyl ketone hydrochloride), or any salt of such substance, by whatever trade name designated.

16. "Licensed" or "permitted" means authorized by the laws of this state to do certain things.

17. "Manufacture" means produce, prepare, propagate, compound, mix or process, directly or indirectly, by extraction from substances of natural origin or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis. Manufacture includes any packaging or repackaging or labeling or relabeling of containers. Manufacture does not include any producing, preparing, propagating, compounding, mixing, processing, packaging or labeling done in conformity with applicable state and local laws and rules by a licensed practitioner incident to and in the course of his licensed practice.

18. "Manufacturer" means a person who manufactures a narcotic or dangerous drug or other substance controlled by this chapter.

19. "Marijuana" means all parts of any plant of the genus cannabis, from which the resin has not been extracted, whether growing or not, and the seeds of such plant. Marijuana does not include the mature stalks of such plant or the sterilized seed of such plant which is incapable of germination.

20. "Narcotic drugs" means the following, whether of natural or synthetic origin and any substance neither chemically nor physically distinguishable from them:

(a) Acetyl-alpha-methylfentanyl.

(b) Acetylmethadol.

(c) Alfentanil.

(d) Allyprodine.

(e) Alphacetylmethadol.

(f) Alphameprodine.

(g) Alphamethadol.

(h) Alpha-methylfentanyl.

(i) Alpha-methylthiofentanyl.

(j) Alphaprodine.

(k) Amidone (methadone).

(l) Anileridine.

(m) Benzethidine.

(n) Benzylfentanyl.

(o) Betacetylmethadol.

(p) Beta-hydroxyfentanyl.

(q) Beta-hydroxy-3-methylfentanyl.

(r) Betameprodine.

(s) Betamethadol.

(t) Betaprodine.

(u) Bezitramide.

(v) Buprenorphine and its salts.

(w) Cannabis.

(x) Carfentanil.

(y) 4-chloro-n-[1-[2-(4-nitrophenyl)ethyl]-2-piperidinylidene]benzenesulfonamide (W-18).

(z) 4-chloro-n-[1-(2-phenylethyl)-2-piperidinylidene] benzenesulfonamide (W-15).

- (aa) Clonitazene.
- (bb) Coca leaves.
- (cc) 1-cyclohexyl-4-(1,2-diphenylethyl)piperazine (MT-45).
- (dd) Dextromoramide.
- (ee) Dextropropoxyphene.
- (ff) Diampromide.
- (gg) 3,4-dichloro-n-[1-(dimethylamino)cyclohexyl]methyl)-benzamide (AH-7921).
- (hh) 3,4-dichloro-n-[2-(dimethylamino)cyclohexyl]-N-methylbenzamide (U-47700).
- (ii) Diethylthiambutene.
- (jj) Difenoazin.
- (kk) Dihydrocodeine.
- (ll) Dimenoxadol.
- (mm) Dimepheptanol.
- (nn) Dimethylthiambutene.
- (oo) Dioxaphetyl butyrate.
- (pp) Diphenidine (DEP).
- (qq) Diphenoxylate.
- (rr) Dipipanone.
- (ss) Ephedrine.
- (tt) Ethylmethylthiambutene.
- (uu) Etonitazene.
- (vv) Etoxadine.
- (ww) Fentanyl.
- (xx) Fentanyl mimetic substances that are any substances derived from fentanyl by any substitution in the phenethyl group, any substitution in the piperidine ring, any substitution in the aniline ring, any replacement of the phenyl portion of the phenethyl group, any replacement of the N-propionyl group or any combination of the above.
- (yy) Furethidine.
- (zz) Hydroxypethidine.
- (aaa) Isoamidone (isomethadone).
- (bbb) Isophenidine.
- (ccc) Pethidine (meperidine).
- (ddd) Ketobemidone.
- (eee) Lefetamine.
- (fff) Levomethorphan.
- (ggg) Levomoramide.
- (hhh) Levophenacymorphan.
- (iii) Levorphanol.
- (jjj) Metazocine.
- (kkk) Methoxphenidine (MXP).
- (lll) 3-methylfentanyl.

(mmm) 1-methyl-4-phenyl-4-propionoxypiperidine (MPPP).

(nnn) 3-methylthiofentanyl.

(ooo) Morpheridine.

(ppp) Noracymethadol.

(qqq) Norlevorphanol.

(rrr) Normethadone.

(sss) Norpipanone.

(ttt) Opium.

(uuu) Para-fluorofentanyl.

(vvv) Pentazocine.

(www) Phenadoxone.

(xxx) Phenampromide.

(yyy) Phenazocine.

(zzz) 1-(2-phenethyl)-4-phenyl-4-acetoxypiperidine (PEPAP).

(aaaa) Phenomorphan.

(bbbb) Phenoperidine.

(cccc) Piminodine.

(dddd) Piritramide.

(eeee) Proheptazine.

(ffff) Properidine.

(gggg) Propiram.

(hhhh) Racemethorphan.

(iiii) Racemoramide.

(jjjj) Racemorphan.

(kkkk) Remifentanil.

(llll) Sufentanil.

(mmmm) Thenylfentanyl.

(nnnn) Thiofentanyl.

(oooo) Tilidine.

(pppp) Tramadol, 2-[(dimethylamino)methyl]-1-(3-methoxyphenyl) cyclohexanol, and its salts, optical and geometric isomers, and its salts of isomers.

(qqqq) Trimeperidine.

21. "Opium" means any compound, manufacture, salt, isomer, salt of isomer, derivative, mixture or preparation of the following, but does not include apomorphine or any of its salts:

- (a) Acetorphine.
- (b) Acetyldihydrocodeine.
- (c) Benzylmorphine.
- (d) Codeine.
- (e) Codeine methylbromide.
- (f) Codeine-N-oxide.
- (g) Cyprenorphine.

- (h) Desomorphine.
- (i) Dihydromorphine.
- (j) Drotebanol.
- (k) Ethylmorphine.
- (l) Etorphine.
- (m) Heroin.
- (n) Hydrocodone.
- (o) Hydromorphanol.
- (p) Hydromorphone.
- (q) Levo-alphaacetylmethadol.
- (r) Methyldesorphine.
- (s) Methyldihydromorphine.
- (t) Metopon.
- (u) Morphine.
- (v) Morphine methylbromide.
- (w) Morphine methylsulfonate.
- (x) Morphine-N-oxide.
- (y) Myrophine.
- (z) Nalorphine.
- (aa) Nicocodeine.
- (bb) Nicomorphine.
- (cc) Normorphine.
- (dd) Oxycodone.
- (ee) Oxymorphone.
- (ff) Pholcodine.
- (gg) Thebacon.
- (hh) Thebaine.

22. "Ordinary ephedrine, pseudoephedrine, (-)-norpseudoephedrine or phenylpropanolamine product" means a product that contains ephedrine, pseudoephedrine, (-)-norpseudoephedrine or phenylpropanolamine and that is all of the following:

- (a) Approved for sale under the federal act.
- (b) Labeled, advertised and marketed only for an indication that is approved by the federal food and drug administration.
- (c) Either:
 - (i) A nonliquid that is sold in package sizes of not more than three grams of ephedrine, pseudoephedrine, (-)-norpseudoephedrine or phenylpropanolamine and that is packaged in blister packs containing not more than two dosage units or, if the use of blister packs is technically infeasible, that is packaged in unit dose packets or pouches.
 - (ii) A liquid that is sold in package sizes of not more than three grams of ephedrine, pseudoephedrine, (-)-norpseudoephedrine or phenylpropanolamine.

23. "Peyote" means any part of a plant of the genus *Lophophora*, known as the mescal button.

24. "Pharmacy" means a licensed business where drugs are compounded or dispensed by a licensed pharmacist.

25. "Practitioner" means a person licensed to prescribe and administer drugs.

26. "Precursor chemical I" means any material, compound, mixture or preparation which contains any quantity of the following substances and their salts, optical isomers or salts of optical isomers:

- (a) N-acetylanthranilic acid.
- (b) Anthranilic acid.
- (c) Ephedrine.
- (d) Ergotamine.
- (e) Isosafrole.
- (f) Lysergic acid.
- (g) Methylamine.
- (h) N-ethylephedrine.
- (i) N-ethylpseudoephedrine.
- (j) N-methylephedrine.
- (k) N-methylpseudoephedrine.
- (l) Norephedrine.
- (m) (-)-Norpseudoephedrine.
- (n) Phenylacetic acid.
- (o) Phenylpropanolamine.
- (p) Piperidine.
- (q) Pseudoephedrine.

27. "Precursor chemical II" means any material, compound, mixture or preparation which contains any quantity of the following substances and their salts, optical isomers or salts of optical isomers:

- (a) 4-cyano-2-dimethylamino-4, 4-diphenyl butane.
- (b) 4-cyano-1-methyl-4-phenylpiperidine.
- (c) Chlorephedrine.
- (d) Chlorpseudoephedrine.
- (e) Ethyl-4-phenylpiperidine-4-carboxylate.
- (f) 2-methyl-3-morpholino-1, 1-diphenylpropane-carboxylic acid.
- (g) 1-methyl-4-phenylpiperidine-4-carboxylic acid.
- (h) N-formyl amphetamine.
- (i) N-formyl methamphetamine.
- (j) Phenyl-2-propanone.
- (k) 1-piperidinocyclohexane carbonitrile.
- (l) 1-pyrrolidinocyclohexane carbonitrile.

28. "Prescription-only drug" does not include a dangerous drug or narcotic drug but means:

(a) Any drug which because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is not generally recognized among experts, qualified by scientific training and experience to evaluate its safety and efficacy, as safe for use except by or under the supervision of a medical practitioner.

(b) Any drug that is limited by an approved new drug application under the federal act or section 32-1962 to use under the supervision of a medical practitioner.

(c) Every potentially harmful drug, the labeling of which does not bear or contain full and adequate directions for

use by the consumer.

(d) Any drug required by the federal act to bear on its label the legend "Caution: Federal law prohibits dispensing without prescription" or "Rx only".

29. "Produce" means grow, plant, cultivate, harvest, dry, process or prepare for sale.

30. "Regulated chemical" means the following substances in bulk form that are not a useful part of an otherwise lawful product:

(a) Acetic anhydride.

(b) Hypophosphorous acid.

(c) Iodine.

(d) Sodium acetate.

(e) Red phosphorus.

(f) Gamma butyrolactone (GBL).

(g) 1, 4-butanediol.

(h) Butyrolactone.

(i) 1, 2 butanolide.

(j) 2-oxalalone.

(k) Tetrahydro-2-furanone.

(l) Dihydro-2(3H)-furanone.

(m) Tetramethylene glycol.

31. "Retailer" means either:

(a) A person other than a practitioner who sells any precursor chemical or regulated chemical to another person for purposes of consumption and not resale, whether or not the person possesses a permit issued pursuant to title 32, chapter 18.

(b) A person other than a manufacturer or wholesaler who purchases, receives or acquires more than twenty-four grams of a precursor chemical.

32. "Sale" or "sell" means an exchange for anything of value or advantage, present or prospective.

33. "Sale for personal use" means the retail sale for a legitimate medical use in a single transaction to an individual customer, to an employer for dispensing to employees from first aid kits or medicine chests or to a school for administration pursuant to section 15-344.

34. "Scientific purpose" means research, teaching or chemical analysis.

35. "Suspicious transaction" means a transaction to which any of the following applies:

(a) A report is required under the federal act.

(b) The circumstances would lead a reasonable person to believe that any person is attempting to possess a precursor chemical or regulated chemical for the purpose of unlawful manufacture of a dangerous drug or narcotic drug, based on such factors as the amount involved, the method of payment, the method of delivery and any past dealings with any participant.

(c) The transaction involves payment for precursor or regulated chemicals in cash or money orders in a total amount of more than two hundred dollars.

(d) The transaction involves a sale, a transfer or furnishing to a retailer for resale without a prescription of ephedrine, pseudoephedrine, (-)-norpseudoephedrine or phenylpropanolamine that is not an ordinary ephedrine, pseudoephedrine, (-)-norpseudoephedrine or phenylpropanolamine product.

36. "Threshold amount" means a weight, market value or other form of measurement of an unlawful substance as follows:

(a) One gram of heroin.

- (b) Nine grams of cocaine.
- (c) Seven hundred fifty milligrams of cocaine base or hydrolyzed cocaine.
- (d) Four grams or 50 milliliters of PCP.
- (e) Nine grams of methamphetamine, including methamphetamine in liquid suspension.
- (f) Nine grams of amphetamine, including amphetamine in liquid suspension.
- (g) One-half milliliter of lysergic acid diethylamide, or in the case of blotter dosage units fifty dosage units.
- (h) Two pounds of marijuana.
- (i) For any combination consisting solely of those unlawful substances listed in subdivisions (a) through (h) of this paragraph, an amount equal to or in excess of the threshold amount, as determined by the application of section 13-3420.
- (j) For any unlawful substance not listed in subdivisions (a) through (h) of this paragraph or any combination involving any unlawful substance not listed in subdivisions (a) through (h) of this paragraph, a value of at least one thousand dollars.

37. "Transfer" means furnish, deliver or give away.

38. "Vapor-releasing substance containing a toxic substance" means a material which releases vapors or fumes containing any of the following:

- (a) Ketones, including acetone, methyl ethyl ketone, mibk, miak, isophorone and mesityl oxide.
- (b) Hydrocarbons, including propane, butane, pentane, hexane, heptane and halogenated hydrocarbons.
- (c) Ethylene dichloride.
- (d) Pentachlorophenol.
- (e) Chloroform.
- (f) Methylene chloride.
- (g) Trichloroethylene.
- (h) Difluoroethane.
- (i) Tetrafluoroethane.
- (j) Aldehydes, including formaldehyde.
- (k) Acetates, including ethyl acetate and butyl acetate.
- (l) Aromatics, including benzene, toluene, xylene, ethylbenzene and cumene.
- (m) Alcohols, including methyl alcohol, ethyl alcohol, isopropyl alcohol, butyl alcohol and diacetone alcohol.
- (n) Ether, including Diethyl ether and petroleum ether.
- (o) Nitrous oxide.
- (p) Amyl nitrite.
- (q) Isobutyl nitrite.

39. "Weight" unless otherwise specified includes the entire weight of any mixture or substance that contains a detectable amount of an unlawful substance. If a mixture or substance contains more than one unlawful substance, the weight of the entire mixture or substance is assigned to the unlawful substance that results in the greater offense. If a mixture or substance contains lysergic acid diethylamide, the offense that results from the unlawful substance shall be based on the greater offense as determined by the entire weight of the mixture or substance or the number of blotter dosage units. For the purposes of this paragraph, "mixture" means any combination of substances from which the unlawful substance cannot be removed without a chemical process.

40. "Wholesaler" means a person who in the usual course of business lawfully supplies narcotic drugs, dangerous drugs, precursor chemicals or regulated chemicals that he himself has not produced or prepared, but not to a person for the purpose of consumption by the person, whether or not the wholesaler has a permit that is issued pursuant to title 32, chapter 18. Wholesaler includes a person who sells, delivers or dispenses a precursor

chemical in an amount or under circumstances that would require registration as a distributor of precursor chemicals under the federal act.

32-1101. Definitions

A. In this chapter, unless the context otherwise requires:

1. "Advertisement" means any written or oral publication, dissemination, solicitation or circulation that is intended to directly or indirectly induce any person to enter into an agreement for contracting services with a contractor, including business cards and telephone directory display advertisements.

2. "Commercial contractor" is synonymous with the terms "commercial builder", "industrial builder" and "public works builder" and means any person, firm, partnership, corporation, association or other organization, or any combination, that, for compensation, undertakes to or offers to undertake to, purports to have the capacity to undertake to, submits a bid to, does himself or by or through others, or directly or indirectly supervises others, except within residential property lines, to:

(a) Construct, alter, repair, add to, subtract from, improve, move, wreck or demolish any building, highway, road, railroad, excavation or other structure, project, development or improvement, or to do any part thereof, including the erection of scaffolding or any other structure or work in connection with the construction.

(b) Connect such a structure or improvements to utility service lines and metering devices and the sewer line.

(c) Provide mechanical or structural service for any such structure or improvements.

3. "Contractor" is synonymous with the term "builder" and means any person, firm, partnership, corporation, association or other organization, or a combination of any of them, that, for compensation, undertakes to or offers to undertake to, purports to have the capacity to undertake to, submits a bid or responds to a request for qualification or a request for proposals for construction services to, does himself or by or through others, or directly or indirectly supervises others to:

(a) Construct, alter, repair, add to, subtract from, improve, move, wreck or demolish any building, highway, road, railroad, excavation or other structure, project, development or improvement, or to do any part thereof, including the erection of scaffolding or any other structure or work in connection with the construction.

(b) Connect such a structure or improvements to utility service lines and metering devices and the sewer line.

(c) Provide mechanical or structural service for any such structure or improvements.

4. "Dual licensed contractor" is synonymous with the term "commercial and residential builder" and means any person, firm, partnership, corporation, association or other organization, or any combination, that undertakes to or offers to undertake to, purports to have the capacity to undertake to, submits a bid to, does himself or by or through others, or directly or indirectly supervises others under a single license on commercial or residential property to:

(a) Construct, alter, repair, add to, subtract from, improve, move, wreck or demolish any building, excavation or other structure or improvement, including any appurtenances, or to do any part thereof.

(b) Connect such a structure or improvements to utility service lines and metering devices and the sewer line.

(c) Provide mechanical or structural service for any such structure or improvements.

5. "License" means an authorization for the person who is listed on the electronic, paper or other records maintained by the registrar to act in the capacity of a contractor.

6. "Named on a license" means required to be identified pursuant to section 32-1122, subsection B.

7. "Person" means a corporation, company, partnership, firm, association, trust, society or natural person.

8. "Registrar" means the registrar of contractors.

9. "Residential contractor" is synonymous with the term "residential builder" and means any person, firm, partnership, corporation, association or other organization, or a combination of any of them, that undertakes to or offers to undertake to, purports to have the capacity to undertake to, submits a bid to, or does himself or by or through others, within residential property lines:

(a) Construct, alter, repair, add to, subtract from, improve, move, wreck or demolish any residential structure, such

as houses, townhouses, condominiums or cooperative units. Residential structures also include apartment complexes of four units or less and any appurtenances on or within residential property lines.

(b) Connect such a residential structure to utility service lines, metering devices or sewer lines.

(c) Provide mechanical or structural service for any such residential structure.

B. "Contractor" includes subcontractors, specialty contractors, floor covering contractors, landscape contractors, other than gardeners, and consultants representing themselves as having the ability to supervise or manage a construction project for the benefit of the property owner, including the hiring and firing of specialty contractors, the scheduling of work on the project and the selection and purchasing of construction material.

C. For the purposes of this chapter, residential contractor does not include an owner making improvements pursuant to section 32-1121, subsection A, paragraph 5.

D. Only contractors as defined in this section are licensed and regulated by this chapter.

32-1601. Definitions

In this chapter, unless the context otherwise requires:

1. "Absolute discharge from the sentence" means completion of any sentence, including imprisonment, probation, parole, community supervision or any form of court supervision.

2. "Appropriate health care professional" means a licensed health care professional whose scope of practice, education, experience, training and accreditation are appropriate for the situation or condition of the patient who is the subject of a consultation or referral.

3. "Approval" means that a regulated training or educational program to prepare persons for licensure, certification or registration has met standards established by the board.

4. "Board" means the Arizona state board of nursing.

5. "Certified nurse midwife" means a registered nurse who:

(a) Is certified by the board.

(b) Has completed a nurse midwife education program approved or recognized by the board and educational requirements prescribed by the board by rule.

(c) Holds a national certification as a certified nurse midwife from a national certifying body recognized by the board.

(d) Has an expanded scope of practice in the provision of health care services for women from adolescence to beyond menopause, including antepartum, intrapartum, postpartum, reproductive, gynecologic and primary care, for normal newborns during the first twenty-eight days of life and for men for the treatment of sexually transmitted diseases. The expanded scope of practice under this subdivision includes:

(i) Assessing patients, synthesizing and analyzing data and understanding and applying principles of health care at an advanced level.

(ii) Managing the physical and psychosocial health care of patients.

(iii) Analyzing multiple sources of data, identifying alternative possibilities as to the nature of a health care problem and selecting, implementing and evaluating appropriate treatment.

(iv) Making independent decisions in solving complex patient care problems.

(v) Diagnosing, performing diagnostic and therapeutic procedures and prescribing, administering and dispensing therapeutic measures, including legend drugs, medical devices and controlled substances, within the scope of the certified nurse midwife practice after meeting requirements established by the board.

(vi) Recognizing the limits of the nurse's knowledge and experience by consulting with or referring patients to other appropriate health care professionals if a situation or condition occurs that is beyond the knowledge and experience of the nurse or if the referral will protect the health and welfare of the patient.

(vii) Delegating to a medical assistant pursuant to section 32-1456.

(viii) Performing additional acts that require education and training as prescribed by the board and that are

recognized by the nursing profession as proper to be performed by a certified nurse midwife.

6. "Certified nursing assistant" means a person who is registered on the registry of nursing assistants pursuant to this chapter to provide or assist in the delivery of nursing or nursing-related services under the supervision and direction of a licensed nursing staff member. Certified nursing assistant does not include a person who:

- (a) Is a licensed health care professional.
- (b) Volunteers to provide nursing assistant services without monetary compensation.
- (c) Is a licensed nursing assistant.

7. "Certified registered nurse" means a registered nurse who has been certified by a national nursing credentialing agency recognized by the board.

8. "Certified registered nurse anesthetist" means a registered nurse who meets the requirements of section 32-1634.03 and who practices pursuant to the requirements of section 32-1634.04.

9. "Clinical nurse specialist" means a registered nurse who:

- (a) Is certified by the board as a clinical nurse specialist.
- (b) Holds a graduate degree with a major in nursing and completes educational requirements as prescribed by the board by rule.
- (c) Is nationally certified as a clinical nurse specialist or, if certification is not available, provides proof of competence to the board.
- (d) Has an expanded scope of practice based on advanced education in a clinical nursing specialty that includes:
 - (i) Assessing clients, synthesizing and analyzing data and understanding and applying nursing principles at an advanced level.
 - (ii) Managing directly and indirectly a client's physical and psychosocial health status.
 - (iii) Analyzing multiple sources of data, identifying alternative possibilities as to the nature of a health care problem and selecting appropriate nursing interventions.
 - (iv) Developing, planning and guiding programs of care for populations of patients.
 - (v) Making independent nursing decisions to solve complex client care problems.
 - (vi) Using research skills and acquiring and applying critical new knowledge and technologies to nursing practice.
 - (vii) Prescribing and dispensing durable medical equipment.
 - (viii) Consulting with or referring a client to other health care providers based on assessment of the client's health status and needs.
 - (ix) Facilitating collaboration with other disciplines to attain the desired client outcome across the continuum of care.
- (x) Performing additional acts that require education and training as prescribed by the board and that are recognized by the nursing profession as proper to be performed by a clinical nurse specialist.

10. "Conditional license" or "conditional approval" means a license or approval that specifies the conditions under which the regulated party is allowed to practice or to operate and that is prescribed by the board pursuant to section 32-1644 or 32-1663.

11. "Delegation" means transferring to a competent individual the authority to perform a selected nursing task in a designated situation in which the nurse making the delegation retains accountability for the delegation.

12. "Disciplinary action" means a regulatory sanction of a license, certificate or approval pursuant to this chapter in any combination of the following:

- (a) A civil penalty for each violation of this chapter, not to exceed one thousand dollars for each violation.
- (b) Restitution made to an aggrieved party.
- (c) A decree of censure.
- (d) A conditional license or a conditional approval that fixed a period and terms of probation.

- (e) Limited licensure.
 - (f) Suspension of a license, a certificate or an approval.
 - (g) Voluntary surrender of a license, a certificate or an approval.
 - (h) Revocation of a license, a certificate or an approval.
13. "Health care institution" has the same meaning prescribed in section 36-401.
14. "Licensed nursing assistant" means a person who is licensed pursuant to this chapter to provide or assist in the delivery of nursing or nursing-related services under the supervision and direction of a licensed nursing staff member. Licensed nursing assistant does not include a person who:
- (a) Is a licensed health care professional.
 - (b) Volunteers to provide nursing assistant services without monetary compensation.
 - (c) Is a certified nursing assistant.
15. "Licensee" means a person who is licensed pursuant to this chapter or in a party state as defined in section 32-1668.
16. "Limited license" means a license that restricts the scope or setting of a licensee's practice.
17. "Medication order" means a written or verbal communication given by a certified registered nurse anesthetist to a health care professional to administer a drug or medication, including controlled substances.
18. "Practical nurse" means a person who holds a practical nurse license issued pursuant to this chapter or pursuant to a multistate compact privilege and who practices practical nursing as defined in this section.
19. "Practical nursing" includes the following activities that are performed under the supervision of a physician or a registered nurse:
- (a) Contributing to the assessment of the health status of individuals and groups.
 - (b) Participating in the development and modification of the strategy of care.
 - (c) Implementing aspects of the strategy of care within the nurse's scope of practice.
 - (d) Maintaining safe and effective nursing care that is rendered directly or indirectly.
 - (e) Participating in the evaluation of responses to interventions.
 - (f) Delegating nursing activities within the scope of practice of a practical nurse.
 - (g) Performing additional acts that require education and training as prescribed by the board and that are recognized by the nursing profession as proper to be performed by a practical nurse.
20. "Presence" means within the same health care institution or office as specified in section 32-1634.04, subsection A, and available as necessary.
21. "Registered nurse" or "professional nurse" means a person who practices registered nursing and who holds a registered nurse license issued pursuant to this chapter or pursuant to a multistate compact privilege.
22. "Registered nurse practitioner" means a registered nurse who:
- (a) Is certified by the board.
 - (b) Has completed a nurse practitioner education program approved or recognized by the board and educational requirements prescribed by the board by rule.
 - (c) If applying for certification after July 1, 2004, holds national certification as a nurse practitioner from a national certifying body recognized by the board.
 - (d) Has an expanded scope of practice within a specialty area that includes:
 - (i) Assessing clients, synthesizing and analyzing data and understanding and applying principles of health care at an advanced level.
 - (ii) Managing the physical and psychosocial health status of patients.
 - (iii) Analyzing multiple sources of data, identifying alternative possibilities as to the nature of a health care problem and selecting, implementing and evaluating appropriate treatment.

- (iv) Making independent decisions in solving complex patient care problems.
- (v) Diagnosing, performing diagnostic and therapeutic procedures, and prescribing, administering and dispensing therapeutic measures, including legend drugs, medical devices and controlled substances within the scope of registered nurse practitioner practice on meeting the requirements established by the board.
- (vi) Recognizing the limits of the nurse's knowledge and experience by consulting with or referring patients to other appropriate health care professionals if a situation or condition occurs that is beyond the knowledge and experience of the nurse or if the referral will protect the health and welfare of the patient.
- (vii) Delegating to a medical assistant pursuant to section 32-1456.
- (viii) Performing additional acts that require education and training as prescribed by the board and that are recognized by the nursing profession as proper to be performed by a nurse practitioner.

23. "Registered nursing" includes the following:

- (a) Diagnosing and treating human responses to actual or potential health problems.
- (b) Assisting individuals and groups to maintain or attain optimal health by implementing a strategy of care to accomplish defined goals and evaluating responses to care and treatment.
- (c) Assessing the health status of individuals and groups.
- (d) Establishing a nursing diagnosis.
- (e) Establishing goals to meet identified health care needs.
- (f) Prescribing nursing interventions to implement a strategy of care.
- (g) Delegating nursing interventions to others who are qualified to do so.
- (h) Providing for the maintenance of safe and effective nursing care that is rendered directly or indirectly.
- (i) Evaluating responses to interventions.
- (j) Teaching nursing knowledge and skills.
- (k) Managing and supervising the practice of nursing.
- (l) Consulting and coordinating with other health care professionals in the management of health care.
- (m) Performing additional acts that require education and training as prescribed by the board and that are recognized by the nursing profession as proper to be performed by a registered nurse.

24. "Registry of nursing assistants" means the nursing assistants registry maintained by the board pursuant to the omnibus budget reconciliation act of 1987 (P.L. 100-203; 101 Stat. 1330), as amended by the medicare catastrophic coverage act of 1988 (P.L. 100-360; 102 Stat. 683).

25. "Regulated party" means any person or entity that is licensed, certified, registered, recognized or approved pursuant to this chapter.

26. "Unprofessional conduct" includes the following, whether occurring in this state or elsewhere:

- (a) Committing fraud or deceit in obtaining, attempting to obtain or renewing a license or a certificate issued pursuant to this chapter.
- (b) Committing a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case, conviction by a court of competent jurisdiction or a plea of no contest is conclusive evidence of the commission.
- (c) Aiding or abetting in a criminal abortion or attempting, agreeing or offering to procure or assist in a criminal abortion.
- (d) Any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public.
- (e) Being mentally incompetent or physically unsafe to a degree that is or might be harmful or dangerous to the health of a patient or the public.
- (f) Having a license, certificate, permit or registration to practice a health care profession denied, suspended, conditioned, limited or revoked in another jurisdiction and not reinstated by that jurisdiction.

- (g) Wilfully or repeatedly violating a provision of this chapter or a rule adopted pursuant to this chapter.
- (h) Committing an act that deceives, defrauds or harms the public.
- (i) Failing to comply with a stipulated agreement, consent agreement or board order.
- (j) Violating this chapter or a rule that is adopted by the board pursuant to this chapter.
- (k) Failing to report to the board any evidence that a registered or practical nurse or a nursing assistant is or may be:
 - (i) Incompetent to practice.
 - (ii) Guilty of unprofessional conduct.
 - (iii) Mentally or physically unable to safely practice nursing or to perform nursing-related duties. A nurse who is providing therapeutic counseling for a nurse who is in a drug rehabilitation program is required to report that nurse only if the nurse providing therapeutic counseling has personal knowledge that patient safety is being jeopardized.
- (l) Failing to self-report a conviction for a felony or undesignated offense within ten days after the conviction.
- (m) Cheating or assisting another to cheat on a licensure or certification examination.

32-1901. Definitions

In this chapter, unless the context otherwise requires:

1. "Administer" means the direct application of a controlled substance, prescription-only drug, dangerous drug or narcotic drug, whether by injection, inhalation, ingestion or any other means, to the body of a patient or research subject by a practitioner or by the practitioner's authorized agent or the patient or research subject at the direction of the practitioner.
2. "Advertisement" means all representations disseminated in any manner or by any means, other than by labeling, for the purpose of inducing, or that are likely to induce, directly or indirectly, the purchase of drugs, devices, poisons or hazardous substances.
3. "Advisory letter" means a nondisciplinary letter to notify a licensee or permittee that either:
 - (a) While there is insufficient evidence to support disciplinary action, the board believes that continuation of the activities that led to the investigation may result in further board action against the licensee or permittee.
 - (b) The violation is a minor or technical violation that is not of sufficient merit to warrant disciplinary action.
 - (c) While the licensee or permittee has demonstrated substantial compliance through rehabilitation, remediation or reeducation that has mitigated the need for disciplinary action, the board believes that repetition of the activities that led to the investigation may result in further board action against the licensee or permittee.
4. "Antiseptic", if a drug is represented as such on its label, means a representation that it is a germicide, except in the case of a drug purporting to be, or represented as, an antiseptic for inhibitory use as a wet dressing, ointment or dusting powder or other use that involves prolonged contact with the body.
5. "Authorized officers of the law" means legally empowered peace officers, compliance officers of the board of pharmacy and agents of the division of narcotics enforcement and criminal intelligence of the department of public safety.
6. "Automated prescription-dispensing kiosk" means a mechanical system that is operated as an extension of a pharmacy, that maintains all transaction information within the pharmacy operating system, that is separately permitted from the pharmacy and that performs operations that either:
 - (a) Accept a prescription or refill order, store prepackaged or repackaged medications, label and dispense patient-specific prescriptions and provide counseling on new or refilled prescriptions.
 - (b) Dispense or deliver a prescription or refill that has been prepared by or on behalf of the pharmacy that oversees the automated prescription-dispensing kiosk.
7. "Board" or "board of pharmacy" means the Arizona state board of pharmacy.

8. "Certificate of composition" means a list of a product's ingredients.
9. "Certificate of free sale" means a document that authenticates a product that is generally and freely sold in domestic or international channels of trade.
10. "Color additive" means a material that either:
- (a) Is any dye, pigment or other substance made by a process of synthesis or similar artifice, or extracted, isolated or otherwise derived, with or without intermediate or final change of identity, from any vegetable, animal, mineral or other source.
- (b) If added or applied to a drug, or to the human body or any part of the human body, is capable of imparting color, except that color additive does not include any material that has been or may be exempted under the federal act. Color includes black, white and intermediate grays.
11. "Compounding" means the preparation, mixing, assembling, packaging or labeling of a drug by a pharmacist or an intern or pharmacy technician under the pharmacist's supervision, for the purpose of dispensing to a patient based on a valid prescription order. Compounding includes the preparation of drugs in anticipation of prescription orders prepared on routine, regularly observed prescribing patterns and the preparation of drugs as an incident to research, teaching or chemical analysis or for administration by a medical practitioner to the medical practitioner's patient and not for sale or dispensing. Compounding does not include the preparation of commercially available products from bulk compounds or the preparation of drugs for sale to pharmacies, practitioners or entities for the purpose of dispensing or distribution.
12. "Compressed medical gas distributor" means a person who holds a current permit issued by the board to distribute compressed medical gases pursuant to a compressed medical gas order to compressed medical gas suppliers and other entities that are registered, licensed or permitted to use, administer or distribute compressed medical gases.
13. "Compressed medical gases" means gases and liquid oxygen that a compressed medical gas distributor or manufacturer has labeled in compliance with federal law.
14. "Compressed medical gas order" means an order for compressed medical gases that is issued by a medical practitioner.
15. "Compressed medical gas supplier" means a person who holds a current permit issued by the board to supply compressed medical gases pursuant to a compressed medical gas order and only to the consumer or the patient.
16. "Controlled substance" means a drug, substance or immediate precursor that is identified, defined or listed in title 36, chapter 27, article 2.
17. "Corrosive" means any substance that when it comes in contact with living tissue will cause destruction of tissue by chemical action.
18. "Counterfeit drug" means a drug that, or the container or labeling of which, without authorization, bears the trademark, trade name or other identifying mark, imprint, number or device, or any likeness of these, of a manufacturer, distributor or dispenser other than the person who in fact manufactured, distributed or dispensed that drug.
19. "Dangerous drug" has the same meaning prescribed in section 13-3401.
20. "Day" means a business day.
21. "Decree of censure" means an official action that is taken by the board and that may include a requirement for restitution of fees to a patient or consumer.
22. "Deliver" or "delivery" means the actual, constructive or attempted transfer from one person to another whether or not there is an agency relationship.
23. "Deputy director" means a pharmacist who is employed by the board and selected by the executive director to perform duties as prescribed by the executive director.
24. "Device", except as used in paragraph 18 of this section, section 32-1965, paragraph 4 and section 32-1967, subsection A, paragraph 15 and subsection C, means instruments, apparatuses and contrivances, including their components, parts and accessories, including all such items under the federal act, intended either:
- (a) For use in the diagnosis, cure, mitigation, treatment or prevention of disease in the human body or other

animals.

(b) To affect the structure or any function of the human body or other animals.

25. "Director" means the director of the division of narcotics enforcement and criminal investigation of the department of public safety.

26. "Direct supervision of a pharmacist" means the pharmacist is present. If relating to the sale of certain items, direct supervision of a pharmacist means that a pharmacist determines the legitimacy or advisability of a proposed purchase of those items.

27. "Dispense" means to deliver to an ultimate user or research subject by or pursuant to the lawful order of a practitioner, including the prescribing, administering, packaging, labeling or compounding necessary to prepare for that delivery.

28. "Dispenser" means a practitioner who dispenses.

29. "Distribute" means to deliver, other than by administering or dispensing.

30. "Distributor" means a person who distributes.

31. "Drug" means:

(a) Articles recognized, or for which standards or specifications are prescribed, in the official compendium.

(b) Articles intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in the human body or other animals.

(c) Articles other than food intended to affect the structure or any function of the human body or other animals.

(d) Articles intended for use as a component of any articles specified in subdivision (a), (b) or (c) of this paragraph but does not include devices or their components, parts or accessories.

32. "Drug enforcement administration" means the drug enforcement administration of the United States department of justice or its successor agency.

33.  - (x) Initiating and administering immunizations or vaccines pursuant to section 32-1974.
- (b) Does not include initiating a prescription order for any medication, drug or other substance used to induce or cause a medication abortion as defined in section 36-2151.

77. "Practitioner" means any physician, dentist, veterinarian, scientific investigator or other person who is licensed, registered or otherwise permitted to distribute, dispense, conduct research with respect to or administer a controlled substance in the course of professional practice or research in this state, or any pharmacy, hospital or other institution that is licensed, registered or otherwise permitted to distribute, dispense, conduct research with respect to or administer a controlled substance in the course of professional practice or research in this state.

78. "Preceptor" means a pharmacist who is serving as the practical instructor of an intern and complies with section 32-1923.

79. "Precursor chemical" means a substance that is:

- (a) The principal compound that is commonly used or that is produced primarily for use and that is an immediate chemical intermediary used or likely to be used in the manufacture of a controlled substance, the control of which is necessary to prevent, curtail or limit manufacture.
- (b) Listed in section 13-3401, paragraph 26 or 27.

80. "Prescription" means either a prescription order or a prescription medication.

81. "Prescription medication" means any drug, including label and container according to context, that is dispensed pursuant to a prescription order.

82. "Prescription-only device" includes:

- (a) Any device that is limited by the federal act to use under the supervision of a medical practitioner.
- (b) Any device required by the federal act to bear on its label essentially the legend "Rx only".

83. "Prescription-only drug" does not include a controlled substance but does include:

- (a) Any drug that because of its toxicity or other potentiality for harmful effect, the method of its use, or the collateral measures necessary to its use is not generally recognized among experts, qualified by scientific training and experience to evaluate its safety and efficacy, as safe for use except by or under the supervision of a medical practitioner.
- (b) Any drug that is limited by an approved new drug application under the federal act or section 32-1962 to use under the supervision of a medical practitioner.
- (c) Every potentially harmful drug, the labeling of which does not bear or contain full and adequate directions for use by the consumer.
- (d) Any drug, other than a controlled substance, required by the federal act to bear on its label the legend "Rx only".

84. "Prescription order" means any of the following:

(a) An order to a pharmacist for drugs or devices issued and signed by a duly licensed medical practitioner in the authorized course of the practitioner's professional practice.

(b) An order transmitted to a pharmacist through word of mouth, telephone or other means of communication directed by that medical practitioner. Prescription orders received by word of mouth, telephone or other means of communication shall be maintained by the pharmacist pursuant to section 32-1964, and the record so made by the pharmacist constitutes the original prescription order to be dispensed by the pharmacist. This paragraph does not alter or affect laws of this state or any federal act requiring a written prescription order.

(c) An order initiated by a pharmacist pursuant to a protocol-based drug therapy agreement with a provider as outlined in section 32-1970, or immunizations or vaccines administered by a pharmacist pursuant to section 32-1974.

(d) A diet order or an order for enteral feeding, nutritional supplementation or parenteral nutrition that is initiated by a registered dietitian or other qualified nutrition professional in a hospital pursuant to section 36-416.

85. "Professionally incompetent" means:

(a) Incompetence based on a variety of factors, including a lack of sufficient pharmaceutical knowledge or skills or experience to a degree likely to endanger the health of patients.

(b) When considered with other indications of professional incompetence, a pharmacist or pharmacy intern who fails to obtain a passing score on a board-approved pharmacist licensure examination or a pharmacy technician or pharmacy technician trainee who fails to obtain a passing score on a board-approved pharmacy technician licensure examination.

86. "Radioactive substance" means a substance that emits ionizing radiation.

87. "Remote dispensing site pharmacy" means a pharmacy where a pharmacy technician or pharmacy intern prepares, compounds or dispenses prescription medications under remote supervision by a pharmacist.

88. "Remote supervision by a pharmacist" means that a pharmacist directs and controls the actions of pharmacy technicians and pharmacy interns through the use of audio and visual technology.

89. "Revocation" or "revoke" means the official cancellation of a license, permit, registration or other approval authorized by the board for a period of two years unless otherwise specified by the board. A request or new application for reinstatement may be presented to the board for review before the conclusion of the specified revocation period upon review of the executive director.

90. "Safely engage in employment duties" means that a permittee or the permittee's employee is able to safely engage in employment duties related to the manufacture, sale, distribution or dispensing of drugs, devices, poisons, hazardous substances, controlled substances or precursor chemicals.

91. "Satellite pharmacy" means a work area located within a hospital or on a hospital campus that is not separated by other commercial property or residential property, that is under the direction of a pharmacist, that is a remote extension of a centrally licensed hospital pharmacy and that is owned by and dependent on the centrally licensed hospital pharmacy for administrative control, staffing and drug procurement and that is not required to be separately permitted.

92. "Symbol" means the characteristic symbols that have historically identified pharmacy, including show globes and mortar and pestle, and the sign "Rx".

93. "Third-party logistics provider" means an entity that provides or coordinates warehousing or other logistics services for a prescription or over-the-counter dangerous drug or dangerous device in intrastate or interstate commerce on behalf of a manufacturer, wholesaler or dispenser of the prescription or over-the-counter dangerous drug or dangerous device but that does not take ownership of the prescription or over-the-counter dangerous drug or dangerous device or have responsibility to direct its sale or disposition.

94. "Toxic substance" means a substance, other than a radioactive substance, that has the capacity to produce injury or illness in humans through ingestion, inhalation or absorption through any body surface.

95. "Ultimate user" means a person who lawfully possesses a drug or controlled substance for that person's own use, for the use of a member of that person's household or for administering to an animal owned by that person or

by a member of that person's household.

32-2001. Definitions

In this chapter, unless the context otherwise requires:

1. "Assistive personnel" includes physical therapist assistants and physical therapy aides and other assistive personnel who are trained or educated health care providers and who are not physical therapist assistants or physical therapy aides but who perform specific designated tasks related to physical therapy under the supervision of a physical therapist. At the discretion of the supervising physical therapist, and if properly credentialed and not prohibited by any other law, other assistive personnel may be identified by the title specific to their training or education. This paragraph does not apply to personnel assisting other health care professionals licensed pursuant to this title in the performance of delegable treatment responsibilities within their scope of practice.

5. "General supervision" means that the supervising physical therapist is on call and is readily available via telecommunications when the physical therapist assistant is providing treatment interventions.
6. "Interim permit" means a permit issued by the board that allows a person to practice as a physical therapist in this state or to work as a physical therapist assistant for a specific period of time and under conditions prescribed by the board before that person is issued a license or certificate.
7. "Manual therapy techniques" means a broad group of passive interventions in which physical therapists use their hands to administer skilled movements designed to modulate pain, increase joint range of motion, reduce or eliminate soft tissue swelling, inflammation, or restriction, induce relaxation, improve contractile and noncontractile tissue extensibility, and improve pulmonary function. These interventions involve a variety of techniques, such as the application of graded forces.
8. "On-site supervision" means that the supervising physical therapist is on site and is present in the facility or on the campus where assistive personnel or a holder of an interim permit is performing services, is immediately available to assist the person being supervised in the services being performed and maintains continued involvement in appropriate aspects of each treatment session in which a component of treatment is delegated.
9. "Physical therapist" means a person who is licensed pursuant to this chapter.
10. "Physical therapist assistant" means a person who meets the requirements of this chapter for certification and who performs physical therapy procedures and related tasks that have been selected and delegated by the supervising physical therapist.
11. "Physical therapy" means the care and services provided by or under the direction and supervision of a physical therapist who is licensed pursuant to this chapter.
12. "Physical therapy aide" means a person who is trained under the direction of a physical therapist and who performs designated and supervised routine physical therapy tasks.
13. "Practice of physical therapy" means:
 - (a) Examining, evaluating and testing persons who have mechanical, physiological and developmental impairments, functional limitations and disabilities or other health and movement related conditions in order to determine a diagnosis, a prognosis and a plan of therapeutic intervention and to assess the ongoing effects of intervention.
 - (b) Alleviating impairments and functional limitations by managing, designing, implementing and modifying therapeutic interventions including:

- (i) Therapeutic exercise.
 - (ii) Functional training in self-care and in home, community or work reintegration.
 - (iii) Manual therapy techniques.
 - (iv) Therapeutic massage.
 - (v) Assistive and adaptive orthotic, prosthetic, protective and supportive devices and equipment.
 - (vi) Pulmonary hygiene.
 - (vii) Debridement and wound care.
 - (viii) Physical agents or modalities.
 - (ix) Mechanical and electrotherapeutic modalities.
 - (x) Patient related instruction.

- (d) Engaging in administration, consultation, education and research.
14. "Restricted certificate" means a certificate on which the board has placed any restrictions as the result of a disciplinary action.
15. "Restricted license" means a license on which the board places restrictions or conditions, or both, as to the scope of practice, place of practice, supervision of practice, duration of licensed status or type or condition of a patient to whom the licensee may provide services.
16. "Restricted registration" means a registration the board has placed any restrictions on as the result of disciplinary action.

32-2061. Definitions

In this chapter, unless the context otherwise requires:

1. "Active license" means a valid and existing license to practice psychology.
2. "Adequate records" means records containing, at a minimum, sufficient information to identify the client or patient, the dates of service, the fee for service, the payments for service, the type of service given and copies of any reports that may have been made.
3. "Board" means the state board of psychologist examiners.
4. "Client" means a person or an entity that receives psychological services. A corporate entity, a governmental entity or any other organization may be a client if there is a professional contract to provide services or benefits primarily to an organization rather than to an individual. If an individual has a legal guardian, the legal guardian is the client for decision-making purposes, except that the individual receiving services is the client or patient for:
 - (a) Issues that directly affect the physical or emotional safety of the individual, such as sexual or other exploitative relationships.
 - (b) Issues that the guardian agrees to specifically reserve to the individual.
5. "Committee on behavior analysts" means the committee established by section 32-2091.15.
6. "Exploit" means actions by a psychologist who takes undue advantage of the professional association with a client or patient, a student or a supervisee for the advantage or profit of the psychologist.
7. "Health care institution" means a facility as defined in section 36-401.
8. "Letter of concern" means an advisory letter to notify a psychologist that while there is insufficient evidence to support disciplinary action the board believes the psychologist should modify or eliminate certain practices and that continuation of the activities that led to the information being submitted to the board may result in action against the psychologist's license.
9. "Patient" means a person who receives psychological services. If an individual has a legal guardian, the legal guardian is the client or patient for decision-making purposes, except that the individual receiving services is the

client or patient for:

(a) Issues that directly affect the physical or emotional safety of the individual, such as sexual or other exploitative relationships.

(b) Issues that the guardian agrees to specifically reserve to the individual.

10. "Practice of psychology" means the psychological assessment, diagnosis, treatment or correction of mental, emotional, behavioral or psychological abilities, illnesses or disorders or purporting or attempting to do this consistent with section 32-2076.

11. "Psychologically incompetent" means a person lacking in sufficient psychological knowledge or skills to a degree likely to endanger the health of clients or patients.

12. "Psychological service" means all actions of the psychologist in the practice of psychology.

13. "Psychologist" means a natural person holding a license to practice psychology pursuant to this chapter.

14. "Supervisee" means any person who functions under the extended authority of the psychologist to provide, or while in training to provide, psychological services.

15. "Telepractice" means providing psychological services through interactive audio, video or electronic communication that occurs between the psychologist and the patient or client, including any electronic communication for diagnostic, treatment or consultation purposes in a secure platform, and that meets the requirements of telemedicine pursuant to section 36-3602. Telepractice includes supervision.

16. "Unprofessional conduct" includes the following activities whether occurring in this state or elsewhere:

(a) Obtaining a fee by fraud or misrepresentation.

(b) Betraying professional confidences.

(c) Making or using statements of a character tending to deceive or mislead.

(d) Aiding or abetting a person who is not licensed pursuant to this chapter in representing that person as a psychologist.

(e) Gross negligence in the practice of a psychologist.

(f) Sexual intimacies or sexual intercourse with a current client or patient or a supervisee or with a former client or patient within two years after the cessation or termination of treatment. For the purposes of this subdivision, "sexual intercourse" has the same meaning prescribed in section 13-1401.

(g) Engaging or offering to engage as a psychologist in activities that are not congruent with the psychologist's professional education, training and experience.

(h) Failing or refusing to maintain and retain adequate business, financial or professional records pertaining to the psychological services provided to a client or patient.

(i) Commission of a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case, conviction by a court of competent jurisdiction or a plea of no contest is conclusive evidence of the commission.

(j) Making a fraudulent or untrue statement to the board or its investigators, staff or consultants.

(k) Violating any federal or state laws or rules that relate to the practice of psychology or to obtaining a license to practice psychology.

(l) Practicing psychology while impaired or incapacitated to the extent and in a manner that jeopardizes the welfare of the client or patient or renders the psychological services provided ineffective.

(m) Using fraud, misrepresentation or deception to obtain or attempt to obtain a psychology license or to pass or attempt to pass a psychology licensing examination or in assisting another person to do so.

(n) Unprofessional conduct in another jurisdiction that resulted in censure, probation or a civil penalty or in the denial, suspension, restriction or revocation of a certificate or license to practice as a psychologist.

(o) Providing services that are unnecessary or unsafe or otherwise engaging in activities as a psychologist that are unprofessional by current standards of practice.

(p) Falsely or fraudulently claiming to have performed a professional service, charging for a service or representing

a service as the licensee's own when the licensee has not rendered the service or assumed supervisory responsibility for the service.

(q) Representing activities or services as being performed under the licensee's supervision if the psychologist has not assumed responsibility for them and has not exercised control, oversight and review.

(r) Failing to obtain a client's or patient's informed and written consent to release personal or otherwise confidential information to another party unless the release is otherwise authorized by law.

(s) Failing to make client or patient records in the psychologist's possession promptly available to another psychologist who is licensed pursuant to this chapter on receipt of proper authorization to do so from the client or patient, a minor client's or patient's parent, the client's or patient's legal guardian or the client's or patient's authorized representative or failing to comply with title 12, chapter 13, article 7.1.

(t) Failing to take reasonable steps to inform or protect a client's or patient's intended victim and inform the proper law enforcement officials in circumstances in which the psychologist becomes aware during the course of providing or supervising psychological services that a client or patient intends or plans to inflict serious bodily harm on another person.

(u) Failing to take reasonable steps to protect a client or patient in circumstances in which the psychologist becomes aware during the course of providing or supervising psychological services that a client or patient intends or plans to inflict serious bodily harm on self.

(v) Abandoning or neglecting a client or patient in need of immediate care without making suitable arrangements for continuation of the care.

(w) Engaging in direct or indirect personal solicitation of clients or patients through the use of coercion, duress, undue influence, compulsion or intimidation practices.

(x) Engaging in false, deceptive or misleading advertising.

(y) Exploiting a client or patient, a student or a supervisee.

(z) Failing to report information to the board regarding a possible act of unprofessional conduct committed by another psychologist who is licensed pursuant to this chapter unless this reporting violates the psychologist's confidential relationship with the client or patient pursuant to section 32-2085. Any psychologist who reports or provides information to the board in good faith is not subject to an action for civil damages. For the purposes of this subdivision, it is not an act of unprofessional conduct if a licensee addresses an ethical conflict in a manner that is consistent with the ethical standards contained in the document entitled "ethical principles of psychologists and code of conduct" as adopted by the American psychological association and in effect at the time the licensee makes the report.

(aa) Violating a formal board order, consent agreement, term of probation or stipulated agreement issued under this chapter.

(bb) Failing to furnish information in a timely manner to the board or its investigators or representatives if requested or subpoenaed by the board as prescribed by this chapter.

(cc) Failing to make available to a client or patient or to the client's or patient's designated representative, on written request, a copy of the client's or patient's record, including raw test data, psychometric testing materials and other information as provided by law.

(dd) Violating an ethical standard adopted by the board.

32-2091. Definitions

In this article, unless the context otherwise requires:

1. "Active license" means a current license issued by the board to a person licensed pursuant to this article.
2. "Adequate records" means records that contain, at a minimum, sufficient information to identify the client, the dates of service, the fee for service, the payments for service and the type of service given and copies of any reports that may have been made.
3. "Behavior analysis" means the design, implementation and evaluation of systematic environmental

modifications by a behavior analyst to produce socially significant improvements in human behavior based on the principles of behavior identified through the experimental analysis of behavior. Behavior analysis does not include cognitive therapies or psychological testing, neuropsychology, psychotherapy, sex therapy, psychoanalysis, hypnotherapy and long-term counseling as treatment modalities.

4. "Behavior analysis services" means the use of behavior analysis to assist a person to learn new behavior, increase existing behavior, reduce existing behavior and emit behavior under precise environmental conditions. Behavior analysis includes behavioral programming and behavioral programs.

5. "Behavior analyst" means a person who is licensed pursuant to this article to practice behavior analysis.

6. "Client" means:

(a) A person or entity that receives behavior analysis services.

(b) A corporate entity, a governmental entity or any other organization that has a professional contract to provide services or benefits primarily to an organization rather than to an individual.

(c) An individual's legal guardian for decision making purposes, except that the individual is the client for issues that directly affect the individual's physical or emotional safety and issues that the legal guardian agrees to specifically reserve to the individual.

7. "Exploit" means an action by a behavior analyst who takes undue advantage of the professional association with a client, student or supervisee for the advantage or profit of the behavior analyst.

8. "Health care institution" means a facility that is licensed pursuant to title 36, chapter 4, article 1.

9. "Incompetent as a behavior analyst" means that a person who is licensed pursuant to article 4 of this chapter lacks the knowledge or skills of a behavior analyst to a degree that is likely to endanger the health of a client.

10. "Letter of concern" means an advisory letter to notify a licensee that while there is insufficient evidence to support disciplinary action the board believes the licensee should modify or eliminate certain practices and that continuation of the activities that led to the information being submitted to the board may result in action against the license.

11. "Supervisee" means a person who acts under the extended authority of a behavior analyst to provide behavioral services and includes a person who is in training to provide these services.

12. "Unprofessional conduct" includes the following activities, whether occurring in this state or elsewhere:

(a) Obtaining a fee by fraud or misrepresentation.

(b) Betraying professional confidences.

(c) Making or using statements of a character tending to deceive or mislead.

(d) Aiding or abetting a person who is not licensed pursuant to this article in representing that person as a behavior analyst.

(e) Gross negligence in the practice of a behavior analyst.

(f) Sexual intimacies or sexual intercourse with a current client or a supervisee or with a former client within two years after the cessation or termination of treatment. For the purposes of this subdivision, "sexual intercourse" has the same meaning prescribed in section 13-1401.

(g) Engaging or offering to engage as a behavior analyst in activities that are not congruent with the behavior analyst's professional education, training and experience.

(h) Failing or refusing to maintain and retain adequate business, financial or professional records pertaining to the behavior analysis services provided to a client.

(i) Committing a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case, conviction by a court of competent jurisdiction or a plea of no contest is conclusive evidence of the commission.

(j) Making a fraudulent or untrue statement to the board or its investigators, staff or consultants.

(k) Violating any federal or state law that relates to the practice of behavior analysis or to obtain a license to practice behavior analysis.

- (l) Practicing behavior analysis while impaired or incapacitated to the extent and in a manner that jeopardizes the welfare of a client or renders the services provided ineffective.
- (m) Using fraud, misrepresentation or deception to obtain or attempt to obtain a behavior analysis license or to pass or attempt to pass a behavior analysis licensing examination or in assisting another person to do so.
- (n) Unprofessional conduct in another jurisdiction that resulted in censure, probation or a civil penalty or in the denial, suspension, restriction or revocation of a certificate or license to practice as a behavior analyst.
- (o) Providing services that are unnecessary or unsafe or otherwise engaging in activities as a behavior analyst that are unprofessional by current standards of practice.
- (p) Falsely or fraudulently claiming to have performed a professional service, charging for a service or representing a service as the licensee's own if the licensee has not rendered the service or assumed supervisory responsibility for the service.
- (q) Representing activities or services as being performed under the licensee's supervision if the behavior analyst has not assumed responsibility for them and has not exercised control, oversight and review.
- (r) Failing to obtain a client's informed and written consent to release personal or otherwise confidential information to another party unless the release is otherwise authorized by law.
- (s) Failing to make client records in the behavior analyst's possession promptly available to another behavior analyst on receipt of proper authorization to do so from the client, a minor client's parent, the client's legal guardian or the client's authorized representative or failing to comply with title 12, chapter 13, article 7.1.
- (t) Failing to take reasonable steps to inform or protect a client's intended victim and inform the proper law enforcement officials if the behavior analyst becomes aware during the course of providing or supervising behavior analysis services that a client intends or plans to inflict serious bodily harm on another person.
- (u) Failing to take reasonable steps to protect a client if the behavior analyst becomes aware during the course of providing or supervising behavior analysis services that a client intends or plans to inflict serious bodily harm on self.
- (v) Abandoning or neglecting a client in need of immediate care without making suitable arrangements for continuation of the care.
- (w) Engaging in direct or indirect personal solicitation of clients through the use of coercion, duress, undue influence, compulsion or intimidation practices.
- (x) Engaging in false, deceptive or misleading advertising.
- (y) Exploiting a client, student or supervisee.
- (z) Failing to report information to the board regarding a possible act of unprofessional conduct committed by another behavior analyst who is licensed pursuant to this article unless this reporting violates the behavior analyst's confidential relationship with a client pursuant to this article. A behavior analyst who reports or provides information to the board in good faith is not subject to an action for civil damages.
- (aa) Violating a formal board order, consent agreement, term of probation or stipulated agreement issued under this article.
- (bb) Failing to furnish information in a timely manner to the board or its investigators or representatives if requested or subpoenaed by the board as prescribed by this article.
- (cc) Failing to make available to a client or to the client's designated representative, on written request, a copy of the client's record, excluding raw test data, psychometric testing materials and other information as provided by law.
- (dd) Violating an ethical standard adopted by the board.
- (ee) Representing oneself as a psychologist or permitting others to do so if the behavior analyst is not also licensed as a psychologist pursuant to this chapter.

32-2501. Definitions

In this chapter, unless the context otherwise requires:

1. "Active license" means a regular license issued pursuant to this chapter.
2. "Adequate records" means legible medical records containing, at a minimum, sufficient information to identify the patient, support the diagnosis, justify the treatment, accurately document the results, indicate advice and cautionary warnings provided to the patient and provide sufficient information for another practitioner to assume continuity of the patient's care at any point in the course of treatment.
3. "Advisory letter" means a nondisciplinary letter to notify a physician assistant that either:
 - (a) While there is insufficient evidence to support disciplinary action, the board believes that continuation of the activities that led to the investigation may result in further board action against the licensee.
 - (b) The violation is a minor or technical violation that is not of sufficient merit to warrant disciplinary action.
 - (c) While the licensee has demonstrated substantial compliance through rehabilitation or remediation that has mitigated the need for disciplinary action, the board believes that repetition of the activities that led to the investigation may result in further board action against the licensee.
4. "Approved program" means a physician assistant educational program accredited by the accreditation review commission on education for physician assistants, or one of its predecessor agencies, the committee on allied health education and accreditation or the commission on the accreditation of allied health educational programs.
5. "Board" means the Arizona regulatory board of physician assistants.
6. "Completed application" means an application for which the applicant has supplied all required fees, information and correspondence requested by the board on forms and in a manner acceptable to the board.
7. "Immediate family" means the spouse, natural or adopted children, father, mother, brothers and sisters of the physician assistant and the natural or adopted children, father, mother, brothers and sisters of the physician assistant's spouse.
8. "Letter of reprimand" means a disciplinary letter that is issued by the board and that informs the physician assistant that the physician assistant's conduct violates state or federal law and may require the board to monitor the physician assistant.
9. "Limit" means a nondisciplinary action that is taken by the board and that alters a physician assistant's practice or medical activities if there is evidence that the physician assistant is or may be mentally or physically unable to safely engage in health care tasks.
10. "Medically incompetent" means that a physician assistant lacks sufficient medical knowledge or skills, or both, in performing delegated health care tasks to a degree likely to endanger the health or safety of patients.
11. "Minor surgery" means those invasive procedures that may be delegated to a physician assistant by a supervising physician, that are consistent with the training and experience of the physician assistant, that are normally taught in courses of training approved by the board and that have been approved by the board as falling within a scope of practice of a physician assistant. Minor surgery does not include a surgical abortion.
12. "Physician" means a physician who is licensed pursuant to chapter 13 or 17 of this title.
13. "Physician assistant" means a person who is licensed pursuant to this chapter and who practices medicine with physician supervision.
14. "Regular license" means a valid and existing license that is issued pursuant to section 32-2521 to perform health care tasks.
15. "Restrict" means a disciplinary action that is taken by the board and that alters a physician assistant's practice or medical activities if there is evidence that the physician assistant is or may be medically incompetent or guilty of unprofessional conduct.
16. "Supervising physician" means a physician who holds a current unrestricted license, who supervises a physician assistant and who assumes legal responsibility for health care tasks performed by the physician assistant.
17. "Supervision" means a physician's opportunity or ability to provide or exercise direction and control over the services of a physician assistant. Supervision does not require a physician's constant physical presence if the supervising physician is or can be easily in contact with the physician assistant by telecommunication.

18. "Unprofessional conduct" includes the following acts by a physician assistant that occur in this state or elsewhere:

- (a) Violating any federal or state law or rule that applies to the performance of health care tasks as a physician assistant. Conviction in any court of competent jurisdiction is conclusive evidence of a violation.
- (b) Claiming to be a physician or knowingly permitting another person to represent that person as a physician.
- (c) Performing health care tasks that have not been delegated by the supervising physician.
- (d) Exhibiting a pattern of using or being under the influence of alcohol or drugs or a similar substance while performing health care tasks or to the extent that judgment may be impaired and the ability to perform health care tasks detrimentally affected.
- (e) Signing a blank, undated or predated prescription form.
- (f) Committing gross malpractice, repeated malpractice or any malpractice resulting in the death of a patient.
- (g) Representing that a manifestly incurable disease or infirmity can be permanently cured or that a disease, ailment or infirmity can be cured by a secret method, procedure, treatment, medicine or device, if this is not true.
- (h) Refusing to divulge to the board on demand the means, method, procedure, modality of treatment or medicine used in the treatment of a disease, injury, ailment or infirmity.
- (i) Prescribing or dispensing controlled substances or prescription-only drugs for which the physician assistant is not approved or in excess of the amount authorized pursuant to this chapter.
- (j) Committing any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public.
- (k) Violating a formal order, probation or stipulation issued by the board.
- (l) Failing to clearly disclose the person's identity as a physician assistant in the course of the physician assistant's employment.
- (m) Failing to use and affix the initials "P.A." or "P.A.-C." after the physician assistant's name or signature on charts, prescriptions or professional correspondence.
- (n) Procuring or attempting to procure a physician assistant license by fraud, misrepresentation or knowingly taking advantage of the mistake of another.
- (o) Having professional connection with or lending the physician assistant's name to an illegal practitioner of any of the healing arts.
- (p) Failing or refusing to maintain adequate records on a patient.
- (q) Using controlled substances that have not been prescribed by a physician, physician assistant, dentist or nurse practitioner for use during a prescribed course of treatment.
- (r) Prescribing or dispensing controlled substances to members of the physician assistant's immediate family.
- (s) Prescribing, dispensing or administering any controlled substance or prescription-only drug for other than accepted therapeutic purposes.
- (t) Dispensing a schedule II controlled substance that is an opioid, except as provided in section 32-2532.
- (u) Knowingly making any written or oral false or fraudulent statement in connection with the performance of health care tasks or when applying for privileges or renewing an application for privileges at a health care institution.
- (v) Committing a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case, conviction by a court of competent jurisdiction or a plea of no contest is conclusive evidence of the commission.
- (w) Having a certification or license refused, revoked, suspended, limited or restricted by any other licensing jurisdiction for the inability to safely and skillfully perform health care tasks or for unprofessional conduct as defined by that jurisdiction that directly or indirectly corresponds to any act of unprofessional conduct as prescribed by this paragraph.
- (x) Having sanctions including restriction, suspension or removal from practice imposed by an agency of the federal

government.

(y) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate a provision of this chapter.

(z) Using the term "doctor" or the abbreviation "Dr." on a name tag or in a way that leads the public to believe that the physician assistant is licensed to practice as an allopathic or an osteopathic physician in this state.

(aa) Failing to furnish legally requested information to the board or its investigator in a timely manner.

(bb) Failing to allow properly authorized board personnel to examine on demand documents, reports and records of any kind relating to the physician assistant's performance of health care tasks.

(cc) Knowingly making a false or misleading statement on a form required by the board or in written correspondence or attachments furnished to the board.

(dd) Failing to submit to a body fluid examination and other examinations known to detect the presence of alcohol or other drugs pursuant to an agreement with the board or an order of the board.

(ee) Violating a formal order, probation agreement or stipulation issued or entered into by the board or its executive director.

(ff) Except as otherwise required by law, intentionally betraying a professional secret or intentionally violating a privileged communication.

(gg) Allowing the use of the licensee's name in any way to enhance or permit the continuance of the activities of, or maintaining a professional connection with, an illegal practitioner of medicine or the performance of health care tasks by a person who is not licensed pursuant to this chapter.

(hh) Committing false, fraudulent, deceptive or misleading advertising by a physician assistant or the physician assistant's staff or representative.

(ii) Knowingly failing to disclose to a patient on a form that is prescribed by the board and that is dated and signed by the patient or guardian acknowledging that the patient or guardian has read and understands that the licensee has a direct financial interest in a separate diagnostic or treatment agency or in nonroutine goods or services that the patient is being prescribed and if the prescribed treatment, goods or services are available on a competitive basis. This subdivision does not apply to a referral by one physician assistant to another physician assistant or to a doctor of medicine or a doctor of osteopathic medicine within a group working together.

(jj) With the exception of heavy metal poisoning, using chelation therapy in the treatment of arteriosclerosis or as any other form of therapy without adequate informed patient consent or without conforming to generally accepted experimental criteria including protocols, detailed records, periodic analysis of results and periodic review by a medical peer review committee, or without approval by the United States food and drug administration or its successor agency.

(kk) Prescribing, dispensing or administering anabolic or androgenic steroids for other than therapeutic purposes.

(ll) Prescribing, dispensing or furnishing a prescription medication or a prescription-only device as defined in section 32-1901 to a person unless the licensee first conducts a physical examination of that person or has previously established a professional relationship with the person. This subdivision does not apply to:

(i) A physician assistant who provides temporary patient care on behalf of the patient's regular treating licensed health care professional.

(ii) Emergency medical situations as defined in section 41-1831.

(iii) Prescriptions written to prepare a patient for a medical examination.

(iv) Prescriptions written or antimicrobials dispensed to a contact as defined in section 36-661 who is believed to have had significant exposure risk as defined in section 36-661 with another person who has been diagnosed with a communicable disease as defined in section 36-661 by the prescribing or dispensing physician assistant.

(mm) Engaging in sexual conduct with a current patient or with a former patient within six months after the last medical consultation unless the patient was the licensee's spouse at the time of the contact or, immediately preceding the professional relationship, was in a dating or engagement relationship with the licensee. For the purposes of this subdivision, "sexual conduct" includes:

- (i) Engaging in or soliciting sexual relationships, whether consensual or nonconsensual.
- (ii) Making sexual advances, requesting sexual favors or engaging in other verbal conduct or physical contact of a sexual nature with a patient.
- (iii) Intentionally viewing a completely or partially disrobed patient in the course of treatment if the viewing is not related to patient diagnosis or treatment under current practice standards.
- (nn) Performing health care tasks under a false or assumed name in this state.

32-3251. Definitions

In this chapter, unless the context otherwise requires:

1. "Board" means the board of behavioral health examiners.
2. "Client" means a patient who receives behavioral health services from a person licensed pursuant to this chapter.
3. "Direct client contact" means the performance of therapeutic or clinical functions related to the applicant's professional practice level of psychotherapy that includes diagnosis, assessment and treatment and that may include psychoeducation for mental, emotional and behavioral disorders based primarily on verbal or nonverbal communications and intervention with, and in the presence of, one or more clients.
4. "Equivalent" means comparable in content and quality but not identical.
5. "Indirect client service" means training for, and the performance of, functions of an applicant's professional practice level in preparation for or on behalf of a client for whom direct client contact functions are also performed, including case consultation and receipt of clinical supervision. Indirect client service does not include the provision of psychoeducation.
6. "Letter of concern" means a nondisciplinary written document sent by the board to notify a licensee that, while there is insufficient evidence to support disciplinary action, the board believes that continuation of the activities that led to the investigation may result in further board action against the licensee.
7. "Licensee" means a person who is licensed pursuant to this chapter.
8. "Practice of behavioral health" means the practice of marriage and family therapy, professional counseling, social work and substance abuse counseling pursuant to this chapter.
9. "Practice of marriage and family therapy" means the professional application of family systems theories, principles and techniques to treat interpersonal relationship issues and nervous, mental and emotional disorders that are cognitive, affective or behavioral. The practice of marriage and family therapy includes:
 - (a) Assessment, appraisal and diagnosis.
 - (b) The use of psychotherapy for the purpose of evaluation, diagnosis and treatment of individuals, couples, families and groups.
10. "Practice of professional counseling" means the professional application of mental health, psychological and human development theories, principles and techniques to:
 - (a) Facilitate human development and adjustment throughout the human life span.
 - (b) Assess and facilitate career development.
 - (c) Treat interpersonal relationship issues and nervous, mental and emotional disorders that are cognitive, affective or behavioral.
 - (d) Manage symptoms of mental illness.
 - (e) Assess, appraise, evaluate, diagnose and treat individuals, couples, families and groups through the use of psychotherapy.
11. "Practice of social work" means the professional application of social work theories, principles, methods and techniques to:
 - (a) Treat mental, behavioral and emotional disorders.

(b) Assist individuals, families, groups and communities to enhance or restore the ability to function physically, socially, emotionally, mentally and economically.

(c) Assess, appraise, diagnose, evaluate and treat individuals, couples, families and groups through the use of psychotherapy.

12. "Practice of substance abuse counseling" means the professional application of general counseling theories, principles and techniques as specifically adapted, based on research and clinical experience, to the specialized needs and characteristics of persons who are experiencing substance abuse, chemical dependency and related problems and to the families of those persons. The practice of substance abuse counseling includes the following as they relate to substance abuse and chemical dependency issues:

(a) Assessment, appraisal and diagnosis.

(b) The use of psychotherapy for the purpose of evaluation, diagnosis and treatment of individuals, couples, families and groups.

13. "Psychoeducation" means the education of a client as part of a treatment process that provides the client with information regarding mental health, emotional disorders or behavioral health.

14. "Psychotherapy" means a variety of treatment methods developing out of generally accepted theories about human behavior and development.

15. "Telepractice" means providing behavioral health services through interactive audio, video or electronic communication that occurs between the behavioral health professional and the client, including any electronic communication for evaluation, diagnosis and treatment, including distance counseling, in a secure platform, and that meets the requirements of telemedicine pursuant to section 36-3602.

16. "Unprofessional conduct" includes the following, whether occurring in this state or elsewhere:

(a) Being convicted of a felony. Conviction by a court of competent jurisdiction or a plea of no contest is conclusive evidence of the conviction.

(b) Using fraud or deceit in connection with rendering services as a licensee or in establishing qualifications pursuant to this chapter.

(c) Making any oral or written misrepresentation of a fact:

(i) To secure or attempt to secure the issuance or renewal of a license.

(ii) In any statements provided during an investigation or disciplinary proceeding by the board.

(iii) Regarding the licensee's skills or the value of any treatment provided or to be provided.

(d) Making any false, fraudulent or deceptive statement connected with the practice of behavioral health, including false or misleading advertising by the licensee or the licensee's staff or a representative compensated by the licensee.

(e) Securing or attempting to secure the issuance or renewal of a license by knowingly taking advantage of the mistake of another person or the board.

(f) Engaging in active habitual intemperance in the use of alcohol or active habitual substance abuse.

(g) Using a controlled substance that is not prescribed for use during a prescribed course of treatment.

(h) Obtaining a fee by fraud, deceit or misrepresentation.

(i) Aiding or abetting a person who is not licensed pursuant to this chapter to purport to be a licensed behavioral health professional in this state.

(j) Engaging in conduct that the board determines is gross negligence or repeated negligence in the licensee's profession.

(k) Engaging in any conduct or practice that is contrary to recognized standards of ethics in the behavioral health profession or that constitutes a danger to the health, welfare or safety of a client.

(l) Engaging in any conduct, practice or condition that impairs the ability of the licensee to safely and competently practice the licensee's profession.

(m) Engaging or offering to engage as a licensee in activities that are not congruent with the licensee's professional

education, training or experience.

(n) Failing to comply with or violating, attempting to violate or assisting in or abetting the violation of any provision of this chapter, any rule adopted pursuant to this chapter, any lawful order of the board, or any formal order, consent agreement, term of probation or stipulated agreement issued under this chapter.

(o) Failing to furnish information within a specified time to the board or its investigators or representatives if legally requested by the board.

(p) Failing to conform to minimum practice standards as developed by the board.

(q) Failing or refusing to maintain adequate records of behavioral health services provided to a client.

(r) Providing behavioral health services that are clinically unjustified or unsafe or otherwise engaging in activities as a licensee that are unprofessional by current standards of practice.

(s) Terminating behavioral health services to a client without making an appropriate referral for continuation of care for the client if continuing behavioral health services are indicated.

(t) Disclosing a professional confidence or privileged communication except as may otherwise be required by law or permitted by a legally valid written release.

(u) Failing to allow the board or its investigators on demand to examine and have access to documents, reports and records in any format maintained by the licensee that relate to the licensee's practice of behavioral health.

(v) Engaging in any sexual conduct between a licensee and a client or former client.

(w) Providing behavioral health services to any person with whom the licensee has had sexual contact.

(x) Exploiting a client, former client or supervisee. For the purposes of this subdivision, "exploiting" means taking advantage of a professional relationship with a client, former client or supervisee for the benefit or profit of the licensee.

(y) Engaging in a dual relationship with a client that could impair the licensee's objectivity or professional judgment or create a risk of harm to the client. For the purposes of this subdivision, "dual relationship" means a licensee simultaneously engages in both a professional and nonprofessional relationship with a client that is avoidable and not incidental.

(z) Engaging in physical contact between a licensee and a client if there is a reasonable possibility of physical or psychological harm to the client as a result of that contact.

(aa) Sexually harassing a client, former client, research subject, supervisee or coworker. For the purposes of this subdivision, "sexually harassing" includes sexual advances, sexual solicitation, requests for sexual favors, unwelcome comments or gestures or any other verbal or physical conduct of a sexual nature.

(bb) Harassing, exploiting or retaliating against a client, former client, research subject, supervisee, coworker or witness or a complainant in a disciplinary investigation or proceeding involving a licensee.

(cc) Failing to take reasonable steps to inform potential victims and appropriate authorities if the licensee becomes aware during the course of providing or supervising behavioral health services that a client's condition indicates a clear and imminent danger to the client or others.

(dd) Failing to comply with the laws of the appropriate licensing or credentialing authority to provide behavioral health services by electronic means in all governmental jurisdictions where the client receiving these services resides.

(ee) Giving or receiving a payment, kickback, rebate, bonus or other remuneration for a referral.

(ff) Failing to report in writing to the board information that would cause a reasonable licensee to believe that another licensee is guilty of unprofessional conduct or is physically or mentally unable to provide behavioral health services competently or safely. This duty does not extend to information provided by a licensee that is protected by the behavioral health professional-client privilege unless the information indicates a clear and imminent danger to the client or others or is otherwise subject to mandatory reporting requirements pursuant to state or federal law.

(gg) Failing to follow federal and state laws regarding the storage, use and release of confidential information regarding a client's personal identifiable information or care.

- (hh) Failing to retain records pursuant to section 12-2297.
- (ii) Violating any federal or state law, rule or regulation applicable to the practice of behavioral health.
- (jj) Failing to make client records in the licensee's possession available in a timely manner to another health professional or licensee on receipt of proper authorization to do so from the client, a minor client's parent, the client's legal guardian or the client's authorized representative.
- (kk) Failing to make client records in the licensee's possession promptly available to the client, a minor client's parent, the client's legal guardian or the client's authorized representative on receipt of proper authorization to do so from the client, a minor client's parent, the client's legal guardian or the client's authorized representative.
- (ll) Being the subject of the revocation, suspension, surrender or any other disciplinary sanction of a professional license, certificate or registration or other adverse action related to a professional license, certificate or registration in another jurisdiction or country, including the failure to report the adverse action to the board. The action taken may include refusing, denying, revoking or suspending a license or certificate, the surrendering of a license or certificate, otherwise limiting, restricting or monitoring a licensee or certificate holder or placing a licensee or certificate holder on probation.
- (mm) Engaging in any conduct that results in a sanction imposed by an agency of the federal government that involves restricting, suspending, limiting or removing the licensee's ability to obtain financial remuneration for behavioral health services.
- (nn) Violating the security of any licensure examination materials.
- (oo) Using fraud or deceit in connection with taking or assisting another person in taking a licensure examination.

32-3401. Definitions

In this chapter, unless the context otherwise requires:

1. "Board" means the board of occupational therapy examiners.
2. "Consultation" means the act or procedure of exchanging ideas or information or providing professional advice to another professional or responsible party regarding the provision of occupational therapy services.
3. "Evaluation" means an occupational therapist's assessment of treatment needs within the scope of practice of occupational therapy. Evaluation does not include making a medical diagnosis.
4. "Letter of concern" means a nondisciplinary advisory letter to notify a licensee that, while there is insufficient evidence to support disciplinary action, the licensee should modify or eliminate certain practices and that continuation of the activities that led to the information being submitted to the board may result in future action against the licensee's license.
5. "Occupational therapist" means a person who is licensed pursuant to this chapter to practice occupational therapy and who is a graduate of an accredited occupational therapy education program, completes the approved fieldwork and passes the examination as required by the board pursuant to section 32-3424.
6. "Occupational therapy" means the use of therapeutic activities or modalities to promote engagement in activities with individuals who are limited by physical or cognitive injury or illness, psychosocial dysfunction, developmental or learning disabilities, sensory processing or modulation deficits or the aging process in order to achieve optimum functional performance, maximize independence, prevent disability and maintain health. Occupational therapy includes evaluation, treatment and consultation based on the client's temporal, spiritual and cultural values and needs.
7. "Occupational therapy assistant" means a person who is licensed pursuant to this chapter, who is a graduate of an accredited occupational therapy assistant education program, who assists in the practice of occupational therapy and who performs delegated procedures commensurate with the person's education and training.
8. "Occupational therapy services" includes the following:
 - (a) Developing an intervention and training plan that is based on the occupational therapist's evaluation of the client's occupational history and experiences, including the client's daily living activities, development, activity demands, values and needs.

(b) Evaluating and facilitating developmental, perceptual-motor, communication, neuromuscular and sensory processing function, psychosocial skills and systemic functioning, including wound, lymphatic and cardiac functioning.

(c) Enhancing functional achievement, prevocational skills and work capabilities through the use of therapeutic activities and modalities that are based on anatomy, physiology and kinesiology, growth and development, disabilities, technology and analysis of human behavioral and occupational performance.

(d) Evaluating, designing, fabricating and training the individual in the use of selective orthotics, prosthetics, adaptive devices, assistive technology and durable medical equipment as appropriate.

(e) Administering and interpreting standardized and nonstandardized tests that are performed within the practice of occupational therapy, including manual muscle, sensory processing, range of motion, cognition, developmental and psychosocial tests.

(f) Assessing and adapting environments for individuals with disabilities or who are at risk for dysfunction.

9. "Supervision" means the giving of instructions by the supervising occupational therapist or the occupational therapy assistant that are adequate to ensure the safety of clients during the provision of occupational therapy services and that take into consideration at least the following factors:

(a) Skill level.

(b) Competency.

(c) Experience.

(d) Work setting demands.

(e) Client population.

10. "Unprofessional conduct" includes the following:

(a) Habitual intemperance in the use of alcohol.

(b) Habitual use of narcotic or hypnotic drugs.

(c) Gross incompetence, repeated incompetence or incompetence resulting in injury to a client.

(d) Having professional connection with or lending the name of the licensee to an unlicensed occupational therapist.

(e) Practicing or offering to practice occupational therapy beyond the scope of the practice of occupational therapy.

(f) Obtaining or attempting to obtain a license by fraud or misrepresentation or assisting a person to obtain or to attempt to obtain a license by fraud or misrepresentation.

(g) Failing to provide supervision according to this chapter and rules adopted pursuant to this chapter.

(h) Making misleading, deceptive, untrue or fraudulent representations in violation of this chapter.

(i) Having been adjudged mentally incompetent by a court of competent jurisdiction.

(j) Knowingly aiding a person who is not licensed in this state and who directly or indirectly performs activities requiring a license.

(k) Failing to report to the board any act or omission of a licensee or applicant or of any other person who violates this chapter.

(l) Engaging in the performance of substandard care by a licensee due to a deliberate or negligent act or failure to act, regardless of whether actual injury to the person receiving occupational therapy services is established.

(m) Failing to refer a client whose condition is beyond the training or ability of the occupational therapist to another professional qualified to provide such service.

(n) Censure of a licensee or refusal, revocation, suspension or restriction of a license to practice occupational therapy by any other state, territory, district or country, unless the applicant or licensee can demonstrate that the disciplinary action is not related to the ability to safely and skillfully practice occupational therapy or to any act of unprofessional conduct prescribed in this paragraph.

- (o) Any conduct or practice that violates recognized standards of ethics of the occupational therapy profession, any conduct or practice that does or might constitute a danger to the health, welfare or safety of the client or the public or any conduct, practice or condition that does or might impair the licensee's ability to safely and skillfully practice occupational therapy.
- (p) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate this chapter.
- (q) Falsely claiming to have performed a professional service, billing for a service not rendered or charging or collecting an excessive fee for services not performed.
- (r) Sexually inappropriate conduct with a client. For the purposes of this subdivision, "sexually inappropriate conduct" includes:
 - (i) Engaging in or soliciting a sexual relationship, whether consensual or nonconsensual, with a current client or with a former client within three months after termination of occupational therapy services.
 - (ii) Making sexual advances, requesting sexual favors or engaging in other verbal conduct or inappropriate physical contact of a sexual nature with a person treated by an occupational therapist or occupational therapy assistant.
 - (iii) Intentionally viewing a completely or partially disrobed client in the course of treatment if the viewing is not related to treatment under current practice standards.
- (s) Knowingly making a false or misleading statement to the board on a license application or renewal form required by the board or any other verbal or written communications directed to the board or its staff.
- (t) Conviction of a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case conviction by a court of competent jurisdiction is conclusive evidence of the commission and the board may take disciplinary action after the time for appeal has lapsed, when judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order. For the purposes of this subdivision, "conviction" means a plea or verdict of guilty or a conviction following a plea of nolo contendere.
- (u) Violating any federal law, state law, rule or regulation directly related to the practice of occupational therapy.
- (v) Engaging in false advertising of occupational therapy services.
- (w) Engaging in the assault or battery of a client.
- (x) Falsifying client documents or reports.
- (y) Failing to document or maintain client treatment records or failing to prepare client reports within thirty days of service or treatment.
- (z) Failing to renew a license while continuing to practice occupational therapy.
- (aa) Signing a blank, undated or unprepared prescription form.
- (bb) Entering into a financial relationship other than a normal billing process that leads to embezzlement or violates recognized ethical standards.
- (cc) Failing to maintain client confidentiality without written consent of the client or unless otherwise required by law.
- (dd) Promoting or providing treatment, intervention or a device or service that is unwarranted for the condition of the client beyond the point of reasonable benefit.

32-3501. Definitions

 - (g) Immorality or misconduct that tends to discredit the respiratory therapy profession.
 - (h) Having a license refused, revoked or suspended by any other state, territory, district or country, unless it can be

shown that this was not caused by reasons that relate to the person's ability to safely and skillfully practice respiratory therapy or to an act of unprofessional conduct prescribed in this paragraph.

(i) Any conduct or practice that is contrary to recognized standards of ethics of the respiratory therapy profession or any conduct or practice that does or might constitute a danger to the health, welfare or safety of the patient or the public.

(j) Any conduct, practice or condition that does or might impair the person's ability to safely and skillfully practice respiratory therapy.

(k) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate a provision of this chapter.

(l) Failing to report to the board within ten calendar days an incident or incidents that appear to show the existence of a cause for disciplinary action or that a licensed respiratory care practitioner is or may be professionally incompetent or is or may be mentally or physically unable to engage safely in the practice of respiratory care.

36-151. Definitions

In this article, unless the context otherwise requires:

1. "County department" means a county department of health.

2. "Department" means the department of health services.

3. "Home health services" means the items and services enumerated in this paragraph and furnished to a person who is under the care of a physician and surgeon, not including the services of a physician and surgeon. Such items and services may be furnished by a home health agency or by others under arrangements made by such agency, under a plan established and periodically reviewed by such physician and surgeon. Such items and services, except as provided in subdivision (b) of this paragraph, shall be furnished on a visiting basis in a place of residence used as such person's home and shall consist of:

(a) Part-time or intermittent nursing care provided by or under the supervision of a registered professional nurse and either physical, occupational or speech therapy, or, to the extent permitted in department regulations, part-time or intermittent services of a home health aide, and such items and services may further consist of any or all of the following:

(i) Medical social services under the direct supervision of a physician and surgeon.

(ii) Medical supplies, other than drugs and biologicals, and the use of medical appliances, while under such a plan.

(iii) In the case of a home health agency which is affiliated or under common control with a hospital, medical services provided by an intern or resident-in-training of such hospital, under a teaching program of such hospital approved as provided in paragraph 4 of this section.

(b) Any of the items and services enumerated in subdivision (a) of this paragraph, which are provided on an outpatient basis, under arrangements made by the home health agency, at a hospital or extended care facility, or at a rehabilitation center which meets such standards as may be prescribed in regulations, and under one of the following conditions:

(i) The furnishing of such items and services involves the use of equipment of such a nature that the items and services cannot readily be made available to such person in such place of residence.

(ii) Such items and services are furnished at such facility while he is there to receive any such item or service described in item (i) of this subdivision, but not including transportation of such person in connection with any such item or service. Any item or service, if it would not be included under paragraph 4 of this section if furnished to an inpatient of a hospital, shall be excluded.

4. "Inpatient hospital services" means the following items and services, furnished to an inpatient of a hospital and, except as provided in subdivision (c) of this paragraph, by the hospital:

(a) Bed and board.

(b) Such nursing services and other related services, such use of hospital facilities, and such medical social services

as are ordinarily furnished by the hospital for the care and treatment of inpatients, and such drugs, biologicals, supplies, appliances, and equipment, for use in the hospital, as are ordinarily furnished by such hospital for the care and treatment of inpatients.

(c) Such other diagnostic or therapeutic items or services, furnished by the hospital or by others under arrangements with them made by the hospital, as are ordinarily furnished to inpatients either by such hospital or by others under such arrangements, excluding the following:

(i) Medical or surgical services provided by a physician and surgeon, resident or intern.

(ii) The services of a private duty nurse or other private duty attendant. Item (i) of this subdivision shall not apply to services provided in the hospital by an intern or a resident-in-training under a teaching program approved by the council on medical education of the American medical association or, in the case of an osteopathic hospital, approved by the committee on hospitals of the bureau of professional education of the American osteopathic association, or, in the case of services in a hospital or osteopathic hospital by an intern or resident-in-training in the field of dentistry, approved by the council on dental education of the American dental association.

5. "Home health agency" means an agency or organization, or a subdivision of such an agency or organization, which meets all of the following requirements:

(a) Is primarily engaged in providing skilled nursing services and other therapeutic services.

(b) Has policies, established by a group of professional personnel, associated with the agency or organization, including one or more physicians and one or more registered professional nurses, to govern the services referred to in subdivision (a), which it provides, and provides for supervision of such services by a physician or registered professional nurse.

(c) Maintains clinical records on all patients.

6. "Supportive services" or "related supportive services" means services other than home health services which may reasonably be expected to help maintain an individual in his home as an alternative to institutionalization. Such services may include, but not limited to, nutrition counseling, meals services, homemaker services, general maintenance services and transportation services.

(c) If the applicant or licensee is a corporation, an association or a limited liability company, is the president, the chief executive officer, the incorporator or any person who owns or controls at least ten percent of the voting securities. For the purposes of this subdivision, corporation does not include nonprofit corporations.

(d) Holds a beneficial interest in ten percent or more of the liabilities of the applicant or the licensee.

14. "Department" means the department of health services.

15. "Directed care services" means programs and services, including supervisory and personal care services, that are provided to persons who are incapable of recognizing danger, summoning assistance, expressing need or making basic care decisions.

16. "Direction" means authoritative policy or procedural guidance for the accomplishment of a function or activity.

17. "Director" means the director of the department of health services.

18. "Facilities" means buildings that are used by a health care institution for providing any of the types of services as defined in this chapter.

19. "Freestanding urgent care center":

(a) Means an outpatient treatment center that, regardless of its posted or advertised name, meets any of the following requirements:

(i) Is open twenty-four hours a day, excluding at its option weekends or certain holidays, but is not licensed as a hospital.

(ii) Claims to provide unscheduled medical services not otherwise routinely available in primary care physician offices.

(iii) By its posted or advertised name, gives the impression to the public that it provides medical care for urgent, immediate or emergency conditions.

(iv) Routinely provides ongoing unscheduled medical services for more than eight consecutive hours for an individual patient.

(b) Does not include the following:

(i) A medical facility that is licensed under a hospital's license and that uses the hospital's medical provider number.

(ii) A qualifying community health center pursuant to section 36-2907.06.

(iii) Any other health care institution licensed pursuant to this chapter.

(iv) A physician's office that offers extended hours or same-day appointments to existing and new patients and that does not meet the requirements of subdivision (a), item (i), (iii) or (iv) of this paragraph.

20. "Governing authority" means the individual, agency, partners, group or corporation, appointed, elected or

otherwise designated, in which the ultimate responsibility and authority for the conduct of the health care institution are vested.

21. "Health care institution" means every place, institution, building or agency, whether organized for profit or not, that provides facilities with medical services, nursing services, behavioral health services, health screening services, other health-related services, supervisory care services, personal care services or directed care services and includes home health agencies as defined in section 36-151, outdoor behavioral health care programs and hospice service agencies. Health care institution does not include a community residential setting as defined in section 36-551.

22. "Health-related services" means services, other than medical, that pertain to general supervision, protective, preventive and personal care services, supervisory care services or directed care services.

23. "Health screening services" means the acquisition, analysis and delivery of health-related data of individuals to aid in the determination of the need for medical services.

24. "Hospice" means a hospice service agency or the provision of hospice services in an inpatient facility.

25. "Hospice service" means a program of palliative and supportive care for terminally ill persons and their families or caregivers.

26. "Hospice service agency" means an agency or organization, or a subdivision of that agency or organization, that is engaged in providing hospice services at the place of residence of its clients.

27. "Inpatient beds" or "resident beds" means accommodations with supporting services, such as food, laundry and housekeeping, for patients or residents who generally stay in excess of twenty-four hours.

28. "Licensed capacity" means the total number of persons for whom the health care institution is authorized by the department to provide services as required pursuant to this chapter if the person is expected to stay in the health care institution for more than twenty-four hours. For a hospital, licensed capacity means only those beds specified on the hospital license.

29. "Medical services" means the services that pertain to medical care and that are performed at the direction of a physician on behalf of patients by physicians, dentists, nurses and other professional and technical personnel.

30. "Modification" means the substantial improvement, enlargement, reduction or alteration of or other change in a health care institution.

31. "Nonproprietary institution" means any health care institution that is organized and operated exclusively for charitable purposes, no part of the net earnings of which inures to the benefit of any private shareholder or individual, or that is operated by the state or any political subdivision of the state.

32. "Nursing care institution" means a health care institution that provides inpatient beds or resident beds and nursing services to persons who need continuous nursing services but who do not require hospital care or direct daily care from a physician.

33. "Nursing services" means those services that pertain to the curative, restorative and preventive aspects of nursing care and that are performed at the direction of a physician by or under the supervision of a registered nurse licensed in this state.

34. "Organized medical staff" means a formal organization of physicians, and dentists where appropriate, with the delegated authority and responsibility to maintain proper standards of medical care and to plan for continued betterment of that care.

35. "Outdoor behavioral health care program" means an agency that provides behavioral health services in an outdoor environment as an alternative to behavioral health services that are provided in a health care institution with facilities. Outdoor behavioral health care programs do not include:

(a) Programs, facilities or activities that are operated by a government entity or that are licensed by the department as a child care program pursuant to chapter 7.1 of this title.

(b) Outdoor activities for youth that are designated to be primarily recreational and that are organized by church groups, scouting organizations or similar groups.

(c) Outdoor youth programs licensed by the department of economic security.

36. "Personal care services" means assistance with activities of daily living that can be performed by persons

without professional skills or professional training and includes the coordination or provision of intermittent nursing services and the administration of medications and treatments by a nurse who is licensed pursuant to title 32, chapter 15 or as otherwise provided by law.

37. "Physician" means any person who is licensed pursuant to title 32, chapter 13 or 17.

38. "Recidivism reduction services" means services that are delivered by an adult residential care institution to its residents to encourage lawful behavior and to discourage or prevent residents who are suspected of, charged with or convicted of one or more criminal offenses, or whose mental health and substance use can be reasonably expected to place them at risk for the future threat of prosecution, diversion or incarceration, from engaging in future unlawful behavior.

39. "Recidivism reduction staff" means a person who provides recidivism reduction services.

40. "Residential care institution" means a health care institution other than a hospital or a nursing care institution that provides resident beds or residential units, supervisory care services, personal care services, behavioral health services, directed care services or health-related services for persons who do not need continuous nursing services.

41. "Residential unit" means a private apartment, unless otherwise requested by a resident, that includes a living and sleeping space, kitchen area, private bathroom and storage area.

42. "Respite care services" means services that are provided by a licensed health care institution to persons otherwise cared for in foster homes and in private homes to provide an interval of rest or relief of not more than thirty days to operators of foster homes or to family members.

43. "Substantial compliance" means that the nature or number of violations revealed by any type of inspection or investigation of a health care institution does not pose a direct risk to the life, health or safety of patients or residents.

44. "Supervision" means direct overseeing and inspection of the act of accomplishing a function or activity.

45. "Supervisory care services" means general supervision, including daily awareness of resident functioning and continuing needs, the ability to intervene in a crisis and assistance in the self-administration of prescribed medications.

46. "Temporary license" means a license that is issued by the department to operate a class or subclass of a health care institution at a specific location and that is valid until an initial licensing inspection.

47. "Unscheduled medical services" means medically necessary periodic health care services that are unanticipated or cannot reasonably be anticipated and that require medical evaluation or treatment before the next business day.

B. If there are fewer than four Arizona long-term care system participants receiving adult foster care in an adult foster care home, nonparticipating adults may receive other types of services that are authorized by law to be provided in the adult foster care home as long as the number of adults served, including the Arizona long-term care system participants, does not exceed four.

C. Nursing care services may be provided by the adult foster care licensee if the licensee is a nurse who is licensed pursuant to title 32, chapter 15 and the services are limited to those allowed pursuant to law. The licensee shall keep a record of nursing services rendered.

36-411. Residential care institutions; nursing care institutions; home health agencies; fingerprinting requirements; exemptions; definitions

A. Except as provided in subsections F, G, H and I of this section, as a condition of licensure or continued licensure of a residential care institution, a nursing care institution or a home health agency and as a condition of employment in a residential care institution, a nursing care institution or a home health agency, employees and owners of residential care institutions, nursing care institutions or home health agencies or contracted persons or volunteers who provide medical services, nursing services, behavioral health services, health-related services, home health services or supportive services and who have not been subject to the fingerprinting requirements of a health professional's regulatory board pursuant to title 32 shall have valid fingerprint clearance cards that are issued pursuant to title 41, chapter 12, article 3.1 or shall apply for a fingerprint clearance card within twenty

working days of employment or beginning volunteer work.

B. A health professional who has complied with the fingerprinting requirements of the health professional's regulatory board as a condition of licensure or certification pursuant to title 32 is not required to submit an additional set of fingerprints to the department of public safety pursuant to this section.

C. Owners shall make documented, good faith efforts to:

1. Contact previous employers to obtain information or recommendations that may be relevant to a person's fitness to work in a residential care institution, nursing care institution or home health agency.

2. Verify the current status of a person's fingerprint clearance card.

D. An employee, an owner, a contracted person or a volunteer or a facility on behalf of the employee, the owner, the contracted person or the volunteer shall submit a completed application that is provided by the department of public safety within twenty days after the date the person begins work or volunteer service.

E. Except as provided in subsection F of this section, a residential care institution, nursing care institution or home health agency shall not allow an employee to continue employment or a contracted person to continue to provide medical services, nursing services, behavioral health services, health-related services, home health services or supportive services if the person has been denied a fingerprint clearance card pursuant to title 41, chapter 12, article 3.1 or has been denied approval pursuant to this section before May 7, 2001.

F. An employee or contractor who is eligible pursuant to section 41-1758.07, subsection C to petition the board of fingerprinting for a good cause exception and who provides documentation of having applied for a good cause exception pursuant to section 41-619.55 but who has not yet received a decision is exempt from the fingerprinting requirements of this section if the person provides services to residents or patients while under the direct visual supervision of an owner or employee who has a valid fingerprint clearance card.

G. A residential care institution, nursing care institution or home health agency shall require that an owner or employee who has a valid fingerprint clearance card provide direct visual supervision of a volunteer who provides services to residents or patients unless the volunteer has a valid fingerprint clearance card.

H. Notwithstanding the requirements of section 41-1758.02, subsection B, an employee of a residential care institution, home health agency or nursing care institution, after meeting the fingerprinting and criminal records check requirements of this section, is not required to meet the fingerprint and criminal records check requirements of this section again if that person remains employed by the same employer or changes employment within two years after satisfying the requirements of this section. For the purposes of this subsection, if the employer changes through sale, lease or operation of law, a person is deemed to be employed by the same employer if that person remains employed by the new employer.

I. Notwithstanding the requirements of section 41-1758.02, subsection B, a person who has received approval pursuant to this section before May 7, 2001 and who remains employed by the same employer is not required to apply for a fingerprint clearance card.

J. If a person's employment record contains a six-month or longer time frame during which the person was not employed by any employer, a completed application with a new set of fingerprints shall be submitted to the department of public safety.

K. For the purposes of this section:

1. "Direct visual supervision" means continuous visual oversight of the supervised person that does not require the supervisor to be in a superior organizational role to the person being supervised.

2. "Home health services" has the same meaning prescribed in section 36-151.

3. "Supportive services" has the same meaning prescribed in section 36-151.

36-422. Application for license; notification of proposed change in status; joint licenses; definitions

A. A person who wishes to apply for a license to operate a health care institution pursuant to this chapter shall submit to the department all of the following:

1. An application on a written or electronic form that is prescribed, prepared and furnished by the department that

contains all of the following:

- (a) The name and location of the health care institution.
 - (b) Whether the health care institution is to be operated as a proprietary or nonproprietary institution.
 - (c) The name of the governing authority. The applicant shall be the governing authority having the operative ownership of, or the governmental agency charged with the administration of, the health care institution sought to be licensed. If the applicant is a partnership that is not a limited partnership, the partners shall apply jointly, and the partners are jointly the governing authority for purposes of this article.
 - (d) The name and business or residential address of each controlling person and an affirmation that none of the controlling persons has been denied a license or certificate by a health profession regulatory board pursuant to title 32 or by a state agency pursuant to chapter 6, article 7 or chapter 17 of this title or a license to operate a health care institution in this state or another state or has had a license or certificate issued by a health profession regulatory board pursuant to title 32 or issued by a state agency pursuant to chapter 6, article 7 or chapter 17 of this title or a license to operate a health care institution revoked. If a controlling person has been denied a license or certificate by a health profession regulatory board pursuant to title 32 or by a state agency pursuant to chapter 6, article 7 or chapter 17 of this title or a license to operate a health care institution in this state or another state or has had a health care professional license or a license to operate a health care institution revoked, the controlling person shall include in the application a comprehensive description of the circumstances for the denial or the revocation.
 - (e) The class or subclass of health care institution to be established or operated.
 - (f) The types and extent of the health care services to be provided, including emergency services, community health services and services to indigent patients.
 - (g) The name and qualifications of the chief administrative officer implementing direction in that specific health care institution.
 - (h) Other pertinent information required by the department for the proper administration of this chapter and department rules.
2. The architectural plans and specifications or the department's approval of the architectural plans and specifications required by section 36-421, subsection A.
 3. The applicable application fee.
- B. An application submitted pursuant to this section shall contain the written or electronic signature of:
1. If the applicant is an individual, the owner of the health care institution.
 2. If the applicant is a partnership, limited liability company or corporation, two of the officers of the corporation or managing members of the partnership or limited liability company or the sole member of the limited liability company if it has only one member.
 3. If the applicant is a governmental unit, the head of the governmental unit.
- C. An application for licensure shall be submitted at least sixty but not more than one hundred twenty days before the anticipated date of operation. An application for a substantial compliance survey submitted pursuant to section 36-425, subsection G shall be submitted at least thirty days before the date on which the substantial compliance survey is requested.
- D. If a current licensee intends to terminate the operation of a licensed health care institution or if a change of ownership is planned, the current licensee shall notify the director in writing at least thirty days before the termination of operation or change in ownership is to take place. The current licensee is responsible for preventing any interruption of services required to sustain the life, health and safety of the patients or residents. A new owner shall not begin operating the health care institution until the director issues a license to the new owner.
- E. A licensed health care institution for which operations have not been terminated for more than thirty days may be relicensed pursuant to the codes and standards for architectural plans and specifications that were applicable under its most recent license.
- F. If a person operates a hospital in a county with a population of more than five hundred thousand persons in a setting that includes satellite facilities of the hospital that are located separately from the main hospital building,

the department at the request of the applicant or licensee shall issue a single group license to the hospital and its designated satellite facilities located within one-half mile of the main hospital building if all of the facilities meet or exceed department licensure requirements for the designated facilities. At the request of the applicant or licensee, the department shall also issue a single group license that includes the hospital and not more than ten of its designated satellite facilities that are located farther than one-half mile from the main hospital building if all of these facilities meet or exceed applicable department licensure requirements. Each facility included under a single group license is subject to the department's licensure requirements that are applicable to that category of facility. Subject to compliance with applicable licensure or accreditation requirements, the department shall reissue individual licenses for the facility of a hospital located in separate buildings from the main hospital building when requested by the hospital. This subsection does not apply to nursing care institutions and residential care institutions. The department is not limited in conducting inspections of an accredited health care institution to ensure that the institution meets department licensure requirements. If a person operates a hospital in a county with a population of five hundred thousand persons or less in a setting that includes satellite facilities of the hospital that are located separately from the main hospital building, the department at the request of the applicant or licensee shall issue a single group license to the hospital and its designated satellite facilities located within thirty-five miles of the main hospital building if all of the facilities meet or exceed department licensure requirements for the designated facilities. At the request of the applicant or licensee, the department shall also issue a single group license that includes the hospital and not more than ten of its designated satellite facilities that are located farther than thirty-five miles from the main hospital building if all of these facilities meet or exceed applicable department licensure requirements.

G. If a county with a population of more than one million persons or a special health care district in a county with a population of more than one million persons operates an accredited hospital that includes the hospital's accredited facilities that are located separately from the main hospital building and the accrediting body's standards as applied to all facilities meet or exceed the department's licensure requirements, the department shall issue a single license to the hospital and its facilities if requested to do so by the hospital. If a hospital complies with applicable licensure or accreditation requirements, the department shall reissue individual licenses for each hospital facility that is located in a separate building from the main hospital building if requested to do so by the hospital. This subsection does not limit the department's duty to inspect a health care institution to determine its compliance with department licensure standards. This subsection does not apply to nursing care institutions and residential care institutions.

H. An applicant or licensee must notify the department within thirty days after any change regarding a controlling person and provide the information and affirmation required pursuant to subsection A, paragraph 1, subdivision (d) of this section.

I. This section does not limit the application of federal laws and regulations to an applicant or licensee that is certified as a medicare or an Arizona health care cost containment system provider under federal law.

J. Except for an outpatient treatment center providing dialysis services or abortion procedures, a person wishing to begin operating an outpatient treatment center before a licensing inspection is completed shall submit all of the following:

1. The license application required pursuant to this section.
2. All applicable application and license fees.
3. A written request for a temporary license that includes:

(a) The anticipated date of operation.

(b) An attestation signed by the applicant that the applicant and the facility comply with and will continue to comply with the applicable licensing statutes and rules.

K. Within seven days after the department's receipt of the items required in subsection J of this section, but not before the anticipated operation date submitted pursuant to subsection C of this section, the department shall issue a temporary license that includes:

1. The name of the facility.
2. The name of the licensee.

3. The facility's class or subclass.
 4. The temporary license's effective date.
 5. The location of the licensed premises.
- L. A facility may begin operating on the effective date of the temporary license.
- M. The director may cease the issuance of temporary licenses at any time if the director believes that public health and safety is endangered.
- N. For the purposes of this section:
1. "Accredited" means accredited by a nationally recognized accreditation organization.
 2. "Satellite facility" means an outpatient facility at which the hospital provides outpatient medical services.

36-423. Hemodialysis technicians; minimum requirements; definition

- A. Except as provided in subsection B, beginning on April 1, 2003, a facility that provides hemodialysis treatment shall only use a hemodialysis technician who is certified by a national organization that certifies hemodialysis technicians.
- B. Beginning on April 1, 2003, an employee who provides hemodialysis treatment and who is not certified pursuant to subsection A is a hemodialysis technician trainee. A hemodialysis technician trainee may provide hemodialysis treatment in any facility unless the trainee fails to pass the national certification examination within two years after employment. The department of health services shall establish by rule appropriate clinical practice restrictions for hemodialysis technician trainees. An employee who is employed to provide hemodialysis treatment before April 1, 2003 must meet the requirements of this section on or before April 1, 2006.
- C. A facility that provides hemodialysis treatment must maintain the verification of certification in the hemodialysis technician's personnel file.
- D. For the purposes of this section, "hemodialysis technician" means a person who, under the direct supervision of a physician licensed pursuant to title 32, chapter 13 or 17, or a registered nurse licensed pursuant to title 32, chapter 15, provides assistance in the treatment of patients who receive dialysis treatment for end stage renal disease.

In this article, unless the context otherwise requires:

1. "Associated licensed provider" means one or more licensed outpatient treatment centers or one or more licensed counseling facilities that share common areas pursuant to a written agreement with a collaborating outpatient treatment center and that are liable and responsible for the treatment areas that are used by the respective associated licensed provider pursuant to written policies.
2. "Collaborating outpatient treatment center" means a licensed outpatient treatment center that has a written agreement with one or more outpatient treatment centers or exempt health care providers or licensed counseling facilities that requires the collaborating outpatient treatment center to be liable and responsible pursuant to written policies for all common areas that one or more colocators use.
3. "Colocator" means an exempt health care provider or a governing authority operating as an outpatient treatment center or a licensed counseling facility that may share common areas and nontreatment personnel with another collocator pursuant to an agreement as prescribed in this article.
4. "Common areas":
 - (a) Means the licensed public or nonpublic portions of outpatient treatment center premises that are not used for treatment and that are shared by one or more licensees or exempt health care providers.
 - (b) Includes hallways, entrances, elevators, staircases, restrooms, reception areas, conference areas, employee break rooms, records retention areas and other nontreatment areas of an outpatient treatment center.

5. "Emergency health care services" means treatment for a medical or behavioral health condition, including labor and delivery, that manifests itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in any of the following:

- (a) Placing the patient's health, including mental health, in serious jeopardy.
- (b) Serious impairment to a bodily function of the patient.
- (c) Serious dysfunction of any bodily organ or part of the patient.
- (d) Harm to the patient or others.

6. "Exempt health care provider" means a health care provider who is licensed pursuant to title 32, who holds an active license and whose private office or clinic is exempt from licensure pursuant to section 36-402, subsection A, paragraph 3.

7. "Nontreatment personnel" means employees, agents, students, interns or independent contractors who provide services to an outpatient treatment center collocator that do not entail medical, nursing or behavioral health assessment or treatment.

8. "Treatment areas" means portions of licensed outpatient treatment center premises that are used for the provision of health care assessment and treatment of patients.

Group home does not include an adult developmental home, a child developmental home or an intermediate care facility for persons with an intellectual disability.

24. "Guardian" means the person who, under court order, is appointed to fulfill the powers and duties prescribed in section 14-5312. Guardian does not include a guardian pursuant to section 14-5312.01.

25. "Habilitation" means the process by which a person is assisted to acquire and maintain those life skills that enable the person to cope more effectively with personal and environmental demands and to raise the level of the person's physical, mental and social efficiency.

26. "Indigent" means a person with a developmental disability whose estate or parent is unable to bear the full cost of maintaining or providing services for that person in a developmental disabilities program.

27. "Individual program plan" means a written statement of services to be provided to a person with developmental disabilities, including habilitation goals and objectives, that is developed following initial placement evaluation and revised after periodic evaluations.
28. "Intermediate care facility for persons with an intellectual disability" means a facility that primarily provides health and rehabilitative services to persons with developmental disabilities that are above the service level of room and board or supervisory care services or personal care services as defined in section 36-401 but that are less intensive than skilled nursing services.
29. "Large group setting" means a setting that in addition to residential care provides support services such as therapy, recreation and transportation to seven or more persons with developmental disabilities who require intensive supervision.
30. "Least restrictive alternative" means an available program or facility that fosters independent living, that is the least confining for the client's condition and where service and treatment are provided in the least intrusive manner reasonably and humanely appropriate to the individual's needs.
31. "Likely to continue indefinitely" means that the developmental disability has a reasonable likelihood of continuing for a protracted period of time or for life.
32. "Manifested before the age of eighteen" means that the disability must be apparent and have a substantially limiting effect on a person's functioning before the age of eighteen.
33. "Physician" means a person who is licensed to practice pursuant to title 32, chapter 13 or 17.
34. "Placement evaluation" means an interview and evaluation of a person with a developmental disability and a review of the person's prior medical and program histories to determine the appropriate developmental disability programs and services for the person and recommendations for specific program placements for the person.
35. "Psychologist" means a person who is licensed pursuant to title 32, chapter 19.1.
36. "Respite services" means services that provide a short-term or long-term interval of rest or relief to the care provider of a person with a developmental disability.
37. "Responsible person" means the parent or guardian of a minor with a developmental disability, the guardian of an adult with a developmental disability or an adult with a developmental disability who is a client or an applicant for whom no guardian has been appointed.
38. "Service provider" means a person or agency that provides services to clients pursuant to a contract, service agreement or qualified vendor agreement with the division.
39. "State operated service center" means a state owned or leased facility that is operated by the department and that provides temporary residential care and space for child and adult services that include respite care, crisis intervention and diagnostic evaluation.
40. "Subaverage general intellectual functioning" means measured intelligence on standardized psychometric instruments of two or more standard deviations below the mean for the tests used.
41. "Substantial functional limitation" means a limitation so severe that extraordinary assistance from other people, programs, services or mechanical devices is required to assist the person in performing appropriate major life activities.
42. "Supervision" means the process by which the activities of an individual with developmental disabilities are directed, influenced or monitored.

36-661. Definitions

In this article, unless the context otherwise requires:

1. "Acquired immune deficiency syndrome" has the same meaning as defined by the centers for disease control of the United States public health service.
2. "Capacity to consent" means a person's ability, determined without regard to the person's age, to understand and appreciate the nature and consequences of a proposed health care service, treatment or procedure and to make an informed decision concerning that service, treatment or procedure.

3. "Child" means an unemancipated person under eighteen years of age.
4. "Communicable disease" means a contagious, epidemic or infectious disease required to be reported to the local board of health or the department pursuant to chapter 1 of this title and this chapter.
5. "Communicable disease related information" means information regarding a communicable disease in the possession of a person who provides health services or who obtains the information pursuant to the release of communicable disease related information.
6. "Contact" means a spouse or sex partner of a protected person, a person who has shared hypodermic needles or syringes with a protected person or a person otherwise exposed to a protected person with a communicable disease in a manner that poses an epidemiologically significant risk of transmission of that disease.
7. "Department" means the department of health services.
8. "Director" means the director of the department of health services.
9. "First responder" means a law enforcement officer, a firefighter or an ambulance attendant as defined in section 36-2201.
10. "Good Samaritan" means a person who renders emergency care or assistance in good faith and without compensation at the scene of any accident, fire or other life-threatening emergency and who believes that a significant exposure risk occurred while the person rendered care or assistance.
11. "Health care decision maker" has the same meaning prescribed in section 12-2801.
12. "Health care provider" means a physician, nurse or other person involved in providing health services.
13. "Health facility" means a health care institution as defined in section 36-401, a blood bank, blood center, milk bank, sperm bank, organ or tissue bank or clinical laboratory or a health care services organization holding a certificate of authority pursuant to section 20-1054.
14. "Health service" means public or private care, treatment, clinical laboratory tests, counseling or educational service for adults or children and acute, chronic, custodial, residential, outpatient, home or other health care or activities related to the detection, reporting, prevention and control of communicable or preventable diseases.
15. "HIV" means the human immunodeficiency virus.
16. "HIV infection" means infection with the human immunodeficiency virus or a related virus identified as a probable causative agent of acquired immune deficiency syndrome.
17. "HIV-related illness" means an illness that may result from or be associated with HIV infection.
18. "HIV-related information" means information concerning whether a person has had an HIV-related test or has HIV infection, HIV-related illness or acquired immune deficiency syndrome and includes information that identifies or reasonably permits identification of that person or the person's contacts.
19. "HIV-related test" means a laboratory test or series of tests for the virus, components of the virus or antibodies to the virus thought to indicate the presence of HIV infection.
20. "Occupational significant exposure risk" means a significant exposure risk that occurs in the performance of a health care provider's professional duties or a first responder's official duties.
21. "Protected person" means a person who takes an HIV-related test or who has been diagnosed as having HIV infection, acquired immune deficiency syndrome, HIV-related illness or another communicable disease.
22. "Significant exposure risk" means contact with another person in a manner that, if the other person has a communicable disease, poses an epidemiologically significant risk of transmission of that disease as determined by the department.

36-1901. Definitions

In this chapter, unless the context otherwise requires:

1. "Accredited program" means a program leading to the award of a degree in audiology that is accredited by an organization recognized for that purpose by the United States department of education.
2. "Approved training program" means a postsecondary speech-language pathology assistant training program that

is approved by the director.

3. "Assistive listening device or system" means an amplification system that is specifically designed to improve the signal-to-noise ratio for the listener who is hearing impaired, reduce interference from noise in the background and enhance hearing levels at a distance by picking up sound from as close to the source as possible and sending it directly to the ear of the listener, excluding hearing aids.

4. "Audiologist" means a person who engages in the practice of audiology and who meets the requirements prescribed in this chapter.

5. "Audiology" means the nonmedical and nonsurgical application of principles, methods and procedures of measurement, testing, evaluation and prediction that are related to hearing, its disorders and related communication impairments for the purpose of nonmedical diagnosis, prevention, amelioration or modification of these disorders and conditions.

6. "Clinical interaction" means a fieldwork practicum in speech-language pathology that is supervised by a licensed speech-language pathologist.

7. "Department" means the department of health services.

8. "Direct supervision" means the on-site, in-view observation and guidance of a speech-language pathology assistant by a licensed speech-language pathologist while the speech-language pathology assistant performs an assigned clinical activity.

9. "Director" means the director of the department.

10. "Disorders of communication" means an organic or nonorganic condition that impedes the normal process of human communication and includes disorders of speech, articulation, fluency, voice, verbal and written language, auditory comprehension, cognition and communications and oral, pharyngeal and laryngeal sensorimotor competencies.

11. "Disorders of hearing" means an organic or nonorganic condition, whether peripheral or central, that impedes the normal process of human communication and includes disorders of auditory sensitivity, acuity, function or processing.

12. "Hearing aid" means any wearable instrument or device designed for or represented as aiding or improving human hearing or as aiding, improving or compensating for defective human hearing, and any parts, attachments or accessories of the instrument or device, including ear molds, but excluding batteries and cords.

13. "Hearing aid dispenser" means any person who engages in the practice of fitting and dispensing hearing aids.

14. "Indirect supervision" means supervisory activities, other than direct supervision that are performed by a licensed speech-language pathologist and that may include consultation, record review and review and evaluation of audiotaped or videotaped sessions.

15. "Letter of concern" means an advisory letter to notify a licensee that, while there is insufficient evidence to support disciplinary action, the director believes the licensee should modify or eliminate certain practices and that continuation of the activities that led to the information being submitted to the director may result in action against the licensee.

16. "License" means a license issued by the director under this chapter and includes a temporary license.

17. "Nonmedical diagnosing" means the art or act of identifying a communication disorder from its signs and symptoms. Nonmedical diagnosing does not include diagnosing a medical disease.

18. "Practice of audiology" means:

(a) Rendering or offering to render to a person or persons who have or who are suspected of having disorders of hearing any service in audiology including prevention, identification, evaluation, consultation, habilitation, rehabilitation, instruction and research.

(b) Participating in hearing conservation, hearing aid and assistive listening device evaluation and hearing aid prescription preparation, fitting, dispensing and orientation.

(c) Screening, identifying, assessing, nonmedical diagnosing, preventing and rehabilitating peripheral and central auditory system dysfunctions.

- (d) Providing and interpreting behavioral and physiological measurements of auditory and vestibular functions.
- (e) Selecting, fitting and dispensing assistive listening and alerting devices and other systems and providing training in their use.
- (f) Providing aural rehabilitation and related counseling services to hearing impaired persons and their families.
- (g) Screening speech-language and other factors that affect communication function in order to conduct an audiologic evaluation and an initial identification of persons with other communications disorders and making the appropriate referral.
- (h) Planning, directing, conducting or supervising services.

19. "Practice of fitting and dispensing hearing aids" means the measurement of human hearing by means of an audiometer or by any other means, solely for the purpose of making selections or adaptations of hearing aids, and the fitting, sale and servicing of hearing aids, including assistive listening devices and the making of impressions for ear molds and includes identification, instruction, consultation, rehabilitation and hearing conservation as these relate only to hearing aids and related devices and, at the request of a physician or another licensed health care professional, the making of audiograms for the professional's use in consultation with the hearing impaired. The practice of fitting and dispensing hearing aids does not include formal auditory training programs, lip reading and speech conservation.

20. "Practice of speech-language pathology" means:

- (a) Rendering or offering to render to an individual or groups of individuals who have or are suspected of having disorders of communication service in speech-language pathology including prevention, identification, evaluation, consultation, habilitation, rehabilitation, instruction and research.
- (b) Screening, identifying, assessing, interpreting, nonmedical diagnosing and rehabilitating disorders of speech and language.
- (c) Screening, identifying, assessing, interpreting, nonmedical diagnosing and rehabilitating disorders of oral-pharyngeal functions and related disorders.
- (d) Screening, identifying, assessing, interpreting, nonmedical diagnosing and rehabilitating cognitive and communication disorders.
- (e) Assessing, selecting and developing augmentative and alternative communication systems and providing training in the use of these systems and assistive listening devices.
- (f) Providing aural rehabilitation and related counseling services to hearing impaired persons and their families.
- (g) Enhancing speech-language proficiency and communication effectiveness.
- (h) Screening hearing and other factors for speech-language evaluation and initially identifying persons with other communication disorders and making the appropriate referral.

21. "Regular license" means each type of license issued by the director, except a temporary license.

22. "Sell" or "sale" means a transfer of title or of the right to use by lease, bailment or any other contract, but does not include transfers at wholesale to distributors or dealers.

23. "Speech-language pathology" means the nonmedical and nonsurgical application of principles, methods and procedures of assessment, testing, evaluation and prediction related to speech and language and its disorders and related communication impairments for the nonmedical diagnosis, prevention, amelioration or modification of these disorders and conditions.

24. "Speech-language pathology assistant" means a person who provides services prescribed in section 36-1940.04 and under the direction and supervision of a speech-language pathologist licensed pursuant to this chapter.

25. "Sponsor" means a person who is licensed pursuant to this chapter and who agrees to train or directly supervise a temporary licensee in the same field of practice.

26. "Temporary licensee" means a person who is licensed under this chapter for a specified period of time under the sponsorship of a person licensed pursuant to this chapter.

27. "Unprofessional conduct" means:

- (a) Obtaining any fee or making any sale by fraud or misrepresentation.
- (b) Employing directly or indirectly any suspended or unlicensed person to perform any work covered by this chapter.
- (c) Using, or causing or promoting the use of, any advertising matter, promotional literature, testimonial, guarantee, warranty, label, brand, insignia or other representation, however disseminated or published, that is misleading, deceiving, improbable or untruthful.
- (d) Advertising for sale a particular model, type or kind of product when purchasers or prospective purchasers responding to the advertisement cannot purchase or are dissuaded from purchasing the advertised model, type or kind if the purpose of the advertisement is to obtain prospects for the sale of a different model, type or kind than that advertised.
- (e) Representing that the professional services or advice of a physician will be used or made available in the selling, fitting, adjustment, maintenance or repair of hearing aids if this is not true, or using the words "doctor", "clinic", "clinical" or like words, abbreviations or symbols while failing to affix the word, term or initials "audiology", "audiologic", "audiologist", "doctor of audiology", "Au.D.", "Ph.D." or "Sc.D."
- (f) Defaming competitors by falsely imputing to them dishonorable conduct, inability to perform contracts or questionable credit standing or by other false representations, or falsely disparaging the products of competitors in any respect, or their business methods, selling prices, values, credit terms, policies or services.
- (g) Displaying competitive products in the licensee's show window, shop or advertising in such manner as to falsely disparage such products.
- (h) Representing falsely that competitors are unreliable.
- (i) Quoting prices of competitive products without disclosing that they are not the current prices, or showing, demonstrating or representing competitive models as being current models when they are not current models.
- (j) Imitating or simulating the trademarks, trade names, brands or labels of competitors with the capacity, tendency or effect of misleading or deceiving purchasers or prospective purchasers.
- (k) Using in the licensee's advertising the name, model name or trademark of a particular manufacturer of hearing aids in such a manner as to imply a relationship with the manufacturer that does not exist, or otherwise to mislead or deceive purchasers or prospective purchasers.
- (l) Using any trade name, corporate name, trademark or other trade designation that has the capacity, tendency or effect of misleading or deceiving purchasers or prospective purchasers as to the name, nature or origin of any product of the industry, or of any material used in the product, or that is false, deceptive or misleading in any other material respect.
- (m) Obtaining information concerning the business of a competitor by bribery of an employee or agent of that competitor, by false or misleading statements or representations, by the impersonation of one in authority, or by any other unfair means.
- (n) Giving directly or indirectly, offering to give, or permitting or causing to be given money or anything of value, except miscellaneous advertising items of nominal value, to any person who advises another in a professional capacity as an inducement to influence that person or have that person influence others to purchase or contract to purchase products sold or offered for sale by a hearing aid dispenser, or to influence persons to refrain from dealing in the products of competitors.
- (o) Sharing any profits or sharing any percentage of a licensee's income with any person who advises another in a professional capacity as an inducement to influence that person or have that person influence others to purchase or contract to purchase products sold or offered for sale by a hearing aid dispenser or to dissuade persons from dealing in products of competitors.
- (p) Failing to comply with existing federal regulations regarding the fitting and dispensing of a hearing aid.
- (q) Conviction of a felony or a misdemeanor that involves moral turpitude.
- (r) Fraudulently obtaining or attempting to obtain a license or a temporary license for the applicant, the licensee or another person.
- (s) Aiding or abetting unlicensed practice.

- (t) Wilfully making or filing a false audiology, speech-language pathology or hearing aid dispenser evaluation.
- (u) The use of narcotics, alcohol or drugs to the extent that the performance of professional duties is impaired.
- (v) Betraying a professional confidence.
- (w) Any conduct, practice or condition that impairs the ability of the licensee to safely and competently engage in the practice of audiology, speech-language pathology or hearing aid dispensing.
- (x) Providing services or promoting the sale of devices, appliances or products to a person who cannot reasonably be expected to benefit from these services, devices, appliances or products.
- (y) Being disciplined by a licensing or disciplinary authority of any state, territory or district of this country for an act that is grounds for disciplinary action under this chapter.
- (z) Violating any provision of this chapter or failing to comply with rules adopted pursuant to this chapter.
- (aa) Failing to refer an individual for medical evaluation if a condition exists that is amenable to surgical or medical intervention prescribed by the advisory committee and consistent with federal regulations.
- (bb) Practicing in a field or area within that licensee's defined scope of practice in which the licensee has not either been tested, taken a course leading to a degree, received supervised training, taken a continuing education course or had adequate prior experience.
- (cc) Failing to affix the word, term or initials "audiology", "audiologic", "audiologist", "doctor of audiology", "Au.D.", "Ph.D." or "Sc.D." in any sign, written communication or advertising media in which the term "doctor" or the abbreviation "Dr." is used in relation to the audiologist holding a doctoral degree.

36-2201. Definitions

In this chapter, unless the context otherwise requires:

1. "Administrative medical direction" means supervision of emergency medical care technicians by a base hospital medical director, administrative medical director or basic life support medical director. For the purposes of this paragraph, "administrative medical director" means a physician who is licensed pursuant to title 32, chapter 13 or 17 and who provides direction within the emergency medical services and trauma system.
2. "Advanced emergency medical technician" means a person who has been trained in an advanced emergency medical technician program certified by the director or in an equivalent training program and who is certified by the director to render services pursuant to section 36-2205.
3. "Advanced life support" means the level of assessment and care identified in the scope of practice approved by the director for the advanced emergency medical technician, emergency medical technician I-99 and paramedic.
4. "Advanced life support base hospital" means a health care institution that offers general medical and surgical services, that is certified by the director as an advanced life support base hospital and that is affiliated by written agreement with a licensed ambulance service, municipal rescue service, fire department, fire district or health services district for medical direction, evaluation and control of emergency medical care technicians.
5. "Ambulance" means any publicly or privately owned surface, water or air vehicle, including a helicopter, that contains a stretcher and necessary medical equipment and supplies pursuant to section 36-2202 and that is especially designed and constructed or modified and equipped to be used, maintained or operated primarily for the transportation of individuals who are sick, injured or wounded or who require medical monitoring or aid. Ambulance does not include a surface vehicle that is owned and operated by a private sole proprietor, partnership, private corporation or municipal corporation for the emergency transportation and in-transit care of its employees or a vehicle that is operated to accommodate an incapacitated person or person with a disability who does not require medical monitoring, care or treatment during transport and that is not advertised as having medical equipment and supplies or ambulance attendants.
6. "Ambulance attendant" means any of the following:
 - (a) An emergency medical technician, an advanced emergency medical technician, an emergency medical technician I-99 or a paramedic whose primary responsibility is the care of patients in an ambulance and who meets the standards and criteria adopted pursuant to section 36-2204.

- (b) An emergency medical responder who is employed by an ambulance service operating under section 36-2202 and whose primary responsibility is the driving of an ambulance.
 - (c) A physician who is licensed pursuant to title 32, chapter 13 or 17.
 - (d) A professional nurse who is licensed pursuant to title 32, chapter 15 and who meets the state board of nursing criteria to care for patients in the prehospital care system.
 - (e) A professional nurse who is licensed pursuant to title 32, chapter 15 and whose primary responsibility is the care of patients in an ambulance during an interfacility transport.
7. "Ambulance service" means a person who owns and operates one or more ambulances.
 8. "Basic life support" means the level of assessment and care identified in the scope of practice approved by the director for the emergency medical responder and emergency medical technician.
 9. "Bureau" means the bureau of emergency medical services and trauma system in the department.
 10. "Centralized medical direction communications center" means a facility that is housed within a hospital, medical center or trauma center or a freestanding communication center that meets the following criteria:
 - (a) Has the ability to communicate with ambulance services and emergency medical services providers rendering patient care outside of the hospital setting via radio and telephone.
 - (b) Is staffed twenty-four hours a day seven days a week by at least a physician licensed pursuant to title 32, chapter 13 or 17.
 11. "Certificate of necessity" means a certificate that is issued to an ambulance service by the department and that describes the following:
 - (a) Service area.
 - (b) Level of service.
 - (c) Type of service.
 - (d) Hours of operation.
 - (e) Effective date.
 - (f) Expiration date.
 - (g) Legal name and address of the ambulance service.
 - (h) Any limiting or special provisions the director prescribes.
 12. "Council" means the emergency medical services council.
 13. "Department" means the department of health services.
 14. "Director" means the director of the department of health services.
 15. "Emergency medical care technician" means an individual who has been certified by the department as an emergency medical technician, an advanced emergency medical technician, an emergency medical technician I-99 or a paramedic.
 16. "Emergency medical responder" as an ambulance attendant means a person who has been trained in an emergency medical responder program certified by the director or in an equivalent training program and who is certified by the director to render services pursuant to section 36-2205.
 17. "Emergency medical services" means those services required following an accident or an emergency medical situation:
 - (a) For on-site emergency medical care.
 - (b) For the transportation of the sick or injured by a licensed ground or air ambulance.
 - (c) In the use of emergency communications media.
 - (d) In the use of emergency receiving facilities.
 - (e) In administering initial care and preliminary treatment procedures by emergency medical care technicians.
 18. "Emergency medical services provider" means any governmental entity, quasi-governmental entity or

corporation whether public or private that renders emergency medical services in this state.

19. "Emergency medical technician" means a person who has been trained in an emergency medical technician program certified by the director or in an equivalent training program and who is certified by the director as qualified to render services pursuant to section 36-2205.

20. "Emergency receiving facility" means a licensed health care institution that offers emergency medical services, is staffed twenty-four hours a day and has a physician on call.

21. "Fit and proper" means that the director determines that an applicant for a certificate of necessity or a certificate holder has the expertise, integrity, fiscal competence and resources to provide ambulance service in the service area.

22. "Medical record" means any patient record, including clinical records, prehospital care records, medical reports, laboratory reports and statements, any file, film, record or report or oral statements relating to diagnostic findings, treatment or outcome of patients, whether written, electronic or recorded, and any information from which a patient or the patient's family might be identified.

23. "National certification organization" means a national organization that tests and certifies the ability of an emergency medical care technician and whose tests are based on national education standards.

24. "National education standards" means the emergency medical services education standards of the United States department of transportation or other similar emergency medical services education standards developed by that department or its successor agency.

25. "Paramedic" means a person who has been trained in a paramedic program certified by the director or in an equivalent training program and who is certified by the director to render services pursuant to section 36-2205.

26. "Physician" means any person licensed pursuant to title 32, chapter 13 or 17.

27. "Stretcher van" means a vehicle that contains a stretcher and that is operated to accommodate an incapacitated person or person with a disability who does not require medical monitoring, aid, care or treatment during transport.

28. "Suboperation station" means a physical facility or location at which an ambulance service conducts operations for the dispatch of ambulances and personnel and that may be staffed twenty-four hours a day or less as determined by system use.

29. "Trauma center" means any acute care hospital that provides in-house twenty-four hour daily dedicated trauma surgical services that is designated pursuant to section 36-2225.

30. "Trauma registry" means data collected by the department on trauma patients and on the incidence, causes, severity, outcomes and operation of a trauma system and its components.

31. "Trauma system" means an integrated and organized arrangement of health care resources having the specific capability to perform triage, transport and provide care.

32. "Validated testing procedure" means a testing procedure that is inclusive of practical skills, or an attestation of practical skills proficiency on a form developed by the department by the educational training program, identified pursuant to section 36-2204, paragraph 2, that is certified as valid by an organization capable of determining testing procedure and testing content validity and that is recommended by the medical direction commission and the emergency medical services council before the director's approval.

33. "Wheelchair van" means a vehicle that contains or that is designed and constructed or modified to contain a wheelchair and that is operated to accommodate an incapacitated person or person with a disability who does not require medical monitoring, aid, care or treatment during transport.

36-2501. Definitions

A. In this chapter, unless the context otherwise requires:

1. "Board" means the Arizona state board of pharmacy.

2. "Cannabis" means the following substances under whatever names they may be designated:

(a) Marijuana.

(b) All parts of any plant of the genus cannabis, whether growing or not, its seeds, the resin extracted from any part of such plant, and every compound, manufacture, salt, derivative, mixture or preparation of such plant, its seeds or resin, but shall not include the mature stalks of such plant, fiber produced from such stalks, oil or cake made from the seeds of such plant, any other compound, manufacture, salt, derivative, mixture or preparation of such mature stalks (except the resin extracted therefrom), fiber, oil, or cake or the sterilized seed of such plant which is incapable of germination.

(c) Every compound, manufacture, salt, derivative, mixture or preparation of such resin, tetrahydrocannabinol (T.H.C.), or of such plants from which the resin has not been extracted.

3. "Controlled substance" means a drug, substance or immediate precursor in schedules I through V of article 2 of this chapter.

4. "Department" means the department of public safety.

5. "Drug dependent person" means a person who is using a controlled substance and who is in a state of psychic or physical dependence, or both, arising from the use of that substance on a continuous basis. Drug dependence is characterized by behavioral and other responses which include a strong compulsion to take the substance on a continuing basis in order to experience its psychic effects or to avoid the discomfort caused by its absence.

6. "Drug enforcement administration" means the drug enforcement administration of the department of justice of the United States or its successor agency.

7. "Immediate precursor" means a substance which the board has found to be and by rule designates as being the principal compound commonly used or produced primarily for use and which is an immediate chemical intermediary used or likely to be used in the manufacture of a controlled substance, the control of which is necessary to prevent, curtail or limit manufacture.

8. "Narcotic drug" means any of the following whether produced directly or indirectly by extraction from substances of vegetable origin or independently by means of chemical synthesis or by a combination of extraction and chemical synthesis:

(a) Opium and opiate and any salt, compound, derivation or preparation of opium or opiate.

(b) Any salt, compound, isomer, derivative or preparation which is chemically equivalent or identical with any of the substances referred to in subdivision (a) of this paragraph but not including the isoquinoline alkaloids of opium.

(c) Opium poppy and poppy straw.

(d) Coca leaves and any salt, compound, derivation or preparation of coca leaves including cocaine and its optical isomers and any salt, compound, isomer, derivation or preparation which is chemically equivalent or identical with any of these substances but not including decocainized coca leaves or extractions of coca leaves which do not contain cocaine or ecgonine.

(e) Cannabis.

9. "Opiate" means any substance having an addiction-forming or addiction-sustaining liability similar to morphine or being capable of conversion into a drug having addiction-forming or addiction-sustaining liability. It does not include the dextrorotatory isomer of 3-methoxy-n-methylmorphinan and its salts (dextromethorphan). It does include its racemic and levorotatory forms.

10. "Opium poppy" means the plant of the genus papaver, except its seeds.

11. "Poppy straw" means all parts, except the seeds, of the opium poppy after mowing.

12. "Production" means the manufacture, planting, cultivating, growing or harvesting of a controlled substance.

13. "Registrant" means a person registered under the provisions of the federal controlled substances act (P.L. 91-513; 84 Stat. 1242; 21 U.S.C. sec. 801 et seq.).

14. "Schedule I controlled substances" means the controlled substances identified, defined or listed in section 36-2512.

15. "Schedule II controlled substances" means the controlled substances identified, defined or listed in section 36-2513.

16. "Schedule III controlled substances" means the controlled substances identified, defined or listed in section

36-2514.

17. "Schedule IV controlled substances" means the controlled substances identified, defined or listed in section 36-2515.

18. "Schedule V controlled substances" means the controlled substances identified, defined or listed in section 36-2516.

19. "Scientific purpose" means research, teaching or chemical analysis.

20. "State", when applied to a part of the United States, means any state, district, commonwealth, territory or insular possession of the United States and any area subject to the legal authority of the United States of America.

B. Words or phrases in this chapter, if not defined in subsection A of this section, have the definitions given them in title 32, chapter 18, article 1, unless the context otherwise requires.

36-3201. Definitions

In this chapter, unless the context otherwise requires:

1. "Agent" means an adult who has the authority to make health care treatment decisions for another person, referred to as the principal, pursuant to a health care power of attorney.

2. "Artificially administered" means providing food or fluid through a medically invasive procedure.

3. "Attending physician" means a physician who has the primary responsibility for a principal's health care.

4. "Comfort care" means treatment given in an attempt to protect and enhance the quality of life without artificially prolonging that life.

5. "Health care directive" means a document drafted in substantial compliance with this chapter, including a mental health care power of attorney, to deal with a person's future health care decisions.

3. "Analytic patient" means a patient, who is:
 - a. Diagnosed at a facility, or
 - b. Administered any part of a first course of treatment at the facility.
4. "Basal cell" means a cell of the inner-most layer of the skin.
5. "Behavioral health service agency" means the same as "agency" in A.A.C. R9-20-101.
6. "Business day" means any day of the week other than a Saturday, a Sunday, a legal holiday, or a day on which the Department is authorized or obligated by law or executive order to close.
7. "Calendar day" means any day of the week, including a Saturday or a Sunday.
8. "Calendar year" means January 1 through December 31.
9. "Cancer" means a group of diseases characterized by uncontrolled cell growth and the spread of abnormal cells.
10. "Cancer registry" means a unit within a hospital or clinic that collects, stores, summarizes, distributes, and maintains information specified in R9-4-403 about patients who:
 - a. Are admitted to the hospital;
 - b. Receive diagnostic evaluation at, or cancer-directed treatment from, the hospital or clinic; or
 - c. Show evidence of cancer, carcinoma in situ, or a benign tumor of the central nervous system while receiving treatment from the hospital or clinic.
11. "Carcinoma" means a type of cancer that is characterized as a malignant tumor derived from epithelial tissue.
12. "Carcinoma in situ" means a cancer that is confined to epithelial tissue within the site of origin.
13. "Case report" means an electronic or paper document that includes the information in R9-4-403 for a patient.
14. "Chemotherapy" means the treatment of cancer using specific chemical agents or drugs that are selectively destructive to malignant cells and tissues.
15. "Clinic" means a facility that is not physically connected to or affiliated with a hospital, where a physician, doctor of naturopathic medicine, dentist, or registered nurse practitioner provides cancer

diagnosis, cancer treatment, or both, and that is:

- a. An outpatient treatment center, as defined in A.A.C. R9-10-101,
 - b. An outpatient surgical center, as defined in A.A.C. R9-10-101, or
 - c. An outpatient radiation treatment center.
16. "Clinical evaluation" means an examination of the body of an individual for the presence of disease or injury to the body, and review of any laboratory test results for the individual by a physician, doctor of naturopathic medicine, dentist, or registered nurse practitioner.
 17. "Clinical or pathological" means an analysis of evidence either acquired solely before a first course of treatment was initiated, or acquired both before a first course of treatment, and supplemented or modified by evidence acquired during and subsequent to surgery.
 18. "Code" means a single number or letter, a set of numbers or letters, or a set of both numbers and letters, that represents specific information.
 19. "Cytology" means the microscopic examination of cells.
 20. "Date of first contact" means the day, month, and year a reporting facility first began to provide cancer-related medical services, nursing services, or health-related services, as defined in A.R.S. § 36-401, to a patient.
 21. "Date of last contact" means the day, month, and year that a reporting facility last knew a patient to be alive.
 22. "Designee" means a person assigned by the governing authority of a hospital or clinic or by an individual acting on behalf of the governing authority to gather information for or report to the Department, as specified in R9-4-403 or R9-4-404.
 23. "Discharge" means the same as in A.A.C. R9-10-201.
 24. "Discharge date" means the month, day, and year when a patient is discharged from a hospital.
 25. "Disease progression" means the process of a disease becoming more severe or spreading from one area of a human body to another area of the human body.
 26. "Distant lymph node" means a lymph node that is not in the same general area of a human body as the primary site of a tumor.
 27. "Distant site" means an area of a human body that is not adjacent to or in the same general area of the human body as the primary site of a tumor.
 28. "Doctor of naturopathic medicine" means an individual licensed under A.R.S. Title 32, Chapter 14.
 29. "Electronic" means the same as in A.R.S. § 44-7002.
 30. "First course of treatment" means the initial set of cancer- or non-cancer-directed treatment that is planned when a cancer is diagnosed and administered to the patient before disease progression or recurrence.
 31. "Follow-up report" means an electronic document that includes the information stated in R9-4-404(A)(2) for a patient.
 32. "Governing authority" means the same as in A.R.S. § 36-401.
 33. "Grade" means the degree of resemblance of a tumor to normal tissue, and gives an indication of the severity of the cancer.
 34. "Health care institution" means the same as in A.A.C. R9-10-101.
 35. "Histology" means the microscopic structure of cells, tissues, and organs in relation to their function.
 36. "Inpatient beds" means the same as in A.R.S. § 36-401.
 37. "Laterality" means the side of a paired organ or the side of the body in which the primary site of a tumor is located.
 38. "Licensed capacity" means the same as in A.R.S. § 36-401.

39. "Lymph" means the clear, watery, sometimes faintly yellowish fluid that circulates throughout the lymphatic system.
40. "Lymph node" means any of the small bodies located along lymphatic vessels, particularly at the neck, armpit, and groin, that filter bacteria and foreign particles from lymph.
41. "Lymphatic system" means the organ system that consists of lymph, lymph nodes, and vessels or channels that contain and convey lymph throughout a human body.
42. "Malignant" means an inherent tendency of a tumor to sequentially spread to areas of a human body beyond the site of origin.
43. "Medical record number" means a unique number assigned by a hospital, clinic, physician, doctor of naturopathic medicine, dentist, or registered nurse practitioner to an individual for identification purposes.
44. "Melanocyte" means a skin cell that makes melanin, which is a dark pigment.
45. "Melanoma" means a dark-pigmented, malignant tumor arising from a melanocyte and occurring most commonly in the skin.
46. "Metastasis" means the spread of a cancer from a primary site into a regional site or a distant site.
47. "Narrative description" means a written text describing an act, occurrence, or course of events.
48. "Organ" means a somewhat independent part of a human body, such as a heart or a kidney, that performs a specific function.
49. "Organ system" means one or more organs and associated tissues that perform a specific function, such as the circulatory system.
50. "Outpatient radiation treatment center" means a facility in which a person, licensed as specified in 12 A.A.C. 1, Article 7, provides radiation treatment.
51. "Papillary tumor" means a benign tumor of the skin producing finger-like projections from the skin surface.
52. "Pathology laboratory" means a facility in which human cells or tissues are examined for the purpose of diagnosing cancer and that is licensed under 9 A.A.C. 10, Article 1.
53. "Patient" means an individual who has been diagnosed with a cancer, carcinoma in situ, or benign tumor of the central nervous system, including melanoma, but excluding skin cancer that is:
 - a. Confined to the primary site; or
 - b. Present at regional sites or distant sites, but was diagnosed on or after January 1, 2003.
54. "Primary site" means a specific organ or organ system within a human body where the first cancer tumor originated.
55. "Principal diagnosis" means the primary condition for which an individual is admitted to a hospital or treated by the hospital.
56. "Radiation treatment" means the exposure of a human body to a stream of particles or electromagnetic waves for the purpose of selectively destroying certain cells or tissues.
57. "Reconstructive surgery" means a medical procedure that involves cutting into a body tissue or organ with instruments to repair damage or restore function to, or improve the shape and appearance of a body structure that is missing, defective, damaged, or misshapen by cancer or cancer-directed therapies.
58. "Recurrence" means the reappearance of a tumor after previous removal or treatment of the tumor, after a period in which the patient was believed to be free of cancer.
59. "Reference date" means the date on which the hospital's cancer registry began reporting patient information to the Department.
60. "Regional lymph node" means a lymph node that is in the same general area of a human body as the primary site of a tumor.

61. "Regional site" means an area of a human body that is adjacent to or in the same general area of the human body as the primary site of a tumor.
62. "Registered nurse practitioner" means an individual who meets the definition of registered nurse practitioner in A.R.S. § 32-1601, and is licensed under A.R.S. Title 32, Chapter 15.
63. "Rehabilitation services" means the same as in A.A.C. R9-10-201.
64. "Release" means to transfer care of a patient from a hospital to a physician, a doctor of naturopathic medicine, a registered nurse practitioner, an outpatient treatment center, another hospital, the patient, the patient's parent if the patient is under 18 years of age and unmarried, or the patient's legal guardian.
65. "Reporting facility" means a hospital, clinic, physician, doctor of naturopathic medicine, dentist, or registered nurse practitioner that submits a case report to the Department.
66. "Secondary diagnosis" means all other diagnoses of an individual made after the principal diagnosis.
67. "Sequence number" means a unique number assigned by a cancer registry to a specific cancer within the body of a patient.
68. "Skin cancer" means cancer of any of the following types:
 - a. Papillary tumor;
 - b. Squamous cell;
 - c. Basal cell; or
 - d. Other carcinoma of the skin, where a specific diagnosis has not been determined.
69. "Special hospital" means the same as in A.A.C. R9-10-201.
70. "Squamous cell" means a flat, scale-like skin cell.
71. "Stage group" means a scheme for categorizing a patient, based on the staging classification of the patient's cancer, to enable a physician, doctor of naturopathic medicine, or registered nurse practitioner to provide better treatment and outcome information to the patient.
72. "Staging classification" means the categorizing of a cancer according to the size and spread of a tumor from its primary site, based on an analysis of three basic components:
 - a. The tumor at the primary site,
 - b. Regional lymph nodes, and
 - c. Metastasis.
73. "Subsite" means a specific area within a primary site where a cancer tumor originated.
74. "Substantiate stage" means a narrative describing the stage group of a cancer at the time of diagnosis.
75. "Treatment" means the administration to a patient of medical services, nursing services, or health-related services, as defined in A.R.S. § 36-401, that are intended to relieve illness or injury.
76. "Tumor" means an abnormal growth of tissue resulting from uncontrolled multiplication of cells and serving no physiological function.
77. "Usual industry" means the primary type of activity carried out by the business where a patient was employed for the most number of years of the patient's working life before the diagnosis of cancer.
78. "Usual occupation" means the kind of work performed during the most number of years of a patient's working life before the diagnosis of cancer.
79. "Working life" means that portion of a patient's life during which the patient was employed for a salary or wages.

R9-6-101. Definitions

In this Chapter, unless otherwise specified:

1. "Active tuberculosis" means the same as in A.R.S. § 36-711.
2. "Administrator" means the individual who is the senior leader at a child care establishment, health care institution, correctional facility, school, pharmacy, or shelter.
3. "Agency" means any board, commission, department, office, or other administrative unit of the federal government, the state, or a political subdivision of the state.
4. "Agent" means an organism that may cause a disease, either directly or indirectly.
5. "AIDS" means Acquired Immunodeficiency Syndrome.
6. "Airborne precautions" means, in addition to use of standard precautions:
 - a. Either:
 - i. Placing an individual in a private room with negative air-pressure ventilation, at least six air exchanges per hour, and air either:
 - (1) Exhausted directly to the outside of the building containing the room, or
 - (2) Recirculated through a HEPA filtration system before being returned to the interior of the building containing the room; or
 - ii. If the building in which an individual is located does not have an unoccupied room meeting the specifications in subsection (6)(a)(i):
 - (1) Placing the individual in a private room, with the door to the room kept closed when not being used for entering or leaving the room, until the individual is transferred to a health care institution that has a room meeting the specifications in subsection (6)(a)(i) or to the individual's residence, as medically appropriate; and
 - (2) Ensuring that the individual is wearing a mask covering the individual's nose and mouth; and
 - b. Ensuring the use by other individuals, when entering the room in which the individual is located, of a device that is:
 - i. Designed to protect the wearer against inhalation of an atmosphere that may be harmful to the health of the wearer, and
 - ii. At least as protective as a National Institute for Occupational Safety and Health-approved N-95 respirator.
7. "Approved test for tuberculosis" means a Mantoux skin test or other test for tuberculosis recommended by the Centers for Disease Control and Prevention or the Tuberculosis Control Officer appointed under A.R.S. § 36-714.
8. "Arizona State Laboratory" means the part of the Department authorized by A.R.S. Title 36, Chapter 2, Article 2, and A.R.S. § 36-132(A)(11) that performs serological, microbiological, entomological, and chemical analyses.
9. "Average window period" means the typical time between exposure to an agent and the ability to detect infection with the agent in human blood.
10. "Barrier" means a mask, gown, glove, face shield, face mask, or other membrane or filter to prevent the transmission of infectious agents and protect an individual from exposure to body fluids.
11. "Body fluid" means semen, vaginal secretion, tissue, cerebrospinal fluid, synovial fluid, pleural fluid, peritoneal fluid, pericardial fluid, amniotic fluid, urine, blood, lymph, or saliva.
12. "Carrier" means an infected individual without symptoms who can spread the infection to a susceptible individual.
13. "Case" means an individual:
 - a. With a communicable disease whose condition is documented:

- i. By laboratory results that support the presence of the agent that causes the disease;
 - ii. By a health care provider’s diagnosis based on clinical observation; or
 - iii. By epidemiologic associations with the communicable disease, the agent that causes the disease, or toxic products of the agent;
 - b. Who has experienced diarrhea, nausea, or vomiting as part of an outbreak; or
 - c. Who has experienced a vaccinia-related adverse event.
14. “Case definition” means the disease-specific criteria that must be met for an individual to be classified as a case.
15. “Chief medical officer” means the senior health care provider in a correctional facility or that individual’s designee who is also a health care provider.
16. “Child” means an individual younger than 18 years of age.
17. “Child care establishment” means:
- a. A “child care facility,” as defined in A.R.S. § 36-881;
 - b. A “child care group home,” as defined in A.R.S. § 36-897;
 - c. A child care home registered with the Arizona Department of Education under A.R.S. § 46-321; or
 - d. A child care home certified by the Arizona Department of Economic Security under A.R.S. Title 46, Chapter 7, Article 1.
18. “Clinical signs and symptoms” means evidence of disease or injury that can be observed by a health care provider or can be inferred by the health care provider from a patient’s description of subjective complaints.
19. “Cohort room” means a room housing only individuals infected with the same agent and no other agent.
20. “Communicable disease” means an illness caused by an agent or its toxic products that arises through the transmission of that agent or its products to a susceptible host, either directly or indirectly.
21. “Communicable period” means the time during which an agent may be transmitted directly or indirectly:
- a. From an infected individual to another individual;
 - b. From an infected animal, arthropod, or vehicle to an individual; or
 - c. From an infected individual to an animal.
22. “Confirmatory test” means a laboratory analysis approved by the U.S. Food and Drug Administration to be used after a screening test to diagnose or monitor the progression of HIV infection.
23. “Contact” means an individual who has been exposed to an infectious agent in a manner that may have allowed transmission of the infectious agent to the individual during the communicable period.
24. “Correctional facility” means any place used for the confinement or control of an individual:
- a. Charged with or convicted of an offense,
 - b. Held for extradition, or
 - c. Pursuant to a court order for law enforcement purposes.
25. “Court-ordered subject” means a subject who is required by a court of competent jurisdiction to provide one or more specimens of blood or other body fluids for testing.
26. “Dentist” means an individual licensed under A.R.S. Title 32, Chapter 11, Article 2.
27. “Department” means the Arizona Department of Health Services.
28. “Designated service area” means the same as in R9-18-101.

29. "Diagnosis" means an identification of a disease by an individual authorized by law to make the identification.
30. "Disease" means a condition or disorder that causes the human body to deviate from its normal or healthy state.
31. "Emerging or exotic disease" means:
 - a. A new disease resulting from change in an existing organism;
 - b. A known disease not usually found in the geographic area or population in which it is found;
 - c. A previously unrecognized disease appearing in an area undergoing ecologic transformation; or
 - d. A disease reemerging as a result of a situation such as antimicrobial resistance in a known infectious agent, a breakdown in public health measures, or deliberate release.
32. "Entity" has the same meaning as "person" in A.R.S. § 1-215.
33. "Epidemiologic investigation" means the application of scientific methods to ascertain a diagnosis; identify risk factors for a disease; determine the potential for spreading a disease; institute control measures; and complete forms and reports such as communicable disease, case investigation, and outbreak reports.
34. "Fever" means a temperature of 100.4° F or higher.
35. "Food establishment" has the same meaning as in the document incorporated by reference in A.A.C. R9-8-107.
36. "Food handler" means:
 - a. A paid or volunteer full-time or part-time worker who prepares or serves food or who otherwise touches food in a food establishment; or
 - b. An individual who prepares food for or serves food to a group of two or more individuals in a setting other than a food establishment.
37. "Foodborne" means that food serves as a mode of transmission of an infectious agent.
38. "Guardian" means an individual who is invested with the authority and charged with the duty of caring for an individual by a court of competent jurisdiction.
39. "HBsAg" means hepatitis B surface antigen.
40. "Health care institution" has the same meaning as in A.R.S. § 36-401.
41. "Health care provider" means the same as in A.R.S. § 36-661.
42. "Health education" means supplying to an individual or a group of individuals:
 - a. Information about a communicable disease or options for treatment of a communicable disease, and
 - b. Guidance about methods to reduce the risk that the individual or group of individuals will become infected or infect other individuals.
43. "HIV" means Human Immunodeficiency Virus.
44. "HIV-related test" has the same meaning as in A.R.S. § 36-661.
45. "Infected" or "infection" means when an individual has an agent for a disease in a part of the individual's body where the agent may cause a disease.
46. "Infectious active tuberculosis" means pulmonary or laryngeal active tuberculosis in an individual, which can be transmitted from the infected individual to another individual.
47. "Infectious agent" means an agent that can be transmitted to an individual.
48. "Infant" means a child younger than 12 months of age.
49. "Isolate" means:

- a. To separate an infected individual or animal from others to limit the transmission of infectious agents, or
 - b. A pure strain of an agent obtained from a specimen.
50. "Isolation" means separation, during the communicable period, of an infected individual or animal from others to limit the transmission of infectious agents.
51. "Laboratory report" means a document that:
- a. Is produced by a laboratory that conducts a test or tests on a subject's specimen; and
 - b. Shows the outcome of each test, including personal identifying information about the subject.
52. "Local health agency" means a county health department, a public health services district, a tribal health unit, or a U.S. Public Health Service Indian Health Service Unit.
53. "Local health officer" means an individual who has daily control and supervision of a local health agency or the individual's designee.
54. "Medical evaluation" means an assessment of an individual's health by a physician, physician assistant, or registered nurse practitioner.
55. "Medical examiner" means an individual:
- a. Appointed as a county medical examiner by a county board of supervisors under A.R.S. § 11-592, or
 - b. Employed by a county board of supervisors under A.R.S. § 11-592 to perform the duties of a county medical examiner.
56. "Multi-drug resistant tuberculosis" means active tuberculosis that is caused by bacteria that are not susceptible to the antibiotics isoniazid and rifampin.
57. "Officer in charge" means the individual in the senior leadership position in a correctional facility or that individual's designee.
58. "Outbreak" means an unexpected increase in incidence of a disease, infestation, or sign or symptom of illness.
59. "Parent" means a biological or adoptive mother or father.
60. "Person" has the same meaning as in A.R.S. § 1-215.
61. "Petition" means a formal written application to a court requesting judicial action on a matter.
62. "Pharmacy" has the same meaning as in A.R.S. § 32-1901.
63. "Physician" means an individual licensed as a doctor of:
- a. Allopathic medicine under A.R.S. Title 32, Chapter 13;
 - b. Naturopathic medicine under A.R.S. Title 32, Chapter 14;
 - c. Osteopathic medicine under A.R.S. Title 32, Chapter 17; or
 - d. Homeopathic medicine under A.R.S. Title 32, Chapter 29.
64. "Physician assistant" has the same meaning as in A.R.S. § 32-2501.
65. "Pupil" means a student attending a school.
66. "Quarantine" means the restriction of activities of an individual or animal that has been exposed to a case or carrier of a communicable disease during the communicable period, to prevent transmission of the disease if infection occurs.
67. "Registered nurse practitioner" has the same meaning as in A.R.S. § 32-1601.
68. "Respiratory disease" means a communicable disease with acute onset of fever and symptoms such as cough, sore throat, or shortness of breath.
69. "Risk factor" means an activity or circumstance that increases the chances that an individual will

- become infected with or develop a communicable disease.
70. "School" means:
- a. An "accommodation school," as defined in A.R.S. § 15-101;
 - b. A "charter school," as defined in A.R.S. § 15-101;
 - c. A "private school," as defined in A.R.S. § 15-101;
 - d. A "school," as defined in A.R.S. § 15-101;
 - e. A college or university;
 - f. An institution that offers a "private vocational program," as defined in A.R.S. § 32-3001; or
 - g. An institution that grants a "degree," as defined in A.R.S. § 32-3001, for completion of an educational program of study.
71. "Screening test" means a laboratory analysis approved by the U.S. Food and Drug Administration as an initial test to indicate the possibility that an individual is infected with a communicable disease.
72. "Sexual contact" means vaginal intercourse, anal intercourse, fellatio, cunnilingus, or other deliberate interaction with another individual's genital area for a non-medical or non-hygienic reason.
73. "Shelter" means:
- a. A facility or home that provides "shelter care," as defined in A.R.S. § 8-201;
 - b. A "homeless shelter," as defined in A.R.S. § 16-121; or
 - c. A "shelter for victims of domestic violence," as defined in A.R.S. § 36-3001.
74. "Significant exposure" means the same as in A.R.S. § 32-3207.
75. "Standard precautions" means the use of barriers by an individual to prevent parenteral, mucous membrane, and nonintact skin exposure to body fluids and secretions other than sweat.
76. "Subject" means an individual whose blood or other body fluid has been tested or is to be tested.
77. "Submitting entity" means the same as in A.R.S. § 13-1415.
78. "Suspect case" means an individual whose medical history, signs, or symptoms indicate that the individual:
- a. May have or is developing a communicable disease;
 - b. May have experienced diarrhea, nausea, or vomiting as part of an outbreak; or
 - c. May have experienced a vaccinia-related adverse event.
79. "Syndrome" means a pattern of signs and symptoms characteristic of a disease.
80. "Test" means an analysis performed on blood or other body fluid to evaluate for the presence or absence of a disease.
81. "Test result" means information about the outcome of a laboratory analysis of a subject's specimen and does not include personal identifying information about the subject.
82. "Treatment" means a procedure or method to cure, improve, or palliate an illness or a disease.
83. "Tuberculosis control officer" means the same as in A.R.S. § 36-711.
84. "Vaccine" means a preparation of a weakened or killed agent, a portion of the agent's structure, or a synthetic substitute for a portion of the agent's structure that, upon administration into the body of an individual or animal, stimulates a response in the body to produce or increase immunity to a particular disease.
85. "Vaccinia-related adverse event" means a reaction to the administration of a vaccine against smallpox that requires medical evaluation of the reaction.
86. "Victim" means an individual on whom another individual is alleged to have committed a sexual offense, as defined in A.R.S. § 13-1415.
87. "Viral hemorrhagic fever" means disease characterized by fever and hemorrhaging and caused by a

virus.

88. "Waterborne" means that water serves as a mode of transmission of an infectious agent.
89. "Working day" means the period from 8:00 a.m. to 5:00 p.m. on a Monday, Tuesday, Wednesday, Thursday, or Friday that is not a state holiday.

R9-8-101. Definitions

In addition to the terms defined in the material incorporated by reference in R9-8-107, which are designated by all capital letters, the following definitions apply in this Article, unless otherwise specified:

1. "Agency" means any board, commission, department, office, or other administrative unit of the federal government, the state, or a political subdivision of the state.
2. "Applicant" means the following PERSON requesting a LICENSE:
 - a. If an individual, the individual who owns the FOOD ESTABLISHMENT;
 - b. If a corporation, any officer of the corporation;
 - c. If a limited liability company, the designated manager or, if no manager is designated, any member of the limited liability company;
 - d. If a partnership, any two of the partners;
 - e. If a joint venture, any two individuals who signed the joint venture agreement;
 - f. If a trust, the trustee of the trust;
 - g. If a religious or nonprofit organization, the individual in the senior leadership position within the organization.

5. "FC" means the United States Food and Drug Administration publication, Food Code: 1999 Recommendations of the United States Public Health Service, Food and Drug Administration (1999), as modified and incorporated by reference in R9-8-107.
6. "Incongruous" means inconsistent with the inspection reports of other inspectors or the REGULATORY AUTHORITY as a whole because significantly more or fewer violations of individual CRITICAL ITEMS are documented.
7. "Prepare" means to process commercially for human consumption by manufacturing, packaging, labeling, cooking, or assembling.
8. "Public health control" means a method to prevent transmission of foodborne illness to the CONSUMER.
9. "Remodel" means to change the PHYSICAL FACILITIES or PLUMBING FIXTURES in a FOOD ESTABLISHMENT'S FOOD preparation, storage, or cleaning areas through construction, replacement, or relocation, but does not include the replacement of old EQUIPMENT with new EQUIPMENT of the same type.
10. "Requester" means a PERSON who requests an approval from the REGULATORY AUTHORITY, but who is not an applicant or a LICENSE HOLDER.

R18-5-201. Definitions

"Air induction system" means a system whereby a volume of air is induced into a hollow ducting in a spa

floor, bench, or wall. An air induction system is activated by an air power blower and is separate from the water circulation system.

“Artificial lake” means a man-made lake, lagoon, or basin, lined or unlined, with a surface area equal to or greater than two acres (87,120 square feet), that is used or intended to be used for water contact recreation.

“Backwash” means the process of thoroughly cleaning a filter by the reverse flow of water through the filter.

“Barrier” means a fence, wall, building, or landscaping that obstructs access to a public or semipublic swimming pool or spa.

“Cartridge filter” means a depth, pleated, or surface-type filter component with fixed dimensions that is designed to remove suspended particles from water flowing through the filter.

“Construct” means to build or install a new public or semipublic swimming pool or spa or to enlarge, deepen, or make a major modification to an existing public or semipublic swimming pool or spa.

“Coping” means the cap on a swimming pool or spa wall that provides a finished edge around the swimming pool or spa.

“Cross-connection” means any physical connection or structural arrangement between a potable water system and the piping system for a public or semipublic swimming pool or spa through which it is possible to introduce used water, gas, or any other substance into the potable water system. A bypass arrangement, jumper connection, removable section, swivel or change-over device, or any other temporary or permanent device that may cause backflow is a cross-connection.

“Deck” means a hard surface area immediately adjacent or attached to a swimming pool or spa that is designed for sitting, standing, or walking.

“Deep area” means the portion of a public or semipublic swimming pool that is more than 5 feet in depth.

“Discharge piping” means the portion of the circulation system that carries water from the filter back to the swimming pool or spa.

“Diving area” means the area of a public or semipublic swimming pool that is designated for diving from a diving board, diving platform, or starting block.

“Fill-and-draw swimming pool or spa” means a swimming pool or spa where the principal means of cleaning is the complete removal of the used water and its replacement with potable water.

“Filtration rate” means the rate of water flowing through a filter during the filter cycle expressed in gallons per minute per square foot of effective filter area.

“Flow-through swimming pool or spa” means a swimming pool or spa where new water enters the swimming pool or spa to replace an equal quantity of water that constantly flows out.

“Freeboard” means the vertical wall section of a swimming pool or spa wall between the waterline and the deck.

“Hose bibb” means a faucet with a threaded nozzle to which a hose may be attached.

“Hydrotherapy jet” means a fitting that blends air and water and creates a high-velocity, turbulent stream of air-enriched water for injection into a spa.

“Make-up water” means fresh water used to fill or refill a swimming pool or spa.

“Maximum bathing load” means the design capacity or the maximum number of users that a public or semipublic swimming pool or spa is designed to hold.

“Natural bathing place” means a lake, pond, river, stream, swimming hole, or hot springs which has not been modified by man.

“Operate” means to run, maintain, or otherwise control or direct the functioning of a public or semipublic swimming pool or spa.

“Overflow collection system” means equipment designed to remove water from a swimming pool or spa, including gutters, overflows, surface skimmers, and other surface water collection systems of various designs and

manufacture.

“Potable water” means drinking water.

“Private residential spa” means a spa at a private residence used only by the owner, members of the owner’s family, and invited guests, or a spa that serves a housing group consisting of no more than three living units [for example, duplexes or triplexes].

“Private residential swimming pool” means a swimming pool at a private residence used only by the owner, members of the owner’s family, and invited guests, or a swimming pool that serves a housing group consisting of no more than three living units [for example, duplexes or triplexes].

“Public spa” means a spa that is open to the public with or without a fee, including a spa that is operated by a county, municipality, political subdivision, school district, university, college, or a commercial establishment whose primary business is the operation of a spa.

“Public swimming pool” means a swimming pool that is open to the public with or without a fee, including a swimming pool that is operated by a county, municipality, political subdivision, school district, university, college, or a commercial establishment whose primary business is the operation of a swimming pool.

“Recessed treads” means a series of vertically spaced, preformed stepholes in a swimming pool wall.

“Return inlet” means an aperture or fitting through which filtered water returns to a swimming pool or spa.

“Rope and float line” means a continuous line not less than 3/4 inch in diameter that is supported by buoys and attached to opposite sides of a swimming pool to separate areas of the swimming pool.

“Semi-artificial bathing place” means a natural bathing place that has been modified by man.

“Semipublic spa” means a spa operated for the residents of lodgings such as hotels, motels, resorts, apartments, condominiums, townhouse complexes, trailer courts, mobile home parks, or similar establishments. A semipublic spa includes a spa that is operated by a neighborhood or community association for the residents of the community and their guests and any spa at a country club, health club, camp, or similar establishment where the primary business of the establishment is not the operation of a spa and where the use of the spa is included in the fee for the primary use of the establishment.

“Semipublic swimming pool” means a swimming pool operated for the residents of lodgings such as hotels, motels, resorts, apartments, condominiums, townhouse complexes, trailer courts, mobile home parks, or similar establishments. A semipublic swimming pool includes a swimming pool that is operated by a neighborhood or community association for the residents of the community and their guests and a swimming pool at a country club, health club, camp, or similar establishment where the primary business of the establishment is not the operation of a swimming pool and where the use of the swimming pool is included in the fee for the primary use of the establishment.

“Shallow area” means the portion of a public or semipublic swimming pool that is 5 feet or less in depth.

“Slip-resistant” means a surface that has a static coefficient of friction [wet or dry] of at least 0.50.

“Spa” means an artificial basin, chamber, or tank of irregular or geometric shell design that is intended only for bathing or soaking and that is not drained, cleaned, or refilled for each user. A spa may include features such as hydrotherapy jet circulation, hot water, cold water mineral baths, or an air induction system. Industry terminology for a spa includes “hydrotherapy pool,” “whirlpool,” “hot tub,” and “therapy pool.”

“Special use pool” means a swimming pool intended for competitive aquatic events, aquatic exercise, or lap swimming. A special use pool includes a wave action pool, exit pool for a water slide, swimming pool that is part of an attraction at a water recreation park, water volleyball pool, or a swimming pool with special features used for training and instruction.

“Suction outlet” means the aperture or fitting through which water is withdrawn from a swimming pool or spa.

“Suction piping” means the water circulation system piping that carries water from a swimming pool or spa to the filter.

“Swimming pool” means an artificial basin, chamber, or tank that is designed for swimming or diving.

“Turnover rate” means the number of hours required to circulate a volume of water equal to the capacity of the swimming pool or spa.

“User” means a person who uses a swimming pool, spa, or adjoining deck area.

“Wading pool” means a shallow swimming pool used for bathing and wading by small children.

“Water circulation system” means an arrangement of mechanical equipment connected to a swimming pool or spa by piping in a closed loop that directs water from the swimming pool or spa to the filtration and disinfection equipment and returns the water to the swimming pool or spa.

“Water circulation system components” means the mechanical components that are part of a water circulation system of a swimming pool or spa, including pumps, filters, valves, surface skimmers, ion generators, electrolytic chlorine generators, ozone process equipment, and chemical feeding equipment.

“Water level” means either:

- a. On swimming pools and spas with skimmer systems, the midpoint of the operating range of the skimmers, or
- b. On swimming pools and spas with overflow gutters, the height of the overflow rim of the gutter.

R18-13-302. Definitions

- A. “Approved” means acceptable to the Department.
- B. “Ashes” means residue from the burning of any combustible material.
- C. “Department” means the Department of Environmental Quality or a local health department designated by the Department of Environmental Quality.
- D. “Garbage” means all animal and vegetable wastes resulting from the processing, handling, preparation, cooking, and serving of food or food materials.
- E. “Manure” means animal excreta, including cleanings from barns, stables, corrals, pens, or conveyances used for stabling, transporting, or penning of animals or fowls.
- F. “Person” means the state, a municipality, district or other political subdivision, a cooperative, institution, corporation, company, firm, partnership or individual.
- G. “Refuse” means all putrescible and nonputrescible solid and semisolid wastes, except human excreta, but including garbage, rubbish, ashes, manure, street cleanings, dead animals, abandoned automobiles, and industrial wastes.
- H. “Rubbish” means nonputrescible solid wastes, excluding ashes, consisting of both combustible and noncombustible wastes, such as paper, cardboard, waste metal, tin cans, yard clippings, wood, glass, bedding, crockery and similar materials.

R18-13-1401. Definitions

In addition to the definitions in A.R.S. § 49-701, the following definitions apply in this Article:

1. “Administrative consent order” means a bilateral agreement between the consenting party and the Department. A bilateral agreement is not subject to administrative appeal.
2. “Alternative treatment technology” means a treatment method other than autoclaving or incineration, that achieves the treatment standards described in R18-13-1415.
3. “Approved medical waste facility plan” means the document that has been approved by the Department under A.R.S. § 49-762.04, and that authorizes the operator to accept biohazardous medical waste at its solid waste facility.
4. “Autoclaving,” means using a combination of heat, steam, pressure, and time to achieve sterile conditions.
5. “Biohazardous medical waste” is composed of one or more of the following:

- a. Cultures and stocks: Discarded cultures and stocks generated in the diagnosis, treatment or immunization of a human being or animal or in any research relating to that diagnosis, treatment or immunization, or in the production or testing of biologicals.
 - b. Human blood and blood products: Discarded products and materials containing free-flowing blood or free-flowing blood components.
 - c. Human pathologic wastes: Discarded organs and body parts removed during surgery. Human pathologic wastes do not include the head or spinal column.
 - d. Medical sharps: Discarded sharps used in animal or human patient care, medical research, or clinical laboratories. This includes hypodermic needles; syringes; pipettes; scalpel blades; blood vials; needles attached to tubing; broken and unbroken glassware; and slides and coverslips.
 - e. Research animal wastes: Animal carcasses, body parts, and bedding of animals that have been infected with agents that produce, or may produce, human infection.
6. "Biologicals" means preparations made from living organisms or their products, including vaccines, cultures, or other biological products intended for use in diagnosing, immunizing, or treating humans or animals or in research pertaining to these activities.
 7. "Biological indicator" means a representative microorganism used to evaluate treatment efficacy.
 8. "Blood and blood products" means discarded human blood and any product derived from human blood, including but not limited to blood plasma, platelets, red or white blood corpuscles, and other derived products.
 9. "C.F.R." means the Code of Federal Regulations.
 10. "Chemotherapy waste" means any discarded material that has come in contact with an agent that kills or prevents the reproduction of malignant cells.
 11. "Dedicated vehicle" means a motor vehicle or trailer that is pulled by a motor vehicle used by a transporter for the sole purpose of transporting biohazardous medical waste.
 12. "Discarded drug" means any prescription medicine, over-the-counter medicine, or controlled substance, used in the diagnosis, treatment, or immunization of a human being or animal, that the generator intends to abandon. The term does not include hazardous waste or controlled substances regulated by the United States Drug Enforcement Agency.
 13. "Disposal facility" means a municipal solid waste landfill that has been approved by the Department under A.R.S. § 49-762.04 to accept untreated biohazardous medical waste for disposal.
 14. "Facility plan" has the meaning given to it in A.R.S. § 49-701.
 15. "Free flowing" means liquid that separates readily from any portion of a biohazardous medical waste under ambient temperature and pressure.
 16. "Generator" means a person whose act or process produces biohazardous medical waste, or a discarded drug, or whose act first causes medical waste or a discarded drug to become subject to regulation.
 17. "Hazardous waste" has the meaning prescribed in A.R.S. § 49-921.
 18. "Health care worker" means, with respect to R18-13-1403(B)(5), a person who provides health care services at an off-site location that is none of the following: a residence, a facility where health care is normally provided, or a facility licensed by the Arizona Department of Health Services.
 19. "Improper disposal of biohazardous medical waste" means the disposal by a person of untreated or inadequately treated biohazardous medical waste at any place that is not approved to accept untreated biohazardous medical waste.
 20. "Independent testing laboratory" means a testing laboratory independent of oversight activities by a provider of alternative treatment technology.
 21. "Medical sharps container" means a vessel that is rigid, puncture resistant, leak proof, and equipped

- with a locking cap.
22. "Medical waste," as defined in A.R.S. § 49-701, means "any solid waste which is generated in the diagnosis, treatment or immunization of a human being or animal or in any research relating to that diagnosis, treatment or immunization, or in the production or testing of biologicals, and includes discarded drugs but does not include hazardous waste as defined in A.R.S. § 49-921 other than conditionally exempt small quantity generator waste."
 23. "Medical waste treatment facility" or "treatment facility" means a solid waste facility approved by the Department under A.R.S. § 49-762.04 to accept and treat biohazardous medical waste from off-site generators.
 24. "Multi-purpose vehicle" means any motor vehicle operated by a health care worker, where the general purpose is the non-commercial transporting of people and the hauling of goods and supplies, but not solid waste. A multi-purpose vehicle is limited to hauling biohazardous medical waste generated off site by health workers in providing services. "Off site" for purposes of this definition means a location other than a hospital or clinic.
 25. "Off site" means a location that does not fall within the definition of "on site" contained in A.R.S. § 49-701.
 26. "Packaging" or "properly packaged" means the use of a container or a practice under R18-13-1407.
 27. "Putrescible waste" means waste materials capable of being decomposed rapidly by microorganisms.
 28. "Radioactive material" has the meaning under A.R.S. § 30-651.
 29. "Secure" means to lock out or otherwise restrict access to unauthorized personnel.
 30. "Spill" means either of the following:
 - a. Any release of biohazardous medical waste from its package while in the generator's storage area.
 - b. Any release of biohazardous medical waste from its package or the release of packaged biohazardous medical waste by the transporter at a place or site that is not a medical waste treatment or disposal facility.
 31. "Store" or "storage" means, in addition to the meaning under A.R.S. § 49-701, either of the following:
 - a. The temporary holding of properly packaged biohazardous medical waste by a generator in a designated accumulation area awaiting collection by a transporter.
 - b. The temporary holding of properly packaged biohazardous medical waste by a transporter or a treater at an approved medical waste storage facility or treatment facility.
 32. "Technology provider" means a person that manufactures, or a vendor who supplies alternative medical waste treatment technology.
 33. "Tracking document" means the written instrument that signifies acceptance of biohazardous medical waste by a transporter, or a transfer, storage, treatment, or disposal facility operator.
 34. "Transportation management plan" means the transporter's written plan consisting of both of the following:
 - a. The procedures used by the transporter to minimize the exposure to employees and the general public to biohazardous medical waste throughout the process of collecting, transporting, and handling.
 - b. The emergency procedures used by the transporter for handling spills or accidents.
 35. "Transporter" means a person engaged in the hauling of biohazardous medical waste from the point of generation to a Department-approved storage facility or to a Department-approved treatment or disposal facility.
 36. "Treat" or "treatment" means, with respect to the methods used to render biohazardous medical waste less infectious: incinerating, autoclaving, or using the alternative treatment technologies prescribed in this Article.

37. "Treated medical waste" means biohazardous medical waste that has been treated and that meets the treatment standards of R18-13-1415. Treated medical waste that requires no further processing is considered solid waste.
38. "Treater" means a person, also known as an operator, who receives solid waste facility plan approval for the purpose of operating a medical waste treatment facility to treat biohazardous medical waste that is generated off site.
39. "Treatment certification statement" means the written document provided by either a generator who treats biohazardous medical waste on site or by a treater, to inform a solid waste disposal or recycling facility that biohazardous medical waste has been treated as prescribed in this Article, and therefore is no longer subject to regulation under this Article.
40. "Treatment standards" mean the levels of microbial inactivation, prescribed in R18-13-1415, to be achieved for a specific type of biohazardous medical waste.
41. "Universal biohazard symbol" or "biohazard symbol" means a representation that conforms to the design shown in 29 CFR 1910.145(f)(8)(ii) (Office of the Federal Register, National Archives and Records Administration, July 1, 1998) and which is incorporated by reference in this rule. This incorporation does not include any later amendments or editions. Copies of the incorporated material are available for inspection at the Department of Environmental Quality and the Office of the Secretary of State.
42. "Vehicle not dedicated to the transportation of biohazardous medical waste but which is engaged in commerce" means a motor vehicle or a trailer pulled by a motor vehicle whose primary purpose is the transporting of goods that are not solid waste or biohazardous medical waste and that is used by a transporter for the temporary transportation of biohazardous medical waste.

GOVERNOR'S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - REGULAR RULEMAKING

MEETING DATE: June 4, 2019

TO: Members of the Governor's Regulatory Review Council (Council)

FROM: Council Staff

DATE: May 9, 2019

SUBJECT: ARIZONA DEPARTMENT OF HEALTH SERVICES
Title 9, Chapter 8, Article 1, Food and Drink

Amend R9-8-102

This is an expedited rulemaking from the Arizona Department of Health Services (DHS) that seeks to amend rules in Title 9, Chapter 8, Article 1 related to Food and Drink. Specifically, DHS seeks to amend R9-8-102 which relates to the applicability of Article 1.

DHS is amending R9-8-102 to comply with Laws 2018, Ch. 45, which amended A.R.S. § 36-136(I)(4)(g) to exempt cottage food products from public inspection by DHS, designates certain foods as cottage food products, and amends laws related to labeling and registration. Laws 2018, Ch. 45 also amends A.R.S. § 36-136(I)(13) to add that a registered food preparer must renew their registration every three years and provide DHS updated registration information within 30 days of any change. Finally, Laws 2018, Ch. 45, adds A.R.S. § 36-136(Q)(1) which defines a cottage food product.

DHS intends to amend R9-8-102, which due to the passage of Laws 2018, Ch. 45, is now outdated. Specifically, DHS intends to amend R9-8-102 to meet the requirements of Laws 2018, Ch. 45 to add an exemption for cottage food products that are not potentially hazardous "or a time or temperature control for safety food" from the food establishment requirements in 9 A.A.C. 8, Article 1. Additionally DHS intends to amend R9-8-102 to include registration

renewal requirements established by Laws 2018, Ch. 45 and references to the definition of a cottage food product added by Laws 2018, Ch. 45 at A.R.s. § 36-136(Q)(1).

DHS received an exemption from the rulemaking moratorium on January 23, 2019.

1. **Do the rules satisfy the criteria for expedited rulemaking pursuant to A.R.S. § 41-1027(A)?**

DHS indicates it is conducting an expedited rulemaking pursuant to A.R.S. § 41-1027(A)(6). Specifically, DHS indicates that the proposed rulemaking does not increase the cost of regulatory compliance, increase a fee or reduce procedural rights of persons regulated, and amends or repeals rules that are outdated, redundant, or otherwise no longer necessary for the operation of state government.

Council staff finds that the rules satisfy the criteria for expedited rulemaking pursuant to A.R.S. § 41-1027(A).

2. **Are the rules clear, concise, and understandable.**

Yes. Council staff finds the rules to be clear, concise, and understandable.

3. **Are the rules legal, consistent with legislative intent, and within the agency's statutory authority?**

Yes. The Department cites to general and specific statutory authority for these rules.

4. **Do the rules establish a new fee or contain a fee increase?**

No. The rules do not establish a new fee or contain a fee increase.

5. **Summary of the agency's economic impact analysis:**

Not applicable. Under A.R.S. § 41-1055(D)(2), an expedited rulemaking is exempt from this requirement.

6. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

Not applicable.

7. **What are the economic impacts on stakeholders?**

Not applicable.

8. **Does the agency adequately address the comments on the proposed rules and any**

supplemental proposals?

DHS indicates that it did not receive any comments in response to this rulemaking.

9. Are the final rules a substantial change, considered as a whole, from the proposed rules and any supplemental proposals?

No. The Notice of Final Expedited Rulemaking has no substantive changes from the Notice of Proposed Expedited Rulemaking.

10. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?

Not applicable. There are no federal rules applicable to the subject of the rule.

11. Do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?

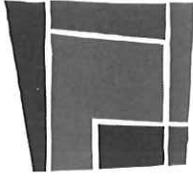

No. The rules do not require a permit.

12. Does the preamble disclose a reference to any study relevant to the rules that the agency reviewed and either did or did not rely upon?

No. DHS did not review or rely on any study for this rulemaking.

13. Conclusion

DHS is conducting an expedited rulemaking pursuant to A.R.S. § 41-1027(A)(6) to amend R9-8-102. Council staff finds that DHS satisfies the criteria under A.R.S. § 41-1027(A)(6) as it amends rules that are outdated given changes to A.R.S. § 36-136 pursuant to Laws 2018, Ch. 45. Furthermore, the proposed amendments do not increase the costs of regulatory compliance, increase a fee, or reduce procedural rights of persons regulated. Council staff also finds the rules as amended are clear, concise, understandable, and consistent with legislative intent. Council staff recommends approval of this rulemaking.

RE: 9 A.A.C. 8, Article 1 Department of Health Services – Food, Recreation, and Institutional Sanitation

Dear Ms. Wilhelm:

Enclosed is the administrative rule identified above which I am submitting, as the Designee of the Director of the Department of Health Services, for approval by the Governor's Regulatory Review Council (Council) under A.R.S. §§ 41-1027 and 41-1052.

The following information is provided for your use in reviewing the enclosed rule package pursuant to A.R.S. § 41-1052 and A.A.C. R1-6-202:

1. The close of record:
The close of record was April 1, 2019. Submission of the rule is within the 120 days allowed for Final Expedited Rulemaking.
2. Explanation of how the expedited rule meets the criteria in A.R.S. § 41-1027(A)(6):
The rulemaking amends a rule, which due to the passage of Laws 2018, Ch. 45, is now outdated. The rulemaking does not increase the cost of regulatory compliance, increase a fee, or reduce procedural rights of persons regulated. In addition, the rulemaking complies, without material change, with Laws 2018, Ch. 45.
3. Whether the rulemaking relates to a five-year-review report and, if applicable, the date the report was approved by the Council:
The rulemaking for 9 A.A.C. 8, Article 1 does not relate to a five-year-review report approved by the Council.
4. A list of all items enclosed:
 - a. Notice of Final Expedited Rulemaking, including the Preamble, Table of Contents, and text of the rule
 - b. Statutory authority
 - c. Current rule

Connie Wilhelm, Vice-Chair
May 9, 2019

6. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:

Laws 2018, Ch. 45, requires the Department to add an exemption for cottage food products that is not potentially hazardous "or a time or temperature control for safety food" from the food establishment requirements in 9 A.A.C. 8, Article 1. On January 23, 2019, the Department received an exception approval from the Governor's rulemaking moratorium, established by Executive Order 2019-01 to amend the rules in 9 A.A.C. 8, Article 1. The Department believes amending these rules will eliminate confusion and reduce regulatory burden.

7. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

The Department did not review or rely on any study for this rulemaking.

8. A showing of good cause why the expedited rulemaking is necessary to promote a statewide interest if the expedited rulemaking will diminish a previous grant of authority of a political subdivision of this state.

This final expedited rulemaking does not diminish a previous grant of authority of a political subdivision of this state.

9. A summary of the economic, small business, and consumer impact

Under A.R.S. § 41-1055(D)(2), the Department is not required to provide an economic, small business, and consumer impact statement.

10. A description of any changes between the proposed rulemaking, including supplemental notices, and the final rulemaking:

Between the proposed expedited rulemaking and the final expedited rulemaking, no changes were made to the rulemaking.

11. Agency's summary of the public or stakeholder comments or objections made about the expedited rulemaking and the agency response to the comments:

The Department did not receive public or stakeholder comments about the rulemaking.

12. Any agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rules or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

There are no other matters prescribed by statute applicable specifically to the Department or this specific rulemaking.

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

The rule does not require issuance of a general permit.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

There are no federal rules applicable to the subject of the rule.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:

No such analysis was submitted.

13. Incorporations by reference and their location in the rules:

Not applicable.

14. Whether the rule was previously made, amended, or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:

The rule was not previously made as an emergency rule.

15. The full text of the rule follows:

36-136. Powers and duties of director; compensation of personnel; rules; definitions

A. The director shall:

1. Be the executive officer of the department of health services and the state registrar of vital statistics but shall not receive compensation for services as registrar.
2. Perform all duties necessary to carry out the functions and responsibilities of the department.
3. Prescribe the organization of the department. The director shall appoint or remove personnel as necessary for the efficient work of the department and shall prescribe the duties of all personnel. The director may abolish any office or position in the department that the director believes is unnecessary.
4. Administer and enforce the laws relating to health and sanitation and the rules of the department.
5. Provide for the examination of any premises if the director has reasonable cause to believe that on the premises there exists a violation of any health law or rule of this state.
6. Exercise general supervision over all matters relating to sanitation and health throughout this state. When in the opinion of the director it is necessary or advisable, a sanitary survey of the whole or of any part of this state shall be made. The director may enter, examine and survey any source and means of water supply, sewage disposal plant, sewerage system, prison, public or private place of detention, asylum, hospital, school, public building, private institution, factory, workshop, tenement, public washroom, public restroom, public toilet and toilet facility, public eating room and restaurant, dairy, milk plant or food manufacturing or processing plant, and any premises in which the director has reason to believe there exists a violation of any health law or rule of this state that the director has the duty to administer.
7. Prepare sanitary and public health rules.
8. Perform other duties prescribed by law.

B. If the director has reasonable cause to believe that there exists a violation of any health law or rule of this state, the director may inspect any person or property in transportation through this state, and any car, boat, train, trailer, airplane or other vehicle in which that person or property is transported, and may enforce detention or disinfection as reasonably necessary for the public health if there exists a violation of any health law or rule.

C. The director, after consultation with the department of administration, may take all necessary steps to enhance the highest and best use of the state hospital property, including contracting with third parties to provide services, entering into short-term lease agreements with third parties to occupy or renovate existing buildings and entering into long-term lease agreements to develop the land and buildings. The director shall deposit any monies collected from contracts and lease agreements entered into pursuant to this subsection in the Arizona state hospital charitable trust fund established by section 36-218. At least thirty days before issuing a request for proposals pursuant to this subsection, the department of health services shall hold a public hearing to receive community and provider input regarding the highest and best use of the state hospital property related to the request for proposals. The department shall report to the joint committee on capital review on the terms, conditions and purpose of any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, and the fiscal impact on the department and any revenues generated by the agreement. Any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, must be reviewed by the joint committee on capital review.

D. The director may deputize, in writing, any qualified officer or employee in the department to do or perform on the director's behalf any act the director is by law empowered to do or charged with the responsibility of doing.

E. The director may delegate to a local health department, county environmental department or public health services district any functions, powers or duties that the director believes can be competently, efficiently and properly performed by the local health department, county environmental department or public health services district if:

1. The director or superintendent of the local health agency, environmental agency or public health services district is willing to accept the delegation and agrees to perform or exercise the functions, powers and duties conferred in accordance with the standards of performance established by the director of the department of health services.

2. Monies appropriated or otherwise made available to the department for distribution to or division among counties or public health services districts for local health work may be allocated or reallocated in a manner designed to ensure the accomplishment of recognized local public health activities and delegated functions, powers and duties in accordance with applicable standards of performance. Whenever in the director's opinion there is cause, the director may terminate all or a part of any delegation and may reallocate all or a part of any funds that may have been conditioned on the further performance of the functions, powers or duties conferred.

F. The compensation of all personnel shall be as determined pursuant to section 38-611.

G. The director may make and amend rules necessary for the proper administration and enforcement of the laws relating to the public health.

H. Notwithstanding subsection I, paragraph 1 of this section, the director may define and prescribe emergency measures for detecting, reporting, preventing and controlling communicable or infectious diseases or conditions if the director has reasonable cause to believe that a serious threat to public health and welfare exists. Emergency measures are effective for no longer than eighteen months.

I. The director, by rule, shall:

1. Define and prescribe reasonably necessary measures for detecting, reporting, preventing and controlling communicable and preventable diseases. The rules shall declare certain diseases reportable. The rules shall prescribe measures, including isolation or quarantine, that are reasonably required to prevent the occurrence of, or to seek early detection and alleviation of, disability, insofar as possible, from communicable or preventable diseases. The rules shall include reasonably necessary measures to control animal diseases transmittable to humans.

2. Define and prescribe reasonably necessary measures, in addition to those prescribed by law, regarding the preparation, embalming, cremation, interment, disinterment and transportation of dead human bodies and the conduct of funerals, relating to and restricted to communicable diseases and regarding the removal, transportation, cremation, interment or disinterment of any dead human body.

3. Define and prescribe reasonably necessary procedures that are not inconsistent with law in regard to the use and accessibility of vital records, delayed birth registration and the completion, change and amendment of vital records.

4. Except as relating to the beneficial use of wildlife meat by public institutions and charitable organizations pursuant to title 17, prescribe reasonably necessary measures to ensure that all food or drink, including meat and meat products and milk and milk products sold at the retail level, provided for human consumption is free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe reasonably necessary measures governing the production, processing, labeling, storing, handling, serving and transportation of these products. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained in any warehouse, restaurant or other premises, except a meat packing plant, slaughterhouse, wholesale meat processing plant, dairy product manufacturing plant or trade product manufacturing plant. The rules shall prescribe minimum standards for any truck or other vehicle in which food or drink is produced, processed, stored, handled, served or transported. The rules shall provide for

the inspection and licensing of premises and vehicles so used, and for abatement as public nuisances of any premises or vehicles that do not comply with the rules and minimum standards. The rules shall provide an exemption relating to food or drink that is:

- (a) Served at a noncommercial social event such as a potluck.
- (b) Prepared at a cooking school that is conducted in an owner-occupied home.
- (c) Not potentially hazardous and prepared in a kitchen of a private home for occasional sale or distribution for noncommercial purposes.
- (d) Prepared or served at an employee-conducted function that lasts less than four hours and is not regularly scheduled, such as an employee recognition, an employee fund-raising or an employee social event.
- (e) Offered at a child care facility and limited to commercially prepackaged food that is not potentially hazardous and whole fruits and vegetables that are washed and cut on-site for immediate consumption.
- (f) Offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous.
- (g) A cottage food product that is not potentially hazardous or a time or temperature control for safety food and that is prepared in a kitchen of a private home for commercial purposes, including fruit jams and jellies, dry mixes made with ingredients from approved sources, honey, dry pasta and roasted nuts. Cottage food products must be packaged at home with an attached label that clearly states the name and registration number of the food preparer, lists all the ingredients in the product and the product's production date and includes the following statement: "This product was produced in a home kitchen that may process common food allergens and is not subject to public health inspection." If the product was made in a facility for individuals with developmental disabilities, the label must also disclose that fact. The person preparing the food or supervising the food preparation must complete a food handler training course from an accredited program and maintain active certification. The food preparer must register with an online registry established by the department pursuant to paragraph 13 of this subsection. The food preparer must display the preparer's certificate of registration when operating as a temporary food establishment. For the purposes of this subdivision, "not potentially hazardous" means cottage food products that meet the requirements of the food code published by the United States food and drug administration, as modified and incorporated by reference by the department by rule.
- (h) A whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption.
- (i) Produce in a packing or holding facility that is subject to the United States food and drug administration produce safety rule (21 Code of Federal Regulations part 112) as administered by the Arizona department of agriculture pursuant to title 3, chapter 3, article 4.1. For the purposes of this subdivision, "holding", "packing" and "produce" have the same meanings prescribed in section 3-525.

5. Prescribe reasonably necessary measures to ensure that all meat and meat products for human consumption handled at the retail level are delivered in a manner and from sources approved by the Arizona department of agriculture and are free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe standards for sanitary facilities to be used in identity, storage, handling and sale of all meat and meat products sold at the retail level.

6. Prescribe reasonably necessary measures regarding production, processing, labeling, handling, serving and transportation of bottled water to ensure that all bottled drinking water distributed for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained at any source of water, bottling plant and truck or vehicle in which bottled water is produced, processed, stored or transported and shall provide for inspection and certification of bottled drinking water sources, plants, processes and transportation and for abatement as a public nuisance of any water supply, label, premises, equipment,

process or vehicle that does not comply with the minimum standards. The rules shall prescribe minimum standards for bacteriological, physical and chemical quality for bottled water and for the submission of samples at intervals prescribed in the standards.

7. Define and prescribe reasonably necessary measures governing ice production, handling, storing and distribution to ensure that all ice sold or distributed for human consumption or for the preservation or storage of food for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions and the quality of ice that shall be maintained at any ice plant, storage and truck or vehicle in which ice is produced, stored, handled or transported and shall provide for inspection and licensing of the premises and vehicles, and for abatement as public nuisances of ice, premises, equipment, processes or vehicles that do not comply with the minimum standards.

8. Define and prescribe reasonably necessary measures concerning sewage and excreta disposal, garbage and trash collection, storage and disposal, and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels. The rules shall prescribe minimum standards for preparation of food in community kitchens, adequacy of excreta disposal, garbage and trash collection, storage and disposal and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels and shall provide for inspection of these premises and for abatement as public nuisances of any premises or facilities that do not comply with the rules. Primitive camp and picnic grounds offered by this state or a political subdivision of this state are exempt from rules adopted pursuant to this paragraph but are subject to approval by a county health department under sanitary regulations adopted pursuant to section 36-183.02. Rules adopted pursuant to this paragraph do not apply to two or fewer recreational vehicles as defined in section 33-2102 that are not park models or park trailers, that are parked on owner-occupied residential property for less than sixty days and for which no rent or other compensation is paid. For the purposes of this paragraph, "primitive camp and picnic grounds" means camp and picnic grounds that are remote in nature and without accessibility to public infrastructure such as water, electricity and sewer.

9. Define and prescribe reasonably necessary measures concerning the sewage and excreta disposal, garbage and trash collection, storage and disposal, water supply and food preparation of all public schools. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained in any public school and shall provide for inspection of these premises and facilities and for abatement as public nuisances of any premises that do not comply with the minimum standards.

10. Prescribe reasonably necessary measures to prevent pollution of water used in public or semipublic swimming pools and bathing places and to prevent deleterious health conditions at these places. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained at any public or semipublic swimming pool or bathing place and shall provide for inspection of these premises and for abatement as public nuisances of any premises and facilities that do not comply with the minimum standards. The rules shall be developed in cooperation with the director of the department of environmental quality and shall be consistent with the rules adopted by the director of the department of environmental quality pursuant to section 49-104, subsection B, paragraph 12.

11. Prescribe reasonably necessary measures to keep confidential information relating to diagnostic findings and treatment of patients, as well as information relating to contacts, suspects and associates of communicable disease patients. In no event shall confidential information be made available for political or commercial purposes.

12. Prescribe reasonably necessary measures regarding human immunodeficiency virus testing as a means to control the transmission of that virus, including the designation of anonymous test sites as dictated by current epidemiologic and scientific evidence.

13. Establish an online registry of food preparers that are authorized to prepare cottage food products for commercial purposes pursuant to paragraph 4 of this subsection. A registered food preparer shall renew the

registration every three years and shall provide to the department updated registration information within thirty days after any change.

14. Prescribe an exclusion for fetal demise cases from the standardized survey known as "the hospital consumer assessment of healthcare providers and systems".

J. The rules adopted under the authority conferred by this section shall be observed throughout the state and shall be enforced by each local board of health or public health services district, but this section does not limit the right of any local board of health or county board of supervisors to adopt ordinances and rules as authorized by law within its jurisdiction, provided that the ordinances and rules do not conflict with state law and are equal to or more restrictive than the rules of the director.

K. The powers and duties prescribed by this section do not apply in instances in which regulatory powers and duties relating to public health are vested by the legislature in any other state board, commission, agency or instrumentality, except that with regard to the regulation of meat and meat products, the department of health services and the Arizona department of agriculture within the area delegated to each shall adopt rules that are not in conflict.

L. The director, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

M. After consultation with the state superintendent of public instruction, the director shall prescribe the criteria the department shall use in deciding whether or not to notify a local school district that a pupil in the district has tested positive for the human immunodeficiency virus antibody. The director shall prescribe the procedure by which the department shall notify a school district if, pursuant to these criteria, the department determines that notification is warranted in a particular situation. This procedure shall include a requirement that before notification the department shall determine to its satisfaction that the district has an appropriate policy relating to nondiscrimination of the infected pupil and confidentiality of test results and that proper educational counseling has been or will be provided to staff and pupils.

N. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (f) of this section, food and drink are exempt from the rules prescribed in subsection I of this section if offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous, without a limitation on its display area.

O. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (h) of this section, a whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption is exempt from the rules prescribed in subsection I of this section.

P. Until the department adopts an exclusion by rule as required by subsection I, paragraph 14 of this section, the standardized survey known as "the hospital consumer assessment of healthcare providers and systems" may not include patients who experience a fetal demise.

Q. For the purposes of this section:

1. "Cottage food product":

(a) Means a food that is not potentially hazardous or a time or temperature control for safety food as defined by the department in rule and that is prepared in a home kitchen by an individual who is registered with the department.

(b) Does not include foods that require refrigeration, perishable baked goods, salsas, sauces, fermented and pickled foods, meat, fish and shellfish products, beverages, acidified food products, nut butters or other reduced-oxygen packaged products.

2. "Fetal demise" means a fetal death that occurs or is confirmed in a licensed hospital. Fetal demise does not include an abortion as defined in section 36-2151.

17-240. Disposition of wildlife; devices; unlawful devices; notice of intention to destroy; waiting period; destruction; jurisdiction of recovery actions; disposition of unclaimed property.

A. Wildlife seized under this title may be disposed of in such manner as the commission or the court may prescribe, except that the edible portions shall be given to public institutions or charitable organizations. In consultation with the department of health services and the chief veterinary meat inspector, the commission shall adopt rules for the handling, transportation, processing and storing of game meat given to public institutions and charitable organizations.

B. Devices, excepting firearms, which cannot be used lawfully for the taking of wildlife and being so used at the time seized may be destroyed. Notice of intention to destroy such devices as prescribed in this section must be sent by registered mail to the last known address of the person from whom seized if known and posted in three conspicuous places within the county wherein seized, two of said notices being posted in the customary place for posting public notices about the county courthouse of said county. Such device shall be held by the department for thirty days after such posting and mailing, and if no action is commenced to recover possession of such device within such time, the same shall be summarily destroyed by the department, or if such device shall be held by the court in any such action to have been used for the taking of wildlife, then such device shall be summarily destroyed by the department immediately after the decision of the court has become final. The justice court shall have jurisdiction of any such actions or proceedings commenced to recover the possession of such devices.

C. Devices other than those referred to in subsection B, including firearms seized under this title shall, after final disposition of the case, be returned to the person from whom the device was seized. If the person from whom the device was seized cannot be located or ascertained, the device seized shall be retained by the department at least ninety days after final disposition of the case, and all devices so held by the department may be:

1. Sold annually.

2. Destroyed only if considered a prohibited or defaced weapon, as defined in section 13-3101, except that any seized firearm registered in the national firearms registry and transfer records of the United States treasury department or has been classified as a curio or relic by the United States treasury department shall not be destroyed.

D. If no complaint is filed pursuant to this title, the device shall be returned to the person from whom seized within thirty days from the date seized.

E. A complete report of all wildlife and devices seized by the department showing a description of the items, the person from whom it was seized, if known, and a record of the disposition shall be kept by the department. The money derived from the sale of any devices shall be deposited in the game and fish fund.

1. "Adaptive behavior" means the effectiveness or degree to which the individual meets the standards of personal independence and social responsibility expected of the person's age and cultural group.
2. "Adult developmental home" means a residential setting in a family home in which the care, physical custody and supervision of the adult client are the responsibility, under a twenty-four-hour care model, of the licensee who, in that capacity, is not an employee of the division or of a service provider and the home provides the following services for a group of siblings or up to three adults with developmental disabilities:
 - (a) Room and board.
 - (b) Habilitation.
 - (c) Appropriate personal care.
 - (d) Appropriate supervision.
3. "Adult household member" means a person who is at least eighteen years of age and who resides in an adult developmental home, child developmental home or other home and community based service setting for at least thirty days or who resides in the household throughout the year for more than a cumulative total of thirty days.
4. "Advisory council" means the developmental disabilities advisory council.
5. "Arizona training program facility" means a state-operated institution for clients of the department with developmental disabilities.
6. "Attributable to cognitive disability, epilepsy, cerebral palsy or autism" means that there is a causal relationship between the presence of an impairing condition and the developmental disability.
7. "Autism" means a condition characterized by severe disorders in communication and behavior resulting in limited ability to communicate, understand, learn and participate in social relationships.
8. "Case management" means coordinating the assistance needed by persons with developmental disabilities and their families in order to ensure that persons with developmental disabilities attain their maximum potential for independence, productivity and integration into the community.
9. "Case manager" means a person who coordinates the implementation of the individual program plan of goals, objectives and appropriate services for persons with developmental disabilities.
10. "Cerebral palsy" means a permanently disabling condition resulting from damage to the developing brain that may occur before, after or during birth and that results in loss or impairment of control over voluntary muscles.
11. "Child developmental certified home" means a regular foster home as defined in section 8-501 that is licensed pursuant to section 8-509 and that is certified by the department pursuant to section 36-593.01.

12. "Child developmental home" means a residential setting in a family home in which the care and supervision of the child are the responsibility, under a twenty-four-hour care model, of the licensee who serves as the developmental home provider of the child in the home setting and who, in that capacity, is not an employee of the division or of a service provider and the home provides the following services for a group of siblings or up to three children with developmental disabilities:

- (a) Room and board.
- (b) Habilitation.
- (c) Appropriate personal care.
- (d) Appropriate supervision.

13. "Client" means a person receiving developmental disabilities services from the department.

14. "Cognitive disability" means a condition that involves subaverage general intellectual functioning, that exists concurrently with deficits in adaptive behavior manifested before the age of eighteen and that is sometimes referred to as intellectual disability.

15. "Community residential setting" means a residential setting in which persons with developmental disabilities live and are provided with appropriate supervision by the service provider responsible for the operation of the residential setting. Community residential setting includes a child developmental home or an adult developmental home operated or contracted by the department or the department's contracted vendor or a group home operated or contracted by the department.

16. "Consent" means voluntary informed consent. Consent is voluntary if not given as the result of coercion or undue influence. Consent is informed if the person giving the consent has been informed of and comprehends the nature, purpose, consequences, risks and benefits of the alternatives to the procedure, and has been informed and comprehends that withholding or withdrawal of consent will not prejudice the future provision of care and services to the client. In cases of unusual or hazardous treatment procedures performed pursuant to section 36-561, subsection A, experimental research, organ transplantation and nontherapeutic surgery, consent is informed if, in addition to the foregoing, the person giving the consent has been informed of and comprehends the method to be used in the proposed procedure.

17. "Daily habilitation" means habilitation as defined in this section except that the method of payment is for one unit per residential day.

18. "Department" means the department of economic security.

19. "Developmental disability" means either a strongly demonstrated potential that a child under six years of age has a developmental disability or will develop a developmental disability, as determined by a test performed pursuant to section 36-694 or by other appropriate tests, or a severe, chronic disability that:

- (a) Is attributable to cognitive disability, cerebral palsy, epilepsy or autism.
- (b) Is manifested before the age of eighteen.
- (c) Is likely to continue indefinitely.
- (d) Results in substantial functional limitations in three or more of the following areas of major life activity:
 - (i) Self-care.
 - (ii) Receptive and expressive language.

(iii) Learning.

(iv) Mobility.

(v) Self-direction.

(vi) Capacity for independent living.

(vii) Economic self-sufficiency.

(e) Reflects the need for a combination and sequence of individually planned or coordinated special, interdisciplinary or generic care, treatment or other services that are of lifelong or extended duration.

20. "Director" means the director of the department of economic security.

21. "Division" means the division of developmental disabilities in the department of economic security.

22. "Epilepsy" means a neurological condition characterized by abnormal electrical-chemical discharge in the brain. This discharge is manifested in various forms of physical activities called seizures.

23. "Group home" means a community residential setting for not more than six persons with developmental disabilities that is operated by a service provider under contract with the department and that provides room and board and daily habilitation, and other assessed medically necessary services and supports to meet the needs of each person. Group home does not include an adult developmental home, a child developmental home or an intermediate care facility for persons with an intellectual disability.

24. "Guardian" means the person who, under court order, is appointed to fulfill the powers and duties prescribed in section 14-5312. Guardian does not include a guardian pursuant to section 14-5312.01.

25. "Habilitation" means the process by which a person is assisted to acquire and maintain those life skills that enable the person to cope more effectively with personal and environmental demands and to raise the level of the person's physical, mental and social efficiency.

26. "Indigent" means a person with a developmental disability whose estate or parent is unable to bear the full cost of maintaining or providing services for that person in a developmental disabilities program.

27. "Individual program plan" means a written statement of services to be provided to a person with developmental disabilities, including habilitation goals and objectives, that is developed following initial placement evaluation and revised after periodic evaluations.

28. "Intermediate care facility for persons with an intellectual disability" means a facility that primarily provides health and rehabilitative services to persons with developmental disabilities that are above the service level of room and board or supervisory care services or personal care services as defined in section 36-401 but that are less intensive than skilled nursing services.

29. "Large group setting" means a setting that in addition to residential care provides support services such as therapy, recreation and transportation to seven or more persons with developmental disabilities who require intensive supervision.

30. "Least restrictive alternative" means an available program or facility that fosters independent living, that is the least confining for the client's condition and where service and treatment are provided in the least intrusive manner reasonably and humanely appropriate to the individual's needs.

31. "Likely to continue indefinitely" means that the developmental disability has a reasonable likelihood of continuing for a protracted period of time or for life.

32. "Manifested before the age of eighteen" means that the disability must be apparent and have a substantially limiting effect on a person's functioning before the age of eighteen.
33. "Physician" means a person who is licensed to practice pursuant to title 32, chapter 13 or 17.
34. "Placement evaluation" means an interview and evaluation of a person with a developmental disability and a review of the person's prior medical and program histories to determine the appropriate developmental disability programs and services for the person and recommendations for specific program placements for the person.
35. "Psychologist" means a person who is licensed pursuant to title 32, chapter 19.1.
36. "Respite services" means services that provide a short-term or long-term interval of rest or relief to the care provider of a person with a developmental disability.
37. "Responsible person" means the parent or guardian of a minor with a developmental disability, the guardian of an adult with a developmental disability or an adult with a developmental disability who is a client or an applicant for whom no guardian has been appointed.
38. "Service provider" means a person or agency that provides services to clients pursuant to a contract, service agreement or qualified vendor agreement with the division.
39. "State operated service center" means a state owned or leased facility that is operated by the department and that provides temporary residential care and space for child and adult services that include respite care, crisis intervention and diagnostic evaluation.
40. "Subaverage general intellectual functioning" means measured intelligence on standardized psychometric instruments of two or more standard deviations below the mean for the tests used.
41. "Substantial functional limitation" means a limitation so severe that extraordinary assistance from other people, programs, services or mechanical devices is required to assist the person in performing appropriate major life activities.
42. "Supervision" means the process by which the activities of an individual with developmental disabilities are directed, influenced or monitored.

36-897. Definitions

In this article, unless the context otherwise requires:

1. "Child care group home" means a residential facility in which child care is regularly provided for compensation for periods of less than twenty-four hours per day for not less than five children but no more than ten children through the age of twelve years.
2. "Department" means the department of health services.
3. "Provider" means the certificate holder or a person the certificate holder designates in writing who, pursuant to applicable statutes and rules, is to be responsible for direct daily supervision, operation and maintenance of the child care group home.
4. "Substantial compliance" means that the nature or number of violations revealed by any type of inspection or investigation of an applicant for certification as a child care group home or a certified child care group home does not pose a direct risk to the life, health or safety of children.

 - a. The placing agency, if the young adult is in the care, custody, and control of the state of Arizona;
 - b. A parent or legal guardian of the young adult, if subsection (a) does not apply;
 - c. The licensee, if subsections (a) and (b) do not apply.

Historical Note

Adopted effective May 19, 1977 (Supp. 77-3). Former Section R6-5-7401 repealed; new Section R6-5-7401 filed with the Secretary of State's Office May 15, 1997; adopted effective July 1, 1997 (Supp. 97-2). Amended by emergency rulemaking at 12 A.A.R. 2233, effective June 1, 2006 for 180 days (Supp. 06-2). Emergency renewed at

12 A.A.R. 4732, effective November 28, 2006 for 180 days (Supp. 06-4). Amended by final rulemaking at 13 A.A.R. 2049, effective May 21, 2007 (Supp. 07-2).

R6-5-7402. Request for Initial Application - New Applicant

- A.** A person who wants to operate a residential group care facility shall initiate the licensing process by contacting the Licensing Authority to request an application for a child welfare agency license.
- B.** Upon request, the Licensing Authority shall send the prospective applicant an application package containing:
1. A cover letter outlining the licensing process and requesting a responsive letter of intent,
 2. An application form,
 3. A statement of requirements for licensure, and
 4. A form the applicant can use to obtain city or county zoning clearance.

Historical Note

Adopted effective May 19, 1977 (Supp. 77-3). Former Section R6-5-7402 repealed; new Section R6-5-7402 filed with the Secretary of State's Office May 15, 1997; adopted effective July 1, 1997 (Supp. 97-2).

R6-5-7403. Letter of Intent - New Applicant

- A.** The prospective applicant shall prepare a responsive letter of intent to proceed with licensure, and return it to the Licensing Authority. The letter of intent shall include the following information:
1. The applicant's name, address, and telephone and telefacsimile numbers;
 2. The name of the applicant's chief executive officer or administrator, with a description of that person's qualifications to operate the agency;
 3. A description of community or statewide need for the service or program the applicant intends to provide;
 4. A plan for financing the proposed agency during the first year of operation;
 5. A statement that the applicant has conferred with the school district where the facility will be located to advise the district of any special needs that children likely to be in care at the facility may have; and
 6. A description of the proposed agency's program and services, which shall address the following areas, if applicable:
 - a. Any organization from which the applicant will seek accreditation;
 - b. The form of on-campus educational programs the applicant will offer;
 - c. The characteristics of the children the applicant plans to serve;
 - d. The applicant's primary source of referrals;
 - e. The frequency and method by which the applicant will provide or offer psychiatric, psychological, or counseling services;
 - f. Whether the applicant will employ behavioral health practitioners, or contract for behavioral health services; and
 - g. A general description of the number and qualifications of the applicant's professional staff.
- B.** Within 10 work days of receiving a letter of intent, a licensing representative shall contact the applicant.
1. If the Licensing Authority determines that an applicant may require licensure as a behavioral health service agency under A.R.S. § 36-405 and 9 A.A.C. 20, the Licensing Authority shall refer the applicant to the Department of Health Services for evaluation. In determining whether to refer an applicant to DHS, the Licens-

ing Authority shall consider the factors set forth on Appendix 1.

2. For all other applicants, the representative shall schedule an appointment for a licensing consultation. The appointment shall occur within 45 calendar days of the date the Licensing Authority receives the letter of intent, unless the applicant requests a later consultation.
3. If DHS declines to license an applicant as a behavioral health service agency, and refers an applicant to the Department for licensure as a child welfare agency, the applicant shall contact the Licensing Authority to request a licensing consultation. The Licensing Authority shall schedule the consultation within 45 calendar days of the date of the request, unless the applicant requests a later consultation.

Historical Note

Adopted effective May 19, 1977 (Supp. 77-3). Amended subsection (O), paragraph (1) effective January 21, 1985 (Supp. 85-1). Former Section R6-5-7403 repealed; new Section R6-5-7403 filed with the Secretary of State's Office May 15, 1997; adopted effective July 1, 1997 (Supp. 97-2).

R6-5-7404. The Licensing Consultation; Time for Completion of Application

- A.** At the licensing consultation, a licensing representative shall review the licensing application form with the applicant. The licensing representative shall explain the requirements for licensure and shall advise the applicant about:
1. The information and documentation the applicant must provide to complete the application or licensing process, as set forth in R6-5-7405;
 2. The fingerprinting and background checks required by A.R.S. § 46-141 and R6-5-7431;
 3. The need for a DHS health and safety inspection of the agency and each facility, and the process for scheduling the inspection;
 4. The need to obtain a fire inspection and zoning clearance for the each facility;
 5. The need to confer with the local school district to discuss any special educational needs that the children to be served may present;
 6. The timelines for submission of application information; and
 7. The need for the Licensing Authority to conduct a site inspection as prescribed in R6-5-7406.
- B.** No later than 60 days after the licensing consultation, the applicant shall provide the Licensing Authority with a complete application package, as prescribed in R6-5-7405(A).
- C.** If the applicant cannot provide the information within 60 days, the applicant shall contact the Licensing Authority to request an extension of time. The Licensing Authority shall allow an extension for a fixed period of time, which shall not exceed 120 days past the original 60 days.
- D.** If the applicant fails to provide the information within the time periods specified in subsections (B) and (C), the Licensing Authority shall close the applicant's file and send the applicant a written notice of closure. An applicant whose file has been closed shall reapply.
- E.** For an initial application, the administrative completeness review time-frame described in A.R.S. § 41-1072(1) begins when the applicant submits the application form and the required documentation listed in R6-5-7405(A).

Historical Note

Adopted effective May 19, 1977 (Supp. 77-3). Former Section R6-5-7404 repealed; new Section R6-5-7404

Amended by final rulemaking at 24 A.A.R. 3020, effective January 1, 2019 (Supp. 18-4).

R9-10-103. Licensing Exceptions

- A. A health care institution license is required for each health care institution facility except:
1. A facility exempt from licensing under A.R.S. § 36-402, or
 2. A health care institution's administrative office.
- B. The Department does not require a separate health care institution license for:
1. A satellite facility of a hospital under A.R.S. § 36-422(F);
 2. An accredited facility of an accredited hospital under A.R.S. § 36-422(G);
 3. A facility operated by a licensed health care institution that is:
 - a. Adjacent to and contiguous with the licensed health care institution premises; or
 - b. Not adjacent to or contiguous with the licensed health care institution but connected to the licensed health care institution facility by an all-weather enclosure and:
 - i. Owned by the health care institution, or
 - ii. Leased by the health care institution with exclusive rights of possession;
 4. A mobile clinic operated by a licensed health care institution; or
 5. A facility located on grounds that are not adjacent to or contiguous with the health care institution premises where only ancillary services are provided to a patient of the health care institution.

Historical Note

New Section made by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). Amended by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

R9-10-104. Approval of Architectural Plans and Specifications

- A. For approval of architectural plans and specifications for the construction or modification of a health care institution that is required by this Chapter to comply with any of the physical plant codes and standards incorporated by reference in A.A.C. R9-1-412, an applicant shall submit to the Department an application packet including:
1. An application in a format provided by the Department that contains:
 - a. For construction of a new health care institution:

15-101. Definitions

In this title, unless the context otherwise requires:

1. "Accommodation school" means either:

(a) A school that is operated through the county board of supervisors and the county school superintendent and that the county school superintendent administers to serve a military reservation or territory that is not included within the boundaries of a school district.

(b) A school that provides educational services to homeless children or alternative education programs as provided in section 15-308, subsection B.

(c) A school that is established to serve a military reservation, the boundaries of which are coterminous with the boundaries of the military reservation on which the school is located.

2. "Assessed valuation" means the valuation derived by applying the applicable percentage as provided in title 42, chapter 15, article 1 to the full cash value or limited property value, whichever is applicable, of the property.

4. "Charter school" means a public school established by contract with the state board of education, the state board for charter schools, a university under the jurisdiction of the Arizona board of regents, a community college district or a group of community college districts pursuant to article 8 of this chapter to provide learning that will improve pupil achievement.

5. "Child with a disability" means a child with a disability as defined in section 15-761.

6. "Class A bonds" means general obligation bonds approved by a vote of the qualified electors of a school district at an election held on or before December 31, 1998.

7. "Class B bonds" means general obligation bonds approved by a vote of the qualified electors of a school district at an election held from and after December 31, 1998.

8. "Competency" means a demonstrated ability in a skill at a specified performance level.

9. "Course" means organized subject matter in which instruction is offered within a given period of time and for which credit toward promotion, graduation or certification is usually given. A course consists of knowledge selected from a subject for instructional purposes in the schools.

10. "Course of study" means a list of required and optional subjects to be taught in the schools.

11. "Dual enrollment course" means a college-level course that is conducted on the campus of a high school or on the campus of a career technical education district, that is applicable to an established community college academic degree or certificate program and that is transferable to a university under the jurisdiction of the Arizona board of regents. A dual enrollment course that is applicable to a community college occupational degree or certificate program may be transferable to a university under the jurisdiction of the Arizona board of regents.

12. "Elementary grades" means kindergarten programs and grades one through eight.

13. "Fiscal year" means the year beginning July 1 and ending June 30.

14. "Governing board" means a body organized for the government and management of the schools within a school district or a county school superintendent in the conduct of an accommodation school.
15. "Lease" means an agreement for conveyance and possession of real or personal property.
16. "Limited property value" means the value determined pursuant to title 42, chapter 13, article 7. Limited property value shall be used as the basis for assessing, fixing, determining and levying primary property taxes.
17. "Nontest" means not relating to knowledge or skills in reading, writing, mathematics, social studies, science or any other course.
18. "Parent" means the natural or adoptive parent of a child or a person who has custody of a child.
19. "Person who has custody" means a parent or legal guardian of a child, a person to whom custody of the child has been given by order of a court or a person who stands in loco parentis to the child.
20. "Primary property taxes" means all ad valorem taxes except for secondary property taxes.
21. "Private school" means a nonpublic institution where instruction is imparted.
22. "School" or "public school" means any public institution established for the purposes of offering instruction to pupils in programs for preschool children with disabilities, kindergarten programs or any combination of elementary grades or secondary grades one through twelve.
23. "School district" means a political subdivision of this state with geographic boundaries organized for the purpose of the administration, support and maintenance of the public schools or an accommodation school.
24. "Secondary grades" means grades nine through twelve.
25. "Secondary property taxes" means ad valorem taxes used to pay the principal of and the interest and redemption charges on any bonded indebtedness or other lawful long-term obligation issued or incurred for a specific purpose by a school district or a community college district and amounts levied pursuant to an election to exceed a budget, expenditure or tax limitation.
26. "Subject" means a division or field of organized knowledge, such as English or mathematics, or a selection from an organized body of knowledge for a course or teaching unit, such as the English novel or elementary algebra.

ARIZONA DEPARTMENT OF HEALTH SERVICES

January 22, 2019

Ms. Christina Corieri
Health and Human Services Policy Advisor
Office of Governor Douglas A. Ducey
1700 West Washington
Phoenix, Arizona 85007

Dear Ms. Corieri:

Pursuant to the rulemaking moratorium established by Executive Order 2019-01 (Moratorium), the Arizona Department of Health Services (Department) requests an exception from the Moratorium to comply with Laws 2018, Ch. 45, and revise rules in Arizona Administrative Code (A.A.C.) Title 9, Chapter 8, Article 1, Food and Drink.

Laws 2018, Ch. 45, amends A.R.S. § 36-136(I)(4)(g) to exempt cottage food products from public inspection by the Department; designates certain foods as cottage food products; and amends laws related to labeling and registration. Laws 2018, Ch. 45, amends A.R.S. § 36-136 (I)(13) to add that a registered food preparer must renew their registration every three years and provide to the Department updated registration information within 30 days of any change. Laws, 2018, Ch. 45, adds A.R.S. § 36-136(Q)(1) which defines a cottage food product.

With approval to proceed, the Department intends to amend the rules by expedited rulemaking to comply with new statutory requirements, reduce regulatory burden by removing obsolete requirements, and update outdated language that will improve the clarity and effectiveness of the rules. The Department believes the rulemaking meets the criteria for expedited rulemaking because the changes to be made: will not increase the cost of regulatory compliance beyond costs imposed by the statutory changes; will not increase a fee or reduce procedural rights of persons regulated; and will amend the rules, which due to Laws 2018 Ch. 45, are now outdated.

If you have any questions or would like to further discuss this request, please contact me at (602) 542-1140.

Sincerely,

Cara M. Christ, MD

Good morning, Christina!

In accordance with Executive Order 2019-01, I'm writing to convey a request for an exception from the rulemaking moratorium.

Attached is a letter for:

Revising Food and Drink Rules, 9 A.A.C. 8, Article 1- request expedited rulemaking to comply with Laws 2018, Ch. 45 that amends:

- A.R.S. § 36-136(I)(4)(g) exempting cottage food products from public inspection by the Department; designating certain foods as cottage food products; and clarifying labeling and certificate registration requirements; and
- A.R.S. § 36-136(I)(13) which requires a registered food preparer to renew their registration every three years and provide the Department updated registration information within 30 days of any change.
- Amending these rules will not increase the cost of regulatory compliance or increase fees.

These changes will comply with statutory requirements, reduce the regulatory burden, and add clarity and effectiveness to the rules by removing obsolete requirements and updating outdated language.

If you have any questions, please let us know. Thank you.

Have a great day! 😊

GOVERNOR'S REGULATORY REVIEW COUNCIL (F19-0607)
Title 1, Chapter 6, All Articles

GOVERNOR'S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - FIVE-YEAR REVIEW REPORT

MEETING DATE: June 4, 2019

TO: Members of the Governor's Regulatory Review Council (Council)

FROM: Council Staff

DATE: May 10, 2019

SUBJECT: **Governor's Regulatory Review Council (GRRC)**
Title 1, Chapter 6, Governor's Regulatory Review Council

The Five-Year-Review Report (5YRR) from the Governor's Regulatory Review Council (GRRC) relates to rules in Title 1, Chapter 6, the rules cover the following:

- **Article 1: General Rules of Procedure**
- **Article 2: Rulemaking Procedures**
- **Article 3: Five-Year Review Reports**
- **Article 5: Appeals and Petitions**

The last time a 5YRR was approved for these rules was in July 2009. In that report, GRCC indicated it would complete a rulemaking by December 2012 to amend 16 of the 17 rules in Title 1, Chapter 6. GRRC submitted a rulemaking on that 5YRR in June 2013.

Proposed Action

The Governor's Regulatory Review Council proposes to take no action regarding these rules.

1. **Has the agency analyzed whether the rules are authorized by statute?**

Yes. The Council cites both general and specific authority for these rules.

2. **Summary of the agency's economic impact comparison and identification of stakeholders:**

Stakeholders include the Council and agencies and members of the public who interact with or submit documents to the Council. There has been no change in the economic, small business, and consumer impact of these rules between now and the last time GRRC conducted a rulemaking for these rules in 2018. The rulemaking applies to all state agencies subject to Council review, currently estimated at 100 agencies. The Council stated that the economic impact of the rulemaking was expected to be minimal for all stakeholders.

3. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The Council has determined that the probable benefits of the rules outweigh any probable costs and that the rules impose the least burden and costs to regulated persons and agencies.

4. **Has the agency received any written criticisms of the rules over the last five years?**

Yes. The Council indicates it received three written comments during a 2017 rulemaking. The Council adequately responded to those comments.

5. **Has the agency analyzed the rules' clarity, conciseness, and understandability, consistency with other rules and statutes, and effectiveness?**

Yes. The Council indicates that the rules are clear, concise, understandable, effective, and consistent with other rules and statutes.

6. **Has the agency analyzed the current enforcement status of the rules?**

Yes. The Council indicates that the rules are enforced as written.

7. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

Not applicable. There is no corresponding federal law.

8. **For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

Not applicable. The rules do not require the issuance of a permit.

9. **Conclusion**

The Council proposes to take no action on these rules. GRCC staff recommends approval of this report.

6. **Are the rules clear, concise, and understandable?** Yes X No

If not, please identify the rule(s) that is not clear, concise, or understandable and provide an explanation as to how the agency plans to amend the rule(s) to improve clarity, conciseness, and understandability.

Rule	Explanation

7. **Has the agency received written criticisms of the rules within the last five years?** Yes X No

GRRC conducted rulemakings for its rules in 2018, 2017, and 2013. It did not receive any comments during the 2018 and 2013 rulemakings. However, during the 2017 rulemaking, it received three written comments which are described below. GRRC adequately responded to those comments when conducting the rulemaking.

If yes, please fill out the table below:

Commenter	Comment	Agency’s Response
Paul Swietek, Arizona Department of Public Safety (DPS)	The Commenter thanked GRRC for transitioning to electronic filing of documents. (1) The Commenter stated that GRRC does not have any stamped receipt documents for submissions. (2) The Commenter raised concerns about how electronic submissions would comply with the date for submission of documents required under R1-1-601(A) or other statutory requirements. The commenter recommended that the rules should be revised to specify that GRRC should provide an electronic receipt for submissions. The commenter further recommended creation of a generic email address for agencies to submit documents.	GRRC staff indicated that under A.R.S. 41-1024(B)(1), time limits for submission are satisfied at the time of submission, whether in electronic or paper form, rather than receipt. Therefore, an agency’s rulemaking record only needs to include proof that it made a timely submission to the Council. GRRC staff stated it would look into creating a generic GRRC email account to receive submissions.
Jane McVay, Arizona Department of Transportation (ADOT)	The commenter made three points: (1) the title of R1-6-103 refer to Council Rulemaking and Council Rule. This should be changed to “agency” as it is defined in the Administrative Procedure Act (APA). (2) The commenter noted that the new rule R1-6-201(B)(4) would require the agency to submit a copy of the current version of the rules in all rulemakings. Previously, Agencies only had to submit a copy of the existing rule only if any subsections are designated as “no change.” This is an added burden on agencies which increases the size of documents submitted to GRRC. (3) R1-6-203(A), (D)(6): the language in this proposed rule does not contain guidance to agencies on how receipt of comments by GRRC will be communicated to agencies.	GRRC staff responded to these comments as follows: (1) R1-6-103 relates only to the Council’s rules, substantive policy statements, and practices. The rule does not apply to agencies generally. The term “Council rule” in R1-6-103(A) has been changed in the NFR to “rule promulgated by the Council” to clarify that distinction. (2) The Council understands this concern. The language requiring an agency to submit a copy of the existing rule only if any subsections in the existing rule that was amended were designated as “no change” has been restored in the NFR. (3) The Council understands the commenter’s concerns. Language from R1-6-203(A) requiring Council staff to notify an agency of any written comments GRRC receives has been restored in the NFR.
Jeanne Hann, Arizona Rules LLC	The commenter thanked GRRC for transitioning to electronic filing. The commenter stated that she believes R1-6-301(A)(2) exceeds GRRC’s statutory authority under ARS 41-1056(A)(1), which only refers to a rule’s objective. There is no	GRRC staff responded to these comments as follows: (1) GRRC appreciates the commenter’s support. (2) The proposed R1-6-301(A)(2) does not exceed GRRC’s statutory authority. The term “purpose” in this context is used to provide clarity

	reference to a rule's purpose in this statute. The commenter questioned why the requirement to state a rule's purpose in a five year review report (5YRR) is in this proposed rule. Last, the commenter questioned why the time for an automatic extension of a 5YRR is being shortened	regarding one aspect of a rule's objective that agencies should focus their attention on. (3) GRRC understand's the commenter's concerns. The 120-day period for an automatic extension for a 5YRR has been restored in the NFR.

8. Economic, small business, and consumer impact comparison:

There has been no change in the economic, small business, and consumer impact of these rules between now and the last time GRRC conducted a rulemaking for these rules in 2018 and which became effective in October 2018.

At the time of the 2018 rulemaking, GRRC noted that it estimated the economic impact of the rulemaking to be minimal (less than \$1000) for all stakeholders. State agencies may face minimal costs from providing copies of public comments to the Council office and responses to public comments to the commenter and the Council. The removal of unnecessary provisions from Sections 201, 202, and 301 may provide a minimal beneficial economic impact to state agencies. The rulemaking will apply to all state agencies subject to Council review, currently estimated at 100 agencies.

9. **Has the agency received any business competitiveness analyses of the rules?** Yes ___ No ___
 ___X___

10. Has the agency completed the course of action indicated in the agency's previous five-year-review report?

The last time a Five Year Review Report (5YRR) was approved for these rules was in July 2009. In that report, GRRC staff indicated that it would complete a rulemaking by December 2012 to amend 16 of the 17 rules in Title 1, Chapter 6. GRRC conducted a rulemaking based on that 5YRR in June 2013.

GRRC had a 5YRR due in December 2013 which was rescheduled for five (5) years to December 2018. By letter dated December 31, 2018, GRRC took a one time 120-day extension to submit the 5YRR. Thus, the 5YRR is due on or before April 30, 2019.

11. A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:

GRRC has determined that the probable benefits of the rules outweigh any probable costs and that the rules impose the least burden and costs to regulated persons and agencies.

12. **Are the rules more stringent than corresponding federal laws?** Yes ___ No ___
 ___X___

Not applicable. There is no corresponding federal law.

13. For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:

These rules do not require the issuance of a permit.

14. Proposed course of action

GRRC proposes to take no action regarding these rules.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

ARTICLE 1. GENERAL RULES OF PROCEDURE**R1-6-101. Definitions**

- A.** The definitions in A.R.S. § 41-1001 apply to this Chapter.
- B.** In this Chapter:
1. "Agency head" means the chief officer of an agency or another person directly or indirectly purporting to act on behalf or under the authority of the agency head.
 2. "Chair" means the chairperson of the Council or the chairperson's designee.
 3. "Electronic copy" means a document submitted or filed by e-mail or other electronic means.
 4. "Expedited rule" means a rule made according to the procedures in A.R.S. §§ 41-1027 and 41-1053.
 5. "Five-year Review Report" means a report submitted to the Council according to the procedures in A.R.S. § 41-1056 or 41-1095.
 6. "Open Meeting Law" means A.R.S. Title 38, Chapter 3, Article 3.1.
 7. "Public Comment" means a written comment or criticism submitted to an agency that relates in whole or in part to a proposed rule or an existing rule, or a comment made at an oral proceeding held in accordance with A.R.S. § 41-1023.
 8. "Regular rule" means a rule made according to the procedures in A.R.S. §§ 41-1021 through 41-1024 and 41-1052.

Historical Note

Adopted effective May 25, 1995 (Supp. 95-2). Amended effective April 3, 1996 (Supp. 96-2). Former Section R1-6-101 renumbered to R1-6-102; new Section R1-6-101 adopted by final rulemaking at 6 A.A.R. 8, effective December 8, 1999 (Supp. 99-4). Amended by final rulemaking at 9 A.A.R. 5538, effective December 2, 2003 (Supp. 03-4). Amended by final rulemaking at 19 A.A.R. 2731, effective October 5, 2013 (Supp. 13-3). Amended by final rulemaking at 23 A.A.R. 2265, effective August 9, 2017 (Supp. 17-3). Amended by final rulemaking at 24 A.A.R. 3095, effective October 9, 2018 (Supp. 18-4).

R1-6-102. Meetings

- A.** The Chair, in consultation with the Council, shall set monthly meeting dates of the Council and a schedule containing submission deadlines based on those meeting dates for each calendar year by the preceding September 15 and shall post notice of each monthly meeting according to the Open Meeting Law.
- B.** The Chair or Council may schedule a special meeting to consider any matter it may consider at a regularly scheduled monthly meeting. The Council shall post notice of a special meeting according to the Open Meeting Law at least 24 hours before the special meeting.
- C.** The Council may recess a regularly scheduled monthly or special meeting to a later date if, before recessing, the Chair gives notice of the date and time of the resumption of the meeting and posts a notice of resumption of the meeting according to the Open Meeting Law.
- D.** The Chair may temporarily adjourn or recess a regularly scheduled monthly or special meeting on the meeting day in an effort to ensure that a quorum of the Council is present.
- E.** For the purpose of responding to questions from the Council, a representative of an agency shall appear at a Council meeting at which the agency has been notified that its rule or five-year review report is on the agenda for consideration.

Historical Note

Adopted effective December 16, 1987 (Supp. 87-4). Section repealed, new Section adopted effective May 25,

1995 (Supp. 95-2). Amended effective April 3, 1996 (Supp. 96-2). Former Section R1-6-102 renumbered to R1-6-103; new Section R1-6-102 renumbered from R1-6-101 and amended by final rulemaking at 6 A.A.R. 8, effective December 8, 1999 (Supp. 99-4). Amended by final rulemaking at 17 A.A.R. 1410, effective September 5, 2011 (Supp. 11-3). Amended by final rulemaking at 19 A.A.R. 2731, effective October 5, 2013 (Supp. 13-3). Amended by final rulemaking at 23 A.A.R. 2265, effective August 9, 2017 (Supp. 17-3).

R1-6-103. Submitting a Petition for Council Rulemaking or Review

- A.** A person may petition the Council under A.R.S. § 41-1033(A) for a:
1. Rulemaking action relating to a rule promulgated by the Council, including making a new rule or amending or repealing an existing rule; or
 2. Review of an existing Council practice or substantive policy statement alleged to constitute a rule.
- B.** To act under A.R.S. § 41-1033(A) and this Section, a person shall submit to the Council office one electronic copy of a petition, in the form of a letter signed by the person submitting the petition, that includes the following information:
1. Name, mailing address, e-mail address, and telephone number of the person submitting the petition;
 2. Name of any person represented by the person submitting the petition; and
 3. If the petition is for rulemaking action:
 - a. A statement of the rulemaking action sought, including the *Arizona Administrative Code* citation of all existing rules, and the specific language of a new rule or rule amendment; and
 - b. Reasons for the rulemaking action, including an explanation of why an existing rule is inadequate, unreasonable, unduly burdensome, or unlawful;
 4. If the petition is for a review of an existing practice or substantive policy statement:
 - a. Subject matter of the existing practice or substantive policy statement, and
 - b. Reasons why the existing practice or substantive policy statement constitutes a rule.
- C.** The petition shall not exceed five double-spaced pages and shall be in a clear and legible typeface.
- D.** A person may submit supporting information with a petition, including:
1. Statistical data; and
 2. A list of other persons likely to be affected by the rulemaking action or the review, with an explanation of the likely effects.
- E.** The Council shall send a letter in response to the petition no later than 60 calendar days after the date the Council receives the petition.

Historical Note

Adopted effective December 16, 1987 (Supp. 87-4). Section repealed, new Section adopted effective May 25, 1995 (Supp. 95-2). Amended effective April 3, 1996 (Supp. 96-2). R1-6-104. A.R.S. § 41-1008(E) Extension Requests

- A.** Under A.R.S. § 41-1008(E), an agency may file a written request for an extension of the two-year period during which a fee established or increased by exempt rulemaking is effective.
- B.** The agency shall file a request, in the form of a letter signed by the agency head, at least 40 days before expiration of the two-year period so that the request may be considered at a regularly scheduled Council meeting. The agency representative filing a request shall submit to the Council office one electronic copy of the request. The request shall contain:
1. The name, mailing address, e-mail address, and telephone number of the agency and the agency representative filing the request;
 2. The statutory authority under which the request is allowed;
 3. The length of the extension sought;
 4. The reasons why the two-year period should be extended; and
 5. Other supporting information, such as statistical data or a description of persons likely to be adversely affected if the request is denied, if applicable.
- C.** The request shall not exceed five double-spaced pages and shall be in a clear and legible typeface.
- D.** The Council shall schedule consideration of the request for a Council meeting as soon as practicable after receipt of the agency's request.
- E.** Within seven calendar days after the Council's decision on the request, the Chair shall provide written notification of the Council's decision to the affected agency head, including the reasons for and date of the decision.

ARTICLE 2. RULEMAKING PROCEDURES**R1-6-201. Submitting a Regular Rule**

A. To submit a regular rule for consideration by the Council, an agency shall submit to the Council office one electronic copy of each rulemaking document that follows, prepared in the manner required by this subsection and the rules of the Office of the Secretary of State:

1. A request for approval, in the form of a cover letter signed by the agency head. The cover letter shall specify:
 - a. The close of record date;

- b. Whether the rulemaking activity relates to a five-year review report and, if applicable, the date the report was approved by the Council;
- c. Whether the rule establishes a new fee and, if it does, citation of the statute expressly authorizing the new fee;
- d. Whether the rule contains a fee increase;
- e. Whether an immediate effective date is requested for the rule under A.R.S. § 41-1032;
- f. A certification that the preamble discloses a reference to any study relevant to the rule that the agency reviewed and either did or did not rely on in the agency's evaluation of or justification for the rule;
- g. If one or more full-time employees are necessary to implement and enforce the rule, a certification that the preparer of the economic, small business, and consumer impact statement has notified the Joint Legislative Budget Committee of the number of new full-time employees necessary to implement and enforce the rule; and
- h. A list of all documents enclosed.

2. A Notice of Final Rulemaking, including the preamble, table of contents for the rulemaking, and text of each rule;
 3. An economic, small business, and consumer impact statement that contains the information required by A.R.S. § 41-1055;
 4. The written comments received by the agency concerning the proposed rule and a written record, transcript, or minutes of any testimony received if the agency maintains a written record, transcript, or minutes;
 5. Any analysis submitted to the agency regarding the rule's impact on the competitiveness of businesses in this state as compared to the competitiveness of businesses in other states;
 6. Material incorporated by reference, if any;
 7. The general and specific statutes authorizing the rule, including relevant statutory definitions; and
 8. If a term is defined in the rule by referring to another rule or a statute other than the general and specific statutes authorizing the rule, the statute or other rule referred to in the definition.
- B. After a rule is placed on a Council agenda, Council staff shall review the rule for compliance with the requirements of A.R.S. §§ 41-1021 through 41-1024 and 41-1052 and this Chapter and may ask questions or suggest changes to the agency. If the agency revises any rulemaking document in response to a question or suggested change, the agency shall submit one electronic copy of the revised rulemaking document to the Council for review.
- C. After a rule is placed on a Council agenda, an agency may have the rule moved to the agenda of a later meeting by having the agency head send a written notice to the Chair that includes the date of the later meeting. If the agency makes a subsequent request that the rule be moved, the Chair may grant or deny the request at the Chair's discretion.
- D. Council staff shall notify the agency of any written comments received by the Council related to an agency's rulemaking.
- E. If it is necessary for a rule to be heard at more than one Council meeting, the agency shall submit any revised documents for the later meeting, consistent with this Section.
- F. An agency shall respond to any public comment received in accordance with A.R.S. § 41-1023. An agency shall provide a copy of its response to the commenter and the Council office.

R1-6-202. Submitting an Expedited Rule

- A.** To submit an expedited rule for consideration by the Council, an agency shall submit to the Council office one electronic copy of each rulemaking document that follows, prepared in the manner required by this subsection and the rules of the Office of the Secretary of State:
1. A request for approval, in the form of a cover letter signed by the agency head. The cover letter shall specify:
 - a. The close of record date;
 - b. An explanation of how the expedited rule meets the criteria in A.R.S. § 41-1027(A);
 - c. Whether the rulemaking activity relates to a five-year review report and, if applicable, the date the report was approved by the Council;
 - d. A certification that the preamble discloses a reference to any study relevant to the rule that the agency reviewed and either did or did not rely on in the agency's evaluation of or justification for the rule; and
 - e. A list of all documents enclosed.
 2. A Notice of Final Expedited Rulemaking, including the preamble, table of contents for the rulemaking, and text of each rule;
 3. The written comments, including objections that the rulemaking does not meet the criteria in A.R.S. § 41-1027(A), received by the agency or contained in a notice concerning the proposed rule;
 4. Any analysis submitted to the agency regarding the rule's impact on the competitiveness of businesses in this state as compared to the competitiveness of businesses in other states;
 5. Material incorporated by reference, if any;
 6. For a statute declared unconstitutional, the court's decision;
 7. The general and specific statutes authorizing the rule, including relevant statutory definitions;
 8. If a term is defined in the rule by referring to another rule or a statute other than the general and specific statutes authorizing the rule, the statute or other rule referred to in the definition.
- B.** After a rule is placed on a Council agenda, Council staff shall review the rule for compliance with the requirements of A.R.S. §§ 41-1027, 41-1053, and this Chapter and may ask questions or suggest changes to the agency. If the agency revises any rulemaking document in response to a question or suggested change, the agency shall submit one electronic copy of the revised rulemaking document to the Council for review.
- C.** After a rule is placed on a Council agenda, an agency may have the rule moved to the agenda of a later meeting by having the agency head send a written notice to the Chair that includes the date of the later meeting. If the agency makes a subsequent request that the rule be moved, the Chair may grant or deny the request at the Chair's discretion.
- D.** An agency shall respond to any public comment received in accordance with A.R.S. § 41-1023. An agency shall provide a copy of the response to the commenter and an electronic copy to the Council office.

CHAPTER 6. GOVERNOR'S REGULATORY REVIEW COUNCIL

A.A.R. 2265, effective August 9, 2017 (Supp. 17-3).

R1-6-205. Filing a Regular or Expedited Rule Approved by the Council

- A.** If the Council approves a final regular or expedited rule as submitted, an agency shall file the final regular or expedited rule according to the rules of the Office of the Secretary of State.
- B.** If the Council approves a final regular or expedited rule subject to the agency making changes as directed by the Council, and the agency submits the rulemaking documents required by R1-6-204:
1. Council staff shall verify whether each change required by the Council was made.
 2. Once Council staff notifies the agency that the verification process is complete, the agency shall file the final regular or expedited rule according to the rules of the Office of the Secretary of State.
 3. If an agency submits a revised preamble; table of contents; rule; or economic, small business, and consumer impact statement that does not contain the exact words approved by the Council, Council staff shall notify the agency and require that the items be submitted as approved or schedule the matter for reconsideration by the Council.
- C.** Except as specified in subsection (B), an agency shall not make any change to a preamble; table of contents; rule; economic, small business, and consumer impact statement; or materials incorporated by reference after Council approval.

Historical Note

R1-6-206. Returned Rules

The Council may vote to return a preamble; table of contents; rule; or economic, small business, and consumer impact statement under A.R.S. § 41-1052(C), after identifying the manner in which the returned portion does not meet the standards at A.R.S. § 41-1052(D) through (G).

1. The Council may schedule a date for resubmission in consultation with the agency representative.
2. An agency shall resubmit the notice, with a revised preamble; table of contents; rule; or economic, small business, and consumer impact statement to the Council, and attach to each resubmitted document a letter that:
 - a. Identifies all changes made in response to the Council's explanation for the returned portion,
 - b. Explains how the changes ensure that the document meets the standards at A.R.S. § 41-1052(D) through (G), and
 - c. If applicable, shows that the resubmitted rule is not substantially different from the proposed rule under the standards in A.R.S. § 41-1025.
3. In accordance with R1-6-102, an agency representative shall appear at the Council meeting at which the resubmitted notice, with a revised preamble, table of contents, or rule, or economic, small business, and consumer impact statement is to be considered for legal action.

ARTICLE 3. FIVE-YEAR REVIEW REPORTS**R1-6-301. Submitting a Five-year Review Report**

- A.** To submit a five-year review report for consideration by the Council, an agency shall submit to the Council office one electronic copy of the cover letter signed by the agency head and the five-year review report required by A.R.S. § 41-1056. The agency shall concisely analyze and provide the following information in the five-year review report in the following order for each rule:
1. General and specific statutes authorizing the rule, including any statute that authorizes the agency to make rules;
 2. Objective of the rule, including the purpose for the existence of the rule;
 3. Effectiveness of the rule in achieving the objective, including a summary of any available data supporting the conclusion reached;
 4. Consistency of the rule with state and federal statutes and other rules made by the agency, and a listing of the statutes or rules used in determining the consistency;
 5. Agency enforcement policy, including whether the rule is currently being enforced and, if so, whether there are any problems with enforcement;
 6. Clarity, conciseness, and understandability of the rule;
 7. Summary of any written criticism of the rule received by the agency within the five years immediately preceding the five-year review report. An agency shall respond to any written criticism and shall provide a copy of its response to the commenter;
 8. A comparison of the estimated economic, small business, and consumer impact of the rule with the economic, small business, and consumer impact statement prepared on the last making of the rule or, if no economic, small business, and consumer impact statement was prepared on the last making of the rule, an assessment of the actual economic, small business, and consumer impact of the rule;
 9. Any analysis submitted to the agency by another person regarding the rule's impact on this state's business competitiveness as compared to the competitiveness of businesses in other states;
 10. If applicable, how the agency completed the course of action indicated in the agency's previous five-year review report;
 11. A determination after analysis that the probable benefits of the rule within this state outweigh the probable costs of the rule, and the rule imposes the least burden and costs to persons regulated by the rule, including paperwork and other compliance costs necessary to achieve the underlying regulatory objective;
 12. A determination after analysis that the rule is not more stringent than a corresponding federal law unless there is statutory authority to exceed the requirements of that federal law;
 13. For a rule adopted after July 29, 2010, that requires issuance of a regulatory permit, license or agency authorization

CHAPTER 6. GOVERNOR'S REGULATORY REVIEW COUNCIL

- tion, whether the rule complies with A.R.S. § 41-1037; and
14. Course of action the agency proposes to take regarding each rule, including the month and year in which the agency anticipates submitting the rules to the Council if the agency determines it is necessary to amend or repeal an existing rule, or to make a new rule. If no issues are identified for a rule in the report, an agency may indicate that no action is necessary for the rule.
- B.** In addition to the documents required in subsection (A), an agency shall submit one electronic copy of the cover letter. The cover letter shall provide the following information:
1. A person to contact for information regarding the report,
 2. Any rule that is not reviewed with the intention that the rule will expire under A.R.S. § 41-1056(J),
 3. Any rule that is not reviewed because the Council rescheduled the review of an article under A.R.S. § 41-1056(H), and
 4. The certification that the agency is in compliance with A.R.S. § 41-1091.
- C.** After a five-year review report is placed on a Council agenda, Council staff shall review the report for compliance with the requirements of A.R.S. § 41-1056 and this Chapter and may ask questions or suggest changes to the agency. If the agency revises any document in response to a question or suggested change, the agency shall submit one electronic copy of the revised document to the Council for review.
- D.** After a five-year review report is placed on a Council agenda, an agency may have the report moved to the agenda of a later meeting by having the agency head submit one electronic copy of a written notice to Council staff that includes the date of the later meeting. If the agency makes a subsequent request to have a five-year review report moved, the Chair may grant or deny the request at the Chair's discretion.

R1-6-302. Rescheduling a Five-year Review Report

- A.** To request that a five-year review report be rescheduled under A.R.S. § 41-1056(H), an agency head shall submit one electronic copy of a letter to the Chair before the report is due that includes the following information:
1. The Title, Chapter, and Article of the rules for which rescheduling is sought;
 2. Whether the rules were initially made or substantially revised with an effective date or date of Council approval that is within two years before the due date of the report; and
 - a. If substantially revised:
 - i. A description of the revisions,
 - ii. Why the revisions are believed to be substantial,
 - iii. The date of Council approval of the rules, if applicable, and

- iv. The date on which the rules were published in the Register by the Office of the Secretary of State and the effective date of the rules; or
 - b. If initially made:
 - i. The date of Council approval of the rules, if applicable, and
 - ii. The date on which the rules were published in the Register by the Office of the Secretary of State and the effective date of the rules.
- B.** The Chair, in the Chair's discretion, may grant the rescheduling of a five-year review report for the rules within an Article that meet the requirements of this Section.
- C.** The Chair may, on the Chair's own initiative, reschedule a five-year review report if all rules within an Article meet the requirements of this Section.

Historical Note

New Section renumbered from R1-6-301 and amended by final rulemaking at 6 A.A.R. 8, effective December 8, 1999 (Supp. 99-4). R1-6-305. Returned Five-year Review Reports

CHAPTER 6. GOVERNOR'S REGULATORY REVIEW COUNCIL

The Council may vote to return, in whole or in part, a five-year review report after identifying the manner in which the five-year review report does not meet the standards in A.R.S. § 41-1056(A).

1. The Council, in consultation with the agency, shall schedule submission of a revised report.
2. An agency submitting a revised five-year review report shall attach to the revised report a letter that:
 - a. Identifies all changes made in response to the Council's explanation for return of the five-year review report, and
 - b. Explains how the changes ensure that the five-year review report meets the standards in A.R.S. § 41-1056(A).

Historical Note

New Section R1-6-305 made by final rulemaking at 19 A.A.R. 2731, effective October 5, 2013 (Supp. 13-3). Amended by final rulemaking at 23 A.A.R. 2265, effective August 9, 2017 (Supp. 17-3).

ARTICLE 4. APPEALS AND PETITIONS**R1-6-401. Applicability**

For purposes of this Article, the term "petition or appeal" refers to the following:

1. The A.R.S. § 41-1008(G) Petition for an alternative expiration date for fees established or increased by exempt rulemaking;
2. The A.R.S. § 41-1033(E) Appeal of an agency's decision on a petition requesting the making of a final rule or a review of an existing agency practice or substantive policy statement that the petitioner alleges to constitute a rule;
3. The A.R.S. § 41-1033(F) Petition to request a review of a final rule based on a person's belief that a final rule does not meet the requirements prescribed in A.R.S. § 41-1030;
4. The A.R.S. § 41-1033(G) Petition to request a review of an existing agency practice, substantive policy statement, final rule, or regulatory licensing requirement that is not specifically authorized by statute pursuant to Title 32 based on the person's belief that the existing agency practice, substantive policy statement, final rule or regulatory licensing requirement is unduly burdensome or is not demonstrated to be necessary to specifically fulfill a public health, safety or welfare concern;
5. Pursuant to A.R.S. § 41-1033(H), the Council's receipt of information indicating that an existing agency practice or substantive policy statement may constitute a rule or that a final rule does not meet the requirements prescribed in A.R.S. § 41-1030 or that an existing agency practice, substantive policy statement, final rule or regulatory licensing requirement does not meet the guidelines prescribed under A.R.S. § 41-1033(G);
6. The A.R.S. § 41-1052(B) Early Review Petition;
7. The A.R.S. § 41-1055(E) Petition for a determination that an agency is not required to file an economic, small business, and consumer impact statement;
8. The A.R.S. § 41-1056(M) Petition to require an agency that has an obsolete rule to consider including the rule in a five-year review report with a recommendation for repeal of the rule;
9. The A.R.S. § 41-1056(N) Petition to require an agency to consider including a recommendation for reducing a licensing time frame in a five-year review report;
10. The A.R.S. § 41-1056.01(D) Appeal related to the economic, small business, and consumer impact of a rule; and

11. The A.R.S. § 41-1081(F) Appeal of a delegation agreement.

R1-6-402. Filing of Petitions or Appeals; Agency Response; Council Decision

- A. A person filing a petition or appeal shall submit to the Council one electronic copy of the petition or appeal. The petition or appeal shall contain:
 1. The name, mailing address, e-mail address, and telephone number of the person filing the petition or appeal;
 2. The name of the person being represented by the person filing the petition or appeal, if applicable;
 3. The reasons for submitting the petition or appeal, including relevant facts, laws, and statutory authority;
 4. The reasons why the Council should grant the petition or appeal; and
 5. Any supporting documents relevant to the petition or appeal.
- B. The petition or appeal shall not exceed five double-spaced pages and shall be in a clear and legible typeface.
- C. If applicable, the Council shall notify the affected agency head of the petition or appeal by 5:00 p.m. of the business day following receipt of the petition or appeal. The agency may submit a response to the petition or appeal to the Council.
- D. When required by statutes, within 14 calendar days after a petition or appeal is received by the Council, the Chair shall send written notice to the person filing the petition or appeal and the affected agency head stating whether the required number of Council members have requested that a given petition or appeal be considered at a Council meeting.
- E. No later than seven calendar days after the Council renders a decision on a petition or appeal, the Chair shall send a letter to the affected agency head and the person filing the petition, advising them of the reasons for, and date of, the decision.

Historical Note

R1-6-403. Additional Requirements for an Appeal of a Delegation Agreement

- A. Under A.R.S. § 41-1081(F), a person who has filed a written comment with a delegating agency in objection to all or part of a proposed delegation agreement may, within thirty days after the agency gives written notice of its decision pursuant to A.R.S. § 41-1081(E), appeal an agency's decision to enter into a delegation agreement.
- B. In addition to the information required by R1-6-402(A), an appeal of a delegation agreement shall contain:
 1. The name of each agency and each political subdivision entering into the delegation agreement;
 2. The subject matter of the delegation agreement;

CHAPTER 6. GOVERNOR'S REGULATORY REVIEW COUNCIL

3. Copies of all written comments made by the appellant that object to the delegation agreement and have been filed with the delegating agency; and
 4. The reasons why the appellant is objecting to the delegation agreement and filing the appeal.
- C.** The Council shall notify the delegating agency head of an appeal of a delegation agreement by 5:00 p.m. of the business day following receipt of the appeal.
- D.** The delegating agency head shall submit electronic copies of the following information and documentation by 5:00 p.m. on the third business day following notification by the Council of the appeal:
1. A memorandum that includes:
 - a. The date the delegating agency gave written notice of the decision to enter into the delegation agreement;
 - b. The dates of all public proceedings regarding the delegation agreement; and
 - c. The name, mailing address, e-mail address, and telephone number of the contact persons for each agency and each political subdivision involved in the agreement.
 2. A copy of the delegation agreement; and
 3. The agency's written summary, prepared as required by A.R.S. § 41-1081(E), responding to all oral or written comments received by the agency regarding the delegation agreement.

Historical Note

R1-6-404. Additional Requirements for an Appeal Related to the Economic, Small Business, and Consumer Impact of a Rule

- A.** Under A.R.S. § 41-1056.01(D), a person who is or may be affected by an agency's final decision on a petition filed pursuant to A.R.S. § 41-1056.01(A) may, within thirty days of publication of the decision, file an appeal.
- B.** In addition to the information required by R1-6-402(A), an appeal of an agency's final decision on a petition filed pursuant to A.R.S. § 41-1056.01(A) shall contain a statement indicating how the person filing the appeal is or may be affected by the agency's decision.
- C.** The Council shall notify the affected agency head of an appeal of an agency's final decision on a petition filed pursuant to A.R.S. § 41-1056.01(A) by 5:00 p.m. of the business day following receipt of the appeal.
- D.** The affected agency head shall submit electronic copies of the following information and documentation by 5:00 p.m. on the third business day following notification by the Council of the appeal:
 1. A memorandum that includes:
 - a. The date of publication of the agency's final decision under A.R.S. § 41-1056.01(C);
 - b. The name, mailing address, e-mail address, and telephone number of the agency's contact person; and
 - c. Reasons why the agency believes that:
 - i. The actual economic, small business, and consumer impact did not significantly exceed the estimated economic, small business, and consumer impact;
 - ii. The actual economic, small business, and consumer impact was estimated on approval of the rule and the impact does not impose a significant burden on persons subject to the rule; or

- iii. The agency selected the alternative that imposes the least burden and costs to persons regulated by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective.
2. A copy of final judgments, if any, issued by a court of competent jurisdiction that are based on whether the contents of the rule's economic, small business, and consumer impact statement were insufficient or inaccurate;
3. A copy of the rule being appealed; and
4. A copy of the agency's written summary of comments received, the agency's response to those comments, and the agency's final decision on whether to initiate rulemaking, prepared and published as required by A.R.S. § 41-1056.01(C).

41-1001.01. Regulatory bill of rights; small businesses

A. To ensure fair and open regulation by state agencies, a person:

1. Is eligible for reimbursement of fees and other expenses if the person prevails by adjudication on the merits against an agency in a court proceeding regarding an agency decision as provided in section 12-348.
2. Is eligible for reimbursement of the person's costs and fees if the person prevails against any agency in an administrative hearing as provided in section 41-1007.
3. Is entitled to have an agency not charge the person a fee unless the fee for the specific activity is expressly authorized as provided in section 41-1008.
4. Is entitled to receive the information and notice regarding inspections and audits prescribed in section 41-1009.
5. May review the full text or summary of all rulemaking activity, the summary of substantive policy statements and the full text of executive orders in the register as provided in article 2 of this chapter.
6. May participate in the rulemaking process as provided in articles 3, 4, 4.1 and 5 of this chapter, including:
 - (a) Providing written comments or testimony on proposed rules to an agency as provided in section 41-1023 and having the agency adequately address those comments as provided in section 41-1052, subsection D, including comments or testimony concerning the information contained in the economic, small business and consumer impact statement.
 - (b) Filing an early review petition with the governor's regulatory review council as provided in article 5 of this chapter.
 - (c) Providing written comments or testimony on rules to the governor's regulatory review council during the mandatory sixty-day comment period as provided in article 5 of this chapter.
7. Is entitled to have an agency not base a licensing decision in whole or in part on licensing conditions or requirements that are not specifically authorized by statute, rule or state tribal gaming compact as provided in section 41-1030, subsection B.
8. Is entitled to have an agency not make a rule under a specific grant of rulemaking authority that exceeds the subject matter areas listed in the specific statute or not make a rule under a general grant of rulemaking authority to supplement a more specific grant of rulemaking authority as provided in section 41-1030, subsection C.
9. May allege that an existing agency practice or substantive policy statement constitutes a rule and have that agency practice or substantive policy statement declared void because the practice or substantive policy statement constitutes a rule as provided in section 41-1033.
10. May file a complaint with the administrative rules oversight committee concerning:
 - (a) A rule's, practice's or substantive policy statement's lack of conformity with statute or legislative intent as provided in section 41-1047.
 - (b) An existing statute, rule, practice alleged to constitute a rule or substantive policy statement that is alleged to be duplicative or onerous as provided in section 41-1048.
11. May have the person's administrative hearing on contested cases and appealable agency actions heard by an independent administrative law judge as provided in articles 6 and 10 of this chapter.

12. May have administrative hearings governed by uniform administrative appeal procedures as provided in articles 6 and 10 of this chapter and may appeal a final administrative decision by filing a notice of appeal pursuant to title 12, chapter 7, article 6.
 13. May have an agency approve or deny the person's license application within a predetermined period of time as provided in article 7.1 of this chapter.
 14. Is entitled to receive written notice from an agency on denial of a license application:
 - (a) That justifies the denial with references to the statutes or rules on which the denial is based as provided in section 41-1076.
 - (b) That explains the applicant's right to appeal the denial as provided in section 41-1076.
 15. Is entitled to receive information regarding the license application process before or at the time the person obtains an application for a license as provided in sections 41-1001.02 and 41-1079.
 16. May receive public notice and participate in the adoption or amendment of agreements to delegate agency functions, powers or duties to political subdivisions as provided in section 41-1026.01 and article 8 of this chapter.
 17. May inspect all rules and substantive policy statements of an agency, including a directory of documents, in the office of the agency director as provided in section 41-1091.
 18. May file a complaint with the office of the ombudsman-citizens aide to investigate administrative acts of agencies as provided in chapter 8, article 5 of this title.
 19. Unless specifically authorized by statute, may expect state agencies to avoid duplication of other laws that do not enhance regulatory clarity and to avoid dual permitting to the extent practicable as prescribed in section 41-1002.
 20. May have the person's administrative hearing on contested cases pursuant to title 23, chapter 2 or 4 heard by an independent administrative law judge as prescribed by title 23, chapter 2 or 4.
 21. Pursuant to section 41-1009, subsection E, may correct deficiencies identified during an inspection unless otherwise provided by law.
- B. The enumeration of the rights listed in subsection A of this section does not grant any additional rights that are not prescribed in the sections referenced in subsection A of this section.
- C. Each state agency that conducts audits, inspections or other regulatory enforcement actions pursuant to section 41-1009 shall create and clearly post on the agency's website a small business bill of rights. The agency shall create the small business bill of rights by selecting the applicable rights prescribed in this section and section 41-1009 and any other agency-specific statutes and rules. The agency shall provide a written document of the small business bill of rights to the authorized on-site representative of the regulated small business. In addition to the rights listed in this section and section 41-1009, the agency notice of the small business bill of rights shall include the process by which a small business may file a complaint with the agency employees who are designated to assist members of the public or regulated community pursuant to section 41-1006. The notice must provide the contact information of the agency's designated employees. The agency notice must also state that if the regulated person has already made a reasonable effort with the agency to resolve the problem and still has not been successful, the regulated person may contact the office of ombudsman-citizens aide.

41-1023. Public participation; written statements; oral proceedings

- A. After providing notice of docket openings, an agency may meet informally with any interested party for the purpose of discussing the proposed rule making action. The agency may solicit comments, suggested language or other input on the proposed rule. The agency may publish notice of these meetings in the register.
- B. For at least thirty days after publication of the notice of the proposed rule making, an agency shall afford persons the opportunity to submit in writing statements, arguments, data and views on the proposed rule, with or without the opportunity to present them orally.
- C. An agency shall schedule an oral proceeding on a proposed rule if, within thirty days after the published notice of proposed rule making, a written request for an oral proceeding is submitted to the agency personnel listed pursuant to section 41-1021, subsection B.
- D. An oral proceeding on a proposed rule may not be held earlier than thirty days after notice of its location and time is published in the register. The agency shall determine a location and time for the oral proceeding which affords a reasonable opportunity to persons to participate. The oral proceeding shall be conducted in a manner that allows for adequate discussion of the substance and the form of the proposed rule, and persons may ask questions regarding the proposed rule and present oral argument, data and views on the proposed rule.
- E. The agency, a member of the agency or another presiding officer designated by the agency shall preside at an oral proceeding on a proposed rule. If the agency does not preside, the presiding official shall prepare a memorandum for consideration by the agency summarizing the contents of the presentations made at the oral proceeding. Oral proceedings must be open to the public and recorded by stenographic or other means.
- F. Each agency may make rules for the conduct of oral rule making proceedings. Those rules may include provisions calculated to prevent undue repetition in the oral proceedings.

41-1027. Expedited rulemaking

A. An agency may conduct expedited rulemaking pursuant to this section if the rulemaking does not increase the cost of regulatory compliance, increase a fee or reduce procedural rights of persons regulated and does one or more of the following:

1. Amends or repeals rules made obsolete by repeal or supersession of an agency's statutory authority.
2. Amends or repeals rules for which the statute on which the rule is authorized has been declared unconstitutional by a court with jurisdiction, there is a final judgment and no statute has been enacted to replace the unconstitutional statute.
3. Corrects typographical errors, makes address or name changes or clarifies language of a rule without changing its effect.
4. Adopts or incorporates by reference without material change federal statutes or regulations pursuant to section 41-1028, statutes of this state or rules of other agencies of this state.
5. Reduces or consolidates steps, procedures or processes in the rules.
6. Amends or repeals rules that are outdated, redundant or otherwise no longer necessary for the operation of state government.
7. Implements, without material change, a course of action that is proposed in a five-year review report approved by the council pursuant to section 41-1056 within one hundred eighty days of the date that the agency files the proposed expedited rulemaking with the secretary of state.
8. Adopts, without material change, rules of another agency of this state that has been or imminently will be consolidated into the agency.

B. An agency shall deliver a notice of proposed expedited rulemaking to the governor, the president of the senate, the speaker of the house of representatives, the committee and the council. The notice shall contain the name, address and telephone number of the agency contact person and the exact wording of the proposed expedited rulemaking and indicate how the proposed expedited rulemaking achieves the purpose prescribed in subsection A of this section.

C. On delivery of the notice required in subsection B of this section, the agency shall file the notice of proposed expedited rulemaking with the secretary of state for publication in the next state administrative register. The agency and the council shall post the notice of proposed expedited rulemaking on their respective websites and shall allow any person to provide written comment for at least thirty days after posting the notice. The agency shall adequately respond in writing to the comments on the proposed expedited rulemaking.

D. An agency may not submit a final expedited rule to the council that is substantially different from the proposed rule contained in the notice of proposed expedited rulemaking. However, an agency may terminate an expedited rulemaking proceeding and commence a new rulemaking proceeding for the purpose of making a substantially different rule. An agency shall use the criteria prescribed in section 41-1025, subsection B for determining whether a final expedited rule is substantially different from the proposed expedited rule.

E. After adequately addressing, in writing, any written objections, an agency shall file a request for approval with the council. The request shall contain the notice of final expedited rulemaking and the agency's responses to any written comments. The council may require a representative of an agency whose expedited rulemaking is under examination to attend a council meeting and answer questions. The council may communicate to the agency its comments on the expedited rulemaking within the scope of subsection A of this section and require the agency to respond to its comments or testimony in writing. A person may submit written comments to the council that are within the scope of subsection A of this section.

F. Before an agency files a notice of final expedited rulemaking with the secretary of state, the council shall approve any expedited rulemaking. The council shall not approve the rule unless:

1. The rule satisfies the criteria for expedited rulemaking pursuant to subsection A of this section.
2. The rule is clear, concise and understandable.
3. The rule is not illegal, inconsistent with legislative intent or beyond the agency's statutory authority.
4. The agency, in writing, adequately addressed the comments on the proposed rule and any supplementary proposal.
5. If applicable, the permitting requirements comply with section 41-1037.
6. The rule is not a substantial change, considered as a whole, from the proposed rule and any supplementary proposal.
7. The rule imposes the least burden and costs to persons regulated by the rule.

G. On receipt of council approval, the agency shall file a notice of final expedited rulemaking and the council's certificate of approval with the secretary of state.

H. The expedited rulemaking becomes effective immediately on the filing of the notice of final expedited rulemaking.

41-1033. Petition for a rule or review of an agency practice, substantive policy statement, final rule or unduly burdensome licensing requirement; notice

A. Any person may petition an agency to do either of the following:

1. Make, amend or repeal a final rule.
2. Review an existing agency practice or substantive policy statement that the petitioner alleges to constitute a rule.

B. An agency shall prescribe the form of the petition and the procedures for the petition's submission, consideration and disposition. The person shall state on the petition the rulemaking to review or the agency practice or substantive policy statement to consider making into a rule.

C. Not later than sixty days after submission of the petition, the agency shall either:

1. Reject the petition and state its reasons in writing for denial to the petitioner.
2. Initiate rulemaking proceedings in accordance with this chapter.
3. If otherwise lawful, make a rule.

D. The agency's response to the petition is open to public inspection.

E. If an agency rejects a petition pursuant to subsection C of this section, the petitioner has thirty days to appeal to the council to review whether the existing agency practice or substantive policy statement constitutes a rule. The council chairperson shall place this appeal on the agenda of the council's next meeting if at least three council members make such a request of the council chairperson within two weeks after the filing of the appeal.

F. A person may petition the council to request a review of a final rule based on the person's belief that the final rule does not meet the requirements prescribed in section 41-1030.

G. A person may petition the council to request a review of an existing agency practice, substantive policy statement, final rule or regulatory licensing requirement that is not specifically authorized by statute pursuant to title 32 based on the person's belief that the existing agency practice, substantive policy statement, final rule or regulatory licensing requirement is unduly burdensome or is not demonstrated to be necessary to specifically fulfill a public health, safety or welfare concern. If the council determines that the existing agency practice, substantive policy statement, final rule or regulatory licensing requirement applies to a profession for which the average wage in that profession in this state does not exceed two hundred percent of the federal poverty guidelines for a family of four, the council shall review the existing agency practice, substantive policy statement, final rule or regulatory licensing requirement as prescribed by this section. This subsection does not apply to an individual or institution that is subject to title 36, chapter 4, article 10 or chapter 20.

H. If the council receives information that indicates an existing agency practice or substantive policy statement may constitute a rule, that a final rule does not meet the requirements prescribed in section 41-1030 or that an existing agency practice, substantive policy statement, final rule or regulatory licensing requirement does not meet the guidelines prescribed in subsection G of this section and at least four council members request of the chairperson that the matter be heard in a public meeting:

1. Within ninety days after receipt of the fourth council member's request, the council shall determine whether the agency practice or substantive policy statement constitutes a rule, whether the final rule meets the requirements prescribed in section 41-1030 or whether an existing agency practice, substantive policy statement, final rule or regulatory licensing requirement meets the guidelines prescribed in subsection G of this section.

2. Within ten days after receipt of the fourth council member's request, the council shall notify the agency that the matter has been or will be placed on an agenda.
 3. Not later than thirty days after receiving notice from the council, the agency shall submit a statement to the council that addresses whether the existing agency practice, substantive policy statement constitutes a rule or whether the final rule meets the requirements prescribed in section 41-1030 or whether an existing agency practice, substantive policy statement, final rule or regulatory licensing requirement meets the guidelines prescribed in subsection G of this section.
- I. For the purposes of subsection H of this section, the council meeting shall not be scheduled until the expiration of the agency response period prescribed in subsection H, paragraph 3 of this section.
- J. An agency practice, substantive policy statement, final rule or regulatory licensing requirement considered by the council pursuant to this section shall remain in effect while under consideration of the council. If the council ultimately decides the agency practice or substantive policy statement constitutes a rule or that the final rule does not meet the requirements prescribed in section 41-1030, the practice, policy statement or rule shall be considered void. If the council determines that the existing agency practice, substantive policy statement, final rule or regulatory licensing requirement is unduly burdensome or is not demonstrated to be necessary to specifically fulfill a public health, safety or welfare concern and meets the requirements of subsection G of this section, the council may modify, revise or declare void any such existing agency practice, substantive policy statement, final rule or regulatory licensing requirement.
- K. A council decision pursuant to this section shall include findings of fact and conclusions of law, separately stated. Conclusions of law shall specifically address the agency's authority to act consistent with section 41-1030.
- L. A decision by the agency pursuant to this section is not subject to judicial review, except that, in addition to the procedure prescribed in this section or in lieu of the procedure prescribed in this section, a person may seek declaratory relief pursuant to section 41-1034.
- M. Each agency and the secretary of state shall post prominently on their websites notice of an individual's right to petition the council for review pursuant to this section.

41-1051. Governor's regulatory review council; membership; terms; compensation; powers

A. The governor's regulatory review council is established consisting of six members who are appointed by the governor pursuant to section 38-211 and who are subject to sections 38-291 and 38-295 and the director of the department of administration or the assistant director of the department of administration who is responsible for administering the council. The director or assistant director is an ex officio member and chairperson of the council. The council shall elect a vice-chairperson to serve as chairperson in the chairperson's absence. The governor shall appoint at least one member who represents the public interest, at least one member who represents the business community, at least one member who is a small business owner, one member from a list of three persons who are not legislators submitted by the president of the senate and one member from a list of three persons who are not legislators submitted by the speaker of the house of representatives. At least one member of the council shall be an attorney licensed to practice law in this state. The governor shall appoint the members of the council for staggered terms of three years. A vacancy occurring during the term of office of any member shall be filled by appointment by the governor for the unexpired portion of the term in the same manner as provided in this section.

B. The council shall meet at least once a month at a time and place set by the chairperson and at other times and places as the chairperson deems necessary.

C. Members of the council are eligible to receive compensation in an amount of two hundred dollars for each day on which the council meets and reimbursement of expenses pursuant to title 38, chapter 4, article 2.

D. The chairperson, subject to chapter 4, article 4 and, as applicable, articles 5 and 6 of this title, shall employ, determine the conditions of employment of and specify the duties of administrative, secretarial and clerical employees as the chairperson deems necessary.

E. The council may make rules pursuant to this chapter to carry out the purposes of this chapter.

F. The council shall make a list of agency rules approved or returned pursuant to sections 41-1027 and 41-1052 and section 41-1056, subsection C for the previous twelve-month period available to the public on request and on the council's website.

41-1052. Council review and approval

A. Before filing a final rule subject to this section with the secretary of state, an agency shall prepare, transmit to the council and the committee and obtain the council's approval of the rule and its preamble and economic, small business and consumer impact statement that meets the requirements of section 41-1055. The office of economic opportunity shall prepare the economic, small business and consumer impact statement.

B. The council shall accept an early review petition of a proposed rule, in whole or in part, if the proposed rule is alleged to violate any of the criteria prescribed in subsection D of this section and if the early petition is filed by a person who would be adversely impacted by the proposed rule. The council may determine whether the proposed rule, in whole or in part, violates any of the criteria prescribed in subsection D of this section.

C. Within one hundred twenty days after receipt of the rule, preamble and economic, small business and consumer impact statement, the council shall review and approve or return, in whole or in part, the rule, preamble or economic, small business and consumer impact statement. An agency may resubmit a rule, preamble or economic, small business and consumer impact statement if the council returns the rule, economic, small business and consumer impact statement or preamble, in whole or in part, to the agency.

D. The council shall not approve the rule unless:

1. The economic, small business and consumer impact statement contains information from the state, data and analysis prescribed by this article.
2. The economic, small business and consumer impact statement is generally accurate.
3. The probable benefits of the rule outweigh within this state the probable costs of the rule and the agency has demonstrated that it has selected the alternative that imposes the least burden and costs to persons regulated by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective.
4. The rule is written in a manner that is clear, concise and understandable to the general public.
5. The rule is not illegal, inconsistent with legislative intent or beyond the agency's statutory authority and meets the requirements prescribed in section 41-1030.
6. The agency adequately addressed, in writing, the comments on the proposed rule and any supplemental proposals.
7. The rule is not a substantial change, considered as a whole, from the proposed rule and any supplemental notices.
8. The preamble discloses a reference to any study relevant to the rule that the agency reviewed and either did or did not rely on in the agency's evaluation of or justification for the rule.
9. The rule is not more stringent than a corresponding federal law unless there is statutory authority to exceed the requirements of that federal law.
10. If a rule requires a permit, the permitting requirement complies with section 41-1037.

E. The council shall verify that a rule with new fees does not violate section 41-1008. The council shall not approve a rule that contains a fee increase unless two-thirds of the voting quorum present votes to approve the rule.

F. The council shall verify that a rule with an immediate effective date complies with section 41-1032. The council shall not approve a rule with an immediate effective date unless two-thirds of the voting quorum present

votes to approve the rule.

G. If the rule relies on scientific principles or methods, including a study disclosed pursuant to subsection D, paragraph 8 of this section, and a person submits an analysis to the council questioning whether the rule is based on valid scientific or reliable principles or methods, the council shall not approve the rule unless the council determines that the rule is based on valid scientific or reliable principles or methods that are specific and not of a general nature. In making a determination of reliability or validity, the council shall consider the following factors as applicable to the rule:

1. The authors of the study, principle or method have subject matter knowledge, skill, experience, training and expertise.
2. The study, principle or method is based on sufficient facts or data.
3. The study is the product of reliable principles and methods.
4. The study and its conclusions, principles or methods have been tested or subjected to peer reviewed publications.
5. The known or potential error rate of the study, principle or method has been identified along with its basis.
6. The methodology and approach of the study, principle or method are generally accepted in the scientific community.

H. The council may require a representative of an agency whose rule is under examination to attend a council meeting and answer questions. The council may also communicate to the agency its comments on any rule, preamble or economic, small business and consumer impact statement and require the agency to respond to its comments in writing.

I. At any time during the thirty days immediately following receipt of the rule, a person may submit written comments to the council that are within the scope of subsection D, E, F or G of this section. The council may permit testimony at a council meeting within the scope of subsection D, E, F or G of this section.

J. If the agency makes a good faith effort to comply with the requirements prescribed in this article and has explained in writing the methodology used to produce the economic, small business and consumer impact statement, the rule may not be invalidated after it is finalized on the ground that the contents of the economic, small business and consumer impact statement are insufficient or inaccurate or on the ground that the council erroneously approved the rule, except as provided by section 41-1056.01.

K. The absence of comments pursuant to subsection D, E, F or G of this section or article 4.1 of this chapter does not prevent the council from acting pursuant to this section.

L. The council shall review and approve or reject a notice of proposed expedited rulemaking pursuant to section 41-1027.

41-1053. Council review of expedited rules

- A. After receipt of the expedited rule package from the agency, the council shall place the expedited rule on its consent agenda for approval unless a member of the council or the committee requests a hearing.
- B. If a hearing is requested, the council shall act on the expedited rule pursuant to section 41-1052 or shall remand the expedited rule to the agency for initiation of a rule making pursuant to sections 41-1022, 41-1023 and 41-1024.
- C. The council, at any time a proposed expedited rule is pending, may disapprove the expedited rule making and order initiation of a regular rule making pursuant to sections 41-1022, 41-1023 and 41-1024.

41-1055. Economic, small business and consumer impact statement

A. The economic, small business and consumer impact summary in the preamble shall include:

1. An identification of the proposed rule making, including all of the following:

(a) The conduct and its frequency of occurrence that the rule is designed to change.

(b) The harm resulting from the conduct the rule is designed to change and the likelihood it will continue to occur if the rule is not changed.

(c) The estimated change in frequency of the targeted conduct expected from the rule change.

2. A brief summary of the information included in the economic, small business and consumer impact statement.

3. If the economic, small business and consumer impact summary accompanies a proposed rule or a proposed expedited rule, the name and address of agency employees who may be contacted to submit or request additional data on the information included in the economic, small business and consumer impact statement.

B. The economic, small business and consumer impact statement shall include:

1. An identification of the proposed rule making.

2. An identification of the persons who will be directly affected by, bear the costs of or directly benefit from the proposed rule making.

3. A cost benefit analysis of the following:

(a) The probable costs and benefits to the implementing agency and other agencies directly affected by the implementation and enforcement of the proposed rule making. The probable costs to the implementing agency shall include the number of new full-time employees necessary to implement and enforce the proposed rule. The preparer of the economic, small business and consumer impact statement shall notify the joint legislative budget committee of the number of new full-time employees necessary to implement and enforce the rule before the rule is approved by the council.

(b) The probable costs and benefits to a political subdivision of this state directly affected by the implementation and enforcement of the proposed rule making.

(c) The probable costs and benefits to businesses directly affected by the proposed rule making, including any anticipated effect on the revenues or payroll expenditures of employers who are subject to the proposed rule making.

4. A general description of the probable impact on private and public employment in businesses, agencies and political subdivisions of this state directly affected by the proposed rule making.

5. A statement of the probable impact of the proposed rule making on small businesses. The statement shall include:

(a) An identification of the small businesses subject to the proposed rule making.

(b) The administrative and other costs required for compliance with the proposed rule making.

(c) A description of the methods prescribed in section 41-1035 that the agency may use to reduce the impact on small businesses, with reasons for the agency's decision to use or not to use each method.

(d) The probable cost and benefit to private persons and consumers who are directly affected by the proposed rule making.

6. A statement of the probable effect on state revenues.

7. A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed rule making, including the monetizing of the costs and benefits for each option and providing the rationale for not using nonselected alternatives.

8. A description of any data on which a rule is based with a detailed explanation of how the data was obtained and why the data is acceptable data. An agency advocating that any data is acceptable data has the burden of proving that the data is acceptable. For the purposes of this paragraph, "acceptable data" means empirical, replicable and testable data as evidenced in supporting documentation, statistics, reports, studies or research.

C. If for any reason adequate data are not reasonably available to comply with the requirements of subsection B of this section, the agency shall explain the limitations of the data and the methods that were employed in the attempt to obtain the data and shall characterize the probable impacts in qualitative terms. The absence of adequate data, if explained in accordance with this subsection, shall not be grounds for a legal challenge to the sufficiency of the economic, small business and consumer impact statement.

D. An agency is not required to prepare an economic, small business and consumer impact statement pursuant to this chapter and is not required to file a petition pursuant to subsection E of this section for the following rule makings:

1. Initial making, but not renewal, of an emergency rule pursuant to section 41-1026.

2. Proposed expedited rule making or final expedited rule making.

E. Before filing a proposed rule with the secretary of state, an agency may petition the council for a determination that the agency is not required to file an economic, small business and consumer impact statement. The petition shall demonstrate both of the following:

1. The rule making decreases monitoring, record keeping, costs or reporting burdens on agencies, political subdivisions, businesses or persons.

2. The rule making does not increase monitoring, record keeping, costs or reporting burdens on persons subject to the proposed rule making.

F. The council shall place a petition under subsection E of this section on the agenda of its next meeting if at least four council members make such a request of the council chairperson within two weeks after the filing of the petition.

G. The preamble for a rule making that is exempt pursuant to subsection D or E of this section shall state that the rule making is exempt from the requirements to prepare and file an economic, small business and consumer impact statement.

H. The cost-benefit analysis required by subsection B of this section shall calculate only the costs and benefits that occur in this state.

I. If a person submits an analysis to the agency regarding the rule's impact on the competitiveness of businesses in this state as compared to the competitiveness of businesses in other states, the agency shall consider the analysis.

41-1056. Review by agency

A. At least once every five years, each agency shall review all of its rules, including rules made pursuant to an exemption from this chapter or any part of this chapter, to determine whether any rule should be amended or repealed. The agency shall prepare and obtain council approval of a written report summarizing its findings, its supporting reasons and any proposed course of action. The report shall contain a certification that the agency is in compliance with section 41-1091. For each rule, the report shall include a concise analysis of all of the following:

1. The rule's effectiveness in achieving its objectives, including a summary of any available data supporting the conclusions reached.
2. Written criticisms of the rule received during the previous five years, including any written analyses submitted to the agency questioning whether the rule is based on valid scientific or reliable principles or methods.
3. Authorization of the rule by existing statutes.
4. Whether the rule is consistent with statutes or other rules made by the agency and current agency enforcement policy.
5. The clarity, conciseness and understandability of the rule.
6. The estimated economic, small business and consumer impact of the rules as compared to the economic, small business and consumer impact statement prepared on the last making of the rules.
7. Any analysis submitted to the agency by another person regarding the rule's impact on this state's business competitiveness as compared to the competitiveness of businesses in other states.
8. If applicable, that the agency completed the previous five-year review process.
9. A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to persons regulated by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective.
10. A determination that the rule is not more stringent than a corresponding federal law unless there is statutory authority to exceed the requirements of that federal law.
11. For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license or agency authorization, whether the rule complies with section 41-1037.

B. An agency may also include as part of the report the text of a proposed expedited rule pursuant to section 41-1027.

C. The council shall schedule the periodic review of each agency's rules and shall approve or return, in whole or in part, the agency's report on its review. The council may grant an agency an extension from filing an agency's report. If the council returns an agency's report, in whole or in part, the council shall inform the agency of the manner in which its report is inadequate and, in consultation with the agency, shall schedule submission of a revised report. The council shall not approve a report unless the report complies with subsection A of this section.

D. The council may review rules outside of the five-year review process if requested by at least four council members.

E. The council may require the agency to propose an amendment or repeal of the rule by a date no earlier than six months after the date of the meeting at which the council considers the agency's report on its rule if the

council determines the agency's analysis under subsection A of this section demonstrates that the rule is materially flawed, including that the rule:

1. Is not authorized by statute.
2. Is inconsistent with other statutes, rules or agency enforcement policies and the inconsistency results in a significant burden on the regulated public.
3. Imposes probable costs, including costs to the regulated person, that significantly exceed the probable benefits of the rule within this state.
4. Is more stringent than a corresponding federal law and there is no statutory authority to exceed the requirements of federal law.
5. Is not clear, concise and understandable.
6. Does not use general permits if required under section 41-1037.
7. Does not impose the least burden to persons regulated by the rule as necessary to achieve the underlying regulatory objective of the rule.
8. Does not rely on valid scientific or reliable principles and methods, including a study, if the rule relies on scientific principles or methods, and a person has submitted an analysis under subsection A of this section questioning whether the rule is based on valid scientific or reliable principles or methods. In making a determination of validity or reliability, the council shall consider the factors listed in section 41-1052, subsection G.

F. An agency may request an extension of no longer than one year from the date specified by the council pursuant to subsection E of this section by sending a written request to the council that:

1. Identifies the reason for the extension request.
2. Demonstrates good cause for the extension.

G. The agency shall notify the council of an amendment or repeal of a rule for which the council has set an expiration date under subsection E of this section. If the agency does not amend or repeal the rule by the date specified by the council under subsection E of this section or the extended date under subsection F of this section, the rule automatically expires. The council shall file a notice of rule expiration with the secretary of state and notify the agency of the expiration of the rule.

H. The council may reschedule a report or portion of a report for any rule that is scheduled for review and that was initially made or substantially revised within two years before the due date of the report as scheduled by the council.

I. If an agency finds that it cannot provide the written report to the council by the date it is due, the agency may file an extension with the council before the due date indicating the reason for the extension. The timely filing for an extension permits the agency to submit its report on or before the date prescribed by the council.

J. If an agency fails to submit its report, including a revised report, pursuant to subsection A or C of this section, or file an extension before the due date of the report or if it files an extension and does not submit its report within the extension period, the rules scheduled for review expire and the council shall:

1. Cause a notice to be published in the next register that states the rules have expired and are no longer enforceable.
2. Notify the secretary of state that the rules have expired and that the rules are to be removed from the code.

3. Notify the agency that the rules have expired and are no longer enforceable.

K. If a rule expires as provided in subsection J of this section and the agency wishes to reestablish the rule, the agency shall comply with the requirements of this chapter.

L. Not less than ninety days before the due date of a report, the council shall send a written notice to the head of the agency whose report is due. The notice shall list the rules to be reviewed and the date the report is due.

M. A person who is regulated or could be regulated by an obsolete rule may petition the council to require an agency that has the obsolete rule to consider including the rule in the five-year report with a recommendation for repeal of the rule.

N. A person who is required to obtain or could be required to obtain a license may petition the council to require an agency to consider including a recommendation for reducing a licensing time frame in the five-year report.

STATE BOARD OF NURSING (F19-0601)
Title 4, Chapter 19, Article 1

GOVERNOR'S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - FIVE-YEAR REVIEW REPORT

MEETING DATE: June 4, 2019

TO: Members of the Governor's Regulatory Review Council (Council)

FROM: Council Staff

DATE: May 8, 2019

SUBJECT: **Arizona State Board of Nursing**
Title 4, Chapter 19, Article 1, Definitions and Time-Frames

The Five-Year-Review Report (5YRR) from the Board of Nursing relates to rules in Title 4, Chapter 19, Article 1 regarding time-frames and definitions. The rules cover the following:

- **Article 1: Definitions and Time-Frames**

In the previous 5YRR for these rules, the Board proposed an amendment to the definition of "family." The amendment was finalized in 2014. There were no other changes proposed in the previous 5YRR.

Proposed Action

The Board's Notice of Proposed Rulemaking was published in the Secretary of State's Register on December 28, 2018, including an amendment to R4-191-101 to update the definition of "dispense." An open public hearing was held on February 4, 2019, no written or oral comments were received on this rule. The Notice of Finalrulemaking was submitted to GRRC on February 19, 2019 and approved as submitted by the Council on April 4, 2019. The Board proposes to take no further action on these rules.

1. **Has the agency analyzed whether the rules are authorized by statute?**

Yes. The Board cites both general and specific authority for these rules.

2. Summary of the agency’s economic impact comparison and identification of stakeholders:

The Board of Nursing establishes eligibility standards for licensure. Stakeholders include the Board, Advanced Practice Registered Nurses (APRNs), Registered Nurses (RNs), Licensed Practical Nurses (LPNs), and Licensed Nursing Assistants (LNAs). The Board also maintains a registry of Certified Nursing Assistants (CNAs) that meet federal requirements. There have been no changes to licensing fees since the last 5 Year Review Report and the economic impacts have not changed. As seen below, although the total number of applicants has risen, the total refunds decreased significantly compared with the Fiscal Year (FY) 2014 amounts. The total FY Board-issued license figures and refund amounts are listed below.

Total Number of Licenses

Issued per year	FY2014	FY2015	FY2016	FY2017	FY2018
RN/LPN Licenses Issued*	23,311	24,195	23,682	25,393	26,799
CNA/LNA Certificates Issued*	14,341	13,088	13,270	14,765	15,144

*Exams, Endorsement and Renewals

Refunds issued by the Board to applicants from FY2014 to FY2018:

FY	Total Refunds
2014	\$16,255
2015	\$13,040
2016	\$15,350
2017	\$8,450
2018	\$9,320

3. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?

The Board believes that all Article 1 rules impose the least burden and costs to persons regulated by the rules, including compliance costs necessary to achieve the underlying regulatory objective.

4. Has the agency received any written criticisms of the rules over the last five years?

No. The Board has not received any written criticisms of the rules over the last five years.

5. Has the agency analyzed the rules’ clarity, conciseness, and understandability, consistency with other rules and statutes, and effectiveness?

Yes. The Board indicates that the rules reviewed are clear, concise, understandable, effective and consistent with other rules and statutes.

6. Has the agency analyzed the current enforcement status of the rules?

Yes. The Board indicates the rules are enforced as written.

7. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?

Not applicable. The rules are based on state law and there is no corresponding federal law.

8. For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?

Yes. The Board certifies compliance with A.R.S. § 41-1037.

9. Conclusion

As stated above, the Board submitted a Notice of Finalrulemaking to the Council on February 19, 2019, including an amendment to R4-191-101 to update the definition of “dispense.” The Council approved the NFR as submitted on April 4, 2019. The Board proposes to take no further action on these rules. Council staff recommend approval of the report.

Agency Overview

Arizona State Board of Nursing

Background

- At the turn of the 19th century, nurse registration emerged in order to separate trained from untrained nurses as a means to protect the public. In 1921, the Arizona Legislature determined, as a matter of public policy, that the practice of nursing is a privilege granted by the people of Arizona as defined by the laws enacted by the elected representatives. It is not a natural right of individuals. Therefore, in the interest of public health, safety and welfare and to protect people from unprofessional and incompetent nursing practices, only qualified persons hold the privilege to be licensed as a nurse. The Nurse Practice Act's fundamental purpose is to protect the public and any license/certificate issued pursuant to the statutes shall be a revocable privilege; thereby no holder shall acquire any irrevocable right.

General Purpose of the Agency

The purposes of the Board of Nursing are to protect the public by:

- Promoting public protection through education and informational services to prevent violations of the Nurse Practice Act.
- Establishing eligibility standards for licensure for Advanced Practice Registered Nurses (APRNs), Registered Nurses (RNs), Licensed Practical Nurses (LPNs), and Licensed Nursing Assistants (LNAs).
- Maintaining a Registry that meets federal requirements for Certified Nursing Assistants (CNAs).
- Determining eligibility, examine and license/certify/register qualified applicants.
- Providing for interstate/foreign endorsements.
- Renewing licenses/certificates, grant temporary licenses/certificates, and provide for inactive status for those already licensed as requested.
- Setting procedures for relicensure/reinstatement/recertification for previously licensed and certified individuals.
- Establishing minimum educational standards for programs of nursing.
- Approving nursing education programs.
- Investigating and resolve complaints against regulated parties, and if violations are substantiated, impose disciplinary sanctions.
- Monitoring regulated parties on probation to ensure patient safety.
- Denying licensure/certification to applicants deemed unsafe to practice due to serious convictions, behaviors or acts.

- Enforcing legal prohibitions against the unlicensed practice of registered nursing/licensed practical nursing and use of title, and referring unlicensed practice to law enforcement.
- Ordering evaluations of licensees/certificate holders to determine their ability to practice safely; take disciplinary action based on the results of the evaluation.
- Establishing the scope of practice for nurses within limits of legislative authority.
- Promulgating rules that regulate nursing.
- Issuing Advisory Opinions regarding the function of nursing practice and education.
- Establishing a non-disciplinary rehabilitation option for nurses at risk for or experiencing medical, substance abuse, or mental health conditions that could impair nursing practice entitled Alternative to Discipline Programs, including the previously established CANDO (Chemically Addicted Nurse Diversion Option) as an alternative to traditional disciplinary action.
- Enforcing the provisions of applicable statutes/rules.
- Establishing competency standards for maintaining a license

Changes in agency objectives since establishment.

The Arizona State Board of Nursing (AZBN) has made a number of regulatory improvements since the agency began in 1921.

- Disciplinary Actions were rare during the early days (1921-1977), when few complaints were received by the Board. Beginning in the 1980's the number of drug related cases increased significantly. In 1987, the AZBN developed an effective, non-disciplinary, confidential program entitled "CANDO" (Chemically Addicted Nurse Diversion Option) to monitor and assist nurses entering into rehabilitation when impaired by substance abuse and thereby reduce the risk to the public. This program has since legislatively expanded July 2018 to become the "Alternative to Discipline Program," which includes nurses with medical or mental health conditions that may affect nursing practice, and nurses at risk for any of these conditions. While participating in an Alternative to Discipline Program, and depending on the individual nurse's condition, the nurse may agree to cease practicing nursing during a period of rehabilitation, and may only return after an experienced evaluator assures the nurse is safe to practice. CANDO averaged 50-70 admissions per year with approximately 200 individuals participating in the program on an annual basis, and the AZBN expects these numbers to increase with the expansion of this non-disciplinary, rehabilitative program.
- The Executive Director may accept a voluntary surrender of a license or certificate if a respondent chooses this option instead of a Board-imposed disciplinary action.
- The AZBN continues to develop AZBN-approved policies to increase efficiency in triage and resolution of complaints against regulated parties. These include policies establishing criteria as to when to open investigations, when investigations may be closed without presentation to the AZBN, either by dismissal, or non-disciplinary resolution.

- In 1995, the legislature authorized the Board to certify and maintain a register of nursing assistants, a workforce of approximately 22,000. Combined with approximately 92,000 RNs, 11,000 LPNs, and 7,000 LNAs, the AZBN manages the largest investigator case load of all the Arizona health profession licensing boards. This legislative change, along with improved investigative procedures, increased the volume of investigative reports to the Board from an average of 64 cases per month in 1996 to approximately 150 in FY2018.
- Initial licensure examinations are psychometrically sound and legally defensible, as the test questions clearly relate to the practice of the profession at entry level. The National Council Licensing Exam (NCLEX) is based on empirical job analyses that are performed at a national level every 3 years by the National Council of State Boards of Nursing. Test plans and passing standards are re-evaluated on the same triennial basis to ensure the content and NCLEX RN and NCLEX PN are reflective of current competencies required for safe and effective practice.
- In 1994, all boards of nursing began offering computerized adaptive testing (CAT), which is offered year round in testing centers with high speed turn around of less than 24 hours, providing qualified applicants with reduced times for licensure.
- In 1999, the AZBN mandated that applicants for licensure/certificate have criminal history reports from the DPS/FBI to allow the AZBN to evaluate potential harm to the public. Depending on the seriousness of an applicant's criminal history, they may be required to provide information about prior behavior before a decision is made to grant the individual legal authority to practice and issue a license/certificate. In approximately 2001, the Board adopted triage criteria to exclude some minor, remote in time, or isolated criminal incidents from a requirement to investigate.
- Mandatory reporting of licensee/certificate holders suspected of violating the Arizona Nurse Practice Act has been required for over 25 years. AZBN complies with Federal mandatory reporting laws; when final disciplinary actions are taken, the disciplinary information must be reported to the National Practitioner Data Bank.
- In 1987, the federal Nursing Home Reform Act was passed as part of the Omnibus Budget Reconciliation Act (OBRA), establishing various regulatory requirements for nurse aides employed in long-term care facilities receiving federal funds. The AZBN has a contract with Department of Health Services (DHS) to monitor, register and approve educational programs for nurse aides employed in nursing home settings. In 1995, the authority to regulate CNAs was placed under the jurisdiction of the AZBN. The basic argument for assigning jurisdiction to nursing boards was that, if nurses are to delegate nursing tasks to nurse aides, then nursing boards should control that aspect of the nurse aide training and approval. Because the job description of nurse aides fall within the nursing practice domain and licensed nurses are accountable for nursing care on a 24 hour basis, it was reasonable that the AZBN would assume authority and oversight of the regulation of CNAs.

- In 2001, as part of an Auditor General Sunset review, the agency proposed amendments to the Nurse Practice Act, including setting standards for continued competency. The AZBN rules were amended to require that all nurses practice nursing for a minimum of 960 hours within the past 5 years in order to qualify to renew licensure. New graduates of nursing programs must become licensed within 2 years of graduation. Applicants who fail to meet these qualifications must take and pass a Board-approved refresher course.
- In 2009, omnibus legislation to amend the Nurse Practice Act provided delegated authority to the Executive Director to dismiss cases, issue letters of concern, close complaints through settlement and enter into a consent agreement for summary suspension. Other features of the legislation allow the AZBN to engage in pilot studies for innovation in nursing education, practice and regulation; allow the AZBN to receive monies for specific projects without an appropriation to the state general fund; exempt certain short-term nursing assignments from licensure; changed the licensure renewal date to April 1 and specified conditions for obtaining the medical records of the licensee.
- In 2010 legislation was enacted to allow the AZBN to certify medication assistants, implementing successful aspects of a 4 year pilot program examining the role in long term care facilities and the effect on medication errors.
- In 2012, the legislature defined the term Certified Registered Nurse Anesthetist and established qualifications and a scope of practice.
- Due to federal laws that prevent the Board from charging for nursing assistant certification, the costs of conducting fingerprint background checks on nursing assistants, and the necessity to use licensing fees from RNs and LPNs to support the nursing assistant program, in 2015 the legislature authorized two levels of nursing assistant, effective 7/1/2016. Certified Nursing Assistants (CNAs), a new category of nursing assistant, are those individuals who meet minimal federal requirements, are not subject to criminal background checks and are under limited AZBN jurisdiction. CNAs pay no fees. Licensed Nursing Assistants (LNAs), similar to pre-7/1/2016 nursing assistants, are subject to criminal background checks and full Board jurisdiction. LNAs pay a \$50 licensure fee, a one-time \$50 fingerprint fee and a \$50 renewal fee every 2 years. Applicants may choose either level.
- In July, 2018, pursuant to a change in statute allowing expanded confidential monitoring and treatment programs, the Board approved new Alternative to Discipline programs to allow nurses with medical and mental health conditions, and those at risk of substance use disorders, or medical or mental health conditions, to be potentially eligible to enter the rehabilitation and monitoring program.

Agency's major accomplishments.

As part of its initial strategic plan, the AZBN continually examines its operations and customer services, including workflow and evolution of job duties. In response to the internal assessment and reports from outside entities, Board staff was involved in the following recent accomplishments:

- Developed and implemented new Alternative to Discipline Program in July, 2018 (see above)
- Assisted with development of new enhanced Nurse Licensure Compact, adopted by Arizona, and implemented January 2018
- Implemented new file management system, ORBS, in September, 2018
- Continuous use and improvement of online license/certificate verification, and renewal of licenses and certificates.
- Upgraded and streamlined phone systems for more effective and efficient customer service.
- Providing annual conferences for nurse educators and nursing assistant educators.
- Publishing Journal semi-annually
- Providing outreach education in response to community requests.
- Meeting with stakeholders on a regular basis: nurse recruiters, nurse educators, nurse executives.
- Continues to conduct paperless Board and Education Committee meetings.
- Continues to provide oversight for use of Licensed Nursing Assistants to administer specified medications in long term care facilities.
- Improved processing time of licensure applications from 14 days in 2002 to 2 days in 2017.
- Approved three alternative agencies for credential evaluation of foreign educated nurses.
- Utilizes a legally defensible simulation exam of nursing competency starting in 2008 and began using the exam in 2012 to identify unsafe practices in nurses reported to the Board for unsafe practice
- Collects annual data on RN/LPN renewal information related to nursing workforce to allow for workforce planning meeting the future health needs of Arizona.
- Implementation of new categories of nursing assistants, as authorized by the legislature in 2015. The new categories are: CNAs and LNAs, and these changes went into effect on July 1, 2016. All categories of nursing assistant are required to complete an approved nursing assistant training and competency evaluation program (NATCEP) and have the same scope of practice. Licensure is optional for nursing assistants who choose to pay a fee and submit to a criminal background check and are under the full authority of the Board. Licensed Nursing Assistants (LNA) would pay application and renewal fees. Certification is open to nursing assistants upon completion of a NATCEP, whereby the nursing assistant would be placed on a registry that meets federal requirements. The jurisdiction of the Board is limited to substantiated instances of abuse, neglect and misappropriation of property.

Rules promulgated in the past 5 years

- During the past five years the following rules actions were taken:
 - Article 8 – amended effective July 1, 2016
 - Article 1, Definitions – amended effective July 1, 2017
 - Article 2 – amended effective July 1, 2017
 - Article 3 – amended effective July 1, 2017
 - Article 5 – amended effective July 1, 2017

- Article 8 - amended effective July 1, 2017
- Article 5 – amended by emergency rulemaking, effective May 23, 2018
- Articles 1, 2, 3, 4, 5, 8: Final Rulemaking in Progress (Secretary of State *Register* for Notice of Proposed Rulemaking, Published December 28, 2018; scheduled for March 26, 2019, GRRC Study Session and April 2, 2019, GRRC vote)

5 Year Rule Review Article 1

ARTICLE 1. Definitions and Time-frames

A.A.C. R4-19-101, R4-19-102 and Table 1

The Board amended Article 1, Definitions, effective July 1, 2017, and a current Final Rulemaking including another change to Article 1, Definitions, is pending with the Governor's Regulatory Review Council, assigned to a March 26, 2019, Study Session, and an April 2, 2019, Council vote.

Information that is Identical Within All Rules—Article 1

1. Authority

These rules were adopted under the Board's general rulemaking authority pursuant to A.R.S. § 32-1606(A) (1), and A.R.S. § 32-1664. R4-19-102 and Table 1 were additionally authorized by A.R.S. § 42-1073.

3. Analysis of Effectiveness in Achieving Objectives

These rules effectively achieve their objectives. The definition of "dispense" is being updated in the pending rulemaking.

4. Analysis of Consistency with State and Federal Statutes and Rules

These rules are consistent with A.R.S. §41-1072 et. seq. regarding time-frames. There are no applicable federal statutes and rules that are the subject of these rules.

5. Agency Enforcement of the Rules

These rules are currently enforced as written.

6. Clarity Conciseness and Understandability of the Rules

The rules in this Article are clear, concise and understandable as written.

7. **Written Criticisms Of the Rules Over The Past Five Years**

The Board has not received any written criticisms of these rules during the past five years.

8. **Economic, Small Business and Consumer Impact Summary**

There have not been any changes made to the licensing fees since the last 5 Year Rules Review. As seen below, although the total numbers of applicants has risen, the total refunds decreased significantly compared with the FY2014 amounts. The total fiscal year ("FY") Board-issued license figures and refund amounts are listed, below.

Total Number of Licenses Issued Per Year	FY2014	FY2015	FY2016	FY2017	FY2018
RN/LPN Licenses Issued*	23,311	24,195	23,682	25,393	26,799
CNA/LNA Certificates Issued*	14,341	13,088	13,270	14,765	15,144

*Exams, Endorsement and Renewals

Refunds issued by the Board to applicants from 2014 to 2018:

FY	Total refund
2014	\$16,255
2015	\$13,040
2016	\$15,350
2017	\$8,450
2018	\$9,320

9. **Analysis submitted by another person regarding the rule's impact on this state's business competitiveness as compared to the competitiveness of businesses in other states.**

The Board has not received any analysis as described above.

10. **If applicable, how the agency completed the course of action indicated in the agency's previous five year review.**

The amendment to the definition of "family" was finalized in 2014. The Board has not received any comments regarding this change. There were no other changes proposed in the 2014 5 Year Rule Review for Article 1.

11. **Probable Benefits of the Rule Outweigh the Costs**

The Board believes that all Article 1 rules impose the least burden and costs to persons regulated by these rules, including compliance costs necessary to achieve the underlying regulatory objective.

12. **More Stringent than Federal Law**

There is no corresponding federal law.

13. **Issuance of a regulatory permit, license or agency authorization and compliance with A.R.S. § 41-1037**

This article is in compliance with A.R.S. §41-1037. R4-19-102 involves time-frames for licenses, certifications and approvals. The Board believes that the licenses, certifications and approvals it issues fall within the definition of general permit. Under ARS § 41-1001 "General permit" means a regulatory permit, license or agency authorization that is for facilities, activities or practices in a class that are substantially similar in

nature and that is issued or granted by an agency to a qualified applicant to conduct identified operations or activities if the applicant meets the applicable requirements of the general permit, that requires less information than an individual or traditional permit, license or authorization and that does not require a public hearing.” The Board is authorized to issue licenses to nurses, certificates to nursing assistants and advanced practice nurses, and approve CNA and nursing programs based upon meeting standards set in rule and statute without a public hearing.

14. Proposed Course of Action

In its last 5 Year Rule Review in 2014, the Board informed the Council that it was in the process of amending R4-19-101, specifically the definition of "family". This amendment was completed in 2014. The Board has not received any written comments regarding this change in definition.

A Notice of Proposed Rulemaking was published in the Secretary of State's *Register* on December 28, 2018, including an amendment to R4-19-101 to update the definition of "dispense". An open public hearing was held on February 4, 2019. No written or oral comments on the rules were received by the Board. A notice of final rulemaking was submitted to GRRC on February 19, 2019.

R4-19-102 and Table 1 are effective as written.

The only amendments planned for this Article in the future are technical updates to wording for clarity and consistency, but no substances amendments are planned.

Analysis of Individual Rules Article 1

R4-19-101 Definitions

1. Authorization

This rule is specifically authorized by A.R.S § §32-1605.01 (B) (3) and (B) (4), 32-1606(B) (5) and (B) (15) and (16), and implements the provisions of A.R.S. §§ 32-1632, 32-1633, 32-1634.01, 32-1637, 32-1638, 32-1639.01, 32-1643 (A) (3) and (4), and 32-1645.

2. Objective

Through this rule, the Board defines terms used in Chapter 19.

3. Proposed Course of Action

The single, planned and pending change to Article 1 is to the definition of "dispense", was published in the December 28, 2018, *Register*, and submitted to the Council as a Notice of Final Rulemaking on February 19, 2019. The amendment is as follows:

"Dispense" means to ~~package, label, and deliver one or more doses of a prescription only medication in a suitable container for subsequent use by a patient.~~ deliver a controlled substance or legend drug to an ultimate user.

The Board approved amending this Section to include an updated definition of "dispensing" that reflects current practices in the community.

R4-19-102 Time-frames for Licensure, Certification, or Approval

1. Authorization

The same authorizing and implementing statutes apply to this rule as those for R4-19-101, above.

2. Objective

Through this rule, the Board informs the public of the time frame requirements and standards.

3. Proposed Course of Action

No amendments or planned changes are pending for this rule.

Table 1. Time-frames

1. Authorization

The same authorizing and implementing statutes apply to this rule as those for R4-19-101, above.

2. Objective

This table lists the specific time frames for each type of license or approval.

3. Proposed Course of Action

No amendments or planned changes are pending for this rule.

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 19. BOARD OF NURSING

(Authority: A.R.S. § 32-1606 et seq.)

Editor's Note: The Arizona State Board of Nursing amended Sections in this Chapter under an exemption from the provisions of A.R.S. Title 41, Chapter 6 under Laws 2015, Chapter 262 § 22. Exemption from A.R.S. Title 41, Chapter 6 means the Board was not required to submit proposed rules for publication in the Arizona Administrative Register, conduct a public hearing on the rules, or required to submit the rules for approval by the Governor's Regulatory Review Council. Refer to the historical notes for more information (Supp. 16-2).

Board of Nursing

ARTICLE 1. DEFINITIONS AND TIME-FRAMES**R4-19-101. Definitions**

“Abuse” means a misuse of power or betrayal of trust, respect, or intimacy by a nurse, nursing assistant, or applicant that causes or is likely to cause physical, mental, emotional, or financial harm to a client.

“Administer” means the direct application of a medication to the body of a patient by a nurse, whether by injection, inhalation, ingestion, or any other means.

“Admission cohort” means a group of students admitted at the same time to the same curriculum in a regulated nursing, nursing assistant, or advanced practice nursing program or entering the first clinical course in a regulated program at the same time. “Same time” means on the same date or within a narrow range of dates pre-defined by the program.

“Applicant” means a person seeking licensure, certification, prescribing, or prescribing and dispensing privileges, or an entity seeking approval or re-approval, if applicable, of a:

- CNS or RNP nursing program,
- Credential evaluation service,
- Nursing assistant training program,
- Nursing program,
- Nursing program change, or
- Refresher program.

“Approved national nursing accrediting agency” means an organization recognized by the United States Department of Education as an accrediting agency for a nursing program.

“Assign” means a nurse designates nursing activities to be performed by another nurse that are consistent with the other nurse’s scope of practice.

“Certificate or diploma in practical nursing” means the document awarded to a graduate of an educational program in practical nursing.

“Certified medication assistant” means a certified nursing assistant who meets Board qualifications and is additionally certified by the Board to administer medications under A.R.S. § 32-1650 et. seq.

“CES” means credential evaluation service.

“Client” means a recipient of care and may be an individual, family, group, or community.

“Clinical instruction” means the guidance and supervision provided by a nursing, nursing assistant or medication assistant program faculty member while a student is providing client care.

“CMA” means certified medication assistant.

“CNA” means a certified nursing assistant, as defined in A.R.S. § 32-1601(4).

“CNS” means clinical nurse specialist, as defined in A.R.S. § 32-1601(7).

“Collaborate” means to establish a relationship for consultation or referral with one or more licensed physicians on an as-needed basis. Supervision of the activities of a registered nurse practitioner by the collaborating physician is not required.

“Contact hour” means a unit of organized learning, which may be either clinical or didactic and is either 60 minutes in length or is otherwise defined by an accrediting agency recognized by the Board.

“Continuing education activity” means a course of study related to nursing practice that is awarded contact hours by an accrediting agency recognized by the Board, or academic credits in nursing or medicine by a regionally or nationally accredited college or university.

“CRNA” means a certified registered nurse anesthetist as defined in A.R.S. § 32-1601(5).

“DEA” means the federal Drug Enforcement Administration.

“Dispense” means to package, label, and deliver one or more doses of a prescription-only medication in a suitable container for subsequent use by a patient.

“Dual relationship” means a nurse or CNA simultaneously engages in both a professional and nonprofessional relationship with a patient or resident or a patient’s or resident’s family that is avoidable, non-incident, and results in the patient or resident or the patient’s or resident’s family being exploited financially, emotionally, or sexually.

“Eligibility for graduation” means that the applicant has successfully completed all program and institutional requirements for receiving a degree or diploma but is delayed in receiving the degree or diploma due to the graduation schedule of the institution.

“Endorsement” means the procedure for granting an Arizona nursing license to an applicant who is already licensed as a nurse in another state or territory of the United States and has passed an exam as required by A.R.S. §§ 32-1633 or 32-1638 or an Arizona nursing assistant or medication assistant certificate to an applicant who is already listed on a nurse aide register or certified as a medication assistant in another state or territory of the United States.

“Episodic nursing care” means nursing care at nonspecific intervals that is focused on the current needs of the individual.

“Failure to maintain professional boundaries” means any conduct or behavior of a nurse or CNA that, regardless of the nurse’s or CNA’s intention, is likely to lessen the benefit of care to a patient or resident or a patient’s or resident’s family or places the patient, resident or the patient’s or resident’s family at risk of being exploited financially, emotionally, or sexually.

“Family,” as applied to R4-19-511, means individuals who are related by blood, marriage, adoption, legal guardianship, or domestic partnership, or who are cohabitating or romantically involved.

“Full approval” means the status granted by the Board when a nursing program, after graduation of its first class, demonstrates the ability to provide and maintain a program in accordance with the standards provided by A.R.S. Title 32, Chapter 15 and this Chapter.

“Good standing” means the license of a nurse, or the certificate of a nursing assistant, is current, and the nurse or nursing assistant is not presently subject to any disciplinary action, consent order, or settlement agreement.

“Independent nursing activities” means nursing care within an RN’s scope of practice that does not require authorization from another health professional.

“Initial approval” means the permission, granted by the Board, to an entity to establish a nursing assistant training program, after the Board determines that the program meets the standards provided by A.R.S. Title 32, Chapter 15 and this Chapter.

Board of Nursing

“Licensure by examination” means the granting of permission to practice nursing based on an individual’s passing of a prescribed examination and meeting all other licensure requirements.

“LPN” means licensed practical nurse.

“NCLEX” means the National Council Licensure Examination.

“Nurse” means a licensed practical or registered nurse.

“Nursing diagnosis” means a clinical judgment, based on analysis of comprehensive assessment data, about a client’s response to actual and potential health problems or life processes. Nursing diagnosis statements include the actual or potential problem, etiology or risk factors, and defining characteristics, if any.

“Nursing process” means applying problem-solving techniques that require technical and scientific knowledge, good judgment, and decision-making skills to assess, plan, implement, and evaluate a plan of care.

“Nursing program” means a formal course of instruction designed to prepare its graduates for licensure as registered or practical nurses.

“Nursing program administrator” means a nurse educator who meets the requirements of A.R.S. Title 32, Chapter 15 and this Chapter and has the administrative responsibility and authority for the direction of a nursing program.

“Nursing program faculty member” means an individual working full or part time within a nursing program who is responsible for either developing, implementing, teaching, evaluating, or updating nursing knowledge, clinical skills, or curricula.

“Nursing-related activities or duties” means client care tasks for which education is provided by a basic nursing assistant training program.

“P & D” means prescribing and dispensing.

“Private business” means any individual or sole proprietorship, partnership, limited liability partnership, limited liability company, corporation or other legal business entity.

“Proposal approval” means that an institution has met the standards provided by A.R.S. Title 32, Chapter 15 and this Chapter to proceed with an application for provisional approval to establish a pre-licensure nursing program in Arizona.

“Provisional approval” means that an institution has met the standards provided by A.R.S. Title 32, Chapter 15 and this Chapter to implement a pre-licensure nursing program in Arizona.

“Refresher program” means a formal course of instruction designed to provide a review and update of nursing theory and practice.

“Register” means a listing of Arizona certified nursing assistants maintained by the Board that includes the following about each nursing assistant:

- Identifying demographic information;
- Date placed on the register;
- Date of initial and most recent certification, if applicable; and
- Status of the nursing assistant certificate, including findings of abuse, neglect, or misappropriation of property made by the Arizona Department of Health Services, sanctions imposed by the United States Department of Health and Human Services, and disciplinary actions by the Board.

“Resident” means a patient who receives care in a long-term care facility or other residential setting.

“RN” means registered nurse.

“RNP” means a registered nurse practitioner as defined in A.R.S. § 32-1601(20).

“SBTPE” means the State Board Test Pool Examination.

“School nurse” means a registered nurse who is certified under R4-19-309.

“Secure examination” means a written test given to an examinee that:

- Is administered under conditions designed to prevent cheating;
- Is taken by an individual examinee without access to aides, textbooks, other students or any other material that could influence the examinee’s score; and,
- After opportunity for examinee review, is either never used again or stored such that only designated employees of the educational institution are permitted to access the test.

“Self-study” means a written self-evaluation conducted by a nursing program to assess the compliance of the program with the standards listed in Article 2.

“Standards related to scope of practice” means the expected actions of any nurse who holds the identified level of licensure.

“Substance use disorder” means misuse, dependence or addiction to alcohol, illegal drugs or other substances.

R4-19-102. Time-frames for Licensure, Certification, or Approval**A. In this Section:**

1. “Administrative completeness” or “administratively complete” means Board receipt of all application components required by statute or rule and necessary to begin the substantive review time-frame.
2. “Application packet” means an application form provided by the Board and the documentation necessary to establish an applicant’s qualifications for licensure, certification, or approval.
3. “Comprehensive written request for additional information” means written communication after the administrative completeness time-frame by the Board to an applicant in person or at the mailing or electronic address identified on the application notifying the applicant that additional information, including missing documents is needed before the Board can grant the license. The written communication shall:
 - a. Contain a list of information required by statute or rule and necessary to complete the application or grant the license, and
 - b. Inform the applicant that the request suspends the running of days within the time-frame, and
 - c. Be effective on the date of issuance which is:
 - i. The date of its postmark, if mailed;
 - ii. The date of delivery, if delivered in person by a Board employee or agent; or

- iii. The date of delivery to the electronic address if delivered electronically.
4. “Deficiency notice” means written communication by the Board to an applicant in person or at the mailing or electronic address identified on the application notifying the applicant that additional information, including missing documents, is needed to complete the application. The written communication shall:
 - a. Contain a list of information required by statute or rule and necessary to complete the application or grant the license;
 - b. Inform the applicant that the request suspends the running of days within the time-frame; and
 - c. Be effective on the date of issuance which is:
 - i. The date of its postmark, if mailed;
 - ii. The date of delivery, if delivered in person by a Board employee or agent; or
 - iii. The date of delivery to the electronic address if delivered electronically.
5. “Notice of administrative completeness” means written communication by the Board to an applicant in person or at the mailing or electronic address identified on the application notifying the applicant the application contains all information required by statute or rule to complete the application.
6. “Overall time-frame” has the same meaning as A.R.S. § 41-1072(2).
7. “Substantive review time-frame” has the same meaning as A.R.S. § 41-1072(3).

- B.** In computing the time-frames in this Section, the day of the act or event from which the designated period begins to run is not included. The last day of the period is included unless it is a Saturday, Sunday, or official state holiday, in which event the period runs until the end of the next day that is not a Saturday, Sunday, or official state holiday.
- C.** For each type of licensure, certification, or approval issued by the Board, the overall time-frame described in A.R.S. § 41-1072(2) is listed in Table 1. An applicant may submit a written request to the Board for an extension of time in which to provide a complete application. The request for an extension of time shall be submitted to the Board office before the deadline for submission of a complete application and shall state the reason that the applicant is unable to comply with the time-frame requirements in Table 1 and the amount of additional time requested. The Board may grant an extension of time based on whether the Executive Director of the Board finds that the applicant is unable to comply within the time-frame due to circumstances beyond the applicant’s control and that the additional information can reasonably be supplied during the extension of time.
- D.** For each type of licensure, certification, or approval issued by the Board, the administrative completeness review time-frame described in A.R.S. § 41-1072(1) is listed in Table 1 and begins to run when the Board receives an application packet.
 1. If the application packet is not administratively complete, the Board shall send a deficiency notice to the applicant. The time for the applicant to respond to a deficiency notice begins to run on the date the deficiency notice is issued.
 - a. The deficiency notice shall list each deficiency.
 - b. The applicant shall submit to the Board the missing information listed in the deficiency notice within the period specified in Table 1 for responding to a deficiency notice. The time-frame for the Board to complete the administrative review is suspended until the Board receives the missing information.

Board of Nursing

- c. If an applicant fails to provide the missing information listed in the deficiency notice within the period specified in Table 1, the Board shall close the applicant's file and send a notice to the applicant by U.S. mail and electronically, if an electronic address is included in the application.
- d. If the applicant is the subject of an investigation, the Board may continue to process the application. Failure of the applicant to supply the requested information may result in denial of the license or certificate based on information gathered during the investigation.
- 2. If the application packet is administratively complete, the Board shall send a written notice of administrative completeness to the applicant.
- 3. If the Board issues a license, certificate, or approval during the administrative completeness review time-frame, the Board shall not send a separate written notice of administrative completeness.
- E. For each type of licensure, certification, or approval issued by the Board, the substantive review time-frame described in A.R.S. § 41-1072(3) is listed in Table 1 and begins to run on the date the notice of administrative completeness is issued.
 - 1. During the substantive review time-frame, an applicant may make a request to withdraw an application packet. The Board may deny the request to withdraw an application packet if the applicant is the subject of an investigation, based on information gathered during the investigation.
 - 2. If an applicant discloses or the Board receives allegations of unprofessional conduct as described in A.R.S. § 32-1601 or this Chapter, the Board shall review the allegations and may investigate the applicant. The Board may require the applicant to provide additional information as prescribed in subsection (E)(3) based on its assessment of whether the conduct is or might be harmful or dangerous to the health of a client or the public.
 - 3. During the substantive review time-frame, the Board may make one comprehensive written request for additional information. The applicant shall submit the additional information within the period specified in Table 1. The time-frame for the Board to complete the substantive review of the application packet is suspended from the date the comprehensive written request for additional information is issued until the Board receives the additional information.
- 4. If the applicant fails to provide the additional information identified in the comprehensive written request for additional information within the time specified in Table 1, the Board shall close the applicant's file and send a notice to the applicant by U.S. mail and electronically, if an electronic address is included in the application. The Board may continue to process the application if the applicant is the subject of an investigation. Failure of the applicant to supply the requested information may result in denial of the license or certificate based on information gathered during the investigation.
- 5. The Board shall grant licensure, conditional licensure, limited licensure, certification, or approval to an applicant:
 - a. Who meets the substantive criteria for licensure, certification, or approval required by A.R.S. Title 32, Chapter 15 and this Chapter; and
 - b. Whose licensure, certification, or approval is in the best interest of the public.
- 6. The Board shall deny licensure, certification, or approval to an applicant:
 - a. Who fails to meet the substantive criteria for licensure, certification, or approval required by A.R.S. Title 32, Chapter 15 and this Chapter; or
 - b. Who has engaged in unprofessional conduct as described in A.R.S. § 32-1601 or this Chapter; and
 - c. Whose licensure, certification, or approval is not in the best interest of the public.
- 7. The Board's written order of denial shall meet the requirements of A.R.S. § 41-1076. The applicant may request a hearing by filing a written request with the Board within 30 days of receipt of the Board's order of denial. The Board shall conduct hearings in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.

ARTICLE 2. ARIZONA REGISTERED AND PRACTICAL NURSING PROGRAMS; REFRESHER PROGRAMS

R4-19-201. Organization and Administration

- A. The parent institution of a nursing program shall be accredited as a post-secondary institution, college, or university, by an

accrediting body that is recognized as an accrediting body by the U.S. Department of Education, and shall hold Arizona private post-secondary approval status if applicable. The parent institution shall submit evidence to the board of continuing accreditation after each reaccreditation review or action. If the parent institution holds both secondary and post-secondary

32-1606. Powers and duties of board

A. The board may:

1. Adopt and revise rules necessary to carry into effect this chapter.
2. Publish advisory opinions regarding registered and practical nursing practice and nursing education.
3. Issue limited licenses or certificates if it determines that an applicant or licensee cannot function safely in a specific setting or within the full scope of practice.
4. Refer criminal violations of this chapter to the appropriate law enforcement agency.
5. Establish a confidential program for the monitoring of licensees who are chemically dependent and who enroll in rehabilitation programs that meet the criteria established by the board. The board may take further action if the licensee refuses to enter into a stipulated agreement or fails to comply with its terms. In order to protect the public health and safety, the confidentiality requirements of this paragraph do not apply if the licensee does not comply with the stipulated agreement.
6. On the applicant's or regulated party's request, establish a payment schedule with the applicant or regulated party.
7. Provide education regarding board functions.
8. Collect or assist in the collection of workforce data.
9. Adopt rules for conducting pilot programs consistent with public safety for innovative applications in nursing practice, education and regulation.
10. Grant retirement status on request to retired nurses who are or were licensed under this chapter, who have no open complaint or investigation pending against them and who are not subject to discipline.
11. Accept and spend federal monies and private grants, gifts, contributions and devises to assist in carrying out the purposes of this chapter. These monies do not revert to the state general fund at the end of the fiscal year.

B. The board shall:

1. Approve regulated training and educational programs that meet the requirements of this chapter and rules adopted by the board.
2. By rule, establish approval and reapproval processes for nursing and nursing assistant training programs that meet the requirements of this chapter and board rules.
3. Prepare and maintain a list of approved nursing programs for the preparation of registered and practical nurses whose graduates are eligible for licensing under this chapter as registered nurses or as practical nurses if they satisfy the other requirements of this chapter and board rules.
4. Examine qualified registered and practical nurse applicants.
5. License and renew the licenses of qualified registered and practical nurse applicants and licensed nursing assistants who are not qualified to be licensed by the executive director.
6. Adopt a seal, which the executive director shall keep.
7. Keep a record of all proceedings.

8. For proper cause, deny or rescind approval of a regulated training or educational program for failure to comply with this chapter or the rules of the board.
9. Adopt rules for the approval of credential evaluation services that evaluate the qualifications of applicants who graduated from an international nursing program.
10. Determine and administer appropriate disciplinary action against all regulated parties who are found guilty of violating this chapter or rules adopted by the board.
11. Perform functions necessary to carry out the requirements of nursing assistant and nurse aide training and competency evaluation program as set forth in the omnibus budget reconciliation act of 1987 (P.L. 100-203; 101 Stat. 1330), as amended by the medicare catastrophic coverage act of 1988 (P.L. 100-360; 102 Stat. 683). These functions shall include:
 - (a) Testing and registration of certified nursing assistants.
 - (b) Testing and licensing of licensed nursing assistants.
 - (c) Maintaining a list of board-approved training programs.
 - (d) Maintaining a registry of nursing assistants for all certified nursing assistants and licensed nursing assistants.
 - (e) Assessing fees.
12. Adopt rules establishing those acts that may be performed by a registered nurse practitioner or certified nurse midwife, except that the board does not have authority to decide scope of practice relating to abortion as defined in section 36-2151.
13. Adopt rules that prohibit registered nurse practitioners or certified nurse midwives from dispensing a schedule II controlled substance that is an opioid, except for an implantable device or an opioid that is for medication-assisted treatment for substance use disorders.
14. Adopt rules establishing educational requirements for the certification of school nurses.
15. Publish copies of board rules and distribute these copies on request.
16. Require each applicant for initial licensure or certification to submit a full set of fingerprints to the board for the purpose of obtaining a state and federal criminal records check pursuant to section 41-1750 and Public Law 92-544. The department of public safety may exchange this fingerprint data with the federal bureau of investigation.
17. Except for a licensee who has been convicted of a felony that has been designated a misdemeanor pursuant to section 13-604, revoke a license of a person, revoke the multistate licensure privilege of a person pursuant to section 32-1669 or not issue a license or renewal to an applicant who has one or more felony convictions and who has not received an absolute discharge from the sentences for all felony convictions three or more years before the date of filing an application pursuant to this chapter.
18. Establish standards for approving and reapproving nurse practitioner and clinical nurse specialist programs and provide for surveys of nurse practitioner and clinical nurse specialist programs as it deems necessary.
19. Provide the licensing authorities of health care institutions, facilities and homes any information the board receives regarding practices that place a patient's health at risk.
20. Limit the multistate licensure privilege of any person who holds or applies for a license in this state pursuant to section 32-1668.

21. Adopt rules to establish competency standards for obtaining and maintaining a license.
 22. Adopt rules for the qualification and certification of clinical nurse specialists.
 23. Adopt rules for approval and reapproval of refresher courses for nurses who are not currently practicing.
 24. Maintain a list of approved medication assistant training programs.
 25. Test and certify medication assistants.
 26. Maintain a registry and disciplinary record of medication assistants who are certified pursuant to this chapter.
- C. The board may conduct an investigation on receipt of information that indicates that a person or regulated party may have violated this chapter or a rule adopted pursuant to this chapter. Following the investigation, the board may take disciplinary action pursuant to this chapter.
- D. The board may limit, revoke or suspend the privilege of a nurse to practice in this state granted pursuant to section 32-1668.
- E. Failure to comply with any final order of the board, including an order of censure or probation, is cause for suspension or revocation of a license or a certificate.
- F. The president or a member of the board designated by the president may administer oaths in transacting the business of the board.

32-1632. Qualifications of registered nurse; application for license

An applicant for a license to practice as a registered nurse shall file with the board a verified written application accompanied by the prescribed fee and shall submit satisfactory proof that:

1. The applicant has completed satisfactorily the basic curriculum in an approved registered nursing program and holds a diploma or degree from that program.
2. The applicant, if convicted of one or more felonies, has received an absolute discharge from the sentences for all felony convictions three or more years before the date of filing an application pursuant to this chapter.
3. If the applicant has been convicted of a felony pursuant to section 13-604, the court has entered judgment of conviction for a class 1 misdemeanor.

32-1633. Examination of registered nurses

- A. An applicant shall pass an examination in subjects relating to the duties and services of a registered nurse taught in an approved registered nursing program as the board determines.
- B. If an applicant successfully passes the examination and meets the other requirements established pursuant to this chapter, the board shall issue a license to practice registered nursing to the applicant.
- C. If an applicant fails to pass the examination prescribed in subsection A within two years after completing the nursing program, the board may require the applicant to complete additional educational requirements as prescribed by the board by rule.
- D. If on review of credible evidence the board believes that the security of a licensure examination has been compromised and that the credibility of examination results is in question, the board may require retesting of applicants.

32-1634.01. Qualifications of international registered nurses; application for license; examination

A. An applicant for a license to practice as a registered nurse who is a graduate of an international nursing program, who is not licensed in another state or territory of the United States and who does not meet the requirements of section 32-1633, subsection A shall satisfy the following requirements:

1. Submit a report from a credential evaluation agency approved by the board that provides information that the applicant's nursing program is equivalent to an approved program or, if the applicant graduated from a Canadian nursing program, submit a passing score on the English language version of the Canadian nurses association testing service examination or an equivalent Canadian nurse licensure examination as determined by the board.
2. Meets English language proficiency requirements prescribed by the board by rule.
3. Submit a report from an agency recognized by the board verifying that any license held in an international jurisdiction is in good standing and is of equivalent status to a license issued in the United States.
4. Pass an examination as provided in section 32-1633, subsection A.
5. Submit a verified statement that indicates whether the applicant has been convicted of a felony and, if convicted of one or more felonies, that indicates the date of absolute discharge from the sentences for all felony convictions.

B. If the applicant satisfies the requirements of subsection A of this section and meets the other requirements established pursuant to this chapter and board rules, except those requiring graduation from a board approved program, the board shall issue a license to practice as a registered nurse to the applicant.

C. On review of credible evidence, the board may require retesting of an applicant if the board believes that the security of an international licensure examination has been compromised and that the credibility of the examination results is in question.

32-1637. Qualifications of practical nurse; application for license

An applicant for a license to practice as and assume the title of a licensed practical nurse shall file with the board a verified written application accompanied by the prescribed fee and shall submit satisfactory proof that the applicant:

1. Has satisfactorily completed the basic curriculum in an approved practical or professional nursing program and holds a diploma, certificate or degree from that program.
2. If convicted of one or more felonies, has received an absolute discharge from the sentences for all felony convictions three or more years before the date of filing the application.

32-1638. Examination of practical nurses

- A. An applicant shall pass an examination in subjects relating to the duties and services of a practical nurse taught in an approved practical nursing program as the board determines.
- B. If an applicant successfully passes the examination and meets the other requirements established pursuant to this chapter, the board shall issue a license to practice as a licensed practical nurse to the applicant.
- C. If an applicant fails to pass the examination prescribed in subsection A within two years after completing the nursing program, the board may require the applicant to complete additional educational requirements as prescribed by the board by rule.
- D. On review of credible evidence, the board may require retesting of applicants if the board believes that the security of a licensure examination has been compromised and that the credibility of examination results is in question.

32-1639.01. Qualifications of international graduate practical nurses; application for license; examination

A. An applicant for a license to practice as a practical nurse who is a graduate of an international nursing program, who is not licensed in another state or territory of the United States and who does not meet the requirements of section 32-1638, subsection A must satisfy the following requirements:

1. Submit a report from a credential evaluation agency approved by the board that provides information that the applicant's nursing program is equivalent to an approved practical or registered nursing program, or if the applicant graduated from a Canadian nursing program, submit a passing score on the English language version of the Canadian nurses association testing service examination or an equivalent Canadian nurse licensure examination as determined by the board.
2. Meets English language proficiency requirements prescribed by the board by rule.
3. Submit a report from an agency recognized by the board verifying that any license held in an international jurisdiction is in good standing and is of equivalent status to a license issued in the United States.
4. Pass an examination as prescribed in section 32-1638.
5. Submit a verified statement that indicates if the applicant has been convicted of a felony and, if convicted of one or more felonies, that indicates the date of absolute discharge from the sentences for all felony convictions.

B. The board shall issue a license to practice as a practical nurse to an applicant who does not meet the requirements of section 32-1637, paragraph 1, relating to graduation from a board approved program, if the applicant otherwise meets the requirements of subsection A of this section and the other requirements established pursuant to this chapter.

C. On review of credible evidence, the board may require retesting of an applicant if the board believes that the security of an international licensure examination has been compromised and that the credibility of the examination results is in question.

32-1643. Fees; penalties

- A. The board by formal vote at its annual meeting shall establish fees not to exceed the following amounts:
1. Initial application for certification for certified registered nurse anesthetist, registered nurse practitioner and clinical nurse specialist in specialty areas, one hundred fifty dollars.
 2. Initial application for school nurse certification, seventy-five dollars.
 3. Initial application for license as a registered nurse, one hundred fifty dollars.
 4. Initial application for license as a practical nurse, one hundred fifty dollars.
 5. Application for reissuance of a registered or practical nursing license, one hundred fifty dollars.
 6. Application for renewal of a registered nurse or a practical nurse license before expiration, one hundred sixty dollars.
 7. Application for renewal of license after expiration, one hundred sixty dollars, plus a late fee of fifty dollars for each month a license is lapsed, but not to exceed a total of two hundred dollars.
 8. Application for renewal of a school nurse certificate, fifty dollars.
 9. Application for temporary registered nurse, practical nurse or licensed nursing assistant license, fifty dollars.
 10. Retaking the registered nurse or practical nurse examination, one hundred dollars.
 11. Issuing a license to an applicant to become a licensed nursing assistant, fifty dollars.
 12. Issuing a license to a licensed nursing assistant applicant for renewal, fifty dollars.
 13. Application for renewal of a licensed nursing assistant license after its expiration, twenty-five dollars for each year it is expired, not to exceed a total of one hundred dollars.
 14. Issuing a duplicate license or certificate, twenty-five dollars.
 15. Copying a nursing program transcript, twenty-five dollars.
 16. Verification to another state or country of licensure for endorsement, certification for advanced practice or licensed nursing assistant licensure, fifty dollars.
 17. Providing verification to an applicant for licensure or for licensed nursing assistant licensure by endorsement, fifty dollars.
 18. Application to prescribe and dispense medication and application to prescribe medication, one hundred fifty dollars.
 19. Application for renewal of prescribing and dispensing medication privileges before expiration and application for renewal of prescribing medication privileges before expiration, twenty dollars.
 20. Application for renewal of prescribing and dispensing medication privileges after expiration and application for renewal of prescribing medication privileges after expiration, thirty-five dollars.
 21. Issuing an inactive license, fifty dollars.
 22. Writing the national council licensing examination for the first time, one hundred fifty dollars.

23. Sale of publications prepared by the board, fifty dollars.
 24. Providing notary services, two dollars, or as allowed under section 41-316.
 25. Copying records, documents, letters, minutes, applications and files, fifty cents a page.
 26. Processing fingerprint cards, fifty dollars.
 27. Registration for board seminars, one hundred dollars.
 28. Failing to notify the board of a change of address pursuant to section 32-1609, twenty-five dollars.
- B. The board may collect from the drawer of a dishonored check, draft order or note an amount allowed pursuant to section 44-6852.

32-1645. Licensed nursing assistants; certified nursing assistants; qualifications

A. A person who wishes to practice as a licensed nursing assistant shall file a verified application on a form prescribed by the board and accompanied by the fee required pursuant to section 32-1643. The applicant shall also submit a verified statement that indicates whether the applicant has been convicted of a felony and, if convicted of one or more felonies, indicates the date of absolute discharge from the sentences for all felony convictions. The applicant shall also submit proof satisfactory to the board that the applicant has:

1. Satisfactorily completed the basic curriculum of a program approved by the board.
2. Received a valid certificate from a training program approved by the board.
3. Satisfactorily completed a competency examination pursuant to section 32-1647.

B. A person who wishes to practice as a certified nursing assistant shall file a verified form prescribed by the board and authorized by the omnibus budget reconciliation act of 1987 (P.L. 100-123; 101 Stat. 1330), as amended by the medicare catastrophic coverage act of 1988 (P.L. 100-360; 102 Stat. 683). The applicant shall also submit proof satisfactory to the board that the applicant has:

1. Satisfactorily completed the basic curriculum of a program approved by the board.
2. Received a valid certificate from a training program approved by the board.
3. Satisfactorily completed the nursing assistant competency examinations pursuant to section 32-1647.

32-1664. Investigation; hearing; notice

A. In connection with an investigation, the board or its duly authorized agents or employees may obtain any documents, reports, records, papers, books and materials, including hospital records, medical staff records and medical staff review committee records, or any other physical evidence that indicates that a person or regulated party may have violated this chapter or a rule adopted pursuant to this chapter:

1. By entering the premises, at any reasonable time, and inspecting and copying materials in the possession of a regulated party that relate to nursing competence, unprofessional conduct or mental or physical ability of a licensee to safely practice nursing.

2. By issuing a subpoena under the board's seal to require the attendance and testimony of witnesses or to demand the production for examination or copying of documents or any other physical evidence. Within five days after a person is served with a subpoena, that person may petition the board to revoke, limit or modify the subpoena. The board shall do so if in its opinion the evidence required does not relate to unlawful practices covered by this chapter, is not relevant to the charge that is the subject matter of the hearing or investigation or does not describe with sufficient particularity the physical evidence whose production is required.

3. By submitting a written request for the information.

4. In the case of an applicant's or a regulated party's personal medical records, as defined in section 12-2291, by any means permitted by this section if the board either:

(a) Obtains from the applicant or regulated party, or the health care decision maker of the applicant or regulated party, a written authorization that satisfies the requirements of title 12, chapter 13, article 7.1.

(b) Reasonably believes that the records relate to information already in the board's possession regarding the competence, unprofessional conduct or mental or physical ability of the applicant or regulated party as it pertains to safe practice. If the board adopts a substantive policy statement pursuant to section 41-1091, it may authorize the executive director, or a designee in the absence of the executive director, to make the determination of reasonable belief.

B. A regulated party and a health care institution as defined in section 36-401 shall, and any other person may, report to the board any information the licensee, certificate holder, health care institution or individual may have that appears to show that a regulated party or applicant is, was or may be a threat to the public health or safety.

C. The board retains jurisdiction to proceed with an investigation or a disciplinary proceeding against a regulated party whose license or certificate expired not more than five years before the board initiates the investigation.

D. Any regulated party, health care institution or other person that reports or provides information to the board in good faith is not subject to civil liability. If requested the board shall not disclose the name of the reporter unless the information is essential to proceedings conducted pursuant to this section.

E. Any regulated party or person who is subject to an investigation may obtain representation by counsel.

F. On determination of reasonable cause, the board, or if delegated by the board the executive director, may require a licensee, certificate holder or applicant to undergo at the expense of the licensee, certificate holder or applicant any combination of mental, physical or psychological examinations, assessments or skills evaluations necessary to determine the person's competence or ability to practice safely. These examinations may include bodily fluid testing and other examinations known to detect the presence of alcohol or drugs. If the executive director orders the licensee, applicant or certificate holder to undertake an examination, assessment or evaluation pursuant to this subsection, and the licensee, certificate holder or applicant fails to affirm to the board in writing within fifteen days after receipt of the notice of the order that the licensee, certificate holder or applicant intends to comply with the order, the executive director shall refer the matter to the board to permit the board to determine whether to issue an order pursuant to this subsection. At each regular meeting of the board the

executive director shall report to the board data concerning orders issued by the executive director pursuant to this subsection since the last regular meeting of the board and any other data requested by the board.

G. The board shall provide the investigative report if requested pursuant to section 32-3206.

H. If after completing its investigation the board finds that the information provided pursuant to this section is not of sufficient seriousness to merit disciplinary action against the regulated party or applicant, it may take either of the following actions:

1. Dismiss if in the opinion of the board the information is without merit.
2. File a letter of concern if in the opinion of the board there is insufficient evidence to support disciplinary action against the regulated party or applicant but sufficient evidence for the board to notify the regulated party or applicant of its concern.

I. Except as provided pursuant to section 32-1663, subsection F and subsection J of this section, if the investigation in the opinion of the board reveals reasonable grounds to support the charge, the regulated party is entitled to an administrative hearing pursuant to title 41, chapter 6, article 10. If notice of the hearing is served by certified mail, service is complete on the date the notice is placed in the mail.

J. A regulated party shall respond in writing to the board within thirty days after notice of the hearing is served as prescribed in subsection I of this section. The board may consider a regulated party's failure to respond within this time as an admission by default to the allegations stated in the complaint. The board may then take disciplinary actions allowed by this chapter without conducting a hearing.

K. An administrative law judge or a panel of board members may conduct hearings pursuant to this section.

L. In any matters pending before it, the board may issue subpoenas under its seal to compel the attendance of witnesses.

M. Patient records, including clinical records, medical reports, laboratory statements and reports, any file, film, other report or oral statement relating to diagnostic findings or treatment of patients, any information from which a patient or a patient's family might be identified or information received and records kept by the board as a result of the investigation procedure outlined in this chapter are not available to the public and are not subject to discovery in civil or criminal proceedings.

N. Hospital records, medical staff records, medical staff review committee records, testimony concerning these records and proceedings related to the creation of these records shall not be available to the public. They shall be kept confidential by the board and shall be subject to the same provisions concerning discovery and use in legal actions as are the original records in the possession and control of hospitals, their medical staffs and their medical staff review committees. The board shall use these records and testimony during the course of investigations and proceedings pursuant to this chapter.

O. If the regulated party is found to have committed an act of unprofessional conduct or to have violated this chapter or a rule adopted pursuant to this chapter, the board may take disciplinary action.

P. The board may subsequently issue a denied license or certificate and may reissue a revoked or voluntarily surrendered license or certificate.

Q. On application by the board to any superior court judge, a person who without just cause fails to comply with a subpoena issued pursuant to this section may be ordered by the judge to comply with the subpoena and punished by the court for failing to comply. Subpoenas shall be served by regular or certified mail or in the manner required by the Arizona rules of civil procedure.

R. The board may share investigative information that is confidential under subsections M and N of this section with other state, federal and international health care agencies and with state, federal and international law

enforcement authorities if the recipient is subject to confidentiality requirements similar to those established by this section. A disclosure made by the board pursuant to this subsection is not a waiver of the confidentiality requirements established by this section.

BOARD OF MANUFACTURED HOUSING (F19-0401)

Title 4, Chapter 34, Articles 2 and 5, R4-34-204, R4-34-501, and R4-34-502

GOVERNOR'S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - FIVE-YEAR REVIEW REPORT

MEETING DATE: June 4, 2019

TO: Members of the Governor's Regulatory Review Council (Council)

FROM: Council Staff

DATE: May 6, 2019

SUBJECT: MANUFACTURED HOUSING BOARD (F19-0401)
Title 4, Chapter 34, Rules R4-34-204, R4-34-501, and R4-34-502

This Five Year Review Report (5YRR) relates to three rules: R4-34-204, R4-34-501, and R4-34-502 regarding the Manufactured Housing Board (Board) within the Department of Housing (Department). R4-34-204 addresses Installers. The two rules in Article 5 (Fees) address the fee schedule (R4-34-501) and license bond amounts (R4-34-502).

At the May 1, 2018 Council Meeting, the Council voted to require the Department of Housing to review these three rules. The Department presented these rules to the Board at its October 17, 2018 Board Meeting for review and consideration. At that meeting, the Board determined that no changes to these rules were necessary. As a result, the Board submitted a letter to the Council dated November 6, 2018 describing the Board's actions and attached a draft version of the Board's minutes from the October 17, 2018 meeting. The Board did not submit a report in the form and manner required under GRRC rules at that time. The Board now submits a report consistent with R1-6-301.

Proposed Action

Based on the decision at its October 17, 2018 Board meeting, the Board proposes to take no action regarding these rules.

1. **Has the agency analyzed whether the rules are authorized by statute?**

Yes. The Department cites to both general and specific authority for these rules.

2. **Summary of the agency's economic impact comparison and identification of stakeholders:**

The rules under review explain the requirements for licensure for manufactured housing installers. The Board has determined the economic impact of the rules does not differ from what was originally determined when the rules were adopted.

The stakeholders include the Board, licensees, and the consumers of manufactured housing.

3. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The Board indicates that the rules under review provide the least intrusive and least costly method of achieving their regulatory objectives. The rules support the Board's purpose and commitment to maintaining standards of safety for manufactured homes, mobile homes and factory-built buildings. Any burdens or costs of compliance are necessary to achieve the Board's mission and maintain standards that are nationally recognized in the industry as best practices. The benefits of these rules outweigh the costs.

4. **Has the agency received any written criticisms of the rules over the last five years?**

No. The Board has not received any written criticisms of the rules over the last five years.

5. **Has the agency analyzed the rules' clarity, conciseness, and understandability, consistency with other rules and statutes, and effectiveness?**

Yes. The Board indicates that the rules are clear, concise, understandable, and effective.

6. **Has the agency analyzed the current enforcement status of the rules?**

Yes. The Board indicates that the rules are enforced as written.

7. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

No. The rules are not more stringent than federal law. The Board indicates that it ensured these rules are not more stringent than federal law by incorporating by reference 24 CFR 3288 (2008). This rule establishes standards for manufactured homes. The Board states that pursuant to a contract with the U.S. Department of Housing and Urban Development

(HUD), the Arizona Department of Housing enforces federal regulations regarding plant monitoring, installation inspection, and dispute resolution for consumers of manufactured homes.

8. For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?

For the rules in Title 4, Chapter 34 that require a permit or license, the Board states that the rules comply with A.R.S. § 41-1037. The three rules at issue in this report were adopted prior to July 29, 2010.

9. Conclusion

As indicated in the report, the Board plans to take no action regarding these rules. The rules are clear, concise, understandable, and effective. Council staff recommends approval of this report.

RE: Five-Year Review Report on R4-34-204, R4-34-501 and R4-34-502

Dear Ms. Sornsin,

As required by A.R.S. § 41-1056, the Board of Manufactured Housing within the Arizona Department of Housing submits for your approval a report on a review of the referenced rules. The Board reviewed all referenced rules.

As required under A.R.S. § 41-1056(A), the Board certifies that it is in compliance with A.R.S. § 41-1091 regarding a substantive policy directory.

If you have any questions regarding this report, please contact me at (602) 771-1035. Thank you for your consideration.

Sincerely,

Five-Year-Review Report Template

1. Authorization of the rule by existing statutes

General Statutory Authority: A.R.S.§ 41-4010(A)

Specific Statutory Authority: R4-34-101. Definitions: A.R.S.§ 41-4010(A)(1), (2), (3), (10), (13), and (15)

R4-34-204. Installers: A.R.S. § 41-4010(A)(8)

R4-34-501. General: A.R.S. § 41-4004 and 41-4010(A)(4), (6) - (9), (13), and (16)

R4-34-502. License Bond Amounts: A.R.S § 41-4010(A)(6)-(9), (13), and (16)

2. The objective of each rule:

Rule	Objective
R4-34-204	Installers: The objective of this rule is to provide descriptions of installers’ license classifications and the activities that define the scope of each license class. The rule also specifies license requirements specific to an installer. This enables an install licensee and the public to know the applicable scope of activities.
R4-34-501	General: The objective of this rule is to provide information regarding a schedule of fees in accordance with A.R.S. §§ 41-4010(A)(4), and ensure services provided to the industry by the Office generate fees to cover the Office’s expenses within the margin defined by statute. This provides transparency to the industry regarding the Office.
R4-34-502	License Bond Amounts: The objective of this rule is to establish bond amounts for each applicable license class. This provides an applicant or licensee with information necessary to obtain or maintain a license in good standing.

3. Are the rules effective in achieving their objectives?

Yes X No ___

If not, please identify the rule(s) that is not effective and provide an explanation for why the rule(s) is not effective.

Rule	Explanation

4. Are the rules consistent with other rules and statutes?

Yes X No ___

If not, please identify the rule(s) that is not consistent. Also, provide an explanation and identify the provisions that are not consistent with the rule.

Rule	Explanation

5. **Are the rules enforced as written?** Yes No

If not, please identify the rule(s) that is not enforced as written and provide an explanation of the issues with enforcement. In addition, include the agency's proposal for resolving the issue.

Rule	Explanation

6. **Are the rules clear, concise, and understandable?** Yes No

If not, please identify the rule(s) that is not clear, concise, or understandable and provide an explanation as to how the agency plans to amend the rule(s) to improve clarity, conciseness, and understandability.

Rule	Explanation

7. **Has the agency received written criticisms of the rules within the last five years?** Yes No

If yes, please fill out the table below:

Commenter	Comment	Agency's Response

8. **Economic, small business, and consumer impact comparison:** The Board believes that the economic, small business and consumer impact statements prepared for the five rulemakings completed since 1999 were generally accurate.

9. **Has the agency received any business competitiveness analyses of the rules?** Yes No

10. **Has the agency completed the course of action indicated in the agency's previous five-year-review report?**

Please state what the previous course of action was and if the agency did not complete the action, please explain why not.

In a five-year-review report approved by the Council on October 2, 2012, the Board indicated it would amend R4-34-303(B) to correct an error. The subsection incorrectly says "seller's broker" rather than "purchaser's broker." The Board has not completed the planned rulemaking due to the rule moratorium.

11. **A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:**

The Board determined the probable benefits of the rules outweigh their probable costs and the rules impose the least burden and costs to regulated persons necessary to achieve the underlying regulatory objective.

The rules support the Department's purpose and commitment to maintain standards of safety for manufactured homes, mobile homes, and factory built buildings by reducing hazards to life and property, and to protect consumers of these products and services. The rules establish the minimum standards that are compliant with the federally adopted regulations and codes that are nationally recognized in the industry as best practices. The Board has determined any burden or cost of compliance is necessary to achieve the Department's mission of consumer safety. Any additional costs are not burdens imposed to regulated persons as those costs are passed on to the consumers of the products and services.

The fee schedule is established annually by the Board and is applicable to licensees engaged in the business of constructing the homes and buildings, selling the homes and buildings, and installing the homes and buildings. These licensees are required by statute to submit plans to the Office for approval when applicable, obtain a permit to install the home or building, and have their work inspected. The fee schedule is intended to recover the costs incurred by the Office in providing the required plan review, permit, and inspection. The fees are a cost of doing business and that probably is passed to the consumer of these products and services.

12. Are the rules more stringent than corresponding federal laws? Yes ___ No X

Please provide a citation for the federal law(s). And if the rule(s) is more stringent, is there statutory authority to exceed the requirements of federal law(s)?

The Board determined the rules are not more stringent than federal law. The Board ensured this by incorporating by reference 24 CFR 3280 through 3288 (2008), which establish standards for manufactured homes. Under contract with the US Department of Housing and Urban Development, the Department enforces the federal regulations regarding plant monitoring (24 CFR 3280 and 3282), installation inspection (24 CFR 3285 and 3286), and dispute resolution for consumers of manufactured homes (24 CFR 3288).

13. For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:

The following rules were made after July 29, 2010: R4-34-101, R4-34-102, R4-34-103, R4-34-601, R4-34-602, R4-34-603, R4-34-607, R4-34-702, R4-34-703, R4-34-704, R4-34-706, R4-34-801, R4-34-803, R4-34-804 and R4-34-805. The rules in Article 7 require obtaining plan approval. Those in Article 8 require permits for installation. These rules comply with A.R.S. § 41-1037 because they are issued to qualified individuals to conduct activities that are substantially similar in nature.

14. Proposed course of action

If possible, please identify a month and year by which the agency plans to complete the course of action.

For the purpose of conducting the five-year-review, the Department presented Rules R4-34-201, 502, and 502 to the Board for review and consideration at the scheduled Board Meeting held October 17, 2018. The Board reviewed and considered the language and format of the existing Rules during the course of the scheduled Board Meeting. After discussion and due consideration, the Board determined that no changes to the existing Rules are warranted.

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division
The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

Board of Manufactured Housing

ARTICLE 1. GENERAL**R4-34-101. Definitions**

The definitions in A.R.S. §§ 41-4001, and 41-4008 apply to this Chapter. Additionally, in this Chapter:

1. "Act" means the Manufactured Housing Improvement Act of 2000, which is Title VI of the American Homeownership and Economic Opportunity Act of 2000.
2. "Agency" means the seller or purchaser of a used home has given a licensed salesperson written legal authority to act on behalf of the seller or purchaser when dealing with a third party. The written legal authority is also binding on the salesperson's licensed and employing retailer.
3. "Agency disclosure" means a document that specifies the person a licensed salesperson or licensed retailer represents in a brokered transaction.
4. "Agent" means a licensed retailer authorized to act on behalf of a seller, purchaser, or both the seller and purchaser of a used home.
5. "Branch location" means a satellite office, in addition to the principal office, where business may be transacted.
6. "Brokered transaction" means a transaction in which a licensed broker acts as an agent for the seller, purchaser, or both.
7. "Certificate" means an Arizona Insignia of Approval, which is required for modular manufacture, installation, reconstruction, or rehabilitation work.
8. "Co-brokered transaction" means a transaction in which the listing retailer and the selling retailer are not the same person.
9. "Commercial" means an FBB with a use-occupancy classification other than single-family dwelling.
10. "Consummation of sale, as defined at A.R.S. § 41-1001, includes filing an Affidavit of Affixture, if applicable.
11. "FBB" means factory-built building.
12. "Field installed" means components, equipment, and/or construction that is to be completed or installed at the site. Field installed does not include reconstruction.
13. "HVAC" means heating, ventilation, and air conditioning.
14. "Modular" means an FBB.
15. "New" means a unit or subassembly not previously sold, bargained, exchanged, or given away to a purchaser.
16. "Permanent foundation" means a system of support and perimeter enclosure of crawl space that is:
 - a. Constructed of durable materials (e.g., concrete, masonry, steel, or treated wood);
 - b. Developed in accordance with the manufacturer's installation instructions or designed by an Arizona registered engineer;
 - c. Attached in a manner that effectively transfers all vertical and horizontal design loads that could be imposed on the structure by wind, snow, frost, seismic, or flood conditions, as applicable, to the underlying soil or rock;
 - d. Designed to exclude unwanted elements and varmits, ensure sufficient ventilation, and provide adequate access to the building; and
- e. Not affixed with anchoring straps or cable to ground anchors other than footings.
17. "Purchase contract in a brokered transaction" means a written agreement between a purchaser and seller of a used home that indicates the sales price and terms of the sale.
18. "Repair" means work performed on a manufactured home, mobile home, or FBB to restore the building to a habitable condition but does not impact the original structure, electrical, plumbing, HVAC, mechanical, use occupancy, or energy design.
19. "Residential" means a building with a use-occupancy classification of single family dwelling or as governed by the International Residential Code.
20. "Retailer" means a broker or dealer as prescribed at A.R.S. § 41-4001(5) and (10).
21. "Site" means a parcel of land bounded by a property line or a designated portion of a public right-of-way.
22. "Site work" means soil preparation including soil analysis, grading, drainage, utility trenches, and foundation systems preparation, and field-installed work including terminal and connections, on-site utility connections, accessibility structures, egress paths, parking, lighting, landscaping, and similar work.
23. "Standards" means the materials incorporated by reference in R4-34-102.
24. "Supplement" means a submittal of not more than two sheets of paper that indicates floor plan dimensional sizes, does not change more than 25% of a system or configuration, and is incorporated as part of an originally approved plan.
25. "Technical service" means engineering assistance and interpretative application or clarification of compliance and enforcement of A.R.S. Title 41, Chapter 16, Articles 1, 2, and 4 and this Chapter.
26. "Used home" means a previously titled manufactured home, mobile home, or FBB designed for use as a residential dwelling.

Historical Note

R4-34-103. Exceptions

- A.** The Board makes the following exceptions to the materials incorporated by reference in R4-34-102:
1. International Building Code and International Residential Code. A water or gas connection may be a flexible connector if the flexible connector:
 - a. Is not more than 6 feet long,
 - b. Is of the rated size necessary to supply the total demand of the unit, and
 - c. Made of materials that comply with the International Plumbing Code and International Fuel Gas Code; and
 2. International Residential Code. Exclude Section R313, Automatic Fire Sprinkler Systems.
- B.** Under A.R.S. § 41-4010(D), a local jurisdiction may petition the Board for an exception to a standard. If the Board grants a local jurisdiction an exception to a standard, the local jurisdiction shall be bound by any conditions in the exception order issued by the Board. The local jurisdiction shall ensure the petition for an exception:
1. Specifies the standard sections affected;
 2. Justifies the requested exception with documented evidence of the local conditions that support the requested exception;
 3. Specifies the boundaries of the area affected by the local conditions;
 4. States why the exception is necessary to protect the health and safety of the public; and
 5. Provides an estimate of the economic impact the requested exception will have on the petitioning jurisdiction, other affected governmental entities, the public, unit owners, and licensees, and the facts upon which the estimate is based.
- C.** An exception ordered by the Board applies only within the jurisdiction that petitioned for the exception.
- D.** An exception order is effective on the date specified in the order, which will be at least 60 days after a Departmental Substantive Policy Statement has been issued to all licensed installers describing the exception, the area within which it applies, and any provisions applicable to its use.

R4-34-603. FBBs

- A.** A manufacturer shall construct an FBB according to the applicable standards in R4-34-102 and:
1. Provide a complete set of drawings and specifications to the Department under R4-34-703(B);
 2. Affix a permanent serial or identification number to each unit during the first stage of manufacturing. If an FBB has multiple sections (modules), the manufacturer shall ensure each module is separately identified. The serial or identification number location and application method shall be shown in the plans required under R4-34-703; and
 3. Affix a Modular Manufacturer's Certificate to each completed module where indicated in the plan required under R4-34-703 (B)(5).
- B.** The Department may require a manufacturer of an FBB that is produced and shipped before plan approval to remove the FBB from this state and remove the Modular Manufacturer's Certificate based on the Department's assessment of the following factors:
1. Probable harm to public safety and welfare,
 2. Previous violations of a similar nature, and
 3. Manufacturer's failure to comply with plan submittal and requirements.

R4-34-605. Reconstruction of FBBs

A manufacturer shall ensure reconstruction of an FBB is consistent with applicable standards prescribed in R4-34-102 and:

1. Existing construction, systems (electrical, plumbing, HVAC, energy, etc.), and components are structurally and otherwise sound and compliant with standards governing at the time of manufacture;
2. New construction, systems, and components comply with applicable standards in R4-34-102;
3. A permanent serial or identification number is affixed to each reconstructed FBB as required under R4-34-603(A);
4. An Arizona Reconstruction Certificate is affixed to each module;
5. The reconstructed FBB complies with R4-34-102.

Historical Note

Adopted effective January 31, 1979 (Supp. 79-1). Amended effective April 21, 1982 (Supp. 82-2). Amended effective July 3, 1991 (Supp. 91-3). Section repealed by final rulemaking at 6 A.A.R. 47, effective December 8, 1999; new Section adopted by final rulemaking at 6 A.A.R. 145, effective December 8, 1999 (Supp. 99-4). R4-34-606. Rehabilitation of Mobile Homes

- A.** A rehabilitation permit shall be obtained from the Department before any modification of a mobile home.
- B.** The following requirements shall be met for a mobile home to be issued a certificate of compliance:
1. A smoke detector shall be installed in each sleeping room and outside each separate sleeping area in the immediate vicinity of the sleeping rooms. Each smoke detector shall be installed in accordance with its manufacturer's instructions;
 2. The walls, ceilings, and doors of each gas-fired furnace and water-heater compartment shall be lined with 5/16-inch gypsum board except a door to a compartment that opens to the exterior of the mobile home, in which case the door may be all metal construction. All exterior compartments shall seal to the interior of the mobile home;
 3. Each room designated expressly for sleeping purposes shall have at least one outside egress window or an approved exit device. The window or exit shall have a minimum clear dimension of 22 inches, a minimum clear opening of five square feet, and the bottom of the exit is not more than 36 inches above the floor;
 4. The electrical system is tested for continuity to ensure metallic parts are properly bonded, tested for operation to demonstrate all equipment is connected and in working order, and given a polarity check to determine connections are proper. The electrical system is properly protected for the required amperage load. If aluminum conductors are used, all receptacles and switches rated 20 amperes or less and directly connected to the aluminum conductors are marked CO/ALR. Exterior receptacles other than heat tape receptacles are of the ground fault circuit interrupter (GFI) type. Conductors of dissimilar metals (Copper/Aluminum/or Copper Clad Aluminum) are connected in accordance with Section 110-14 of the National Electrical Code incorporated at R4-36-102; and
 5. Gas piping shall be tested with methods incorporated at R4-36-102. All gas furnaces and water heaters shall be installed in compliance with materials incorporated at R4-36-102. If a rehabilitated mobile home is to be relocated following rehabilitation, the gas tests required under this subsection may be performed and inspected at the time of installation at the new location.

Board of Manufactured Housing

- C. The rehabilitated mobile home shall be inspected by the Department to ascertain compliance with subsection (B).
- D. The Department shall issue a certification of compliance for each rehabilitated mobile home in compliance with subsection (B), and affix an insignia of approval to the exterior wall nearest the point of entrance of the electrical service.
- E. If the Department determines a rehabilitated mobile home does not comply with subsection (B), the Department shall serve a correction notice and require the person served to make corrections within the time specified in the notice. The Department shall determine the time for correction based on the severity of the hazard or violation and the time reasonably needed to make the correction. The Department shall allow at least 30 days for correction unless an imminent safety hazard is found or the correction has been unreasonably delayed, in which case, the Department shall serve an Order to Vacate to the person occupying the rehabilitated mobile home.
- F. The Department shall serve an Order to Vacate on a person occupying a non-rehabilitated mobile home within five days after an inspection of the non-rehabilitated mobile home finds an imminent safety hazard.
1. The Department shall evaluate the production process at the decertified manufacturing facility to ensure the manufacturer's procedures are consistent with the approved plans, standards, and compliance assurance manual at every stage of production.
 2. When the manufacturer successfully completes the recertification process, the Department shall issue Certificates or Labels to the manufacturer.
- G. The Department may conduct regular inspections of retailer lots to ensure compliance with approved plans, standards, and A.R.S. § 41-4048.

ARTICLE 7. PLAN APPROVALS**R4-34-701. General**

- A. Before construction of a manufactured home or FBB, a manufacturer shall submit to the office:
1. The compliance assurance manual required by R4-34-702, and
 2. The drawings and specifications required by R4-34-703.
- B. Before performing one of the following, a person shall obtain plan approval:
1. Under R4-34-704(A) for an alteration,
 2. Under R4-34-704(B) for a reconstruction,
 3. Under R4-34-705 to install an attached accessory structure, and
 4. Under R4-34-706 to install an FBB.
- C. Within 20 business days after receiving a plan submitted under subsection (B), the Department shall perform an administrative review of the plan submittal and if incomplete, require the licensee to provide a complete plan submittal. Within 20 busi-
- A. The Department shall conduct manufactured home plant certification under R4-34-102.
- B. Before issuing Certificates, the Department shall certify that a manufacturing facility of FBBs is capable of manufacturing the FBBs to the specifications in the approved drawings and procedures in the approved compliance assurance manual required under R4-34-702.
- C. A manufacturer of FBBs and reconstructed FBBs shall certify compliance with approved plans by affixing a Modular Manufacturer Certificate or Reconstruction Certificate, as appropriate, to each FBB before delivery to a retailer.
- D. Records and reporting: By the 15th of each month:
1. A manufacturer of manufactured homes shall report to the Department affixing HUD labels, complete any other required reports, and establish and maintain records required under R4-34-102; and
 2. An FBB manufacturer shall report to the Department affixing Arizona Modular and Reconstruction Certificates during the previous month.
- E. The Department shall decertify a manufacturing facility if:
1. A serious defect exists in more than one FBB;
 2. An inspector identifies three or more failures to comply with specifications in the approved plans, standards, or compliance assurance manual;
 3. An in-state licensee fails to produce approved units for more than six consecutive months; or
 4. An out-of-state licensee fails to file quarterly inspection reports for six consecutive months.
- F. Before resuming production, a decertified manufacturing facility shall be recertified by the Department.

R4-34-702. Compliance Assurance Manuals

A manufacturer of FBBs shall prepare a compliance assurance manual that has all of the following:

1. An 8 1/2 X 11 inch format with page numbers and revision traceability;
2. The manufacturer's name and address of the factory to which the manual applies;
3. A table of contents that identifies key elements in the quality and compliance control process;
4. An organizational chart that shows titles and functions of all positions responsible for any aspect of quality and compliance control;
5. A description of the design-document control process and procedures for ensuring the current approved design package or building plans are available to production, quality, and compliance personnel;
6. A description of procedures for handling materials, including treatment and disposal of rejected materials, in compliance with standards;
7. A description of the FBB-identification system including a unique identifier, such as a serial or identification number, that is permanently affixed to each module of the FBB at the beginning of manufacturing and where the unique identifier is located on the FBB;
8. A drawing showing the layout of the factory and location of the work area for each step in the manufacturing sequence with a description of the scope of work performed at each work area, including off-line processes;
9. An inspection checklist, keyed to the drawing required in subsection (8), that identifies the inspections and tests to be performed at each step in the manufacturing sequence

and title of the position responsible for ensuring inspections and tests are performed;

10. A list that includes step-by-step procedures for ensuring all required tests are performed, the equipment needed to perform each test, and procedures for maintaining test equipment;
11. A description of procedures for maintaining control of certificates, installing certificates on FBBs, and making the monthly report of certificates and title of the position responsible for ensuring these tasks are performed;
12. A description of the procedures for storing completed FBBs at the facility including the manner in which stored FBBs are protected from the elements and other sources of potential damage; and
13. A description of procedures for ensuring building documents are retained and title of the position responsible for ensuring document retention.

Amended by final rulemaking at 18 A.A.R. 944, effective June 4, 2012 (Supp. 12-2). Amended by final rulemaking at 24 A.A.R. 1499, effective June 30, 2018 (Supp. 18-2).

R4-34-705. Accessory Structures

- A. For commercial FBBs, a properly licensed entity or person shall comply with the International Building Code when preparing attached accessory structure plans. For manufactured homes, mobile homes, and residential FBBs, a properly licensed entity or person shall comply with the International Residential Code when preparing attached accessory structure plans.
- B. The Department may approve a design that does not comply with subsection (A) based on a demonstration by an Arizona registered engineer that the design meets standards at least equivalent to those in subsection (A).
- C. A properly licensed entity or person shall submit plans, which are sealed by an Arizona registered engineer, for all attached accessory structures except skirting systems that have manufacturer installation instructions and HVAC systems.

Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 145, effective December 8, 1999 (Supp. 99-4). Amended by final rulemaking at 11 A.A.R. 464, effective March 5, 2005 (Supp. 05-1). Amended by final rulemaking at 14 A.A.R. 286, effective March 8, 2008 (Supp. 08-1). Amended by final rulemaking at 24 A.A.R. 1499, effective June 30, 2018 (Supp. 18-2).

R4-34-706. FBB Installation

A properly licensed entity or person shall include the following in installation plans submitted to the Department:

1. A site plan that includes the location of the building and all utility lines;
2. A foundation plan that includes:
 - a. A description of the soil class and the soil bearing pressure;
 - b. A description of footings and other foundation supports designed to meet the minimum bearing pressure at the depth required;
 - c. A complete set of drawings indicating dimensions and details of the foundation footing and anchoring; and a complete list of materials with a cross-identification of how materials will be used, in the appropriate view; and
 - d. Calculations, prepared by an Arizona registered engineer, for all load conditions including wind loads for horizontal loads, uplift loads, and overturning; and horizontal and torsional earthquake effects on foundations.
3. Electrical drawings, including the isometric one-line diagram required by R4-34-102, that contain the following information:
 - a. Size and type of conductors, length of feeders, and all amperage;
 - b. Dimensions of gutterways and raceways;
 - c. Complete details of panelboards, switchboards, and distribution centers; and
 - d. All grounding and bonding connections.
4. Plumbing drawings, including one-line diagrams required by R4-34-102 that contain the following information:
 - a. Location of sewer tap, water meter, and gas meter;
 - b. Size, length, and all materials for sewer, water, and gas lines;
 - c. Location of all cleanouts and grade of sewer line;
 - d. Fixture unit calculations for plumbing and gas fixtures;
 - e. Fastening and closure details for connection of multiple modules; and
 - f. Dimensional plans and details for all components and construction to be field installed.

R4-34-707. Designated Flood-prone Area Installation

Before installing a manufactured home, mobile home, or FBB in a designated flood-prone area, an installer shall submit and obtain Department approval of an installation plan that includes the following:

1. A site plan showing the location of the manufactured home, mobile home, or FBB;

Board of Manufactured Housing

2. A copy of the designated flood-use permit or flood design conditions issued by the local enforcement agency showing the flood zone type and regulatory and base flood elevations;
3. A site-specific foundation plan that is prepared by an Arizona registered engineer and includes:
 - a. A complete set of drawings indicating dimensions and details of the foundation system and anchoring to prevent floatation, collapse, or lateral movement of the structure;
 - b. A complete list of materials cross identified to the drawings in subsection (3)(a) showing how the materials will be used;
 - c. An indication of how to place the structure to ensure the bottom frame of the structure is at or above the regulatory flood elevation;
 - d. An indication of where to place external utilities and equipment to ensure they are at or above the regulatory flood elevation;
 - e. If the structure has an enclosed foundation, an indication of where to place flood vents or other openings; and
 - f. All calculations used to determine all load conditions; and
4. Written approval of the information in subsections (1) through (3) from the local flood-district administrator having authority.
 - H. The permit holder, owner, or contractor shall request all required inspections.
 - I. At the time of a scheduled inspection, the permit holder, owner, or contractor shall ensure all work to be inspected is accessible (opened) and no work is performed beyond the point indicated for each successive inspection without first obtaining approval from the Department.
 - J. The permit holder, owner, or contractor shall ensure approved plans and all applicable manuals are available onsite.
 - K. A special-use permit for an FBB used for an event of 45 days or less shall be obtained from the Department. The special-use permit expires 45 days from the date of issuance. The holder of a special-use permit shall remove the FBB from the site when the permit expires.

Historical Note

Adopted effective January 31, 1979 (Supp. 79-1). Amended effective October 20, 1981 (Supp. 81-5). Former Section R4-34-801 repealed, new Section R4-34-801 renumbered from R4-34-501 and amended effective July 3, 1991 (Supp. 91-1). Section repealed by final rulemaking at 6 A.A.R. 47, effective December 8, 1999; new Section adopted by final rulemaking at 6 A.A.R. 145, effective December 8, 1999 (Supp. 99-4). Amended by final rulemaking at 18 A.A.R. 944, effective June 4, 2012 (Supp. 12-2). Amended by final rulemaking at 24 A.A.R. 1499, effective June 30, 2018 (Supp. 18-2).

Historical Note

New Section made by final rulemaking at 24 A.A.R. 1499, effective June 30, 2018 (Supp. 18-2).

ARTICLE 8. PERMITS AND INSTALLATION**R4-34-801. Permits**

- A. A properly licensed entity or person shall obtain a permit for the installation of a manufactured home, mobile home, FBB, or attached accessory structure, or rehabilitation of a mobile home.
- B. The Department shall issue or deny a permit within seven business days after the application is received. If a permit is denied, corrections to the application shall be submitted to the Department within 20 business days after the denial.
- C. A properly licensed entity or person shall obtain all required permits, such as zoning, flood plain, and installation, from the Department or local jurisdiction before beginning any installation work. All permits shall be posted in a conspicuous location onsite. The properly licensed entity or person who contracts to perform the installation and a licensed installer who subcontracts to perform the installation shall verify that all required permits have been obtained from the Department and local jurisdiction before beginning the installation.
- D. A local jurisdiction that has entered into agreement with the Department may issue installation permits and conduct inspections.
- E. The Department or a local jurisdiction participating in the installation inspection program shall charge the permit fee expressly authorized under A.R.S. § 41-2144(A)(4). The fee charged by the local jurisdiction shall not exceed the amount established by the Board.
- F. Every permit, except a special-use permit, expires six months after the permit is issued. The Department may extend the permit for good cause if a written request is made to the Department before the permit expires and the fee established by the Board under A.R.S. § 41-2144(A)(4) is paid again.
- G. A licensee or consumer shall obtain a certificate of occupancy from the Department before occupying a manufactured home, mobile home, or FBB.

R4-34-802. General Installation

- A. A properly licensed entity shall complete and affix an Arizona Installation Certificate to a manufactured home, mobile home, or FBB at the end of the unit opposite the hitch and adjacent to the manufacturer certificate or HUD label. The properly licensed entity shall affix the Arizona Installation Certificate before calling the Department for an inspection.
- B. A properly licensed entity shall make a report by the 15th of each month regarding compliance with subsection (A).
- C. Before beginning an installation, a properly licensed entity shall check with the local jurisdiction regarding frost-line requirements governing permanent foundations or utilities.
- D. A properly licensed entity shall install all new manufactured homes, used manufactured homes, and mobile homes according to the materials incorporated by reference in R4-34-102.
- E. Before making an installation, a properly licensed entity shall perform or contract with a qualified professional to assess the site and soil and make site preparations necessary to ensure the site is compatible with the manufactured home, mobile home, or residential single-family FBB to be installed. The entity that actually assesses and prepares the site has primary responsibility for the work performed. The entity that contracts to have the site assessment and preparation done, if different, has secondary responsibility for the work performed.
- F. Installation of a manufactured home, mobile home, or FBB shall be performed only by a properly licensed entity.

Historical Note

Adopted effective January 31, 1979 (Supp. 79-1). Amended subsections (A), (D), (F), and (L) effective October 20, 1981 (Supp. 81-5). ARTICLE 10. ADMINISTRATIVE PROCEDURES**R4-34-1001. Rehearing or Review**

- A. A party may amend a motion for rehearing or review filed under A.R.S. § 41-4038 at any time before it is ruled on by the Director. The opposing party may file a response within 15 days after the date the motion or amended motion is filed. The Director may require the parties to file written briefs explaining the issues raised in the motion and provide for oral argument.
- B. The Director may affirm or modify the decision or grant a rehearing to all or any of the parties on all or part of the issues for any of the reasons in A.R.S. § 41-4038(D). An order modifying the decision or granting a rehearing shall specify with particularity the grounds on which the modification or rehearing is granted, and any rehearing shall cover only those matters.
- C. When a motion for rehearing or review is based upon affidavits, the affidavits shall be served with the motion. An opposing party or the Attorney General may, within 10 days after service, serve opposing affidavits.
- D. Not later than 15 days after the date of the decision, the Director may grant a rehearing or review on the Director's own initiative for any reason for which the Director might have granted relief on the motion of a party. The Director may grant a motion for rehearing or review, timely served, for a reason not stated in the motion.

41-4004. Powers and duties of department; work by unlicensed person; inspection agreement; permit

A. The department shall:

1. Establish a state inspection and design approval bureau within the department.
2. Enter into reciprocity agreements and compacts with other states or private organizations that adopt and maintain standards of construction reasonably consistent with those adopted pursuant to this article on determining that such standards are being enforced. The director may void such agreements on determining such standards are not being maintained.
3. Issue a certificate to indicate compliance with the construction and installation requirements of this article.
4. Enter and inspect or investigate premises at reasonable times, after presentation of credentials by the director or personnel of the office or under contract with the office, where units regulated by this article are manufactured, sold or installed, to determine if any person has violated this chapter or the rules adopted pursuant to this chapter.
5. Enter into agreements with local enforcement agencies to enforce the installation standards in their jurisdiction provided the director is monitoring their performance to be consistent with the installation standards of the office.
6. If an inspection reveals that a mobile home entering this state for sale or installation is in violation of this chapter, order its use discontinued and the mobile home or any portion of the mobile home vacated. The order to vacate shall be served on the person occupying the mobile home and copies of the order shall be posted at or on each exit of the mobile home. The order to vacate shall include a reasonable period of time in which the violation can be corrected.
7. If an inspection of a new installation of any mobile home or manufactured home reveals that the natural gas or electrical connections of the installation do not conform to the installation standards promulgated pursuant to this chapter and the nonconformance constitutes an immediate danger to life and property, the inhabitants of the home shall be notified immediately and in their absence a notice citing the violations shall be posted in a conspicuous location. The director may order that the public service corporation, municipal corporation or other entity or individual supplying the service to the unit discontinue such service. If the danger is not immediate, the director shall allow at least twenty-four hours to correct the condition before ordering any discontinuation of service.
8. If construction, installation, rebuilding or any other work is performed in violation of this chapter or any rule adopted pursuant to this chapter, order the work stopped. The order to stop work shall be served on the person doing the work or on the person causing the work to be done. The person served with the order shall immediately cease the work until authorized by the office to continue.
9. Verify written complaints filed with the office by purchasers within one year after the date of purchase or installation of units. Complaints shall be accepted from consumers that allege violations by any dealer, broker, salesperson, installer or manufacturer of this chapter or the rules adopted pursuant to this chapter.
10. On verification of a complaint pursuant to paragraph 9 of this subsection, serve notice to the dealer, broker, salesperson, installer or manufacturer that such verified complaint shall be satisfied as specified by the office.
11. Provide to the board every six months the year-to-date fund balance of and a listing of the year-to-date revenues and expenditures from the mobile home relocation fund established by section 33-1476.02. The information shall be updated and posted on the department's website.

B. Any dealer, broker, salesperson, installer or manufacturer licensed by the office shall respond within thirty days to a notice served pursuant to subsection A, paragraph 10 of this section. Failure to respond is grounds for

disciplinary action pursuant to section 41-4039.

C. If an inspection or an investigation reveals that any work that is required to be performed by a licensee was performed by an unlicensed person required to be licensed pursuant to this chapter, the director, an employee or a person under contract with the office may cite the unlicensed person. The citation may be issued and served pursuant to section 13-3903. The action shall be filed in the justice court in the precinct where the unlicensed activity occurred.

D. The director may enter into agreements with acceptable qualified building inspection personnel or inspection organizations for enforcement of inspection requirements provided the director is monitoring their performance to be consistent with this chapter, rules adopted pursuant to this chapter and the established procedures of the office. If the director determines that the person's or organization's performance is not consistent with this chapter, rules adopted pursuant to this chapter and the established procedures of the office, the person or organization may not enforce the contract and the aggrieved person shall be entitled to a refund of the consideration paid under the agreement.

E. If a mobile or manufactured home or factory-built building is installed without first obtaining an installation permit, the director shall send a written notice to the purchaser specifying that a permit is required. If a permit is not obtained within thirty days after receipt of the written notice, the department shall issue and serve by personal service or certified mail a citation on the purchaser. Service of the citation by certified mail is complete after forty-eight hours after the time of deposit in the mail. On failure of the purchaser to comply with the citation within twenty days after its receipt, the director shall file an action in the justice court in the precinct where installation occurred for violation of this subsection.

41-4010. Powers and duties of board

A. The board shall:

1. Adopt rules imposing minimum construction requirements for factory-built buildings and components thereof that are reasonably consistent with nationally recognized and accepted publications or generally accepted manufacturing practices pertinent to the construction and safety standards for such item to be manufactured. These standards shall include minimum requirements for the safety and welfare of the public.
2. Adopt rules imposing requirements for body and frame design and construction and installation of plumbing, heating and electrical systems for manufactured homes that are consistent with the rules and regulations for construction and safety standards adopted by the United States department of housing and urban development.
3. Adopt rules relating to plan approvals as to requirements for the design, construction, alteration, reconstruction and installation of units or accessory structures as deemed necessary by the board to carry out this chapter.
4. Establish a schedule of fees, payable by persons, licensees or owners of units regulated by this chapter, for inspections, licenses, permits, plan reviews, administrative functions and certificates so that the total annual income derived from such fees will not be less than ninety-five percent and not more than one hundred five percent of the anticipated expenditures for the administration of the activities described in this subsection.
5. Adopt rules relating to the inspection throughout the state by the department of the installation of manufactured homes, mobile homes, factory-built buildings and accessory structures included as part of a sales contract for a manufactured home, mobile home or factory-built building or included in an agreement to move a manufactured home, mobile home or factory-built building.
6. Establish and maintain licensing standards and bonding requirements for all manufacturers of manufactured homes and factory-built buildings regulated pursuant to this chapter.
7. Establish and maintain licensing standards and bonding requirements for all dealers and brokers of manufactured homes, mobile homes and factory-built buildings thereof who sell or arrange the sale of such products within this state.
8. Establish and maintain licensing standards and bonding requirements for all installers of manufactured homes, mobile homes and accessory structures and certified standards for all persons who repair these homes and structures under warranties and who are not employees of the manufacturer.
9. Establish and maintain licensing standards for all salespersons of manufactured homes, mobile homes and factory-built buildings. These standards shall not include educational requirements.
10. Adopt rules consistent with the United States department of housing and urban development procedural and enforcement regulations and enter into such contracts necessary to administer the federal manufactured home regulations.
11. Adopt rules imposing minimum fire and life safety requirements in the categories of fire detection equipment, flame spread for gas furnace and water heater compartments, egress windows, electrical system and gas system for mobile homes entering this state.
12. Adopt rules for inspections and permits for minimum fire and life safety requirements and establish fees for such inspections and permits for mobile homes entering this state.
13. Adopt such other rules as the board deems necessary for the department to carry out this chapter and, to the extent not authorized by other provisions of this section, adopt rules as necessary to interpret, clarify, administer or enforce this chapter.

14. Adopt rules relating to the installation of manufactured homes, mobile homes, factory-built buildings and accessory structures included as part of a sales contract for a used mobile home, new or used manufactured home or new or used factory-built building or part of an agreement to move a used mobile home, new or used manufactured home or new or used factory-built building. This paragraph does not apply to:

- (a) Single wide factory-built buildings that are used for construction project office purposes and that are not used by the public.
- (b) Storage buildings of less than one hundred sixty-eight square feet that are not used by the public.
- (c) Equipment buildings that are not used by the public.

15. Adopt rules relating to acceptable workmanship standards.

16. Adopt rules relating to issuing permits to licensees, owners of units or other persons for the installation of manufactured homes, mobile homes, factory-built buildings and accessory structures.

17. Adopt rules including a requirement that a permit shall be obtained before the installation of a mobile or manufactured home.

18. Establish standards for the permanent foundation of a manufactured home, mobile home or factory-built building.

B. In adopting rules pursuant to subsection A, paragraph 3 of this section, the board shall consider for adoption any amendments to the codes and standards referred to in subsection A, paragraphs 1 and 2 of this section. If the board adopts the amendments to such codes and standards, the department shall notify the manufacturers licensed pursuant to article 4 of this chapter ninety or more days before the effective date of such amendments.

C. Chapter 6 of this title does not apply to the setting of fees under subsection A, paragraph 4 of this section.

D. Rules adopted pursuant to subsection A, paragraph 14 of this section shall be standard throughout this state and may be enforced by the local enforcement agencies on installation to ensure a standard of safety. The board may make an exception to the standard if, on petition by a local jurisdiction participating in the installation inspection program, local conditions justify the exemption or it is necessary to protect the health and safety of the public. On its own motion, the board may revise or repeal any exception.

GOVERNOR'S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - FIVE-YEAR REVIEW REPORT

MEETING DATE: June 4, 2019

TO: Members of the Governor's Regulatory Review Council (Council)

FROM: Council Staff

DATE: May 6, 2019

SUBJECT: DEPARTMENT OF ECONOMIC SECURITY (F19-0603)
Title 6, Chapter 9, Appellate Services Administration

This Five Year Review Report (5YRR) from the Department of Economic Security (Department) relates to two rules in Title 6, Chapter 9 regarding the Appellate Services Administration. R6-9-301 defines terms and R6-9-302 describes under what conditions the Appellate Services Administration may provide electronic copies of documents in lieu of conventional delivery, and how such delivery shall be made.

This is the first 5YRR for these rules, which were created in 2013.

Proposed Action

The Department received an exemption from the rulemaking moratorium on September 24, 2018 to consolidate the appeals process rules contained in various sections of the Administrative Code. The Department indicates that the elements of due process are consistent across multiple programs for which Appellate Services provides hearings. It notes that a single source of hearing procedure rules will provide better service and understanding to customers and stakeholders. The Department anticipates completing this rulemaking in May 2020.

1. Has the agency analyzed whether the rules are authorized by statute?

Yes. The Department cites to both general and specific authority for these rules.

2. **Summary of the agency's economic impact comparison and identification of stakeholders:**

Stakeholders include the Department and businesses or consumers who receive documents from the Department. No economic, small business, and consumer impact statement is available from the last rulemaking of Article 3. However, the Department states that the rulemaking provided a postage cost savings to the Department without any economic impact on businesses or consumers. The rulemaking provided the option for businesses and consumers to consent to receive documents electronically, resulting in faster service and less cost.

3. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The electronic transmission of documents has a positive impact on state revenues. Electronic transmission in lieu of delivery via the U.S. Postal Service results in reduced mailing costs. In addition, fewer staff are needed to electronically transmit documents than to manually print and mail the same documents.

The Department believes that the rules impose the least burden and costs to persons subject to these rules, including paperwork and other compliance costs.

4. **Has the agency received any written criticisms of the rules over the last five years?**

No. The Department has not received written criticisms of the rules over the last five years.

5. **Has the agency analyzed the rules' clarity, conciseness, and understandability, consistency with other rules and statutes, and effectiveness?**

Yes. The Department indicates that the rules are clear, concise, understandable, and effective. The rules are consistent with other rules and statutes.

6. **Has the agency analyzed the current enforcement status of the rules?**

Yes. The Department indicates that the rules are enforced as written.

7. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

Not applicable. There is no corresponding federal law.

8. For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?

Not applicable. The rules do not require issuance of a permit or license.

9. Conclusion

Council staff finds that the rules are clear, concise, understandable, and effective. As indicated above and in the report, the Department intends to conduct a rulemaking to consolidate appellate hearing procedure rules by May 2020. Council staff recommends approval of the report.

Dear Ms. Sornsin:

Enclosed is the Arizona Department of Economic Security (Department) Five-Year Review Report on A.A.C. Title 6, Chapter 9, Appellate Services Administration. Included with the report are copies of the authorizing statutes and rules.

Pursuant to A.R.S. § 41-1056(A) and A.A.C. R1-6-301(C)(4), the Department certifies that it is in compliance with A.R.S. § 41-1091.

Thank you for your attention to this report. The Department will be present at the Council meetings to respond to any questions the Council members may have about the report. If you have any questions, please contact Christian Eide, Rules Analyst, Policy and Planning Administration, at (602) 542-9199.

Sincerely,

Michael Traylor
Director

Enclosure

Department of Economic Security

Five – Year Review Reports

A.R.S. § 41-1056 requires that at least once every five years, each agency shall review its administrative rules and produce reports that assess the rules with respect to considerations including the rule's effectiveness, clarity, conciseness and understandability. The reports also describe the agency's proposed action to respond to any concerns identified during the review. The reports are submitted in compliance with the schedule provided by the Governor's Regulatory Review Council. A.R.S. § 18-305, enacted in 2016, requires that statutorily required reports be posted on agency's website.

**Department of Economic Security
Title 6, Chapter 9
Five-Year Review Report**

1. **Authorization of the rule by existing statutes:**

General Statutory Authority: A.R.S. § 41-1954 (A)(3)

Specific Statutory Authority: A.R.S. § 41-1092.01

2. **The objective of each rule:**

Rule	Objective
R6-9-301	This rule defines the terms used in the following section.
R6-9-302	This rule describes under what conditions the Appellate Services Administration may provide electronic copies of documents in lieu of conventional delivery, and how such delivery shall be made.

3. **Are the rules effective in achieving their objectives?** Yes No

If not, please identify the rule(s) that is not effective and provide an explanation for why the rule(s) is not effective.

4. **Are the rules consistent with other rules and statutes?** Yes No

If not, please identify the rule(s) that is not consistent. Also, provide an explanation and identify the provisions that are not consistent with the rule.

5. **Are the rules enforced as written?** Yes No

If not, please identify the rule(s) that is not enforced as written and provide an explanation of the issues with enforcement. In addition, include the agency(s) proposal for resolving the issue.

6. Are the rules clear, concise, and understandable? Yes No

If not, please identify the rule(s) that is not clear, concise, or understandable and provide an explanation as to how the agency plans to amend the rule(s) to improve clarity, conciseness, and understandability.

7. Has the agency received written criticisms of the rules within the last five years? Yes No

If yes, please fill out the table below:

Commenter	Comment	Agency's Response
NA	NA	NA

8. Economic, small business, and consumer impact comparison:

Each of the rules in Article 3 were created effective June 1, 2013. Since no economic, small business, and consumer impact statement is available from the last making of Article 3 rules, the Department is providing an assessment of the actual economic, small business, and consumer impact of the rules pursuant to A. R. S. § 41-1055(C).

- a. Persons who are directly affected by, bear the costs of, or directly benefit from the rules:

Article 3:

This rulemaking provides a postage cost savings to the Department without any economic impact on business or consumers. Providing the option for business and consumers to receive documents electronically, with consent, provides faster service and less cost.

- b. Cost-benefit analysis:

In SFY 2012, prior to the current rules being effective, the Department resolved 79,298 appeals at the cost of \$1.20 per appeal in postage. In SFY 2018, the Department resolved 36,895 appeals at the cost of \$1.21 per appeal. Providing these documents electronically, with the consent of the recipients, allowed for much faster delivery, better service, at less cost to the Department. While first class postage increased from \$.45 per ounce in SFY 2012 to \$.50 per ounce in SFY 2018, the ability to transmit documents electronically allowed the Department to hold postage costs per appeal nearly level during this period. Also, these rules do not directly impact public and private employment and small businesses.

c. The probable cost and benefit to private persons and consumers who are directly affected by the rules:

The rules do not have any negative financial impact upon private persons and consumers, except for the minimal costs that may be associated with their participation in the rulemaking process.

d. Probable effects on state revenues:

State revenues are positively impacted by the electronic transmission of documents instead of the conventional delivery via the U. S. Postal Service due to postage and materials savings. In addition, fewer staff are needed to electronically transmit documents than to manually print, post and mail the same documents.

9. Has the agency received any business competitiveness analyses of the rules?

Yes

No

10. Has the agency completed the course of action indicated in the agency's previous five-year review report?

Please state what the previous course of action was and if the agency did not complete the action, please explain why not.

These rules were enacted in June of 2013 and have not been subject to a five-year review until now.

11. A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:

The Department believes that the rules impose the least burden and costs to persons subject to these rules, including paperwork and other compliance costs.

12. Are the rules more stringent than corresponding federal laws?

Yes

No

Please provide a citation for the federal law(s). And if the rule(s) is more stringent, is there statutory authority to exceed the requirements of the federal law(s)?

There are no federal laws or rules which correspond to these rules. These rules expand accessibility.

13. For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:

The Department has determined that A.R.S. § 41-1037 does not apply to these rules because they do not require a regulatory permit, license, or agency authorization.

14. Proposed course of action

If possible, identify a month and year by which the agency plans to complete the course of action.

On September 24, 2018, approval was received from the Governor's Office to consolidate the appeals process rules contained in multiple sections of the Arizona Administrative Code. The elements of due process are consistent across multiple programs for which Appellate Services provides hearings. A single source of hearing procedure rules will provide significantly better service and understanding to customers and stakeholders. These rules should be completed in May 2020.

R6-9-301. Definitions

1. "ASA" means the Appellate Services Administration within the Arizona Department of Economic Security.
2. "Electronic transmission" means the service of documents via facsimile transmission ("fax") and electronic mail ("email").
3. "On the record" means audio recorded during a formal proceeding conducted by a hearing officer.
4. "Party" means an appellant, appellee, or the Department.

Historical Note

New Section made by final rulemaking at 19 A.A.R. 823, effective June 1, 2013 (Supp. 13-2).

R6-9-302. Electronic Service of Documents by the Appellate Services Administration

A. ASA may transmit documents electronically, rather than by conventional mail, to parties who have consented to electronic service.

B. Consent to Electronic Service.

1. A party may only consent to be electronically served documents by:
 - a. Submission of a written consent to ASA; or
 - b. Consenting on the record.
2. The party consenting to electronic service of documents shall provide ASA with either a valid e-mail address or a fax number for service of documents.
3. The party consenting to electronic service of documents shall also provide ASA with a physical mailing address for ASA to use at its discretion to serve documents. A party may use a post office box as its physical mailing address.

C. Withdrawal of Consent to Electronic Service.

1. A party may withdraw consent to receive documents by electronic means at any time. The withdrawal shall be on the record or in writing to ASA. The withdrawal is effective upon receipt by ASA.
2. ASA shall treat a notice of a change of electronic address as both a withdrawal of the consent to receive documents at the prior address, and as a new consent to receive documents at the new address.
3. ASA shall not send documents by electronic means after a party withdraws consent.
4. ASA shall consider service of a document to have no force or effect if ASA sent the document electronically after a party withdrew consent to receive the document electronically even if the party actually received the electronically transmitted document.

D. ASA shall consider a document sent by ASA and received by a party at the Mountain Standard Time and date ASA transmits the document to the electronic address provided by the party.

E. ASA shall encrypt any document sent by e-mail.

F. Failure of Electronic Service; Effect on Timeliness of Filing.

1. When a party notifies ASA that the party did not receive an e-mail message from ASA, was unable to open or download an attached document, or was otherwise unable to access the document to be served, ASA shall re-send the document.
2. ASA shall calculate any filing deadline that is based on the date ASA electronically sends a document as follows:
 - a. If the party does not receive the original e-mail message due to equipment malfunction, action, or inaction of either ASA or a service provider, then the date of service shall be the date ASA re-sends the documents.
 - b. If the party does not receive the original e-mail message due to the party's own equipment malfunction, action, or inaction:
 - i. The date of service shall be the date of original electronic transmission by ASA, and
 - ii. ASA shall exclude from the calculation the time from when the party gave notice of non-receipt and requested that the document be re-sent until ASA re-sends or mails the document.

Historical Note

New Section made by final rulemaking at 19 A.A.R. 823, effective June 1, 2013 (Supp. 13-2).

41-1092.01. Office of administrative hearings; director; powers and duties; fund

A. An office of administrative hearings is established.

B. The governor shall appoint the director pursuant to section 38-211. At a minimum, the director shall have the experience necessary for appointment as an administrative law judge. The director also shall possess supervisory, management and administrative skills, as well as knowledge and experience relating to administrative law.

C. The director shall:

1. Serve as the chief administrative law judge of the office.
2. Make and execute the contracts and other instruments that are necessary to perform the director's duties.
3. Subject to chapter 4, article 4 of this title, hire employees, including full-time administrative law judges, and contract for special services, including temporary administrative law judges, that are necessary to carry out this article. An administrative law judge employed or contracted by the office shall have graduated from an accredited college of law or shall have at least two years of administrative or managerial experience in the subject matter or agency section the administrative law judge is assigned to in the office.
4. Make rules that are necessary to carry out this article, including rules governing ex parte communications in contested cases.
5. Submit a report to the governor, speaker of the house of representatives and president of the senate by November 1 of each year describing the activities and accomplishments of the office. The director's annual report shall include a summary of the extent and effect of agencies' utilization of administrative law judges, court reporters and other personnel in proceedings under this article and recommendations for changes or improvements in the administrative procedure act or any agency's practice or policy with respect to the administrative procedure act.
6. Secure, compile and maintain all decisions, opinions or reports of administrative law judges issued pursuant to this article and the reference materials and supporting information that may be appropriate.
7. Develop, implement and maintain a program for the continuing training and education of administrative law judges and agencies in regard to their responsibilities under this article. The program shall require that an administrative law judge receive training in the technical and subject matter areas of the sections to which the administrative law judge is assigned.
8. Develop, implement and maintain a program of evaluation to aid the director in the evaluation of administrative law judges appointed pursuant to this article that includes comments received from the public.

9. Annually report the following to the governor, the president of the senate and the speaker of the house of representatives by December 1 for the prior fiscal year:

(a) The number of administrative law judge decisions rejected or modified by agency heads.

(b) By category, the number and disposition of motions filed pursuant to section 41-1092.07, subsection A to disqualify office administrative law judges for bias, prejudice, personal interest or lack of expertise.

(c) By agency, the number and type of violations of section 41-1009.

10. Schedule hearings pursuant to section 41-1092.05 upon the request of an agency or the filing of a notice of appeal pursuant to section 41-1092.03.

D. The director shall not require legal representation to appear before an administrative law judge.

E. Except as provided in subsection F of this section, all state agencies supported by state general fund sources, unless exempted by this article, and the registrar of contractors shall use the services and personnel of the office to conduct administrative hearings. All other agencies shall contract for services and personnel of the office to conduct administrative hearings.

F. An agency head, board or commission that directly conducts an administrative hearing as an administrative law judge is not required to use the services and personnel of the office for that hearing.

G. Each state agency, and each political subdivision contracting for office services pursuant to subsection I of this section, shall make its facilities available, as necessary, for use by the office in conducting proceedings pursuant to this article.

H. The office shall employ full-time administrative law judges to conduct hearings required by this article or other laws as follows:

1. The director shall assign administrative law judges from the office to an agency, on either a temporary or a permanent basis, at supervisory or other levels, to preside over contested cases and appealable agency actions in accordance with the special expertise of the administrative law judge in the subject matter of the agency.

2. The director shall establish the subject matter and agency sections within the office that are necessary to carry out this article. Each subject matter and agency section shall provide training in the technical and subject matter areas of the section as prescribed in subsection C, paragraph 7 of this section.

I. If the office cannot furnish an office administrative law judge promptly in response to an agency request, the director may contract with qualified individuals to serve as temporary administrative law judges. These temporary administrative law judges are not employees of this state.

J. The office may provide administrative law judges on a contract basis to any governmental entity to conduct any hearing not covered by this article. The director may enter into contracts with political subdivisions of this state, and these political subdivisions may contract with the director for the purpose of providing administrative law judges and reporters for administrative proceedings or informal dispute resolution. The contract may define the scope of the administrative law judge's duties. Those duties may include the preparation of findings, conclusions, decisions or recommended decisions or a recommendation for action by the political subdivision. For these services, the director shall request payment for services directly from the political subdivision for which the services are performed, and the director may accept payment on either an advance or reimbursable basis.

K. The office shall apply monies received pursuant to subsections E and J of this section to offset its actual costs for providing personnel and services.

L. The office shall receive complaints against a local government or video service provider as defined in section 9-1401 and shall comply with the duties imposed on the office pursuant to title 9, chapter 13.

41-1954. Powers and duties

A. In addition to the powers and duties of the agencies listed in section 41-1953, subsection E, the department shall:

1. Administer the following services:

(a) Employment services, including manpower programs and work training, field operations, technical services, unemployment compensation, community work and training and other related functions in furtherance of programs under the social security act, as amended, the Wagner-Peyser act, as amended, the federal unemployment tax act, as amended, 33 United States Code, the family support act of 1988 (P.L. 100-485) and other related federal acts and titles.

(b) Individual and family services, which shall include a section on aging, services to children, youth and adults and other related functions in furtherance of social service programs under the social security act, as amended, title IV, except parts B and E, grants to states for aid and services to needy families with children and for child-welfare services, title XX, grants to states for services, the older Americans act, as amended, the family support act of 1988 (P.L. 100-485) and other related federal acts and titles.

(c) Income maintenance services, including categorical assistance programs, special services unit, child support collection services, establishment of paternity services, maintenance and operation of a state case registry of child support orders, a state directory of new hires, a support payment clearinghouse and other related functions in furtherance of programs under the social security act, title IV, grants to states for aid and services to needy families with children and for child-welfare services, title XX, grants to states for services, as amended, and other related federal acts and titles.

(d) Rehabilitation services, including vocational rehabilitation services and sections for the blind and visually impaired, communication disorders, correctional rehabilitation and other related functions in furtherance of programs under the vocational rehabilitation act, as amended, the Randolph-Sheppard act, as amended, and other related federal acts and titles.

(e) Administrative services, including the coordination of program evaluation and research, interagency program coordination and in-service training, planning, grants, development and management, information, legislative liaison, budget, licensing and other related functions.

(f) Manpower planning, including a state manpower planning council for the purposes of the federal-state-local cooperative manpower planning system and other related functions in furtherance of programs under the comprehensive employment and training act of 1973, as amended, and other related federal acts and titles.

(g) Economic opportunity services, including the furtherance of programs prescribed under the economic opportunity act of 1967, as amended, and other related federal acts and titles.

(h) Intellectual disability and other developmental disability programs, with emphasis on referral and purchase of services. The program shall include educational, rehabilitation, treatment and training services and other related functions in furtherance of programs under the developmental disabilities services and facilities construction act, Public Law 91-517, and other related federal acts and titles.

(i) Nonmedical home and community based services and functions, including department designated case management, housekeeping services, chore services, home health aid, personal care, visiting nurse services, adult day care or adult day health, respite sitter care, attendant care, home delivered meals and other related services and functions.

2. Provide a coordinated system of initial intake, screening, evaluation and referral of persons served by the department.

3. Adopt rules it deems necessary or desirable to further the objectives and programs of the department.

4. Formulate policies, plans and programs to effectuate the missions and purposes of the department.

5. Employ and determine the conditions of employment and prescribe the duties and powers of administrative, professional, technical, secretarial, clerical and other persons subject to chapter 4, article 4 and, as applicable, article 5 of this title as may be necessary in the performance of its duties, contract for the services of outside advisors, consultants and aides as may be reasonably necessary and reimburse department volunteers, designated by the director, for expenses in transporting clients of the department on official business.

6. Make contracts and incur obligations within the general scope of its activities and operations subject to the availability of funds.

7. Contract with or assist other departments, agencies and institutions of the state, local and federal governments in the furtherance of its purposes, objectives and programs.

8. Be designated as the single state agency for the purposes of administering and in furtherance of each federally supported state plan.

9. Accept and disburse grants, matching funds and direct payments from public or private agencies for the conduct of programs that are consistent with the overall purposes and objectives of the department.

10. Provide information and advice on request by local, state and federal agencies and by private citizens, business enterprises and community organizations on matters within the scope of its duties subject to the departmental rules on the confidentiality of information.

11. Establish and maintain separate financial accounts as required by federal law or regulations.

12. Advise and make recommendations to the governor and the legislature on all matters concerning its objectives.

13. Have an official seal that shall be judicially noticed.

14. Annually estimate the current year's population of each county, city and town in this state, using the periodic census conducted by the United States department of commerce, or its successor agency, as the basis for such estimates and deliver such estimates to the economic estimates commission before December 15.

15. Estimate the population of any newly annexed areas of a political subdivision as of July 1 of the fiscal year in which the annexation occurs and deliver such estimates as promptly as is feasible after the annexation occurs to the economic estimates commission.

16. Establish and maintain a statewide program of services for persons who are both hearing impaired and visually impaired and coordinate appropriate services with other agencies and organizations to avoid duplication of these services and to increase efficiency. The department of economic security shall enter into agreements for the utilization of the personnel and facilities of the department of economic security, the department of health services and other appropriate agencies and organizations in providing these services.

17. Establish and charge fees for deposit in the department of economic security prelayoff assistance services fund to employers who voluntarily participate in the services of the department that provide job service and retraining for persons who have been or are about to be laid off from employment. The department shall charge only those fees necessary to cover the costs of administering the job service and retraining services.

18. Establish a focal point for addressing the issue of hunger in Arizona and provide coordination and assistance to public and private nonprofit organizations that aid hungry persons and families throughout this state. Specifically such activities shall include:

(a) Collecting and disseminating information regarding the location and availability of surplus food for distribution to needy persons, the availability of surplus food for donation to charity food bank organizations, and the needs of charity food bank organizations for surplus food.

(b) Coordinating the activities of federal, state, local and private nonprofit organizations that provide food assistance to the hungry.

(c) Accepting and disbursing federal monies, and any state monies appropriated by the legislature, to private nonprofit organizations in support of the collection, receipt, handling, storage and distribution of donated or surplus food items.

(d) Providing technical assistance to private nonprofit organizations that provide or intend to provide services to the hungry.

(e) Developing a state plan on hunger that, at a minimum, identifies the magnitude of the hunger problem in this state, the characteristics of the population in need, the availability and location of charity food banks and the potential sources of surplus food, assesses the effectiveness of the donated food collection and distribution network and other efforts to alleviate the hunger problem, and recommends goals and strategies to improve the status of the hungry. The state plan on hunger shall be incorporated into the department's state comprehensive plan prepared pursuant to section 41-1956.

(f) Establishing a special purpose advisory council on hunger pursuant to section 41-1981.

19. Establish an office to address the issue of homelessness and to provide coordination and assistance to public and private nonprofit organizations that prevent homelessness or aid homeless individuals and families throughout this state. These activities shall include:

(a) Promoting and participating in planning for the prevention of homelessness and the development of services to homeless persons.

(b) Identifying and developing strategies for resolving barriers in state agency service delivery systems that inhibit the provision and coordination of appropriate services to homeless persons and persons in danger of being homeless.

(c) Assisting in the coordination of the activities of federal, state and local governments and the private sector that prevent homelessness or provide assistance to homeless people.

(d) Assisting in obtaining and increasing funding from all appropriate sources to prevent homelessness or assist in alleviating homelessness.

(e) Serving as a clearinghouse on information regarding funding and services available to assist homeless persons and persons in danger of being homeless.

(f) Developing an annual state comprehensive homeless assistance plan to prevent and alleviate homelessness.

(g) Submitting an annual report to the governor, the president of the senate and the speaker of the house of representatives on the status of homelessness and efforts to prevent and alleviate homelessness.

20. Cooperate with the Arizona-Mexico commission in the governor's office and with researchers at universities in this state to collect data and conduct projects in the United States and Mexico on issues that are within the scope of the department's duties and that relate to quality of life, trade and economic development in this state in a manner that will help the Arizona-Mexico commission to assess and enhance the economic competitiveness of this state and of the Arizona-Mexico region.

21. Exchange information, including case specific information, and cooperate with the department of child safety for the administration of the department of child safety's programs.

B. If the department of economic security has responsibility for the care, custody or control of a child or is paying the cost of care for a child, it may serve as representative payee to receive and administer social security and United States department of veterans affairs benefits and other benefits payable to such child. Notwithstanding any law to the contrary, the department of economic security:

1. Shall deposit, pursuant to sections 35-146 and 35-147, such monies as it receives to be retained separate and apart from the state general fund on the books of the department of administration.
2. May use such monies to defray the cost of care and services expended by the department of economic security for the benefit, welfare and best interests of the child and invest any of the monies that the director determines are not necessary for immediate use.
3. Shall maintain separate records to account for the receipt, investment and disposition of funds received for each child.
4. On termination of the department of economic security's responsibility for the child, shall release any funds remaining to the child's credit in accordance with the requirements of the funding source or in the absence of such requirements shall release the remaining funds to:
 - (a) The child, if the child is at least eighteen years of age or is emancipated.
 - (b) The person responsible for the child if the child is a minor and not emancipated.

C. Subsection B of this section does not pertain to benefits payable to or for the benefit of a child receiving services under title 36.

D. Volunteers reimbursed for expenses pursuant to subsection A, paragraph 5 of this section are not eligible for workers' compensation under title 23, chapter 6.

E. In implementing the temporary assistance for needy families program pursuant to Public Law 104-193, the department shall provide for cash assistance to two parent families if both parents are able to work only on documented participation by both parents in work activities described in title 46, chapter 2, article 5, except that payments may be made to families who do not meet the participation requirements if:

1. It is determined on an individual case basis that they have emergency needs.
2. The family is determined to be eligible for diversion from long-term cash assistance pursuant to title 46, chapter 2, article 5.

F. The department shall provide for cash assistance under temporary assistance for needy families pursuant to Public Law 104-193 to two parent families for no longer than six months if both parents are able to work, except that additional assistance may be provided on an individual case basis to

families with extraordinary circumstances. The department shall establish by rule the criteria to be used to determine eligibility for additional cash assistance.

G. The department shall adopt the following discount medical payment system for persons who the department determines are eligible and who are receiving rehabilitation services pursuant to subsection A, paragraph 1, subdivision (c) of this section:

1. For inpatient hospital admissions and outpatient hospital services the department shall reimburse a hospital according to the rates established by the Arizona health care cost containment system administration pursuant to section 36-2903.01, subsection G.

2. The department's liability for a hospital claim under this subsection is subject to availability of funds.

3. A hospital bill is considered received for purposes of paragraph 5 of this subsection on initial receipt of the legible, error-free claim form by the department if the claim includes the following error-free documentation in legible form:

(a) An admission face sheet.

(b) An itemized statement.

(c) An admission history and physical.

(d) A discharge summary or an interim summary if the claim is split.

(e) An emergency record, if admission was through the emergency room.

(f) Operative reports, if applicable.

(g) A labor and delivery room report, if applicable.

4. The department shall require that the hospital pursue other third-party payors before submitting a claim to the department. Payment received by a hospital from the department pursuant to this subsection is considered payment by the department of the department's liability for the hospital bill. A hospital may collect any unpaid portion of its bill from other third party payors or in situations covered by title 33, chapter 7, article 3.

5. For inpatient hospital admissions and outpatient hospital services rendered on and after October 1, 1997, if the department receives the claim directly from the hospital, the department shall pay a hospital's rate established according to this section subject to the following:

(a) If the hospital's bill is paid within thirty days of the date the bill was received, the department shall pay ninety-nine per cent of the rate.

(b) If the hospital's bill is paid after thirty days but within sixty days of the date the bill was received, the department shall pay one hundred per cent of the rate.

(c) If the hospital's bill is paid any time after sixty days of the date the bill was received, the department shall pay one hundred per cent of the rate plus a fee of one per cent per month for each month or portion of a month following the sixtieth day of receipt of the bill until the date of payment.

6. For medical services other than those for which a rate has been established pursuant to section 36-2903.01, subsection G, the department shall pay according to the Arizona health care cost containment system capped fee-for-service schedule adopted pursuant to section 36-2904, subsection K or any other established fee schedule the department determines reasonable.

H. The department shall not pay claims for services pursuant to this section that are submitted more than nine months after the date of service for which the payment is claimed.

I. To assist in the location of persons or assets for the purpose of establishing paternity, establishing, modifying or enforcing child support obligations and other related functions, the department has access, including automated access if the records are maintained in an automated database, to records of state and local government agencies, including:

1. Vital statistics, including records of marriage, birth and divorce.
2. State and local tax and revenue records, including information on residence address, employer, income and assets.
3. Records concerning real and titled personal property.
4. Records of occupational and professional licenses.
5. Records concerning the ownership and control of corporations, partnerships and other business entities.
6. Employment security records.
7. Records of agencies administering public assistance programs.
8. Records of the motor vehicle division of the department of transportation.
9. Records of the state department of corrections.
10. Any system used by a state agency to locate a person for motor vehicle or law enforcement purposes, including access to information contained in the Arizona criminal justice information system.

J. Notwithstanding subsection I of this section, the department or its agents shall not seek or obtain information on the assets of an individual unless paternity is presumed pursuant to section 25-814 or established.

K. Access to records of the department of revenue pursuant to subsection I of this section shall be provided in accordance with section 42-2003.

L. The department also has access to certain records held by private entities with respect to child support obligors or obligees, or individuals against whom such an obligation is sought. The information shall be obtained as follows:

1. In response to a child support subpoena issued by the department pursuant to section 25-520, the names and addresses of these persons and the names and addresses of the employers of these persons, as appearing in customer records of public utilities and cable television companies.

2. Information on these persons held by financial institutions.

M. Pursuant to department rules, the department may compromise or settle any support debt owed to the department if the director or an authorized agent determines that it is in the best interest of the state and after considering each of the following factors:

1. The obligor's financial resources.

2. The cost of further enforcement action.

3. The likelihood of recovering the full amount of the debt.

N. Notwithstanding any law to the contrary, a state or local governmental agency or private entity is not subject to civil liability for the disclosure of information made in good faith to the department pursuant to this section.

GOVERNOR'S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - FIVE-YEAR REVIEW REPORT

MEETING DATE: June 4, 2019

TO: Members of the Governor's Regulatory Review Council (Council)

FROM: Council Staff

DATE: May 6, 2019

SUBJECT: DEPARTMENT OF HEALTH SERVICES (F19-0604)
Title 9, Chapter 13, Article 2, Newborn Screening

This Five Year Review Report (5YRR) from the Department of Health Services (DHS) relates to rules in Title 9, Chapter 13, Article 2 regarding newborn screening. The rules define terms, specify the requirements and procedures for different types of screening, specify the requirements for a first and second specimen collection, specify reporting requirements for specimens, and state the fees for a first and second specimen.

In the previous 5YRR for these rules, the Department indicated that it planned to conduct a rulemaking to clarify that the Arizona State Laboratory is the statutorily designated screening laboratory, and clarify additional minor portions of the rule to ensure medical providers gave the Department the correct information to identify patients and their families. The Department completed this action through a regular rulemaking in 2014.

Proposed Action

The Department proposes to take no action regarding these rules.

1. Has the agency analyzed whether the rules are authorized by statute?

Yes. The Department cites to both general and specific authority for these rules.

2. **Summary of the agency’s economic impact comparison and identification of stakeholders:**

The Department believes that the economic, small business, and consumer impact statement (EIS) provided in its 2017 regular rulemaking correctly predicted the costs and benefits to stakeholders.

After obtaining an exception from the rulemaking moratorium established by Executive Order 2017-02, the Department amended the rules in 9 A.A.C. 13, Article 2 to add Severe Combined Immunodeficiency (SCID) to the newborn screening panel of conditions and to raise the fee for a first specimen from \$30 to \$36 to cover the costs of adding SCID.

Babies born with SCID fail to develop a functioning immune system. Babies with SCID cannot fight off infections, are repeatedly hospitalized for these life-threatening infections, and may die within the first year of life if undiagnosed and untreated. In the rulemaking, the Department stated that newborn screening can identify SCID, thus allowing a baby to be diagnosed and potentially cured.

In 2018, the Program conducted testing of 79,965 first specimens and 73,014 second specimens. This resulted in 283 babies being diagnosed with congenital disorders. The Department received newborn hearing screening results for 82,076 babies, of whom 5,310 had abnormal test results. In the 5YRR, the Department states that society will benefit from having babies grow up into healthy and productive members of society because of timely identification and treatment of congenital disorders and hearing loss.

The stakeholders include the Department, AHCCCS, third-party payers, health care institutions, health care providers, parents of newborns, and the general public.

3. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

The Department has determined that the rules impose the least burden and costs to regulated persons, including paperwork and other compliance costs, necessary to achieve their underlying regulatory objectives.

4. **Has the agency received any written criticisms of the rules over the last five years?**

No. The Department has not received any written criticisms of the rules over the last five years.

5. **Has the agency analyzed the rules’ clarity, conciseness, and understandability, consistency with other rules and statutes, and effectiveness?**

Yes. The Department indicates that the rules are clear, concise, understandable, effective, and consistent with other rules and statutes.

6. **Has the agency analyzed the current enforcement status of the rules?**

Yes. The Department indicates that the rules are enforced as written.

7. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

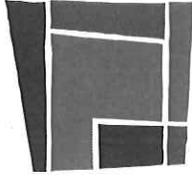

Not applicable. There is no corresponding federal law.

8. **For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

Not applicable. These rules were adopted prior to July 29, 2010.

9. **Conclusion**

As indicated above and in the report, the Department plans to take no action regarding these rules. Council staff finds that the rules are clear, concise, understandable, and effective. Council staff recommends approval of this report.

RE: Report for A.A.C. Title 9, Chapter 13, Article 2 Newborn Screening

Dear Ms. Sornsin:

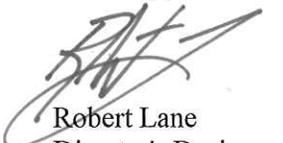

According to the five-year-review report schedule of the Governor's Regulatory Review Council (Council), a report for A.A.C. Title 9, Chapter 13, Article 2, is due to the Council no later than March 29, 2019. The Arizona Department of Health Services (Department) has reviewed 9 A.A.C. 13, Article 2, and is enclosing a report to the Council for these rules.

The Department believes that this report complies with the requirements of A.R.S. § 41-1056. The report contains a summary of the Department's review for all the rules and is in the format of the Council's report template. As described in the report, the Department does not plan to amend the rules in 9 A.A.C. 13, Article 2.

The Department certifies that it is in compliance with A.R.S. § 41-1091.

If you need any further information, please contact me at (602) 542-1020.

Sincerely,

Robert Lane

FIVE-YEAR-REVIEW REPORT
TITLE 9. HEALTH SERVICES
CHAPTER 13. HEALTH PROGRAM SERVICES
ARTICLE 2. NEWBORN SCREENING
March 2019

1. **Authorization of the rule by existing statutes**

General Statutory Authority: A.R.S. §§ 36-132(A), 36-136(A)(7), and 36-136(G).

Specific Statutory Authority: A.R.S. § 36-694.

2. **The objective of each rule:**

Rule	Objective
R9-13-201	The objective of the rule is to define terms used in Article 2 to enable the reader to understand clearly the requirements of the Article and allow for consistent interpretation.
R9-13-202	The objective of the rule is to specify the congenital disorders for which a bloodspot will be tested.
R9-13-203	The objectives of this rule are to specify: a. The requirements for collection of a blood sample and submission of a specimen collection kit; b. The person who pays the fee specified in R9-13-208; c. The conditions under which the screening laboratory will perform a bloodspot test from which results may be reported; d. The requirements related to home births and the provision of educational materials and information about newborn screening to the parent or guardian of a newborn or infant.
R9-13-204	The objective of the rule is to specify the requirements for collecting a first specimen.
R9-13-205	The objective of the rule is to specify the requirements for collecting a second specimen.
R9-13-206	The objectives of the rule are to specify: a. The requirements for reporting results of a bloodspot test; b. The requirements for sending to the Department the results of a test ordered subsequent to an abnormal result on a bloodspot test; and c. The confidentiality of bloodspot test results.

R9-13-207	The objective of the rule is to specify the requirements for reporting information related to a hearing test conducted on a newborn and to any subsequent test on the newborn or infant, which enables the Department to monitor the effectiveness and efficiency of hearing testing and follow up on abnormal results.
R9-13-208	The objective of the rule is to specify the fees for a first specimen and a second specimen.

3. **Are the rules effective in achieving their objectives?** Yes No

If not, please identify the rule(s) that is not effective and provide an explanation for why the rule(s) is not effective.

Rule	Explanation

4. **Are the rules consistent with other rules and statutes?** Yes No

If not, please identify the rule(s) that is not consistent. Also, provide an explanation and identify the provisions that are not consistent with the rule.

8. **Economic, small business, and consumer impact comparison:**

Annual cost/revenue changes are designated as minimal when \$1,500 or less, moderate when between \$1,500 and \$15,000, and substantial when \$15,000 or greater in additional costs or revenues. A cost is listed as significant when meaningful or important, but not readily subject to quantification. The Department anticipates that persons affected by these rules include the Department; health insurance providers, including AHCCCS; hospitals; midwives; and the general public.

In 2018, the Legislature appropriated \$7,643,100 to run the Program and the Program received a total of \$6,252,239 in fees. The program's total operating cost was \$7,343,299. Though actual operated costs exceeded this amount, the Department was able to reduce operating costs through an indirect waiver, federal grant funds, program cuts, and unexpected vacancy savings. The Program conducted testing of 79,965 first specimens and 73,014 second specimens in 2018, which resulted in 283 babies being diagnosed with congenital disorders. The Department received newborn hearing screening results for 82,076 babies, of whom 5,310 had abnormal test results.

As part of a 2015 exempt rulemaking, the Department provided notice that the Department may include screening for SCID as part of a newborn bloodspot test when the Department has funding available to cover its costs for activities related to screening for SCID. SCID is the most serious of a group of genetic disorders known as "Primary Immunodeficiency." Babies born with SCID fail to develop a functioning immune system, leaving them with no defense against the multitude of disease-causing germs an individual encounters every day. The initial implementation of SCID for the first year was offset by the Health, Resource and Services Administration's federal grant administered by the Association of Public Health Laboratories in the amount of \$285,624. With newborn screening, SCID can be identified, and a baby diagnosed can be potentially cured through a bone marrow transplant.

In 2017, through a regular rulemaking and pursuant to Laws 2017, Ch. 339, the Department increased the fee cap for the first newborn screening test from \$30 to \$36, which enabled the Department to allow for SCID testing as part of newborn screening. AHCCCS was expected to incur as much as a substantial cost increase due to the fee increase for first specimens. According to CY 2016 birth data from the Department's Health Status and Vital Statistics group, AHCCCS covered approximately 51.64% of births. The cost for a first specimen is built into the birth-package fee that AHCCCS negotiates with hospitals. An increase in the fee for a first specimen may cause hospitals to negotiate a higher birth-package fee from AHCCCS. If AHCCCS increases the cost of every birth package to account for the fee increase, the Department expected AHCCCS to incur approximately between \$257,000 and \$307,000 in additional costs annually. The Department expected this cost to be offset by savings experienced by detecting the disease at birth, which can save nearly \$2 million in treatment costs for each case.

Third-party payors, including private insurance plans, military health care facilities, Indian Health Service, and tribal health care facilities, paid for approximately 41.71% of births in Arizona in CY 2016, based on data from the Department's Health Status and Vital Statistics group. Third-party payors as a whole were expected to incur a substantial cost increase of approximately \$208,000 due to the fee increase for first specimens if all

hospitals negotiated a higher birth-package fee from all third-party payors. The cost incurred by a specific third-party payor would vary depending on the number of covered births and could range from minimal (for a third-party payor with fewer than 250 covered newborns) to substantial (for a third-party payor with 2,500 or more covered newborns) if the third-party payor increased the amount paid for all birth packages. The Department expected this cost to be offset by the savings of nearly \$2 million in treatment costs for each case due to detecting the disease at birth.

In CY 2017, approximately 82,477 first specimens were submitted by hospitals and birthing centers, which were billed the fee in R9-13-208 for a first specimen. The number submitted by a single health care facility ranged from one to 6,943. The Department anticipated that a hospital or birthing center may incur minimal-to-substantial costs due to the fee increase for a first specimen, depending on the number of first specimens submitted and whether the increased cost for a first specimen was offset by a corresponding increase in the birth-package fee paid to the hospital or birthing center by AHCCCS or third-party payors.

Midwives as a whole submit fewer than 300 first specimens per year. The number of first specimens submitted by individual midwives in CY 2016 ranged from one to 28. The additional costs incurred by a midwife for submitting a first specimen were expected to vary with the number of first specimens submitted by the midwife, and may range from none-to-minimal. Most of these additional costs may be reimbursed by parents.

Parents paid for about 6.65% of births (percentage of self-paid births plus births for which the payor was unknown) in Arizona in CY 2016, according to data from the Department's Health Status and Vital Statistics group. The cost to an individual parent for increased fees for first specimens was expected to be minimal. The Department anticipated that a parent of a baby with a third-party payor may incur none-to-minimal costs associated with an increase in insurance premiums if the third-party payor passes costs associated with the fee increase on to policyholders. The testing and follow-up activities for SCID were expected to provide a significant benefit to the parent of a baby tested through newborn screening. A parent of a baby identified through newborn screening and diagnosed early were expected to receive up to a substantial benefit from targeted diagnostic testing and treatment for the baby made possible through early identification.

Society in general was expected to receive a significant benefit from having a baby grow up into a healthy and productive member of society because of timely identification and treatment of congenital disorders and hearing loss.

The Department believes that the economic analysis provided in the 2017 regular rulemaking correctly predicted costs and benefits to stakeholders.

9. **Has the agency received any business competitiveness analyses of the rules?** Yes ___ No X

10. **Has the agency completed the course of action indicated in the agency's previous five-year-review report?**

Please state what the previous course of action was and if the agency did not complete the action, please explain why not.

Yes. In the previous Five-Year Review Report, the Department planned to conduct a rulemaking in order to clarify that the Arizona State Laboratory is the statutorily designated screening laboratory, and clarify additional minor portions of the rule to ensure medical providers gave the Department the correct information to identify patients and their families. The Department completed this action through a regular rulemaking in 2014.

11. **A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:**

The Department has determined that the rules impose the least burden and costs to persons regulated by the rules, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objectives.

12. **Are the rules more stringent than corresponding federal laws?** Yes ___ No X

Please provide a citation for the federal law(s). And if the rule(s) is more stringent, is there statutory authority to exceed the requirements of federal law(s)?

The rules are not related to federal laws.

13. **For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:**

These rules were adopted before July 29, 2010.

14. **Proposed course of action**

If possible, please identify a month and year by which the agency plans to complete the course of action.

The Department does not plan to take any action on these rules at this time.

ARTICLE 2. NEWBORN AND INFANT SCREENING

1. An identification of the rulemaking

Arizona Revised Statutes (A.R.S.) § 36-694 contains requirements for ordering tests for certain congenital disorders and reporting congenital disorder test results and hearing test results to the Department, and establishes a newborn screening program, a central database for information about newborns and infants who are tested for congenital disorders or hearing loss, an educational program and follow-up services, and a newborn screening program committee. Current rules in Arizona Administrative Code (A.A.C.) Title 9, Chapter 13, Article 2, specify the congenital disorders being tested for, the information required to be submitted when critical congenital heart defect screening is performed or a bloodspot specimen is collected from a newborn or infant, the person responsible for collecting the specimen and when the specimen should be collected, reporting requirements for a bloodspot test, reporting requirements for hearing tests, and fees. As part of a 2015 exempt rulemaking, which added the reporting of critical congenital heart defect screening, the Department included in the rules in 9 A.A.C. 13, Article 2, notice that the Department may include screening for severe combined immunodeficiency (SCID) as part of a newborn and infant bloodspot test when the Department has funding available to cover the Department's costs for activities related to screening for SCID. Babies born with SCID, the most serious of a group of genetic disorders known as "primary immunodeficiency," fail to develop a functioning immune system. Although these babies appear healthy at birth, they cannot fight off infections, are repeatedly hospitalized for these life-threatening infections, and may die before their first birthday if undiagnosed and untreated. With newborn screening, SCID can be identified, and a baby diagnosed and potentially cured. Currently, 44 states include SCID in their newborn screening panel for all newborns, one state offers screening for SCID to select populations, two states anticipate including SCID in their newborn screening panels later this year, and three do not offer screening for SCID. Laws 2017, Ch. 339 increased the fee cap for the first specimen of a newborn and infant screening test from \$30 to \$36. After obtaining an exception from the rulemaking moratorium established by Executive Order 2017-02, the Department is amending the rules in 9 A.A.C. 13, Article 2 to add SCID to the newborn screening panel of conditions and raise the fee for a first specimen from \$30 to \$36 to cover costs of adding SCID.

2. Identification of the persons who will be directly affected by, bear the costs of, or directly benefit from the rules

a. Cost bearers

- The Department
- AHCCCS
- Third-party payors, including Indian Health Service and insurance companies
- Health care institutions, including hospitals and birthing centers
- Health care providers, including physicians and midwives
- Parents of newborns

b. Beneficiaries

- The Department
- AHCCCS
- Third-party payors, including Indian Health Service and insurance companies
- Health care institutions, including hospitals and birthing centers
- Health care providers, including physicians and midwives
- Parents of newborns
- Society as a whole

3. Cost/Benefit Analysis

This analysis covers costs and benefits associated with the rule changes to add SCID as part of a newborn and infant bloodspot test, raise the fee for a first specimen from \$30 to \$36, and make other clarifying changes. The calculations used throughout this analysis assume approximately 86,000 births and 83,200 first specimens being received and billed by the Department. Although the birth rate may change, the projected costs and benefits should both vary in a similar fashion with the birth rate, since the screening tests should be offered to all newborns. Thus, the figures given should be comparable, regardless of their absolute size.

Annual cost/revenue changes are designated as minimal when \$1,500 or less, moderate when between \$1,500 and \$15,000, and substantial when \$15,000 or greater in additional costs or revenues. A cost is listed as significant when meaningful or important, but not readily subject to quantification. A summary of the economic impact of the rules is given in the Table below, while the economic impact is explained more fully in the sections following the Table.

Description of Affected Groups	Description of Effect	Increased Cost/ Decreased Revenue	Decreased Cost/ Increased Revenue
A. State and Local Government Agencies			
Department	Increasing the fee for a first specimen Testing bloodspot specimens for SCID	Substantial Substantial	Substantial Significant
AHCCCS	Increasing the fee for a first specimen Having babies with SCID diagnosed earlier, when the disorder may be cured	Substantial None	None Substantial
B. Privately Owned Businesses

Health care institutions, including hospitals and birthing centers	Increasing the fee for a first specimen Having babies with SCID diagnosed earlier, when the disorder may be cured	Minimal-to-substantial Moderate-to-substantial	None Significant
Health care providers (midwives)	Increasing the fee for a first specimen	Minimal	Significant
C. Consumers			
Parents of newborns or infants tested through NBS	Increasing the fee for a first specimen Having a baby screened for SCID	None-to-minimal None	None Significant/substantial
General public	Having babies with SCID diagnosed earlier, when the disorder may be cured	None	Significant/substantial

- **The Department**

For many congenital disorders, early detection and treatment are critical in preventing death or a lifetime of disability due to the congenital disorder. The Newborn and Infant Screening Program (NBS) within the Department currently provides bloodspot testing for 28 congenital disorders, through the Arizona State Laboratory, and follow-up for newborns and infants who had an abnormal screening test result for one of the 28 congenital disorders, a critical congenital heart defect, or hearing loss. As required by A.R.S. § 36-694, NBS also maintains a central database of information about newborns

and infants who are tested for hearing loss or congenital disorders, and provides an educational program for hospitals, health care providers, and parents.

Until recently both the fee for a first specimen and the fee for a second specimen were capped in statute. Laws 2012, Ch. 299, § 2, removed the statutory fee cap for a second specimen from A.R.S. § 36-694, allowing the Department to establish a new fee for a second specimen through rulemaking. In a rulemaking that was approved by the Governor's Regulatory Review Council (Council) and became effective April 2014, the Department raised the fee for a second specimen from \$40, which had been established through a rulemaking effective April 2006, to \$65 to enable NBS to continue to function. Although there is still a statutory fee cap for a first specimen, Laws 2017, Ch. 339, increased the fee cap for a first specimen from \$30 to \$36.

As part of NBS, the demographic data entry section enters information from a submitted specimen collection kit into a database system for linking with test results. Scientists in the Arizona State Laboratory review submitted specimens for acceptability, perform laboratory testing, maintain records of the tests performed, and conduct quality control studies of laboratory methods and practices. The follow-up section of NBS is responsible for promptly notifying physicians of abnormal bloodspot test results, linking physicians to appropriate specialty consultation services to ensure appropriate confirmatory testing, and verifying that infants with abnormal bloodspot test results and confirmatory results are under a physician's care. The follow-up section also receives newborn and infant hearing test results and tracks infants who do not pass these tests in order to assist families with obtaining further confirmatory hearing testing and, when a hearing loss is confirmed, early intervention services. Results of newborn and infant critical congenital heart defect screening are collected and forwarded to the Department's Birth Defects Monitoring Program. The education section of NBS provides educational outreach, educational materials, and training to the professional healthcare and lay communities about NBS and its requirements. Other components of the program include data management and billing. The data management component analyzes, evaluates, and reports program data, trends, and performance measures. Billing is addressed below. NBS also incurs expenses that represent expenditures that apply to the entire program (general program management), such as salaries for management and medical director, program database annual maintenance, specimen collection kits, statewide courier, utilities, and eProcurement.

Until late 2015, the Department billed the applicable person, according to R9-13-203(D) and (E) and R9-13-208 for NBS. As of April 2016, the Department contracts with a private company, Midwest Medical Practice Management, Inc. (MMPMI) to bill for NBS. MMPMI spent the first few months of the contract billing for specimens submitted during the November 2015 to April 2016 gap during which no billing was performed. Because of the gap in billing and the fact that specimen fees

billed in one fiscal year may be collected in the next fiscal year, the most accurate indication of the revenue generated by billing for NBS specimens would be the average of the amounts billed and amounts collected during fiscal years 2015 through 2017, the three fiscal years during which the new fee for a second specimen has been in effect. During fiscal years 2015 through 2017, the Department, either in-house or by contract, billed an average of \$7,298,960 for newborn and infant screening and collected an average of approximately \$7,186,511 in specimen fees, as shown in Appendix A. These fees are deposited into the newborn screening program fund, established under A.R.S. § 36-694.01, from which the Legislature appropriates funds for the operation of NBS. During fiscal year 2017, the Department received an appropriation of \$7,130,100 from the newborn screening fund to support NBS, of which \$3,318,516 was budgeted to support the laboratory section of NBS, \$920,347 was budgeted to support the follow-up section of NBS, \$142,496 was budgeted to support the education section of NBS, \$800,815 was budgeted to support general program management activities, \$821,310 was budgeted to support billing, and \$672,492 was budgeted for agency indirect and ITS direct costs.

As part of this rulemaking, the Department plans to add SCID to the newborn screening panel of conditions and raise the fee for a first specimen from \$30 to \$36 to help cover the costs of adding SCID. While the Department expects the \$6 fee increase for a first specimen will not be sufficient to cover all costs associated with testing for SCID, it should be sufficient to enable the Department to begin testing, as described below. The Department expects to cover the shortfall through a combination of appropriation increase requests, indirect waivers, and/or cuts to other areas of the NBS operating budget. According to a 2014 estimate, SCID occurs in approximately 1 in 58,000 births, with a higher incidence (as high as 1 in 2,500 births) found in the Navajo population. All but a few states in the United States currently test for SCID as part of their newborn screening programs. Through early detection of this congenital disorder, a baby may be cured of SCID through a bone marrow transplant, which has a high success rate if performed within the first 3.5 months of life. Bone marrow transplants become less successful the older and sicker a baby becomes. Additional treatments, such as gene therapy and enzyme replacement therapy, are also being developed and used. The Department anticipates that adding SCID to newborn and infant screening and making the accompanying clarifications to the rules may provide a significant benefit to the Department as an improvement in public health.

The Department anticipates routinely testing only first specimens for SCID because SCID should be tested for as early as possible and, unlike tests for some congenital disorders, the test result does not depend on the newborn's nutritional status. However, if a newborn has an abnormal result on a first specimen that cannot be confirmed on the same sample or is from a premature or sick infant in a NICU, if the test results are inconclusive, or if a test cannot be performed on a first specimen due to

technical difficulties, the Department anticipates that the second specimen for a newborn will be tested for SCID as well. Since test results from second specimens may be available before a parent is aware of the results from a first specimen, this process may reduce costs to the Department, health care providers, and parents and reduce the stress on parents from false positive results.

The Department expects the addition of SCID to the newborn screening panel of conditions to increase the cost to the Department for testing first specimens, for testing some second specimens for SCID, for follow-up on the abnormal or inconclusive test results of these tests, and for providing education about SCID. Since the billing contract includes payment based on the amount collected, costs for billing are also expected to increase. During CY 2016, the Department received 82,771 first specimens for bloodspot testing, representing approximately 96.7% of births. As shown in Appendix A, during FY 2017, the Department received 81,738 first specimens and billed the health care facility or health care provider submitting the first specimen to the Department \$2,452,140 according to R9-13-203(D). During FY 2017, the Department collected \$3,777,645 from first specimen fees, which includes revenue received during FY 2017 from first specimens submitted during FY 2016.

The Department plans to test bloodspot specimens for SCID using “T-cell receptor excision circles” (TRECs). TRECs are pieces of DNA that are formed in the thymus when immune-competent T-cells are developing and may be measured by a technique called polymerase chain reaction (PCR). Normal blood specimens have about one TREC per 10 T-cells, but this number is greatly reduced or absent in a newborn with SCID. Premature babies have a lower number of TRECs than a full-term baby, so these newborns might be expected to have a higher false positive rate when testing for SCID. The Department is not aware of any published report of a baby diagnosed with SCID who had a negative TREC screening result (false negative result). Testing for SCID will be performed using a commercially available kit. This kit has received FDA clearance and will be easy to integrate into the Arizona State Laboratory’s existing workflow and laboratory information management system. While other testing methods may be available, they are laboratory-developed tests that require a longer, more extensive validation period that can take up to six months to implement. Information about equipment and supplies that will be required to implement SCID testing is provided in Appendix B.

When notified of an abnormal test results, the follow-up section of NBS will notify the primary care physician and, if the newborn is not still in the hospital, the family of a newborn with an abnormal SCID bloodspot test result of the need for diagnostic testing for SCID. The information conveyed by follow-up staff will be based on instructions from immunologists contracted with the Department to provide expert consultation and guidance. Follow-up for premature newborns will consist of requesting the second specimen to be collected at or after 37 weeks gestational age or before discharge, whichever is later, and submitted to the Department for testing. A second abnormal result

for a premature newborn would also trigger a recommendation for diagnostic testing. If notified of an inconclusive result for SCID on a first specimen, the follow-up section will request a second specimen to be collected within a week and submitted to the Department and tested for SCID. The Department anticipates detecting two to three SCID cases per year. Because low TREC levels may be indicative of other immunodeficiencies or immunosuppressive drug use, the Department expects that an unknown number of other harmful, if not fatal, conditions may also be detected in newborns who receive diagnostic testing after an abnormal bloodspot test result for SCID.

The Department plans to incorporate education about the importance of SCID screening into general outreach activities. The Department has already added information about SCID to the NBS webpages and new materials about SCID, including a parent brochure, have been developed and will be available free of charge to hospitals and health care providers for distribution to parents. In addition, a targeted outreach campaign to obstetricians serving Native Americans is underway and will continue through 2017-2018.

The billing company, MMPMI, is contracted to receive 10% of the total amount collected for each specimen. Since the current billing costs are based on a first specimen fee of \$30, increasing the fee to \$36 will result in MMPMI receiving a possible increase of \$0.60 per first specimen fee collected for an estimated increased billing cost to the Department of \$49,920 ($83,200 \times \0.60).

In total, the Department estimates that the addition of SCID testing on a first specimen may directly cause an additional \$693,365 in costs to the Department, averaged over five years, including an additional \$537,978 in costs for the laboratory section, an additional \$106,876 in costs for the follow-up section, and the remainder attributed to increased Indirect and ITS Direct charges. The increase in billing costs of \$49,920 is directly attributable to the fee increase, rather than to the addition of SCID testing, although the fee increase is tied to the addition of SCID. The figures above pertain to SCID-specific/related costs and do not include other budget changes for non-SCID reasons, which are also included in the budgets shown in Appendix B.

By increasing the fee for a first specimen from \$30 to \$36, the Department anticipates the additional amount billed per year for first specimens, assuming that 96.7% of all newborns have a first specimen collected (based on historical data), to be:

86,000 births \times 96.7%, or approximately 83,200 first specimens;

83,200 first specimens \times \$6 fee increase for first specimens = \$499,200.

Thus, the theoretical total additional amount that will be billed annually is \$499,200. Thus, the Department anticipates a substantial increase in revenues, with collections from first specimens estimated to approximate the amount billed.

The Department anticipates using these funds as follows:

SCID-specific costs:

\$102,487 plus \$41,302 (ERE) Two new staff:

- Public Health Scientist with a molecular biology background to perform and oversee SCID testing, reporting, and training of other laboratory staff

Currently, only one employee in the NBS laboratory has the experience necessary to oversee the implementation of SCID testing and is covering two positions, including DNA testing for cystic fibrosis. The new staff scientist will work with the current employee to implement and oversee the new SCID platform, integrate cystic fibrosis DNA testing as part of a new molecular testing section, evaluate alternative molecular platforms for current and future testing and perform daily testing, reporting, and training.

- Blood-spot Follow-up Specialist to perform follow-up activities for abnormal or inconclusive results

SCID is a very time-sensitive disorder that requires close follow-up because all case management activities must be completed before an affected newborn receives any vaccines (generally prior to two months of age). Delays in diagnosis and treatment increase the opportunity for common and opportunistic infections that can be life-threatening to an affected newborn (e.g., cytomegalovirus transmission through breast milk).

\$49,332

Immunology consultant contracts (Phoenix and Tucson)

Contracted immunologists will provide technical guidance to NBS in developing follow-up protocols, laboratory cutoffs, and educational materials and serve as a technical resource to primary care physicians. In order to provide statewide coverage (geographically), we selected one immunologist in each of these cities to balance the overall workload. As SCID is a time-sensitive disorder, we must ensure that the health care providers for presumptively identified patients have rapid access to clinical support.

\$451,733

Laboratory reagents and consumables for SCID testing

Reagent costs (\$5.60 per specimen) also cover the leasing costs for all associated laboratory equipment and service (thermocyclers and EnLite readers). Other consumable supplies include pipettes, pipette tips, plates, etc. The additional costs for SCID testing on second specimens is estimated to be approximately \$2,000,

assuming a repeat testing rate similar to the rate Utah's NBS is experiencing (0.477%), which will be absorbed by the Department.

\$11,126	ITS Direct
<u>\$37,385</u>	Indirect
Subtotal \$693,365	

SCID-related costs:

\$49,920	Billing costs
----------	---------------

The increase in billing costs is directly due to the fee increase, but is tied to the addition of SCID.

Total \$743,285

- **AHCCCS**

According to CY 2016 birth data from the Department's Health Status and Vital Statistics group, AHCCCS was the party paying for delivery for 44,212 of the 85,620 babies born in Arizona in CY 2016, 51.64% of all births. Based on historical data, the Department expects to receive first specimens for 96.7% of these newborns, submitted by the health care facility where the birth occurred, and to bill the health care facility for the first specimen. AHCCCS pays for births through negotiated "birth packages" with Arizona's hospitals and birthing centers. Therefore, if AHCCCS increases the amount paid by AHCCCS to a hospital or birthing center for each birth package to correspond with the increase in the fee for a first specimen, the Department would expect AHCCCS to incur the following cost increase for their members due to the fee increase:

Calculated based on the number of births with AHCCCS paying for delivery:

$86,000 \times 51.64\% = 44,410$ births with AHCCCS as the party paying for delivery

$44,410 \times 96.7\% = 42,945$ first specimens from these newborns

$42,945 \times \$6 = \$257,670$

Calculated based on the amount collected from an AHCCCS health plan for second specimens during FY 2017:

\$2,480,995 collected from AHCCCS health plans compared with the total amount collected for all second specimens (\$4,034,821) = 61.5% of all paid second specimens

$86,000 \times 96.7\% = 83,162$ first specimens from all newborns

$83,162 \times 61.5\% = 51,145$

$51,145 \times \$6 = \$306,870$

Thus, AHCCCS may bear as much as a substantial increase in costs from birth packages renegotiated due to the increased fee for first specimens in the new rules.

The Department anticipates that AHCCCS may also receive a substantial benefit from the rulemaking. As mentioned above, babies born with SCID do not have a functioning immune system,

leaving them at risk for developing infections from the disease-causing germs around us every day. With newborn screening, SCID can be identified and a baby diagnosed while the baby is still protected by maternal antibodies and life-threatening infections have not yet occurred. The most common treatment for SCID has been a bone marrow transplant, which can cure the disorder by re-establishing a competent immune system in a baby with SCID. A bone marrow transplant performed before 3.5 months of age has been found to have a 95% success rate, while a success rate of 70% or less has been found for babies transplanted after that age. Because babies with SCID who are not diagnosed through newborn screening are repeatedly hospitalized for life-threatening infections, a baby with SCID who is an AHCCCS member will cause AHCCCS to incur substantial costs, and may die before the baby's first birthday if undiagnosed and untreated. If diagnosed once symptoms occur, the medical care for a single baby may cost an average of \$2.2 million, which includes an estimated cost of a late bone marrow transplant of approximately \$360,000, according to a 2011 estimate. Medical care for one baby with an early SCID diagnosis costs approximately \$250,000, which includes the cost of an early bone marrow transplant of approximately \$120,000. Therefore, the Department anticipates that AHCCCS may receive a substantial cost savings if at least one AHCCCS member with SCID is identified through NBS over a four-year period. Since one of the early symptoms of SCID is failure-to-thrive, AHCCCS may also receive a moderate-to substantial benefit from having diagnostic testing of a baby with a positive SCID screening result targeted at a compromised immune system, rather than paying for expensive, less-specific testing performed, as part of a "diagnostic odyssey," for a sick baby while trying to determine a diagnosis.

- **Third-party payors**

Third-party payors, including private insurance plans, military health care facilities, Indian Health Service, and tribal health care facilities, paid for approximately 41.71% of births in Arizona in 2016, based on data from the Department's Health Status and Vital Statistics group. As with AHCCCS, third-party payors pay for births through negotiated birth packages with hospitals and birthing centers. Therefore, if a third party payor increases the amount paid to a hospital or birthing center for a birth package to account for the increase in the fee for a first specimen, the Department would expect the third party payor to incur a corresponding increased cost due to the rulemaking. If the Department receives first specimens for 96.7% of these newborns, based on historical data, the Department would expect third-party payors as a whole to incur the following cost increase due to the new fee for newborns insured through the third-party payor, assuming that all third-party payors increase the amounts paid to all hospitals or birthing centers for a birth package:

$86,000 \times 41.71\% = 35,871$ births with a third-party payor as the party paying for delivery

$35,871 \times 96.7\% = 34,687$ first specimens from these newborns

$34,687 \times \$6 = \$208,122$

A third-party payor that did not increase the amount paid to a “health care facility” for a birth package would not incur any increased costs for first specimens submitted by the health care facility. The increased cost to an individual affected third-party payor may range from minimal (for a third-party payor with fewer than 250 covered newborns) to substantial (for a third-party payor with 2,500 or more covered newborns) if the third-party payor increased the amount paid for a birth package. Based on FY 2017 information, only four third-party payors would have incurred a substantial increased cost if the fee increase had been in effect in FY 2017. Third-party payors may pass the costs of the increased fee for a first specimen on to policy holders as increased insurance premiums or otherwise recoup these costs. The Department estimates that the additional costs to third-party payors from the increased fee may essentially be offset from these funding sources.

As for AHCCCS, the Department anticipates that a third-party payor may receive a substantial cost savings if at least one baby with SCID, insured through the third-party payor, is identified through NBS over a seven-year period.

- **Health care institutions**

First specimens are required to be collected from a newborn before the newborn is 72 hours old, and the Department bills the person submitting the first specimen the fee established in rule for a first specimen. Therefore, the health care institutions that could be expected to incur an increase in costs due to the fee increase include hospitals providing maternity services and birthing centers, which meet the definition of “health care facility” in R9-13-201. In CY 2016, approximately 82,477 first specimens were submitted by a health care facility, with the number submitted by a single health care facility ranging from one to 6,943. If a birth occurring at a health care facility is paid through AHCCCS or a third-party payor and AHCCCS or the third-party payor increases the amount of a birth package to account for the fee increase for a first specimen, the increased fee would have no economic effect on the health care facility. If a birth occurring at the health care facility is not paid through AHCCCS or a third-party payor or if AHCCCS or a third-party payor does not increase the amount of a birth package to account for the fee increase for a first specimen, the Department anticipates that health care facilities as a whole may incur as much as \$499,200 in increased costs due to the fee increase ($83,200 \times \$6 = \$499,200$) if no AHCCCS health plan or third-party payor increases the amount for a birth package for any health care facility. Based on the number of first specimens submitted by health care facilities in CY 2016, a health care facility could incur as much as \$41,658 in additional costs ($6,943 \times \$6 = \$41,658$) if there is no increase in the amount of any birth package.

A hospital or outpatient treatment center that is authorized to provide services required by a patient with SCID may also be affected by the addition of SCID to the newborn screening panel of

conditions as part of the rulemaking. A baby, identified through NBS as having SCID and cured of the condition, would avoid life-threatening infections that would otherwise have sent the baby to the hospital or outpatient treatment center for treatment of the infection, decreasing the revenue to these health care institutions. The Department anticipates that a hospital or outpatient treatment center may incur a moderate-to-substantial decrease in revenue if a baby with SCID is identified through NBS and avoids treatment by the hospital or outpatient treatment center for a life-threatening infection. Similarly, a hospital providing bone-marrow transplants or other treatments that may be provided to a patient with SCID may incur a substantial decrease in revenue from the relatively less expensive early treatment of SCID in a baby diagnosed through NBS. However, a hospital or outpatient treatment center may also receive a significant benefit in knowing that a baby, who was identified through NBS with SCID and who has been treated and cured, is healthy and has not died from an infection due to SCID.

- **Health care providers (midwives)**

Midwives as a whole submit fewer than 300 first specimens per year for the newborns they deliver from their clients and are the only health care providers who have submitted first specimens, according to Department records. If a similar number of first specimens is submitted by midwives in upcoming years, the Department would expect midwives as a whole to incur approximately \$1,800 in increased costs due to the new fee for newborns delivered by a midwife. The number of first specimens submitted by individual midwives in CY 2016 ranged from one to 28. Therefore, the increased cost to an individual midwife is expected to be minimal ($28 \times \$6 = \168). A midwife may also pass the costs of the increased fee for a first specimen on to clients as increased midwifery fees. A midwife may also receive a significant benefit in knowing that a baby, delivered by the midwife, identified through NBS with SCID, treated, and cured, is healthy and has not died from an infection due to SCID.

- **Parents of newborns**

Parents paid for about 6.65% of births (percentage of self-paid births plus births for which the payor was unknown) in Arizona in CY 2016, according to data from the Department's Health Status and Vital Statistics group. A parent paying a health care facility or health care provider for the delivery of the newborn would likely have the fee for newborn and infant screening included in the fee charged by the health care facility or health care provider for the delivery. If parents pay for a similar number of births in upcoming years and the health care facility or health care provider passes the increased fee for a first specimen on to a parent, the Department would expect parents as a whole to incur the following cost increase due to the increase in the fee for a first specimen:

$$86,000 \times 6.65\% = 5,719 \text{ births paid for by a parent}$$

$5,719 \times 96.7\% = 5,530$ first specimens from these newborns

$5,530 \times \$6 = \$33,182$

A parent may also incur an increase in the premium paid to a third-party payor that passes the increased fee for first specimens on to policyholders. The Department expects the increased cost to an individual parent to be at most minimal, either directly from the first specimen fee increase or indirectly through an increase in a health insurance premium.

The tests used for newborn and infant screening have a high sensitivity, and the cut-off values for a positive test result are set to ensure that, while there may be false positive results, a false negative result (a negative test result from a baby that really has the condition tested for) is very rare. As mentioned above, the Department is not aware of any published report of a baby diagnosed with SCID who had a false negative result for SCID. With the addition of SCID to the newborn screening panel of conditions, a parent of a newborn with a negative test result may receive a significant benefit in knowing that the newborn is extremely likely not to have SCID.

A parent of a newborn with a positive test result may experience stress due to the uncertainty about the health of the parent's newborn and will need to obtain diagnostic testing to determine if the newborn has SCID, another condition that may cause a reduction in TREC's, or a false positive result. However, the parent of a baby with SCID or another condition that may cause a reduction in TREC's may receive a significant and perhaps up to a substantial benefit from having the condition diagnosed early, through targeted testing, rather than undergo months of stress, have the baby undergo a multitude of tests to try to obtain a diagnosis, and experience the monetary and emotional toll of having a sick child. The Department does not plan to contact a parent about a positive/inconclusive test result for SCID on a first specimen if the newborn is still in the hospital because of prematurity or another issue, and will be requesting a second specimen from the hospital that will be tested for SCID. Because the Department will also test a routine second specimen for SCID if the test for SCID on a first specimen is inconclusive, the number of parents experiencing stress due to being informed of an inconclusive result on a first specimen, and the length of time a parent may wait before receiving another result, will be minimized. Although the Department has limited information upon which to base an estimate, the Department anticipates that three newborns will be diagnosed with SCID per year, and fewer than 200 parents per year will be contacted about inconclusive test results.

- **General public**

As mentioned above, a baby with SCID cannot fight off infections, is repeatedly hospitalized for these life-threatening infections, and may die before the baby's first birthday if undiagnosed and untreated. Society in general will receive a significant benefit from having a baby grow up into a healthy and productive member of society because of timely identification and treatment of SCID.

Unlike most of the conditions diagnosed through newborn and infant screening, a baby with SCID may be cured of the condition, not just require life-long treatment in order to remain healthy. According to a health economist at the Centers for Disease Control and Prevention (CDC), (<https://blogs.cdc.gov/genomics/2016/03/15/scid/>), screening for SCID is cost beneficial, with the benefits expected to be \$5.31 per \$1 in screening costs. Therefore, the Department anticipates that society in general may receive up to a substantial benefit from the addition of SCID to newborn and infant screening.

4. A general description of the probable impact on private and public employment in businesses, agencies, and political subdivisions of this state directly affected by the rulemaking

Public and private employment in the State of Arizona is not expected to be affected due to the changes in the rules.

5. A statement of the probable impact of the rules on small business

a. Identification of the small businesses subject to the rules

Small businesses subject to the rule may include small hospitals, outpatient treatment centers, small insurance carriers, and midwives.

b. The administrative and other costs required for compliance with the rules

The fee increase may impose an increased cost to a small hospital or birthing center that does not receive an increase in the fee for a birthing package from AHCCCS or a third-party payor and does not pass the increased cost for a first specimen on to a parent. The fee increase may impose an increased cost to a midwifery practice that does not pass the increased cost for a first specimen on to a parent. The fee increase may impose an increased cost on a small insurance carrier or other third-party payor that covers newborn and infant screening for a newborn or infant, which may be offset by higher premiums or lower medical costs for babies diagnosed with SCID through NBS, rather than once symptoms arise and additional medical treatment is required. Additional information is provided under paragraph 3.

c. A description of the methods that the agency may use to reduce the impact on small businesses

The Department provides outpatient treatment centers, midwives, and other free-standing small healthcare-related facilities with free, in-person training upon request. These small businesses, as well as other health care institutions and health care providers, also have access to free parent and provider brochures and other materials in English and Spanish and can request assistance with establishing their facility as a screening location for newborns/infants. Training includes a “getting started” packet covering collection technique, timing, drying, and shipping for specimens, as well as information for families related to disorders tested for

through NBS. Additionally, resources are provided related to hearing screening, insurance reimbursement, and other administrative tasks associated with appropriate screening and education to families. Family support resources are also offered, and a review of the website is provided to ensure stakeholders know how to access information as needed. Except as described above and in paragraph 3 for testing routine of second specimens from babies with an inconclusive result for SCID on a first specimen, the Department is unaware of another method that may be used to reduce the impact on small businesses.

d. The probable costs and benefits to private persons and consumers who are directly affected by the rules

If the parents of a newborn or infant have no health care insurance for the newborn or infant, the parents may bear the cost of the fee increase for a first specimen. However, the parents will benefit from the knowledge that the parent's newborn does not have SCID or, if the newborn is diagnosed with SCID after a positive newborn and infant screening test, from early diagnosis and treatment/cure to avoid a stressful diagnostic odyssey, costly medical expenses, and the death of the baby. Additional information is provided under paragraph 3.

6. A statement of the probable effect on state revenues

The funds generated through newborn screening fees are placed into a newborn screening fund, from which the Legislature appropriates funds to run NBS within the Department. The Department estimates that approximately \$500,000 in additional monies (\$6 X 83,200) may be deposited into the newborn screening fund as a result of this rulemaking. An additional \$544,800 was appropriated to the Department from the fund, based on the difference between FY 2017 and FY 2018 appropriations as shown in Appendix B, for the Department to use to implement screening for SCID and follow-up on abnormal test results, as described in paragraph 3.

7. A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed rulemaking

There are no less intrusive or less costly alternatives for achieving the purpose of the rule.

8. A description of any data on which the rule is based with a detailed explanation of how the data was obtained and why the data is acceptable data

The financial data used to develop this document was obtained, as cited, from the Department's newborn screening database, vital statistics data, and financial records and projections, not from any outside data. Information about SCID was obtained from published research and review articles in scientific and medical journals. As such, the Department believes the data is acceptable.

TITLE 9. HEALTH SERVICES

CHAPTER 13. DEPARTMENT OF HEALTH SERVICES - HEALTH PROGRAMS SERVICES

ARTICLE 2. NEWBORN AND INFANT SCREENING

R9-13-201. Definitions

In this Article, unless otherwise specified:

1. “Abnormal result” means an outcome that deviates from the range of values established by:
 - a. The Department for an analysis performed as part of a bloodspot test or for a hearing test, or
 - b. A health care facility or health care provider for critical congenital heart defect screening.
2. “Admission” or “admitted” means the same as in A.A.C. R9-10-101.
3. “AHCCCS” means the Arizona Health Care Cost Containment System.
4. “Argininosuccinic acidemia” means a congenital disorder characterized by an inability to metabolize the amino acid argininosuccinic acid due to defective argininosuccinate lyase activity.
5. “Arizona State Laboratory” means the entity operated according to A.R.S. § 36-251.
6. “Audiological equipment” means an instrument used to help determine the presence, type, or degree of hearing loss by:
 - a. Providing ear-specific and frequency-specific stimuli to an individual; or
 - b. Measuring an individual’s physiological response to stimuli.
7. “Audiologist” means the same as in A.R.S. § 36-1901.
8. “Beta-ketothiolase deficiency” means a congenital disorder characterized by an inability to metabolize 2-methyl-acetoacetyl-CoA due to defective mitochondrial acetoacetyl-CoA thiolase activity.
9. “Biotinidase deficiency” means a congenital disorder characterized by defective biotinidase activity that causes abnormal biotin metabolism.
10. “Birth center” means a health care facility that is not a hospital and is organized for the purpose of delivering newborns.
11. “Blood sample” means capillary or venous blood, but not cord blood, applied to the filter paper of a specimen collection kit.
12. “Bloodspot test” means multiple laboratory analyses performed on a blood sample to screen for the presence of congenital disorders listed in R9-13-203.

APPENDIX A- Current Rules

13. “Carnitine uptake defect” means a congenital disorder characterized by a decrease in the amount of free carnitine due to defective sodium ion-dependent carnitine transporter OCTN2 activity.
14. “Citrullinemia” means a congenital disorder characterized by an inability to convert the amino acid citrulline and aspartic acid into argininosuccinic acid due to defective argininosuccinate synthetase activity.
15. “Classic galactosemia” means a congenital disorder characterized by abnormal galactose metabolism due to defective galactose-1-phosphate uridylyltransferase activity.
16. “Congenital adrenal hyperplasia” means a congenital disorder characterized by decreased cortisol production and increased androgen production due to defective 21-hydroxylase activity.
17. “Congenital disorder” means an abnormal condition present at birth, as a result of heredity or environmental factors, that impairs normal physiological functioning of a human body.
18. “Congenital hypothyroidism” means a congenital disorder characterized by deficient thyroid hormone production.
19. “Critical congenital heart defect” means a heart abnormality or condition present at birth that places a newborn or infant at significant risk of disability or death if not diagnosed soon after birth.
20. “Cystic fibrosis” means a congenital disorder caused by defective functioning of a transmembrane regulator protein and characterized by damage to and dysfunction of various organs, such as the lungs, pancreas, and reproductive organs.
21. “Department” means the Arizona Department of Health Services.
22. “Diagnostic evaluation” means a hearing test performed by an audiologist or a physician to determine whether hearing loss exists, and, if applicable, determine the type or degree of hearing loss.
23. “Discharge” means the termination of inpatient services to a newborn or an infant.
24. “Disorder” means a disease or medical condition that may be identified by a laboratory analysis.
25. “Document” means to establish and maintain information in written, photographic, electronic, or other permanent form.
26. “Educational materials” means printed or electronic information provided by the Department, explaining newborn and infant screening, any of the congenital disorders listed in R9-13-203, hearing loss, or critical congenital heart defect.

APPENDIX A- Current Rules

27. “Electronic” means the same as in A.R.S. § 44-7002.
28. “First specimen” means the initial specimen that is collected from a newborn who is less than five days of age and sent to the Arizona State Laboratory for testing and recording of demographic information.
29. “Glutaric acidemia type I” means a congenital disorder characterized by an accumulation of glutaric acid due to defective glutaryl-CoA dehydrogenase activity.
30. “Guardian” means an individual appointed by a court under A.R.S. Title 14, Chapter 5, Article 2.
31. “Health care facility” means a health care institution defined in A.R.S. § 36-401 where obstetrical care or newborn care is provided.
32. “Health care provider” means a physician, physician assistant, registered nurse practitioner, or midwife.
33. “Health-related services” means the same as in A.R.S. § 36-401.
34. “Hearing screening” means a hearing test to determine the likelihood of hearing loss in a newborn or infant.
35. “Hearing test” means an evaluation of each of a newborn’s or an infant’s ears, using audiological equipment to:
 - a. Screen the newborn or infant for a possible hearing loss;
 - b. Determine that the newborn or infant does not have a hearing loss; or
 - c. Diagnose a hearing loss in the newborn or infant, including determining the type or degree of hearing loss.
36. “Hemoglobin S/Beta-thalassemia” means a sickle cell disease in which an individual has one sickle cell gene and one gene for beta thalassemia, another inherited hemoglobinopathy.
37. “Hemoglobin S/C disease” means a sickle cell disease in which an individual has one sickle cell gene and one gene for another inherited hemoglobinopathy called hemoglobin C.
38. “Hemoglobinopathy” means a congenital disorder characterized by abnormal production, structure, or functioning of hemoglobin.
39. “Home birth” means delivery of a newborn, outside a health care facility, when the newborn is not hospitalized within 72 hours of delivery.
40. “Homocystinuria” means a congenital disorder characterized by abnormal methionine and homocysteine metabolism due to defective cystathione-β-synthase activity.
41. “Hospital” means the same as in A.A.C. R9-10-101.

APPENDIX A- Current Rules

42. “Hospital services” means the same as in A.A.C. R9-10-201.
43. “3-Hydroxy-3-methylglutaric aciduria” means a congenital disorder characterized by the accumulation of 3-hydroxy-3-methylglutaric acid due to a defective 3-hydroxy-3-methylglutaryl-CoA lyase activity.
44. “Identification code” means a unique set of numbers or letters, or a unique set of both numbers and letters, assigned by the Department to a health care facility, a health care provider, an audiologist, or another person submitting specimen collection kits to the Arizona State Laboratory or hearing test results to the Department.
45. “Infant” means the same as in A.R.S. § 36-694.
46. “Inpatient” means an individual who:
 - a. Is admitted to a hospital,
 - b. Receives hospital services for 24 consecutive hours, or
 - c. Is admitted to a birth center.
47. “Inpatient services” means medical services, nursing services, or other health-related services provided to an inpatient in a health care facility.
48. “Isovaleric acidemia” means a congenital disorder characterized by an accumulation of isovaleric acid due to defective isovaleryl-CoA dehydrogenase activity.
49. “Long-chain 3-hydroxy acyl-CoA dehydrogenase deficiency” means a congenital disorder characterized by an inability to metabolize fatty acids that are 12 to 16 carbon atoms in length due to defective long-chain 3-hydroxy acyl-CoA dehydrogenase activity.
50. “Maple syrup urine disease” means a congenital disorder of branched chain amino acid metabolism due to defective branched chain-keto acid dehydrogenase activity.
51. “Medical services” means the same as in A.R.S. § 36-401.
52. “Medium chain acyl-CoA dehydrogenase deficiency” means a congenital disorder characterized by an inability to metabolize fatty acids that are 6 to 10 carbon atoms in length due to defective medium-chain acyl-CoA dehydrogenase activity.
53. “3-Methylcrotonyl-CoA carboxylase deficiency” means a congenital disorder characterized by an accumulation of 3-methylcrotonyl-glycine due to defective 3-methylcrotonyl-CoA carboxylase activity.
54. “Methylmalonic acidemia (Cbl A,B)” means a congenital disorder characterized by an accumulation of methylmalonic acid due to defective activity of methylmalonyl-CoA racemase or adenosylcobalamin synthetase.

APPENDIX A- Current Rules

55. “Methylmalonic acidemia (mutase deficiency)” means a congenital disorder characterized by an accumulation of methylmalonic acid due to defective methylmalonyl-CoA mutase activity.
56. “Midwife” means an individual licensed under A.R.S. Title 36, Chapter 6, Article 7, or certified under A.R.S. Title 32, Chapter 15.
57. “Multiple carboxylase deficiency” means a congenital disorder characterized by an inability to transport or metabolize biotin that leads to defective activity of propionyl-CoA carboxylase, beta-methylcrotonyl-CoA carboxylase, and pyruvate carboxylase.
58. “Newborn” means the same as in A.R.S. § 36-694.
59. “Newborn care” means medical services, nursing services, and health-related services provided to a newborn.
60. “Nursing services” means the same as in A.R.S. § 36-401.
61. “Obstetrical care” means medical services, nursing services, and health-related services provided to a woman throughout her pregnancy, labor, delivery, and postpartum.
62. “Organ” means a somewhat independent part of a human body, such as a salivary gland, kidney, or pancreas, which performs a specific function.
63. “Parent” means a natural, adoptive, or custodial mother or father of a newborn or an infant.
64. “Parenteral nutrition” means the feeding of an individual intravenously through the administration of a formula containing glucose, amino acids, lipids, vitamins, and minerals.
65. “Person” means the state, a municipality, district, or other political subdivision, a cooperative, institution, corporation, company, firm, partnership, individual, or other legal entity.
66. “Phenylketonuria” means a congenital disorder characterized by abnormal phenylalanine metabolism due to defective phenylalanine hydroxylase activity.
67. “Physician” means an individual licensed under A.R.S. Title 32, Chapters 13, 14, 17, or 29.
68. “Physician assistant” means an individual licensed under A.R.S. Title 32, Chapter 25.
69. “Propionic acidemia” means a congenital disorder characterized by an accumulation of glycine and 3-hydroxypropionic acid due to defective propionyl-CoA carboxylase activity.
70. “Pulse oximetry” means a non-invasive method of measuring the percentage of hemoglobin in the blood that is saturated with oxygen using a device approved by the

APPENDIX A- Current Rules

U.S. Food and Drug Administration for use with newborns or infants less than six weeks of age.

71. “Registered nurse practitioner” means the same as in A.R.S. § 32-1601.
72. “Second specimen” means a specimen that is sent to the Arizona State Laboratory for testing and recording of demographic information, after being collected:
 - a. From a newborn after a first specimen; or
 - b. From an individual at least five days and not older than one year of age, regardless of whether a first specimen was collected.
73. “Severe combined immunodeficiency” means a congenital disorder usually characterized by a defect in both the T- and B-lymphocyte systems, which typically results in the onset of one or more serious infections within the first few months of life.
74. “Sickle cell anemia” means a sickle cell disease in which an individual has two sickle cell genes.
75. “Sickle cell disease” means a hemoglobinopathy characterized by an abnormally shaped red blood cell resulting from the abnormal structure of the protein hemoglobin.
76. “Sickle cell gene” means a unit of inheritance that is involved in producing an abnormal type of the protein hemoglobin, in which the amino acid valine is substituted for the amino acid glutamic acid at a specific location in the hemoglobin.
77. “Specimen” means a blood sample obtained from and demographic information about a newborn or an infant.
78. “Specimen collection kit” means a strip of filter paper for collecting a blood sample attached to a form for obtaining the information specified in R9-13-203(B)(3) about a newborn or an infant.
79. “Transfer” means a health care facility or health care provider discharging a newborn and sending the newborn to a hospital for inpatient medical services without the intent that the patient will be returned to the sending health care facility or health care provider.
80. “Transfusion” means the infusion of blood or blood products into the body of an individual.
81. “Trifunctional protein deficiency” means a congenital disorder characterized by an inability to metabolize fatty acids that are 12 to 18 carbon atoms in length due to defective mitochondrial trifunctional protein activity.
82. “Tyrosinemia type I” means a congenital disorder characterized by an accumulation of the amino acid tyrosine due to defective fumarylacetoacetate hydrolase activity.

APPENDIX A- Current Rules

83. “Verify” means to confirm by obtaining information through a source such as the newborn screening program, a health care provider, a health care facility, or a documented record.
84. “Very long-chain acyl-CoA dehydrogenase deficiency” means a congenital disorder characterized by an inability to metabolize fatty acids that are 14 to 18 carbon atoms in length due to defective very long-chain acyl-CoA dehydrogenase activity.
85. “Working day” means 8:00 a.m. through 5:00 p.m. Monday through Friday, excluding state holidays.

R9-13-202. Newborn and Infant Critical Congenital Heart Defect Screening

- A.** A health care facility’s designee, a health care provider, or a health care provider’s designee shall order critical congenital heart defect screening using pulse oximetry for a newborn to be performed:
 1. Between 24 and 48 hours after birth according to the health care facility’s or health care provider’s policies and procedures, or
 2. As late as possible before discharge according to the health care facility’s or health care provider’s policies and procedures if the newborn is discharged earlier than 24 hours after birth.
- B.** Before critical congenital heart defect screening is performed on a newborn, a health care facility’s designee, a health care provider, or a health care provider’s designee shall provide educational materials to the newborn’s parent or guardian.
- C.** When critical congenital heart defect screening is ordered for a newborn, a health care facility’s designee, a health care provider, or a health care provider’s designee shall submit, in a format specified by the Department, the following information:
 1. The newborn’s name, gender, race, ethnicity, medical record number, and, if applicable, AHCCCS identification number;
 2. Whether the newborn is from a single or multiple birth;
 3. If the newborn is from a multiple birth, the birth order of the newborn;
 4. The date and time of birth, and the newborn’s weight at birth;
 5. The identification code or the name and address of the health care facility or health care provider submitting the information;
 6. Except as provided in subsection (C)(7), the mother’s first and last names, date of birth, name before first marriage, mailing address, telephone number, and, if applicable, AHCCCS identification number;

APPENDIX A- Current Rules

7. If the newborn's mother does not have physical custody of the newborn, the first and last names, mailing address, and telephone number of the person who has physical custody of the newborn;
8. The date, time, and result of the critical congenital heart defect screening;
9. If critical congenital heart defect screening was not performed, the reason critical congenital heart defect screening was not performed;
10. If the newborn was transferred to another health care facility or health care provider before the critical congenital heart defect screening was performed, the name, address, and telephone number of the health care facility or health care provider to which the newborn was transferred; and
11. Whether the newborn has a medical condition that may affect the critical congenital heart defect screening results.

D. In addition to the information in subsection (C), if the reported result of critical congenital heart defect screening for a newborn or infant is abnormal, a health care facility's designee, a health care provider, or a health care provider's designee shall submit to the Department, upon request and in a format specified by the Department, the following information:

1. The dates, times, values of all critical congenital heart defect screening results;
2. The dates, times, and results of any subsequent tests performed as a result of critical congenital heart defect screening;
3. The name, address, and telephone number of the contact person for the health care facility, health care provider, or other person performing the subsequent tests; and
4. If a medical condition is found as a result of critical congenital heart defect screening or subsequent tests, the type of medical condition found and the name of the health care provider who will be responsible for the coordination of medical services for the newborn or infant after the newborn or infant is discharged.

R9-13-203. Newborn and Infant Bloodspot Tests

A. A bloodspot test shall screen for the following congenital disorders:

1. 3-Hydroxy-3-methylglutaric aciduria,
2. 3-Methylcrotonyl-CoA carboxylase deficiency,
3. Argininosuccinic acidemia,
4. Beta-ketothiolase deficiency,
5. Biotinidase deficiency,
6. Carnitine uptake defect,

APPENDIX A- Current Rules

7. Citrullinemia,
8. Classic galactosemia,
9. Congenital adrenal hyperplasia,
10. Congenital hypothyroidism,
11. Cystic fibrosis,
12. Glutaric acidemia type I,
13. Hemoglobin S/Beta-thalassemia,
14. Hemoglobin S/C disease,
15. Homocystinuria,
16. Isovaleric acidemia,
17. Long-chain 3-hydroxy acyl-CoA dehydrogenase deficiency,
18. Maple syrup urine disease,
19. Medium chain acyl-CoA dehydrogenase deficiency,
20. Methylmalonic acidemia (Cbl A,B),
21. Methylmalonic acidemia (mutase deficiency),
22. Multiple carboxylase deficiency,
23. Phenylketonuria,
24. Propionic acidemia,
25. Severe combined immunodeficiency,
26. Sickle cell anemia,
27. Trifunctional protein deficiency,
28. Tyrosinemia type I, and
29. Very long-chain acyl-CoA dehydrogenase deficiency.

B. When a bloodspot test is ordered for a newborn or an infant, a health care facility's designee, a health care provider, or the health care provider's designee shall:

1. Only use a specimen collection kit supplied by the Department;
2. Collect a blood sample from the newborn or infant on a specimen collection kit;
3. Complete the following information on the specimen collection kit:
 - a. The newborn's or infant's name, gender, race, ethnicity, medical record number, and, if applicable, AHCCCS identification number;
 - b. The newborn's or infant's type of food or food source;
 - c. Whether the newborn or infant is from a single or multiple birth;
 - d. If the newborn or infant is from a multiple birth, the birth order of the newborn or infant;

APPENDIX A- Current Rules

- e. Whether the newborn or infant has a medical condition that may affect the bloodspot test results;
 - f. Whether the newborn or infant received a blood transfusion and, if applicable, the date of the last blood transfusion;
 - g. The date and time of birth, and the newborn's or infant's weight at birth;
 - h. The date and time of blood sample collection, and the newborn's or infant's weight when the blood sample is collected;
 - i. The identification code or the name and address of the health care facility or health care provider submitting the specimen collection kit;
 - j. The name, address, and telephone number or the identification code of the health care provider responsible for the management of medical services provided to the newborn or infant;
 - k. Except as provided in subsection (B)(3)(l), the mother's first and last names, date of birth, name before first marriage, mailing address, telephone number, and if applicable, AHCCCS identification number; and
 - l. If the newborn's or infant's mother does not have physical custody of the newborn or infant, the first and last names, mailing address, and telephone number of the person who has physical custody of the newborn or infant; and
4. Submit the specimen collection kit to the Arizona State Laboratory no later than 24 hours or the next working day after the blood sample is collected.
- C.** A health care facility or a health care provider submitting a first specimen to the Arizona State Laboratory shall pay the Department the fee in R9-13-208(A).
- D.** A person who submits a second specimen to the Arizona State Laboratory shall:
1. Pay the fee in R9-13-208(B) to the Department, or
 2. Provide the following information to the Arizona State Laboratory for billing purposes:
 - a. The name, mailing address, and telephone number of the newborn's or infant's parent or the individual responsible for paying, if not the parent; and
 - b. If the individual responsible for paying has health care insurance for the newborn or infant, information about the health care insurance, including:
 - i. The policyholder's name;
 - ii. The name and billing address of the health care insurance company;
 - iii. The member identification number;
 - iv. The group number, if applicable; and
 - v. The effective date of the health care insurance; or

APPENDIX A- Current Rules

- c. That the individual responsible for paying has no health care insurance for the newborn or infant.
- E.** When a health care insurance company or an individual responsible for paying is identified as specified in subsection (D)(2), the health care insurance company or the individual responsible for paying shall pay the Department the fee in R9-13-208(B).
- F.** When a home birth not attended by a health care provider is reported to a local registrar, a deputy local registrar, or the state registrar under A.R.S. § 36-333:
 - 1. The local registrar, deputy local registrar, or state registrar shall notify the local health department of the county where the birth occurred; and
 - 2. The local health department's designee shall collect a specimen from the newborn or infant according to the requirements in R9-13-204(A)(2) or R9-13-205(C).
- G.** A health care facility's designee, a health care provider, or the health care provider's designee shall ensure that:
 - 1. Educational materials are provided to the parent or guardian of a newborn or an infant for whom a bloodspot test is ordered, and
 - 2. The newborn's or infant's parent or guardian is informed of the requirement for a second specimen if the second specimen has not been collected.
- H.** For a home birth, a health care provider or the health care provider's designee shall provide educational materials to the parent or guardian of a newborn or an infant for whom a bloodspot test is ordered.

R9-13-204. First Specimen Collection

- A.** When a newborn is born in a hospital, the hospital's designee shall collect a first specimen from the newborn according to whichever of the following occurs first:
 - 1. Unless specified otherwise by a physician, physician assistant, or registered nurse practitioner, before administering a transfusion or parenteral nutrition;
 - 2. When the newborn is at least 24 but not more than 72 hours old; or
 - 3. Before the newborn is discharged, unless the newborn:
 - a. Is transferred to another hospital before the newborn is 48 hours old; or
 - b. Dies before the newborn is 72 hours old.
- B.** If a newborn is admitted or transferred to a hospital before the newborn is 48 hours old, the receiving hospital's designee shall:
 - 1. Verify that the first specimen was collected before admission or transfer, or

APPENDIX A- Current Rules

2. Collect a first specimen from the newborn according to the requirements in subsection (A).
- C.** When a newborn is born in a birth center, the birth center's designee shall collect a first specimen from the newborn according to sub-sections (A)(1) or (A)(2).
- D.** For a home birth attended by a health care provider, the health care provider or the health care provider's designee shall collect a first specimen from the newborn according the requirements in subsection (A)(2).

R9-13-205. Second Specimen Collection

- A.** After a newborn's or an infant's discharge from a health care facility or after a home birth, a health care provider or the health care provider's designee shall:
1. Collect a second specimen from the newborn or infant not older than one year of age at the time of the newborn's or infant's first visit to the health care provider, or
 2. Verify that a health care facility or different health care provider has collected a second specimen from the newborn or infant.
- B.** If a newborn is an inpatient of a health care facility at 5 days of age, the health care facility's designee shall collect a second specimen from the newborn:
1. When the newborn is at least 5 but not more than 10 days old; or
 2. If the newborn is discharged from the health care facility when the newborn is at least 5 but not more than 10 days old, before discharge.
- C.** For a home birth that is not attended by a health care provider, a local health department's designee shall collect a specimen from a newborn or an infant if the local health department's designee has not verified that a second specimen has already been collected from the newborn or infant.

R9-13-206. Reporting Requirements for Specimens

- A.** The Arizona State Laboratory shall report, in written or electronic format, to the health care provider and, if applicable, health care facility identified on a specimen collection kit:
1. The results of a bloodspot test on a specimen; or
 2. For a specimen that does not meet quality standards established by the Arizona State Laboratory in compliance with 42 CFR § 493.1200:
 - a. That a bloodspot test was not performed on the specimen; and
 - b. The reason the bloodspot test was not performed.

APPENDIX A- Current Rules

- B. A health care facility's designee, a health care provider, or the health care provider's designee, who orders a subsequent test on a newborn or an infant in response to an abnormal result on a bloodspot test, shall send the results of the subsequent test in writing to the Department, if the subsequent test is not performed by the Arizona State Laboratory.
- C. Bloodspot test results are confidential subject to the disclosure provisions of 9 A.A.C. 1, Article 3, and A.R.S. §§ 12-2801 and 12-2802.

R9-13-207. Newborn and Infant Hearing Tests

- A. Before a hearing test is performed on a newborn or infant, a health care facility's designee, a health care provider, or the health care provider's designee shall provide educational materials to the newborn's or infant's parent or guardian.
- B. A health care facility's designee, a health care provider, or the health care provider's designee shall order hearing testing for a newborn or infant to be performed according to the health care facility's or health care provider's policies and procedures that includes:
 - 1. An initial hearing screening ordered to be performed within 30 days after birth or before discharge;
 - 2. A second hearing screening ordered to be performed within 30 days after birth if an abnormal result is obtained in one or both of a newborn's or infant's ears on the initial hearing screening; and
 - 3. Diagnostic evaluation ordered to be performed:
 - a. If a newborn or infant has an abnormal result in one or both ears on the second hearing screening;
 - b. If a newborn or infant has been admitted to the Neonatal Intensive Care Unit for five days or more and has an abnormal initial hearing screening;
 - c. If a newborn or infant has a medical condition that makes diagnostic evaluation more appropriate; or
 - d. As clinically indicated.
- C. When an initial hearing test is performed on a newborn or infant, a health care facility's designee, a health care provider, or the health care provider's designee shall submit to the Department, as specified in subsection (G), the following information:
 - 1. The newborn's or infant's name, date of birth, gender, and medical record number;
 - 2. Whether the newborn or infant is from a single or multiple birth;
 - 3. If the newborn or infant is from a multiple birth, the birth order of the newborn or infant;
 - 4. The first and last names and date of birth of the newborn's or infant's mother;

APPENDIX A- Current Rules

5. The name and identification code of the health care facility of birth;
6. The name and identification code of the health care facility where the initial hearing test was performed or of the health care provider who performed the initial hearing test;
7. The date of the initial hearing test;
8. Whether or not the initial hearing test was performed when the newborn or infant was an inpatient;
9. The audiological equipment used for the initial hearing test and the type of initial hearing test performed; and
10. The initial hearing test result for each of the newborn's or infant's ears.

D. In addition to the information in subsection (C), if the reported results of an initial hearing test on a newborn or infant include an abnormal result, a health care facility's designee, a health care provider, or the health care provider's designee shall submit to the Department, as specified in subsection (G), the following information:

1. Except as provided in subsection (D)(2), the mother's name before first marriage, mailing address, and telephone number;
2. If the newborn's or infant's mother does not have physical custody of the newborn or infant, the first and last names, mailing address, and telephone number of the person who has physical custody of the newborn or infant;
3. The name of the health care provider who will be responsible for the coordination of medical services for the newborn or infant after the newborn or infant is discharged from the health care facility;
4. The name and telephone number of the person to whom the newborn's or infant's mother or other person who has physical custody of the newborn or infant was referred for a subsequent hearing test;
5. The date of the appointment for a subsequent hearing test, if available; and
6. The health care facility where a subsequent hearing test is scheduled to be performed or the name and address of the health care provider who is scheduled to perform the subsequent test, if available.

E. When a subsequent hearing test is performed on a newborn or an infant after an initial hearing test, the designee of the health care facility, health care provider, or other person that performs the subsequent hearing test shall submit to the Department, as specified in subsection (G), the following information:

1. The newborn's or infant's name, date of birth, and gender;
2. Whether the newborn or infant is from a single or multiple birth;

APPENDIX A- Current Rules

3. If the newborn or infant is from a multiple birth, the birth order of the newborn or infant;
 4. The first and last names and date of birth of the newborn's or infant's mother;
 5. The name of the health care facility of birth, if known;
 6. The name of the health care facility where the subsequent hearing test was performed, or the name and address of the health care provider who performed the subsequent hearing test;
 7. The date of the subsequent hearing test;
 8. The audiological equipment used for the subsequent hearing test and type of hearing test performed;
 9. The result, including a quantitative result if applicable, for each of the newborn's or infant's ears on the subsequent hearing test;
 10. The name, address and telephone number of the contact person for the health care facility, health care provider, or other person that performed the subsequent hearing test, if different from the person specified in subsection (E)(6); and
 11. If the subsequent hearing test was a diagnostic evaluation:
 - a. Whether the newborn or infant has a hearing loss and, if so, the type and degree of hearing loss;
 - b. A copy of the narrative that describes the hearing test performed on the newborn or infant to determine that the newborn or infant does not have a hearing loss or diagnose a hearing loss in the newborn or infant, the results of the hearing test, and the analysis of the hearing test results by the audiologist or physician who performed the hearing test;
 - c. Whether the newborn or infant has a medical condition that may affect the hearing test results; and
 - d. Whether the newborn or infant has been referred to early intervention services, including a date of referral.
- F.** In addition to the information in subsection (E), if the reported results of a subsequent hearing test on a newborn or infant include an abnormal result, the person submitting the report on the subsequent hearing test shall submit to the Department, as specified in subsection (G), the following information:
1. Except as provided in subsection (F)(2), the mailing address and telephone number of the newborn's or infant's mother;

APPENDIX A- Current Rules

2. If the newborn's or infant's mother does not have physical custody of the newborn or infant, the first and last names, mailing address, and telephone number of the person who has physical custody of the newborn or infant;
 3. The name of the health care provider who is responsible for the coordination of medical services for the newborn or infant; and
 4. If applicable, the name and phone telephone number of the person to whom the newborn's or infant's parent was referred for further hearing tests, evaluation services, specialty care, or early intervention.
- G.** A health care facility's designee, health care provider, health care provider's designee, or other person required to report under subsections (C), (D), (E), or (F) shall submit, in an electronic format specified by the Department, the information specified in subsections (C), (D), (E), or (F) for hearing tests performed each week by the sixth day of the subsequent week.

R9-13-208. Fees

- A. The fee for a first specimen is \$36.00.
- B. The fee for a second specimen is \$65.00.

TITLE 9. HEALTH SERVICES

CHAPTER 13. DEPARTMENT OF HEALTH SERVICES - HEALTH PROGRAMS SERVICES

ARTICLE 2. NEWBORN AND INFANT SCREENING

36-132. Department of health services; functions; contracts

A. The department, in addition to other powers and duties vested in it by law, shall:

1. Protect the health of the people of the state.
2. Promote the development, maintenance, efficiency and effectiveness of local health departments or districts of sufficient population and area that they can be sustained with reasonable economy and efficient administration, provide technical consultation and assistance to local health departments or districts, provide financial assistance to local health departments or districts and services that meet minimum standards of personnel and performance and in accordance with a plan and budget submitted by the local health department or districts to the department for approval, and recommend the qualifications of all personnel.
3. Collect, preserve, tabulate and interpret all information required by law in reference to births, deaths and all vital facts, and obtain, collect and preserve information relating to the health of the people of this state and the prevention of diseases as may be useful in the discharge of functions of the department not in conflict with chapter 3 of this title and sections 36-693, 36-694 and 39-122.
4. Operate such sanitariums, hospitals or other facilities assigned to the department by law or by the governor.
5. Conduct a statewide program of health education relevant to the powers and duties of the department, prepare educational materials and disseminate information as to conditions affecting health, including basic information for the promotion of good health on the part of individuals and communities, and prepare and disseminate technical information concerning public health to the health professions, local health officials and hospitals. In cooperation with the department of education, the department of health services shall prepare and disseminate materials and give technical assistance for the purpose of education of children in hygiene, sanitation and personal and public health, and provide consultation and assistance in community organization to counties, communities and groups of people.
6. Administer or supervise a program of public health nursing, prescribe the minimum qualifications of all public health nurses engaged in official public health work, and encourage and aid in coordinating local public health nursing services.
7. Encourage and aid in coordinating local programs concerning control of preventable diseases in accordance with statewide plans that shall be formulated by the department.
8. Encourage and aid in coordinating local programs concerning maternal and child health, including midwifery, antepartum and postpartum care, infant and preschool health and the health of schoolchildren, including special fields such as the prevention of blindness and conservation of sight and hearing.
9. Encourage and aid in the coordination of local programs concerning nutrition of the people of this state.

APPENDIX B- General and Specific Authority

10. Encourage, administer and provide dental health care services and aid in coordinating local programs concerning dental public health, in cooperation with the Arizona dental association. The department may bill and receive payment for costs associated with providing dental health care services and shall deposit the monies in the oral health fund established by section 36-138.

11. Establish and maintain adequate serological, bacteriological, parasitological, entomological and chemical laboratories with qualified assistants and facilities necessary for routine examinations and analyses and for investigations and research in matters affecting public health.

12. Supervise, inspect and enforce the rules concerning the operation of public bathing places and public and semipublic swimming pools adopted pursuant to section 36-136, subsection I, paragraph 10.

13. Take all actions necessary or appropriate to ensure that bottled water sold to the public and water used to process, store, handle, serve and transport food and drink are free from filth, disease-causing substances and organisms and unwholesome, poisonous, deleterious or other foreign substances. All state agencies and local health agencies involved with water quality shall provide to the department any assistance requested by the director to ensure that this paragraph is effectuated.

14. Enforce the state food, caustic alkali and acid laws in accordance with chapter 2, article 2 of this title, chapter 8, article 1 of this title and chapter 9, article 4 of this title, and collaborate in the enforcement of the federal food, drug, and cosmetic act (52 Stat. 1040; 21 United States Code sections 1 through 905).

15. Recruit and train personnel for state, local and district health departments.

16. Conduct continuing evaluations of state, local and district public health programs, study and appraise state health problems and develop broad plans for use by the department and for recommendation to other agencies, professions and local health departments for the best solution of these problems.

17. License and regulate health care institutions according to chapter 4 of this title.

18. Issue or direct the issuance of licenses and permits required by law.

19. Participate in the state civil defense program and develop the necessary organization and facilities to meet wartime or other disasters.

20. Subject to the availability of monies, develop and administer programs in perinatal health care, including:

(a) Screening in early pregnancy for detecting high-risk conditions.

(b) Comprehensive prenatal health care.

(c) Maternity, delivery and postpartum care.

(d) Perinatal consultation, including transportation of the pregnant woman to a perinatal care center when medically indicated.

(e) Perinatal education oriented toward professionals and consumers, focusing on early detection and adequate intervention to avert premature labor and delivery.

APPENDIX B- General and Specific Authority

21. License and regulate the health and safety of group homes for persons with developmental disabilities. The department shall issue a license to an accredited facility for a period of the accreditation, except that no licensing period shall be longer than three years. The department is authorized to conduct an inspection of an accredited facility to ensure that the facility meets health and safety licensure standards. The results of the accreditation survey shall be public information. A copy of the final accreditation report shall be filed with the department of health services. For the purposes of this paragraph, "accredited" means accredited by a nationally recognized accreditation organization.

B. The department may accept from the state or federal government, or any agency of the state or federal government, and from private donors, trusts, foundations or eleemosynary corporations or organizations grants or donations for or in aid of the construction or maintenance of any program, project, research or facility authorized by this title, or in aid of the extension or enforcement of any program, project or facility authorized, regulated or prohibited by this title, and enter into contracts with the federal government, or an agency of the federal government, and with private donors, trusts, foundations or eleemosynary corporations or organizations, to carry out such purposes. All monies made available under this section are special project grants. The department may also expend these monies to further applicable scientific research within this state.

C. The department, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

D. The department may enter into contracts with organizations that perform nonrenal organ transplant operations and organizations that primarily assist in the management of end-stage renal disease and related problems to provide, as payors of last resort, prescription medications necessary to supplement treatment and transportation to and from treatment facilities. The contracts may provide for department payment of administrative costs it specifically authorizes.

36-136. Powers and duties of director; compensation of personnel; rules; definitions

A. The director shall:

1. Be the executive officer of the department of health services and the state registrar of vital statistics but shall not receive compensation for services as registrar.

2. Perform all duties necessary to carry out the functions and responsibilities of the department.

3. Prescribe the organization of the department. The director shall appoint or remove personnel as necessary for the efficient work of the department and shall prescribe the duties of all personnel. The director may abolish any office or position in the department that the director believes is unnecessary.

4. Administer and enforce the laws relating to health and sanitation and the rules of the department.

5. Provide for the examination of any premises if the director has reasonable cause to believe that on the premises there exists a violation of any health law or rule of this state.

6. Exercise general supervision over all matters relating to sanitation and health throughout this state. When in the opinion of the director it is necessary or advisable, a sanitary survey of the whole or of any part of this state shall be made. The director may enter, examine and survey any source and means of

water supply, sewage disposal plant, sewerage system, prison, public or private place of detention, asylum, hospital, school, public building, private institution, factory, workshop, tenement, public washroom, public restroom, public toilet and toilet facility, public eating room and restaurant, dairy, milk plant or food manufacturing or processing plant, and any premises in which the director has reason to believe there exists a violation of any health law or rule of this state that the director has the duty to administer.

7. Prepare sanitary and public health rules.

8. Perform other duties prescribed by law.

B. If the director has reasonable cause to believe that there exists a violation of any health law or rule of this state, the director may inspect any person or property in transportation through this state, and any car, boat, train, trailer, airplane or other vehicle in which that person or property is transported, and may enforce detention or disinfection as reasonably necessary for the public health if there exists a violation of any health law or rule.

C. The director, after consultation with the department of administration, may take all necessary steps to enhance the highest and best use of the state hospital property, including contracting with third parties to provide services, entering into short-term lease agreements with third parties to occupy or renovate existing buildings and entering into long-term lease agreements to develop the land and buildings. The director shall deposit any monies collected from contracts and lease agreements entered into pursuant to this subsection in the Arizona state hospital charitable trust fund established by section 36-218. At least thirty days before issuing a request for proposals pursuant to this subsection, the department of health services shall hold a public hearing to receive community and provider input regarding the highest and best use of the state hospital property related to the request for proposals. The department shall report to the joint committee on capital review on the terms, conditions and purpose of any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, and the fiscal impact on the department and any revenues generated by the agreement. Any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, must be reviewed by the joint committee on capital review.

D. The director may deputize, in writing, any qualified officer or employee in the department to do or perform on the director's behalf any act the director is by law empowered to do or charged with the responsibility of doing.

E. The director may delegate to a local health department, county environmental department or public health services district any functions, powers or duties that the director believes can be competently, efficiently and properly performed by the local health department, county environmental department or public health services district if:

1. The director or superintendent of the local health agency, environmental agency or public health services district is willing to accept the delegation and agrees to perform or exercise the functions, powers and duties conferred in accordance with the standards of performance established by the director of the department of health services.

APPENDIX B- General and Specific Authority

2. Monies appropriated or otherwise made available to the department for distribution to or division among counties or public health services districts for local health work may be allocated or reallocated in a manner designed to ensure the accomplishment of recognized local public health activities and delegated functions, powers and duties in accordance with applicable standards of performance. Whenever in the director's opinion there is cause, the director may terminate all or a part of any delegation and may reallocate all or a part of any funds that may have been conditioned on the further performance of the functions, powers or duties conferred.

F. The compensation of all personnel shall be as determined pursuant to section 38-611.

G. The director may make and amend rules necessary for the proper administration and enforcement of the laws relating to the public health.

H. Notwithstanding subsection I, paragraph 1 of this section, the director may define and prescribe emergency measures for detecting, reporting, preventing and controlling communicable or infectious diseases or conditions if the director has reasonable cause to believe that a serious threat to public health and welfare exists. Emergency measures are effective for no longer than eighteen months.

I. The director, by rule, shall:

1. Define and prescribe reasonably necessary measures for detecting, reporting, preventing and controlling communicable and preventable diseases. The rules shall declare certain diseases reportable. The rules shall prescribe measures, including isolation or quarantine, that are reasonably required to prevent the occurrence of, or to seek early detection and alleviation of, disability, insofar as possible, from communicable or preventable diseases. The rules shall include reasonably necessary measures to control animal diseases transmittable to humans.

2. Define and prescribe reasonably necessary measures, in addition to those prescribed by law, regarding the preparation, embalming, cremation, interment, disinterment and transportation of dead human bodies and the conduct of funerals, relating to and restricted to communicable diseases and regarding the removal, transportation, cremation, interment or disinterment of any dead human body.

3. Define and prescribe reasonably necessary procedures that are not inconsistent with law in regard to the use and accessibility of vital records, delayed birth registration and the completion, change and amendment of vital records.

4. Except as relating to the beneficial use of wildlife meat by public institutions and charitable organizations pursuant to title 17, prescribe reasonably necessary measures to ensure that all food or drink, including meat and meat products and milk and milk products sold at the retail level, provided for human consumption is free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe reasonably necessary measures governing the production, processing, labeling, storing, handling, serving and transportation of these products. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained in any warehouse, restaurant or other premises, except a meat packing plant, slaughterhouse, wholesale meat processing plant, dairy product manufacturing plant or trade product manufacturing plant. The rules shall prescribe minimum standards for any truck or other vehicle in which food or drink is produced, processed, stored, handled, served or transported. The rules shall provide for the inspection and licensing of premises and vehicles so used, and for abatement as public nuisances of any premises or vehicles that

APPENDIX B- General and Specific Authority

do not comply with the rules and minimum standards. The rules shall provide an exemption relating to food or drink that is:

- (a) Served at a noncommercial social event such as a potluck.
- (b) Prepared at a cooking school that is conducted in an owner-occupied home.
- (c) Not potentially hazardous and prepared in a kitchen of a private home for occasional sale or distribution for noncommercial purposes.
- (d) Prepared or served at an employee-conducted function that lasts less than four hours and is not regularly scheduled, such as an employee recognition, an employee fund-raising or an employee social event.
- (e) Offered at a child care facility and limited to commercially prepackaged food that is not potentially hazardous and whole fruits and vegetables that are washed and cut on-site for immediate consumption.
- (f) Offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous.
- (g) A cottage food product that is not potentially hazardous or a time or temperature control for safety food and that is prepared in a kitchen of a private home for commercial purposes, including fruit jams and jellies, dry mixes made with ingredients from approved sources, honey, dry pasta and roasted nuts. Cottage food products must be packaged at home with an attached label that clearly states the name and registration number of the food preparer, lists all the ingredients in the product and the product's production date and includes the following statement: "This product was produced in a home kitchen that may process common food allergens and is not subject to public health inspection." If the product was made in a facility for individuals with developmental disabilities, the label must also disclose that fact. The person preparing the food or supervising the food preparation must complete a food handler training course from an accredited program and maintain active certification. The food preparer must register with an online registry established by the department pursuant to paragraph 13 of this subsection. The food preparer must display the preparer's certificate of registration when operating as a temporary food establishment. For the purposes of this subdivision, "not potentially hazardous" means cottage food products that meet the requirements of the food code published by the United States food and drug administration, as modified and incorporated by reference by the department by rule.
- (h) A whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption.
- (i) Produce in a packing or holding facility that is subject to the United States food and drug administration produce safety rule (21 Code of Federal Regulations part 112) as administered by the Arizona department of agriculture pursuant to title 3, chapter 3, article 4.1. For the purposes of this subdivision, "holding", "packing" and "produce" have the same meanings prescribed in section 3-525.

5. Prescribe reasonably necessary measures to ensure that all meat and meat products for human consumption handled at the retail level are delivered in a manner and from sources approved by the Arizona department of agriculture and are free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe standards for sanitary facilities to be used in identity, storage, handling and sale of all meat and meat products sold at the retail level.

APPENDIX B- General and Specific Authority

6. Prescribe reasonably necessary measures regarding production, processing, labeling, handling, serving and transportation of bottled water to ensure that all bottled drinking water distributed for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained at any source of water, bottling plant and truck or vehicle in which bottled water is produced, processed, stored or transported and shall provide for inspection and certification of bottled drinking water sources, plants, processes and transportation and for abatement as a public nuisance of any water supply, label, premises, equipment, process or vehicle that does not comply with the minimum standards. The rules shall prescribe minimum standards for bacteriological, physical and chemical quality for bottled water and for the submission of samples at intervals prescribed in the standards.

7. Define and prescribe reasonably necessary measures governing ice production, handling, storing and distribution to ensure that all ice sold or distributed for human consumption or for the preservation or storage of food for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions and the quality of ice that shall be maintained at any ice plant, storage and truck or vehicle in which ice is produced, stored, handled or transported and shall provide for inspection and licensing of the premises and vehicles, and for abatement as public nuisances of ice, premises, equipment, processes or vehicles that do not comply with the minimum standards.

8. Define and prescribe reasonably necessary measures concerning sewage and excreta disposal, garbage and trash collection, storage and disposal, and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels. The rules shall prescribe minimum standards for preparation of food in community kitchens, adequacy of excreta disposal, garbage and trash collection, storage and disposal and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels and shall provide for inspection of these premises and for abatement as public nuisances of any premises or facilities that do not comply with the rules. Primitive camp and picnic grounds offered by this state or a political subdivision of this state are exempt from rules adopted pursuant to this paragraph but are subject to approval by a county health department under sanitary regulations adopted pursuant to section 36-183.02. Rules adopted pursuant to this paragraph do not apply to two or fewer recreational vehicles as defined in section 33-2102 that are not park models or park trailers, that are parked on owner-occupied residential property for less than sixty days and for which no rent or other compensation is paid. For the purposes of this paragraph, "primitive camp and picnic grounds" means camp and picnic grounds that are remote in nature and without accessibility to public infrastructure such as water, electricity and sewer.

9. Define and prescribe reasonably necessary measures concerning the sewage and excreta disposal, garbage and trash collection, storage and disposal, water supply and food preparation of all public schools. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained in any public school and shall provide for inspection of these premises and facilities and for abatement as public nuisances of any premises that do not comply with the minimum standards.

10. Prescribe reasonably necessary measures to prevent pollution of water used in public or semipublic swimming pools and bathing places and to prevent deleterious health conditions at these places. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained at any public or semipublic swimming pool or bathing place and shall provide for inspection of these premises and for abatement as public nuisances of any premises and facilities that do not comply with the minimum standards. The rules shall be developed in cooperation with the director of the department of

APPENDIX B- General and Specific Authority

environmental quality and shall be consistent with the rules adopted by the director of the department of environmental quality pursuant to section 49-104, subsection B, paragraph 12.

11. Prescribe reasonably necessary measures to keep confidential information relating to diagnostic findings and treatment of patients, as well as information relating to contacts, suspects and associates of communicable disease patients. In no event shall confidential information be made available for political or commercial purposes.

12. Prescribe reasonably necessary measures regarding human immunodeficiency virus testing as a means to control the transmission of that virus, including the designation of anonymous test sites as dictated by current epidemiologic and scientific evidence.

13. Establish an online registry of food preparers that are authorized to prepare cottage food products for commercial purposes pursuant to paragraph 4 of this subsection. A registered food preparer shall renew the registration every three years and shall provide to the department updated registration information within thirty days after any change.

14. Prescribe an exclusion for fetal demise cases from the standardized survey known as "the hospital consumer assessment of healthcare providers and systems".

J. The rules adopted under the authority conferred by this section shall be observed throughout the state and shall be enforced by each local board of health or public health services district, but this section does not limit the right of any local board of health or county board of supervisors to adopt ordinances and rules as authorized by law within its jurisdiction, provided that the ordinances and rules do not conflict with state law and are equal to or more restrictive than the rules of the director.

K. The powers and duties prescribed by this section do not apply in instances in which regulatory powers and duties relating to public health are vested by the legislature in any other state board, commission, agency or instrumentality, except that with regard to the regulation of meat and meat products, the department of health services and the Arizona department of agriculture within the area delegated to each shall adopt rules that are not in conflict.

L. The director, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

M. After consultation with the state superintendent of public instruction, the director shall prescribe the criteria the department shall use in deciding whether or not to notify a local school district that a pupil in the district has tested positive for the human immunodeficiency virus antibody. The director shall prescribe the procedure by which the department shall notify a school district if, pursuant to these criteria, the department determines that notification is warranted in a particular situation. This procedure shall include a requirement that before notification the department shall determine to its satisfaction that the district has an appropriate policy relating to nondiscrimination of the infected pupil and confidentiality of test results and that proper educational counseling has been or will be provided to staff and pupils.

N. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (f) of this section, food and drink are exempt from the rules prescribed in subsection I of this section if offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous, without a limitation on its display area.

APPENDIX B- General and Specific Authority

O. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (h) of this section, a whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption is exempt from the rules prescribed in subsection I of this section.

P. Until the department adopts an exclusion by rule as required by subsection I, paragraph 14 of this section, the standardized survey known as "the hospital consumer assessment of healthcare providers and systems" may not include patients who experience a fetal demise.

Q. For the purposes of this section:

1. "Cottage food product":

(a) Means a food that is not potentially hazardous or a time or temperature control for safety food as defined by the department in rule and that is prepared in a home kitchen by an individual who is registered with the department.

(b) Does not include foods that require refrigeration, perishable baked goods, salsas, sauces, fermented and pickled foods, meat, fish and shellfish products, beverages, acidified food products, nut butters or other reduced-oxygen packaged products.

2. "Fetal demise" means a fetal death that occurs or is confirmed in a licensed hospital. Fetal demise does not include an abortion as defined in section 36-2151.

36-694. Report of blood tests; newborn screening program; committee; fee; definitions

A. When a birth or stillbirth is reported, the attending physician or other person required to make a report of the birth shall state on the certificate whether a blood test for syphilis was made on a specimen of blood taken from the woman who bore the child or from the umbilical cord at delivery, as required by section 36-693, and the approximate date when the specimen was taken.

B. When a birth is reported the attending physician or person who is required to make a report on the birth shall order or cause to be ordered tests for certain congenital disorders, including hearing disorders. The results of tests for these disorders must be reported to the department of health services. The department of health services shall specify in rule the disorders, the process for collecting and submitting specimens and the reporting requirements for test results.

C. When a hearing test is performed on a newborn, the initial hearing test results and any subsequent hearing test results must be reported to the department of health services as prescribed by department rules.

D. The director of the department of health services shall establish a newborn screening program within the department to ensure that the testing for congenital disorders and the reporting of hearing test results required by this section are conducted in an effective and efficient manner. The newborn screening program shall include an education program for the general public, the medical community, parents and professional groups. The director shall designate the state laboratory as the only testing facility for the program, except that the director may designate other laboratory testing facilities for conditions or tests added to the newborn screening program on or after July 24, 2014. If the director designates another laboratory testing facility for any condition or test, the director shall require the facility to follow all of the privacy and sample destruction time frames that are required of the state laboratory.

APPENDIX B- General and Specific Authority

E. The newborn screening program shall establish and maintain a central database of newborns and infants who are tested for hearing loss and congenital disorders that includes information required in rule. Test results are confidential subject to the disclosure provisions of sections 12-2801 and 12-2802.

F. If tests conducted pursuant to this section indicate that a newborn or infant may have a hearing loss or a congenital disorder, the screening program shall provide follow-up services to encourage the child's family to access evaluation services, specialty care and early intervention services.

G. The director shall establish a committee to provide recommendations and advice to the department on at least an annual basis regarding tests that the committee believes should be included in the newborn screening program. Any recommendation by the committee that a test be added to the newborn screening program shall be accompanied by a cost-benefit analysis.

H. The committee shall include the following members who are appointed by the director and who serve without compensation or reimbursement of expenses at the pleasure of the director:

1. Seven physicians who are licensed pursuant to title 32, chapter 13 or 17 and who represent the medical specialties of endocrinology, pediatrics, neonatology, family practice, otology and obstetrics.
2. A neonatal nurse practitioner who is licensed and certified pursuant to title 32, chapter 15.
3. An audiologist who is licensed pursuant to chapter 17, article 4 of this title.
4. A representative of an agency that provides services under part C of the individuals with disabilities education act.
5. At least one parent of a child with a hearing loss or a congenital disorder.
6. A representative from the insurance industry who is familiar with health care reimbursement issues.
7. The director of the Arizona health care cost containment system administration or the director's designee.
8. A representative of the hospital or health care industry.

I. The director may establish by rule a fee that the department may collect for operation of the newborn screening program, including contracting for the testing pursuant to this section. The fee for the first specimen and hearing test shall not exceed thirty-six dollars.

J. For the purposes of this section:

1. "Infant" means a child who is twenty-nine days of age to two years of age.
2. "Newborn" means a child who is not more than twenty-eight days of age.

DEPARTMENT OF HEALTH SERVICES (F19-0605)
Title 9, Chapter 10, Article 16, Behavioral Health Respite Homes

GOVERNOR'S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - FIVE-YEAR REVIEW REPORT

MEETING DATE: June 4, 2019

TO: Members of the Governor's Regulatory Review Council (Council)

FROM: Council Staff

DATE: May 6, 2019

SUBJECT: DEPARTMENT OF HEALTH SERVICES (F19-0605)
Title 9, Chapter 10, Article 16, Behavioral Health Respite Homes

This Five Year Review Report (5YRR) from the Department of Health Services (Department) relates to rules in Title 9, Chapter 10, Article 16 regarding Behavioral Health Respite Homes. The rules define terms, specify supplemental application requirements, specify the requirements for administration of behavioral health respite homes, state recipient rights, and specify requirements relating to various aspects of the operation of behavioral health respite homes. This is the first 5YRR for these rules.

Proposed Action

As indicated below and in the report, the Department plans to amend a rule in Article 16 to allow providers and personnel to receive CPR training that includes the demonstration of the individual's ability to perform CPR. It also plans to amend other Articles in Chapter 10 that reference CPR training to include demonstration ability. It plans to make these amendments by December 2020.

1. Has the agency analyzed whether the rules are authorized by statute?

Yes. The Department cites to both general and specific authority for these rules.

2. **Summary of the agency's economic impact comparison and identification of stakeholders:**

3. **Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?**

4. **Has the agency received any written criticisms of the rules over the last five years?**

No. The Department has not received any written criticisms of the rules over the last five years.

5. **Has the agency analyzed the rules' clarity, conciseness, and understandability, consistency with other rules and statutes, and effectiveness?**

Yes. The Department indicates that the rules are mostly clear, concise, understandable, effective, and consistent with other rules and statutes. The Department identifies one rule, R9-10-1603 (Administration), which is not effective in achieving its objective. The Department states that this rule could be more effective if it were amended to require providers and personnel to have CPR training that included a demonstration or hands-on training of the individual's ability to perform CPR. Such an amendment would be consistent with other residential health care institution rules in Chapter 10.

6. **Has the agency analyzed the current enforcement status of the rules?**

Yes. The Department indicates that the rules are enforced as written.

7. **Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?**

No. The rules are not more stringent than corresponding federal law.

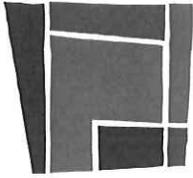

8. **For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?**

The rules require the issuance of specific agency authorization. Thus, a general permit is not applicable.

9. **Conclusion**

As indicated in the report, the rules are mostly clear, concise, understandable, and effective. The Department plans to amend R9-10-1603 by December 2020 to allow providers and personnel to receive CPR training that includes the demonstration of the individual's ability to perform CPR. It also plans to amend other articles in Chapter 10

that reference CPR training to include demonstration ability. This will result in rules that are more effective and that enhance public safety. Council staff recommends approval of this report.

RE: Report for A.A.C. Title 9, Chapter 10, Article 16 Behavioral Health Respite Homes

Dear Ms. Sornsin:

According to the five-year-review report schedule of the Governor's Regulatory Review Council (Council), a report for A.A.C. Title 9, Chapter 10, Article 16, is due to the Council no later than March 29, 2019. The Arizona Department of Health Services (Department) has reviewed 9 A.A.C. 10, Article 16, and is enclosing a report to the Council for these rules.

The Department believes that this report complies with the requirements of A.R.S. § 41-1056. The report contains a summary of the Department's review for all the rules and is in the format of the Council's report template. As described in the report, the Department plans to amend the rules and send a Notice of Final Rulemaking to GRRC by December 2020.

The Department certifies that it is in compliance with A.R.S. § 41-1091.

If you need any further information, please contact me at (602) 542-1020.

Sincerely,

Specific Statutory Authority: A.R.S. §§ 36-558(B) and (C)(3)(d), 36-2939(B)(2)(g) and (C)(7).

2. The objective of each rule:

Table with 2 columns: Rule and Objective. Rows list rules R9-10-1601 through R9-10-1612 with their respective objectives.

3. Are the rules effective in achieving their objectives?

Yes ___ No _√_

If not, please identify the rule(s) that is not effective and provide an explanation for why the rule(s) is not effective.

Rule	Explanation
R9-10-1603	The rule would be more effective if the rule required for providers and personnel to have CPR training that included a demonstration or hands-on-training of the individual's ability to perform CPR. This would be consistent with other residential health care institution rules in 9 A.A.C. 10.

4. **Are the rules consistent with other rules and statutes?** Yes No

If not, please identify the rule(s) that is not consistent. Also, provide an explanation and identify the provisions that are not consistent with the rule.

8. **Economic, small business, and consumer impact comparison:**

The rules in 9 A.A.C. 10, Article 16, Behavioral Health Supportive Homes, were made new in 2013 as part of an exempt rulemaking to amend 9 A.A.C. 10 and 9 A.A.C. 20 to comply with Laws 2011, Ch. 96 that required the Department to adopt rules for health care institutions to reduce monetary or regulatory costs on persons or individuals and facilitate licensing of integrated health programs that provide both behavioral and physical health services. In 2014, the rules in Article 16 were further revised and titled, Behavioral Health Respite Homes, to comply with laws 2013, Ch. 10 that extended Laws 2011, Ch. 96 exempt rulemaking time period until April 30, 2014. The Department currently licenses and regulates Behavioral Health Respite Homes according to

the rules. For Article 16, the Department believes affected parties for these rulemakings include the Department, Behavioral Health Respite Homes, health care providers, recipients and their families, and the general public.

As of December 2018, the Department reported that 13 Behavioral Health Respite Homes were operating in the state. In calendar year 2018, 1 initial application and 11 renewal applications were received and approved. The Department completed 5 compliance surveys and 0 complaint investigation surveys. Out of the 5 compliance surveys, there was 1 initial survey and 4 compliance surveys completed by the Department.

In the 2014 exempt rulemaking, Article 16 consists of 12 Sections. The old Article 16, Behavioral Health Supportive Homes, contained 11 Sections and included a Section for adult behavioral health therapeutic homes. Adult behavioral health therapeutic homes was removed from this Article and placed in its own Article and a new Section for Supplemental Application Requirements was added. All of the Sections in Article 16, except the new Section, had language changes and additions. Wording was simplified to make the rules clearer. In addition, citations were updated and references were corrected. The old R9-101-1601, Definitions, contained one definition. Definitions in the new R9-10-1601 consist of four new definitions (acceptance, providers, recipient, and release). The Department believes adding the new definitions improve the effectiveness and understandability of the rules. The Department believes the new R9-10-1601 provides a benefit to the Department, Behavioral Health Respite Homes, and recipients and their families, by eliminating confusion and increasing consistency.

The new R9-10-1602, in accordance with the licensing requirements that are outlined in A.R.S. § 36-422, includes requirements for applicants to provide information for the Behavioral Health Respite Home's collaborating health care institution which includes their name, address, class or subclass, license number, and name and contact information for a recipient assigned by the collaborating health care institution. Because of the addition of the new Section, the Section numbers throughout the Article changed. Parts of the old R9-10-1602, Administration, were removed because the rules referenced providers in behavioral health supportive homes. The old language was replaced by new language referring to governing authorities and providers of Behavioral Health Respite Homes, and the Section number was changed to R9-10-1603. The new language outlines the requirements for the creation and implementation of policies and procedures for Behavioral Health Respite Homes. There were minor changes to the old R9-10-1603, Resident Rights. The Section number changed to R9-10-1604 and the title was changed from Resident Rights to Recipient Rights because a recipient is an individual referred by a collaborating health care institution and accepted by a Behavioral Health Respite Home. The old R9-10-1604, Providing Service, was changed to R9-10-1605 and minor language was removed and replaced to make the Section clear and concise.

The old R9-10-1605, Assistance in the Self-Administration of Medication, is now the new R9-10-1606 and requires a provider to immediately report a medication error to the recipient's collaborating health care institution. The word resident was changed to recipient throughout the Section. The old R9-10-1606 was changed to R9-10-1607, Medical Records. Minor language changes were made. Language was also added requiring a provider to ensure that a recipient's medical records contain further information such as their name and contact information, their representative's copy of a health or mental health care power of attorney, or court ordered records of guardianship. The old R9-10-1607 was changed to R9-10-1608, Food Services, and minor language changes were made.

R9-10-1609, Emergency and Safety Standards, which was the old R9-10-1608, removed the requirement that a record of evacuation must be maintained for at least two years and replaced two years with 12 months. R9-10-1610, Environmental Standards, was the old R9-10-1609 and requires a Behavioral Health Respite Home to have at least one bathroom for each six individuals and a bathroom with a working toilet that flushes and a sink with running water accessible for use by a recipient. Language was also added that required pets to be controlled in order to prevent endangering a recipient and for dogs and cats to be vaccinated against rabies.

The new Section R9-10-1611, Adult Behavioral Health Respite Services, was formerly Section R9-10-1610 and was titled Adult Behavioral Health Therapeutic Homes. Language was removed referring to therapeutic home services. New language consisting with Behavioral Health Respite Home services were included requiring bedrooms to have sufficient space for a recipient, have unobstructed access to the bedroom door, storage space for personal belongings, and a mirror available for grooming. The new R9-10-1612, Children's Behavioral Health Respite Services, establishes requirements for providers to be fingerprinted who provide behavioral health respite

services to children; and requirements for a child recipient's sleeping area provided by a Behavioral Health Respite Home. Language was added allowing a recipient less than 2 years of age to sleep in a crib placed in a provider's bedroom. Minor language changes were also made.

Overall, the Department believes that the changes made to the rules do not result in increased costs, but rather provide increased benefits to affected parties. Through the exempt rulemakings, the Department reduced monetary and regulatory costs on persons and simplified licensing of integrated health programs that provide physical and behavioral health services. The Department believes that the benefit for having more effective and understandable rules outweigh any costs that may be incurred.

9. **Has the agency received any business competitiveness analyses of the rules?** Yes ___ No √

10. **Has the agency completed the course of action indicated in the agency's previous five-year-review report?**

Please state what the previous course of action was and if the agency did not complete the action, please explain why not.

This is the first five-year-review report for the new rules.

11. **A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:**

The Department has determined that the rule imposes the least burden and costs to persons regulated by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective.

12. **Are the rules more stringent than corresponding federal laws?** Yes ___ No √

Please provide a citation for the federal law(s). And if the rule(s) is more stringent, is there statutory authority to exceed the requirements of federal law(s)?

13. **For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:**

The rules require the issuance of specific agency authorization, so a general permit is not applicable.

14. **Proposed course of action**

The Department plans to amend the rules in 9 A.A.C. 10, Article 16 to allow providers and personnel to receive CPR training that include the demonstration of the individual's ability to perform CPR as well as amend other articles in Chapter 10 that reference CPR training to include demonstration ability. The Department plans to send a Notice of Final Rulemaking to GRRC by December 2020.

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

36-104. Powers and duties

This section is not to be construed as a statement of the department's organization. This section is intended to be a statement of powers and duties in addition to the powers and duties granted by section 36-103. The director shall:

1. Administer the following services:

(a) Administrative services, which shall include at a minimum the functions of accounting, personnel, standards certification, electronic data processing, vital statistics and the development, operation and maintenance of buildings and grounds used by the department.

(b) Public health support services, which shall include at a minimum:

(i) Consumer health protection programs, consistent with paragraph 25 of this section, that include at least the functions of community water supplies, general sanitation, vector control and food and drugs.

(ii) Epidemiology and disease control programs that include at least the functions of chronic disease, accident and injury control, communicable diseases, tuberculosis, venereal disease and others.

(iii) Laboratory services programs.

(iv) Health education and training programs.

(v) Disposition of human bodies programs.

(c) Community health services, which shall include at a minimum:

(i) Medical services programs that include at least the functions of maternal and child health, preschool health screening, family planning, public health nursing, premature and newborn program, immunizations, nutrition, dental care prevention and migrant health.

(ii) Dependency health care services programs that include at least the functions of need determination, availability of health resources to medically dependent individuals, quality control, utilization control and industry monitoring.

(iii) Children with physical disabilities services programs.

(iv) Programs for the prevention and early detection of an intellectual disability.

(d) Program planning, which shall include at least the following:

(i) An organizational unit for comprehensive health planning programs.

(ii) Program coordination, evaluation and development.

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

(iii) Need determination programs.

(iv) Health information programs.

2. Include and administer, within the office of the director, staff services, which shall include at a minimum budget preparation, public information, appeals, hearings, legislative and federal government liaison, grant development and management and departmental and interagency coordination.

3. Make rules for the organization and proper and efficient operation of the department.

4. Determine when a health care emergency or medical emergency situation exists or occurs within this state that cannot be satisfactorily controlled, corrected or treated by the health care delivery systems and facilities available. When such a situation is determined to exist, the director shall immediately report that situation to the legislature and the governor. The report shall include information on the scope of the emergency, recommendations for solution of the emergency and estimates of costs involved.

5. Provide a system of unified and coordinated health services and programs between this state and county governmental health units at all levels of government.

6. Formulate policies, plans and programs to effectuate the missions and purposes of the department.

7. Make contracts and incur obligations within the general scope of the department's activities and operations subject to the availability of monies.

8. Be designated as the single state agency for the purposes of administering and in furtherance of each federally supported state plan.

9. Provide information and advice on request by local, state and federal agencies and by private citizens, business enterprises and community organizations on matters within the scope of the department's duties subject to the departmental rules and regulations on the confidentiality of information.

10. Establish and maintain separate financial accounts as required by federal law or regulations.

11. Advise with and make recommendations to the governor and the legislature on all matters concerning the department's objectives.

12. Take appropriate steps to reduce or contain costs in the field of health services.

13. Encourage and assist in the adoption of practical methods of improving systems of comprehensive planning, of program planning, of priority setting and of allocating resources.

14. Encourage an effective use of available federal resources in this state.

15. Research, recommend, advise and assist in the establishment of community or area health facilities, both public and private, and encourage the integration of planning, services and programs for the development of the state's health delivery capability.

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

16. Promote the effective use of health manpower and health facilities that provide health care for the citizens of this state.

17. Take appropriate steps to provide health care services to the medically dependent citizens of this state.

18. Certify training on the nature of sudden infant death syndrome, which shall include information on the investigation and handling of cases involving sudden and unexplained infant death for use by law enforcement officers as part of their basic training requirement.

19. Adopt protocols on the manner in which an autopsy shall be conducted under section 11-597, subsection D in cases of sudden and unexplained infant death.

20. Cooperate with the Arizona-Mexico commission in the governor's office and with researchers at universities in this state to collect data and conduct projects in the United States and Mexico on issues that are within the scope of the department's duties and that relate to quality of life, trade and economic development in this state in a manner that will help the Arizona-Mexico commission to assess and enhance the economic competitiveness of this state and of the Arizona-Mexico region.

21. Administer the federal family violence prevention and services act grants, and the department is designated as this state's recipient of federal family violence prevention and services act grants.

22. Accept and spend private grants of monies, gifts and devises for the purposes of methamphetamine education. The department shall disburse these monies to local prosecutorial or law enforcement agencies with existing programs, faith-based organizations and nonprofit entities that are qualified under section 501(c)(3) of the United States internal revenue code, including nonprofit entities providing services to women with a history of dual diagnosis disorders, and that provide educational programs on the repercussions of methamphetamine use. State general fund monies shall not be spent for the purposes of this paragraph. If the director does not receive sufficient monies from private sources to carry out the purposes of this paragraph, the director shall not provide the educational programs prescribed in this paragraph. Grant monies received pursuant to this paragraph are not lapsing and do not revert to the state general fund at the close of the fiscal year.

23. Identify successful methamphetamine prevention programs in other states that may be implemented in this state.

24. Pursuant to chapter 13, article 8 of this title, coordinate all public health and risk assessment issues associated with a chemical or other toxic fire event if a request for the event is received from the incident commander, the emergency response commission or the department of public safety and if funding is available. Coordination of public health issues shall include general environmental health consultation and risk assessment services consistent with chapter 13, article 8 of this title and, in consultation with the Arizona poison control system, informing the public as to potential public health risks from the environmental exposure. Pursuant to chapter 13, article 8 of this title, the department of health services shall also prepare a report, in consultation with appropriate state, federal and local governmental agencies, that evaluates the public health risks from the environmental exposure. The department of health services' report shall include any department of environmental quality report and map of smoke dispersion from the fire, the results of any environmental samples taken by the department of environmental quality and the toxicological implications and public health risks of the environmental exposure. The department of

APPENDIX B- General and Specific Authority

health services shall consult with the Arizona poison control system regarding toxicology issues and shall prepare and produce its report for the public as soon as practicable after the event. The department of health services shall not use any monies pursuant to section 49-282, subsection E to implement this paragraph.

25. Consult, cooperate, collaborate and, if necessary, enter into interagency agreements and memoranda of understanding with the Arizona department of agriculture concerning its administration, pursuant to title 3, chapter 3, article 4.1, of this state's authority under the United States food and drug administration produce safety rule (21 Code of Federal Regulations part 112) and any other federal produce safety regulation, order or guideline or other requirement adopted pursuant to the FDA food safety modernization act (P.L. 111-353; 21 United States Code sections 2201 through 2252).

26. Adopt rules pursuant to title 32, chapter 32, article 5 prescribing the designated database information to be collected by health profession regulatory boards for the health professionals workforce database.

36-132. Department of health services; functions; contracts

A. The department, in addition to other powers and duties vested in it by law, shall:

1. Protect the health of the people of the state.
2. Promote the development, maintenance, efficiency and effectiveness of local health departments or districts of sufficient population and area that they can be sustained with reasonable economy and efficient administration, provide technical consultation and assistance to local health departments or districts, provide financial assistance to local health departments or districts and services that meet minimum standards of personnel and performance and in accordance with a plan and budget submitted by the local health department or districts to the department for approval, and recommend the qualifications of all personnel.
3. Collect, preserve, tabulate and interpret all information required by law in reference to births, deaths and all vital facts, and obtain, collect and preserve information relating to the health of the people of this state and the prevention of diseases as may be useful in the discharge of functions of the department not in conflict with chapter 3 of this title and sections 36-693, 36-694 and 39-122.
4. Operate such sanitariums, hospitals or other facilities assigned to the department by law or by the governor.
5. Conduct a statewide program of health education relevant to the powers and duties of the department, prepare educational materials and disseminate information as to conditions affecting health, including basic information for the promotion of good health on the part of individuals and communities, and prepare and disseminate technical information concerning public health to the health professions, local health officials and hospitals. In cooperation with the department of education, the department of health services shall prepare and disseminate materials and give technical assistance for the purpose of education of children in hygiene, sanitation and personal and public health, and provide consultation and assistance in community organization to counties, communities and groups of people.

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

6. Administer or supervise a program of public health nursing, prescribe the minimum qualifications of all public health nurses engaged in official public health work, and encourage and aid in coordinating local public health nursing services.
7. Encourage and aid in coordinating local programs concerning control of preventable diseases in accordance with statewide plans that shall be formulated by the department.
8. Encourage and aid in coordinating local programs concerning maternal and child health, including midwifery, antepartum and postpartum care, infant and preschool health and the health of schoolchildren, including special fields such as the prevention of blindness and conservation of sight and hearing.
9. Encourage and aid in the coordination of local programs concerning nutrition of the people of this state.
10. Encourage, administer and provide dental health care services and aid in coordinating local programs concerning dental public health, in cooperation with the Arizona dental association. The department may bill and receive payment for costs associated with providing dental health care services and shall deposit the monies in the oral health fund established by section 36-138.
11. Establish and maintain adequate serological, bacteriological, parasitological, entomological and chemical laboratories with qualified assistants and facilities necessary for routine examinations and analyses and for investigations and research in matters affecting public health.
12. Supervise, inspect and enforce the rules concerning the operation of public bathing places and public and semipublic swimming pools adopted pursuant to section 36-136, subsection I, paragraph 10.
13. Take all actions necessary or appropriate to ensure that bottled water sold to the public and water used to process, store, handle, serve and transport food and drink are free from filth, disease-causing substances and organisms and unwholesome, poisonous, deleterious or other foreign substances. All state agencies and local health agencies involved with water quality shall provide to the department any assistance requested by the director to ensure that this paragraph is effectuated.
14. Enforce the state food, caustic alkali and acid laws in accordance with chapter 2, article 2 of this title, chapter 8, article 1 of this title and chapter 9, article 4 of this title, and collaborate in the enforcement of the federal food, drug, and cosmetic act (52 Stat. 1040; 21 United States Code sections 1 through 905).
15. Recruit and train personnel for state, local and district health departments.
16. Conduct continuing evaluations of state, local and district public health programs, study and appraise state health problems and develop broad plans for use by the department and for recommendation to other agencies, professions and local health departments for the best solution of these problems.
17. License and regulate health care institutions according to chapter 4 of this title.
18. Issue or direct the issuance of licenses and permits required by law.
19. Participate in the state civil defense program and develop the necessary organization and facilities to meet wartime or other disasters.

APPENDIX B- General and Specific Authority

20. Subject to the availability of monies, develop and administer programs in perinatal health care, including:

- (a) Screening in early pregnancy for detecting high-risk conditions.
- (b) Comprehensive prenatal health care.
- (c) Maternity, delivery and postpartum care.
- (d) Perinatal consultation, including transportation of the pregnant woman to a perinatal care center when medically indicated.
- (e) Perinatal education oriented toward professionals and consumers, focusing on early detection and adequate intervention to avert premature labor and delivery.

21. License and regulate the health and safety of group homes for persons with developmental disabilities. The department shall issue a license to an accredited facility for a period of the accreditation, except that no licensing period shall be longer than three years. The department is authorized to conduct an inspection of an accredited facility to ensure that the facility meets health and safety licensure standards. The results of the accreditation survey shall be public information. A copy of the final accreditation report shall be filed with the department of health services. For the purposes of this paragraph, "accredited" means accredited by a nationally recognized accreditation organization.

B. The department may accept from the state or federal government, or any agency of the state or federal government, and from private donors, trusts, foundations or eleemosynary corporations or organizations grants or donations for or in aid of the construction or maintenance of any program, project, research or facility authorized by this title, or in aid of the extension or enforcement of any program, project or facility authorized, regulated or prohibited by this title, and enter into contracts with the federal government, or an agency of the federal government, and with private donors, trusts, foundations or eleemosynary corporations or organizations, to carry out such purposes. All monies made available under this section are special project grants. The department may also expend these monies to further applicable scientific research within this state.

C. The department, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

D. The department may enter into contracts with organizations that perform nonrenal organ transplant operations and organizations that primarily assist in the management of end-stage renal disease and related problems to provide, as payors of last resort, prescription medications necessary to supplement treatment and transportation to and from treatment facilities. The contracts may provide for department payment of administrative costs it specifically authorizes.

[36-136. Powers and duties of director; compensation of personnel; rules; definitions](#)

A. The director shall:

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

1. Be the executive officer of the department of health services and the state registrar of vital statistics but shall not receive compensation for services as registrar.
 2. Perform all duties necessary to carry out the functions and responsibilities of the department.
 3. Prescribe the organization of the department. The director shall appoint or remove personnel as necessary for the efficient work of the department and shall prescribe the duties of all personnel. The director may abolish any office or position in the department that the director believes is unnecessary.
 4. Administer and enforce the laws relating to health and sanitation and the rules of the department.
 5. Provide for the examination of any premises if the director has reasonable cause to believe that on the premises there exists a violation of any health law or rule of this state.
 6. Exercise general supervision over all matters relating to sanitation and health throughout this state. When in the opinion of the director it is necessary or advisable, a sanitary survey of the whole or of any part of this state shall be made. The director may enter, examine and survey any source and means of water supply, sewage disposal plant, sewerage system, prison, public or private place of detention, asylum, hospital, school, public building, private institution, factory, workshop, tenement, public washroom, public restroom, public toilet and toilet facility, public eating room and restaurant, dairy, milk plant or food manufacturing or processing plant, and any premises in which the director has reason to believe there exists a violation of any health law or rule of this state that the director has the duty to administer.
 7. Prepare sanitary and public health rules.
 8. Perform other duties prescribed by law.
- B. If the director has reasonable cause to believe that there exists a violation of any health law or rule of this state, the director may inspect any person or property in transportation through this state, and any car, boat, train, trailer, airplane or other vehicle in which that person or property is transported, and may enforce detention or disinfection as reasonably necessary for the public health if there exists a violation of any health law or rule.
- C. The director, after consultation with the department of administration, may take all necessary steps to enhance the highest and best use of the state hospital property, including contracting with third parties to provide services, entering into short-term lease agreements with third parties to occupy or renovate existing buildings and entering into long-term lease agreements to develop the land and buildings. The director shall deposit any monies collected from contracts and lease agreements entered into pursuant to this subsection in the Arizona state hospital charitable trust fund established by section 36-218. At least thirty days before issuing a request for proposals pursuant to this subsection, the department of health services shall hold a public hearing to receive community and provider input regarding the highest and best use of the state hospital property related to the request for proposals. The department shall report to the joint committee on capital review on the terms, conditions and purpose of any lease or sublease agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, and the fiscal impact on the department and any revenues generated by the agreement. Any lease or sublease

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

agreement entered into pursuant to this subsection relating to state hospital lands or buildings or the disposition of real property pursuant to this subsection, including state hospital lands or buildings, must be reviewed by the joint committee on capital review.

D. The director may deputize, in writing, any qualified officer or employee in the department to do or perform on the director's behalf any act the director is by law empowered to do or charged with the responsibility of doing.

E. The director may delegate to a local health department, county environmental department or public health services district any functions, powers or duties that the director believes can be competently, efficiently and properly performed by the local health department, county environmental department or public health services district if:

1. The director or superintendent of the local health agency, environmental agency or public health services district is willing to accept the delegation and agrees to perform or exercise the functions, powers and duties conferred in accordance with the standards of performance established by the director of the department of health services.

2. Monies appropriated or otherwise made available to the department for distribution to or division among counties or public health services districts for local health work may be allocated or reallocated in a manner designed to ensure the accomplishment of recognized local public health activities and delegated functions, powers and duties in accordance with applicable standards of performance. Whenever in the director's opinion there is cause, the director may terminate all or a part of any delegation and may reallocate all or a part of any funds that may have been conditioned on the further performance of the functions, powers or duties conferred.

F. The compensation of all personnel shall be as determined pursuant to section 38-611.

G. The director may make and amend rules necessary for the proper administration and enforcement of the laws relating to the public health.

H. Notwithstanding subsection I, paragraph 1 of this section, the director may define and prescribe emergency measures for detecting, reporting, preventing and controlling communicable or infectious diseases or conditions if the director has reasonable cause to believe that a serious threat to public health and welfare exists. Emergency measures are effective for no longer than eighteen months.

I. The director, by rule, shall:

1. Define and prescribe reasonably necessary measures for detecting, reporting, preventing and controlling communicable and preventable diseases. The rules shall declare certain diseases reportable. The rules shall prescribe measures, including isolation or quarantine, that are reasonably required to prevent the occurrence of, or to seek early detection and alleviation of, disability, insofar as possible, from communicable or preventable diseases. The rules shall include reasonably necessary measures to control animal diseases transmittable to humans.

2. Define and prescribe reasonably necessary measures, in addition to those prescribed by law, regarding the preparation, embalming, cremation, interment, disinterment and transportation of dead human bodies

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

and the conduct of funerals, relating to and restricted to communicable diseases and regarding the removal, transportation, cremation, interment or disinterment of any dead human body.

3. Define and prescribe reasonably necessary procedures that are not inconsistent with law in regard to the use and accessibility of vital records, delayed birth registration and the completion, change and amendment of vital records.

4. Except as relating to the beneficial use of wildlife meat by public institutions and charitable organizations pursuant to title 17, prescribe reasonably necessary measures to ensure that all food or drink, including meat and meat products and milk and milk products sold at the retail level, provided for human consumption is free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe reasonably necessary measures governing the production, processing, labeling, storing, handling, serving and transportation of these products. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained in any warehouse, restaurant or other premises, except a meat packing plant, slaughterhouse, wholesale meat processing plant, dairy product manufacturing plant or trade product manufacturing plant. The rules shall prescribe minimum standards for any truck or other vehicle in which food or drink is produced, processed, stored, handled, served or transported. The rules shall provide for the inspection and licensing of premises and vehicles so used, and for abatement as public nuisances of any premises or vehicles that do not comply with the rules and minimum standards. The rules shall provide an exemption relating to food or drink that is:

(a) Served at a noncommercial social event such as a potluck.

(b) Prepared at a cooking school that is conducted in an owner-occupied home.

(c) Not potentially hazardous and prepared in a kitchen of a private home for occasional sale or distribution for noncommercial purposes.

(d) Prepared or served at an employee-conducted function that lasts less than four hours and is not regularly scheduled, such as an employee recognition, an employee fund-raising or an employee social event.

(e) Offered at a child care facility and limited to commercially prepackaged food that is not potentially hazardous and whole fruits and vegetables that are washed and cut on-site for immediate consumption.

(f) Offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous.

(g) A cottage food product that is not potentially hazardous or a time or temperature control for safety food and that is prepared in a kitchen of a private home for commercial purposes, including fruit jams and jellies, dry mixes made with ingredients from approved sources, honey, dry pasta and roasted nuts. Cottage food products must be packaged at home with an attached label that clearly states the name and registration number of the food preparer, lists all the ingredients in the product and the product's production date and includes the following statement: "This product was produced in a home kitchen that may process common food allergens and is not subject to public health inspection." If the product was made in a facility for individuals with developmental disabilities, the label must also disclose that fact.

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

The person preparing the food or supervising the food preparation must complete a food handler training course from an accredited program and maintain active certification. The food preparer must register with an online registry established by the department pursuant to paragraph 13 of this subsection. The food preparer must display the preparer's certificate of registration when operating as a temporary food establishment. For the purposes of this subdivision, "not potentially hazardous" means cottage food products that meet the requirements of the food code published by the United States food and drug administration, as modified and incorporated by reference by the department by rule.

(h) A whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption.

(i) Produce in a packing or holding facility that is subject to the United States food and drug administration produce safety rule (21 Code of Federal Regulations part 112) as administered by the Arizona department of agriculture pursuant to title 3, chapter 3, article 4.1. For the purposes of this subdivision, "holding", "packing" and "produce" have the same meanings prescribed in section 3-525.

5. Prescribe reasonably necessary measures to ensure that all meat and meat products for human consumption handled at the retail level are delivered in a manner and from sources approved by the Arizona department of agriculture and are free from unwholesome, poisonous or other foreign substances and filth, insects or disease-causing organisms. The rules shall prescribe standards for sanitary facilities to be used in identity, storage, handling and sale of all meat and meat products sold at the retail level.

6. Prescribe reasonably necessary measures regarding production, processing, labeling, handling, serving and transportation of bottled water to ensure that all bottled drinking water distributed for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions that shall be maintained at any source of water, bottling plant and truck or vehicle in which bottled water is produced, processed, stored or transported and shall provide for inspection and certification of bottled drinking water sources, plants, processes and transportation and for abatement as a public nuisance of any water supply, label, premises, equipment, process or vehicle that does not comply with the minimum standards. The rules shall prescribe minimum standards for bacteriological, physical and chemical quality for bottled water and for the submission of samples at intervals prescribed in the standards.

7. Define and prescribe reasonably necessary measures governing ice production, handling, storing and distribution to ensure that all ice sold or distributed for human consumption or for the preservation or storage of food for human consumption is free from unwholesome, poisonous, deleterious or other foreign substances and filth or disease-causing organisms. The rules shall prescribe minimum standards for the sanitary facilities and conditions and the quality of ice that shall be maintained at any ice plant, storage and truck or vehicle in which ice is produced, stored, handled or transported and shall provide for inspection and licensing of the premises and vehicles, and for abatement as public nuisances of ice, premises, equipment, processes or vehicles that do not comply with the minimum standards.

8. Define and prescribe reasonably necessary measures concerning sewage and excreta disposal, garbage and trash collection, storage and disposal, and water supply for recreational and summer camps, campgrounds, motels, tourist courts, trailer coach parks and hotels. The rules shall prescribe minimum standards for preparation of food in community kitchens, adequacy of excreta disposal, garbage and trash collection, storage and disposal and water supply for recreational and summer camps, campgrounds,

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

motels, tourist courts, trailer coach parks and hotels and shall provide for inspection of these premises and for abatement as public nuisances of any premises or facilities that do not comply with the rules. Primitive camp and picnic grounds offered by this state or a political subdivision of this state are exempt from rules adopted pursuant to this paragraph but are subject to approval by a county health department under sanitary regulations adopted pursuant to section 36-183.02. Rules adopted pursuant to this paragraph do not apply to two or fewer recreational vehicles as defined in section 33-2102 that are not park models or park trailers, that are parked on owner-occupied residential property for less than sixty days and for which no rent or other compensation is paid. For the purposes of this paragraph, "primitive camp and picnic grounds" means camp and picnic grounds that are remote in nature and without accessibility to public infrastructure such as water, electricity and sewer.

9. Define and prescribe reasonably necessary measures concerning the sewage and excreta disposal, garbage and trash collection, storage and disposal, water supply and food preparation of all public schools. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained in any public school and shall provide for inspection of these premises and facilities and for abatement as public nuisances of any premises that do not comply with the minimum standards.

10. Prescribe reasonably necessary measures to prevent pollution of water used in public or semipublic swimming pools and bathing places and to prevent deleterious health conditions at these places. The rules shall prescribe minimum standards for sanitary conditions that shall be maintained at any public or semipublic swimming pool or bathing place and shall provide for inspection of these premises and for abatement as public nuisances of any premises and facilities that do not comply with the minimum standards. The rules shall be developed in cooperation with the director of the department of environmental quality and shall be consistent with the rules adopted by the director of the department of environmental quality pursuant to section 49-104, subsection B, paragraph 12.

11. Prescribe reasonably necessary measures to keep confidential information relating to diagnostic findings and treatment of patients, as well as information relating to contacts, suspects and associates of communicable disease patients. In no event shall confidential information be made available for political or commercial purposes.

12. Prescribe reasonably necessary measures regarding human immunodeficiency virus testing as a means to control the transmission of that virus, including the designation of anonymous test sites as dictated by current epidemiologic and scientific evidence.

13. Establish an online registry of food preparers that are authorized to prepare cottage food products for commercial purposes pursuant to paragraph 4 of this subsection. A registered food preparer shall renew the registration every three years and shall provide to the department updated registration information within thirty days after any change.

14. Prescribe an exclusion for fetal demise cases from the standardized survey known as "the hospital consumer assessment of healthcare providers and systems".

J. The rules adopted under the authority conferred by this section shall be observed throughout the state and shall be enforced by each local board of health or public health services district, but this section does not limit the right of any local board of health or county board of supervisors to adopt ordinances and

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

rules as authorized by law within its jurisdiction, provided that the ordinances and rules do not conflict with state law and are equal to or more restrictive than the rules of the director.

K. The powers and duties prescribed by this section do not apply in instances in which regulatory powers and duties relating to public health are vested by the legislature in any other state board, commission, agency or instrumentality, except that with regard to the regulation of meat and meat products, the department of health services and the Arizona department of agriculture within the area delegated to each shall adopt rules that are not in conflict.

L. The director, in establishing fees authorized by this section, shall comply with title 41, chapter 6. The department shall not set a fee at more than the department's cost of providing the service for which the fee is charged. State agencies are exempt from all fees imposed pursuant to this section.

M. After consultation with the state superintendent of public instruction, the director shall prescribe the criteria the department shall use in deciding whether or not to notify a local school district that a pupil in the district has tested positive for the human immunodeficiency virus antibody. The director shall prescribe the procedure by which the department shall notify a school district if, pursuant to these criteria, the department determines that notification is warranted in a particular situation. This procedure shall include a requirement that before notification the department shall determine to its satisfaction that the district has an appropriate policy relating to nondiscrimination of the infected pupil and confidentiality of test results and that proper educational counseling has been or will be provided to staff and pupils.

N. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (f) of this section, food and drink are exempt from the rules prescribed in subsection I of this section if offered at locations that sell only commercially prepackaged food or drink that is not potentially hazardous, without a limitation on its display area.

O. Until the department adopts exemptions by rule as required by subsection I, paragraph 4, subdivision (h) of this section, a whole fruit or vegetable grown in a public school garden that is washed and cut on-site for immediate consumption is exempt from the rules prescribed in subsection I of this section.

P. Until the department adopts an exclusion by rule as required by subsection I, paragraph 14 of this section, the standardized survey known as "the hospital consumer assessment of healthcare providers and systems" may not include patients who experience a fetal demise.

Q. For the purposes of this section:

1. "Cottage food product":

(a) Means a food that is not potentially hazardous or a time or temperature control for safety food as defined by the department in rule and that is prepared in a home kitchen by an individual who is registered with the department.

(b) Does not include foods that require refrigeration, perishable baked goods, salsas, sauces, fermented and pickled foods, meat, fish and shellfish products, beverages, acidified food products, nut butters or other reduced-oxygen packaged products.

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

2. "Fetal demise" means a fetal death that occurs or is confirmed in a licensed hospital. Fetal demise does not include an abortion as defined in section 36-2151.

36-558. Establishment and maintenance of programs and services; definition

A. In addition to the Arizona training program facilities at Randolph and Tucson, the director shall establish and maintain a state owned and operated service center in Phoenix and other developmental disabilities programs and services at other locations throughout the state, subject to the availability of funds for such purpose and the approval of the legislature.

B. The director is responsible for the operation of each developmental disabilities program and service, shall coordinate these services and shall permit the transfer of residents between the various programs.

C. The department may provide, but not be limited to, the following programs and services in addition to other services prescribed by the director:

1. Child services, which may include:

- (a) Infant stimulation.
- (b) Developmental day training and related preschool programs.
- (c) Special education at department facilities.

2. Adult services, which may include:

- (a) Job training for specific jobs.
- (b) Training and personal adjustment tools such as the teaching of work skills.
- (c) Job development and placement.
- (d) The provision of sheltered employment opportunities.
- (e) Adult day activity services.

3. Residential services, which shall include:

- (a) Arizona training program facilities.
- (b) State owned and operated service centers.
- (c) Community residential settings under varying degrees of supervision or a semi-independent living arrangement.

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

(d) Respite care.

4. Resource services, which may include:

(a) Diagnoses and evaluations.

(b) Therapy services, including physical therapy, speech therapy, occupational therapy and behavioral therapy.

(c) Health-related services, including dental services.

(d) Social development and adjustment services, including recreation programs.

(e) Transportation.

(f) Information and referral.

(g) In-home services.

5. Public information resources on developmental disabilities.

6. Training and practicum programs in conjunction with other state agencies and universities and colleges for teachers, psychologists, social workers, medical personnel and others interested in the field of developmental disabilities.

7. Research laboratories in the fields of behavioral services and abstract research.

8. Guardianship services.

D. Services of a facility may not supplant existing community services that are provided through other local, city or state resources.

E. The department shall stimulate, cooperate with and promote the development of community programs through existing resources and provide consultation wherever needed.

F. A service provider who is providing guardianship services must comply with the disclosure requirements of section 14-5106 and shall not provide services to a person with developmental disabilities that would cause a conflict of interest or that would jeopardize the service provider's ability to represent the person with developmental disabilities as a guardian.

G. For the purposes of this section, "guardianship services" means services offered to a person with developmental disabilities by a service provider who is under contract with the division to act as a guardian to a person with developmental disabilities if no other appropriate guardian is available.

APPENDIX B- General and Specific Authority

9 A.A.C. 10 Article 16. Behavioral Health Respite Homes

36-558.02. State operated service center

The state operated service center shall provide temporary residential care and space for child and adult services. Residential care includes respite services, crisis intervention and diagnostic evaluation.

36-2939. Long-term care system services

A. The following services shall be provided by the program contractors to members who are determined to need institutional services pursuant to this article:

1. Nursing facility services other than services in an institution for tuberculosis or mental disease.
2. Notwithstanding any other law, behavioral health services if these services are not duplicative of long-term care services provided as of January 30, 1993 under this subsection and are authorized by the program contractor through the long-term care case management system. If the administration is the program contractor, the administration may authorize these services.
3. Hospice services. For the purposes of this paragraph, "hospice" means a program of palliative and supportive care for terminally ill members and their families or caregivers.
4. Case management services as provided in section 36-2938.
5. Health and medical services as provided in section 36-2907.
6. Dental services in an annual amount of not more than one thousand dollars per member.

B. In addition to the services prescribed in subsection A of this section, the department, as a program contractor, shall provide the following services if appropriate to members who have a developmental disability as defined in section 36-551 and are determined to need institutional services pursuant to this article:

1. Intermediate care facility services for a member who has a developmental disability as defined in section 36-551. For purposes of this article, a facility shall meet all federally approved standards and may only include the Arizona training program facilities, a state owned and operated service center, state owned or operated community residential settings and private facilities that contract with the department.
2. Home and community based services that may be provided in a member's home, at an alternative residential setting as prescribed in section 36-591 or at other behavioral health alternative residential facilities licensed by the department of health services and approved by the director of the Arizona health care cost containment system administration and that may include:

(a) Home health, which means the provision of nursing services, home health aide services or medical supplies, equipment and appliances, that are provided on a part-time or intermittent basis by a licensed home health agency within a member's residence based on a physician's orders and in accordance with federal law. Physical therapy, occupational therapy, or speech and audiology services provided by a home

health agency may be provided in accordance with federal law. Home health agencies shall comply with federal bonding requirements in a manner prescribed by the administration.

(b) Home health aide, which means a service that provides intermittent health maintenance, continued treatment or monitoring of a health condition and supportive care for activities of daily living provided within a member's residence.

(c) Homemaker, which means a service that provides assistance in the performance of activities related to household maintenance within a member's residence.

(d) Personal care, which means a service that provides assistance to meet essential physical needs within a member's residence.

(e) Day care for persons with developmental disabilities, which means a service that provides planned care supervision and activities, personal care, activities of daily living skills training and habilitation services in a group setting during a portion of a continuous twenty-four-hour period.

(f) Habilitation, which means the provision of physical therapy, occupational therapy, speech or audiology services or training in independent living, special developmental skills, sensory-motor development, behavior intervention, and orientation and mobility in accordance with federal law.

(g) Respite care, which means a service that provides short-term care and supervision available on a twenty-four-hour basis.

(h) Transportation, which means a service that provides or assists in obtaining transportation for the member.

(i) Other services or licensed or certified settings approved by the director.

C. In addition to services prescribed in subsection A of this section, home and community based services may be provided in a member's home, in an adult foster care home as prescribed in section 36-401, in an assisted living home or assisted living center as defined in section 36-401 or in a level one or level two behavioral health alternative residential facility approved by the director by program contractors to all members who do not have a developmental disability as defined in section 36-551 and are determined to need institutional services pursuant to this article. Members residing in an assisted living center must be provided the choice of single occupancy. The director may also approve other licensed residential facilities as appropriate on a case-by-case basis for traumatic brain injured members. Home and community based services may include the following:

1. Home health, which means the provision of nursing services, home health aide services or medical supplies, equipment and appliances, that are provided on a part-time or intermittent basis by a licensed home health agency within a member's residence based on a physician's orders and in accordance with federal law. Physical therapy, occupational therapy, or speech and audiology services provided by a home health agency may be provided in accordance with federal law. Home health agencies shall comply with federal bonding requirements in a manner prescribed by the administration.

2. Home health aide, which means a service that provides intermittent health maintenance, continued treatment or monitoring of a health condition and supportive care for activities of daily living provided within a member's residence.
 3. Homemaker, which means a service that provides assistance in the performance of activities related to household maintenance within a member's residence.
 4. Personal care, which means a service that provides assistance to meet essential physical needs within a member's residence.
 5. Adult day health, which means a service that provides planned care supervision and activities, personal care, personal living skills training, meals and health monitoring in a group setting during a portion of a continuous twenty-four-hour period. Adult day health may also include preventive, therapeutic and restorative health related services that do not include behavioral health services.
 6. Habilitation, which means the provision of physical therapy, occupational therapy, speech or audiology services or training in independent living, special developmental skills, sensory-motor development, behavior intervention, and orientation and mobility in accordance with federal law.
 7. Respite care, which means a service that provides short-term care and supervision available on a twenty-four-hour basis.
 8. Transportation, which means a service that provides or assists in obtaining transportation for the member.
 9. Home delivered meals, which means a service that provides for a nutritious meal that contains at least one-third of the recommended dietary allowance for an individual and that is delivered to the member's residence.
 10. Other services or licensed or certified settings approved by the director.
- D. The amount of money expended by program contractors on home and community based services pursuant to subsection C of this section shall be limited by the director in accordance with the federal monies made available to this state for home and community based services pursuant to subsection C of this section. The director shall establish methods for the allocation of monies for home and community based services to program contractors and shall monitor expenditures on home and community based services by program contractors.
- E. Notwithstanding subsections A, B, C and F of this section, no service may be provided that does not qualify for federal monies available under title XIX of the social security act or the section 1115 waiver.
- F. In addition to services provided pursuant to subsections A, B and C of this section, the director may implement a demonstration project to provide home and community based services to special populations, including persons with disabilities who are eighteen years of age or younger, are medically fragile, reside at home and would be eligible for supplemental security income for the aged, blind or disabled or the

state supplemental payment program, except for the amount of their parent's income or resources. In implementing this project, the director may provide for parental contributions for the care of their child.

G. Subject to section 36-562, the administration by rule shall prescribe a deductible schedule for programs provided to members who are eligible pursuant to subsection B of this section, except that the administration shall implement a deductible based on family income. In determining deductible amounts and whether a family is required to have deductibles, the department shall use adjusted gross income. Families whose adjusted gross income is at least four hundred percent and less than or equal to five hundred percent of the federal poverty guidelines shall have a deductible of two percent of adjusted gross income. Families whose adjusted gross income is more than five hundred percent of adjusted gross income shall have a deductible of four percent of adjusted gross income. Only families whose children are under eighteen years of age and who are members who are eligible pursuant to subsection B of this section may be required to have a deductible for services. For the purposes of this subsection, "deductible" means an amount a family, whose children are under eighteen years of age and who are members who are eligible pursuant to subsection B of this section, pays for services, other than departmental case management and acute care services, before the department will pay for services other than departmental case management and acute care services.

GOVERNOR'S REGULATORY REVIEW COUNCIL

ATTORNEY MEMORANDUM - FIVE-YEAR REVIEW REPORT

MEETING DATE: June 4, 2019

TO: Members of the Governor's Regulatory Review Council (Council)

FROM: Council Staff

DATE: May 6, 2019

SUBJECT: **ARIZONA DEPARTMENT OF HEALTH SERVICES (DHS)**
Title 9, Chapter 10, Article 18, Adult Behavioral Health Therapeutic Homes

This five year review report (5YRR) from the Arizona Department of Health Services (DHS) relates to all Sections of Title 9, Chapter 10, Article 18, Adult Behavioral Health Therapeutic Homes.

This is the first 5YRR for these rules.

Proposed Action

DHS plans to amend these rules to address written criticisms outlined in more detail below, and to allow providers and personnel to receive CPR training that includes the demonstration of the individual's ability to perform CPR as well as amend other articles in Chapter 10 that reference CPR training to include demonstration ability. DHS plans to send a Notice of Final Rulemaking to the Council by December 2020.

1. Has the agency analyzed whether the rules are authorized by statute?

Yes. DHS cites to both general and specific statutory authority for the rules.

2. Summary of the agency's economic impact comparison and identification of stakeholders:

DHS concludes that the changes made to the rules provide increased benefits to stakeholders without increasing costs. As of December 2018, 48 Adult Behavioral Health Therapeutic Homes were operating in Arizona.

The stakeholders include DHS, Adult Behavioral Health Therapeutic Homes, health care providers, residents and their families, and the general public

3. Has the agency analyzed the costs and benefits of the rulemaking and determined that the rules impose the least burden and costs to those who are regulated?

DHS has determined that the rules impose the least burden and costs to persons regulated by the rules.

4. Has the agency received any written criticisms of the rules over the last five years?

DHS indicates it received one written criticism in the last five years. Specifically, AHCCCS commented requesting that Adult Behavioral Therapeutic Homes be allowed to request authorization to provide personal care services to adults. DHS responded that, because this comment relates to the ability to retain a resident as the resident ages and needs personal care services, DHS plans to amend the rules to add this change during the next rulemaking.

5. Has the agency analyzed the rules' clarity, conciseness, and understandability, consistency with other rules and statutes, and effectiveness?

DHS indicates that the rules are clear, concise, and understandable. DHS indicates the rules are consistent with other rules and statutes. DHS indicates the rules are mostly effective except that R9-10-1803 would be more effective if the rule required for providers and personnel to have CPR training that included a demonstration or hands-on-training of the individual's ability to perform CPR. This would be consistent with other residential health care institution rules in 9 A.A.C. 10.

6. Has the agency analyzed the current enforcement status of the rules?

DHS indicates that the rules are enforced as written.

7. Are the rules more stringent than corresponding federal law and, if so, is there statutory authority to exceed the requirements of federal law?

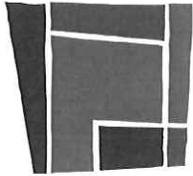

DHS indicates the rules are not more stringent than corresponding federal law.

8. For rules adopted after July 29, 2010, do the rules require a permit or license and, if so, does the agency comply with A.R.S. § 41-1037?

The rules require the issuance of specific agency authorization. However, A.R.S. § 36-405 specifically authorizes the agency authorization at issue here. Therefore, DHS complies with A.R.S. § 41-1037(A) which states an agency may issue an alternative type of permit, license, or authorization “specifically authorized by state statute” or issuance of a general permit “would not meet the applicable statutory requirements.”

9. Conclusion

The rules are clear, concise, understandable, consistent and generally effective. As indicated above, DHS plans to amend these rules to address written criticisms that Adult Behavioral Therapeutic Homes be allowed to request authorization to provide personal care services to adults and to allow providers and personnel to receive CPR training that includes the demonstration of the individual’s ability to perform CPR as well as amend other articles in Chapter 10 that reference CPR training to include demonstration ability. DHS plans to send a Notice of Final Rulemaking to the Council by December 2020. Council staff recommends approval of this report.

RE: Report for A.A.C. Title 9, Chapter 10, Article 18 Adult Behavioral Health Therapeutic Homes

Dear Ms. Sornsin:

According to the five-year-review report schedule of the Governor's Regulatory Review Council (Council), a report for A.A.C. Title 9, Chapter 10, Article 18, is due to the Council no later than March 29, 2019. The Arizona Department of Health Services (Department) has reviewed 9 A.A.C. 10, Article 18, and is enclosing a report to the Council for these rules.

The Department believes that this report complies with the requirements of A.R.S. § 41-1056. The report contains a summary of the Department's review for all the rules and is in the format of the Council's report template. As described in the report, the Department plans to amend the rules and send a Notice of Final Rulemaking to GRRC by December 2020.

The Department certifies that it is in compliance with A.R.S. § 41-1091.

If you need any further information, please contact me at (602) 542-1020.

Sincerely,

A handwritten signature in black ink, appearing to read 'RL', written over a circular scribble.

FIVE-YEAR-REVIEW REPORT

TITLE 9. HEALTH SERVICES

CHAPTER 10. HEALTH CARE INSTITUTIONS: LICENSING

ARTICLE 18. ADULT BEHAVIORAL HEALTH THERAPEUTIC HOMES

March 2019

1. Authorization of the rule by existing statutes

General Statutory Authority: A.R.S. §§ 36-104(3), 36-132(A)(1), 36-132(A)(17), and 36-136(G).

Specific Statutory Authority: A.R.S. §§ 36-558(B) and (C)(2)(e), and 36-2939.

2. The objective of each rule:

Rule	Objective
R9-10-1801	The objective of this rule is to define terms and phrases used in 9 A.A.C. 10, Article 18, allowing for the consistent interpretation of the requirements.
R9-10-1802	The objective of this rule is to give information regarding supplemental application requirements for the adult behavioral health therapeutic home’s collaborating health care institution.
R9-10-1803	The objective of this rule is to establish requirements for an adult behavioral health therapeutic home’s governing authority and qualifications. The rule also establishes requirements for the creation and implementation of policies and procedures for the adult behavioral health therapeutic home.
R9-10-1804	The objective of this rule is to establish resident’s rights while living in an adult behavioral health therapeutic home.
R9-10-1805	The objective of this rule is to establish services a provider must provide to a resident according to the treatment plan obtained from a collaborating health care institution.
R9-10-1806	The objective of this rule is to establish the requirements of provider assistance in the self-administration of medication.
R9-10-1807	The objective of this rule is to establish requirements for the maintenance of a resident’s medical records.
R9-10-1808	The objective of this rule is to establish requirements for food safety and specifies required meals and snacks that meet a resident’s dietary needs.
R9-10-1809	The objective of this rule is to establish emergency and safety standards for adult behavioral health therapeutic homes.
R9-10-1810	The objective of this rule is to establish requirements to provide safe, living environments and adequate living accommodations for all residents living in adult behavioral health therapeutic homes.

3. Are the rules effective in achieving their objectives?

Yes ___ No

If not, please identify the rule(s) that is not effective and provide an explanation for why the rule(s) is not effective.

Rule	Explanation
R9-10-1803	The rule would be more effective if the rule required for providers and personnel to have CPR training that included a demonstration or hands-on-training of the individual's ability to perform CPR. This would be consistent with other residential health care institution rules in 9 A.A.C. 10.

4. **Are the rules consistent with other rules and statutes?** Yes No

If not, please identify the rule(s) that is not consistent. Also, provide an explanation and identify the provisions that are not consistent with the rule.

Rule	Explanation

5. **Are the rules enforced as written?** Yes No

If not, please identify the rule(s) that is not enforced as written and provide an explanation of the issues with enforcement. In addition, include the agency's proposal for resolving the issue.

Rule	Explanation

6. **Are the rules clear, concise, and understandable?** Yes No

If not, please identify the rule(s) that is not clear, concise, or understandable and provide an explanation as to how the agency plans to amend the rule(s) to improve clarity, conciseness, and understandability.

Rule	Explanation

7. **Has the agency received written criticisms of the rules within the last five years?** Yes No

If yes, please fill out the table below:

Commenter	Comment	Agency's Response
AHCCCS	AHCCCS requests that Adult Behavioral Therapeutic Homes be allowed to request authorization to provide personal care services to adults.	Because this comment relates to the ability to retain a resident as the resident ages and needs personal care services, the Department plans to amend the rules to add this change during the next rulemaking.

8. **Economic, small business, and consumer impact comparison:**

Prior to 2013, Adult Therapeutic Foster Homes were located in 9 A.A.C. 20, Article 15. During 2013, an exempt rulemaking occurred to amend 9 A.A.C. 10 and 9 A.A.C. 20 to comply with Laws 2011, Ch. 96 that required the Department to adopt rules for health care institutions to reduce monetary or regulatory costs on person or individuals and facilitate licensing of integrated health programs that provide both behavioral and physical health services. The Department included rules for Adult Therapeutic Foster Homes in 9 A.A.C. 10, Article 16, Behavioral Health Supportive Homes.

In 2014, the title of Article 16 changed to Behavioral Health Respite Homes, and requirements related to Adult Behavioral Health Therapeutic Supportive Services were moved into a new Article 18. Article 18, Adult Behavioral Health Therapeutic Homes consists of ten Sections. The Department currently licenses and regulates Adult Behavioral Health Therapeutic Homes according to the rules. For the Article 18 rulemaking, the Department believes affected parties include the Department, Adult Behavioral Health Therapeutic Homes, health care providers, residents and their families, and the general public.

As of December 2018, the Department reported that 48 Adult Behavioral Health Therapeutic Homes were operating in the State. In calendar year 2018, 10 initial applications and 35 renewal applications were received and approved. The Department completed 32 compliance surveys and 5 complaint investigation surveys. Out of the 32 compliance surveys, there were 12 initial surveys and 20 compliance surveys completed by the Department.

In the 2014 exempt rulemaking, Article 18 consists of 10 Sections. Definitions in the new R9-10-1801 consist of five new definitions (acceptance, back-up provider, provider, release, and resident). The Department believes that by adding the new definitions related to the Article the effectiveness and understandability of the rules were improved. The Department believes the new R9-10-1801 provides a benefit to the Department, Adult Behavioral Health Therapeutic Homes, and residents and their families, by eliminating confusion and increasing consistency. The new R9-10-1802 was added, in accordance with the licensing requirements that are outlined in A.R.S. § 36-422, to provide the Department with the name of the back-up provider and requirements for applicants to provide information for the Adult Behavioral Health Therapeutic Home's collaborating health care institution, which includes specifying their name, address, class or subclass, license number, and name and contact information for an individual assigned by the collaborating health care institution.

The new R9-10-1803, Administration, outlines requirements for the creation and implementation of policies and procedures for the Adult Behavioral Health Therapeutic Homes. The rules contain requirements that specify what a governing authority of an Adult Behavioral Health Therapeutic Home must be comprised of; and give requirements of what a provider and back-up provider must do to ensure that policies and procedures are met. The new R9-10-1804, Resident Rights, provides requirements for how a provider should take care of a resident and how a resident should be treated while living in an Adult Behavioral Health Therapeutic Home. R9-10-1805, Providing Services, require a provider to ensure that behavioral health services and ancillary services are provided to a resident according to the resident's treatment plan obtained from the Adult Behavioral Health Therapeutic Home's collaborating health care institution to monitor the Adult Behavioral Health Therapeutic Home.

R9-10-1806, Assistance in the Self-Administration of Medication, requires a provider to ensure that a resident is receiving assistance and care while taking their medication, and that the medication is safely stored by the provider. R9-10-1807, Medical Records, requires a provider to ensure that a resident's medical records are up to date, contain all relevant information, and are kept protected for the resident. R9-10-1808 and R9-10-1809, Food Services and Emergency and Safety Standards, establishes standards for a provider to make sure that food is obtained, handled, and stored properly for the health of the residents. A provider is also required to ensure that an Adult Behavioral Health Therapeutic Home is properly equipped with first aid kits, smoke detectors, fire extinguishers, and an evacuation plan. The final Section, R9-10-1810, Physical Plant, Environmental, and Equipment Standards, establishes requirements for a provider to provide a safe, living environment and adequate living accommodations for all residents living in an Adult Behavioral Health Therapeutic Home.

Overall, the Department believes that the changes made to the rules do not result in increased costs, but rather provide increased benefits to affected parties. Through the exempt rulemakings, the Department reduced monetary and regulatory costs on persons and simplified licensing of integrated health programs that provide physical and behavioral health services. The Department believes that the benefit for having more effective and understandable rules outweigh any costs that may be incurred.

9. **Has the agency received any business competitiveness analyses of the rules?** Yes ___ No ___

10. **Has the agency completed the course of action indicated in the agency's previous five-year-review report?**
Please state what the previous course of action was and if the agency did not complete the action, please explain why not.

This is the first five-year-review report for the new rules.

11. **A determination that the probable benefits of the rule outweigh within this state the probable costs of the rule, and the rule imposes the least burden and costs to regulated persons by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective:**

The Department has determined that the rules impose the least burden and costs to persons regulated by the rules, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective.

12. **Are the rules more stringent than corresponding federal laws?** Yes ___ No ✓

Please provide a citation for the federal law(s). And if the rule(s) is more stringent, is there statutory authority to exceed the requirements of federal law(s)?

13. **For rules adopted after July 29, 2010 that require the issuance of a regulatory permit, license, or agency authorization, whether the rules are in compliance with the general permit requirements of A.R.S. § 41-1037 or explain why the agency believes an exception applies:**

The rules require the issuance of specific agency authorization, authorized by A.R.S. § 36-405, so a general permit is not applicable.

14. **Proposed course of action**

The Department plans to amend the rules in 9 A.A.C. 10, Article 18 to address the written criticism and to allow providers and personnel to receive CPR training that includes the demonstration of the individual's ability to perform CPR as well as amend other articles in Chapter 10 that reference CPR training to include demonstration ability. The Department plans to send a Notice of Final Rulemaking to GRRC by December 2020.
